UNITED STATES OF AMERICA Plaintiff, v. ARTURO VALENCIA, Defendant.	CR No. 05-0002-PA STIPULATION TO CONTINUE DEFENDANT ARTURO VALENCIA'S SENTENCING HEARING Sentencing Date: July 20, 2007 Proposed Date: January 7, 2008

Plaintiff United States of America, by and through its counsel of record, the United States Attorney for the Central District of California, defendant Arturo Valencia ("Valencia"), individually and through his counsel, Federal Public Defender Nadine Hettle, hereby agree and jointly stipulate, and request that the court continue defendant Valencia's sentencing hearing from July 20, 2007, at 8:30 a.m., to January 8, 2008, at 8:30

///

///

a.m. for the following reasons:

1. On February 14, 2005, defendant Valencia pled guilty to a two-count information of conspiring to commit immigration fraud and his participation in an immigration fraud scheme which involved the law corporation of Korenberg, Abramowitz & Feldun ("KAF").

2. After defendant entered his guilty plea, the government continued its investigation into the illegal activities of KAF in relation to KAF's partners, associates and employees who participated in an immigration fraud scheme. To that end, defendant agreed to assist the government in completing its investigation, and has been doing so since entering his guilty plea.

3. Two partners of the KAF law firm, Daniel Korenberg ("Korenberg") & Steven Rodriguez ("Rodriguez"), have been indicted on presenting false immigration documents and petitions to the Immigration and Naturalization Service ("INS") in violation of Title 18, United States Code, Sections 371, 1001, and 1546(a). Korenberg and Rodriguez are set to proceed to trial on October 16, 2007.

4. Several defendants are scheduled to be sentenced in November and December 2007. Defendant Valencia's cooperation may be needed to prepare for those sentencings.

5. Defendant presently is on bond and has fully complied with all of the terms of pretrial release. Neither defendant nor defendant's counsel object to a continuance of the sentencing in this matter. Therefore, the parties request that defendant's sentencing date be continued to December 3, 2007 to provide

defendant further opportunity to cooperate and for the government to evaluate the scope and extent of defendant's cooperation and file a Section 5K1.1 motion, if warranted. The parties also request a continuance in the time to respond to the Presentence Report, and agree to serve the Probation Department their respective response by hand delivery.

Accordingly, the parties jointly request that the sentencing in this matter should be continued from July 20, 2007 to January 8, 2008, at 8:30 a.m.

2 attorneys charged with work visa fraud

The immigration lawyers allegedly filed false applications for foreign nationals employed at their firm, and perhaps for others.

By ANNA GORMAN
Times Staff Writer

Two local immigration attorneys have been charged with fraud after allegedly filing false employment visa applications for 14 foreign nationals working for their firm, according to a federal grand jury indictment released Thursday.

The lawyers, of ASK Law Group in Sherman Oaks, filed the fraudulent applications and paid their employees in cash while awaiting approval for the visas, according to the indictment. Investigators believe the attorneys also filed false visa applications on behalf of hundreds of other foreigners looking for work at other companies.

"This is the largest immigration fraud probe ever mounted against a Los Angeles-area law firm," said Jennifer Silliman, deputy special agent in charge of the local office of Immigration and Customs Enforcement.

The indictment charges Daniel Korenberg, a senior partner at the law firm, and Steven James Rodriguez, a senior associate, with visa fraud and conspiracy to commit visa fraud. Korenberg faces a possible sentence of 225 years in federal prison. Rodriguez faces up to 15 years in prison.

Another partner in the firm, Philip Abramowitz, 53, has already pleaded guilty to conspiracy and visa fraud.

The indictment accused the men of committing fraud between 2000 and 2003.

To obtain an employment visa for a foreign worker, a company must prove it cannot find a qualified U.S. employee to fill a specific job. The H-1B visas are limited to foreign workers with at least a bachelor's degree. Firms must pay foreign workers the prevailing wage.

Investigators said Korenberg, 57, and Rodriguez, 40, wrote false job titles and salaries on the visa applications, citing jobs that didn't exist. They also allegedly lied about the foreigners' work experience.

The fake job titles included accountant, human resources specialist and systems analyst/programmer. The employees were actually doing secretarial work, investigators said.

Several were here on visitors' visas, which did not allow them to work, agents said.

U.S. Citizenship and Immigration Services plans to review all the visa applications that are suspect, said spokeswoman Marie Sebrechts. If applicants were complicit in any fraud, their visas could be revoked, she said.

The ASK Law Group is based in Sherman Oaks, but has offices in Los Angeles, San Diego, San Francisco and Las Vegas. According to the firm's website, lawyers provide services to individuals, small businesses and large corporations.

Because the defendants are attorneys, Silliman said, they know how to work the system and get around loopholes.

"It's always disturbing when attorneys manipulate the system for financial gain," said Thom Mrozek, spokesman for the U.S. attorney's office in Los Angeles.

Korenberg, Abramowitz and Rodriguez did not return calls for comment. Korenberg and Rodriguez are scheduled to appear in U.S. District Court in Los Angeles on March 29.

The firm had a decent reputation, so the charges were shocking, said John Ayala, vice chairman of the Southern California chapter of the American Immigration Lawyers Assn.

"We hope the allegations are not true," Ayala said. "If they are found true, I think it's an aberration. It doesn't reflect the immigration bar of Southern California."

Optum Infusion Services – Standard Operating Procedure (SOP)

SUBJECT:	SOP - Sterile Products Complex Cleaning and Environmental Monitoring after New Construction or Remodel	REFERENCE #:	9701A5
DEPARTMENT:	Pharmacy Operations	EFFECTIVE DATE:	03/31/2019
APPROVED BY:	VP Clinical Pharmacy Services		
ANNUAL REVIEW DATE:	05/31/2023	APPROVAL DATE:	05/11/2022

SCOPE

This policy and procedure applies to pharmacies or other entities under the ownership or control of Optum Infusion Services (the Company).

PURPOSE

To provide the process of cleaning and environmental monitoring of the sterile products complex (SPC) after new construction, a significant remodel involving extensive construction, or after any event that would warrant cleaning beyond normal daily or monthly cleaning and achieve the desired state to prevent microbial growth.

DEFINITIONS/BACKGROUND

USP <797> does not provide specific guidance on cleaning a sterile complex facility after construction or a remodel. It also does not define a commonly used industry term, "triple clean." For the purposes of this SOP, the following definitions of cleaning terms apply.

1. Triple Clean:
    a. Three (3) separate cleanings, in succession.
    b. Cleaning agents are a detergent germicidal agent and a detergent sporicidal agent.
        i. NOTE: all detergent cleaners used in the classified space will be sterile
    c. Acceptable rotation of the cleaning agents may be:
        i. Detergent germicidal > detergent sporicidal > detergent sporicidal OR
        ii. Detergent germicidal > detergent germicidal > detergent sporicidal
    d. The sporicidal agent should always be used as the last step of the triple clean.
    e. A Triple Clean may be used to clean a single room, the entire SPC or equipment used in a classified clean room space.

2. **Complete Clean:**

    a. This typically refers to a specific room or the entire SPC and is defined in the 9580A1 SOP Sanitizing the Non-Hazardous Sterile Compounding Environment.

    b. It includes cleaning **ALL** surfaces such as ceilings, walls, floors, exterior and interior of hoods, carts, tables, equipment, bins and anything else residing in the space being cleaned.

3. **Cleaning Agent:**

    a. Any germicidal or sporicidal agent that also contains a detergent (surfactant).

        i. The surfactant properties reduce surface tension of contaminants and aid in their removal while the germicidal and sporicidal agents render bio particles inactive.

    b. Refer to Policy 9580 for Company-approved germicidal and sporicidal agents.

    c. **NOTE: Sterile 70% isopropyl alcohol and aqueous sodium hypochlorite (bleach) as well as sterile water are not considered cleaning agents and cannot be substituted for a cleaning agent when a cleaning agent is required by USP <797> or company policy.**

4. Once the newly constructed or remodeled facility has been thoroughly triple cleaned and has passed certification by the 3rd party vendor, proper contamination control and work practices such as hand hygiene and garbing, material handling and personnel conduct within the controlled environments is essential to ensure the facility remains in a state of particulate and microbial control.

PROCESS STEPS

1. **Post Construction Clean**
    a. When the SPC construction is complete, the SPC HVAC system is operating, and all rooms appropriately balanced for airflow:
        i. Remove all construction tools and supplies
        ii. The SPC will need to be cleaned to remove all visible contaminants. This may involve multiple cleanings and there is no set number of times the SPC may need to be cleaned to remove all gross contaminants. The key is until all visible contaminants are removed. A one-time use of a vacuum is allowed. Tacky rollers should be used to aid in the removal of dust and debris.
        iii. Avoid introducing any new equipment into the SPC. A cart may be used for holding cleaning supplies and a non-porous, cleanable step stool or ladder available for cleaning (and may remain for future use) and other equipment that may be needed to perform environmental monitoring (EM). It is understood that the BSC may already be installed as it needs to be externally vented. If possible, perform the cleaning prior to the non-hazardous hoods being installed in the room for easier

cleaning. If non-hazardous hoods are installed after construction cleaning, rooms will be balanced at this point.

iv. Once all post construction cleaning is complete, the SPC should be allowed to rest and cycle for a minimum of 5 days prior to the triple cleaning. This will allow the HEPA filters to scrub the air, and time to adjust the air balance and/or attend to any unexpected HVAC/room issues.

2. Triple Clean

a. SPC gross cleaning has been completed, rooms have cycled for at least 5 days.

i. Point at which the start of all formal SPC cleaning, gowning, hand hygiene and gloving is to occur. Selected cleaning agents must be company approved; EPA registered sterile detergent germicidal and sporicidal agents. DO NOT USE bleach, water, or Sterile 70% Isopropyl Alcohol (IPA) for cleaning. All cleaning material such as wipes and mop covers shall be sterile and low linting. See Policy 9580 for more detail.

ii. See suggested sequence under the Triple Clean definition above: germicidal > sporicidal > sporicidal OR alternatively – germicidal > germicidal > sporicidal. The key is that the sporicidal is used as the last step.

iii. Use disposable cleaning applicators, wipers and mop heads and dedicated mops as described in 9580A1 SOP Sanitation of Non-Hazardous Sterile Compounding Environment.

iv. Clean all surfaces of the room and any furniture and/or equipment such as PECs that are present.

v. Primary Engineering Controls (PEC)s must be turned on at this point and remain on from this point forward.

1. The interior of the PECs will be cleaned three times using the same sequence of germicidal / sporicidal detergent cleaning.
2. A final step for the PEC requires applying Sterile 70% IPA following the triple clean.
3. An "Easy Reach" tool must be available for each hood and be used to clean the interior of the hood. This tool is to be left inside the hood and hung to the side when not in use.

vi. Room Cleaning: follow the process outlined in 9580A1 SOP Sanitation of Non-Hazardous Sterile Compounding Environment under the section "Monthly Cleaning and Disinfecting."

vii. Ensure that applicators are changed when they become visibly soiled.

viii. Follow the cleaning agent manufacturer's required dwell times.

ix. Ensure that the room is left to rest between each cleaning and that all surfaces are dry. Minimum suggested rest time between cleaning is one hour.

x. After triple clean is completed, maintain the SPC with daily and monthly clean processes as outlined in 9S80A1 SOP Sanitation of Non-Hazardous Sterile Compounding Environment.
xi. Follow the guidance outlined in policies 9580 and 9701 regarding the required environmental monitoring documentation.

3. **Certification**
   a. After the post construction cleaning and the triple cleaning have been completed.
   b. All HVAC and PECs are running.
      i. Allow the room to rest for at least 12 -24 hours before the 3rd party certification process.
      ii. Bring in all furniture such as carts, tables, shelves, stools that have been "triple cleaned" as well as any compounding devices that have been "triple cleaned."
      iii. A clean cart that resides on the clean side of the line of demarcation will be provided for the certification company to transfer their equipment. This is the preferred method of equipment transfer and will follow the company guidelines for transferring equipment and supplies from the dirty side of the line of demarcation to the clean side. If the third-party certifier requires their company owned cart to enter the SPC, it will need to be thoroughly cleaned under the supervision of the local branch staff. The equipment shall be wiped with a sporicidal cleaner and allow wet for the dwell time, then a final wipe with Sterile 70% IPA.
      iv. A ladder or step stool that has been triple cleaned and resides in the buffer room will be provided to the certification tech if needed.
      v. The initial certification should be done under dynamic conditions. Although no actual patient compounding will be done, staff can perform media fills using sterile water or saline while viable air and surface sampling occurs inside the PECs.
      vi. A complete cleaning should occur after the 3rd party certification vendor has completed the certification process.
      vii. SPC certification by the 3rd party will be repeated every 6 months per USP <797> standard and company policy 9701 for low and medium risk compounding facilities.

4. **Environmental Monitoring**
   a. Active air sampling and surface sampling (see P&P 9701) will occur daily for 3 consecutive days by pharmacy staff for all new construction.
   b. Compounding shall not commence until the final results of the 3rd party certification company and the in-house air and surface sampling are completed and the results show no action levels as defined in USP <797>.
      i. **Active Air Sampling:**
         1. Will be performed using a Company approved microbial air sampling device.
         2. Only staff that have demonstrated competency with the device will be allowed to use the device and complete air sampling.

3. Refer to policies 9702 and 9702A3.
4. TSA 90mm media plates are to be used and sent to Chattanooga Lab or EMLab for appropriate incubation and analysis.
5. Active air sampling sites will include all ISO 5 PECs, and each room of the classified space. Testing should follow the branch specific SPC map with respect to sampling sites and order of sampling.
6. Any sites that result in an action level as defined in USP 797, will be recleaned and those specific sites retested.

ii. **Surface Sampling:**

1. TSA plates that contain polysorbate 80 and lecithin will be used for surface sampling.
2. Sampling sites will include all ISO 5 PECs, pass-throughs and commonly used surfaces in each room such as carts, tables, shelves, etc. Follow the steps outlined in SOP 9701A4 and incubate in-house accordingly.
3. A map should be developed for the environmental monitoring sites as described in policy 9701 Environmental Monitoring. The SPC branch specific map will be used to identify the sites to sample and the order of sampling.
4. Thereafter, surface sampling will be done on a monthly basis and active air sampling quarterly.
5. All sampling data will be compiled and trended as required by state law regulations and at least annually using Simplifi 797.
6. Any sites that result in an action level as defined in USP 797, will be recleaned and those specific sites retested. Follow the remediation process outlined in policy 9701.

Optum Infusion Services Policies and Procedures

SUBJECT:	Compounded Sterile Preparations Finished Product Release Checks and Testing	REFERENCE #:	9620
DEPARTMENT:	Pharmacy Operations	EFFECTIVE DATE:	01/01/2015
APPROVED BY:	VP Clinical Pharmacy Services		
ANNUAL REVIEW DATE:	07/31/2023	APPROVAL DATE:	07/15/2022

SCOPE

This policy and procedure applies to pharmacies or other entities under the ownership or control of Optum Infusion Services (the Company).

PURPOSE

To ensure that sterile admixtures are reviewed for compounding procedures, visually inspected, and verified for color, clarity, container closure integrity, particulate matter and labeled strength.

POLICY

1. Company pharmacy will comply with all USP <797> Compounded Sterile Preparations (CSP) standards.

2. All sterile compounded preparations will comply with the current defined USP <797> standards for "Beyond Use Dating" (BUD).

3. All Compounding equipment must be cleaned and calibrated per policy prior to a compounding session.

4. All Sterile compounding will only be performed by personnel that have successfully completed and are current with required competencies and aseptic technique validation tests.

5. All compounded medications require a valid, patient specific prescription.

6. Company pharmacy will not "batch" any sterile products in anticipation of prescription orders without prior approval from the VP Clinical Pharmacy Services. USP <797> standards required sterility sampling will be followed.

7. All sterile compounded preparations will be compounded using sterile, commercially available products obtained through an FDA approved wholesaler or manufacturer.

8. High Risk sterile compounding (non-sterile to sterile compounding) must meet all the requirements as defined in USP 797. Refer to policy 9615 *Preparation of Sterile Solutions from Non-Sterile* Components for detailed guidance. .

PROCEDURE

1. At the completion of a sterile compounding session, the pharmacist will complete the following checks:

   a. Visually inspect each compounded dose using a contrasting (black/white) background to determine whether the physical appearance of the CSP is as expected (e.g., free of visible particulate matter, discoloration, or other defects). The CSP must be visually inspected to confirm that the CSP and its labeling match the prescription or medication order. The inspection must also include a visual inspection of the container-closure integrity (e.g. checking for leakage, cracks in the container, or improper seals.) CSPs with observed defects must be discarded or marked and segregated from acceptable units in a manner that prevents them from being released or dispensed.

   b. Re-verify selected ingredients on the compounding work order, including NDC numbers, lot numbers, expiration dates and delivery device, if applicable.

      - Compare drug vials, amount used, syringes used to make dose.

   c. Review compounding instructions and verify any handwritten calculations or changes made on the compounding work order. Place your initials to indicate that it is verified.

   d. Sign the compounding record and review the prescription label for accuracy and initial.

   e. If required by the state Board of Pharmacy, each compounded unit label is to be initialed by the pharmacist completing the final check and verification.

   f. When a CSP will not be released or dispensed on the day of preparation, an additional visual inspection must be conducted immediately before it is released or dispensed to make sure that the CSP does not exhibit any defects, such as precipitation, cloudiness, or leakage which could develop during storage. A CSP with such defects must be immediately discarded or marked and segregated from acceptable units in a manner that prevents it from being released or dispensed. Any defect may indicate sterility or stability problems, which must be investigated to determine the cause.

2. All PN compounding reports produced from the compounder are to be printed, reviewed by the pharmacist, initialed, and stored with the compounding record and in the patient's electronic medical record. Reports include:

   - Verification process of ingredients used (i.e., barcode scan process)
   - Volume of ingredient added to PN compound
   - Final percentage of completed bag volume compared to expected volume

   Any variation that exceeds the acceptable range from the expected formula must be researched, and the affected bags must not be dispensed to a patient. Issues relating to

compounding must be immediately brought to the attention of the Directory of Pharmacy for appropriate follow-up.

3. Pharmacist will verify prescription label for accuracy per policy.

4. Final product quality assurance testing for sterile compounds:

   a. At least annually, or as required by Federal or State Rules and Regulations, or as needed (in cases of a reported or suspected issue with a sterile compound), company pharmacies will have (2) final products tested. One product to be tested for potency (quantitative) and one product tested for sterility. Antibiotic test samples may be used for potency testing but must not be used for sterility testing. A non-antibiotic compound will be sent in for sterility testing.

   b. Testing will be conducted by a qualified 3rd party laboratory to determine integrity, quality, and accuracy of the compound and ingredient potency. Quantitative and qualitative measures will be compared to the labeled amounts/strength as described and expected on the compounding record. Acceptable quantitative range is ±10% of the labeled ingredient.

   c. Variation to expected results will be reviewed immediately for potential issues.

   d. Quantitative tests resulting in values outside of the acceptable range of ±10% will be immediately reported to the Director of Pharmacy/Pharmacist-in-Charge and an investigation into the compounding staff, process and any equipment used will be conducted. A CAPA will be put in place and will consist of any needed changes in process, re-education / training of staff. A follow up sample will be re-submitted to the lab for testing after appropriate remediation has occurred.

   e. Failure in sterility testing will invoke an investigation into branch processes and personnel competencies. A CAPA will be put in place and will consist of any needed changes in process, re-education, and training of staff. A follow up sample will be re-submitted to the lab for testing after appropriate remediation has occurred.

   f. If required, company pharmacies will conduct appropriate follow-up to patient and physician as well as State Board of Pharmacy reporting requirements.

   g. All results from final product quality assurance testing will be reported in the branch Performance Improvement Reviews.

III. DEFINITIONS

Term	Definition
Beyond Use Date (BUD) Nonsterile	The date after which a compounded preparation will not be used; determined from the date the preparation is compounded.
Beyond Use Date (BUD) Sterile	The date or time after which a compounded sterile preparation (CSP) will not be stored or transported. The date is determined from the date or time the preparation is compounded.
Commercial Drug	Conventionally manufactured product that is a pharmaceutical dosage form, usually the subject of an FDA-approved application that is manufactured under current good manufacturing practice conditions.
Complaint or Grievance	Incidents, accidents, variances, or unusual occurrences reported by the client/patient or veterinarian to include medication errors, product quality issues, shipping issues and adverse drug events.

Term	Definition
Compounded Preparation	A nonsterile or sterile drug or nutrient preparation that is created by combining, admixing, diluting, pooling, reconstituting other than as provided in the manufacturer's labeling or otherwise altering of a drug or bulk drug substance in a licensed pharmacy or other healthcare-related facility in response to or in anticipation of a prescription or a medication order from a licensed prescriber.
Corrective Action/ Preventative Action (CAPA)	Details any improvements to an organization's processes taken to eliminate causes of non-conformities or other undesirable situations. It focuses on the systematic investigation of the root causes of identified problems or identified risks in an attempt to prevent their reoccurrence (for corrective action) or to prevent occurrence (for preventative action).

Verification	The process of establishing the proof of something. Confirmation that an established method, process, or system meets predetermined acceptance criteria.

IV. PROCEDURE

1. Pharmacies will ensure that pharmaceuticals and compounded preparations are maintained under appropriate conditions of sanitation, light, and temperatures in the course of deliveries.
    A. Temperatures to be included are:

i. Room temperature, 20°-25°C (68°-77°F)
ii. Refrigerated, 2°-8°C (36°-46°F)

B. Pharmacies will maintain the above storage conditions in accordance with manufacturer, USP, and/or other applicable requirements by utilizing secondary containers and packing materials, including but not limited to:
   i. Coolers
   ii. Gel packs, both frozen and room temperature
   iii. Resealable plastic bags
   iv. Amber resealable plastic bags
   v. Heat sealed plastic bags
   vi. Thermopod envelopes
   vii. Padded envelopes
   viii. Bubble wrap
   ix. Packing paper

   i. Drug monographs will be used to determine appropriate shipping requirements.
      a. If shipping requirements cannot be determined utilizing drug monographs, the package inserts may be used to determine appropriate shipping requirements. If warranted the manufacturer will be contacted to determine appropriate shipping requirements.
         i. Documentation will be requested and kept on file if provided by the manufacturer.
D. Compounded preparations will be dispensed and shipped based on information from drug monographs or supporting beyond use date (BUD) data found on the master formulation records (MFR).
E. See work instructions for specific packing and shipping steps.
   i. A monthly audit of packing and shipping will be completed to ensure proper steps were used to maintain integrity of the items during transport to the client/patient.

The call center has moved to the new pharmacy location. The new pharmacy location has compounded a handful of products to meet the requirements of being active for state licensing. The new pharmacy location licenses are being obtained with Adam Womack as the PIC and he is working approximately 20 hours a week at the new location and 20 hours a week at this location. The pharmacy name will be changing when the new location is fully functional, estimated to be at the end of 2021, or first quarter of 2022. Pharmacist Womack is the Texas PIC for the current location.

Compounding MUST be observed, if compounding is not being performed at the time of survey, mark as "Non-Compliant".*	Compliant	Pharmacy has 20+ technicians actively compounding at the same time with approximately 3 pharmacists providing supervision/oversight. Technicians observed compounding capsules, creams, chew-tablets. Inspector observed a preparation where the API was being weighed, but the technician had abandoned the preparation. She didn't return within 5 minutes, despite API powder on the scale and the API container open inside the powder hood. The nonsterile compounding supervisor and PIC advised they did not know where the technician had gone, but the powder hood would be cleaned and the components discarded with the entire preparation prepared from step one. Pharmacist Womack pointed to a powder hood where a preparation was awaiting pharmacist approval as the correct way to leave a preparation in a hood. The weigh boats were sealed in baggies and there were no open API containers.

Re: Colorado State Board of Pharmacy, Case No. 2019-3051

Dear Pharmacy Manager:

The Colorado State Board of Pharmacy ("Board") The Colorado State Board of Pharmacy ("Board") has reviewed the available material concerning the complaint noted above. Upon thorough review and discussion, the Board found reasonable cause that the pharmacy violated section 12-280-126(1)(c)(II) and C.R.S., and Board Rule 5.00.70, as described in the attached document. As such, the Board decided to initiate disciplinary action against the pharmacy's registration. In order to promptly resolve the complaint, the Board has referred this disciplinary action to the Expedited Settlement Process ("ESP") along with settlement terms.

The Board would prefer to settle this disciplinary complaint rather than initiating formal legal proceedings. In lieu of a hearing, the Board is willing to resolve this case by means of a stipulated agreement pursuant to the following terms:

- $1,000 fine (plus surcharge)

I have enclosed the document that can be signed in order to resolve this case. The above settlement terms and consequences are more fully explained in the enclosed Stipulation and Final Agency Order ("Order"). By signing the Order, the pharmacy agrees to the Board's settlement terms and avoids formal disciplinary proceedings.

If the pharmacy wishes to accept the terms of this Order, please do the following:

- READ the entire Order;
- CONSULT with legal counsel if so desired;
- SIGN the enclosed Order;
- RETURN the signed Order by November 21, 2019, to:

This correspondence has been sent to the Respondent and Attorney of Record. If you are represented by counsel, you may want to contact them to discuss this matter. This correspondence is not intended to interfere with any attorney-client relationship.

Denver, CO 80202
Fax: (303) 869-0349
Email: melissa.garner@state.co.us

In reviewing the Order, please be aware that the burden of proof in a disciplinary proceeding is not "beyond a reasonable doubt." Rather, disciplinary proceedings are similar to civil trials where the burden is "by a preponderance of the evidence." This means that the Board must only present sufficient evidence to prove that "more likely than not" the pharmacy violated the practice act.

Please be advised that during this process, the pharmacy has the right to either represent itself or to be represented by legal counsel of its choice at its own expense. Additional documentation regarding your case may be available upon request. Please contact me for further information. Also, if the pharmacy chooses not to sign the Order, be aware that the representations in the Order do not limit the Board's case if this case should be filed for formal disciplinary proceedings. The Colorado Office of the Attorney General may add additional violations that it deems appropriate.

Finally, this letter and the Expedited Settlement Process fall under the protection of CRE 408 which excludes evidence at hearing of compromise and offers of compromise to prove liability.

If you have any questions about this matter or wish to discuss the offer of settlement or the presentation of a counteroffer to the Board, please contact me by email or at (303) 894-7698.

Sincerely,

Melissa Garner

Texas State Board of Pharmacy
"Red Flags" Checklist for Pharmacies
YOU MIGHT BE A PILL MILL IF...

Check all that apply:

	(1) Your pharmacy fills a discernable pattern of prescriptions for prescribers who write essentially the same prescriptions for numerous persons, indicating a lack of individual drug therapy
	(2) Your pharmacy operates with limited hours of operation or closes after a certain threshold of controlled substance prescriptions are dispensed, and has overall low prescription dispensing volume.
	(3) Prescriptions presented to the pharmacy are for controlled substances with popularity as street drugs, such as opiates, benzodiazepines, muscle relaxants, psychostimulants, and/or cough syrups, or any combination of these drugs.
	(4) The prescriptions for controlled substances contain nonspecific or no diagnoses.
	(5) The prescriptions are commonly for the highest strength of the drug and/or for large quantities.
	(6) Dangerous drugs or OTC products (such as multi-vitamins or laxatives) are added to the controlled substance prescriptions, maintaining relatively consistent 1:1 ratio of controlled substances to dangerous drugs and/or OTC products dispensed as prescriptions.
	(7) Prescriptions are authorized by the same prescriber with what appears to be different handwriting on the hardcopy prescription drug order forms.
	(8) Upon contact with the prescriber's office, you are unable to engage in comprehensive discussion with the actual prescriber, or he/she is unconcerned about your apprehensions regarding his/her prescribing practices or unwilling to provide additional information, such as treatment goals and/or prognosis with prescribed drug therapy.
	(9) You rely solely on the prescriber's representation, or on the representation of the individual answering the phone at the number on the prescription, that prescriptions are legitimate.
	(10) The prescriber's clinic is not registered as a pain management clinic by the Texas Medical Board, despite routinely receiving prescriptions from the prescriber foropiates, benzodiazepines, and/or muscle relaxants.
	(11) Drugs prescribed are inconsistent with the prescriber's area of practice.
	(12) The prescriber of the drugs is located a significant distance from your pharmacy.
	(13) The prescriber has been subject to disciplinary action by the licensing board, had his/her DEA registration removed, or been subject to criminal action.
	(14) The Texas PMP system indicates that persons are obtaining prescriptions for the same drugs from multiple prescribers or that persons are filling prescriptions for the same drugs at multiple pharmacies.
	(15) The person's address is a significant distance from your pharmacy and/or from the prescriber's office.
	(16) Multiple persons with the same address present prescriptions from the same prescriber.
	(17) Persons pay with cash or credit card more often than through insurance.
	(18) Persons presenting controlled substance prescriptions are doing so in such a manner that varies from seeking routine pharmacy services (e.g., willing to wait in long lines to receive drugs, persons arrive in the same vehicle with prescriptions from same prescriber, one person presents to pick up prescriptions for multiple others, persons refer to drugs by "street names" and/or comment on drug's color, persons seek early refills, persons travel from outside reasonable trade area of pharmacy).
	(19) Your pharmacy charges and persons are willing to pay more for controlled substances than they would at nearby pharmacies.
	(20) Your pharmacy routinely orders controlled substances from more than one drug supplier, or your pharmacy has been discontinued by a drug supplier related to controlled substance orders.
	(21) Sporadic and non-consistent dispensing volume (including zero dispensing) varies from day to day and week to week, and your pharmacy does not maintain operational hours each week on Monday through Friday.
	(22) Your pharmacy employs or contracts security personnel during operational hours to prevent problems.
	(23) Your pharmacy has been previously warned or disciplined by the Texas State Board of Pharmacy for inappropriate dispensing of controlled substances (i.e., corresponding responsibility)

If you checked any of the above items, you should review the laws and rules regarding corresponding responsibility and non-therapeutic dispensing, especially Board rule §291.29, in the law book or on our website: www.pharmacy.texas.gov (click on Texas Pharmacy Rules and Laws). Additional educational material is available at: http://www.pharmacy.texas.gov/Nontherapeutic.asp. Failure of pharmacies and pharmacists to detect patterns of inappropriate dispensing of prescription drugs is unprofessional practice and constitutes grounds for disciplinary action.

Hi Olivia—Hope you are having a nice day. Please see below and attached for responses to your requests. Can you please confirm you have everything needed prior to the change occurring on December 1, 2022? Thanks so much! Alex

1. **Request:** Original Sterile Compounding Questionnaire – Copy was submitted need originals.
   - **Response:** We confirmed that originals were filed with the application on September 16, 2022.
2. **Request:** Original Designated Representative Application – Copy was submitted need originals.
   - **Response:** We confirmed that originals were filed with the application on September 16, 2022.
3. **Request:** Can you please provide the documents on the Yes answer from the application question 3.
   - **Response:** Please see attached file ("3 Moriss Burgess Co (PIC)"). As background, Village Lane is licensed as an out of state prescription drug outlet in Colorado. Reg. 5.00.70. When the change was reported late, the Pharmacy and State of Colorado agreed on a monetary penalty of $1,000. Mr. Burgess was replaced as Pharmacist-in-Charge shortly thereafter, and there have been no further incidents.
4. **Can you please provide a breakthrough of ownership.**
   - **Response:** Please see attached for a Before and After Diagram.
5. **Section 4 -Is the Upper tier owner practitioner - Physician Assistant license in Nevada?**
   - **Response:** No, the practitioner has never held a physician assistant license in Nevada.

SWY 4905	Safeway Inc.	6100 Hellyer Avenue Suite 100 San Jose, CA 95138	PHY53416	02/23/21 12/22/16	HA 2020-22	Safeway Pharmacy #4905 ("#4905") is a compounding pharmacy located in San Jose, California and was the subject of disciplinary action by the California Board of Pharmacy, effective December 22, 2016. The Board's action was initiated based on #4905's compounding of domperidone, a product still being prescribed by physicians, but the subject of much industry confusion and lack of clarity by the FDA as to whether it could be lawfully compounded. As soon as the staff at #4905 learned of the confusion and ongoing debate surrounding this product, #4905 ceased compounding the product. Safeway Pharmacy #4905 entered into a stipulated settlement that includes a two-year probation with the California Board of Pharmacy. Safeway Pharmacy #4905 has engaged an independent consultant to ensure ongoing compliance with all compounding laws. While on probation, #4905 received a non-disciplinary cite and fine in the amount of $4,500 for "failure to perform required end product testing on non-sterile to sterile batch compounded products." Until December 23, 2016, the California Board of Pharmacy adopted the USP 797 definition of "batch." Safeway Pharmacy #4905 strictly followed USP 797 guidelines for non-sterile to sterile injectables. In January of 2017, new California compounding regulations went into effect, which added new definitions and deviated greatly from USP 797 requirements. Under USP 797, a "batch" is more than one unit and has to contain at least 25 single-dose packages before end product testing is required. Under the new California rules (which are currently being revamped due to their confusing nature), a single multi-use vial for one patient is a "batch." Upon learning of this, we immediately changed our practices. Because this new Board action occurred while #4905 was on probation, its probation was extended while we awaited resolution of the new Board action. That Board action was resolved on January 23, 2020 and probation at Safeway #4905 has ended. On February 23, 2021, #4905 entered into a Settlement Agreement with the Hawaii Department of Commerce and Consumer Affairs Regulated Industries Complaints Office related to the 2016 disciplinary action taken by the California Board of Pharmacy. As a result of this reciprocal discipline, #4905 was ordered to pay an administrative fine in the amount of $1,000. There are no additional restrictions being placed on the pharmacy's registration that would affect its ability to operate as a pharmacy in the State of Hawaii. No other Safeway pharmacy registrations are impacted by this settlement.	Completed	CA BOP HI BOP

AGREED BOARD ORDER #H-10-028

RE: IN THE MATTER OF
RANDALL'S PHARMACY #1896
(PHARMACY LICENSE #21279)

BEFORE THE TEXAS STATE
BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy the matter of pharmacy license number 21279 issued to Randall's Pharmacy #1896, 1400 Cypress Creek Road, Cedar Park, Texas 78613.

By letter dated August 19, 2011, the Texas State Board of Pharmacy gave preliminary notice to Randall's Pharmacy #1896 of its intent to take disciplinary action with respect to pharmacy license number 21279 issued to Randall's Pharmacy #1896. This action was taken as a result of an investigation which produced evidence indicating that Randall's Pharmacy #1896 may have violated:

> Section 565.001(a)(1), (2), (12) and (13); and Section 565.002(a)(3) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Subtitle J (2009);
>
> Section 281.7(a)(12) and (13); Section 291.31(1), (14) and (15); Section 291.32(a)(2)(H); Section 291.32(c)(1)(E) and (F); Section 291.32(c)(2)(B), (C) and (D); and Section 295.3 of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2009); and
>
> Section 431.021(r) of the Texas Food Drug and Cosmetic Act, TEX. HEALTH & SAFETY CODE ANN. (2009), in that, allegedly:

COUNT

On or about December 13, 2009, Mary Robin Riddick, while acting as an employee (staff pharmacist) of Randall's Pharmacy #1896, 1400 Cypress Creek Road, Cedar Park, Texas 78613, accepted a new prescription via the telephone calling for Prolixin 1mg for patient T.D., a ten year old child. Ms. Riddick transcribed the prescription as calling for Prolixin 1mg tablets, but she incorrectly data entered and verified the data entry of the prescription as calling for fluphenazine (generic for Prolixin) 10 mg tablets. Because the pharmacy did not have the medication in stock, the prescription was set aside to be filled at a later time.

On or about the following day, Thomas Edward Lanford, while acting as an employee (pharmacist-in-charge) of Randall's Pharmacy #1896, dispensed fluphenazine 10 mg tablets on the prescription previously described. The prescription vial was labeled fluphenazine 10 mg tablets with directions to "take ½ tab for 7 nights, then 1 tab for 10 nights, then 1 ½ tabs for 10 nights, then 2 at bedtime." Patient T.D. was administered approximately four doses of ½ tablets, and was admitted to a hospital for overnight observation after experiencing adverse effects. The prescription was assigned prescription number 6095640.

An informal conference was held in the office of the Texas State Board of Pharmacy on October 11, 2011, with Thomas Edward Lanford, R.Ph., Pharmacist-in-Charge of Randall's Pharmacy #1896, and Juliann R. Spier, R.Ph., Director of Pharmacy Operations, Randall's Food Markets, Inc., on behalf of Randall's Pharmacy #1896, in attendance. The informal conference was heard by a Board panel comprised of: Dennis F. Wiesner, R.Ph., Board Member; Gay Dodson, R.Ph., Executive Director/Secretary; and Carol Fisher, R.Ph., M.P.A., Director of Enforcement; with Kerstin E. Arnold, General Counsel. Linda K. Townsend, Staff Attorney, was also in attendance.

At the aforementioned conference, Juliann R. Spier stated she was present for and on behalf of Randall's Pharmacy #1896 and waived the pharmacy's right to be represented by legal counsel. By her appearance at the informal conference and by her signature on this Order, Juliann R. Spier agrees that the Texas State Board of Pharmacy has jurisdiction in this matter and does hereby waive the pharmacy's right to legal counsel, to notice of hearing, to a formal administrative hearing and to judicial review of this Order.

After discussion of the matters previously outlined in this Order, and subsequent communications, Juliann R. Spier agreed to the entry of an Order disposing of the need for further disciplinary action in this matter. By her signature on this Order, Juliann R.

Spier neither admits nor denies the truth of the matters previously set out in this Order with respect to the above alleged violations.

Should this Order not be accepted by the Board, it is agreed that neither the presentation of the Order to the Board nor the Board's consideration of the Order, will be deemed to have unfairly or illegally prejudiced the Board or its individual members and, therefore, will not be grounds for precluding the Board or any individual member of the Board from further participation in proceedings related to the matters set forth in the Order.

Juliann R. Spier understands that any failure to comply with the terms of this Order is a basis for discipline under the Texas Pharmacy Act.

At the conclusion of the aforementioned conference, and subsequent communications, it was agreed among the parties that Randall's Pharmacy #1896 shall comply with the terms and conditions set forth in the ORDER OF THE BOARD below.

WHEREAS, information has been received by the Idaho Board of Pharmacy ("Board") that constitutes sufficient grounds for the initiation of an administrative action against SAFEWAY, INC. dba SAFEWAY PHARMACY #350 ("Respondent"); and

WHEREAS, the parties wish to expeditiously settle this matter in lieu of proceeding to an administrative hearing before the Board; now, therefore,

IT IS HEREBY STIPULATED AND AGREED between the undersigned parties that this matter shall be settled and resolved upon the following terms:

A. JURISDICTION OF THE BOARD

A.1. The Board may regulate the practice of pharmacy in the state of Idaho in accordance with title 54, chapter 17, Idaho Code. The Board is further empowered by title 37, chapter 27, Idaho Code, to administer the regulating provisions of the Uniform Controlled Substances Act in the state of Idaho.

A.2. Respondent is a licensee of the Board and holds Community Pharmacy License No. 40533RP to operate a community pharmacy in the state of Idaho. Respondent's license is subject to the provisions of title 54, chapter 17, Idaho Code, title 37, chapter 27, Idaho Code, and the Board's rules promulgated at IDAPA 27.01.01 *et seq.*

B. STIPULATED FACTS

B.1. On December 29, 2018, Respondent learned that the pharmacist scheduled to work that day was unable to cover his shift. Because Respondent did not have adequate staffing and was unable to secure coverage that would allow for such a situation, Respondent decided to close the pharmacy on December 29, 2018. Respondent's failure to adequately staff its pharmacy and thereby close its facility on December 29, 2018 violated IDAPA 27.01.03.201.04.

B.2. Respondent acknowledges its actions constituted violations of the statutes and rules governing the practice of pharmacy in Idaho. More specifically, Respondent admits the violations are subject to the following statutes and rules:

a. Idaho Code § 54-1726(1)(f) (the Board may suspend, revoke or restrict the registration of any person, upon one or more of the following grounds...being found by the Board to be in violation of any of the provisions of this chapter, chapter 27, title 37, or rules adopted pursuant to either chapter).

b. Idaho Code § 54-1728(1)(f) (upon finding the existence of grounds for discipline, the Board may impose one or more of the following penalties...imposition of an administrative fine not to exceed $2,000 for each occurrence providing a basis for discipline).

c. IDAPA 27.01.03.201.04 (a drug outlet must be staffed sufficiently to allow for appropriate supervision, to otherwise operate safely and, if applicable, to remain open during the hours posted as open to the public for business).

B.3. Respondent, in lieu of proceeding with a formal disciplinary hearing, hereby agrees the Board may enter a final order against its license as set forth in Section C below.

C. STIPULATED PENALTIES

C.1. It is agreed that Respondent shall pay a fine of $2,000 for the violations outlined above in Section B. This fine shall become due only after the Board approves and executes the Order incorporating this Stipulation and shall be paid to the Board within 180 days of the date the Order is executed.

C.2. Failure to comply with any of the terms of this Stipulation and Consent Order may result in additional action being taken against Respondent's community pharmacy license.

C.3. All costs associated with Respondent's compliance with the terms of this Stipulation and Consent Order shall be borne solely by Respondent.

D. COMPLIANCE WITH STIPULATION AND CONSENT ORDER

D.1. The Board has authority to enforce compliance with the terms and conditions of this Stipulation. By signing this Stipulation, Respondent waives its ability to challenge the Board's lack of authority to enforce compliance on appeal to a district court. If there is reason to believe Respondent has violated any of the terms or conditions of this Stipulation, the Executive Director of the Board shall file an administrative complaint, setting forth the allegations of non-compliance and notifying Respondent, and its attorney, if applicable, that Respondent may request a hearing regarding the allegations of non-compliance. If Respondent does not request a hearing on the administrative complaint, any allegations of non-compliance will be deemed admitted.

D.2. If Respondent fails to comply with this Stipulation, Respondent's license may be subject to further discipline, up to and including suspension or revocation. Therefore, the Board retains jurisdiction over this proceeding until all matters are finally resolved as set forth in this Stipulation. Any action taken by the Board to enforce compliance with this Stipulation shall be in accordance with this section.

D.3. Any additional costs and/or attorney fees incurred by the Board in any enforcement action shall be borne solely by Respondent.

E. ACKNOWLEDGMENTS AND WAIVER OF RIGHTS

Respondent, by signature of its authorized representative hereto, hereby acknowledges the following:

E.1. Respondent admits to the allegations stated above in Section B. Respondent understands these allegations constitute cause for disciplinary terms upon its license. Respondent agrees the Board has jurisdiction to proceed in this matter with its consent as indicated by signature on its behalf hereto.

E.2. Respondent has read the above Stipulation fully and has had the opportunity to discuss it with legal counsel. Respondent understands and acknowledges that by its terms Respondent is waiving certain rights provided under Idaho law.

E.3. Respondent understands that it has, among other rights, the right to a full and complete hearing; the right to confront and cross-examine witnesses; the right to present evidence or to call witnesses, or to so testify on its own behalf; the right to reconsideration; the right to appeal this matter to district court; and all rights provided by the Idaho Administrative Procedure Act and the laws and rules governing the practice of pharmacy in Idaho. Respondent hereby freely and voluntarily waives these rights, without further process, in order to enter into this Stipulation as a resolution of the allegations contained herein.

E.4. Respondent understands that in signing this Stipulation, it is enabling the Board to impose disciplinary terms upon its license as set forth in Section C without further process.

E.5. Respondent understands the Board may approve this Stipulation as proposed, approve it subject to specified changes, or reject it. Respondent understands that, if approved as

proposed, the Board will execute and issue this Stipulation and Consent Order according to the aforementioned terms, and Respondent hereby agrees to the above Stipulation for settlement. If the Board approves this Stipulation subject to changes, and those changes are acceptable, Respondent acknowledges the Stipulation will take effect, and an order modifying the terms of the Stipulation will be issued. If the changes are unacceptable or the Board rejects this Stipulation, this Stipulation will be of no effect. Admissions in this Stipulation and negotiations preceding the signing of this Stipulation will not be admissible at any subsequent disciplinary hearing.

E.6. In the event this Stipulation is rejected by the Board or any changes proposed by the Board are not accepted, Respondent waives any right it may have to challenge the Board's impartiality to hear the allegations in any subsequent administrative complaint based on the fact that the Board has considered and rejected this Stipulation.

E.7. Respondent understands the Board shall have the right to make full disclosure of this Stipulation and Consent Order to any state, agency or individual requesting information subject to any applicable provisions of the Idaho Public Records Act, title 9, chapter 3, Idaho Code.

E.8. Respondent understands this Stipulation and Consent Order is the resolution of a contested case and is a **public record**.

E.9. This Stipulation contains the entire agreement between the parties, and Respondent is not relying on any other agreement or representation of any kind, verbal or otherwise.

E.10. This Stipulation shall be presented to the Board with a recommendation for approval from the Executive Director of the Board and the Deputy Attorney General responsible for prosecution before the Board at the next regularly-scheduled meeting of the Board.

E.11. Except for paragraph E.6., which becomes effective when Respondent signs this Stipulation, this Stipulation shall not become effective until it has been approved by a majority of

the Board, and a Board member signs the attached Order.

If the Board issues a final order by default, it designates its file on this matter as the record.

On the form, Registrant categorized the type of theft or loss as a packaging discrepancy and reported that the corrective measures it took to prevent a future theft or loss were to "Double count and back count at every fill of controlled substances."

All of the drugs described in the 15 reports above are prescription drugs, which must be dispensed by prescription and are restricted to licensed practitioners.

The preceding losses evidence inadequate safeguards for the proper security and recordkeeping for controlled substances.[1] Registrant repeatedly reported that it could not determine how losses occurred indicating that it routinely could not secure drugs or areas in which they were prepared, stored or repackaged. When Registrant was able to categorize the reason for the losses (packaging discrepancies), the losses repeatedly occurred by the same means, demonstrating that Registrant could not enforce adequate safeguards. Finally, Registrant repeatedly reported that it took the same or similar security measures even when the losses continued, demonstrating that its security measures were inadequate.

Registrant was responsible for maintaining adequate safeguards against theft or diversion of prescription drugs and records for such drugs pursuant to OAR 855-041-1020(1) and (2). Registrant was further responsible to establish, maintain and enforce procedures for securing its legend drugs and the area in which they are prepared, stored or repackaged, pursuant to OAR 855-041-0140(1). For the reasons listed above, Registrant violated OAR 855-041-1020(1) and (2) and OAR 855-041-0140(1).

Registrant was responsible for ensuring that the pharmacy was in compliance with all state and federal laws and rules governing the practice of pharmacy, pursuant to OAR 855-041-1010(3). Under ORS 689.405(1)(i), the Board has authority to discipline Registrant for its violations of OAR 855-041-1020(1) and (2) and OAR 855-041-0140(1). The Board further has authority to impose a civil penalty under ORS 689.445(1)(d)(B) and ORS 689.832(1).

Registrant's conduct is also unprofessional conduct as defined by OAR 855-006-0020(f) and (j) and the Board also has authority to discipline Registrant on that basis under ORS 689.405(1)(a) and to impose a civil penalty under ORS 689.445(1)(d)(B) and ORS 689.832(1).

[1] Registrant is responsible for such matters under federal law as well, including 21 CFR 1301.71.

Based on these alleged violations and the authorities cited above, the Board proposes to impose a $10,000 civil penalty.

The corporation is entitled to a hearing as provided by the Administrative Procedures Act (ORS chapter 183). An attorney must represent the corporation. If the corporation wishes to have a hearing, the corporation's attorney must file a written request for hearing with the Board within 21 days from the date this notice was mailed. Re: Colorado State Board of Pharmacy, Case No. 2020-1425

Dear Pharmacy Manager:

The Colorado State Board of Pharmacy ("Board") has reviewed the available material concerning the complaint referenced above. Upon thorough review and discussion, the Board found reasonable cause that the pharmacy violated Board Rule 19.01.40 as described in the attached document. As such, the Board decided to initiate disciplinary action against the pharmacy's registration. In order to promptly resolve the complaint, the Board has referred this disciplinary action to the Expedited Settlement Process ("ESP") along with settlement terms.

The Board would prefer to settle this disciplinary complaint rather than initiating formal legal proceedings. In lieu of a hearing, the Board is willing to resolve this case by means of a stipulated agreement pursuant to the following terms:

- $575.00 Fine (Fine and 15% surcharge)

I have enclosed the document that can be signed in order to resolve this case. The above settlement terms and consequences are more fully explained in the enclosed Stipulation and Final Agency Order ("Order"). By signing the Order, the pharmacy agrees to the Board's settlement terms and avoids formal disciplinary proceedings.

If the pharmacy wishes to accept the terms of this Order, please do the following:

- **READ** the entire Order;
- **CONSULT** with legal counsel if so desired;
- **SIGN** the enclosed Order;
- **RETURN** the signed Order and Fine by **July 23, 2020**, to:

  Email: Natalie.Miller@state.co.us or
  Natalie Miller
  DORA/Office of Expedited Settlement
  1560 Broadway, Suite 1350
  Denver, CO 80202

This correspondence has been sent to the Respondent and Attorney of Record. If you are represented by counsel, you may want to contact them to discuss this matter. This correspondence is not intended to interfere with any attorney-client relationship.

In reviewing the Order, please be aware that the burden of proof in a disciplinary proceeding is not "beyond a reasonable doubt." Rather, disciplinary proceedings are similar to civil trials where the burden is "by a preponderance of the evidence." This means that the Board must only present sufficient evidence to prove that "more likely than not" the pharmacy violated the practice act.

Please be advised that during this process, the pharmacy has the right to either represent itself or to be represented by legal counsel of its choice at its own expense. Also, if the pharmacy chooses not to sign the Order, be aware that the representations in the Order do not limit the Board's case if this case should be filed for formal disciplinary proceedings. The Colorado Office of the Attorney General may add additional violations that it deems appropriate.

Finally, this letter and the Expedited Settlement Process fall under the protection of CRE 408 which excludes evidence at hearing of compromise and offers of compromise to prove liability.

If you have any questions about this matter or wish to discuss the offer of settlement or the presentation of a counteroffer to the Board, please contact me by email or at (303) 894-7779.

6. The repeated deficiencies involved vaccine administration records missing detail of the site administration and the date the VIS was given.

The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Pharmacy to comply with all terms and conditions of this Final Agency Order.

12. Advisements and Waivers. Through its undersigned Authorized Representative, Respondent Pharmacy enters into this Final Agency Order freely and voluntarily, after having the opportunity to consult with legal counsel and/or choosing not to do so. 29. On or about December 15, 2015, the Board received a complaint from J. H., alleging that Safeway Pharmacy #1266 had questionable prescribing and filling practices. J. H. stated that the pharmacy had filled E-Scripts from Lloyd Castello, M. D., who was located in Pomona, California, 400 miles away. On or about November 23, 2015, the pharmacy had dispensed the controlled substances morphine, Oxycontin and carisoprodol to patient Z B that had been prescribed by Dr. Castello (Z B's address was located in Truckee, California).

30. On or about May 2, 2016, Board Inspector P. P. requested and received CURES reports for Z B, J. H., and the pharmacy, including a CURES report covering the time period from May 1, 2013 through May 1, 2016. Between 2013 and 2016, ZB had received controlled substance prescriptions for carisoprodol 350 mg, oxycodone 30 mg, morphine 30 mg, Nuvagil 150 mg, hydromorphone 8 mg, and morphine 100 mg. The primary prescriber was Dr. Costello, whose office was located approximately 515 miles from Safeway Pharmacy #1266.

31. On or about September 19, 2016, inspector P. P. requested and received CURES reports from the Board on the pharmacy and Dr. Costello. Dr. Costello primarily provided controlled substance prescriptions for patients located in Southern California with the exception of ZB. ZB's profile demonstrated the longest distance from Dr. Costello. Some of the other patients also had questionable profiles. Inspector P. P. created various PIVOT tables in order to review areas of non-compliance by the pharmacy or data demonstrating the pharmacy's failure to exercise or implement their best professional judgment or corresponding responsibility with regard to the dispensing or furnishing of controlled substances and dangerous drugs. The pivot tables showed the patients who received the largest number of controlled substances at the pharmacy. Further, the pivot tables showed that the pharmacy dispensed controlled substances to patients who resided in other states, including Nevada (247 prescriptions), Arizona, Idaho, Washington, Florida and 23 other states. The bulk were in California. The report covered the time period from September 1, 2013 to September 20, 2016. Inspector P. P. made a list of patients with their dates of birth and places of residence in order to pull prescription profiles for the patients from the pharmacy.

32. On or about September 21, 2016, Inspector P. P. and Board Inspector J. H. conducted an inspection at the pharmacy and were assisted by pharmacist G. S. G. S. identified himself as a floater pharmacist. Respondent Carroll (Carroll), who was the designated PIC of the pharmacy as of that time, was not present. G. S. informed the inspectors that Carroll left on medical leave on August 15, 2016, and his projected date of return was in November or January 2017. P. P. asked G. S. who the interim PIC was and G. S. stated that they did not have an assigned interim PIC. The Board had no record of a change of PIC or interim PIC as of the date of the inspection. The Board inspectors obtained various documents from the pharmacy, including a biennial inventory of April 30, 2014, and a biennial inventory of May 11, 2016. The inspectors also obtained McKesson Invoices with DEA 222 forms (U. S. Official Order form for Schedule I and II controlled substances), including a DEA 222 form signed by pharmacist Nicholas Rust (Rust) dated August 1, 2016, as well as pharmacist work schedules for August and September 2016. The Board inspectors could not find a power of attorney form for Rust allowing him to order Schedule II controlled substances. The schedules showed that Carroll had not worked at the pharmacy since August 11, 2016. The Board inspector then obtained certain patient profiles.

33. Inspector P. P. checked hard copies of controlled substance prescriptions to determine if there were notes written on the copies of any contacts made with prescribers. G. S. checked the notes sections on each of the patient profiles and there was no indication that the prescribers were called to verify medical necessity of the drugs for the patients. G. S. had pharmacy technician B. V. print out various medication profiles, including notes, that were requested by the board inspectors. G. S. explained the pharmacy's process for checking for "red flags" (indications of suspicious prescriptions) to the inspectors. A stamp was placed on the back of the prescriptions. The pharmacist was to check appropriate boxes for the patient in determining whether the prescriptions were legitimate. For example, on one of ZB's prescriptions, several boxes had been checked, including the "cocktail" box and out of area prescriber. Inspector P. P. did not see any documentation on any of the prescriptions she obtained and no evidence that any actions were taken after the pharmacist checked the boxes to verify the legitimacy of most of the controlled substances dispensed. P. P. reviewed the stamps on many of the prescriptions and found that

boxes were not checked which would have been appropriate for the prescription. Later, Inspector P. P. created tables to demonstrate that high dose controlled substances were dispensed to patients without any evidence pharmacy staff had communicated with the individual prescribers, including combinations of drugs referred to as "trinity" drugs (combinations of drugs which would be considered at high risk for diversion or abuse, including hydrocodone, alprazolam, and carisoprodol; promethazine/codeine, methylphenidate, and carisoprodol; hydromorphone, carisoprodol and buprenorphine; and methadone, diazepam and tramadol) and "holy trinity" drugs (combinations of the above-listed drugs, but adding oxycodone used with alprazolam and carisoprodol). The tables showed the combinations of drugs that were dispensed to patients, prescriptions that were dispensed to patients who resided out of the area or out of state, and prescriptions that were dispensed to patients with only a post office box address (when physical addresses were required).

34. During the inspection, and while pharmacy technician B. V. was printing patient profiles, inspector J. H. was looking through Schedule II controlled substance hardcopy prescriptions and pulling prescriptions for certain patients. J. H. found a Schedule II controlled substance prescription for Carroll. The back label indicated that Carroll had filled the prescription for himself. This was verified by pharmacy technician B. V. who confirmed his initials.

35. On or about October 3, 2016, Inspector P. P. received an email from Safeway Supervisor C. P. along with various documents, including a change of PIC application, a power of attorney form for Rust, which was not signed, and acquisition and dispensing data for requested drugs for the time period of April 30, 2014 through May 11, 2016. The drugs had been purchased from distributors McKesson and Cardinal Health. P. P. conducted an audit based on the information provided by C. P. and the biennial inventories. P. P. found that the pharmacy had significant shortages of five controlled substances and notable overages of five controlled substances, as set forth below. Respondent Shergill-Hirsch was the PIC for the pharmacy from September 30, 2014 through February 14, 2016. Carroll was the PIC from February 14, 2016, through September 25, 2016.

36. On or about May 24, 2018, Inspector P. P. sent a fax to the pharmacy requesting hard copies of prescriptions for certain patients as well as notes from the patient profiles. That same day, P. P. received various documents from the pharmacy. P. P. created a table of controlled substances that had been dispensed for various patients to verify lack of medical necessity for the drugs; i.e., prescriptions for medications with no logical connection to the diagnosis or treatment.

THIRD CAUSE FOR DISCIPLINE

(Failure to Identify Legitimacy of Prescriptions)

39. Respondent Safeway is subject to disciplinary action pursuant to Code section 4301, subdivisions (o) and (j), for unprofessional conduct, in that Respondent violated Health and Safety Code section 11153, subdivision (a), and Title 16, California Code of Regulations, section 1761, as follows: On or about September 21, 2016, pharmacists, while working at Safeway Pharmacy #1266, dispensed controlled substance prescriptions without first verifying a legitimate medical purpose for the drugs. In addition, even when the prescriptions contained uncertainties or irregularities, the pharmacists continued to dispense high dose, higher quantities of controlled substances. Specifically, between April 1, 2014 and September 21, 2016, Respondent's pharmacists filled controlled substances without contacting the prescriber in order to identify the medical necessity prior to dispensing, dispensed drugs to patients who lived long distances from both the pharmacy and the prescribers, and dispensed drugs to patients who lived out of state and obtained prescriptions from Southern California prescribers and then had them filled at the pharmacy:

a. The following prescriptions were issued to patients with no known medical necessity for the drugs, the patients were issued prescriptions of combinations of drugs known as "trinity" or "holy trinity", and there was no documentation of contact with the prescribers for the prescriptions:

47. Respondent Shergill-Hirsh is subject to disciplinary action pursuant to Code section 4301, subdivisions (o) and (j), for unprofessional conduct, in that Respondent, as pharmacist-in-charge for Respondent Safety, violated Health and Safety Code section 11153, subdivision (a), and Title 16, California Code of Regulations, section 1761, as follows: On or about September 21, 2016, pharmacists, while working at Safeway Pharmacy #1266, dispensed controlled substance prescriptions without first verifying a legitimate medical purpose for the drugs. In addition, even when the prescriptions contained uncertainties or irregularities, the pharmacists continued to dispense high dose, higher quantities of controlled substances. Specifically, between April 1, 2014 and September 21, 2016, pharmacists filled controlled substances without contacting the prescriber in order to identify the medical necessity prior to dispensing, dispensed drugs to patients who lived long distances from both the pharmacy and the prescribers, and dispensed to patients who lived out of state and obtained prescriptions from Southern California prescribers and then had them filled at the pharmacy:

Registrant	)	

Under the authority granted pursuant to ORS 689.135, 689.145, 689.335, 689.405 and 689.445, the Oregon Board of Pharmacy proposes to take disciplinary action against your Certificate of Registration No. RP-0001336 because Safeway Pharmacy #1458 violated the Oregon Pharmacy Aet and the Board of Pharmacy rules as set forth below:

From on or about December 2017 through December 2020, Safeway Pharmacy #1458 in Cottage Grove failed to secure controlled substance drugs on at least 13 separate occasions. Specifically, as required by OAR 855-041-1030, Registrant reported the controlled substance losses listed below:

On the form, Registrant reported the cause of the theft/loss as a "packaging discrepancy" and reported that the security measures it took to prevent future theft/loss were "Double count morphine ER 30mg at each dispensing and verify remaining quantity for the next six months".

All of the drugs described in the 13 reports above are prescription drugs, which must be dispensed by prescription and are restricted to licensed practitioners.

The preceding losses evidence inadequate safeguards for the proper security and recordkeeping for controlled substances.[1] Registrant repeatedly reported that it could not determine how losses occurred indicating that it routinely could not secure drugs or areas in which they were prepared, stored or repackaged. When Registrant was able to categorize the reason for the losses (packaging discrepancies), the losses repeatedly occurred by the same means, demonstrating that Registrant could not enforce adequate safeguards. Finally, Registrant repeatedly reported that it took the same or similar security measures even when the losses continued, demonstrating that its security measures were inadequate.

Registrant was responsible for maintaining adequate safeguards against theft or diversion of prescription drugs and records for such drugs pursuant to OAR 855-041-1020(1) and (2). Registrant was further responsible to establish, maintain and enforce procedures for securing its legend drugs and the area in which they are prepared, stored or repackaged, pursuant to OAR 855-041-0140(1). For the reasons listed above, Registrant violated OAR 855-041-1020(1) and (2) and OAR 855-041-0140(1).

Registrant was responsible for ensuring that the pharmacy was in compliance with all state and federal laws and rules governing the practice of pharmacy, pursuant to OAR 855-041-1010(3). Under ORS 689.405(1)(i), the Board has authority to discipline Registrant for its violations of OAR 855-041-1020(1) and (2) and OAR 855-041-0140(1). The Board further has authority to impose a civil penalty under ORS 689.445(1)(d)(B) and ORS 689.832(1).

Registrant's conduct is also unprofessional conduct as defined by OAR 855-006-0020(f) and (j) and the Board also has authority to discipline Registrant on that basis under ORS 689.405(1)(a) and to impose a civil penalty under ORS 689.445(1)(d)(B) and ORS 689.832(1).

Based on these alleged violations and the authorities cited above, the Board proposes to impose a $10,000 civil penalty.

ADMINISTRATIVE MEMORANDUM OF AGREEMENT

This Administrative Memorandum of Agreement ("Agreement") is entered into by and between the United States Department of Justice, Drug Enforcement Administration ("DEA") and Safeway Inc. ("Safeway") (each a "Party" and collectively the "Parties").

BACKGROUND

As of March 6, 2014, Safeway was a grocery store chain that owned and operated 1,335 Safeway, Vons, Pavilion's, Randall's, Tom Thumb and Carr stores in 20 different states throughout the country. At many of those locations, Safeway maintained DEA Certificates of Registration ("COR") for its pharmacies to dispense and otherwise handle Schedule II-V controlled substances under provisions of Title II of the Comprehensive Drug Abuse Prevention and Control Act of 1970, 21 U.S.C. § 801 *et seq.*, popularly known as the "Controlled Substances Act" ("CSA"), and its implementing regulations, 21 C.F.R. § 1300 *et seq*. On March 6, 2014, Safeway jointly announced a merger with the Albertsons grocery store chain that closed on January 30, 2015. As noted below, this agreement applies to those DEA registrants within the Safeway chain prior to the close of this merger.

On April 14, 2014, DEA Diversion Investigator Susan Zennan from the Seattle Field Division contacted a Safeway representative regarding a loss reported to the DEA of a large quantity (12,228 tablets) of hydrocodone-acetaminophen 10-325mg from a Safeway store in Wasilla, Alaska. In the course of interviews regarding this filing, DI Zennan learned that this loss had initially been discovered by Safeway in October 2013 and that Safeway had initiated an internal investigation into an employee for suspected theft but that the employee had subsequently quit. Further investigation by DEA DI Zennan identified other instances in which Safeway may have failed to provide timely written notice of thefts or significant losses within twenty four hours as required by 21 C.F.R. §1301.76(b).

The DEA and the Office of the U.S. Attorney for the Western District of Washington initiated an investigation into Safeway's corporate-wide policies and practices regarding the filing of initial written notifications and reports of losses and thefts under 21 C.F.R. § 1301.76(b) and, on May 19, 2014, issued a nationwide subpoena for relevant documents from May 2009 through May 2014. After negotiations about the proper scope of document production and targeting of specific stores, Safeway produced documents and completed its document production to the DEA in November 2015.

In December 2015, DEA representatives met with Safeway representatives to outline concerns about the evidence uncovered in this investigation, discussing in detail five specific stores to illustrate those concerns. The DEA expressed its contention that Safeway prioritized its own internal investigations over law enforcement investigations by internally investigating losses – often for months – prior to reporting those losses to the DEA. The DEA further expressed the view that Safeway's policies, which instructed pharmacists not to directly report losses to the DEA and, instead, report them internally, may have encouraged the unlawful practice of failing to report losses to DEA within one business day pursuant to 21 C.F.R. § 1301.76(b). The DEA expressed the view that, as a result of those practices and policies, there were numerous instances when large quantities of controlled substances would be lost or stolen for significant periods of time before

those losses or thefts were eventually reported to the DEA. Specifically, at the Safeway store in North Bend, WA, the DEA found that a loss of more than 70,000 tablets of hydrocodone-acetaminophen 10-325 mg went unreported for at least six months after it was discovered. DEA also argued that the evidence showed that, at certain stores such as the Safeway in Belmont, CA, Safeway's internal investigations were conducted in a manner that did not appropriately reflect the public harm caused by the loss or theft of controlled substances as opposed to the loss or theft of any other product. During the investigation, DEA learned that Safeway unilaterally changed its policies and practices regarding loss and theft reporting since the DEA initiated its investigation of the company in May of 2014.

Since April 2016, Safeway, the DEA, and the Office of the U.S. Attorney for the Western District of Washington engaged in numerous discussions regarding a settlement resolving all administrative and civil liability arising from the reporting of thefts and losses by Safeway and its affiliated stores that was the subject of DEA's investigation. In lieu of litigation, the Parties have reached the following mutually acceptable agreements.

AGREEMENT

I. General

A. Definitions

The Term "Effective Date" refers to the date of the final signature of this Agreement.

The Term "Safeway Registrants" refers to any individual, corporation, partnership, company, or other legal entity that held a DEA Certificates of Registration and was part of the 1,335 stores that were operated by Safeway, Inc. prior to its merger with the Albertsons grocery store chain on January 30, 2015.

The Term "Safeway Belmont" refers to the entity that holds DEA COR #BS2885195 issued to Safeway, Inc. for Safeway Pharmacy #668, 2100 Ralston, Ave., Belmont, CA, 94002.

The Term "Safeway North Bend" refers to the entity that holds DEA COR #BS5109536 issued to Safeway, Inc. for Safeway Pharmacy #1528, 460 SW Mt. Si Blvd., North Bend, WA 98045.

B. Intention of Parties to Effect Settlement

In order to avoid the uncertainty and expense of litigation, and in furtherance of the Parties' belief that a settlement is in the public interest, the Parties intend to settle and resolve, and hereby do settle and resolve, the administrative matters within the DEA's enforcement authority as to the Covered Conduct described below. The Parties further believe that the terms and conditions of this settlement as set forth below — along with the attached Compliance Agreement as incorporated herein — represent a complete resolution of this matter. In addition, Safeway intends to settle and resolve claims for civil penalties to be brought by the Office of the U.S. Attorney for the Western District of Washington on behalf of the United States of America under a separate settlement agreement with that office ("Civil Settlement Agreement") to be executed concurrently with the execution of this Agreement.

C. Covered Conduct

The DEA's investigation found that, from as early as May 2009 through May 2014, several Safeway Registrants episodically failed to "notify the" DEA "in writing, of the theft or significant loss of any controlled substances within one business day of discovery of such loss or theft" as required under 21 C.F.R. § 1301.76(b). Covered Conduct includes all reporting and all failures, omissions, or delays in reporting or other required notifications of thefts and losses by Safeway Registrants in violation of 21 C.F.R. § 1301.76(b) from May 1, 2009 through the Effective Date. Covered Conduct does not include any other violations by Safeway Registrants of any other provision of the CSA or its implementing regulations, such as deficient recordkeeping or improper dispensing.

D. Term of Agreement

The obligations contained in this Agreement shall remain in full force and effect for three years from the Effective Date, unless the DEA agrees in writing to an earlier termination.

II. TERMS AND CONDITIONS

II. Obligations of Safeway

A. Surrender of Safeway Belmont DEA COR

Safeway agrees to surrender its DEA COR for Safeway Belmont on or before July 31, 2017 in compliance with 21 C.F.R. § 1301.52. Safeway accepts this surrender and waives any rights it may be afforded under the CSA and its implementing regulations in connection with this surrender. Safeway shall take such steps as may be necessary to surrender its DEA COR, *e.g.* transferring controlled substances, prior to the date of surrender. Safeway acknowledges that the DEA shall consider this surrender to be "for cause" as that term is understood and used in federal controlled substances rules and practices.

B. Suspension of Safeway North Bend DEA COR

Safeway agrees that Safeway North Bend's authority to dispense or otherwise handle controlled substances under DEA COR BS5109536 shall be suspended for a period of six months, with a four month active suspension to begin on September 18, 2017. Two months of the six month suspension shall be deferred and held in abeyance and thereafter imposed only if the DEA determines, in its sole discretion that Safeway has violated the terms of the attached Compliance Addendum ("North Bend Suspension Period"). Safeway accepts this suspension and waives its rights to an Order to Show Cause, an evidentiary hearing, a final order, and other process to which it would otherwise be afforded under the CSA and its implementing regulations in connection with the imposition of such a suspension. Prior to the North Bend Suspension Period, Safeway shall take all appropriate actions to transfer controlled substances from this location and otherwise take appropriate measures to prepare for the suspension. This suspension shall not apply to or limit Safeway's authority to dispense or otherwise handle listed chemicals.

C. Inspection

Safeway agrees to cooperate with a DEA inspection of the Safeway North Bend location within the first 30 calendar days of the North Bend Suspension Period. Safeway agrees that no advance notice, Notice of Inspection, administrative subpoena, or formal legal process of any sort shall be required for this inspection.

D. Compliance Program

With regard to future conduct, Safeway agrees to the terms of the Compliance Addendum attached to this Agreement as Exhibit A.

F. Reasonable Cooperation

Safeway agrees to reasonably cooperate with the DEA, United States Attorneys' Offices, and any other Federal, state, or local law enforcement agency investigating or prosecuting Safeway customers or employees for alleged violations or activities related to the Covered Conduct. Such cooperation shall include, but is not limited to, producing records and making employees available for interviews by the DEA or other law enforcement authorities, subject to appropriate requests, *e.g.*, administrative subpoena.

F. Civil Settlement

Pursuant to the Civil Settlement Agreement, Safeway is agreeing to pay the United States of America a civil penalty under 21 U.S.C. § 842(c) for violations of 21 U.S.C. §§ 842(a)(5) in the amount of $3 million in settlement of claims or potential claims made by the United States of America for such violations. Safeway will execute the Civil Settlement Agreement concurrently with the execution of this Agreement to fully and finally settle all claims of the United States of America consistent with the terms and conditions contemplated in the Civil Settlement Agreement.

III. Obligations of the DEA

A. Surrender of Safeway Belmont DEA COR

The DEA shall accept the surrender of Safeway Belmont's DEA COR and shall take such reasonable steps as necessary to facilitate the transfer or surrender of such controlled substances and other materials from Safeway Belmont as may be necessary to effect this surrender.

B. Suspension of Safeway North Bend DEA COR

The DEA shall suspend Safeway North Bend's authority to dispense or otherwise handle controlled substances under DEA COR BS5109536 as of September 18, 2017. Unless the DEA determines in its sole discretion that Safeway has violated the terms of the attached Compliance Addendum, the DEA shall lift the North Bend Suspension four months after the beginning of the suspension. If the DEA determines in its sole discretion that Safeway has violated the terms of the attached Compliance Addendum, the DEA shall notify Safeway no later than two weeks prior to the lifting of the suspension and notify Safeway that Safeway North Bend's authority shall be suspended for an additional two months. This two-month suspension is not exclusive and the

DEA does not waive its rights to take any other action as necessary in response to violations of the Compliance Addendum or other violations of law.

The DEA shall facilitate Safeway's steps to take all appropriate actions to transfer controlled substances from this location and otherwise take appropriate measures to prepare for the suspension.

IV. Releases

A. Release by the DEA

In consideration of the fulfillment of the obligations of Safeway under this Agreement, the DEA agrees to fully and finally release Safeway Registrants from any and all administrative claims within DEA's enforcement authority under 21 U.S.C. §§ 823, 824 related to the Covered Conduct. The DEA agrees to refrain from filing or taking any administrative actions against the Safeway Registrants within the DEA's enforcement authority under 21 U.S.C. §§ 823, 824, based on the Covered Conduct only to the extent that such conduct was or could have been discovered by the DEA through the exercise of due diligence through the examination of open investigations and inspections in existence as of the Effective Date of this Agreement, and the review of the reports and records submitted to the DEA prior to the Effective Date of this Agreement. This release applies only to administrative actions brought before or by the DEA.

Notwithstanding the releases contained in this section, the DEA reserves the right to seek to admit evidence of the Covered Conduct for proper evidentiary purposes in any other administrative proceeding against the Safeway Registrants for non-Covered Conduct. Further, nothing in this Paragraph shall prohibit or limit any other agency within the Department of Justice, any State attorney general, or any other law enforcement, administrative, or regulatory agency of the United States or any State thereof, from initiating administrative, civil, or criminal proceedings with respect to the Covered Conduct. The DEA shall, as obligated in fulfilling its statutory duties, assist and cooperate with any agency that initiates an investigation, action, or proceeding involving the Covered Conduct.

B. Release by Safeway

Safeway fully and finally releases the DEA and the United States of America, its agencies, employees, servants, and agents from any claims (including attorney's fees, costs, and expenses of every kind and however denominated) which Safeway has asserted, could have asserted, or may assert in the future against the United States of America, its agencies, employees, servants, and agents, related to the Covered Conduct, claims arising from the Covered Conduct, and the investigation and legal pursuit thereof by the DEA and the United States of America.

C. Reservation of Claims

Notwithstanding any term of this Agreement, the Parties agree that the following are specifically reserved and excluded from the scope of the release and terms of this Agreement:

1) any criminal liability;

2) any civil, criminal or administrative liability arising under Title 26, U.S. Code (Internal Revenue Code);
3) any administrative liability to the United States other than administrative claims released under this Agreement;
4) any civil liability to the United States, other than the civil claims released in the 2015 Settlement Agreement and Release; or
5) any liability based upon any obligation created by or arising under this Agreement.

V. Miscellaneous

A. Binding on Successors

This Agreement is binding on Safeway, and its respective successors, heirs, transferees, and assigns.

B. Costs

Each Party to this Agreement shall bear its own legal and other costs incurred in connection with this matter, including the preparation and performance of this Agreement.

C. No Additional Releases

This Agreement is intended to be for the benefit of the Parties and the Safeway Registrants only, and by this instrument the Parties do not release any claims against any other person or entity other than the Safeway Registrants.

D. Effect of Agreement

This Agreement constitutes the complete agreement between the Parties. All material representations, understandings, and promises of the Parties are contained in this Agreement, and each of the parties expressly agrees and acknowledges that, other than those statements expressly set forth in this Agreement, it is not relying on any statement, whether oral or written, of any person or entity with respect to its entry into this Agreement or to the consummation of the transactions contemplated by this Agreement. Any modifications to this Agreement shall be set forth in writing and signed by all Parties. Safeway represents that this Agreement is entered into with advice of counsel and knowledge of the events described herein. Safeway further represents that this Agreement is voluntarily entered into in order to avoid litigation, without any degree of duress or compulsion.

E. Execution of Agreement

F. Notices & Reports

Safeway remains obligated to provide those notices and reports required by the CSA and its implementing regulations in the manner and within the time frames provided by those rules and regulations. Nothing in this agreement is meant to alter the manner or timing by which Safeway Registrants provide such notices or reports to the DEA under their statutory and regulatory obligations as DEA registrants. Dated:

On Behalf of the United States Department of Justice, Drug Enforcement Administration:

Demetra Ashley
Acting Assistant Administrator, Diversion
Control Division
Drug Enforcement Administration

Dated: 7/18/2017

Exhibit A: Compliance Addendum

This Compliance Addendum between Safeway Inc. ("Safeway"), now part of the Albertsons Companies ("the Company"), and the Drug Enforcement Administration ("DEA") memorializes certain policies and procedures that Safeway has proposed to advance its effort to ensure compliance with the Controlled Substances Act ("CSA") and to enhance Safeway's ability to prevent, detect, and timely report diversion of controlled substances. This Compliance Addendum is incorporated into the Memorandum of Agreement dated 7/18/17 and is enforceable in the same manner.

Safeway acknowledges that its stores, as DEA registrants, are obligated to notify and report significant losses and thefts pursuant to 21 C.F.R. § 1301.76(b) as part of the broader obligation to "maintain effective controls and procedures to guard against theft and diversion of controlled substances." 21 C.F.R. § 1301.71(a). The DEA understands that Safeway plan to undertake certain policies and procedures, including those outlined in this document, to meet its obligations under the law. The DEA, however, does not endorse or approve of Safeway's approach any more than it endorses or approves of any other approach by which registrants chose to satisfy their legal obligations. The DEA expects Safeway, like all registrants, to employ systems and enact policies that are, at all times, effective in guarding against diversion — policies and practices that necessarily must adapt to the conduct they seek to detect and report. If the system Safeway has chosen is or becomes ineffective, Safeway is obligated to detect the issues involved and correct them and it will not be a valid defense in any legal action for Safeway to claim that it was employing a system that was known or disclosed to the DEA.

A. General.

1. The term of this Compliance Addendum shall be three (3) years, starting on the Effective Date. "Effective Date" and all other capitalized terms shall have the same meaning as in the Memorandum of Agreement.
2. Safeway shall maintain the specific compliance measures set forth below for the duration of the Compliance Addendum, and shall notify the DEA in writing at least 30 calendar days prior to making any modifications to the policies or procedures set forth herein. The DEA is not obligated to approve or disapprove of any such modifications.
3. To the extent that any compliance measure identified below is not yet in place, Safeway shall implement such measure within the timeframes specified herein.

B. Department of Pharmaceutical Integrity.

1. The Company shall create and maintain a Department of Pharmaceutical Integrity ("DPI") composed of personnel trained in relevant diversion-related issues to coordinate compliance with this addendum no later than 30 calendar days from the Effective Date.
2. Within 30 calendar days from the Effective Date, Safeway shall designate one individual ("DPI Director") who shall be responsible for documenting and reporting compliance with the Compliance Addendum and shall also serve as the dedicated contact point (including a dedicated email address and phone number) within the DPI to facilitate

requests for information from the DEA. Upon request by the DEA, Safeway shall respond to any DEA request for information within 14 calendar days.

3. The DPI Director and DPI personnel will receive annual training related to the management of controlled substances.

4. The DPI Director and DPI personnel shall ensure that all pharmacists receive training relating to the management of controlled substances, including (a) record-keeping requirements under the CSA, (b) the prevention of diversion, and (c) the reporting of significant loss or theft of controlled substances.

5. The DPI Director will provide an annual written report to the Company's Office of Ethics and Compliance addressing the extent to which Safeway pharmacies were compliant with CSA requirements during the preceding twelve months.

6. The DPI Director shall provide the DEA with an executive summary of the DPI's report and any follow-up concerning deficiencies, if any, including any corrective action plan to address those deficiencies. This summary shall be provided to the DEA within 30 calendar days of producing the annual report to the Company's Office of Ethics and Compliance.

C. Notification and Reporting Policies and Procedures.

1. The Company has created a Pharmacy Controlled Substance Analytics Team ("PCAT") dedicated to the prevention, identification, and reporting of controlled substances diversion.

2. All initial notification and Form 106 reporting is centralized with the PCAT organization as follows:

   (a) All pharmacy personnel are responsible for reporting all thefts or losses of controlled substances to PCAT within 24 hours.

   (b) PCAT is responsible for reviewing, logging and reporting (as appropriate) all thefts or significant losses of controlled substances.

   (c) PCAT will evaluate losses to determine if significant and the need to report the loss to the DEA and PCAT will submit required initial written notifications for significant losses and thefts to the DEA in compliance with 21 C.F.R. § 1301.76(b).

   (d) In the instance that the DEA is notified of a potential or actual theft or significant loss, it is the responsibility of PCAT to obtain the necessary information to complete filing the DEA Form 106 by working with the pharmacy team and/or Asset Protection.

3. Regardless of whether an investigation is complete, PCAT will file a Form 106 within 60 calendar days or timely seek an extension. Additionally, as an ongoing investigation is updated, PCAT is responsible for amending and updating the Form 106, as necessary and appropriate. While an investigation is ongoing, PCAT will continue to file Amended Form 106s at intervals no longer than 60 calendar days or timely seek an extension.

4. PCAT is responsible for providing a copy of the completed Form 106 to the pharmacy team and other appropriate parties, as well as maintaining copies in Pharmacy Compliance.

D. Diversion Control Policies and Procedures.

1. In addition to PCAT, Safeway has instituted a Field Evaluation Program ("FEP") wherein trained evaluators visit every retail pharmacy to assess five areas of compliance, including controlled substance management, record keeping and security.

2. In addition to centralized notification and reporting (above), PCAT is responsible for proactive identification of potential controlled substance risks, including: unusual purchasing trends, inventory discrepancies, field evaluations, on-hand quantity adjustments, industry/DEA media monitoring, and reactive investigations for identified discrepancies.

E. Asset Protection Policies and Procedures.

1. Working with PCAT personnel (above), the Asset Protection ("AP") Department is responsible for ensuring that all controlled substances investigations follow an established and consistent process.

2. Safeway has established enhanced processes and procedures for Asset Protection investigations relating to controlled substances to ensure that controlled substances investigations receive the highest order of priority, including:

(a) Enhanced VP-level oversight of controlled substances investigations.

(b) Dedicated Asset Protection personnel to coordinate with PCAT team.

(c) Dedicated Asset Protection Director available on an as needed basis to provide subject-matter expertise in assisting PCAT and Asset Protection managers in controlled substances investigations.

(d) Use of a modified "Incident Report Form" for Asset Protection investigations concerning controlled substances.

(e) Weekly coordination between the Asset Protection, Pharmacy Human Resources, and PCAT teams.

(f) All Asset Protection team members must notify PCAT of any AP investigation relating to controlled substances within 24 hours.

F. Policies and Procedures Intended to Ensure Inventory Control and Diversion Prevention.

1. Improved inventory control procedures shall be implemented with the goal of ensuring that accurate on-hand quantities are maintained for all schedules of controlled substances.

2. Policies and Procedures shall address: completion of cycle counts, completion of monthly CII counts and controlled substance inventories, and strict prohibition of "shake and scan" inventory counts.

G. Retail Pharmacy Policies and Procedures.

1. Safeway will implement policies and procedures intended to ensure that, regardless of size and/or possible known reason, all suspected, potential losses or thefts of controlled

substances must be reported to the Pharmacy Professional Services Department (PPSD) and to the District Pharmacy Manager ("DPM") within 24 hours of discovery.

2. Safeway will implement policies and procedures intended to ensure that retail pharmacies will retain copies of Forms 106 on file for 36 months in their designated Form 106 file/binder.

3. Safeway will implement policies and procedures intended to ensure that any DPM or Director of Pharmacy Operations ("DPO") who receives a report of suspected, potential losses or thefts of controlled substances from any pharmacy or retail store personnel must ensure that all suspected, potential losses or thefts of controlled substances are reported to PCAT within 24 hours.

H. Training.

1. Within twelve months of the Effective Date, every Safeway retail pharmacy team member shall receive training on retail pharmacy policies and procedures relating to controlled substances. Training materials and acknowledgment forms shall be maintained for three years.

2. Safeway shall provide all pharmacy personnel with annual training relating to management of controlled substances, including (a) record-keeping requirements under the CSA, (b) the prevention of diversion, and (c) the reporting of significant loss or theft of controlled substances. Safeway shall ensure that all new hires receive comparable training at the time of hire. All pharmacy personnel shall submit confirmation of completion of training each year.

I. Disciplinary Procedure for Failure to Report Controlled Substance Theft or Loss.

1. The following disciplinary structure is subject to Safeway's legal obligations under the National Labor Relations Act and union collective bargaining agreements at pharmacies where employees are union represented.

2. The first confirmed time any Safeway pharmacy employee fails to report a suspected theft or loss of controlled substances, he or she shall be required to review the annual training relating to CSA compliance. The employee shall sign an acknowledgement that confirms completion of the additional training session and his or her understanding of Safeway's requirement that all theft or suspected loss of controlled substances must be reported to PCAT within 24 hours. The employee will also be issued a last and final warning that alerts him or her to the fact a second occurrence may result in termination.

3. The second confirmed time any Safeway pharmacy employee fails to report a suspected theft or loss of controlled substances, he or she will be subject to disciplinary action up to and including termination.

4. In addition to statutory notification and reporting requirements, the DPI shall notify the DEA if any pharmacy personnel are terminated as a result of suspected involvement in any activity related to the diversion of controlled substances within 14 calendar days of the termination.

5. Consistent with applicable employment and human resources laws and regulations, Safeway shall issue revised policies and procedures related to monitoring employee activities in the pharmacy.

J. Annual Audit on Significant Loss and Theft Reporting.

1. The Company maintains an Internal Audit Department that is separate from the PCAT and DPI referenced above.

2. The Internal Audit Department in coordination with the DPI Director shall prepare and provide to the DEA no later than 12 months after the Effective Date an Initial Annual Audit Report on Significant Loss and Theft Reporting. This Report shall be certified by the appropriate representative of the Internal Audit Department and shall contain, for each significant loss or theft reported to the DEA within 10 months after the Effective Date by a Safeway Registrant, the following information:

    i. The date when the potentially significant loss or potential theft was first identified by a Safeway employee;

    ii. The date of the filing of the initial written notification to DEA;

    iii. The date the first filing of the Form 106 with the DEA and any amended Form 106s and/or any request for extension;

    iv. The Audit Department's assessment as to whether the information reported to the DEA in initial notifications and Form 106s was (a) accurate and (b) complete at the time they were reported, including whether the cause of the missing controlled substances was accurately characterized.

    v. The Audit Department's assessment as to whether Safeway employee conduct complied with corporate policies and whether discipline was imposed for non-compliance;

    vi. The Audit Department's recommendations as to any changes in corporate policies or practices, if any, prompted by the circumstances and the status of any such proposal;

    vii. Any impediments to the Audit Department's full and fair investigation of each significant loss or theft report.

3. The Internal Audit Department, in coordination with the DPI Director, shall prepare a Second Annual Audit Report on Significant Loss and Theft Reporting and a Third Annual Audit Report on Significant Loss and Theft Reporting in the same manner and addressing the same information as set forth in the Initial Annual Audit Report, above. The Second Annual Audit Report shall address each significant loss or theft reported to the DEA within twenty-two months after the Effective Date by a Safeway Registrant that is not already covered in the Initial Annual Audit Report. The Third Annual Audit Report shall address each significant loss or theft reported to the DEA within thirty-four months after the Effective Date by a Safeway Registrant that is not already covered by the two prior annual reports.

4. The Second and Third Audit Reports shall also supplement disclosures from prior reports as necessary to fully disclose each category of information identified above, but not merely to include redundant information.

5. For any conduct that is fully disclosed in an Annual Audit Report, the DEA shall favorably consider that fact in determining if fines or regulatory enforcement is required.

K. Final Two Months of Suspension at Safeway North Bend

1. As part of the Memorandum of Agreement, the DEA has suspended the registration of Safeway North Bend for six months but has held two months of that suspension in abeyance contingent on Safeway's compliance with this Compliance Addendum. Safeway shall reasonably comply with DEA efforts to assess whether or not Safeway is in compliance with the terms of this Compliance Addendum.

2. If the DEA determines, in its sole discretion, that Safeway has violated the terms of the Compliance Addendum, the DEA shall notify Safeway of that determination and the basis for that determination in writing no later than three months after the start of the North Bend Suspension Period. In that notification, the DEA shall inform Safeway that the North Bend Suspension Period shall run for the full six months without abeyance and that decision shall be final upon the date of that notification. Safeway waives any process to which it would otherwise be afforded under the CSA and implementing regulations (*e.g.*, issuance of an Order to Show Cause, evidentiary hearing, final order . . . etc.) as to the imposition of that additional two months of suspension at Safeway North Bend.

3. If the DEA does not notify Safeway of any such breach within that time, the suspension of Safeway North Bend shall be lifted four months after the start of the North Bend Suspension Period. The DEA's failure to notify Safeway of any non-compliance shall not constitute any endorsement or approval of Safeway's actions or omissions and shall not be a waiver of any other remedy it may have under the law, including issuing an Order to Show Cause.

L. Other Remedies

1. The DEA's ability to impose an additional two-month suspension at Safeway North Bend pursuant to this agreement is not exclusive of any other remedies under the law. The DEA does not waive, and the DEA is expressly reserving its rights to pursue, any other remedy it may have under the law, including issuing an Order to Show Cause seeking suspension or revocation of the registration of any Safeway Registrant for any conduct occurring after the Effective Date or otherwise not part of the release under the Memorandum of Agreement.

2. If the DEA issues an Order to Show Cause based in part on non-Compliance with this Addendum, Safeway acknowledges and accepts that any material breach of this Compliance Agreement is an "act as would render" a DEA registration "inconsistent with the public interest," 21 U.S.C. § 824(a)(4) and is "[s]uch other conduct which may threaten the public health and safety" 21 U.S.C. § 823(f)(5). Safeway expressly reserves the right to dispute whether any such breach occurred or the materiality of such breach.

SETTLEMENT AGREEMENT, STIPULATION, AND ORDER

COMES NOW the Executive Director (hereinafter, "Petitioner") of the Wyoming State Board of Pharmacy (hereinafter, "Board") and Safeway Pharmacy #2667 (hereinafter "Respondent"), pursuant to WYO. STAT. ANN. § 16-3-107(n) and WYO. STAT. ANN. § 33-24-123(b) and hereby enter into this Settlement Agreement, Stipulation, and Order (hereinafter, "this Agreement")

FINDINGS OF FACT

1. Respondent holds Wyoming Resident Retail Pharmacy License R10207. The Board has jurisdiction over Respondent and the matter set forth herein pursuant to the Wyoming Pharmacy Act, WYO. STAT. ANN. § 33-24-101 *et seq.*, the Wyoming Administrative Procedure Act, WYO. STAT. ANN. § 16-3-101 *et seq.*, and the Board's Rules and Regulations.

2. Respondent is located at 700 South Greeley Highway in Cheyenne, Wyoming.

3. On or about January 29, 2021, Petitioner received a complaint alleging Respondent dispensed an incorrect medication to a patient.

4. The Board opened an investigation. On February 1, 2021 the Board notified the Pharmacist-in-Charge (hereinafter, "PIC") of the complaint via certified letter and requested additional information.

5. The PIC failed to reply to the request for information. On February 24, 2021, the Board conducted a routine inspection of Respondent. The inspector observed inadequate staffing and noted two hundred thirty-one (231) prescriptions in the queue. The PIC performed all aspects of pharmacy workflow in addition to administering vaccinations. Multiple patients were also observed complaining about wait times and prescriptions not being ready as promised.

6. The consumer complaint and inspection observations raised concern over Respondent's ability to provide safe and effective services to the public.

7. On February 26, 2021 a letter requesting copies of all prescriptions dispensed by Respondent from January 1, 2021 to February 24, 2021 was delivered to the staff pharmacist on duty.

8. On February 27, 2021 the staff pharmacist notified the Board via email of their resignation from employment with Respondent.

9. On March 1, 2021 the PIC submitted a written response to the initial complaint and notified the Board of their resignation from employment with Respondent due to unsafe work conditions.

10. On March 5, 2021 the Board conducted a follow up inspection of Respondent. The inspector noted four hundred fifty-six (456) prescriptions in the queue, with the oldest prescriptions from March 1, 2021. The inspector noted the PIC was restricted from working on the queue due to being the only staff member certified to administer vaccinations to patients.

11. On March 14, 2021 Respondent completed a change in PIC. The new PIC provided all requested records from the complaint and inspection on April 9, 2021.

12. Records demonstrate Respondent filled prescription number 6390016 for patient M.M and prescription number 6390180 for patient K.M. Respondent dispensed K.M.'s prescription to M.M. on January 22, 2021.

13. The incident report demonstrates M.M. identified the medication error, returned prescription number 6390180 to Respondent and received the correct medication.

14. Two-thousand seventy (2,070) prescriptions dispensed by Respondent from January 1, 2021 to February 25, 2021 were evaluated for accuracy.

15. The prescription audit identified an error rate of 1.3%. Twenty-six (26) of the following types of errors were identified: Thirteen (13) incorrect refill amounts, three (3) incorrect prescribers, two (2) incorrect quantities, four (4) incorrect directions for use, and four (4) incorrect drugs.

16. On April 27, 2021 the Board conducted a follow up inspection of Respondent. Full time staff had increased from four (4) to seven (7) and all deficiencies were corrected.

17. The excessive numbers of prescriptions in the queue and medication errors demonstrate Respondent failed to provide pharmacy services to the public in a safe and effective manner.

18. WYO. STAT. ANN. § 33-24-101(b)(iv)(A) provides:

> (b) As used in this act:
>
> (iv) "Unprofessional conduct" means:
>
> (A) Dispensing a drug or brand of drug in filling a prescription which differs from that specified by the prescription, without authority of the issuer of the prescription, regarding the patient's name, drug, strength,

quantity, directions or number of authorized refills;

Respondent dispensed twenty-six (26) prescriptions which differed from that specified by the prescription in regards to the issuer, drug, quantity, directions, and the number of authorized refills.

19. WYO. STAT. ANN. § 33-24-113(d)(i) provides:

> (d) The board may deny, suspend, revoke or refuse to renew a license issued under this section, may issue a letter of admonition to a resident pharmacy licensee and may assess an administrative penalty, not to exceed two thousand dollars ($2,000.00) per violation, against a resident pharmacy licensee on any of the following grounds:
>
> (i) Failure to comply with any requirement of this chapter or the Wyoming Controlled Substances Act;

20. Respondent agrees that the Board has jurisdiction over Respondent's license pursuant to WYO. STAT. ANN. § 33-24-113(a) which states, in pertinent part: "Any pharmacy located in this state which dispenses, mails or in any manner deliver controlled substances...in this state pursuant to a prescription or provides pharmaceutical care in this state..."

21. Pursuant to WYO. STAT. ANN. § 16-3-107(n), and in lieu of proceeding with a formal disciplinary proceeding pursuant to WYO. STAT. ANN. § 33-24-113(e), in which Respondent's license may be revoked, suspended, or otherwise disciplined, Respondent agrees to the terms set forth in the Order of this Agreement. Respondent understands that failure to comply with the Order of this Agreement may result in revocation of the license or further disciplinary action.

22. Respondent understands that this Agreement is a disciplinary measure and agrees to accept this disciplinary measure in lieu of proceeding to a formal disciplinary proceeding. By signing this Agreement, Respondent accepts this disciplinary measure and hereby waives their right to a hearing and all appeals in this matter provided by the Wyoming Pharmacy Act, Board Rules and Regulations, and the Wyoming Administrative Procedure Act.

23. Respondent understands that this Agreement, which constitutes formal disciplinary action, specifically an administrative penalty, is a permanent part of the Board's records. Respondent further understands that this Agreement is a public record and, as such, is subject to inspection and dissemination, in accordance with all Federal and State laws.

24. Respondent understands this Agreement must be submitted to the Board which may either approve or reject the Agreement. Should the Board reject the Agreement, Respondent shall have an opportunity to request a contested case hearing in accordance with the Wyoming Administrative Procedure Act, the Board's Practice Act, and the Board's Rules. If the Board does not approve this Agreement, Respondent waives any objection to the Board hearing this matter on the basis that the Board has become disqualified due to its review and consideration

of this Agreement and its contents.

25. The State of Wyoming and the Wyoming State Board of Pharmacy do not waive sovereign immunity by entering into this Agreement, Stipulation, and Order, and specifically retain immunity and all defenses available to them as sovereigns pursuant to WYO. STAT. ANN. § 1-39-104(a) and all other State laws.

26. Due and proper notice of this matter has been afforded to Respondent, and Respondent agrees that they have not been subjected to undue influence, pressure, or coercion by Board, its staff, or the Office of the Attorney General, and that Respondent is entering into this Agreement under Respondent's own free will after having the opportunity to obtain advice from an attorney regarding the consequences of entering into this Agreement.

27. Respondent understands that failure by the Board to either revoke Respondent's license or proceed with any other disciplinary action in the event Respondent violates any term or condition placed on Respondent's license, as set forth in the Order and all subsections thereof, shall not constitute a waiver by Board to proceed with additional disciplinary action for any other breaches of the terms or further violations of the Wyoming Pharmacy Act or Board Rules and Regulations by Respondent.

CONCLUSIONS OF LAW

1. Paragraphs 1-27 of the Findings of Fact are incorporated herein by reference.

2. The Board has jurisdiction in this matter and over Respondent, pursuant to WYO. STAT. ANN. § 33-24-101 *et seq.*, Wyoming Pharmacy Act, Rules and Regulations, and the Wyoming Administrative Procedure Act, WYO. STAT. ANN. § 16-3-101 *et seq.*

3. The Board concludes that, if proven, clear and convincing evidence exists that Respondent dispensed twenty-six (26) prescriptions which differed from the original prescription order, in violation of WYO. STAT. ANN. § 33-24-101(b)(iv)(A):

> (b) As used in this act:
>
> (iv) "Unprofessional conduct" means:
>
> (A) Dispensing a drug or brand of drug in filling a prescription which differs from that specified by the prescription, without authority of the issuer of the prescription, regarding the patient's name, drug, strength, quantity, directions or number of authorized refills;

4. The Board concludes that, if proven, clear and convincing evidence exists that Respondent is in violation of WYO. STAT. ANN. § 33-24-113(d)(i).

5. The Board concludes that, if proven, clear and convincing evidence exists that a settlement agreement is appropriate pursuant to WYO. STAT. ANN. § 33-24-113(d) and WYO. STAT.

ANN. § 16-3-107(n). The Board further concludes the issuance of an administrative penalty is an appropriate disciplinary measure in this case.

CONSENT

Respondent, by affixing an authorized signature hereon, agrees to the following:

1. Respondent has been advised specifically to seek advice of counsel prior to signing this Agreement.

2. Respondent is fully aware that, without Respondent's consent, no legal action could be taken against Respondent without a hearing under WYO. STAT. ANN. § 33-24-113 and the Wyoming Administrative Procedure Act.

3. Respondent has the following rights, among others: the right to a formal hearing before the Board, the right to be represented by an attorney in this matter, the right to cross examine and confront adverse witnesses to testify and subpoena witnesses to testify on its behalf, and the right to petition for judicial review of an adverse decision by Board.

4. Respondent waives the above noted rights.

5. For purposes of this Consent Order before the Board, Respondent does not contest these proceedings and consents to the following Order affecting their license as a retail pharmacy in the State of Wyoming.

ORDER

IT IS, THEREFORE, HEREBY ORDERED by the Wyoming State Board of Pharmacy, settled, agreed, and consented to by the undersigned:

1. That Respondent shall pay an administrative penalty in the amount of ten-thousand ($10,000) for twenty-six (26) medication errors, calculated as follows:

    b. Three (3) incorrect prescriber ($2,000);
    c. Two (2) incorrect quantity ($2,000);
    d. Four (4) incorrect directions for use ($2,000);
    e. Four (4) incorrect drug ($2,000).

2. Payment shall be made within ninety (90) days of approval of this Agreement by the Board. Payment shall be made in the form of a cashier check, sent to the Board's office, and be made payable to the Laramie County Treasurer, to the credit of the public school fund of Laramie County pursuant to WYO. STAT. ANN. § 33-24-113(f). Failure to timely or substantively comply with this provision shall result in further disciplinary action by the Board.

3. Respondent shall submit a plan, subject to approval by Board staff, addressing how the

pharmacy will be staffed and managed to provide pharmacy services to the public in a safe and effective manner. Said plan must also address how all current staff and new staff will be trained on adherence to policies and procedures that promote accurate dispensing of prescriptions.

4. Respondent's failure to comply with this Order shall be grounds for further disciplinary action, including revocation or suspension of Respondent's retail pharmacy license.

5. This Agreement constitutes formal disciplinary action and, as such, shall become a permanent part of Respondent's record with the Board. This Agreement is also a public record and shall be inspected and disseminated in accordance with state and federal law. Furthermore, a summary of this Agreement may be published in the Board's newsletter.

6. The Board shall retain continuing jurisdiction in this matter to the extent necessary to enforce the terms of this Agreement.

Re: Colorado State Board of Pharmacy, Case No. 2019-2057

Dear Pharmacist Manager:

The Colorado State Board of Pharmacy ("Board") has reviewed the available material concerning the complaint noted above. Upon thorough review and discussion, the Board found reasonable cause that the pharmacy violated section 12-42.5-123(1)(c)(II), C.R.S., and Board Rules 5.01.10 and 7.00.10, as described in the attached document. As such, the Board decided to initiate disciplinary action against the pharmacy's registration. In order to promptly resolve the complaint, the Board has referred this disciplinary action to the Expedited Settlement Process ("ESP") along with settlement terms.

The Board would prefer to settle this disciplinary complaint rather than initiating formal legal proceedings. In lieu of a hearing, the Board is willing to resolve this case by means of a stipulated agreement pursuant to the following terms:

- Admonishment
- $1,000 fine (plus surcharge)

I have enclosed the document that can be signed in order to resolve this case. The above settlement terms and consequences are more fully explained in the enclosed Stipulation and Final Agency Order ("Order"). By signing the Order, the pharmacy agrees to the Board's settlement terms and avoids formal disciplinary proceedings.

If the pharmacy wishes to accept the terms of this Order, please do the following:

- **READ** the entire Order;
- **CONSULT** with legal counsel if so desired;
- **SIGN** the enclosed Order;
- **RETURN** the signed Order by **September 10, 2019** (with a check made payable to the State of Colorado) to:

This correspondence has been sent to the Respondent and Attorney of Record. If you are represented by counsel, you may want to contact them to discuss this matter. This correspondence is not intended to interfere with any attorney-client relationship.

In reviewing the Order, please be aware that the burden of proof in a disciplinary proceeding is not "beyond a reasonable doubt." Rather, disciplinary proceedings are similar to civil trials where the burden is "by a preponderance of the evidence." This means that the Board must only present sufficient evidence to prove that "more likely than not" the pharmacy violated the practice act.

Please be advised that during this process, the pharmacy has the right to either represent itself or to be represented by legal counsel of its choice at its own expense. Additional documentation regarding your case may be available upon request. Please contact me for further information. Also, if the pharmacy chooses not to sign the Order, be aware that the representations in the Order do not limit the Board's case if this case should be filed for formal disciplinary proceedings. The Colorado Office of the Attorney General may add additional violations that it deems appropriate.

Finally, this letter and the Expedited Settlement Process fall under the protection of CRE 408 which excludes evidence at hearing of compromise and offers of compromise to prove liability.

If you have any questions about this matter or wish to discuss the offer of settlement or the presentation of a counteroffer to the Board, please contact me by email or at (303) 894-7698.

Melissa Garner

STATE OF COLORADO

Case No. 2019-2057

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF DISCIPLINARY PROCEEDINGS REGARDING THE IN-STATE PRESCRIPTION DRUG OUTLET REGISTRATION IN THE STATE OF COLORADO OF SAFEWAY PHARMACY #2817, REGISTRATION NO. PDO 109-4,

Respondent Pharmacy.

IT IS HEREBY STIPULATED AND AGREED by and between the Colorado State Board of Pharmacy ("Board") and Safeway Pharmacy #2817 ("Respondent Pharmacy") to resolve all matters pertaining to Board Case Number 2019-2057, as follows:

FINDINGS AND CONCLUSIONS

1. The Board has jurisdiction over Respondent Pharmacy, its registration as an in-state prescription drug outlet, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to provisions of the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act at Title 12, Article 42.5, C.R.S. (2018).

2. Respondent Pharmacy was originally registered in the State of Colorado on or about January 1, 1988, being issued registration number PDO 109-4, and has been so registered at all times relevant to this disciplinary action.

3. Respondent Pharmacy's address of record with the Board and current location is 232 G St., Salida, CO 81201.

4. Respondent Pharmacy admits these findings and hereby waives any further proof in this or any other proceeding before the Board regarding the following facts.

5. Respondent Pharmacy failed to keep proper record keeping for controlled substances, as on or around February 2019, a staff pharmacist admitted to multiple small thefts over time of a controlled substance, however, exact quantities could not be determined. A full controlled substance reconciliation was completed at the conclusion of the investigation; however, evidence collected was insufficient to positively attribute all reported losses to the staff pharmacist. There were numerous unaccounted controlled substance inventory discrepancies, including but not limited to, Morphine, Diazepam, Clonazepam, Tramadol, and Zolpidem.

6. Respondent Pharmacy admits that its conduct, as set forth above, constitutes violations of the following sections of the Colorado Revised Statutes and Board Rules and provides grounds for disciplinary action against Respondent Pharmacy's Colorado registration as a prescription drug outlet:

Colorado Revised Statutes

12-42.5-123. Unprofessional conduct - grounds for discipline.

(1) The board may suspend, revoke, refuse to renew, or otherwise discipline any license or registration issued by it, after a hearing held in accordance with the provisions of this section, upon proof that the licensee or registrant:

(c) Has violated:

(II) The lawful rules of the board.

Pharmacy Board Rules and Regulations

5.01.10 Controlled Substance Inventory.

a. Upon the change of pharmacist manager of a prescription drug outlet, an inventory of all controlled substances shall be taken within seventy-two hours, by the new pharmacist manager or the new pharmacist manager's designee. The inventory shall be taken either as of the opening or as of the close of business activity on the inventory date and such time and date taken shall be entered on the inventory record.

b. Upon the transfer of ownership of a prescription drug outlet, an inventory of all controlled substances shall be taken by the pharmacist manager or the pharmacist manager's designee. The inventory shall be taken either as of the opening or as of the close of business activity on the inventory date and such time and date taken shall be entered on the inventory record.

7.00.10 Reporting Violations. The pharmacist manager of a prescription drug outlet shall report to the Board, in writing, within the timelines set forth below:

a. Diversion, theft or significant unaccountable loss of prescription drugs or controlled substances from the pharmacy, hospital or health maintenance organization (as defined in Section 10-16-102, C.R.S.) within one business day of discovery. When a Drug Enforcement Administration (DEA) Form 106 is submitted to the DEA in instances involving controlled substances, a copy of the completed DEA Form 106 along with a detailed written explanation shall be submitted to the Board. When determining whether an unaccountable loss is significant, the pharmacist manager shall consider, among others factors, the following:

(1) The actual quantity of drug lost in relation to the type of business;

(2) The specific drug lost;
(3) Whether the loss of the drug can be associated with access to those drugs by specific individuals, or whether the loss can be attributed to unique activities that may take place involving the drug;
(4) A pattern of losses over a specific time period, whether the losses appear to be random, and the results of efforts taken to resolve the losses;
(5) Whether the specific drug is a likely candidate for diversion; and
(6) Local trends and other indicators of the diversion potential of the missing drug.

DISPOSITION

7. Letter of Admonition. This Final Agency Order shall constitute a Letter of Admonition as set forth in section 12-42.5-124(6)(b) and (c), C.R.S. The Board hereby admonishes Respondent Pharmacy for the acts and omissions described in paragraphs 5-6 above.

8. Waiver of Right to Contest. By entering into this Final Agency Order, Respondent Pharmacy agrees to waive the right provided by section 12-42.5-124(6)(b) and (c), C.R.S., to contest this Letter of Admonition.

9. Fine with Surcharge. Pursuant to section 12-42.5-124(5)(a)(I), C.R.S., Respondent Pharmacy shall pay a fine of One Thousand Dollars and No Cents ($1,000.00) Respondent Pharmacy understands and acknowledges that, pursuant to section 24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies shall impose an additional surcharge of 15% of this fine. Respondent Pharmacy shall therefore pay a total amount of One Thousand One Hundred Fifty Dollars and No Cents (1,150.00). The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Pharmacy submits this signed Final Agency Order to the Board. STATE OF COLORADO

Case No. 2020-6661

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF DISCIPLINARY PROCEEDINGS REGARDING THE IN-STATE PRESCRIPTION DRUG OUTLET REGISTRATION IN THE STATE OF COLORADO OF **SAFEWAY PHARMACY #2817,** REGISTRATION NO. PDO 109-4,

Respondent Pharmacy.

IT IS HEREBY STIPULATED AND AGREED by and between the Colorado State Board of Pharmacy ("Board") and Safeway Pharmacy #2817 ("Respondent Pharmacy") to resolve all matters pertaining to Board Case Number 2020-6661, as follows:

FINDINGS AND CONCLUSIONS

1. The Board has jurisdiction over Respondent Pharmacy, its registration as an in-state prescription drug outlet, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to provisions of the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act at Title 12, Article 280, C.R.S. (2020).

2. Respondent Pharmacy was originally registered in the State of Colorado on or about January 1, 1988, being issued registration #PDO 109-4, and has been so registered at all times relevant to this disciplinary action.

3. Respondent Pharmacy's address of record with the Board and current location is 232 G St., Salida, Colorado.

4. Respondent Pharmacy admits these findings and hereby waives any further proof in this or any other proceeding before the Board regarding the following facts.

5. Respondent Pharmacy failed to keep proper record keeping for controlled substances, as on or around February 2019, a staff pharmacist admitted to multiple small thefts over time of a controlled substance, however, exact quantities could not be determined. A full controlled substance reconciliation was completed at the conclusion of the investigation; however, evidence collected as insufficient to positively attribute all reported losses to the staff pharmacist. There were numerous unaccounted controlled substance inventory discrepancies, including but not limited to Morphine, Diazepam, Clonazepam, Tramadol and Zolpidem.

6. Respondent Pharmacy admits that its conduct, as set forth above, constitutes violations of the following sections of the Colorado Revised Statutes and Board Rules

and provides grounds for disciplinary action against Respondent Pharmacy's Colorado registration as a prescription drug outlet:

Colorado Revised Statutes

12-280-126. Unprofessional conduct - grounds for discipline.

(1) The board may take disciplinary or other action as authorized in section 12-20-404, after a hearing held in accordance with the provisions of sections 12-20-403 and 12-280-127, upon proof that the licensee or registrant:

(c) Has violated:

(II) The lawful rules of the board.

12-280-127. Disciplinary actions. (1) The board may take disciplinary or other action as authorized in section 12-20-404 when the board determines that the applicant, licensee, or registrant has engaged in activities that are grounds for discipline under section 12-280-126.

* * *

Pharmacy Board Rules and Regulations

Board Rule 5.01.10. Controlled Substance Inventory.

a. Upon the change of pharmacist manager of a prescription drug outlet, an inventory of all controlled substances shall be taken within seventy-two hours, by the new pharmacist manager or the new pharmacist manager's designee. The inventory shall be taken either as of the opening or as of the close of business activity on the inventory date and such time and date taken shall be entered on the inventory record.

b. Upon the transfer of ownership of a prescription drug outlet, an inventory of all controlled substances shall be taken by the pharmacist manager or the pharmacist manager's designee. The inventory shall be taken either as of the opening or as of the close of business activity on the inventory date and such time and date taken shall be entered on the inventory record.

* * *

7. The Board finds and concludes, and Respondent Pharmacy agrees, that based upon Respondent Pharmacy's above-described violations of the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act and relevant rules and regulations, the following discipline is just and appropriate under the circumstances.

DISPOSITION

8. Fine with Surcharge. Pursuant to section 12-280-127(5)(a), C.R.S., Respondent Pharmacy shall pay a fine of Three Thousand Dollars and No Cents ($3,000.00). Respondent Pharmacy understands and acknowledges that, pursuant to section 24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies may impose an additional surcharge of 15% of this fine. Respondent Pharmacy shall therefore pay a total amount of Three Thousand Four Hundred Fifty Dollars and No Cents ($3,450.00). The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Pharmacy submits this signed Final Agency Order to the Board.

9. Probation. Respondent Pharmacy's registration shall be placed on probation for a period of two (2) years. Credit toward satisfying the period of probation shall be given only during such periods of time that Respondent Pharmacy is in total compliance with all provisions of this Final Agency Order.

Terms of Probation

10. Practice Monitor. Upon commencement of Respondent Pharmacy's probation pursuant to this Final Agency Order and during the entire probationary period, Respondent Pharmacy shall be monitored by a Board-approved practice monitor ("Practice Monitor").

    a. Qualifications: The Practice Monitor must:

        i. Be a Colorado-licensed pharmacist in good standing;
        ii. Practice pharmacy at least eighty (80) hours per month;
        iii. Have no current or past Board discipline;
        iv. Not be in any way employed by Respondent Pharmacy or any company that owns or operates Respondent Pharmacy; and
        v. Otherwise have no financial or personal interest in Respondent Pharmacy.

    b. Board Approval. Within 30 days of the effective date of this Final Agency Order, Respondent Pharmacy must submit, for the approval of the Board or its designated authority during the ordinary course of business, the name of a qualified Practice Monitor with a completed application as provided by the Board, a current resume, and a letter from the applicant Practice Monitor stating that he or she has received a complete copy of this Final Agency Order, that he or she has read and understands its contents, that he or she agrees to serve as Respondent Pharmacy's Practice Monitor and to complete the Board's Practice Monitor reports as required.

    If a Practice Monitor nominated by Respondent Pharmacy is not approved by the Board or its designated authority, the period of probation shall be tolled until such time as Respondent Pharmacy nominates another Practice Monitor, that Practice Monitor is approved by the Board or its designated authority, and the Practice Monitor begins monitoring under all the terms and conditions of this Final Agency Order. Respondent Pharmacy must submit the name of another qualified Practice

Monitor for approval of the Board or its designated authority within ten (10) days of the Board's or its designated authority's rejection of the applicant Practice Monitor. Additionally, if Respondent Pharmacy is required to nominate a new Practice Monitor for any reason, the period of probation shall be tolled for any period of time during which a Practice Monitor is not monitoring Respondent Pharmacy. Respondent Pharmacy must submit the name of another qualified Practice Monitor for approval of the Board or its designated authority within ten (10) days of the existing Practice Monitor's resignation.

c. Duties and Responsibilities. Once approved by the Board or its designated authority, the Practice Monitor shall function as the eyes and ears of the Board. The Practice Monitor shall:

i. Conduct random (unscheduled) inspections once every quarter during the entire probationary period to determine whether Respondent Pharmacy's records and practices comply fully with the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act, Board rules and regulations, state and federal laws pertaining to drugs, and this Final Agency Order;

ii. Notify the Board by means of a written report, within seventy-two (72) hours of any random inspection that reveals evidence of a violation by Respondent Pharmacy of the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act, Board Rules and Regulations, state or federal laws pertaining to drugs, or this Final Agency Order;

iii. Prepare and submit to the Board quarterly written reports no later than the 5th day of January, April, July, and October, which detail the results of the random on-site inspections during the previous quarter throughout the duration of probation; and

iv. Prepare and submit to Respondent Pharmacy quarterly invoices which itemize all reasonable fees and costs associated with the monitoring of Respondent Pharmacy during the previous quarter. The subject invoices shall, in turn, be submitted to the Board no later than the 5th day of January, April, July, and October throughout the duration of probation.

11. **Other Requirements.** Through its undersigned Authorized Representative, Respondent Pharmacy acknowledges and agrees that, as a condition of this Final Agency Order and probation, Respondent Pharmacy shall:

a. promptly pay all its own fees and costs associated with this Final Agency Order;

b. comply fully with this Final Agency Order; and

c. comply fully with the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act, all Board rules and regulations, and any other state

and federal laws and regulations related to pharmaceuticals and pharmacists in the State of Colorado.

12. **Violations.** Time is of the essence to this Final Agency Order. It is the responsibility of Respondent Pharmacy to take all appropriate steps to comply fully with this Final Agency Order. Respondent Pharmacy acknowledges and agrees that any violation of this Final Agency Order shall constitute a willful violation of a lawful Board order, may be sanctioned as provided under section 12-280-127(4), C.R.S., and may be sufficient grounds for additional discipline, including but not limited to revocation of its registration. The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Pharmacy to comply with all terms and conditions of this Final Agency Order.

13. **Completion of Terms.** Respondent Pharmacy must make a written request to the Board to end the terms and conditions of this Final Agency Order. In any request, it shall be Respondent Pharmacy's sole responsibility to establish, through written and other documentation, that Respondent Pharmacy has met all terms of this Final Agency Order. Respondent Pharmacy's probation shall continue until the Board or its designated authority has verified that Respondent Pharmacy has completed all terms of this Final Agency Order. The Board will consider Respondent Pharmacy's request during the ordinary course of business.

14. **Advisements and Waivers.** Through its undersigned Authorized Representative, Respondent Pharmacy enters into this Final Agency Order freely and voluntarily, after having the opportunity to consult with legal counsel and/or choosing not to do so. Respondent Pharmacy acknowledges its understanding that it has the following rights:

    a. To have a formal notice of hearing and charges served upon it;

    b. To respond to said formal notice of charges;

    c. to have a formal disciplinary hearing pursuant to sections 12-20-403, 12-280-126, and 12-280-127, C.R.S.; and

    d. To appeal this Board order.

    Respondent Pharmacy freely waives these rights, and acknowledges that such waiver is made voluntarily in consideration for Board's limiting the action taken against it to the sanctions imposed herein.

15. **Acknowledgments.** The undersigned Authorized Representative of Respondent Pharmacy has read this Final Agency Order in its entirety and acknowledges, after having the opportunity to consult with legal counsel and/or choosing not to do so, that Respondent Pharmacy understands the legal consequences and agrees that none of the terms or conditions herein is unconscionable. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

17. **Public Record.** Upon execution by all parties, this Final Agency Order shall be a public record, maintained in the custody of the Board.

18. **Effective Date.** This Final Agency Order shall become effective upon (a) mailing by first-class mail to Respondent Pharmacy at Respondent Pharmacy's address of record with the Board, or (b) service by electronic means on Respondent Pharmacy at Respondent Pharmacy's electronic address of record. Re: State Board of Pharmacy, Case No. 2019-2089

Dear Pharmacist Manager:

The State Board of Pharmacy ("Board") has reviewed the available material concerning the complaint initiated against Safeway Pharmacy #3729's registration. Upon thorough review and discussion, the Board found reasonable cause that Safeway Pharmacy #3729 violated section 12-280-126(1)(c)(II), C.R.S., and Rule 5.00.70, as described in the attached document. As such, the Board decided to initiate disciplinary action against Safeway Pharmacy #3729's registration. In order to promptly resolve the complaint, the Board has referred this disciplinary action to the Expedited Settlement Process ("ESP") along with settlement terms.

The Board would prefer to settle this disciplinary complaint rather than initiating formal legal proceedings. In lieu of a hearing, the Board is willing to resolve this case by means of a stipulated agreement pursuant to the following terms:

- Fine in the amount of $1,000 plus surcharge ($1,150 total)

I have enclosed the document that can be signed in order to resolve this case. The above settlement terms and consequences are more fully explained in the enclosed Stipulation and Final Agency Order ("Order"). By signing the Order, Safeway Pharmacy #3729 agrees to the Board's settlement terms and avoids formal disciplinary proceedings.

If Safeway Pharmacy #3729 wishes to accept the terms of this Order, please do the following:

- **READ** the entire Order;
- **CONSULT** with legal counsel if so desired;
- **SIGN** the enclosed Order;

This correspondence has been sent to the Respondent and Attorney of Record. If you are represented by counsel, you may want to contact them to discuss this matter. This correspondence is not intended to interfere with any attorney-client relationship.

- **RETURN** the signed Order by **November 27, 2019, to:**

Wunpenn M. Zaborek
DORA/Office of Expedited Settlement
1560 Broadway, Suite 1500
Denver, CO 80202
Fax: (303) 894-5940
Email: wunpennm.zaborek@state.co.us

Please return a copy of the signed Order by email.

In reviewing the Order, please be aware that the burden of proof in a disciplinary proceeding is not "beyond a reasonable doubt." Rather, disciplinary proceedings are similar to civil trials where the burden is "by a preponderance of the evidence." This means that the Board must only present sufficient evidence to prove that "more likely than not" Safeway Pharmacy #3729 violated the practice act.

Please be advised that during this process, Safeway Pharmacy #3729 has the right to either represent itself or to be represented by legal counsel of its choice at its own expense. Additional documentation regarding Safeway Pharmacy #3729's case may be available upon request. Please contact me for further information. Also, if Safeway Pharmacy #3729 chooses not to sign the Order, be aware that the representations in the Order do not limit the Board's case if this case should be filed for formal disciplinary proceedings. The Colorado Office of the Attorney General may add additional violations that it deems appropriate.

Finally, this letter and the Expedited Settlement Process fall under the protection of CRE 408 which excludes evidence at hearing of compromise and offers of compromise to prove liability.

If you have any questions about this matter or wish to discuss the offer of settlement or the presentation of a counteroffer to the Board, please contact me by email or at (303) 894-7696.

Sincerely,

Wunpenn M. Zaborek

SETTLEMENT AGREEMENT PRIOR TO FILING OF PETITION FOR DISCIPLINARY ACTION AND BOARD'S FINAL ORDER

Petitioner, DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS REGULATED INDUSTRIES COMPLAINTS OFFICE (hereinafter "RICO" or "Petitioner"), through its undersigned attorney(s) and Respondent SAFEWAY INC. (hereinafter "Respondent"), enter into this Settlement Agreement on the terms and conditions set forth below.

A. UNCONTESTED FACTS

1. At all relevant times herein, Respondent was permitted as a miscellaneous permit holder by the Board of Pharmacy (hereinafter the "Board") under permit number PMS [illegible]. The permit was issued on or about March 30, 2015. The permit is set to expire on or about on or about December 31, 202[illegible].

2. Respondent's mailing address for purposes of this action is 6100 Hellyer Avenue, Suite 100, San Jose, California 95138.

3. On or about November 22, 2016, Respondent entered into a Stipulated Settlement and Disciplinary Order with the State of California Board of Pharmacy (hereinafter the "California Order"). The order was based upon allegations of mainta[illegible]ing and dista[illegible], misbranded drugs. In part, Respondent's pharmacy license was revoked, but revocation was

placed on Respondent's [illegible] on probation for a period of [illegible] years. A copy of the [illegible] is attached hereto as Exhibit "1".

The foregoing allegations, if proven at an administrative hearing before the Board, would constitute violations of the following statute(s) and/or rule(s): Hawaii Revised Statutes (hereinafter "HRS") § 436B-19(13) (disciplinary action by another state or federal agency).

The Board has jurisdiction over the subject matter hereof and over the parties hereto.

III. REPRESENTATIONS BY RESPONDENT

Respondent is fully aware that Respondent has the right to be represented by an attorney and voluntarily waives this right.

Respondent enters into this Settlement Agreement freely, knowingly, voluntarily, and without coercion or duress.

Respondent is aware of the right to have a hearing to adjudicate the issues in the case. Pursuant to HRS § 91-8(d), Respondent freely, knowingly, and voluntarily waives the right to a hearing and to challenge the issues of this case in accordance with the terms and conditions of this Settlement Agreement.

[illegible] Board to issue [illegible] permit, the Board acknowledges that Respondent is subject to penalties including but not limited to [illegible] suspension, revocation of the permit and administrative fines, if the [illegible] at a subsequent hearing.

Respondent [illegible] understands that RICO enters into this Settlement Agreement, and agrees to be bound by the [illegible] in this Settlement Agreement, based upon Respondent's representations made herein.

Respondent represents Exhibit "1" is a true and correct copy of the California [illegible].

Respondent understands that any false or untrue statement or any material [illegible] by Respondent in this Settlement Agreement may be grounds for further disciplinary action under HRS Chapters 436B and 461.

Respondent does not admit to violating any law or rule, but acknowledges that RICO has [illegible] Petition for Disciplinary Action against Respondent's permit.

Respondent enters into this Settlement Agreement as a compromise of the claims [illegible] and the expense of proceeding with an administrative hearing on this matter.

10. Respondent agrees that this Settlement Agreement is intended to resolve the issues raised in RICO's investigation in RICO Case No. PIA 2020-224.

11. Respondent understands this Settlement Agreement is public record pursuant to HRS Chapter 92F.

C. TERMS OF SETTLEMENT

1. Administrative Fine. Respondent agrees to pay a fine in the amount of ONE THOUSAND AND NO 100 DOLLARS ($1,000.00). Payment shall be made by **cashier's check or money order made payable to "DCCA - Compliance Resolution Fund"** and mailed to the Regulated Industries Complaints Office, Attn.: Stacia M. Silva, Esq., 235 S. Beretania Street, 9th Floor, Honolulu, Hawaii 96813. Payment of the fine shall be due at the time this Settlement Agreement is returned to RICO.

2. Failure to Comply with Settlement Agreement. If Respondent fails to fully and timely comply with the terms of this Settlement Agreement as set forth in paragraph C.1 above, Respondent's permit shall be automatically revoked upon RICO's filing of an affidavit with the Board attesting to such failure. In case of such revocation, Respondent shall turn in all indicia of licensure to the Executive Officer of the Board within ten (10) days after receipt of notice of the revocation. In case of such revocation, Respondent understands Respondent cannot apply for a new permit until the expiration of at least five (5) years after the effective date of the revocation. Respondent understands that if Respondent desires to become permitted again, Respondent must apply to the Board for a new permit pursuant to and subject to HRS §§ 92-17, 436B-21, and all other applicable laws and rules in effect at the time.

3. Possible Further Sanction. The Board, at its discretion, may pursue additional disciplinary action as provided by law to include further fines and other sanctions as the Board may deem appropriate if Respondent violates any provision of the statutes or rules governing the conduct of miscellaneous permit holders in the State of Hawaii, or if Respondent fails to abide by the terms of this Settlement Agreement.

4. Approval of the Board. Respondent agrees that except for the representations, agreements and covenants contained in Paragraphs C.5., C.6., C.7. and C.8. below, this Settlement Agreement shall not be binding on any of the parties hereto unless and until it is approved by the Board.

5. No Objection if Board Fails to Approve. If the Board does not approve this Settlement Agreement, does not issue an order pursuant thereto, or does not approve a lesser remedy, but instead an administrative hearing is conducted against Respondent in the Board's usual and customary fashion pursuant to the Administrative Procedure Act, Respondent agrees that neither Respondent, nor any attorney that Respondent may retain, will raise as an objection in any administrative proceeding or in any judicial action, to the Board's proceeding against Respondent on the basis that the Board has become disqualified to hear the case because of its review and consideration of this Settlement Agreement.

DISCIPLINARY ORDER

IT IS ORDERED that Original Permit No. PHY 53416 issued to respondent Safeway Inc., d.b.a. Safeway Pharmacy #4905, is revoked. However, the revocation is stayed and respondent is placed on probation for two (2) years on the following terms and conditions.

1. **Obey All Laws**

Respondent shall obey all state and federal laws and regulations.

Respondent shall report any of the following occurrences to the board, in writing, within seventy-two (72) hours of such occurrence:

- an arrest or issuance of a criminal complaint for violation of any provision of the Pharmacy Law, state and federal food and drug laws, or state and federal controlled substances laws
- a plea of guilty or nolo contendre in any state or federal criminal proceeding to any criminal complaint, information or indictment
- a conviction of any crime
- discipline, citation, or other administrative action filed by any state or federal agency which involves respondent's pharmacy license or which is related to the practice of pharmacy or the manufacturing, obtaining, handling or distributing, billing, or charging for any drug, device or controlled substance.

Failure to timely report any such occurrence shall be considered a violation of probation.

2. **Report to the Board**

Respondent shall report to the board quarterly, on a schedule as directed by the board or its designee. The report shall be made either in person or in writing, as directed. Among other requirements, respondent shall state in each report under penalty of perjury whether there has

been compliance with all the terms and conditions of probation. Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the board.

3. Interview with the Board

Upon receipt of reasonable prior notice, respondent shall appear in person for interviews with the board or its designee, at such intervals and locations as are determined by the board or its designee. Failure to appear for any scheduled interview without prior notification to board staff, or failure to appear for two (2) or more scheduled interviews with the board or its designee during the period of probation, shall be considered a violation of probation.

4. Cooperate with Board Staff

Respondent shall cooperate with the board's inspection program and with the board's monitoring and investigation of respondent's compliance with the terms and conditions of their probation. Failure to cooperate shall be considered a violation of probation.

5. Reimbursement of Board Costs

As a condition precedent to successful completion of probation, respondent shall pay to the board its costs of investigation and prosecution in the amount of $10,766.75. Respondent is responsible for these costs jointly and severally with respondents John Vincent Castaldo, Karen Lyn Muir, and Christine Moheb Stephanos, who are also named in Accusation No. 5605, to the extent that each respondent is held responsible for those costs by a settlement agreement or final adjudication of the accusation. Respondent shall be permitted to pay these costs in a payment plan approved by the board or its designee, with payments to be completed no later than one month prior to the end of the probation term.

There shall be no deviation from this schedule absent prior written approval by the board or its designee. Failure to pay costs by the deadline(s) as directed shall be considered a violation of probation.

The filing of bankruptcy by respondent shall not relieve respondent of its responsibility to

reimburse the board its costs of investigation and prosecution.

6. Probation Monitoring Costs

Respondent shall pay any costs associated with probation monitoring as determined by the board each and every year of probation. Such costs shall be payable to the board on a schedule as directed by the board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

7. Status of License

Respondent shall, at all times while on probation, maintain current licensure with the board. If respondent submits an application to the board, and the application is approved, for a change of location, change of permit or change of ownership, the board shall retain continuing jurisdiction over the license, and the respondent shall remain on probation as determined by the board. Failure to maintain current licensure shall be considered a violation of probation.

If respondent's license expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof or otherwise, upon renewal or reapplication respondent's license shall be subject to all terms and conditions of this probation not previously satisfied.

8. License Surrender While on Probation/Suspension

Following the effective date of this decision, should respondent discontinue business, respondent may tender the premises license to the board for surrender. The board or its designee shall have the discretion whether to grant the request for surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, respondent will no longer be subject to the terms and conditions of probation.

Upon acceptance of the surrender, respondent shall relinquish the premises wall and renewal license to the board within ten (10) days of notification by the board that the surrender is accepted. Respondent shall further submit a completed Discontinuance of Business form according to board guidelines and shall notify the board of the records inventory transfer.

Respondent shall also, by the effective date of this decision, arrange for the continuation of care for ongoing patients of the pharmacy by, at minimum, providing a written notice to ongoing

patients that specifies the anticipated closing date of the pharmacy and that identifies one or more area pharmacies capable of taking up the patients' care, and by cooperating as may be necessary in the transfer of records or prescriptions for ongoing patients. Within five days of its provision to the pharmacy's ongoing patients, respondent shall provide a copy of the written notice to the board. For the purposes of this provision, "ongoing patients" means those patients for whom the pharmacy has on file a prescription with one or more refills outstanding, or for whom the pharmacy has filled a prescription within the preceding sixty (60) days.

Respondent may not apply for any new licensure from the board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the board.

Respondent further stipulates that he or she shall reimburse the board for its costs of investigation and prosecution prior to the acceptance of the surrender.

9. Notice to Employees

Respondent shall, upon or before the effective date of this decision, ensure that all employees involved in permit operations are made aware of all the terms and conditions of probation, either by posting a notice of the terms and conditions, circulating such notice, or both. If the notice required by this provision is posted, it shall be posted in a prominent place and shall remain posted throughout the probation period. Respondent shall ensure that any employees hired or used after the effective date of this decision are made aware of the terms and conditions of probation by posting a notice, circulating a notice, or both. Additionally, respondent shall submit written notification to the board, within fifteen (15) days of the effective date of this decision, that this term has been satisfied. Failure to submit such notification to the board shall be considered a violation of probation.

"Employees" as used in this provision includes all full-time, part-time, volunteer, temporary and relief employees and independent contractors employed or hired at any time during probation.

10. Owners and Officers: Knowledge of the Law

Respondent shall provide, within thirty (30) days after the effective date of this decision,

signed and dated statements from its owners, including any owner or holder of ten percent (10%) or more of the interest in respondent or respondent's stock, and any officer, stating under penalty of perjury that said individuals have read and are familiar with state and federal laws and regulations governing the practice of pharmacy. The failure to timely provide said statements under penalty of perjury shall be considered a violation of probation.

11. Posted Notice of Probation

Respondent shall prominently post a probation notice provided by the board in a place conspicuous and readable to the public. The probation notice shall remain posted during the entire period of probation.

Respondent shall not, directly or indirectly, engage in any conduct or make any statement which is intended to mislead or is likely to have the effect of misleading any patient, customer, member of the public, or other person(s) as to the nature of and reason for the probation of the licensed entity.

Failure to post such notice shall be considered a violation of probation.

12. Violation of Probation

If respondent has not complied with any term or condition of probation, the board shall have continuing jurisdiction over respondent license, and probation shall be automatically extended until all terms and conditions have been satisfied or the board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed.

If respondent violates probation in any respect, the board, after giving respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. Notice and opportunity to be heard are not required for those provisions stating that a violation thereof may lead to automatic termination of the stay and/or revocation of the license. If a petition to revoke probation or an accusation is filed against respondent during probation, the board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided.

///

13. Community Services Program

Within sixty (60) days of the effective date of this decision, respondent shall submit to the board or its designee, for prior approval, a community service program in which respondent shall provide free health-care related services on a regular basis to a community or charitable facility or agency for at least 100 hours per year during the period of probation. Within thirty (30) days of board approval of these services, respondent shall submit documentation to the board demonstrating commencement of the community service program. A record of this notification must be provided to the board upon request. Respondent shall report on progress with the community service program in the quarterly reports. Failure to timely submit, commence, or comply with the program shall be considered a violation of probation.

14. Separate File of Records

Respondent shall maintain and make available for inspection a separate file of all records pertaining to the acquisition or disposition of all controlled substances. Failure to maintain such file or make it available for inspection shall be considered a violation of probation.

15. Consultant

During the period of probation, respondent shall retain at its own expense an independent consultant who specializes in compounding, and who shall be responsible for reviewing pharmacy operations on a monthly basis for compliance by respondent with state and federal laws and regulations governing the practice of a compounding pharmacy and for compliance by respondent with the obligations of a pharmacist-in-charge. This consultant shall be a pharmacist licensed by and not on probation with the board, and whose name shall be submitted to the board or its designee for prior approval within thirty (30) days of the effective date of this decision. During the period of probation, the board or its designee retains the discretion to reduce the frequency of the pharmacist consultant's review of respondent's operations. Failure to timely retain, seek approval of, or ensure timely reporting by the consultant shall be considered a violation of probation.

16. Completion of Probation

Upon written notice by the board or its designee indicating successful completion of

probation, respondent license will be fully restored.

V. DRUGS

20. Domperidone is an anti-dopaminergic drug which acts as an antiemetic and prokinetic agent. It is used relieve nausea and vomiting, and to increase lactation. It is a dangerous drug under Business and Professions Code section 4022. Although the United States Food and Drug Administration (FDA) may approve an application to use domperidone as an investigational new drug in treating various gastrointestinal conditions, the use of domperidone is not approved in the United States for any indication. The FDA has determined that any products containing domperidone are unapproved new drugs and misbranded. Consequently, any product containing domperidone violates the Federal Food, Drug, and Cosmetic Act (21 U.S.C. § 301 et

seq.).

VI. FACTUAL BACKGROUND

21. On April 8, 2015, the Board inspected respondent Safeway at its present address of record. The inspectors found a 500 gram bulk powder container of domperidone with an expiration date of January 30, 2018. The container stated "NOT FOR HUMAN USE NOT FOR US[E] IN FOOD[-]PRODUCING ANIMALS." Respondent Castaldo, the pharmacist-in-charge at respondent Safeway, said that Safeway had been compounding domperidone. He said that the domperidone manufacturer told him that the FDA told the manufacturer to put the warning on the label but it is safe to use on humans. Respondent Castaldo told the inspectors that the Professional Compounding Centers of America said to keep compounding with domperidone until "somebody shuts you down." He said that nevertheless respondent Safeway had stopped compounding domperidone about a month before the inspection. The inspectors embargoed the domperidone.

22. Worksheets show the following instances of domperidone compounding at respondent Safeway. All worksheets list respondent Castaldo as the pharmacist.

VIOLATION CODE SECTION	OFFENSE	AMT OF FINE
Bus. & Prof. Code § 4112 subd. (a)(b)	Nonresident pharmacy: registration required	$5,000.00

CONDUCT:

Unlicensed Activity: Business and Professions Code Section 4112 subdivision (a) and (b) as it relates to Business and Professions Code Section 4037. Business and Professions Code Section 4112 (a) states any pharmacy located outside this state that ships, mails, or delivers, in any manner, controlled substances, dangerous drugs, or dangerous devices into this state shall be considered a nonresident pharmacy.
(b) A person may not act as a nonresident pharmacy unless he or she has obtained a license from the board. The board may register a nonresident pharmacy that is organized as a limited liability company in the state in which it is licensed. Business and Professions Code Section 4037 states (a) "Pharmacy" means an area, place, or premises licensed by the board in which the profession of pharmacy is practiced and where prescriptions are compounded. "Pharmacy" includes, but is not limited to, any area, place, or premises described in a license issued by the board wherein controlled substances, dangerous drugs, or dangerous devices are stored, possessed, prepared, manufactured, derived, compounded, or repackaged, and from which the controlled substances, dangerous drugs, or dangerous devices are furnished, sold, or dispensed at retail. Specifically, on 8/6/2019, it was found that Albertson Specialty Care located at 250 E. Park Center Blvd., Boise, ID 83706 performed order entry, drug utilization review, and provided consultation to patients in CA without a non-resident pharmacy permit. Performing pharmacy practice related function without a license was non-compliance with Business and Professions Code Section 4112 (a)and (b) as it related to Business and Professions Code Section 4037.

Re: Albertsons Specialty Care Pharmacy

Hello,

Albertsons Companies Inc. operates over 1700 pharmacies across 34 states and the District of Columbia. In the state of Nevada, we have 38 pharmacies under the Albertsons, Safeway, Vons and Sav-On banners. We appreciate the opportunity to file an application for a non-resident pharmacy license in Nevada. The purpose of this letter is to outline the business model for this pharmacy.

Name: Albertsons Specialty Care Pharmacy
Address: 500 Baybrook Ct, Boise, ID 83706
Phone: 877-466-8028
Idaho License: 61748LS
PIC: Kristina Jonas

Scope of Operation:
Our central processing pharmacy operation is based in Boise, Idaho. This pharmacy focuses on supporting pharmacies from a data processing standpoint and does not provide any inventory fulfillment support. The staff based in this facility leverage technology within our dispensing system to perform data entry or data verification of prescriptions that have been received by a company owned Nevada based pharmacy. This technology will allow our staff to perform tasks based on the most urgent next task according to the promised pick-up time for the patient. Our program excludes all controlled substance prescriptions and REMs products.

The support our local pharmacies will receive helps the pharmacy staff to focus on the patients who are in the pharmacy and provide more complete and effective patient care services. We have successfully implemented this program in many states and look forward to seeing these benefits reach the pharmacies in Nevada.

This is a support role of Central Processing this pharmacy provides, and they will not have direct patient interaction. All patient questions can be addressed at the pharmacy who will dispense the prescription to the patient.

Albertsons Companies

Thank you for the consideration of this application and if there is any additional information or clarification needed, please don't hesitate to contact me at Dawn.Burrow2@Albertsons.com or 208-631-1457.

Sincerely,

Dawn Burrow

(2009), otherwise known as the Pharmaceuticals and Pharmacists Act.

2. Respondent Pharmacy has been registered by the Board as a non-resident prescription drug outlet in the State of Colorado at all times relevant to this disciplinary action.

3. Respondent Pharmacy's address of record with the Board and current location is 1143 Highland Dr., Ste. D, Ann Arbor, MI 42108.

7. Respondent Pharmacy does not contest that the conduct described above may constitute a violation of section 12-22-125(1)(c)(I), (II) and (III) and 12-22-708,

C.R.S., and that such conduct may provide grounds for disciplinary action against Respondent Pharmacy's non-resident prescription drug outlet registration.

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF THE DISCIPLINARY PROCEEDING REGARDING THE NON-RESIDENT PRESCRIPTION DRUG OUTLET REGISTRATION OF WALGREENS SPECIALTY PHARMACY, LLC, DBA WALGREENS SPECIALTY PHARMACY #13625, REGISTRATION NO. OSP 5004,

RESPONDENT PHARMACY.

IT IS HEREBY STIPULATED by and between the Colorado State Board of Pharmacy ("Board") and Walgreens Specialty Pharmacy, LLC, DBA Walgreens Specialty Pharmacy #13625 ("Respondent Pharmacy"), to resolve all matters pertaining to Board Case Number 2011-000518 as follows:

1. On August 7, 1998, Respondent Pharmacy became registered by the Board as a non-resident prescription drug outlet in the State of Colorado and was issued Registration No. OSP 5004 ("Colorado Registration").

2. The Board has jurisdiction over Respondent Pharmacy, its Colorado Registration, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the provisions of title 12, article 22, C.R.S. (2009), otherwise known as the Pharmaceuticals and Pharmacists Act.

3. Respondent Pharmacy's address of record with the Board and current location is 7164 Technology Dr., #100, Frisco, TX 75034.

4. Respondent Pharmacy neither admits nor denies these findings, but does not contest that the Board alleges these findings. Respondent Pharmacy hereby waives any further proof in this proceeding before the Board regarding the following facts.

5. On April 14, 2010, Board staff initiated a Complaint against Respondent Pharmacy because it failed to comply with the data submission requirements of Colorado's Electronic Prescription Drug Monitoring Program ("PDMP") for the reporting period(s) of April 1 through April 10, 2010.

6. Respondent Pharmacy subsequently failed to submit the required data to the PDMP reporting dispensing transactions of controlled substances in the State of Colorado for the reporting period(s) of July 1 through July 10, 2010, and did not submit a

"zero" report indicating no dispensing transactions for said reporting period(s) as required by Board rule.

7. Respondent Pharmacy does not contest that the conduct described above may constitute a violation of §§12-22-125(1)(c) and 12-22-708, C.R.S. and that such conduct provides grounds for disciplinary action against Respondent Pharmacy's Colorado Registration pursuant to Board Policy 30-8.

DISPOSITION

$5,000.00 Fine with 10% Surcharge and Terms

8. **Fine with Surcharge.** Respondent Pharmacy accepts the following discipline: Pursuant to §12-22-125.2(5), C.R.S. Respondent Pharmacy shall pay a fine of **Five Thousand Dollars and No Cents ($5,000.00).** Respondent Pharmacy understands and acknowledges that, pursuant to §24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies shall impose an additional surcharge of 10% of this fine. Respondent Pharmacy shall therefore pay a total amount of **Five Thousand, Five Hundred Dollars and No Cents ($5,500.00).** The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Pharmacy submits this signed Final Agency Order to the Board.

9. **Compliance with PDMP.** At all times Respondent Pharmacy is registered with the Colorado State Board of Pharmacy, it shall comply with the data submission requirements of the PDMP. Respondent Pharmacy understands and acknowledges that future violations of PDMP reporting requirements, including failure to submit a "zero" report in the event of no dispensing transactions in Colorado during the relevant reporting period, shall lead to additional penalties pursuant to Board Policy 30-8.

10. **Advisements and Waivers.** Respondent Pharmacy enters into this Final Agency Order freely and voluntarily, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so. Respondent Pharmacy acknowledges its understanding that it has the following rights:

    a. To have a formal notice of hearing and charges served upon it;

    b. To respond to said formal notice of charges;

    c. To have a formal disciplinary hearing pursuant to §12-22-125, C.R.S.; and

    d. To appeal this Board order.

Respondent Pharmacy freely **waives** these rights, and acknowledges that such waiver is made voluntarily in consideration for the Board's limiting the action taken against it to the sanctions imposed herein.

11. **Acknowledgments**. The undersigned authorized agent of Respondent Pharmacy has read this Final Agency Order in its entirety and acknowledges, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so, that Respondent Pharmacy understands the legal consequences and agrees that none of the terms or conditions herein is unconscionable. Respondent Pharmacy is not relying on any statements, promises or representations from the Board other than as may be contained in this Final Agency Order. Respondent Pharmacy further acknowledges that it is not entering into this Final Agency Order under any duress.

12. **Violations**. Time is of the essence to this Final Agency Order. It is the responsibility of Respondent Pharmacy to take all appropriate steps to comply fully with this Final Agency Order. Respondent Pharmacy acknowledges and agrees that any violation of this Final Agency Order may be sanctioned as provided under §12-22-125.2(4), C.R.S., and may be sufficient grounds for additional discipline, including but not limited to revocation of its registration. The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Pharmacy to comply with all terms and conditions of this Final Agency Order.

13. **Integration and Severability**. Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties in this case. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

14. **Public Record**. Upon execution by all parties, this Final Agency Order shall be a public record, maintained in the custody of the Board.

15. **Effective Date**. This Final Agency Order shall become effective upon signature of a Board member or representative.

Re: Notification of a Report in the Data Bank(s)

This notice is to inform you that the enclosed report of an action taken against you was recently submitted to the Healthcare Integrity and Protection Data Bank (HIPDB).

What is the HIPDB? Section 1128E of the Social Security Act as added by Section 221(a) of the Health Insurance Portability and Accountability Act of 1996, established the HIPDB. Section 1128E mandates that information on certain final adverse actions (e.g., licensure, civil judgment and criminal convictions related to health care, exclusions from Federal or State health care programs and certain other adjudicated actions and decisions) taken against health care practitioners, providers and suppliers be reported to the HIPDB. Federal and State government agencies and health plans are authorized to query the HIPDB.

Confidentiality.

All information in the HIPDB is considered confidential and is disclosed only to legally authorized queriers for specified uses. Disclosure or use of confidential information for other purposes is a violation of Federal law. Health care practitioners, providers and suppliers may query the Data Bank about themselves (self-query) and may share their self-query results with anyone they choose. Information in the Data Bank is NOT available to the public.

What does the report mean to you?

The enclosed report summarizes an action taken against you. The HIPDB may contain more than one report on a particular incident, if two or more actions were taken that related to that one incident, e.g., an adverse licensure action and an exclusion from the Medicare and Medicaid programs. A report in the Data Bank does not necessarily reflect adversely on your professional competence or conduct. Those entities authorized to access the HIPDB use the information in conjunction with information from other sources, including you, when granting clinical privileges or making employment, affiliation or licensure decisions. This report is being sent to you so that you can check its accuracy. This is important because the Data Bank is a clearinghouse for reports, which are maintained exactly as submitted.

IN THE MATTER OF THE DISCIPLINARY PROCEEDING REGARDING THE NON-RESIDENT PRESCRIPTION DRUG OUTLET REGISTRATION OF WALGREENS SPECIALTY PHARMACY, LLC, REGISTRATION NO. OSP 5737,

RESPONDENT PHARMACY.

IT IS HEREBY STIPULATED by and between the Colorado State Board of Pharmacy ("Board") and Walgreen Specialty Pharmacy, LLC ("Respondent Pharmacy"), to resolve all matters pertaining to Board Case Number 2011-000522 as follows:

1. On February 19, 2008, Respondent Pharmacy became registered by the Board as a non-resident prescription drug outlet in the State of Colorado and was issued Registration No. OSP 5737 ("Colorado Registration").

2. The Board has jurisdiction over Respondent Pharmacy, its Colorado Registration, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the provisions of title 12, article 22, C.R.S. (2009), otherwise known as the Pharmaceuticals and Pharmacists Act.

3. Respondent Pharmacy's address of record with the Board and current location is 9775 SW Gemini Dr., Ste. 1, Beaverton, OR 97008.

4. Respondent Pharmacy neither admits nor denies these findings, but does not contest that the Board alleges these findings. Respondent Pharmacy hereby waives any further proof in this proceeding before the Board regarding the following facts.

5. On April 14, 2010, Board staff initiated a Complaint against Respondent Pharmacy because it failed to comply with the data submission requirements of Colorado's Electronic Prescription Drug Monitoring Program ("PDMP") for the reporting period(s) of April 1 through April 10, 2010.

6. Respondent Pharmacy subsequently failed to submit the required data to the PDMP reporting dispensing transactions of controlled substances in the State of Colorado for the reporting period(s) of July 1 through July 10, 2010, and did not submit a "zero" report indicating no dispensing transactions for said reporting period(s) as required by Board rule.

EXHIBIT "1"

7. Respondent Pharmacy does not contest that the conduct described above may constitute a violation of §§12-22-125(1)(c) and 12-22-708, C.R.S. and that such conduct provides grounds for disciplinary action against Respondent Pharmacy's Colorado Registration pursuant to Board Policy 30-8.

DISPOSITION

$5,000.00 Fine with 10% Surcharge and Terms

8. **Fine with Surcharge.** Respondent Pharmacy accepts the following discipline: Pursuant to §12-22-125.2(5), C.R.S. Respondent Pharmacy shall pay a fine of **Five Thousand Dollars and No Cents ($5,000.00).** Respondent Pharmacy understands and acknowledges that, pursuant to §24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies shall impose an additional surcharge of 10% of this fine. Respondent Pharmacy shall therefore pay a total amount of **Five Thousand, Five Hundred Dollars and No Cents ($5,500.00).** The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Pharmacy submits this signed Final Agency Order to the Board.

9. **Compliance with PDMP.** At all times Respondent Pharmacy is registered with the Colorado State Board of Pharmacy, it shall comply with the data submission requirements of the PDMP. Respondent Pharmacy understands and acknowledges that future violations of PDMP reporting requirements, including failure to submit a "zero" report in the event of no dispensing transactions in Colorado during the relevant reporting period, shall lead to additional penalties pursuant to Board Policy 30-8.

10. **Advisements and Waivers.** Respondent Pharmacy enters into this Final Agency Order freely and voluntarily, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so. Respondent Pharmacy acknowledges its understanding that it has the following rights:

    a. To have a formal notice of hearing and charges served upon it;

    b. To respond to said formal notice of charges;

    c. To have a formal disciplinary hearing pursuant to §12-22-125, C.R.S.; and

    d. To appeal this Board order.

    Respondent Pharmacy freely **waives** these rights, and acknowledges that such waiver is made voluntarily in consideration for the Board's limiting the action taken against it to the sanctions imposed herein.

11. **Acknowledgments.** The undersigned authorized agent of Respondent Pharmacy has read this Final Agency Order in its entirety and acknowledges, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so, that Respondent Pharmacy understands the legal consequences and agrees that none of the terms or conditions herein is unconscionable. Respondent Pharmacy further acknowledges that it is not entering into this Final Agency Order under any duress.

12. **Violations.** Time is of the essence to this Final Agency Order. It is the responsibility of Respondent Pharmacy to take all appropriate steps to comply fully with this Final Agency Order. Respondent Pharmacy acknowledges and agrees that any violation of this Final Agency Order may be sanctioned as provided under §12-22-125.2(4), C.R.S., and may be sufficient grounds for additional discipline, including but not limited to revocation of its registration. The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Pharmacy to comply with all terms and conditions of this Final Agency Order.

13. **Integration and Severability.** Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties in this case. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

BEFORE THE VIRGINIA BOARD OF PHARMACY

IN RE: WALGREENS SPECIALTY PHARMACY, LLC D/B/A ALLIANCERX WALGREENS PRIME #15443

Permit Number: 0214-000307
Case Number: 203205

CONSENT ORDER

JURISDICTION AND PROCEDURAL HISTORY

The Virginia Board of Pharmacy ("Board") and Thomas J. Matthews, Pharmacist-in-Charge of Walgreens Specialty Pharmacy, LLC DBA AllianceRX Walgreens Prime #15443 ("AllianceRX"), Frisco, Texas, as evidenced by their signatures hereto, in lieu of proceeding to informal conference, enter into the following Consent Order affecting AllianceRX's permit to conduct a non-resident pharmacy delivering in the Commonwealth of Virginia.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

1. On July 16, 1998, the Board issued Permit Number 0214-000307 to AllianceRX to conduct a non-resident pharmacy delivering in the Commonwealth of Virginia. Said permit is scheduled to expire on July 31, 2021. At all times relevant hereto, said permit was in full force and effect.

2. AllianceRX violated Virginia Code § 54.1-3316(1) and (13) in that it failed to provide Patient A's physician with a prescription for a life-saving medication, Revlimid, on or before April 10, 2019, as requested by Patient A on April 2, 2019. When Patient A requested shipment of a prescription for Revlimid to his physician's office for April 10, 2019 administration, a hold, which had previously been placed on the prescription due to side effects reported by Patient A, was not removed from the prescription, causing the prescription not to be processed.

3. AllianceRX reported that it has changed the process for placing these types of prescriptions on hold to prevent this situation from happening again.

CONSENT

AllianceRX, by affixing the signature of a representative hereon to this Order, agrees to the following:

1. AllianceRX has been advised to seek advice of counsel prior to signing this document;

2. AllianceRX is fully aware that without its consent, no legal action can be taken against it or its permit except pursuant to the Virginia Administrative Process Act, Virginia Code § 2.2-4000 *et seq.*;

3. AllianceRX acknowledges that it has the following rights, among others: the right to an informal fact-finding conference before the Board; and the right to representation by counsel;

4. AllianceRX waives its right to an informal conference;

5. AllianceRX admits to the Findings of Fact and Conclusions of Law contained herein and waives its right to contest such Findings of Fact and Conclusions of Law and any sanction imposed hereunder in any future judicial or administrative proceeding in which the Board is a party;

6. AllianceRX consents to the entry of the following Order affecting its right to conduct a non-resident pharmacy delivering in the Commonwealth of Virginia.

ORDER

Based on the foregoing Findings of Fact and Conclusions of Law, the Virginia Board of Pharmacy hereby ORDERS as follows:

1. AllianceRX is assessed a MONETARY PENALTY of $500.00. This penalty shall be paid to the Board by certified check or money order made payable to the Treasurer of Virginia within 60 days from the date of entry of this Order. Failure to pay the full monetary penalty by the due date may cause the matter to be sent for collection and constitutes grounds for an administrative proceeding and further discipline.

2. AllianceRX shall comply with all laws and regulations governing the practice of non-resident pharmacies delivering in the Commonwealth of Virginia.

3. Any violation of the foregoing terms and conditions of this Order or any statute or regulation governing the practice of non-resident pharmacies delivering in the Commonwealth of Virginia shall constitute grounds for further disciplinary action.

Pursuant to Virginia Code §§ 2.2-4023 and 54.1-2400.2, the signed original of this Order shall remain in the custody of the Department of Health Professions as a public record, and shall be made available for public inspection and copying upon request.

IN THE MATTER OF THE DISCIPLINARY PROCEEDING REGARDING THE NON-RESIDENT PRESCRIPTION DRUG OUTLET REGISTRATION OF WALGREENS SPECIALTY PHARMACY, LLC, DBA WALGREENS SPECIALTY PHARMACY #10997, REGISTRATION NO. OSP 5198,

RESPONDENT PHARMACY.

IT IS HEREBY STIPULATED by and between the Colorado State Board of Pharmacy ("Board") and Walgreens Specialty Pharmacy, LLC, DBA Walgreens Specialty Pharmacy #10997 ("Respondent Pharmacy"), to resolve all matters pertaining to Board Case Number 2011-000519 as follows:

1. On January 11, 2000, Respondent Pharmacy became registered by the Board as a non-resident prescription drug outlet in the State of Colorado and was issued Registration No. OSP 5198 ("Colorado Registration").

2. The Board has jurisdiction over Respondent Pharmacy, its Colorado Registration, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the provisions of title 12, article 22, C.R.S. (2009), otherwise known as the Pharmaceuticals and Pharmacists Act.

5. On January 28, 2010, Board staff initiated a Complaint against Respondent Pharmacy because it failed to comply with the data submission requirements of Colorado's Electronic Prescription Drug Monitoring Program ("PDMP") for the reporting period(s) of January 16 through January 25, 2010.

6. Respondent Pharmacy subsequently failed to submit the required data to the PDMP reporting dispensing transactions of controlled substances in the State of Colorado for the reporting period(s) of July 1 through July 10, 2010, and did not submit a

"zero" report indicating no dispensing transactions for said reporting period(s) as required by Board rule.

7. Respondent Pharmacy does not contest that the conduct described above may constitute a violation of §§12-22-125(1)(c) and 12-22-708, C.R.S. and that such conduct provides grounds for disciplinary action against Respondent Pharmacy's Colorado Registration pursuant to Board Policy 30-8.

DISPOSITION

$5,000.00 Fine with 10% Surcharge and Terms

8. **Fine with Surcharge.** Respondent Pharmacy accepts the following discipline: Pursuant to §12-22-125.2(5), C.R.S. Respondent Pharmacy shall therefore pay a total amount of **Five Thousand, Five Hundred Dollars and No Cents ($5,500.00).** The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Pharmacy submits this signed Final Agency Order to the Board.

9. **Compliance with PDMP.** At all times Respondent Pharmacy is registered with the Colorado State Board of Pharmacy, it shall comply with the data submission requirements of the PDMP. Respondent Pharmacy understands and acknowledges that future violations of PDMP reporting requirements, including failure to submit a "zero" report in the event of no dispensing transactions in Colorado during the relevant reporting period, shall lead to additional penalties pursuant to Board Policy 30-8.

10. **Advisements and Waivers.** Respondent Pharmacy enters into this Final Agency Order freely and voluntarily, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so. Respondent Pharmacy acknowledges its understanding that it has the following rights:

    a. To have a formal notice of hearing and charges served upon it;

    b. To respond to said formal notice of charges;

    c. To have a formal disciplinary hearing pursuant to §12-22-125, C.R.S.; and

    d. To appeal this Board order.

Respondent Pharmacy freely **waives** these rights, and acknowledges that such waiver is made voluntarily in consideration for the Board's limiting the action taken against it to the sanctions imposed herein.

11. **Acknowledgments.** The undersigned authorized agent of Respondent Pharmacy has read this Final Agency Order in its entirety and acknowledges, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so, that Respondent Pharmacy understands the legal consequences and agrees that none of the terms or conditions herein is unconscionable. Respondent Pharmacy is not relying on any statements, promises or representations from the Board other than as may be contained in this Final Agency Order. Respondent Pharmacy further acknowledges that it is not entering into this Final Agency Order under any duress.

Inspector Remarks:

Closed door infusion pharmacy filling an average of 130 RXs per day typically staffed with 9 RPHs/12TCHs/20-25 clerks.

Here today for complaint investigation. Routine inspection deferred for investigation. Routine inspection conducted by Supervising Inspector Anna Kalantar on 2/12/18 and LSC renewal inspection conducted on 1/7/19 by Inspector Emerald Foster.

When I arrived at the pharmacy at about 8:15am, TCH Reed, Ms. McLeod, and Ms. Gutierrez (cleaning person) were inside the pharmacy building, however, the opening RPH (RPH Luong) had not yet arrived for the day. Ms. Gutierrez usually arrived everyday at 6:30am and unlocked the main entrance, disarmed the alarm to the building, and entered the pharmacy common area using a key code on the second door and started her workday. Once the main entrance door was unlocked and alarm disarmed, the rest of the pharmacy staff had access into the building via key code access on the main and second entrance into the building. Once beyond the second door, staff had access to the common areas of the pharmacy including the intake area where pharmacy records and computer system were located. Pharmacy drug areas were locked and secured and could not be accessed until the pharmacist unlocked the doors. RPH Luong arrived at the pharmacy at about 8:25am.

PIC Chun arrived at the pharmacy at about 8:45am and I explained to her and RPH Luong the pharmacy security issues.

Discussed the following with PIC Chun:
1. Quarterly CII inventory and reconcilation: Also review acquisition records (ie wholesaler purchases) when reconciling inventory

Inspector Remarks:

Closed door infusion pharmacy filling an average of 130 RXs per day typically staffed with 9 RPHs/12TCHs/20-25 clerks.

Here today for complaint investigation. Routine inspection deferred for investigation. Routine inspection conducted by Supervising Inspector Anna Kalantar on 2/12/18 and LSC renewal inspection conducted on 1/7/19 by Inspector Emerald Foster.

When I arrived at the pharmacy at about 8:15am, TCH Reed, Ms. McLeod, and Ms. Gutierrez (cleaning person) were inside the pharmacy building, however, the opening RPH (RPH Luong) had not yet arrived for the day. Ms. Gutierrez usually arrived everyday at 6:30am and unlocked the main entrance, disarmed the alarm to the building, and entered the pharmacy common area using a key code on the second door and started her workday. Once the main entrance door was unlocked and alarm disarmed, the rest of the pharmacy staff had access into the building via key code access on the main and second entrance into the building. Once beyond the second door, staff had access to the common areas of the pharmacy including the intake area where pharmacy records and computer system were located. Pharmacy drug areas were locked and secured and could not be accessed until the pharmacist unlocked the doors. RPH Luong arrived at the pharmacy at about 8:25am.

PIC Chun arrived at the pharmacy at about 8:45am and I explained to her and RPH Luong the pharmacy security issues.

Discussed the following with PIC Chun:
1. Quarterly CII inventory and reconcilation: Also review acquisition records (ie wholesaler purchases) when reconciling inventory

2. Maintaining original pharmacy records

INVESTIGATION:

Official receipt #330727 issued for the items received.

In order to complete investigation, PIC Chun to fax or email Inspector Yamada (626-446-2291 or anna.yamada@dca.ca.gov) the following within 14 days:
1. PIC Chun's written statement addressing written notice issued during inspection

Subject: Temporary License Request - RE: ManaMed - Nevada - Wholesale application

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Hello Mark and Kenneth,

I greatly appreciate you confirming my application. Unfortunately, the state has fined us $5,000, we are overnighting a business check now. Also, we received a cease and desist.

As our application is being processed, I would like to make a formal request for the best interest of the Nevada residents. Would it be possible to be granted a temporary license in the interim? The reason for this request is that the PlasmaFlow products is a potentially life saving device after surgery. It is ordered by physicians to help prevent a blood clot at the home setting. Many Nevada residents can not take a blood thinner after surgery due to pre-existing conditions; therefore, our device is one of the few options for that physician.

As a result, I am hoping ManaMed is granted a temporary Wholesale license as we work through finalizing the official license due to it being a life saving device.

Sincerely,

MANAMED™

Dear Sir or Madam:

The Nevada State Board of Pharmacy ("Board") has determined, based upon an audit conducted by Board's staff, that ManaMed, Inc. ManaMed is hereby ordered pursuant to NRS 639.2895(1) to CEASE and DESIST from engaging in the business of furnishing medical products/devices in this State unless and until a license is fully approved and issued. This letter shall serve as a CITATION pursuant to NRS 639.2895(2), for unlicensed operation of activity. The Board has assessed an administrative fine of five thousand dollars ($5,000.00) pursuant to NRS 639.2895(3).

ManaMed must pay this administrative fine within 30 days of receipt of this citation, or otherwise contact Board staff to request an alternative payment plan. Payment must be by *cashier's check*, *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received at the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521.

SENT VIA EMAIL

Good day Mr. Sedar:

I spoke with Maria Herrera in your office yesterday morning about a licensing need and she noted that it may be possible for our company to be issued a temporary wholesale distribution license, while our application is in review with your Board. She suggested emailing a justification to your attention for consideration of issuing a temporary license.

Nephron SC, Inc. dba Nephron Pharmaceuticals Corporation, is located in West Columbia, SC and is a manufacturer and distributor of drug products. We ship to all 50 states in the US via one of our three distribution centers.

Distribution Center Location	Nevada Wholesale License #	Date Issued	Expiration Date
West Columbia, SC	WHO2295	3/6/2017	10/31/2024
Phoenix, AZ	WHO1626	3/13/2013	10/31/2024
Murray, KY	Application in progress		

We are in the process of closing our Phoenix, AZ distribution center, which is licensed to distribute into Nevada. The targeted closure date is 2/13/2023. This closure necessitates us to begin distribution of our products from our Murray, KY distribution center into Nevada. Please note, our computer systems are unable to ship products from West Columbia, SC, which would need a major software upgrade and is likely to take few months. To accommodate this, we have applied for a wholesale distributor license for our Murray, KY facility. Maria confirmed that the application has been received by your office and is under review. She noted that this application, since it has past litigations listed on the application, will require a virtual appearance before the board, which will be meeting next in March 2023. We cannot delay the closure of the Phoenix, AZ, and as a result, Nephron will be precluded from shipping products into Nevada until the Murray, KY application is approved or a temporary license is issued for the facility.

The temporary license under consideration is the our Murray, KY distribution center. It is our primary distribution hub, and is currently licensed to perform wholesale distribution functions in 46 states and Washington D.C. Please see the attached list of current licensures held by the Murray, KY Distribution Center.

Nephron SC, Inc. would like to request a temporary wholesale distribution license for our Murray, KY facility to ship into the state of Nevada. The temporary license will only need be effective until the application is reviewed and approved by the Board. We hope that the facts that the application that is already under review in your office and that our Murray, KY distribution center has been vetted by other states as a wholesale distributor gives your office reasonable justification to issue a temporary license.

Thank you for your consideration.

Provide explanation below:

Nexus Pharmaceuticals, Inc. vs Nephron Sterile Compounding Center, LLC, Nephron SC, Inc., Nephron Pharmacy, LLC, and Nephron Pharmaceuticals Corporation.

On October 14, 2021, Nephron SC, Inc. ("Nephron") filed Abbreviated New Drug Application (ANDA) 216313 (the "Nephron ANDA") under Section 505(j) of the Federal Food, Drug, and Cosmetic Act (the "Act") to obtain approval to engage in the commercial manufacture, use, or sale of a drug before the expiration of U.S. Patent 11,090,278 ("the '278 patent"). The Nephron ANDA and the '278 patent are both related to ephedrine sulfate. The '278 patent is owned by Nexus Pharmaceuticals, Inc. ("Nexus"). Nexus is also the holder of New Drug Application 213407 for EMPERPHED®, which is an ephedrine sulfate product.

On January 14, 2022, Nexus filed a complaint for patent infringement against Nephron in the United States District Court for the District of South Carolina, Columbia Division, alleging the filing of the Nephron ANDA was an act of infringement of the '278 patent.

On March 7, 2022, Nephron filed a Motion to Dismiss, asserting that the Nexus patent infringement complaint failed to state a claim upon which relief may be granted, including due to the lack of infringement of the '278 patent by the ephedrine sulfate product described in the Nephron ANDA. Nephron's Motion to Dismiss was denied.

The Court granted extensions for Nexus to answer Nephron's counterclaims and for Nephron to respond to discovery. The parties are working together on a joint stipulation of dismissal of the entire matter.

On 1/9/2023, both parties agreed to a Joint Stipulation of Dismissal without Prejudice. Resolved.

Nexus is also the holder of New Drug Application 213407 for EMPERPHED®, which is an ephedrine sulfate product.

On January 14, 2022, Nexus filed a complaint for patent infringement against Nephron in the United States District Court for the District of South Carolina, Columbia Division, alleging the filing of the Nephron ANDA was an act of infringement of the '278 patent.

On March 7, 2022, Nephron filed a Motion to Dismiss, asserting that the Nexus patent infringement complaint failed to state a claim upon which relief may be granted, including due to the lack of infringement of the '278 patent by the ephedrine sulfate product described in the Nephron ANDA. Nephron's Motion to Dismiss was denied.

The Court granted extensions for Nexus to answer Nephron's counterclaims and for Nephron to respond to discovery. The parties are working together on a joint stipulation of dismissal of the entire matter.

On 1/9/2023, both parties agreed to a Joint Stipulation of Dismissal without Prejudice. Resolved.
