Agreement to Arbitrate Claims

You and We agree that any controversy or claim, whether at law or equity, arising out of or related to the provision of services by this The UPS Store® center shall be resolved in its entirety by individual (not class-wide nor collective) binding arbitration, regardless of the date of accrual of such dispute, except for claims that may be filed in courts of limited jurisdiction such as small claims, justice of the peace, magistrate court, and similar courts with monetary limits of $30,000 or less on their jurisdictions over civil disputes. You and We agree that this agreement to arbitrate claims also applies to any controversy or claim involving The UPS Store, Inc. or any of its affiliated entities.

Arbitration is the submission of a dispute to a neutral arbitrator, instead of a judge or jury, for a final and binding decision, known as an "award." Arbitration provides for more limited discovery than in court, and is subject to limited review by courts. Each party has an opportunity to present evidence to the arbitrator in writing or through witnesses. An arbitrator can only award the same damages and relief that a court can award under the law and must honor the terms and conditions in the Terms.

Institutional Arbitration

The arbitration shall be conducted by the American Arbitration Association (AAA) in accordance with its Commercial Arbitration Rules or, provided that you are an individual consumer and are using this The UPS Store center's services for personal (not business) use, the Consumer Arbitration Rules (the "Rules"), and judgment on the award may be entered in any court of competent jurisdiction. The Rules, including instructions for how to initiate arbitration, are available at http://www.adr.org.

Any arbitration under this Agreement will take place on an individual basis; class, mass, consolidated or combined actions or arbitrations or proceeding as a private attorney general are not permitted. You and We are each waiving the right to trial by jury. You and We are further giving up the ability to participate in a class, mass, consolidated or combined action or arbitration.

Place of Arbitration/Number of Arbitrators/Costs of Arbitration/Governing Law/Survival

Any arbitration will take place in the county where this The UPS Store® center is located and will be determined by a single arbitrator.

Any filing fee or administrative fee required of Claimant by the AAA Rules shall be paid by You to the extent such fee does not exceed the amount of the fee required to commence a similar action in a court that otherwise would have jurisdiction. For all non-frivolous complaints, We will pay the amount of such fee in excess of that amount. The arbitrator will allocate the administrative costs and arbitral fees consistent with the applicable rules of the American Arbitration Association. Reasonable attorney's fees and expenses will be allocated or awarded only to the extent such allocation or award is available under applicable law.

All issues are for the arbitrator to decide, except that issues relating to the scope, application, and enforceability of the arbitration provision are for a court to decide. The Federal Arbitration Act governs the interpretation and enforcement of this provision. This agreement to arbitrate shall survive termination of the Terms.

Severability

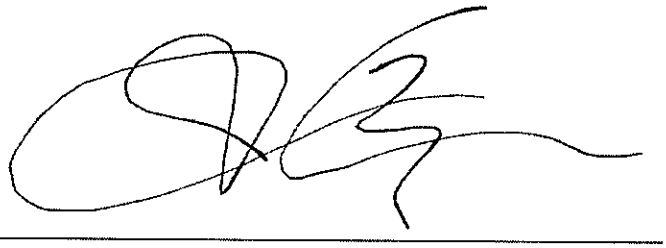
Notwithstanding anything to the contrary in the AAA Rules, if any part of this arbitration provision is deemed invalid or ineffective for any reason, this shall not affect the validity or enforceability of the remainder of this arbitration provision, and the arbitrator shall have the authority to amend any provisions deemed invalid or ineffective to make the same valid and enforceable.

Desk Arbitration

For all disputes concerning an amount less than fifteen thousand dollars ($15,000.00), the parties shall submit their arguments and evidence to the arbitrator in writing and the arbitrator shall make an award based only on the documents; no hearing will be held unless the arbitrator in his or her discretion, and upon request of a party, decides it is a necessity to require an in-person hearing. Notwithstanding this provision, the parties may agree to proceed with desk arbitration at any time.

Access to Small Claims Courts

All parties shall retain the right to seek adjudication in a state court of limited jurisdiction, such as small claims, justice of the peace, magistrate court, and similar courts with monetary limits of less than $30,000 on their jurisdiction over civil disputes, for individual disputes within the scope of such court's jurisdiction.



Acknowledgements

You and We acknowledge and agree that:

- WE ARE WAIVING THE RIGHT TO HAVE A TRIAL BY JURY TO RESOLVE ANY DISPUTE BETWEEN OR AMONG US, THE UPS STORE, INC., ITS AFFILIATES OR RELATED THIRD PARTIES;
- WE ARE WAIVING THE RIGHT TO HAVE A COURT, OTHER THAN A STATE COURT OF LIMITED JURISDICTION AS DEFINED ABOVE, RESOLVE ANY SUCH DISPUTE;
- WE ARE WAIVING THE RIGHT TO HAVE A COURT REVIEW ANY DECISION OR AWARD OF AN ARBITRATOR, WHETHER INTERIM OR FINAL, EXCEPT FOR APPEALS BASED ON THOSE GROUNDS FOR VACATUR EXPRESSLY SET FORTH IN SECTION 10 OF THE FEDERAL ARBITRATION ACT.
- YOU AND WE AGREE THAT WE ARE WAIVING THE RIGHT TO SERVE AS A REPRESENTATIVE, AS A PRIVATE ATTORNEY GENERAL, OR IN ANY OTHER REPRESENTATIVE CAPACITY, JOIN AS A CLASS MEMBER, AND/OR TO PARTICIPATE AS A MEMBER OF A CLASS OF CLAIMANTS IN ANY CLASS, MASS, CONSOLIDATED OR COMBINED ACTION OR ARBITRATION.

Award

The arbitrator may award money or equitable relief in favor of only the individual party seeking relief and only to the extent necessary to provide relief warranted by that party's individual claim. Similarly, an arbitration award and any judgment confirming it apply only to that specific case; it cannot be used in any other case except to enforce the award itself. To reduce the time and expense of the arbitration, the arbitrator will not provide a statement of reasons for his or her award unless a brief explanation of the reasons is requested by one of the parties. Unless the parties agree otherwise, the arbitrator may not consolidate more than one person's claims, and may not otherwise preside over any form of a representative, private attorney general or class proceeding.

Re: NV Board of Pharmacy Case # 08-049-RPH-S

As part of audit of continuing education records for renewal period 11/01/2005-10/31/2007, I could only produce 8 hours of continuing education certificates. Additional continuing education documentation was lost on a damaged computer and could not be recovered. I failed to request copies of the additional certificates. I accepted responsibility and completed the corrective action requirements by the Board.

From: **The Healthcare Integrity and Protection Data Bank**
Re: **Notification of a Report in the Data Bank(s)**

This notice is to inform you that the enclosed report of an action taken against you was recently submitted to the Healthcare Integrity and Protection Data Bank (HIPDB).

What is the HIPDB? Section 1128E of the Social Security Act as added by Section 221(a) of the Health Insurance Portability and Accountability Act of 1996, established the HIPDB. Section 1128E mandates that information on certain final adverse actions (e.g., licensure, civil judgment and criminal convictions related to health care, exclusions from Federal or State health care programs and certain other adjudicated actions and decisions) taken against health care practitioners, providers and suppliers be reported to the HIPDB. Federal and State government agencies and health plans are authorized to query the HIPDB.

Confidentiality.

All information in the HIPDB is considered confidential and is disclosed only to legally authorized queriers for specified uses. Disclosure or use of confidential information for other purposes is a violation of Federal law. Health care practitioners, providers and suppliers may query the Data Bank about themselves (self-query) and may share their self-query results with anyone they choose. Information in the Data Bank is NOT available to the public.

What does the report mean to you?

The enclosed report summarizes an action taken against you. The HIPDB may contain more than one report on a particular incident, if two or more actions were taken that related to that one incident, e.g., an adverse licensure action and an exclusion from the Medicare and Medicaid programs. A report in the Data Bank does not necessarily reflect adversely on your professional competence or conduct. Those entities authorized to access the HIPDB use the information in conjunction with information from other sources, including you, when granting clinical privileges or making employment, affiliation or licensure decisions. This report is being sent to you so that you can check its accuracy. This is important because the Data Bank is a clearinghouse for reports, which are maintained exactly as submitted.

>> **If the report is accurate,** you need not respond to this mailing. The report will be available to authorized queriers exactly as submitted.
>> **If the mailing address in this report is incorrect,** you may update your mailing address as maintained by the Data Banks using the on-line Report Response Service, available at http://www.npdb-hipdb.hrsa.gov. Future correspondence from the Data Banks will be mailed to you at the address specified. Please be advised that this does not change your address as reflected in the report. Only the entity that originally submitted the report can modify or correct information provided in the report.
>> **You may add a statement** expressing your view of the events described in the report using the on-line Report Response Service, available at http://www.npdb-hipdb.hrsa.gov.

If you submit a Subject Statement or place the report in disputed status using the Report Response Service, you will be prompted to print a copy for your records. When the Data Banks process a statement and/or dispute, notification of the statement and/or disputed status is sent to all queriers who received the report. If the entity that submitted the report to the Data Bank submits a change or correction to the report, a copy of the revised report will be sent to you and to any queriers who received a previous version of the report.

If a reporting entity subsequently corrects or changes a report that contains a Subject Statement, the original statement will be maintained in the modified report until the Subject elects to remove it or replace it with a new statement.

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

This location is a "NEW" location but we have had a license to perform from out of state. I hold a License for respiratory care but I do not practice in any other place but All Desert Respiratory. Christian Breeher is located in Nevada. He moved from California to nevada to run this Location. I will have to order a certificate of good standing and get that over to you. Thanks Randy

		Finding	Notes
17.00	Were any deficiencies noted? *Indicate the deficiencies and note whether they were corrected.*	Yes	NY requires Controlled Drug Substances (CDS) prescription records kept onsite for 5 years. During the inspection, records sought were within 5 years but kept off-site 2 blocks away; Non-licensed personnel were observed compounding which the pharmacy denied because the software PK1 does not allow such an activity done by a non-licensed personnel. NABP Surveyor's NOTE: Apparently NY requires that all records be readily accessible for 5 years, and during the current NABP Survey, requests for CDS records made and pharmacy personnel went to the off-site storage location and retrieved the documents on the same day. Same thing happened during the last NY inspection which did not result in a citation at the time because records were readily accessible. Additionally, NY requires only a Pharmacist to compound (nonsterile or sterile products), and technicians can only perform supportive duties.
18.00	Does the pharmacy hold ANY wholesale, distributor, or manufacturer licenses? *Document information in the license grid above for Resident State and in the Notes for Non-Resident States.*	No	
19.00	Has this pharmacy been inspected by any other state for which it holds a license? *If yes, note the state and the date of the inspection and frequency of inspections by other states.*	No	Pharmacy was referred to NABP for a VPP Survey by NABP's Compounding Pharmacy Accreditation.

21.00	Is the pharmacy operating under a waiver or variance granted by the state in which the pharmacy is located or by any other state in which the pharmacy is licensed? *If yes, note the waiver or variance.*	No	
22.00	Does the pharmacy have any additional restrictions, limitations, or waivers with regards to any federal licenses or registrations (FDA, DEA, etc)? *If yes, note the agency and additional item.*	No

Designated Representative Application

Rev (05/12/2022)

An application for a license, or a licensee with a license, to conduct a pharmacy or to operate as a wholesaler shall designate at least one natural person to serve as the representative of the pharmacy or wholesaler. The Board will not issue or renew a license of an applicant or licensee that is required to designate a representative of a pharmacy or wholesaler unless the Board determines that the designated natural person meets the following qualifications per NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler):

1. Is at least 21 years of age;
2. Has been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.

The designated representative of a pharmacy or a wholesaler:

1. Must be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
2. Must be employed full-time in a managerial level position with the pharmacy or wholesaler;
3. Must be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
4. May serve in this representative capacity for only one pharmacy or wholesaler at a time

A pharmacy or wholesaler that is required to designate a natural person as its representative shall not open or operate the pharmacy or wholesaler unless that representative is actually employed full-time in the operation of the pharmacy or wholesaler and is physically present at the site of the pharmacy or wholesaler during regular working hours, not including sick leave, vacation leave and other authorized absences from work. If the natural person designated as the representative of a pharmacy leaves the employ of the pharmacy or wholesaler, thus leaving the pharmacy or wholesaler without a representative in violation of this section, the pharmacy or wholesaler shall:

1. Immediately cease conducting business until another qualified natural person is approved by the Board to serve as the representative of the pharmacy or wholesaler; and
2. Not later than 48 hours after that person leaves its employ, notify the Board that the person designated as the representative of the pharmacy or wholesaler has left the employ of the pharmacy or wholesaler.

Before a pharmacy or wholesaler, that is in violation of NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler) because the natural person designated as the representative of the pharmacy or wholesaler left the employ of the pharmacy or wholesaler, may continue conducting business:

1. The pharmacy or wholesaler must designate, on a form provided by the Board, a new natural person to serve as the representative of the pharmacy; and
2. The Board must approve the natural person so designated.

Texas State Board of Pharmacy	Veterinary Pharmacies of America LLC	Pharmacy/31317	3/31/2021

Veterinary Pharmacies of America is a closed door, veterinary pharmacy that is licensed in all states and DC. The pharmacy distributes to veterinary clinics in states that allow "office use"; this is 3% to 4% of the business. Various dosage forms of non-sterile and non-sterile hazardous drug products are compounded. The pharmacy has 28 BSC's, and a negative pressure HD room with several BSC's. According to the PIC, controlling humidity has been an ongoing issue, and appears to not have been corrected since the last VPP Survey (03/29/2019). Pharmacy logs show humidity spikes of up to 75% in various areas of the pharmacy. PIC states there is no immediate action plan for the humidity excursions, other than continuing to monitor and evaluate drug products on an ongoing basis. However, corporate is considering investing in infrastructure updates to address this problem (no firm "Action Plan" with deadlines offered).

AMENDED PETITION FOR DISCIPLINARY ACTION

72 08445

CREDENTIALING DIVISION
APR 26 2006
RECEIVED

The Plaintiff alleges as follows:

1. Jurisdiction is based on Neb. Rev. Stat. § 71-150.

2. At all times relevant herein, the Defendant, Greg M. O'Grady, R.P., has been the holder of a license (#11561) issued by the Nebraska Department of Health and Human Services Regulation and Licensure ("Department") to practice as a pharmacist in the State of Nebraska.

3. The Department is the agency in the State of Nebraska authorized to enforce the provisions of the Uniform Licensing Law regulating the practice of pharmacy.

4. The Nebraska Board of Pharmacy considered the investigation of this matter and made a disciplinary recommendation to the Attorney General, which recommendation has been considered. Such matters are privileged pursuant to Neb. Rev. Stat. §§ 71-168.01(7) and 71-168.01(8).

5. At all times relevant herein, the Defendant was employed as a pharmacist by W. Pharmacy in Omaha, Nebraska.

6. On or about January 23, 2005, W. Pharmacy dispensed a prescription for Lamictal to M.W. The prescription was supposed to direct the patient to take one (1) tablet at bedtime. An intern typed the label incorrectly and the verifying pharmacist dispensed the prescription with directions to take one (1) tablet four (4) times daily.

7. On or about May 28, 2005, the Defendant verified and dispensed a refill prescription for the Lamictal to M.W. again with the wrong directions to take one (1) tablet four (4) times daily.

8. The Defendant told a Department investigator that he did not compare the directions on the refill with the original prescription.

9. Neb. Rev. Stat. § 71-147(10) provides that a professional license may be disciplined for unprofessional conduct.

10. Neb. Rev. Stat. § 71-148(22) defines unprofessional conduct as "such other acts as may be defined in rules and regulations adopted and promulgated by the board of examiners in the profession of the...licensee...."

11. Title 172 NAC 128-003.04(10) states that it is unprofessional conduct to violate any provision of the Pharmacy Practice Act.

12. The Pharmacy Practice Act, in Neb. Rev. Stat. § 71-1,147.35 requires a pharmacist to conduct a drug utilization review, including a review of incorrect doseage or duration of drug treatment, prior to dispensing a drug pursuant to a medical order.

13. The Defendant's failure to conduct an adequate drug utilization review prior to dispensing the refill prescription for Lamictal to M.W. is unprofessional conduct and grounds for discipline.

PRAYER FOR RELIEF

WHEREFORE, the Plaintiff prays that the Director set this matter for hearing, order appropriate disciplinary action pursuant to Neb. Rev. Stat. § 71-155 and tax the costs of this action to the Defendant.

Document I - Pandia Pharmacy San Jose, CA Surveyor's Notes 4/13/2022

General Facility Physical Description-

Pandia Pharmacy is a separate room located within the Silicon Valley Property Management building. This building hosts a number of different businesses and appears to lease permanent and temporary office space.

Pandia Pharmacy is comprised of approximately 200 sq. ft. located in the rear of a large open office area. The pharmacy has a locked door and an electronic security system. The space is open, as the walls do not reach the ceiling, the space between the top of the wall and the ceiling above is secured with "chicken wire". However, it should be noted that the pharmacy security system includes motion detectors which would alarm should the space be entered illegally.

Pharmacy Operations-

This is currently a one-person pharmacy operation. The PIC is the only employee of this pharmacy, and the pharmacy lists James D. Wong as a Consultant Pharmacist. There are no pharmacy technicians or other licensed/non-licensed personnel. The Policy and Procedures (P&P) manual is extensive but appears "canned" in nature. Several operational and procedural queries did not truly reflect the operations of the pharmacy. Additionally, the PIC appeared unfamiliar with the policies and procedures defined in the manual.

Prescription Processing-

An analysis of the prescriptions processed for the month of March 2022 resulted in the following:

Prescriptions for Arizona 91

Prescriptions for California 124

Prescriptions for Minnesota 1*

Prescriptions for Michigan 9**

* Denotes MN prescription was entered but not filled. Pharmacy is unlicensed in Minnesota.

** Denotes that MI prescriptions were filled and mailed. Pharmacy is unlicensed in Michigan. Pharmacy will cease prescription processing until properly licensed for this state.

The PIC and Pharmacy Consultant expressed that the PIC confused MI for WI (where they are licensed) and filled the prescriptions erroneously.

Provide explanation below:

A complaint was made concerning grants made by the Board of Pharmacy to PRN, Inc. in the care of Executive Director Mary Grear. The Board of Pharmacy sent notice of a request for hearing to the wrong mailing address even though the correct address was on file at the Board Office. This resulted in my not being aware that I needed to appear until after the Board Meeting. I subsequently prepared the requested documents and submitted them to the Board Auditors who found no discrepencies in the funds granted by the Board of Pharmacy to PRN, Inc. and the expense record under my administration. A rehearing was held and the case was closed finding all monies were accounted for the PRN, Inc grants.

Re: Change of Ownership Application - Medical and Dental Center of Nevada, LLC (ASC03943)

Dear Nevada Board of Pharmacy:

Medical and Dental Center of Nevada, LLC (the "Licensee") currently operates under pharmacy permit ASC03943. Effective September 30, 2022 Blue Cloud Pediatric Surgery Centers, LLC (the "Buyer") intends to purchase fifty percent of the equity in the Licensee. Dr. Yevgeniy Khavkin will retain the remaining fifty percent interest in the Licensee. Enclosed, please find:

- A completed Ambulatory Surgery Center Application; and
- A completed Personal History Record Application.

In lieu of a Personal History Record Application for Blue Cloud Pediatric Surgery Centers, LLC, we have included an organizational chart.

Note that, shortly after closing, the Buyer intends to purchase an additional .1% of equity in the Licensee, resulting in the Buyer owning an aggregate of 50.1% of the equity in the Licensee. We do not believe that this additional .1% transfer will require any additional Board of Pharmacy filings, but please let me know if that understanding is incorrect.

It is our understanding that this submission meets the requirements for an Ambulatory Surgery Center Pharmacy Permit change of application. Please let me know if that understanding is incorrect. Please feel free to contact me at nina.wall@wallerlaw.com or 615.850.8012 for any additional information. Thank you for your assistance.

Sincerely,

Nina Wall (bmh)

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because at the time of the events alleged herein, Respondent CVS Pharmacy #10861 ("CVS") held a Nevada Pharmacy License No. PH03798, Respondent Yuna Eun, RPh, ("Eun") held a Nevada Pharmacist Certificate of Registration No. 19627, and Respondent Cynthia To, RPh, ("To") held a Nevada Pharmacist Certificate of Registration No. 19604, all issued by the Board.

FACTUAL ALLEGATIONS

2. Respondent CVS is located at 8491 Farm Road in Las Vegas, Nevada.

3. Respondent Eun was employed as the pharmacy manager of CVS during the alleged and relevant timeframes.

4. Respondent To was employed as a staff pharmacist of CVS during the alleged and relevant timeframes.

5. On or about January 10, 2018, Dr. N.H. wrote a prescription for patient E.R. for a quantity of sixty (60) trazodone HCI 50 mg tablets with instructions to take 1-2 tablets at bedtime. Trazodone is generally prescribed as a sleep aid, to treat depression, and/or to treat anxiety.

6. Patient E.R. presented the written prescription to CVS, and CVS designated prescription number 109100.

7. During the data entry process, Respondent To mistakenly selected tramadol instead of trazodone from the drop-down menu in the computer. A label was printed, and PT A.M. filled the prescription with tramadol 50 mg. Tramadol is a schedule IV strong opioid pain killer.

8. Respondent Eun performed data entry verification, drug utilization review ("DUR") overrides, and final verification. DURs included three (3) hard-stop warnings and twelve (12) soft-stop warnings. The three hard-stop warnings consisted of (1) drug allergy to Norco, (2) drug allergy to tramadol, and (3) duplicate therapy oxycodone-acetaminophen filled on December 29, 2017.

9. Prescription number 109100 containing the wrong medication ***tramadol*** 50mg instead of the correct medication, **trazodone HCI 50 mg,** was sold/dispensed to patient E.R. at 6:26 p.m. on January 10, 2018.

10. At the time of dispensing, Respondent Eun did not verbally provide counseling to patient E.R. and did not document whether counseling was provided or refused.

11. Patient E.R. experienced symptoms of itchiness and urinary retention after taking 4 total pills, so she discontinued taking the misfilled tramadol medication as it did not help her to fall sleep.

20. Respondent Eun engaged in unprofessional conduct when she failed to recognize the incorrect filling of the prescription pursuant to the instructions of the prescribing practitioner upon data entry verification, DUR, and final verification resulting in the sale of tramadol instead of the correct prescribed medication trazodone in violation of NAC 639.945(1)(d), and is therefore subject to discipline pursuant to NRS 639.210(4), (12), and/or NRS 639.255.

SECOND COUNT

2. Respondent Walgreens is located at 4771 W. Craig Road in North Las Vegas, Nevada.

3. Respondent Nguyen was employed as the pharmacy manager of Walgreens during the alleged and relevant timeframes.

4. On April 15, 2019, Board Inspector Leo Basch ("Basch") found certain violations, or expired drugs/medications.

Probiotic – expiration date 2/2019

Humalog mix 50/50 vial – expiration date 7/2018

Promethazine suppositories – expiration date 12/2018

5. In addition, there was a manufacturer's box of promethazine suppositories with an expiration date of 12/2018, which contained a partial quantity.

6. Eight (8) boxes of Protofoam were in the refrigerator, when the packaging specifically state "do not refrigerate".

7. MMR vaccine, expiration date 5/18/2018, and diluent, expiration date 4/21/2019 were found in the freezer. Even though the MMR box had the letters "EXP" written on it, the MMR was still in the pharmacy's active inventory.

8. In room temperature storage, numerous expired drugs were discovered. Some were in manufacturers' original bottles and some with Walgreens amber vials with patient labels that had apparently been returned to stock.

9. Inspector Basch notified Respondent Nguyen that corrective actions included removing expired refrigerated products within three (3) days and removing expired non-refrigerated products within fourteen (14) days. Further, staff was instructed to review all active inventory to remove expired medications/drugs.

10. On or about April 26, 2019, Respondent Nguyen sent an email to the Board inspector stating that the tasks to review expired drugs in refrigeration and active inventory was completed.

11. However, on May 1, 2019, when Board inspectors returned to re-inspect Walgreens, Board inspectors discovered six (6) expired medications in Walgreens' amber vials, and found an additional violation of unlabeled liquid in an amber bottle on a shelf of active

inventory. Further, it appeared that the same expired medications noted on the original inspection were still on the pharmacy shelves in active inventory.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Josette Ellen Spotts, MD, held a Nevada controlled substance registration, Certificate of Registration No. CS07110, issued by the Board.

FACTUAL ALLEGATIONS

2. On or about September 16, 2022, the Nevada State Board of Medical Examiners (NSBME) entered an order in Case No. 21-10144-1, in which Respondent surrendered her NSBME License No. 6917 to practice medicine for violations of NRS Chapter 630.

3. On or about September 29, 2022, Board staff served Respondent with notice that the surrender of her NSBME License No. 6917 operated as an immediate suspension of her Certificate of Registration No. CS07110 with the Board pursuant to NRS 639.2107, and that Respondent must immediately cease and desist possessing, administering and/or prescribing controlled substances for Nevada patients.

APPLICABLE LAW

4. A practitioner must hold a license to practice his or her profession in this State and be registered with both the DEA and the Board to possess, administer, prescribe and/or otherwise dispense any controlled substance. NRS 453.226(1); 21 U.S.C. § 822(a)(2); 21 U.S.C. § 823(f); 21 CFR § 1306.03.

5. Performing any duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

6. The Board may suspend or revoke a registration issued pursuant to NRS 453.226 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(e) and NRS 453.241(1).

7. COMPLAINT

The Investigative Committee[1] (IC) of the Nevada State Board of Medical Examiners (Board), by and through Robert G. Kilroy, Esq., Senior Deputy General Counsel and attorney for the IC, having a reasonable basis to believe that Josette Ellen Spotts, M.D., (Respondent) violated the provisions of Nevada Revised Statutes (NRS) Chapter 630 and Nevada Administrative Code (NAC) Chapter 630 (collectively, the Medical Practice Act), hereby issues its Complaint, stating the IC's charges and allegations as follows:

1. At all times relative to this Complaint, Respondent held an active license to practice medicine in the State of Nevada (License No. 6917), and originally licensed by the Board on October 2, 1993.

2. Patient A[2] was a fifty-six (56) year-old female at the time of the events at issue.

3. On September 27, 2016, Patient A underwent a diagnostic mammogram and ultrasound, which revealed bilateral BI-RADS 4 breast masses. The radiologist recommended an ultrasound guided breast biopsy.

4. On October 5, 2016, Patient A was referred to Respondent. Patient A had an abnormal mammogram and breast ultrasound for which a biopsy was recommend. Respondent

---

[1] The Investigative Committee of the Nevada State Board of Medical Examiners, at the time this formal Complaint was authorized for filing, was composed of Board members Wayne Hardwick, M.D., Mr. M. Neil Duxbury, and Aury Nagy, M.D.

[2] Patient A's true identity is not disclosed herein to protect her privacy, but is disclosed in the Patient Designation served upon Respondent along with a copy of this Complaint.

examined Patient A, and based upon her evaluation of the patient and review of previous mammograms from 2016 and 2015, Respondent believed the patient's findings were more consistent with a heterogeneously dense breast described in the 2015 mammogram study instead of the bilateral BI-RADS 4 breast masses indicated on the 2016 mammogram report. Following Respondent's review of the ultrasound report of both of Patient A's breasts, it was her medical opinion that the findings were consistent with benign fibrocystic changes in both breasts. Respondent determined that the previously recommended biopsy by the radiologist was not necessary. Specifically, Respondent's records state "the findings are consistent with benign fibrocystic changes bilaterally and the findings in the breast, seen by ultrasound, are, in my opinion, not suspicious for malignancy, therefore biopsy is not recommended."

5. On February 15, 2017, Patient A presented to Respondent and reported that since her last visit on October 5, 2016, she felt a new mass on her right axilla. A biopsy was performed on the breast tissues on both sides and the pathology report listed an invasive ductal carcinoma in both breasts. When Patient A presented to Respondent to discuss the pathology results and treatment options, Respondent ordered an MRI with and without contrast on both breasts. Respondent did not note the inconsistent, discordant results of the right axillary biopsy and characterized Patient A as a Stage 1 breast cancer patient. Respondent did not recognize that her clinical exam of a firm right axillary lymph node, along with the biopsy result that did not reveal any lymph node tissue within the biopsy specimen, which should have warranted further evaluation by Respondent. Here, Respondent characterized Patient A as "T1c N0 MX" and documented that she was "lymph node negative" and based upon these two factors, Respondent recommended that Patient A proceed with surgery instead of a less-invasive treatment of neoadjuvant chemotherapy. Both factors were incorrect in Respondent's diagnosis and treatment plan and thus were in error.

6. On February 21, 2017, Patient A had the MRI on both breasts and the report from the MRI stated the following: a) the right breast had several masses with susceptibility characteristic of malignancy; b) the left breast had a mass most characteristic of malignancy. Respondent did not have any further involvement in her care since Patient A did not return.

On February 27, 2021, Patient A Informed Respondent that she was no longer comfortable continuing her care because Respondent did not conduct or order a biopsy of her breasts during the October 5, 2016 visit because Respondent misdiagnosed her condition as benign. Patient A was eventually diagnosed with Stage 3 breast cancer.

COUNT I

NRS 630.301(4) (Malpractice)

7. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

8. NRS 630.301(4) provides that malpractice of a physician is grounds for initiating disciplinary action against a licensee.

9. NAC 630.040 defines malpractice as the failure of a physician, in treating a patient, to use the reasonable care, skill, or knowledge ordinarily used under similar circumstances.

10. As demonstrated by, but not limited to, the above-outlined facts, Respondent failed to use the reasonable care, skill or knowledge ordinarily used under similar circumstances when she provided medical services to Patient A by not recommending nor ordering a biopsy after the October 5, 2016 mammogram findings. Additionally, she failed to diagnose Patient A's clinical presentation of breast cancer. The inaction of not ordering a biopsy was unreasonable. Respondent made inappropriate recommendations regarding Patient A's treatment and ultimately causing the patient to make inappropriate and delayed decisions about her medical plan. Respondent acted unreasonably with her care, skill and knowledge regarding her characterization of Patient A as "T1c N0 MX" and when she documented that Patient A she was "lymph node negative." Based upon these incorrect two factors, Respondent recommended that Patient A proceed with surgery instead of a less-invasive treatment of neoadjuvant chemotherapy.

11. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

COUNT II

NRS 630.3062(1)(a) (Failure to Maintain Complete Medical Records)

12. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

13. NRS 630.3062(1)(a) provides that the failure to maintain timely, legible, accurate and complete medical records relating to the diagnosis, treatment and care of a patient is grounds for initiating disciplinary action against a licensee.

14. Respondent failed to maintain complete medical records relating to the diagnosis, treatment and care of Patient A, by failing to document his actions when she treated Patient A, whose medical records were not timely, legible, accurate, and complete.

15. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

COUNT III

NRS 630.306(1)(b)(2) (Violation of Standards of Practice Established by Regulation)

16. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

17. Violation of a standard of practice adopted by the Board is grounds for initiating disciplinary action against a licensee pursuant to NRS 630.306(1)(b)(2).

18. NAC 630.210 requires a physician to seek consultation with another provider of health care in doubtful or difficult cases whenever it appears that consultation may enhance the quality of medical services.

19. Respondent failed to timely seek consultation with another care provider regarding Patient A's medical condition and treatment plan. Respondent should have consulted with an appropriate care provider to address the proper treatment plan for Patient A based on the test results provided by the 2016 mammogram. This consultation could have enhanced Patient A's treatment and eliminated delay of the diagnosis of breast cancer.

20. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

WHEREFORE, the Investigative Committee prays:

1. That the Board give Respondent notice of the charges herein against him and give him notice that he may file an answer to the Complaint herein as set forth in NRS 630.339(2) within twenty (20) days of service of the Complaint;

2. That the Board set a time and place for a formal hearing after holding an Early Case Conference pursuant to NRS 630.339(3);

3. That the Board determine what sanctions to impose if it determines there has been a violation(s) of the Medical Practice Act committed by Respondent;

4. That the Board award fees and costs for the investigation and prosecution of this matter as outlined in NRS 622.400.

5. That the Board make, issue and serve on Respondent its findings of fact, conclusions of law and order, in writing, that includes the sanctions imposed; and

6. That the Board take such other and further action as may be just and proper in these premises.

Dear Dr. Spotts:

The Nevada State Board of Pharmacy (Board) has been notified by the Nevada State Board of Medical Examiners (NSBME) that you surrendered your NSBME License No. 6917 to practice medicine in Nevada in a stipulated settlement of NSBME Case No. 21-10144-1.

Please be advised that pursuant to NRS 639.2107 your surrender of your NSBME License No. 6917 operates as an immediate suspension of your Certificate of Registration No. CS07110 with the Board. You may not possess (except pursuant to the lawful order of a practitioner), administer, prescribe or dispense a controlled substance until you petition the Board for reinstatement pursuant to NRS 639.2565 and the Board reinstates your certificate of registration. Your PMP account is also suspended pursuant to NAC 453.078.

You may request a hearing before the Board to contest the suspension of your registration by submitting a written request to the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521.

Please be aware that the forgoing does not preclude a formal investigation or filing of an accusation pursuant to NRS 639.241. If you have any questions, please do not hesitate to contact me at 775-850-1440 or bkandt@pharmacy.nv.gov.

9. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapters 453 and 639.

10. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on November 30, 2022. 1. **Jurisdiction**. Respondent is, and at all times relevant to the Complaint has been, a physician licensed to practice medicine in Nevada subject to the jurisdiction of the Board as set forth in the Medical Practice Act.

2. **Representation by Counsel/Knowing, Willing and Intelligent Agreement**. Respondent acknowledges he is represented by counsel, and wishes to resolve the matters addressed herein with said counsel. Respondent agrees that if representation by counsel in this matter materially changes prior to entering into this Agreement and for the duration of this Agreement, that counsel for the IC will be timely notified of the material change. Respondent agrees that he knowingly, willingly and intelligently enters into this Agreement after deciding to have a full consultation with and upon the advice of legal counsel.

3. **Waiver of Rights**. In connection with this Agreement, and the associated terms and conditions, Respondent knowingly, willingly and intelligently waives all rights in connection with this administrative matter. 4. **Acknowledgement of Reasonable Basis to Proceed**. As of the time of entering into this Settlement Agreement, the allegations of the Complaint remain unproven. Respondent acknowledges that the IC believes it has a reasonable basis to allege that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. The IC acknowledges

Respondent is not admitting that the IC's claims/counts as alleged in the Complaint have merit and Respondent is agreeing to resolve this matter to avoid the costs of hearing and potential subsequent litigation. Respondent asserts if this matter were to proceed to hearing, he has evidence, witnesses, expert witness(es) and defenses to the counts/claims alleged in the Complaint, but for the purposes of resolving the matter and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses in order to effectuate this Agreement.

5. **Consent to Entry of Order**. In order to resolve this Complaint pending against Respondent, Respondent hereby agrees that the Board may issue an order finding that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. Accordingly, the following terms and conditions are hereby agreed upon:

d. Respondent shall complete twenty (20) hours of continuing medical education (CME) regarding Best Practices in Prescribing of Controlled Substances within six (6) months of the date of the Board's acceptance, adoption and approval of this Agreement. The aforementioned hours of CME shall be in addition to any CME requirements that are regularly imposed upon Respondent as a condition of licensure in the State of Nevada, and shall be approved by the Board to meet this requirement prior to their completion, and proof of completion shall be provided to the Board.

e. This Agreement shall be reported to the appropriate entities and parties as required by law, including, but not limited to, the National Practitioner Data Bank.

f. Respondent shall receive a Public Letter of Reprimand.

g. The remaining counts of the Complaint, and any other claims arising from the Board's corresponding investigations of this matter, shall be dismissed with prejudice.

6. **Release from Liability**. In execution of this Agreement, Respondent understands and agrees that the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents are immune from civil liability for any decision or action taken in good faith in response to information acquired by the Board. NRS 630.364(2)(a). 7. **Procedure for Adoption of Agreement**. The IC and counsel for the IC shall recommend approval and adoption of the terms and conditions of this Agreement by the Board in resolution of this Complaint. In the course of seeking Board acceptance, approval and adoption of this Agreement, counsel for the IC may communicate directly with the Board staff and the adjudicating members of the Board.

Respondent acknowledges that such contacts and communications may be made or conducted ex-parté, without notice or opportunity to be heard on his part until the public Board meeting where this Agreement is discussed, and that such contacts and communications may include, but may not be limited to, matters concerning this Agreement, the Complaint and any and all information of every nature whatsoever related to this matter. The IC and its counsel agree that Respondent and/or Counsel for the Respondent may appear at the Board meeting where this Agreement is discussed and, if requested, respond to any questions that may be addressed to the IC or the IC's counsel.

8. **Effect of Acceptance of Agreement by Board**. In the event the Board accepts, approves and adopts this Agreement, the Board shall issue a final order, making this Agreement an order of the Board, and, pending full compliance with the terms herein, the case shall be closed and all remaining claims arising out of the Complaint shall be dismissed with prejudice.

9. **Effect of Rejection of Agreement by Board**. In the event the Board does not accept, approve and adopt this Agreement, this Agreement shall be null, void and of no force and effect except as to the following agreement regarding adjudications: (1) Respondent agrees that, notwithstanding rejection of this Agreement by the Board, nothing contained in this Agreement and nothing that occurs pursuant to efforts of the IC to seek the Board's acceptance of this Agreement shall disqualify any member of the adjudicating panel of the Board from considering this Complaint and from participating in disciplinary proceedings against Respondent, including adjudication of this case; and (2) Respondent further agrees that he shall not seek to disqualify any such member absent evidence of bad faith.

10. **Binding Effect**. If approved by the Board, Respondent understands that this Agreement is a binding and enforceable contract upon Respondent and the Board.

11. **Forum Selection Clause**. The parties agree that in the event either party is required to seek enforcement of this Agreement in district court, the party's consent to such jurisdiction and agree that exclusive jurisdiction shall be in the Second Judicial District Court, State of Nevada, Washoe County.

12. **Attorneys' Fees and Costs**. The parties agree that in the event an action is commenced in district court to enforce any provision of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs.

13. **Failure to Comply with Terms**. Should Respondent fail to comply with any term or condition of this Agreement once the Agreement has been accepted, approved and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order to Show Cause Hearing, which will be duly noticed. Failure to comply with the terms of this Agreement, including failure to pay any fines, costs, expenses or fees owed to the Board, is a failure to comply with an order of the Board, which may

result in additional disciplinary action being taken against Respondent. NRS 630.3065(2)(a). Further, Respondent's failure to remit payment to the Board for monies agreed to be paid as a condition of this Agreement may subject Respondent to civil collection efforts.

COMPLAINT

The Investigative Committee[1] (IC) of the Nevada State Board of Medical Examiners (Board), by and through Aaron Bart Fricke, J.D., General Counsel and attorney for the IC, having a reasonable basis to believe that Maria Corazon O. Regalado, M.D., (Respondent) violated the provisions of Nevada Revised Statutes (NRS) Chapter 630 and Nevada Administrative Code (NAC) Chapter 630 (collectively, the Medical Practice Act), hereby issues its Complaint, stating the IC's charges and allegations as follows:

1. Respondent was at all times relative to this Complaint a medical doctor holding an active license to practice medicine in the State of Nevada (License No. 8966). Respondent was originally licensed by the Board on April 27, 1999.

A. RESPONDENT'S TREATMENT OF PATIENT A

2. Patient A[2] is an immediate family member of Respondent.

3. Respondent prescribed to Patient A controlled substances on more than twenty (20) occasions between 2008 and 2014, including eighteen (18) separate prescriptions for hydrocodone, an opioid analgesic, totaling one thousand six hundred ninety (1,690) tablets containing hydrocodone. Respondent prescribed Patient A multiple other scheduled medications,

including codeine cough syrup and muscle relaxants, on numerous occasions without examination, work-up, justification, or a treatment plan, and without any documentation of the same.

4. Respondent saw Patient A as a patient on at least four (4) occasions between June 7, 2012, and May 28, 2014.

5. Respondent maintained some medical records of the four (4) encounters in 2012 through 2014 documenting "low backpain" on all of these visits, and a "foot sprain" during the two (2) visits that occurred in 2014.

6. Respondent did not otherwise document her encounters with Patient A, nor did she order any additional studies, evaluations, consultations, or referrals for Patient A.

7. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

8. NRS 630.301(4) provides that malpractice of a physician is grounds for initiating disciplinary action against a licensee.

9. NAC 630.040 defines malpractice as "the failure of a physician, in treating a patient, to use the reasonable care, skill, or knowledge ordinarily used under similar circumstances."

10. As demonstrated by, but not limited to, the above-outlined facts, Respondent failed to use the reasonable care, skill or knowledge ordinarily used under similar circumstances when rendering medical services to Patient A.

13. Violation of a standard of practice adopted by the Board is grounds for disciplinary action pursuant to NRS 630.306(1)(b)(2).

14. Pursuant to NAC 630.187, the Board adopted by reference the *Model Policy on the Use of Opioid Analgesics in the Treatment of Chronic Pain*, July 2013, published by the Federation of State Medical Boards of the United States, Inc. (Model Policy).

15. Pursuant to NAC 630.230(1)(k), a licensee shall not engage in the practice of writing prescriptions for controlled substances to treat acute pain or chronic pain in a manner that deviates from the Model Policy.

16. Respondent failed to conduct any detailed neurologic or musculoskeletal examinations that would establish medical reasoning for Patient A to receive long-term opioid medication for pain control.

17. Respondent failed to recommend other conservative treatments before or concurrent with long-term opioid therapy including, but not limited to, physical therapy, exercise and movement, or massage therapy, among others, which may have alleviated these findings on physical examination.

18. Pursuant to the Model Policy, a physician's patient evaluation should include, without limitation: a complete medical history and a physical examination targeted to the pain condition, evaluation of the nature and intensity of the pain, and history of current and past treatments, including interventional treatments. Respondent maintained records of only four (4) patient encounters, and otherwise consistently failed to include such information in Respondent's medical records for Patient A.

19. Respondent's records do not contain or show any indication of recent or contemporaneous imaging (e.g. X-rays, MRIs, or CT scans) that would substantiate the need for long-term opioids for pain control.

20. Based on, but not limited to, the foregoing, Respondent wrote prescriptions to Patient A for opioid analgesics to treat chronic pain in a manner that deviated from the Model Policy.

25. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

B. RESPONDENT'S TREATMENT OF PATIENT B

26. Patient B[3] is an immediate family member of Respondent.

27. Respondent maintained medical records for only one (1) visit with Patient B on July 24, 2015, at which time Respondent evaluated Patient B for hypertension, "panic attacks," and a history of a stroke with left sided hemiplegia. Respondent wrote numerous prescriptions to Patient B at that visit, including alprazolam (Xanax) for Patient B's "panic attacks."

28. Although Respondent maintained medical records for only one (1) formal office visit, Respondent prescribed numerous medications to Patient B on numerous occasions, including twenty (20) prescriptions for Xanax tablets, sixty (60) count, totaling one thousand two hundred (1,200) tablets, between just January 27, 2014 and October 16, 2015. C. RESPONDENT'S TREATMENT OF PATIENT C

38. Patient C[4] was a patient of Respondent between March 13, 2013, and December 17, 2014.

39. Patient C died of acute oxycodone and morphine toxicity on January 17, 2015.

40. Patient C had multiple medical conditions, and Respondent saw Patient C approximately once a month between March 2013 and December 2014. Despite Patient C having multiple severe medical conditions, including chronic obstructive pulmonary disease (COPD), an abdominal "mass," severe and chronic renal insufficiency, seizures, and demonstrated opiate dependence and drug seeking behavior; Respondent routinely prescribed to Patient C multiple sedating and dangerous medications, in very large doses, on a monthly basis with minimal or no additional work-ups, referrals, consultation requests, diagnostic tests, treatment plans, or evaluations of Patient C's chronic "pain" or other problems.

41. On at least one (1) visit, Respondent documented a "RLQ MASS – HUGE," yet on subsequent visits the "mass" was not even mentioned. On at least one (1) visit, Respondent documented "back pain," but also documented a normal physical exam (e.g., "Back- normal, no tenderness"). Respondent did refer the patient for an abdominal CT scan on one (1) occasion and to a surgeon on another occasion, however these referrals were not completed, and Respondent did not follow-up on them.

42. In September of 2014, a laboratory evaluation ordered by Respondent revealed severe chronic kidney disease with a serum creatinine of over 6 and a BUN of over 70. These abnormal test results were also documented in a Valley Hospital laboratory result the same month (BUN 81 and creatinine 6.9). Respondent referred Patient C to a nephrologist, but was informed in writing that Patient C never made an appointment.

43. Despite being informed that Patient C did not see the nephrologist as referred, Respondent documented the next month, on a visit on October 22, 2014, that Patient C "was seen by a nephrologist and told her kidneys were ok." By this point in time, Respondent knew or should have known, by lab reports that she possessed, that Patient C was essentially in "end stage"

[4] Patient C's true identity is not disclosed herein to protect his or her identity, but is disclosed in the Patient Designation contemporaneously served upon Respondent along with a copy of this Complaint.

kidney disease, yet Respondent did nothing more to address Patient C's obvious and serious renal failure.

44. Each and every month that Respondent saw Patient C, almost without exception, Respondent prescribed Patient C very large volumes and high doses of opioids (usually between ninety (90) and one hundred twenty (120) tablets of thirty (30) mg oxycodone) and benzodiazepines (usually ninety (90) tablets of the two (2) mg Xanax). In addition, Respondent often prescribed ninety (90) pills of the muscle relaxant carisoprodol (Soma) concurrently. Patient C's other medical conditions noted herein, including COPD, renal failure, and seizure disorder, were not addressed by Respondent at all or only in a cursory fashion.

45. Respondent documented during a visit on April 15, 2013, that Patient C was "still on methadone," yet, went on to prescribe large doses and volumes of opioids, benzodiazepines and muscle relaxants routinely, every month (alprazolam, clonazepam, and Ativan were all prescribed) for another full year. In such a situation, the standard of care dictates that only the pain management physician should be providing opioid analgesics for Patient C.

46. Patient C, who had COPD and was obese, was at a particularly high risk for morbidity and mortality from respiratory depression from the combination of high-dose sedative medications prescribed by Respondent. In addition, Patient C's severe and chronic kidney disease further increased her risk of morbidity and mortality. Additional necessary evaluations for her pain, anxiety, kidney disease, abdominal "mass," and COPD were not undertaken, and appropriate specialty consultations and referrals were not pursued

47. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

48. NRS 630.301(4) provides that malpractice of a physician is grounds for initiating disciplinary action against a licensee.

CONCLUSIONS OF LAW

Based on the forgoing findings of fact, the Board concludes as a matter of law:

1. The Board has jurisdiction over this matter and this Respondent, because at the time of the events herein, Respondent held a controlled substance registration and a dispensing practitioner registration, both issued by the Board.

2. The applicable law in this matter is as follows:

A. A practitioner must hold a license to practice his or her profession in this State and be registered with both the DEA and the Board to possess, administer, prescribe and/or otherwise dispense any controlled substance. NRS 453.226(1); 21 U.S.C. § 822(a)(2); 21 U.S.C. § 823(f); 21 CFR § 1306.03.

B. A practitioner must hold a license to practice his or her profession in this State to possess, administer and any dangerous drug, and must be registered with the Board to dispense a dangerous drug. NRS 454.213; NRS 454.215; NRS 454.221; NRS 454.321; NRS 454.356; NRS 639.100; NRS 639.23505; NAC 639.742.

C. The surrender, revocation or a suspension that has not been stayed of any certificate, license or registration of a practitioner, as defined in NRS 453.126, 454.00958 or 639.0125, by a licensing board or the Drug Enforcement Administration operates as an immediate suspension of a certificate, license, registration or permit issued by the Board pursuant to NRS chapters 453, 454 or 639 to possess, administer, prescribe or dispense drugs. NRS 639.2107.

D. Failure to file a Notice of Defense constitutes a waiver of the respondent's right to a hearing. NRS 639.244.

E. If a respondent fails to appear at a scheduled hearing and the Board finds that the respondent was given sufficient legal notice of the hearing, it may accept the allegations as true. NRS 622A.350.

3. By surrendering his DEA Certificate of Registration No. FK2904793 for cause, Respondent has admitted to failing to comply with federal requirements pertaining to controlled substances, has committed acts that render his registration to dispense controlled substances inconsistent with the public interest, is no longer authorized to possess, administer, prescribe or dispense controlled substances under federal or state law, and his Certificate of Registration Nos. CS19745 and PD00722 are subject to revocation pursuant to NRS 453.236(1), NRS 453.241(1), NRS 639.210(11) and (12) and/or NRS 639.255(1).

4. Due to the revocation for cause of his License No. 6899 by the NSBME, Respondent is no longer a licensed practitioner qualified for registration to possess, administer, prescribe and/or otherwise dispense controlled substances or dangerous drugs under federal or state law, has committed acts that render his registration to dispense controlled substances or dangerous drugs inconsistent with the public interest, and his Certificate of Registration Nos. CS19745 and PD00722 are subject to revocation pursuant to NRS 453.236(1), NRS 453.241(1), NRS 639.210(11) and (12) and/or NRS 639.255(1).

5. Board staff satisfied the notice and service requirements of NRS 233B.127(3), NRS 639.242 and NRS 639.245, and Respondent was given sufficient legal notice of the hearing.

ORDER

THEREFORE, THE BOARD HEREBY ORDERS AS FOLLOWS:

1. The certificates of registration of Respondent Abdel M. Khalek, MD, Certificate of Registration Nos. CS19745, and PD00722, are hereby revoked pursuant to NRS 453.241(l)(b).

2. Respondent may not possess (except pursuant to the lawful order of a practitioner), administer, prescribe or dispense a controlled substance until he has petitioned the Board for reinstatement pursuant to NRS 639.257 and the Board reinstates his certificates of registration.

3. Pursuant to NRS 622A.410(1) and 639.257(1), Respondent may not petition for reinstatement of his certificates of registration for a period of two (2) years from the effective date of this Order.

4. In the event Respondent applies for reinstatement of his certificates of registration, or applies for any other certificate, license or permit with the Board, he shall appear before the Board to answer questions and give testimony regarding his application, his compliance with this Order, and the facts and circumstances underlying this matter.

5. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapter 453 and Chapter 639.

6. This Order constitutes a final decision in a contested case and a public record pursuant to NRS 639.255(5), and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

7. This Order is effective immediately.

IT IS SO ORDERED.

Please read carefully and retain; it contains important information about your exclusion

You are excluded from participation in any capacity in the Medicare, Medicaid, and all Federal health care programs as defined in section 42 U.S.C. 1320a-7b(f) of the Social Security Act.

This exclusion significantly limits your ability to work in any capacity in the health care field in the United States. No payment will be made by any Federal health care program (such as Medicare, Medicaid, Veterans Administration, TRICARE, the Military Direct Care System, etc.) for any items or services furnished, ordered, or prescribed by you in any capacity. For example, you are prohibited from submitting or causing claims to be submitted to Federal health care programs for items or services which you provide, and you are also prohibited from being employed to provide items or services which are billed to a Federal health care program. Such items or services could include administrative, clerical, and other activities that do not directly involve patient care or the provision of any health care related services.

An excluded person cannot be employed by a provider to perform functions paid for, in whole or in part, by any Federal health care program. Generally speaking, with rare exceptions, you may not be employed by a hospital, nursing home, or any other institutional provider that participates in Federal health care programs.

This exclusion does not affect your rights or the rights of your family members to collect benefits to which you or they may be entitled as a beneficiary under any Federal program such as Medicare, Medicaid, or Social Security.

Under 42 U.S.C. 1320a-7(a)(1)(D), the Office of Inspector General (OIG) is required to notify all applicable State agencies of your exclusion, and they are required to exclude you for the same period of time. The OIG's exclusion is in addition to any sanction an individual State or other Federal agency may impose under its own authority. Notice will be provided to the public and other parties in accordance with 42 U.S.C. 1320a-7(d) and (e).

Any service you provide is a non-covered service. Therefore, notwithstanding 42 U.S.C. 1395w-4(g)(4), you cannot submit claims or cause claims to be submitted for payment under any Federal health care program. Violations of the conditions of your exclusion may subject you to criminal prosecution and/or the imposition of civil monetary penalties and the denial of your reinstatement to the programs. See 42 U.S.C. 1320a-7a(a)(1)(D) and 42 C.F.R. 1001.9002(g)(2).

YOUR REINSTATEMENT IS NOT AUTOMATIC. You will not be reinstated at the conclusion of the minimum period of exclusion, or anytime thereafter, **UNLESS YOU APPLY TO THE OIG AND ARE GRANTED REINSTATEMENT** to the Medicare, Medicaid, and all Federal health care programs under the provisions of 42 U.S.C. 1320a-7(g) and 42 C.F.R. 1001.3001-3005. If you were excluded because you lost your license, you may not apply for reinstatement until your license has been restored by the licensing board or agency which originally took the disciplinary action against you. A request for reinstatement may be made to the OIG no earlier than 90 days prior to the expiration of the minimum period of exclusion. The request must be made in writing and should be sent to the Director, Exclusions Branch, Office of Investigations, P.O. Box 23871, Washington, DC 20026. Upon receipt of the request, the OIG will notify you of the information and documentation it requires to reach a decision on your reinstatement.

Obtaining a license, staying in another State, or obtaining a provider number from a Medicare contractor, a State agency, or a Federal health care program does not relieve your obligation to participate in these programs.

HOW TO APPEAL YOUR EXCLUSION

If you disagree with this action, you may request a hearing before an administrative law judge (ALJ). You may file a request for a hearing before an ALJ only on the issues of: (i) whether the Inspector General has a basis for the imposition of the sanction, and/or (ii) whether the length of exclusion is unreasonable.

A request for hearing must be made in writing within 60 days of receiving the OIG's notice of exclusion. The date you receive the Inspector General's notice of exclusion will be presumed to be five (5) days after the date of such notice unless there is a reasonable showing to the contrary.

Your request for hearing must be accompanied by a copy of the Inspector General's notice of exclusion, a statement as to the specific issues or findings with which you disagree, along with the basis for your contention that the specific issues and/or findings are incorrect.

Your request for hearing should be filed with the Departmental Appeals Board electronic filing system website (DAB E-File) at https://dab.efile.hhs.gov. To file a new appeal using DAB E-File, you must first register a new account, by: (1) clicking "Register" on the DAB E-File home page; (2) entering the information requested on the "Register New Account" form; then (3) clicking "Register Account" at the bottom of the form. If you have more than one representative, each representative must register separately to use DAB E-File on your behalf.

The e-mail address and password provided during registration must be entered on the login screen https://dab.efile.hhs.gov/login to access DAB E-File. A Registered User's access to DAB E-File is restricted to the appeals for which he or she is a party or authorized representative. Once registered, you may file your appeal by:

- Clicking the "File New Appeal" link on the "Manage Existing Appeals" screen, then clicking "Civil Remedies Division" on the "File New Appeal" screen; and
- Entering and uploading the requested information and documents on the "File New Appeal – Civil Remedies Division" form.

All documents must be submitted in Portable Document Format ("PDF"). Any document, including a request for hearing, will be deemed to have been filed on a given day, if it is uploaded to DAB E-File on or before 11:59 p.m. Eastern Standard Time of that day. A party that files a request for hearing via DAB E-File will be deemed to have consented to accept electronic service of appeal-related documents that OIG files, or CRD issues on behalf of the Administrative Law Judge, via DAB E-File. Correspondingly, OIG will also be deemed to have consented to electronic service. More detailed instructions on DAB E-File for CRD cases can be found on the link to CRD E-File Procedures on the File New Appeal Screen for CRD appeals.

In the event you are unable to file a hearing request using the DAB E-File system, you may submit all of the required information by mail to:

Civil Remedies Division

Vinay Kumar Bararia,
(OI File No.: H-14-4-1075-9),

Petitioner,

v.

The Inspector General

Docket No. C-15-1108

Decision No. CR3863

Date: May 14, 2015

DECISION

I sustain the determination of the Inspector General (I.G.) to exclude Petitioner, Vinay Kumar Bararia, from participating in Medicare and other federally funded health care programs for a period of at least ten years.

I. Background

The I.G. excluded Petitioner, a physician, for a minimum period of ten years pursuant to the requirements of section 1128(a)(4) of the Social Security Act (Act). This section mandates the exclusion of any individual who is convicted of a felony occurring after August 21, 1996, relating to the unlawful manufacture, distribution, prescription, or dispensing of a controlled substance. The I.G. based the minimum ten-year exclusion period on the presence of certain aggravating factors that I shall describe.

Petitioner requested a hearing. The I.G. filed a brief and a reply brief, plus exhibits that are identified as I.G. Ex. 1 – I.G. Ex. 7. Petitioner filed a brief plus two exhibits. I identify these exhibits as P. Ex. 1 and P. Ex. 2. I receive the parties' exhibits into the

record. Neither party requested that I convene a hearing in person and so I am deciding this case based on the parties' written filings.

II. Issues, Findings of Fact and Conclusions of Law

A. Issues

The issues are whether: the I.G. is mandated to exclude Petitioner; and, the ten-year minimum exclusion is reasonable.

B. Findings of Fact and Conclusions of Law

There is no dispute as to the I.G.'s mandate to exclude Petitioner. In his brief Petitioner admits that he was convicted of a felony as is described at section 1128(a)(4) of the Act. Petitioner's Brief at 1. Indeed, the evidence establishes that Petitioner was convicted of such an offense. On December 18, 2013, Petitioner pled guilty to a single felony offense under federal law consisting of unlawful distribution of a controlled substance. I.G. Ex. 5. In pleading guilty Petitioner explicitly admitted to selling unlawfully 500 hydrocodone pills (hydrocodone is a controlled substance) to an agent of the United States Drug Enforcement Administration. *Id.* at 4. The crime of which Petitioner was convicted falls squarely within the reach of section 1128(a)(4). It is a felony committed after August 21, 1996, consisting of the unlawful distribution of a controlled substance.

All that is left in dispute is whether the minimum ten-year exclusion imposed by the I.G. is reasonable. Exclusions imposed pursuant to section 1128(a) of the Act must be for a minimum period of five years. Act § 1128(c)(3)(B). Here, the I.G. opted to exclude for a term that is longer than the minimum period.

The I.G. has discretion to do so where there is evidence that proves that an excluded individual is so untrustworthy as to necessitate an exclusion that is for a longer period than the five-year statutory minimum. Evidence of untrustworthiness is admissible if it relates to one of the aggravating factors that is described at 42 C.F.R. § 1001.102(b).

In this case the I.G. asserts the presence of two aggravating factors. First, Petitioner was sentenced to a period of incarceration. 42 C.F.R. § 1001.102(b)(5). He was sentenced to 44 months' imprisonment. I.G. Ex. 2. Second, Petitioner was subject to another adverse action by a State government agency based on the same facts and circumstances that are the basis for his exclusion. 42 C.F.R. § 1001.102(b)(9). Petitioner voluntarily surrendered his license to practice medicine in the State of Nevada on March 13, 2013, after the Investigative Committee of the Nevada State Board of Medical Examiners (Nevada Board) had suspended his license. I.G. Exs. 6, 7. In suspending his license the Nevada Board cited Petitioner's "blatant violation" of federal laws regulating controlled substances. I.G. Ex. 6 at 2.

Evidence relating to the two aggravating factors is sufficient to justify a ten-year exclusion because it establishes Petitioner to be highly untrustworthy. Most damaging is evidence cited by the Nevada Board, which found that Petitioner had engaged in repeated unlawful sales of controlled substances. I.G. Ex. 6 at 2. This undisputed evidence proves that Petitioner was systematically selling controlled substances unlawfully. Moreover, the lengthy term of incarceration that the sentencing judge imposed on Petitioner – 44 months – is strong evidence of his untrustworthiness.

Evidence of aggravation may be offset by evidence of mitigation if it relates to one of the factors set forth at 42 C.F.R. § 1001.102(c). Petitioner argues that there is mitigating evidence in this case. I have examined Petitioner's arguments and the evidence that he offered in support, and I find no evidence relating to one of the regulatory mitigating factors.

Petitioner argues that a ten-year exclusion will have a devastating effect on him, personally, as well as on his family. That is not permissible mitigating evidence. The fact that Petitioner and his family may be affected personally by his exclusion simply cannot be considered in deciding whether the exclusion is reasonable. Adverse personal impact is not a mitigating factor nor should it be. It is likely that any period of exclusion may have an adverse financial impact on the excluded individual. But, that is the collateral consequence of a remedy that is designed to protect programs and their beneficiaries from untrustworthy individuals.

Petitioner also suggests that his culpability is diminished in this case by virtue of the fact that he suffers from a mental illness. Petitioner's Request for Hearing; Petitioner's Brief at 3. To that end, he offered two exhibits consisting of psychiatric evaluations of his mental state that discuss Petitioner's bipolar disorder. P. Exs. 1, 2.

The regulations governing exclusions recognize that a mitigating factor may exist where the sentencing judge determines that the excluded individual's culpability is reduced by virtue of mental illness. 42 C.F.R. § 1001.102(c)(2). The finding of diminished culpability must be memorialized in the record of the sentencing proceeding. *Id.* Petitioner has not offered evidence to prove that the sentencing judge in his case made such a finding. I cannot find the presence of a mitigating factor in the absence of such evidence. Indeed, what evidence exists suggests that the judge did not find diminished culpability. As I.G.'s counsel notes in her reply brief, the sentencing judge apparently denied Petitioner's argument of diminished mental capacity. I.G.'s Reply Brief at 4.

Dear Inspector McClish,

I wanted to respond to let you know that this hasn't come up with any governing entity in the twelve years I have been a Designated Rep. for Calvin Scott. We are currently researching this and although we are not required to have a DEA Power of Atty. (we only carry C IIIN and CIV) we realize that further due diligence on this issue is necessary. I am in the process of writing a new policy and procedure for this and creating a form for our clinics/physicians to sign off on. I will forward these to you when completed.

Best regards,

Laura Phillips

Thank you ma'am. In response to #1, I would ask per what regulation/law, etc is the clinic/practice manager granted access to a physician's license simply by employing them? Please don't get me wrong, I am simply trying to understand this. Anyone can print a copy of a physician's license off the applicable State Board's website so how are you assured that the physician has actually given permission/authorization or even works at that particular clinic? (especially as in this case everything is paid for by an unlicensed individual).

Hello Inspector McClish,

I will try to best answer your questions here:

1. The software set up and dispensing forms are commonly signed by the practice manager or clinic owner. They employ the physician and are granted access to their license(s). I do not have a document signed by Dr. Khalek but he has authorized the clinic to use his name and DEA license by providing the licenses to him. The clinic and/or licensed physician are required to let us know of any changes, as we wouldn't be able to know otherwise.
2. Connie is Consuelo Sanchez.
3. The dispensing software is hosted by MD Scripts and specific to Calvin Scott however this clinic has the majority of their medication provided by vendors other than us. We provider them with the medications on the invoices, which is like 5 total. The clinic would be able to provide you with the print out of dispenses for the past 6 months on their end. Much of that information is protected under HIPPA and I wouldn't be able to provide it.

Subject: RE: Case #19-003

Thank you Ms. Phillips. In looking at this briefly, I do have a few additional questions.

1) It appears that the authorization for Dr. Khalek's 'new account profile'and 'software setup' – which I assume also stands as the authorization to order drugs in his name, was signed by a person other than Dr. Khalek (it was signed by Vinay Berarial). Is this common practice and allowable per your policy? I don't see Dr. Khalek's signature on any of the paperwork you sent me so please provide an explanation or other documentation showing how your company received authorization from him to order drugs and other items under his name. If applicable, provide me a copy of your company policy and/or procedure that would outline this.

2) I see the name of "Connie" in the PO box for many orders. Is this Consuelo Sanchez? – As I don't see a Connie listed anywhere.

3) Do you provide the dispensing software for this practice as well? If so, please provide me a report of all medications dispensed in the last 6 months.

Again, thank you for your continued cooperation in this matter.

Subject: Case #19-003
Importance: High

Dear Investigator McClish,

I received your record request for the clinic located at 5375 S. Fort Apache Rd. 102-103, Las Vegas, NV. I have included all of the invoices, licenses, account set up due diligence forms and method of payment used for this address for 2018-2019. On each invoice in the PO box you can see the name of the person who placed the order into the reporting software on the clinic's site at Calvinscottrx.com. That person has been set up as an authorized user on their end. We also list the name of Calvin Scott employee who did the data entry on our end. Kurt, Rachel, Robert and I are the employees here.

Last week was the first we have heard from Dr. Khalek regarding a change in prescriber for this location. The location did send over information for their new provider, Dr. Chancellor. His licensing information provided checks out.

Please let me know if I can clarify anything or if you need further assistance.

Best regards,

Laura Phillips

COMES NOW, Respondent WESLEY ROBERTSON, M.D. ("Dr. Robertson"), as a licensed Medical Doctor and holder of a controlled substance registration, subject to the jurisdiction of the Nevada State Board of Pharmacy ("Board"), based upon information, belief, and personal knowledge, by and through his counsel of record, and responds the Board's Notice of Intended Action and Accusation ("Complaint"), as follows:

JURISDICTION

1. Dr. Robertson admits that at all times relative to the Complaint he was a medical doctor holding a controlled substance registration issued by the Board (Cert. of Registration No. CS07810);

FACTUAL ALLEGATIONS

2. Dr. Robertson admits that he owned and operated Sunshine Valley Pediatrics located at 9091 W. Post Road, Las Vegas, Nevada during the relevant time period.

3. Dr. Robertson does not have actual knowledge or possession of the May 1,

4. Dr. Robertson admits that he submitted a written statement on June 17, 2021, to the Board indicating that he gave his secondary authenticator token to his MA K.S. However, Dr. Robertson denies that he delegated his signing authority to his MA K.S. Rather, he only provided her with the secondary authenticator token so MA K.S. could electronically enter the prescriptions that were prescribed and signed by Dr. Robertson only. Dr. Robertson denies any remaining allegations contained in Paragraph 4 of the Board's Complaint against Him.

APPLICABLE LAW

5. Dr. Robertson presently lacks sufficient information to determine the veracity of the allegations contained in Paragraphs 5-15 of the Board's Complaint, and on that basis denies the same.

COUNT FIVE
(Commission of Acts that Render Registration Inconsistent with the Public Interest)

8. Dr. Robertson denies the allegations contained in Paragraph 20 of the Board's Complaint.

AFFIRMATIVE DEFENSES

1. Respondent denies he committed malpractice as defined in Nevada Administrative Code Section 630.040.

2. Respondent denies that he violated any other state or federal statute or regulation, including but not limited to NRS Chapters 453, 454, 639, 21 U.S.C. §§ 822, 823, 846, and 21 CFR §§ 1306, 1311.

3. Respondent contends that in all professional services rendered by Respondent, Respondent possessed and exercised that degree of skill ordinarily possessed and exercised by reasonably well-qualified pediatricians practicing in the same field and acting under the same or similar conditions. At no time was Respondent guilty of negligence or improper treatment.

4. The allegations in the Complaint with respect to Respondent and each and every purported cause for discipline fail to allege facts sufficient, or facts at all, to constitute a cause or causes for discipline against the Respondent.

8. Respondent objects to the Complaint on the ground that it does not state acts or omissions upon which the agency may proceed.

9. NRS 622.400 is unconstitutional on due process and/or equal protection grounds. Alternatively, if such provision is constitutional, the statute should be interpreted as mutual and reciprocal, and Respondent is entitled to and hereby prays for an award against the Complainant of the Respondent's costs and/or fees in his investigation, preparation and defense to the Board's charges herein, to the extent that he prevails. If not reciprocal, then Complainant should receive a cost recovery, if at all, proportionate to the extent it prevails.

10. The Nevada State Board of Pharmacy exceeded its regulatory function by proceeding to file a Complaint prior to meeting the statutory requirements.

11. This Complaint does not further the goal of public protection or protection of the public health, safety or morals as there is no allegation or evidence of injury to the patients.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MICHAEL BURKINTAS, RPH,** **Certificate of Registration No. 15419,** **Respondent.**	**CASE NO. 22-063-RPH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes ("NRS") 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Michael Burkintas ("Burkintas"), Certificate of Registration No. 15419, was a pharmacist registered with the Board.

FACTUAL ALLEGATIONS

2. Respondent Burkintas was a pharmacist employed by Desert View Hospital Alliance ("Desert"), located on 360 S. Lola Lane in Pahrump, Nevada.

3. On or about February 18, 2022, Respondent Burkintas and other staff were asked to submit to a random drug and alcohol screening by Desert in connection with an investigation of possible drug diversion by a Desert employee/staff.

4. The test result of Respondent Burkintas' urinalysis was positive for amphetamines, a controlled substance in schedule II.

5. A medical officer of the drug and alcohol testing company contacted Respondent Burkintas by telephone for a potential medical reason or explanation for the positive result.

Respondent Burkintas confirmed that he was not prescribed any legal medication which would explain the positive result.

6. A review of Respondent Burkintas' prescription monitoring program ("PMP") report from April 20, 2017 to April 20, 2022 showed no amphetamines prescribed.

7. Desert terminated Respondent Burkintas on March 3, 2022 as a result of Desert's zero tolerance drug policy.

8. On or about March 29, 2022, Board staff interviewed Respondent Burkintas, who believed that the amphetamine test result was a false positive. He explained that the false positive may have occurred because he was taking over-the-counter medication and supplements, which included Loratadine/Pseudoephedrine, Chlorpheniramine, Phenylephrine, GHR, T-Max, and TermoRip. However, he did not request additional testing from Desert to contradict the "false positive", did not voluntarily test again on his own, nor did he contest his termination from Desert.

9. Respondent Burkintas stated that he would be taking a few months off from pharmacy work because of some physical ailments.

Case No. **20-142-CS-S**

ANSWER AND NOTICE OF DEFENSE OF RESPONDENT, JULIO GARCIA, MD

Respondent, Julio Garcia, MD ("Dr. Garcia"), by and through counsel, hereby submits his Answer and Notice of Defense ("Answer"), pursuant to NRS 639.244[1], to the *Notice of Intended Action and Accusation* dated and filed on or about October 11, 2022 ("Accusation"), with the Nevada State Board of Pharmacy (the "Board"), in the above-captioned action.

1. Pursuant to NRS 639.244(1)(a), Dr. Garcia objects to the Accusation as being incomplete and failing to set forth clearly the charges against him.

[1] **NRS 639.244 Notice of Defense: Form; effect of failure to file.**
1. The form for the Notice of Defense must be prepared and furnished by the Board and permit the respondent, by completing and signing the notice, to:
(a) Object to the accusation as being incomplete and failing to set forth clearly the charges; and
(b) Deny or admit, in part or in whole, the violations alleged.
2. The Notice of Defense must be signed by the respondent or his or her attorney under penalty of perjury. Failure to file a Notice of Defense constitutes a waiver of the respondent's right to a hearing, but the Board may grant a hearing.

2. Pursuant to NRS 639.244(1)(b), Dr. Garcia denies in whole the violations alleged against him in the Accusation.

3. Pursuant to NRS 639.244(2), by filing this Answer, Dr. Garcia has not waived the right to a hearing before the Board.

AFFIRMATIVE DEFENSES

1. The allegations contained in the Board's Accusation fail to state a cause of action upon which relief can be granted.

2. The violations alleged against Respondent in the Board's Accusation are subject to a demand/application pursuant to NRS 233B.121(2)(d) for a more definite and detailed statement. By this defense, Dr. Garcia specifically provides that he does not waive the right to such a demand/application, even in light of this Answer.
