Dave Wuest provided background on proposed regulation workshop item.

President Park opened the floor to public comment.

Liz McMenamin, Retail Association of Nevada, commented that this will be costly for consumers/pharmacies. These laws will not deter people from stealing drugs in these pharmacies. She would like the Board to work with the Retail Association on this item.

Lauren Paul, Executive Director of Regulatory Affairs at CVS Health, suggests combining two sections in Nevada law relating to the security of the premises and the security of the prescription departments which personnel ensures the security of the pharmacy, must have a barrier of some type, and must have some type of locking mechanism on the doors but not the specificity of the five-foot wall or dead bolt lock. She suggests shrinking the specificity of NAC 639.520 and combining the similar language of NAC 639.470 into one. Also, an opportunity can be brought before the Board to provide alternate security, processes, or systems if the Board should wish for review.

Board discussion ensued.

Mr. Wuest will meet with the industry on the proposed regulation and report to the Board at a future meeting.

C. **Amendment of Nevada Administrative Code (NAC) 639.XXX: Administrative Fine in Lieu of Disciplinary Action.** The proposed amendment clarifies the circumstances when the Board may assess an administrative fine pursuant to NRS 639.2895 in lieu of taking formal disciplinary action against a holder of a certificate, certification, license, or permit issued by the Board. With respect to minor violations, the proposed amendment further limits the amount of the fine that could otherwise be imposed pursuant to NRS 639.2895.

WellDyneRx-FL

WellDyneRx-FL, a pharmacy located at 500 Eagles Landing Drive, Lakeland, FL 33810 Wisconsin License # 438-043 is owned by WellDyneRx, LLC. The Discipline was for WellDyneRx-FL's Wisconsin License #438-043.

WellDyneRx-FL is licensed in the State of Wisconsin as an out of state pharmacy. On May 6, 2014, a WellDyneRx-FL staff pharmacist attempted to transfer a refill prescription order of hydrochlorot 50mg tablets to another pharmacy via facsimile machine. WellDyneRx-FL did not require the pharmacist to contact the receiving pharmacist to verbally verify the prescription. WellDyneRx-FL voluntarily corrected the issue and the Wisconsin Pharmacy Examining Board required WellDyneRx-FL to pay a forfeiture in the amount of $2,500.00 and costs in the amount of $129.83.

WellDyneRx-FL regrets that this incident occurred, but WellDyneRx-FL has learned from the incident and has voluntarily implemented measures in an effort to mitigate future incidents. Specifically, this incident has suggested a need for WellDyneRx-FL to increase training of its pharmacy staff based on individual state laws and policies. As such, WellDyneRx-FL has developed independent compliance plans for each state through compliance and quality control committees.

In addition, said compliance and quality control committees are examining current training procedures for pharmacy staff. WellDyneRx-FL has required and will continue to require the retraining of individual pharmacy staff on compliance issues specific to each state in which WellDyneRx-FL operates.

WellDyneRx-FL strives to operate a fully compliant pharmacy operation. This incident suggested an area where WellDyneRx-FL can improve, and WellDyneRx-FL has implemented policies and procedures to mitigate similar future incidents.

Change of Ownership Application Introduction & Index

Prism Medical Products, LLC is entering into a Contribution and Exchange Agreement between Henry Schein Home Health, LLC and Henry Schein, Inc. **The effective date of the proposed transaction is projected to be on or about August 7, 2023**. Prism Medical Products, LLC's tax classification is a partnership. This partnership is between two corporations, one partner is publicly traded and one non-public. The partnership section of the application asks for Personal History Records for each partner. We included Personal History Records for each managing employee. Mr. Christopher Cartwright, Mr. Kenneth Reel, and Mr. James St. Cyr will remain as managing employees at the Operating Entity as well as partial owners of Prism Medical Products Holdings, Inc., a grandparent-level owner.

For the publicly traded partner, Henry Schein, Inc., we provided a list of Directors and Management and the Certificate of Good Standing as requested on the publicly traded page of the application. We did not complete the application publicly and non-publicly traded corporation pages as a result of guidance from the Board that only one of the four ownership type sections should be completed. We did put N/A on Sections 5 and 6, even though they both apply to the owning partners; however, the ownership type of the entity being issued a license (Prism Medical Products, LLC) is a partnership. We hope that the information provided in this application will satisfy the Board's requirement.

Prism Medical Products, LLC has been licensed by Nevada Board of Pharmacy since 2014. Henry Schein, Inc. holds 11 Nevada Board of Pharmacy permits. Both entities have been previously vetted by Nevada Board of Pharmacy. Both entities have also conducted MDEG business transactions within Nevada, as appropriately licensed. As our original notice indicated, this ownership adjustment does not affect the daily management of Prism Medical Products, LLC. If additional information is required, please request via email to: compliance@prism-medical.com. Regards,
Lucy Ketner

Change of Ownership Application Introduction & Index

Prism Medical Products, LLC is entering into a Contribution and Exchange Agreement between Henry Schein Home Health, LLC and Henry Schein, Inc. **The effective date of the proposed transaction is projected to be on or about August 7, 2023**. Prism Medical Products, LLC's tax classification is a partnership. This partnership is between two corporations, one partner is publicly traded and one non-public. The partnership section of the application asks for Personal History Records for each partner. We included Personal History Records for each managing employee. Mr. Christopher Cartwright, Mr. Kenneth Reel, and Mr. James St. Cyr will remain as managing employees at the Operating Entity as well as partial owners of Prism Medical Products Holdings, Inc., a grandparent-level owner.

For the publicly traded partner, Henry Schein, Inc., we provided a list of Directors and Management and the Certificate of Good Standing as requested on the publicly traded page of the application. We did not complete the application publicly and non-publicly traded corporation pages as a result of guidance from the Board that only one of the four ownership type sections should be completed. We did put N/A on Sections 5 and 6, even though they both apply to the owning partners; however, the ownership type of the entity being issued a license (Prism Medical Products, LLC) is a partnership. We hope that the information provided in this application will satisfy the Board's requirement.

Prism Medical Products, LLC has been licensed by Nevada Board of Pharmacy since 2014. Henry Schein, Inc. holds 11 Nevada Board of Pharmacy permits. Both entities have been previously vetted by Nevada Board of Pharmacy. Both entities have also conducted MDEG business transactions within Nevada, as appropriately licensed. As our original notice indicated, this ownership adjustment does not affect the daily management of Prism Medical Products, LLC. If additional information is required, please request via email to: compliance@prism-medical.com. Regards,
Lucy Ketner

RE: Nevada Temporary Wholesale License Application

Dear Nevada State Board of Pharmacy,

SunMed Group Holdings, LLC *dba* AirLife, on behalf of its subsidiary SunMed LLC, seeks a temporary license with the State of Nevada to distribute its medical devices to hospitals and medical facilities in Nevada.

AirLife has applied to obtain the "wholesaler license" for its subsidiary company SunMed LLC. This application is in the final stages of review with the Nevada State Board of Pharmacy, and we hope to have the approval in the upcoming weeks. We have ceased selling products into Nevada and did not contest and paid the $5,000 administrative fine based on case number 23-131-O (see FedEx tracking # 6843 5296 8680 for payment confirmation). In the meantime, we have a tremendous amount of demand from the local distribution channels in the State of Nevada. Any further disruption to the supply of our life-saving medical devices (which include resuscitation devices, endotracheal tubes, and oxygen administration supplies) into the State of Nevada could result in hospitals and clinicians being hindered in their ability to help their patients, the citizens of Nevada.

We are kindly asking for a temporary license so we can meet the Nevada medical community's demand for our life saving products. AirLife is committed to compliance with all state and federal regulations and laws, including Nevada's.

If you have questions, please feel free to contact me. Thank you.

Sincerely,

THANK CLEARSH APPROVED

RE: Nevada State Board of Pharmacy Wholesaler Application & Supporting Documentation

We, **BioHorizons Implant Systems Inc.**, located at **2300 Riverchase Center, Birmingham, Alabama, 35244, USA**, received a "Notice of Nevada Wholesale Licensure Requirement" (See Wholesale Application - Attachment 1) via U.S. Mail. Per the notice, BioHorizons received the notification "*because our organization submitted a marketing code of conduct but does not hold a current Nevada Wholesaler license.*" Per the notice: *"Should your company be engaged in the business of wholesale distribution or furnishing items covered by NRS 639.233 , you are required to obtain a Nevada Wholesaler license."*

BioHorizons Implant Systems Inc. is an out-of-state manufacturer of legend medical devices (i.e., dental implant systems and associated dental instruments) and a distributor of a biologics portfolio (i.e., hard and soft biologic products from other manufacturers) utilized during temporary or definitive restorations of dental implants. Our medical devices/products are not directly sold to consumers but sold and shipped only to licensed practitioners of dentistry for use in their office or private practice. We have an FDA Establishment Registration (Reg. No. 1060818) but are not required to maintain a license from the Alabama Board of Pharmacy. The Alabama Board of Pharmacy communicated via letter, after review of our renewal application for licensure (i.e., 29-NOV-2021), that "*...the determination has been made that no licensure is required for your business.*"

BioHorizons Implant Systems Inc. does not manufacture, store, or distribute "drugs," "medicine," or "controlled substances" (*NRS 639.007* & *NRS 453.081*). Our products are not processed or dispensed via a pharmacy *(NRS 454.0094)*. Our legend medical devices do not clearly fall within the supply channels or definitions as specified by the Nevada regulations. In the most simplistic process representation, BioHorizons supplies "dentists" or dental "practitioners" our products via their professional order of our products (i.e., dental implant systems and associated dental instruments which are legend medical devices or distributed biologic products). These products/orders are not processed from a physician of medicine, via a "prescription through a pharmacy," but rather directly to the dentist or dental practitioner.

Considering our business/product type (i.e., well established technology that is considered legend medical devices), we are not certain that BioHorizons Implant Systems Inc. would fall under the requirements to hold a Nevada Wholesaler license as per the Nevada regulations. We are

submitting the appropriate documentation (Wholesaler Application, supporting application documentation, and payment) for consideration per the "Notice of Nevada Wholesale Licensure Requirement" and, to err on the side of caution, to meet the requirements of the referenced Nevada Revised Statue (NRS) 639.233.

Please confirm receipt of this application package and let us know if you require any additional information. Thank you for your assistance and we look forward to your response!

Best regards,

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good afternoon Mark,

I'm writing to confirm that today we sent, via FedEx, a cashier's check for $5,000 to settle payment for the administrative fine levied against ZEISS by the Board in the August 14, 2023 Cease and Desist Order.

Additionally, we are submitting this statement in support of a temporary Wholesaler Permit in the state of Nevada to allow for continued operations while the Nevada State Board of Pharmacy reviews its pending nonresident Wholesaler Application.

We manufacture a wide range of medical devices used in the treatment and care for ophthalmology/optometry patients, and our products are also used in surgery for neurology, ENT, spine and dental patients. ZEISS has supplied over 900 advanced surgical and diagnostic instruments to over 350 customers in the State of Nevada. Our array of customers includes VA Medical Centers and other US Armed Services facilities, the US Public Health Service, university health systems, hospitals, clinics and practitioners. Many of these facilities reach vulnerable and underserved patient populations e.g., through the USPHS IHS and pediatric care facilities. Nevada patients have benefitted from the use of ZEISS's medical devices.

On August 16, 2023, Carl Zeiss Meditec, Inc. ceased all shipment of Rx medical devices into Nevada in response to the August 14, 2023 Cease and Desist Order it received from the Nevada Board of Pharmacy. We currently have pending orders from 15 customers across the State, including products such as intraocular lenses, ophthalmic diagnostic devices and neurosurgical microscopes and accessories. Several orders are capital equipment purchases, where the hold on shipping and installing product can push to a new budget cycle, significantly delaying patients' and caregivers' access to necessary medical care. Further, supply chain conditions are such that in many cases a comparative product may not be readily available from one of our competitors.

To ensure the continuity of care of Nevada patients, ZEISS respectfully requests a temporary Wholesaler Permit in the State of Nevada.

We look forward to working with your team and the Board to resolve this matter as expeditiously as possible.

Best,
Paul

Provide explanation below:

The Arizona Board of Pharmacy issued a disciplinary action against me for submitting my license renewal prior to completing my required CEs. On October 21, 2020, I submitted and paid for my Arizona pharmacist license renewal. At that time, I had completed 4.5 of the required 30 hours of CE. I mistakenly believed I had until October 31, 2021, to complete the remaining CEs to remain compliant with the regulation. Between October 21, 2020, and October 31, 2020, I completed 29 CEs, bringing me to a total of 33.5 CE hours for the two-year licensure period of 11/1/2018 to 10/31/2020. It was not my intent to deceive or mislead the Arizona Board of Pharmacy in any way. I truly believed I had until October 31, 2020, to complete the remaining required CEs.

As part of my consent agreement with the Arizona Board of Pharmacy I was fined $2,550.00 and required to complete 45 CEs for the next renewal period. I have paid the fine in full and completed the required CEs. The Arizona Board of Pharmacy has lifted all blocks to my next license renewal.

Between October 21, 2020, and October 31, 2020, I completed 29 CEs, bringing me to a total of 33.5 CE hours for the two-year licensure period of 11/1/2018 to 10/31/2020. It was not my intent to deceive or mislead the Arizona Board of Pharmacy in any way. I truly believed I had until October 31, 2020, to complete the remaining required CEs.

As part of my consent agreement with the Arizona Board of Pharmacy I was fined $2,550.00 and required to complete 45 CEs for the next renewal period. I have paid the fine in full and completed the required CEs. The Arizona Board of Pharmacy has lifted all blocks to my next license renewal.

To prevent this occurring in the future, I will not renew any licenses prior to completing all CEs for the licensure period.

Sincerely,

Jill Mehrer, RPh

Provide explanation below:

The Arizona Board of Pharmacy issued a disciplinary action against me and reported me to the National Practitioner Data Bank for submitting my license renewal prior to completing my required CEs. On October 21, 2020, I submitted and paid for my Arizona pharmacist license renewal. At that time, I had completed 4.5 of the required 30 hours of CE. I mistakenly believed I had until October 31, 2021, to complete the remaining CEs to remain compliant with the regulation. Between October 21, 2020, and October 31, 2020, I completed 29 CEs, bringing me to a total of 33.5 CE hours for the two-year licensure period of 11/1/2018 to 10/31/2020. It was not my intent to deceive or mislead the Arizona Board of Pharmacy in any way. I truly believed I had until October 31, 2020, to complete the remaining required CEs.

As part of my consent agreement with the Arizona Board of Pharmacy I was fined $2,550.00 and required to complete 45 CEs for the next renewal period. I have paid the fine in full and completed the required CEs. The Arizona Board of Pharmacy has lifted all blocks to my license renewal and I renewed my license 9/2022.

Dear Board of Pharmacy,

To prevent this occurring in the future, I will not renew any licenses prior to completing all CEs for the licensure period.

System limitations that coincided with trying to process annual license renewal and change of address at the same time along with extended dialogue with representatives wtihin the Department of Business & Professional Regulations prevented the change of address from being processed in a timely manner.

Appendix 1

GlaxoSmithKline LLC

In July 2012, GSK LLC entered into a global settlement of three separate federal investigations with the US federal government and many state governments. As part of the settlement, GSK LLC pled guilty to three counts of misdemeanor violations of the Federal Food Drug & Cosmetic Act, one count each for the misbranding of Paxil and Wellbutrin and one count for failing to include information about the initiation and status of certain Avandia studies to the FDA:

(1) From April 1998 to August 2003, there were some occasions when GSK sales representatives promoted the use of Paxil to physicians for patients under age 18, an unapproved use of the drug;

(2) From January 1999 to December 2003, there were some occasions when GSK sales representatives, physician speakers, and consultants discussed certain uses of Wellbutrin that were not approved by FDA; and

(3) From 2001-2007 GSK inadvertently failed to include information about the initiation or status of certain Avandia studies in Periodic and Annual Reports submitted to the FDA.

GSK LLC has not been convicted or entered a guilty plea in any criminal proceeding where there has been a finding or admission of fraud. The misdemeanors to which GSK pleaded guilty required no finding of fraudulent intent to establish a violation, unlike felony violations, which require a finding of "intent to defraud or mislead." These no-intent misdemeanor violations do not constitute convictions for fraud GSK denies the government's allegations to the extent they go beyond the admissions in the plea as summarized above.

As part of the global settlement, GSK LLC entered into civil settlement agreements with the federal government and many states to resolve all allegations related to Avandia, Paxil and Wellbutrin as well as additional products. GSK denies all allegations described in the civil settlement agreements and the related civil complaints other than the admissions, summarized above, which were made as part of the no-intent misdemeanor guilty plea.

GSK LLC was not excluded from participation in any US federal or state health care programs as a result of this settlement. GSK LLC was not and is not currently on probation. GSK LLC entered into a Plea Agreement with the US Department of Justice, which contains certain compliance and reporting obligations to the US Department of Justice, and a 5-year Corporate Integrity Agreement with the Office of Inspector General for the US Department of Health and Human Services.

16. It is expressly understood that this Settlement Agreement is subject to approval of the Division of Drugs, Devices, and Cosmetics, and has no force or effect until the Division accepts the settlement and adopts it in a final order.

GlaxoSmithKline LLC
ADDENDUM TO CERTIFICATION

The officer responsible for the submission of this application is responding to all questions only to the best of his or her knowledge as it relates to GlaxoSmithKline LLC (GSK). GSK is one of numerous GSK-operating companies located in over 115 countries around the world as part of a global, science-led organization that researches, develops, manufactures, markets, and sells pharmaceutical, vaccines, and consumer healthcare products. The officer is not making any representations with respect to any GSK companies other than GSK.

While every endeavor has been made to ensure the statements, representations, and attestations ("Statements") provided in this application are accurate and correct, we would like to clarify the limitations in the due diligence that can reasonably be conducted in order to make such Statements. The Statements have been made in good faith on the basis of the information available to and known by the officer of GSK at the time of submission.

In relation to any questions that refer to employees and/or agents, please note that GSK employs many thousands of people and has extensive data protection processes which precludes obtaining and reviewing the records of every employee. Therefore, while the officer cannot have personal knowledge of every GSK employee and/or agent, GSK does have employee policies imposing strict compliance with applicable laws, a comprehensive employee training curriculum that covers a wide range of employee behaviors and compliance topics and pre-employment corporate security vetting. In addition, there is a GSK initiative that encourages and safeguards employees reporting illegal or unethical behavior within the company.

In relation to any questions that refer specifically to GSK and/or any corporate officers, the officer was given confirmation that there was no information available to indicate that a different answer be given than the one provided in the Statements, however, for additional transparency, please note the details below in Appendix 1.

Submission of this application by the officer reflects this reasonable care and diligence to be expected of a properly qualified and competent member of a large corporate organization providing Statements similar in scope and character to those provided.

Credentials were presented to and Notice of Inspection issued to Ms. Donna Melton, Director, Compliance & Risk Management. She accompanied me during a limited visual inspection of the designated storage area, provided requested written procedures for review, and answered all questions regarding operations.

Background

This visit was a limited inspection of this virtual manufacturer of prescription drugs following a move to a new location. The purpose of this inspection was to verify compliance with NCGS §106 Article 12 (Food, Drugs and Cosmetics) and Article 12A (Wholesale Prescription Drug Distributors). GlaxoSmithKline maintains Prescription Drug Manufacturer (Virtual) registration #092-1223 with NCDA&CS.

There were no significant objectionable conditions noted during the previous NCDA&CS inspection at the previous location conducted on 11/04/2021, and an observation sheet was not issued.

Operations

GlaxoSmithKline, a global research-based pharmaceutical company headquartered in the UK and with operations based in the US, produces a broad range of prescription and over-the-counter drugs. This location serves as the corporate headquarters for GlaxoSmithKline LLC (GSK), one of multiple GSK operating companies. GSK currently occupies 74,899 square feet of administrative space on two levels of this multi-occupant office building located on the American Tobacco Campus in downtown Durham. Entry is limited to employees and escorted visitors, and security personnel are continuously on-site.

GSK does not manufacture, receive, or store any prescription drug products for distribution at this location; GSK registered this location with NCDA&CS to meet licensing/registration requirements of other states. GSK drug products are supplied by other manufacturing sites and distributed by Exel, Inc. d/b/a DHL Supply Chain, a third-party logistics provider with licensed facilities in multiple states.

In order to demonstrate the ability to comply with NCDA&CS registration/licensing requirements, GSK has designated a storage area and established a written procedure for the disposition of any drug products that may be shipped to this location in error. An unused file cabinet drawer in an office area has been designated as the drug storage area; this cabinet contains a locking storage container with keys controlled by designated personnel, and a thermometer is available for temperature monitoring and documentation. The written procedure outlines a method to receive and securely store these drug products and maintain adequate inventory controls; according to the procedure, any drug product returned to this location will be turned over to appropriate personnel for destruction.

The absence of any prescription drug products in the designated storage area was visually confirmed during this inspection.

Observations

There were no significant objectionable conditions identified during this inspection, and an observation sheet was not issued; the license/registration will be revised with the new address.

Compliance

This firm will be re-inspected on a routine or as-needed basis.

Notes

1. The "initial date of registration as an outsourcing facility" is the date the facility was first registered (i.e., the date FDA determined that the initial registration information submitted for the facility was complete, and for firms first registering on or after October 1, 2014, the establishment fee was paid in full).

Under section 503B(b) of the FD&C Act, after the initial registration, a facility that elects to continue to be registered with FDA as an outsourcing facility must re-register annually. Beginning in fiscal year (FY) 2015 (October 1, 2014 to September 30, 2015), a facility that elects to register (or re-register) with FDA as an outsourcing facility must pay an annual establishment fee. The "date of most recent registration as an outsourcing facility" reflects the date FDA determined the most recently submitted registration information was complete and the annual establishment fee for that fiscal year paid in full.

Unless a previously registered outsourcing facility re-registers and pays the annual establishment fee in full during the registration period (between October 1 and December 31 of each calendar year), the facility will be removed from the list of registered outsourcing facilities on January 1 of the next calendar year.

2. Inspections identified in this table are associated with the facility at the listed address. A company may own or operate more than one registered outsourcing facility. FDA's web page Compounding: Inspections, Recalls, and Other Actions (/drugs/compounding/compounding-inspections-recalls-and-other-actions) may contain information about compounding facilities under the same ownership as the listed registered outsourcing facility.

Inspections may take place over several days, weeks, or longer. The date of the inspection is the date a Form FDA-483 listing the investigators' observations was issued. If no FDA Form-483 was issued, the date is the last day of the inspection.

3. A Form FDA-483 is issued when investigators observe any significant objectionable conditions. It does not constitute a final Agency determination of whether any condition is in violation of the FD&C Act or any relevant regulations.

4. This table does not include State Board of Pharmacy actions, if any. To determine whether a registered outsourcing facility has been the subject of a state enforcement action, check with the State Board of Pharmacy for the state in which the facility is located. Some states post disciplinary or other actions on their web sites.

5. "Closed" means the inspection has been closed without further action. "Open" means that FDA has not made a determination as to whether further action will be taken. If an action has been taken, it will be listed. Possible FDA actions include: warning letter; seizure; or injunction.

6. The information in this column was provided by the registered outsourcing facility at the time of registration and has not been verified by FDA. "N/A", indicates the registered outsourcing facility has not provided this information. In the future, FDA intends to provide information about whether the outsourcing facility also intends to compound nonsterile drugs from bulk drug substances. That information is not currently available to the Agency.

7. This facility was the subject of at least one previous inspection relating to compounding that resulted in a Form 483, warning letter, or other action. For information about such inspections and resulting actions, see Compounding: Inspections, Recalls, and other Actions (/drugs/compounding/compounding-inspections-recalls-and-other-actions).

8. Remote Regulatory Assessment (RRA) definition: An RRA is an examination of an FDA-regulated establishment and/or its records, conducted entirely remotely, to evaluate compliance with applicable FDA requirements. RRAs assist in protecting human and animal health, informing regulatory decisions, and verifying certain information submitted to the Agency.

Re: State Board Application

Brian Oran, PharmD
Medivant Healthcare
Associate Director of Quality
December 2nd, 2022

To Whom it may concern at the State Board of Pharmacy,

This document is written to provide my personal account of the 2016 citation enclosed with this application as is required. If this document does not please the Board for fulfilling the pertinent information needed in making a final decision on our application, please feel free to contact me directly with any inquiries.

On the evening of December 16th, 2016, an officer for the Salt River Police Department stopped me for going 42mph in a 35mph zone. During the process the officer inquired about my activities of the night and then proceeded to implement a series of tests that were passed per the officer's comments. At which point, the officer asked to perform a breathalyzer test. I, regretfully, refused to adhere to the test and I was unaware that doing so is an automatic admission of guilt. My ignorance does not excuse placing myself in that regrettable scenario.

After the incident, I immediately notified the Arizona State Board of Pharmacy of the events that occurred. Gratefully, they took no action against me or my pharmacist license. Their only request was for me to submit the final judgement of my case.

I have attached the electronic record of my case to this application. The final judgement was a charge of a misdemeanor for reckless driving. The entire ordeal was an embarrassment for myself and my family. I regret having placed myself in that situation and take full responsibility for my actions. I was fortunate to have no action taken against me by the Arizona Board of Pharmacy and I hope this does not interfere with the approval process of the enclosed application.

Respectfully,
BO
Brian Oran, PharmD

CASE # TR2016-159806-001

☑ 4. This agreement serves to amend the complaint or information, to charge the offense to which the Defendant pleads, without the filing of any additional pleading. However, if the plea is rejected by the court or withdrawn by either party, or if the conviction is subsequently reversed, the original charges and any charges that are dismissed by reason of this plea agreement are automatically reinstated.

☑ 5. Unless this plea is rejected by the court or withdrawn by either party, the Defendant hereby waives and gives up any and all motions, defenses, objections, or requests which he has made or raised, or could assert hereafter, to the court's entry of judgment against him and imposition of a sentence upon him consistent with this agreement. By entering this agreement, the Defendant further waives and gives up the right to appeal.

☑ 6. The parties hereto fully and completely understand and agree that it is the court's duty to impose sentence upon the Defendant, and that any sentence either stipulated to or recommended herein in paragraph two is not binding on the court. If after accepting this plea the court concludes that any of the plea agreement's provisions regarding the sentence or the term and conditions of probation are inappropriate, it can reject the plea. If the court decides to reject the plea agreement provisions regarding sentencing, it must give both the state and the Defendant an opportunity to withdraw from the plea agreement. In case this plea agreement is withdrawn, all original charges will automatically be reinstated. The Defendant in such case waives and gives up his right to a probable cause determination on the original charges.

☑ 7. If the court decides to reject the plea agreement provisions regarding sentencing and neither the state nor the Defendant elects to withdraw the plea agreement, then any sentence either stipulated to or recommended herein in paragraph 2 is not binding upon the court, and the court is bound only by the sentencing limits set forth in paragraph 1 and the applicable statutes.

☑ 8. I understand that if I am not a citizen of the United States my decision to go to trial or enter into a plea agreement may have immigration consequences. Specifically, I understand that pleading guilty or no contest to a crime may affect my immigration status. Admitting guilt may result in deportation even if the charge is later dismissed. My plea or admission of guilt could result in my deportation or removal, could prevent me from ever being able to get legal status in the United States, or could prevent me from becoming a United States citizen. I understand that I am not required to disclose my legal status in the United States to the court.

☑ 9. This plea agreement in no way affects any forfeiture proceedings pursuant to A.R.S. § 13-4301 et seq., § 13-2314, or § 32-1993, if applicable, nor does the plea agreement in any way compromise or abrogate any civil actions, including actions pursuant to A.R.S. § 13-2301 et seq. or § 13-4301 et seq., or the provisions of A.R.S. § 13-2314 or A.R.S. § 13-4310.

I have read and understand the provision of pages one and two of this agreement. I have discussed the case and my constitutional rights with my lawyer. My lawyer has explained the nature of the charge(s) and the elements of the crime(s) to which I am pleading. I understand that by pleading GUILTY I will be waiving and giving up my right to a determination of probable cause, to a trial by jury to determine guilt and to determine any fact used to impose a sentence within the range stated above in paragraph one, to confront, cross-examine, compel the attendance of witnesses, to present evidence in my behalf, my right to remain silent, my privilege against self-incrimination, presumption of innocence and right to appeal. I agree to enter my plea as indicated above on the terms and conditions set forth herein. I fully understand that if, as part of this plea agreement, I am granted probation by the court, the terms and conditions thereof are subject to modification at any time during the period of probation. I understand that if I violate any of the written conditions of my probation, my probation may be terminated and I can be sentenced to any term or terms stated above in paragraph one, without limitation.

I have personally and voluntarily placed my initials in each of the above boxes and signed the signature line below to indicate I read and approved all of the previous paragraphs in this agreement, both individually and as a total binding agreement.

At which point, the officer asked to perform a breathalyzer test. I, regretfully, refused to adhere to the test and I was unaware that doing so is an automatic admission of guilt. My ignorance does not excuse placing myself in that regrettable scenario.

After the incident, I immediately notified the Arizona State Board of Pharmacy of the events that occurred. Gratefully, they took no action against me or my pharmacist license. Their only request was for me to submit the final judgement of my case.

I have attached the electronic record of my case to this application. The final judgement was a charge of a misdemeanor for reckless driving. The entire ordeal was an embarrassment for myself and my family. I regret having placed myself in that situation and take full responsibility for my actions. I was fortunate to have no action taken against me by the Arizona Board of Pharmacy and I hope this does not interfere with the approval process of the enclosed application.

Respectfully,

Brian Oran, PharmD

THE STATE OF ARIZONA,

Plaintiff,

vs.

BRIAN WAYNE ORAN,

Defendant.

CASE # TR2016-159806-001

☑ 4. This agreement serves to amend the complaint or information, to charge the offense to which the Defendant pleads, without the filing of any additional pleading. However, if the plea is rejected by the court or withdrawn by either party, or if the conviction is subsequently reversed, the original charges and any charges that are dismissed by reason of this plea agreement are automatically reinstated.

☑ 5. Unless this plea is rejected by the court or withdrawn by either party, the Defendant hereby waives and gives up any and all motions, defenses, objections, or requests which he has made or raised, or could assert hereafter, to the court's entry of judgment against him and imposition of a sentence upon him consistent with this agreement. By entering this agreement, the Defendant further waives and gives up the right to appeal.

☑ 6. The parties hereto fully and completely understand and agree that it is the court's duty to impose sentence upon the Defendant, and that any sentence either stipulated to or recommended herein in paragraph two is not binding on the court. If after accepting this plea the court concludes that any of the plea agreement's provisions regarding the sentence or the term and conditions of probation are inappropriate, it can reject the plea. If the court decides to reject the plea agreement provisions regarding sentencing, it must give both the state and the Defendant an opportunity to withdraw from the plea agreement. In case this plea agreement is withdrawn, all original charges will automatically be reinstated. The Defendant in such case waives and gives up his right to a probable cause determination on the original charges.

☑ 7. If the court decides to reject the plea agreement provisions regarding sentencing and neither the state nor the Defendant elects to withdraw the plea agreement, then any sentence either stipulated to or recommended herein in paragraph 2 is not binding upon the court, and the court is bound only by the sentencing limits set forth in paragraph 1 and the applicable statutes.

☑ 8. I understand that if I am not a citizen of the United States my decision to go to trial or enter into a plea agreement may have immigration consequences. Specifically, I understand that pleading guilty or no contest to a crime may affect my immigration status. Admitting guilt may result in deportation even if the charge is later dismissed. My plea or admission of guilt could result in my deportation or removal, could prevent me from ever being able to get legal status in the United States, or could prevent me from becoming a United States citizen. I understand that I am not required to disclose my legal status in the United States to the court.

☑ 9. This plea agreement in no way affects any forfeiture proceedings pursuant to A.R.S. § 13-4301 et seq., § 13-2314, or § 32-1993, if applicable, nor does the plea agreement in any way compromise or abrogate any civil actions, including actions pursuant to A.R.S. § 13-2301 et seq. or § 13-4301 et seq., or the provisions of A.R.S. § 13-2314 or A.R.S. § 13-4310.

I have read and understand the provision of pages one and two of this agreement. I have discussed the case and my constitutional rights with my lawyer. My lawyer has explained the nature of the charge(s) and the elements of the crime(s) to which I am pleading. I understand that by pleading GUILTY I will be waiving and giving up my right to a determination of probable cause, to a trial by jury to determine guilt and to determine any fact used to impose a sentence within the range stated above in paragraph one, to confront, cross-examine, compel the attendance of witnesses, to present evidence in my behalf, my right to remain silent, my privilege against self-incrimination, presumption of innocence and right to appeal. I agree to enter my plea as indicated above on the terms and conditions set forth herein. I fully understand that if, as part of this plea agreement, I am granted probation by the court, the terms and conditions thereof are subject to modification at any time during the period of probation. I understand that if I violate any of the written conditions of my probation, my probation may be terminated and I can be sentenced to any term or terms stated above in paragraph one, without limitation.

I have personally and voluntarily placed my initials in each of the above boxes and signed the signature line below to indicate I read and approved all of the previous paragraphs in this agreement, both individually and as a total binding agreement.

RE: Final order

Dear Mobius Therapeutics, LLC

Enclosed you will find a FINAL ORDER resulting from your hearing before the Board. While the entire order is important, I particularly direct your attention to the portion of the Order setting forth discipline and specifically the mandatory obligation of your payment of a fine and costs. As you will see, those amounts are due within a specified period of time from the date of the Final Order and not the date of this letter.

If the referenced fine and costs are not received by the Board within the prescribed period of time, or special arrangements have not been made with the Secretary of the Board, the Board will file a lawsuit to enforce the Final Order which can result in the entry of a judgment against you and subsequent collection procedures.

Sincerely,

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against Mobius Therapeutics, LLC (hereinafter referred to as "Mobius") which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement"), alleging violations of the Alabama Pharmacy Practice Act. These allegations with particularity are set out in the Statement which is attached hereto as **Exhibit "A."**

Pursuant to Code of Alabama (1975) Section 41-22-12(f) the parties through counsel have agreed to informally resolve this matter by the entry of this Consent Order, the terms of which are as follows:

1. Counsel for the Board and counsel for Mobius stipulate that Mobius denies for all legal purposes other than this proceeding the allegations set forth in the Statement but stipulates that for the purposes of this proceeding the Board would introduce sufficient evidence to meet its required burden of proof. Accordingly, the Board finds Mobius has violated the provisions of the Alabama Pharmacy Practice Act based upon the conduct set forth in all Counts of the Statement.

2. Mobius shall pay to the Board an administrative fine in the amount of One Thousand Five Hundred dollars ($1,500.00) within thirty (30) days of the effective date of this Order which is the date it is executed on behalf of the Board. This obligation of

5. That Mobius agrees that any further violation of the Alabama Pharmacy Practice Act, the rules and regulations of the Alabama State Board of Pharmacy or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against its license.

6. That Mobius acknowledges, stipulates and agrees that it has read this Consent Order and that it fully understands the terms, conditions and contents of the same. Mobius acknowledges, stipulates and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and is executing

STATEMENT OF CHARGES AND NOTICE OF HEARING

TO: Mobius Therapeutics, LLC

Pursuant to the provisions of Code of Alabama (1975), § 34-23-32, § 34-23-32.1, § 34-23-34, § 34-23-92(11) and (12) and Code of Alabama (1975), § 41-22-12, you are hereby notified and requested to appear before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on November 14th, 2017 at 8:30 a.m., at the State Board of Pharmacy Conference Room, 111 Village Street, Birmingham, Alabama 35242, and from time to time thereafter as may be required by the Board for the purpose of a hearing to determine why the permit to operate Mobius Therapeutics, LLC (Mobius) as a Manufacturer/Wholesaler/Distributor and/or Non-Resident Pharmacy should not be revoked, suspended or placed on probation or a monetary penalty imposed and/or a renewal of the same should be granted in that it is alleged that Mobius has been guilty of the following, to-wit:

1. Board Rule 680-X-2.23 is entitled Drug Manufacturers, Wholesale Distributors.

2. Board Rule 680-X-2.23(3) provides that the Board of Pharmacy shall consider, at a minimum, certain factors in reviewing the qualifications of those who engage in the wholesale distribution of drugs within Alabama. Those minimum factors

include:

(a) Compliance with licensing requirements under previously granted license, if any.

(b) Compliance with the requirements to maintain records required to be maintained.

(c) Any other factors or qualifications the Board of Pharmacy considers relevant to and consistent with public health and safety.

3. Board Rule 680-X-2.23(3)(k)(1) provides that it shall be a violation of this Rule to operate in such a manner as to endanger public health.

4. Board Rule 680-X-2.23(3)(k)(2) provides any violation of this Rule may be grounds for the revocation, suspension, probation or refusal to issue the permit and/or to impose a fine not to exceed the sum of One Thousand and no/100 Dollars ($1,000) for each violation.

5. Board Rule 680-X-2.23(3)(k)(3) provides that must operate in compliance with applicable Federal and State law.

COUNT ONE

The Board alleges you have violated the above referenced provisions and you are not qualified to possess the permit, and/or your operation is not consistent with the public safety or endangers the public health of the citizens of this state in that during 2017 you distributed sixty-three (63) drug products into the State of Alabama without a current and valid permit to do so.

The Board alleges that each distribution is a separate and distinct violation.

At the aforesaid time and place and from time to time thereafter as may be

directed by the Board, you may be represented by an attorney, if you so desire, cross-examine all witnesses who testify against you and present such evidence in your own behalf in response to these charges as you consider necessary and appropriate.

AFFIDIVIT OF CHRISTINA M. PATULLO

STATE OF MISSOURI)

COUNTY OF St. Louis)

Before me, the undersigned notary, personally appeared Christina M. Patullo and after being duly sworn, deposes and states as follows:

1. My name is Christina M. Patullo. I am over 19 years old and have personal knowledge of the facts set forth below.

2. I am the Vice President of Regulatory, Quality & Compliance for Mobius Therapeutics, LLC ("Mobius") and I am competent to testify to the matters herein.

3. I began work for Mobius on January 3, 2017. The regulatory position had been vacant since September 2016. I learned some time afterwards that the Alabama State Board of Pharmacy Renewal Application had not been submitted.

4. Mobius is a virtual manufacturer. It is the holder of NDA 022572 for Mitosol® (mitomycin for solution) 0.2 mg/vial Kit for Ophthalmic Use. All manufacturing, packaging and distribution of the drug product is contracted out. Mobius does not take physical possession of the drug product.

5. On February 1, 2017, I mailed the Alabama State Board of Pharmacy Renewal Application with corrected current address, as our physical address had changed.

6. On February 13, 2017, I received email communications (3) from Kim Pickett regarding additional information required to continue processing our renewal application.[1] She requested that we complete a renewal statement and controlled substance waiver, submit a $50 late fee, provide the date of birth, Social Security number, and email for Edward Timm & Mark Wright, name, date of birth, Social Security number, address, phone number, and email for a facility designated representative and Mobius drug establishment registration with FDA and asked how the drug is distributed.

7. On February 13, 2017, I provided the information as requested and sent the following original documents to her on February 17, 2017, to continue processing our renewal application.

1. Completed Renewal Statement;
2. Completed Controlled Substance Waiver;
3. Corporate Officer Information Document listing:
    a. Date of birth, social security number and e-mail for Edward Timm and Mark Wright;
    b. Facility Designated Representative information; (Please note that Edward Timm is also the Facility Designated Representative.)
4. Description of Operations for Mobius Therapeutics, LLC detailing:
    a. Contract manufacturer name and proof FDA establishment registration;
    b. Product distribution details;
    c. Third-party logistics provider (Foundation Care, LLC):
        i. Alabama State Board of Pharmacy Wholesale Distributor License
        ii. Missouri Board of Pharmacy Wholesale Drug Distributor License

[1] The emails referenced in this Affidavit are attached hereto, collectively, as Exhibit "A".

iii.National Association of Boards of Pharmacy VAWD Certificate; and

5. Check for $50.00 late fee.

8. On February 28, 2017, I received email correspondence from Kim Pickett acknowledging receipt of the information and request for information for the contract manufacturer and I provided the additional requested information for our contract packager and sterilizer via email.

9. On March 1, 2017, (10:56 am) I received an email from Kim Pickett requesting Mitosol vial manufacturer information and copy of agreement with our drug vial manufacturer. I provided the information.

10. On March 2, 2017, (9:27 am) I emailed Kim Pickett the Intas agreement.

11. On March 17, 2017, (10:05 am) I emailed Kim Pickett asking about the status of our renewal application. I did not receive a response from her.

12. On April 3, 2017, I conducted an online lookup for Mobius License # 194096; ALBOP site stated license was active with expiry of 12/31/2017 so I believed the license was current and the issue had been remedied.

13. I never received a hard copy of the license, but as some states do not mail licenses and the website indicated the license was active and expired in December 2017, I did not make further inquiry.

14. On August 26, 2017, (6:30 AM) I received an email from ALBOP@cyberbesttech.com regarding a fine payment due.

15. On August 28, 2017, (3:39 pm) I sent an email to ALBOP@cybetbesttech.com, L Martin and Kim Pickett requesting information regarding the business fine.

16. On August 29, 2017, (2:30 pm) I had a telephone call with Wendy Passmore regarding the reason for the fine and how to proceed. She indicated a Notice of Hearing had

been sent via USPS certified mail to the previous address and because we did not respond and did not attend the hearing that a fine was assessed. She told me that the BOP did not make the necessary address change in their system, therefore, they would be rescinding the order and issuing a new statement of charges.

17. On September 1, 2017, (6:00 am) I received an email from ALBOP@cyberbesttech.com stating the fine was now past due, so I replied to ALBOP, W. Passmore and L Martin regarding action needed. Later in the day, I received an email from Wendy Passmore with new Statement of Charges and Notice of Hearing attached (SOC). I immediately emailed Wendy Passmore asking if there was a way to resolve the issue prior to the November 14th scheduled hearing date.

18. On September 5, 2017, we received a US mail receipt of Order Rescinding Final Order and received an email from Jim Ward stating, "My name is Jim Ward and I represent the Alabama Board of Pharmacy. If you would like me to discuss with the Board and see if can resolve with a consent order please let me know regarding possible discussion with Board to resolve via consent order"

19. On September 6, 2017, (4:04 pm) I emailed Jim Ward requesting call with him prior to his discussion with the Board and let him know that I received the order rescinding the Board's final order dated July 31, 2017, and asked if I was correct in assuming that our license status will resume to active.

20. On September 7, 2017, (11:55 am) I received an email from Mr. Ward agreeing to a call but indicating that I please understand he has no authority until he speaks with the Board next week. He asked if there is anything in mitigation that I would like him to share with the Board, please do so by September 11, 2017. He stated he preferred it in writing so there is no mistake in what he communicates.

21. On September 7, 2017, (12:03 pm) I emailed to Mr. Ward – "I have attached a document listing the communications with the Board regarding our renewal application for your reference. I understand that our renewal was late, and we did submit the late fee. I look forward to speaking with you this afternoon."

Brief summary of the call:

- We filed our renewal application in February 2017 (prior permit expired December 31, 2016). I had ongoing communication with Kim Picket, Licensing Specialist providing requested additional information and late fee for approval of our renewal application between February 13th and March 2nd.
- My email to Kim on March 17th regarding the status of our application was not answered.
- I verified our license was active on the ALBOP online lookup on April 3rd and assumed everything was processed.
- I received notice of the fine on August 26th and had correspondence with Wendy Passmore to understand the nature of the fine.
- I received the Board's order rescinding the prior final order on September 5th. I understand you will be discussing our matter with the Board regarding our license status.

22. On September 13, 2017, (3:02 pm) in an email to Mr. Ward, I told him I had received the information from the Board of Pharmacy via certified mail and we are interested in a settled proposal from the Board. I asked that he please send the proposed settlement when available. He replied via email and stated, "Okay, will discuss with Board at next month meeting and let you know. Deeds put on list for next month, please."

23. On October 12, 2017, (1:57 pm) in an email to Mr. Ward, I asked if he could provide the details regarding the outcome of the October 10th Board meeting regarding a settlement for

our case number 17-L-0029. Mr. Ward's October 12, 2017 (2:01 pm) email stated, "It was not discussed. It was inadvertently left off my list of cases to discuss. I'm sorry"

24. On October 12, 2017, (2:06 pm) I emailed Mr. Ward asking if he could please call me and that I just needed to understand if there are any actions we can take to get this resolved. No response was ever received, so I engaged counsel in Alabama to assist with resolution of this matter.

Further the Affiant saith not.

Currently, all drug products sold by PMI Branded Pharmaceuticals, Inc. are over-the-counter.

In April 2022, Perrigo Company acquired Héra SAS (HRA). This acquisition included primarily over-the-counter products, but also a prescription emergency contraceptive product, listed below. Nature of Business

Respironics Logistics Services, LLC (RILS) is a wholesale distributor of prescription and nonprescription medical devices for the diagnosis, treatment and monitoring of various medical conditions, including, but not limited to, sleep, respiratory, and cardiopulmonary disorders. RILS is a wholly-owned subsidiary of its parent company, Philips RS North America LLC. RILS distributes the parent company's products to customers (wholesalers, hospitals, durable medical equipment (DME) dealers, and distributors). All sales of these products are made by the manufacturer to its DME or homecare provider customers, and not to individual patients, but the items will be shipped directly to the DME or homecare provider's patient. The patient's DME or homecare provider provides medical supervision of the patient.

Currently, RILS ships replacement masks and other accessories (including headgear, tubing, filters, chinstraps, and humidifier chambers) for CPAP devices. No drugs, whether prescription or non-prescription, are distributed.

WHEREAS, Respondent **SAGENT PHARMEUTICALS,** located in Schaumburg, IL., is licensed as a Wholesale Distributor of Prescription Drugs and holds license WD03445;

WHEREAS, a change of ownership occurred on February 28, 2023. The Board did not receive notification from Respondent **SAGENT PHARMEUTICALS** of said change of ownership until April 27, 2023.

Matters Related to Colorado Order
1645 Satellite Blvd, Duluth, GA

Final
As previously disclosed by UPS Supply Chain Solution, Inc. (UPS SCS), to your agency in 2010, the Colorado Board of Pharmacy's Stipulation and Final Agency Order ("Colorado Order") was effective October 18, 2010, with regard to UPS SCS's Duluth, GA facility's Colorado Out-of-State Wholesaler License # WHO-7462. UPS SCS's Duluth facility did not file Colorado's required notice of change of Designated Representative within Colorado's required 14-day timeframe to file such notice. UPS SCS implemented corrective actions and has successfully completed the terms of the Colorado order. Please note, UPS SCS's Colorado Out-of-State Wholesaler License # WHO-7462 was not and is not restricted, modified, revoked or limited in any way. UPS SCS has a copy of the Colorado Case No. 2011-000273 documentation related to the Colorado Order on file with the UPS SCS Regulatory Affairs Department.

Final
On November 15, 2011, UPS SCS informed your agency of the Iowa Board of Pharmacy's (IBoP) action concerning Iowa Wholesale Drug License #5820 and which became effective November 11, 2011. This Iowa Stipulation and Consent Order (the "Iowa Order") relates to the Colorado Order and the untimely filing of notice regarding the Colorado Order to the IBoP. UPS SCS has successfully completed the terms of the Iowa Order and Iowa Wholesale Drug License #5820 has not and is not restricted, modified, revoked or limited in any way. UPS SCS has a copy of the Iowa Case No. 2010-162 documentation on file with the UPS SCS Regulatory Affairs Department. Note: This Iowa matter is a spin-off of the Colorado matter summarized above. It is based on the same underlying facts that gave rise to the Colorado matter. It is **not** based on an independent set of facts.

Final
On October 18, 2013, UPS SCS informed your agency of the Consent Order and Stipulation between the Michigan Board of Pharmacy (BOP) and UPS SCS based on the underlying Colorado matter summarized above, which was executed by the Michigan BOP on October 9, 2013 (the "Michigan Order"). As previously disclosed to you, pursuant to this Consent Order, UPS SCS paid a fine of two thousand five hundred dollars. The Consent Order and Stipulation specifically provided that "no patient safety issues were involved," and the BOP did not impose any other penalty. UPS SCS's Michigan licenses have not been restricted, modified, revoked, or limited in any way. Note: The Michigan Order is directly related to the Colorado matter summarized above. It is based on the same underlying facts that gave rise to the Colorado matter. It is not based on an independent set of facts.

PHARMACY LICENSE

Matters Related to Kentucky Agreed Orders
1860 Outer Loop Road, Louisville, KY

Final

UPS SCS dispenses medical devices, including diabetes-related pumps, to consumers from its Kentucky licensed pharmacy facility. Not all states recognize the Durable Medical Equipment or Home Medical Equipment provider category for entities that dispense medical devices rather than drugs. Those states that do not recognize these categories require a non-resident or out of state pharmacy permit for dispensing medical devices. Accordingly, UPS SCS obtained a home-state pharmacy permit in Kentucky and numerous non-resident pharmacy permits and DME/HME permits in other states. On September 12, 2012, the Kentucky Board of Pharmacy ("KYBoP") and UPS SCS executed final Agreed Orders relating to minor violations under Kentucky Administrative Regulations 2:270 and Kentucky Revised Statutes Sec. 315.121(6) in connection with late filing of pharmacy technician registrations at UPS SCS's Louisville, Kentucky facility (the "Kentucky Orders"). UPS SCS and the KYBoP agreed to address the Kentucky Orders informally by entering in the aforementioned Agreed Orders in lieu of the KYBoP filing a formal complaint. UPS SCS self-reported this action to your agency on September 18, 2012. UPS SCS takes this and all regulatory matters seriously and has implemented corrective action. Moreover, UPS SCS has instituted internal safeguards to ensure that applicable regulatory compliance is maintained in the future. UPS SCS's Kentucky pharmacy license (Kentucky Pharmacy License #P07277) remains current and in good standing and was not and has not been restricted, modified, revoked, or limited in any way.

Final

On May 14, 2013, UPS SCS informed your agency of the Texas Board of Pharmacy's (TXBoP) action concerning UPS SCS Texas Class E Nonresident Pharmacy License #26160 and which became effective May 7, 2013. As already disclosed to you, on May 14, 2013, the Texas Board of Pharmacy (TXBoP) and UPS SCS executed a final Agreed Board Order (the "Texas Order") relating to the above-mentioned Kentucky Pharmacy License Agreed Orders. Pursuant to the Texas Agreed Board Order, the TXBoP reprimanded UPS SCS's Nonresident Pharmacy License. The Texas Board of Pharmacy did not levy a fine or any other penalty on the License. The License was not and is not restricted, modified, revoked or limited in any way. UPS SCS has a copy of the Texas Agreed Board Order # L-13-004 on file with the UPS SCS Regulatory Affairs Department. Note: The Texas Order is directly related to the Kentucky pharmacy license matter summarized above. It is based on the same underlying facts that gave rise to the Kentucky matter. It is **not** based on an independent set of facts.

Final

On April 22, 2014, UPS SCS informed your agency of the Consent Order and Stipulation between the Michigan Board of Pharmacy (BOP) and UPS SCS based on the Kentucky Order summarized above, which was adopted by the Michigan BOP on April 9, 2014 (the "Michigan Order"). As previously disclosed to you, pursuant to this Consent Order, UPS SCS paid a fine of two hundred fifty dollars. The Consent Order and Stipulation specifically provided that "no patient safety issues were involved," and the BOP did not impose any other penalty. UPS SCS's Michigan licenses have not been restricted, modified, revoked, or limited in any way. Note: The Michigan Order is directly related to the Kentucky matter summarized above. It is based on the same underlying facts that gave rise to the Kentucky matter. It is not based on an independent set of facts.
