AGENDA

◈ PUBLIC NOTICE ◈

The Nevada State Board of Pharmacy will conduct a meeting beginning Wednesday September 7, 2022, at 9:00 am. The meeting will continue, Thursday, September 8, 2022, at 9:00 am if necessary or until the Board concludes its business. Pursuant to NRS 241.023(1)(c) the meeting is being conducted by means of remote technology. The public may attend the meeting via live stream remotely or at the following location:

Hilton Garden Inn
7830 S Las Vegas Boulevard
Las Vegas, NV

Via Videoconference at Zoom: https://zoom.us/j/5886256671
or
Via Teleconference at 1 (669) 900-6833
Meeting ID: 588 625 6671

Please Note:

In regulating the practice of pharmacy, the Nevada State Board of Pharmacy has a duty to carry out and enforce the provisions of Nevada law to protect the health, safety, and welfare of the public.

Please note that items on this agenda may be taken out of order, two or more agenda items may be combined for consideration, and/or items may be removed from the agenda or delayed for discussion at any time.

The Board may convene in closed session pursuant to NRS 241.030 to consider the character, alleged misconduct, professional competence or physical or mental health of any of person named on this agenda.

The Board will take public comment on any matters within their jurisdiction, control or advisory power. Public comments may be limited to three minutes person. Public comment may also be submitted to the Board at pharmacy@pharmacy.nv.gov.

The Board may refuse to consider public comment related to a contested case pursuant to NRS 233B.126 until the Board has rendered a decision in the contested case.

1. Call to Order and Roll Call – Establishment of Quorum

2. Public Comment: No action may be taken upon a matter raised under this item of the agenda until the matter itself has been specifically included on a future agenda as an item. (NRS 241.020)

◈ CONSENT AGENDA ◈

The Consent Agenda contains matters of routine acceptance. The Board Members may approve the consent agenda items as written or, at their discretion, may address individual items for discussion or change.

MINUTES

July 13-14, 2022

BOARD MEETING

The Nevada State Board of Pharmacy will conduct a meeting beginning Wednesday July 13, 2022, at 9:00 am. The meeting will continue, Thursday, July 14, 2022, at 9:00 am if necessary or until the Board concludes its business. Pursuant to NRS 241.023(1)(c) the meeting is being conducted by means of remote technology. The public may attend the meeting via live stream remotely or at the following location:

Hyatt Place
1790 E Plumb Lane
Reno, NV

Via Videoconference at Zoom: https://zoom.us/j/5886256671
or
Via Teleconference at 1 (669) 900-6833
Meeting ID: 588 625 6671

Board Members Present:

Helen Park	Jade Jacobo	Krystal Freitas	Gener Tejero
Wayne Mitchell	Rolf Zakariassen	Richard Tomasso	

Board Staff Present:

Dave Wuest	Yenh Long	Shirley Hunting	Kristopher Mangosing
Peter Keegan	Darlene Nases	Courtney Lee	
Sophia Long	Mui Lee		

President Park read the mission statement of the Nevada State Board of Pharmacy to reiterate the Board's duty to carry out and enforce the provisions of Nevada Law to protect the health, safety, and welfare of the public.

Dave Wuest stated that this Board Meeting is being held over Zoom and is in compliance with the Governor's directive and Open Meeting Laws for Nevada.

1. Call to Order and Roll Call – Establishment of Quorum

President Park performed the roll call. All Board members were present and a quorum was established.

2. Public Comment July 13, 2022, 9:00 AM

Jaime Cordoba-Hernandez commented that he was present for the Board meeting.

◈ CONSENT AGENDA ◈

The Consent Agenda contains matters of routine acceptance. The Board Members may approve the consent agenda items as written or, at their discretion, may address individual items for discussion or change.

3. Approval of the June 1-2, 2022, Meeting Minutes (**FOR POSSIBLE ACTION)**

Board Action:

Motion: Wayne Mitchell moved to approve June 1-2, 2022, Board Meeting minutes.

Second: Krystal Freitas

Action: Passed unanimously.

4. 4.1 Applications for Out-of-State Medical, Devices, Equipment and Gases License (NAC 639.6944) – Non-appearance (**FOR POSSIBLE ACTION)**

4.7 Applications for Nevada Medical, Devices, Equipment and Gases License (NAC 639.6942) – Non-appearance (**FOR POSSIBLE ACTION**)

Krystal Freitas recused herself from Consent Agenda Item 4Y due to her employment.

Rolf Zakariassen commented that the Designated Representative's working hours in Consent Agenda Item 4I looks to be exaggerated.

Board discussion ensued.

Board Action:

Motion: Wayne Mitchell moved to approve Consent Agenda excluding item 4Y, and 4I pending updated Designated Representative application with accurate working hours.

Second: Jade Jacobo

Action: Passed unanimously.

Board Action:

Motion: Jade Jacobo moved to approve Consent Agenda Item 4Y.

Second: Wayne Mitchell

Action: Passed unanimously (Freitas recused).

◈ REGULAR AGENDA ◈

5. Disciplinary hearings pursuant to NRS 639.247. (**FOR POSSIBLE ACTION**)

A. Thai, Quang, RPH (21-165-RPH-N)

Quang Thai appeared and was sworn in by President Park prior to answering questions and offering testimony.

Peter Keegan, General Counsel for the Nevada Board of Pharmacy, prosecuted the case regarding Mr. Thai for failing to disclose disciplinary action against him in California for the loss of approximately 173,000 ml of promethazine with codeine at the pharmacy that he managed in California.

Mr. Keegan provided a Stipulation and Order for the Board's consideration.

The Board questioned Mr. Thai on the events that occurred with this case.

Mr. Thai answered questions to the Board's satisfaction.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve Stipulation and Order for Quang Thai.

Second: Wayne Mitchell

Action: Passed unanimously.

B. Wrye, Scott, MD (21-174-PD-N)

Sarah Molleck appeared as counsel on behalf of Dr. Scott Wrye.

Dr. Scott Wrye was not present for the board meeting.

Peter Keegan prosecuted the case regarding Dr. Wrye dispensing dangerous drugs on an expired dispensing practitioner registration.

Mr. Keegan provided a Stipulation and Order for the Board's consideration.

Board discussion ensued.

Board Action:

Motion: Rolf Zakariassen moved to approve Stipulation and Order for Dr. Scott Wyre.

Second: Wayne Mitchell

Action: Passed unanimously.

D. Stucky, Ashley, DVM (22-013-CS-N)

Alice Mercado appeared as counsel on behalf of Dr. Ashley Stucky.

Dr. Ashley Stucky was not present for the board meeting.

Peter Keegan prosecuted the case regarding Dr. Stucky prescribing controlled substances with an expired controlled substance registration.

Mr. Keegan provided a Stipulation and Order for the Board's consideration.

Wayne Mitchell wanted the respondent to know that these actions are considered a felony and should be aware for future reference.

Board discussion ensued.

Board Action:

Motion: Wayne Mitchell moved to approve Stipulation and Order for Dr. Ashley Stucky.

Second: Jade Jacobo

Action: Passed unanimously.

J. Torch, William, MD (21-227-CS-N)

Sarah Molleck appeared as counsel on behalf of Dr. William Torch.

Dr. William Torch was not present for the board meeting.

Peter Keegan prosecuted the case regarding Dr. Torch prescribing controlled substances with an expired controlled substance registration.

Mr. Keegan provided a Stipulation and Order for the Board's consideration.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve Stipulation and Order for Dr. William Torch.

Second: Wayne Mitchell

Action: Passed unanimously.

E. Martinez, Abigail, PTT (22-079-PT-N)

No representative was present on behalf of Abigail Martinez.

Peter Keegan prosecuted the case regarding Ms. Martinez not following the Board's order.

Rolf Zakariassen recused himself due to his employment.

Mr. Keegan requested that Exhibits 1-4 be entered into the record.

President Park entered Exhibits 1-4 into the record.

Mr. Keegan requested the Board to find that Ms. Martinez was properly noticed.

Board discussion ensued.

Board Action:

Motion: Wayne Mitchell moved to find that Abigail Martinez was properly noticed for the Board Meeting.

Second: Jade Jacobo

Action: Passed unanimously (Zakariassen recused).

Mr. Keegan requested a default for Ms. Martinez and request that the Board find the factual allegations as true.

Board Action:

Motion: Wayne Mitchell moved to find that Abigail Martinez defaulted as she is absent from the hearing and find the factual allegations as true.

Second: Krystal Freitas

Action: Passed unanimously (Zakariassen recused).

Mr. Keegan requested the Board to determine discipline against Ms. Martinez and find that the attorney fees and costs of $304.41 were reasonable, necessary, and actually incurred.

Board Action:

Motion: Wayne Mitchell moved to find violations against Abigail Martinez and approve the following penalties: 1) pay attorney fees and costs of $304.41 which were

reasonable, necessary, and actually incurred; and 2) the revocation of Certificate of Registration No. PT26018.

Second: Jade Jacobo

Action: Passed unanimously (Zakariassen recused).

N. Nathan Dahl, RPH (20-170-RPH-N)

William Stilling appeared as counsel on behalf of Nathan Dahl.

Nathan Dahl was not present for the board meeting.

Gener Tejero disclosed that he has a business relationship with Mr. Stilling but can participate in this matter fairly and without bias.

Peter Keegan prosecuted the case regarding a misfill by Mr. Dahl.

Mr. Keegan presented a Stipulation and Order for the Board's consideration.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve the Stipulation and Order for Nathan Dahl.

Second: Rolf Zakariassen

Action: Passed unanimously.

C. Nelson, Kaylee, PA (20-235-CS-N)

Kaylee Nelson appeared and was sworn in by President Park prior to answering questions and offering testimony.

Peter Keegan prosecuted the case regarding Ms. Nelson prescribing on an expired DEA license.

Mr. Keegan provided a Stipulation and Order for the Board's consideration.

Ms. Nelson apologized for this error and knows that her license renewal is her responsibility and not a licensing company. She requested a lower fine and removal of the public reprimand.

Sophia Long, Deputy Attorney General, clarified that Ms. Nelson agreed to the Stipulation and Order but if she would like changes then a hearing can be done.

Ms. Nelson agrees with the Stipulation and Order, but she thought that she would ask the Board for consideration.

Board discussion ensued.

Gener Tejero commented that page 1229 of the Board Book provides the controlled substance registration number rather than her DEA number.

Dave Wuest, Executive Secretary of the Nevada Board of Pharmacy, clarified the respondent does not have the qualifications to hold a controlled substance registration which the Board has jurisdiction on.

Mr. Keegan asked Ms. Nelson if she would like to enter a payment plan for her fines.

Ms. Nelson requested a payment plan.

Board Action:

Motion: Jade Jacobo moved to approve the Stipulation and Order for Kaylee Nelson.

Second: Krystal Freitas

Action: Passed unanimously.

F. Vitalcare Health Services (21-210-MDEG-N)

Steven Burres, General Counsel and Secretary, appeared and was sworn in by President Park prior to answering questions and offering testimony.

President Park wanted clarification if he is appearing as a counsel or a representative for the company.

Mr. Burres clarified that he is appearing as a representative.

Peter Keegan prosecuted the case regarding the company not having an MDEG Administrator and not notifying the Board within 3 days of the administrator's departure and operating for more than 10 days without an administrator.

Mr. Keegan provided the Stipulation and Order for the Board's consideration.

Mr. Burres explained that the industry has high turnover for employees and requested the Board to consider extending the notification requirement to 30 days.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve the Stipulation and Order for Vitalcare Health Services.

Second: Rolf Zakariassen

Action: Passed unanimously.

G.	3M Medical Solutions	(21-211-MDEG-N)
H.	3M Medical Solutions	(21-228-MDEG-N)

Courtney Luper, Regional Service Director, appeared and was sworn in by President Park prior to answering questions and offering testimony.

Peter Keegan prosecuted the cases regarding the company not having an MDEG Administrator and not notifying the Board within 3 days of the administrator's departure and operating for more than 10 days without an administrator.

Mr. Keegan presented a Stipulation and Order for the Board's consideration for 3M Medical Solutions License No. MP00120.

Board discussion ensued.

Board Action:

Motion: Rolf Zakariassen moved to approve the Stipulation and Order for 3M Medical Solutions License No. MP00120.

Second: Jade Jacobo

Action: Passed unanimously.

Mr. Keegan presented the Stipulation and Order for 3M Medical Solutions in License No. MW00770.

Board discussion ensued.

Board Action:

Motion: Rolf Zakariassen moved to approve the Stipulation and Order for 3M Medical Solutions License No. MW00770.

Second: Jade Jacobo

Action: Passed unanimously.

10. Application for Out-of-State Compounding Pharmacy License (NRS 639.230) – Appearance – **(FOR POSSIBLE ACTION)**

    D. IgG of America, Inc. – Linthicum Heights, MD

Rolf Zakariassen recused himself due to his employment.

Gina Cohenour, Managing Pharmacist, and Mark Johnston, Pharmacy Regulatory Affairs for CVS, appeared and were sworn in by President Park prior to answering questions and offering testimony.

Dave Wuest questioned Ms. Cohenour about the ownership changes and the company's products and services provided.

Ms. Cohenour answered questions to the Board's satisfaction.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve change of ownership application for IgG of America, Inc.

Second: Krystal Freitas

Action: Passed unanimously.

17. Executive Secretary Report:

    A. Financial Report
    B. Issuance of Temporary Licenses and Registrations
    C. Change of Address Business List
    D. Meetings with Other Health Care Regulatory Boards
    E. COVID-19 Response
    F. Licensing Software Update
    G. Licensing Activities Report
    H. PMP Integration
    I. Citations & Fines issued pursuant to NRS 632.2895

Dave Wuest provided the Executive Secretary report to the Board's satisfaction.

7. Motion to Vacate Order of Default – Appearance (**FOR POSSIBLE ACTION)**

Rajkamal Hansra, MD (21-217-CS-S)

Brent Resh appeared as counsel on behalf of Rajkamal Hansra.

Rajkamal Hansra was not present for the board meeting.

Peter Keegan prosecuted the case regarding a motion to vacate the default.

Mr. Keegan presented a Stipulation and Order for the Board's consideration.

Krystal Freitas was excused from the meeting at 1:40 PM.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve the Stipulation and Order granting motion to vacate default order for Rajkamal Hansra.

Second: Rolf Zakariassen

Action: Passed unanimously (Freitas excused).

5. Disciplinary hearings pursuant to NRS 639.247. (**FOR POSSIBLE ACTION**)

I. Pulmonary Solutions LLC (21-212-MDEG-N)

Jason Cavanaugh, Sales Representative and MDEG Administrator, appeared and was sworn in by President Park prior to answering questions and offering testimony.

Peter Keegan prosecuted the case regarding the company not having an MDEG Administrator and not notifying the Board within 3 days of the administrator's departure and operating for more than 10 days without the administrator.

Mr. Keegan provided a Stipulation and Order for the Board' consideration.

Mr. Cavanaugh suggested to the Board that a notification for a change of MDEG administrator should be more than 3 days.

Board discussion ensued.

Krystal Freitas returned to the meeting at 1:48 PM.

Board Action:

Motion: Jade Jacobo moved to approve Stipulation and Order for Pulmonary Solutions LLC.

Second: Gener Tejero

Action: Passed unanimously.

K. HRX Pharmacy LLC (22-018-PH-O)

Cody Walker, Pharmacist and Owner, appeared and was sworn in by President Park prior to answering questions and offering testimony.

Peter Keegan prosecuted the case where Mr. Walker failed to disclose his disciplinary action in Utah concerning compounding standards at HRX Pharmacy on his Nevada pharmacy license renewal.

Mr. Keegan provided a Stipulation and Order for the Board's consideration.

Mr. Walker clarified that he misread the question and did not answer it properly.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve Stipulation and Order for HRX Pharmacy LLC.

Second: Wayne Mitchell

Action: Passed unanimously.

M. Norco, Inc. (21-176-MP-N)

Toby Tuohy appeared and was sworn in by President Park prior to answering questions and offering testimony.

Peter Keegan prosecuted the case regarding Norco engaging in unlicensed activity.

Mr. Keegan provided a Stipulation and Order for the Board's consideration.

Board discussion ensued.

Board Action:

Motion: Wayne Mitchell moved to approve Stipulation and Order for Norco Inc.

Second: Jade Jacobo

Action: Passed unanimously.

O. Ronald Smith, MD (20-212-CS-S)

Mark Hutchings appeared as counsel on behalf of Ronald Smith.

Ronald Smith was not present for the board meeting.

Peter Keegan prosecuted the case regarding Dr. Smith's surrender for cause on his DEA registration.

Mr. Keegan provided a Stipulation and Order for the Board's consideration.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve Stipulation and Order for Dr. Ronald Smith.

Second: Rolf Zakariassen

Action: Passed unanimously.

P. Sherman Washington, MD (21-104-CS-N)

This matter was continued to a future Board Meeting.

Q. Morton Hyson, MD (22-146-CS-S)

This matter was continued to a future Board Meeting.

6. Appeal hearing pursuant to NRS 639.2895(2) -Appearance:(**FOR POSSIBLE ACTION**)

A. Randy Lee, RPH (21-154-N)

This matter was dismissed.

B. Laurie Weirton (22-059-N)

This matter was vacated.

16. General Counsel Report. Note: The Board may exclude the public for a report on potential or existing litigation pursuant to NRS 241.015(3)(b)(2).

There was no General Counsel Report.

President Park recessed the meeting for the night and reconvened the meeting the next morning.

Board Members Present:

Helen Park	Jade Jacobo	Krystal Freitas	Gener Tejero
Wayne Mitchell	Rolf Zakariassen	Richard Tomasso	

Board Staff Present:

Dave Wuest	Yenh Long	Shirley Hunting	Kristopher Mangosing
Brett Kandt	Peter Keegan	Darlene Nases	Courtney Lee
Sophia Long	Mui Lee		

President Park read the mission statement of the Nevada State Board of Pharmacy to reiterate the Board's duty to carry out and enforce the provisions of Nevada Law to protect the health, safety, and welfare of the public.

Dave Wuest stated that this Board Meeting is being held over Zoom and is in compliance with the Governor's directive and Open Meeting Laws for Nevada.

Call to Order and Roll Call – Establishment of Quorum

President Park performed the roll call. All Board members were present and a quorum was established.

Public Comment July 14, 2022, 9:00 AM

Amy Hale from the Nevada Pharmacy Alliance commented on NAC 639 regarding "Off Site Pharmacy Practice". This regulation hinders pharmacist from practicing and continues to restrict patient access to care. Ms. Hale read into the record her letter submitted to the Nevada Board of Pharmacy to address the several reasons why they oppose the continued enforcement of this regulation.

Kaylynn Bowman, Nevada Pharmacist, commented that appearing before the Board several times for NAC 639 regarding "Off Site Pharmacy Practice" is not ideal. It impacts her job as a pharmacist and changing this regulation will allow her to be a health educator, trainer, community health worker, and practicing pharmacist.

Ken Kunke, Nevada Pharmacist, agrees with Ms. Hale's and Ms. Bowman's comments. He would like the change to NAC 639 regarding "Off Site Pharmacy Practice" to give pharmacist more opportunities to practice.

◈ WORKSHOP ◈

18. Notice of Proposed Regulation Workshop Pursuant to NRS 233B.061(2) **(FOR POSSIBLE ACTION):**

B. **Amendment to Nevada Administrative Code (453).** The proposed amendment to NAC 453.540 will add daridorexant to the controlled substances listed in Schedule IV.

Yeng Long, Deputy Secretary of the Nevada Board of Pharmacy, provided background on the proposed workshop item.

President Park opened public comment for this workshop item.

There was no public comment.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve proposed regulation for Amendment to Nevada Administrative Code (453) and move to public hearing.

Second: Krystal Freitas

Action: Passed unanimously.

A. **Amendment to Nevada Administrative Code (NAC) 639**. The proposed amendments change dispensing requirements for practitioners working in a reproductive healthcare center, when the practitioner is dispensing a drug for contraception or its therapeutic equivalent, or an antibiotic drug for the treatment of a sexually transmitted disease. The changes authorize practitioners working in reproductive healthcare center to maintain a single inventory of dangerous drugs and utilize an automated dispensing device located at the practice site to dispense reproductive health medications to their patients. Furthermore, the changes will allow dispensing technicians in training at all practice sites to be supervised by more than one dispensing practitioner under one registration.

Dave Wuest provided background on the proposed workshop item.

Yenh Long read the proposed language changes into the record regarding dispensing technicians.

Board discussion ensued.

Wayne Mitchell questioned if section 3, Item 4 should state “or” rather than “and”.

Ms. Long confirmed that it should state “or”.

Mr. Wuest provided background on section regarding a shared inventory for a group of practitioners practicing at a reproductive healthcare center.

Ms. Long provided background and read the proposed language into the record regarding the use of automated drug dispensing system by dispensing practitioners practicing at a reproductive healthcare center to dispense treatment for reproductive healthcare.

Brett Kandt, General Counsel for the Nevada Board of Pharmacy, clarified that he will separate the definitions on page 13 regarding “a group of practitioners practicing at a reproductive healthcare center” and “practitioners who practice oncology or at a reproductive healthcare center”. In addition, the existing regulations regarding “oncology group practice”, “shared inventory”, and “automated dispensing systems” are already law and have not been codified, but the Board will amend those existing regulations if this workshop item gets approved.

President Park opened public comment for this workshop item.

Lindsey Harmon from Planned Parenthood Rocky Mountains and Mar Monte are in support of this agenda item.

Kristina Tocce from Planned Parenthood Rocky Mountains is in support of this agenda item.

Liz McMenamin from the Retail Association of Nevada will discuss the proposed regulations with her members and will address the Board when the matter is brought forth in a subsequent meeting.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve proposed regulation for Amendment to Nevada Administrative Code (NAC) 639 on pages 1-9 and allow Board staff to make non-substantive changes before sending to Legislative Counsel Bureau (LCB) and move to public hearing.

Second: Gener Tejero

Action: Passed unanimously.

Board Action:

Motion: Rolf Zakariassen moved to approve proposed regulation for Amendment to Nevada Administrative Code (NAC) 639 and move to public hearing regarding pages 11-22 and allowing Board staff to make non-substantive changes before sending to Legislative Counsel Bureau (LCB) and approving the state and local health authority locations to operate the automated dispensing machines.

Second: Jade Jacobo

Action: Passed unanimously.

◈ PUBLIC HEARING ◈

19. Notice of Proposed Regulation Public Hearing Pursuant to NRS 233B.061(2) **(FOR POSSIBLE ACTION):**

A. **Amendment to Nevada Administrative Code (NAC) 639.** The proposed amendments will require the holder of any certificate, license or permit issued by the State Board of Pharmacy to report certain convictions and administrative actions to the Board. (LCB File R051-22)

Brett Kandt provided background on proposed public hearing item.

President Park opened public comment for this workshop item.

Liz McMenamin from the Retail Association of Nevada supports the proposed public hearing item.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo move to adopt the proposed Amendment to Nevada Administrative Code (NAC) 639. (LCB File R051-22)

Second: Krystal Freitas

Action: Passed unanimously.

B. **Amendment of Nevada Administrative Code (NAC 639).** Establishes languages in which certain pharmacies are required to provide the directions for use of a prescription drug to certain patients. (LCB File R119-21)

Dave Wuest provided background on proposed public hearing item and commented that Legislative Counsel Bureau (LCB) requested the removal of section 2.

President Park opened public comment for this public hearing item.

Liz McMenamin from the Retail Association of Nevada appeared and was sworn in by President Park prior to answering questions and offering testimony.

Ms. McMenamin commented that this regulation could cause potential issues. She is requesting the Board to not penalize pharmacist or pharmacies on this regulation if adopted.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo move to adopt the proposed Amendment to Nevada Administrative Code (NAC) 639. (LCB File R119-21)

Second: President Park

Action: Passed unanimously.

◈ REGULAR AGENDA ◈

5. Disciplinary hearings pursuant to NRS 639.247. (**FOR POSSIBLE ACTION**)

L. William Clark, DO (21-048-CS-N)

Lyn Beggs appeared as counsel on behalf of William Clark.

William Clark appeared and was sworn in by President Park prior to answering questions and offering testimony.

Brett Kandt prosecuted the case regarding Mr. Clark surrendering his DEA for cause.

Mr. Kandt presented a Stipulation and Order for the Board's consideration.

The Board questioned Mr. Clark on the events that occurred with this case.

Ms. Beggs advised Osteopathic Board might have legal proceedings, so they do not wish to make any comments.

Board discussion ensued.

Board Action:

Motion: Rolf Zakariassen moved to approve Stipulation and Order for William Clark.

Second: Wayne Mitchell

Action: Passed unanimously.

8. Application for Nevada Compounding Pharmacy License (NRS 639.230) – Appearance **(FOR POSSIBLE ACTION)**

A. Henderson Specialty Pharmacy LLC – Henderson, NV

Stan Portman, Owner, and Brett Bettinger, Managing Pharmacist, appeared and were sworn in by President Park prior to answering questions and offering testimony.

Courtney Lee, General Counsel for the Nevada Board of Pharmacy, provided background on application and the disclosure for Mr. Portman regarding a motor vehicle accident resulting in injury.

Krystal Freitas disclosed that she knows Brett Bettinger but can participate in this matter fairly and without bias.

Jade Jacobo disclosed that she knows Brett Bettinger but can participate in this matter fairly and without bias.

Mr. Portman provided his business model to the Board.

The Board questioned Mr. Portman on his experience owning a pharmacy and his plans on moving to Nevada, and the details of where the pharmacy is located.

Mr. Portman answered questions to the Board's satisfaction.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve Nevada compounding pharmacy application for Henderson Specialty Pharmacy LLC.

Second: Gener Tejero

Action: Passed unanimously.

B. The Medicine Shoppe LTC Pharmacy – Las Vegas, NV

Wayne Mitchell recused himself since the Managing Pharmacist used to work at his place of employment.

Alex Cooper (Counsel), Don Le (Managing Pharmacist), and Samer Sadek (Operations Director) appeared and were sworn in by President Park prior to answering questions and offering testimony.

The Board questioned on the business model, Mr. Le's sterile compounding experience, and their current policies and procedures regarding sterile compounding.

Mr. Le and Mr. Sadek answered Board's questions.

President Park expressed concern with application based on the testimony provided.

Board discussion ensued.

President Park provided the applicant the option to table the application to update their information.

The Medicine Shoppe LTC Pharmacy agreed.

President Park tabled application at their request.

16. General Counsel Report. Note: The Board may exclude the public for a report on potential or existing litigation pursuant to NRS 241.015(3)(b)(2).

Board Action:

Motion: President Park requested closed session.

Second: Gener Tejero

Action: Passed unanimously.

Krystal Freitas and Sophia Long were excused from the meeting at 11:30 AM.

Krystal Freitas returned to the meeting at 11:46 PM.

Board Action:

Motion: President Park requested to go back into open session.

Second: Rolf Zakariassen

Action: Passed unanimously.

9. Applications for Out-of-State Pharmacy License (NRS 639.2328) – Appearance (**FOR POSSIBLE ACTION**)

UpScript Pharmacy, LLC – Sandy, UT

Peter Ax, Chief Executive Officer, and Lisa Dimick, Managing Pharmacist, appeared and were sworn in by President Park prior to answering questions and offering testimony.

Courtney Lee provided background on application and a disclosure for Mr. Ax regarding several disclosures for an online pharmacy that he acquired called Phoenix Capital Management Venture (PCMVI).

Mr. Ax confirmed that all conditions were met with his penalties.

The Board questioned Mr. Ax on the change of ownership and his business model.

Mr. Ax answered the Board's questions.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve out-of-state pharmacy change of ownership application for UpScript Pharmacy, LLC pending positive inspection at the company's expense.

Second: Rolf Zakariassen

Action: Passed unanimously.

10. Application for Out-of-State Compounding Pharmacy License (NRS 639.230) – Appearance – **(FOR POSSIBLE ACTION)**

F. Mid Valley Health Services – Ceres, CA

Nhu-Cam Tran, Managing Pharmacist, and Justin Dent, Director of Operations of AvevoRx, appeared and were sworn in by President Park prior to answering questions and offering testimony.

The Board questioned about the business model, products being compounded, and their policies and procedures.

Ms. Tran answered questions to the Board's satisfaction.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve out-of-state compounding pharmacy application for Mid Valley Health Services.

Second: Gener Tejero

Action: Passed unanimously.

A. ACA Pharmacy, LLC – Nashville, TN

Brantley Wescott, Managing Pharmacist, Jocelyn Shrum, Designated Representative, appeared and were sworn in by President Park prior to answering questions and offering testimony.

The Board questioned about the business model, products being compounded, their policies and procedures, and last inspection results with Tennessee.

Richard Tomasso was excused from the meeting at 12:26 PM.

Mr. Wescott answered questions to the Board's satisfaction.

Board Action:

Motion: Wayne Mitchell moved to approve out-of-state compounding pharmacy application for ACA Pharmacy, LLC pending receipt and review by Board staff of updated inspection reports.

Second: Jade Jacobo

Action: Passed unanimously (Tomasso excused).

G. Optum Infusion Services 550, LLC – Carlsbad, CA
H. Optum Infusion Services 550, LLC – Cincinnati, OH

Brendon Kestler, Managing Pharmacist for Cincinnati location, and Vicky Lo, Designated Representative, appeared and were sworn in by President Park prior to answering questions and offering testimony.

The Board questioned on the business model, Rose Feaver's disclosure regarding a pharmacy technician practicing with an expired registration, and the company's disclosures.

Mr. Kestler answered questions to the Board's satisfaction.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve out-of-state compounding pharmacy for Optum Infusion Services 550, LLC in Carlsbad, CA and Cincinnati, OH pending updated application.

Second: Rolf Zakariassen

Action: Passed unanimously.

Jade Jacobo was excused from the meeting at 1:30 PM.

14. Request to Engage in the Practice of Pharmacy at a Site Other than a Licensed Pharmacy – Appearance **(FOR POSSIBLE ACTION)**

    A. Patricia Dieso
    B. Rachael Moliver
    C. Finnella Morgan

Patricia Dieso, Rachael Moliver, and Finnella Morgan appeared and were sworn in by President Park prior to answering questions and offering testimony.

Dave Wuest provided background on appearance for them to request to engage in the practice of pharmacy at a site other than a licensed pharmacy.

Juliana Zschoche explained the process and business model to the Board.

Board discussion ensued.

Board Action:

Motion: Gener Tejero moved to approve the request for Patricia Dieso, Rachael Moliver, and Finnella Morgan to engage in the practice of pharmacy at a site other than a licensed pharmacy.

Second: Krystal Freitas

Action: Passed unanimously (Jacobo excused).

Jade Jacobo returned to the meeting at 1:35 PM.

10. Application for Out-of-State Compounding Pharmacy License (NRS 639.230) – Appearance – **(FOR POSSIBLE ACTION)**

    I. Wickliffe Veterinary Pharmacy – Lexington, KY

Nick Kirkpatrick, Managing Pharmacist, appeared and was sworn in by President Park prior to answering questions and offering testimony.

Dave Wuest questioned about the business model, products being shipped into Nevada, background on the change of ownership, and their disciplinary history.

Mr. Kirkpatrick answered questions to the Board's satisfaction.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve change of ownership application for Wickliffe Veterinary Pharmacy.

Second: Rolf Zakariassen

Action: Passed unanimously.

12. Application for Ambulatory Surgery Center License (NAC 639.4992) - Appearance **(FOR POSSIBLE ACTION)**

    Fort Apache Surgery Center, LLC – Las Vegas, NV

Mary Grear (Contracting Pharmacist), Andrew Hall (Medical Director), and Peter Bakas (Administrator) appeared and were sworn in by President Park prior to answering questions and offering testimony.

Peter Keegan provided background on application and disclosures for Ms. Grear regarding a grant funds investigation which she was cleared of and Dr. Hall's lawsuit regarding an eviction with a previous landlord.

The Board questioned Ms. Grear, Mr. Hall, and Mr. Bakas regarding the business model and services provided.

Ms. Grear, Mr. Hall, and Mr. Bakas answered questions to the Board's satisfaction.

Board discussion ensued.

Board Action:

Motion: Krystal Freitas moved to approve ambulatory surgery center application for Fort Apache Surgery Center, LLC.

Second: Rolf Zakariassen

Action: Passed unanimously.

13. Applications for Controlled Substance Registration (NRS 453.226) – Appearance **(FOR POSSIBLE ACTION)**

A. Michael Kaplan

Michael Kaplan appeared and was sworn in by President Park prior to answering questions and offering testimony.

Peter Keegan provided background on application and disclosures regarding conspiracy to commit adulteration of a medical device and a surgical complication error.

The Board questioned about the events that occurred with his disclosures and conditions on his license reinstatement with the Nevada Board of Medical Examiners

Dr. Kaplan answered questions to the Board's satisfaction.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve controlled substance application for Michael Kaplan.

Second: Krystal Freitas

Action: Passed unanimously.

B. Sherman Washington - Iuventus Medical Center – Las Vegas, NV
C. Sherman Washington - Iuventus Medical Center – Las Vegas, NV

These matters were continued to a future Board meeting.

10. Application for Out-of-State Compounding Pharmacy License (NRS 639.230) – Appearance – **(FOR POSSIBLE ACTION)**

B. Curexa – Egg Harbor Township, NJ

Mark Taylor, Chief Executive Officer and Managing Pharmacist, and Kevin Judeich, Licensing and Accreditation Specialist, appeared and were sworn in by President Park prior to answering questions and offering testimony.

Courtney Lee provided background on the application and disclosures, which have all been paid and resolved.

The Board questioned on the change of ownership and any change in processes.

Mr. Taylor answered questions to the Board's satisfaction and stated that all fines and conditions have been paid and completed.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve out-of-state compounding pharmacy application for Curexa.

Second: Krystal Freitas

Action: Passed unanimously.

C. InfuCare Rx, LLC – Aston, PA

Jessica McLendon, Supervisor of Pharmacy Audits and Licensing, and Andrew Wee, Managing Pharmacist, appeared and were sworn in by President Park prior to answering questions and offering testimony.

The Board requested a Letter of Authorization for Ms. McLendon and Mr. Wee to speak on behalf of the company.

The Board questioned on the change of ownership for the company.

Ms. McLendon and Mr. Wee answered questions to the Board's satisfaction.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve out-of-state compounding pharmacy application for InfuCare Rx, LLC pending letter of authorization.

Second: Rolf Zakariassen

Action: Passed unanimously.

E. Integrity Compounding Pharmacy – Sandy Springs, Ga

Nichole Feagin, Managing Pharmacist, and Charles Gaetano, Owner, appeared and were sworn in by President Park prior to answering questions and offering testimony.

Dave Wuest questioned on the business model, products being shipped into Nevada, and where they intend to ship the product to.

Mr. Gaetano and Ms. Feagin answered questions to the Board's satisfaction.

Wayne Mitchell was excused from the meeting at 2:36 PM and returned to the meeting at 2:37 PM.

Board discussion ensued.

The Board removed the affidavit to not ship sterile products into Nevada at their request.

Board Action:

Motion: Rolf Zakariassen moved to approve out-of-state compounding pharmacy application for Integrity Compounding Pharmacy.

Second: Gener Tejero

Action: Passed unanimously.

The Board urged Mr. Gaetano to follow Nevada Law and if they have any questions to contact Board staff.

16. General Counsel Report. Note: The Board may exclude the public for a report on potential or existing litigation pursuant to NRS 241.015(3)(b)(2).

There was no General Counsel Report.

11. Applications for Out-of-State Wholesaler License (NRS 639.233) – Appearance (**FOR POSSIBLE ACTION**)

A. Protega Pharmaceuticals, LLC – Princeton, NJ – Background Check completed in compliance with NRS 639.500.

Hafid Touam, Chief Business Officer, appeared and was sworn in by President Park prior to answering questions and offering testimony.

Courtney Lee provided background on application and disclosures regarding a lawsuit involving contract interpretation.

The Board questioned on the business model, products being shipped into Nevada, and how their products hinder drug abuse.

Mr. Touam answered questions to the Board's satisfaction.

Board Action:

Motion: Jade Jacobo moved to approve out-of-state wholesaler application for Protega Pharmaceuticals, LCC.

Second: Gener Tejero

Action: Passed unanimously.

Richard Tomasso was excused from the meeting at 2:45 PM.

15. Election of President and Treasurer pursuant to NRS 639.040.

The Boardmembers voted to elect the following officers – Helen Park for President and Wayne Mitchell for Treasurer.

Gener Tejero – Yes
Jade Jacobo – Yes
Krystal Freitas – Yes
Wayne Mitchell – Yes
Rolf Zakariassen – Yes

21. Public Comment July 14, 2022, 3:00 PM

There was no public comment.

[a]Is the business also a wholesaler? (NRS 639.016) ☒ Yes ☐ No

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient**. The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

Dave Wuest, Executive Secretary
Nevada State Board of Pharmacy
985 Damonte Ranch Pkwy, Ste. 206
Reno, NV 89521

RE: Explanation of Disciplinary History
[RGH Enterprises, LLC]

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State Wholesale Distributor License. The below disciplinary history has been previously provided to the Nevada State Board of Pharmacy.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

On September 24, 2020, Cardinal Health finalized a settlement agreement with the Colorado Board of Pharmacy and paid a fine of $1,150. This settlement was regarding the failure of our Denver, Colorado distribution center to timely notify the Board of a change in that distribution center's designated representative.

Cardinal Health's pharmaceutical distribution center in Valencia, California entered into a settlement agreement with the California Board of Pharmacy in April 2019. As a condition of that settlement, the California Wholesale license for our Valencia distribution center was on probation from April 3, 2019, through April 2, 2021. This agreement resulted from the Valencia distribution center making sales to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery vehicle

door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012, administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

If you have any questions, Cory Kopitzke, Assistant General Counsel, Regulatory at Cory.Kopitzke01@cardinalhealth.com.

Sincerely,

Keegan Chamberlain
Director, Global Logistics Quality Management

RGH ENTERPRISES, INC.
1810 Summit Commerce Park
Twinsburg, Ohio 44087
(330)963-6998

Description of Operations

Type of business: RGH Enterprises, LLC sells, at retail, medical devices and disposable diabetic, ostomy, urological, incontinence and wound care supplies via mail order throughout the United States; and (2) wholesales non-prescription drugs, medical devices and disposable medical supplies to pharmacies, hospitals, clinics, distributors, wholesalers, DME suppliers, physicians and other licensed health care professionals. RGH Enterprises, Inc. does not sell prescription drugs at retail.

UNITED STATES OF AMERICA
STATE OF OHIO
OFFICE OF THE SECRETARY OF STATE

I, Frank LaRose, do hereby certify that I am the duly elected, qualified and present acting Secretary of State for the State of Ohio, and as such have custody of the records of Ohio and Foreign business entities; that said records show RGH ENTERPRISES, LLC, an Ohio Limited Liability Company, Registration Number 770802, was organized in the State of Ohio on April 9, 1990, is currently in FULL FORCE AND EFFECT upon the records of this office.

Witness my hand and the seal of the Secretary of State at Columbus, Ohio this 20th day of May, A.D. 2022.

Ohio Secretary of State

Validation Number: 202214001106

Explanation Regarding Enteral supplies

In addition to any communication and advisement required pursuant to NAC 639.693 to 639.6958, inclusive, a medical products provider who provides medical gas and related equipment, or respiratory equipment, must advise the consumer receiving the medical gas and related equipment, or respiratory equipment, regarding:

(a) Cleaning of the equipment; Business does not clean or service equipment

(b) Potential hazards and warning signs of malfunctioning or inadequately functioning equipment; Information would be provided by the manufacturer of the equipment and if instructed by the manufacturer, business (as a distributor), would notify customers if directed to do so with a communication provided by the manufacturer.

(c) Maintenance procedures for the equipment N/A business does not service equipment

(d) The telephone number, contact name, and contact address for emergency servicing or repair of the equipment, and for routine servicing or repair of the equipment; and N/A would need to contact the manufacturer.

(e) The written materials about the equipment that are available from the medical products provider or the manufacturer of the equipment. Instructions/directions for use are provided in packaging supplied by manufacturer.

6. For the purposes of this section, "material safety data sheet" has the meaning ascribed to it in 29 C.F.R. § 1910.1200.

(Added to NAC by Bd. of Pharmacy by R008-01, eff. 11-1-2001; A by R033-07, 8-26-2008)

CardinalHealth™

June 30, 2022

To whom it may concern:

This is a declaration and confirmation by Cardinal Health, Inc. and its subsidiaries exclusively that:

Cardinal Health is self-insured for products, completed operations liability and pharmacist professional liability. You will not be named as additional insured for any of the self-insured retention limits of the product liability, completed operations liability and pharmacist professional liability coverages. Cardinal Health's self-insurance is backed by its financial strength documented in financial statements found at www.cardinalhealth.com. The existence of self-insurance within Cardinal Health's insurance program does not change any contractual obligation we may have, and shall not be deemed to exceed the scope of coverage and/or limits required, under our written contract or agreement with you.

As respects the Automobile Liability, Automobile Physical Damage, Comprehensive and Collision coverage is self-insured for all owned vehicles.

Please direct any questions or concerns to GMB-DUB-RiskManagement@cardinalhealth.com.

ADDITIONAL REMARKS

THIS ADDITIONAL REMARKS FORM IS A SCHEDULE TO ACORD FORM,
FORM NUMBER: ACORD 25 **FORM TITLE:** Certificate of Liability Insurance

Evidence of Coverage

As respects the Commercial General Liability Policy:
Additional Insured Managers or Lessors of Premises : as required by written contract
Additional Insured Owners, Lessees or Contractors - Scheduled Persons or Organization : as required by written contract
Coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured and shall not increase the applicable Limits of Insurance

As respects the Automobile Liability Policy:
Coverage symbol 1 (Any Auto) applies to Automobile Liability which includes coverage for Hired / Non-Owned Autos
Lessor - Additional Insured: all leased autos.
The policy will pay as interest may appear, you (Cardinal Health) and the lessor named in this endorsement for "loss" to a "leased auto".
Additional Insured Where Required under Written Contract or Agreement Endorsement

As respects General Liability, Automobile Liability, and Workers Compensation Policies:
Waiver of Subrogation is permitted as required by written contract or agreement executed prior to loss and in accordance with the terms, conditions and exclusions of the applicable policies.

NEVADA STATE BOARD OF PHARMACY

985 Damonte Ranch Parkway, Suite 206 – Reno, NV 89521 – 775-850-1440

Medical Products Provider and Wholesaler – Medical Devices, Equipment and Gases (MDEG) Administrator Application

Rev (06/21/2022)

NAC 639.694

1. **Each medical products provider or medical products wholesaler shall employ an administrator at all times. The administrator must:**
   a. Be a natural person;
   b. Have a high school diploma or its equivalent;
   c. Have:
      i. At least 1,500 hours of verifiable work experience relating to the products provided by the medical products provider or medical products wholesaler; or
      ii. An associate's degree or higher degree from an accredited college or university in a field of study that is directly related to patient health care;
   d. Be employed by the medical products provider or medical products wholesaler at the place of business or facility of the employer at least 40 hours per week or during all regular business hours if the business or facility is regularly open less than 40 hours per week; and
   e. Be approved by the Board.
2. The administrator shall ensure that the operation of the business or facility complies with all applicable federal, state and local laws, regulations and rules.
3. A medical products provider or medical products wholesaler shall notify the staff of the Board of the cessation of employment of an administrator within 3 business days after the cessation of the employment. A medical products provider or medical products wholesaler shall notify the staff of the Board of the employment of a new administrator within 3 business days after the beginning of the employment.
4. A medical products provider or medical products wholesaler may not operate for more than 10 business days without an administrator. The Board may summarily suspend the operation of a business or facility that operates without an administrator.

NAC 639.6946

1. Except as otherwise provided in NAC 639.6945, a medical products provider shall:
   a. Provide services for all medical products sold, leased or otherwise provided by the medical products provider, including, without limitation, set up, repair and maintenance.
   b. Employ an administrator and other employees sufficient to provide the services described in paragraph (a).

NAC 639.6957

1. A medical products wholesaler shall:
   a. Employ a facility administrator and other employees sufficient to operate, set up, repair, maintain and service all medical products sold, leased or otherwise provided by the medical products wholesaler.

Please mail this completed application and all other required documents with your MDEG and/or Wholesaler Application to the address indicated above.

If you have any questions, please contact the Nevada State Board of Pharmacy at 775-850-1440 or by email at pharmacy@pharmacy.nv.gov.

Medical Products Provider- Medical Devices, Equipment and Gases (MDEG) Application

Non-Refundable $500 fee

Rev (05/12/2022)

Where is the facility located?	☐ Nevada	■ Out-of-State
[a]**Is the business also a wholesaler? (NRS 639.016)**	■ Yes	☐ No

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient**. The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

1. The Board will not issue a license to conduct business as a medical products provider or medical products wholesaler to:

   a) A practicing health professional; or

   b) A partnership, corporation or association in which a practicing health professional has a controlling interest or in which ownership of 10 percent or more of the available stock is held by one or more practicing health professionals.

2. As used in this section, "practicing health professional" means a health professional who performs services within the scope of his or her licensure or registration in any capacity in a health care facility other than the facility of the medical products provider or medical products wholesaler.

Dave Wuest, Executive Secretary
Nevada State Board of Pharmacy
985 Damonte Ranch Pkwy, Ste. 206
Reno, NV 89521

RE: Explanation of Disciplinary History
[RGH Enterprises, LLC]

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State Wholesale Distributor License. The below disciplinary history has been previously provided to the Nevada State Board of Pharmacy.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

On September 24, 2020, Cardinal Health finalized a settlement agreement with the Colorado Board of Pharmacy and paid a fine of $1,150. This settlement was regarding the failure of our Denver, Colorado distribution center to timely notify the Board of a change in that distribution center's designated representative.

Cardinal Health's pharmaceutical distribution center in Valencia, California entered into a settlement agreement with the California Board of Pharmacy in April 2019. As a condition of that settlement, the California Wholesale license for our Valencia distribution center was on probation from April 3, 2019, through April 2, 2021. This agreement resulted from the Valencia distribution center making sales to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery vehicle

door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012, administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

If you have any questions, Cory Kopitzke, Assistant General Counsel, Regulatory at Cory.Kopitzke01@cardinalhealth.com.

Sincerely,

Keegan Chamberlain
Director, Global Logistics Quality Management

RGH ENTERPRISES, INC.
1810 Summit Commerce Park
Twinsburg, Ohio 44087
(330)963-6998

Description of Operations

Type of business: RGH Enterprises, LLC sells, at retail, medical devices and disposable diabetic, ostomy, urological, incontinence and wound care supplies via mail order throughout the United States; and (2) wholesales non-prescription drugs, medical devices and disposable medical supplies to pharmacies, hospitals, clinics, distributors, wholesalers, DME suppliers, physicians and other licensed health care professionals. RGH Enterprises, Inc. does not sell prescription drugs at retail.

Explanation Regarding Enteral supplies

In addition to any communication and advisement required pursuant to NAC 639.693 to 639.6958, inclusive, a medical products provider who provides medical gas and related equipment, or respiratory equipment, must advise the consumer receiving the medical gas and related equipment, or respiratory equipment, regarding:

(a) Cleaning of the equipment; Business does not clean or service equipment

(b) Potential hazards and warning signs of malfunctioning or inadequately functioning equipment; Information would be provided by the manufacturer of the equipment and if instructed by the manufacturer, business (as a distributor), would notify customers if directed to do so with a communication provided by the manufacturer.

(c) Maintenance procedures for the equipment N/A business does not service equipment

(d) The telephone number, contact name, and contact address for emergency servicing or repair of the equipment, and for routine servicing or repair of the equipment; and N/A would need to contact the manufacturer.

(e) The written materials about the equipment that are available from the medical products provider or the manufacturer of the equipment. Instructions/directions for use are provided in packaging supplied by manufacturer.

6. For the purposes of this section, "material safety data sheet" has the meaning ascribed to it in 29 C.F.R. § 1910.1200.

(Added to NAC by Bd. of Pharmacy by R008-01, eff. 11-1-2001; A by R033-07, 8-26-2008)

ADDITIONAL REMARKS

THIS ADDITIONAL REMARKS FORM IS A SCHEDULE TO ACORD FORM,
FORM NUMBER: ACORD 25 **FORM TITLE:** Certificate of Liability Insurance

Evidence of Coverage

As respects the Commercial General Liability Policy:
Additional Insured Managers or Lessors of Premises : as required by written contract
Additional Insured Owners, Lessees or Contractors - Scheduled Persons or Organization : as required by written contract
Coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured and shall not increase the applicable Limits of Insurance

As respects the Automobile Liability Policy:
Coverage symbol 1 (Any Auto) applies to Automobile Liability which includes coverage for Hired / Non-Owned Autos
Lessor - Additional Insured: all leased autos.
The policy will pay as interest may appear, you (Cardinal Health) and the lessor named in this endorsement for "loss" to a "leased auto".
Additional Insured Where Required under Written Contract or Agreement Endorsement

As respects General Liability, Automobile Liability, and Workers Compensation Policies:
Waiver of Subrogation is permitted as required by written contract or agreement executed prior to loss and in accordance with the terms, conditions and exclusions of the applicable policies.

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy

Name of Business/Industry/Entity

Provide explanation below:

Original Signature (electronic, copies or stamps not accepted) Date

I, Agnes Mae Plourde, certify that as the MDEG Administrator for

Cardinal Health At Home,

that I (initial that you have read and meet the following requirements):

1. amp Have a high school diploma or its equivalent;
2. amp Have
   a. At least 1,500 hours of verifiable work experience relating to the products provided by the medical products provider or medical products wholesaler; or
   b. An associate's degree or higher degree from an accredited college or university in a field of study that is directly related to patient health care;
3. amp Will be employed by the medical products provider or medical products wholesaler at the place of business or facility of the employer at least 40 hours per week or during all regular business hours if the business or facility is regularly open less than 40 hours per week; and
4. amp Will ensure that the operation of the business or facility complies with all applicable federal, state and local laws, regulations and rules.

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Rev (05/12/2022)

Where is the facility located?	☐ Nevada	■ Out-of-State
[a]Is the business also a wholesaler? (NRS 639.016)	■ Yes	☐ No

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient**. The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

[July 14, 2022]

Dave Wuest, Executive Secretary
Nevada State Board of Pharmacy
985 Damonte Ranch Pkwy, Ste. 206
Reno, NV 89521

RE: Explanation of Disciplinary History
[RGH Enterprises, LLC]

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State Wholesale Distributor License. The below disciplinary history has been previously provided to the Nevada State Board of Pharmacy.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

On September 24, 2020, Cardinal Health finalized a settlement agreement with the Colorado Board of Pharmacy and paid a fine of $1,150. This settlement was regarding the failure of our Denver, Colorado distribution center to timely notify the Board of a change in that distribution center's designated representative.

Cardinal Health's pharmaceutical distribution center in Valencia, California entered into a settlement agreement with the California Board of Pharmacy in April 2019. As a condition of that settlement, the California Wholesale license for our Valencia distribution center was on probation from April 3, 2019, through April 2, 2021. This agreement resulted from the Valencia distribution center making sales to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery vehicle

door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012, administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

If you have any questions, Cory Kopitzke, Assistant General Counsel, Regulatory at Cory.Kopitzke01@cardinalhealth.com.

Sincerely,

Keegan Chamberlain
Director, Global Logistics Quality Management

RGH ENTERPRISES, INC.
1810 Summit Commerce Park
Twinsburg, Ohio 44087
(330)963-6998

Description of Operations

Type of business: RGH Enterprises, LLC sells, at retail, medical devices and disposable diabetic, ostomy, urological, incontinence and wound care supplies via mail order throughout the United States; and (2) wholesales non-prescription drugs, medical devices and disposable medical supplies to pharmacies, hospitals, clinics, distributors, wholesalers, DME suppliers, physicians and other licensed health care professionals. RGH Enterprises, Inc. does not sell prescription drugs at retail.

Explanation Regarding Enteral supplies

In addition to any communication and advisement required pursuant to NAC 639.693 to 639.6958, inclusive, a medical products provider who provides medical gas and related equipment, or respiratory equipment, must advise the consumer receiving the medical gas and related equipment, or respiratory equipment, regarding:

(a) Cleaning of the equipment; Business does not clean or service equipment

(b) Potential hazards and warning signs of malfunctioning or inadequately functioning equipment; Information would be provided by the manufacturer of the equipment and if instructed by the manufacturer, business (as a distributor), would notify customers if directed to do so with a communication provided by the manufacturer.

(c) Maintenance procedures for the equipment N/A business does not service equipment

(d) The telephone number, contact name, and contact address for emergency servicing or repair of the equipment, and for routine servicing or repair of the equipment; and N/A would need to contact the manufacturer.

(e) The written materials about the equipment that are available from the medical products provider or the manufacturer of the equipment. Instructions/directions for use are provided in packaging supplied by manufacturer.

6. For the purposes of this section, "material safety data sheet" has the meaning ascribed to it in 29 C.F.R. § 1910.1200.

(Added to NAC by Bd. of Pharmacy by R008-01, eff. 11-1-2001; A by R033-07, 8-26-2008)

ADDITIONAL REMARKS

THIS ADDITIONAL REMARKS FORM IS A SCHEDULE TO ACORD FORM,
FORM NUMBER: ACORD 25 **FORM TITLE:** Certificate of Liability Insurance

Evidence of Coverage

As respects the Commercial General Liability Policy:
Additional Insured Managers or Lessors of Premises : as required by written contract
Additional Insured Owners, Lessees or Contractors - Scheduled Persons or Organization : as required by written contract
Coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured and shall not increase the applicable Limits of Insurance

As respects the Automobile Liability Policy:
Coverage symbol 1 (Any Auto) applies to Automobile Liability which includes coverage for Hired / Non-Owned Autos
Lessor - Additional Insured: all leased autos.
The policy will pay as interest may appear, you (Cardinal Health) and the lessor named in this endorsement for "loss" to a "leased auto".
Additional Insured Where Required under Written Contract or Agreement Endorsement

As respects General Liability, Automobile Liability, and Workers Compensation Policies:
Waiver of Subrogation is permitted as required by written contract or agreement executed prior to loss and in accordance with the terms, conditions and exclusions of the applicable policies.

Medical Products Provider- Medical Devices, Equipment and Gases (MDEG) Application

Non-Refundable $500 fee

Rev (05/12/2022)

Where is the facility located?	☐ Nevada	■ Out-of-State
[a]Is the business also a wholesaler? (NRS 639.016)	■ Yes	☐ No

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient**. The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

Type of Application (check applicable box)		**MDEG Business Type (check applicable box)**

Dave Wuest, Executive Secretary
Nevada State Board of Pharmacy
985 Damonte Ranch Pkwy, Ste. 206
Reno, NV 89521

RE: Explanation of Disciplinary History
[RGH Enterprises, LLC]

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State Wholesale Distributor License. The below disciplinary history has been previously provided to the Nevada State Board of Pharmacy.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

On September 24, 2020, Cardinal Health finalized a settlement agreement with the Colorado Board of Pharmacy and paid a fine of $1,150. This settlement was regarding the failure of our Denver, Colorado distribution center to timely notify the Board of a change in that distribution center's designated representative.

Cardinal Health's pharmaceutical distribution center in Valencia, California entered into a settlement agreement with the California Board of Pharmacy in April 2019. As a condition of that settlement, the California Wholesale license for our Valencia distribution center was on probation from April 3, 2019, through April 2, 2021. This agreement resulted from the Valencia distribution center making sales to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery vehicle

door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012, administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

If you have any questions, Cory Kopitzke, Assistant General Counsel, Regulatory at Cory.Kopitzke01@cardinalhealth.com.

Sincerely,

Keegan Chamberlain
Director, Global Logistics Quality Management

RGH ENTERPRISES, INC.
1810 Summit Commerce Park
Twinsburg, Ohio 44087
(330)963-6998

Description of Operations

Type of business: RGH Enterprises, LLC sells, at retail, medical devices and disposable diabetic, ostomy, urological, incontinence and wound care supplies via mail order throughout the United States; and (2) wholesales non-prescription drugs, medical devices and disposable medical supplies to pharmacies, hospitals, clinics, distributors, wholesalers, DME suppliers, physicians and other licensed health care professionals. RGH Enterprises, Inc. does not sell prescription drugs at retail.

Explanation Regarding Enteral supplies

In addition to any communication and advisement required pursuant to NAC 639.693 to 639.6958, inclusive, a medical products provider who provides medical gas and related equipment, or respiratory equipment, must advise the consumer receiving the medical gas and related equipment, or respiratory equipment, regarding:

(a) Cleaning of the equipment; Business does not clean or service equipment

(b) Potential hazards and warning signs of malfunctioning or inadequately functioning equipment; Information would be provided by the manufacturer of the equipment and if instructed by the manufacturer, business (as a distributor), would notify customers if directed to do so with a communication provided by the manufacturer.

(c) Maintenance procedures for the equipment N/A business does not service equipment

(d) The telephone number, contact name, and contact address for emergency servicing or repair of the equipment, and for routine servicing or repair of the equipment; and N/A would need to contact the manufacturer.

(e) The written materials about the equipment that are available from the medical products provider or the manufacturer of the equipment. Instructions/directions for use are provided in packaging supplied by manufacturer.

6. For the purposes of this section, "material safety data sheet" has the meaning ascribed to it in 29 C.F.R. § 1910.1200.

(Added to NAC by Bd. of Pharmacy by R008-01, eff. 11-1-2001; A by R033-07, 8-26-2008)

STATE OF OHIO
OFFICE OF THE SECRETARY OF STATE

I, Frank LaRose, do hereby certify that I am the duly elected, qualified and present acting Secretary of State for the State of Ohio, and as such have custody of the records of Ohio and Foreign business entities; that said records show RGH ENTERPRISES, LLC, an Ohio Limited Liability Company, Registration Number 770802, was organized in the State of Ohio on April 9, 1990, is currently in FULL FORCE AND EFFECT upon the records of this office.

Witness my hand and the seal of the Secretary of State at Columbus, Ohio this 20th day of May, A.D. 2022.

Ohio Secretary of State

Validation Number: 202214001106

CardinalHealth™

June 30, 2022

To whom it may concern:

This is a declaration and confirmation by Cardinal Health, Inc. and its subsidiaries exclusively that:

Cardinal Health is self-insured for products, completed operations liability and pharmacist professional liability. You will not be named as additional insured for any of the self-insured retention limits of the product liability, completed operations liability and pharmacist professional liability coverages. Cardinal Health's self-insurance is backed by its financial strength documented in financial statements found at www.cardinalhealth.com. The existence of self-insurance within Cardinal Health's insurance program does not change any contractual obligation we may have, and shall not be deemed to exceed the scope of coverage and/or limits required, under our written contract or agreement with you.

As respects the Automobile Liability, Automobile Physical Damage, Comprehensive and Collision coverage is self-insured for all owned vehicles.

Please direct any questions or concerns to GMB-DUB-RiskManagement@cardinalhealth.com.

Denise Johnston
Director, Risk Management

JPK/as

CERTIFICATE OF LIABILITY INSURANCE

DATE(MM/DD/YYYY) 08/27/2022

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

Evidence of Coverage

As respects the Commercial General Liability Policy:
Additional Insured Managers or Lessors of Premises : as required by written contract
Additional Insured Owners, Lessees or Contractors - Scheduled Persons or Organization : as required by written contract
Coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured and shall not increase the applicable Limits of Insurance

As respects the Automobile Liability Policy:
Coverage symbol 1 (Any Auto) applies to Automobile Liability which includes coverage for Hired / Non-Owned Autos
Lessor - Additional Insured: all leased autos.
The policy will pay as interest may appear, you (Cardinal Health) and the lessor named in this endorsement for "loss" to a "leased auto".
Additional Insured Where Required under Written Contract or Agreement Endorsement

As respects General Liability, Automobile Liability, and Workers Compensation Policies:
Waiver of Subrogation is permitted as required by written contract or agreement executed prior to loss and in accordance with the terms, conditions and exclusions of the applicable policies.

RE: Affirmative response to question 2: "Have you been charged, arrested or convicted of a felony or misdemeanor in any state?"

To Whom It May Concern:

This document is provided in conjunction with my affirmative response to question 2 in the "Medical Provider and Wholesaler – Medical Devices, Equipment and Gases (MDEG) Administrator Application". The question asks, "Have you been charged, arrested or convicted of a felony or misdemeanor in any state?" To this I am sharing an incident with you from 2002 where I was charged with a class B misdemeanor for driving on an invalid license.

On the date of 12/6/2002 I was detained for driving on an Invalid License a Class B Misdemeanor. The revocation of my driver's license was a result of my failure to fully resolve a pervious motor violation. The location of the incident that lead to my arrest was in Roanoke, Texas in Denton County. I was then transferred to the Denton County Court. On my court date of 6/6/2002 I plead guilty/no contest and received deferred adjudication for the infraction. The full extent of the penalty was 24 hours of community service, 9 months of probation and costs and fees of $521.48 paid to the Denton County Municipal Court System. All terms and requirements were met and my probation in the city of Roanoke in the county of Denton and the state of Texas was lifted 3/16/2004. Attached are the court records for your review.

Case Number:
CR-2003-00197-A

Supervision Officer: Bill Taylor
NE Office 817-285-4100
200 W. Belknap
Fort Worth, Texas 76196-0255

While I am certainly not proud of this instance, I accept this as a life lesson. If you require further detail or have any questions please do not hesitate to contact me. My direct line is 817-740-3224 x 3848.

Sincerely,

Charlton Lane Long
Director of Operations
Cardinal Health at Home – Fort Worth, Texas

I, Charlton Lane Long, **certify that as the MDEG Administrator for** RGH Enterprises LLC 5400 Sandshell Drive, Suite 160 Fort Worth, Texas, **that I (initial that you have read and meet the following requirements):**

1. C.L.L. Have a high school diploma or its equivalent;
2. C.L.L. Have
   a. At least 1,500 hours of verifiable work experience relating to the products provided by the medical products provider or medical products wholesaler; or
   b. An associate's degree or higher degree from an accredited college or university in a field of study that is directly related to patient health care;
3. C.L.L. Will be employed by the medical products provider or medical products wholesaler at the place of business or facility of the employer at least 40 hours per week or during all regular business hours if the business or facility is regularly open less than 40 hours per week; and
4. C.L.L. Will ensure that the operation of the business or facility complies with all applicable federal, state and local laws, regulations and rules.

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient**. The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

[July 14, 2022]

Dave Wuest, Executive Secretary
Nevada State Board of Pharmacy
985 Damonte Ranch Pkwy, Ste. 206
Reno, NV 89521

RE: Explanation of Disciplinary History
[RGH Enterprises, LLC]

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State Wholesale Distributor License. The below disciplinary history has been previously provided to the Nevada State Board of Pharmacy.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

On September 24, 2020, Cardinal Health finalized a settlement agreement with the Colorado Board of Pharmacy and paid a fine of $1,150. This settlement was regarding the failure of our Denver, Colorado distribution center to timely notify the Board of a change in that distribution center's designated representative.

Cardinal Health's pharmaceutical distribution center in Valencia, California entered into a settlement agreement with the California Board of Pharmacy in April 2019. As a condition of that settlement, the California Wholesale license for our Valencia distribution center was on probation from April 3, 2019, through April 2, 2021. This agreement resulted from the Valencia distribution center making sales to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery vehicle

door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012, administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

If you have any questions, Cory Kopitzke, Assistant General Counsel, Regulatory at Cory.Kopitzke01@cardinalhealth.com.

Sincerely,

Keegan Chamberlain

Evidence of Coverage

As respects the Commercial General Liability Policy:
Additional Insured Managers or Lessors of Premises : as required by written contract
Additional Insured Owners, Lessees or Contractors - Scheduled Persons or Organization : as required by written contract
Coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured and shall not increase the applicable Limits of Insurance

As respects the Automobile Liability Policy:
Coverage symbol 1 (Any Auto) applies to Automobile Liability which includes coverage for Hired / Non-Owned Autos
Lessor - Additional Insured: all leased autos.
The policy will pay as interest may appear, you (Cardinal Health) and the lessor named in this endorsement for "loss" to a "leased auto".
Additional Insured Where Required under Written Contract or Agreement Endorsement

As respects General Liability, Automobile Liability, and Workers Compensation Policies:
Waiver of Subrogation is permitted as required by written contract or agreement executed prior to loss and in accordance with the terms, conditions and exclusions of the applicable policies.

Medical Products Provider- Medical Devices, Equipment and Gases (MDEG) Application

Non-Refundable $500 fee

Rev (05/12/2022)

Where is the facility located?	☐ Nevada	■ Out-of-State
[a]**Is the business also a wholesaler? (NRS 639.016)**	☐ Yes	☐ No

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient**. The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

[July 14, 2022]

Dave Wuest, Executive Secretary
Nevada State Board of Pharmacy
985 Damonte Ranch Pkwy, Ste. 206
Reno, NV 89521

RE: Explanation of Disciplinary History
[RGH Enterprises, LLC]

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State Wholesale Distributor License. The below disciplinary history has been previously provided to the Nevada State Board of Pharmacy.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

On September 24, 2020, Cardinal Health finalized a settlement agreement with the Colorado Board of Pharmacy and paid a fine of $1,150. This settlement was regarding the failure of our Denver, Colorado distribution center to timely notify the Board of a change in that distribution center's designated representative.

Cardinal Health's pharmaceutical distribution center in Valencia, California entered into a settlement agreement with the California Board of Pharmacy in April 2019. As a condition of that settlement, the California Wholesale license for our Valencia distribution center was on probation from April 3, 2019, through April 2, 2021. This agreement resulted from the Valencia distribution center making sales to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery vehicle

door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012, administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

If you have any questions, Cory Kopitzke, Assistant General Counsel, Regulatory at Cory.Kopitzke01@cardinalhealth.com.

Sincerely,

Keegan Chamberlain

RE: MISSOURI HOME STATE LICENSE

RGH Enterprises, LLC
dba Edgepark Medical Supplies; Cardinal Health at Home
12600 NE 40th Street, Suite 100
Kansas City, MO 64161

RGH Enterprises, LLC dba Edgepark Medical Supplies; Cardinal Health at Home is Distribution of Medical Devices to hospitals, physicians, surgery centers, and consumers/patients.

****

PER MISSOURI LAW, THIS FACILITY IS NOT REQUIRED TO HAVE A LICENSE:

DEVICE DISTRIBUTORS. Missouri law requires a drug distributor license for facilities distributing, providing, or offering legend **drug-related medical devices** to any person other than the ultimate consumer/patient. [§ 338.330(4)]. Legend items bear one of the following statements on their label:

- **"Rx only"**
- **"Caution: Federal (U.S.A.) law prohibits dispensing without a prescription."**
- **"Caution: Federal (U.S.A.) law restricts this drug to use by or on the order of a licensed veterinarian."**
- **"Caution: Federal (U.S.A.) law restricts this device to sale by or on the order of a physician".**

A "drug-related medical device" refers to those devices that contain a legend drug as part of the device. [20 CSR 2220-5.030(9)]. Examples may include, but are not limited to, pre-filled heparin/saline syringes and sterile water/saline for irrigation or inhalation.

A Missouri drug distributor license is not required for facilities solely distributing legend devices that do not contain a legend drug as part of the device. Additionally, a license is not required if devices are only being distributed to the ultimate consumer/patient. [§ 338.330(4)].

Note: The ultimate consumer does not include practitioners' offices (physician, dentist, veterinarian, etc.), hospitals, nursing home facilities, ambulance/fire districts, home medical equipment providers, other distributors, or intra-company transfers.

Over-The-Counter Devices: Distribution of over-the counter devices such as blood glucose testing supplies and insulin syringes/needles does not require a distributor license. The sale of such products unless your facility chooses to dispense them as a prescription, a Missouri pharmacy license is required.

UNITED STATES OF AMERICA
STATE OF OHIO
OFFICE OF THE SECRETARY OF STATE

I, Frank LaRose, do hereby certify that I am the duly elected, qualified and present acting Secretary of State for the State of Ohio, and as such have custody of the records of Ohio and Foreign business entities; that said records show RGH ENTERPRISES, LLC, an Ohio Limited Liability Company, Registration Number 770802, was organized in the State of Ohio on April 9, 1990, is currently in FULL FORCE AND EFFECT upon the records of this office.

Witness my hand and the seal of the Secretary of State at Columbus, Ohio this 20th day of May, A.D. 2022.

Ohio Secretary of State

Validation Number: 202214001106

CERTIFICATE OF LIABILITY INSURANCE

DATE(MM/DD/YYYY) 08/27/2022

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

Evidence of Coverage

As respects the Commercial General Liability Policy:
Additional Insured Managers or Lessors of Premises : as required by written contract
Additional Insured Owners, Lessees or Contractors - Scheduled Persons or Organization : as required by written contract
Coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured and shall not increase the applicable Limits of Insurance

As respects the Automobile Liability Policy:
Coverage symbol 1 (Any Auto) applies to Automobile Liability which includes coverage for Hired / Non-Owned Autos
Lessor - Additional Insured: all leased autos.
The policy will pay as interest may appear, you (Cardinal Health) and the lessor named in this endorsement for "loss" to a "leased auto".
Additional Insured Where Required under Written Contract or Agreement Endorsement

As respects General Liability, Automobile Liability, and Workers Compensation Policies:
Waiver of Subrogation is permitted as required by written contract or agreement executed prior to loss and in accordance with the terms, conditions and exclusions of the applicable policies.

I, Philip Beierle, **certify that as the MDEG Administrator for** Cardinal Health @ Home,

that I (initial that you have read and meet the following requirements):

1. PB Have a high school diploma or its equivalent;
2. PB Have
   a. At least 1,500 hours of verifiable work experience relating to the products provided by the medical products provider or medical products wholesaler; or
   b. An associate's degree or higher degree from an accredited college or university in a field of study that is directly related to patient health care;
3. PB Will be employed by the medical products provider or medical products wholesaler at the place of business or facility of the employer at least 40 hours per week or during all regular business hours if the business or facility is regularly open less than 40 hours per week; and
4. PB Will ensure that the operation of the business or facility complies with all applicable federal, state and local laws, regulations and rules.

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Medical Products Provider- Medical Devices, Equipment and Gases (MDEG) Application

Non-Refundable $500 fee

Rev (05/12/2022)

Where is the facility located? ☐ Nevada ☒ Out-of-State

[a]Is the business also a wholesaler? (NRS 639.016) ☒ Yes ☐ No

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient**. The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

Dave Wuest, Executive Secretary
Nevada State Board of Pharmacy
985 Damonte Ranch Pkwy, Ste. 206
Reno, NV 89521

RE: Explanation of Disciplinary History
[RGH Enterprises, LLC]

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State Wholesale Distributor License. The below disciplinary history has been previously provided to the Nevada State Board of Pharmacy.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

On September 24, 2020, Cardinal Health finalized a settlement agreement with the Colorado Board of Pharmacy and paid a fine of $1,150. This settlement was regarding the failure of our Denver, Colorado distribution center to timely notify the Board of a change in that distribution center's designated representative.

Cardinal Health's pharmaceutical distribution center in Valencia, California entered into a settlement agreement with the California Board of Pharmacy in April 2019. As a condition of that settlement, the California Wholesale license for our Valencia distribution center was on probation from April 3, 2019, through April 2, 2021. This agreement resulted from the Valencia distribution center making sales to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery vehicle

door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012, administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

If you have any questions, Cory Kopitzke, Assistant General Counsel, Regulatory at Cory.Kopitzke01@cardinalhealth.com.

Sincerely,

Keegan Chamberlain
Director, Global Logistics Quality Management

RGH ENTERPRISES, INC.
1810 Summit Commerce Park
Twinsburg, Ohio 44087
(330)963-6998

Description of Operations

Type of business: RGH Enterprises, LLC sells, at retail, medical devices and disposable diabetic, ostomy, urological, incontinence and wound care supplies via mail order throughout the United States; and (2) wholesales non-prescription drugs, medical devices and disposable medical supplies to pharmacies, hospitals, clinics, distributors, wholesalers, DME suppliers, physicians and other licensed health care professionals. RGH Enterprises, Inc. does not sell prescription drugs at retail.

Explanation Regarding Enteral supplies

In addition to any communication and advisement required pursuant to NAC 639.693 to 639.6958, inclusive, a medical products provider who provides medical gas and related equipment, or respiratory equipment, must advise the consumer receiving the medical gas and related equipment, or respiratory equipment, regarding:

(a) Cleaning of the equipment; Business does not clean or service equipment

(b) Potential hazards and warning signs of malfunctioning or inadequately functioning equipment; Information would be provided by the manufacturer of the equipment and if instructed by the manufacturer, business (as a distributor), would notify customers if directed to do so with a communication provided by the manufacturer.

(c) Maintenance procedures for the equipment N/A business does not service equipment

(d) The telephone number, contact name, and contact address for emergency servicing or repair of the equipment, and for routine servicing or repair of the equipment; and N/A would need to contact the manufacturer.

(e) The written materials about the equipment that are available from the medical products provider or the manufacturer of the equipment. Instructions/directions for use are provided in packaging supplied by manufacturer.

6. For the purposes of this section, "material safety data sheet" has the meaning ascribed to it in 29 C.F.R. § 1910.1200.

(Added to NAC by Bd. of Pharmacy by R008-01, eff. 11-1-2001; A by R033-07, 8-26-2008)

STATE OF OHIO
OFFICE OF THE SECRETARY OF STATE

I, Frank LaRose, do hereby certify that I am the duly elected, qualified and present acting Secretary of State for the State of Ohio, and as such have custody of the records of Ohio and Foreign business entities; that said records show RGH ENTERPRISES, LLC, an Ohio Limited Liability Company, Registration Number 770802, was organized in the State of Ohio on April 9, 1990, is currently in FULL FORCE AND EFFECT upon the records of this office.

Witness my hand and the seal of the Secretary of State at Columbus, Ohio this 20th day of May, A.D. 2022.

Ohio Secretary of State

Validation Number: 202214001106

CardinalHealth™

June 30, 2022

To whom it may concern:

This is a declaration and confirmation by Cardinal Health, Inc. and its subsidiaries exclusively that:

Cardinal Health is self-insured for products, completed operations liability and pharmacist professional liability. You will not be named as additional insured for any of the self-insured retention limits of the product liability, completed operations liability and pharmacist professional liability coverages. Cardinal Health's self-insurance is backed by its financial strength documented in financial statements found at www.cardinalhealth.com. The existence of self-insurance within Cardinal Health's insurance program does not change any contractual obligation we may have, and shall not be deemed to exceed the scope of coverage and/or limits required, under our written contract or agreement with you.

As respects the Automobile Liability, Automobile Physical Damage, Comprehensive and Collision coverage is self-insured for all owned vehicles.

Please direct any questions or concerns to GMB-DUB-RiskManagement@cardinalhealth.com.

Denise Johnston
Director, Risk Management

JPK/as

CERTIFICATE OF LIABILITY INSURANCE

DATE(MM/DD/YYYY) 08/27/2022

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

Evidence of Coverage

As respects the Commercial General Liability Policy:
Additional Insured Managers or Lessors of Premises : as required by written contract
Additional Insured Owners, Lessees or Contractors - Scheduled Persons or Organization : as required by written contract
Coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured and shall not increase the applicable Limits of Insurance

As respects the Automobile Liability Policy:
Coverage symbol 1 (Any Auto) applies to Automobile Liability which includes coverage for Hired / Non-Owned Autos
Lessor - Additional Insured: all leased autos.
The policy will pay as interest may appear, you (Cardinal Health) and the lessor named in this endorsement for "loss" to a "leased auto".
Additional Insured Where Required under Written Contract or Agreement Endorsement

As respects General Liability, Automobile Liability, and Workers Compensation Policies:
Waiver of Subrogation is permitted as required by written contract or agreement executed prior to loss and in accordance with the terms, conditions and exclusions of the applicable policies.

Medical Products Provider- Medical Devices, Equipment and Gases (MDEG) Application

Non-Refundable $500 fee

Rev (05/12/2022)

Where is the facility located? ☐ Nevada ☒ Out-of-State

[a]Is the business also a wholesaler? (NRS 639.016) ☒ Yes ☐ No

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient**. The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

[July 14, 2022]

Dave Wuest, Executive Secretary
Nevada State Board of Pharmacy
985 Damonte Ranch Pkwy, Ste. 206
Reno, NV 89521

RE: Explanation of Disciplinary History
[RGH Enterprises, LLC]

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State Wholesale Distributor License. The below disciplinary history has been previously provided to the Nevada State Board of Pharmacy.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

On September 24, 2020, Cardinal Health finalized a settlement agreement with the Colorado Board of Pharmacy and paid a fine of $1,150. This settlement was regarding the failure of our Denver, Colorado distribution center to timely notify the Board of a change in that distribution center's designated representative.

Cardinal Health's pharmaceutical distribution center in Valencia, California entered into a settlement agreement with the California Board of Pharmacy in April 2019. As a condition of that settlement, the California Wholesale license for our Valencia distribution center was on probation from April 3, 2019, through April 2, 2021. This agreement resulted from the Valencia distribution center making sales to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery vehicle

door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012, administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

If you have any questions, Cory Kopitzke, Assistant General Counsel, Regulatory at Cory.Kopitzke01@cardinalhealth.com.

Sincerely,

Keegan Chamberlain
Director, Global Logistics Quality Management

RGH ENTERPRISES, INC.
1810 Summit Commerce Park
Twinsburg, Ohio 44087
(330)963-6998

Description of Operations

Type of business: RGH Enterprises, LLC sells, at retail, medical devices and disposable diabetic, ostomy, urological, incontinence and wound care supplies via mail order throughout the United States; and (2) wholesales non-prescription drugs, medical devices and disposable medical supplies to pharmacies, hospitals, clinics, distributors, wholesalers, DME suppliers, physicians and other licensed health care professionals. RGH Enterprises, Inc. does not sell prescription drugs at retail.

Explanation Regarding Enteral supplies

In addition to any communication and advisement required pursuant to NAC 639.693 to 639.6958, inclusive, a medical products provider who provides medical gas and related equipment, or respiratory equipment, must advise the consumer receiving the medical gas and related equipment, or respiratory equipment, regarding:

(a) Cleaning of the equipment; Business does not clean or service equipment

(b) Potential hazards and warning signs of malfunctioning or inadequately functioning equipment; Information would be provided by the manufacturer of the equipment and if instructed by the manufacturer, business (as a distributor), would notify customers if directed to do so with a communication provided by the manufacturer.

(c) Maintenance procedures for the equipment N/A business does not service equipment

(d) The telephone number, contact name, and contact address for emergency servicing or repair of the equipment, and for routine servicing or repair of the equipment; and N/A would need to contact the manufacturer.

(e) The written materials about the equipment that are available from the medical products provider or the manufacturer of the equipment. Instructions/directions for use are provided in packaging supplied by manufacturer.

6. For the purposes of this section, "material safety data sheet" has the meaning ascribed to it in 29 C.F.R. § 1910.1200.

(Added to NAC by Bd. of Pharmacy by R008-01, eff. 11-1-2001; A by R033-07, 8-26-2008)

OFFICE OF THE SECRETARY OF STATE

I, Frank LaRose, do hereby certify that I am the duly elected, qualified and present acting Secretary of State for the State of Ohio, and as such have custody of the records of Ohio and Foreign business entities; that said records show RGH ENTERPRISES, LLC, an Ohio Limited Liability Company, Registration Number 770802, was organized in the State of Ohio on April 9, 1990, is currently in FULL FORCE AND EFFECT upon the records of this office.

Witness my hand and the seal of the Secretary of State at Columbus, Ohio this 20th day of May, A.D. 2022.

Ohio Secretary of State

Validation Number: 202214001106

CardinalHealth™

June 30, 2022

To whom it may concern:

This is a declaration and confirmation by Cardinal Health, Inc. and its subsidiaries exclusively that:

Cardinal Health is self-insured for products, completed operations liability and pharmacist professional liability. You will not be named as additional insured for any of the self-insured retention limits of the product liability, completed operations liability and pharmacist professional liability coverages. Cardinal Health's self-insurance is backed by its financial strength documented in financial statements found at www.cardinalhealth.com. The existence of self-insurance within Cardinal Health's insurance program does not change any contractual obligation we may have, and shall not be deemed to exceed the scope of coverage and/or limits required, under our written contract or agreement with you.

As respects the Automobile Liability, Automobile Physical Damage, Comprehensive and Collision coverage is self-insured for all owned vehicles.

Please direct any questions or concerns to GMB-DUB-RiskManagement@cardinalhealth.com.

Denise Johnston
Director, Risk Management

CERTIFICATE OF LIABILITY INSURANCE

DATE(MM/DD/YYYY) 06/27/2022

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

Evidence of Coverage

As respects the Commercial General Liability Policy:
Additional Insured Managers or Lessors of Premises : as required by written contract
Additional Insured Owners, Lessees or Contractors - Scheduled Persons or Organization : as required by written contract
Coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured and shall not increase the applicable Limits of Insurance

As respects the Automobile Liability Policy:
Coverage symbol 1 (Any Auto) applies to Automobile Liability which includes coverage for Hired / Non-Owned Autos
Lessor - Additional Insured: all leased autos.
The policy will pay as interest may appear, you (Cardinal Health) and the lessor named in this endorsement for "loss" to a "leased auto".
Additional Insured Where Required under Written Contract or Agreement Endorsement

As respects General Liability, Automobile Liability, and Workers Compensation Policies:
Waiver of Subrogation is permitted as required by written contract or agreement executed prior to loss and in accordance with the terms, conditions and exclusions of the applicable policies.

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient**. The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

[July 14, 2022]

Dave Wuest, Executive Secretary
Nevada State Board of Pharmacy
985 Damonte Ranch Pkwy, Ste. 206
Reno, NV 89521

RE: Explanation of Disciplinary History
[RGH Enterprises, LLC]

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State Wholesale Distributor License. The below disciplinary history has been previously provided to the Nevada State Board of Pharmacy.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

On September 24, 2020, Cardinal Health finalized a settlement agreement with the Colorado Board of Pharmacy and paid a fine of $1,150. This settlement was regarding the failure of our Denver, Colorado distribution center to timely notify the Board of a change in that distribution center's designated representative.

Cardinal Health's pharmaceutical distribution center in Valencia, California entered into a settlement agreement with the California Board of Pharmacy in April 2019. As a condition of that settlement, the California Wholesale license for our Valencia distribution center was on probation from April 3, 2019, through April 2, 2021. This agreement resulted from the Valencia distribution center making sales to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery vehicle

door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012, administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

If you have any questions, Cory Kopitzke, Assistant General Counsel, Regulatory at Cory.Kopitzke01@cardinalhealth.com.

Sincerely,

Keegan Chamberlain
Director, Global Logistics Quality Management

RGH ENTERPRISES, INC.
1810 Summit Commerce Park
Twinsburg, Ohio 44087
(330)963-6998

Description of Operations

Type of business: RGH Enterprises, LLC sells, at retail, medical devices and disposable diabetic, ostomy, urological, incontinence and wound care supplies via mail order throughout the United States; and (2) wholesales non-prescription drugs, medical devices and disposable medical supplies to pharmacies, hospitals, clinics, distributors, wholesalers, DME suppliers, physicians and other licensed health care professionals. RGH Enterprises, Inc. does not sell prescription drugs at retail.

Explanation Regarding Enteral supplies

In addition to any communication and advisement required pursuant to NAC 639.693 to 639.6958, inclusive, a medical products provider who provides medical gas and related equipment, or respiratory equipment, must advise the consumer receiving the medical gas and related equipment, or respiratory equipment, regarding:

(a) Cleaning of the equipment; Business does not clean or service equipment

(b) Potential hazards and warning signs of malfunctioning or inadequately functioning equipment; Information would be provided by the manufacturer of the equipment and if instructed by the manufacturer, business (as a distributor), would notify customers if directed to do so with a communication provided by the manufacturer.

(c) Maintenance procedures for the equipment N/A business does not service equipment

(d) The telephone number, contact name, and contact address for emergency servicing or repair of the equipment, and for routine servicing or repair of the equipment; and N/A would need to contact the manufacturer.

(e) The written materials about the equipment that are available from the medical products provider or the manufacturer of the equipment. Instructions/directions for use are provided in packaging supplied by manufacturer.

6. For the purposes of this section, "material safety data sheet" has the meaning ascribed to it in 29 C.F.R. § 1910.1200.

(Added to NAC by Bd. of Pharmacy by R008-01, eff. 11-1-2001; A by R033-07, 8-26-2008)

CardinalHealth™

June 30, 2022

To whom it may concern:

This is a declaration and confirmation by Cardinal Health, Inc. and its subsidiaries exclusively that:

Cardinal Health is self-insured for products, completed operations liability and pharmacist professional liability. You will not be named as additional insured for any of the self-insured retention limits of the product liability, completed operations liability and pharmacist professional liability coverages. Cardinal Health's self-insurance is backed by its financial strength documented in financial statements found at www.cardinalhealth.com. The existence of self-insurance within Cardinal Health's insurance program does not change any contractual obligation we may have, and shall not be deemed to exceed the scope of coverage and/or limits required, under our written contract or agreement with you.

As respects the Automobile Liability, Automobile Physical Damage, Comprehensive and Collision coverage is self-insured for all owned vehicles.

Please direct any questions or concerns to GMB-DUB-RiskManagement@cardinalhealth.com.

Denise Johnston
Director, Risk Management

CERTIFICATE OF LIABILITY INSURANCE

DATE(MM/DD/YYYY) 06/27/2022

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

Evidence of Coverage

As respects the Commercial General Liability Policy:
Additional Insured Managers or Lessors of Premises : as required by written contract
Additional Insured Owners, Lessees or Contractors - Scheduled Persons or Organization : as required by written contract
Coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured and shall not increase the applicable Limits of Insurance

As respects the Automobile Liability Policy:
Coverage symbol 1 (Any Auto) applies to Automobile Liability which includes coverage for Hired / Non-Owned Autos
Lessor - Additional Insured: all leased autos.
The policy will pay as interest may appear, you (Cardinal Health) and the lessor named in this endorsement for "loss" to a "leased auto".
Additional Insured Where Required under Written Contract or Agreement Endorsement

As respects General Liability, Automobile Liability, and Workers Compensation Policies:
Waiver of Subrogation is permitted as required by written contract or agreement executed prior to loss and in accordance with the terms, conditions and exclusions of the applicable policies.

RE: Distribution of Medical Devices

Dear Mr. Maxon

Thank you for contacting the Department of Health, Pharmacy Commission program with your inquiry.

Although state statute authorizes the Pharmacy Quality Assurance Commission to regulate and promulgate rules regarding the distribution, wholesaling and manufacturing of medical devices, at this time, the Commission does not license entities engaging solely in such activities. The Commission believes that the Food and Drug Administration (FDA) provides adequate oversight of medical devices to ensure the protection of consumers and promote public health, safety, and welfare.

Licensure is required for distributors of medical devices that contain pharmaceuticals, such as, pre-filled syringes, and prescription devices dispensed by non-resident (RCW 18.64.360) or in-state pharmacies.

Device is define in RCW 18.64.011(10) "Device" means instruments, apparatus, and contrivances, including their components, parts, and accessories, intended (a) for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in human beings or other animals, or (b) to affect the structure or any function of the body of human beings or other animals.

(13) "Drug" and "devices" do not include surgical or dental instruments or laboratory materials, gas and oxygen, therapy equipment, X-ray apparatus or therapeutic equipment, their component parts or accessories, or equipment, instruments, apparatus, or contrivances used to render such articles effective in medical, surgical, or dental treatment, or for use or consumption in or for mechanical, industrial,

manufacturing, or scientific applications or purposes. "Drug" also does not include any article or mixture covered by the Washington pesticide control act (chapter 15.58 RCW), as enacted or hereafter amended, nor medicated feed intended for and used exclusively as a feed for animals other than human beings.

Therefore, if Kestra Medical Technologies in not a pharmacy and is soley engaging in the distribution of prescription/non-presciption medical devices it is not required to hold a license issued by the Washington State Department of Health, Pharmacy Quality Assurance Commission.

I hope this information is helpful. Please let me know if you need any additional assistance.

Sincerely,

Doreen E. Beebe, Program Manager
Pharmacy Quality Assurance Commission

Site Visit Acknowledgement

The National Supplier Clearinghouse (NSC) is charged with the responsibility of protecting the Medicare Trust Fund by ensuring that all suppliers of Part B covered items are in full compliance with the Centers for Medicare and Medicaid Services (CMS) Medicare DMEPOS supplier standards. The site visit is used to gather information necessary to verify compliance with the Medicare Supplier Standards.

The individual conducting the site visit is responsible for gathering the required information but is not in a position to validate compliance with all of the supplier standards. The NSC and/or CMS make all final determinations regarding issuance, revocation or reinstatement of a Medicare supplier billing number.

By signing this statement, I acknowledge the following:

1. A site inspection of this facility was conducted today 03/26/2021, at the physical address listed below, by personnel from the NSC or one of its subcontractors.
2. I am an employee, owner or legal representative of the company at which this site visit has been conducted.
3. I have been provided with a copy of the disclosure statement and/or the abridged Medicare Supplier Standards. (These standards, in their entirety, are listed in 42 C.F.R. pt. 424, sec. 424.57(c)).
4. The item(s) checked below were requested by the representative and should be faxed to: 1-800-568-9733 within **2 business days,** to the attention of: Gail Hudgens.
5. I have been told that the supplier's failure to provide the requested information could result in the denial or revocation of a Medicare supplier billing number.

Signing this statement only indicates receipt of this information.

LETTER OF ACCREDITATION

Dear Max,

Congratulations on the successful completion your recent accreditation on-site evaluation visit. You previously had a successful Real Time Remote (RtR™) evaluation, and the Accreditation Certificate and approved product category lists were provided with the scoring document for the RTR October 09, 2020.

This letter of accreditation verifies that Kestra Medical Technology Services, Inc. has established processes that conform to the Evidence of Compliance requirements of The Compliance Team's Exemplary Provider® DMEPOS Quality Standards and is accredited.

The scoring document registers a Passing Final Score as a result of the recent on-site evaluation conducted August 17, 2021.

Accreditation Period
Accreditation Date: October 09, 2020
Survey Date: October 09, 2020
Expiration Date: October 31, 2023

It is essential to keep The Compliance Team informed of any business changes, and to maintain on-going compliance with Exemplary Provider® Pharmacy Services and DMEPOS Quality Standards.

Our entire team congratulates you on achieving your EP™ status and wishes your organization continued success.

Sincerely,

Sandra Canally, RN
Founder & CEO

Re: Out-of-State Requirement for Licensing
Kestra Medical Technology Services, Inc. Application for MDEG Certificate

To Whom It May Concern:

Attached is the supplementary documentation to our application for Kestra Medical Technology Services, Inc. – a non-public, for-profit corporation. This includes a list of all Officers and Directors (attachment 1), and a Certificate of Good Standing/Existence from Washington - our state of domiciliation (attachment 2).

Kestra Medical Technology Services, Inc. is domiciled and licensed in the State of Washington and holds a current business license there. See attachment 3. The Washington State Pharmacy Quality Commission neither licenses nor inspects Durable Medical Equipment Providers. See attachment 4.

While we are not inspected by Washington State's Pharmacy Quality Assurance Commission, we have been inspected as part of our Medicare enrollment process by a CMS Inspector. We are also subject to inspection as part of the accreditation credentialling and renewal process by The Compliance Team™ (TCT). We were most recently inspected by CMS on March 26, 2021 and by TCT on August 17, 2021. See attachments 5 and 6, respectively.

As required, a current copy of our proof of liability insurance is also included. See attachment 7.

We trust these items will suffice as documentation of proper licensure, accreditation and inspection for Kestra Medical Technology Services, Inc. Thank you.

E. "Max" Maxon
Sr. Corporate Paralegal
Enclosures:
Attachment 1 – List of All Officers & Directors
Attachment 2 – Washington Certificate of Good Standing/("Registration")

Where is the facility located?	☐ Nevada	☒ Out-of-State
[a]Is the business also a wholesaler? (NRS 639.016)	☐ Yes	☒ No

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient**. The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

NEVADA STATE BOARD OF PHARMACY

985 Damonte Ranch Parkway, Suite 206 – Reno, NV 89521 – 775-850-1440

Medical Products Provider and Wholesaler – Medical Devices, Equipment and Gases (MDEG) Administrator Application

Rev (06/21/2022)

NAC 639.694

1. **Each medical products provider or medical products wholesaler shall employ an administrator at all times. The administrator must:**
   a. Be a natural person;
   b. Have a high school diploma or its equivalent;
   c. Have:
      i. At least 1,500 hours of verifiable work experience relating to the products provided by the medical products provider or medical products wholesaler; or
      ii. An associate's degree or higher degree from an accredited college or university in a field of study that is directly related to patient health care;
   d. Be employed by the medical products provider or medical products wholesaler at the place of business or facility of the employer at least 40 hours per week or during all regular business hours if the business or facility is regularly open less than 40 hours per week; and
   e. Be approved by the Board.
2. The administrator shall ensure that the operation of the business or facility complies with all applicable federal, state and local laws, regulations and rules.
3. A medical products provider or medical products wholesaler shall notify the staff of the Board of the cessation of employment of an administrator within 3 business days after the cessation of the employment. A medical products provider or medical products wholesaler shall notify the staff of the Board of the employment of a new administrator within 3 business days after the beginning of the employment.
4. A medical products provider or medical products wholesaler may not operate for more than 10 business days without an administrator. The Board may summarily suspend the operation of a business or facility that operates without an administrator.

NAC 639.6946

1. Except as otherwise provided in NAC 639.6945, a medical products provider shall:
   a. Provide services for all medical products sold, leased or otherwise provided by the medical products provider, including, without limitation, set up, repair and maintenance.
   b. Employ an administrator and other employees sufficient to provide the services described in paragraph (a).

NAC 639.6957

1. A medical products wholesaler shall:
   a. Employ a facility administrator and other employees sufficient to operate, set up, repair, maintain and service all medical products sold, leased or otherwise provided by the medical products wholesaler.

Please mail this completed application and all other required documents with your MDEG and/or Wholesaler Application to the address indicated above.

If you have any questions, please contact the Nevada State Board of Pharmacy at 775-850-1440 or by email at pharmacy@pharmacy.nv.gov.

Medical Products Provider- Medical Devices, Equipment and Gases (MDEG) Application

Non-Refundable $500 fee

Rev (05/12/2022)

Where is the facility located? ☐ Nevada ☒ Out-of-State

[a]Is the business also a wholesaler? (NRS 639.016) ☐ Yes ☒ No

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient.** The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

Type of Application (check applicable box)		MDEG Business Type (check applicable box)

Medical Products Provider- Medical Devices, Equipment and Gases (MDEG) Administrator Application

Rev (06/08/2021)

NAC 639.694

1. **Each medical products provider or medical products wholesaler shall employ an administrator at all times. The administrator must:**
    a. Be a natural person;
    b. Have a high school diploma or its equivalent;
    c. Have:
        i. At least 1,500 hours of verifiable direct patient-care work experience relating to the products provided by the medical products provider or medical products wholesaler; or
        ii. An associate's degree or higher degree from an accredited college or university in a field of study that is directly related to patient health care;
    d. Be employed by the medical products provider or medical products wholesaler at the place of business or facility of the employer at least 40 hours per week or during all regular business hours if the business or facility is regularly open less than 40 hours per week; and
    e. Be approved by the Board.
2. The administrator shall ensure that the operation of the business or facility complies with all applicable federal, state and local laws, regulations and rules.
3. A medical products provider or medical products wholesaler shall notify the staff of the Board of the cessation of employment of an administrator within 3 business days after the cessation of the employment. A medical products provider or medical products wholesaler shall notify the staff of the Board of the employment of a new administrator within 3 business days after the beginning of the employment.
4. A medical products provider or medical products wholesaler may not operate for more than 10 business days without an administrator. The Board may summarily suspend the operation of a business or facility that operates without an administrator.

Please mail this completed application and all other required documents with your MDEG Application to the address indicated above.

If you have any questions, please contact the Nevada State Board of Pharmacy at 775-850-1440 or by email at pharmacy@pharmacy.nv.gov.

Subject: RE: MDEG Application - Preferred Homecare - Kingman, AZ - Need more information
Attachments: Founders Healthcare good standing.png

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

It had been out intention to verify the good standing with the submitted printout. It can be verified directly from Arizona at https://ecorp.azcc.gov/BusinessSearch/BusinessInfo?entityNumber=L08255785. A screenshot is attached.

Founders Healthcare has no shareholders, stockholders, partners, or owners who are natural persons; only corporations, and so the Personal History Record Application is not applicable.

The revised MDEG Administrator experience form should be over to you soon

Subject: ::EXTERNAL:: MDEG Application - Preferred Homecare - Kingman, AZ - Need more information

*** Please note the message below originated on the Internet. Please use caution when replying or opening links or attachments. ***
To whom it may concern:

We received your MDEG Application for Preferred Homecare – Kingman, AZ. Please be advised that we are missing the below documentation -

- Certificate of Corporate Status or Certificate of Good Standing (within 6 months)
- Personal History Record Application – must be completed by each shareholder/stockholder/partner/owner. (If applicable)
- MDEG Administrator – page 4, section 7 please provide an updated page with the (Description of Duties) and the (Number of Employed Hours) instead of the years.

Can you please provide? We can attach it to your application and work to process this request.

Please let me know if you have any questions.
Thank you,

Olivia Mora

FAX: 602-771-2749

WALLET CARD

NAME : Maverick Healthcare Group, LLC
LICENSE NUMBER : C001745
EXPIRES : 10/31/2022

http://www.azpharmacy.gov

- Your license must be available for inspections during business hours.
- Permit holder(s) must display permit in the location to which it is issued.
- Please note it is your responsibility to keep this license/permit current.

Important Information

LICENSE HOLDER (pharmacist, intern, technician, technician-trainee)

- Holder of this license number, printed above, is authorized in accordance with A.A.C. R4-23-201(A), A.A.C. R4-23-301(A) or A.A.C R4-23-1101(A), to perform the duties associated within their profession. By holding this license, the licensee agrees to comply with state & federal law.
- You are required by law to notify the Board of any home address and/or employment change within 10 business days

PERMIT HOLDER (pharmacy, non-prescription retailer (OTC), wholesale, manufacture, CMG, DME)

- Holder of this permit number, printed above, is authorized to conduct business according to the classification specified in A.R.S. § 32-1908(A); A.A.C. R4-23-601 and A.A.C. R4-23-607. By holding this permit, the permittee agrees to comply with state & federal law
- In-state pharmacy, wholesaler & manufacture permit holder(s) who plan to remodel or move locations, must submit a change-of-location/remodel form within 30 days prior to move/remodel. In-state non-prescription (OTC), compressed medical gas (CMG) & DME providers who plan to move locations must notify the board within 10 business days of move.
- Out-of-State permit holders must notify the Board of location changes, in writing, within 10 business days of move. A revised copy of your state permit shall be submitted to the Board, when available.
- Permits are non-transferable. Ownership changes of more than 30% require that a new application be submitted to the Board.

Medical Products Provider- Medical Devices, Equipment and Gases (MDEG) Administrator Application

Rev (06/08/2021)

NAC 639.694

1. **Each medical products provider or medical products wholesaler shall employ an administrator at all times. The administrator must:**
    a. Be a natural person;
    b. Have a high school diploma or its equivalent;
    c. Have:
        i. At least 1,500 hours of verifiable direct patient-care work experience relating to the products provided by the medical products provider or medical products wholesaler; or
        ii. An associate's degree or higher degree from an accredited college or university in a field of study that is directly related to patient health care;
    d. Be employed by the medical products provider or medical products wholesaler at the place of business or facility of the employer at least 40 hours per week or during all regular business hours if the business or facility is regularly open less than 40 hours per week; and
    e. Be approved by the Board.
2. The administrator shall ensure that the operation of the business or facility complies with all applicable federal, state and local laws, regulations and rules.
3. A medical products provider or medical products wholesaler shall notify the staff of the Board of the cessation of employment of an administrator within 3 business days after the cessation of the employment. A medical products provider or medical products wholesaler shall notify the staff of the Board of the employment of a new administrator within 3 business days after the beginning of the employment.
4. A medical products provider or medical products wholesaler may not operate for more than 10 business days without an administrator. The Board may summarily suspend the operation of a business or facility that operates without an administrator.

Please mail this completed application and all other required documents with your MDEG Application to the address indicated above.

If you have any questions, please contact the Nevada State Board of Pharmacy at 775-850-1440 or by email at pharmacy@pharmacy.nv.gov.

Reno, NV 89521

Re: Wholesale and MDEG Application to Sell Contact Lenses in the State of Nevada

Dear Ms. Herrera,

This letter is to confirm that the California Board of Pharmacy or any other regulatory agency of the State of California does not require ABB/CON-CISE OPTICAL GROUP LLC *"ABB") to be licensed for the sale of medical devices in its contact lens distribution business. Therefore, there have been no licensure surveys or inspections completed at the ABB Florida facility.

If you have any questions, please do not hesitate to contact me. I can be reached at 305-432-6007.

Kind regards,

Michael E. Dell

1. At the request and on the instructions of ABB/CON-CISE OPTICALGROUP LLC, we, Sumitomo Mitsui Banking Corporation, New York Branch, hereby establish in favor of the Beneficiary, the Nevada State Board of Pharmacy (Board), this Irrevocable Standby Letter of Credit (Credit) in the principal sum of $100,000.00 [One Hundred Thousand and 00/100 United States Dollars].

2. This Credit is and has been established for the sole benefit of the Board pursuant to the terms of NRS 639.515 pertaining to the initial or renewal application filed by the Applicant/Licensee.

3. This Credit is intended by the parties to serve as a security device for the performance by Applicant/Licensee of its obligations under applicable Nevada law regarding Applicant/Licensee's operation as a pharmaceutical wholesaler.

SUMITOMO MITSUI BANKING CORPORATION
277 Park Avenue
New York, NY 10172, U.S.A.

4. The Board shall be entitled to draw upon this Credit by presentation of a Certificate of Drawing purporting to be duly executed in substantially the same form as Attachment A, attached hereto, at our office located at the address above.

5. The Certificate of Drawing shall be completed and purportedly signed by the Executive Secretary for the Board. Presentation by the Board of a completed Certificate of Drawing may be made in person or by courier provided that presentment by courier is followed by a confirmatory phone call to 212-224-4310, Attn: Trade Credit Services Department.

6. If presentation of a purportedly duly executed Certificate of Drawing as above Provided is made on a Business Day and such presentation is made on or before 10:00 a.m. New York Time, we shall satisfy such drawing request on the second Business Day following such request. If the drawing certificate is received after 10:00 a.m. New York Time, we will satisfy such drawing request on the third Business Day following such request. Payment shall be made to the Board, to an account designated by the Board, in immediately available funds, as the Board shall specify in writing.

7. Funds may be drawn in one or more drawings not to exceed the principal sum.

8. If demand for payment does not conform to the terms of the Credit, we shall give the Board prompt notice that the demand for payment was not effected in accordance with the terms of this Credit, state the reasons therefore, and await further instructions.

9. Upon being notified that the demand for payment was not effected in conformity with the Credit, the Board may correct any such non-conforming demand for payment.

10. All drawings under this Credit shall be paid with our funds. Each drawing honored by us hereunder shall reduce, *pro tanto,* the principal sum. By paying to the Board an amount demanded in accordance herewith, we make no representations as to the correctness of the amount demanded.

11. This Credit will be cancelled in whole or in part only upon receipt by us of a Certificate of Cancellation which shall be in the form of Attachment B, attached hereto and shall be completed and purportedly signed by the Executive Secretary of the Board.

12. Communications with respect to this Credit shall be in writing and addressed to us at the address above and shall specifically refer to this Credit by the number above.

13. This Credit may not be transferred or assigned, either in whole or in part.

14. This Credit shall be governed by the International Standby Practices Publication No. 590 of the International Chamber of Commerce, including any amendments, modifications or revisions thereof (the "ISP"), except to the extent that terms hereof are

SUMITOMO MITSUI BANKING CORPORATION
277 Park Avenue
New York, NY 10172, U.S.A.

inconsistent with the provisions of the ISP, in which case the terms of the Credit shall govern. This Credit shall be governed by the internal laws of the State of New York to the extent that the terms of the ISP are not applicable; provided that, in the event of any conflict between the ISP and such New York laws, the ISP shall control.

15. It is a condition of this Credit that it will be automatically extended without amendment for one (1) year from the expiration date hereof, or any future expiration date, unless at least ninety (90) days prior to any expiration date we send notice to you at the above address by registered mail or courier service that we elect not to consider this Credit extended for any such period.

THEREFORE,
has executed and delivered this Irrevocable Standby Letter of Credit to the Board as of the 22nd day of MARCH, 2022

CERTIFICATE OF DRAWING

Sumitomo Mitsui Banking Corporation, New York Branch
277 Park Avenue
New York, NY 10172
(Attn: Trade Credit Services Department)

Applicant/Licensee :
ABB/CON-CISE OPTICALGROUP LLC

IRREVOCABLE STANDBY LETTER OF CREDIT NO.: LG/MIS/NY-214871

To Beneficiary: Nevada State Board of Pharmacy
985 Damonte Ranch Pkwy, Suite
206 Reno, NV 89521
Attn: Executive Secretary

The undersigned, the Executive Secretary for the Nevada State Board of Pharmacy (Board) hereby certifies to the Issuer that:
1. A lawful order imposing fines and/or costs against the Applicant/Licensee has been entered that entitles the Board to draw against Irrevocable Standby Letter of Credit No. LG/MIS/NY-214871 (Credit).
2. The undersigned is authorized under the terms of the Credit to present this Certificate of Drawing as the sole means for demanding payment on the Credit.
3. The Board is therefore making a drawing under the Credit in the amount of $ (INSERT AMOUNT).
4. The amount demanded does not exceed the principal sum.
5. Sums received shall be used by the Board in accordance with the terms of the Credit.
6. The amount of drawing requested shall be payable to the Board in lawful, immediately available funds to be received by the Board at the above address.

THEREFORE, the undersigned has executed and delivered this Certificate of Drawing on this day of , 20 .

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 20BSBIW6143

Application/License No. _____

Alvogen, Inc. and entities on attached schedule (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 44 Whippany Road, Morristown, NJ 07960 (Address of Applicant/Principal), as PRINCIPAL, and Hartford Fire Insurance Company (Surety Company), a corporation organized under the laws of the state of Connecticut (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One Hartford Plaza, Hartford, CT 06155 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on June 1, 2022 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 1st day of June, 20[illegible].

Attachment to CeQur Corporation's Out-of-State Wholesaler New Application (Nevada Board of Pharmacy)

Description of Operations

CeQur Corp. ("CeQur") is a wholly-owned (100%) subsidiary of CeQur, SA, located in Horw, Switzerland.

CeQur is a virtual manufacturer of an FDA-approved 510K Class 2 wearable insulin delivery device. The device does not contain a drug.

As a virtual manufacturer, CeQur does not manufacture, maintain or warehouse its products at the Greenville, South Carolina, facility.

There are no non-controlled or controlled drugs in its products list. CeQur does not need a DEA registration.

CeQur's legend device product is manufactured by contract manufacturers and is physically shipped using a 3PL company. CeQur's device is sold to Wholesalers, pharmacies, DME suppliers. The product is also provided to licensed physicians in the form of a starter kit that is given to patients by the licensed physician at no charge to learn how to use the device. Samples are also provided to sales representatives.

The Greenville, South Carolina, facility is CeQur's US corporate headquarters. CeQur's normal hours of operations are Monday through Friday from 8:00 a.m. to 5:00 p.m. ET.

Ownership

CeQur Corp. ("CeQur") is a wholly-owned subsidiary of CeQur, SA, located in Horw, Switzerland.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. S-919424

Application/License No. _____

CeQur Corporation (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 355 S. Main Street Greenville, SC 29601 (Address of Applicant/Principal), as PRINCIPAL, and NGM Insurance Company (Surety Company), a corporation organized under the laws of the state of Florida (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 55 West Street Keene NH 03431-7000 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 7/8/2022 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 8th day of July, 2022.

POWER OF ATTORNEY

S-919424

KNOW ALL MEN BY THESE PRESENTS: That NGM Insurance Company, a Florida corporation having its principal office in the City of Jacksonville, State of Florida, pursuant to Article IV, Section 2 of the By-Laws of said Company, to wit:

"SECTION 2. The board of directors, the president, any vice president, secretary, or the treasurer shall have the power and authority to appoint attorneys-in-fact and to authorize them to execute on behalf of the company and affix the seal of the company thereto, bonds, recognizances, contracts of indemnity or writings obligatory in the nature of a bond, recognizance or conditional undertaking and to remove any such attorneys-in-fact at any time and revoke the power and authority given to them."

does hereby make, constitute and appoint Corinne E Yousey its true and lawful Attorney-in-fact, to make, execute, seal and deliver for and on its behalf, and as its act and deed bond number S-919424 dated July 8, 2022 , on behalf of **** CeQur Corporation **** in favor of Nevada State Board of Pharmacy for Twenty Five Thousand and 00/100 Dollars ($ 25,000) and to bind NGM Insurance Company thereby as fully and to the same extent as if such instrument was signed by the duly authorized officers of NGM Insurance Company; this act of said Attorney is hereby ratified and confirmed.

This power of attorney is signed and sealed by facsimile under and by the authority of the following resolution adopted by the Directors of NGM Insurance Company at a meeting duly called and held on the 2nd day of December 1977.

Voted: That the signature of any officer authorized by the By-Laws and the company seal may be affixed by facsimile to any power of attorney or special power of attorney or certification of either given for the execution of any bond, undertaking, recognizance or other written obligation in the nature thereof; such signature and seal, when so used being hereby adopted by the company as the original signature of such officer and the original seal of the company, to be valid and binding upon the company with the same force and effect as though manually affixed.

IN WITNESS WHEREOF, NGM Insurance Company has caused these presents to be signed by its Vice President, General Counsel and Secretary and its corporate seal to be hereto affixed this 7th day of January, 2020.

Feingold, Laura

From: Mark I. Sedar <msedar@pharmacy.nv.gov>
Sent: Monday, March 7, 2022 9:08 AM
To: Feingold, Laura
Subject: RE: Quick Question Which Application to Use . . .

External Email – Please use caution before opening attachments or clicking links

Hi Laura,

Based on your reply, they would need a wholesaler license.

Regards,

Mark Sedar

[redacted]

Hi, Mark, good morning!

Sorry for the late response. They won't sell/ship directly to patients. Their customers are distributors, pharmacies and DME suppliers. They will provide starter kit samples to physicians so the physician can instruct the patient in use.

Working remote, please email.

[redacted]

Hey, Mark, good morning!

I'm assisting a client with preparation of a new application. They are a device virtual manufacturer—not domiciled in Nevada. Their product is an insulin delivery system, no drug inside.

Do I use the wholesaler application or the MDEG?

Working remote, please email.

NEVADA STATE BOARD OF PHARMACY

985 Damonte Ranch Parkway, Suite 206 – Reno, NV 89521 – 775-850-1440

Designated Representative Application

Rev (04/22/2021)

An application for a license, or a licensee with a license, to conduct a pharmacy or to operate as a wholesaler shall designate at least one natural person to serve as the representative of the pharmacy or wholesaler. The Board will not issue or renew a license of an applicant or licensee that is required to designate a representative of a pharmacy or wholesaler unless the Board determines that the designated natural person meets the following qualifications per NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler):

1. Is at least 21 years of age;
2. Has been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.

The designated representative of a pharmacy or a wholesaler:

1. Must be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
2. Must be employed full-time in a managerial level position with the pharmacy or wholesaler;
3. Must be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
4. May serve in this representative capacity for only one pharmacy or wholesaler at a time

A pharmacy or wholesaler that is required to designate a natural person as its representative shall not open or operate the pharmacy or wholesaler unless that representative is actually employed full-time in the operation of the pharmacy or wholesaler and is physically present at the site of the pharmacy or wholesaler during regular working hours, not including sick leave, vacation leave and other authorized absences from work. If the natural person designated as the representative of a pharmacy leaves the employ of the pharmacy or wholesaler, thus leaving the pharmacy or wholesaler without a representative in violation of this section, the pharmacy or wholesaler shall:

1. Immediately cease conducting business until another qualified natural person is approved by the Board to serve as the representative of the pharmacy or wholesaler; and
2. Not later than 48 hours after that person leaves its employ, notify the Board that the person designated as the representative of the pharmacy or wholesaler has left the employ of the pharmacy or wholesaler.

Before a pharmacy or wholesaler, that is in violation of NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler) because the natural person designated as the representative of the pharmacy or wholesaler left the employ of the pharmacy or wholesaler, may continue conducting business:

1. The pharmacy or wholesaler must designate, on a form provided by the Board, a new natural person to serve as the representative of the pharmacy; and
2. The Board must approve the natural person so designated.

Section 7: A designated representative must provide proof that he or she has been employed for at least 6,000 hours in pharmacies (NAC 639.5005) or wholesalers (NAC 639.5935) in a capacity related to the dispensing and distribution of, and record keeping related to, prescription drugs. Beginning with the most current, list your hours of employment related to the above.

Administrator Application

Rev (06/08/2021)

NAC 639.694

1. **Each medical products provider or medical products wholesaler shall employ an administrator at all times. The administrator must:**
    a. Be a natural person;
    b. Have a high school diploma or its equivalent;
    c. Have:
        i. At least 1,500 hours of verifiable direct patient-care work experience relating to the products provided by the medical products provider or medical products wholesaler; or
        ii. An associate's degree or higher degree from an accredited college or university in a field of study that is directly related to patient health care;
    d. Be employed by the medical products provider or medical products wholesaler at the place of business or facility of the employer at least 40 hours per week or during all regular business hours if the business or facility is regularly open less than 40 hours per week; and
    e. Be approved by the Board.
2. The administrator shall ensure that the operation of the business or facility complies with all applicable federal, state and local laws, regulations and rules.
3. A medical products provider or medical products wholesaler shall notify the staff of the Board of the cessation of employment of an administrator within 3 business days after the cessation of the employment. A medical products provider or medical products wholesaler shall notify the staff of the Board of the employment of a new administrator within 3 business days after the beginning of the employment.
4. A medical products provider or medical products wholesaler may not operate for more than 10 business days without an administrator. The Board may summarily suspend the operation of a business or facility that operates without an administrator.

Fax: (775) 850-1444

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. K15754382

Application/License No. _____

Datascope Corp. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 45 Barbour Pond Drive, Wayne, NJ 07470 (Address of Applicant/Principal), as PRINCIPAL, and Federal Insurance Company (Surety Company), a corporation organized under the laws of the state of Indiana (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 202B Halls Mill Road, P.O. Box 1650, Whitehouse Station, NJ 08889 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on March 31st, 2022 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 31st day of March, 2022.

Notary Public

CERTIFICATION

Resolutions adopted by the Boards of Directors of FEDERAL INSURANCE COMPANY, VIGILANT INSURANCE COMPANY, and PACIFIC INDEMNITY COMPANY on August 30, 2016; WESTCHESTER FIRE INSURANCE COMPANY on December 11, 2006; and ACE AMERICAN INSURANCE COMPANY on March 20, 2009:

"RESOLVED, that the following authorizations relate to the execution, for and on behalf of the Company, of bonds, undertakings, recognizances, contracts and other written commitments of the Company entered into in the ordinary course of business (each a "Written Commitment"):

(1) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized to execute any Written Commitment for and on behalf of the Company, under the seal of the Company or otherwise.

(2) Each duly appointed attorney-in-fact of the Company is hereby authorized to execute any Written Commitment for and on behalf of the Company, under the seal of the Company or otherwise, to the extent that such action is authorized by the grant of powers provided for in such person's written appointment as such attorney-in-fact.

(3) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized, for and on behalf of the Company, to appoint in writing any person the attorney-in-fact of the Company with full power and authority to execute, for and on behalf of the Company, under the seal of the Company or otherwise, such Written Commitments of the Company as may be specified in such written appointment, which specification may be by general type or class of Written Commitments or by specification of one or more particular Written Commitments.

(4) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized, for and on behalf of the Company, to delegate in writing to any other officer of the Company the authority to execute, for and on behalf of the Company, under the Company's seal or otherwise, such Written Commitments of the Company as are specified in such written delegation, which specification may be by general type or class of Written Commitments or by specification of one or more particular Written Commitments.

(5) The signature of any officer or other person executing any Written Commitment or appointment or delegation pursuant to this Resolution, and the seal of the Company, may be affixed by facsimile on such Written Commitment or written appointment or delegation.

FURTHER RESOLVED, that the foregoing Resolution shall not be deemed to be an exclusive statement of the powers and authority of officers, employees and other persons to act for and on behalf of the Company, and such Resolution shall not limit or otherwise affect the exercise of any such power or authority otherwise validly granted or vested."

I, Dawn M. Chloros, Assistant Secretary of FEDERAL INSURANCE COMPANY, VIGILANT INSURANCE COMPANY, PACIFIC INDEMNITY COMPANY, WESTCHESTER FIRE INSURANCE COMPANY and ACE AMERICAN INSURANCE COMPANY (the "Companies") do hereby certify that

(i) the foregoing Resolutions adopted by the Board of Directors of the Companies are true, correct and in full force and effect.
(ii) the foregoing Power of Attorney is true, correct and in full force and effect.

Given under my hand and seals of said Companies at Whitehouse Station, NJ, this 31st day of March, 2022

Dawn M. Chloros

Dawn M. Chloros, Assistant Secretary

Designated Representative Application

Rev (04/22/2021)

An application for a license, or a licensee with a license, to conduct a pharmacy or to operate as a wholesaler shall designate at least one natural person to serve as the representative of the pharmacy or wholesaler. The Board will not issue or renew a license of an applicant or licensee that is required to designate a representative of a pharmacy or wholesaler unless the Board determines that the designated natural person meets the following qualifications per NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler):

1. Is at least 21 years of age;
2. Has been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.

The designated representative of a pharmacy or a wholesaler:

1. Must be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
2. Must be employed full-time in a managerial level position with the pharmacy or wholesaler;
3. Must be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
4. May serve in this representative capacity for only one pharmacy or wholesaler at a time

A pharmacy or wholesaler that is required to designate a natural person as its representative shall not open or operate the pharmacy or wholesaler unless that representative is actually employed full-time in the operation of the pharmacy or wholesaler and is physically present at the site of the pharmacy or wholesaler during regular working hours, not including sick leave, vacation leave and other authorized absences from work. If the natural person designated as the representative of a pharmacy leaves the employ of the pharmacy or wholesaler, thus leaving the pharmacy or wholesaler without a representative in violation of this section, the pharmacy or wholesaler shall:

1. Immediately cease conducting business until another qualified natural person is approved by the Board to serve as the representative of the pharmacy or wholesaler; and
2. Not later than 48 hours after that person leaves its employ, notify the Board that the person designated as the representative of the pharmacy or wholesaler has left the employ of the pharmacy or wholesaler.

Before a pharmacy or wholesaler, that is in violation of NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler) because the natural person designated as the representative of the pharmacy or wholesaler left the employ of the pharmacy or wholesaler, may continue conducting business:

1. The pharmacy or wholesaler must designate, on a form provided by the Board, a new natural person to serve as the representative of the pharmacy; and
2. The Board must approve the natural person so designated.

Section 7: A designated representative must provide proof that he or she has been employed for at least 6,000 hours in pharmacies (NAC 639.5005) or wholesalers (NAC 639.5935) in a capacity related to the dispensing and distribution of, and record keeping related to, prescription drugs. Beginning with the most current, list your hours of employment related to the above.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 0766321

Application/License No. _____

Edenbridge Pharmaceuticals, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 169 Lackwanna Avenue, Suite 110, Parsippany NJ 07054 (Address of Applicant/Principal), as PRINCIPAL, and Harco National Insurance Company (Surety Company), a corporation organized under the laws of the state of Illinois (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 702 Oberlin Road, Raleigh, NC 27605 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 09/14/2020 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

POWER OF ATTORNEY

Bond # 0766321

HARCO NATIONAL INSURANCE COMPANY
INTERNATIONAL FIDELITY INSURANCE COMPANY

Member companies of IAT Insurance Group, Headquartered: 702 Oberlin Road, Raleigh, North Carolina 27605

KNOW ALL MEN BY THESE PRESENTS: That **HARCO NATIONAL INSURANCE COMPANY**, a corporation organized and existing under the laws of the State of Illinois, and **INTERNATIONAL FIDELITY INSURANCE COMPANY**, a corporation organized and existing under the laws of the State of New Jersey, and having their principal offices located respectively in the cities of Rolling Meadows, Illinois and Newark, New Jersey, do hereby constitute and appoint

MICHAEL PARR, ROBYN ROST

Summmit, NJ

their true and lawful attorney(s)-in-fact to execute, seal and deliver for and on its behalf as surety, any and all bonds and undertakings, contracts of indemnity and other writings obligatory in the nature thereof, which are or may be allowed, required or permitted by law, statute, rule, regulation, contract or otherwise, and the execution of such instrument(s) in pursuance of these presents, shall be as binding upon the said **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY**, as fully and amply, to all intents and purposes, as if the same had been duly executed and acknowledged by their regularly elected officers at their principal offices.

This Power of Attorney is executed, and may be revoked, pursuant to and by authority of the By-Laws of **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY** and is granted under and by authority of the following resolution adopted by the Board of Directors of **INTERNATIONAL FIDELITY INSURANCE COMPANY** at a meeting duly held on the 13th day of December, 2018 and by the Board of Directors of **HARCO NATIONAL INSURANCE COMPANY** at a meeting held on the 13th day of December, 2018.

"**RESOLVED**, that (1) the Chief Executive Officer, President, Executive Vice President, Senior Vice President, Vice President, or Secretary of the Corporation shall have the power to appoint, and to revoke the appointments of, Attorneys-in-Fact or agents with power and authority as defined or limited in their respective powers of attorney, and to execute on behalf of the Corporation and affix the Corporation's seal thereto, bonds, undertakings, recognizances, contracts of indemnity and other written obligations in the nature thereof or related thereto; and (2) any such Officers of the Corporation may appoint and revoke the appointments of joint-control custodians, agents for acceptance of process, and Attorneys-in-fact with authority to execute waivers and consents on behalf of the Corporation; and (3) the signature of any such Officer of the Corporation and the Corporation's seal may be affixed by facsimile to any power of attorney or certification given for the execution of any bond, undertaking, recognizance, contract of indemnity or other written obligation in the nature thereof or related thereto, such signature and seals when so used whether heretofore or hereafter, being hereby adopted by the Corporation as the original signature of such officer and the original seal of the Corporation, to be valid and binding upon the Corporation with the same force and effect as though manually affixed."

IN WITNESS WHEREOF, **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY** have each executed and attested these presents on this 31st day of December, 2018

I David G. Pirrung, attest that I am the duly appointed President of: Harco National Insurance Company ("Harco"); Commercial Alliance Insurance Company; Transguard Insurance Company of America, Inc.; Occidental Fire & Casualty Company of North Carolina; Wilshire Insurance Company; Acceptance Indemnity Insurance Company and Acceptance Casualty Insurance Company, which are all members of a Reinsurance Pooling Agreement, whereby Harco is the "Pool Leader" and all other companies previously listed are "Pool Members" (the Pool Leader and Pool Members are collectively referred to as the ("Pool").

I further attest that the attached statutory-basis statement of assets, liabilities, surplus and other funds was compiled from the annual statements, with appropriate eliminations, of each company within the Pool as they were filed with the respective state departments of insurance and National Association of Insurance Commissioners.

IN TESTIMONY WHEREOF, I have set my hand and affixed the seal of Harco, this 18th day of March, 2019.

Harco National Insurance Company

POWER OF ATTORNEY

Bond # 0766321

HARCO NATIONAL INSURANCE COMPANY
INTERNATIONAL FIDELITY INSURANCE COMPANY

Member companies of IAT Insurance Group, Headquartered: 702 Oberlin Road, Raleigh, North Carolina 27605

KNOW ALL MEN BY THESE PRESENTS: That **HARCO NATIONAL INSURANCE COMPANY**, a corporation organized and existing under the laws of the State of Illinois, and **INTERNATIONAL FIDELITY INSURANCE COMPANY**, a corporation organized and existing under the laws of the State of New Jersey, and having their principal offices located respectively in the cities of Rolling Meadows, Illinois and Newark, New Jersey, do hereby constitute and appoint

MICHAEL PARR, ROBYN ROST

Summmit, NJ

their true and lawful attorney(s)-in-fact to execute, seal and deliver for and on its behalf as surety, any and all bonds and undertakings, contracts of indemnity and other writings obligatory in the nature thereof, which are or may be allowed, required or permitted by law, statute, rule, regulation, contract or otherwise, and the execution of such instrument(s) in pursuance of these presents, shall be as binding upon the said **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY**, as fully and amply, to all intents and purposes, as if the same had been duly executed and acknowledged by their regularly elected officers at their principal offices.

This Power of Attorney is executed, and may be revoked, pursuant to and by authority of the By-Laws of **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY** and is granted under and by authority of the following resolution adopted by the Board of Directors of **INTERNATIONAL FIDELITY INSURANCE COMPANY** at a meeting duly held on the 13th day of December, 2018 and by the Board of Directors of **HARCO NATIONAL INSURANCE COMPANY** at a meeting held on the 13th day of December, 2018.

"**RESOLVED**, that (1) the Chief Executive Officer, President, Executive Vice President, Senior Vice President, Vice President, or Secretary of the Corporation shall have the power to appoint, and to revoke the appointments of, Attorneys-in-Fact or agents with power and authority as defined or limited in their respective powers of attorney, and to execute on behalf of the Corporation and affix the Corporation's seal thereto, bonds, undertakings, recognizances, contracts of indemnity and other written obligations in the nature thereof or related thereto; and (2) any such Officers of the Corporation may appoint and revoke the appointments of joint-control custodians, agents for acceptance of process, and Attorneys-in-fact with authority to execute waivers and consents on behalf of the Corporation; and (3) the signature of any such Officer of the Corporation and the Corporation's seal may be affixed by facsimile to any power of attorney or certification given for the execution of any bond, undertaking, recognizance, contract of indemnity or other written obligation in the nature thereof or related thereto, such signature and seals when so used whether heretofore or hereafter, being hereby adopted by the Corporation as the original signature of such officer and the original seal of the Corporation, to be valid and binding upon the Corporation with the same force and effect as though manually affixed."

IN WITNESS WHEREOF, **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY** have each executed and attested these presents on this 31st day of December, 2018

HARCO NATIONAL INSURANCE COMPANY CORPORATE SEAL 1984 ILLINOIS

Kenneth Chapman
Executive Vice President, Harco National Insurance Company
and International Fidelity Insurance Company

On this 31st day of December, 2018, before me came the individual who executed the preceding instrument, to me personally known, and, being by me duly sworn, said he is the therein described and authorized officer of **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY**; that the seals affixed to said instrument are the Corporate Seals of said Companies; that the said Corporate Seals and his signature were duly affixed by order of the Boards of Directors of said Companies.

SHIRELLE A. OUTLEY NOTARY PUBLIC NEW JERSEY My Comm. Exp. 04-04-2023 No. 50079910

IN TESTIMONY WHEREOF, I have hereunto set my hand affixed my Official Seal, at the City of Newark, New Jersey the day and year first above written.

Shirelle A. Outley a Notary Public of New Jersey
My Commission Expires April 04, 2023

CERTIFICATION

I, the undersigned officer of **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY** do hereby certify that I have compared the foragoing copy of the Power of Attorney and affidavit, and the copy of the Sections of the By-Laws of said Companies as set forth in said Power of Attorney, with the originals on file in the home office of said companies, and that the same are correct transcripts thereof, and of the whole of the said originals, and that the said Power of Attorney has not been revoked and is now in full force and effect.

IN TESTIMONY WHEREOF, I have hereunto set my hand on this day, September 13, 2021

Irene Martins, Assistant Secretary

3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # _____. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
N/A				
Case #		Governing, licensing, Arresting Presiding Body/Agency/Court		
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity				

Provide explanation below: N/A

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 800034111

Application/License No. WHO 2037

Exela Pharma Sciences, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 1245 Blowing Rock Blvd., Lenoir, NC 28645 and 2101 Morganton Blvd., SW, Lenoir, NC 28645 (Address of Applicant/Principal), as PRINCIPAL, and Atlantic Specialty Insurance Company (Surety Company), a corporation organized under the laws of the state of New York (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 605 Highway 169 North, Suite 800, Plymouth, MN 55441 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on June 29, 2022 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 29th day of June, 2022.

[intact] INSURANCE

KNOW ALL MEN BY THESE PRESENTS, that ATLANTIC SPECIALTY INSURANCE COMPANY, a New York corporation with its principal office in Plymouth, Minnesota, does hereby constitute and appoint: **Robert M. Coon, Windy Lovelady, Joanna M. Carson, Jessica Fisher, Theresa Stump, James J. Roberts III, B. Jones III, Bethany A. Murphy, Deanna W. Sparks, H. A. Wright Jr., Katherine Fowler, Stephen B. Dolin**, each individually if there be more than one named, its true and lawful Attorney-in-Fact, to make, execute, seal and deliver, for and on its behalf as surety, any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof; provided that no bond or undertaking executed under this authority shall exceed in amount the sum of: **unlimited** and the execution of such bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof in pursuance of these presents, shall be as binding upon said Company as if they had been fully signed by an authorized officer of the Company and sealed with the Company seal. This Power of Attorney is made and executed by authority of the following resolutions adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the President, any Senior Vice President or Vice-President (each an "Authorized Officer") may execute for and in behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and affix the seal of the Company thereto; and that the Authorized Officer may appoint and authorize an Attorney-in-Fact to execute on behalf of the Company any and all such instruments and to affix the Company seal thereto; and that the Authorized Officer may at any time remove any such Attorney-in-Fact and revoke all power and authority given to any such Attorney-in-Fact.

Resolved: That the Attorney-in-Fact may be given full power and authority to execute for and in the name and on behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and any such instrument executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed and sealed by an Authorized Officer and, further, the Attorney-in-Fact is hereby authorized to verify any affidavit required to be attached to bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof.

This power of attorney is signed and sealed by facsimile under the authority of the following Resolution adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the signature of an Authorized Officer, the signature of the Secretary or the Assistant Secretary, and the Company seal may be affixed by facsimile to any power of attorney or to any certificate relating thereto appointing an Attorney-in-Fact for purposes only of executing and sealing any bond, undertaking, recognizance or other written obligation in the nature thereof, and any such signature and seal where so used, being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed.

IN WITNESS WHEREOF, ATLANTIC SPECIALTY INSURANCE COMPANY has caused these presents to be signed by an Authorized Officer and the seal of the Company to be affixed this twenty-seventh day of April, 2020.

ATLANTIC SPECIALTY INSURANCE COMPANY CORPORATE SEAL 1986 NEW YORK

EXTERNAL EMAIL: Take extra care and caution before clicking on links or opening attachments

Hello Rebecca,

Thank you for the email concerning the FDA registration. After a review of the information, please note that a DUNS Number is not associated with the FDA. DUNS refers to Dunn and Bradstreet which is a unique number used for identifying a business. As I mentioned, to be eligible for the fingerprint exemption, please refer to the following regulations.

NAC 639.593 Licensing requirements; consideration of transaction as wholesale transaction; transferability and renewal of license. (NRS 639.070, 639.100, 639.500)

1. Each applicant for a license to engage in the wholesale distribution of prescription drugs must submit an application to the Board. The application must be made on a form furnished by the Board. The application must include:

(a) The name, business address and telephone number of the applicant and the address of the facility, if different from the address of the applicant;

(b) All trade or business names used by the applicant;

(c) The address, telephone number and name of the person who manages the facility;

(d) The type of ownership or operation of the facility;

(e) Except as otherwise provided in subsection 7:

(1) A complete set of fingerprints from each person required to submit fingerprints pursuant to NRS 639.500; and

(2) Written permission from each person who submitted fingerprints authorizing the Board to forward the fingerprints to the Central Repository for Nevada Records of Criminal History for submission to the Federal Bureau of Investigation for its report; and

(f) If the applicant is a:

(1) Natural person, the name of the person.

(2) Partnership, the name of the partnership and the name of each partner.

(3) Corporation, the name and title of each officer and director of the corporation, the corporate name and the state of incorporation, and the name of the parent company, if any.

(4) Sole proprietorship, the name of the sole proprietor and the name of the business entity.

2. If a wholesaler distributes prescription drugs from more than one facility, the wholesaler must obtain a license for each facility.

3. The Board will not consider the sale or distribution of a prescription drug to be a wholesale transaction if the sale, distribution or other transaction involving the prescription drug is a sale, distribution or other transaction in which:

(a) A wholesaler licensed by the Board or the relevant authority of another state sells, distributes or otherwise provides a prescription drug to a wholesaler or pharmacy licensed by the Board;

(b) Both the transferring wholesaler and the transferee are wholly owned by a common owner; and

(c) The common owner is a publicly traded corporation.

Ê For the purposes of this subsection, a wholesaler whose transaction does not comply with the provisions of paragraphs (a), (b) and (c) may apply to the Board to consider the transaction of the wholesaler not to be a wholesale transaction if the wholesaler provides proof that is satisfactory to the Board that the proposed transaction will not endanger the public and is not proposed for the purpose of evading the provisions of this chapter and chapter 639 of NRS. The Board will consider such a transaction to be a wholesale transaction until the Board approves the application of the wholesaler.

4. An applicant shall submit to the Board any change in the information required by this section within 30 days after the change occurs.

5. A license issued by the Board is not transferable.

6. Except as otherwise provided in subsection 7, each wholesaler applying for renewal of a license to engage in the wholesale distribution of prescription drugs must submit:

(a) A complete set of fingerprints from each person required to submit fingerprints pursuant to NRS 639.500; and

(b) Written permission from each person who submitted fingerprints authorizing the Board to forward the fingerprints to the Central Repository for Nevada Records of Criminal History for submission to the Federal Bureau of Investigation for its report.

7. Unless the Board otherwise requires, a wholesaler is not required to submit fingerprints pursuant to subsection 6 if:

(a) The wholesaler's securities are publicly traded and regulated by the Securities Exchange Act of 1934, as amended, 15 U.S.C. §§ 78a et seq.;

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 2160212

Application/License No. _____

Fisher & Paykel Healthcare, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 16 TECHNOLOGY DRIVE #161, IRVINE CA 92618 (Address of Applicant/Principal), as PRINCIPAL, and Great American Insurance Company (Surety Company), a corporation organized under the laws of the state of Ohio (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 16 Technology Drive #161, Irvine, CA 92618 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on April 11, 2022 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

1/3

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 11th day of April, 20 22.

GREAT AMERICAN INSURANCE COMPANY

Assistant Secretary

Divisional Senior Vice President

MARK VICARIO (877-377-2405)

STATE OF OHIO, COUNTY OF HAMILTON - ss:

On this 4TH day of NOVEMBER, 2019, before me personally appeared MARK VICARIO, to me known, being duly sworn, deposes and says that he resides in Cincinnati, Ohio, that he is a Divisional Senior Vice President of the Bond Division of Great American Insurance Company, the Company described in and which executed the above instrument; that he knows the seal of the said Company; that the seal affixed to the said instrument is such corporate seal; that it was so affixed by authority of his office under the By-Laws of said Company, and that he signed his name thereto by like authority.

SUSAN A KOHORST
Notary Public
State of Ohio
My Comm. Expires
May 18, 2025

This Power of Attorney is granted by authority of the following resolutions adopted by the Board of Directors of Great American Insurance Company by unanimous written consent dated June 9, 2008.

RESOLVED: That the Divisional President, the several Divisional Senior Vice Presidents, Divisional Vice Presidents and Divisional Assistant Vice Presidents, or any one of them, be and hereby is authorized, from time to time, to appoint one or more Attorneys-in-Fact to execute on behalf of the Company, as surety, any and all bonds, undertakings and contracts of suretyship, or other written obligations in the nature thereof; to prescribe their respective duties and the respective limits of their authority; and to revoke any such appointment at any time.

RESOLVED FURTHER: That the Company seal and the signature of any of the aforesaid officers and any Secretary or Assistant Secretary of the Company may be affixed by facsimile to any power of attorney or certificate of either given for the execution of any bond, undertaking, contract of suretyship, or other written obligation in the nature thereof; such signature and seal when so used being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed.

CERTIFICATION

I, STEPHEN C. BERAHA, Assistant Secretary of Great American Insurance Company, do hereby certify that the foregoing Power of Attorney and the Resolutions of the Board of Directors of June 9, 2008 have not been revoked and are now in full force and effect.

Signed and sealed this 11th day of April, 2022

U.S. FOOD & DRUG ADMINISTRATION

NDA 215888

NDA APPROVAL

Mycovia Pharmaceuticals, Inc.
Attention: Thorsten Degenhardt, PhD
Chief Operating Officer
4721 Emperor Boulevard, Suite 200
Durham, NC 27703

Dear Dr. Degenhardt:

Please refer to your new drug application (NDA) dated and received May 27, 2021, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Vivjoa (oteseconazole) capules, 150 mg.

We acknowledge receipt of your major amendment dated January 25, 2022, which extended the goal date by three months.

This NDA provides for the use of Vivjoa (oteseconazole) capules to reduce the incidence of recurrent vulvovaginal candidiasis (RVVC) in females with a history of RVVC who are NOT of reproductive potential.

APPROVAL & LABELING

We have completed our review of this application, as amended. It is approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, submit the content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format using the FDA automated drug registration and listing system (eLIST), as described at FDA.gov.[1] Content of labeling must be identical to the enclosed labeling (text for the Prescribing Information and Patient Package Inserts) as well as annual reportable changes not included in the enclosed labeling. Information on submitting SPL files using eLIST may be found in the guidance for industry *SPL Standard for Content of Labeling Technical Qs and As.*[2]

[1] http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm
[2] We update guidances periodically. For the most recent version of a guidance, check the FDA Guidance Documents Database https://www.fda.gov/RegulatoryInformation/Guidances/default.htm.

The SPL will be accessible via publicly available labeling repositories.

CARTON AND CONTAINER LABELING

Submit final printed carton and container labeling that are identical to the enclosed carton and container labeling, as soon as they are available, but no more than 30 days after they are printed. Please submit these labeling electronically according to the guidance for industry *Providing Regulatory Submissions in Electronic Format — Certain Human Pharmaceutical Product Applications and Related Submissions Using the eCTD Specifications*. For administrative purposes, designate this submission "**Final Printed Carton and Container Labeling for approved NDA 215888.**" Approval of this submission by FDA is not required before the labeling is used.

DATING PERIOD

Based on the stability data submitted to date, the expiry dating period for Vivjoa (oteseconazole) capules shall be 24 months from the date of manufacture when stored at 20°C to 25°C (68°F to 77°F) with excursion permitted between 15° C to 30° C (59° F to 86°F). [See USP Controlled Room Temperature.]

ADVISORY COMMITTEE

Your application for Vivjoa (oteseconazole) capules was not referred to an FDA advisory committee because outside expertise was not necessary; there were no controversial issues that would benefit from advisory committee discussion.

REQUIRED PEDIATRIC ASSESSMENTS

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients (which includes new salts and new fixed combinations), new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication in pediatric patients unless this requirement is waived, deferred, or inapplicable.

We are waiving the pediatric study requirement for ages birth to 17 years. For all males and for females less than 12 years of age, necessary studies are impossible or highly impracticable because RVVC does not occur or occurs rarely in these groups. For females greater than 12 to less than 17 years of age, the product is unsafe for use as it is contraindicated in females of reproductive potential because of the risk of embryofetal toxicity.

PROMOTIONAL MATERIALS

You may request advisory comments on proposed introductory advertising and promotional labeling. For information about submitting promotional materials, see the

final guidance for industry *Providing Regulatory Submissions in Electronic and Non-Electronic Format—Promotional Labeling and Advertising Materials for Human Prescription Drugs.*[3]

As required under 21 CFR 314.81(b)(3)(i), you must submit final promotional materials, and the Prescribing Information, at the time of initial dissemination or publication, accompanied by a Form FDA 2253. Form FDA 2253 is available at FDA.gov.[4] Information and Instructions for completing the form can be found at FDA.gov.[5]

POSTMARKETING COMMITMENT SUBJECT TO REPORTING REQUIREMENTS UNDER SECTION 506B

We remind you of your postmarketing commitment:

4211-1 Conduct in vitro drug interaction studies evaluating oteseconazole as a substrate or inhibitor of MATEs (MATE1 and MATE2-K).

The timetable you submitted on April 25, 2022, states that you will conduct this study according to the following schedule:

Final Protocol Submission: 07/2022
Final Report Submission: 07/2022

POSTMARKETING COMMITMENT NOT SUBJECT TO THE REPORTING REQUIREMENTS UNDER SECTION 506B

We remind you of your postmarketing commitment:

4211-2 Complete the five ecotoxicity studies that are currently in progress and submit the results of the assays.

The timetable you submitted on November 16, 2021, states that you will conduct this study according to the following schedule:

Final Report Submission: 05/2022

Submit clinical protocols to your IND 111675 for this product. Submit nonclinical and chemistry, manufacturing, and controls protocols and all postmarketing final reports to this NDA. In addition, under 21 CFR 314.81(b)(2)(vii) and 314.81(b)(2)(viii) you should include a status summary of each commitment in your annual report to this NDA. The status summary should include expected summary completion and final report

[3] For the most recent version of a guidance, check the FDA guidance web page at https://www.fda.gov/media/128163/download.
[4] http://www.fda.gov/downloads/AboutFDA/ReportsManualsForms/Forms/UCM083570.pdf
[5] http://www.fda.gov/downloads/AboutFDA/ReportsManualsForms/Forms/UCM375154.pdf

submission dates, any changes in plans since the last annual report, and, for clinical studies/trials, number of patients entered into each study/trial. All submissions, including supplements, relating to these postmarketing commitments should be prominently labeled "**Postmarketing Commitment Protocol**," "**Postmarketing Commitment Final Report**," or "**Postmarketing Commitment Correspondence**."

REPORTING REQUIREMENTS

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

POST APPROVAL FEEDBACK MEETING

New molecular entities qualify for a post approval feedback meeting. Such meetings are used to discuss the quality of the application and to evaluate the communication process during drug development and marketing application review. The purpose is to learn from successful aspects of the review process and to identify areas that could benefit from improvement. If you would like to have such a meeting with us, call the Regulatory Project Manager for this application.

If you have any questions, call Gregory DiBernardo, Chief, Regulatory Project Management Staff, at (301) 796-4063.

Sincerely,

{See appended electronic signature page}

Adam Sherwat, MD

eDRLS - Electronic Drug Registration & Listing System

Verified 7/20/22 MS

Current Date: 28-SEP-2021
Labeler DUNS: 118312098
Labeler Name: Novugen Pharma (USA) LLC
Labeler Code Assigned: 82293

The Food and Drug Administration (FDA) has assigned the above Labeler Code to your firm. **The number cannot be used until you have confirmed the assignment. Please revise and resubmit your Labeler Code Request SPL to include the assigned number above to complete the process. To do this, open the previous Labeler Code Request SPL file and fill in the new information (your assigned Labeler Code) without changing the other existing information. Fill in a new root id and new version number with the original set id and the appropriate effective time.**

For CDER Direct Users: Open the previously submitted and accepted Labeler Code Request, click Create New Version, enter the Labeler Code assigned in the field for "Labeler Code", and Submit SPL.

This Labeler Code should be used to create the NDC (National Drug Code) assigned to all drugs you manufacture or distribute for U.S. commercial distribution. The assignment of NDC is extensively discussed in Title 21 of Code of Federal Regulations (CFR) 207.35. The NDC for each drug must be submitted as part of drug listing information submitted to FDA. Per 21 CFR Part 207, owners or operators of an establishment entering into the manufacture or processing of a drug or drugs shall drug list, every drug in commercial distribution within 5 days after the beginning of operation. Labeler Codes are assigned by FDA and may be inactivated at any time upon violation of the Federal Food, Drug and Cosmetic Act.

Note that receipt of this letter is not to be construed as Federal Government endorsement or approval of the establishment or its products.

For additional information please visit Drug Registration and Listing System or reply back to this email (edrls@fda.hhs.gov).

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 0810658

Application/License No. 0600474121

Novugen Pharma (USA) LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 100 Overlook Center, 2nd Floor, Princeton, NJ 08540 (Address of Applicant/Principal), as PRINCIPAL, and Harco National Insurance Company (Surety Company), a corporation organized under the laws of the state of Illinois (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 9171 Towne Centre Drive, Suite 100, San Diego, CA 92122 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 5/1/2022 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 18th day of May, 2022.

Bond # 0810658

HARCO NATIONAL INSURANCE COMPANY
INTERNATIONAL FIDELITY INSURANCE COMPANY

Member companies of IAT Insurance Group, Headquartered: 4200 Six Forks Rd, Suite 1400, Raleigh, NC 27609

KNOW ALL MEN BY THESE PRESENTS: That **HARCO NATIONAL INSURANCE COMPANY**, a corporation organized and existing under the laws of the State of Illinois, and **INTERNATIONAL FIDELITY INSURANCE COMPANY**, a corporation organized and existing under the laws of the State of New Jersey, and having their principal offices located respectively in the cities of Rolling Meadows, Illinois and Newark, New Jersey, do hereby constitute and appoint

PAUL JEFFREY HERING, PATRICIA WHITE, MARTA COLLETT, DANIELLE ENRIQUEZ, SANDRA CORONA, SHANNON ALVAREZ, KATHLEEN VANDERSLICE, TIMOTHY MCCLELLAN

San Diego, CA

their true and lawful attorney(s)-in-fact to execute, seal and deliver for and on its behalf as surety, any and all bonds and undertakings, contracts of indemnity and other writings obligatory in the nature thereof, which are or may be allowed, required or permitted by law, statute, rule, regulation, contract or otherwise, and the execution of such instrument(s) in pursuance of these presents, shall be as binding upon the said **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY**, as fully and amply, to all intents and purposes, as if the same had been duly executed and acknowledged by their regularly elected officers at their principal offices.

This Power of Attorney is executed, and may be revoked, pursuant to and by authority of the By-Laws of **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY** and is granted under and by authority of the following resolution adopted by the Board of Directors of **INTERNATIONAL FIDELITY INSURANCE COMPANY** at a meeting duly held on the 13th day of December, 2018 and by the Board of Directors of **HARCO NATIONAL INSURANCE COMPANY** at a meeting held on the 13th day of December, 2018.

"**RESOLVED**, that (1) the Chief Executive Officer, President, Executive Vice President, Senior Vice President, Vice President, or Secretary of the Corporation shall have the power to appoint, and to revoke the appointments of, Attorneys-in-Fact or agents with power and authority as defined or limited in their respective powers of attorney, and to execute on behalf of the Corporation and affix the Corporation's seal thereto, bonds, undertakings, recognizances, contracts of indemnity and other written obligations in the nature thereof or related thereto; and (2) any such Officers of the Corporation may appoint and revoke the appointments of joint-control custodians, agents for acceptance of process, and Attorneys-in-fact with authority to execute waivers and consents on behalf of the Corporation; and (3) the signature of any such Officer of the Corporation and the Corporation's seal may be affixed by facsimile to any power of attorney or certification given for the execution of any bond, undertaking, recognizance, contract of indemnity or other written obligation in the nature thereof or related thereto, such signature and seals when so used whether heretofore or hereafter, being hereby adopted by the Corporation as the original signature of such officer and the original seal of the Corporation, to be valid and binding upon the Corporation with the same force and effect as though manually affixed."

IN WITNESS WHEREOF, **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY** have each executed and attested these presents on this 31st day of December, 2021

Applicant's initials

NEVADA STATE BOARD OF PHARMACY

985 Damonte Ranch Parkway, Suite 206 – Reno, NV 89521 – 775-850-1440

Designated Representative Application

Rev (04/22/2021)

An application for a license, or a licensee with a license, to conduct a pharmacy or to operate as a wholesaler shall designate at least one natural person to serve as the representative of the pharmacy or wholesaler. The Board will not issue or renew a license of an applicant or licensee that is required to designate a representative of a pharmacy or wholesaler unless the Board determines that the designated natural person meets the following qualifications per NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler):

1. Is at least 21 years of age;
2. Has been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.

The designated representative of a pharmacy or a wholesaler:

1. Must be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
2. Must be employed full-time in a managerial level position with the pharmacy or wholesaler;
3. Must be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
4. May serve in this representative capacity for only one pharmacy or wholesaler at a time

A pharmacy or wholesaler that is required to designate a natural person as its representative shall not open or operate the pharmacy or wholesaler unless that representative is actually employed full-time in the operation of the pharmacy or wholesaler and is physically present at the site of the pharmacy or wholesaler during regular working hours, not including sick leave, vacation leave and other authorized absences from work. If the natural person designated as the representative of a pharmacy leaves the employ of the pharmacy or wholesaler, thus leaving the pharmacy or wholesaler without a representative in violation of this section, the pharmacy or wholesaler shall:

1. Immediately cease conducting business until another qualified natural person is approved by the Board to serve as the representative of the pharmacy or wholesaler; and
2. Not later than 48 hours after that person leaves its employ, notify the Board that the person designated as the representative of the pharmacy or wholesaler has left the employ of the pharmacy or wholesaler.

Before a pharmacy or wholesaler, that is in violation of NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler) because the natural person designated as the representative of the pharmacy or wholesaler left the employ of the pharmacy or wholesaler, may continue conducting business:

1. The pharmacy or wholesaler must designate, on a form provided by the Board, a new natural person to serve as the representative of the pharmacy; and
2. The Board must approve the natural person so designated.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. W150401432

Application/License No. _____

Oryza Pharmaceuticals Inc (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 4117 NW 124th Avenue Coral Springs, FL 33065 (Address of Applicant/Principal), as PRINCIPAL, and Old Republic Surety Company (Surety Company), a corporation organized under the laws of the state of Wisconsin (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 445 S Moorland Rd, Suite 200 Brookfield, WI 53005 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 3/15/2021 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 15th day of March, 20 21.

OLD REPUBLIC SURETY COMPANY

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS: That OLD REPUBLIC SURETY COMPANY, a Wisconsin stock insurance corporation, does make, constitute and appoint: Randy L. Brehmer, Cynthia J. Brehmer, Terence R. Geszvain, Jason A. Braatz, Melissa Babiak

Chris Brehmer , Linda Mengel of Butler, WI

its true and lawful Attorney(s)-in-Fact, with full power and authority for and on behalf of the company as surety, to execute and deliver and affix the seal of the company thereto (if a seal is required), bonds, undertakings, recognizances or other written obligations in the nature thereof, ***(other than bail bonds, bank depository bonds, mortgage deficiency bonds, mortgage guaranty bonds, guarantees of installment paper and note guaranty bonds, self-insurance workers compensation bonds guaranteeing payment of benefits, asbestos abatement contract bonds, waste management bonds, hazardous waste remediation bonds or black lung bonds),*** as follows:

ALL WRITTEN INSTRUMENTS

and to bind OLD REPUBLIC SURETY COMPANY thereby, and all of the acts of said Attorneys-in-Fact, pursuant to these presents, are ratified and confirmed. This appointment is made under and by authority of the board of directors at a special meeting held on February 18, 1982.

This Power of Attorney is signed and sealed by facsimile under and by the authority of the following resolutions adopted by the board of directors of the OLD REPUBLIC SURETY COMPANY on February 18,1982.

RESOLVED that, the president, any vice-president or assistant vice president, in conjunction with the secretary or any assistant secretary, may appoint attorneys-in-fact or agents with authority as defined or limited in the instrument evidencing the appointment in each case, for and on behalf of the company to execute and deliver and affix the seal of the company to bonds, undertakings, recognizances, and suretyship obligations of all kinds; and said officers may remove any such attorney-in-fact or agent and revoke any Power of Attorney previously granted to such person.

RESOLVED FURTHER, that any bond, undertaking, recognizance, or suretyship obligation shall be valid and binding upon the Company

(i) when signed by the president, any vice president or assistant vice president, and attested and sealed (if a seal be required) by any secretary or assistant secretary; or

(ii) when signed by the president, any vice president or assistant vice president, secretary or assistant secretary, and countersigned and sealed (if a seal be required) by a duly authorized attorney-in-fact or agent; or

(iii) when duly executed and sealed (if a seal be required) by one or more attorneys-in-fact or agents pursuant to and within the limits of the authority evidenced by the Power of Attorney issued by the company to such person or persons.

RESOLVED FURTHER that the signature of any authorized officer and the seal of the company may be affixed by facsimile to any Power of Attorney or certification thereof authorizing the execution and delivery of any bond, undertaking, recognizance, or other suretyship obligations of the company; and such signature and seal when so used shall have the same force and effect as though manually affixed.

IN WITNESS WHEREOF, OLD REPUBLIC SURETY COMPANY has caused these presents to be signed by its proper officer, and its corporate seal to be affixed this 19th day of August, 2020.

Karen J Haffner
Assistant Secretary

OLD REPUBLIC SURETY COMPANY

Alan Pavlic
President

STATE OF WISCONSIN, COUNTY OF WAUKESHA - SS

On this 19th day of August, 2020, personally came before me, Alan Pavlic and Karen J Haffner, to me known to be the individuals and officers of the OLD REPUBLIC SURETY COMPANY who executed the above instrument, and they each acknowledged the execution of the same, and being by me duly sworn, did severally depose and say: that they are the said officers of the corporation aforesaid, and that the seal affixed to the above instrument is the seal of the corporation, and that said corporate seal and their signatures as such officers were duly affixed and subscribed to the said instrument by the authority of the board of directors of said corporation.

Kathryn R. Pearson
Notary Public

My Commission Expires: September 28, 2022

(Expiration of notary's commission does not invalidate this instrument)

CERTIFICATE

I, the undersigned, assistant secretary of the OLD REPUBLIC SURETY COMPANY, a Wisconsin corporation, CERTIFY that the foregoing and attached Power of Attorney remains in full force and has not been revoked; and furthermore, that the Resolutions of the board of directors set forth in the Power of Attorney, are now in force.

STATE OF ARIZONA

Office of the
CORPORATION COMMISSION

CERTIFICATE OF GOOD STANDING

I, the undersigned Executive Director of the Arizona Corporation Commission, do hereby certify that:

SALUS MEDICAL, LLC

ACC file number: L17628883

was incorporated under the laws of the State of Arizona on 05/21/2012, and that, according to the records of the Arizona Corporation Commission, said limited liability company is in good standing in the State of Arizona as of the date this Certificate is issued.

This Certificate relates only to the legal existence of the above named entity as of the date this Certificate is issued, and is not an endorsement, recommendation, or approval of the entity's condition, business activities, affairs, or practices.

IN WITNESS WHEREOF, I have hereunto set my hand, affixed the official seal of the Arizona Corporation Commission, and issued this Certificate on this date: **02/15/2022**

Matthew Neubert, Executive Director

STATE OF ARIZONA

Office of the
CORPORATION COMMISSION

CERTIFICATE OF GOOD STANDING

To all to whom these presents shall come, greeting:

I, Jodi A. Jerich, Executive Director of the Arizona Corporation Commission, do hereby certify that

******SALUS MEDICAL, LLC******

a domestic limited liability company organized under the laws of the State of Arizona, did organize on the 21st day of May 2012.

I further certify that according to the records of the Arizona Corporation Commission, as of the date set forth hereunder, the said limited liability company is not administratively dissolved for failure to comply with the provisions of A.R.S. section 29-601 et seq., the Arizona Limited Liability Company Act; and that the said limited liability company has not filed Articles of Termination as of the date of this certificate.

This certificate relates only to the legal existence of the above named entity as of the date issued. This certificate is not to be construed as an endorsement, recommendation, or notice of approval of the entity's condition or business activities and practices.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the Arizona Corporation Commission. Done at Phoenix, the Capital, this 19th day of April, 2016, A. D.

SEAL OF THE ARIZONA CORPORATION COMMISSION * 1912 * DITAT DEUS

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 4184555

Application/License No. _____

SALUS MEDICAL LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 2202 W LONE CACTUS DRIVE, SUITE 15, PHOENIX, AZ, 85027 (Address of Applicant/Principal), as PRINCIPAL, and Great American Insurance Company (Surety Company), a corporation organized under the laws of the state of Ohio (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 301 E 4th Street CINCINNATI OH 45202 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on Mar 23, 2022 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 24th day of March, 20 22.

My Comm. Expires
May 18, 2025

This Power of Attorney is granted by authority of the following resolutions adopted by the Board of Directors of Great American Insurance Company by unanimous written consent dated June 9, 2008.

RESOLVED: That the Divisional President, the several Divisional Senior Vice Presidents, Divisional Vice Presidents and Divisonal Assistant Vice Presidents, or any one of them, be and hereby is authorized, from time to time, to appoint one or more Attorneys-in-Fact to execute on behalf of the Company, as surety, any and all bonds, undertakings and contracts of suretyship, or other written obligations in the nature thereof; to prescribe their respective duties and the respective limits of their authority; and to revoke any such appointment at any time.

RESOLVED FURTHER: That the Company seal and the signature of any of the aforesaid officers and any Secretary or Assistant Secretary of the Company may be affixed by facsimile to any power of attorney or certificate of either given for the execution of any bond, undertaking, contract of suretyship, or other written obligation in the nature thereof, such signature and seal when so used being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed.

CERTIFICATION

I, STEPHEN C. BERAHA, Assistant Secretary of Great American Insurance Company, do hereby certify that the foregoing Power of Attorney and the Resolutions of the Board of Directors of June 9, 2008 have not been revoked and are now in full force and effect.

Signed and sealed this 24th day of March, 2022

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # _____. **Provide all the following *where applicable*:**

Issue Date : April 5, 2022

BENEFICIARY	APPLICANT
NEVADA STATE BOARD OF PHARMACY ATTN: EXECUTIVE SECRETARY	TULEX PHARMACEUTICALS INC 5 CEDAR BROOK

WELLS FARGO

985 DAMONTE RANCH PKWY, SUITE 206
RENO, NEVADA 89521

CRANBURY, NEW JERSEY 08512

LETTER OF CREDIT ISSUE AMOUNT USD 25,000.00 EXPIRY DATE APRIL 5, 2023

LADIES AND GENTLEMEN:

1. AT THE REQUEST AND ON THE INSTRUCTIONS OF TULEX PHARMACEUTICALS INC, WE HEREBY ESTABLISH IN FAVOR OF THE BENEFICIARY, THE NEVADA STATE BOARD OF PHARMACY (BOARD), THIS IRREVOCABLE STANDBY LETTER OF CREDIT (CREDIT) IN THE AMOUNT SUM OF USD 25,000.00 (USD TWENTY FIVE THOUSAND AND 00/100).

2 . WE HAVE BEEN INFORMED BY THE APPLICANT/LICENSEE, BUT DO NOT INDEPENDENTLY VERIFY THAT, THIS CREDIT IS AND HAS BEEN ESTABLISHED FOR THE SOLE BENEFIT OF THE BOARD PURSUANT TO THE TERMS OF NRS 639.515 PERTAINING TO THE INITIAL OR RENEWAL APPLICATION FILED BY THE APPLICANT/ LICENSEE.

3. WE HAVE BEEN FURTHER INFORMED BY THE APPLICANT/LICENSEE, BUT DO NOT INDEPENDENTLY VERIFY THAT THIS CREDIT IS INTENDED BY THE PARTIES TO SERVE AS A SECURITY DEVICE FOR THE PERFORMANCE BY APPLICANT/LICENSEE OF ITS OBLIGATIONS UNDER APPLICABLE NEVADA LAW REGARDING APPLICANT/ LICENSE E'S OPERATION AS A PHARMACEUTICAL WHOLESALER.

4. WE HAVE FINALLY BEEN INFORMED BY THE APPLICANT/LICENSEE, BUT DO NOT INDEPENDENTLY VERIFY, THAT PURSUANT TO NRS 639.515(4), UPON THE IMPOSITION OF ANY FINES OR COSTS BY THE BOARD AGAINST THE APPLICANT/LICENSEE, THE BOARD SHALL BE ENTITLED TO DRAW UPON THIS CREDIT BY PRESENTATION OF A DULY EXECUTED CERTIFICATE OF DRAWING IN SUBSTANTIALLY THE SAME FORM AS ATTACHMENT A, ATTACHED HERETO, AT OUR OFFICE LOCATED AT THE ADDRESS ABOVE.

5. THIS LETTER OF CREDIT IS AVAILABLE WITH OURSELVES BY SIGHT PAYMENT UPON BOARD'S PRESENTATION OF A DULY EXECUTED CERTIFICATE FOR DRAWING IN THE FORM OF ATTACHMENT A, ATTACHED HERETO, WITH THE INSTRUCTIONS IN BRACKETS THEREIN COMPLIED WITH AT OUR OFFICE LOCATED AT ATTN: US TRADE SERVICES, ATTN: STANDBY LETTER OF CREDIT 794 DAVIS STREET, 2ND FLOOR, SAN LEANDRO, CA 94577, PROCESSING (SUCH PRESENTATION, A "DRAWING"). THE DRAWING SHALL BE COMPLETED AND SIGNED BY THE EXECUTIVE SECRETARY OF THE BOARD. PRESENTATION BY THE BOARD OF A DRAWING MAY BE MADE IN PERSON OR BY REGISTERED MAIL, RETURN RECEIPT REQUESTED OR BY EXPRESS OR OVERNIGHT COURIER.

6. UPON PRESENTATION OF A DRAWING IN COMPLIANCE WITH THE TERMS OF THIS LETTER OF CREDIT, PAYMENT SHALL BE MADE TO THE BOARD, OR TO AN ACCOUNT DESIGNATED BY THE BOARD, IN IMMEDIATELY AVAILABLE FUNDS, AS THE BOARD SHALL SPECIFY IN ITS DRAWING. IF ANY INSTRUCTIONS ACCOMPANYING A DRAWING UNDER THIS LETTER OF CREDIT REQUEST THAT PAYMENT IS TO BE MADE BY TRANSFER TO AN ACCOUNT WITH US OR AT ANOTHER BANK, WE AND/OR SUCH OTHER BANK MAY RELY ON AN ACCOUNT NUMBER SPECIFIED IN SUCH INSTRUCTIONS EVEN IF THE NUMBER IDENTIFIES A PERSON OR ENTITY DIFFERENT FROM THE INTENDED PAYEE.

7. FUNDS MAY BE DRAWN IN ONE OR MORE DRAWINGS NOT TO EXCEED THE FULL AMOUNT AVAILABLE TO BE DRAWN UNDER THIS CREDIT.

WELLS FARGO

8. IF DEMAND FOR PAYMENT DOES NOT CONFORM TO THE TERMS OF THIS CREDIT, WE SHALL GIVE THE BOARD NOTICE AS REQUIRED BY THE UCP THAT THE DRAWING WAS NOT PRESENTED IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF THIS CREDIT, STATING THE REASONS FOR SUCH NONCONFORMITY AND STATING THAT WE WILL HOLD AT BOARD'S DISPOSAL OR RETURN TO BOARD ANY DOCUMENTS PRESENTED TO US IN SUCH DRAWING.

9. UPON BEING NOTIFIED THAT THE DEMAND FOR PAYMENT WAS NOT EFFECTED IN CONFORMITY WITH THE CREDIT, THE BOARD MAY CORRECT ANY SUCH NON-CONFORMING DEMAND FOR PAYMENT, IF POSSIBLE, BY PRESENTING A CONFORMING DEMAND TO US UNDER THE TERMS AND CONDITIONS OF THIS CREDIT ON OR BEFORE THE EXPIRATION DATE OF THIS CREDIT.

10. ALL DRAWINGS UNDER THIS CREDIT SHALL BE PAID WITH OUR FUNDS. EACH DRAWING HONORED BY US HEREUNDER SHALL REDUCE, PRO TANTO, THE AMOUNT AVAILABLE TO BE DRAWN UNDER THIS CREDIT. BY PAYING TO THE BOARD AN AMOUNT DEMANDED IN ACCORDANCE HEREWITH, WE MAKE NO REPRESENTATIONS AS TO THE CORRECTNESS OF THE AMOUNT DEMANDED.

11. THIS CREDIT WILL BE CANCELED UPON RECEIPT BY US OF AN INSTRUCTION OF CANCELLATION WHICH SHALL BE COMPLETED AND SIGNED BY THE EXECUTIVE SECRETARY OF THE BOARD ACCOMPANIED BY THE ORIGINAL LETTER OF CREDIT AND AMENDMENTS, IF ANY.

12. WE HEREBY ENGAGE WITH YOU THAT EACH DRAFT DRAWN UNDER AND IN COMPLIANCE WITH THE TERMS AND CONDITIONS OF THIS LETTER OF CREDIT WILL BE DULY HONORED IF PRESENTED TOGETHER WITH THE DOCUMENTS SPECIFIED IN THIS LETTER OF CREDIT AT OUR OFFICE LOCATED AT ATTN: US TRADE SERVICES, 794 DAVIS STREET, 2ND FLOOR, SAN LEANDRO, CA 94577, STANDBY LETTERS OF CREDIT ON OR BEFORE THE ABOVE STATED EXPIRY DATE, OR ANY EXTENDED EXPIRY DATE IF APPLICABLE.

13. COMMUNICATIONS WITH RESPECT TO THIS CREDIT SHALL BE IN WRITING AND ADDRESED TO US AT THE ADDRESS ABOVE AND SHALL SPECIFICALLY REFER TO THIS CREDIT BY THE NUMBER ABOVE.

14. THIS CREDIT MAY NOT BE TRANSFERRED OR ASSIGNED, EITHER IN WHOLE OR IN PART.

15. EXCEPT AS FAR AS OTHERWISE EXPRESSLY STATED HEREIN, THIS LETTER OF CREDIT IS SUBJECT TO THE INTERNATIONAL STANDBY PRACTICES ("ISP98"), INTERNATIONAL CHAMBER OF COMMERCE PUBLICATION NO. 590 AND AS TO MATTERS NOT ADDRESSED BY THE ISP98 THIS LETTER OF CREDIT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE ARTICLE 5 OF THE UNIFORM COMMERCIAL CODE OF THE STATE OF NEVADA, WITHOUT REGARD TO PRINCIPLES OF CONFLICT OF LAWS.

IT IS A CONDITION OF THIS LETTER OF CREDIT THAT SUCH EXPIRATION DATE SHALL BE DEEMED AUTOMATICALLY EXTENDED, WITHOUT WRITTEN AMENDMENT, FOR ONE YEAR PERIODS TO APRIL 5 IN EACH SUCCEEDING CALENDAR YEAR UNLESS AT LEAST 15 CALENDAR DAYS PRIOR TO SUCH EXPIRATION DATE WE SEND WRITTEN NOTICE TO YOU AT YOUR ADDRESS ABOVE BY OVERNIGHT COURIER OR REGISTERED MAIL THAT WE ELECT NOT TO EXTEND THE EXPIRATION DATE OF THIS LETTER OF CREDIT BEYOND THE DATE SPECIFIED IN SUCH NOTICE.

UPON OUR SENDING YOU SUCH NOTICE OF THE NON-EXTENSION OF THE EXPIRATION DATE OF THIS LETTER OF CREDIT, YOU MAY DRAW UNDER THIS LETTER OF CREDIT, ON OR BEFORE THE EXPIRATION DATE SPECIFIED IN SUCH NOTICE, BY PRESENTATION OF THE FOLLOWING DOCUMENTS TO US AT OUR ABOVE ADDRESS:

A. A DRAFT DRAWN ON US AT SIGHT MARKED "DRAWN UNDER WELLS FARGO BANK, N.A. STANDBY LETTER OF CREDIT NO. IS000275735U."

B. THE ORIGINAL OF THIS STANDBY LETTER OF CREDIT AND ANY AMENDMENTS THERETO.

WELLS FARGO

C. YOUR SIGNED AND DATED STATEMENT WORDED AS FOLLOWS (WITH THE INSTRUCTIONS IN BRACKETS THEREIN COMPLIED WITH):

THE UNDERSIGNED, AN AUTHORIZED REPRESENTATIVE OF THE BENEFICIARY OF WELLS FARGO BANK, N. A. LETTER OF CREDIT NO. IS000275735U, HEREBY CERTIFIES THAT IT HAS RECEIVED NOTIFICATION FROM WELLS FARGO BANK, N.A. THAT THIS LETTER OF CREDIT WILL NOT BE EXTENDED PAST ITS CURRENT EXPIRATION DATE. THE UNDERSIGNED FURTHER CERTIFIES THAT (I) AS OF THE DATE OF THIS STATEMENT, IT HAS NOT RECEIVED A LETTER OF CREDIT OR OTHER INSTRUMENT ACCEPTABLE TO IT AS A REPLACEMENT; AND (II) CAMBER PHARMACEUTICALS, INC. HAS NOT BEEN RELEASED FROM ITS OBLIGATIONS.

THEREFORE, WELLS FARGO BANK, N.A. HAS EXECUTED AND DELIVERED THIS IRREVOCABLE STANDBY LETTER OF CREDIT TO THE BOARD AS OF THE APRIL 5, 2022.

Very Truly Yours,

WELLS FARGO BANK, N.A.

Subject: Labeler Code Request Approved

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

eDRLS - Electronic Drug Registration & Listing System

Current Date: 21-OCT-2021
Labeler DUNS: 118348095
Labeler Name: Yaral Pharma Inc.
Labeler Code Assigned: 82347

The Food and Drug Administration (FDA) has assigned the above Labeler Code to your firm. **The number cannot be used until you have confirmed the assignment. Please revise and resubmit your Labeler Code Request SPL to include the assigned number above to complete the process. To do this, open the previous Labeler Code Request SPL file and fill in the new information (your assigned Labeler Code) without changing the other existing information. Fill in a new root id and new version number with the original set id and the appropriate effective time.**

For CDER Direct Users: Open the previously submitted and accepted Labeler Code Request, click Create New Version, enter the Labeler Code assigned in the field for "Labeler Code", and Submit SPL.

This Labeler Code should be used to create the NDC (National Drug Code) assigned to all drugs you manufacture or distribute for U.S. commercial distribution. The assignment of NDC is extensively discussed in Title 21 of Code of Federal Regulations (CFR) 207.35. The NDC for each drug must be submitted as part of drug listing information submitted to FDA. Per 21 CFR Part 207, owners or operators of an establishment entering into the manufacture or processing of a drug or drugs shall drug list, every drug in commercial distribution within 5 days after the beginning of operation. Labeler Codes are assigned by FDA and may be inactivated at any time upon violation of the Federal Food, Drug and Cosmetic Act.

Note that receipt of this letter is not to be construed as Federal Government endorsement or approval of the establishment or its products.

For additional information please visit Drug Registration and Listing System or reply back to this email (edrls@fda.hhs.gov).

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 83BSBIW3221

Application/License No. NJ 5006078

YARAL Pharma Inc., doing or intending to do business as a
(Applicant/Principal)
pharmaceutical wholesaler, whose address for purposes of service is
8 Campus Drive, Ste. 201A, Parsippany, NJ 07054, as
(Address of Applicant/Principal)
PRINCIPAL, and Hartford Fire Insurance Company, a
(Surety Company)
corporation organized under the laws of the state of Connecticut
(State of Incorporation)
and authorized to transact a general surety business in the State of

Nevada, whose address for purposes of service is
One Hartford Plaza, Hartford, CT 06155-0001 as
(Address of Surety)
SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on May 11, 2022.
(Effective Date)

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

83BSBIW3221

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 11th day of May, 2022.

Subject: Labeler Code Request Approved

eDRLS - Electronic Drug Registration & Listing System

82491 Verified 8/11/22 MS

Current Date: 04-JAN-2022
Labeler DUNS: 963380188
Labeler Name: Outlook Therapeutics, Inc.
Labeler Code Assigned: 82491

The Food and Drug Administration (FDA) has assigned the above Labeler Code to your firm. **The number cannot be used until you have confirmed the assignment. Please revise and resubmit your Labeler Code Request SPL to include the assigned number above to complete the process. To do this, open the previous Labeler Code Request SPL file and fill in the new information (your assigned Labeler Code) without changing the other existing information. Fill in a new root id and new version number with the original set id and the appropriate effective time.**

For CDER Direct Users: Open the previously submitted and accepted Labeler Code Request, click Create New Version, enter the Labeler Code assigned in the field for "Labeler Code", and Submit SPL.

This Labeler Code should be used to create the NDC (National Drug Code) assigned to all drugs you manufacture or distribute for U.S. commercial distribution. The assignment of NDC is extensively discussed in Title 21 of Code of Federal Regulations (CFR) 207.35. The NDC for each drug must be submitted as part of drug listing information submitted to FDA. Per 21 CFR Part 207, owners or operators of an establishment entering into the manufacture or processing of a drug or drugs shall drug list, every drug in commercial distribution within 5 days after the beginning of operation. Labeler Codes are assigned by FDA and may be inactivated at any time upon violation of the Federal Food, Drug and Cosmetic Act.

Note that receipt of this letter is not to be construed as Federal Government endorsement or approval of the establishment or its products.

For additional information please visit Drug Registration and Listing System or reply back to this email (edrls@fda.hhs.gov).

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock	OTLK	The Nasdaq Stock Market LLC
Series A Warrants	OTLKW	The Nasdaq Stock Market LLC

Securities Registered Pursuant to Section 12(g) of the Act: None

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes ☐ No ☒

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes ☐ No ☒

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period than the registrant was required to file such reports), and (2 been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant required to submit such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definition of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer	☐	Accelerated filer	☐
Non-accelerated filer	☒	Smaller reporting company	☒
		Emerging growth company	☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant has filed a report on and attestation to its management's assessment of the effectiveness of its internal control over financial reporting under Section 404(b) of the Sarbanes-Oxley Act (15 U.S.C. 7262(b)) by the registered pu accounting firm that prepared or issued its audit report. ☐

Indicate by check mark whether registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

The aggregate market value of the registrant's common stock, held by non-affiliates of the registrant as of March 31, 2021 (which is the last business day of registrant's most recently completed second fiscal quarter) based upon the closing market price of such stock on Nasdaq Capital Market on that date, was approximately $199.5 million.

As of December 20, 2021, the registrant had outstanding 224,260,602 shares of common stock, par value $0.01 per share.

DOCUMENTS INCORPORATED BY REFERENCE

Part III of this report incorporates information by reference from the Company's definitive proxy statement, which proxy statement is due to be filed with the Securities and Exchange Commission not later than 120 days after September 30, 2021.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS AND INDUSTRY DATA

This Annual Report on Form 10-K contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are based on our management's beliefs and assumptions and on information currently available to our management. All statements other than statements of historical facts are "forward-looking statements" for purposes of these provisions, including those relating to future events or our future financial performance and financial guidance. In some cases, you can identify forward-looking statements by terminology such as "may," "might," "will," "should," "expect," "plan," "anticipate," "project," "believe," "estimate," "predict," "potential," "intend," "continue," the negative of terms like these or other comparable terminology, in connection with any discussion of future operating or financial performance. These statements are only predictions. All forward-looking statements included in this Annual Report on Form 10-K are based on information available to us on the date hereof, and we assume no obligation to update any such forward-looking statements. Any or all of our forward-looking statements in this document may turn out to be wrong. Actual events or results may differ materially. Our forward-looking statements can be affected by inaccurate assumptions we might make or by known or unknown risks, uncertainties and other factors. We discuss many of these risks, uncertainties and other factors in this Annual Report on Form 10-K in greater detail in Item 1A under the heading "Risk Factors." We caution investors that our business and financial performance are subject to substantial risks and uncertainties.

This Annual Report on Form 10-K also contains estimates, projections and other information concerning our industry, our business, and the markets for certain diseases, including data regarding the estimated size of those markets, and the incidence and prevalence of certain medical conditions. Information that is based on estimates, forecasts, projections, market research or similar methodologies is inherently subject to uncertainties and actual events or circumstances may differ materially from events and circumstances reflected in this information. Unless otherwise expressly stated, we obtained this industry, business, market and other data from reports, research surveys, studies and similar data prepared by market research firms and other third parties, industry, medical and general publications, government data and similar sources.

Table of Contents

SELECTED RISKS AFFECTING OUR BUSINESS

Investing in our common stock involves numerous risks, including the risks described in "Part I, Item 1A. Risk Factors" of this Annual Report on Form 10-K, any one of which could materially adversely affect our business, financial condition, results of operations, and prospects. These risks include, among others, the following:

- We have incurred significant losses and negative cash flows from operations since our inception and expect to continue to incur significant losses and negative cash flows from operations for at least the next 12 months;
- We have never generated any revenue from product sales and may never be profitable;
- We will need to raise substantial additional funding to complete the development of ONS-5010 (LYTENAVA (bevacizumab-vikg)) and support our operations after the planned launch in early 2023 until we are able to generate sufficient revenue. This additional funding may not be available on acceptable terms or at all. Failure to obtain this necessary capital when needed may force us to delay, limit or terminate our product development efforts or other operations;
- Raising additional capital may cause dilution to our securityholders, restrict our operations or require us to relinquish rights to our technologies or product candidates;
- We are highly dependent on the success of ONS-5010, our only product candidate in active development, and if ONS-5010 does not successfully complete clinical development or receive regulatory approval, or is not successfully commercialized, our business may be harmed;
- We may not be successful in our efforts to enter into a strategic partnership for ONS-5010;
- Due to our limited resources and access to capital, we have, and will continue to need to, prioritize development of certain product candidates; and these decisions may prove to have been wrong and may harm our business. We are currently repaying our recently received Paycheck Protection Program, or PPP, loan, and our application for the PPP loan could in the future be determined to have been impermissible or could result in damage to our reputation;
- Clinical drug development is a lengthy and expensive process and we may encounter substantial delays in our clinical trials or may fail to demonstrate safety and efficacy to the satisfaction of applicable regulatory authorities;
- If product liability lawsuits are brought against us, we may incur substantial liabilities and may be required to limit commercialization of our current or future product candidates, and our existing insurance coverage may not be sufficient to satisfy any liability that may arise;
- The development and commercialization of pharmaceutical products is subject to extensive regulation, and we may not obtain regulatory approvals for ONS-5010 in any of the indications for which we plan to develop it, or any future product candidates, on a timely basis or at all;
- Any delays in the commencement or completion, or termination or suspension, of our planned or future clinical trials could result in increased costs to us, delay or limit our ability to generate revenue and adversely affect our commercial prospects;
- We face intense competition and rapid technological change and the possibility that our competitors may develop therapies that are similar, more advanced or more effective than ours. Other products may be approved and successfully commercialized before ours, which may adversely affect our financial condition and our ability to successfully commercialize our product candidates;
- We currently have no marketing and sales organization. If we are unable to establish sales and marketing capabilities in jurisdictions for which we choose to retain commercialization rights, we may be unable to generate any revenue and will depend on the efforts of our licensing partners, if any;
- We rely on third parties to manufacture and test ONS-5010, conduct our preclinical and clinical trials and perform other tasks for us. If these third parties do not successfully carry out their contractual duties, meet expected deadlines or comply with regulatory requirements, we may not be able to obtain regulatory approval for or commercialize our product candidates and our business could be harmed;
- We currently engage single source suppliers for clinical trial services and multiple source suppliers for future drug substance manufacturing, fill-finish manufacturing and product testing of ONS-5010. The loss of any of these suppliers, or any future single source suppliers, could harm our business;

Table of Contents

- If we infringe or are alleged to infringe intellectual property rights of third parties, our business could be harmed. Third-party claims of intellectual property infringement may prevent or delay our development and commercialization efforts;
- We may become involved in lawsuits to protect or enforce any future patents, which could be expensive, time-consuming and unsuccessful;
- If we are unable to obtain and maintain effective patent rights for our product candidates or any future product candidates, we may not be able to prevent competitors from using technologies we consider important in our successful development and commercialization of our product candidates, resulting in loss of any potential competitive advantage our patents may have otherwise afforded us;
- If we are unable to maintain effective proprietary rights for our product candidates or any future product candidates, we may not be able to compete effectively in our markets;
- If we fail to comply with our obligations in the agreements under which we license intellectual property and other rights from third parties or otherwise experience disruptions to our business relationships with our licensors, we could lose license rights that are important to our business;
- Our business could be adversely affected by the effects of health pandemics or epidemics, including the ongoing COVID-19 global pandemic, in regions where we or third parties on which we rely have significant manufacturing facilities, concentrations of clinical trial sites or other business operations, or materially affect our operations, including at our headquarters in New Jersey and at our clinical trial sites, as well as the business or operations of our manufacturers, contract research organizations ("CROs") or other third parties with whom we conduct business;
- We are highly dependent on the services of our key executives and personnel, and if we are not able to retain these members of our management or recruit additional management, clinical and scientific personnel, our business will suffer;
- The trading price of our securities is likely to be volatile, and purchasers of our securities could incur substantial losses; and
- BioLexis has beneficial ownership of a significant percentage of our common stock, together with its affiliates has the right to designate members of our board of directors proportionate to its ownership, and is able to exert significant control over matters subject to stockholder approval, preventing new investors from influencing significant corporate decisions.

Table of Contents

PART I

Item 1. Business

We are a late clinical-stage biopharmaceutical company working to develop and launch the first ophthalmic formulation of bevacizumab approved by the U.S. Food and Drug Administration, or FDA, for use in retinal indications. Our goal is to launch ONS-5010 (LYTENAVA (bevacizumab-vikg)) as the first and only approved ophthalmic bevacizumab directly in the United States, and either directly or through a strategic partner in the United Kingdom, Europe, Japan and other markets for the treatment of wet age-related macular degeneration, or wet AMD, diabetic macular edema, or DME, and branch retinal vein occlusion, or BRVO.

ONS-5010, our sole product candidate in active clinical development, is an investigational ophthalmic formulation of bevacizumab, which we are developing to be administered as an intravitreal injection for the treatment of wet AMD and other retinal diseases. Bevacizumab is a full-length, humanized anti-VEGF (Vascular Endothelial Growth Factor) recombinant monoclonal antibody, or mAb, that inhibits VEGF and associated angiogenic activity. The study design for our Phase 3 clinical program to evaluate ONS-5010 as an ophthalmic formulation of bevacizumab was reviewed at an end of Phase 2 meeting with the FDA in April 2018, and we filed our investigational new drug application, or IND, with the FDA in the first quarter of calendar 2019.

Our initial clinical program for ONS-5010 in wet AMD involves three clinical trials, which we refer to as NORSE ONE, NORSE TWO and NORSE THREE. All of these clinical trials are now complete. We reported achieving the anticipated safety and efficacy and positive proof-of-concept topline results from NORSE ONE, a clinical experience study, in August 2020. NORSE TWO is our pivotal Phase 3 clinical trial comparing ONS-5010 to ranibizumab (LUCENTIS). Positive results for NORSE TWO were reported in August 2021 and November 2021 and showed that ONS-5010 met its primary and secondary endpoints with highly statistically significant results. NORSE THREE is an open-label safety study we conducted to ensure the adequate number of safety exposures to ONS-5010 are available for the initial ONS-5010 Biologics License Application, or BLA, submission with the FDA. In March 2021 we reported that the results from NORSE THREE provided a positive safety profile for ONS-5010.

In addition, we have received agreements from the FDA on three Special Protocol Assessments, or SPAs, for three additional registration clinical trials for our ongoing Phase 3 program for ONS-5010. These SPAs cover the protocols for NORSE FOUR, a registration clinical trial evaluating ONS-5010 to treat BRVO, and NORSE FIVE and NORSE SIX, two registration clinical trials to evaluate ONS-5010 to treat DME. We currently intend to initiate these studies in 2023 following submission and potential approval of our BLA for wet AMD. In November 2021, we began enrolling patients in our NORSE SEVEN clinical trial. The study will compare the safety of ophthalmic bevacizumab in vials versus pre-filled syringes in subjects diagnosed with a retinal condition that would benefit from treatment with intravitreal injection of bevacizumab, including exudative age-related macular degeneration, diabetic macular edema, or branch retinal vein occlusion. Subjects will be treated for three months and the enrollment of subjects in the arm of the study receiving ONS-5010 in vials has been completed.

Currently, the cancer drug Avastin (bevacizumab) is used off-label for the treatment of wet AMD and other retinal diseases such as DME and BRVO even though Avastin has not been approved by regulatory authorities for use in these diseases. If the ONS-5010 clinical program is successful, it will support our plans to submit for regulatory approval in multiple markets beginning in 2022, beginning with the United States and in Europe, to be followed by submissions in other regions as soon as practicable. Because there are no approved ophthalmic bevacizumab products for the treatment of retinal diseases in the major markets, we are developing ONS-5010 as a standard BLA and not using the biosimilar drug development pathway that would be required if Avastin were an approved ophthalmic drug for the targeted diseases. If approved, we believe ONS-5010 has potential to mitigate risks associated with off-label use of unapproved bevacizumab. Off-label use of unapproved bevacizumab is currently estimated to account for at least 50% of all wet AMD prescriptions in the United States.

Table of Contents

Our Strategy

Our goal is to launch ONS-5010 as the first, and only, approved bevacizumab for ophthalmic use in the United States, United Kingdom, Europe, and other markets. We plan to do this directly in the United States and either directly or through a strategic partner outside of the United States. In order to achieve this goal, we have adopted a streamlined clinical and regulatory strategy to quickly and efficiently complete the process required to submit a BLA with the FDA at the earliest opportunity. The key elements of our strategy include:

- ***Leveraging the ophthalmic drug development and commercialization expertise of our leadership team.*** Members of our executive team have extensive expertise in developing and commercializing treatments for retinal diseases, such as wet AMD. We intend to leverage their collective experience to further the development of, and execute an optimal commercial strategy for, ONS-5010, including potentially licensing rights to ONS-5010 to a strategic partner outside the United States.

- ***Engaging with regulatory agencies to establish clear guidelines for potential approval.*** We have continued our approach to work closely with regulatory authorities to develop and conduct clinical trials that we believe will appropriately support approval of our product candidates if our clinical trials are successful. As an ophthalmic formulation of bevacizumab, we believe ONS-5010 has a well-defined regulatory pathway.

- ***Conducting and efficiently executing clinical trials inside and outside of the United States to support potential approval.*** We have designed our ONS-5010 clinical program to take advantage of reduced costs for clinical trials conducted outside of the United States, as appropriate, such as our NORSE ONE study. We intend to further this strategy, in a manner that will support a BLA submission in the United States at the earliest opportunity for ONS-5010.

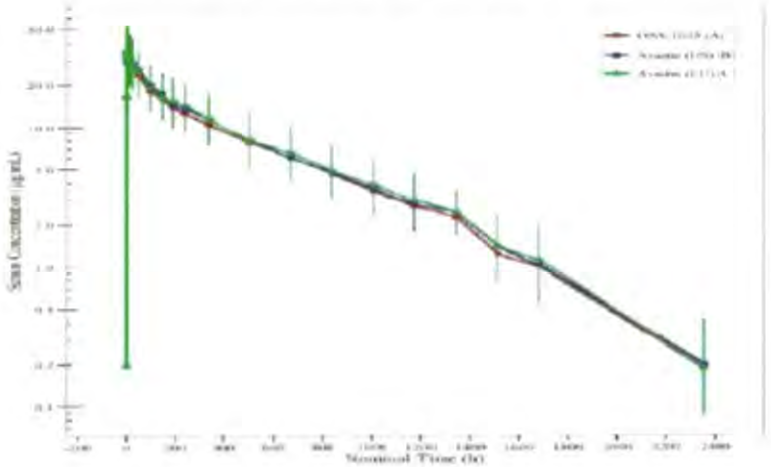
- ***Reducing and managing costs to minimize additional investment to complete our development programs and plan for a potential commercial launch.*** We have made the strategic decision to outsource the commercial manufacturing and future clinical trial supply manufacturing for our product candidates. We believe this will significantly reduce future overhead costs not directly related to our ONS-5010 program.

Our Product Candidate Portfolio

We are actively developing ONS-5010 (LYTENAVA (bevacizumab-vikg)) for use in the treatment of retina diseases such as wet AMD, DME and BRVO. We continue to hold the developed market commercialization rights for two legacy biosimilar product candidates, but currently have no plans to further develop these assets.

ONS-5010 — Bevacizumab for Ophthalmic Use

ONS-5010 is an investigational ophthalmic formulation of bevacizumab under development to be administered as an intravitreal injection for the treatment of wet AMD and other retinal diseases. We currently intend to commercialize in both vials and pre-filled syringes, if approved.



Bevacizumab is a full-length, humanized anti-VEGF recombinant mAb that inhibits VEGF and associated angiogenic (the growth of new blood vessels) activity. With wet AMD, abnormally high levels of VEGF are secreted in the eye. VEGF is a protein that promotes the growth of new abnormal blood vessels. Anti-VEGF injection therapy blocks this growth. Since the advent of anti-VEGF therapy, it has become the standard of care treatment option within the retina community, globally.

Previously, we were developing ONS-5010 as a biosimilar of the cancer drug Avastin for use in oncology indications (ONS-1045). In the ONS-1045 program, our bevacizumab met the primary and secondary endpoints in a three-arm single-dose pharmacokinetic, or PK, Phase 1 clinical trial. All the PK endpoints met the bioequivalency criteria of the geometric mean ratios within 90% confidence interval of 80-125% when compared to both U.S.- and E.U.-sourced Avastin reference products. We are developing ONS-5010 as an ophthalmic formulation of bevacizumab for a BLA submission and not using the biosimilar drug development pathway. The following figure demonstrates the concentration-time profile of ONS-

Table of Contents

1045, U.S.-licensed Avastin, and E.U.-licensed Avastin as the mean. The vertical line at time zero denotes dosing. These results suggest a high degree of similarity among the three products.

Comparative Potency of ONS-1045 versus Avastin (U.S. and E.U.)

Market Opportunity

Age-related macular degeneration, or AMD, is a common eye condition and a leading cause of vision loss among people age 50 and older. Wet AMD is a form of "late stage" AMD and is also called neovascular AMD. In wet AMD, abnormal blood vessels grow underneath the retina. These vessels can leak fluid and blood, which may lead to swelling and damage of the macula causing vision loss. With wet AMD, abnormally high levels of VEGF are secreted in the eyes. VEGF is a protein that promotes the growth of new abnormal blood vessels. Anti-VEGF injection therapy blocks this growth. Since the advent of anti-VEGF therapy, it has become the standard of care treatment option within the retina community, globally. Wet AMD is a significant disease worldwide, with an estimated prevalence of over 2.9 million patients diagnosed in the United States, European countries and Japan alone in 2020 (GlobalData). Although bevacizumab is not currently FDA-approved for use in treating wet AMD, it is believed that bevacizumab currently accounts for at least 50% of all wet AMD intravitreal injections in the United States, where Avastin is repackaged through compounding pharmacies and prescribed off-label. If approved, we believe ONS-5010 has potential to mitigate risks associated with off-label repackaging of bevacizumab including, but not limited to, variability in potency, safety and sterility adverse events and syringe-related adverse events.

DME is caused by a complication of diabetes called diabetic retinopathy. Diabetic retinopathy is the most common diabetic eye disease and the leading cause of irreversible blindness in working age Americans. Diabetic retinopathy usually affects both eyes and is caused by ongoing damage to the small blood vessels of the retina. The leakage of fluid into the retina may lead to swelling of the surrounding tissue, including the macula. DME is the most common cause of vision loss in people with diabetic retinopathy. DME can occur at any stage of diabetic retinopathy, although it is more likely to occur in later stages of the disease. There were approximately 8.6 million patients with DME in the United States, European countries and Japan alone in 2020 (GlobalData).

In BRVO, retinal vein occlusions occur when there is a blockage of veins carrying blood with needed oxygen and nutrients away from the nerve cells in the retina. A blockage in the main vein of the retina is referred to as a central retinal vein occlusion, or CRVO, while a blockage in a smaller vein is called a branch retinal vein occlusion, or BRVO. Per the American Academy of Ophthalmology, retinal vein occlusions are the second most common retinal vascular disorder after

diabetic retinopathy. There were an estimated 0.3 million patients with BRVO in the United States, European countries and Japan alone in 2020 (Guidehouse Triangulation of Global Data, Market Scope and Investor Forecasts (2020)).

Annual revenue (worldwide) for anti-VEGF therapies was estimated to be $13.1 billion in 2020 (GlobalData).

Clinical Development Status

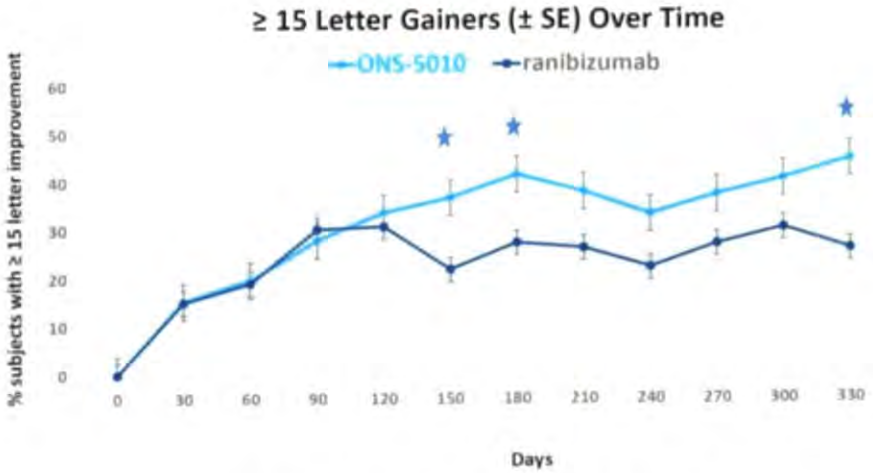
The study design for our Phase 3 clinical program to evaluate ONS-5010 as an ophthalmic formulation of bevacizumab was reviewed with the FDA at an end of Phase 2 meeting in April 2018, and we filed our IND with the FDA in the first quarter of calendar 2019. Our registration plans for wet AMD, the initial indication planned for ONS-5010, consists of three clinical trials which we refer to as NORSE ONE, NORSE TWO and NORSE THREE. All three clinical trials have been completed. We reported achieving the anticipated safety and efficacy and positive proof-of-concept topline results from NORSE ONE, a clinical experience study, in August 2020. NORSE TWO is our pivotal Phase 3 clinical trial comparing ONS-5010 to ranibizumab (LUCENTIS) that reported highly statistically significant topline results in August 2021. NORSE THREE is an open-label safety study conducted to ensure the adequate number of safety exposures to ONS-5010 are available for the initial ONS-5010 BLA submission with the FDA.

We have also received agreement from the FDA on three SPAs for three additional registration clinical trials for our ongoing Phase 3 program for ONS-5010. The agreements reached with the FDA on these SPAs cover the protocols for NORSE FOUR, a registration clinical trial to treat BRVO, and NORSE FIVE and NORSE SIX, two registration clinical trials to treat DME. We intend to initiate these studies in 2023 after planned approval of ONS-5010 for wet AMD.

In November 2021, we began enrolling patients in our NORSE SEVEN clinical trial. Patients will be treated for three months and the enrollment of patients in the arm of the study receiving ONS-5010 in vials has been completed. The study will compare the safety of ophthalmic bevacizumab in vials versus pre-filled syringes in subjects diagnosed with a retinal condition that would benefit from treatment with intravitreal injection of bevacizumab, including exudative age-related macular degeneration, diabetic macular edema, or branch retinal vein occlusion.

NORSE ONE

NORSE ONE is designed as a randomized, masked clinical experience trial and serves as the first of our two required registration clinical trials to support our planned BLA submission with the FDA for ONS-5010 for the treatment of wet AMD. A total of 61 treatment naïve and previously treated patients were enrolled in the study at nine sites in Australia and randomized onto treatment arms of ONS-5010 or ranibizumab. The primary endpoint for the study is the difference in proportion of subjects gaining 15 letters of BCVA at Day 330 for ONS-5010 dosed on a monthly basis compared to ranibizumab dosed using the PIER alternative dosing regimen of three monthly doses followed by quarterly dosing.



In August 2020, we reported positive proof-of-concept topline results for ONS-5010 as it achieved anticipated safety and efficacy expectations. In the analysis of treatment naïve patients who had a baseline visual acuity of < 67 letters (20/50 or worse) at study entry, 2 of 4 (50%) patients in the ONS-5010 arm and 4 of 9 (44%) patients in the ranibizumab arm achieved > 15 letters at Day 330. This subgroup is the relevant patient population for our ongoing pivotal clinical trial of ONS-5010. Additionally, in a key secondary endpoint for the relevant patient population, the ONS-5010 patients achieved a mean improvement in BCVA of 8.3 letters.

NORSE TWO

NORSE TWO is a masked, randomized, pivotal Phase 3 clinical trial that serves as the second of our two required clinical trials evaluating ONS-5010 against ranibizumab for wet AMD. A total of 227 primarily treatment naïve patients were enrolled at 39 clinical trial sites in the United States. Patients enrolled in the study were randomized to either ONS-5010 or ranibizumab arms and were treated for 11 months. The primary endpoint for the study is the difference in proportion of subjects gaining 15 letters of BCVA at Day 330 for ONS-5010 dosed on a monthly basis compared to ranibizumab dosed using the PIER alternative dosing regimen. We reported topline results for NORSE TWO in August 2021.

Table of Contents

The topline results reported from NORSE TWO in August 2021, in addition to the full results reported in November 2021, showed that ONS-5010 met the primary and key secondary endpoint for efficacy with clinically impactful change observed for treated patients. The NORSE TWO primary endpoint difference in proportion of subjects gaining at least 15 letters BCVA was met and was highly statistically significant and clinically relevant. In the intent-to-treat (ITT) primary dataset, the percentage of patients who gained at least 15 letters who were treated with ranibizumab was 23.1%, and the percentage of patients who gained at least 15 letters who were treated with ONS-5010 was 41.7% ($p = 0.0052$). The primary endpoint was also statistically significant and clinically relevant in the secondary per-protocol (PP) dataset ($p = 0.04$) where the percentages were almost identical, at 24.7% with ranibizumab and 41.0% with ONS-5010. The key secondary endpoint BCVA score change from baseline to month 11 in the primary ITT dataset was also highly statistically significant and clinically relevant ($p = 0.0043$). A mean change in BCVA was observed with ranibizumab of 5.8 letters and the mean change with bevacizumab-vikg was 11.2 letters. The results were also statistically significant in the secondary PP dataset ($p = 0.05$) with a mean change in letters with ranibizumab of 7.0 letters and with bevacizumab-vikg 11.1 letters._Results were also positive for the remaining secondary endpoints with 56.5% ($p = 0.0016$) of ONS-5010 subjects gaining ≥ 10 letters of vision and 68.5% ($p = 0.0116$) of ONS-5010 subjects gaining ≥ 5 letters of vision.

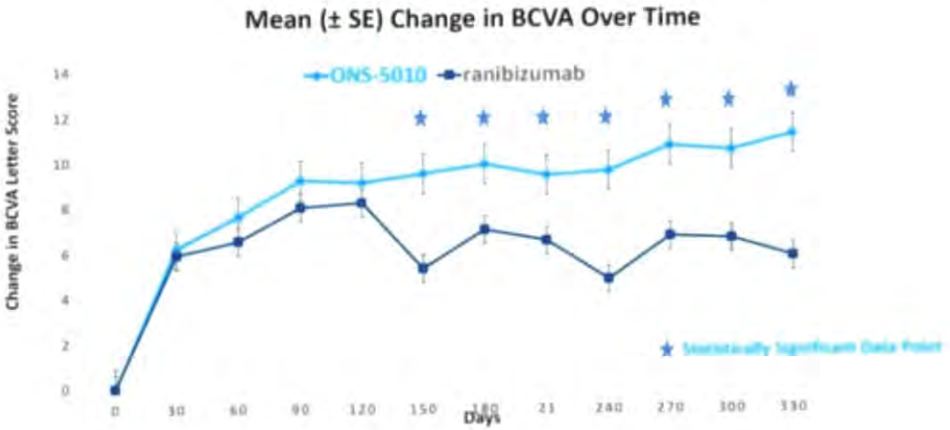


Table of Contents

NORSE THREE

NORSE THREE is an open-label safety study we conducted to ensure the adequate number of safety exposures to ONS-5010 are available for the initial ONS-5010 BLA submission with the FDA. In March 2021 we reported that the results from NORSE THREE provided a positive safety profile for ONS-5010.

NORSE SEVEN

NORSE SEVEN was initiated to support our ongoing development program for delivering ONS-5010 using a pre-filled syringe. It is a three month study designed to compare the safety of ophthalmic bevacizumab in vials versus pre-filled syringes in subjects diagnosed with a retinal condition that would benefit from treatment with intravitreal injection of bevacizumab, including exudative age-related macular degeneration, diabetic macular edema, or branch retinal vein occlusion. A total of 120 patients are expected to be enrolled in the study with 60 patients receiving ONS-5010 packaged in vials and 60 patients receiving ONS packaged in a pre-filled syringe. Subjects will be treated for three months and the enrollment of subjects in the arm of the study receiving ONS-5010 in vials has been completed. The study is expected to be completed in December 2022.

Commercialization, Sales and Marketing

Our commercialization strategy is to maximize the revenue potential of ONS-5010. If approved, we currently intend to launch and market LYTENAVA (bevacizumab-vikg) ourselves in the United States. Outside of the United States, we intend to either market and launch ourselves or work through a strategic partner. We currently own all of the development and commercialization rights to ONS-5010 and have licensed rights only to our joint venture in the People's Republic of China, or PRC, for the greater China market (see "—Collaboration and License Agreements—Syntone-Private Placement and PRC Joint Venture"). If approved, we believe that LYTENAVA (bevacizumab-vikg) will be entitled to 12 years regulatory exclusivity granted in the United States against biosimilar competition, and up to 10 years in Europe.

For many years, anti-VEGF therapy has been the standard of care for many ophthalmic diseases, including wet AMD, DME and BRVO. However, although multiple branded drugs have been approved for these indications (e.g., LUCENTIS, EYLEA and BEOVU), they are very expensive. Doctors who wish to treat their retinal patients with a less expensive anti-VEGF drug often use bevacizumab. But because there is no FDA-approved ophthalmic formulation of bevacizumab, doctors must use repackaged bevacizumab (Avastin) provided by compounding pharmacists that is not required to meet the standards for ophthalmic use necessary for an approved product. Despite clinicians' widespread acceptance and use of bevacizumab to treat ophthalmic diseases such as wet AMD, DME and BRVO, no manufacturer has previously sought approval of bevacizumab for these diseases from the FDA.

The repackaged bevacizumab that is provided by compounding pharmacies is not required to meet ophthalmic drug standards and can carry known risks of contamination (including silicone oil droplet contamination from syringes) and inconsistent potency, with potentially severe consequences, as leading retinal societies have reported. For these reasons, the retina community and payors have shown interest in the development of an ophthalmic formulation of bevacizumab that could be an on-label alternative to repackaged bevacizumab from compounding pharmacists.

To meet this retinal market need, we are developing ONS-5010 as an investigational ophthalmic formulation of bevacizumab. If approved, it will provide an FDA-approved and European Agency-approved, viable treatment option across the spectrum of anti-VEGF ophthalmic drugs that treat wet AMD, DME and BRVO. Additionally, if approved, it would avoid the safety, sterility, potency, availability and syringe drawbacks that can occur with repackaged bevacizumab from compounding pharmacies.

Furthermore, if ONS-5010 is approved and commercialized, we expect that it will be able to help mitigate the high cost of treatment for retinal diseases. Both in the United States and globally, the high cost of treating retinal diseases such as wet AMD, DME and BRVO can result in patients receiving an insufficient number of treatments, or potentially no treatment at all. Our commercial strategy for ONS-5010 includes providing an option as a first-line therapy for retinal diseases including step therapy where an anti-VEGF therapy is indicated. Step therapy is a type of prior authorization for drugs that

begins treatment for a medical condition with the most preferred drug therapy and progresses to other therapies only if necessary.

By ensuring the consistent availability of safe, sterile and fully potent on-label bevacizumab for intravitreal injection, at a responsible price, ONS-5010, if approved, has the potential to become the anti-VEGF cornerstone of care for retinal diseases. It may also provide synergies with future long-acting agents and adjunct therapies for advanced treatment of wet AMD, DME and BRVO. ONS-5010 has the potential, if approved and commercialized, to help lower the aggregate costs of treating retinal diseases for the overall healthcare system.

Collaboration and License Agreements

We enter into collaboration and license agreements in the ordinary course of our business. We have in-licensed certain technology from Selexis SA, or Selexis, that we used to research and develop our product candidates. For product candidates developed using the Selexis technology, we enter into commercial license agreements with Selexis that give us rights to commercialize, file investigational new drugs, or INDs and enter into collaborative arrangements with third parties for the further development and commercialization of such biosimilar product candidates. Although we are no longer working on our biosimilar development program, we have licensed rights to these biosimilar product candidates (ONS-3010, ONS-1045 and ONS-1050) in other markets.

MTTR — Strategic Partnership Agreement (ONS-5010)

In February 2018, we entered into a strategic partnership agreement with MTTR LLC, or MTTR, to advise on regulatory, clinical and commercial strategy and assist in obtaining approval of ONS-5010. In January 2020, we agreed to terminate this arrangement and in connection therewith, following receipt of necessary stockholder approval, in March 2020, we issued an aggregate of 7,244,739 shares of our common stock to the four principals of MTTR (who include two of our named executive officers, Mr. Dagnon and Mr. Evanson) pursuant to individual consulting agreements we entered into with each of them, and paid MTTR a one-time settlement fee of $110,000. The consulting agreements also include terms setting the respective compensation arrangements of each of the principals, including for Mr. Dagnon and Mr. Evanson, who have been serving as executive officers since November 2018.

We did not pay Mr. Dagnon or Mr. Evanson any direct compensation as consultants or as employees during the year ended September 30, 2019 nor during the period from October 1, 2019 through March 19, 2020. During this time, Mr. Dagnon and Mr. Evanson were compensated directly by MTTR for services provided to us, including as executive officers. We began compensating Mr. Dagnon and Mr. Evanson directly as consultants effective March 19, 2020. Mr. Dagnon and Mr. Evanson have also agreed to provide consulting services to an affiliate of BioLexis Pte. Ltd. ("BioLexis") pursuant to a separate arrangement. MTTR and its four principals under the strategic partnership agreement and the subsequent individual consulting agreements earned an aggregate $1,089,408 and $1,294,089 during the year ended September 30, 2021 and 2020, respectively, which includes monthly consulting fees and expense reimbursement, but excludes stock-based compensation related to restricted stock.

Syntone – Private Placement and PRC Joint Venture

In May 2020, we entered into a stock purchase agreement with Syntone Ventures LLC, or Syntone, pursuant to which we sold and issued, in a private placement in June 2020, 16,000,000 shares of our common stock at a purchase price of $1.00 per share, for aggregate gross proceeds of $16.0 million. In connection with the entry into the stock purchase agreement, we entered into a joint venture agreement with Syntone's PRC-based affiliate, pursuant to which we agreed to form a PRC joint venture that would be 80% owned by Syntone's PRC-affiliate and 20% owned by us. Upon formation of the PRC joint venture in April 2021, we entered into a royalty-free license with the PRC joint venture for the development, commercialization and manufacture of ONS-5010 in the greater China market, which includes Hong Kong, Taiwan and Macau.

We used approximately $0.9 million of the proceeds from the May 2020 private placement to Syntone Ventures to fund our initial capital contribution to the PRC joint venture, and expect to be required to make an additional capital contribution to the PRC joint venture of approximately $2.1 million within the next four years.

Table of Contents

Selexis — Humira (ONS-3010), Avastin (ONS-5010 and ONS-1045) and Herceptin (ONS-1050)

In October 2011, we entered into a research license agreement with Selexis, whereby we acquired a non-exclusive license to conduct research internally or in collaboration with third parties to develop recombinant proteins from cell lines created in mammalian cells using the Selexis expression technology, or the Selexis Technology. The research license expired on October 9, 2018, and accordingly, we are no longer using the Selexis Technology in our research.

Selexis also granted us a non-transferrable option to obtain a perpetual, non-exclusive, worldwide commercial license under the Selexis Technology to manufacture, or have manufactured, a recombinant protein produced by a cell line developed using the Selexis Technology for clinical testing and commercial sale. We exercised this option in April 2013 and entered into three commercial license agreements with Selexis for ONS-1045 (which covers ONS-5010), and two of our biosimilar product candidates, ONS-3010 and ONS-1050 (which are no longer in active clinical development). We paid an upfront licensing fee to Selexis for each commercial license and also agreed to pay a fixed milestone payment for each licensed product. In addition, we are required to pay a single-digit royalty on a final product-by-final product and country-by-country basis, based on worldwide net sales of such final products by us or any of our affiliates or sub-licensees during the royalty term. At any time during the term, we have the right to terminate our royalty payment obligation by providing written notice to Selexis and paying Selexis a royalty termination fee.

Commercial License Agreements

On April 11, 2013, following the exercise of our option to enter a commercial license under the Selexis research license, we entered into commercial license agreements with Selexis for each of ONS-1045, ONS-3010 and ONS-1050. Under the terms of each commercial license agreement, we acquired a non-exclusive worldwide license under the Selexis Technology to use the cell lines developed under the research license and related materials, to manufacture and commercialize licensed and final products, with a limited right to sublicense.

We were required to pay an upfront licensing fee of CHF 65,000 (approximately $0.1 million) to Selexis for each commercial license and also agreed to pay up to CHF 365,000 (approximately $0.4 million) in milestone payments for each licensed product. In addition, we are required to pay a single-digit royalty on a final product-by-final product and country-by-country basis, based on worldwide net sales of such final products by us or any of our affiliates or sublicensees during the royalty term. The royalty term for each final product in each country is the period commencing from the first commercial sale of the applicable final product in the applicable country and ending on the expiration of the specified patent coverage. At any time during the term, we have the right to terminate our royalty payment obligation by providing written notice to Selexis and paying Selexis a royalty termination fee of CHF 1,750,000 (approximately $1.8 million). The initiation of our Phase 3 clinical program for ONS-5010 in fiscal 2019 triggered a CHF 65,000 (approximately $0.1 million) milestone payment to Selexis under the commercial license agreement, which we paid in November 2019. As of September 30, 2021, we have paid Selexis an aggregate of approximately $0.4 million under the commercial license agreements.

Each of our commercial agreements with Selexis will expire in its entirety upon the expiration of all applicable Selexis patent rights. The licensed patent rights consist of two patent families. The first patent family relates to methods of transferring cells, and is filed in the United States, Australia, Canada, Europe, Japan and Singapore. This patent family will begin to expire worldwide in 2022. The second patent family claims DNA compositions of matter useful for having protein production increasing activity. This patent family is filed in the United States, Australia, Canada, China, Europe, Hong Kong, Israel, India, Japan, South Korea, Russia, Singapore and South Africa. This patent family will begin to expire worldwide in 2025. Either party may terminate the related agreement in the event of an uncured material breach by the other party or in the event the other party becomes subject to specified bankruptcy, winding up or similar circumstances.

Either party may also terminate the related agreement under designated circumstances if the Selexis Technology infringes third-party intellectual property rights. In addition, we have the right to terminate each of the commercial agreements at any time for our convenience; however, with respect to the agreements relating to ONS-3010 and ONS-1045, this right is subject to the consent of Laboratories Liomont, S.A. de C.V., or Liomont (a licensing partner in Mexico for ONS-3010 and ONS-1045) pursuant to a corresponding letter we executed in conjunction with the standby agreement entered into between Selexis and Liomont on November 11, 2014. The standby agreement permits Liomont to assume the license under

the applicable commercial agreement for Mexico upon specified triggering events involving our bankruptcy, insolvency or similar circumstances.

Ex-U.S. Collaboration and License Agreements

In addition to pursuing potential strategic collaborations and partnerships for ONS-5010, we have entered into strategic collaborations for our legacy biosimilar drug product candidates that are no longer in active clinical development. Currently, we have a joint participation agreement in place for ONS-3010 with Zhejiang Huahai Pharmaceutical Co., Ltd., or Huahai, whereby we share any future post-Phase 1 development costs with Huahai, and proportionately share the revenues from commercialization of ONS-3010 in the United States, Canada, European Union, or E.U., Japan, Australia and New Zealand. We could also be required to form a joint venture to further develop and commercialize ONS-3010 with Huahai in the agreed countries, if so, requested by Huahai. However, we do not have any other development and commercialization agreements for the United States or for major ex-U.S. markets, such as the E.U. and Japan.

For emerging markets opportunities, in 2012 and 2013, we established early country-specific partnerships for ONS-3010 and ONS-1045 in China with Huahai, in India with IPCA Laboratories Limited, or IPCA, and in Mexico with Liomont, and in September 2017 we entered into an agreement with BioLexis Pte. Ltd., or BioLexis, our controlling stockholder, providing for the license of rights to ONS-3010 and ONS-1045 in emerging markets excluding China, India and Mexico. The Liomont agreement was terminated in April 2021. To date, these agreements have collectively provided an aggregate of $29.0 million in payments as of September 30, 2021.

Until such time as we may enter into a strategic partnership for ONS-5010, aside from our joint participation agreement in place for ONS-3010 with Huahai, whereby we agreed to share post-Phase 1 clinical development costs, and proportionately share the revenues from commercialization of ONS-3010 in the United States, Canada, E.U. and Japan, among other markets, and under which we could be required to form a joint venture with Huahai for ONS-3010 if so requested by Huahai, we do not have any commercial license or development agreements for the United States or for major ex-U.S. markets, such as the E.U. or Japan. We currently have collaboration and license agreements for smaller ex-U.S. markets and, collectively, such agreements have provided an aggregate of $29.0 million in payments as of September 30, 2021 for our most advanced biosimilar product candidates. Our contracts include agreements with IPCA (for ONS-3010, ONS-1045 and ONS-1050 in India and other regional markets), Liomont (for ONS-3010 and ONS-1045 in Mexico), Huahai (for ONS-3010 and ONS-1045 in China) and BioLexis (for ONS-3010 and ONS-1045 in emerging markets excluding China, India and Mexico). We have also agreed to license ONS-5010 to our PRC-joint venture with Syntone when formed, which is discussed above. Our arrangements with these partners for our biosimilar product candidates generally include a strategic license for a defined territory for agreed biosimilar product candidates and may also include agreements to assist with research and development to assist our contract counterparty in establishing their own mAb research, development and manufacturing capabilities. Under our existing strategic licensing agreements, we generally received an upfront payment upon execution, and have the ability to earn additional regular milestone payments and the right to receive royalties (generally a mid-single digit to low-teens percentage rate) based on net sales in the agreed territory. Our existing agreements to assist with research and development also included an upfront payment upon execution, and we have the ability to earn additional regular milestone payments, and the right to receive royalties (generally a mid-single digit to low-teens percentage rate) based on net sales in the agreed territory.

Generally, our agreements expire on a product-by-product basis on the date of the expiration of the royalty revenue term for all products in the territory. The royalty revenue term is 10 years from the date of first commercial sale and any renewal is subject to good faith negotiation. The license term for the agreed territory is perpetual. Either party may terminate the agreement in its entirety or with respect to a particular product if the other party materially breaches the agreement, subject to specified notice and cure periods. In addition, we have the right to terminate the agreement in connection with any interference, opposition or challenge of our patent rights. If the agreement is terminated due to our breach, our contract counterparty is generally free to use all applicable technology and know-how that we have provided under the agreement.

As noted above, our collaboration agreements with Huahai also includes a joint participation agreement, which provides for the co-funding of development of ONS-3010 in the United States, Canada, E.U., Japan, Australia and New Zealand and the proportionate sharing of the revenues from commercialization of ONS-3010 in the agreed countries, and also

provides for the formation of a joint venture with Huahai to further develop and commercialize ONS-3010 with Huahai in the agreed countries, if so requested by Huahai.

In the event Huahai funds its proportionate share of development costs incurred after completion of the "Phase-3 Ready Package," Huahai would be entitled to retain its 51% value ownership, with us entitled to retain our 49% value ownership, of ONS-3010 in the agreed countries. Similarly, revenues from the commercialization of ONS-3010 in the agreed countries (including major markets such as the United States and the E.U., among others), would also be shared based on such proportional ownership interests. In the event that Huahai does not fund its proportionate share of such development costs, the joint participation agreement provides for a proportionate adjustment to our respective value ownership interests based on our respective investments in such development costs, which would increase our value ownership interest in ONS-3010.

Throughout the term of the joint participation agreement, we and our affiliates are prohibited from, directly or indirectly, conducting or having conducted or funding any discovery, research, development, regulatory, manufacturing or commercialization activity, alone or in collaboration with a third party, of any biosimilar product having the same reference product as the ONS-3010 compound or corresponding products, for use in the United States, Canada, E.U., Japan, Australia and New Zealand, other than ONS-3010 with Huahai pursuant to the joint participation agreement.

Unless terminated early upon mutual agreement of the parties, or due to a material breach of either party that is uncured, the joint participation agreement will terminate upon entry into a mutually acceptable collaboration agreement between us and Huahai for ongoing development and commercialization of ONS-3010 in the agreed countries, or we and Huahai enter into an agreed license with a third party for such ongoing development and commercialization of ONS-3010 in the agreed countries. If the joint participation agreement is terminated for cause due to our breach, we could be required to refund Huahai any amounts funded by Huahai to develop ONS-3010, as well as pay Huahai a 6% royalty on net sales made by us or an affiliate, as well as 25% of revenues we receive from a sublicensee for commercial sales of ONS-3010 until the aggregate of such payments is equal to 10 times the amount Huahai funded for the development of ONS-3010.

Furthermore, if we were to file a voluntary petition in bankruptcy, or have an involuntary petition filed that we could not dismiss within 120 days, then Huahai would be granted an exclusive license to continue the development and commercialization of ONS-3010 in the agreed countries.

As of September 30, 2021, we have received an aggregate of $5.0 million of payments from IPCA under our various agreements, an aggregate of $3.0 million of payments from Liomont under our various agreements, an aggregate of $16.0 million of payments from Huahai under our various agreements, $10.0 million of which were pursuant to the joint participation agreement, and an aggregate of $5.0 million from BioLexis under our joint development and licensing agreement.

Manufacturing

We are working with FujiFilm Diosynth Biotechnologies, or Fuji, and Ajinomoto Bio-pharma Services, or AjiBio, to provide product manufacturing in current Good Manufacturing Practices, or cGMP, manufacturing facilities. We have also executed a supply agreement for a best-in-class pre-filled ophthalmic syringe, which we believe will provide both ease-of-use for clinicians and add to ONS-5010's safety profile over the current unapproved therapies that have caused problems related to syringe malfunction, contamination, etc. We will screen other contract manufacturers to meet our clinical, commercial and regulatory supply requirements as needed. For a discussion of risks related to our sources and availability of supplies, please see "Risk Factors—Previously, we manufactured bulk drug substance for preclinical and clinical supplies of our product candidates in our in-house facility. Our business could be harmed if our new contract manufacturer is unable to manufacture our product candidates at the necessary quantity or quality levels,." and "Risk Factors—We currently engage single source suppliers for clinical trial services and multiple source suppliers for future drug substance manufacturing, fill-finish manufacturing and product testing of ONS-5010. The loss of any of these suppliers, or any future single source suppliers, could harm our business."

The accompanying notes are an integral part of these condensed consolidated financial statements.

AbbVie Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements (unaudited)

Note 1 Basis of Presentation

Basis of Historical Presentation

The unaudited interim condensed consolidated financial statements of AbbVie Inc. (AbbVie or the company) have been prepared pursuant to the rules and regulations of the U.S. Securities and Exchange Commission. Accordingly, certain information and footnote disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles in the United States (U.S. GAAP) have been omitted. These unaudited interim condensed consolidated financial statements should be read in conjunction with the company's audited consolidated financial statements and notes included in the company's Annual Report on Form 10-K for the year ended December 31, 2021.

It is management's opinion that these financial statements include all normal and recurring adjustments necessary for a fair presentation of the company's financial position and operating results. Net revenues and net earnings for any interim period are not necessarily indicative of future or annual results.

During the three months ended March 31, 2022, AbbVie revised its classification of development milestone expense associated with licensing and collaboration arrangements in the consolidated statement of earnings. Milestone payments incurred prior to regulatory approval, which were previously included in research and development expense, are now presented as acquired IPR&D and milestones expense. The reclassification decreased research and development expense and increased acquired IPR&D and milestones expense by $115 million for the three months ended March 31, 2021. The company believes this presentation assists users of the financial statements to better understand the total upfront and subsequent development milestone payments incurred to acquire in-process research and development projects. Prior periods have been reclassified to conform to the current period presentation. The reclassification had no impact on total operating costs and expenses, operating earnings, net earnings, net earnings attributable to AbbVie, Inc., earnings per share, or total equity. Certain other reclassifications were made to conform the prior period interim condensed consolidated financial statements to the current period presentation.

Note 2 Supplemental Financial Information

Interest Expense, Net

	Three months ended March 31,	
(In millions)	2022	2021
Interest expense	$ 548	$ 632
Interest income	(9)	(10)
Interest expense, net	$ 539	$ 622

Inventories

(In millions)	March 31, 2022	December 31, 2021
Finished goods	$ 1,220	$ 932
Work-in-process	1,235	1,193
Raw materials	1,028	1,003
Inventories	$ 3,483	$ 3,128

Property and Equipment, Net

(In millions)	March 31, 2022	December 31, 2021
Property and equipment, gross	$ 10,879	$ 10,727
Accumulated depreciation	(5,804)	(5,617)
Property and equipment, net	$ 5,075	$ 5,110

Depreciation expense was $198 million for the three months ended March 31, 2022 and $206 million for the three months ended March 31, 2021.

Note 3 Earnings Per Share

AbbVie grants certain restricted stock units (RSUs) that are considered to be participating securities. Due to the presence of participating securities, AbbVie calculates earnings per share (EPS) using the more dilutive of the treasury stock or the two-class method. For all periods presented, the two-class method was more dilutive.

The following table summarizes the impact of the two-class method:

(in millions, except per share data)	Three months ended March 31, 2022	2021
Basic EPS		
Net earnings attributable to AbbVie Inc.	$ 4,490	$ 3,553
Earnings allocated to participating securities	22	24
Earnings available to common shareholders	$ 4,468	$ 3,529
Weighted-average basic shares outstanding	1,771	1,769
Basic earnings per share attributable to AbbVie Inc.	$ 2.52	$ 2.00
Diluted EPS		
Net earnings attributable to AbbVie Inc.	$ 4,490	$ 3,553
Earnings allocated to participating securities	22	24
Earnings available to common shareholders	$ 4,468	$ 3,529
Weighted-average shares of common stock outstanding	1,771	1,769
Effect of dilutive securities	7	6
Weighted-average diluted shares outstanding	1,778	1,775
Diluted earnings per share attributable to AbbVie Inc.	$ 2.51	$ 1.99

Certain shares issuable under stock-based compensation plans were excluded from the computation of EPS because the effect would have been antidilutive. The number of common shares excluded was insignificant for all periods presented.

Note 4 Licensing, Acquisitions and Other Arrangements

Cash outflows related to acquisitions and investments totaled $185 million for the three months ended March 31, 2022 and $198 million for the three months ended March 31, 2021. AbbVie recorded acquired IPR&D and milestones charges of $145 million for the three months ended March 31, 2022 and $185 million for the three months ended March 31, 2021.

Syndesi Therapeutics SA

In February 2022, AbbVie acquired Syndesi Therapeutics SA and its portfolio of novel modulators of the synaptic vesicle protein 2A (SV2A), including its lead molecule SDI-118 and accounted for the transaction as an asset acquisition. SDI-118 is a small molecule currently in Phase 1b studies, which is being evaluated to target nerve terminals to enhance synaptic efficiency. Under the terms of the agreement, AbbVie made an upfront payment of $130 million which was recorded to acquired IPR&D and milestones expense in the condensed consolidated statement of earnings in the first quarter of 2022. The agreement also includes additional future payments of up to $870 million upon the achievement of certain development, regulatory and commercial milestones.

Note 5 Collaborations

The company has ongoing transactions with other entities through collaboration agreements. The following represent the significant collaboration agreements impacting the periods ended March 31, 2022 and 2021.

Collaboration with Janssen Biotech, Inc.

In December 2011, Pharmacyclics, a wholly-owned subsidiary of AbbVie, entered into a worldwide collaboration and license agreement with Janssen Biotech, Inc. and its affiliates (Janssen), one of the Janssen Pharmaceutical companies of Johnson & Johnson, for the joint development and commercialization of Imbruvica, a novel, orally active, selective covalent inhibitor of Bruton's tyrosine kinase and certain compounds structurally related to Imbruvica, for oncology and other indications, excluding all immune and inflammatory mediated diseases or conditions and all psychiatric or psychological diseases or conditions, in the United States and outside the United States.

The collaboration provides Janssen with an exclusive license to commercialize Imbruvica outside of the United States and co-exclusively with AbbVie in the United States. Both parties are responsible for the development, manufacturing and marketing of any products generated as a result of the collaboration. The collaboration has no set duration or specific expiration date and provides for potential future development, regulatory and approval milestone payments of up to $200 million to AbbVie. The collaboration also includes a cost sharing arrangement for associated collaboration activities. Except in certain cases, Janssen is responsible for approximately 60% of collaboration development costs and AbbVie is responsible for the remaining 40% of collaboration development costs.

In the United States, both parties have co-exclusive rights to commercialize the products; however, AbbVie is the principal in the end-customer product sales. AbbVie and Janssen share pre-tax profits and losses equally from the commercialization of products. Sales of Imbruvica are included in AbbVie's net revenues. Janssen's share of profits is included in AbbVie's cost of products sold. Other costs incurred under the collaboration are reported in their respective expense line items, net of Janssen's share.

Outside the United States, Janssen is responsible for and has exclusive rights to commercialize Imbruvica. AbbVie and Janssen share pre-tax profits and losses equally from the commercialization of products. AbbVie's share of profits is included in AbbVie's net revenues. Other costs incurred under the collaboration are reported in their respective expense line items, net of Janssen's share.

The following table shows the profit and cost sharing relationship between Janssen and AbbVie:

	Three months ended March 31,	
(in millions)	2022	2021
United States - Janssen's share of profits (included in cost of products sold)	$ 408	$ 465
International - AbbVie's share of profits (included in net revenues)	299	269
Global - AbbVie's share of other costs (included in respective line items)	64	70

AbbVie's receivable from Janssen, included in accounts receivable, net, was $336 million at March 31, 2022 and $294 million at December 31, 2021. AbbVie's payable to Janssen, included in accounts payable and accrued liabilities, was $401 million at March 31, 2022 and $509 million at December 31, 2021.

Collaboration with Genentech, Inc.

AbbVie and Genentech, Inc. (Genentech), a member of the Roche Group, are parties to a collaboration and license agreement executed in 2007 to jointly research, develop and commercialize human therapeutic products containing BCL-2 inhibitors and certain other compound inhibitors which includes Venclexta, a BCL-2 inhibitor used to treat certain hematological malignancies. AbbVie shares equally with Genentech all pre-tax profits and losses from the development and commercialization of Venclexta in the United States. AbbVie pays royalties on Venclexta net revenues outside the United States.

IN THE MATTER OF:	)	BEFORE THE ALABAMA STATE
	)	
ALEXION PHARMACEUTICALS, INC.	)	BOARD OF PHARMACY
	)	
Private Label Distributor Permit No. 193444	)	CASE NO: 21-L-0282

FINAL ORDER

On March 15, 2022, this cause came before the Alabama State Board of Pharmacy (hereinafter also referred to as the "Board"), on a Complaint against Alexion Pharmaceuticals, Inc. (hereinafter also referred to as the "Respondent"). Evidence having been presented thereon, the Board has determined that the following Findings of Fact and Conclusions of Law are supported by the evidence and law.

Findings of Fact

1. The Respondent has a Private Label Distributor permit numbered No. 193444.

2. The Respondent was notified of the charges. (Board's Exhibits One and Two) The Respondent did not appear at the scheduled administrative hearing on March 15, 2022 nor did counsel appear on its behalf.

3. The Respondent made no objection to the timeliness of the Notice of Hearing or the specificity of the Statement of Charges.

4. The Respondent failed to file an application for change of ownership which took place on July 22, 2021. No application has been received as of the date of the hearing on March 15, 2022.

Conclusions of Law

1. The Alabama State Board of Pharmacy has jurisdiction of this cause pursuant to Code of Alabama (1975), § 34-23-92(12) and Code of Alabama (1975), § 41-22-12.

2. The Respondent was properly notified of the charges, failed to appear, and was not represented by counsel at the administrative hearing.

3. The Respondent made no objection to the timeliness of the Notice of Hearing or the specificity of the Statement of Charges.

4. The Respondent is due to be found guilty and a disciplinary fine of One Thousand Dollars ($1,000.00) imposed for its failure to file an application for change of ownership.

ORDER

In accordance with the foregoing Findings of Fact and Conclusions of Law, it is hereby ORDERED as follows:

The Respondent is guilty of the charges contained in Count One of the "Statement of Charges and Notice of Hearing" and a disciplinary fine of One Thousand Dollars ($1,000.00) is assessed against Respondent. Said fine is to be paid to the Board within thirty (30) days of the Order.

DONE and ORDERED, this 23 day of March, 2022.

EXPLANATION OF DISCIPLINARY HISTORY

On March 23, 2022, the Alabama State Board of Pharmacy issued a Final Order against Alexion regarding our failure to file an application for change of ownership for our Private Label Distributor permit (Permit No. 193444). A copy of the Final Order is attached. The Alabama State Board of Pharmacy imposed a disciplinary fine of One Thousand Dollars (US $1,000.00) which was paid in full on April 20, 2022.

Description of Operations

Alexion Pharmaceuticals, Inc. ("Alexion") is a Virtual Manufacturer. Alexion is a privately held corporation located in New Haven, Connecticut. Alexion's products are manufactured by multiple contract manufacturers and will then be distributed to Specialty Distributors, Specialty Pharmacies, and hospitals by their third-party logistics providers, who are licensed to ship pharmaceutical products into your state.

We are using the following contract manufacturer to produce our products:

Alexion Pharma International Operations Unlimited Company
College Business and Technology Park Blanchardstown Road North
Dublin, Ireland D15 R925
FDA Establishment No: 3012889718

Almac Pharma Services
22 Seagoe Industrial Estate
Craigavon, Northern Ireland
United Kingdom BT63 5QD
FDA Establishment No: 3004444888

Third Party Logistics Information:
For distribution into the commercial supply channels, Integrated Commercialization Solutions (ICS) and Eversana Life Science Services LLC dba Eversana (Eversana) act as Alexion's Third-Party Logistics (3PL) providers to manage the storage and distribution of Alexion's product to customers throughout the United States.

Eversana Life Science Services LLC dba Eversana
4580 Mendenhall Road
Memphis, TN 38141

Alexion's hours of operation are 8:00 a.m. – 5:00 p.m. (Pacific Time), Monday through Friday

Subject: RE: Alexion Pharmaceuticals, Inc.-Pending Application

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Hi Maria,

I wanted to follow up on the below. Alexion Pharmaceuticals, Inc. is not able to locate the labeler code email they received around 15 years ago. The FDA NDC directory was provided that links Alexion to the labeler #: 25682 and is proof of FDA registration. Can this be accepted?

Cheryl Midian

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration
Silver Spring MD 20993

BLA 761108

BLA APPROVAL

Alexion Pharmaceuticals Inc.
Attention: Mike Page
Executive Director, Global Regulatory Affairs
100 College Street
New Haven, CT 06510

Dear Mr. Page:

Please refer to your Biologics License Application (BLA) dated June 18, 2018, received June 18, 2018, and your amendments, submitted under section 351(a) of the Public Health Service Act for ULTOMIRIS™ (ravulizumab-cwvz) injection, 300 mg/30 mL (10 mg/mL).

LICENSING

We have approved your BLA for ULTOMIRIS (ravulizumab-cwvz) effective this date. You are hereby authorized to introduce or deliver for introduction into interstate commerce, ULTOMIRIS under your existing Department of Health and Human Services U.S. License No. 1743. ULTOMIRIS is indicated for the treatment of adult patients with paroxysmal nocturnal hemoglobinuria (PNH).

MANUFACTURING LOCATIONS

Under this license, you are approved to manufacture ravulizumab-cwvz drug substance at (b)(4) The final formulated drug product will be manufactured and filled at Alexion (b)(4), and labeled and packaged at Alexion (b)(4). You may label your product with the proprietary name, ULTOMIRIS, and market it in 300 mg/30 mL vials.

DATING PERIOD

The dating period for ULTOMIRIS shall be 24 months from the date of manufacture when stored at 2-8 °C. The date of manufacture shall be defined as the date of final sterile filtration of the formulated drug product. The dating period for your drug substance shall be (b)(4) from the date of manufacture when stored at (b)(4)

Results of ongoing stability should be submitted throughout the dating period, as they become available, including the results of stability studies from the first three production lots.

We have approved the stability protocols in your license application for the purpose of extending the expiration dating period of your drug substance and drug product under 21 CFR 601.12.

FDA LOT RELEASE

You are not currently required to submit samples of future lots of ULTOMIRIS to the Center for Drug Evaluation and Research (CDER) for release by the Director, CDER, under 21 CFR 610.2. We will continue to monitor compliance with 21 CFR 610.1, requiring completion of tests for conformity with standards applicable to each product prior to release of each lot.

Any changes in the manufacturing, testing, packaging, or labeling of ULTOMIRIS, or in the manufacturing facilities, will require the submission of information to your biologics license application for our review and written approval, consistent with 21 CFR 601.12.

APPROVAL AND LABELING

We have completed our review of this application, as amended. It is approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling text.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, submit, via the FDA automated drug registration and listing system (eLIST), the content of labeling [21 CFR 601.14(b)] in structured product labeling (SPL) format, as described at http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm. Content of labeling must be identical to the enclosed labeling (text for the Prescribing Information and Medication Guide). Information on submitting SPL files using eLIST may be found in the guidance for industry titled "*SPL Standard for Content of Labeling Technical Qs and As*" at http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf.

The SPL will be accessible via publicly available labeling repositories.

We request that the labeling approved today be available on your website within 10 days of receipt of this letter.

CARTON AND CONTAINER LABELING

Submit final printed carton and container labeling that are identical to the carton and container labeling submitted on November 15, 2018, as soon as they are available, but no more than 30 days after they are printed. Please submit these labeling electronically according to the guidance for industry titled *Providing Regulatory Submissions in Electronic Format — Certain Human*

Pharmaceutical Product Applications and Related Submissions Using the eCTD Specifications (April 2018, Revision 5). For administrative purposes, designate this submission "**Final Printed Carton and Container Labeling for approved BLA 761108**." Approval of this submission by FDA is not required before the labeling is used.

ADVISORY COMMITTEE

Your application for ULTOMIRIS was not referred to an FDA advisory committee because the application did not raise significant safety or efficacy issues that were unexpected for a biologic of this class in the intended population.

REQUIRED PEDIATRIC ASSESSMENTS

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients (which includes new salts and new fixed combinations), new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication(s) in pediatric patients unless this requirement is waived, deferred, or inapplicable.

Because this drug product for this indication has an orphan drug designation, you are exempt from this requirement.

POSTMARKETING COMMITMENTS SUBJECT TO REPORTING REQUIREMENTS UNDER SECTION 506B

We remind you of your postmarketing commitments:

3557-1 Submit the final clinical study reports and datasets for randomized controlled trials of ULTOMIRIS in patients with paroxysmal nocturnal hemoglobinuria (ALXN1210-PNH-301 and ALXN1210-PNH-302) to include the extension period of up to 2 years of follow-up.

The timetable you submitted on December 10, 2018, states that you will conduct this study according to the following schedule:

Interim Report Submission: 06/2019
Final Report Submission: 09/2020

POSTMARKETING COMMITMENTS NOT SUBJECT TO THE REPORTING REQUIREMENTS UNDER SECTION 506B

We remind you of your postmarketing commitments:

3557-2 Implement a two-tier Reference material system with (b)(4) storage condition for primary reference material.

The timetable you submitted on December 12, 2018, states that you will conduct this study according to the following schedule:

Final Report Submission: 12/2019

3557-3 Explore alternative assay formats for the Hemolytic assay in order to reduce the method variability.

The timetable you submitted on December 12, 2018, states that you will conduct this study according to the following schedule:

Final Report Submission: 03/2019

3557-4 Qualify the (b)(4) sample for the bioburden method using samples from three (b)(4) lots. Provide the qualification data.

The timetable you submitted on December 12, 2018, states that you will conduct this study according to the following schedule:

Final Report Submission: 07/2019

Submit clinical protocols to your IND 128367 for this product. Submit nonclinical and chemistry, manufacturing, and controls protocols and all postmarketing final reports to this BLA. In addition, under 21 CFR 601.70 you should include a status summary of each commitment in your annual progress report of postmarketing studies to this BLA. The status summary should include expected summary completion and final report submission dates, any changes in plans since the last annual report, and, for clinical studies/trials, number of patients entered into each study/trial. All submissions, including supplements, relating to these postmarketing commitments should be prominently labeled "**Postmarketing Commitment Protocol**," "**Postmarketing Commitment Final Report**," or "**Postmarketing Commitment Correspondence**."

RISK EVALUATION AND MITIGATION STRATEGY REQUIREMENTS

Section 505-1 of the Food Drug Cosmetic Act (FDCA) authorizes FDA to require the submission of a risk evaluation and mitigation strategy (REMS), if FDA determines that such a strategy is necessary to ensure that the benefits of the drug outweigh the risks.

In accordance with section 505-1 of FDCA, we have determined that a REMS is necessary for ULTOMIRIS™ (ravulizumab-cwvz) to ensure the benefits of the drug outweigh the risk of meningococcal infection.

Your proposed REMS must also include the following:

Elements to assure safe use: Pursuant to 505-1(f)(1), we have also determined that ULTOMIRIS™ (ravulizumab-cwvz) can be approved only if elements necessary to assure safe use are required as part of the REMS to mitigate the risk of meningococcal infection. Your REMS includes the following elements to mitigate this risk:

- Healthcare providers have particular experience or training, or are specially certified

Your proposed REMS, submitted on June 18, 2018, amended and appended to this letter, is approved.

The REMS consists of elements to assure safe use and a timetable for submission of assessments of the REMS.

Your REMS must be fully operational before you introduce ULTOMIRIS™ (ravulizumab-cwvz) into interstate commerce.

The REMS assessment plan must include, but is not limited to, the following:

1. Prescriber Enrollment (per reporting period and cumulatively):
   a. Number enrolled: total and newly enrolled
      Number of non-enrolled prescribers with specific reasons why prescribers did not enroll
   b. Actions taken to ensure that all prescribers of ULTOMIRIS are enrolled and non-enrolled prescribers are not allowed to prescribe ULTOMIRIS
   c. Root causes analyses of instances where non-enrolled prescribers were distributed ULTOMIRIS

2. Patient statistics (per reporting period and cumulatively):
   a. The number of new patients treated with ULTOMIRIS
   b. Demographics of patients treated with ULTOMIRIS (gender, age, race, diagnosis)
   c. Number of new patients treated with ULTOMIRIS receiving meningococcal vaccinations according to current Advisory Committee on Immunization Practices (ACIP) recommendations for persons who have complement deficiency. Information regarding the vaccines administered is to include vaccine serotype, dosing, and timing of the vaccinations.

3. Summary of cases of U.S. meningococcal infections (per reporting period and cumulatively):
   a. For each case, provide the following information:
      i. MedWatch or other case report number
      ii. date of report and date of report to FDA
      iii. age, race, and gender
      iv. indication for ULTOMIRIS treatment

v. meningococcal vaccination status, including whether vaccinations were administered in compliance with the most current Advisory Committee on Immunization Practices (ACIP) recommendations with regards to vaccine product, dosage, and timing
vi. whether the patient was administered any prophylactic antibiotics and if so:
    1. the specific antibiotics, antibiotic regimen (dose/frequency), and routes of administration
    2. the duration of the antibiotic treatment
    3. the timing of the course of the antibiotics in relation to ULTOMIRIS treatment
vii. summary of the clinical course and the outcome
viii. causative meningococcal serogroup
ix. whether the Patient Safety Card was presented during the process of the patient seeking treatment
x. Whether the patient had received the Patient Safety Brochure

b. Provide a link to the most recent Periodic Safety Update Report (PSUR)

4. Rate (# cases/100,000 patient-years) of meningococcal infections (per reporting period and cumulatively) for U.S. cases, worldwide cases, and relevant age subgroups (ages 0-18 years, 18-55 years, and >55 years).

5. Starting with the 12-month reporting period, an assessment of prescribing healthcare professionals (HCPs) understanding regarding:
    - the increased risk of meningococcal infections with ULTOMIRIS
    - the early signs of invasive meningococcal infections
    - the need for immediate medical evaluation of signs and symptoms consistent with possible meningococcal infections

6. Starting with the 12-month reporting period, an assessment of patient understanding regarding:
    - the increased risk of meningococcal infections with ULTOMIRIS
    - the early signs of invasive meningococcal infections
    - the need for immediate medical evaluation of signs and symptoms consistent with possible meningococcal infections

7. The requirements for assessments of an approved REMS under section 505-1(g)(3) include with respect to each goal included in the strategy, an assessment of the extent to which the approved strategy, including each element of the strategy, is meeting the goal or whether one or more such goals or such elements should be modified.

We remind you that in addition to the REMS assessments submitted according to the timetable in the approved REMS, you must include an adequate rationale to support a proposed REMS modification for the addition, modification, or removal of any goal or element of the REMS, as described in section 505-1(g)(4) of the FDCA.

We also remind you that you must submit a REMS assessment when you submit a supplemental application for a new indication for use as described in section 505-1(g)(2)(A). This assessment should include:

a) An evaluation of how the benefit-risk profile will or will not change with the new indication;
b) A determination of the implications of a change in the benefit-risk profile for the current REMS;
c) *If the new, proposed indication for use introduces unexpected risks*: A description of those risks and an evaluation of whether those risks can be appropriately managed with the currently approved REMS.
d) *If a REMS assessment was submitted in the 18 months prior to submission of the supplemental application for a new indication for use*: A statement about whether the REMS was meeting its goals at the time of the last assessment and if any modifications of the REMS have been proposed since that assessment.
e) *If a REMS assessment has not been submitted in the 18 months prior to submission of the supplemental application for a new indication for use:* Provision of as many of the currently listed assessment plan items as is feasible.
f) *If you propose a REMS modification based on a change in the benefit-risk profile or because of the new indication of use, submit an adequate rationale to support the modification, including*: Provision of the reason(s) why the proposed REMS modification is necessary, the potential effect on the serious risk(s) for which the REMS was required, on patient access to the drug, and/or on the burden on the health care delivery system; and other appropriate evidence or data to support the proposed change. Additionally, include any changes to the assessment plan necessary to assess the proposed modified REMS. *If you are not proposing a REMS modification*, provide a rationale for why the REMS does not need to be modified.

If the assessment instruments and methodology for your REMS assessments are not included in the REMS supporting document, or if you propose changes to the submitted assessment instruments or methodology, you should update the REMS supporting document to include specific assessment instrument and methodology information at least 90 days before the assessments will be conducted. Updates to the REMS supporting document may be included in a new document that references previous REMS supporting document submission(s) for unchanged portions. Alternatively, updates may be made by modifying the complete previous REMS supporting document, with all changes marked and highlighted. Prominently identify the submission containing the assessment instruments and methodology with the following wording in bold capital letters at the top of the first page of the submission:

BLA 761108 REMS CORRESPONDENCE
(insert concise description of content in bold capital letters, e.g.,
UPDATE TO REMS SUPPORTING DOCUMENT - ASSESSMENT METHODOLOGY

Prominently identify any submission containing the REMS assessments or proposed modifications of the REMS with the following wording in bold capital letters at the top of the first page of the submission as appropriate:

BLA 761108 REMS ASSESSMENT

NEW SUPPLEMENT FOR BLA 761108/S-000
CHANGES BEING EFFECTED IN 30 DAYS
PROPOSED MINOR REMS MODIFICATION

or

NEW SUPPLEMENT FOR BLA 761108/S-000
PRIOR APPROVAL SUPPLEMENT
PROPOSED MAJOR REMS MODIFICATION

or

NEW SUPPLEMENT FOR BLA 761108/S-000
PRIOR APPROVAL SUPPLEMENT
PROPOSED REMS MODIFICATIONS DUE TO SAFETY LABELING CHANGES SUBMITTED IN SUPPLEMENT XXX

NEW SUPPLEMENT (NEW INDICATION FOR USE)
FOR BLA 761108/S-000
REMS ASSESSMENT
PROPOSED REMS MODIFICATION (if included)

Should you choose to submit a REMS revision, prominently identify the submission containing the REMS revisions with the following wording in bold capital letters at the top of the first page of the submission:

REMS REVISION FOR BLA 761108

To facilitate review of your submission, we request that you submit your proposed modified REMS and other REMS-related materials in Microsoft Word format. If certain documents, such as enrollment forms, are only in PDF format, they may be submitted as such, but the preference is to include as many as possible in Word format.

SUBMISSION OF REMS DOCUMENT IN SPL FORMAT

FDA can accept the REMS document in Structured Product Labeling (SPL) format. If you intend to submit the REMS document in SPL format, as soon as possible, but no later than 14 days from the date of this letter, submit the REMS document in SPL format using the FDA automated drug registration and listing system (eLIST).

For more information on submitting REMS in SPL format, please email FDAREMSwebsite@fda.hhs.gov.

PROMOTIONAL MATERIALS

You may request advisory comments on proposed introductory advertising and promotional labeling. To do so, submit, in triplicate, a cover letter requesting advisory comments, the proposed materials in draft or mock-up form with annotated references, and the Prescribing Information, Medication Guide, and Patient Package Insert (as applicable) to:

Food and Drug Administration
Center for Drug Evaluation and Research
Office of Prescription Drug Promotion
5901-B Ammendale Road
Beltsville, MD 20705-1266

As required under 21 CFR 601.12(f)(4), you must submit final promotional materials, and the package insert, at the time of initial dissemination or publication, accompanied by a Form FDA 2253. Form FDA 2253 is available at http://www.fda.gov/downloads/AboutFDA/ReportsManualsForms/Forms/UCM083570.pdf. Information and Instructions for completing the form can be found at http://www.fda.gov/downloads/AboutFDA/ReportsManualsForms/Forms/UCM375154.pdf. For more information about submission of promotional materials to the Office of Prescription Drug Promotion (OPDP), see http://www.fda.gov/AboutFDA/CentersOffices/CDER/ucm090142.htm.

REPORTING REQUIREMENTS

You must submit adverse experience reports under the adverse experience reporting requirements for licensed biological products (21 CFR 600.80).

Prominently identify all adverse experience reports as described in 21 CFR 600.80.

You must submit distribution reports under the distribution reporting requirements for licensed biological products (21 CFR 600.81).

You must submit reports of biological product deviations under 21 CFR 600.14. You should promptly identify and investigate all manufacturing deviations, including those associated with processing, testing, packing, labeling, storage, holding and distribution. If the deviation involves

a distributed product, may affect the safety, purity, or potency of the product, and meets the other criteria in the regulation, you must submit a report on Form FDA 3486 to:

Food and Drug Administration
Center for Drug Evaluation and Research
Division of Compliance Risk Management and Surveillance
5901-B Ammendale Road
Beltsville, MD 20705-1266

Biological product deviations, sent by courier or overnight mail, should be addressed to:

Food and Drug Administration
Center for Drug Evaluation and Research
Division of Compliance Risk Management and Surveillance
10903 New Hampshire Avenue, Bldg. 51, Room 4207
Silver Spring, MD 20903

MEDWATCH-TO-MANUFACTURER PROGRAM

The MedWatch-to-Manufacturer Program provides manufacturers with copies of serious adverse event reports that are received directly by the FDA. New molecular entities and important new biologics qualify for inclusion for three years after approval. Your firm is eligible to receive copies of reports for this product. To participate in the program, please see the enrollment instructions and program description details at http://www.fda.gov/Safety/MedWatch/HowToReport/ucm166910.htm.

POST APPROVAL FEEDBACK MEETING

New molecular entities and new biological products qualify for a post approval feedback meeting. Such meetings are used to discuss the quality of the application and to evaluate the communication process during drug development and marketing application review. The purpose is to learn from successful aspects of the review process and to identify areas that could benefit from improvement. If you would like to have such a meeting with us, call the Regulatory Project Manager for this application.

If you have any questions, call Natasha Kormanik, Regulatory Project Manager, at (240) 402-4227.

Sincerely,

{See appended electronic signature page}

Amy McKee, MD
Acting Associate Director
Office of Hematology and Oncology Products
Center for Drug Evaluation and Research

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration
Silver Spring MD 20993

BLA 125561/0

BLA APPROVAL

Alexion Pharmaceuticals, Inc.
Attention: Sara Saltzman
Senior Director, Regulatory Affairs
352 Knotter Drive
Cheshire, CT 06410

Dear Ms. Saltzman:

Please refer to your Biologics License Application (BLA) received January 8, 2015, and your amendments, submitted under section 351(a) of the Public Health Service Act for Kanuma (sebelipase alfa).

We acknowledge receipt of your major amendment dated September 2, 2015, which extended the goal date by three months.

LICENSING

We have approved your BLA for Kanuma (sebelipase alfa) effective this date. You are hereby authorized to introduce or deliver for introduction into interstate commerce, Kanuma under your existing Department of Health and Human Services U.S. License No.1743. Kanuma is indicated for the treatment of patients with a diagnosis of Lysosomal Acid Lipase (LAL) deficiency.

MANUFACTURING LOCATIONS

Under this license, you are approved to manufacture sebelipase alfa drug substance at (b) (4). The final formulated product will be manufactured and filled at (b) (4) The final formulated product will be labeled, and packaged at (b) (4). You may label your product with the proprietary name, Kanuma, and will market it in 20 mg/10 mL single-use vials.

DATING PERIOD

The dating period for Kanuma shall be 24 months from the date of manufacture when stored at 5 ± 3°C. The date of manufacture shall be defined as the date of final sterile filtration of the formulated drug product. The dating period for your drug substance shall be (b) (4) months from the date of manufacture when stored at (b) (4) °C.

Results of ongoing stability should be submitted throughout the dating period, as they become available, including the results of stability studies from the first three production lots.

We have approved the stability protocols in your license application for the purpose of extending the expiration dating period of your drug substance and drug product under 21 CFR 601.12.

FDA LOT RELEASE

You are not currently required to submit samples of future lots of Kanuma to the Center for Drug Evaluation and Research (CDER) for release by the Director, CDER, under 21 CFR 610.2. We will continue to monitor compliance with 21 CFR 610.1, requiring completion of tests for conformity with standards applicable to each product prior to release of each lot.

Any changes in the manufacturing, testing, packaging, or labeling of Kanuma, or in the manufacturing facilities, will require the submission of information to your biologics license application for our review and written approval, consistent with 21 CFR 601.12.

APPROVAL & LABELING

We have completed our review of this application, as amended. It is approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling text.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, submit, via the FDA automated drug registration and listing system (eLIST), the content of labeling [21 601.14(b)] in structured product labeling (SPL) format, as described at http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm. Content of labeling must be identical to the enclosed labeling (text for the package insert) Information on submitting SPL files using eLIST may be found in the guidance for industry titled "SPL Standard for Content of Labeling Technical Qs and As" at http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf.

The SPL will be accessible via publicly available labeling repositories.

CARTON AND IMMEDIATE CONTAINER LABELS

Submit final printed carton and container labels that are identical to the carton labeling and immediate container label submitted on September 3, 2015, as soon as they are available, but no more than 30 days after they are printed. Please submit these labels electronically according to the guidance for industry titled "Providing Regulatory Submissions in Electronic Format – Human Pharmaceutical Product Applications and Related Submissions Using the eCTD Specifications (June 2008)". Alternatively, you may submit 12 paper copies, with 6 of the copies individually mounted on heavy-weight paper or similar material. For administrative purposes,

designate this submission "**Final Printed Carton and Container Labels for approved BLA 125561.**" Approval of this submission by FDA is not required before the labeling is used.

Marketing the product with final printed labeling (FPL) that is not identical to the approved labeling text may render the product misbranded and an unapproved new drug.

RARE PEDIATRIC DISEASE PRIORITY REVIEW VOUCHER

We also inform you that you have been granted a rare pediatric disease priority review voucher, as provided under section 529 of the FDCA. This priority review voucher (PRV) has been assigned a tracking number, PRV BLA 125561. All correspondences related to this voucher should refer to this tracking number.

This voucher entitles you to designate a single human drug application submitted under section 505(b)(l) of the FDCA or a single biologic application submitted under section 351 of the Public Health Service Act as qualifying for a priority review. Such an application would not have to meet any other requirements for a priority review. The list below describes the sponsor responsibilities and the parameters for using and transferring a rare pediatric disease priority review voucher.

- The sponsor who redeems the priority review voucher must notify FDA of its intent to submit an application with a priority review voucher at least 90 days before submission of the application, and must include the date the sponsor intends to submit the application. This notification should be prominently marked, "Notification of Intent to Submit an Application with a Rare Pediatric Disease Priority Review Voucher."

- This priority review voucher may be transferred, including by sale, by you to another sponsor of a human drug or biologic application. There is no limit on the number of times that the priority review voucher may be transferred, but each person to whom the priority review voucher is transferred must notify FDA of the change in ownership of the voucher not later than 30 days after the transfer. If you retain and redeem this priority review voucher, you should refer to this letter as an official record of the voucher. If the priority review voucher is transferred, the sponsor to whom the priority review voucher has been transferred should include a copy of this letter (which will be posted on our Web site as are all approval letters) and proof that the priority review voucher was transferred.

- FDA may revoke the priority review voucher if the rare pediatric disease product for which the priority review voucher was awarded is not marketed in the U.S. within 1 year following the date of approval.

- The sponsor of an approved rare pediatric disease product application who is awarded a priority review voucher must submit a report to FDA no later than 5 years after approval that addresses, for each of the first 4 post-approval years:
  - the estimated population in the U.S. suffering from the rare pediatric disease for which the product was approved (both the entire population and the population

aged 0 through 18 years),
o the estimated demand in the U.S. for the product, and
o the actual amount of product distributed in the U.S.

- You may also review the requirements related to this program at http://www.gpo.gov/fdsys/pkg/PLAW-112publ144/pdf/PLAW-112publ144.pdf1 (see Section 908 of FDASIA on pages 1094-1098 which amends the FD&C Act by adding Section 529). Formal guidance about this program will be published in the future.

ADVISORY COMMITTEE

Your application for Kanuma was not referred to an FDA advisory committee because the safety profile is acceptable for the treatment of patients with a diagnosis of Lysosomal Acid Lipase (LAL) deficiency and the application did not raise significant safety or efficacy issues that were unexpected for a biologic of this class.

REQUIRED PEDIATRIC ASSESSMENTS

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients, new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication(s) in pediatric patients unless this requirement is waived, deferred, or inapplicable.

Because this drug product for this indication has an orphan drug designation, you are exempt from this requirement.

POSTMARKETING COMMITMENTS SUBJECT TO REPORTING REQUIREMENTS UNDER SECTION 506B

We remind you of your postmarketing commitments:

2920-1 Evaluate the long-term, prospective clinical outcomes of treatment with sebelipase alfa in adult and pediatric patients with LAL deficiency, including but not limited to progression of liver and cardiovascular diseases and changes in anthropometric assessments (i.e., length/height z-scores, and weight z-scores). At a minimum, liver assessments will include results of liver biopsies and imaging studies, changes in liver synthetic function, evidence for clinical progression to end stage liver disease (e.g., assessed by the Model for End-Stage Liver Disease [MELD] score), receipt of liver transplantation, and fatal outcomes. Cardiovascular assessments will include incidence rates of non-fatal stroke, myocardial infarction, and cardiovascular death. Additional evaluations will include dosing regimens administered and reasons for any dose modifications. This trial will also collect data on the occurrence of any serious hypersensitivity reactions, such as anaphylaxis, as well as changes in antibody status (i.e., detection and titers of binding and neutralizing antibodies, and detection of IgE

antibodies). Eligible patients will be enrolled over an initial 3-year period and followed for a minimum of 10 years from the time of enrollment or until death, whichever comes first. This trial may be conducted as a separate study or as a sub-study within the Lysosomal Acid Lipase registry.

The timetable you submitted on December 3, 2015, states that you will conduct this trial according to the following schedule:

Final Protocol Submission: March 31, 2016
Trial Completion: September 30, 2029
Final Report Submission: April 30, 2030

POSTMARKETING COMMITMENTS NOT SUBJECT TO THE REPORTING REQUIREMENTS UNDER SECTION 506B

We also remind you of your additional postmarketing commitments:

Drug Substance Quality Microbiology

2920-2 Increase the bioburden test volume for (b)(4) samples to improve the sensitivity of the bioburden tests. In addition, provide bioburden qualification data for all in-process and drug substance samples from a total of three lots.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: January 31, 2016

2920-3 Provide endotoxin qualification data for the in-process drug substance samples from a total of three lots.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: January 31, 2016

2920-4 Improve the endotoxin method for the (b)(4) samples by optimizing the endotoxin test procedures.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: January 31, 2016

2920-5 Develop and validate a reliable endotoxin test for the unformulated drug substance sample. In addition, validate the (b)(4) and drug

substance endotoxin test using the modified endotoxin method involving the use of (b) (4) sample preparation system. Provide the validation information and data.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: April 30, 2016

Drug Product Quality Microbiology

2920-6 Validate the (b) (4) If the (b) (4) is revised based on the validation study, update the BLA file accordingly.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: January 31, 2016

2920-7 Perform a microbial retention study to support the proposed (b) (4) time limit for (b) (4) Limit the validated time for (b) (4) to (b) (4) until the (b) (4) time limit has been approved by the Agency.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: January 31, 2016

2920-8 Perform a study to confirm that the dye ingress test method used for drug product stability samples is capable of detecting small defects that could allow microbial ingress. The study should be performed with a range of small defect sizes (b) (4) Revise the positive control defect size used for stability testing based on the results of the study and update the BLA file accordingly.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: January 31, 2016

2920-9 Conduct a study to understand the mechanism of endotoxin masking and/or interference in the drug product. Explore alternative test methods and develop a more suitable *in vitro* test method for the drug product.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: April 30, 2016

Drug Substance Quality

2920-10 Characterize the potential levels of [redacted] (b) (4) in the drug substance.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: March 31, 2016

2920-11 Develop and implement a drug substance release test to quantify the percent compositions of the [redacted] (b) (4) variants.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: January 31, 2017

2920-12 To improve control of the [redacted] (b) (4) glycan profile, identify for the current HPAEC-PAD method peaks representative of [redacted] (b) (4) and establish drug substance release specifications for the critical peaks or groups of peaks. Alternatively, develop an alternative method with better resolution to control the glycan profile, such as (but not limited to) the [redacted] (b) (4) characterization tests.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: April 30, 2017

2920-13 Conduct a study to improve the formulation to reduce or eliminate the potential for formation of visible [redacted] (b) (4) particles and other [redacted] (b) (4) aggregates. If a significantly improved formulation is identified, develop the improved formulation for the commercial product.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: February 29, 2016

Final Drug Product Quality

2920-14 Develop and implement an improved SDS-PAGE test or another purity test to quantitate high molecular weight product-related species with greater sensitivity and precision than the current SDS-PAGE test.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: January 31, 2017

2920-15 Implement the [redacted] (b) (4) test method for drug product release specifications.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: April 30, 2016

2920-16 Implement an assay for uptake of sebelipase alfa into [redacted] (b) (4) for drug product release specifications.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: June 30, 2016

2920-17 Develop and implement a [redacted] (b) (4) receptor binding assay for drug product release specifications.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: January 31, 2017

2920-18 Conduct studies to determine whether the [redacted] (b) (4) receptor binding assays are stability-indicating. Implement the stability-indicating assays into the drug product stability specifications with acceptance criteria supported by stability data.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: January 31, 2018

2920-19 Improve the enzyme activity assay to increase the range of sebelipase alfa dilutions over which the assay will yield consistent values for specific activity.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: January 31, 2016

2920-20 Evaluate and revise as warranted all release and stability specifications after manufacture of sufficient commercial batches for meaningful statistical analyses.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: December 31, 2016

2920-21 Conduct worst-case simulated or worst-case real world shipping studies for both the drug substance and the drug product to assess the potential impact of shipping conditions on product quality.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: October 31, 2016

2920-22 Characterize the potential of rhLAL to form oxidized variants and deamidated variants and determine whether variants identified are stability-indicating. Implement changes to the drug substance and drug product control strategies as warranted by the data.

The timetable you submitted on December 3, 2015, states that you will conduct this study according to the following schedule:

Final Report Submission: July 31, 2016

Submit clinical protocols to your IND 108460 for this product. Submit nonclinical and chemistry, manufacturing, and controls protocols and all postmarketing final reports to this BLA. In addition, under 21 CFR 601.70 you should include a status summary of each commitment in your annual progress report of postmarketing studies to this BLA. The status summary should include expected summary completion and final report submission dates, any changes in plans since the last annual report, and, for clinical studies/trials, number of patients entered into each study/trial. All submissions, including supplements, relating to these postmarketing commitments should be prominently labeled "**Postmarketing Commitment Protocol**," "**Postmarketing Commitment Final Report**," or "**Postmarketing Commitment Correspondence**."

PROMOTIONAL MATERIALS

You may request advisory comments on proposed introductory advertising and promotional labeling. To do so, submit, in triplicate, a cover letter requesting advisory comments, the proposed materials in draft or mock-up form with annotated references, and the package insert to:

Food and Drug Administration
Center for Drug Evaluation and Research
Office of Prescription Drug Promotion
5901-B Ammendale Road
Beltsville, MD 20705-1266

As required under 21 CFR 601.12(f)(4), you must submit final promotional materials, and the package insert, at the time of initial dissemination or publication, accompanied by a Form FDA 2253. Form FDA 2253 is available at http://www.fda.gov/downloads/AboutFDA/ReportsManualsForms/Forms/UCM083570.pdf. Information and Instructions for completing the form can be found at http://www.fda.gov/downloads/AboutFDA/ReportsManualsForms/Forms/UCM375154.pdf. For more information about submission of promotional materials to the Office of Prescription Drug Promotion (OPDP), see http://www.fda.gov/AboutFDA/CentersOffices/CDER/ucm090142.htm.

REPORTING REQUIREMENTS

You must submit adverse experience reports under the adverse experience reporting requirements for licensed biological products (21 CFR 600.80). You should submit postmarketing adverse experience reports to:

Food and Drug Administration
Center for Drug Evaluation and Research
Central Document Room
5901-B Ammendale Road
Beltsville, MD 20705-1266

Prominently identify all adverse experience reports as described in 21 CFR 600.80.

You must submit distribution reports under the distribution reporting requirements for licensed biological products (21 CFR 600.81).

You must submit reports of biological product deviations under 21 CFR 600.14. You should promptly identify and investigate all manufacturing deviations, including those associated with processing, testing, packing, labeling, storage, holding and distribution. If the deviation involves a distributed product, may affect the safety, purity, or potency of the product, and meets the other criteria in the regulation, you must submit a report on Form FDA-3486 to:

Food and Drug Administration
Center for Drug Evaluation and Research
Division of Compliance Risk Management and Surveillance
5901-B Ammendale Road
Beltsville, MD 20705-1266

Biological product deviations, sent by courier or overnight mail, should be addressed to:

Food and Drug Administration
Center for Drug Evaluation and Research
Division of Compliance Risk Management and Surveillance
10903 New Hampshire Avenue, Bldg. 51, Room 4206
Silver Spring, MD 20903

MEDWATCH-TO-MANUFACTURER PROGRAM

The MedWatch-to-Manufacturer Program provides manufacturers with copies of serious adverse event reports that are received directly by the FDA. New molecular entities and important new biologics qualify for inclusion for three years after approval. Your firm is eligible to receive copies of reports for this product. To participate in the program, please see the enrollment instructions and program description details at http://www.fda.gov/Safety/MedWatch/HowToReport/ucm166910.htm.

POST APPROVAL FEEDBACK MEETING

New molecular entities and new biologics qualify for a post approval feedback meeting. Such meetings are used to discuss the quality of the application and to evaluate the communication process during drug development and marketing application review. The purpose is to learn from successful aspects of the review process and to identify areas that could benefit from improvement. If you would like to have such a meeting with us, call the Regulatory Project Manager for this application.

PDUFA V APPLICANT INTERVIEW

FDA has contracted with Eastern Research Group, Inc. (ERG) to conduct an independent interim and final assessment of the Program for Enhanced Review Transparency and Communication for NME NDAs and Original BLAs under PDUFA V ('the Program'). The PDUFA V Commitment Letter states that these assessments will include interviews with applicants following FDA action on applications reviewed in the Program. For this purpose, first-cycle actions include approvals, complete responses, and withdrawals after filing. The purpose of the interview is to better understand applicant experiences with the Program and its ability to improve transparency and communication during FDA review.

ERG will contact you to schedule a PDUFA V applicant interview and provide specifics about the interview process. Your responses during the interview will be confidential with respect to the FDA review team. ERG has signed a non-disclosure agreement and will not disclose any

identifying information to anyone outside their project team. They will report only anonymized results and findings in the interim and final assessments. Members of the FDA review team will be interviewed by ERG separately. While your participation in the interview is voluntary, your feedback will be helpful to these assessments.

If you have any questions, call Kevin Bugin, Regulatory Project Manager, at (301) 796-2302.

Sincerely,

{See appended electronic signature page}

Julie Beitz, M.D.
Director
Office of Drug Evaluation III

PROFESSIONAL EXPERIENCE

ALEXION PHARMACEUTICALS, Boston, MA **January 2007 – Present**

American pharmaceutical company specializing in autoimmune diseases and treatments; best known for producing Soliris, a drug used to treat the rare disorders of atypical hemolytic uremic syndrome and paroxysmal nocturnal hemoglobinuria.

Senior Customer Distribution Operations Specialist - Manager

Project manager for several key areas to ensure launch and delivery of pharmaceutical and ultra-rare REMS-regulated "orphan" biotech drugs. Subject Matter Expert (SME) for launching SAP and EDI for Specialty Distributors and inventory logistics. Oversee vendor onboarding for all SAP system enhancements and multiple integrations. Liaison for industry and government regulatory bodies for audits and pricing communications. Govern all telephony systems. Work closely with specialty distributors, medical facilities, customers, and internal teams to ensure regular and emergency shipments arrive on time during and after hours as needed. Utilize SAP, BI, MS Office, and industry applications to optimize operations.

Selected Achievements:

- Instrumental in providing technical enhancements affecting 80,000 annual cold chain shipments (a $5Billion U.S. market), resulting in improved gross to net for units shipped.
- Significantly reduced costs and time related to product returns and losses by customizing SAP and EDI Vendor enhancements, resulting in enhanced GDP compliance, trackability and order management.
- Spearhead AR management to mitigate overages and inaccuracies generated by Specialty Distributors, resulting in cost savings through identification of billing inaccuracies.
- Key staff member, as one of original hires during start-up phase, then continuing through eras of massive growth and downsizing, advancing to roles of increased responsibility in Patient Supply Group.
- Director's Award Honoree, 2020, for system enhancements that significantly reduced distribution times.
- Launch several pharmaceutical and ultra-rare orphan bio tech drugs.
- Play key role in continuing business operations during pandemic having previously launched new telephony systems, enabling remote and after-hours work.
- Technical project lead for new E-Commerce platform between Alexion Customer and Distribution Operations and 3PL Logistics Partner (Eversana).
- Dramatically improve efficiency by transferring operations to Electronic Data Interface (EDI) – 30% of systems on EDI in 2014, 99% by 2016; reducing shipping times and errors.
- Project lead in implementation of new Customer Operations Department in preparation for successful launch of new Ultra Orphan drugs upon FDA approval for several indications for distribution and logistics.

Cintia Valencia

PROFESSIONAL EXPERIENCE (CONTINUED)

ALEXION PHARMACEUTICALS (CONTINUED)
Senior Customer Distribution Operations Specialist – Manager (Continued)

- Ensure patients receive emergency treatments on time – including after hours -- by overseeing with on call personnel; 3PL warehouse, medical information personnel and customers.
- Keep current on medical issues by attending clinical sessions and reading articles, studies, and updates.
- Instrumental on several global initiatives, working with teams in Ireland, Australia, Italy; Spain; and India.
- Ensure just-in-time deliveries by working with current contracted Specialty Distributors to manage current order processes, credit and debits; and customer accounts. Resolve any errors on purchase orders and invoices.
- Partner with Nurse Case Managers, field personnel, Physician Offices and treatment sites to coordinate approvals of multiple case files and shipments, manage appointments and any issues they may have.
- EDI Coordinator for all system testing, trading partner set up, new or account modifications, ensure correct pricing applied on accounts, reporting and mapping requirements.
- Contact for all 340B quarterly audits, reporting and pricing notifications and primary point of contact for all internal audit and PWC records.
- Liaison between IT and project team, handing new hire SAP systems set up and training
- Work with Marketing; PV and senior management on a daily and quarterly basis or as needed running *ad hoc* sales or reports containing any data they need as it pertains to the business and their direct reports.

BAYER PHARMACEUTICALS, West Haven, CT **June 1999 – January 2007**
Well-known multinational pharmaceutical and life sciences company, among the world's largest pharmaceutical companies.
Senior Customer Service Representative
Directed all customer service functions for Bayer's top 3 national wholesaler customers. Primary liaison for return service vendor Capital Returns. Produced reports and processed bi-weekly payouts to the vendor for refund to customers. Processed all returns, check and credit authorizations for expired pharmaceutical products by validating quantities and dollars according to Bayer's return policies. Entered new account credit applications into SAP and processed updates.

Selected Achievements:

- Trained as back-up Supervisor to cover various functions including daily product allocation to all customers.
- Coordinated large stocking orders to a pharmaceutical company in which Bayer has a marketing and distribution alliance with.
- Instrumental in several marketing initiatives including the successful launch of new products.
- Supported field sales representatives by answering inquiries and resolving account, sales and product issues.
- Served as Allocation Team member, tracking and monitoring order quantities to observe trends during the Y2K period to avoid speculative buying by wholesalers.
- Managed accounts not covered by territory sales representatives.
- Improved emergency on-call process for quicker resolution to serious after-hours situations.
- Originally hired as Administrative Assistant, providing clerical support to Associate Director of Research Operations and Senior Vice President of Research.

INDEX TO EXHIBITS

1. ***Enhertu efficacy results in HER2-low breast cancer***

06 June 2022 07:00 BST

***Enhertu* reduced the risk of disease progression or death by 50% vs. chemotherapy in patients with HER2-low metastatic breast cancer with HR-positive and HR-negative disease**

AstraZeneca and Daiichi Sankyo's Enhertu also improved median overall survival by more than 6 months vs. chemotherapy in all patients evaluated in DESTINY-Breast04

Enhertu met the primary endpoint of progression-free survival in patients with HR-positive disease, reducing the risk of disease progression or death by 49% vs. chemotherapy

Enhertu is the first HER2-directed therapy to demonstrate a survival benefit in this population, potentially redefining treatment for approximately half of all patients with breast cancer

Detailed positive results from the pivotal DESTINY-Breast04 Phase III trial showed that *Enhertu* (trastuzumab deruxtecan) demonstrated superior and clinically meaningful progression-free survival (PFS) and overall survival (OS) in previously treated patients with HER2-low (immunohistochemistry (IHC) 1+ or IHC 2+/in-situ hybridisation (ISH)-negative) unresectable and/or metastatic breast cancer with hormone receptor (HR) positive or HR-negative disease versus standard of care physician's choice of chemotherapy. Results will be presented during the Plenary Session today at the 2022 American Society of Clinical Oncology (ASCO) Annual Meeting, and have been simultaneously published in ***The*** *New England Journal of Medicine*.

Enhertu is a specifically engineered HER2-directed antibody drug conjugate (ADC) being jointly developed and commercialised by AstraZeneca and Daiichi Sankyo.

In the primary endpoint analysis for DESTINY-Breast04, *Enhertu* demonstrated a 49% reduction in the risk of disease progression or death versus physician's choice of chemotherapy in patients with HER2-low metastatic breast cancer with HR-positive disease (PFS hazard ratio [HR] 0.51; 95% confidence interval [CI]: 0.40-0.64; p<0.001). A median PFS of 10.1 months was seen in patients treated with *Enhertu* compared to 5.4 months with chemotherapy, as assessed by blinded independent central review (BICR).

Results also showed a 36% reduction in the risk of death with *Enhertu* compared to chemotherapy in patients with HR-positive disease (OS HR 0.64; 95% CI: 0.48-0.86; p=0.003) with a median OS of 23.9 months with *Enhertu* versus 17.5 months with chemotherapy, meeting a key secondary endpoint of the trial.

Additionally, data showed consistent efficacy for *Enhertu* in the overall trial population of patients with HER2-low metastatic breast cancer with HR-positive or HR-negative disease and across levels of HER2 expression (IHC 1+ and IHC 2+/ISH-). In the key secondary endpoint analysis of PFS by BICR in all patients, a similar 50% reduction in the risk of disease progression or death was observed between *Enhertu* and chemotherapy (PFS HR 0.50; 95% CI: 0.40-0.63; p<0.001). Results also showed a 36% reduction in the risk of death with *Enhertu* compared to chemotherapy (OS HR 0.64; 95% CI: 0.49-0.84; p=0.001) with a median OS of 23.4 months for *Enhertu* versus 16.8 months with chemotherapy.

Shanu Modi, MD, Medical Oncologist, Memorial Sloan Kettering Cancer Center, US and Principal Investigator for the trial, said: "The results of DESTINY-Breast04 show for the first time that a HER2-directed therapy can provide a survival benefit to patients with low HER2 expression, indicating we must reconsider the way we categorise patients with metastatic breast cancer. The efficacy seen with *Enhertu* also reinforces the potential to establish a new standard of care for more than half of all patients with breast cancer currently categorised as having HER2-negative disease, but who actually have tumours with low HER2 expression."

Susan Galbraith, Executive Vice President, Oncology R&D, AstraZeneca said: "Today's results represent a pivotal moment demonstrating the potential for *Enhertu* to redefine the treatment of HER2-targetable cancers. DESTINY-Breast04 validates targeting the lower end of the spectrum of HER2 expression, since *Enhertu* reduced the risk of disease progression or death across all types of patients in the trial by half, and reduced the risk of death by over a third. We must now evolve the way we classify and treat metastatic breast cancer to ensure these patients are effectively diagnosed and treated."

Ken Takeshita, Global Head, R&D, Daiichi Sankyo said: "As innovative research organisations, extending the survival for patients is one of our primary goals as we seek to identify potentially new treatment options for patients with metastatic breast cancer. These potentially practice-changing data show that DESTINY-Breast04 takes us one step closer to achieving this goal, as *Enhertu* is the first HER2-directed medicine to demonstrate a survival benefit in patients with HER2-low metastatic breast cancer. We are honoured by the recognition these important findings are receiving at one of the world's most prominent oncology meetings as well as in one of the leading medical journals."

Summary of results: DESTINY-Breast04

Efficacy Measure	**HR-Positive (n=494)[i]**		**All Patients (n=557)**		**HR-Negative (n=58)[i]**	
	***Enhertu* (5.4 mg/kg) (n=331)**	**Chemotherapy (n=163)**	***Enhertu* (5.4 mg/kg) (n=373)**	**Chemotherapy (n=184)**	***Enhertu* (5.4 mg/kg) (n=40)**	**Chemotherapy (n=18)**
PFS						
Median PFS (months)[ii]	10.1 (9.5-11.5)	5.4 (4.4-7.1)	9.9 (9.0-11.3)	5.1 (4.2-6.8)	8.5 (4.3-11.7)	2.9 (1.4-5.1)
Hazard Ratio (95% CI)	0.51 (0.40-0.64)		0.50 (0.40-0.63)		0.46 (0.24-0.89)	
p-value	p<0.001		p<0.001			

OS						
Median OS (months)	23.9 (20.8-24.8)	17.5 (15.2-22.4)	23.4 (20.0-24.8)	16.8 (14.5-20.0)	18.2 (13.6-NE)	8.3 (5.6-20.6)
Hazard Ratio (95% CI)	HR 0.64 (0.48-0.86)		HR 0.64 (0.49-0.84)		HR 0.48 (0.24-0.95)	
p-value	p=0.003		p=0.001			
Confirmed ORR (%) (95% CI)[ii,iii]	52.6% (47.0-58.0)	16.3% (11.0-22.8)	52.3% (47.1-57.4)	16.3% (11.3-22.5)	50.0% (33.8-66.2)	16.7% (3.6-41.4)
Complete Response (%)	3.6%	0.6%	3.5%	1.1%	2.5%	5.6%
Partial Response (%)	49.2%	15.7%	49.1%	15.2%	47.5%	11.1%
Stable Disease (%)	35.1%	50.0%	34.6%	49.5%	30.0%	44.4%
Progressive Disease (%) (95% CI)	7.8%	21.1%	8.3%	22.3%	12.5%	33.3%
Median DoR (months)[ii]	10.7	6.8	10.7	6.8	8.6	4.9
CBR (%)[ii,iv]	71.2%	34.3%	70.2%	33.7%	62.5%	27.8%
DCR (%)[iv,v]	88.0%	66.3%	87.1%	65.8%	80.0%	61.1%

CI, confidence interval; CBR, clinical benefit rate; DCR, disease control rate; DoR, Duration of Response; HR, hazard ratio; NE, not evaluable; ORR, overall response rate; OS, overall survival; PFS, progression-free survival

[i] For the primary end point (PFS in the HR-positive cohort) and key secondary end points (PFS among all patients and OS in the HR-positive cohort and among all patients), the HR status is based on data collected with the use of the interactive web-response and voice-response system at the time of randomisation, which includes patients who were mis-stratified. For the other end points, HR status is based on data from the electronic data capture that was corrected for mis-stratification

[ii] As assessed by BICR

[iii] ORR is (Complete Response + Partial Response)

[iv] CBR is Complete Response + Partial Response + Stable Disease (≥ 6 months)

[v] DCR is (Complete Response + Partial Response + Stable Disease)

In an exploratory analysis of patients with HR-negative disease (n=58), median PFS was 8.5 months with *Enhertu* versus 2.9 months with chemotherapy (PFS HR 0.46; 95% CI: 0.24-0.89) and median OS was 18.2 months with *Enhertu* versus 8.3 months with chemotherapy (OS HR 0.48; 95% CI: 0.24-0.95).

The safety profile of *Enhertu* was consistent with previous clinical trials with no new safety concerns identified. The most common Grade 3 or higher treatment-emergent adverse events were neutropenia (13.7%), anaemia (8.1%), fatigue (7.5%), leukopenia (6.5%), thrombocytopenia (5.1%), and nausea (4.6%).

Interstitial lung disease (ILD) or pneumonitis rates were consistent with that observed in late-line HER2-positive breast cancer trials of *Enhertu* with a lower rate of Grade 5 ILD observed, as determined by an independent adjudication committee. The majority (10%) were primarily low Grade (Grade 1 or 2) with five Grade 3 (1.3%), no Grade 4 and three Grade 5 (0.8%) events reported.

Notes

Breast cancer and HER2 expression

Breast cancer is the most common cancer and is one of the leading causes of cancer-related deaths worldwide.[1] More than two million cases of breast cancer were diagnosed in 2020 with nearly 685,000 deaths globally.[1]

HER2 is a tyrosine kinase receptor growth-promoting protein expressed on the surface of many types of tumours including breast, gastric, lung and colorectal cancers, and is one of many biomarkers expressed in breast cancer tumours.[2] HER2 expression is currently defined as either positive or negative, and is determined by an IHC test which measures the amount of HER2 protein on a cancer cell, and/or an ISH test which counts the copies of the HER2 gene in cancer cells.[2,3] HER2-positive cancers are defined as IHC 3+ or IHC 2+/ISH+, and HER2-negative cancers are currently defined as IHC 0, IHC 1+ or IHC 2+/ISH-.[2]

Approximately half of all patients with breast cancer have tumours with a HER2 IHC score of 1+, or 2+ in combination with a negative ISH test, a level of HER2 expression not currently eligible for HER2-targeted therapy.[4-7] Low HER2 expression occurs in both HR-

positive and HR-negative disease.[8]

HER2 testing is routinely used to determine appropriate treatment options for patients with metastatic breast cancer. Targeting the lower range of expression in the HER2 spectrum may offer another approach to delay disease progression and extend survival in patients with metastatic breast cancer.[9] Currently, patients with low HER2 expression with HR-positive tumours have limited treatment options following progression on endocrine (hormone) therapy.[10] Few targeted options are available for those who are HR-negative.[11]

DESTINY-Breast04

DESTINY-Breast04 is a global, randomised, open-label, registrational Phase III trial evaluating the efficacy and safety of *Enhertu* (5.4mg/kg) versus physician's choice of chemotherapy (capecitabine, eribulin, gemcitabine, paclitaxel or nab-paclitaxel) in patients with HR-positive or HR-negative HER2-low unresectable and/or metastatic breast cancer previously treated with one or two prior lines of chemotherapy. Patients were randomised 2:1 to receive either *Enhertu* or chemotherapy.

The primary endpoint of DESTINY-Breast04 is PFS in patients with HR-positive disease based on blinded independent central review (BICR). Key secondary endpoints include PFS based on BICR in all randomised patients (HR-positive and HR-negative disease), OS in patients with HR-positive disease and OS in all randomised patients (HR-positive and HR-negative disease). Other secondary endpoints include PFS based on investigator assessment, objective response rate based on BICR and on investigator assessment, duration of response based on BICR and safety.

DESTINY-Breast04 enrolled approximately 557 patients at multiple sites in Asia, Europe and North America. For more information about the trial, visit ClinicalTrials.gov.

Enhertu

Enhertu is a HER2-directed ADC. Designed using Daiichi Sankyo's proprietary DXd ADC technology, *Enhertu* is the lead ADC in the oncology portfolio of Daiichi Sankyo and the most advanced programme in AstraZeneca's ADC scientific platform. *Enhertu* consists of a HER2 monoclonal antibody attached to a topoisomerase I inhibitor payload, an exatecan derivative, via a stable tetrapeptide-based cleavable linker.

Enhertu (5.4mg/kg) is approved in the US and Israel for the treatment of adult patients with unresectable or metastatic HER2-positive breast cancer who have received a prior anti-HER2-based regimen either in the metastatic setting, or in the neoadjuvant or adjuvant setting and have developed disease recurrence during or within six months of completing therapy, based on results from the DESTINY-Breast03 trial.

Enhertu (5.4mg/kg) is also approved in approximately 40 countries for the treatment of adult patients with unresectable or metastatic HER2-positive breast cancer who have received two or more prior anti-HER2-based regimens based on the results from the DESTINY-Breast01 trial.

Enhertu (6.4mg/kg) is approved in several countries for the treatment of adult patients with locally advanced or metastatic HER2-positive gastric or gastroesophageal junction (GEJ) adenocarcinoma who have received a prior trastuzumab-based regimen based on the results from the DESTINY-Gastric01 trial.

***Enhertu* development programme**

A comprehensive development programme is underway globally, evaluating the efficacy and safety of *Enhertu* monotherapy across multiple HER2-targetable cancers, including breast, gastric, lung and colorectal cancers. Trials in combination with other anticancer treatments, such as immunotherapy, are also underway.

Regulatory applications for *Enhertu* are currently under review in China, Europe, Japan and several other countries for the treatment of adult patients with unresectable or metastatic HER2-positive breast cancer who have received a prior anti-HER2 based regimen based on the results from the DESTINY-Breast03 trial.

Enhertu was granted Breakthrough Therapy Designation in the US for the treatment of adult patients with unresectable or metastatic HER2-low (IHC 1+ or IHC 2+/ISH-negative) breast cancer who have received a prior systemic therapy in the metastatic setting or developed disease recurrence during or within six months of completing adjuvant chemotherapy, based on the results of the DESTINY-Breast04 trial. Patients with hormone receptor (HR) positive breast cancer should additionally have received or be ineligible for endocrine therapy.

Enhertu is also currently under review in the US for the treatment of adult patients with unresectable or metastatic non-small cell lung cancer (NSCLC) whose tumours have a HER2 (ERBB2) mutation and who have received a prior systemic therapy, based on the DESTINY-Lung01 trial, and in Europe for the treatment of adult patients with locally advanced or metastatic HER2-positive gastric or GEJ adenocarcinoma who have received a prior anti-HER2-based regimen based on the DESTINY-Gastric01 and DESTINY-Gastric02 trials.

Daiichi Sankyo collaboration

Daiichi Sankyo Company, Limited (TSE: 4568) [referred to as Daiichi Sankyo] and AstraZeneca entered into a global collaboration to jointly develop and commercialise *Enhertu* (a HER2-directed ADC) in March 2019, and datopotamab deruxtecan (DS-1062; a TROP2-directed ADC) in July 2020, except in Japan where Daiichi Sankyo maintains exclusive rights. Daiichi Sankyo is responsible for the manufacturing and supply of *Enhertu* and datopotamab deruxtecan.

AstraZeneca in breast cancer

Driven by a growing understanding of breast cancer biology, AstraZeneca is starting to challenge, and redefine, the current clinical paradigm for how breast cancer is classified and treated to deliver even more effective treatments to patients in need - with the bold ambition to one day eliminate breast cancer as a cause of death.

AstraZeneca has a comprehensive portfolio of approved and promising compounds in development that leverage different mechanisms of action to address the biologically diverse breast cancer tumour environment.

AstraZeneca aims to continue to transform outcomes for HR-positive breast cancer with foundational medicines *Faslodex* (fulvestrant) and *Zoladex* (goserelin) and the next-generation oral selective oestrogen receptor degrader (SERD) and potential new medicine camizestrant.

PARP inhibitor *Lynparza* (olaparib) is a targeted treatment option that has been studied in HER2-negative early and metastatic breast cancer patients with an inherited BRCA mutation. AstraZeneca with MSD (Merck & Co., Inc. in the US and Canada) continue to research *Lynparza* in metastatic breast cancer patients with an inherited BRCA mutation and are exploring new opportunities to treat these patients earlier in their disease.

Building on the initial approvals of *Enhertu*, a HER2-directed ADC, in previously treated HER2-positive metastatic breast cancer, AstraZeneca and Daiichi Sankyo are exploring its potential in earlier lines of treatment and in new breast cancer settings.

To bring much-needed treatment options to patients with triple-negative breast cancer, an aggressive form of breast cancer, AstraZeneca is testing immunotherapy *Imfinzi* (durvalumab) in combination with other oncology medicines, including *Lynparza* and *Enhertu*, evaluating the potential of AKT kinase inhibitor, capivasertib, in combination with chemotherapy, and collaborating with Daiichi Sankyo to explore the potential of TROP2-directed ADC, datopotamab deruxtecan.

AstraZeneca in oncology

AstraZeneca is leading a revolution in oncology with the ambition to provide cures for cancer in every form, following the science to understand cancer and all its complexities to discover, develop and deliver life-changing medicines to patients.

The Company's focus is on some of the most challenging cancers. It is through persistent innovation that AstraZeneca has built one of the most diverse portfolios and pipelines in the industry, with the potential to catalyse changes in the practice of medicine and transform the patient experience.

AstraZeneca has the vision to redefine cancer care and, one day, eliminate cancer as a cause of death.

AstraZeneca

AstraZeneca (LSE/STO/Nasdaq: AZN) is a global, science-led biopharmaceutical company that focuses on the discovery, development, and commercialisation of prescription medicines in Oncology, Rare Diseases, and BioPharmaceuticals, including Cardiovascular, Renal & Metabolism, and Respiratory & Immunology. Based in Cambridge, UK, AstraZeneca operates in over 100 countries and its innovative medicines are used by millions of patients worldwide. Please visit astrazeneca.com and follow the Company on Twitter @AstraZeneca.

What science can do

AstraZeneca Annual Report and Form 20-F Information 2021

Welcome

We are a global, science-led, patient-focused pharmaceutical company. We are tireless in seeking to realise the potential of...

...what science can do.

In this Annual Report we report on the progress we made in 2021 in pushing the boundaries of science to deliver life-changing medicines.

Our Strategic Report
How our disease areas, also known as therapy areas, and business performed in delivering our strategic priorities in 2021.

See our Strategic Report from page 2.

Our Corporate Governance Report
How we are managed and take decisions, including our report on Directors' remuneration.

See our Corporate Governance Report from page 71.

Our Financial Statements and Additional Information
Detailed information on our finances, as well as information for shareholders and readers of this Annual Report.

See our Financial Statements from page 125 and Additional Information from page 210.

Our Supplements
Detailed information on our Development Pipeline, Patent Expiries and Key Marketed Products and Risk.

Front cover and inside front cover images: Unlocking the potential of the complement system.

The dysregulation of the complement system, an essential part of the immune system, is a key driver of many devastating diseases. Targeting and inhibiting the complement system before it can trigger

We are committed to continue unlocking the potential of the complement system, to discover new life-changing therapies for even more patients.

AstraZeneca at a Glance

Inspired by our Values and what science can do, we are focused on accelerating the delivery of life-changing medicines that create enduring value for patients and society.

Our strategic priorities

Our Strategy and Key Performance Indicators, see from page 12.

Our priorities reflect how we are working to deliver our growth through innovation strategy and achieve our Purpose of pushing the boundaries of science to deliver life-changing medicines.

1. Accelerate Innovative Science
2. Deliver Growth and Therapy Area Leadership
3. Be a Great Place to Work

Science and innovation-led

Research & Development, see from page 32.

Chair's Statement

We continued on our strong growth trajectory in 2021 and have confidence in our prospects for future growth and cash generation.

"Reflecting this increased confidence, the Board has approved an increase in the annualised dividend."

$2.87

Full-year dividend of $2.87 per share (2020: $2.80)

Continuing the successful implementation of AstraZeneca's 'growth through innovation' strategy in 2021 ensured we were able to deliver for patients around the world and, thereby, our shareholders. More broadly, I am proud of the role we are playing in contributing to the health of society and the planet. I am grateful to Pascal, Senior Executive Team members and everyone in AstraZeneca, whose efforts made this all possible.

A landmark year

2021 was a landmark year for the Company as we continued on our strong growth trajectory, with industry-leading R&D productivity, thirteen blockbuster medicines and the acquisition of Alexion. We also delivered on our promise of broad and equitable access to our COVID-19 vaccine. The positive news from our pipeline, including FDA emergency use authorisation of *Evusheld* and the approval of *Tezspire*, support the outlook for 2022.

Reflecting increased confidence in future growth and cash generation, the Board intends to increase the annualised dividend by $0.10 to $2.90, and has approved a second interim dividend for 2021 of $1.97, payable in March 2022. This results in a total dividend declared for 2021 of $2.87.

Alexion acquisition

Our positive outlook also stems, in part, from our transformative acquisition of Alexion which completed in July. We are already seeing the benefits across AstraZeneca in terms of scientific collaboration and expanding our Rare Disease business which is accelerating delivery of our strategy.

Our new Chief Financial Officer, Aradhana Sarin joined the Board in August from Alexion. Aradhana is a talented successor to Marc Dunoyer who stood down from the Board to become Chief Executive Officer, Alexion and Chief Strategy Officer, AstraZeneca. I am grateful to Marc for his significant contribution and the Board is pleased he is staying on as a member of the Senior Executive Team (SET).

Also in August and following the Alexion acquisition, we welcomed Andreas Rummelt to the Board as a Non-Executive Director. As a former member of the Board of Alexion, he has deep knowledge of its rare diseases business and extensive experience of the pharmaceutical industry including technical R&D, manufacturing and quality assurance expertise.

Meeting global challenges

With the efforts that many, including AstraZeneca, are making to overcome COVID-19, it's time to plan for a world beyond the pandemic. I believe there are lessons we can learn about how business, academia and government, by working together, can overcome major global challenges such as the climate crisis and the provision of sustainable healthcare.

The pandemic is also reinforcing the fact that companies succeed best when they are truly part of society, when they are driven by their purpose; a purpose that is sustained by the profit we make and our returns to you, our shareholders. This is at the heart of how AstraZeneca operates and why I am so proud of our relentless pursuit of the delivery of life-saving medicines and our wider contribution to society and the planet.

Succession planning

I will have served as a Director for ten years by April 2022. Typically, non-executive directors would step down after nine years' tenure, in line with UK corporate governance best practice. Last year, the Board asked me to seek re-election at the AGM to lead the Board's oversight of completion of the acquisition of Alexion. Again this year, your Board believes it would be in the best interests of shareholders for me to serve as Chair for one further year, to facilitate succession planning and the transition to a new Chair, and has asked me to seek re-election at the AGM in April 2022. I am honoured and happy to accept the Board's request again, mindful of my intention to retire from the Board at the end of the AGM in 2023.

Succession planning for the role of Chair has continued to be a focus of the Nomination and Governance Committee's work during 2021, with a search that is proceeding well led by Philip Broadley, senior independent Non-Executive Director, as noted in the Committee's report from page 86.

Meeting again

In November, it was a pleasure to be able to meet in person to celebrate the unveiling of our Discovery Centre in Cambridge, UK with HRH The Prince of Wales and guests from across business, academia and government. While much can be achieved by working and meeting virtually, there is also value in being able to meet in person. For the first time in two years, we are planning to hold this year's AGM in person and I look forward to meeting as many of you there as possible.

Leif Johansson
Chair

Chief Executive Officer's Review

2021 was another remarkable year for AstraZeneca in delivering for patients and one in which we played a leading role in changing the course of the pandemic.

"In July, we completed our landmark acquisition of Alexion which established our rare disease capability."

$37.4bn
Total Revenue[1] (2020: $26.6bn)

22
Regulatory approvals and authorisations in major markets

In 2021, despite the ongoing challenge of the COVID-19 pandemic, AstraZeneca continued to advance delivery of our strategy – supplying our medicines to patients, as well as launching new ones and expanding into new indications. It was also an outstanding year for our pipeline in progressing the next wave of science and delivering trial results that have the potential to redefine care.

During the year, we welcomed our colleagues from Alexion to the Group. With their expertise in rare diseases, not only is our science base and drive for growth strengthened, but also, more importantly, our ability to make a difference to patients around the world. At the same time, we contributed to the health of society and the planet, notably in our efforts to tackle the biggest public health crisis of our lifetime and reduce our carbon footprint. All of this was underpinned by an organisation living our Values, leading change and transforming the way we work.

I can only touch on a few of our achievements in this Review but, taken together, our efforts ensured we continued to deliver for shareholders in 2021. Total Revenue grew by 41% (38% at CER) to $37,417 million, including COVID-19 vaccine revenues. Excluding COVID-19 revenue, growth was 26% (23% at CER) and was well balanced across our disease areas. We saw double-digit growth in all major regions, including Emerging Markets despite some headwinds in China. We also achieved 14 positive Phase III readouts across nine medicines during the year, and 22 regulatory approvals and authorisations in major markets including five new molecular entities (NME).

José Baselga: a visionary leader

2021 began, however, on a very sad note with the untimely death of José Baselga, my colleague and friend. José was a brilliant scientist, legendary oncologist and visionary leader. He had a passion for what he did and was always chasing the next and best therapies. He transformed AstraZeneca's Oncology R&D and accelerated our innovative science – one of the drivers behind our success.

During his brilliant career, José changed the landscape of cancer treatment and thousands of patients have benefited. It was José's passion and determination when he was at AstraZeneca that drove the development of our pipeline and the recruitment of many incredibly talented scientists.

One of the medicines José championed is *Enhertu*. Unprecedented results from our DESTINY trials during 2021 more than justify his passion for this unique medicine. The trials both confirm *Enhertu*'s potential as a new treatment for HER2-positive breast cancer and open the door to its potential use in earlier lines of treatment and other HER2 expressing tumours.

Together with patients around the world, all of us at AstraZeneca owe José a debt of gratitude and we will continue to build on his legacy.

José Baselga
1959-2021,
Executive Vice-President,
Oncology R&D

Chief Executive Officer's Review *continued*

A vaccine for the world

Patients have also benefited from *Vaxzevria*, our COVID-19 vaccine, which was first approved for emergency supply in the UK at the end of 2020. Together with our global partners, we supplied about 2.5 billion vaccine doses to more than 180 countries during the year. Of these, approximately two-thirds went to low- and lower-middle-income countries, and more than 247 million were delivered to 130 countries through the COVAX Facility in 2021. It is estimated that *Vaxzevria* has so far helped prevent 50 million cases of COVID-19, five million hospitalisations, and helped save more than one million lives. It was an honour to have this achievement recognised when we jointly received the 2021 Roy Vagelos Pro Bono Humanum Award for Global Health Equity at the Prix Galien USA Awards Ceremony.

Vaccines are not easy to manufacture and scaling up supply brought challenges. Nevertheless, I am proud of the speed with which we were able to build twelve regional supply chains around the world, relying on our own manufacturing capacity, and sharing our know-how with more than 20 collaborators.

For the future, we remain committed to providing broad and equitable global access to our vaccine.

In addition to delivering our vaccine to the world, our teams rapidly progressed the development of *Evusheld*, a long-acting antibody (LAAB) combination against COVID-19. It was the first LAAB combination to demonstrate benefit in both preventing and treating COVID-19 and received Emergency Use Authorization from the FDA in December 2021. This authorisation, which has been followed by similar authorisations in other countries, underlines the potential of *Evusheld* to make a significant difference for people most in need.

Alexion: AstraZeneca Rare Disease

In July, we completed our landmark acquisition of Alexion which established our rare disease capability. Rare diseases represent a significant unmet medical need and we believe Alexion's innovative complement-biology platform and robust pipeline will continue to pioneer the discovery and development of medicines for these often devastating conditions. It represents a high-growth opportunity and we are already starting to see the delivery of this potential with *Ultomiris* and the other medicines in the Alexion portfolio, supported by developments such as the acquisition of Caelum Biosciences and their potentially first-in-class mAb for the treatment of amyloid light-chain (AL) amyloidosis.

Moreover, the rest of AstraZeneca can benefit from applying Alexion's complement-biology platform across our broader early stage pipeline and Alexion's R&D team can take advantage of the research capabilities available at AstraZeneca to discover new treatments for rare diseases. Patients will also benefit from the opportunity to make existing and future rare disease medicines available in many countries where AstraZeneca already has a strong presence, such as China, where we have established a Rare Disease Unit.

Bridges are already being built between Alexion and the rest of AstraZeneca as we deliver on the full potential of this exciting addition to our range of capabilities.

Addressing the challenge of climate change

In addition to understanding what science can do for patients, AstraZeneca's team understands the part we need to play in securing the future of the planet. We recognise that the climate crisis is a public health emergency for which there is no vaccine, and no one is immune. As part of our efforts, we are a founding partner of HRH The Prince of Wales' Sustainable Markets Initiative (SMI), a global 'coalition of the willing' who share the vision around the need to accelerate global progress towards a sustainable future. As part of that coalition, we called for coordinated, accelerated action to tackle climate change ahead of the G7 Leaders' Summit in Cornwall, UK in June.

Those efforts continued in November at the 26th UN Climate Change Conference in Glasgow, UK, when I was proud to launch the SMI Health Systems Taskforce as its Champion. Our ambition is to accelerate the delivery of net-zero, patient-centric healthcare.

Unveiling our Discovery Centre

Also in November, it was a privilege to host HRH The Prince of Wales to unveil our Discovery Centre (DISC) in Cambridge, UK. A state-of-the-art R&D facility, DISC can accommodate more than 2,200 research scientists and is built to the world's highest environmental standards.

DISC is designed to foster collaboration and develop the next generation of science leaders. By accelerating AstraZeneca's industry-leading levels of productivity, it can drive the next wave of scientific innovation and power the next stage of our growth.

Working for inclusion and diversity

The next wave of innovation will only come from organisations that are both diverse and inclusive. While there is always room for improvement, I am proud of the progress we have made, particularly in ensuring gender balance in our leadership teams.

I was therefore delighted when Susan Galbraith and Aradhana Sarin joined the Senior Executive Team during the year. Susan was appointed in June to lead Oncology R&D in succession to José. She is an outstanding oncologist and leader with a track record of delivering breakthrough science and medicines that have transformed care and improved the lives of patients.

Aradhana assumed the role of Chief Financial Officer in August following the completion of the Alexion acquisition. She has more than 20 years of professional experience spanning operating roles at Alexion and advisory roles at global financial institutions. Marc Dunoyer, our previous CFO, has taken over as Alexion's CEO and I'd like to pay tribute to him for his tremendous achievements since he joined AstraZeneca, and thank him personally for his outstanding support, which continues in his role as Chief Strategy Officer.

Indeed, I would like to close by thanking everyone at AstraZeneca. Without their continuing and tireless contributions, none of our many achievements in 2021 would have been possible and, with them, I have every confidence in delivering the next chapter in our success.

Pascal Soriot
Chief Executive Officer

The Terra Carta Seal recognises global corporations that are demonstrating their commitment to, and momentum towards, the creation of genuinely sustainable markets.

Healthcare in a Changing World

Healthcare systems are having to meet increasing demand, a task made more challenging by the ongoing impact of COVID-19.

The continued growth of the healthcare sector presents us with both challenges and opportunities that require us to adapt, innovate and build trust.

Our sector's traditional focus on treatment is shifting towards prevention and early intervention. Meanwhile, social, economic and political challenges remain in meeting unmet medical need.

Impact of global trends

Global trends continue to increase the demand for healthcare. The COVID-19 pandemic has highlighted challenges and accelerated healthcare innovation and change.

Global economic recovery followed by slowdown

Following a strong rebound in 2021, the global economy is entering a pronounced slowdown amid fresh threats from COVID-19 variants and a rise in inflation, debt, and income inequality that could endanger the recovery in emerging and developing economies. Global growth is expected to decelerate markedly from 5.5% in 2021 as pent-up demand dissipates and as fiscal and monetary support is unwound across the world. This will coincide with a widening divergence in growth rates between advanced economies and emerging and developing economies.
(Source: World Bank)

4.1%
Global GDP is forecast to grow by 4.1% in 2022, slowing further to 3.2% in 2023.
(Source: World Bank)

-4%
By 2023, output in emerging and developing economies will remain 4% below its pre-pandemic trend.
(Source: World Bank)

Growing and ageing populations

People worldwide are living longer. By 2030, one in six people will be aged 60 years or over. Between 2015 and 2050, the world's population of people aged above 60 will nearly double to 2.1 billion. While this shift in distribution towards older ages started in high-income countries, it is now low- and middle-income countries that are experiencing the greatest change. By 2050, two thirds of the world's population over 60 years will live in low- and middle-income countries.
(Source: WHO)

1bn
There are now more than one billion people worldwide aged 60 and over. Most of them live in low- and middle-income countries.
(Source: WHO)

426m
The number of people aged 80 or older is expected to triple between 2020 and 2050 to reach 426 million.
(Source: WHO)

Increasing burden of chronic disease

Non-communicable diseases (NCDs) kill 41 million people each year, equivalent to 71% of all deaths globally. NCDs disproportionately affect people in low- and middle-income countries where more than three quarters of global NCD deaths occur.

People of all age groups, regions and countries are affected by NCDs. The risk factors contributing to NCDs include diet, smoking and lack of exercise.
(Source: WHO)

77%
77% of all NCD deaths are in low- and middle-income countries.
(Source: WHO)

15m
More than 15 million people aged 30–69 years die from NCDs every year. 85% of these 'premature' deaths occur in low- and middle-income countries. This compares with some 5.7 million people who have died from COVID-19 since the start of the pandemic.

Healthcare in a Changing World *continued*

Growing importance of digital in healthcare

Data management in healthcare is moving beyond storing data, to focusing on extracting insights on population health management and value-based care to improve health outcomes and personalised healthcare.

Innovations in technology are allowing people to monitor their own health and become active participants in managing their healthcare. For example, Internet of Things (IoT) applications and technologies are influencing patient engagement strategies and improving patient interactions with healthcare systems.

$427bn

The digital health market exceeded $141.8 billion in 2020 and is estimated to grow to more than $426.8 billion by 2027.

(Source: Global Market Insights)

38x

The use of telehealth has increased 38 times from pre-COVID-19 levels.

(Source: McKinsey)

The health impact of climate change

Climate change affects many determinants of health: clean air, safe drinking water, sufficient food and secure shelter. For example, extreme high air temperatures raise the levels of pollutants in the air that exacerbate cardiovascular and respiratory diseases.

Increasingly variable rainfall patterns are likely to affect the supply of fresh water. This can compromise hygiene and increase the risk of diarrhoeal disease, which kills over 500,000 children below the age of five every year.

(Source: WHO)

250,000

Between 2030 and 2050, climate change is expected to cause approximately 250,000 additional deaths per year from malnutrition, malaria, diarrhoea and heat stress.

(Source: WHO)

Up to $4bn

The direct damage costs to health (excluding costs in health-determining sectors such as agriculture, water and sanitation), is estimated to be between $2-4 billion per year by 2030.

(Source: WHO)

Continued impact of COVID-19

The COVID-19 pandemic has driven changes in health system spending that impact access to medicines. For example, where hospital beds were scarce, payers reallocated resources and prioritised treatments that could help keep patients out of hospital.

The pandemic also demonstrated that when needed, healthcare systems can move quickly to grant rapid access to innovative new medicines, such as the COVID-19 vaccines.

94%

94% of countries reported one or more disruptions to essential healthcare services one year into the pandemic.

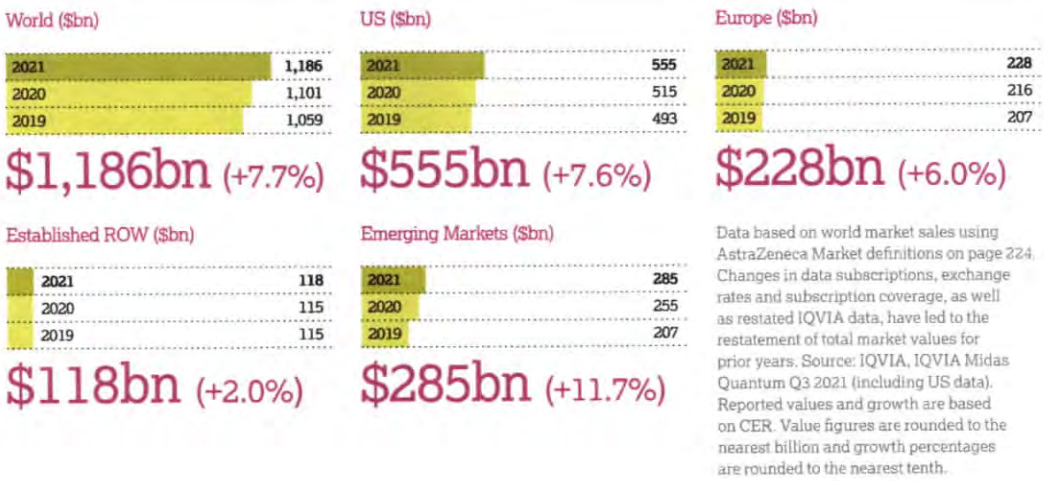
(Source: WHO)

While demographic and other changes are driving an increased demand for healthcare, continued advances in science and digital technologies are driving innovation and improvements in healthcare. One example of this is the speed of vaccines development in response to the COVID-19 pandemic. At the same time, risks remain. For instance, increasing demand is putting pressure on healthcare budgets, exacerbated by the impact of the pandemic, leading to downward pressure on pricing. We also face regulatory challenges and the loss of exclusivity and genericisation.

These risks are explored further in the Risk Overview from page 48 and Pricing and value of our medicines from page 35.

AstraZeneca's response to the trends we face is explored further in Strategy and Key Performance Indicators from page 12.

The pharmaceutical industry has historically faced challenges in building and maintaining its reputation and the trust of its stakeholders, as a result of improper sales and marketing practices by some companies. However, the sector has the opportunity to increase public confidence by delivering on transparent commitments to ethical practices and good governance. Initially, the rapid response and mobilisation of resources to develop a vaccine in response to COVID-19 contributed to an increase in trust in scientific and medical institutions, including the pharmaceutical industry. However, the widespread sharing of inaccurate or selective information has undermined confidence in scientific data, and trust has, in part, fallen away.

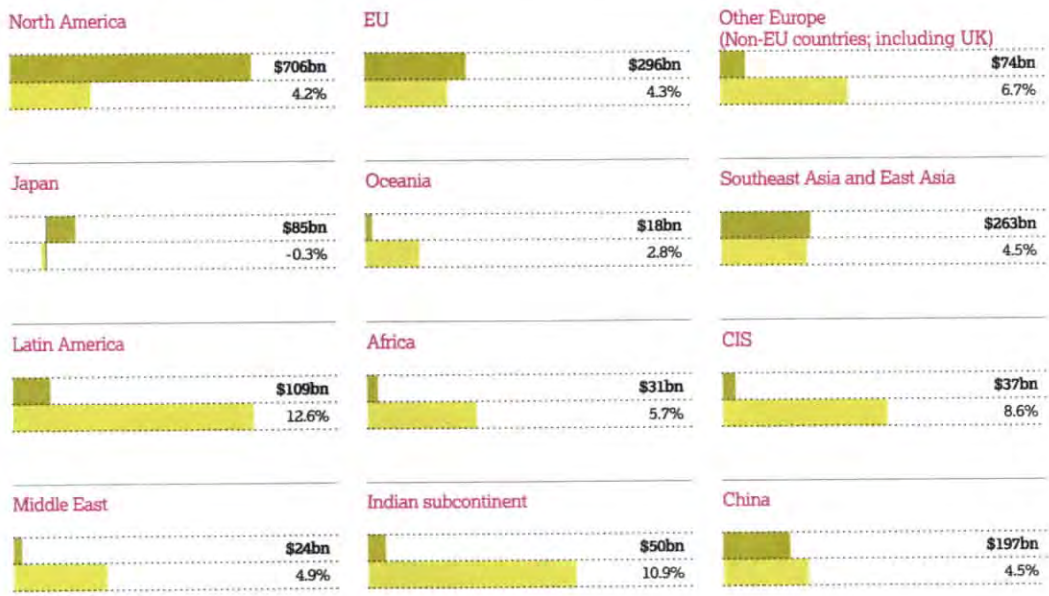


More generally, to be successful, pharmaceutical companies will need to be able to respond to the pressures and demands made on them by patients and caregivers, health authorities, payers, policymakers and others.

A growing pharmaceutical sector

As a result of increased demand for healthcare, the pharmaceutical sector continues to grow. Global pharmaceutical sales grew by 7.7% in 2021. Global healthcare spending is projected to increase at an annual rate of 4.8% from 2020 to 2025.

Global pharmaceutical sales



In 2021, Established Markets saw an average revenue increase of 6.4% and Emerging Markets revenue grew at 11.9%. The US, Japan, China, Germany and France are the world's top five pharmaceutical markets by 2021 sales. In 2021, the US had 46.8% of global sales (2020: 46.8%; 2019: 46.5%).

Data based on world market sales using AstraZeneca Market definitions on page 224. Changes in data subscriptions, exchange rates and subscription coverage, as well as restated IQVIA data, have led to the restatement of total market values for prior years. Source: IQVIA, IQVIA Midas Quantum Q3 2021 (including US data). Reported values and growth are based on CER. Value figures are rounded to the nearest billion and growth percentages are rounded to the nearest tenth.

Estimated pharmaceutical sales and market growth to 2025

We expect developing markets, including Africa, the Commonwealth of Independent States (CIS), the Indian subcontinent and Latin America, to fuel pharmaceutical growth. Market growth in China is expected to remain below historical levels at a compound annual growth rate of 4.5%. This is due to the continued slowdown of the major hospital sector.

- Estimated pharmaceutical sales – 2025. Data is based on ex-manufacturer prices at CER. Source: IQVIA

Business Model and Life-cycle of a Medicine

We invest resources to create financial and non-financial value, bringing benefits to our patients, our world and our business.

Why AstraZeneca?

We are a global pharmaceutical business with a science-led and patient-focused value proposition committed to excellence in the research, development and commercialisation of prescription medicines.

Who we are

Inspired by our Values and what science can do, we are focused on accelerating the delivery of life-changing medicines that create enduring value for patients and society.

We are committed to operating in a way that recognises the interconnection between business growth, the needs of society and the limitations of our planet.

Our Purpose

We push the boundaries of science to deliver life-changing medicines.

Our Purpose underpins everything we do. It gives us a reason to come to work every day. It reminds us why we exist as a company. It helps us deliver benefits to patients and create value for shareholders.

Our Values

Our Values determine how we work together and the behaviours that drive our success. They guide our decision making and define our beliefs.

We follow the science.
Pushing the boundaries of science and working creatively with partners and collaborators.

We put patients first.
Striving to understand patients' needs and considering them in every decision we take.

We play to win.
Building high-performing, inclusive and diverse teams and making the right choices to win.

We do the right thing.
Employing high ethical standards when carrying out all aspects of our business globally.

We are entrepreneurial.
Acting with urgency, bravery, resilience and taking smart risks.

Our Culture

Our Culture is defined by our shared Values and Purpose. Accompanying this, our commitment to sustainability, performing as an enterprise team, lifelong learning, and inclusion and diversity makes us a great place to work.

Business Review, see from page 30.

What we do to create financial value

Our business activities span the entire life-cycle of a medicine.

Investment

We invest in the discovery, development, manufacturing and commercialisation of our pipeline of innovative prescription medicines.

Revenue generation

We generate revenue from Product Sales of our existing medicines and new medicine launches, as well as from our collaboration activities. Our focus is on creating medicines that facilitate profitable future revenue generation, while bringing benefits to patients.

Reinvestment

We reinvest in developing the next generation of innovative medicines and in our business to provide the platform for future sources of revenue in the face of losses of key patents.

We also assess opportunities to invest in

Life-cycle of a medicine

Research and development phases – duration: 5–15 years

1. Undertake scientific research to identify potential new medicines.
2. Pre-clinical studies in laboratory and animals to understand if the potential medicine is safe to introduce into humans.
3. Phase I trials with small groups of healthy human volunteers (small molecules) or patients (biologics) to understand how the potential medicine is absorbed into the body, distributed and excreted.
4. Phase II trials on small- to medium-sized groups of patients to test effectiveness and tolerability of the medicine and determine optimal dose.
5. Phase III trials in a larger group of patients to gather information about effectiveness and safety of the medicine and evaluate the overall benefit/risk profile.
6. Seek regulatory approvals for manufacturing, marketing and selling the medicine.

Launch phase – duration: 5–15 years

7. Launch new medicine while continuously monitoring, recording and analysing reported side effects.
8. Post-launch research and development to further understand the benefit/risk profile of the medicine and life-cycle management activities to understand its full potential.

Post-exclusivity – duration: 20+ years

9. Patent expiry and generic medicine entry.

What does our business model require to be successful?

A talented and diverse workforce
We need to acquire, retain and develop a talented and diverse workforce.

48.1%
of our senior roles are filled by women

A leadership position in science
We need to achieve scientific leadership if we are to deliver life-changing medicines.

$9.7bn
invested in our science in 2021

Understand our stakeholders
We need to understand the factors and issues that are most important to the many different groups of stakeholders with whom we interact.

>118,000
healthcare practitioner enquiries responded to

Effective collaborations
Business development, specifically partnering, supplements and strengthens our pipeline and our efforts to achieve scientific leadership.

>1,000
collaborations worldwide

Commercialisation skills
We need a strong global commercial presence and skilled people to ensure that our medicines are available when needed and that patients have access to them.

>130
countries where we sell our products

Intellectual property
For our investments to be viable, we seek to protect new medicines from being copied for a reasonable period of time through patent protection.

>90
countries where we obtained patent protection

A robust supply chain
We need a supply of high-quality medicines, whether from our own operations or our spend on the purchase of goods, services and active pharmaceutical ingredients.

$22.2bn
spent with suppliers

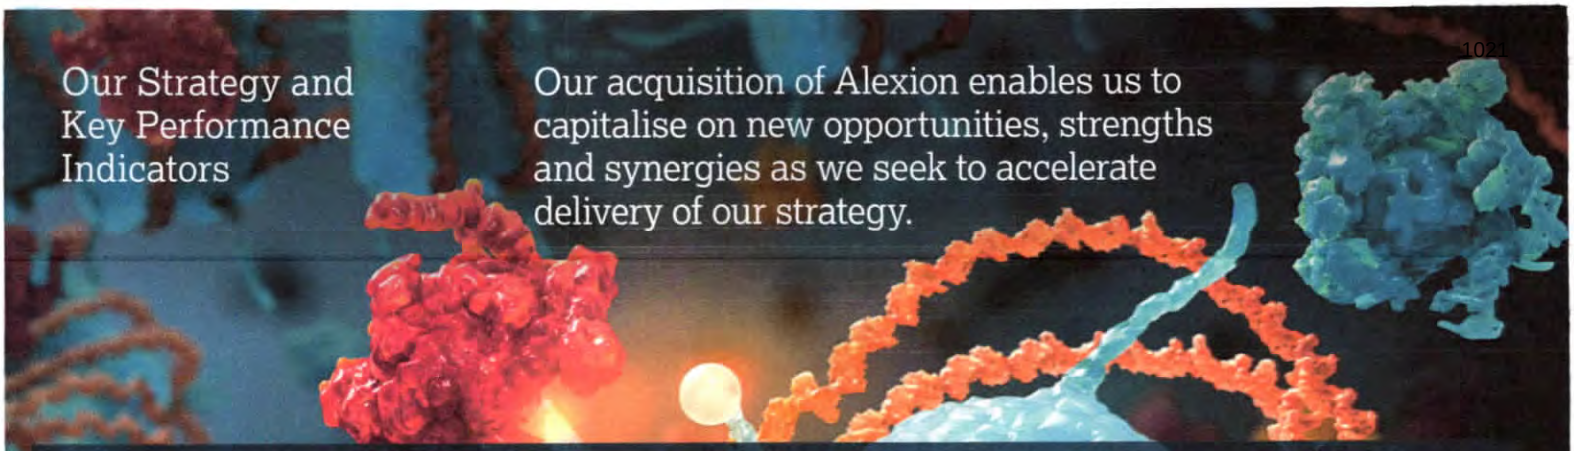
Financial strength
We need to be financially strong, including having access to equity and debt financing, to bear the financial risk of investing in the life-cycle of a medicine both internally and through acquisitions.

$6.0bn

>100m

Our main Disease Area medicines impact more than 100 million patient lives annually. In addition, AstraZeneca and our global partners released for supply some 2.5 billion *Vaxzevria/Covishield* vaccine doses in 2021.

How we add value



Improved health
Continuous scientific innovation is vital to achieving sustainable healthcare, which creates value by:

- Improving health outcomes and transforming the lives of patients who use our medicines.
- Enabling healthcare systems to reduce costs and increase efficiency.
- Improving access to healthcare and healthcare infrastructure.
- Helping develop the communities in which we operate through local employment and partnering.

Financial value
Revenue from our Product Sales and collaboration activities generates cash flow, which helps us:

- Fund our investment in science and the business to drive long-term value.
- Follow our progressive dividend policy.
- Meet our debt service obligations.

Our Strategy and Key Performance Indicators

Our acquisition of Alexion enables us to capitalise on new opportunities, strengths and synergies as we seek to accelerate delivery of our strategy.

Our strategy is straightforward. We:

- Are science and innovation led
- Are focused on our chosen disease areas: Oncology; BioPharmaceuticals (comprising Cardiovascular, Renal & Metabolism (CVRM) and Respiratory & Immunology (R&I)); and Rare Disease
- Have a diversified portfolio with broad coverage across primary, specialty care and rare disease
- Have global strength with balanced presence across regions
- Have a commitment to people and society

We have three priorities designed to deliver our strategy:

1. Accelerate Innovative Science
2. Deliver Growth and Therapy Area Leadership
3. Be a Great Place to Work

Achieve Group Financial Targets

Effective delivery of our strategic priorities will help us achieve our financial targets. Our capital allocation priorities include investing in the business and pipeline, maintaining a strong, investment-grade credit rating, potential value-enhancing business development opportunities, and supporting the progressive dividend policy, balancing opportunities for growth with an appropriate level of cover.

For more information, see Financial Review from page 52.

Our KPIs and remuneration

Our KPIs are aligned to our strategic priorities and are the indicators against which we measure our productivity and success.

A number of the KPIs used in this section are used to measure the remuneration of Executive Directors and allow us to disclose aggregated targets without disclosing sensitive commercial information at the individual KPI level. Any variances between the KPI and values used in determining remuneration are explained in the Directors' Remuneration Report from page 98. Other indicators used are now included in the Business Review from page 30.

From 2021, a metric focusing on the delivery of our Ambition Zero Carbon commitments is included in our executive incentive arrangements, which underlines the importance we place on eliminating our Scope 1 and Scope 2 greenhouse gas emissions by 2025.

For more information, see the Directors' Remuneration Report from page 98.

KPI key

● Used for remuneration of Executive Directors

Achieve Group Financial Targets

Key Performance Indicators

Cash generation is a key driver of long-term shareholder returns and facilitates reinvestment in our pipeline, which is critical for delivering new medicines and future value.

Earnings per share (EPS) is an important profitability metric and a key driver of shareholder value.

For more information on our Core measures, see the Financial Review from page 52.

For details of how Achieve Group Financial Targets are considered when calculating the annual bonus, see page 108.

Accelerate Innovative Science

Our prioritised initiatives

Accelerating the next wave of new molecular entities (NMEs) and building our capabilities in immunology and rare diseases.

Pursuing the next wave of disruptive R&D platforms with new scientific modalities, such as ProTACs epigenetics, oligonucleotides, antibody drug conjugates and cell therapies, as well as new technologies such as OMICs and knowledge graphs.

Driving R&D productivity through clinical trial excellence and the use of digital health, artificial intelligence (AI), data-enabled R&D that provide new insights, accelerated processes and an improved patient experience.

How our strategy responds to global trends

To ensure we are able to respond to the increasing burden of chronic disease and incorporate advances in science and digital technologies, we are:

> Developing an R&D culture of inspiring people with curious minds, harnessing data and technology, working seamlessly and inclusively, and always learning from patients.
> Focusing on innovative science, a range of drug modalities, emerging drug platforms and new technologies in our chosen disease areas.
> Driving R&D productivity by focusing on quality rather than quantity at all stages of drug discovery and development, and strengthening our ability to match targeted medicines to patients who need them most.
> Transforming our science and leveraging technology, including the provision of enhanced data and clinical insights, as well as digital and AI approaches.
> Collaborating with academia, governments, industry, and scientific and patient organisations to access the best science and patient insights.
> Seeking to attract the brightest minds and creating an environment where science can thrive.

How we progressed in 2021

Our science

> Achieved 49 regulatory events: 27 NME and major life-cycle management (LCM) submissions and 22 approvals in major markets (US, EU, China and Japan)
> Secured 32 pipeline progression events: 9 NME Phase II starts/progressions and 23 NME and major LCM Phase III investment decision
> Our pipeline includes 177 projects, of which 161 are in the clinical phase of development.
> At the end of the year, we had 16 NME projects in pivotal trials or under regulatory review covering 16 indications (2020: 10).
> 18 projects were discontinued.

Our sustainability

> We embed practices into the product portfolio to drive equitable access to healthcare, including digital health, clinical trial diversity, patient centricity, investing in rare diseases, open innovation and intellectual property sharing.

Focus for 2022

> Strengthen R&D bridges between AstraZeneca and Alexion.
> Drive innovation opportunities in China and beyond.
> Leverage and embed digital advances across the pipeline.

For more information, see Disease Area Review from page 16 and Business Review from page 30.

"We seek to attract the brightest minds and create an environment where science can thrive."

Key Performance Indicators

Our science measures incentivise the development of NMEs and the maximisation of the potential of existing medicines. Pipeline progression events (Phase II NME starts/progressions and Phase III investment decisions) measure innovation and sustainability. Regulatory events (regulatory submissions and approvals) demonstrate the advancement of this innovation to patients and the value to the Group.

For more information on performance against the Group scorecard, see page 108.

RE: AtriCure, Inc. Medical Device Wholesaler Application – Additional Information

---

To Whom It May Concern,

This letter is provided by AtriCure, Inc. ("AtriCure") to the Nevada State Board of Pharmacy ("NVSBP") in connection with AtriCure's 2022 Wholesaler Application submission ("the Wholesaler Application"). Upon submission of AtriCure's initial Wholesaler Application, the NVSBP notified AtriCure that further information was necessary. Specifically, the NVSBP asked AtriCure to provide the following supplementary information:

(1) Proof of home-state (Ohio) licensure, or proof that home-state licensure is inapplicable;

Please find attached a screenshot of the Ohio State Board of Pharmacy Licensing/CE Homepage, a description of the definitions relating to each subcategory, and Ohio Revised Code definitions for each, distinctly, "Drug" and "Device", attached hereto as **Attachment 1.**

Please also find attached an email from the State of Ohio Board of Pharmacy, which explains the two categories of drug manufacturing or distributing that require licensure: Dangerous Drugs (ORC 4729.01) and Home Medical Equipment (ORC 4751), attached hereto as **Attachment 2.**

Pursuant to the Ohio Revised Code, the State of Ohio Board of Pharmacy, and AtriCure's correspondence with the Board of Pharmacy, AtriCure's products do not fit within the category of products sought to be licensed, as AtriCure's products do not fit the definition of Dangerous Drugs (ORC 4729.01) or Home Medical Equipment (ORC 4751). In its initial application, AtriCure did provide a copy of its license under the Federal Food and Drug Administration, its most applicable licensure.

(2) A list of each employee, pursuant to NRS 639.500 (2).

Please find attached, too, the list of each employee and their title, as it relates to their managerial position in manufacturing and production (as clarified by Maria Herrara, Licensing Specialist, NVSBP), attached hereto as **Attachment 3**.

Best Regards,

Jennifer Cloyd-Caldwell

Attachment 1

State of Ohio, Board of Pharmacy - Licensing/CE Homepage

I. Terminal Distributor (Terminal Distributor of Dangerous Drugs, TDDD)
   - "A Terminal Distributor of Dangerous Drugs (TDDD) is a person (individual, partnership, association, limited liability company, corporation or government agency) who is engaged in the sale of dangerous drugs at retail, or any person, other than a wholesale distributor or a pharmacist, who has possession, custody, or control of dangerous drugs for any purpose other than for that person's own use and consumption."
   - "Sites licensed as TDDDs include, but are not limited to, pharmacies, hospitals, nursing homes, emergency medical service organizations, laboratories and all other locations that procure dangerous drugs for sale or other distribution by or under the supervision of a pharmacist or licensed health professional authorized to prescribe drugs."

II. Drug Distributor

Applies to the following License Types:
   - Wholesale Distributors of Dangerous Drugs
     - ORC 4729.01 (O) – ""Wholesale distributor of dangerous drugs" or "wholesale distributor" means a person engaged in the sale of dangerous drugs at wholesale and includes any agent or employee of such a person authorized by the person to engage in the sale of dangerous drugs at wholesale.
   - Manufacturers of Dangerous Drugs
     - ORC 4729.01 (P) – "Manufacturer of dangerous drugs" or "manufacturer" means a person, other than a pharmacist or prescriber, who manufactures dangerous drugs and who is engaged in the sale of those dangerous drugs.
   - Outsourcing Facilities

7555 Innovation Way
Mason, Ohio 45040
www.atricure.com

AtriCure

- ORC 4729.01 (AA) – "Outsourcing facility" means a facility that is engaged in the compounding and sale of sterile drugs and is registered as an outsourcing facility with the United States food and drug administration.

- Repackers of Dangerous Drugs
  - ORC 4729.01 (Z) – "Repackager of dangerous drugs" or "repackager" means a person that repacks and relabels dangerous drugs for sale or distribution.
- Third-Party Logistics Providers
  - ORC 4729.01 (Y) – "Third-party logistics provider" means a person that provides or coordinates warehousing or other logistics services pertaining to dangerous drugs including distribution, on behalf of a manufacturer, wholesale distributor, or terminal distributor of dangerous drugs, but does not take ownership of the drugs or have responsibility to direct the sale or disposition of the drugs.

For the avoidance of doubt, the Ohio Revised Code defines "Drug" and "Device" separately, as:

Section 4729.01(E), **"Drug"** means:

(1) Any article recognized in the United States pharmacopoeia and national formulary, or any supplement to them, intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or animals;
(2) Any other article intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or animals;
(3) Any article, other than food, intended to affect the structure or any function of the body of humans or animals;
(4) Any article intended for use as a component of any article specified in division (E)(1), (2), or (3) of this section; **but does not include devices or their components, parts, or accessories.**

Section 3715.01(4), **"Device"** means, any instrument, apparatus, implement, machine, contrivance, implant, in vitro reagent, or other similar or related article, including any component, part, or accessory, that is any of the following:

(a) Recognized in the United States pharmacopoeia and national formulary, or any supplement to them;
(b) Intended for use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment, or prevention of disease in humans or animals;
(c) Intended to affect the structure or any function of the body of humans or animals, and that does not achieve any of its principal intended purposes through chemical action within or on the body of humans or animals and is not dependent upon being metabolized for the achievement of any of its principal intended purposes.

Jake Ottaway

From: LAKISHA.SCRUGGS@pharmacy.ohio.gov
Sent: Monday, July 11, 2022 7:53 AM
To: Jake Ottaway
Subject: [External Sender]: FW: Licensing Question - Medical Device

Importance: High

Hello,

The State of Ohio Board of Pharmacy issues drug distributor licenses to entities for the manufacturing, distribution, etc. of dangerous drugs as defined in ORC 4729.01 (F) - http://codes.ohio.gov/orc/4729.01v1. We also issue licenses for entities that provide home medical equipment services directly to the public as defined in ORC 4752 (B) and (C) - http://codes.ohio.gov/orc/4752.01v1.
If the prescription medical device(s) does not contain a dangerous drug or meet the definition of home medical equipment, then a license is not required for the manufacturing, sale, or distribution of that device.

Please let us know if you have any additional questions or concerns.
Thank you,

STATE OF OHIO BOARD OF PHARMACY

Lakisha Scruggs
Licensing Coordinator
77 South High Street, 17th Floor, Columbus, Ohio 43215
Columbus Office – T: (614) 466-4143 | F: (614) 752.4836
Lakisha.Scruggs@pharmacy.ohio.gov
www.pharmacy.ohio.gov

ORC 4729.01(F) – "Dangerous drug" means any of the following:

(1) Any drug to which either of the following applies:
   a. Under the "Federal Food, Drug, and Cosmetic Act," 52 Stat. 1040 (1938), 21 U.S.C.A. 301, as amended, the drug is required to bear a label containing the legend "Caution: Federal law prohibits dispensing without prescription" or "Caution: Federal law restricts this drug to use by or on the order of a licensed veterinarian" or any similar restrictive statement, or the drug may be dispensed only upon a prescription;
   b. Under Chapter 3715. or 3719. of the Revised Code, the drug may be dispensed only upon a prescription.
(2) Any drug that contains a schedule V controlled substance and that is exempt from Chapter 3719. of the Revised Code or to which that chapter does not apply;
(3) Any drug intended for administration by injection into the human body other than through a natural orifice of the human body;
(4) Any drug that is a biological product, as defined in section 3715.01 of the Revised Code.

Medical Products Provider- Medical Devices, Equipment and Gases (MDEG) Administrator Application

Rev (06/08/2021)

Section 1: Pharmacy/ MDEG/Wholesaler Information

Name of MDEG AtriCure, Inc. MDEG License # (if applicable) _____

Physical Address 7555 Innovation Way

City Mason State Ohio Zip 45040

Mailing Address (if different from physical address) _____

City _____ State _____ Zip _____

Telephone (513) 755-4100 Website AtriCure.com

Licensing Company Email Legal@atricure.com

Section 2: Personal Information

First Salvatore Middle – Last Privitera

Alias(es, nicknames, name changes, etc.) _____

Date of Birth [redacted] SSN or ITIN [redacted] Sex ☑ M ☐ F ☐ X

Mailing Address 7555 Innovation Way

City Mason State OH Zip 45040

Telephone [redacted] Email Sprivitera@atricure.com

Are you a citizen of the United States? ☑ Yes ☐ No

Section 3: Military Service (NRS 622.120)	Yes	No
1. Have you ever served on active duty in the Armed Forces of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		✓
2. Have you ever been assigned to duty for a minimum of 6 continuous years in the National Guard or a reserve component of the Armed Forces of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		✓
3. Have you ever served the Commissioned Corps of the United States Public Health Service or the Commissioned Corps of the National Oceanic and Atmospheric Administration of the United States in the capacity of a commissioned officer while on active duty in defense of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		✓

Section 4: Federally Mandated Requirement (NRS 425.520, NRS 639.129)	Yes	No
1. Are you the subject of a court order for the support of a child? (If "yes", answer question 2.)		✓
2. Are you in compliance with the order or the plan approved by the district attorney or other public agency enforcing the order for the repayment of the amount owed pursuant to the order?		✓

Section 5: List your high school and college experience beginning with the most current. (Use a separate piece of paper if additional space is needed.)

This Form 10-K, including the sections titled "Management's Discussion and Analysis of Financial Condition and Results of Operations", "Risk Factors" and "Quantitative and Qualitative Disclosures about Market Risk" contains forward-looking statements regarding our future performance. All forward-looking information is inherently uncertain and actual results may differ materially from assumptions, estimates or expectations reflected or contained in the forward-looking statements as a result of various factors, including those set forth under "Risk Factors" and elsewhere in this Form 10-K. Forward-looking statements address our expected future business, financial performance, financial condition and results of operations, and often contain words such as "intends," "estimates," "anticipates," "hopes," "projects," "plans," "expects," "seek," "believes," "see," "should," "will," "would," "could," "can," "may," "future," "predicts," "target" and similar expressions and the negative versions thereof. Such statements are based only upon current expectations of AtriCure. Any forward-looking statement speaks only as of the date made. Reliance should not be placed on forward-looking statements because they involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements to differ materially from those expressed or implied. Forward-looking statements include statements that address activities, events, circumstances or developments that AtriCure expects, believes or anticipates will or may occur in the future. Forward-looking statements are based on AtriCure's experience and perception of current conditions, trends, expected future developments and other factors it believes are appropriate under the circumstances and are subject to numerous risks and uncertainties, many of which are beyond AtriCure's control. With respect to the forward-looking statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. These forward-looking statements speak only as of the date of this Form 10-K. We undertake no, and hereby disclaim any and all, obligation to publicly update or revise any forward-looking statements to reflect new information or future events or otherwise unless required by law.

WEBSITE AND SOCIAL MEDIA DISCLOSURE

We use our website (www.atricure.com) and our corporate Facebook, YouTube, LinkedIn and Twitter accounts as channels of distribution of company information. The information we post through these channels may be deemed material. Accordingly, investors should monitor these channels, in addition to following our press releases, Securities and Exchange Commission, or SEC, filings and public conference calls and webcasts. The contents of our website and social media channels are not, however, a part of this report.

TRADEMARKS

We own or have the rights to use various trademarks referred to in this Annual Report on Form 10-K, including Isolator® Synergy ™ clamp, EPi-Sense® coagulation device, AtriClip® Flex·V®, and cryoSPHERE® probe, among others, and their respective logos. Solely for convenience, we may refer to trademarks in this Annual Report on Form 10-K without the ™ and ® symbols. Such references are not intended to indicate, in any way, that we will not assert, to the fullest extent permitted by law, our rights to our trademarks.

MARKET AND INDUSTRY INFORMATION

Market data used throughout this Annual Report on Form 10-K is based on management's knowledge of the industry and good faith estimates of management. All of management's estimates presented herein are based on industry sources, including analyst reports and management's knowledge. We also relied, to the extent available, upon management's review of independent industry surveys and publications prepared by a number of sources and other publicly available information. We are responsible for all of the disclosures in this Annual Report on Form 10-K, and while we believe that each of the publications, studies and surveys used throughout this Annual Report on Form 10-K are prepared by reputable sources, we have not independently verified market and industry data from third-party sources.

All of the market data used in this Annual Report on Form 10-K involves a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates. While we believe the estimated market position, market opportunity and market size information included in this Annual Report on Form 10-K is generally reliable, such information, which in part is derived from management's estimates and beliefs, is inherently uncertain and imprecise and has not been verified by any independent source. Projections, assumptions and estimates of our future performance and the future performance of the industry in which we operate are subject to a high degree of uncertainty and risk due to a variety of factors, including those described in "Item 1A. Risk Factors" of Part I of this Annual Report on Form 10-K and elsewhere in this Annual Report on Form 10-K. These and other factors could cause results to differ materially from those expressed in our estimates and beliefs and in the estimates prepared by independent parties.

PART I

(Dollar and share amounts referenced in this Part I are in thousands.)

ITEM 1. BUSINESS

Overview

We are a leading innovator in treatments for atrial fibrillation (Afib), left atrial appendage (LAA) management and post-operative pain. According to the American Heart Association, Afib affects 1-2% of the population in the United States. It is the most common cardiac arrhythmia, or irregular heartbeat, encountered in clinical practice and results in high utilization of healthcare services by Afib patients. Symptoms of Afib may include heart palpitations, dizziness, fatigue and shortness of breath, and these symptoms may be debilitating and life threatening in some cases. When a patient is in Afib, abnormal electrical impulses cause the atria, or upper chambers of the heart, to fibrillate, or beat rapidly, irregularly and in an uncoordinated fashion. As a result, blood in the atria may be in stasis, increasing the risk that a blood clot will form and cause a stroke or other serious complications. In patients with Afib, a significant percentage of those clots can form inside of the LAA. Patients often progress from being in Afib intermittently (paroxysmal) to being in Afib continuously. The continuous Afib patient population includes persistent Afib, which lasts seven days to one year, and long-standing persistent Afib, which lasts longer than one year. Afib often occurs in conjunction with other cardiovascular diseases, including hypertension, congestive heart failure, left ventricular dysfunction, coronary artery disease and valvular disease.

Our ablation and left atrial appendage management (LAAM) products are used by physicians during both open-heart and minimally invasive procedures. In open-heart procedures, the physician is performing heart surgery for other conditions, and our products are used in conjunction with ("concomitant" to) such a procedure. Minimally invasive procedures are performed on a standalone basis, and often include multi-disciplinary or "hybrid" approaches, combining both surgical procedures using AtriCure ablation and LAAM products and catheter ablation.

Recovery from cardiothoracic and thoracic surgery can be complicated and painful. Many surgeons use multi-modal pain management strategies that include global and local pain management techniques or oral delivery of opioid and non-opioid pain medications. In an effort to improve patient recovery for those undergoing Afib surgery, we pursued an analgesia indication for our cryo ablation devices in 2015. Upon seeing the impact on patients and potential applications in a wide variety of surgical procedures, we developed our cryoICE cryoSPHERE® probe for pain management (Cryo Nerve Block). Our pain management solutions are used by physicians to freeze nerves during cardiothoracic or thoracic surgical procedures. This technique provides a long-lasting analgesic, allowing the patient's body to heal after surgery while the nerves regenerate and sensation is regained.

We believe that we are currently the market leader in the surgical treatment of Afib. Our Isolator® Synergy™ Ablation System is approved by the United States Food and Drug Administration (FDA) for the treatment of persistent and long-standing persistent Afib concomitant to other open-heart surgical procedures. The EPi-Sense® system is approved by FDA to treat patients with long-standing persistent Afib. All of our other ablation devices are cleared for sale in the United States under FDA 510(k) clearances, including our other radio frequency (RF) and cryoablation products, which are indicated for the ablation of cardiac tissue and/or the treatment of cardiac arrhythmias. In addition, certain of our cryoablation probes are cleared for managing pain by temporarily ablating peripheral nerves, or Cryo Nerve Block therapy. Further, certain cryoablation probes are approved for the ablation of the intercostal nerves to temporarily block pain in adolescents aged 12 or older. Our AtriClip® LAA Exclusion System products are 510(k)-cleared with an indication for the exclusion of the LAA, performed under direct visualization and in conjunction with other cardiac surgical procedures. Direct visualization, in this context, requires that the surgeon is able to see the heart directly, with or without assistance from a camera, endoscope or other appropriate viewing technologies. In July 2021, we received 510(k) clearance for the new ENCOMPASS® clamp to ablate cardiac tissue during surgery. The LARIAT® system is cleared under the 510(k) process for soft tissue ligation. Several of our products are currently being studied to expand labeling claims or to support indications specifically for the treatment of Afib. Our Isolator Synergy clamps, Isolator Synergy pens, Coolrail® linear pen, cryoablation devices, cryoSPHERE® probe, certain products of the AtriClip LAA Exclusion System, COBRA Fusion® Ablation System, the EPi-Sense® system and LARIAT Suture Delivery Device bear the CE mark and may be commercially distributed throughout the member states of the European Union and other countries that comply with or mirror the Medical Device Directive. Our Isolator Synergy clamps, Isolator Synergy pens, Coolrail linear pen, cryoablation devices and certain products of the AtriClip LAA Exclusion System are available in select Asia-Pacific countries. We anticipate that substantially all of our revenue for the foreseeable future will relate to products we currently sell or are in the process of developing.

We sell our products to medical centers through our direct sales force in the United States and in certain international markets, such as Germany, France, the United Kingdom and the Benelux region. We also sell our products to distributors who in turn sell our products to medical centers in other international markets. Our business is primarily transacted in U.S. Dollars with the exception of transactions with our European and United Kingdom customers, which are transacted primarily in the Euro or the British Pound.

Market Overview

Afib is the most commonly diagnosed sustained cardiac arrhythmia with approximately 1.2 million diagnoses annually in the United States, and affects approximately 33 million people worldwide. It is estimated that the incidence of Afib doubles with each decade of an adult's life. At age 40, remaining lifetime risk for Afib is 26% for men and 23% for women. Afib is an under-diagnosed condition due in large part to the fact that patients with Afib often have mild or no symptoms, and their Afib is often only diagnosed when they seek treatment for an associated condition, such as a structural heart disease or stroke. We believe that increasing awareness of Afib and improved diagnostic screening will result in an increased number of patients diagnosed with Afib over time. Also, since the prevalence of Afib increases with age, there will likely be an increase in the number of diagnosed Afib patients in the United States as the population ages. We believe that these trends in the United States also apply globally.

Afib is a condition that doctors often find difficult to treat and, historically, there has been no widely accepted long-term cure for Afib. This difficulty is exacerbated with more serious forms of Afib, or persistent and long-standing persistent Afib. Over the past two decades, technology advancements have made surgical ablation more effective, repeatable and available to cardiac surgeons and electrophysiologists around the world. Societal guideline changes from the Society of Thoracic Surgeons (STS), Heart Rhythm Society (HRS) and American Association of Thoracic Surgery (AATS) now have Class I recommendations for surgical ablation, meaning that it is a "recommended" treatment, no longer just "reasonable", for patients who have structural heart disease and Afib. In addition, guidelines for the treatment of more serious forms of Afib for patients without structural heart disease have also been introduced in the past several years. These societal guidelines are reflective of the scientific evidence suggesting that surgical and hybrid ablation is safe and effective for patients who have Afib.

Of the patients undergoing open-heart surgery globally on an annual basis, we estimate that over 250,000 are potential candidates for surgical ablation using our products. Today, we estimate that approximately 25% to 35% of those candidates are being treated, but we believe many are not treated properly or fully. Of the population diagnosed with Afib, a large percentage of patients are symptomatic and do not respond to pharmacological therapy.

In addition, Afib is thought to be responsible for approximately 15% to 20% of the estimated 800,000 strokes that occur annually in the United States. According to the American Heart Association, the risk of stroke is five times higher in people with Afib. Studies have also suggested that 90% of clots that cause strokes in patients who have Afib originate from within the LAA. Recently, a very large independent international randomized trial, Left Atrial Appendage Occlusion Study (LAAOS) III, demonstrated a significant reduction in strokes when the LAA was managed during cardiac surgery. Afib accounts for billions of dollars in hospitalization-related and office visit costs in the United States each year. Indirect costs, such as the management of Afib-related strokes, are believed to be significant. Because of the risk of stroke and the significant cost burden on the healthcare system, more and more surgeons are routinely addressing the LAA, both in patients who have Afib, but also in those who do not have Afib but may be at increased risk of developing the disease in the future. We believe that our AtriClip system is safer, more effective and easier to use than other products and techniques for excluding the LAA during cardiac surgery. Therefore, we believe that the market for the AtriClip system represents a significant growth opportunity.

Many Afib patients seek relief solely from the symptoms of their Afib, including palpitations, breathlessness and drowsiness, without underlying structural heart disease. These patients are typically treated by an electrophysiologist using catheter ablation. Catheter ablation is considered a percutaneous procedure that does not require the opening of the chest and involves catheters inserted through a small puncture in the groin. It is estimated that after failing pharmacological therapy, 150,000 - 200,000 Afib patients are treated by catheter ablation every year in the U.S., a number that is expected to grow 10-15% annually. While the majority of paroxysmal Afib patients treated by catheter ablation tend to experience freedom from Afib, less than a third of long-standing persistent Afib patients treated by catheter ablation become free of Afib. Recent randomized, prospective, multi-center data shows that these long-standing persistent Afib patients can experience double the success rate by adding an ablation on the outside surface of the heart using AtriCure's EPi-Sense ablation system. Thus, we believe the EPi-Sense ablation system used as a minimally invasive or Hybrid AF™ therapy represents a significant growth opportunity for the Company.

Additionally, cardiothoracic and thoracic surgery involving an incision through the ribcage, typically referred to as thoracotomy access, can often times result in significant post-operative pain and longer hospital recovery times as patients refrain from mobilizing their chest near the incision site. Most surgeons will employ a multi-modal pain management protocol that includes global and local pain management techniques, including epidural delivery of medication directly around the spinal cord, intravenous or oral delivery of opioid and non-opioid pain medications. More focused, local techniques include syringe injections between vertebrates and Cryo Nerve Block, the use of cryo-energy to temporarily ablate peripheral nerves. Cryo Nerve Block can be delivered using our cryoICE cryoSPHERE® probe, which is specifically designed for Cryo Nerve Block, as well as our cryoICE CRYO2 probe, one of the same probes used to treat cardiac arrhythmias. Depending on the degree of invasiveness, physicians and their nursing staff will take advantage of multiple modes of pain management. It is estimated that each year roughly 140,000 cardiac and thoracic procedures are performed in the United States through thoracotomy access. Hospital recovery times can vary from two to eight days depending on the procedure, operative complications associated with the procedure, pain management protocol and other factors. In recent years, opioids have come under heavy scrutiny due to their potential for long-term dependency, overdose and possible death. The Center for Disease Control has reported over 49,000 deaths involving opioids in the United States in a single year, and both federal and local governments in the United States have proposed and implemented new regulations to curb the opioid overdose epidemic. It is also estimated that one in seven cardiothoracic surgical patients develops an unhealthy post-procedural addiction to prescription narcotics, making alternative, non-opioid pain management modalities, such as Cryo Nerve Block, increasingly important.

AtriCure Solutions and Products

Our products enable cardiothoracic surgeons to mimic all or portions of the cut and sew Maze procedure with faster, less invasive and less technically challenging approaches. We have completed, and continue to invest in, clinical studies for the use of our ablation and left atrial appendage management products to treat Afib. Leading cardiothoracic surgeons and electrophysiologists, including those who serve or who have served as consultants to us, have published results of preclinical and clinical studies utilizing our devices. The results of these studies have assessed efficacy, ease of use and safety endpoints.

Products for cardiac tissue ablation include those that heat tissue using radio frequency (RF) energy to create the tissue effects or those that cool tissue using cryo-thermal heat transfer to create the tissue effects. Our ablation products are part of platforms each consisting of disposable hand pieces which connect to compact RF power generation sources or the cryoICE BOX generator. We generally place this equipment with our direct customers and sell to our distributors.

Products for open and minimally invasive ablation:

- **Isolator Synergy Clamps.** Our Isolator Synergy System historically represented our primary product line and currently generates the majority of our ablation-related revenue. All of our clamps are single-use disposable RF products with jaws that close in a parallel fashion. We sell multiple configurations of our Isolator Synergy clamps with the primary difference being the form of the clamping jaws. The parallel closure compresses tissue and evacuates the blood and fluids from the energy pathway in order to make the ablation more effective. The Isolator Synergy System is currently being evaluated under the DEEP AF IDE pivotal trial and was previously studied under the ABLATE clinical trial supporting a pre-market approval (PMA) in 2011.
- **Multifunctional Pens and Linear Ablation Devices.** These devices are single-use disposable RF products that come in multiple configurations which have different contact lengths. The MAX Pen devices enable surgeons to evaluate cardiac arrhythmias, perform temporary cardiac pacing, sensing and stimulation and ablate cardiac tissue with the same device. Surgeons are able to readily toggle back and forth between these functions. The Coolrail device enables the user to make longer linear lines of ablation. Surgeons generally use one or more of our pen and linear devices in combination with Isolator Synergy clamps.

Products for open ablation:

- **cryoICE Cryoablation System.** The cryoICE cryoablation system is used in open ablation procedures and consists of the cryoICE BOX generator along with a single-use disposable probe. The primary differences between these cryoablation probes is the form of the distal end. The cryoICE devices enables the user to make linear ablations of varied lengths. Surgeons may utilize the cryoICE devices in combination with Isolator Synergy clamps or independently. The ICE-AFIB clinical trial is studying the safety and efficacy

of the cryoICE system for persistent and long-standing persistent Afib treatment during concomitant on-pump cardiac surgery. The cryoSPHERE probe and certain cryoICE devices are used to apply cryo-energy to targeted intercostal peripheral nerves in the ribcage in order to provide temporary pain relief. This technique, called Cryo Nerve Block, is applied intraoperatively by cardiothoracic or thoracic surgeons and results in temporary pain relief for up to 90 days after the procedure. Sensation typically returns to the affected region of the chest after this period. Studies are ongoing to characterize the effects of Cryo Nerve Block and further refine the procedure.

Products for minimally invasive ablation:

- **EPi-Sense Guided Coagulation System with VisiTrax Technology.** The EPi-Sense Guided Coagulation System with VisiTrax technology utilizes monopolar RF energy for the coagulation of tissue. The EPi-Sense device is a single-use disposable which is also capable of intraoperative cardiac signal sensing and recording when connected to an external recording device. In April 2021, we announced the PMA approval of the EPi-Sense System for treatment of symptomatic, drug-refractory, long-standing persistent atrial fibrillation, when augmented with an endocardial ablation catheter. The Convergent procedure, or Hybrid AF Therapy, is the only FDA-approved minimally invasive procedure to treat patients with long-standing persistent Afib.

Products for appendage management:

- **AtriClip System**. The AtriClip System includes an implantable device (AtriClip) coupled to a single-use disposable applier. The AtriClip is designed to exclude the left atrial appendage by mechanically clamping the appendage from the outside of the heart, eliminating blood flow between the left atrial appendage and the atrium while avoiding contact with circulating blood. We believe that the AtriClip system is potentially safer, more effective and easier to use than other available products and techniques for permanently excluding the left atrial appendage. These benefits compared to other techniques include permanent exclusion and electrical isolation of the appendage. The AtriClip device comes in a variety of lengths allowing the user to select a configuration specific to the patient and in two geometries (a rectangular configuration which encircles the targeted tissue and "V" shape which allows lateral access for improved usability). The appliers come in multiple forms tailored to specific procedural needs and with different deployment mechanisms. The AtriClip System includes various combinations of AtriClips and appliers.
- **LARIAT System**. The LARIAT System is a suture-based solution for soft-tissue closure and is compatible with a wide range of anatomical shapes. The LARIAT System includes a suture loop coupled to a single-use disposable applier. The loop is designed to exclude the left atrial appendage by mechanically cinching the appendage from the outside of the heart, eliminating blood flow between the left atrial appendage and the atrium while avoiding contact with circulating blood. The LARIAT System is currently being evaluated under the aMAZE™ IDE clinical trial.

In addition to the above product lines we also sell enabling technologies including our Lumitip™ dissectors, Glidepath™ guides for placement of our clamps, Subtle™ Cannula's to support access for our EPi-Sense catheters and a line of reusable cardiac surgery (valve) instruments. The Lumitip dissector is used by surgeons to separate tissues to provide access to key anatomical structures that are targeted for ablation. Cardiac surgery instruments are used during certain surgical procedures for repair or replacement of heart valves.

Current Afib Treatment Alternatives

Physicians usually begin treating Afib patients with a variety of drugs intended to prevent blood clots, control heart rate or restore the heart to normal sinus rhythm. If a patient's Afib cannot be adequately controlled with drug therapy, doctors may perform one of several open-heart or minimally-invasive procedures that vary depending on the severity of the Afib symptoms and whether or not the patient suffers from other forms of heart disease. Often, Afib procedures are performed concomitantly with other cardiac treatments.

Alternative treatments to open-heart and minimally invasive procedures include:

- *Drug Therapy.* Pharmaceutical options called anti-arrhythmics are available to treat Afib. Depending on a patient's severity of the disease and heart condition, physicians typically administer these medications in a hospital setting with continuous monitoring. If the patient goes back into a normal rhythm, the physician will often prescribe a similar anti-arrhythmic drug to try to prevent a recurrence of Afib. The effectiveness of drug therapy varies based on the patient population and the drug being prescribed, among other factors. Often, pharmaceuticals to thin the blood (anti-coagulants) are prescribed due to the increased risk of stroke for patients who also have Afib.
- *Implantable Devices.* Implantable devices, such as defibrillators and pacemakers, can be effective in reducing the symptoms of Afib episodes, but neither device is intended to treat Afib. Patients may continue to experience the adverse effects of Afib as well as some of the symptoms and complications, including dizziness, fatigue, palpitations and stroke because the Afib continues.
- *Catheter Ablation.* Catheter ablation is a procedure that is typically performed by an electrophysiologist. The ablations are made from the inside of the heart using a flexible catheter. The heart is reached via a blood vessel, most commonly through the femoral vein. In proportion to the prevalence of Afib, less than 6% of patients receive catheter-based Afib treatments each year in the United States. The rate of treatment is even lower for long-standing persistent patients in which less than 1% receive catheter-based Afib treatments.

We do not promote our products specifically for Afib treatment in the United States, except for the Isolator Synergy System and the EPi-Sense System. The Isolator Synergy System may be promoted according to its FDA-approved indication for patients with persistent and long-standing persistent Afib undergoing certain open concomitant procedures, and the EPi-Sense System may be promoted according to its FDA-approved indication to treat patients with long-standing persistent Afib. During elective open-heart surgical procedures, such as bypass or valve surgery, cardiothoracic surgeons use our ablation systems to treat patients with a pre-existing history of Afib. Surgeons use our products to perform cardiac procedures that may vary depending on the length of time a patient has been diagnosed with Afib and whether the patient's Afib is intermittent (paroxysmal), or continuous (non-paroxysmal), which is typically further classified as persistent or long-standing persistent. Patients who have been diagnosed with Afib for a longer duration and have persistent or long-standing persistent forms of Afib generally receive more extensive ablation procedures than patients who have been diagnosed with Afib for a shorter duration or who have paroxysmal Afib. Additionally, during an open-concomitant procedure, physicians may use our AtriClip system to exclude the LAA.

For those patients with Afib who do not require an open-concomitant surgical procedure, surgeons have used our products for minimally invasive or hybrid Afib treatment procedures. These procedures have generally been performed through small incisions without the need to place patients on a heart-lung bypass machine. Additionally, during a minimally invasive surgical procedure, physicians may use our AtriClip system to exclude the LAA.

Certain physicians are combining various minimally invasive stand-alone epicardial ablation procedures (surgical ablation on the outside of the heart) with endocardial ablation and mapping techniques (catheter ablation from the inside of the heart). The combination of procedures are often referred to as "hybrid" or "multi-disciplinary" approaches, in that both surgical ablation and catheter ablations are performed. Sometimes, both procedures are performed on the same day or in the same hospital stay, where other times they are performed weeks or months apart. Patient health condition, physician preference, hospital logistics and procedural room availability influence the decision whether to perform hybrid ablations in a single or a staged setting. Physicians are reporting that they are performing these procedures utilizing certain of our products to primarily treat patients who have non-paroxysmal forms of Afib. The success of the hybrid procedure for long-standing persistent Afib patients was established with the results of the CONVERGE clinical study, the first trial of its kind for the sickest, most difficult to treat patients. We believe that the potential for hybrid Afib procedure adoption is our largest market opportunity.

Business Strategy

We are passionately focused on reducing the global Afib epidemic and healing the lives of those affected. Our strategy is to expand the treatment options for patients who suffer from Afib or have a high risk of stroke, or who suffer

from post-operative pain through the continued development of our technologies and expansion of our product offerings, global commercial expansion and clinical science investments. The key elements of our strategy include:

New Product Innovation. Our product development pipeline includes projects which extend and improve our existing products, as well as research and development projects for new technologies. We plan to continue to develop new and innovative products, including those that allow us to enter new market opportunities or expand our growth in existing markets.

Invest in Clinical Science. We continue to invest in landmark clinical trials to validate the long-term results of procedures using our products and to support applications to regulatory agencies for expanded indications. We also make clinical research grants to support our product development efforts and expand the body of clinical evidence.

Build Physician and Societal Relationships. We have formed consulting relationships with cardiothoracic surgeons, cardiologists, electrophysiologists and thoracic surgeons who work with us to develop and evaluate our products. Additionally, we have formed advisory boards made up of key opinion leaders in multiple specialties to oversee our training and clinical programs. We are building these relationships to provide insight regarding treatment trends, input on future product direction and education for providers involved in treating the disease.

We are partnering with leading surgical and cardiology societies to increase the awareness of Afib treatment options. In the past four years, both the Society for Thoracic Surgeons and the Heart Rhythm Society have released new guidelines on the surgical treatment of Afib in both open-heart and minimally-invasive settings.

Provide Training and Education. We have recruited and trained sales and physician education professionals to effectively communicate to our customers the unique features and benefits of our technologies as they relate to their indications for use. Our highly trained professionals meet with physicians at institutions around the world to provide education and technical training on the features, benefits and safe-and-effective use of our products. With the approval of our Isolator Synergy System, we instituted a program to train providers on the use of the Isolator Synergy System to treat persistent and long-standing persistent Afib in patients undergoing open-heart surgery. More recently, with the approval of the EPi-Sense System, we began programs to train physicians on the use of the EPi-Sense Hybrid Coagulation system in a hybrid approach to treating patients with long-standing persistent Afib. We believe these training and education programs have increased awareness about the surgical treatment of Afib, and we will continue to make investments to serve our physician customers. As a result of the educational process, we believe that awareness of our technologies is growing and will result in the increased use of our products.

Expand Adoption of Our Minimally Invasive Products. We believe that the catalysts for expanded adoption of our minimally invasive products include procedural advancements, such as the hybrid or multi-disciplinary procedure, continued innovation and product development and the publication of additional scientific evidence supporting the safety and efficacy of hybrid treatments for persistent and long-standing persistent Afib. We believe these efforts will help validate the successful, long-term use of our products for patients with persistent and long-standing persistent Afib. We believe that ongoing research activities, including prospective clinical trials, new procedural techniques and anticipated presentations and publications will create an increased demand for our minimally invasive products.

Evaluate Acquisition Opportunities. We expect to continue to be opportunistic with respect to acquisitions. We evaluate acquisition opportunities on a variety of factors, including investment in clinical science, product innovation and strategic and financial considerations.

Clinical Trials

In the United States, a significant risk device requires the prior submission of an application for an Investigational Device Exemption (IDE) to FDA for approval before initiating a clinical trial. Clinical trials are required to support a pre-market approval (PMA) and are sometimes required for 510(k) clearance. Some trials require a feasibility study followed by a pivotal trial. We are conducting several clinical trials to validate the long-term results of procedures using our products and to support applications to regulatory agencies for expanded indications. In addition, we also conduct various studies to gather clinical data regarding our products. Key trials and studies are:

CONVERGE. We conducted the CONVERGE IDE clinical trial to evaluate the safety and efficacy of the EPi-Sense Guided Coagulation System with VisiTrax technology to treat symptomatic persistent and long-standing persistent Afib patients who are refractory or intolerant to at least one Class I and/or III anti-arrhythmic drug. In April 2021, we announced the PMA approval of the EPi-Sense System for treatment of symptomatic, drug-refractory, long-standing persistent atrial fibrillation, when augmented with an endocardial ablation catheter. We believe the Convergent procedure, or Hybrid AF

therapy, provides the only compelling treatment option for a large and vastly underpenetrated population of Afib patients. The CONVERGE trial demonstrated superiority in the hybrid therapy arm compared to endocardial catheter ablation alone. In patients diagnosed with long-standing persistent Afib, the therapy arm showed a 29% absolute difference in efficacy at 12 months (78% relative improvement) and an absolute difference of 35% at 18 months (110% relative improvement). There was also a 33% absolute difference in Afib burden reduction in favor of the Hybrid AF therapy at 12 months, which increased to 37% at 18 months. In April 2021, we also received approval from FDA to conduct the CONVERGE Post Approval Study (PAS). This study allows for 325 patients to be enrolled at up to 50 sites.

aMAZE. In connection with our acquisition of SentreHEART in August 2019, we are conducting the aMAZE IDE clinical trial. aMAZE is an FDA-approved, prospective, multicenter, randomized controlled trial evaluating the LARIAT system for LAA exclusion adjunctive to pulmonary vein isolation (PVI) catheter ablation for the treatment of persistent and long-standing persistent Afib. The objective of the aMAZE IDE trial is to demonstrate that using the LARIAT system for LAA exclusion, plus a PVI catheter ablation, will lead to a reduced incidence of recurrent Afib compared to PVI alone, with a favorable safety profile. The aMAZE IDE trial provides enrollment of up to 600 patients at 65 sites with one-year follow up. Enrollment was completed in December 2019, and **patient follow-up for twelve months post PVI catheter ablation required by the study protocol was completed in April 2021.** In January 2020, we received approval under a continued access protocol (CAP) for additional patient enrollment of up to 85 patients at existing aMAZE IDE trial sites. In July 2021, the Company was informed that data from the aMAZE clinical trial did not achieve statistical superiority for the primary effectiveness endpoint. Specifically, while the trial met the safety endpoint, the trial did not meet the primary effectiveness endpoint. The Company has stopped enrollment in the aMAZE CAP, and is in the process of further analyzing aMAZE trial data and determining the next steps for the trial, PMA application and any future development activities.

ICE-AFIB. The ICE-AFIB clinical trial is designed to study the safety and efficacy of the cryoICE® system for persistent and long-standing persistent Afib treatment during concomitant on-pump cardiac surgery. The trial provides for enrollment of up to 150 patients at up to 20 sites in the United States. Enrollment began in January 2019 and remains ongoing.

DEEP AF Pivotal Study. The DEEP AF IDE pivotal trial evaluates the safety and efficacy of the AtriCure Bipolar System when used in a staged approach where a minimally invasive surgical ablation procedure is first performed. The patient undergoes the endocardial catheter procedure approximately 91-120 days later. The study began in 2014 and was paused during 2016-2017 due to our work to mitigate the risk related to esophageal injury during the procedure. We are committed to patient safety, and we worked collaboratively with FDA and obtained approval to resume enrollment in the trial in 2018 starting with 40 patients. All 40 patients have been enrolled and treated, and in July 2021, we received FDA approval to enroll the full cohort of 220 patients. We are evaluating next steps to resume enrollment.

CEASE AF. We are also pursuing a non-IDE trial in Europe to compare staged hybrid ablation treatment (minimally invasive surgical ablation procedure is first performed and the patient undergoes the intracardiac catheter procedure approximately 91-180 days later) versus catheter ablation alone. Enrollment began in November 2015. However, we have temporarily suspended enrollment to perform an interim data analysis.

Sales, Marketing and Medical Education

Our global sales and marketing efforts focus on educating physicians about our unique technologies and their technical benefits. We only promote our products for uses described in their labeling as cleared or approved by the relevant regulatory agencies. We train our sales force on the use of our products to the extent the products are cleared or approved.

Our sales team in the United States has approximately 220 employees supporting approximately 57 sales territories. We select our sales personnel based on their expertise, sales experience and reputation in the medical device industry, and their knowledge of cardiac and thoracic surgery procedures and technologies.

We market and sell our products in selected countries outside of the United States through a combination of independent distributors and direct sales personnel. Our international sales team includes sales representatives focused on our direct markets, such as Germany, France, the United Kingdom and the Benelux region. We also maintain a network of distributors in Asia, South America and Canada, as well as certain countries in Europe, who market and sell our products. We continue to evaluate opportunities for further expansion into markets outside of the United States.

Competition

Our industry is competitive, subject to change and significantly affected by new product introductions and other activities of industry participants. Most of our competitors have greater financial and human resources than we do and have relationships with our target customers, as well as worldwide distribution channels that are more established and developed than ours. Our primary competitor in the cardiac surgery market is Medtronic, plc, who provides similar surgical ablation products to ours that have been adopted by physicians for the treatment of Afib and related conditions. AtriCure has the only medical devices that are approved by FDA for treating long-standing persistent Afib: the Isolator Synergy Ablation, the first medical device to receive FDA approval for the treatment of persistent Afib in a concomitant setting, and the EPi-Sense System, which recently received FDA PMA approval for Hybrid AF Therapy. Several other companies offer intracardiac catheter devices that are commonly used by electrophysiologists to treat Afib. These catheter devices are FDA-approved to treat the paroxysmal and persistent forms of Afib, but they are not FDA indicated to treat long-standing persistent Afib. AtriCure is monitoring other companies who are conducting clinical trials that may support FDA approval of their devices to treat persistent and long-standing persistent Afib, although we are not aware of any ongoing FDA trials by other companies to study ablation of long-standing persistent Afib patients. We believe that our products compare favorably against competing products during both open-heart and minimally invasive procedures, and that our products improve treatment outcomes for patients with non-paroxysmal forms of Afib when combined with intracardiac catheter devices. In addition to the cardiac surgery market, we also consider competition within the post-operative pain market. At this time, we are not aware of other companies in the United States who are pursuing cryothermic nerve block therapies for thoracic surgery. There are other companies outside of the United States who market their devices for a similar therapy.

To compete effectively, we strive to demonstrate that our products are an attractive alternative or addition to other treatments by differentiating our products on the basis of safety, efficacy, performance, ease of use, reputation, service and impact on healthcare economics. In addition, we invest heavily in training and education to ensure that our customers understand available devices, techniques and approaches for optimal treatment. We have encountered and expect to continue to encounter potential customers who prefer products offered by our competitors.

Third-Party Reimbursement

Payment for patient care in the United States is generally made by third-party payors. These payors include private insurers and government insurance programs, such as Medicare and Medicaid. The Medicare program, the largest single payor in the United States, is a federal health benefit program administered by the Centers for Medicare and Medicaid Services (CMS) and covers certain medical care items and services for eligible beneficiaries, such as individuals over 65 years old, as well as chronically disabled individuals. Because Medicare beneficiaries comprise a large percentage of the populations for which our products are used, and private insurers may follow the coverage and payment policies for Medicare, Medicare's coding, coverage and payment policies for cardiothoracic surgical procedures are significant to our business.

Medicare's Part A program pays hospitals for inpatient services, such as cardiothoracic surgery, under the Inpatient Prospective Payment System, which provides a predetermined payment based on the patient's discharge diagnoses and surgical procedure(s). Discharge diagnoses are grouped into Medicare Severity Diagnosis Related Groupings (MS-DRG). There are several cardiac surgery MS-DRGs associated with the surgical treatment of Afib, with and without a concomitant open-heart procedure. When an ablation device and/or LAA exclusion device (LAAM) is used during a concomitant open-heart procedure, Medicare's hospital reimbursement is based upon the patient's primary structural heart surgical procedure. In contrast, sole therapy minimally invasive ablation or surgical LAAM procedures typically are reimbursed under a general cardiac surgery MS-DRG. We believe hospital reimbursement rates for sole therapy and concomitant therapy cardiac surgical ablation or LAAM are adequate to cover the cost of our products even when multiple procedures are performed.

Physicians are reimbursed for their services separately under the Medicare Part B physician fee schedule. When performing a surgical cardiac ablation with and without a concomitant open-heart procedure, surgeons report Current Procedural Terminology (CPT) codes to receive a professional fee payment. Multiple CPT codes may be reported by a physician during a procedure if multiple procedures are performed. There are category one CPT codes for both concomitant and standalone surgical Afib treatment, as well as surgical LAAM. However, some providers utilize unlisted CPT codes to obtain reimbursement in these situations.

In addition to the Medicare program, many private payors look to CMS policies as a guideline in setting their coverage policies and payment amounts. The current coverage policies of these private payors may differ from the Medicare program, and payment rates may be higher, lower, or the same as the Medicare program. In some cases, certain

private payors adopt negative coverage policies with respect to therapies involving our products. We engage third-party reimbursement consultants that provide support to our customers in the event of a coverage denial.

Outside of the United States, third-party reimbursement varies widely by geography and by the type of therapy in which our devices are used. For example, even though a new medical device may have been approved for commercial distribution, we may find limited demand for the device until coverage and sufficient reimbursement levels have been obtained from governmental and private third-party payors. In addition, some private third-party payors require that certain procedures or the use of certain products be authorized in advance as a condition of reimbursement. In some countries, cost containment initiatives and health care reforms include initiatives like governmental reviews of reimbursement rate benchmarks, which may significantly reduce reimbursement for procedures using our medical devices or deny coverage for those procedures altogether. We are actively working to pursue market access in certain geographies, which includes applying for new reimbursement for therapies in which our devices are being used or pursuing specific reimbursement for utilization of our devices.

Government Regulation

Our products are medical devices and are subject to regulation in the United States by FDA and other federal agencies, and by comparable authorities in the European Union (EU) and other countries worldwide.

US Regulation:

FDA regulations govern nearly all of the activities that we perform, or that are performed on our behalf, to ensure that medical products distributed domestically or exported internationally are safe and effective for their intended uses. FDA regulates the total product lifecycle from early design, development and testing, to manufacturing and commercialization activities, as well as post-market surveillance and reporting, including corrective actions, removals and recalls. Unless an exemption applies, most medical devices distributed in the United States require either 510(k) clearance or PMA from FDA.

510(k) Clearance Pathway. To obtain 510(k) clearance, we must submit a notification to FDA demonstrating that our proposed device is substantially equivalent to a predicate device, i.e., a previously cleared and legally marketed 510(k) device or a device that was in commercial distribution before May 28, 1976, for which FDA has not yet called for the submission of a PMA. Any modification to a 510(k)-cleared device that would constitute a major change in its intended use, or a change in its design or manufacture that could significantly affect the safety or effectiveness of the device, requires a new 510(k) clearance.

Premarket Approval Pathway. A PMA must be submitted to FDA if the device cannot be cleared through the 510(k) process and is not otherwise exempt. A PMA must be supported by extensive data, including but not limited to technical, preclinical, clinical, real world data, manufacturing and labeling, to demonstrate the safety and effectiveness of the device for its intended use. A PMA supplement is required for changes affecting the safety or effectiveness of a PMA-approved device, including but not limited to new indications for use, a different manufacturing facility, or changes in the manufacturing process, labeling, or design specifications or components of the device.

Clinical Trials. Clinical trials are required to support a PMA and are sometimes required for 510(k) clearance. Clinical trials are subject to extensive recordkeeping and reporting requirements. Our clinical trials must be conducted under the oversight of an Institutional Review Board (IRB) for the relevant clinical trial sites and must comply with FDA regulations, including, but not limited to, those relating to current good clinical practices. We are also required to obtain the written informed consent of patients in form and substance that complies with both FDA requirements and other human subject protection regulations established by FDA. We must conduct our clinical studies in compliance with state and federal privacy laws, including the Health Insurance Portability and Accountability Act (HIPAA).

Educational Grants. FDA regulates the promotion of medical devices by manufacturers and prohibits the promotion by manufacturers of uses that are not within the approved or cleared labeling of the device. FDA does not regulate the practice of medicine or the conduct or content of medical education conducted by third parties, which may include uses that are not within approved or cleared device labeling. Manufacturers may provide unrestricted financial support for independent third-party medical education programs in the form of educational grants intended to offset the cost of such programs. If the manufacturer controls or unduly influences the content of such programs, FDA considers those programs to be promotional activities by the manufacturer and thus subject to FDA regulation including promotional restrictions. We seek to ensure that our educational grants program is conducted in accordance with FDA criteria for independent educational activities. However, we cannot provide an assurance that FDA or other government authorities would view the third-party programs we have supported as being independent.

Pervasive and Continuing Regulation. There are numerous regulatory requirements that apply after a product is cleared or approved by FDA, including, but not limited to: annual establishment registration and product listing; current good manufacturing practice for devices, referred to as the Quality System Regulation (QSR); labeling requirements and advertising and promotion guidelines; assessing the significance of any changes to a device; monitoring and reporting serious and adverse events and certain device malfunctions; and reporting certain device corrections and removals. Our manufacturing facilities and processes are also subject to FDA inspections to ensure compliance with QSR.

In addition to FDA regulation, the advertising and promotion of certain medical devices are also regulated by the Federal Trade Commission and by state regulatory and enforcement authorities. On occasion, promotional activities for FDA-regulated products can be the subject of enforcement action brought under healthcare reimbursement laws and consumer protection statutes. In addition, under the Federal Lanham Act and similar state laws, competitors and others can initiate litigation relating to advertising claims.

Fraud, Abuse and False Claims. We are directly and indirectly subject to various federal and state laws governing our relationship with healthcare providers. In particular, the Anti-Kickback Statute is a federal criminal law that applies broadly and prohibits the knowing and willful offer or payment of remuneration to induce or reward patient referrals or the generation of business involving any item or service payable by a federal health care program. The federal False Claims Act (FCA) imposes civil liability on any person or entity that submits, or causes the submission of, a false or fraudulent claim to the United States government. Damages under the FCA consist of the imposition of fines and penalties and can be significant. The FCA also allows a private individual or entity with knowledge of past or present fraud against the federal government to sue on behalf of the government to recover the civil penalties and treble damages.

AtriCure is a member of the Advanced Medical Technology Association (AdvaMed), a voluntary United States trade association for medical device manufacturers. This association has established guidelines and protocols for medical device manufacturers in their relationships with healthcare professionals on matters including research and development, product training and education, grants and charitable contributions, support of third-party educational conferences and consulting arrangements. Adoption of the AdvaMed Code of Ethics for Interactions with Healthcare Professionals (the "AdvaMed Code") by a medical device manufacturer is voluntary, and while the Office of the Inspector General and other federal and state healthcare regulatory agencies encourage its adoption and may look to the AdvaMed Code, they do not view adoption of the AdvaMed Code as proof of compliance with applicable laws. We have adopted the AdvaMed Code and incorporated its principles in our standard operating procedures, employee training programs and relationships with medical professionals.

AtriCure is a member of MedTech Europe, a voluntary trade association for the medical technology industry including diagnostics, medical devices and digital health. MedTech Europe and its members are committed to a high level of ethical business practices and have put in place strict guidelines to advise medical technology manufacturers on how to collaborate ethically with healthcare professionals (HCPs). These guidelines are set out in the MedTech Europe Code of Ethical Business Practice (MedTech Code), which regulates all aspects of the industry's relationships with HCPs and healthcare organizations (HCOs). It covers medical education and research and development. It also introduces an independent enforcement mechanism and transparency obligations. The Code sets clear and transparent rules for the industry's relationships with HCPs and HCOs, including company events, third party organized events, arrangements with consultants, gifts, research and financial support to medical education. We have adopted the MedTech Code and incorporated its principles in our standard operating procedures, employee training programs and relationships with medical professionals.

Regulation Outside of the United States:

Sales of medical devices outside of the United States are subject to foreign governmental regulations which vary substantially from country to country. The time required to obtain certification or approval by a foreign country may be longer or shorter than that required for FDA clearance or approval and the requirements may be different, but the general trend is toward increasing regulation and greater requirements for the manufacturer to provide more bench testing and clinical evidence.

While some harmonization of global regulations has occurred, requirements continue to differ significantly. In China, for example, the product must first have approval in the country of origin. In China, successful results from local product safety testing precedes submission of documentation to obtain approval. In addition, regulatory agencies and authorities can halt distribution within the country or otherwise take action in accordance with local laws.

Conformity Assessment Pathway. In the European Union, various directives regulate the design, manufacture and labeling of medical devices, and more stringent conformity assessment requirements have been put in place with the 2017

Medical Device Regulation, effective May 26, 2021. The method for assessing conformity varies depending on the type and class of the product, but typically involves a combination of quality system assessment and product conformity assessment by a third-party notified body, an independent and neutral institution appointed by a country to conduct the conformity assessment. This third-party assessment includes a review of documentation related to the device that may be as extensive as the documentation requirements that the United States FDA requires for higher risk products. The notified body also audits the manufacturer's quality system and performs a detailed review of the testing of the manufacturer's device. Successful completion of a conformity assessment procedure allows a manufacturer to issue a declaration of conformity with the requirements of the relevant directive and affix the CE mark to the device. Devices that bear the CE mark may be commercially distributed throughout the member states of the European Union and other countries that comply with or mirror the medical device directives or medical device regulations.

Pervasive and Continuing Regulation. There are numerous regulatory requirements that apply after a product has been approved by the notified body for CE marking, including, but not limited to: labeling, advertising and promotion, reporting of device modifications, monitoring the safety of the product and performing corrections and removals when necessary, maintaining "state of the art" requirements for the devices through compliance with standards, and obtaining recertification of the quality system and individual device certificates on a periodic basis.

Intellectual Property

Protection of our intellectual property is a priority for our business, and we rely on a combination of patent, copyright, trademark and trade secret laws to protect our interests. Our ability to protect and use our intellectual property rights in the continued development and commercialization of our technologies and products, operate without infringing the proprietary rights of others, and prevent others from infringing our proprietary rights is important to our continued success. We will be able to protect our products and technologies from unauthorized use by third parties only to the extent that they are covered by valid and enforceable patents, trademarks or copyrights, or are effectively maintained as trade secrets, know-how or other proprietary information.

We hold numerous issued United States and international patents. We also have multiple pending United States and international patent applications. We seek patent protection relating to technologies and products we develop in both the United States and in selected foreign countries. While we own much of our intellectual property, including patents, patent applications, trademarks, trade secrets, know-how and proprietary information, we also license patents and related technology of importance to the commercialization of our products. To continue developing and commercializing our current and future products, we may license intellectual property from commercial or academic entities to obtain the rights to technology that is required for our research, development and commercialization activities.

All of our employees and technical consultants are required to execute confidentiality agreements in connection with their employment and consulting relationships with us. We also generally require them to agree to disclose and assign to us all inventions conceived in connection with their relationship with us. We devote significant resources to obtaining patents and other intellectual property and protecting our other proprietary information. If valid and enforceable, these patents may give us a means of blocking competitors from using infringing technology to compete directly with our products. We also have proprietary information that may not be patentable. With respect to proprietary information that is not patentable, we have chosen to rely on trade secret protection and confidentiality agreements to protect our interests.

Manufacturing

We assemble, inspect, test and package the majority of our products at our facilities in Ohio, and our products are sterilized by third parties. Purchased components are generally sourced from a single supplier, but alternatives to these suppliers are available in the event this would be needed.

To minimize supply chain risks, we maintain inventory levels of components and raw materials specific to the respective part or device. We assess tooling and equipment on an ongoing basis. Order quantities and lead times for components purchased from outside suppliers are based on our forecasts derived from historical demand and anticipated future demand. Lead times may vary significantly depending on the size of the order, time required to fabricate and test the components, specific supplier requirements and current market demand for the components and subassemblies. To date, we have not experienced significant delays in obtaining any of our components.

We regularly audit our suppliers for compliance with our quality system requirements, the QSR and/or applicable ISO standards. We are an FDA-registered medical device manufacturer and certified to ISO 13485:2016. In addition, we have successfully participated in the Medical Device Single Audit Program (MDSAP) and have been certified accordingly. The MDSAP program is recognized in Australia, Brazil, Canada, Europe, Japan and the United States.

We are subject to numerous federal, state and local laws relating to such matters as laboratory practices, the experimental use of animals, the use and disposal of hazardous or potentially hazardous substances, safe working conditions, manufacturing practices, environmental protection and fire hazard control.

Consulting Relationships

We have developed consulting relationships with scientists and physicians throughout the world to support our research and development, clinical and training and education programs. We work closely with these thought leaders to understand unmet needs and emerging applications for the treatment of Afib and other diseases and conditions.

Our physician consulting agreements are intended to satisfy the requirements of the personal services "Safe Harbor" regulation as well as the AdvaMed Code and the MedTech Europe Code of Ethical Business Practice. As such, they provide for payment of a fair market value fee only for legitimate services rendered to us. We do not expect or require the consultant to utilize or promote our products, and consultants are required to disclose their relationship with us as appropriate, such as when publishing an article in which one of our products is discussed. Amounts paid to physicians in the United States are disclosed by us in annual reports submitted to CMS under the federal "Open Payments" law. Amounts paid to physicians in certain other countries are also disclosed by us in reports submitted to various governmental agencies in those countries, in accordance with the laws of the jurisdictions where those physicians reside or practice, or where the payments are made.

Human Capital Management

Successful execution of our strategy is dependent on attracting, developing and retaining key employees and members of our management team. The skills, experience and industry knowledge of our employees significantly benefit our operations and performance. We continuously evaluate, modify and enhance our internal processes to increase employee engagement, productivity and efficiency.

We had approximately 875 employees as of January 31, 2022. None of the employees were represented by a labor union, and we have never experienced any employment-related work stoppages. We consider our employee relations to be in good standing. At AtriCure, the employee experience is crucial to the ongoing success of the company. We work to provide a culture that augments the intrinsic rewards of our mission – one where employees feel valued and supported every day. We strive to engage with our employees across every level of the organization, celebrate their personal milestones and cultivate a sense of trust and transparency. Our culture provides opportunities for employees to feel a part of a community through paid leave for volunteering and individual recognition with "Heart of AtriCure" awards. Our employees have voted us as a Top Workplace six times in the past seven years, and our culture is regularly cited in our internal engagement surveys as a leading positive attribute of the Company. Our culture is a central asset to our Company.

Employee Compensation and Benefits

Competitive compensation and benefits are an integral part of our efforts to attract and retain world-class talent. We are committed to regularly analyzing and evaluating the effectiveness of our compensation and benefit programs and benchmarking our programs against the market and our industry peers. Annual pay increases and other forms of incentive compensation are based on performance and market evaluation. Performance expectations are communicated to employees at the time of hiring, as well as upon internal transfer or promotion, and documented through our performance management process as part of our annual review procedures.

Benefits for eligible U.S.-based employees include medical, dental and vision insurance; paid leave for both vacation and illness; a 401(k) plan that includes a company matching contribution; a stock purchase plan enabling employees to purchase AtriCure stock at a reduced price; and life and disability insurance. Our international employee benefits vary due to local regulations and offerings. We ensure compliance with all statutory and mandatory benefits which vary by country, such as medical, disability, retirement/pension, workers compensation, accident, social benefits and paid leave.

Diversity, Equity, and Inclusion

We have an ongoing commitment to advancing Diversity, Equity, and Inclusion (DE&I) throughout our workplace and the communities in which we operate. By honoring the dignity of each person, we foster a culture of inclusion where everyone is welcome. We do this by embracing diverse voices and experiences, supporting programs and resources that build an authentic and respectful workplace and providing fair and equitable opportunities for each person to contribute meaningfully in both their work and their personal lives.

ATRICURE, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—(Continued)
(In Thousands, Except Per Share Amounts)

4. INVESTMENTS

Investments as of December 31, 2021 consisted of the following:

	Cost Basis	Unrealized Gains (Losses)	Fair Value
Corporate bonds	$ 96,408	$ (563)	$ 95,845
Government and agency obligations	32,953	(263)	32,690
Commercial paper	22,978	—	22,978
Asset-backed securities	28,322	(61)	28,261
Total	$ 180,661	$ (887)	$ 179,774

Investments as of December 31, 2020 consisted of the following:

	Cost Basis	Unrealized Gains (Losses)	Fair Value
Corporate bonds	$ 73,702	$ 28	$ 73,730
Government and agency obligations	45,385	14	45,399
Commercial paper	76,914	—	76,914
Asset-backed securities	20,397	12	20,409
Total	$ 216,398	$ 54	$ 216,452

The Company has not experienced any significant realized gains or losses on its investments in the years ended December 31, 2021, 2020 and 2019.

5. INTANGIBLE ASSETS AND GOODWILL

The following table provides a summary of the Company's intangible assets at December 31:

		2021		2020	
	Estimated Useful Life	Cost	Accumulated Amortization	Cost	Accumulated Amortization
Technology	5-15 years	$ 55,712	$ 12,720	$ 11,691	$ 9,813
IPR&D		—	—	126,321	—
Total		$ 55,712	$ 12,720	$ 138,012	$ 9,813

Following PMA approval of the EPi-Sense® System in the second quarter 2021, the related IPR&D asset with a value of $44,021 was determined to have a finite useful life. The intangible asset is now included in technology assets and amortized over an estimated fifteen year life.

As a result of data from the aMAZE clinical trial not achieving statistical superiority, the Company identified indicators of impairment for the IPR&D asset that represents an estimate of the fair value of the PMA that could result from the aMAZE clinical trial. During the third quarter 2021, an impairment test was performed using estimates based on reasonable and supportable assumptions and projections of expected future cash flows, and the Company recorded an impairment charge of $82,300, reducing the carrying value of the aMAZE IPR&D asset to $0 as of December 31, 2021. This impairment charge is reflected as a component of operating expenses.

Amortization expense of intangible assets with definite lives, which excludes IPR&D assets, was $2,907, $1,682 and $1,943 for the years ended December 31, 2021, 2020 and 2019.

Future amortization expense is projected as follows:

2022	$ 3,653
2023	2,953
2024	2,953
2025	2,953
2026	2,953
2027 and thereafter	27,527
Total	$ 42,992

The following table provides a summary of the Company's goodwill, which is not amortized, but rather tested annually for impairment:

Net carrying amount as of December 31, 2019	$ 234,781
Additions	—
Net carrying amount as of December 31, 2020	234,781
Additions	—
Net carrying amount as of December 31, 2021	$ 234,781

6. INVENTORIES

Inventories consisted of the following at December 31:

	2021	2020
Raw materials	$ 12,653	$ 11,966
Work in process	2,064	2,424
Finished goods	24,247	20,636
Inventories	$ 38,964	$ 35,026

7. PROPERTY AND EQUIPMENT

Property and equipment consisted of the following at December 31:

	Estimated Useful Life	2021	2020
Generators and related equipment	1 - 3 years	$ 20,175	$ 18,669
Building under finance lease	15 years	14,250	14,250
Computer, software and office equipment	3 - 5 years	7,762	8,045
Machinery and equipment	3 - 7 years	8,501	6,697
Furniture and fixtures	3 - 7 years	5,877	5,849
Leasehold improvements	5 - 15 years	8,727	8,645
Construction in progress	N/A	5,999	2,067
Land	N/A	1,006	502
Equipment under finance leases	3 - 5 years	380	409
Total		72,677	65,133
Less accumulated depreciation		(41,268)	(36,843)
Property and equipment, net		$ 31,409	$ 28,290

Property and equipment depreciation expense was $7,534, $7,866 and $7,423 for the years ended December 31, 2021, 2020 and 2019. Depreciation related to generators and other capital equipment was $2,327, $2,503 and $2,910 for

fiscal years 2021, 2020 and 2019. As of December 31, 2021 and 2020, the net carrying value of generators and other capital equipment was $3,637 and $3,410.

8. ACCRUED LIABILITIES

Accrued liabilities consisted of the following at December 31:

	2021	2020
Accrued compensation and employee-related expenses	$ 30,990	$ 17,730
Sales returns and allowances	2,416	1,889
Accrued taxes and value-added taxes payable	1,452	1,256
Accrued royalties	754	703
Other accrued liabilities	470	406
Accrued legal settlement	10	6,000
Total	$ 36,092	$ 27,984

9. INDEBTEDNESS

Credit Facility. The Company has a Loan and Security Agreement, as amended and modified effective February 8, 2021 and as further amended November 1, 2021 (Loan Agreement) with Silicon Valley Bank (SVB). The Loan Agreement includes a $60,000 term loan, with an option to make available an additional $30,000 in term loan borrowings, and a $30,000 revolving line of credit. The Loan Agreement has a five year term, expiring November 2026.

Principal payments under the Loan Agreement are to be made ratably commencing 24 months after inception through the loan's maturity date. At the option of the Company, the commencement of term loan principal payments may be extended an additional twelve months. The term loan accrues interest at the Prime Rate plus 1.25% and is subject to an additional 3.00% fee on the term loan principal amount at maturity. The Company is accruing the 3.00% fee over the term of the Loan Agreement, with $60 included in the outstanding loan balance as of December 31, 2021. Additionally, the unamortized original financing costs related to the term loan of $319 are netted against the outstanding loan balance in the Consolidated Balance Sheets and are amortized ratably over the term of the Loan Agreement.

The revolving line of credit is subject to an annual facility fee of 0.20% of the revolving line of credit, and any borrowings thereunder bear interest at the Prime Rate. Borrowing availability under the revolving credit facility is based on the lesser of $30,000 or a borrowing base calculation as defined by the Loan Agreement. As of December 31, 2021, the Company had no borrowings under the revolving credit facility and had borrowing availability of approximately $28,750. Financing costs related to the revolving line of credit are included in other assets in the Consolidated Balance Sheets and amortized ratably over the twelve-month period of the annual fee.

The Loan Agreement also provides for certain prepayment and early termination fees, as well as establishes a minimum liquidity covenant and dividend restrictions, along with other customary terms and conditions. Specified assets have been pledged as collateral.

Future maturities of long-term debt, excluding the term loan final fee, are projected as follows:

2022	$ —
2023	3,333
2024	20,000
2025	20,000
2026	16,667
Total long-term debt, of which $60,000 is noncurrent	$ 60,000

10. LEASES

The Company has operating and finance leases for offices, manufacturing and warehouse facilities and computer equipment. The Company's leases have remaining lease terms of one to nine years. Options to renew or extend leases

beyond their initial term have been excluded from measurement of the ROU assets and lease liabilities for the majority of leases as exercise is not reasonably certain.

The weighted average remaining lease term and the discount rate for the reporting periods are as follows:

	As of December 31, 2021	As of December 31, 2020	As of December 31, 2019
Operating Leases			
Weighted average remaining lease term (years)	3.6	3.2	3.5
Weighted average discount rate	4.69 %	5.68 %	5.94 %
Finance leases			
Weighted average remaining lease term (years)	8.6	9.7	11.0
Weighted average discount rate	6.91 %	6.91 %	7.05 %

A letter of credit for $1,250 was issued to the lessor of the Company's corporate headquarters building in October 2015, which is renewed annually and remains outstanding as of December 31, 2021.

The components of lease expense are as follows:

	Year Ended December 31, 2021	Year Ended December 31, 2020	Year Ended December 31, 2019
Operating lease cost	$ 1,052	$ 1,237	$ 952
Finance lease cost:			
Amortization of right-of-use assets	1,019	1,050	998
Interest on lease liabilities	792	844	872
Total finance lease cost	$ 1,811	$ 1,894	$ 1,870

Short term lease expense was not significant for the twelve months ended December 31, 2021, 2020 and 2019.

Supplemental cash flow information related to leases was as follows:

	Year Ended December 31, 2021	Year Ended December 31, 2020	Year Ended December 31, 2019
Cash paid for amounts included in the measurement of lease liabilities:			
Operating cash flows for operating leases	$ 998	$ 1,236	$ 1,026
Operating cash flows for finance leases	620	844	872
Financing cash flows for finance leases	792	664	629
Right-of-use assets obtained in exchange for lease obligations:			
Operating Leases	3,752	1,421	1,884
Finance Leases	—	22	270
Operating lease right-of-use asset obtained in business combination	—	—	2,929
Early termination of operating lease	—	2,743	—

Supplemental balance sheet information related to leases was as follows:

	As of December 31, 2021	As of December 31, 2020
Operating Leases		
Operating lease right-of-use assets	$ 4,761	$ 1,914
Other current liabilities and current maturities of debt and leases	861	927
Operating lease liabilities	4,068	1,180
Total operating lease liabilities	$ 4,929	$ 2,107
Finance Leases		
Property and equipment, at cost	$ 14,607	$ 14,659
Accumulated depreciation	(6,116)	(5,247)
Property and equipment, net	$ 8,491	$ 9,412
Other current liabilities and current maturities of debt and leases	$ 895	$ 823
Finance lease liabilities	10,082	10,969
Total finance lease liabilities	$ 10,977	$ 11,792

Maturities of lease liabilities as of December 31, 2021 were as follows:

	Operating Leases	Finance Leases
2022	$ 861	$ 1,629
2023	1,160	1,652
2024	1,164	1,674
2025	920	1,625
2026	592	1,657
2027 and thereafter	868	6,515
Total payments	$ 5,565	$ 14,752
Less imputed interest	(636)	(3,775)
Total	$ 4,929	$ 10,977

11. COMMITMENTS AND CONTINGENCIES

Royalty Agreements. The Company has royalty agreements in place with terms that include payments of 3% to 5% of specified product sales. One royalty agreement remains in effect through 2025, while the other agreement remains in effect until the later of 2023 or expiration of the underlying patents or patent applications. Parties to the royalty agreements have the right at any time to terminate the agreement immediately for cause. Royalty expense of $3,124, $2,596 and $2,892 was recorded for the years ended December 31, 2021, 2020 and 2019.

Purchase Agreements. The Company enters into standard purchase agreements with suppliers in the ordinary course of business, generally with terms that allow cancellation. The Company is committed to funding renovation of a recently purchased building for additional manufacturing capacity. Approximately $3,800 of construction costs remain committed and outstanding.

Legal. The Company may, from time to time, become a party to legal proceedings. Such matters are subject to many uncertainties and to outcomes of which the financial impacts are not predictable with assurance and that may not be known for extended periods of time. A liability is established once management determines a loss is probable and an amount can be reasonably estimated.

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, DC 20549

FORM 8-K

CURRENT REPORT

PURSUANT TO SECTION 13 OR 15(d) of the SECURITIES EXCHANGE ACT OF 1934

Date of Report (Date of earliest event reported): May 25, 2022

AtriCure, Inc.
(Exact name of registrant as specified in charter)

Delaware	**000-51470**	**34-1940305**
(State or other jurisdiction of incorporation)	(Commission File Number)	(IRS Employer Identification No.)

7555 Innovation Way, Mason OH 45040
(Address of Principal Executive Offices, and Zip Code)

(513) 755-4100
(Registrant's Telephone Number, Including Area Code)

Not Applicable
(Former name or former address, if changed since last report)

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions (see General Instruction A.2. below):

o Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)

o Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)

o Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))

o Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, $.001 par value	ATRC	NASDAQ

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

Emerging growth company o

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. o

Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

At the AtriCure, Inc. (the "Company") Annual Meeting of Stockholders which was held on May 25, 2022, the stockholders of the Company approved the AtriCure, Inc. 2014 Stock Incentive Plan Amended and Restated as of May 25, 2022 (the "2014 Plan"). The 2014 Plan was previously approved and amended to increase the number of shares available by the Board of Directors subject to stockholder approval. The 2014 Plan was amended to increase the number of shares of common stock available for issuance under it from 5,250,000 to 6,350,000.

The objectives of the 2014 Plan are to provide long-term incentives to those persons with responsibility for the success and growth of the Company, to motivate participants to achieve the long-term success and growth of the Company, to provide a vehicle to tie a significant portion of compensation to the long-term performance of the Company's shares, to enable the Company to attract and retain skilled and qualified officers, other employees, directors and consultants who are expected to contribute to the Company's success in a competitive market for such individuals, to facilitate ownership of the Company's shares and to align the personal interests of officers, employees and others in the Company's long-term growth and profitability with the interests of the Company's stockholders. The 2014 Plan is an "omnibus" stock plan that provides for a variety of equity award vehicles to maintain flexibility. The 2014 Plan permits the grant of stock options, stock appreciation rights, restricted share awards, restricted share units and unrestricted share awards. The 2014 Plan does not permit the re-pricing of options or stock appreciation rights without the approval of stockholders and does not contain an "evergreen" provision to automatically increase the number of shares issuable under the 2014 Plan, except for certain adjustments resulting from stock splits and other specified events.

The foregoing summary of the 2014 Plan does not purport to be complete and is qualified in its entirety by reference to the full text of the 2014 Plan filed as an exhibit to this report.

Item 5.07. Submission of Matters to a Vote of Security Holders.

The stockholders of the Company voted on four items at the Annual Meeting of Stockholders held on May 25, 2022:

1. The election of nine directors to serve one-year terms expiring at the 2023 Annual Meeting of Stockholders and until their successors have been duly elected and qualified;

2. A proposal to ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2022;

3. The approval of an amendment to the AtriCure, Inc. 2014 Stock Incentive Plan to increase the number of shares of common stock authorized for issuance thereunder by 1,100,000; and

4. An advisory vote on the compensation of the Company's named executive officers as disclosed in the proxy statement.

The nominees for director were elected based upon the following votes:

Director Nominees	For	Against	Abstain	Broker Non-Votes
Michael H. Carrel	39,816,614	1,331,581	53,978	2,156,025
Mark A. Collar	40,320,568	825,966	55,639	2,156,025
Regina E. Groves	40,706,059	445,373	50,741	2,156,025
B. Kristine Johnson	39,517,265	1,634,160	50,748	2,156,025
Karen N. Prange	40,682,019	467,853	52,301	2,156,025
Deborah H. Telman	41,130,079	19,793	52,301	2,156,025
Sven A. Wehrwein	40,699,449	447,184	55,540	2,156,025
Robert S. White	40,702,372	444,190	55,611	2,156,025
Maggie Yuen	41,129,458	20,413	52,302	2,156,025

The proposal to ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2022 received the following votes:

For:	42,797,787
Against:	510,460
Abstain:	49,951
Broker Non-Votes:	0

The approval of an amendment to the AtriCure, Inc. 2014 Stock Incentive Plan to increase the number of shares of common stock authorized for issuance thereunder by 1,100,000 received the following votes:

For:	39,199,184
Against:	1,951,981
Abstain:	51,008
Broker Non-Votes:	2,156,025

The advisory vote on the compensation of the Company's named executive officers as disclosed in the proxy statement received the following votes:

For:	39,728,864
Against:	1,415,119
Abstain:	58,190
Broker Non-Votes:	2,156,025

ATRICURE, INC.
2014 STOCK INCENTIVE PLAN
(AMENDED AND RESTATED AS OF MAY 25, 2022)

1. Purposes

The purposes of the Plan are to provide long-term incentives to those persons with significant responsibility for the success and growth of the Company, to align the interests of such persons with those of the Company's shareholders, to assist the Company in recruiting, retaining and motivating employees, directors and consultants on a competitive basis and to link compensation to performance.

2. Definitions

For purposes of the Plan, the following capitalized terms shall have the meanings specified below:

(a) "Affiliate" has the meaning set forth in Rule 12b-2 under the Exchange Act.

(b) "Award" means a grant of Stock Options, Stock Appreciation Rights, Restricted Shares, Restricted Share Units, or unrestricted Common Shares or any or all of them, to a Participant.

(c) "Award Agreement" means an agreement, either in written or electronic format, between the Company and a Participant setting forth the terms and conditions of an Award granted to the Participant.

(d) "Beneficial Owner" has the meaning given in Rule 13d-3 under the Exchange Act.

(e) "Board" means the Board of Directors of the Company.

(f) "Cause" means with respect to any Participant, unless otherwise provided in the applicable Award Agreement (i) indictment for, conviction of, or plea of guilty or no contest by the Participant to a felony, or of any criminal act, that has an adverse effect on the Participant's qualifications or ability to perform his duties; (ii) the unreasonable deliberate and material failure or refusal by the Participant to perform his employment duties (other than as a result of PTO, sickness, disability, illness or injury), and the failure to rectify the same within thirty (30) days after the Company shall have given notice to the Participant identifying such failure or refusal and demanding that it be rectified; (iii) the Participant's commission of any act of fraud, embezzlement, dishonesty or other misconduct that has caused, or would reasonably be expected to cause, material injury or economic harm to the Company; (iv) an act of gross negligence on the part of the Participant that has caused, or would reasonably be expected to cause, material injury or economic harm to the Company; (v) a deliberate and material violation of a written material Company policy; or (vi) a material breach of the Plan or any change-in control or non-disclosure agreement to which Participant and the Company may be parties (or, in each case, any successor thereto or amendment thereof) which (and only if the same shall be curable) Participant fails to cure within thirty (30) days after the Company shall have given notice to the Participant identifying such breach and demanding that it be cured. Any purported termination by the Company for Cause which does not satisfy the applicable requirements of this Section 2(f) shall be conclusively deemed to be a termination by the Company without Cause for purposes of the Plan.

(g) "Change in Control" means the occurrence of any of the following events:

(i) Any "person" (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) becomes the "beneficial owner" (as defined in Rule 13d-3 of the Exchange Act), directly or indirectly, of securities of the Company representing fifty percent (50%) or more of the total voting power represented by the Company's then outstanding voting securities;

(ii) The consummation of the sale or disposition by the Company of all or substantially all of the Company's assets;

(iii) A change in the composition of the Board occurring within a two-year period, as a result of which fewer than a majority of the directors are Incumbent Directors. "Incumbent Directors" means directors who either (A) are directors as of the effective date of the Plan, or (B) are elected, or nominated for election, to the Board with the affirmative votes of at least a majority of the Incumbent Directors at the time of such election or nomination (but will not include an individual whose election or nomination is in connection with an actual or threatened proxy contest relating to the election of directors to the Company); or

(iv) The consummation of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the

surviving entity or its parent) at least fifty percent (50%) of the total voting power represented by the voting securities of the Company or such surviving entity or its parent outstanding immediately after such merger or consolidation.

Notwithstanding anything herein to the contrary, and only to the extent that an Award is subject to Code Section 409A and payment of the Award pursuant to the application of the definition of "Change in Control" above would cause such Award not to otherwise comply with Code Section 409A, payment of an Award may occur upon a Change in Control only to the extent that the event constitutes a "change in the ownership or effective control" of the Company or a "change in the ownership of a substantial portion of the assets" of the Company under Code Section 409A.

(h) "Code" means the Internal Revenue Code of 1986, as amended, and any rules, regulations or guidance promulgated thereunder. Any reference to the Code or a section thereof shall also refer to any successor Code or section.

(i) "Committee" means a committee appointed by the Board consisting of at least three members of the Board, all meeting the definitions of "outside director" set forth in Code Section 162(m) (as in effect prior to amendment by the Tax Cuts and Jobs Act) and Treasury Department regulations thereunder, "independent director" set forth in The Nasdaq Stock Market rules, and "non-employee director" set forth in Rule 16b-3 of the Exchange Act, or any successor definitions adopted for a similar purpose by the Internal Revenue Service, any national securities exchange on which the Common Shares are listed or the Securities and Exchange Commission.

(j) "Common Share" or "Common Shares" means one or more of the shares of common stock, par value $.001, of the Company.

(k) "Company" means AtriCure, Inc., a corporation organized under the laws of the State of Delaware, its subsidiaries, divisions and affiliated businesses.

(l) "Date of Grant" means the date on which the Committee authorizes the grant of an Award or such later date as may be specified by the Committee in such authorization.

(m) "Disability" means total and permanent disability as defined in Section 22(e)(3) of the Code, provided that in the case of Awards other than ISOs, the Committee in its discretion may determine whether a permanent and total disability exists in accordance with uniform and non-discriminatory standards adopted by the Committee from time to time.

(n) "Effective Date" has the meaning set forth in Section 13(a).

(o) "Exchange Act" means the Securities Exchange Act of 1934, as amended, and any rules, regulations, schedules or guidance promulgated thereunder. Any reference to the Exchange Act or a section thereof shall also refer to any successor Exchange Act or section.

(p) "Exercise Price" means the purchase price of a Common Share covered by a Stock Option or SAR, as applicable.

(q) "Fair Market Value" on any date means the closing price of the Common Shares as reported on The Nasdaq Stock Market or, if applicable, any other national securities exchange on which the Common Shares are principally traded, or, if there were no sales of Common Shares on such date, then on the immediately preceding date on which there were any sales of Common Shares. If the Common Shares cease to be traded on a national securities exchange, the Fair Market Value shall be determined pursuant to a reasonable valuation method prescribed by the Committee. In the case of an ISO (or Tandem SAR), Fair Market Value shall be determined by the Committee in accordance with Code Section 422. For Awards intended to be exempt from Code Section 409A, Fair Market Value shall be determined by the Committee in accordance with Code Section 409A.

(r) "Full-Value Award" means Restricted Shares, Restricted Share Units or unrestricted Common Shares.

(s) "ISO" means an Incentive Stock Option satisfying the requirements of Code Section 422 and designated as an ISO by the Committee.

(t) "Non-Employee Director" means a member of the Board who is not an employee of the Company.

(u) "NQSO" means a non-qualified Stock Option that does not satisfy the requirements of Code Section 422 or that is not designated as an ISO by the Committee.

(v) "Participant" means a person eligible to receive an Award under the Plan, as set forth in Section 4, and designated by the Committee to receive an Award subject to the conditions set forth in the Plan and any Award Agreement.

(w) "Performance Goals" means the goals established by the Committee, as described in Section 6(d)(ii).

(x) "Performance Measures" means the criteria set out in Section 6(d)(iii) that may be used by the Committee as the basis for a Performance Goal.

(y) "Performance Period" means the period established by the Committee during which the achievement of Performance Goals is assessed in order to determine whether and to what extent an Award that is conditioned on attaining Performance Goals has been earned.

(z) "Person" shall have the meaning given in Section 3(a)(9) of the Exchange Act, except that such term shall not include (i) the Company or any of its Affiliates, (ii) a trustee or other fiduciary holding securities under an employee benefit plan of the Company or any of its subsidiaries, (iii) an underwriter temporarily holding securities pursuant to an offering of such securities or (iv) a corporation owned, directly or indirectly, by the shareholders of the Company in substantially the same proportions as their ownership of Company securities.

(aa) "Plan" means the AtriCure, Inc. 2014 Stock Incentive Plan, as amended and restated from time to time.

(bb) "Prior Plan" means the AtriCure, Inc. 2005 Equity Incentive Plan, as it may have been amended and restated.

(cc) "Restricted Shares" means Common Shares that are subject to restrictions, as described in Section 6(c).

(dd) "Restricted Share Units" means a right, as described in Section 6(c), denominated in Common Shares to receive an amount, payable in either cash, Common Shares, Restricted Shares, or a combination thereof, equal to the value of a specified number of Common Shares.

(ee) "Restriction Period" means, with respect to any Full-Value Award, the period during which any risk of forfeiture or other restrictions set by the Committee, including performance restrictions, remain in effect until such time as they have lapsed under the terms and conditions of the Full-Value Award or as otherwise determined by the Committee.

(ff) "Retirement" means: retirement with the Company at or after age 65.

(gg) "Securities Act" means the Securities Act of 1933, as amended, and any rules, regulations, schedules or guidance promulgated thereunder. Any reference to the Securities Act or a section thereof shall also refer to any successor Securities Act or section.

(hh) "Stock Appreciation Right" or "SAR" means the right, as described in Section 6(b), to receive a payment equal to the excess of the Fair Market Value of a Common Share on the date the SAR is exercised over the Exercise Price established for that SAR at the time of grant, multiplied by the number of Common Shares with respect to which the SAR is exercised.

(ii) "Stock Option" means the right, as described in Section 6(a), to purchase Common Shares at a specified price for a specified period of time. Stock Options include ISOs and NQSOs.

(jj) "Tandem SAR" means a SAR granted in tandem with a Stock Option.

3. Administration of the Plan

(a) Authority of Committee. The Plan shall be administered by the Committee. Unless otherwise determined by the Board, the Compensation Committee of the Board shall serve as the Committee. The Committee shall have all the powers vested in it by the terms of the Plan, such powers to include the sole and exclusive authority to (within the limitations described in the Plan):

(i) select Participants to be granted Awards under the Plan and grant Awards pursuant to the terms of the Plan;

(ii) determine the type, size and terms of the Awards to be granted to each Participant;

(iii) determine the time when Awards are to be granted and any conditions that must be satisfied before an Award is granted;

(iv) establish objectives and conditions for earning an Award;

(v) determine all other terms and conditions, not inconsistent with the terms of the Plan and any operative employment or other agreement, of any Award granted under the Plan, and determine the appropriate Award Agreement evidencing the Award;

(vi) determine whether the terms, conditions, and objectives for earning an Award have been met, including, without limitation, any such determination or certification, as the case may be, required for compliance with Code Section 162(m)(as in effect prior to its amendment by the Tax Cuts and Jobs Act);

(vii) modify or waive the terms and conditions of Awards granted under the Plan, not inconsistent with the terms of the Plan and any operative employment or other agreement, accelerate the vesting, exercise or payment of an

Award or cancel or suspend an Award; *provided, however*, that the Committee shall have the ability to accelerate the vesting of an Award only upon a Change in Control, pursuant to Section 5(e), or the death or Disability of a Participant;

(viii) determine whether the amount or payment of an Award should be reduced or eliminated, and determine if, when and under what conditions payment of all or any part of any Award may be deferred;

(ix) determine the guidelines and/or procedures for the payment or exercise of Awards;

(x) determine whether any Awards granted to an employee should have Performance Goals or Performance Measures;

(xi) adopt, alter and repeal such administrative rules, guidelines and practices governing the Plan and establish and administer any sub-plans that may be governed by the Plan;

(xii) construe, interpret, administer and implement the Plan, any Award Agreements or related documents and correct any defect, supply an omission or reconcile any inconsistency in or between the Plan, any Award Agreement or related documents; and

(xiii) make factual determinations with respect to the Plan and any Awards and otherwise supervise the administration of the Plan.

(b) Binding Authority. The Committee's interpretations of the Plan, and all actions taken and determinations made by the Committee pursuant to the powers vested in it under the Plan, shall be conclusive and binding on all parties, including the Company, its shareholders and all Participants.

(c) Delegation of Authority. To the extent not prohibited by law or the rules of the national securities exchange on which the Company's Common Shares are listed, the Committee may allocate its authority hereunder to one or more of its members or delegate its authority hereunder to one or more Non-Employee Directors, and may grant authority to employees of the Company to execute documents on behalf of the Committee or to otherwise assist in the administration and operation of the Plan. The Committee may delegate, on such terms and conditions as it determines in its sole discretion, to the Company's Chief Executive Officer, with the required approval of the Company's Chief Financial Officer or Senior Vice President, Human Resources, the authority to grant Awards to Participants (other than to the Chief Executive Officer, members of the Board of Directors and officers who report directly to the Chief Executive Officer, including any officers who are subject to Section 16 of the Exchange Act) and the authority to make all necessary and appropriate decisions and determinations with respect thereto. In no event shall the Committee authorize any officer to designate an officer delegated authority under the Plan as a recipient of any Awards.

4. Eligibility

Subject to the terms and conditions of the Plan, the Committee may select, from all eligible persons, Participants to whom Awards shall be granted under the Plan and shall determine the nature and amount of each Award. Eligible persons include any of the following individuals: (i) any officer or key employee of the Company, (ii) any consultant (as defined in the General Instructions to the Form S-8 registration statement under the Securities Act) to the Company, and (iii) any Non-Employee Director. All Awards shall be evidenced by an Award Agreement, and Awards may be conditioned upon the Participant's execution of an Award Agreement.

5. Common Shares Subject to the Plan

(a) Authorized Number of Common Shares. Unless otherwise authorized by the Company's shareholders and subject to this Section 5 and Section 8, the maximum aggregate number of Common Shares available for issuance under the Plan is 6,350,000, plus (i) the number of Common Shares that, on the Effective Date, are available to be granted under the Prior Plan but which are not then subject to outstanding awards under the Prior Plan, and (ii) the number of Common Shares subject to outstanding awards under the Prior Plan as of the Effective Date which thereafter are forfeited, settled in cash or cancelled or expire. Upon the Effective Date, the Prior Plan will terminate; provided that all outstanding awards under the Prior Plan as of the Effective Date shall remain outstanding and shall be administered and settled in accordance with the provisions of the Prior Plan, as applicable. The maximum number of Common Shares available for issuance with respect to ISOs is 6,350,000.

(b) Share Counting. The following rules shall apply in determining the number of Common Shares available for grant under the Plan:

(i) Common Shares subject to any Award shall be counted against the maximum share limitation as one Common Share for every Common Share subject thereto.

(ii) To the extent that any Award is forfeited, cancelled, settled in cash, returned to the Company for failure to satisfy vesting requirements or other conditions of the Award or otherwise terminates without an issuance of

Common Shares being made, the maximum share limitation shall be credited with one Common Share for each Common Share subject to such Award, and such number of credited Common Shares may again be made subject to Awards under the Plan.

(iii) Any Common Shares tendered by a Participant or withheld as full or partial payment of withholding or other taxes or as payment for the exercise or conversion price of an Award or repurchased by the Company with Stock Option proceeds shall not be added back to the number of Common Shares available for issuance under the Plan. Upon exercise of a SAR, the number of Common Shares subject to the Award that are being exercised shall be counted against the maximum aggregate number of Common Shares that may be issued under the Plan on the basis of one Common Share for every Common Share subject thereto, regardless of the actual number of Common Shares used to settle the SAR upon exercise.

(iv) Any Common Shares underlying Awards granted through the assumption of, or in substitution for, outstanding awards previously granted to individuals who become employees of the Company as a result of a merger, consolidation, acquisition or other corporate transaction shall not, unless required by law or regulation, count against the reserve of available Common Shares under the Plan.

(c) Award Limitations. Subject to the adjustment provisions of Section 8:

(i) The maximum aggregate number of Common Shares that may be subject to Stock Options or SARs granted in any calendar year to any one Participant (other than a Non-Employee Director) shall be 6,350,000 Common Shares.

(ii) The maximum aggregate number of Common Shares that may be subject to Full-Value Awards granted in any calendar year to any one Participant (other than a Non-Employee Director) shall be 6,350,000 Common Shares.

(iii) Grants to Non-Employee Directors shall be limited to the grants described in Section 6(f).

(d) Shares to be Delivered. Common Shares to be delivered by the Company under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

(e) Minimum Vesting. Except with respect to five percent (5%) of the maximum aggregate number of Shares that may be issued under the Plan, as provided herein, no Award shall vest earlier than one year following the date of grant of such Award; provided, however, that such limitation shall not preclude the acceleration of vesting of such Award upon the death or disability of the Participant or in connection with a Change in Control, as determined by the Committee in its discretion.

6. Awards to Participants

(a) Stock Options.

(i) *Grants.* Subject to the terms and conditions of the Plan, Stock Options may be granted to Participants, in such number and upon such terms and conditions as the Committee determines, and may consist of ISOs or NQSOs. Stock options may be granted alone or with Tandem SARs. With respect to Stock Options granted with Tandem SARs, the exercise of either such Stock Options or Tandem SARs will result in the simultaneous cancellation of the same number of Stock Options or Tandem SARs, as the case may be.

(ii) *Exercise Price.* The Exercise Price shall be equal to or, at the Committee's discretion, greater than the Fair Market Value on the date the Stock Option is granted, unless the Stock Option was granted through the assumption of, or in substitution for, outstanding awards previously granted to individuals who became employees of the Company as a result of a merger, consolidation, acquisition or other corporate transaction, in which case the assumption or substitution shall be accomplished in a manner that permits the Stock Option to be exempt from Code Section 409A.

(iii) *Term.* The term of Stock Options shall be determined by the Committee in its sole discretion, but in no event shall the term exceed ten years from the Date of Grant.

(iv) *ISO Limits.* ISOs may be granted only to Participants who are employees of the Company (or of any parent or subsidiary corporation within the meaning of Code Section 424) on the Date of Grant, and may only be granted to an employee who, at the time the Stock Option is granted, does not own more than ten percent of the total combined voting power of all classes of stock of the Company (or of any parent or subsidiary corporation within the meaning of Code Section 424), unless (A) the Exercise Price is at least 110% percent of the Fair Market Value on the Date of Grant, and (B) the ISO is not exercisable after five years from the Date of Grant. The aggregate Fair Market Value of all Common Shares, determined at the time the ISOs are granted, with respect to which ISOs are exercisable by a Participant for the first time during any calendar year (under all plans of the Company) shall not exceed $100,000 or such other

amount as may subsequently be specified by the Code. If such Fair Market Value exceeds the $100,000 limit, the ISOs exceeding the limit shall be treated as NQSOs, taking the Stock Options in the order each was granted. The terms of all ISOs shall be consistent with and contain or be deemed to contain all provisions required to qualify as an "incentive stock option" under Code Section 422.

(v) *No Repricing*. Subject to the adjustment provisions of Section 8, without the approval of the Company's shareholders, (A) the Exercise Price for any outstanding Stock Option may not be decreased after the Date of Grant, (B) no outstanding Stock Option may be surrendered to the Company as consideration for the grant of a new Stock Option with a lower Exercise Price, and (C) no other modifications to any outstanding Stock Option may be made that would be treated as a "repricing" under the then applicable rules, regulations or listing requirements adopted by the national securities exchange on which the Common Shares are listed. Neither the Board nor the Committee shall offer a cash buy-out of "underwater" Stock Options, and such buyouts of "underwater" Stock Options shall be prohibited.

(vi) *Form of Payment*. Vested Stock Options may be exercised (at the election of the Participant) in whole or in part, and the Exercise Price shall be paid to the Company at the time of exercise, subject to any applicable rules or regulations adopted by the Committee:

(A) to the extent permitted by applicable law, pursuant to cashless exercise procedures that are approved by the Committee;

(B) through the tender of unrestricted Common Shares owned by the Participant (or by delivering a certification or attestation of ownership of such Common Shares) valued at their Fair Market Value on the date of exercise;

(C) in cash or its equivalent; or

(D) by any combination of (A), (B), and (C) above.

(vii) *No Dividends or Shareholder Rights*. No dividends or dividend equivalents may be paid on Stock Options. Except as otherwise provided herein, a Participant shall have no rights as a holder of Common Shares covered by a Stock Option unless and until such Common Shares have been registered to the Participant as the owner.

(viii) *Other Restrictions*. Stock Options may be granted subject to such terms and conditions as the Committee determines, including, without limitation: forfeiture conditions, transfer restrictions, restrictions based upon the achievement of specific Performance Goals (Company-wide, divisional and/or individual) which may be based on one or more Performance Measures, time-based restrictions on vesting and/or restrictions under applicable federal or state securities laws.

(b) Stock Appreciation Rights.

(i) *Grants*. Subject to the terms and provisions of the Plan, SARs may be granted to Participants, in such number and upon such terms and conditions as the Committee determines, and may be granted alone or as Tandem SARs. With respect to Tandem SARs, the exercise of either such Stock Options or SARs will result in the simultaneous cancellation of the same number of Tandem SARs or Stock Options, as the case may be.

(ii) *Exercise Price*. The Exercise Price shall be equal to or, at the Committee's discretion, greater than Fair Market Value on the date the SAR is granted, unless the SAR was granted through the assumption of, or in substitution for, outstanding awards previously granted to individuals who became employees of the Company as a result of a merger, consolidation, acquisition or other corporate transaction involving the Company, in which case the assumption or substitution shall be accomplished in a manner that permits the SAR to be exempt from Code Section 409A.

(iii) *Term*. The term of a SAR shall be determined by the Committee in its sole discretion, but in no event shall the term exceed ten (10) years from the Date of Grant; provided that, each SAR granted in tandem with a Stock Option shall terminate upon the termination or exercise of the related Stock Option.

(iv) *No Repricing*. Subject to the adjustment provisions of Section 8, without the approval of the Company's shareholders, (A) the Exercise Price for any outstanding SAR may not be decreased after the Date of Grant, (B) no outstanding SAR may be surrendered to the Company as consideration for the grant of a new SAR with a lower Exercise Price, and (C) no other modifications to any outstanding SAR may be made that would be treated as a "repricing" under the then applicable rules, regulations or listing requirements adopted by the national securities exchange on which the Common Shares are listed. Neither the Board nor the Committee shall offer a cash buy-out of "underwater" Stock Options, and such buyouts of "underwater" Stock Options shall be prohibited.

(v) *Form of Payment*. Vested SARs may be exercised in whole or in part, and the Committee may authorize payment of a SAR in the form of cash, Common Shares valued at its Fair Market Value on the date of the exercise or a combination thereof, or by any other method as the Committee may determine.

(vi) *Tandem SARs*. Tandem SARs may be exercised for all or part of the Common Shares subject to the related Stock Option upon the surrender of the right to exercise the equivalent portion of the related Stock Option. A Tandem SAR may be exercised only with respect to the Common Shares for which its related Stock Option is then exercisable. Notwithstanding any other provision of the Plan to the contrary, with respect to a Tandem SAR granted in connection with an ISO: (A) the Tandem SAR will expire no later than the expiration of the underlying ISO; (B) the value of the payout with respect to the Tandem SAR may be for no more than 100% of the excess of the Fair Market Value of the Common Shares subject to the underlying ISO at the time the Tandem SAR is exercised over the Exercise Price of the underlying ISO; and (C) the Tandem SAR may be exercised only when the Fair Market Value of the Common Shares subject to the ISO exceeds the Exercise Price of the ISO.

(vii) *No Dividends or Shareholder Rights*. No dividends or dividend equivalents may be paid on SARs. Except as otherwise provided herein, a Participant shall have no rights as a holder of Common Shares covered by a SAR unless and until such Common Shares have been registered to the Participant as the owner.

(viii) *Other Restrictions*. SARs may be granted subject to such terms and conditions as the Committee determines, including, without limitation: forfeiture conditions, transfer restrictions, restrictions based upon the achievement of specific Performance Goals (Company-wide, divisional and/or individual) which may be based on one or more Performance Measures, time-based restrictions on vesting and/or restrictions under applicable federal or state securities laws.

(c) Restricted Shares and Restricted Share Units.

(i) *Grants*. Subject to the terms and provisions of the Plan, Restricted Shares and Restricted Share Units may be granted to Participants in such number and upon such terms and conditions as the Committee determines. Restricted Shares will be registered in the name of the Participant and deposited with the Company or its agent in certificated or book-entry form.

(ii) *Restrictions*. Restricted Shares or Restricted Share Units may be granted at no cost or at a purchase price determined by the Committee, which may be less than the Fair Market Value, but subject to such terms and conditions as the Committee determines, including, without limitation: forfeiture conditions, transfer restrictions, restrictions based upon the achievement of specific Performance Goals (Company-wide, divisional and/or individual) which may be based on one or more Performance Measures, time-based restrictions on vesting and/or restrictions under applicable federal or state securities laws. Subject to the other terms and conditions in Sections 5(e), 6, 9, and 10, for Awards to employees, no Restricted Shares or Restricted Share Units conditioned upon the achievement of performance shall be based on a Restriction Period of less than one year, and, except as may be determined by the Committee, any Restriction Period based solely on continued employment or service (time-based) shall be for a minimum of three years, subject to (A) pro rata or graded vesting prior to the expiration of such time-based Restriction Period, and (B) acceleration due to the Participant's death or Disability or upon a Change in Control, in each case as specified in the applicable Award Agreement.

(iii) *Transfer Restrictions*. During the Restriction Period, Restricted Shares and Restricted Share Units may not be sold, assigned, transferred or otherwise disposed of, or mortgaged, pledged or otherwise encumbered. In order to enforce the limitations imposed upon the Restricted Shares, the Committee may (A) cause a legend or legends to be placed on any certificates evidencing such Restricted Shares, and/or (B) cause "stop transfer" instructions to be issued, as it deems necessary or appropriate.

(iv) *Dividends and Voting Rights*. Unless otherwise determined by the Committee, during the Restriction Period, Participants who hold Restricted Shares shall have the right to receive dividends in cash or other property or other distribution or rights in respect of the Restricted Shares and shall have the right to vote the Restricted Shares as the record owners; provided that, any dividends or other property payable to a Participant during the Restriction Period shall be distributed to the Participant only if and when the restrictions imposed on the applicable Restricted Shares lapse. Unless otherwise determined by the Committee, during the Restriction Period, Participants who hold Restricted Share Units shall be credited with dividend equivalents in respect of such Restricted Share Units; provided that, such dividend equivalents shall be distributed (without interest) to the Participant only if and when the restrictions imposed on the applicable Restricted Share Units lapse. Participants shall have no other rights as a shareholder with respect to Restricted Share Units unless otherwise determined by the Committee.

(v) *Payment of Restricted Share Units*. Restricted Share Units that become payable in accordance with their terms and conditions shall be settled in cash, Common Shares, Restricted Shares, or a combination thereof, as determined by the Committee.

(vi) *Ownership*. Restricted Shares shall be registered in the name of the Participant on the books and records of the Company or its designee (or by one or more physical certificates if physical certificates are issued) subject to the applicable restrictions imposed by the Plan. At the end of the Restriction Period that applies to Restricted Shares, the number of shares to which the Participant is entitled shall be delivered to the Participant free and clear of the restrictions, either in certificated or book-entry form. No Common Shares shall be registered in the name of the Participant with respect to Restricted Share Units, and Participants shall have no ownership interest in the Common Shares to which the Restricted Share Units relate, unless and until payment is made in Common Shares.

(vii) *Forfeiture*. If a Participant who holds Restricted Shares or Restricted Share Units fails to satisfy the restrictions, terms or conditions applicable to the Award, except as otherwise determined by the Committee, or permitted by Section 5(e), the Participant shall forfeit the Restricted Shares or Restricted Share Units. The Committee may at any time waive such restrictions or accelerate the date or dates on which the restrictions will lapse upon a Change in Control or a Participant's death or Disability.

(d) Performance-Based Awards.

(i) *Grants*. Subject to the provisions of the Plan, Full-Value Awards may be conditioned upon the achievement of Performance Goals as the Committee shall determine, in its sole discretion.

(ii) *Performance Goals*. Performance Goals shall be based on one or more Performance Measures, over a Performance Period, as to be determined by the Committee. Performance Goals shall be objective and shall be established in writing by the Committee not later than 90 days after the beginning of the Performance Period (but in no event after 25% of the Performance Period has elapsed), and while the outcome as to the Performance Goal is substantially uncertain.

(iii) *Performance Measures*. The Performance Measure(s) may be described in terms of objectives that are related to the individual Participant or objectives that are Company-wide or related to a subsidiary, division, department, region, function or business unit of the Company, and shall consist of one or more or any combination of the following criteria: cash flow, profit, revenue, stock price, market share, sales, net income, operating income, return ratios, earnings per share, compound annual growth rate, earnings (which may include an add back for taxes, interest, and/or depreciation and amortization), operating earnings, profit margins, earnings per Common Share, favorable comparison to established budgets, return on shareholders' equity, return on assets, attainment of strategic and operational initiatives, comparisons with various stock market indices, reduction in costs or a combination of such factors, personal performance measures, working capital, total assets, net assets, return on sales, return on invested capital, gross margin, costs, shareholders' equity, shareholder return and/or productivity or productivity improvement. The Performance Goals based on these Performance Measures may be expressed in absolute terms or relative to the performance of other entities.

(iv) *Treatment of Awards*. With respect to any Full-Value Award that is conditioned upon the achievement of Performance Goals, such Full-Value Award and any dividends or other property otherwise payable with respect to such Full-Value Award shall not vest or be paid until the Committee shall first have certified that the Performance Goals have been achieved.

(e) Unrestricted Share Awards.

(i) Subject to the terms and provisions of the Plan, the Committee may grant awards of unrestricted Common Shares to Participants in such number and upon such terms and conditions as the Committee determines in recognition of outstanding achievements or contributions by such Participants or otherwise. Unrestricted Common Shares issued on a bonus basis may be issued for no cash consideration.

(f) Restricted Share Grants to Non-Employee Directors.

(i) *Automatic Grants*. Each Non-Employee Director shall automatically be granted (i) Restricted Shares worth $175,000 of Common Shares, as valued on the Date of Grant, upon, or in connection with, commencement of service as a director of the Company, and (ii) Restricted Shares worth $150,000 of Common Shares, as valued on the Date of Grant, at each annual meeting of the Company's stockholders. All such Restricted Shares shall be subject to the terms and conditions of this Plan.

(ii) *Vesting of Restricted Shares Granted to Non-Employee Directors*. Each initial grant of Restricted Shares granted to a newly elected or appointed Non-Employee Director shall vest in three (3) successive equal annual installments over the Non-Employee Directors' period of continued service as a director, with the first such installment to
