3. Pursuant to NRS 622A.330, even though Dr. Garcia has provided this Answer, he specifically reserves the right to request a copy of all documents and other evidence intended to be presented by the Board at the hearing in support of its Accusation, as well as a list of proposed witnesses it intends to call at the hearing.

4. The answering Respondent hereby incorporates by reference those affirmative defenses enumerated in Rule 8 of the Nevada Rules of Civil Procedure as if fully set forth herein. In the event further investigation or discovery reveals the applicability of such defenses, this answering Respondent reserves the right to seek leave of the Board or appropriate authority to amend this

Answer to specifically assert the same. Such defenses are herein incorporated by reference for the specific purpose of not waiving the same.

5. It has been necessary for this answering Respondent to employ the services of an attorney to defend this action and a reasonable sum should be allowed as and for attorney's fees, together with the costs expended in this action.

WHEREFORE, Dr. Garcia prays the Accusation be dismissed, no discipline issue, that the initiating party take nothing by way of its Accusation and go hence with its costs.

Pursuant to NRS 639.244(2), this Answer is hereby signed by the answering Respondent's attorney.

Respectfully submitted this 26 day of Oct, 2022.

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. CHAD HALL, DO, Certificate of Registration No. CS20510, Respondent.	Case No. 21-108-CS-S NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and this respondent because at the time of the alleged events, Respondent Chad Hall, DO, held a Nevada controlled substance registration, Certificate of Registration No. CS20510, issued by the Board.

FACTUAL ALLEGATIONS

2. On or about June 19, 2019, in *United States vs. Chad Hall, DO, et al*, Case No. 2:19-cr-00154-RFB-VCF, Respondent was charged with the following crimes: conspiracy to distribute a controlled substance – buprenorphine, in violation of 21 USC § 841(a)(1) and (b)(1)(e), 21 USC § 846 and 18 USC § 2; distribution of a schedule III controlled substance– buprenorphine, in violation of 21 USC § 841(a)(1) and (b)(1)(e), 21 CFR §1306.04 and 18 USC § 2; distribution of a schedule IV controlled substance– valium, in violation of 21 USC § 841(a)(1) and (b)(2), 21 CFR §1306.04 and 18 USC § 2; obtaining a controlled substance by misrepresentation – buprenorphine, in violation of 21 USC § 843(a)(3) and (d)(1) and 18 USC § 2; and maintaining a drug-involved premises, in violation of 21 USC § 856 (a)(1) and (b) and 18 USC § 2.

3. On his biennial renewal application for Certificate of Registration No. CS20510 for 2020, Respondent failed to disclose to the Board the charges in *United States vs. Chad Hall, DO, et al*, Case No. 2:19-cr-00154-RFB-VCF.

APPLICABLE LAW

4. The Board may suspend or revoke a registration issued pursuant to NRS 453.231 upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(d) and NRS 453.241(1).

5. It is unlawful for a person knowingly or intentionally to furnish false or fraudulent material information in, or omit any material information from, any application for registration under NRS Chapter 453. NRS 453.331(1)(e).

6. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

7. Willfully making to the Board any false statement which is material to the administration or enforcement of Nevada law is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(9).

8. Obtaining any registration by the filing of an application, or any record, affidavit or other information in support thereof, which is false or fraudulent is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(10).

9. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(11).

10. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

FIRST CAUSE OF ACTION

Unprofessional Conduct - Fraudulent/Deceitful Practice/Transaction

11. By failing to disclose the pending charges in *United States vs. Chad Hall, DO, et al*, Case No. 2:19-cr-00154-RFB-VCF, to the Board on his renewal application, Respondent was party to a fraudulent or deceitful practice or transaction and engaged in unprofessional conduct and conduct contrary to the public interest in violation of NAC 639.945(1)(h), and is therefore subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or NRS 639.210(4).

SECOND CAUSE OF ACTION

Furnishing False Material Information to Board

12. By failing to disclose the pending charges in *United States vs. Chad Hall, DO, et al*, Case No. 2:19-cr-00154-RFB-VCF, to the Board on his renewal application, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 453.331(1)(e), and is therefore subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1), NRS 639.210(9) and/or NRS 639.210(12).

THIRD CAUSE OF ACTION

Obtaining Registration by False or Fraudulent Application

13. By failing to disclose the pending charges in *United States vs. Chad Hall, DO, et al*, Case No. 2:19-cr-00154-RFB-VCF, to the Board on his renewal application, Respondent is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1), and/or NRS 639.210(10).

FOURTH CAUSE OF ACTION

Commission of Acts that Render Registration Inconsistent with the Public Interest

14. By failing to disclose the pending charges in *United States vs. Chad Hall, DO, et al*, Case No. 2:19-cr-00154-RFB-VCF, to the Board on his renewal application, and failing to comply with applicable federal and state laws relating to controlled substances in violation of Title 21 United States Code and NRS Chapter 453, Respondent has committed acts that render his Nevada controlled substance registration inconsistent with the public interest, and is therefore subject to discipline pursuant to NRS 453.236(1)(d), NRS 453.241(1), NRS 639.210(11) and/or NRS 639.210(12).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 13th day of September, 2021.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241. To do so, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. **CHAD HALL, DO,** **Certificate of Registration No. CS20510,** **Respondent.**	CASE NOS. 21-108-CS-S **STATEMENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

I.

Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy (Board) by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you, as is more fully explained and set forth in the Notice of Intended Action and Accusation served herewith and hereby incorporated reference herein.

II.

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241. To do so, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Statement and Notice, and of the Notice of Intended Action and Accusation served within. NRS 639.320; NRS 639.243.

III.

The Board has scheduled your hearing on this matter for Wednesday, October 13, 2021, at 9:00 a.m. or soon thereafter. Pursuant to Governor Steve Sisolak's Emergency

Directive 044 and AB 253, the meeting can be listened to or viewed live over Zoom remotely or at the following location:

Hampton Inn Las Vegas Strip South
7850 Giles Street
Las Vegas, NV 89123

Via Videoconference at Zoom: https://zoom.us/j/5886256671
or
Via Teleconference at 1 (669) 900-6833
Meeting ID: 588 625 6671

IV.

Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

V.

Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 13th day of September, 2021.

SEALED
CRIMINAL INDICTMENT

2:19-cr-00154

CASE NO: ~~2:18-CR-~~154

VIOLATIONS:

21 U.S.C. § 841(a)(1) & (b)(1)(E) and b(2) – Distribution of a Controlled Substance (Schedules III & IV)

21 U.S.C. § 843 – Obtaining a Controlled Substance by Misrepresentation

21 U.S.C. § 846 - Conspiracy to Distribute a Controlled Substance

21 U.S.C. § 856 – Maintaining a Drug-Involved Premises

18 U.S.C. § 2 – Aiding and Abetting

THE GRAND JURY CHARGES THAT:

INTRODUCTION

At all times material to this Indictment:

1. The Controlled Substances Act, Title 21, United States Code, Sections 801, *et seq.*, governs the manufacture, distribution, and dispensing of controlled substances in the United States. With limited exceptions for medical professionals, the CSA makes it "unlawful for any person knowingly or intentionally ... to manufacture, distribute, or dispense ... a controlled substance."

2. The CSA defines a "controlled substance" as a drug or other substance that is included in one of five schedules - Schedule I, II, III, IV, or V - of Subchapter I, Part B of the Act. 21 U.S.C. § 802(6). Drugs or substances are placed into these schedules based, at least in part, on their potential for abuse, likelihood of physical or psychological dependency, accepted medical use, and accepted safety for use under medical supervision.

a. "Schedule II" indicates that the drug or other substance has a currently accepted medical use with severe restrictions and has a high potential for abuse that can lead to severe psychological or physical dependence. 21 U.S.C. § 812(b)(2).

b. "Schedule III" indicates that the drug or other substance has a currently accepted medical use with a potential for abuse that is less than those drugs listed in Schedule II, but can lead to moderate or low physical dependence or high psychological dependence. 21 U.S.C. § 812(b)(3).

3. Title 21, Code of Federal Regulations, Sections 1308.12, 1308.13, 1308.14, and 1308.15 lists the drugs and other substances contained in Schedules II, III, IV, and V, respectively.

4. Title 21, United States Code, Section 822(b) and Title 21, Code of Federal Regulations, Section 290.1, provide that the controlled substances listed in Schedules II-V can be dispensed or distributed only pursuant to a prescription issued by a medical

practitioner registered with the United States Drug Enforcement Administration ("DEA"). The DEA, as authorized by the Controlled Substances Act, issues registration numbers to qualifying medical practitioners that allow them to issue prescriptions for Schedule II-V controlled substances.

5. Accordingly, under Title 21, Code of Federal Regulations, Section 1306.03, controlled substances, such as opioid pain medications, can be dispensed only pursuant to a valid prescription from a medical practitioner authorized by the DEA to distribute controlled substances.

6. Under Title 21, United States Code, Section 802(10), the term "dispense" means to deliver a controlled substance to an ultimate user or research subject by, or pursuant to the lawful order of, a practitioner, including the prescribing and administering of a controlled substance and the packaging, labeling, or compounding necessary to prepare the substance for such delivery. The term "dispenser" means a practitioner who so delivers a controlled substance to an ultimate user.

7. Under Title 21, United States Code, Section 802(11), the term "distribute" means to deliver (other than by administering or dispensing) a controlled substance or a listed chemical. The term "distributor" means a person who so delivers a controlled substance or a listed chemical.

8. Title 21, Code of Federal Regulations, Section 1306.04 provides that in order for a prescription for a controlled substance to be valid, it "must be issued for a legitimate medical purpose by an individual practitioner acting in the usual course of his professional practice."

9. A prescription for a controlled substance issued without a legitimate medical purpose or outside of the individual practitioner's usual course of his professional practice

is not a valid prescription, and the person who issues the prescription violates Title 21, United States Code, Section 841(a)(1).

10. The Defendant, Chad Hall (hereinafter "Hall"), is a licensed Doctor of Osteopathic Medicine ("D.O.") who practices in Nevada under D.O. license number DO1729. As part of Hall's practice, he prescribes Controlled Substances, including highly addictive opioids, under his DEA license number FH3496557. Hall maintains the licensure for a medical practice known as Detoxification Solutions ("Solutions"), doing business as Advanced Medical – Center for Detoxification and Psychiatry (CPRX), LLC.

11. The Defendant, Michael Halprin (hereinafter "Halprin") a/k/a Michael Vincent, is an unlicensed, in Nevada, Advanced Practice Registered Nurse ("APRN") who formerly practiced in Florida under license number APRN935042. Halprin cannot prescribe any medications, including controlled substances, or independently provide treatment for patients. Halprin is the sole managing member of Solutions. Halprin sometimes presents himself to patients as "Dr. Mike."

12. The Defendant, Ronald Smith ("Smith"), is a licensed Medical Doctor ("M.D.") who practices in Nevada under M.D. license number 11778. As part of Smith's practice, he prescribes Controlled Substances including highly addictive opioids, under his DEA license number BS9687116.

13. The Defendant, Janell Olson ("Olson") is not licensed as a medical practitioner. Olson cannot issue valid prescriptions for any medications, including controlled substances, or independently provide treatment for patients.

14. The Defendant, Eghomware Igbinovia, a/k/a Jerry Igbinovia (hereinafter "Igbinovia"), is the owner and head pharmacist at ACRx Pharmacy ("ACRx"), 3200 N. Soaring Gulls Dr., Suite 101, Las Vegas, Nevada, 89129. Igbinovia is responsible for

furnishing specially compounded patient-specific buprenorphine troches directly to Solutions.

15. During the date range alleged in this Indictment, Defendants Hall and Smith routinely prescribed Schedule III controlled substances including buprenorphine and Suboxone to Solutions patients, outside the usual course of professional practice, without a legitimate medical purpose. Additionally, Defendant Halprin routinely distributed Schedule III controlled substances, including buprenorphine and Suboxone, without a medical license or a DEA Number. Defendant Olson also distributed Schedule III controlled substances without a medical license or a DEA Number and assisted all other defendants in their unlawful practices.

16. Defendants Hall, Halprin, Smith and Olson also submitted patient-specific prescriptions for specially-compounded buprenorphine lozenges under false patient names to ACRx Pharmacy. Defendant Igbinovia specially compounded the buprenorphine lozenges and delivered them to Solutions. Hall, Halprin, Smith and Olson then dispensed these patient-specific Schedule III medications to patients at Solutions in exchange for cash payments.

COUNT ONE
(Conspiracy to Distribute Controlled Substance)
Title 21 U.S.C. §§ 841(a)(1), (b)(1)(E), and 846

17. The Grand Jury realleges and incorporates Paragraphs One through Seventeen as though fully set forth herein.

18. From in or around 2018 and continuing through in or around March 2019, in the State and Federal District of Nevada,

MICHAEL HALPRIN, a/k/a Michael Vincent,
CHAD HALL, D.O.,
RONALD SMITH, M.D.,

JANELL OLSON, and
EGHOMWARE IGBINOVIA, a/k/a Jerry Igbinovia,

defendants herein, did knowingly and intentionally conspire, confederate, and agree with each other and with persons known and unknown to the Grand Jury, to commit an offense against the United States, to wit: distribute quantities of buprenorphine, a Schedule III controlled substance; all in violation of Title 21, United States Code, Sections 841(a)(1) and 841(b)(1)(E), 846, and Title 18, United States Code, Section 2.

COUNTS TWO AND THREE
(Distribution of Controlled Substances - Schedule III)
Title 21 U.S.C. §§ 841(a)(1), (b)(1)(E)

19. The Grand Jury realleges and incorporates Paragraphs One through Nineteen as though fully set forth herein.

20. On or about the dates set forth below, in the State and Federal District of Nevada, and elsewhere,

MICHAEL HALPRIN, a/k/a Michael Vincent,
CHAD HALL, D.O., and
JANELL OLSON,

defendants herein, did knowingly and intentionally distribute a mixture and substance containing a detectable amount of A Schedule III controlled substance, to wit: buprenorphine, as listed below, without a legitimate medical purpose and outside the usual course of professional practice, each of which constitutes a separate count of this Indictment:

Count	Approx. Date of Distribution	Patient	Controlled Substance
2	January 15, 2019	Patient A	Buprenorphine
3	January 29, 2019	Patient A	Buprenorphine

all in violation of Title 21, United States Code, Sections 841(a)(1) and (b)(1)(E); Title 21, Code of Federal Regulations, Section 1306.04; and Title 18, United States Code, Section 2.

COUNTS FOUR AND FIVE
(Distribution of Controlled Substances - Schedule IV)
Title 21 U.S.C. §§ 841(a)(1), (b)(2)

21. The Grand Jury realleges and incorporates Paragraphs One through Seventeen as though fully set forth herein.

22. On or about the dates set forth below, in the State and Federal District of Nevada, and elsewhere,

MICHAEL HALPRIN, a/k/a Michael Vincent, and
CHAD HALL, D.O.,

defendants herein, did knowingly and intentionally distribute a mixture and substance containing a detectable amount of a Schedule IV controlled substance, to wit: Valium, as listed below, without a legitimate medical purpose and outside the usual course of professional practice, each of which constitutes a separate count of this Indictment:

Count	Approx. Date of Distribution	Patient	Controlled Substance
4	January 15, 2019	Patient A	Valium
5	January 29, 2019	Patient A	Valium

all in violation of Title 21, United States Code, Sections 841(a)(1) and (b)(2); Title 21, Code of Federal Regulations, Section 1306.04; and Title 18, United States Code, Section 2.

COUNTS SIX AND SEVEN
(Distribution of Controlled Substances - Schedule III)
Title 21 U.S.C. §§ 841(a)(1), (b)(1)(E)(i)

23. The Grand Jury realleges and incorporates Paragraphs One through Nineteen as though fully set forth herein.

24. On or about the dates set forth below, in the State and Federal District of Nevada, and elsewhere,

RONALD SMITH, M.D.,

defendant herein, did knowingly and intentionally distribute a mixture and substance containing a detectable amount of Schedule III controlled substances, to wit, buprenorphine, as listed below, without a legitimate medical purpose and outside the usual course of professional practice, each of which constitutes a separate count of this Indictment:

Count	Approx. Date of Distribution	Patient	Controlled Substance
6	March 12, 2019	Patient B	Buprenorphine
7	March 26, 2019	Patient B	Buprenorphine

all in violation of Title 21, United States Code, Sections 841(a)(1) and (b)(1)(E)(i); Title 21, Code of Federal Regulations, Section 1306.04; and Title 18, United States Code, Section 2.

COUNTS EIGHT THROUGH TWENTY
(Distribution of Controlled Substances - Schedule III)
Title 21 U.S.C. §§ 841(a)(1), (b)(1)(E)(i)

25. The Grand Jury realleges and incorporates Paragraphs One through Nineteen as though fully set forth herein.

26. On or about the dates set forth below, in the State and Federal District of Nevada,

EGHOMWARE IGBINOVIA,

defendant herein, did knowingly and intentionally create, distribute and dispense a mixture and substance containing a detectable amount of Schedule III controlled substances, to wit, buprenorphine, as listed below, without a legitimate medical purpose and outside the usual

course of professional practice, each of which constitutes a separate count of this Indictment:

Count	Approx. Date of Distribution	Patient	Controlled Substance
8	January 18, 2019	Patient C	Buprenorphine
9	January 18, 2019	Patient D	Buprenorphine
10	January 18, 2019	Patient E	Buprenorphine
11	January 18, 2019	Patient F	Buprenorphine
12	January 18, 2019	Patient G	Buprenorphine
13	January 18, 2019	Patient H	Buprenorphine
14	January 18, 2019	Patient I	Buprenorphine
15	January 18, 2019	Patient J	Buprenorphine
16	January 18, 2019	Patient K	Buprenorphine

19	January 18, 2019	Patient N	Buprenorphine
20	January 18, 2019	Patient O	Buprenorphine

all in violation of Title 21, United States Code, Sections 841(a)(1) and (b)(1)(E)(i); Title 21, Code of Federal Regulations, Section 1306.04; and Title 18, United States Code, Section 2.

COUNTS TWENTY-ONE THROUGH THIRTY-THREE
(Obtaining a Controlled Substance by Misrepresentation)
21 U.S.C. § 843(a)(3), (d)(1)

27. The Grand Jury realleges and incorporates Paragraphs One through Seventeen as though fully set forth herein.

28. On or about the dates set forth below, in the State and Federal District of Nevada,

MICHAEL HALPRIN, a/k/a Michael Vincent, and
CHAD HALL, D.O.,
RONALD SMITH, M.D., and
JANELL OLSON,

defendants herein, did knowingly and intentionally acquire and obtain possession of buprenorphine, a Schedule III controlled substance, by misrepresentation, fraud, forgery, deception and subterfuge, as listed below, each of which constitutes a separate count of this Indictment:

Count	Approx. Date of Acquisition	Patient	Controlled Substance
21	January 18, 2019	Patient C	Buprenorphine
22	January 18, 2019	Patient D	Buprenorphine
23	January 18, 2019	Patient E	Buprenorphine
24	January 18, 2019	Patient F	Buprenorphine
25	January 18, 2019	Patient G	Buprenorphine
26	January 18, 2019	Patient H	Buprenorphine
27	January 18, 2019	Patient I	Buprenorphine
28	January 18, 2019	Patient J	Buprenorphine
29	January 18, 2019	Patient K	Buprenorphine
30	January 18, 2019	Patient L	Buprenorphine
31	January 18, 2019	Patient M	Buprenorphine
32	January 18, 2019	Patient N	Buprenorphine
33	January 18, 2019	Patient O	Buprenorphine

all in violation of Title 21, United States Code, Sections 843(a)(3) and (d)(1), and Title 18, United States Code, Section 2.

COUNT THIRTY-FOUR
(Maintaining a Drug-Involved Premises)
21 U.S.C. § 856, 18 U.S.C. § 2

29. The Grand Jury realleges and incorporates Paragraphs One through Seventeen as though fully set forth herein.

30. From in or around 2018 and continuing through in or around March 2019, in the State and Federal District of Nevada,

MICHAEL HALPRIN, a/k/a Michael Vincent, and
CHAD HALL, D.O.,

defendants herein, did unlawfully and knowingly open, lease, rent, use and maintain a place known as Detoxification Solutions, LLC, located at 1701 North Green Valley Parkway, Building 5, Suite A, Henderson, Nevada 89704, for the purpose of distributing buprenorphine, a controlled substance; all in violation of Title 21, United States Code, Section 856(a)(1) and (b), Title 18 United States Code, Section 2.

FORFEITURE ALLEGATION
(Conspiracy to Distribute Controlled Substance; Distribution of Controlled Substances - Schedules III, IV; Obtaining a Controlled Substance by Fraud; and Maintaining a Drug-Involved Premises)

31. The allegations of Counts 1-34 of this Criminal Indictment are hereby realleged and incorporated herein by reference for the purpose of alleging forfeiture pursuant to 18 U.S.C. § 981(a)(1)(C) with 28 U.S.C. § 2461(c); 21 U.S.C. § 853(a)(1); 21 U.S.C. § 853(a)(2); 21 U.S.C. § 881(a)(6) with 28 U.S.C. § 2461(c); and 21 U.S.C. § 881(a)(7) with 28 U.S.C. § 2461(c).

32. Upon conviction of any of the felony offenses charged in Counts 1-34 of this Criminal Indictment,

MICHAEL HALPRIN, a/k/a Michael Vincent,
CHAD HALL, D.O.,
RONALD SMITH, M.D.,
JANELL OLSON, and
EGHOMWARE IGBINOVIA, a/k/a Jerry Igbinovia,

defendants herein, shall forfeit to the United States of America, any property, real or personal, which constitutes or is derived from proceeds traceable to violations of 21 U.S.C §§ 841(a)(1), 843(a)(3), and 856, specified unlawful activities as defined in 18 U.S.C. §§ 1956(c)(7)(A) and 1961(1)(D), or 21 U.S.C. § 846, conspiracy to commit such offenses:

defendants herein, shall forfeit to the United States of America, any property constituting, or derived from, any proceeds obtained, directly or indirectly, as the result of violations of 21 U.S.C. §§ 841(a)(1), 843(a)(3), 856, and 846:

defendants herein, shall forfeit to the United States of America, any property used, or intended to be used, in any manner or part, to commit, or to facilitate the commission of violations of 21 U.S.C. §§ 841(a)(1), 843(a)(3), 856, and 846:

defendants herein, shall forfeit to the United States of America, all moneys, negotiable instruments, securities, or other things of value furnished or intended to be furnished in exchange for a controlled substance or listed chemical in violation of 21 U.S.C. §§ 841(a)(1), 843(a)(3), 856, and 846, all proceeds traceable to such an exchange, and all moneys, negotiable instruments, and securities used or intended to be used to facilitate any violation of 21 U.S.C. §§ 841(a)(1), 843(a)(3), 856, and 846:

defendants herein, shall forfeit to the United States of America, all real property, including any right, title, and interest (including any leasehold interest) in the whole of any lot or tract of land and any appurtenances or improvements, which is used, or intended to be used, in any manner or part, to commit, or to facilitate the commission of, violations of 21 U.S.C. §§ 841(a)(1), 843(a)(3), 856, and 846:

1. any and all property with the requisite nexus to violations of 21 U.S.C. §§ 841(a)(1), 843(a)(3), 856, and 846 including, but not limited to, at least access devices, electronic equipment, and fraudulent documentation pursuant to the forfeiture statutes in this forfeiture allegation and Fed. R. Crim. P. 32.2(b)(2)(C); and
2. an in personam criminal forfeiture money judgment including, but not limited to, at least an amount to be calculated pursuant to the forfeiture statute in this forfeiture allegation and Fed. R. Crim. P. 32.2(b)(2)(C)

(all of which constitutes property).

33. If any property being subject to forfeiture pursuant to 18 U.S.C. § 981(a)(1)(C) with 28 U.S.C. § 2461(c); 21 U.S.C. § 853(a)(1); 21 U.S.C. § 853(a)(2); 21 U.S.C. § 881(a)(6) with 28 U.S.C. § 2461(c); 21 U.S.C. § 881(a)(7) with 28 U.S.C. § 2461(c), as a result of any act or omission of the defendants -

a. cannot be located upon the exercise of due diligence;
b. has been transferred or sold to, or deposited with, a third party;
c. has been placed beyond the jurisdiction of the court;
d. has been substantially diminished in value; or
e. has been commingled with other property which cannot be divided without difficulty;

it is the intent of the United States of America, pursuant to 21 U.S.C. § 853(p), to seek forfeiture of any other property of the defendants for the property listed above.

All pursuant to 18 U.S.C. § 981(a)(1)(C) with 28 U.S.C. § 2461(c); 21 U.S.C. §§ 841(a)(1), 843(a)(3), 846, 853(a)(1), 853(a)(2), 853(p), and 856; 21 U.S.C. § 881(a)(6) with 28 U.S.C. § 2461(c); and 21 U.S.C. § 881(a)(7) with 28 U.S.C. § 2461(c).

DATED: this the 19th day of June, 2019.

FILED
OCT 20 2022
NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ALYZA LORRAINE VENTURA, PTT, Certificate of Registration Nos. PT24393 and PT24687** **Respondent.**	**Case No. 22-161-PTT-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter and this respondent because at the time of the alleged events, Respondent Alyza Lorraine Ventura ("Respondent"), held a Nevada pharmaceutical technician-in-training registration, Certificate of Registration No. PT24687, issued by the Board.

FACTUAL ALLEGATIONS

2. On or about February 4, 2021, Respondent submitted her application for a pharmaceutical technician-in-training registration to the Board. On Respondent's application she disclosed a misdemeanor conviction, filed on August 29, 2016, in the Reno Justice Court, Case No. 16CR-09873, for a first time DUI, which occurred on July 9, 2016, in Reno, Nevada.

3. On or about February 16, 2021, the Board issued Respondent Registration No. PT24393.

4. On or about March 28, 2021, Respondent submitted a second application for a pharmaceutical technician-in-training registration at a new location. In Respondent's second application she disclosed the same misdemeanor first time DUI conviction from Case No. 16CR-09873.

5. On or about April 6, 2021, the Board issued Respondent Registration No. PT24678.

6. On or about June 13, 2022, Respondent applied to the Board for a pharmaceutical technician registration. In Respondent's application, she disclosed a previously undisclosed conviction, filed on June 20, 2017, in Case No. CR16-1872, in the Second Judicial District Court, for DUI Resulting in Substantial Bodily Harm, a violation of NRS 484C.430, NRS 484B.200, and NRS 0.060, a Category B Felony.

7. Respondent falsely certified to the Board her responses to question 3 on Respondent's February 4, 2021, and March 28, 2021, pharmaceutical-technician-in-training applications when she failed to disclose her conviction for a Category B Felony in Case No. Case No. CR16-1872.

APPLICABLE LAW

8. It is unlawful for any person to secure registration by making, or causing to be made, any false representation. NRS 639.281(1).

9. The Board may suspend or revoke any certificate, license, registration or permit upon a finding that the holder has willfully made to the Board or its authorized representative any false statement which is material to the administration or enforcement of any of the provision of this chapter. NRS 639.210(9).

10. The Board may suspend or revoke any certificate, license, registration or permit upon a finding that the holder has violated, attempted to violate, assisted, or abetted in the violation of or conspired to violate any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

11. The Board may suspend or revoke any certificate, license, registration or permit upon a finding that the holder has performed or in any way been a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h). NRS 639.210(4).

12. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation of NRS 639.255(4).

COUNT ONE

Securing License by False Representation

13. By making false representation(s) to the Board to question 3 on Respondent's February 4, 2021, and March 28, 2021, applications, Respondent violated NRS 639.281(1), and/or NRS 639.210(9) and/or (10); and is therefore subject to discipline thereunder and/or NRS 639.255(3).

COUNT TWO

Unprofessional Conduct - Fraudulent/Deceitful Practice/Transaction

14. By making false representation(s) to the Board to question 3 on Respondent's February 4, 2021, and March 28, 2021, applications, Respondent was a party to a fraudulent or deceitful practice or transaction, engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(h), and is subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255(3).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 20th day of October, 2022.

Yenh Long, Pharm.D.,Deputy Executive Secretary of the Nevada State Board of Pharmacy, for and on behalf of J. David Wuest, R.Ph., Executive Secretary of the Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241. To do so, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ALYZA LORRAINE VENTURA, PTT, Certificate of Registration Nos. PT24393 and PT24687** **Respondent.**	**Case No. 22-161-PTT-N** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy (Board) by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you, as is more fully explained and set forth in the Notice of Intended Action and Accusation served herewith and hereby incorporated reference herein.

2. You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241. To do so, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Statement and Notice, and of the Notice of Intended Action and Accusation served within. NRS 622A.320; NRS 639.243.

3. **The Board has scheduled your hearing on this matter for Wednesday, November 30, 2022, at 9:00 AM PST or soon thereafter at the following location:**

Hilton Garden Inn Las Vegas Strip South
7830 S. Las Vegas Blvd
Las Vegas, NV 89123

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 20th day of October, 2022.

Yenh Long, Pharm.D., Deputy Executive Secretary of the Nevada State Board of Pharmacy, for and on behalf of J. David Wuest, R.Ph., Executive Secretary of the Nevada State Board of Pharmacy

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ALYZA LORRAINE VENTURA, PTT Certificate of Registration Nos. PT24393 and PT24687** **Respondent.**	**Case Nos. 22-161-PTT-N** **ANSWER AND NOTICE OF DEFENSE**

Respondent Alyza Lorraine Ventura., hereby files with the Nevada State Board of Pharmacy ("Board"), her Answer and Notice of Defense to the Notice of Intended Action and Accusation ("Accusation") filed on October 20, 2022.

ANSWER TO ACCUSATION

Jurisdiction

Ms. Ventura agrees that the Board has jurisdiction in this matter as set forth in Paragraph 1. Ms. Ventura further answers the Factual Allegations set forth in the Accusation as follows:

Factual Allegations: Paragraphs 2-5

Paragraph 2: Ms. Ventura agrees and acknowledges the factual assertions set forth in Paragraph 2, however she wishes to clarify that the misdemeanor case noted was filed in Reno Municipal Court, rather than Reno Justice Court.

Paragraph 3: Ms. Ventura agrees and acknowledges with the factual assertions set forth in Paragraph 3.

Paragraph 4: Ms. Ventura agrees and acknowledges that the factual assertions set forth in Paragraph 4 are accurate.

Paragraph 5: Ms. Ventura agrees and acknowledges that the factual assertions set forth in Paragraph 5 are accurate.

Paragraph 6: Ms. Ventura agrees and acknowledges that she disclosed the noted conviction from the Second Judicial District Court, as noted in Paragraph 6 however, as further described below, Ms. Ventura had confusion regarding the two cases and had no intention of misleading the Board.

Paragraph 7: Ms. Ventura acknowledges that she did not properly note her convictions however, as further described below, this was wholly unintentional and in no way was meant to mislead the Board.

Applicable Law: Paragraphs 8-12

Ms. Ventura agrees that Paragraphs 8-12 of the Accusation accurately reflect current Nevada and federal law.

Causes of Action: Paragraphs 13-14

First cause of action (paragraph 13): Ms. Ventura denies that she denies she willfully made false representations to the Board as alleged in violation of the laws cited in paragraph 13.

Second cause of action (paragraph 14): Ms. Ventura denies that she engaged in unprofessional activity as alleged in paragraph 14.

NOTICE OF DEFENSE/MITIGATING INFORMATION

Mitigating Information

Ms. Ventura would like to stress to the Board that she had no intention of misleading the Board or that she willfully provided false information to the Board in submitting her applications. Rather, this is a matter of confusion regarding the criminal process in these cases.

Ms. Ventura was arrested for misdemeanor driving under the influence (DUI) (alcohol) in July 2016. This was Ms. Ventura's first arrest for any offense. She was released from custody on her own recognizance on July 9, 2016 and had an initial appearance in Reno Municipal Court on one count misdemeanor DUI (case no. 16CR-09873) on July 29, 2016.

Subsequently, Ms. Ventura was arrested on August 6, 2016, for felony DUI causing substantial bodily harm. Ms. Ventura's arraignment was held in Reno Justice Court (case no. RCR2016-087990) on August 12, 2016.

Ms. Ventura then appeared again in Reno Municipal Court on the misdemeanor on August 16, 2016 and entered a plea of guilty to one count misdemeanor DUI. Sentencing was held on August 29, 2016[1] and Ms. Ventura sentenced to time in the Washoe County Jail.

After several continuances, a preliminary hearing was held in Reno Justice Court on the felony matter on December 7, 2016 and the matter bound over to the Second Judicial District Court under case no. CR16-1872. Ms. Ventura eventually did bond out of jail in December 2016. Pursuant to plea negotiations, Ms. Ventura entered a plea of guilty to one count felony DUI causing

---

[1] As discussed herein, Ms. Ventura does not have records currently from the Reno Municipal Court (they are in the process of being requested) but based on the information available, Ms. Ventura was sentenced to 180 days in the Washoe County Jail.

substantial bodily harm on March 23, 2017. Ms. Ventura was sentenced on June 20, 2017 to 24 to 60 months in the Nevada Department of Corrections and a $2,000 fine.

Ms. Ventura was paroled at her first parole eligibility date and was honorably discharged from parole.

Ms. Ventura has never had any issues with substances, alcohol or any other criminal issues since her release from custody. Ms. Ventura acknowledges that in the spring and summer of 2016 she was dealing with significant personal and family stressors including her mother being diagnosed with cancer and the loss of the family home due to financial constraints arising from the healthcare expenses. Ms. Ventura admits to having turned to alcohol during this time and has since received counseling and treatment to address her use of alcohol at the time and to address the underlying stress and anxiety.

Subsequent to Ms. Ventura's release from custody, she returned to school and will be graduating from the University of Nevada in May 2023 with a bachelor's degree in biology and pre-med. She wishes to further her education and pursue possibly enrolling in pharmacy school. In addition to attending school full-time, Ms. Ventura works as a pharmacy tech in training. She recently left CVS and is now working with Omnicare at a long term care facility.

Ms. Ventura had no intent nor did she willfully provide the Board false information. Ms. Ventura was very confused about the criminal proceedings as she was addressing both cases concurrently. She believed that the misdemeanor case in Reno Municipal Court had been subsumed into the felony case due to being in custody on the felony case prior to being sentenced in the misdemeanor.

While Ms. Ventura was represented by criminal defense counsel in both cases, her counsel, Dennis Cameron died in August 2020 and Ms. Ventura was unaware at the time how to obtain

information related to her cases. She provided explanations based on the limited information she had in her possession, and as noted above, was confused about the various cases, especially as the Reno Justice Court case became the District Court case; Ms. Ventura believed this to have been the case with the Reno Municipal Court case as well.

Ms. Ventura has been open with employers regarding her past criminal history and the time she was required to spend in prison had a significant impact on her. Ms. Ventura has no intent to hide her criminal history, rather she is a young woman who fully acknowledges her history and wishes to move forward with a career in health care.

Respectfully submitted this 7th day of December, 2022.

Lyn E. Beggs, Esq.
Attorney for Respondent Alyza Lorraine Ventura, PTT

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

JOSEPH LEE WILLIAMS, MD,
Certificate of Registration No. CS18591,

Respondent.

Case No. 22-334-CS-S

NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter and this respondent because at the time of the alleged events, Respondent Joseph Lee Williams, M.D., ("Respondent"), held Certificate of Registration to Dispense Controlled Substances, Registration No. CS18591, issued by the Board.

FACTUAL ALLEGATIONS

2. On or about March 19, 1993, Respondent was issued his initial Certificate of Registration to Dispense Controlled Substances, Registration No. CS06809, which expired on October 31, 2008.

3. On or about May 19, 2010, Respondent was issued a second Certificate of Registration to Dispense Controlled Substances, Registration No. CS18591, which expired on October 31, 2020.

4. Between November 1, 2020, and September 2, 2022, Respondent authorized one or more controlled substance prescriptions for Nevada patients without a valid Certificate of Registration to Dispense Controlled Substances.

5. Between November 1, 2020, and September 2, 2022, Respondent failed to conduct required patient inquiries and/or review MyRX reports, on one or more occasions, using the Prescription Monitoring Program ("PMP") for those patients to whom he authorized prescriptions for controlled substances.

APPLICABLE LAW

6. It is unlawful to prescribe a controlled substance except as authorized by law. NRS 453.321(1)(a).

7. A prescription for a controlled substance may be issued only for a legitimate medical purpose and in the usual course of his or her professional practice by an individual practitioner who holds a DEA registration and is authorized to prescribe controlled substances by the jurisdiction in which he or she is licensed to practice his profession. 21 U.S.C. § 822(a)(2); 21 U.S.C. § 823(f); 21 CFR § 1306.03(a)(1); NRS 453.226(1); NRS 453.321(1)(a); NRS 639.100(1); NRS 639.235(1).

8. Falsely representing oneself as a practitioner entitled to write prescriptions in this state is a felony offense. 21 U.S.C. § 841(a); 21 U.S.C. § 842(a); NRS 453.321(1)(a); NRS 453.232; NRS 639.2813(1).

9. Performing any act, task or operation for which licensure, certification or registration is required without the required license, certificate or registration constitutes unprofessional conduct and conduct contrary to the public interest pursuant to NAC 639.945(1)(k) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

10. The Board may suspend or revoke a registration if the holder has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

11. The Board may suspend or revoke a registration if the holder has violated, attempted to violate, assisted, or abetted in the violation of or conspired to violate any law or

regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

12. The Board may suspend or revoke a registration to prescribe a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest as determined pursuant to NRS 453.231. NRS 453.236(1)(e) and NRS 453.241(1).

13. A practitioner with shall, before issuing an initial prescription for a controlled substance, and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, obtain a patient utilization report regarding the patient from the PMP. NRS 639.23507.

14. A practitioner registered with the Board to write prescriptions for controlled substances shall, access his or her prescriber activity in the PMP at least once each 6 months to review prescriptions issued by the practitioner and verify to the Board that he or she continues to have access to the PMP. NRS 453.164(7).

15. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation. NRS 639.255(3).

COUNT ONE

Violation of Federal Controlled Substances Act

16. By prescribing controlled substances without a valid registration as alleged herein, Respondent falsely represented himself as a practitioner entitled to write prescriptions in this state and violated, attempted to violate, assisted or abetted in the violation of or conspired to violate 21 U.S.C. § 822(a)(2), 21 U.S.C. § 823(f), 21 U.S.C. § 841(a), 21 U.S.C. § 842(a) and/or 21 CFR § 1306.03(a)(1), and is subject to discipline pursuant to NRS 453.236(1) and/or NRS 639.210(11) and NRS 639.255(3).

COUNT TWO
Violation of State Controlled Substances Act

17. By prescribing controlled substances without a valid registration as alleged herein, Respondent falsely represented himself as a practitioner entitled to write prescriptions in this state and violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 453.226(1), NRS 453.232, NRS 453.321(1)(a), NRS 639.100(1), NRS 639.235(1) and/or NRS 639.2813(1), and is subject to discipline pursuant to NRS 453.236(1) and/or NRS 639.210(12) and NRS 639.255(3).

COUNT THREE
Unprofessional Conduct – Prescribing without a Valid Registration

18. By prescribing controlled substances without a valid registration as alleged herein, Respondent engaged in unprofessional conduct and conduct contrary to the public interest pursuant to NAC 639.945(1)(k) and is subject to discipline pursuant to NRS 453.236(l) and/or NRS 639.210(4) and NRS 639.255(3).

COUNT FOUR
Commission of Acts that Render Registration Inconsistent with the Public Interest

19. By prescribing controlled substances without a valid registration as alleged herein, and by falsely representing himself as a practitioner entitled to write prescriptions in this state, Respondent has committed acts that render his Nevada controlled substance registration inconsistent with the public interest and is subject to discipline pursuant to NRS 453.236(1)(e) and NRS 453.241(1) and NRS 639.255(3).

COUNT FIVE
Violations of State Law – Prescription Monitoring Program

20. By failing obtain access to and/or query the PMP database to review a patient's utilization report prior to issuing a prescription for a controlled substance and to review his prescriber activity, as alleged in herein, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 453.226(1), NRS 453.164(7) and NRS

639.23507, and is subject to discipline pursuant to NRS 453.236(1)(d) and (e), NRS 453.241(1), NRS 639.210(12) and/or NRS 639.23916(3)(b) and NRS 639.255(3).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 9th day of December, 2022.

Yenh Long, Pharm.D., Deputy Executive Secretary, Nevada State Board of Pharmacy, on behalf of J. David Wuest, RPH, Executive Secretary

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241. To do so, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **JOSEPH LEE WILLIAMS, MD,** **Certificate of Registration No. CS18591,** **Respondent.**	**Case No. 22-334-CS-S** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy (Board) by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you, as is more fully explained and set forth in the Notice of Intended Action and Accusation served herewith and hereby incorporated reference herein.

2. You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241. To do so, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Statement and Notice, and of the Notice of Intended Action and Accusation served within. NRS 622A.320; NRS 639.243.

3. **The Board has scheduled your hearing on this matter for Wednesday, January 11, 2023, at 9:00 AM PST or soon thereafter at the following location:**

Hilton Garden Inn Las Vegas Strip South
7830 S. Las Vegas Blvd
Las Vegas, NV 89123

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 9th day of December, 2022.

Yenh Long, Pharm.D., Deputy Executive Secretary, Nevada State Board of Pharmacy, on behalf of J. David Wuest, RPH, Executive Secretary

Attorneys for Joseph Lee Williams, M.D.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. JOSEPH LEE WILLIAMS, M.D., Certificate of Registration No. CS18591, Respondent.	CASE NO.: 22-334-CS-S **ANSWER AND NOTICE OF DEFENSE**

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-titled matter before the Nevada States Board of Pharmacy (the "Board"), admits, denies, and alleges as follows:

A. With regard to Paragraph 1, Respondent admits that the Board has jurisdiction over this matter, and that Respondent held Controlled Substance Registration, Certificate No. CS18591.

B. Paragraphs 2 and 3 do not contain allegations against the Respondent. To the extent an answer is required, the Respondent denies the allegations in this paragraph.

C. With regard to Paragraph 4, Respondent admits that he authorized one or more controlled substance prescriptions for Nevada patients between November 1, 2020 and September 2, 2022, but denies knowingly doing so with a lapsed Controlled Substance Registration.

1. During the registration renewal window and around the registration

JW

expiration date, over the summer and fall of 2020, Nevada was under a state of emergency due to the COVID-19 pandemic.

2. As a result of the COVID-19 pandemic, Respondent experienced both internal and external disruptions to his practice operations during that period, which impacted his awareness that renewal of his Controlled Substances Registration was due by October 31, 2020.

a. Mail delivery at Respondent's office was inconsistent, which may have caused a renewal notification mailed by the Board to go unnoticed in a timely manner.

b. Respondent's office manager became ill with COVID-19 and was out of the office for a period of weeks.

c. Respondent then became ill and was hospitalized with COVID-19, and as a result his office was closed for approximately one (1) month.

d. Respondent was later informed by Board representatives that renewal reminders had also been sent by email; however they were apparently not sent to the email address submitted by Respondent as his email address of record, and he therefore had not received them.

3. Respondent was unaware that his Controlled Substances Registration had lapsed as of November 1, 2020.

a. Despite not having an active Controlled Substances Registration, Respondent continued to have access to his account with the Prescription Monitoring Program ("PMP") AWARxE portal until at least February 2022.

b. Despite not having an active Controlled Substances Registration, Respondent was able to register for e-prescribing in the beginning of 2022, including two-factor authentication for controlled substances, with MD Toolbox, an e-prescribing system approved by the Board.[1]

c. In August 2022, Respondent first learned that his license had lapsed when he was unable to access his PMP AWARxE portal account and contacted PMP technical assistance.

D. With regard to Paragraph 5, Respondent denies the allegations therein.

1. Respondent asserts he continued conducting required patient inquiries with

[1] https://bop.nv.gov/resources/ALL/Approved_E-Prescribing_Systems/

JW

the PMP until he converted to e-prescribing in February 2022.

2 Respondent asserts he believed the PMP was integrated with his Board-approved e-prescribing system[2], eliminating the need for separate inquiries through the PMP AWARxE portal.

E. Paragraphs 6 through 15 do not contain allegations against the Respondent. To the extent an answer is required, the Respondent denies the allegations in this paragraph.

F. With regard to Paragraphs 16 through 20, Respondent denies the allegations contained therein.

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to best of my knowledge.

Dated this 26th day of December, 2022.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **JOSEPH LEE WILLIAMS, M.D.** **Certificate of Registration No. CS18591,** **Respondent.**	**Case No. 22-334-CS-S** **STIPULATION AND ORDER**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, by and through its Assistant General Counsel, Peter K. Keegan, Esq., and Respondent JOSEPH LEE WILLIAMS, M.D. ("Respondent") Certificate of Registration No. CS18591 (expired) and Temporary Certificate of Registration No. CS33958 (expiration 1.11.2023) **HEREBY STIPULATE AND AGREE AS FOLLOWS:**

1. The Board has jurisdiction over Respondent and this matter.

2. On or about December 9, 2022, Board Staff properly served Respondent with the Notice of Intended Action and Accusation ("Accusation") on file in this matter together with the Statement to Respondent and Notice of Hearing.

3. Respondent is fully aware of his right to seek the advice of counsel in this matter prior to entering into this Stipulation.

4. Respondent is aware of his right to a hearing on the matters alleged in the Accusation, his right to reconsideration, his right to appeal and any and all other rights which may be accorded to him pursuant to NRS Chapter 233B ("Nevada Administrative Procedure Act"), NRS Chapter 622A ("Administrative Procedure Before Certain Regulatory Bodies"), and NRS Chapter 639 ("Nevada Pharmacy Act").

5. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of paragraphs below, Respondent hereby freely and voluntarily waives his rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to him

by NRS Chapter 233B ("Nevada Administrative Procedure Act"), NRS Chapter 622A ("Administrative Procedure Before Certain Regulatory Bodies"), and NRS Chapter 639 ("Nevada Pharmacy Act").

6. Respondent admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in the Accusation, *to wit,* that:

A. Respondent's Certificate of Registration No. CS18591 expired on October 31, 2020, and Respondent authorized one or more controlled substance prescriptions for Nevada patients in violation of 21 U.S.C. **§** 822(a)(2); 21 U.S.C. **§** 823(f); 21 U.S.C. § 841(a), 21 U.S.C. § 842(a); 21 CFR § 1306.03(a)(1); NRS 453.226(1); NRS 453.232; NRS 453.321(1); NRS 639.100(1); and NRS 639.235(1); and

B. These violations are grounds for disciplinary action pursuant to NRS 453.236(1)(d-e); NRS 453.241(1); NRS 639.210(4), (11-12); and NRS 639.255(3).

7. In order to resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent stipulate to the following penalties. Respondent Joseph Lee Williams, M.D., Certificate of Registration No. CS18591 shall:

A. Pay a fine of Five-Thousand Dollars ($5000.00) for the violations; and

B. Pay Five-Hundred and Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

8. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapter 639.

9. The Board's Assistant General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on January 11,

2023, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent or his counsel are not present at the meeting.

10. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

11. If the Board rejects any part or all this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

12. Upon approval of this Stipulation by the Board, Respondent shall pay the fines agreed to herein by *personal, cashiers,* or *certified check* or *money order* made payable to **"State of Nevada, Office of the Treasurer,"** to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of the effective date of this Order.

13. Upon approval of this Stipulation by the Board, Respondent shall pay the attorney's fees and costs agreed to herein by *personal, cashiers,* or *certified check* or *money order* made payable to **"Nevada State Board of Pharmacy,"** to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of the effective date of this Order.

14. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

AGREED:

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **VINAY KUMAR BARARIA, MD,** **Respondent.**	**Case Nos. 19-003-S** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy (Board) by NRS 639.2895 and NRS 233B.121-.126, *inclusive*, an order to cease and desist, citation and fine was served upon Respondent Vinay Kumar Bararia, MD (Bararia) alleging violations of Nevada law as set forth herein.

2. On or about July 17, 2020, Bararia appealed the citation and fine and requested a hearing pursuant to NRS 639.2895(2).

FACTUAL ALLEGATIONS

3. Bararia was not registered with the Board to prescribe or dispense controlled substances or dangerous drugs for Nevada patients at the time of the events alleged herein.

4. Bararia voluntarily surrendered his license to practice medicine, License No. 11355, to the Nevada State Board of Medical Examiners (NSBME) on March 8, 2013, and was sentenced in federal court for distribution of controlled substances in September 2014.

5. Bararia has owned and operated Nevada Health Services, LLC aka Trimcare (Trimcare), located at 5375 South Fort Apache Road, Suites 102 and 103, in Las Vegas, since August 2018.

6. Abdel M. Khalek, MD (Khalek), co-owned and/or was employed at Trimcare from at least October 2018 to April 2019. Khalek held a controlled substance registration,

Certificate of Registration No. CS19745, and dispensing practitioner registration, Certificate of Registration No. PD00722.

3. Robert Chancellor, MD (Chancellor), co-owned and/or was employed by Trimcare from at least November 2018 to the present. Chancellor held a controlled substance registration, Certificate of Registration No. CS22616, and dispensing practitioner registration, Certificate of Registration No. PD27416

4. Lindsay Hoffman, PA-C (Hoffman), was employed by Trimcare from at least August 2018 to present. Hoffman held a controlled substance registration, Certificate of Registration No. CS 18262, and dispensing practitioner registration, Certificate of Registration No. PD

5. Bararia colluded with Khalek, Chancellor and Hoffman in the course of operating Trimcare to purchase, access, store, possess, administer, furnish, prescribe and/or dispense controlled substances and dangerous drugs under another practitioner's name, without the prescribing practitioner having a bona fide therapeutic relationship with patients, without the practitioner being present at the time prescriptions were dispensed, and/or otherwise falsely represent himself as a practitioner entitled to write prescriptions in this state.

APPLICABLE LAW

6. No person other than a practitioner holding a license to practice his or her profession in this State may prescribe or write a prescription. NRS 639.235(1).

7. A prescription for a controlled substance may be issued only for a legitimate medical purpose and in the usual course of his or her professional practice by an individual practitioner who holds a DEA registration and is authorized to prescribe controlled substances by the jurisdiction in which he is licensed to practice his profession. 21 U.S.C. § 822(a)(2); 21 U.S.C. § 823(f); 21 CFR § 1306.03(a)(1); NRS 453.381(1).

8. It is unlawful for a practitioner to prescribe or dispense a controlled substance or dangerous drug except as authorized by law. NRS 453.226(1); NRS 453.321(1)(a); NRS

454.215; NRS 454.301, NRS 639.100(1); NRS 639.23505; NAC 453.410; NAC 639.742; NAC 639.745.

9. It is unlawful for a person to purchase, possess, administer or furnish a dangerous drug except as authorized by law. NRS 454.213(1); NRS 454.221; NRS 454.311; NRS 454.316; NRS 454.321 and/or NRS 454.356.

10. It is a felony offense to falsify a prescription for a controlled substance or otherwise purchase or possess a controlled substance except as authorized by law. 21 U.S.C. § 841(a); 21 U.S.C. § 842(a); NRS 453.331(1)(c), (d), (f), (h) and (i).

11. Falsely representing oneself as a practitioner entitled to write prescriptions in this state is a felony offense. 21 U.S.C. § 841(a); 21 U.S.C. § 842(a); NRS 639.281(1); NRS 639.2813(1).

12. Conspiring to violate the Controlled Substances Act is a felony offense. 21 U.S.C. § 846; NRS 453.401(l)(a).

VIOLATIONS OF LAW ALLEGED

13. Bararia has purchased, accessed, stored, possessed, administered, furnished, prescribed and/or dispensed controlled substances and dangerous drugs and/or otherwise falsely represent himself as a practitioner entitled to write prescriptions in this state. This constitutes a violation of Nevada law, including NRS 453.226, NRS 453.316, NRS 453.321(1)(a), NRS 453.331 (1)(c)(d)(f)&(i), NRS 453.381(1), NRS 453.401(l)(a), NRS 454.213, NRS 454.215, NRS 454.221, NRS 454.311, NRS 454.316, NRS 454.321, NRS 639.100(1), NRS 639.235, NRS 639.23505, NRS 639.281, NRS 639.2813, and NRS 639.310. This also constitutes a violation of 21 U.S.C. § 822(a)(2), 21 U.S.C. § 823(f), 21 U.S.C. § 841(a), 21 U.S.C. § 842(a), 21 U.S.C. § 846 and 21 CFR §§ 1306.03–1306.05.

14. Khalek, Chancellor and Hoffman have been charged in a corresponding administrative action, Case Nos. 19-003-A-S, 19-003-B-S, and 19-003-C-S.

NOTICE OF HEARING

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 639.2895(2). You have the right to a hearing before the Board to answer the allegations and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision.

The Board has scheduled your hearing on this matter for Wednesday, September 2, 2020, at 9:00 a.m. or soon thereafter. The hearing will occur at the at the Hilton Garden Inn located at 7830 South Las Vegas Blvd., Las Vegas, Nevada.

Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

DATED this 31st day of August, 2020.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

Re: CEASE and DESIST/CITATION: Unlicensed Practice (Case No. 19-003-S)

Dear Dr. Bararia:

The Nevada State Board of Pharmacy (BOP) has determined that you are possessing, administering, prescribing and/or dispensing controlled substances and dangerous drugs for Nevada patients from your practice in violation of federal and state law. Specifically, you do not hold an active license from the Nevada State Board of Medical Examiners since surrendering your License No. 11355 on March 8, 2013, and you are not registered with the BOP.

You have violated, attempted to violate, assisted or abetted in the violation of or conspired to violate, without limitation, NRS 453.226, NRS 453.316, NRS 453.321(1)(a), NRS 453.331 (1)(c)(d)(f)&(i), NRS 453.381(1), NRS 453.401(l)(a), NRS 454.213, NRS 454.215, NRS 454.221, NRS 454.311, NRS 454.316, NRS 454.321, NRS 639.100(1), NRS 639.235, NRS 639.2355, NRS 639.2813, NRS 639.310, 21 U.S.C. § 822(a)(2), 21 U.S.C. § 823(f), 21 U.S.C. § 841(a), 21 U.S.C. § 842(a), 21 U.S.C. § 846 and 21 CFR §§ 1306.03–1306.05.

You are hereby ordered pursuant to NRS 639.2895(1) to immediately CEASE and DESIST possessing, administering, prescribing and/or dispensing controlled substances and dangerous drugs for Nevada patients from your practice. This letter shall serve as a CITATION pursuant to NRS 639.2895(2) for your unlicensed practice. The Board has assessed you an administrative fine of five thousand dollars ($5,000.00) pursuant to NRS 639.2895(3).

You must pay this administrative fine within 30 days of receipt of this citation, or otherwise contact Board staff to request an alternative payment plan. Payment must be by *cashier's check*, *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received at the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521.

You have the right to appeal this citation by submitting a written request for a hearing to the Board at the Board's Reno office no later than 30 days after receipt of this letter. *See* NRS 639.2895(2).

Please be aware that the forgoing does not preclude the filing of criminal charges. If you have any questions, please do not hesitate to contact me at 775-850-1440 or bkandt@pharmacy.nv.gov.

Re: Vinay Kumar Bararia, MD, Case No. 19-003-S

Dear Mr. Kandt,

This letter serves to inform you that this office has been retained by Vinay Kumar Bararia regarding the above case. Please have no further direct contact with Mr. Bararia regarding this matter. As previously stated during our telephonic conversation regarding this matter, Mr. Bararia denies all allegations contained in your July 7, 2020 correspondence.

Please also accept this letter as a request for a hearing pursuant to NRS 639-2895(2). As we also discussed, give the complexities of this case, this matter will be placed on calendar no earlier than December 2020.

Respectfully,

E. Brent Bryson, Esq.

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

In the Matter of the Citation Appeal by:	**CASE NO. 22-356-S**
SIERRA STEGER, DVM	**STATEMENT AND NOTICE OF HEARING**

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy by NRS 639.2895 and NRS 233B.121-.126, *inclusive*, on or about October 20, 2022, a Cease and Desist, and CITATION AND FINE was served upon Sierra Steger, DVM ("Steger") alleging violations of Nevada law as more particularly set forth herein. Steger, through counsel Jeffrey Whitehead, Esq. of the law firm of Whitehead & Burnett, appealed the CITATION AND FINE.

FACTUAL ALLEGATIONS

2. Steger is a veterinarian who has not yet received her veterinarian license from the Nevada State Board of Veterinary Medical Examiners ("BVME"). Steger performed veterinary services, including prescribing, dispensing, and/or administering controlled substances to animal patients, at AmeriVet Veterinary Partners ("AmeriVet") dba Animal Care Center of Pahrump ("ACC") located at 6981 North Nevada Highway 160, in Pahrump, Nevada.

3. Steger does not hold any controlled substance registration and/or practitioner dispensing registration from the Board of Pharmacy ("BOP").

4. Steger was informed, that as a graduate awaiting licensure, she must not prescribe, dispense and/or administer controlled substances and/or dangerous drugs to animal patients.

5. However, Steger prescribed at least twenty-five (25) controlled substance and dangerous drug prescriptions for animal patients utilizing other practitioners', namely Jack Thomas, DVM ("Thomas"), and John Wallace, DVM ("Wallace"), veterinarian license numbers

and/or Drug Enforcement Administration ("DEA") numbers. An exemplar of the prescribed medications for animal patients are as follows:

a. On May 17, 2022, Phenobarbital 68.5 mg prescription, a controlled substance in schedule IV, quantity 180, for Heeler, signed by Respondent Steger above her printed name but containing Dr. Thomas' veterinarian license number and no DEA registration number;

b. On May 17, 2022, Phenobarbital 64.8 mg prescription, a controlled substance in schedule IV, quantity 150, for Heeler, signed by Respondent Steger above her printed name but containing Dr. Thomas' veterinarian license number and DEA registration number;

c. On May 17, 2022, Gabapentin 100 mg capsule prescription, a dangerous drug, quantity 360, for Retriever/Labrador mix, signed by Respondent Steger above her printed name but containing Dr. Thomas' veterinarian license number and no DEA registration number;

d. On May 30, 2022, Amlodipine 2.5 mg tablet prescription, a dangerous drug, quantity 7, for Shih Tzu, signed by Respondent Steger above her printed name but containing Dr. Thomas' veterinarian license number and no DEA registration number;

e. On June 7, 2022, Alprazolam 1 mg tablet prescription, a controlled substance in schedule IV, quantity 60, for Australian Shepherd mix, signed by Respondent Steger above her printed name but containing Dr. Thomas' veterinarian license number and Dr. Wallace's DEA registration number; and

f. On June 7, 2022, Alprazolam 0.25 mg tablet prescription, a controlled substance in schedule IV, quantity 20, for Terrier mix, signed by Respondent Steger above her printed name but containing Dr. Thomas' veterinarian license number and Dr. Wallace's DEA registration number.

6. Steger unlawfully prescribed and/or administered the aforementioned controlled substances and dangerous drugs to animal patients without an active veterinary license, a controlled substance registration, nor a dispensing registration.

7. Steger engaged in the unlawful use of Dr. Thomas' and Dr. Wallace's authority as a practitioner to provide on-site medications and/or to prescribe to animal patients, including the administration of the aforementioned controlled substances and dangerous drugs.

8. On or about October 20, 2022, a Cease and Desist, CITATION AND FINE was served upon Steger alleging violations of Nevada law.

9. On or about November 14, 2022, a Cease and Desist, CITATION AND FINE was re-sent to Steger alleging violations of Nevada law.

10. On or about November 15, 2022 (but dated November 8, 2022), Board counsel received a fax from Jeffrey Whitehead, Esq. ("Whitehead"), on behalf of Steger, requesting an appeal of the CITATION AND FINE if the matter has to be reported (counsel requested no reporting).

11. On or about November 15 , 2022, Board counsel contacted Mr. Whitehead by telephone and left a voicemail.

12. On or about November 23, 2022, Board counsel emailed Mr. Whitehead indicating that reporting was mandated for unlicensed activity or that a private reprimand is not an option. Therefore, the appeal hearing will be scheduled as requested.

APPLICABLE LAW

13. No person may prescribe, and/or dispense (as defined by NRS 453.056 and NRS 639.0065), distribute, or administer (as defined by NRS 453.021) controlled substances in Nevada without specific statutory authority to do so. 21 U.S.C. § 822(a), 21 U.S.C. 841, 21 CFR 1306.04-.05, NRS 453.321, NRS 453.331, NRS 453.401.

14. A practitioner (as defined by NRS 639.0125) has authority to possess, administer,

and/or dispense controlled substances. NRS 453.375, NRS 453.377.

15. It is unlawful to dispense drugs unless the practitioner is licensed/registered by the Board. NRS 453.226, NRS 454.213, NRS 454.215, NRS 639.100, NAC 639.7423.

16. It is unlawful to possess a dangerous drug by fraud, misrepresentation, forgery and/or without a valid prescription written by a licensed practitioner. NRS 454.311, NRS 454.316, NRS 454.321, NRS 639.281.

17. Unlicensed activity is subject to NRS 639.2895.

COUNT ONE
Unlawful Possession of Controlled Substances and Dangerous Drugs

18. By failing to obtain an active controlled substance registration, engaging in the unlawful use of Dr. Thomas' and/or Dr. Wallace's authority as a practitioner to prescribe, possess and/or administer controlled substances and dangerous drugs at ACC, Steger violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 453.226, NRS 453.321, NRS 453.331, NRS 453.336, NRS 453.375, NRS 453.401, NRS 454.311, NRS 454.316, NRS 454.321, NRS 639.100, NAC 639.7423, and is subject to a CITATION and FINE pursuant to NRS 639.2895.

COUNT TWO
Unlawful Administration, Prescribing and/or Dispensing of Controlled Substances and Dangerous Drugs

19. By failing to obtain an active controlled substance or dispensing registration, and/or engaging in the unlawful use of Dr. Thomas' and/or Dr. Wallace's authority as a practitioner to prescribe, possess, and/or administer controlled substances and dangerous drugs, Steger violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 453.321, NRS 453.331, NRS 453.401, NRS 454.311, NRS 454.316, NRS 639.100(1), and/or NAC 639.7423, and subject to a CITATION and FINE pursuant to NRS 639.2895.

COUNT THREE
Unlicensed Practice

20. By failing to obtain an active controlled substance registration, and/or dispensing registration, and/or unlawfully providing on-site medical treatment to animal patients, including the administration of controlled substances and dangerous drugs to animal patients who were not examined by Dr. Thomas' and/or Dr. Wallace's or any other practitioner with an active veterinary license, Steger engaged in unlicensed practice by fraudulently representing herself to be a practitioner/veterinarian with an active controlled substance registration, and/or failed to obtain a controlled substance or dispensing registration, Steger violated, attempted to violate, assisted or abetted in the violation of, or conspired to violate 453.226, NRS 454.213, NRS 454.215, NRS 639.100(1), NRS 639.281(1), and/or NAC 639.7423, and is subject to a CITATION and FINE pursuant to NRS 639.2895.

Dated this 14th day of December, 2022.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE OF HEARING

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 639.2895(2). You have the right to a hearing before the Board to answer the allegations and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision.

The Board has scheduled your hearing on this matter for Wednesday, January 11, 2023, at 9:00 a.m. or soon thereafter. The hearing will occur at the Hilton Garden Inn located at 7830 S. Las Vegas Boulevard, Las Vegas, Nevada 89123.

Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

CERTIFICATE OF SERVICE

I certify that I am an employee of the Nevada State Board of Pharmacy, and that on this 14th day of December, 2022, I personally served a true and correct copy of the foregoing document via certified mail upon the following:

DEC - 9 2022
NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **JOSHUA SCHAFFNER,** **Respondent.**	**Case Nos. 22-189-S** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.070 and NRS 639.2895 and NRS 233B.121-.126, *inclusive*, on or about September 21, 2022, a Cease and Desist/Citation and Fine was served upon Respondent Joshua Schaffner ("Schaffner"), alleging the violations of Nevada law as set forth herein.

FACTUAL ALLEGATIONS

1. On June 23, 2022, the Board received a complaint against Respondent Schaffner for offering to sell diabetic supplies, including test strips and insulin, for to City Pharmacy, in Las Vegas Nevada.

2. The complaint against Respondent Schaffner included an email from Respondent with a linked price list for the products.

3. The products offered for sale by Respondent Schaffner and listed on the price list provided to City Pharmacy included prescription drug products and/or prescription devices.

4. Respondent Schaffner advertised for the purchase of diabetic supplies in Las Vegas on Craigslist and Instagram.

5. Respondent Schaffner does not hold a Nevada wholesaler's license.

6. On or about August 4, 2022, Respondent was served with the Board's Cease-and-Desist Order and a $5,000.00 Citation and Fine for offering and/or attempting and/or engaging in wholesale distribution without a Nevada wholesaler license.

7. On or about October 24, 2022, Respondent was served with a second Cease-and-Desist Order and a $5,000.00 Citation and Fine for offering and/or attempting and/or engaging in wholesale distribution without a Nevada wholesaler license.

8. On or about November 22, 2022, Respondent appealed the Board's Citation and Fine and requested a hearing before the Board.

APPLICABLE LAW

9. It is unlawful for any person to engage in wholesale distribution, sell or dispense, or permit to be disturbed at wholesale, any drug, poison, medicine, chemical, or to dispense, or permit to be dispensed any prescription of a practitioner unless the person holds the appropriate certificate, license, or permit required by Nevada Revised Statutes ("NRS") Chapters 639, 453, or 454 and the person complies with the regulations adopted by the Board under Nevada Administrative Code ("NAC") Chapter 639. NRS 639.100(1).

10. Any person, including a wholesaler or manufacturer, who engages in the business of wholesale distribution or furnishing controlled substances, poisons, drugs, devices, or applications that are restricted by federal law to sale by or on the order of a physician to any person located within this state shall obtain a license pursuant to the provisions of this chapter. NRS 639.233; NRS 639.500 – 639.515; NAC 639.593.

11. It is unlawful for any wholesaler or manufacturer to furnish, sell, offer for sale, or deliver any drugs, poisons, chemicals, or devices, other than those referred

to in NRS 639.270, to any person not authorized by the laws of this state to handle, sell, possess, or deal in such drugs, poisons, chemicals, or devices. NRS 639.288.

12. Any person who fraudulently represents himself or herself to be the holder of any certificate, license or permit issued by the Board is guilty of a misdemeanor. NRS 639.281(1); NRS 639.500 – 639.515; NAC 639.593.

13. The Board may impose an administrative fine of not more than $5,000.00 against any person who the Board determined violated NRS 639.100(1) or NRS 639.285(1). Each activity in which the person is engaged constitutes a separate offense for which a separate citation may be issued. NRS 639.2895(1-4).

14. A person who knowingly or intentionally obtains or attempts to obtain possession of a dangerous drug by misrepresentation, fraud, forgery, deception, subterfuge, or alteration is guilty of a category E felony. NRS 454.311.

15. A person who possesses a dangerous drug, except that furnished to the person by a pharmacist pursuant to a legal prescription or by a practitioner, is guilty of a gross misdemeanor. NRS 454.316.

16. Pursuant to NRS 622.400(1), a regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as part of its investigation, administrative and disciplinary proceedings against the person if the regulatory body enters a final order in which it finds that the person has violated any provision which the regulatory body has authority to enforce, any regulation adopted pursuant thereto or any order of the regulatory body.

COUNT ONE

Unlicensed Wholesale Distribution of Dangerous Drugs Without Prescriptions

17. By offering to purchase and sell diabetic supplies including prescription drugs and/or devices to a pharmacy and/or persons to whom the prescription drugs

were not prescribed without holding a Nevada wholesaler license Respondent violated Nevada state law including NRS 639.100(1); NRS 639.233; NRS 639.288, NRS 639.500 – 639.515; and NAC 639.593. Pursuant to NRS 639.2895(1-4) the Board may impose upon Respondent an administrative fine of not more than $5,000.00.

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 639.2895(2). You have the right to a hearing before the Board to answer the allegations and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision.

The Board has scheduled your hearing on this matter for Wednesday, January 11, 2023, at 9:00 a.m. or soon thereafter. The hearing will occur at the at the Hilton Garden Inn located at 7830 South Las Vegas Blvd., Las Vegas, Nevada.

Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses

relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

DATED this 9th day of December 2022.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because at the time of the events alleged herein, Respondent Las Vegas Scripts Rx ("LV Scripts") held a Nevada Pharmacy License No. PH03930, Respondent Nathan Edouard, RPh, ("Edouard") held a Nevada Pharmacist Certificate of Registration No. 19462, and Respondent Sherman Washington, MD, ("Washington") held a Controlled Substance Registration No. CS24310, all issued by the Board.

FACTUAL ALLEGATIONS

2. Respondent LV Scripts is a pharmacy located at 2920 N. Green Valley Parkway, #814, in Henderson, Nevada.

3. Respondent Edouard was/is the owner of LV Scripts and was/is employed as the managing pharmacist during the alleged and relevant timeframes.

4. Respondent Washington was/is a physician who wrote prescriptions with copied signatures filled by LV Scripts during the relevant timeframes.

5. On or about June 10, 2019, LV Scripts received a prescription written by Dr. M.B. for patient M.W. for "Cold Cough & Chest rub 240 grams". The prescription was designated prescription #4000099 and was compounded with Dimethyl Sulfoxide Liquid and Promethazine-Codeine Syrup, which were not written on the prescription. The ingredients and percentages of each drug were not identified on the prescription label.

6. On or about September 25, 2019, Board inspectors completed their annual inspection at LV Scripts. At the inspection, the following violations were discovered:

a. LV Scripts was shipping prescriptions to California and Arizona where LV Scripts is not licensed.

b. LV Scripts appeared to be filling faxed prescriptions that were not signed by practitioners, but contained copied signatures.

c. LV Scripts did not include the required documentation on prescriptions received by telephone from practitioners. The prescriptions also lacked the name(s) of the person(s) who telephoned the prescription, the date(s) the prescription(s) were received and/or the name(s) of the pharmacist(s) who received the order(s).

d. LV Scripts is providing pre-printed prescription forms for marketing purposes in efforts to promote sales to patients and/or practitioners.

e. Respondent Eduoard was improperly documenting prescriptions received by telephone orders on transferred prescriptions.

APPLICABLE LAW

7. A pharmacy must be managed by a registered pharmacist who is responsible for compliance by the pharmacy and personnel with all state, and federal laws and regulations regarding the operation of the pharmacy. NRS 639.220(1).

8. Unprofessional conduct includes a licensee failing strictly to follow the instructions of the prescribing practitioner in filling of and/or placing contents on the label of the prescription. NRS 585.485(2)(b)(1); NAC 639.6703(1)(a); NAC 639.945(1)(c), (d).

9. Unprofessional conduct includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

10. Unprofessional conduct includes a licensee performing any act, task, or operation for which licensure, certification, or registration is required without the required licensure, certification, or registration. NAC 639.945(1)(k).

11. Unprofessional conduct includes the use of secret formulas and failure to strictly follow the instructions of the person writing, making, or ordering a prescription, and to specify the content on the label of the prescription. NAC 639.6703(1)(a); NAC 639.945(1)(c), (d).

12. No pharmacist or owner of a pharmacy may offer an unearned rebate. The furnishing to a practitioner by a pharmacist or pharmacy of prescription blanks bearing the name and address of the pharmacy is an unearned rebate. NRS 639.264.

13. A pharmacy owner is responsible for violations committed by the pharmacy's employees. NRS 639.230; NAC 639.702; NAC 639.945.

14. Respondents are subject to discipline for violations pursuant to NRS 453.236, NRS 453.241, NRS 639.210 and/or NRS 639.255.

COUNT ONE

Unprofessional Conduct – Failure to Strictly Follow Instructions of Prescribing Practitioner (Respondent Edouard)

15. Respondent Edouard engaged in unprofessional conduct when he failed to strictly follow the directions of the prescribing practitioner when compounding prescription #4000099 for patient M.W., which were compounded with Dimethyl Sulfoxide Liquid, a substance not to be used for medicinal purposes on humans, and Promethazine-Codeine Syrup; the ingredients were not written on the prescription in violation of NRS 585.485(2)(b)(1), NAC 639.6703(1)(a), and NAC 639.945(1)(c)(d), and (i), and Respondent Edouard is therefore subject to discipline pursuant to NRS 639.210(4), (12), and/or NRS 639.255.

COUNT TWO

Unprofessional Conduct – Incompetent, Unskillful and Negligent Conduct (Respondents Edouard and Washington)

16. Respondent Edouard engaged in unprofessional conduct and conduct contrary to the public interest, and performed his duties in an incompetent, unskillful or negligent manner when he processed copied signatures on prescriptions for Respondent Washington in violation of NAC 453.440(2), NAC 454.060, and is therefore subject to discipline pursuant to NRS 453.236, NRS 453.241, NRS 639.210, and/or NRS 639.255.

17. Respondent Washington engaged in unprofessional conduct and conduct contrary to the public interest, and performed his duties in an incompetent, unskillful or negligent manner when he allowed his copied signature to be used on prescriptions in violation of NAC 453.440(2), NAC 454.060, and is therefore subject to discipline pursuant to NRS 453.236, NRS 453.241, NRS 639.210, and/or NRS 639.255.

COUNT THREE

Failure to Properly Document Prescriptions on Telephoned Orders (Respondent Edouard)

18. Respondent Edouard failed to provide proper documentation of telephoned orders in violation of NAC 639.707(1), (2), and (6)(b), and is therefore subject to discipline pursuant to NRS 639.210(12), (15), and/or NRS 639.255.

COUNT FOUR

Unprofessional Conduct – Utilization of Pre-printed Forms as Unearned Rebate
(Respondent Edouard)

19. As a pharmacy owner/pharmacist registered with the Board, Respondent Edouard engaged in unprofessional conduct and conduct contrary to the public interest when he utilized pre-printed forms as unearned rebates in marketing his business in violation of NRS 639.264, NAC 639.945(1)(i), and is therefore subject to discipline pursuant to NRS 639.210 and/or NRS 639.255.

COUNT FIVE

Unprofessional Conduct – Unlicensed Activity
(Respondent Edouard)

20. As a pharmacy owner/pharmacist registered with the Board, Respondent Edouard engaged in unprofessional conduct and conduct contrary to the public interest when he shipped prescriptions to California and Arizona without valid licenses in those jurisdictions in violation of NAC 639.945(1)(k), and is therefore subject to discipline pursuant to NRS 639.210 and/or NRS 639.255.

COUNT SIX

Pharmacy/Pharmacy Owner Responsibility
(Respondent LV Scripts)

21. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, LV Scripts is responsible for those violations, including those of the pharmacy's employees, pursuant to NAC 639.702, NAC 639.945(2) and is therefore subject to discipline pursuant to NRS 639.210 and/or NRS 639.255.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of license(s)/registration(s) of these Respondents.

Signed this 26th day of APRIL 2022.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENTS

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241. To do so, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **NATHAN EDOUARD, RPH,** **Certificate of Registration No. 19462,** **Respondent.**	**CASE NO. 19-243-RPH-S** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy (Board) by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you, as is more fully explained and set forth in the Notice of Intended Action and Accusation served herewith and hereby incorporated reference herein.

2. You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241. To do so, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Statement and Notice, and of the Notice of Intended Action and Accusation served within. NRS 622A.320; NRS 639.243.

3. **The Board has scheduled your hearing on this matter for Wednesday, June 1, 2022, at 9:00 AM PST or soon thereafter at the following location:**

Hilton Garden Inn Las Vegas Strip South
7830 S. Las Vegas Blvd
Las Vegas, NV 89123

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **LAS VEGAS SCRIPTS RX,** **Pharmacy License No. PH03930,** **NATHAN EDOUARD, RPH,** **Certificate of Registration No. 19462, and** **SHERMAN WASHINGTON, MD,** **Certificate of Registration No. CS24310,** **Respondents.**	**CASE NOS. 19-243-PH-S** **19-243-RPH-S** **19-243-CS-S** **FINDINGS OF FACTS, CONCLUSIONS OF LAW, AND ORDER FOR RESPONDENTS LAS VEGAS SCRIPTS RX, AND NATHAN EDOUARD, RPH ONLY**

This matter came before the Nevada State Board of Pharmacy ("Board") at its regularly scheduled meeting on Thursday, September 8, 2022, in Las Vegas, Nevada. Courtney K. Lee, Esq., appeared on behalf of Petitioner Board. Respondent Las Vegas Scripts, Rx ("LV Scripts"), Pharmacy License No. PH03930, and Nathan Edouard, RPH ("Edouard"), appeared jointly through counsel Chandon Alexander, Esq. of Spartacus Law Firm. Respondent Sherman Washington, MD ("Washington"), appeared through counsel Michael Mee, Esq., and agreed to a separately executed Stipulation and Order. Upon hearing the case, and based upon the evidence presented, the Board determined the following Findings of Facts, Conclusions of Law, and Order ("Order").

FINDINGS OF FACTS

The allegations against Respondents, as stated in the Notice of Intended Action and Accusation ("Accusation") on file herein, and upon which the Board determined findings of facts, incorporated along with the parties' stipulated facts, are as follows:

1. The Board has jurisdiction over Respondents because at the time of the events alleged herein, Respondent LV Scripts held Pharmacy License No. PH03930 with the Board, and

Respondent Edouard held a pharmacist registration, Certificate of Registration No. 19462 with the Board.

2. Respondent LV Scripts Rx is a pharmacy located 2920 N. Green Valley Parkway, #814, in Henderson, Nevada.

3. Respondent Edouard was/is the owner of LV Scripts and was/is employed as the managing pharmacist during the alleged and relevant timeframes.

4. Respondent Washington was/is a physician who wrote prescriptions with copied signatures filled by LV Scripts during the relevant timeframes.

5. On or about June 10, 2019, LV Scripts received a prescription written by Dr. M.B. for patient M.W. for "Cold Cough & Chest rub 240 grams". The prescription was designated prescription #4000099 and was compounded with Dimethyl Sulfoxide Liquid and Promethazine-Codeine Syrup, which were not written on the prescription.

6. On or about September 25, 2019, Board inspectors completed their annual inspection at LV Scripts. At the inspection, the following violations were discovered:

a. LV Scripts appeared to be filling faxed, hand-delivered, or picked up prescriptions that were not signed by practitioners, but contained copied signatures.

b. LV Scripts is providing pre-printed prescription forms.

c. Respondent Edouard failed to provide proper documentation of telephoned orders.

/ / /

/ / /

/ / /

CONCLUSIONS OF LAW

Based upon the foregoing findings of facts, the Board concludes as a matter of law:

7. Respondent Edouard engaged in unprofessional conduct when he failed to strictly follow the directions of the prescribing practitioner when compounding prescription #4000099 for patient M.W., which were compounded with Dimethyl Sulfoxide Liquid, a substance not to be used for medicinal purposes on humans, and Promethazine-Codeine Syrup; the ingredients were not written on the prescription in violation of NRS 585.485(2)(b)(1), NAC 639.6703(1)(a), and NAC 639.945(1)(c)(d), and (i), and Respondent Edouard is therefore subject to discipline pursuant to NRS 639.210(4), (12), and/or NRS 639.255.

8. Respondent Edouard engaged in unprofessional conduct and conduct contrary to the public interest, and performed his duties in an incompetent, unskillful or negligent manner when he processed copied signatures on prescriptions for Respondent Washington in violation of NAC 453.440(2), NAC 454.060, and is therefore subject to discipline pursuant to NRS 453.236, NRS 453.241, NRS 639.210, and/or NRS 639.255.

9. Respondent Edouard failed to provide proper documentation of telephoned orders in violation of NAC 639.712, and is therefore subject to discipline pursuant to NRS 639.210(12), (15), and/or NRS 639.255.

10. As a pharmacy owner/pharmacist registered with the Board, Respondent Edouard engaged in unprofessional conduct and conduct contrary to the public interest when he utilized pre-printed forms as unearned rebates in marketing his business in violation of NRS 639.264, NAC 639.945(1)(i), and is therefore subject to discipline pursuant to NRS 639.210 and/or NRS 639.255.

11. As the pharmacy at which the violations of law alleged herein occurred, Respondent LV Scripts is responsible for those violations, including those of the pharmacy's employees, pursuant to NAC 639.702, NAC 639.945(2) and is therefore subject to discipline pursuant to NRS 639.210 and/or NRS 639.255.

/ / /

ORDER

THEREFORE, BASED UPON THE FINDINGS OF FACTS, AND CONCLUSIONS OF LAW, THE BOARD HEREBY ORDERS AS FOLLOWS:

1. Respondent LV Scripts' Pharmacy License No. PH03930 is revoked; however, the revocation is immediately stayed. Respondent LV Scripts shall be placed on probation for two (2) years from the date of entry of the Order. During the 2-year probationary period, Respondent LV Scripts shall not violate any federal or state law pertaining to the dispensing of controlled substances and/or dangerous drugs. If Respondent LV Scripts successfully completes the conditions of the probationary period, then after 2 years, Respondent's Pharmacy License No. PH03930 shall be fully restored.

2. Respondent LV Scripts shall pay fines of Ten Thousand Dollars ($10,000) for the violations by *personal check, business check*, *cashier's check* or *certified check* or *money order* made payable to **"State of Nevada, Office of the Treasurer,"** to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, on the following payment schedule:

Due Date	Amount
10/1/2022	$1,000
11/1/2022	$1,000
12/1/2022	$1,000
1/1/2023	$1,000
2/1/2023	$1,000
3/1/2023	$1,000
4/1/2023	$1,000
5/1/2023	$1,000
6/1/2023	$1,000

7/1/2023	$1,000
***TOTAL**	**$10,000**

*Respondent LV Scripts may pre-pay a portion or all of the fines without penalty.

3. Respondent LV Scripts shall pay attorney's fees and investigative costs of Nine Hundred-Forty Dollars and Fifty Cents ($940.50) by *personal check, business check, cashier's check* or *certified check* or *money order* made payable to "**Nevada State Board of Pharmacy,"** to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days upon entry of Order.

4. Respondent LV Scripts shall be subject to quarterly inspections by Board's staff for a period of two (2) years from entry of Order at Respondent LV Scripts' cost, not to exceed Five Hundred Dollars ($500) for each quarterly inspection.

5. Respondent LV Scripts shall ensure that all pharmacist staff who will engage in compounding have completed compounding training approved by Board staff pursuant to NAC 639.67013 within six (6) months of entry of Order.

6. Respondent Edouard's pharmacist registration, Certification of Registration No. 19462 is revoked; however, the revocation is immediately stayed. Respondent Edouard shall be placed on probation for five (5) years from the date of entry of the Order. During the 5-year probationary period, Respondent Edouard shall not violate any federal or state law pertaining to the dispensing of controlled substances and/or dangerous drugs. If Respondent Edouard successfully completes the conditions of the probationary period, then after 5 years, Respondent's Certificate of Registration No. 19462 shall be fully restored.

7. Respondent Edouard shall not be a managing pharmacist for any pharmacy for a period of two (2) years from entry of Order.

8. Respondent Edouard shall pay fines of Five Thousand Dollars ($5,000) for the violations by *personal check, business check*, *cashier's check* or *certified check* or *money order* made payable to **"State of Nevada, Office of the Treasurer,"** to be received by the Board's

Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, on the following payment schedule:

Due Date	Amount
10/1/2022	$1,000
11/1/2022	$1,000
12/1/2022	$1,000
1/1/2023	$1,000
2/1/2023	$1,000
***TOTAL**	**$5,000**

*Respondent Edouard may pre-pay a portion or all of the fines without penalty.

9. Respondent Edouard shall pay attorney's fees and investigative costs of Nine Hundred Dollars ($900) by *personal check, business check, cashier's check* or *certified check* or *money order* made payable to "**Nevada State Board of Pharmacy,"** to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days upon entry of Order.

10. Respondent Edouard must complete two (2) additional hours of continuing education by attending two (2) discipline days of Board meetings within one (1) year upon entry of Order.

11. This Order shall be a public record pursuant to NRS 622.330, and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r-2 and 45 CFR Part 60.

12. Any failure by any Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next scheduled Board meeting for hearing. If the show cause hearing results in a finding of a violation of this Order by any

Respondent, then the Board may impose additional discipline upon any Respondent consistent with NRS Chapter 639

13. This Order is effective immediately.

IT IS SO ORDERED.

Entered this 8th day of September, 2022.

Dear Mr. Wuest,

I'm circling back as per prior communication to officially request a reconsideration of my case. Also to ask when will the reconsideration hearing take place? When is my supporting documentation/exhibits required to be submitted? I'm still working on compiling everything, but wanted to make sure I submit everything to you by any required deadline.

Thank you kindly,
Nathan

CASE NOS. 19-243-PH-S
19-243-RPH-S
19-243-CS-S

ORDER GRANTING RESPONDENTS' LAS VEGAS SCRIPTS RX, AND NATHAN EDOUARD, RPH PETITION/MOTION FOR PARTIAL RECONSIDERATION

This matter came before the Nevada State Board of Pharmacy ("Board") at its meeting on Thursday, September 8, 2022, in Las Vegas, Nevada. Courtney K. Lee, Esq., appeared on behalf of Petitioner Board. Respondent Las Vegas Scripts, Rx ("LV Scripts"), Pharmacy License No. PH03930, and Nathan Edouard, RPH ("Edouard"), appeared jointly through counsel Chandon Alexander, Esq. ("Alexander") of Spartacus Law Firm. Mr. Alexander has subsequently withdrawn as counsel of record, and both Respondents, LV Scripts and Edouard, are representing themselves, *in proper person*. An extension of time was granted for Respondents to serve and file a petition/motion for reconsideration to October 24, 2022, which request was received by email on or about October 24, 2022. The presiding officer of the Board, pursuant to NRS 233B.130(4) and NRS 622A.390(5)(c) has granted the petition/motion to partially reconsider the Findings of Facts, Conclusions of Law, and Order ("Order") entered on or about September 8, 2022 ONLY as it pertains to paragraphs 7 and 10 of the Conclusions of Law of the Order.

IT IS SO ORDERED.

CASE NOS. 19-243-PH-S
19-243-RPH-S
19-243-CS-S

RESPONDENT LAS VEGAS SCRIPTS RX, AND NATHAN EDOUARD, RPH'S MOTION FOR CONTINUANCE AND LEAVE TO FILE PETITION/MOTION FOR NEW HEARING

This matter came before the Nevada State Board of Pharmacy ("Board") at its regularly scheduled meeting on Thursday, September 8, 2022, in Las Vegas, Nevada. On or about October 24, 2022, Respondents, *in proper person* and without the assistance of counsel, submitted an email request for reconsideration of the Board's Findings of Fact and Conclusions of Law as entered on or about September 8, 2022. The presiding officer of the Board, pursuant to NRS 233B.130(4) and NRS 622A.390(5)(c) granted Respondents' petition/motion to partially reconsider the Findings of Facts, Conclusions of Law, and Order ("Order") ONLY as it pertains to paragraphs 7 and 10 of the Conclusions of Law of the Order; setting the motion for hearing on November 30, 2022. LV Scripts and Edouard, are represented by counsel Ayesha R. Mehdi, Esq., of Spencer Fane LLP, as properly noticed by this Board on November 16, 2022. As counsel has not had an adequate time to conduct review of this case's procedural history and the complete record of hearing, Respondents hereby request that the current setting for hearing on Respondents' petition/motion be continued from its current setting of November 30, 2022; and reset for hearing no sooner than 60 days from the date of appearance of Respondents' counsel.

Respondents further request leave of the Board to amend the petition/motion previously submitted by Respondents prior to appearance of counsel. Such leave is requested for a period of fifteen (15) days following the boards action on this motion, in order to remain in compliance with the statutory provisions of NRS 622A.390(2)(a).

Should the Board deny Respondents' request for continuance and leave to amend Respondents' petition/motion for rehearing/reconsideration; Respondents request that the Board enter final judgment on this case such as to allow for Respondents to immediately seek judicial review pursuant to NRS 622A.400.

Respectfully Submitted,

SPENCER FANE LLP

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **LAS VEGAS SCRIPTS RX,** **Pharmacy License No. PH03930,** **NATHAN EDOUARD, RPH,** **Certificate of Registration No. 19462, and** **SHERMAN WASHINGTON, MD,** **Certificate of Registration No. CS24310,** **Respondents.**	**CASE NOS. 19-243-PH-S** **19-243-RPH-S** **19-243-CS-S** **OPPOSITION TO RESPONDENTS' LAS VEGAS SCRIPTS RX, AND NATHAN EDOUARD, RPH'S MOTION FOR CONTINUANCE AND LEAVE TO FILE PETITION/MOTION FOR NEW HEARING**

This matter came before the Nevada State Board of Pharmacy ("Board") at its meeting on Thursday, September 8, 2022, in Las Vegas, Nevada. Courtney K. Lee, Esq., appeared on behalf of Petitioner Board. Respondent Las Vegas Scripts, Rx ("LV Scripts"), Pharmacy License No. PH03930, and Nathan Edouard, RPH ("Edouard"), appeared jointly through counsel Chandon Alexander, Esq. ("Alexander") of Spartacus Law Firm. Mr. Alexander has subsequently withdrawn as counsel of record on or about October 5, 2022. Both Respondents, LV Scripts and Edouard, represented themselves, *in proper person* thereafter. An extension of time was granted for Respondents to retain new counsel and/or serve and file a petition/motion for reconsideration to October 24, 2022, which request was received by email from Respondent Edouard on or about October 24, 2022. The presiding officer of the Board, pursuant to NRS 233B.130(4) and NRS 622A.390(5)(c) granted the petition/motion to partially reconsider the Findings of Facts, Conclusions of Law, and Order ("FFCLO") entered on or about September 8, 2022 ONLY as it pertains to paragraphs 7 and 10 of the Conclusions of Law of the Order, to be heard before the Board on November 30, 2022. Respondents LV Scripts and Edouard waived the 21-day notice of hearing.

On or about November 16, 2022, Ayesha Mehdi, Esq. of Spencer Fane LLP entered her appearance as counsel on behalf of Respondents LV Scripts and Edouard.

On November 28, 2022, counsel Ms. Mehdi emailed the Respondent Las Vegas Scripts Rx, and Nathan Edouard, RPH's Motion for Continuance and Leave to File Petition/Motion for New Hearing ("Motion") to J. David Wuest, the Executive Secretary of the Board, without the Board counsel's consent or knowledge. Mr. Wuest forwarded Ms. Mehdi's Motion to General Counsel of the Board, Courtney K. Lee, on the morning of November 29, 2022. The undersigned informed Ms. Mehdi by email that her direct contact with Mr. Wuest may be a Nevada Rules of Professional Conduct 4.2 violation as she was aware that the undersigned represented the Board/Board staff. This appeared to be an attempt to circumvent the procedural requirements by obtaining the grant of continuance and leave to file another petition/motion from a non-legal Board executive.

Although Ms. Mehdi was retained on November 16, 2022, Respondents LV Scripts and Edouard were already given the courtesy of an extension and opportunity to retain replacement counsel sooner to file any petitions/motions. No good cause was stated to support another grant of extension of time.

Nevertheless, this present Motion for Continuance is untimely pursuant to NRS 622A.360(3), as any "prehearing motion ***must be filed*** with the regulatory body or hearing panel or officer ***at least 10 days before the date of the hearing***." (Emphasis added). Any motion for continuance for the current hearing scheduled for November 30, 2022 should have been filed, at the latest, by November 20, 2022.

Furthermore, leave to file a petition/motion for rehearing or new hearing should be denied as the time to file has long expired. The Board's FFCLO in this matter, was file-stamped September 8, 2022, and served on Respondents on September 23, 2022. The original due date for any petition/motion for rehearing/reconsideration was October 10, 2022, but Respondents were granted an extension of time to October 24, 2022 to retain new counsel and/or to file any petition/motion, which Respondents chose to file themselves or *in proper person* via email on October 24, 2022. Posthearing motions, as enumerated in NRS 622A.390, state in relevant part:

> A motion requesting a rehearing or reconsideration must be filed with: . . . (b)The regulatory body not later than 15 days after the date of service of the final decision of the regulatory body.

Moreover, any petition for judicial review is also untimely pursuant to NRS 233B.130(2) as it should have been filed within 30 days after service of the final decision of the agency or by October 24, 2022. If Respondents argue that the time to file an petition for judicial review was somehow tolled by the grant of extension of time to file their petition/motion for reconsideration, then Respondents had until November 23, 2022 to file their petition for judicial review on the other final portions of the Board's FFCLO pursuant to NRS 233B.130(4) because the November 10, 2022 Order (served on November 15, 2022) granted partial reconsideration only as to paragraphs 7 and 10 of the Conclusions of Law portion of the FFCLO.

It is requested that the Board deny Respondents' Motion in its entirety as untimely and unwarranted.

Dated this 29th day of November, 2022.

CASE NOS. 19-243-PH-S
19-243-RPH-S
19-243-CS-S

RESPONDENTS' REPLY TO THE BOARDS OPPOSITION TO RESPONDENTS' LAS VEGAS SCRIPTS RX, AND NATHAN EDOUARD, RPH'S MOTION FOR CONTINUANCE AND LEAVE TO FILE PETITION/MOTION FOR NEW HEARING

On November 29, 2022, general counsel for the Nevada Board filed a response in Opposition to Respondents' Motion for New Hearing, alleging impropriety in the procedural mechanism by which Respondents' counsel sought to submit a motion for consideration before the Board. The Board took issue with the submission of Respondents' Motion for Continuance and Leave to File Petition/Motion for New Hearing ("Motion") of November 28, 2022, to J. David Wuest, the Executive Secretary of the Board. Mr. Wuest forwarded Ms. Mehdi's Motion to General Counsel of the Board, Courtney K. Lee, on the morning of November 29, 2022. The motion was submitted in accordance with the provisions of NRS 622A.360(2)(a), (3), and (4), excerpted in relevant part:

> "3. A prehearing motion must be filed with the regulatory body or hearing panel or officer at least 10 days before the date of the hearing. A party who opposes the motion may file a response to the prehearing motion not later than 7 days after the date of service of the motion. Upon a showing of good cause, the regulatory body or hearing panel or officer may allow a party to file such a motion or response within such other times as the regulatory body or hearing panel or officer deems appropriate.
>
> 4. The regulatory body or hearing panel or officer shall rule on any prehearing motion before or on the date of the hearing The regulatory body may authorize the president or chair of the regulatory body to rule on any prehearing motion before the date of the hearing. The hearing panel may authorize the chair or presiding officer of the hearing panel to rule on any prehearing motion before the date of the hearing." *See,* NRS 622A.360 at (3) and (4).

As the hearing is currently set for November 30, 2022, the Respondents' motion was a properly designated "prehearing motion" pursuant to NRS 622A.360(2)(a). The relevant section sets forth three specific avenues for motion submission and consideration: (1) regulatory body, (2) hearing panel, (3) officer. None of which indicate that the prosecutor assigned to present the case brought by the Board is the proper means for receiving the prehearing motion submission of an adverse party. As the statute provides no further information that is instructive concerning motion submission, Respondents' elected to follow the same procedural trajectory as established and endorsed in the Boards acceptance and consideration of Respondents' original motion of October 24, 2022— submission via Mr. Wuest. Without more, the statutory provisions and prior Board practice indicates that Mr. Wuest was the proper avenue for motion submission, deeming the prosecutor's response to counsel's motion not only professionally improper— but procedurally incorrect.

A procedure requiring reliance on the counsel for an adversarial party to receive, review, and submit motions for consideration serves to embed a conflict of interest within a Respondents' due process, and is prejudicial on its face. The absence of more specific instructions for motion submission, should they exist outside of the statutory confines, is a procedural defect of which the Board should seek to remedy to avoid further potential for prejudice.

Nevertheless, Respondents' present Motion for Continuance should be considered for approval by the hearing panel pursuant to NRS 622A.360(3), as "Upon a showing of good cause, the ***regulatory body*** or ***hearing panel*** or ***officer*** <u>may</u> allow a party to file such a motion or response ***within such other times*** as the regulatory body or hearing panel or officer deems appropriate."
(Emphasis added). Therefore, any motion for continuance for the current hearing scheduled for November 30, 2022, remains within the discretion of the aforementioned entities to grant or deny.

Furthermore, leave to file a petition/motion for rehearing or new hearing also remains within the discretion of the regulatory body or hearing panel or officer— for which Respondents request specific instructions for submission to ensure timely and accurate receipt without any opportunity for impropriety or unnecessary delay.

Respondents' therefore reiterate their request that the Board grant Respondents' Motion in its entiret to ensure Respondents receive effective assistance of counsel and full exercise of their rights to procedural due process in accordance with Nevada laws and the Constitution of the United States.

Dated this 29th day of November, 2022.

Respectfully Submitted,

SPENCER FANE LLP

Pre-Closing Organization Chart

Post-Closing Organization Chart

* After closing, the majority of the equity of Crown CT Parent Inc. will be owned indirectly by Eurazeo SE, a public company registered in accordance with the corporate law of France (through intermediary entities specifically created for this investment). No other person or entity will own 5% or more of the equity of Cranial Tech or exercise control over such licensed entity.

STATE OF ARIZONA

Office of the
CORPORATION COMMISSION

CERTIFICATE OF GOOD STANDING

I, the undersigned Executive Director of the Arizona Corporation Commission, do hereby certify that:

CRANIAL TECHNOLOGIES, INC.

ACC file number: 06021477

was incorporated under the laws of the State of Arizona on 07/09/1993;

That all annual reports owed to date by said corporation have been filed or delivered for filing, and all annual filing fees owed to date have been paid; and

That, according to the records of the Arizona Corporation Commission, said corporation is in good standing in the State of Arizona as of the date this Certificate is issued.

This Certificate relates only to the legal existence of the above named entity as of the date this Certificate is issued, and is not an endorsement, recommendation, or approval of the entity's condition, business activities, affairs, or practices.

IN WITNESS WHEREOF, I have hereunto set my hand, affixed the official seal of the Arizona Corporation Commission, and issued this Certificate on this date: **07/11/2022**

Matthew Neubert, Executive Director

NEVADA STATE BOARD
OF PHARMACY

NV Board of Pharmacy
985 Damonte Ranch Parkway
Reno, NV 89521

Re: Cranial Technologies, Inc.

To Whom It May Concern:

The purpose of this letter is to notify the NV Board of Pharmacy of an upcoming indirect change of ownership of Cranial Technologies, Inc. ("Cranial Tech"), which currently holds State MDEG License for the following facilities (each, a "Clinic"):

Facility D/B/A Name and Address	License/Permit Type and ID No.
8285 W Arby Ave, Ste. 235, Las Vegas, NV 89113	LICENSE NUMBER : P030060

In connection with a Stock Purchase Agreement by and among: (i) Crown CT Parent Inc., a Delaware corporation ("Purchaser"), (ii) Cranial Technologies Equity, LLC ("Seller") and (ii) Cranial Technologies Acquisition, Inc. ("CT Acquisitions"), Purchaser will be acquiring all of the issued and outstanding Common Stock of CT Acquisition (the "Transaction"). As a result of the Transaction, Purchaser will become the indirect owner of 100% of Cranial Tech, an entity which holds the above permits. Enclosed for your reference as Attachment A, please find pre- and post-closing organizational charts, illustrating the change.

Please note that the Transaction will result only in a change of indirect ownership of Cranial Tech. Following the Transaction, Cranial Tech will retain its tax identification number. In addition, Cranial Tech's direct ownership/controlling interests, operations, accreditation, location, name, and policies and procedures of the business will remain the same.

The Transaction is expected to close on or about March 8, 2022.

1405 W. Auto Dr., Fl. 2, Tempe AZ 85284

Fax: (844) 447-5895 • **Ph: (844) 447-5894**

We understand this is all the information you need in regard to this Transaction. If, however, you have questions or need any additional information, please do not hesitate to contact Justin Bova (jbova@cranialtech.com)

Sincerely,

Justin Bova
Director of Managed Care

Statement of Responsibility

1. I am the Pharmacist in Charge (title) for ADVANCE PHARMA (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacist engaged in providing pharmacy services into Nevada is licensed by the Nevada State Board of Pharmacy (NRS 639.100).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, TAYLOR MENDEZ hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the PHARMACYST (title) for ADVANCE PHARMA (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: TAYLOR MENDEZ Pharmacist Registration #: 23119

Pharmacy Name: ADVANCE PHARMA

Initial each statement below to indicate you have read and agree with the following:

TM I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

TM I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

TM I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

TM I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

TM I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

NEVADA STATE BUSINESS LICENSE

ADVANCE PHARMA

Nevada Business Identification # NV20222583742
Expiration Date: 09/30/2023

In accordance with Title 7 of Nevada Revised Statutes, pursuant to proper application duly filed and payment of appropriate prescribed fees, the above named is hereby granted a Nevada State Business License for business activities conducted within the State of Nevada.
Valid until the expiration date listed unless suspended, revoked or cancelled in accordance with the provisions in Nevada Revised Statutes. License is not transferable and is not in lieu of any local business license, permit or registration.
License must be cancelled on or before its expiration date if business activity ceases. Failure to do so will result in late fees or penalties which, by law, cannot be waived.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Great Seal of State, at my office on 09/28/2022.

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the President (title) for Ace Pharmacy LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacist engaged in providing pharmacy services into Nevada is licensed by the Nevada State Board of Pharmacy (NRS 639.100).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Anush Amin hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the President (title) for Ace Pharmacy LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Jonathan Tang Pharmacist Registration #: 19117

Pharmacy Name: Ace Pharmacy LLC

Initial each statement below to indicate you have read and agree with the following:

JT I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

JT I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

JT I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

JT I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

JT I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in any state?		✔
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state?		✔
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in any state?		✔

If you marked YES to any questions above, include the following information and provide a signed statement of explanation. Copies of any documents that identify the circumstance or contain an order, agreement or other disposition is required.

APOTHECO
PHARMACY GROUP

In 1992, I was promoted by Walgreens into their store management program and moved out of pharmacy practice to store operations. My responsibilities expanded to include the entire store as general manager. I was prescribed Vicodin from time to time to treat lower back pain and over time became physically and emotionally addicted to the opiate. In the midst of my addiction, I began to divert medication from the pharmacy at the store I managed. I was approached by Walgreens loss prevention and the AZ BOP regarding control substance audit results and admitted to my actions and behavior in January 1993.

The BOP gave me an opportunity to retain my license by entering into a stipulation agreement and the Pharmacists Assisting Pharmacist with Addiction (PAPA) rehabilitation program. The program included 30-day inpatient treatment followed by a 5 year outpatient program that included weekly group meetings and random weekly drug UAs. I completed the program commitment in 1998 and my license was removed from probation and placed in good standing.

During the period in the PAPA program, I practiced pharmacy for a couple of years as a staff pharmacist and PIC before moving into managed care operations with Albertsons in 1997. I continued to advance my career while there into pharmaceutical purchasing as Director of Procurement. In 2003, I joined Rite Aid Corp in Camp Hill, PA as SVP of Purchasing where my responsibilities also included clinical services and government affairs for the chain of over 4,500 locations nationwide. In 2009, I joined Prasco Laboratories, a privately owned generic company, as President and COO. Our business model was to partner with brand pharma after exclusivity and created their authorized generic product lines. While at Prasco, the company expanded their partnerships from 7 brand companies to 38 and grew the product line to over 200 authorized generics. In 2014, I returned to pharmacy services as COO with Genoa Healthcare, a specialized pharmacy provider in the behavioral health space. We were successful in bringing a comprehensive level of care to patients with severe and persistent mental illness and addictions that improved their lives and reduced their overall burden on healthcare costs. Our patients had over a 90% adherence rate to their medication and a 40% reduction in total cost of care as measured in a peer reviewed retrospective study published in JAMA. We grew the business to over 500 pharmacies in 47 states, including CA, over 4 years before being acquired by UnitedHealth Group. I retired in 2019 and shortly after joined the Board of Directors at Apotheco Pharmacy Group. I moved within the board to Executive Chair in 2020, interim CEO and then CEO in 2021.

The overall experience was humbling for me but in hindsight the most important event in my life. The humility of falling so hard and literally starting my career over was not enjoyable but with the love and support of my wife and family, the last 29 years could not have played out been better. I have been blessed with a second chance and have worked hard every day to take advantage of it. Thank you.

Sincerely,

GALE A. NORTON

RE: The Disciplinary Action Against the License of David Vucurevich

Dear Mr. Vucurevich:

I am the attorney for the State Board of Pharmacy. . The Board met on February 18, 1994 and reviewed your case. In lieu of a formal hearing, the Board is willing to offer you the terms described in the attached Stipulation and Order. The Stipulation and Order parallel your Arizona probation. You will be under the Colorado stipulation until April 7, 1998, or until Arizona lifts your probation.

In lieu of a formal hearing, the Board is willing to offer you the terms described in the attached Stipulation and Order. Signing of the Stipulation and Order will take care of all your pending matters before the Board of Pharmacy.

Please review the Stipoulation and Order and respond to me by April 8, 1994. Please be advised that you have the right to have a formal hearing and can, of course, hire an attorney to represent you in this matter.

Sincerely,

FOR THE ATTORNEY GENERAL

EVELYN BACHRACH MAKOVSKY

STATE OF COLORADO

Proceeding No. RG DE DAJZG

STIPULATION AND ORDER

IN THE MATTER OF DISCIPLINARY PROCEEDINGS REGARDING THE LICENSE TO PRACTICE AS A PHARMACIST IN THE STATE OF COLORADO OF DAVID VUCUREVICH, R.PH., LICENSE NO. 11967

IT IS HEREBY STIPULATED by and between the Colorado State Board of Pharmacy ("the Board") and David Vucurevich, R.Ph. (respondent") as follows:

1. The Board has jurisdiction over the person of the respondent and the subject matter of this Stipulation.

2. The respondent has been licensed as a pharmacist in the State of Colorado at all relevant times herein.

3. Respondent admits the following:

a. In October 1993, respondent informed the Board that his dental license in the State of Arizona had been placed on probation due to respondent's substance abuse.

b. Respondent holds Arizona dental license number

8461.

c. On or about April 9, 1993, the Arizona State Board of Pharmacy issued Findings of Fact, Conclusions of Law and Board Order ("Arizona Order") regarding the respondent.

d. The Arizona Order suspended respondent's dental license for 5 years, with the suspension stayed contingent upon terms of probation to continue until April 7, 1998, at a minimum.

4. The statutory authority of the Board is as follows:

> 12-22-125. Licenses or registrations may be denied, suspended, or revoked. (1) The board may deny, suspend, or revoke any license or registration issued by it, after a hearing held in accordance with the provisions of this section, upon proof that the licensee or registrant:
>
> . . .
>
> (c) Has violated any of the provisions of this part 1, the lawful rules and regulations of the board, or any state or federal law pertaining to drugs.
>
> (2) (a) The board may deny, suspend, or revoke any license to practice as a pharmacist or pharmacy

intern, after a hearing held in accordance with the provisions of this section, upon proof that the licensee:

. . .

(IV) Has had his license to practice pharmacy in another state revoked or suspended for disciplinary reasons or has committed acts in any other state which would subject him to disciplinary action in this state;

. . .

5. A true and correct copy of the Arizona Order is attached hereto as Attachment A and the terms of the Arizona Order are incorporated herein by reference as if fully set forth.

6. Respondent's license shall hereby be placed on probation, commencing from the effective date of this Stipulation and Order, until April 7, 1998, or until the Arizona Board of Pharmacy lifts respondent's probation in that state.

7. Respondent agrees to notify the Board of any violation of the Arizona Order.

8. Respondent agrees to comply with the terms of the

Arizona Order. Respondent further agrees that at the end of the probation period, respondent will submit proof to the Board that all terms and conditions of the Arizona Order were satisfied and the case has been terminated in the State of Arizona.

9. Respondent shall comply with all the provisions of the Colorado Drugs and Druggists Act and the rules and regulations of the Board.

10. In the event of relocation to another state, respondent shall notify the Board of the change of address within 30 days of such relocation and hereby gives consent to the Board that it may notify the Board of Nursing or the equivalent regulatory agency in any state to which respondent relocates, of the existence and terms of this Stipulation and Order.

11. Respondent is aware of and understands the right to receive a formal notice of hearing and charges and to have a formal disciplinary hearing pursuant to § 12-22-125, C.R.S. (1991) and hereby waives those rights and requests that this Stipulation and Order be accepted by the Board with the same force and effect as an Order entered as a result of a formal disciplinary proceeding.

12. Respondent understands that if, during the pendency of this Stipulation and Order, the Board has reasonable grounds

to believe that respondent has violated this Stipulation or is otherwise in violation of the Colorado Drugs and Druggists Act, the Board may refer the respondent to hearing or may suspend, on a summary and immediate basis, the license of respondent pending a prompt post-suspension formal disciplinary hearing. In the event an alleged violation of this Stipulation and Order is taken to hearing and the facts that constitute the violation are determined to be not proven, no disciplinary action shall be taken by the Board, and this Stipulation and Order shall remain operative and in full force and effect. The pendency of any disciplinary action pursuant to this Stipulation and Order shall not affect the obligation of respondent to comply with the terms of this Stipulation and Order.

13. Should respondent return to Colorado the Board will review respondent's status and compliance with the Arizona Order. The probationary period of respondent shall be subject to further continuance, amendment or revision as the Board determines in its discretion that is necessary to protect the public health, safety and welfare.

14. If, at the end of the State of Arizona probation period, the Board finds that respondent adhered to all the terms of this Stipulation and Order, then this proceeding shall be dismissed.

15. This Stipulation and Order is entered into by respondent voluntarily, after the opportunity to consult with counsel, and with full understanding of the legal consequences of this Stipulation and Order.

16. In the event this Stipulation and Order does not become an Order of the Board, it shall be void and respondent shall not be bound by any provisions hereof or admissions herein.

17. This Stipulation and Order shall become an Order of the Board when accepted by the Board and signed by an authorized Board member.

18. This Stipulation and Order shall be a public record in the custody of the Board at all times.

BEFORE THE ARIZONA STATE BOARD OF PHARMACY

In the Matter of:	
DAVID VUCUREVICH Certificate of Registration Number 8461	FINDINGS OF FACT, CONCLUSIONS OF LAW AND BOARD ORDER NO. 93 - 04 - H

DIRECTED TO: DAVID VUCUREVICH
[redacted] S. River Drive
Tempe, AZ 85281

Pursuant to the foregoing Consent to Entry of Order, the evidence and records compiled and contained in the file for DAVID VUCUREVICH and for good cause appearing, the Board on this 8th day of April, 1993 enters the following Finding of Fact, Conclusions of Law and Board Order in the Matter of 93-04-H.

FINDINGS OF FACT

I

1. DAVID VUCUREVICH is the holder of Certificate of Registration Number 8461 issued by the Arizona State Board of Pharmacy which permits the holder to practice pharmacy in the State of Arizona.

2. That on the 8th day of March, 1993 DAVID VUCUREVICH did enter into a Consent to Entry of Order with the Arizona State Board of Pharmacy admitting that factual allegations contained in the Notice of Hearing Number 93-04-H are true and accurate.

3. That DAVID VUCUREVICH admits to violations of A.R.S. § 36-2525, and 21 C.F.R. § 1306.21 to wit: the removal or cause to be removed of controlled substances without a legitimate medical need and without a valid prescription order and for personal use from

Walgreen Pharmacies.

4. That DAVID VUCUREVICH is aware of the fact that the conduct contained in the factual allegations constitutes grounds for disciplinary action as provided for in A.R.S. § 32-1927(A)(10) and A.R.S. § 32-1927(B)(2).

CONCLUSIONS OF LAW

II

1. The Board concludes that it has jurisdiction in this Matter pursuant to A.R.S. § 32-1927 (A)(10) and 32-1927(B)(2).

2. The Board concludes that DAVID VUCUREVICH did violate A.R.S. § 36-2525 and 21 C.F.R. § 1306.21 to wit: the removal or cause to be removed of controlled substances without a legitimate medical need and without a valid presciption order and for his own personal use.

3. The Board further concludes that DAVID VUCUREVICH is in violation of A.R.S. § 32-1927(A)(10) and 32-1927(B)(2).

ORDER

III

The certificate of Registration Number 8461 issued to DAVID VUCUREVICH is hereby suspended for a period of five (5) years from the date of this Order. The suspension is hereby stayed and Certificate of Registration 8461 is placed on probation for five years from the date of this Order and shall continue, at a minimum, until the 7th day of April, 1998 pursuant to the following conditions.

1. DAVID VUCUREVICH shall initiate a five (5) year contract with the Pharmacists Assisting Pharmacists of Arizona or any other board approved program and shall comply with each and every requirement of that contract.

2. DAVID VUCUREVICH shall submit to a minimum of four (4) random biological fluid screenings for the presence of drugs or alcohol in the system per month and at times to be determined by the Pharmacists Assisting Pharmacists of Arizona or other board approved program for the period of suspension and the first twenty-four (24) months of the probation period, thereafter as required by the program contract.

3. DAVID VUCUREVICH shall not serve as a preceptor pharmacist nor as a Pharmacist in Charge throughout the term of probation.

4. DAVID VUCUREVICH shall take and successfully complete the Arizona Jurisprudence Examination (AZPLEX) with a score of 90% or better within 120 days of the date of this Order.

5. In lieu of a civil penalty in this Matter, DAVID VUCUREVICH is required to perform 400 hours of community service in a Board approved program during the time of probation and shall further submit evidence of those hours to the Arizona State Board of Pharmacy on or before April 7, 1998.

6. DAVID VUCUREVICH shall furnish the Arizona State Board of Pharmacy with a list of all jurisdictions in which he maintains or has maintained licensure in the profession of pharmacy along with

the registration number of said licenses.

7. DAVID VUCUREVICH is required to advise the Arizona State Board of Pharmacy immediately of any change in pharmacy employment status throughout the term of probation.

8. DAVID VUCUREVICH is required to furnish any and all pharmacy employers with a copy of this Board Order throughout the term of probation.

9. DAVID VUCUREVICH shall pay all fees and complete all Continuing Education requirements to maintain certificate of registration number 8461 throughout the term of probation.

10. DAVID VUCUREVICH shall obey all federal and state laws and rules governing the practice of pharmacy.

11. DAVID VUCUREVICH shall bear the responsibility for the release of information forms and reports required by this Order.

12. DAVID VUCUREVICH shall bear all costs for testing, rehabilitation, aftercare programs and reports to be filed.

13. DAVID VUCUREVICH shall "hold harmless" the provider of any required reports to the Board of Pharmacy.

14. DAVID VUCUREVICH shall appear before the Arizona State Board of Pharmacy on or after the 7th day of April, 1998 to show cause why the probation imposed in this matter should be removed.

15. If DAVID VUCUREVICH violates this Order in any way or fails to fullfill the requirements of this Order, the Board, after

giving the Respondent Notice and the opportunity to be heard, may revoke, suspend or take other disciplinary action against the Respondent.

DATED this 9th day of April, 1993

ARIZONA STATE BOARD OF PHARMACY

SEAL

By Llyn A. Lloyd
Llyn A. Lloyd
Executive Director

Copies of the foregoing Finding of Fact, Conclusions of Law and Board Order mailed by certified mail this 9th day of April, 1993 to:

DAVID VUCUREVICH
1802 S. River Drive
Tempe, AZ 85281

and by Courier Mail to:

Montgomery Lee

INSPECTION NOTICE

CHOICE LV SPECIALTY PHARMACY

License: **PH03469**
Inspector : L. Curras
Month of Inspection : November
Inspection # : **214610**
Date of Inspection : November 11/17/2021

INSTRUCTIONS

This Notice is provided to #FULLNAME#to inform you that your facility will be inspected sometime in the month of November. These instructions are intended to assist you to be prepared for the inspection. **You must have completed the following by the first business day of** November:

- Review and make any needed changes to information shown below
- Download and print from our website the correct forms. Be advised, in order to complete the inspection process, you will be printing more than one document. Carefully read directions below:
  - Go to http://bop.nv.gov/
  - From the Homepage, click on the tab labeled: **"FORMS"**
  - Under the section labeled **"Inspection Forms "**, locate, click on and print the APPROPRIATE Inspection Form **and** Instruction Sheet. Also, for **RETAIL** Pharmacies, click on the Workplace Assessment link labeled: November
- Attach this page to the front of the inspection forms. Complete the Inspection Form, including the Workplace Assessment forms for RETAIL Pharmacies, and have the completed forms available for review by the Inspector.
- The Managing Pharmacist is responsible to assure compliance with, all of the instructions in this matter.
- Failure to fully comply with the instructions will be noted as a deficiency and may result in disciplinary action against the pharmacy and the Managing Pharmacist.
- **The Board will not provide copies of the necessary Inspection Forms by mail or fax. The Pharmacy is responsible to obtain the Inspection Forms through the Board's website. IF you are unable to access this in the pharmacy, please contact your corporate office and request the forms be printed and provided by them.**

To: Pharmacy Manager
FROM: Nevada State Board of Pharmacy Inspector
SUBJECT: Self-Assessment Inspection Process

The Board of Pharmacy's established self-assessment inspection process provides management the opportunity to review the standards by which the board inspects your operation. The process recognizes you as the responsible person to implement and review policies and procedures necessary to provide a quality standard of pharmaceutical services. An inspection evaluation form must be obtained from the NVBOP website to self-assess compliance with Nevada pharmacy law. An inspector will review the form with you and inspect your facility during the month listed on your inspection notice. Please have the self-assessment form completed and available for review by the first day of the month listed on your inspection notice.

An inspector will conduct a review of your operation. Observations, along with your findings, will assure understanding and compliance with Nevada law.

Please attach your inspection notice that you received in the mail to your completed self-assessment inspection form.

To minimize the disruption to your facility during the inspection process please have the following documents available:

Completed inspection form along with prior year inspection form ✓

Work Place Assessment Form ✓

Non-Sterile Compounding inspection form if applicable N/A

Sterile Compounding inspection form if applicable N/A

Completed DEA-222 and/or E-222 (CSOS) electronic forms since last inspection No CII's

Most recent biennial controlled substance audit Only Phentermine 15mg + 37.5mg in stock - dispensed.

In-service training records (CE) for all pharmacy technicians

Daily activity log for pharmacy technicians in training Bryan Rascon PT247972 ✓

Daily work log (legible full name) ✓ Reviewed - complete

985 Damonte Ranch Suite 206, Reno, NV 89521
(775) 850-1440 (800)-364-2081 Fax (775) 850-1444

Miscellaneous:

Citation	Question			
NAC 639.708 (3)	Does the pharmacy routinely deliver prescriptions outside the local area? If yes please list the toll-free number provided to patient	Yes	(No)	N/A
	Does the pharmacy have an internet website? If yes, list address			
NRS 639.0865	Does the pharmacy dispense prescription medications via the internet?	Yes	(No)	N/A
NAC 639.426	If yes, is the pharmacy VIPPS certified or received certification from the NVBOP?	Yes	No	N/A

Pharmacy Technicians and Technicians in Training:

Citation	Question			
	In-Service training records (CE) and technicians in training daily activity logs must be available on-site for review by the inspector. Technicians and technicians in training are required to complete 1 hour of Nevada law CE each renewal period.			
NAC 639.254	Does the pharmacy manager maintain documentation on site of at least 12 hours of in-service training that is required of each technician for registration renewal?	(Yes)	No	N/A
	Note: Technician in-service hours are audited every other year in the year following renewal of technician registrations. Make sure technician in-service hours are current, organized, and available for review. File old in-service records and law credits in a separate location and only have the most current records available for review. Current PTCB or Institute for Certification of Pharmacy Technicians certification is accepted for the 11 hours of required general in-service hours.			
NAC 639.240	Does the pharmacy manager maintain for each technician in training a daily record?	(Yes)	No	N/A
	Note: Technician in training daily activity logs are reviewed annually. The log must contain the trainees full name, date, hours worked, activities performed, and signature of the supervising pharmacist. Trainees are required to have 1 hour of Nevada law in addition to their daily log for each registration period. Trainees do not have to complete in-service (CE) hours until licensed as a technician.			
NAC 639.247	Written documentation of completion of the orientation and training that demonstrates competency is available for review?	(Yes)	No	N/A

Immunizations:

Citation	Question			
	Do your pharmacists administer immunizations?	Yes	(No)	N/A

Note: If this is a new pharmacy or you begin to administer vaccines, send an e-mail to j.dodge@pharmacy.nv.gov stating you do provide immunizations and identify your store and contact email information. In May of each year you will be contacted to provide data on immunizations administered.

	Temperature logs as required by the CDC are available for review?	Yes	No	(N/A)
	Will the immunization data be reported individually or centrally?	Central	Individual	

Required reporting of vaccinations administered by pharmacists to Nevada WebIZ. If your pharmacists do administer immunizations you are required to register and record the immunizations in WebIZ.

Effective January 28,2010, all ACIP recommended vaccinations administered to children and adults must be recorded in WebIZ. The law requires entry for all vaccines, regardless of age or payment method.

Individuals may opt-out of reporting to WebIZ by completing the participation form and the provider must mail or fax the form to the WebIZ program.

WebIZ phone number: 877-689-3249

NRS 439.265	Are you reporting to WebIZ as required by Nevada Revised Statute?	Yes	No	(N/A)

ISMP General Guidelines:

Use more than one patient identifier when medications are picked up (i.e. name, address, phone number, date of birth, other).

Open the medication bottle and show the medication to the patient on all refill or new prescriptions that the pharmacist counsels on.

Arrange drug products that have similar or confusing manufacturer labeling, packaging, and/or drug names (that look or sound alike) to be clearly separated on shelves or have warnings.

Use a system to separate patient orders and keep multiple filled prescriptions for a patient together.

Write out all prescription information avoiding the use of error prone abbreviations on all phoned in scripts and notations in the computer.

Repeat back "echo" information to the practitioner or practitioner's agent.

Say and repeat back numbers as digits "five zero milligrams rather than 50 milligrams."

General guidelines related to receipt of prescriptions:

Transmission of prescriptions be facsimile machine – Written prescriptions and faxed prescriptions, regardless of method of receipt via standalone fax, by a computerized fax queue or other fax method, require the handwritten signature of the prescribing practitioner. A prescription received via fax or written is not a legal prescription without a handwritten signature. A pharmacist must validate that a prescription received by fax in a computer fax queue has a handwritten signature and not an electronically signed or stamped signature.

A practitioner may sign a paper prescription in the same manner as he or she would sign a check or legal document. Where an oral order is not permitted, paper prescriptions shall be written with ink or indelible pencil, typewriter, or printed on a computer printer and shall be manually signed by the practitioner. A computer generated prescription that is printed out or faxed by the practitioner must be manually signed.

Electronic transmission of prescription – The electronic signature must be digitally signed with at least all of the information required under part 1306, Prescriptions, of 21 CFR. A prescription that is digitally signed with a practitioner's private key may be transmitted to a pharmacy without the digital signature.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✔
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

Re: Ace Pharmacy Inc.
Notice of Ownership Change and Name Change
Nevada Pharmacy License PH03469

To Whom It May Concern:

Please accept this letter as proper and timely notice of a transaction involving Ace Pharmacy Inc. d/b/a Choice LV Specialty Pharmacy ("Choice"), which owns and operates a pharmacy located at 7915 W Sahara Ave. Unit 103, Las Vegas, Nevada 89117 (the "Pharmacy") pursuant to the abovementioned license. Choice is currently owned by Anna Yamamoto, Jonathan Yamamoto, and Jonathan Tang (the "Sellers").

On February 11, 2022, the Sellers entered into a non-binding Letter of Intent with Apotheco, LLC, pursuant to which the Sellers anticipate selling all of the equity of Choice to Apotheco, LLC (the "Proposed Transaction"). Additionally, in preparation for the Proposed Transaction, Choice will undergo a corporate restructuring which will convert it from a corporation into a limited liability company. Accordingly, its name will change from Ace Pharmacy Inc. to Ace Pharmacy, LLC. The closing date of the Proposed Transaction is anticipated to be on or about June 30, 2022.

Although there will be changes in the officers, Choice will continue to own and operate the Pharmacy in the same location, and its personnel and most of its day-to-day operations will not change. Additionally, there will be no changes to the tax identification number, NPI, or Medicare provider number associated with Choice.

We understand that the Proposed Transaction constitutes a change of ownership for the purposes of Choice's abovementioned license. Attached please find a copy of this application, which reflects the anticipated name and ownership information, along with the requested additional documents and filing fee.

Please note that, as noted within the application, the Certificate of Good standing from Choice's state of domicile (Nevada) will be provided once Choice is converted to a limited liability company as part of the Proposed Transaction. Additionally, we do not believe that the Personal History Record Application would be applicable in this case because Choice will be directly owned

100% by a limited liability company (Apotheco, LLC) post-closing. We have attached an organization chart illustrating the post-closing ownership structure for your reference.

We are happy to answer any questions you may have regarding the Proposed Transaction. If you require any additional information or would like to discuss this notification further, please feel free to contact me as Apotheco, LLC's legal counsel at rob.stone@alston.com or 404-881-7270. We appreciate your assistance with this matter.

Sincerely,

Rob Stone

Statement of Responsibility

1. I am the MARK YU - PHARMACY ADMIN M (title) for TRINITY EXPRESS PHARMACY (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacist engaged in providing pharmacy services into Nevada is licensed by the Nevada State Board of Pharmacy (NRS 639.100).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, MARK KRISTOFFER YU hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the PHARMACY ADMIN MANAGER (title) for TRINITY EXPRESS PHARMACY (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: LAURA D RONGOMAS Pharmacist Registration #: 14739

Pharmacy Name: TRINITY EXPRESS PHARMACY

Initial each statement below to indicate you have read and agree with the following:

LDR I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

LDR I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

LDR I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

LDR I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

LDR I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in any state?		✔
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state?		✔
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in any state?		✔

If you marked YES to any questions above, include the following information and provide a signed statement of explanation. Copies of any documents that identify the circumstance or contain an order, agreement or other disposition is required.

SECRETARY OF STATE

STATE OF NEVADA

DOMESTIC LIMITED-LIABILITY COMPANY (86) CHARTER

I, BARBARA K. CEGAVSKE, the duly qualified and elected Nevada Secretary of State, do hereby certify that **TRINITY EXPRESS PHARMACY LLC** did, on 11/16/2021, file in this office the original Articles of Organization that said document is now on file and of record in the office of the Secretary of State of the State of Nevada, and further, that said document contains all the provisions required by the law of the State of Nevada.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Great Seal of State, at my office on 11/16/2021.

Barbara K. Cegavske

SECRETARY OF STATE

STATE OF NEVADA

NEVADA STATE BUSINESS LICENSE

TRINITY EXPRESS PHARMACY LLC

Nevada Business Identification # NV20212281165
Expiration Date: 11/30/2022

In accordance with Title 7 of Nevada Revised Statutes, pursuant to proper application duly filed and payment of appropriate prescribed fees, the above named is hereby granted a Nevada State Business License for business activities conducted within the State of Nevada.
Valid until the expiration date listed unless suspended, revoked or cancelled in accordance with the provisions in Nevada Revised Statutes. License is not transferable and is not in lieu of any local business license, permit or registration.
License must be cancelled on or before its expiration date if business activity ceases. Failure to do so will result in late fees or penalties which, by law, cannot be waived.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Great Seal of State, at my office on 11/16/2021.

Date of this notice: 11-16-2021

Employer Identification Number:
87-3583591

Form: SS-4

Number of this notice: CP 575 A

TRINITY EXPRESS PHARMACY LLC
JOANN S BHATIA SOLE MBR
6330 W FLAMINGO RD STE 104
LAS VEGAS, NV 89103

For assistance you may call us at:
1-800-829-4933

IF YOU WRITE, ATTACH THE
STUB AT THE END OF THIS NOTICE.

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 87-3583591. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

When filing tax documents, payments, and related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear off stub and return it to us.

Based on the information received from you or your representative, you must file the following form(s) by the date(s) shown.

Form 941	04/30/2022
Form 940	01/31/2023

If you have questions about the form(s) or the due date(s) shown, you can call us at the phone number or write to us at the address shown at the top of this notice. If you need help in determining your annual accounting period (tax year), see Publication 538, *Accounting Periods and Methods*.

We assigned you a tax classification based on information obtained from you or your representative. It is not a legal determination of your tax classification, and is not binding on the IRS. If you want a legal determination of your tax classification, you may request a private letter ruling from the IRS under the guidelines in Revenue Procedure 2004-1, 2004-1 I.R.B. 1 (or superseding Revenue Procedure for the year at issue). Note: Certain tax classification elections can be requested by filing Form 8832, *Entity Classification Election*. See Form 8832 and its instructions for additional information.

If you are required to deposit for employment taxes (Forms 941, 943, 940, 944, 945, CT-1, or 1042), excise taxes (Form 720), or income taxes (Form 1120), you will receive a Welcome Package shortly, which includes instructions for making your deposits electronically through the Electronic Federal Tax Payment System (EFTPS). A Personal Identification Number (PIN) for EFTPS will also be sent to you under separate cover. Please activate the PIN once you receive it, even if you have requested the services of a tax professional or representative. For more information about EFTPS, refer to Publication 966, *Electronic Choices to Pay All Your Federal Taxes*. If you need to make a deposit immediately, you will need to make arrangements with your Financial Institution to complete a wire transfer.

(IRS USE ONLY) 575A 11-16-2021 TRIN B 9999999999 SS-4

The IRS is committed to helping all taxpayers comply with their tax filing obligations. If you need help completing your returns or meeting your tax obligations, Authorized e-file Providers, such as Reporting Agents (payroll service providers) are available to assist you. Visit the IRS Web site at www.irs.gov for a list of companies that offer IRS e-file for business products and services. The list provides addresses, telephone numbers, and links to their Web sites.

To obtain tax forms and publications, including those referenced in this notice, visit our Web site at www.irs.gov. If you do not have access to the Internet, call 1-800-829-3676 (TTY/TDD 1-800-829-4059) or visit your local IRS office.

IMPORTANT REMINDERS:

* Keep a copy of this notice in your permanent records. **This notice is issued only one time and the IRS will not be able to generate a duplicate copy for you.** You may give a copy of this document to anyone asking for proof of your EIN.
* Use this EIN and your name exactly as they appear at the top of this notice on all your federal tax forms.
* Refer to this EIN on your tax-related correspondence and documents.

If you have questions about your EIN, you can call us at the phone number or write to us at the address shown at the top of this notice. If you write, please tear off the stub at the bottom of this notice and send it along with your letter. If you do not need to write us, do not complete and return the stub.

Your name control associated with this EIN is TRIN. You will need to provide this information, along with your EIN, if you file your returns electronically.

Thank you for your cooperation.

Keep this part for your records. CP 575 A (Rev. 7-2007)

Return this part with any correspondence so we may identify your account. Please correct any errors in your name or address.

Explanatory Answer to Section 3, Question 3

On October 13, 2021, the Nevada State Board of Pharmacy approved a Stipulation and Order resolving a formal Accusation which was filed against Trinity Pharmacy, license no. PH03287, which is under the same ownership as Trinity Express Pharmacy, LLC. The allegations involved the failure of Trinity's managing pharmacist to secure handwritten signatures for faxed emergency prescriptions for schedule II-controlled substances for hospice patients for a period in 2020. Pursuant to the terms of the Stipulation, Trinity was placed on probation for one year, issued a public reprimand, assessed fines and costs (both of which have been paid), must pass quarterly inspections for one year and must establish policies and procedures related emergency prescriptions (which has been completed). A copy of the Stipulation is attached.

JOANN BHATIA
TRINITY PHARMACY, MANAGING MEMBER

FILED
OCT 15 2021
NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. TRINITY PHARMACY, Pharmacy License No. PH03287, MA LOURDES JAUREGUI, RPH, Certificate of Registration No. 17035, Respondents.	CASE NOS. 19-240-PH-S 19-240-RPH-S STIPULATION AND ORDER FOR RESPONDENT TRINITY PHARMACY ONLY

Courtney K. Lee, General Counsel for Petitioner, the Nevada State Board of Pharmacy ("Board"), and Respondent Trinity Pharmacy ("Trinity"), Pharmacy License No. PH03287, by and through counsel, Lyn Beggs, Esq., **HEREBY STIPULATE AND AGREE THAT**

1. The Board has jurisdiction over Respondent Trinity and this matter.

2. On or about August 13, 2021, Board Staff served Respondent Trinity with the Notice of Intended Action and Accusation ("Accusation") on file in this matter together with the Statement to Respondent and Notice of Hearing.

3. On or about September 22, 2021, Respondent Trinity filed its Answer and Notice of Defense through retained counsel, Lyn Beggs, Esq.

4. Respondent is aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering this Stipulation.

5. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, its right to reconsideration, its right to appeal, and any and all other rights which may be accorded pursuant to NRS Chapter 233B, Nevada Administrative Procedure Act, NRS Chapter 622A, Administrative Procedure Before Certain Regulatory Bodies, and NRS Chapter 639, Nevada Pharmacy Act.

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby freely and voluntarily waive its rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded by NRS Chapter 233B, Nevada Administrative Procedure Act, NRS Chapter 622A, Administrative Procedure Before Certain Regulatory Bodies, and NRS Chapter 639, Nevada Pharmacy Act.

7. Respondent admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for certain of the violations alleged in the Accusation, that:

A. Respondent Jauregui was the managing pharmacist of Trinity Pharmacy during all alleged and relevant timeframes. During an annual Board inspection of Trinity Pharmacy on or about September 4, 2019, a Board inspector discovered unsigned faxed prescriptions for schedule II controlled substances.

B. Upon further Board investigation, it was discovered from June 10, 2020 to September 28, 2020, forty-two (42) controlled substance schedule II ("CII") prescriptions ("Prescriptions") were dispensed and/or delivered to hospice patients without valid practitioners' handwritten signatures ("Practitioners"). Jauregui's failure to obtain handwritten signatures of Practitioners, and/or verifying the accuracy and completeness of CII Prescriptions violated NRS 453.381(8); NAC 453.420; NAC 453.440; NAC 453.450; NAC 639.945(1); 21 CFR § 1306.11, which also constituted unprofessional conduct.

C. The 42 CII Prescriptions appeared to have been received and notated by Respondent Jauregui as oral orders. However, none of the Prescriptions stated "Authorization for Emergency Dispensing" nor did any of the prescriptions meet legal

requirements to qualify as dispensing CIIs by oral authorization in an emergency. Jauregui's failure to notate the prescriptions, satisfy the requirements of an oral emergency prescription, including verifying that the telephoned prescription was from the prescribing practitioner, violated NAC 453.420, and NAC 453.440.

D. As the owner/operator of a pharmacy, Trinity is responsible for the violations of its employees, including its managing pharmacist, pursuant to NAC 639.702, and/or NAC 639.945(2).

8. These violations are plead with particularity in the Accusation, and are grounds for disciplinary action pursuant to NRS 639.210(11), (12), and/or NRS 639.255.

9. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Trinity stipulate to the following. Trinity is placed on probation for a period of one (1) year subject to the following conditions and penalties:

A. Respondent shall accept this Stipulation and Order as a public reprimand regarding its duties and responsibilities as a licensed pharmacy;

B. Respondent shall pay a fine of Eight-Thousand Four-Hundred Dollars ($8,400.00) for the violations;

C. Respondent shall pay One Thousand Dollars ($1,000.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter;

D. Respondent shall successfully pass quarterly inspections to be completed by Board's staff at Trinity's expense ~~for~~ one (1) year; (CC)

E. Respondent shall establish policies and procedures regarding emergency oral controlled substance prescriptions in compliance with federal and state law, establish

policies and procedures regarding faxed controlled substance prescriptions, and present to Board's staff for approval within thirty (30) days of entry of this Order; and

Upon successful completion of probation, Respondent Trinity's Pharmacy License No. PH03287, will be fully restored.

10. Any failure by Respondent Trinity to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing the non-compliant Respondent to appear before the Board at the next regularly-scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon the non-compliant Respondent consistent with the provisions of NRS Chapter 639.

11. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on October 13, 2021. Respondent will appear telephonically or *via* Zoom at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent or counsel are not present at the meeting.

12. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 USC § 1396r-2 and 45 CFR Part 60.

13. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board on the same day or at a later date. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

14. Upon approval of this Stipulation by the Board, Respondent shall pay the fines agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "State of

Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of entry of this Order.

15. Upon approval of this Stipulation by the Board, Respondent shall pay the attorney's fees and costs agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "Nevada State Board of Pharmacy," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of entry of this Order.

16. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release one another from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

AGREED:

RE: Application for Licensure of Trinity Express Pharmacy, LLC

Dear Sirs and Madams:

Please accept this letter as authorization in accordance with NAC 639.215 to allow Mr. Mark Yu to appear as a designated representative on behalf of Trinity Express Pharmacy, LLC, upon consideration of its application for a new pharmacy license. Mr. Yu, the Administrative Manager for the pharmacy, appears with my full authority as managing member of the limited liability company. I have attached documentation of my position with Trinity Express Pharmacy, LLC as required.

Should you require any further information regarding Mr. Yu, please do not hesitate to contact me.

Sincerely,

JoAnn Bhatia, Managing Member
Trinity Express Pharmacy, LLC

Statement of Responsibility

1. I am the Managing Member/Owner (title) for LV Infusion and Specialty, LLC DBA Vital Care of Summerlin (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacist engaged in providing pharmacy services into Nevada is licensed by the Nevada State Board of Pharmacy (NRS 639.100).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Ritesh Patel hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Managing Member/Owner (title) for LV Infusion and Specialty, LLC DBA Vital Care of Summerlin (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History– REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Krishna Patel Pharmacist Registration #: 21710

Pharmacy Name: LV Infusion and Specialty, LLC DBA Vital Care of Summerlin

Initial each statement below to indicate you have read and agree with the following:

KP I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

KP I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

KP I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

KP I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

KP I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, George Worthington Kridner IV hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Chief Executive Officer (title) for George Worthington Kridner IV (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: _____ Pharmacist Registration #: _____

Pharmacy Name: _____

Initial each statement below to indicate you have read and agree with the following:

_____ I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

_____ I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

_____ I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

_____ I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

_____ I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in <u>any</u> state?		
3. Have you been the subject of a board citation or an administrative action whether completed or pending in <u>any</u> state?		
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in <u>any</u> state?		

If you marked YES to any questions above, include the following information and provide a <u>signed statement of explanation</u>. <u>Copies of any documents that identify the circumstance or contain an order, agreement or other disposition is required.</u>

Board Administrative Action:	State:	Date:	Case #:

Section 8: Arrests, Detentions, Litigations, Arbitrations:	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

Verified Pharmacy Program® Inspection Form

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: California Specialty Pharmacy Inc. dba California Specialty Pharmacy
e-Profile ID: 822125
Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
Personnel	**If any part of a question is no, enter "No" and explain the observation.**		
30.00	Are all pharmacist, pharmacy intern, and pharmacy technician (if applicable) licenses or registrations with the board current and in good standing? *Describe how this is documented.*	Yes	yes, documented on PRS Compliance website
31.00	Is there a process for periodic verification of validity of licenses? *Describe the process.*	Yes	Verify licensure at hire and annually via PRS Compliance website
32.00	If pharmacists are providing patient services that require additional training or certification, are they appropriately trained and certified? *(Immunization, CPR, MTM, etc.). Mark NA if no potient services that require additional troining/certification. If yes, list certifications and if current?*	Yes	COVID Vaccination Clinic onsite for 2 months, no longer active
33.00	Does the pharmacy maintain the proper technician-to-pharmacist ratio? *Mark N/A if not required by resident stote. Indicate ratio used and the maximum number of staff who work at the same time.*	Yes	7:05
Facility and Security	**If any part of a question is no, enter "No" and explain the observation.**		
34.00	Does the pharmacy have a working security/alarm system in place? *If yes, describe.*	No	All staff have access to building that has alarm, pharmacy within suite requires key, only RPH has key no separate alarm specific for pharmacy area
35.00	Are Schedule II controlled substances secured in a locked cabinet or safe? *If not, describe how controlled substances are secured or stored.*	N/A	No CII in inventory
36.00	Are there contingency plans in the event the pharmacy cannot be secured? *Describe how the drug products will be secured ond handled.*	Yes	alarm would alert PIC, PIC would remain onsite and medications reviewed if needed to ensure integrity
37.00	Is the pharmacy clean and sanitary, and is there appropriate space for the prescription volume? *Look for clutter, or crowded counters or stacks of prescriptions to be checked. If no, document with photo.*	No	dirt on floor in compounding area, residue in hazardous compounding hood
37.01	Is the working area well lit and free of tripping hazards? *If no, document with photo.*	Yes	
37.02	Is there a sink with hot and cold running water?	Yes	
37.03	If the pharmacy destroys prescription products on site (such as expired, damaged, recalled, etc), do they appropriately document the destruction? *View destruction logs. Mark NA if no destruction on site.*	N/A	No destruction onsite
37.04	Does the pharmacy return prescription products to the manufacturer, distributor, or send to a reverse distributor for destruction? *If yes, indicate name of reverse distributor used.*	Yes	RxReverse, return Q3 months, expired drugs is stored separately in cabinet labeled expired, CS logged but not non CS expired drugs

		Finding	Notes
37.05	Does the pharmacy have a hazardous waste handling and collection system? For example, empty bottles that contained chemotherapy medications or warfarin, or hazardous drug compounding waste. *If yes, indicate how often the bin is emptied/collected and the vendor used.*	Yes	TSI pick up every 3 months
38.00	Does the pharmacy have a private area for patient counseling and providing patient services? *Describe.*	Yes	conference room if needed
39.00	Is temperature in the drug storage area maintained to provide controlled room temperature of 20° to 25°C (68° to 77 °F), or more restrictive if warranted by specific drug product storage requirements? *Describe. Record the temperature at the time of inspection.*	Yes	range 68-77F monitored VFC data logger monitors 24/7, current 77F
39.01	Is temperature monitoring in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max? Temperature records are maintained. *If yes, describe the process*	Yes	Electronic process
39.02	Are excursion action plans in place including evaluating excursion effects on drug product integrity?	Yes	
40.00	Are the refrigerator and freezer restricted to drug products only (no food)?	Yes	
41.00	Does the pharmacy have a process for how the refrigerator temperature is monitored for excursions 24/7? *If yes, describe the process. Indicate range. How are excursions detected? How long are records maintained?*	Yes	Range 36-46F, VFC data loggers sent out for maintenance every 6-12 months, data archived by vendor and RPH can login and review if needed
41.01	Is the temperature in the refrigerator within the USP range (2°-8°C or 36°-46 °F) or as specified by FDA approved labeling for drug product storage? *Record the temperature of the refrigerator at the time of inspection.*	Yes	4 Fridges 41.9, 39.4, 40.1, 37.9F
42.00	Does the pharmacy have a process for how the freezer temperature is monitored for excursions 24/7? *If yes, describe the process. Indicate range. How are excursions detected? How long are records maintained?*	Yes	minus 13 to 14F, VFC data logger
42.01	Is the temperature in the freezer within the USP range (between –25° to –10°C or –13° to 14 °F) or as specified by FDA approved labeling for drug product storage? *Record the temperature of the freezer at the time of inspection.*	Yes	9F
43.00	Are there contingency plans in the event of power outage or refrigerator/freezer failure? *Describe process.*	Yes	have back up generator
44.00	Are there contingency plans in the event of heating or air conditioning failure? *Describe processes.*	Yes	have back up generator

Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
45.00	Is there a plan of action if there are any temperature or humidity excursions to determine if the integrity of the products has been compromised?	Yes	PIC receives alert of out of ranges
46.00	Does the pharmacy utilize any automated apparatuses for prescription processing/counting (such as robotics, Baker cells, etc)? *List numbers ond types.*	No	
46.01	If yes, do they have and follow policies and procedures addressing cross-contamination and identification of drug products?	N/A	
	Product Receipt and Inventory **If any part of a question is no, enter "No" and explain the observation.**		
47.00	Does the pharmacy have a documented process for establishing sources (vendors) of prescription drugs? *Describe.*	Yes	Review transaction of each product received
47.01	Does the pharmacy purchase all prescription drugs directly from the manufacturer?	No	only 1-2% directly from manufacturer, the rest from wholesalers
47.02	Does the pharmacy purchase (obtain) prescription drugs from other pharmacies? *If yes, list pharmacy source information, ond circumstonces leading to the purchase.*	No	
47.03	Does the pharmacy purchase (obtain) prescription drugs from wholesale distributors (non-manufacturer sources)? *List non-manufacturer sources.*	Yes	McKesson, Health Coalition
47.04	Does the pharmacy require wholesale distributor sources to purchase prescription drugs directly from the manufacturer? *If yes, how is this verified?*	Yes	verbiage in contracts, review transaction history
47.05	Does the pharmacy purchase drugs from wholesale distributors that purchased the drug from other wholesale distributors? *If yes, Describe the due diligence steps to determine the source's legitimacy and legitimacy of the drugs sold by the vendor. (For instance, does the pharmacy examine transaction histories and limit the number of movements of drugs between wholesale distributors, and look for pharmacies in the supply chain?)*	No	
47.06	Does the pharmacy determine that all sources listed on transaction histories have requisite state licensing? *If yes, describe the process.*	Yes	PIC or assigned technician will review all transactions for products received
47.07	Does the pharmacy determine that all sources listed on transaction histories have reported to FDA's Wholesale Distributor database? *If yes, describe the process.*	Yes	verbiage in contracts
47.08	Does the pharmacy have a process to handle suspect and illegitimate product investigations? *If yes, describe the process.*	Yes	quarantine contact and return to wholesaler

Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
56.00	Is the Schedule II perpetual inventory log reconciled regularly? *Indicate how often the Schedule II controlled substances are counted. View the perpetual log and verify that reconciliation is taking place.*	N/A	
57.00	Is the most recent complete controlled substances inventory available for review? *Indicate the date of the last inventory and frequency taken (minimum every two yeors).*	Yes	no CII inventory, CII-CV done monthly last 6/4
57.01	Does the pharmacy maintain other required inventories (such as change in PIC, theft/loss, etc)?	Yes	Monthly inventory includes all medications
58.00	Does the pharmacy stock and sell OTC pseudoephedrine (and/or ephedrine) products? If yes, indicate if the sale is recorded electronically or manually in a logbook.	No	
58.01	Are these products mailed, sent, or delivered into other states? *View logs. If yes, list the other states.*	N/A	
59.00	Does the pharmacy stock and sell other OTC restricted products for which ID is required and a log kept of the sale? *If yes, indicate product types.*	No	
59.01	Are these products mailed, sent, or delivered into other states? *View logs. If yes, list the other states.*	N/A	
60.00	Are outdated, damaged, or recalled products segregated? *If yes, how often does the pharmacy check for out-of-date products? Does it include OTC products?*	Yes	check monthly, Outdated Rx reverse distributor returned every 3 months stored in CS cabinet until returned
60.01	Are all drugs within active-stock within expiration date? *Examine shelves, refrigerator and freezer.*	Yes	
60.02	How often is active-stock examined for drugs past the expiration date?		monthly
61.00	Does the pharmacy **prepackage** bulk containers of prescription medications into smaller containers for ease of use? *What BUD is used on the prepackaged container?*	No	
62.00	Does the pharmacy **prepack** multiple drugs into a single container for compliance packaging? *What BUD is used on the prepacked containers?*	No	
63.00	Does the pharmacy return to stock prescription drugs that were filled but never picked up?	No	
63.01	If yes, are they maintained in the appropriate container, with PHI removed and BUD adjusted?	N/A

		Finding	Notes
Prescription Processing	**If any part of a question is no, enter "No" and explain the observation.**		
64.00	**Patient Profile:** Is patient profile data organized and readily accessible to facilitate consultation with the prescriber, patient, or caregiver? *Indicate who enters patient profile data into the computer system and how often it is updated?*	Yes	intake enters, processor adds prescription info and RPH reviews, reviewed with each refill and updated as needed
64.01	If the pharmacy dispenses veterinary prescriptions, does the information gathered and recorded include the species, and name of the animal/owner as required by resident state law? *Describe how it is indicated in the computer system that the patient is an animal? And how is it indicated in the system the prescription is a veterinary prescription?*	N/A	
65.00	**Prescription:** Are adequate processes in place to assure the integrity, legitimacy, and authenticity of prescription orders? *Staff is familior with detecting fraud in hord copy, faxed, verbal, and electronic prescriptions.*	Yes	CA CURES reviewed with each CS dispense, pharmacy does not typically receive hard copies, receive verbals or electronic, faxed not allowed in CA for CS
65.01	Is there a procedure to follow when a prescription is suspected of (or actually is) fraudulent? *Describe the steps and reporting process.*	Yes	review CA CURES, call prescriber to verify
65.02	Are adequate processes in place for assuring that prescription medications are not prescribed or dispensed based on online medical consultations without there being a pre-existing prescriber-patient/client relationship? *Describe. Do the processes include comparing the physical addresses of the patient and prescriber?*	Yes	require chart notes from prescriber prior to processing prescription
65.03	Does the pharmacy have electronic prescription capability? *Indicate whether it is for non-controlled substances, controlled substances, or both.*	Yes	both
65.04	If the pharmacy accepts electronic prescriptions for controlled substances, are they in compliance with federal regulations?	Yes	
66.00	**Accuracy:** Is the accuracy of the information entered into the computer system verified (patient information and prescription information)? *Indicate how and by whom.*	Yes	RPH reviews prior to printing dispensing documents
67.00	**DUR:** Does staff conduct prospective DUR prior to the dispensing of a medication or product? *Describe at what point in the process does the DUR take place?*	Yes	initial dispense and refill

	Quality Assurance/Quality Improvement Program **If any part of a question is no, enter "No" and explain the observation.**		
87.00	Is there a documented continuous quality improvement (CQI) Program for the purpose of detecting, documenting, assessing, and preventing quality related events (QREs)? *If yes, list who oversees the program.*	Yes	Compounding Supervisor
87.01	Policies and procedures for the program are maintained in the pharmacy in an immediately retrievable form. *Indicate if hard copy, electronic, or both.*	Yes	electronic
87.02	"Quality-Related Event" (QRE) is defined to mean any departure from the appropriate dispensing of a prescribed medication that is or is not corrected prior to the delivery and/or administration of the medication including (but not limited to): 1. a variation from the prescriber's prescription drug order such as incorrect drug, strength, form, or patient; or inadequate or incorrect packaging, labeling, or directions; 2. a failure to identify and manage over-utilization or under-utilization; therapeutic duplication; drug-disease contraindications; drug-drug interactions incorrect drug dosage or duration of drug treatment; drug-allergy interactions; or clinical abuse/misuse. 3. packaging or warnings that fail to meet recognized standards, the delivery of a medication to the wrong patient, or the failure to detect and appropriately manage a significant actual or potential problem with a patient's drug therapy.	Yes	
87.03	There is documentation of initial/ongoing (at least yearly) review and training of all pharmacy employees on the CQI program and processes. *For example, may be formal training or reviewed at a yearly meeting.*	Yes	meet quarterly
88.00	**Documentation of QREs** starts as soon as possible, but no more than three days, after determining their occurrence. *Indicate if documentation/forms are hard copy or electronic.*	Yes	electronic, completed as soon as notified of event

Verified Pharmacy Program® Inspection Form

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: California Specialty Pharmacy Inc. dba California Specialty Pharmacy
e-Profile ID: 822125
Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
88.01	Documentation includes all the pertinent data about the prescription involved including personnel involved at each step.	Yes	
88.02	Documentation includes documenting the type of QRE details and how/who discovered the QRE.	Yes	
88.03	Documentation incudes possible contributing factors such as day and time the QRE occurred, number of pharmacists and technicians on duty, prescription volume that day, equipment failure, or other factors affecting work-flow at the time.	Yes	
88.04	Documentation includes steps taken to remediate including communications with the patient and the provider, and if the medication was ingested, disposition of the patient.	Yes	
89.00	**QRE data** collected is analyzed to assess causes and any contributing factors (root cause). *Indicate who performs the analysis and frequency (with each event, weekly, monthly, quarterly, etc).*	Yes	Compounding Supervisor oversees, other departments report at minimum quarterly
89.01	The pharmacy uses the findings of the analysis to formulate an appropriate response and develop pharmacy systems and workflow processes designed to prevent QREs and increase good outcomes for patients.	Yes	
89.02	For pharmacies utilizing a drug formulary, a periodic review of such formulary is undertaken to ensure that appropriate medications are being offered/selected in the best interest of patients.	N/A	
90.00	**Quality meetings** are held at least annually by staff members of the pharmacy to consider the effects on quality of the pharmacy system due to staffing levels, workflow, and technological support.	Yes	quarterly
90.01	The meeting reviews data showing evidence of the quality of care for patients and develops plans for improvements to increase good outcomes for patients.	Yes	
90.02	Improvements or changes made are evaluated for performance to measure the effectiveness of the CQI program.	Yes

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: California Specialty Pharmacy Inc. dba California Specialty Pharmacy
e-Profile ID: 822125
Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
91.00	**Reporting:** Incidents of QREs are reported to a nationally recognized error reporting program, an outside peer review committee, or a patient safety organization. *Indicate which organizations are reported including if the pharmacy reports QREs to the board of pharmacy.*	No	
91.01	Adverse events are reported to the appropriate entities such as the board of pharmacy, MedWatch, FDA, VAERS, etc?	Yes	MedWatch
91.02	Incidents involving malfunctioning or defective medical equipment or devices (blood glucose meters, DME, injection devices, etc) are documented and reported to the manufacturer or distributor.	Yes	
92.00	**Quality Self-Audits** are performed by the pharmacy at least quarterly (and upon change in PIC) to determine whether the occurrence of QREs has decreased and whether there has been compliance with preventative procedures, and to develop a plan for improved adherence with the CQI program in the future.	Yes	
93.00	**Consumer Surveys** are conducted at least yearly of patients who receive pharmaceutical products and services at the pharmacy. A statistically valid sampling technique may be used in lieu of surveying every patient. Each pharmacy should use the results of its consumer survey to evaluate its own performance at a particular time and over a period of time.	Yes	can do online, sent initially to patients
94.00	**Patient Complaints** are documented, tracked, and investigated as appropriate and the information is used as part of the CQI program.	Yes

Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
General Operations and Information			
1.00	Does the pharmacy **dispense** nonsterile compounded preparations pursuant to a prescription?	No	
1.01	Are patient profiles complete and DUR performed for each prescription? *View selected files for profile to include allergies, disease states/conditions, other medications taken not dispensed by this pharmacy.*	Yes	
1.02	Do the compounded prescriptions produce a significant difference from a commercially available drug that is justified by a documented medical need of the individual patient as determined by the prescribing practitioner?	Yes	
1.03	Are nonsterile compounded prescriptions picked up at the pharmacy?	Yes	rarely
1.04	Are nonsterile compounded prescriptions delivered to patients in their homes or residential facilities?	Yes	
1.05	Are nonsterile compounded prescriptions mailed to patients in their homes or residential facilities?	Yes	
1.06	Are nonsterile compounded prescriptions delivered to the practitioner for administration to the patient in the office, clinic, or facility?	No	
1.07	Are nonsterile compounded prescriptions mailed to the practitioner for administration to the patient in the office, clinic, or facility?	No	
2.00	Does the pharmacy **distribute** nonsterile compounded preparations? *Not pursuant to a prescription, not labeled by the pharmacy with a patient name.*	No	
2.01	Does the pharmacy distribute nonsterile compounded preparations to practitioners for office use?	N/A	
2.02	Does the pharmacy distribute nonsterile compounded preparations to hospitals, clinics, or surgery centers?	N/A	
2.03	Does the pharmacy have a sales force that promotes compounded preparations? *List compounds promoted.*	No	
2.04	Does the pharmacy distribute non-patient specific compounded preparations for promotional purposes? *List compounds provided.*	No	
2.05	If yes, does the sales force hand-deliver these compounds? *List compounds provided.*	N/A	
2.06	If yes, are any of these controlled substances? *List compounds provided.*	N/A

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: California Specialty Pharmacy Inc. dba California Specialty Pharmacy
e-Profile ID: 822125
Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
3.00	Does the pharmacy provide nonsterile compounded preparations to other pharmacies for dispensing?	No	
3.01	If so, does the pharmacy have central fill/shared services contracts or agreements with these pharmacies for patient specific preparations? *Provide List.*	N/A	
4.00	Does the pharmacy compound oral preparations (tablets, capsules, liquids, lozenges, etc.)? *Provide List.*	Yes	capsules, troches, sublingual tablets
5.00	Does the pharmacy compound topicals (gels, creams, ointments, inserts, suppositories, patches, sprays including nasal sprays, etc.)? *Provide List.*	Yes	creams, suppositories, ointments, liquids
6.00	Does the pharmacy compound vitamin or nutritional supplements? *Provide List.*	No	
7.00	Does the pharmacy sell any compounds over-the-counter? *Provide list.*	No	
8.00	Does the pharmacy compound investigational drugs? *Provide List.*	No	
9.00	Does the pharmacy only make essential copies of a commercially available drug product on the Drug Shortage List or that is justified by a documented medical need of the individual patient as determined by the prescribing practitioner? *Indicate volume or percent compounded currently.*	Yes	hydroxychloroquine oral capsules during pandemic for a couple patients
9.01	If yes, products are verified as appearing on the Drug Shortage List in effect under 506E of the Federal Act at the time of compounding, distribution, and dispensing.	Yes	
9.02	If yes, the Drug Shortage List is monitored and when a drug product is no longer on the list, any remaining stock is quarantined and not available for distribution or dispensing. *Note: Per FDA guidance, 503B facilities may continue to distribute for 60 days following drug shortage list removal for existing orders.*	Yes	
10.00	Does the pharmacy perform compounding identified as **simple?** *Indicate percentage of simple compounding.* 1. Making a preparation that has a USP compounding monograph or that appears in a peer-reviewed journal article that contains specific quantities of all components, compounding procedure and equipment, and stability data for that formulation with appropriate beyond-use dates (BUD)s. 2. Reconstituting or manipulating commercial products that may require the addition of one or more ingredients as directed by the manufacturer. *Examples include Captopril Oral Solution, Indomethacin Topical precoutions. Gel, and Potassium Bromide Oral Solution (Veterinary).*	Yes	33%

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: California Specialty Pharmacy Inc. dba California Specialty Pharmacy
e-Profile ID: 822125
Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
11.00	Does the pharmacy perform compounding identified as **moderate?** *Indicate percentage of moderate compounding.* 1. Making a preparation that requires special calculations or procedures (such as calibration of dosage unit mold cavities) to determine quantities of components per preparation or per individualized dosage units. 2. Making a preparation for which stability data for that specific formula is not available. *Examples include Morphine Sulfate Suppositories, diphenhydromine hydrochloride troches, and mixing two or more manufactured cream products when the stability of the mixture is not known.*	Yes	33%
12.00	Does the pharmacy perform compounding identified as **complex**? *Indicate percentage of complex compounding.* Making a preparation that requires special training, environment, facilities, equipment, and procedures to ensure appropriate therapeutic outcomes. *Examples of possible complex preparation types include transdermal dosage forms, modified-release preparations, and some inserts and suppositories for systemic effects.*	Yes	33%
13.00	Does the pharmacy perform compounding with **hazardous drugs**? *Indicate percentage of compounding with hazardous drugs.* NIOSH list of hazardous drugs including chemotherapy, hormones, etc.	Yes	25%
13.01	Is the pharmacy aware of the more stringent requirements of the proposed USP Chapter <800>?	Yes	
14.00	Are Safety Data Sheets (SDS) [formerly known as Material Safety Data Sheets (MSDS)] available to personnel for drugs and chemicals used in the pharmacy (including those for compounding, if applicable)? *Verify that personnel can access them and are familiar with the format.*	Yes	supplier website to obtain
15.00	Does the pharmacy compound using any **controlled substances**? *Indicate percentage of controlled substance nonsterile compounding.*	Yes	40%
16.00	**APIs:** Does the pharmacy make any nonsterile compounded preparations using bulk powder Active Pharmaceutical Ingredients (APIs)?	Yes	
16.01	Does the pharmacy purchase APIs directly from the manufacturer/repackager? *Indicate the source of APIs.*	No	
16.02	Does the pharmacy verify that the manufacturer/repackager of the API is an FDA-registered facility? *If so, list how this verified.*	N/A	
16.03	Does the pharmacy use active ingredients that are not from an FDA-registered facility? *If so, indicate sources.*	N/A

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: California Specialty Pharmacy Inc. dba California Specialty Pharmacy
e-Profile ID: 822125
Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
16.04	Does the computer track on-hand quantities of APIs used for compounding? *If not, explain.*	Yes	
17.00	Does the pharmacy perform any testing in-house (not sent to an outside lab)? *If so, what tests are performed in house?*	No	
18.00	Does the pharmacy send samples to an outside lab to perform testing? *If so, provide the name of the lab performing testing for the pharmacy and what testing is performed.*	Yes	Eagle Analytics, Microqualtiy Lab, potency and stability, choose one product quarterly based of volume of dispenses
19.00	Does the pharmacy use scales/balances for nonsterile compounding?	Yes	
19.01	If so, what type of scale/balanced is used? *List manufacturer and model number*		Ohaus NV 4000, Ohaus EX1103N, Sartorius GP5202
19.02	If the scale/balance is electronic, does the pharmacy use the automatic calibration? *Describe process and indicate frequency*	Yes	completed daily, documented in PK software
19.03	Describe the pharmacist checks for the measurement of each ingredient		Yes
20.00	**Quality Assurance/Quality Improvement:** Does the pharmacy continuous quality improvement program include nonsterile compounding measures? **Note: If the facility indicates "yes", please ask each question below to verify.**	Yes	
20.01	Does the pharmacy continuous quality improvement program include QREs related to the preparation of compounded products?	Yes	
20.02	Does the pharmacy continuous quality improvement program include personnel testing and verification?	Yes	
20.03	Does the pharmacy continuous quality improvement program include equipment calibration, testing, etc?	Yes	
20.04	Does the pharmacy continuous quality improvement program include end product testing (such as: pH, weight, potency, particulates, consistency, etc.)?	Yes	
20.05	Does the pharmacy continuous quality improvement program include patient or prescriber reports or complaints regarding nonsterile compounded products?	Yes	
20.06	Does the facility QA program identify action limits or thresholds and the appropriate follow-up mechanisms when action limits or thresholds are exceeded including a recall system?	Yes

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: California Specialty Pharmacy Inc. dba California Specialty Pharmacy
e-Profile ID: 822125
Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
20.07	Does the recall system include communication with both the patient and the physician/prescriber regarding the affected nonsterile compounded preparation?	Yes	
20.08	Are QREs involving nonsterile compounded preparations or are recalled by the pharmacy reported to the Board of Pharmacy?	Yes	
	Component Selection and Use		
	Total Non-Compliant (Includes Unknowns)	**0**	
21.00	**Active Pharmaceutical Ingredients (APIs), bulk drug substances:** All bulk drug substances (APIs) used are: 1) Compliant with the standards of an applicable USP or NF monograph, if one exists; or 2) A component of an FDA-approved human drug product; or 3) On the list of bulk drug substances for use in compounding developed by the FDA and issued through regulation (note: must comply with (1) or (2) above until the FDA list is issued)	Compliant	
21.01	Certificates of analysis (COAs) obtained for all bulk APIs used for compounding. *Verify by selecting products from the shelf from different suppliers and ask to see the COAs for those products.* NOTE: The COA for an API should be reviewed upon receipt of the API to verify the quality of the API before using to compound.	Compliant	keep file and scan into PK software, see attachment
21.02	USP- or NF-grade substances used, if available	Compliant	
21.03	If compendia quality components are not available, chemically pure, analytical reagent grade or American Chemical Society-certified components are used and are determined to be free from impurities.	Compliant	
21.04	APIs or other components have labeling indicating use for pharmaceutical compounding or manufacturing. Labels do not indicate "for research purposes only", "not for drug use", or are handwritten labels from other pharmacies. *Photograph and describe if found. Request copies of the invoices for products with questionable labels.*	N/A	
21.05	If compounding for both humans and animals, APIs or other components that are labeled for veterinary use only are segregated or marked in such a way to prevent them from being used for human compounding	N/A	
21.06	All substances and components have a complete label including a batch control or lot number, and an expiration date.	Compliant

Verified Pharmacy Program® Inspection Form

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: California Specialty Pharmacy Inc. dba California Specialty Pharmacy
e-Profile ID: 822125
Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
21.07	For APIs without an expiration date assigned by the manufacturer or supplier, the pharmacy assigns a conservative expiration date. The expiration date assigned does not exceed three (3) years for ingredients used for non-sterile compounding and does not exceed one (1) year for ingredients used for sterile compounding. *Note: purity and quality testing may be performed to extend.*	Compliant	
21.08	All APIs and components received without an expiration date are labeled with the date they were received.	Compliant	labeled from date manufactured
21.09	If the pharmacy repackages APIs into smaller containers for ease of use, the expiration date assigned is conservative (typically the lesser of one year or the actual expiration from the original container). Product may be tested to extend the expiration date but may not exceed the original package expiration date.	N/A	
21.10	Bulk component containers are labeled with appropriate OSHA hazard communication labels and hazardous substances are segregated (including hormones).	Compliant	
22.00	Where water is an ingredient, purified or distilled water is used.	Compliant	purified
23.00	Ingredients used for dietary or nutritional supplements meet USP, Food Chemicals Codex (FCC), or NF standards, or the pharmacy has alternate means to determine if the ingredients meet food-grade quality.	N/A	
24.00	Pharmacy confirms that there are no preparations for human use made or ingredients used that appear on the FDA list of drug products withdrawn or removed from the market for safety reasons (facility has a copy of the list or other way to determine).	Compliant	
25.00	When manufactured products are used for compounding, all the other excipients in the product are considered relative to the use, effectiveness, and stability of the compounded preparation to be made.	N/A	
26.00	For **animal compounding:** The compounding meets the same standards as compounding for human patients.	N/A	
26.01	The pharmacist is knowledgeable or has references regarding the individual species' limitations in physiology and metabolic capacity that can result in toxicity when certain drugs or excipients are used.	N/A

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: California Specialty Pharmacy Inc. dba California Specialty Pharmacy
e-Profile ID: 822125
Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
26.02	It is determined and documented if the animal is used for food (meat, milk, eggs, etc.) or that the animal is a pet.	N/A	
26.03	The pharmacist familiar with, or has a reference regarding drug residues in the food chain and withdrawal times if compounding for food-producing animals.	N/A	
26.04	The facility has a list of drugs and components not allowed when compounding for food-producing animals.	N/A	
26.05	The pharmacist is familiar with, or has a reference regarding regulations for drug use in performance animals (e.g., race or show horses, racing dogs)	N/A	
Beyond Use Dating (BUD)			
	Total Non-Compliant (Includes Unknowns)	**0**	
27.00	BUDs are assigned from the day of preparation.	Compliant	
28.00	BUDs are assigned based on dispensing in tight, light-resistant containers/overpacks.	Compliant	
29.00	Extended BUDs are supported by testing data. *View documentation used, preparation must exactly match formulation upon which data was obtained.*	Compliant	Do not use extended BUD
29.01	Extended BUDs are assigned and the facility has performed its own stability testing. *View records, preparation must exactly match the preparation tested by the facility including concentration of all active ingredients, excipients, etc.*	N/A	
30.00	BUDs for nonaqueous formulations are not later than the remaining time until the earliest expiration date of any API and not later than six (6) months.	Compliant	
31.00	BUDs for water-containing oral formulations are not later than 14 days when stored at controlled cold temperatures (refrigerated).	Compliant	
32.00	BUDs for water-containing topical/dermal and mucosal liquid and semisolid formulations not later than 30 days.	Compliant

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: California Specialty Pharmacy Inc. dba California Specialty Pharmacy
e-Profile ID: 822125
Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
Environment			
	Total Non-Compliant (Includes Unknowns)	**1**	
33.00	The non-sterile compounding area is a controlled environment and separate from the general pharmacy.	Compliant	
34.00	There sufficient space available for the type and amount of compounding performed and the space is orderly to prevent mix-ups between ingredients, containers, labels, in-process materials, and finished preparations.	Compliant	
35.00	Only one preparation compounded at a time.	Compliant	
36.00	Procedures are implemented to prevent cross-contamination, especially when compounding with drugs such as hazardous drugs and known allergens like penicillin that require special precautions.	Compliant	clean area after every use
37.00	The compounding area is well lit.	Compliant	
38.00	The pharmacy performs **hazardous** non-sterile compounding in a ventilated cabinet such as a BSC, CAI, or CACI. *Note: CAI may not be used for hazardous drugs that may volatilize.(NIOSH requirement referenced in USP<795>. Note that proposed USP Chapter <800> will change hazardous drug compounding requirements.)*	Compliant	
38.01	Ventilated cabinets (BSC, CAI, CACI) used for hazardous compounding are certified or tested periodically.	Compliant	
38.02	If the hoods or isolators are not located in a closed, controlled room environment, there is documentation from the manufacturer and site testing to verify proper functioning of equipment under dynamic conditions for the safety of personnel.	N/A	
39.00	Appropriate protective attire (gowns, gloves, masks, etc.) is available.	Compliant	
39.01	If hazardous drugs are used, appropriate protective attire is available (gowns, gloves, hair and shoe covers, eye and face protection, etc.).	Compliant	
40.00	There is a sink in the compounding area with hot and cold potable water, soap or detergent, and air-driers or single-use towels.	Compliant	
41.00	There is adequate space to wash equipment and utensils including access to water for rinsing. *(Purified water is **recommended** - not required)*	Compliant

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: California Specialty Pharmacy Inc. dba California Specialty Pharmacy
e-Profile ID: 822125
Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
45.00	The bulk component storage area is adequately arranged and maintained in a clean and sanitary condition.	Non-Compliant	dirt on floor in compounding area, residue in hazardous compounding hood
46.00	All components, equipment, and containers are stored off the floor, and handled and stored to prevent contamination.	Compliant	
47.00	All components and packaging containers and closures are properly rotated to use oldest first.	Compliant	
48.00	Hazardous drugs are appropriately identified and marked, received, handled and stored by appropriately trained personnel. (OSHA regulations and NIOSH Alerts)	Compliant	
49.00	Trash is disposed of in a safe, sanitary, and timely manner.	Compliant	
49.01	Hazardous waste is disposed of in a safe, sanitary, and timely manner.	Compliant	
Training *-Verify records of all compounding personnel (up to 10).*			
	Total Non-Compliant (Includes Unknowns)	**0**	
50.00	Have all personnel of reproductive capability who handle or compound hazardous drugs or chemicals confirmed in writing that they understand the risks of handling hazardous drugs? Teratogenicity, carcinogenicity, reproductive issues.	Compliant	
51.00	There is documentation that all personnel that perform compounding are appropriately trained including policies and procedures, documentation, hazardous drug handling, and compounding technique and not allowed to compound or supervise compounding until training is successfully completed.	Compliant	
52.00	There is documentation that the training process for the preparation of compounds includes demonstration of the compounding procedure first, followed by the trainee performing the procedure under supervision successfully before being allowed to perform compounding.	Compliant	
53.00	There is documentation that training includes the operation of any equipment that may be used when preparing compounded products. *Documentation includes operation and troubleshooting.*	Compliant	
54.00	There is documentation available showing employees performing non-sterile compounding are evaluated at least annually.	Compliant

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: California Specialty Pharmacy Inc. dba California Specialty Pharmacy
e-Profile ID: 822125
Inspection Date: 06/11/2021 & 06/14/2021

		Finding	Notes
54.01	If performing hazardous nonsterile compounding, there is documentation available showing employees are evaluated at least annually.	Compliant	
55.00	If the pharmacy uses relief personnel from outside agencies to perform non-sterile compounding there is documentation that training is verified.	N/A	
Compounding Equipment			
	Total Non-Compliant (Includes Unknowns)	**0**	
56.00	Appropriate equipment and utensils are available, clean, and in good working order. *Automated, mechanical, or electronic equipment (including capsule machines, autocloves, ovens, etc.) are periodically inspected and colibrated.*	Compliant	
57.00	Scales, balances, or other types of equipment used for measurement shall be routinely inspected, calibrated as necessary (per manufacturer instructions), and checked to ensure proper performance. *Describe procedure used.*	Compliant	both scales in use were located in hazardous room...nonhazardous products being measured in hazardous room, 3rd scale in storage area at time of onsite
58.00	Powder hoods used for nonsterile compounding are certified or tested periodically to ensure proper function.	Compliant	every 6 months
58.01	Hood filters are checked regularly and replaced when necessary.	Compliant	changed minimum of every 3 months
59.00	All equipment is cleaned promptly after each use. *Equipment and utensils washed using potable water with a soap or detergent, and rinsed. Recommended rinsed with purified water.*	Compliant	
60.00	The pharmacy uses separate equipment and utensils to compound allergenic, cytotoxic, or hazardous products, or has detailed procedures for meticulous cleaning of equipment and utensils immediately after use to prevent cross-contamination or exposure.	Compliant	
Documentation			
	Total Non-Compliant (Includes Unknowns)	**0**	
61.00	The pharmacy creates a master formulation record the first time before compounding a new preparation	Compliant	
61.01	Every formulation is evaluated for incompatibilities and the potential for being ineffective or toxic.	Compliant	all formulas based on PCCA data
61.02	The master formulation record includes:

USP	United States Pharmacopeia
VAERS	Vaccine Adverse Event Reporting System
VFC	Vaccines for Children Program
WD	Wholesale distributor

Term	Definition
Dispense/dispensing	Pursuant to a patient specific prescription, labeled with patient name at the pharmacy
Distribute/distributing	Delivered/sent to a practitioner or health care facility for office use or further dispensing, no prescription, not labeled with a patient name at the pharmacy.
Type of Practice: Central Fill/Processing/ Shared Services	Where part of the prescription processing and dispensing process occurs at another location
Type of Practice: Closed Door	Such as a mail order facility, prescriptions cannot be picked up at the facility, all are sent
Type of Practice: HMO/PBM only	Limited to only the beneficiaries of the specific insurance program - no cash patients
Type of Practice: Institutional	Such as a hospital or jail
Type of Practice: Internet Pharmacy	Pharmacy advertises on the internet, patients fill/refill prescriptions and revise patient profile information on-line.
Type of Practice: Investigational Drugs, Clinical Trials or Research	Approved to handle investigational drugs
Type of Practice: Long Term Care	Nursing Home pharmacy
Type of Practice: Manufacturer	Registered with the FDA as a manufacturer
Type of Practice: Open to the Public	Patients are able to come into the pharmacy to pick up filled prescriptions and interact with a pharmacist
Type of Practice: Outsourcing Facility	Registered with the FDA as an Outsourcing Facility
Type of Practice: Provides Office Use	Distributes prescription and/or compounded preparations to providers for administration or resale. No prescription, not labeled with a patient name by the pharmacy.
Type of Practice: Specialty Pharmacy	Business is primarily with specialty drugs and works with specific disease states
Type of Practice: Telepharmacy	Pharmacy oversees a remote location staffed by a technician supervised via audio/visual system by a pharmacist at this facility.
Type of Practice: Traditional retail	Also known as Community Pharmacy.
Type of Practice: Veterinary Pharmacy	Pharmacy business is primarily or exclusively for animals.
Type of Practice: Wholesale Distributor	Pharmacy is licensed or registered as a wholesale distributor

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 6. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
12/13/2017	12/13/2017	CA	San Bernardino	
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
5973		California Board of Pharmacy		
Reason/Charge				
Fraud Investigation on incorrect diagnosis code provided for drug authorization / drug sales to other pharmacy				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
Desai Drugs, Inc. dba Guardian Pharmacy and Bhavesh Desai			Board citation and public reprimand	
Name of Business/Industry/Entity				
Desai Drugs, Inc. dba Guardian Pharmacy				

Provide explanation below:

I was a co-owner of Guardian Pharmacy with Bhavesh Desai. The California Board of Pharmacy conducted an investigation on a prescription for a patient in which medication got approved for a diagnosis that the patient did not have. It was determined that a pharmacy technician inaccurately gave a diagnosis for the patient to the insurance company. This was against the pharmacy's procedures, and the PIC, Bhavesh, was not aware that this had occurred. The Board of Pharmacy also investigated the pharmacy for selling stock of medications to another pharmacy, not under common ownership. Bhavesh Desai, as the PIC of record for the pharmacy, was subject to public reprimand as well as other disciplinary action by the California Board of Pharmacy, including completing an ethics courses and fines, and the pharmacy was subject to fines.

BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: **DESAI DRUGS, INC., DBA: GUARDIAN PHARMACY,** **BHAVESH JAYATI DESAI** **1823 Commercenter West** **San Bernardino, CA 92408** **Pharmacy Permit No. PHY 48241** **BHAVESH JAYATI DESAI** **1823 Commercenter West** **San Bernardino, CA 92408** **Pharmacist-in-Charge No. RPH 53625** Respondents.	Case No. 5973 **STIPULATED SETTLEMENT AND DISCIPLINARY ORDER FOR PUBLIC REPROVAL** [Bus. & Prof. Code § 495]

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

///

PARTIES

1. Virginia Herold (Complainant) is the Executive Officer of the Board of Pharmacy (Board). She brought this action solely in her official capacity and is represented in this matter by Xavier Becerra, Attorney General of the State of California, by Sheronda L. Edwards, Deputy Attorney General.

2. Respondents Desai Drugs Inc dba Guardian Pharmacy, Bhavesh Jayati Desai, Sumit C. Desai ("Respondent Guardian") and Respondent Bhavesh Jayati Desai ("Respondent Bhavesh Desai"), individually, are represented in this proceeding by attorney Ivan Petrzelka, Esq., whose address is:

Law Offices of Tony J. Park, Inc.
49 Discovery, Suite 240
Irvine, CA 92618-6713

JURISDICTION

3. On or about October 30, 2006, the Board issued Pharmacy Permit Number PHY 48241 to Desai Drugs Inc dba Guardian Pharmacy, Bhavesh Jayati Desai, Sumit C. Desai ("Respondent Guardian"). The Pharmacy Permit was in full force and effect at all times relevant to the charges brought in Accusation No. 5973 and will expire on October 1, 2018, unless renewed.

4. On or about August 21, 2002, the Board issued License Number RPH 53625 to Bhavesh Jayati Desai ("Respondent Bhavesh Desai"). The Pharmacist License was in full force and effect at all times relevant to the charges brought herein and will expire on January 1, 2018, unless renewed. Respondent Bhavesh Desai was Pharmacist-in-Charge ("PIC") for Respondent Guardian from March 27, 2014 to September 5, 2016.

5. Accusation No. 5973 was filed before the Board of Pharmacy (Board), Department of Consumer Affairs and is currently pending against Respondents. The Accusation and all other statutorily required documents were properly served on Respondents on April 18, 2017. Respondents timely filed its Notice of Defense contesting the Accusation. A copy of Accusation No. 5973 is attached as exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondents have carefully read, fully discussed with counsel, and understand the charges and allegations in Accusation No. 5973. Respondents have also carefully read, fully discussed with counsel, and understand the effects of this Stipulated Settlement and Disciplinary Order for Public Reproval.

7. Respondents are fully aware of its legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to be represented by counsel at its own expense; the right to confront and cross-examine the witnesses against them; the right to present evidence and to testify on its own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondents voluntarily, knowingly, and intelligently waive and give up each and every right set forth above.

CULPABILITY

9. Respondents understand and agree that the charges and allegations in Accusation No. 5973, if proven at a hearing, constitute cause for imposing discipline upon Pharmacy Permit Number PHY 48241 and Pharmacist License Number RPH 53625. Respondents agree that its Pharmacy Permit and Pharmacist License are subject to discipline and they agree to be bound by the Disciplinary Order below.

10. For the purpose of resolving the Accusation without the expense and uncertainty of further proceedings, Respondents agree that, at a hearing, Complainant could establish a *prima facie* factual basis for the charges in Accusation No. 5973, and that Respondents hereby give up their right to contest those charges.

CONTINGENCY

11. This stipulation shall be subject to approval by the Board of Pharmacy. Respondents understand and agree that counsel for Complainant and the staff of the Board of Pharmacy may communicate directly with the Board regarding this stipulation and settlement, without notice to

or participation by Respondents or its counsel. By signing the stipulation, Respondents understand and agree that they may not withdraw its agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order for Public Reproval shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

12. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order for Public Reproval, including Portable Document Format (PDF) and facsimile signatures thereto, shall have the same force and effect as the originals.

13. This Stipulated Settlement and Disciplinary Order for Public Reproval is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Settlement and Disciplinary Order for Public Reproval may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

14. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Pharmacy Permit Number PHY 48241 issued to Respondent Desai Drugs Inc dba Guardian Pharmacy, Bhavesh Jayati Desai, Sumit C. Desai ("Respondent Guardian") and License Number RPH 53625 issued to Bhavesh Jayati Desai ("Respondent Bhavesh Desai") shall be publicly reproved by the Board of Pharmacy under Business and Professions Code section 495 in resolution of Accusation No. 5973, attached as exhibit A.

Ethics Course. Within sixty (60) calendar days of the effective date of this decision, Respondent Bhavesh Desai shall enroll in a course in Ethics at Respondent's expense, approved in advance by the Board of Pharmacy or its designee. Failure to submit proof of course completion to the Board within two years shall constitute a violation of this stipulated agreement.

Cost Recovery. Respondents, jointly and severally, shall pay $10,000 to the Board for its costs associated with the investigation and enforcement of this matter, within thirty (30) days of the effective date of the decision. Respondents shall be permitted to pay these costs in a payment plan approved by the Board. If Respondents fail to pay the Board costs as ordered, Respondents shall not be allowed to renew their Pharmacy Permit and Pharmacy License.

Administrative Penalty. Respondents, jointly and severally, shall pay $28,000.00 in five (5) annual payments of $5,600.00 as a charitable contribution to non-profit organization(s) of the Board's choice that provide services for reducing abuse and diversion of prescription drugs. If Respondents fail to pay the penalty as ordered, Respondents shall not be allowed to renew their Pharmacy Permit and Pharmacy License.

BEFORE THE
BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: **DESAI DRUGS, INC., DBA: GUARDIAN PHARMACY,** **BHAVESH JAYATI DESAI** **1823 Commercenter West** **San Bernardino, CA 92408** **Pharmacy Permit No. PHY 48241** **BHAVESH JAYATI DESAI** **1823 Commercenter West** **San Bernardino, CA 92408** **Pharmacist-in-Charge No. RPH 53625** Respondents.	Case No. 5973 **ACCUSATION**

Complainant alleges:

PARTIES

1. Virginia Herold ("Complainant") brings this Accusation solely in her official capacity as the Executive Officer of the Board of Pharmacy ("Board"), Department of Consumer Affairs.

2. On or about October 30, 2006, the Board issued Pharmacy Permit Number PHY 48241 to Desai Drugs Inc dba Guardian Pharmacy, Bhavesh Jayati Desai, Sumit C. Desai

("Respondent Guardian"). The Pharmacy Permit was in full force and effect at all times relevant to the charges brought herein and will expire on October 1, 2017, unless renewed.

3. On or about August 21, 2002, the Board issued License Number RPH 53625 to Bhavesh Jayati Desai ("Respondent Bhavesh Desai"). The Pharmacist License was in full force and effect at all times relevant to the charges brought herein and will expire on October 31, 2017, unless renewed. Respondent Bhavesh Desai was Pharmacist-in-Charge ("PIC") for Respondent Guardian from March 27, 2014 to September 5, 2016.

JURISDICTION

4. This Accusation is brought before the Board, Department of Consumer Affairs, under the authority of the following laws. All section references are to the Business and Professions Code ("Code") unless otherwise indicated.

5. Code section 4011 provides that the Board shall administer and enforce both the Pharmacy Law [Bus. & Prof. Code, § 4000 *et seq.*] and the Uniform Controlled Substances Act [Health & Safety Code, § 11000 *et seq.*]

6. Code section 4300(a) provides that "[e]very license issued may be suspended or revoked."

7. Code section 4300.1 provides:

> The expiration, cancellation, forfeiture, or suspension of a Board-issued license, the place of a license on a retired status, or the voluntary surrender of a license by a licensee, shall not deprive the Board of jurisdiction to commence or proceed with any investigation of, or action or disciplinary proceeding against, the licensee or to render a decision suspending or revoking the license.

8. Code section 118 provides:

> (b) The suspension, expiration, or forfeiture by operation of law of a license issued by a Board in the Department, or its suspension, forfeiture, or cancellation by order of the Board or by order of a court of law, or its surrender without the written consent of the Board, shall not, during any period in which it may be renewed, restored, reissued, or reinstated, deprive the Board of its authority to institute or continue a disciplinary proceeding against the licensee upon any ground provided by law or to enter an order suspending or revoking the license or otherwise taking disciplinary action against the licensee on any such ground.

///

(c) As used in this section, Board includes an individual who is authorized by any provision of this code to issue, suspend, or revoke a license, and license includes certificate, registration, and permit.

STATUTORY PROVISIONS

9. Code section 4036.5 provides:

Pharmacist-in-charge means a pharmacist proposed by a pharmacy and approved by the Board as the supervisor or manager responsible for ensuring the pharmacy's compliance with all state and federal laws and regulations pertaining to the practice of pharmacy.

10. Code section 4119.5 provides:

(a) A pharmacy can transfer a reasonable supply of dangerous drugs to another pharmacy.

(b) A pharmacy may repackage and furnish to a prescriber a reasonable quantity of dangerous drugs and dangerous devices for prescriber office use.

11. Code section 4126.5 provides:

(a) A pharmacy may furnish dangerous drugs only to the following:

(1) A wholesaler owned or under common control by the wholesaler from whom the dangerous drug was acquired.

(2) The pharmaceutical manufacturer from whom the dangerous drug was acquired.

(3) A licensed wholesaler acting as a reverse distributor.

(4) Another pharmacy or wholesaler to alleviate a temporary shortage of a dangerous drug that could result in the denial of health care. A pharmacy furnishing dangerous drugs pursuant to this paragraph may only furnish a quantity sufficient to alleviate the temporary shortage.

(5) A patient or to another pharmacy pursuant to a prescription or as otherwise authorized by law.

(6) A health care provider that is not a pharmacy but that is authorized to purchase dangerous drugs.

(7) To another pharmacy under common control.

(b) Notwithstanding any other provision of law, a violation of this section may subject the person or persons who committed the violation to a fine not to

exceed the amount specified in Section 125.9 for each occurrence pursuant to a citation issued by the board.

(c) Amounts due from any person under this section on or after January 1, 2005, shall be offset as provided under Section 12419.5 of the Government Code. Amounts received by the board under this section shall be deposited into the Pharmacy Board Contingent Fund.

(d) For purposes of this section, "common control" means the power to direct or cause the direction of the management and policies of another person whether by ownership, by voting rights, by contract, or by other means."

12. Code section 4301 provides, in pertinent part:

The Board shall take action against any holder of a license who is guilty of unprofessional conduct .... Unprofessional conduct shall include, but is not limited to, any of the following:

(f) The commission of any act involving moral turpitude, dishonesty, fraud, deceit, or corruption, whether the act is committed in the course of relations as a licensee or otherwise, and whether the act is a felony or misdemeanor or not.

...

(j) The violation of any of the statutes of this state, of any other state, or of the United States regulating controlled substances and dangerous drugs.

13. Code section 4307, subdivision (a), provides:

Any person who has been denied a license or whose license has been revoked or is under suspension, or who has failed to renew his or her license while it was under suspension, or who has been a manager, administrator, owner, member, officer, director, associate, or partner of any partnership, corporation, firm, or association whose application for a license has been denied or revoked, is under suspension or has been placed on probation, and while acting as the manager, administrator, owner, member, officer, director, associate, or partner had knowledge of or knowingly participated in any conduct for which the license was denied, revoked, suspended, or placed on probation, shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee as follows:

(1) Where a probationary license is issued or where an existing license is placed on probation, this prohibition shall remain in effect for a period not to exceed five years.

(2) Where the license is denied or revoked, the prohibition shall continue until the license is issued or reinstated.

///

14. Health and Safety Code section 11173, subdivision (a), provides that "[n]o person shall obtain or attempt to obtain controlled substances, (1) by fraud, deceit, misrepresentation, or subterfuge; or (2) by the concealment of a material fact."

CONTROLLED SUBSTANCE / DANGEROUS DRUGS

15. Code section 4021 provides:

Controlled substance' means any substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.

16. Code section 4022 provides, in pertinent part:

"Dangerous drug" or "dangerous device" means any drug or device unsafe for self use, except veterinary drugs that are labeled as such, and includes the following:

(a) Any drug that bears the legend: "Caution: federal law prohibits dispensing without prescription," "RX only," or words of similar import.

...

(c) Any other drug or device that by federal or state law can be lawfully dispensed only on prescription or furnished pursuant to Section 4006.

COST RECOVERY PROVISION

17. Section 125.3 of the Code states, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

FRAUD INVESTIGATION

18. On April 27, 2015, the Board received a referral from an investigator of SCAN Health Plan's Special Investigations Unit alleging that Guardian Pharmacy telephonically provided false patient diagnosis to SCAN Health Plan. The investigator indicated that the false information resulted in the payment of an expensive drug, Fentora, an opioid pain reliever used to manage breakthrough cancer pain in adults with cancer.

19. On June 23, 2015, based on the referral, Board Inspector Randall commenced an investigation at Guardian Pharmacy. Inspector Randall's investigation confirmed that on September 26, 2014, a staff member at Guardian Pharmacy placed a phone call to Express

Scripts' Prior Authorization Department and provided a false diagnosis of osteosarcoma for patient MJ.

20. The prescription was electronically prescribed on September 26, 2014. The prescription was written for "Fentora 400 mcg buccal tablets," quantity 120 for a 30 day supply. Guardian Pharmacy dispensed 112 tablets for a 28 day supply. The prescription document did not list a diagnosis.

21. Inspector Randall's contact with patient MJ's physician's office confirmed that it had no record of any prior authorization of a prescription of Fentora to Express Scripts for patient MJ. The physician's office confirmed that patient MJ did not have cancer.

22. Inspector Randall subpoenaed Respondents' phone records which revealed phone calls made from Guardian Pharmacy's phone number on September 26, 2014 to Express Scripts' "physician prior authorization approval line."

23. Guardian Pharmacy's prescription label affixed to the prescription indicated that Guardian Pharmacy was paid $7,097.37 for this prescription on September 24, 2014.

24. The patient history indicates that MJ subsequently received six additional prescriptions for Fentora covered by SCAN Health Plan.

25. Respondents fraudulently obtained a benefit to which the pharmacy otherwise would not have been entitled. This was a violation of Pharmacy Law.

INSPECTION LEADING TO AUDIT

26. On August 28, 2015, during an inspection at Alliance Pharmacy (PHY 51160), Board Inspector Randall identified invoices showing sales of dangerous drugs from Respondent Guardian Pharmacy to Alliance Pharmacy. The majority of the sales were for promethazine with codeine.

27. On September 17, 2015, Board Inspector Randall conducted an inspection at Respondent Guardian Pharmacy located at 1823 Commercenter West, San Bernardino, CA 92408. Respondent Bhavesh Desai was the Pharmacist-in-Charge.

28. During this inspection, Pharmacist Sumit Desai (RPH 53579) confirmed that sales were made to Alliance Pharmacy. RPH Sumit Desai and Pharmacy Manager Bautista provided

invoices documenting these sales. RPH Sumit Desai said that the promethazine with codeine may have been unavailable from Alliance Pharmacy's primary wholesalers when the sales were made. He further stated that he and Respondent Bhavesh Desai were friends with Joseph Cherian (RPH 51944), the owner and Pharmacist-in-Charge of Alliance Pharmacy. RPH Sumit Desai said he believed Alliance Pharmacy was unable to obtain a sufficient quantity of the promethazine with codeine to fulfill its prescription orders.

AUDIT OF SALES

29. Based on Inspector Randall's audit of Respondent Guardian's invoices for the period between January 9, 2015 and July 2, 2015, Respondent Guardian sold the following dangerous drugs to Alliance Pharmacy:

Date	Promethazine/Codeine 4/3 mL	Relyvrs Patches (15 per box)	Cyclobenzaprine 7.5mg tablets
01/09/2015	20 bottles		
01/26/2015	25 bottles	10 bottles	
02/06/2015	20 bottles		
02/16/2015		10 bottles	
02/23/2015	20 bottles		
03/09/2015	20 bottles		
03/13/2015	20 bottles		
04/07/2015	20 bottles	10 bottles	
04/21/2015	20 bottles		
05/07/2015	20 bottles		300 tablets
05/14/2015		20 bottles	
05/21/2015	20 bottles		
06/18/2015	20 bottles		
07/02/2015		120 bottles	
Total	**225 bottles / 106,425 mL**	**170 boxes / 2,550 patches**	**300 tablets**

30. Respondent Guardian and Alliance Pharmacy were not under common control and the sales in question were made pursuant to invoices, not prescriptions. Inspector Randall also determined that the sales were not due to temporary shortages of the medications in question. While the medications may have been unavailable to Alliance Pharmacy through its typical wholesalers, the medications were not unavailable in the market in general.

31. In pharmacy practice, a "shortage" typically means there are not enough units of medication in the market as a whole to meet the demands of patients. When one pharmacy is out of a medication, the drug is typically considered "out of stock" at the pharmacy in question.

Inspector Randall accessed the Food and Drug Administration (FDA)'s website and searched for documented drug shortages. There were no current or resolved market shortages listed on the FDA's database for promethazine/codeine syrup, Relyyks patches, or cyclobenzaprine 7.5 mg tablets.

FIRST CAUSE FOR DISCIPLINE

(Unprofessional Conduct – Act of Dishonesty, Fraud, Deceit)

32. Respondent Guardian and Respondent Bhavesh Desai are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301(f), and/or Health and Safety Code section 11173(a), in that on September 26, 2014, Respondents committed an act involving moral turpitude, dishonesty, fraud, deceit, or corruption when Respondents' staff telephonically transmitted a false authorization for a prescription of Fentora to patient MJ's insurance carrier, as set forth above in paragraphs 17 through 24, which are incorporated by reference.

SECOND CAUSE FOR DISCIPLINE

(Unprofessional Conduct -- Furnishing Dangerous Drugs by Pharmacy)

33. Respondent Guardian and Respondent Bhavesh Desai are subject to disciplinary action for unprofessional conduct pursuant to Code sections 4301(j) and 4126.5(a), in that between January 9, 2015 and July 2, 2015, Respondents furnished dangerous drugs, to wit: 106,425 mL of promethazine/codeine syrup, 2,550 Relyyks patches, and 300 cyclobenzaprine 7.5 mg tablets to Alliance Pharmacy, a pharmacy not under common control, in the absence of a documented shortage of any of the medications, as set forth above in paragraphs 25 through 30, which are incorporated by reference.

OTHER MATTERS

34. Pursuant to Code section 4307, subdivision (a), if discipline is imposed on Pharmacy Permit Number PHY 48241 issued to Desai Drugs Inc dba Guardian Pharmacy, Desai Drugs Inc shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacy Permit Number PHY 48241 is placed on probation or until Pharmacy Permit Number PHY 48241 is reinstated if it is revoked.

///

35. Pursuant to Code section 4307, subdivision (a), if discipline is imposed on Pharmacy Permit Number PHY 48241 issued to Desai Drugs Inc dba Guardian Pharmacy while Bhavesh Jayati Desai has been an officer and owner and had knowledge of or knowingly participated in any conduct for which the licensee was disciplined, Bhavesh Jayati Desai shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacy Permit Number PHY 48241 is placed on probation or until Pharmacy Permit Number PHY 48241 is reinstated if it is revoked.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Board of Pharmacy issue a decision:

1. Revoking or suspending Pharmacy Permit Number PHY 48241, issued to Desai Drugs Inc dba Guardian Pharmacy;

2. Revoking or suspending Pharmacist-in-Charge Number RPH 53625, issued to Bhavesh Jayati Desai;

3. Prohibiting Desai Drugs Inc from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacy Permit Number PHY 48241 is placed on probation or until Pharmacy Permit Number PHY 48241 is reinstated if Pharmacy Permit Number 48241 issued to Desai Drugs Inc dba Guardian Pharmacy is revoked;

4. Prohibiting Bhavesh Jayati Desai from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacy Permit Number PHY 48241 is placed on probation or until Pharmacy Permit Number PHY 48241 is reinstated if Pharmacy Permit Number 48241 issued to Desai Drugs Inc dba Guardian Pharmacy is revoked;

5. Ordering Respondents to pay the Board of Pharmacy the reasonable costs of the investigation and enforcement of this case, pursuant to Business and Professions Code section 125.3; and,

///

6. Taking such other and further action as deemed necessary and proper.

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Not Applicable PHARMACY NOT LOCATED IN NEVADA Pharmacist Registration #: _____

Pharmacy Name: _____

Initial each statement below to indicate you have read and agree with the following:

_____ I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

_____ I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

_____ I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

_____ I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

_____ I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?

This summary is provided in response to our affirmative answer to the disciplinary history question on our Application. Please note that, based on the broadness of the application question; we are disclosing all discipline that has occurred at other Cardinal Health Nuclear Pharmacy sites for the past five years. None of the below citations involved the Cardinal Health Nuclear Pharmacy located in East Rutherford, NJ, the site to which this application pertains. The safety of the nation's pharmaceutical supply chain is among our highest priorities. We take this responsibility very seriously and work diligently to comply with all applicable laws and regulations governing pharmacy. If you have any questions specific to these matters, please contact Dawn Harmon at (614) 757-7570.

2020-Michigan Department of Licensing and Regulatory Affairs

Actions Taken: Consent Order

Location Involved: Cardinal Health 414, LLC, radiopharmacy in Southfield, MI

Final Disposition: This settlement concerns a divergence of opinion concerning the application of a recently enacted statute to the operation of nuclear pharmacy. While a nuclear pharmacy prepares sterile radiopharmaceuticals, it does not do so by the statutory definition of compounding and therefore not subject to the external certification required by the statutory language for pharmacies that compound. The consent order represents an agreement to disagree on the application of the statute to nuclear pharmacy, but to agree to the external certification of the pharmacy.

Effective date: 06/10/2020

Fine: $500

2019- New York State Department of Environmental Conservation

Actions Taken: Consent Order

Location Involved: Cardinal Health 414, LLC, radiopharmacy in Syracuse, NY

Violation that occurred: pharmacy did not obtain prior approval before relocating the HVAC system on the roof

Final Disposition: signed a consent order. An application to modify the radiation control permit to be submitted regarding the changes in the exhaust system. A Pharmacy Compliance Specialist will be hired. The qualifications, and job responsibilities must be reviewed and approved. In addition, a SOP for all New York licensed pharmacies to follow, that outlines prior approvals for changes must be submitted and approved by the New York State Department of Environmental Conservation.

Effective date: 10/11/2019

Fine: $6000.00

2019-Rhode Island Board of Pharmacy

Actions Taken: Consent Order

Location Involved: Cardinal Health 414, LLC, radiopharmacy in E Providence, RI

Violation that occurred: pharmacy did not require technicians who compound radiopharmaceuticals to become nationally certified.

Final Disposition: signed a consent order. Agreement to have specialized nuclear technicians become nationally certified in addition to their existing specialized examination.

Effective date: 08/15/2019

Fines: no fine

2019-US Department of Transportation

Actions Taken: Statement of Violation and Penalty issued

Location Involved: National Central Pharmacy-Abilene Nuclear LLC

Violation that occurred: Probable violation offered and transported in commerce a DOT specification 7A packaging containing a Class 7 hazardous material without maintaining complete documentation of tests and an engineering evaluation or comparative data

Final Disposition: Ticket for Noncompliance

Effective date: 03/04/2019

Fines: $1,740.00

Summary: During a compliance inspection involving a shipping paper review, it was alleged as a probable violation that the pharmacy transported 7A packaging containing Class 7 hazardous material without maintaining complete documentation.

2018-Virginia Board of Pharmacy

Actions Taken: citation issued

Location Involved: Cardinal Health 414, LLC, radiopharmacy in Richmond, VA.

Violation that occurred: Wall electrical and data plates were not sealed. The flooring where it meets the wall was not sealed and parts of the wall were not smooth and free from cracks

Final Disposition: parties entered into a consent order

Effective Date: 01/08/2018

Fines: $2,000

Summary:
The final signed consent order was received referencing the Cardinal Health nuclear pharmacy located in Richmond, VA. Improperly sealed wall electrical and data plates as well as the space where the floor meets the wall. In addition to ports of the wall were not smooth or free from cracks. These were noticed during a Virginia BOP inspection. The issue has been corrected. The pharmacy paid an administrative fine.

2017-Tennessee Board of Pharmacy

Actions Taken: license reprimanded

Location Involved: Cardinal Health 414, LLC, radiopharmacy in Algood, TN

Violation that occurred: during a routine inspection, inspector alleged that the pharmacy was non-compliant with some aspects of USP <797>

Final Disposition: parties entered into a consent order

Effective Date: 03/13/2017

Fines: $2,674.48

Summary:
On March 13, 2017, a consent order was entered by the board referencing the Cardinal Health nuclear pharmacy located in Algood, TN. During an inspection on April 5, 2016, it was alleged that the pharmacy was non-compliant with USP <797>. The pharmacy was remodeled and was monitored by an independent consultont approved by the Executive Director of the Board of Pharmacy initiolly and agreed to be monitored for one year. The independent consultant will submit quarterly reports to the Executive Director of the Board of Pharmacy for one year. The pharmacy paid o fine.

2017-California Board of Pharmacy

Actions Taken: citation issued against the pharmacy license

Location involved: Cardinal Health 414, LLC, radiopharmacy in Redding, CA

Violation that occurred:

Each individual involved in the preparation of sterile injectable products must successfully complete a validation process on technique before being allowed to prepare sterile injectable products.

Equipment used in the designated area or cleanroom must be made of a material which can be easily cleaned and disinfected/Exterior workbench surfaces and other hard surfaces in the designated area, such as walls, floors, ceilings, shelves, tables and stools, must be disinfected weekly/Operational standards and security; the pharmacy must be maintained in a sanitary condition.

Final Disposition: paid the fine

Effective Date: 03/28/2017

Fines: $5,000

Summary:

In December 2016, the radiopharmacy in Redding, CA received a citation from the California Board of Pharmacy, for process validation technique not being completed when pharmacists from another California licensed Cardinal Health radiopharmacy came to temporarily work at the Redding location as well as for a window in the pharmacy that had particulates. An area under one of the compounding hoods was also not free of particulates.

2017-Virginia Board of Pharmacy

Actions Taken: citation issued

Location Involved: Cardinal Health 414, LLC, radiopharmacy in Charlottesville, VA

Violation that occurred: surfaces of walls and floors in the buffer area and blood mixing room were not smooth, impervious, or free from cracks and crevices.

Final Disposition: parties entered into a consent order

Effective Date: 01/30/2017

Fines: $2,000

Summary:
On January 11, 2017, a consent order was entered by the board referencing the Cardinal Health nuclear pharmacy located in Charlottesville, VA. The surfaces of walls and floors in the buffer area ond blood mixing room were not smooth, impervious, ar free from cracks and crevices. The facility maintenance department was contacted ond the issues carrected. The pharmacy paid an administrative fine.

2017-Nevada Board of Pharmacy

Actions Taken: stipulation issued

Location Involved: Cardinal Health 414, LLC, radiopharmacy in Las Vegas, NV.

Violation that occurred: A pharmacy technician's registration was not timely renewed. The technician was further charged for continuing to work with an expired registration between November 1-8, 2016.

Final Disposition: parties agreed to a stipulation

Effective Date: 01/11/2017

Fines: $500
Summary:
On December 6, 2016, the Nevada Board of Pharmacy notified Cardinal Health of a violation of the Nevada Administrative Code when a pharmacy technician's registration was not timely renewed. The technician was further charged for continuing to work with an expired registration between November 1-8, 2016. The Pharmacist in Charge as well as the Technician Supervisor were also charged for allowing the technician to work with an expired license. Changes to the software system utilized by Cardinal Health will prevent future occurrences. The pharmacy paid a monetary penalty of $500

To Whom It May Concern:

The New Jersey Board of Pharmacy has been requested by DANIEL JAY MALZONE to forward a letter of good standing regarding the Pharmacist's registration to practice in the State of New Jersey.

A review of the Board's files indicates that DANIEL JAY MALZONE was issued a New Jersey registration 28RI03642500 on or about 08/08/2014 and is currently Active and in good standing with an expiration date of 04/30/2023 . A review of the Board's files further indicates that no public disciplinary action has been taken against this Pharmacist.

Very truly yours,

Anthony Rubinaccio, RPh
Executive Director
Board of Pharmacy

Supplementary Statement
(Required Per NRS 639.100(1)(a))

To Whom It May Concern:

To comply with NRS 639.100(1)(a), please be advised of the following:

1. Currently, the Cardinal Health, 414, LLC pharmacy located in East Rutherford, NJ employs one full-time Nevada Licensed Pharmacist namely Daniel Jay Malzone – License # 19722.

2. This Nevada licensed pharmacist will be responsible for all prescriptions shipped into the state of Nevada once our out-of-state application is approved by the Board.

3. All the other employed full-time pharmacists have started the reciprocation process and/or the Temporary Pharmacist Registration Request Application.

NABP Facility e-Profile ID: 1241989

VPP Inspection Date: 13-Dec-21

Facility Response to Verified Pharmacy Program® (VPP®) Inspection

Type of Response (Choose from Drop Down)	VPP Inspection Report Page No.	VPP Inspection Report Item No.	Facility Response/Corrective Action/Comments	Estimated Date of Completion For Corrective Action Taken	Attachment Included (Y/N)	Title of Document (Must be indicated at top of document attachment)
Clarification or Further Explanation	12	49	We believe this should have been marked as "Yes". The question reads, "Does the pharmacy continuous quality improvement program include viable environmental testing?" and the inspector's comments were, "There is no in-house viable environmental testing occurring. This pharmacy relies on viable environmental testing performed ever 6-months when the outside 3rd-party company comes to test and recertify the sterile compounding and related work room areas, LAFW, BSCs, Magnehelic gauges, etc." A pharmacy does not need to perform in-house EM testing to have EM testing included as a part of their CQI program.		N	
Clarification or Further Explanation	12	49.01	We would like to correct what we believe to be an inaccurate statement made by the inspector in the "Notes" section. The comments read, "This facility preforms low- and medium-risk sterile compounding. Radiopharmaceutical dosages to be +/- 10% of requested dose activity. Quality control testing results should be 95% or higher in terms of radiochemical purity." Please see the attached SOP, Section 5 Part 05 Radiochemical Purity Testing of Prepared Radiopharmaceuticals, Table 1 which lists the minimal acceptable purity (MAP) release standards for all prepared radiopharmaceuticals. Of note, there are 19 radiopharmaceuticals that are on the market that are prepared, 14 of which have a 90% MAP, 3 have a 95% MAP, one has a 92% MAP and one has an 80% MAP.		Y	Section 5 Part 05 Radiochemical Purity Testing of Prepared Radiopharmaceuticals
Clarification or Further Explanation	13	53	As part of the national CQI program, data is tracked and trended over time. Monthly performance is tracked and statistically analyzed against the previous several months. In addition to this, other quality metrics are tracked over longer intervals such as year over year performance (e.g., order entry).		N	
Clarification or Further Explanation	16	83	USP <795> states, "Specialty areas such as radiopharmaceuticals require special training and are beyond the scope of this chapter." USP <795> does not apply to radiopharmaceuticals. The FDA has approved two kits for the preparation of I-131 NaI capsules. The Draximage and International Isotopes Inc. Kit for the Preparation of Sodium Iodide I 131 Capsules and Solution USP Therapeutic — Oral are both commercially manufactured drug products. Both package inserts contain preparation instructions. They both manufacture an FDA approved kit as stated in their drug's title. Each and every radioactive I-131 NaI capsule is radioassayed in a dose calibrator to determine the activity of the dispensed capsule at calibration time and to confirm that this is within acceptable ranges from the prescribed activity. We believe that we have been and continue to be in compliance with all related regulations and requirements. Our SOP 3.10 , PS-11A, PS-11B, PS-14 are attached.		Y	SOP 3.10 131I NaI mCi Capsule and Solution Manual Preparation Protocol PS-11A NPT Compounding Na 131 Iodine Capsules and Solution Doses PS-11B NPT Statement of Training for Na I 131 Iodine Compounding PS-14 Pharmacist Statement of Training for 123 Iodine & 131 Iodine Capsule and Solution Preparation
Clarification or Further Explanation	18	98	We believe that the question, "Does anyone have access to the pharmacy after hours in the absence of the pharmacist? Explain." was marked "Yes" in error. It should be marked as "No" as no persons have access to the pharmacy after hours when a pharmacist is not present. Note that no explanation was given for the "Yes" notation.		N	

This VPP Inspection response and documentation has been provided directly by the pharmacy in response to its VPP Inspection. The content of this response has not been verified or modified by NABP at this point in time, except to check for completeness of any attachments provided.

Facility Response to Verified Pharmacy Program® (VPP®) Inspection

Type of Response (Choose from Drop Down)	VPP Inspection Report Page No.	VPP Inspection Report Item No.	Facility Response/Corrective Action/Comments	Estimated Date of Completion For Corrective Action Taken	Attachment Included (Y/N)	Title of Document (Must be indicated at top of document attachment)
Clarification or Further Explanation	19	109	Per USP <659> PACKAGING AND STORAGE REQUIREMENTS - "An article for which storage at *Controlled Room Temperature* is directed may, alternatively, be stored and shipped in a cool place or refrigerated, unless otherwise specified in the individual monograph or on the label." We believe we are in compliance with the applicable drug product storage and handling temperature requirements.		Y	USP Chapter 659 Packaging and Storage
Clarification or Further Explanation	20	109.02	Please see the attached PS-6 Temperature Log Sheet, which states, "If the temperature falls outside the appropriate range, verify that the equipment is working. Minimize conditions that may cause temporary temperature fluctuations (refrigerator door open, excessive ice build up, hot block on low) & then recheck the temperature in one hour. If the temperature has not returned to the appropriate range, remove drug products to another unit."		Y	Temperature Log Sheet PS-6
Clarification or Further Explanation	20	110.00	Item 110.00 states, " Humidity monitoring is performed in drug storage areas (if separate from the compounding areas) to provide humidity in the ranges warranted by specific drug product storage requirements. If drug products require storage in a "dry place", humidity is not to exceed 40%. Generally recommended range is 35-60%." All radiopharmaceuticals are either in liquid form in a vial under an elastomeric septa, are a lyophilized drug product in a vial under a elastomeric septa, a capsule in a foil sealed blister pack, or a radionuclide generator system. No radiopharmaceutical specifies humidity ranges or requirements in its FDA-approved drug labeling. We believe we are fully compliant with all applicable humidity requirements for the radiopharmaceuticals we handle. Cardinal Health is unaware of a humidity monitoring requirement in USP <797> .		N	
Clarification or Further Explanation	20	110.02	Please see the response to Item # 110.00 above.		N

Additional Personnel: 2 Pharmacy Techs (Mehmud Salim, Colleen Millner). There are 25 Delivery Drivers (divided between 2 shifts). There are 3 Pharmacists but none available (Alton Kwong on Sick-Leave; both Mary Stephens and Philip Raghunandan were on PTO Leave).

Business Licensure Information for State of Residence and Federal
(Board of Pharmacy, State Controlled Substance, State Radiation Control Agency, Drug Enforcement Administration (DEA), Food and Drug Administration (FDA), Nuclear Regulatory Commission (NRC))

License/Registration Agency	Business Name on License/Registration	License Type/Number	Expiration Date
New Jersey Office of the Attorney General - Division of Consumer Affairs - Board of Pharmacy	Cardinal Health 4141 LLC dba Cardinal Health	Pharmacy / 28RS00637500	6/30/2022
New Jersey Dept of Environmental Protection, Bureau of Environmental Radiation, Radioactive Materials Program	Cardinal Health 4141 LLC Nuclear Pharmacy service (NPS)	Radioactive Materials License / 4407335 - RAD210002	1/31/2023
New Jersey Department of Environmental Protection - Division of Compliance Operations and Coordination	Cardinal Health Nuclear Pharmacy Service	Medical Waste Transporter Registration / NJDEP 18550 and NJEMS 239529	6/30/2021

Inspector Notes: List states in which Non-Resident licenses are held: CT, DE, NY, PA. The VPP application for this nuclear pharmacy listed all these other State licenses as "expired", but current/active licenses were posted (See NUC Question 3.00). To date there has been no radiopharmaceutical dispensing to CT, DE, PA, and only limited service to NY, but maybe in the future when this facility brings its soon-to-be new Y-90 Sir-Spheres & Y-90 TheraSpheres, and Ga-68 Dotatate (NetSpot) service online service (in Buffer Room #2), delivery service to CT, DE, PA will commence (as well as to NJ and NY). NABP was informed via email associated with the VPP application that there were two (2) RAM Licenses XN000684 and XN000835, but these licenses do not exist. There used to be a PET Cyclotron operation located in Suite 450 at 30 Murray Hill Parkway, East Rutherford, NJ but this facility has been decommissioned and the cyclotron removed. There is a New Jersey Medical Waste Transporter Registration in the form of a letter that RSO Candice Goodyear stated allowed this facility to bring back radioactive waste from its customers (radioactive waste that only originated from this pharmacy), but she was unaware that this registration letter indicated an expiration date of 6/30/2021 for NJDEP 18550 / NJEMS 239529. RSO Goodyear thought its update/renewal had occurred and not having a current posted registration letter at this pharmacy may be due to the impact of Covid causing a delay in processing by this New Jersey agency, but was not certain of this and she will inquire with Cardinal Health Corporate HQ accordingly as to this documents status. This nuclear pharmacy is located in one building of a three-building business complex, and has other tenants in suites on one side of it, but the adjacent Suite 450 is vacant as this was the location of the former Cardinal Health PET Cyclotron operation.

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
	General Pharmacy		
1.00	Is the PIC (or pharmacy manager/director) present for the inspection? *If no, list the pharmacist on duty.*	Yes	NABP VPP Inspection visit began working with Dan Malzone, PharmD, then the RSO Goodyear and PIC Boni arrived at about 7:45 am. The rest of the NABP inspection involved both RSO Goodyear and PIC Boni.
2.00	Are photographs allowed during the inspection (no Protected Health Information (PHI))?	Yes	
	General Operations and Licensure		
3.00	Are pharmacy licenses, permits and registrations (state, controlled substance, DEA, etc.) posted?	Yes	CT, DE, NY, PA. VPP Application lists all four of these States with "expired" licenses, but there are current/active licenses posted from each of these States at the pharmacy (Connecticut - PCN.0002462, expires 8/31/2022; Delaware A9-0001836, expires 9/30/2022; New York 031944, expires 3/31/2022; Pennsylvania NP000419, expires 8/31/2023). There is also a New York license as a Limited Reinfusion Service (Radioisoptic Labeling of Red Blood Cells and White Blood Cells) License LRS111, expires 4/21/2024.
4.00	Is the RSO the same as is listed on the radioactive materials (RAM) license?	Yes	A copy of the NJ RAM License 449735 - RAD210002 that also makes reference to RSO Candice Goodyear was obtained [See Doc01_Nuc4.00_CardinalHealth_EastRutherford_NJ].
5.00	Is the PIC an Authorized User (AU) on the RAM license? List all AUs.	Yes	There is a 7-page document dated 11/19/2021 of Authorized Nuclear Pharmacists, all company employed pharmacists at any Cardinal Health facility, that can be called upon if needed. All pharmacists and the PIC for this Cardinal Health, East Rutherford, NJ facility are listed (noted by an added asterisk) [See Doc02_Nuc5.00_CardinalHealth_EastRutherford_NJ]. There is also a 2-page document dated 2/26/2020 for Authorized Users (Non-Pharmacists) which lists only RSO Candice Goodyear's name (none of the other pharmacy techs at this particular Cardinal Health facility) [See Doc03_Nuc5.00_Cardinal Health_EastRutherford_NJ]. A list of the employees and delivery drivers for this particular Cardinal Health facility was provided [See Doc04_Nuc5.00_CardinalHealth_EastRutherford_NJ].
6.00	Is the most recent board of pharmacy inspection report available for review? *Record the date of the last inspection and how frequently the pharmacy is routinely inspected by the board.*	Yes	Dated 10/19/2021. No set repeat inspection timeframe per se. A copy of the last NJ BOP inspection report provided [See Doc05_Nuc6.00_CardinalHealth_EastRutherford_NJ].
6.01	Were any deficiencies noted? *Indicate the deficiencies and note whether they were corrected.*	Yes	(1) No policy and procedure on temperature excursions; (2) No policy and procedure about actions to be taken if a delay in product shipments to customers or other factors negatively impact any product's integrity prior to use [See Doc05_Nuc6.00_CardinalHealth_EastRutherford_NJ]. Copies of two policies and procedures provided that RSO Goodyear stated address the two deficiencies by the NJ BOP on 10/19/21 [See Doc06_Nuc6.01_CardinalHealth_EastRutherford_NJ]. The effective dates on these two policies and procedures pre-date the last NJ BOP inspection report and the two noted deficiencies for which these pre-dated policies and procedures are intended to address. The stated ambient air temperature range in one of these documents is 15°C to 30°C which is outside of the USP range of 20°C to 25°C for climate controlled conditions, but company's stated range does appear in a few manufacturer package inserts for select radiopharmaceutical reagent cold kits (lyophilized vials) of products that will eventually be radiolabeled with Tc99m sodium pertechnetate.

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
7.00	Is the most recent NRC (and/or state radiation control agency) inspection report available for review? *If yes, note the state and the date of the inspection and frequency of inspections by other states.*	Yes	Inspection by the NJ Department of Environmental Protection, Bureau of Environmental Radiation, Radioactive Materials Program occurred on 11/15/2021 but a final copy of the inspection report not received yet, only an email stating there were no deficiencies found [See Doc07_Nuc7.00_CardinalHealth_EastRutherford_NJ].
7.01	Were any deficiencies noted? *Indicate the deficiencies and note whether they were corrected.*	No	No deficiencies were noted
8.00	Has this pharmacy been inspected by any other state for which it holds a license? *If yes, note the state and the date of the inspection and frequency of inspections by other states.*	No	VPP Application notes that the company is applying for a Texas license, and that this particular Cardinal Health facility was referred by NJ to undergo an inspection by NABP.
9.00	Is the pharmacy operating under an exemption or restriction granted by the state in which the pharmacy is located or by any other state in which the pharmacy is licensed? *If yes, note the exemption or restriction.*	Yes	Exemption for reporting to a PDMP programs by the New Jersey Division of Consumer Affairs - Prescription Drug Monitoring Program, and by the Pennsylvania Department of Public Health - Prescription Drug Monitoring Program.
10.00	Is the pharmacy operating under a waiver or variance granted by the state in which the pharmacy is located or by any other state in which the pharmacy is licensed? *If yes, note the waiver or variance.*	No	
11.00	Has the pharmacy been inspected or visited by the DEA? *If yes, indicate the inspection/visit date and note any deficiencies. Also note how frequently the pharmacy is inspected/visited by the DEA.*	No	
12.00	Has the pharmacy been inspected by the FDA? *If yes, indicate the inspection date and note any deficiencies, significant correspondence, or if a "483" was issued and date, and response and date. Also note how frequently the pharmacy is inspected by the FDA.*	No	
13.00	Has the pharmacy been inspected by the Environmental Protection Agency (EPA), Department of Transportation (DOT) or any other outside agency? *If yes, indicate the inspection date and note any deficiencies related to pharmacy practice.*	No	
14.00	Does the pharmacy hold any accreditations or certifications? *If yes, indicate which and collect most recent date of survey.*	No	
15.00	Has the pharmacy held any accreditations or certifications in the past that they no longer hold? *Provide a list and the reasons for such.*	No	
16.00	Were any deficiencies detected on the last internal audit? *List date of last audit and note any deficiencies found and action plan to correct.*	Yes	There are both internal audits [Document A1-A4, Document B1-B2, and Document C] performed by the PIC Boni or RSO Goodyear, and external Corporate HQ audits (Document D1-D3 and Document E1-E4) that focus on two principle areas such as Pharmacy Practice Compliance and Radiation Safety. These audits involve a "point system" taking into account the degree of severity of any noted deficiency or violation. See Doc08_Nuc16.00_CardinalHealth_EastRutherford_NJ for copies of several recent audit documents, including some discussion about corrective action.

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
17.00	Does this pharmacy handle IND radiopharmaceuticals? *Indicate percentage and which ones.*	No	Not at this time, but that would be a decision made by the Corporate HQ as to when and involving which IND radiopharmaceutical(s).
18.00	Does the pharmacy **distribute** compounded preparations to practitioners for "office use" or "physician use"? *If yes, indicate volume or percentage provided within this state, and volume or percentage provided in other states.*	Yes	For "Physician Use Only" involving unit dose radiopharmaceuticals notably Tc99m-labeled agents, including F-18 FDG on weekdays, and some bulk vials of Tc99m Sodium Pertechnetate, Tc99m MA, Tc99, Sulfur Colloid, and Tc99m Choletec (but most bulk products are distributed on weekends, along with some unit dose F-18 FDG and other radiopharmaceuticals for "Physician Use Only"). Estimated to be about 92% or more. The remaining 6% or so will be patient-specific dispensing.
19.00	Does the pharmacy **distribute** compounded preparations to hospitals, clinics, or surgery centers? *If yes, indicate volume or percentage provided within this state, and volume or percentage provided in other states.*	Yes	Hospitals and cardiac clinics primarily. In-State about 92%; Out-of-State about 1% or less. The remaining 6% or so will be patient-specific dispensing.
20.00	When the pharmacy **delivers** or **distributes** radiopharmaceuticals, does the pharmacy maintain a copy of each customer's current RAM license/registration? *Verify by viewing examples in customer files.*	Yes	Hardcopy and scanned into the company's shared-drive computer option in case access is needed by any other Cardinal Health nuclear pharmacy (also as part of Corporate's Business Continuity Plan).
21.00	Does the pharmacy provide compounded preparations to other pharmacies for dispensing? *If yes, indicate if the pharmacies have common ownership or if the pharmacy has central fill contracts or agreements with these pharmacies for patient-specific preparations.*	Yes	Occasionally this pharmacy provides I-123 Sodium Iodide Diagnostic Capsules (200 uCi) and I-131 Sodium Iodide Therapy Capsules to other Cardinal Health nuclear pharmacies at 2425 Waterbury Ave, Bronx, NY 10462 or at 25 Fairchild Ave, #100, Plainview, NY 11803. On rare occasion this pharmacy has filled orders of I-131 Sodium Iodide Therapy capsules for cats but none in the past 2 years (primarily due to the Covid pandemic).
22.00	Does the pharmacy purchase any compounded products from other entities for dispensing to patients? *If yes, describe which products and from where they are purchase (collect name and license of other entity).*	Yes	This pharmacy obtains bulk F-18 FDG that it subdivides to fill its customer order requests from three possible outside sources: Weekdays from NCM-USA LLC, 390 Concord Ave, Bronx, NY 10454; and on Weekends from either Sofie, 110 Clyde Rd, Somerset, NJ 08873 or Sofie, 60th Commerce Way, Totowa, NJ 07512.
23.00	Does the pharmacy only make essential copies of a commercially available drug product on the Drug Shortage List or that is justified by a documented medical need of the individual patient as determined by the prescribing practitioner? *If yes, indicate name and volume/percent compounded currently.*	No	
23.01	If yes, products are verified as appearing on the Drug Shortage List in effect under 506E of the Federal Act at the time of compounding, distribution, and dispensing.	N/A	
23.02	If yes, the Drug Shortage List is monitored and when a drug product is no longer on the list, any remaining stock is quarantined and not available for distribution or dispensing. *Note: Per FDA guidance, 503B facilities may continue to distribute for 60 days following drug shortage list removal for existing orders.*	N/A

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
24.00	**Nonsterile Compounding:** Does the pharmacy compound oral preparations (capsules, liquids, etc.)? *If yes, indicate which in notes.*	Yes	I-131 Sodium Iodide (NaI) diagnostic or therapeutic capsules; I-131 Sodium Iodide diagnostic or therapeutic liquid (using Jubilant DraxImage HICON I-131 NaI Solution); I-123 Sodium Iodide diagnostic capsules (passed through as these are obtained from a Cardinal Health nuclear pharmacy in Aurora, CO (also available from Curium if necessary).
25.00	**Sterile Compounding:** Does the pharmacy compound parenteral preparations? *Provide List.*	Yes	Wide range of Tc99m-labeled radiopharmaceuticals. Subdivision of bulk quantities of F-18 FDG (See Nuc22.00 above). Soon Y-90 labeled radiopharmaceuticals and Ga-68 Dotatate (NetSpot).
26.00	**Sterile Compounding:** Does the pharmacy compound parenteral suspensions? *Provide List.*	Yes	Tc99m MAA, Tc99m Sulfur Colloid primarily.
27.00	**Sterile Compounding:** Does the pharmacy compound inhalation preparations? *Provide List.*	Yes	Tc99m DTPA (to be used in pulmonary aerosol studies). Passes through commercially available Xe-133 gas.
28.00	Does the pharmacy perform testing in-house (such as purity, radiochemical purity, potency, sterility, endotoxin, environmental monitoring)? *If yes, what testing is performed in house?*	Yes	Radiochemical purity, sterility testing of hetastarch used for radiolabeling blood, visual inspection for unusual particulates using a hemocytometer grid for select radiopharmaceuticals (Tc99m MAA, Tc99m Sulfur Colloid). There is a 2-page policy and procedure 2.6 "Sterile Subdivision of Hetastarch, Dextran 70, HSA, ACD Solution A" issued April 2018, Version 01.
29.00	Does the pharmacy send samples to an outside lab to perform testing? *If yes, provide the name of the lab performing testing for the pharmacy and what testing is performed.*	No	Not at this time (and not for verification of sterility technique by employees performing compounding).
	Policy and Management		
30.00	Policies and procedures for the program are maintained in the pharmacy in an immediately retrievable form. *Indicate if hard copy, electronic, or both.*	Yes	Both hardcopy and electronic.
31.00	Do the P&Ps include the prescription processing, compounding, dispensing, delivery, receipt and storage, and the handling of HD, and handling infectious waste or spills?	Yes	
32.00	Are the P&Ps reviewed and updated regularly? *Indicate the review frequency and who performs the reviews.*	Yes	Corporate HQ performs at least an annual review of USP <797> and <825>, and other relevant guidance's/documents that may impact the company's policies and procedures. PIC Boni also conducts at least a yearly review of the policies and procedures. More frequent review occurs as needed at both the Corporate or local levels. The company is having its branch nuclear pharmacies gradually phase in operational activities that comply with USP <825> so that it will be ready when this new USP chapter becomes enforceable at the state level.
33.00	Are systems in place for the ongoing monitoring of state and federal laws/regulations for changes? *Give details of the system and resources, or indicate if it is a corporate process and who is responsible overall as well as at the site.*	Yes	Corporate HQ performs at least an annual review state and federal laws/regulations and other relevant guidance/documents that may impact the company's policies and procedures. PIC Boni also conducts at least a monthly laws and rules review. More frequent review occurs as needed.
34.00	Is there a statement in the P&P, or are other means used to ensure that the most stringent laws/regulations are followed? *Describe system details.*	Yes

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
35.00	Does the pharmacy maintain all required records, including but not limited to prescription files and invoices on site? *Record how long records are kept. If not on site, where?*	Yes	PIC Boni performs a "Core Bi-Weekly Record Review" to ensure accuracy and completeness of all types of business and operational records. An example of such a document was provided [see Document B1-B2 in Doc09_Nuc16.00_CardinalHealth_EastRutherford_NJ]. There is also a "Bi-Business Intelligence" process that is both hardcopy (20-30%) and computer-based (70-80%) so there is access to all manner of records for regular review, etc. There is an extensive 32-page Records Retention Schedule document (Appendix 1 to the Records Management Policy, dated November 9, 2015, Version 5.1) that describes the length of time of all many of business and operational records are to be maintained.
36.00	Does the pharmacy have access to appropriate law references including state and federal regulations (including state regulations for all states in which the facility is licensed and NRC)? *Indicate if they are hard copies or are accessed online (demonstrate access) or both.*	Yes	PIC Boni performs a monthly laws and rules review (both state and federal) and will advise Corporate of any developments accordingly.
37.00	Does the pharmacy have access to appropriate dosage and toxicology references? *Indicate if they are hard copies or are accessed online or both.*	Yes	Both hardcopy and electronic/online sources.
38.00	Does the pharmacy have access to appropriate practice specific references? Nuclear, geriatric, pediatric, etc. *List and indicate if hard copy or online or both.*	Yes	Both hardcopy and electronic/online sources.
39.00	Are Safety Data Sheets (SDS) [formerly known as Material Safety Data Sheets (MSDS)] available to personnel for drugs and chemicals used in the pharmacy (including those for compounding, if applicable)? *Verify that personnel can access them and are familiar with the format.*	Yes	Both hardcopy and electronic/online sources.
40.00	Does the pharmacy have a hazardous waste handling and collection system? *Indicate how often waste is collected and the vendor(s) used.*	Yes	Stericycle; pick-up occurs as needed. There is reliance on in-house decay-in-storage first.
	Quality Assurance/Quality Improvement (QA/QI)		
41.00	Is there a documented continuous quality improvement (CQI) Program for the purpose of detecting, documenting, assessing, and preventing quality related events (QREs)? *If yes, list who oversees the program.*	Yes	CQI is not required by the NJ BOP. However, this pharmacy has just started a company-based CQI program and will be conducting at least quarterly review of accumulated data and meetings with this pharmacy's staff pertaining thereto. There is 2-page policy and procedure 8.4 "Continuous Quality Improvement (CQI) Program" issued March 2021.
42.00	Is QA data kept on site? *If not, where?*	Yes	Data acquired manually, and maintained both in hardcopy and electronic formats.
43.00	Are quality self-audits performed? *How often?*	Yes	Monthly.
44.00	Is Quality Related Event (QRE) defined? *May also be referred to as "incidents" or "errors".*	Yes	In accordance with language appearing in USP <825> (Company wide there is continual, incremental implementation of USP <825> so the company and all its nuclear pharmacies will be ready when USP <825> becomes enforceable.
44.01	Is there a form to fill out for a QRE? *Indicate if paper or electronic, or both, and who fills it out.*	Yes	Both hardcopy and electronic. An example of a somewhat recent QRE involved radiation shine while assaying PET dosages that affected the accuracy of dose calibrator readings, and once discovered this issue was fixed.

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
44.02	**Reporting**: Incidents of QREs are reported to a nationally recognized error reporting program, an outside peer review committee, or a patient safety organization. *Indicate which organizations are reported including if the pharmacy reports QREs to the board of pharmacy.*	Yes	Corporate utilizes a 3rd-party process called "Sales Force" that can be found on the company's computer shared drive and will accumulate data and conduct some analysis/trending that is interconnected with the Corporate HQ for its own quality review and potential reporting to outside state and federal agencies and organizations/groups accordingly. There is a 3-page policy and procedure 8.5 "Adverse Reaction Reporting" that was issued March 2021.
45.00	Are external errors documented and tracked? *View example documentation.*	Yes	Since instituting barcoding / QRL Code scanning, the likelihood that the wrong doses/cases get dropped off at customers by delivery personnel rarely occurs. Delays in completing deliveries can still occur (i.e., due to traffic), and while all delivery vehicles have GPS tracking associated with them, written documentation about this type of error is not occurring at this time.
46.00	Are internal errors documented and tracked? *View example documentation.*	Yes	An example of a somewhat recent QRE involved radiation shine while assaying PET dosages that affected the accuracy of dose calibrator readings, and once discovered this issue was fixed.
47.00	Are complaints documented, tracked, and investigated as appropriate and the information is used as part of the CQI program?	Yes	Delays in completing deliveries can still occur (i.e., due to traffic), and while all delivery vehicles have GPS tracking associated with them, written documentation about this type of error is not occurring at this time. If, however, there is repetitive customer complaints involving a particular driver, the PIC will discuss the matter with the individual and likely be documented in that employee's personnel file.
48.00	Are reports of contamination or instability of compounded preparations documented, investigated, and tracked, and is there a recall system in place?	Yes	Products not passing quality control testing will not be shipped, but occurrences of QC failure will be documented and reports placed into the "Sales Force" program to be reviewed and analyzed for trending by the Corporate HQ and made available to any company branch nuclear pharmacies via the "Shared Drive" program to alert them and help avoid other similar situations.
49.00	Does the pharmacy continuous quality improvement program include viable environmental testing?	No	There is no in-house viable environmental testing occurring. This pharmacy relies on viable environmental testing performed ever 6-months when the outside 3rd-party company comes to test and recertify the sterile compounding and related work room areas, LAFW, BSCs, Magnehelic gauges, etc.
49.01	Does the facility QA program identify action limits or thresholds and the appropriate follow-up mechanisms when action limits or thresholds are exceeded, including a recall system?	Yes	This facility preforms low- and medium-risk sterile compounding. Radiopharmaceutical dosages to be +/- 10% of requested dose activity. Quality control testing results should be 95% or higher in terms of radiochemical purity.
49.02	Are deficiencies in compounding, labeling, packaging, and quality testing and inspection identified and corrected?	Yes	As an example, this pharmacy makes its own in-house ITLC chromatography test strips used in radiochemical purity testing. These strips could be off slightly in terms of their dimensions which can affect the outcome of testing. Storage is in a container with Drierite to help avoid the effects of humidity that can degrade testing outcomes.
50.00	Are pharmacy information systems and technology performance issues measured and tracked? *Such as computers, etc.*	Yes	There is the pharmacy's Iso-Trac computer program.
51.00	Are any other measurements tracked and analyzed? *Indicate in Notes.*	N/A	Not at this time.

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
52.00	QRE data collected is analyzed to assess causes and any contributing factors (root cause). *Indicate who performs the analysis and frequency (with each event, weekly, monthly, quarterly, etc.).*	Yes	Quality control data is reviewed but only if there are testing failures, and then both the PIC and Corporate will look at the data and analyze it for root cause and solutions if simple re-testing doesn't yield a different outcome. Environmental monitoring data will be reviewed and undergo trending analysis. PIC Boni will perform trending of any in-house issues identified during internal audits with findings also be shared with Corporate.
53.00	Is data trended over time (e.g., against previous years' data)?	Unknown	Pharmacist Dan Malzone believes that there is comparative analysis being done by Corporate but was uncertain as to the frequency and what parameters are considered. At least annual or maybe every 6 months but was uncertain nonetheless.
54.00	Quality meetings are held at least annually by staff members of the pharmacy to consider the effects on quality of the pharmacy system due to staffing levels, workflow, and technological support.	Yes	Meetings are held bi-weekly to monthly, or there can be impromptu"huddles" for more immediate matters. There are Corporate generated Environmental Safety Reports that all facility employees must review and sign-off that they reviewed the report(s) as they are issued.
	Animal Compounding Compliance		
	Total Non-Compliant (Includes Unknowns)	**0**	
57.00	**For animal compounding:** The compounding meets the same standards as compounding for human patients.	Compliant	But it has been a few years since there have been requests for I-131 Sodium Iodide Solution to be administered to cats. There was only one customer accounts who needed this radiopharmaceutical for such a purpose. No other radiopharmaceutical has ever been requested for any other animal.
58.00	The pharmacist is knowledgeable or has references regarding the individual species' limitations in physiology and metabolic capacity that can result in toxicity when certain drugs or excipients are used. *(Example: xylitol is contraindicated for dogs).*	N/A	Facility's pharmacists do not determine the final dosage when I-131 Sodium Iodide Solution is being ordered for a cat, as they would just fill the order requests as written. Would leave this up to the ordering nuclear medicine physician based on the referral that was received from the animal's veterinarian and determined initially what was needed before sending the order request(s) onto this nuclear pharmacy.
59.00	For therapy doses, the pharmacy obtains appropriate information to assess correct dosage such as animal species, breed or weight?	Compliant	
60.00	It is determined and documented if the animal is used for food (meat, milk, eggs, etc.) or that the animal is a pet.	Compliant	Radiopharmaceuticals only dispensed if intended for a pet, not food producing animals.
61.00	The facility has a list of drugs and components not allowed when compounding for food-producing animals.	N/A	Radiopharmaceuticals only dispensed if intended for a pet, not food producing animals.
62.00	The pharmacist is familiar with, or has a reference regarding drug residues in the food chain and withdrawal times if compounding for food-producing animals.	N/A	Radiopharmaceuticals only dispensed if intended for a pet, not food producing animals.
63.00	The pharmacist is familiar with, or has a reference regarding regulations for drug use in performance animals (e.g., race or show horses, racing dogs).	N/A	Pharmacist Malzone stated there has never been a request for a radiopharmaceutical to be used in performance animals.

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
	Personnel Information		
64.00	Is there a process for periodic verification of validity of personnel licenses (registrations)? *Describe the process.*	Yes	Yearly review by PIC Boni.
65.00	Are all personnel wearing name tags that clearly identify if they are a pharmacist or a technician? *What about other positions?*	Yes	Name badges and embroidered name on lab coats.
66.00	If the pharmacy uses relief personnel from outside agencies to perform sterile compounding, the training and certifications are verified. *View documentation.*	N/A	Company does not utilize pharmacists or pharmacy techs from outside staffing agencies, has its own extensive list of personnel that can be pulled from other branches to fill-in as needed. On occasion there is a pharmacy tech from a Cardinal Health nuclear pharmacy in New York that will provide assistance on weekends if needed.
67.00	Does the pharmacy have Visiting Authorized Nuclear Pharmacist(s)?	N/A	There is an extensive list of company pharmacists that are all recognized as Authorized Nuclear Pharmacists (ANP), but this particular facility has never had a need for a visiting ANP according to Pharmacist Malzone. [See Doc02_Nuc5.00_CardinalHealth_EastRutherford_NJ].
67.01	Do the visiting nuclear pharmacist(s) have written authorization on file?	Yes	If there was a need, but none to date per Pharmacist Malzone.
67.02	Are the visiting nuclear pharmacist(s) licenses on file in the pharmacy?	Yes	If there was a need, but none to date per Pharmacist Malzone. Company's shared-drive contains information for all its ANPs.
67.03	Are visiting nuclear pharmacists limited to 60 days per year or less?	Yes	If there was a need, but none to date per Pharmacist Malzone. Company's shared-drive contains information for all its ANPs.
67.04	Are all records associated with the visiting nuclear pharmacist maintained for at least five (5) years after the last visit?	Yes	If there was a need, but none to date per Pharmacist Malzone. Required by Corporate.
68.00	Does the pharmacy have a technician policy that specifies what a technician is allowed and not allowed to do?	Yes	
69.00	Does the pharmacy maintain the proper technician-to-pharmacist ratio? *Indicate ratio used and the maximum number of staff who work at the same time.*	Yes	Ratio is 2:1 if the pharmacy technicians are not "certified". But if the pharmacy technicians are certified then there is no limit to the ratio.
70.00	Do employees undergo background checks upon hire? *Indicate if performed periodically for existing employees.*	Yes	Only upon initial hiring.
71.00	Do employees undergo drug testing upon hire? *Indicate if performed periodically for existing employees and if it is random, for cause, or both.*	Yes	If a Cardinal Health delivery driver is in an accident or other serious vehicle infraction, then the individual will undergo drug testing as part of the company's internal investigation about the accident or vehicle violation.
72.00	Is new hire training, including orientation, general pharmacy procedures, HIPAA, Radiation Safety/ALARA, Occupational Safety and Health Administration (OSHA) blood borne pathogen, or hazardous materials handling performed and documented? *View the documentation.*	Yes

3827

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
73.00	Is ongoing annual training performed and documented, including topics such as HIPAA, Radiation Safety/ALARA, OSHA blood borne pathogen, or HAZCOM ? *View the documentation.*	Yes	
74.00	Is there a performance review process and is it documented? *If yes, how often?*	Yes	Annual.
75.00	Is a procedure for corrective or disciplinary action in place and documented?	Yes	Computer-based records exist for each employee. Coordination too with the Corporate HQ's Human Resource Department.

Personnel Compliance

	Total Non-Compliant (Includes Unknowns)	**1**	
76.00	Have all personnel of reproductive capability who handle or compound radiopharmaceuticals/radioactive materials confirmed in writing they understand the risks of handling radiopharmaceuticals/radioactive materials?	Compliant	Each employee has all manner of records pertaining to personnel compliance/training etc. maintained in the company's "My Learning" program under each employees name. There are also electronically maintained folders when training involves specific topic areas to which all employees must participate in and be sign-off accordingly for completion.
77.00	Is there documentation of training for other employees (including drivers, warehouse, receiving, administrative, clerks, etc.) who may have contact with radiopharmaceuticals/radioactive materials on handling the spills associated with these?	Compliant	The pharmacy has a program for weekly cleaning by its personnel. An outside 3rd-party cleaning service called Jan-Pro is utilized for cleaning only the administrative, bathrooms and breakroom areas on weekdays when company personnel are present.
78.00	Personnel demonstrate knowledge and can verbalize the principles of the safe use of RAM – time (working quickly/efficiently), distance (not handling RAM directly, using tongs), and shielding (using lead containers and shields in work areas).	Compliant	
79.00	Personnel demonstrate a knowledge of emergency procedures and are able to point out the locations of the eyewash station, emergency spill kit, and can verbalize how to handle contamination including reporting.	Compliant	
80.00	**Nonsterile Compounding:** There is documentation that the training includes cleaning and disinfection, garb, manipulation of ingredients including quality testing, labeling, and RAM handling.	Compliant	Involving the Jubilant Draximage Smart-Fill apparatus for preparing I-131 Sodium Iodide dosages.
81.00	**Nonsterile Compounding:** There is documentation that the training process for the preparation of compounds includes demonstration of the compounding procedure first, followed by the trainee performing the procedure under supervision successfully before trainee is allowed to perform compounding independently.	Compliant	Involving the Jubilant Draximage Smart-Fill apparatus for preparing I-131 Sodium Iodide dosages.
82.00	**Nonsterile Compounding:** There is documentation that training includes the operation of any equipment that may be used when preparing compounded products. *Documentation includes operation and troubleshooting.*	Compliant	Involving the Jubilant Draximage Smart-Fill apparatus for preparing I-131 Sodium Iodide dosages.

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
83.00	**Nonsterile Compounding:** There is documentation that employees performing nonsterile compounding are evaluated at least annually on compounding competency, including compounding technique, equipment, and materials handling.	Non-Compliant	Pharmacist Malzone stated there is no documented annual review or re-assessment at the present. Just the initial training and assessment as noted above.
84.00	**Sterile Compounding:** There is documentation that all compounding personnel have passed initial and subsequent annual written exams that include QA procedures for the appropriate compounding risk levels including RAM.	Compliant	Training is primarily online and completion of learning modules, webinars, etc is documented in each employees "MyLearning" file on the company's computer system. Training can be company directed or also involving other 3rd-party entities as directed by the company (including but not limited to Critical Point learning modules by Eric Kostanza). There is a 4-page policy and procedure 6.35 "Didactic Testing, Aseptic Handling Performance Evaluation, and Media Fill Challenge" issued April 2018.
85.00	**Sterile Compounding:** There is documentation that all compounding personnel have passed initial and subsequent annual competency assessments of aseptic compounding skills using observational audit tools including handling RAM.	Compliant	Training is primarily online and completion of learning modules, webinars, etc is documented in each employees "MyLearning" file on the company's computer system. Training can be company directed or also involving other 3rd-party entities as directed by the company (including but not to limited Critical Point learning modules by Eric Kostanza). There are two extra validations for those employees who will be working at the Hot Cell and any manual dispensing of PET dosages too.
86.00	**Sterile Compounding:** There is documentation that new compounding personnel have passed initial observed gowning procedure and three gloved fingertip sampling tests. *Personnel must pass the tests upon initial validation before being allowed to compound. Action required if the tests yield any garbing deficiencies, or if the sampling results are >0 colony-forming units (CFU)/plate on the three initial validations.*	Compliant	There is a 7-page policy and procedure 6.30.1 "Gloved Fingertip and Thumb Sampling" issued December 2018, Version 02.
87.00	**Sterile Compounding:** There is documentation that compounding personnel preparing low or medium risk-level products have passed an annual observed gowning procedure and gloved fingertip sampling test. *Action required if the tests yield any garbing deficiencies, or if the fingertip sampling results are >3 CFU (total both hands, all 10 fingers). Documentation to include type of media used, COA on media, incubation time and temperature and interpretation of results. Indicate frequency, if testing more than annually.*	Compliant	Annually. Species identification will involve sending any positive growth to Charles River for further analysis (a 3rd-party laboratory)
88.00	**Sterile Compounding:** There is documentation that a media fill test procedure is performed for each compounding employee at least annually for individuals that prepare low or medium risk-level products. *The test conditions must closely simulate the most challenging or stressful conditions encountered during compounding of the highest risk level product and include any automation used in compounding. Media-filled vials are incubated and failure is indicated by visible turbidity in the medium on or before 14 days . Indicate frequency, if testing more than annually.*	Compliant	Annually. This facility performs only low- and medium-risk sterile compounding. There is a 4-page policy and procedure 6.35 "Didactic Testing, Aseptic Handling Performance Evaluation, and Media Fill Challenge" issued April 2018. And there is also a 3-page policy and procedure 6.36 "Media Fill challenge" issued July 2021, Version 03.
89.00	**Sterile Compounding:** The media-fill testing procedures include:		
89.01	Media selection (including obtaining COAs or growth promotion certificates from suppliers);	Compliant

Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
89.02	Fill Volume;	Compliant	
89.03	Incubation time and temperature (Media-filled vials are generally incubated at 20° to 25° or at 30° to 35° for a minimum of 14 days. If two temperatures are used for incubation of media-filled samples, then these filled containers should be incubated for at least 7 days at each temperature.);	Compliant	Incubation occurs at 30°to 35° presently per Pharmacist Malzone, but with the steady implementation of USP <825> there will be a change in incubation occurring at both temperature ranges appearing in this question.
89.04	Inspection of filled units;	Compliant	
89.05	Documentation;	Compliant	
89.06	Interpretation of results; and	Compliant	
89.07	Action levels set with the corrective actions required.	Compliant	
90.00	**High-Risk Sterile Compounding:** There is documentation that compounding personnel have passed an observed gowning procedure and gloved fingertip sampling test every six (6) months. *Action required if the tests yield any garbing deficiencies, or if the sampling results are >3 CFU on both hands upon revalidation. Documentation to include type of media used, COA on media, incubation time and temperature and interpretation of results. Indicate frequency, if testing more than every 6 months.*	N/A	There is no high-risk sterile compounding.
91.00	**High-Risk Sterile Compounding:** There is documentation that a media fill test procedure is performed for each compounding employee at least every six (6) months for individuals that prepare high risk-level products. *The test conditions must closely simulate the most challenging or stressful conditions encountered during compounding of the highest risk level product and include any automation used in compounding. Media-filled vials are generally incubated at 20° to 25° or at 30° to 35° for a minimum of 14 days. If two temperatures are used for incubation of media-filled samples, then these filled containers should be incubated for at least 7 days at each temperature.*	N/A	There is no high-risk sterile compounding.
92.00	**Sterile and Nonsterile Compounding:** Are all personnel that perform cleaning activities in the compounding areas appropriately trained (including housekeeping or other outside personnel if used for cleaning)?	Compliant	
	Facility and Security		
93.00	Is entry to prescription product storage and processing areas limited to task-critical employees?	Yes	
94.00	Is entry into the compounding areas limited to task-critical employees (limited to only the pharmacist(s) and other trained and authorized pharmacy personnel)?	Yes	
95.00	Are drugs secured to prevent unauthorized removal or access?	Yes	
96.00	Does the pharmacy have a working security/alarm system in place? *If yes, describe.*	Yes	Stanley Security.

3830

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
97.00	Does the pharmacy have cameras? *If yes, record how long images are retained.*	No	There are no surveillance cameras presently, but are supposed to be budgeted for installation during the next fiscal year.
98.00	Does anyone have access to the pharmacy after hours in the absence of the pharmacist? *Explain.*	Yes	
99.00	Do pharmacy staff remain in the pharmacy if the pharmacist is absent on a meal break? ***If so, is there a policy regarding what activities may or may not be allowed during the pharmacist's absence?***	Yes	
100.00	Is the "Notice to Workers" posted? *Includes regulations and P&P (or where to find them), license and amendments, and NRC Notices of Violation involving radiological working conditions.*	Yes	
101.00	Is the "Notice to Employees" posted? *(NRC Form 3)*	Yes	New Jersey is an Agreement State so this document is coded for New Jersey's Department of Environmental Protection, Radiation Protection and Release, Form RP-14-Revision 11/10.
102.00	If the facility performs both sterile and nonsterile compounding, the areas are separated and distinct.	Yes	
103.00	Is the blood compounding area separate and distinct from the general compounding area?	Yes	
103.01	Are components used in compounding with blood products restricted to the blood compounding area (not used in other compounding areas)?	Yes	
104.00	Are chemicals stored in the appropriate manner (e.g. per SDS)? *Indicate how/where stored.*	Yes	Flammable Cabinet. There is a folder for hardcopy SDS sheets and they are also available online.
105.00	Are all volatile products (e.g. Xe-133 gas, liquid I-131 NaI) stored and manipulated in a negative pressure environment? *Indicate storage and manipulation room and PEC description.*	Yes	There is a negative pressure room. Posted signature for Xenon-133 clearance time. I-131 Sodium Iodide dosages (capsules or solution) are prepared using the Jubilant DraxImage Smart-Fill apparatus and Jubilant's HICON I-131 Sodium Iodide Solution as a starting material.
105.01	If the pharmacy handles radioactive gases, are the clearance time and safety procedures posted?	Yes	
106.00	Are there housekeeping standards to ensure the environment is professional, safe, neat, and clean?	Yes	Administrative office areas, bathrooms, and employee breakroom are cleaned by an outside 3rd-party service called Jan-Pro on weekdays when pharmacy personnel are present. Otherwise, this pharmacy's personnel are responsible for keeping all other operational and storage areas clean.
107.00	Is the pharmacy clean and is there appropriate space for the prescription volume?	Yes	
108.00	Is there a heating and air conditioning system? *Indicate which or both, and if they are operational.*	Yes	Both A/C and Heating systems, setup on multiple zones areas throughout the pharmacy.

3831

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
109.00	Temperature monitoring is performed in **drug storage areas** (if separate from the compounding areas) and maintained within 20° to 25°C (68° to 77 °F), or more restrictive if warranted by specific drug product storage requirements.	No	Manually recorded temperature readings are being replaced by the use of an datalogger/sensor system that relays readings electronically via Iso-Trac to the Corporate HQ with weekly to bi-weekly analysis for unwanted excursions. Several documents were provided that indicate the ambient temperature range is maintained at 15° C to 30° C with no explanation as to why this range is set outside of USP or offering any guidance for want actions will be taken when there are unwanted readings of a more sustained nature (not brief / occasional). One document is a 2-page policy and procedure 6.12 "Quality Assurance Procedures Manual Storage Conditions Monitoring" issued April 2016, Version 01 [see Document A1-A2 in Doc06_Nuc6.01_CardinalHealth_EastRutherford_NJ]. another document is a 4-page policy and procedure 2.5 "Pharmacy Radiopharmaceutical Storage Requirements" issued April 2019, Version 03 [see Doc09_Nuc109.00_CardinalHealth_EastRutherford_NJ]. An example of a manual Temperature Log Sheet PS-6 (updated March 2021) that lists no recorded data, but the header for Ambient Drug Storage for two separate areas is listed at 15° C to 30° C which is outside of USP [See Doc10_Nuc109.00_CardinalHealth_EastRutherford_NJ]. PIC Boni provided a printout of current temperature readings for many different areas of the pharmacy that are being monitored 24/7 such as sterile and nonsterile compounding rooms, anteroom, ambient storage area, refrigerators, freezer, incubator, hot box and many of the work rooms and storage areas were outside of the USP range of 20° C to 25° C [See Doc11_Nuc109.00, 112.01, 113.01_Cardinal Health_EastRutherford_NJ]. There is an electronic view panel in the pharmacy area that displays pressure, temperature, and humidity readings for select room where nonsterile and sterile compounding occurs, and displayed temperature readings were all below the USP recommended range for Fahrenheit readings [See Photo01_Nuc109.00,196.00,241.00_CardinalHealth_EastRutherford_NJ]. This electronic view panel does not display readings for any drug storage area involving radiopharmaceutical reagent cold kits to be radiolabeled with Tc99m sodium pertechnetate and other non-radioactive drugs that are on-site and sometimes shipped/sold to requesting customers such as Sincalide (or Kinevac) - one example stated by Pharmacist Malzone. The stated ambient air temperature range in one of these documents is 15°C to 30°C which is outside of the USP range of 20°C to 25°C for climate controlled conditions, but company's stated range does appear in a few manufacturer package inserts for select radiopharmaceutical reagent cold kits (lyophilized vials) of products that will eventually be radiolabeled with Tc99m sodium pertechnetate.
109.01	Temperature monitoring in the drug storage area is performed at least once daily and documented. *Temperature records are maintained.*	Yes	Readings are acquired at least hourly, and if any unusual excursion is detected, then the current electronic system can acquire readings more frequently in order to ascertain the extent of any detected excursion to see if it is brief or prolonged in nature. Such an adjustment can be made by those at the Corporate HQ also monitoring the data in apparent real-time.

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
109.02	Excursion action plan is in place including evaluating excursion effects on drug product integrity.	No	None of the aforenoted documents in Ques Nuc109.00 above offers any descriptive action to be taken for unwanted excursions, nor what action to be taken with respect to any excursion effects on drug product integrity. In response to a deficiency noted by the NJ BOP during its inspection on 10/19/2021 that focused on drug integrity during transport/delivery to any customer(s), a 1-page policy and procedure 2.35 "Prescription Drug Delivery", issued March 2021, Version 01 does not address the effects on drug products due to unwanted temperature (or humidity) excursions at the pharmacy, only while products are in shipment [See Nuc6.01 and Document B in Doc06_Nuc6.01_CardinalHealth_EastRutherford_NJ].
110.00	Humidity monitoring is performed in **drug storage areas** (if separate from the compounding areas) to provide humidity in the ranges warranted by specific drug product storage requirements. *If drug products require storage in a "dry place", humidity is not to exceed 40%. Generally recommended range is 35-60%.*	No	There was no data presented that indicated there is humidity monitoring occurring in drug storage areas. PIC Boni provided a printout of current humidity readings for just a few work areas of the pharmacy that are being monitored 24/7 such as Anteroom, Buffer Room [#1], Buffer Room-Y-90 [#2], and WBC (Blood) Room, and the listed readings ranged from 23% RH to 32% RH [See Doc12_Nuc110.00,242.00_Cardinal Health_EastRutherford_NJ].
110.01	Humidity monitoring is in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. *Humidity records are maintained.*	Yes	
110.02	Excursion action plan in place including evaluating excursion effects on drug product integrity.	No	None of the referenced documents appearing in Nuc109.00 or Nuc109.02 contained any discussion about action to be taken should there be unwanted excursions with regards to Humidity.
111.00	Are the refrigerator and freezer restricted to drug products only (no food)?	Yes	
112.00	Temperature monitoring in the refrigerator is performed at least once daily and documented. Additionally, compounding personnel shall note the storage temperature when placing the product into or removing the product from the storage unit in order to monitor any temperature aberration. Alternatively, continuous monitoring or retroactive detection using min/max may be used. *Temperature records are maintained.*	Yes	
112.01	Is the temperature in the refrigerator within the USP range (2°-8°C or 36°-46 °F) or as specified by FDA approved labeling for drug product storage? *Record the temperature of the refrigerator at the time of inspection.*	Yes	PMSA Fridge 5.9° C; Buffer Fridge 7.0° C. PIC Boni provided a printout of current temperature readings for many different areas of the pharmacy that are being monitored 24/7 such as the refrigerators [See Doc11_Nuc109.00, 112.01, 113.01_Cardinal Health_EastRutherford_NJ].
113.00	Temperature monitoring in the freezer is performed at least once daily and documented. Additionally, compounding personnel shall note the storage temperature when placing the product into or removing the product from the storage unit in order to monitor any temperature aberration. *Temperature records are maintained.*	Yes	
113.01	Is the temperature in the freezer within the USP range (between -25° to -10°C or -13° to 14 °F) or as specified by FDA approved labeling for drug product storage? *Record the temperature of the freezer at the time of inspection.*	Yes	Restricted Area Freezer -15° C. PIC Boni provided a printout of current temperature readings for many different areas of the pharmacy that are being monitored 24/7 such as the freezer [See Doc11_Nuc109.00, 112.01, 113.01_Cardinal Health_EastRutherford_NJ].

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
114.00	Are there contingency plans in the event of power outage or refrigerator/freezer failure? *Describe process.*	Yes	There is a backup generator which undergoes regular testing (at least quarterly) to ensure operation when needed.
115.00	Are there contingency plans in the event of heating or air conditioning failure? *Describe process.*	Yes	Company has a local HVAC company (Air Control, Somerset, NJ) that will be contacted in the event of any AC / Heating outages that is to provide restored service within 24 hours. If the local company cannot perform the work, then the Corporate HQ's Facilities Department will make other arrangements to meet this expectation.
	Environmental Monitoring Compliance		
	Total Non-Compliant (Includes Unknowns)	**3**	
116.00	**Nonsterile Compounding:** All PECs have been certified within the last six months.	Unknown	Negative Pressure Room has the Jubilant DraxImage Smart-Fill apparatus used for preparing I-131 Sodium Iodide diagnostic and/or therapy dosages. The Smart-Fill apparatus is not tested (as its inside is always considered contaminated with I-131 NaI). Commercially-available Xenon-133 gas containers are also stored inside this room. Testing only involved pressure/air flow and the recertifying the Magnehelic gauge. Certification and testing of the Clean/Buffer Rooms, PECs, Magnehelic gauges, HEPA filters, etc., and Microbiological Sampling performed by Energy Plus Scientific (Harrisburg, PA) with air and surface sample collected by Energy Plus certified and sample analysis performed by Chattanooga Environmental Laboratory, LLC (Chattanooga, TN) on 10/8/2021 [See Doc13_Nuc116.00,117.00_CardinalHealth_EastRutherford_NJ]. This latest testing performed as remodeling for the new Clean/Buffer Room Areas for soon-to-be work involving Y-90 and Ga-68 was completed. Previous testing of the facility without the new addition occurred back on 7/23/2021 using the same 3rd-party companies [See Doc14_Nuc116.00,117.00_CadinalHealth_EastRutherford_NJ].
117.00	**Sterile Compounding:** The most recent PEC and room certification report is available. ***Obtain a copy and submit with inspection report.***	Compliant	Certification and testing of the Clean/Buffer Rooms, PECs, Magnehelic gauges, HEPA filters, etc., and Microbiological Sampling performed by Energy Plus Scientific (Harrisburg, PA) with air and surface sample collected by Energy Plus Scientific and analysis performed by Chattanooga Environmental Laboratory, LLC (Chattanooga, TN) on 10/8/2021 [See Doc13_Nuc116.00,117.00_CardinalHealth_EastRutherford_NJ]. This latest testing performed as remodeling for the new Clean/Buffer Room Areas for soon-to-be work involving Y-90 and Ga-68 was completed. Previous testing of the facility without the new addition occurred back on 7/23/2021 using the same 3rd-party companies [See Doc14_Nuc116.00,117.00_CadinalHealth_EastRutherford_NJ]. Included in the report from 7/23/2021 is a request for calibration and repair of several Ludlum survey meters.
117.01	All ISO Class 7 and 8 SECs (clean/buffer rooms and anterooms) have been certified within the last 6 months. *If non-compliant, record the date of the last certification.*	Compliant

Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
117.02	All ISO Class 5 PECs (laminar airflow workbenches or areas, BSCs, CAIs, CACIs, and barrier isolators) have been certified within the last 6 months. *If non-compliant, record the date of the last certification.*	Compliant	
117.03	Certification is performed at least every six months (view date of previous certification) and whenever a device or room is relocated or altered, or major service to the facility is performed. *If non-compliant, record the date of the previous certification.*	Compliant	
117.04	Certification is performed to the Controlled Environment Testing Association (CETA) guide (USP: CETA CAG-003-2006 Certification Guide for Sterile Compounding Facilities) and is noted on the report.	Compliant	
117.05	The PIC/compounding supervisor is familiar with what testing is required and interpretation of results, ensures all testing is performed appropriately (under dynamic conditions where appropriate), has action levels identified, evaluates results to detect issues or trends, and action levels are further customized based on trended data of performance.	Compliant	
118.00	The certification report includes information about the equipment used for performing each test including: identification of the equipment used by model, serial number, last calibration date (or date when next calibration is due).	Compliant	
118.01	The equipment used had not exceeded its calibration date at the time of certification.	Compliant	
119.00	The HEPA filtered air changes per hour (ACPH) were measured for the compounding rooms.	Compliant	
119.01	Is the ISO Class 7 sterile compounding room certified as having a minimum of 30 ACPH with at least 15 ACPH from outside air sources? ***Recirculated air from the PECs may account for up to 15 ACPH.***	Compliant	
119.02	Is the ISO Class 8 anteroom certified as having the recommended minimum of 20 ACPH?	Compliant	
119.03	If a CACI is used in a non-HEPA-filtered room, the room is certified to maintain a minimum of 12 ACPH?	Unknown	Glove-Box (per PIC Boni), but not referenced in the two Certification Reports from Energy Plus Scientific.[See Doc13_Nuc116.00,117.00_CardinalHealth_EastRutherford_NJ]. This latest testing performed as remodeling for the new Clean/Buffer Room Areas for soon-to-be work involving Y-90 and Ga-68 was completed. Previous testing of the facility without the new addition occurred back on 7/23/2021 using the same 3rd-party companies [See Doc14_Nuc116.00,117.00_CadinalHealth_EastRutherford_NJ].
120.00	Air pattern analysis using smoke testing was performed under dynamic conditions (people working in the PECs and rooms). *The smoke flow is described in the report for the various tests such as turbulent, sluggish, smooth, etc.*	Compliant	Testing done under both static and dynamic conditions.

Inspection Date: 12/13/2021

		Finding	Notes
120.01	Air pattern analysis was conducted at the critical area (direct compounding area inside the ISO Class 5 PEC) to demonstrate unidirectional airflow and sweeping action over and away from the product under dynamic conditions (personnel compounding or simulating compounding in PEC).	Compliant	
120.02	Air pattern analysis was conducted to confirm positive pressure (and negative pressure into required compounding rooms) at all points around all openings, doorways, and pass-throughs.	Compliant	
120.03	Air pattern analysis conducted around particle generating equipment while the equipment was in operation to confirm air flow.	Compliant	
121.00	Differential air pressure between rooms was measured.	Compliant	
121.01	Was the differential pressure measured to be at least 0.02" water column positive from the clean room to the anteroom and between the anteroom and all adjacent spaces with the doors closed? NOTE: Radioactive licensing may prohibit ante room from being positive to unrestricted general area.	Compliant	
121.02	Was the differential pressure measured to be at least 0.01" water column negative from the room containing volatile products to the adjacent room with the doors closed?	Compliant	
122.00	Displacement airflow between rooms or areas was measured. *This is for a clean/buffer room without a door that closes to the anteroom - may be an open space or may have plastic strips in doorways.*	N/A	
122.01	Displacement airflow (for low and medium-risk non-hazardous rooms only) was measured at a minimum differential velocity of 40 feet per minute from the cleanroom to the anteroom. *Note that it is very important to maintain this velocity across the entire opening and the report should indicate multiple points of measure across all openings.*	N/A	
123.00	Particle counts of particles 0.5um and larger were measured under dynamic conditions.	Compliant	
123.01	ISO Class 5 areas and PECs are certified as having less than 3,520 particles per cubic meter of air (100 particles per cubic foot).	Compliant	
123.02	ISO Class 7 areas are certified as having less than 352,000 particles per cubic meter of air (10,000 particles per cubic foot).	Compliant	
123.03	ISO Class 8 areas are certified as having less than 3,520,000 particles per cubic meter of air (100,000 particles per cubic foot).	Compliant	Anteroom.
124.00	HEPA filter tests were performed.	Compliant	
124.01	All room HEPA filters were leak tested and if leaks found, they were fixed.	Compliant

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
124.02	All PEC HEPA filters were leak tested and if leaks found, they were fixed.	Compliant	Additionally, this pharmacy also checks the HEPA filters on its hoods monthly
125.00	Viable air (every six months) and surface sampling (periodically) tests have been conducted as required. *Document frequency.*	Compliant	Every six (6) months or sooner if there is cause to do so (in this instance, there was scheduled Clean/Buffer rooms, PECs, and Microbiological sampling performed back on 7/23/2021, and is scheduled to be due again in early 2022, but may be pushed back since there was also repeated testing done on 10/8/2021 when the new Clean/Buffer room for soon-to-be work involving Y-90 and Ga-68 was completed. Magnehelic gauges are checked/certified every 6 months by Energy Plus Scientific.
125.01	PECs with failed tests are not used for compounding until the conditions are corrected and verified by subsequent testing.	N/A	There have been no failed PECor BSCs.
125.02	Appropriate growth media used (containing tryptic soy agar medium with polysorbate and lecithin (TSApl) added to neutralize cleaning agents for surface sampling) with appropriate corresponding incubation time and temperature used. *Required to use media that supports both bacterial and fungal growth for high risk compounding.*	Compliant	
125.03	Viable air sampling by active impaction using a volumetric air sampling device. *NOTE: Passive air sampling or settling plates are not compliant with USP Chapter <797>.*	Compliant	
125.04	Air samples were taken in each ISO Class 5 PEC, and in each sterile compounding room and anteroom and volume sufficient volume of air (400-1000L) was collected? *Note: 1000L must be collected in ISO Class 5 PECs to be able to detect the action level. Room samples can be 400-1000L.*	Compliant	
125.05	Surface samples performed on all direct compounding areas inside of each ISO 5 PEC, in each ISO classified room, inside any pass-throughs, and on surfaces likely to be contaminated due to position relative to doorways, etc.	Non-Compliant	There has been no testing performed on any of the pass-throughs yet to date, but is supposed to take place on future certification testings by Energy Plus Scientific or whichever company is used at the time per PIC Boni.
125.06	Viable air and surface samples did not exceed USP action levels (or internal action levels if more restrictive). ***Classification Air Sample Surface Sample*** ***ISO Class 5 >1 CFU/m3 >3 CFU/plate*** ***ISO Class 7 >10 CFU/m3 >5 CFU/plate*** ***ISO Class 8 >100 CFU/m3 >100 CFU/plate*** *CFUs are TOTAL of bacterial plus fungal/mold plates. If air sampling volume is less than 1000 liters (one cubic meter), the raw total microbial count must be multiplied by the appropriate factor to determine the number of CFU/cubic meter.*	Compliant	Besides relying on Energy Plus Scientific and Chattanooga Environmental Laboratory LLC to conduct viable air and surface sampling every 6 months, this pharmacy has an incubator (that is monitored 24/7 for temperature) and three policies and procedures focusing on viable microbial sampling: (1) A 2-page policy and procedure 6.52 "Viable Microbial Sampling Colony Forming Units Identification" issued December 2018, Version 02; (2) A 10-page policy and procedure 6.27 "Viable Microbial Surface Sampling of PECs and ISO Classified Rooms (Ante, Buffer and WBC)" issued November 2021, Version 04; and (3) A 1-page policy and procedure 6.28 "Viable Environmental Microbial Surface Sampling PS-4 [Sample]" issued March 2021, Version 03.

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
125.07	CFUs detected by any means (viable air or surface sampling, gloved fingertip testing, failed sterility tests, etc.) are identified to the genus level. *All CFUs detected must be identified even if the number of CFUs does not exceed an action level.*	Compliant	
125.08	If any highly pathogenic microbes (e.g. mold, yeast, coagulase positive staphylococcus, or gram negative rods) were detected (whether or not the number of CFUs exceeds action levels), begin immediate remediation (e.g. recleaning and retesting); and conduct investigation into the source(s) of the contamination.	Compliant	
126.00	**Materials Tests:** Molybdenum-99 breakthrough tests are performed and records kept for at least five years.	Compliant	
	Product Ordering, Receipt and Inventory		
127.00	Is the pharmacy restricted to buying prescription drugs from certain WDs or manufacturers?	Yes	There will be intracompany shipments coming from other Cardinal Health facilities. Generally, other Vendors include: Bracco Diagnostic; Curium; Jubilant DraxImage; Eckert & Ziegler; GE Healthcare; Sun Radiopharma; Isotex Diagnostics; and Lantheus Medical Imaging. Decisions regarding Vendor sources is made by the Corporate HQ, and inventory data sent by the company's branch nuclear pharmacies to the Corporate HQ is monitored by Boyd Olsen (including the Vendor sources).
127.01	If restricted, does the PIC approve the vendors? *If not, who does approve (corporate)?*	No	All decisions about Vendors made by the Corporate HQ.
128.00	Are all orders received when the pharmacy is open? *Verify the orders are brought directly to the pharmacy still sealed and not delivered before the pharmacy is open.*	Yes	Select commercial couriers bringing inbound shipments to the pharmacy have a key to leave the package(s) in the vestibule area only and have no access to any other part of the facility.
129.00	Does the pharmacy purchase any compounded products from other entities for dispensing to patients? *If so, describe which products and from where they are purchase (collect name and license of other entity).*	Yes	This pharmacy obtains bulk F-18 FDG that it subdivides to fill its customer order requests from three possible outside sources: Weekdays from NCM-USA LLC, 390 Concord Ave, Bronx, NY 10454; and on Weekends from either Sofie, 110 Clyde Rd, Somerset, NJ 08873 or Sofie, 60th Commerce Way, Totowa, NJ 07512.
130.00	Does the pharmacy make any sterile or nonsterile compounded preparations using bulk powder or liquid Active Pharmaceutical Ingredients (APIs) such as I-131 for capsules or solutions? *Indicate bulk products and vendors used.*	N/A	
130.01	Does the pharmacy verify that the manufacturer/repackager of the API is an FDA-registered facility? *If so, list how this verified*	N/A	
130.02	Does the pharmacy use active ingredients that are not from an FDA facility? *If so, indicate sources.*	No	
131.00	Does the computer system track on-hand quantities of products? *Who can adjust the on-hand quantities, and are adjustments tracked?*	Yes

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
132.00	Are orders generated and sent by the computer for prescription products, including controlled substances? *Who can alter the orders before they are sent?*	Yes	There is no activity involving controlled drug substances. Pharmacist Malzone and PIC Boni both stated that approximately 70% of customer orders come to this pharmacy via electronic Web-ordering (in advance, as there is rarely any same-day web-ordering occurring), with the remaining 30% of customer requests for radiopharmaceuticals still consisting of phoned-in orders.
133.00	Does the pharmacy maintain required inventories (such as change in PIC, theft/loss, etc.)? *Indicate which.*	Yes	Monthly cycle-counts.
134.00	Are incidents of diversion or resignation/termination of personnel for cause reported? *Indicate agencies/law enforcement to whom reports are made.*	N/A	There have been no incidents of any diversion, but should such an event occur, it would be reported to the Corporate HQ (Human Resource Department) with termination of employment and subsequent reporting to the appropriate authorities for further action.
135.00	Does the pharmacy have a complete physical inventory of products performed at least once yearly? *If cycle counting, indicate the process.*	Yes	Monthly cycle-counts.
136.00	Does the pharmacy have a system in place to track prescription drug products in order to detect diversion or theft? *Describe process (for example, inventory or shrink report tools used, perpetual inventory in computer, etc.).*	Yes	At a minimum there are monthly cycle-counts, but the pharmacy's computer system does track on-hand radiopharmaceuticals including same-day prepared products.
137.00	Are all products inspected upon receipt to detect any packaging issues, damage, etc.? *Describe what happens if products are damaged.*	Yes	
138.00	How are outdated, damaged, or recalled products segregated? *Indicate how often the pharmacy checks for out-of-date products.*	Yes	
139.00	Are non-RAM expired or damaged products destroyed on site? *View documentation. If "no", note the name of the reverse distributor.*	No	There is decay-in-storage for RAM materials and the Non-RAM is placed into waste containers. Eventually there is removal from this facility by Stericycle for decayed RAM and expired/damaged Non-RAM.
	Components		
140.00	Certificates of analysis (COAs) are obtained for all bulk APIs (such as I-131 for making capsules and solutions) and for media used for viable testing.	Yes	
141.00	Certificates for each sealed source are kept on file. *It will show the original activity and date of calibration.*	Yes	
142.00	USP- or NF-grade substances used, if available.	Yes	
143.00	APIs or other components have labeling indicating use for pharmaceutical compounding or manufacturing. Labels do not indicate "For Research Purposes Only," or "Not for Drug Use," or "Veterinary Use Only," or are handwritten labels from other pharmacies. *Photograph and describe if found. Request copies of the invoices for products with questionable labels.*	Yes

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
144.00	All substances and components have a complete label including a batch control or lot number, and an expiration date.	Yes	
145.00	For APIs without an expiration date assigned by the manufacturer or supplier, the pharmacy assigns a conservative expiration date. *The expiration date assigned is not greater than one (1) year, unless it is supported with data and/or testing. Note: purity and quality testing may be performed to extend.*	Yes	All incoming products will have a Barcode / QRL Scan Code placed on them.
146.00	All APIs are labeled with the date they were received.	Yes	
147.00	If the pharmacy repackages APIs into smaller containers for ease of use, the expiration date assigned is conservative (typically the lesser of one year or the actual expiration from the original container). *Product may be tested to extend the expiration date but may not exceed the original package expiration date.*	Yes	Pharmacy has at least two policies and procedures (SOPs) addressing any repackaging activities: (1) a 2-page SOP 2.6 "Sterile Subdivision of Hetastarch, Dextran 70, HSA, ACD Solution A" issued April 2018, Version 01; and (2) a 3-page policy and procedure 2.7 "Sterile Subdivision of Lyophilized Reagents for Radiolabeling" issued December 2018, Version 02.
148.00	Containers are labeled with appropriate OSHA hazard communication labels and are stored correctly.	Yes	Additionally, an OSHA communication label (symbol) is involved with patient's blood samples that are provided to this pharmacy to undergo radiolabeling and on the final radiolabeled product when returned back to the patient's customer for re-administration.
149.00	**Nonsterile compounding:** Is water an ingredient? If so, what type is used?	Yes	Sterile Water for Injection, USP.
150.00	Does the pharmacy use nonsterile empty vials and vial stoppers, or closures and terminally sterilize them with an on-site autoclave?	N/A	Uses only commercially-available sterile, enclosed vials with stoppers.
	Prescription/Order Processing		
151.00	Are any portions of the prescription processing performed at a different location? *If so, explain. Indicate whether there is a central fill/central processing agreement in place.*	Yes	Select radiopharmaceuticals such as Radium Ra-233 dichloride (Xofigo) from Cardinal Health's facility in Denver, CO or Indianapolis, IN, and I-123 Sodium Iodide diagnostic capsules (200 uCi) from the company's facility in Aurora, CO are received by this East Rutherford, NJ facility and are just passed through with any final labeling added before shipping to the intended customer/patient.
152.00	Does the pharmacy obtain a copy or verify of the RAM license (of the facility to which the radiopharmaceutical will be delivered) issued by the State Radiation Control Agency or the NRC?	Yes	Maintains a hardcopy of the RAM licenses and also scans them into the company's computer Iso-Trac shared-drive for access by any Cardinal Health facility.
153.00	Does the pharmacy verify the state medical license of the physician identified on the facility RAM license?	No	Only the nuclear medicine physician's or prescriber's status as an authorized user on a RAM license, but not his/her state license to practice medicine.
154.00	Is there a procedure to follow a RAM license for the facility or the prescriber cannot be obtained or verified?	Yes

3840

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
155.00	Does the pharmacy have electronic prescription capability? *Indicate whether it is for non-controlled substances, controlled substances, or both.*	Yes	There is no involvement with scheduled controlled drug substances. Approximately 70% of incoming requests for radiopharmaceuticals arrive to this facility via web-ordering (electronic), with the remaining 30% still being phoned-in order requests.
156.00	Is the pharmacy computer system provided routine maintenance and is the information backed up? *Indicate the frequency of backup and if the backup data is stored off site.*	Yes	Real-time data backed up to the Corporate HQ where its computer servers are also located.
157.00	Is there a continuity plan should the system become inoperable? *Describe how data will be retrieved.*	Yes	Data is placed on the company's computer Iso-Trac shared-drive for access by any Cardinal Health facility.
	Patient Profiles and Communication		
158.00	Does the patient information gathered include patient contact information, age or date of birth, and gender?	Yes	Primarily patient name, and no other specific information. If additional information is offered when the radiopharmaceutical order() is/are submitted to this pharmacy, that information will be captured. It's rare that this pharmacy has had a request for I-123 MIBG, but patient name will be obtained for this and other radiopharmaceuticals intended for therapeutic use in patients. Patient name for some diagnostic radiopharmaceuticals such as patient's radiolabeled blood.
159.00	For therapy doses, does the pharmacy receive appropriate information to assess correct dosage, such as geriatric or pediatric weight-based doses?	Yes	Rare that this pharmacy gets a pediatric radiopharmaceutical request.
160.00	Does the pharmacist perform an evaluation of the dose, safety, and intended use of the preparation to be compounded?	Yes	
161.00	Does the pharmacy take back prescription drugs from customers? If so, describe	Yes	Only those items from its customers that originally left this pharmacy (i.e. syringe or vial). Otherwise, customers are encouraged to dispose of used or unused radiopharmaceuticals, and any other radioactive contaminated items associated with the product's use in patients into their own radioactive waste. RSO Goodyear is to inquire with Corporate as to the status of this pharmacy's expired New Jersey Medical Waste Transporter Registration for NJDEP 18550 / NJEMS 239529 (expire 6/30/2021) in the form a letter that allows this facility to take back radioactive materials from its customers. RSO Goodyear was unaware this registration had expired. The New Jersey Department of Environmental Protection requests a bi-annual report detailing the volume of radioactive waste that is generated by the recognized entities under its authority.
162.00	Are providers instructed on the signs of product instability or contamination (as appropriate) and to report any changes in the physical characteristics of the product to the pharmacy?	Yes	For example, Tc99m MAA and Tc99m Sulfur Colloid dosages are shipped inverted (especially when placed into syringes) to avoid settling and clumping into the hub of the syringe, and customers are instructed on how to re-suspend the dosages prior to patient administration.
163.00	Does the after-hours voicemail message have instructions on whom to contact based on urgency of issue? *For example, "if this is an emergency, please dial 911; leave message if not urgent; alternative number to call for advice after hours such as a nurse line, etc."*	Yes

Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
	Patient Confidentiality		
164.00	Is the PIC also the HIPAA Privacy Officer? *If not, indicate privacy officer in Note.*	Yes	There is also a Corporate HIPAA Officer - Paul Knapp (a pharmacist).
165.00	Is there a HIPAA policy in place for employees, vendors, and contractors?	Yes	
166.00	Do employees deemed nonessential to patient care have access to confidential patient information, such as delivery services, etc.?	Yes	Only while there are reviewing select filled radiopharmaceuticals with the patient's name on the shipping containers label, while these dosages are scanned and placed into their proper delivery case. Patient names do not appear on any other accompanying shipping papers that the delivery drives may have with them. All delivery cases have a QRL Code and are scanned when making final delivery to make certain the correct case(s) is/are dropped off at the right customer's facility (hospital or clinic).
167.00	Is access to the pharmacy system limited to appropriate personnel? *Password protected, access limited by job type, access revoked as appropriate such as upon termination, access to patient information in the computer is tracked.*	Yes	All computers are password protected, and each employee has his/her own password which is change every 90 days (or sooner for whatever reason; deleted immediately in case of employment termination).
168.00	Are confidential documents shredded? *Indicate if in-house or by a service and list service in notes if applicable.*	Yes	Shred-It.
169.00	Does the pharmacy destroy PHI including labeled prescription vials?	Yes	
170.00	Does the crisis plan includes security of paper and electronic patient information?	Yes	
	Prescription Packing and Transporting		
171.00	Does the pharmacy utilize employee drivers to deliver prescriptions to patients and/or after and facilities?	Yes	On occasion there can be a 3rd-party courier service utilized - Impulse Courier Service, Inc. Otherwise this pharmacy currently has its own drivers (25 in all) for delivering radiopharmaceuticals to and from its customers.
172.00	Does the pharmacy utilize other services/carriers to deliver prescriptions to patients and/or facilities? *Indicate carriers used.*	Yes	On occasion there can be a 3rd-party courier service utilized - Impulse Courier Service, Inc.
173.00	There is a tracking system in place to verify delivery of prescription products. *Indicate if signatures obtained or how tracked.*	Yes	Customer delivery cases are tagged and have a security scan code on them to make certain the correct delivery case(s) is/are being dropped off at the right customer's facility. Hospitals have their own on-site security services which may also have additional steps to be met when this pharmacy's drivers complete a delivery to them.
174.00	Deliveries of RAM are directly to a secure location at a health care facility.	Yes	
175.00	Is only authorized packaging used?	Yes

Inspection Date: 12/13/2021

		Finding	Notes
175.01	Are DOT-7A performance test records on file for each type of packaging used by the pharmacy? *View documentation.*	Yes	
175.02	Is the packaging tamper-evident?	Yes	
	Equipment		
	Total Non-Compliant (Includes Unknowns)	**0**	
176.00	Appropriate equipment and utensils are available, clean, and in good working order. *Automated, mechanical, or electronic equipment (including capsule machines, autoclaves, ovens, etc.) are periodically inspected and calibrated yearly or in accordance with the equipment manufacturer guidelines.*	Compliant	Facility uses the Jubilant DraxImage Smart-Fill apparatus for preparing I-131 Sodium Iodide dosages. It will soon be adding the Ga-68 Dotatate (NetSpot) system to its newest Clean/Buffer Room (#2). This pharmacy uses a Mo99/Tc99m Generator. There is no capsule machine in the traditional sterile compounding sense, and no autoclave. Bu there are incubators (and their temperature is monitored).
177.00	Appropriate instruments and meters (Geiger-Mueller survey meters, rate meters, Cutie Pie survey meters, etc.) are available including documentation for use (P&P and operating instructions).	Compliant	
178.00	PEC (hood) prefilters are checked and replaced regularly. *View replacement log or documentation of check and replacement by certification company.*	Compliant	
179.00	Is all equipment thoroughly cleaned promptly after each use to prevent cross contamination?	Compliant	LAFWs before and after radiopharmaceutical and patients doses preparation, including the BSCs before and after radiolabeling blood for patients too.
180.00	Automated Compounding Devices (ACDs) are used for sterile compounding (such as repeater pumps) and there is a P&P for the use and calibration.	N/A	
180.01	There is documentation of the ACD tubing being changed or discarded every 24 hours.	N/A	
180.02	The ACD is used when performing media fill testing.	N/A

Inspection Date: 12/13/2021

		Finding	Notes
Nonsterile Compounding -- Beyond-Use Dating (BUD)			
	Total Non-Compliant (Includes Unknowns)	**1**	
181.00	BUDs are assigned from the day of preparation.	Compliant	Pharmacy places a 7-day expiration date on any in-house prepared I-131 Sodium Iodide capsules or solution dosages (for diagnostic or therapeutic use). I-123 Sodium Iodide diagnostic capsules are given a 24-hour expiration, but this radiopharmaceutical is acquired ready-made from Cardinal Health's facility in Aurora, CA. In the 2-page policy and procedure 6.13 "Beyond Use Dating" issued December 2018, Version 02, there is no specific mentioning of any "beyond use dating" assigned to any prepared radiopharmaceutical whether it is a nonsterile or sterile compounded product). And while the stated procedural process is technically correct and highlights a collaborative assessment process between pharmacists responsible for radiopharmaceutical preparation and Corporate's Quality & Regulatory Group, there was no indication that such a described process involved any personnel at this particular Cardinal Health nuclear pharmacy [See Doc15_Nuc181.00,290.00_CardinalHealth_EastRutherford_NJ].
182.00	BUDs are assigned based on dispensing in tight, light-resistant containers/overpacks.	Compliant	
183.00	Extended BUDs are supported by testing data. *View documentation used, preparation must exactly match formulation upon which data was obtained.*	Compliant	
184.00	Extended BUDs are assigned and the facility has performed its own stability testing. *View records, preparation must exactly match the preparation tested by the facility including concentration of all active ingredients, excipients, etc.*	Non-Compliant	Corporate HQ has determined through its own contracted work the extended BUDs on radiopharmaceuticals and this derived data is made available to all of its branch nuclear pharmacies via the company's shared-drive Iso-Trac computer program. But this East Rutherford, NJ facility did not perform any of its own in-house testing to derive extended BUDs for its radiopharmaceutical products.
185.00	BUDs for nonaqueous formulations are not later than the remaining time until the earliest expiration date of any API and not later than six (6) months.	N/A	
186.00	BUDs for water-containing oral formulations are not later than 14 days when stored at controlled cold temperatures (refrigerated).	N/A	
187.00	BUDs for water-containing semisolid formulations are not later than 30 days.	N/A	
Nonsterile Compounding -- Environment			
	Total Non-Compliant (Includes Unknowns)	**4**	
188.00	The non-sterile compounding area is a controlled environment and separate from the general pharmacy.	Compliant	
189.00	The pharmacy performs non-sterile compounding in a ventilated cabinet.	Compliant

Inspection Date: 12/13/2021

		Finding	Notes
190.00	Ventilated cabinet(s) used for non-sterile compounding is certified or tested periodically.	Non-Compliant	Facility uses the Jubilant DraxImage Smart-Fill apparatus for preparing I-131 Sodium Iodide dosages, but has not been tested or certified by Energy Plus Scientific (Harrisburg, PA) because the inside of this apparatus is always considered contaminated with I-131. There is also a Glove-Box being used (per PIC Boni), but neither of these devices are referenced in the two Certification Reports from Energy Plus Scientific [See Doc13_Nuc116.00,117.00_CardinalHealth_EastRutherford_NJ] and [See Doc14_Nuc116.00,117.00_CadinalHealth_EastRutherford_NJ]. NOTE: RSO Goodyear provided internal documents indicating that this pharmacy has an Annual Flowmeter Calibration Record dated 3/4/2021 for "Air Flow Calibrator (AFC)" AFC-DIG-15L, Serial Number 28980 that is due for its next calibration on 12/28/21 as part of Cardinal Health's Air Flow Calibration Program but didn't describe its relevance to the Smart-Fill apparatus or any other area/PEC (i.e., Hood for storing Xe-133 gas containers) at this pharmacy not described in either of the certification reports by Energy Plus Scientific [See Doc16_Nuc190.00_CardinalHealth_EastRutherford_NJ].
191.00	There is sufficient space available for the type and amount of compounding performed and the space is orderly to prevent mix-ups between ingredients, containers, labels, in-process materials, and finished preparations.	Compliant	
192.00	Only one preparation is compounded at a time.	Compliant	
193.00	The compounding area is well lit.	Compliant	
194.00	Appropriate protective attire (gowns, gloves, masks, etc.) is available.	Compliant	
195.00	There is a sink for the nonsterile compounding area with hot and cold potable water, soap or detergent, and air-driers or single-use towels. *This cannot be the same one for the sterile area.*	N/A	The "Iodine Room" where the Smart-Fill apparatus is located and hood for storing the Xe-133 gas is located under negative pressure.

Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
196.00	**Temperature** in the compounding area is maintained to provide controlled room temperature of 20° to 25°C (68° to 77 °F), or more restrictive if warranted by specific drug product storage requirements.	Compliant	Note: Package insert storage information for I-131 Sodium Iodide Solution (HICON) denotes a storage temperature range of 2°C to 25°C (36°F to 77°F) and a package insert for Xenon-133 gas denotes storage at 'Room Temperature". Manually recorded temperature readings are being replaced by the use of an datalogger/sensor system that relays readings electronically via Iso-Trac to the Corporate HQ with weekly to bi-weekly analysis for unwanted excursions. Several documents were provided that indicate the ambient temperature range is maintained at 15° C to 30° C with no explanation as to why this range is set outside of USP or offering any guidance for want actions will be taken when there are unwanted readings of a more sustained nature (not brief / occasional). One document is a 2-page policy and procedure 6.12 "Quality Assurance Procedures Manual Storage Conditions Monitoring" issued April 2016, Version 01 [see Document A1-A2 in Doc06_Nuc6.01_CardinalHealth_EastRutherford_NJ]. another document is a 4-page policy and procedure 2.5 "Pharmacy Radiopharmaceutical Storage Requirements" issued April 2019, Version 03 [see Doc09_Nuc109.00_CardinalHealth_EastRutherford_NJ]. An example of a manual Temperature Log Sheet PS-6 (updated March 2021) that lists no recorded data, but the header for Ambient Drug Storage for two separate areas is listed at 15°C to 30°C which is outside of USP [See Doc10_Nuc109.00_CardinalHealth_EastRutherford_NJ]. PIC Boni provided a printout of current temperature readings for many different areas of the pharmacy that are being monitored 24/7 such as sterile and nonsterile compounding rooms, anteroom, ambient storage area, refrigerators, freezer, incubator, hot box and many of the work rooms and storage areas were outside of the USP range of 20° C to 25° C, notably the anteroom 17.7°C, Buffer #1 18.1°C, Drug Storage - Restricted Area 19.4°C, Saline Storage 19°C [See Doc11_Nuc109.00, 112.01, 113.01_CardinalHealth_EastRutherford_NJ]. There is an electronic view panel in the pharmacy area that displays pressure, temperature, and humidity readings for select room where nonsterile and sterile compounding occurs, and displayed temperature readings were all below the USP recommended range for Fahrenheit readings, Buffer #1 63.1° F, Buffer #2 59.3° F, WBC [Blood] 59.1° F [See Photo01_Nuc109.00,196.00,241.00_CardinalHealth_EastRutherford_NJ]. Iodine Room readings per the document provided by PIC Boni was 20.5° C, yet the reading for this room appearing on the electronic monitoring display panel at the start of this NABP survey was 61.1° F.
196.01	If drugs are stored in the compounding area, temperature monitoring is in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. *Temperature records are maintained.*	Compliant	
196.02	Excursion action plan is in place including evaluating excursion effects on drug product integrity.	Non-Compliant	It remains that none of the aforenoted documents in Ques Nuc109.00 above offers any descriptive action to be taken for unwanted excursions, nor what action to be taken with respect to any excursion effects on drug product integrity. Nor is there any statement as to why concerns for temperature excursions may be nullified given the nature of these two radiopharmaceuticals.

Inspection Date: 12/13/2021

		Finding	Notes
197.00	**Humidity** in the compounding area is maintained to provide humidity in the ranges warranted by specific drug product storage requirements. *If drug products require storage in a "dry place", humidity is not to exceed 40%. Generally* ***recommended*** *range is 35-60%.*	Non-Compliant	Humidity in the Nonsterile compounding room (Iodine), that includes Xe-133 storage too was noted to be 26% RH during this NABP survey. This reading was taken from the electronic panel in the pharmacy's restricted area for the "Iodine" room [See Photo04_Nuc197.00, 242.00_CardinalHealth_EastRutherford_NJ].
197.01	Humidity monitoring is in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. *Humidity records are maintained.*	Compliant	
197.02	Excursion action plan is in place including evaluating excursion effects on drug product integrity.	Non-Compliant	It remains that none of the aforenoted documents in Ques Nuc109.00 above offers any descriptive action to be taken for unwanted excursions, nor what action to be taken with respect to any excursion effects on drug product integrity. Nor is there any statement as to why concerns for humidity excursions may be nullified given the nature of these two radiopharmaceuticals.
198.00	All components, equipment, and containers are stored off the floor, and handled and stored to prevent contamination.	Compliant	
199.00	All components and packaging containers and closures are properly rotated to use oldest first.	Compliant	
	Nonsterile Compounding -- Documentation		
	Total Non-Compliant (Includes Unknowns)	**0**	
200.00	The pharmacy creates a Master Formulation record the first time before compounding a new preparation.	Compliant	Pharmacy has policy and procedure 3.10 "I31-I Nal mCi Capsule and Solution Manual - Effective April 2018 Preparation Protocol" for preparing any I-131 Nal dosage as requested using the Smart-Fill apparatus.
201.00	Every formulation is evaluated for incompatibilities and the potential for being ineffective or toxic.	Compliant	
202.00	The **master formulation record** includes:		
202.01	Official or assigned name, strength, and dosage form;	Compliant	
202.02	All necessary calculations;	Compliant	Based on dose calibrator readings relative to the requested dosage activity on the original order for a patient and taking into account the radioactivity concentration of the I-131 Sodium Iodide (NaI) being used on the day dosage preparation.
202.03	Description of all ingredients and their quantities;	Compliant	
202.04	Compatibility and stability information including references (when available);	Compliant	Using Jubilant DraxImage's HICON I-131 Sodium Iodide Solution as the starting material.
202.05	Equipment used for the preparation;	Compliant	Using Jubilant DraxImage's Smart-Fill apparatus.

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
202.06	Mixing instructions (order of mixing, temperatures, duration of mixing, and other pertinent factors);	Compliant	
202.07	Container used and packaging requirements;	Compliant	
202.08	Assigned BUD information;	Compliant	PIC Boni stated BUD is 7-days after dosage preparation. In the 2-page policy and procedure 6.13 "Beyond Use Dating" issued December 2018, Version 02, there is no specific mentioning of any "beyond use dating" assigned to any prepared radiopharmaceutical whether it is a nonsterile or sterile compounded product). And while the stated procedural process is technically correct and highlights a collaborative assessment process between pharmacists responsible for radiopharmaceutical preparation and Corporate's Quality & Regulatory Group, there was no indication that such a described process involved any personnel at this particular Cardinal Health nuclear pharmacy [See Doc15_Nuc181.00,290.00_CardinalHealth_EastRutherford_NJ].
202.09	Labeling information including the name of and quantity or concentration of each active ingredient;	Compliant	
202.10	Description of the finished preparation;	Compliant	
202.11	Storage requirements; and	Compliant	
202.12	Quality control procedures and expected results (e.g. dose measurement of capsule in the dose calibrator).	Compliant	
203.00	The pharmacy creates a compounding record for each compound prepared.	Compliant	Record is in the pharmacy's Iso-Trac computer system that can be reprinted along with a copy of the label that is affixed to the prepared dosage and outer container. Pharmacy follows policy and procedure 3.10 "I31-I NaI mCi Capsule and Solution Manual - Effective April 2018 Preparation Protocol" for preparing any I-131 NaI dosage as requested using the Smart-Fill apparatus.
204.00	The **compounding record** includes:		
204.01	Official or assigned name, strength and dosage of the preparation;	Compliant	
204.02	Master Formulation Record reference;	Compliant	
204.03	Sources, lot numbers, and expiration dates of all components;	Compliant	
204.04	Total quantity or number of dosage units compounded;	Compliant	
204.05	Person compounding the preparation;	Compliant	
204.06	Person performing the quality control procedures;	Compliant	All prepared I-131 NaI dosages are double-checked for activity as requested on the order requests using the dose calibrator.

		Finding	Notes
204.07	Person who approved the preparation;	Compliant	
204.08	Date of compounding;	Compliant	
204.09	Assigned internal identification number or prescription number;	Compliant	
204.10	Description of the final preparation;	Compliant	
204.11	Assigned BUD;	Compliant	
204.12	Duplicate label;	Compliant	
204.13	Results of quality control procedures (weight range of filled capsules, pH of aqueous liquids, etc.); and	Compliant	Only one I-131 NaI dosage is prepared at a time using the Smart-Fill apparatus.
204.14	Documentation of any quality control issues and any adverse reactions or preparation problems reported by the patient or caregiver including investigation and recall, if appropriate.	N/A	Any issues involving the prepared I-131 NaI dosage (intended for patient diagnostic or therapeutic use) would be reported to the hospital that submitted the patient's order request initially.
	Nonsterile Compounding -- Compounding Procedures		
	Total Non-Compliant (Includes Unknowns)	**0**	
205.00	The Master Formulation Record and the Compounding Record has been reviewed by the compounder to ensure it is error free.	Compliant	
206.00	Compounding personnel ascertain that ingredients for compounded preparations are of the correct identity and appropriate quality including a unit-by-unit inspection of the components.	Compliant	
207.00	The containers and closures selected meet USP standards (from container supplier).	Compliant	
208.00	Container selection determined by physical and chemical properties of the preparation.	Compliant	
209.00	Compounding personnel maintain good hand hygiene and wear clean and appropriate clothing for the compounding being performed.	Compliant	
210.00	Personnel don appropriate protective garb when performing compounding.	Compliant	
211.00	Routine compounding procedures for batch preparation completed and verified according to written procedures, including: *calculations correct, weighing and measuring performed correctly, order of mixing correct, compounding techniques performed correctly.*	Compliant

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
212.00	Procedures for in-process checks followed. *These checks indicate that appropriate procedures and packaging are followed for each step, including addressing pharmacist verification of steps performed by non-pharmacists that includes visual inspection of product, and documentation of the compounding accuracy is performed to ensure proper measurement, reconstitution and component usage.* ***Recommended:*** *compounding accuracy checked by a person other than the compounder.*	Compliant	
213.00	There are no deviations from the master formulation record, unless they are approved and deemed appropriate by a pharmacist and a new master formulation record is created.	Compliant	Pharmacy follows policy and procedure 3.10 "I31-I NaI mCi Capsule and Solution Manual - Effective April 2018 Preparation Protocol" for preparing any I-131 NaI dosage as requested using the Smart-Fill apparatus.
215.00	Personnel are appropriately garbed for protection when cleaning.	N/A	If there was going to be cleaning of the inside of the Smart-Fill apparatus, the person doing the cleaning would be properly garbed.
	Nonsterile Compounding -- Release Checks		
	Total Non-Compliant (includes Unknowns)	**0**	
216.00	The finished preparation is observed to appear as expected in the master formulation record and documented.	Compliant	
217.00	As appropriate, the final completed preparation assessed for weight, mixing, clarity, color, consistency, pH, and strength/activity and documented.	Compliant	
217.01	Batch preparations (in anticipation of prescriptions) are of an appropriate volume and batch products in stock are all within their BUD (not outdated).	N/A	Only one I-131 NaI dosage is prepared at a time using the Smart-Fill apparatus. There are no batch preparations per se. Dosages with lower activity requirements would utilized an older lot of the starting material (I-131 Sodium Iodide Solution whose radioactivity concentration on the day of or preparation would be low enough to allow for easier preparation of any requested patient doses).
217.02	Labels on batch preparations include the name and quantity of all contents, date and time of preparation (or internal code/lot number indicating this information), preparer and verification pharmacist identifiers, stability (BUD), and any auxiliary labels indicated including appropriate packaging and labeling of hazardous materials.	N/A	Only one I-131 NaI dosage is prepared at a time using the Smart-Fill apparatus. There are no batch preparations per se. Dosages with lower activity requirements would utilized an older lot of the stating material (I-131 Sodium Iodide Solution whose radioactivity concentration on the day of or preparation would be low enough to allow for easier preparation of any requested patient doses).
218.00	The immediate container shall be labeled with:		
218.01	The standard radiation symbol;	Compliant	
218.02	The words "Caution — Radioactive Material";	Compliant	
218.03	The name of the pharmacy; and	Compliant	
218.04	The prescription number.	Compliant

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
222.00	All surfaces of the sterile product compounding area carts, shelves, stools, chairs, and other items are resistant to disinfectants, non-permeable, non-carpeted or upholstered, and low particulate generating.	Compliant	
223.00	Walls are constructed of durable material, which is cleanable, such as epoxy-coated or heavy-gauge polymer material. If panels are used, they are locked together and sealed.	Compliant	
224.00	The ceiling surface shall be impervious and hydrophobic. If tiles are used, they shall be locked and the seams between the tiles and where they meet the walls shall be caulked and sealed.	Compliant	
225.00	The floor overlaid with wide sheet flooring and seamless or with heat welded seams, with coving to the sidewall, and a sealed seam where the coving meets the wall.	Compliant	
226.00	The clean/buffer room or anteroom does not have dust collecting overhangs.	Compliant	
227.00	The exposed surfaces of:		
227.01	PEC are free of dirt, rust, chips and particulate matter.	Compliant	PEC's are also checked in-house during the monthly audit that is conducted per RSO Goodyear.
227.02	Light fixtures are smooth, mounted flush, and sealed.	Compliant	
228.00	A working sink, located on the clean side of the line of demarcation, is available that enables pharmacy personnel to wash hands and enter the sterile compounding area without contaminating his/her hands and is away from/not adjacent to any PEC(s).	Compliant	
229.00	There is no sink or drain in the clean/buffer room.	Compliant	
230.00	All air ducts controlling air flow into the sterile compounding area are equipped with HEPA-filtered air that maintains the clean/buffer room with at least an ISO Class 8 environment.	Compliant	
231.00	Incoming air ducts through HEPA filters are on or near the ceiling and air return ducts are low on the walls in the anteroom and clean/buffer room.	Compliant	
232.00	Beverages including drinking water, chewing gum, candy, or food items are prohibited from the clean/buffer room or anteroom.	Compliant	
233.00	If compounding occurs using nonsterile ingredients, products, components, or devices (for example compounding with non-sterile APIs or using nonsterile vials and closures), the pharmacy has appropriate equipment to sterilize the finished product.	Compliant	
233.01	Pre-sterilization procedures for high risk level CSPs (such as weighing and mixing) are performed in no worse than an ISO Class 8 environment.	N/A	There is no high-risk sterile compounding occurring.
234.00	Does the ISO Class 8 clean room or buffer area door lead into an ISO Class 8 anteroom?	N/A	ISO Class 7 Clean/Buffer Room going to a ISO Class 8 Anteroom.

Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
235.00	Completely enclosed anteroom and clean/buffer room (with a door) are equipped with monitors or gauges to measure differential pressure.	Compliant	
235.01	Anteroom is at least 0.02" wc positive pressure to general pharmacy areas.	Compliant	Anteroom reading during this NABP survey was 0.167" wc. There is an electronic view panel in the pharmacy area that displays pressure, temperature, and humidity readings for select room where nonsterile and sterile compounding occurs, and for the Anteroom to the general pharmacy (Restricted Area) the noted reading for the Anteroom is as noted above 0.167" wc [See Photo01_Nuc235.01,235.02,235.03_CardinalHealth_EastRutherford_NJ].
235.02	Clean/buffer room is at least 0.02" wc positive pressure to general pharmacy areas.	Compliant	There are two separate Clean/Buffer rooms that are being monitored. Buffer #1 is for the preparation of Tc99m-labeled radiopharmaceuticals, F-18 FDG, and other select long-lived radiopharmaceuticals. Buffer Room #2 will be used for the Y-90 labeled radiopharmaceuticals and Ga-68 Dotatate (NetSpot). There is an electronic view panel in the pharmacy area that displays pressure, temperature, and humidity readings for select room where nonsterile and sterile compounding occurs, and displayed pressure reading for Buffer #1 is 0.043"wc and the reading for Buffer #2 is 0.045" wc [See Photo01_Nuc235.01,235.02,235.03_CardinalHealth_EastRutherford_NJ].
235.03	Hazardous compounding room and drug storage area is at least 0.01" wc negative pressure to ISO Class 7 anteroom.	Compliant	Iodine room reading during this NABP survey was -0.042" wc. There is an electronic view panel in the pharmacy area that displays pressure, temperature, and humidity readings for select room where nonsterile and sterile compounding occurs, and for the Iodine room the noted is as noted above -0.042" wc [See Photo01_Nuc235.01,235.02,235.03_CardinalHealth_EastRutherford_NJ].
235.04	Pressures are reviewed and documented on a log at least every work shift (minimum of once daily) or monitored by a continuous recording device. *View logs*	Compliant	Aside the noted electronic display panel discussed above that listed data for pressure, temperature, and humidity for select room where sterile and nonsterile compounding takes place [or will soon take place with regards to Buffer #2], there is also a monthly Room Airflow Monitoring Log that records pressure readings from various wall mounted Magnehelic gauges associated with select areas of the pharmacy. Readings recorded for December 13, 2021 were as follows: Y-90 Buffer Room (Buffer #2) 0.047" wc; Anteroom to Restricted Pharmacy Space 0.170" wc; Cell Labeling (WBC) Room to Anteroom 0.105" wc; Buffer Room (Buffer #1) to Anteroom 0.045" wc; Non-Restricted Area to Restricted Pharmacy 0.01" wc [Magnehelic gauge appears pegged out and is not being used per Pharmacist Malzone; Restricted Pharmacy to I-131/Xe-133 Room (Iodine Room) -0.041" wc [See Doc17_Nuc235.04_CardinalHealth_EastRutherford_NJ]. A photo of a small bank of Magnehelic gauges from which the noted manually recorded data is derived from was acquired and these gauges pertained to the Buffer Room (Buffer #1] to Anteroom; Blood Room [WBC] to restricted Pharmacy [See Photo03_Nuc235.04_CadinalHealth_EastRutherford_NJ]. PIC Boni stated that there is an alarm feature associated with the Magnehelic gauges but did not specify if this alarm feature includes all the Magnehelic gauges for the PECs, etc and the 4 principle rooms (Buffer 1, Buffer 2, WBC and Iodine) or just the 4 principle rooms which are delineated on the aforementioned electronic view panel

e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
235.05	Written plan in place to detect and react to pressure differentials outside of limits.	Non-Compliant	There is a 2-page policy and procedure6.51 "Room Airflow Monitoring" issued April 2018, Version 01 that offers general procedures for acquiring manually recorded room pressure readings, but there is no appreciable discussion contained within for action to be taken when there is sub-optimal or a failure of pressure in any room being monitored presently, except that an employee observing a gauge failure or deviated reading is to alert his/her Manager or the PIC [See Doc18_Nuc235.05_CardinalHealth_EastRutherford_NJ].
236.00	If the clean/buffer room and anteroom are not fully enclosed (open or with plastic strips - no door that closes), the air flow is measured across the openings.	N/A	Anteroom, and various sterile compounding rooms (Buffer #1, Buffer #2, WBC Room are all enclosed and are positive pressure areas. Note: the nonsterile Iodine Room (negative pressure) is also enclosed.
236.01	The air flow is at least 40 feet per minute across the entire opening.	N/A	
236.02	Airflow is read and recorded each shift (minimum of once daily) or continuously recorded. *View logs.*	N/A	
236.03	Written plan in place to detect and react to air flow measurements outside of limits.	N/A	
236.04	This area is used only for low- and medium-risk compounding (HD and high-risk not allowed).	N/A	
237.00	The doors into the anteroom from the general pharmacy area and from the anteroom into the clean room are prevented from both being open at the same time. By interlocking, training of personnel, or signage.	Compliant	Doors are not interlocking, but by training employees know not to open doors at both ends of the Anteroom at the same time.
238.00	The inside and outside doors of a pass-through are prevented from both being open at the same time. *By interlocking, training of personnel, or signage.*	Compliant	Pharmacy has 4 pass-throughs that are not interlocking, but by training employees know not to open doors at both ends of the pass-throughs at the same time.
239.00	**If the PEC is a BSC or LAFW that is NOT located in an ISO Class 7 clean/buffer room**: BSC or LAFW has been certified to maintain ISO Class 5 during compounding activities.	N/A	PECs, Hot Cell, and soon-to-be Isolators, etc for Y-90 and Ga-68 Dotatate generator are all located in Iso Class 7 rooms.
239.01	If low risk, are the compounds located in segregated area are BUD 12 hours or less? *If yes, list percentage.*	N/A	Mostly low-risk and some medium-risk sterile compounding, and some Tc99m labeled radiopharmaceuticals will have a expiration that exceeds 12 hours in accordance to Corporate HQ stability data on file in the Iso-Trac "shared-drive" computer system (some products have a 18-hour expiration on them).

Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
239.02	All garbing requirements are adhered to.	N/A	
239.03	Located in an area that is maintained under sanitary conditions and only traveled by persons engaging in the compounding of sterile preparations.	N/A	
239.04	Location does not contain any unsealed windows or doors that connect to the outdoors or areas of high traffic flow, and is not adjacent to construction sites, warehouses, or food preparation areas.	N/A	
240.00	**If the CAI/CACI that is *not* located in an ISO Class 7 clean/buffer room:** CAI/CACI has been certified to maintain ISO Class 5 under dynamic conditions including transferring of ingredients, components and devices, and during preparation of Compounded Sterile Preparation (CSP).	N/A	There will soon be a CACI per PIC Boni but it is not in use yet, and will be located inside a ISO Class 7 room.
240.01	The pharmacy has documentation from the manufacturer that the CAI or CACI will meet this standard when located in worse than ISO Class 7 environments.	N/A	
240.02	The CAI or CACI is located in an area that is maintained under sanitary conditions and only traveled by persons engaging in the compounding of sterile preparations.	N/A	
240.03	The sink is separated from the immediate area of the ISO Class 5 BSC or LAFW (not adjacent).	Compliant

Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC

e-Profile ID: 1241989

Inspection Date: 12/13/2021

		Finding	Notes
241.00	**Temperature** in the compounding area is maintained to provide controlled room temperature of 20° to 25°C (68° to 77 °F), or more restrictive if warranted by specific drug product storage requirements.	Non-Compliant	Manually recorded temperature readings are being replaced by the use of an datalogger/sensor system that relays readings electronically via Iso-Trac to the Corporate HQ with weekly to bi-weekly analysis for unwanted excursions. Several documents were provided that indicate the ambient temperature range is maintained at 15° C to 30° C with no explanation as to why this range is set outside of USP or offering any guidance for want actions will be taken when there are unwanted readings of a more sustained nature (not brief / occasional). One document is a 2-page policy and procedure 6.12 "Quality Assurance Procedures Manual Storage Conditions Monitoring" issued April 2016, Version 01 [see Document A1-A2 in Doc06_Nuc6.01_CardinalHealth_EastRutherford_NJ]. another document is a 4-page policy and procedure 2.5 "Pharmacy Radiopharmaceutical Storage Requirements" issued April 2019, Version 03 [see Doc09_Nuc109.00_CardinalHealth_EastRutherford_NJ]. An example of a manual Temperature Log Sheet PS-6 (updated March 2021) that lists no recorded data, but the header for Ambient Drug Storage for two separate areas is listed at 15° C to 30° C which is outside of USP [See Doc10_Nuc109.00_CardinalHealth_EastRutherford_NJ]. PIC Boni provided a printout of current temperature readings for many different areas of the pharmacy that are being monitored 24/7 such as sterile and nonsterile compounding rooms, anteroom, ambient storage area, refrigerators, freezer, incubator, hot box and many of the work rooms and storage areas were outside of the USP range of 20° C to 25° C [See Doc11_Nuc109.00, 112.01, 113.01_Cardinal Health_EastRutherford_NJ]. There is an electronic view panel in the pharmacy area that displays pressure, temperature, and humidity readings for select room where nonsterile and sterile compounding occurs, and displayed temperature readings were all below the USP recommended range for Fahrenheit readings [See Photo01_Nuc109.00,196.00,241.00_CardinalHealth_EastRutherford_NJ]. This electronic view panel does not display readings for any drug storage area involving radiopharmaceutical reagent cold kits to be radiolabeled with Tc99m sodium pertechnetate and other non-radioactive drugs that are on-site and sometimes shipped/sold to requesting customers such as Sincalide (or Kinevac) - one example stated by Pharmacist Malzone. The stated ambient air temperature range in one of these documents is 15°C to 30°C which is outside of the USP range of 20°C to 25°C for climate controlled conditions, but company's stated range does appear in a few manufacturer package inserts for select radiopharmaceutical reagent cold kits (lyophilized vials) of products that will eventually be radiolabeled with Tc99m sodium pertechnetate.
241.01	Temperature monitoring is in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. *Temperature records are maintained.*	Compliant	
241.02	Excursion action plan is in place including evaluating excursion effects on drug product integrity.	Non-Compliant	None of the aforenoted documents in Ques Nuc109.00 above offers any descriptive action to be taken for unwanted excursions, nor what action to be taken with respect to any excursion effects on drug product integrity.

Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
242.00	**Humidity** in the compounding area is maintained to provide humidity in the ranges warranted by specific drug product storage requirements. *If drug products require storage in a "dry place", humidity is not to exceed 40%. Generally* ***recommended*** *range is 35-60%.*	Compliant	Humidity in select sterile compounding areas and the anteroom was noted to be 21% RH (Buffer #1); 24% RH (Buffer #2); 22% RH (WBC); and 23% RH (Anteroom) during this NABP survey. These reading were taken from the electronic panel in the pharmacy's restricted area for each of these rooms as designated [See Photo04_Nuc197.00, 242.00_CardinalHealth_EastRutherford_NJ]. PIC Boni provided a printout of current humidity readings for just a few work areas of the pharmacy that are being monitored 24/7 such as Anteroom, Buffer Room [#1], Buffer Room-Y-90 [#2], and WBC (Blood) Room, and the listed readings ranged from 23% RH to 32% RH [See Doc12_Nuc110.00,242.00_CardinalHealth_EastRutherford_NJ]. NOTE: There is no humidity monitoring figure being recorded for a drug storage area, even though there may be a recorded temperature reading.
242.01	Humidity monitoring is in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. *Humidity records are maintained.*	Compliant	
242.02	Excursion action plan is in place including evaluating excursion effects on drug product integrity.	Non-Compliant	None of the reference documents appearing in Nuc109.00 or Nuc109.02 contained any discussion about action to be taken should there be unwanted excursions with regards to Humidity.
243.00	Are the blowers on PECs operated continuously during compounding activity, including during interruptions of less than eight hours?	Compliant	
244.00	When the ISO 5 PEC blower is turned off and before other personnel enter to perform compounding activities, is only one garbed person allowed to enter the buffer area for the purposes of turning on the blower (for at least 30 minutes) and sanitizing the work surfaces?	Compliant	

Sterile Compounding -- Cleaning and Disinfection

	Total Non-Compliant (Includes Unknowns)	**0**	
245.00	Are all personnel performing cleaning appropriately garbed?	Compliant	
246.00	Is the sterile compounding area equipped with appropriate nonshedding cleaning equipment and supplies? *All cleaning tools, such as wipers, sponges, and mops, must be nonshedding, dedicated to and labeled for use in either the buffer or clean area (no wooden handles are allowed).*	Compliant	
247.00	If cleaning tools are reused, is there a procedure to rinse and sanitize the tools?	Compliant	Labeled cleaning tools with Swifter-type cleaning heads for designated rooms.
248.00	Are reusable tools appropriately labeled to prevent them from being used inappropriately?	Compliant

Inspection Date: 12/13/2021

		Finding	Notes
249.00	For cleaning and sanitizing agents that are not "ready-to -use" formulations, Aare there formulas and instructions for mixing or diluting the cleaning and sanitizing agents prior to use and is the preparation of cleaning supplies agents documented?	Compliant	Peridox, PreEmpt, Sterile 70% IPA, Hypochlor (sterile bleach).
250.00	Are cleaning and sanitizing agents appropriately labeled including expiration dates? *Verify no expired agents present.*	Compliant	
251.00	Are appropriate cleaning agents used that are effective for bacteria, viruses, fungi, and spores?	Compliant	
252.00	Is the ISO 5 PEC cleaned at the beginning of each shift, between compounding different preparations, at least every 30 minutes while compounding and after spills or suspected surface contamination?	Compliant	
253.00	Does sanitizing of the ISO 5 PEC include sanitizing with sterile 70% IPA using a nonlinting wipe?	Compliant	
253.01	If heavily soiled, cleaning includes the appropriate agent. *List agent(s) used.*	Compliant	Sterile Water for Injection, USP, Sterile 70% IPA.
254.00	Does daily cleaning and sanitizing include counters and easily cleanable work surfaces?	Compliant	
255.00	Does daily cleaning include the floors starting from the clean room and working outwards? *Floor cleaning is not to occur during compounding.*	Compliant	
256.00	If fatigue mats are used in the clean room or anteroom, are they cleaned daily and left to dry on both sides?	Compliant	Both sides of the fatigue mats are cleaned.
257.00	Is a tacky mat used, and if so, is there a procedure in place regarding replacement?	N/A	No tacky mats are being used.

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
258.00	Are the ceilings, walls, all shelving, bins, carts, chairs, and the tops and sides of the PECs thoroughly cleaned monthly? *(This includes removing everything from shelves and bins before cleaning, cleaning the undersides of cart surfaces and stools, wheels, etc.) Check inside bins and shelving for dust in clean room if you are garbed.*	Compliant	
259.00	Is enough time allocated for cleaning activities, including contact/dwell times for the cleaning/disinfection agents?	Compliant	Dwell time 1-minute or longer depending on the agents being used.
	Sterile Compounding -- Garbing		
	Total Non-Compliant (Includes Unknowns)	**0**	
260.00	Personnel are prohibited from compounding, or entering the clean/buffer room or anteroom if they have a rash, sunburn, weeping sores, conjunctivitis, or an active respiratory infection.	Compliant	
261.00	Personnel are required to remove all personal outer garments such as hats, scarves, sweaters, vests, coats, or jackets and any makeup or cosmetics before entering compounding areas. *Include observations in the comments.*	Compliant	
262.00	Personnel are required to remove all hand and wrist jewelry, and all visible jewelry or piercings such as earrings, lip or eyebrow piercings, etc. before entering clean/buffer room.	Compliant	
263.00	Personnel are prohibited from wearing artificial nails or extenders, and required to keep natural nails neat and trimmed.	Compliant	
264.00	Garbing with dedicated shoes or shoe covers that are donned as the line of demarcation is crossed (with the dedicated or covered shoe never touching the same side of the line of demarcation as the dirty shoe).	Compliant	Dedicated Croc-like shoes.
265.00	Garbing includes head and facial hair covers and masks? *Note that facial hair requires both a facial hair cover AND a mask. Eye shields are optional unless using cleaning agents as indicated on SDS. There is a method available to assure that all hair is covered.*	Compliant	
266.00	Hand cleaning is performed in the anteroom and includes removing debris from under the nails with a nail cleaner followed by a vigorous washing of the hands and forearms with soap for at least 30 seconds with hands and arms then dried with lint-free disposable towels, or an electronic or HEPA filtered hand dryer. *Scrub brushes are NOT recommended as they cause skin irritation and damage.*	Compliant

Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
267.00	The gown is nonshedding with sleeves that fit snugly around the wrists and enclosed at the neck.	Compliant	
268.00	All bare skin is covered on the arms and the legs (no bare ankles, wrists, etc.).	Compliant	
269.00	Prior to donning sterile gloves, a waterless alcohol based surgical hand scrub with persistent activity is used and hands allowed to dry. *Note: regular Purell Hand Sanitizer is NOT appropriate. Purell or other brand surgical hand scrub is appropriate - must have residual activity.*	Compliant	Avaguard.
270.00	Upon leaving the sterile product compounding area, gowns are taken off and disposed of, or if used for nonhazardous compounding they are left in the anteroom and not reused for longer than one shift.	Compliant	
271.00	Pharmacists or other personnel do NOT enter the anteroom and cross the line of demarcation without donning shoe covers or dedicated shoes. *Watch for personnel traversing back and forth across the line of demarcation without doffing and donning new shoe covers or dedicated shoes.*	Compliant	
272.00	Pharmacists or other personnel do NOT enter the clean/buffer room without fully washing and garbing (wearing just a mask to check technician's work, for example).	Compliant	
	Sterile Compounding -- Compounding Procedures		
	Total Non-Compliant (Includes Unknowns)	**3**	
273.00	Gloves are disinfected with adequate frequency with an approved disinfectant, such as sterile 70% isopropyl alcohol (IPA).	Compliant	
274.00	Nonessential objects that shed particles are prohibited in the buffer or clean area, including pencils, cardboard cartons, paper towels, reading material, and cotton items (e.g., gauze pads)?	Compliant	
275.00	Essential paper related products (syringe overwraps, work records contained in a protective plastic sleeve) are wiped down with sterile 70% IPA before being brought into the buffer or clean area.	Compliant	
276.00	Supplies required for the scheduled operations of the shift are prepared by wiping the outer surface with sterile 70% IPA (or removing the outer wrap as the item is introduced into the aseptic work area) and brought into the buffer or clean area in a bin or on a movable cart.	Compliant	
277.00	Compounding employees are using appropriate aseptic technique. *May require inspector to garb and enter clean/buffer room. Pay attention to first air, entry and exit of materials in ISO Class 5 PEC, appropriate frequent sanitization of gloves, appropriate cleaning and cleanliness of the direct compounding area (DCA).* ***Compounding MUST be observed****, if compounding is not being performed at the time of survey mark item as "Non-Compliant".*	Compliant	Observed patient doses of F-18 FDG being aliquoted, placed into shielded syringe transport container, and then these containers being placed into and taken out of the pass-through for final placement into a shipping cases.

Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
277.01	If compounding is not being performed at the time of survey, ask that a compounding pharmacist or technician prepare a compound for you to observe the compounding process. *If the pharmacy staff refuses or is unable to perform compounding for you to observe, document on the "**Denial of Authorization**" form. List individual who signs the Denial of Authorization.*		Not applicable.
278.00	Compounding personnel ascertain that ingredients for CSPs are of the correct identity and appropriate quality by reading vendors' labels, and a unit-by-unit physical inspection of the product before use.	Compliant	
279.00	All rubber stoppers, of vials and bottles and the necks of ampules are disinfected with sterile 70% IPA waiting for at least 10 seconds before they are used to prepare CSPs.	Compliant	
280.00	Are opened or needle punctured single-dose containers (bags, bottles, syringes, or vials) that are opened or punctured in worse than ISO Class 5 air used within one hour and the remaining contents discarded?	Compliant	
281.00	Single-dose vials exposed to ISO Class 5 or cleaner air are used within six (6) hours of the initial puncture and any remaining contents discarded. *If exposed to less than ISO Class 5 air, used within 1 hour and discarded.*	Compliant	
282.00	Multiple-dose vials formulated for removal of portions on multiple occasions are used within 28 days (or the manufacturer's specific BUD if less) after the initial entry or puncture and any remaining contents discarded.	Compliant	
283.00	The compounding record is complete. *View several completed compounding records and answer each of the following questions. List records reviewed.*	Compliant	Compounding records and dose labels are maintained electronically and can be reprinted as needed.
283.01	Official or assigned name, strength and dosage of the preparation;	Compliant	
283.02	Names, lot numbers and expiration dates of all components;	Compliant	
283.03	Total quantity or number of units compounded;	Compliant	
283.04	Person compounding the preparation;	Compliant	
283.05	Person performing the quality control procedures;	Compliant	
283.06	Person who approved the preparation;	Compliant	
283.07	Date of compounding;	Compliant	
283.08	Assigned internal identification number or prescription number;	Compliant

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
283.09	Assigned BUD and reference if extended beyond USP guidelines;	Compliant	
283.10	Duplicate label;	Compliant	
283.11	Sterilization method (if applicable); and	N/A	None needed at this time.
283.12	Indication of the quality control procedures to perform (testing, filter integrity, etc.) and results of the testing, quality control issues, and investigation/recall if applicable.	Compliant	There is a 7-page policy and procedure 5.5 "Radiochemical Purity Testing of Prepared Radiopharmaceuticals" issued November 2021, Version 04.
284.00	Are procedures for in-process checks followed? *These checks indicate that appropriate procedures and packaging are followed for each step, including addressing pharmacist verification of steps performed by non-pharmacists that includes visual inspection of product, and documentation of the compounding accuracy is by someone other than the compounder to ensure proper measurement, reconstitution, and component usage.*	Compliant	
285.00	Labels on BATCH preparations include the name and quantity of all contents, date, and time of preparation (or internal code indicating this information), preparer and verification pharmacist identifiers, stability (BUD), and any auxiliary labels indicated including appropriate packaging and labeling.	N/A	There is no batch preparation activity per se that will be carried to another day as all production runs involving F-18 FDG and Tc99m-labeled radiopharmaceuticals will be used in their entirety and unused portions discarded at the end of the day. Yet, there are two policies and procedures that focus on subdivision of starting materials that have been previously referenced but repeated here: (1) A 2-page policy and procedure 2.6 "Sterile Subdivision of Hetastarch, Dextran 70, HSA, ACD Solution A" issued April 2018, Version 01; and (2) A 3-page policy and procedure 2.7 "Sterile Subdivision of Lyophilized Reagents for Radiolabeling" issued December 2018, Version 02.
286.00	The immediate container shall be labeled with:		
286.01	The standard radiation symbol;	Compliant	
286.02	The words "Caution — Radioactive Material";	Compliant	
286.03	The name of the pharmacy; and	Compliant	
286.04	The prescription number.	Compliant	
287.00	Does the labeling on patient-specific containers include:		
287.01	State required prescription label information;	Compliant	
287.02	Identifiers for the persons preparing the compound and performing the final verification;	Compliant	
287.03	BUD;	Compliant

Disclosure of this form to a third party or use of the form by a third party is strictly prohibited without NABP's prior written authorization.

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
287.04	Route of administration and flow rate (if applicable); and	Compliant	
287.05	Any additional special handling requirements?	Compliant	
288.00	The immediate outer container of a radioactive drug to be dispensed shall also be labeled with:		
288.01	The standard radiation symbol;	Compliant	
288.02	The words "Caution — Radioactive Material";	Compliant	
288.03	The name of the radionuclide;	Compliant	
288.04	The chemical form;	Compliant	
288.05	The amount of RAM contained, in millicuries or microcuries;	Compliant	
288.06	If the radioactive drug is a liquid, the volume in milliliters;	Compliant	
288.07	The requested calibration time for the amount of radioactivity contained.	Compliant	
289.00	All manufacturer-supplied products are stored in original manufacturers containers.	Non-Compliant	There are two policies and procedures that focus on subdivision of starting materials that have been previously referenced but repeated here: (1) A 2-page policy and procedure 2.6 "Sterile Subdivision of Hetastarch, Dextran 70, HSA, ACD Solution A" issued April 2018, Version 01 [See Doc19_Nuc289.00_CardinalHealth_EastRutherford_NJ]; and (2) A 3-page policy and procedure 2.7 "Sterile Subdivision of Lyophilized Reagents for Radiolabeling" issued December 2018, Version 02 (only 1 of 3 pages provided; See Doc20_Nuc289.00_CardinalHealth_EastRutherford_NJ].
290.00	BUDs assigned that are greater than 12 hours are documented with justification based on USP guidelines, testing, or literature. *Verify documentation and list at least three products reviewed (where applicable).*	Non-Compliant	In the 2-page policy and procedure 6.13 "Beyond Use Dating" issued December 2018, Version 02, there is no specific mentioning of any "beyond use dating" assigned to any prepared radiopharmaceutical whether it is a nonsterile or sterile compounded product). And while the stated procedural process is technically correct and highlights a collaborative assessment process between pharmacists responsible for radiopharmaceutical preparation and Corporate's Quality & Regulatory Group, there was no indication that such a described process involved any personnel at this particular Cardinal Health nuclear pharmacy [See Doc15_Nuc181.00,290.00_CardinalHealth_EastRutherford_NJ].

Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
291.00	If BUDs are set according to manufacturers' package insert recommendation(s), the products are prepared **exactly** according to package insert. *Verify documentation and list at least three products reviewed (where applicable).*	Non-Compliant	The company has informed its branch nuclear pharmacies that the expiration time on various prepared Tc99m products can be extended well beyond the manufacturer's package insert, for example, Tc99m MDP given a 12-hour expiration time; Tc99m MAA given an 18-hour expiration time, and Tc99m Sodium Pertechnetate given a 24-hour expiration time. Other products are likewise given extended expiration times over what is stated in the manufacturer's package insert.
292.00	Appropriate sterilization methods are used and documented. *Ensure P&Ps are in place that address determining the appropriate type of sterilization method, equipment to be used, documentation to be kept, and testing to be performed.*	N/A	Presently there are no sterilization methods being used prior to dispensing Tc99m labeled radiopharmaceuticals, F-18 FDG, and others from this pharmacy.
	Sterile Compounding -- Release Checks and Tests		
	Total Non-Compliant (Includes Unknowns)	**0**	
293.00	For suspensions, is the particle size measured (where applicable)?	Compliant	
294.00	Are products visually checked for particulates or other foreign matter against both a light and a dark colored background as a condition of release?	Compliant	Although there is no light/dark colored background in the PEC's or Hot Cell, but both Pharmacist Malzone and PIC Boni stated that as doses are prepared they undergo a visual check in the short time it takes to remove a syringe or vial from its final dose calibrator assay before placing either into the designated shielded container that will be used during transport/shipping.
295.00	Are there checks for container, closure integrity and any other apparent visual defects?	Compliant	
296.00	Is compounding accuracy documented by verification of steps?	Compliant	
297.00	Is verification of ingredient identity and quantity verified? *Is there a reconciliation of components?*	Compliant	
298.00	Are labels verified as being correct and is a copy of the label included in the record? *Complies to regulation, contains the correct names and amounts or concentrations of ingredients, total volumes, BUDs, storage conditions, and route of administration.*	Compliant	
299.00	**Sterility testing (USP <71>).** *If testing is performed to a higher standard than the minimums below, describe.*		There is no in-house sterility testing when it comes to prepared radiopharmaceuticals.

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
299.01	Sterility testing includes both bacterial and fungal testing.	N/A	
299.02	Sterility testing is performed for all CSPs that have extended BUDS.	N/A	
299.03	Sterility testing is performed for high-risk CSPs prepared in batches of more than 25 identical containers.	N/A	
299.04	Sterility testing is performed for CSPs exposed longer than 12 hours at 2°C-8°C or longer than six hours at warmer than 8°C before being sterilized.	N/A	
299.05	The appropriate quantities of units are sterility tested. Parenterals, number of units in the batch is: 1. Not more than 100, test 10% or four units, whichever is greater 2. More than 100 but more than 500, test 10 units 3. More than 500, test 2% or 20 units, whichever is less For large volume parenterals: 2% or 10 containers, whichever is less. For non-parenterals (eye drops, inhalation, etc.): 1. Not more than 200 containers, test 5% or 2 containers, whichever is greater 2. More than 200, test 10 containers 3. If the product is packaged in unit doses, use the parenteral testing above.	N/A	
299.06	For products failing testing, product is quarantined, and an investigation is performed including microbial identification and action taken. *View testing records and note any products with failed results and actions taken.*	N/A

Verified Pharmacy Program® Inspection Form

Nuclear Pharmacy Inspection

Facility Name: Cardinal Health 414 LLC dba Cardinal Health 414 LLC
e-Profile ID: 1241989
Inspection Date: 12/13/2021

		Finding	Notes
299.07	If items are dispensed or distributed prior to sterility testing completion, there is a written procedure requiring daily observation of the incubated media. If there is any evidence of microbial growth, there is an immediate recall and both the patient and the physician/prescriber of the patient to whom a potentially contaminated CSP was administered are notified of the potential risk. *View testing records and note any products with failed results and actions taken.*	N/A	
300.00	The appropriate quantity of units is used for sterility testing?	N/A	
301.00	**Endotoxin testing (USP <85>).** *If testing is performed to a higher standard than the minimums below, describe.*		There is no in-house endotoxin testing when it comes to prepared radiopharmaceuticals.
301.01	Is endotoxin testing performed for all high-risk level CSPs for administration by injection prepared in groups of more than 25 single-dose packages (such as ampules, bags, syringes, vials).	N/A	There is no high-risk sterile compounding of radiopharmaceuticals.
301.02	High-risk CSPs prepared in multiple dose vials for administration to multiple patients.	N/A	There is no high-risk sterile compounding of radiopharmaceuticals.
301.03	High-risk CSPs exposed longer than 12 hours at 2°C-8°C (25°F-46°F) or longer than six (6) hours at warmer than 8°C (46°F) before they are sterilized.	N/A	There is no high-risk sterile compounding of radiopharmaceuticals.
301.04	For products failing testing, product is quarantined, and an investigation is performed and action taken. *View testing records and note any products with failed results and actions taken.*	N/A	
302.00	**Purity testing:** CSPs are tested for radiochemical purity.	Compliant	There is a 7-page policy and procedure 5.5 "Radiochemical Purity Testing of Prepared Radiopharmaceuticals" issued November 2021, Version 04.
303.00	View a sampling of testing records. Products that have been dispensed or distributed that failed testing (e.g. sterility, endotoxin, or radiochemical purity) have been appropriately recalled and investigated.	Compliant	

The information and comments obtained in the nonsterile and sterile compounding sections are based on USP Chapters <795> and <797>.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Anush Amin hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the President (title) for Janna Pharmacy LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

APOTHECO
PHARMACY GROUP

In 1992, I was promoted by Walgreens into their store management program and moved out of pharmacy practice to store operations. My responsibilities expanded to include the entire store as general manager. I was prescribed Vicodin from time to time to treat lower back pain and over time became physically and emotionally addicted to the opiate. In the midst of my addiction, I began to divert medication from the pharmacy at the store I managed. I was approached by Walgreens loss prevention and the AZ BOP regarding control substance audit results and admitted to my actions and behavior in January 1993.

The BOP gave me an opportunity to retain my license by entering into a stipulation agreement and the Pharmacists Assisting Pharmacist with Addiction (PAPA) rehabilitation program. The program included 30-day inpatient treatment followed by a 5 year outpatient program that included weekly group meetings and random weekly drug UAs. I completed the program commitment in 1998 and my license was removed from probation and placed in good standing.

During the period in the PAPA program, I practiced pharmacy for a couple of years as a staff pharmacist and PIC before moving into managed care operations with Albertsons in 1997. I continued to advance my career while there into pharmaceutical purchasing as Director of Procurement. In 2003, I joined Rite Aid Corp in Camp Hill, PA as SVP of Purchasing where my responsibilities also included clinical services and government affairs for the chain of over 4,500 locations nationwide. In 2009, I joined Prasco Laboratories, a privately owned generic company, as President and COO. Our business model was to partner with brand pharma after exclusivity and created their authorized generic product lines. While at Prasco, the company expanded their partnerships from 7 brand companies to 38 and grew the product line to over 200 authorized generics. In 2014, I returned to pharmacy services as COO with Genoa Healthcare, a specialized pharmacy provider in the behavioral health space. We were successful in bringing a comprehensive level of care to patients with severe and persistent mental illness and addictions that improved their lives and reduced their overall burden on healthcare costs. Our patients had over a 90% adherence rate to their medication and a 40% reduction in total cost of care as measured in a peer reviewed retrospective study published in JAMA. We grew the business to over 500 pharmacies in 47 states, including CA, over 4 years before being acquired by UnitedHealth Group. I retired in 2019 and shortly after joined the Board of Directors at Apotheco Pharmacy Group. I moved within the board to Executive Chair in 2020, interim CEO and then CEO in 2021.

The overall experience was humbling for me but in hindsight the most important event in my life. The humility of falling so hard and literally starting my career over was not enjoyable but with the love and support of my wife and family, the last 29 years could not have played out been better. I have been blessed with a second chance and have worked hard every day to take advantage of it. Thank you.

Sincerely,

GALE A. NORTON

RE: The Disciplinary Action Against the License of David Vucurevich

Dear Mr. Vucurevich:

I am the attorney for the State Board of Pharmacy. The Board met on February 18, 1994 and reviewed your case. In lieu of a formal hearing, the Board is willing to offer you the terms described in the attached Stipulation and Order. The Stipulation and Order parallel your Arizona probation. You will be under the Colorado stipulation until April 7, 1998, or until Arizona lifts your probation.

In lieu of a formal hearing, the Board is willing to offer you the terms described in the attached Stipulation and Order. Signing of the Stipulation and Order will take care of all your pending matters before the Board of Pharmacy.

Please review the Stipoulation and Order and respond to me by April 8, 1994. Please be advised that you have the right to have a formal hearing and can, of course, hire an attorney to represent you in this matter.

Sincerely,

FOR THE ATTORNEY GENERAL

EVELYN BACHRACH MAKOVSKY
Assistant Attorney General

BEFORE THE STATE BOARD OF PHARMACY

STATE OF COLORADO

Proceeding No. RG DE DAJZG

STIPULATION AND ORDER

IN THE MATTER OF DISCIPLINARY PROCEEDINGS REGARDING THE LICENSE TO PRACTICE AS A PHARMACIST IN THE STATE OF COLORADO OF DAVID VUCUREVICH, R.PH., LICENSE NO. 11967

IT IS HEREBY STIPULATED by and between the Colorado State Board of Pharmacy ("the Board") and David Vucurevich, R.Ph. (respondent") as follows:

1. The Board has jurisdiction over the person of the respondent and the subject matter of this Stipulation.

2. The respondent has been licensed as a pharmacist in the State of Colorado at all relevant times herein.

3. Respondent admits the following:

a. In October 1993, respondent informed the Board that his dental license in the State of Arizona had been placed on probation due to respondent's substance abuse.

b. Respondent holds Arizona dental license number

8461.

c. On or about April 9, 1993, the Arizona State Board of Pharmacy issued Findings of Fact, Conclusions of Law and Board Order ("Arizona Order") regarding the respondent.

d. The Arizona Order suspended respondent's dental license for 5 years, with the suspension stayed contingent upon terms of probation to continue until April 7, 1998, at a minimum.

4. The statutory authority of the Board is as follows:

> 12-22-125. Licenses or registrations may be denied, suspended, or revoked. (1) The board may deny, suspend, or revoke any license or registration issued by it, after a hearing held in accordance with the provisions of this section, upon proof that the licensee or registrant:
>
> . . .
>
> (c) Has violated any of the provisions of this part 1, the lawful rules and regulations of the board, or any state or federal law pertaining to drugs.
>
> (2) (a) The board may deny, suspend, or revoke any license to practice as a pharmacist or pharmacy

intern, after a hearing held in accordance with the provisions of this section, upon proof that the licensee:

. . .

(IV) Has had his license to practice pharmacy in another state revoked or suspended for disciplinary reasons or has committed acts in any other state which would subject him to disciplinary action in this state;

. . .

5. A true and correct copy of the Arizona Order is attached hereto as Attachment A and the terms of the Arizona Order are incorporated herein by reference as if fully set forth.

6. Respondent's license shall hereby be placed on probation, commencing from the effective date of this Stipulation and Order, until April 7, 1998, or until the Arizona Board of Pharmacy lifts respondent's probation in that state.

7. Respondent agrees to notify the Board of any violation of the Arizona Order.

8. Respondent agrees to comply with the terms of the

Arizona Order. Respondent further agrees that at the end of the probation period, respondent will submit proof to the Board that all terms and conditions of the Arizona Order were satisfied and the case has been terminated in the State of Arizona.

9. Respondent shall comply with all the provisions of the Colorado Drugs and Druggists Act and the rules and regulations of the Board.

10. In the event of relocation to another state, respondent shall notify the Board of the change of address within 30 days of such relocation and hereby gives consent to the Board that it may notify the Board of Nursing or the equivalent regulatory agency in any state to which respondent relocates, of the existence and terms of this Stipulation and Order.

11. Respondent is aware of and understands the right to receive a formal notice of hearing and charges and to have a formal disciplinary hearing pursuant to § 12-22-125, C.R.S. (1991) and hereby waives those rights and requests that this Stipulation and Order be accepted by the Board with the same force and effect as an Order entered as a result of a formal disciplinary proceeding.

12. Respondent understands that if, during the pendency of this Stipulation and Order, the Board has reasonable grounds

to believe that respondent has violated this Stipulation or is otherwise in violation of the Colorado Drugs and Druggists Act, the Board may refer the respondent to hearing or may suspend, on a summary and immediate basis, the license of respondent pending a prompt post-suspension formal disciplinary hearing. In the event an alleged violation of this Stipulation and Order is taken to hearing and the facts that constitute the violation are determined to be not proven, no disciplinary action shall be taken by the Board, and this Stipulation and Order shall remain operative and in full force and effect. The pendency of any disciplinary action pursuant to this Stipulation and Order shall not affect the obligation of respondent to comply with the terms of this Stipulation and Order.

13. Should respondent return to Colorado the Board will review respondent's status and compliance with the Arizona Order. The probationary period of respondent shall be subject to further continuance, amendment or revision as the Board determines in its discretion that is necessary to protect the public health, safety and welfare.

14. If, at the end of the State of Arizona probation period, the Board finds that respondent adhered to all the terms of this Stipulation and Order, then this proceeding shall be dismissed.

15. This Stipulation and Order is entered into by respondent voluntarily, after the opportunity to consult with counsel, and with full understanding of the legal consequences of this Stipulation and Order.

16. In the event this Stipulation and Order does not become an Order of the Board, it shall be void and respondent shall not be bound by any provisions hereof or admissions herein.

17. This Stipulation and Order shall become an Order of the Board when accepted by the Board and signed by an authorized Board member.

18. This Stipulation and Order shall be a public record in the custody of the Board at all times.

BEFORE THE ARIZONA STATE BOARD OF PHARMACY

In the Matter of:	FINDINGS OF FACT, CONCLUSIONS OF LAW AND BOARD ORDER
DAVID VUCUREVICH Certificate of Registration Number 8461	NO. 93 - 04 - H

DIRECTED TO: DAVID VUCUREVICH
[redacted] S. River Drive
Tempe, AZ 85281

Pursuant to the foregoing Consent to Entry of Order, the evidence and records compiled and contained in the file for DAVID VUCUREVICH and for good cause appearing, the Board on this 8th day of April, 1993 enters the following Finding of Fact, Conclusions of Law and Board Order in the Matter of 93-04-H.

FINDINGS OF FACT

I

1. DAVID VUCUREVICH is the holder of Certificate of Registration Number 8461 issued by the Arizona State Board of Pharmacy which permits the holder to practice pharmacy in the State of Arizona.

2. That on the 8th day of March, 1993 DAVID VUCUREVICH did enter into a Consent to Entry of Order with the Arizona State Board of Pharmacy admitting that factual allegations contained in the Notice of Hearing Number 93-04-H are true and accurate.

3. That DAVID VUCUREVICH admits to violations of A.R.S. § 36-2525, and 21 C.F.R. § 1306.21 to wit: the removal or cause to be removed of controlled substances without a legitimate medical need and without a valid prescription order and for personal use from

ATTACHMENT A

Walgreen Pharmacies.

4. That DAVID VUCUREVICH is aware of the fact that the conduct contained in the factual allegations constitutes grounds for disciplinary action as provided for in A.R.S. § 32-1927(A)(10) and A.R.S. § 32-1927(B)(2).

CONCLUSIONS OF LAW

II

1. The Board concludes that it has jurisdiction in this Matter pursuant to A.R.S. § 32-1927 (A)(10) and 32-1927(B)(2).

2. The Board concludes that DAVID VUCUREVICH did violate A.R.S. § 36-2525 and 21 C.F.R. § 1306.21 to wit: the removal or cause to be removed of controlled substances without a legitimate medical need and without a valid presciption order and for his own personal use.

3. The Board further concludes that DAVID VUCUREVICH is in violation of A.R.S. § 32-1927(A)(10) and 32-1927(B)(2).

ORDER

III

The certificate of Registration Number 8461 issued to DAVID VUCUREVICH is hereby suspended for a period of five (5) years from the date of this Order. The suspension is hereby stayed and Certificate of Registration 8461 is placed on probation for five years from the date of this Order and shall continue, at a minimum, until the 7th day of April, 1998 pursuant to the following conditions.

1. DAVID VUCUREVICH shall initiate a five (5) year contract with the Pharmacists Assisting Pharmacists of Arizona or any other board approved program and shall comply with each and every requirement of that contract.

2. DAVID VUCUREVICH shall submit to a minimum of four (4) random biological fluid screenings for the presence of drugs or alcohol in the system per month and at times to be determined by the Pharmacists Assisting Pharmacists of Arizona or other board approved program for the period of suspension and the first twenty-four (24) months of the probation period, thereafter as required by the program contract.

3. DAVID VUCUREVICH shall not serve as a preceptor pharmacist nor as a Pharmacist in Charge throughout the term of probation.

4. DAVID VUCUREVICH shall take and successfully complete the Arizona Jurisprudence Examination (AZPLEX) with a score of 90% or better within 120 days of the date of this Order.

5. In lieu of a civil penalty in this Matter, DAVID VUCUREVICH is required to perform 400 hours of community service in a Board approved program during the time of probation and shall further submit evidence of those hours to the Arizona State Board of Pharmacy on or before April 7, 1998.

6. DAVID VUCUREVICH shall furnish the Arizona State Board of Pharmacy with a list of all jurisdictions in which he maintains or has maintained licensure in the profession of pharmacy along with

the registration number of said licenses.

7. DAVID VUCUREVICH is required to advise the Arizona State Board of Pharmacy immediately of any change in pharmacy employment status throughout the term of probation.

8. DAVID VUCUREVICH is required to furnish any and all pharmacy employers with a copy of this Board Order throughout the term of probation.

9. DAVID VUCUREVICH shall pay all fees and complete all Continuing Education requirements to maintain certificate of registration number 8461 throughout the term of probation.

10. DAVID VUCUREVICH shall obey all federal and state laws and rules governing the practice of pharmacy.

11. DAVID VUCUREVICH shall bear the responsibility for the release of information forms and reports required by this Order.

12. DAVID VUCUREVICH shall bear all costs for testing, rehabilitation, aftercare programs and reports to be filed.

13. DAVID VUCUREVICH shall "hold harmless" the provider of any required reports to the Board of Pharmacy.

14. DAVID VUCUREVICH shall appear before the Arizona State Board of Pharmacy on or after the 7th day of April, 1998 to show cause why the probation imposed in this matter should be removed.

15. If DAVID VUCUREVICH violates this Order in any way or fails to fullfill the requirements of this Order, the Board, after

giving the Respondent Notice and the opportunity to be heard, may revoke, suspend or take other disciplinary action against the Respondent.

Re: Janna Pharmacy, Inc.
Notice of Ownership Change and Name Change
Nevada Pharmacy License PH03303

To Whom It May Concern:

Please accept this letter as proper and timely notice of a transaction involving Janna Pharmacy, Inc. d/b/a Choice Compounding Pharmacy ("Choice"), which owns and operates a non-resident pharmacy located at 4201 Torrance Blvd., STE 120, Torrance, CA 90503 (the "Pharmacy") pursuant to the abovementioned license. Choice is currently 51% owned by Anna Yamamoto, 49% owned by Jonathan Yamamoto (the "Sellers").

On February 11, 2022, the Sellers entered into a non-binding Letter of Intent with Apotheco, LLC, pursuant to which the Sellers anticipate selling all of the equity of Choice to Apotheco, LLC (the "Proposed Transaction"). Additionally, in preparation for the Proposed Transaction, Choice will undergo a corporate restructuring which will convert it from a corporation into a limited liability company. Accordingly, its name will change from Janna Pharmacy Inc. to Janna Pharmacy, LLC. The closing date of the Proposed Transaction is anticipated to be on or about June 30, 2022.

Although there will be changes in the officers, Choice will continue to own and operate the Pharmacy in the same location, and its personnel and most of its day-to-day operations will not change. Additionally, there will be no changes to the tax identification number, NPI, or Medicare provider number associated with Choice.

We understand that the Proposed Transaction constitutes a change of ownership for the purposes of Choice's abovementioned license. Attached please find a copy of this application, which reflects the anticipated name and ownership information, along with the requested additional documents and filing fee.

Please note that, as noted within the application, the Certificate of Good standing from Choice's state of domicile (California) will be provided once Choice is converted to a limited liability company as part of the Proposed Transaction. In addition, current copies of the Pharmacy's resident state (California) license and DEA registration are attached but are subject to pending applications for change of ownership. New or updated copies, along with the requested resident state license verification, will be provided once the new license is issued. Finally, we do not believe that the Personal History Record Application would be applicable in this case because Choice will be directly owned 100% by a limited liability company (Apotheco, LLC) post-closing. We have attached an organization chart illustrating the post-closing ownership structure for your reference.

We are happy to answer any questions you may have regarding the Proposed Transaction. If you require any additional information or would like to discuss this notification further, please feel free to contact me as Apotheco, LLC's legal counsel at rob.stone@alston.com or 404-881-7270. We appreciate your assistance with this matter.

Sincerely,

Rob Stone

APPLICATION FOR OUT-OF STATE OUTSOURCING FACILITY Page 2

FEI Number (From FDA application): N/A 503A Facility

Please provide the name of the facility as registered with the FDA and the registration number:
N/A 503A Facility

Please provide a list of all DBA's used by outsourcing facility. A separate sheet is acceptable.
Innovation Compounding

Please provide the name and Nevada license number of the supervising pharmacist:
Name: Rebecca Emch Nevada License Number: 0214002353

A Nevada business license is not required, however if the OUTSOURCING FACILITY has a Nevada business license please provide the number: N/A

This page must be submitted for all types of ownership.

Within the last five (5) years:

1) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)? Yes ☐ No ☒

2) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been denied a license, permit or certificate of registration? Yes ☐ No ☒

3) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been the subject of an administrative action, board citation, cite fine or proceeding relating to the pharmaceutical industry? Yes ☐ No ☒

4) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances? Yes ☐ No ☒

5) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)? Yes ☐ No ☒

If the answer to question 1 through 5 is "yes", a signed statement of explanation must be attached. Copies of any documents that identify the circumstance or contain an order, agreement, or other disposition may be required.

APPLICATION FOR OUT-OF STATE OUTSOURCING FACILITY - Page 3

I hereby certify that the answers given in this application and attached documentation are true and correct. I understand that any infraction of the laws of the State of Nevada regulating the operation of an authorized OUTSOURCING FACILITY may be grounds for the revocation of this permit.

I have read all questions, answers and statements and know the contents thereof. I hereby certify, under penalty of perjury, that the information furnished on this application are true, accurate and correct. I hereby authorize the Nevada State Board of Pharmacy, its agents, servants and employees, to conduct any investigation(s) of the business, professional, social and moral background, qualification and reputation, as it may deem necessary, proper or desirable. The facility must be registered with the FDA as an outsourcing facility (503B) to obtain an outsourcing facility from the Board of Pharmacy.

Federal and State law require a licensed pharmacist to supervise the compounding taking place in a registered outsourcing facility. This supervising pharmacist must be licensed by the Nevada Board of Pharmacy.

Does your outsourcing facility wholesale compounded medication for resale? Yes ☐ No ☒

The Law prohibits the resale of compounded medication. By signing this application you are attesting that your medications will be labeled with the statement "Not for Resale" and that the outsourcing facilities products will not be resold.

38.00	Does the pharmacy have a private area for patient counseling and providing patient services? *Describe.*	Yes	Can step away within lobby or use break room for counseling. Very limited in person pick up
39.00	Is temperature in the drug storage area maintained to provide controlled room temperature of 20° to 25°C (68° to 77 °F), or more restrictive if warranted by specific drug product storage requirements? *Describe. Record the temperature at the time of inspection.*	Yes	Thermometers with min/max recorded. Reset once go out of range. Maintain less than 77 F in compounding areas. Temperatures in storage and compounding area between 68-71 during site visit
39.01	Is temperature monitoring in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max? Temperature records are maintained. *If yes, describe the process*	Yes	thermometers with min/max recorded ; temperature documented manually
39.02	Are excursion action plans in place including evaluating excursion effects on drug product integrity?	Yes	
40.00	Are the refrigerator and freezer restricted to drug products only (no food)?	Yes	
41.00	Does the pharmacy have a process for how the refrigerator temperature is monitored for excursions 24/7? *If yes, describe the process. Indicate range. How are excursions detected? How long are records maintained?*	Yes	USP range; thermometers with min/max recorded; reset during daily check if out of range ; manual record of daily temperatures
41.01	Is the temperature in the refrigerator within the USP range (2°-8°C or 36°-46 °F) or as specified by FDA approved labeling for drug product storage? *Record the temperature of the refrigerator at the time of inspection.*	Yes	2, 4, 4, 5, 6, 7 C
42.00	Does the pharmacy have a process for how the freezer temperature is monitored for excursions 24/7? *If yes, describe the process. Indicate range. How are excursions detected? How long are records maintained?*	Yes	USP range; thermometers with min/max recorded; reset during daily check if out of range ; manual record of daily temperatures
42.01	Is the temperature in the freezer within the USP range (between −25° to −10°C or −13° to 14 °F) or as specified by FDA approved labeling for drug product storage? *Record the temperature of the freezer at the time of inspection.*	Yes	minus 15, minus 22, minus 14 C
43.00	Are there contingency plans in the event of power outage or refrigerator/freezer failure? *Describe process.*	Yes	Back up generator will power main units for drug storage; outage lasts for extended duration will determine if product safe to dispense. Sterile lab triple clean if more than 59 minutes without power

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
44.00	Are there contingency plans in the event of heating or air conditioning failure? *Describe processes.*	Yes	Will determine if products safe to dispense based upon time spent outside temperature range
45.00	Is there a plan of action if there are any temperature or humidity excursions to determine if the integrity of the products has been compromised?	Yes	
46.00	Does the pharmacy utilize any automated apparatuses for prescription processing/counting (such as robotics, Baker cells, etc)? *List numbers and types.*	No	
46.01	If yes, do they have and follow policies and procedures addressing cross-contamination and identification of drug products?	N/A	
Product Receipt and Inventory	**If any part of a question is no, enter "No" and explain the observation.**		
47.00	Does the pharmacy have a documented process for establishing sources (vendors) of prescription drugs? *Describe.*	Yes	VP Bell establishes contract with new wholesaler. Technicians must get RPH approval prior to ordering from non-primary wholesalers
47.01	Does the pharmacy purchase all prescription drugs directly from the manufacturer?	No	
47.02	Does the pharmacy purchase (obtain) prescription drugs from other pharmacies? *If yes, list pharmacy source information, and circumstances leading to the purchase.*	No	
47.03	Does the pharmacy purchase (obtain) prescription drugs from wholesale distributors (non-manufacturer sources)? *List non-manufacturer sources.*	Yes	Anda, McKesson Med Surge for commercial products; Multiple sources for API: Letco, Medisca, PCCA,
47.04	Does the pharmacy require wholesale distributor sources to purchase prescription drugs directly from the manufacturer? *If yes, how is this verified?*	No	
47.05	Does the pharmacy purchase drugs from wholesale distributors that purchased the drug from other wholesale distributors? *If yes, Describe the due diligence steps to determine the source's legitimacy and legitimacy of the drugs sold by the vendor. (For instance, does the pharmacy examine transaction histories and limit the number of movements of drugs between wholesale distributors, and look for pharmacies in the supply chain?)*	Unknown	
47.06	Does the pharmacy determine that all sources listed on transaction histories have requisite state licensing? *If yes, describe the process.*	No	Limited distributors for drug product requiring transaction histories
47.07	Does the pharmacy determine that all sources listed on transaction histories have reported to FDA's Wholesale Distributor database? *If yes, describe the process.*	No	Have access online to transaction history if want to review
47.08	Does the pharmacy have a process to handle suspect and illegitimate product investigations? *If yes, describe the process.*	Unknown

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
47.09	Has the pharmacy conducted any suspect or illegitimate product investigations? *If yes, describe the details, including the drug, circumstances, outcome, and identification of agencies to whom reported.*	No	
47.10	Does the pharmacy ensure transaction data (transaction history, transaction information, transaction statement, also known as 3T data) is received at the same time or before the product is received? *Examine recent purchases to determine if the pharmacy is receiving and maintaining 3T data for a minimum of 6 years.*	No	Have access online to transaction history if want to review
47.11	Does the pharmacy have a procedure to verify product (suspect or illegitimate) including quarantine of product and reporting?	Unknown	
48.00	Does the pharmacy utilize paper DEA-222 forms to procure Schedule II substances? *If yes, how are they secured? Who has the authority (Power of Attorney) to sign the DEA-222 forms?*	Yes	PIC is POA
49.00	Does the pharmacy utilize CSOS (electronic Schedule II ordering) to procure Schedule II substances? *If yes, who can place orders in CSOS?*	No	
50.00	Is the receipt of Schedule II orders documented appropriately? *DEA-222 has the quantity and date on each line of product received, the CSOS record (electronic or paper printout) indicates verification of receipt and staff performing verification.*	Unknown	
51.00	Are invoices for controlled substances (Schedules I-V) that are received filed separately and are the invoices signed/initialed and dated upon receipt and every item checked in?	Unknown	
52.00	Are all orders received when the pharmacy is open? *Verify the orders are brought directly to the pharmacy still sealed and not delivered before the pharmacy is open.*	Yes	
53.00	Does the pharmacy purchase any compounded products from other entities for dispensing to patients? *If so, describe which products and from where they are purchase (collect name and license of other entity).*	No	
54.00	Does the pharmacy have a system in place to track prescription drug products in order to detect diversion or theft? *Describe (for example, inventory or shrink report tools used, perpetual inventory in computer, etc).*	Yes	Perpetual inventory; limited controlled substance products
54.01	Are incidents of diversion or resignation/termination of personnel for cause reported? *Indicate agencies/law enforcement to whom reports are made.*	Yes	Have not had an event would report to BOP

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
55.00	Does the pharmacy keep a perpetual inventory log of all Schedule II controlled substances (including APIs, if applicable)?	Yes	
56.00	Is the Schedule II perpetual inventory log reconciled regularly? *Indicate how often the Schedule II controlled substances are counted. View the perpetuol log and verify that reconciliation is taking place.*	Yes	
57.00	Is the most recent complete controlled substances inventory available for review? *Indicate the date of the last inventory and frequency taken (minimum every two yeors).*	Yes	5/1/2020 annual inventory
57.01	Does the pharmacy maintain other required inventories (such as change in PIC, theft/loss, etc)?	Yes	
58.00	Does the pharmacy stock and sell OTC pseudoephedrine (and/or ephedrine) products? If yes, indicate if the sale is recorded electronically or manually in a logbook.	No	
58.01	Are these products mailed, sent, or delivered into other states? *View logs. If yes, list the other states.*	N/A	
59.00	Does the pharmacy stock and sell other OTC restricted products for which ID is required and a log kept of the sale? *If yes, indicate product types.*	No	Sell CBD products from a singular manufacturer with 0% THC and mail product to consumers
59.01	Are these products mailed, sent, or delivered into other states? *View logs. If yes, list the other states.*	N/A	
60.00	Are outdated, damaged, or recalled products segregated? *If yes, how often does the pharmacy check for out-of-date products? Does it include OTC products?*	Yes	Checked monthly all products
60.01	Are all drugs within active-stock within expiration date? *Examine shelves, refrigerator and freezer.*	Yes	
60.02	How often is active-stock examined for drugs past the expiration date?		Monthly check
61.00	Does the pharmacy **prepackage** bulk containers of prescription medications into smaller containers for ease of use? *What BUD is used on the prepackaged container?*	No	
62.00	Does the pharmacy **prepack** multiple drugs into a single container for compliance packaging? *What BUD is used on the prepacked containers?*	No	
63.00	Does the pharmacy return to stock prescription drugs that were filled but never picked up?	Yes	Mail vast majority of products
63.01	If yes, are they maintained in the appropriate container, with PHI removed and BUD adjusted?	Yes

Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
	Prescription Processing If any part of a question is no, enter "No" and explain the observation.		
64.00	**Patient Profile:** Is patient profile data organized and readily accessible to facilitate consultation with the prescriber, patient, or caregiver? *Indicate who enters patient profile data into the computer system and how often it is updated?*	Yes	Intake technicians obtain information with each call to patient
64.01	If the pharmacy dispenses veterinary prescriptions, does the information gathered and recorded include the species, and name of the animal/owner as required by resident state law? *Describe how it is indicated in the computer system that the patient is an animal? And how is it indicated in the system the prescription is a veterinary prescription?*	Yes	Document species and owner's information
65.00	**Prescription:** Are adequate processes in place to assure the integrity, legitimacy, and authenticity of prescription orders? *Staff is familiar with detecting fraud in hard copy, faxed, verbal, and electronic prescriptions.*	Yes	
65.01	Is there a procedure to follow when a prescription is suspected of (or actually is) fraudulent? *Describe the steps and reporting process.*	Yes	Verify with the prescriber
65.02	Are adequate processes in place for assuring that prescription medications are not prescribed or dispensed based on online medical consultations without there being a pre-existing prescriber-patient/client relationship? *Describe. Do the processes include comparing the physical addresses of the patient and prescriber?*	Yes	Prescribers often will consult with pharmacists
65.03	Does the pharmacy have electronic prescription capability? *Indicate whether it is for non-controlled substances, controlled substonces, or both.*	Yes	both
65.04	If the pharmacy accepts electronic prescriptions for controlled substances, are they in compliance with federal regulations?	Yes	
66.00	**Accuracy:** Is the accuracy of the information entered into the computer system verified (patient information and prescription information)? *Indicate how and by whom.*	Yes	By pharmacist as part of final product verification
67.00	**DUR:** Does staff conduct prospective DUR prior to the dispensing of a medication or product? *Describe at what point in the process does the DUR take place?*	Yes	If patient provides other medications RPH supervising intake technician will perform manual drug-drug interaction review. Product verification RPH will perform manual DUR otherwise

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
67.01	Does the DUR include: • drug-drug interaction (Prescription and OTC), • drug-allergy interaction, • therapeutic duplication, • under- or over-utilization (including clinical abuse/misuse), • disease state or condition contraindication, • Incorrect dosage or duration of therapy, and • gender or age related contraindications. *Indicate if there are other parameters routinely included in the DUR.*	Yes	
67.02	In addition to the pharmacy DUR software, does the pharmacy staff obtain other information to use in the DUR process? *Describe.*	N/A	Manual process obtaining health conditions and other medications if provided by patient
67.03	Does the pharmacy have adequate resources/references related to the type of pharmacy practice it operates?	Yes	
67.04	Does the pharmacy report required data to the state PMP (in this state and the other states in which the pharmacy is licensed)? *Describe.*	Yes	Johnson, QA responsible for reporting
67.05	Does the pharmacy access state PMP/PDMP data for specific patients? *Verify there is a policy regarding access and follow-up or reparting and that pharmacist can access the PMP data.*	Yes	
67.06	Are DUR overrides/bypasses documented? *Indicate how the override is documented and who has override capability.*	Yes	DUR process is manual - document identified interactions in prescription notes
67.07	Is the DUR process performed electronically by the computer system? ***Identify integrated drug database used.***	No	
67.08	If the DUR is manual, is there a system to document: • How manual DUR is performed • Specific issues that were identified • Pharmacist that considered the identified issues and gave the okay to proceed	Yes	
67.09	If the pharmacy dispenses veterinary prescriptions, does it have a veterinary drug database integrated into the computer system for electronic DUR? *List veterinary product electronic database used. If not, list compendia used for performing monual DUR.*	No	Plumbs
68.00	Are filled prescriptions verified for accuracy prior to dispensing? *Indicate process, by whom, and how documented.*	Yes	As part of final product verification

Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
69.00	Are filled prescriptions appropriately labeled? *Describe.*	Yes	Labeling as required by state and federal regulations
70.00	**Confidentiality:** Does the system have adequate safeguards to prevent a user from performing functions under a different user account or beyond what they are authorized to perform? *Password protected, access limited by job type, access revoked as appropriate such as upon termination. Record name/brand of pharmacy computer system used.*	Yes	PK Compounder for compounding; Life Well for dispensing system.
70.01	Does the pharmacy destroy PHI including labeled prescription vials?	Yes	
71.00	**Mail/Delivery:** If applicable, are packing materials designed to maintain the physical integrity, stability, and purity of prescription medications and compounded preparations in transport?	Yes	
72.00	**Off-Site Processes:** Are any portions of the prescription processing (in the questions below) performed at a different location? ***Note: Please ask each question below to verify.***	Yes	RPH licensed in GA located in FL that assists with consultations and takes prescriptions at RPH home. Site visit performed during COVID 19 pandemic
72.01	If yes, is the other location under common ownership? *If not commonly owned, explain if there is a central fill/shared services or other agreement in place. Record the name and license number for the other location.*	No	
72.02	If yes, is that location in a different state than this facility? *If so, explain.*	Yes	RPH licensed in GA located in FL that assists with consultations and takes prescriptions at RPH home. Site visit performed during COVID 19 pandemic
72.03	If yes, are there policies and procedures for identifying who is responsible for each step of prescription processing?	Yes	
73.00	**Off-Site Inventory:** Does the pharmacy maintain any emergency kits in nursing homes, long-term care facilities, or other entities (such as hospice, EMTs, ambulances)? *Note name(s) of facilities or entities.*	No	
73.01	Do the emergency kits contain any compounded products? *If so, indicate whether sterile and/or nonsterile and are these stored, non-patient specific?*	N/A	
74.00	**Off-Site Inventory:** Does the pharmacy maintain any automated prescription dispensing devices outside the pharmacy such as Pyxis in a nursing home, or a secure mailbox device that patients access after hours, etc? *Note types and locations.*	No	
74.01	If yes, are the automated devices appropriately licensed, registered, or approved by the board of pharmacy? *Provide details.*	N/A	
74.02	Do the automated dispensing devices contain any compounded products? *If so, indicate whether sterile and/or nonsterile and are these stored, non-patient specific?*	N/A

		Finding	Notes
Patient Counseling and Communication	If any part of a question is no, enter "No" and explain the observation.		
75.00	Does the pharmacist provide counseling for all new prescriptions picked up at the pharmacy (proactively, no "offer")?	No	
75.01	Is an "offer" to counsel made for all new prescriptions picked up at the pharmacy? *Indicate who makes the "offer".*	Yes	RPh or Technician through point of sale
76.00	Does the pharmacist provide counseling for all refilled prescriptions picked up at the pharmacy (proactively, no "offer")?	No	
76.01	Is an "offer" to counsel made for all refilled prescriptions picked up at the pharmacy? *Indicate who makes the "offer".*	Yes	RPh or Technician
77.00	Does the pharmacist provide counseling for refilled prescriptions picked up at the pharmacy when there is a change in therapy or other issue determined by the pharmacist (proactively, no "offer")?	No	
77.01	Is an "offer" to counsel made for all refilled prescriptions picked up at the pharmacy when there is a change in therapy or other issue determined by the pharmacist? *Indicate who makes the "offer".*	Yes	RPh or Technician
78.00	Is patient counseling provided for delivered prescriptions? *Printed information sent to patient, toll-free number for potients to call, pharmacist calls patients directly, etc? Describe how.*	N/A	do not deliver prescriptions
79.00	Is patient counseling provided for mailed prescriptions? *Printed information sent to patient, toll-free number for patients to call, pharmacist calls patients directly, etc? Describe how.*	Yes	Counseling offered prior to dispensing when patients are contacted by phone and info sheets provided with first dispensing
80.00	Are patient package inserts (PPIs) provided with every fill and refill of medications for which they are required (such as hormone products, inhalers, etc)? *Describe how.*	Yes	Print outs provided with dispensing of certain products (hormones)
81.00	Are MedGuides provided with every fill and refill of medications for which they are required (such as NSAIDS, antidepressants, etc)? *Describe how.*	N/A	Do not dispense drugs requiring MedGuides per Bell
82.00	Are REMS (Risk Evaluation Mitigation Strategy) implementation programs performed? Confirm that procedures are in place. *List programs (such as iPledge for isotretinoin, or Tikosyn).*	N/A	Do not dispense REMS programs per Bell
83.00	Is patient counseling, the offer to counsel, or the refusal of patient counseling documented? *Describe how.*	Yes	document refusal of patients that pick up in person
84.00	Do patients have 24-hour access to a pharmacist? *Note: may not be required by the resident state. Describe how (such as posted contact information and hours of operation).*	No	RPH available during business hours only
85.00	Are processes in place to handle a drug recall?	Yes

Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
86.00	Does the pharmacy accept prescription drugs back for destruction as part of a drug take-back program?	No	
86.01	Does the take-back program include controlled substances?	N/A	
86.01	Does the pharmacy have a modified DEA registration for controlled substance take-back? *If yes, list.*	N/A	
	Quality Assurance/Quality Improvement Program **If any part of a question is no, enter "No" and explain the observation.**		
87.00	Is there a documented continuous quality improvement (CQI) Program for the purpose of detecting, documenting, assessing, and preventing quality related events (QREs)? *If yes, list who oversees the program.*	Yes	QA manager Casey Greene, RPh
87.01	Policies and procedures for the program are maintained in the pharmacy in an immediately retrievable form. *Indicate if hard copy, electronic, or both.*	Yes	both
87.02	"Quality-Related Event" (QRE) is defined to mean any departure from the appropriate dispensing of a prescribed medication that is or is not corrected prior to the delivery and/or administration of the medication including (but not limited to): 1. a variation from the prescriber's prescription drug order such as incorrect drug, strength, form, or patient; or inadequate or incorrect packaging, labeling, or directions; 2. a failure to identify and manage over-utilization or under-utilization; therapeutic duplication; drug-disease contraindications; drug-drug interactions incorrect drug dosage or duration of drug treatment; drug-allergy interactions; or clinical abuse/misuse. 3. packaging or warnings that fail to meet recognized standards, the delivery of a medication to the wrong patient, or the failure to detect and appropriately manage a significant actual or potential problem with a patient's drug therapy.	Yes	Consider any deviation from standard operating procedures as quality event
87.03	There is documentation of initial/ongoing (at least yearly) review and training of all pharmacy employees on the CQI program and processes. *For example, may be formal training or reviewed at a yearly meeting.*	Yes	
88.00	**Documentation of QREs** starts as soon as possible, but no more than three days, after determining their occurrence. *Indicate if documentation/forms are hard copy or electronic.*	Yes	at time of event investigation initial report

		Finding	Notes
88.01	Documentation includes all the pertinent data about the prescription involved including personnel involved at each step.	Yes	
88.02	Documentation includes documenting the type of QRE details and how/who discovered the QRE.	Yes	
88.03	Documentation incudes possible contributing factors such as day and time the QRE occurred, number of pharmacists and technicians on duty, prescription volume that day, equipment failure, or other factors affecting work-flow at the time.	Yes	
88.04	Documentation includes steps taken to remediate including communications with the patient and the provider, and if the medication was ingested, disposition of the patient.	Yes	
89.00	**QRE data** collected is analyzed to assess causes and any contributing factors (root cause). *Indicate who performs the analysis and frequency (with each event, weekly, monthly, quarterly, etc).*	Yes	at time of event by reporting personnel and weekly and monthly by QA
89.01	The pharmacy uses the findings of the analysis to formulate an appropriate response and develop pharmacy systems and workflow processes designed to prevent QREs and increase good outcomes for patients.	Yes	
89.02	For pharmacies utilizing a drug formulary, a periodic review of such formulary is undertaken to ensure that appropriate medications are being offered/selected in the best interest of patients.	N/A	no formulary
90.00	**Quality meetings** are held at least annually by staff members of the pharmacy to consider the effects on quality of the pharmacy system due to staffing levels, workflow, and technological support.	Yes	
90.01	The meeting reviews data showing evidence of the quality of care for patients and develops plans for improvements to increase good outcomes for patients.	Yes	
90.02	Improvements or changes made are evaluated for performance to measure the effectiveness of the CQI program.	Yes

e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
91.00	**Reporting:** Incidents of QREs are reported to a nationally recognized error reporting program, an outside peer review committee, or a patient safety organization. *Indicate which organizations are reported including if the pharmacy reports QREs to the board of pharmacy.*	No	Have not had an event that they would report
91.01	Adverse events are reported to the appropriate entities such as the board of pharmacy, MedWatch, FDA, VAERS, etc?	N/A	BOP reviews during inspection
91.02	Incidents involving malfunctioning or defective medical equipment or devices (blood glucose meters, DME, injection devices, etc) are documented and reported to the manufacturer or distributor.	N/A	Have not had an event that they would report
92.00	**Quality Self-Audits** are performed by the pharmacy at least quarterly (and upon change in PIC) to determine whether the occurrence of QREs has decreased and whether there has been compliance with preventative procedures, and to develop a plan for improved adherence with the CQI program in the future.	Yes	
93.00	**Consumer Surveys** are conducted at least yearly of patients who receive pharmaceutical products and services at the pharmacy. A statistically valid sampling technique may be used in lieu of surveying every patient. Each pharmacy should use the results of its consumer survey to evaluate its own performance at a particular time and over a period of time.	No	
94.00	**Patient Complaints** are documented, tracked, and investigated as appropriate and the information is used as part of the CQI program.	Yes

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

	General Operations and Information	Finding	Notes
1.00	Does the pharmacy **dispense** nonsterile compounded preparations pursuant to a prescription?	Yes	
1.01	Are patient profiles complete and DUR performed for each prescription? *View selected files for profile to include allergies, disease states/conditions, other medications taken not dispensed by this pharmacy.*	Yes	
1.02	Do the compounded prescriptions produce a significant difference from a commercially available drug that is justified by a documented medical need of the individual patient as determined by the prescribing practitioner?	Yes	Prescriber indicates that compounded preparation is requested. Strength differences primarily or dosage form
1.03	Are nonsterile compounded prescriptions picked up at the pharmacy?	Yes	<5%
1.04	Are nonsterile compounded prescriptions delivered to patients in their homes or residential facilities?	No	
1.05	Are nonsterile compounded prescriptions mailed to patients in their homes or residential facilities?	Yes	
1.06	Are nonsterile compounded prescriptions delivered to the practitioner for administration to the patient in the office, clinic, or facility?	No	
1.07	Are nonsterile compounded prescriptions mailed to the practitioner for administration to the patient in the office, clinic, or facility?	Yes	
2.00	Does the pharmacy **distribute** nonsterile compounded preparations? *Not pursuant to a prescription, not labeled by the pharmacy with a patient name.*	No	
2.01	Does the pharmacy distribute nonsterile compounded preparations to practitioners for office use?	N/A	
2.02	Does the pharmacy distribute nonsterile compounded preparations to hospitals, clinics, or surgery centers?	N/A	
2.03	Does the pharmacy have a sales force that promotes compounded preparations? *List compounds promoted.*	Yes	employees, general compounding and preparation types
2.04	Does the pharmacy distribute non-patient specific compounded preparations for promotional purposes? *List compounds provided.*	No	
2.05	If yes, does the sales force hand-deliver these compounds? *List compounds provided.*	N/A	
2.06	If yes, are any of these controlled substances? *List compounds provided.*	N/A	
3.00	Does the pharmacy provide nonsterile compounded preparations to other pharmacies for dispensing?	No

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
3.01	If so, does the pharmacy have central fill/shared services contracts or agreements with these pharmacies for patient specific preparations? *Provide List.*	N/A	
4.00	Does the pharmacy compound oral preparations (tablets, capsules, liquids, lozenges, etc.)? *Provide List.*	Yes	capsules, troches, oral solutions, suspensions
5.00	Does the pharmacy compound topicals (gels, creams, ointments, inserts, suppositories, patches, sprays including nasal sprays, etc.)? *Provide List.*	Yes	lotions, creams, vaginal and rectal suppositories
6.00	Does the pharmacy compound vitamin or nutritional supplements? *Provide List.*	Yes	vitamins B vitamins, zincs elements
7.00	Does the pharmacy sell any compounds over-the-counter? *Provide list.*	No	
8.00	Does the pharmacy compound investigational drugs? *Provide List.*	No	
9.00	Does the pharmacy only make essential copies of a commercially available drug product on the Drug Shortage List or that is justified by a documented medical need of the individual patient as determined by the prescribing practitioner? *Indicate volume or percent compounded currently.*	Yes	1 product on FDA drug shortage list
9.01	If yes, products are verified as appearing on the Drug Shortage List in effect under 506E of the Federal Act at the time of compounding, distribution, and dispensing.	Yes	
9.02	If yes, the Drug Shortage List is monitored and when a drug product is no longer on the list, any remaining stock is quarantined and not available for distribution or dispensing. *Note: Per FDA guidance, 503B facilities may continue to distribute for 60 days following drug shortage list removal for existing orders.*	Yes	check FDA and ashp list to check for resolve date
10.00	Does the pharmacy perform compounding identified as **simple**? *Indicate percentage of simple compounding.* 1. Making a preparation that has a USP compounding monograph or that appears in a peer-reviewed journal article that contains specific quantities of all components, compounding procedure and equipment, and stability data for that formulation with appropriate beyond-use dates (BUD)s. 2. Reconstituting or manipulating commercial products that may require the addition of one or more ingredients as directed by the manufacturer. *Examples include Captopril Oral Solution, Indomethacin Topical precautions. Gel, and Potassium Bromide Oral Solution (Veterinary).*	Yes	<5%

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
11.00	Does the pharmacy perform compounding identified as **moderate?** *Indicate percentage of moderate compounding.* 1. Making a preparation that requires special calculations or procedures (such as calibration of dosage unit mold cavities) to determine quantities of components per preparation or per individualized dosage units. 2. Making a preparation for which stability data for that specific formula is not available. *Examples include Morphine Sulfate Suppositories, diphenhydramine hydrochloride troches, and mixing two or more manufactured cream products when the stability of the mixture is not known.*	Yes	5%
12.00	Does the pharmacy perform compounding identified as **complex?** *Indicate percentage of complex compounding.* Making a preparation that requires special training, environment, facilities, equipment, and procedures to ensure appropriate therapeutic outcomes. *Examples of possible complex preparation types include transdermal dosage forms, modified-release preparations, and some inserts and suppositories for systemic effects.*	Yes	>90%
13.00	Does the pharmacy perform compounding with **hazardous drugs**? *Indicate percentage of compounding with hazardous drugs.* NIOSH list of hazardous drugs including chemotherapy, hormones, etc.	Yes	70-75%
13.01	Is the pharmacy aware of the more stringent requirements of the proposed USP Chapter <800>?	Yes	In process of building a new facility
14.00	Are Safety Data Sheets (SDS) [formerly known as Material Safety Data Sheets (MSDS)] available to personnel for drugs and chemicals used in the pharmacy (including those for compounding, if applicable)? *Verify that personnel can access them and are familiar with the format.*	Yes	
15.00	Does the pharmacy compound using any **controlled substances**? *Indicate percentage of controlled substance nonsterile compounding.*	Yes	40-45%
16.00	**APIs:** Does the pharmacy make any nonsterile compounded preparations using bulk powder Active Pharmaceutical Ingredients (APIs)?	Yes	
16.01	Does the pharmacy purchase APIs directly from the manufacturer/repackager? *Indicate the source of APIs.*	Yes	Letco, Medisca, PCCA, Fagron, Humco, Spectrum, Attix
16.02	Does the pharmacy verify that the manufacturer/repackager of the API is an FDA-registered facility? *If so, list how this verified.*	Yes	Checks FDA registration

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
16.03	Does the pharmacy use active ingredients that are not from an FDA-registered facility? *If so, indicate sources.*	No	
16.04	Does the computer track on-hand quantities of APIs used for compounding? *If not, explain.*	Yes	
17.00	Does the pharmacy perform any testing in-house (not sent to an outside lab)? *If so, what tests are performed in house?*	Yes	QA processes such as pH. No in house lab tests
18.00	Does the pharmacy send samples to an outside lab to perform testing? *If so, provide the name of the lab performing testing for the pharmacy and what testing is performed.*	Yes	Pharmetric, ARL, CIAL
19.00	Does the pharmacy use scales/balances for nonsterile compounding?	Yes	
19.01	If so, what type of scale/balanced is used? *List manufacturer and model number*	[redacted]	3 Ohaus Explorer, 1 Ohaus
19.02	If the scale/balance is electronic, does the pharmacy use the automatic calibration? *Describe process and indicate frequency*	Yes	Daily weight check that is documented and annual certification from outside vendor
19.03	Describe the pharmacist checks for the measurement of each ingredient	[redacted]	Bar code scanning of ingredient with scales linked into compounding software
20.00	**Quality Assurance/Quality Improvement:** Does the pharmacy continuous quality improvement program include nonsterile compounding measures? **Note: If the facility indicates "yes", please ask each question below to verify.**	Yes	
20.01	Does the pharmacy continuous quality improvement program include QREs related to the preparation of compounded products?	Yes	
20.02	Does the pharmacy continuous quality improvement program include personnel testing and verification?	Yes	
20.03	Does the pharmacy continuous quality improvement program include equipment calibration, testing, etc?	Yes	
20.04	Does the pharmacy continuous quality improvement program include end product testing (such as: pH, weight, potency, particulates, consistency, etc.)?	Yes	
20.05	Does the pharmacy continuous quality improvement program include patient or prescriber reports or complaints regarding nonsterile compounded products?	Yes

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
20.06	Does the facility QA program identify action limits or thresholds and the appropriate follow-up mechanisms when action limits or thresholds are exceeded including a recall system?	Yes	
20.07	Does the recall system include communication with both the patient and the physician/prescriber regarding the affected nonsterile compounded preparation?	Yes	
20.08	Are QREs involving nonsterile compounded preparations or are recalled by the pharmacy reported to the Board of Pharmacy?	Yes	if necessary
	Component Selection and Use		
	Total Non-Compliant (Includes Unknowns)	**1**	
21.00	**Active Pharmaceutical Ingredients (APIs), bulk drug substances:** All bulk drug substances (APIs) used are: 1) Compliant with the standards of an applicable USP or NF monograph, if one exists; or 2) A component of an FDA-approved human drug product; or 3) On the list of bulk drug substances for use in compounding developed by the FDA and issued through regulation (note: must comply with (1) or (2) above until the FDA list is issued)	Compliant	
21.01	Certificates of analysis (COAs) obtained for all bulk APIs used for compounding. *Verify by selecting products from the shelf from different suppliers and ask to see the COAs for those products.* NOTE: The COA for an API should be reviewed upon receipt of the API to verify the quality of the API before using to compound.	Compliant	
21.02	USP- or NF-grade substances used, if available	Compliant	
21.03	If compendia quality components are not available, chemically pure, analytical reagent grade or American Chemical Society-certified components are used and are determined to be free from impurities.	Compliant	
21.04	APIs or other components have labeling indicating use for pharmaceutical compounding or manufacturing. Labels do not indicate "for research purposes only", "not for drug use", or are handwritten labels from other pharmacies. *Photograph and describe if found. Request copies of the invoices for products with questionable labels.*	Compliant	
21.05	If compounding for both humans and animals, APIs or other components that are labeled for veterinary use only are segregated or marked in such a way to prevent them from being used for human compounding	Compliant

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
21.06	All substances and components have a complete label including a batch control or lot number, and an expiration date.	Compliant	
21.07	For APIs without an expiration date assigned by the manufacturer or supplier, the pharmacy assigns a conservative expiration date. The expiration date assigned does not exceed three (3) years for ingredients used for non-sterile compounding and does not exceed one (1) year for ingredients used for sterile compounding. *Note: purity and quality testing may be performed to extend.*	Compliant	
21.08	All APIs and components received without an expiration date are labeled with the date they were received.	Compliant	
21.09	If the pharmacy repackages APIs into smaller containers for ease of use, the expiration date assigned is conservative (typically the lesser of one year or the actual expiration from the original container). Product may be tested to extend the expiration date but may not exceed the original package expiration date.	Non-Compliant	Active ingredients assigned 1 year or less per manufacturer expiration when transferred. Inactive ingredients may be assigned out to manufacturer expiration (more than a year)
21.10	Bulk component containers are labeled with appropriate OSHA hazard communication labels and hazardous substances are segregated (including hormones).	Compliant	
22.00	Where water is an ingredient, purified or distilled water is used.	Compliant	
23.00	Ingredients used for dietary or nutritional supplements meet USP, Food Chemicals Codex (FCC), or NF standards, or the pharmacy has alternate means to determine if the ingredients meet food-grade quality.	Compliant	
24.00	Pharmacy confirms that there are no preparations for human use made or ingredients used that appear on the FDA list of drug products withdrawn or removed from the market for safety reasons (facility has a copy of the list or other way to determine).	Compliant	
25.00	When manufactured products are used for compounding, all the other excipients in the product are considered relative to the use, effectiveness, and stability of the compounded preparation to be made.	Compliant	
26.00	For **animal compounding:** The compounding meets the same standards as compounding for human patients.	Compliant

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
26.01	The pharmacist is knowledgeable or has references regarding the individual species' limitations in physiology and metabolic capacity that can result in toxicity when certain drugs or excipients are used.	Compliant	
26.02	It is determined and documented if the animal is used for food (meat, milk, eggs, etc.) or that the animal is a pet.	N/A	companion and zoo animals only
26.03	The pharmacist familiar with, or has a reference regarding drug residues in the food chain and withdrawal times if compounding for food-producing animals.	N/A	companion and zoo animals only
26.04	The facility has a list of drugs and components not allowed when compounding for food-producing animals.	N/A	companion and zoo animals only
26.05	The pharmacist is familiar with, or has a reference regarding regulations for drug use in performance animals (e.g., race or show horses, racing dogs)	N/A	companion and zoo animals only

Beyond Use Dating (BUD)

	Total Non-Compliant (Includes Unknowns)	**0**	
27.00	BUDs are assigned from the day of preparation.	Compliant	
28.00	BUDs are assigned based on dispensing in tight, light-resistant containers/overpacks.	Compliant	
29.00	Extended BUDs are supported by testing data. *View documentation used, preparation must exactly match formulation upon which data was obtained.*	Compliant	
29.01	Extended BUDs are assigned and the facility has performed its own stability testing. *View records, preparation must exactly match the preparation tested by the facility including concentration of all active ingredients, excipients, etc.*	Compliant	
30.00	BUDs for nonaqueous formulations are not later than the remaining time until the earliest expiration date of any API and not later than six (6) months.	Compliant	
31.00	BUDs for water-containing oral formulations are not later than 14 days when stored at controlled cold temperatures (refrigerated).	Compliant	
32.00	BUDs for water-containing topical/dermal and mucosal liquid and semisolid formulations not later than 30 days.	Compliant

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
Environment			
	Total Non-Compliant (Includes Unknowns)	**2**	
33.00	The non-sterile compounding area is a controlled environment and separate from the general pharmacy.	Compliant	
34.00	There sufficient space available for the type and amount of compounding performed and the space is orderly to prevent mix-ups between ingredients, containers, labels, in-process materials, and finished preparations.	Compliant	
35.00	Only one preparation compounded at a time.	Compliant	
36.00	Procedures are implemented to prevent cross-contamination, especially when compounding with drugs such as hazardous drugs and known allergens like penicillin that require special precautions.	Compliant	
37.00	The compounding area is well lit.	Compliant	
38.00	The pharmacy performs **hazardous** non-sterile compounding in a ventilated cabinet such as a BSC, CAI, or CACI. *Note: CAI may not be used for hazardous drugs that may volatilize.(NIOSH requirement referenced in USP<795>. Note that proposed USP Chopter <800> will change hazardous drug compounding requirements.)*	Non-Compliant	Compounded within powder hood
38.01	Ventilated cabinets (BSC, CAI, CACI) used for hazardous compounding are certified or tested periodically.	N/A	
38.02	If the hoods or isolators are not located in a closed, controlled room environment, there is documentation from the manufacturer and site testing to verify proper functioning of equipment under dynamic conditions for the safety of personnel.	N/A	
39.00	Appropriate protective attire (gowns, gloves, masks, etc.) is available.	Compliant	
39.01	If hazardous drugs are used, appropriate protective attire is available (gowns, gloves, hair and shoe covers, eye and face protection, etc.).	Compliant	
40.00	There is a sink in the compounding area with hot and cold potable water, soap or detergent, and air-driers or single-use towels.	Compliant	
41.00	There is adequate space to wash equipment and utensils including access to water for rinsing. *(Purified water is **recommended** - not required)*	Compliant

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
42.00	The temperature of the compounding area is controlled by a thermostat and an air conditioning system is in place.	Compliant	
43.00	**Temperature** in the compounding area is maintained to provide controlled room temperature of 20° to 25°C (68° to 77 °F), or more restrictive if warranted by specific drug product storage requirements.	Non-Compliant	Consistent recorded temperatures below 68 F in compounding lab during September 2020 (usually 66F)
43.01	Temperature monitoring is in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. Temperature records are maintained.	Compliant	
43.02	Excursion action plan in place including evaluating excursion effects on drug product integrity.	Compliant	
43.03	Temperature monitoring is also performed in **drug storage areas** (if separate from the compounding areas) and maintained within 20° to 25°C (68° to 77 °F), or more restrictive if warranted by specific drug product storage requirements.	N/A	Same as compounding area for non-sterile
43.04	Temperature monitoring is in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. Temperature records are maintained.	N/A	
43.05	Excursion action plan in place including evaluating excursion effects on drug product integrity.	N/A	
44.00	**Humidity** in the compounding area is maintained to provide humidity in the ranges warranted by specific drug product storage requirements. If drug products require storage in a "dry place", humidity is not to exceed 40%. Generally **recommended** range is 35-60%.	Compliant	
44.01	Humidity monitoring in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. Humidity records are maintained.	Compliant	
44.02	Excursion action plan in place including evaluating excursion effects on drug product integrity.	Compliant	
44.03	Humidity monitoring is also performed in **drug storage areas** (if separate from the compounding areas) to provide humidity in the ranges warranted by specific drug product storage requirements. If drug products require storage in a "dry place", humidity is not to exceed 40%. Generally recommended range is 35-60%.	N/A	Same as compounding area for non-sterile
44.04	Humidity monitoring is in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. Humidity records are maintained.	N/A

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
44.05	Excursion action plan in place including evaluating excursion effects on drug product integrity.	N/A	
45.00	The bulk component storage area is adequately arranged and maintained in a clean and sanitary condition.	Compliant	
46.00	All components, equipment, and containers are stored off the floor, and handled and stored to prevent contamination.	Compliant	
47.00	All components and packaging containers and closures are properly rotated to use oldest first.	Compliant	
48.00	Hazardous drugs are appropriately identified and marked, received, handled and stored by appropriately trained personnel. (OSHA regulations and NIOSH Alerts)	Compliant	
49.00	Trash is disposed of in a safe, sanitary, and timely manner.	Compliant	
49.01	Hazardous waste is disposed of in a safe, sanitary, and timely manner.	Compliant	
	Training -*Verify records of all compounding personnel (up to 10).*		
	Total Non-Compliant (Includes Unknowns)	**0**	
50.00	Have all personnel of reproductive capability who handle or compound hazardous drugs or chemicals confirmed in writing that they understand the risks of handling hazardous drugs? Teratogenicity, carcinogenicity, reproductive issues.	Compliant	
51.00	There is documentation that all personnel that perform compounding are appropriately trained including policies and procedures, documentation, hazardous drug handling, and compounding technique and not allowed to compound or supervise compounding until training is successfully completed.	Compliant	
52.00	There is documentation that the training process for the preparation of compounds includes demonstration of the compounding procedure first, followed by the trainee performing the procedure under supervision successfully before being allowed to perform compounding.	Compliant	
53.00	There is documentation that training includes the operation of any equipment that may be used when preparing compounded products. *Documentation includes operation and troubleshooting.*	Compliant

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
54.00	There is documentation available showing employees performing non-sterile compounding are evaluated at least annually.	Compliant	
54.01	If performing hazardous nonsterile compounding, there is documentation available showing employees are evaluated at least annually.	Compliant	
55.00	If the pharmacy uses relief personnel from outside agencies to perform non-sterile compounding there is documentation that training is verified.	N/A	No relief personnel
Compounding Equipment			
	Total Non-Compliant (Includes Unknowns)	**0**	
56.00	Appropriate equipment and utensils are available, clean, and in good working order. *Automated, mechanical, or electronic equipment (including capsule machines, autoclaves, ovens, etc.) are periodically inspected and calibrated.*	Compliant	
57.00	Scales, balances, or other types of equipment used for measurement shall be routinely inspected, calibrated as necessary (per manufacturer instructions), and checked to ensure proper performance. *Describe procedure used.*	Compliant	Annual outside calibration; daily weight checks
58.00	Powder hoods used for nonsterile compounding are certified or tested periodically to ensure proper function.	Compliant	
58.01	Hood filters are checked regularly and replaced when necessary.	Compliant	
59.00	All equipment is cleaned promptly after each use. *Equipment and utensils washed using potable water with a soap or detergent, and rinsed. **Recommended** rinsed with purified water.*	Compliant	
60.00	The pharmacy uses separate equipment and utensils to compound allergenic, cytotoxic, or hazardous products, or has detailed procedures for meticulous cleaning of equipment and utensils immediately after use to prevent cross-contamination or exposure.	Compliant

Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
Documentation			
	Total Non-Compliant (includes Unknowns)	**0**	
61.00	The pharmacy creates a master formulation record the first time before compounding a new preparation	Compliant	
61.01	Every formulation is evaluated for incompatibilities and the potential for being ineffective or toxic.	Compliant	
61.02	The **master formulation record** includes:		
61.03	Official or assigned name, strength, and dosage form	Compliant	
61.04	All necessary calculations	Compliant	
61.05	Description of all ingredients and their quantities	Compliant	
61.06	Compatibility and stability information including references (when available)	Compliant	
61.07	Equipment used for the preparation	Compliant	
61.08	Mixing instructions (order of mixing, temperatures, duration of mixing, and other pertinent factors)	Compliant	
61.09	Container used and packaging requirements	Compliant	
61.10	Assigned BUD information	Compliant	
61.11	Labeling information including the name of and quantity or concentration of each active ingredient	Compliant	
61.12	Description of the finished preparation	Compliant	
61.13	Storage requirements	Compliant	
61.14	Quality control procedures and expected results (e.g. dose measurement of capsule in the dose calibrator).	Compliant	
62.00	The pharmacy creates a compounding record for each compound prepared	Compliant	
62.01	The **compounding record** includes:		
62.02	Official or assigned name, strength and dosage of the preparation	Compliant

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
62.03	Master Formulation Record reference	Compliant	
62.04	Sources, lot numbers, and expiration dates of all components	Compliant	
62.05	Total quantity or number of dosage units compounded	Compliant	
62.06	Person compounding the preparation	Compliant	
62.07	Person performing the quality control procedures	Compliant	
62.08	Person who approved the preparation	Compliant	
62.09	Date of compounding	Compliant	
62.10	Assigned internal identification number or prescription number	Compliant	
62.11	Description of the final preparation	Compliant	
62.12	Assigned BUD	Compliant	
62.13	Duplicate label	Compliant	
62.14	Results of quality control procedures (weight range of filled capsules, pH of aqueous liquids, etc.)?	Compliant	
62.15	Documentation of any quality control issues and any adverse reactions or preparation problems reported by the patient or caregiver including investigation and recall, if appropriate	Compliant	

Compounding Procedures

	Total Non-Compliant (Includes Unknowns)	**0**	
63.00	The Master Formulation Record and the Compounding Record has been reviewed by the compounder to ensure it is error free.	Compliant	
64.00	Compounding personnel ascertain that ingredients for compounded preparations are of the correct identity and appropriate quality including a unit-by-unit inspection of the components.	Compliant	
65.00	The containers and closures selected meet USP standards (from container supplier).	Compliant	
66.00	Container selection determined by physical and chemical properties of the preparation.	Compliant

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
67.00	Compounding personnel maintain good hand hygiene and wear clean and appropriate clothing for the compounding being performed.	Compliant	
68.00	Personnel don appropriate protective garb when performing compounding.	Compliant	
68.01	If hazardous compounding, personnel don appropriate protective garb when compounding.	Compliant	
69.00	Routine compounding procedures for batch preparation completed and verified according to written procedures. Including: *Calculations correct, weighing and measuring performed correctly, order of mixing correct, compounding techniques performed correctly*	Compliant	
70.00	Procedures for in-process checks followed. *These checks indicate that appropriate procedures and packaging are followed for each step, including addressing pharmacist verification of steps performed by non-pharmacists that includes visual inspection of product, and documentation of the compounding accuracy is performed to ensure proper measurement, reconstitution and component usage.* ***Recommended:*** *compounding accuracy checked by a person other than the compaunder.*	Compliant	
71.00	There are no deviations from the master formulation record, unless they are approved and deemed appropriate by a pharmacist and a new master formulation record is created.	Compliant	
72.00	There is a procedure for cleaning which is followed. *After each preparation, daily tasks, monthly tasks, etc.*	Compliant	
73.00	Personnel are appropriately garbed for protection when cleaning.	Compliant	
74.00	Compounding employees are using appropriate techniques. *Inspector to observe compounding procedures, documentation, appropriate garb, cleanliness of compounding area and equipment.* ***Compounding MUST be observed****, If compounding is not being performed ot the time of survey, mark as "Non-Compliant".*	Compliant	
74.01	If compounding is not being performed at the time of survey, ask that a compounding pharmacist or technician prepare a compound for you to observe the compounding process. *If the pharmacy staff refuses or is unable to perform compounding for you to observe, document on the "**Denial of Authorization**" form. List individuol who signs the Deniol of Authorizotion*

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
Finished Preparation Release Checks and Tests			
	Total Non-Compliant (Includes Unknowns)	0	
75.00	The finished preparation is observed to appear as expected in the master formulation record and documented.	Compliant	
76.00	As appropriate, the final completed preparation assessed for quality control and is documented, such as weight, mixing, clarity, odor, color, consistency, pH, and strength.	Compliant	
77.00	There are established written processes that describe test or examinations conducted on the compounded preparation (degree of weight variation in capsules, for example) to ensure uniformity and integrity.	Compliant	
78.00	Preparations with extended BUDs that are not supported by testing data are sampled and tested for physical, chemical, and microbiological characteristics.	Compliant	Potency over time and bracketing studies
78.01	If any failed tests or discrepancies are observed, there is an investigation and appropriate corrective actions taken before dispensing to patient	Compliant	
78.02	If products being tested are dispensed or distributed before the test results are obtained, there is a recall procedure if the test results indicate an issue.	Compliant	
79.00	There are appropriate quality control procedures to monitor the output and to verify the performance of compounding processes and equipment that may be responsible for causing variability in the final compounded preparations. *Review validation of equipment and personnel performance documentation.*	Compliant	
80.00	Labels on immediate patient-specific containers include identifiers for the persons preparing the compound and performing the final verification, BUD, an indication that this is a compounded preparation, special requirements for storage, and appropriate packaging and labeling of hazardous materials.	Compliant	
80.01	Labeling contains generic name and quantity or concentration of each active ingredient.	Compliant	
80.02	Labeling contains assigned BUD.	Compliant	
80.03	Labeling contains storage and handling information.	Compliant	
80.04	If hazardous, labeling contains storage and handling information.	Compliant

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
80.05	Labeling contains prescription or control number, whichever is applicable.	Compliant	
81.00	Batch preparations (in anticipation of prescriptions) are of an appropriate volume and batch products in stock are all within their BUD (not outdated).	Compliant	
82.00	Labels on batch preparations include the name and quantity of all contents, date and time of preparation (or internal code/lot number indicating this information), preparer and verification pharmacist identifiers, stability (BUD), and any auxiliary labels indicated including appropriate packaging and labeling of hazardous materials.	Compliant	
83.00	Preparations are stored and secured properly prior to dispensing based upon conditions upon which BUD was assigned.	Compliant	
84.00	Preparations are examined immediately after preparation **AND** again immediately prior to dispensing for any signs of instability.	Compliant	
	Patient Counseling and Communication		
	Total Non-Compliant (Includes Unknowns)	**0**	
85.00	Do patient/caregiver training programs or materials contain information and precautions regarding the handling and disposal of products such as fentanyl, hormones and chemotherapy medications?	Compliant	
86.00	Are the required printed drug information materials (drug information sheets, Patient Package Inserts, MedGuides, etc.) provided for the compounded products?	Compliant	
87.00	Are patients instructed on the signs of product instability or contamination (as appropriate) and to report any changes in the physical characteristics of the product to the pharmacy?	Compliant	
88.00	Product recalls include documentation that both the patient AND the physician/prescriber of the potentially contaminated compounded product are notified of the potential risk.	Compliant	

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
	Indicate the drug name, dosage or strength, and the size of the sample obtained for testing. *(NA if no sample)*		Testosterone Cypionate in Sesame Oil 200mg/ml 5 ml vials; Sample size of 66 vials
	Indicate the areas/rooms of the pharmacy entered to perform the inspection. *If the inspector did not fully garb and enter buffer room(s), indicate reason.*		Able to observe activities in ante room and buffer room without entry into clean room suite
	General Operations Information		
1.00	Does the pharmacy **dispense** sterile compounded preparations pursuant to a prescription?	Yes	
1.01	Are patient profiles complete and DUR performed for each prescription? *View selected files for profile to include allergies, disease states/conditions, other medications taken not dispensed by this pharmacy.*	Yes	
1.02	Are sterile compounded prescriptions picked up at the pharmacy?	Yes	
1.03	Are sterile compounded prescriptions delivered/mailed to patients in their homes or residential facilities?	Yes	
1.04	Are sterile compounded prescriptions delivered/mailed to the practitioner for administration to the patient in the office, clinic, or facility?	Yes	
2.00	Does the pharmacy **distribute** sterile compounded preparations? *Not pursuant to a prescription, not labeled by the pharmacy with a patient name.*	No	
2.01	Does the pharmacy distribute sterile compounded preparations to practitioners for office use?	N/A	
2.02	Does the pharmacy distribute sterile compounded preparations to hospitals, clinics, or surgery centers?	N/A	
2.03	Is the pharmacy registered with the FDA as an Outsourcing Facility?	No	
2.04	Does the pharmacy have a sales force that distributes samples containing active ingredients? *List samples provided.*	No	
3.00	Does the pharmacy provide sterile compounded preparations to other pharmacies for dispensing?	Yes	Primarily for pellets
3.01	If so, does the pharmacy have central fill/shared services contracts or agreements with these pharmacies for patient specific preparations?	Yes	
4.00	Which of the following sterile compounds are prepared?

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
4.01	Allergen extracts	Yes	
4.02	Parenteral solutions	Yes	
4.03	Parenteral *suspensions*	No	
4.04	Preservative-free parenterals	No	
4.05	Ophthalmic preparations	Yes	
4.06	Oral or nasal *inhalation* preparations (not topical sprays)	No	
4.07	Baths and soaks for live organs and tissues	No	
4.08	Irrigations for wounds and body cavities	Yes	
4.09	Any other sterile preparations (implants, pellets, etc.). *Provide list.*	Yes	Testosterone and estradiol pellets
5.00	Does the pharmacy compound investigational drugs? *Provide list.*	No	
6.00	Does the pharmacy only make essential copies of a commercially available drug product on the Drug Shortage List or that is justified by a documented medical need of the individual patient as determined by the prescribing practitioner? *Indicate name and volume/percent compounded currently.*	Yes	Testosterone cypionate in sesame oil prescriber indicates preference for compounded preparation; Compounded fentanyl, midazolam, hydromorphone, ketamine during COVID 19 shortage per FDA guidance
6.01	If yes, products are verified as appearing on the Drug Shortage List in effect under 506E of the Federal Act at the time of compounding, distribution, and dispensing.	Yes	
6.02	If yes, the Drug Shortage List is monitored and when a drug product is no longer on the list, any remaining stock is quarantined and not available for distribution or dispensing. *Note: Per FDA guidance, 503B facilities may continue to distribute for 60 days following drug shortage list removal for existing orders.*	Yes	
7.00	Does the pharmacy perform **low-risk** compounding? *Indicate percentage of low-risk sterile compounding.*	No	0%
7.01	Are all low-risk compounds assigned BUDs within USP guidelines (48 hours at controlled room temperature, 14 days refrigerated, 45 days frozen)?	N/A	
7.02	If low risk, are the compounds located in segregated area are BUD 12 hours or less?	N/A	
7.03	If extended BUDs are used, list products with Extended BUDs and maximum BUD in notes.		NA
7.04	If extended BUDs are used, is further testing being performed to justify the use of extended BUDs? *List the types of testing performed (potency, sterility, stability, etc).*	N/A

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
8.00	Does the pharmacy perform **medium-risk** compounding? *Indicate percentage of medium-risk sterile compounding.*	Yes	10% allergen extracts
8.01	Are all medium-risk compounds assigned BUDs within USP guidelines (30 hours at controlled room temperature, 9 days refrigerated, 45 days frozen)?	No	
8.02	If extended BUDs are used, list products with Extended BUDs and maximum BUD in notes.		Allergen extracts assigned BUD up to 380 days per manufacturer recommendations
8.03	If extended BUDs are used, is further testing being performed to justify the use of extended BUDs? *List the types of testing performed (potency, sterility, stability, etc).*	No	
9.00	Does the pharmacy perform **high-risk** compounding? *Indicate percentage of high-risk sterile compounding.*	Yes	90%
9.01	Are all high-risk compounds assigned BUDs within USP guidelines (24 hours at controlled room temperature, 3 days refrigerated, 45 days frozen)?	No	
9.02	If extended BUDs are used, list products with Extended BUDs and maximum BUD in notes.		Testosterone cypionate and testosterone pellets 1 year BUD; vitamins and nutrients either 90 or 180 days; Certain concentrations of Tri-mix/Bi-mix 90 days to 180 days
9.03	If extended BUDs are used, is further testing being performed to justify the use of extended BUDs? *List the types of testing performed (potency, sterility, stability, etc).*	Yes	Potency, Sterility, Endotoxin testing, Potency points in time
10.00	Does the pharmacy provide sterile compounded preparations to be administered via an implantable infusion pump?	No	
11.00	Does the pharmacy perform compounding for **immediate use?** *Indicate percentage of immediate use sterile compounding.*	No	0%
12.00	Does the pharmacy perform compounding with **hazardous drugs**? *Indicate percentage of hazardous sterile compounding.* *NIOSH list of hazardous drugs including chemotherapy, hormones, etc.*	Yes	30-35%
12.01	Does pharmacy have a plan to comply with USP Chapter <800> by the implementation date? Describe plan.	Yes	In process of building out new facility
12.02	Are hazardous drugs segregated and stored in a room that is negative pressure (at least -0.01" wc) to adjacent areas and with at least 12 ACPH?	No	
12.03	Is hazardous drug waste quarantined in a designated area and disposed of in compliance with local, state, and federal regulations?	Yes

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
13.00	Are Safety Data Sheets (SDS) [formerly known as Material Safety Data Sheets (MSDS)] available to personnel for drugs and chemicals used in the pharmacy (including those for compounding, if applicable)? *Verify that personnel can access them and are familiar with the format.*	Yes	
14.00	Does the pharmacy perform compounding using **blood products** (or other biological materials)? Such as wound care, autologous eye drops, etc. *Describe.*	No	
15.00	Does the pharmacy compound using any Federally **controlled substances I-V**? *Indicate controlled substances used and percentage of controlled substance sterile compounding.*	Yes	Testosterone, buprenorphine, recently fentanyl and hydromorphone; exact percentage not shared.
16.00	**APIs:** Does the pharmacy make any sterile compounded preparations using bulk powder Active Pharmaceutical Ingredients (APIs)?	Yes	
16.01	Does the pharmacy purchase APIs directly from the manufacturer/repackager? *If not, indicate the source of APIs*	Yes	Letco, Medisca, PCCA, Fagron
16.02	Does the pharmacy verify that the manufacturer/repackager of the API is an FDA-registered facility? *If so, list how this verified*	Yes	check with FDA
16.03	Does the pharmacy use active ingredients that are not from an FDA facility? *If so, indicate sources.*	No	
16.04	Does the computer track on-hand quantities of APIs used for compounding?	Yes	
17.00	Does the pharmacy use scales/balances for sterile compounding?	Yes	
17.01	If so, what type of scale/balanced is used? *List manufacturer and model number.*		2 Ohaus scales and 1 with higher weight range
17.02	If the scale/balance is electronic, does the pharmacy use the automatic calibration? *Describe process and indicate frequency.*	Yes	weight checks and annual calibration
18.00	Does the pharmacy have a **lyophilizer**?	No	
18.01	Where is the lyophilizer located? *Indicate location and ISO class of room.*		NA
18.02	Note the products lyophilized, and the volume or percent of products per week produced using the lyophilizer.		NA
18.03	Is the lyophilizer part of the viable air and surface sampling, media fill testing procedures, and cleaning schedules and procedures?	N/A

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
19.00	Does the pharmacy perform any testing in-house (not sent to an outside lab)? *If so, what tests are performed in house?*	Yes	Media fill tests, gloved fingertip sampling, surface sampling
20.00	Does the pharmacy send samples to an outside lab to perform testing? *If so, provide the name of the lab performing testing for the pharmacy and what testing is performed*	Yes	Pharmetric (sterility, endotoxin); ARL and CIAL (potency, potency points in time)
21.00	**Quality Assurance/Quality Improvement:** Does the pharmacy continuous quality improvement program include sterile compounding measures? ***Note: If the facility indicates "yes", please ask each question below to verify.***	Yes	
21.01	Does the pharmacy continuous quality improvement program include QREs related to the preparation of compounded products?	Yes	
21.02	Does the pharmacy continuous quality improvement program include nonviable environmental monitoring and testing?	Yes	
21.03	Does the pharmacy continuous quality improvement program include viable environmental testing?	Yes	
21.04	Does the pharmacy continuous quality improvement program include personnel testing and verification?	Yes	
21.05	Does the pharmacy continuous quality improvement program include equipment calibration, testing, etc?	Yes	
21.06	Does the pharmacy continuous quality improvement program include sterilization method testing and validation?	Yes	
21.07	Does the pharmacy continuous quality improvement program include end product testing (such as: potency, particulates, sterility, endotoxin, etc.)?	Yes	
21.08	Does the pharmacy continuous quality improvement program include patient or prescriber reports or complaints regarding CSPs?	Yes	
21.09	Does the facility QA program identify action limits or thresholds and the appropriate follow-up mechanisms when action limits or thresholds are exceeded including a recall system?	Yes	
21.10	Does the recall system include communication with both the patient and the physician/prescriber regarding the potentially contaminated CSP administered and the potential risks?	Yes

Verified Pharmacy Program® Inspection Form

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
21.11	Are QREs involving CSPs that may have been contaminated or are recalled reported to the appropriate agency such as the Board of Pharmacy and/or FDA.	Yes	if applicable
21.12	Are all CFUs detected by any personnel, environmental, or product testing; or any other checks or tests including endotoxin, purity, potency, etc. remediated, appropriately investigated, cause determined, and processes implemented to prevent in the future, where applicable? *Review QA trends.*	Yes	

Component Selection and Use

	Total Non-Compliant (Includes Unknowns)	**0**	
22.00	**Active Pharmaceutical Ingredients (APIs), bulk drug substances:** All bulk drug substances (APIs) used are: 1) Compliant with the standards of an applicable USP or NF monograph, if one exists; or 2) A component of an FDA-approved human drug product; or 3) On the list of bulk drug substances for use in compounding developed by the FDA and issued through regulation (note: must comply with (1) or (2) above until the FDA list is issued)	Compliant	
22.01	Certificates of analysis (COAs) obtained for all bulk APIs used for compounding. *Verify by selecting products from the shelf from different suppliers and ask to see the COAs for those products*. NOTE: The COA for an API should be reviewed upon receipt of the API to verify the quality of the API before being used for compounding.	Compliant	
22.02	USP- or NF-grade substances used, if available.	Compliant	
22.03	If compendia quality components are not available, chemically pure, analytical reagent grade or American Chemical Society-certified components are used and are determined to be free from impurities.	Compliant	
22.04	APIs or other components have labeling indicating use for pharmaceutical compounding or manufacturing. Labels do not indicate "for research purposes only", "not for drug use", or are handwritten labels from other pharmacies. *Photograph and describe if found. Request copies of the invoices for products with questionable labels*	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>. An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
22.05	If compounding for both humans and animals, APIs or other components that are labeled for veterinary use only are segregated or marked in such a way to prevent them from being used for human compounding.	Compliant	
22.06	All substances and components have a complete label including a batch control or lot number, and an expiration date.	Compliant	
22.07	For APIs without an expiration date assigned by the manufacturer or supplier, the pharmacy assigns a conservative expiration date. The expiration date assigned is not greater than one (1) year, unless it is supported with data and/or testing. *Note: purity and quality testing may be performed to extend.*	Compliant	
22.08	All APIs are labeled with the date they were received.	Compliant	
22.09	If the pharmacy repackages APIs into smaller containers for ease of use, the expiration date assigned is conservative (typically the lesser of one year or the actual expiration from the original container). Product may be tested to extend the expiration date but may not exceed the original package expiration date.	Compliant	
22.10	Bulk component containers are labeled with appropriate OSHA hazard communication labels and hazardous substances are segregated (including hormones).	Compliant	
23.00	There are no preparations for human use made or ingredients used that appear on the FDA list of drug products withdrawn or removed from the market for safety reasons (facility has a copy of the list or other way to determine).	Compliant	
24.00	When manufactured products are used for compounding, all the other excipients (in addition to the active ingredient) in the manufactured product are considered relative to the use, effectiveness, and stability of the compounded preparation to be made.	Compliant	
25.00	For **animal compounding**, does the compounding meet the same standards as compounding for human patients?	Compliant	
25.01	The pharmacist is knowledgeable or has the most up-to-date references regarding the individual species' limitations in physiology and metabolic capacity that can result in toxicity when certain drugs or excipients are used.	Compliant	
25.02	It is determined and documented if the animal is used for food (meat, milk, eggs, etc.) or that the animal is a pet.	N/A	companion and zoo animals only

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
25.03	The pharmacist familiar with, or has the most up-to-date reference regarding drug residues in the food chain and withdrawal times if compounding for food-producing animals.	N/A	companion and zoo animals only
25.04	The facility has a list of drugs and components not allowed when compounding for food-producing animals.	N/A	companion and zoo animals only
25.05	The pharmacist is familiar with, or has the most up-to-date reference regarding regulations for drug use in performance animals (e.g., race or show horses, racing dogs)	N/A	companion and zoo animals only
26.00	If the pharmacy compounds **stock solutions** or components (that are then used to compound a finished product) using APIs, these stock solutions are categorized as high-risk compounding.	Compliant	Occasionally compounds into bulk bag and then used to fill final containers - dating based upon compounding of bulk solution and finished containers sent for testing
26.01	The stock solutions are assigned BUD based on the USP<797> high-risk compound BUD, OR are assigned on the basis of direct testing or extrapolation from reliable literature sources to support an extended BUD.	Compliant	
26.02	Compounded preparations using the stock solution are classified as high-risk compounds with appropriate handling with regard to BUD and testing requirements.	Compliant	
Environment			
	Total Non-Compliant (Includes Unknowns)	**1**	
27.00	If the facility performs both sterile and nonsterile compounding, the areas are separated and distinct.	Compliant	
28.00	If the facility performs compounding using blood products (or other biological materials), this compounding area is separate and distinct from the general compounding areas.	Compliant	Compound with allergen extracts on specific day of week distinct from other compounding
28.01	Are components used in compounding with blood products restricted to the blood compounding area (not used in other compounding areas)?	N/A	
29.00	Entry into the sterile compounding areas is limited to task critical employees (limited to only the pharmacist(s) and other trained and authorized pharmacy personnel).	Compliant	
30.00	The anteroom has a line of demarcation or other separation of the dirty to the clean side. Note: the line of demarcation may NOT be the doorway between the anteroom and the clean/buffer room.	Compliant	
30.01	Carts used to bring supplies from the storeroom are kept on the outside of the line of demarcation.	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
30.02	Carts used in the clean/buffer room are kept on the clean side of the line of demarcation.	Compliant	
31.00	All surfaces of the sterile product compounding area carts, shelves, stools, chairs, and other items are resistant to disinfectants, non-permeable, non-carpeted or upholstered, and low particulate generating.	Compliant	
32.00	Walls are constructed of durable material, which is cleanable, such as epoxy-coated or heavy-gauge polymer material. *If panels are used, they are locked together and sealed.*	Compliant	
33.00	The ceiling surface shall be impervious and hydrophobic. *If tiles are used, they shall be locked and the seams between the tiles and where they meet the walls shall be caulked and sealed.*	Compliant	
34.00	The floor overlaid with wide sheet flooring and seamless or with heat welded seams, with coving to the sidewall, and a sealed seam where the coving meets the wall.	Compliant	
35.00	The clean/buffer room or anteroom does not have dust collecting overhangs.	Compliant	
36.00	The exposed surfaces of:		
36.01	PEC are free of dirt, rust, chips and particulate matter.	Compliant	
36.02	Light fixtures are smooth, mounted flush, and sealed.	Compliant	
37.00	A working sink, located on the clean side of the line of demarcation, is available that enables pharmacy personnel to wash hands and enter the sterile compounding area without contaminating his/her hands and is away from/not adjacent to any PEC(s).	Compliant	
38.00	There is no sink or drain in the clean/buffer room.	Compliant	
39.00	Hand drying is with lint-free disposable towels, or an electronic or HEPA filtered hand dryer.	Compliant	
39.01	If using a hand dryer, particle count and smoke testing validation is performed while dryer is in use (while someone is actively using to dry their hands) at certification, and the immediate area around the dryer is part of the viable air and surface testing program performed. *(N/A if only using towels)*	N/A	low lint towels
40.00	All air ducts controlling air flow into the sterile compounding clean/buffer room and anteroom are equipped with High Efficiency Particulate Air filtered air that maintains the cleanroom with an ISO Class 7 environment and the anteroom with an ISO Class 7 (when adjacent to HD cleanroom) or ISO Class 8 environment.	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
41.00	Incoming air ducts through HEPA filters are on or near the ceiling and air return ducts are low on the walls in the anteroom and clean/buffer room.	Compliant	
42.00	If there are particle generating equipment/appliances in the clean/buffer room or anteroom (e.g. computers, printers, refrigerators, dishwashers, etc), they are located by an air return so air flows over and out of the room taking particles with it, and this air flow has been confirmed by smoke testing while in use.	Compliant	
43.00	Beverages including drinking water, chewing gum, candy, or food items are prohibited from the clean/buffer room or anteroom.	Compliant	
44.00	If compounding occurs using nonsterile ingredients, products, components, or devices (for example compounding with non-sterile APIs or using nonsterile vials and closures), the pharmacy has appropriate equipment to sterilize the finished product.	Compliant	
44.01	Pre-sterilization procedures for high risk level CSPs (such as weighing and mixing) are performed in no worse than an ISO Class 8 environment.	Compliant	
45.00	Completely enclosed anteroom and clean/buffer room (with a door) are equipped with monitors or gauges to measure differential pressure.	Compliant	
45.01	Anteroom is at least 0.02" wc positive pressure to general pharmacy areas.	Compliant	
45.02	Clean/buffer room is at least 0.02" wc positive pressure to Anteroom.	Compliant	
45.03	Hazardous compounding room and drug storage area is at least 0.01" wc negative pressure to ISO Class 7 anteroom.	Non-Compliant	Hazardous compounding occurs in positive pressure buffer room
45.04	Pressures are reviewed and documented on a log at least every work shift (minimum of once daily) or monitored by a continuous recording device. *View logs*	Compliant	
45.05	Written plan in place to detect and react to pressure differentials outside of limits.	Compliant	
46.00	If the clean/buffer room and anteroom are not fully enclosed (open or with plastic strips - no door that closes), the air flow is measured across the openings.	N/A	Separate rooms
46.01	The air flow is at least 40 feet per minute across the entire opening.	N/A	separate rooms

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
46.02	Airflow is read and recorded each shift (minimum of once daily) or continuously recorded. *View logs.*	N/A	separate rooms
46.03	Written plan in place to detect and react to air flow measurements outside of limits	N/A	separate rooms
46.04	This area is used only for low- and medium-risk compounding **(HD and high-risk not allowed)**.	N/A	separate rooms
47.00	**Temperature:** The temperature of all compounding and drug storage areas shall be maintained in accordance with standards, and a written plan shall be in place and followed to address any excursions.	Compliant	
47.01	Temperature in the **compounding area** is maintained to provide comfortable working conditions for compounding personnel of 20° C or cooler (68° F or cooler); Temperature can be more restrictive if warranted by specific drug product storage requirements. *Temperature records are maintained.*	Compliant	
47.02	If drugs are stored in the compounding area, temperature monitoring is in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. *Temperature records are maintoined.*	Compliant	
47.03	Temperature monitoring is also performed in **drug storage areas** (if separate from the compounding areas). Temperature is maintained at controlled room temperature of 20° - 25° C (68° - 77° F) or as specified by FDA approved labeling for drug product storage.	Compliant	
47.04	Temperature monitoring in the **drug storage area** is performed at least once daily and documented. *Temperature records are maintained.*	Compliant	
47.05	Temperature in the **refrigerator or cooler** is maintained to provide controlled cold temperature of 2° to 8°C (36° to 46°F) or as specified by FDA approved labeling for drug product storage.	Compliant	
47.06	Temperature monitoring in the **refrigerator** is performed at least once daily and documented. Additionally, compounding personnel shall note the storage temperature when placing the product into or removing the product from the storage unit in order to monitor any temperature aberration. Alternatively, continuous monitoring or retroactive detection using min/max may be used. *Temperature records are maintained.*	Compliant	
47.07	Temperature in the **freezer** is maintained to provide controlled frozen temperature of -25° to -10°C (-13° to 14°F) or as specified by FDA approved labeling for drug product storage.	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
47.08	Temperature monitoring in the **freezer** is performed at least once daily and documented. Additionally, compounding personnel shall note the storage temperature when placing the product into or removing the product from the storage unit in order to monitor any temperature aberration. *Temperature records are maintained.*	Compliant	
47.09	Action plan in place for any temperature excursions including evaluating excursion effects on drug product integrity for all temperature monitored areas.	Compliant	
48.00	**Humidity:** If warranted by specific drug products, humidity in the compounding area is maintained to provide humidity within the specified ranges. If drug products require storage in a "dry place", humidity is not to exceed 40%. (*Generally recommended range is 35-60% for performing sterile compounding .*)	Compliant	
48.01	If applicable, humidity monitoring in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. Humidity records are maintained.	Compliant	
48.02	If applicable, excursion action plan in place including evaluating excursion effects on drug product integrity.	Compliant	
48.03	If applicable, humidity monitoring is also performed in drug storage areas (if separate from the compounding areas).	Compliant	
49.00	Blowers on ISO 5 PECs are operated continuously during compounding activity, including during interruptions of less than eight hours.	Compliant	
50.00	When the ISO 5 PEC blower is turned off, and before other personnel enter to perform compounding activities, only one garbed person is allowed to enter the buffer area for the purposes of turning on the blower (for at least 30 minutes) and of sanitizing the work surfaces	Compliant	
51.00	The doors into the anteroom from the general pharmacy area and from the anteroom into the clean/buffer room are prevented from both being open at the same time. *By interlocking, training of personnel, or signage.*	Compliant	
52.00	The inside and outside doors of a pass-through are prevented from both being open at the same time. *By interlocking, training of personnel, or signage.*	N/A	no pass through
53.00	**If the PEC is a BSC or LAFW that is NOT located in an ISO Class 7 clean/buffer room:** BSC or LAFW has been certified to maintain ISO Class 5 during compounding activities.	N/A	Clean room suite

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
53.01	Used only for low-risk compounded preparations with a 12-hour or less BUD assigned. *If yes, list percentage.*	N/A	Clean room suite
53.02	All garbing requirements are adhered to.	N/A	clean room suite
53.03	Located in an area that is maintained under sanitary conditions and only traveled by persons engaging in the compounding of sterile preparations.	N/A	clean room suite
53.04	Location does not contain any unsealed windows or doors that connect to the outdoors or areas of high traffic flow, and is not adjacent to construction sites, warehouses, or food preparation areas?	N/A	clean room suite
53.05	The sink is separated from the immediate area of the ISO Class 5 BSC or LAFW (not adjacent).	N/A	clean room suite
54.00	**If the PEC is a CAI/CACI that is NOT located in an ISO Class 7 clean/buffer room:** CAI/CACI has been certified to maintain ISO Class 5 under dynamic conditions including transferring of ingredients, components and devices, and during preparation of CSP.	N/A	No CACI
54.01	The pharmacy has documentation from the manufacturer that the CAI or CACI will meet this standard when located in worse than ISO Class 7 environments.	N/A	No CACI
54.02	The CAI or CACI is located in an area that is maintained under sanitary conditions and only traveled by persons engaging in the compounding of sterile preparations.	N/A	no CACI
54.03	The sink is separated from the immediate area of the CAI or CACI (not adjacent).	N/A	no CACI
54.04	For NIOSH hazardous compounding in a CACI that is NOT located in a clean/buffer room, the CACI is located in a physically separated area that maintains a negative pressure of 0.01" water column pressure to adjacent areas and a minimum of 12 ACPH.	N/A	No CACI

Cleaning and Disinfection

		Total Non-Compliant (Includes Unknowns)	
		0	
55.00	Are all personnel performing cleaning appropriately garbed?	Compliant	
56.00	Is the sterile compounding area equipped with appropriate nonshedding cleaning equipment and supplies? *All cleaning tools, such as wipers, sponges, ond mops, must be nonshedding, dedicated to ond labeled for use in either the buffer or clean area (no wooden handles are allowed).*	Compliant	
57.00	If cleaning tools are reused, is there a procedure to rinse and sanitize the tools and an appropriate clean storage area?	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
58.00	Are reusable tools appropriately labeled to prevent them from being used inappropriately?	Compliant	
59.00	For cleaning and sanitizing agents that are not "ready-to -use" formulations, are there formulas and instructions for mixing or diluting the agents prior to use and is the preparation documented?	Compliant	
60.00	Are cleaning and sanitizing agents appropriately labeled including expiration dates? *Verify no expired agents present.*	Compliant	
61.00	Are appropriate cleaning agents used that are effective for bacteria, viruses, fungi, and spores?	Compliant	
62.00	Is the ISO 5 PEC cleaned at the beginning of each shift, between compounding activities, at least every 30 minutes while compounding and after spills or suspected surface contamination?	Compliant	
62.01	If heavily soiled, cleaning includes the appropriate agent. *List agent(s) used.*	Compliant	PREempt and Peridox
63.00	Does sanitizing of the ISO 5 PEC include sanitizing with sterile 70% IPA using a nonlinting wipe?	Compliant	
64.00	Does daily cleaning and sanitizing include counters and easily cleanable work surfaces?	Compliant	
65.00	Does daily cleaning include the floors starting from the clean/buffer room and working outwards? Floor cleaning is not to occur during compounding.	Compliant	
66.00	If fatigue mats are used, are they cleaned daily and let dry on both sides?	N/A	
67.00	Is a tacky mat used and if so, is there a procedure in place regarding replacement?	N/A	
68.00	Are the ceilings, walls, all shelving, bins, carts, chairs, and the tops and sides of the primary engineering controls (PECs) thoroughly cleaned monthly? (*This includes removing everything from shelves and bins before cleaning, cleaning the undersides of cart surfaces and stools, wheels, etc.) Check inside bins and shelving for dust if you are garbed.*	Compliant	
69.00	Is enough time allocated for cleaning activities, including contact/dwell times for the cleaning/disinfection agents?	Compliant

		Finding	Notes
75.00	There is documentation that all compounding personnel (including those supervising or performing verifications) have passed an initial written exam, and subsequent annual written exams for the appropriate compounding risk levels and NIOSH hazardous drugs when applicable. *Indicate frequency, if testing more than annually*	Compliant	annually
76.00	There is documentation that all compounding personnel have passed an initial and subsequent annual competency assessments of aseptic compounding skills using observational audit tools including handling NIOSH hazardous drugs when applicable. Compounding skills evaluation to include use of equipment. *Indicate frequency, if testing more than annually.*	Compliant	
77.00	There is documentation that new compounding personnel have passed an initial observed gowning procedure and three gloved fingertip sampling tests? *Personnel must pass the tests upon initial validation before being allowed to compound . Action required if the tests yield any garbing deficiencies, or if the sampling results are >0 colany-forming units (CFU)/plate an the three initial validations. Indicate frequency, if testing more than annually.*	Compliant	
78.00	There is documentation that compounding personnel preparing low or medium risk-level products have passed an annual observed gowning procedure and gloved fingertip sampling test. *Action required if the tests yield any garbing deficiencies, or if the fingertip sampling results are >3 CFU (total both hands, all 10 fingers). Documentation to include type of media used, COA on media, incubation time and temperature and interpretation of results. Indicate frequency, if testing more than annually.*	Compliant	
79.00	There is documentation that a media fill test procedure is performed for each compounding employee at least annually for individuals that prepare low or medium risk-level products. *The test conditions must closely simulate the most challenging or stressful conditians encountered during compounding of the highest risk level product and include any automatian used in compounding. Media-filled vials are incubated and failure is indicated by visible turbidity in the medium on or before 14 days. Indicate frequency, if testing more than annually.*	Compliant	High risk media fill
80.00	The media-fill testing procedures include:		
80.01	Media selection (including obtaining COAs or growth promotion certificates from suppliers)	Compliant	
80.02	Fill Volume	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
80.03	Incubation time and temperature (Media-filled vials are generally incubated at 20° to 25° or at 30° to 35° for a minimum of 14 days. If two temperatures are used for incubation of media-filled samples, then these filled containers should be incubated for at least 7 days at each temperature.)	Compliant	
80.04	Inspection of filled units	Compliant	
80.05	Documentation	Compliant	
80.06	Interpretation of results	Compliant	
80.07	Action levels set with the corrective actions required	Compliant	
81.00	**High-Risk Sterile Compounding:** There is documentation that compounding personnel have passed an observed gowning procedure and gloved fingertip sampling test every six (6) months. *Action required if the tests yield any garbing deficiencies, or if the sampling results are >3 CFU on both hands upon revalidation. Documentation to include type of media used, COA on media, incubation time and temperature and interpretation of results. Indicate frequency, if testing more than every 6 months.*	Compliant	
82.00	**High-Risk Sterile Compounding:** There is documentation that a media fill test procedure is performed for each compounding employee at least every six (6) months for individuals that prepare high risk-level products. *The test conditions must closely simulate the most challenging or stressful conditions encountered during compounding of the highest risk level product and include any automation used in compounding. Media-filled vials are generally incubated at 20° to 25° or at 30° to 35° for a minimum of 14 days. If two temperatures are used for incubation of media-filled samples, then these filled containers should be incubated for at least 7 days at each temperature.*	Compliant	Technicians perform different media fill from RPH. Techs' media fill to cover largest batch volume. RPH were performing one media fill per year as part of supervision responsibilities. Only recently have RPH performed any compounding - media fill prior to RPH compounding
83.00	**Failed testing:** Employees who have failed any testing are prohibited from compounding until training is performed/reviewed and subsequent testing is performed successfully.	Compliant	
83.01	Gloved fingertip tests that have failed have the organisms identified down to the genus to determine the most likely source of the contamination. This data is used to develop plans to prevent contamination.	Compliant	
83.02	There is a plan to evaluate the sterile compounds prepared by an employee with failed gloved fingertip tests or media fills to detect potential contamination of the sterile preparations compounded.	Compliant

Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
Garbing			
	Total Non-Compliant (includes Unknowns)	**1**	
84.00	Personnel are prohibited from compounding, or entering the clean/buffer room or anteroom if they have a rash, sunburn, weeping sores, conjunctivitis, or an active respiratory infection.	Compliant	
85.00	Personnel are required to remove all personal outer garments such as hats, scarves, sweaters, vests, coats, or jackets and any makeup or cosmetics before entering compounding areas. *Include observations in the comments.*	Compliant	
86.00	Personnel are required to remove all hand and wrist jewelry, and all visible jewelry or piercings such as earrings, lip or eyebrow piercings, etc. before entering clean/buffer room.	Compliant	
87.00	Personnel are prohibited from wearing artificial nails or extenders, and required to keep natural nails neat and trimmed.	Compliant	
88.00	Garbing with dedicated shoes or shoe covers that are donned as the line of demarcation is crossed (with the dedicated or covered shoe never touching the same side of the line of demarcation as the dirty shoe).	Compliant	
89.00	Garbing includes head and facial hair covers and masks. *Note that facial hair requires both a facial hair cover AND a mask. Eye shields are optional unless using cleaning agents or preparing hazardous drugs. There is a method available to assure that all hair is covered.*	Compliant	
90.00	Hand cleaning is performed in the anteroom and includes removing debris from under the nails with a nail cleaner followed by a vigorous washing of the hands and forearms with soap for at least 30 seconds with hands and arms then dried with a non-linting disposable towel or a hand dryer. *Scrub brushes are NOT recommended as they cause skin irritation and damage.*	Compliant	
91.00	The gown is nonshedding with sleeves that fit snugly around the wrists and enclosed at the neck.	Compliant	
92.00	All bare skin is covered on the arms and the legs (no bare ankles, wrists, etc.).	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
93.00	Prior to donning sterile gloves, a waterless alcohol based surgical hand scrub with persistent activity is used and hands allowed to dry. *Note: regular Purell Hand Sanitizer is NOT appropriate. Purell or other brand surgical hand scrub is appropriate - must have residual activity.*	Non-Compliant	Did not observe use of Avagard prior to donning sterile gloves when observing garbing technician
94.00	Upon leaving the sterile product compounding area, gowns are taken off and disposed of, or if used for nonhazardous compounding they are left in the anteroom and not reused for longer than one shift.	Compliant	
95.00	Pharmacists or other personnel do NOT enter the anteroom and cross the line of demarcation without donning shoe covers or dedicated shoes. *Watch for personnel traversing back and forth across the line of demarcation without doffing and donning new shoe covers or dedicated shoes.*	Compliant	
96.00	Pharmacists or other personnel do NOT enter the clean/buffer room without fully washing and garbing (wearing just a mask to check technician's work, for example)	Compliant	
Environmental Monitoring			
	Total Non-Compliant (Includes Unknowns)	1	
97.00	The most recent PEC and room certification report is available.	Compliant	
97.01	All ISO Class 7 and 8 SECs (clean/buffer rooms and anterooms) have been certified within the last 6 months. *If non-compliant, record the date of the last certification.*	Compliant	
97.02	All ISO Class 5 PECs (laminar airflow workbenches or areas, BSCs, CAIs, CACIs, and barrier isolators) have been certified within the last 6 months. *If non-compliant, record the dote of the last certification.*	Compliant	
97.03	Certification is performed at least every six months (view date of previous certification) and whenever a device or room is relocated or altered, or major service to the facility is performed. *If non-compliant, record the dote of the previous certification.*	Compliant	
97.04	Certification is performed to the Controlled Environment Testing Association (CETA) guide (USP: CETA CAG-003-2006 Certification Guide for Sterile Compounding Facilities) and is noted on the report.	Compliant

Sterile Compounding Inspection

– The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
97.05	If the certification standard used and noted on the report is NOT CETA CAG-003-2006, the facility has performed a comparison and determined the standard used is the same or better than the CETA CAG-003-2006 guide.	Compliant	
97.06	The PIC/compounding supervisor is familiar with what testing is required and interpretation of results, ensures all testing is performed appropriately (under dynamic conditions where appropriate), has action levels identified, evaluates results to detect issues or trends, and action levels are further customized based on trended data of performance.	Compliant	
98.00	The certification report includes information about the equipment used for performing each test including: identification of the equipment used by model, serial number, last calibration date (or date when next calibration is due).	Compliant	
98.01	The equipment used had not exceeded its calibration date at the time of certification.	Compliant	
99.00	The HEPA filtered air changes per hour (ACPH) were measured for the compounding rooms.	Compliant	
99.01	ISO Class 7 sterile compounding room is certified as having a minimum of 30 ACPH with at least 15 ACPH from outside air sources. *Recirculated air from the PECs may account for up to 15 ACPH in nonhazardous classified rooms only.*	Compliant	
99.02	ISO class 7 anteroom is certified as having a minimum of 30 ACPH. *Anteroom must be ISO class 7 if connected to a NIOSH hazardous compounding clean/buffer room.*	Compliant	
99.03	ISO class 7 hazardous sterile compounding room is certified as having a minimum of 30 ACPH. *Typically all of the air will be from outside.*	N/A	No separate hazardous compounding room
99.04	If a CACI is used in a non-HEPA filtered room, the room is certified to maintain a minimum of 12 ACPH.	N/A	
100.00	Air pattern analysis using smoke testing was performed under dynamic conditions (people working in the PECs and rooms). The smoke flow is described in the report for the various tests such as turbulent, sluggish, smooth, etc.	Compliant	
100.01	Air pattern analysis was conducted at the critical area (direct compounding area inside the ISO Class 5 PEC) to demonstrate **unidirectional** airflow and sweeping action over and away from the product under dynamic conditions (personnel compounding or simulating compounding in PEC).	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
100.02	Air pattern analysis was conducted to confirm positive pressure (and negative pressure into hazardous compounding rooms) at all points around all openings, doorways, and pass-throughs	Compliant	
100.03	Air pattern analysis conducted around particle generating equipment *while the equipment was in operation* to confirm air flow.	Compliant	
101.00	Differential air pressure between rooms was measured.	Compliant	
101.01	The differential pressure measured was at least 0.02" water column positive from the cleanroom to the anteroom and between the anteroom and all adjacent spaces with the doors closed.	Compliant	
101.02	The differential pressure measured was at least 0.01" water column negative from the hazardous clean/buffer room to the anteroom with the doors closed.	N/A	No separate hazardous compounding room
102.00	Displacement airflow between rooms or areas was measured. This is for a clean/buffer room without a door that closes to the anteroom - may be an open space or may have plastic strips in doorways.	N/A	separate rooms
102.01	Displacement airflow (for low and medium-risk non-hazardous rooms only) was measured at a minimum differential velocity of 40 feet per minute from the cleanroom to the anteroom. *Note that it is very important to maintain this velocity across the entire opening and the report should indicate multiple points of measure across all openings.*	N/A	separate rooms
103.00	Particle counts of particles 0.5um and larger were measured under dynamic conditions.	Compliant	
103.01	ISO Class 5 areas and PECs are certified as having less than 3,520 particles per cubic meter of air (100 particles per cubic foot).	Compliant	
103.02	ISO Class 7 areas are certified as having less than 352,000 particles per cubic meter of air (10,000 particles per cubic foot).	Compliant	
103.03	ISO Class 8 areas are certified as having less than 3,520,000 particles per cubic meter of air (100,000 particles per cubic foot).	N/A	
104.00	HEPA filter tests were performed.	Compliant	
104.01	All room HEPA filters were leak tested and if leaks found, they were fixed	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
104.02	All PEC HEPA filters were leak tested and if leaks found, they were fixed	Compliant	
105.00	PECs with failed tests are not used for compounding until the conditions are corrected and verified by subsequent testing.	Compliant	
106.00	Viable air (every six months) and surface sampling (periodically) tests have been conducted as required. *Document frequency.*	Compliant	viable air sampling and surface sampling by outsider certifier every 6 months; facility surface sampling weekly
106.01	Appropriate growth media used (containing tryptic soy agar medium with polysorbate and lecithin (TSApl) added to neutralize cleaning agents for surface sampling) with appropriate corresponding incubation time and temperature used. *Required to use media that supports both bacteriol and fungal growth for high risk compounding.*	Compliant	
106.02	Viable air sampling by active impaction using a volumetric air sampling device. *NOTE: Passive air sampling or settling plates are not compliant with USP Chapter <797>.*	Compliant	
106.03	Air samples were taken in each ISO Class 5 PEC, and in each sterile compounding room and anteroom and volume sufficient volume of air (400-1000L) was collected? *Note: 1000L must be collected in ISO Class 5 PECs to be able to detect the action level. Room samples can be 400-1000L.*	Compliant	
106.04	Surface samples performed on all direct compounding areas inside of each ISO 5 PEC, in each ISO classified room, inside any pass-throughs, and on surfaces likely to be contaminated due to position relative to doorways, etc.	Compliant	
106.05	Viable air and surface samples did not exceed USP action levels (or internal action levels if more restrictive). Classification Air Sample Surface Sample ISO Class 5 >1 CFU/m3 >3 CFU/plate ISO Class 7 >10 CFU/m3 >5 CFU/plate ISO Class 8 >100 CFU/m3 >100 CFU/plate *CFUs are TOTAL of bacterial plus fungal/mold plates. If air sampling volume is less than 1000 liters (one cubic meter), the raw total microbial count must be multiplied by the appropriate factor to determine the number of CFU/cubic meter.*	Compliant	
106.06	CFUs detected by any means (viable air or surface sampling, gloved fingertip testing, failed sterility tests, etc.) are identified to the genus level. *All CFUs detected must be identified even if the number of CFUs does not exceed an action level.*	Non-Compliant	Have contract with ARL to identify growth if exceeds action level. Perform weekly surface and gloved fingertip sampling - some growth below action level without organism identified.

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
106.07	If the number of CFUs detected **in the rooms** exceeds action levels, begin immediate remediation (e.g. recleaning and retesting); and conduct investigation into the source(s) of the contamination.	Compliant	
106.08	If the number of CFUs detected **in the PECs** exceeds action levels, begin immediate remediation, (e.g. recleaning and retesting); and conduct investigation into the source(s) of the contamination.	Compliant	
106.09	If any highly pathogenic microbes (e.g. mold, yeast, coagulase positive staphylococcus, or gram negative rods) were detected (whether or not the number of CFUs exceeds action levels), begin immediate remediation(e.g. recleaning and retesting); and conduct investigation into the source(s) of the contamination.	Compliant	
107.00	Facilities performing routine air or surface sampling with internal qualified personnel routinely verify sampling procedures. *Indicate the outside vendor used to verify procedures and frequency of verifications.*	Compliant	semi annual surface sampling by certifier
Equipment			
	Total Non-Compliant (Includes Unknowns)	**0**	
108.00	Appropriate equipment and utensils are available, clean, and in good working order. *Automated, mechanical, or electronic equipment (autoclaves, ovens, etc.) are periodically inspected, and calibrated yearly or in accordance with the equipment manufacturer guidelines.*	Compliant	
109.00	All environmental monitoring equipment and gauges (differential pressure gauges or probes, air flow and velocity measuring equipment for rooms not fully enclosed, etc.) are periodically inspected, and calibrated yearly or in accordance with the equipment manufacturer guidelines. Calibration is documented.	Compliant	
110.00	All temperature and humidity (where applicable) monitoring devices (thermometers, hygrometers, probes, etc.) are periodically inspected, and calibrated yearly or in accordance with the equipment manufacturer guidelines. Calibration is documented	Compliant	
111.00	Automated Compounding Devices (ACDs) are used for sterile compounding (such as repeater pumps) and there is a P&P for the use and calibration.	Compliant	3 repeater pumps

e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
111.01	There is documentation of the ACD tubing being changed or discarded every 24 hours	Compliant	
111.02	The ACD is used when performing media fill testing.	Compliant	

Compounding Procedures

	Total Non-Compliant (Includes Unknowns)	1	
112.00	Gloves are disinfected with adequate frequency with an approved disinfectant, such as sterile 70% isopropyl alcohol (IPA).	Compliant	
113.00	Nonessential objects that shed particles are prohibited in the buffer or clean area, including pencils, cardboard cartons, paper towels, reading material, and cotton items (e.g., gauze pads)?	Compliant	
114.00	Essential paper related products (syringe overwraps, work records contained in a protective plastic sleeve) are wiped down with sterile 70% IPA before being brought into the buffer or clean area.	Compliant	
115.00	Supplies required for the scheduled operations of the shift are prepared by wiping the outer surface with sterile 70% IPA (or removing the outer wrap as the item is introduced into the aseptic work area) and brought into the buffer or clean area in a bin or on a movable cart.	Compliant	
116.00	Compounding employees are using appropriate aseptic technique. *May require inspector to garb and enter clean/buffer room. Pay attention to first oir, entry and exit of materials in ISO Class 5 PEC, appropriate frequent sanitization af gloves, appropriate cleaning and cleanliness of the direct compaunding area (DCA).* ***Compounding MUST be observed****, if compounding is not being performed at the time of survey mark item as "Non-Compliont".*	Compliant	
116.01	If compounding is not being performed at the time of survey, ask that a compounding pharmacist or technician prepare a compound for you to observe the compounding process. *If the pharmacy stoff refuses or is unable to perform compaunding for you to observe, document on the "**Denial of Authorization**" form. List individual who signs the Deniol of Authorizotion*		
117.00	Compounding personnel ascertain that ingredients for CSPs are of the correct identity and appropriate quality by reading vendors' labels, and a unit-by-unit physical inspection of the product before use.	Compliant	
118.00	All rubber stoppers, of vials and bottles and the necks of ampules are disinfected with sterile 70% IPA waiting for at least 10 seconds before they are used to prepare CSPs.	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
123.00	Procedure for in-process checks is followed. *These checks indicate that appropriate procedures and packaging are followed for each step,. including addressing pharmacist verification of steps performed by non-pharmacists and visual inspection of product. Documentation of the compounding accuracy is* ***recommended*** *to be performed by someone other than the compounder to ensure proper measurement, reconstitution, and component usage.*	Compliant	
124.00	Labels on BATCH preparations include the name and quantity of all contents, date, and time of preparation (or internal code indicating this information), preparer and verification pharmacist identifiers, stability (BUD), and any auxiliary labels indicated including appropriate packaging and labeling of hazardous materials.	Compliant	
125.00	Labels on PATIENT-SPECIFIC containers, in addition to standard label requirements, also include names and quantity or concentration of active ingredients, BUD, total volume, route of administration, storage conditions and other information for safe use.	Compliant	
126.00	Inspect several different finished products and look for any particulates. Do any of the finished products inspected show any evidence of particulates? *If so, list the products including lot and expiration date and obtain photos (if possible).* **REQUEST THE PRODUCT BE QUARANTINED AND NOTIFY NABP IMMEDIATELY.**	Compliant	
127.00	Preparations without additional stability testing or supported by data are assigned BUDs within USP<797> guidelines. **Low Risk:** 48 hours room temp, 14 days refrigerated, 45 days frozen **Medium Risk:** 30 hours room temp, 9 days refrigerated, 45 days frozen **High Risk:** 24 hours room temp, 3 days refrigerated, 45 days frozen	Compliant	
128.00	If extended BUDs are assigned, are they assigned on the basis of stability data extrapolated from reliable literature sources? *View records, preparation must exactly match the preporation cited in the documentation including concentration of all active ingredients, excipients, etc.*	Compliant	Fentanyl based on USP monograph
129.00	If extended BUDs are assigned, has the facility performed its own stability testing? *View records, preparation must exactly match the preparotion tested by the facility including concentration of all active ingredients, excipients, etc. If so, view records for at least three products and list the products reviewed below. List the products reviewed.*	Unknown	Have performed point in time potency testing on formulations with extended dating not supported by literation (i.e. testosterone cypionate in sesame oil, folic acid, Tri-mix) - not clear if these studies were stability indicating studies.

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
130.00	Compounded multiple-dose vials with extended BUDs assigned have additional instruction provided that indicates remainder must be discarded 28 days after first puncture or use.	Compliant	
131.00	**Filter sterilization** in an ISO 5 environment and documentation includes:		Majority of preparations filter sterilized
131.01	If the compounded preparation contains large particles, a prefilter is placed upstream from the sterilizing filter.	Compliant	
131.02	The 0.2 micron sterile microporous membrane filter used to sterilize CSP solutions is chemically and physically compatible with the CSP; and the filter is intended for human-use applications for sterilizing CSPs (labeling on the filter does not indicate "research only" or "laboratory only", for example).	Compliant	
131.03	Is the appropriate capacity filter being used for the volume being filtered.	Compliant	
131.04	Filtering is completed rapidly without filter replacement.	Compliant	
131.05	Confirmation of filter integrity/bubble testing is performed and value documented for each filter used with each batch sterilized by filtration. View documentation on compounding records of items sterilized by filtration to confirm.	Compliant	
132.00	**Steam sterilization** documentation includes:		3 preparations sterilized with steam
132.01	The autoclave has been verified for the exposure time and mass of the items to be sterilized	Compliant	
132.02	Ensures live steam contacts all ingredients and surfaces to be sterilized, effectiveness verified with biological indicators and temperature sensing devices	Compliant	
132.03	Solutions are passed through a 1.2 micron or smaller filter into the final containers to remove particulates before sterilization	Compliant	
132.04	That the CSP will not be adversely affected by the steam and heat	Compliant	
132.05	The description of steam sterilization includes conditions and duration for specific CSPs	Compliant	
132.06	That the effectiveness of steam sterilization is verified each time using appropriate biological indicators of Bacillus stearothermophilus and other confirmation methods such as temperature-sensing devices.	Compliant	
133.00	**Dry heat sterilization** documentation includes:		Do not sterilize preparations via dry heat

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
133.01	Dry heat is only used for those items that cannot be sterilized by steam or would be damaged by moisture	N/A	
133.02	Sufficient space is left between materials to allow for air circulation	N/A	
133.03	The description of dry heat sterilization includes conditions and duration for specific CSPs	N/A	
133.04	That the effectiveness of dry heat sterilization is verified each time using appropriate biological indicators of Bacillus subtilis and other confirmation methods such as temperature-sensing devices.	N/A	
133.05	Heated filtered air is evenly distributed throughout the chamber with a blower and the oven is equipped with a system for controlling and recording temperature and exposure period.	N/A	
134.00	**Depyrogenation by dry heat** documentation includes:		
134.01	Dry heat depyrogenation is used to render glassware and containers (such as vials) free from pyrogens as well as viable microbes	Compliant	
134.02	The description of the cycle and duration for specific load items	Compliant	
134.03	The effectiveness of the cycle is verified using endotoxin challenge vials (ECVs)	Compliant	
134.04	Bacterial endotoxin testing is performed on the ECVs to verify the cycle is capable of achieving a 3-log reduction in endotoxins	Compliant	
135.00	Other methods of sterilization are used with documented procedures and validation performed. *Indicate method.*	Compliant	E-beam irradiation of implantable pellets

Finished Preparation Release Checks and Tests

	Total Non-Compliant (Includes Unknowns)	**0**	
136.00	Are products visually checked for particulates or other foreign matter against both a light and a dark colored background as a condition of release?	Compliant	
137.00	Are there checks for container, closure integrity and any other apparent visual defects?	Compliant	
138.00	Is compounding accuracy documented by verification of steps?	Compliant	
139.00	Is verification of ingredient identity and quantity verified? *Is there a reconciliation of components?*	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
140.00	Are labels verified as being correct and is a copy of the label included in the record? *Complies to regulation, contains the correct names and amounts or concentrations of ingredients, total volumes, BUDs, storage conditions, and route of administration.*	Compliant	
141.00	**Sterility testing (USP <71>).** *If testing is performed to a higher standard than the minimums below, describe.*		Bioluminescence sterility test by Pharmetric
141.01	Sterility testing includes both bacterial and fungal testing.	Compliant	
141.02	Sterility testing is performed for all CSPs that have extended BUDS.	Compliant	
141.03	Sterility testing is performed for high-risk CSPs prepared in batches of more than 25 identical containers	Compliant	
141.04	Sterility testing is performed for CSPs exposed longer than 12 hours at 2°C-8°C or longer than six hours at warmer than 8°C before being sterilized	Compliant	
141.05	The appropriate quantities of units are sterility tested. Parenterals, number of units in the batch is: 1. Not more than 100, test 10% or four units, whichever is greater 2. More than 100 but more than 500, test 10 units 3. More than 500, test 2% or 20 units, whichever is less For large volume parenterals: 2% or 10 containers, whichever is less. For non-parenterals (eye drops, inhalation, etc.): 1. Not more than 200 containers, test 5% or 2 containers, whichever is greater 2. More than 200, test 10 containers 3. If the product is packaged in unit doses, use the parenteral testing above.	Compliant	
141.06	For products failing testing, product is quarantined, and an investigation is performed including microbial identification and action taken. *View testing records and note any products with failed results and actions taken.*	Compliant	
141.07	If items are dispensed or distributed prior to sterility testing completion, there is a written procedure requiring daily observation of the incubated media. If there is any evidence of microbial growth, there is an immediate recall and both the patient and the physician/prescriber of the patient to whom a potentially contaminated CSP was administered are notified of the potential risk. *View testing records and note any products with failed results and actions taken.*	N/A	Quarantine until testing results received

Sterile Compounding Inspection

**The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.**

Facility Name: Innovation Compounding Inc dba Innovation Compounding Inc
e-Profile ID: 769340
Inspection Date: 10/14/2020 - 10/15/2020

		Finding	Notes
142.00	**Endotoxin testing (USP <85>).** *If testing is performed to a higher standard than the minimums below, describe.*		
142.01	Is endotoxin testing performed for all high-risk level CSPs for administration by injection prepared in groups of more than 25 single-dose packages (such as ampules, bags, syringes, vials)	Compliant	
142.02	High-risk CSPs prepared in multiple dose vials for administration to multiple patients	Compliant	
142.03	High-risk CSPs exposed longer than 12 hours at 2°C-8°C (25°F-46°F) or longer than six (6) hours at warmer than 8°C (46°F) before they are sterilized	Compliant	
142.04	For products failing testing, product is quarantined, and an investigation is performed and action taken. *View testing records and note any products with failed results and actions taken.*	Compliant	
	Patient Counseling and Communication		
	Total Non-Compliant (Includes Unknowns)	0	
143.00	Do patient/caregiver training programs or materials contain information and precautions regarding the handling and disposal of hazardous products such as chemotherapy medications?	Compliant	
144.00	Are the above required printed drug information materials (drug information, PPI, MedGuides, etc.) provided for the compounded products?	Compliant	
145.00	Are patients instructed on the signs of product instability or contamination (as appropriate) and to report any changes in the physical characteristics of the product to the pharmacy?	Compliant	
146.00	Product recalls include documentation that both the patient AND the physician/prescriber of the potentially contaminated CSP was administered are notified of the potential risk.	Compliant	

**The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.**

Acronym	Definition
ACD	Automated Compounding Device
ACOEM	American College of Occupational and Environmental Medicine
ACPH	Air Changes Per Hour
ADA	Americans with Disabilities Act
ADR	Adverse Drug Reaction
ALARA	As Low As Reasonably Achievable
API	Active Pharmaceutical Ingredient
ASHP	American Society of Health-System Pharmacists
ASTM	American Society for Testing and Materials
AU	Authorized User
BOP	Board of Pharmacy
BSC	Biological Safety Cabinet
BUD	Beyond Use Date
CACI	Compounding Aseptic Containment Isolator
CAI	Compounding Aseptic Isolator
CDC	Center for Disease Control and Prevention
CETA	Controlled Environment Testing Association
CFR	Code of Federal Regulations
CFU	Colony-forming unit
CLIA	Clinical Laboratory Improvement Amendment
COA	Certificate of Analysis
C-PEC	Containment Primary Engineering Control
CQI	Continuous Quality Improvement
CS	Controlled substance
C-SCA	Containment Segregated Compounding Area
C-SEC	Containment Secondary Engineering Control
CSOS	Controlled Substance Ordering System
CSP	Compounded Sterile Preparation
CSTD	Closed-System drug-Transfer Device
CVE	Containment Ventilated Enclosure
DBA	Doing business as
DCA	Direct Compounding Area
DEA	Drug Enforcement Administration
DME	Durable medical equipment
DOT	Department of Transportation
DUR	Drug Utilization Review

EMT	Emergency medical technician
EPA	Environmental Protection Agency
FCC	Food Chemicals Codex
FDA	Food and Drug Administration
GHS	Globally Harmonized System (of classification and labeling of chemicals)
HazMat	Hazardous Materials
HCS	Hazardous Communication Standard
HD	Hazardous Drug
HEPA	High Efficiency Particulate Air (filter)
HIPAA	Health Insurance Portability and Accountability Act
HMO	Health maintenance organization
IPA	Isopropyl Alcohol
IV	Intravenous
LAFW	Laminar Air Flow Workbench
LOD	Line of Demarcation
MSDS	Material Safety Data Sheet
MTM	Medication Therapy Management
NF	National Formulary
NIOSH	National Institute for Occupational Safety and Health
NRC	Nuclear Regulatory Commission
NSAID	Non-steroidal anti-inflammatory drug
NVLAP	National Voluntary Laboratory Accreditation Program
OIG	Office of the Inspector General
ONS	Oncology Nursing Society
OSHA	Occupational Safety and Health Administration
OTC	Over-the-Counter
P&P	Policies and Procedures
PBM	Pharmacy benefits manager
PDMP	Prescription drug monitoring program
PEC	Primary Engineering Control
PHI	Protected Health Information
PIC	Pharmacist-in-charge
PMP	Prescription Monitoring Program
PPE	Personal Protective Equipment
PPI	Patient Package Insert
QA	Quality Assurance
QI	Quality Improvement

QRE	Quality Related Event
RAM	Radioactive Material
RCRA	Resource Conservation and Recovery Act
REMS	Risk evaluation mitigation strategy
RSO	Radiation Safety Officer
Rx	Prescription
SDS	Safety Data Sheet (formerly MSDS – Material Safety Data Sheet)
SOP	Standard Operating Procedure
ULPA	Ultra Low Particulate Air (filter)
USP	United States Pharmacopeia
VAERS	Vaccine Adverse Event Reporting System
VFC	Vaccines for Children Program
WD	Wholesale distributor

Term	Definition
Dispense/dispensing	Pursuant to a patient specific prescription, labeled with patient name at the pharmacy
Distribute/distributing	Delivered/sent to a practitioner or health care facility for office use or further dispensing, no prescription, not labeled with a patient name at the pharmacy.
Type of Practice: Central Fill/Processing/ Shared Services	Where part of the prescription processing and dispensing process occurs at another location
Type of Practice: Closed Door	Such as a mail order facility, prescriptions cannot be picked up at the facility, all are sent
Type of Practice: HMO/PBM only	Limited to only the beneficiaries of the specific insurance program - no cash patients
Type of Practice: Institutional	Such as a hospital or jail
Type of Practice: Internet Pharmacy	Pharmacy advertises on the internet, patients fill/refill prescriptions and revise patient profile information on-line.
Type of Practice: Investigational Drugs, Clinical Trials or Research	Approved to handle investigational drugs
Type of Practice: Long Term Care	Nursing Home pharmacy
Type of Practice: Manufacturer	Registered with the FDA as a manufacturer
Type of Practice: Open to the Public	Patients are able to come into the pharmacy to pick up filled prescriptions and interact with a pharmacist
Type of Practice: Outsourcing Facility	Registered with the FDA as an Outsourcing Facility
Type of Practice: Provides Office Use	Distributes prescription and/or compounded preparations to providers for administration or resale. No prescription, not labeled with a patient name by the pharmacy.
Type of Practice: Specialty Pharmacy	Business is primarily with specialty drugs and works with specific disease states
Type of Practice: Telepharmacy	Pharmacy oversees a remote location staffed by a technician supervised via audio/visual system by a pharmacist at this facility.
Type of Practice: Traditional retail	Also known as Community Pharmacy.
Type of Practice: Veterinary Pharmacy	Pharmacy business is primarily or exclusively for animals.
Type of Practice: Wholesale Distributor	Pharmacy is licensed or registered as a wholesale distributor

Melatonin + Minoxidil + Retinoic Acid
☐ 30 mL ☐ 60 mL
Melatonin 0.1% + Minoxidil 5% + Retinoic Acid 0.01% Foam
SIG: *Apply 2-4 pumps (1-2 mL) to affected area(s) and massage daily.*
259038

Menthol + Saw Palmetto Shampoo
☐ 30 mL ☐ 60 mL
Menthol 0.5% + Saw Palmetto 5% Shampoo
SIG: *Apply 2-4 pumps (1-2 mL) to affected area(s) and massage daily.*
259078

ALOPECIA AREATA

Minoxidil + Azelaic Acid
☐ 30 mL ☐ 60 mL
Minoxidil 5% + Azelaic Acid 1.5% Foam
SIG: *Apply 2-4 pumps (1-2 mL) to affected area(s) and massage daily.*
259073

Minoxidil + Azelaic Acid + Retinoic Acid
☐ 30 mL ☐ 60 mL
Minoxidil 5% + Azelaic Acid 1.5% + Retinoic Acid 0.01% Foam
SIG: *Apply 2-4 pumps (1-2 mL) to affected area(s) and massage daily.*
259074

OTC OPTIONS

☐ **Libido Health**
Dimethylglycine HCL + Herb Blend + Maca Root Powder + Muira Puama 4:1 Root Extract + Tongkat Ali Root Powder + Cnidium Monnier Seed Powder
SIG: *Take 1 capsule by mouth 1-3 times daily or as directed.*
90 Capsules — 10287

DHEA Capsules
☐ DHEA (dehydroepiandrosterone), Micronized 25 mg Capsules — 90 Capsules — 10045
☐ DHEA (dehydroepiandrosterone), Micronized 50 mg Capsules — 100 Capsules — 10046
SIG: *Take 1 capsule by mouth daily or as directed.*

☐ **L-Arginine Capsules**
Vitamin B-6 (as pyridoxine hydrochloride) 10 mg + L-Arginine 500 mg
SIG: *Take 1 capsule, 2 to 6 times daily between meals or as directed.*
100 Capsules — 10284

☐ **Male Virility Support**
Horny Goat Weed, Fenugreek, Muira Puama, Kola Nut Seed Extract, Maca, Tribulus terrestris, Damiana, Korean Ginseng. Does Not Contain sugar, salt, dairy, yeast, wheat, gluten, corn, soy, preservatives, artificial colors or flavors.
SIG: *Take two capsules daily with meals.*
60 Tablets — 10253

☐ **Prostate Health Support**
Zinc (As Monomethionine) 5 mg + Saw Palmetto Berry Extract 80 mg + Pygeum Africanum Bark Extract 25 mg Pumpkin Seed Oil 40 mg + Nettle Root Extract 75 mg + Lycopene 1 mg
SIG: *Take 1 softgel capsule, 4 times daily with meals.*
60 Softgels — 10126

☐ **Saw Palmetto Vegetarian capsules**
Saw Palmetto, Standardized 320 mg. Does Not Contain gluten.
SIG: *Take 1 capsule daily with a meal.*
90 Capsules — 10335

Extract Volume (SCIT)

Vial Label	Vial Color	Vial Contents	Build-Up	Refill
1:1 v/v	Red	Allergen Mix	6.0mL	6.0mL (x2)
1:10 v/v	Gold	NSP Diluent	4.5mL	4.5mL
1:100 v/v	Blue	NSP Diluent	4.5mL	NA
1:1,000 v/v	Green	NSP Diluent	4.5mL	NA
1:10,000 v/v	Silver	NSP Diluent	4.5mL	NA

Vial 1 (Red, 1:1 v/v) contains allergenic extract at selected concentrations and Q.S. with Normal Saline/Phenol 0.4% (NSP) to a total volume of 6.0mL. Vials 2, 3, 4, & 5 contain diluent only.

Extract Volume (SLIT)

Vial Label	Vial Color	Vial Contents	Build-Up	Refill
1:1 v/v	Red	Allergen Mix	7.2mL	8.0mL (x2)
1:5 v/v	Yellow	Allergen Mix	3.2mL	NA
1:25 v/v	Blue	Allergen Mix	4.0mL	NA

Vial 1 (Red, 1:1 v/v) for SLIT contains pollen & environmental allergens combined together at half the concentrations selected and Q.S. with glycerosaline to a total volume of 8.0mL.

Extract Volume (OMIT)

Tube Contents	Build-Up	Refill
Allergen Mix	15.0mL	15.0mL
Allerdent Paste	82 grams	82 grams

Tube for OMIT contains pollen & environmental allergens combined together at half the concentrations selected and Q.S. with glycerosaline to a volume of 15.0mL. Allergen mix is compounded with Allerdent paste to final concentrations that are 15.5% of the selected strength (or 7.75% of selected strength when pollen & indoor allergens are combined for treatment).

☐ Triamcinolone + Hydroquinone + Retinoic Acid + Kojic Acid	☐ Triamcinolone 0.1% + Hydroquinone 4% + Retinoic Acid 0.05% + Kojic Acid 6% Cream	30 grams	185398
	☐ Triamcinolone 0.1% + Hydroquinone 8% + Retinoic Acid 0.1% + Kojic Acid 8% Cream		182901
	SIG: Apply up to 4 clicks (1 gram) topically to skin each night at bedtime. Wear sunscreen during the day.		
☐ Retinoic Acid	Retinoic Acid 0.1% Cream	30 grams	259162
	SIG: Apply up to 4 clicks (1 gram) topically to skin each night at bedtime. Wear sunscreen during the day.		
☐ Glutathione	Glutathione 5% Lotion	30 grams	259156
	SIG: Apply 2 clicks (0.5 grams) to affected area twice daily.		

FACIAL MASKS			FORMULA ID
☐ Sodium Hyaluronate + Vitamin E + Aloe Vera Facial Mask	Sodium Hyaluronate 0.1% + Vitamin E 1% + Aloe Vera 0.2% Facial Mask	30 grams	259099
	SIG: Apply 2 pumps (1 gram) to skin each night. Leave on for 20 minutes, then rinse.		
☐ DMAE Facial Mask	DMAE (Dimethylethanolamine) 3% Facial Mask	30 grams	259125
	SIG: Apply 2 pumps (1 gram) to skin each night. Leave on for 20 minutes, then rinse.		
☐ Face Wash	Glycolic Acid 0.5% Face Wash	30 grams	259126
	SIG: Use as a nightly facial cleanser. Apply to skin and rinse off.		

FACIAL PEELS* *WILL ONLY BE SHIPPED TO A PHYSICIAN'S OFFICE			FORMULA ID
☐ Superficial Peel - Jessner's Peel	Salicylic Acid 14% + Resorcinol 14% + Lactic Acid 14% Solution	30 mL	259095
	SIG: Apply 1-3 thin coats to skin. Allow to dry between each coat. No neutralization required. Wash off powder and apply moisturizer. Can be repeated monthly.		
☐ Superficial Peel - Glycolic Acid	Glycolic Acid 70% Solution	30 mL	182526
	SIG: Apply thin layer for 2-3 minutes, neutralize skin with sodium bicarbonate solution, then wash with water. Apply moisturizer/sunscreen after.		
☐ Superficial Peel - Trichloroacetic Acid (TCA)	Trichloroacetic Acid (TCA) 15% Solution	30 mL	262
	SIG: Apply a thin layer to skin using gauze. Wait 1 minute before applying next layer. Do not apply more than 3 layers. Wash with water once dry.		
☐ Superficial Peel - Salicylic Acid	Salicylic Acid 20% Solution	30 mL	183623
	SIG: Apply thin layer to face and second coat to papules and pustules. After 3-5 minutes, wash off. Repeat every 2-3 weeks.		
☐ Superficial Peel - Jessner's Peel + Hydroquinone	Jessner's Peel + Hydroquinone 2%	30 mL	257283
	SIG: Apply 1-3 coats to skin. Allow to dry between each coat. No neutralization required. Wash off powder and apply moisturizer. Can repeat monthly.		
☐ Medium Peels - Combo Pack	Jessner's Peel + TCA 35% Combo Pack	10 mL (each)	259173
	SIG: Apply a thin layer to skin using gauze. Wait 1 minute before applying next layer. Do not apply more than 3 layers. Wash with water once dry.		
☐ Medium Deep Peels - Combo Pack	Glycolic Acid 70% + TCA 35% Combo Pack	10 mL (each)	259174
	SIG: Glycolic acid 70% is applied to the face for 2 min and then washed off with water. A TCA 35% solution is applied in the usual manner. The patient will experience a burning sensation within a minute of TCA application. Once frosting is completed, the face is washed with water and an emollient applied.

NEUROPATHIES

PERIPHERAL NEUROPATHY

Topical Gel (Moderate)

Amantadine 5% + Clonidine 0.1% + Gabapentin 6% + Lidocaine 6% + Nifedipine 8% Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

SIG: *Apply 1 pump (1 gram) to affected area(s) 4-6 times per day.*

Topical Gel (Strong)

Bupivacaine 4% + Clonidine 0.2% + Ketamine 10% + Nifedipine 10% Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

SIG: *Apply 1 pump (1 gram) to affected area(s) up to 3 times per day.*

PHANTOM LIMB PAIN

Topical Gel (Moderate)

Amantadine 5% + Baclofen 2% + Gabapentin 6% + Lidocaine 6% + Nifedipine 8% Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

SIG: *Apply 1 pump (1 gram) to affected area(s) 4-6 times per day.*

Topical Gel (Strong)

Baclofen 5% + Bupivacaine 5% + Ketamine 10% + Nifedipine 10% Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

SIG: *Apply 1 pump (1 gram) to affected area(s) up to 3 times per day.*

POST HERPETIC NEURALGIA

Topical Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

Moderate
☐ Bupivacaine 1% + Clonidine 0.1% + Ketamine 5% Gel

Strong
☐ Bupivacaine 1% + Clonidine 0.2% + Flurbiprofen 5% + Ketamine 10% Gel

SIG: *Apply 1 pump (1 gram) to affected area(s) 4-6 times per day.*

Dosing Caveats: If "band" is apparent, recommended that the patient apply 2 clicks (0.5 gram) to each dermatome found within each band. For mild formulas, patient can apply more frequently if necessary. Alternatively, compounds containing Ketamine (strong NMDA receptor antagonist) should be limited to no more than 3 applications per day.

COMBINATION NOCICEPTIVE NEUROPATHY

TEMPOROMANDIBULAR DISORDERS (TMD) & TRIGGER POINT THERAPIES (TP)

Topical Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

Moderate
☐ Baclofen 3% + Ketamine 5% + Flurbiprofen 5% Gel

Strong
☐ Baclofen 5% + Clonidine 0.2% + Ketamine 10% + Ketorolac 10% Gel

SIG: *Apply 2 clicks (0.5 grams) to each painful side of jaw 3 times daily as needed for pain. Do not occlude.*

Dosing Caveats: If patient reports shooting pain after applying "Strong Gel," recommend to add Verapamil 5%.
If patient reports muscle tension, recommend adding Orphenadrine 5%.

HEADACHES

MIGRAINES & CLUSTER HEADACHES

Topical Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

Mild
☐ Flurbiprofen 2% + Caffeine 1% Gel

Moderate
☐ Caffeine 1% + DMSO 2% + Flurbiprofen 5% Gel

Strong
☐ Caffeine 1% + DMSO 5% + Flurbiprofen 10% Gel

SIG: *Apply 1 pump (1 gram) to back of neck up to 6 times daily.*

Dosing Caveats: If migraine therapy is ineffective: May substitute NSAID with Ketorolac for short term use. If any NSAID fails (including Ketorolac) substitute with Tramadol 10% Cream.
If migraine therapy is somewhat effective: partially occlude or apply a larger amount.

TENSION HEADACHES

Topical Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

Mild
☐ Menthol 10% + Methyl Salicylate 10% Gel

Moderate
☐ Cyclobenzaprine 2% + Magnesium Chloride 10% + Nifedipine 3% Gel

SIG: *Apply 1 pump (1 gram) every 4-6 hours as needed for pain.*

Dosing Caveats: If therapy is ineffective, recommend Tramadol 10% Cream.

Topical Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

Strong
☐ Baclofen 5% + Diltiazem 2% + Orphenadrine 10% Gel

SIG: *Apply 1 pump (1 gram) to back of neck (near tense muscle) or closest hairless spot to affected area. Apply up to 6 times daily.*

MUSCLE CONDITIONS

FIBROMYALGIA

Topical Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

Moderate
☐ Cyclobenzaprine 5% + Flurbiprofen 5% + Gabapentin 4% Gel

Strong
☐ Cyclobenzaprine 5% + Flurbiprofen 10% + Gabapentin 4% + Ketamine 2% Gel

SIG: Apply 1 pump (1 gram) to thin skin up to 3 times daily as needed for pain. May occlude after application.
Dosing caveats: For non-compliant patients, or patients who failed above therapy, recommend to substitute Flurbiprofen with Tramadol 10% Gel.

MUSCLE SPASM

Topical Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

Moderate
☐ Orphenadrine 5% + Verapamil 5% Gel

Strong
☐ Baclofen 10% + Orphenadrine 5% + Verapamil 5% Gel

SIG: Apply 1-2 pumps (1-2 grams) to muscle. Apply up to 4 times daily as needed for pain.

MUSCLE STRAIN

Topical Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

Mild
☐ Diclofenac 5% + DMSO 5% Gel

Moderate
☐ Baclofen 5% + Diltiazem 2% + Ketorolac 10% Gel

SIG: Apply 1-2 pumps (1-2 grams) to muscle. Apply up to 4-6 times daily as needed for pain.

MUSCLE SPASTICITY

Topical Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

Mild
☐ DMSO 2% + Magnesium Chloride 5% Gel

Moderate
☐ Baclofen 2% + Magnesium Chloride 10% + Orphenadrine 5% Gel

Strong
☐ Baclofen 5% + Clonidine 0.2% + DMSO 5% Gel

SIG: Apply 1-2 pumps (1-2 grams) to affected area(s). Apply up to 4 times daily.

COMBINATION NOCICEPTIVE NEUROPATHY

COMPLEX REGIONAL PAIN SYNDROME (CRPS)

Topical Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

Mild
☐ Bupivacaine 2% + DMSO 3% + Flurbiprofen 5% Gel

Moderate
☐ Amantadine 5% + DMSO 5% + Flurbiprofen 10% Gel

Strong
☐ Clonidine 0.2% + DMSO 5% + Flurbiprofen 10% + Ketamine 10% Gel

SIG: Apply 1-2 pumps (1-2 grams) to affected area(s) up to 4 times daily for pain.

Dosing Caveats: If the compound contains Ketamine, recommend to use no more than 1 gram. If patient reports breakthrough pain, add Doxepin 3% and Lidocaine 5%. Using Doxepin for >8 days may result in contact sensitization. For muscle spasms add Baclofen 3%. If medication is causing severe numbness and is bothersome, replace Amantadine, Ketamine, or Bupivacaine with Clonidine 0.2%.

Strong
☐ Diclofenac 10% + DMSO 5% Gel ☐ Flurbiprofen 10% + DMSO 5% Gel

SIG: Apply 1-2 pumps (1-2 grams) to the most painful location, up to 4 times daily. If pain is multiple locations, apply smaller amounts to each spot. Dosing Caveats: If therapy is partially effective – partially occlude or apply larger amount.

For Gout: Replace NSAIDS with Indomethacin as the evidence is strongest supporting the use of this drug.

CABG Topical Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

☐ Menthol 10% + Methyl Salicylate 10% Gel

SIG: Apply 1-2 pumps (1-2 grams) up to 6 times daily to most painful sites.

RHEUMATOID ARTHRITIS

Topical Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

Moderate
☐ Bupivacaine 2% + DMSO 5% + Flurbiprofen 5% Gel

Strong
☐ Bupivacaine 2% + DMSO 5% + Flurbiprofen 10% Gel

SIG: Apply thin layer (1 click or 0.25 grams) to affected joint up to 6 times daily as needed for pain. Dosing Caveats: For non-compliant patients, or patients who failed above therapy, recommend Naburietone 15% Gel.

Short-Term Flares

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

☐ Ketorolac 2% Gel

SIG: Apply 1 pump (1 gram) four times daily for 5 days max; then 2 days off (may repeat cycle).

TRIGGER POINT INJECTIONS

Pitcher Plant

☐ 10 mL ☐ 30 mL (3x10 mL)

☐ Sarraceniaceae (Pitcher Plant) Distillate Salts (100%) Injection Solution*

SIG: Inject _____ mL(s) to affected area(s) _____ time(s) per week, up to 10 injection sites.

*Only shipped to clinic or practice.

Arnica

Arnica Injection Solution*

☐ Qty: _____ # of 2 mL ampules (Filter needles included in price; 1 per ampule.)

☐ Qty: 1 box (10x2 mL ampules)

SIG: Inject 1 to 2 mL to affected area(s) as needed.

*Only shipped to clinic or practice.

CARPAL TUNNEL SYNDROME

Topical Gel

☐ 120 g ☐ 90 g ☐ 60 g ☐ 30 g

Moderate
☐ Bupivacaine 1% + Diclofenac 5% + Ketamine 3% Gel

Strong
☐ Clonidine 0.1% + Flurbiprofen 10% + Ketamine 2% + Prilocaine 6% Gel
☐ (Scars) Clonidine 0.1% + Flurbiprofen 5% + Diltiazem 2% + Ketamine 2% + Prilocaine 6% Gel

SIG: Apply 2 clicks (0.5 grams) to affected wrist(s). Apply up to 4 times daily.

Dosing caveats: If muscle tension is present, add Orphenadrine 5%. If tissue is still inflamed after use of strong formulation, substitute formulations containing Diclofenac with Ketorolac.

JOINT PAIN

Lidocaine HCl + Hyaluronic Acid Injection Gel

Prefilled syringe(s)

Lidocaine HCl 2 mg + Hyaluronic Acid 15 mg/mL Injection Gel*

☐ Qty. 1 syringe (2.5 mL of gel)

☐ Qty. 5 syringes (1 series, 12.5 mL) Each syringe contains 2.5 mL of gel.

SIG: Inject up to 2.5 mL per joint once weekly.

*Only shipped to clinic or practice.

4041

SUMMARY OF UNSATISFACTORY CONDITIONS

	DEFICIENCY	CHECK IF *
1)	Environment: Hazardous compounding occurs in positive pressure buffer room.	
2)	Garbing: Did not observe use of Avagard prior to donning sterile gloves when observing garbing technician.	
3)	Environmental Monitoring: Have contract with ARL to identify growth if exceeds action level. Perform weekly surface and gloved fingertip sampling – some growth below action level without organism identified.	
4)	Compounding Procedures: Have performed point in time potency testing on formulations with extended dating not supported by literation (i.e. testosterone cypionate in sesame oil, folic acid, Tri-mix) - not clear if these studies were stability indicating studies.	
5)		
6)		
7)		
8)		
9)		
10)		

IMMEDIATE CORRECTIVE ACTION IS REQUIRED (I.E., CONTINUING OPERATION WOULD CONSTITUTE A THREAT TO PUBLIC HEALTH AND WELFARE)

4042

Pharmacy Name: Innovation Compounding, Inc.

Pharmacy Address: 6095 Pine Mountain Road NW Ste 10B, Kennesaw, GA, 30152

NABP Facility e-Profile ID: 769340

VPP Inspection Date: Phone Call 10/14/2020, On-site 10/15/2020

Facility Response to Verified Pharmacy Program® (VPP®) Inspection

Type of Response (Choose from Drop Down)	VPP Inspection Report Page No.	VPP Inspection Report Item No.	Facility Response/Corrective Action/Comments	Estimated Date of Completion For Corrective Action Taken	Attachment Included (Y/N)	Title of Document (Must be indicated at top of document attachment)
Clarification or Further Explanation	12	47.05	No. The pharmacy has not had any issue related to wholesale distributor purchases come up but would investigate the supply chain and API in each case as needed if an API necessary for patient care were otherwise unavailable. The quality of API (e.g. USP grade vs other) and full chain of custody would be investigated.	N/A	N	
Clarification or Further Explanation	12	47.08	Yes. The investigation process would depend on the type of product suspected (i.e. API, compounded product, or commercial product). The pharmacy would go through every step necessary to either quarantine and/or recall the product per company SOPs as needed and based on the individual case.	N/A	N	
Clarification or Further Explanation	13	47.11	Yes. We have all reporting capabilities for quarantining and related measures.	N/A	N	
Clarification or Further Explanation	13	50.00	Yes. The pharmacy follows DEA requirements of DEA Form 222.	N/A	N	
Clarification or Further Explanation	13	51.00	Yes. Schedule II invoices are filed separately from all other schedules. The pharmacy does not deal with schedule I substances. Yes, all invoices are checked for accuracy, signed, initialed, and dated by a technician and pharmacist upon check in.	N/A	N	
Updates/New SOPs or P&Ps	27	21.09	The pharmacy rarely repackages excipients. The BUD is still limited to the manufacturer's assigned BUD or 1 year, whichever is less. We have updated the SOPs and will review with employees as needed for inactive ingredient dating when repackaged.	11/30/2020	Y	SOP 3.10 V 3.0 Inventory Control, section 3.9.3.5
Clarification or Further Explanation	29	38.00	The pharmacy is currently pursuing plans for a new facility buildout and sourcing funds to complete the project to become USP 800-compliant, including proper negative pressure for hazardous compounding. In order to prevent cross-contamination, the pharmacy performs risk assessments on all drugs, does not compound hazardous and non-hazardous preparations simultaneously, and carries out thorough deactivating and decontaminating with Peridox followed by cleaning and disinfecting with sterile 70% isopropyl alcohol in the cleanrooms or 70% isopropyl alcohol in the nonsterile lab. Furthermore, the pharmacy does not compound with any antineoplastic drugs. Our new facility is planned to be completed 09/2021 and will be 800-compliant.	09/2021	N	
Clarification or Further Explanation	30	43.00	Frequent AC maintenance is performed to maintain compliant temperatures. Any temperatures falling below the indicated range are for compounding personnel comfort to prevent perspiration and soiling of garb. Additionally, the colder temperatures serve to further inhibit bacterial growth.	N/A	N	

This VPP inspection response and documentation has been provided directly by the pharmacy in response to its VPP inspection. The content of this response has not been verified or modified by NABP at this point in time, except to check for completeness of any attachments provided.

4043

Pharmacy Name: Innovation Compounding, Inc.

Pharmacy Address: 6095 Pine Mountain Road NW Ste 108, Kennesaw, GA, 30152

NABP Facility e-Profile ID: 769340

VPP Inspection Date: Phone Call 10/14/2020, On-site 10/15/2020

Facility Response to Verified Pharmacy Program® (VPP®) Inspection

Type of Response (Choose from Drop Down)	VPP Inspection Report Page No.	VPP Inspection Report Item No.	Facility Response/Corrective Action/Comments	Estimated Date of Completion For Corrective Action Taken	Attachment Included (Y/N)	Title of Document (Must be indicated at top of document attachment)
Clarification or Further Explanation	47	45.03	The pharmacy is currently pursuing plans for a new facility buildout and sourcing funds to complete the project to become USP 800-compliant, including proper negative pressure for hazardous compounding. In order to prevent cross-contamination, the pharmacy performs risk assessments on all drugs, does not compound hazardous and non-hazardous preparations simultaneously, and carries out thorough deactivating and decontaminating with Peridox followed by cleaning and disinfecting with sterile 70% isopropyl alcohol in the cleanrooms or 70% isopropyl alcohol in the nonsterile lab. Furthermore, the pharmacy does not compound with any antineoplastic drugs. Our new facility is planned to be completed 09/2021 and will be 800-compliant.	09/2021	N	
Clarification or Further Explanation	56	93.00	A review of the attached current policy SOP 1.40 V 5.0 Compounding Area Requirements (Sterile) was performed with the techinician to ensure proper antiseptic hand cleansing procedures. Technician was observed again on 10/29/2020 and used Avagard surgical scrub with 6 hours of persistent activity prior to donning sterile gloves.	10/29/2020	Y	SOP 1.40 V 5.0 Compounding Area Requirements (Sterile)
Clarification or Further Explanation	59	106.06	Per USP 797: Pg 642 - "Counts of CFU are to be used as an approximate measure of the environmental microbial bioburden. Action levels are determined on the basis of CFU data gathered at each sampling location and trended over time. The numbers in Table 2 should be used only as guidelines. Regardless of the number of CFU identified in the pharmacy, further corrective actions will be dictated by the identification of microorganisms recovered (at least the genus level) by an appropriate credentialed laboratory of any microbial bioburden captured as a CFU **using an impaction air sampler.**" Based on the USP section shown and specifically the section underlined and in bold, USP only requires identification of CFU's to a genus level if the sample is captured via an impaction air sampler or the CFU level exceeds action levels on any other sample. Any air sample containing CFUs would be evaluated by a credentialed lab as part of the biannual sterile certification process. Surface and gloved fingertip sampling is performed every 2 weeks, above and beyond current USP standard requirements.	N/A	N	
Clarification or Further Explanation	63	129.00	The pharmacy obtains potency-over-time studies to extend dating for formulations. To the pharmacy's knowledge, current USP chapters do not outline or define stability-indicating methods for extended dating in relation to 503A pharmacies. The pharmacy is currently participating in a BUD task force along with other reputable individuals in the industry that aim to outline and define criteria for stability-indicating methods as they pertain to extending beyond-use-dates.	N/A	N

3.10 Inventory Control

1.0 Purpose

1.1 The purpose of this procedure is to establish requirements for purchasing, receiving, and storing components or supplies used in prescription compounding at Innovation Compounding, Inc. to ensure quality of compounded preparations and safety of personnel.

2.0 Definitions

2.1 HD Hazardous Drugs

2.2 Components Any ingredient used in the compounding of a drug preparation, including any active ingredient or added substance that is used in its preparation.

2.3 COA Certificate of Analysis

2.4 SDS Safety Data Sheet

2.5 NIOSH National Institute for Occupational Safety and Health

2.6 OSHA Occupational Safety and Health Administration

2.7 PPE Personal Protective Equipment

2.8 PCAC FDA Pharmacy Compounding Advisory Committee

3.0 Procedure

3.1 This procedure applies to all staff involved with compounding activities.

3.2 Suppliers shall be FDA registered, if applicable, comply with current Good Manufacturing Practices and have licenses in good standing with applicable state and federal agencies. COA and SDS should be supplied with bulk chemicals.

3.3 USP or NF ingredients shall be used if available.

3.4 When USP or NF components are not available, APIs from bulk substances shall be components of FDA approved drugs or appear on the FDA Bulk Drug Substance list that can be used in pharmacy compounding.

3.4.1 The pharmacist-in-charge may employ professional judgment in choosing an alternative high quality component which may include:

3.4.1.1 Analytical Reagent (AR)

3.4.1.2 Certified American Chemical Society (ACS)

3.4.1.3 Food Chemicals Codex (FCC) (when appropriate)

3.4.1.4 Dietary and nutritional supplements that are "Generally

Recognized as Safe"

3.5 Devices, containers and closures used in compounding shall comply with applicable compendial standards.

3.6 All components listed in § 216.24 Drug products withdrawn or removed from the market for reasons of safety or effectiveness (FDA 'Negative' List) shall not be used in human compounding except for the exceptions provided on the list. (Attachment 1).

3.6.1 Components used only for veterinary compounding must be marked, "Vet Use Only".

3.7 No bulk drug substance that appear in 503A Category 2 on FDA's website at http://www.fda.gov/downlaods/Drugs/GuidanceComplianceRegulatoryInformation/PharmacyCompounding/UCM467373.pdf may be used in human compounding. These substances have been identified by FDA as presenting as significant safety risk and include: domperidone, quinacrine hydrochloride for intrauterine use, and germanium sesquioxide.

3.8 Compounding of dosage forms that appear on FDA Demonstrably Difficult list is not permitted.

3.9 Shipments shall be quarantined in the receiving area and released upon satisfactory inspection as follows:

3.9.1 Packaging and containers free from visual defects.

3.9.2 Packing slip, COA, SDS present and matching. Pedigree retrievable.

3.9.2.1 **COA** shall be reviewed by properly trained staff paying special attention to assay and any special considerations, such as impurities or unusual water content. Adjustments shall be made to the amount of chemical used when assay (on a hydrous basis) falls below 98%. Document any necessary adjustments in compounding software.

3.9.2.2 Once reviewed, pharmacist will document that COA was reviewed on the chemical label. COA will be retained electronically for 2 years.

3.9.3 Appropriate handling and storage determined by hazard code on label or SDS.

3.9.3.1 **SDS** shall be available and readily retrievable for all chemicals.

3.9.3.2 **NIOSH Sample list of drugs that should be handled as hazardous** (Attachment 2) must be stored in HD storage area (except as permitted by assessment of risk).

3.9.3.3 **Flammable Chemical Inventory** (Attachment 3) components in excess of ten gallons must be stored in an approved flammable cabinet.

3.9.3.4 **Corrosive Chemical Inventory** (Attachment 4) must be stored below eye level on a corrosive-resistant shelf.

3.9.3.4.1 Acids and bases should not be stored next to each other.

3.9.3.5 Upon receipt, chemicals may be divided into separate containers for use in multiple areas, and the expiration date assigned shall be the lesser of one year or the actual expiration from the original container. Chemical labels must contain:

3.9.3.5.1 Chemical name and grade

3.9.3.5.2 Manufacturer

3.9.3.5.3 Lot number

3.9.3.5.4 Expiration date

3.9.3.5.5 Hazard code or special handling

3.9.3.5.6 Special storage requirements

3.9.4 Date received shall be added to chemical label (Bar code label may contain this date. Do not allow bar code label to cover chemical label.).

3.9.4.1 Chemicals for nonsterile use without a manufacturer's expiration date shall be used for no more than three years from the date received. (Manufacturer's expiration date may sometimes be found on COA.)

3.10 Pharmacist-in-charge shall be notified if inspection is not satisfactory and:

3.10.1 Shipment shall be quarantined

3.10.2 Manufacturer or supplier shall be contacted for advice on return of shipment.

3.10.3 Log shall be kept of rejected shipments.

3.11 Components and applicable supplied shall be entered into compounding software and include the following information:

3.11.1 Name

3.11.2 Manufacturer

3.11.3 Quantity

3.11.4 COA information (if calculations are needed)

3.11.5 Lot number

3.11.6 Expiration

3.11.7 Hazard codes or special handling

3.11.3 Storage requirements

3.12 Pharmacist-in-charge must be notified if inspection is not satisfactory and:

3.12.1 Shipment must be quarantined

3.12.1 Manufacturer or supplier must be contacted for advice on return of shipment.

3.13 Gloves must be worn, and containers should be wiped with 70% isopropyl alcohol to prevent cross-contamination before storage.

3.14 Chemo gloves and appropriate PPE must be utilized when handling HDs.

3.15 Components and supplies must be stored off the floor and according to manufacturer's recommendation to maintain strength, quality, purity, and integrity.

3.16 Expiration dates must be checked on a monthly basis and documented on **Cleaning and Calibration Log** (SOP 1.30 Attachment 1) or equivalent log.

3.17 Pharmacist-in-charge shall make every effort to **prevent and detect drug diversion** through the following processes:

3.17.1 Controlled substances shall be stored according to state law.

3.17.2 Accountability inventory for controlled and noncontrolled substances shall be performed according to state law but at least every two years for controlled substances.

3.17.3 Loss or theft shall be reported as required by state and federal law.

☐ Draft ☐ Final Approved by _____ This policy implemented on_____	Annual Policy Review Reviewer/Date _____ Reviewer/Date _____ Reviewer/Date _____

The following drug products were withdrawn or removed from the market because such drug products or components of such drug products have been found to be unsafe or not effective. The following drug products may not be compounded under the exemptions provided by section 503A(a) or section 503B(a) of the Federal Food, Drug, and Cosmetic Act:

PART 216—HUMAN DRUG COMPOUNDING

Drug products withdrawn or removed from the market for reasons of safety or effectiveness by the FDA. (Negative List)

Adenosine phosphate: All drug products containing adenosine phosphate.

Adrenal cortex: All drug products containing adrenal cortex.

Alatrofloxacin mesylate: All drug products containing alatrofloxacin mesylate.

Aminopyrine: All drug products containing aminopyrine.

Astemizole: All drug products containing astemizole.

Azaribine: All drug products containing azaribine.

Benoxaprofen: All drug products containing benoxaprofen.

Bithionol: All drug products containing bithionol.

Bromfenac sodium: All drug products containing bromfenac sodium (except ophthalmic solutions).

Butamben: All parenteral drug products containing butamben.

Camphorated oil: All drug products containing camphorated oil.

Carbetapentane citrate: All oral gel drug products containing carbetapentane citrate.

Casein, iodinated: All drug products containing iodinated casein.

Cerivastatin sodium: All drug products containing cerivastatin sodium.

Chloramphenicol: All oral drug products containing chloramphenicol.

Chlorhexidine gluconate: All tinctures for use as a patient preoperative skin preparation.

Chlormadinone acetate: All drug products containing chlormadinone acetate.

Chloroform: All drug products containing chloroform.

Cisapride: All drug products containing cisapride.

Cobalt: All drug products containing cobalt salts

Dexfenfluramine hydrochloride: All drug products containing dexfenfluramine hydrochloride.

Diamthazole dihydrochloride: All drug products containing diamthazole dihydrochloride.

Dibromsalan: All drug products containing dibromsalan.

Diethylstilbestrol: All oral and parenteral drug products containing 25 milligrams or more per unit dose.

Dihydrostreptomycin sulfate: All drug products containing dihydrostreptomycin sulfate.

Dipyrone: All drug products containing dipyrone.

Encainide hydrochloride: All drug products containing encainide hydrochloride.

Esmolol hydrochloride: All parenteral dosage form drug products containing esmolol hydrochloride that supply 250 milligrams/milliliter of concentrated esmolol per 10-milliliter ampule.

Etretinate: All drug products containing etretinate.

Fenfluramine hydrochloride: All drug products containing fenfluramine hydrochloride.

Flosequinan: All drug products containing flosequinan.

Gatifloxacin: All drug products containing gatifloxacin (except ophthalmic solutions).

Gelatin: All intravenous drug products containing gelatin.

Glycerol, iodinated: All drug products containing iodinated glycerol.

Gonadotropin, chorionic: All drug products containing chorionic gonadotropins of animal origin.

Grepafloxacin: All drug products containing grepafloxacin.

Mepazine: All drug products containing mepazine hydrochloride or mepazine acetate.

Metabromsalan: All drug products containing metabromsalan.

Methamphetamine hydrochloride: All parenteral drug products containing

Methapyrilene: All drug products containing methapyrilene.

Methopholine: All drug products containing methopholine.

Methoxyflurane: All drug products containing methoxyflurane.

Mibefradil dihydrochloride: All drug products containing mibefradil dihydrochloride.

Nitrofurazone: All drug products containing nitrofurazone (except dermatologic topical drug products)

Nomifensine maleate: All drug products containing nomifensine maleate.

Novobiocin sodium: All drug products containing novobiocin sodium.

Oxyphenisatin: All drug products containing oxyphenisatin.

Oxyphenisatin acetate: All drug products containing oxyphenisatin acetate.

Pemoline: All drug products containing pemoline.

Pergolide mesylate: All drug products containing pergolide mesylate.

Phenacetin: All drug products containing phenacetin.

Phenformin hydrochloride: All drug products containing phenformin hydrochloride.

Phenylpropanolamine: All drug products containing phenylpropanolamine.

Pipamazine: All drug products containing pipamazine.

Polyethylene glycol 3350, sodium chloride, sodium bicarbonate, potassium chloride, and bisacodyl: All drug products containing polyethylene glycol 3350, sodium chloride, sodium bicarbonate, and potassium chloride for oral solution, and 10 milligrams or more of bisacodyl delayed-release tablets.

Potassium arsenite: All drug products containing potassium arsenite.

Potassium chloride: All solid oral dosage form drug products containing potassium chloride that supply 100 milligrams or more of potassium per dosage unit (except for controlled-release dosage forms and those products formulated for preparation of solution prior to ingestion).

Povidone: All intravenous drug products containing povidone.

Propoxyphene: All drug products containing propoxyphene.

Rapacuronium bromide: All drug products containing rapacuronium bromide.

Reserpine: All oral dosage form drug products containing more than 1 milligram of reserpine.

Rofecoxib: All drug products containing rofecoxib.

Sibutramine hydrochloride: All drug products containing sibutramine hydrochloride.

Sparteine sulfate: All drug products containing sparteine sulfate.

Sulfadimethoxine: All drug products containing sulfadimethoxine.

Sulfathiazole: All drug products containing sulfathiazole (except for those formulated for vaginal use).

Suprofen: All drug products containing suprofen (except ophthalmic solutions).

Sweet spirits of nitre: All drug products containing sweet spirits of nitre.

Tegaserod maleate: All drug products containing tegaserod maleate.

Temafloxacin hydrochloride: All drug products containing temafloxacin hydrochloride.

Terfenadine: All drug products containing terfenadine.

3,3',4',5-tetrachlorosalicylanilide: All drug products containing 3,3',4',5-tetrachlorosalicylanilide.

Tetracycline: All liquid oral drug products formulated for pediatric use containing greater than 25 mg/ml.

Ticrynafen: All drug products containing ticrynafen.

Tribromsalan: All drug products containing tribromsalan.

Trichloroethane: All aerosol drug products intended for inhalation containing trichloroethane.

Troglitazone: All drug products containing troglitazone.

Trovafloxacin mesylate: All drug products containing trovafloxacin mesylate.

Urethane: All drug products containing urethane.

Valdecoxib: All drug products containing valdecoxib.

Vinyl chloride: All aerosol drug products containing vinyl chloride.

Zirconium: All aerosol drug products containing zirconium.

Zomepirac sodium: All drug products containing zomepirac sodium.

Dated: October 3, 2016.

Leslie Kux,

Associate Commissioner for Policy.

NIOSH List of Antineoplastic & Other Hazardous Drugs in Healthcare Settings, 2016

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

National Institute for Occupational Safety and Health

Table 1. Group 1: Antineoplastic drugs, including those with the manufacturer's safe-handling guidance (MSHG)

	capecitabine	estramustine
abiraterone	carboplatin	etoposide
ado-trastuzumab emtansine	carfilzomib	everolimus
afatinib*	carmustine	exemestane
altretamine	chlorambucicisplatin	floxuridine
amsacrine	cladribine	fludarabine
anastrozole	clofarabine	fluorouracil
arsenic trioxide	crizotinib	flutamide
axitinib	cyclophosphamide	fulvestrant
azacitidine	cytarabine	gemcitabine
Bacillus	dabrafenib	gemtuzumab ozogamicin
belinostat	dacarbazine	goserelin
bendamustine	dactinomycin	histrelin
bexarotene	dasatinib	hydroxyurea
bicalutimide	daunorubicin	idarubicin
bleomycin	decitabine	ifosfamide
bortezomib	degarelix	imatinib
bosutinib	docetaxel	irinotecan
brentuximab vedotin	doxorubicin	ixabepilone
busulfan	enzalutamide	ixazomib
cabazitaxel	epirubicin	letrozole
cabozantinib	eribulin	leuprolide
Calmette Guerin (BCG)	erlotinib	lomustine

mechlorethamine
megestrol
melphalan
mercaptopurine
methotrexate
mitomycin
mitotane
mitoxantrone
nelarabine
nilotinib
omacetaxin
oxaliplatin
paclitaxel
panobinostat
pazopanib
pemetrexed
pentostatin
pertuzumab
pomalidomide
ponatinib
pralatrexate
procarbazine
regorafenib
romidepsin
sorafenib
streptozocin
sunitinib
tamoxifen
temozolomide
temsirolimus
teniposide
thioguanine
thiotepa
topotecan
toremifene
trametinib
trifluridine/tipiracil
(combination only)
triptorelin
valrubicin
vandetanib
vemurafenib
vinblastine
vincristine
vinorelbine
vismodegib
vorinostat
ziv-aflibercept

Table 2. Group 2: Non-antineoplastic drugs that meet one or more of the NIOSH criteria for a hazardous drug, including those with the manufacturer's safe-handling guidance (MSHG)

abacavir
alefacept
apomorphine
azathioprine
carbamazepine
chloramphenicol
cidofovir
cyclosporine
deferiprone
dexrazoxane
diethylstilbestrol
divalproex
entecavir
estradiol
estrogen/ progesterone combinations
estrogens, conjugated
estrogens, esterified
estropipate
fingolimod
fluoxymesterone
fosphenytoin
ganciclovir
leflunomide
lenalidomide
liraglutide
medroxyprogesterone acetate
methimazole
mipomersen
mycophenolate mofetil
mycophenolic acid
nevirapine
ospemifene
oxcarbazepine
palifermin
paliperidone
phenoxybenzamine
phenytoin
pipobroman
progesterone
progestins

propylthiouracil	sirolimus	tofacitinib
raloxifene	spironolactone	uracil mustard
rasagiline	tacrolimus	valganciclovir
recombinant	teriflunomide	zidovudine
risperidone	thalidomide	

Table 3. Group 3: Non-antineoplastic drugs that primarily have adverse reproductive effects

acitretin	ganirelix	ribavirin
alitretinoin	gonadotropin, chorionic	riociguat
ambrisentan	icatibant	telavancin
bosentan	lomitapide	temazepam
cabergoline	macitentan	testosterone
cetrorelix	mentropins	topiramate
choriogonadotropin	methyltestosterone	tretinoin
clomiphene	mifepristone	ulipristal
clonazepam	misoprostol	valproate/valproic acid
colchicine	nafarelin	vigabatrin
dinoprostone	oxytocin	voriconazole
dronedarone	pamidronate	warfarin
dutasteride	paroxetine	ziprasidone
ergonovine/methylergonovine	pasireotide	zoledronic acid
eslicarbazepine	peginesatide	zonisamide
finasteride	pentetate calcium trisodium	
fluconazole	plerixafor	

OSHA Appendix VI:2-1. Some Common Drugs Considered Hazardous

Chemical/Generic Name

Altretamine
Aminoglutethimide
Azathioprine
L-Asparaginase
Bleomycin
Busulfan
Carboplatin
Carmustine
Chlorambucil
Chloramphenicol
Chlorotianisene
Chlorozotocin
Cyclosporin
Cisplatin
Cyclophosphamide
Cytarrabine
Dacarbazine
Dactinomycin
Daunorubicin
Diethylstilbestrol
Doxorubicin
Estradiol
Estramustine
Ethinyl Estradiol
Etoposide
Floxuridine
Fluorouracil
Flutamide
Ganciclovir
Hydroxyurea
Idarubicin
Ifosfamide
Interferon-A
Isotretinoin
Leuprolide
Levamisole
Lomustine
Mechlorethamine
Medroxyprogesterone
Megestrol
Melphalan
Mercaptopurine
Methotrexate
Mitomycin
Mitotane
Mitoxantrone
Nafarelin
Pipobroman
Plicamycin
Procarbazine
Ribavirin
Streptozocin
Tamoxifen
Testolactone
Thioguanine
Thiotepa
Uracil Mustard
Vidarabine
Vinblastine
Vincristine
Zidovudine

OSHA Appendix VI:2-2. Some Aerosolized Drugs

Ribavirin
Pentamidine

Flammable Chemicals

*Highlighted drugs are routinely stocked.

Acetone
Arnica Flower Tincture
Base, PCCA DMAE Complex
Belladonna Tincture
Benzoyl Peroxide 70%
Boron Amorphous Fine Powder
Butyl Alcohol
Cajeput Oil
Camphor
Cascara Sagrada Fluid Extract
Coal Tar Topical Soln
Collodion
Compound Benzoin Tincture
DMAE
Dow Corning Silicone Elastomer Blend
Ether

1.40 Compounding Area Requirements (Sterile)

Innovation Compounding, Inc.

Version 5.0

1.0 Purpose

1.1 The purpose of this procedure is to establish requirements for the sterile compounding area at Innovation Compounding, Inc. to ensure quality of compounded preparations and safety of personnel.

2.0 Definitions

2.1 HD Hazardous Drug

2.2 Ante Area An ISO Class 8 (or better transition area between the buffer area and nonsterile compounding area.

2.3 Buffer Area An ISO Class 7 or better area containing the Primary Engineering Control.

2.4 Primary Engineering Control (PEC) Laminar airflow workbenches (LAFWs), or Compounding Aseptic Isolators (CAIs) which provides an ISO Class 5 environment for sterile compounding.

2.5 CFU Colony forming unit

2.6 ACPHs Air Changes Per Hour

3.0 Procedure

3.1 This procedure applies to all staff involved with sterile compounding activities.

3.2 Innovation Compounding, Inc. shall perform sterile compounding in accordance with United States Pharmacopeia (USP) Chapter 797, standards of practice adopted by the Georgia Board of Pharmacy, and by national practices and standards adopted by government and non-government standard setting organizations.

3.3 Compounding and storage of HDs must not occur in sterile non-HD compounding areas except as permitted by assessment of risk.

3.4 Only authorized personnel must be permitted to enter the ISO-classified areas. No food or beverages may be consumed, and no lip balm or cosmetics may be applied or worn in these areas. Personal items must not be brought into these areas.

3.4.1 Sterile compounding staff shall be garbed according to task. Garb

must include scrubs (preferred), gowns, shoe covers, hair covering, beard cover (if applicable), mask, and eye protection (as needed). Sterile gloves must be worn in ISO-classified areas.

3.4.2 Before entering the ante area staff shall remove:

3.4.2.1. Bandanas, coats, hats, jackets, scarves, sweaters, vests, etc. Religious headwear should be cleaned daily.

3.4.2.2. Cosmetics.

3.4.2.3. Hand, wrist and other visible jewelry.

3.4.2.4. Remove nail polish and artificial nails. Natural nails should be kept neat and trimmed.

3.4.3 Staff shall don garb starting with beard covering (if applicable), mask, hair covering, eye protection (if applicable) and then dedicated shoes or shoe covers as stepping over line of demarcation, before hand washing.

3.4.3.1. Hand washing shall be performed by first cleaning fingernails under running water using a disposable nail pick, then vigorously washing all surfaces of hands and forearms for at least 30 seconds with soap (either non-antimicrobial or antimicrobial) followed by thorough rinsing from fingertips to elbows, and drying.

3.4.4 After hand washing, a nonshedding knee length gown closed at the wrists and neck shall be donned. Prior to donning sterile gloves, antiseptic hand cleansing shall be performed using waterless alcohol-based surgical hand scrub with persistent activity.

3.4.5. After donning sterile gloves, sterile 70% isopropyl alcohol (IPA) shall be used to disinfect gloves. Gloves must be disinfected periodically throughout the compounding process and whenever nonsterile surfaces are touched.

3.4.6. When compounding is complete, gown may be reused during the work shift if not visibly soiled but other garb (including coveralls) should be removed and discarded. Gown must remain the anteroom.

3.5 Sterile compounding shall be performed in a PEC situated in an ISO Class 7

or better buffer area with at least 30 ACPHs and a minimum pressure of 0.02 inches of water. LAFW must be turned on a minimum of thirty minutes prior to compounding. Document pressure each day of use on Sterile Prep Area Daily Monitoring Log (Attachment 1).

3.5.1 Presterilization procedures such as weighing and mixing of powders API's must be completed in a powder containment hood located in no worse than an ISO Class 8 environment.

3.5.2 ISO Classified areas must be certified under dynamic conditions by an authorized service provider before first use, when adding or removing fixtures or equipment, after maintenance, and at least every 6 months.

3.5.2.1 Viable and nonviable particle sampling

3.5.2.1.1 Viable particle sampling using impaction method must include testing for bacteria and fungus using two media (TSA and MEA or other suitable fungal medium. Document lot numbers and expiration dates of media. Collect 400-1000 liters of air per sample (1000 liters preferred, especially in PEC). Report results in cfu per cubic liter. Report control sample for each medium. Document time of day sampling was performed. Results must not exceed cfu >1 ISO Class 5, cfu>10 ISO Class 7, cfu >100 ISO Class 8 or be identified as highly pathogenic (regardless of number of cfu).

3.5.2.1.2 Any cfu count that exceeds its respective action level should prompt a re-evaluation of the adequacy of personnel work practices, cleaning procedures, operational procedures, and air filtration efficiency within the aseptic compounding location. An investigation into the source of the contamination must be conducted. Sources could include HVAC systems, damaged HEPA filters, and changes in personnel garbing or work practices. The source of the problem must be eliminated, the affected area cleaned, and resampling performed.

3.5.2.2 Filter integrity

3.5.2.2.1 Filter integrity testing must be performed on HEPA filters located in ceiling and PEC every 6 months.

3.5.2.3 Air exchanges

3.5.2.3.1 ACPH must be no less than 30.

3.5.2.4 Air pressure

3.5.2.4.1 Pressure must be equal or greater than 0.2 inches of water in positive pressure area and in the range of -0.01 to -0.03 inches of water in negative pressure areas.

3.5.2.5 Smoke testing

3.5.2.5.1 Perform smoke testing on rooms initially and after maintenance or moving equipment.

3.5.2.5.2 Perform and record smoke testing under most strenuous dynamic conditions on PEC every certification cycle.

3.5.2.6 Issues with clean room certification must be investigated and documented per SOP 6.20 Variances.

3.5 Since surfaces in ISO Class 5 work areas, including Laminar Air Flow Workbenches/Hoods (LAFW's), Compounding Aseptic Isolators (CAI's), Biological Safety Cabinets (BSCs), and Compounding Aseptic Containment Isolators (CACIs) are most intimate to the exposure of critical sites, they require disinfecting most frequently. These areas will be disinfected with sterile 70% IPA on a regular basis, which includes but is not limited to:

3.5.1 The beginning of each compounding shift;

3.5.2 Immediately prior to each batch;

3.5.3 Every 30 minutes throughout the compounding shift when ongoing compounding activities are occurring;

3.5.4 After spills

3.5.5 When microbial contamination is known to have been or is suspected of having been introduced.

3.6 Temperature should be maintained at 20°C (68°F) or cooler and humidity should be maintained under 60%. Document temperature and humidity of sterile compounding area on Ante and Buffer Room Refrigerator and Daily Monitoring Log

(Attachment 3). See SOP 1.30 Nonsterile Compounding Area for excursion allowances.

3.7 ISO-classified areas must be cleaned and organized to prevent mix-ups or cross contamination. Areas must be examined for signs of rust and if found, removed immediately. Cleaning shall be performed by using germicidal detergent and water using a low lint wipe. An appropriate disinfectant must be used allowing adequate contact time. See SOP 1.25 Cleaning Procedures for current cleaning agents in use.

3.7.1 Cleaning shall be documented on Ante and Buffer Room Cleaning and Calibration Log (Attachment 2).

3.7.2 **Primary engineering control** clean and disinfect from cleanest to dirtiest (i.e. top to bottom and back to front) each day of use at the beginning of each work shift, before each batch preparation, every 30 minutes during continuous compounding, when spills occur and when surface contamination is known or suspected. Document initial cleaning and disinfection on Sterile Prep Area Cleaning Log (Attachment 5). Document subsequent cleaning and disinfection on compounding record.

3.7.2.1 Sporicide must be used at least monthly.

3.7.2.2. Excess equipment for supplies must not be kept in PEC.

3.7.3 **Buffer and ante-rooms** Cleaning and disinfection must not occur at he same time as compounding.

3.7.3.1 **Work Surfaces** – Daily

3.7.3.2 **Sink** – Daily

3.7.3.3 **Floors** – Daily. Buffer room(s) first from far wall to door folloed by ante-room from far wall to door.

3.7.3.4 **Trash** – Must be removed daily and trash containers disinfected (if present)

3.7.3.5 **Ceiling – Monthly** Buffer room(s) first from far wall to door followed by ante-room from far wall to door. Ceiling tiles must be sealed.

3.7.3.6 **Walls – Monthly** Buffer room(s) first from far wall to door followed by ante-room from far wall to door.

3.7.3.7 **Storage areas and carts – Monthly**

3.7.3.8 Document cleaning and disinfection on Ante and Buffer Room Cleaning and Calibration Log (Attachment 2)

3.8 **Equipment and Supplies** – Remove supplies from shipping containers before entering ante-room. Stage equipment and supplies by wiping with sterile 70% isopropyl alcohol using a low lint wipe before entering each different ISO area. Only supplies needed for compounding must enter the buffer room. Corrugated cardboard must not enter the buffer room and paper should be kept to a minimum. Sterile syringes and similar items packaged in paper may be opened at the edge of the PEC rather than being wiped with disinfectant.

3.9 **Environmental monitoring** using surface testing must be performed to verify cleaning and disinfection processes. Obtain media (TSA with Lecithin and polysorbate 80), document lot number and expiration date. Aseptically remove cover and touch agar to surface then replace cover. Surface samples must be taken from PECs, buffer room, ante-room, pass-thrus and gloved fingertips upon completion of sterile compounding and prior to cleaning. Minimum initial requirements are weekly for three weeks then if below action level may perform every other week. Positive and negative controls must be performed.

3.9.1 Incubate TSA with Lecithin and polysorbate 80 at 30°-35°C for 48 to 72 hours. Document results on Sterile Compounding Area Cleaning and Environmental Monitoring Log (Attachment 8). Results must not exceed 3 CFU with Gloved Fingertips or ISO Class 5 surface samples, 5 CFU in ISO class 7 or 100 CFU ISO Class 8. All growth that exceeds these limits must be identified to at least the genus level.

3.9.2 If cfu's exceed limits, a thorough cleaning and/or review of aseptic technique and manipulative skills and/or appropriate review of disinfecting of nonsterile components when introducing them into the clean room should be performed and documented according to SOP 6.20 Variances.

3.9.2.1 Any actionable levels will be brought to the pharmacist in charge, compounding activities will cease in the classified area and the following will occur:

3.9.2.1.1 The need for a recall of the preparations compounded in the area will be assessed by the pharmacist in charge

3.9.2.1.2 A triple clean of the area will be promptly completed

3.9.2.1.3 An investigation will be launched to determine the cause of the failure

3.9.2.1.4 If needed, personnel retraining will occur and be documented

3.9.2.1.5 Once resolved, the classified area will be recertified or will pass 3 surface samplings on three different days prior to any compounding activity taking place in the area. Surface sampling in the classified space will continue weekly for 3 weeks with no actionable levels before returning to normal testing intervals.

3.10 **Aseptic technique** must be used at all times when working in the PEC. Use slow purposeful movements. Avoid coughing or sneezing over the work area. Minimize talking. Avoid leaning over the work area and resting hands on the work area. Work area begins six inches from the front edge of the PEC. Ensure critical sites receive first air from HEPA filter. Do not allow hands, equipment or supplies to come between (shadow) critical sites and first air. Do not allow critical sites to touch hands or any nonsterile surface. Critical sites include, but are not limited to needles; syringe tips, inner shafts and barrels,; rubber stoppers on vials and IV bags; ad open tops of vials and beakers. Disinfect sterile gloves with 70% isopropyl alcohol every time they leave the PEC before re-entering the PEC.

3.11 Three-Time Cleaning of Controlled Environments

3.11.1 Three-time cleaning may be performed when the following conditions occur:

3.11.1.1 Before the first use and testing of a new facility

3.11.1.2 Before the introduction of new furniture or equipment into controlled environments

3.11.1.3 After action levels are exceeded occurring during environmental monitoring air or surface sampling procedures

3.11.1.4 After any maintenance work performed in the cleanroom that would compromise environmental integrity

3.11.1.5 Power outages of greater than 59 minutes affecting the primary and secondary engineering controls (effectiveness validated through environmental sampling for your pharmacy).

3.11.1.6 Additionally at the discretion of the pharmacy manager

3.11.2 Three time cleaning will be performed using a germicidal detergent for the first two cleanings with the designated sporicidal agent used for the final cleaning. The sporicidal agent is used last to increase the dwell time on surfaces.

3.11.3 The areas cleaned in a Three Time Clean, unless otherwise noted include all surfaces inside the PECs as well as all surfaces in the controlled environment (all activities of both daily and monthly cleaning).

3.11.4 Perform and document all required cleaning as detailed on the Three Time Cleaning of Controlled Environments (Attachment 6)

3.12 Certification of ISO-classified areas

3.12.1 Certification of all ISO-classified areas must be completed by an outside vendor:

3.12.1.1 Minimum of every 6 months during normal operation

3.12.1.2 When the ante or buffer room are reconfigured or the introduction/replacement of PEC/SEC/equipment

3.12.1.3 After a recertification failure

3.12.2 During the recertification:

3.12.2.1 A designated person must audit the certification using the Sterile Area Certification Compliance Audit (Attachment 7)

3.12.2.2 Technicians will imitate the most rigorous compounding activities to allow for certification to be conducted under dynamic conditions

3.12.2.3 A designated person will video document critical certification processes, such as smoke studies under dynamic conditions, for review of the pharmacist in charge

3.12.3 Upon receipt of certification documents, the pharmacist in charge or a designated agent will conduct a thorough review of the report, smoke studies and compliance audit

3.12.3.1 Any actionable levels will be brought to the pharmacist in charge, compounding activities will cease in the classified area and the following will occur:

3.12.3.1.1 The need for a recall of the preparations compounded in the area will be assess by the pharmacist in charge

3.12.3.1.2 An investigation will be launched to determine the cause of the failure

3.12.3.1.3 If needed, personnel retraining will occur

3.12.3.1.4 Once resolved, the classified area will be recertified prior to any compounding activity taking place in the area.

3.12.3.1.5 All failures must be documented using variance forms per SOP policy

- Recent FDA Inspection from 02/01/2016

U.S. FOOD & DRUG ADMINISTRATION

Atlanta District
60 8th Street, NE
Atlanta, Georgia 30309

Tel: 404.253.2282
Fax: 404.253.1202

December 30, 2016

Shawn E. Hodges, Pharm.D.
Owner
Innovation Compounding, Inc.
6095 Pine Mountain Road NW, Suite 108
Kennesaw, GA 30152-3332

Dear Dr. Hodges:

We are enclosing a copy of the Establishment Inspection Report (EIR) for the inspection conducted at your facility, Innovation Compounding, Inc., located at 6095 Pine Mountain Road NW, Suite 108, Kennesaw, GA 30152-3332, from February 1, 2016, to June 9, 2016, by the U.S. Food and Drug Administration (FDA).

This letter is not intended as an endorsement or certification of your facility. It remains your responsibility to assure compliance with the requirements of federal law, including FDA regulations.

When the Agency concludes that an inspection is "closed" under 21 C.F.R. 20.64(d)(3), it will release a copy of the EIR to the inspected establishment.

The Agency continually works to make its regulatory process and activities more transparent for regulated industry. Releasing this EIR to you is part of this effort. The copy being provided to you comprises the narrative portion of the report; it may reflect redactions made by the Agency in accordance with the Freedom of Information Act (FOIA) and 21 C.F.R. Part 20. This, however, does not preclude you from requesting and possibly obtaining any additional information under FOIA.

If there is any question about the released information, please contact Janice L. King, 843-746-2990, x16 or by email at Janice.King@fda.hhs.gov.

Sincerely,

for Ingrid A. Zambrana
District Director

SUMMARY (TJH)

A CDER-directed inspection of this producer of sterile and non-sterile human and animal drug products was made per eNSpect Operation ID #14890 and a memo from CDER OUDLC dated 11/11/15 (**Attachment #5**). This inspection was performed to determine the current operational status of the firm concerning drug production.

This was the initial inspection of this firm. The current inspection included a full inspection of the firm's operations relating to the production of drug products. Products covered included Calcium Gluconate 10% Preservative Free, Allergy Scit-Epithelium (Cat, Dog, Mold, Mite, Cockroach), and Bupivacaine/ Hyaluronic Acid 1.25 mg-12 mg/ml Injectable Gel. The following records relating to the above products were also covered: production, finished product testing, labeling, prescriptions, environmental monitoring, SOPs, cleaning and maintenance, complaints, adverse events, staff training, and distribution records.

The following verbal observations were discussed with Mr. Shawn E. Hodges, Owner: 1) Failure to apply sterile foil seals to sterile finished product within an ISO-5 environment, (2) Failure to document an investigation of a high CFU count for viable air sampling, (3) Lack of environmental monitoring test results and (4) Failure to have a procedure in place regarding power outages. No Form FDA 483, Inspectional Observations, was issued. During the closeout discussion, Mr. Hodges promised some corrective actions. A physical sample of Calcium Gluconate (**866980**) was also collected to document interstate commerce, analyze for sterility, and identify particulates. Prior to the closeout of this inspection, the sample was found to be sterile and the particulates were identified as calcium gluconate with a small amount of (b) (4) There were also numerous refusals

including failure to provide copies of documents, refusal to allow photographs, refusal to provide results from previous state inspections, and refusal to provide invoices of outgoing finished product.

ADMINISTRATIVE DATA (TJH)

Inspected firm:	Innovation Compounding Inc.
Location:	6095 Pine Mountain Rd NW Ste 108 Kennesaw, GA 30152-3332
Phone:	-
FAX:	
Mailing address:	
Dates of inspection:	2/1/2016, 2/3/2016-2/5/2016 , 2/8/2016, 2/10/2016, 5/5/2016, 6/9/2016
Days in the facility:	8
Participants:	**Tamara J Henderson, Investigator** **Rachael L Cook, Investigator**

Upon arrival at the firm on 2/1/16, Investigator Rachael L. Cook and I presented our credentials, explained the purpose of the inspection, and issued an FDA-482 to Mr. Shawn E. Hodges, Owner (**Attachment #1**) who identified himself as the most responsible individual at the firm. On 5/5/2016, a second FDA-482 was issued to Mr. Shawn E. Hodges, Owner (**Attachment #2**). A second 482 was issued during the inspection as additional time and inter-agency communication was needed to review and discuss pertinent information during the firm's ongoing audit.

On 6/9/16, we held a closeout meeting and issued another FDA-482 to Mr. Shawn E. Hodges (**Attachment #3**), who also signed Form FDA-463a (**Attachment #4**).

The author of each section in this report will be indicated by the Investigator's initials in each heading.

HISTORY (TJH)

Innovation Compounding Inc. opened in 2007 in the state of Georgia and does not have a parent corporation or any subsidiaries. According to Mr. Hodges, the firm has been producing sterile and non-sterile drug products since 2007. Prior to 6/2010, the firm was located at 431 Commerce Park Drive in Marietta, GA. The firm is not registered as a human and animal drug manufacturer.

Hours of operation for the firm are:
Monday – Thursday, 9:00AM - 6:00PM
Friday, 9:00AM – 5:00PM

Establishment Inspection Report	FEI:	**3011752738**
Innovation Compounding Inc.	EI Start:	2/1/2016
Kennesaw, GA 30152-3332	EI End:	6/9/2016

All FDA correspondences should be addressed to:
Mr. Shawn E. Hodges, Owner
6095 Pine Mountain Rd NW Ste 108
Kennesaw, GA 30152-3332

INTERSTATE COMMERCE (RLC)

Innovation Compounding Inc. ships both non-sterile and sterile drug products out of the state of Georgia. Mr. Hodges estimated that (b) (4) of drug products stay within the state of Georgia while (b) (4) are shipped outside of the state. (b) (4) Drug products are shipped to nearly all fifty states and the complete "States of Licensure" list can be found under the MANUFACTURING/DESIGN OPERATIONS section of this report under subsection "*Phase II: Determining the Nature of the Firm's Operations and Product*". Mr. Hodges said that no drug products are (b) (4).

The (b) (4) of the firm's raw materials and APIs include:

- (b) (4)
- (b) (4)
- (b) (4)

No shipping documents were collected because the firm refused to allow us to make copies of such documents.

JURISDICTION (TJH)

Innovation Compounding Inc. is a producer of sterile and non-sterile human and animal drug products. Due to the firm's refusal to provide any documents, we were unable to collect a list of products and corresponding production sheets. However, Investigator Cook compiled a list of products produced between (b) (4), see the subsection below titled "Phase II: Determining the Nature of the Firm's Operations and Product" under heading MANUFACTURING/DESIGN OPERATIONS for the compiled list of products produced by the firm. We randomly reviewed a substantial amount of prescriptions from the firm's production log covering the time period (b) (4) (b) (4) and confirmed that all drugs produced had corresponding prescriptions.

Promotional Materials:
According to Mr. Hodges, Innovation Compounding Inc. promotes its products through (b) (4) (b) (4) and through their website, http://innovationcompounding.com/.

INDIVIDUAL RESPONSIBILITY AND PERSONS INTERVIEWED (RLC)

Shawn E. Hodges, Pharm.D., President, CEO, and Owner – Mr. Hodges is the President, CEO, and Owner of Innovation Compounding Inc. He identified himself as the most responsible individual at the firm and this was evident as all other employees reported to Mr. Hodges and followed his instructions. Mr. Hodges has the duty, power, and responsibility to implement corrective actions in response to any deficiencies. He oversees operations and the direction of the firm. Mr. Hodges is responsible for overseeing SOP development and has the final approval authority of all SOPs and firm policies. Mr. Hodges assisted Investigator Henderson and I during the inspection by providing us with documents to review, answering questions related to sterile and non-sterile drug production, drug products, and SOPs. He also accompanied us as we observed aseptic drug production and toured the facility. Mr. Hodges refused to allow us to remove copies of documents reviewed onsite from the premises and refused to allow us to review the most recent inspection report from the Georgia State Board of Pharmacy.

John L. Woods, II, Pharm.D., Director of Sterile Compounding – Mr. Woods goes by the name of Lou Woods and is the Director of Sterile Compounding at Innovation Compounding Inc. He oversees all sterile drug operations and is responsible for supervising the pharmacy technicians who perform sterile drug production, maintaining and updating all SOPs related to sterile drug production, performing verification of sterile drug production logs, and inspecting all sterile drug products before they are released for dispensing to patients. Mr. Woods has the duty and responsibility to ensure that all sterile products released are of the quality purported. Mr. Woods assisted us by answering questions related to aseptic drug production, the clean room, sterile drug products, and all related SOPs. He also provided records for onsite review and accompanied us as we observed aseptic drug production and toured the facility.

Truman Mitchell Bell, Pharm.D., VP Pharmacy Operations – Mr. Bell goes by the name of Mitchell Bell and is the Vice President of Pharmacy Operations at Innovation Compounding Inc. He is involved in both non-sterile and sterile drug production operations. Mr. Bell manages daily drug production activities at the firm and helps develop new products. Mr. Bell assisted us by answering questions related to drug production and by providing records for onsite review. He accompanied me on my tour of the non-sterile drug production area and answered all of my questions related to non-sterile drug production.

FIRM'S TRAINING PROGRAM (RLC)

New employees of Innovation Compounding Inc. undergo a (b) (4) training program in which they are taught (b) (4) how to properly (b) (4) and how to (b) (4) Each employee must demonstrate that they are proficient in (b) (4) before they are allowed to do so independently. This assessment is documented by a training pharmacist. Additionally, (b) (4) the employee (b) (4) before the employee can produce that (b) (4) for patients. The products the employee produces

are sent to a (b) (4) In one instance I noted that an employee had (b) (4) but reviewed the follow-up documentation showing that the employee was retrained and a (b) (4) employees undergo this (b) (4) (b) (4)

Employees (b) (4) undergo (b) (4) training through (b) (4) (b) (4) in (b) (4). I reviewed SOP 1.60 Orientation and Training and confirmed that (b) (7)(C), (b) (6) Sterile Drug Production Pharmacy Technician, had completed all of the training outlined in the SOP, including (b) (4) Additionally, Pharmacy Technician (b) (4). I did not note any deficiencies with the training I reviewed for (b) (4) Pharmacy Technicians. All training was up-to-date and appeared sufficient for the duties performed.

MANUFACTURING/DESIGN OPERATIONS

The format for this section of the report will follow the CDER memo dated 11/11/2015 **(Attachment #3).**

Phase I: Visual Inspection/Interview (TJH)

Aspetic Technique/Potential for Mix-ups
On 2/4/16, we observed aseptic processing of "Bi-Mix" (Papaverine/phentolamine) Lot: 02012016@87. The firm uses sterile gowns, gloves, and wipes. No major deficiencies were noted, however the following minor concerns were observed: after processing and the removal of finished product the technician stuck [redacted] head under the hood and sterile foil seals were applied to the sterile finished product outside of an ISO-5 environment after the rubber vial stoppers were previously punctured.

Process and Facility Design
The facility was adequate with a classic clean room design that included an (b) (4) and (b) (4) with an ISO-5 Laminar Flow Hood. See **Attachment #6** for an illustration of the firm's clean room. The HEPA filters appeared to be in good condition with no damage, dirt, or discoloration noted. There were also no signs of filth, dirt, mold/mildew, insects, or other debris in the clean room. We reviewed the firm's cleaning SOP and cleaning logs for sterile drug production areas with no significant discrepancies noted. The firm uses (b) (4) (b) (4) and (b) (4) and (b) (4)

The firm's clean room area is currently certified every (b) (4) in (b) (4) Prior to 10/2015 the firm used (b) (4) for the certification of their clean room. Upon review of the certification for (b) (4) we noted that the certification report lacked documentation that smoke studies were performed and

HEPA filter integrity testing was conducted in the (b) (4) and (b) (4) room. During the inspection, Mr. Hodges was unaware of why the smoke study and HEPA filter testing was not conducted and/or documented. Mr. Hodges later contacted (b) (4) and stated that he was informed that the smoke studies were not conducted because smoke under the hood will contaminate the clean room. In addition, he stated that the (b) (4) told him that since viable and nonviable testing was performed under the hood a smoke study was not needed. Mr. Hodges stated he was not 100% sure if the contractors reasoning for not conducting the smoke study was accurate and will continue to research the justification. However, at the conclusion of the inspection Mr. Hodges did not have an adequate justification as to why the certification reports lacked any smoke study and HEPA filter integrity testing documentation.

Environmental and Personnel Monitoring

Viable and Non-viable Air Sampling is currently performed by (b) (4) (b) (4) The firm conducts (b) (4) surface and fingertip sampling (b) (4) onsite. We reviewed the testing results for personnel samples and no adverse trends were identified.

Product Inspection

Most of the firm's sterile products are packaged in glass vials, but the firm also pre-fills syringes of Bupivacaine Hyaluronic Acid. We examined the firm's inventory of about (b) (4) anticipatory products and found that about 25% of the firm's stock inventory of Calcium Gluconate lot#10022015@4 contained white particulates (**Exhibit #1**). We collected 25 out of (b) (4) of Calcium Gluconate (866980) to be analyzed for sterility and identification of the particulates. See the heading below titled "SAMPLES COLLECTED" for additional information related to the sample.

Mr. Hodges stated that the firm performs 100% visual checks of the finished product prior to distribution. However, he stated that he had never seen the white particulates in the sterile vials before. Minutes later, Mr. Hodges provided a product information sheet from (b) (4) that states that the Calcium Gluconate Injection, USP 10% may exhibit visible particles and if crystallization occurs, (b) (4) (**Exhibit #2**). Mr. Hodges stated that in the future, he plans to include a (b) (4) (b) (4)

Equipment, Containers, and Closures

The firm uses (b) (4) to sterilize and depyrogenate their glassware at (b) (4) for (b) (4) Following depyrogenation the glassware is labeled with the depyrogenation date and if the glassware is not used within (b) (4) I reviewed the glassware depyrogenation records and no major deficiencies were noted. However, the firm has not validated a (b) (4) for the depyrogenation of the glassware in the (b) (4)

Phase II: Determining the Nature of the Firm's Operations and Product (RLC)

Establishment Inspection Report	FEI:	3011752738
Innovation Compounding Inc.	EI Start:	2/1/2016
Kennesaw, GA 30152-3332	EI End:	6/9/2016

Nature of Firm's Activities

Initially we reviewed the complete log of all products (sterile and non-sterile) that the firm produced between (b)(4). The firm was unable to provide a complete list of all sterile products they produce because they make many variations of the same products and said they do not have any such list. I compiled the following product list based on the sterile products listed in the (b)(4) drug production log:

Innovation Compounding Inc. Sterile Product List

Drug Name/Strength (if Applicable)
Acetylcysteine (*PF) 100 mg/mL injectable
Allergy SCIT-Epithelium (CAT/DOG)-Mold-Mite & Cockroach
Allergy SCIT-HMR Stand Plus; 5 vial-10 fold injectable
Allergy SCIT-HMR Standard Mix – 6 vial liquid
Allergy SCIT-HMR Standard Mix; 5 vial-10 fold injectable
Allergy SCIT-Southeastern Coastal Plain; 5 vial-10 fold
Ascorbic Acid (PF) 250 mg/mL injectable
Bupivacaine/Hyaluronic acid 1.25 mg-12 mg/ml Injectable Gel
Buprenorphine 0.3 mg/mL (PF) injectable
Calcium Chloride (PF) 100 mg/mL inj. soln.
Chorionic Gonadotropin 1000 U/ML injectable
Cyanocobalamin (B12) 1000 mcg/ml injectable
Dexpanthenol 250 mg/mL (PF) injectable
Dimethyl Sulfone (MSM) PF 15% Injectable
DMSO 99.9% Injectable
Folic Acid (PF) 5 mg/mL injectable
Glutathione (PF) 200 mg/mL injectable

Hyaluronic acid NA Salt 120/50 mL injectable
Hydroxycobalamin (PF) 1 mg/mL injectable
Levocarnitine 100 mg/ml injectable
Lidocaine 2% Injectable
Magnesium Chloride (PF) 20% Injectable
Methionine/Inositol/Choline CL/B12 15 mg-50 mg-100 mcg-100 mcg
Methylcobalamin 1 mg/mL inj soln
PAP/PHEN 30-1 mg/mL injectable
PAP/PHEN/PGE 12-1-40 injectable PAP/PHEN/PGE 15-0.5-5 mcg/mL injectable PAP/PHEN/PGE 30-2-20mg/ml Injectable PAP/PHEN/PGE 40-3-40 mg/mL injectable
PAP/PHEN/PGE/Atropine 30-2-20-0.15 mg/ml injectable
Phosphatidylcholine 5% injectable
Pre-Pen Kit: Penicillin Testing Dry Goods Kit Contains: Pre-PEN ampule, Histamine 1 mg (made by Innovation Compounding Inc.), NaCl 0.9% (made by Innovation Compounding Inc.), one amoxicillin capsule (250 mg); four 27 ½ G needles, several alcohol prep pads, stickers for labeling injection sites, reaction guide, five skin test devices ((b) (4)), penicillin G (made by Innovation Compounding Inc.) Labeled AllerScripts Pre-Pen Kit
Prostaglandin 20 mcg/ml injectable
Pyridoxine HCl 50 mg/mL injectable
Pyridoxine HCl (PF) 100 mg/mL injectable
Selenium (PF) 1 mg/mL Injectable

Super B Complex:VITC; B1; B2; B3; B5: CYA-B12 + MIC + LIDO
Testosterone Cypionate 100 mg/mL injectable
Testosterone Cypionate (Sesame Oil) 200 mg/mL Injectable
Vitamin D 200,000 IU/ML injectable
Water for Injection

*PF – Preservative Free

The firm was unable to include patient names on the log of products produced over the (b) (4) period because their (b) (4) (b) (4) The list of products produced over the (b) (4) period included such information as drug name, strength, lot number, and date produced. I reviewed the (b) (4) log and randomly selected sterile drugs produced by the firm which I matched up with their corresponding prescriptions. All products selected at random had patient-specific prescriptions.

Upon returning to the firm on May 5, 2016, we requested to review the (b) (4) log of all sterile products produced between (b) (4) and the corresponding prescriptions for the products. The firm reiterated that the (b) (4) they use would not allow them to (b) (4) They provided us with a list of all sterile prescriptions distributed between (b) (4). This list included information such as the drug name, strength, patient name, physician name, and date filled. Investigator Henderson and I reviewed the log in its entirety and found no evidence that any sterile product had been dispensed for office-use. It appears that the firm only produces drug products pursuant to patient-specific prescriptions.

The firm did not allow us to collect copies of any documents, so we were unable to collect the (b) (4) (b) (4) production log and patient-specific prescriptions.

The firm reported that they have only received one report of an adverse event since they opened. This complaint was made regarding injectable Testosterone Cypionate 250 mg/mL lot number 07142015@6. I reviewed the complaint, the patient's prescription, the batch record, the variance report, and the investigation performed by the firm. The male complainant reported that after receiving an injection he experienced redness and tenderness at the injection site. I reviewed the batch record and found that the product passed all in-house tests as well as the sterility test performed by the contract laboratory. The batch was produced on 7/14/2015, totaled (b) (4) and had been divided into (b) (4) The patient had a valid prescription for the product and his prescription was filled on 7/28/2015. A variance report was initiated on 8/17/2015 and it stated that the complaint would be investigated within 72 hours. The complaint investigation stated that, "The pharmacist reviewed the patient's prescription and determined that the patient was using 250 mg/mL in sesame oil and that may be the cause for the patients complaints. He determined that

the 200 mg/mL may be another option for the patient to try." The complaint investigation made no mention of whether the batch record or sterility test results were reviewed. There were no other complaints associated with the use of the product.

The SOP covering complaints does not describe specifically which types of adverse events should be referred to the FDA but it did mention that adverse events should be reported to the State and the FDA. The adverse event that was reported for the testosterone injection was not reported to the State or the FDA.

The firm routinely produces some of their most commonly ordered sterile products in advance of receiving prescriptions. While in the firm's prep room, Investigator Henderson and I observed approximately (b) (4) products on the shelves that had been previously prepared. According to Mr. Hodges they don't like to let sterile products sit on the shelf for more than (b) (4) but the average is (b) (4) The firm assigns an expiration date of up to 365 days and tests their products using a potency over time in-house program to determine BUD and expiration dates.

The firm receives and fills approximately (b) (4) and approximately (b) (4) of these orders are for sterile drug products. Mr. Hodges said that they typically produce (b) (4) sterile drug products each day. Sterile drug production usually only takes place on (b) (4) The highest volume sterile products produced over the previous (b) (4) (b) (4) are (b) (4)

Batch sizes vary greatly depending upon the product and the demand but can range from (b) (4) (b) (4) Innovation Compounding Inc. holds licenses in many states. Please see table below for a complete listing of state licensure:

States of Licensure

State	License Type
Alabama	Non-Resident Pharmacy
Arizona	Pharmacy
Arkansas	Retail Pharmacy License
California	Non-Resident Pharmacy
Colorado	Prescription Drug Outlet-out-of-State
Connecticut	Non-Resident Pharmacy
Delaware	Non-Resident Pharmacy Controlled Substances
Florida	Pharmacy

	Non-Resident Sterile Compounding
Georgia	Retail Pharmacy

*License expired 6/30/2014 **License expired 9/30/2015

None of the states in which Innovation Compounding Inc. is licensed have taken disciplinary actions against the firm nor is the firm operating under restrictions imposed by any of the above states. Mr. Hodges reported that Innovation Compounding Inc. (b)(4) (b)(4) (b)(4) After reviewing the firm's records, no evidence was discovered to suggest otherwise.

The firm employs the services of a contract laboratory to test its sterile drug products for sterility, endotoxins, and potency. The firm is currently using (b)(4)

(b)(4) as their contract laboratory. The firm verifies all test results from (b)(4) before releasing a product from quarantine for distribution. According to the firm's SOP 4.30 V 2.0 Sterile Preparations, "Any positive results shall prompt a rapid and systematic investigation of aseptic technique, environmental control and other sterility assurance controls to identify sources of contamination and correct problems in methods or processes." The SOP dictates that upon receipt of a positive result the pharmacist in charge should be immediately notified, the investigation will be documented according to the Variances SOP, and the disposition of the sterile compounded preparation will be documented. These results are to be retained for a (b)(4) and the Sterility Preparation Compliance Log should be filled out. Mr. Hodges reported that since opening, the firm has not had any positive results so we were unable to determine whether the firm conducts such investigations.

Innovation Compounding Inc. keeps a binder with information about their contract laboratory. Mr. Hodges reports that the firm has not audited (b)(4) but that they have a quality agreement in place which outlines the laboratory's responsibilities, the procedures and testing processes they employ, and all methods and equipment that are used for testing. Mr. Hodges reported that the laboratory claimed they were registered with the FDA and admitted that that was one of the factors that helped him decide to use the laboratory. Investigator Henderson explained to Mr. Hodges that just because a firm is registered with the FDA does not mean the firm is compliant with FDA regulations or even that they have been inspected by the FDA.

Innovation Compounding Inc. primarily performs sterile and non-sterile drug production. Mr. Hodges reported that approximately (b)(4) of the firm's sales are from (b)(4) (b)(4) is from drugs produced by the firm. Nearly all of the firm's sterile products are produced, at least in part, using non-sterile ingredients. All sterile products the firm produces undergo (b)(4) for (b)(4) A review of batch records and a visual inspection of raw ingredient containers indicated that the firm is using all ingredients within their expiration date.

I inspected all raw ingredients in the sterile and non-sterile drug production areas as well as the (b)(4) production log and found no evidence that the firm produces any products that appear on the "Drug Products Withdrawn or Removed from the Market for Reason of Safety and Effectiveness" list. The only ingredient I found in the facility that appears on the list is tetracycline. When I requested that the firm run a report of all products they have compounded with tetracycline the firm explained that a prescriber requested that they make Magic Mouthwash for a patient. The pharmacy ordered the ingredients (including tetracycline) but the patient never brought the prescription to the pharmacy so the tetracycline was never used. I did not see any evidence that the firm produces products containing ephedra or domperidone.

Product and Process Risks
The firm produces products with beyond use dates that exceed the following criteria:

- Preservative-free products that have beyond use dates that exceed 24 hours at room temperature or 3 days at refrigerated conditions.

- Products with preservative that have beyond use dates that exceed 48 hours at room temperature, or 14 days at refrigerated conditions, or 45 days at frozen conditions.

The following table shows some examples of preservative-free products produced by the firm as well as the assigned beyond-use-dates.

Examples of Preservative Free Sterile Products and Assigned Beyond Use Dates

Drug	Date Produced	Beyond Use Date Assigned by Firm	Storage Recommendations on Product Label
Ascorbic Acid (PF) 250 mg/mL injectable	11/24/2015	3/23/2016	Refrigerate (2-8C)
Buprenorphine 0.3 mg/mL (PF) injectable	11/23/2015	1/07/2016	45 days frozen (-25C-10C) 72 hours refrigerated (2C-8C) Beyond Use Date 1/07/2016 Frozen or 72 hours from initial thawing of vial
Calcium Chloride (PF) 100 mg/mL inj. soln.	11/17/2015	1/01/2016	45 days frozen (-25C-10C) 72 hours refrigerated (2C-8C) Beyond Use Date: 01/01/2016 frozen or 72 hours from initial thawing of vial
Calcium Chloride (PF) 100 mg/mL inj. soln.	11/19/2015	3/18/2016	Could not relocate Logged Formula Worksheet
Dexpanthenol 250 mg/mL (PF) Injectable	11/24/2015	5/22/2016	Room Temp (67-77F)
Glutathione (PF) 200 mg/mL injectable	11/04/2015	2/02/2016	Refrigerate (2-8C)
Glutathione (PF) 200 mg/mL injectable	12/29/2015	3/28/2016	Vial label not attached to logged formula worksheet
Glycine (PF) 50 mg/mL injectable	12/18/2015	4/16/2016	Room Temp. (67-77F)
Hydroxycobalamin (PF) 1 mg/mL injectable	11/23/2015	3/22/2016	Refrigerate (2-8C)
Magnesium Chloride (PF) 20% injectable	11/17/2015	3/16/2016	Room Temp. (67-77F)
Magnesium Chloride (PF) 20% injectable	11/18/2015	1/02/2016	45 days frozen (-25C-10C) 72 hours refrigerated (2C-8C) 01/02/2016 frozen or 72 hours from initial thawing of vial
Pyridoxine Hydrochloride (PF) 100 mg/mL injectable	11/25/2015	2/23/2016	Room Temp (67-77F) Protect from light

Selenium (PF) 1 mg/mL injectable	11/30/2015	1/14/2016	Frozen for 45 Days (-25-10C) or 72 hours refrigerated (2-8C) from initial thawing of vial
Selenium (PF) 1 mg/mL injectable	11/16/2015	12/31/2015	Frozen for 45 Days (-25-10C) or 72 hours refrigerated (2-8C) from initial thawing of vial
Taurine (PF) 50 mg/mL injectable	12/18/2015	4/16/2016	Room Temperature (67-77F)

As previously mentioned, the firm is producing sterile products from non-sterile components. The firm does not lyophilize drug product. The firm uses commercially available products within the products' approved labeling and time limitations. They try to avoid (b) (4) whenever possible but (b) (4) this information is captured by their (b) (4) so they are able to easily see which lots were used.

Complaints and Adverse Events

As previously mentioned, the firm has only received one report of an adverse event which was associated with injectable testosterone cypionate. Please see "Nature of Firm's Activities" above under the subsection titled "Phase II: Determining the Nature of the Firm's Operations and Product" under heading MANUFACTURING/DESIGN OPERATIONS for a detailed description of the complaint and the firm's handling of the complaint. All units of this lot that were dispensed appeared to have valid prescriptions and no other complaints were associated with the lot.

The firm has a recall procedure in place that would allow them to recall any finished drug product or products that used a particular lot of a recalled ingredient. The recall procedure appeared sufficiently detailed to facilitate an efficient recall. However, the recall procedure did not require that the firm notify the FDA of all drug recalls. Mr. Hodges reported that the firm has not conducted any drug recalls since opening.

Phase III: Product-Specific Inspection and Record Review (TJH)

Product Stability

The firm assigns expiration dates up to 365 days beyond what is recommended by USP. (b) (4) the firm sends samples from each sterile batch produced to be tested for sterility. Mr. Hodges stated that he assigns extended BUDs past the USP 797 recommended dates using a (b) (4) program. He also stated that USP 797 states that BUD determination is done via product-specific experimental studies using TLC, HPLC, and titration methods, which are potency related methods and not sterility studies. I reviewed the firm's (b) (4) results for several of their products and no deficiencies were noted.

Validation of Sterilization Methods

The firm uses (b) (4) is only used for (b) (4) and all other products utilize (b) (4) The firm uses

(b) (4) and (b) (4) (b) (4) during (b) (4) I reviewed the firm's documentation for their trials (validation data) and distributed products utilizing (b) (4) in which they do not document and track their (b) (4). However, the lot # and expiration date of both the (b) (4) (b) (4) used in each sterilization (b) (4) are documented. In addition, the (b) (4) used for (b) (4)

I also reviewed the firm's records utilizing (b) (4) and incoming acceptance procedures with no deficiencies noted. The firm conducts a (b) (4) for each batch.

The firm conducts a validation study on all of their finished products before distributing. The validation protocol entails (b) (4) as well as performing a (b) (4) The firm employs the services of (b) (4) to (b) (4) (b) (4) performs the (b) (4) respectively. Following the review of all the test results, Innovation Compounding Inc. will then begin distribution if all the results are adequate.

Hold Times

The firm produces Bupivacaine Hyaluronic Acid (BP-HA), which is an injectable gel that is packaged into a syringe. The final production step of (b) (4) at (b) (4) (b) (4) the firm sends out samples of the finished product for endotoxin and sterility testing before distribution. In effort to support the (b) (4), the firm performs a (b) (4). I reviewed the firm's sterility, endotoxin, and (b) (4) with no deficiencies noted.

Equipment, Containers, and Closures

The firm uses (b) (4) to sterilize and depyrogenate their glassware at (b) (4) for (b) (4) Following depyrogenation the glassware is labeled with the depyrogenation date and if the glassware is not used within (b) (4) I reviewed the glassware depyrogenation records and validation study and no major deficiencies were noted. However, the firm has not validated a (b) (4) for the depyrogenation of the glassware in the (b) (4)

Record Review Facility Wide

I reviewed the firm's assay, sterility, and endotoxin test results with no deficiencies noted. Mr. Hodges stated that he has never had any OOS or failing results. We also watched the video of the smoke study performed under dynamic conditions by (b) (4) on (b) (4) with no discrepancies noted.

The firm only performs onsite monitoring of temperature (b) (4) humidity (b) (4) pressure differential (b) (4) (b) (4) surface sampling (b) (4) and fingertip sampling (b) (4). We reviewed the procedures and records for the firm's onsite environmental and personnel monitoring with no significant trends noted.

The firm's clean room area is currently certified every (b) (4) in (b) (4) in which the last recertification occurred on (b) (4) and there were no HEPA filter, viable, or non-viable failures detected. Mr. Hodges stated that USP 797 only requires non-viable and viable to be conducted every 6 months. He said that he is not required to monitor viable, non-viable, and total particulates daily. Upon review of the firm's recertification report by (b) (4) (b) (4) I found that the Laminar Flow Hood had a viable air sampling test result of 2 CFU/m^3. The action level for viable air sampling is (b) (4) I asked Mr. Hodges to provide any documentation relating to the investigation of the failed viable air sampling test and he was unable to provide any follow-up information relating to the high CFU count of the Laminar Flow Hood.

The clean room is disinfected (b) (4) (b) (4) (b) (4) I also reviewed the manufacturer's efficacy data, in which they demonstrated that the (b) (4) (b) (4)

REFUSALS (TJH)

The following refusals were encountered during the inspection of Innovation Compounding Inc.:

- Refusal to permit review of sales or shipping records (outgoing finished product)
- Refusal to permit photography
- Refusal to provide copies of all documents related to the manufacturing and distribution of sterile and non-sterile drug products.
- Refusal to permit review of the State Board of Pharmacy's inspection reports

GENERAL DISCUSSION WITH MANAGEMENT (TJH)

At the conclusion of the inspection we had a meeting with Shawn E. Hodges – Owner, John L. Woods – Director of Sterile Compounding, Truman M. Bell – VP of Pharmacy Operations, Stephen T. Snow – Attorney, and Robert W. Stannard – Attorney. An FDA 483, Inspectional Observations, was not issued.

The following verbal observations were discussed with management: (1) Failure to apply sterile foil seals to sterile finished product within an ISO-5 environment, (2) Failure to document an investigation of a high CFU count for viable air sampling, (3) Lack of environmental monitoring test results and (4) Failure to have a procedure in place regarding power outages. Management agreed with most of the above observations and promised corrective actions.

SAMPLES COLLECTED (TJH)

Establishment Inspection Report	FEI:	**3011752738**
Innovation Compounding Inc.	EI Start:	2/1/2016
Kennesaw, GA 30152-3332	EI End:	6/9/2016

During this inspection a physical sample of Calcium Gluconate (866980) was also collected to document interstate commerce, analyze for sterility, and identify particulates. Prior to the closeout of this inspection, the sample was found to be sterile and the particulates were identified as mainly composed of calcium gluconate with a small amount of (b) (4)

Section 7: Employed/Contracted Pharmacist (MUST BE COMPLETED BY the Employed/Contracted Pharmacist)

Pharmacist Name: Mary Grear, RPh NV Pharmacist License #: 10687

As the employed/contracted pharmacist, for (ASC/RC Name): Kidney Specialists Surgical Center :

I understand that I am responsible for establishing policies and procedures which (NAC 639.4996):

a) Are consistent with the policies and procedures developed pursuant to NAC 639.447;
b) Require to maintain records in accordance with the provisions of NAC 639.485 and 639.485;
c) Address the purchase, storage, maintenance of records and dispensing of drugs and investigational drugs;
d) Require maintenance of a perpetual inventory of all controlled substances;
e) Prescribe the procedure for quarantining and destroying drugs and investigational drugs that are expired, adulterated, mislabeled or otherwise unsafe for human use;
f) Require the storage of drugs and investigational drugs in accordance with the specifications of the manufacturer;
g) Ensure that the ASC and RC dispenses drugs and investigational drugs pursuant to chart orders and in accordance with applicable state and federal laws; and
h) Ensure that all compounding is
    a. Performed by a registered pharmacist in accordance with the provisions of NRS and NAC 639; or
    b. If performed by an employee of the ASC or RC, other than a registered pharmacist, performed:
        i. In accordance with the provisions of NRS and NAC 639;
        ii. In a location designated for compounding that is clean and disinfected before each act of compounding; and
        iii. By a person who has completed training for the type of compounding that will be performed.

I understand that I shall (NAC 639.4998):

a) Visit the ASC or RC at least once each month to:
    a. Evaluate the effectiveness of the policies and procedures established pursuant to NAC 693.4996; and
    b. Confirm that the ASC or RC is complying with those policies and procedures, the below provisions.
b) Maintain documentation of each visit that the pharmacist makes;
c) Conduct an audit at least once each month using a sufficient number of records of the ASC or RC, including, without limitation, records of patients and records relating to the purchasing, storing and dispensing of drugs and investigational drugs, which must be randomly selected, to determine whether:
    a. The records indicate that the drugs and investigational drugs are dispensed in a safe and effective manner in accordance with accepted standards of practice and the specifications of the manufacturer;
    b. Drugs and investigational drugs are diluted in accordance with accepted standards of practice or pursuant to the specifications of the manufacturer;
    c. The records demonstrate:
        i. That a discrepancy does not exist in the number of drugs and investigational drugs that are in vials designated by the manufacturer for a single use which are dispensed and the number of patients who receive such drugs and investigational drugs; and
        ii. That drugs, not including investigational drugs, which are in vials designated by the manufacturer for a single use and any remaining medication in those vials are discarded after use;
    d. The records demonstrate that drugs, not including investigational drugs, which are in vials designated by the manufacturer for more than one use are discarded when the medication in the vials has expired or not more than 28 days after the initial breach of the vial;
    e. The employees of the ASC or RC properly maintain accurate records relating to drugs and investigational drugs; and
    f. The employees of the ASC or RC properly monitor and maintain the perpetual inventory required pursuant to paragraph (d) of subsection 1 of NAC 639.4996; and
d) Submit a written report, including, without limitation, a written explanation, to the Board not later than 5 business days after the pharmacist determines that:
    a. The ASC or RC is violating a state or federal law which affects the care and safety of a patient;
    b. There is a discrepancy of 5 percent or more between the actual quantity of a controlled substance in the possession of the ASC or RC and the amount of the controlled substance that should be in the possession of the ASC or RC according to the records of the ASC or RC, including, without limitation:
        i. Purchase orders and invoices for the controlled substance;
        ii. Records which indicate the removal of the controlled substance from the storage area;
        iii. Patient records;
        iv. Records which indicate the return of the controlled substance to the manufacturer;
        v. Records which indicate that the controlled substance was destroyed; and
        vi. Any other record for the controlled substance;
    c. The recovery center or surgical center has intentionally or recklessly failed to create or maintain a record required by the policies and procedures established pursuant to NAC 639.4996;
    d. The recovery center or surgical center is administering a drug or an investigational drug in violation of accepted standards of practice or the specifications of the manufacturer; or
    e. The recovery center or surgical center is engaged in a practice which endangers the health, safety or welfare of a patient or employee of the recovery center or surgical center.

Section 8: Personal and Professional History of the Employed/Contracted Pharmacist	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in any state?		✔
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state?	✔	
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in any state?		✔

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-4, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 3 **. Provide all the following *where applicable*:**

Date of Event/Arrest	Disposition Date	State	City	County
4/24/2002	May 2002	NV	Las Vegas	Clark

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court
02-036-RPH-S	NV State Board of Pharmacy

Reason/Charge
Complaint concerning records of PRN,Inc

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy
Mary Grear	

Name of Business/Industry/Entity
PRN, Inc

Provide explanation below:

A complaint was made concerning grants made by the Board of Pharmacy to PRN, Inc to Mary Grear, Executive Divector. The Board of Pharmacy sent notice of a request for hearing to the wrong mailing address even though the correct address was on file at the Board Office. This resulted in my not being aware that I needed to appear until after the Board Meeting. I subsequesntly prepared the requested documents and submitted them to the Board Auditors who found no discrepencies in the funds granted by the Board of Pharmacy to PRN and the expense record under my administration. A rehearing was held and the case was closed finding all monies were accounted for the PRN, Inc grants.

Mary Grear, RPh

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. From: Danniel Garibay
To: Nevada State Board of Pharmacy

On the 11th of July 2021 I attended a friendly function and had too much to drink. I made the bad and very regrettable decision to drive home under the influence of alcohol, On the drive home I was stopped by law enforcement for not maintaining my lane was promptly arrested and transported to CCDC in downtown las Vegas. There I was given time to sober up and think about the selfish decision I made. I contemplated how selfish and irresponsible I was to have gotten behind the wheel and how this was affecting the people around me. My decision even though I didn't give it a second thought endangered and could have ended horrendously for anyone else driving on the road at that time. I'm incredibly thankful no one was hurt, I also thought of the people in my life who have been looking out for my best interest and how this road I was headed towards would only hurt those closest to me. I'm lucky to have such a wonderful support system consisting of my mother, father, brother and friends who have helped me reach goals I once thought impossible. Me and my brother are now looking to further our education at PIMA medical school where we are studying to become pharmacy technicians. I understand that the medical field demands great respect and responsibility, im changing so much about myself and I feel like i've matured so much from this prior experience and I'm continuing to do so every day. I've been sober for five months now and I plan on never drinking again although I know that's a difficult goal. I'm dedicated to bettering myself and I think since this incident i've proven that but i know people aren't so easily convinced. I'm giving my education top priority over everything else right now. I want nothing more in this world than to graduate and go on to succeed in a career I can be proud of and help others.

Hakyung Kim, RPH 85173

I am over 18 years of age, and not a party to the within cause; my business address is 2720 Gateway Oaks Drive, Suite 100, Sacramento, California 95833. I served a copy of the:

LETTER AND DECISION

on each of the following, by placing same in an envelope(s) addressed as follows:

NAME	CERTIFIED NO.
Hakyung Kim [redacted] Estoril Dr [redacted] Diamond Bar, CA 91765	7017 0190 0000 4213 1367

and that said envelope was then sealed and deposited and certified in the United States Post Office at Sacramento, California, on May 24, 2022, as certified mail with postage fully prepaid thereon and return receipt service by United States mail between the place of mailing and the place so addressed.

I declare under penalty of perjury that the foregoing is true and correct. Executed on May 24, 2022, at Sacramento, California.

Susan Cappello, Enforcement Manager

BEFORE THE
BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Petition for Early Termination of Probation of:

HAKYUNG KIM, Petitioner

Agency Case No. 5747

OAH No. 2022030325

DECISION

This matter was heard on March 16, 2022, before a quorum of the Board of Pharmacy (Board), Department of Consumer Affairs, State of California, by WebEx from Sacramento, California. Administrative Law Judge Coren D. Wong, Office of Administrative Hearings, State of California, presided.

Kristina T. Jarvis, Deputy Attorney General, appeared pursuant to Government Code section 11522.

Petitioner Hakyung Kim represented himself at the hearing.

Evidence was received, the record closed, and the matter submitted for decision on March 16, 2022.

FACTUAL FINDINGS

Jurisdictional Matters

1. The Board received petitioner's application for an intern pharmacist license on September 14, 2015. The Board denied the application, and petitioner filed an appeal. A former Board Executive Officer signed a Statement of Issues alleging cause to deny the application because petitioner was convicted of a crime substantially related to the qualifications, functions, or duties of a pharmacist and violated a statute regulating controlled substances by possessing marijuana on October 16, 2009, and May 24, 2014.

2. Petitioner resolved the Statement of Issues by entering into a Stipulated Settlement and Disciplinary Order agreeing that his application would be granted and an intern pharmacist license issued, the license revoked, the revocation stayed, and the license placed on probation for five years. Terms of probation included participating in the Pharmacists Recovery Program operated by Maximus Recovery (PRP), undergoing random screenings for drugs and alcohol, and abstaining from drugs and alcohol. Additionally, if petitioner was issued a pharmacist license during probation, any remaining probationary period would apply to that license. The Board adopted the Stipulated Settlement on September 23, 2016.

3. The Board issued petitioner Intern Pharmacist License Number INT 39412 on January 25, 2018 (Intern License). The license was canceled when the Board issued petitioner Registered Pharmacist License Number RPH 85173 on January 15, 2021 (Pharmacist License). The license expires September 30, 2023, unless renewed.

Petition for Early Termination of Probation

4. The Board received petitioner's Petition for Early Termination of Probation on June 10, 2020. He included letters of support written by two of his former pharmacy professors, his preceptor during a clinical rotation, and his Alcoholics Anonymous (AA) sponsor. Each author described petitioner in laudatory terms and supports early termination of his probation.

5. Lupe Baltazar, an Administrative Case Analyst with the Board, forwarded the petition to the Board members with a cover memo confirming petitioner's compliance with all terms of probation. She also stated that she spoke with each of the authors of the letters of support and they all confirmed they wrote their letters and were familiar with the probationary status of petitioner's license.

Additional Evidence at Hearing

6. Petitioner testified openly and honestly about his struggles with drugs and alcohol. He used to deny having a problem with drugs and alcohol and saw asking for help as a "weakness." Now, he readily admits he is an "addict" and an "alcoholic" and recognizes asking for help as a "strength." He obtained sobriety from drugs on May 25, 2014, and from alcohol on March 2, 2018.

7. Petitioner was in his second year at the Keck Graduate Institute School of Pharmacy and Health Sciences (Keck) when he initially enrolled in the PRP in 2016. One month into the program, he tested positive for alcohol, dropped out of school, and started inpatient treatment at Social Model Recovery Systems. He continued treatment in the American Recovery Center's Intensive Outpatient Program and then its aftercare program. Petitioner re-enrolled at Keck in 2019. He graduated with honors two years

later. He has worked as a pharmacist for Central Drugs, a compounding pharmacy in La Habra, California, since October 2021.

8. Petitioner is still enrolled in the PRP. He attends AA meetings four times a week, has completed the 12 steps of recovery, and has worked with a sponsor for four years. He attends support group meetings for healthcare professionals weekly. He has attended individual psychotherapy sessions one or two times a month since June 2018. The therapist confirmed in a letter that petitioner has learned to identify triggers for his anxiety and desire to relapse, developed healthy coping skills, and improved his interpersonal communication skills. Petitioner is randomly tested for drugs and alcohol two to five times a month and has not tested positive since the month after enrolling in the PRP. He is committed to a sober lifestyle for the remainder of his life. He understands the Board's obligation to protect the public, recognizes it is a privilege to practice pharmacy and not a right, and is aware he has "so much to lose" if he relapses.

LEGAL CONCLUSIONS

Applicable Standard/Burden of Proof

1. Petitioner has the burden of proving eligibility for early termination of probation by clear and convincing evidence. (*Hippard v. State Bar of California* (1990) 49 Cal.3d 1084, 1091-1092.) "The courts have defined clear and convincing evidence as evidence which is so clear as to leave no substantial doubt and as sufficiently strong to command the unhesitating assent of every reasonable mind. [Citations.] It has been said that a preponderance calls for probability, while clear and convincing proof

demands a *high probability* [citations]." (*In re Terry D.* (1978) 83 Cal.App.3d 890, 899; italics original.)

Applicable Law

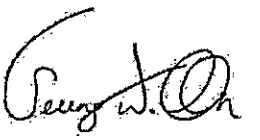
2. A licensee whose license has been placed on probation for three years or longer may petition the Board to terminate probation after two years from the effective date of the disciplinary order. (Bus. & Prof. Code, § 4309, subd. (a)(2).) Petitioner's probation began on January 25, 2018, and the Board received his petition more than two years later. Therefore, the petition is timely.

3. The Board must give notice to the Attorney General when a petition for early termination of probation is received, and the Attorney General and the petitioner must be provided an opportunity to present oral or written argument to the Board. (Gov. Code, § 11522.) When deciding a petition for early termination, the Board may consider the petitioner's activities prior to and after discipline was imposed, his reputation for truth and professional responsibility, the factual basis for discipline, and documented evidence of rehabilitation. (Bus. & Prof. Code, § 4309, subd. (d).) The Board's overriding consideration when deciding a petition is "protection of the public." (Bus. & Prof. Code, § 4001.1.)

Conclusion

4. Petitioner presented clear and convincing evidence of his ability to continue practicing pharmacy without further Board oversight. He testified credibly and persuasively about his struggles with addiction and the steps he has taken to overcome his addiction. He has been sober from alcohol for more than four years and from marijuana for almost eight. He showed significant insight into his disease and the

consequences of relapsing such that he is unlikely to relapse. Therefore, petitioner's probation should be terminated early.



ORDER

Hakyung Kim's Petition for Early Termination of Probation is GRANTED.

This Decision shall become effective on June 23, 2022.

It is so ORDERED on May 24, 2022.

Attorneys for Complainant

BEFORE THE
BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Statement of Issues Against: **HAKYUNG KIM** **[redacted] Estoril Drive. Unit [redacted]** **Diamond Bar, CA 91765** **Intern Pharmacist Registration** Respondent.	Case No. 5747 **STIPULATED SETTLEMENT AND DISCIPLINARY ORDER**

In the interest of a prompt and speedy settlement of this matter, consistent with the public interest and the responsibility of the Board of Pharmacy of the Department of Consumer Affairs, the parties hereby agree to the following Stipulated Settlement and Disciplinary Order which will be submitted to the Board for approval and adoption as the final disposition of the Statement of Issues.

PARTIES

1. Virginia Herold (Complainant) is the Executive Officer of the Board of Pharmacy. She brought this action solely in her official capacity and is represented in this matter by Kamala D. Harris, Attorney General of the State of California, by Marc D. Greenbaum, Supervising Deputy Attorney General.

2. Respondent Hakyung Kim ("Respondent") is representing himself in this proceeding and has chosen not to exercise his right to be represented by counsel.

3. On or about September 14, 2015, Respondent filed an application dated August 18, 2015, with the Board of Pharmacy to obtain an Intern Pharmacist Registration.

JURISDICTION

4. Statement of Issues No. 5747 was filed before the Board of Pharmacy (Board), Department of Consumer Affairs, and is currently pending against Respondent. The Statement of Issues and all other statutorily required documents were properly served on Respondent on July 26, 2016.

5. A copy of Statement of Issues No. 5747 is attached as exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent has carefully read, and understands the charges and allegations in Statement of Issues No. 5747. Respondent has also carefully read, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations in the Statement of Issues; the right to be represented by counsel at his own expense; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

9. Respondent admits the truth of each and every charge and allegation in Statement of Issues No. 5747.

10. Respondent agrees that his Intern Pharmacist Registration is subject to denial and he agrees to be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

///

CONTINGENCY

11. This stipulation shall be subject to approval by the Board of Pharmacy. Respondent understands and agrees that counsel for Complainant and the staff of the Board of Pharmacy may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent. By signing the stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

12. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

13. This Stipulated Settlement and Disciplinary Order is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Settlement and Disciplinary Order may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

14. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that, upon satisfaction of statutory and regulatory requirements for issuance thereof, an Intern Pharmacist License shall be issued to Respondent Hakyung Kim and shall be immediately revoked. The revocation shall be stayed and Respondent is placed on probation for five (5) years (unless extended), on the following terms and conditions.

///

IT IS FURTHER HEREBY ORDERED that, should Respondent Hukyung Kim subsequently be issued a Pharmacist License by the Board, any remaining probation period shall apply to that Pharmacist License. That is, upon satisfaction of statutory and regulatory requirements for issuance thereof, a Pharmacist License shall be issued to Respondent Hukyung Kim and shall be immediately revoked, with the revocation stayed and Respondent placed on probation for the remainder of the five (5) years originally ordered (plus any extensions), on the following terms and conditions.

1. **Obey All Laws**

Respondent shall obey all state and federal laws and regulations.

Respondent shall report any of the following occurrences to the board, in writing, within seventy-two (72) hours of such occurrence:

- an arrest or issuance of a criminal complaint for violation of any provision of the Pharmacy Law, state and federal food and drug laws, or state and federal controlled substances laws
- a plea of guilty or nolo contendere in any state or federal criminal proceeding to any criminal complaint, information or indictment
- a conviction of any crime
- disciplinе, citation, or other administrative action filed by any state or federal agency which involves respondent's Intern Pharmacist Registration or which is related to the practice of pharmacy or the manufacturing, obtaining, handling, distributing, billing, or charging for any drug, device or controlled substance.

Failure to timely report such occurrence shall be considered a violation of probation.

2. **Report to the Board**

Respondent shall report to the board quarterly, on a schedule as directed by the board or its designee. The report shall be made either in person or in writing, as directed. Among other requirements, respondent shall state in each report under penalty of perjury whether there has been compliance with all the terms and conditions of probation. Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency

in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the board.

3. **Interview with the Board**

Upon receipt of reasonable prior notice, respondent shall appear in person for interviews with the board or its designee, at such intervals and locations as are determined by the board or its designee. Failure to appear for any scheduled interview without prior notification to board staff, or failure to appear for two (2) or more scheduled interviews with the board or its designee during the period of probation, shall be considered a violation of probation.

4. **Cooperate with Board Staff**

Respondent shall cooperate with the board's inspection program and with the board's monitoring and investigation of respondent's compliance with the terms and conditions of his probation. Failure to cooperate shall be considered a violation of probation.

5. **Continuing Education**

Respondent shall provide evidence of efforts to maintain skill and knowledge as a pharmacist as directed by the board or its designee.

6. **Notice to Employers**

During the period of probation, respondent shall notify all present and prospective employers of the decision in case number 5747 and the terms, conditions and restrictions imposed on respondent by the decision, as follows:

Within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment, respondent shall cause his direct supervisor, pharmacist-in-charge (including each new pharmacist-in-charge employed during respondent's tenure of employment) and owner to report to the board in writing acknowledging that the listed individual(s) has/have read the decision in case number 5747, and terms and conditions imposed thereby. It shall be respondent's responsibility to ensure that his employer(s) and/or supervisor(s) submit timely acknowledgment(s) to the board.

If respondent works for or is employed by or through a pharmacy employment service,

respondent must notify his direct supervisor, pharmacist-in-charge, and owner at every entity licensed by the board of the terms and conditions of the decision in case number 5747 in advance of the respondent commencing work at each licensed entity. A record of this notification must be provided to the board upon request.

Furthermore, within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment by or through a pharmacy employment service, respondent shall cause his direct supervisor with the pharmacy employment service to report to the board in writing acknowledging that he has read the decision in case number 5747 and the terms and conditions imposed thereby. It shall be respondent's responsibility to ensure that his employer(s) and/or supervisor(s) submit timely acknowledgment(s) to the board.

Failure to timely notify present or prospective employer(s) or to cause that/those employer(s) to submit timely acknowledgments to the board shall be considered a violation of probation.

"Employment" within the meaning of this provision shall include any full-time, part-time, temporary, relief or pharmacy management service as a pharmacist or any position for which a pharmacist license is a requirement or criterion for employment, whether the respondent is an employee, independent contractor or volunteer.

7. **No Supervision of Interns, Serving as Pharmacist-in-Charge (PIC), Serving as Designated Representative-in-Charge, or Serving as a Consultant**

During the period of probation, respondent shall not supervise any intern pharmacist, be the pharmacist-in-charge or designated representative-in-charge of any entity licensed by the board nor serve as a consultant unless otherwise specified in this order. Assumption of any such unauthorized supervision responsibilities shall be considered a violation of probation.

8. **Probation Monitoring Costs**

Respondent shall pay any costs associated with probation monitoring as determined by the board each and every year of probation. Such costs shall be payable to the board on a schedule as directed by the board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

9. **Status of License**

Respondent shall, at all times while on probation, maintain an active, current license with the board, including any period during which suspension or probation is tolled. Failure to maintain an active, current license shall be considered a violation of probation.

If respondent's license expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof due to tolling or otherwise, upon renewal or reapplication respondent's license shall be subject to all terms and conditions of this probation not previously satisfied.

10. **License Surrender While on Probation/Suspension**

Following the effective date of this decision, should respondent cease practice due to retirement or health, or be otherwise unable to satisfy the terms and conditions of probation, respondent may tender his license to the board for surrender. The board or its designee shall have the discretion whether to grant the request for surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, respondent will no longer be subject to the terms and conditions of probation. This surrender constitutes a record of discipline and shall become a part of the respondent's license history with the board.

Upon acceptance of the surrender, respondent shall relinquish his pocket and wall license to the board within ten (10) days of notification by the board that the surrender is accepted. Respondent may not reapply for any license from the board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the board, including any outstanding costs.

11. **Notification of a Change in Name, Residence Address, Mailing Address or Employment**

Respondent shall notify the board in writing within ten (10) days of any change of employment. Said notification shall include the reasons for leaving, the address of the new employer, the name of the supervisor and owner, and the work schedule if known. Respondent shall further notify the board in writing within ten (10) days of a change in name, residence

address, mailing address, or phone number.

Failure to timely notify the board of any change in employer(s), name(s), address(es), or phone number(s) shall be considered a violation of probation.

12. **Employment Requirement: Tolling of Probation**

Except during periods of suspension, respondent shall, at all times while on probation, be employed for the following minimum number of hours per calendar month in California: If he holds only an intern pharmacist license, he shall be employed as an intern pharmacist for a minimum of ten (10) hours per month. If he holds a pharmacist license, she shall be employed as a pharmacist in California for a minimum of forty (40) hours per month.

Any month during which the applicable minimum is not met tolls the period of probation, i.e., the period of probation is extended by one month for each month in which the minimum is not met. During any period of tolling, respondent must comply with all terms and conditions of probation. Should respondent, regardless of residency, for any reason (including vacation) cease practicing for the applicable minimum number of hours per calendar month in California, respondent must notify the board in writing within ten (10) days of the cessation of practice, and must further notify the board in writing within ten (10) days of the resumption of practice.

Any failure to provide such notification(s) shall be considered a violation of probation.

It is a violation of probation for respondent's probation to remain tolled pursuant to the provisions of this condition for a total period, counting consecutive and non-consecutive months or smaller time periods, exceeding thirty-six (36) months.

"Cessation of practice" means any calendar month during which respondent is not practicing as an intern pharmacist or pharmacist as defined by Business and Professions Code section 4000 et seq. for the applicable minimum number of hours. "Resumption of practice" means any calendar month during which respondent is practicing as an intern pharmacist or pharmacist as defined by Business and Professions Code section 4000 et seq. for the applicable minimum number of hours.

13. **Violation of Probation**

If a respondent has not complied with any term or condition of probation, the board shall

have continuing jurisdiction over respondent, and probation shall automatically be extended, until all terms and conditions have been satisfied or the board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed.

If respondent violates probation in any respect, the board, after giving respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. Notice and opportunity to be heard are not required for those provisions stating that a violation thereof may lead to automatic termination of the stay and/or revocation of the license. If a petition to revoke probation or an accusation is filed against respondent during probation, the board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided.

14. **Completion of Probation**

Upon written notice by the board or its designee indicating successful completion of probation, respondent's license will be fully restored.

15. **Pharmacists Recovery Program (PRP)**

Within thirty (30) days of the effective date of this decision, respondent shall contact the Pharmacists Recovery Program (PRP) for evaluation, and shall immediately thereafter enroll, successfully participate in, and complete the treatment contract and any subsequent addendums as recommended and provided by the PRP and as approved by the board or its designee. The costs for PRP participation shall be borne by the respondent.

If respondent is currently enrolled in the PRP, said participation is now mandatory and as of the effective date of this decision is no longer considered a self-referral under Business and Professions Code section 4362(c)(2). Respondent shall successfully participate in and complete his current contract and any subsequent addendums with the PRP.

Failure to timely contact or enroll in the PRP, or successfully participate in and complete the treatment contract and/or any addendums, shall be considered a violation of probation.

Probation shall be automatically extended until respondent successfully completes the PRP. Any person terminated from the PRP program shall be automatically suspended by the board.

Respondent may not resume the practice of pharmacy until notified by the board in writing.

Any confirmed positive test for alcohol or for any drug not lawfully prescribed by a licensed practitioner as part of a documented medical treatment shall result in the automatic suspension of practice by respondent and shall be considered a violation of probation. Respondent may not resume the practice of pharmacy until notified by the board in writing.

During suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, veterinary food-animal drug retailer or any other distributor of drugs which is licensed by the board, or any manufacturer, or where dangerous drugs and devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, manufacturing or dispensing of dangerous drugs and controlled substances. Respondent shall not resume practice until notified by the board.

During suspension, respondent shall not engage in any activity that requires the professional judgment of a pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy. Respondent shall not perform the duties of a pharmacy technician or a designated representative for any entity licensed by the board.

Subject to the above restrictions, respondent may continue to own or hold an interest in any licensed premises in which he holds an interest at the time this decision becomes effective unless otherwise specified in this order.

Failure to comply with this suspension shall be considered a violation of probation.

Respondent shall pay administrative fees as invoiced by the PRP or its designee. Fees not timely paid to the PRP shall constitute a violation for probation. The board will collect unpaid administrative fees as part of the annual probation monitoring costs if not submitted to the PRP.

16. **Random Drug Screening**

Respondent, at his own expense, shall participate in random testing, including but not limited to biological fluid testing (urine, blood), breathalyzer, hair follicle testing, or other drug screening program as directed by the board or its designee. Respondent may be required to

participate in testing for the entire probation period and the frequency of testing will be determined by the board or its designee. At all times, respondent shall fully cooperate with the board or its designee, and shall, when directed, submit to such tests and samples for the detection of alcohol, narcotics, hypnotics, dangerous drugs or other controlled substances as the board or its designee may direct. Failure to timely submit to testing as directed shall be considered a violation of probation. Upon request of the board or its designee, respondent shall provide documentation from a licensed practitioner that the prescription for a detected drug was legitimately issued and is a necessary part of the treatment of the respondent. Failure to timely provide such documentation shall be considered a violation of probation. Any confirmed positive test for alcohol or for any drug not lawfully prescribed by a licensed practitioner as part of a documented medical treatment shall be considered a violation of probation and shall result in the automatic suspension of practice of pharmacy by respondent. Respondent may not resume the practice of pharmacy until notified by the board in writing.

During suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, veterinary food-animal drug retailer or any other distributor of drugs which is licensed by the board, or any manufacturer, or where dangerous drugs and devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, manufacturing or dispensing of dangerous drugs and controlled substances. Respondent shall not resume practice until notified by the board.

During suspension, respondent shall not engage in any activity that requires the professional judgment of a pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy. Respondent shall not perform the duties of a pharmacy technician or a designated representative for any entity licensed by the board.

Subject to the above restrictions, respondent may continue to own or hold an interest in any licensed premises in which he holds an interest at the time this decision becomes effective unless otherwise specified in this order.

Failure to comply with this suspension shall be considered a violation of probation.

17. **Abstain from Drugs and Alcohol Use**

Respondent shall completely abstain from the possession or use of alcohol, controlled substances, dangerous drugs and their associated paraphernalia except when the drugs are lawfully prescribed by a licensed practitioner as part of a documented medical treatment. Upon request of the board or its designee, respondent shall provide documentation from the licensed practitioner that the prescription for the drug was legitimately issued and is a necessary part of the treatment of the respondent. Failure to timely provide such documentation shall be considered a violation of probation. Respondent shall ensure that he is not in the same physical location as individuals who are using illicit substances even if respondent is not personally ingesting the drugs. Any possession or use of alcohol, controlled substances, or their associated paraphernalia not supported by the documentation timely provided, and/or any physical proximity to persons using illicit substances, shall be considered a violation of probation.

18. **Prescription Coordination and Monitoring of Prescription Use**

Within thirty (30) days of the effective date of this decision, respondent shall submit to the board, for its prior approval, the name and qualifications of a single physician, nurse practitioner, physician assistant, or psychiatrist of respondent's choice, who shall be aware of the respondent's history with the use of alcohol, controlled substances, and/or dangerous drugs, and who will coordinate and monitor any prescriptions for respondent for dangerous drugs, controlled substances or mood-altering drugs. The approved practitioner shall be provided with a copy of the board's Statement of Issues and decision. A record of this notification must be provided to the board upon request. Respondent shall sign a release authorizing the practitioner to communicate with the board about respondent's treatment(s). The coordinating physician, nurse practitioner, physician assistant, or psychiatrist shall report to the board on a quarterly basis for the duration of probation regarding respondent's compliance with this condition. If any substances considered addictive have been prescribed, the report shall identify a program for the time limited use of any such substances. The board may require that the single coordinating physician, nurse practitioner, physician assistant or psychiatrist be a specialist in addictive

medicine, or consult a specialist in addictive medicine. Should respondent, for any reason, cease supervision by the approved practitioner, respondent shall notify the board immediately and, within thirty (30) days of ceasing treatment, submit the name of a replacement physician, nurse practitioner, physician assistant, or psychiatrist of respondent's choice to the board or its designee for its prior approval. Failure to timely submit the selected practitioner or replacement practitioner to the board for approval, or to ensure the required reporting thereby on the quarterly reports, shall be considered a violation of probation.

If at any time an approved practitioner determines that respondent is unable to practice safely or independently as a pharmacist, the practitioner shall notify the board immediately by telephone and follow up by written letter within three (3) working days. Upon notification from the board or its designee of this determination, respondent shall be automatically suspended and shall not resume practice until notified by the board that practice may be resumed.

During suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, veterinary food-animal drug retailer or any other distributor of drugs which is licensed by the board, or any manufacturer, or where dangerous drugs and devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, manufacturing or dispensing of dangerous drugs and controlled substances. Respondent shall not resume practice until notified by the board.

During suspension, respondent shall not engage in any activity that requires the professional judgment of a pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy. Respondent shall not perform the duties of a pharmacy technician or a designated representative for any entity licensed by the board.

Subject to the above restrictions, respondent may continue to own or hold an interest in any licensed premises in which he holds an interest at the time this decision becomes effective unless otherwise specified in this order.

Failure to comply with this suspension shall be considered a violation of probation.

19. **Supervised Practice**

During the period of probation, respondent shall practice only under the supervision of a licensed pharmacist not on probation with the board. Upon and after the effective date of this decision, respondent shall not practice pharmacy and his license shall be automatically suspended until a supervisor is approved by the board or its designee. The supervision shall be, as required by the board or its designee, either:

Continuous – At least 75% of a work week

Substantial - At least 50% of a work week

Partial - At least 25% of a work week

Daily Review - Supervisor's review of probationer's daily activities within 24 hours

Within thirty (30) days of the effective date of this decision, respondent shall have his supervisor submit notification to the board in writing stating that the supervisor has read the decision in case number 5747 and is familiar with the required level of supervision as determined by the board or its designee. It shall be the respondent's responsibility to ensure that his employer(s), pharmacist-in-charge and/or supervisor(s) submit timely acknowledgement(s) to the board. Failure to cause the direct supervisor and the pharmacist-in-charge to submit timely acknowledgements to the board shall be considered a violation of probation.

If respondent changes employment, it shall be the respondent's responsibility to ensure that his employer(s), pharmacist-in-charge and/or supervisor(s) submit timely acknowledgement(s) to the board. Respondent shall have his new supervisor, within fifteen (15) days after employment commences, submit notification to the board in writing stating the direct supervisor and pharmacist-in-charge have read the decision in case number 5747 and is familiar with the level of supervision as determined by the board. Respondent shall not practice pharmacy and his license shall be automatically suspended until the board or its designee approves a new supervisor. Failure to cause the direct supervisor and the pharmacist-in-charge to submit timely acknowledgements to the board shall be considered a violation of probation.

Within ten (10) days of leaving employment, respondent shall notify the board in writing.

During suspension, respondent shall not enter any pharmacy area or any portion of the

licensed premises of a wholesaler, veterinary food-animal drug retailer or any other distributor of drugs which is licensed by the board, or any manufacturer, or where dangerous drugs and devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, manufacturing or dispensing of dangerous drugs and controlled substances. Respondent shall not resume practice until notified by the board.

During suspension, respondent shall not engage in any activity that requires the professional judgment of a pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy. Respondent shall not perform the duties of a pharmacy technician or a designated representative for any entity licensed by the board.

Subject to the above restrictions, respondent may continue to own or hold an interest in any licensed premises in which he holds an interest at the time this decision becomes effective unless otherwise specified in this order.

Failure to comply with this suspension shall be considered a violation of probation.

20. **No Ownership of Licensed Premises**

Respondent shall not own, have any legal or beneficial interest in, or serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board. Respondent shall sell or transfer any legal or beneficial interest in any entity licensed by the board within ninety (90) days following the effective date of this decision and shall immediately thereafter provide written proof thereof to the board. Failure to timely divest any legal or beneficial interest(s) or provide documentation thereof shall be considered a violation of probation.

21. **Criminal Probation/Parole Reports**

Respondent shall provide a copy of the conditions of any criminal probation/parole to the board, in writing, within ten (10) days of the issuance or modification of those conditions. Respondent shall provide the name of his probation/parole officer to the board, in writing, within ten (10) days after that officer is designated or a replacement for that officer is designated.

Respondent shall provide a copy of all criminal probation/parole reports to the board within ten (10) days after respondent receives a copy of such a report. Failure to timely make any of the submissions required hereby shall be considered a violation of probation.

12. Ethics Course

Within sixty (60) calendar days of the effective date of this decision, respondent shall enroll in a course in ethics, at respondent's expense, approved in advance by the board or its designee. Failure to initiate the course during the first year of probation, and complete it within the second year of probation, is a violation of probation.

Respondent shall submit a certificate of completion to the board or its designee within five days after completing the course.

ACCEPTANCE

I have carefully read the Stipulated Settlement and Disciplinary Order. I understand the stipulation and the effect it will have on my Intern Pharmacist Registration. I enter into this Stipulated Settlement and Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Board of Pharmacy.

DATED: 8-22-2016

HAKYUNG KIM
Respondent

ENDORSEMENT

The foregoing Stipulated Settlement and Disciplinary Order is hereby respectfully submitted for consideration by the Board of Pharmacy.

Dated: 8/23/2016

BEFORE THE
BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Statement of Issues Against: **HAKYUNG KIM** **Intern Pharmacist Registration Applicant** Respondent.	Case No. 5747 **STATEMENT OF ISSUES**

Complainant alleges:

PARTIES

1. Virginia Herold (Complainant) brings this Statement of Issues solely in her official capacity as the Executive Officer of the Board of Pharmacy, Department of Consumer Affairs.

2. On or about September 14, 2015, the Board of Pharmacy, Department of Consumer Affairs received an application for an Intern Pharmacist Registration from Hakyung Kim (Respondent). On or about August 18, 2015, Hakyung Kim certified under penalty of perjury to the truthfulness of all statements, answers, and representations in the application. The Board denied the application on December 3, 2015.

///

///

JURISDICTION

3. This Statement of Issues is brought before the Board of Pharmacy (Board), Department of Consumer Affairs, under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

4. Section 118, subdivision (a) states:

"(a) The withdrawal of an application for a license after it has been filed with a board in the department shall not, unless the board has consented in writing to such withdrawal, deprive the board of its authority to institute or continue a proceeding against the applicant for the denial of the license upon any ground provided by law or to enter an order denying the license upon any such ground."

5. Section 4300 of the Code states, in pertinent part:

"(c) The board may refuse a license to any applicant guilty of unprofessional conduct. The board may, in its sole discretion, issue a probationary license to any applicant for a license who is guilty of unprofessional conduct and who has met all other requirements for licensure. The board may issue the license subject to any terms or conditions not contrary to public policy, including, but not limited to, the following:

"(1) Medical or psychiatric evaluation.

"(2) Continuing medical or psychiatric treatment.

"(3) Restriction of type or circumstances of practice.

"(4) Continuing participation in a board-approved rehabilitation program.

"(5) Abstention from the use of alcohol or drugs.

"(6) Random fluid testing for alcohol or drugs.

"(7) Compliance with laws and regulations governing the practice of pharmacy.

"(d) The board may initiate disciplinary proceedings to revoke or suspend any probationary certificate of licensure for any violation of the terms and conditions of probation. Upon satisfactory completion of probation, the board shall convert the probationary certificate to a regular certificate, free of conditions."

///

STATUTORY PROVISIONS

6. Section 480 of the Code states, in pertinent part:

"(a) A board may deny a license regulated by this code on the grounds that the applicant has one of the following:

"(1) Been convicted of a crime. A conviction within the meaning of this section means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that a board is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4, 1203.4a, or 1203.41 of the Penal Code.

. . .

"(3) (A) Done any act that if done by a licentiate of the business or profession in question, would be grounds for suspension or revocation of license.

"(B) The board may deny a license pursuant to this subdivision only if the crime or act is substantially related to the qualifications, functions, or duties of the business or profession for which application is made."

7. Section 4301 of the Code states, in pertinent part:

"The board shall take action against any holder of a license who is guilty of unprofessional conduct or whose license has been procured by fraud or misrepresentation or issued by mistake. Unprofessional conduct shall include, but is not limited to, any of the following:

. . .

"(j) The violation of any of the statutes of this state, or any other state, or of the United States regulating controlled substances and dangerous drugs.

. . .

"(l) The conviction of a crime substantially related to the qualifications, functions, and duties of a licensee under this chapter. The record of conviction of a violation of Chapter 13 (commencing with Section 801) of Title 21 of the United States Code regulating controlled substances or of a violation of the statutes of this state regulating controlled substances or

dangerous drugs shall be conclusive evidence of unprofessional conduct. In all other cases, the record of conviction shall be conclusive evidence only of the fact that the conviction occurred. The board may inquire into the circumstances surrounding the commission of the crime, in order to fix the degree of discipline or, in the case of a conviction not involving controlled substances or dangerous drugs, to determine if the conviction is of an offense substantially related to the qualifications, functions, and duties of a licensee under this chapter. A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this provision. The board may take action when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment."

CONTROLLED SUBSTANCES

8. Marijuana is a Schedule I controlled substance as designated by Health and Safety Code section 11054, subdivision (d)(13).

FACTUAL ALLEGATIONS

9. On or about October 26, 2009, in Case No. 9PK07103 in Los Angeles County Superior Court, Respondent was charged with possessing one ounce of marijuana or less (Health & Saf. Code, § 11357, subd. (b)). On or about December 29, 2009, the court dismissed the case. The underlying circumstances are that on or about October 16, 2009, Los Angeles County Sheriff's Department officer observed Respondent in a vehicle in a park after hours, smelled marijuana emanating from the vehicle, searched Respondent's wallet, and found a substance resembling marijuana in the wallet .

10. On or about May 6, 2014, in *People v. Hakyung Kim*, Case No. 3480715HK in San Bernardino County Superior Court, the court convicted Respondent of possession of one ounce of marijuana or less (Health & Saf. Code, § 11357, subd. (b)) and fined him $510. Respondent paid the fine in full. The underlying circumstances are that on or about May 24, 2014, the San

Bernardino County Sheriff's Department cited Respondent for possessing one ounce or less of marijuana.

FIRST CAUSE FOR DENIAL OF APPLICATION
(Conviction of a Crime)
(Bus. & Prof. Code, § 480, subd. (a)(1))

11. Respondent's application for an Intern Pharmacist Registration is subject to denial because he has been convicted of a crime. (Bus. & Prof. Code, § 480, subd. (a)(1).) The circumstances are set forth in paragraph 9, above.

SECOND CAUSE FOR DENIAL OF APPLICATION
(Unprofessional Conduct: Violation of a Statute Regulating Controlled Substances)
(Bus. & Prof. Code, §§ 480, subd. (a)(3), 4301, subd. (j); Health & Saf. Code, § 11054, subd. (d)(13))

12. Respondent's application for an Intern Pharmacist Registration is subject to denial because he engaged in unprofessional conduct by violating a statute regulating controlled substances. (Bus. & Prof. Code, § 480, subd. (a)(3), 4301, subd. (j); Health & Saf. Code, § 11054, subd. (d)(13)).) The circumstances are set forth in paragraphs 8 and 9, above.

THIRD CAUSE FOR DENIAL OF APPLICATION
(Unprofessional Conduct: Conviction of a Substantially Related Crime)
(Bus. & Prof. Code, §§ 480, subd. (a)(3), 4301, subd. (*l*); Health & Saf. Code, § 11054, subd. (d)(13))

13. Respondent's application for an Intern Pharmacist Registration is subject to denial because he engaged in unprofessional conduct by being convicted of a substantially related crime involving a controlled substance. (Bus. & Prof. Code, § 480, subd. (a)(3), 4301, subd. (*l*); Health & Saf. Code, § 11054, subd. (d)(13)).) The circumstances are set forth in paragraphs 8 and 9, above.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters alleged in this Statement of Issues, and that following the hearing, the Board of Pharmacy issue a decision:

1. Denying the application of Hakyung Kim for a Intern Pharmacist Registration; and

///

///

2. Taking such other and further action as deemed necessary and proper.

RE: Petition for Reinstatement of Pharmacist License
Cesar B. Cabrera, RPH 41132

Dear Mr. Cabrera:

Attached is the Decision and Order of the Board of Pharmacy (Board) regarding the above-referenced matter. Your attention is directed to pages 7-8 of the Decision.

Effective July 22, 2021, your petition for reinstatement of Pharmacist License No. RPH 41132, is granted. Upon satisfaction of the following conditions, your pharmacist license shall be reinstated:

a. Take and pass the California Pharmacist Jurisprudence Examination (CPJE) and Northern American Pharmacist Licensure Examination (NAPLEX) within one (1) year of the effective date of this decision. Failure to take and pass the examinations within one (1) of the effective date of this Order shall invalidate the order granting the petition for reinstatement, petitioner shall be deemed to have failed the conditions precedent to re-licensure and your pharmacist license shall remain revoked.
b. You shall pay all costs of the examinations required by the Board.
c. You are required to be fingerprinted as part of the re-licensure process. Live scan information can be found on the Board's website as part of the pharmacist licensure and examination application packet. Please submit a copy of the completed live scan form with a copy of this letter. Upon written notice by the Board indicating fulfillment of these conditions, your license will be fully reinstated. In addition, upon successful passing the examinations you shall pay the licensing fee of $527.00 ($505 renewal fee, $22 CURES fee).

DECLARATION OF SERVICE BY CERTIFIED MAIL

RE: Petition for Reinstatement of Pharmacist License
Cesar B. Cabrera, RPH 41132

I am over 18 years of age, and not a party to the within cause; my business address is 2720 Gateway Oaks Drive, Suite 100, Sacramento, California 95833. I served a copy of the:

LETTER AND DECISION

on each of the following, by placing same in an envelope(s) addressed as follows:

NAME	CERTIFIED NO.
Cesar B. Cabrera [redacted] Via Navarra Mission Viejo, CA 92691	7019 2970 0002 2050 1357
Adam B. Brown, Esq. 3848 W. Carson Street, Suite 206 Torrance, CA 90503	7019 2970 0002 2050 1364

and that said envelope was then sealed and deposited and certified in the United States Post Office at Sacramento, California, on June 22, 2021, as certified mail with postage fully prepaid thereon and return receipt service by United States mail between the place of mailing and the place so addressed.

I declare under penalty of perjury that the foregoing is true and correct. Executed on June 22, 2021, at Sacramento, California.

Susan Cappello, Enforcement Manager

If you wish to file a petition for reconsideration pursuant to Government Code section 11521, the petition must be received prior to the effective date of the decision. However, please be aware the Board needs approximately five days to process a petition for reconsideration. Attached is a copy of the Government Code section for your review.

If you have any questions concerning this matter, you may contact me at (916) 518-3008.

Sincerely,

Anne Sodergren
Executive Officer

BEFORE THE
CALIFORNIA STATE BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Petition for Reinstatement of:

CESAR B. CABRERA, Petitioner

Agency Case No. 2949

OAH No. 2021030370

DECISION

This matter was heard on March 18, 2021, before a quorum of the California State Board of Pharmacy (Board), Department of Consumer Affairs, by WebEx. Administrative Law Judge Coren D. Wong, Office of Administrative Hearings, State of California, presided.

Kristina T. Jarvis, Deputy Attorney General, appeared pursuant to Government Code section 11522.

Adam B. Brown of the Law Office of Brown & Brown represented petitioner Cesar B. Cabrera, who was present throughout the hearing.

Evidence was received, the record closed, and the matter submitted for written decision on March 18, 2021.

SUMMARY

Petitioner seeks reinstatement of his license to practice pharmacy, which was revoked because he violated the conditions of his probation. When all the evidence is considered, petitioner established that he has been sufficiently rehabilitated to justify reinstating his license after he completes the licensing examinations and pays the outstanding costs he owes the Board. Therefore, his petition is granted.

FACTUAL FINDINGS

License History

1. The Board issued petitioner Pharmacist License Number RPH 41132 on August 18, 1987.

PRIOR ACCUSATION

2. On July 27, 2004, a former Executive Officer of the Board signed an Accusation seeking to discipline petitioner's license because he was convicted of a crime substantially related to the qualifications, functions, or duties of a pharmacist – possession for sale of hydrocodone. Petitioner signed a stipulated settlement placing his license on probation for five years. Conditions of probation included: 1) a 90-day license suspension; 2) reimbursing the Board $6,300 for its costs of investigation and enforcement; 3) completing a rehabilitation program; and 4) abstain from drugs and alcohol.

3. The Board adopted the stipulated settlement on February 4, 2005. Petitioner's five-year probation period began March 5, 2005.

PETITION TO REVOKE PROBATION

4. On April 21, 2006, a former Executive Officer of the Board filed a Petition to Revoke petitioner's probation. The Petition to Revoke alleged that petitioner: 1) practiced pharmacy while his license was suspended; 2) failed to reimburse the Board for its costs of investigation and enforcement; 3) failed to comply with the requirements of a rehabilitation program by being terminated from the Pharmacist Recovery Program (PRP), testing positive for alcohol, returning to work without having a worksite monitor agreement, working at a facility with a relative, failing to enter inpatient chemical dependency treatment, returning to work after relapse, returning to work after being suspended by the PRP, and failing to comply with his PRP contract; and 4) tested positive for alcohol.

5. Petitioner signed a stipulated settlement revoking his license. The Board issued a Decision and Order adopting the stipulated settlement on January 22, 2007, and the effective date of petitioner's license revocation was February 21, 2007.

Petition for Reinstatement

6. On November 26, 2019, petitioner signed a Petition for Reinstatement, which the Board received three months later.

7. Petitioner has been sober from alcohol since July 17, 2009. He obtained his sobriety by attending a 28-day residential treatment program at Hoag Hospital Addiction Treatment, completing an intensive outpatient program at Pacific Hills Treatment, participating in group therapy at Addiction Treatment for Health Care Professionals, and completing a nine-month/500-hour residential treatment program at Residential Drug Abuse Program. Petitioner continues to attend Alcoholics Anonymous meetings to help maintain his sobriety.

8. Petitioner obtained his drug and alcohol counselor certificate from Saddleback College in 2014, and has been working in the recovery field since then. He has worked as a Case Manager/Certified Counselor at Sobertec, LLC, a Case Manager/Behavioral Technician at SoCal Detox, LLC, and the Clinical Director/Program Director for Beachside Recovery, LLC.

9. Petitioner was the Executive Director of Milestone Addiction Centers from August 2016 to June 2019. He was responsible for overseeing the day-to-day operations of a 52-bed residential treatment center in Costa Mesa, California. He has been the Assistant Clinical Director and Compliance Officer for Inspire Health Center since June 2019. Inspire Health Center is a residential drug and alcohol treatment facility in Newport Beach, California. He is responsible for overseeing the clinical aspect of the treatment program and assisting with administrative duties. Additionally, he helps develop, initiate, maintain, and revise policies and procedures to ensure the program remains in compliance with the Joint Commission on Accreditation of Health Care Organizations and state licensing requirements.

10. Petitioner discovered a new passion working with those addicted to drugs and/or alcohol. He estimated the number of people he has counseled since 2014 to be "in the hundreds." He explained that working with others battling addictions keeps him "grounded." If his license is reinstated, he intends to continue serving those in recovery by working at a retail pharmacy that serves detox facilities and residential treatment homes.

11. Petitioner completed 62.5 hours of continuing education between June 14, 2017, and February 5, 2021. However, only 30.5 hours were Board-approved programs, all of which were completed on February 4 and 5, 2021. At hearing,

petitioner explained the remaining 32 hours were completed as part of the requirements for maintaining his drug and alcohol counselor certificate.

12. Petitioner submitted four letters of recommendation that were subsequently verified by Board staff – two from licensed pharmacists and two from citizens. Although the two licensed pharmacists were aware of petitioner's disciplinary history, neither of the citizens were. However, all four authors wrote in favor of reinstating petitioner's license.

13. At hearing, petitioner recognized that his license could be reinstated on a probationary basis, and unhesitatingly expressed his willingness to comply with any terms and conditions imposed by the Board. He explained he did not understand his obligation to reimburse the Board for its costs of investigation and enforcement prior to his license being revoked, but now recognizes his obligation to do so. He owed $3,137.50 as of the date of hearing.

Analysis

14. The conduct underlying the Board's revocation of petitioner's license was serious. He violated the Pharmacy Law (Bus. & Prof. Code, § 4000 et seq.), and the Board deemed it appropriate to place him on five years' probation. He violated numerous conditions of probation, including the temporary suspension of his license. Petitioner's license was revoked on February 21, 2007, and he has not practiced pharmacy for more than 14 years.

15. Petitioner spent the first few years after his license was revoked focusing on obtaining sobriety from alcohol. He achieved sobriety on July 17, 2009, and has maintained his sobriety ever since. He obtained certification as a drug and alcohol counselor in 2014 and committed himself to helping others battling addiction. He

confirmed his commitment at hearing by describing his plans to work in a retail pharmacy serving detox facilities and residential treatment homes if his license is reinstated.

16. Petitioner's evidence and testimony was credible. He demonstrated insight into the misconduct which led to his license being revoked. He showed remorse for that conduct. When all the evidence is considered, petitioner produced clear and convincing evidence of his ability to return to the practice of pharmacy in a manner consistent with public health, safety, and welfare, subject to the conditions precedent specified below.

LEGAL CONCLUSIONS

Applicable Burden/Standard of Proof

1. Petitioner has the burden of proving his eligibility for reinstatement, and he must do so by clear and convincing evidence. (*Hippard v. State Bar of California* (1990) 49 Cal.3d 1084, 1091-1092.) "The courts have defined clear and convincing evidence as evidence which is so clear as to leave no substantial doubt and as sufficiently strong to command the unhesitating assent of every reasonable mind. [Citations.] It has been said that a preponderance calls for probability, while clear and convincing proof demands a high probability [citations]." (*In re Terry D.* (1978) 83 Cal.App.3d 890, 899; italics omitted.)

Applicable Law

2. A pharmacist may petition the Board for reinstatement after three years have elapsed since the effective date of the disciplinary order. (Bus. & Prof. Code, §

4309, subd. (a)(1).) When deciding a petition, the Board may consider factors such as the petitioner's actions since discipline was imposed, the offenses for which discipline was opposed, and the petitioner's rehabilitation. (Bus. & Prof. Code, § 4309, subd. (d)(1), (2) & (4).)

The Attorney General must be given notice of any petition filed, and "shall be afforded an opportunity to present either oral or written argument before the" Board. (Gov. Code, § 11522.)

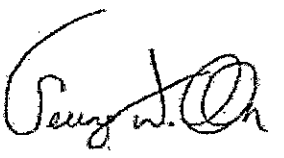
Conclusion

3. Petitioner met his burden of producing clear and convincing evidence of sufficient rehabilitation to justify reinstatement for the reasons explained in Factual Findings 14 through 16. Therefore, his Petition for Reinstatement is granted.

ORDER

It is hereby ordered that petitioner Cesar B. Cabrera's petition for reinstatement is GRANTED. Upon satisfaction of the following conditions precedent, Pharmacist License Number RPH 41132 shall be reinstated:

1. Petitioner shall take and pass The North American Pharmacist Licensure Examination (NAPLEX) and the California Practice Standards and Jurisprudence Examination for Pharmacists (CPJE) within one (1) year of the effective date of this Order. Failure to take and pass the examinations within one (1) year of the effective date of this Order shall invalidate the order granting the petition for reinstatement, petitioner shall be deemed to have failed the conditions precedent for re-licensure, and Pharmacist License Number RPH 41132 shall remain revoked.



2. Petitioner shall pay the fees in place at the time for these examinations.

3. Petitioner shall pay all applicable application and licensing fees as well as any outstanding costs of investigation and enforcement.

This Decision shall become effective at 5:00 p.m. on July 28, 2021.

It is so ORDERED on June 28, 2021.

Sacramento, California 95834

June 3, 2019

To the Reinstatement Committee:

It is my pleasure to provide support of the application for reinstatement for Dr. Cesar Cabrera, Pharm. D. Our families have known each other for over 15 years. We were members at the Cabrera's martial arts school. We also attend the same church and have supported each other's children in spiritual mission trips. During this time I came to know Dr. Cabrera as a professional colleague. I have personally witnessed Dr. Cabrera's de-escalate an agitated patient with his demeanor and professionalism at his previous pharmacist position prior to the revocation. I am fully aware of the details for case numbers: 2949 and 2777 and understand the Board of Pharmacy's disciplinary penalties imposed upon Dr. Cabrera.

Over the period of revocation, I have observed Dr. Cabrera making improvements in his personal and professional struggles and continues to provide the best he can for his family. Dr. Cabrera has attended our church's support group for chemical dependency as well as other outside support and recovery programs.
Professionally, Dr. Cabrera has acquired a certificate as an addiction counselor and has been counseling patients and is currently working as an administrator for an addiction center. His current knowledge in addiction treatment exceeds the knowledge of general practicing pharmacists.

With his specialized knowledge and experience, and my observed performance, I would support the reinstatement of Dr. Cabrera's pharmacist license.
I believe Dr. Cabrera has much to offer and contribute to the care and safety of the public and the profession.

Sincerely,

Mark Chew, Pharm.D.
Chief Pharmacist
Orange County Emergency Medical Services

June 17, 2019

To the Reinstatement Committee:

I am writing this letter of recommendation on behalf of Cesar Cabrera. I have known Cesar personally since 2015 and have worked with him as a colleague since 2016. I am a client advocate/case manager for Milestone Addiction Centers in Costa Mesa and Cesar is my supervisor. It is with much enthusiasm that I recommend and support Cesar Cabrera for reinstatement.

On a personal level, Cesar and I share similar stories as it relates to substance use issues and recovery in the past and he has shared his trials and tribulations that resulted in the loss of his pharmacy license. As a result, we have become very close and we have even attended 12 step meetings on occasion. As a counselor, Cesar has vast knowledge of the addiction field because of his pharmacy background and he is able to connect and build rapport with the clients that need help.

I have seen the growth and transformation of Cesar in his recovery over the years I have known him. He is humble in so many ways and he is grateful for all the things that sobriety has brought in his life. It is with great pleasure that I recommend Cesar for reinstatement.

Sincerely,
Rick Hughes

July 13, 2019

To the Reinstatement Committee:

I am writing this letter on behalf of my colleague Cesar Cabrera. I have known Dr. Cabrera for 2 years through Milestone Recovery. He has consistently been a hardworking and highly successful colleague.

Dr. Cabrera has always provided me with a great example of what hard work and dedication looks like. Dr. Cabrera is currently working a fulltime job, maintains his busy schedule, and still finds time to balance his family time and his time for self-care. Since meeting Dr. Cabrera, I have looked up to him and his constant motivation to make improvements to not only his work life and relationships, but also his personal life and relationships. He strives to make others' lives better on a daily basis. When asked for help, Dr. Cabrera always helps without hesitation.

I know Dr. Cabrera to be dependable, reliable and to maintain his integrity. He has exhibited a high level of patience and understanding when dealing with others. Dr. Cabrera has never turned down a challenge and is always willing to work with a team to accomplish goals. My experience with him has been nothing less than uplifting.

It is both my personal and professional opinion that Dr. Cabrera should have his license reinstated. Dr. Cabrera maintains the capacity to help many people change their lives in a positive direction.

Please feel free to contact me with any questions or concerns.

Best regards,

Corine M. Charm, PhD, LMFT #52333

Sacramento, CA 95834

Dear California State Board of Pharmacy,

It is with great pleasure that I write this letter recommending Cesar Cabrera for reinstatement to practice pharmacy. I am aware that Cesar surrendered his License in 2007 because of his issues with substance abuse. I've known Cesar and his wife for 2 years now and he has been able to overcome that addiction by seeking help at a treatment center. From his stay at the treatment center he was able to stay grounded and humble. Then after successful graduation from the treatment realized that this is the world that Cesar is interested in so he went back to school to receive a certification for Drug and Alcohol studies. From there he used his pharmacy background to help open and develop Detox and residential programs at several recovery centers. Cesar currently serves as the Executive Director at Milestone Addiction Centers. Cesar understands the troubles that addiction causes and nothing makes him happier than to be able to help people who are struggling with this. Since he is so involved with patients Cesar is constantly reminded that he does not want to fall back into the world of addiction and abuse. I truly believe that Cesar has learned from his past mistakes and will not partake in any future faults.

Thank you for taking the time toread my letter. I can be reached at [redacted] or at [redacted]

Sincerely,

Tien Minh Vo

Newport Beach, CA. 926600

California State Board of Pharmacy
1625 N. Market Blvd. N219
Sacramento, CA. 95834

To the Reinstatement Committee:
California Board of Pharmacy,

I am writing on behalf of Cesar Cabrera. I have known Cesar Cabrera for the past 2 years and it is with great pleasure to write a letter recommending for his reinstatement to practice pharmacy once again. I have known Cesar as a hard-working individual with dedication to the clients he helps at Inspire Health Center as the Assistant Clinical Director. He is reliable and he is always there to help anyone that is in need.

I am aware of the unfortunate situation Cesar has gone through with his substance use and that he had to surrender his pharmacy license some 14 years ago. I've known Cesar through communication with Inspire Health Centers and through his wife who is a colleague at the pharmacy. Cesar Cabrera went back to school to study and obtain a certification in Drug and Alcohol studies. With the use of his pharmacy background, he has helped open several Detox and Residential treatment centers, his latest being Inspire Health Centers as an Assistant Clinical Director.

I believe Cesar Cabrera will be an asset in the practice of pharmacy by gaining experience in the process of addiction because he will be able to recognize the patient who are struggling with substances and he will be able to offer help. We are in a time where substance use is increasing and causing untimely deaths to many. With Cesar's experience in the field of addiction, he plays a big part in the prevention of this uncanny disease of addiction. It is this reason why I strongly recommend the reinstatement of Cesar as a pharmacist.

Sincerely,

Craig Hitchman

Re: Inquiry from ~~Oregon~~ NEVADA Board of Pharmacy

Dear Cesar-

I've reviewed the items requested by Mr. Hunt of the Board of Pharmacy. You have asked me to address items 2, 4, 5 and 7 of the requests.

Initially, I note that along with attorney (now Superior Court Judge) Gary Pohlson, I represented you on the federal case in Santa Ana, California from 2008 to 2010. In that the case is 12 years old, I have no hard copies of your case material. I do, however, have some electronic documents, plus access to PACER, the federal court docket system.

I have the following responses to the items listed:

2. The 2-6-04 incident was 3-4 years before I began representing you. I have no recall of such an event and no responding documents.

4. On 6-5-08, DEA arrested you and took you to their Orange County offices. You and I spent several hours with the agents and

• Admitted-California & Hawaii • Fellow-American College of Trial Lawyers •
fax: 949-706-9994 • e-mail: deansteward7777@gmail.com

agreed to cooperate and assist them in further investigation. You were released that day and if there was a report generated, it was never shared with you and me.

5. The 7-14-08 incident was our initial appearance in federal court in Santa Ana after arriving at a disposition. You were summoned to court, not arrested. You were admitted to bail after a routine court appearance. I attach the docket entry for that day.

7. On the August 16, 2010 incident, I am unaware of any such occurrence. I believe that was about the time you self-surrendered to serve your sentence. I have checked the PACER data base for the District of Kansas and your name does not appear there. I attached confirmation.

Please let me know if you need any further information.

Sincerely,

H. Dean Steward

UNITED STATES DISTRICT COURT
CENTRAL DISTRICT OF CALIFORNIA

CRIMINAL MINUTES - ARRAIGNMENT

Case Number: 8:08-CR-00167 Recorder: CS 07/14/2008 Date: 07/14/2008

Present: The Honorable Marc L. Goldman, U.S. Magistrate Judge

Court Clerk: Terri Steele Assistant U.S. Attorney: Carmen Luege

United States of America v.	Attorney Present for Defendant(s)	Language	Interpreter
CESAR CABRERA Summons	H. Dean Steward Retained

Attorneys for Plaintiff
UNITED STATES OF AMERICA

UNITED STATES DISTRICT COURT

FOR THE CENTRAL DISTRICT OF CALIFORNIA

UNITED STATES OF AMERICA, Plaintiff, v. CESAR CABRERA, Defendant.	No. SA CR 08-167 STIPULATION RE BAIL RELEASE CONDITIONS; AND ORDER UNDER SEAL

United States of America, through its attorney of record, Assistant United States Attorney Carmen R. Luege, and defendant Cesar Cabrera, individually and through his attorney of record, stipulate and agree as follows:

1. Defendant is scheduled to appear for post indictment arraignment on July 14, 2008.

2. Defendant has signed a cooperation plea agreement and will be assisting the Drug Enforcement Administration (DEA) and the Internal Revenue Service (IRS) with an ongoing criminal investigation. As part of his cooperation, defendant may be

required to negotiate drug transactions with the targets of the investigation.

3. Pretrial Services does not supervise defendants who are cooperating with the government, particularly when the cooperation may require that defendant have contact with the targets of the investigation.

THEREFORE, IT IS HEREBY AGREED AND STIPULATED that defendant be released on bail pending trial on the following conditions:

(1) A $100,000 appearance bond with affidavit of surety without justification executed by defendant's spouse.

(2) Defendant shall be subject to intensive supervision by DEA Diversion Investigator (DI) Violeta Willmott and IRS SA Remoun Karlous.

(3) Defendant shall surrender all passports to the SA Remoun Karlous and not apply for the issuance of a passport during the pendency of this case.

(4) Defendant's travel is to be restricted to the Central District of California unless otherwise permitted by DI Willmott or SA Karlous.

(5) Defendant shall not enter a seaport, an airport, or any other terminal that permits exit from the continental United States without DI Willmott's or SA Karlous' permission.

(6) Defendant shall not use or possess any illegal drugs.

(7) Defendant shall be subject to drug/alcohol testing as deemed necessary by DI Willmott or SA Karlous.

Date

United States District Court Judge

MARC L. GOLDMAN
U.S. MAGISTRATE JUDGE

(8) Defendant shall not possess any kind of firearms or destructive devices.

(9) Defendant shall be subject to searches of his person and/or property by DI Willmott or SA Karlous Relating to and to insure compliance with conditions of bail.

(10) Defendant shall maintain verifiable ~~lawful~~ employment.

(11) Defendant shall participate in mental health counseling and/or treatment as deemed necessary by DI Willmott or SA Karlous. Defendant shall pay all cost of the mental health counseling/treatment.

~~IT IS FURTHER AGREED AND STIPULATED, that if defendant violates any of the conditions set forth above, the bond will be forfeited and an arrest warrant will be issued to place defendant in the custody of the U.S. Marshal pending trial.~~

[redacted] Via Navarra
Mission Viejo, CA 92691

RE: Petition for Reinstatement of Pharmacist License
Cesar B. Cabrera, RPH 41132

Dear Mr. Cabrera:

Attached is the Decision and Order of the Board of Pharmacy (Board) regarding the above-referenced matter. Your attention is directed to pages 7-8 of the Decision.

Effective July 22, 2021, your petition for reinstatement of Pharmacist License No. RPH 41132, is granted. Upon satisfaction of the following conditions, your pharmacist license shall be reinstated:

a. Take and pass the California Pharmacist Jurisprudence Examination (CPJE) and Northern American Pharmacist Licensure Examination (NAPLEX) within one (1) year of the effective date of this decision. Failure to take and pass the examinations within one (1) of the effective date of this Order shall invalidate the order granting the petition for reinstatement, petitioner shall be deemed to have failed the conditions precedent to re-licensure and your pharmacist license shall remain revoked.
b. You shall pay all costs of the examinations required by the Board.
c. You are required to be fingerprinted as part of the re-licensure process. Live scan information can be found on the Board's website as part of the pharmacist licensure and examination application packet. Please submit a copy of the completed live scan form with a copy of this letter. Upon written notice by the Board indicating fulfillment of these conditions, your license will be fully reinstated. In addition, upon successful passing the examinations you shall pay the licensing fee of $527.00 ($505 renewal fee, $22 CURES fee).

If you wish to file a petition for reconsideration pursuant to Government Code section 11521, the petition must be received prior to the effective date of the decision. However, please be aware the Board needs approximately five days to process a petition for reconsideration. Attached is a copy of the Government Code section for your review.

If you have any questions concerning this matter, you may contact me at (916) 518-3008.

Sincerely,

Anne Sodergren
Executive Officer

DECLARATION OF SERVICE BY CERTIFIED MAIL

RE: Petition for Reinstatement of Pharmacist License
Cesar B. Cabrera, RPH 41132

I am over 18 years of age, and not a party to the within cause; my business address is 2720 Gateway Oaks Drive, Suite 100, Sacramento, California 95833. I served a copy of the:

LETTER AND DECISION

on each of the following, by placing same in an envelope(s) addressed as follows:

NAME	CERTIFIED NO.
Cesar B. Cabrera [redacted] Via Navarra Mission Viejo, CA 92691	7019 2970 0002 2050 1357
Adam B. Brown, Esq. 3848 W. Carson Street, Suite 206 Torrance, CA 90503	7019 2970 0002 2050 1364

and that said envelope was then sealed and deposited and certified in the United States Post Office at Sacramento, California, on June 22, 2021, as certified mail with postage fully prepaid thereon and return receipt service by United States mail between the place of mailing and the place so addressed.

I declare under penalty of perjury that the foregoing is true and correct. Executed on June 22, 2021, at Sacramento, California.

Susan Cappello, Enforcement Manager

BEFORE THE
CALIFORNIA STATE BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Petition for Reinstatement of:

CESAR B. CABRERA, Petitioner

Agency Case No. 2949

OAH No. 2021030370

DECISION

This matter was heard on March 18, 2021, before a quorum of the California State Board of Pharmacy (Board), Department of Consumer Affairs, by WebEx. Administrative Law Judge Coren D. Wong, Office of Administrative Hearings, State of California, presided.

Kristina T. Jarvis, Deputy Attorney General, appeared pursuant to Government Code section 11522.

Adam B. Brown of the Law Office of Brown & Brown represented petitioner Cesar B. Cabrera, who was present throughout the hearing.

Evidence was received, the record closed, and the matter submitted for written decision on March 18, 2021.

SUMMARY

Petitioner seeks reinstatement of his license to practice pharmacy, which was revoked because he violated the conditions of his probation. When all the evidence is considered, petitioner established that he has been sufficiently rehabilitated to justify reinstating his license after he completes the licensing examinations and pays the outstanding costs he owes the Board. Therefore, his petition is granted.

FACTUAL FINDINGS

License History

1. The Board issued petitioner Pharmacist License Number RPH 41132 on August 18, 1987.

PRIOR ACCUSATION

2. On July 27, 2004, a former Executive Officer of the Board signed an Accusation seeking to discipline petitioner's license because he was convicted of a crime substantially related to the qualifications, functions, or duties of a pharmacist – possession for sale of hydrocodone. Petitioner signed a stipulated settlement placing his license on probation for five years. Conditions of probation included: 1) a 90-day license suspension; 2) reimbursing the Board $6,300 for its costs of investigation and enforcement; 3) completing a rehabilitation program; and 4) abstain from drugs and alcohol.

3. The Board adopted the stipulated settlement on February 4, 2005. Petitioner's five-year probation period began March 5, 2005.

PETITION TO REVOKE PROBATION

4. On April 21, 2006, a former Executive Officer of the Board filed a Petition to Revoke petitioner's probation. The Petition to Revoke alleged that petitioner: 1) practiced pharmacy while his license was suspended; 2) failed to reimburse the Board for its costs of investigation and enforcement; 3) failed to comply with the requirements of a rehabilitation program by being terminated from the Pharmacist Recovery Program (PRP), testing positive for alcohol, returning to work without having a worksite monitor agreement, working at a facility with a relative, failing to enter inpatient chemical dependency treatment, returning to work after relapse, returning to work after being suspended by the PRP, and failing to comply with his PRP contract; and 4) tested positive for alcohol.

5. Petitioner signed a stipulated settlement revoking his license. The Board issued a Decision and Order adopting the stipulated settlement on January 22, 2007, and the effective date of petitioner's license revocation was February 21, 2007.

Petition for Reinstatement

6. On November 26, 2019, petitioner signed a Petition for Reinstatement, which the Board received three months later.

7. Petitioner has been sober from alcohol since July 17, 2009. He obtained his sobriety by attending a 28-day residential treatment program at Hoag Hospital Addiction Treatment, completing an intensive outpatient program at Pacific Hills Treatment, participating in group therapy at Addiction Treatment for Health Care Professionals, and completing a nine-month/500-hour residential treatment program at Residential Drug Abuse Program. Petitioner continues to attend Alcoholics Anonymous meetings to help maintain his sobriety.

8. Petitioner obtained his drug and alcohol counselor certificate from Saddleback College in 2014, and has been working in the recovery field since then. He has worked as a Case Manager/Certified Counselor at Sobertec, LLC, a Case Manager/Behavioral Technician at SoCal Detox, LLC, and the Clinical Director/Program Director for Beachside Recovery, LLC.

9. Petitioner was the Executive Director of Milestone Addiction Centers from August 2016 to June 2019. He was responsible for overseeing the day-to-day operations of a 52-bed residential treatment center in Costa Mesa, California. He has been the Assistant Clinical Director and Compliance Officer for Inspire Health Center since June 2019. Inspire Health Center is a residential drug and alcohol treatment facility in Newport Beach, California. He is responsible for overseeing the clinical aspect of the treatment program and assisting with administrative duties. Additionally, he helps develop, initiate, maintain, and revise policies and procedures to ensure the program remains in compliance with the Joint Commission on Accreditation of Health Care Organizations and state licensing requirements.

10. Petitioner discovered a new passion working with those addicted to drugs and/or alcohol. He estimated the number of people he has counseled since 2014 to be "in the hundreds." He explained that working with others battling addictions keeps him "grounded." If his license is reinstated, he intends to continue serving those in recovery by working at a retail pharmacy that serves detox facilities and residential treatment homes.

11. Petitioner completed 62.5 hours of continuing education between June 14, 2017, and February 5, 2021. However, only 30.5 hours were Board-approved programs, all of which were completed on February 4 and 5, 2021. At hearing,

petitioner explained the remaining 32 hours were completed as part of the requirements for maintaining his drug and alcohol counselor certificate.

12. Petitioner submitted four letters of recommendation that were subsequently verified by Board staff – two from licensed pharmacists and two from citizens. Although the two licensed pharmacists were aware of petitioner's disciplinary history, neither of the citizens were. However, all four authors wrote in favor of reinstating petitioner's license.

13. At hearing, petitioner recognized that his license could be reinstated on a probationary basis, and unhesitatingly expressed his willingness to comply with any terms and conditions imposed by the Board. He explained he did not understand his obligation to reimburse the Board for its costs of investigation and enforcement prior to his license being revoked, but now recognizes his obligation to do so. He owed $3,137.50 as of the date of hearing.

Analysis

14. The conduct underlying the Board's revocation of petitioner's license was serious. He violated the Pharmacy Law (Bus. & Prof. Code, § 4000 et seq.), and the Board deemed it appropriate to place him on five years' probation. He violated numerous conditions of probation, including the temporary suspension of his license. Petitioner's license was revoked on February 21, 2007, and he has not practiced pharmacy for more than 14 years.

15. Petitioner spent the first few years after his license was revoked focusing on obtaining sobriety from alcohol. He achieved sobriety on July 17, 2009, and has maintained his sobriety ever since. He obtained certification as a drug and alcohol counselor in 2014 and committed himself to helping others battling addiction. He

confirmed his commitment at hearing by describing his plans to work in a retail pharmacy serving detox facilities and residential treatment homes if his license is reinstated.

16. Petitioner's evidence and testimony was credible. He demonstrated insight into the misconduct which led to his license being revoked. He showed remorse for that conduct. When all the evidence is considered, petitioner produced clear and convincing evidence of his ability to return to the practice of pharmacy in a manner consistent with public health, safety, and welfare, subject to the conditions precedent specified below.

LEGAL CONCLUSIONS

Applicable Burden/Standard of Proof

1. Petitioner has the burden of proving his eligibility for reinstatement, and he must do so by clear and convincing evidence. (*Hippard v. State Bar of California* (1990) 49 Cal.3d 1084, 1091-1092.) "The courts have defined clear and convincing evidence as evidence which is so clear as to leave no substantial doubt and as sufficiently strong to command the unhesitating assent of every reasonable mind. [Citations.] It has been said that a preponderance calls for probability, while clear and convincing proof demands a high probability [citations]." (*In re Terry D.* (1978) 83 Cal.App.3d 890, 899; italics omitted.)

Applicable Law

2. A pharmacist may petition the Board for reinstatement after three years have elapsed since the effective date of the disciplinary order. (Bus. & Prof. Code, §

4309, subd. (a)(1).) When deciding a petition, the Board may consider factors such as the petitioner's actions since discipline was imposed, the offenses for which discipline was opposed, and the petitioner's rehabilitation. (Bus. & Prof. Code, § 4309, subd. (d)(1), (2) & (4).)

The Attorney General must be given notice of any petition filed, and "shall be afforded an opportunity to present either oral or written argument before the" Board. (Gov. Code, § 11522.)

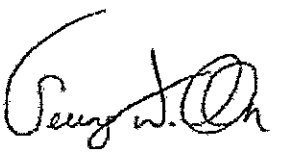
Conclusion

3. Petitioner met his burden of producing clear and convincing evidence of sufficient rehabilitation to justify reinstatement for the reasons explained in Factual Findings 14 through 16. Therefore, his Petition for Reinstatement is granted.

ORDER

It is hereby ordered that petitioner Cesar B. Cabrera's petition for reinstatement is GRANTED. Upon satisfaction of the following conditions precedent, Pharmacist License Number RPH 41132 shall be reinstated:

1. Petitioner shall take and pass The North American Pharmacist Licensure Examination (NAPLEX) and the California Practice Standards and Jurisprudence Examination for Pharmacists (CPJE) within one (1) year of the effective date of this Order. Failure to take and pass the examinations within one (1) year of the effective date of this Order shall invalidate the order granting the petition for reinstatement, petitioner shall be deemed to have failed the conditions precedent for re-licensure, and Pharmacist License Number RPH 41132 shall remain revoked.



2. Petitioner shall pay the fees in place at the time for these examinations.

3. Petitioner shall pay all applicable application and licensing fees as well as any outstanding costs of investigation and enforcement.

This Decision shall become effective at 5:00 p.m. on July 28, 2021.

It is so ORDERED on June 28, 2021.

Corrections to Stipulated Revocation of License and Order and Exhibit A Accusation/Petition to Revoke Probation No. 2949

Stipulated Revocation of License and Order and Exhibit A, the Accusation/Petition to Revoke Probation No. 2949, contains references to Pharmacist License No. RPH 49485 in the underlying disciplinary action entitled "In the Matter of the Accusation against Cesar B. Cabrera" which, pursuant to a decision of the Board of Pharmacy effective May 27, 2005, revoked Respondent's Pharmacist License but stayed revocation in favor of probation for five (5) years. Those references mistakenly use Pharmacist License No. RPH 49485 rather than Pharmacist License No. RPH 41132. This clerical error is hereby corrected as part of the Board's Stipulated Revocation of License and Order. This Errata page shall become part of Respondent's disciplinary history with the Board. For the purposes of correcting the record, the following changes are hereby made to the Stipulated Revocation of License and Order and Exhibit A:

Stipulated Revocation of License and Order:

Page 1, Line 17: Substitute "41132 " for "49485"
Page 2, Line 4: Substitute "41132 " for "49485"
Page 3, Line 24: Substitute "41132 " for "49485"

DEPARTMENT OF CONSUMER OF AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Petition to Revoke Probation Against: CESAR B. CABRERA [redacted] Old Hickory Road Trabuco Canyon, CA 92679 Pharmacist License No. 49485 Respondent.	Case No. 2949 OAH No. L 2006070432 **STIPULATED REVOCATION OF LICENSE AND ORDER**

In the interest of a prompt and speedy resolution of this matter, consistent with the public interest and the responsibility of the Board of Pharmacy (Board), the parties hereby agree to the following Stipulated Revocation of License and Order which will be submitted to the Board for approval and adoption as the final disposition of the Petition.

PARTIES

1. Patricia F. Harris (Complainant) is the Executive Officer of the Board of Pharmacy. She brought this action solely in her official capacity and is represented in this matter by Bill Lockyer, Attorney General of the State of California, by James M. Ledakis, Deputy Attorney General.

2. CESAR B. CABRERA (Respondent) is represented in this proceeding by attorney, Donald Brown, whose address is 3848 Carson Street, Suite 206, Torrance, CA 90503.

3. On or about August 18, 1987, the Board issued Pharmacist License No. RPH 49485 to Respondent. The License was in full force and effect at all times relevant to the charges brought in Petition No. 2949 and will expire on December 31, 2006, unless renewed.

JURISDICTION

4. The Petition to Revoke Probation was filed before the Board, and is currently pending against Respondent. The Petition and all other statutorily required documents were properly served on Respondent on April 12, 2006. Respondent timely filed his Notice of Defense contesting the Petition. A copy of Petition No. 2949 is attached as Exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

5. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Petition No. 2949. Respondent also has carefully read, fully discussed with counsel, and understands the effects of this Stipulated Revocation of License and Order.

6. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations in the Petition; the right to be represented by counsel, at his own expense; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

7. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

/

/

/

CULPABILITY

8. Respondent understands that the charges and allegations in Petition No. 2949, if proven at a hearing, constitute cause for imposing discipline upon his Pharmacist License.

9. For the purpose of resolving the Petition without the expense and uncertainty of further proceedings, Respondent agrees that, at a hearing, Complainant could establish a factual basis for the charges in the Petition and that those charges constitute cause for discipline. Respondent hereby gives up his right to contest that cause for discipline exists based on those charges.

10. Respondent understands that by signing this stipulation he enables the Board to order the Revocation of his Pharmacist License without further process.

RESERVATION

11. The admissions made by Respondent herein are only for the purposes of this proceeding, or any other proceedings in which the Board or other professional licensing agency is involved, and shall not be admissible in any other criminal or civil proceeding.

CONTINGENCY

12. The parties understand and agree that facsimile copies of this Stipulated Revocation of License and Order, including facsimile signatures thereto, shall have the same force and effect as the originals.

13. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Order:

ORDER

IT IS HEREBY ORDERED that Pharmacist License No. 49485, issued to Respondent CESAR B. CABRERA is revoked and accepted by the Board.

14. The Revocation of Respondent's Pharmacist License and the acceptance of the revoked license by the Board shall constitute the imposition of discipline against Respondent. This stipulation constitutes a record of the discipline and shall become a part of Respondent's

ENDORSEMENT

The foregoing Stipulated Revocation of License and Order is hereby respectfully submitted for consideration by the Board.

DATED: December 6, 2006

license history with the Board.

15. Respondent shall lose all rights and privileges as a pharmacist in California as of the effective date of the Director's Decision and Order.

16. Respondent shall cause to be delivered to the Board all his licenses on or before the effective date of the Decision and Order.

17. Respondent understands and agrees that if he ever applies for licensure or petitions for reinstatement in the State of California, the Board shall treat it as a new application for licensure. Respondent must comply with all the laws, regulations and procedures for licensure in effect at the time the application or petition is filed, and all of the charges and allegations contained in Petition No. 2949 shall be deemed to be true, correct and admitted by Respondent when the Board determines whether to grant or deny the application or petition.

ACCEPTANCE

I have carefully read the above Stipulated Revocation of License and Order and have fully discussed it with my attorney, Donald Brown. I understand the stipulation and the effect it will have on my Pharmacist License. I enter into this Stipulated Revocation of License and Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Board.

DATED: 12/5/06.

CESAR B. CABRERA (Respondent)

I have read and fully discussed with CESAR B. CABRERA the terms and conditions and other matters contained in this Stipulated Revocation of License and Order. I approve its form and content.

In the Matter of the Accusation Against: CESAR B. CABRERA [redacted] Old Hickory Road Trabuco Canyon, CA 92679 Pharmicist No. RPH 49485 Respondent.	Case No. 2949 **PETITION TO REVOKE PROBATION**

Complainant alleges:

PARTIES

1. Patricia F. Harris (Complainant) brings this Petition to Revoke Probation solely in her official capacity as the Executive Officer of the Board of Pharmacy.

2. On or about August 18, 1987, the Board issued Pharmacist No. RPH 49485 to CESAR B. CABRERA (Respondent). Said license will expire on December 31, 2006, unless renewed.

3. In a disciplinary action entitled "In the Matter of the Accusation Against Cesar B. Cabrera," Case No. 2777, the Board issued a decision, effective March 5, 2005, in which Respondent's Pharmacist license was revoked. However, the revocation was stayed and Respondent's pharmacist license was placed on probation for a period of five (5) years with

certain terms and conditions. A copy of that decision is attached as Exhibit A and is incorporated by reference.

JURISDICTION

4. This Petition to Revoke Probation is brought before the Board, under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

5. Section 4300 of the Code states:

> (a) Every license issued may be suspended or revoked.
>
> . . . .
>
> (d) The board may initiate disciplinary proceedings to revoke or suspend any probationary certificate of licensure for any violation of the terms and conditions of probation. Upon satisfactory completion of probation, the board shall convert the probationary certificate to a regular certificate, free of conditions.

6. Section 4301 of the Code states:

> The board shall take action against any holder of a license who is guilty of unprofessional conduct or whose license has been procured by fraud or misrepresentation or issued by mistake. Unprofessional conduct shall include, but is not limited to, any of the following:
>
> . . . .
>
> (f) The commission of any act involving moral turpitude, dishonesty, fraud, deceit, or corruption, whether the act is committed in the course of relations as a licensee or otherwise, and whether the act is a felony or misdemeanor or not.

7. Section 125.3 of the Code states, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

8. Section 118, subdivision (b), of the Code provides that the suspension, expiration, surrender, cancellation of a license shall not deprive the Board of jurisdiction to proceed with a disciplinary action during the period within which the license may be renewed, restored, reissued or reinstated.

Facts:

9. On January 8, 2003, respondent was arrested by the Orange County Sheriff's Department for possession for sale of Hydrocodone, which he admitted stealing from

his employer in Long Beach, California. On December 18, 2003, respondent pled guilty to felony possession for sale of Hydrocodone. He was sentenced to serve 90 days in jail, pay $400.00 in restitution, complete a one year outpatient drug treatment, and given three years probation.

10. On July 27, 2004, the Board filed an Accusation against respondent for a conviction substantially related his licensure as a pharmacist.

11. On December 27, 2004, respondent signed a stipulated settlement placing his license on five years probation with suspension and other terms and conditions.

12. On February 4, 2005, the Board adopted the stipulated agreement with respondent to be effective March 5, 2005. On March 8, 2005, respondent appeared at his probation conference to review all the terms and conditions of his probation, including his suspension from pharmacy practice from March 5, 2005 through June 4, 2005.

13. As part of the Pharmacists Recovery Program Treatment Contract, respondent agreed to be bound by the terms of the program. As part of his recovery, respondent agreed to the following:

a. Abstain from the use of alcohol and all other mind altering drugs;
b. Return to work as a pharmacist up to 24 hours per week;
c. Not work in a pharmacy where a family member is employed;
d. Be supervised 75% of each work week by another licensed pharmacist;
e. Not supervise others, act a Pharmacist in Charge, Manager or preceptor to interns or new employees;
f. Report all relapses to Maximus and cease practice upon relapse;
g. Understand that he could be terminated from the PRP for failure to comply with the contract.

14. On June 27, 2005 and July 6, 2005, respondent tested positive for alcohol. On July 6, 2005, respondent denied alcohol use and denied knowing that the PRP Program prohibited alcohol use. Finally, he admitted to drinking. Maximus verbally suspended respondent from the practice of pharmacy and told him to leave work.

15. Maximus advised respondent that he did not have a work-site monitor in place and that he had not completed the work-site monitor paperwork. Respondent was advised that his current work place, Home Care Pharmacy in Riverside, violated his PRP contract because his wife was the Pharmacist in Charge. Later, respondent was notified in writing that he

returned to work at Home Care Pharmacy without notification to Maximus; continued to work at Home Care Pharmacy where his wife was the Pharmacist in Charge, which was in conflict with his PRP contract; and that continued violations could result in his termination from the PRP Program due to non-compliance. Respondent was ordered to enter an inpatient residential chemical dependency treatment program for 30 days treatment.

16. On July 8, 2005, respondent was working at Home Care Pharmacy, and was the only pharmacist present. There were two pharmacy technicians present. The Board confronted respondent with working in violation of his probation, and working in violation of his suspension. Respondent had a key to the pharmacy.

17. Maximus notified the Board that respondent had been terminated from the Pharmacists' Recovery Program effective July 13, 2005 for these violations:

a. Tested positive for alcohol on June 27, 2005 and July 5, 2006;
b. Returned to work without a work site monitor agreement in place with a licensed pharmacist;
c. Returned to work where a relative worked;
d. Failed to enter inpatient chemical dependency treatment;
e. Returned to work after relapse;
f. Returned to work after suspension by Maximus;
g. Non compliance with PRP Contract.

18. On July 14, 2005, the Board sent respondent a letter informing him that his license was suspended due to his termination from the PRP program. Respondent was advised not to enter any pharmacy during his suspension and not to practice pharmacy.

19. On August 11, 2005, the Board advised respondent that he failed to reimburse the Board its costs per the Board decision.

20. On October 6, 2005, the Board inspected Home Care Pharmacy and discovered that respondent was the only pharmacist on duty at the store. Respondent was confronted by the Board, but he had no excuses for working in violation of the Board's prior order suspending him for 90 days. Respondent worked on the following dates in violation of the 90 day suspension: March 7, 10, 21, 2005; April 13, 16, 2005; May 16, 20, 26, 31, 2005; and June 3, 2005.

FIRST CAUSE TO REVOKE PROBATION

(Suspension Period)

21. At all times after the effective date of Respondent's probation, Condition No. 1 stated: Respondent shall be suspended from the practice of pharmacy for a period of 90 days.

22. Respondent's probation is subject to revocation because he failed to comply with Probation Condition No. 1, as set forth in paragraphs 9 through 20 above, that is, he continued to work during his 90 day suspension.

SECOND CAUSE TO REVOKE PROBATION

(Reimbursement of Board Costs)

23. At all times after the effective date of Respondent's probation, Condition No. 7 stated: Respondent shall reimburse the Board its costs.

24. Respondent's probation is subject to revocation because he failed to comply with Probation Condition No. 7, as set forth in paragraphs 9 through 20 above.

THIRD CAUSE TO REVOKE PROBATION

(Rehabilitation Program)

25. At all times after the effective date of Respondent's probation, Condition No. 15 stated: Respondent shall comply with the terms of the Pharmacists' Recovery Program.

26. Respondent's probation is subject to revocation because he failed to comply with Probation Condition No. 15, as set forth above in paragraphs 9 through 20.

FOURTH CAUSE TO REVOKE PROBATION

(Abstain from Drugs and Alcohol)

27. At all times after the effective date of Respondent's probation, Condition No. 17 stated: Respondent shall not use alcohol or drugs.

28. Respondent's probation is subject to revocation because he failed to comply with Probation Condition No. 17, as set forth in paragraphs 9 through 20.

/

/

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Board issue a decision:

1. Revoking the probation that was granted by the Board of Pharmacy in Case No. 2777 and imposing the disciplinary order that was stayed thereby revoking Pharmacist license no. RPH 49485 issued to CESAR B. CABRERA;

2. Revoking or suspending Pharmacist license no. RPH 49485, issued to CESAR B. CABRERA;

3. Taking such other and further action as deemed necessary and proper.

BUSINESS, CONSUMER SERVICES AND HOUSING AGENCY
DEPARTMENT OF CONSUMER AFFAIRS
GOVERNOR EDMUND G. BROWN JR.

PETITION FOR REINSTATEMENT OF LICENSE TO PRACTICE PHARMACY REVOKED BY ADMINSTRATIVE ACTION

Section 4309 of the Business and Professions Code states that a licensee may petition the Board of Pharmacy for the reinstatement of his or her license if they meet the following requirements:

1. Three years has elapsed from the effective date of the decision ordering disciplinary action; or
2. Two years has elapsed since a petition was previously filed pursuant to section 4309 of the Business and Professions Code and the petitioner was afforded a hearing; or
3. A petitioner is not currently under sentence or on court-imposed probation or parole for any criminal offense. **IF YOU ARE NO LONGER ON CRIMINAL PROBATION, YOU MUST SUBMIT PROOF OF TERMINATION OF CRIMINAL PROBATION;** and
4. There is currently no accusation or petition to revoke probation pending against the petitioner with the board.

If you meet the above requirements, you may petition the board by completing and submitting the attached petition form. When completing your petition, please refer to the attached "Guidelines for Petitions for Reinstatement, Reduction of Penalty, and Early Termination of Probation." These guidelines outline the rehabilitation criteria the board has determined a petitioner should meet when petitioning for license reinstatement.

The petition form **must** be accompanied by **two** or more verifiable letters of recommendations addressed to the board from holders of licenses issued by the Board of Pharmacy, and by **two** or more letters of recommendations from citizens. The letters must be within the last year from the date you are submitting your petition. Each author must indicate in their letter that they have personal knowledge of the disciplinary penalty imposed by the board and your activities since the disciplinary penalty was imposed. The board suggests that letters of recommendation include facts that demonstrate an author's personal knowledge of the subject's penalty and the petitioner's activities. Examples of activities may include employment, community service, volunteer work, etc. A board representative may contact you or anyone who has submitted a letter on your behalf.

Also, required is documentation of **30 hours of Board approved continuing education** (acquired within the last two years from the date your application is received by the board). Photocopies of the certificates of completion should be sent and the original certificates retained for your records.

Submit the petition with the required documents to the address above, to the attention of the enforcement unit. The petition will be processed and evaluated for scheduling at the next available board meeting. Please be advised that you should allow **90** days for the processing of your petition, and the petition set for hearing. Below is a schedule of board meeting dates with the cut-off date for submission of a petition.

You will be notified in writing of the hearing date. At the hearing, you will be afforded the opportunity to present both oral and written evidence of your rehabilitation; and you may, but need not be, represented by counsel. In deciding the case, the board will take into consideration the petition, all recommendations, and any oral or written evidence. The board will be represented by the Attorney General's Office and an administrative law judge will preside over the hearing.

BOARD MEETING DATES	CUT-OFF DATES	LOCATION
January 24 - 25, 2017	November 24, 2016	Glendale

GOVERNOR EDMUND G. BROWN JR.

GUIDELINES FOR PETITIONS FOR REINSTATEMENT, REDUCTION OF PENALTY OR EARLY TERMINATION OF PROBATION

In petitioning for reinstatement and early termination of probation under Business and Professions Code section 4309 or reduction of penalty under Government Code section 11522, the petitioner has the burden of demonstrating any rehabilitative or corrective measures he or she has taken since the revocation action and, that he or she has the necessary and current qualifications and skills to safely engage in the practice of pharmacy within the scope of current law, and accepted standards of practice. In reaching its determination the board considers various factors including the following:

(a) The original violation(s) for which action was taken against the petitioner's license including:

1. The type, severity, number, and length of violations.
2. Whether the violation involved intentional, negligent or other unprofessional conduct.
3. Actual or potential harm to the public, patients, or others.
4. The length of time since the violation(s) was committed.

(b) Prior disciplinary and criminal actions also taken against the petitioner by the board, and state, local or federal agency or court including:

1. The petitioner's compliance with all terms of probation, parole, previous discipline or other lawfully imposed sanctions including any order of restitution.
2. Whether the petitioner is currently on or has been terminated from probation or other lawfully imposed sanction.
3. The petitioner's legal and regulatory history to and since the violation(s).

(c) The petitioner's attitude toward his or her commission of the original violation(s) and his or her attitude in regard to compliance with legal sanctions and rehabilitative efforts.

(d) The petitioner's documented rehabilitative efforts including:

1. Efforts to maintain and/or upgrade professional skills and knowledge through continuing education or other methods.
2. Efforts to establish safeguards to prevent repetition of the original violation(s) including changes or modifications in policies, structure, systems, or methods of behavior applicable to the petitioner's pharmacy practice.
3. Service to community or charitable groups.
4. Voluntary restitution to those affected by the original violation(s).
5. Use of appropriate professional medical or psychotherapeutic treatment.
6. Participation in appropriate self-help and/or rehabilitation groups.
7. Use of appropriate peer review mechanisms.
8. Participation in professional pharmacy organizations or associations.

(e) Assessment of petitioner's rehabilitative and corrective efforts including:

1. Whether the efforts relate to the original violation(s).
2. The date rehabilitative efforts were initiated.
3. The length, time, and expense associated with rehabilitative efforts or corrective actions.
4. The assessment and recommendations of qualified professionals directly involved in the petitioner's rehabilitative efforts or acting at the request of the board, including their description of the petitioner's progress and their prognosis of the petitioner's current ability to practice pharmacy.
5. The petitioner's reputation for truth, professional ability and good character since the commission of the original violation(s).
6. The nature and status of ongoing and continuing rehabilitative efforts.

In addition, the board may consider other appropriate and relevant matters not listed in the above guidelines.

Please note that all statements to be introduced at hearing must be made in person or pursuant to Government Code section 11514 (evidence by affidavit). All other statements not made in person or pursuant to Government Code section 11514 must be under oath and will be considered only as administrative hearsay.

PETITION FOR REINSTATEMENT OF CERTIFICATE TO PRACTICE PHARMACY REVOKED THROUGH ADMINISTRATIVE DISCIPLINARY ACTION

Pursuant to section 4309 of the Business and Professions Code, a person whose certificate, license, permit, registration or exemption has been revoked or suspended may petition the Board to reinstate the certificate, license, permit, registration or exemption after a period of not less than three years has elapsed from the date of the revocation or suspension.

In determining whether the disciplinary penalty should be set aside and the terms and conditions, if any, which should be imposed if the disciplinary penalty is set aside, the board may investigate and consider all activities of the petitioner since the disciplinary action was taken, the offense for which discipline was imposed, activity during the time the certificate, license, permit, registration or exemption was in good standing and the petitioner's general reputation for truth, professional ability and good character.

Please print or type

1. Name	2. Date of Birth	3. California License Number

STATE AND CONSUMER SERVICES AGENCY
DEPARTMENT OF CONSUMER AFFAIRS
GOVERNOR EDMUND G. BROWN JR.

INSTRUCTIONS FOR FILING A PETITION

These instructions should be followed when filing a petition with the Board of Pharmacy to reinstate your pharmacist license after it has been revoked or to reduce a Board-imposed penalty.

The burden of proof is on you to establish clear and convincing evidence that you are entitled to have your petition granted under California law. **It is your responsibility**, as the petitioner, to provide the Board with sufficient evidence to establish that it will be safe for consumers if your petition is granted. You must show that you are sufficiently rehabilitated and competent to safely practice pharmacy.

PROCESS FOR FILING A PETITION

Q. How do I file a petition with the Board of Pharmacy?

A. Filing a petition with the Board of Pharmacy is a two-step process:

1. Submit the following items to the Board.
   - The attached petition form completed and signed.
   - Documents to support your current competence and rehabilitation.

2. Appear at the hearing before the Board to present evidence of your rehabilitation and competency.

EVIDENCE

Evidence is the information that you submit to substantiate your request, including documentation and testimony.

Q. How can I support that my evidence is authentic and valid?

A. You should submit original, dated signed evidence if at all possible. Documents should be on official letterhead whenever appropriate, such as letters from employers, health care professionals and other official sources. Any letters or statements should contain the following "Penalty of Perjury" statement at the end: "I declare, under penalty of perjury, under the laws of the State of California, that the foregoing is true and correct." The statement should be signed and dated by the writer.

Q. What kinds of evidence are appropriate to present?

A. The following documents are examples of appropriate evidence, which may be helpful in demonstrating your rehabilitative efforts and competency. Documents should be recent and dated. The list is not intended to be comprehensive, and you are not limited to these examples. You should submit evidence that is relevant to the violation that led to the discipline of your license and your subsequent rehabilitation.

- Written statements from employers and persons in positions of authority who have on-the-job knowledge of your work performance. For probationers and out-of-state licensees who have practiced pharmacy subsequent to their disciplinary action, the statements should report on your current competency. (Include Penalty of Perjury statement.)

- Performance evaluation(s) from your current and recent employers.

- Letters from counselors regarding your participation in rehabilitation or recovery program, where appropriate. These should include a description of the program, frequency of sessions, diagnosis and prognosis in relation to safety to practice, current state of rehabilitation (or improvement), the counselor's basis for determining improvement, and credentials of counselor, and any other relevant information he or she can provide.

- Letters describing your participation in support groups, e.g. Alcoholics Anonymous, Narcotics Anonymous, Pharmacist Support Groups, etc... Where appropriate. Letters should include dates and frequency of attendance and documentation of attendance such as sign in-sheets. (Include Penalty of Perjury statement.)

- Laboratory analyses or drug screen reports, where appropriate.

- Physical and/or mental examination or assessment report by a licensed physician, psychiatrist, or psychologist related to your rehabilitation and safety to practice. If your license was revoked as a result of impairment due to mental or physical illness, the law requires competent evidence of the absence or control of the condition, which caused the action taken by the board.

- Certificates of completion or transcripts of courses related to pharmacy, which you may have completed since your license was disciplined.

- Letters or proof of community and volunteer work or other activities, which may be appropriate or relevant to demonstrating rehabilitation from the acts which, led to discipline. (Include Penalty of Perjury statement.)

Q. Must these documents be original documents?

A. Yes, original documents should be submitted as evidence with the petition packet. (Always keep a copy of these originals for your records.) All documents that are submitted with the petition packet must be clear and readable.

Q. Will the board contact people who submit documents on my behalf?

A. Yes, the board reserves the right to contact individuals who submit documents on your behalf to verify the information. A list of names, addresses, and phone numbers for everyone submitting documents on you behalf must be included with your petition packet.

HEARING

The Board hears the petitioner in a formal administrative hearing that resembles a court proceeding. At your hearing you have an opportunity to present evidence of your rehabilitation and competency.

Q. How is the hearing conducted?

A. An Administrative Law Judge will preside over the hearing proceedings. The Members of the Board of Pharmacy will hear and rule on your petition. You will sit at a table in front of the Board Members and the Administrative Law Judge. A Deputy Attorney General (DAG) from the Office of the California Attorney General will represent the State. The DAG will make a preliminary statement outlining all disciplinary actions, which have been taken against your license, and describe the documents you have submitted into evidence. The DAG may ask you questions about your violation and discipline, and efforts you have undertaken to rehabilitate yourself.

Q. What will I be expected to do?

A. You will be sworn under oath by the judge who will ask you to state in your own words what you have done to rehabilitate yourself and to maintain current pharmacy knowledge and skills. **Be prepared to make an oral presentation at this point, which includes such a statement.** The Board Members, the Administrative Law Judge and the Deputy Attorney General may ask questions to clarify your statement or elicit additional information regarding your rehabilitation and current competency.

Q. May I be represented by an attorney at the hearing?

A. Yes, but it is not required. You may represent yourself or an attorney may represent you.

Q. May I have persons come to speak on my behalf?

A. Yes, However, their testimony and yours should be directed specifically toward your pharmacy competence and/or rehabilitation. You may choose to bring family members or friends for support even if they do not testify.

Q. May I submit documents at the time of the hearing?

A. It is preferable and to your advantage to make every effort to submit all relevant documents with your petition 90 days prior to your hearing. This gives the Board Members a reasonable amount of time to review and study them beforehand. If you do submit something at the hearing, you must bring dated original documents. Please be aware that submitting documents at the last minute often causes delays in the processing and may result in a continuance in order to provide the Board Members with an opportunity to fully evaluate your documentation.

Q. How is the date and place for my hearing decided?

A. Enclosed is a schedule of Board meetings, dates and final filing dates for petitions. Petitions are scheduled during the closed session portion of each Board meeting. If the docket for petitions is not already filled, you will be scheduled for the Board meeting that you request.

Q. When will I know the exact date, time, and location for the hearings?

A. Approximately ten days prior to the Board meeting you will receive a formal "NOTICE OF PETITION HEARING" stating the date, time, and place at which you are to appear. Several cases may be scheduled on the hearing docket and it is not possible to know how long each case will last. Therefore, you need to be prepared to remain throughout the day depending on the number and length of cases and in which order they are scheduled.

THE BOARD'S DECISION

Q. When will I be notified of the Board's decision regarding my petition?

A. The Board's decision to grant or deny your petition will be mailed to you within approximately six weeks. The decision is not final until this legal document is mailed to you.

Q. If the Board does not grant my petition, may I petition again?

A. Yes. You may petition again one year after the effective date of the Board's decision to deny your petition. However, if you apply after one year has elapsed, it is at the board's discretion whether a hearing will be held.

BEFORE THE
BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: CESAR BURGUILLOS CABRERA, R.P.H. [redacted] Old Hickory Road Trabuco Canyon, CA 92679 Pharmacist License No. RPH 41132 Respondent.	Case No. 2777 OAH No. L-2004080434 **STIPULATED SETTLEMENT AND DISCIPLINARY ORDER**

In the interest of a prompt and speedy settlement of this matter, consistent with the public interest and the responsibility of the Board of Pharmacy the parties hereby agree to the following Stipulated Settlement and Disciplinary Order which will be submitted to the Board for approval and adoption as the final disposition of the Accusation.

PARTIES

1. Patricia F. Harris (Complainant) is the Executive Officer of the Board of Pharmacy has brought this action solely in her official capacity and is represented in this matter by Bill Lockyer, Attorney General of the State of California, by James M. Ledakis, Deputy Attorney General.

2. Respondent Cesar Burguillos Cabrera, R.P.H. (Respondent) is represented in this proceeding by attorney Donald Brown, whose address is 3848 Carson Street, Suite 206 Torrance, CA 90503.

3. On or about August 18, 1987, the Board of Pharmacy issued Pharmacist License No. RPH 41132 to Cesar Burguillos Cabrera, R.P.H. (Respondent). The License was in full force and effect at all times relevant to the charges brought in Accusation No. 2777 and will expire on December 31, 2004, unless renewed.

JURISDICTION

4. Accusation No. 2777 was filed before the Board, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on August 4, 2004. Respondent timely filed his Notice of Defense contesting the Accusation. A copy of Accusation No. 2777 is attached as exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

5. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 2777. Respondent has also carefully read, fully discussed with counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

6. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to be represented by counsel at his own expense; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

7. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

8. Respondent understands and agrees that the charges and allegations in Accusation No. 2777, if proven at a hearing, constitute cause for imposing discipline upon his Pharmacist License.

9. For the purpose of resolving the Accusation without the expense and uncertainty of further proceedings, Respondent agrees that, at a hearing, Complainant could establish a factual basis for the charges in the Accusation, and that Respondent hereby gives up his right to contest those charges.

10. Respondent agrees that his Pharmacist License is subject to discipline and he agrees to be bound by the Board's imposition of discipline as set forth in the Disciplinary Order below.

RESERVATION

11. The admissions made by Respondent herein are only for the purposes of this proceeding, or any other proceedings in which the Board or other professional licensing agency is involved, and shall not be admissible in any other criminal or civil proceeding.

CONTINGENCY

12. The parties understand and agree that facsimile copies of this Stipulated Settlement and Disciplinary Order, including facsimile signatures thereto, shall have the same force and effect as the originals.

13. In consideration of the foregoing admissions and stipulations, the parties agree that the Director may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Pharmacist License No. RPH 41132 issued to Respondent Cesar Burguillos Cabrera, R.P.H. (Respondent) is revoked. However, the revocation is stayed and Respondent is placed on probation for five (5) years on the following terms and conditions.

1. **Actual Suspension**. Pharmacist license number RPH 41132, issued to Respondent Cesar Burguillos Cabrera, R.P.H. is suspended for a period of ninety (90) days.

During suspension, Respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, veterinary food-animal drug retailer or any other distributor of drugs which is licensed by the Board, or any manufacturer, or where dangerous drugs and devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall Respondent manage, administer, **or** be a consultant to any licensee of the Board, or have access to or control the ordering, manufacturing or dispensing of dangerous drugs and devices or controlled substances.

Respondent shall not engage in any activity that requires the professional judgment of a pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy. Respondent shall not perform the duties of a pharmacy technician or an exemptee for any entity licensed by the Board. Subject to the above restrictions, Respondent may continue to own or hold an interest in any pharmacy in which he holds an interest at the time this decision becomes effective unless otherwise specified in this order.

1. **Obey All Laws.** Respondent shall obey all state and federal laws and regulations substantially related to or governing the practice of pharmacy.

Respondent shall report any of the following occurrences to the Board, in writing, within 72 hours of such occurrence:

- an arrest or issuance of a criminal complaint for violation of any provision of the Pharmacy Law, state and federal food and drug laws, or state and federal controlled substances laws
- a plea of guilty or nolo contendere in any state or federal criminal proceeding to any criminal complaint, information or indictment
- a conviction of any crime
- discipline, citation, or other administrative action filed by any state and federal agency which involves Respondent's license or which is related to the practice of pharmacy or the manufacturing, obtaining, handling or distribution or billing or charging for any drug, device or controlled substance.

2. **Reporting to the Board.** Respondent shall report to the Board quarterly. The report shall be made either in person or in writing, as directed. Respondent

shall state under penalty of perjury whether there has been compliance with all the terms and conditions of probation. If the final probation report **is not** made as directed, probation shall be extended automatically until such time as the final report is made and accepted by the Board.

3. **Interview with the Board.** Upon receipt of reasonable notice, Respondent shall appear in person for interviews with the Board upon request at various intervals at a location to be determined by the Board. Failure to appear for a scheduled interview without prior notification to Board staff shall be considered a violation of probation.

4. **Cooperation with Board Staff.** Respondent shall cooperate with the Board's inspection program and in the Board's monitoring and investigation of Respondent's compliance with the terms and conditions of his probation. Failure to comply shall be considered a violation of probation.

5. **Notice to Employers.** Respondent shall notify all present and prospective employers of the decision in case number 2777 and the terms, conditions and restrictions imposed on Respondent by the decision. Within 30 days of the effective date of this decision, and within 15 days of Respondent undertaking new employment, Respondent shall cause his direct supervisor, pharmacist-in-charge and/or owner to report to the Board in writing acknowledging the employer has read the decision in case number 2777.

If Respondent works for or is employed by or through a pharmacy employment service, Respondent must notify the direct supervisor, pharmacist-in-charge, and/or owner at every pharmacy of the and terms conditions of the decision in case number 2777 advance of the Respondent commencing work at each pharmacy.

"Employment" within the meaning of this provision shall include any full-time, part-time, temporary, relief or pharmacy management service as a pharmacist, whether the Respondent is considered an employee or independent contractor.

6. **No Preceptorships, Supervision of Interns, Being Pharmacist-in-Charge (PIC), or Serving as a Consultant.** Respondent shall not supervise any intern pharmacist or perform any of the duties of a preceptor, nor shall Respondent be the

pharmacist-in-charge of any entity licensed by the Board unless otherwise specified in this order.

7. **Reimbursement of Board Costs.** Respondent shall pay to the Board its costs of investigation and prosecution in the amount of $6,300. Respondent may make arrangements with his probation monitor to make payments over the course of his probation, but all payments must be made in full per agreement as a condition of probation.

The filing of bankruptcy by Respondent shall not relieve Respondent of his responsibility to reimburse the Board its costs of investigation and prosecution.

8. **Probation Monitoring Costs.** Respondent shall pay the costs associated with probation monitoring as determined by the Board each and every year of probation. Such costs shall be payable to the Board at the end of each year of probation. Failure to pay such costs shall be considered a violation of probation.

9. **Status of License**. Respondent shall, at all times while on probation, maintain an active current license with the Board, including any period during which suspension or probation is tolled.

If Respondent's license expires or is canceled by operation of law or otherwise, upon renewal or reapplication, Respondent's license shall be subject to all terms and conditions of this probation not previously satisfied.

10. **License Surrender while on Probation/Suspension.** Following the effective date of this decision, should Respondent cease practice due to retirement or health, or be otherwise unable to satisfy the terms and conditions of probation, Respondent may tender his license to the Board for surrender. The Board shall have the discretion whether to grant the request for surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, Respondent will no longer be subject to the terms and conditions of probation.

Upon acceptance of the surrender, Respondent shall relinquish his pocket license to the Board within 10 days of notification by the Board that the surrender is accepted. Respondent may not reapply for any license from the Board for three years from the effective

date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the Board.

11. **Notification of Employment/Mailing Address Change.** Respondent shall notify the Board in writing within 10 days of any change of employment. Said notification shall include the reasons for leaving and/or the address of the new employer, supervisor or owner and work schedule if known. Respondent shall notify the Board in writing within 10 days of a change in name, mailing address or phone number.

12. **Tolling of Probation.** Should Respondent, regardless of residency, for any reason cease practicing pharmacy for a minimum of 40 hours per calendar month in California, Respondent must notify the Board in writing within 10 days of cessation of the practice of pharmacy or the resumption of the practice of pharmacy. Such periods of time shall not apply to the reduction of the probation period. It is a violation of probation for Respondent's probation to remain tolled pursuant to the provisions of this condition for a period exceeding three years.

"Cessation of practice" means any period of time exceeding 30 days in which Respondent is not engaged in the practice of pharmacy as defined in Section 4052 of the Business and Professions Code.

13. **Violation of Probation.** If Respondent violates probation in any respect, the Board, after giving Respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order which was stayed. If a petition to revoke probation or an accusation is filed against Respondent during probation, the Board shall have continuing jurisdiction and the period of probation shall be extended, until the petition to revoke probation or accusation is heard and decided.

If Respondent has not complied with any term or condition of probation, the Board shall have continuing jurisdiction over Respondent, and probation shall automatically be extended until all terms and conditions have been satisfied or the Board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty which was stayed.

14. **Completion of Probation.** Upon successful completion of probation, Respondent's license will be fully restored.

15. **Rehabilitation Program - Pharmacists Recovery Program (PRP).** Within 30 days of the effective date of this decision, Respondent shall contact the Pharmacists Recovery Program for evaluation and shall successfully participate in and complete the treatment contract and any subsequent addendums as recommended and provided by the PRP and as approved by the Board. The costs for PRP participation shall be borne by the Respondent.

If Respondent is currently enrolled in the PRP, said participation is now mandatory and is no longer considered a self-referral under Business and Professions Code section 4363, as of the effective date of this decision. Respondent shall successfully participate in and complete his current contract and any subsequent addendums with the PRP. Probation shall be automatically extended until Respondent successfully completes his treatment contract. Any person terminated from the program shall be automatically suspended upon notice by the Board. Respondent may not resume the practice of pharmacy until notified by the Board in writing. The Board shall retain jurisdiction to institute action to terminate probation for any violation of this term.

16. **Random Drug Screening.** Respondent, at his own expense, shall participate in random testing, including but not limited to biological fluid testing (urine, blood), breathalyzer, hair follicle testing, or a drug screening program approved by the Board. The length of time shall be for the entire probation period and the frequency of testing will be determined by the Board. At all times Respondent shall fully cooperate with the Board, and shall, when directed, submit to such tests and samples for the detection of alcohol, narcotics, hypnotics, dangerous drugs or other controlled substances. Failure to submit to testing as directed shall constitute a violation of probation. Any confirmed positive drug test shall result in the immediate suspension of practice by Respondent. Respondent may not resume the practice of pharmacy until notified by the Board in writing.

17. **Abstain from Drugs and Alcohol Use.** Respondent shall completely abstain from the possession or use of alcohol, controlled substances, dangerous drugs and their associated paraphernalia except when the drugs are lawfully prescribed by a licensed practitioner as part of a documented medical treatment. Upon request of the Board, Respondent shall provide documentation from the licensed practitioner that the prescription was legitimately issued and is a necessary part of the treatment of the Respondent.

18. **No Ownership of Premises.** Respondent shall not own, have any legal or beneficial interest in, or serve as a manager, administrator, member, officer, director, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the Board. Respondent shall sell or transfer any legal or beneficial interest in any entity licensed by the Board within 90 days following the effective date of this decision and shall immediately thereafter provide written proof thereof to the Board.

19. **Tolling of Suspension.** If Respondent leaves California to reside or practice outside this state, for any period exceeding 10 days (including vacation), Respondent must notify the Board in writing of the dates of departure and return. Periods of residency or practice outside the state - or any absence exceeding a period of 10 days shall not apply to the reduction of the suspension period. Respondent shall not practice pharmacy upon returning to this state until notified by the Board that the period of suspension has been completed.

ACCEPTANCE

I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully discussed it with my attorney, Donald Brown. I understand the stipulation and the effect it will have on my Pharmacist License. I enter into this Stipulated Settlement and Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Board.

DATED: 12/21/04

CESAR BURGUILLOS CABRERA, R.P.H.
(Respondent)

12/17/2004 10:07 Dept. of Justice → 9131079206891

I concur with this stipulated settlement.

DATED: DEC 2 9 2004.

DONALD BROWN
Attorney for Respondent

ENDORSEMENT

The foregoing Stipulated Settlement and Disciplinary Order is hereby respectfully submitted for consideration by the Board of Pharmacy.

Attorneys for Complainant

BEFORE THE
BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: CESAR B. CABRERA [redacted] Old Hickory Road Trabuco Canyon, CA 92679 License No. RPH 41132 Respondent.	Case No. 4777 **ACCUSATION**

Complainant alleges:

PARTIES

1. Patricia F. Harris (Complainant) brings this Accusation solely in her official capacity as the Executive Officer of the Board of Pharmacy, Department of Consumer Affairs.

2. On or about August 18, 1987, the Board of Pharmacy issued Original Pharmacist License Number RPH 50646 to CESAR B. CABRERA (Respondent). Said license will expire on December 31, 2004, unless renewed.

/

/

/

JURISDICTION

3. This Accusation is brought before the Board of Pharmacy (Board), under the authority of the following sections of the Business and Professions Code (Code).

4. Section 4022 of the Code states:

"Dangerous drug" or "dangerous device" means any drug or device unsafe for self-use, except veterinary drugs that are labeled as such, and includes the following:

"(a) Any drug that bears the legend: "Caution: federal law prohibits dispensing without prescription," "Rx only," or words of similar import.

"(b) Any device that bears the statement: "Caution: federal law restricts this device to sale by or on the order of a _____," "Rx only," or words of similar import, the blank to be filled in with the designation of the practitioner licensed to use or order use of the device.

". . .,

5. Section 4300 of the Code states:

"(a) Every license issued may be suspended or revoked.

"(b) The board shall discipline the holder of any license issued by the board, whose default has been entered or whose case has been heard by the board and found guilty, by any of the following methods:

". . .,

6. Section 4301 of the Code states:

"The board shall take action against any holder of a license who is guilty of unprofessional conduct or whose license has been procured by fraud or misrepresentation or issued by mistake. Unprofessional conduct shall include, but is not limited to, any of the following:

". . .,

(f) The commission of any act involving moral turpitude, dishonesty, fraud, deceit, or corruption, whether the act is committed in the course of relations as a licensee or otherwise, and whether the act is a felony or misdemeanor or not.

. . . ,

(j) The violation of any of the statutes of this state or of the United States regulating controlled substances and dangerous drugs.

. . . ,

(l) The conviction of a crime substantially related to the qualifications, functions, and duties of a licensee under this chapter. The record of conviction of a violation of Chapter 13 (commencing with Section 801) of Title 21 of the United States Code regulating controlled substances or of a violation of the statutes of this state regulating controlled substances or dangerous drugs shall be conclusive evidence of unprofessional conduct. In all other cases, the record of conviction shall be conclusive evidence only of the fact that the conviction occurred. The board may inquire into the circumstances surrounding the commission of the crime, in order to fix the degree of discipline or, in the case of a conviction not involving controlled substances or dangerous drugs, to determine if the conviction is of an offense substantially related to the qualifications, functions, and duties of a licensee under this chapter. A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this provision. The board may take action when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

(p) Actions or conduct that would have warranted denial of a license.

. . . ,"

7. Section 4059 of the Code states, in pertinent part, that a person may not furnish any dangerous drug except upon the prescription of a physician, dentist, podiatrist, optometrist, or veterinarian. A person may not furnish any dangerous device, except upon the prescription of a physician, dentist, podiatrist, optometrist, or veterinarian.

8. Section 4060 of the Code states:

"No person shall possess any controlled substance, except that furnished to a person upon the prescription of a physician, dentist, podiatrist, or veterinarian, or furnished pursuant to a drug order issued by a certified nurse-midwife pursuant to Section 2746.51, a nurse practitioner pursuant to Section 2836.1, or a physician assistant pursuant to Section 3502.1. This section shall not apply to the possession of any controlled substance by a manufacturer, wholesaler, pharmacy, physician, podiatrist, dentist, veterinarian, certified nurse-midwife, nurse practitioner, or physician assistant, when in stock in containers correctly labeled with the name and address of the supplier or producer.

"Nothing in this section authorizes a certified nurse-midwife, a nurse practitioner, or a physician assistant to order his or her own stock of dangerous drugs and devices."

9. Section 118, subdivision (b), of the Code provides that the suspension/expiration/surrender/cancellation of a license shall not deprive the Board of jurisdiction to proceed with a disciplinary action during the period within which the license may be renewed, restored, reissued or reinstated.

10. Section 125.3 of the Code provides, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

DRUGS DEFINED:

11. "Tylenol with Codeine No. 4," is also known generically as a combination drug containing Acetaminophen and not more than 1.8 grams of Codeine per 100 milliliters or not more than 90 milligrams per dosage unit, with one or more active non-narcotic ingredients in recognized therapeutic amounts. It is a Schedule III controlled substance as designated by California Health and Safety Code section 11056(e)(2).

12. "Diazepam" also known as "Valium" is a Schedule IV drug as classified by Health & Safety Code Section 11057(d)(9).

13. "Dyazide," a brand name for triamterene, is unsafe for self-medication, and is a dangerous drug as defined by California Business and Professions Code section 4022.

14. "Fastin, 30 mg.," is a brand name for phentermine hydrochloride which is a Schedule IV controlled substance as designated by California Health and Safety Code section 11057(f)(4).

15. "Glucophage", also known generically as "Metformin" is a dangerous drug as defined by California Business and Professions Code section 4022.

16. "Hydrocodone" is a Schedule III drug as classified by Health & Safety Code section 11056(e)(4).

17. "Carisoprodol" is the generic form of Soma and is a dangerous drug as defined under Business & Professions Code section 4022.

STATEMENT OF FACTS:

18. On January 8, 2003, Long Beach Police Officer P.R. stopped his patrol car to assist a stranded motorist, Respondent, on the side of the road. Respondent told the officer that he hit a mud puddle and his engine died. Officer P.R. called a tow truck for respondent.

19. During a routine license check, Officer P.R. discovered that Respondent was driving on a suspended drivers license and expired license plates. Incident to Respondent's arrest, Officer P.R. observed in plain view a medium sized pill bottle, with no label, in an open soft sided brief case in Respondent's car. Respondent told the officer that the pills were Soma (a dangerous drug) and that he did not have a prescription for them in his possession. Officer P.R. requested permission to search his car and Respondent consented. Officer P.R. took into custody $1,850 in cash, 1000 tablets of Acetaminophen with Codeine #3, 174 tablets of Hydrocodone 10/325, 270 tablets of Vicodin ES 7.5/750, 141 tablets of Hydrocodone/APAP, 100 tablets of Soma, 700 tablets of Diazepam, 97 tablets of Metformin Hydrochloride, 24 tablets of Hyzaar and a small bottle of 10 tablets of generic Soma.

20. Officer P.R. asked Respondent if he had a prescription for all the aforementioned drugs and Respondent replied "no". Respondent told Officer P.R. that he took the drugs from Wards Pharmacy in Long Beach, California, where he worked part time.

Respondent was arrested for driving on a suspended license and drug possession.

21. On December 18, 2003, Respondent pled guilty to two felony counts and one misdemeanor count for possession of drugs with intent to sell as follows: 1) Felony possession for sale of Hydrocodone with Acetaminophen, 2) Felony possession for sale of Acetaminophen with Codeine, and 3) misdemeanor possession for sale of Diazepam.

FIRST CAUSE FOR DISCIPLINE

(Unprofessional Conduct for Acts Involving Moral Turpitude)

22. Respondent is subject to disciplinary action under section 4301(f) for unprofessional conduct involving moral turpitude in that on December 18, 2003, he pled guilty to two felony counts and one misdemeanor count related to possession of drugs with intent to sell.

23. Complainant incorporates by reference paragraphs 18 through 21.

SECOND CAUSE FOR DISCIPLINE

(Unprofessional Conduct for Violation of Law)

24. Respondent is subject to disciplinary action under section 4301(j) for violation of statutes related to controlled substances in that Respondent was convicted of two counts of violating Health & Safety Code section 11351 and one count of violating Health & Safety Code section 11375 in the Superior Court for the County of Orange, State of California.

25. Complainant incorporates by reference as though fully set forth paragraphs 18 through 21.

THIRD CAUSE FOR DISCIPLINE

(Unprofessional Conduct for Conviction of Crime Substantially Related to his Duties as a Pharmacist)

26. Respondent is subject to disciplinary action under section 4301(l) for conviction of crimes substantially related to his duties as a pharmacist in that Respondent pled guilty to two felony counts of possession and one misdemeanor count of possession of drugs with intent to sell resulting in a conviction for violation of Health & Safety Code sections 11351 and 11375.

/

27. Complainant incorporates by reference as though fully set forth paragraphs 18 through 21.

FOURTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct for Engaging in Conduct Warranting Denial of a License)

28. Respondent is subject to disciplinary action under section 4301(p) for engaging in conduct that would have warranted the denial of his license in that he was convicted of two felonies and one misdemeanor for possession of drugs with intent to sell.

29. Complainant incorporates by reference as though fully set forth paragraphs 18 through 21.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Board of Pharmacy issue a decision:

1. Revoking or suspending RPH License No. 41132, issued to CESAR B. CABRERA;

2. Ordering CESAR B. CABRERA to pay the Board of Pharmacy the reasonable costs of the investigation and enforcement of this case, pursuant to Business and Professions Code section 125.3;

3. Taking such other and further action as deemed necessary and proper.

DATED: 7/23/04

P. F. Harris

PATRICIA F. HARRIS

In September 1991, in Milledgeville, Georgia, I was charged with unlawfully prescribing anabolic steroids, Hydrocodone, and Phentermine and with possession of Phentermine. I had erred in not properly charting the prescription for the steroids, which was for a friend who had been complaining of erectile disfunction. I *had* charted the other prescriptions, however, which were for a nurse employee of my practice. Accordingly, the allegations against me appeared to be more serious than they actually were.

After consulting with my attorney, who advised me that there were defenses to the charges brought against me, I decided to resolve the matter through a Pretrial Diversion Consent Order, which I entered into on December 18, 1991. Pursuant to that Order, I was required: (a) not to violate any federal or state statutes laws or local laws or ordinances; (b) to pay a $10,000.00 fine; (c) to perform 350 hours of community service by treating female prisoners of Baldwin County, Georgia; and (d) to forfeit my vehicle to the State of Georgia. I believed at the time that an expeditious resolution of the charges would be best for all concerned, including my employee, in that we could avoid the time, expense, and publicity associated with going to trial.

I fully complied with the terms of the Order and all charges against me were dismissed with the consent and approval of the District Attorney's Office. I have no criminal conviction as a result of the charges and have never lost my DEA prescribing privileges despite having been charged. Moreover, I have not been convicted of any crimes since being charged with the above offenses in 1991, and I have maintained an active license in Connecticut, Florida, Georgia, Michigan Nevada, and New York, with no medical board actions or complaints regarding patient care or medication.

A true and correct copy of the Pretrial Diversion Consent Order and the charges filed against me is attached as "Exhibit A" and is incorporated herein for all purposes. The medical records in support of my defense (i.e., evidence that I had properly charted the prescriptions written to my former employee) are no longer in my possession, in that such records were destroyed after ten years.

STATE WARRANT AND MITTIMUS

GEORGIA, BALDWIN COUNTY

Personally came DET. JAMES D. JOSEY, who on oath says that, to the best of his knowledge and belief, DR. ALAN BOLNICK did, in the County aforesaid, commit the offense of, TO-WIT VIOLATION OF THE GEORGIA CONTROLLED SUBSTANCE ACT in said County, between the hours of ___ M and ___ M., on the 28th day of AUGUST 19 91. The place of occurrence of said offense being BIG B DRUGS, MILLEDGEVILLE, GA.

Section 4

2. Have you been charged, arrested or convicted of a felony or misdemeanor in any state?

On May 5, 1990, in Milledgeville, Georgia, I was charged with the misdemeanor offense of Driving Under the Influence of Alcohol. On June 13, 1990, I pleaded *nolo contendere* and was fined $385.00.

In September 1991, I was charged with unlawfully prescribing medications to an acquaintance and with unlawful possession of diet drug. On December 18, 1991, I entered into a Pretrial Diversion Consent Order. I fully complied with the terms of that Order and all charges against me were subsequently dismissed.

See A (Exhibit)

In March 2004, I was charged with violations of Medicaid laws by allegedly performing medically unnecessary services which allegations were untrue and which I steadfastly disputed. In June 2005, all charges against me were dismissed with prejudice on a pretrial basis by agreement with the prosecution and records relative to the charges were sealed by the Court.

See C (Exhibit)

3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state?

On September 30, 1994, the State of Georgia Composite Medical Board ("Georgia Medical Board") notified me that a hearing had been scheduled regarding allegations that I had not properly charted medications that I had prescribed for three individuals. That notice was a public document (but was not a citation *per se*) and a formal disciplinary action was initiated by the filing of that notice.

See B (Exhibit)

On April 5, 1995, I entered into a Consent Order with the Georgia Medical Board, which resolved the matter. I fully complied with the terms of the Consent Order. However, for reasons that are unclear, the Georgia Medical Board did not terminate the Consent Order after receiving proof of such compliance. Accordingly, in 2017, I retained counsel in Georgia and filed a petition to terminate the Consent Order. An Order Terminating the Consent Order was signed on January 11, 2018.

4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in any state?

On September 30, 1994, the State of Georgia Composite Medical Board ("Georgia Medical Board") notified me that a hearing had been scheduled regarding allegations that I had not properly charted medications that I had prescribed for three individuals. That notice was a public document (but was not a citation *per se*) and a formal disciplinary action was initiated by the filing of that notice.

5/31/22

On April 5, 1995, I entered into a Consent Order with the Georgia Medical Board, which resolved the matter. I fully complied with the terms of the Consent Order. However, for reasons that are unclear, the Georgia Medical Board did not terminate the Consent Order after receiving proof of such compliance. Accordingly, in 2017, I retained counsel in Georgia and filed a petition to terminate the Consent Order. An Order Terminating the Consent Order was signed on January 11, 2018.

5/31/22

Exhibit A

IN THE SUPERIOR COURT OF BALDWIN COUNTY
STATE OF GEORGIA

STATE OF GEORGIA,	)	
	)	
vs.	)	CASE NO. 36098
	)	
ALAN D. BOLNICK,	)	
	)	
Defendant.	)	

PRETRIAL DIVERSION CONSENT ORDER

WHEREAS, the State of Georgia, acting through the office of the district attorney of the Ocmulgee Judicial Circuit (hereinafter the State), has conducted certain investigations and procured certain warrants of arrest in connection with said investigation; and

WHEREAS, the parties hereto are desirous of resolving any and all claims of noncompliance with the controlled substance and dangerous drug laws of the State of Georgia and all other matters pertaining to certain charges which were brought or may be brought against Alan D. Bolnick, M.D., without further litigation and the expenses incurred therewith, and the Court having carefully considered the positions of the parties, the acts alleged to have been committed by the Defendant, his defenses and excuses thereto, and the ramifications thereof;

NOW, THEREFORE, the State and Alan D. Bolnick consenting thereto, it is the Order of this Court that further proceedings be deferred for a period of two years from today's date, it being the intention of the parties to enter into a pretrial diversion agreement, and by these presents, the parties having agreed to a

pretrial diversion agreement, the same is approved by this Court, upon the provisions as agreed to by the parties that the following condition be imposed and complied with:

1. The State of Georgia hereby agrees that it shall engage in no further prosecution of the charges relating to either: (1) the matters that are the subject of those warrants that have been issued to date against Alan D. Bolnick; or (2) any other matter relating to the prescription or dispensation of controlled substances or dangerous drugs by Alan D. Bolnick that has been the subject of investigation by the State up to and including the date of this agreement. The State further agrees that the charges instituted heretofore shall be deferred and dismissed, if the said Alan D. Bolnick complies with all terms of this pretrial diversion agreement.

2. Alan D. Bolnick shall not violate any federal, state, or local laws or ordinances.

3. Alan D. Bolnick shall pay the sum of $10,000.00 to the State of Georgia, said sum to be paid within thirty (30) days of today's date.

4. Alan D. Bolnick shall perform 350 hours of community service, treating City and/or County female prisoners delivered for treatment or requested to be treated by the Sheriff of Baldwin County, Georgia, and the City Police of the City of Milledgeville, with records to be kept by the Baldwin County Probation Office of the hours of community service performed, such records to be submitted by Alan D. Bolnick, the Sheriff of Baldwin County, and the Chief of the Milledgeville Police Department.

AB

5. Alan D. Bolnick agrees to transfer all proceeds from or the right, title and interest to the 1987 Mercedes-Benz to the State of Georgia, or its designated law enforcement agency, to be used for law enforcement purposes, said Mercedes-Benz being the subject of a forfeiture proceeding or case pending in the Superior Court of Baldwin County, Georgia.

6. Alan D. Bolnick understands and agrees that upon a violation of any of the terms and conditions of this order, the State may proceed with the prosecution of the charges which are the subject matter of this pre-sentence agreement and seek contempt.

7. Alan D. Bolnick understands and agrees that upon his successful fulfillment of the various terms and conditions set out herein or upon release by the Court of the terms and conditions prior to the period of time set out herein, he shall stand discharged of any offenses charged or which may be charged arising out of the subject matter or transactions which gave rise to this pretrial diversion agreement.

8. It is agreed between the parties that the Court may at any time revoke and/or modify the conditions or terms set out herein upon notice and good cause shown, and may at any time discharge Alan D. Bolnick from the conditions of this Order.

9. It is understood by the parties and agreed that upon due notice and hearing, if it is determined that a violation of this pretrial diversion agreement has occurred, notwithstanding the performance of any terms to the date of the violation, the State shall be allowed to proceed with prosecution of any and all charges arising out of the transaction giving rise to this agreement.

10. Nothing contained herein shall be construed as an admission of guilt or culpability, it being the specific intent of the parties to enter into an agreement to resolve all matters arising out of the transaction which gave rise to the warrants of arrest for Alan D. Bolnick, M.D., and the parties have entered into this pretrial diversion agreement to provide for the payment of certain amounts to the State to cover costs incurred in this matter, and further to provide for the performance of certain pretrial diversion stipulations.

SO ORDERED, this 18TH day of December, 1991.

Judge, Superior Court of Ocmulgee Judicial Circuit

Recommended and agreed to by:

Alan D. Bolnick

Attorney for Alan D. Bolnick

Assistant District Attorney

FILED IN THIS OFFICE
18 DAY OF DEC 19 91
DEPUTY CLERK SUPERIOR COURT BALDWIN CO. GEORGIA

DOCKET NUMBER 94-633

IN THE MATTER OF:	*	
	*	
ALAN DAVID BOLNICK, M.D.,	*	
License No. 27967,	*	
Respondent.	*	

BOARD ORDER TERMINATING PUBLIC CONSENT ORDER

1.

The Georgia Composite Medical Board ("Board") entered a Public Consent Order ("Order") in the above-styled matter on or about April 6, 1995, Docket No. 94-633, which placed Respondent's license to practice medicine in the State of Georgia under a public reprimand.

2.

On or about January 5, 2018, the Board received a petition from the Respondent to terminate the Public Consent Order. The Board reviewed the petition and Respondent's compliance with the terms of the Order and determined Respondent has complied with the terms and conditions of probation.

Based on the foregoing, the Board hereby terminates the probation of Respondent's license. Respondent's license is returned to unrestricted status and is in good standing.

SO ORDERED, this 11th day of January, 2018.

Re: State of Georgia v. Alan D. Bolnick, M.D. and Jay M. Bolnick M.D., Indictment No.04CR4463/ 04CR44753

Dear Interested Party:

This letter is provided in reference to the above-styled criminal case, and at the request of the two physicians who were formerly defendants in this prosecution.

I was the lead prosecutor in this case. This case was commenced by an indictment (and a superseding indictment). An indictment is not evidence that any crime has been committed. An indictment is by law, only a determination of "probable cause." This determination is made based upon confidential testimony taken before a grand jury of 16 members. By law, grand jury proceedings are confidential and secret. A potential defendant does not have a right to appear before a grand jury that is considering a case. In this prosecution, the two physicians were not invited to appear, nor did they appear before the grand jury to defend themselves prior to the filing of charges.

This case never proceeded to the trial stage. Subsequent to the indictment, the state continued its investigation, with the cooperation of the two physicians and their counsel. As a result of additional information developed in the investigation subsequent to indictment, the prosecutors concluded that the prosecution should be discontinued. All charges were voluntarily dismissed by the State of Georgia "with prejudice", meaning that the State of Georgia did not intend to refile these same or related charges at a later time. The State also represented to the Court, as a part of the dismissal, that the State did not intend to bring new or different charges against these two physician defendants in connection with any of the conduct that was the subject of the indictment and the superseding indictment.

There are no charges pending or nor any future charges contemplated against these physicians by the State of Georgia. The State's file in this case was destroyed after the dismissal. This matter is closed insofar as the State of Georgia is concerned.

Sincerely:

Charles M. Richards

Charles M. Richards
Senior Assistant Attorney General

Subject: Dr. Joseph Williams

Hello Mark, Candy and Olivia,

I received a call from Dr. Williams today, DOB 04/14/1950, who submitted a new CS application a couple of days ago. There is a case on him because he did not renew his CS registration back in 2020 and was writing CS prescriptions on an expired license. He requested today to have a temporary license so he can continue to treat his patient until the case is resolved.

Olivia, please issue Dr. Williams a temporary CS registration with an expiration date of December 1, 2022.

Darla and PMP team,

Dr. Williams understands his PMP account was shut off. Could one of you please reactivate his account while he has a temporary license?

Thank you,

Kristopher Mangosing

To: David Wuest
Subject: RE: Request for Non-Pharmacy Worksite Approval

From: Kate Gibbons <kate.gibbons@includedhealth.com>
Sent: Tuesday, December 6, 2022 2:16 PM
To: Pharmacy Board <pharmacy@pharmacy.nv.gov>
Cc: Yenh Long <ylong@pharmacy.nv.gov>
Subject: Request for Non-Pharmacy Worksite Approval

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good afternoon,

Per NAC 639.403, I'd like to request board approval to practice pharmacy at a site that is not a licensed pharmacy.

Below are my responses to the questions required by law:
(a) The name of the pharmacist: Katherine Gibbons
(b) A description of the services that the pharmacist intends to provide at the site: Primarily patient education, formulary navigation, assistance with cost-savings opportunities (ex. co-pay cards, patient assistance programs, etc.), and support for telehealth providers with clinical questions.
(c) The location at which the pharmacist will provide the services: Personally I will be working remotely from a home office in Inlet Beach, FL. Corporate headquarters are for Included Health at the following address: One California Street, Ste. 2300, San Francisco, CA 94111.
(d) An identification of the types of patients or other persons to whom the pharmacist intends to provide the services: Inclusion criteria is patients whose employers have contracted with Included Health to provide navigation and virtual care services.
(e) An identification of the types of pharmacies or other entities to whom the pharmacist intends to provide the services: No services provided to pharmacies; I am an employee of Included Health and will provide services through my employment at this company only.
(f) A description of all resources, both paper and electronic, that will be available to the pharmacist in the course of providing the services: State and federal healthcare & pharmacy-related laws as well as multiple clinical databases including UpToDate, Micromedex, and Natural Medicines; internally, policies and procedures available via a company-wide database
(g) The days and hours during which the pharmacist intends to provide the services: Monday - Friday, 7a - 4p CST
(h) An explanation of the policy of the pharmacist for users of the services when the pharmacist is unavailable: Included Health employs a large team of healthcare providers and support staff; if the pharmacist is unavailable, medication access questions may be managed by support staff & clinical questions may be managed by healthcare providers. If not urgent, questions are left for the pharmacist for the next business day.
(i) An explanation of the policy of the pharmacist regarding the confidentiality and security of the patient data that will be gathered, made and maintained as part of the services which are provided, including, without limitation, paper and electronic records: Included Health has an extensive PHI/HIPAA policy; PHI is not stored on laptops or printed, all calls and communication as well as viewing patient profiles are only done in a private space, patient identities are verified using two identifiers on EVERY call, patient information is never emailed, medical release forms are required to obtain records. Laptops require two factor authentication & access via a VPN, as well as fingerprint to access. There is a corporate HIPAA compliance training annually to ensure all care team members are up to date on policies.

(j) Whether the services provided will be affiliated with, an adjunct of or otherwise related to a licensed pharmacy: No
(k) A description of the business plan for the services provided: Per Included Health direction. At the current time, clinical pharmacy services are offered to patients enrolled in our Connected Care Program (longitudinal case management) and Virtual Primary Care Program (telehealth). We also serve as subject matter experts to providers and the care team at Included Health. Our goal is to expand this to serve Nevada patients.

Please let me know if any additional information is needed & what next steps would be to schedule a hearing with the Board.

Thank you,
Kate

Board Action:

Motion: Wayne Mitchell moved to approve pharmaceutical technician in training application for Jasmine McLaurie.

Second: Jade Jacobo

Action: Passed unanimously.

10. Application for Veterinarian Authority to Dispense Drugs Registration – Appearance.

A. Carrie Lambert, DVM

Carrie Lambert appeared and was sworn by President Park prior to answering questions or offering testimony.

Mr. Wuest provided background that Ms. Lambert has been in treatment for alcohol abuse for the last three years and is currently in treatment. She is in compliance with her program and is applying for Veterinarian Authority to Dispense Dangerous Drugs.

Ms. Lambert stated that Mr. Wuest's summary is correct.

Ms. Lambert answered questions to the Board's satisfaction.

Board Action:

Motion: Wayne Mitchell moved that the application for Ms. Lambert be approved with conditions that she comply with the Nevada State Board of Veterinary Medical Examiners' Stipulated Agreement, and that quarterly PRN-PRN evaluations be submitted to the Nevada State Board of Pharmacy Staff.

Second: Jade Jacobo

Action: Passed unanimously.

11. Applications for Out-of-State Compounding Pharmacy License – Appearance

A. APS Pharmacy – Palm Harbor, FL

Yarisi Valero, Quality Control, and Dave Hill, CEO, appeared and were sworn by President Park prior to answering questions or offering testimony.

Joe Dodge, Board inspector, questioned Mr. Hill and Ms. Valero regarding APS Pharmacy's products and services provided, product testing, shipping procedures, and past FDA inspections.

APPROVED REGULATION OF THE

STATE BOARD OF PHARMACY

LCB File No. R041-21

Filed September 28, 2022

EXPLANATION – Matter in *italics* is new; matter in brackets [~~omitted material~~] is material to be omitted

AUTHORITY: §§ 1 and 2, NRS 639.070 and 639.1371.

A REGULATION relating to pharmaceutical technicians; revising provisions governing the registration of pharmaceutical technicians and pharmaceutical technicians in training; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the State Board of Pharmacy to adopt regulations establishing the required qualifications for registration as a pharmaceutical technician. (NRS 639.1371) Existing regulations establish such qualifications, which include multiple possible combinations of education and experience. (NAC 639.240) **Section 1** of this regulation removes provisions authorizing the issuance of registration as a pharmaceutical technician to an applicant who: (1) is registered as a pharmaceutical technician in another state that has equivalent requirements for registration to this State and has certain experience; (2) has certain experience in another state that does not offer registration; or (3) is certified by the Pharmacy Technician Certification Board or the National Healthcareer Association and has certain education and experience in another state. Instead, **section 1** authorizes the issuance of a certificate of registration to any applicant who is practicing as a pharmaceutical technician in good standing in another state who files: (1) a form certifying that the person has successfully completed 1,500 hours of training and experience as a pharmaceutical technician performing certain services; and (2) if that state requires a registration, license or certificate to practice as a pharmaceutical technician, a copy of the registration, license or certificate. **Section 1** also removes a requirement that an applicant who attended a school outside of the United States submit to the Board a copy of an evaluation of his or her academic transcript as to whether his or her grades are equivalent to the grades required for an applicant who attended a school or program of training in the United States. **Section 1** additionally: (1) prescribes the documentation required to prove that an applicant meets certain qualifications; and (2) revises the conditions for the issuance of registration.

Section 2 of this regulation similarly revises the conditions for the issuance of registration as a pharmaceutical technician in training. **Section 2** additionally revises the expiration date of such registration from 24 months after the date of issuance to October 31 of each even-numbered year. **Section 2** also revises certain documentation that a managing pharmacist of a pharmacy where a pharmaceutical technician in training is employed is required to submit to the Board.

Section 1. NAC 639.240 is hereby amended to read as follows:

639.240 1. No person may perform the duties of a pharmaceutical technician until the person has been issued a certificate of registration.

2. An applicant for registration as a pharmaceutical technician must:

(a) Be 18 years of age or older;

(b) Be a high school graduate or the equivalent;

(c) Have complied with the requirements of subsection 4 of NRS 639.1371, as amended by section 6 of Senate Bill No. 408, chapter 218, Statutes of Nevada 2021 at page 1018; and

(d) Have complied with one of the following requirements:

(1) The successful completion of a program of training for pharmaceutical technicians, including, but not limited to, a program of training offered by a postsecondary school, that is approved by the Board pursuant to NAC 639.256.

~~[(2) Registration]~~ ***The applicant must provide with the application a copy of a certificate evidencing successful completion of such a program.***

(2) Active practice in good standing in another state as a pharmaceutical technician**.** ~~[, if the requirements for registration in that state are equivalent to the requirements of this State, and the successful completion of at least 240 hours of employment as a pharmaceutical technician in a pharmacy in that state, which must be verified by the managing pharmacist of the pharmacy.~~

~~(3) If the state in which the applicant has been employed does not offer registration, licensure or certification as a pharmaceutical technician:~~

~~(I) The successful completion of at least 1,500 hours of experience in a pharmacy in that state performing the duties set forth in paragraph (c) of subsection 3 of NRS 639.1371 during the 3 years immediately preceding the date on which his or her application was submitted;~~

~~(II) The successful completion of at least 350 hours of employment in a pharmacy in this State; and~~

~~(III) The acquisition of a written statement to the Board from the managing pharmacist of the pharmacy referred to in sub-subparagraph (II) stating that the applicant, during his or her employment, demonstrated competence to perform the tasks assigned to him or her.~~

~~→ Such an applicant must register as a pharmaceutical technician in training before he or she completes the requirements of sub-subparagraph (II).~~

~~(4)~~] ***The applicant must provide with the application:***

(I) A form prescribed by the Board that is notarized and signed by the managing pharmacist of the pharmacy where the applicant was employed certifying that the applicant has successfully completed 1,500 hours of training and experience as a pharmaceutical technician providing the services set forth in paragraph (c) of subsection 3 of NRS 639.1371; and

(II) If required by that state to practice as a pharmaceutical technician, a copy of the registration, license or certificate issued to the applicant by that state.

(3) The successful completion of at least 1,500 hours of training and experience as a ***registered*** pharmaceutical technician in training ~~.~~] ***providing the services set forth in paragraph (c) of subsection 3 of NRS 639.1371 in a pharmacy in this State. The applicant must provide with the application a form prescribed by the Board and completed by the managing pharmacist of the pharmacy at which the applicant received training certifying the successful completion of such training and experience.*** A pharmaceutical technician in training may accumulate certified hours of training from each place of employment.

~~[(5)]~~ *(4)* The successful completion of a program of training for pharmaceutical technicians conducted by a branch of the Armed Forces of the United States, the Indian Health Service of the United States Department of Health and Human Services or the United States Department of Veterans Affairs.

~~[(6) Certification by the Pharmacy Technician Certification Board or the National Healthcareer Association as a pharmacy technician if:~~

~~(I) The applicant successfully completes a program of training for pharmaceutical technicians conducted by a postsecondary school in another state;~~

~~(II) The program is accredited or otherwise approved by the appropriate regulatory authority in that state; and~~

~~(III) The applicant successfully completes at least 240 hours of employment as a pharmaceutical technician in training in a pharmacy in another state, which must be verified by the managing pharmacist of the pharmacy.~~

~~3. An applicant who attended a school outside the United States must submit to an organization which evaluates educational credentials a copy of the transcript of his or her academic record from that school for a determination of whether the grades the applicant received are substantially equivalent to the grades required for an applicant who attended a school, or a program of training for pharmaceutical technicians that is accredited by the American Society of Health-System Pharmacists, in the United States. The applicant must ensure that a copy of the organization's evaluation of the transcript is submitted to the Board.~~

~~4.]~~ ***The applicant must provide with the application a copy of a certificate evidencing the successful completion of such a program of training.***

3. The Board may deny an application for registration as a pharmaceutical technician if the applicant has:

(a) Been convicted of any felony or a misdemeanor involving moral turpitude, dishonesty or the unlawful possession, sale or use of drugs; or

(b) A history of drug abuse.

~~[5. Upon receipt of an application and the required fee, the Executive Secretary shall, unless he or she has good cause to deny the registration, issue a certificate of registration to the pharmaceutical technician.]~~

4. If the Board does not deny the application pursuant to subsection 3 and determines that the applicant meets the requirements of this chapter and chapter 639 of NRS for registration as a pharmaceutical technician, the Board will issue a certificate of registration as a pharmaceutical technician to the applicant.

Sec. 2. NAC 639.242 is hereby amended to read as follows:

639.242 1. An applicant for registration as a pharmaceutical technician in training must:

(a) Be 18 years of age or older;

(b) Be a high school graduate or the equivalent; and

(c) Participate in training while on the job and acquire experience that is commensurate with the duties of his or her employment.

2. The Board may deny an application for registration as a pharmaceutical technician in training if the applicant has:

(a) Been convicted of any felony or a misdemeanor involving moral turpitude, dishonesty or the unlawful possession, sale or use of drugs; or

(b) A history of drug abuse.

3. A person may perform the duties of a pharmaceutical technician while the person is receiving the training and experience required by paragraph (c) of subsection 1 if he or she is registered with the Board.

4. ~~[Upon receipt of an application and the required fee, the Executive Secretary shall, unless he or she has good cause to deny the registration, issue a registration certificate for a pharmaceutical technician in training to the managing pharmacist of the pharmacy where the trainee will be employed.]~~ ***If the Board does not deny the application pursuant to subsection 2 and determines that the applicant meets the requirements of this chapter and chapter 639 of NRS for registration as a pharmaceutical technician in training, the Board will issue a certificate of registration as a pharmaceutical technician in training to the applicant.***

5. Registration as a pharmaceutical technician in training ~~[is effective for 24 months after the date of issuance unless an extension is granted by the Board.]~~ ***expires on October 31 of each even-numbered year unless renewed before that date.***

6. ~~[The registration certificate of a pharmaceutical technician in training who is receiving the training and experience required by paragraph (c) of subsection 1 will specify the pharmacy where he or she will be employed. Termination of that employment voids the registration, and the trainee must reapply for registration before his or her services may be used by another pharmacy. This subsection does not prohibit a trainee from accumulating certified hours of training from each place of employment.~~

~~7.]~~ The managing pharmacist of the pharmacy where a pharmaceutical technician in training is employed to receive the training and experience required by paragraph (c) of subsection 1 shall file with the Board a ~~[signed affidavit]~~ ***completed form prescribed by the Board*** certifying:

(a) The number of hours of training and experience the trainee has successfully completed;

(b) The specific training and experience the trainee has completed; and

(c) That the trainee is competent to perform the duties of a pharmaceutical technician.

NEVADA STATE BOARD OF PHARMACY
985 Damonte Ranch Parkway, Suite 206 - Reno, NV 89521 - (775) 850-1440

Pharmaceutical Technician (PT) Application

Non-Refundable $50 fee
Rev (12/07/2022)

This application cannot be returned by fax or email.
We must have an original signature and fee to process.

If you will be working as a "dispensing technician" at a dispensing practitioner's office, DO NOT COMPLETE THIS APPLICATION. Complete the "Dispensing Technician" application at www.bop.nv.gov.

Approval of this application is required to request for a Pharmaceutical Technician (PT) registration. A PT registration is a revocable privilege, and no holder of such a license acquires any vested right therein or thereunder.

Print and mail the completed application to the address indicated above with a **non-refundable fee of $50.00** paid for by credit or debit card or a check, cashier's check or money order made payable to the Nevada State Board of Pharmacy. Credit and debit card payments are charged a 5% processing fee.

To register as a PT, you must meet one of the qualifications and provide the required documents as indicated below (NAC 639.240):

1. The successful completion of an ASHP-approved PT school or training program.
    a. Provide a copy of certificate of completion of the program.
2. **Active practice in good standing** in another state as a PT, and the successful completion of at least 1,500 hours of employment as a PT in a pharmacy in that state performing the duties set forth in paragraph (c) of subsection 3 of NRS 639.1371, which must be verified by **a signed affidavit** by the managing pharmacist of the pharmacy.
    a. Provide a copy of your PT registration, license, or certificate (if it is a requirement by that state to practice as a PT), which must be current, active, and in good standing.
    b. Provide the signed affidavit from your managing pharmacist that you have completed at least 1,500 hours of employment as a PT in a pharmacy in that state.
3. The successful completion of at least 1,500 hours of training and experience as a registered pharmaceutical technician in training (PTT), performing the duties set forth in paragraph (c) of subsection 3 of NRS 639.1371, in Nevada licensed pharmacies, which must be verified by the managing pharmacist of the pharmacy.
    a. Provide the signed form from your managing pharmacist that you have completed 1,500 hours of training and experience in a pharmacy in this state as a registered PTT.
4. The successful completion of a pharmaceutical technician training program conducted by a branch of the U.S. Armed Forces, the Indian Health Service of United Sates Department of Health and Human Services or the U.S. Department of Veterans Affairs.
    a. Provide a copy of certificate of completion of the program.

In addition to the requirements above, submit fingerprints for a background check by following the instructions at https://bop.nv.gov/uploadedFiles/bopnvgov/content/Services/newapps/FP%20Instructions%20NRS%20639.127%20639.1371.pdf. **ALL APPLICANTS MUST COMPLETE THIS SECTION. NRS 639.1371**

Please note:

- Applicants who do not qualify under one of the categories listed in NAC 639.240(2)(d) must apply as a pharmaceutical technician in training pursuant to NAC 639.242.
- Access Nevada Revised Statutes and Administrative Codes for pharmacy practice at www.bop.nv.gov.
- Every registered pharmaceutical technician shall, within 10 days after changing his or her residence or place of practice, give written notice of the change to the Board. NAC 639.225
- All PT registrations expire October 31 of even-numbered years. Fees are not pro-rated.
- For questions contact us at 775-850-1440 or by email at pharmacy@pharmacy.nv.gov.

Pharmacist Technician IN TRAINING (PTT) Application

Non-Refundable $50 fee

Rev (12/07/2022)

This application cannot be returned by fax or email.
We must have an original signature and fee to process.

DO NOT COMPLETE THIS APPLICATION if you will be working as a "dispensing technician" at a dispensing practitioner's office. Complete the "Dispensing Technician Trainee" application found at www.bop.nv.gov.

Approval of this application is required to request for a Pharmaceutical in Training (PTT) registration. A PTT registration is a revocable privilege, and no holder of such a license acquires any vested right therein or thereunder.

Print and mail the completed application along with a **non-refundable fee of $50.00** paid for by credit or debit card or a check, cashier's check, or money order made payable to the Nevada State Board of Pharmacy. Credit and debit card payments are charged a 5% processing fee.

A PTT registration is required for a person to perform the duties of a pharmaceutical technician (PT), under the supervision of a pharmacist, in a Nevada licensed pharmacy, to acquire the necessary hours of training and experience performing the duties set forth in paragraph (c) of subsection 3 of NRS 639.1371 to become a pharmaceutical technician (PT).

Please note:

- Access Nevada Revised Statutes and Administrative Codes for pharmacy practice at www.bop.nv.gov.
- Hours of training and experience as a PTT may be accumulated from each Nevada licensed pharmacy in which you are receiving training and experience performing the duties set forth in paragraph (c) of subsection 3 or NRS 639.1371. NAC 639.242.
- Every registered pharmaceutical technician shall, within 10 days after changing his or her residence or place of practice, give written notice of the change to the Board. NAC 639.225
- All PTT registrations expire October 31 of even-numbered years. Fees are not pro-rated.
- For questions contact us at 775-850-1440 or by email at pharmacy@pharmacy.nv.gov.
