Nephron Sterile Compounding Center, LLC, Nephron SC, Inc., Nephron Pharmaceuticals Corporation, Nephron Pharmac				

Provide explanation below:

Nexus Pharmaceuticals, Inc. vs Nephron Sterile Compounding Center, LLC, Nephron SC, Inc., Nephron Pharmacy, LLC, and Nephron Pharmaceuticals Corporation.

On October 14, 2021, Nephron SC, Inc. ("Nephron") filed Abbreviated New Drug Application (ANDA) 216313 (the "Nephron ANDA") under Section 505(j) of the Federal Food, Drug, and Cosmetic Act (the "Act") to obtain approval to engage in the commercial manufacture, use, or sale of a drug before the expiration of U.S. Patent 11,090,278 ("the '278 patent"). The Nephron ANDA and the '278 patent are both related to ephedrine sulfate. The '278 patent is owned by Nexus Pharmaceuticals, Inc. ("Nexus"). Nexus is also the holder of New Drug Application 213407 for EMPERPHED®, which is an ephedrine sulfate product.

On January 14, 2022, Nexus filed a complaint for patent infringement against Nephron in the United States District Court for the District of South Carolina, Columbia Division, alleging the filing of the Nephron ANDA was an act of infringement of the '278 patent.

On March 7, 2022, Nephron filed a Motion to Dismiss, asserting that the Nexus patent infringement complaint failed to state a claim upon which relief may be granted, including due to the lack of infringement of the '278 patent by the ephedrine sulfate product described in the Nephron ANDA. Nephron's Motion to Dismiss was denied.

The Court granted extensions for Nexus to answer Nephron's counterclaims and for Nephron to respond to discovery. The parties are working together on a joint stipulation of dismissal of the entire matter.

On 1/9/2023, both parties agreed to a Joint Stipulation of Dismissal without Prejudice. Resolved.

Provide explanation below:

Nexus Pharmaceuticals, Inc. vs Nephron Sterile Compounding Center, LLC, Nephron SC, Inc., Nephron Pharmacy, LLC, and Nephron Pharmaceuticals Corporation.

On October 14, 2021, Nephron SC, Inc. ("Nephron") filed Abbreviated New Drug Application (ANDA) 216313 (the "Nephron ANDA") under Section 505(j) of the Federal Food, Drug, and Cosmetic Act (the "Act") to obtain approval to engage in the commercial manufacture, use, or sale of a drug before the expiration of U.S. Patent 11,090,278 ("the '278 patent"). The Nephron ANDA and the '278 patent are both related to ephedrine sulfate. The '278 patent is owned by Nexus Pharmaceuticals, Inc. ("Nexus"). Nexus is also the holder of New Drug Application 213407 for EMPERPHED®, which is an ephedrine sulfate product.

On January 14, 2022, Nexus filed a complaint for patent infringement against Nephron in the United States District Court for the District of South Carolina, Columbia Division, alleging the filing of the Nephron ANDA was an act of infringement of the '278 patent.

On March 7, 2022, Nephron filed a Motion to Dismiss, asserting that the Nexus patent infringement complaint failed to state a claim upon which relief may be granted, including due to the lack of infringement of the '278 patent by the ephedrine sulfate product described in the Nephron ANDA. Nephron's Motion to Dismiss was denied.

The Court granted extensions for Nexus to answer Nephron's counterclaims and for Nephron to respond to discovery. The parties are working together on a joint stipulation of dismissal of the entire matter.

On 1/9/2023, both parties agreed to a Joint Stipulation of Dismissal without Prejudice. Resolved.

STATE OF SOUTH CAROLINA COUNTY OF LEXINGTON	IN THE COURT OF COMMON PLEAS
NEPHRON PHARMACEUTICALS CORPORATION, NEPHRON S.C., INC. & NEPHRON STERILE COMPOUNDING CENTER, LLC Plaintiffs, vs. APAM SERVICES, INC. d/b/a STREAMLINE TECHNOLOGY, CHARLES SCOTT JOHNSON, MUTHU SOUNDARARAJAN, AND THOMAS JAMES Defendants.	Case No. 2022-CP-32-03434 **CONSENT ORDER FOR PRELIMINARY INJUNCTION**

This matter is before the Court on the Consent Motion for Preliminary Injunction submitted by Plaintiffs Nephron Pharmaceuticals Corporation, Nephron S.C., Inc. and Nephron Sterile Compounding Center, LLC (collectively "Nephron" or "Plaintiffs") and Defendants APAM Services, Inc. d/b/a Streamline Technology, Charles Scott Johnson, Muthu Soundararajan, and Thomas James[1] (collectively "Streamline" or "Defendants") (and, together, collectively referred to as "Parties"). Based upon the consent of the Parties, and consulting with Rule 65 of the South Carolina Rules of Civil Procedure and other pertinent legal authority, this Court **GRANTS** the Motion as follows:

(A) Streamline shall continue performance of maintenance, existing work orders, and other support of the currently installed production version of software, delineated in the attached

[1] Charles Scott Johnson, Muthu Soundararajan, and Thomas James expressly reserve the right to challenge Plaintiffs' claims against them in their individual capacities.

Exhibit A, which currently resides on Nephron's systems and which shall include, without limitation, deployment of software currently in development under any existing work order, or otherwise already commissioned for development under any existing work order;

(B) Nephron shall pay all invoices from Streamline for the work done pursuant to Section (A) within twenty-one (21) days upon receipt of the invoice;

(C) Streamline shall not maliciously alter, modify, destroy, tamper with, or otherwise interfere in any manner with:

(1) Any Source Code for applications deployed on any Nephron system, including but not limited to Nephron's staging or development environments, for current production versions of software as delineated in **Exhibit A**.

(2) Any deployed or active Object Code, including any Object Code related to Nephron's current manufacturing and business operations, to include, without limitation, Nephron's production, sales, manufacturing, clinical lab, compounding, or shipping business operations.

(D) Because this Order is designed to preserve the status quo between the Parties, because Nephron agrees to continue to pay maintenance and support to Streamline during the pendency of this Order, because the Source Code remains in escrow unless and until a Release Event occurs, and because this Order is the result of a partial consent order negotiated by the parties in every aspect except the amount of bond to be posted as security for the injunction, the Court holds that bond shall be set in the amount of One Million Four-Hundred Thousand and 00/100 ($1,400,000.00);

(E) Streamline will electronically deposit the Source Code for the applications delineated in **Exhibit A** through a Secure File Transfer Protocol no later than twenty-one (21) days

after the date of this Order, to the independent third-party vendor, Codekeeper BV, having a principal place of business at World Trade Center – The Hague, Prinses Margirietplantsoen 33, 2595 AM, The Hague, Netherlands, (hereinafter "Codekeeper"), to act as an escrow agent who will hold the Source Code in an escrow account until the conclusion of the instant litigation, a triggering Release Event, or further Order of this Court, pursuant to the following terms:

(1) Prior to the transfer of the Source Code to Codekeeper, the Parties will work in a timely manner and in good faith to execute an escrow agreement with Codekeeper, to the extent necessary, containing the terms and conditions herein and with all costs of the escrow to be paid for by Nephron, which does not waive and reserves all rights to recoup the same in this litigation;

(2) The Source Code shall include the human readable code, in a format that will allow Nephron to deploy the Source Code on a similar development environment as Streamline so as to allow Nephron to continue conducting its business operations and to perform maintenance thereon;

(3)(a) Release Event Definition. While the Source Code remains in escrow, Nephron may be provided access to the Source Code by Codekeeper only if certain events occur, for the purpose of maintaining ongoing business continuity and operations without disruption ("Release Event"). A Release Event will occur in the event Streamline does any one of the following:

(i) violates any portion of Sections (A) or (C) of this Order as determined following the process set forth in Section (E)(3)(b) below;

ELECTRONICALLY FILED - 2022 Nov 22 9:37 AM - LEXINGTON - COMMON PLEAS - CASE#2022CP3203434

(ii) intentionally renders software deployed in Nephron's production environment inoperable by either an omission or commission, with the exception of planned downtime related to maintenance, bug fixes, and deployment of revised software;

(iii) becomes subject, voluntarily or involuntarily, to any proceeding under any domestic or foreign bankruptcy or insolvency law that is not dismissed, vacated, or stayed within thirty (30) days of filing; or

(iv) becomes insolvent.

(3)(b) Release Event Process. In the event of a Release Event, Nephron shall provide written Notice of the occurrence of a Release Event to counsel for Streamline via electronic mail. Streamline shall thereafter have forty-eight (48) hours from the written Notice either to (a) cure the issue(s) claimed to constitute a Release Event, or (b) seek Court intervention to postpone Nephron's access to the Source Code through the Release Event with the filing of a motion to prevent release of the Source Code serving to prevent any release until the Court resolves the motion and orders a release. In the event that Streamline fails to cure the issues or otherwise fails to seek Court intervention within 48 hours of Notice, Codekeeper shall be authorized to release the Source Code to Nephron.

(4) Streamline will deposit updates, if any are made, to the Source Code that include any modifications, improvements, enhancements, additions, updates, upgrades, conversions, corrections, and bug fixes deployed on Nephron's systems related to Streamline's maintenance, existing work orders, and other ongoing support of software operations at Nephron (collectively referred to as "Updates") within at least fourteen (14) business days after the Updates arte pushed to production, provided, however, that the

Source Code previously escrowed shall remain on deposit with Codekeeper as escrow agent;

(F) If the Source Code is released to Nephron under this Order, all obligations of Streamline under any portions of (A) and (C) shall immediately cease, Streamline shall be under no financial obligations to Nephron for work orders that are not completed, and Nephron shall only be required to pay invoices for maintenance or support rendered prior to the date of the Release Event and shall only be required to pay the balance of any invoice for work rendered on completed development after it has been promoted to production.

(G) Nephron may, at its cost, request inspection and verification that the deposited Source Code involves each of the applications listed in **Exhibit A**, by Codekeeper or other unrelated third-party agreed upon by the parties;

(H) The Parties reserve the right to request a hearing to modify (including, without limitation, as to what constitutes a potential Release Event in the event of unforeseen circumstances), dissolve, or enforce this Order.

AND IT IS SO ORDERED.

ORDER ADOPTING THE REPORT AND RECOMMENDATION AND GRANTING DEFENDANT'S MOTION FOR SUMMARY JUDGMENT AS TO PLAINTIFF'S FEDERAL CLAIMS

Plaintiff Shontera Boyd (Boyd) filed this lawsuit in the Lexington County Court of Common Pleas against her former employer, Defendant Nephron Pharmaceuticals Corporation (Nephron). Boyd alleges claims under Title VII of the Civil Rights Act of 1964 (Title VII), 42 U.S.C. §§ 2000e et seq.; 42 U.S.C. § 1981; the Americans with Disabilities Act (ADA), 42 U.S.C. §§ 12101 et seq.; and the South Carolina Payment of Wages Act (SCPWA), S.C. Code Ann. §§ 41-10-10 et seq.

Nephron subsequently removed the case to this Court and filed a motion for summary judgment. The Court has federal question jurisdiction over Boyd's federal Title VII, Section 1981, and ADA claims in accordance with 28 U.S.C. § 1331, and supplemental jurisdiction over her SCPWA state claim under 28 U.S.C. § 1367.

The matter is before the Court for consideration of the Magistrate Judge's Report and Recommendation (Report) suggesting Boyd's motion for partial summary judgment be denied and

Nephron's motion for summary judgment be granted.. The Magistrate Judge submits the Report in accordance with 28 U.S.C. § 636 and Local Civil Rule 73.02 for the District of South Carolina.

The Magistrate Judge makes only a recommendation to this Court. The recommendation has no presumptive weight. The responsibility to make a final determination remains with the Court. *Mathews v. Weber*, 423 U.S. 261, 270 (1976). The Court is charged with making a de novo determination of those portions of the Report to which specific objection is made, and the Court may accept, reject, or modify, in whole or in part, the recommendation of the Magistrate Judge or recommit the matter with instructions. 28 U.S.C. § 636(b)(1).

The Magistrate Judge filed the Report on May 19, 2022, and Boyd filed her objections on June 9, 2022.

Boyd lodges seven objections to the Magistrate Judge's Report. First, she complains that the Magistrate Judge erred in disregarding issues of fact underlying the reason Nephron gave for firing Boyd.

The Magistrate Judge recounts Boyd's termination, and the facts leading up to it as follows:

> [On October 16, 2019,] [w]hile waiting in the main office suite, Boyd could overhear a meeting between several managers, including Megan Hunter [(Hunter) [the Senior Manager of Quality]. Boyd overheard Hunter say, "I just sent [Boyd's] ass down to [A]ccraply!" Another manager told Hunter that Boyd was right outside of the room, to which Hunter replied, "Okay." Boyd entered the room and confronted Hunter, who remained seated. Boyd yelled at Hunter and used profanity, repeatedly asking Hunter "what was her problem with me" and "where's the professionalism?" Boyd hit a file cabinet in frustration, causing the cabinet to shake back and forth. At one point a manager stepped in between Hunter and Boyd, though Hunter remained seated. During the incident [Kathleen Griffin, (Griffin) Nephron's Vice President of Human Resources] walked into the room and observed Boyd's behavior. Griffin testified that she felt nervous about the level of Boyd's anger, profanity, and emotion and believed

ELECTRONICALLY FILED - 2022 Jun 30 11:09 AM - LEXINGTON - COMMON PLEAS - CASE#2020CP320845

> that Boyd was a threat to her and other employees. One of the managers called security and Boyd was escorted to Griffin's office. Griffin immediately suspended Boyd.
>
> Griffin recommended to CEO Lou Kennedy and Executive Director of Human Resources Karen Wilson that Boyd be terminated. Griffin based her recommendation on her own observation of Boyd's behavior toward Hunter. The following day, October 17, [2019,] Nephron terminated Boyd's employment based on the use of "profane and inappropriate language" and "disorderly conduct in a threatening and intimidating manner."

Report at 4-5.

According to Boyd, however, several witnesses's "description of [her] conduct pales in comparison to the severity described by Griffin; yet they witnessed more of the incident than Griffin [d]id." Boyd's Objections at 5.

But, these witnesses cast a shadow over her claim as to the degree of her misbehavior. For instance, one witness, Emily Duncan states that she "didn't think [Boyd] should have taken things to the level they got to[.]" Emily Duncan's Statement.

Another witness, Erica Callum, said that Boyd's "screaming continued to happen along with banging on the filing cabinet[.]" Erica Callum's Statement. Further, Daralyn Sossamon stated that Boyd "began screaming that there was no respect and kept yelling at [Hunter.]" Daralyn Sossamon's Statement.

In addition, according to Kisha Wright, Boyd "proceeded to yell and curse lots of profane words to [Hunter]. [Hunter] never said anything out of the way back to [Boyd]. [Griffin] . . . called security and I stepped out of the office. . . . The door was shut behind me, and I could still hear [Boyd] screaming and beating on the file cabinet in the office. [Boyd] was uncontrollable [and] was escorted out of the office and building at that time." Kisha Wright's Statement.

And, even Boyd admits that she "raised her voice and may have slammed her hand into file cabinet[.]" Boyd's Objections at 2.

ELECTRONICALLY FILED - 2022 Jun 30 11:09 AM - LEXINGTON - COMMON PLEAS - CASE#2020CP3203845

That said, as the Magistrate Judge explained, even if there is contrary evidences as to the severity of Boyd's misbehavior, which there arguably is not, "Boyd fails to point to any evidence that the decision-makers, namely Griffin, did not actually believe the reasons they gave for terminating Boyd, or that the decision[,] was actually motivated by race." Report at 10. Accordingly, the Court will overrule Boyd's first objection.

In Boyd's second objection, she contends the Magistrate Judge erred in disregarding evidence of differential discipline between she and Hunter to show racial bias. Boyd is a black woman and Hunter is a white woman, who Boyd states is similarly situated to her.

A "variety of factors are considered when determining whether a comparator is similarly situated[.]" *Spencer v. Virginia State University*, 919 F.3d 199, 207 (4th Cir. 2019) (citation omitted) (internal quotation marks omitted). Although "there is no bright-line rule for what makes two jobs 'similar' under Title VII, courts consider whether the employees (i) held the same job description, (ii) were subject to the same standards, (iii) were subordinate to the same supervisor, and (iv) had comparable experience, education, and other qualifications—provided the employer considered these latter factors in making the personnel decision." *Id.* (citation omitted) (internal quotation marks omitted).

A cursory review of the law above shows Boyd and Hunter are not similarly situated. For instance, from the Court's review of the record, it concludes they did not have the same job description nor did they have the same supervisor. Therefore, the Court will also overrule this objection.

Boyd's third, fourth and fifth objection essentially make the same argument: that the Magistrate Judge substituted her judgment for matters that ought to be instead decided by a jury.

ELECTRONICALLY FILED - 2022 Jun 30 11:09 AM - LEXINGTON - COMMON PLEAS - CASE#2020CP3203845

In her third objection, she insists the Magistrate Judge mistakenly assumed the credibility of Griffin. In light of the other contested evidence, Griffin's credibility, according to Boyd, is a question for a jury to decide. Boyd's fourth objection is that the Magistrate Judge erred because, by improperly assuming Griffin's credibility, she wrongfully decided questions of motive and intent, which are also jury questions. And, her fifth objection is that, by assuming Griffin's credibility, she eliminated Boyd's ability to prove her case by circumstantial evidence.

"Once an employer has provided a non-discriminatory explanation for its decision, the plaintiff cannot seek to expose that rationale as pretextual by focusing on minor discrepancies that do not cast doubt on the explanation's validity, or by raising points that are wholly irrelevant to it." *Hux v. City of Newport News, Va.*, 451 F.3d 311, 315 (4th Cir. 2006). "The former would not create a 'genuine' dispute, [and] the latter would fail to be 'material[.]'" *Id.*

As the Magistrate Judge stated, "Boyd fails to forecast evidence that Griffin did not actually believe that Boyd's behavior was profane, threatening, and intimidating, or that her decision was motivated by race." Report at 13. And, although Boyd takes issue with this statement in her objections, she still proffers no evidence of discrimination or retaliation. As such, she is unable to prove either of these claims. To put it another way, given the evidence in this case, the Court is unable to say a reasonable jury would be able to find any discrimination or retaliation in Nephron's decision to terminate Boyd's employment. Thus, the Court will overrule these objections, as well.

Boyd's sixth and seventh objection are also related. In her sixth objection, she states the Magistrate Judge erred by accepting Nephron's characterization of her SCPWA claim as a notice-only claim and overlooked its failure to give proper notice resulted in a failure to pay all wages due to Boyd. And, in her seventh objection, she contends the Magistrate Judge erred in failing

ELECTRONICALLY FILED - 2022 Jun 30 11:09 AM - LEXINGTON - COMMON PLEAS - CASE#2020CP3203845

to consider whether to recommend declining to exercise supplemental jurisdiction over Boyd's SCPWA claim.

The Court may decline to exercise supplemental jurisdiction over a plaintiff's state law claims if it "has dismissed all claims over which it has original jurisdiction." 28 U.S.C. § 1367. And, the Court has "wide discretion" to do so. *Yashenko v. Harrah's NC Casino Co.*, 446 F.3d 541, 553 n.4 (4th Cir. 2006).

When determining whether to decline to exercise supplemental jurisdiction, the Court considers "convenience and fairness to the parties, the existence of any underlying issues of federal policy, comity, and considerations of judicial economy." *Shanaghan v. Cahill*, 58 F.3d 106, 110 (4th Cir. 1995).

Here, the Court is unable to fathom how its declining to exercise its supplemental jurisdiction over the remaining SCPWA state law claim would inconvenience or unfairly prejudice either of the parties. Nor does it appear there are any underlying issues of federal policy or comity involved in Boyd's SCPWA claim. Additionally, the principles of judicial economy and efficiency suggest this state claim, which was originally filed in state court, should be decided there.

Therefore, the Court will decline to exercise supplemental jurisdiction over Boyd's SCPWA state claim and remand it to the Lexington County Court of Common Pleas for adjudication there.

After a thorough review of the Report and the record in this case pursuant to the standard set forth above, the Court overrules objection numbers one through five, adopts the Report to the extent it does not contradict this Order, and incorporates it herein. Accordingly, it is the judgment of this Court Boyd's motion for partial summary judgment is **DENIED** and Nephron's motion for summary judgment is **GRANTED** as to Boyd's federal claims, which are **DISMISSED WITH PREJUDICE**.

ELECTRONICALLY FILED - 2022 Jun 30 11:09 AM - LEXINGTON - COMMON PLEAS - CASE#2020CP3203845

Further, Boyd's SCPWA state law claim is **REMANDED** to the Lexington County Court of Common Pleas for adjudication there.

IT IS SO ORDERED.

Signed this 27th day of June, 2022, in Columbia, South Carolina.

Jessica Ingrid Lane, U.S. Compounding, Inc. d/b/a U.S. Compounding Pharmacy, and Adamis Pharmaceuticals Corporation*, Case No. 3:20-cv-02089-FLW-LHG (the "New Jersey Lawsuit"). Nephron filed the New Jersey Lawsuit against Lane's current employers, U.S. Compounding, Inc. d/b/a U.S. Compounding Pharmacy ("USC") and Adamis Pharmaceuticals Corporation ("Adamis"), alleging misappropriation of trade secrets in violation of the federal Defend Trade Secrets Act, 18 U.S.C. § 1836 *et seq.*, and the New Jersey Trade Secrets Act, N.J.S.A. § 56:15-1 *et seq.*, as well other state common law claims related to

USC and Adamis' hiring of Lane (*See* New Jersey Lawsuit, Dkt. 1.) Nephron also filed a breach of contract claim against Lane individually in the New Jersey Lawsuit related to her alleged breach of her Employee Confidentiality and Non-Disclosure Agreement with Nephron. (*See id.*)

2. On July 16, 2020, Lane filed a Motion to Dismiss and Compel Arbitration (Dkt. 28). On December 16, 2020, the Court denied Lane's motion, but, upon consent of Nephron and Lane, ordered that Nephron's claim against Lane be severed and transferred to the U.S. District Court for the District of South Carolina (Dkt. 35).

3. By order dated December 23, 2020, this Court entered an order confirming the transfer of Nephron's claim against Lane and provided certain instructions to the Parties including, without limitation, with respect to future filings in this lawsuit (Dkt. 42).

4. On April 27, 2021, the Court directed the Clerk enter default as to Lane due to her failure to file a responsive pleading within the extended deadline set by the Court (Dkt. 57).

5. The Parties have reached a settlement of this matter in which, among other things, they have agreed to entry of this Consent Permanent Injunction and Stipulated Final Judgment (hereinafter, the "Consent Permanent Injunction").

6. Without admitting liability, Lane wishes to resolve this matter and therefore consents to entry of judgment in this case through entry of this Consent Permanent Injunction.

7. The Parties waive the entry of findings of fact and conclusions of law under Rules 52 and 65 of the Federal Rules of Civil Procedure.

8. The Court has subject matter and personal jurisdiction over Lane with respect to the implementation and enforcement of this Consent Permanent Injunction.

9. This Consent Permanent Injunction shall permanently remain in full force and effect following the dismissal of this matter unless and until such time as may be subsequently ordered by the Court.

10. The Consent Permanent Injunction shall constitute a final judgment in this matter, for which the Court shall retain jurisdiction for the purpose of implementing and enforcing the terms set forth herein.

Nor does it require attorneys for USC or Adamis to delete any information required to be maintained in their files or by document retention policies. With respect to any such Nephron information stored on an electronic device or account owned by Defendants, but in the exclusive possession of the Parties' third party forensic examiner, Defendants shall take all steps necessary to ensure the examiner's complete deletion of all such information from those devices and/or accounts before they are released or returned to Defendants.

CONSENT PERMANENT INJUNCTION AND STIPULATED FINAL JUDGMENT

This matter comes before the Court on the Joint Motion for Entry of a Consent Permanent Injunction and Stipulated Final Judgment by Plaintiffs Nephron Pharmaceuticals Corp., Nephron S.C. Inc., and Nephron Sterile Compounding Ctr. LLC (together, "Nephron"), and Defendants Jennifer Shelly Hulsey ("Hulsey"), U.S. Compounding, Inc. ("USC"), and Adamis Pharmaceuticals Corp. ("Adamis") (together, "Defendants") (collectively, the "Parties").

The Court, being duly advised, makes the following findings and **GRANTS** the Parties' request for entry of this Consent Permanent Injunction and Stipulated Final Judgment with the relief set forth below:

1. On September 23, 2018, Nephron filed a Verified Complaint against Hulsey and USC, alleging misappropriation of trade secrets in violation of the federal Defend Trade Secrets Act, 18 U.S.C. § 1836 *et seq.*, and the Florida Uniform Trade Secrets Act, Fla. Stat. § 688.001 *et seq.*, as well as various common law claims. (*See* Dkt. 1.) Nephron also sought and obtained a Temporary Restraining Order entered September 26, 2018 (the "TRO," *see* Dkt. 13), which TRO was expanded into a broader Consent Preliminary Injunction (the "CPI") and entered by the Court pursuant to agreement of the parties on October 15, 2018 (*see* Dkt. 29).[1]

2. On March 1, 2019, with Defendants' consent, Nephron filed its Second Amended Complaint, which (among other things) named Adamis as an additional named defendant in this matter (*see* Dkt. 52), and the Court issued a related order amending the Consent Preliminary Injunction to add Adamis as an expressly-named defendant subject to the obligations set forth therein (*see* Dkt. 49).

3. On July 1, 2019, Nephron filed a Third Amended Complaint (*see* Dkt. 74), which became the operative pleading in this matter and, among other things, renewed Nephron's request for permanent injunctive relief against all Defendants.

[1] The term "Protected IP" as set forth within this Consent Permanent Injunction shall be defined the same way as defined in the TRO and CPI. (*See* Dkts. 13, 29.) Specifically, "Protected IP" shall "include[], among other things, 'current and prospective customer lists and related databases, pricing data, purchasing histories, consumer data, market intelligence and strategies, product formulations and development information, proprietary manufacturing processes, and overall industry and product expertise.'" (*See id.*) In addition, "[w]ith respect to Nephron Customers, the Protected IP includes 'their identity, their location, contact information for the customer's pharmaceutical purchasing decision-makers, extensive order history and customer purchasing habits and preferences.'" (*See id.*)

4. The Parties have reached a settlement of this matter in which, among other things, they have agreed to entry of this Consent Permanent Injunction and Stipulated Final Judgment (hereinafter, the "Consent Permanent Injunction").

5. Without admitting liability, Defendants wish to resolve this matter and therefore consent to entry of judgment in the above-captioned case and entry of this Consent Permanent Injunction.

6. The Parties waive the entry of findings of fact and conclusions of law under Rules 52 and 65 of the Federal Rules of Civil Procedure.

7. The Court has subject matter and personal jurisdiction over the Defendants with respect to the implementation and enforcement of this Consent Permanent Injunction.

8. This Consent Permanent Injunction shall permanently remain in full force and effect following the dismissal of this matter unless and until such time as may be subsequently ordered by the Court.

9. The Consent Permanent Injunction shall constitute a final judgment in this matter, for which the Court shall retain jurisdiction for the purpose of implementing and enforcing the terms set forth herein.

10. Based upon the foregoing, and in light of the Parties' consent to the terms hereof, the Court finds that good cause exists for entry of the Consent Permanent Injunction set forth herein.

IT IS THEREFORE ORDERED, ADJUDGED, AND DECREED that, effective immediately upon entry of this Order, Defendants and their respective

officers, agents, servants, employees, attorneys, and persons in active concert or participation with Defendants (including, without limitation, Jennifer Shelly Hulsey and Jessica Ingrid Lane) are hereby permanently enjoined, restrained, and prohibited, directly or indirectly, from the following conduct:

(a) Defendants shall not retain, access, disclose, use, or communicate, in any manner whatsoever, directly or indirectly, Nephron's trade secrets or confidential business information that is in their possession, custody, or control, including, but not limited to, the Protected IP, in any form, whether hard copy or electronic. Additionally, Defendants shall not retain, access, disclose, use, or communicate, in any manner whatsoever, directly or indirectly, Nephron's trade secrets or confidential business information, including without limitation, the Protected IP, that is or was stored on Jessica Lane's personal iCloud account or the personal device of any other former Nephron employee. To the extent Defendants use their own internal proprietary information (which is wholly unrelated, directly or indirectly to Nephron's trade secrets or confidential business information including, without limitation, the Protected IP), open-source or publicly available measures, or information that was provided to Defendants by third parties or was obtained without the use of Nephron's trade secrets or confidential business information, including, but not limited to, the Protected IP (even if such generally available measures or information include the names of persons or entities that are current or former customers of

Nephron or other information about such persons or entities that may also be included in the Protected IP), to obtain competitive information or contact customers that may have or currently are doing business with Nephron or otherwise compete against Nephron, such communications or competitive activities—provided no Protected IP was utilized—will not be deemed a violation of this order. This injunction does not require that U.S. Compounding, Inc. cease doing business with any of its current customers that may have been included or identified in any of Nephron's trade secrets or confidential business information, including, but not limited to, the Protected IP, and such continued business shall not be deemed a violation of this injunction. This injunction also does not prevent U.S. Compounding, Inc. from selling any particular product.

(b) Defendants shall immediately destroy any and all Nephron trade secrets or confidential business information (including, without limitation, the Protected IP and Nephron trade secrets or confidential business information stored on Jessica Lane's iCloud account) existing in their possession, custody, or control, whether hard copy or electronic. This provision, however, does not require that U.S. Compounding, Inc. or Adamis Pharmaceuticals Corporation destroy any information necessary to satisfy any obligations under the Sarbanes-Oxley Act or other federal and state securities and corporate laws that mandate accurate book and record keeping. Nor does it require attorneys for U.S.

Compounding or Adamis to delete any information required to be maintained in their files or by document retention policies. With respect to any such Nephron information stored on an electronic device or account owned by Defendants, but in the exclusive possession of the Parties' third party forensic examiner, Defendants shall take all steps necessary to ensure the examiner's complete deletion of all such information from those devices and/or accounts before they are released or returned to Defendants.

(c) Hulsey shall not, directly or indirectly, violate or breach the terms of her "Employee Confidentiality and Non-Disclosure Agreement" with Nephron, and Defendants shall not interfere with the same.

IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that the Court shall retain jurisdiction over this action for a period of five (5) years for purposes of implementing and enforcing the final judgment comprised by this Consent Permanent Injunction and any additional orders necessary and appropriate to the public interest; and

IT IS FURTHER ORDERED, ADJUDGED, AND DECREED that all pending or outstanding motions related to the previously entered Consent Preliminary

Injunction, including the pending resolution of the imposition of a daily coercive fine and other sanctions, are now moot. This matter shall otherwise be dismissed with prejudice pursuant to the terms of the final judgment set forth herein.

AUSTIN DIVISION

NEPHRON PHARMACEUTICALS CORPORATION AND NEPHRON STERILE COMPOUNDING CENTER LLC,

Plaintiffs,

vs.

PRODIGY HEALTH SUPPLIER CORPORATION, AND DENVER SOLUTIONS LLC D/B/A LEITERS HEALTH,

Defendants.

Civil Action No. 1:21-cv-00081-LY

AGREED PERMANENT INJUNCTION ORDER AND STIPULATED DISMISSAL

Before the Court is the Joint Motion for Entry of Agreed Permanent Injunction and Stipulated Dismissal filed by Plaintiffs Nephron Pharmaceuticals Corporation and Nephron Sterile Compounding Center LLC (collectively "Nephron"). (Dkt. 31). In accordance with the agreement and stipulation between Plaintiffs and Defendants Prodigy Health Supplier Corporation ("Prodigy") and Denver Solutions LLC d/b/a Leiters Health ("Leiters") (collectively, the "Defendants"), the Court enters this Agreed Permanent Injunction Order as follows.

I. BACKGROUND

Nephron alleges that it compounds and sells 503B pharmaceutical products and specifically for purposes of this case, phenylephrine syringes (the "Product"). (Compl., Dkt. 1, at 6). According to Nephron's Complaint, Leiters and/or Prodigy have engaged in a marketing campaign for the sale of Leiters' competing phenylephrine syringes using false statements that Nephron no longer produces phenylephrine and that Nephron is the subject of a "cease and desist" order. (*Id.* at 6–8). Premised on these alleged false statements to third parties, Nephron alleges five claims for relief:

false advertising under 15 U.S.C. § 1125(a)(1)(B); common law unfair competition; defamation; business disparagement; and tortious interference with prospective relations. (*Id.* at 8–15). On the same day it filed its complaint, Nephron filed the Application for Temporary Restraining Order and Request for Preliminary Injunction (the "Application"), in which it asked the Court to enjoin Defendants from:

> making any verbal or written statement, expressly or by implication, to any third party in connection with any advertising, promotion, offering for sale, or sale of goods or services or in any other commercial manner that: (1) Nephron has ceased selling, compounding and/or producing phenylephrine syringes; and (2) Nephron is/was subject to a cease and desist letter, enforcement action, or other corrective conduct taken by the FDA, or other applicable enforcement agency, with respect to phenylephrine syringes.

(Dkt. 3, at 16–17).

Defendants expressly deny the material allegations in the Complaint and the Application, including any and all of Nephron's allegations of false statements. Following initial settlement discussions, on January 29, 2021, the parties agreed to and the Court entered an Agreed Temporary Restraining Order against Defendants ("Temporary Restraining Order"). (Dkt. 18).

II. STIPULATIONS

1. The Parties consent to the terms of this Agreed Permanent Injunction Order in a good-faith effort to avoid litigation costs, fees, and expenses and to be efficient with the Court's time.
2. The substantive and procedural prerequisites to entry of this Agreed Permanent Injunction Order, as well as its enforceability under and and/or compliance with the Federal Rules of Civil Procedure, are waived by the Parties.
3. This Agreed Permanent Injunction Order does not constitute a waiver of any defenses, counterclaims, or claims to any relief by statute, equity, or at common

law, and is not an admission of liability by any party; it cannot be used by any party as an admission by any other party or for any other related purpose.

Based upon the above stipulations, and for the reasons stated herein, the Court enters the following Agreed Permanent Injunction Order:

III. CONCLUSION

IT IS ORDERED that Defendants Prodigy Health Supplier Corporation and Denver Solutions LLC d/b/a Leiters Health (and each of their respective officers, directors, employees, and agents) shall not make any verbal or written statement, expressly or by implication, to any third party in connection with any advertising, promotion, offering for sale, or sale of goods or services or in any other commercial manner that:

a. Nephron has ceased selling, compounding and/or producing phenylephrine syringes; and/or

b. Nephron is/was subject to a cease and desist letter or enforcement action or other corrective conduct taken by the FDA, or other applicable enforcement agency, with respect to phenylephrine syringes.

This Court retains jurisdiction of this matter for purposes of construction, modification, and enforcement of this Agreed Permanent Injunction Order. IT IS FURTHER ORDERED that Nephron's claims against Defendants shall be dismissed with prejudice. Each party shall bear its own attorneys' fees and costs.

The attached Citation and Fine, ("Citation") is being issued pursuant to Business and Professions Code section 125.9 and California Code of Regulations, title 16, section 1775 et. seq., for violations of the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the Board's web site, at www.pharmacy.ca.gov, under Pharmacy Law and Regulation).

The attached Citation references the specific statutes and regulations violated, defines each violation charged and specifies any fine(s) assessed. The attached Citation details the conduct that resulted in the issuance of the Citation.

IT IS YOUR RESPONSIBILITY TO READ THE ENTIRE CITATION AND INSTRUCTIONS, TO UNDERSTAND THE PROCESS FOR CONTESTING THE CITATION AND TO RESPOND TO THE CITATION WITHIN THE FOLLOWING TIME FRAMES:

- July 10, 2020: Unless the Citation is contested payment of fine(s) must be received by the Board.
- June 24, 2020: Any contest of the Citation by request for an informal Office Conference must be received by the Board.

Payment in full of the fine(s) assessed shall be represented as a satisfactory resolution of the matter in any public disclosure. (Business and Professions Code section 125.9; California Code of Regulations section 1775).

Additionally, if, at the time of license renewal, the Board has not received full payment of assessed fine(s) and a request to contest the Citation has not been received within the time frames specified, the license shall not be renewed until the assessed fine(s) and renewal fee/s are paid in full.

CONDUCT:

Production and Process Controls – Nephron SC Inc (NSF 102) was not in compliance with Business and Professions Code section 4129.2 (b), which states, an outsourcing facility shall compound all sterile and nonsterile products in compliance with regulations issued by the Board and with federal current good manufacturing practices applicable to outsourcing facilities, in conjunction with Code of Federal Regulations, title 21, section 211.125 (c), which states, in pertinent part, procedures shall be used to reconcile the quantities of labeling issued, used, and returned, and shall require evaluation of discrepancies found between the quantity of drug product finished and the quantity of labeling issued when such discrepancies are outside narrow preset limits based on historical operating data. Nephron SC Inc, located at 4500 12th Street Ext, West Columbia, SC 29172, was not compliant with Code of Federal Regulations 211.125(c). Specifically, on 12/2/2019, Nephron SC Inc performed a reworking of a packaged product (Norepinephrine in 0.9% sodium chloride injection 8mg/250ml, lot# NB9043B) and two IV bags were packaged without the re-applying of the updated label. Subsequently, on 12/10/2019, a customer (Dignity Health St. Bernardine Medical Center) received two norepinephrine 8mg/250ml bags from lot# NB9043B without labels. The rework process utilized by Nephron was incomplete as documentation of label reconciliation was missing from the record. This is a violation of pharmacy law.

I want to start of by explaining and disclosing information regarding my pass records

Case #: 21-PC-007272

I had a girl's night out with some of my high school friends that I hadn't seen in a long time. This occurred on **2/21/2021**. We went out for dinner, drinks, and had plans to go clubbing in order to enjoy the evening. When we finished dinner, we went to the bar, where we had drinks and conversed with each other and people at the bar. Unfortunately, my friends had different intentions then I was aware of and were making different plans then to go to the club. My friends had got up to leave and I followed them to make sure they were okay. I was always told to stay in groups whenever being out since people are likely not to bother you in group.What ended up happening as soon as we started moving as a group we were then arrested my police officers who were under cover. I had no idea what was going on until everything occurred. My friends started getting arrested, and then they decdied to take me as well since I was just following in the background. I was definitely in the wrong place and the wrong time. They had booked and held me for about 7 hours and eventually let me go. Since then, I have not seen these friends since the incident occured. I would hate to be surrounded by people who did not care to tell me what was going on. I was in the booking area for about 7 hours and let go after that.The appointed lawyer to my case went to court for me and got my case closed. After seeking legal advice I was also told to begin to get my record seal and am in the process of doing that as well.

The friends that I was with did not allow me the chance to decide for myself if I wanted to hang out with them considering what they were involved in. Now I am having to defend myself for a situation that was the repercussions of hanging out and catching up with friends I hadn't seen in a while. I ask that you give me empathy in that I am trying to be of service to my community and myself. Since attending NorthWest Career College, it has become more and more clear to me that I want to pursue my education and continue to develop myself as a pharmacy technician, if given the opportunity. Since then the case had been closed and denied and was put under DA Denial which means they did not have enough information to move forward with the case.

Case #: 21-CR-028933

Following this incident another misunderstanding had occured. I ended up going back to the establishment a few months later to grab dinner with my auntie, when I was approached by security guards who informed me that I was trespassing. This occurred on **06/18/2021**. Since the case was closed, I was not made aware that I was banned from being on the premises still. I assumed nothing ever went through, I thought going to the premises once more to celebrate with my auntie would not be an issue. Since the establishment was not made aware of my case being closed, they ended up arresting me for that misunderstanding. I was booked and kept at jail for about 7 hrs where they official closed the case after I pleaded that I was not made aware that this case was even open anymore or that there was any restraining order that involved me not stepping into the establishment.

Since then, I have learned my lesson and have since gotten legal advice on how to handle the situation so that this doesn't happen again. I got myself caught up in an incident that could potentially mess up my life. I know to make sure I do not surround myself with people who might put me in a bad situation

No matter what I am so excited to jump start my career in Pharmacy and continue my education. My intentions are to create a beautiful life and make my family proud. I enrolled myself into NCC in order to make a future for myself. The school helped me believe in myself and find what it is I want to do in life. I intend on living up to that expectation, because I believe everyone deserves a second chance to become a better person. I have been diligently working as a retail associate to keep up with bills, but will continue to aspire to become a pharmacy technician so that I can better myself

Kind Regards,
Amazi Harris

CAREER COLLEGE

To Whom It May Concern ,

I have known Amazi for some time now, she has excelled tremendously since attending school with us here at Northwest Career College in the Pharmacy Technician program. Amazi graduated with us with a 3.54 GPA. She went to class everyday and aspired to become pharmacy technician as this was something she wanted to do better serve her community.

Amazi is an amazing individual who strives to become better every day. Through meeting her I have learned that she has had some difficulties and misunderstands in the pass, which is why she decided to turn over a new leaf with us here at NCC . Amazi has remained in good contact with me as her graduate advisor so that we may seek potential opportunities for job placement as a Pharmacy Technician. One of the more remarkable things she mentioned to me when we had our introductory meeting was the fact that she learned a lot during her time at her externship and is so excited to jump into a new career field. Amazi Harris completed 240 hours of externship hours during her time at Well Care Closed Door Pharmacy .

Since then we found out there were some misunderstandings occurring between getting her license and her dream job. She has remained in good contact with us to make sure she is doing everything on her end to ensure she can be a step closer to her dream to be pharmacy technician. Amazi and I still talk constantly about the future job she will have one day once she sorts all of this out. Even when faced with challenges, Amazi continues to persevere through it all.

Please do not hesitate to contact me with any additional questions regarding Amazi

The reason why I did not put on application is because I read the question wrong and thought I didn't have to put on their because I was under the impression you only have to put 7 years and these cases happened over 10 years ago.

I was in a domestic violence relationship for 2 years, I got into a fight with my ex spouse while intoxicated the police were called. Sadly while being arrested I was violent with the police officers.

Okay.
I initially went to jail at Parr 3/1/22 for DV and Battery on protects person x2. I had court June 16th where I plead guilty to for the 2 batteries to have my felony of the DV dropped and my battery charges dropped down to misdemeanors. I was sentenced time served of 115 days, probation until August 2023 with suspended sentence while continuing Step2 rehabilitation program and with anger management classes (along with drug testing.)
I have completed the residential and currently with Step2 transitional housing. I am to see my probation officer every month with drug screening.
My case will continue to be open until my probation time frame is completed.

I believe that is when the charges would show differently in the system.

Goodmorning. I have been trying to reach out to my attorney and probation officer and I have not received a call or text back to obtain my most updated. The attachment I've submitted is the closet thing I have. I will be going to the courts to obtain what I can for documentation.
I am currently on probably until August 2023 for this charge. It will be going into a misdemeanor.

VEHICLE IN MOTION:
I had just completed a traffic stop at Alafaya Trl and Colleget. I was south on Alafaya Trl when the defendants vehicle passed me. I observed the defendant in the center lane weave into the right lane. The vehicles right tires went about 1 fot over the line to the defendants right. I then observed the defendants vehicle weave into the median lane to the defendants then back across the center lane to the median lane. The defendant cut off a white Nissan 4 door. The Nissan had to brake. Through out these lane changes I pace clocked the defendants vehicle speed at 64 mph. The defendant continued at this speed and weaving with in his lane at as we passed Lokanotosa Trl. I engaged my emergency lights and stopped the defendant in the entrance to the Pegasus Point Apartments.

PERSONAL CONTACT:
As I approached the drivers door I asked the defendant for his license and registration.the defendant produced and was identified by a Florida drivers license as Heriberto Martinez Jr with a DOB:02-14-82. I asked the defendant if he noticed the speed limit on Alafaya Trl, he told me 40. I told him it was 45 mph. I told the defendant the reason I stopped him was he was traveling at 64 mph in a posted 45 zone and he was all over the road. I could smell a strong odor of the impurities of a alcoholic beverage on the defendants breath and his eyes were B/S & Glassy. I asked the defendant if he had been drinking, he replied yeah. I asked the defendant, how much have you been drinking, he said six beers. I asked the defendant when did you start drinking tonight, he told me at 12. Asked when, he told me about two hours ago. I asked the defendant to perform a few field sobriety tests. He agreed and was cooperative. I asked the defendant the medical questions from the page #2 DUI Worksheet. The defendant stated he was wearing soft lens contact lenses.

PRE-ARREST SCREENING/FIELD SOBRIETY TESTS:
HGN-

During this test the defendant made the statement to me,"I'm done". I asked the defendant, what does that mean, do you think you've had to much to drink? The defendant answered, yes.

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-4, you have marked "YES" to in section 9 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 2 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
07/112007	08/23/2007	FL	Orlando	Orange

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court
2007-MM-006836-B-O	Orange County Clerk of Court

Reason/Charge
Battery; Violation of Probation

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy

Name of Business/Industry/Entity

Provide explanation below:

I was involved in an altercation while intoxicated downtown but was not arrested. Several months later I received a summons to appear in court for battery. I plead no contest and was sentenced to 6 months probation on 8/23/2007. On 12/15/2007 I was driving under the influence and had pulled over to the side of the road to sleep. A police officer approached to confront me and I was subsequently charged and arrested for two traffic violations, "attaching tag not assigned" and "possession of two valid driver's licenses" (my license plate transfer from my previous car to the new one had not been updated by the car dealership as promised; I also had in my possession my old driver's license which I thought I had lost and had put it in my glove compartment). I was then charged with violation of probation and was arrested on 1-14-2008. At my hearing on 3-4-2008, the "attaching tag not assigned" charged was dismissed, the "possession of 2 valid driver's license" charge was changed to "possession of no valid driver's license" and adjudication was withheld, and my violation of probation charge was dismissed and my probation terminated that day.

NARRATIVE: The undersigned has probable cause to believe the above-named defendant on the, 20 of October 2012 at 10:17 PM at COLONIAL DR (Zone: KORLE) in Orange County did

*****The DUI investigation portion of this probable cause statement was captured on my in-car camera system.*****

I responded to a traffic crash on State Road 50 just west of the intersection with State Road 434 in Orange County, Florida. When I arrived on scene, I observed that a red Chevrolet Impala had struck the rear of a beige Lincoln LS. Both vehicles were moved from the roadway prior to my arrival. I obtained a driver license, registration, and insurance from both drivers. I identified the driver of the red Impala as Heriberto Martinez Jr. I identified the driver of the beige LS as Roberto Rosa. Due to a possible warrant for Martinez, I also verified his identity using Rapid ID. Martinez informed me that he had seen the green light, hit the gas, and struck the car in front of him. He later told me that he was looking at his phone. As I spoke with Martinez about the crash, I noticed that his eyes were bloodshot and watery. I detected the strong odor of an alcoholic beverage on his breath. His speech was thick-tongued. I asked Martinez if he had consumed any alcohol. He stated that the had.

I informed Martinez that I had completed my crash investigation and would be conducting a criminal investigation for DUI. Based on the following factors, I requested that he attempt roadside exercises.

1. Martinez had caused a crash.
2. Martinez had bloodshot and watery eyes.
3. Martinez's speech was thick-tongued.
4. I detected the strong odor of an alcoholic beverage on Martinez's breath.
5. Martinez admitted to consuming alcohol prior to driving.

Martinez consented to attempt roadside exercise. He complained of no physical problems or illness. He stated that he was wearing contact lenses. He attempted the following exercises. The area in which he attempted these exercises was level, firm, well-lit, dry, and debris-free.

Follow the Pen:
Martinez swayed during the exercise. He failed to follow the lit stimulus continuously. He had lack of smooth pursuit, distinct and sustained horizontal gaze nystagmus at maximum deviation, onset of horizontal gaze nystagmus prior to 45 degrees, and vertical nystagmus in both eyes.

Walk and Turn:
Martinez could not keep his balance during the instruction phase. He attempted to start the exercise prior to me instructing him to do so. As he walked, he failed to watch his feet. He stumbled several times. He stepped off of the line 5 times. At one point, he mumbled that he had "failed."

One Leg Stand:
Martinez swayed while balancing on his left leg. He failed to watch his raised right foot. He put his foot down twice. He hopped to keep his balance. The first time he put his foot down, he left it on the ground for approximately 4 seconds. The second time he put his foot down, he left it on the ground for 6 seconds. I had to remind him to continue.

Internal Clock:
Martinez swayed during the exercise. His eyelids fluttered. At an elapsed time of 45 seconds, he opened his eyes and looked at me. He never stated "stop."

Martinez swayed during the exercise. His eyelids fluttered. On his first attempt, left, he touched his upper lip with the pad of his pointer finger before moving the pad of his pointer finger to the tip of his nose. On his second attempt, right, he touched this left nostril with the side of his pointer finger. On his third attempt, left, he touched the bridge of his nose with the pad of his pointer finger. On his fourth attempt, right, he touched the tip of his nose with the pad of his pointer finger. On his fifth attempt, right, he touched the bridge of his nose with the pad of his pointer finger. On his sixth attempt, left, he touched his right nostril with the side of his pointer finger.

Based on the aforementioned factors and his performance on roadside exercises, I placed Martinez under arrest for DUI with property damage. After his vehicle was removed by a J and B Towing, I transported him to the Orange County DUI testing center.

At the testing center, breath test operator J. Burke observed Martinez for 20 minutes. After this time period, I requested that Martinez submit to an approved breath test. When asked if he would take the test. He shook his head and stated, "No." When asked if he still refused to take the test knowing that his license would be suspended for at least one year, he stated, "Yes." Martinez refused to submit to a breath test.

After my report was completed, I transported Martinez to the Orange County Jail. I issued him DUI citation number 6078-XBO and Uniform Traffic Citation number 7545-WJK (careless driving).

I went in for treatment at the Orlando Recovery Center on 11-24-2016 and was released on 1-16-2017. PRN agrees to advocate on behalf of the Participant before the Participant's licensure board, hospital board, and other applicable entities provided the Participant is in compliance with all provisions of this Contract and the program.

I understand this Contract is not violated when my test results indicate my use of a medication that has been approved by PRN.

22. I understand that my PRN Facilitator will send quarterly updates to PRN regarding my status and progress during the term of this Contract.

23. I agree that I will not knowingly treat any other PRN impaired practitioner program participant during the term of this Contract. This provision does not obligate me to ask all those I treat whether they are in the PRN program but does, for example, obligate me to not treat those who I know are in the program (e.g., those in my same facilitated group meeting). I agree to immediately notify PRN if I learn that I have treated another program participant during the term of this Contract.

SUBSTANCE ABUSE/DEPENDENCY COMPONENT

24. I agree that I will not consume any alcohol in either beverage or food.

I applied for reciprocity with Texas and was required to appear at an informal conference regarding the disclosures on my application regarding my arrests/convictions and alcohol treatment. I was granted a license without disciplinary action provided I agree to participate in the Texas PRN program voluntarily. Texas PRN initially monitored me via communication with Florida PRN, but once my Florida PRN contract ended, Texas became my primary monitoring contract. I have been alcohol and substance-free, submitting to random drug and alcohol tests, attending AA meetings, attending individual treatment, and providing quarterly reports to my case manager. The contract is schedule to end around October 25, 2023.

Although there was no disciplinary action on my Texas license, I am providing a letter sent to me by the Texas State Board of Pharmacy that shows allegations discussed at the informal conference were dismissed.

Provide explanation below:

I applied for reciprocity for pharmacist licensure in Colorado. I met with an evaluator with the state's monitoring program, the Peer Health Assistance Program to determine my fitness for practicing pharmacy. I spoke with a Board employee afterwards and once they realized that I would not be moving to Colorado, they informed me that there was no mechanism in place to monitor me through their state's program. They then sent me a letter stating that they were denying my application, but that they would be willing to grant me a license with conditions. I agreed to the conditions and a probationary license was granted for the duration of my participation in the Florida PRN program. Once my Florida PRN program terminated and the Colorado Board was notified, my license was changed to unencumbered status (02/22/2022).

Provide explanation below:

I applied for reciprocity for pharmacist licensure in Nebraska. After a Board review, I was offered a probationary license to go along with monitoring by the state. They accepted my Texas PRN monitoring contract as sufficient and opted instead to receive quarterly reports from my Texas case manager. The probationary period is set to end 10-31-2023 which coincides with my anticipated end date for my Texas PRN contract.

**Please note, the document provided is a letter I received in the mail but is also the final document that is linked to my license on the license verification page. I've previously been asked to provide a Board order but this is the only document they have on file according to my compliance monitor, Anna Harrison.

These **Probationary** terms and conditions are imposed pursuant to:

> Neb. Rev. Stat. §38-178 (5) and (12) which states that "a credential may...have other disciplinary measures taken against it for...(5) Conviction of (a) a misdemeanor...under Nebraska law or federal law, or (b) a crime in any jurisdiction which, if committed within this state, would have constituted a misdemeanor...under Nebraska law and which has a rational connection with the fitness or capacity of the applicant or credential holder to practice the profession;... (12) Having had his or her credential denied...limited...or disciplined in any manner similar to section 38-196 by another state or jurisdiction based upon acts by the applicant or credential holder similar to acts described in this section..."

Once your license is issued, your compliance with the herein stated probationary terms and conditions will be monitored by the person whose name appears below. Therefore, you are to submit all reports and direct all questions to this person.

If you practice or reside in a jurisdiction other than Nebraska, such practice or residency shall not serve to reduce or satisfy the probationary terms and conditions unless that jurisdiction adopts the probationary terms and conditions that are on your Nebraska license. If this situation should occur, you may submit documentation that includes the terms/conditions of your licensure in the other jurisdiction. This information will be reviewed to determine equivalency with your Nebraska probationary terms and conditions.

Your failure to comply with the probationary terms and conditions is grounds for further disciplinary action against your license. Further, the Chief Medical Officer for the State of Nebraska may summarily suspend your license for non-compliance with any one or a combination of the above probationary terms and conditions.

Your acceptance of the offered license:

1. Requires that you practice under and comply with the herein stated probationary terms and conditions;
2. Nullifies the right to appeal the issuance of a probationary license; and
3. Signifies your understanding that the herein specified terms and conditions constitute a disciplinary action and that such disciplinary action (a) is a matter of public record; and (b) will be reported to any data banks to which such information is required to be reported.

This licensure decision will become final unless you request a hearing to appeal the decision. Such hearing request:

- Must be made in writing and received by the Department within thirty (30) days of the date of this letter; and
- Nullifies the herein offered probationary license. Therefore, you would not be authorized to practice during the course of the hearing process.

If you request a hearing, you will be notified of the date, time and place of the hearing and other pertinent information as required by law. You may request a copy of the Department's Rules of Practice and Procedure that further explain your rights in relation to that hearing. Following the hearing, The Director will enter an order setting forth the decision. The Director may:

1. Issue you a license; or
2. Issue you a probationary license; or
3. Modify the terms and conditions of the offer; or
4. Deny you a license.

If you do not respond in writing, by accepting the herein offered license or requesting a hearing, your application for a license shall be considered denied without further notice, effective thirty (30) days from the date of this letter. Any such denial is a matter of public record and will be reported to any data banks to which such information is required to be reported.

Please contact Vonda Apking, Health Licensing Coordinator, at (402) 471-4926 or vonda.apking@nebraska.gov if you have questions.

CONSENT ORDER FOR ISSUANCE OF CONDITIONAL LICENSE TO PRACTICE AS A PHARMACIST

The Applicant, HERIBERTO MARTINEZ, ("Applicant") hereby stipulates and agrees to the following based upon the Tennessee Board of Pharmacy's ("Board") recommendation for conditional licensure[1] to practice as a pharmacist ("license"):

I. Authority and Jurisdiction

The Board regulates and supervises pharmacies, pharmacists, pharmacy technicians, and pharmaceutical manufacturers, wholesalers, and distributors licensed to practice pursuant to the Tennessee Pharmacy Practice Act ("Practice Act"), Tennessee Code Annotated Section ("TENN. CODE ANN. §") 63-10-101, *et seq.*, including the discipline of licensees, as well as those who are required to be licensed, who violate the Practice Act and the Rules promulgated by the Board, Official Compilation of Rules and Regulations of the State of Tennessee ("TENN. COMP. R. & REGS."), 1140-01-.01, *et seq.* The Board enforces the Practice Act to promote and protect the health, safety and welfare of the public; accordingly, it is the policy of the Board to require strict compliance with the law and to apply the law to preserve the quality of pharmacy care provided in Tennessee.

II. Stipulations of Fact

1. In February of 2017, Applicant entered into a five-year contract with Professionals Resource Network – the state of Florida's Impaired Practitioners Program. As of

[1] This document shall be referred to as the "conditional license agreement."

December 4, 2018, Applicant has been complaint with all terms and conditions of the contract.

2. On or about August 9, 2018, Applicant submitted an application to the Board for licensure as a pharmacist in the State of Tennessee. Applicant answered "Yes" to the following application question:

> (a) "Have you within the most recent ten (10) years, been found guilty, regardless of whether adjudication of guilt was withheld, or pled guilty or nolo contendere to a criminal misdemeanor or felony in any jurisdiction?"

3. Respondent pled guilty to the following offense:

> (a) On November 12, 2012, in Orange County, Florida, Applicant pled guilty to Driving Under the Influence.

4. On December 3, 2018, during a regularly scheduled meeting of the Board and while Applicant was present during the meeting, the Board determined that Applicant's conduct in the forgoing matters (referenced in paragraph three (3)) was not consistent with the high standards which are requisite for a pharmacist and further determined Applicant's conduct in these matters constitutes a violation of the statutes and rules of the Board, enumerated in Section III, Stipulated Grounds for Discipline/Conditions, herein. As such, the Board voted to grant the application and a conditional license to Applicant to allow Applicant to practice as a pharmacist in the State of Tennessee; conditions detailed in Section IV, Stipulated Disposition, herein.

III. Stipulated Grounds for Discipline/Conditions

The Stipulations of Fact are sufficient to establish that Applicant has violated the following statutes or rules, for which disciplinary action, including denial of licensure, by the Board is authorized, TENN. CODE ANN. § 63-10-305, *et seq.*.

5. The facts stipulated in paragraphs one (1) – three (3) constitute proof of TENN. CODE ANN. § 63-10-305

(1) Been convicted of a crime;

(6) Been guilty of... unprofessional conduct[.]

IV. Stipulated Disposition

Applicant agrees to the following:

6. Upon the signatures of the Applicant, the Board's executive director, and advisory counsel for the Board (i.e. the effective date of this Order), the Applicant's application to practice as a pharmacist in the State of Tennessee shall be **GRANTED** and Applicant's license to practice as a pharmacist in the State of Tennessee shall be **ISSUED**. As conditions of granting the license, the applicant agrees to the following:

A. Applicant shall engage the Tennessee Pharmacy Recovery Network ("TPRN") for the purposes of demonstrating documented sobriety until, at a minimum, October of 2023. Applicant shall sign a monitoring agreement with TPRN and abide by all terms and conditions of the monitoring agreement[2]. Failure of Applicant to abide by all terms and conditions of the monitoring agreement shall be deemed a violation of this conditional license agreement and may result in the revocation of the conditional license to practice as a pharmacist.

B. Applicant shall be subjected to, among other things, random drug screens as part of the monitoring agreement with TPRN. The random drug screenings shall occur at

[2] Any monitoring agreement already in place at the time this conditional license agreement is signed may be extended until October of 2023 in order to fulfill the terms of this agreement. The decision to extend the terms of any current monitoring agreement, if applicable, shall be made by TPRN. TPRN shall have the right to alter or amend terms and conditions of the monitoring agreement from the effective date of this conditional license agreement until October of 2023.

such frequencies and intervals as determined by TPRN. Applicant shall be eligible for random drug screenings at any time. TPRN may coordinate with the Professionals Resource Network (located in the state of Florida) or any other peer assistance program for purposes of drug screens and results.

C. It shall be a violation of this conditional license agreement for Applicant to fail to engage TPRN within ten (10) days of the effective date of this order, to fail to remain engaged with TPRN, or for Applicant to fail to produce a sample for a random drug screen when requested to do so by TPRN, the Professionals Resource Network, or any other peer assistance program. TPRN shall immediately notify the Board's executive director in the event Applicant fails to engage TPRN, fails to remain engaged with TPRN, or fails to produce a sample for a random drug screen when requested to do so by TPRN, the Professionals Resource Network, or any other peer assistance program.

D. In the event Applicant produces a positive sample from any random drug screen (facilitated by TPRN, the Professionals Resource Network, or any other peer assistance program) for any panel tested within the random drug screen, TPRN shall cause to have the positive random drug screen results certified and TPRN shall forward the results of a positive drug screen to the Board's executive director within one (1) business day of (TPRN) obtaining certification of the drug screen results.

E. It shall be a violation of this conditional license agreement to produce a positive sample (of any panel tested) from a random drug screen as certified by TPRN, the Professionals Resource Network, or any other peer assistance program.

F In the event Applicant violates any term of this conditional license agreement, the

violation shall be considered a failure to comply with a lawful order of the Board. TENN. CODE ANN. § 63-10-306(8).

7. Applicant shall keep the Board informed, via the Board's executive director, at all times as to the time and place of his employment as a pharmacist.

V. Representations of Applicant

8. Applicant freely, knowledgeable, and voluntarily admits and understands the allegations, charges, and stipulations in this conditional license agreement.

9. Applicant understands and agrees that facsimile/PDF copies of this conditional license agreement, including facsimile/PDF signatures thereto, shall have the same force and effect as originals.

10. Applicant agrees that the Board may issue this conditional license agreement without further process.

VI. Notice

11. This conditional license agreement is considered a formal disciplinary action and may be reported to the National Practitioner Data Bank.

12. By practicing pursuant to this conditional license agreement and by his signature, Applicant expressly acknowledges that he was fully and completely informed of his right to due process and right to legal counsel, that he fully understands those rights, and that he knowingly, voluntarily, and willingly agrees to waive those rights, and that he will practice the profession of pharmacy in the State of Tennessee in conformity with the requirements set forth in this conditional license agreement and all applicable federal and state pharmacy and drug laws.

Case Number: 194781

CONSENT ORDER

JURISDICTION AND PROCEDURAL HISTORY

The Virginia Board of Pharmacy ("Board") and Heriberto Martinez, Jr., as evidenced by their signatures hereto, in lieu of proceeding to an informal conference, enter into the following Consent Order affecting Mr. Martinez's application for licensure by endorsement to practice pharmacy in the Commonwealth of Virginia.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

1. Heriberto Martinez, Jr., submitted an application for licensure by endorsement to practice pharmacy in the Commonwealth of Virginia on February 28, 2019.

2. Mr. Martinez violated Virginia Code § 54.1-3316(4) in that he is unsafe to practice pharmacy due to alcohol abuse, as evidence by the following:

a. On December 10, 2003, Mr. Martinez was convicted of driving under the influence of alcohol in the County Court of the Ninth Judicial Circuit, Orange County, Florida.

b. On August 23, 2007, Mr. Martinez was convicted of battery in the Circuit Court of the Ninth Judicial Circuit, Orange, Florida. Mr. Martinez indicated that he was intoxicated at the time of the altercation.

c. On November 29, 2012, Mr. Martinez was again convicted of driving under the influence of alcohol in the County Court of the Ninth Judicial Circuit, Orange County, Florida.

d. Mr. Martinez reported to an investigator with the Department of Health Professions ("DHP Investigator") that on November 15, 2016, he was sent home from work while working at Davita Rx, Orlando, Florida, because he was intoxicated. Ultimately, Mr. Martinez's employment with Davita Rx was terminated for being impaired at work.

e. Mr. Martinez received treatment at the Orlando Recovery Center between November 24, 2016 and January 16, 2017 for alcohol dependence.

f. During the course of his treatment at Mindful Behavioral Healthcare, Kissimmee, Florida, in 2018, Mr. Martinez was diagnosed with alcohol dependence with alcohol-induced anxiety disorder.

g. Mr. Martinez enrolled in impaired practitioner programs in Florida, Texas, and Tennessee. Specifically:

i. Mr. Martinez entered into a five-year contract with the Florida Professionals Resource Network ("Florida PRN") on February 2, 2017. Mr. Martinez is in compliance with the terms of this monitoring program.

ii. Mr. Martinez entered into a five-year contract with the Texas Professional Recovery Network ("Texas PRN") on October 24, 2018. He is in compliance with the terms of this monitoring program.

iii. Mr. Martinez entered into an Extended Aftercare Contract with the Tennessee Pharmacist Recovery Network on December 23, 2018, which runs concurrently with his Florida PRN and Texas PRN contacts until at least October 23, 2023, when the Texas PRN contract is completed. He is compliant with the terms of this monitoring program.

3. Mr. Martinez violated Virginia Code § 54.1-3316(10) in that by Order of the Alabama State Board of Pharmacy entered on September 5, 2018, his application to practice pharmacy in the State of Alabama was denied. This Order was based on findings related to Mr. Martinez' criminal convictions and participation in the Florida PRN.

4. Mr. Martinez reported to the DHP Investigator that his date of sobriety is November 17, 2016.

5. Mr. Martinez otherwise meets the requirements of Virginia Code § 54.1-3313.

6. Pursuant to Virginia Code § 54.1-2400.2(K), the Board considered whether to disclose or not disclose Mr. Martinez's health records or health services.

CONSENT

Heriberto Martinez, Jr., by affixing his signature to this Consent Order, agrees to the following:

1. I have been advised to seek advice of counsel prior to signing this document;

2. I am fully aware that without my consent, no legal action can be taken against me except pursuant to the Virginia Administrative Process Act, Virginia Code § 2.2-4000 *et seq.*;

3. I acknowledge that I have the following rights, among others: the right to an informal fact-finding conference before the Board; and the right to representation by counsel;

4. I waive my right to an informal conference;

5. I admit to the Findings of Fact and Conclusions of Law contained herein and waive my right to contest such Findings of Fact and Conclusions of Law and any sanction imposed hereunder in any future judicial or administrative proceeding in which the Board is a party;

6. I consent to the entry of the following Order affecting my application for licensure to practice pharmacy in the Commonwealth of Virginia.

ORDER

Based on the foregoing Findings of Fact and Conclusions of Law, the Virginia Board of Pharmacy hereby ORDERS as follows:

1. The application of Heriberto Martinez, Jr., for licensure to practice pharmacy in the Commonwealth of Virginia is APPROVED contingent upon Mr. Martinez's entry into the Health Practitioners' Monitoring Program ("HPMP"). Thereafter, Mr. Martinez shall comply with the terms and conditions of the HPMP for the period specified by the HPMP.

2. Upon receipt of evidence of Mr. Martinez's participation in and successful completion of the terms specified by the HPMP, the Board, at its discretion, may waive Mr. Martinez's appearance before the Board and conduct an administrative review of this matter, at which time he may be issued an unrestricted licensure.

3. Mr. Martinez shall comply with all laws and regulations governing the practice of pharmacy in the Commonwealth of Virginia.

4. Any violation of the foregoing terms and conditions of this Order or any statute or regulation governing the practice of pharmacy shall constitute grounds for further disciplinary action.

Pursuant to Virginia Code §§ 2.2-4023 and 54.1-2400.2, the signed original of this Order shall remain in the custody of the Department of Health Professions as a public record, and shall be made available for public inspection and copying upon request.

In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

I attest to the knowledge of and compliance with the guidelines of the Centers for Disease Control and Prevention concerning the prevention of transmission of infectious agents through safe and appropriate injection practices. NRS 639.132

I understand that Nevada law requires a registered pharmacist who, in their professional or occupational capacity, knows or has reasonable cause to believe a child has been abused/neglected to report the abuse/neglect to an agency which provides child welfare services or to a local law enforcement agency, and make such a report as soon as reasonably practicable but not later than 24 hours after the person knows or has reasonable cause to believe that the child has been abused/neglected. Dear members of the board,

My name is Phuong Mai, and I am a PharmD graduate from South University College of Pharmacy in Savannah, Georgia. I am writing to request for an approval of retaking my Nevada MPJE, since I have not been able to obtain a passing score on my previous exams. I attribute my unsuccessful attempts to emotional distress from my father's health condition and the lack of practical experience, which I have overcome.

As soon as I graduated from Pharmacy school in 2019, I was eager to be licensed in home state Nevada, and I made my first premature attempt in taking the NV MPJE. As a result, I did not pass the exam. Not long after that, my father received the diagnosis of metastatic liver cancer at the age of 58. Consequently, I spent the majority of my time and energy looking for ways and places to have his cancer best treated. I tried to provide emotional support to my parents, while studying for the MPJE exam among other things. The emotional distress had deprived me of my ability to make rational decisions on how to tackle the exam properly as well as during the exam itself. During the years of 2019 and 2020, I have taken the MPJE multiple times without any success. I realized I had to improve my strategy.

In 2021, I decided to approach my Pharmacy career in a slightly different way: I passed Arizona and Utah MPJE exams. I regained my confidence as I got licensed from the neighboring states, and more so when I started my first pharmacist job in Kingman, AZ in early 2022. Working as a pharmacist helps me consolidate what I have read from the Law documents and study materials, as well as experience how Pharmacy Law affects me in practice. The questions and scenarios I once found challenging to conceptualize are now manageable. I feel ready to retake the NV MPJE, as I desperately want to live and work in my home state.

I really hope I can be reconsidered for an opportunity to take the NV MPJE again. In the past few years, I have grown from a new graduate with limited exposure to the real practice of pharmacy to a pharmacist who takes charge in a pharmacy and makes a positive impact on patients' health. If approved, I will take this opportunity very seriously and prepare myself the best I can to pass this exam. I thank you all for your time in reading this letter and considering my request.

Sincerely,

Phuong Mai, PharmD

CALIFORNIA STATE BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Petition for Reinstatement of:

CESAR B. CABRERA, Petitioner

Agency Case No. 2949

OAH No. 2021030370

DECISION

This matter was heard on March 18, 2021, before a quorum of the California State Board of Pharmacy (Board), Department of Consumer Affairs, by WebEx. Administrative Law Judge Coren D. Wong, Office of Administrative Hearings, State of California, presided.

Kristina T. Jarvis, Deputy Attorney General, appeared pursuant to Government Code section 11522.

Adam B. Brown of the Law Office of Brown & Brown represented petitioner Cesar B. Cabrera, who was present throughout the hearing.

Evidence was received, the record closed, and the matter submitted for written decision on March 18, 2021.

SUMMARY

Petitioner seeks reinstatement of his license to practice pharmacy, which was revoked because he violated the conditions of his probation. When all the evidence is considered, petitioner established that he has been sufficiently rehabilitated to justify reinstating his license after he completes the licensing examinations and pays the outstanding costs he owes the Board. Therefore, his petition is granted.

FACTUAL FINDINGS

License History

1. The Board issued petitioner Pharmacist License Number RPH 41132 on August 18, 1987.

PRIOR ACCUSATION

2. On July 27, 2004, a former Executive Officer of the Board signed an Accusation seeking to discipline petitioner's license because he was convicted of a crime substantially related to the qualifications, functions, or duties of a pharmacist – possession for sale of hydrocodone. Petitioner signed a stipulated settlement placing his license on probation for five years. Conditions of probation included: 1) a 90-day license suspension; 2) reimbursing the Board $6,300 for its costs of investigation and enforcement; 3) completing a rehabilitation program; and 4) abstain from drugs and alcohol.

3. The Board adopted the stipulated settlement on February 4, 2005. Petitioner's five-year probation period began March 5, 2005.

PETITION TO REVOKE PROBATION

4. On April 21, 2006, a former Executive Officer of the Board filed a Petition to Revoke petitioner's probation. The Petition to Revoke alleged that petitioner: 1) practiced pharmacy while his license was suspended; 2) failed to reimburse the Board for its costs of investigation and enforcement; 3) failed to comply with the requirements of a rehabilitation program by being terminated from the Pharmacist Recovery Program (PRP), testing positive for alcohol, returning to work without having a worksite monitor agreement, working at a facility with a relative, failing to enter inpatient chemical dependency treatment, returning to work after relapse, returning to work after being suspended by the PRP, and failing to comply with his PRP contract; and 4) tested positive for alcohol.

5. Petitioner signed a stipulated settlement revoking his license. The Board issued a Decision and Order adopting the stipulated settlement on January 22, 2007, and the effective date of petitioner's license revocation was February 21, 2007.

Petition for Reinstatement

6. On November 26, 2019, petitioner signed a Petition for Reinstatement, which the Board received three months later.

7. Petitioner has been sober from alcohol since July 17, 2009. He obtained his sobriety by attending a 28-day residential treatment program at Hoag Hospital Addiction Treatment, completing an intensive outpatient program at Pacific Hills Treatment, participating in group therapy at Addiction Treatment for Health Care Professionals, and completing a nine-month/500-hour residential treatment program at Residential Drug Abuse Program. Petitioner continues to attend Alcoholics Anonymous meetings to help maintain his sobriety.

8. Petitioner obtained his drug and alcohol counselor certificate from Saddleback College in 2014, and has been working in the recovery field since then. He has worked as a Case Manager/Certified Counselor at Sobertec, LLC, a Case Manager/Behavioral Technician at SoCal Detox, LLC, and the Clinical Director/Program Director for Beachside Recovery, LLC.

9. Petitioner was the Executive Director of Milestone Addiction Centers from August 2016 to June 2019. He was responsible for overseeing the day-to-day operations of a 52-bed residential treatment center in Costa Mesa, California. He has been the Assistant Clinical Director and Compliance Officer for Inspire Health Center since June 2019. Inspire Health Center is a residential drug and alcohol treatment facility in Newport Beach, California. He is responsible for overseeing the clinical aspect of the treatment program and assisting with administrative duties. Additionally, he helps develop, initiate, maintain, and revise policies and procedures to ensure the program remains in compliance with the Joint Commission on Accreditation of Health Care Organizations and state licensing requirements.

10. Petitioner discovered a new passion working with those addicted to drugs and/or alcohol. He estimated the number of people he has counseled since 2014 to be "in the hundreds." He explained that working with others battling addictions keeps him "grounded." If his license is reinstated, he intends to continue serving those in recovery by working at a retail pharmacy that serves detox facilities and residential treatment homes.

11. Petitioner completed 62.5 hours of continuing education between June 14, 2017, and February 5, 2021. However, only 30.5 hours were Board-approved programs, all of which were completed on February 4 and 5, 2021. At hearing,

petitioner explained the remaining 32 hours were completed as part of the requirements for maintaining his drug and alcohol counselor certificate.

12. Petitioner submitted four letters of recommendation that were subsequently verified by Board staff – two from licensed pharmacists and two from citizens. Although the two licensed pharmacists were aware of petitioner's disciplinary history, neither of the citizens were. However, all four authors wrote in favor of reinstating petitioner's license.

13. At hearing, petitioner recognized that his license could be reinstated on a probationary basis, and unhesitatingly expressed his willingness to comply with any terms and conditions imposed by the Board. He explained he did not understand his obligation to reimburse the Board for its costs of investigation and enforcement prior to his license being revoked, but now recognizes his obligation to do so. He owed $3,137.50 as of the date of hearing.

Analysis

14. The conduct underlying the Board's revocation of petitioner's license was serious. He violated the Pharmacy Law (Bus. & Prof. Code, § 4000 et seq.), and the Board deemed it appropriate to place him on five years' probation. He violated numerous conditions of probation, including the temporary suspension of his license. Petitioner's license was revoked on February 21, 2007, and he has not practiced pharmacy for more than 14 years.

15. Petitioner spent the first few years after his license was revoked focusing on obtaining sobriety from alcohol. He achieved sobriety on July 17, 2009, and has maintained his sobriety ever since. He obtained certification as a drug and alcohol counselor in 2014 and committed himself to helping others battling addiction. He

confirmed his commitment at hearing by describing his plans to work in a retail pharmacy serving detox facilities and residential treatment homes if his license is reinstated.

16. Petitioner's evidence and testimony was credible. He demonstrated insight into the misconduct which led to his license being revoked. He showed remorse for that conduct. When all the evidence is considered, petitioner produced clear and convincing evidence of his ability to return to the practice of pharmacy in a manner consistent with public health, safety, and welfare, subject to the conditions precedent specified below.

LEGAL CONCLUSIONS

Applicable Burden/Standard of Proof

1. Petitioner has the burden of proving his eligibility for reinstatement, and he must do so by clear and convincing evidence. (*Hippard v. State Bar of California* (1990) 49 Cal.3d 1084, 1091-1092.) "The courts have defined clear and convincing evidence as evidence which is so clear as to leave no substantial doubt and as sufficiently strong to command the unhesitating assent of every reasonable mind. [Citations.] It has been said that a preponderance calls for probability, while clear and convincing proof demands a high probability [citations]." (*In re Terry D.* (1978) 83 Cal.App.3d 890, 899; italics omitted.)

Applicable Law

2. A pharmacist may petition the Board for reinstatement after three years have elapsed since the effective date of the disciplinary order. (Bus. & Prof. Code, §

4309, subd. (a)(1).) When deciding a petition, the Board may consider factors such as the petitioner's actions since discipline was imposed, the offenses for which discipline was opposed, and the petitioner's rehabilitation. (Bus. & Prof. Code, § 4309, subd. (d)(1), (2) & (4).)

The Attorney General must be given notice of any petition filed, and "shall be afforded an opportunity to present either oral or written argument before the" Board. (Gov. Code, § 11522.)

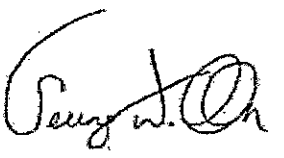
Conclusion

3. Petitioner met his burden of producing clear and convincing evidence of sufficient rehabilitation to justify reinstatement for the reasons explained in Factual Findings 14 through 16. Therefore, his Petition for Reinstatement is granted.

ORDER

It is hereby ordered that petitioner Cesar B. Cabrera's petition for reinstatement is GRANTED. Upon satisfaction of the following conditions precedent, Pharmacist License Number RPH 41132 shall be reinstated:

1. Petitioner shall take and pass The North American Pharmacist Licensure Examination (NAPLEX) and the California Practice Standards and Jurisprudence Examination for Pharmacists (CPJE) within one (1) year of the effective date of this Order. Failure to take and pass the examinations within one (1) year of the effective date of this Order shall invalidate the order granting the petition for reinstatement, petitioner shall be deemed to have failed the conditions precedent for re-licensure, and Pharmacist License Number RPH 41132 shall remain revoked.



2. Petitioner shall pay the fees in place at the time for these examinations.

3. Petitioner shall pay all applicable application and licensing fees as well as any outstanding costs of investigation and enforcement.

This Decision shall become effective at 5:00 p.m. on July 28, 2021.

It is so ORDERED on June 28, 2021.

To the Reinstatement Committee:

It is my pleasure to provide support of the application for reinstatement for Dr. Cesar Cabrera, Pharm. D. Our families have known each other for over 15 years. We were members at the Cabrera's martial arts school. We also attend the same church and have supported each other's children in spiritual mission trips. During this time I came to know Dr. Cabrera as a professional colleague. I have personally witnessed Dr. Cabrera's de-escalate an agitated patient with his demeanor and professionalism at his previous pharmacist position prior to the revocation. I am fully aware of the details for case numbers: 2949 and 2777 and understand the Board of Pharmacy's disciplinary penalties imposed upon Dr. Cabrera.

Over the period of revocation, I have observed Dr. Cabrera making improvements in his personal and professional struggles and continues to provide the best he can for his family. Dr. Cabrera has attended our church's support group for chemical dependency as well as other outside support and recovery programs.
Professionally, Dr. Cabrera has acquired a certificate as an addiction counselor and has been counseling patients and is currently working as an administrator for an addiction center. His current knowledge in addiction treatment exceeds the knowledge of general practicing pharmacists.

With his specialized knowledge and experience, and my observed performance, I would support the reinstatement of Dr. Cabrera's pharmacist license.
I believe Dr. Cabrera has much to offer and contribute to the care and safety of the public and the profession.

Sincerely,

To the Reinstatement Committee:

I am writing this letter of recommendation on behalf of Cesar Cabrera. I have known Cesar personally since 2015 and have worked with him as a colleague since 2016. I am a client advocate/case manager for Milestone Addiction Centers in Costa Mesa and Cesar is my supervisor. It is with much enthusiasm that I recommend and support Cesar Cabrera for reinstatement.

On a personal level, Cesar and I share similar stories as it relates to substance use issues and recovery in the past and he has shared his trials and tribulations that resulted in the loss of his pharmacy license. As a result, we have become very close and we have even attended 12 step meetings on occasion. As a counselor, Cesar has vast knowledge of the addiction field because of his pharmacy background and he is able to connect and build rapport with the clients that need help.

I have seen the growth and transformation of Cesar in his recovery over the years I have known him. He is humble in so many ways and he is grateful for all the things that sobriety has brought in his life. It is with great pleasure that I recommend Cesar for reinstatement.

Sincerely,
Rick Hughes

Since meeting Dr. Cabrera, I have looked up to him and his constant motivation to make improvements to not only his work life and relationships, but also his personal life and relationships. He strives to make others' lives better on a daily basis. When asked for help, Dr. Cabrera always helps without hesitation.

Dear California State Board of Pharmacy,

It is with great pleasure that I write this letter recommending Cesar Cabrera for reinstatement to practice pharmacy. I am aware that Cesar surrendered his License in 2007 because of his issues with substance abuse. I've known Cesar and his wife for 2 years now and he has been able to overcome that addiction by seeking help at a treatment center. From his stay at the treatment center he was able to stay grounded and humble. Then after successful graduation from the treatment realized that this is the world that Cesar is interested in so he went back to school to receive a certification for Drug and Alcohol studies. From there he used his pharmacy background to help open and develop Detox and residential programs at several recovery centers. Cesar currently serves as the Executive Director at Milestone Addiction Centers. Cesar understands the troubles that addiction causes and nothing makes him happier than to be able to help people who are struggling with this. Since he is so involved with patients Cesar is constantly reminded that he does not want to fall back into the world of addiction and abuse. I truly believe that Cesar has learned from his past mistakes and will not partake in any future faults.

Thank you for taking the time toread my letter. I can be reached at 925-[redacted] or at [redacted]

Sincerely,

Tien Minh Vo

To the Reinstatement Committee:
California Board of Pharmacy,

I am writing on behalf of Cesar Cabrera. I have known Cesar Cabrera for the past 2 years and it is with great pleasure to write a letter recommending for his reinstatement to practice pharmacy once again. I have known Cesar as a hard-working individual with dedication to the clients he helps at Inspire Health Center as the Assistant Clinical Director. He is reliable and he is always there to help anyone that is in need.

I am aware of the unfortunate situation Cesar has gone through with his substance use and that he had to surrender his pharmacy license some 14 years ago. I've known Cesar through communication with Inspire Health Centers and through his wife who is a colleague at the pharmacy. Cesar Cabrera went back to school to study and obtain a certification in Drug and Alcohol studies. With the use of his pharmacy background, he has helped open several Detox and Residential treatment centers, his latest being Inspire Health Centers as an Assistant Clinical Director.

I believe Cesar Cabrera will be an asset in the practice of pharmacy by gaining experience in the process of addiction because he will be able to recognize the patient who are struggling with substances and he will be able to offer help. We are in a time where substance use is increasing and causing untimely deaths to many. With Cesar's experience in the field of addiction, he plays a big part in the prevention of this uncanny disease of addiction. It is this reason why I strongly recommend the reinstatement of Cesar as a pharmacist.

Sincerely,

Craig Hitchman

Re: Inquiry from ~~Oregon~~ NEVADA Board of Pharmacy

Dear Cesar-

I've reviewed the items requested by Mr. Hunt of the Board of Pharmacy. You have asked me to address items 2, 4, 5 and 7 of the requests.

Initially, I note that along with attorney (now Superior Court Judge) Gary Pohlson, I represented you on the federal case in Santa Ana, California from 2008 to 2010. In that the case is 12 years old, I have no hard copies of your case material. I do, however, have some electronic documents, plus access to PACER, the federal court docket system.

I have the following responses to the items listed:

2. The 2-6-04 incident was 3-4 years before I began representing you. I have no recall of such an event and no responding documents.

4. On 6-5-08, DEA arrested you and took you to their Orange County offices. You and I spent several hours with the agents and

• Admitted-California & Hawaii • Fellow-American College of Trial Lawyers •
fax: 949-706-9994 • e-mail: deansteward7777@gmail.com

agreed to cooperate and assist them in further investigation. You were released that day and if there was a report generated, it was never shared with you and me.

5. The 7-14-08 incident was our initial appearance in federal court in Santa Ana after arriving at a disposition. You were summoned to court, not arrested. You were admitted to bail after a routine court appearance. I attach the docket entry for that day.

7. On the August 16, 2010 incident, I am unaware of any such occurrence. I believe that was about the time you self-surrendered to serve your sentence. I have checked the PACER data base for the District of Kansas and your name does not appear there. I attached confirmation.

Please let me know if you need any further information.

Sincerely,

H. Dean Steward

Effective July 22, 2021, your petition for reinstatement of Pharmacist License No. RPH 41132, is granted. Upon satisfaction of the following conditions, your pharmacist license shall be reinstated:

a. Take and pass the California Pharmacist Jurisprudence Examination (CPJE) and Northern American Pharmacist Licensure Examination (NAPLEX) within one (1) year of the effective date of this decision. Failure to take and pass the examinations within one (1) of the effective date of this Order shall invalidate the order granting the petition for reinstatement, petitioner shall be deemed to have failed the conditions precedent to re-licensure and your pharmacist license shall remain revoked.
b. You shall pay all costs of the examinations required by the Board.
c. You are required to be fingerprinted as part of the re-licensure process. Live scan information can be found on the Board's website as part of the pharmacist licensure and examination application packet. Please submit a copy of the completed live scan form with a copy of this letter. Upon written notice by the Board indicating fulfillment of these conditions, your license will be fully reinstated. In addition, upon successful passing the examinations you shall pay the licensing fee of $527.00 ($505 renewal fee, $22 CURES fee).

If you wish to file a petition for reconsideration pursuant to Government Code section 11521, the petition must be received prior to the effective date of the decision. However, please be aware the Board needs approximately five days to process a petition for reconsideration. Attached is a copy of the Government Code section for your review.

In the Matter of the Petition for Reinstatement of:

CESAR B. CABRERA, Petitioner

Agency Case No. 2949

OAH No. 2021030370

DECISION

This matter was heard on March 18, 2021, before a quorum of the California State Board of Pharmacy (Board), Department of Consumer Affairs, by WebEx. Administrative Law Judge Coren D. Wong, Office of Administrative Hearings, State of California, presided.

Kristina T. Jarvis, Deputy Attorney General, appeared pursuant to Government Code section 11522.

Adam B. Brown of the Law Office of Brown & Brown represented petitioner Cesar B. Cabrera, who was present throughout the hearing.

Evidence was received, the record closed, and the matter submitted for written decision on March 18, 2021.

SUMMARY

Petitioner seeks reinstatement of his license to practice pharmacy, which was revoked because he violated the conditions of his probation. When all the evidence is considered, petitioner established that he has been sufficiently rehabilitated to justify reinstating his license after he completes the licensing examinations and pays the outstanding costs he owes the Board. Therefore, his petition is granted.

FACTUAL FINDINGS

License History

1. The Board issued petitioner Pharmacist License Number RPH 41132 on August 18, 1987.

PRIOR ACCUSATION

2. On July 27, 2004, a former Executive Officer of the Board signed an Accusation seeking to discipline petitioner's license because he was convicted of a crime substantially related to the qualifications, functions, or duties of a pharmacist – possession for sale of hydrocodone. Petitioner signed a stipulated settlement placing his license on probation for five years. Conditions of probation included: 1) a 90-day license suspension; 2) reimbursing the Board $6,300 for its costs of investigation and enforcement; 3) completing a rehabilitation program; and 4) abstain from drugs and alcohol.

3. The Board adopted the stipulated settlement on February 4, 2005. Petitioner's five-year probation period began March 5, 2005.

PETITION TO REVOKE PROBATION

4. On April 21, 2006, a former Executive Officer of the Board filed a Petition to Revoke petitioner's probation. The Petition to Revoke alleged that petitioner: 1) practiced pharmacy while his license was suspended; 2) failed to reimburse the Board for its costs of investigation and enforcement; 3) failed to comply with the requirements of a rehabilitation program by being terminated from the Pharmacist Recovery Program (PRP), testing positive for alcohol, returning to work without having a worksite monitor agreement, working at a facility with a relative, failing to enter inpatient chemical dependency treatment, returning to work after relapse, returning to work after being suspended by the PRP, and failing to comply with his PRP contract; and 4) tested positive for alcohol.

5. Petitioner signed a stipulated settlement revoking his license. The Board issued a Decision and Order adopting the stipulated settlement on January 22, 2007, and the effective date of petitioner's license revocation was February 21, 2007.

Petition for Reinstatement

6. On November 26, 2019, petitioner signed a Petition for Reinstatement, which the Board received three months later.

7. Petitioner has been sober from alcohol since July 17, 2009. He obtained his sobriety by attending a 28-day residential treatment program at Hoag Hospital Addiction Treatment, completing an intensive outpatient program at Pacific Hills Treatment, participating in group therapy at Addiction Treatment for Health Care Professionals, and completing a nine-month/500-hour residential treatment program at Residential Drug Abuse Program. Petitioner continues to attend Alcoholics Anonymous meetings to help maintain his sobriety.

8. Petitioner obtained his drug and alcohol counselor certificate from Saddleback College in 2014, and has been working in the recovery field since then. He has worked as a Case Manager/Certified Counselor at Sobertec, LLC, a Case Manager/Behavioral Technician at SoCal Detox, LLC, and the Clinical Director/Program Director for Beachside Recovery, LLC.

9. Petitioner was the Executive Director of Milestone Addiction Centers from August 2016 to June 2019. He was responsible for overseeing the day-to-day operations of a 52-bed residential treatment center in Costa Mesa, California. He has been the Assistant Clinical Director and Compliance Officer for Inspire Health Center since June 2019. Inspire Health Center is a residential drug and alcohol treatment facility in Newport Beach, California. He is responsible for overseeing the clinical aspect of the treatment program and assisting with administrative duties. Additionally, he helps develop, initiate, maintain, and revise policies and procedures to ensure the program remains in compliance with the Joint Commission on Accreditation of Health Care Organizations and state licensing requirements.

10. Petitioner discovered a new passion working with those addicted to drugs and/or alcohol. He estimated the number of people he has counseled since 2014 to be "in the hundreds." He explained that working with others battling addictions keeps him "grounded." If his license is reinstated, he intends to continue serving those in recovery by working at a retail pharmacy that serves detox facilities and residential treatment homes.

11. Petitioner completed 62.5 hours of continuing education between June 14, 2017, and February 5, 2021. However, only 30.5 hours were Board-approved programs, all of which were completed on February 4 and 5, 2021. At hearing,

petitioner explained the remaining 32 hours were completed as part of the requirements for maintaining his drug and alcohol counselor certificate.

12. Petitioner submitted four letters of recommendation that were subsequently verified by Board staff – two from licensed pharmacists and two from citizens. Although the two licensed pharmacists were aware of petitioner's disciplinary history, neither of the citizens were. However, all four authors wrote in favor of reinstating petitioner's license.

13. At hearing, petitioner recognized that his license could be reinstated on a probationary basis, and unhesitatingly expressed his willingness to comply with any terms and conditions imposed by the Board. He explained he did not understand his obligation to reimburse the Board for its costs of investigation and enforcement prior to his license being revoked, but now recognizes his obligation to do so. He owed $3,137.50 as of the date of hearing.

Analysis

14. The conduct underlying the Board's revocation of petitioner's license was serious. He violated the Pharmacy Law (Bus. & Prof. Code, § 4000 et seq.), and the Board deemed it appropriate to place him on five years' probation. He violated numerous conditions of probation, including the temporary suspension of his license. Petitioner's license was revoked on February 21, 2007, and he has not practiced pharmacy for more than 14 years.

15. Petitioner spent the first few years after his license was revoked focusing on obtaining sobriety from alcohol. He achieved sobriety on July 17, 2009, and has maintained his sobriety ever since. He obtained certification as a drug and alcohol counselor in 2014 and committed himself to helping others battling addiction. He

confirmed his commitment at hearing by describing his plans to work in a retail pharmacy serving detox facilities and residential treatment homes if his license is reinstated.

16. Petitioner's evidence and testimony was credible. He demonstrated insight into the misconduct which led to his license being revoked. He showed remorse for that conduct. When all the evidence is considered, petitioner produced clear and convincing evidence of his ability to return to the practice of pharmacy in a manner consistent with public health, safety, and welfare, subject to the conditions precedent specified below.

LEGAL CONCLUSIONS

Applicable Burden/Standard of Proof

1. Petitioner has the burden of proving his eligibility for reinstatement, and he must do so by clear and convincing evidence. (*Hippard v. State Bar of California* (1990) 49 Cal.3d 1084, 1091-1092.) "The courts have defined clear and convincing evidence as evidence which is so clear as to leave no substantial doubt and as sufficiently strong to command the unhesitating assent of every reasonable mind. [Citations.] It has been said that a preponderance calls for probability, while clear and convincing proof demands a high probability [citations]." (*In re Terry D.* (1978) 83 Cal.App.3d 890, 899; italics omitted.)

Applicable Law

2. A pharmacist may petition the Board for reinstatement after three years have elapsed since the effective date of the disciplinary order. (Bus. & Prof. Code, §

4309, subd. (a)(1).) When deciding a petition, the Board may consider factors such as the petitioner's actions since discipline was imposed, the offenses for which discipline was opposed, and the petitioner's rehabilitation. (Bus. & Prof. Code, § 4309, subd. (d)(1), (2) & (4).)

The Attorney General must be given notice of any petition filed, and "shall be afforded an opportunity to present either oral or written argument before the" Board. (Gov. Code, § 11522.)

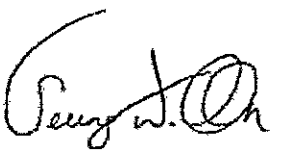
Conclusion

3. Petitioner met his burden of producing clear and convincing evidence of sufficient rehabilitation to justify reinstatement for the reasons explained in Factual Findings 14 through 16. Therefore, his Petition for Reinstatement is granted.

ORDER

It is hereby ordered that petitioner Cesar B. Cabrera's petition for reinstatement is GRANTED. Upon satisfaction of the following conditions precedent, Pharmacist License Number RPH 41132 shall be reinstated:

1. Petitioner shall take and pass The North American Pharmacist Licensure Examination (NAPLEX) and the California Practice Standards and Jurisprudence Examination for Pharmacists (CPJE) within one (1) year of the effective date of this Order. Failure to take and pass the examinations within one (1) year of the effective date of this Order shall invalidate the order granting the petition for reinstatement, petitioner shall be deemed to have failed the conditions precedent for re-licensure, and Pharmacist License Number RPH 41132 shall remain revoked.



2. Petitioner shall pay the fees in place at the time for these examinations.

3. Petitioner shall pay all applicable application and licensing fees as well as any outstanding costs of investigation and enforcement.

This Decision shall become effective at 5:00 p.m. on July 28, 2021.

It is so ORDERED on June 28, 2021.

Corrections to Stipulated Revocation of License and Order and Exhibit A Accusation/Petition to Revoke Probation No. 2949

Stipulated Revocation of License and Order and Exhibit A, the Accusation/Petition to Revoke Probation No. 2949, contains references to Pharmacist License No. RPH 49485 in the underlying disciplinary action entitled "In the Matter of the Accusation against Cesar B. Cabrera" which, pursuant to a decision of the Board of Pharmacy effective May 27, 2005, revoked Respondent's Pharmacist License but stayed revocation in favor of probation for five (5) years. Those references mistakenly use Pharmacist License No. RPH 49485 rather than Pharmacist License No. RPH 41132. This clerical error is hereby corrected as part of the Board's Stipulated Revocation of License and Order. This Errata page shall become part of Respondent's disciplinary history with the Board. Complainant alleges:

PARTIES

1. Patricia F. Harris (Complainant) brings this Petition to Revoke Probation solely in her official capacity as the Executive Officer of the Board of Pharmacy.

2. On or about August 18, 1987, the Board issued Pharmacist No. RPH 49485 to CESAR B. CABRERA (Respondent). Said license will expire on December 31, 2006, unless renewed.

3. In a disciplinary action entitled "In the Matter of the Accusation Against Cesar B. Cabrera," Case No. 2777, the Board issued a decision, effective March 5, 2005, in which Respondent's Pharmacist license was revoked. However, the revocation was stayed and Respondent's pharmacist license was placed on probation for a period of five (5) years with

certain terms and conditions. A copy of that decision is attached as Exhibit A and is incorporated by reference.

JURISDICTION

4. This Petition to Revoke Probation is brought before the Board, under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

5. Section 4300 of the Code states:

> (a) Every license issued may be suspended or revoked.
>
> . . . .
>
> (d) The board may initiate disciplinary proceedings to revoke or suspend any probationary certificate of licensure for any violation of the terms and conditions of probation. Upon satisfactory completion of probation, the board shall convert the probationary certificate to a regular certificate, free of conditions.

6. Section 4301 of the Code states:

> The board shall take action against any holder of a license who is guilty of unprofessional conduct or whose license has been procured by fraud or misrepresentation or issued by mistake. Unprofessional conduct shall include, but is not limited to, any of the following:
>
> . . . .
>
> (f) The commission of any act involving moral turpitude, dishonesty, fraud, deceit, or corruption, whether the act is committed in the course of relations as a licensee or otherwise, and whether the act is a felony or misdemeanor or not.

7. Section 125.3 of the Code states, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

8. Section 118, subdivision (b), of the Code provides that the suspension, expiration, surrender, cancellation of a license shall not deprive the Board of jurisdiction to proceed with a disciplinary action during the period within which the license may be renewed, restored, reissued or reinstated.

Facts:

9. On January 8, 2003, respondent was arrested by the Orange County Sheriff's Department for possession for sale of Hydrocodone, which he admitted stealing from

his employer in Long Beach, California. On December 18, 2003, respondent pled guilty to felony possession for sale of Hydrocodone. He was sentenced to serve 90 days in jail, pay $400.00 in restitution, complete a one year outpatient drug treatment, and given three years probation.

10. On July 27, 2004, the Board filed an Accusation against respondent for a conviction substantially related his licensure as a pharmacist.

11. On December 27, 2004, respondent signed a stipulated settlement placing his license on five years probation with suspension and other terms and conditions.

12. On February 4, 2005, the Board adopted the stipulated agreement with respondent to be effective March 5, 2005. On March 8, 2005, respondent appeared at his probation conference to review all the terms and conditions of his probation, including his suspension from pharmacy practice from March 5, 2005 through June 4, 2005.

13. As part of the Pharmacists Recovery Program Treatment Contract, respondent agreed to be bound by the terms of the program. As part of his recovery, respondent agreed to the following:

a. Abstain from the use of alcohol and all other mind altering drugs;
b. Return to work as a pharmacist up to 24 hours per week;
c. Not work in a pharmacy where a family member is employed;
d. Be supervised 75% of each work week by another licensed pharmacist;
e. Not supervise others, act a Pharmacist in Charge, Manager or preceptor to interns or new employees;
f. Report all relapses to Maximus and cease practice upon relapse;
g. Understand that he could be terminated from the PRP for failure to comply with the contract.

14. On June 27, 2005 and July 6, 2005, respondent tested positive for alcohol. On July 6, 2005, respondent denied alcohol use and denied knowing that the PRP Program prohibited alcohol use. Finally, he admitted to drinking. Maximus verbally suspended respondent from the practice of pharmacy and told him to leave work.

15. Maximus advised respondent that he did not have a work-site monitor in place and that he had not completed the work-site monitor paperwork. Respondent was advised that his current work place, Home Care Pharmacy in Riverside, violated his PRP contract because his wife was the Pharmacist in Charge. Later, respondent was notified in writing that he

returned to work at Home Care Pharmacy without notification to Maximus; continued to work at Home Care Pharmacy where his wife was the Pharmacist in Charge, which was in conflict with his PRP contract; and that continued violations could result in his termination from the PRP Program due to non-compliance. Respondent was ordered to enter an inpatient residential chemical dependency treatment program for 30 days treatment.

16. On July 8, 2005, respondent was working at Home Care Pharmacy, and was the only pharmacist present. There were two pharmacy technicians present. The Board confronted respondent with working in violation of his probation, and working in violation of his suspension. Respondent had a key to the pharmacy.

17. Maximus notified the Board that respondent had been terminated from the Pharmacists' Recovery Program effective July 13, 2005 for these violations:

a. Tested positive for alcohol on June 27, 2005 and July 5, 2006;
b. Returned to work without a work site monitor agreement in place with a licensed pharmacist;
c. Returned to work where a relative worked;
d. Failed to enter inpatient chemical dependency treatment;
e. Returned to work after relapse;
f. Returned to work after suspension by Maximus;
g. Non compliance with PRP Contract.

18. On July 14, 2005, the Board sent respondent a letter informing him that his license was suspended due to his termination from the PRP program. Respondent was advised not to enter any pharmacy during his suspension and not to practice pharmacy.

19. On August 11, 2005, the Board advised respondent that he failed to reimburse the Board its costs per the Board decision.

20. On October 6, 2005, the Board inspected Home Care Pharmacy and discovered that respondent was the only pharmacist on duty at the store. Respondent was confronted by the Board, but he had no excuses for working in violation of the Board's prior order suspending him for 90 days. Respondent worked on the following dates in violation of the 90 day suspension: March 7, 10, 21, 2005; April 13, 16, 2005; May 16, 20, 26, 31, 2005; and June 3, 2005.

FIRST CAUSE TO REVOKE PROBATION

(Suspension Period)

21. At all times after the effective date of Respondent's probation, Condition No. 1 stated: Respondent shall be suspended from the practice of pharmacy for a period of 90 days.

(Reimbursement of Board Costs)

23. At all times after the effective date of Respondent's probation, Condition No. 7 stated: Respondent shall reimburse the Board its costs.

PETITION FOR REINSTATEMENT OF LICENSE TO PRACTICE PHARMACY REVOKED BY ADMINSTRATIVE ACTION

Section 4309 of the Business and Professions Code states that a licensee may petition the Board of Pharmacy for the reinstatement of his or her license if they meet the following requirements:

1. Three years has elapsed from the effective date of the decision ordering disciplinary action; or
2. Two years has elapsed since a petition was previously filed pursuant to section 4309 of the Business and Professions Code and the petitioner was afforded a hearing; or
3. A petitioner is not currently under sentence or on court-imposed probation or parole for any criminal offense. **IF YOU ARE NO LONGER ON CRIMINAL PROBATION, YOU MUST SUBMIT PROOF OF TERMINATION OF CRIMINAL PROBATION;** and
4. There is currently no accusation or petition to revoke probation pending against the petitioner with the board.

If you meet the above requirements, you may petition the board by completing and submitting the attached petition form. When completing your petition, please refer to the attached "Guidelines for Petitions for Reinstatement, Reduction of Penalty, and Early Termination of Probation." These guidelines outline the rehabilitation criteria the board has determined a petitioner should meet when petitioning for license reinstatement.

The petition form **must** be accompanied by **two** or more verifiable letters of recommendations addressed to the board from holders of licenses issued by the Board of Pharmacy, and by **two** or more letters of recommendations from citizens. The letters must be within the last year from the date you are submitting your petition. Also, required is documentation of **30 hours of Board approved continuing education** (acquired within the last two years from the date your application is received by the board). Photocopies of the certificates of completion should be sent and the original certificates retained for your records.

Submit the petition with the required documents to the address above, to the attention of the enforcement unit. The petition will be processed and evaluated for scheduling at the next available board meeting. Please be advised that you should allow **90** days for the processing of your petition, and the petition set for hearing. Below is a schedule of board meeting dates with the cut-off date for submission of a petition.

You will be notified in writing of the hearing date. INSTRUCTIONS FOR FILING A PETITION

These instructions should be followed when filing a petition with the Board of Pharmacy to reinstate your pharmacist license after it has been revoked or to reduce a Board-imposed penalty.

The burden of proof is on you to establish clear and convincing evidence that you are entitled to have your petition granted under California law. **It is your responsibility**, as the petitioner, to provide the Board with sufficient evidence to establish that it will be safe for consumers if your petition is granted. You must show that you are sufficiently rehabilitated and competent to safely practice pharmacy.

PROCESS FOR FILING A PETITION

Q. How do I file a petition with the Board of Pharmacy?

A. Filing a petition with the Board of Pharmacy is a two-step process:

1. Submit the following items to the Board.
   - The attached petition form completed and signed.
   - Documents to support your current competence and rehabilitation.

2. Appear at the hearing before the Board to present evidence of your rehabilitation and competency.

EVIDENCE

Evidence is the information that you submit to substantiate your request, including documentation and testimony.

Q. How can I support that my evidence is authentic and valid?

A. You should submit original, dated signed evidence if at all possible. Documents should be on official letterhead whenever appropriate, such as letters from employers, health care professionals and other official sources. Any letters or statements should contain the following "Penalty of Perjury" statement at the end: "I declare, under penalty of perjury, under the laws of the State of California, that the foregoing is true and correct." The statement should be signed and dated by the writer.

Q. What kinds of evidence are appropriate to present?

A. The following documents are examples of appropriate evidence, which may be helpful in demonstrating your rehabilitative efforts and competency. Documents should be recent and dated. The list is not intended to be comprehensive, and you are not limited to these examples. You should submit evidence that is relevant to the violation that led to the discipline of your license and your subsequent rehabilitation.

- Written statements from employers and persons in positions of authority who have on-the-job knowledge of your work performance. For probationers and out-of-state licensees who have practiced pharmacy subsequent to their disciplinary action, the statements should report on your current competency. (Include Penalty of Perjury statement.)

- Performance evaluation(s) from your current and recent employers.

- Letters from counselors regarding your participation in rehabilitation or recovery program, where appropriate. These should include a description of the program, frequency of sessions, diagnosis and prognosis in relation to safety to practice, current state of rehabilitation (or improvement), the counselor's basis for determining improvement, and credentials of counselor, and any other relevant information he or she can provide.

- Letters describing your participation in support groups, e.g. Alcoholics Anonymous, Narcotics Anonymous, Pharmacist Support Groups, etc... Where appropriate. Letters should include dates and frequency of attendance and documentation of attendance such as sign in-sheets. (Include Penalty of Perjury statement.)

- Laboratory analyses or drug screen reports, where appropriate.

- Physical and/or mental examination or assessment report by a licensed physician, psychiatrist, or psychologist related to your rehabilitation and safety to practice. If your license was revoked as a result of impairment due to mental or physical illness, the law requires competent evidence of the absence or control of the condition, which caused the action taken by the board.

- Certificates of completion or transcripts of courses related to pharmacy, which you may have completed since your license was disciplined.

- Letters or proof of community and volunteer work or other activities, which may be appropriate or relevant to demonstrating rehabilitation from the acts which, led to discipline. (Include Penalty of Perjury statement.)

Q. Must these documents be original documents?

A. Yes, original documents should be submitted as evidence with the petition packet. (Always keep a copy of these originals for your records.) All documents that are submitted with the petition packet must be clear and readable.

Q. Will the board contact people who submit documents on my behalf?

A. Yes, the board reserves the right to contact individuals who submit documents on your behalf to verify the information. A list of names, addresses, and phone numbers for everyone submitting documents on you behalf must be included with your petition packet.

HEARING

The Board hears the petitioner in a formal administrative hearing that resembles a court proceeding. At your hearing you have an opportunity to present evidence of your rehabilitation and competency.

Q. How is the hearing conducted?

A. An Administrative Law Judge will preside over the hearing proceedings. The Members of the Board of Pharmacy will hear and rule on your petition. You will sit at a table in front of the Board Members and the Administrative Law Judge. A Deputy Attorney General (DAG) from the Office of the California Attorney General will represent the State. The DAG will make a preliminary statement outlining all disciplinary actions, which have been taken against your license, and describe the documents you have submitted into evidence. The DAG may ask you questions about your violation and discipline, and efforts you have undertaken to rehabilitate yourself.

Q. What will I be expected to do?

A. You will be sworn under oath by the judge who will ask you to state in your own words what you have done to rehabilitate yourself and to maintain current pharmacy knowledge and skills. **Be prepared to make an oral presentation at this point, which includes such a statement.** The Board Members, the Administrative Law Judge and the Deputy Attorney General may ask questions to clarify your statement or elicit additional information regarding your rehabilitation and current competency.

Q. May I be represented by an attorney at the hearing?

A. Yes, but it is not required. You may represent yourself or an attorney may represent you.

Q. May I have persons come to speak on my behalf?

A. Yes, However, their testimony and yours should be directed specifically toward your pharmacy competence and/or rehabilitation. You may choose to bring family members or friends for support even if they do not testify.

Q. May I submit documents at the time of the hearing?

A. It is preferable and to your advantage to make every effort to submit all relevant documents with your petition 90 days prior to your hearing. This gives the Board Members a reasonable amount of time to review and study them beforehand. If you do submit something at the hearing, you must bring dated original documents. Please be aware that submitting documents at the last minute often causes delays in the processing and may result in a continuance in order to provide the Board Members with an opportunity to fully evaluate your documentation.

Q. How is the date and place for my hearing decided?

A. Enclosed is a schedule of Board meetings, dates and final filing dates for petitions. Petitions are scheduled during the closed session portion of each Board meeting. If the docket for petitions is not already filled, you will be scheduled for the Board meeting that you request.

Q. When will I know the exact date, time, and location for the hearings?

A. Approximately ten days prior to the Board meeting you will receive a formal "NOTICE OF PETITION HEARING" stating the date, time, and place at which you are to appear. Several cases may be scheduled on the hearing docket and it is not possible to know how long each case will last. Therefore, you need to be prepared to remain throughout the day depending on the number and length of cases and in which order they are scheduled.

THE BOARD'S DECISION

Q. When will I be notified of the Board's decision regarding my petition?

A. The Board's decision to grant or deny your petition will be mailed to you within approximately six weeks. The decision is not final until this legal document is mailed to you.

Q. If the Board does not grant my petition, may I petition again?

A. Yes. You may petition again one year after the effective date of the Board's decision to deny your petition. However, if you apply after one year has elapsed, it is at the board's discretion whether a hearing will be held.

Probation shall be automatically extended until Respondent successfully completes his treatment contract. Any person terminated from the program shall be automatically suspended upon notice by the Board. Respondent may not resume the practice of pharmacy until notified by the Board in writing. The length of time shall be for the entire probation period and the frequency of testing will be determined by the Board. At all times Respondent shall fully cooperate with the Board, and shall, when directed, submit to such tests and samples for the detection of alcohol, narcotics, hypnotics, dangerous drugs or other controlled substances. Statement

I have been a physician over 35 years. Last decade, I practiced rural medicine as an employed family physician/cardiologist at Humboldt county district hospital, which is one of the most remote hospitals in the lower 48, critical access hospital. I've specifically enjoyed my practice employed at a hospital clinic without worrying about financial and administrative issues, because treating patients is what I love doing. I've never been in trouble until this government federal investigation involving the nationwide opioid crisis 3 year ago. I feel that I was the center of a perfect storm. The idea that I engaged in conduct which could have been harmful to the patients I love treating is devastating to me

Needless to say training did not prepare me for the particularities of this practice environment. Specifically, the opioid crisis was not a major health issue during my residency; pain management at that time was informal and rudimentary. As you know, pain was recognized as the fifth vital sign in the 1990's by JACO, thus giving it equal status with heart rate, respiratory rate, and temperature, all of which I had learned.

Pain management physicians, physiatrists, even orthopedic service were absent in my part of the state until recently, any visit required a 400 mile return trip to Reno.

On arrival, my colleagues' advice was to do the best you can with what you have. As an employed physician I was required to see all comers at beginning. I did not have the luxury of tailoring my practice and excluding complicated patients and indigent patients. In any event I felt it to be my vocation to care for all no matter how difficult or desperate their circumstances. Medically underserved area is difficult to recruit and keep quality physicians here. In fact, I was a longest employed physician in this hospital history. The patients are always waiting for physicians. Last a few of years, I have to stop to take new patients except cardiology consultations. There are no any differences for me to see patients with cold, sore throat and patient with chronic pain managements. My compensation was fixed and not related to RVUs (relative value units). But I did receive bonuses called annual longevity bonus at the end of each contract year. The hospital set up my contract and compensation mainly based on my work ethic and tried to keep me to work in the rural area as long as they can.

My practice included local emergency room shifts and acute in patients care except my busy clinic office. Of note, only my clinic office patients were involved in my guilty plea. I never shied from difficult cases and provided a degree of cardiac care that has been essential to the residents of Humboldt County.

Pain management was not my focus and caring for the patients involved in last 3-year period was compassionate and not, repeat not mercantile. My principle for pain management at my office, I did not start any new opioid prescription for chronic pain opioid management unless cancer pain patients. All opioid chronic pain management I had was took over from previous pain managements because those patients had difficult for a long travel to get the prescriptions 2nd to financial restraints or travel difficulty. The pain management is a part

of whole care in my office patients. I would have preferred not to have to have followed with these unfortunate patients but refusing to see them would, in my opinion, have been unethical cruel and impossible given the term of my contract.

My charts have been reviewed by the government's expert and my own witness, it may sound significant but recent implementation of new in fact first EMR in the hospital clinic where I work may have resulted in perceived deficiencies. My medical expert is of the opinion that they could be more extensive but do compare to other practices of similar profile in Nevada, above the average. I have well documented all visits for pain management.

Fear of reprimand has resulted in all primary care physicians in Winnemucca refusing to prescribe opioid for chronic pain patients.

24 of my patients were referred to pain management MDs in Reno late after this investigation. I note that prescribing patterns differ little to mine.

Suicide is a major problem in this part of Nevada. There is active hospital sponsored lay outreach programs ongoing because of the recent spike in suicide not only related but other causes including self-inflicted gunshot injuries and alcohol related morbidity. This may have skewed any statistical information.

The patients involved in this matter were part of my office practice for years, in fact many of their families continue with me as their primary provider after the investigation. To my knowledge, there are not any civil lawsuit filed against me to date. These patients had already been previously prescribed opiates by other MDs for significant medical issues including less than favorable outcomes status post back surgery. With few alternatives and responding to their subjective complaints relieved by their medications I continued to treat as best I could. Chronic severe pain untreated can also result in depression and worse.

Granted I may not have paid enough attention to epidemiological and political interest in the opioid epidemic but I can only reiterate that my energy was directed day to day care of my family practice patient, emergency room and my cardiology services.

Remembering that this is an underserved community and I was seeing a high volume of patients, consulting for cardiology, monitoring supervising and interpreting all cardiac stress test, performing newborn echocardiograms, director of respiratory service as well as the cardiac rehab program, my continuing education may not have included up to date pain management.

I have tried to update my knowledge and never stopped learning from online CME course and medical textbooks since Feb 2019 when I stopped my clinical practice. I have completed CME course – "Best Practices and Tools for Prescribing Controlled Substances" 3 days CME course. I completed 262 CME credits, including over 60 for pain management last two years. Wish I had chronic pain opioid management class and CME credits a few of years ago.

I deeply learned a life changing lesson from my mistake and I accepted full responsibilities for my action. I chose plead to avoid a long legal trials although my defense attorneys believe my case is very triable. I tried to put this matter behind and look forwards.

I love the rural community and community needs my unique services (family practice, cardiology and rural emergency service) I have provided last decade. There always are seriously shortage quality physicians in this rural area, especially during Covid 19 pandemic and after. I have changed and will continue to change and improve as a physician.

Fortunately, I have a chance to back practice Humboldt County again. As anyone who practice in such remote rural area, Controlled substance prescriptions definitely need in some cases and special time to achieve optimal care. But I have absolutely no intention to do chronic pain opioid management. I have faithfully and consistently used Nevada PMP program as you can tell my record.

Thank you for your consideration. Please let me know if you need any more documents.

Sincerely,

Shouping Li, MD

UNITED STATES OF AMERICA, Plaintiff, v. SHOUPING LI, Defendant.	Case No. 3:19-cr-00009-MMD-CLB ORDER

Before the Court is Defendant Shouping Li's motion for early termination of supervised release. (ECF No. 32 ("Motion").) The government opposes (ECF No. 34) the Motion and Probation recommends against granting the Motion. The Court agrees with Li and will grant the Motion.

Li pled guilty to one count of distribution of controlled substances in violation of 21 U.C.S. §§ 841(a)(1) and (b)(1)(C). (ECF No. 11.) The Court sentenced Li to 12 months and one day followed by three years of supervised release and required him to pay a $125,000.00 fine. (ECF No. 27.) Li commenced supervised release on August 13, 2020. Probation reports that Li has paid his financial obligations, has been compliant with all conditions of supervised release, is employed and has a stable home.

18 U.S.C. § 3583(e)(1) provides that the Court may, after considering the relevant § 3553(a) factors, terminate supervise release at any time after Defendant has completed one year of supervised release. The Court must be satisfied that early termination is warranted by Defendant's conduct and the interest of justice.

The government raises two primary objections. First, the government argues that Li's compliance with conditions of release is rather ordinary since everyone on supervised release is expected to comply. (ECF No. 34 at 4.) But accepting the government's argument would result in no early termination being granted. Second, the government

argues that early termination of supervised release would undermine the purposes of sentencing because the Court varied downward significantly and would remove the conditions that safeguard Li's ability to harm others. (*Id.* at 5.) That the Court varied downward does not necessarily mean Li cannot seek early termination of supervised release. As for the condition that limit Li's ability to work in the medical profession unless directly supervised by a licensed physician and from engaging in any business of prescribing opioid medication, the Court finds Li's compliance during the approximately 21 months of supervised release assures that he will not likely reoffend.

There is no question that Li's offense was serious. However, Li had no prior criminal history. Li has demonstrated that he has reintegrated into the community and presents no identifiable threat to public safety. Under these circumstances, the Court finds that Li's conduct and the interest of justice counsel early termination of supervised release.

It is therefore ordered that Defendant Shouping Li's motion for early termination of supervised release (ECF No. 32) is granted.

DATED THIS 5th Day of May 2022.

10. **Binding Effect**. If approved by the Board, Respondent understands that this Agreement is a binding and enforceable contract upon Respondent and the Board.

11. **Forum Selection Clause**. The parties agree that in the event either party is required to seek enforcement of this Agreement in district court, the parties consent to such jurisdiction and agree that exclusive jurisdiction shall be in the Second Judicial District Court, State of Nevada, Washoe County.

Should Respondent fail to comply with any term or condition of this Agreement once the Agreement has been accepted, approved and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada, if any, pending an Order To Show Cause Hearing, which will be duly noticed. Failure to comply with the terms of this Agreement, including failure to pay any fines, costs, expenses or fees owed to the Board, is a failure to comply with an order of the Board, which may result in additional disciplinary action being taken against Respondent. Respondent.	/	

I, SHOUPING LI, MD, Certificate of Registration No. CS15391, wish to voluntarily surrender my Nevada Certificate of Registration No. CS15391 in lieu of appearing before the Nevada State Board of Pharmacy (Board) at a formal disciplinary hearing in July 2019. To that end, I voluntarily and knowingly admit as follows:

1. I was registered with the Board at the time of the conduct described in the *Notice of Intended Action and Accusation* (Accusation) on file in this matter and as referenced herein. I am therefore subject to the Board's jurisdiction.

2. On February 5, 2019, I executed a plea agreement under Fed. R. Crim. P. 11(c)(1)(A) and (B) (Plea Agreement) with the United States Attorney's Office for the District of Nevada, and entered in United States District Court for the District of Nevada, in D. Nev. case no. 3:19-cr-00009-MMD-CBC.

3. On or about June 13, 2019, the Board filed the Accusation pursuant to NRS 639.233B.127(3), NRS 622A.300(1) and NRS 639.241, alleging five (5) causes of action against me, each relating to unprofessional and illegal conduct in prescribing dosages and amounts of Oxycodone and Hydrocodone to patients outside the usual course of my professional practice and without a legitimate medical purpose, as detailed in the Plea Agreement.

4. If this matter proceeded to a hearing, I admit that sufficient admissible evidence exists that the prosecutor could present to the Board in the form of testimony from witnesses and through documentary evidence to prove the facts alleged in the Accusation.

5. Based on those facts, the Board could conclude that the violations alleged in the Accusation occurred.

6. In lieu of appearing at a hearing where the prosecutor could prove the State's case against me and where the Board may take other and/or additional disciplinary actions against me, I hereby voluntarily surrender my Nevada Certificate of Registration No. CS15391.

7. In addition to this Voluntary Surrender, I agree to pay Five-Hundred Dollars ($500.00) to partially reimburse the Board for reasonable attorney's fees and costs incurred in investigating and prosecuting this matter. I agree to pay these reasonable attorney's fees and costs by *cashier's check* or *certified check* or *money order* made payable to "Nevada State Board of Pharmacy," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of the effective date of this Voluntary Surrender.

8. The factual allegations in the Accusation, if proven at a hearing, would constitute unprofessional conduct pursuant to NAC 639.945(1)(i) and NAC 639.945(1)(o), and subject me to disciplinary action pursuant to NRS 639.210(4) and NRS 639.255, as alleged in the First and Second Causes of Action.

9. Additionally, the factual allegations in the Accusation, if proven at a hearing, would constitute violations of 21 U.S.C. § 841(a)(1) and (b)(1)(c), and subject me to disciplinary action pursuant to NRS 453.236(1)(d) and NRS 453.241(1), as alleged in the Third Cause of Action.

10. Additionally, the factual allegations in the Accusation, if proven at a hearing, would constitute violations of 21 U.S.C. § 841(a)(1) and (b)(1)(c), and subject me to disciplinary

action pursuant to NRS 639.210(6), (11) and/or (12), and NRS 639.255, as alleged in the Fourth Cause of Action.

11. Additionally, the factual allegations in the Accusation, if proven at a hearing, would constitute violations of, or attempts to violate, assist or abet in the violation of or conspiracy to violate NRS 453.381(1) and/or 21 CFR § 1306.04, and subject me to disciplinary action pursuant to NRS 639.210(12) and NRS 639.255, as alleged in the Fifth Cause of Action.

12. I have read this Voluntary Surrender and I fully understand and acknowledge its facts and terms.

13. I am aware of, understand, and have been advised of the effect of this Voluntary Surrender.

14. I am aware that I have certain constitutional rights, including:

a. I have the right to hire an attorney to represent me in this proceeding;

b. I have the right to demand a hearing on the charges against me, and I can require the Board Staff to prove the allegations;

c. I have the right to cross-examine the witnesses against me;

d. I have the right to call witnesses to provide evidence in my own behalf; and

e. I have other rights accorded to me under NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), NRS Chapter 639 (Nevada Pharmacy Act), and Chapter 639 of the Nevada Administrative Code.

15. I am aware of the foregoing rights, and I voluntarily, knowingly, and intelligently waive these rights in return for the Board accepting this Voluntary Surrender of my Nevada Certificate of Registration No. CS15391 in lieu of a hearing and other and/or additional disciplinary action.

16. I understand this Voluntary Surrender is considered a disciplinary action pursuant to NRS 233B.121(6), and as such will become part of my permanent record.

17. I understand that as a disciplinary action this this Voluntary Surrender is a public record in accordance with NRS 639.255(5).

18. I understand that as a disciplinary action this Voluntary Stipulation is reportable to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60, and to other national repositories that record disciplinary action taken against licensees or certificate holders, or to any agency of another state which regulates the practice of pharmacy.

19. I understand this Voluntary Surrender may be used in any subsequent hearings by the Board as evidence against me to establish a pattern of behavior and for the purpose of proving additional acts of misconduct.

20. This Voluntary Surrender shall not be construed as excluding or reducing any criminal or civil penalties or sanction or other remedies that may be applicable under federal, state or local laws.

21. I understand that this Voluntary Surrender is effective the day it is accepted by the Board, however, I agree to immediately cease and desist from prescribing any controlled substance in the State of Nevada.

22. I will immediately return my Nevada Certificate of Registration, No. CS15391, with this signed Voluntary Surrender of License In Lieu of Other Disciplinary Action, to the extent I have that certificate/registration in my possession.

23. If at any time I seek to obtain a new license or registration with the Board, I may be required to appear before the Board, which may ask me questions regarding my application, the allegations in this action, and/or any other circumstances surrounding the voluntary surrender of my registration.

I, SHOUPING LI, MD, Certificate of Registration No. CS15391, by affixing my signature below, agree with the foregoing facts and representations, and therefore choose to voluntarily surrender my Nevada Certificate of Registration No. CS15391.

Dear Nevada State Board of Pharmacy,

RE: Shouping Li, MD

I am writing this letter in support of the application presented by Dr. Shouping Li for Controlled Substance License/Registration from the Nevada State Board of Pharmacy.

I have practiced in Winnemucca for 27 years and have known Dr. Li for more than ten of those years as collegial medical staff at Humboldt General Hospital.

During the past six months, I have acted as Dr. Li's Nevada Medical Examiners approved preceptor and have reviewed his medical records on a regular basis. I find Dr. Li to be competent, trustworthy, and reliable.

If you have any further questions, please feel free to contact me.

Sincerely,

Charles A. Stringham, MD
Internist

consultation with potential biomarkers of neurological injury/disease (genetic testing, imaging studies of the brain, etcetera) is recommended."

PHYSICAL EXAMINATION: The patient's a cooperative gentleman who is alert. Speech is fluent. Blood pressure 134/70.

The patient was alert and oriented x3. He recalled 3/3 objects at five minutes. A mini mental status test was performed and he scored 30/30.

HEENT: Exam revealed him to be normocephalic and atraumatic. Pupils are equal, round, and reactive. EOMs are full. Visual fields are full. Optic disks are flat.

NEUROLOGIC: His gait and station are unremarkable. Romberg testing is negative. He has no drift and no dysmetria. Motor testing revealed normal bulk, tone, and strength throughout. Sensory testing is intact to pin and vibration. Reflexes are symmetric and normoactive throughout with downgoing toes and cranial nerves are unremarkable.

IMPRESSION: Dr. Shouping Li is a 61-year-old gentleman who is a family practitioner practicing in Winnemucca, Nevada, who had his license suspended in 2019 as a result of narcotics prescribing issues. He now has obtained a conditional license where he is able to practice under a preceptorship. As a result of neuropsychological testing results he was advised to obtain an evaluation by a neurologist. He did well on mini mental status testing in the office scoring 30/30 on an MMSE. He has a normal neurologically evaluation. He presents with a coherent history and normal neurologic evaluation. I would suggest he have laboratory studies to look for metabolic issues and that he have a brain MRI scan primarily to look for small vessel disease. I'll see him back in a month likely for a telephone visit.

Vincent P. Alexis, DVM Petitioner, v. State of Texas Secretary of State, Texas Board of Veterinary Medical Examiners Respondants.	Texas DVM Lic. # 11628 November 1, 2018

Affidavit of Petitioner: Alexis, in support of complaint against the Texas Board of Veterinary Medical Examiners, signed under 28 U.S.C. §1746 under penalties of perjury the above & the following to be true, correct, & complete. Pro-se.

PETITIONER: ALEXIS RESPECTFULLY REQUESTS THAT THE TEXAS SECRETARY OF STATE VACATE THE JANUARY 2013 GUILTY VERDICT HANDED DOWN BY THE TEXAS BOARD OF VETERINARY MEDICAL EXAMINERS AGAINST ALEXIS FOR A PRACTICE ACT VIOLATION, BECAUSE OF HIS WORKING FOR A NON-DVM OWNED ANIMAL HOSPITAL.

Background

[1] In January of 2011, Dr. Alexis signed on as a relief veterinarian with Relief Services for the Veterinary Practitioner (RSVP), operating out of Denton, Texas.

[2] Dr. Alexis was routinely called upon by RSVP to work fill-in (relief) shifts at various Texas animal hospitals. His work with/for RSVP lasted through April of 2013.

[3] Dr. Alexis was called upon to work throughout Texas, while residing fifteen minutes East of Austin. His work called upon him to commute as far North as Dallas/Ft. Worth, & as far South as Harlingen.

Exhibit: 1

[4] It was common for Dr. Alexis to receive a work assignment just days before the shift (that's the nature of relief work, as you cannot easily predict when a hospital's staff veterinarian becomes ill, or cannot work their shift).

[5] When RSVP asked Dr. Alexis to cover a shift, he always agreed to do so. He quickly became one of RSVP's "go to" veterinarians, & took pride in his work ethic and availability.

[6] In 2011, RSVP placed Dr. Alexis at two different non-DVM owned animal hospitals - one in Houston, & one in LaMarque. No incidents or concerns arose from his relief work at these hospitals.

[7] Approximately three days after Christmas 2011, Dr. Alexis was asked to work at Furry Friends Animal Hospital (FFAH), located in Harlingen, Texas. This relief work was to last approximately one month, & was scheduled to begin on the first work-day of 2012.

[8] A few days into the first week of work at FFAH, the receptionist (Alina Scovell) mentioned to Dr. Alexis that the Texas State Board of Veterinary Medical Examiners (TXBVME) had visited the hospital, un-announced, in mid-November, 2011. They met with Christine (Chris) Morris, the owner, & with Dr. Hayes, another RSVP veterinarian who was providing coverage.

[9] Ms. Scovell elaborated that at that meeting, the TXBVME informed Ms. Morris & Dr. Hayes that the Board believed that the operation of FFAH was illegal/in violation of TXBVME practice laws, since the hospital was not "owned by a veterinarian." The TXBVME stated that they would issue a decision, within 10 days, by certified mail.

Exhibit: 1

[10] Obviously, Dr. Alexis was concerned to hear about the State Board's visit, & their concerns about the legality of Ms. Morris's venture. He spoke about this with Ms. Morris & she assured Dr. Alexis that her attorney had contacted the TXBVME, & that "Everything was in order." Furthermore, Ms. Morris was quick to point out that the TXBVME never did send the certified mailing instructing her to cease & desist operation of FFAH.

[11] Later that same day, Ms. Morris called her attorney. She wanted to assure Dr. Alexis that he would be able to practice at her hospital without concerns, so she asked him to speak with her attorney. Dr. Alexis did speak to Ms. Morris's attorney at that time. He informed Dr. Alexis that Ms. Morris & FFAH were in full compliance with all TXBVME rules & regulations, & that the TXBVME never did send a certified mailing or issue a cease & desist order.

[12] Ms. Scovell, who as the only receptionist received all the mail, also verified to Dr. Alexis that there was no certified mailing sent to FFAH from the TXBVME, after that mid-November 2011 visit/meeting.

[13] After speaking with Ms. Scovell, Ms. Morris, & her attorney, Dr. Alexis obtained Dr. Hayes' phone number & called him. Dr. Hayes verified that the TXBVME had visited the hospital, unannounced, in mid-November 2011. He also verified to Dr. Alexis that there was no certified mailing sent to FFAH from the TXBVME, after that visit. Dr. Hayes further commented that he hadn't heard from the TXBVME at all since mid-November.

Exhibit: 1

[14] Dr. Alexis also discussed this concern with Monica Hughes at RSVP. She informed Dr. Alexis that they had no knowledge of any TXBVME action or concerns regarding FFAH.

[15] Since RSVP had provided services to FFAH, without concerns, prior to his coverage, & since Ms. Morris, her attorney, Ms. Scovell, & Dr. Hayes all verified that the TXBVME never did issue a cease & desist order, Dr. Alexis continued to provide relief services to FFAH. He had made a commitment to RSVP and to FFAH (a one doctor practice) & its clients, and had no reason to abruptly cancel his coverage.

[16] Ms. Morris had been looking for a full-time staff veterinarian, without success. For this reason, she turned to RSVP for coverage, & in early February 2012 she asked Dr. Alexis to extend his stay. Dr. Alexis agreed to stay for up to one year, so that Ms. Morris would have more time to hire a staff veterinarian.

[17] Approximately eight weeks later, while working at FFAH, Dr. Alexis received a phone call from his brother (& attorney) Drew L. Alexis. Drew informed Dr. Alexis that he had just received a phone call from the TXBVME's attorney. That attorney informed Drew that FFAH was operating illegally, & that Dr. Alexis needed to immediately stop working there. Drew was told by the TXBVME that they wanted to stop Ms. Morris, & that they "Had no interest in pursuing charges against Dr. Alexis, as long as he cooperated & left the practice right away." The TXBVME did not contact Dr. Alexis directly (either by U.S. mail or by phone).

Exhibit: 1

[18] Dr. Alexis agreed to leave the practice. He immediately informed Drew Alexis, RSVP, & Ms. Morris of his intention to comply with the TXBVME order.

[19] Dr. Alexis was now faced with a few acute problems:

[A] Dr. Alexis had just finished up with an OHE (spay) surgery on a dog who was in dystocia & unable to give birth. The queen & her pups needed his care. Dr. Alexis was not willing to depart from Harlingen until these patients were doing well.

[B] Dr. Alexis was not willing to leave behind the controlled drugs which he had ordered under his DEA license (there were no controlled drugs in the hospital upon Dr. Alexis's arrival).

[20] Within 48 hours, Dr. Alexis departed Harlingen & headed North for his home. He took all of the controlled drugs which he had ordered/purchased with him. He did not take any other biologicals or pharmaceuticals which were stocked at FFAH - Dr. Alexis did not purchase/own these items, & therefore had no legal right to remove the items from the premesis (to do so would have been grand theft).

[21] Dr. Alexis is unsure if a cease & desist order was issued to Ms. Morris & FFAH. It does appear, however, that FFAH did not close when the TXBVME ordered Dr. Alexis to leave on/about mid/late April 2012.

Exhibit: 1

[22] Many months later, Dr. Alexis received notice (by U.S. mail) that the TXBVME was pursuing charges against him. The charges included:

[A] Violations of a Practice Act by working for a non-DVM owned hospital.

[B] Violations resulting from Dr. Alexis's decision to leave behind the biologicals/pharmaceuticals which were stocked at FFAH when he departed (see points 19 & 20 above).

[23] On/about January 2013 Dr. Alexis & his San Antonio attorney Keith O'Connell met with the TXBVME in Austin. At that hearing, Dr. Alexis was found **Guilty** of a Practice Act Violation, stemming from his relief work at Furry Friends Animal Hospital from January 3, 2012 through mid/late April 2012.

Conclusion

[24] The TXBVME did not perform their duty in a timely & appropriate manner. The TXBVME was clearly aware of Ms. Morris & her venture, Furry Friends Animal Hospital, in **mid-November 2011.** Nevertheless, the TXBVME failed to act in 2011. The Board waited five full months before taking appropriate action, in **mid/late April 2012.**

Exhibit: 1

[25] Had the TXBVME performed their duty in a timely manner, RSVP would have been aware of their concerns. In turn, Dr. Alexis would also have been aware of the TXBVME's concerns, & never would have agreed to provide relief services at Furry Friends Animal Hospital.

Relief Requested

[26] Dr. Alexis is requesting, for the above stated reasons, that the **Guilty** verdict handed down by the TXBVME in January of 2013, for the above mentioned Practice Act Violation, be **Vacated.** The TXBVME was well aware of Ms. Morris & her illegal venture in mid-November 2011. A five month delay in acting is unconscionable, & is a clear failure by the Texas Board of Veterinary Medical Examiners to protect its veterinarians & the public from unscrupulous business owners like Ms. Morris.

Affidavit of Applicant: Vincent P. Alexis
via 28 U.S.C. §1746, States as Follows:

[1] On December 4, 2013 Alexis was convicted of one count of Attempted Travel in Interstate & Foreign Commerce to Engage in Illicit Sexual Conduct, a Class B Felony.

[2] On July 23rd & 24th of 2011, Alexis was forced to sign a confession under duress by Syracuse Special Agent Sean Boutot.

[3] This confession was then immediately used against Alexis, and quickly events unfolded which made it impossible for him to mount a proper defense.

[4] Alexis is factually, actually, & legally innocent. Unfortunately, he was unable to appeal his conviction due to Ineffective Assistance of Counsel, & due to a prolonged, life-threatening, illness (sepsis & bilateral, multifocal, lung abscesses) which struck shortly after his sentencing.

Vincent P. Alexis, DVM Petitioner, v. Nevada State Board of Veterinary Medical Examiners Respondent.	Date_____ Nevada License #1109

VINCENT P. ALEXIS, DVM REQUESTS THE NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS REINSTATE HIS LICENSE TO PRACTICE VETERINARY MEDICINE IN THE STATE OF NEVADA (#1109) TO ACTIVE STATUS, ON A PROVISIONAL BASIS, FOR THE FOLLOWING CONSIDERATIONS, & WITH THE FOLLOWING STIPULATIONS APPROVED BY THE BOARD

Affidavit of Petitioner: Vincent P. Alexis, hereinafter referred to as Alexis, via 28 U.S.C. §1746, states as follows:

Background

[1] Alexis was issued Nevada license #1109, a license to practice veterinary medicine in the State of Nevada, in 1997.

[2] Alexis practiced veterinary medicine in Nevada, on a full-time basis, from 1997-2011, with no State Board actions against him during those 15 years.

[3] Alexis practiced veterinary medicine in New York State from 1994-1997, with no State Board actions against him during those 3 years.

[4] Alexis practiced veterinary medicine in the State of Utah for 5 months during 2008, with no State Board actions against him during that time.

[5] Alexis practiced veterinary medicine in the State of Colorado for 4 months during 1994, with no State Board actions against him during that time.

[6] Alexis practiced veterinary medicine as a relief veterinarian in the State of Texas from 2011-April 2013. Alexis did receive a State Board incident/sanction, resulting in discipline in 2013 (please see Exhibit:1 for a thorough explanation of this issue).

[7] Alexis has been incarcerated since April of 2013, & has been unable to participate in CE conferences/meetings.

[8] Alexis understands the importance of a veterinarian's responsibility to obtain regular CE in order to expand his/her knowledge and to stay updated on current topics & developments.

[9] Alexis has, from 1994 through 2012, religiously attended CE conferences. During this time period, he has amassed twice as many CE credits as required by the states in which he is/was licensed.

Exhibit: 3

[10] Alexis will attend the first available CE conference upon his return to Nevada. He will also immediately complete the maximum amount of online CE, which has been approved by the Board. A second CE conference will be attended within 3-5 months of Alexis's first conference. With this course of action, Alexis should quickly amass enough CE credits to cover 2019 & 2020.

Status of State Licenses

[11] **Colorado**
License #5835

Alexis did not renew his Colorado license. The license expired in/around 2012 (Alexis is unsure of the precise date).

[12] **Utah**
License #6959488-2801

Alexis did not renew his Utah license. Alexis is unsure of the date when the license expired.

[13] **New York**
License #7242

Alexis did not renew his New York license. The license expired in/around 2013 (Alexis is unsure of the precise date).

Exhibit:3

[14] **Texas License #11628**

"Texas Attorney General Opinion #GA-0064 states that under §53.021 of the Occupations Code, a license holder's license is revoked by operation of law upon the license holder's imprisonment following a felony conviction..." (Exhibit:2). Alexis's Texas license was "Automatically revoked by operation of law on December 4, 2013."

[15] Alexis has requested a "Letter of Good Standing" from New York, Colorado, Utah, & Texas be sent to the Nevada Board of Veterinary Medical Examiners.

Discussion

[16] Alexis is asking for help & understanding, as he strives to put his life, and career, back on track.

[17] Alexis will almost certainly be restricted from traveling outside of the Southern Nevada region for an extended period of time, upon his release from Fort Dix. This will clearly limit his CE options to Las Vegas Conferences (such as Western States), and online CE.

[18] Obviously, it's extremely important that Alexis is able to earn a living immediately upon his release from Fort Dix. This, clearly centers around his ability to practice veterinary medicine in Nevada.

[19] So, Alexis has an obvious dilemma - there might be a significant delay before Alexis has the required amount of CE credits for the Nevada Board of Veterinary Medical Examiners to reinstate his license to practice veterinary medicine.

Relief Requested

[20] WHEREFORE, for the above stated reasons, Dr. Alexis respectfully requests that the Nevada Board of Veterinary Medical Examiners reinstates his license to practice veterinary medicine in Nevada immediatley upon receipt of his application and the $200 fee.

[21] Dr. Alexis will (at the first opportunity approved by U.S. Probation) immediately complete the maximum amount of online CE, which has been approved by the Board.

[22] Dr. Alexis will attend the first available CE conference upon his return to Nevada.

[23] A second CE conference will be attended within 3-5 months of the first conference (with the approval of U.S. Probation).

[24] With this course of action, Dr. Alexis should quickly amass enough CE credits to cover the Board's requirement for his license reinstatement.

Exhibit:3

Conclusion

[25] Dr. Alexis has a proven history of 15 years of active, full-time, practice in Nevada with no state disciplinary actions. During that time, one client filed a complaint against Dr. Alexis. The Board quickly dismissed that sole complaint (Dr. Alexis had not treated the dog in question, an employee of Paw Prints Animal Hospital/Alexis Veterinary Services, LLC [Dr. Paguyo] had treated the client's pet and apparently missed its splenic neoplasia).

[26] Dr. Alexis is asking for help & understanding, as he strives to put his life, and career, back on track. He has employment waiting for his return to Las Vegas, with Dr. Julie Ylarde at East Charleston Animal Hospital.

[27] Dr. Alexis has been accepted into a Las Vegas release program called Hope for Prisoners (Exhibit:5). This program will provide support, so that he can have the best chance of success in the future.

[28] Other than the one charge that resulted in his incarceration, Dr. Alexis has had no prior criminal history/arrests/convictions. He's a first-time, non-violent, offender, and is no threat to anyone, (Exhibits:3 & 4).

[29] Dr. Alexis would like very much to move forward with life. There's a lot that he has to offer to the pets, people, & wildlife of Southern Nevada.

PETITIONER, VINCENT P. ALEXIS DVM, HEREBY SUBMITS AN ADDENDUM TO HIS APRIL 18, 2019 PETITION TO THE NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS FOR REINSTATEMENT OF HIS LICENSE TO PRACTICE VETERINARY MEDICINE IN THE STATE OF NEVADA

General Background

[1] On April 18, 2019, Petitioner: Vincent P. Alexis, DVM submitted a Petition for license reinstatement with the Nevada State Board of veterinary Medical Examiners.

Exhibit:4

[2] Today, Dr. Alexis submits an addendum to that Petition. The purpose of this addendum is to update the State Board of events which transpired since the initial submission, and to provide additional letters of reference in support of Dr. Alexis's Petition for license reinstatement.

Factual Statement

[3] Dr. Alexis attended the February, 2020 Western States Veterinary Conference, and completed 5 hours of online continuing education. He now has 38 Continuing Education credits.

[4] Dr. Alexis was released from FCI Fort Dix on September 18, 2019 and returned to Las Vegas, Nevada.

[5] Dr. Alexis is now under the authority of U.S. Probation Officer Steven M. Goldner {300 Las Vegas Blvd. South, Suite 1200, Las Vegas, Nevada 89101, (702) 591-0895}.

Exhibit: 4

[6] Dr. Alexis graduated into the Hope for Prisoners program in January of 2020. This program offers an amazing amount of support for people returning to society. The program has a record-low recidivism rate (approximately 7%), which is far below the national average (approximately 90%).

[7] The evidence before The Board shows that Dr. Alexis has taken many positive steps, and has done everything asked and required of him, since July of 2011. Dr. Alexis has served his debt to society. Dr. Alexis has been patient throughout this license reinstatement process (having applied 18 months ago). Dr. Alexis poses no threat to society. In fact, he is an asset to society.

Relief Requested

[8] Dr. Alexis respectfully requests that The Nevada Board of Veterinary Medical Examiners reinstitute his license to practice veterinary medicine (Lic. No. 1109).

Dr. Alexis.

Thank you for your time on the phone last week.

In order to proceed with processing your application to dispense drugs in Nevada, we will need the supporting documentation regarding your disclosures listed on page 2 of the application. Under Section 4: Personal and Professional History you answered in the affirmative to questions #2 and #3. You have supplied a detailed summary of your disclosures, but Board staff needs the final orders/dispensations from the courts and/or licensing boards. We need the court order (criminal court) and/or administrative order (regulatory board – i.e., Texas, Nevada...) for each of your disclosures. You have included as "exhibit 2" the December 4, 2013 order from the Texas Board of Veterinary Medical Examiners.

Alternatively, we can place you on the next (April) Board Meeting.

Respectfully,

Dave

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good Morning Dave,

My name is Nicolle Gunn and I manage the ER at Valley Vista, an Extension of Centennial Hills Hospital. We have a new FED opening on West Craig Rd in Las Vegas in a few months and I am currently filling out the application for that. With the newest application form, I reached out to corporate legal in terms of how to fill out the application in re to ownership type and furnish the forms to me. I know on prior application forms, it did not have a checklist of applicable documents based on business type, but now I see that personal history record application are required for non-publicly traded, partnerships, sole owners. I know that our parent company Universal Health Services IS publicly traded which does not require this, but I believe our corporate/owner of the FED is Valley Health System, LLC, which is non-publicly traded. I reached out to legal, but since they are referencing old forms, they are telling me to fill it all out. I am waiting for another response, but in the meantime, I am wondering how to go about completing just the application. I have filled out the main application plus the designated representative application for myself and is ready to mail it to reach the deadline to be on the March agenda, but I just want to make sure it is correct that the personal application form are to be done by the top 4 shareholders that they can mail from corporate. Thank you so much for your assistance.

A REGULATION relating to pharmacy; revising requirements for applicants for certain licenses and registrations to appear before the State Board of Pharmacy; removing certain requirements relating to advanced practice registered nurses that duplicate existing law; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires: (1) a physician assistant or advanced practice registered nurse who dispenses controlled substances, poisons, dangerous drugs and devices only to obtain a certificate of registration from the State Board of Pharmacy; and (2) the operator of a pharmacy to obtain a license from the Board. (NRS 639.1373, 639.1375, 639.230) Existing regulations require an applicant for such a certificate or license to appear before the Board under certain conditions, including when such an appearance is requested by the Board. (NAC 639.215, 639.272, 639.870) **Sections 1-3** of this regulation: (1) remove the requirements that an applicant for such a license or certificate must appear before the Board under certain conditions; and (2) instead provide that the Board may require such an applicant to appear before the Board for any reason.

Existing law authorizes an advanced practice registered nurse to prescribe controlled substances, poisons, dangerous drugs and devices only if he or she: (1) possesses certain experience; or (2) prescribes pursuant to a protocol approved by a collaborating physician. (NRS 632.237) **Section 3** of this regulation removes a duplicative requirement from existing regulations.

Attn: Dave Wuest
Nevada Board of Pharmacy Executive Secretary

The Retail Association of Nevada and the members of the Chain Drug Committee would like to thank Governor Lombardo and you for giving the industry an opportunity to make recommendations to the Board of Pharmacy for changes within the Nevada Administrative Code. The pharmacy and pharmacists in Nevada have always been cognizant of the importance of assuring the citizens of Nevada are able to obtain medical assistance in a safe and timely manner. The suggestions we are submitting will still uphold this standard with no compromise to the patient. We believe this will also assist a pharmacist to work in a less stressful environment, again enabling the patient to receive their medications in a safe and timely manner.
Suggested changes:

1. **Pharmacy/Pharmacist licensure**

A. NAC 639. 403 (1) (a-if) Application required for pharmacists to engage in practice of pharmacy site other than licensed pharmacy:

Amend. Have a registered **pharmacy** (captured in NAC 639.412), rather than each **pharmacist,** apply for permission to operate an off-site pharmacy practice for pharmacists. Allow technicians and pharmacy interns to also practice at an off-site location. The out of state pharmacy is already licensed in Nevada but we are the only state requiring each pharmacist to be licensed in Nevada. That pharmacist (employed at a Nevada licensed out of state pharmacy) is already licensed in the state they are practicing in.

B. Remove the requirement for a physical signature requirement in: NAC 639.7145 Transfer of information between pharmacies and requirements for transfer by facsimile machine.

C. Consider the elimination of the MPJE (law examination). No other medical providers, doctors or nurses, are required to take this examination. The Schools of Pharmacy nationwide have issued an opinion that this is an unnecessary requirement and burden placed on the pharmacists.

D. Remove the antiquated requirement for a 5-foot barrier between the pharmacy and general areas in NAC 639.520.

E. Simplify the Central Fill rule (NAC 639.7125 Use of a fulfillment pharmacy by dispensing pharmacy). While not necessarily licensing in nature, this language can be simplified like what is in place across the country to provide clear expectations and direction for licensees. Better regulations could draw more pharmacies to place these large pharmacies in NV which may create more jobs at an entry level. This also holds true with NAC 639.92(Sharing of Information between pharmacies).

2. Pharmacy technicians

During the pandemic, the ratio for technicians working in a pharmacy increased, and there was no safety issue reported. The waiver was rescinded, and the board chose to go back to the previous requirement. This increased the workload for the pharmacist in some of the busiest pharmacies.

A. NAC 639.240 Requirements for registration of pharmaceutical technicians. (1)(b) strike out requirement to be a high school graduate or equivalent.

B. NAC 639.242 Registration of pharmaceutical technician in training.

C. NAC 639.250 Restrictions on supervision. Elimination of pharmacist technician ratio or at least return to pandemic level of allowance of 6 technicians with the pharmacist ability to determine their comfort level with supervision.

D. NAC 639.700 Performance of certain acts by pharmacists and pharmaceutical interns only. Allow technicians to take new orders for prescriptions or chart orders over the phone.

E. NAC 639.240 and 639.242:

1. 1500 hours of training and experience during a tech in training period is a lot for many techs especially if they do not work full-time. (This is approximately 9.5 months working full-time.
2. Remove the requirement for a PIC to file an affidavit to certify the hours completed by a technician.

If you should have any questions regarding the recommendations, please feel free to contact me.

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Nevada Board of Pharmacy,

Today I am contacting you regarding Governor Lombardo's Executive Orders 2023-003 and 2023-004. The Nevada Pharmacy Alliance discussed these orders in a regularly scheduled committee meeting and reached out to pharmacists in Nevada to procure suggestions. While we are aware that some of the discussion below may pertain to Nevada Revised Statutes and/or require the addition of language to existing Nevada Administrative Code, we nonetheless endeavor to share this with you with the hopes such will lead to further discussions on how to best improve patient care in Nevada.

These following topics were voted on and supported by the Nevada Pharmacy Alliance:

1. Modify NAC 639.403 and NAC 639.406 to allow any pharmacist, regardless of their employment status, to engage in the practice of pharmacy outside of a licensed pharmacy without having to appear in front of the Board of Pharmacy. The current regulation creates significant barriers for pharmacists to provide patient care in medical clinics, consulting, and other sites. The regulation reduces access to pharmacist-provided patient care.
2. Modify NAC 652.397(1) to include a pharmacist to serve as a director of an exempt laboratory (the language should **NOT** include a provision that the pharmacist is acting under a collaborative practice agreement).

The following topics have not been voted on by the Nevada Pharmacy Alliance yet, but members have brought them to our attention since our last meeting. We may vote on them and take an official stance at the next Board of Directors meeting:

3. Modify NAC 639.486(3) to allow records of controlled substances to be documented in a patient's medical record. Currently line #3 of the regulation states "Records maintained pursuant to this section must be maintained separately from the records of patients." According to the requestor, allowing controlled medication to be documented in the patient's medical chart would make it easier to audit total doses of controlled substances as well as anesthesia teams to clearly document their waste in the record.
4. Modify NAC 639.264 to allow any healthcare professional (RN, DO, MD, APRN, PA, etc.) to oversee a pharmacy intern to provide clinical services such as, but not limited to, immunizations, blood pressure, and cholesterol screenings. The medical professional must be trained on the clinical services that they are overseeing.

If you need clarification or would like to discuss any of these items, please feel free to reach out to me.

Ken Kunke of behalf of the Nevada Pharmacy Alliance.

APPROVED REGULATION OF THE

STATE BOARD OF PHARMACY

LCB File No. R164-20

Filed December 29, 2022

EXPLANATION – Matter in ***italics*** is new; matter in brackets **[~~omitted material~~]** is material to be omitted.

AUTHORITY: §§ 1-6 and 10, NRS 639.070; §§ 7-9, NRS 639.070, 639.071 and 639.072.

A REGULATION relating to pharmacy; prescribing requirements governing the practice of pharmacy outside the site of a licensed pharmacy; authorizing a registered pharmacist who is employed by or under contract with a licensed pharmacy to engage in the practice of pharmacy outside the site of a licensed pharmacy without additional approval by the State Board of Pharmacy; requiring certain registered pharmacists to obtain the approval of the Board in order to engage in the practice of pharmacy outside the site of a licensed pharmacy; revising provisions relating to the provision of remote chart order processing services to a hospital or correctional institution; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the State Board of Pharmacy to adopt regulations governing the practice of pharmacy, including the dispensing, sale, storage, handling, sanitation and security of poisons, drugs, chemicals and medicines. (NRS 639.070) Existing regulations prohibit a pharmacist from engaging in the practice of pharmacy except at the site of a licensed pharmacy unless the pharmacist is approved by the Board to engage in the practice of pharmacy outside such a site. (NAC 639.401, 639.403) **Section 3** of this regulation authorizes a registered pharmacist who is employed by or under contract with a pharmacy, other than an institutional pharmacy, or who is an employee of the State Government to engage in the practice of pharmacy outside the site of a licensed pharmacy without obtaining the approval of the Board. **Section 3** requires that a registered pharmacist engaging in the practice of pharmacy under those conditions have access to patient data maintained by the pharmacy for which the registered pharmacist serves as an employee or contractor. **Section 5** of this regulation requires a registered pharmacist who is not employed by or under contract with a pharmacy to apply for and obtain the approval of the Board in order to engage in the practice of pharmacy outside the site of a licensed pharmacy. **Section 2** of this regulation prescribes the requirements applicable to any registered pharmacist engaging in the practice of pharmacy outside the site of a licensed pharmacy, regardless of whether the registered pharmacist is employed by or under contract with a licensed pharmacy. Such requirements include certain limitations on the services that such a registered pharmacist is authorized to provide. **Sections 5 and 6** of this regulation clarify that the requirements of **section 2** apply to a registered pharmacist who is not employed by or under

contract with a licensed pharmacy. **Section 10** of this regulation repeals a requirement that a licensed pharmacy must obtain the approval of the Board before using the services of a registered pharmacist to engage in the practice of pharmacy at a site other than the site of the licensed pharmacy and provisions relating to such approval. **Section 4** of this regulation removes a reference to a repealed section.

Existing regulations require certain pharmacies that are within a hospital or correctional institution to provide chart order processing services to the hospital or correctional institution by: (1) operating at all times; (2) employing a pharmacist who is available at all times that the pharmacy is not operating; or (3) contracting with an off-site pharmaceutical service provider that is available at all times that the pharmacy is not operating. (NAC 639.4915) Existing regulations prescribe qualifications and standards of practice for a pharmacist who is employed by an off-site pharmaceutical service provider to provide remote chart order processing services to a hospital or correctional institution. (NAC 639.4916) **Section 8** of this regulation removes specific provisions concerning the manner in which a pharmacy within a hospital or correctional institution is authorized to provide chart order processing services to the hospital or correctional institution. **Section 9** of this regulation makes the qualifications and standards of practice that currently exist for a pharmacist who is employed by an off-site pharmaceutical service provider to provide remote chart order processing services to a hospital or correctional institution applicable to any registered pharmacist who is employed by or under contract with a pharmacy in a hospital or correctional institution to provide such services. **Section 9** also makes certain revisions to those qualifications and standards of practice, including requiring such a registered pharmacist to comply with the requirements of **section 2** to the same extent as any other registered pharmacist who engages in the practice of pharmacy at a location other than the site of a licensed pharmacy. **Section 10** removes additional provisions governing off-site pharmaceutical service providers.

Section 1. Chapter 639 of NAC is hereby amended by adding thereto the provisions set forth as sections 2 and 3 of this regulation.

APPROVED REGULATION OF THE

STATE BOARD OF PHARMACY

LCB File No. R007-22

Filed December 29, 2022

EXPLANATION – Matter in ***italics*** is new; matter in brackets **[**~~omitted material~~**]** is material to be omitted.

AUTHORITY: §§ 1-7 and 10-12, NRS 453B.080 and 453B.120; § 8, NRS 453B.080, 453B.110 and 453B.120; § 9, NRS 453B.080, 453B.100 and 453B.120.

A REGULATION relating to prescription drugs; establishing requirements governing participating in or receiving prescription drugs through the Prescription Drug Donation Program; providing that a participating pharmacy, medical facility, health clinic or provider of health care is not required to accept a donated prescription drug; repealing certain definitions; and providing other matters properly relating thereto.

Legislative Counsel's Digest

Senate Bill No. 91 of the 2017 Legislative Session: (1) combined the HIV/AIDS Drug Donation Program and the Cancer Drug Donation Program; and (2) expanded the combined program to create the Prescription Drug Donation Program. (Chapter 153, Statutes of Nevada 2017, at page 684) Under existing law, the Prescription Drug Donation Program provides for: (1) the donation of any prescription drug, with certain exceptions, through a participating pharmacy, medical facility, health clinic or provider of health care; and (2) the dispensing of donated prescription drugs by pharmacists. (NRS 453B.080, 453B.100) **Sections 2-6 and 8-11** of this regulation revise existing regulations governing the Cancer Drug Donation Program to apply instead to the Prescription Drug Donation Program. **Sections 5, 9 and 12** of this regulation remove the requirement that a person must be approved by the State Board of Pharmacy to receive a drug through the Program, thereby authorizing any resident of this State with a valid prescription to receive such a drug.

Existing regulations prescribe criteria for a pharmacy, medical facility, health clinic or provider of health care to participate in the Program. (NAC 453B.080) **Section 6** of this regulation adds to these eligibility criteria requirements that: (1) a pharmacy must be in good standing with the Board; and (2) a pharmacy, medical facility, health clinic or provider of health care must establish procedures for receiving, inspecting, storing and disposing of donated prescription drugs, keeping records and verifying the eligibility of patients to receive donated prescription drugs through the Program.

Existing regulations require a pharmacy, medical facility, health clinic or provider of health care that wishes to participate in the Program to apply to the Board. (NAC 453B.085) **Section 7** of this regulation requires the Executive Secretary of the Board, rather than the Board, to review such applications. **Section 7** also authorizes a pharmacy, medical facility, health clinic

or provider of health care that is aggrieved by the denial of an application by the Executive Secretary to appeal that denial to the Board. **Section 9** provides that a participating pharmacy, medical facility, health clinic or provider of health care is not required to accept a prescription drug for donation. **Section 12** repeals certain unnecessary definitions and a provision concerning recordkeeping that is duplicative of existing law. **Section 1** of this regulation makes a conforming change to remove references to repealed sections.

APPROVED REGULATION OF THE

STATE BOARD OF PHARMACY

LCB File No. R013-21

Filed June 13, 2022

EXPLANATION – Matter in ***italics*** is new; matter in brackets **[**~~omitted material~~**]** is material to be omitted.

AUTHORITY: § 1, NRS 639.070; §§ 2-5, NRS 639.070 and 639.2655.

A REGULATION relating to pharmacy; requiring a license to distribute drugs through certain mechanical means; prescribing fees for such licensure; proscribing requirements governing the use of such mechanical means to distribute drugs; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the State Board of Pharmacy to adopt regulations: (1) relating to the practice of pharmacy as necessary for the protection of the public; and (2) governing the dispensing, recordkeeping, storage and handling of drugs. Additionally, existing law authorizes the Board to charge and collect fees for any incidental service the Board provides. (NRS 639.070) Existing law further authorizes the use of computerized mechanical equipment to perform work that a pharmacist is authorized to perform by law in accordance with the regulations adopted by the Board. (NRS 639.2655)

Existing regulations authorize pharmacies and medical facilities to use mechanical devices to dispense drugs to a patient. (NAC 639.718, 639.720) **Section 3** of this regulation: (1) requires a pharmacy that uses an automated drug dispensing system to obtain a license from the Board; and (2) establishes certain requirements that a pharmacy must follow when using an automated drug dispensing system. **Section 3** requires an automated drug dispensing system to track who uses the system, what drugs are in the system, the temperature of the system and other information to ensure that the drugs in the system are safely stored and only dispensed to a person authorized to receive the dispensed drug. **Section 2** of this regulation prohibits the sale, offer for sale or dispensing of a controlled substance, medication, chemical or poison through an automated drug dispensing system that is unlicensed or otherwise does not comply with the requirements of **section 3**. **Section 5** of this regulation provides that an automated drug dispensing system is not a computerized system to fill prescriptions, and is thus not subject to requirements governing such a computerized system.

Section 4 of this regulation requires a pharmacy to obtain a license to operate a mechanical device, other than an automated drug dispensing system, to furnish drugs and medications for administration to patients in a medical facility. **Section 4:** (1) authorizes the use of such a mechanical device only for drugs that will be administered to patients at the medical

facility; and (2) removes provisions authorizing the use of such a mechanical device to dispense drugs directly to patients at a medical facility.

Existing regulations prescribe a schedule of fees for certain applications, licenses and registrations issued by the Board. (NAC 639.220) **Section 1** of this regulation prescribes fees for the issuance and renewal of a license to operate: (1) an automated drug dispensing system; and (2) a mechanical device to furnish drugs and medications for administration to patients in a medical facility. **Section 1** also removes a reference to a previously deleted fee.

APPROVED REGULATION OF THE

STATE BOARD OF PHARMACY

LCB File No. R180-22

Filed December 29, 2022

EXPLANATION – Matter in ***italics*** is new; matter in brackets **[~~omitted material~~]** is material to be omitted.

AUTHORITY: §§ 1-5 and 7-11, NRS 639.070 and 639.0727; § 6, NRS 639.070.

A REGULATION relating to pharmacy; authorizing a reproductive healthcare center to obtain a license to distribute certain drugs using an automated drug dispensing system; prescribing requirements governing the use of such a system; requiring a dispensing practitioner to provide certain information to a patient to whom a drug is dispensed and maintain certain records; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the State Board of Pharmacy to adopt regulations: (1) relating to the practice of pharmacy as necessary for the protection of the public; and (2) governing the dispensing, recordkeeping, storage and handling of drugs. (NRS 639.070) Existing law further requires the Board to adopt regulations setting forth the powers and duties of a dispensing practitioner. (NRS 639.0727) Existing regulations define the term "dispensing practitioner" to mean a practitioner to whom the Board has issued a certificate of registration to dispense controlled substances or dangerous drugs. (NAC 639.010) Lastly, existing regulations: (1) authorize a pharmacy to operate an automated drug dispensing system if the pharmacy has obtained a license for the system from the Board; and (2) establish the requirements governing the operation of an automated drug dispensing system. (NAC 639.718)

Section 1 of this regulation: (1) authorizes a reproductive healthcare center to obtain a license to use an automated drug dispensing system to dispense prescription drugs related to reproductive health care; and (2) establishes requirements that a reproductive healthcare center must follow when using such an automated drug dispensing system, which are similar to those that currently apply to a pharmacy. **Section 1** requires an automated drug dispensing system to track: (1) who uses the system; (2) what drugs are in the system; (3) the temperature of the system; and (4) other information to ensure that the drugs in the system are safely stored and only dispensed to a person authorized to receive the dispensed drug. **Sections 2 and 6** of this regulation make conforming changes to ensure that certain terms used in **section 1** are defined in the same manner throughout chapter 639 of NAC. **Sections 5, 7 and 8** of this regulation make conforming changes to ensure that certain provisions of existing regulations are not read to conflict with the provisions of **section 1**.

Existing regulations: (1) require a pharmacist to provide certain information to a patient concerning a drug being dispensed to the patient by the pharmacist; (2) require a pharmacist to

consider the therapeutic appropriateness of dispensing the drug to the patient; (3) prescribe requirements concerning the documentation of counseling of a patient by a pharmacist; and (4) prescribe procedures for the maintenance of such records by a pharmacy. (NAC 639.707, 639.708) **Sections 3 and 4** of this regulation expand applicability of these requirements to also apply to a dispensing practitioner. **Sections 9 and 10** of this regulation make conforming changes to reflect the expanded applicability of a requirement concerning a determination of the therapeutic appropriateness of a prescription.

Section 11 of this regulation provides that an automated drug dispensing system licensed to a reproductive healthcare center is not a computerized system to fill prescriptions, and is thus not subject to requirements governing such a computerized system. (NAC 639.940)

Section 1. Chapter 639 of NAC is hereby amended by adding thereto a new section to read as follows:

1. Except as otherwise provided in this section, one or more dispensing practitioners practicing at a reproductive healthcare center may use an automated drug dispensing system and maintain a shared inventory in the automated drug dispensing system to dispense a prescription drug to a patient if the reproductive healthcare center obtains a license from the Board for the automated drug dispensing system pursuant to subsection 2.

2. The Board will provide an application for a license for an automated drug dispensing system to a reproductive healthcare center upon request. The Board will issue a license for an automated drug dispensing system if the Board determines that the system dispenses prescription drugs accurately and otherwise meets the requirements of this section and the fee prescribed by NAC 639.220 is paid. A license must be:

(a) Issued for each automated drug dispensing system at a reproductive healthcare center; and

(b) Posted on the system so that the license is visible to the public.

3. The automated drug dispensing system must conform to all the following provisions:

(a) Except as otherwise provided in subsection 8, the system must contain only dangerous drugs, excluding compound drug products, for treatment in reproductive health care:

(1) Approved for use in the system by a dispensing practitioner; and

(2) For which the prescription has been processed, verified and completed in the same manner as a prescription for drugs that are delivered manually by a dispensing practitioner pursuant to NAC 639.742 and 639.745, except that the requirements of paragraph (e) of subsection 3 of NAC 639.742 do not apply.

(b) The system must:

(1) Control and track access to the system for stocking, cleaning, maintenance or any other purpose to ensure that access to the system can be obtained only by a dispensing practitioner practicing at the reproductive healthcare center.

(2) Be secure from unauthorized access to and removal of prescription drugs.

(3) Be owned or leased by the reproductive healthcare center that obtained the license for the system and operated under the supervision and control of that reproductive healthcare center.

(4) Monitor the temperature of the system or be able to have a device installed to monitor the temperature of the system. Such monitoring must include, without limitation, an alarm that records when the temperature of the system reaches a level outside the range compatible with the proper storage of a prescription drug and a method to notify the reproductive healthcare center of the temperature change.

(5) Create and maintain a complete, accurate and readily retrievable record of all transactions. The record must include, without limitation:

(I) The name, strength, quantity and form of dosage of each prescription drug stocked, inventoried, removed or dispensed from the system;

(II) Each day and time the system is accessed;

(III) An inventory of the prescription drugs stored in the system; and

(IV) The identity of each person who accesses the system.

(6) Authorize access only to patients who have previously indicated to the dispensing practitioner who prescribed the drug their desire to have their prescription drugs dispensed by the system.

(7) Provide a method to identify the patient and dispense a prescription drug only to the patient or to an authorized agent of the patient.

(8) Dispense one, any combination or all of the prescription drugs available to a patient at the option of the patient at the time that the patient removes the prescription drugs from the system.

(9) Record the date and time that the patient removes the prescription drugs from the system.

(10) Inform a patient:

(I) If the patient is using the system at the time that the reproductive healthcare center is open, that the patient may discuss questions and concerns regarding the prescription drug with the dispensing practitioner in person, if available, or through user-based access technology described in subparagraph (13).

(II) If the patient is using the system at the time that the reproductive healthcare center is closed, that the patient may discuss questions and concerns regarding the prescription drug through the user-based access technology described in subparagraph (13).

(III) That the patient may choose not to purchase the prescription drug from the system at any time before the system dispenses the prescription drug.

(11) Dispense all prescription drugs in containers labeled in conformance with NRS 639.2801.

(12) Be installed in such a place and manner that a person is unable to remove the system from its location or obtain access to the system without authorization. The system must be monitored by real-time audio-visual technology or audio-visual recording technology.

(13) Be equipped with user-based access technology that includes, without limitation, an audio-visual function that allows the patient to communicate, in real time, with a dispensing practitioner who has access to any patient record necessary for counseling the patient in compliance with NAC 639.707 and 639.708.

4. A reproductive healthcare center that dispenses prescription drugs by an automated drug dispensing system pursuant to this section shall maintain a written policy that sets forth:

(a) The duties of all persons who are authorized to access the system; and

(b) The procedures for:

(1) Maintaining the security of the prescription drugs stored in the system during the maintenance and repair of the system;

(2) The preparation of an inventory of the prescription drugs stored in the system; and

(3) Stocking the system with prescription drugs.

5. A dispensing practitioner practicing at a reproductive healthcare center that dispenses prescription drugs through an automated drug dispensing system pursuant to this section shall comply with all applicable federal and state recordkeeping requirements and shall maintain those records in a readily retrievable manner separate from other medical records.

6. Prescription drugs stored in an automated drug dispensing system pursuant to this section shall be deemed part of the inventory and the responsibility of each dispensing

practitioner that uses the automated drug dispensing system at the reproductive healthcare center that holds the license for the system. Prescription drugs dispensed from the system shall be deemed to have been dispensed by that dispensing practitioner or those dispensing practitioners, as applicable.

7. The Board may prohibit a reproductive healthcare center from using an automated drug dispensing system to furnish a prescription drug to a patient if the Board determines that the system, or one or more dispensing practitioners' use of the system, does not comply with this section.

8. The provisions of this section do not prohibit the use of an automated drug dispensing system to furnish a drug or device that is approved by the Food and Drug Administration for sale over the counter without a prescription if the reproductive healthcare center using the system is otherwise authorized to use the system pursuant to this section.

9. As used in this section, "reproductive healthcare center" means a health care facility that is:

(a) Owned and operated by a nonprofit corporation or a public health center, as defined in subsection 8 of NRS 449.260; and

(b) Principally engaged in providing family planning services and reproductive health care, including, without limitation, the testing, diagnosis and treatment of, or providing of medication to prevent sexually transmitted infections or other infections of the urogenital system.

Section 4: Laws pertaining to the use of an automated drug dispensing system by a reproductive healthcare center. By signing this application, you attest you have read and understand the components in this section.

1. The automated drug dispensing system must conform to all of the following provisions:
    a. The system must contain only dangerous drugs, excluding compound drug products, for treatment in reproductive health care:
        i. Approved for use in the system by a dispensing practitioner; and
        ii. For which the prescription has been processed, verified, and completed in the same manner as a prescription for drugs that are delivered manually by a dispensing practitioner pursuant to NAC 639.742 and 639.745, except that the requirements of paragraph (e) of subsection 3 of NAC 639.742 do not apply.
    b. The system must:
        i. Control and track access to the system for stocking, cleaning, maintenance, or any other purpose to ensure that access to the system can be obtained only by a dispensing practitioner practicing at the reproductive healthcare center.
        ii. Be secure from unauthorized access to and removal of prescription drugs.
        iii. Be owned or leased by the reproductive healthcare center that obtained the license for the system and operated under the supervision and control of that reproductive healthcare center.
        iv. Monitor the temperature of the system or be able to have a device installed to monitor the temperature of the system. Such monitoring must include, without limitation, an alarm that records when the temperature of the system reaches a level outside the range compatible with the proper storage of a prescription drug and a method to notify the reproductive healthcare center of the temperature change.
        v. Create and maintain a complete, accurate and readily retrievable record of all transactions. The record must include, without limitation:
            1. The name, strength, quantity and form of dosage of each prescription drug stocked, inventoried, removed or dispensed from the system;
            2. Each day and time the system is accessed;
            3. An inventory of the prescription drugs stored in the system; and
            4. The identity of each person who accesses the system.
        vi. Authorize access only to patients who previously have indicated to the dispensing practitioner who prescribed the drug their desire to have their prescription drugs dispensed by the system.
        vii. Provide a method to identify the patient and dispense a prescription drug only to the patient or to an authorized agent of the patient.
        viii. Dispense one, any combination or all of the prescription drugs available to a patient at the option of the patient at the time that the patient removes the prescription drugs from the system.
        ix. Record the date and time that the patient removes the prescription drugs from the system.
        x. Inform a patient:
            1. If the patient is using the system at the time that the reproductive healthcare center is open, that the patient may discuss questions and concerns regarding the prescription drug with the dispensing practitioner in person, if available, or through the user-based access technology described in subparagraph (13).
            2. If the patient is using the system at the time that the reproductive healthcare center is closed, that the patient may discuss questions and concerns regarding the prescription drug through the user-based access technology described in subparagraph (13).
            3. That the patient may choose not to purchase the prescription drug from the system at any time before the system dispenses the prescription drug.
        xi. Dispense all prescription drugs in containers labeled in conformance with NRS 639.2801.
        xii. Be installed in such a place and manner that a person is unable to remove the system from its location or obtain access to the system without authorization. The system must be monitored by real-time audio-visual technology or audio-visual recording technology.
        xiii. Be equipped with user-based access technology that includes, without limitation, an audio-visual function that allows the patient to communicate, in real time, with a dispensing practitioner who has access to any patient record necessary for counseling the patient in compliance with NAC 639.707 and NAC 639.708.
2. A reproductive healthcare center that dispenses prescription drugs by an automated drug dispensing system pursuant to this section shall maintain a written policy that sets forth:
    a. The duties of all persons who are authorized to access the system; and
    b. The procedures for:

i. Maintaining the security of the prescription drugs stored in the system during the maintenance and repair of the system;
ii. The preparation of an inventory of the prescription drugs stored in the system; and
iii. Stocking the system with prescription drugs.

3. A dispensing practitioner practicing at a reproductive healthcare center that dispenses prescription drugs through an automated drug dispensing system pursuant to this section shall comply with all applicable federal and state recordkeeping requirements and shall maintain those records in a readily retrievable manner separate from other medical records.
4. Prescription drugs stored in an automated drug dispensing system pursuant to this section shall be deemed part of the inventory and the responsibility of each dispensing practitioner that uses the automated drug dispensing system at the reproductive healthcare center that holds a license for the system. Prescription drugs dispensed from the system shall be deemed to have been dispensed by that dispensing practitioner or those dispensing practitioners, as applicable.
5. The Board may prohibit a reproductive healthcare center from using an automated drug dispensing system to furnish a prescription drug to a patient if the Board determines that the system, or one or more dispensing practitioners' use of the system, does not comply with the law.
6. The provisions of this section do not prohibit the use of an automated drug dispensing system to furnish a drug or device that is approved by the Food and Drug Administration for sale over the counter without a prescription if the reproductive healthcare center using the system is otherwise authorized to use the system pursuant to the law.
7. If a license is issued for the automated drug dispensing system, the license must be posted on the system so that the license is visible to the public.
8. As used in this section:
    a. "Automated drug dispensing system" means a system that performs operations, other than compounding or administration, related to the storage and dispensing of drugs.
    b. "User-based access technology" means software or hardware that restricts access to an automated drug dispensing system to authorized users by requiring two-factor authentication. Authentication factors may include, without limitation, knowledge, hardware tokens or biometric information.

APPROVED REGULATION OF THE

STATE BOARD OF PHARMACY

LCB File No. R181-22

Filed December 29, 2022

EXPLANATION – Matter in ***italics*** is new; matter in brackets **[**~~omitted material~~**]** is material to be omitted.

AUTHORITY: §§ 1-3, NRS 639.070.

A REGULATION relating to pharmacy; establishing the requirements for a group of practitioners practicing at a reproductive healthcare center to obtain a certificate of registration from the State Board of Pharmacy to maintain a single inventory of dangerous drugs received at a site of practice; prescribing certain powers and duties of dispensing practitioners of a registered group of practitioners practicing at a reproductive healthcare center; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes an exclusive list of persons, including practitioners, to possess and administer a dangerous drug in this State. (NRS 454.213) Existing law authorizes the State Board of Pharmacy to adopt regulations governing the dispensing of poisons, drugs, chemicals and medicines. (NRS 639.070) Existing regulations require a practitioner who wishes to dispense dangerous drugs to obtain a certificate of registration from the Board and require a practitioner who is registered with the Board to perform certain duties relating to the dispensing of dangerous drugs. (NAC 639.742, 639.745)

Existing regulations authorize an oncology group practice to maintain a single inventory of dangerous drugs received at a site of practice in lieu of maintaining separate inventories for each dispensing practitioner of the oncology group practice if the oncology group practice applies to the Board for a certificate of registration and submits the applicable fee. The certificate: (1) entitles the oncology group practice to maintain a single inventory of dangerous drugs at the site of the oncology group practice; and (2) is a revocable privilege. Existing regulations additionally prescribe the procedure for renewing such a certificate and require an oncology group practice registered with the Board to notify the Board of the addition or removal of a dispensing practitioner of the practice. Existing regulations: (1) authorize a dispensing practitioner of an oncology group practice registered with the Board to maintain a single inventory of dangerous drugs at the site of the oncology group practice; and (2) require such a dispensing practitioner to maintain separate records of each dangerous drug dispensed by him or her. (Section 1 of Adopted Reg. of the State Bd. of Pharm., LCB File No. R007-21)

Section 3 of this regulation similarly authorizes a group of practitioners practicing at a reproductive healthcare center to obtain a certificate of registration authorizing: (1) the group to maintain a single inventory of dangerous drugs received at a site of practice; and (2) a dispensing

practitioner who is a member of the group to dispense any dangerous drug accounted for in the inventory of the group. **Section 3** prescribes: (1) the same procedure for the issuance and renewal of such a certificate as that for a certificate for an oncology group practice; and (2) similar authority and duties for a registered group of practitioners practicing at a reproductive healthcare center as currently apply to an oncology group practice. **Section 1** of this regulation defines the term "reproductive healthcare center."

Finally, existing regulations provide that the dispensing practitioners of an oncology group practice registered with the Board are jointly responsible for ensuring compliance with certain requirements relating to the dispensing of dangerous drugs. (NAC 639.742) **Section 2** of this regulation similarly provides that a group of practitioners practicing at a reproductive healthcare center is jointly responsible for ensuring compliance with such requirements.
