You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. GENOA HEALTHCARE LLC, Pharmacy License No. PH03981, Respondent.	CASE NO. 20-022-PH-S STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy (Board) by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you, as is more fully explained and set forth in the Notice of Intended Action and Accusation served herewith and hereby incorporated reference herein.

2. You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241. To do so, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Statement and Notice, and of the Notice of Intended Action and Accusation served within. NRS 622A.320; NRS 639.243.

3. **The Board has scheduled your hearing on this matter for Wednesday, September 6, 2023, at 9:00 AM PST or soon thereafter at the following location:**

Hilton Garden Inn Las Vegas Strip South
7830 S. Las Vegas Blvd
Las Vegas, NV 89123

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 3rd day of July, 2023.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **GENOA HEALTHCARE, LLC,** **Pharmacy License No. PH03981,** **Respondent.**	**Case No. 20-022-PH-S** **STIPULATION AND ORDER**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy ("Board"), by and through its Senior General Counsel, Gregory L. Zunino, and Respondent Genoa Healthcare, LLC ("Respondent"), by and through its undersigned representative, hereby make and enter into this Stipulation and Proposed Order ("Stipulation") as to Respondent's pharmacy location operating under the authority granted by Nevada pharmacy license no. PH03981. As to that pharmacy location, the Parties stipulate and agree as follows:

1. The Board has jurisdiction over Respondent and this matter.

2. The Board's staff properly served Respondent with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. The undersigned representative of Respondent hereby warrants and represents that he/she has all necessary corporate power and authority to execute this Stipulation.

4. On behalf of Respondent, the undersigned representative acknowledges that he/she understands the terms of this Stipulation and that he/she has executed it knowingly and voluntarily.

5. The undersigned representative is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded to Respondent under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

6. Conditioned on the acceptance of this Stipulation by the Board, and excluding the right to challenge any determination that Respondent has failed to comply with the provisions of the paragraphs below, Respondent hereby freely and voluntarily waives its rights to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

7. Without admitting to a violation of law, Respondent admits that evidence exists and that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violation alleged in Count One of the Accusation, *to wit*:

A. On March 4, 2020, while employed by Respondent as a staff pharmacist, Craig Pivo ("Pivo"), Nevada Certificate of Registration no. 09999, filled a prescription for adult patient IS. The prescription had been written by the patient's healthcare provider for alprazolam, a medication used to treat anxiety.

B. Upon receiving the prescription for alprazolam, a pharmacy technician incorrectly transferred the information from the hand-written prescription to the pharmacy's prescription management system. The pharmacy technician who performed the data entry mistakenly attributed the prescription to patient TS, a 12-year-old boy with a history of receiving prescriptions at the pharmacy. Patient TS was then awaiting a prescription for a different drug.

C. Pivo verified the above prescription and failed to recognize that the pharmacy technician had incorrectly attributed the prescription for alprazolam to patient TS. Pivo thereafter caused a supply of 60 alprazolam tablets (1mg) to be delivered to patient TS at his home. Patient TS subsequently ingested two of the tablets and experienced drowsiness and loss of balance while at school.

D. As alleged above, Pivo engaged in unprofessional conduct by failing to strictly follow the instructions of patient IS's physician, by negligently causing an incorrect prescription drug to be delivered to patient TS, and/or by failing to notify patient TS after Pivo was reasonably placed on notice of his mistake concerning the prescription.

8. The Board asserts that as Pivo's employer at the time, Respondent is vicariously liable for the unprofessional conduct of Pivo as described above. NRS 639.230(5); NAC 639.702; NAC 639.945(2), and further asserts that Respondent is subject to discipline by the Board pursuant to NRS 639.210(4), NRS 639.255(1), NAC 639.945, and NAC 639.955. To facilitate a resolution to this matter, Respondent does not contest these assertions.

9. In consideration of Respondent's cooperation and remedial action taken in this matter, the violations stated in Count Two and Count Three of the Accusation shall be dismissed upon the approval of this Stipulation by the Board.

10. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent agree to the imposition of the following penalties:

A. Respondent shall pay an administrative fine of One Thousand and 00/100 Dollars ($1000.00) for the violation alleged in Count One of the Accusation.

B. Respondent shall pay the sum of Five Hundred and 00/100 Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

11. Any failure by Respondent to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapter 639.

12. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on October 11, 2023, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent or its attorney fails to appear for the meeting.

13. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

14. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

15. Upon approval of this Stipulation by the Board, Respondent shall pay the fine agreed to herein by *personal, cashiers,* or *certified check* or *money order* made payable to "**State of Nevada, Office of the Treasurer.**" Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, within thirty (30) days after the effective date of the Board's Order as stated below.

16. Upon approval of this Stipulation by the Board, Respondent shall pay the attorney's fees and costs agreed to herein by *personal, cashiers,* or *certified check* or *money order* made payable to **"Nevada State Board of Pharmacy."** Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, within thirty (30) days of the effective date of the Board's Order as stated below.

17. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MICHAEL C. BRINKMANN, D.V.M.,** **Certificate of Registration No. CS02213,** **Respondent.**	**Case No. 22-237-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Michael C. Brinkmann, D.V.M. ("Respondent"), held a Nevada controlled substance registration, Certificate of Registration No. CS02213, issued by the Board.

FACTUAL ALLEGATIONS

2. Respondent self-administered hydromorphone injections without a valid prescription.

3. Respondent dispensed controlled substances to Nevada patients without a valid Nevada dispensing practitioner's registration.

4. On or about October 31, 2022, Respondent executed a Form DEA-104, thereby surrendering for cause his Drug Enforcement ("DEA") Registration No. AB8900309.

5. On or about November 9, 2022, Board staff served Respondent with notice that the suspension of his DEA registration operated as an immediate suspension of his Certificate of Registration No. CS02213 with the Board pursuant to NRS 639.2107, and that Respondent must immediately cease and desist possessing, administering and/or prescribing controlled substances for Nevada patients.

APPLICABLE LAW

6. A practitioner must hold a license to practice his or her profession in this State and be registered with both the DEA and the Board to possess, administer, prescribe and/or otherwise dispense any controlled substance. NRS 453.226(1); 21 U.S.C. § 822(a)(2); 21 U.S.C. § 823(f); 21 CFR § 1306.03.

7. A licensed veterinarian must hold a dispensing practitioner's registration in order to dispense controlled substances of dangerous drugs from any veterinary facility at which he or she engaged in the practice of veterinary medicine. NRS 639.100; NAC 639.7423.

8. The Board may suspend or revoke any certificate, license, registration or permit if the holder has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

9. The Board may suspend or revoke any certificate, license, registration or permit if the holder has violated, attempted to violate, assisted or abetted in the violation, or conspired to violate, or failed to report a violation, of any provision of Nevada law relating to prescription drugs. *See* NRS 639.210(12).

10. Diverting drugs which are legally sold in pharmacies constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(g) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

11. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

12. Performing any duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

13. Performing any act, task or operation for which licensure, certification or registration is required without the required license, certificate or registration constitutes unprofessional conduct and conduct contrary to the public interest pursuant to NAC 639.945(1)(k) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

14. The Board shall register an applicant to dispense controlled substances included in schedules I to V, inclusive, unless it determines that the issuance of that registration would be inconsistent with the public interest due to failure of the applicant to maintain effective controls against diversion of controlled substances into other than legitimate medical, scientific, research, or industrial channels; or the registrant has had his or her federal registration to dispense controlled substances suspended or revoked. NRS 453.231(1)(a).

15. The Board may suspend or revoke a registration issued pursuant to NRS 453.226 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(e) and NRS 453.241(1).

16. A veterinarian, in the course of his or her professional practice only, and not for the use by a human being, may prescribe, possess and administer controlled substances, and the veterinarian may cause them to be administered by a veterinary technician under the direction and supervision of the veterinarian. NRS 453.381(2).

17. A veterinarian, in the course of his or her professional practice only, and not for use by a human being, may prescribe, possess, and administer controlled substances, and the veterinarian may cause them to be administered by a veterinary technician under the direction and supervision of the veterinarian. NRS 453.381(2).

18. It is unlawful for a person knowingly to use of be under the influence of a controlled substance except in accordance with a lawfully issued prescription. NRS 453.411(1).

19. The surrender, revocation or a suspension that has not been stayed of any certificate, license, or registration of a practitioner, as defined in NRS 453.126, 454.00958 or 639.0125, by a licensing board or the Drug Enforcement Administration operates as an immediate suspension of a certificate, license, registration, or permit issued by the Board pursuant to NRS chapters 453, 454 or 639 to possess, administer, prescribe, or dispense drugs. NRS 639.2107.

20. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation alleged in an accusation for which the holder is found guilty. NRS 639.255(3); NAC 639.955.

21. This Accusation constitutes a public record pursuant to NRS 622.330 and any discipline imposed by the Board shall be reported to the National Practitioner Data Bank as required by federal law. Title 42 USC § 1396r–2; 45 CFR Part 60.

COUNT ONE
Surrender of DEA Registration – Ineligible to Hold Controlled Substance Registration

22. By surrendering his DEA Registration, Respondent no longer qualifies to hold a certificate of registration to dispense controlled substances under federal or state law and therefore the Board is authorized to revoke or suspend Dr. Brinkmann, D.V.M.'s certificate of registration to dispense controlled substances, Certificate of Registration No. CS02213 pursuant to NRS 453.231(1)(g) and/or NRS 453.236(1)(c) and NRS 453.241(1).

COUNT TWO
Diversion/Self Administration of Controlled Substances

23. By diverting, acquiring, or obtaining possession of controlled substances for self-administrative without a prescription as alleged herein, Respondent violated, 21 U.S.C. § 843(a)(3), and/or NRS 453.331(1)(d), and/or NRS 453.381(2), and/or NRS 453.391(1), and/or NRS 453.411(1), and therefore is subject to discipline pursuant to NRS 453.231(1)(a) and/or NRS 453.236 and/or NRS 453.241 and/or NRS 639.210(12) and/or NRS 639.255.

COUNT THREE

Unprofessional Conduct - Commission of Acts that Render Registration Inconsistent with the Public Interest

24. By diverting and/or self-administering hydromorphone injections without a valid prescription, Respondent has engaged deceitful practices or transactions and/or in unprofessional conduct and conduct contrary to the public interest, as defined by NAC 639.945(1)(h),(g), and (n), which renders his continued registration to dispense controlled substances inconsistent with the public interest. Respondent's acts violated NRS 639.210(4); therefore, Respondent is subject to discipline pursuant to NRS 453.236(1); NRS 453.241(1); NRS 639.210(4); and NRS 639.255.

COUNT FOUR

Unlicensed Dispensing of Controlled Substances

25. By dispensing controlled substances without a dispensing veterinarian registration, Respondent violated NRS 639.100(1) and NAC 639. 639.7423.; therefore, Respondent is subject to discipline pursuant to NRS 639.210(12) and/or NRS 639.255.

COUNT FIVE

Unprofessional Conduct – Unlicensed Dispensing of Controlled Substances

26. By dispensing controlled substances without a dispensing veterinarian registration, Respondent has engaged in conduct contrary to the public interest as set forth in NAC 639.945(1)(k); therefore, Respondent is subject to discipline pursuant to NRS 453.236(1); NRS 453.241(1); NRS 639.210(4); and NRS 639.255.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of this respondent.

DATED this 12th day of September 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MICHAEL C. BRINKMANN, D.V.M.,** **Certificate of Registration No. CS02213,** **Respondent.**	**Case No. 22-237-CS-S** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, October 11, 2023, at 9:00 AM PST, or soon thereafter at the following location:**

Hilton Garden Inn Las Vegas Strip South
7830 S. Las Vegas Blvd
Las Vegas, NV 89123

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney at the email addresses below:

TeamBC@Pharmacy.nv.gov and p.keegan@pharmacy.nv.gov

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MOBILITY PROSTHETIC AND ORTHOTIC SERVICES, LLC,** **License No. MP03113,** **Respondent.**	**Case No. 23-089-S** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.070 and NRS 639.2895 and NRS 233B.121-.126, *inclusive*, on or about March 29, 2023, a Citation and Fine was served upon Mobility Prosthetic and Orthotic Services, LLC ("Respondent"), alleging the violations of Nevada law as set forth herein.

FACTUAL ALLEGATIONS

1. On or about March 9, 2023, Respondent was issued a Medical Equipment, Device, and Gas ("MDEG") medical products provider license by the Board, License No. MP03113.

2. During its March 9, 2023, license application hearing before the Board, it was revealed that prior to obtaining its Medical Products Provider License, Respondent opened its facility on October 1, 2021, and had engaged in the sale of medical devices.

3. On or about August 30, 2023, the Board staff served Respondent with a Cease-and-Desist/Citation requiring payment of a FIVE THOUSAND DOLLAR FINE ($5,000.00) for unauthorized sale of medical devices.

4. On or about August 30, 2023, Respondent requested an appeal hearing of the Board's Citation-and-Fine.

APPLICABLE LAW

5. Any person who engages in the sale of medical devices or appliances that are restricted by federal law to sale by or on the order of a physician to any person located within this

State shall obtain a medical products provider license from the Board. NRS 639.100(1); NRS 639.233(1); NAC 639.693-6958 *inclusive*.

6. It is unlawful for any person to engage in wholesale distribution, sell or dispense, or permit to be disturbed at wholesale, any drug, device, poison, medicine, chemical, or to dispense, or permit to be dispensed any prescription of a practitioner unless the person holds the appropriate certificate, license, or permit required by Nevada Revised Statutes ("NRS") Chapters 639, 453, or 454 and the person complies with the regulations adopted by the Board under Nevada Administrative Code ("NAC") Chapter 639. NRS 639.100(1).

7. The Board may impose an administrative fine of not more than $5,000.00 against any person who the Board determined violated NRS 639.100(1) or NRS 639.2895(1). Each activity in which the person is engaged constitutes a separate offense for which a separate citation may be issued. NRS 639.2895(1-4).

8. Pursuant to NRS 622.400(1), a regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as part of its investigation, administrative and disciplinary proceedings against the person if the regulatory body enters a final order in which it finds that the person has violated any provision which the regulatory body has authority to enforce, any regulation adopted pursuant thereto or any order of the regulatory body.

COUNT ONE

Unlicensed Activity – Sale of Medical Devices

9. By engaging in the sale of medical devices in Nevada without a medical products provider license, Respondent violated NRS 639.100(1) and/or NRS 639.233(1) pursuant to NAC 639.693-6958 *inclusive*; therefore, Respondent is subject to discipline pursuant to NRS 639.2895(1-4), which authorizes the Board to impose upon Respondent an administrative fine of not more than $5,000.00.

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 639.2895(2); NRS 233B.127(3). You have the right to a hearing before the Board to answer the allegations and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.127(3); NRS 622A.300(1) and (3). If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

The Board has scheduled your hearing on this matter for Wednesday, October 11, 2023, at 9:00 a.m. or soon thereafter. The hearing will take place at the Hilton Garden Inn Las Vegas Strip South 7830 S. Las Vegas Blvd., Las Vegas, Nevada 89123.

Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. You may request and the Board may at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session. NRS 241.030 and NRS 241.033.

DATED this 12th day of September 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

CITATION-AND-FINE ORDER: Case No. 23-089-S, Unlicensed Furnishing of Medical Products

Greetings:

The Nevada State Board of Pharmacy (Board) has determined that Mobility Prosthetic and Orthotic Services, LLC or one of its subsidiaries (hereafter "Mobility") was engaged in the business of furnishing prescription medical devices, gases, or equipment in Nevada without having secured a license as required by Nevada Revised Statutes (NRS) 639.233. Pursuant to NRS 639.233, any person, including a wholesaler or manufacturer of prescription medical devices must secure a Nevada license if it a) solicits or accepts orders for drugs or devices whose sale in this State is restricted by law; or b) receives, stores, or ships such products within or into Nevada.

Under Nevada law, the term "drug" is defined to include "[a]rticles and devices intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in humans." *See* NRS 639.007. The terms "manufacturer" and "wholesaler" are defined at NRS 639.009 and NRS 639.016, respectively. The term "medical products provider" is defined at Nevada Administrative Code (NAC) 639.6936. Nevada licensure is required of any person, *including* a medical products provider, who sells or ships drugs or medical devices "that are restricted by federal law to sale by or on the order of a physician to any person located within this State." *See* NRS 639.233(1) and (2); NAC 639.6942.

Mobility is engaged in the business of selling "devices" as that term is defined at 21 U.S.C. § 321(h). The product's purpose is for use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment, or prevention of disease, in man or other animals. Accordingly, at least some of the devices are "prescription devices" within the meaning of 21 CFR § 801.109. Some of the devices are known to be prescription only devices because of

9171 9690 0935 0279 1497 35

Mobility's Medical Products Provider Application and from Board Investigator Ken Scheuber's contact with Mobility's staff.

Because at least some of these devices are not safe to use for their intended purpose except under the supervision of a qualified medical practitioner, they must bear a label indicating that they are prescription-only devices. *See* 21 CFR § 801.109(b). The relevant facts are as follows:

- Mobility came before the Board on March 9th, 2023, requesting that the Board approve a new license application for their location at 400 Shadow Lane Suite 110 Las Vegas, NV 89106. During a discussion with Board members, it was revealed that the new location Mobility was requesting was already operating without a license. Mobility's Las Vegas location originally opened on October 1st, 2021.

- Board Investigator Ken Scheuber contacted Mobility Administrator Rebekkah Torres on March 15th, 2023, regarding the unlicensed activity revealed at the Board meeting. Ms. Torres stated that basically everything they sell requires a prescription. Mobility also revealed that they were in the business of selling prescription only medical products through their Medical Products Provider Application where they stated that they will serve patients by prescriptions.

- Under Nevada law, the fact that there is a federal restriction on sale of the drug or device by or on the order of a physician requires any person to obtain a license with the Nevada Board of Pharmacy if they 1) solicit or accept orders for drugs or devices whose sale in this State is restricted; or 2) receive, store, or ship such drugs or devices. *See* 21 U.S.C. § 353(b)(1); 21 C.F.R. § 201.100(b)(1); 21 CFR § 801.109; and NRS 639.233.

- Through Mobility's admissions at the Board meeting, Board Investigator Scheuber's conversation with a Mobility staff member, and Mobility's Medical Products Provider Application, the Board has evidence establishing that Mobility sold prescription-only medical products in the state of Nevada prior to licensure.

Accordingly, this notice shall serve as a **CITATION** pursuant to NRS 639.2895(2) for the unlicensed furnishing of medical products to persons in Nevada. Pursuant to NRS 639.2895(3), the Board has assessed an **administrative fine** against Mobility in the amount of **Five Thousand and 00/100 Dollars ($5,000.00).**

If you do not intend to contest the above fine, please pay the fine within 30 days of receipt of this citation, or otherwise contact Board staff to request an alternative payment plan. Payment must be by *cashier's check*, *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received at the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521. Additionally, please be advised that should you fail to comply with the terms of this citation and order, your noncompliance will be reported to the National Practitioner Data Bank and referred to the Nevada Controller's Office for collection pursuant to NRS 353C.195. *See* 45 C.F.R. §§ 60.3 and 60.5.

You may contest this citation by submitting to the Board, at the Reno address listed above, a written request for a public hearing. You must submit any such request not later than 30 days after receipt of this notice. *See* NRS 639.2895(2). Additionally, please be aware that issuance of the foregoing letter does not preclude the filing of an administrative disciplinary complaint, a civil suit, or criminal charges, if deemed appropriate based upon evidence not currently available to the Board's investigative staff.

If you have any questions, please contact Nevada State Board of Pharmacy General Counsel Peter Keegan by telephone at 775-850-1440, ext. 123, or *via* email at p.keegan@pharmacy.nv.gov.

Best regards,

Nevada State Board of Pharmacy

Peter Keegan

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Hello Mr.Peter,

Thank you for your call.

As discussed, we would like to appeal this so I can present our position to the board, since we did have an Out of State License for NV Pharmacy Board for the same Business (Mobility Prosthetic and Orthotic Services LLC, Tax Id # 85 1113824) operating out of our Clinic in Kingman, Az).

We were completely unaware of the requirements to apply for a new license when we opened our Las Vegas Clinic under same entity and Tax ID in October 2021.

Please consider this as our request to appeal the citation.

Sincerely

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Jim K. Juson Pharmacist Registration #: 15360

Pharmacy Name: BioPlus Specialty Pharmacy Services, LLC

Initial each statement below to indicate you have read and agree with the following:

SS I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

SS I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

SS I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

SS I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

SS I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Mark Montgomery hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the President (title) for BioPlus Specialty Pharmacy Services, LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Samuel Wilde hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the owner/manager (title) for Mesa Ridge Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Managing Pharmacist Name: Samuel Wilde Pharmacist Registration #: 23475

Pharmacy Name: Mesa Ridge Pharmacy

Initial each statement below to indicate you have read and agree with the following:

SW I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

SW I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

SW I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

SW I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

SW I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in any state?		✔
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state?		✔
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in any state?		✔

If you marked YES to any questions above, include the following information and provide a signed statement of explanation. Copies of any documents that identify the circumstance or contain an order, agreement or other disposition is required.

SECRETARY OF STATE

STATE OF NEVADA

NEVADA STATE BUSINESS LICENSE

Canyon Ridge, LLC

Nevada Business Identification # NV20232761373
Expiration Date: 04/30/2024

In accordance with Title 7 of Nevada Revised Statutes, pursuant to proper application duly filed and payment of appropriate prescribed fees, the above named is hereby granted a Nevada State Business License for business activities conducted within the State of Nevada.
Valid until the expiration date listed unless suspended, revoked or cancelled in accordance with the provisions in Nevada Revised Statutes. License is not transferable and is not in lieu of any local business license, permit or registration.
License must be cancelled on or before its expiration date if business activity ceases. Failure to do so will result in late fees or penalties which, by law, cannot be waived.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Great Seal of State, at my office on 04/12/2023.

RE: Denial Letter of Application for Out-of- State Pharmacy License

Dear Mr. Hanna:

The Arkansas State Board of Pharmacy has administratively denied your application for an out-of-state pharmacy Permit. The denial is based on your Florida and VPP inspections.

You may appeal this administrative denial of your application to a full board hearing under the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-201, *et seq.*, by notifying this office in writing within thirty (30) days of receipt of this letter.

If you have any questions, please contact the Board office at 501-682-0190.

Sincerely,

Luke Daniel
General Counsel

Re: Notice of Denial - Application for Out-of-State Compounding Pharmacy License

Dear Mr. Hanna:

This constitutes notice pursuant to NRS 639.138 that the Nevada State Board of Pharmacy (Board) on January 13, 2021, denied your application pursuant to NRS 639.2328 for an out-of-state compounding pharmacy license. The Board denied your application pursuant to NRS 639.23282 due to your failure to present evidence satisfactory to the Board as to competency, qualifications and credentials. That denial was based on information and testimony presented during the hearing on the application; a copy of the audio recording of the hearing is available to you upon request.

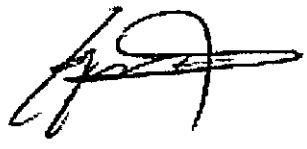
Pursuant to NRS 639.139 you have the right to petition the Board for reconsideration of your application within thirty (30) days of receipt of this notice, and the right to submit evidence to controvert the basis for denial. To petition for reconsideration please submit the petition and all evidence in support thereof to the Board at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521.

If you have any questions, please do not hesitate to contact me at 775-850-1440 or bkandt@pharmacy.nv.gov.

Best regards,

Brett Kandt
General Counsel
Nevada State Board of Pharmacy

Enclosures



1st Choice Pharmacy

From:
George Hanna, RPh
1st Choice Pharmacy
2228 US Hwy 19 N
Holiday, FL 34691

To Whom It May Concern:

The application for licensure as a non-resident pharmacy with the state of Nevada was denied. Per the Nevada board of pharmacy, approval would be considered given additional training and competencies of the sterile compounding staff. 1st Choice Pharmacy is currently providing additional sterile compounding trainings to the compounding staff and gathering materials to submit to the Nevada Board to prove competency. Compounding staff is also completing several continuing education courses on the subject of sterile compounds. 1st Choice Pharmacy plans to re-apply to Nevada as a non-resident pharmacy in the near future with this new evidence. If you have any questions, please don't hesitate to reach out.

Regards,

George Hanna
PIC/Owner
1st Choice Pharmacy

1st Choice Pharmacy

From:
George Hanna, RPh
1st Choice Pharmacy
2228 US Hwy 19 N
Holiday, FL 34691

To Whom It May Concern:

The application for licensure as a non-resident pharmacy with the state of Arkansas was denied. Per the Arkansas board of pharmacy, approval would be considered pursuant to attendance at a board meeting and explaining certain practices. The practices that were in question are using a lyophilizer, a measurement on a certification report showing that the hazardous room went out of range for the negative pressure, and the compounding of peptides pursuant to legitimate prescriptions. 1st Choice Pharmacy is appealing this decision with Arkansas with these explanations. If you have any questions, please don't hesitate to reach out.

Regards,

George Hanna

Sterile Compounding Questionnaire

Rev (08/02/2022)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: Pope Shenouda LLC DBA 1st Choice Pharmacy

NV Pharmacy or Outsourcing facility license # (if applicable): _____

Physical Address: 2228 US HWY 19 N

City: Holiday State: FL Zip: 34691

Mailing Address (if different from physical address): _____

City: _____ State: _____ Zip: _____

Telephone: 727-934-1300 Toll Free # (NAC 639.708, NRS 639.23286): 844-565-5155

Fax: 727-934-1313 Contact Email: firstchoicepharmacy@yahoo.com

Website: www.1stchoicepharmacy.net

Nevada Business License # (if applicable) _____

Supervising/Managing Pharmacist Name (NRS 639.220): Joseph Bishay

Supervising/Managing Pharmacist NV Pharmacist Registration #: 23157

Name of Person with direct knowledge of compounding procedures: George Hanna and Joseph Bishay

Email of Person with direct knowledge of compounding procedures: george@1stchoicerx.org, joseph@1stchoicerx.org

Telephone of Person with direct knowledge of compounding procedures: 727-934-1300

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)? ☑ Low ☑ Medium ☑ High
If you marked "High", you must also complete section 4.

2. Will you be performing sterile hazardous drug compounding? ☑ Yes ☐ No
If you marked "Yes", you must also complete section 3.

3. List the sterile compounded products that you will be compounding for Nevada patients or consumers:
see attached

4. Will you be utilizing beyond use dates in excess of USP-797? ☐ Yes ☐ No

5. If yes, describe the additional testing performed on your products to validate the extended BUD:
For each sterile compound:
1. Method suitability
2. Initial and end sterility and endocrine
3. Potency over time and pH
4. If oilbase no pH over time

SOP 602.4

6. What laboratory performs this additional testing?

Name: Pharmetric Lab

Address: 11880 28th St North Suite #210

City: St. Petersburg State: FL Zip: 33716

Telephone: _____

7. What is your procedure for visual inspection of compounded sterile products?
Visual inspection of drug production

SOP 616.1

8. How often do you perform glove fingertip and medial fill testing?
In the beginning and every 6 months

9. What is your policy if an employee fails a glove fingertip or media-fill test?
SOP 408.4
SOP 402.7

10. Describe your initial and annual training program for all personnel performing sterile compounding:
1. Training and read the SOPs
2. Hand hygiene and garbing (SOP 404)
3. Orientation, training and competency evaluation of compounding personnel (SOP 410)
4. Personal aseptic media fill testing and product verification and related forms (SOP 402)
5. Conduct of personnel in controlled array and aseptic technique overview (SOP 412)
6. Inventory storage, handling and disposal (SOP 502)
7. Use of automated

11. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
Cleaning in the beginning of the day and the end of the day and beginning of each compound (immediately prior of each compound)
We use:
Sterile wipes
Sterile peribox (contact time 8 minutes)
Other sterile IPA

Friday- use Decon-phene

12. Who performs the sterile compounding process at your facility?
Pharmacists:George Hanna, Joseph Bishay
Pharmacist Intern: Mina Shenouda
Techs: Dayesi Hernandez, Ileana Ortega

13. Who is responsible and accountable for the sterile compounding process at your facility?
Joseph Bishay
George Hanna

14. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
For cold products we use warn strip or kangaroo bag

SOP 510

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)

1. What type of primary engineering controls will you be using in your facility?
Biological safety cabinet (ESCO) Class II Type A2

2. Is your BSC or CACI vented 100% to the outside?	☑ Yes	☐ No
3. Do you have a negative pressure buffer room at your facility?	☑ Yes	☐ No
4. Will you be compounding with antineoplastic HDs or HD API?	☑ Yes	☐ No
5. If yes, are the drugs stored in an externally ventilated, negative pressure room?	☑ Yes	☐ No
6. Will you be utilizing a closed system transfer device?	☐ Yes	☑ No

7. If yes, list the name of the device:

8. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?
Provide patients with packet (attached)

9. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?
1. Orientation, training and competency evaluation of compounding pharmacy personnel (SOP 410)
2. Hazardous drug/ risk acknowledgment form (SOP 706.9)
3. Competency Assessments
- HP inventory receiving (SOP 700.6)
- Donning and doffing PPE for HD compounding (SOP 706)
- Hazardous drug compounding (SOP 700)
- Decontamination, cleaning and disinfection of HD environment (SOP 700)

Section 4: Sterile High Risk Compounding Questions (Complete this section ONLY if you will be performing High Risk Compounding.)

1. List the specific high risk sterile products that your facility compounds:
see attached

2. What sterilization methods are utilized at your facility?
filtration

3. Does your facility utilize biological indicators? ☐ Yes ☐ No

4. If yes, describe how they are utilized:

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

1st Choice Compounding PHARMACY

Safe Handling of Hazardous Medicines in the Home

Some medicines need special handling because they can be hazardous (harmful) to the people giving them. This is because some studies show that people who care for patients taking these special medicines can also have changes within their own body's cells. These changes can be avoided by following certain steps. Exposure can occur from spills, splashes, breathing in the medicine's vapors or powder, and from coming in contact with the patient's vomit, urine or stool.

The medicine that needs safe handling is:

_____

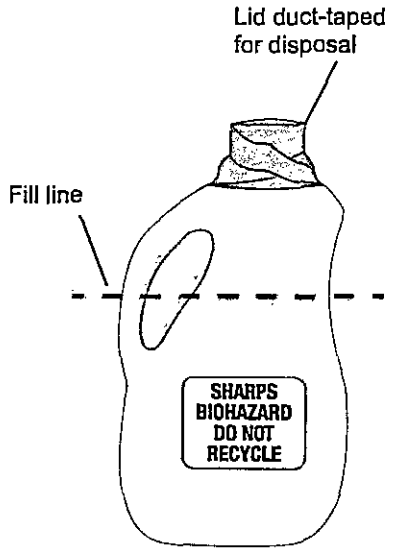
The risk of danger from handling small amounts of these hazardous medicines is small, but it is a good idea to avoid exposure if possible. Here are suggestions for things you can do at home to limit exposure.

Supplies you may need

- Disposable gloves (Picture 1) – Get them from your local pharmacy or 1st Choice Compounding Pharmacy
- Disposable gown – if you are handling liquid medicines
- Household soap or detergent – any brand can be used for cleaning
- Disposable towel – in case of an accidental spill
- Two-ply, heavy duty trash bag – for used supplies
- Disposable plastic medicine cups and oral syringes – depending on what kind of medicine is being taken

Picture 1 Putting on disposable gloves.

- Needle disposal or "sharps" container – needed if you are handling injectable (given by needle or IV) medicines



Continued...

Safety measures for handling hazardous medicines

- Wash your hands **before and after** handling hazardous medicines.
- Use disposable gloves if you are touching any type of hazardous medicine. Do not use torn or punctured gloves.
- Use disposable plastic medicine cups to move a pill from a medicine bottle.
- Throw away any used gloves, gowns, medicine cups, oral syringes, or bottles in a two-ply, heavy-duty trash bag. Tie or seal the plastic bag and place it in your household trash bag for disposal. Be sure to keep this trash out of the reach of pets and children.
- If you are pregnant or trying to become pregnant, you should not handle hazardous medicines. If you are the primary caregiver, speak to your nurse, doctor, or pharmacist about safe ways to care for the patient.

Handling hazardous medicines at home – needles and sharps

- Do not recap the used needle. Do not bend or break off the needle.
- Do not remove the needle from the syringe.
- All sharps or needles must be thrown away in a safe 'sharps container.' If you do not have a hospital-issued sharps container, use a container made of **heavy-duty plastic. This can be a laundry detergent bottle or liquid laundry softener bottle (Picture 2).** It must close with a lid that screws on tightly. Needles should not be able to poke through (puncture) the lid. The container must be leak-proof, and able to sit up and not fall over (stable).

Picture 2 Hard plastic laundry detergent bottle and fill line.

- Place the container in the middle of a full, heavy duty trash bag. You are allowed to put the trash bag out for regular trash pick-up. DO NOT put the container in the recycling.

Storing hazardous medicines

- Your pharmacist or nurse will tell you if there are any special storage instructions.
- Keep all drugs out of reach of children or pets.
- Keep hazardous medicines separate from all other medicines.
- If the medicine needs to be refrigerated, separate it from other foods. Use a separate bin in the refrigerator or place the medicine in a container.
- Keep the hazardous medicine in its original bottle or container. Do not place it in a pill box with other non-hazardous medicines.

Taking hazardous medicines

- Your physician, nurse, or pharmacist will explain to you how and when to take your medicine.
- It is important for you to take these drugs exactly as told. Do not skip a dose without discussing it with your physician.
- If you forget to take a dose, do not take double the dose the next time. Contact your physician's office or pharmacist to discuss what to do if this happens.

Accidental hazardous medicine spills

- If you are taking a hazardous medicine and it spills, wear a disposable gown and two pairs of gloves to clean up the spill. Cover the spill with a disposable towel, and then thoroughly wipe up the spill. The area should then be cleaned three times with a home cleaning product. This is to make sure that no medicine is left on the surface. All materials should be thrown away in a heavy-duty sealed trash bag and placed in a trash can that is out of reach of pets and children.
- Hazardous liquid medicines spilled on your skin may cause irritation. Wash the area well with soap and water and dry. If redness or irritation occurs within 7 days, contact your doctor.
- If the drug splashes in the eye, rinse the eye with tap water for at least 15 minutes and contact your doctor.

During clinic visits, be sure to tell the staff about any hazardous drugs you may have taken at home. If you have any other questions or concerns, ask your doctor, pharmacist, or nurse.

1. Testosterone cypionate 200mg/ml in sesame oil 5ml intramuscular

Upon receipt of a new or refill prescription, a verbal and printed offer to counsel is made to the patient or the patient's agent. [64B16-27.820(1), F.A.C.] *There is no written offer to counsel patients of other states.*	No
Medication properly labeled. [499 F.S.]; [64B16-28.108 F.A.C.]; [893.04(1)(e) F.S.] [21CFR1306.24]; [21CFR1306.14] *Several vials such as Myers Cocktail do not contain the Federal Legend, specifically lot 04252022@5 or Magnesium Chloride/Taurine compound lot 03232022@19. These are dymo labeled drugs due to lack of extended BUD and the amount of ingredients listed. These vials were noted to have black and white labels.*	No
Continuous Quality Improvement Program described in the Pharmacy policy and procedure manual and summarization of Quality-Related Events which have been reviewed by the CQI committee quarterly are available for inspection. [64B16-27.300 F.A.C.]; [766.101(1)(a)(l) F.S.] *2-21-22, 11/26/21, 8/2/21, 5/4/21.*	Yes
Policy and Procedure available and implemented to prevent the fraudulent dispensing of controlled substances. [465.022(4), F.S.]	Yes
Pharmacy maintains patient profile records. [64B16-27.800, F.A.C.] *Maintained in PK and Life file and formerly Prime rx.*	Yes
Written prescriptions for controlled substances are on counterfeit-proof pads from Department-approvad vendors. [893.065 F.S.]; [456.42(2) F.S.] *Mostly e-prescribed*	Yes
Controlled substance inventory taken on a biennial basis and available for inspection. [893.07(1)(a) F.S.]; [21CFR1304.11] *The pharmacy only has CIII to CV controlled substances documented on biennial inventory from 6-14-22, however has not included CII's sold to MMG Pharma LLC dba Cross Pharmacy at 2208 US Highway 19 N, Holiday. Not documented whether inventory was taken at open or close of business.*	No
DEA 222 forms properly completed or records of CSOS orders electronically completed, linked to the original order, archived and retrievable. [893.07(2) F.S.]; 21CFR 1305.13(e)]; [21CFR1305.22(g)] *CSOS with Amerisource Bergen*	Yes
Controlled substance records and Rx information in computer system are retrievable. [21CFR1304.04]; [465.022(12) (a) F.S.]; [21CFR1306.22]; [64B16-28.140 F.A.C.]	Yes
Controlled substance records are maintained for 4 years [465.022(12) (b) F.S.] [64B16-28.140 F.A.C.] *Pharmacy has sold one time inventory to MMG Pharma 6/14/21.*	Yes
Pharmacy is reporting to law enforcement any instance of fraudulent prescriptions within 24 hours or close of business on next business day of learning of instance. Reports include all required information. [465.015(3), F.S.]	N/A
Record of theft or significant loss of all controlled substances is being maintained and reported to the sheriff and board within 24 hours of discovery. [893.07(5)(b) F.S.]; [465.022(11) (b) F.A.C.]	N/A
Pharmacy is reporting to the PDMP within 24 hours of dispensing controlled substance. [893.055(4) (3)(a), F.S.]	Yes
Compounding records properly maintained. [64B16-28.140(4), F.A.C.] *See comments on sterile compounding Inspection.*	No
The pharmacy maintains an audit trail for all drugs from receipt or acquisition to sale or disposition [499.005 F.S.] [61N-1.012 F.A.C.]	Yes

INV359 - Community Requirements

Insp # 175881 POPE SHENOUDA, LLC File # 15765

Invoices for medications purchased from a Florida licensed wholesaler/distributor are retrievable for inspection. [499.005 (14) F.S.] *Wholesalers: Amerisource Bergen, Cardinal, River City, Masters Pharmaceutical, Medisca, PCCA, Spectrum.*	Yes
Administration begins not later than 1 hour following start of immediate use CSPs preparation. [64B16-27.797 F.A.C.]	N/A
Facility engaged in non-sterile office use compounding for human use is registered with FDA as an outsourcing facility [F.A.C 64B16-27.700(3)(g)]	N/A
Signage indicating that any patient receiving testing, screening, or treatment services is advised to seek followup care from his or her primary care physician. [465.1895 (9) F.S.]	N/A
Pharmacist has a written collaborative practice agreement. [465.1865, F.S.]	N/A
Human Trafficking signage is posted in a conspicuous place accessible to employees that is at least 11 inches by 15 inches in size, printed in a clearly legible font and in at least a 32-point type which gives instructions in English and Spanish on how to report to the National Human Trafficking Resource Center. [456.0341, F.S]	Yes

Pharmacy Ships Medicinal Drugs to Patients [64B16-28.10801, F.A.C]

Pharmacy has policies and procedures in place to ensure that medicinal drugs are not adulterated at the time of receipt by the patient or their agent. *See SOP 510 "Packaging and Shipping of Refrigerated Drug Products"* *Reviewed Kangaroo mailer study.* *The SOP does not address shipments of medicinal drugs to other states. The pharmacy is licensed in greater than 37 states*	Yes
Pharmacy has policies and procedures in place to provide instructions to the patient on reporting concerns with delivery and storage of medicinal drugs.	Yes

Pharmacy engages in Centralized Prescription Filling? [64B16-28.450, F.A.C.]

Pharmacies have the same owner or have a written contract specifying the services to be provided by each pharmacy. *Pharmacy does not have a mutual agreement with Trinova, Trinova being the originating pharmacy for prescriptions for compounds.*	No
Current P&P Manual available for inspection designating at minimum: types of medications that may be filled, procedures for communicating orders, procedures for securely transporting the filled prescriptions. *Not available during inspection*	No
The originating pharmacy is identified with pharmacy name and address on the prescription container label. *Not on label, but originating pharmacy Trinova Health stated on e-prescription.*	No
The central fill pharmacy is identified by name and address or a by a code available at the originating pharmacy.	N/A
If a controlled substance, the word "central fill" appears on the face of the original prescription. *Original prescription sent by Trinova Health does not contain the word "Central fill" see rxC514455,*	No
The originating pharmacy keeps a record of receipt of the filled prescription, including the date of receipt, method of delivery and the name of the originating pharmacy's employee accepting delivery. *This pharmacy is the central fill pharmacy who directly mails it to the patient.*	N/A

Automated Pharmacy System [465.0235, F.S.]

Pharmacy maintains a record of the medicinal drugs dispensed, including the identity of the pharmacist responsible for verifying the accuracy of the dosage and directions and providing patient counseling.	
Pharmacy maintains written policies and procedures to ensure the proper, safe, and secure functioning of the automated pharmacy system for a minimum of 4 years.	

Internet Pharmacy

A toll-free telephone number is provided to facilitate communication between patients in this state and a pharmacist at the pharmacy who has access to the patient's records. [465.0197 (3)(e), F.S.]	
Toll free number is disclosed on the label affixed to each container of dispensed medicinal drugs. [465.0197 (3)(e), F.S.]	
Documentation of a valid, unexpired pharmacy license, permit or registration in the state in which the dispensing facility is located and from which the medicinal drugs shall be dispensed. [465.0197(3)(a) F.S]	

Remarks:

Pharmacy at this location has Life File and PK software and Prime rx. PDM states this retail establishment has been sold to MMG Pharma LLC dba Cross Pharmacy at 2208 US 19N however retail permit is still maintained at 2228 US Hwy 19, Holiday, FL for non-sterile compounding.
The closed system pharmacy PH30309 was moved to 2049 Welbilt Blvd and is operating under A&Eof Tampa Bay LLC, dba 1st Choice LTC Pharmacy, Suite A.

I have read and have had this inspection report and the laws and regulations concerned herein explained, and do affirm that the information given herein is true and correct to the best of my knowledge. I have received e copy of the Licensee Bill of Rights.

INV797 - Sterile Compounding

LOW RISK

1. Low risk CSP's are properly identified: Aseptic manipulations within an ISO Class 5 environment using three or fewer sterile products and no more than two entries into any container. [CSP MICROBIAL CONTAMINATION RISK LEVELS : Low-Risk Level CSPs]	
2. Low Risk CSP's, in absence of passing sterility test, stored not more than 48 hours at controlled room temperature, 14 days at cold temperature, or 45 days in solid frozen state at -25° to -10° or colder. [CSP MICROBIAL CONTAMINATION RISK LEVELS : Low-Risk Level CSPs]	
3. Low Risk CSP's with 12 hour BUD are properly identified and comply with all four specific criteria. 1. PEC in Segregated Compounding area 2. Away from windows, doors , high traffic areas 3. Hygiene & garbing required, sinks not adjacent to PEC. 4. Cleaning & Disinfecting, Personnel training, Competency evaluation, Garbing, Aseptic work practices, Viable and non-viable environmental sampling apply. [CSP MICROBIAL CONTAMINATION RISK LEVELS : Low-Risk Level CSPs]	

MEDIUM RISK

4. Medium Risk CSP's are properly identified: Aseptic manipulations within an ISO Class 5 environment using prolonged and complex mixing and transfer, more than three sterile products and entries into any container, and pooling ingredients from multiple starile products to prepare multiple CSPs. [CSP MICROBIAL CONTAMINATION RISK LEVELS : Medium-Risk Level CSPs]	
5. Medium Risk CSP's, in absence of passing sterility test, stored not more than 30 hours at controlled room temperature, 9 days at cold temperature, or 45 days in solid frozen state at -25° to -10° or colder. [CSP MICROBIAL CONTAMINATION RISK LEVELS : Medium-Risk Level CSPs]	

HIGH RISK

6. Presterilization procedures for high-risk level CSPs, such as weighing and mixing, are completed in no worse than an ISO Class 8 environmenL [ENVIRONMENTAL QUALITY AND CONTROL : Placement of Primary Engineering Controls Within ISO Class 7 Buffer Areas]	Yes
7. High Risk CSP's are properly identified: Confirmed presence of nonsterile ingredients and devices, or confirmed or suspected exposure of starile ingredients for more than one hour to air quality inferior to ISO Class 5 before final sterilization. [CSP MICROBIAL CONTAMINATION RISK LEVELS : High-Risk Level CSPs] *Pharmacy compounds Peptides in the ISO 5 HD BSC where the lyophilizer is attached. The pharmacy no longer compounds Trimix or Alprostadil stock solution based on records provided.*	Yes
8. High Risk CSP's, in absence of passing sterility test are not stored more than 24 hours at controlled room temperature, 3 days at cold temperature, or 45 days in solid frozen state at -25° to -10° or colder. [CSP MICROBIAL CONTAMINATION RISK LEVELS : High-Risk Level CSPs]	Yes
9. A 0.2-µm certified sterilizing membrane filter is used that is chemically and physically compatible with the CSP. Filtration is completed rapidly without filter replacement. Sterilization method is verified to achieve sterility for the quantity and type of containers. [VERIFICATION OF COMPOUNDING ACCURACY AND STERILITY : Sterilization of High-Risk Level CSPs by Filtration] *Sterilizing filter MDI Asepticap is not capable of accomodating 5 L volume.*	Yes
10. Sterilization method used has documentation that acceptable strength and purity of ingredients and integrity of containers is maintained. [CSP MICROBIAL CONTAMINATION RISK LEVELS : High-Risk Level CSPs]	Yes
11. The manufacturer recommended filter integrity (e.g., bubble point) test is performed and documented for all sterilizing filters after filtering CSPs. [VERIFICATION OF COMPOUNDING ACCURACY AND STERILITY : Sterilization of High-Risk Level CSPs by Filtration]	Yes
12. Autoclave cycle has been verified using appropriate biological indicators. Solutions are passed through a 1.2-µm or smaller filter into final containers to remove particulates before sterilization. [VERIFICATION OF COMPOUNDING ACCURACY AND STERILITY : Sterilization of High-Risk Level CSPs by Steam] *Tuttnauer Autoclave Steam Sterilizer SN 21030347 study demonstrates temp of 121 C duration 30 mins, dry times 60 mins-validated by Pharmetric April 1, 2022.* *Pharmacy autoclaves rubber stoppers, flip caps, mop cover and foam beds (pre use) then discards mop cover. BI's are 3M Attest. Autoclave not used to terminally sterilitze CSP's.*	Yes
13. Dry heat ovens used for sterilization have filtered forced air. Only those items that will be damaged by steam are sterilized by dry heat. [VERIFICATION OF COMPOUNDING ACCURACY AND STERILITY : Sterilization of High-Risk Level CSPs by Dry Heat] *Dry Heat oven does have filtered forced air. Pharmacy does not terminally sterilize solutions in the dry heat oven. Oven is used to sterilize beakers with stirrers, vials.*	N/A
14. The description of dry heat sterilization conditions and duration for specific CSPs is included in written documentation in the compounding facility. The effectiveness of dry heat sterilization is verified using appropriate biological indicators and other confirmation. [VERIFICATION OF COMPOUNDING ACCURACY AND STERILITY : Sterilization of High-Risk Level CSPs by Dry Heat]	N/A
15. Dry heat depyrogenation is used to render glassware or containers, such as vials free from pyrogens as well as viable microbes. The description of the dry heat depyrogenation cycle and duration for specific load items is included in written documentation in the compounding facility. The effectiveness of the dry heat depyrogenation cycle is verified using endotoxin challenge vials (ECVs). [VERIFICATION OF COMPOUNDING ACCURACY AND STERILITY : Depyrogenation by Dry Heat] *Pharmetric Dry Heat Oven validated Nov 2, 2021 with Endosafe cartridges to demonstrate a 6.1 log reduction in ET*	Yes
16. Sterility testing is completed for all High-risk level CSPs prepared in batches of more than 25 identical containers, or exposed longer than 12 hours at 2° to 8°, and 6 hours at warmer than 8° before being sterilized. [FINISHED PREPARATION RELEASE CHECKS AND TESTS : Sterility Testing]	Yes

USP <71> STERILITY TESTING (Outsourced)

17. Outsourced sterility testing results indicate that it is compliant with USP<71>. A method not described in the USP may be used if validation demonstrates that the alternative is at least as effective and reliable. [STERILITY TEST USP<71>]	Yes
18. Outsourced: The number of articles tested are appropriate according to USP<71>. [STERILITY TEST USP<71> : Number of Articles to Be Tested]	Yes
19. Outsourced: The volume/quantity tested is according to USP<71>. [STERILITY TEST USP<71> : Number of Articles to Be Tested]	Yes

INV797-Sterile Compounding

Insp # 178092 | POPE SHENOUDA LLC | File # 22731

20. Outsourced: A USP<71> method suitability test has been done with appropriate inoculum, additives and rinses. [STERILITY TEST USP<71> : Method Suitability Test] *Hercules compound has undergone method suitability-23 vials were compounded on 2-18-2022*	Yes
21. Outsourced: Sterility testing reports are reviewed and appropriate actions taken and documented. [FINISHED PREPARATION RELEASE CHECKS AND TESTS]	Yes

USP <71> STERILITY TESTING

22. On site: Membrane filtration is used if appropriate. (The technique of membrane filtration is used whenever the nature of the product permits; that is, for filterable aqueous preparations, for alcoholic or oily preparations, and for preparations miscible with, or soluble in, aqueous or oily solvents, provided these solvents do not have an antimicrobial effect in the conditions of the test.) Filters are rinsed according to USP<71>. [FINISHED PREPARATION RELEASE CHECKS AND TESTS : Sterility Testing]	
23. On site: Direct inoculation is done only when membrane filtration cannot be carried out. Volume to be inoculated does not exceed 10% of the culture media volume. [FINISHED PREPARATION RELEASE CHECKS AND TESTS : Sterility Testing]	
24. On site: The number of articles tested are appropriate according to USP<71>. [STERILITY TEST USP<71> : Number of Articles to Be Tested]	
25. On site: The volume/quantity tested is according to USP<71>. [STERILITY TEST USP<71> : Number of Articles to Be Tested]	
26. On site: A growth promotion test has been done on the media with the 5 specified organisms (not more than 100 CFU) according to USP<71>. [STERILITY TEST USP<71> : Growth Promotion Test of Aerobes, Anaerobes, and Fungi]	
27. On site: A USP<71> method suitability test has been done with appropriate inoculum, additives and rinses. [STERILITY TEST USP<71> : Method Suitability Test]	
28. On site: TSB or SCD is incubated at 20-25 C for 14 days (2 incubators present). [STERILITY TEST USP<71> : Culture Media and Incubation Temperatures]	
29. On site: FTM is incubated at 30-35 C for 14 days (2 incubators present). [STERILITY TEST USP<71> : Culture Media and Incubation Temperatures]	
30. On site: Sterility testing is documented including lot numbers and expiration dates of media. [FINISHED PREPARATION RELEASE CHECKS AND TESTS]	
31. On site: Sterility testing reports are reviewed and appropriate actions taken and documented. [FINISHED PREPARATION RELEASE CHECKS AND TESTS]	

ENDOTOXIN TESTING

32. Endotoxin testing is conducted for High-risk level CSP's that are prepared in batches of more than 25 identical containers, or exposed longer than 12 hours at 2° to 8°, and 6 hours at warmer than 8°, before being sterilized or in multidose containers for administration to multiple patients. (excluding those for inhalation and ophthalmic administration) [FINISHED PREPARATION RELEASE CHECKS AND TESTS : Bacterial Endotoxin (Pyrogen) Testing] *Done by Pharmetric*	Yes
33. Endotoxin testing process indicates that it is compliant with USP<85>. [BACTERIAL ENDOTOXINS TEST USP<85>]	Yes
34. High Risk CSP's are within allowable limits for bacterial endotoxins. [FINISHED PREPARATION RELEASE CHECKS AND TESTS : Bacterial Endotoxin (Pyrogen) Testing]	Yes

IMMEDIATE USE COMPOUNDING

35. Immediate-use compounding complies with all six specified criteria. 1. Low-risk sterile nonhazardous products or diagnostic radiopharmaceutical products from the manufacturers' original containers. Anti-neoplastics shall not be prepared as immediate-use CSPs because they are hazardous drugs. 2. Unless required for the preparation, the compounding procedure is a continuous process not to exceed 1 hour. 3. During preparation, aseptic technique is followed and, if not immediately administered, the finished CSP is under continuous supervision to minimize the potential for contact with nonsterile surfaces, introduction of particulate matter or biological fluids, mix-ups with other CSPs, and direct contact of outside surfaces. 4. Administration begins not later than 1 hour following the start of the preparation of the CSP. 5. Unless immediately and completely administered by the person who prepared it or immediate and complete administration is witnessed by the preparer, the CSP shall bear a label listing patient identification information, the names and amounts of all ingredients, the name or initials of the person who prepared the CSP, and the exact 1-hour BUD and time. 6. If administration has not begun within 1 hour following the start of prepering the CSP, the CSP shall be promptly, properly, and safely discarded. [IMMEDIATE-USE CSPs]	N/A

SINGLE/MULTIPLE DOSE CONTAINER BUD

36. Beyond-use date does not exceed 28 days for multiple-dose containers after initial opening or entry, unless specified otherwise by the manufacturer. [SINGLE-DOSE AND MULTIPLE-DOSE CONTAINERS]	N/A
37. Beyond-use time does not exceed 6 hours for closure sealed single-dose containers in ISO Class 5 or cleaner air after initial opening or entry, unless specified otherwise by the manufacturer. [SINGLE-DOSE AND MULTIPLE-DOSE CONTAINERS]	Yes
38. Beyond-use time does not exceed 1 hour for closure sealed single-dose containers after being opened or entered in worse than ISO Class 5 air. [SINGLE-DOSE AND MULTIPLE-DOSE CONTAINERS]	N/A
39. Single-dose ampules are discarded immediately after use. [SINGLE-DOSE AND MULTIPLE-DOSE CONTAINERS]	N/A

HAZARDOUS DRUGS

40. A pressure indicator is installed and differential pressures are monitored and documented daily for hazardous buffer room. [HAZARDOUS DRUGS AS CSPs]	Yes
41. Hazardous drug buffer room is at least 0.01 inch water column negative pressure with 30 ACPH of HEPA filtered air. [HAZARDOUS DRUGS AS CSPs] *Per MTA Feb 15, 2022 report, ACPH documented for negative sterile buffer room was 38*	Yes
42. At least 0.01 inch water column negative pressure and 12 air changes per hour in non-cleanrooms in which CACIs are located. FAC: USP Chapter 797 requires that: "When closed-system vial-transfer devices (CSTDs) (i.e., vial-transfer systems that allow no venting or exposure of hazardous substance to the environment) are used, they shall be used within an ISO Class 5 environment of a BSC or CACI. The use of the CSTD is preferred because of their inherent closed system process. In facilities that prepare a low volume of hazardous drugs, the use of two tiers of containment (e.g., CSTD within a BSC or CACI that is located in a non-negative pressure room) is acceptable." For purpose of said provision, a "low volume of hazardous drugs" is defined as less than 40 doses per month. [HAZARDOUS DRUGS AS CSPs]	N/A
43. Personnel compounding hazardous drugs wear appropriate personal protective equipment. [HAZARDOUS DRUGS AS CSPs]	Yes

INV797-Sterile Compounding

Insp # 178092 | POPE SHENOUDA LLC | File # 22731

44. Hazardous drugs are handled with caution at all times using appropriate chemotherapy gloves during receiving, distribution, stocking, inventorying, preparing for administration, and disposal. Spill kits are available. [HAZARDOUS DRUGS AS CSPs] *Using BioClean Emerald Sterile Nitrile Cleanroom Gloves rated to handle HD's.*	Yes
45. Hazardous drugs are prepared in an ISO Class 5 environment (BSC or CACI) with protective engineering controls in place, following aseptic practices specified for the appropriate contamination risk levels. [HAZARDOUS DRUGS AS CSPs] *HD's such as Testosterone and Nandrolone compounded in the same BSC where Peptides such as Semaglutide, Sermorelin, Ipamorelin and CJC combinations are compounded. These HD's may pose a risk of contamination to the non-HD peptide where partially stoppered vials are lyophilized over several hours and then removed and crimped in the BSC. The pharmacy is decontaminating the BSC after each batch with Peridox.*	No
46. Hazardous drugs are stored separately from other inventory in a manner to prevent contamination and personnel exposure. [HAZARDOUS DRUGS AS CSPs]	Yes
47. Access to hazardous drug preparation areas is limited to authorized compounding personnel. [HAZARDOUS DRUGS AS CSPs]	Yes
48. Annual documentation of hazardous drug training of personnel regarding storage, handling, containment techniques and disposal of hazardous drugs is available. [HAZARDOUS DRUGS AS CSPs] *Critical Point*	Yes
49. Compounding personnel of reproductive capability have confirmed in writing that they understand the risks of handling hazardous drugs. [HAZARDOUS DRUGS AS CSPs] *No risk attestation for HD compounding -JB- he is currently under training.*	Yes
50. Facility maintains appropriate disposal containers for all hazardous waste. [HAZARDOUS DRUGS AS CSPs]	Yes

FACILITY DESIGN AND CERTIFICATION

51. Certification and testing of primary (LAFWs, BSCs, CAIs and CACIs) and secondary engineering controls (buffer and ante areas) have been performed by a qualified individual no less than every six months and whenever the device or room is relocated, altered, or major service to the facility is performed. Corrective action for deficiencies are documented. Certification procedures such as those outlined in the CETA Certification Guide for Sterile Compounding Facilities (CAG-003-2006) are conducted under dynamic conditions. [ENVIRONMENTAL QUALITY AND CONTROL : Environmental Nonviable Particle Testing Program] *MTA certification Feb 15, 2022, Aug 9, 2021* *MTA Feb 2, 2021 and Aug 13, 2020 for positive pressure cleanroom,* *SEC's: Ante room ISO 8, IV buffer room ISO 7, PEC's: Air Clean Systems HLF-1432 AC6000HLF-1432 ISO 5* *Pass-through #2 ISO 8 (anteroom to non-HD buffer room), Buffer room pass through (ISO 7) Sink (ISO 8)* *HD cleanroom* *HD SEC's: ISO 7 anteroom, negative pressure IV buffer room certified as ISO 7* *HD PEC: Esco Class II A2 BSC-142292 SN 2019-142292 certified as ISO 5* *HD room has a built in Lyophilizer SP Scientific model ADP-C2-S2EL-EVA-X SN 325488 (certified as ISO 5 in Feb 2022)* *Ante room Pass through certified as ISO 7*	Yes
52. Primary engineering controls provide unidirectional (i.e., laminar) HEPA filtered air. Air pattern analysis via smoke studies are conducted at the critical site to demonstrate unidirectional airflow and sweeping action over and away from the product under dynamic conditions.[ENVIRONMENTAL QUALITY AND CONTROL : Facility Design and Environmental Controls] *Smoke studies performed in the BSC with the lyophilizer attached to the right of the hood under dynamic operational conditions but lacking a demonstration showing completely covered skin as partially stoppered vials inside BSC are transferred to the lyophilizer in the contiguous ISO 5 environment in the HD room.*	Yes
53. The primary engineering controls are placed within a buffer area in such a manner as to avoid conditions that could adversely affect their operation. The PEC is placed out of the traffic flow and in a manner to avoid disruption from the HVAC system and room cross drafts. [ENVIRONMENTAL QUALITY AND CONTROL : Facility Design and Environmental Controls]	Yes
54. All HEPA filters are leak tested after installation and every six months thereafter. [ENVIRONMENTAL QUALITY AND CONTROL : Facility Design and Environmental Controls] *Feb 15, 2022-Hepa Filter #1 and #2 in ante room, Hepa filter #1 for non-HD room with no leaks, HD cleanroom with 1 ante room Hepa filter and 1 IV room* *hepa filter without leaks. PEC Hepa filters also demonstrated no leaks*	Yes

ISOLATORS

55. CAIs are proven to maintain ISO Class 5 air when particle counts are sampled 6 to 12 inches upstream of critical site exposure areas during performance of normal inward and outward transfer of materials, and compounding manipulations when such CAIs are located in air quality worse than ISO Class 7. [ENVIRONMENTAL QUALITY AND CONTROL : Placement of Primary Engineering Controls Within ISO Class 7 Buffer Areas]	
56. Adequate recovery time for isolators to achieve ISO Class 5 air quality is allowed after material transfer before and during compounding operations. [ENVIRONMENTAL QUALITY AND CONTROL : Placement of Primary Engineering Controls Within ISO Class 7 Buffer Areas]	
57. Personnel garbing requirements are followed for CAIs unless manufacturer provides written documentation based on validated testing that any components of PPE are not required to maintain sterility of CSPs. [ENVIRONMENTAL QUALITY AND CONTROL : Personnel Cleansing and Garbing]	

FACILITY DESIGN AND CERTIFICATION (Secondary Engineering Controls)

58. Facility has pressure gauges or velocity meters to monitor the pressure differential or airflow between the buffer area and ante-area, and the ante-area and the general environment outside the compounding area. The results are reviewed and documented on a log at least daily or by a continuous recording device. The pressures differentials meet or exceed 5 Pa (0.02 inch water column (w.c.)). Alternatively, in facilities where low- and medium-risk level CSPs are prepared, differential airflow is maintained at a minimum velocity of 0.2 meter/second (40 fpm) across a line of demarcation between buffer area and ante-area. [ENVIRONMENTAL QUALITY AND CONTROL : Pressure Differential Monitoring]	Yes
59. Clean rooms for nonhazardous and nonradioactive CSPs are supplied with HEPA filtered air that enters from ceilings with return vents low on walls, and that provides not less than 30 air changes per hour or qualifies for exception in 64B16-27.797(4)(c). [ENVIRONMENTAL QUALITY AND CONTROL : Facility Design and Environmental Controls] *IV Buffer room ACPH documented as 51 from Feb 15, 2022.*	Yes
60. Activities and tasks carried out within the buffer area are limited to only those necessary when working within a controlled environment. [ENVIRONMENTAL QUALITY AND CONTROL : Facility Design and Environmental Controls]	Yes
61. Only the furniture, equipment, supplies, and other material required for the compounding activities to be performed are brought into the buffer room. [ENVIRONMENTAL QUALITY AND CONTROL : Facility Design and Environmental Controls]	Yes
62. Surfaces and essential furniture in buffer rooms or zones and clean rooms are nonporous, smooth, non-shedding, impermeable, cleanable, and resistant to disinfectants. [ENVIRONMENTAL QUALITY AND CONTROL : Facility Design and Environmental Controls] *Peridox applied in pass through of non-HD IV room did not remove stain or residue in the center of the pass-through, some screws still noted to be discolored and rusted on rivets/threshold in between the ante area and buffer room. The rusty nail was fixed during the inspection as well as threshold cleaner. There is a cart with slightly rusted legs visible and somewhat comes off when wiped off. Cleanroom has ledges in this modular unit-ledges are not recommended by USP.*	No

INV797-Sterile Compounding

Insp # 178092 POPE SHENOUDA LLC File # 22731

63. The surfaces of ceilings, walls, floors, fixtures, shelving, counters, and cabinets in the buffer area are smooth, impervious, free from cracks and crevices, and non-shedding, thereby promoting cleanability, and minimizing spaces in which microorganisms and other contaminants may accumulate. [ENVIRONMENTAL QUALITY AND CONTROL : Facility Design and Environmental Controls]	Yes
64. Ceiling tiles are caulked around each perimeter and to walls to seal them to the support frame. The exterior lens surface of ceiling lighting fixtures is smooth, mounted flush, and sealed. All other penetrations through the ceiling or walls are sealed. [ENVIRONMENTAL QUALITY AND CONTROL : Facility Design and Environmental Controls] *Ceiling tiles sealed and caulked*	Yes
65. The buffer area does not contain sources of water (sinks) or floor drains. Work surfaces are constructed of smooth, impervious materials, such as stainless steel or molded plastic, so that they are easily cleaned and disinfected. [ENVIRONMENTAL QUALITY AND CONTROL : Facility Design and Environmental Controls]	Yes
66. Storage shelving, counters, cabinets and carts/casters in the buffer area are smooth, impervious, free from cracks and crevices, non-shedding, non-porous, cleanable, and disinfectable. [ENVIRONMENTAL QUALITY AND CONTROL : Facility Design and Environmental Controls]	Yes
67. When devices (e.g., computers and printers) and objects (e.g., carts and cabinets) are placed in buffer areas, air quality is verified by particle counts on certification. [ENVIRONMENTAL QUALITY AND CONTROL : ISO Class 5 Air Sources, Buffer Areas, and Ante-Areas] *Repeater pump placed outside the hood.*	Yes

QUALITY AND CONTROL

68. An appropriate environmental sampling plan has been developed for airborne viable particles based on a risk assessment of compounding activities performed. Volumetric air sampling is conducted every six months and sites include locations within each ISO Class 5 environment and in the ISO Class 7 and 8 areas, and the areas at greatest risk of contamination (e.g., work areas near the ISO Class 5 environment, counters near doors, pass-through boxes). The plan includes sample locations, method of collection, frequency of sampling, volume of air sampled, and time of day as related to activity in the compounding area and action levels. [ENVIRONMENTAL QUALITY AND CONTROL : Environmental Viable Airborne Particle Testing Program—Sampling Plan] *VAS conducted by MTA Feb 15, 2022, Aug 9, 2021.*	Yes
69. Evaluation of airborne microorganisms using volumetric collection methods in the controlled air environments is performed by properly trained individuals for all compounding risk levels. [ENVIRONMENTAL QUALITY AND CONTROL : Viable Air Sampling] *Feb 15, 2022*	Yes
70. Volumetric air sampling using malt extract agar (MEA) or some other media that supports the growth of fungi is used in high-risk level compounding environments. [ENVIRONMENTAL QUALITY AND CONTROL : Growth Media]	Yes
71. For low-risk level CSPs with 12-hour or less BUD, air sampling is performed at locations inside the ISO Class 5 environment and other areas that are in close proximity to the ISO class 5 environment. [ENVIRONMENTAL QUALITY AND CONTROL : Viable Air Sampling]	N/A
72. The number of discrete colonies of microorganisms is counted and reported as colony-forming units (cfu) and documented on an environmental monitoring form. Counts from air monitoring are transformed into cfu/cubic meter of air and evaluated for adverse trends. [ENVIRONMENTAL QUALITY AND CONTROL : Incubation Period] *Trended by MTA for air and surface samples every 6 months*	Yes
73. Surface sampling is accomplished in all ISO classified areas on a periodic basis using TSA contact plates with lecithin and polysorbate 80 and/or swabs and is done at the conclusion of compounding. [ENVIRONMENTAL QUALITY AND CONTROL : Surface Cleaning and Disinfection Sampling and Assessment] *Pharmacy does monthly surface sampling.*	Yes
74. Sampling data is collected and reviewed on a periodic basis as a means of evaluating the overall state of control of the compounding environment. [ENVIRONMENTAL QUALITY AND CONTROL : Action Levels, Documentation and Data Evaluation] *Policy on surface sampling states 1st choice to conduct ss with every single compound.*	Yes
75. Competent microbiology personnel are consulted if an environmental sampling consistently shows elevated levels of microbial growth. If any mold, yeast, coagulase positive staphylococcus, or gram negative rods are detected immediate remediation and investigation into the cause and source was conducted. [ENVIRONMENTAL QUALITY AND CONTROL : Action Levels, Documentation and Data Evaluation]	N/A
76. Surfaces in the LAFWs, BSCs, CAIs, and CACIs are cleaned and disinfected frequently, including at the beginning of each work shift, before each batch preparation is started, every 30 minutes during continuous compounding periods of individual CSPs, when there are spills, and when surface contamination is known or suspected from procedural breaches. [ENVIRONMENTAL QUALITY AND CONTROL : Cleaning and Disinfecting the Sterile Compounding Areas]	Yes
77. Cleaning and disinfecting occurs before compounding is performed. Items are removed from all areas to be cleaned, and surfaces are cleaned by removing loose material and residue from spills, e.g., water-soluble solid residues are removed with Sterile Water and low-shedding wipes. This shall be followed by wiping with a residue-free disinfecting agent, such as sterile 70% IPA, which is allowed to dry before compounding begins. [ENVIRONMENTAL QUALITY AND CONTROL : Cleaning and Disinfecting the Sterile Compounding Areas]	Yes
78. Cleaning and disinfecting agents and methods of application are in accordance with written SOPs and followed by custodial and/or compounding personnel. [ENVIRONMENTAL QUALITY AND CONTROL : Cleaning and Disinfecting the Sterile Compounding Areas] *Daily cleaning log reviewed -demonstrates Hyp-chlor followed by Peridox RTU and SIPA, however documents show hypochlor is used, but none in cleanroom, Decon spore used. Each PEC is listed and Lyophilizer listed. Cleaning documentation -procedure does not match policy.*	No
79. Cleaning materials, such as wipes, sponges, and mops, are non-shedding, preferably composed of synthetic micro fibers, and dedicated to use in the buffer area, ante-area, and segregated compounding areas and are not removed from these areas except for disposal. If cleaning materials are reused (e.g., mops), there are procedures based on manufacturer recommendations that ensure that the effectiveness of the cleaning device is maintained and repeated use does not add to the bioburden of the area being cleaned. [ENVIRONMENTAL QUALITY AND CONTROL : Cleaning and Disinfecting the Sterile Compounding Areas] *Mop covers from Contec and foam are sterilized using the autoclave*	Yes
80. Supplies and equipment removed from shipping cartons are wiped with a suitable disinfecting agent (e.g., sterile 70% IPA). [ENVIRONMENTAL QUALITY AND CONTROL : Cleaning and Disinfecting the Sterile Compounding Areas]	Yes
81. Disinfectant sprayed or wiped on a surface to be disinfected is allowed to dry, and during this time the item is not be used for compounding purposes. [ENVIRONMENTAL QUALITY AND CONTROL : Cleaning and Disinfecting the Sterile Compounding Areas]	Yes
82. Sterile 70% IPA pads are used to disinfect the sterile entry points of packages and devices. Wetted gauze pads or other particle-generating material are not appropriate. [ENVIRONMENTAL QUALITY AND CONTROL : Cleaning and Disinfecting the Sterile Compounding Areas]	Yes

QUALITY AND CONTROL (Secondary Engineering Controls)

83. Work surfaces in ISO Class 7 and 8 areas and segregated compounding areas are cleaned at least daily. IPA (70% isopropyl alcohol) remains on surfaces to be disinfected for at least 30 seconds before such surfaces are used to prepare CSPs. [ENVIRONMENTAL QUALITY AND CONTROL : Cleaning and Disinfecting the Sterile Compounding Areas]	Yes
84. Floors in ISO Class 7 and 8 areas are mopped daily by trained personnel at a time when no aseptic operations are in progress using approved agents and procedures described in written SOP's. [ENVIRONMENTAL QUALITY AND CONTROL : Cleaning and Disinfecting the Sterile Compounding Areas]	Yes

INV797-Sterile Compounding

Insp # 178092 | POPE SHENOUDA LLC | File # 22731

85. Shelving, walls, and ceilings in ante-areas and buffer areas are cleaned and disinfected at least monthly. [ENVIRONMENTAL QUALITY AND CONTROL : Cleaning and Disinfecting the Sterile Compounding Areas] *For months of Feb, used Peridox and SIPA, however, only documented a disinfecting agent for monthly cleaning using Decon-Ahol and IPA*	No

PERSONNEL CLEANSING, GARBING & COMPETENCY EVALUATION

86. Personnel preparing CSP's are free from rashes, sunburn, weeping sores, conjunctivitis, and active respiratory infections. [ENVIRONMENTAL QUALITY AND CONTROL : Personnel Cleansing and Garbing]	Yes
87. Compounding personnel remove personal outer garments; cosmetics; artificial nails; hand, wrist, and body jewelry that can interfere with the fit of gowns and gloves; and visible body piercing above the neck. [ENVIRONMENTAL QUALITY AND CONTROL : Personnel Cleansing and Garbing]	Yes
88. Facility has adequate supplies to meet PPE requirements of USP<797>. [ENVIRONMENTAL QUALITY AND CONTROL : Personnel Cleansing and Garbing]	Yes
89. Garbing and hand hygiene are accomplished in the ante-area in order of dirtiest to cleanest: shoes or shoe covers, head and facial hair covers, face mask, fingernail cleansing, hand and forearm washing and drying; non-shedding gown. [ENVIRONMENTAL QUALITY AND CONTROL : Personnel Cleansing and Garbing] *Nail cleansers inside sealed brush/sponge kit*	Yes
90. Sterile gloves are donned in the buffer room/isolator after hand cleansing with an alcohol-based product with persistent activity and hands are allowed to dry. [ENVIRONMENTAL QUALITY AND CONTROL : Personnel Cleansing and Garbing] *Non HD cleanroom-Purell Waterless Surgical Scrub, HD cleanroom: Avagard donned prior to donning sterile gloves.*	Yes
91. Gloves are routinely disinfected with sterile 70% IPA after contacting nonsterile objects. [ENVIRONMENTAL QUALITY AND CONTROL : Personnel Cleansing and Garbing]	Yes
92. Personnel repeat garbing and hand hygiene after they are exposed to direct contact contamination or worse than ISO Class 8 air. Gowns may be hung in the anteroom and reused during the same workshift. [ENVIRONMENTAL QUALITY AND CONTROL : Personnel Cleansing and Garbing]	N/A
93. Low/Medium Risk media-fill tests that closely simulate the most challenging or stressful conditions encountered during compounding are completed at least annually by compounding personnel. Media-filled vials are appropriately incubated for 14 days. [CSP MICROBIAL CONTAMINATION RISK LEVELS : Medium-Risk Level CSPs]	N/A
94. High Risk Media-fill tests that closely simulate the most challenging or stressful conditions encountered during compounding have been completed at least semiannually by compounding personnel. Media-filled vials are appropriately incubated for 14 days. [CSP MICROBIAL CONTAMINATION RISK LEVELS : High-Risk Level CSPs] *JB completed media fill 4/20/22 (still incubating) representing HD lyo. Inspector noted 179 media fill vials lying on the shelf in the back room incubating all 14 days at 20-25 degrees -pharmacy has these temps documented-these represent the batch for the compounding pharmacist JB who is new to the role.* *DH completed media fill 2-2-22 and 300 vials of 10ml and 8/13/21 simulating HD compounding, MH completed media fill for sterile non -HD 300 vials of 10ml, GH completed media fill simulating aqueous solutions 4/5/2022 (qty 155 vials 10ml representing non-HD Oct 8, 2021, MS completed media fill 4-22-22 and 10/15/21.*	Yes
95. Documentation indicates compounding personnel have successfully completed didactic training, passed written competency assessments, undergone skill assessment using observational audit tools (hand hygiene, garbing, aseptic technique) and media-fill testing annually or semiannually (high risk) and before any compounding personnel begin to prepare CSPs . [ENVIRONMENTAL QUALITY AND CONTROL : Personnel Training and Competency Evaluation of Garbing, Aseptic Work Practices and Cleaning/Disinfection Procedures] *Documents of observational assessments for hand hygiene and garbing do not assess process for specific donning of coveralls to completely cover all exposed skin during lyophilization process.* *Documentation of written and didactic assessments available from Critical Point.*	No
96. Compounding personnel who fail written tests, observational audits, or whose media-fill test vials have one or more units showing visible microbial contamination, are reinstructed and re-evaluated by expert compounding personnel to ensure correction of all aseptic work practice deficiencies. Corrective action is documented. Compounding personnel pass all evaluations prior to resuming compounding of sterile preparations. [ENVIRONMENTAL QUALITY AND CONTROL : Personnel Training and Competency Evaluation of Garbing, Aseptic Work Practices and Cleaning/Disinfection Procedures]	Yes
97. Other cleaning personnel performing cleaning and disinfecting procedures (e.g. environmental) are thoroughly trained in proper hand hygiene, and garbing, cleaning, and disinfection procedures by a qualified aseptic compounding expert. [ENVIRONMENTAL QUALITY AND CONTROL : Personnel Training and Competency Evaluation of Garbing, Aseptic Work Practices and Cleaning/Disinfection Procedures]	N/A
98. Compounding personnel and other personnel responsible for cleaning routinely undergo performance evaluation of proper hand hygiene, garbing, and all applicable cleaning and disinfecting procedures conducted by a qualified aseptic compounding expert. Visual observation of hand hygiene, garbing and cleaning is documented and maintained to provide a permanent record and long-term assessment of personnel competency. [ENVIRONMENTAL QUALITY AND CONTROL : Personnel Training and Competency Evaluation of Garbing, Aseptic Work Practices and Cleaning/Disinfection Procedures]	Yes
99. Immediataly after the compounder completes the hand hygiene and garbing procedure, the evaluator collects a gloved fingertip and thumb sample from both hands of the compounder onto appropriate agar plates. The plates are incubated at 30-35° for 2–3 days. All compounding personnel have successfully completed an initial competency evaluation and gloved fingertip/thumb sampling procedure (0 cfu) no less than three times before initially being allowed to compound CSPs for human use. [ENVIRONMENTAL QUALITY AND CONTROL : Gloved Fingertip Sampling] *Temps for MEA plates not properly documented for RPT MH-these indicate they are incubated at 30-33 degrees C on test date of 11-3-21. It is not documented the plates used for GFS have L&T.*	No
100. Re-evaluation of glove fingertip testing onto appropriate agar plates (Trypticase soy agar (TSA) with lecithin and polysorbate 80) for all compounding personnel occurs at least annually for low- and medium-risk level CSPs and semiannually for high-risk level CSPs before being allowed to continue compounding CSPs. Gloves shall not be disinfected with sterile 70% IPA prior to testing. The cfu action level is based on the total number of cfu on both gloves and not per hand. [ENVIRONMENTAL QUALITY AND CONTROL : Gloved Fingertip Sampling] *See comments in #99.*	No

VERIFICATION

101. Labels of CSPs contain name and address of pharmacy, correct names and amounts or concentrations of ingredients, total volumes, beyond-use dates, storage conditions, and route(s) of administration. [FINISHED PREPARATION RELEASE CHECKS AND TESTS : Identity and Strength Verification of Ingredients] *Labels do not contain Benzyl Benzoate preservative lot 04132022@15 on the label, also noted on Lipo C lot 03112022@16 Benzyl Alcohol not listed as a preservative.* *Several vials such as Myers Cocktail do not contain the Federal Legend, specifically lot 04252022@5 or Magnesium Chloride/Taurine compound lot 03232022@19. These vials were noted to have black and white labels.*	No
102. Facility has documentation that procedures have been followed to ensure sterility, purity, correct identities and amounts of ingredients, and stability. [FINISHED PREPARATION RELEASE CHECKS AND TESTS : Inspection of Solution Dosage Forms and Review of Compounding Procedures]	Yes
103. CSP's are visually inspected for abnormal particulate matter and color, and intact containers and seals. [FINISHED PREPARATION RELEASE CHECKS AND TESTS : Inspection of Solution Dosage Forms and Review of Compounding Procedures]	Yes
104. Beyond Use Dates are assigned using direct stability-indicating assays or authoritative literature that supports the assigned BUD. [STORAGE AND BEYOND-USE DATING : Determining Beyond-Use Dates]	Yes

INV797-Sterile Compounding

Insp # 178092 POPE SHENOUDA LLC File # 22731

105. Storage time of assembled bag and vial systems are according to the manufacturer recommendations. (eg Minibag plus, Addvantage, Add-ease) [STORAGE AND BEYOND-USE DATING : Proprietary Bag and Vial Systems]	N/A

DISPENSING/DISTRIBUTION

106. Facility has written procedures for proper packaging, storage, and transportation conditions to maintain sterility, quality, purity, and strength of CSPs. [MAINTAINING STERILITY, PURITY, AND STABILITY OF DISPENSED AND DISTRIBUTED CSPs :]	Yes
107. Modes of transport are used that maintain appropriate temperatures and prevent damage to CSPs. [MAINTAINING STERILITY, PURITY, AND STABILITY OF DISPENSED AND DISTRIBUTED CSPs : Packaging and Transporting CSPs]	Yes
108. Facility provides a multiple component formal training program to ensure patients and caregivers understand the proper storage, handling, use, and disposal of CSPs. [PATIENT OR CAREGIVER TRAINING] *Lyophilized peptides do not have any drug information provided to the patient.*	No

POLICY/PROCEDURE

109. Written procedures detail cleaning and disinfecting the sterile compounding areas including cleansers, disinfectants, and non-shedding wipe and mop materials. [ENVIRONMENTAL QUALITY AND CONTROL : Cleaning and Disinfecting the Sterile Compounding Areas] *Reviewed SOP 304.7*	Yes
110. A written procedure is in place for cleaning and disinfecting the Direct Compounding Areas. [ENVIRONMENTAL QUALITY AND CONTROL : Cleaning and Disinfecting the Sterile Compounding Areas]	Yes
111. Facility has written procedures to verify correct identity, quality, amounts, and purities of ingredients used in CSPs. [FINISHED PREPARATION RELEASE CHECKS AND TESTS : Identity and Strength Verification of Ingredients]	Yes
112. Policies address packaging to maintain physical integrity, sterility, stability, and purity of CSPs. [MAINTAINING STERILITY, PURITY, AND STABILITY OF DISPENSED AND DISTRIBUTED CSPs : Packaging and Transporting CSPs]	Yes
113. Written standard procedures describe means for patients to ask questions and report concerns and adverse events with CSPs, and for compounding pharmacists to correct and prevent future problems. [PATIENT MONITORING AND ADVERSE EVENTS REPORTING] *Documented on a QRE form*	Yes

RADIOPHARMACEUTICALS

114. Facility has appropriate primary engineering controls and radioactivity containment and shielding. Location of primary engineering controls permitted in ISO Class 8 controlled environment. [RADIOPHARMACEUTICALS AS CSPs]	
115. Radiopharmaceuticals prepared as low-risk level CSPs with 12-hour or less BUD are prepared in a segregated compounding area. Segregated compounding area is designated with a line of demarcation. [RADIOPHARMACEUTICALS AS CSPs]	
116. Technetium-99m/Molybdenum-99 generators are eluted in ISO Class 8 conditions. [RADIOPHARMACEUTICALS AS CSPs]	

MISCELLANEOUS

117. Facility engaged in office use sterile compounding for human use is registered with FDA as an outsourcing facility. [FAC 64B16-27.700 (3)(g] *Pharmacy has Titan Medical (name of clinic) on top left of label vials of Hercules injection compound lot 02182022@21 stored at room temperature, vials were observed in the quarantine area-LG21820 Life File records demonstrate not dispensed. Batch record reviewed demonstrates 23 vials compounded.*	No
118. Compounding records are properly maintained. [FAC 64B16-28.140(4)] *Compounding records reviewed for Ipamorelin/Sermorelin PF 15mg/15mg Inj lot 01262022@15 shows hood as LFH1, however the drug was compounded in the BSC where the lyophilizer is attached, Bremlanotide PF 20mg Inj lot 03142022@15, batch record shows it was compounded in LFH1, however this drug was compounded in the BSC where the lyophilizer is attached. Documented theoretical yield is missing for Amino Acid #1 lot 04132022@15 -2250ml was the intended batch yield, actual yield was documented as 74 vials volume of 30ml,*	No
119. When compounding activities require the manipulation of a patient's blood-derived or other biological material, the manipulations are clearly separated from routine material-handling procedures and equipment used in CSP preparation activities, and they are controlled by specific standard operating procedures in order to avoid any cross-contamination. [ENVIRONMENTAL QUALITY AND CONTROL : Placement of Primary Engineering Controls Within ISO Class 7 Buffer Areas]	N/A

SPECIAL PARENTERAL ENTERAL & EXTENDED SCOPE

120. Pharmacy technicians properly identified and supervised. [64B16-27.420, F.A.C.]	
121. Medication properly labeled. [465.0255, F.S.] [64B16-28.108, F.A.C.]	
122. Expired medications removed from the shelves. [64B16-28.110, F.A.C.]	
123. CQI Policy and Procedures and quarterly meetings. [766.101, F.S.] [64B16-27.300, F.A.C.]	
124. Prescriptions have the date dispensed and dispensing pharmacists. [893.04(1)(c) 6, F.S.] [64B16-28.140(3)(b), F.A.C.]	
125. Pharmacy maintains patient profile records. [64B16-27.800, F.A.C.]	
126. All controlled substance prescriptions contain information required. [893.04, F.S.]	
127. Prescriptions for controlled substances are on counterfeit-proof prescription pads or blanks purchased from a Department-approved vendor and the quantity and date meet the requirements of [456.42(2), F.S.].	
128. Controlled substance inventory taken on a biennial basis and available for inspection. [893.07(1)(a), F.S.]	
129. DEA 222 order forms properly completed. [893.07, F.S.]	
130. Controlled substance records and Rx information in computer system is retrievable. [21CFR 1306.22] [64B16-28.140, F.A.C.]	
131. Controlled substance records maintained for 4 years. [465.022(12)(b), F.S.]	
132. Certified daily log OR printout maintained. [21CFR 1306.22(b)(3)] [64B16-28.140(3)(b), F.A.C.]	
133. Pharmacy is reporting to the PDMP within 24 hours of dispensing controlled substance. [893.055(4), F.S.]	
134. Pharmacy maintains invoices documenting that medicinal drugs were obtained from a Florida licensed distributor. 499.005 (14)	

LYOPHILIZATION

INV797-Sterile Compounding

Insp # 178092 | POPE SHENOUDA LLC | File # 22731

135. Sterile products prepared for lyophilization are maintained in ISO 5 unidirectional laminar flow air throughout sterilization, filling and transport to the lyophilizer. [64B16-27.797(5) F.A.C.]	Yes
136. A recorded smoke study is available and demonstrates that transport from the PEC to the lyophilizer is accomplished in ISO 5 laminar flow air at all times. [64B16-27.797(5) F.A.C.] *available for Feb 2022-performed by MTA*	Yes
137.The pharmacy has established and follows policies and procedures for the high-level disinfection of the lyophilizer chamber, piping, and all other areas of the unit which pose a potential risk for contamination of the product. [64B16-27.797(5) F.A.C.] *Contact time not adhered to based on study from Pharmetric*	No
138. The pharmacy validated the high-level disinfection procedure initially, and after changes to the cleaning process or agents. Documentation of studies is available for inspection. [64B16-27.797(5) F.A.C.] *Performed by Pharmetric on stainless steel; borosilicate glass (door) of the lyophilizer on Aug 17, 2020 : Cleaning agents documented are Peridox (contact time studied 10 mins), Decon-Phene 10 mins, SIPA 10 mins.*	Yes
139. Validation studies for high level disinfection are performed with the 5-aerobic bacterial and fungal ATCC organisms referenced in USP<71> are conducted by an external vendor unless the firm has an internal laboratory capable of performing the studies. An internal laboratory is separate from the compounding and work areas of the pharmacy to prevent contamination in the pharmacy. [64B16-27.797(5) F.A.C.] *Pharmetric conducted an evaluation on the stainless steel and borosilicate glass of the SP Scientific Lyophilizer SN SN 325488. attached to Esco HD vertical flow Class II A2 BSC on Aug 17, 2020*	Yes
140. Policies and procedures are established and followed for cleaning the lyophilizer prior to disinfection and include cleaning agents and schedules. Documentation of cleaning is maintained and available for inspection. [64B16-27.797(5) F.A.C.] *Procedures for use of Cleaning agents for the lyophilizer and dwell times used are not according the study done by Pharmetric lab on Aug 17, 2020 which documents a dwell time of 10 mins for Peridox and Decon Phene as well as SIPA. Infact only Hypo Chlor listed on cleaning log which has not been studied, Peridox and SIPA (no dwell times specified)* *The pharmacy has a cleaning document "Daily Cleaning Log for Controlled Sterile Compounding Environments & Adjacent Areas" which has documented daily cleaning stating "Lyophilize (if no compound inside)", and reviewed "Maintenance and check the Lyophilizer" which has documented on production days March 2022 as "Weekly Inside the ISO 5" activity of cleaning Gaskets, Trays and shelves, Door and the handle", however this latter document only states "Wipe the lyo with SIPA" for outside the lyp.*	No
141. Policies and procedures are established for the maintenance of the lyophilizer and at a minimum include the manufacturers recommendations. [64B16-27.797(5) F.A.C.] *Pharmacy provided Intrutech Vacuum Geuge Celibration Certificate dated 10/6/21, Air Eze Scientific services did preventative maintenance for SP Scientific Freeze Dryer on 4-5-21.*	Yes
142. The maintenance schedule includes provisions for periodic testing of the chamber for leaks and all other recommended procedures described by the equipment manufacturer. Documentation of routine maintenance is available for inspection. [64B16-27.797(5) F.A.C.] *Testing for chamber leaks occurs monthly and is documented.*	Yes
143.SOPs and quality assurance program established to include validation of the filling process, container closure integrity, frequent monitoring of fill volumes, identification of over fills and underfills, assessment of personnel involved in compounding for lyophilization, equipment qualification, formula verification, and evaluation of finished product for conformance to specifications. [64B16-27.797(5) F.A.C.]	Yes
144. The pharmacy has provisions for sterilizing, with filters, the inert gas or air used for backfilling during the vacuum release phase. These Sterilizing filters undergo the manufacturers recommended integrity test. [64B16-27.797(5) F.A.C.] *Documented on the batch record for lyophilized compounds.*	Yes
145. Media fills are conducted every six months using the maximum batch size and demonstrate the filling, transport to the lyophilizer, loading and stoppering operations. Media is NOT frozen during the media fill operation. [64B16-27.797(5) F.A.C.] *Media fills are approximately the representative batch size for compounded peptides.*	Yes
146. Personnel preparing sterile compounds for lyophilization wear sterile Personal Protective Equipment that covers all exposed skin.[64B16-27.797(5) F.A.C.]	Yes
147. Glove Fingertip Sampling is performed with every batch after fill and transport into the lyophilizer on all personnel compounding for lyophilization. The results are incorporated into the batch record. [64B16-27.797(5) F.A.C.] *Documented on batch record for all Peptides, specifically noted to be TSA+ and MEA+ but does not specify L&T for compound Ipamorelin/Sermorelin PF 15mg/15mg Inj lot 01262022@15, compounding technician was DH. SOP 613 "Cleaning and maintenance of a SP Scientific Lyophilizer" does not specify the TSA plates for surface sampling.-see line 15. Observed correct TSA with L&T and MEA with L&T plates in refrigerator. Incubation temps are incorrect for MEA plates used-stated to be 30-33 degrees C.*	No
148. In-process acceptance criteria such as color, moisture limits and visual appearance are established for each lyophilized product.[64B16-27.797(5) F.A.C.] *Inspector identified vials of lyophilized compound which appear to be product ejection, specifically BPC-157 Acetate lot 01102022@16. This may impact product quality attributes. Other CSP's noted to have this visual defect: Semaglutide 5mg inj (not released).* *In process criteria for rejection of different cake quality such as color, moisture, cake appearance not fully established to allow the inspector of the cake to reject or accept the end product.*	No
149. A 100% visual examination of the finished product is conducted to determine that the product conforms to the established visual criteria and is incorporated into the batch record. [64B16-27.797(5) F.A.C.] *See note above in #148- rejection criteria not established for some vials in this lot and has been released to patient.*	No
150. Finished product testing is conducted on all batches. Procedures have been established for selecting test samples from the batch and are written and followed. Such procedures may include location of vials in the lyophilizer and positions in the fill line. [64B16-27.797(5) F.A.C.] *On each batch record but not in SOP 613*	Yes
151. Finished product testing includes sterility testing using a USP<71> method unless an alternative test method has been validated and shown to be equivalent or better. Diluents used to reconstitute the sample vials for testing are preservative free. [64B16-27.797(5) F.A.C.]	Yes
152. Each batch of lyophilized product with a beyond use date that falls within the USP<797> guidelines and is not tested for sterility, has viable air and surface sampling that is collected in critical areas of ISO 5 locations as well as sampling of the gloves and sleeves of personnel documented in the batch record. [64B16-27.797(5) F.A.C.]	Yes
153. Every lyophilized product has established endotoxin levels Each batch of lyophilized product is tested for endotoxin in accordance with USP<85> and confirmed to fall within the set limits and documented in the batch record. [64B16-27.797(5) F.A.C.]	Yes
154. Potency, radiochemical purity or applicable test to assure label claim is conducted on every batch and documented in the batch record. In lieu of potency testing, weight based verification may occur based on formula verification. Potency testing shall be based on the USP monograph if one is available. [64B16-27.797(5) F.A.C.]	Yes

CORRECTIVE ACTION PLAN

155. A corrective action plan is required to be submitted within 30 days for the non-compliant items listed above.	No

Remarks:

The relail pharmacy inventory is no longer at this location-medicinal drugs are missing and have been moved to Cross pharmacy. According to the PDM, the medicinal drugs were sold to MMG Pharma. The pharmacy compounds non-sterile and sterile compounds at this location.
Inspectors were informed, the pharmacy is not licensed in Texas or California but ships patient specific CSP to the physician clinic who then mails it to the patient. The pharmacy does document decontamination with cleaning agents after each batch.
Inspection conducted with Mina Shenouda, Pharmacy Intern and George Hanna, PDM and Joseph Bishay, pharmacist.
3 computer systems: PK for compounding, Life file (e-prescribed) and Prime (retail which has been discontinued).

RE: State of Florida Department of Health Investigative Services INV797 – Sterile Compounding, File # 22731, Insp # 178902, Date 4/28/2022, Pharmacy Permit 20208

The State of Florida Department of Health Investigative Services, represented by Ms. Mala Cullipher, Completed an inspection on April 28th, 2022. Although no Corrective Action Plan or follow-up was requested by inspector, 1st Choice Compounding Pharmacy submits the following Corrective Actions for deficiencies that were listed on the INV797 – Sterile Compounding:

Item #	Type	Inspection Item	Inspection Notes	Facility Response/Corrective Action/Comments
45	[HAZARDOUS DRUGS AS CSPs]	Hazardous drugs are prepared in an ISO Class 5 environment (BSC or CACI) with protective engineering controls in place, following aseptic practices specified for the appropriate contamination risk levels.	HD's such as Testosterone and Nandrolone compounded in the same BSC where Peptides such as Semaglutide, Sermorelin, Ipamorelin and CJC combinations are compounded. These HD's may pose a risk of contamination to the non-HD peptide where partially stoppered vials are lyophilized over several hours and then removed and crimped in the BSC. The pharmacy is decontaminating the BSC after each batch with Peridox.	The pharmacy, as noted by the inspector, is decontaminating the BSC after each batch using an approved operating procedure and the approved materials including Peridox RTU. Peridox RTU has been demonstrated to be an effective decontaminate when used as directed, thereby eliminating the cross-contamination risk between batches of drugs.
62	[ENVIRONMENTAL QUALITY AND CONTROL: Facility Design and Environmental Controls]	Surfaces and essential furniture in buffer rooms or zones and clean rooms are nonporous, smooth, non-shedding, impermeable, cleanable, and resistant to disinfectants.	Peridox applied in pass through of non-HD IV room did not remove stain or residue in the center of the pass-through, some screws still noted to be discolored and rusted on rivets/threshold in between the ante area and buffer room. The rusty nail was fixed during the inspection as well as threshold cleaner. There is a cart with	All discolored rivets and screws have been coated with an oxidizer and then coated with silicone. The cart legs have also been coated with oxidizer and sealed using enamel paint. All horizontal surfaces required for structural stability and safety meet all requirements of USP, including being non-porous,

1st Choice Pharmacy

			slightly rusted legs visible and somewhat comes off when wiped off. Cleanroom has ledges in this modular unit-ledges are not recommended by USP.	smooth, non-shedding, impermeable, cleanable, and resistant to disinfectants. As noted by inspector, recommendations are not requirements.
78	[ENVIRONMENTAL QUALITY AND CONTROL: Cleaning and Disinfecting the Sterile Compounding Areas]	Cleaning and disinfecting agents and methods of application are in accordance with written SOPs and followed by custodial and/or compounding personnel.	Daily cleaning log reviewed - demonstrates Hyp-chlor followed by Peridox RTU and SIPA, however documents show hypochlor is used, but none in cleanroom, Decon spore used. Each PEC is listed and Lyophilizer listed. Cleaning documentation - procedure does not match policy.	Policy & Procedure (SOP 304.8) has been updated to include only Sterile Water for irrigation, Peridox RTU as cleaning agents, and Sterile IPA as the disinfectant.
85	[ENVIRONMENTAL QUALITY AND CONTROL: Cleaning and Disinfecting the Sterile Compounding Areas]	Shelving, walls, and ceilings in ante-areas and buffer areas are cleaned and disinfected at least monthly.	For months of Feb, used Peridox and SIPA, however, only documented a disinfecting agent for monthly cleaning using Decon-Ahol and IPA	Please see response to #78
95	[ENVIRONMENTAL QUALITY AND CONTROL: Personnel Training and Competency Evaluation of Garbing, Aseptic Work Practices and Cleaning/Disinfection Procedures]	Documentation indicates compounding personnel have successfully completed didactic training, passed written competency assessments, undergone skill assessment using observational audit tools (hand hygiene, garbing, aseptic technique) and media-fill testing annually or semiannually (high risk) and before any compounding personnel begin to prepare CSPs .	Documents of observational assessments for hand hygiene and garbing do not assess process for specific donning of coveralls to completely cover all exposed skin during lyophilization process. Documentation of written and didactic assessments available from Critical Point.	Policy & Procedure SOP F-410.a - Gowning and Gloving has been updated to include measures to minimize the potential to create external contamination when garbing using sterile hoods which cover all exposed skin when using sterile goggles.

1st Choice Pharmacy

99	[ENVIRONMENTAL QUALITY AND CONTROL: Gloved Fingertip Sampling]	Immediately after the compounder completes the hand hygiene and garbing procedure, the evaluator collects a gloved fingertip and thumb sample from both hands of the compounder onto appropriate agar plates. The plates are incubated at 30-35° for 2–3 days. All compounding personnel have successfully completed an initial competency evaluation and gloved fingertip/thumb sampling procedure (0 cfu) no less than three times before initially being allowed to compound CSPs for human use.	Temps for MEA plates not properly documented for RPT MH-these indicate they are incubated at 30-33 degrees C on test date of 11-3-21. It is not documented the plates used for GFS have L&T.	SOP F-202.b has been updated to reflect that all plates used for GFS contain lecithin and polysorbate 80
100	[ENVIRONMENTAL QUALITY AND CONTROL: Gloved Fingertip Sampling]	Re-evaluation of glove fingertip testing onto appropriate agar plates (Trypticase soy agar (TSA) with lecithin and polysorbate 80) for all compounding personnel occurs at least annually for low- and medium-risk level CSPs and semiannually for high-risk level CSPs before being allowed to continue compounding CSPs. Gloves shall not be disinfected with sterile 70% IPA prior to testing. The cfu action level is based on the total number of cfu on	See comments in #99.	Please see the reply for #99.

1st Choice Pharmacy

		both gloves and not per hand.		
101	[FINISHED PREPARATION RELEASE CHECKS AND TESTS: Identity and Strength Verification of Ingredients]	Labels of CSPs contain name and address of pharmacy, correct names and amounts or concentrations of ingredients, total volumes, beyond-use dates, storage conditions, and route(s) of administration.	Labels do not contain Benzyl Benzoate preservative lot 04132022@15 on the label, also noted on Lipo C lot 03112022@16 Benzyl Alcohol not listed as a preservative. Several vials such as Myers Cocktail do not contain the Federal Legend, specifically lot 04252022@5 or Magnesium Chloride/Taurine compound lot 03232022@19. These vials were noted to have black and white labels.	All printed dispensing labels shall be updated to include preservative content, federal legend and shall be printed in color.
108	[PATIENT OR CAREGIVER TRAINING]	Facility provides a multiple component formal training program to ensure patients and caregivers understand the proper storage, handling, use, and disposal of CSPs.	Lyophilized peptides do not have any drug information provided to the patient	Package inserts have been updated for all peptides.
117	[FAC 64B16-27.700 (3)(g]	Facility engaged in office use sterile compounding for human use is registered with FDA as an outsourcing facility.	Pharmacy has Titan Medical (name of clinic) on top left of label vials of Hercules injection compound lot 02182022@21 stored at room temperature; vials were observed in the quarantine area-LG21820 Life File records demonstrate not dispensed. Batch record reviewed demonstrates 23 vials compounded.	All vials quarantined for disposal have been disposed of. No vials dispensed.
118	[FAC 64B16-28.140(4)]	Compounding records are properly maintained.	Compounding records reviewed for Ipamorelin/Sermorelin PF 15mg/15mg Inj lot 01262022@15 shows hood as LFH1, however the drug was compounded in the BSC where	Compounding records have been updated to reflect the correct hood. Batch Amino Acid #1 Lot 04132022@15 batch yield of 74 vials (2220mL) was within the

1st Choice Pharmacy

			the lyophilizer is attached, Bremlanotide PF 20mg Inj lot 03142022@15, batch record shows it was compounded in LFH1, however this drug was compounded in the BSC where the lyophilizer is attached. Documented theoretical yield is missing for Amino Acid #1 lot 04132022@15 -2250ml was the intended batch yield, actual yield was documented as 74 vials volume of 30ml,	tolerance to allow for fluid retention and/or cohesion in tubing, sterilizing filter and beaker.
137	[64B16-27.797(5) F.A.C.]	The pharmacy has established and follows policies and procedures for the high-level disinfection of the lyophilizer chamber, piping, and all other areas of the unit which pose a potential risk for contamination of the product.	Contact time not adhered to based on study from Pharmetric	SOP 613.1updated to correct contact time.
140	[64B16-27.797(5) F.A.C.]	Policies and procedures are established and followed for cleaning the lyophilizer prior to disinfection and include cleaning agents and schedules. Documentation of cleaning is maintained and available for inspection.	Procedures for use of Cleaning agents for the lyophilizer and dwell times used are not according the study done by Pharmetric lab on Aug 17, 2020 which documents a dwell time of 10 mins for Peridox and Decon Phene as well as SIPA. Infact only Hypo Chlor listed on cleaning log which has not been studied, Peridox and SIPA (no dwell times specified) The pharmacy has a cleaning document "Daily Cleaning Log for Controlled Sterile Compounding Environments & Adjacent Areas" which has documented daily cleaning stating "Lyophilize (if no compound inside)", and reviewed "Maintenance and check the Lyophilizer" which has documented on production days March 2022 as "Weekly Inside	Please see reply for #137.

1st Choice Pharmacy

			the ISO 5" activity of cleaning Gaskets, Trays and shelves, Door and the handle", however this latter document only states "Wipe the lyo with SIPA" for outside the lyp.	
147	[64B16-27.797(5) F.A.C.]	Glove Fingertip Sampling is performed with every batch after fill and transport into the lyophilizer on all personnel compounding for lyophilization. The results are incorporated into the batch record.	Documented on batch record for all Peptides, specifically noted to be TSA+ and MEA+ but does not specify L&T for compound Ipamorelin/Sermorelin PF 15mg/15mg Inj lot 01262022@15, compounding technician was DH. SOP 613 "Cleaning and maintenance of a SP Scientific Lyophilizer" does not specify the TSA plates for surface sampling. -see line 15. Observed correct TSA with L&T and MEA with L&T plates in refrigerator. Incubation temps are incorrect for MEA plates used-stated to be 30-33 degrees C.	Please see reply for #99.
148	[64B16-27.797(5) F.A.C.]	In-process acceptance criteria such as color, moisture limits and visual appearance are established for each lyophilized product.	Inspector identified vials of lyophilized compound which appear to be product ejection, specifically BPC-157 Acetate lot 01102022@16. This may impact product quality attributes. Other CSP's noted to have this visual defect: Semaglutide 5mg inj (not released). In process criteria for rejection of different cake quality such as color, moisture, cake appearance not fully established to allow the inspector of the cake to reject or accept the end product	The lyophilized product labeled by the inspector "which appear to be product ejection" are, in fact, not product ejection but are actually just droplets from the fill process which splash and collect on the inner surface of the vial and sublimate. "Visual defects" in this case do NOT affect the product quality attributes based on potency testing and beyond use date testing. SOP 616.1 has been updated to establish criteria for rejection of different cake qualities.
149	[64B16-27.797(5) F.A.C.]	A 100% visual examination of the finished product is conducted to	See note above in #148-rejection criteria not established for some vials in this lot and has been released to patient.	Please see reply for #148.

1st Choice Pharmacy

		determine that the product conforms to the established visual criteria and is incorporated into the batch record.		

If there are any questions or to request additional information, please do not hesitate to contact me.

Respectfully,

George Hanna

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✔
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # _____. Provide all the following *where applicable*:

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		X
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		X
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		X
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		X
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?	X	
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?	X	X
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.	X	
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		X
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		X

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # _____. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
Case #		Governing, licensing, Arresting Presiding Body/Agency/Court		
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity				

Provide explanation below:

1. The Board shall not issue a license to conduct a pharmacy:
   a) To any practitioner; or
   b) To any partnership, corporation, or association in which a practitioner has a controlling interest or owns more than 10 percent of the available stock.
2. This section does not:
   a) Apply to a hospital pharmacy or a health maintenance organization which holds a certificate of authority under chapter 695C of NRS.
   b) Prohibit ownership by a practitioner of a building in which a pharmacy is located, if space for the pharmacy is rented at the prevailing rate.

Section 5: Publicly Traded Corporation

State of Incorporation: _____

Parent Company (if any): _____

Corporation Name: _____

Mailing Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____ Email: _____

Contact Person Name: _____

Date of SEC Registration:	SEC Registration Number:	Stock Exchange Symbol:

Does the number of stockholders/shareholders of the corporation exceed four? NRS 639.231 ☐ Yes ☐ No

Section 6: Non-Publicly Traded Corporation or Company

State of Incorporation/Organization: Arizona

Parent Company (if any): _____

Corporation/Organization Name: Strive Pharmacy LLC

Mailing Address: 1275 E. Baseline Rd ste 104

City: Gilbert State: AZ Zip: 85233

Telephone: 4806264366 Email: mike@strivepharmacy.com

Contact Person Name: Michael Walker

Does the number of stockholders/shareholders of the corporation or members exceed four? NRS 639.231 ☐ Yes ☒ No

Section 7: Partnership

Partnership Name: _____

Mailing Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____ Email: _____

Contact Person Name: _____

Please check type of partnership (NAC 639.214) ☐ General ☐ Limited

Does the number of partners or members of the partnership exceed four? NRS 639.231 ☐ Yes ☐ No

Section 8: Sole Owner

Owner's Name: _____

Business Name: _____

Business Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____ Email: _____

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the President (title) for Strive Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacist engaged in providing pharmacy services into Nevada is licensed by the Nevada State Board of Pharmacy (NRS 639.100).

Sterile Compounding Questionnaire

Rev (08/02/2022)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: Strive Pharmacy

NV Pharmacy or Outsourcing facility license # (if applicable): NA

Physical Address: 1275 E Baseline Rd. ste 104

City: Gilbert State: Arizona Zip: 85233

Mailing Address (if different from physical address): NA

City: NA State: NA Zip: NA

Telephone: 4806264366 Toll Free # (NAC 639.708, NRS 639.23286): 8554055993

Fax: 4806264365 Contact Email: mike@strivepharmacy.com

Website: strivepharmacy.com

Nevada Business License # (if applicable) NA

Supervising/Managing Pharmacist Name (NRS 639.220): Matthew Montes De Oca

Supervising/Managing Pharmacist NV Pharmacist Registration #: 23542

Name of Person with direct knowledge of compounding procedures: Matthew Montes De Oca

Email of Person with direct knowledge of compounding procedures: matt@strivepharmacy.com

Telephone of Person with direct knowledge of compounding procedures: 775-397-5276

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)? ☐ Low ☐ Medium ☑ High
If you marked "High", you must also complete section 4.

2. Will you be performing sterile hazardous drug compounding? ☑ Yes ☐ No
If you marked "Yes", you must also complete section 3.

3. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

Cyclosporine 1% Opthalmic
Tacrolimus 0.03% Opthalmic
Testosterone Cypionate 25 mg/ml and 200 mg/ml MCT Inj
Estradiol Valerate 5 mg/ml Inj
Nandrolone 200 mg/ml Inj

4. Will you be utilizing beyond use dates in excess of USP-797? ☑ Yes ☐ No

5. If yes, describe the additional testing performed on your products to validate the extended BUD:

Any compounds with BUD's in excess of what USP 797 states have gone through a stability study which accesses potency, endotoxin, sterility, vial closure integrity test, pH, Particulate Matter, Method Suitability, and antimicrobial effectiveness.

6. What laboratory performs this additional testing?

Name: ARL Biopharma

Address: 840 Research Pkwy #546

City: Oklahoma City State: Oklahoma Zip: 73104

Telephone: (405) 271-1144

7. What is your procedure for visual inspection of compounded sterile products?

Visual inspection includes looking at vials under a light to check for particulate matter, we also visually verify all weights and drugs used to compound, and look at results of the filter integrity test, and 3rd party test all our products for sterility and endotoxin.

8. How often do you perform glove fingertip and medial fill testing?

We have recently changed our testing to quarterly for compounders. Our current supervisor would be due for his next GFT in November for a 6 month but at that time the USP guidelines change to annual for supervisors. Our policy will change at that time. to annual for supervisors.

9. What is your policy if an employee fails a glove fingertip or media-fill test?

An employee may not begin compounding until all initial competencies are passed. If a continuation competency is failed a compounder will be re-educated and observed to correct any potential reason for the failure.

10. Describe your initial and annual training program for all personnel performing sterile compounding:

Quarterly Garbing competencies, GFT and Media Fills. In addition, we assure all compounding technicians shadow lead sterile technician for proper aseptic and cleaning techniques. This is represented by annual sterile techniques competencies done by direct observation of skills.

11. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

Daily Sporicidal (Peridox) on PEC and equipment inside the PEC, Floors & Work surfaces within the SEC. Washed with 70% IPA

Monthly Sporicidal (Peridox) underneath tray of PECs as well as walls, doors, ceilings, shelves/bins, and any equipment outside the PEC. Wash with 70% IPA.

12. Who performs the sterile compounding process at your facility?

Licensed Pharmacy Technicians

13. Who is responsible and accountable for the sterile compounding process at your facility?

Pharmacist-in-charge (PIC) and designated Pharmacy Managers.

14. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

Packages out of state are mailed next day air with 2 blocks of ice in winter and 3 blocks during the summer. As a new quality measure, this summer we will be executing shipping studies with temperature loggers. Also, we are looking into temp strips for all packages. Our recent stability studies showed that our products maintained potency after being subjected to 130F heat for 5 days.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)

1. What type of primary engineering controls will you be using in your facility?

Currently we have an A2 BSC (externally vented) in our hazardous buffer room and an A2 BSC (not vented as is not used for hazardous materials) and a vertical LAFW in the non-hazardous buffer room.

2. Is your BSC or CACI vented 100% to the outside?	☑ Yes	☐ No
3. Do you have a negative pressure buffer room at your facility?	■ Yes	☐ No
4. Will you be compounding with antineoplastic HDs or HD API?	☑ Yes	☐ No
5. If yes, are the drugs stored in an externally ventilated, negative pressure room?	■ Yes	☐ No
6. Will you be utilizing a closed system transfer device?	☐ Yes	■ No

7. If yes, list the name of the device:

n/a

8. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

Product leaflet goes over storage, handling and disposal of all medications.

9. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

Quarterly Garbing competencies, GFT and Media Fills. In addition, we assure all compounding technicians shadow lead sterile technician for proper aseptic and cleaning techniques. This is represented by annual sterile techniques competencies done by direct observation of skills. Provide additional literature and SDS review of hazardous materials used during compounding.

Section 4: Sterile High Risk Compounding Questions (Complete this section ONLY if you will be performing High Risk Compounding.)

1. List the specific high risk sterile products that your facility compounds:

Testosterone Cypionate 25 mg/ml MCT Inj, Testosterone Cypionate 100 mg/ml MCT Inj, Testosterone Cypionate 200 mg/ml MCT Inj, Estradiol Valerage 5 mg/ml Inj, MIC B12 25/50/50/1 mg/ml Inj, B Complex, SuperMIC, Semaglutide/B12 2/1, 2.5/1, and 5/1 mg/ml Inj, Tirzepatide/B12 10/1 mg/ml Inj, Glutathione 200 mg/ml Inj, Methylcobalamin 1mg/ml, 5mg/ml, and 10 mg/ml Inj, Trimix, Nandrolone 200 mg/ml Inj

2. What sterilization methods are utilized at your facility?

Filter Sterilization

3. Does your facility utilize biological indicators? ☑ Yes ☐ No

4. If yes, describe how they are utilized:

Used for depyrogenation and autoclave cycles.

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)	X	
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		X
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		X
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		X
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		X
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		X
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		X
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		X
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		X
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		X

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Nevada Board of Pharmacy
Attn: Greg Zunino, Senior General Counsel
985 Damonte Ranch Parkway, Suite 206
Reno, NV 89521

RE: Status of Sterile Compounding Questionnaire Submission
Partell Pharmacy Sterile Compounding

Dear Mr. Zunino and Members of the Nevada Board of Pharmacy,

As requested, a Sterile Compounding Questionnaire (SCQ) was tendered to the NVBOP on February 3, 2023. Receipt of said SCQ was confirmed by NVBOP counsel Paul Edwards when directly queried by Jeff Lang, PIC, in early March, 2023. A subsequent tracked follow-up written request for confirmation of receipt of the SCQ was sent and received by the NVBOP on March 6, 2023. (See attached.)

Due to an apparent delay in response by the NVBOP, I am writing to again request an update on the current status of our SCQ submission to the NVBOP. To date, Partell Pharmacy has received neither written updates nor requests for additional pertinent information that may have basis. Please know that Partell Pharmacy's sterile compounding lab has undergone extensive remodel and upgrades and we plan to reopen our sterile product compounding laboratory very soon.

We have been informed by NVBOP staff that "approval" of the SCQ is required before we can engage in sterile product compounding. However, we cannot find any pertinent statutes or regulations which require a separate approval or license for sterile compounding from the NVBOP. Absent any conflict of interest within the NVBOP, we find no regulation or statute that requires a public meeting for discussion, approval, or dissent of our existing pharmacy's sterile product compounding operation given our active Nevada pharmacy license.

Partell Pharmacy employs a highly competent staff, trained and experienced in sterile product compounding. Previous conversations with Board counsel noted that the company would submit a request before resuming sterile product compounding. As the owner, I do not recall making a commitment to notify the Board before restarting sterile product compounding, nor

does current management. PIC Jeff Lang manages the pharmacy and will oversee the sterile product compounding laboratory. Mr. Lang is trained in sterile product compounding. During previous conversations with staff Board, comments were made about the delay in reopening Partell Pharmacy's sterile product compounding laboratory from the time the company's previous PIC was employed. While an explanation is not required by any statute or regulation, we are willing to inform the Board that the delay in reopening the laboratory is related mostly to the previous PIC's unwillingness to train for sterile product compounding. The delay was also impacted by Covid-19, which caused a scarcity of necessary equipment, materials, and contractor services necessary for our desired changes to the lab. The lab is now complete.

Partell Pharmacy takes its obligations as a compounding pharmacy seriously and is committed to operating in full compliance with all applicable Nevada laws and regulations. We believe that we have provided all necessary information to the Board and have taken all necessary steps to ensure the safety and quality of our compounding practices. Furthermore, the original sterile compounding questionnaire was submitted February 3, 2023 and the Board has had ample time to review it and respond.

Finally, we kindly request that Board counsel confirm there is no regulation or statute that gives the Board the right to decline approval of Partell Pharmacy's sterile product compounding operation. We also request that the Board respond to this letter within five days of receipt. We appreciate your attention to this matter and look forward to your prompt response.

Sincerely,

Robert Seik, PharmD – Owner
Partell Pharmacy

Jeff Lang, PharmD

Pharmacy Name: Partell Specialty Pharmacy

NV Pharmacy or Outsourcing facility license # (if applicable): PHN02028

Physical Address: 5835 South Eastern Ave, Suite 101

City: Las Vegas State: NV Zip: 89119

Mailing Address (if different from physical address): _____

City: _____ State: _____ Zip: _____

Telephone: 702-791-3800 Toll Free # (NAC 639.708, NRS 639.23286): 888-490-5534

Fax: 702-791-3630 Contact Email: info@partellpharmacy.com

Website: partellpharmacy.com

Nevada Business License # (if applicable) NV20061661768

Supervising/Managing Pharmacist Name (NRS 639.220): David Whitehouse

Supervising/Managing Pharmacist NV Pharmacist Registration #: 13635

Name of Person with direct knowledge of compounding procedures: David Whitehouse

Email of Person with direct knowledge of compounding procedures: dwhitehouse@partellpharmacy.com

Telephone of Person with direct knowledge of compounding procedures: 702-791-3800

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)? ☑ Low ☑ Medium ☑ High
If you marked "High", you must also complete section 4.

2. Will you be performing sterile hazardous drug compounding? ☑ Yes ☐ No
If you marked "Yes", you must also complete section 3.

3. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

Methylcobalamin
M.I.C
Glutathione
Tri-Mix
Ascorbic Acid
Myer's Cocktail
NAD+
BPC-157
Semaglutide/B6
GHK-Cu
Epithalon
DSIP
PT-141
AOD 9604
TA1
MOTS-C

Tirzepatide

Selank

*****Testosterone (projected for future use based on capabilities)**

4. Will you be utilizing beyond use dates in excess of USP-797? ☐ Yes ☑ No

5. If yes, describe the additional testing performed on your products to validate the extended BUD:
N/A

6. What laboratory performs this additional testing?

Name: N/A

Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____

7. What is your procedure for visual inspection of compounded sterile products?
Please see attached (SOP 06-06.01)

8. How often do you perform glove fingertip and media fill testing?
Initially and every 6 months thereafter.

9. What is your policy if an employee fails a glove fingertip or media-fill test?
Please see attached SOP (03-08C.01)

10. Describe your initial and annual training program for all personnel performing sterile compounding:
Initially - Pharmacists and Techs complete "Achieving Best Practices: Sterile Compounding" 3 day live course presenterd by Medisca and or PCCA 4 day Sterile Comnpounding course.

Annually - Pharmacists and Techs complete a sterile compounding training course (ex. "Compound Sterile Preparations " by ASHP

11. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
Please see attached SOP (02-04.01, and 02-04C.01)

12. Who performs the sterile compounding process at your facility?
Pharmacists: David Whitehouse and Chris Peters
Te\chnician: Keith Bullo

13. Who is responsible and accountable for the sterile compounding process at your facility?
David Whitehouse

14. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
Please see attached SOP (08-10.01)

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? EdgeGARD EG-637A; SteriGARD SG503A-HE Manufacturer: Baker		
2. Is your BSC or CACI vented 100% to the outside?	☑ Yes	☐ No
3. Do you have a negative pressure buffer room at your facility?	☑ Yes	☐ No
4. Will you be compounding with antineoplastic HDs or HD API?	☐ Yes	☑ No
5. If yes, are the drugs stored in an externally ventilated, negative pressure room?	☐ Yes	☑ No
6. Will you be utilizing a closed system transfer device?	☐ Yes	☑ No
7. If yes, list the name of the device:		
8. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers? Pharmacists are required to counsel all new patients on proper use, handling, and disposal of hazardous drugs. An electronic counseling log is maintained on the premises.		
9. Describe your initial process for training new employees prior to compounding sterile hazardous drugs? Pharmacists and Techs attend live training such as "Achieving Best Practices: Sterile Compounding" 3 day live course presenterd by Medisca and or PCCA 4 day Sterile Comnpounding course Each employee must then pass the finger tip test and media fill testing criteria prior to compounding.		

Section 4: Sterile High Risk Compounding Questions (Complete this section ONLY if you will be performing High Risk Compounding.)

1. List the specific high risk sterile products that your facility compounds:
Injections made from non-sterile APIs:

Methocobalamin
M.I.C
Glutathione
Tri-Mix
Ascorb c Acid
Myer's Cocktail
NAD+

2. What sterilization methods are utilized at your facility?
Filter Sterilization

3. Does your fac lity utilize biological indicators? ☐ Yes ☒ No

4. If yes, describe how they are utilized:

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

DAVID WHITEHOUSE
Name of Person who Completed the Form

PHARMACIST IN CHARGE

Las Vegas, NV 89119-3031

06-06.01 07/23 Compounded Sterile Preparation Inspection

Revision History:

I Initiated: 07/23
II Revised:
A

Scope:

I This Policy and Procedure applies to all facility operations.

Policy:

I This procedure will outline the process of visual inspection for both in-process and final check of the Compounded Sterile Preparation (CSP).

Personnel:

I It is the responsibility of the Pharmacist-in-Charge or designee to complete this procedure.

Frequency:

I This procedure will be performed with every CSP.

Equipment / Supplies / References:

I Appropriate lighting
II Lighted white and/or black background

Procedure:

I Visual inspections of compounded sterile preparations shall include but not be limited to:
- A Accuracy of correct identities and amounts of ingredients.
- B Aseptic compounding techniques
- C Sterilization techniques
- D Container integrity
- E Phase separation
- F Appropriate coloring
- G Appropriate volume
- H Container-closure integrity
- I Packaging
- J Labeling
- K Expected physical appearance.

II Where possible, while swirling, the end product shall be inspected against lighted white or black background, or both, for evidence of visible particulates and other foreign matter.
III All compounded sterile preparations that are intended to be solutions shall be visually examined for the presence of particulate matter, and not dispensed for administration if such matter is present.
IV In case of any unusual observances, the compounded sterile preparation shall be quarantined and reported to the Pharmacist-in-Charge or designee.
V The Pharmacist-in-Charge or designee must make a determination to the integrity and quality of the preparation.
VI If necessary, the complete disposal of the preparation must be done according to proper procedure and logged in accordingly.

Partell Specialty Pharmacy
5835 S Eastern Ave Ste 101
Las Vegas, NV 89119-3031

03-08C.01 07/23 Gloved Fingertip Sampling Action Report

Employee Name (if applicable):			Date:
Type of Unit:		**Number of CFU**	**Date Sampled:**
□ Gloved Fingertip Sampling (GFS)	□ Left or □ Right Hand		
Complete the following actions and document additional information in the space provided:			
1. PIC or designee notified?			□ Yes □ No
2. Employee removed from compounding operations. (Check N/A if VAS/SS)			□ Yes □ No □ N/A
3. Correct procedure followed for preparation?			□ Yes □ No
4. Incubated Plates/MFUs have not been exposed/leaking during incubation?			□ Yes □ No
5. Certification of PEC associated with units reviewed?			□ Yes □ No
6. Historical viable air sampling of location reviewed?			□ Yes □ No
7. Procedures reviewed (check all that apply): □ Hand Hygiene/Garbing □ Aseptic Technique □ Facility Cleaning □ Other: _____			□ Yes □ No □ N/A
8. Area cleaned?			□ Yes □ No □ N/A
9. Re:est: □ GFS □ MFU □ VAS □ SS		Date:	□ Yes □ No
10. Subsequent to positive □ GFS □ MFU □ SS, employee successfully completes each of the following (place original form in employee record and attach copy to this form):			
	a. Competency assessment for Hand Hygiene and Garbing.		□ Yes □ No □ N/A
	b. Competency assessment for Aseptic Technique.		□ Yes □ No □ N/A
Use the space below to document additional pertinent information (signature required):_____			
Check if microbiological analysis performed □ VAS (mandatory) □ GFS □ MFU □ SS			
Results attached?			□ Yes □ No □ N/A
Based on the results of the microbiological analysis, have additional actions been taken?			□ Yes □ No
If Yes Description of actions taken:_____			
Action Completed by:			Date:
PIC or designee review:			Date:

02-04.01 07/23 Sterile Hazardous Drug and Non-Hazardous Drug Compounding Area Cleaning

Revision History:

I Initiated: 07/23
II Revised:
A

Scope:

I This Policy and Procedure applies to all sterile facility operations.

Purpose:

I To describe, standardize and define the process by which the controlled environments (ISO Class 5, 7, and 8) and the general preparation area are cleaned, disinfected, and maintained in a manner that ensures an environment suitable for compounding sterile preparations.
II To describe, standardize and define the additional processes by which Hazardous Drugs (HDs) are deactivated and decontaminated in the HD preparation area(s).
III To describe, standardize, and define the additional processes by which Sterile Highly Potent and Highly Allergic Drugs are decontaminated in the HD preparation area(s).

Responsibility:

I The Pharmacist-in-Charge or designee is accountable for this P&P being followed.

Policy:

I This policy defines the non-Hazardous Drug cleaning and disinfection of the ISO Class 7 buffer rooms, ISO Class 7/8 ante-areas, Segregated Compounding Areas (SCAs) as well as the associatec Primary Engineering Controls (PECs) such as but not limited to Laminar A r Flow Hocds and Compounding Aseptic Isolators (CAIs).
II This policy defines the Hazardous Drug (HD) cleaning, deactivation, decontamination and disinfection of HD ISO Class 7 buffer rooms, HD ISO Class 7/8 ante-areas, Containment-Segregated Compounding Areas (C-SCAs) as well as Containment-Primary Engineering Controls (C-PECs) such as but not limited to Biological Safety Cabinets (BSCs) and Compounding Aseptic Containment Isolators (CACIs).
III This policy defines the Highly Potent and Highly Allergic drug decontamination of the associated Primary Engineering Controls (PECs) such as but not limited to Laminar Air Flow Hoods and Compounding Aseptic Isolators (CAIs).
IV The facility leadership will designate an appropriate cleaning agent(s) based upon careful consideration of compatibilities, effectiveness, and inappropriate or toxic residues.
V Sterile water (sterile water for injection or irrigation) must be used to dilute disinfectant solutions if they will be used inside of the ISO Class 5 areas. Though these areas are not sterile and the buckets/wipes used are not sterile, use of sterile water to dilute disinfectants reduces pyrogens and potential bioburden.
VI The facility leadership will designate an appropriate HD deactivation agent and HD decontamination agent for each HD being utilized in Policy and Procedure 10-20 Hazardous Drug (HD_ Inventory Management.
VII Though the preparation area is not an ISO "classed" environment it is must be kept clean and orderly and is included in the cleaning schedule in this policy.
VIII Ideally, cleaning of the general compounding area (buffer area/clean room and ante-area) should occur at the end of compounding day to prevent any component residue from sitting

overnight and promoting bacterial growth.

IX If cleaning occurs at the start of the compounding day, adequate time must be given to allow all cleaned surfaces to dry PRIOR to starting any compounding activity.

X If any compounding occurs during after-hours conditions (on-call situation), additional cleaning may occur at the start of the next business day.

XI Cleaning and disinfection of the controlled environments will not be performed while compounding is taking place.

XII Facility compounding personnel must ensure that cleaning is being performed properly and by personnel who have been adequately trained on this policy as well as on Hand Hygiene and Garbing.

XIII Facility compounding personnel must also ensure that cleaning in the HD area is being performed properly and by personnel who have been adequately trained on this policy as well as on Hazardous Hand Hygiene and Garbing.

XIV Cleaning of the buffer area/clean room, segregated compounding area, and ante-area may be performed by trained custodial/housekeeping personnel.

XV Custodial/housekeeping personnel may not clean ISO Class 5 PECs.

XVI All personnel who perform cleaning and disinfecting functions in the non-HD areas must successfully complete both of the following and in this order:

- A Competency Assessment: Hand Hygiene and Garbing
- B Competency Assessment: Cleaning and Disinfecting

XVII All personnel who perform cleaning, deactivation, decontamination and disinfecting functions in the HD area must also successfully complete the following and in this order:

- A Competency Assessment: Hazardous Drug Hand Hygiene and Garbing
- B Competency Assessment: Hazardous Drug Aseptic Technique
- C Competency Assessment: Hazardous Drug Cleaning, Deactivation, Decontamination and Disinfecting
- D Hazardous Drug Risk Acknowledgement Form

XVIII Cleaning equipment and supplies

- A Shall be stored in a designated area to ensure segregation from compounding supplies.
- B Materials used (wipers, sponges, mops, etc.) must be non-shedding and preferable composed of synthetic micro fibers.
- C Materials used must be dedicated to use in particular areas (buffer area/clean room, ante-area/room, segregated compounding area, etc.) and will not be moved from these areas except for disposal.
- D Floor mops may be used in both the buffer area/clean room and the ante-area/room as long as they are used in that order.
- E Ideally all cleaning tools are to be discarded after one use.
- F For any reusable cleaning equipment:
  1. Hang mops vertically to promote drying when not in use
  2. Buckets must be inverted and allowed to dry.
  3. Manufacturer's instructions on the product used must be followed to ensure that the effectiveness of the device is maintained and that repeated use does not add to the bioburden of the areas cleaned.

XIX Since disinfectant solutions are irritants and can damage the skin and eyes, the Personal Protective Gowning and Gloving must be followed which stipulates safety glasses must be worn when compounding and during cleaning of ceiling and walls.

XX Material Safety Data Sheets must be readily available for reference in the facility for all disinfectants used in the cleaning and disinfecting process.

XXI Tacky Mats:

A Must be placed at the entrance to controlled areas within the compounding area to remove debris from personnel and equipment as they enter these areas.

B The PIC or designee will determine the location of the tacky mats depending on workflow and room configuration.

C Tacky mats must be changed frequently as they become soiled. Frequency of the mat change is determined by organizational policy but no less frequently than daily and change may be required more frequently depending on need.

XXII Any compounding equipment (i.e., automated compounders, devices, or pumps) placed into ISO Class 5 PECs are subject to the same cleaning requirements as the LAFW and BSC itself.

XXIII If any equipment or device used to compound sterile preparations is removed from the ISO Class 5 buffer area/clean room, it must be properly cleaned and disinfected prior to being placed back into service within that environment.

Note: There is no scientific basis at the time of this policy writing to suggest that alternation of cleaning agents is necessary. The possibility of producing germicidal resistant microorganisms does not apply to cleaning of controlled environments.

General Information:

I Environmental contact is a major source of microbial contamination of CSPs, therefore scrupulous attention to cleaning and disinfecting of the areas used for sterile compounding is required to reduce and minimize this potential source of CSP contamination.

II The cleaning sequence will be from the cleanest environment progressing to the dirtiest. The PECs will be cleaned first, the SEC area second, the buffer area third, ante-area fourth and the non-classes prep areas.

III Proper HD deactivation and decontamination will limit exposure to HDs in the compounding environment.

Applicable Documents:

I	05-C1	Orientation, Training and Competency Evaluation of Compounding Personnel
II	05-C2	Aseptic Technique Overview
III	05-C3	Universal Precautions
IV	05-04	Hand Hygiene and Garbing
V	05-11	Hazardous Drug Orientation, Training and Competency
VI	06-11	Hazardous Drug Compounding
VII	10-20	Hazardous Drug (HD) Inventory Management

Applicable Forms:

I	02-04A	Cleaning Solution Preparation Log
II	02-04B	Sterile Daily/Weekly/Monthly Cleaning and Maintenance Log for Preparation Area(s) and Ante Area(s)
III	02-04C	Sterile Three Time Cleaning of Controlled Environments
IV	05-01A	Competency Assessment: Hand Hygiene and Garbing
V	05-01D	Competency Assessment: Cleaning and Disinfecting Sterile Area(s)
VI	05-11A	Competency Assessment: Hazardous Drug Hand Hygiene and Garbing
VII	05-11B	Competency Assessment: Hazardous Drug Aseptic Technique
VIII	05-11C	Competency Assessment: Hazardous Drug Cleaning, Deactivation, Decontamination and Disinfecting
IX	05-11D	Hazardous Drug Risk Acknowledgement Form

X 10-20A Hazardous Drug (HD) Inventory Management

Materials and Equipment

I Plastic/stainless steel buckets with rounded edges into which mops fit or appropriate size sprayer bottle/s (if a bucket less system is used)
II Plastic/stainless steel mop handles suitable for mop heads used
III Low particulate shedding cellulose mops (reusable) or disposable micro-fiber mop heads
IV Low particle shed wipes
V Appropriate disinfectant agent
VI Sterile 70% IPA
VII HD Deactivation Agent
VIII HD Decontamination Agent

Procedures:

I The Personal Protective Gowning and Gloving procedures will be followed which stipulates safety glasses must be worn.
  A Gloves must be worn while cleaning walls and ceilings.
  B Prior to beginning cleaning
    1 Staff will gather supplies needed.
    2 Adequate amounts of the designated disinfectant are prepared by carefully mixing the cleaning solutions.
    3 Most disinfecting agents must be diluted. Follow manufacturer's recommendations regarding appropriate dilutions.
    4 Fill the bucket or sprayer with the appropriate amount of water then add the correct amount of disinfectant to the water to reduce the likelihood of splashing.
    5 Document the preparation of the cleaning solution on the Cleaning Solution Preparation Log immediately after preparing the solution.
  C If using traditional buckets to perform cleaning, allow the mops to soak in their respective buckets in solution for approximately five (5) minutes prior to the start of cleaning.
  D Cleaning must occur from the cleanest to the dirtiest areas. The lowest class room or environment (i.e., ISO Class 5) must be cleaned before the ISO Class 7 buffer area/clean room followed by the ISO Class 7/8 ante-area then general preparation area.
  E General consideration when cleaning floors
    1 Clean floors after the ISO Class 5 areas, counters and other easily cleanable work surfaces have been cleaned and disinfected.
    2 Begin at the location farthest from the buffer area/clean room entrance working toward the exit to avoid walking over cleaned areas.
    3 Move any rollable carts, shelving and chairs as cleaning is accomplished.
    4 Perform necessary restocking or other in room activities prior to cleaning and floor washing so that buffer area/clean room may be exited and allowed to dry and remain at rest until the next shift.
  F No high particle shedding materials may enter the buffer area/clean room. This includes corrugated cardboard. Paper documents (i.e., compounding worksheets and order forms) are allowed, but should be kept to a minimum.
  G No worksheets or order forms may enter the PEC environment at any time.
  H Document the cleaning procedure with initials and date on the appropriate log immediately upon completion of the task to insure proper documentation.
II Cleaning, Deactivation, Decontamination and Disinfecting of the HD PEC will be performed prior

to General Cleaning and Maintenance. The steps are described in 06-11 Hazardous Drug Compounding.

III Daily Cleaning and Maintenance of the Controlled Environments:

A Perform Cleaning and Maintenance in the following order:

1 Clean/Sanitize the inside surfaces of ISO Class 5 PECs per applicable policy.

2 Discard all trash.

3 Clean/Sanitize the Waste Receptacle(s)

4 Clean/Sanitize Counters and easily cleanable work surfaces in the clean room/buffer area (stool tops, metro cart shelves, etc. (including underside, legs and feet/wheels)).

5 Wipe down equipment

6 Mop floors in the buffer area/clean room from farthest point away from the door progressing toward the door to the ante-area while moving carts and shelving.

7 Counters sink and easily cleanable work surfaces in the ante-area as long as those areas are on the "clean side" of the line of demarcation.

8 Counters and easily cleanable work surfaces in the ante-area/room beyond the line of demarcation ("dirty side").

9 Mop floors in the ante-area/room from the clean room/buffer area entrance to the exit door.

10 Perform any required daily activities related to cleaning the general preparation area as required.

IV Weekly Cleaning and Maintenance of the Controlled Environments:

A Perform Cleaning and Maintenance in the following order:

1 Discard all trash.

2 Clean/Sanitize the Waste Receptacle(s)

3 Clean/Sanitize the ceiling

4 Clean/Sanitize the walls

5 Clean/Sanitize the Storage Units

a All storage bins must have contents removed; bins cleaned inside and out, allowed to dry and contents replaced.

b All surfaces in room including doors, door handles, pass throughs, permanent shelving, etc.

6 Clean/Sanitize the inside surfaces of ISO Class 5 PECs

7 Clean/Sanitize Counters and easily cleanable work surfaces in the clean room/buffer area (stool tops, metro cart shelves, etc. (including underside, legs and feet/wheels)).

8 All surfaces of moveable carts, storage shelving and stools;

9 Wipe down equipment

10 Clean/Sanitize floors in the buffer area/clean room from farthest point away from the door progressing toward the door to the ante-area while moving carts and shelving.

11 Counters, sink and easily cleanable work surfaces in the ante-area as long as those areas are on the "clean side" of the line of demarcation.

12 Counters and easily cleanable work surfaces in the ante-area/room beyond the line of demarcation ("dirty side").

13 Clean/Sanitize floors in the ante-area/room from the clean room/buffer area entrance to the exit door.

14 Perform any required daily activities related to cleaning the general preparation area as required.

15 Mop Floors

V Monthly Cleaning and Maintenance of Controlled Environments:

A Monthly cleaning includes all of the elements of the week y and monthly cleaning plus additional activities in the following order:
1 Discard all trash.
2 Clean/Sanitize the Waste Receptacle(s)
3 Clean/Sanitize the ceiling
4 Clean/Sanitize the walls
5 Clean/Sanitize Compounding Equipment
6 Clean/Sanitize the Storage Units
a All storage bins must have contents removed; bins cleaned inside and out, allowed to dry and contents replaced.
b All surfaces in room including doors, door handles, pass throughs, permanent shelving, etc.
7 Clean/Sanitize the inside surfaces of ISO Class 5 PECs
8 Clean/Sanitize Counters and easily cleanable work surfaces in the clean room/buffer area (stool tops, metro cart shelves, etc. (including underside, legs and feet/wheels)).
9 Clean/Sanitize the Storage Units
10 Clean/Sanitize Drug Product Refrigerator
11 Clean/Sanitize Drug Product Freezer
12 Clean/Sanitize floors in the buffer area/clean room from farthest point away from the door progressing toward the door to the ante-area while moving carts and shelving.
13 Counters, sink and easily cleanable work surfaces in the ante-area as long as those areas are on the "clean side" of the line of demarcation.
14 Counters and easily cleanable work surfaces in the ante-area/room beyond the line of demarcation ("dirty side").
15 Clean/Sanitize floors in the ante-area/room from the clean room/buffer area entrance to the exit door.
16 Perform any required daily activities related to cleaning the general preparation area as required.

VI Routine Cleaning of the General Preparation Area:
A Though not part of the controlled environments, cleanliness and order is required in the General Preparation Area.
B The PIC or designee will stipulate how and when the general area is to be cleaned.
C Document cleaning on the Cleaning Log for General Preparation Area

VII Three-time Cleaning of Controlled Environments:
A Three-time cleaning may be performed when the following conditions occur:
1 After action levels are exceeded during environmental monitoring air or surface sampling procedures.
2 After any maintenance work performed in the clean room that would compromise environmental integrity.
B Three-time cleaning will include ~~a~~ using sporicidal agent Peridox RTU with a 3 minute dwell time ~~used according to its manufacturer's instructions allowing this agent to have sufficient contact time. (i.e., bleach / sporacide / bleach)~~

VIII Floor Refinishing:
A No Wax Floors:
1 These floors are never to be waxed in any circumstance.
B Wax Floors:

1 The floors of the buffer area/clean room and ante-area shall be stripped of their existing finish (depending on floor type) and refinished by qualified personnel on an as needed basis.
2 The PIC or designee determines when this should occur.
3 Generally, stripping anc refinishing is required more often on older floors. Newer floor materials may not need this treatment.
4 The materials utilized will be of such composition as to not compromise the integrity of the controlled environment and should be manufactured for the expressed purpose of maintenance of the type of flooring which has been installed.

PIC or Designee Review: _____ Date: _____

08-10.01 mm/yy Cold Chain Timely Delivery Standards

Revision History:
I Initiated: mm/yy
II Revised:
A

Scope:
I This Policy and Procedure applies to all facility operations.

Purpose:
I The pharmacy shall supply or deliver drug products to patients in a safe manner that ensures the integrity of the products.
II This policy outlines the responsibilities of the facility to properly package and ship timely all medications in compliance with prevailing statues, rules, and regulations.
III This policy ensures mail order delivery time standards are met for medications which are not picked up directly from the facility.

Responsibility:
I The Pharmacist-in-Charge or designee is responsible for ensuring compliance with this policy and procedure.

Policy:
I The Pharmacist-in-Charge shall establish standards for packaging materials, packing processes, and methods use for the safe transportation of these medications.
II After the medication is compounded, labeled, and checked by a pharmacist, it shall be stored in proper conditions, i.e., refrigerated, if needed until ready for packing. This will allow the temperature of the product to reach the optimal storage temperature for maximum dating.
III The Pharmacist-in-Charge shall establish a clear training process for all employees who pack and ship medications from the facility to assure that these medications are properly handled while under the control of the facility.
A This training will include the handling of refrigerated and frozen pharmaceuticals.
IV The Dispensing Pharmacist shall assure that:
A The medication prepared for shipment from the facility is suitable for such transport.
B The medication is properly labeled and has the requisite labelling for safe use.
1 This labelling must include instructions for inspection by the patient or caregiver upon recipient, for the following actions:
a To be taken in the event that the medication does not arrive at their destination on time.
b When there is evidence that the integrity of the medication was compromised during shipment or delivery.
c What to do in case of any suspected or apparent damage to the medication.

General Information:
I

Definitions:
I For purposes of this policy, a "temperature excursion" means any deviation from the manufacturer's specifications or, in the absence of manufacturer specifications, applicable USP standards.

Applicable Document(s):
I USP <1079> Good Storage and Distribution Practices for Drug Products
II USP <659> Packaging and Storage Requirements

Applicable Form(s):
I 08-10A Shipping Log

Materials and Equipment:
I Appropriate packaging supplies (e.g., cushioned envelope, small boxes, packaging paper, bubble wrap)

II Computer system to include printer
III Courier company's contact information
IV Designated bin/area set up appropriately for prescriptions to be shipped
V Ice packs (for possible storage and/or shipping)
VI Patient's information (address, phone number)
VII Shipping labels

Procedure:

I The Dispensing Pharmacist shall perform all requisite checks and assure that the medication is released for final dispensing to the patient.
II The Dispensing Pharmacist will include in the package all requisite patient information leaflets, and clear instructions to the recipient how to easily detect improper storage or temperature variation, and instructions how to report the storage or temperature excursion to the facility.
III The facility staff will pack the medication using prescribed shipping materials according to established policy:
  A Prepackaging:
    1 Confirm prescription(s) and all correspondence are together. Correspondence can include bit are not limited to the following:
      a Pamphlet(s)
      b Patient information leaflet(s)
      c Offer to Counsel statement sheet
  B Insurance-
    1 If package contents exceed $100 verify with pharmacist-in-charge whether or not to insure the package.
  C Shipping Label-
    1 Create the shipping label.
    2 Confirm the following on the label:
      a Return Address has the pharmacy address. This may be excluded for security reasons.
      b The name on the prescription label matches the shipping label.
      c The address on the shipping label matches the patient's profile.
      d The package is being sent according to the shipping policy.
  D Packaging:
    1 Room temperature (Non-refrigerated) medications-
      a Ensure the prescription is tightly closed and spill proof. All liquid items should be sealed.
      b Ensure all requisite labelling, and patient leaflets will be contained within a clean plastic zip-bag.
      c The medication will then be packaged in a suitable sized cushioned mailing envelope, cardboard box, or other approved mailing container.
      d Affix the shipping label to the package.
    2 Refrigerated medications-
      a Ensure the prescription is tightly closed and spill proof. All liquid items should be sealed.
      b Ensure all requisite labelling, and patient leaflets will be contained within a clean plastic zip-bag.
      c A proper amount of frozen chemical ice blocks will be added to the medication package.
      d The medication will then be packaged in a suitable sized cushioned mailing envelope, cardboard box, or other approved mailing container.
      e Affix the shipping label to the package.

Note: When using courier, refrigerated items need to be sent at least for delivery within 2 days. When possible, overnight shipping is recommended.

Temperature-sensitive items are not shipped over the weekend unless authorized by the pharmacist and the patient knows to expect the shipment over the weekend.

E Document the completion of the shipping process.

F Place items to be shipped in a designated area after packaging is completed.

G Shipping Confirmation:

1 If required by the patient

a Notify the patient when they may expect their prescription.

b Request that the patient notify the pharmacy if the prescription is not received at the expected time.

Documentation:

I Common carrier label & tracking document(s) [paper or electronic]

II Variance reporting if an OOS occurs on a delivery.

FDA 483 responses for Partell Pharmacy 5835 South Eastern Ave., Suite 101 Las Vegas NV 89119 for FDA form 483 issued 03/08/2018.

Mark Sedar, Chief Operating Officer Nevada State Board of Pharmacy, 985 Damonte Ranch Pkwy, Suite 206, Reno, NV 89521 Office: 775-850-1440 Email: msedar@pharmacy.nv.gov

RE: Partell Pharmacy Herein referred to as "Partell" or Partell Specialty Pharmacy Las Vegas, NV

Chief Operating Officer Mark Sedar:

Pursuant to instructions by Lucila B. Nwatu, Investigator/CSO and Juanita P. Versace, Microbiologist, we respectfully submit our responses to FDA form 483 which was issued as a result of a recent FDA inspection of our premises. During the inspection of Partell Specialty Pharmacy Las Vegas, NV, Partell engaged cooperatively and constructively with FDA. We would like to assure FDA that Partell is committed to providing patients with the highest quality compounded medications prepared in compliance with all applicable standards and that, as demonstrated herein, we take our professional responsibilities very seriously.

To that end, patient safety and wellbeing are our primary concerns, and we strive to and do provide the highest quality preparations and services. Our quality assurance and standard operating procedures ("SOPs") follow demonstrated pharmacy best practices and are designed to produce high-quality compounded sterile preparations. We do this to ensure that we continue to meet recognized State pharmacy requirements and other standards applicable to compounding pharmacies, so that our patients can continue to access high-quality compounded medications to meet their individual medical needs.

Notwithstanding these and the other numerous actions described herein, Partell would like to take this opportunity to briefly discuss FDA's inspection of and application of Form 483 to Partell. Specifically, Partell is a Nevada state licensed pharmacy that compounds and dispenses human medications that, where appropriate, comply with Section 503A of the Federal Food, Drug, and Cosmetic Act ("Section 503A"). Accordingly, Partell engages in pharmacy-based compounding pursuant to the guidelines set forth by the Nevada State Board of Pharmacy and the United States Pharmacopeia ("USP"), which are the recognized standards for Nevada -based compounding pharmacies. Moreover, Partell has an impeccable safety record

concerning the compounded medications that it prepares according to the applicable standards.

Considering the above, without waiving its right to contest FDA's application of CGMPs, Partell provides the following responses to the Observations set forth in the 483.

OBSERVATION 1

The filter intended to render final product sterile is not adequate to accomplish sterilization and/or is not pharmaceutical grade.

Specifically,

a. Your firm uses the Vacuum Filter, Stericup (Millipore) sterile filter, when compounding large volume batches of sterile finished product. The Stericup does not appear to be pharmaceutical grade and the labeling for the Stericup states "Do not use these systems in direct patient care applications." There is no integrity testing method for the Vacuum Filter, Stericup (Millipore) sterile filter. The firm releases finished drug product without determining the suitability of the filter. Examples of products where the Stericup has been used as the sterilizing filter are Coenzyme Ql0, Ascorbic acid, and Vitamin B Complex.

Response:

We acknowledge your observation. The Pharmacist in Charge and/or the Compliance Officer will develop policies and procedures, which will be incorporated into revised SOPs to review the sterile filter selection including volume capacity and filter integrity testing.

b. There is no assurance that the bubble point testing of filters used to render drug products sterile is adequate to ensure the integrity of such filters. Your firm was unable to confirm what required minimum pressure is used when performing integrity testing on sterilizing filters. There is a discrepancy between the required minimum pressure written in the bubble point test log and the manufacturers requirement. For example, the log states '38psi' required for the PES-50 filter, yet the manufacturer requires 50 psi. Your firm does not document the actual value in the Formula Worksheet and simply enters "PASS or FAIL".

Response:

See previous response.

OBSERVATION 2

The cycle parameter (temperature, pressure, and time) used for heat sterilization of products intended to be sterile are not verified to be lethal to heat-resistant microorganisms.

Specifically,

a. Your firm performs all compounding and filling operations for terminally sterilized pellet products in an unclassified Biosafety Cabinet, located in an unclassified room. Pellet products include: • Estradiol, 10mg, 12.5mg, 15mg, 20mg, 25mg, 35mg, 40mg, 50mg, 55mg Pellets • Naltrexone, 200mg Pellets • Pregnenolone, 50mg, 100mg Pellets • Progesterone, 50mg Pellets • Testosterone/Anastrozole 120/8mg; 180/12mg; 200/20mg; 60/1mg; 60/4mg Pellets • Testosterone/Estradiol 60/6 mg Pellets • Testosterone 100 mg, 200 mg, 25 mg, 37.5 mg, 40 mg, 50 mg, 55 mg, 80 mg Pellets • Testosterone/ Finasteride 60/5 mg, 80/8mg Pellets • Testosterone/ Finasteride/Anastrozole 120/10/4 mg Pellets

Response:

We acknowledge your observation. The Pharmacist in Charge and/or the Compliance Officer will develop policies and procedures, which will be incorporated into revised SOPs to ensure a Biological Indicator is used with each sterilization cycle. The preparations worksheet will include the results of this test.

b. Your firm uses the Hirayama HV-25 Autoclaves for both terminal sterilization and sterilization of container closures, such as stoppers and final product vials. Effectiveness of Steam Sterilization is verified using Sporview Self-Contained Biological Indicators. The manufacturer recommends incubation conditions of 55°C to 60° C for a minimum of 24 hours. Biological Indicator dry block incubator is not calibrated to ensure the temperature can maintain 55-60°C for 24 hours. The dry block does not contain a visual thermometer to monitor the temperature during BI incubation.

Response:

We acknowledge your observation. The Pharmacist in Charge and/or the Compliance Officer will develop policies and procedures, which will be incorporated into revised SOPs to follow the manufacturer's recommendations including utilization of the dry block.

c. Your firm conducts terminal sterilization on sealed vials containing pellet products, using an autoclave cycle of 121 °C for 20 minutes. There is no adequate scientific justification for the autoclave cycle used to terminally sterilize implantable pellets, including consideration of heat penetration into the container closure and the pellets themselves. There is no assurance that 121 °C for 20 minutes is adequate for pellets in sealed containers.

Response:

We acknowledge your observation. The Pharmacist in Charge and/or the Compliance Officer will develop policies and procedures, which will be incorporated into revised SOPs for the pellet sterilization process, which will be reviewed to determine the appropriate temperature and cycle time for compounded pellets.

OBSERVATION 3

The final containers/closures used for drug products intended to be sterile have not been sterilized or depyrogenated.

Specifically,

a. Your firm does not depyrogenate the non-sterile stoppers and vials before conducting filling operation for all aseptically filled drug products.

Response:

We acknowledge your observation. The Pharmacist in Charge and/or the Compliance Officer will develop policies and procedures, which will be incorporated into revised SOPs to ensure the purchase of presterilized vials and stoppers.

b. Your firm does not depyrogenate the non-sterile stoppers and vials before conducting filling operation for all terminally sterilized pellet drug products.

Response:

See previous response.

OBSERVATION 4

Disinfecting agents and cleaning pads or wipes used in the ISO 5 area are not sterile.

Specifically,

To clean and disinfect the ISO-5 Laminar Air Flow Hood (LAFI·I), the firm uses non-sterile PolySat Wipers, nonsterile Alpha Wipe Dry Wipes, non-sterile Opti-cide 3, non-sterile Spor-Klenz, and sterile 70% Isopropyl Alcohol spray.

Response:

We acknowledge your observation. The Pharmacist in Charge and/or the Compliance Officer will develop policies and procedures, which will be incorporated into revised SOPs to improve our compounding process. Partell Pharmacy will change its standard process to include the use of sterile, non-shedding (low-lint) wipes, and this practice will now exceed USP General Chapter <797> guidance.

OBSERVATION 5

The use of sporicidal agents in the cleanrooms and/or ISO 5 areas is inadequate.

Specifically,

Your firm has not established sufficient contact time for all disinfectants to be used in the cleanroom. Your firm failed to follow manufacturer's recommended contact times for the disinfectants used in the controlled environments. For example, for non-sterile sporicidal agent Spor-Klenz, the manufacturer recommends a contact surface time of 30 minutes. Your daily cleaning/disinfecting log for controlled environments and procedure, does not indicate contact times. The pharmacy Lab Manager and Technicians confirmed that after spraying Spor-Klenz on the surface, the solution is immediately removed. Demonstration of the effectiveness of the cleaning operations was not assessed due to lack of established contact times.

Response:

We acknowledge your observations. The Pharmacist in Charge and/or the Compliance Officer will develop policies and procedures, which will be incorporated into revised SOPs Policy to specify the type of Sporicide and subsequent contact time required to achieve sporicidal effect.

OBSERVATION 6

You produced hazardous drugs without providing adequate cleaning of utensils to prevent cross-contamination.

Specifically,

Your firm uses non-dedicated glassware and utensils to weigh and mix non-sterile hazardous and non-hazardous ingredients, in preparation for aseptic filling operations. Examples of hazardous ingredients used in your facility include Testosterone Cypionate and Alprostadil.

Response:

We acknowledge your observations. The Pharmacist in Charge and/or the Compliance Officer will develop policies and procedures, which will be incorporated into revised SOPs to prevent cross-contamination or mix-ups.

OBSERVATION 7

Non-sterilized or non-depyrogenated tools or temporary containers are used in sterile production.

Specifically,

Your firm uses glassware and utensils to weigh and mix non-sterile ingredients, in preparation for aseptic filling operations. Your firm does not adequately clean the glassware and utensils to prevent cross-contamination. Glassware, spatulas, and mixing bars are washed in a dishwasher using Reverse Osmosis water. Your firm has not conducted any testing (microbialand analytical) of the water generated through your reverse osmosis (RO) system. The glassware is placed in an oven for approximately 20 minutes at 90°C. There is no assurance that these conditions sterilization or depyrogenation these materials prior to use in compounding sterile drug products.

Response:

We acknowledge your observations. The Pharmacist in Charge and/or the Compliance Officer will develop policies and procedures, which will be incorporated into revised SOPs. The policy and procedure will be updated to adequately address the cleaning of glassware and utensils to prevent cross contamination of utensils in preparation of aseptic filling operations.

OBSERVATION 8

Environmental monitoring in your aseptic processing areas is not adequate.

Specifically,

a. Review of the last biannual Environmental Monitoring report, dated 11/30/17, revealed that Micrococus species and Aspergillus were detected when viable air sampling was conducted in the IS0-5 Laminar Air Flow Hood. As a corrective action, your firm performed cleaning three times in the controlled environment, and air sampling was repeated. An investigation was not conducted and a root cause was not determined.

Response:

We acknowledge your observation. The Pharmacist in Charge and/or the Compliance Officer will develop policies and procedures, which will be incorporated into revised SOPs. The policy and procedure will require an investigation as to the cause of the issue. Staff will be re-educated, and our employees will document they are following the Policy and Procedure.

b. Monthly surface sampling is part of the firm's Environmental Monitoring program. Surface samples are taken with EnviroTest Media Paddles, immediately after spraying sterile 70% Isopropyl Alcohol on the surface.

Response:

We acknowledge your observation. The Pharmacist in Charge and/or the Compliance Officer will develop policies and procedures, which will be incorporated into revised SOPs, which will be designed to re-educate our employees on obtaining monthly surface sampling. Spraying sterile 70%IPA is to occur immediately after obtaining the sample not before.

OBSERVATION 9

Inadequate pressure differentials between higher quality air rooms and lower quality air rooms were observed.

Specifically,

a. Sterile drug filling is conducted inside the ISO 5 core of Laminar Air Flow Hood (LAFH). The evaluation of unidirectional airflow (e.g., smoke studies) for microbiological contamination was not performed under dynamic conditions in the ISO 5 LAFH, which is located in an ISO 7 environment.

Response:

We acknowledge your observation. All cleanroom certification tests are obtained under dynamic conditions.

b. During filling operations, we observed that the doors from the ISO 8 compounding room to the ISO 7 Ante room, and the door from the ISO 7 Ante-Room to the ISO 7 aseptic filling room, did not stay consistently closed. We heard multiple alarms during the aseptic

filling due to loss in pressure. The firm cannot assure continuous positive pressure during filling operations.

Response:

We acknowledge your observation. We have replaced the offending doors with sliding doors that do not open due to the air pressure.

OBSERVATION 10

Media fills were not performed that closely simulate aseptic production operations incorporating, as appropriate, worst-case activities and conditions that provide a challenge to aseptic operations.

Specifically,

Biannual media fill testing is performed but is not designed to simulate firm's routine aseptic operation.

a. Your firm conducts Media Fill in liquid filled bags versus vials. A commercially purchased kit containing 100 ml flexible container ofTSB (Tiyptic Soy Broth), 20 ml vial ofTSB, and a 3 ml ampule of red TSB, are used to conduct media fills. The content of the ampule is injected into the 20 ml vial of TSB. 1 ml of this solution is injected into the 100 ml TSB bag. This procedure is repeated 19 times. This does not simulate their filling process. The bag is not representative of the container/closures used during routine production.

Response:

We acknowledge your observation. The Pharmacist in Charge and/or the Compliance Officer will develop policies and procedures, which will be incorporated into revised SOPs a procedure will be updated to reflect the compounding process.

b. When filling large batch-size sterile products, the firm uses a fluid dispensing pump. For example, the fluid dispensing pump is used during filling of Methylcobalamin, 12.Smg/ml injection, whose batch size is 3000ml into 50 ml vials or 500ml into 5 ml vials. This pump is not included during the media fill simulation.

Response:

We acknowledge your observation. The Pharmacist in Charge and/or the Compliance Officer will develop policies and procedures, which will be incorporated into revised SOPs to perform a media fill simulation for the pump.

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, DAVID ROMERO hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the CEO (title) for MED PLUS PHARMACY (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Inspector Remarks:

Hybrid sterile compounding license renewal inspection

- ***Request for several documents for renewal of LSC 101617 was sent to PIC Flynn Lew on 1/24/2022 and***
- ***Documents were received on 2/4/2022, reviewed remotely***
- ***Inspection conducted in person at the facility on 2/24/2022, assisted remotely and onsite by PIC Flynn Lew (contact email: flynn.lew@medplusltc.com; contact phone number: 866-463-3757)***

General Information

Retail, closed-door pharmacy exclusively servicing skilled nursing facility patients.

- Compounding Self-Assessment: completed by PIC Lew on 6/8/2021
- Community Pharmacy/Hospital Outpatient Self-Assessment: completed by PIC Lew on 4/15/2021
- Original pharmacy and sterile compounding licenses/renewals posted: Verified
- Pharmacy Law Waivers: None used at this time, per PIC Lew
- FDA, DEA, and/or accreditation inspections w/ applicable reports issued within past 12 months: None to report per PIC Lew
- Adverse drug reactions in the past 12 months: None to report, per PIC Lew
- Previous CA Board of Pharmacy Inspection Report
  - Reviewed previous inspection report for previous corrections or written notice of noncompliance, previous noncompliance issues: Correction issued on 3/11/2021 pharmacy inspection report (PHY 58159), facility in compliance.

Sterile Compounding Area

No changes to the physical layout of the sterile compounding area, nor any changes to compounding equipment in the past 12 months per PIC Lew

Observed the following during the in-person inspection on 2/24/2022:

ISO 8 Ante Room (+ pressure) => ISO 7 Non-HD Cleanroom (+ pressure)

- **Positive pressure ISO 8 Ante Room**
  - Line of demarcation (LOD) at entry point of ante room, separating dirty and clean side
  - Sink with H/C water (hand hygiene station) on the clean side of LOD
  - Storage rack x 3
  - Non-shed wipes and designated cleaning supplies
- **Positive Pressure ISO 7 Non-HD Clean Room**
  - ISO 5 laminar flow hood
  - Storage cart x 2
  - Pass-through, leading to general pharmacy area

- **Types of Compounding/Risk Levels:**
  - No changes in types of CSPs compounded at the facility in past 12 months, per PIC Lew
  - Sterile to sterile
  - Non-hazardous CSPs only
  - Risk Level: Low-Medium

Certification/Testing of Primary and Secondary Engineering Controls

Certification performed by CleanRoom Services on 8/3/2021:

- **ISO 8 Ante Room (+ Pressure)**
  - Non-viable particle count testing performed under dynamic conditions, passing based on ISO14644-1:2015 Class 8/CAG-003-2006 testing standards
  - Room Air Exchange Rate (ACPH) = 48 ACPH (Minimum = 20 ACPH)
  - Positive pressure differential = 0.076 inches w.c. (Minimum = 0.02 inches w.c.)
  - Viable air sampling: Sample showed no growth, in compliance with USP <797> standards
  - Viable surface sampling: Sample showed no growth, in compliance with USP <797> standards
- **ISO 7 Non-HD Clean Room (+ Pressure)**
  - Non-viable particle count testing performed under dynamic conditions, passing based on ISO14644-1:2015 Class 7/CAG-003-2006 testing standards
  - Room Air Exchange Rate (ACPH) = 102 ACPH (Minimum = 30 ACPH)
  - Positive pressure differential = 0.0393 inches w.c. (Minimum = 0.02 inches w.c.)
  - Viable air sampling: Sample showed acceptable level of growth, in compliance with USP <797> standards
  - Viable surface sampling: Sample showed no growth, in compliance with USP <797> standards
- **Unidirectional Flow Hood (ISO 5) in Non-HD Clean Room**
  - Make: Nuaire/Model: NU-240-630/Serial Number: 201026091720
  - Airborne particle count testing performed under dynamic conditions, passing based on CAG-003-2006/ISO14644-1 Class 5 testing standards
  - Smoke study: Reviewed
  - Viable air sampling: Sample showed no growth, in compliance with USP <797> standards
  - Viable surface sampling: Sample showed no growth, in compliance with USP <797> standards

- **Most Recent Certification performed by CleanRoom Services on 2/2/2022 (reviewed onsite)**
  - Dynamic testing, non-viable air sampling, HEPA filter leak testing, air changes, smoke study (viewed), viable air/surface sampling: Reviewed

Policies and Procedures

- Annual review of policies and procedures, documented on 7/1/2021
- No new and/or updated sterile compounding policies and procedures within the past 12 months, per PIC Lew
- Policies and procedures: Reviewed
  - Cleaning and maintenance of ISO-classified areas
  - Hand hygiene and garbing
  - Refrigerated Drug Storage
  - Actions to be taken when action levels for colony-forming units (CFUs) are exceeded

Recordkeeping

- Master formula/compounding record
  - Reviewed for CSP name/strength, manufacturer/lot number/expiration date of each ingredient, equipment, necessary quality review, instructions for storage and handling of CSP, BUD
- Refrigerator/incubator/room temperature logs: reviewed for December 2021, January 2022
- Pressure differential logs: reviewed for December 2021 and January 2022
- Cleaning logs reviewed for December 2021, January 2022 for all ISO classified areas
  - Cleaning agents used: PeridoxRTU, PREempt RTU, sIPA
- Discussed monthly supervisor review of sterile compounding logs

Labeling Requirements

- *"Compounded by pharmacy"* on label: Verified
- Beyond use date: Verified
- Telephone number of pharmacy: Verified
- Name and strength of each active ingredient: Verified
- Instructions for storage, handling, and administration: Verified

Sterile Compounding Attire

- Low shedding coverall/gown, head cover, face mask, shoe covers: Available
- Sterile gloves and persistently active, alcohol-based hand cleanser: Available

Training/Competency

- Pharmaceutical calculations, gloved fingertip sampling, media fill testing, observational skills assessments (hand hygiene/garbing, cleaning/disinfection, aseptic technique): Reviewed for RPH Shing and TCH Mejia

Quality Assurance

- End-product potency and sterility testing performed by ARL
  - Reviewed potency and sterility results for Magnesium Sulfate 3gm/L injection (Lot #60323615), final results on 11/4/2021 and 11/16/2021 (respectively)

To complete this inspection, please provide a response to Order of Correction to Inspector Marc Gasca via email (marc.gasca@dca.ca.gov) **no later than 3/4/2022.**

ORDER OF CORRECTION

Date: 2/24/2022 Permit #: LSC101617

Time of Day: 10:31 AM

Name as shown on permit: **MED-PLUS PHARMACY INC**

Address: 760 ARROW GRAND CIR City: COVINA

Please be advised it appears there is a failure to comply with the following laws governing the practice of pharmacy, and/or the rules and regulations of the Board of Pharmacy:

1. CCR 1735.3(a)(2)(	Recordkeeping for Compounded Drug Preparations . For each compounded drug preparation, the pharmacy records shall include: A compounding log consisting of a single document containing all of the following: A pharmacy-assigned unique reference or lot number for the compounded drug preparation. Specifically, the pharmacy's compounding log did not contain a pharmacy-assigned unique reference or lot number.

I have reviewed, discussed, understand and received a copy of this form.

Inspector (sign) M.L.L. Signed Flynn

Inspector (print) Marc Garcia Print Name Flynn Lew

Date 2/24/22 Title PIC

Pursuant to Business and Professions Code §4083, a licensee of the California State Board of Pharmacy, may submit a written request within 30 days of service of the order of correction, for an office conference with the board's executive officer to contest the order of correction.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

BEFORE THE MINNESOTA

BOARD OF PHARMACY

In the Matter of
Polaris Pharmacy Services of Minnesota, LLC
License No. 265679

STIPULATION AND CONSENT ORDER

STIPULATION

Polaris Pharmacy Services of Minnesota, LLC ("Licensee") and the Minnesota Board of Pharmacy Committee on Professional Standards ("Committee") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to license and regulate pharmacies and to take disciplinary action as appropriate.

2. Licensee holds a pharmacy license from the Board and is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On August 18, 2021, Licensee met with the Committee to discuss the allegations described in a Notice of Conference. Board members Kendra Metz and Stuart Williams comprised the Committee. The Board's Executive Director, Cody Wiberg; Deputy Director, Jennell Bilek; and staff attorney, Brian Park, were also present. Alex Mountain, Assistant Attorney General, represented the Committee. Brian A. Dillon, of Lathrop GPM LLP, represented licensee and was

accompanied by Licensee's Pharmacist-in-Charge, Neil Uitto; Polaris' Chief Operating Officer, Steven Baker; and Polaris' Executive Vice President of Operations, Todd Zisek.

III.

FACTS

4. On or about November 1, 2018, the Board licensed Licensee as a pharmacy in Minnesota.

5. Licensee is a closed door, long-term care ("LTC") pharmacy that prepares sterile and non-sterile compounded drug products for dispensing.

6. Licensee has two affiliated pharmacy locations in Florida, both licensed by the Board as follows:

a. On or about July 8, 2016, the Board issued Polaris Rx, located in Fort Lauderdale, Florida ("Pharmacy 1"), non-resident pharmacy license #265101.

b. On or about December 5, 2018, the Board issued Polaris Pharmacy Services of Tampa, located in Tampa, Florida ("Pharmacy 2"), non-resident pharmacy license #265721.

7. On or about March 19, 2019, two Board Surveyors visited Licensee for the purpose of completing a routine inspection, met with the pharmacist-in-charge, and identified the following:

a. Seven pharmacy technicians registered by the Board and employed by Pharmacy 1 and Pharmacy 2, were living in Florida but listed their current physical address as Licensee's address in Minnesota.

b. During the inspection, the Board Surveyors cited Licensee for engaging in central services with Pharmacy 1 and Pharmacy 2, by allowing pharmacy technicians working in Florida to remotely perform data entry of prescription drug information for Minnesota patients into

Licensee's Frameworks LTC prescription processing and dispensing software system ("FW-LTC"), followed by verification of the data entry by Licensee's pharmacist staff members working in Minnesota ("Central Service").

c. Prior to beginning Central Service, Licensee failed to submit a copy of its policy and procedure manual and failed to obtain Board approval to participate in a Central Service arrangement with Pharmacy 1 and Pharmacy 2.

d. Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the March 2019 citation.

e. Licensee's nonsterile compounding records failed to include an assigned beyond use date ("BUD") for the final compounded drug product, or included a BUD exceeding those recommended within United States Pharmacopeia, General Chapter 795 for Pharmaceutical Compounding - Nonsterile Preparations ("USP 795"), without documentation of a reference for literature or a stability study applicable to the specific drug product allowing for extension of the BUD. Licensee avers that it responded to these findings by providing education to its staff to ensure compounded components included lot numbers, expiration dates, and BUDs, along with noting the supporting reference sources. Licensee states that it is not aware of any other issues regarding its compliance with BUD requirements since 2019.

8. On or about March 20, 2019, the Board received a complaint alleging that Licensee was utilizing pharmacy technicians from outside of Minnesota to enter prescription data. On or about April 9, 2019, a Board Surveyor reminded Licensee, after expanding its operations to 24-

hours, that pharmacy technicians working outside of its Minnesota location could not be used to help with covering the additional hours that the pharmacy is open, due to the lack of Board approved policies for Central Services with Pharmacy 1 and Pharmacy 2. As noted above, Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the Board's concern regarding the use of out-of-state technicians to enter prescription data.

9. On June 11, 2019, two Board Surveyors visited Licensee for the purpose of an investigation, met with representatives of the Licensee, and identified the following:

a. The pharmacist-in-charge stated that, as far as she was aware, Pharmacy 1 and Pharmacy 2, both located in Florida, were the only two locations providing Central Services for Licensee.

b. Licensee utilized a company named IND Consulting ("IND") for emergency kit ("E-kit") billing and entry of patient information when pharmacy services are initiated in a new LTC facility. IND's website states its staff are able to provide services including, but not limited to, billing services, medical record entry, and data entry solutions, with guaranteed staffing in fully operational data centers that are open 24 hours a day and 365 days a year, located within or outside of the United States across the globe in Mexico, India, the Philippines, and Florida. During the conference with the Committee, Licensee admitted that IND consulting had been used to enter prescription data for prescription drug orders ultimately dispensed by its

Minnesota pharmacy. Licensee cannot definitively state where individuals affiliated with IND were licensed or physically located when entering such data.

c. At the end of the visit, the Board Surveyor's provided an Investigative Report requesting additional information and reminding Licensee again that it cannot engage in Central Services without Board approval.

10. On February 12, 2020, two Board Surveyors visited Licensee for the purposes of an investigation, met with representatives of Licensee, and identified the following:

a. After arriving at 4:36 a.m., one of the Board Surveyors observed two of Licensee's pharmacy technicians were allowed badge access to the pharmacy entrance prior to the arrival of RPh 3 at around 5:55 a.m. One technician was found to be working in the sterile compounding area and another was logged into Licensee's computer. A representative of Licensee later stated that three pharmacy technicians had been given keys and passcodes to access Licensee's pharmacy. During its conference with the Committee, Licensee admitted that this allegation is true, but stated that senior management took corrective action upon learning of the situation, including immediately revoking the access code of all non-pharmacists and physically rekeying all doors within the pharmacy. Licensees avers that periodic security assessments confirm that no unauthorized persons have had access to the pharmacy since February 2020.

b. Six pharmacy technicians, including the IV pharmacy technician, were present in the "filling area" with only one pharmacist, who was the second pharmacist to arrive. Another pharmacist was in an "order entry" area, a distinctly different area separated by a wall and door. The Board Surveyors were told that additional pharmacy technicians were scheduled that morning to perform non-technician "staging or stocking" duties. However, the Board Surveyors observed that the additional pharmacy technicians that were supposedly scheduled to perform non-technician duties, were filling orders in the "filling area" to be checked by the one pharmacist.

Licensee avers that is does not have sufficient information to admit or deny the Board surveyors' observations, but that company policy requires compliance with required technician-to-pharmacist ratios.

IV.

LAWS

11. Licensee acknowledges the conduct described in section III above constitutes a violation of Minn. Stat. § 151.071, subd. 2(7), and warrants the disciplinary action described below.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

12. The Board **REPRIMANDS** Licensee and imposes a **CIVIL PENALTY** in the amount of $50,000 for the conduct described in section III above. The civil penalty shall be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of entry of this Order.

13. The Board places the following **CONDITION** on Licensee's License: every six months, for a period of three years, Licensee's CEO must certify to the Board's Executive Director that Licensee's licensed pharmacies that provide services to Minnesota residents are in full compliance with all applicable Minnesota statutes and rules.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

14. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Committee may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Committee shall schedule a hearing before the Board. At least 20 days before the hearing, the Committee must mail Licensee a notice of the violation(s) alleged by the Committee. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee shall submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Committee, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Committee and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Committee and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Committee will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations, but may present argument concerning the appropriateness of additional discipline. Pursuant to this process, Licensee waives a hearing before an administrative law judge, discovery, cross-examination of

adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but does not limit the Board's authority to impose discipline for the violation. A decision by the Committee not to seek discipline when it first learns of a violation does not waive the Committee's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's license is in a suspended status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's license, a period of suspension, conditions of reinstatement, or revocation of Licensee's license.

f. Nothing herein limits the Committee's or the Board's right to temporarily suspend Licensee's license as provided in Minnesota Statutes chapters 151 and 214, based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII. ADDITIONAL INFORMATION

15. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

16. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the

investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

17. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter shall constitute the entire record and may be reviewed by the Board in its consideration of this matter.

18. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

19. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

20. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it. If the Board rejects this Stipulation and Consent Order, the parties agree that this Stipulation and Consent Order will not be admissible in any proceedings.

21. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis

of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action, and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

22. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed health professional, and as such, is classified as confidential data pursuant to Minnesota Statutes section 13.41, subdivision 4.

23. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		X
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		X
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)	✔	
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✔	
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?	✔	
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		X
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		X
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		X
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		X

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4,5,6 **. Provide all the following *where applicable*:**

BEFORE THE MINNESOTA

BOARD OF PHARMACY

In the Matter of
Polaris Pharmacy Services of Minnesota, LLC
License No. 265679

STIPULATION AND CONSENT ORDER

STIPULATION

Polaris Pharmacy Services of Minnesota, LLC ("Licensee") and the Minnesota Board of Pharmacy Committee on Professional Standards ("Committee") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to license and regulate pharmacies and to take disciplinary action as appropriate.

2. Licensee holds a pharmacy license from the Board and is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On August 18, 2021, Licensee met with the Committee to discuss the allegations described in a Notice of Conference. Board members Kendra Metz and Stuart Williams comprised the Committee. The Board's Executive Director, Cody Wiberg; Deputy Director, Jennell Bilek; and staff attorney, Brian Park, were also present. Alex Mountain, Assistant Attorney General, represented the Committee. Brian A. Dillon, of Lathrop GPM LLP, represented licensee and was

accompanied by Licensee's Pharmacist-in-Charge, Neil Uitto; Polaris' Chief Operating Officer, Steven Baker; and Polaris' Executive Vice President of Operations, Todd Zisek.

III.

FACTS

4. On or about November 1, 2018, the Board licensed Licensee as a pharmacy in Minnesota.

5. Licensee is a closed door, long-term care ("LTC") pharmacy that prepares sterile and non-sterile compounded drug products for dispensing.

6. Licensee has two affiliated pharmacy locations in Florida, both licensed by the Board as follows:

a. On or about July 8, 2016, the Board issued Polaris Rx, located in Fort Lauderdale, Florida ("Pharmacy 1"), non-resident pharmacy license #265101.

b. On or about December 5, 2018, the Board issued Polaris Pharmacy Services of Tampa, located in Tampa, Florida ("Pharmacy 2"), non-resident pharmacy license #265721.

7. On or about March 19, 2019, two Board Surveyors visited Licensee for the purpose of completing a routine inspection, met with the pharmacist-in-charge, and identified the following:

a. Seven pharmacy technicians registered by the Board and employed by Pharmacy 1 and Pharmacy 2, were living in Florida but listed their current physical address as Licensee's address in Minnesota.

b. During the inspection, the Board Surveyors cited Licensee for engaging in central services with Pharmacy 1 and Pharmacy 2, by allowing pharmacy technicians working in Florida to remotely perform data entry of prescription drug information for Minnesota patients into

Licensee's Frameworks LTC prescription processing and dispensing software system ("FW-LTC"), followed by verification of the data entry by Licensee's pharmacist staff members working in Minnesota ("Central Service").

c. Prior to beginning Central Service, Licensee failed to submit a copy of its policy and procedure manual and failed to obtain Board approval to participate in a Central Service arrangement with Pharmacy 1 and Pharmacy 2.

d. Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the March 2019 citation.

e. Licensee's nonsterile compounding records failed to include an assigned beyond use date ("BUD") for the final compounded drug product, or included a BUD exceeding those recommended within United States Pharmacopeia, General Chapter 795 for Pharmaceutical Compounding - Nonsterile Preparations ("USP 795"), without documentation of a reference for literature or a stability study applicable to the specific drug product allowing for extension of the BUD. Licensee avers that it responded to these findings by providing education to its staff to ensure compounded components included lot numbers, expiration dates, and BUDs, along with noting the supporting reference sources. Licensee states that it is not aware of any other issues regarding its compliance with BUD requirements since 2019.

8. On or about March 20, 2019, the Board received a complaint alleging that Licensee was utilizing pharmacy technicians from outside of Minnesota to enter prescription data. On or about April 9, 2019, a Board Surveyor reminded Licensee, after expanding its operations to 24-

hours, that pharmacy technicians working outside of its Minnesota location could not be used to help with covering the additional hours that the pharmacy is open, due to the lack of Board approved policies for Central Services with Pharmacy 1 and Pharmacy 2. As noted above, Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the Board's concern regarding the use of out-of-state technicians to enter prescription data.

9. On June 11, 2019, two Board Surveyors visited Licensee for the purpose of an investigation, met with representatives of the Licensee, and identified the following:

a. The pharmacist-in-charge stated that, as far as she was aware, Pharmacy 1 and Pharmacy 2, both located in Florida, were the only two locations providing Central Services for Licensee.

b. Licensee utilized a company named IND Consulting ("IND") for emergency kit ("E-kit") billing and entry of patient information when pharmacy services are initiated in a new LTC facility. IND's website states its staff are able to provide services including, but not limited to, billing services, medical record entry, and data entry solutions, with guaranteed staffing in fully operational data centers that are open 24 hours a day and 365 days a year, located within or outside of the United States across the globe in Mexico, India, the Philippines, and Florida. During the conference with the Committee, Licensee admitted that IND consulting had been used to enter prescription data for prescription drug orders ultimately dispensed by its

Minnesota pharmacy. Licensee cannot definitively state where individuals affiliated with IND were licensed or physically located when entering such data.

c. At the end of the visit, the Board Surveyor's provided an Investigative Report requesting additional information and reminding Licensee again that it cannot engage in Central Services without Board approval.

10. On February 12, 2020, two Board Surveyors visited Licensee for the purposes of an investigation, met with representatives of Licensee, and identified the following:

a. After arriving at 4:36 a.m., one of the Board Surveyors observed two of Licensee's pharmacy technicians were allowed badge access to the pharmacy entrance prior to the arrival of RPh 3 at around 5:55 a.m. One technician was found to be working in the sterile compounding area and another was logged into Licensee's computer. A representative of Licensee later stated that three pharmacy technicians had been given keys and passcodes to access Licensee's pharmacy. During its conference with the Committee, Licensee admitted that this allegation is true, but stated that senior management took corrective action upon learning of the situation, including immediately revoking the access code of all non-pharmacists and physically rekeying all doors within the pharmacy. Licensees avers that periodic security assessments confirm that no unauthorized persons have had access to the pharmacy since February 2020.

b. Six pharmacy technicians, including the IV pharmacy technician, were present in the "filling area" with only one pharmacist, who was the second pharmacist to arrive. Another pharmacist was in an "order entry" area, a distinctly different area separated by a wall and door. The Board Surveyors were told that additional pharmacy technicians were scheduled that morning to perform non-technician "staging or stocking" duties. However, the Board Surveyors observed that the additional pharmacy technicians that were supposedly scheduled to perform non-technician duties, were filling orders in the "filling area" to be checked by the one pharmacist.

Licensee avers that is does not have sufficient information to admit or deny the Board surveyors' observations, but that company policy requires compliance with required technician-to-pharmacist ratios.

IV.

LAWS

11. Licensee acknowledges the conduct described in section III above constitutes a violation of Minn. Stat. § 151.071, subd. 2(7), and warrants the disciplinary action described below.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

12. The Board **REPRIMANDS** Licensee and imposes a **CIVIL PENALTY** in the amount of $50,000 for the conduct described in section III above. The civil penalty shall be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of entry of this Order.

13. The Board places the following **CONDITION** on Licensee's License: every six months, for a period of three years, Licensee's CEO must certify to the Board's Executive Director that Licensee's licensed pharmacies that provide services to Minnesota residents are in full compliance with all applicable Minnesota statutes and rules.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

14. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Committee may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Committee shall schedule a hearing before the Board. At least 20 days before the hearing, the Committee must mail Licensee a notice of the violation(s) alleged by the Committee. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee shall submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Committee, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Committee and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Committee and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Committee will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations, but may present argument concerning the appropriateness of additional discipline. Pursuant to this process, Licensee waives a hearing before an administrative law judge, discovery, cross-examination of

adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but does not limit the Board's authority to impose discipline for the violation. A decision by the Committee not to seek discipline when it first learns of a violation does not waive the Committee's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's license is in a suspended status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's license, a period of suspension, conditions of reinstatement, or revocation of Licensee's license.

f. Nothing herein limits the Committee's or the Board's right to temporarily suspend Licensee's license as provided in Minnesota Statutes chapters 151 and 214, based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII. ADDITIONAL INFORMATION

15. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

16. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the

investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

17. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter shall constitute the entire record and may be reviewed by the Board in its consideration of this matter.

18. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

19. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

20. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it. If the Board rejects this Stipulation and Consent Order, the parties agree that this Stipulation and Consent Order will not be admissible in any proceedings.

21. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis

of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action, and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

22. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed health professional, and as such, is classified as confidential data pursuant to Minnesota Statutes section 13.41, subdivision 4.

23. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)	✓	
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4& 5 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
Case #		Governing, licensing, Arresting Presiding Body/Agency/Court		
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity				

Provide explanation below:

from 2008 through 2011 i was sued by lenders and banks arising out of my ownership and interest in Hudson Capital, LLC, a real estate development company. All cases were either dismissed, resolved or settled with no personal judgments being entered against me.

2022 . My Law Firm and I are currently defendants in a malpractice lawsuit wherein a former client claiming that my firm failed to properly warn him of potential wire fraud. The former client received false wire instructions and wired funds to unknown parties. This matter is currently pending and being defended by my insurance company.

BEFORE THE MINNESOTA

BOARD OF PHARMACY

In the Matter of
Polaris Pharmacy Services of Minnesota, LLC
License No. 265679

STIPULATION AND CONSENT ORDER

STIPULATION

Polaris Pharmacy Services of Minnesota, LLC ("Licensee") and the Minnesota Board of Pharmacy Committee on Professional Standards ("Committee") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to license and regulate pharmacies and to take disciplinary action as appropriate.

2. Licensee holds a pharmacy license from the Board and is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On August 18, 2021, Licensee met with the Committee to discuss the allegations described in a Notice of Conference. Board members Kendra Metz and Stuart Williams comprised the Committee. The Board's Executive Director, Cody Wiberg; Deputy Director, Jennell Bilek; and staff attorney, Brian Park, were also present. Alex Mountain, Assistant Attorney General, represented the Committee. Brian A. Dillon, of Lathrop GPM LLP, represented licensee and was

accompanied by Licensee's Pharmacist-in-Charge, Neil Uitto; Polaris' Chief Operating Officer, Steven Baker; and Polaris' Executive Vice President of Operations, Todd Zisek.

III.

FACTS

4. On or about November 1, 2018, the Board licensed Licensee as a pharmacy in Minnesota.

5. Licensee is a closed door, long-term care ("LTC") pharmacy that prepares sterile and non-sterile compounded drug products for dispensing.

6. Licensee has two affiliated pharmacy locations in Florida, both licensed by the Board as follows:

a. On or about July 8, 2016, the Board issued Polaris Rx, located in Fort Lauderdale, Florida ("Pharmacy 1"), non-resident pharmacy license #265101.

b. On or about December 5, 2018, the Board issued Polaris Pharmacy Services of Tampa, located in Tampa, Florida ("Pharmacy 2"), non-resident pharmacy license #265721.

7. On or about March 19, 2019, two Board Surveyors visited Licensee for the purpose of completing a routine inspection, met with the pharmacist-in-charge, and identified the following:

a. Seven pharmacy technicians registered by the Board and employed by Pharmacy 1 and Pharmacy 2, were living in Florida but listed their current physical address as Licensee's address in Minnesota.

b. During the inspection, the Board Surveyors cited Licensee for engaging in central services with Pharmacy 1 and Pharmacy 2, by allowing pharmacy technicians working in Florida to remotely perform data entry of prescription drug information for Minnesota patients into

Licensee's Frameworks LTC prescription processing and dispensing software system ("FW-LTC"), followed by verification of the data entry by Licensee's pharmacist staff members working in Minnesota ("Central Service").

c. Prior to beginning Central Service, Licensee failed to submit a copy of its policy and procedure manual and failed to obtain Board approval to participate in a Central Service arrangement with Pharmacy 1 and Pharmacy 2.

d. Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the March 2019 citation.

e. Licensee's nonsterile compounding records failed to include an assigned beyond use date ("BUD") for the final compounded drug product, or included a BUD exceeding those recommended within United States Pharmacopeia, General Chapter 795 for Pharmaceutical Compounding - Nonsterile Preparations ("USP 795"), without documentation of a reference for literature or a stability study applicable to the specific drug product allowing for extension of the BUD. Licensee avers that it responded to these findings by providing education to its staff to ensure compounded components included lot numbers, expiration dates, and BUDs, along with noting the supporting reference sources. Licensee states that it is not aware of any other issues regarding its compliance with BUD requirements since 2019.

8. On or about March 20, 2019, the Board received a complaint alleging that Licensee was utilizing pharmacy technicians from outside of Minnesota to enter prescription data. On or about April 9, 2019, a Board Surveyor reminded Licensee, after expanding its operations to 24-

hours, that pharmacy technicians working outside of its Minnesota location could not be used to help with covering the additional hours that the pharmacy is open, due to the lack of Board approved policies for Central Services with Pharmacy 1 and Pharmacy 2. As noted above, Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the Board's concern regarding the use of out-of-state technicians to enter prescription data.

9. On June 11, 2019, two Board Surveyors visited Licensee for the purpose of an investigation, met with representatives of the Licensee, and identified the following:

a. The pharmacist-in-charge stated that, as far as she was aware, Pharmacy 1 and Pharmacy 2, both located in Florida, were the only two locations providing Central Services for Licensee.

b. Licensee utilized a company named IND Consulting ("IND") for emergency kit ("E-kit") billing and entry of patient information when pharmacy services are initiated in a new LTC facility. IND's website states its staff are able to provide services including, but not limited to, billing services, medical record entry, and data entry solutions, with guaranteed staffing in fully operational data centers that are open 24 hours a day and 365 days a year, located within or outside of the United States across the globe in Mexico, India, the Philippines, and Florida. During the conference with the Committee, Licensee admitted that IND consulting had been used to enter prescription data for prescription drug orders ultimately dispensed by its

Minnesota pharmacy. Licensee cannot definitively state where individuals affiliated with IND were licensed or physically located when entering such data.

c. At the end of the visit, the Board Surveyor's provided an Investigative Report requesting additional information and reminding Licensee again that it cannot engage in Central Services without Board approval.

10. On February 12, 2020, two Board Surveyors visited Licensee for the purposes of an investigation, met with representatives of Licensee, and identified the following:

a. After arriving at 4:36 a.m., one of the Board Surveyors observed two of Licensee's pharmacy technicians were allowed badge access to the pharmacy entrance prior to the arrival of RPh 3 at around 5:55 a.m. One technician was found to be working in the sterile compounding area and another was logged into Licensee's computer. A representative of Licensee later stated that three pharmacy technicians had been given keys and passcodes to access Licensee's pharmacy. During its conference with the Committee, Licensee admitted that this allegation is true, but stated that senior management took corrective action upon learning of the situation, including immediately revoking the access code of all non-pharmacists and physically rekeying all doors within the pharmacy. Licensees avers that periodic security assessments confirm that no unauthorized persons have had access to the pharmacy since February 2020.

b. Six pharmacy technicians, including the IV pharmacy technician, were present in the "filling area" with only one pharmacist, who was the second pharmacist to arrive. Another pharmacist was in an "order entry" area, a distinctly different area separated by a wall and door. The Board Surveyors were told that additional pharmacy technicians were scheduled that morning to perform non-technician "staging or stocking" duties. However, the Board Surveyors observed that the additional pharmacy technicians that were supposedly scheduled to perform non-technician duties, were filling orders in the "filling area" to be checked by the one pharmacist.

Licensee avers that is does not have sufficient information to admit or deny the Board surveyors' observations, but that company policy requires compliance with required technician-to-pharmacist ratios.

IV.

LAWS

11. Licensee acknowledges the conduct described in section III above constitutes a violation of Minn. Stat. § 151.071, subd. 2(7), and warrants the disciplinary action described below.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

12. The Board **REPRIMANDS** Licensee and imposes a **CIVIL PENALTY** in the amount of $50,000 for the conduct described in section III above. The civil penalty shall be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of entry of this Order.

13. The Board places the following **CONDITION** on Licensee's License: every six months, for a period of three years, Licensee's CEO must certify to the Board's Executive Director that Licensee's licensed pharmacies that provide services to Minnesota residents are in full compliance with all applicable Minnesota statutes and rules.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

14. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Committee may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Committee shall schedule a hearing before the Board. At least 20 days before the hearing, the Committee must mail Licensee a notice of the violation(s) alleged by the Committee. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee shall submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Committee, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Committee and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Committee and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Committee will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations, but may present argument concerning the appropriateness of additional discipline. Pursuant to this process, Licensee waives a hearing before an administrative law judge, discovery, cross-examination of

adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but does not limit the Board's authority to impose discipline for the violation. A decision by the Committee not to seek discipline when it first learns of a violation does not waive the Committee's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's license is in a suspended status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's license, a period of suspension, conditions of reinstatement, or revocation of Licensee's license.

f. Nothing herein limits the Committee's or the Board's right to temporarily suspend Licensee's license as provided in Minnesota Statutes chapters 151 and 214, based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII. ADDITIONAL INFORMATION

15. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

16. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the

investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

17. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter shall constitute the entire record and may be reviewed by the Board in its consideration of this matter.

18. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

19. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

20. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it. If the Board rejects this Stipulation and Consent Order, the parties agree that this Stipulation and Consent Order will not be admissible in any proceedings.

21. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis

of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action, and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

22. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed health professional, and as such, is classified as confidential data pursuant to Minnesota Statutes section 13.41, subdivision 4.

23. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Daniel Simkin hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Manager (title) for Seven Hills Pharmacy, LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

1) Initial Inspection Information

3) What is the name and current version of the dispensing software being used by the pharmacy?

Observation
Pharmacy uses both Pioneer and TruePill operating system. Operating systems are client specific in their use. Pharmacy is phasing out use of Pioneer.

5) Facility description

Observation
Facility is a retail pharmacy servicing the patients of various online prescriber entities. Pharmacy has the ability to serve the community (walk-in patient). Pharmacy does not accept insurance. Pharmacy has limited drug stock. Pharmacy processes approximately 150 prescriptions per day. Pharmacy employs two pharmacists and one certified pharmacy technician. Pharmacy ships prescriptions to patients in Ohio and in other states using USPS, UPS, and FedEx.

2) * Licensing, Responsible Person and DEA Registration

1) Have there been any changes in the facility's ownership, business name or trade name, category, or address without submitting a new application to the Board?

No

2) Does the responsible person match what is indicated in eLicense?

Yes

3) Does the pharmacy have a valid registration issued by the Drug Enforcement Administration?

Yes

Observation
FS1293884 expires 2/28/2025

3) * Minimum Standards

1) Does the pharmacy have internet access to current federal and state laws, regulations, and rules governing the legal distribution of drugs in Ohio?

Yes

2) Does the pharmacy have access to the telephone number of a poison control center?

Yes

3) Are the pharmacy's hours publicly posted?

Yes

4) Are all pharmacy staff wearing name tags/badges that include the employee's job title?

Yes

7) Are the library and equipment housed in a suitable, well-lit and well-ventilated room or department and maintained in a clean, sanitary and orderly condition?

Yes

8) Are areas where drugs and devices are stored and prepared dry, well-lit, well-ventilated, and maintained in a clean, sanitary and orderly condition?

Yes

9) Are storage areas maintained at temperatures and conditions which will ensure the integrity of the drug stock?

Yes

4) Personnel

1) Are staff working at the pharmacy properly licensed/registered with the Board?

Yes

5) Are certified pharmacy technicians working within their applicable scope of practice?

Yes

8) Are pharmacy support personnel working within their permitted scope?

Not Applicable - No support personnel working or employed during inspection.

Observation
List of support personnel responsibilities: www.pharmacy.ohio.gov/supportres

OAC 4729:3-1-01 (Z)
(1) An individual employed or performing contracted services at a location licensed as a terminal distributor of dangerous drugs, trained to perform clerical duties associated with the practice of pharmacy, including pricing, cashiering, drug purchasing, delivering, scheduling deliveries, answering non-professional telephone inquiries, transportation of dispensed medications within a hospital, documenting and processing third-party billing information for reimbursement, or any other activity as determined by the board.

(2) An individual contracted by a terminal distributor of dangerous drugs to perform drug inventories.

(3) Except for those responsible for the delivery of dangerous drugs, support personnel shall not have unsupervised access to dangerous drugs.

(4) Support personnel shall not perform the tasks of a pharmacist, pharmacy intern, certified pharmacy technician, registered pharmacy technician, or pharmacy technician trainee.

(5) Support personnel may have access to or retrieve information from patient records, including a database or patient profile to perform clerical duties associated with the practice of pharmacy. Support personnel shall not enter prescription information into a patient profile.

(6) Support personnel may perform the following:

(a) Transporting dangerous drugs from a loading dock, warehouse or other area that receives shipments from a licensed wholesaler or other person licensed in accordance with section 4729.52 of the Revised Code; and

(b) Stocking and retrieving from inventory non-controlled dangerous drugs that are not dispensed by the pharmacy.

(7) The terminal distributor of dangerous drugs shall be responsible for ensuring all support personnel comply with state and federal requirements to ensure the confidentiality of patient health records.

(8) Stocking of automated drug dispensing units and floor stock with intravenous fluids that are non-controlled dangerous drugs and are not dispensed by an institutional pharmacy.*

(9) Overwrapping/placing in plastic dangerous drugs that have been compounded or dispensed (i.e. appropriately labeled) by a terminal distributor of dangerous drugs.*

(10) Entering demographic and insurance information into a patient's profile.*

10) Drug Purchases

1) Does the licensee maintain complete and accurate records of drugs purchased?

Yes

Observation
Wholesalers:

- McKesson
- TopRx
- Keysource
- Anda

2) Has the licensee performed and documented an annual query of eLicense prior to purchasing drugs at wholesale?

Yes

11) * Security, Control, and Storage of Dangerous Drugs

1) Is a pharmacist providing supervision of the dangerous drugs, hypodermics, D.E.A. controlled substance order forms, and all records relating to the distribution of dangerous drugs in the pharmacy?

Yes

3) Are all dangerous drugs, controlled substances, and hypodermics that are delivered onto the premises of the store or business are immediately placed and secured in the pharmacy under the physical control?

Yes

4) Are there any unauthorized persons present in the pharmacy?

No

7) Can the pharmacy be secured by a physical barrier or alarm system?

Yes

Observation
The only change to the barricade since March 2022 inspection was the replacement of the garage-style door. Door was replaced with a metal roll down bay-style door. Door is secured by the alarm system. No other changes to the barricade have been made since inspection in March 2022. Barricade is adequate.

8) Is a licensed pharmacist the only person with access to keys or other methods for accessing the pharmacy?

Yes

10) Does the pharmacy have a secure area only accessible by pharmacists for customers to deposit new or refill prescription orders when the pharmacy is closed?

No - Not applicable

11) Does the pharmacy maintain dangerous drugs or hypodermics outside of the confines of the pharmacy?

No

12) Does the pharmacy provide services by means of a secured drive-through facility?

No

12) Temperature Controls

1) Are refrigerators and/or freezers used for the storage of drugs maintained at the proper temperature?

Yes

Observation
Pharmacy has one refrigerator for vaccine storage. Pharmacy uses TempAlert to monitor the temperature of the refrigerator. Observed refrigerator to be at appropriate temperature. Pharmacy does not have vaccine stock or any refrigerator/freezer drug stock on site at the time of inspection.

2) Does the pharmacy have a policy to respond to any out of range individual temperature readings or excursions to ensure the integrity of stored drugs?

Yes

3) Are refrigerators and freezers use for the storage of drugs free of food or beverage products?

No

13) *Theft or Significant Loss of Drugs and Drug Documents

1) Has the licensee experienced any theft or significant loss of any dangerous drugs in the past twenty-four months?

No

3) REMINDER: Theft or significant loss of dangerous drugs and drug documents.

Observation
REMINDER

A licensee is required to report to the the Board and law enforcement authorities of any theft or significant loss of dangerous drugs (controlled and non-controlled prescription drugs) immediately upon discovery of the theft or significant loss. This includes dangerous drugs in transit that were either shipped from or to a prescriber, terminal distributor, or drug distributor.

A licensee is required to report, immediately upon discovery, to the Board and law enforcement authorities any theft or loss of uncompleted prescription blank(s) used for writing a prescription, D.E.A. controlled substance order forms (Form 222), written prescription order(s) not yet dispensed, and original prescription order(s) that have been dispensed.

For more information on reporting, visit: www.pharmacy.ohio.gov/theft

14) * Controlled Substance Inventory

1) Does the licensee conduct an annual inventory of controlled substances?

Yes

Observation
Pharmacy does not have any controlled substance drug stock on site at the time of inspection.
OAC 4729:5-3-07
All Category III licensees must complete an annual inventory even if drugs are not on-site (zero balance). Records of inventories must be maintained for at least three years. Inventories must follow the process for conducting a DEA controlled substance inventory.

16) Drug Collection Receptacles

1) Does the pharmacy operate a drug take back program (i.e. collection receptacle)?

No

17) Drug Samples

1) Does the pharmacy have sample drugs as part its inventory?

No

23) Return to Stock

4) Does the pharmacy use delivery agents?

Yes - Compliant

Observation
Pharmacy uses USPS, UPS, and FedEx. Pharmacy does not return any delivered drugs back to stock for redispensing. All drug stock returned from delivery agents are sent to Inmar for destruction.

8) REMINDER: The contents of a prescription vial or container shall not be returned to the manufacturer's stock bottle.

Observation
REMINDER: The contents of a prescription vial or container shall not be returned to the manufacturer's stock bottle.
OAC 4729:5-5-22 (B)(4)

25) Customized Medication Packaging (Adherence Packaging)

1) Does the pharmacy dispense customized patient medication packages (sometimes referred to as adherence packaging)?

No

27) Charitable Pharmacies

1) Is this pharmacy a charitable pharmacy?

No

31) *Expired/Adulterated Drugs

2) Are there expired/adulterated drugs present in the licensee's active drug stock?

No

33) Prescription Pick-Up Station

1) Does the pharmacy accept prescriptions from pick-up stations or other intermediaries?

No

39) Drug Repository Program

1) Does this pharmacy operate a drug repository program?

No

40) Temporary Removal of Drugs

1) Does the licensee engage in the temporary off-site storage of dangerous drugs?

No

46) Substance Abuse and Mental Health Resources for Healthcare Professionals

1) Substance Abuse and Mental Health Resources for Healthcare Professionals

Observation

The healthcare profession is not immune to substance use disorder and mental health conditions. Such medical conditions impair a healthcare professional's competency, ability, and judgment. Substance use disorder and/or mental health conditions that are left untreated may not only cause a healthcare professional to risk their career, but may also endanger the life of a patient.
These medical conditions can be effectively treated, and it is possible for healthcare professionals that are in treatment or recovery to return to practice.

The State of Ohio Boar of Pharmacy encourages all healthcare professionals who may be struggling with substance use disorder or mental health condition to seek help. The following are resources that can assist healthcare professionals in getting help: (the resources listed here are for informational purposes only and do not constitute an endorsement by the State of Ohio Board of Pharmacy. They do not represent a complete list of the resources available)

Ohio Careline 1-800-720-9616, emotional support, with referral to other resources if needed.
Crisis text line, text "4hope" to 741 741 to speak with a crisis counselor.
Treatment Bridge 1-877-275-6364, for addiction and mental health srevices.
National Suicide prevention dial 988, or call 1-800-273-8255.
Ohio Domestic Violence Network 1-800-934-9840
Pharmacist Rehabilitation Organization (www.ohiopro.org) for pharmacists and pharmacy interns.
Ohio Physicians Health Program (www.ophp.org)

50) Inspection Affirmation

1) Inspection Affirmation

Observation

As the person in charge at the time of this inspection, I affirm that I have reviewed this inspection report with the Specialist/Agent/Inspector, and understand its content.

If this inspection report requires a written response, I understand, per OAC 4729:5-3-03, that either of the following must be submitted to the State of Ohio Board of Pharmacy within 30 days of this inspection:

(1) The action(s) the licensee or applicant has taken to correct the violation(s) and the date of implementation of the corrective action(s); or

(2) An explanation disputing the observed violations.

I understand that if I am not the responsible person documented on this site's Ohio terminal distributor of dangerous drugs license, I will ensure the responsible person is provided a complete copy of this inspection report in a timely manner.

I further acknowledge that a written response does not release the licensee listed in this inspection report from potential disciplinary action.

Responses must be either emailed (with a copy of the inspection report) to writtenresponse@pharmacy.ohio.gov or mailed to 77 South High Street, 17th Floor, Columbus, Ohio 43215.

Louisiana Board of Pharmacy

The Louisiana Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated May 11, 2022. The pharmacy did not report the change of ownership in a timely manner. The Louisiana Board of Pharmacy approved the change of ownership application with a new permit number PHY.008479-NR as a successor to permit number PHY.007761-NR.

North Carolina Board of Pharmacy

The North Carolina Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated March 8, 2022. The pharmacy made inaccurate statements about its ownership and officers on its initial application in November 2017 and did not correct this until November 2021. The North Carolina Board of Pharmacy approved the change of ownership application with a new permit number 14900 as a successor to permit number 13413.

Maine Board of Pharmacy

The Maine Board of Pharmacy notified the pharmacy on March 30, 2022 that its non-resident license was terminated effective November 6, 2019 for reporting deficiencies related to its ownership. The pharmacy submitted a change of ownership application for licensure, and has been issued a new pharmacy license on November 2, 2022.

California Board of Pharmacy

The California Board of Pharmacy issued the pharmacy a letter of admonishment CI 2019 84877 dated January 23, 2020, concluding an investigation that found the pharmacy shipped a prescription to the wrong patient and shipped two prescriptions with the wrong return address.

The California Board of Pharmacy issued the pharmacy a modified citation and fine CI 2019 78633 dated June 16, 2020, with the fine amount of $0.00. In 2018, certain prescriptions were issued to the pharmacy by prescribers that were either not yet licensed to prescribe in California or who had not yet entered into an established standardized procedure or protocol developed by a supervising physician.

Also, The California Board of Pharmacy issued the pharmacy a citation and fine order of abatement CI 2020 89223 dated August 25, 2021, with the fine amount of $5,000. The pharmacy was in violation when dangerous drugs were stored in temperatures exceeding the recommended storage temperatures Truepill did not consider the manufacturer's stability data for drugs which may have been adulterated by heat.

JURISDICTION: Bus. & Prof. Code § 4314; CCR, title 16, § 1775; Bus. & Prof. Code § 4301, subd. (o)

VIOLATION CODE SECTION	OFFENSE	AMT OF FINE
Bus. & Prof. Code § 4059 subd. (a)/Bus. & Prof. Code § 4067 subd. (a)	Furnishing dangerous drugs without a prescription/Internet; Dispensing Dangerous Drugs or Devices without Prescription; No person shall dispense or furnish, or cause to be furnished dangerous drugs...on the internet...without a prescription issued pursuant to a good faith examination	Citation without a fine
Bus. & Prof. Code § 4174	Dispensing on order of nurse practitioner or person of similar status.	Citation without a fine

CONDUCT:

Furnishing Dangerous Drugs or Devices Prohibited Without Prescription: Business and Professions Code 4059 (a) states in pertinent part a person may not furnish any dangerous drug, except upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7. A person may not furnish any dangerous device, except upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7. In conjunction with Business and Professions Code 4067 (a) which states no person or entity shall dispense or furnish, or cause to be dispensed or furnished, dangerous drugs or dangerous devices, as defined in Section 4022, on the Internet for delivery to any person in this state without a prescription issued pursuant to a good faith prior examination of a human or animal for whom the prescription is meant if the person or entity either knew or reasonably should have known that the prescription was not issued pursuant to a good faith prior examination of a human or animal, or if the person or entity did not act in accordance with Section 1761 of Title 16 of the California Code of Regulations and (f) for the purposes of this section, "good faith prior examination" includes the requirements for a physician and surgeon in Section 2242. In conjunction with Business and Professions Code 2290.5 (a) For purposes of this division, the following definitions shall apply: (3) "Health care provider" means either of the following: (A) a person who is licensed under this division. Between 4/1/2018 to 10/31/2018, Postmeds Inc. (PHY56100) located at 3121 Diablo Ave. Hayward, CA dispensed prescriptions issued by prescribers who were not licensed in California. Specifically, 2 prescriptions were issued by Nurse Practitioner Jenny Ingle; 9 prescriptions were issued by Dr. Brook Randal; 6 prescriptions were issued by Dr. Jessica Rubino and 4 prescriptions were issued by Dr. Sudhi Trye. These prescribers were not licensed in California at the time the prescriptions were initiated and shipped to a California resident. Postmeds pharmacy dispensed the prescriptions issued by unlicensed prescribers to

California residents in violation of Business and Professions Code 4059 (a) and Business and Professions Code 4067 (a).

Dispensing by Pharmacist Upon Order of Nurse Practitioner: Business and Professions Code 4174 states in pertinent part notwithstanding any other law, a pharmacist may dispense drugs or devices upon the drug order of a nurse practitioner functioning pursuant to Section 2836.1 or a certified nurse-midwife functioning pursuant to Section 2746.51, a drug order of a physician assistant functioning pursuant to Section 3502.1 or a naturopathic doctor functioning pursuant to Section 3640.5, or the order of a pharmacist acting under Section 4052.1, 4052.2, 4052.3, or 4052.6. Postmeds Inc. (PHY56100) located at 3121 Diablo Ave. Hayward, CA dispensed prescriptions issued by Nurse Practitioners and Physicians Assistants who had not yet entered into an established standardized procedure or protocol developed by a supervising physician. Between 4/1/2018 and 10/31/2018, the following prescribers issued prescriptions to Postmeds without an established protocol in place: Physician's Assistant Leanne Mays issued 8 prescriptions and Physician's Assistant Susan Owen issued 6 prescriptions. Between 4/1/2018 and 10/31/2018, the following prescribers issued prescriptions to Postmeds entering into a protocol after the prescriptions were issued: Nurse Practitioner Joni Gunzburger issued 4,782 prescriptions; Nurse Practitioner Cristin Hackel issued 10,819 prescriptions and Nurse Practitioner Jessica Horwitz issued 4,711 prescriptions. Postmeds Pharmacy dispensed the prescriptions issued by Nurse Practitioners and Physicians Assistants who had not yet entered into standardized procedures or protocols as required by Business and Professions Code 4174.

January 23, 2020

VIA CERTIFIED MAIL

LETTER OF ADMONISHMENT

TRUEPILL
ATTN: MOHAMMAD UMAR AFRIDI, CEO
3121 DIABLO AVE
HAYWARD, CA 94545

RE: CI 2019 84877
TRUEPILL
PHY 56100

This LETTER OF ADMONISHMENT is being issued pursuant to Business and Professions Code section 4315 for failure to comply with the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the board's website at www.pharmacy.ca.gov, under Forms and Publications.)

The Board of Pharmacy has completed its investigation in the above referenced matter. All documentation and/or statements relating to the investigation have been accepted and included in an Investigation Report on file in this office. Facts contained in this report lead to the conclusion that the following violations of pharmacy laws or regulations have occurred:

JURISDICTION: Bus. & Prof. Code § 4315; 1764/56.10(a) - Unauthorized disclosure of prescription and medical information

Unauthorized disclosure of prescriptions: California Code of Regulations section 1764 states in pertinent part that no pharmacist shall exhibit, discuss, or reveal the contents of any prescription or any medical information furnished by the prescriber with any person other than the patient or his or her authorized representative and Civil Code section 56.10 subdivision (a) states, in pertinent part, no provider of health care shall disclose medical information regarding a patient of the provider of health care without first obtaining an authorization. Truepill Pharmacy was not in compliance with these regulations. Specifically, on 4/17/2019, Truepill Pharmacy (PHY56100) located at 3121 Diablo Avenue in Hayward, CA shipped prescription RX#1186395 to the wrong person. The prescription was intended for AR but was shipped to the address of MS in error. Also, Truepill Pharmacy shipped prescriptions to patients with a shipping label showing the return address of NuRx located at 6838 Ellicott Drive in East Syracuse, NY and from Apostrophe located at 330 2nd Street in Oakland, CA. NuRx and Apostrophe are not licensed pharmacies and prescription packages returned as undeliverable to these locations would cause the disclosure of medical information without authorization.

Shipping prescriptions to an unauthorized person violates California Code of Regulations section 1764 and Civil Code 56.10.

If you wish to contest this Letter of Admonishment, you may do so by submitting, within 30 days of the date of service of this Letter of Admonishment, namely February 22, 2020, the attached "Request for an Office Conference" form. If an office conference is not requested, compliance with the Letter of Admonishment shall not constitute an admission of the violations described in the Letter of Admonishment.

Unless it is dismissed following an office conference or you receive other instructions from the Board in writing, Pharmacy Law requires that you maintain and have readily available for inspection a copy of this Letter of Admonishment and any written corrective action plan, if any, for at least three years from the date of issuance at the top of this letter. The Letter of Admonishment will be considered a public record for purposes of disclosure for three years from issuance. The issuance of this Letter of Admonishment does not limit the board's ability to pursue other disciplinary or administrative action under Business and Professions Code section 4315, subdivision (f).

If you have any questions regarding this Letter of Admonishment, please contact Barbera Schleicher, Public Inquiry Analyst at (916) 518-3081.

Sincerely

Virginia Herold

RE: CI 2020 89223
TRUEPILL
PHY 56100

The attached Citation CI 2020 89223, has been issued to TRUEPILL, PHY 56100. A copy has been sent to the pharmacy, and a copy is being sent to the pharmacist-in-charge for informational purposes only. As pharmacist in charge it is your responsibility to insure the pharmacy's compliance with the term(s) and condition(s) of the citation by the date(s) ordered, and to ensure the pharmacy's compliance with all pharmacy laws.

The Citation references the specific statutes and regulations violated, and defines each violation charged. The Citation details the conduct that resulted in the issuance of the citation. In addition the citation may also include information regarding fine(s) assessed. If fine(s) have been assessed, the citation specifies the amount and the specific violation for which the fine was levied.

If you have any questions please contact Joshua Monforte, Citation and Fine Analyst at (916) 518-3014.

BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

CITATION AND FINE
ORDER OF ABATEMENT

COPY

Citation Number	Name, License No
CI 2020 89223	TRUEPILL, PHY 56100

JURISDICTION: Bus. & Prof. Code § 4314; CCR, title 16, § 1775; Bus. & Prof. Code § 4301, subd. (o)

VIOLATION CODE SECTION	OFFENSE	AMT OF FINE
CCR, Title 16, § 1714 subd. (b)	Operational Standards and Security; pharmacy responsible for pharmacy security	$5,000.00
Bus. & Prof. Code § 4169 subd. (a)(2)/Health & Safety Code § 111295	Prohibited Acts; Purchase, trade, sell, or transfer dangerous drugs to that the person knew or reasonably should have known were adulterated.../It is unlawful for any person to manufacture, sell, deliver, hold, or offer for sale any drug or device that is adulterated	Citation without a fine

CONDUCT:

California Code of Regulations 1714, section b states, (b) Each pharmacy licensed by the board shall maintain its facilities, space, fixtures, and equipment so that drugs are safely and properly prepared, maintained, secured and distributed. The pharmacy shall be of sufficient size and unobstructed area to accommodate the safe practice of pharmacy. Specifically, Truepill Pharmacy, PHY56100, located at 3121 Diablo Ave, Hayward, CA 94545 was in violation when they failed to keep dangerous drugs stored according to policy and procedure 2001.4, Oversight of Pharmacy Safety, which states: "The Pharmacy will make all attempts at maintaining a room temperature below 85F and ideally between 68-77F". Between 7/1/2020 and 9/14/2020, on numerous occasions, dangerous drug storage temperatures, summarized in Table 2, exceeded the recommended storage temperatures. The most egregious of these temperature spikes were:

a)On 8/13/2020, in the cage area of the warehouse, dangerous drugs were stored approximately 161 hours over 77 F and 47 hours over 85F.
b)On 9/6/2020, in the cage area of the warehouse, dangerous drugs were stored approximately 59 hours over 77 F and 17 hours above 85F.
c)On 8/13/2020, in the Parata Automated dispensing machine located in the warehouse, dangerous drugs were stored for approximately 163 hours above 77 F and 44 hours above 85 F.

Business and Professions Code 4169 section (a), subdivision (2) states, A person or entity shall not do any of the following: (2) Purchase, trade, sell, or transfer dangerous drugs that the person knew or reasonably should have known were adulterated, as set forth in Article 2 (commencing with Section 111250) of Chapter 6 of Part 5 of Division 104 of the Health and Safety Code as it relates to Health and Safety Code 111295 which states, It is unlawful for any person to manufacture, sell, deliver, hold or offer for sale any drug or device that is adulterated. Specifically, Truepill Pharmacy, PHY56100, located at3121 Diablo Ave, Hayward, CA 94545 was in violation when they used the MKT calculation alone instead of in conjunction with manufactures stability data as stated in USP <1079>, which provides guidance for assessing possible adulteration to dangerous drugs stored at the pharmacy due to excessive heat. In particular, USP<1079> states, "Knowing the MKT for an excursion is useful for evaluating the potential impact on product quality. However, it is also essential to know the upper and lower temperature limits of any excursion. If these extreme temperatures are outside available stability data, it may not be possible to predict the quality impact of the excursion with any confidence regardless of the MKT. At higher temperatures the kinetics of degradation may change or new degradation reactions may occur. Truepill Pharmacy did not consider the manufacture's stability data for at least 72 dangerous drugs stored in the cage area of the warehouse which were held and offered for sale when determining if a dangerous drug was adulterated by the extreme heat, summarized in Table 3. For each one of the 72 dangerous drugs, the maximum temperature for storage was listed by the manufacturer as 77F or storage information was not listed. As there was no stability temperature for at least the 72 drugs in question and per USP<1079>, the MKT cannot be without the stability data, these drugs which were held and offered for sale were adulterated.

ORDER OF ABATEMENT

By the Abatement date/payment date submit to the Board the following:

- Either (1) full payment of the assessed fine(s) in the amount of $5,000.00; or payment in the amount of $1,000.00 and (2) provide proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within ninety (90) days.

COPY

If you choose option (2), within 90 days of this citation, you shall submit proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations. Any failure to do so shall be deemed a failure to meet the abatement requirements of this citation.

If you timely submit proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within 90 days from the date the citation was issued, this citation shall be reduced to $1,000.00 and proof of compliance of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations shall be considered satisfactory abatement of the citation.

If you fail to submit proof of compliance of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within 90 days from the date the citation was issued, the stay shall be lifted and the fine(s) in the amount of $5,000.00 shall be due and owing from you within thirty (30) days of any such failure.

CITATION ISSUED ON: August 25, 2021	TOTAL AMOUNT OF FINE(S): $5,000.00

PROOF OF ABATEMENT AND PAYMENT OF FINE(S) DUE BY: September 24, 2021

LOUISIANA BOARD OF PHARMACY

BATON ROUGE, LOUISIANA

IN THE MATTER OF: **CONSENT ORDER**

POSTMEDS, INC.

LOUISIANA PHARMACY PERMIT NO. 7761 **Case No. 21-0456**

****

CONSENT AGREEMENT

WHEREAS, an informal conference was conducted by the Violations Committee of the Louisiana Board of Pharmacy (hereinafter referred to as the "Board") on March 16, 2022 at the Board office, 3388 Brentwood Drive, Baton Rouge, LA 70809, in the matter of POSTMEDS, INC. (hereinafter referred to as "Respondent"), holding Louisiana Pharmacy Permit No. 7761, 3121 Diablo Ave., Hayward, CA 94545-2701, with attorney Skip Philips and Postmeds Corporate Counsel Donnie Simkin appearing on behalf of Respondent.

WHEREAS, WHEREAS, on August 27, 2018, the Louisiana Board of Pharmacy issued a non-resident pharmacy permit, PHY.007761-NR, to Postmeds Inc. At that time, Postmeds Inc. was 31.5% owned by Mohammad Umar Afridi, 31.5% owned by Siddharth Viswanathan, 16.5% owned by Initialized III L.P., and 20.5% owned by others with no individual owner holding more than 4%. On December 17, 2021 the Board received an "Application for New Louisiana Pharmacy Permit for Nonresident Pharmacy" from Postmeds, Inc. d/b/a Truepill. Accompanying correspondence and organization chart detailed a 100% change in the ownership structure of Postmeds Inc., effective November 6, 2019. Postmeds Inc. went from being owned 31.5% by Mohammad Umar Afridi, 31.5% by Siddharth Viswanathan, 16.5% by Initialized III L.P., and 20.5% by others with no individual owner holding more than 4%, to being owned 100% by Truepill, Inc.

WHEREAS, the Board alleges that such actions constitute violations of the following:

La. R.S. 37:1241 (A)(1): Practiced or assisted in the practice of pharmacy, or knowingly permitted or has permitted anyone in his employ or under his supervision to practice or assist in the practice of pharmacy, in violation of the provisions of this Chapter and any rules and regulations promulgated thereto in accordance with the Administrative Procedure Act.

La. R.S. 37:1221(B). No out-of-state pharmacy providing pharmacy services to residents of this state shall open, establish, operate, or maintain a pharmacy, located out-of-state, unless the pharmacy is issued a permit by the board.

La. R.S. 37:1222(A). A person applying for a permit to open, establish, operate, or maintain a pharmacy, within or outside of this state, shall complete an application in such form and contain such data as the board may require, and complete such other requirements as deemed necessary by the board, including but not limited to designation and identification of a pharmacist-in-charge.

La. R.S. 37:1222(E). A permit to operate a pharmacy shall not be transferable.

La. R.S. 37:1232(A). A pharmacy located outside this state which does business in this state within the meaning of this Chapter, shall hold a current pharmacy permit as provided in this Chapter. The pharmacy shall be designated a "nonresident pharmacy" and the permit shall be designated a "nonresident pharmacy permit."

LAC, Title 46: LIII §1101(A). Individuals, partnerships, corporations, limited liability companies, or associations desiring to operate a pharmacy in Louisiana, or outside the state where prescriptions drugs/devices are dispensed and delivered to Louisiana residents, shall execute an application for a pharmacy permit for their particular classification of pharmacy.

LAC, Title 46: LIII §1135(A)(1)(e). The holder of a pharmacy permit shall notify the board, in writing, prior to the transfer of ownership, in order for the board to complete an inspection of the pharmacy premises. A change of ownership of a pharmacy is evident under the following conditions: a 50 percent, or more, change in ownership of a corporation, limited liability company, or association since the issuance of the original permit or the last renewal application.

LAC, Title 46: LIII §1135(A)(2). The new owner(s) of the pharmacy shall submit a properly completed pharmacy permit application, with appropriate fee, to the board.

LAC, Title 46: LIII §1135(A)(4). Pharmacy permits are not transferable from the original holder(s) of the permit to the new owner(s).

LAC, Title 46: LIII §2305(A). The out-of-state pharmacy shall apply for a permit and annual permit renewals on forms provided by the board.

LAC, Title 46: LIII §2307(C). Authority and Accountability. The designated pharmacist-in-charge of the pharmacy and the pharmacy owner(s), or partners, or corporate officer(s) of the permit holder, where applicable, shall be responsible for the complete supervision, management, and compliance with all federal and state pharmacy laws and regulations pertaining to the practice of pharmacy of the entire prescription department. This responsibility necessarily includes accountability for any violation involving federal or state laws or regulations occurring within the prescription department supervised by a pharmacist-in-charge.

To facilitate the submission of this Consent Agreement, Respondent does not contest the allegations and agrees that there is sufficient evidence upon which to predicate a finding of those violations.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

In order to avoid further administrative and judicial proceedings, Respondent hereby consents to accept and abide by the following order of the Board:

POSTMEDS, INC., holder of Louisiana Pharmacy Permit No. 7761, is ordered to pay a fine of $10,000.00 and to reimburse the Board $250.00 for administrative costs, and $324.48 for investigative costs with total payment due the Board of $10,574.80, due by *certified check or money order* to be paid simultaneously with the execution of this Consent Agreement by Respondent.

By signing this Consent Agreement, Respondent agrees that the Board has jurisdiction in this matter, waives all rights to informal conference, to Notice of Hearing, to a formal Administrative Hearing and to judicial review of this Consent Agreement. Moreover, at no time shall Respondent request the expungement, rescission or removal of this Consent Agreement.

By signing this Consent Agreement, Respondent agrees that any failure to comply with the terms of this Agreement is a basis for discipline by the Board.

Both Respondent and the Board stipulate that this Consent Order shall not become effective and shall not become binding on the Board unless and until approved by the Board at formal meeting. However, Respondent agrees that this Consent Order shall be effective and binding upon Respondent without recourse upon its authorized representative signing said Order.

Respondent agrees to authorize the Board to report this action to the National Practitioner Data Bank – Healthcare Integrity and Protection Data Bank (NPDB-HIPDB) as required by law.

I, Matt Davis-Ratner, authorized to act on behalf of and acting on behalf of **POSTMEDS, INC.**, understand that this Consent Agreement is effective as a Board Order upon affirmative vote by the Board at formal hearing. It is also understood that, should the Board not approve this Consent Agreement, the agreement therein does not preclude the Louisiana Board of Pharmacy from requiring a formal hearing of this case.

It is further understood that, should this Consent Agreement not be accepted by the Board, the presentation to and consideration by the Board of this Agreement, including presented documentary evidence and information, shall not unfairly or illegally prejudice or preclude the Board or any of its members from further participation in hearings or resolution of these proceedings.

STATE OF NORTH CAROLINA
NORTH CAROLINA BOARD OF PHARMACY

IN THE MATTER OF	)	
	)	
POSTMEDS, INC. d/b/a Truepill,	)	**CONSENT ORDER**
	)	**OF DISCIPLINE**
Permit No. 13413 and Its Successor Permit(s).	)	

THIS MATTER came to be considered before a member of the North Carolina Board of Pharmacy (hereinafter, the "Board") pursuant to 21 N.C.A.C. 46 .2008. The Conference was scheduled for Thursday, February 24, 2022, and, after appropriate notice, was heard on that day by Board member Wallace E. Nelson. Respondent PostMeds, Inc. was informed of its right to be present at the pre-hearing conference and declined. The Board's General Counsel, Clinton R. Pinyan, represented the Board.

Respondent has agreed to waive a formal hearing in the above-referenced matter. It stipulates and agrees to the findings of fact and conclusions of law recited herein and to the order of discipline imposed. By its consent, Respondent also stipulates that it waives its right to appeal this Consent Order or challenge in any way the sufficiency of the findings of this Order as a basis for the action taken. Based upon the consent of the parties, the Board hereby enters the following:

FINDINGS OF FACT

1. On November 20, 2017, the Board issued Permit No. 13413 to Respondent PostMeds, Inc. d/b/a Truepill (Permit No. 13413) ("PostMeds").

2. On PostMeds' initial permit application, its then-pharmacist manager, Mohammad Umar Afridi, submitted an inaccurate statement that he was the sole owner and officer of PostMeds. In fact, PostMeds now acknowledges that Afridi and Siddharth

Viswanathan each owned 47 percent of PostMeds on November 20, 2017, with others owning six percent, and that Viswanathan was also an officer of PostMeds.

3. Viswanathan and the minority owners' interests would not have raised questions about the permit application in this particular case. If PostMeds had disclosed the true ownership and officers of PostMeds, the Board still would have granted PostMeds a permit. However, it was an inaccurate statement that Afridi, as the person who submitted the application, knew was inaccurate. That statement prevented the Board from vetting Viswanathan as the owner of the pharmacy. Because of the inaccuracy of the representations, the initial permit was void ab initio.

4. In November 2019, PostMeds went through a corporate restructuring. During that restructuring, Truepill, Inc. was created as a holding company for PostMeds. At that time, Truepill, Inc. became the sole owner of PostMeds. Afridi, Viswanathan and the other former direct owners of PostMeds became indirect owners with the same ownership interests in the holding company, Truepill, Inc., that they had before the transfer of ownership.

5. This restructuring required PostMeds to submit a transfer of ownership application and have that application granted before the restructuring closed. PostMeds failed to do this. Therefore, even if the initial permit had been valid (which it was not), it would have become invalid upon the corporate restructuring.

6. Insertion of a new holding company between the ultimate owners and PostMeds would not have raised questions about the permit application in this particular case. The ownership interests of the ultimate owners did not change. If PostMeds had disclosed the new holding company, the Board still would have granted the transfer of ownership. However,

PostMeds failed to submit the transfer of ownership application or otherwise disclose the interests of Truepill, Inc.

7. In each of its subsequent renewals, PostMeds failed to correct the ownership information that it had inaccurately submitted on its initial application or to list Truepill, Inc., as the direct owner of the pharmacy.

8. On November 4, 2021, counsel for PostMeds informed the Board that its "current ownership information on file with the North Carolina Board of Pharmacy is out of date." Upon follow-up questioning, the next day, PostMeds disclosed that it should have submitted a transfer of ownership application in November 2019. It further was apparent from the ownership information that PostMeds provided that Afridi made inaccurate representations about ownership and officers on PostMed's initial application that had never been corrected.

9. PostMeds agreed to stop shipping any drugs, devices or medical equipment into the State of North Carolina until the matter was resolved. It further agreed to stop shipping or dispensing any drugs, devices or medical equipment from six other pharmacies under its ownership until the matter was resolved (even though those pharmacies did not receive permits until after the transfer of ownership had occurred, and so did not suffer from the same problem).

10. PostMeds submitted a transfer of ownership application promptly.

11. Although PostMed's disclosure of its inaccuracies was tardy, its remedial actions are a mitigating factor in this matter.

CONCLUSIONS OF LAW

1. Reporting of correct and complete ownership information on an initial pharmacy permit application or a renewal application is material, indeed essential, to the Board's ability to ensure that a pharmacy will provide services safely and competently to the public.

2. PostMeds made inaccurate statements about its ownership and officers on its initial application, which it failed to correct at any point through its 2022 renewal. That initial permit was therefore void ab initio and violated G.S. § 90-85.38(b).

3. The creation of Truepill, Inc. as a holding company further triggered a requirement to report the ownership change and obtain a successor permit, and to do so before the closing of the transaction that created Truepill, Inc. The transaction "result[ed] in a different person . . . owning more than 50 percent interest in the permit holder . . . ." 21 NCAC 46.1603. Failure to apply for and obtain a successor permit prior to the transaction, and a continuing failure to disclose the ownership interest of Truepill, Inc., violated G.S. § 90-85.38(b).

IT IS THEREFORE ORDERED:

PostMeds was in violation of G.S. § 90-85.38(b) in North Carolina from November 20, 2017 until at least November 4, 2021. Respondent PostMed's Permit No. 13413 was **VOID** from the time that it was granted on November 20, 2017. G.S. § 90-85.38(c).

Respondent PostMed's change of ownership application is **APPROVED** as a successor permits to Permit No. 13413 (the "Successor Permit") with the following **CONDITIONS**:

1. PostMeds shall provide timely advance notice of any contemplated change in ownership to the current pharmacist-manager and any future pharmacist-manager(s) of the Successor Permit. PostMeds shall consult with the Successor Permit's pharmacist-manager(s) to determine whether any contemplated transaction triggers the need to obtain new permits. PostMeds shall authorize the Successor Permit's pharmacist-manager(s) to take any necessary action to update that ownership information with the Board or to apply for new permits. If a contemplated transaction triggers the need for new permits, PostMeds shall not complete that

transaction unless and until either the Board issues new permits or PostMeds ceases all practice of pharmacy at the permitted location.

2. The Successor Permit shall violate no laws governing the practice of pharmacy or the distribution of drugs.

3. The Successor Permit shall violate no rules or regulations of the Board.

4. If the Successor Permit fail to comply with any term or condition of this Order, it may be subject to additional disciplinary action by the Board.

This is the 8th day of March, 2022

NORTH CAROLINA BOARD OF PHARMACY

President

Respondent PostMeds, Inc. has full knowledge that it has the right to a formal hearing, at which it would have the right to be represented at its expense by counsel, in this matter. Respondent freely, knowingly and voluntarily waives its right to such a hearing by entering into this Consent Order.

Respondent understands and agrees that by entering into this Consent Order, it certifies that it has read the foregoing Consent Order and that it voluntarily consents to the terms and conditions set forth therein and relinquishes any right to judicial review of Board actions that may be taken concerning this matter.

Respondent further understands that should it violate the terms and conditions of this Consent Order, the Board may take additional action.

Respondent understands and agrees that this Consent Order will not become effective unless and until approved by the Board.

Respondent understands that it has the right to have counsel of its choice review and advise them with respect to their rights and this Consent Order, and represents that it enters this Consent Order after consultation with counsel or after knowingly and voluntarily choosing not to consult with counsel. Respondent further agrees that the person who is executing this Consent Order has been duly authorized by any required corporation action to execute on behalf of Respondent.

DEA license FP6189725

DEA Order to Show Cause
Although the matter remains pending and no discipline has issued, for transparency with the Board and out of an abundance of caution, the Pharmacy wishes to disclose that on December 15, 2022, the federal Drug Enforcement Agency ("DEA") issued the Pharmacy an administrative Order to Show Cause ("OSC") regarding revocation of its DEA registration FP6189725. On January 13, 2023, the Pharmacy answered the OSC.

Kansas Board of Pharmacy
The Kansas Board of Pharmacy issued the pharmacy an amended Summary Order effective February 8, 2023. The pharmacy did not report the change of ownership in a timely manner, and paid a fine. The Kansas Board of Pharmacy approved the change of ownership application, and issued license 22-117859 on May 20, 2022.

Louisiana Board of Pharmacy
The Louisiana Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated May 11, 2022. The pharmacy did not report the change of ownership in a timely manner. The Louisiana Board of Pharmacy approved the change of ownership application with a new permit number PHY.008479-NR as a successor to permit number PHY.007761-NR.

North Carolina Board of Pharmacy

The North Carolina Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated March 8, 2022. The pharmacy made inaccurate statements about its ownership and officers on its initial application in November 2017 and did not correct this until November 2021. The North Carolina Board of Pharmacy approved the change of ownership application with a new permit number 14900 as a successor to permit number 13413.

Maine Board of Pharmacy

The Maine Board of Pharmacy notified the pharmacy on March 30, 2022 that its non-resident license was terminated effective November 6, 2019 for reporting deficiencies related to its ownership. The pharmacy submitted a change of ownership application for licensure, and has been issued a new pharmacy license on November 2, 2022.

California Board of Pharmacy

The California Board of Pharmacy issued the pharmacy a letter of admonishment CI 2019 84877 dated January 23, 2020, concluding an investigation that found the pharmacy shipped a prescription to the wrong patient and shipped two prescriptions with the wrong return address.

The California Board of Pharmacy issued the pharmacy a modified citation and fine CI 2019 78633 dated June 16, 2020, with the fine amount of $0.00. In 2018, certain prescriptions were issued to the pharmacy

by prescribers that were either not yet licensed to prescribe in California or who had not yet entered into an established standardized procedure or protocol developed by a supervising physician.

Also, The California Board of Pharmacy issued the pharmacy a citation and fine order of abatement CI 2020 89223 dated August 25, 2021, with the fine amount of $5,000. The pharmacy was in violation when dangerous drugs were stored in temperatures exceeding the recommended storage temperatures Truepill did not consider the manufacturer's stability data for drugs which may have been adulterated by heat.

IN THE MATTER OF

Truepill
3121 Diablo Ave
Hayward, CA 94545

DEA Certificate of Registration FP6189725

ORDER TO SHOW CAUSE

Telemedicine is an important tool for providing increased access to medical treatment that has been relied upon by hundreds of millions of Americans since the onset of the COVID-19 pandemic in 2020. Unfortunately, this access is being exploited by a subset of medical practitioners and businesses seeking opportunities to profit by wrongfully providing controlled substances without a legitimate medical purpose.

DEA has an obligation to protect the public by ensuring that pharmacists only fill prescriptions for controlled substances which are prescribed for legitimate medical purposes by practitioners acting in the usual course of professional practice. It is critical that entities engaged in the practice of online pharmacy are appropriately registered and subject to reporting, disclosure, and other requirements imposed under law. These requirements allow entities engaged in the legitimate practice of telemedicine to continue safely providing critical services and protect the safety and health of the American public.

The Ryan Haight Online Pharmacy Consumer Protection Act of 2008 (Ryan Haight Act) and its implementing regulations prohibit actors from operating as an "online pharmacy" without the appropriate DEA registration. Truepill does not have the requisite registration to act as an online pharmacy. But since September 2020, it has acted as an online pharmacy, and in a two-year period filled 72,000 controlled substance prescriptions, of which 60% were for stimulants, such as amphetamines used in the treatment of Attention Deficit/Hyperactivity Disorder (ADHD).

Truepill was the pharmacy for telehealth companies, including Cerebral, that marketed ADHD treatments, including Adderall ® and its generic forms, directly to consumers using Internet advertisements and social media. Cerebral arranged for patients to receive prescriptions for ADHD treatments through a telehealth visit, and for Truepill to fill those prescriptions. In numerous instances, Truepill dispensed controlled substances pursuant to prescriptions that were not issued for a legitimate medical purpose in the usual course of professional practice. Many of these prescriptions were written by providers that lacked the requisite state certifications to prescribe and who issued multiple prescriptions for a patient to receive more than a 90-day supply of a

Schedule II controlled substance, including prescriptions for the treatment of ADHD, in violation of federal regulations.

Accordingly,

PURSUANT to Sections 303 and 304 of the Controlled Substances Act, Title 21, United States Code, Sections 823 and 824,

NOTICE is hereby given to afford Truepill an opportunity to Show Cause before the Drug Enforcement Administration (DEA), at the DEA Hearing Facility, 700 Army Navy Drive, 2nd Floor, Arlington, Virginia 22202, or a location designated by the Administrative Law Judge, on March 21, 2023, or on such a subsequent date designated by the Administrative Law Judge (if Truepill requests such a hearing), as to why DEA should not revoke Truepill's DEA Certificate of Registration (COR or registration), Number FP6189725, pursuant to 21 U.S.C. § 824(a)(4), and deny any applications for any other DEA registrations, because Truepill's registration would be inconsistent with the public interest, as that term is defined in 21 U.S.C. § 823(f).

As detailed below, this Order states DEA's basis to revoke the above-referenced DEA registration, including a ***non-exhaustive summary*** of the matters of fact and law at issue, as well as citations to laws and regulations that Truepill has violated (*see* 21 C.F.R. §§ 1301.36(e) and 1301.37(c), which DEA construes *in pari materia*). In order to preserve Truepill's rights in this proceeding, Truepill may appear in these revocation proceedings by filing a notice of appearance or request for hearing in the manner prescribed by regulations within 30 days from the receipt of this Order. On or before the date of Truepill's appearance, Truepill may submit a corrective action plan that will be considered by DEA in accordance with 21 U.S.C. § 824(c).

LEGAL REQUIREMENTS

Entities That Must Register as Online Pharmacies

Federal law proscribes any person from distributing or dispensing a controlled substance except as authorized by the Controlled Substances Act (CSA). *See* 21 U.S.C. §§ 841(a)(1); 842(a)(1). Federal law further explicitly provides that it is unlawful for "any person" to "deliver, distribute, or dispense a controlled substance by means of the Internet, except as authorized" by the CSA. 21 U.S.C. § 841(h)(1).

An "online pharmacy" is "a person, entity, or Internet site . . . that knowingly or intentionally delivers, distributes, or dispenses, or offers or attempts to deliver, distribute, or dispense, a controlled substance by means of the Internet." 21 U.S.C. § 802(52)(A); *see also* 21 C.F.R. § 1300.04(h) (same). Further, the term "'deliver, distribute, or dispense by means of the Internet' refers, respectively, to any delivery, distribution, or dispensing of a controlled substance that is caused or facilitated by means of the Internet." 21 U.S.C. § 802(51). To act as an online pharmacy, a pharmacy must "request that the Administrator modify its registration to authorize the pharmacy to dispense controlled substances by means of the Internet as an online pharmacy." 21 C.F.R. § 1301.19(a); *see* 21 C.F.R. § 1301.11(b).

The CSA instructs that "it is unlawful for any person who falls within the [CSA's] definition of 'online pharmacy' . . . to deliver, distribute, or dispense a controlled substance by means of the

Internet" unless that person is "validly registered with a modification of such registration authorizing such activity." 21 C.F.R. § 1301.11(b). "Accordingly, any pharmacy registered" with DEA "that falls within the definition of an online pharmacy and proposes to dispense controlled substances by means of the Internet must obtain a modification of its registration authorizing such activity." *Id.*; *see also* 21 C.F.R. § 1301.19(f) ("No person . . . required to obtain a modification of a registration . . . authorizing it to operate as an online pharmacy may engage in any activity for which such modification of registration is required until the application for such modified registration is granted and an active Certificate of Registration indicating the modification of the registration has been issued by the Administrator to such person."). The CSA explicitly provides that "delivering, distributing, or dispensing a controlled substance by means of the Internet by an online pharmacy that is not validly registered with a modification authorizing such activity" is a violation of section 841(h)(1). 21 U.S.C. § 841(h)(2)(A).

Requirements Applicable to Online Pharmacies

An online pharmacy is subject to a number of requirements under the CSA. Among other things, an online pharmacy must:

- "[D]isplay in a visible and clear manner on its homepage a statement that it complies with the requirements of this section with respect to the delivery or sale or offer for sale of controlled substances." 21 U.S.C. § 831(a); 21 C.F.R. § 1304.45(a); *see also* 21 U.S.C. § 802(53) ("The term 'homepage' means the opening or main page or screen of the website of an online pharmacy that is viewable on the Internet.").

- Post "in a visible and clear manner" on its homepage or a page clearly linked from its homepage, the following information:

    - "The name, professional degree, and States of licensure of the pharmacist-in-charge, and a telephone number at which the pharmacist-in-charge can be contacted."

    - "A list of the States in which the pharmacy is licensed to dispense controlled substances."

    - "A certification that the pharmacy is registered under" the CSA "to deliver, distribute, or dispense" controlled substances "by means of the Internet."

    - The following statement: "This online pharmacy is obligated to comply fully with the Controlled Substances Act and DEA regulations. As part of this obligation, this online pharmacy has obtained a modified DEA registration authorizing it to operate as an online pharmacy. In addition, this online pharmacy will only dispense a controlled substance to a person who has a valid prescription issued for a legitimate medical purpose based upon a medical relationship with a prescribing practitioner. This includes at least one prior in-person medical evaluation in accordance with section 309 of the Controlled Substances Act (21 U.S.C. 829) or a medical evaluation via telemedicine in

accordance with section 102(54) of the Controlled Substances Act (21 U.S.C. 802(54))."

See 21 U.S.C. § 831(c); 21 C.F.R. § 1304.45.

- Notify the DEA Administrator, thirty days before offering a controlled substance for sale, delivery, distribution, or dispensing, of, among other things: the information the online pharmacy is required to post on its Internet site under 21 U.S.C. § 831(c), and 21 C.F.R. § 1304.45; each Internet site address used by the online pharmacy; the DEA registration numbers of every pharmacy that delivers, distributes or dispenses controlled substances pursuant to orders made through each of those identified websites; and a certification that the information provided on its Internet site under 21 U.S.C. § 831(c), and 21 C.F.R. § 1304.45 is true and accurate. *See* 21 U.S.C. § 831(d); 21 C.F.R. § 1304.40(b).

- Display on its homepage a declaration that it has made an appropriate notification to the DEA Administrator. *See* 21 U.S.C. § 831(e); 21 C.F.R. § 1304.40(d).

- Monthly report to the DEA Administrator of the total quantity of controlled substances the online pharmacy has dispensed for each calendar month in which it dispenses either 100 or more controlled substance prescriptions, or 5,000 or more dosage units of controlled substances. If the pharmacy's dispensing does not meet either threshold in a given month, it must report a negative response for that month. *See* 21 C.F.R. § 1304.55.

Requirements Applicable to All Pharmacies

A "prescription for a controlled substance may only be filled by a pharmacist, acting in the usual course of his professional practice." 21 C.F.R. § 1306.06. A pharmacist is only permitted to fill prescriptions "issued for a legitimate medical purpose by an individual practitioner acting in the usual course of his professional practice." 21 C.F.R. § 1306.04(a). Although "[t]he responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, . . . a corresponding responsibility rests with the pharmacist who fills the prescription." *Id.*

"DEA has consistently interpreted this provision as prohibiting a pharmacist from filling a prescription for a controlled substance when [s]he either knows or has reason to know that the prescription was not written for a legitimate medical purpose." *Wheatland Pharmacy*, 78 Fed. Reg. 69,441, 69,445 (2013) (internal quotation marks and citation omitted, alternation in original). Section 1306.04(a) "expressly requires pharmacists to identify and resolve suspicions that a prescription is illegitimate." *Trinity Pharmacy II*, 83 Fed. Reg. 7304, 7331 (2018).

A violation of these regulations is a violation of federal law. *See* 21 U.S.C. § 842(a)(1) (making it unlawful to dispense controlled substances in violation of 21 U.S.C. § 829, whose scope is defined in part by 21 C.F.R. §§ 1306.04, 1306.06). Any attempt to violate these regulations is also a violation of federal law. *See* 21 U.S.C. § 846.

Additionally, DEA may find that a registrant's DEA COR is inconsistent with the public interest if the registrant acted carelessly or negligently in handling controlled substances, even if the registrant did not intend to violate the Controlled Substances Act. *See, e.g., Med. Shoppe*, 79 Fed. Reg. 59,504, 59,506 (2014) ("Careless or negligent handling of controlled substances creates the opportunity for diversion and [can] justify revocation or denial." (quoting *Paul J. Caragine, Jr.*, 63 Fed. Reg. 51,592, 51,601 (1998))).

Pharmacies are also required to keep appropriate records as set forth in the CSA. "Recordkeeping is one of the CSA's principal tools for preventing the diversion of controlled substances." *Wayne Pharmacy*, 85 Fed. Reg. 63,579, 63,582 (2020). Such recordkeeping is one of the central features of the CSA's regulatory regime because "a registrant's accurate and diligent adherence to this obligation is absolutely essential to protect against the diversion of controlled substances." *Superior Pharmacy I & Superior Pharmacy II*, 81 Fed. Reg. 31,310, 31,337 (2016). Thus, a finding that a registrant "failed to maintain complete and accurate records . . . supports the conclusion that [the registrant] has committed such acts as to render its continued registration 'inconsistent with the public interest.'" *Id.* at 31,338 (quoting 21 U.S.C. § 824(a)(4)).

Pharmacies are also required to, among other things, "maintain, on a current basis, a complete and accurate record of each [controlled] substance . . . received, sold, delivered, or otherwise disposed of." 21 U.S.C. § 827(a)(3); 21 C.F.R. § 1304.21(a); *see also* 21 C.F.R. § 1304.22(c) (specific recordkeeping requirements for dispensers).

An individual practitioner is not authorized, on a single occasion, to issue multiple prescriptions for a patient to receive more than a 90-day supply of a Schedule II controlled substance. *See* 21 C.F.R. § 1306.12(b).

State of California Authority to Dispense Controlled Substances

As noted above, a pharmacy may only fill valid prescriptions. *See* 21 U.S.C. § 829; 21 C.F.R. § 1306.06.

California law provides that to practice as a nurse practitioner in California, a nurse practitioner must hold, among other things, a valid and active registered nursing license issued by the Board of Registered Nursing (Nursing Board). Cal. Bus. & Prof. Code § 2835.5. Additionally, for a nurse practitioner licensed in California to prescribe a controlled substance, the Nursing Board must certify that the nurse practitioner satisfactorily completed a course in pharmacology covering the controlled substances to be prescribed and must issue a Furnishing Number to the nurse practitioner. *See id.* §§ 2836.1(g)(1), 2836.2, 2836.3.

To practice as a doctor of naturopathic medicine in California, one must hold a valid and active naturopathic medicine license issued by the California Naturopathic Medicine Committee. *See* Cal. Bus. & Prof. Code §§ 3630, 3633, 3644(d)(2). Schedule III through V controlled substances may only be dispensed by a naturopathic doctor under supervision by a physician or surgeon and pursuant to standardized procedures or protocols established between them. *See* Cal. Bus. & Prof. Code § 3640.5(f).

To practice as a physician assistant in California, one must hold a valid physician assistant license issued by the California Physician Assistant Board. *See* Cal. Bus. & Prof. Code § 3519;

see also Cal. Bus. & Prof. Code §§ 3501, 3503, 3516. Schedule II through V controlled substances may only be prescribed by a physician assistant under supervision by a physician or surgeon and pursuant to a practice agreement. *See* Cal. Bus. & Prof. Code §§ 3502.1 and 3516.

Additionally, practitioners licensed outside California may only be authorized to practice within California by the California Director of Emergency Medical Services Authority during a gubernatorially declared state of emergency. *See* Cal. Bus. and Prof. Code § 900.

BACKGROUND

1. Truepill is registered as a retail pharmacy under DEA COR Number FP6189725 in Schedules II through V with a registered address of 3121 Diablo Avenue, Hayward, California 94545. Truepill's registration expires by its own terms on November 30, 2025.

2. Truepill is not registered as an online pharmacy with DEA.

3. Truepill is licensed by the State of California as a community pharmacy with license number PHY58585. Truepill's pharmacy license expires by its own terms on March 1, 2023.

4. Between on or about September 14, 2020, and September 13, 2022, of the more than 72,000 controlled substances Truepill filled, nearly 46,000 were stimulants, accounting for more than 60% of the controlled substances Truepill dispensed.

5. Truepill's DEA COR should be revoked, and any applications for registration should be denied, because Truepill has committed such acts as would render its registration inconsistent with the public interest. *See* 21 U.S.C. §§ 823(f), 824(a)(4). Specifically, Truepill has acted as an online pharmacy without obtaining an appropriate DEA registration and without meeting a number of legal requirements applicable to online pharmacies. Truepill has, on numerous occasions, unlawfully filled controlled stimulant prescriptions issued by prescribers with no state authority to issue such prescriptions. Truepill has also repeatedly filled controlled stimulant prescriptions there were for more than a 90-day supply, in violation of 21 C.F.R. § 1306.12(b).

6. Dextroamphetamine-amphetamine, which is often sold under the brand names Adderall® and Adderall XR®, is a Schedule II stimulant.

7. Methylphenidate, which is often sold under the brand name Ritalin®, is a Schedule II stimulant.

OPERATING AS AN ONLINE PHARMACY WITHOUT DEA REGISTRATION

8. Truepill provides both pharmacy and technical services to corporate customers, including telehealth companies such as Cerebral. Moreover, Truepill employs a number of customer service representatives to assist its corporate customers.

9. On its Internet site, Truepill describes itself as a "virtual pharmacy," providing "[a]n end-to-end virtual pharmacy experience." Furthermore, Truepill claims that "Truepill's virtual pharmacy enables you to create the convenient experience your customers want."

10. Truepill provides its corporate customers with a software platform containing, among other things, patient information, prescriber information, and prescription information to facilitate the delivery of prescriptions by means of the Internet.

11. Truepill's Internet site also extensively describes how its software programs assist its corporate customers in providing patients with prescriptions. Among other things, the Truepill's Internet site includes the following statements:

    a. Truepill states that it can help companies "[d]eliver medications to your patients using powerful programmatic APIs [Application Programing Interfaces] that give you full control." It further states that these companies can "[p]air our pharmacy fulfillment services with our telehealth solutions to make your programs more accessible to patients who may find it difficult to commute to a doctor's office."

    b. Truepill informs that it provides other software that uses the Internet to facilitate the filling of prescriptions, including, among others, telehealth APIs to help practitioners create and update patient records, and to provide the practitioners' patients with patient health questionnaires, all in "the Truepill ecosystem." Truepill makes clear that its telehealth API customers are "third-party provider networks and physician groups that that can diagnose, treat and prescribe for your patient population. These providers are all part of licensed professional medical corporations who are independently owned and operated."

    c. Truepill explains that it uses a "fulfillment API" to assist providers to "efficiently get medications to your patient's door across all 50 states." Truepill goes on to explain how its software platform uses the Internet to electronically create patient records, obtain prescriptions, and allow practitioners to create fill requests that they submit to Truepill electronically.

    d. Truepill states that it offers a "team of marketers, merchandisers, and fulfillment experts" to help telehealth companies "maximize the value of your e-commerce program."

12. Through these services, Truepill "deliver[ed], distribute[ed], or dispense[ed]" "a controlled substance by means of the Internet," despite not being registered as an online pharmacy, in violation of 21 U.S.C. § 841(h)(1) and 21 C.F.R. §§ 1301.11(b) & 1301.19(f).

FAILURE TO MAKE AND DISPLAY REQUIRED REPORTS AND NOTIFICATIONS

13. Despite operating as an online pharmacy, Truepill failed to put on its Internet site information required by the CSA, including:

a. A statement on its homepage that Truepill complies with the requirements of 21 U.S.C. § 831 with respect to the delivery or sale or offer for sale of controlled substances, in violation of 21 U.S.C. § 831(a) and 21 C.F.R. § 1304.45(a).

b. A visible and clear statement on its homepage, or a page clearly linked from its homepage including:

   i. the name, professional degree, and states of licensure of its pharmacist-in-charge;

   ii. a telephone number at which its pharmacist-in-charge can be contacted;

   iii. a list of states in which Truepill is licensed to dispense controlled substances;

   iv. a certification that Truepill is licensed under the CSA to deliver, distribute, or dispense controlled substances by means of the Internet; and

   v. the following statement: "This online pharmacy is obligated to comply fully with the Controlled Substances Act and DEA regulations. As part of this obligation, this online pharmacy has obtained a modified DEA registration authorizing it to operate as an online pharmacy. In addition, this online pharmacy will only dispense a controlled substance to a person who has a valid prescription issued for a legitimate medical purpose based upon a medical relationship with a prescribing practitioner. This includes at least one prior in-person medical evaluation in accordance with section 309 of the Controlled Substances Act (21 U.S.C. 829) or a medical evaluation via telemedicine in accordance with section 102(54) of the Controlled Substances Act (21 U.S.C. 802(54)).";

all in violation of 21 U.S.C. § 831(c) and 21 C.F.R. § 1304.45.

14. Truepill failed to notify the DEA Administrator of the information listed in 13.b., *supra*, through the submission of an application for a modified registration thirty days before offering a controlled substance for sale, delivery, distribution, or dispensing together with a certification that such information is true and accurate, in violation of 21 U.S.C. § 831(d) and 21 C.F.R § 1304.40(a)(1). Truepill also did not notify the DEA Administrator of each Internet site address it used, nor of the DEA registration numbers of every pharmacy that delivers, distributes or dispenses controlled substances pursuant to orders made through each of those identified websites, in violation of 21 U.S.C. § 831(d) and 21 C.F.R. § 1304.40(b)(3) and (4).

15. Truepill failed to display on the homepage of its Internet site that it had made an appropriate notification to the DEA Administrator under 21 U.S.C. § 831(d) and 21 C.F.R. § 1304.40(b), in violation of 21 U.S.C. § 831(e) and 21 C.F.R. § 1304.40(d).

16. Truepill failed to the provide the DEA Administrator with any of the monthly reports required by 21 C.F.R. § 1304.55.

UNLAWFUL DISPENSING OF SCHEDULE II CONTROLLED SUBSTANCES PURSUANT TO PRESCRIPTIONS FOR GREATER THAN 90-DAY SUPPLY

17. Between on or about September 13, 2020, and September 13, 2022, in dozens of instances, Truepill dispensed Schedule II controlled substances for prescriptions written on a single date by an individual practitioner to an individual patient for a greater than 90-day supply. A non-exhaustive set of examples is provided below.

18. On August 24, 2020, a practitioner issued **Patient N.S.** five prescriptions amounting to a 150-day supply of dextroamphetamine-amphetamine extended release (ER) 10 mg capsules, which are often sold under the brand name Adderall XR®, a total of 300 capsules, which Truepill dispensed.

19. On January 12, 2021, a practitioner issued **Patient L.H.** four prescriptions amounting to a 120-day supply of methylphenidate 20 mg tablets, which are often sold under the brand name Ritalin®, a total of 120 tablets, which Truepill dispensed.

20. On January 12, 2021, a practitioner issued **Patient L.H.** four prescriptions amounting to a 120-day supply of methylphenidate ER 54 mg tablets, which are often sold under the brand name Ritalin®, a total of 120 tablets, which Truepill dispensed.

21. On February 11, 2021, a practitioner issued **Patient D.K.** two prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine 20 mg tablets, which are often sold under the brand name Adderall®, a total of 120 tablets, which Truepill dispensed.

22. On February 11, 2021, a practitioner issued **Patient D.K.** two prescriptions amounting to a 180-day supply of dextroamphetamine-amphetamine ER 30 mg capsules, which are often sold under the brand name Adderall XR®, a total of 180 capsules, which Truepill dispensed.

23. On March 9, 2021, a practitioner issued **Patient H.M.** three prescriptions amounting to a 210-day supply of dextroamphetamine-amphetamine 10 mg tablets, which are often sold under the brand name Adderall®, a total of 315 tablets, which Truepill dispensed.

24. On November 8, 2021, a practitioner issued **Patient N.B.** four prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine ER 15 mg capsules, which are often sold under the brand name Adderall XR®, a total of 120 capsules, which Truepill dispensed.

25. On November 8, 2021, a practitioner issued **Patient N.B.** four prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine 5 mg tablets, which are often sold under the brand name Adderall®, a total of 120 tablets, which Truepill dispensed.

UNLAWFUL DISPENSING OF CONTROLLED SUBSTANCES PURSUANT TO PRESCRIPTIONS ISSUED BY PRACTITIONERS WITHOUT STATE AUTHORITY

26. Between on or about September 13, 2020, and September 13, 2022, Truepill dispensed controlled substances to patients located in California pursuant to prescriptions written by numerous practitioners who were neither sufficiently licensed in California to do so nor holders of an Authorization for Out-of-State Health Care Practitioner issued by the California Emergency Medical Services Authority (Temporary Emergency Authorization). These practitioners included nurse practitioners, physician assistants, and doctors of naturopathic medicine.

27. A non-exhaustive set of insufficiently licensed practitioners who also did not hold a Temporary Emergency Authorization include: **Nurse Practitioner N.B.**; **Nurse Practitioner T.C.**; **Nurse Practitioner D.S.**; **Nurse Practitioner H.M.**; **Nurse Practitioner J.M.**; **Nurse Practitioner A.N.**; **Nurse Practitioner S.O.**; **Nurse Practitioner A.S.**; and **Nurse Practitioner N.S.**

RECORDKEEPING AND AUDIT FINDINGS

28. In September and October of 2022, DEA investigators conducted an audit of Truepill's controlled substance records by conducting an inventory of certain controlled substances present at Truepill's registered location and comparing that inventory to the records maintained and provided by Truepill. DEA's audit identified 1,674 missing dosage units of dextroamphetamine-amphetamine ER 20 mg, often sold under the brand name Adderall XR®, for which Truepill was unable to account, in violation of 21 C.F.R. §§ 1304.21(a) and 1304.22(c). *See Bill Lloyd Drug*, 64 Fed. Reg. 1,823, 1,824 (1999) ("The shortages and overages revealed by the accountability audit show that Respondent does not keep complete and accurate records of its controlled substance handling as required by 21 U.S.C. 827 and 21 CFR 1304.21.").

29. This shortage of 1,674 units constituted over two percent of the dextroamphetamine-amphetamine ER 20 mg, often sold under the brand name Adderall XR®, for which Truepill was accountable during the audit period. Truepill's failure to account for a significant number of dosage units of controlled substances not only violated its obligation to maintain accurate records, but also constituted a failure to comply with its obligation to maintain effective controls against the diversion of controlled substances into illicit channels. *See, e.g.*, *Superior Pharmacy*, 81 Fed. Reg. at 31,337.

THE following procedures are available to Truepill in this matter:

1. Within 30 days after the date of receipt of this Order to Show Cause, Truepill may file with DEA a written request for a hearing in the form set forth in 21 C.F.R. § 1316.47. *See* 21 C.F.R. § 1301.43(a). If Truepill fails to file such a request, the hearing shall be cancelled in accordance with paragraph 3, below.

2. Within 30 days after the date of receipt of this Order to Show Cause, Truepill may file with DEA a waiver of hearing together with a written statement regarding its position on the matters of fact and law involved. *See* 21 C.F.R. § 1301.43(c).

3. Should Truepill decline to file a request for a hearing, or should Truepill request a hearing and then fail to appear at the designated hearing, Truepill shall be deemed to

have waived the right to a hearing, and DEA may cancel such hearing and may enter a final order in this matter without a hearing based upon the evidence presented. *See* 21 C.F.R. §§ 1301.43(d), 1301.43(e).

Requests for hearing should be filed by email with the Office of Administrative Law Judges at the following address: ECF-DEA@dea.gov, with a copy simultaneously provided to the Government at the following address: DEA.Registration.Litigation@dea.gov. Except as provided below with respect to a corrective action plan, correspondence concerning this matter, including requests referenced in paragraphs 1 and 2 above, should be addressed to the Hearing Clerk, Office of Administrative Law Judges, Drug Enforcement Administration, 8701 Morrissette Drive, Springfield, VA 22152. A copy of the same shall also be served on Government counsel, Edward O. Siclari, and be addressed to the Office of Chief Counsel, Diversion and Regulatory Litigation Section, 8701 Morrissette Drive, Springfield, VA 22152. Matters are deemed filed upon receipt by the Hearing Clerk. *See* 21 C.F.R. § 1316.45.

OPPORTUNITY TO SUBMIT CORRECTIVE ACTION PLAN

In addition to the procedural options set forth in paragraphs 1 and 2 above, in accordance with 21 U.S.C. § 824(c)(2)(C), Truepill has the opportunity to submit a corrective action plan, which must be received by the Acting Assistant Administrator, Diversion Control Division, on or before the date of its appearance. Truepill is not required to submit a corrective action plan, nor will any adverse inference be drawn if Truepill chooses not to do so. If Truepill wishes to submit a corrective action plan, it must be submitted directly to the Acting Assistant Administrator, Diversion Control Division, who will decide whether, in view of the plan and the allegations set forth in this Order to Show Cause, the proceedings to revoke Truepill's registration should be discontinued, or deferred for the purposes of modification, amendment, or clarification of such plan. Any corrective action plan should be clearly labeled "Corrective Action Plan" and submitted by email to Thomas W. Prevoznik, Acting Assistant Administrator, Diversion Control Division, at the following address: CAPresponse@usdoj.gov.

A copy of the corrective action plan shall also be served on Government counsel, Edward O. Siclari, and be addressed to the Office of Chief Counsel, Diversion and Regulatory Litigation Section, 8701 Morrissette Drive, Springfield, VA 22152.

In the event Truepill submits a corrective action plan and the Acting Assistant Administrator decides not to discontinue or postpone the proceedings, please note that such a decision is not a final determination by the agency regarding Truepill's corrective action plan or registration. In such circumstances, the Administrator may nonetheless consider the corrective action plan in issuing the final order at the conclusion of the proceedings.

Finally, please be advised that the submission of a corrective action plan shall not constitute a request for a hearing under paragraph 1 above or a written statement regarding Truepill's position on the matters of fact and law involved under paragraph 2 above. As indicated, if Truepill chooses to submit a corrective action plan and also wishes to proceed under paragraph 1 or 2 above, it must separately submit its request for a hearing (paragraph 1) or written statement (paragraph 2) in accordance with the instructions above.

BEFORE THE KANSAS BOARD OF PHARMACY

In the Matter of	)	
	)	Case No. 22-183
PostMeds, Inc dba Truepill	)	
	)	
Registration No. 22-117859	)	

AMENDED SUMMARY ORDER

NOW on this 20th day of January, 2023, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of PostMeds, Inc dba Truepill ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Amended Summary Order in the above-captioned matter. After reviewing the investigation materials and being otherwise duly advised in the premises, makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board has previously issued Respondent Registration No. 22-104228 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas.

2. On November 6, 2019, the ownership of Respondent's non-resident pharmacy changed.

3. On May 22, 2020, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 3, 2020 with an expiration date of June 30, 2021. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?"

Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

4. On June 1, 2021, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 21, 2021 with an expiration date of June 30, 2022. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?" Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

5. Due to staffing challenges, personnel turnover and administrative oversight resulting from its early, rapid growth and restructuring and the corresponding COVID-19 pandemic, Respondent mistakenly failed to report the 2019 ownership change and related disclosures to the Board in its May 22, 2020 and June 1, 2021 renewal applications.

6. On April 18, 2022, the Board received notification from Respondent of an ownership change and several past disciplinary actions not previously reported to the Board including: North Carolina Board of Pharmacy Consent Order of Discipline dated March 8, 2022; California State Board of Pharmacy Letter of Admonishment dated January 23, 2020; California State Board of Pharmacy Citation and Fine dated June 16, 2020; California State Board of Pharmacy Citation and Fine Order of Abatement dated August 25, 2021; Alabama State Board of Pharmacy Final Order dated October 25, 2021; California State Board of Pharmacy Citation and Fine dated January 24, 2019; and California State Board of Pharmacy Citation dated December 16, 2019.

7. On April 28, 2022, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application ("Respondent's Application"), notifying of the change in ownership effective November 6, 2019, and applying for a new non-resident pharmacy registration under the new ownership.

8. On May 20, 2022, the Board approved Respondent's Application and issued Respondent the new Non-Resident Pharmacy Registration No. of 22-117859 ("Respondent's Registration") under their new ownership.

9. Prior to receiving the ownership change application, registrant provided a letter notifying of the late ownership change, as well as unreported discipline. Ownership change application completed indicating discipline had occurred and providing details of discipline (5 occurrences).

10. In mitigation, Respondent states that it has invested in additional staff, engaged internal and external legal counsel and implemented training efforts to prevent any such reporting oversights in the future.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f), the Board may take action against a registration on any ground that would authorize the board to take action against the registration of a pharmacy under K.S.A. 65-1627, and amendments thereto.

3. Pursuant to K.S.A. 65-1627(e)(1), the Board may take action against the registration of a pharmacy upon a finding that such pharmacy has been operated in such manner

that violations of the provisions of the pharmacy act of the state of Kansas or of the rules and regulations of the board have occurred in connection therewith.

4. Pursuant to K.S.A. 65-1627(e)(4), the Board may take action against the registration of a pharmacy upon a finding that the registrant has had a registration revoked, suspended or limited, has been censured or has had other disciplinary action taken, or an application for registration denied, by the proper registering authority of another state, territory, District of Columbia or other country.

5. Pursuant to K.S.A. 65-1657, no nonresident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

6. Pursuant to K.S.A. 65-1645(f), registrations shall not be transferable.

7. Pursuant to K.A.R. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

8. Pursuant to K.A.R. 68-2-23, each pharmacy owner shall notify the board in writing within 30 days of any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against the pharmacy or the pharmacy owner or any application, license, registration, or permit held by the pharmacy owner.

9. Respondent's registered facility changed ownership on November 6, 2019 but Respondent did not provide notification or file a new application with the Board until April 18 and 28, 2022, respectively.

10. Respondent's failure to submit the complete change of ownership to the Board until April 2022 is a violation pursuant to K.A.R. 68-2-9 and an unlawful transfer of the previous

registration to the new ownership. Respondent's actions are a violation pursuant to K.S.A. 65-1657 and K.S.A. 65-1627(e)(1), and a basis to take action against Respondent's Registration.

11. Respondent failed to notify the Board of the six disciplinary actions by North Carolina, California, and Alabama until April 18, 2022, nearly one to two years after they were effective, is a violation of K.A.R. 68-2-23 and a basis to take action against Respondent's Registration pursuant to K.S.A. 65-1627(e)(1) and (e)(4).

ORDER

Taking into account the mitigating and corrective actions of Respondent, the Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of $3,500.00. Respondent has 30 days from the date of this order to pay the fine.

NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

Alexandra Blasi
Executive Secretary
Kansas Board of Pharmacy
800 SW Jackson, Suite 1414
Topeka, KS 66612

IT IS SO ORDERED.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)	✓	
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?	✓	
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).	✓	
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4 & 6 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
1/24/2019		CA		
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
CI 2017 80030		California Board of Pharmacy		
Reason/Charge				
Failure to provide documentation substantiating completion of continuing education. Unprofessional conduct				
Plaintiff/Defendant/Claimant/Respondent		**Lawsuit/Arbitration/Bankruptcy**		
Name of Business/Industry/Entity				

Provide explanation below:

CI 2017 80030 issued on January 24, 2019
Mr. Afridi received a citation and fine following an audit of the Continuing Education ("CE") requirements imposed on pharmacists by the State of California. California Board of Pharmacy alleges Mr. Afridi had not completed all CE requirements to maintain his California Registered Pharmacist license.

Mr. Afridi has paid the fine imposed by the California Board of Pharmacy. Upon receipt of the fine, the California Board of Pharmacy considered the matter closed and took no further action. Mr. Afridi's California Registered Pharmacist License remains active in good standing.

Mr. Afridi has since registered for the NABP CE Monitor tracking service, enabling him to remain compliant now and in the future.

Reason/Charge				
Failure to timely notify the Alabama Board of Pharmacy of the California Board of Pharmacy Citation and Fine				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
Name of Business/Industry/Entity				

Provide explanation below:

21-L-0080 issued on October 25, 2021
Alabama Board of Pharmacy issued a Final Order to Mr. Mohammad Afridi, Alabama Registered Pharmacist #20384, regarding the California Board of Pharmacy Citation and Fine described below. Alabama Board of Pharmacy scheduled a reciprocal discipline hearing on the matter. The hearing was to discuss the California Board of Pharmacy Citation and Fine and to issue reciprocal discipline. Alabama Board of Pharmacy fined Mr. Afridi for failure to timely notify the Alabama Board of Pharmacy of the California Board of Pharmacy Citation and Fine. Mr. Afridi paid the fine to the Alabama Board of Pharmacy. Upon receipt of the fine, the Alabama Board of Pharmacy considered the matter closed and took no further action. Mr. Afridi's Alabama Registered Pharmacist License remains active in good standing.

Provide explanation below:

Mohammed Afridi does not have a direct ownership interest in any licensed pharmacy. Mr. Afridi does have an ownership interest in the grandparent level holding company of licensed pharmacies. In the interests of transparency the following pharmacies (also owned by Postmeds Inc) were voluntarily closed:

Lake Forest Pharmacy, LLC - closed on 6/23/22
Belle Isle Pharmacy, LLC - closed on 6/23/22
Wind City pharmacy, LLC - closed on 6/14/22
Queen City Pharmacy, LLC - closed on 8/17/2022

The following pharmacies have also closed since the initial submission of this application:
Overlake Pharmacy, LLC - closed on 03/15/23
LA Pharmacy, LLC - closed on 03/15/23
Marymoor Pharmacy, LLC - closed on 04/21/23
River City Pharmacy, LLC - closed on 04/14/23

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Christopher Spitzer Pharmacist Registration #: 03236754

Pharmacy Name: Seven Hills Pharmacy, LLC

Initial each statement below to indicate you have read and agree with the following:

CS I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

CS I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

CS I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

CS I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

CS I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in <u>any</u> state?		✔
3. Have you been the subject of a board citation or an administrative action whether completed or pending in <u>any</u> state?		✔
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in <u>any</u> state?	✔	

If you marked YES to any questions above, include the following information and provide a <u>signed statement of explanation</u>. <u>Copies of any documents that identify the circumstance or contain an order, agreement or other disposition is required.</u>

Christopher Spitzer, RPh **License No. 03-236754**
[redacted] Gardenside Lane
Loveland, Ohio 45140

SETTLEMENT AGREEMENT WITH THE STATE OF OHIO BOARD OF PHARMACY

This Settlement Agreement (Agreement) is entered into by the State of Ohio Board of Pharmacy (Board) and Christopher Spitzer, RPh, for the purpose of resolving all issues between the parties relating to the Board investigation of Christopher Spitzer and CVS Pharmacy #6123 for failing to report a pharmacist for arriving to work his scheduled shift at CVS Pharmacy while impaired and under the influence of alcohol. Together, the Board and Christopher Spitzer are referred to hereinafter as "the parties."

JURISDICTION

1. Pursuant to Section 4729.16 of the Ohio Revised Code and the rules adopted thereunder, the Board has the authority to suspend, revoke, restrict, limit, or refuse to grant or renew any license issued pursuant to Sections 4729.07 and 4729.08 of the Ohio Revised Code to practice pharmacy in the state of Ohio.

2. Christopher Spitzer is a licensed pharmacist in the state of Ohio under license number 03-236754, who was listed as the District Manager at CVS Pharmacy #6123, located at 7500 Beechmont Avenue, Cincinnati, Ohio, at the time of the Allegations in the Notice of Opportunity for Hearing dated March 9, 2022.

FACTS

1. The Board initiated an investigation of Christopher Spitzer, pharmacist license number 03-236754, and CVS Pharmacy #6123 for failing to report a pharmacist for arriving to work his scheduled shift at CVS Pharmacy while impaired and under the influence of alcohol.

2. On or about March 9, 2022, the Board sent a Notice of Opportunity for Hearing to Christopher Spitzer, which outlined the allegations and provided notice of his right to a hearing, his rights in such hearing, and his right to submit contentions in writing.

3. On or about March 31, 2022, Christopher Spitzer, timely requested an administrative hearing, which was subsequently scheduled for April 6, 2022. Settlement of this matter was reached prior to hearing.

WHEREFORE, the parties desire to resolve the issues relating to the above-referenced findings without resorting to further administrative proceedings.

TERMS

NOW THEREFORE, in consideration of the mutual promises herein expressed, the parties knowingly and voluntarily agree as follows:

1. The recitals set forth above are incorporated in this Settlement Agreement as though fully set forth herein.

2. Christopher Spitzer neither admits nor denies the allegations stated in the Notice of Opportunity for hearing letter dated March 9, 2022; however, the Board has evidence sufficient to sustain the allegations, finds them to violate Ohio's pharmacy law as set forth in the Notice, and hereby adjudicates the same.

3. Christopher Spitzer agrees to pay to the Board a monetary penalty in the amount of $250.00. This fine will be attached to Christopher Spitzer' license record and must be paid no later than 180 days from the effective date of this Order. To pay this fine, login to www.elicense.ohio.gov and process the items in the cart.

4. Christopher Spitzer must obtain five hours of approved continuing pharmacy education (0.5 CEUs) which may not also be used for license renewal. The 0.5 CEUs must be completed within six months from the effective date of this agreement. Copies of completed CEUs must be e-mailed to legal@pharmacy.ohio.gov.

5. The Board hereby imposes a written reprimand on Christopher Spitzer's pharmacist license, number 03-236754.

6. Christopher Spitzer agrees to pay all reasonable costs associated with the collection of any payment, and of the prosecution of any violation of this Agreement.

7. Christopher Spitzer understands that he has the right to be represented by counsel for review and execution of this agreement.

8. Christopher Spitzer agrees and acknowledges that this Board disciplinary action must be disclosed to the proper licensing authority of any state or jurisdiction in which he currently holds a professional license, including to the Board on renewal applications or applications for a new license.

9. Christopher Spitzer explicitly withdraws his request for a hearing, waives an opportunity to be heard pursuant to Chapter 119. of the Ohio Revised Code, and waives any right to an appeal.

10. This Agreement may be executed in counterparts or facsimiles, each of which shall be deemed an original, but all of which shall constitute one and the same instrument.

11. All parties to this Agreement understand that this document is a public record pursuant to Ohio Revised Code Section 149.43.

12. This Agreement contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies the terms of this Agreement.

13. If any of the provisions, terms, or clauses of this Agreement are declared illegal, unenforceable, or ineffective by an authority of competent jurisdiction, those provisions, terms, and clauses shall be deemed severable, such that all other provisions, terms, and clauses of this Agreement shall remain valid and binding upon both Parties.

14. This Agreement shall become effective upon the date of the Board President's signature below.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the parties to this Agreement have executed it and/or cause it to be executed by their duly authorized representatives.

Approved by:

Christopher Spitzer, RPh, Respondent	7/20/22 Date of Signature
James J. Leo, Attorney for Respondent	7/20/22 Date of Signature

MISDEMEANOR COMPLAINT

Case number: 3VY00230

FILED
JOHN A. CLARKE
Executive Officer/Clerk

By_____
Deputy Clerk

Issued by
CARMEN A. TRUTANICH
City Attorney

By_____
KATHLEEN FORD (LT)
Deputy City Attorney

Comes now the undersigned and states that he is informed and believes, and upon such information and belief declares: That on or about 12/25/2012 at and in the City of Los Angeles, in the County of Los Angeles, State of California, a misdemeanor, to wit, violation of Subdivision (a) of Section 23152 of the California Vehicle Code was committed by the above-named defendant(s) (whose true name(s) to affiant is(are) unknown), who at the time and place last aforesaid, did willfully and unlawfully drive a vehicle while being under the influence of an alcoholic beverage and a drug and under the combined influence of an alcoholic beverage and a drug.

MCI 23152(A)/29

COUNT II

For a further, separate and second cause of action being a different offense, belonging to the same class of crimes and offenses set forth in Count I hereof, affiant further alleges that on or about 12/25/2012 at and in the City of Los Angeles, in the County of Los Angeles, State of California, a misdemeanor, to wit, violation of Subdivision (b) of Section 23152 of the California Vehicle Code was committed by the above-named defendant(s) (whose true name(s) to affiant is(are) unknown), who at the time and place last aforesaid, did willfully and unlawfully drive a vehicle with 0.08 percent or more, by weight, of alcohol in his or her blood.

The allegations of prior convictions listed in Count I of this complaint are hereby incorporated by reference as allegations of prior convictions for the purposes of this Count of the complaint.

MCI 23152(B)/29

All of which is contrary to the law and against the peace and dignity of the People of the State of California. Declarant and complainant therefore prays that a warrant may be issued for the arrest of said defendant(s) and that he may be dealt with according to law.

Attached hereto and incorporated by reference as though fully set forth are written statements and reports which constitute the basis upon which I make the within allegations.

A declaration in Support of the Issuance of Such Warrant is Submitted.

Executed at Los Angeles, California, on

I declare under penalty of perjury that the foregoing is true and correct.

A. Martinez
Declarant and Complainant

INFORMAL DISCOVERY NOTICE

TO THE ABOVE-NAMED DEFENDANT(S) AND/OR ATTORNEY(S) FOR DEFENDANT(S):

Plaintiff, the People of the State of California, hereby requests discovery/disclosure from the defendant(s) and his or her attorney(s) in this case pursuant to Penal Code Sections 1054.3 and 1054.5.

YOU ARE HEREBY NOTIFIED that if complete disclosure is not made within 15 days of this request, plaintiff will seek -- on or before the next court date, or as soon as practicable thereafter -- a court order enforcing the provisions of Penal Code Section 1054.1, subdivisions (b) and (c). This is an ongoing request for any of the listed items which become known to the defendant(s) and his or her attorney(s) after the date of compliance.

The written statements and reports attached hereto constitute discoverable materials designated in Penal Code Section 1054.1. Any additional material discoverable pursuant to Penal Code Section 1054.1 that becomes known to plaintiff will be provided to the defense.

If, prior to or during trial, as a result of this request plaintiff obtains additional evidence or material subject to disclosure under a previous defense request or court order pursuant to Penal Code Section 1054.1, plaintiff will disclose the existence of that evidence or material within a reasonable time.

DISCOVERY MATERIALS SHOULD BE DELIVERED TO A DEPUTY CITY ATTORNEY IN TRIAL COURT ON THE FIRST TRIAL DATE.

Exhibit B

CR-181

ATTORNEY OR PARTY WITHOUT ATTORNEY: STATE BAR NO:	FOR COURT USE ONLY
NAME: Daniel Yitzhak Simkin FIRM NAME: STREET ADDRESS: [redacted] Lucile Avenue AP[redacted] CITY: Los Angeles STATE: CA ZIP CODE: 90026 TELEPHONE NO: [redacted] FAX NO: E-MAIL ADDRESS: [redacted] ATTORNEY FOR (name):	FILED LOS ANGELES SUPERIOR COURT MAR 23 2016 Sherri R. Carter, Executive Officer By Bonnie Leck Dep. Bonnie Leck
PEOPLE OF THE STATE OF CALIFORNIA v. DEFENDANT: Daniel Yitzhak Simkin DATE OF BIRTH: [redacted]	
ORDER FOR DISMISSAL **(Pen. Code, §§ 17(b), 17(d)(2), 1203.4, 1203.4a, 1203.41, 1203.49)**	CASE NUMBER: 3VY00230-01

The court finds from the records on file in this case, and from the foregoing petition, that the petitioner *(the defendant in the above-entitled criminal action)* is eligible for the following requested relief:

1. The court **GRANTS** the petition for reduction of a felony to a misdemeanor (maximum punishment of 364 days per Pen. Code, § 18.5) under Penal Code section 17(b) and/or for reduction of a misdemeanor to an infraction under Penal Code section 17(d)(2) and reduces the following convictions:
   - ☐ ALL FELONY CONVICTIONS in the above-entitled action;
   - ☐ ALL MISDEMEANOR CONVICTIONS in the above-entitled action; OR
   - ☐ Only the following convictions in the above-entitled action *(specify charges and date of conviction)*:

2. The court **DENIES** the petition for reduction of a felony to a misdemeanor under Penal Code section 17(b) and/or for reduction of a misdemeanor to an infraction under Penal Code section 17(d)(2) for:
   - ☐ ALL FELONY CONVICTIONS in the above-entitled action;
   - ☐ ALL MISDEMEANOR CONVICTIONS in the above-entitled action; OR
   - ☐ Only the following convictions in the above-entitled action *(specify charges and date of conviction)*:

3. The court **GRANTS** the petition for dismissal regarding the following convictions under Penal Code ☒ § 1203.4, or ☐ § 1203.4a, or ☐ § 1203.41, or ☐ § 1203.49, and it is ordered that the pleas, verdicts, or findings of guilt be set aside and vacated and a plea of not guilty be entered and that the complaint be, and is hereby, dismissed for:
   - ☒ ALL CONVICTIONS in the above-entitled action; or
   - ☐ Only the following convictions in the above-entitled action *(specify charges and date of conviction)*:

4. The court **DENIES** the petition for dismissal regarding the following convictions under Penal Code ☐ § 1203.4, or ☐ § 1203.4a, or ☐ § 1203.41, or ☐ § 1203.49 for:
   - ☐ ALL CONVICTIONS in the above-entitled action; or
   - ☐ Only the following convictions in the above-entitled action *(specify charges and date of conviction)*:

5. In granting this order under the provisions of Penal Code section 1203.49:
   a. The court finds that the petitioner was a victim of human trafficking when he or she committed the crime.
   b. ☐ The court orders the relief described in section 1203.4, or
      ☐ The court orders the relief described in section 1203.4, with the following exceptions *(specify)*:

Form Approved for Optional Use
Judicial Council of California
CR-181 [Rev. January 1, 2016]

CR-181

PEOPLE OF THE STATE OF CALIFORNIA v DEFENDANT:	CASE NUMBER:
DANIEL YITZHAK Simkin	BVY00230-01

6. If this order is granted under the provisions of Penal Code section 1203.4 or 1203.41:
   a. The petitioner is required to disclose the above conviction in response to any direct question contained in any questionnaire or application for public office, or for licensure by any state or local agency, or for contracting with the California State Lottery Commission.
   b. Dismissal of the conviction does not *automatically* relieve petitioner from the requirement to register as a sex offender. (See, e.g., Pen. Code, § 290.5.)

7. If the order is granted under the provisions of Penal Code section 1203.49, the Department of Justice is hereby notified that the petitioner was a victim of human trafficking when he or she committed the crime, and the relief ordered.

8. If the order is granted under the provisions of either Penal Code section 1203.4, 1203.4a, 1203.41, or 1203.49, the petitioner is released from all penalties and disabilities resulting from the offense except as provided in Penal Code sections 29800 and 29900 (formerly sections 12021 and 12021.1) and Vehicle Code section 13555. In any subsequent prosecution of the petitioner for any other offense, the prior conviction may be pleaded and proved and shall have the same effect as if probation had not been granted or the accusation or information dismissed. The dismissal does not permit a person to own, possess, or have in his or her control a firearm if prevented by Penal Code sections 29800 or 29900 (formerly sections 12021 and 12021.1). Dismissal of a conviction does not permit a person prohibited from holding public office as a result of that conviction to hold public office.

9. In addition, as required by Penal Code section 299(f), relief under Penal Code sections 17(b), 17(d)(2), 1203.4, 1203.4a, 1203.41, or 1203.49 does *not* release petitioner from the separate administrative duty to provide specimens, samples, or print impressions under the DNA and Forensic Identification Database and Data Bank Act (Pen. Code, § 295 et seq.) if petitioner was found guilty by a trier of fact, not guilty by reason of insanity, or pled no contest to a qualifying offense as defined in Penal Code section 296(a).

APPLICATION FOR OUT-OF STATE OUTSOURCING FACILITY **Page 2**

FEI Number (From FDA application): 3015156709

Please provide the name of the facility as registered with the FDA and the registration number:
BPI Labs, LLC

Please provide a list of all DBA's used by outsourcing facility. A separate sheet is acceptable.
BPI Labs

Please provide the name and Nevada license number of the supervising pharmacist:
Name: Cletis Koukoulakis Nevada License Number: 22391

A Nevada business license is not required, however if the OUTSOURCING FACILITY has a Nevada business license please provide the number: N/A

This page must be submitted for all types of ownership.

Within the last five (5) years:

1) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)? Yes ☐ No ☑

2) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been denied a license, permit or certificate of registration? Yes ☐ No ☑

3) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been the subject of an administrative action, board citation, cite fine or proceeding relating to the pharmaceutical industry? Yes ☐ No ☑

4) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances? Yes ☐ No ☑

5) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)? Yes ☐ No ☑

If the answer to question 1 through 5 is "yes", a signed statement of explanation must be attached. Copies of any documents that identify the circumstance or contain an order, agreement, or other disposition may be required.

APPLICATION FOR OUT-OF STATE OUTSOURCING FACILITY - Page 3

I hereby certify that the answers given in this application and attached documentation are true and correct. I understand that any infraction of the laws of the State of Nevada regulating the operation of an authorized OUTSOURCING FACILITY may be grounds for the revocation of this permit.

I have read all questions, answers and statements and know the contents thereof. I hereby certify, under penalty of perjury, that the information furnished on this application are true, accurate and correct. I hereby authorize the Nevada State Board of Pharmacy, its agents, servants and employees, to conduct any investigation(s) of the business, professional, social and moral background, qualification and reputation, as it may deem necessary, proper or desirable. The facility must be registered with the FDA as an outsourcing facility (503B) to obtain an outsourcing facility from the Board of Pharmacy.

Federal and State law require a licensed pharmacist to supervise the compounding taking place in a registered outsourcing facility. This supervising pharmacist must be licensed by the Nevada Board of Pharmacy.

Does your outsourcing facility wholesale compounded medication for resale? Yes ☐ No ☐

The Law prohibits the resale of compounded medication. By signing this application you are attesting that your medications will be labeled with the statement "Not for Resale" and that the outsourcing facilities products will not be resold.

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)? ☐ Low ☐ Medium ■ High
If you marked "High", you must also complete section 4.

2. Will you be performing sterile hazardous drug compounding? ☐ Yes ■ No
If you marked "Yes", you must also complete section 3.

3. List the sterile compounded products that you will be compounding for Nevada patients or consumers:
Currently produced one batch of Testosterone Pellets (225mg), distributed one order each to two FL wellness clinics.

Future plans for vials and prefilled syringe products to hospitals and diagnostic clinics.

We are a full generic drug manufacturer with 12 sterile products on the commercial market.

4. Will you be utilizing beyond use dates in excess of USP-797? ■ Yes ☐ No

5. If yes, describe the additional testing performed on your products to validate the extended BUD:

We follow the same robust stability program executed with our commercial products. The SOP (IQC-002) is included for review.

6. What laboratory performs this additional testing?

Name: Medizap (for e beam terminal sterilization of pellets only) -- Everything else in-house (full R&D, QC, Micro Labs)

Address: 600 B St Suite 300, San Diego, CA 92101

City: San Diego State: CA Zip: 92101

Telephone: (775) 386-6677

7. What is your procedure for visual inspection of compounded sterile products?

I have included the SOP (IPD-007) for visual inspection.

8. How often do you perform glove fingertip and medial fill testing?
Media fill testing is completed every six months. We have fully contained robotic filling isolators. There is glove access to the sterile areas without breaching the isolators, the gloves fingertips are tested with touchplates after every batch. The gloves are also tested for punctures before each batch begins.

9. What is your policy if an employee fails a glove fingertip or media-fill test?
It would not be an employee, but if one of the glove sets fails, then a full investigation would be initiated.

10. Describe your initial and annual training program for all personnel performing sterile compounding:
Initital and annual trainning SOP (ITD-001) is provided.

11. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
Cleaning of Processing and Non-Processing Rooms SOP (IGN-028) is provided.

12. Who performs the sterile compounding process at your facility?
Robotic fill machines, assisted by Engineers and production technicians.

13. Who is responsible and accountable for the sterile compounding process at your facility?
All personel involved in the manufacturing process, 503B products under the supervision of the licensed pharmacist, with Quality Assurance checks and final release of batch.

14. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
Specifications and standard test methods for all containers and closures are generated for primary and secondary packaging components (testing types include description, physical tests, sterility and endotoxin (if applicable), and C of A check).

Final product shipping studies are performed (drop/ship test) utilizing primary and secondary containers.

Stability and freeze thaw studies are performed to document product behavior during temperature excursions.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? N/A - No sterile Hazardous Compounding		
2. Is your BSC or CACI vented 100% to the outside?	☐ Yes	☐ No
3. Do you have a negative pressure buffer room at your facility?	☐ Yes	☐ No
4. Will you be compounding with antineoplastic HDs or HD API?	☐ Yes	☐ No
5. If yes, are the drugs stored in an externally ventilated, negative pressure room?	☐ Yes	☐ No
6. Will you be utilizing a closed system transfer device?	☐ Yes	☐ No
7. If yes, list the name of the device:		
8. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?		
9. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?		

Section 4: Sterile High Risk Compounding Questions (Complete this section ONLY if you will be performing High Risk Compounding.)

1. List the specific high risk sterile products that your facility compounds:
503B : Testosterone Pellets 225mg (10 count blister pack)

Current Commercial products include :
Hyoscyamine Sulfate Inj, USP 0.5mg/mL (NDC 54288-111-01),
Epinephrine Inj, USP 10mg/10mL (NDC 54288-120-01),
Epinephrine Chloride Nasal Solution 10mg/10mL (NDC 54288-123-01),
Tetracaine HCL Inj, USP 20mg/2mL (NDC 54288-127-01),
Phenobarbital Sodium Inj, USP 65mg/mL (NDC 54288-136-01) ,
Phenobarbital Sodium Inj, USP 130mg/mL (NDC 54288-137-01) ,
Papaverine HCl Inj, USP 60mg/2mL (NDC 54288-142-01),
Methylene Blue Inj, USP 100mg/10mL (NDC 54288-147-01),
Epinephrine Chloride Nasal Solution 30mg/30mL (NDC 54288-154-01)

2. What sterilization methods are utilized at your facility?
A 3 step 0.22 micron filtration process with one time use sterile bags and tubing. Autoclave for any glassware or components used during the mixing process.

3. Does your facility utilize biological indicators? ■ Yes ☐ No

4. If yes, describe how they are utilized:
In the robotic machines, a risk assessment is established. BIs are placed , VPHP cycles are run, results are assessed and guidelines are established after achievieving acceptable levels.

BIs are also utilized n the component prep and filter tubing process, those that undergo autoclaving.

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

503b - Outsourcing Inspection

Quality

Firm has an independent Quality Control Unit	Yes
The QC unit has the authority and responsibility to approve or reject all components, drug product containers or closures, end process materials, packaging materials, labeling and drug products.	Yes
QC unit reviews and approves/rejects: SOP's, Batch Records (completeness and accuracy, components, API's, materials, OOS results	Yes
Investigations are conducted within time limits specified per SOP *1 batch Testosterone 225mg pellets released since previous inspection, no complaints related to batch.*	N/A
All written quality procedures are current and approved	Yes
The QC unit follows their procedures	Yes
QC unit personnel are qualified through training and experience.	Yes
The production batch record and release test results are reviewed for accuracy and completeness prior release of finished product *Reviewed Batch Record for Testosterone 225mg pellets.*	Yes

Facilities and Equipment

The facility design is suitable for compounding sterile products	Yes
The layout and organization of the facility is designed to prevent contamination and mix ups.	Yes
The control of air pressure, dust, humidity and temperature is adequate for the manufacturing, processing, storage or testing of drug products	Yes
Pressure gauges that monitor pressure differentials are calibrated	Yes

503b Outsourcing Inspection

Insp # 185806 BPI LABS LLC File # 26555

The facility is maintained in a clean and sanitary condition	Yes
Certifications conducted under dynamic, worst case conditions with the maximum number of personnel allowed per SOP present	No
The facility has written procedures that describe in sufficient detail the cleaning schedule, methods, equipment and material	Yes
The facility has a procedure for rotating cleaning solutions	Yes
Sporicidal agents are used . How often *Monthly*	Yes
The facility has documentation of the effectiveness of the cleaning solutions	Yes
Primary and secondary engineering controls currently certified *No PEC's, particle count testing in rooms, ISO 8 rooms for compounding of pellets.*	Yes
Ceiling tiles are clean room grade and gasketed and sealed/clipped.	N/A
Air return vents are not blocked	Yes
HEPA filters are all leak tested *In house HEPA leak testing.*	Yes
Compounding of hazardous drugs is clearly separated from non hazardous drugs to prevent cross contamination. *Testosterone Pellets compounded in suite that is used for Testosterone only.*	Yes
All equipment has written procedures for use.	Yes
Facility has documentation of equipment calibration, maintenance, cleaning.	Yes
All equipment is validated for its intended use.	Yes
Refrigerators and freezers are monitored with a calibrated thermometer.	Yes
Documentation of training personnel on use of equipment.	Yes
Surfaces that contact materials or finished goods non-reactive, non-adsorptive and non- additive	Yes

Personnel Qualification

All Personnel involved in the preparation and handling of csp's are trained and qualified in their roles.	N/A
Facility has a written training program that describes the required training, frequency of training and process for evaluating the performance of individuals involved in sterile compounding.	N/A
Facility has documentation that compounding personnel have the required skills necessary to perform their assigned task	Yes
Compounding personnel receive ongoing periodic GMP training by GMP trainers.	Yes
Are GMP trainers qualified through experience and training.	Yes
Prior to beginning to prepare CSP's personnel have completed training and have demonstrated proficiency in the principles and hands on skills of aseptic manipulations. *Firm only produces pellets which are sterilized by E Beam after packaging*	N/A
Compounding personnel have ongoing training for specific tasks they are authorized to perform.	Yes
Personnel have been periodically trained in core competencies, visual observation is conducted to confirm personnel have necessary skills (i.e. Hand hygiene and garbing, aseptic manipulations, cleaning and disinfecting).	N/A
Personnel sampling including GFT is conducted after compounding and documented on each batch record.	N/A
Personnel have completed media fill simulations for all aseptic compounding under the most difficult and challenging processing conditions which include the most manipulations/units, most complex flow of material, longest time to compound and all breaks.	N/A
Personnel are retrained and requalified after failure of media fill, GFT or batch failures.	N/A

Environmental Monitoring

Facility has an environmental monitoring program.	Yes
Air quality is monitored regularly using volumetric air sampling to ensure the environment remains suitable for sterile compounding.	Yes
Settling plates are used during compounding to monitor the quality of air during compounding processes and documented in the batch records.	Yes
Surface sampling is conducted after each batch prior to cleaning and documented on batch records.	Yes
Surface sampling is routinely conducted in all classified spaces in those locations identified to be at highest risk of contamination	Yes
Media used in environmental and personnel monitoring has been shown to promote the growth of microorganisms and contains agents to neutralize cleaning solutions and disinfectants.	Yes
Sampling data is collected and reviewed on a periodic basis as a means of evaluating the overall state of control of the compounding environment.	Yes
Adverse changes in the environment are investigated and promptly remediated. *No growth has occurred in the rooms.*	N/A
Alert and action levels for CFU counts have been established in SOP's for the facility.	Yes
Air pressure differentials are continuously monitored and demonstrate that a cascading pressure differential is maintained throughout the compounding area during production of sterile compounding. *Manual documentation*	Yes

Materials

Facility has a quality agreement with API suppliers to ensure all API's are manufactured in registered FDA facilities.	Yes
Facility tests API's for identity, strength and purity to confirm the specifications in the Certificate of Analysis.	Yes
Facility maintains and follows SOP's for testing of incoming materials.	Yes

503b Outsourcing Inspection

Insp # 185805 | BPI LABS LLC | File # 26555

Facility has appropriate sterile PPE *Firm only produces pellets which are sterilized by E Beam after packaging*	N/A
Materials for cleaning the PEC's are sterile and the effectiveness is validated. *No PEC's.*	N/A
Filters used for sterilization have documentation that they are compatible with the product, are pharmaceutical grade, non-pyrogenic and capable of sterilizing the intended volume.	N/A
Integrity testing is conducted on all filters used to sterilize product.	N/A
All materials are quarantined until approved by the QC department.	Yes
Written procedures identify storage times beyond which materials must be reexamined before use.	N/A
Release of re tested material clearly identified for reuse.	N/A
Written procedures identify steps in the materials for production.	Yes
Written procedures include release by QC, documentation of correct weight or measure and proper identification of containers.	Yes

Production

Materials are sanitized prior to introduction into the clean room	Yes
All glassware is depyrogenated and cycles are validated and documented.	N/A
Autoclaved cycles are properly validated with BI's.	N/A
Sterilization methods are validated *Ebeam.*	Yes
All components are identified on batch records and traceable to the finished product.	Yes
SOP's identify hold times for depyrogenated glassware and the hold times have been validated.	N/A
Deviations and OOS's are adequately documented and thoroughly investigated.	N/A
Facility maintains complete batch records for all compounded sterile products	N/A
Facility maintains separate, complete, readily retrievable records of dispensing into the State of Florida	Yes
Written procedures indicate how and who verifies that correct containers and packages are used for the finished product.	Yes
All finished products are held in quarantine until QC has completed testing and releases the batch.	Yes
Personnel who conduct visual inspection of finished products have been qualified through training and yearly eye exams.	N/A
Firm has an SOP for adverse event reporting to FDA	Yes
Firm has record of adverse event reports submitted to FDA	N/A

Labeling

Written procedure specify who is authorized to issue labels.	Yes
Written procedure specify how labels are issued, used, reconciled with production, returned when unused, and the specific steps for evaluation of any discrepancies.	Yes
Written procedures call for the destruction of excess labeling on which lot and control #'s have been stamped or imprinted.	Yes
Written procedures require that representative samples of units be visually examined upon completion of packaging to verify correct labeling.	Yes
Drug labels include the statement "this is a compounded drug, the name, address and phone # of the facility	Yes
The label of the drugs contain the lot or batch #, the established name of the drug, dosage form and strength, quantity or volume, the date the drug was compounded, the expiration date, storage and handling instructions, NDC # (if available), the statement "not for resale" and a list of active and inactive ingredients identified by established name and the quantity or proportion of each ingredient and route of administration.	Yes
The label or container contains the following: www.fda.gov/medwatch and 1-800-FDA-1088	Yes
Written procedures detail how equipment is to be checked immediately prior to use for removal of any labels and labeling from prior print operations. *10 Pellets into blister, labeled and sealed.*	Yes

Laboratory

Contract labs are FDA registered	Yes
Facility has qualified their contract labs	Yes
All products have stability studies to justify the BUD *Testosterone 225mg BUD 1 year with studies.*	Yes
Stability studies, microbial effectiveness testing on the preservative, container closure studies and sterility testing have been conducted to ensure the CSP continues to meet all specifications over the intended shelf life of the product.	N/A
Sterility testing for all batches is conducted using a USP 71 test.	Yes
Method suitability has been conducted for all products	N/A
Endotoxin testing is conducted on all batches.	Yes
Potency is conducted on all batches.	Yes
Appropriate # of articles/volume is tested for sterility	N/A
Facility maintains and follows SOP for product release.	Yes
Facility has approved finished product specifications for all csp's.	N/A

Remarks:

Facility has compounded and distributed 1 lot of Testosterone 225mg pellets. Dedicated Testosterone Suite.
Inspection completed with Mauricio Salazar and Cletis Koukoulakis.

1.0 PURPOSE

To outline the procedure for training personnel to perform their job functions in compliance with cGMP requirements and all federal and state regulations applicable to BPI Labs. This document will describe training requirements and procedures in terms of new employee orientation, continuing training program, cGMP training, new / revised documents, and other training, and qualification techniques.

2.0 SCOPE

This procedure applies to all personnel employed at the company as full time, part time, or temporary basis.

Training activities are coordinated by the Quality Assurance Department.

3.0 RESPONSIBILITY

3.1 All employees are responsible to attend the new employee orientation at the time of hiring, conduct training on a continuous basis as per approved curriculum and qualification technique, attend to cGMP training at least once a year, and perform training on new and revised documents, as required.

3.2 Quality Assurance Department is responsible for:

3.2.1 Determining the training requirements and qualification techniques (when applicable) for employees together with department managers.

3.2.2 Maintaining training curriculums and qualification techniques (when applicable) for job functions.

3.2.3 Coordinating and conducting new hire training with department managers.

3.2.4 Conducting cGMP training for all employees at least once a year.

3.2.5 Coordinating and/or conducting training of existing employees with department managers.

3.2.6 Maintaining training records for all employees.

3.2.7 Identifying and training trainers within the company.

3.2.8 Identifying and hiring external training resources when required.

3.2.9 Ensuring trainers possess the necessary qualifications to conduct training.

3.2.10 Assessing training effectiveness.

3.2.11 Providing training tracking and trending information for Management Reviews.

3.3 Department Managers are responsible to:

3.3.1 Ensure that all new employees attend to the new employee orientation at the time of hiring.

3.3.2 Assure that their employees are trained on the documents and job skills relevant to their area.

3.3.3 Ensuring their personnel do not perform job tasks or functions for which they are not appropriately trained.

3.3.4 Creating with the assistance of Quality Assurance training curriculums and qualification techniques for their employees.

3.3.5 Conducting on the job training of employees.

3.3.6 Identifying via performance evaluations training deficiencies of their reportees.

3.3.7 Coordinating and conducting training to promptly resolve training deficiencies of their reportees.

3.4 BPI Labs management is responsible for providing the necessary resources to implement a training system compliant with cGMPs and all federal and state regulations applicable to the company.

6.0 PROCEDURE

6.1 General requirements:

6.1.1 Documentation and Filing of Training Records:

6.1.1.1 A training record (Forms ITD-001-F1 and ITD-001-F2) is documented accordingly for any type of training upon training completion. Form ITD-001-F1 is used to document all trainings other than self training. Form ITD-001-F2 is utilized to document self training only. Following sections shall be completed:

6.1.1.1.1 Topic or Document Name.

6.1.1.1.2 Document Number and its Document Revision, when applicable.

6.1.1.1.3 Type of Training (what kind of training).

6.1.1.1.4 Method of Training (how is the training conducted). This is not applicable on Form ITD-001-F2.

6.1.1.1.5 Trainer. This is not applicable on Form ITD-001-F2.

6.1.1.1.6 Date of Training.

6.1.1.1.7 Employee Name, Department, and Signature.

6.1.1.1.8 Acknowledgement of Training Understanding. This is not applicable on Form ITD-001-F1.

6.1.1.2 Upon training completion, employees, department head, or designee submit all original training records to Training and Development.

6.1.1.3 Training and Development verifies the training record for accuracy and completeness and files training records appropriately.

6.1.1.4 Training and Development keeps all employees training records and any other document pertaining to training.

NOTES:

a) Training curriculums and qualification techniques are also considered a training record since these documents are used by personnel to acknowledge the completion of self training.

b) The signature log included in the batch and packaging records is also considered a training record since the personnel involved during the manufacturing, packaging, and inspection activities of the product use this record to acknowledge their competence and understanding of the work to be done and the precautions required during the execution of each activity.

6.2 Type of Training:

6.2.1 New Employee Orientation:

6.2.1.1 At the time of hiring all new employees are required to attend the new employee orientation program following general and specific training.

6.2.1.2 New Employee Training (General and Specific Training):

6.2.1.2.1 General Training consist in an overview and completion of respective forms, overview of general safety, overview of cGMPs, overview of quality systems, and a general SOP self training session as per Training Curriculum TC-IGN-001. A combination of group training and self-training method is used as part of the training session and discussion.

6.2.1.2.2 Discussion and completion of respective forms (i.e., Employee Signature List, Employee Screening Questionnaire, Respiratory Medical Evaluation Questionnaire, Respiratory Fitness Test, Company Safety Policies) is coordinated by Training and Development and acknowledged on respective Training Curriculum TC-IGN-001.

6.2.1.2.3 An overview of federal regulations, current Good Manufacturing Practices based on 21 CFR Parts 210, 211, 820, and 4, WHO Guidelines – Hormones, FDA Guidance – 503B, DBPR, DOH, internal audits, warning letters, and annual trend of 483s, overview of general safety, and overview of quality systems is coordinated by Training and Development and documented on respective Training Curriculum TC-IGN-001.

6.2.1.2.4 General SOP Self Training (coordinated by Training and Development) identifies a list of SOPs / documents required to complete general SOP self-training session. New employees are required to read each SOP / document according to section 6.3.1; self training record is documented upon completion using the respective Training Curriculum TC-IGN-001. Training and Development coordinates questions and answers session upon self training session completion to ensure trainee has comprehended the material read.

6.2.1.2.5 Upon completion of General cGMP Training, General Department Core Training and Specific Training Curriculum are issued to employee on the respective employee's training folder for execution. Respective training is coordinated by each department supervisor or designee based on respective training curriculums and depending on functions to be performed.

6.2.1.2.6 An assessment is done by the department head or designee based on the person's education, job experience, and previous training to determine the extent of the training and its method of training (i.e., self-training, on the job training).

6.2.1.2.7 Conducted self-training is documented on respective General Department Core Training Curriculum, and Specific Training Curriculum assigned to employee's training folder. In addition, conducted on the Job / Hands on Training is documented using Form ITD-001-F1.

6.2.1.2.8 Upon completion of respective training curriculums, the department head or designee informs by any means (i.e., via e-mail) to Training and Development.

6.2.1.2.9 Training and Development ensures that all trainings were properly performed and documented, and acknowledgement of completion of

respective training curriculums is performed by employee, supervisor and training group accordingly by placing signatures and date on respective section at the end of Department and Specific Training Curriculums (refer to section 6.5 for details of training evaluation).

6.2.1.2.10 After acknowledgement of completion of training curriculum, final release is performed. Employee is required to sign on respective section of Training Curriculum TC-IGN-001 (i.e., Completion of Department General Training section). Lastly, employee and supervisor are required to perform respective acknowledgment of completion of new employee training by placing respective signatures and date on the Acknowledgement of Completion of New Employee Training section using Training Curriculum TC-IGN-001. Training Group releases the trainee for normal activities by informing the department head or designee by any means (i.e., via e-mail) if all training requirements were met using TC-IGN-001.

NOTE: As a general practice, new employees should complete the new employee orientation training ideally within 3 months from their hiring date.

6.2.2 Biennial Training (Continuing Training Program):

6.2.2.1 Training curriculums are used as a tool to assure that training is performed on a continuing basis. They include the list of documents and skills training that are required to perform assigned position adequately. Training curriculums need to be executed by employees at least once every two years.

6.2.2.2 Each department supervisor prepares training curriculums by position following SOP IQA-002, contacts at the beginning of the period his / her employees to plan for the execution of the training curriculum throughout the two-year period, identifies additional training needs, updates training curriculums as needed, and coordinates any extra training not included in the training curriculum.

6.2.2.3 After completion of respective training curriculum, acknowledgement of completion of training curriculum is performed as part of employee evaluation. Signature and date are placed by employee, supervisor, and training group on respective section as part of an overall evaluation of the training curriculum (refer to section 6.5 for details of training evaluation).

NOTES:

a) **Employee's training folder is prepared using the training plan. The training plan is established after discussing with the supervisor / manager to include all the applicable training curriculums based on the employee's job functions and responsibilities.**

b) **Training and Development group prepares a training folder using the training plan by employee including the applicable training curriculums to be executed during the respective training period (i.e., TC-IGN-002, TC-IGN-003, General Department Training Curriculum). Applicable training curriculums are distributed to respective employee's training folder based on each employee's applicable job functions and responsibilities.**

c) The Training and Development group keeps track of the progress of the employee's biennial training curriculum on a quarterly basis.

d) Training curriculum impact assessment is performed each time a training curriculum is revised via change control in order to assess that the respective document is not impacted by the change and to determine the need of distribution to respective training folders (i.e., if an additional SOP is added to the training curriculum, that training curriculum might not require to be distributed within the training period if respective training has been completed as part of change control).

e) Training plan is assessed for the employees who are transferred to other functions or departments. The training plan is updated accordingly for such employees and the progress about completion of the issued training curriculums as per the updated training plan is tracked by Training and Development group for completeness. As a general practice, this training should be completed ideally within 3 months from the transfer / new functions date.

6.2.3 Annual Training (Update of Forms, cGMP Training and General Safety Training):

6.2.3.1 Update of Forms (i.e., Employee Signature List, Employee Screening Questionnaire, Respiratory Medical Evaluation Questionnaire, Respiratory Fitness Test, Company Safety Policies) are discussed and coordinated by Training and Development at least once a year and acknowledged by employee on respective Training Curriculum TC-IGN-002.

6.2.3.2 cGMP training is conducted for all employees by Training and Development at least once a year as per Training Curriculum TC-IGN-002. Topics are selected from federal regulations (i.e., 21 CFR Parts 210, 211, 820, and 4, WHO Guidelines – Hormones, FDA Guidance – 503B, DBPR, DOH, internal audits, warning letters, and annual trend of 483s), documentation practices, data integrity, compliance programs, among others.

6.2.3.3 General Safety Training is conducted for all employees by Training and Development at least once a year as per Training Curriculum TC-IGN-002. Training consists of a refreshment of the company's safety program standard operating procedures.

6.2.3.4 Conducted cGMP and General Safety trainings are documented on respective group training form ITD-001-F1, and acknowledgement of completion of training is documented by employee on training curriculum TC-IGN-002 located on each employee respective training folder.

6.2.3.5 Completion of Training Curriculum TC-IGN-002 is acknowledged by employee, supervisor, and training group by placing respective signature and date on "Acknowledgement of Completion of Annual General Employee Training Section" at the end of respective training curriculum.

6.2.4 New / Revised Documents Training:

6.2.4.1 As a general practice, training on new / revised documents is applicable at least to SOPs, Forms, STMs, Master Batch Records, and Master Packaging Records before they become effective.

6.2.4.2 When a document is written or revised and that document is needed by users that are not the authors, reviewers, or approvers, training should be conducted.

6.2.4.3 During the change control approval process, area management and Quality Assurance evaluate the impact of changes against the established training curriculums in the quality system and training needs and decide the extent and the method of training (i.e., individual training, group training, practical training) as well as determine all the individuals affected with the change; this decision is documented on the change control form. Upon training notification from Quality Assurance, area management or designee coordinates the execution of the training ideally in not more than fifteen (15) business days from the training notification date.

6.2.4.4 Training sessions can be coordinated by the subject matter expert (i.e., author) depending on the topic of the activity (i.e., change control system). A training assessment quiz might be administered to the employees, as required by trainer, Quality Assurance, and / or area management.

6.2.4.5 Upon completion of the training the designee informs Training and Development / Document Control and submits all training records accordingly.

6.2.4.6 Each department destroys the training document copies (training copy) upon training completion. Under no circumstances the training copy can be used for reference, nor can it replace the official effective copy.

6.2.4.7 Once training requirements are met, Training and Development and Document Control confirm each other to ensure that the document can be made effective.

6.2.4.8 Only employees trained in the most recent version of the document can be released to perform the work described in the document.

6.2.4.9 Following the initial training period, the department supervisor conducts training of the missing employees (i.e., for those who are on short term disability or leave) and documents this activity in a separate training record.

6.2.4.10 Department head is responsible for assuring that all reporting personnel are trained on job-related documents.

NOTES:

a) Minor changes to documents such as but not limited to editorial updates to documents, creation or revision of documents used for reference only (i.e., official list), change in revision number and revision history without any change in the content of the document as a result of triennial review, and change due to typographical errors, might not require training. This decision is documented on the change control form.

b) Major changes to documents such as but not limited to addition of equipment in master batch records and master batch packaging records, update of processes and parameters in master batch records and master batch packaging records, revision of analytical procedure in test methods, update of practices in SOPs, and implementation of new Forms require training.

6.2.5 Other Training:

6.2.5.1 Department supervisor, Training and Development and / or Quality Assurance may determine that one or more employees need training or retraining. If that is the case, a trainer is designated, and a training session is conducted. Whenever retraining is conducted the training record should be identified as such.

6.2.5.2 Department supervisors identify outside training needs for their employees, as required, and coordinate the registration for the courses. Employees submit copy of the training certificate to Training and Development department upon completion.

6.3 Method of Training:

6.3.1 Self Training:

6.3.1.1 Training conducted by one person and considered as a read and understanding session. Training shall be performed following these steps:

6.3.1.1.1 Overview the document briefly. Get familiarized with it. Review its sections and any additional parts of it (i.e., forms, charts, tables, etc.). Perform these activities before starting reading.

6.3.1.1.2 Read slowly and if possible loud enough that one can hear himself / herself.

6.3.1.1.3 Ensure to understand what it is read. Have a paper and pen to write down any question and/or suggestion to be later discussed with supervisor, co-worker, trainer, or designee.

6.3.1.1.4 A self training record (Form ITD-001-F2) is documented accordingly.

NOTE: Training curriculums and qualification techniques can be used to acknowledge the completion of self training. In these cases, Form ITD-001-F2 is not required.

6.3.1.2 Upon training completion, self training conducted by the employee is evaluated by discussing respective topic between employee and supervisor or designee (refer to section 6.5 for details of training evaluation). Respective evaluation is documented accordingly in the respective section of the training record as follows:

6.3.1.2.1 For self training using Form ITD-001-F2, supervisor or designee performs evaluation of respective topic (s) with employee by asking random questions of the topic (s) to the employee for discussion in order to measure the level of understanding. At the end of the evaluation, supervisor or designee acknowledges that the employee has understood respective material read on the appropriate section of the form.

6.3.1.2.2 For self training using training curriculums and qualification techniques, supervisor or designee performs evaluation of respective topic (s) with employee during the training period by asking random questions of the topic (s) to the employee for discussion and by assessing performance of the employee related to job functions and assigned tasks, in order to confirm the appropriateness of the extent of the training in line with the work responsibilities. Overall evaluation and acknowledgment of completion of the training is performed by the supervisor or designee

using the respective section of the training curriculums and qualification techniques at the end of the training period.

NOTE: If during the training evaluation performed by the supervisor or designee an opportunity of additional training is identified to enhance the level of understanding of the topic, the extent and method of training are determined and coordinated accordingly as per this SOP.

6.3.2 Group Training:

6.3.2.1 Training conducted between two or more persons and considered as a read, understand, and discussion session. Trainer can be the second person.

6.3.2.2 A training record (Form ITD-001-F1) is documented accordingly.

6.3.3 On The Job Training / Hands-on Training / Practical Training:

6.3.3.1 On the Job Training (OJT) is a training that takes place while employees are actually working; this means the skills are gained while trainees are carrying out their jobs. This training can be executed following below tasks. Equivalent approaches are considered acceptable as long as the process leads to proficiency for specific job tasks.

6.3.3.2 Department head or designee assigns a trainer to work with the trainee.

NOTE:

Authorized Trainers: BPI Labs employees or contractors who have the education, training and experience or any combination thereof, that enables them to conduct training. This includes but is not limited to:

a) The training coordinator.

b) External trainers upon approval of Quality Assurance via verification of their credentials.

c) All supervisors and managers after completion of their training curriculum unless pre-employment qualifications to conduct training are provided and approved by Quality Assurance.

d) Personnel designated by department managers or supervisors upon approval of Quality Assurance via verification of qualifications that include, but are not limited to:

- **Submission of a resume.**
- **Completion of the training curriculum for their position.**
- **Completion of the qualification technique for the unit operation, module or technique.**
- **Verifiable experience of outside training (certifications, diplomas, etc.)**

6.3.3.3 The trainer shall be an employee well experienced, knowledgeable, and fully trained on the topics to be covered and shall have good training / communication skills.

6.3.3.4 The trainee performs a self training according to section 6.3.1 for all documents included in the training curriculum in addition to others assigned by the Department head or designee.

6.3.3.5 The trainer performs the job and the trainee observes. The trainer goes over the procedure together with the trainee and in the work area showing where every equipment, files, documents, or any other item related to the training are located and, when applicable, its function and/or operation. Every practice, and method, is followed by the trainee with the written procedure and discussed / explained by the trainer, as needed. Trainer and trainee review the written procedures. This step can be repeated, as required. A training record (Form ITD-001-F1) is documented accordingly and identified as On the Job Training.

NOTE: As part of execution of qualification techniques, these documents are used to acknowledge the completion of this step. In these cases, Form ITD-001-F1 is not required.

6.3.3.6 Trainee performs the job with the reference of the written procedure, in presence of the trainer, and with the help and guidance of the trainer.

6.3.3.6.1 The trainer observes and verifies performance and execution against the written procedure. The activity or task performed are initialed / signed and dated by the trainee and trainer using appropriate records according to the activity. This record confirms that trainer has been present at the time of the task execution.

NOTE: During execution of qualification techniques, these documents are used to acknowledge the completion of this step. In these cases, Form ITD-001-F1 is not required.

6.3.3.6.2 Trainer conducts a question and answer session with the trainee. The trainer clarifies any doubt. Trainer verifies for comprehension.

6.3.3.6.3 This step can be performed as needed at the discretion of the trainer and department head according to performance observed and taking into consideration the trainee's performance, experience, and previous training. In case additional training is needed, trainer informs department head or designee for further instructions.

6.3.3.7 The trainer informs by any means (i.e., via e-mail) to the department head or designee about the completion of on the job training program.

6.4 Qualification Techniques:

6.4.1 Qualification techniques are used by department supervisors as a tool to qualify an employee in regards to a specific unit operation, module, or technique (i.e., sterile filtration, aseptic filling, sampling, HPLC analysis) and to acknowledge his / her competence and qualification on a continuous basis.

6.4.2 Qualification techniques records include, but are not limited to, the list of reference documents, the list of related equipment and measuring devices, the reference for the on the job training completion, and the approval of the exercise.

6.4.3 Each department supervisor prepares qualification techniques as needed based on the criticality of the unit operation, module, or technique, and coordinates execution with the selected employee.

6.4.4 Qualification techniques need to be executed by personnel at least once every three years according to the overall evaluation by the supervisor of the employee's performance throughout the entire certification process taking in consideration job performance, quality / accuracy of work, dependability, ability to work as part of a team, and compliance with company procedures. Acknowledgement of completion of training for the qualification technique unit operation / module is performed by placing employee and supervisor's signatures and date at the respective section of the Qualification Technique Form. Training and Development group assigns the re-certification due date for employees based on above criteria and supervisor's recommendations.

NOTES:

a) **Qualification Technique re-certification for production visual inspection of injections needs to be executed by personnel at least once every year according to the guidelines outlined on SOP IPD-017.**

b) **The qualification techniques for cGMP and Safety (i.e., QT-ITD-001 and QT-IEH-002, respectively) are executed once every two years and annual refreshment training is completed every year to be up to date on all the training needs from time to time.**

6.4.5 The qualification techniques matrix shows the core / primary activities that qualified personnel (i.e., subject matter experts) can perform unsupervised.

NOTES:

a) Training and Development group prepares a training folder by employee including the applicable qualification techniques to be executed during the respective certification period. Respective Qualification Technique Matrix is updated accordingly, and training folders are distributed to respective supervisor or designee upon request.

b) As a general practice, the employees should complete the initial qualification technique ideally within 3 months from the date of issuance.

c) Qualification Technique impact assessment is performed each time a qualification technique is revised via change control in order to assess that the respective document is not impacted by the change and to determine the need of distribution to respective training folders (i.e., if an additional SOP is added to the qualification technique, that qualification technique might not require to be distributed within the training period if respective training has been completed as part of change control).

d) As part of qualification technique recertification exercise, whenever the employee is unable to execute hands on / on the job training verification (Section – 4, Training Reference of Execution by Trainee) at the time of the recertification due period, then the employee must complete the self-training related to the respective qualification technique and inform Training and Development group accordingly to acknowledge this situation in the training system (i.e., Qualification Technique Matrix and corresponding qualification technique). The hands on / on the job training is executed once the activity / unit operation becomes available as per the department's needs.

e) The qualification technique recertification due date is assigned from the date of issuance of the qualification technique for the execution purposes. Whenever the qualification technique is recertified,

Training and Development group updates the Qualification Technique Matrix and re-issues the respective qualification technique for the next period.

f) On a quarterly basis, Training and Development group verifies the Qualification Technique Matrix for the employee's pending recertification for the next quarter. The Training and Development designee prepares a list of all the employees due for recertification and communicates to the employees and the supervisor to inform them about the qualification technique recertification. This list is monitored and updated on a monthly basis by the Training and Development group until completion.

6.5 Evaluation of Training:

6.5.1 Training and Development may, at its sole discretion, conduct an evaluation at any time of any part of the training process (i.e., training sessions, trainees, trainer, training material, retraining, repetitive human mistakes) to verify training effectiveness. Evaluation of training process involves the identification of unwanted trends that are discussed with supervisors and managers in order to determine the further action needed to enhance the performance of the personnel.

6.5.2 Supervisor or designee is fully responsible to evaluate training effectiveness of his / her employees routinely by assessing the job performance, quality and accuracy of work, consistency of work, among others, in order to understand the adequacy of the extent and method of training. The training evaluation is verified continuously and documented in all the available records in the quality system related to training and specific job functions.

6.5.3 In order to further measure the understanding of the training conducted to employees and as part of assessment check to ensure employees comprehend the SOPs related to their job function, Training and Development performs a quarter evaluation of the training system via verification of employee training records, and via review of quality system records such as but not limited to incidents, non-conformances, deviations, laboratory incidents, laboratory out of specifications, laboratory out of trends, CAPAs, and documentation errors with the purpose of identifying unwanted trends including repetitive human errors that may have been contributed due to lack of training understanding. The findings of this evaluation are discussed with supervisors and management to determine improvement plans for the specific employee in case a negative tendency is observed. The improvement plan, when needed, is designed between supervisor, employee, and Training and Development and executed accordingly to enhance the performance of personnel.

7.0 REVISION HISTORY

Revision No.	Effective Date	Description of Changes
01	SEP 22 2017	Original SOP
02	FEB 14 2018	1. Add a note for training record associated with training curriculums and qualification techniques under Sections 6.1.1 and 6.3.1.1.4 2. Update procedure of completion of training record in Sections 6.2.1.2.2 and 6.2.1.2.3 3. Add a note for preparation of training folder by employee under Sections 6.2.2.2 and 6.4.6 4. Remove statement related to training not required for other documents in Section 6.2.4.1 5. Update on the job training procedure after Section 6.3.3.4 6. Update re-certification frequency for qualification techniques in Section 6.4.4 7. Make editorial corrections throughout the whole document

SOP No.	Title	Revision No.
ITD-001	TRAINING SYSTEM	04

Revision No.	Effective Date	Description of Changes
03	MAR 19 2019	1.To mention qualification techniques into sections 1.0 and 3.0. 2. To update section 4.0 to include Training Curriculums TC-IGN-001, TC-IGN-002, and TC-IGN-003. 3. To add section 6.1.1.1.8 to mention that Acknowledgement of Training Understanding is not applicable for Form ITD-001-F1. 4. To remove section 6.1.2 and move the content to section 6.5 as section 6.5.1. 5. To update and combine section 6.2.1.2 and 6.2.1.3 to explain training and final release process as part of Training Curriculum TC-IGN-001. 6. To add section 6.2.2.3 to include acknowledgement of completion of training curriculum. 7. To Modify section 6.2.3 to explain the process of Annual Training as part of Training Curriculum TC-IGN-002. 8. To add section 6.3.1.2 to explain self training evaluation process. 9. To add a point on section d) of section 6.3.3.2 to mention completion of qualification technique verification. 10. To update section 6.4.4 to explain acknowledgment of completion of training for the qualification technique unit operation / module and qualification technique re-certification for visual inspection of Injections. 11. To update the "Notes" section on section 6.4 to mention qualification technique matrix, training folders, and qualification technique impact assessment. 12. To add section 6.5 to explain evaluation of training.
04	JUL 2 7 2022	1. Add qualification techniques in the Reference Section 4.0 2. Add 21 CFR Part 4, WHO Guidelines – Hormones, FDA Guidance – 503B, DBPR, DOH, internal audits, warning letters, and annual trend of 483s under Sections 6.2.1 New Employee Orientation and 6.2.3 Annual Training. 3. Add notes under Section 6.2.2 Biennial Training (Continuing Training Program) related to preparation, issuance, and tracking of training curriculums. 4. Add notes under Section 6.4 related to qualification techniques to explain the issuance tracking and completion of the qualification technique for initial and recertification purposes. 5. Remove Section 6.4.6 from Revision 03. 6. Editorial changes made throughout the entire procedure.

Vineela 03/03/21	03-05-21	M. Salazar 03/05/21	MAR 1 1 2021
			Change Control No.
Title: QC chemist	Title: Manager, QC	Title: CQCO	I-21090

1.0 PURPOSE

To establish a standard operating procedure that describes about the stability studies conducted at long term, accelerated, and intermediate storage conditions to establish the shelf life and labeled storage conditions of drug products and medical devices.

2.0 SCOPE

This procedure is applicable to drug products and medical devices manufactured by BPI Labs.

3.0 RESPONSIBILITY

3.1 Product Development designee is responsible to initiate the stability studies for R&D products.

3.2 Quality Assurance designee is responsible to initiate the stability studies for commercial products.

3.3 Quality Assurance and Quality Control management are responsible for proper implementation of this SOP.

4.0 REFERENCES

5.0 ATTACHMENTS

Not Applicable.

6.0 PROCEDURE

6.1 Definitions / Acronyms:

6.1.1 Stability:

The capacity of a drug product to remain within specifications established to ensure its identity, strength, quality, and purity.

6.1.2 Accelerated Testing:

Studies designed to increase the rate of chemical degradation or physical change of a drug substance or a drug product by using exaggerated storage conditions as part of the formal stability studies.

6.1.3 Long-term Testing:

Stability studies under the recommended storage condition for the retest period or shelf life proposed (or approved) for labeling.

6.1.4 Intermediate Testing:

If any "Significant Changes" occur at any time during testing at the accelerated storage condition, additional testing at the intermediate storage condition should be conducted.

6.2 Materials and Equipment:

6.2.1 Chambers or Walk-in Stability Room:

6.2.1.1 Controlled Room Temperature (CRT) / Long-term:

Environmental chamber / Walk-in Stability Room capable of controlling temperature to 25°C ± 2°C and relative humidity to 60%RH ± 5%RH.

6.2.1.2 Accelerated (AA):

Environmental chamber capable of controlling temperature to 40°C ± 2°C and relative humidity to 75%RH ± 5%RH.

6.2.1.3 Intermediate:

Environmental chamber capable of controlling temperature to 30°C ± 2°C and relative humidity to 65%RH ± 5%RH.

6.2.1.4 Refrigerator:

Environmental chamber capable of controlling temperature to 5 °C ± 3 °C.

6.2.2 Quality Assurance department shall arrange to calibrate the chambers / monitoring devices either in-house or coordinate with the external calibration consultants. Calibrate all the chambers every year.

6.3 Monitoring:

6.3.1 The actual temperature and relative humidity for all chambers and walk-in stability rooms will be monitored and recorded by Quality Assurance Department and Quality Control Department.

6.3.2 All monitoring devices (prints / charts / graphs) will be read and reviewed on a daily basis (business days) by the Quality Assurance Department.

6.3.3 The Quality Assurance Department shall inform to Quality Control Department whenever the temperature and relative humidity reading exceeds out of the temperature and relative humidity tolerances of ± 2°C and / or ± 5%RH, respectively.

6.3.4 All the chambers and walk-in stability rooms are connected to the Security System. This system sends a notification to Security System Operator in case any temperature and relative humidity reading exceeds out of the temperature and relative humidity tolerances of ± 2°C and / or ± 5%RH, respectively. The Security System Operator informs to concerned persons at BPI Labs immediately.

6.3.5 The Security monitoring system of Stability Chambers / Walk-in Stability Room is checked once in every six months by maintenance department in coordination with Security System Company.

6.3.6 After checking the Security monitoring system, details are entered in Form IGN-030-F1 Security Monitoring of Environment Controlled Chambers by maintenance department. The form is submitted to QA for final approval and filing.

6.4 Excursions:

6.4.1 Short term spikes due to opening of doors are acceptable as unavoidable.

6.4.2 If for any reason (e.g., power, equipment failures, etc.), chamber / walk-in stability room is in excursion that exceeds the defined tolerances for more than 24 hours, samples in the chamber / walk-in stability room shall be transferred into back-up chamber. If back-up chamber / walk-in stability room is not available, samples shall be stored at room temperature maximum up to three working days. Once the chamber / walk-in stability room is ready, the samples shall be moved to the original stability condition. If exceeds three working days, the pulling date shall be extended for Accelerated and Intermediate conditions. For CRT condition, it is not required to extend the pulling dates. The impact of such excursion will be assessed.

6.5 Storage Conditions (General Case):

6.5.1 Accelerated Stability (AA):

Samples are stored at 40°C ± 2°C and 75% RH ± 5% RH for a period of six (6) months (i.e., 180 days) for ANDA / ANADA / NDA / NADA. Test intervals are set at 1 month, 2 months, 3 months, and 6 months (i.e.,180 days).

6.5.2 Intermediate Stability (INT):

Samples are stored at 30°C ± 2°C and 65% RH ± 5% RH for a period of twelve (12) months for ANDA / ANADA / NDA / NADA. Test intervals are set at 1 month, 2 months, 3 months, 6 months (i.e.,180 days), 9 months, and 12 months.

6.5.3 Where "significant change" occurs in the samples of accelerated storage conditions, additional testing at the intermediate storage conditions (i.e., 30°C ± 2°C and 65% RH ± 5% RH) shall be conducted.

6.5.3.1 "Significant Change" at the accelerated condition is defined as:

A. A 5% potency loss from the initial assay value of a batch.

B. Any specified degradant exceeding its specification limit.

C. Dissolution exceeding the specification limits for 12 Dosage units (USP Stage 2).

D. Failure to meet specifications for appearance and physical properties.

E. Failure to meet the acceptance criterion for pH.

6.5.4 Long-term Stability (CRT):

Samples are stored at 25°C ± 2°C and 60% RH ± 5% RH (controlled room temperature) for up to shelf life for ANDA / ANADA and may be longer for NDA / NADA. Test intervals are at 3 months, 6 months (i.e., 180 days), 9 months, 12 months, 18 months, 24 months, and on an annual basis up to the proposed shelf life for NDA / NADA / ANDA / ANADA. Additional intervals can be assigned on a case-by-case basis.

6.6 Storage Conditions (Drug Product Intended for Storage in a Refrigerator):

6.6.1 Accelerated Stability (AA):

Samples are stored at 25°C ± 2°C and 60% RH ± 5% RH for a period of six (6) months for ANDA / ANADA / NDA / NADA. Test intervals are set at 1 month, 2 months, 3 months, and 6 months (i.e.,180 days).

6.6.2 Long-term Stability:

Samples are stored at 5°C ± 3°C in a refrigerator for a period of twelve (12) months for ANDA / ANADA / NDA / NADA. Test intervals are set at 3 months, 6 months (i.e.,180 days), 9 months, 12 months, 18 months and 24 months. Additional intervals can be assigned on a case-by-case basis.

6.7 Storage Conditions (Drug Product Intended for Storage in a Freezer):

6.7.1 Long-term Stability:

Samples are stored at - 20°C ± 5°C in a freezer for a period of twelve (12) months for ANDA / ANADA / NDA / NADA. Test intervals are set at 3 months, 6 months (i.e.,180 days), 9 months, 12

months, 18 months and 24 months. Additional intervals can be assigned on a case-by-case basis.

6.7.2 Testing on a single batch at an elevated temperature (e.g., 5°C ± 3°C or 25°C ± 2°C) for an appropriate time period should be conducted to address the effect of short-term excursions outside the proposed label storage condition.

6.8 Storage Conditions (Drug Product Intended for Storage Below - 20°C):

6.8.1 Drug products intended for storage below - 20°C should be treated on a case-by-case basis.

NOTE: If a drug product is required to be stored at condition different from above mentioned storage conditions, a separate stability protocol will be initiated that will contain all the critical information such as storage condition, test intervals, etc.

6.9 Preparation of Stability Protocol:

6.9.1 Stability protocols shall be prepared by Product Development for R&D products and by Quality Assurance for commercial products before the stability study is initiated.

6.9.2 Stability protocols shall include all specific details of the product and stability study such as, but not limited to, product name and strength, code number, active pharmaceutical ingredient associated, batch size, pack size and packaging configuration, study purpose, storage conditions, testing frequency, tests, number of containers to be pulled per sampling point, and number of samples to be collected.

6.9.3 Bracketing and Matrixing designs for stability testing of drug products can be applied according to ICH Guidance Q1D: Bracketing and Matrixing Designs for Stability Testing of New Drug Substances and Products.

6.9.4 Stability protocols are approved in the quality system via change control following instructions documented in SOP IQA-001.

6.10 Initiation of Stability Study:

6.10.1 Stability study for R&D products is initiated by Product Development Department using the approved stability protocol. Stability samples are collected by Quality Assurance and submitted to Quality Control accordingly.

6.10.2 Stability study for commercial products (including validation) is initiated by Quality Assurance Department using the approved stability protocol and Form IQA-006-F4 (Initiation of Stability Study). Stability samples are collected by Quality Assurance and submitted to Quality Control accordingly.

6.10.3 Upon receipt, Quality Control Department verifies stability samples for correctness and integrity and ensures that an approved stability protocol associated with this stability study is available and that information documented in the protocol or Form IQA-006-F4 is accurate.

6.10.4 The stability samples shall be labelled as Upright (U), Inverted (I) and On the Side (OTS) orientations on the cartons as per stability protocol and the samples shall be loaded carefully into chambers as per orientation.

6.11 Scheduling:

6.11.1 The stability system scheduling shall be documented in stability protocol (i.e., R&D products) or using Form IQA-006-F4 (i.e., commercial products) upon initiations of any new stability studies for the products.

6.11.2 When the stability samples are loaded into the stability chamber, stability group or designee shall enter the initiating information into the stability logbook.

6.11.3 Stability samples (i.e., exhibit batches) can be loaded into the stability chambers after packaging without waiting for the release of time zero data to save the stability study time.

6.12 Sample Retrieval:

6.12.1 A monthly calendar with the products to be tested for that month will be generated from the Excel sheet / Microsoft outlook according to the approved stability protocol or Form IQA-006-F4.

6.12.2 The Stability Coordinator or designee will remove the appropriate quantity of samples according to stability protocol or Form IQA-006-F4 from storage, document such retrieval in the respective stability protocol or Form IQA-006-F4, and submit stability samples to the laboratory for testing.

6.12.3 When the stability samples are retrieved from the stability chamber, stability group or designee shall reflect this activity in the stability logbook.

6.12.4 The samples will be logged in the Stability Samples Logbook in Quality Control Department as per SOP IQC-003.

NOTE: Ensure to submit samples required for Microbiology testing (as per stability protocol) on the same day of retrieval (if applicable).

6.12.5 For pull dates, which fall on non-working days, samples will be pulled on the next working day.

6.13 Testing:

6.13.1 Samples will be tested in accordance with approved Stability Protocol using approved test methods, which are specific, and stability indicating.

6.13.2 For testing, sampling of dosage units from a given container should be done randomly with each individual unit having an equal chance to be selected. The chemist must inspect samples before testing and report any untoward appearance / findings to their supervisor or manager.

6.13.3 Accelerated and intermediate storage conditions samples testing should be completed within 15 calendar days of retrieval.

NOTE: In case of Microbiology testing, testing must be completed within 30 calendar days (excluding weekends / holidays) of retrieval.

6.13.4 Long term storage conditions samples testing should be completed within 15 working days.

NOTE: In case of Microbiology testing, testing must be completed within 30 calendar days (excluding weekends / holidays) of retrieval.

6.13.5 If testing is delayed, then the reasons and the impact for the delays shall be clearly documented and approved by the responsible Quality Control Manager or designee and submitted to Quality Assurance Department along with the stability data report.

6.14 Recording Results:

6.14.1 Results of testing are recorded as they are completed and checked against any previous data by group auditor or designee.

6.14.2 Test result failures shall be brought to the immediate attention of the Quality Control Manager or designee who shall notify the Quality Assurance Management consequently. Investigation of out of specifications or out of trends shall be conducted according to SOP IQC-001.

6.14.3 The SOP IQC-001 Investigating Out of Specification (OOS) and Out of Trend (OOT) Test Results, is not applicable for RLD and Experimental drug products.

6.15 Analysis Reporting Data:

6.15.1 Stability reports will be reported using product approved specification and analytical reports and according to stability data compilation sheets included in the stability protocol and will be submitted to Quality Assurance for review. The data should be submitted within 40 calendar days.

6.15.2 Stability reports will be provided to Regulatory Affairs for annual reports and other FDA submissions, as needed.

6.16 Documentation:

6.16.1 A stability project file will be maintained for each product initiated into the program.

6.16.2 Quality Control Manager or designee will ensure the current finished product specification is used for reporting purposes.

6.16.3 Initial release test results (time zero data) need to be available for all samples.

6.16.4 If more than 30 days have passed since the initial release date, stability initiator must submit additional samples for retest.

6.16.5 The Stability Chamber Logbooks as well as documentation included in the stability protocol or Form IQA-006-F4 will serve as documentation of the stability samples pulls.

6.17 Transportation of Stability Samples:

6.17.1 The Quality Control Manager or designee sending stability samples should ensure that the samples transported for loading into the stability chambers of any subsidiary or third party are transported as per the label storage conditions.

6.17.2 If there is any damage to the integrity of the container closure system of the sample during transit, the sample will not be loaded in the stability chambers.

6.17.3 The stability samples received for only loading into the stability chambers need to follow the stability conditions provided along with the samples.

6.18 Post-approval Stability Commitment:

6.18.1 If the submission does not include stability data on production batches, a commitment should be written in a specific stability protocol.

6.18.2 The stability protocol used for the studies on commitment batches should be the same as that for the primary batches, unless otherwise scientifically justified.

6.18.3 The commitment shall include the stability studies at intended long term storage conditions (at 25°C ± 2°C / 60% RH ± 5% RH) on the first three production batches in each packaging size.

6.18.4 In addition to the first three production batches, stability studies at 25°C ± 2°C / 60% RH ± 5% RH will be conducted on a minimum of one production batch per year for each packaging size.

6.18.5 The stability results for the drug product shall be reported in the annual report of the ANDA.

6.19 Changes or Cancellations:

6.19.1 Any change or termination of stability testing must be submitted in writing to the Quality Assurance Management with a completed Discontinuation of Stability Study Form (IQC-002-F1) in the stability Protocol. The stability system shall be updated immediately.

7.0 REVISION HISTORY

Revision No.	Effective Date	Description of Changes
01	JAN 10 2018	Original SOP
02	AUG 12 2019	1.Alignment was updated. 2.Added a note following point 6.12.4 detailing samples for microbiology laboratory must be submitted on same day of retrieval. 3.Added a note following point 6.13.3 and 6.13.4 describing microbiology testing must be completed in 30 working days.
03	NOV 22 2019	1. Changed 6.5.3.1 from "12 capsules or tablets" to "12 Dosage units" 2. Added 6.2.1.4 Refrigerator and its condition temperature. 3. Added Subsection E in section 6.5.3.1
04	SEP 29 2020	1. Added section 6.10.4 for introducing orientation of stability samples 2. Editorial changes were made throughout the SOP wherever applicable
05	MAR 1 1 2021	1.Removed the form IQC-002-F2 form sections 4.0 and 6.3.6 and added the form IGN-030-F1. 2.Added the SOP#IGN-030 and Form# IGN-030-F1 in the references section

SOP No.	Title	Revision No.
IPD-007	VISUAL INSPECTION OF INJECTIONS	09

Prepared By / Date	Reviewed By / Date	QA Approved By / Date	Effective Date
10/18/22	10/18/22	M Salazar 10/18/22	OCT 20 2022
Title: Process Engineer	Title: Director, Tech Ops	Title: CQCO	Change Control No. I-22608

1.0 PURPOSE

The purpose of this procedure is to provide standard operating instructions for the visual inspection of injections.

2.0 SCOPE

This procedure is applicable to personnel performing visual inspection of injections at BPI Labs facility, Suite #450.

3.0 RESPONSIBILITY

3.1 It is the responsibility of personnel performing visual inspection of injections to follow these instructions. It is also the responsibility of the Production Supervisor to implement and ensure that the procedure is being followed.

3.2 It is the responsibility of Production (PD) department and Production Supervisor to compile visual inspection results for trending. It is the responsibility of Quality Assurance (QA) department to prepare trending report.

Not Applicable.

6.0 PROCEDURE

6.1 General:

6.1.1 In general, unless specified in the manufacturing batch record, Visual Inspection is performed for all cGMP Products. The inspection program is designed to understand the nature of defects and establish appropriate controls to eliminate them based on the product life cycle.

6.1.2 Personnel participating in Visual Inspection of Injections must be trained and qualified as per SOP IPD-017 Qualification and Validation of Inspection Processes.

6.1.3 Inspectors must have their eyes examined by an optometrist at least once a year as per specifications listed in SOP IPD-017. The frequency may be increased if the inspectors complain of headache, eye fatigue, or other complaints directly attributable to visual performance.

6.1.4 Supervisors must be informed if any inspectors are suffering from eye allergies, eye infections, eye fatigue, headache, or any other concerns that affect the performance of inspection.

6.1.5 Inspectors must gown with hair net, beard cover (if facial hair is present), lab coat, and gloves when entering the visual inspection room. Inspectors must degown within respective visual inspection room prior to exiting.

6.1.5.1 Gowning materials such as lab coat must be dedicated to a single batch. If inspections are performed in multiple rooms then separate gowning materials are required.

6.1.6 Avoid glare and direct viewing of the light source at high intensities as this may result in eye strain or fatigue.

SOP No.	Title	Revision No.
IPD-007	VISUAL INSPECTION OF INJECTIONS	09

6.1.7 Check the intensity of light before the start of a batch and after completion of each batch.

6.1.8 After every 55-65 minutes of visual inspection, a no less than 5-minute break MUST be taken to relax eyes. Document inspection and break times in Form IPD-007-F1 section II.

6.1.8.1 When a break is required, the inspector should finish the tub or tray they are inspecting before taking a break. If they are unable to finish, they must keep inspected and uninspected units separate and secure before taking a break and upon returning, must start with the same uninspected tub/tray.

6.1.8.2 The inspection times and break times should be sequential. For example, an inspector inspects on 07/24/19 from 11:00 to 12:03 and he/she takes a break from 12:03 to 12:08. This will be documented on one line, from left to right, in section II of IPD-007-F1 and initialed by the inspector.

6.1.8.3 All open entries in section II of form IPD-007-F1 should be closed on the same day of completion.

6.1.9 Visual inspection rooms must be locked if visual inspection personnel are not in the room. Visual inspection personnel are responsible for locking the visual inspection room door during breaks and at end of business day.

6.1.10 Visual inspectors are not required to use a magnifier or wear safety glasses during the inspection. Magnification should only be used for critical examination of a small number of units, as may be needed during an investigation. The use of the magnifier will be determined by a supervisor or designee.

6.1.11 There are three different categories of defects representing the risk to the patient, as defined below.

6.1.11.1 Critical Defect:

A defect which poses risk to the patient, especially risk of injury to patient and integrity breach of container closure (sterility of the product) and indicates the inspected article is likely to:

A. Result in hazardous or unsafe conditions for individuals using, maintaining, or relying on the product; or

B. May prevent performance of the product or material or failure to meet specifications. A critical defect is a unit of product that contains one or more critical defects.

Examples: Critical defects include cracks in the glass of the vial or syringe, missing stopper/plunger, etc.

6.1.11.2 Major Defect:

A condition/non-conformity, other than critical, that carries the risk of a temporary impairment or medically reversible reaction or involves a remote probability of a serious adverse reaction or reduce the usability of the unit of product for its intended purpose. A major defect is a unit of product that contains one or more major defects.

Examples: Major defects include contamination intrinsic to the manufacturing process such as fibers or particles and issues associated with the filling/stoppering process such as low fill, high fill, or empty container.

SOP No.	Title	Revision No.
IPD-007	VISUAL INSPECTION OF INJECTIONS	09

6.1.11.3 Minor Defect:

A minor defect is a condition/non-conformity that is not likely to reduce the usability of the unit of product for its intended purpose or is a departure from established standards having little bearing on the effective use, safety or operation of the unit of product. A minor defect is a unit of product that contains one or more defects. They are often cosmetic in nature, affecting only product appearance or pharmaceutical elegance.

Examples: Minor defects include cosmetic issues such as scratches/scuffs on the body of the vial/syringe, dents on the container/cap, etc.

6.2 Handling of the Visual Inspection Booths:

6.2.1 Setup:

6.2.1.1 Setup inspection booth on the workbench for safe and comfortable operation.

6.2.1.2 Connect to 120 Volts power source and turn ON the light switch and ensure lights are illuminating with no flickering. If the lights do not function properly, contact area supervisor and initiate a maintenance request as per SOP IGN-020.

6.2.2 Operation:

6.2.2.1 Log equipment usage into appropriate Cleaning, Use, and Maintenance Logbook.

6.2.2.2 Ensure the light is turned on and verify in the appropriate logbook that the Visual Inspection Booth is cleaned prior to use. If not, follow step 6.2.3 as applicable.

6.2.2.3 When inspecting filled product, hold the units approximately 8-10 inches below the light source and NMT 5 inches from the center line.

6.2.2.4 When finished with operation, ensure the light is turned off.

6.2.3 Cleaning:

6.2.3.1 Minor Cleaning:

A. Ensure the power is turned OFF.

B. Remove all evidence of the previous batch, including all filled product, both inspected and rejected.

C. Wipe down the interior of the inspection booth with 70% Isopropyl Alcohol (IPA).

D. Record the activities into the proper Cleaning, Use, and Maintenance logbook and ensure the cleaning is verified by a Supervisor or designee.

E. Place a "CLEAN" label on the Visual Inspection Booth

SOP No.	Title	Revision No.
IPD-007	VISUAL INSPECTION OF INJECTIONS	09

6.2.3.2 Major Cleaning:

A. Ensure the power is turned OFF.

B. Remove all evidence of the previous batch, including all filled product, both inspected and rejected.

C. Wipe down the interior and exterior of the inspection booth and the magnifying glass with a lint-free cloth and 70% IPA.

D. Record the activities into the proper Cleaning, Use, and Maintenance logbook and ensure the cleaning is verified by a Supervisor or designee.

E. Place a "CLEAN" label on the Visual Inspection Booth.

6.2.4 Verification of Light Intensity:

6.2.4.1 Light intensity verification will be performed annually for all Visual Inspection Booths using NIST calibrated standard Light Intensity Meter. Measure the light intensities at the locations specified in Form IPD-007-F2 and record values in Form.

6.2.4.2 Light intensity should be NLT 2100 lux at the furthest specified point. If the light intensity fails to meet the acceptance criteria, initiate a maintenance request as per SOP IGN-020 and repeat verification after maintenance is performed.

6.2.5 Corrective Maintenance:

6.2.5.1 In case of equipment break down, contact maintenance personnel for necessary actions. Refer to SOP IGN-020 for repair/maintenance procedure.

6.3 Visual Inspection Requirements per Product Type:

6.3.1 Manual visual inspection requirements are based on product type. Refer to Table 1 for inspection requirements per batch type and corresponding procedure section.

Table 1: General Visual Inspection Requirements Based on Product Type

Product Type	Inspection Requirement	Procedure Section
Research and Development (Exhibit / Stability / Pivotal)	100% Inspection (One Time)	6.4
Initial Commercial (i.e., Initial Process Validation)	First and Second 100% Inspections (Two Times)	6.5
Commercial Certified for Reduced Inspection	100% Inspection (One Time)	6.7
Difficult to Inspect (i.e., Colored Products for Research and Development & Commercial)	100% Inspection (One Time) Destructive Testing	6.8

6.3.1.1 Research and Development products (Exhibit / Stability / Pivotal) are one time 100% inspected by Production personnel.

6.3.1.2 Initial Commercial products (if not qualified under reduced inspection program) are two times (First 100% and Second 100%) inspected by Production personnel. Although regulatory expectations require only 100% inspection, Second 100% inspection is

performed to better understand the life cycle of the product, common defects types, and provide product quality assurance.

6.3.1.3 Commercial products certified for the Reduced Inspection Certification Program are one time 100% inspected by Production personnel. To determine if the product is qualified for reduced inspection program, refer to the respective Product Validated List (i.e., EOL I-034).

6.3.1.4 Difficult to inspect products (i.e., colored products for Research and Development & Commercial) are one time 100% inspected by Production personnel and then tested as per supplemental destructive testing.

NOTE: Whenever samples are required to be submitted to Quality Control and Microbiology for testing prior to the completion of visual inspection of the entire batch, visual inspection can be performed on representative tub or tray of filled units from beginning, middle, and end of the run using the appropriate procedure. Record inspection of such selected tub or tray using form IPD-007-F1, i.e., if a batch has 100 tub or tray, 10,000 units are filled (100 units per tub or tray), and 45 units of samples are required for Quality Control and Microbiology testing, select tub or tray 1, 50, and 100 for the inspection. Upon completion of the inspection of all units in the three tubs or trays, notify QA to collect representative samples as per SOP IQA-007.

6.3.2 Production department requests visual inspection forms with Batch Manufacturing Record using Form IQA-006-F1 "Batch / Packaging Record Request Form". Production department will verify the visual inspection requirements (either First 100% and Second 100% inspections or only First 100% inspection) using the respective Product Validated List (i.e., EOL I-034) to determine the amount of visual inspection forms needed.

6.3.3 Form IPD-007-F1 "Visual Inspection of Injections Report" is issued for each individual involved in visual inspection. Form IPD-007-F3 "Log for Visual Inspection of Injections" is issued per batch. These forms are issued with the Batch Manufacturing Record by QA department.

6.4 **Inspection of Research and Development Products:**

6.4.1.1 Research and Development (Exhibit / Stability / Pivotal) products are one time 100% inspected by Production personnel. Refer to Figure 1 for a general overview of research and development product inspections.

SOP No.	Title	Revision No.
IPD-007	VISUAL INSPECTION OF INJECTIONS	09

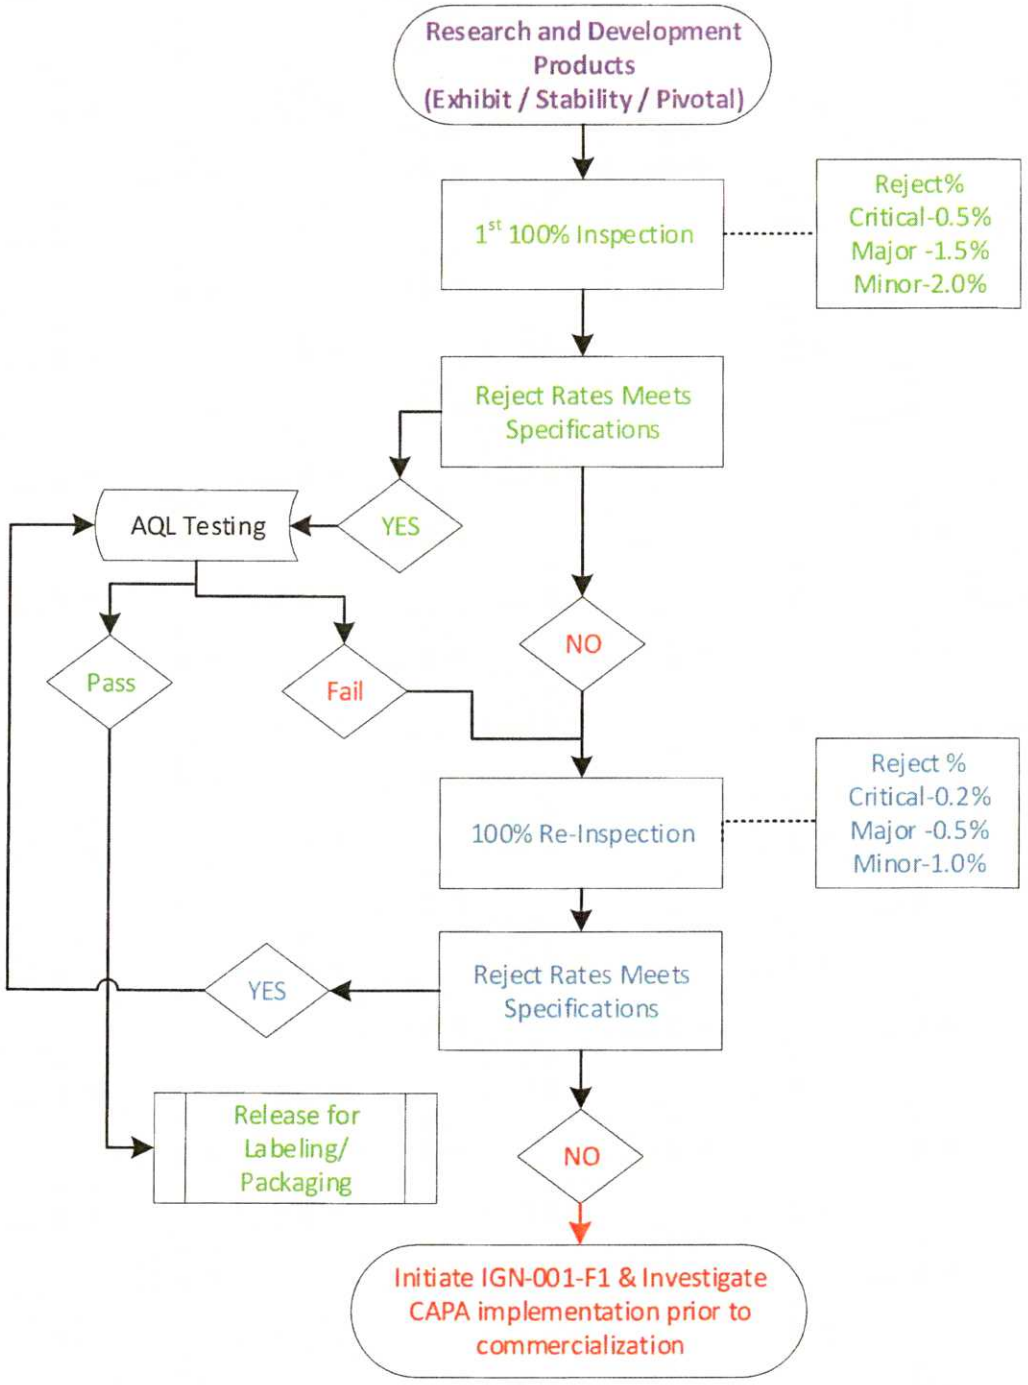

Figure 1: General Visual Inspection Process for Research and Development Products

6.4.1.2 Before QA issues line clearance, ensure the product is secured (e.g., cage with fastener and lock, rack that has been wrapped) and there is no sign of tampering. If there is evidence of tampering, notify supervisor or designee immediately to determine how to proceed.

6.4.1.3 Once line clearance has been given, bring product into the room and place a STATUS label on the rack/cage containing filled product (Status should be: To Be Inspected).

6.4.1.4 Place a STATUS label on the receiving rack/cage with appropriate status (e.g., First 100% inspected product, 100% re-inspected product)

6.4.1.5 Test light intensity using NIST calibrated standard Lux Meter prior to inspection start, and record results in Form IPD-007-F1. Light intensity should be NLT 2100 lux approximately 8-10 inches from the light source. If the light intensity is less than 2100 lux the booth cannot be used for inspection, initiate a maintenance request as per SOP IGN-020.

6.4.1.6 Collect one Filled Units tub/tray to be inspected at a time from the batch of filled units. If filled units are in tubs count the number of units available for inspection and record number of units in the appropriate space on form IPD-007-F1 and check the First 100% inspection box. If filled units are in trays, prepare another empty tray to place inspected units.

6.4.1.7 Pick up and hold the units in between finger and thumb in horizontal position (with bottom of the vial/syringe touching the thumb) approximately 8-10 inches below the light source and NMT 5 inches from the center line. Rotate and observe the containers, slowly, for five seconds in such a way that the complete body of the containers, including neck and bottom, are visible for inspection. Observe the containers for following defects:

A. For inspection of vials with Liquid Product:

a. Scratches/Scuff Marks on Body
b. Dents on Container
c. Dents on Flip-cap
d. Dirt on Exterior Surface
e. Empty Container
f. Cracked vial
g. Leakage
h. Missing Stopper
i. Missing Flip-cap
j. Incomplete seal/cap
k. Wrong color stopper/cap
l. Crimp defect (loose crimp or non-uniform crimp)

NOTE: When inspecting for incomplete seal/cap, rotate unit between fingers and ensure the cap is leveled with the vial and the seal is securely locked from all points. Holding in one hand, move the cap head side to side and ensure the securing flanges do not move past the crown of the vial.

B. For inspection of syringes with Liquid Product:

a. Scratches/Scuff Marks on Body
b. Dents on Container
c. Dents on needle sheath or luer lock
d. Dirt on Exterior Surface
e. Empty syringe
f. Cracked or broken syringes
g. Missing stopper
h. Wrong stopper position (stopper upside down) with reference to standard
i. Liquid between stopper ribs
j. Partially Inserted Stopper, with reference to standard

6.4.1.8 Gently swirl or invert the vials/syringes making sure that minimal air bubbles are introduced and bring back to an upright position. Inspect the product in front of the **black background** for minimum five seconds and check for the defects mentioned below, as applicable for vials or syringes with liquid product.

A. For inspection of Liquid Product in either vials or syringes:

a. Low Fill Level
b. High Fill Level
c. Discolored, or Cloudy/Precipitate
d. Colored particles
e. Black Particles
f. White Particles
g. Glass Particles
h. Fibers

6.4.1.9 Invert the vials/syringes momentarily and bring to an upright position and inspect the product in front of the **white background** for minimum five seconds and check for the defects mentioned below.

A. Black/Brown Particles
B. Fibers
C. Colored Particles

NOTE: As each unit is inspected in front of black and white background each for a minimum of five seconds, and maximum of 2 containers are inspected at a time, it will take 20 seconds to inspect 2 units. No more than 360 units should be inspected per hour.

6.4.1.10 Accepted vials/syringes will be placed into their respective tub/tray. Rejected vials/syringes will be marked with the defect code number as listed in IPD-007-F1 form section III and placed into the appropriate labeled reject bin (i.e., critical reject bin, major reject bin, minor reject bin).

NOTE: If an inspector has a doubt about a defect category, another qualified inspector may inspect and confirm.

6.4.1.11 At the end of inspection process, test light intensity using NIST calibrated standard Lux Meter, and record in Form IPD-007-F1. Light intensity should be NLT 2100 lux approximately 8-10 inches from the light source; if the light intensity does not meet specification, initiate a maintenance request as per SOP IGN-020. All units inspected in this booth must be re-inspected after taking corrective action/repair or perform inspection in any other inspection booth.

6.4.1.12 Individual operators will reconcile the inspected units and rejects in his/her form and attach to the batch record.

6.4.1.13 Review total reject rates from the First 100% inspection through respective inspection forms. If it is within the specified limits from batch record, coordinate with Quality Assurance for Acceptable Quality Level (AQL) Inspection. If the reject rates are not specified in the Batch Manufacturing Record, follow the limits specified in Table 2.

SOP No.	Title	Revision No.
IPD-007	VISUAL INSPECTION OF INJECTIONS	09

Table 2: Research and Development Products Visual Inspection Acceptance Criteria

Type of Defects	% Reject Rates (Action Level)	
	First 100% Inspection	100% Re-inspection
Critical Defects	0.5	0.2
Major Defects	1.5	0.5
Minor Defects	2.0	1.0

A. If the reject rates from the first 100% inspection are NOT within the specified limits, request Quality Assurance Document Control to issue respective Batch record pages and Form IPD-007-F1 for 100% re-inspection as per SOP IQA-006.

B. Review total reject rates from 100% re-inspection. If it is within the specified limits from batch record or Table 2 "**100% Re-inspection**", coordinate with Quality Assurance for Acceptable Quality Level (AQL).

C. If first AQL inspection fails, re-inspection of complete batch is performed with "100% Re-inspection" limits in Table 2. Once re-inspection is complete, a second AQL inspection can be performed with tightened inspection limits, as per SOP IQA-016. If it is NOT within the specified limits, inform supervisor. An investigation must be initiated as per IGN-001, corrective and preventive actions must be implemented prior to commercial batch manufacturing.

6.4.1.14 Once AQL inspection is complete and the batch record has been updated, the filled product can be further released for labeling and packaging.

A. If product is left unattended, ensure the product is secure (e.g., secured in a cage with fastener and lock).

6.4.1.15 If the filled product needs transfer to the warehouse, prepare the transfer by following the procedure in SOP IPK-003.

SOP No.	Title	Revision No.
IPD-007	VISUAL INSPECTION OF INJECTIONS	09

6.5 Inspection of Initial Commercial Products:

6.5.1.1 Initial Commercial products (i.e., initial process validation batches) are First 100% inspected and then Second 100% inspected, unless they are qualified for Reduced Inspection Program. To determine if the product is qualified for reduced inspection program, refer to the respective Product Validated List (i.e., EOL I-034).

NOTE: Refer to section 6.7 for Inspection of Commercial Products Certified for Reduced Inspection Program.

A. Refer to Figure 2 for the general inspection process for initial Commercial batches.

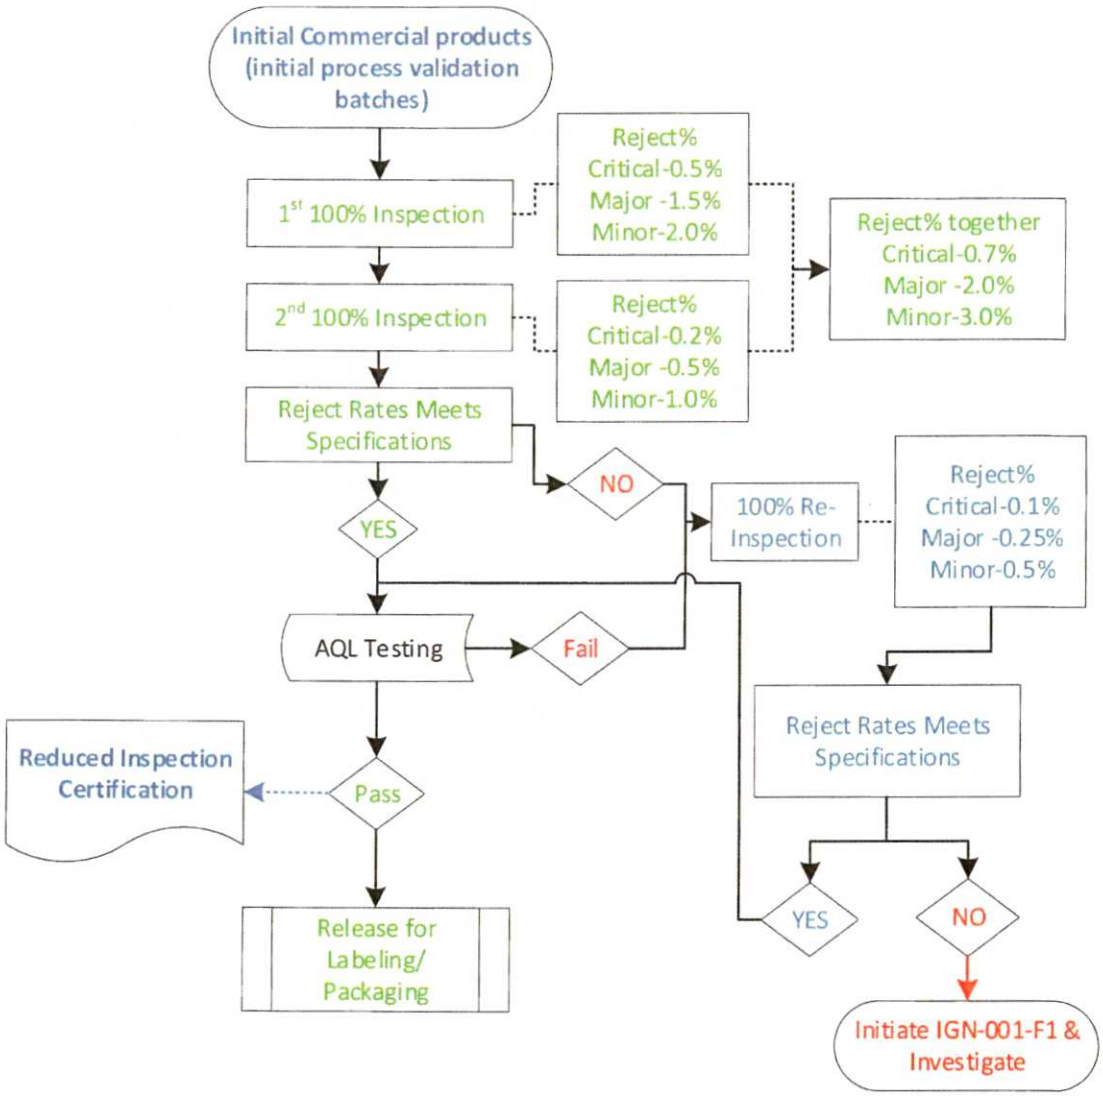

Figure 2: General Visual Inspection Process for Commercial Batches Prior to Reduced Inspection Certification

6.5.1.2 Before QA issues line clearance, ensure the product is secured (e.g., cage with fastener and lock, rack that has been wrapped) and there is no sign of tampering. If there is

evidence of tampering, notify supervisor or designee immediately to determine how to proceed.

6.5.1.3 Once line clearance has been given, bring product into the room and place a STATUS label on the rack/cage containing filled product (Status should be: To Be Inspected).

6.5.1.4 Place a STATUS label on the receiving rack/cage with appropriate status (e.g., First 100% inspected product, Second 100% inspected product, 100% re-inspected product)

6.5.1.5 Test light intensity using NIST calibrated standard Lux Meter prior to inspection start, and record results in Form IPD-007-F1. Light intensity should be NLT 2100 lux approximately 8-10 inches from the light source. If the light intensity is less than 2100 lux the booth cannot be used for inspection, initiate a maintenance request as per SOP IGN-020.

6.5.1.6 Collect one Filled Units tub/tray to be inspected at a time from the batch of filled units. If filled units are in tubs count the number of units available for inspection and record number of units in the appropriate space on form IPD-007-F1 and check the First 100% inspection box. If filled units are in trays, prepare another empty tray to place inspected units.

6.5.1.7 Pick up and hold the units in between finger and thumb in horizontal position (with bottom of the vial/syringe touching the thumb) approximately 8-10 inches below the light source and NMT 5 inches from the center line. Rotate and observe the containers, slowly, for five seconds in such a way that the complete body of the containers, including neck and bottom, is visible for inspection. Observe the containers for following defects:

A. For inspection of vials with Liquid Product:

a. Scratches/Scuff Marks on Body
b. Dents on Container
c. Dents on Flip-cap
d. Dirt on Exterior Surface
e. Empty Container
f. Cracked vial
g. Leakage
h. Missing Stopper
i. Missing Flip-cap
j. Incomplete seal/cap
k. Wrong color stopper/cap
l. Crimp defect (loose crimp or non-uniform crimp)

NOTE: When inspecting for incomplete seal/cap, rotate unit between fingers and ensure the cap is leveled with the vial and the seal is securely locked from all points. Holding in one hand, move the cap head side to side and ensure the securing flanges do not move past the crown of the vial.

B. For inspection of syringes with Liquid Product:

a. Scratches/Scuff Marks on Body
b. Dents on Container
c. Dents on needle sheath or luer lock
d. Dirt on Exterior Surface
e. Empty syringe
f. Cracked or broken syringes
g. Missing stopper

h. Wrong stopper position (stopper upside down) with reference to standard
i. Liquid between stopper ribs
j. Partially Inserted Stopper, with reference to standard

6.5.1.8 Gently swirl or invert the vials/syringes making sure that minimal air bubbles are introduced and bring back to an upright position. Inspect the product in front of the **black background** for minimum five seconds and check for the defects mentioned below, as applicable for vials or syringes with liquid product.

A. For inspection of Liquid Product in both vials and syringes:

a. Low Fill Level
b. High Fill Level
c. Discolored, or Cloudy/Precipitate
d. Colored particles
e. Black Particles
f. White Particles
g. Glass Particles
h. Fibers

6.5.1.9 Invert the vials/syringes momentarily and bring to an upright position and inspect the product in front of the **white background** for minimum five seconds and check for the defects mentioned below.

A. Black/Brown Particles
B. Fibers
C. Colored Particles

NOTE: As each unit is inspected in front of black and white background each for a minimum of five seconds, and maximum of 2 containers are inspected at a time, it will take 20 seconds to inspect 2 units. No more than 360 units should be inspected per hour.

6.5.1.10 Accepted vials/syringes will be placed into their respective tub/tray. Rejected vials/syringes will be marked with the defect code number as listed in IPD-007-F1 form section III and placed into the appropriate labeled reject bin (i.e., critical reject bin, major reject bin, minor reject bin).

NOTE: If an inspector has a doubt about a defect category, another qualified inspector may inspect and confirm.

6.5.1.11 At the end of inspection process, test light intensity using NIST calibrated standard Lux Meter, and record in Form IPD-007-F1. Light intensity should be NLT 2100 lux approximately 8-10 inches from the light source; if the light intensity does not meet specification, initiate a maintenance request as per SOP IGN-020. All units inspected in this booth must be re-inspected after taking corrective action/repair or perform inspection in any other inspection booth.

6.5.1.12 Individual operators will reconcile the inspected units and rejects in his/her form and attach to the batch record.

6.5.1.13 Review total reject rates from the first 100% inspection through respective inspection forms, typical "**First 100% Inspection**" % Rejects Rates are listed in Table 3.

SOP No.	Title	Revision No.
IPD-007	VISUAL INSPECTION OF INJECTIONS	09

Table 3: Initial Process Validation/Commercial Products Visual Inspection Acceptance Criteria

Type of Defects	% Reject Rates (Action Level)			
	First 100% Inspection	Second 100% Inspection	Together First & Second Inspection	100% Re-inspection
Critical Defects	0.5	0.2	0.7	0.1
Major Defects	1.5	0.5	2.0	0.25
Minor Defects	2.0	1.0	3.0	0.5

6.5.1.14 Perform a Second 100% inspection following the same procedure as the First 100% inspection, typical "**Second 100% Inspection**" % Rejects Rates are listed in Table 3.

6.5.1.15 Rejected vials/syringes will be marked with the defect code number as listed in IPD-007-F1 form section III and placed into the appropriate labeled reject bin (i.e., critical reject bin, major reject bin, minor reject bin).

6.5.1.16 At the end of inspection process, test light intensity using NIST calibrated standard Lux Meter, and record in Form IPD-007-F1. Light intensity should be NLT 2100 lux approximately 8-10 inches from the light source; if the light intensity does not meet specification, initiate a maintenance request as per SOP IGN-020. All units inspected in this booth must be re-inspected after taking corrective action/repair or perform inspection in any other inspection booth.

6.5.1.17 Individual operators will reconcile the inspected units and rejects in his/her form and attach to the batch record.

6.5.1.18 Once the Second 100% inspection is complete, inform supervisor or designee to summarize overall inspection results in Form IPD-007-F3 and Batch Manufacturing Record.

6.5.1.19 Review total reject rates "**Together First & Second Inspection**" in respective inspection forms. If it is within the specified limits listed in batch record or Table 3, coordinate with Quality Assurance for Acceptable Quality Level (AQL) Inspection.

A. If the reject rates from the "**Together First & Second Inspection**" are NOT within the specified limits, request Quality Assurance Document Control to issue respective Batch record pages and Form IPD-007-F1 for 100% re-inspection as per SOP IQA-006.

B. Review total reject rates from 100% re-inspection. If it is within the specified limits from batch record or Table 3, coordinate with Quality Assurance for Acceptable Quality Level (AQL). If it is NOT within the specified limits, inform supervisor and an investigation must be initiated as per IGN-001.

C. If first AQL testing fails, re-inspection of complete batch is performed with "100% Re-inspection" limits from Table 3. Once re-inspection is complete, a second AQL inspection can be performed with tightened inspection limits, as per IQA-016.

NOTE: Only one re-inspection is allowed. If the reject rates are still NOT within the specified limits, an investigation must be initiated as per IGN-001.

6.5.1.20 Once AQL inspection is complete and the batch record has been updated, the filled product can be further released for labeling and packaging.

A. If product is left unattended, ensure the product is secure (e.g., secured in a cage with fastener and lock).

6.5.1.21 If the filled product needs transfer to the warehouse, prepare the transfer by following the procedure in SOP IPK-003.

6.6 **Reduced Inspection Certification Program for Commercial Products:**

6.6.1 Manufacturing Science & Technology or Production Lead/designee are responsible for compiling results and report for the Reduced Inspection Certification Program.

6.6.2 Reduced Inspection Certification is performed based on the following criteria:

6.6.2.1 Execute First 100% and Second 100% Visual Inspections for three consecutive cGMP commercial manufacturing batches per container closure system or product and filling process line.

6.6.2.2 Once three consecutive cGMP visual inspection results are available, a summary report will be prepared evaluating if the process is well understood, visible particulates type and characteristics are determined, and the visual inspection process is in control to maintain reject rates.

6.6.2.3 The summary report will compare the consistency of results between the batches and ensure the results meet the following criteria.

A. Each defect category in each inspection meets the criteria in Table 3.

B. Defect types are consistent between the batches.

C. The reject rate from the Second 100% inspection is significantly lower than First 100% inspection (typically 50% less than First 100% inspection).

6.6.2.4 The summary report will be reviewed and approved by Quality Assurance Management through change control request.

6.6.2.5 Upon approval of change control, the respective Product Validated List (i.e., I-034) will be updated with reduced inspection for all future cGMP batches.

6.6.2.6 First 100% and Second 100% Visual Inspection should be performed for reduced inspection certified products if:

A. First 100% visual inspection reject rates are significantly higher and any new particle types are identified which originated from the process.

B. Primary container or closure manufacturer changes their process, which may affect particulates from packaging component.

C. Major changes are made in the aseptic fill process/equipment which may impact either particulate generation or particulate retention.

6.6.2.7 If the visual inspection results for certified products do not comply with above requirements, an investigation as per SOP IGN-001 is conducted and the product must be removed from the Reduced Inspection Program. The respective Product Validated List (i.e., EOL I-034) must be updated via change control to remove the product from the Reduced Inspection Program. The product will then be First and Second 100% inspected until the criteria is met once again as per the requirements of this SOP.

6.7 Inspection of Commercial Products Certified for Reduced Inspection Program:

6.7.1.1 All commercial products certified for Reduced Inspection Certification Program are one time 100% inspected (i.e., First 100% Inspection). To determine if the product is qualified for reduced inspection program, refer to the respective Product Validated List (i.e., EOL I-034).

A. Refer to Figure 3 for the general inspection process of commercial products certified for reduced inspection.

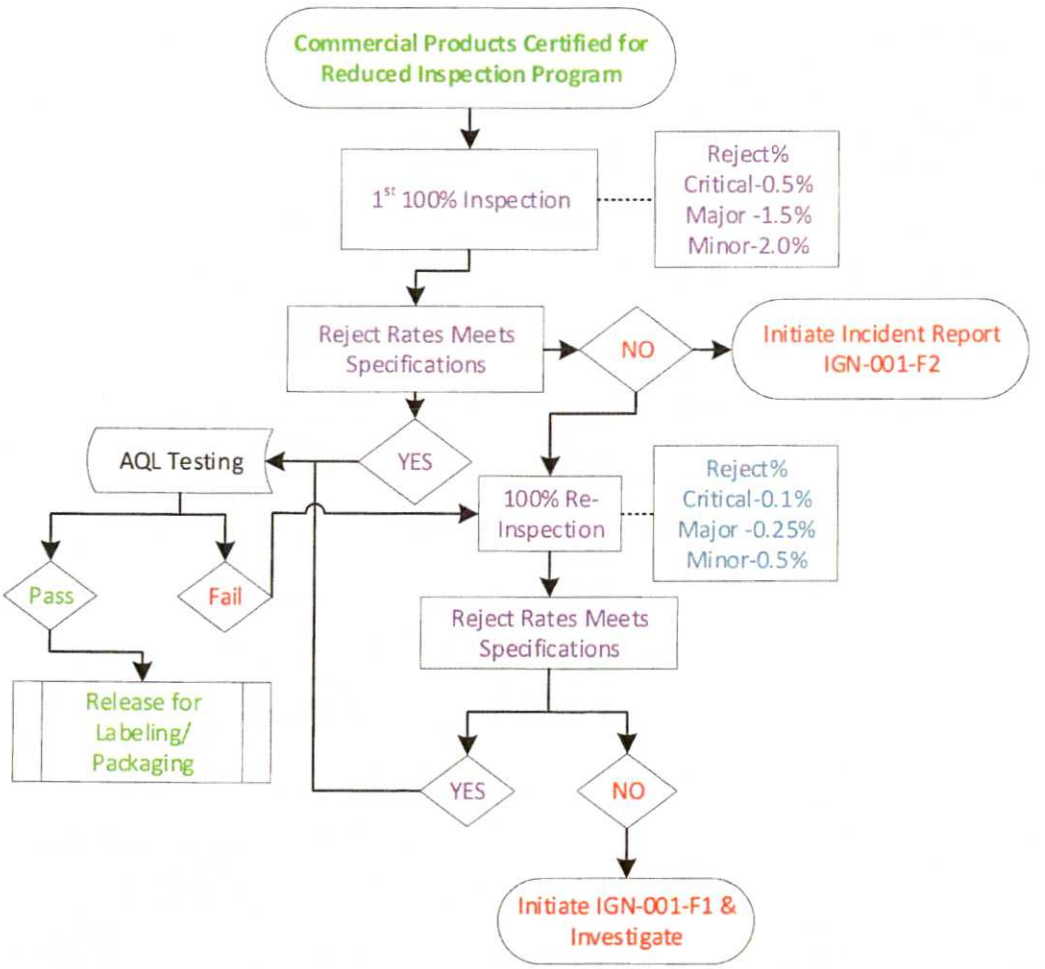

Figure 3: General Visual Inspection of Commercial Products Certified for Reduced Inspection

6.7.1.2 Before QA issues line clearance, ensure the product is secured (e.g., cage with fastener and lock, rack that has been wrapped) and there is no sign of tampering. If there is

evidence of tampering, notify supervisor or designee immediately to determine how to proceed.

6.7.1.3 Once line clearance has been given, bring product into the room and place a STATUS label on the rack/cage containing filled product (Status should be: To Be Inspected).

6.7.1.4 Place a STATUS label on the receiving rack/cage with appropriate status (e.g., First 100% inspected product)

6.7.1.5 Test light intensity using NIST calibrated standard Lux Meter prior to inspection start and record results in Form IPD-007-F1. Light intensity should be NLT 2100 lux approximately 8-10 inches from the light source. If the light intensity is less than 2100 lux the booth cannot be used for inspection, initiate a maintenance request as per SOP IGN-020.

6.7.1.6 Collect one Filled Units tub/tray to be inspected at a time from the batch of filled units. If filled units are in tubs count the number of units available for inspection and record number of units in the appropriate space on form IPD-007-F1 and check the First 100% inspection box. If filled units are in trays, prepare another empty tray to place inspected vials/syringes.

6.7.1.7 Pick up and hold the units in between finger and thumb in horizontal position (with bottom of the vial/syringe touching the thumb) approximately 8-10 inches below the light source and NMT 5 inches from the center line. Rotate and observe the containers, slowly, for five seconds in such a way that the complete body of the containers, including neck and bottom, is visible for inspection. Observe the containers for following defects:

A. For inspection of vials with Liquid Product:

a. Scratches/Scuff Marks on Body
b. Dents on Container
c. Dents on Flip-cap
d. Dirt on Exterior Surface
e. Empty Container
f. Cracked vial
g. Leakage
h. Missing Stopper
i. Missing Flip-cap
j. Incomplete seal/cap
k. Wrong color stopper/cap
l. Crimp defect (loose crimp or non-uniform crimp)

NOTE: When inspecting for incomplete seal/cap, rotate unit between fingers and ensure the cap is leveled with the vial and the seal is securely locked from all points. Holding in one hand, move the cap head side to side and ensure the securing flanges do not move past the crown of the vial.

B. For inspection of syringes with Liquid Product:

a. Scratches/Scuff Marks on Body
b. Dents on Container
c. Dents on needle sheath or luer lock
d. Dirt on Exterior Surface
e. Empty syringe
f. Cracked or broken syringes
g. Missing stopper

h. Wrong stopper position (stopper upside down) with reference to standard
i. Liquid between stopper ribs
j. Partially Inserted Stopper, with reference to standard

6.7.1.8 Gently swirl or invert the vials/syringes making sure that minimal air bubbles are introduced and bring back to an upright position. Inspect the product in front of the **black background** for minimum five seconds and check for the defects mentioned below, as applicable for vials or syringes with liquid product.

A. For inspection of Liquid Product in both vials and syringes:

a. Low Fill Level
b. High Fill Level
c. Discolored, or Cloudy/Precipitate
d. Colored particles
e. Black Particles
f. White Particles
g. Glass Particles
h. Fibers

6.7.1.9 Invert the vials/syringes momentarily and bring to an upright position and inspect the product in front of the **white background** for minimum five seconds and check for the defects mentioned below.

A. Black/Brown Particles
B. Fibers
C. Colored Particles

NOTE: As each unit is inspected in front of black and white background each for a minimum of five seconds, and maximum of 2 containers are inspected at a time, it will take 20 seconds to inspect 2 units. No more than 360 units should be inspected per hour.

6.7.1.10 Accepted vials/syringes will be placed into their respective tub/tray. Rejected vials/syringes will be marked with the defect code number as listed in IPD-007-F1 form section III and placed into the appropriate labeled reject bin (i.e., critical reject bin, major reject bin, minor reject bin).

NOTE: If an inspector has a doubt about a defect category, another qualified inspector may inspect and confirm.

6.7.1.11 At the end of inspection process, test light intensity using NIST calibrated standard Lux Meter, and record in Form IPD-007-F1. Light intensity should be NLT 2100 lux approximately 8-10 inches from the light source; if the light intensity does not meet specification, initiate a maintenance request as per SOP IGN-020. All units inspected in this booth must be re-inspected after taking corrective action/repair or perform inspection in any other inspection booth.

6.7.1.12 Individual operators will reconcile the inspected units and rejects in his/her form and attach to the batch record.

6.7.1.13 Review total reject rates from the first 100% inspection through respective inspection forms. If the reject rate acceptance criteria are not specified in the Batch Manufacturing

SOP No.	Title	Revision No.
IPD-007	VISUAL INSPECTION OF INJECTIONS	09

Record, follow the limits specified in Table 4. If it is within the specified limits, coordinate with Quality Assurance for Acceptable Quality Level (AQL) Inspection.

Table 4: Reduced Inspection Certified Products Visual Inspection Acceptance Criteria

Type of Defects	% Reject Rates (Action Level)	
	First 100% Inspection	100% Re-inspection
Critical Defects	0.5	0.1
Major Defects	1.5	0.25
Minor Defects	2.0	0.5

NOTE: If First 100% Inspection reject rates are within the specified limits, then a comment should be made in the Batch Manufacturing Record for Second 100% Inspection results referring to the Reduced Inspection Certification.

A. If the reject rates from the first 100% inspection are NOT within the specified limits, initiate an incident report as per SOP IGN-001 and request Quality Assurance Document Control to issue respective Batch record pages and Form IPD-007-F1 for 100% Re-inspection as per SOP IQA-006.

B. Review total reject rates from 100% re-inspection. If it is within the specified limits from batch record or Table 4 "**100% Re-inspection**", coordinate with Quality Assurance for Acceptable Quality Level (AQL).

C. If first AQL testing fails, re-inspection of complete batch is performed with "100% Re-inspection" limits from Table 4 after initiating an incident report as per SOP IGN-001. Once re-inspection is complete, a second AQL inspection can be performed with tightened inspection limits, as per SOP IQA-016. If it is NOT within the specified limits, inform supervisor. An investigation must be initiated as per IGN-001.

NOTE: Whenever the "100% re-inspection" and final AQL pass the requirements, the decision of removing the commercial product from the reduced inspection program is assessed and discussed in the respective incident / investigation report based on the nature of the defect.

6.7.1.14 Once AQL inspection is complete and the batch record has been updated, the filled product can be further released for labeling and packaging.

A. If product is left unattended, ensure the product is secure (e.g., secured in a cage with fastener and lock).

6.7.1.15 If the filled product needs transfer to the warehouse, prepare the transfer by following the procedure in SOP IPK-003.

6.8 Handling of Difficult to Inspect Products:

6.8.1 Some products may be difficult to inspect for particulates (e.g., colored products for Research and Development & Commercial). If a product cannot be reliably inspected following the procedures above, the following method will be used for inspection.

6.8.1.1 The product will undergo first 100% inspection, AQL inspection, and destructive testing. Refer to Figure 4 for the general inspection process for difficult to inspect products.

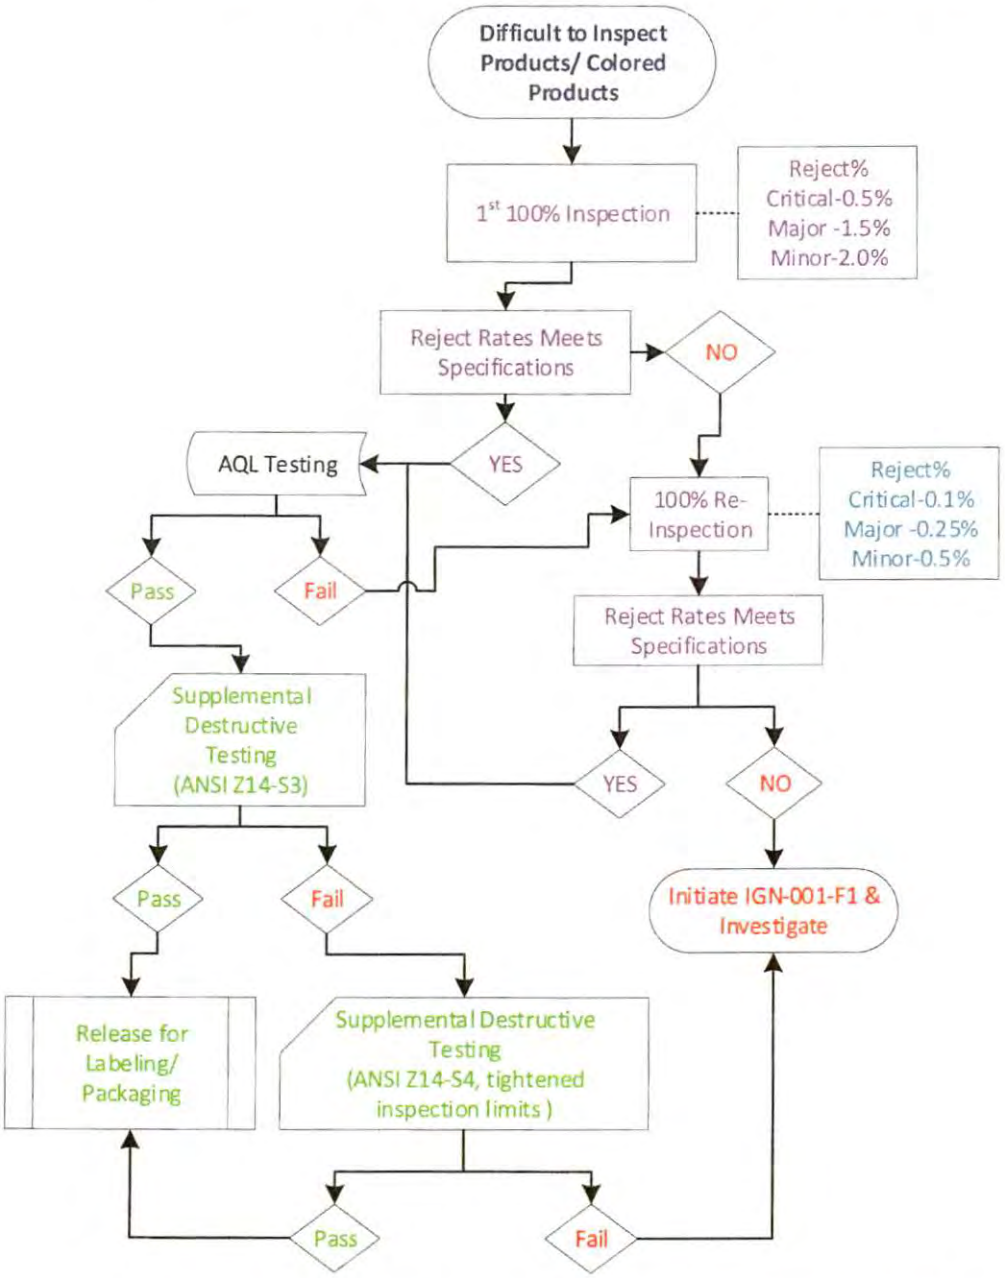

Figure 4: General Visual Inspection Process for Difficult to Inspect Products

SOP No.	Title	Revision No.
IPD-007	VISUAL INSPECTION OF INJECTIONS	09

6.8.1.2 Review total reject rates from the first 100% inspection through respective inspection forms. If the reject rate acceptance criteria are not specified in the Batch Manufacturing Record, follow the limits specified in Table 5. If it is within the specified limits, coordinate with Quality Assurance for Acceptable Quality Level (AQL) Inspection.

Table 5: Difficult to Inspect Products Visual Inspection Acceptance Criteria

Type of Defects	% Reject Rates (Action Level)	
	First 100% Inspection	100% Re-inspection
Critical Defects	0.5	0.1
Major Defects	1.5	0.25
Minor Defects	2.0	0.5

A. If the reject rates from the first 100% inspection are NOT within the specified limits, request Quality Assurance Document Control to issue respective Batch record pages and Form IPD-007-F1 for 100% re-inspection as per SOP IQA-006.

B. Review total reject rates from 100% re-inspection. If it is within the specified limits from batch record or Table 5 "**100% Re-inspection**", coordinate with Quality Assurance for Acceptable Quality Level (AQL).

C. If first AQL testing fails, re-inspection of complete batch is performed with "100% Re-inspection" limits from Table 5. Once re-inspection is complete, a second AQL inspection can be performed with tightened inspection limits, as per SOP IQA-016. If it is NOT within the specified limits, inform supervisor. An investigation must be initiated as per IGN-001.

6.8.1.3 Once production and AQL inspections are complete, QA department will take samples following Form IQA-016-F2 American National Standard (ANSI Z1.4) Sampling Plan, Special Inspection level S3 for supplemental destructive testing, by either an in-house or outside laboratory.

6.8.1.4 Transfer the samples to in-house laboratory for testing or to Warehouse to prepare samples for shipping.

A. In-house testing is performed as per SOP IMI-038 "Determination of Particulate within Injectables Products using Filtration Method".

B. If supplemental destructive testing does not meet the acceptance criteria, retesting is performed with tightened parameters.

At this time, QA department will take additional samples following Form IQA-016-F2 American National Standard (ANSI Z1.4) Sampling Plan, Special Inspection level S4 with tightened inspection limits for retesting of supplemental destructive testing.

If retesting does not meet the acceptance criteria, an investigation is initiated as per SOP IGN-001.

6.8.1.5 Once AQL inspection and supplemental testing are complete and the batch record has been updated, the filled product can be further released for labeling and packaging.

A. If product is left unattended, ensure the product is secure (e.g., secured in a cage with fastener and lock).

6.8.1.6 If the filled product needs transfer to the warehouse, prepare the transfer by following the procedure in SOP IPK-003.

6.9 Reconciliation of Visually Inspected Product:

6.9.1 After complete inspection, Production Supervisor or designee will review each IPD-007-F1 with IPD-007-F3 to ensure each tub/tray was inspected as per established inspection program and all units are accounted for.

6.9.2 Production Supervisor or designee will check each tub/tray's inspections and acknowledge in respective space in Form IPD-007-F3.

6.9.3 Production Supervisor or designee will then check the number of units available for each inspection, number of units rejected in each inspection, and number of units available after complete inspection.

6.9.4 Form IPD-007-F3 and Batch Manufacturing Record inspection results must be reviewed and found acceptable by Production Supervisor or designee prior to labeling or packaging of visually inspected product.

6.10 Handling of Rejected Units:

6.10.1 Once Visual Inspection is finished and the appropriate forms and Batch Record pages are complete, the rejected units will be placed into a storage container (e.g., box, resealable bags). Production will complete the label shown in Figure 5 and place it on the storage container.

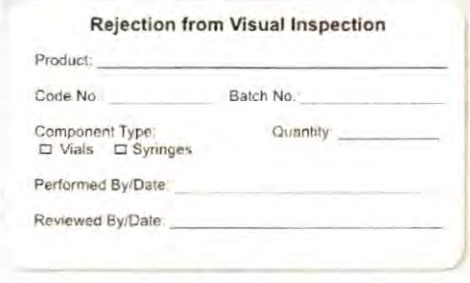

Figure 5: Rejection from Visual Inspection Label Template

6.10.2 Production will take labeled storage container to warehouse. Warehouse and production will place the storage container into the "REJECT" cage and production will document in the appropriate logbook.

6.10.3 Once the batch has been released by QA and no further testing is needed, QA will notify production and warehouse personnel.

6.10.4 Production designee will complete form IGN-024-F1 for the rejected units and give the completed form to warehouse.

6.10.5 Warehouse personnel will follow the waste procedure outlined in IWH-004 to dispose of the rejected units.

SOP No.	Title	Revision No.
IPD-007	VISUAL INSPECTION OF INJECTIONS	09

6.10.6 If the inspection is outside the specified acceptance criteria, production supervisors may determine that testing and identification of particulates is needed for a product. If so, production will send samples from the respective batch to either an in-house or outside laboratory using the following procedure.

6.10.6.1 Take the rejected units from warehouse to appropriate inspection room.

6.10.6.2 Separate the units into groups of similar particulate types (e.g., colored fiber, white fiber, dark fiber).

6.10.6.3 Choose a representative sample from each particulate type to send for testing.

6.10.6.4 Transfer the representative sample to QC laboratory for testing or to Warehouse to prepare samples for shipping. Return remaining rejected units to the warehouse.

6.11 Trending of Visual Inspection Results:

6.11.1 Visual inspection results for each cGMP batch will be tabulated and trended on a quarterly basis (once every three months) to ensure that manufacturing and inspection processes are operating in control.

6.11.2 Trending is performed to compile results and identify possible anomalies such as abnormal defect type or number of defects observed in a single product or container/closure system.

6.11.3 A report of the trend will be written and reviewed accordingly.

6.11.4 Visual inspection results for products certified for reduced inspection program are reviewed to ensure the product still qualifies for reduced inspections. In case a product no longer qualifies for the reduced inspection program, the product must be removed through change control procedure and revision of respective Product Validated List (i.e., EOL I-034).

6.11.5 Based on the results obtained, Corrective and Preventive Action (CAPA) may be proposed as per SOP IQA-024 if required.

7.0 REVISION HISTORY

Revision No.	Effective Date	Description of Changes
01	FEB 05 2019	Original SOP
02	JUL 29 2019	1. Added IWH-004, IQA-006, IPK-003, IGN-024, and IGN-024-F1 to reference section. 2. Add Second 100% inspection in Figure 1. 3. Clarified section 6.1.7 for taking and documenting breaks 4. Clarified section 6.1.8 for use of the magnifier. 5. Clarified section 6.2.2.2 for verifying cleanliness on the Visual Inspection Booth. 6. Changed section 6.2.4.2 to initiate a maintenance request as an incident is not needed. 7. Updated section 6.3 title to Procedure for Manual Visual Inspection and modified and realigned section for a Second 100% Inspection. 8. Removed duplicate defects in section 6.3.5.1.J and 6.3.5.1.K. 9. Added note after section 6.3.3.3.A for inspecting incomplete seal/cap 10. Modified Section 6.3.6.1 to include syringes and removed section 6.3.6.2. 11. Added 6.4 Handling of Rejected Units.
03	DEC 11 2019	1. Added note after section 6.3.4.1 for use of tray partitions when packing units into trays. 2. Added section 6.4 for handling of difficult to inspect products. 3. Added section 6.5.6 for testing and identification of particulates procedure.

SOP No.	Title	Revision No.
IPD-007	VISUAL INSPECTION OF INJECTIONS	09

Revision No.	Effective Date	Description of Changes
04	OCT 15 2020	1. Included Note between steps 6.3.2 and 6.3.3 to explain procedure for sample collection when they must be taken prior to completion of visual inspection.
05	DEC 02 2020	1. Included Note between steps 6.3.3.8 and 6.3.3.9 to establish a limit on the number of units inspected per hour.
06	MAR 16 2020	1. Updated Section 3.0 for Trending Responsibilities. 2. Moved procedure for placing inspected units into Tray to Section 6.3.4.10. 3. Added Section 6.6 for Trending of Visual Inspection Results.
07	FEB 07 2022	1. Changed wording from "tub" to "container" in case of inspection of units in tubs, trays, etc. 2. Note was added in Section 6.4 for taking samples of difficult to inspect products. 3. Added Section 6.3.5 for Reconciliation of Visually Inspected Product.
08	MAY 19 2022	1. Entire SOP is re-arranged to accommodate visual inspection based on product stage of life cycle. 2. Change in % Reject Rates based on industry standards and guidance. 3. Introduced "Reduced Inspection Certification Program". 4. Other minor changes to maintain the flow of inspection requirements depending on batch type.
09	OCT 2 0 2022	1. Change syringe defect description from "Distance between stopper and top liquid level" to "Partially Inserted Stopper", in respective sections

SOP No.	Title	Revision No.
IGN-025	ASEPTIC PROCESS SIMULATION (APS) OR MEDIA FILL PROGRAM	04

Prepared By / Date	Reviewed By / Date	QA Approved By / Date	Effective Date
04/07/23	PMK 04/07/23	M. Salazar 04/10/23	APR 26 2023
Title: Asst. Manager	Title: Manager-MS	Title: CQCO	Change Control No. I-23296

1.0 PURPOSE

The purpose of this SOP is to establish and implement the Aseptic Process Simulation (APS), also called Media Fill Validation to support sterile drug products manufacturing.

The purpose of an Aseptic Process Simulation (APS) is to:

1.1 Assess the capability of an aseptic process under a given manufacturing environment and process controls.

1.2 Demonstrate that appropriately designed and implemented process changes are acceptable.

1.3 Demonstrate compliance with current Good Manufacturing Practices.

1.4 Demonstrate the appropriateness of operating practices used in support of aseptic processing.

1.5 Challenge the aseptic process for microbial contamination vulnerabilities.

2.0 SCOPE

The procedure is applicable for Sterile Drug Products Manufacturing facility at BPI Labs.

3.0 RESPONSIBILITY

3.1 Manufacturing Science & Technology (MS) / Production (PD):

3.1.1 Prepare, review, and execute the media fill Batch Record, Protocol, and the Final Report.

3.1.2 Provide the environmental summary report for non-viable particulate air, relative humidity, temperature, and differential pressure monitoring conducted during the media fill.

3.2 Microbiology:

3.2.1 Incubate and inspect incubated media filled units and remaining bulk media at the completion of incubation.

3.2.2 Provide the summary report for the examination of the media filled units to MS for inclusion with the media fill report.

3.2.3 Provide the environmental summary report for viable air and surface monitoring conducted during the media fill.

3.3 Quality Assurance:

3.3.1 Review and approve the media fill batch record and final media fill report.

3.3.2 Maintain the media fill schedule (every 6 months per filling line and process) to maintain bracketing and ensure the qualified status of the aseptic processing is maintained.

Not Applicable.

6.0 PROCEDURE

6.1 General:

6.1.1 BPI Labs aseptic fill process is designed to perform within a Grade ISO 5 environment, through use of robotic isolators, both gloved and gloveless.

6.1.2 Gloveless isolators eliminate human interventions and human originated microbial contamination risk is eliminated from aseptic fill in Sterile Drug Products fill finish. Due to this reason, some traditional elements of aseptic process are not applicable, such as, but not limited to, personnel gowning qualification and personnel monitoring during fill.

6.1.3 Gloved Isolators are designed to fill with no direct human interaction. Isolator designed with gloves ports are used in the event of necessary adjustments to the fill machine within ISO 5 environment.

6.1.4 Sterile Drug Products Manufacturing is designed either by means of aseptic filling or aseptic filling followed with terminal sterilization of product in its final container/closure system.

6.1.5 APS is only required for all products manufactured using aseptic process. If terminal sterilization is used, no media fill support is required since these products are subjected to subsequent terminal sterilization. This provides the necessary Sterility Assurance Level (SAL) for those products, provided sufficient pre-sterilization hold time studies have been established.

6.1.6 Processes to be challenged in process simulation:

The conduct of process simulations for aseptically produced parenteral products entails simulation of the process from the point of sterilization of the product and product contact surfaces, including containers and closures, through sealing of the filled container. Process such as weigh dispensing, mixing, pre-sterilization/filtration, and post sealing does not require to be simulated, similarly to the product process.

6.1.6.1 Compounding/Mixing and Sterile Filtration Operation: After sterilization, the medium should be passed through the equipment train. as though it were an actual production batch, and all routine aseptic procedures used in the manufacture of a batch should be performed, e.g., sampling, aseptic connection. Any aseptic manipulations performed during and at the end of the holding period should be simulated as well.

6.1.6.2 Filling Operation: The containers and closures (if necessary), product contact equipment, and filling parts should be prepared using standard operating procedures (SOPs). The filling machine should be operated at the pre-determined conditions for the container size being utilized based on risk assessment and "worst case" conditions.

A. For a process conducted in an isolator or robotic aseptic operations, where there is a low risk of contamination because of the lack of direct human intervention, a standard quantity of NLT 3,500 containers is sufficient to perform operations and interventions. For container formats with larger sizes and less containers per nest (formats greater than 10mL filling volume), a standard of NLT 1,200 containers is sufficient. This would yield a similar or greater number of nests required to complete the batch, similarly allowing for all required operations and interventions to be performed.

B. For traditional aseptic fills under Laminal Air Flow hoods, with manual aseptic operations and interventions:

a. When the production batch size is above 10,000 units, a minimum of 10,000 units is sufficient to perform all operation and interventions.
b. When the production size is below 5,000 units, at least equal the maximum batch size.

6.2 APS Strategy:

6.2.1 Media fill runs and required frequencies are listed in Table 1.

Table 1: Media Fill Strategy

When to Perform	How Many	Action	Reporting System
When a processing line is being initially qualified, including new facility construction and new filling line installation.	At least three separate, consecutive, successful runs	Any one size container	Protocol & Report
When introducing new container/closure size outside of the established bracket.	At least three separate, consecutive, successful runs	Specific container/closure	Protocol & Report
When introducing new container/closure type (e.g. syringes).	At least three separate, consecutive, successful runs	Specific container/closure	Protocol & Report
Once initially qualified, every six (6) months ± 1 month (semi-annually).	One successful run	Alternating with each end of the bracket (e.g., largest, smallest)	Protocol & Report
Facility and equipment modifications, such as breach to the sterile/aseptic area/isolator and line configuration changes.	Revalidation as per Change Control assessment	Impact assessed via Change Control	Protocol & Report
When using alternate filtration or filling assembly, such as Multi-Use flow path instead of Single-Use flow path.	One successful run	Impact assessed via Change Control	Protocol & Report
Minor modifications in Flow paths or sterile filtration/filling assembly, such as alternate use of sterile connector or change in product holding container size, material, etc.	One successful run	Impact assessed via Change Control	Protocol & Report
Anomalies in environmental testing results from filling operation, container closure system changes, extended shutdowns, or sterility testing failure due to fill system failures.	Impact assessed via Change Control	Impact assessed via Change Control	Impact assessed via Change Control

6.2.2 A detailed APS strategy and guidance written in the Validation Master Plan of BPI Labs should be followed to perform media fills.

6.3 Risk Assessment (RA):

6.3.1 Risk Assessment is performed per fill line to determine container closure configurations, identify, and evaluate the aseptic process steps, interventions, and worst-case conditions that can potentially adversely affect the sterility assurance risk to the product and incorporate in the APS.

6.4 Media Fill Matrix:

6.4.1 A matrix will be prepared based on the Risk Assessment to include validated Media Fills.

6.4.2 Specific conditions that represent the worst case(s) will be identified within the matrix. The matrix and specific criteria for assessment and inclusion of Media Fills must be documented and approved by Quality Assurance or designee.

6.5 Execution of Media Fill Validation:

6.5.1 Batch Record preparation and execution:

6.5.1.1 It should be written in the same format as a normal production batch record and contain all the routine data and sign-off requirements. All information applicable to the process simulation, which normally would be attached to a batch record, also should be attached to the simulation batch record, e.g., cleaning and sterilization records for pieces of equipment used, release stickers for the containers and closures, etc. All interventions, whether inherent (integral component of the process) or corrective (required to maintain operation), and stoppages, should be documented in the batch record as the type of intervention, time the intervention occurred, aseptic operators involved with the duration of the intervention or stoppage, and the number of the tub or tray being filled. The executed batch record should include information which is relevant to the performance and completion of the study. This includes but is not limited to:

A. Names of individuals participating in the simulation

B. Media sterilization/filtration

C. Filter identification and membrane integrity test results

D. Record or log of routine and non-routine occurrences including those in the filling room, which may have an effect on the outcome of the study

E. Number of units filled

F. Number of units rejected for cause during pre-incubation inspection (e.g. damaged container, defective seal)

G. Number of units incubated

H. Filled unit incubation time, temperature, and duration

I. Number of units positive and tub or tray number of any positive unit(s)

J. Growth promotion of medium (after incubation)

K. Filled unit accountability

L. Environmental and personnel monitoring (if applicable) results

M. The description and resolution of any discrepancies or deviations to the protocol

N. The executed batch record should be approved, signed, and dated

SOP No.	Title	Revision No.
IGN-025	ASEPTIC PROCESS SIMULATION (APS) OR MEDIA FILL PROGRAM	04

6.5.2 Validation Protocol and Report Preparation:

6.5.2.1 A formal written protocol or procedure should be prepared, approved, and issued prior to the start of the study. The document should include but not limited to the following information:

A. Groups responsible for execution, microbial testing, and approval of study

B. Rationale for the "worst case" parameters chosen as appropriate simulation of routine operations

C. Identification of the process to be simulated

D. Identification of the room or rooms to be used

E. Identification of the filling line and equipment to be used, including fluid path configuration details if multiple configurations are available

F. Type of container/closure to be used

G. Line speed

H. Minimum number of units to be filled

I. Number and type of interventions and stoppages

J. Identification of units to be excluded from incubation and rationale

K. Media to be used

L. Volume of medium to be filled into the containers

M. Incubation time, temperature, and duration for the filled units

N. Environmental monitoring to be performed

O. Accountability requirements

P. Acceptance criteria for all activities

Q. Description of the documentation required for the final report

R. Duration of the aseptic process simulation

S. Duration of routine production fills being simulated

T. Definition of conditions that may cause the simulations to be invalidated and decision-making authority

6.5.3 Pre-Incubation Container Inspection:

6.5.3.1 Prior to incubation 100% media filled units are visually inspected for non-integral units (e.g., missing, or misaligned closures, cracks in container) due to the possible breach of product sterility, according to the Master Batch Manufacturing Record instructions.

6.5.4 Incubation:

6.5.4.1 All pre-inspected media filled units must be incubated for at least 7 days at 22.5°C ± 2.5°C (where vials will be inverted), followed with another at least 7 days at 32.5°C ± 2.5°C (where vials will be upright), in temperature-controlled incubators. Syringes are always incubated upright as product is always in contact with the stopper.

6.5.5 Post-Incubation Container Inspection:

6.5.5.1 At the end of each incubation condition, visual inspection of all units for growth is performed by microbiologist or qualified operator.

6.5.6 Acceptance Criteria:

6.5.6.1 When filling fewer than 5000 units, no contaminated units should be detected.
A. One (1) contaminated unit is considered cause for revalidation, following an investigation.

6.5.6.2 When filling from 5,000 to 10,000 units:

A. One (1) contaminated unit should result in an investigation, including consideration of a repeat media fill.

B. Two (2) contaminated units are considered cause for revalidation, following investigation.

6.5.6.3 When filling more than 10,000 units:

A. One (1) contaminated unit should result in an investigation.

B. Two (2) contaminated units are considered cause for revalidation, following investigation.

6.5.6.4 Leftover Media in the container/bags:

A. Samples are taken from the leftover media in the container/bags and are submitted for incubation. The samples from the leftover media are representative of the container they were attached to, but are not directly representative of the final units being filled as part of the media fill.

6.5.6.5 Investigations should be performed per SOP IGN-001.

6.6 Initial APS:

6.6.1 Initial APS is performed in the events discussed in Table 1.

6.6.2 Upon completion of facility, utility, and equipment qualification, risk assessment is prepared by MS and approved to all departments involved, along with Quality Assurance.

6.6.3 Three (3) consecutive, separate, successful, runs are executed and included in an Effective Official List.

6.6.4 Quality Assurance controls the schedule to re-qualify each media fill based on a six-month period. Schedule is circulated to the concerned departments every month to ensure media fill program to the specific container closure systems are in valid state.

6.7 Continued Process Simulation Verification:

6.7.1 The bracketing approach will be maintained as the basis for requalification. APS is to be performed every six months for each processing line / fill machine, alternating between smallest and largest, as well as alternating container/closure systems, to maintain qualification of the aseptic filling operations.

Example:

Process Simulations for Vanrx Formats are bracketed by 2R vials and 50R vials, as well as 1mL syringes and 10mL syringes. As such, process simulations can be performed in the following order: 2R Vials -> 10mL Syringe -> 1mL Syringe - > 50R Vials. This would repeat back to 2R Vials and the order repeats.

6.7.2 An Initial Protocol will be created for initial qualification. A verification Protocol will be created and reissued for requalification, when applicable. These protocols will be used for execution of media fill runs for the specific run.

6.7.3 Quality Assurance updates media fill history and schedule to ensure that the process bracketing is maintained.

6.8 Disposal of Media Filled Containers and leftover media:

6.8.1 After completion of the incubation, media filled containers are disposed of per SOP IWH-004, unless there is a pending investigation related to the media fill or GPT failure of the media used.

6.9 Media Fill Failure Investigation:

6.9.1 Any contaminated unit cause for an investigation (as per IGN-001) should include a comparison, and analysis, of environmental monitoring performed during the media fill. If an assignable cause is identified, a single re-validation run will be planned. If no root cause is found for a process simulation failure, three consecutive, successful process simulations are required for re-qualification.

6.9.2 The investigation into a failed APS will include the following activities:

6.9.2.1 Identification of microorganisms, preferably to species level, to aid in the determination of the possible sources of the contamination.

6.9.2.2 Review of the data of microbial environmental monitoring and airborne particulate monitoring.

6.9.2.3 Review of the sterilization / depyrogenation cycles of container / closures, components, equipment, and filter integrity test data of filters used for filtration.

6.9.2.4 Review qualification documents of the HEPA Filters (integrity when challenged with aerosol, airflow direction, velocity measurements, air flow patterns, and pressure differentials).

6.9.2.5 Review of interventions and batch report from filler for any unusual events that occurred during the media fill.

6.9.2.6 Review of the procedure adopted during the intervention.

6.9.2.7 Storage condition of sterile items, disinfection procedures, and training.

6.9.2.8 Review of the equipment qualification, such as autoclave sterilization performance qualifications.

6.9.2.9 Post filter integrity test data of the filters used in the media fill.

6.9.2.10 Evidence of power failure and all deviations that occurred during the process.

6.9.2.11 Evaluation of incubated bulk media.

6.9.2.12 The investigation must be directed towards identification of the root cause of the failure and suggest the corrective and preventive actions to be taken in order to prevent failure. Refer to SOP IQA-024.

6.9.2.13 Based on investigation performed by manufacturing, QA will perform a risk assessment and assess the impact on all product filled on the affected fill line since the last acceptable APS, and determine the disposition of released product, as well as the product in-process.

6.9.2.14 After incubation is underway, any unit found to be damaged should be included in the data for the media fill run, because the units can be representative of drug product released to the market. Any decision to exclude such incubated units (i.e., non-integral) from the final run must be fully justified through a deviation. If a correlation emerges between difficult to detect damage and microbial contamination, a thorough investigation should be conducted to determine its cause.

6.10 Invalidation of APS or abortion of media fill will occur in the following conditions:

6.10.1 When growth promotion test (GPT) of media fails.

6.10.2 When filtered media shows mass growth in bulk solution.

6.10.3 Under circumstances in which written procedures require commercial lots to be equally handled, such as:

6.10.3.1 Filter integrity test failure which would have resulted in product re-filtration or rejection.

6.10.3.2 Failure of physical conditions in the isolator (e.g., power outage).

6.10.3.3 Any major breakdown in the fill equipment, which requires to open the isolator.

6.10.4 If for any reason the media fill run is considered invalid/aborted, containers should not be incubated.

6.10.5 All media filled units filled before an incident that would cause an aborted fill must be incubated.

6.10.6 Invalidation of APS or abortion of media fill will be documented through the respective section in the appropriate protocol. Investigation should be performed per SOP IGN-001.

6.11 New Product or Container Closure Introduction:

6.11.1 Change control will be initiated for new product and container closure introduction. The team, including Quality Assurance, will evaluate the need for a media fill.

6.11.2 If the product being evaluated falls in the already validated container closure configuration, no additional media fills are required, e.g. Product "A" container closure system is 2R vial, 13mm neck with 13mm stopper cap as closure, and the new product "B" introduced is also is 2R vial, 13mm neck with 13mm stopper cap as closure.

6.11.3 If the new container closure is out of the bracketing range established, media fill must be performed for at least three consecutive separate successful runs for that container closure. For example, if bracketing is for 2R vial with 13mm neck and 13mm stopper cap, and 10R vial with 20mm neck and 20mm stopper cap, the 4R, 6R, and 8R vials with 20mm neck and 20mm stopper cap do not require media fill, however the 100R vial with 32mm neck with 32mm stopper cap does require 3 consecutive successful media fills.

6.11.4 New product manufacturing process is evaluated for aseptic operations and any additional interventions or process conditions, other than the previously validated, must be reviewed for criticality.

7.0 REVISION HISTORY

Revision No.	Effective Date	Description of Changes
01	DEC 07 2018	Original SOP
02	FEB 04 2011	1. Include Risk Assessment in references section. 2. Include different scenarios in Table 1. 3. Expand on continued process simulation verification in step 6.7.1. Procedure and example included for alternating container closure system.
03	JAN 31 2023	1. Include Risk Assessment for new fill machine (FM02) in references section 2. Split up section 6.1.1 to elaborate the use of both gloved and gloveless isolators 3. Include sections under new 6.1.6.2 detailing the required amount of containers to be challenged during process simulation.
04	APR 2 6 2023	1. Modified Step 6.1.6.2.A to specify that 1,200 containers is sufficient for container/closure formats with a fill volume greater than 10mL 2. Step 6.5.6.4.A reworded to specify that leftover media is incubated from samples taken from the containers. 3. Clarified wording for example in Step 6.7.1

1.0 PURPOSE

The purpose of this SOP is to establish general guidelines for the handling of 503B Injectable Sterile Drug Products at BPI Labs facility Suite 450.

2.0 SCOPE

This procedure is applicable to 503B Injectable Sterile Drug Products manufactured at BPI Labs facility Suite 450.

For Solid Dosage Products manufactured at Suite 420A, refer SOP GN-040 Handling of 503B Products (Solid Dosage).

3.0 RESPONSIBILITY

3.1 It is the responsibility of every department listed in this procedure to follow instructions delineated in each section.

3.2 It is the responsibility of Operations and Quality Assurance Management to ensure that all activities included in this procedure are followed in the development of 503B drug products.

6.0 PROCEDURE

6.1 Quality Assurance Activities:

6.1.1 It is the responsibility of the Quality Assurance Control Unit to ensure that Quality System requirements are effectively established and maintained in accordance with 21 CFR parts 210, 211, and 820.

6.1.1.1 The Quality Assurance Control Unit is comprised of all Quality Assurance (QA) Department members / associates that have authority and responsibility to ensure that Quality System requirements are effectively established and maintained (refer to SOP IQA-013 for details).

Printed by sanjana@pharmabpi.com on 26 Apr 2023 at 8:37:36 PM UTC

6.1.1.2 All departments are responsible for reviewing assigned Quality System documents such as Standard Operating Procedures (SOP), Forms, Job Descriptions, and Training Curriculum as well as ensure technical documentation is current and accurate.

6.1.1.3 QA department is responsible for ensuring all official documents such as SOP and Batch Records are approved, implemented, and distributed and that all obsolete editions of revised documents are retrieved (refer to SOPs IQA-001 and IQA-002 for details).

6.1.2 It is the responsibility of Quality and Operation Management to ensure all employees are qualified through a combination of training and experience to complete and maintain their assigned responsibilities (refer to SOP ITD-001 for details).

6.1.3 QA is responsible for the sampling and approval or rejection of raw materials (components), containers, closures, in-process materials, packaging materials, labeling, and finished products as per applicable specification (SPC) and respective quality system procedures (refer to SOPs IQA-007 and IQA-011 for details).

6.1.4 Analytical Chemistry Quality Control (QC) and Microbiology (MI) departments are responsible for the testing of raw material and finished products as per applicable SPC. QC and MI will review these results before release of material and products.

6.1.5 Retention of finished product reserve samples for applicable analytical and microbial SPC testing is the responsibility of QA, QC, and MI departments.

6.1.6 The results from environmental monitoring, water system testing, and media fill program are reviewed and scrutinized by QA department (refer to SOPs IMI-020, IGN-019, and IGN-025 for details).

6.1.7 Personnel monitoring is not applicable because of the nature of the manufacturing process.

6.1.7.1 After compounding, human intervention with the drug product and possibility of contamination is limited because of the use of peristaltic pumps, sterilized components, aseptic connections, sterilizing grade in-line filtration, and robotic aseptic filling and stoppering.

6.1.8 All documentation related to the manufacturing, labeling, and packaging operations of a product such as, but not limited to, Master Batch Manufacturing Record, Master Batch Labeling Record, Master Batch Packaging Record, and laboratory analytical reports shall be reviewed thoroughly before a batch is released (refer to SOP IQA-021 for details).

6.1.8.1 It is mandatory that all the data in all documents comply with the established SOP and product applicable SPC.

6.1.9 In the event of non-conformance or incidence, QA department is responsible for facilitating investigation of root cause and implementation of Corrective and Preventive Actions (CAPA) following guidelines of SOPs IGN-001, IQC-001, IMI-003, IMI-034, and IQA-024, among others.

6.1.10 In the event of formal product complaint or adverse event, QA department is responsible for facilitating investigation of root cause and implementation of CAPA following guidelines of SOPs IQA-009 and IRA-001, among others.

Printed by sapiens@belcherpharma.com on 26 Apr 2023 at 8:37:36 PM UTC

6.2 Facility Design:

6.2.1 The manufacturing facility within 12393 Belcher Road, Suite 450, Largo, Florida is designed to prevent contamination and mix ups, segregate zones of differing cleanliness classification, and facilitate ease of cleaning, maintenance, and operations. Refer to the Project Plan for BPI Labs PLN-I01 for more details.

6.2.1.1 The facility prevents contamination and mix ups by designating areas for specific unit operations for a single product at a time. This is controlled by use of equipment and area labeling, QA line clearance, and Manufacturing Batch Record review.

6.2.2 The facility consists of sealed modular cleanroom walls, ceilings, and walkable ceiling panels to maintain ISO 14644 Class 8 conditions throughout the facility.

6.2.3 Potential risks have been identified and applicable controls have been implemented as per facility design Risk Assessment.

6.2.4 The facility has been qualified through the execution of Performance Qualification Protocol to maintain no less than ISO Class 8 cleanliness by controlling non-viable particulate, viable particulate, number of air changes, and directional airflow in cleanrooms.

6.2.4.1 Clean and ample airflow within the facility is controlled by ensuring all supplies and returns are clear, all HEPA filters are leak tested, and the supply airflow is sufficient for the required number of room changes.

6.2.4.2 Manufacturing Science and Technology (MS) department is responsible for validation, requalification, and calibration of facility control systems (refer to SOP IVD-007 for details).

6.2.5 The facility is designed to aseptically fill and stopper syringe and vial 503B drug products within ISO 5 isolators surrounded by a qualified ISO 8 environment.

6.2.5.1 The temperature, relative humidity, and air pressure differentials of all cleanroom environments are continuously monitored during production and periodically revalidated (refer to SOP IQA-005 for details).

6.2.6 Terminally sterilized 503B products are filled under ISO 5 environment surrounded by ISO 8 environment.

6.2.6.1 Terminal sterilization cycles are validated using appropriate biological indicator challenge for 6-log reduction.

6.2.7 Controls are available to maintain and monitor the facility design including, but not limited to, those documented in SOPs IGN-030, IQA-005, and IMI-020.

6.3 Control Systems and Procedures for Maintaining Suitable Facilities:

6.3.1 The facility is designed to limit the possibility of mix ups and cross contamination by establishing defined areas per unit operation and procedures for personnel flow, material flow, and cleaning (refer to SOPs IGN-017, IGN-018, and IGN-028).

6.3.2 The possibility of cross contamination of hazardous and non-hazardous drugs is limited by designating separate sampling rooms and equipment for dispensing of different drug types.

6.3.2.1 Hazardous drugs are dispensed within containment and dispensing isolators to prevent cross contamination and ensure the safety of operators.

Printed by sanjana.patil@bpilabs.com from BPI Labs at 6:37:56 PM UTC

6.3.3 Production equipment follow cleaning schedules based on production schedule and Time Limitations.

6.3.3.1 Time Limitations are established for production and cleaning of process equipment and areas (refer to SOP IPD-006).

6.3.4 Processing, non-processing areas, and cleanroom support areas are kept clean and sanitary with cleaning schedule of WFI, disinfectant, and weekly sporicidal cleaning agent (refer to SOPs IGN-027 and IGN-028 for details).

6.3.4.1 Cleaning technicians are required to be trained on and review facility cleaning SOP, with an emphasis on cleaning schedule and rotating use of disinfectant / sporicidal cleaning agents.

6.3.4.2 Cleaning, Use, and Maintenance Logbooks are designated for each area to ensure the facility is being cleaned on the established schedule.

6.3.4.3 As with all received materials, disinfectant / sporicidal cleaning agents are inspected by QA department and verified with applicable SPC.

6.3.5 Temperature, relative humidity (RH), and pressure differentials within the manufacturing facility are maintained by the central heating, ventilation, and air conditioning (HVAC) system and monitored through Building Management System (BMS) to maintain product quality. The BMS provides trend reports of each condition and alerts personnel in case of an excursion (refer to SOP IGN-030).

6.3.5.1 The facility is designed to maintain 20 ± 2°C, less than 60% RH, and pressure differentials across rooms of differing classification.

6.3.5.2 These conditions are continuously monitored during production and are a requirement of room release (refer to SOP IQA-005).

6.3.5.3 In case of an excursion, impact is assessed, and incident is initiated when necessary.

6.3.6 Calibration schedule for critical instruments such as temperature, relative humidity, and pressure differential sensors in processing areas and equipment is maintained by QA and executed by MS (refer to SOP ICB-001).

6.3.7 Water systems (purified water, water for injection, and pure steam) are monitored every day of production and frequently as per applicable SPC (refer to SOP IGN-019).

6.3.7.1 In case of an excursion from the applicable SPC, impact is assessed, and investigation is initiated when necessary.

6.4 Personnel Qualification:

6.4.1 All personnel involved with the compounding of 503B drug products have been trained on established SOP for the dispensing, mixing, and filtration of compounded sterile products (CSP).

Printed by sanjana@beleherpharma.com on 20 Apr 2023 at 1:51:36 PM GMT

6.4.2 Training Curriculums (TC) are established for initial and periodic GMP refreshment training of employees. This curriculum includes on-the-job and self-training on general and department specific roles (refer to SOP ITD-001 for details).

6.4.2.1 Prior to engaging in any commercial batch manufacturing, personnel must have completed their initial qualification for the applicable unit operation.

6.4.3 GMP trainers must be qualified through completion of the Qualification Technique (QT) prior to new employee or refreshment training.

6.4.4 Personnel, production process, container / closure type, and production equipment have been challenged through Aseptic Processing Simulation (APS) media fill studies prior to engaging in commercial batch manufacturing (refer to SOP IGN-025).

6.4.4.1 APS media fill studies must be successfully performed in worst case scenarios to validate routine manufacturing parameters.

A. For example, validating the use of one (1) in-line filter during compounding of successful APS media fill study validates the use of two (2) in-line filters during routine manufacturing.

6.5 Environmental and Personnel Monitoring:

6.5.1 Environmental conditions such as temperature, relative humidity, and air pressure differentials are continuously monitored by Building Monitoring System (BMS) (refer to SOPs IGN-030 and IQA-005).

6.5.1.1 BMS creates trends of environmental conditions able to be monitored and reviewed by trained personnel. QA reviews these trends prior to each unit operation room release.

6.5.1.2 Air pressure differential limits ensure that cascading pressure differentials are maintained during compounding of sterile drug products.

6.5.1.3 BMS automatically notifies Management / responsible personnel in the event of an excursion from ideal conditions.

6.5.2 Passive air (settle plate) and active air Environmental Monitoring (EM) are conducted daily during compounding, filling, and sterilization operations. Surface (contact plate) sampling is conducted at the end of operation, prior to cleaning (refer to SOP IMI-020).

6.5.2.1 The procedure, locations, actions limits, and justification of locations for EM are established (refer to SOP IMI-020).

6.5.2.2 The results from EM are completed in the applicable Forms and results are reviewed with the Master Batch Manufacturing Record.

6.5.3 Sampling data is reviewed after each batch and an extensive review is conducted periodically to identify any issues and scrutinize existing procedures.

6.5.3.1 In the event of results near or above action levels, QA department is responsible for facilitating investigation of potential product impact and root cause.

6.5.4 Personnel monitoring is not implemented because of the nature of the production process. Refer to the Project Plan PLN-I01 for BPI Labs for more details.

6.5.4.1 After compounding, human intervention with the drug product and possibility of contamination is limited because of the use of peristaltic pumps, sterilized components, aseptic connections, sterilizing grade in-line filtration, and robotic aseptic filling and stoppering.

6.5.5 Personnel gowning, sanitation, health habits, and health conditions are controlled and established (refer to SOP IGN-010).

6.5.6 Personnel flow and personal protective equipment requirements within the facility are established (refer to SOP IGN-017). It is the responsibility of Production personnel to follow this procedure and Management's responsibility to ensure this procedure is being followed.

6.5.6.1 These procedures control the safety of operators, cleanliness of processing rooms, and limit the possibility of cross contamination.

6.6 Equipment:

6.6.1 Process equipment used for batch production are qualified for use and calibrated on a scheduled maintained by the QA department (refer to SOP ICB-001).

6.6.1.1 The calibration schedule for production equipment and instruments are maintained by QA department and implemented by Manufacturing Science and Technology (MS) department.

6.6.1.2 Product contact surfaces of production equipment must be certified (i.e., certified 316 stainless steel) as non-reactive, non-adsorptive, and non-additive.

6.6.1.3 All documentation concerning material certification and current calibration performed in-house by MS with executed Form or by a third party is maintained by QA department.

6.6.2 Equipment qualifications and validations are approved by QA and executed by MS through Installation, Operation, and Performance Qualification Protocol.

6.6.3 SOP are established for the set up and operation, cleaning, and maintenance of major production equipment and implemented by Production personnel prior to use.

6.6.4 Production department is responsible for training, review, and execution of production equipment cleaning SOPs.

6.6.4.1 Training Record forms are executed at the time of training and maintained by QA department once complete.

6.6.5 Production department is responsible for the use of Cleaning, Use, and Maintenance logbooks to ensure the status of production equipment prior to use.

6.6.6 Refrigerators, freezers, and incubators are monitored with use of calibrated thermometer and, when applicable, relative humidity sensor.

6.6.7 Single-use disposable utensils and components are used for the dispensing, mixing, filtration, and filling of sterile drug products.

6.6.7.1 Inspection and certificate of analyses are used in the verification of these components prior to use.

Printed by sanjay@bpilabpharma.com on 20 Apr 2023 at 6:37:30 PM GMT

6.6.7.2 Components are inspected for damage or contamination prior to and after use via respective batch record.

6.7 Containers and Closures:

6.7.1 Pharmacist / Product Development / Production identifies vendors and materials required for a new project following SOP IPC-001. Materials can be ordered as samples for trial / experimental use; these materials are unaccounted. Once materials and vendors are identified and approved, a code number is requested per SOP IGN-003.

6.7.2 Upon creation of a code number using the appropriate official list, the following activities are coordinated:

6.7.2.1 Pharmacist / Analytical Research / Quality Control Department generates specification (SPC) and standard test method (STM) following instructions delineated in SOP IQA-025. Refer to Table 1 for suggested specification testing for primary and secondary packaging components.

Table 1 – Suggested Specification Testing for Containers and Closures

Type of Material	Suggested Testing Types
Primary Packaging (e.g., vial, syringe, cap, stopper)	Description, Physical Tests, Sterility (if applicable), Endotoxin (if applicable), and Certificate of Compliance Check
Secondary Packaging (e.g., carton)	Description (Visual Inspection), Physical Tests

6.7.2.2 Purchasing Department orders material upon management request following SOP IPC-001.

6.7.3 Warehouse Department receives materials following SOP IWH-001.

6.7.4 QA samples and inspects cGMP materials received following SOP IQA-007. Product Development can use these materials in quarantine for formulation trials only, ensuring sampling has been performed and an identification test has been completed, if required, as a discretion of the user.

6.7.5 Pharmacist / Analytical Research / Quality Control Department tests samples received according to the material specification and standard test method. Full testing is performed for all materials unless vendor has been qualified per SOP IQA-010; if this is the case, reduced testing is coordinated based on the tests specified in the specification. If during testing activities, Analytical Research / Quality Control / Microbiology Department finds that any test does not conform to established specifications, an investigation is performed in accordance with SOPs IQC-001 and IMI-003. Upon testing completion, results and data generated are submitted to Quality Assurance for final disposition.

6.7.5.1 Reduced specification testing is performed for containers and closures as suggested by SOP IQA-010 and applicable packaging component SPC, as seen in Table 2.

Table 2 – Suggested Reduced Specification Testing for Containers and Closures

Type of Material	Suggested Reduced Testing Types
Primary Packaging (e.g., vial, syringe, cap, stopper)	Description, Physical Tests, Sterility (if applicable), Endotoxin (if applicable), and Certificate of Compliance Check
Secondary Packaging (e.g., carton)	Description (Visual Inspection)

Printed by Bhavesh Pharmachem Pvt. Ltd.

6.7.6 In case the Product Development Department needs to use a material that is under testing for a cGMP batch, a conditional release request is coordinated as per SOP IQA-011.

6.7.7 The Quality Assurance Department performs final disposition for materials and assigns a retest date (when applicable) and expiration date once inspection and testing is completed as per SOP IQA-011.

NOTE: Analytical testing methods for active raw materials are validated / verified by the Pharmacist / Analytical Research / Quality Control / Microbiology Department based on method validation guidelines.

NOTE: All formal documents are routed for approval using SOP IQA-001.

6.7.8 As a general practice, retesting is not performed for containers and closures.

6.7.9 Containers and closures are stored in the climate-controlled warehouse monitored by BMS.

6.7.10 Quality Agreements must be established with each primary container and closure vendor to ensure the quality of the finished drug product.

6.7.10.1 Only pre-sterile ready to use (RTU) containers and closures are used for batch production. Vendors must perform sterilization cycle validation proven by Certificate of Analysis.

6.7.10.2 The primary packaging of pre-sterile containers and closures are only removed in ISO 5 areas once ready to be filled and stoppered.

6.7.11 Vendors of primary and secondary packaging materials are routinely evaluated as per SOP IPC-001.

6.8 Components:

6.8.1 Pharmacist / Product Development / Production identifies vendors and materials required for a new project following SOP IPC-001. Materials can be ordered as samples for trial / experimental use; these materials are unaccounted. Once materials and vendors are identified and approved, a code number is requested per SOP IGN-003.

6.8.2 The Active Pharmaceutical Ingredient (API) must be manufactured by an establishment that is FDA registered. Quality Agreements must be made with the API suppliers to ensure product quality and that FDA establishment registration is maintained.

6.8.3 Upon creation of a code number using the appropriate official list, the following activities are coordinated:

6.8.3.1 Pharmacist / Research and Development (R&D) / QC / MI Department generates SPC and STM following instructions delineated in SOP IQA-025. Refer to Table 3 for suggested SPC testing for active and inactive components.

Printed by sanjam@beltchempharma.com on 26 Apr 2023 at 8:37:36 PM UTC

Table 3 – Suggested Specification Testing for Active and Inactive Components

Type of Material	Suggested Testing Types
Active (e.g., API)	Description, Identification, Loss on Drying (water), Assay, Microbial Enumeration Test, Endotoxin
Inactive (e.g., excipient)	Description, Identification, Microbial Enumeration Test (if applicable), Endotoxin (if applicable)

6.8.3.2 Purchasing Department orders materials upon management request as per SOP IPC-001.

6.8.4 Warehouse Department receives materials as per SOP IWH-001.

6.8.5 Active and inactive pharmaceutical ingredients are stored in the climate-controlled warehouse monitored by BMS.

6.8.6 QA Department samples and inspects cGMP materials received as per IQA-007. Pharmacist / Product Development can use these materials in quarantine for formulation trials only, ensuring sampling has been performed and an identification test has been completed, if required, as a discretion of the user.

6.8.6.1 Sampling is conducted within the manufacturing facility with use of complete gowning, Personal Protective Equipment (PPE), and dispensing hood or isolator.

6.8.7 Cleaning validation is not performed for components because of the use of single use systems.

6.8.8 Pharmacist / Analytical Research / Quality Control Department tests samples received according to the material specification and standard test method. Full testing is performed for all materials unless vendor has been qualified per SOP IQA-010; if this is the case, reduced testing is coordinated based on the tests specified in the specification. If during testing activities, Analytical Research / Quality Control / Microbiology Department finds that any test does not conform to established specifications, an investigation is performed in accordance with SOPs IQC-001 and IMI-003. Upon testing completion, results and data generated are submitted to Quality Assurance for final disposition.

6.8.8.1 Reduced specification testing is performed for active and inactive pharmaceutical ingredients as suggested by SOP IQA-010 and applicable packaging component SPC, as seen in Table 4.

Table 4 – Suggested Reduced Specification Testing for Active and Inactive Components

Type of Material	Suggested Reduced Testing Types
Active (e.g., API)	Description, Identification, Loss on Drying (water), Assay, Microbial Enumeration Test (if applicable), Endotoxin (if applicable)
Inactive (e.g., excipient)	Description, Identification, Microbial Enumeration Test (if applicable), Endotoxin (if applicable)

6.8.9 In case the Product Development Department needs to use a material that is under testing for a cGMP batch, a conditional release request is coordinated as per SOP IQA-011.

6.8.10 The Quality Assurance Department performs final disposition for materials and assigns a retest date (when applicable) and expiration date once inspection and testing is completed as per SOP IQA-011.

Printed by sanjana@belcherpharma.com on 26 Apr 2023 at 8:37:36 PM UTC

NOTE: Analytical testing methods for active raw materials are validated / verified by the QC / MI Department based on method validation guidelines.

NOTE: All formal documents are routed for approval through Change Control System.

6.8.11 Retesting is performed for active and inactive components as per SOP IQA-012.

6.8.12 Vendor of active and inactive materials are routinely evaluated as per SOP IPC-001 (i.e., active materials ever year and inactive materials every two years).

6.9 Production and Process Controls:

6.9.1 General Controls:

6.9.1.1 Master batch records prepared for R&D products, proposed commercial products, and scale-up/validation/commercial product products are prepared by Product Development, Pharmacist, and/or Production department.

A. Master batch and packaging records for 503B products should be prepared as per SOP IGN-023.

6.9.1.2 All master batch and packaging records must be reviewed by Pharmacist / Production / Product Development departments and approved by Regulatory Affairs and QA departments.

6.9.1.3 All batch and packaging records are requested by Production designee and issued by QA department as per SOP IQA-006.

6.9.1.4 It is the responsibility of Production department to request room release per production unit operation and the responsibility of QA department to follow clearance procedure as per SOP IQA-014.

6.9.1.5 Time Limitations (refer to SOP IPD-006) and Hold Times must be followed for production process and in-process product as validated through media fill validation program.

A. The storage time limitation of bulk solution is validated through successful results of Hold Time study protocol.

6.9.1.6 503B drug products are aseptically handled by use of peristaltic pumps, aseptic connections, and pre-sterile components, among others.

6.9.1.7 Terminally sterilized 503B products are filled under ISO 5 environment surrounded by ISO 8 environment.

A. Terminal sterilization cycles are validated using appropriate biological indicator challenge for 6-log reduction.

6.9.1.8 Production parameters such as production equipment, process parameters, hold times, and time limitations or validated under worst-case scenario simulation during media fill validation program.

Printed by sanjay@belcherpharma.com on 26 Apr 2023 at 8:37:36 PM UTC

6.9.2 General Production Process:

6.9.2.1 503B manufacturing and packaging operations follow the general production process of documentation release, line clearance, weigh and dispense, mixing, filtration, filling, terminal sterilization (when applicable), packaging, and labeling.

6.9.2.2 Documentation such as batch manufacturing record and applicable forms are requested by Production designee and issued by QA department as per IQA-006.

6.9.2.3 Line clearance / room release is requested by Production department prior to each operation and issued by QA department as per SOP IQA-014.

6.9.2.4 Weighing and dispensing of raw pharmaceutical ingredients (e.g., API, excipient) is performed by use of restricted access isolator or dispensing hoods as per batch record and SOP IPD-002.

6.9.2.5 Raw pharmaceutical ingredients are mixed with pharmaceutical grade Water for Injection (WFI) as per batch record.

6.9.2.6 Mixed unfiltered intermediate product is aseptically filtered by use of sterilizing grade filters into pre-sterile fill path or intermediate bags.

6.9.2.7 Filters used during filtration are sterilizing grade 0.2µ hydrophilic filters. 100% of filters used for batch manufacturing are filter integrity tested, with the results from these tests included within the Batch Manufacturing Record.

6.9.2.8 Filling will occur within controlled ISO 5 environment surrounded by ISO 8 environment.

6.9.2.9 When applicable, terminal sterilization will be performed by use of validated cycle and qualified equipment.

6.9.2.10 Packaging and labeling operation is performed as per packaging record and SOPs IPK-001 and IPK-002.

6.9.3 Research and Development Products:

6.9.3.1 Pharmacist identifies new projects to be developed in the company based on, but not limited to, company and marketing needs, and opportunities nominated by FDA "Bulk Drug Substances Nominated for use in Compounding under Section 503B of Food, Drug, and Cosmetic Act".

6.9.3.2 Pharmacist shall use SOP IPH-002 to determine if the proposed new project is essentially a copy of an approved or unapproved drug product. New projects shall be in compliance with "FDA Guidance for Industry Compounded Drug Products That Are Essentially Copies of Approved Drug Products Under Section 503B of the Federal Food, Drug, and Cosmetic Act".

6.9.3.3 Pharmacist / Product Development Department prepares the marketing trade dress for the project with the purpose of understanding all aspects of the formulation, process, and labeling, among others, of the product. Pharmacist / Product Development Department prepares the R&D checklists for covering project planning and execution activities and ensuring that all project activities have been completed and that the FDA expectations, needs, and requirements have been met.

Printed by sanjana@bpilabs.com on 20 Apr 2022 at 8:31:00 AM IST

6.9.3.4 Pharmacist designs experimental batches in order to analyze product behavior and test different formulations and processes (refer to SOP IPH-001 for details). Generally, these batches are documented and tracked via notebook. At this stage, Pharmacist / R&D / QC Department can analyze experimental samples and coordinate informal stability of the product. All experimental data generated by the Laboratory is submitted to the Pharmacist / Product Development Department for analysis and further action. Experimental batches are disposed according applicable SOP when required.

6.9.3.5 QA Validation Department incorporates the product into the cleaning validation matrix in order to swab cGMP equipment to look for active residue content (if equipment is shared between products). Pharmacist / R&D / QC Department prepares documented method in the laboratory to analyze active residue content of swab samples (refer to SOPs IVD-001, IVD-003, and IQC-005), when applicable.

6.9.3.6 QA Department swabs product contact cGMP equipment following cleaning validation matrix and submits swab samples to R&D / QC Department for analysis as per SOPs IVD-001 and IVD-003.

6.9.3.7 Once Pharmacist / Product Development develops the formulation and processes that are going to be used in the manufacturing of the product for stability / Beyond-use-Dating (BUD) or batch, a code number is requested via SOP IGN-003.

6.9.3.8 Upon creation of code number using the appropriate official list, the following activities are coordinated:

A. Pharmacist / R&D / QC Department generates specification for intermediates and bulk finished products, and STM (refer to SOP IQA-025 for details).

B. Pharmacist / Product Development prepares master batch records and master packaging records for stability batches, ensuring formula number is traceable. The sampling plan requirements are included as part of the master batch records and master packaging records where all instructions are clearly sequentially identified and step by step process is implemented and executed at all times (refer to SOP IGN-023 for details).

C. Pharmacist / R&D / QC / Microbiology Department coordinates method validation of analytical, microbial testing (i.e., Description, Assay, Sterility, Bacterial Endotoxins Test) only for stability products (refer to STMs IMV-I01 and IMV-I02 as well as SOP IQC-005).

6.9.3.9 Pharmacist / Production requests issuance of master batch record and executes batch using a cGMP qualified and validated facility and equipment. Samples of the intermediate and bulk finished products are submitted to Pharmacist / R&D / QC Department for testing. If during testing activities Pharmacist / R&D / QC Department finds that any test does not conform to established specifications, an investigation is performed. Upon testing completion, results and data generated are submitted to QA for final disposition.

SOP No.	Title	Revision No.
IGN-033	HANDLING OF 503B PRODUCTS	08

6.9.3.10 Pharmacist / Production submits executed batch record to QA Department for review and final disposition.

6.9.3.11 Pharmacist / Production requests conditional release of the Bulk Finished Product to QA before packaging operation in case final disposition has not been determined by QA at the time of performing the packaging operation.

6.9.3.12 Pharmacist / Production requests issuance of master packaging record, executes a batch using a cGMP qualified and validated facility and equipment, and submits executed packaging record to QA Department for final disposition.

6.9.4 Scale-up of Products:

6.9.4.1 Pharmacist with the help of Production coordinates the scale-up activities (when required) and prepares the commercial master batch record and the master packaging record (ensuring formula number is traceable with stability batch).

6.9.4.2 Pharmacist / R&D / QC Department coordinates method transfer of the analytical testing during the scale-up activities, if required (refer to SOP IQC-021).

6.9.4.3 The QA Department prepares cleaning validation protocol to be executed accordingly, if necessary (refer to SOP IVD-001 for details).

6.9.4.4 QA Department coordinates preparation of Stability Protocol for commercial batches (refer to SOP IQC-002 for details).

6.9.4.5 Labeling group or designee coordinates preparation of printed labeling material (i.e., product label) to be used in the commercial products (refer to SOP IRA-006 for details).

NOTE: Product checklist is prepared to plan and execute all activities related to the commercial launch.

6.9.5 Validation of Commercial Products:

6.9.5.1 Pharmacist / Production Department requests issuance of commercial master batch records, commercial master packaging records, and process validation protocols (refer to SOP IVD-002 for details).

6.9.5.2 Pharmacist / Production Department with the help of Pharmacist and QA Department executes data requested usually in the first batch using a cGMP qualified and validated facility and equipment.

6.9.6 Commercial Products:

6.9.6.1 Production Department executes validated product and processes based on production schedule using cGMP qualified and validated facility and equipment.

6.9.6.2 Product contact components (filters, tubing, aseptic connections, fill path) are sterilized by use of validated cycles.

A. In-house sterilization cycle validation is performed by use of Biological Indicators (BI) and calibrated thermocouples. The sterilization time of these validated cycles are increased for routine manufacturing overkill potential.

B. Product container / closure are pre-sterile and sealed components sterilized with validated cycles by the manufacturer.

6.9.6.3 The details (BPI receiving number, expiration date, etc.) of each component used in batch manufacturing are logged within Master Batch Manufacturing Record.

A. These details include the expiration date for depyrogenated glassware (vials, syringes, etc.) used in the manufacture of a batch.

6.9.6.4 Upon completion of the batch, the finished drug product will remain in quarantine until being released through inspection, testing, and release facilitated by QA.

A. Visual inspection is conducted by qualified individuals who undergo annual eye exams to ensure 20/20 vision (refer to SOP IPD-007).

6.9.6.5 QA Department reviews all data generated including Master Batch Manufacturing Record and analytical testing from the commercial batches and performs final disposition of each batch before distribution (refer to SOPs IQA-011 and IQA-021).

A. Complete records are maintained with Quality Assurance Control Unit's Document Control (refer to SOP IQA-002).

6.9.6.6 In the event of non-conformance or incidence, QA department is responsible for facilitating investigation of root cause and implementation of Corrective and Preventive Actions (CAPA) following guidelines of SOPs IGN-001, IQC-001, IMI-003, and IQA-024, among others.

6.10 Release Testing:

6.10.1 Specification for each finished 503B drug product is created as per SOP IQA-025 to ensure finished drug product quality.

6.10.2 Generally, product specific SPC tests include chemical, microbial, and physical tests listed in Table 5.

Table 5 - General Release Specification Testing for 503B Finished Drug Products

Test	Specification
Description	As per applicable SPC
Identification A (by HPLC)	As per applicable SPC
pH <USP 791>	As per applicable SPC
Container Content USP <697>	As per applicable SPC
Particulate Matter USP <1>	Foreign matter (Visible particulates): Free from foreign matter.
	Subvisible Particles USP <788> Particles ≥ 10µm: NMT 6000 per container Particles ≥ 25µm: NMT 600 per container
Assay	As per applicable SPC
Bacterial Endotoxins Test USP <85>	As per applicable SPC
Sterility Tests USP <71>	No evidence of microbial growth

6.10.3 Antimicrobial effectiveness test is only performed as necessary for 503B drug products labeled as multiple dose.

6.10.4 Product specification testing may be outsourced to contract laboratory, as needed as per IQC-004.

Printed by kirtan@bpiclinical.com on 20 Apr 2023 at 8:57:36 PM CDT

6.10.5 Prior to product release, it is the responsibility of Pharmacist and QA department to review the executed batch records, microbial environmental monitoring results, and finished product testing results as per SOP IQA-021.

6.10.6 Specification test results are reviewed and finished 503B drug products are released as per SOP IQA-011.

6.11 Laboratory Controls:

6.11.1 Sampling of raw material and finished products is conducted by QA department.

6.11.2 Testing is conducted by QC and MI departments as per product / material specific validated standard test method (STM) and specification (SPC) criteria.

6.11.3 Clear and complete records of laboratory data is kept in laboratory notebook, analytical worksheet, reports, and logbooks for QC, R&D, and MI Departments.

6.11.4 United States Pharmacopoeia (USP) and European Pharmacopoeia (EP) standards are followed for the procedure of preparation, qualification, storage, handling, and use of laboratory analytical standards.

6.11.5 The procedure for approval of contract laboratories, receiving and shipping of samples, coordination of testing, receiving of results and submission of data to QA department is established by SOP IQC-004.

6.11.5.1 Contract laboratory is a BPI qualified and FDA approved independent company that has entered into a Quality Agreement with BPI to test pharmaceutical products such as raw material, in-process samples, and finished products.

A. Quality Agreements are established as per FDA Guidance Contract Manufacturing Agreements for Drugs: Quality Agreements and ISO 17025.

6.11.5.2 Pharmacist / QC department is responsible for reviewing the data for accuracy, completing analytical report and specification, and submitting analytical report to QA department.

6.11.5.3 QA department is responsible for final disposition of product based on the received results.

6.12 Stability / Expiration Dating for Compounded Drug Products:

6.12.1 The expiration date for all products, is established through the conduct of a stability program that includes testing to assess the product's performance against specifications after aging to the desired expiration date (§ 211.137); the conditions are outlined in ICH guidance for industry 4 Q1A(R2) Stability Testing of New Drug Substances and Products.

6.12.1.1 Beyond use Date (BUD), like expiration date, is the number of days or date at which a drug product is no longer acceptable for use. BUD is calculated from the date of manufacture (i.e., compounding date).

6.12.2 The expiration date is presented as month/date/year using the format MM/DD/YY (i.e., 08/20/19) or equivalent.

Printed by Kirtan Patel from BPIlabs.com on 25 Apr 2023 at 6:31:59 PM CT

6.12.3 A listing of established products and their corresponding expiration dating intervals is included in Finished Products Code Number List.

6.12.4 The expiration dating interval is established by obtaining stability data conducted by following an established stability protocol specific for the product (refer to SOP IQC-002 for additional details), as per SOP IQA-019 assignment of expiration dates are given, within requirements listed below.

6.12.4.1 At least 10 percent of the proposed maximum size commercial batch (i.e., pilot scale size) or at least commercial batch size.

6.12.4.2 Stability study condition and test intervals can be found in Table 6.

NOTE: As a general policy, Accelerated (AA) stability studies are only conducted for Stability batches. Long Term (CRT) stability studies are conducted for Stability and Commercial batches.

Table 6 - Temperature, Relative Humidity, Test Interval Conditions for Stability Studies

	Temperature	Relative Humidity	Test Intervals
Long Term (CRT)	25°C ± 2°C	60%RH ± 5%RH	2, 4, 6, 8 months
Accelerated (AA)	40°C ± 2°C	75%RH ± 5%RH	1, 2 months

6.12.4.3 Accelerated studies, combined with basic information of the components, drug products, and container / closure system, may be used to establish a tentative BUD interval provided shelf life studies are not available and are being conducted.

6.12.4.4 For product stored in accelerated conditions that yield acceptable stability results after 30 days (1 month), BUD / expiration dating interval of 240 days (8 months) from the manufacturing date of the batch can be assigned.

Example: If the batch was manufactured on 08/20/19 and stability data shows that the product is stable for 30 days in the accelerated conditions, a tentative BUD/expiration date of 04/15/20 can be assigned to the product, as follows.

Manufacturing Date (Compounding Date): 08/20/19

Beyond Use Date Interval: 240 days

Beyond Use Date (BUD): 08/20/19 + 240 days - 1 day = 04/15/20

NOTE: In case the BUD / expiration dating interval is assigned as 360 days, then the test intervals for the long term stability are adjusted accordingly, i.e., 3, 6, 9, and 12 months.

6.12.4.5 When a tentative expiration dating interval has been established using accelerated test data and the product has been marketed based on that interval, if the product stored at a controlled room temperature fails to conform to all acceptance criteria during stability testing, an investigation is conducted following SOP IGN-001.

6.12.4.6 All official data generated in the development phase is filed by Document Control.

NOTE: Preparation and approval activities of all formal documents are performed using Change Control System.

Printed by sanjay.patel@bpiindia.com on 31 Aug 2021 at 09:19 GMT

6.12.4.7 All data generated from the validation including analytical testing are submitted to QA for final disposition and assignment of beyond use date (BUD) based on results of stability data.

6.13 Packaging and Labels:

6.13.1 All units should be packaged and labeled in accordance with SOPs IPK-001 and IPK-002 as well as Master Batch Packaging Record created in Quality System as per SOP IGN-023.

6.13.1.1 Product labels and Master Batch Packaging Record are controlled and released by QA department as per SOP IQA-006.

6.13.2 Labels must contain the following information:

6.13.2.1 The statement: "This is a compounded drug." Or a reasonable comparable alternative statement that prominently identifies the drug as a compounded drug.

6.13.2.2 Name, address, and phone number of the facility.

6.13.2.3 The statement: "Rx Only."

6.13.2.4 The following details of the drug:

A. Established name.
B. Quantity or volume, dosage form, and strength.
C. The date the drug was compounded.
D. Expiration or beyond use date.
E. Lot or Batch Number.
F. Storage and handling instructions.
G. National Drug Code Number (NDC No.) when available.
H. The statement "Not for resale", and, if the drug is dispensed or distributed other than pursuant to a prescription for an individually identified patient, the statement "Office Use Only".
I. A list of active and inactive ingredients identified by established name and the quantity or proportion of each ingredient.

6.13.2.5 FDA website and phone number: "www.fda.gov/medwatch" and "1-800-FDA-1088".

6.13.3 Labeling operation is performed in-house either manually or with use of automated labeler.

6.13.3.1 A specimen label is placed in the master labeling batch record for reference prior to Labeling operation.

6.13.3.2 Labels are placed on the units and labeled units are inspected throughout labeling process as per Master Batch Labeling Record.

6.13.3.3 Labeled units are placed in trays and trays are labeled with "STATUS" label.

NOTE: Serialization as per SOP IGN-036 is not applicable for 503B drug products.

6.13.4 Packaging operation is performed in-house or by an outside packaging contractor.

6.13.4.1 In-house, labeled units will be manually placed in carton holders, filled carton holders will be placed into cartons, and filled cartons will be manually placed into shipping boxes.

Printed by sanjay@bestepharma.com on 26 Apr 2023 at 8:34:58 PM CDT

6.13.4.2 This series of packaging containers as well as labeling equipment inspection ensures stability of containers, prevents mix-up, mechanical abrasion to product containers, and possible product contamination.

6.13.4.3 Unlabeled product or "brite stock" can be stored into inventory for future labeling and packaging (refer to SOP IPK-003 for details).

6.13.5 When labeling process is complete, a reconciliation of the used filled product, labeling materials, and labeling units is performed as per Master Batch Labeling Record.

6.13.5.1 Discrepancies during reconciliation are investigated as per SOP IGN-001.

6.13.5.2 Excess of labels with Lot and control numbers printed are destroyed.

6.14 Reserve Samples:

6.14.1 Retention samples will be taken for each batch of 503B product inline with guidelines included in SOP IQA-020.

6.14.2 As a general practice, the quantity of the retention sample is determined to cover no less than twice the quantity necessary for all analytical and microbial tests as per the applicable specification. The quantity of the retention sample for each product is listed in applicable EOL.

6.14.3 Reserve samples must be retained and stored under the labeled storage conditions and in the same immediate container-closure system in which the drug product is marketed or in one that has essentially the same characteristics (e.g., same material, same headspace for liquids).

6.14.4 Reserve samples must be held for no less than 30 days following the established expiration date.

6.14.5 Reserve samples are collected from the beginning, middle, and end of a packaging run.

6.14.6 Generally, QA department pulls retention samples of packaged product according SOP IQA-020.

6.15 Product Complaint Handling:

6.15.1 The procedure to handle (receipt, logging, investigation, monitoring, trending, and resolution) written and oral product complaints received by the company concerning any of the distributed drug products is established as per SOP IQA-009.

6.15.2 All complaints received are logged into "Complaints" logbook and assigned a complaint number.

6.15.3 Depending on the nature of the complaint, QA or designee may request concerned department for investigation, along with complaint sample if available.

6.15.4 QA or designee will investigate through review of batch record, packaging record, and analytical data looking for deviations, issues, or nonconformance to evaluate the impact and cause of the complaint.

6.15.5 QA or designee will arrange for appropriate physical, chemical, and/or microbial testing of complaint sample.

6.15.6 Once the results are reviewed, an Investigation report is prepared indicating the detailed investigation, most probable root cause, corrective and preventive actions, and conclusions. Corrective and preventive actions are addressed as per applicable SOP.

6.16 Adverse Event Handling:

6.16.1 The procedure for the surveillance, receipt, evaluation, and reporting of Adverse Drug Experiences (ADEs) associated with human and veterinary drug products manufactured at BPI Labs must follow the FDA guideline "Adverse Event Reporting for Outsourcing Facilities under Section 503B of the Federal Food, Drug, and Cosmetic Act".

6.16.2 It is the responsibility of Regulatory Affairs personnel to assure all ADEs (i.e., all serious and unexpected adverse drug experiences) are properly documented, investigated by appropriate personnel, and reported to the FDA (i.e., 15-day Alert Report) as per SOP IRA-001.

6.16.3 Regulation requires reporting of each ADE as soon as possible, but in no case later than 15 calendar days from initial receipt.

6.16.4 All reported ADE must be promptly investigated and a follow-up report must be submitted within 15 calendar days of receipt of new information or as requested by the FDA. If additional information is not obtainable, records should be maintained of the unsuccessful steps taken to seek additional information.

6.16.5 Reports to the FDA concerning ADE must include pertinent identifying details:

6.16.5.1 An identifiable patient.

A. Information on the names and addresses of patients should not be included. A unique code should be assigned for each individual patient.

6.16.5.2 An identifiable reporter.

A. Defined as a patient, consumer, family member, doctor, pharmacist, other health care professional or related individual.
B. A reporter can be identified by one or more of the following: personal identifier (e.g., name), professional identifier (e.g., doctor, nurse, pharmacist), contact information (e.g., e-mail address, phone number).

6.16.5.3 A suspect drug product.

A. Defined as a product suspected as associated with the adverse event.
B. In the case that an adverse event involves multiple suspect drug products compounded by the same facility, the facility should only submit one report with all drug products listed.

6.16.5.4 A serious adverse event.

A. Defined as a patient outcome involving death, life-threatening ADE, inpatient hospitalization, disability or incapacity, or a congenital anomaly or birth defect.

6.16.6 Reports must be submitted with current labeling of drug product, hospital summaries, autopsy/death certificate, relevant laboratory data, and clinical data.

6.16.7 Reports can be submitted through the Safety Reporting Portal (SRP) or the Electronic Submissions Gateway (ESG).

Printed by Kirtan Patel from bpiindia.com on 28 Apr 2023 at 8:37:37 PM UTC

6.16.8 Before submitting electronically for the first time, facilities should notify the FDA Adverse Event Reporting System (FAERS) Electronic Submission Coordinator to assist the facility in its submission.

6.16.9 Regulations require firms to maintain records relating to all ADEs (including raw data and any correspondence relating to the adverse drug experiences) for no less than 10 years and to permit any authorized FDA employee, at all reasonable times, to have access to and copy and verify the records established and maintained under 21 CFR Part 310.305.

6.17 Regulatory Requirements:

6.17.1 Registration with FDA:

6.17.1.1 Refer to the FDA Guidance "Registration of Human Drug Compounding Outsourcing Facilities under Section 503B of the FD&C Act" for all suggestions regarding electronic 503B registration with the FDA.

6.17.1.2 Outsourcing facilities must register initially and each year thereafter during the registration period between October 1st and December 31st.

6.17.1.3 To register as an outsourcing facility, a compounder must provide the following information:

A. Name
B. Place of business.
C. Unique facility identifier.
D. Point of contact email address.
E. Indication whether the facility intends to compound products on FDA's drug shortage list.
F. Indication whether the facility compounds from bulk drug substances, and if so, whether it compounds sterile or nonsterile drugs from bulk drug substances.

6.17.1.4 Facilities intending to register as outsourcing facilities should submit registration using existing Structured Product Labeling (SPL) format.

A. Refer to Section IV of FDA Guidance "Providing Regulatory Submissions in Electronic Format – Drug Establishment Registration and Drug Listing" for complete details for SPL submission.

6.17.1.5 FDA is required to publish a list of registered outsourcing facilities and the facilities' status, as well as, update the list weekly.

6.17.2 Registration with Florida Department of Health Board of Pharmacy:

6.17.2.1 Refer to Rule 64B16-28.100 "Special Sterile Compounding Permit Application and Information" for a complete guidance on application and permitting requirements for special compounding facilities established by Florida Department of Health under Florida Statute Chapter 465.

6.17.2.2 Permits are only valid for the name and physical location to which it is issued. Any changes to facility name or location must be requested through Florida Department of Health Board of Pharmacy.

Printed by sanjana@belchergpharma.com on 26 Apr 2023 at 8:37:36 PM UTC

6.17.2.3 An initial onsite inspection is required for issuance of a new permit. The board inspector will document the facility's compliance with all applicable rules and statues.

6.17.2.4 Outsourcing facilities engaged in sterile compounding must obtain and maintain a Special Sterile Compounding Permit by filing an application with form DH-MQA 1270 "Special Sterile Compounding Permit Application and Information".

6.17.2.5 Applicants for a Special Sterile Compounding Permit must comply with all permitting requirements in subsection (1) of Rule 64B16-28.100 and designate a prescription department manager or consultant pharmacist on record.

6.17.2.6 Florida Department of Health reserves the right to inspect outsourcing facilities at any time after the initial inspection.

6.17.3 Reporting to FDA:

6.17.3.1 Outsourcing facilities must submit a product report upon initial registration and twice each year thereafter, once in June and once in December, for products produced during the previous six-month period.

A. Drug product reports submitted between June 1 and June 30 of each year must report products produced from December 1 through May 31.

B. Drug product reports submitted between December 1 and December 30 of each year must report products produced from June 1 through November 30.

6.17.3.2 Each semiannual report must identify all sterile and non-sterile drugs compounded at the outsourcing facility during the previous six-month period and provide the following information for each compounded drug:

A. The active ingredient and strength of active ingredient per unit.
B. The source of the active ingredient.
C. The 10-digit National Drug Code (NDC) number of the source drug or bulk active ingredient, if available.
D. The dosage form and route of administration.
E. The package description.
F. The number of individual units produced.
G. The 10-digit NDC number of the final product, if assigned.

6.17.3.3 Outsourcing facilities must submit drug product reporting electronically in SPL format. Refer to FDA guidance "Electronic Drug Product Reporting for Human Drug Compounding Outsourcing Facilities Under Section 503B of the Federal Food Drug and Cosmetic Act" for more information about drug product reporting.

SOP No.	Title	Revision No.
IGN-033	HANDLING OF 503B PRODUCTS	08

7.0 REVISION HISTORY

Revision No.	Effective Date	Description of Changes
01	AUG 29 2019	Original SOP
02	OCT 02 2019	Section 4.39 SOP No. IPT-006 503B Research and Development Experimental Trial Batches updated to new SOP No. IPH-001 503B Research and Development Experimental Trial Batches. Section 6.9.3.2 SOP No. IPT-006 503B Research and Development Experimental Trial Batches updated to new SOP No. IPH-001 503B Research and Development Experimental Trial Batches. Sections 6.4.4, 6.4.5, and 6.5.3 Removed from SOP, redundancy
03	NOV 27 2019	Section 6.12 Table 6 to Include 9 Month Long Term Testing Interval, and 2 Month Accelerated Testing Interval. Section 6.12.4.4 to change expiration dating to 240 days (8 months), and tentative BUD date to 04/15/20.
04	MAY 12 2020	A note added under Section 6.12.4.2. Section 6.12 Table 6 to replace 9 Month Long Term Testing Interval with 8 Month Long Term Testing Interval.
05	JAN 22 2021	Added References SOPs GN-040 "Handling of 503 Products" and IQA-012 "Retesting of Materials and Products" Minor editorial changes to Purpose, Scope, and Sections 6.1.4, 6.9.2.3, and 6.15.2
06	APR 28 2021	Added References SOP IPH-002 BPI Policy for Essentially Copies of Approved Drug Products. Section 6.9.3.2 changed to discuss use of new SOP IPH-002. Section numbering is modified to reflect this change.
07	MAY 06 2021	1. Add 21 CFR Part 310 – New Drugs, Subpart D – Records and Reports, Section 310.305 in the Reference section. 2. Section 6.8.2 updated to reflect FDA establishment registration for APIs. 3. Revise SOP Section 6.16 to clarify the reporting and handling of ADEs according to 21 CFR Part 310.305.
08	AUG 3 1 2021	Clarify Section 6.12.4.4 in regards to BUD calculation and stability test intervals for long term in case of 360 days BUD interval.

IGN-028	CLEANING OF PROCESSING AND NON-PROCESSING ROOMS	08

Prepared By / Date	Reviewed By / Date	QA Approved By / Date	Effective Date
PMK 01/20/23	01/23/23	M. Salazar 01/23/23	JAN 27 2023
Title: Manager.	Title: COO	Title: CQCO	Change Control No. I-23027

1.0 PURPOSE

The purpose of this SOP is to describe procedures for cleaning of the manufacturing processing and non-processing rooms, including cleanroom support areas, laboratories, warehouse, and utility areas.

2.0 SCOPE

This procedure is applicable for the cleaning of processing areas (such as samples, formulations, and filling), non-processing areas (such as utility areas, non-cleanroom corridors, laboratories, warehouse, and change rooms), and cleanroom support areas (such as cleanroom corridors, clean equipment room, and cleaning supplies room) located in BPI Labs.

3.0 RESPONSIBILITY

It is the responsibility of the Production Cleaner to follow this procedure and it is the responsibility of the Production / Laboratory Manager or designee to implement and monitor the procedure.

5.0 ATTACHMENTS

Not Applicable.

6.0 PROCEDURE

6.1 General Requirement:

6.1.1 When performing cleaning, ensure hazardous energy sources are tagged and locked out.

6.1.2 Review the applicable SDS for handling, instructions, personal protective equipment requirements, and disposal instructions for any chemicals and materials involved in this process.

6.1.3 Use gloves, masks, and safety goggles / face shields while cleaning.

NOTE: After shut-down activities, all rooms must be cleaned as per procedure mentioned in Weekly Cleaning (steps 6.3.9) before being utilized.

6.1.4 All areas under the scope of this SOP are listed in Table 1 below.

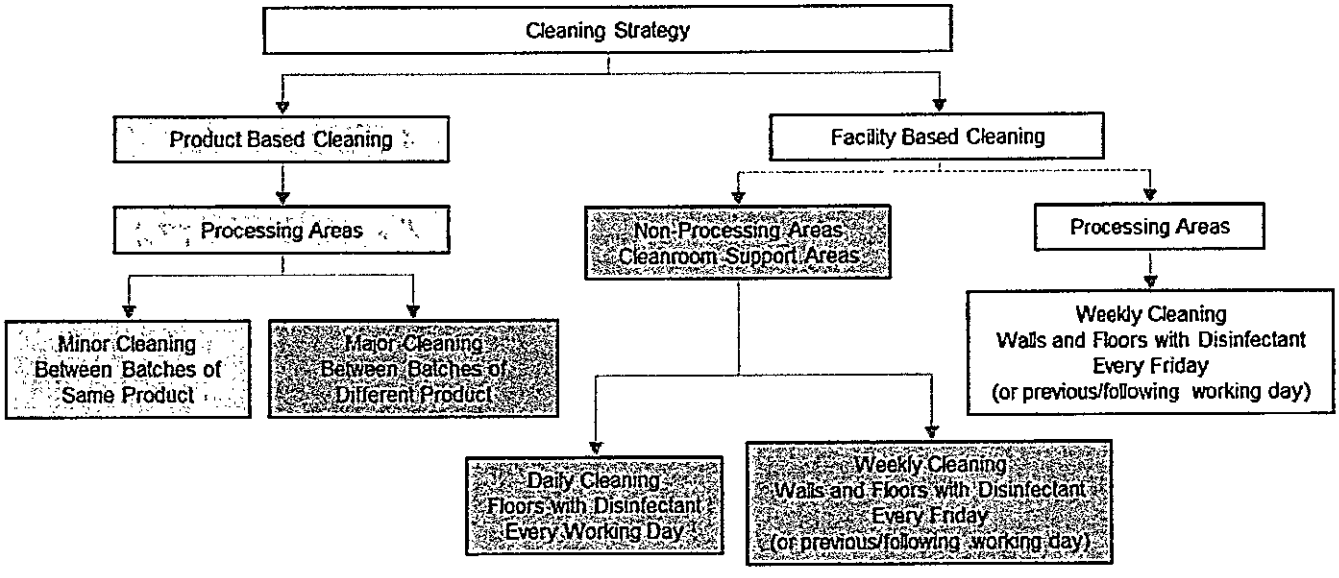
Table 1: Processing, Non-Processing, and Cleanroom Support Areas

Processing Areas	Non-Processing Areas
Filling Rooms (Rooms 312 and 317)	Non-Cleanroom Corridors (Corridors 201, 207, and 409)
Formulation Rooms (Rooms 311 and 316)	Change Rooms / Lockers (Rooms 202 and 203)
Autoclave Load (Room 313)	Quality Control Laboratory (Rooms 103, 104, and 107)
Autoclave Unload (Room 319)	Microbiology Laboratory (Room 205)
Tank WIP Room (Room 315)	MLT Laboratory (Room 211)
Samples Rooms (Rooms 308 and 308A)	Warehouse (Shipping and Receiving) (Rooms 408 and 411)
Sterility Isolator Room (Room 210)	Utility Area / Boiler Room (Rooms 403 and 404)
Cleanroom Support Areas	Tech Space (Room 208)
Cleanroom Corridors (Corridors 310 and 301)	Vestibule (Room 101)
Personnel Gowning Airlock (Room 304)	Restrooms (Rooms 105 and 106)
Personnel De-Gowning Airlock (Room 303)	Inspection and Packaging Rooms (Rooms 405 and 407)
Material Airlocks (Rooms 305, 306, and 309)	Labeling and Packaging Room (Room 412)
Clean Equipment Room (Room 318)	
Component Preparation Room (Room 314)	
Cleaning Supplies Room (Room 302)	
Anteroom (Room 204)	
Airlocks (Rooms 307 and 209)	

6.1.5 Types of Areas:

6.1.5.1 Processing Areas include rooms in cleanroom area that may be used for Production.

6.1.5.2 Cleanroom Support Areas include rooms and corridors that are within cleanroom area but where a Production process would not occur.



6.1.5.3 Non-Processing Areas are rooms and corridors outside the cleanroom area, and where open product would not be exposed.

A. Inspection and Packaging Rooms and Labeling and Packaging Room are areas outside the cleanroom where Finished Product is processed, but always in a sterile, sealed state. As there is no open product, routine Facility Based Cleaning is

performed as per Table 4 and Product Based Cleaning is performed as per Step 6.2.5.

6.1.6 BPI's cleaning strategy is designed considering cross contamination and microbial bioburden. Product Based Cleaning revolves around manufacturing areas and reducing the risk of contamination of the product. Facility Based Cleaning involves areas of all classifications and ensuring there is no introduction of microbial contaminants from lower to higher classified areas. See Figure 1 below.

Figure 1: Cleaning Strategy Flow

6.1.7 Cleaning Strategy:

6.1.7.1 Mops and cleaning supplies used in Non-Processing Areas will NOT be used in Processing Areas or Cleanroom Support Areas, however the same mops and cleaning supplies can be used between Processing Areas and Cleanroom Support Areas. Ensure mops and cleaning supplies are labeled accordingly.

6.1.7.2 Ensure the correct cleaning supplies are used for their respective area by reviewing the labels before the start of cleaning.

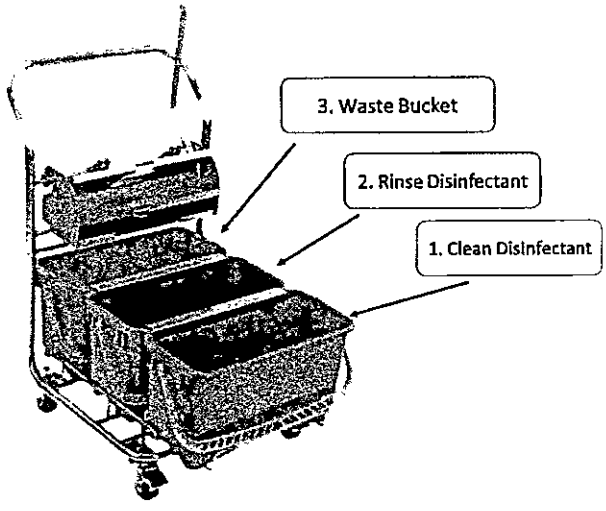
6.1.7.3 Production Cleaner should refer to the cleaning schedule posted in accessible areas for use of the appropriate disinfectant as per rotation.

6.1.7.4 To ensure water ports and transfer equipment are not incidentally contaminated, care should be taken when collecting WFI or Purified Water for cleaning.

A. If a hose or pipe is needed to transfer water, ensure it is securely connected to the water port without leaks. Do not touch the water port directly with bare hands as this may contaminate the water port.
B. Before collecting or using water for cleaning, direct the hose to a drain and flush for NLT 1 minute.
C. Collect water or use for cleaning, then close the water port valve tightly to avoid leaks.

D. Remove the water hose and place it in a designated area to air dry. Ensure the hose is placed in a position that will drain any residual water.

6.1.7.5 Prepare disinfectants as per SOP IGN-027. Document the amount of disinfectant used in the appropriate Preparation of Disinfectant Dilutions Logbook.



6.1.7.6 Production Cleaner should refer to the approved Facility Based Cleaning Flows for Cleanrooms as a guide to which rooms should be cleaned for Daily and Weekly cleaning, as well as provide direction where cleaning should begin and end.

NOTE: Cleaning Flows are only a recommendation. When a specific room cannot be cleaned per the approved flow, due to unavoidable circumstances, cleaning can proceed in the following available room, as needed.

6.1.7.7 The "Three Bucket System" works as follows: first bucket contains a clean disinfectant (or WFI/PW as applicable), second bucket contains a rinse disinfectant and is used to rinse the cleaning agent (or WFI/PW as applicable) from dirty mop, and third bucket is a waste bucket used to wring the mop. See Figure 2.

6.1.7.8 The flow for the "Three Bucket System" is as follows: dip mop into clean disinfectant, then wring mop into waste bucket to remove excess liquid and begin mopping. After mopping, insert mop into rinse bucket to remove dirty liquid, then wring mop to remove excess liquid. Repeat process until cleaning is finished.

Figure 2: Three Bucket System

6.1.7.9 Cleaning should be performed from the highest surface point to the lowest surface point (i.e., walls, equipment, and then floors, in sequential order), as well as, from the furthest surface point to the closest surface point (i.e., farthest corner of the room towards the exit that will be used to leave the room).

6.1.7.10 Cleaning should be performed uniformly in single overlapping strokes, ensuring all areas are reached by the mop without going over a single area multiple times.

6.2 Product Based Cleaning:

6.2.1 Product Based Cleaning is applicable to Process Equipment and Processing Rooms to avoid cross contamination majorly. It is separated as Minor Cleaning and Major Cleaning, and they are performed between batches.

NOTE: Whenever cleaning a processing room along with multiple equipment located in the same room, open each related logbook (i.e., equipment and room) and document the type of cleaning (i.e., major cleaning / minor cleaning) under the "Description" column. Whenever the cleaning of each specific equipment is initiated, log such information in the respective logbook using only the "Start Date" and "Start Time" columns. Additionally, whenever the cleaning of each equipment is completed, document such information in the respective logbook using only the "Finish Date" and "Finish Time". Finally, the room should be cleaned last and the corresponding entries in the logbook related to the initiation and completion of the cleaning process need to be documented accordingly whenever the operation is started and completed. In case of cleanroom supporting areas, enter cleaning details in one single logbook.

6.2.2 Before starting minor or major cleaning, put a check mark against the appropriate box on status label of the room, as applicable.

6.2.3 Minor Cleaning:

6.2.3.1 Minor cleaning is performed between batches of the same product type.

6.2.3.2 Ensure all evidence of the previous batch, including the batch record, all containers produced, and all raw materials, is cleared from the room. Ensure debris is removed off floor, and trash is removed from room.

6.2.3.3 Equipment should be cleaned per respective equipment cleaning SOP.

6.2.3.4 Using sterile 70% IPA, wipe down scales, tables, carts, windows, and doors.

6.2.3.5 Mop the floors using a mop wetted in WFI/PW following the "Three Bucket System" method and allow to dry.

6.2.3.6 After cleaning, sign the Cleaning, Use, and Maintenance Logbook for minor cleaning. Call the supervisor or designee to verify the cleaning.

6.2.3.7 Place a "CLEAN" label on the door with cleaning details.

6.2.3.8 Discard leftover cleaning agents through the drains in the Component Preparation Room, or designated areas. Clean buckets thoroughly with Purified Water after use.

6.2.4 Major Cleaning:

6.2.4.1 Major cleaning is performed between batches of different product type.

6.2.4.2 Ensure all evidence of the previous batch, including the batch record, all containers produced, and all raw materials, is cleared from the room. Ensure debris is removed off floor and trash is removed from room.

6.2.4.3 Cover room temperature / relative humidity monitoring probe in polyethylene bag to avoid water spill and physical damage to probe.

6.2.4.4 Equipment should be cleaned per respective equipment cleaning SOP.

NOTE: Never spray WFI/PW directly on opening of exhaust duct, inlet supply grills, electrical fixtures, and light fixtures.

6.2.4.5 Clean ceilings using a mop wetted in WFI/PW following the "Three Bucket System" method.

6.2.4.6 Clean walls and floors, using a mop wetted in WFI/PW following the "Three Bucket System" method and allow to dry.

6.2.4.7 Using sterile 70% IPA, wipe down scales, tables, carts, windows, and doors.

NOTE: While performing the cleaning of the processing rooms, ensure the personnel and material flow are done in a way that avoids any cross contamination (i.e., do not enter the cleaned rooms while cleaning an un-cleaned room).

6.2.4.8 After cleaning, sign the Cleaning, Use, and Maintenance Logbook for major cleaning and call the Supervisor or designee to verify the cleaning.

6.2.4.9 Place a "CLEAN" label on the door with cleaning details.

6.2.4.10 Discard leftover cleaning agents through the drains in the Component Preparation Room. Or designated areas. Clean buckets thoroughly with Purified Water after use.

6.2.5 Product Based cleaning for **Inspection and Packaging Rooms and Labeling and Packaging Room are** different as they are outside the cleanroom area but there is not open product exposed:

6.2.5.1 Minor cleaning is performed between batches of the same product type as below:

A. Ensure all evidence of the previous batch, including the batch record, all containers produced, and all raw materials, is cleared from the room. Ensure debris is removed off floor and trash is removed from room.

B. Equipment should be cleaned per respective equipment cleaning SOP.

C. Using sterile 70% IPA, wipe down scales, tables, carts, windows, and doors. If any debris or spills are present, mop floor using a mop wetted in WFI/PW.

D. After cleaning, sign the Cleaning, Use, and Maintenance Logbook for minor cleaning. Call the supervisor or designee to verify the cleaning.

E. Place a "CLEAN" label on the door with cleaning details.

F. Discard leftover cleaning agents through the drains in the Utilities Area, or designated areas. Clean buckets thoroughly with Purified Water after use.

6.2.5.2 Major cleaning is performed between batches of different product as below:

A. Ensure all evidence of the previous batch, including the batch record, all containers produced, and all raw materials, is cleared from the room. Ensure debris is removed off floor and trash is removed from room.

B. Equipment should be cleaned per respective equipment cleaning SOP.

SOP No.	Title	Revision No.
IGN-028	CLEANING OF PROCESSING AND NON-PROCESSING ROOMS	08

C. Using sterile 70% IPA, wipe down scales, tables, carts, windows, and doors.
D. Clean floors, using a mop wetted in WFI/PW and allow to dry.
E. After cleaning, sign the Cleaning, Use, and Maintenance Logbook for major cleaning. Call the supervisor or designee to verify the cleaning.
F. Place a "CLEAN" label on the door with cleaning details.
G. Discard leftover cleaning agents through the drains in the Utilities Area, or designated areas. Clean buckets thoroughly with Purified Water after use.

6.3 Facility Based Cleaning:

6.3.1 Facility Based Cleaning is applicable to Processing Areas only when production is inactive. If Production is active, cleaning may be performed in rooms that are not in use and areas that are in use must been cleaned whenever the activity is done. When production is active, refer to Product Based Cleaning as per section 6.2.

NOTE: Production cleaner should not enter a room with cleaning utensils where production process is occurring.

6.3.2 The different types of cleanings are detailed in Table 2. Types of Cleanings are defined by the frequency of the specific procedure required.

Table 2: Types of Cleanings

Type of Cleaning	Identification	Main Surfaces	When Required
Daily	D	Floors	Every scheduled working day with Decon-Phene or Decon-Quat
Weekly	W	Ceilings, Walls, and Floors	Every Friday, or next working day if it is a holiday/not scheduled with Decon-Phene, Decon-Quat, or Decon-Spore

NOTE: Cleaning types should not overlap (i,e. Daily cleaning and Weekly cleaning should not be performed on the same day).

6.3.3 Daily Cleaning is performed only in Non-Processing Areas and Cleanroom Support Areas (Refer to Table 1) using a disinfectant. Daily Cleaning is not performed in Processing Areas.

6.3.4 Weekly cleaning is performed in Processing Areas, Non-Processing Areas, and Cleanroom Support Areas, using disinfectants and sporicidal agents to reduce microbial bioburden majorly.

6.3.5 Weekly Cleaning supersedes Product Based Major cleaning and can be documented as equals when releasing a room for production.

6.3.6 Disinfectant Type use is determined by the disinfectant rotation as per SOP IGN-027 and approved rotation schedule posted in accessible areas. Table 3 shows an example of four-week period of Disinfectant Rotation.

Table 3: Example of Disinfectant Rotation

Personnel Gowning and De-Gowning Rooms	D, W	D, W	W	W
Material Airlocks	D, W	D, W	W	W
Component Preparation Room	D, W	D, W	W	W
Clean Equipment Room	D, W	D, W	W	W
Cleaning Supplies Room	D, W	D, W	W	W
Processing Areas				
Filling Rooms	W	W	W	W
Formulation Rooms	W	W	W	W
Autoclave Load	W	W	W	W
Autoclave Unload	W	W	W	W
Samples Rooms	W	W	W	W
Sterility Room	W	W	W	W
Tank WIP Room	W	W	W	W

NOTE: Certain rooms may have different cleaning frequencies than what is stated in Steps 6.3.8 and 6.3.9. Always follow what is specified in Table 4 as a default.

6.3.8 Daily Cleaning:

6.3.8.1 Daily cleaning is performed every scheduled working day in Non-Processing Areas and Cleanroom Support Areas, with exceptions, as listed in Table 4.

6.3.8.2 Prior to cleaning, sweep away dust and debris, and dust-off surfaces as needed.

6.3.8.3 Prepare appropriate cleaning solution and document the amount of disinfectant used in the Preparation of Disinfectant Dilutions Logbook.

NOTE: Cleanroom Cleaning should begin in the highest classified areas (i.e., filling rooms, formulations room) and should end in the least classified areas (i.e., corridor 301, anteroom), as possible. However, ensure personnel and material flow are in a way that avoids cross contamination (i.e., do not enter cleaned rooms from an un-cleaned room). Refer to approved Facility Based Cleaning Flows for Cleanrooms.

6.3.8.4 Using sterile 70% IPA, wipe down windows, handles, and doors. Also wipe any chairs, tables, phones, racks, carts, etc., when applicable.

6.3.8.5 Mop the floors using a mop wetted in disinfectant solution (refer to EOL I-003 Miscellaneous List and refer to SOP IGN-027 for preparation of disinfectant solution), following the "Three Bucket System" method, or other bucket system when applicable, and allow a minimum contact time of 10 minutes. Once contact time has been allowed, confirm the action within the Cleaning, Use, and Maintenance Logbook.

6.3.8.6 Mop the floors using a mop wetted in WFI following the "Three Bucket System" method, or other bucket system when applicable, to remove disinfectant residues and allow to dry.

6.3.8.7 After cleaning, sign the Cleaning, Use, and Maintenance Logbook for daily cleaning and call the Supervisor or designee to verify the cleaning.

6.3.8.8 Discard leftover cleaning agents through the drains in the Component Preparation Room, or designated areas. Clean buckets thoroughly with Purified Water after use.

6.3.9 Weekly Cleaning:

6.3.9.1 Weekly cleaning is performed every Friday (or previous/next working day, as necessary) in Non-Processing Areas, Cleanroom Support Areas and Processing Areas, with exceptions, as listed in Table 4 (if Friday is in production, clean upon completion or next working day). In addition to the daily cleaning procedure performed as per section 6.3.8, ceilings and walls are included as part of weekly cleaning.

NOTE: If management is aware the Weekly cleaning cannot be completed for all rooms on Friday, cleaning may be performed Thursday and Friday. If cleaning is started on Friday but cannot be completed, cleaning may be continued on Monday followed by routine schedule starting on Tuesday or the next working day, as required.

6.3.9.2 Prior to cleaning, sweep away dust and debris, and dust-off surfaces as needed.

6.3.9.3 Prepare appropriate cleaning solution and document the amount of disinfectant used in the Preparation of Disinfectant Dilutions Logbook.

NOTE: Cleanroom Cleaning should begin in the highest classified areas (i.e., filling rooms, formulations room) and should end in the least classified areas (i.e., corridor 301, anteroom), as possible. However, ensure personnel and material flow are in a way that avoids cross contamination (i.e., do not enter cleaned rooms from an un-cleaned room). Refer to approved Facility Based Cleaning Flows for Cleanrooms.

6.3.9.4 Clean ceilings using a mop wetted in WFI following the "Three Bucket System" method.

6.3.9.5 Clean the walls using a mop wetted in disinfectant solution (refer to EOL I-003 Miscellaneous List and refer to SOP IGN-027 for preparation of disinfectant solution), following the "Three Bucket System" method, or other bucket system when applicable, and allow a minimum contact time of 10 minutes.

6.3.9.6 Mop walls using a mop wetted in WFI following the "Three Bucket System" method, or other bucket system when applicable, to remove disinfectant residues and allow to dry.

6.3.9.7 Using sterile 70% IPA, wipe down windows, handles, and doors. Also wipe any chairs, tables, phones, racks, carts, etc., when applicable.

6.3.9.8 Mop the floors using a mop wetted in disinfectant solution (refer to EOL I-003 Miscellaneous List and refer to SOP IGN-027 for preparation of disinfectant solution), following the "Three Bucket System" method, or other bucket system when applicable, and allow a minimum contact time of 10 minutes. Once contact time has been allowed, confirm the action within the Cleaning, Use, and Maintenance Logbook.

6.3.9.9 If any Pass box present in room, clean as per section 6.5.

6.3.9.10 Mop the floors using a mop wetted in WFI following the "Three Bucket System" method, or other bucket system when applicable, to remove disinfectant residues and allow to dry.

6.3.9.11 After cleaning, sign the Cleaning, Use, and Maintenance Logbook for weekly cleaning and call the Supervisor or designee to verify the cleaning.

6.3.9.12 Place "CLEAN" label on the door if cleaning in a Processing Area. Do not place labels in Non-Processing Areas and Cleanroom Support Areas.

NOTE: Label Inspection and Packaging Room and Labeling & Packaging Room after all cleanings.

6.3.9.13 Discard leftover cleaning agents through the drains in the Component Preparation Room. Clean buckets thoroughly with Purified Water after use.

6.4 Return all cleaning products, mops, and pails to the cleaning supplies area after cleaning and sanitizing.

6.4.1 Clean buckets and pails thoroughly inside and out until no visible residue is observed, using Purified Water in the Component Preparation Room, or designated areas. Invert items to allow removal of excess water and wipe with a lint free cloth.

6.4.2 Mop heads should be discarded daily. Discard and replace mop head if it becomes visibly dirty at any point.

6.4.3 Wipe "Three Bucket System" cart with sterile 70% IPA prior to replacing buckets on it.

6.5 Cleaning of Production Passbox:

6.5.1 If any room within Production contains a Pass box for material transfer between two classified rooms or between a classified room and an unclassified room, cleaning for this Pass box is required to be performed on a Weekly Basis.

6.5.1.1 Prior to cleaning, dust-off surfaces as needed.

6.5.1.2 Wipe down interior and exterior surfaces from top to bottom using sterile 70% IPA and a lint free cloth.

7.0 REVISION HISTORY

Revision No.	Effective Date	Description of Changes
01	AUG 29 2018	Original SOP
02	FEB 12 2019	1. Include Room numbers in Table 1 for further description 2. Remove 6.1.8 and 6.1.9 as 6.1.10 covers the same information to advise user that different areas have different supplies that should not be mixed and should be labeled appropriately to prevent that 3. Edit sections 6.2.3.7, 6.2.4.10, 6.3.6.7, and 6.3.7.10 to update the location of where buckets are cleaned as utensils for processing areas should not be taken to non-processing areas. 4. Include disinfectant types in Table 2 5. Edit Tables 3 and 4 for clarification that walls and floors use disinfectant and processing areas should include windows, handles, and doors 6. Note included under section 6.3.7 to address the procedure if weekly cleaning cannot be completed solely on Friday 7. Update section 6.4.1 and 6.4.3 to include the cleaning of buckets in wash room as utensils for processing areas should not be taken to non-processing areas and wipe Three Bucket system cart with 70% IPA 8. Rearrange steps 6.2.4.3 and 6.3.7.3 so that ceilings and walls are cleaned prior to wiping windows with IPA as water streaks from walls may fall on the windows 9. Include section 6.1.10 and 6.1.11 to mention cleaning schedule that will be posted and documenting disinfectant dilution in appropriate logbook. 10. Include wiping of carts, rack, phones, and other items inside rooms, when applicable in sections 6.3.6.3 and 6.3.7.6.
03	SEP 23 2019	1. Table 1 updated to ensure all missing rooms are included. 2. Clarify types of areas in step 6.1.5. 3. Figure 1 updated to better explain room cleaning flow. 4. Step 6.1.7 included for general cleaning strategies. 5. Include Step 6.2.5 to detail cleaning for Visual Inspection and Labeling/Packaging Room as they are outside cleanroom but still used for process. 6. Clarify step 6.3.1 to clarify cleaning may be performed in unused rooms when production is active. 7. Include Step 6.3.5 to specify the Weekly Cleaning supersedes Major cleaning. 8. Table 2 was updated to remove Bi-weekly cleaning as a type of cleaning since it is the same as Weekly procedure wise. Disinfectant rotation is the only difference which is explained in step 6.3.2. Bi-weekly cleaning removed from entire SOP. 9. Note under Table 2 added to clarify that Daily cleaning and Weekly cleaning procedures should not occur on the same day. 10. Table 3 was added to show example of disinfectant rotation. 11. Table 4 updated to include missing rooms and update cleaning frequencies for all rooms. Previous table 3 and 4 were combined to form Table 4.
04	DEC 02 2020	1. Include instruction in steps 6.3.8.5 and 6.3.9.5 about confirming contact time in Cleaning, Use, and Maintenance Logbook.
05	MAR 09 2021	1. Include Step 6.1.7.5 and Note under it to include use of Facility Based Cleaning Flows for Cleanrooms. 2. Revise Notes under steps 6.3.8.3 and 6.3.9.3 to ensure cleaning personnel is aware of flow of cleaning, and also referring to the new approved cleaning flows which will further explain the proper flow.

SOP No.	Title	Revision No.
IGN-028	CLEANING OF PROCESSING AND NON-PROCESSING ROOMS	08

Revision No.	Effective Date	Description of Changes
06	AUG 23 2022	1. Include procedure for cleaning of a Passbox. 2. Update weekly cleaning procedure to reflect proper flow and include Passbox cleaning, when applicable.
07	SEP 08 2022	1. Included Step 6.1.7.4 for collection/use of WFI or Purified Water for cleaning. 2. Removed the mention of R&D Labs 406 and 407 following facility modifications. 3. Updated the wording of Visual Inspection Room to Inspection and Packaging Rooms.
08	JAN 2 7 2023	1. Note under Step 6.2.1 is extended to explain the cleaning activities for Clean Room Supporting areas.

This document lists observations made by the FDA representative(s) during the inspection of your facility. They are inspectional observations, and do not represent a final Agency determination regarding your compliance. If you have an objection regarding an observation, or have implemented, or plan to implement, corrective action in response to an observation, you may discuss the objection or action with the FDA representative(s) during the inspection or submit this information to FDA at the address above. If you have any questions, please contact FDA at the phone number and address above.

DURING AN INSPECTION OF YOUR FIRM WE OBSERVED:
Pre-Approval, NDA #205029 Supplement 10: Epinephrine, USP Pre-Filled Syringes 1mg/mL

OBSERVATION 1

Equipment used in the manufacture, processing, packing or holding of drug products is not of appropriate design to facilitate operations for its intended use.

Specifically, during inspection, it was observed that the equipment "Groinger Plunger Rod and Labelling Machine type SMKE with de-nester" intended for labeling the pre-filled epinephrine syringes referenced in your NDA application has not been installed and qualified for use.

OBSERVATION 2

Potential suppliers were not evaluated and selected based on their ability to meet specified requirements.

Specifically, your firm was not evaluating suppliers based upon their ability to meet requirements established in your *Vendor Management System* procedure (SOP IGN-034) and *Purchasing System* procedure (SOP IPC-001). Your firm's initial qualification (signed 02/26/2019) of your supplier of sterile 1 mL syringes indicates that a "review of collected data shows that the company has a vigorous quality system and capable of meeting customer expectations," but the approved supplier did not provide the information required per your firm's procedures and the questionnaire provided. For example, the initial *Questionnaire for Customers* provided by your supplier as a self-audit indicated that their Site Master File, manufacturing equipment, site maps and

drawings, an explanation of how product is protected from the manufacturing environment, deviation handling procedures, previous deviations and OOS syringes, and an explanation of rejected batches of syringes within the last year were not provided. The supplier indicated that this information could be provided at the next on-site audit. There has not been an on-site audit conducted since this initial qualification nor is one scheduled by the firm. Additionally, this self-assessment indicated that the supplier has not been inspected by a regulating body and doesn't confirm the supplier's understanding of FDA's regulations, which is a requirement of the firm's *Purchasing System* procedure.

OBSERVATION 3

Risk analysis is inadequate.

Specifically, your firm's risk analysis conducted as part of the *Combination Product Compliance 21 CFR Part 4 Drug and Device Constituent Parts* document you identified as the design history file for your firm's 1 mL epinephrine syringe does not adequately identify the hazards, estimated risks, and mitigations associated with the use of your finished combination product.

For example, your firm identifies the glass syringe and rubber plunger components of your finished 1 mL epinephrine syringe as high risk for particulate matter, bacterial endotoxin, and lack of sterility in the *Product Development Report for Epinephrine Injection, USP 1 mG/mL* under section 2.1.3. In your firm's design history file your risk analysis conducted for the finished 1 mL epinephrine syringe device does not evaluate the risk levels for the eight risks identified by your firm. Additionally, one of the mitigations listed for risk of particulates is "incoming materials controls". Your firm's supplier control's do not adequately evaluate your supplier's capabilities of meeting the supplier requirements established by your firm, including technical and regulatory requirements. Your firm's supplier of syringes for this combination product was not subject to a quality

agreement and did not provide evidence to support their abilities to meet your firm's established supplier requirements during their initial self-audit approved on 02/26/2019.

OBSERVATION 4

Procedures for design transfer have not been adequately established.

Specifically, your firm's design history file for your 1 mL epinephrine syringe combination product did not contain a documented design transfer that supported the device's design was correctly translated into production specifications. Under design transfer your firm documented "there is no transfer involved."

OBSERVATION 5

The type and extent of control to be exercised over the product and suppliers was not clearly defined.

Specifically, your firm did not establish a quality agreement with your supplier that defined the type and extent of control to be exercised over the sterile 1 mL syringe that is a component of your firm's sterile 1 mL epinephrine syringe combination product until 04/22/2021. This is required per SOP IGN-034 Section 6.3.6 upon vendor approval. Your firm's supplier of sterile 1 mL syringes was approved on 02/26/2019.

The observations of objectionable conditions and practices listed on the front of this form are reported:

1. Pursuant to Section 704(b) of the Federal Food, Drug and Cosmetic Act, or
2. To assist firms inspected in complying with the Acts and regulations enforced by the Food and Drug Administration.

Section 704(b) of the Federal Food, Drug, and Cosmetic Act (21 USC 374(b)) provides:

"Upon completion of any such inspection of a factory, warehouse, consulting laboratory, or other establishment, and prior to leaving the premises, the officer or employee making the inspection shall give to the owner, operator, or agent in charge a report in writing setting forth any conditions or practices observed by him which, in his judgment, indicate that any food, drug, device, or cosmetic in such establishment (1) consists in whole or in part of any filthy, putrid, or decomposed substance, or (2) has been prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health. A copy of such report shall be sent promptly to the Secretary."

Subject: Response to FDA Inspectional Observations from 04/19/2021 to 04/30/2021

Dear Madam,

This correspondence is in response to the 04/19/2021 through 04/30/2021 pre-approval inspection of NDA # 205029 Supplement # 9: Epinephrine Injection, USP 10 mg / 10 mL (10 mL Vial) and NDA # 205029 Supplement # 10: Epinephrine Injection, USP 1 mg / mL (1 mL Syringe) to be manufactured commercially by BPI Labs, LLC, at 12393 Belcher Road, Suite # 450, Largo, FL 33773 (FEI Number 3015156709), upon FDA approval.

This communication is in response to the Form FDA 483 Inspectional Observations issued to BPI Labs, LLC ("BPI") specific to its NDA # 205029 Supplement # 10: Epinephrine Injection, USP 1 mg / mL (1 mL Syringe) by FDA Investigators Ms. Saundrea A Munroe and Ms. Emma R Schaefer (collectively, referred to as the "Investigators").

BPI would like to bring to your attention that no FDA 483 observations were issued to NDA # 205029 Supplement # 9: Epinephrine Injection, USP 10 mg / 10 mL (10 mL Vial) at the end of the inspection. Investigators mentioned during the close out meeting that this drug product was going to be recommended for approval. BPI respectfully requests FDA to facilitate the approval of the NDA # 205029 Supplement # 9: Epinephrine Injection, USP 10 mg / 10 mL (10 mL Vial) in order to commence the commercial manufacturing as soon as possible.

In addition, BPI would like to acknowledge that no FDA 483 observations were issued during the 503B outsourcing facility inspection that occurred simultaneously with the pre-approval inspection. The 503B outsourcing facility inspection was conducted by FDA Investigator Ms. Jessica L Pressley.

In regard to the Form FDA 483 Inspectional Observations issued to BPI specifically to its NDA # 205029 Supplement # 10: Epinephrine Injection, USP 1 mg / mL (1 mL Syringe), BPI accepts the Investigators' observations and commits to address the issue expeditiously. BPI believes it has taken and commits to continue to take any and all necessary measures to ensure its customers

well-being and safety. Enclosed please find an attachment that addresses BPI's responses to the FDA Investigators' observations on an individual and systemic basis.

Our corrective action plan will address all issues effectively and comply with Current Good Manufacturing Practices (cGMP) Regulations (Title 21, Code of Federal Regulations, Parts 210, 211, and 4).

BPI would like to inform the Agency that all corrective actions taken have been completed, as can be evidenced from our responses enclosed with this letter, except Observation 1.

BPI expects to complete the qualification of the intended equipment, TechLine Horizontal Roller Syringe Wrap Labeling System Machine, to be used in commercial labeling of NDA # 205029 Supplement # 10: Epinephrine Injection, USP 1 mg / mL (1 mL Syringe) and submit the executed qualification protocols and associated final report to FDA on or before 09/30/2021.

BPI's action plan for Observation 1 includes the specifics of its actions along with targeted timelines. We will closely monitor the implementation of the plan and will provide your Office with updates along with evidence of implementation. Should we change any of our commitments, we will provide you with our reasons and supporting documentation.

Henceforth, upon receipt of BPI's final response related to this FDA 483 observation, BPI respectively requests that the Agency accepts the submitted executed qualification documentation of the TechLine Horizontal Roller Syringe Wrap Labeling System Machine in lieu of a second separate visit to our facility to inspect the qualification exercise of the mentioned machine onsite. Instead, the Agency would be more than welcome to inspect such documentation at our facility at any convenient time, i.e., next BPI cGMP inspection or pre-approval inspection associated with BPI other filed NDAs or ANDAs.

Accordingly, we would like to request a review of our response and action plan at your earliest convenience.

Finally, as per Investigators' request during the close out meeting, BPI is also enclosing along with this response the information related to non-conformance NCR No. I-21004 associated to the sanitization of the Purified Water System.

Please feel free to contact me at (727) 471 0850 Extension 200 if you have any questions or concerns with our responses.

PRE-APPROVAL, NDA # 205029 SUPPLEMENT 10: EPINEPHRINE, USP PRE-FILLED SYRINGES 1 MG/ML

OBSERVATION 1:

Equipment used in the manufacture, processing, packing or holding of drug products is not of appropriate design to facilitate operations for its intended use.

Specifically, during inspection, it was observed that the equipment "Groinger Plunger Rod and Labelling Machine type SMKE with de-nester" intended for labeling the pre-filled epinephrine syringes referenced in your NDA application has not been installed and qualified for use.

BPI'S RESPONSE TO OBSERVATION 1:

BPI acknowledges and accepts the investigator's observation.

BPI's application NDA # 205029 Supplement 10 for Epinephrine, USP Pre-Filled Syringes 1 mg/mL submitted to FDA on 03/19/21 included the current installed and qualified labeling machine, i.e., Labeler (Model #: Q105 Stepper), referenced via SOP IPK-004 "Handling of the Labeler (Model # Q105 Stepper)", as part of the proposed intended commercial Labeling Master No.: PK-I117-0-10 "Master Batch Packaging Record – Labeling Instructions" document for this product (refer to Exhibit – 1.1).

In regards to the observation noted by the FDA, BPI would like to clarify the situation encountered with the Q105 Stepper labeling machine, included in the Supplement information given to FDA as part of the submission, and the "Groinger Plunger Rod and Labelling Machine type SMKE with de-nester" (hereinafter referred to as "Groninger labeling machine") as discussed with the FDA investigators during this inspection.

BPI's initial intention was to utilize the Q105 Stepper labeling machine for the labeling of the pre-filled epinephrine syringes as it was expected to be suitable for both vials and syringes configurations. However, further technical and operational assessment of the Q105 Stepper labeling machine along with discussion with the equipment manufacturer revealed that this equipment will not be the most ideal labeling machine to be used for the pre-filled syringes. This finding identified the need to re-evaluate the need to purchase and commission the Groninger labeling machine for the labeling operation of the pre-filled epinephrine syringes.

At this time, the available quotation received by BPI for this Groninger labeling machine was shown to the FDA investigators (refer to Exhibit – 1.2) and also the explanation of the technical constraints related to the current installed and qualified Q105 Stepper labeling machine for the

pre-filled syringes was presented during the inspection. BPI confirmed that the Groninger labeling machine had not been purchased, installed, and qualified for use.

After the FDA inspection, BPI contacted the manufacturer of the Groninger labeling machine to inquire about its availability based on the past quotation. Unfortunately, the manufacturer confirmed that due to the COVID-19 pandemic this equipment has very long lead time for delivery.

As a result, BPI searched for alternate suitable labeling machines for the labeling operation of pre-filled syringes. BPI identified the TechLine Horizontal Roller Syringe Wrap Labeling System machine, manufactured by Quadrel Labeling Systems, as adequate for the intended use based on the technical specifications and product design (refer to Exhibit – 1.3 for the quotation provided by this firm).

Quadrel Labeling Systems confirmed that the TechLine labeling machine is expected to be delivered to BPI on or before 08/31/21 (refer to Exhibit – 1.4 for copy of purchase order).

BPI commits to install and qualify the TechLine labeling machine and expects to complete this activity and submit the executed qualification protocols and associated final report to the FDA on or before 09/30/21.

OBSERVATION 2:

Potential suppliers were not evaluated and selected based on their ability to meet specified requirements.

Specifically, your firm was not evaluating suppliers based upon their ability to meet requirements established in your *Vendor Management System* procedure (SOP IGN-034) and *Purchasing System* procedure (SOP IPC-001). Your firm's initial qualification (signed 02/26/2019) of your supplier of sterile 1 mL syringes indicates that a "review of collected data shows that the company has a vigorous quality system and capable of meeting customer expectations," but the approved supplier did not provide the information required per your firm's procedures and the questionnaire provided. For example, the initial *Questionnaire for Customers* provided by your supplier as a self-audit indicated that their Site Master File, manufacturing equipment, site maps and drawings, an explanation of how product is protected from the manufacturing environment, deviation handling procedures, previous deviations and OOS syringes, and an explanation of rejected batches of syringes within the last year were not provided. The supplier indicated that this information could be provided at the next on-site audit. There has not been an on-site audit conducted since the initial qualification nor is one scheduled by the firm. Additionally, this self-assessment indicated that the supplier has not been inspected by a regulatory body and doesn't confirm the supplier's understanding of FDA's regulations, which is a requirement of the firm's *Purchasing System* procedure.

BPI'S RESPONSE TO OBSERVATION 2:

BPI acknowledges and accepts the investigator's observation. However, BPI would like to explain to the Agency all the available procedures that were in place at the time of the FDA inspection to evaluate and select potential vendors based on their ability to meet specified requirements.

New vendors are initially approved in the quality system following the requirements documented in SOPs IPC-001 "Purchasing System" and IGN-034 "Vendor Management System." Then, vendors are re-qualified in a periodic manner as per the guidelines written in both mentioned procedures. Both the initial and re-qualification exercises are well defined to assess the adequacy of the vendor performance at all times.

Refer to Exhibit – 5.1 for copy of mentioned SOPs IPC-001 Revision No. 04 and IGN-034 Revision No. 04 that were effective at the time the FDA inspection was conducted.

In regards to the observation noted by the FDA, specifically related to SCHOTT Schweiz AG which is the vendor supplying the syringes for the epinephrine pre-filled syringes 1 mg/mL, BPI would like to clarify the execution of all available procedures that were in place at the time of the

FDA inspection to evaluate and select potential vendors based on their ability to meet specified requirements, consistent with the quality system standards available in both above mentioned SOPs.

Firstly, SCHOTT Schweiz AG was initially approved in the quality system on 02/26/19 (refer to Exhibit – 5.2). SCHOTT Schweiz AG is one of the world's leading manufacturers of special glass and polymers including vials, cartridges, and syringes ready to use for the pharmaceutical industry; this company was established in year 1930.

During the initial qualification of this reputed vendor, BPI requested a variety of technical documentation for the components that were required as part of product development as well as an understanding of the quality principles of this firm. Based on their internal administrative process, SCHOTT Schweiz AG does not complete feedback questionnaires and rather they provide their own self-assessment explaining several information about the company. As part of this initial process, BPI identified few points that were not fully communicated and explained in SCHOTT Schweiz AG's self-assessment and despite making diligent efforts by BPI to clarify such information as further preliminary understanding of the vendor, SCHOTT Schweiz AG did not provide the clarifications requested due to some organizational reason, out of BPI's control. That being said, as stated below BPI has been able to get further clarifications on these points.

Further evaluation of this firm made at the time of initial qualification revealed that a US DMF (i.e., 18416) was filed for the components SCHOTT Schweiz AG intended to distribute to United States. In addition, the technical documentation related to the components BPI was interested to acquire was found highly accurate and complete (refer to Exhibit – 2.1 for an example of technical data). Moreover, SCHOTT Schweiz AG presented certifications from accredited organizations in regards to ISO 9001 and ISO 15378 (refer to Exhibit – 2.2) confirming vendor's understanding in quality (i.e., development, engineering, manufacturing and sales of primary packaging materials made of glass tubing and polymers) and vendor's experience in audits under a regulatory environment. Finally, the vendor reputation verified during initial approval confirmed that SCHOTT Schweiz AG adheres to good quality standards according to available public data.

BPI approved SCHOTT Schweiz AG on 02/26/19 to supply components for research and development use because all data indicated that the vendor had a robust quality system capable of meeting customer expectations, inline with technical data, certifications, vendor history, and DMF filing in United States.

BPI would like to clarify to the Agency that SCHOTT Schweiz AG is a quality focused and highly knowledgeable firm. This company has provided detailed technical documents from day one related to the design, manufacturing, and controls for its components, confirming that this mentioned vendor fully understands the GMP regulations / expectations in an FDA environment.

Secondly, this vendor was re-qualified in the quality system on 02/17/21 (refer to Exhibit – 5.3), based on two years re-qualification period. As part of this re-qualification process, SCHOTT Schweiz AG performance was scrutinized based on technical data, available certifications in ISO 13485, ISO 14001, and ISO 45001 (refer to Exhibit – 2.3), and vendor history with BPI since the initial approval, and found out that six shipments were received, inspected, tested, and released for use at BPI without any problem or unwanted trend, corroborating one more time that this vendor had proper systems in place capable of meeting customer expectations and that BPI had available procedures to evaluate the quality of the components received.

In accordance with above specifics, please be advised that BPI has carefully evaluated SCHOTT Schweiz AG and has selected it based on its ability to meet specified requirements, which has been further substantiated with SCHOTT Schweiz AG's performance since February 2019 to date (i.e., no rejections, no unwanted trends).

It is important to inform to the Agency that all these explanations and evidences were shown and discussed with the FDA investigator during the inspection.

Nonetheless as part of this observation, BPI performed a thorough evaluation of all vendors related to commercial materials and components, and confirmed that adequate initial vendor approval and vendor re-qualification exercises have been systematically conducted including the periodic evaluation of vendor's performance and materials / components quality, inline with the requirements of SOPs IPC-001 and IGN-034. This finding further validates that BPI has been following its internal controls at all times.

As a further assurance, BPI contacted SCHOTT Schweiz AG again to inquire one more time about some information that was not provided by this vendor at the time of initial qualification. As a result SCHOTT has agreed to have a remote audit discussion with BPI with the purpose of clarifying all the pending items, including the ones pointed out by the Agency. During this process conducted on 05/20/21, SCHOTT Schweiz AG explained the majority of the open questions and shared specifics about their controls in place, validating that SCHOTT Schweiz AG has a strong quality system tailored to meet customer needs (refer to Exhibit – 2.4 for the updated SCHOTT Schweiz AG report).

As a further assurance and as part of continuous improvement, BPI revisited the wording of its controls for initial and re-qualification of vendors and identified an opportunity for enhancement to present in a more explicit manner the current expectations and practices on this topic. Consequently, BPI has revised SOP IGN-034 "Vendor Management System" in the quality system to clarify the requirements of initial and re-qualification of vendors, including the addition of handling self-assessments provided by the firms in lieu of BPI's feedback questionnaire. The revised SOP was made effective on 05/18/21 as Revision No. 05; all users of this SOP were part of the review and approval process (refer to Exhibit – 5.7 for a copy of the revised SOP along with the respective change control). BPI believes that clearer instructions on

this SOP would contribute to avoid misinterpretations about the process of evaluating, selecting, and monitoring vendors.

As a final point, BPI would like to clarify to the Agency that SCHOTT Schweiz AG is a vendor classified for research and development use only at this specific time (i.e., no components is currently used in any commercial product) and for this reason on-site audit need as per SOP IGN-034 has not been undertaken yet. Once this vendor is transitioned from research and development to commercial, at that time the requirement of on-site audit will be assessed as per the frequency established in this mentioned SOP, and if selected, this vendor will be added to the "Vendor On-site Audit Tentative Schedule Plan" for on-site audit planning and execution.

In conclusion, BPI believes that procedures that defined the evaluation and selection of vendors based on their ability to meet specified requirements were established in the quality system from day one and were executed effectively, that initial and re-qualification processes for SCHOTT Schweiz AG has been done methodically, and that SCHOTT Schweiz AG is a vendor considered in respectable standards and capable of meeting customer needs, reaffirming that BPI has followed its SOPs and has operational systems to control and monitor vendors in a consistent manner.

OBSERVATION 3:

Risk analysis is inadequate.

Specifically, your firm's risk analysis conducted as part of the *Combination Product Compliance 21 CFR Part 4 Drug and Device Constituent Parts* document you identified as the design history file for your firm's 1 mL epinephrine syringe does not adequately identify the hazards, estimated risks, and mitigations associated with the use of your finished combination product.

For example, your firm identifies the glass syringe and rubber plunger components of your finished 1 mL epinephrine syringe as high risk for particulate matter, bacterial endotoxin, and lack of sterility in the *Product Development Report for Epinephrine Injection, USP 1 mg/mL* under section 2.1.3. In your firm's design history file your risk analysis conducted for the finished 1 mL epinephrine syringe device does not evaluate the risk levels for the eight risks identified by your firm. Additionally, one of the mitigations listed for risk of particulates is "incoming materials controls". Your firm's supplier control's do not adequately evaluate your supplier's capabilities of meeting the supplier requirements established by your firm, including technical and regulatory requirements. Your firm's supplier of syringes for this combination product was not subject to a quality agreement and did not provide evidence to support their abilities to meet your firm's established requirements during their initial self-audit approved on 02/26/2019.

BPI'S RESPONSE TO OBSERVATION 3:

BPI acknowledges and accepts the investigator's observation.

BPI would like to clarify to the Agency that the risk assessment using qualitative tool (high, medium, and low terminology) was performed for the glass syringe and rubber plunger as part of the Product Development Report No. IPT-R-I11 "Epinephrine Injection, USP 1 mg/mL" under Section 2.1.3 (refer to Exhibit – 3.1 for a copy of Section 2.1.3 – only pages 1, 25, 26, and 27 are included in this exhibit; refer to Exhibit 4.1 for a copy of the entire Product Development Report No. IPT-R-I11).

As part of product design for Epinephrine Injection, USP 1 mg/mL, it was determined that the particulate matter, bacterial endotoxin (BET), and sterility of the syringe and rubber plunger pose "high" risk level, hence necessary mitigation controls were established to monitor these risks in a consistent manner (refer to below Table 1 for details). Based on thorough evaluation of these critical quality attributes impacting directly the product quality, it was understood that this high risk could be mitigated by performing adequate internal testing of incoming syringes and rubber plungers prior to release and use for production. In addition, it was defined during product development that the final finished product also needed to be tested for particulate matter,

bacterial endotoxin (BET), and sterility as part of the release specifications to ensure patient safety during usage.

Table 1 – Incoming Materials and Finished Product Testing Controls

Item	Test	Specification	BPI Internal Acceptance Criteria	USP Acceptance Criteria
Syringe	Particulate Matter	SPC I3021 Particles ≥ 10µm	NMT 600 particles per container (10% of USP <788>)	NMT 6000
		Particles ≥ 25µm	NMT 60 particles per container (10% of USP <788>)	NMT 600
	Bacterial Endotoxins Test	SPC I3021	NMT 0.25 EU / mL	NMT 0.25 EU / mL, equal to Water For Injection
	Sterility Test	SPC I3021	No evidence of microbial growth	No evidence of microbial growth
Rubber Plunger	Particulate Matter	SPC I3020 Particles ≥ 10µm	NMT 600 particles per container (10% of USP <788>)	NMT 6000
		Particles ≥ 25µm	NMT 60 particles per container (10% of USP <788>)	NMT 600
	Bacterial Endotoxins Test	SPC I3020	NMT 0.25 EU / mL	NMT 0.25 EU / mL, equal to Water For Injection
	Sterility Test	SPC I3020	No evidence of microbial growth	No evidence of microbial growth
Finished Product	Particulate Matter	SPC I117 Particles ≥ 10µm	NMT 6000 per container	NMT 6000 per container
		Particles ≥ 25µm	NMT 600 per container	NMT 600 per container
	Bacterial Endotoxins Test	SPC I117	NMT 40 E.U. / mg of Epinephrine	NMT 357.0 EU/mg of Epinephrine, refer USP monograph
	Sterility Test	SPC I117	No evidence of microbial growth	No evidence of microbial growth

BPI performed risk analysis as per the FDA Guidance for Industry and FDA Staff: Current Good Manufacturing Practice Requirements for Combination Products FINAL GUIDANCE, January 2017, specified in iii. Risk Analysis page 44. BPI believes risk levels, either qualitative or quantitative, can be performed. Quantitative analysis is recommended in order to evaluate if mitigations are required or not, but BPI has implemented mitigations in this case nevertheless to ensure there is no negative impact to product quality.

BPI further reviewed the SOP IGN-035 "Handling of Combination Products" and improvements were made to provide additional instructions on risk analysis related to manufacturing as well as use-related. The revised SOP was made effective on 05/20/21 as Revision No. 03; all users of this SOP were part of the review and approval process (refer to Exhibit – 3.2 for a copy of the revised SOP along with the respective change control). BPI believes that clearer instructions on this SOP would help to assess better the risks associated as part of product design going forward.

Moreover, the combination product document associated with the design of epinephrine pre-filled syringes "Design Controls for Epinephrine Injection, USP 1 mg/mL (1 mL Syringe)", Section No. CP-I11-02, was revised to perform the risk analysis with quantitative risk levels for manufacturing related items of this mentioned product inline with the revised SOP IGN-035. Refer to Exhibit – 4.4 for copy of the revised section.

Additionally, a new section related to the combination product associated with the use-related risk analysis of epinephrine pre-filled syringes "Use-Related Risk Analysis for Epinephrine Injection, USP 1 mg / mL (1 mL Syringe)", Section CP-I11-08, was created to evaluate the use-related risk analysis linked with this mentioned product inline with the revised SOP IGN-035. Refer to Exhibit – **3.3** for copy of the revised section.

On the other hand, it is important to mention that BPI has diligently approved and re-qualified all vendors associated with the cGMP operations, including Schott Schweiz AG which is the supplier of the syringes, to ensure these are evaluated on a periodic basis to confirm their capabilities of meeting BPI requirements. Furthermore, BPI has worked systematically to generate the quality agreement between BPI and Schott Schweiz AG and to approve it in the quality system before the commercial manufacturing of the epinephrine pre-filled syringes product, in agreement with the internal company standards. The quality agreement was provided to the FDA investigators on 04/23/21 during the inspection. Refer to the responses for Observation 2 and Observation 5 to get a clearer and detailed understanding of the available controls at BPI for vendor evaluation and for quality agreements.

Finally, BPI would like to conclude that the hazards, risks, and mitigations associated with the use of the epinephrine pre-filled syringes combination product were further discussed and clarified, and it is believed that this document now reflects a more thorough risk analysis according to the product design and intended use.

OBSERVATION 4:

Procedures for design transfer have not been adequately established.

Specifically, your firm's design history file for your 1 mL epinephrine syringe combination product did not contain a documented design transfer that supported the device's design was correctly translated into product specifications. Under design transfer your firm documents "there is no transfer involved".

BPI'S RESPONSE TO OBSERVATION 4:

BPI acknowledges and accepts the investigator's observation. However, BPI would like to clarify to the Agency the design transfer activities to support the device's design and how BPI has performed this activity.

As a general policy, any product development activity is performed following Quality by Design (QbD) concepts as per US FDA guidance, which includes identification of raw materials and container closure system components, such as syringes and plungers, conducting of several compatibility studies, formulation developments, laboratory experimental batches manufacturing, risk assessments of the formulation variables, manufacturing process developments, initial risk assessments of the drug product manufacturing process, establishment of mitigation controls, and execution of exhibit batches (stability batch) manufacturing and testing activities.

As part of this process, various risk analyses are conducted, necessary specifications are established, test methods, batch manufacturing records, batch packaging records, and stability protocols are generated, among others, and finally technology transfer is executed to transition the product from research and development to production.

Specifically, for Epinephrine Injection, USP 1 mg/mL syringe product all these activities are performed and explicitly written in the Product Development Report (PDR) for this mentioned product (Document No. IPT-R-I11 – refer to Exhibit – 4.1). As the combination product requires Design Controls as per 21 CFR Part 4 Regulation of Combination Products, Guidance for Industry and FDA Staff: Current Good Manufacturing Practice Requirements for Combination Products FINAL GUIDANCE, January 2017, BPI used the activities performed as per above mentioned PDR as a reference and guidance to determine the combination product documentation.

As all design transfer activates were conducted as per the PDR and three batches of Epinephrine Injection, USP 1 mg / mL Pre-Filled Syringes (Batch Numbers I117R002, I117R003, and I117R004) were manufactured and tested for all critical quality attributes per approved

specifications, it was found that the combination product meets the pre-determined specifications. However, BPI accidentally missed to explicitly write the design transfer activity in the first version of the Design Controls document, Section No. CP-I11-02, Revision 01 (refer to Exhibit – 4.2 for copy of this section), and accepts that this unwanted situation created a gap in understanding the design transfer strategy utilized by BPI. From discussions with FDA investigator, BPI modified the Design Controls document, Section No. CP-I11-02, Revision 02, to incorporate the proper documentation associated with design transfer improvements according to the Product Development Report IPT-R-I11 (refer to Exhibit – 4.3 for a copy of the revised section). This revised section was provided to the FDA investigators during the inspection.

As a further assurance and as part of this observation, BPI proactively reviewed again the Design Controls document, Section No. CP-I11-02, Revision 02, specifically design transfer topic, and identified an extra enhancement in regards to making reference of internal SOPs associated with product development procedures, and to acknowledge the adequacy of the design transfer for the epinephrine pre-filled syringes combination product based on the acceptable results of three batches meeting pre-determined specifications and proving the overall design controls established and design transfer are effective. Refer to Exhibit – 4.4 for a copy of the revised Section No. CP-I11-02, Revision 03, Effective Date 05/20/21.

In conclusion, BPI acknowledges the inadvertent gap created in the Design Controls document, Section No. CP-I11-02, Revision 01, associated with the design transfer, even though the available standard SOP IGN-035 "Handling of Combination Products" was appropriate and included the expected discussion on this topic. Furthermore, BPI commits to be more attentive whenever creating any combination product section in the future for any new product to make sure information is accurate and precise reflecting the company's strategy from product development to the intended production environment.

OBSERVATION 5:

The type and extent of control to be exercised over the product and suppliers was not clearly defined.

Specifically, your firm did not establish a quality agreement with your supplier that defined the type and extent of control to be exercised over the sterile 1 mL syringe that is a component of your firm's sterile 1 mL epinephrine syringe combination product until 04/22/2021. This is required per SOP IGN-034 Section 6.3.6 upon vendor approval. Your firm's supplier of sterile 1 mL syringes was approved on 02/26/2019.

BPI'S RESPONSE TO OBSERVATION 5:

BPI acknowledges and accepts the investigator's observation. However, BPI would like to explain to the Agency all the available procedures that were in place at the time of the FDA inspection to define and execute the type and extent of control to be exercised over vendors and components were met.

New vendors are initially approved in the quality system following the requirements documented in SOPs IPC-001 "Purchasing System" and IGN-034 "Vendor Management System". Then, vendors are re-qualified in a periodic manner as per the guidelines written in both mentioned procedures. Both the initial and re-qualification exercises are well defined to assess the adequacy of the vendor performance at all times.

Similarly, new components are initially approved in the quality system following the requirements documented in SOP IGN-003 "Creation and Modification of Code Numbers and National Drug Code Numbers (NDC)"; the components are first introduced in the company for research and development purposes. Specification for each component is generated in the quality system describing all incoming controls to be exercised during physical, chemical, and microbiological testing as part of full testing, retesting, and reduced testing. Moreover, each component is introduced to the qualification program stipulated in SOP IQA-010 "Vendor Qualification Program" defining the type and extent of control to be exercised over the specific component during initial full testing and subsequent reduced testing.

Refer to Exhibit – 5.1 for copy of mentioned SOPs IPC-001 Revision No. 04, IGN-034 Revision No. 04, IGN-003 Revision No. 01, and IQA-010 Revision No. 03 that were effective at the time the FDA inspection was conducted.

In regards to the observation noted by the FDA, specifically related to the Clear Glass Syringes Ready to Use Packaging Component, BPI Code Number I3021, supplied by SCHOTT Schweiz AG, BPI would like to clarify the execution of all available procedures that were in place at the

time of the FDA inspection to define and execute the type and extent of control to be exercised for this vendor and this syringe, consistent with the quality system requirements explained above.

SCHOTT Schweiz AG was initially approved in the quality system on 02/26/19 (refer to Exhibit – 5.2). This vendor was re-qualified in the quality system on 02/17/21 (refer to Exhibit – 5.3), based on two years re-qualification period.

Clear Glass Syringes Ready to Use Packaging Component code number creation was approved in the quality system on 11/11/19 with material type as "Research and Development" and under Code Number I3021 (refer to Exhibit – 5.4).

Specification for Code Number I3021 was initially approved on 12/27/19 as Revision No. 01 (refer to Exhibit – 5.5). This specification clearly defined the full testing, reduced testing, and retesting requirements to be utilized for the type and extent of control of this component during release.

Based on SOP IQA-010, full testing needs to be executed per specification on three consecutive different vendor lots received by BPI; each lot tested needs to conform to established specifications in order to qualify this component for reduced testing. Precisely, BPI has received three shipments of component Code Number I3021 from SCHOTT Schweiz AG and performed successful full testing accordingly to the specification. As of now, this component is still classified as "Full Testing" since one extra consecutive different vendor lot is needed to be received and tested as part of the "Reduced Testing" certification (refer to Exhibit – 5.6 for the full testing data of the three shipments).

The above confirms that BPI has determined clear procedures to define the type and extent of control to be exercised on vendors and components, has executed the procedures in place with SCHOTT Schweiz AG and with the Clear Glass Syringes Ready to Use Packaging Component (Code Number I3021), and hence has full understanding and control about the quality of this component handled by the firm.

On the other hand, BPI has determined the need to generate quality agreements for some vendors depending on the type of component that is being supplied. These quality agreements are intended to provide an overall approach about the implementation of oversight and controls between parties involved with the purpose of establishing each party's key specific roles and manufacturing activities to comply with cGMP. Specifically, quality agreements for ready to use pre-sterile packaging components (i.e., syringes) are only required at BPI for commercial materials (refer to Exhibit – 5.1 for copy of SOPs IPC-001 and IGN-034).

As of today, all components supplied to BPI by SCHOTT Schweiz AG are still categorized under "Research and Development", including the Clear Glass Syringes Ready to Use Packaging

Component (Code Number I3021), and all shipments received so far from this mentioned vendor have only been used for the manufacturing of research and development lots. Accordingly, it is evident that the component pointed out by the Agency is not approved for commercial use until now and therefore the quality agreement was technically not needed yet based on internal BPI's standards stated in SOPs IPC-001 and IGN-034.

BPI started working with SCHOTT Schweiz AG in September 2020 in order to generate the quality agreement between both firms as part of completeness of tasks for potential and upcoming commercial use of this vendor and associated components. For some administrative reasons, SCHOTT Schweiz AG took longer time to finalize this quality agreement despite the frequent and diligent follow up made by BPI. Finally, the quality agreement was approved on 04/22/21 and confirmed to be adequate to initiate the further control of the upcoming commercial shipments. The same was also provided to the investigator during the inspection.

As explained in this response, the Clear Glass Syringes Ready to Use Packaging Component (Code Number I3021) has not been internally approved for commercial use although all incoming and in-process controls for the shipments received so far have been meticulously monitored during release and use and found them to be acceptable and appropriate ratifying the quality and performance of SCHOTT Schweiz AG. Based on all the facts mentioned as part of this answer, BPI believes that there is no negative impact on SCHOTT Schweiz AG and on the Clear Glass Syringes Ready to Use Packaging Component (Code Number I3021) by not having the quality agreement approved before 04/22/21 since the vendor and the component are still under research and development use and BPI has followed strictly its internal standards and controls.

It is important to inform to the Agency that all these explanations and evidences were shown and discussed with the FDA investigator during the inspection.

Nonetheless as part of this observation, BPI performed a thorough evaluation of all commercial materials and components and confirmed that adequate quality agreements are in place and approved prior to any commercial distribution of the associated products, inline with the requirements of SOPs IPC-001 and IGN-034. This finding further validates that BPI has been following its internal controls at all times.

As a further assurance, BPI revisited the wording of its controls for quality agreements and identified an opportunity for improvement to present in a more explicit manner the current expectations and practices on this topic. Consequently, BPI has revised SOP IGN-034 "Vendor Management System" in the quality system to clarify the requirements of quality agreements, including the ones that are required for materials and components transitioning from research and development to commercial use. The revised SOP was made effective on 05/18/21 as Revision No. 05; all users of this SOP were part of the review and approval process (refer to Exhibit – 5.7 for a copy of the revised SOP along with the respective change control). BPI

believes that clearer instructions on this SOP would contribute to avoid misinterpretations about the need and timeliness of the quality agreements, whenever applicable.

Finally, BPI believes that procedures that defined the type and extent of control to be exercised over vendors and components that were incorporated into the quality system from day one and executed effectively, did not require a quality agreement between BPI and SCHOTT Schweiz AG to be in place since 02/26/19, and that quality agreement between both mentioned firms was already approved on 04/22/21 prior to the release of the associated commercial product, reaffirming that BPI has followed its SOPs and has operational systems to control vendors and components intended for commercial purposes.

OWNERSHIP IS A NON PUBLICY TRADED CORPORATION

State of Incorporation: Arkansas

Parent Company if any: OurPharma Holdings LLC

Address: 2512 S City Lake Rd

City: Fayetteville State: AR Zip: 72701

Telephone: 479-313-8200 Fax: 479-249-8172

Contact Person: Peter O. Kohler

For any corporation non publicly traded, disclose the following:

1) List top 4 persons to whom the shares were issued by the corporation?

a) Peter O. Kohler (Name) 3657 East Leawood Way, Fayetteville, AR, 72703 (Address)

b) Multi-Management Services, Inc. (Name) 9601 Baptist Health Drive, Little Rock, AR, 72205 (Address)

c) WELSCO, Inc. (Name) 9006 Crystal Hill Road, North Little Rock, AR, 72113 (Address)

d) Angela E. Harrison (Name) 24 Hickory Creek Drive, Little Rock, AR, 72212 (Address)

2) Provide the number of shares issued by the corporation. 25,000,000

3) What was the price paid per share? $1.00

4) What date did the corporation actually receive the cash assets? 12/20/2017

5) Provide a copy of the corporation's stock register evidencing the above information

Include with the application for a non publicly traded corporation

Certificate of Corporate Status (also referred to as Certificate of Good Standing). The Certificate is obtained from the Secretary of State's office in the State where incorporated. The Certificate of Corporate status must be dated within the last 6 months.

List of officers and directors

APPLICATION FOR OUT-OF STATE OUTSOURCING FACILITY - Page 3

I hereby certify that the answers given in this application and attached documentation are true and correct. I understand that any infraction of the laws of the State of Nevada regulating the operation of an authorized OUTSOURCING FACILITY may be grounds for the revocation of this permit.

I have read all questions, answers and statements and know the contents thereof. I hereby certify, under penalty of perjury, that the information furnished on this application are true, accurate and correct. I hereby authorize the Nevada State Board of Pharmacy, its agents, servants and employees, to conduct any investigation(s) of the business, professional, social and moral background, qualification and reputation, as it may deem necessary, proper or desirable. The facility must be registered with the FDA as an outsourcing facility (503B) to obtain an outsourcing facility from the Board of Pharmacy.

Federal and State law require a licensed pharmacist to supervise the compounding taking place in a registered outsourcing facility. This supervising pharmacist must be licensed by the Nevada Board of Pharmacy.

Does your outsourcing facility wholesale compounded medication for resale? Yes ☐ No ☑

The Law prohibits the resale of compounded medication. By signing this application you are attesting that your medications will be labeled with the statement "Not for Resale" and that the outsourcing facilities products will not be resold.

Certificate of Good Standing

I, John Thurston, Secretary of State of the State of Arkansas, and as such, keeper of the records of domestic and foreign corporations, do hereby certify that the records of this office show

OURPHARMA, LLC

authorized to transact business in the State of Arkansas as a Limited Liability Company, filed Articles of Organization in this office August 26, 2016.

Our records reflect that said entity, having complied with all statutory requirements in the State of Arkansas, is qualified to transact business in this State.

In Testimony Whereof, I have hereunto set my hand and affixed my official Seal. Done at my office in the City of Little Rock, this 29th day of July 2022.

John Thurston
Secretary of State

RE: Facility Inspection Conducted 11/16/2020 through 11/18/2020

Dr. Strickland:

The following requirements and/or recommendations are as a result of a scheduled inspection occurring on the date(s) stated above. It should be noted that this inspection occurred during a dynamic state of operation during product development. Regulations within 21 CFR Part 210 and 211 were utilized during the review of the firm's cGMP operations. I appreciate the assistance and cooperation provided by you and/or your staff during this review:

CFR 211.67(a) Equipment cleaning and maintenance
Specifically, a visible white residue left behind by cleaning agents was observed on windows and walls throughout the product production areas.

Specifically, damaged metal wall corner trim was observed to be scratched with exposed bare metal within the "negative storage room", caulk on ceiling tile seams was observed to not be smooth, and debris was observed on a cart's wheel located in the "west corridor".

CFR 211.46, 211.22(c) and 211.22(d) Ventilation, air filtration, air heating and cooling/Responsibilities of quality control unit
Specifically, the third-party certification reports dated 5/15/20 and 11/07/20 did not provide congruency with internal facility monitoring records and/or related SOPs (i.e., 11/07/20 suite 1 humidity; 5/15/20 and 11/07/20 suite 1 HD buffer room pressure gradient excessively negative), and there was lack of documentation by the quality control unit related to these discrepancies.

CFR 211.22(c) Responsibilities of quality control unit
Specifically, the validation of the sodium chloride (lot 172631/C), sodium metabisulfite (1904100064), and norepinephrine bitartrate (lot 20J12-BB01-PR00997) vendors did not address why the manufacturer/repackager provided COAs did not include all aspects of the respective USP monograph (i.e., NaCl: limit of potassium <852> and aluminum; Na2S2O5: residual solvents <467>; norepinephrine bitartrate: residual solvents <467>).

Specifically, the firm's pest control reports were of inadequate detail to determine completeness, actions taken, and recommendations provided. In addition, there is a lack of documented prospective review by the quality control unit of pest control processes.

CFR 211.25(a) Personnel qualifications
Specifically, upon review of the training records for three individuals (PT04115; PT91633; PD08384) I was unable to determine the degree of compliance with established firm training requirements.

Your response to each finding should be forwarded to this office within thirty (30) days. These responses to the above findings must include an itemized list of each finding with the corrective/proposed corrective action, responsible individual, and completion/projected completion date. Once completed, you must forward supporting documentation (i.e., pictures, invoices, SOP, documentation, etc) to my attention at ASBP@arkansas.gov.

If we may be of assistance at any time, do not hesitate to contact our office.

Respectfully,

Kevin Robertson, Pharm.D.
Inspector/Investigator

RE: Response to Facility Inspection Conducted 16-18 November 2020

Dr. Robertson,

OurPharma would like to take this opportunity to respond to the requirements and/or recommendations listed in the Inspection Report issued on November 25, 2020 *("Report")*.

OurPharma would like to provide the Arkansas State Board of Pharmacy *("Board")* with assurance that it is committed to providing the highest quality compounded medications and to express appreciation for the collaborative spirit with which this inspection was conducted. OurPharma respects Dr. Robertson's expertise and takes the Board's remarks and concerns seriously.

OurPharma believes that the corrective actions set forth below will demonstrate its sincere intent to work cooperatively with the Board and meet all expectations for compliance. OurPharma hopes to continue constructive dialogue so that the facilities it serves can access high-quality compounded medications. As such, OurPharma provides the following responses to the concerns noted in the Report.

Concern 1: CFR 211.67(a) Equipment cleaning and maintenance

Specifically, a visible white residue left behind by cleaning agents was observed on windows and walls throughout the product production areas.

Specifically, damaged metal wall corner trim was observed to be scratched with exposed bare metal within the "negative storage room", caulk on ceiling tile seams was observed to not be smooth, and debris was observed on a cart's wheel located in the "west corridar".

OurPharma Response to Concern 1

OurPharma understands that visible residue left behind by cleaning agents is not ideal and is committed to identifying a method to remove or reduce this residue without compromising the disinfectant efficacy or environmental control of the production areas. Specifically, trial methods for residue removal were conducted utilizing both sterile water for injection and sterile isopropyl alcohol with sterile mops and rubber blades. The most promising methods will be formally evaluated through execution of STY-20-023 *Residue Reduction Study Protocol* (Exhibit 1). The objective of this study is to outline the procedure for the

determination and establishment of an effective and valid process for reduction of cleaning agent residues within the clean room environment while maintaining environmental control.

A qualified contact laboratory will perform microbiological identification testing as applicable and OurPharma will perform associated environmental monitoring. Results obtained from this study will be used in the determination of an effective residue reduction process and frequency. OurPharma anticipates the execution and analysis to be completed in January 2021 and will provide the Board a copy of the protocol summary report when it is available.

Additionally, the caulk that was not smooth was removed and reapplied the week of December 5, 2020. The exposed metal in negative storage (Room 2, ISO 8) was also repaired and cart wheels were cleaned. This work was completed under work order WO-189 (Exhibit 2) and was followed by a triple clean per SOP-GMP-0022 *Cleanroom Sanitization Procedure*. Photos of the reapplied caulk are included as Exhibit 3.

Concern 2: CFR 211.46, 211.22(c) and 211.22(d) Ventilation, air filtration, air heating and cooling/Responsibilities of quality control unit

Specifically, the third-party certification reports dated 5/15/20 and 11/07/20 did not provide congruency with internal facility monitoring records and/or related SOPs (i.e., 11/07/20 suite 1 humidity; 5/15/20 and 11/07/20 suite 1 HD buffer room pressure gradient excessively negative), and there was lack of documentation by the quality control unit related to these discrepancies.

OurPharma Response to Concern 2

OurPharma is committed to ensuring the facility certification contractor and report generated are appropriate for the facility, appropriately documented, and adequately reviewed. OurPharma provided the certification contractor (Advanced 797) with improvement requests for the next certification report, specifically:

- Identification of room names per approved facility drawings to ensure consistency
- Clear acceptance criteria for critical parameters such as temperature, humidity, and differential pressures
- Minimal ISO classifications for each area of the facility to be classified
- A facility map

These enhancements were used to amend the most recent facility certification report (Exhibit 4). OurPharma Quality then reevaluated the room certifications and pass/fail criteria. Additionally, OurPharma requested details regarding the sampling method and for the sampling locations to be indicated on the map in future reports. The clean room environment at OurPharma is scheduled for routine recertification under dynamic operating conditions in January 2021. Upon request, OurPharma will provide a copy of the January 2021 recertification to the Board when it is available.

Concern 3: CFR 211.22(c) Responsibilities of quality control unit

Specifically, the validation of the sodium chloride (lot 172631/C), sodium metabisulfite (1904100064), and norepinephrine bitartrate (lot 20J12-BB01-PR00997) vendors did not address why the manufacturer/repackager provided COAs did not include all aspects of the respective USP monograph (i.e., NaCl: limit of potassium <852> and aluminum; Na2S2O5: residual solvents <467>; norepinephrine bitartrate: residual solvents <467>).

Specifically, the firm's pest control reports were of inadequate detail to determine completeness, actions taken, and recommendations provided. In addition, there is a lack of documented prospective review by the quality control unit of pest control processes.

OurPharma Response to Concern 3

OurPharma understands the importance of assessing quality of raw materials and has reviewed FDA's current Guidance for Industry[1] (*"503B Guidance"*) to ensure its procedures comply with the current compliance expectations. The 503B Guidance requires that component specifications "address the attributes necessary to ensure the quality of the finished drug product" and "minimally include those tests described in ICH Q6A's section 3.2 'Universal Tests/Criteria.'" OurPharma notes that these 'Universal Tests/Criteria' include description, identification, and assay; OurPharma is currently performing a comprehensive assessment of all drug components to compare the manufacturer/repackager Certificate of Analysis (*"COA"*) to the respective monograph.

All components for which the COA does not identify full monograph compliance will be identified and any missing attributes assessed for criticality, including collaboration with the supplier to see if the missing elements can be added to the COA. If the supplier cannot or will not revise the COA it provides to OurPharma, a written risk assessment shall be performed to assess potential impact to compliance with the 503B Guidance. As applicable, OurPharma will revise component specifications and written procedures. This comprehensive assessment is expected to be completed in first quarter 2021. Upon request, OurPharma will provide the Board with an update upon completion.

OurPharma contacted its pest control contractor, Ridapest, to request increased robustness of their reports. Specifically, they have updated the facility map to include locations of recently added traps and will ensure that each of these traps are checked each time they service OurPharma's facility (biweekly). The reports will also include a specific breakdown of what pests are found in each of the traps, in what quantities, as well as any feedback they may have for improvement. SOP-GMP-0055 *Pest Control* was revised to add these requirements and to include additional detail on the pesticide application and report review process.

Concern 4: CFR 211.25(a) Personnel qualifications

Specifically, upon review of the training records for three individuals (PT04115; PT91633; PD08384) [the inspector] was unable to determine the degree of compliance with established firm training requirements.

OurPharma Response to Concern 4

Before responding, OurPharma would like to provide additional detail regarding this concern. Dr. Robertson reviewed training files for documentation related to material sanitization, cleaning, and aseptic technique; this training documentation was complete and present for all personnel files reviewed.

OurPharma acknowledges that the organization of personnel training files can be improved to more efficiently demonstrate both what training is required and what training has been completed. As a continuous improvement effort, Quality will be uniformly restructuring all training folders to organize the contents by date and separate didactic training from qualification activities. After this restructuring of the physical training files, Quality will then conduct an audit against current training matrices to ensure

---

[1] Current Good Manufacturing Practice—Guidance for Human Drug Compounding Outsourcing Facilities Under Section 503B of the FD&C Act; Draft Guidance for Industry. https://www.fda.gov/media/88905/download.

compliance with GMP-SOP-0020 *Employee Training Program*. Finally, each training file will receive a quick-reference cover sheet for those operational activities that require requalification, indicating the last date completed and the next due date. OurPharma anticipates these improvements will be completed in first quarter 2021. Upon request, an update will be provided to the Board.

In closing, OurPharma believes it has fully addressed the Board's Concerns and outlined appropriate corrective actions within respectable timelines. OurPharma welcomes any discussion the Board deems necessary to continue the collaborative and constructive dialogue that was present during the inspection.

Respectfully,

/s/ Morgan K. Strickland

RE: FEI 3014064135; Response to Facility Inspection Conducted 20-30 September 2021

OurPharma LLC ("OurPharma") would like to take this opportunity to respond to the requirements listed in the Form FDA 483 observations issued to OurPharma LLC on September 30, 2021. OurPharma respects and appreciates the role of the FDA in ensuring regulatory compliance to promote patient safety and takes all FDA findings very seriously. OurPharma would like to provide the FDA with assurance that it is committed to providing the highest quality compounded medications and will be diligent in responding to the Form FDA 483 observations.

OurPharma is committed to continuous quality improvement and believes that the corrective actions set forth below will demonstrate its sincere intent to work cooperatively with the FDA to meet all expectations for regulatory compliance.

FDA Observation 1

Aseptic Processing areas are deficient regarding the system for monitoring environmental conditions.

Specifically, your firm has no documented justification for the orientation of the non-viable particle monitoring probes located in the ISO 5 biological safety cabinets (BSC). The placement of the isokinetic probe is not fixed and is bumped and moved during cleaning of BSCs. Your firm cannot demonstrate that the orientation and placement of the probes provides o meaningful sample.

In addition, your firm has not qualified under actual conditions of use the non-viable particulate probes and the active air samplers within the ISO 5 BSCs. The system was initially qualified in December 2018 and the BSCs were not installed until sometime in January/February 2019.

OurPharma Response to Observation 1

In response to Observation 1, OurPharma would like to acknowledge the importance of having a robust environmental monitoring program. For that reason, the OurPharma facility utilizes continuous non-viable particle monitoring units that are placed inside both the facility's ISO 5 Biological Safety Cabinets (BSCs) and within each of the facility's ISO 7 buffer rooms. OurPharma recognizes and appreciates the FDA's

OurPharma
2512 S. City Lake Road | Fayetteville, AR 72701
479-313-8200 | ourpharma.net | FEI 3014064135

observation that the sampler probes within the ISO 5 BSCs should be positioned in a fully upright fashion, toward the direction of the airflow, to provide the most meaningful data. The sampling probes were reoriented into a fully upright position, prior to the end of the FDA inspection. As stated in the Form FDA 483 observation, the sampling probes can lose their orientation as they are moved for cleanroom sanitization activities, and OurPharma acknowledges that no "correct" position was previously defined in written procedures. OurPharma updated GMP-SOP-0131, Apex Remote Particle Counter SOP to depict the proper orientation of the non-viable sampler probe on 10/07/2021 (Attachment 1). All members of the Production, Quality, and Facilities departments at OurPharma were trained on the requirements of this procedure on 10/08/2021 (Attachment 2). In addition, prompts requiring employees to confirm correct probe orientation prior to initiating production activities were also placed within each master production batch record (example, Attachment 3).

Before responding to the second part of Observation 1, OurPharma would like to clarify that the continuous environmental monitoring system was initially installed and qualified in December 2018. The qualification included assessment of the adherence of the non-viable samplers to the Functional Design Specifications prescribed by Lighthouse Worldwide Solutions (LWS) and codified in LWS-S111978-FDS-001 within the ISO7 buffer room spaces. The BSCs were installed and then initially qualified on 02/10/2019. During initial qualification of the BSCs, the continuous particle monitoring units were present and operational within the BSCs. Additionally, the BSCs have been certified 5 times (every six months) since initial commissioning for use in accordance with established OurPharma procedures.

OurPharma acknowledges that the validated state of the non-viable particle monitoring units within the BSCs should have been confirmed in addition to or as part of initial commissioning of the BSCs and classified suite for use. To address this concern, OurPharma drafted validation protocol STY-21-009 (Attachment 4) to evaluate the non-viable samplers with placement inside the BSCs and has scheduled qualification to be completed no later than 11/30/2021. All original acceptance criteria will be assessed during the repeat execution of these protocols to confirm that the continuous non-viable monitoring system is and has been operating in a validated state.

FDA Observation 2:

Aseptic processing areas are deficient regarding the system for cleaning and disinfecting to produce aseptic conditions.

Specifically, your firm did not include the material used for the arm rests on the ISO5 Biological Safety Cabinets (BSCs) in your disinfectant efficacy study. Your firm has no documentation to show that disinfectants used are effective on this material.

In addition, your firm has not evaluated the suitability of the material used for the arm rests for use in on ISO5/ISO7 cleanroom environment or for use in sterile production.

OurPharma
2512 S. City Lake Road | Fayetteville, AR 72701
479-313-8200 | ourpharma.net | FEI 3014064135

OurPharma Response to Observation 2

OurPharma understands the importance of assessing disinfectant efficacy in the ISO classified spaces and is committed to evaluating the armrest material for appropriateness in the cleanroom environment. While OurPharma did perform a disinfectant efficacy study for materials present within the cleanroom environment, the firm acknowledges that the armrest material, which is factory-installed on the units by the BSC manufacturer, was inadvertently omitted from this study. To address this concern, OurPharma has procured the required coupons for the armrest material used on each of the BSCs and has scheduled a disinfectant efficacy study using this material to begin no later than 11/30/2021. The protocol (Attachment 5) will evaluate the efficacy of each disinfectant used in the ISO classified environment. OurPharma will also conduct an internal audit of the ISO classified environment to ensure that no additional materials were inadvertently omitted for inclusion in the disinfectant efficacy studies. If additional gaps are identified, a subsequent disinfectant efficacy study will be executed as outlined above.

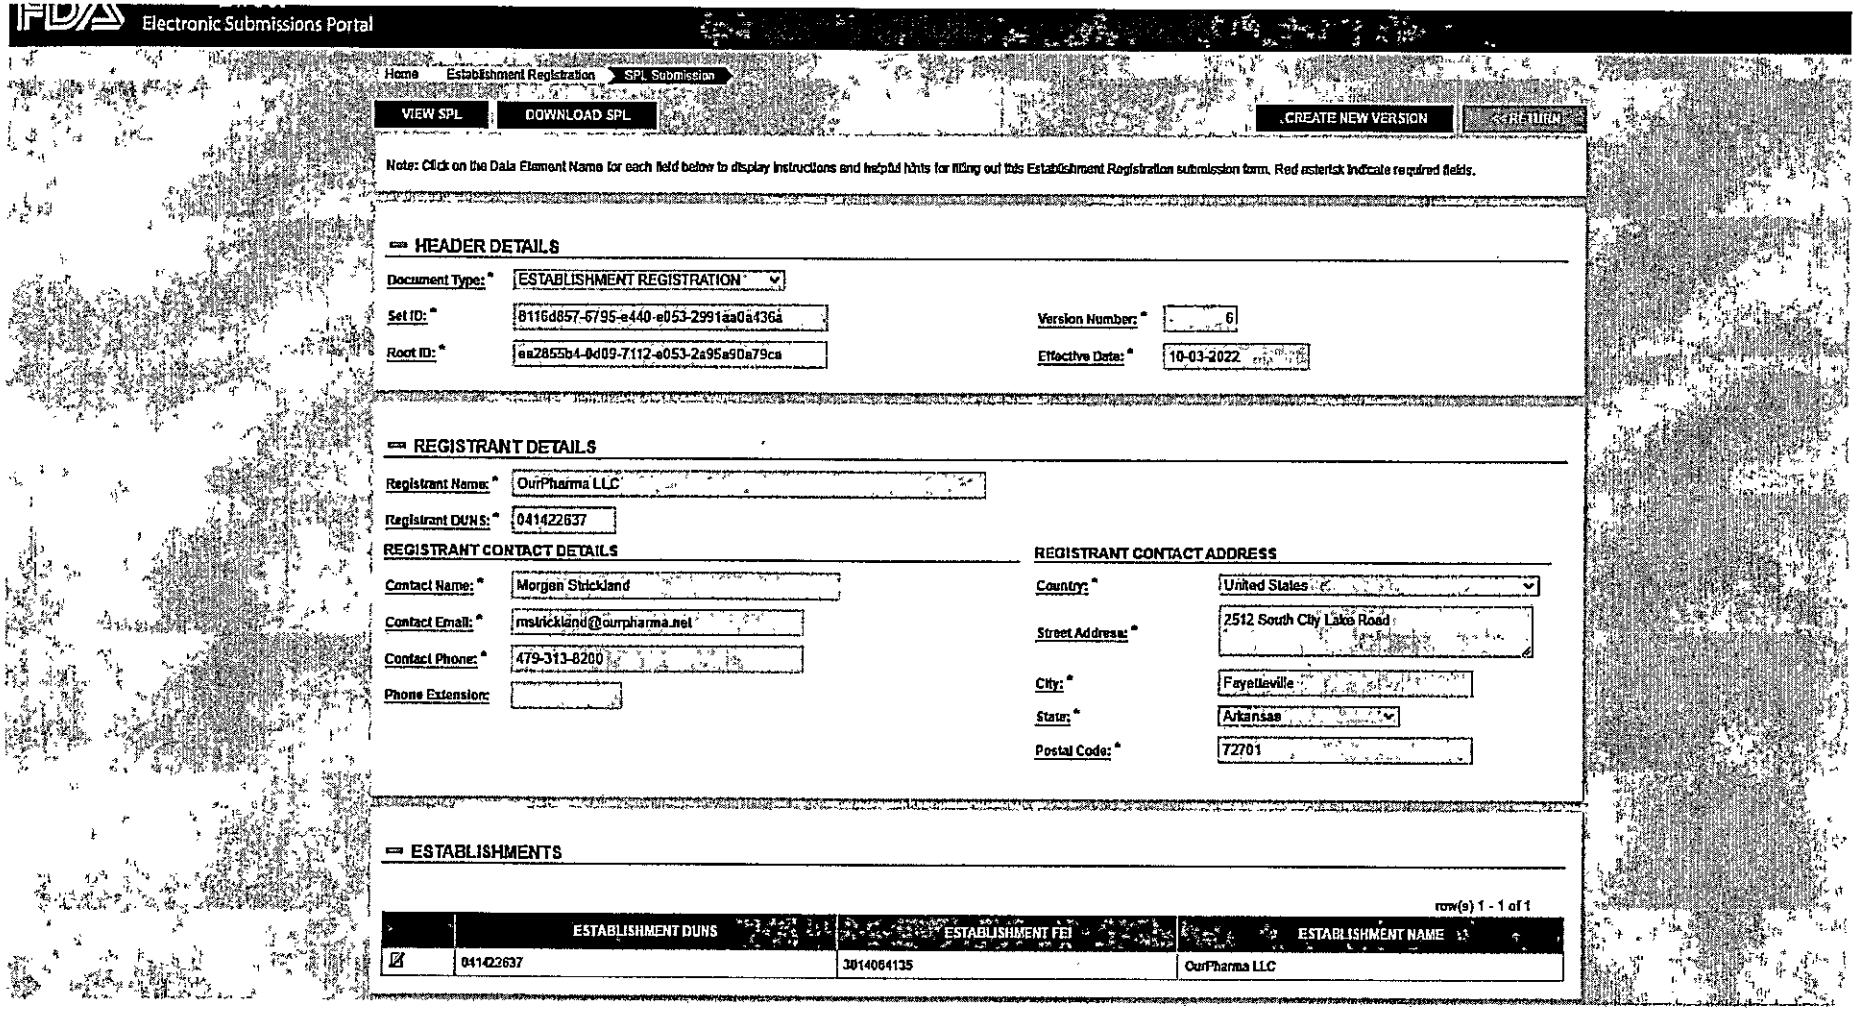
Additionally, an evaluation of the materials of construction was completed. The armrest material for the BSC is composed of stainless steel coated in ethylene propylene diene monomer rubber (EPDM). EPDM is a common component in many cleanroom applications, including molding, gaskets, and seals. Due to the nature of the stainless steel and closed cell EPDM, the particle emission behavior and cleanability make them suitable for cleanroom applications. The BSC manufacturer's brochure (Attachment 6) confirms that the BSCs utilized at OurPharma are designed for application within the ISO5/ISO7 aseptic processing environment and also come with additional cGMP optional features.

OurPharma would like to clarify that the armrest materials are located at the edge of the ISO5 BSC, both behind and above the direct compounding area. Personnel have been trained to only place elbows on these armrests and always work at least 6 inches within the BSC. In addition, routine personnel monitoring samples are collected both during and after routine compounding activities and include both fingertip and forearm samples. An assessment of OurPharma's current processes and environmental control, in the absence of a formal study, was completed to determine whether or not the arm rests should be removed in the interim. Environmental monitoring data for August 2020 through August 2021 (Attachment 7) was evaluated for each suite in which production activities occurred with no adverse trends noted. Trending demonstrated that out of over 8000 viable samples, 99.44% of all viable air, surface, and personnel monitoring samples collected within the ISO 7 Buffer Rooms and the ISO 5 BSCs recovered zero (0) Colony Forming Units (CFUs). Only one (1) sample exceeded CFU action limits. Based on this analysis of historical environmental trending, the classified environment is operating with a high level of environmental control.

Because of the way the BSCs are designed, in order to temporarily remove the armrest, the front portion of the hood itself would have to be removed, which would be a critical change to the design and invalidate the units' current qualifications for use. Given the historically demonstrated high level of environmental control, OurPharma believes attempting to temporarily remove the armrests would present a significantly higher risk than their continued use during execution of the disinfectant efficacy study. OurPharma expects the disinfectant efficacy study to be completed in Q4 2021 and will provide FDA with a copy of the completed summary report when it is available.

OurPharma
2512 S. City Lake Road | Fayetteville, AR 72701
479-313-8200 | ourpharma.net | FEI 3014064135

In closing, OurPharma wants to express its appreciation for the collaborative and professional discussions with FDA during this inspection. The firm believes the responses described herein fully resolve the 483 observations outlined by the inspector.



Respectfully,

Morgan K. Strickland, Pharm.D.

This document lists observations made by the FDA representative(s) during the inspection of your facility. They are inspectional observations, and do not represent a final Agency determination regarding your compliance. If you have an objection regarding an observation, or have implemented, or plan to implement, corrective action in response to an observation, you may discuss the objection or action with the FDA representative(s) during the inspection or submit this information to FDA at the address above. If you have any questions, please contact FDA at the phone number and address above.

DURING AN INSPECTION OF YOUR FIRM I OBSERVED:

OBSERVATION 1

Aseptic processing areas are deficient regarding the system for monitoring environmental conditions.

Specifically, your firm has no documented justification for the orientation of the non-viable particle monitoring probes located in the ISO 5 biological safety cabinets (BSC). The placement of the isokinetic probe is not fixed and is bumped and moved during cleaning of the BSCs. Your firm cannot demonstrate that the orientation and placement of the probes provides a meaningful sample.

In addition, your firm has not qualified under actual conditions of use the non-viable particulate probes and the active air samplers within the ISO 5 BSCs. The system was initially qualified in December 2018 and the BSCs were not installed until sometime in January/February 2019.

OBSERVATION 2

Aseptic processing areas are deficient regarding the system for cleaning and disinfecting the to produce aseptic conditions.

Specifically, your firm did not include the material used for the arm rests on the ISO 5 Biological Safety Cabinets (BSC) in your disinfectant efficacy study. Your firm has no documentation to show that the disinfectants used are effective on this material.

The observations of objectionable conditions and practices listed on the front of this form are reported:

1. Pursuant to Section 704(b) of the Federal Food, Drug and Cosmetic Act, or
2. To assist firms inspected in complying with the Acts and regulations enforced by the Food and Drug Administration.

Section 704(b) of the Federal Food, Drug, and Cosmetic Act (21 USC 374(b)) provides:

"Upon completion of any such inspection of a factory, warehouse, consulting laboratory, or other establishment, and prior to leaving the premises, the officer or employee making the inspection shall give to the owner, operator, or agent in charge a report in writing setting forth any conditions or practices observed by him which, in his judgment, indicate that any food, drug, device, or cosmetic in such establishment (1) consists in whole or in part of any filthy, putrid, or decomposed substance, or (2) has been prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health. A copy of such report shall be sent promptly to the Secretary."

9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		X
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		X

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
		AR	Fayetteville	Washington
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
OurPharma LLC				
Name of Business/Industry/Entity				
Cromwell Construction				

Provide explanation below:

In 2019, there were issues that arose with the original design and construction of our facility. Since the parties were unable to come to an acceptable resolution on our own, the contract called for those issues to be addressed through mediation first, then arbitration through the AAA, if necessary. OurPharma participated as the Claimant in that process which was fully resolved in July, 2022.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)	✓	
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4 & 5 . **Provide all the following *where applicable*:**

Date of Event/Arrest	Disposition Date	State	City	County
11/22/2004	07/29/009	AR	Hamburg	Ashley
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
CV-04-299-3		Ashley County Circuit Court		
Reason/Charge				
Welding Fume Lawsuit				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
Defendant			Lawsuit	
Name of Business/Industry/Entity				
WELSCO, Inc.				

Provide explanation below:

Around 2004, an Arkansas attorney began filing a number of welding fume/welding rod lawsuits in various circuit courts throughout the state attempting to recover monetary damages from the welding rod manufacturers for the plaintiff's exposure to welding fumes. Plaintiffs' attorney admitted to Ms. Harrison that he only named WELSCO, Inc (domiciled in Arkansas and a distributor of the products) as a defendant in addition to the manufacturer in order to keep the suits in the Arkansas Circuit Courts. The lawsuits involving WELSCO, Inc. as a named defendant were dismissed without prejudice.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✔
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # _____. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court

Reason/Charge

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy

Name of Business/Industry/Entity

Provide explanation below:

Original Signature (electronic, copies or stamps not accepted)

Date 3/11/23

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Sterile Compounding Questionnaire

Rev (08/02/2022)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: OurPharma LLC

NV Pharmacy or Outsourcing facility license # (if applicable): N/A

Physical Address: 2512 South City Lake Road

City: Fayetteville State: AR Zip: 72701

Mailing Address (if different from physical address): N/A

City: N/A State: N/A Zip: N/A

Telephone: 4793138200 Toll Free # (NAC 639.708, NRS 639.23286): N/A

Fax: N/A Contact Email: mstrickland@ourpharma.net

Website: https://ourpharma.net/

Nevada Business License # (if applicable) N/A

Supervising/Managing Pharmacist Name (NRS 639.220): Morgan Strickland

Supervising/Managing Pharmacist NV Pharmacist Registration #: 23136

Name of Person with direct knowledge of compounding procedures: Morgan Strickland

Email of Person with direct knowledge of compounding procedures: mstrickland@ourpharma.net

Telephone of Person with direct knowledge of compounding procedures: 4793138223

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)? ☐ Low ☐ Medium ■ High
If you marked "High", you must also complete section 4.

2. Will you be performing sterile hazardous drug compounding? ☐ Yes ■ No
If you marked "Yes", you must also complete section 3.

3. List the sterile compounded products that you will be compounding for Nevada patients or consumers:
SEE ATTACHED (Sterile Compounded Products Spreadsheet)

4. Will you be utilizing beyond use dates in excess of USP-797? ■ Yes ☐ No

5. If yes, describe the additional testing performed on your products to validate the extended BUD:
All products are assessed for expiration dating through stability testing via a third party laboratory. These practices follow guidelines set forth in the Code of Federal Regulations Title 21.
SEE ATTACHED (Stability Program SOP)

6. What laboratory performs this additional testing?
Name: ARL BioPharma (Analytical Research Laboratories)
Address: 840 Research Parkway, Ste. 546
City: Oklahoma City State: OK Zip: 73104
Telephone: 4052711144

7. What is your procedure for visual inspection of compounded sterile products?
SEE ATTACHED (Visual Inspection Process of Finished Product)

8. How often do you perform glove fingertip and medial fill testing?

Fingertips: SEE ATTACHED (Environmental and Personnel Monitoring SOP)
Media Fills: SEE ATTACHED x2 (Aseptic Process Validation) (Aseptic Personnel Qualification)

9. What is your policy if an employee fails a glove fingertip or media-fill test?

SEE ATTACHED (Aseptic Personnel Qualification)
SEE ATTACHED (Cleanroom Gowning Qualification)
SEE ATTACHED (Environmental and Personnel Monitoring SOP)
SEE ATTACHED (Incidents, Deviations, and Non-Conformances)

10. Describe your initial and annual training program for all personnel performing sterile compounding:

SEE ATTACHED (Employee Training Program)
SEE ATTACHED (Aseptic Personnel Qualification)
SEE ATTACHED (Cleanroom Gowning Qualification)

11. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

SEE ATTACHED (Cleanroom Sanitization Procedure)

12. Who performs the sterile compounding process at your facility?

Sterile compounding processes are performed by personnel who have completed training, been tested for competency, and qualified through our Aseptic Personnel Qualification process (see attached). The only personnel eligible for sterile compounding qualification are pharmacists and pharmacy technicians holding the title of Aseptic Specialist, Senior Aseptic Specialist, or Operations Trainer.

13. Who is responsible and accountable for the sterile compounding process at your facility?

Primary Compounding Supervisors: Operations Manager Daniel Hubbard, Operations Pharmacists Allen Snider, David Freeman, and Lacy Archer, Director of Quality & Regulatory Affairs Morgan Strickland, and VP of Operations Patrick Gerhardt. All personnel are responsible and accountable for all actions performed.

14. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

SEE ATTACHED (Packaging and Shipping)

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility?		
2. Is your BSC or CACI vented 100% to the outside?	☐ Yes	☐ No
3. Do you have a negative pressure buffer room at your facility?	☐ Yes	☐ No
4. Will you be compounding with antineoplastic HDs or HD API?	☐ Yes	☐ No
5. If yes, are the drugs stored in an externally ventilated, negative pressure room?	☐ Yes	☐ No
6. Will you be utilizing a closed system transfer device?	☐ Yes	☐ No
7. If yes, list the name of the device:		
8. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?		
9. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?		

Section 4: Sterile High Risk Compounding Questions (Complete this section ONLY if you will be performing High Risk Compounding.)

1. List the specific high risk sterile products that your facility compounds:

All of our products are considered high risk due to the number of manipulations and large potential batch sizes.
SEE ATTACHED (Sterile Compounded Products Spreadsheet)

2. What sterilization methods are utilized at your facility?

Aseptic, sterilizing filtration is performed after formulation for products compounded from API.

3. Does your facility utilize biological indicators? ☐ Yes ☒ No

4. If yes, describe how they are utilized:

N/A

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

OurPharma

1. PURPOSE

1.1. This procedure describes the process by which stability studies are managed and executed. Data from the stability life cycle of chemical, physical, and microbiological changes will provide evidence to support product expiry when stored under labeled conditions.

2. SCOPE

2.1. This procedure applies to all drug products manufactured or repackaged by OurPharma, LLC which are intended for commercial distribution.

3. DEFINITIONS

3.1. Antimicrobial Effectiveness Testing – Testing that ensures that multiple dose products demonstrate effective antimicrobial effectiveness.

3.2. BUD – Beyond Use Dating – The date or time after which a CSP shall not be stored or transported. The date is determined from the date or time the preparation is compounded.

3.3. Out of Trend (OOT) - OOT any result which falls out of trend from a previously obtained data for the same product, usually greater than ±5% of the expected or previous result.

3.4. Out of Specification (OOS) – any result which fails to meet an established specification.

3.5. Container Closure System – the sum of packaging components that together contain and protect the drug product. This includes the primary packaging components which come in contact with the drug product.

3.6. Long-Term Testing – Stability studies under the defined storage condition for the retest period or shelf-life proposed.

3.7. Production Batch – a batch of material manufactured at production scale by using production equipment within the actual production facility

3.8. Release Specification – the combination of physical, chemical, biological, and microbiological tests and acceptance criteria that determine the suitability of a material at the time of its release.

3.9. Stability – The extent to which a product retains with in specified limits and throughout its period of storage and use.

© 2023 | Confidential

4. RESPONSIBILITIES

4.1. Quality Management

4.1.1. Approval of all studies prior to execution

4.1.2. Approval of study summary reports following execution

4.2. Quality Unit

4.2.1. Issuance and logging of study numbers

4.2.2. Maintenance of study logs

4.2.3. Initiating and developing studies as required

4.2.4. Execution of approved study in accordance with approved protocols

4.2.5. Development of summary reports follow result

4.2.6. Coordinate with contract laboratory to manage stability samples and results

4.3. Production Unit

4.3.1. Produce material needed to support stability studies

4.3.2. Perform production activities in accordance with applicable batch records and protocols

4.3.2.1. Production personnel should coordinate and action the packaging and shipping of samples for the contract testing laboratory.

4.3.3. Ensure samples for stability purposes are taken and handled in accordance with approved records and protocols.

5. PROCEDURE

5.1. General

5.1.1. All stability studies shall be performed under a protocol approved by Quality Management prior to execution per **GMP-SOP-0109**, *Study and Protocol Development.*

5.1.2. All stability studies shall have a summary report developed following execution which outlines the results and data obtained.

5.1.3. All stability samples shall be visually inspected per **GMP-SOP-0063** *Visual Inspection Process of Drug Product,* labeled per **GMP-SOP-0033** *Compounded Sterile Product Label Procedure* and packaged per **GMP-SOP-0083** *Packaging and Shipping.*

© 2023 | Confidential

5.1.4. Expiration dates shall be established via reliable, meaningful, and specific test methods. For products that are infused over a period of time, the in-use time should not exceed the expiration date.

5.1.5. Physical stability of the compounded or repackaged product shall signify that the preparation has retained physical properties in accordance with established specifications for the drug product, such as appearance and uniformity.

5.1.6. Chemical stability of the compounded or repackaged product shall signify that each active ingredient has retained its chemical integrity and labeled potency within the specified limits.

5.1.7. All products being studied shall be in the final proposed packaging container/closure and packaging configuration with a representative product label.

5.2. Stability Study Development

5.2.1. Study identification numbers are requested from and assigned by the Quality Unit per **GMP-SOP-0109**, *Study and Protocol Development*.

5.2.2. Studies shall include all pertinent information needed to properly identify the drug product and drug product formulation as well as the container, closure, labeling, and packaging.

5.2.3. Quality Management shall review and approve all studies prior to execution.

5.2.4. Following execution and results, a summary report shall be written following the completion of the study.

5.2.4.1. Interim summary reports may be drafted as needed to support the extension of product dating over time and as data becomes available. Such report shall be reviewed and approved by Quality prior to the extension of product dating.

5.3. Contract Laboratory Study Management

5.3.1. Contract analytical and microbiological testing laboratories (CTLs) utilized to provide testing which supports product stability shall be an approved and qualified vendor and must utilize quantitative stability-indicating methods as appropriate.

5.3.2. The CTL should be notified of the required testing parameters, storage conditions, and intended BUD through the stability protocol developed internally.

5.3.3. If the contract laboratory develops an internal protocol to manage the storage and testing of stability samples, such protocol shall be reviewed and approved by Quality Management and subsequently attached to the approved OurPharma stability protocol.

© 2023 | Confidential

5.3.4. All data generated by the contract testing laboratory shall be attached to the original stability protocol and such results summarized in the summary report.

5.3.4.1. All raw data or COAs generated by the contract laboratory shall be reviewed and approved by Quality Management prior to inclusion in the applicable study.

5.4. Selection of Products Requiring Stability

5.4.1. New Compounded Drug Products

5.4.1.1. Prior to commercialization, all new compounded drug products shall have completed a stability study which meets the requirements of this stability program.

5.4.1.2. At least three (3) separate lots shall be evaluated under the approved study in long-term storage conditions as defined within.

5.4.1.3. A stability study under long-term storage conditions shall be evaluated at a minimum of four (4) time points across the full range of the intended product dating.

5.4.1.4. All products shall be studied in the final container closure which is intended for commercial distribution.

5.4.2. Established Drug Products

5.4.2.1. For established drug products, a single lot shall be re-evaluated under an approved stability study which meets the requirements of this stability program annually.

5.4.2.1.1. An annual stability study under long-term storage conditions shall be evaluated at a minimum of three (3) time points across the full range of the intended product dating.

5.4.2.2. Following initial product stability studies, all significant changes to the drug product formulation, manufacturing process, or container and closure system shall be evaluated by Quality for potential impact to product stability. Significant changes may include, but are not limited to:

5.4.2.2.1. Major process or facility changes

5.4.2.2.2. Ingredient manufacturer or specifications

5.4.2.2.3. Container/closure change, including manufacturer, type (e.g., cassette to syringe), or secondary packaging

5.4.2.3. If a change has been determined to be significant, a single lot of product may be placed on stability for evaluation.

© 2023 | Confidential

5.4.2.4. If the single lot on stability exhibits out of trend results compared to the original study, then a full three-lot stability study may be warranted to confirm product dating and release specifications.

5.5. Collection of Samples

5.5.1. Products which are produced for the purposes of supporting an approved stability study shall be segregated and properly identified. All production personnel should be made aware that the Lot, or a portion of the Lot, is to be allocated for stability purposes.

5.5.2. All samples taken should be documented in the associated production record and incorporated into production reconciliation as appropriate.

5.5.3. Samples taken shall be a composite of the beginning, middle, and end of the batch in the order that the primary containers are filled to ensure that results are representative of the entire process.

5.5.4. If selected product is unable to be inducted the same day of manufacturing, product must be stored in segregated and properly labeled containers. Containers shall be stored at controlled room temperature conditions until they can be transferred into the appropriate stability condition.

5.5.5. Samples submitted to the contract testing laboratories should be sent for next day delivery, and care should be taken to ensure that samples are not exposed to excessive excursions from the intended storage conditions during transit.

5.6. Storage Conditions.

5.6.1. Long-Term Stability Testing Conditions

5.6.1.1. Generally defined as 25°C ± 2°C / 60% RH ± 5% RH

5.6.1.2. For semi-permeable containers, long-term conditions are defined as:

5.6.1.2.1. 25°C ± 2°C / 40% RH ± 5% RH; OR

5.6.1.2.2. 30°C ± 2°C / 35% RH ± 5% RH

5.6.1.3. All required testing shall be performed first and last time-point or at any time point in which product dating will be extended.

5.6.2. Orientation of Samples

5.6.2.1. Samples selected for stability shall be inducted and stored in the same orientation intended for commercial distribution and storage.

5.7. Testing Requirements, as applicable

5.7.1. Physical Attributes

© 2023 | Confidential

OurPharma

5.7.1.1. Physical Description, Color, Clarity, etc.

5.7.1.2. Identification

5.7.2. Chemical Attributes

5.7.2.1. Assay of active ingredients; to include anti-microbial preservatives for containers labeled as multi-dose

5.7.2.2. pH

5.7.2.3. Osmolarity

5.7.3. Microbiological Attributes

5.7.3.1. Sterility (USP <71>)

5.7.3.2. Sub-visible particulate (USP <788>; <789>)

5.7.3.3. Bacterial Endotoxin (BET; USP <85>)

5.7.3.4. Antimicrobial Effectiveness Test (AET; USP <51>) for containers labeled as multi-dose

5.7.3.5. Container Closure Integrity Test (CCIT)

5.8. Evaluation of Testing

5.8.1. All results of testing shall be reviewed and approved by the Quality Management and included in a summary report at the conclusion of the study.

5.8.1.1. An interim summary report may be drafted and approved by Quality to establish product dating prior to the complete conclusion of the study.

5.8.2. Deviations shall be investigated per **GMP-SOP-0202** *Incidents, Deviations, and Non-Conformances* and the results of any such investigation shall be included in the associated summary report.

5.8.3. Out of Specification (OOS) results shall be investigated per **GMP-SOP-0047**, *Out of Specification SOP* and the results of any such investigation shall be included in the associated summary report.

5.9. Determining and Establishing Expiration Date and Release Specifications

5.9.1. Data obtained from the execution of stability studies will be used to establish product expiration date and release specifications.

5.9.1.1. A determination of finished product dating should be made in the associated summary report which contains the data used to establish the product specific dating. Release specifications are set such that, given the

© 2023 | Confidential

established stability profile at the defined storage conditions, the drug product will be within its established product specifications at the time of expiry.

5.10. Bracketing Approach

5.10.1. Use of bracketing in stability studies allows for more streamlined evaluation of drug products for which there are multiple strengths or volume presentations produced. Bracketing assumes that the stability of intermediate strengths (or intermediate fill volumes) is adequately represented by the extremes tested.

5.10.2. For multiple drug products to be eligible for bracketing stability studies, the candidate formulations should vary only in strength (or concentration) or fill volume. Although individual excipient amounts may vary, all excipients (in worst-case amounts) should be in all bracketed formulations. Proportional formulations are not required. The same container closure system must be used.

5.10.3. If three or more strengths, concentrations, or volume presentations exist, intermediate cases for stability studies as follows may reflect an appropriate use of bracketing:

5.10.3.1. If 3 or 4 drug product strengths, concentrations, or volume presentations are produced, test the high and low extremes (e.g., if available strengths include 2.0 mg/mL, 3.5 mg/mL, 5.0 mg/mL, and 10.0 mg/mL, test 2.0 mg/mL and 10.0 mg/mL).

5.10.3.2. If 5-10 drug product strengths, concentrations, or volume presentations are produced, test the high and low extremes and 1 intermediate case.

5.10.3.3. If more than 10 drug product strengths, concentrations, or volume presentations are produced, test the high and low extremes and 2 intermediate cases.

5.10.4. It is critical that determination of the extremes be done with care. For example, with respect to volume fill, the appropriate extremes are not necessarily always the highest and lowest fluid volume fills. Rather, the head space-to-fluid volume ratio may better represent the appropriate extreme depending on the container volume used in the various presentations.

5.10.5. Bracketing does not apply to microbial testing of sterility, endotoxins, or bioburden. Bracketing may be appropriate for water activity testing and antimicrobial effectiveness testing when used in conjunction with a preservative content testing strategy.

OurPharma

1.0 PURPOSE

1.1 To provide a process in which finished product is 100% visually inspected for defects.

2.0 SCOPE

2.1 This procedure is applicable to all qualified personnel performing visual inspection of finished drug products compounded or repackaged by OurPharma, LLC.

3.0 RESPONSIBILITIES

3.1 It is the responsibility of all personnel involved in the visual inspection process to follow the procedure as outlined at all times.

3.1.1 All equipment and materials should be monitored for functionality and any damage to equipment or changes to functionality should be reported to management promptly.

3.2 It is the responsibility of supervisors/managers to ensure all personnel in their departments are properly trained and to ensure compliance to this SOP as outlined at all times.

3.3 It is the responsibility of the Quality Assurance department to ensure compliance to this SOP as outlined at all times.

4.0 DEFINITIONS

4.1 **Acceptable Quality Limit (AQL)** – an inspection standard that determines the acceptable number of defective components that can be found during random sampling based on statistical analysis.

4.2 **Container/Closure Integrity (CCI)** – the ability of a package to prevent product loss, to block microorganism ingress, and to limit entry of detrimental gases or other substances, thus ensuring that the product meets all necessary safety and quality standards. A defect that risks the integrity of the container closure system at unacceptable risk is a critical defect.

4.3 **Critical** – defects which may cause serious adverse patient reaction, or death, if the product is used. This classification includes any non-conformity that compromises the integrity of the container and thereby risks microbiological contamination of the sterile product.

4.4 **CSP** – Compounded Sterile Preparation

4.5 **Defect** – any abnormality that impacts or has the potential to impact the safety, identity, strength, quality, or purity of the product and/or cause injury to the patient. These nonconforming drug products can be grouped into categories based on patient and compliance risk. Defects shall be categorized as critical, major, or minor.

© 2023 | Confidential

4.6 **Defect Library** – the body of records documenting the established product defects with images, description, category, and disposition. This document shall be used to train and set standard acceptance criteria for visual inspection personnel.

4.7 **Eye Break** – time away from the inspection booth, i.e., standard break, lunch break, etc.

4.8 **IPA** – isopropyl alcohol

4.9 **Lux** – a unit of illuminance and luminous emittance, measuring luminous power (perceived power of light) per unit area.

4.10 **Major** – defects that carry risks of temporary impairment, medically reversible reactions, or involve probability of a serious adverse reaction. This classification is also assigned to any defect which causes impairment to the use of the product (may result in a malfunction that makes the product unusable).

4.11 **Manual Visual Inspection** – the process of manually handling and presentation of filled containers under controlled conditions of lighting and background provided by qualified equipment to allow for human visual inspection.

4.12 **Minor** – defects which do not impact product performance or compliance; they are often cosmetic in nature, affecting only product appearance and pharmaceutical elegance.

4.13 **Particulate Matter** - consists of mobile, undissolved particles, other than gas bubbles, unintentionally present in the solutions.

4.14 **Visible Contaminant** – a particle that is more than 100 micrometers in size and can be seen with the naked eye.

© 2023 | Confidential

OurPharma

5.0 EQUIPMENT AND MATERIALS

5.1 Lighted, Non-Glare White/Matte Black Inspection Booth

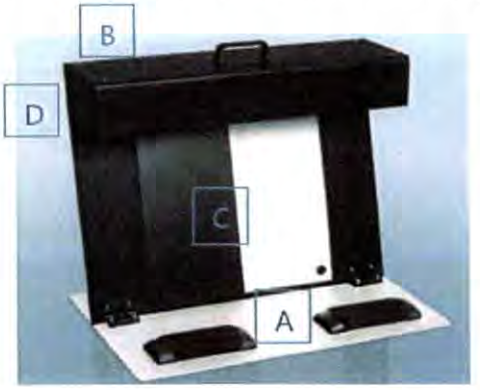

Figure 1: Inspection booth diagram;
[A] Arm rests,
[B] light switch (back of unit),
[C] black and white background,
[D] Adjustable light intensity dial

5.1.1 The Bosch Portable Material Inspection Hoods can be powered on using the rocker switch on the back of the unit.

5.1.2 Light Intensity Adjustments

5.1.2.1 For Inspection Hoods with LED light fixtures, light intensity can be adjusted after powering on using a three-position selector. The selector is located on the light fixture and allows for OFF "0" (one bulb high and one bulb off), LOW "I" (one bulb high and one bulb low), and HIGH "II" (both bulbs high).

5.1.2.2 For Inspection Hoods with optional adjustable intensity LED lighting, light intensity can be adjusted using the 10-turn adjustment knob on the side of the Inspection Hood. Rotate the knob clockwise to increase light intensity and counterclockwise to decrease intensity.

5.2 Calibrated Light Meter

5.2.1 To operate the traceable dual-range light meter, turn the meter on by sliding the power off/range switch (left switch) to the 2000-19990(x10) Lux position. Place the light sensor at the inspection point. Multiply the display reading by 9.1. If this number is outside of the approved lux range, adjustments are to be made until reading is within range. If unable to reach required lux range, notify quality and production management prior to proceeding with inspection.

5.3 Metronome

5.3.1 The metronome should be used during visual inspection to assist in maintaining the appropriate inspection rate per unit.

© 2023 | Confidential

OurPharma

6.0 GENERAL INFORMATION

6.1 Inspection shall occur on 100% of units from each manufactured lot before labeling to maximize container clarity.

6.2 Inspection of product shall take place utilizing a lighted non-glare white/matte black inspection booth.

6.3 The inspection environment should be free from distractions (e.g., use of personal electronics, excessive conversation, music, etc.) and extraneous light.

6.4 Inspectors shall be required to take a minimum 5-minute eye break per hour of inspection.

6.4.1 Breaks through rotation of non-inspection functions (e.g., material handling, labeling, completing documentation, etc.) shall be deemed an adequate break as long as it meets the minimum 5-minute duration.

6.5 The inspection process may occur over multiple time points with multiple inspectors. The visual inspection section(s) within the batch record should be filled out each time inspection occurs.

6.6 Only one lot of each presentation type is allowed at each visual inspection booth at any one time.

6.6.1 If multiple lots of each presentation type are present in the visual inspection area, each lot must be clearly segregated by utilizing a physical stanchion/divider between inspection booths.

6.7 A competency check is required for each presentation type prior to performing visual inspection independently. Requalification is required annually.

7.0 PROCEDURE

7.1 Preparation for Inspection

7.1.1 Personnel shall don a hairnet, mask, and gloves prior to inspecting.

7.1.2 The visual inspection area must be cleared for use to ensure no remnants from prior batches are present.

7.1.3 Inspection booth(s) will be wiped down with 70% IPA prior to use and as needed.

7.1.4 Turn on the inspection booth light.

7.1.5 Using the calibrated/traceable light meter, verify that the booth will meet the required light intensity range of 5000-10,000 lux at the viewing point.

© 2023 | Confidential

7.1.5.1 Verification must occur for each lot, at minimum, at the beginning of visual inspection activities. The results of this verification will be recorded on the corresponding batch record.

7.1.5.2 Additional verifications may be necessary, and subsequent performances will be done if inspection of the lot is performed in multiple sessions or if the light source is switched off for any reason during the process.

7.2 Delivery of Product to Inspector(s)

7.2.1 Pharmacist or designee delivers product to the inspector.

7.2.1.1 This and any subsequent handoffs are to be recorded in the Finished Product Chain of Custody section of the batch record.

7.3 Container Handling

7.3.1 Any unit demonstrating evidence of exterior drug residue (ex: liquid, stickiness, powder residue, streaking) shall be wiped using a SIPA-saturated sterile wipe to ensure accurate 100% visual inspection and to prevent unwanted drug exposure.

7.3.2 Visual inspectors shall inspect one unit at a time in a manner that limits distraction from any non-inspection activities.

7.3.3 Containers shall be handled in a manner that does not compromise the container/closure integrity (e.g., manipulation of the plunger, cap, or any physical barrier of the product container).

7.3.4 Family B & D container-specific handling: Inspectors shall pick up the container and **carefully swirl and invert** by slowly turning the container upside down and back upright inside the visual inspection booth while visually inspecting the product.

7.3.4.1 The gentle swirling and inversion of the container will displace particles, if any, from the inner surfaces of the container/closure and puts them in motion.

7.3.4.2 Inspectors should take care not to introduce air bubbles that could potentially mask a particle or be mistaken for a particle.

7.3.4.2.1 In the event that air bubbles are inadvertently introduced, set aside that unit and reinspect once air bubbles have settled.

7.3.5 Family A & C container-specific handling: Inspectors shall pick up the container and **carefully invert** by slowly turning the container upside down and back upright inside the visual inspection booth while visually inspecting the product.

© 2023 | Confidential

7.3.5.1 The gentle inversion of the container will displace particles, if any, from the inner surfaces of the container/closure and puts them in motion.

7.3.5.1.1 Swirling of these container types is not necessary, as the large amount of air within the container will displace the particles during inversion without introducing excessive air.

7.3.5.1.2 Swirling of these container types would regularly create excessive air bubbles that could potentially mask a particle or be mistaken for a particle, which could potentially impact qualified personnel's ability to properly visually inspect the finished product.

7.3.5.2 Inspectors should take care not to introduce air bubbles that could potentially mask a particle or be mistaken for a particle.

7.3.5.2.1 In the event that air bubbles are inadvertently introduced, set aside that unit and reinspect once air bubbles have settled.

7.3.6 Any mishandled units shall be documented and deducted from accepted units after visual inspection.

7.3.6.1 Mishandled units (e.g., dropped on the floor) should not be included in the total rejected units from visual inspection unless actual defects were identified prior to mishandling. However, they should be documented within the visual inspection section for reconciliation purposes.

7.4 Inspection Categories

7.4.1 The following inspection categories shall be performed on each container.

7.4.1.1 **Container/Closure Integrity** – inspect for signs of deterioration, broken seals, leaks, and cracks.

7.4.1.1.1 Extra consideration should be given to bags when examining for leaks during all post-production activities. If there is an active or suspected leak, that unit shall be segregated and rejected as a defective unit.

7.4.1.2 **Container/Closure Type** – inspect for correct type (e.g., syringe, dropper, cap, etc.) according to the batch record.

7.4.1.3 **Container/Closure Size** – inspect for correct size (e.g., 50mL, 100mL, 250mL, etc.) according to the batch record.

© 2023 | Confidential

7.4.1.4 **Product/Container Fill Volume –** inspect for correct fill volume of product within the container (e.g., 1mL in a 3mL syringe) according to the batch record.

7.4.1.5 **Product Appearance** – inspect for correct product appearance (e.g., solution, suspension, etc.) according to the batch record.

7.4.1.6 **Product Color/Clarity** – inspect for correct product color and clarity (e.g., clear, colorless) based on established criteria located under Drug Product Information on the batch record.

7.4.1.7 **Product Viscosity/Turbidity –** inspect for increased/decreased viscosity and/or turbidity against the product's established appearance.

7.4.1.8 **Visible Particulates –** inspect for visible particulates (particulate matter). Examples include but are not limited to:

7.4.1.8.1 **Extrinsic –** environmental contaminants from outside the process (e.g., insect parts, hair, fibers, paint, rust)

7.4.1.8.2 **Intrinsic –** qualified product contact materials (stainless steel, glass, rubber, silicone oil) that comes from within the process (processing equipment or primary packaging).

7.4.1.8.3 **Inherent** – part of the formulation (e.g., protein agglomerates in biologics).

© 2023 | Confidential

7.5 Inspection Criteria – Defect Classification

7.5.1 Defects shall be classified into 3 categories: critical, major, and minor.

Defect Category	Examples
Critical	- Evidence of microbial growth - Turbidity or change in solution color/clarity - Broken, cracked, and/or leaking container - Seal on container broken, missing, or jagged - Cap broken, missing, or lifted - Stopper on container missing, misaligned, or otherwise compromised
Major	- Particle/spot/smudge inside container, adhered to container or stopper - Particle or fiber in solution (can be black, white, colored, translucent, etc.) - Incorrect fill volume (overfill or underfill) - Uneven or missing graduations - Large air bubble - Deformed plunger - Cap over-crimped or under-crimped
Minor	- Cosmetic defect on outside of the primary container, or appearance defect, such as excessive scratches or smudges, container and/or cap discoloration, or crimped tubing.

7.6 Inspection Rate

7.6.1 Each container shall be inspected for defects for a minimum of 10 seconds – 5 seconds against the white background and 5 seconds against the black background.

7.6.2 Once inspection of the container is complete, the inspector shall place the container in the correct designated bin.

7.6.2.1 If the Visual Inspector encounters a defect, the defect will be recorded under the appropriate defect classification and defect description within the visual inspection section of the product batch record.

7.6.2.1.1 The container will be placed in the appropriate section in the designated defect (rejected) bin based on defect classification (critical, major, minor).

7.6.2.2 If a new or unlisted defect description is encountered, the defect description will be recorded as "other" in the batch record, and the Inspector will provide a description in the associated "comments" section.

© 2023 | Confidential

7.6.2.2.1 The container will be placed in the appropriate section in the designated defect (rejected) bin based on defect classification (critical, major, minor).

7.6.2.2.2 If a new particulate matter defect is identified during the visual inspection process of finished drug product, initiate GMP-Form-0212 *Visual Inspection Defect Library Record* to document the defect and submit it to Operations and Quality management for review. Once reviewed, this new defect will be added to GMP-WI-0027, *Visual Inspection Defect Library.*

7.6.2.3 If the container passed, then the container will be placed in the designated accepted bin.

7.6.2.4 During inspection, product waiting to be inspected, accepted units, and rejected units shall remain segregated throughout the inspection process.

7.6.3 Once inspection is complete, rejects shall be placed in a Ziploc bag and labeled as REJECTED by writing on the bag or using a REJECTED sticker.

7.6.3.1 The product description, Lot #, NDC, and quantity of rejected units shall be recorded on the bag.

7.6.3.2 Any product that fails visual inspection should be given to a pharmacist or designee for reconciliation then to be logged for destruction.

7.6.4 Once inspection is complete, the Inspector shall notify Quality to complete the post VI AQL inspection.

7.7 AQL Inspection

7.7.1 AQL Inspection

7.7.1.1 Once the initial 100% visual inspection is complete, before products can be processed for labeling and packaging, Quality shall perform a secondary visual inspection AQL inspection of accepted units.

7.7.1.2 Post-Visual Inspection AQL Inspection shall be performed to achieve a general inspection level II at an AQL of 0.01 for critical defects, 0.65 for major defects and 4.0 for minor defects (See **Appendix 1, pg 12**). In the event that the above allowable AQL limits are exceeded, an incident shall be initiated per GMP-SOP-0202 *Incidents, Deviations, and Non-Conformances.*

7.7.1.3 A second 100% visual inspection and subsequent AQL inspection will then be performed to achieve a general inspection level II at an AQL of 0.01 for critical defects, 0.25 for major defects and 4.0 for minor defects.

© 2023 | Confidential

7.7.1.4 In the event that the AQL limits are exceeded a second time, the batch will be rejected and a deviation investigation initiated to determine the root cause and assess potential impact.

7.8 Product Status/Storage Location

7.8.1 Inspected product is stored in a quality hold status until the finished product can be released per GMP-SOP-0013 *Batch Review and Disposition.*

7.8.1.1 When product is released, it is moved from quality hold to finished goods status, where the finished product will be moved to the finished goods inventory and prepared for shipment.

7.9 Trending

7.9.1 Data obtained from the in-process 100% inspection should be analyzed for adverse trends on a periodic basis, at least annually.

8.0 QUALITY DOCUMENTS

3. DEFINITIONS 3
4. RESPONSIBILITIES 4
5. PROCEDURE 5
6. APPLICABLE REFERENCES 13

© 2023 | Confidential

1. PURPOSE

1.1. This SOP defines the program, procedures, and requirements for environmental monitoring and personnel monitoring in the controlled classified cleanrooms at OurPharma, LLC.

1.2. This document defines the environmental monitoring and personnel monitoring alert and action limits per ISO classification, sample type, and sample location.

2. SCOPE

2.1. This procedure applies to all environmental monitoring and personnel monitoring activities at OurPharma, including: Active Viable Air Monitoring, Surface Monitoring, Personnel Monitoring, Non-Viable Particulate Monitoring.

3. DEFINITIONS

3.1. Aseptic Specialist - Qualified personnel performing critical aseptic processes in the ISO5 environment. Aseptic specialists have been qualified on all appropriate tasks in regard to maintaining the integrity of the ISO5-classified hoods during aseptic fill operations.

3.2. At Rest (Static) - A state/status of the cleanroom facility in which all environmental engineering services are functioning, with necessary equipment installed and operable as specified, but without operating personnel in the room and no aseptic operations in process.

3.3. Controlled Environment - Any area in an aseptic processing facility for which non-viable airborne particulate levels and microorganism levels are controlled in accordance with ISO Cleanroom Classification and appropriate to the activities conducted within the environment.

3.4. Environmental Monitoring (EM) - A sampling process performed on a routine basis to demonstrate that the manufacturing environment is in a state of control in regard to bioburden, microorganisms, and non-viable particulates per ISO Standards of Room Classifications. Environmental Monitoring can also verify the effectiveness of the prescribed cleaning procedures for the control of microbiological contaminants in the cleanrooms. Additionally, personnel performing aseptic operations are monitored to ensure proper gowning/garbing and aseptic technique(s) employed during compounding processes do not adversely impact product integrity.

3.5. Critical Aseptic Processes - A process where aseptic technique is critical to maintaining sterility of the product; examples include filling, capping, and any other process whereby the sterilized drug product is not in a closed system.

3.6. Replicate Organism Detection and Counting (RODAC) - Industry standard contact media plate used for environmental monitoring to sample and measure microorganisms present on a flat surface.

3.7. Trypticase Soy Agar (TSA) - A general purpose, industry standard, non-selective media used for microbial growth.

3.8. Alert Level - A defined level of microbiological data designed to give an early warning of potential drift from normal environmental operating conditions.

3.9. Action Level - A defined level of microbiological data established in accordance with written regulatory guidelines.

3.10. Excursion – Environmental Monitoring events that exceed a pre-defined action limit, often resulting in an Incident or a Deviation.

© 2023 | Confidential

3.11. Consecutive Recoveries: The occurrence of ≥ 3 chronologically sequential alert level events from the same sample location, which may indicate a shift in environmental quality and should be investigated for potential impact to the cleanroom environment and/or compounded sterile product(s).

3.12. Personnel Monitoring (PM) - Monitoring that takes place each time the aseptic specialist leaves the cleanroom during production as well as immediately after the critical aseptic process is complete.

3.13. Aseptic Environmental Monitoring - Surface and air sampling for evaluation of potential microbial contamination in the environment during the aseptic fill process.

3.14. Dynamic Sampling - Environmental monitoring sampling conducted under conditions of normal production with personnel present, equipment in place, and active aseptic operations are ongoing.

3.15. Media Plate - Petri plates containing growth media used for EM are used in two size formats, a 90-100mm diameter plate, called a TSA plate herein, and a 55mm diameter RODAC plate, called a RODAC plate herein.

3.16. Physical Defects - Any non-normal attribute of agar sampling plates that may skew the integrity of the sample. Examples: desiccation, cracks, bubbles, surface irregularities, excessive condensation, convexity (contact plates only), color, etc.

3.17. Microbial Enumeration - Quantification of microbial growth on a media plate.

3.18. Air Monitoring - The use of a device or equipment to sample a measured amount of air in a specified time period to quantify the total airborne particulate or microbiological status of a controlled space.

3.19. Colony Forming Unit (CFU) : a common unit in microbiology used to estimate the number of viable microbiological cells in a given sample

3.20. NMT: Not more than

4. RESPONSIBILITIES

4.1. Quality Control is responsible for training and assuring competency of personnel performing this procedure, including—but not limited to—the following:

4.1.1. A competency check is required prior to performing environmental plating independently. Requalification is required annually.

4.1.2. Conducting and/or coordinating EM sampling during aseptic operations.

4.1.3. Completing appropriate environmental monitoring documentation each time sampling is performed, and reviewing the EM form(s) to ensure all applicable locations have been sampled.

4.1.4. Ensuring the EM samples/plates are incubated at the prescribed temperature(s) for the appropriate time(s). See Sec. 5, below.

4.1.5. Documenting the incubation start time(s), end time(s), and incubator transfer time(s) per the parameters defined in Sec. 5, below.

4.1.6. Ensuring the timely reading of all EM samples. This includes proper microbial enumeration, documentation, and archiving of all EM data.

4.1.7. Reviewing all environmental sampling data and corresponding EM forms.

4.1.8. For deviations and/or investigations related to Environmental Monitoring excursions, QC personnel are generally responsible for drafting the investigation(s), and QA Management is ultimately responsible for the approval of the investigation(s).

4.2. Quality Personnel are responsible for:

© 2023 | Confidential

4.2.1. Ensuring that all personnel performing environmental and personnel monitoring have been appropriately trained in:
  4.2.1.1. Processes and technique(s) used to maintain aseptic conditions.
  4.2.1.2. Clean room gowning technique(s) and gowning qualification
  4.2.1.3. Appropriate clean room behavior
  4.2.1.4. Any/all procedures and/or work instructions directly related to the operation of Active Air samplers (viable and non-viable)
4.2.2. Reporting and trending environmental monitoring data and personnel monitoring data.
4.2.3. Establishing Alert and Action limits and sampling frequencies for EM sampling locations.
4.2.4. Documenting Alert and/or Action Levels and notifying appropriate management of ISO5 excursions.

5. PROCEDURE

5.1. Sampling Locations: All active viable and non-viable air and surface sampling locations are listed and diagrammed according to the following attachments:

Attachment 1: Suite 4 and surrounding corridors

Attachment 2: Suite 3 and surrounding corridors

Attachment 3: Suite 2 and surrounding corridors

Attachment 4: Suite 1 and surrounding corridors

5.2. Applicable Environmental Monitoring Sampling Form are used to document raw EM data.

5.3. Active viable air monitoring in the ISO7 and ISO8 areas is to be completed per GMP-WI-0003, ActiveCount 100H Microbial Viable Air Sampler LMS Work Instruction for Operation. Prior to use, current instrument calibration must be verified. Quality and Facility management should be notified if calibration is due within the next 30 days. Agar plates should be labeled with the viable sampler ID, site location, date, start time, and sampler's initials.

5.3.1. Active Viable Sampling in the ISO5 BSC is performed during production using the SV1040 air sampling systems per GMP-SOP-0148, Flow Meter SOP. Agar plates should be labeled with the site location, date, start time, and sampler's initial set. Frequency of EM sampling is outlined below:

Table 1

Sampling Area	Frequency of Sampling
ISO5	Each Aseptic Fill Process
ISO7	Daily if suite is used for production, bi-weekly* if not
ISO8	Bi-Weekly*

*14 days +/- 4 days

© 2023 | Confidential

5.3.2. All agar plates used during the EM sampling process are inspected for physical defects—desiccation, cracks, excessive moisture—and any/all anomalies should be documented on the appropriate Environmental Monitoring Sampling Form(s).

5.3.3. Prior to use, the active viable air sampler(s), sampling grid(s), and sampling plate(s) are to be visually inspected for general cleanliness and sanitized per GMP-WI-0003, Active Count 100H Microbial Viable Air Sampler LMS Work Instruction for Operation.

5.3.4. All active viable air sample plates are to be incubated at 20-25°C for not less than 72 hours and at 30-35°C for not less than 72 hours. Total incubation time should be NMT 10 days.

5.3.5. At the end of the incubation period, the colony-forming units (CFUs) on each TSA plate will be counted according to SOP-SOP-0054, Microbial Enumeration and Verification.

5.3.6. All CFU counts and physical defects shall be documented/recorded on the appropriate Environmental Monitoring Sampling Form(s). CFU counts and documentation are then verified and reviewed by a second Quality representative.

5.3.7. Acceptance Criteria*:

Table 2

Sampling Area	CFU/plate	
	Alert	Action
ISO5	N/A	≥1
ISO7	≥6	≥10
ISO8	≥25	≥100

*See Table 8 for the requirements for EM investigations and/or species-level identifications

5.4. Non-Viable Particulate Monitoring

5.4.1. Minimum frequency of testing is outlined below:

Table 3

Sampling Area	Frequency of Sampling
ISO5	Each Aseptic Fill Process

© 2023 | Confidential

ISO7	Daily if suite is used for production, bi-weekly* if not
ISO8	Bi-weekly*

*14 days +/- 4 days

5.4.2. Non-Viable Particle Monitoring is to be completed per GMP-WI-0004, Solair 3350 Airborne Particle Counter LWS Work Instruction, GMP-SOP-0131, Apex Remote SOP, and GMP-SOP-0151, Remote 5104P Airborne Particle Counter. Note, the Apex R5 Remote and 5104P Remote units are continuous non-viable sampling systems controlled via Lighthouse (LWS) software and are not involved in manual EM sampling processes per the frequencies defined in Table 3.

5.4.3. Prior to use, current instrument calibration must be verified for the portable Solair 3350 Airborne Particle Counter(s). Quality and Facility management should be notified if calibration is due within the next 30 days. Non-viable data collected from the portable Solair 3350 Airborne Particle Counters should be printed and initialed by the sampler. Once outside the cleanroom, printouts are to be attached to paper using tape, being careful to not cover any of the data. These attachments are photocopied for data integrity purposes. The original printout(s) and copies are to be initialed, dated, and attached to the appropriate EM form(s).

5.4.4. Continuous Non-viable particulate (NVP) monitoring data is collected by the Apex Remote 5104p and Apex R5 I Particle Counters and is maintained in the LMS Software. Applicable non-viable particulate data is printed and attached to production batch records as needed for batch disposition.

5.4.5. Acceptance Criteria*:

Table 4

Sampling Area	**Particles ≥ 0.5µm**	
	Alert (N/1 m^3)	**Action(N/1 m^3)**
ISO5	2,642	3,520
ISO7	264,169	352,000
ISO8	400,000	3,520,000
	Particles ≥ 5µm	
	Alert (N/1 m^3)	**Action(N/1 m^3)**
ISO7	2,190	2,930
ISO8	5,000	29,300

5.4.5.1. The particle count results will be compared against the acceptance criteria. Total airborne particle results that meet or exceed the action limits per 1000 L (1 m3) of air sampled require investigation per GMP-SOP-0202 Incidents, Deviations, and Non-Conformances.

5.4.5.2. The Lighthouse (LMS) non-viable particulate (NVP) monitoring system collects air samples continuously at the rate of 1 CFM (cubic foot per minute), with a full cubic meter (m^3) of air

© 2023 | Confidential

collected in 35.3 minutes. The number of particles collected in 1 CFM is extrapolated by the LMS System Software to particles/m^3, and the LMS alarm settings and notifications are based on this extrapolated value in order to allow for real-time responses to potentially changing particulate conditions in the Buffer Room(s) and/or Compounding Hood(s).

5.4.5.3. Real-time audible NVP alarms require compounding personnel working in the Buffer Rooms and BSCs to immediately halt aseptic manipulations and communicate to quality personnel, who will assess the number (#) of particulates captured in the 1 CFM air sample causing the alarm, and determine whether or not compounding can resume per real-time monitoring of the particulate levels in the affected ISO5 space.

5.4.5.4. In the event of a transient NVP alarm (<5 minutes at action level) recorded during production activities, an incident shall be initiated per GMP-SOP-0202. In order to determine whether or not the total NVP count exceeds the max allowable particles per m^3 per ISO 14644-1:2015, the total NVP count for the 35.3 minutes prior to and including the LMS alarm will be evaluated by running a real-time LMS Trend Report showing the non-viable particulate data for the affected channel (5.0 µm or 0.5 µm) for NLT 35.3 minutes prior to and including the NVP event causing the alarm.

5.4.5.4.1. In the event that the total NVP count does not exceed the max allowable particles per m^3 per ISO 14644-1:2015, the LMS report will be attached to the incident report, and the report will then be routed for closure. In the event that, the total NVP count does exceed the max allowable particles per m^3 per ISO 14644-1:2015, an investigation per GMP-SOP-0202 is required.

5.5. Viable Surface Monitoring (ISO5/ISO7/ISO8)

5.5.1. Frequency of testing:

Table 5

Sampling Area	Frequency of Sampling
ISO5	Each Aseptic Fill Process
ISO7	Daily if suite is used for production, bi-weekly* if not
ISO8	Bi-weekly*

*14 days +/- 4 days

5.5.2. RODAC surface samples are collected for each area as listed in Attachments 1-4 Sample Map (with key).

5.5.3. The sampling date, location, time, and sampler initial sets should be recorded on the bottom side of each contact plate. Prior to sampling, all RODAC surface contact plates shall be visually inspected for physical defects.

© 2023 | Confidential

5.5.4. To sample surfaces using a contact plate, firmly touch the sample area with the agar surface and gently roll the plate across the surface to be sampled.

5.5.5. Immediately after sampling, thoroughly spray and/or wipe all sampled areas using sterile 70% IPA and sterile wipes (or sterile pre-saturated 70% IPA wipes) before resuming aseptic operations and/or environmental monitoring duties.

5.5.6. EM plates will be incubated at 20-25°C for not less than 72 hours and at 30-35°C for not less than 72 hours. Total incubation time should be NMT 10 days.

5.5.7. At the end of the incubation period, the colony-forming units (CFUs) on each EM plate will be counted according to SOP-SOP-0054, Microbial Enumeration and Verification.

5.5.8. All CFU counts and physical defects will be documented/recorded on the appropriate Environmental Monitoring Sampling Form(s). CFU counts and documentation will then be verified and reviewed by a second Quality representative.

5.5.9. Acceptance Criteria*:

Table 6

Sampling Area	Contact Plate CFU	
	Alert	Action
ISO5	N/A	≥1
ISO7	≥3	≥5
ISO8	≥5	≥10

*See Table 8 for the requirements for EM investigations and/or species-level identifications

5.6. Personnel Monitoring (PM)

5.6.1. Personnel Monitoring will be performed for operators performing critical aseptic manipulations for each Lot of product(s) intended for distribution. Plates must be visually inspected for physical defects prior to sampling; persons performing PM sampling should verify that the plates have visible lot #'s and are within expiry; and plates are to be labeled with PM location (for example RH, LH, RFA, LFA), date, time, person sampled, and person performing the sampling.

5.6.2. Perform personnel monitoring by sampling the aseptic operators' gloved hands immediately after the operator completes critical aseptic processing and before exiting the ISO 5 (Class 100) hood. PERSONNEL MUST NOT USE STERILE 70% IPA SPRAY OR ANY

© 2023 | Confidential

OTHER CLEANING SOLUTION ON THE HANDS IMMEDIATELY PRIOR TO TAKING FINGERTIP SAMPLES.

5.6.3. Sample the left and right gloved hands with 90 mm TSA plates by firmly pressing and rolling each of the operators' fingertips to the TSA plate.

5.6.4. Sample the left and right forearms with TSA-RODAC plates by gently rolling the plate across the inner forearm, sampling where the outer glove cuff meets the sleeve of the coverall.

5.6.5. Sampling should be performed prior to operator removing hands from the ISO5 area, whenever possible. In the event of suspected contamination, sampling may be performed in the ISO7 buffer room in lieu of the ISO5 area. ISO7 buffer room sampling should be noted on the sampling plate(s) and within the batch record. Sampling shall be performed prior to glove changes, prior to taking breaks, and upon completing compounding. If a glove change was performed due to concern for contamination risk, this should be noted on the plate(s), EM form, and/or within the batch record.

Note: Extenuating circumstances (for example: fire alarms, needle sticks, exposure to hazardous drugs/dangerous chemicals, acute onset of illness, etc.) may necessitate emergency exits that prevent PM samples from being collected. In these cases, appropriate documentation should be recorded in the batch record(s) and/or the applicable EM form(s).

5.6.6. The aseptic specialist is to change the outer pair of sterile gloves and wipe the sampled gowning sites with saturated sterile 70% IPA wipes prior to participating in end of shift cleanroom sanitization activities.

5.6.7. Acceptance Criteria*:

Table 7

CFU/Contact Plate			
Gloved Fingertip		**Forearms**	
Alert	**Action**	**Alert**	**Action**
≥1	≥1	≥1	≥3

*See Table 8 for the requirements for EM investigations and/or species-level identifications

5.7. Sample Handling, Reporting and Analysis

5.7.1. All samples and defective plates must be transferred out of the sterile suite for incubation.

5.7.2. Document environmental monitoring data on the appropriate Environmental Monitoring Sampling Form(s).

5.7.3. EM sampled plates are incubated at as follows:

© 2023 | Confidential

5.7.3.1. EM plates will be incubated at 20-25°C for not less than 72 hours and at 30-35°C for not less than 72 hours. Total incubation time should be NMT 10 days.

5.7.3.2. At the end of the incubation period, the colony-forming units (CFUs) on each EM plate will be counted according to SOP-SOP-0054, Microbial Enumeration and Verification.

5.7.4. All CFU counts and physical defects will be documented/recorded on the appropriate Environmental Monitoring Sampling Form(s). CFU counts and documentation will then be verified and reviewed by a second Quality representative. The appropriate Environmental Monitoring Sampling Form(s) shall be filled out with the following information:

5.7.4.1. Suite and Batch Number, if applicable

5.7.4.2. Operator performing the sampling

5.7.4.3. Sample locations, dates, times

5.7.4.4. Sampler IDs

5.7.4.5. Plate lot number(s) and expiration date(s)

5.7.4.6. Incubation information:

5.7.4.6.1. Start Time and Date (per temperature)
5.7.4.6.2. Initial set of personnel incubating the samples
5.7.4.6.3. Final read and verification
5.7.4.6.4. Quality Review
5.7.4.6.5. CFU results
5.7.4.6.6. Acceptance criteria (pass or fail)

5.7.5. If Applicable: Document whether the sample meets or exceeds alert or action levels.

5.7.6. Quality personnel will review the environmental monitoring paperwork for any results that meet or exceed Alert and/or Action level criteria.

5.7.7. If any plates show evidence of physical defects post-incubation that could potentially invalidate the sample(s), it must be documented on the appropriate Environmental Monitoring Sampling Form(s). An investigation may be initiated per GMP-SOP-0202, Incidents, Deviations, and Nonconformances, if it is determined that the plates were compromised and/or the viability of the sample is questionable.

5.7.8. If Environmental Monitoring results meet or exceed prescribed Action Levels, an investigation will be initiated per GMP-SOP-0202, Incidents, Deviations, and Nonconformances, in order to assess potential product impact and to identify potential root cause(s). The requirements for EM investigations and/or species-level identifications are based on sample type, action limit(s), ISO classifications, and/or microbial morphology, and are summarized in Table 8, below:

© 2023 | Confidential

TABLE 8		
Type of EM Sample	**Action Limit**	**INC / INV / MicroID Required?**
ISO5 PM - Glove	≥ 1 CFU	INC/INV & MicroID required
ISO5 PM - Forearm	≥ 3 CFU	INC/INV & Micro ID required for action limit exceedance. INC and MicroID required for alert limit (≥ 1 CFU)
ISO5 Air Sample	≥ 1 CFU	INC/INV & MicroID required
ISO5 Surface Sample	≥ 1 CFU	INC/INV & MicroID required
ISO7 Air – Buffer Room	≥ 10 CFU	MicroID required for Buffer Room Recoveries (trending) INC/INV required for Action Limit excursions, CRO Fungal, and/or objectionable* MicroID results, if applicable
ISO7 Surface - Buffer Room, Ante Room	≥ 5 CFU	MicroID required for Buffer Room Recoveries (trending) INC/INV required for Action Limit excursions, CRO Fungal, and/or objectionable* MicroID results, if applicable
ISO7 Air Sample- Degown Room	≥ 10 CFU	Action Limit excursions require INC/INV & MicroID^
ISO7 Surface Sample- Degown Room	≥ 5 CFU	Action Limit excursions require INC/INV & MicroID^
ISO8 Air Sample**	≥ 100 CFU	Action Limit excursions require INC/INV & MicroID^
ISO8 Surface Sample**	≥ 10 CFU	Action Limit excursions require INC/INV & MicroID^

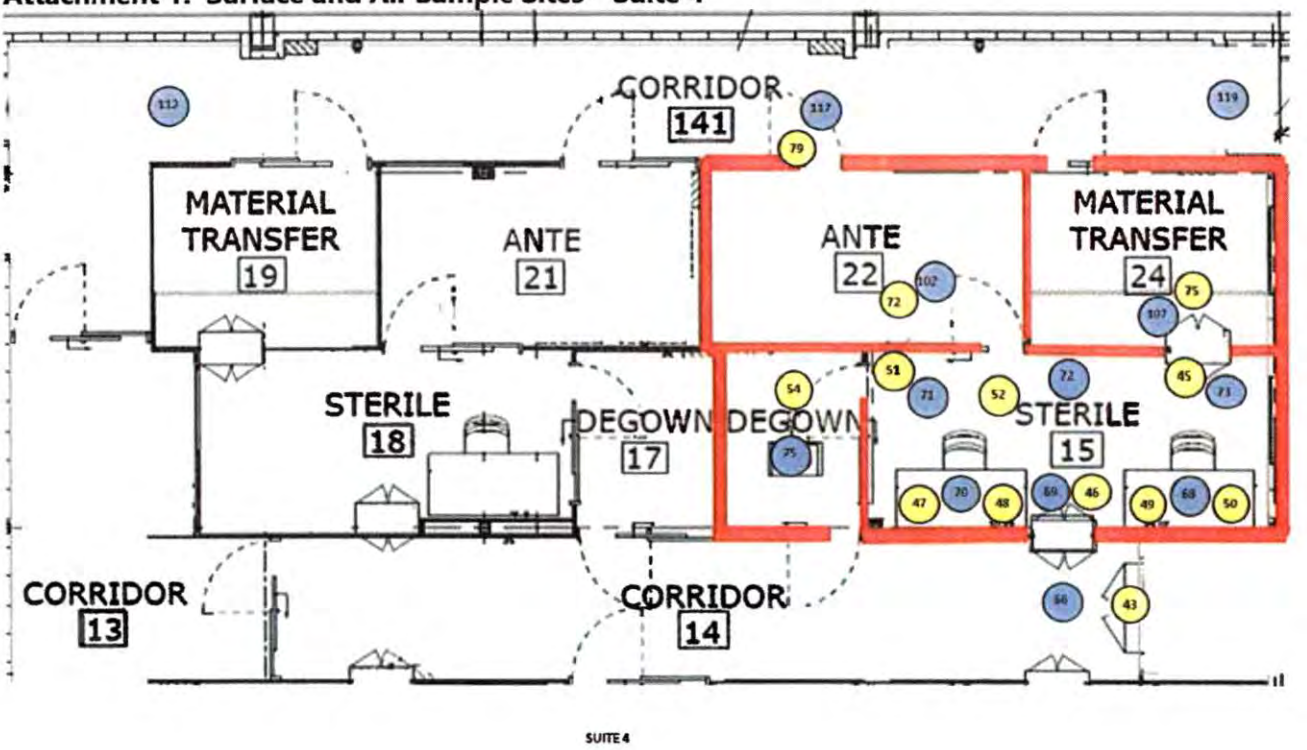
*Objectionable Organisms are defined as organisms likely to cause infection, allergic response, and/or toxaemia in patients receiving the product(s), and include Yeasts/Molds, *S. aureus, E. coli, Salmonella spp., Bacillus cereus, Burkolderia cepacia,* and *Pseudomonas aeruginosa.* For microorganisms that are less characterized but may present a potential health risk, applicable scientific and peer-reviewed literature will be used as necessary in risk assessments for actionable incidents/investigations with potential product impact

**Note: For ISO8 Material Transfer (MT) Rooms, ≥ 3 CFUs on surface/air sample plates requires microbial identification for trending and investigational purposes, if applicable.

^Recoveries from Ante, Buffer, MT, and Degown rooms during Aseptic Process Validations will be identified

© 2023 | Confidential

5.8 Environmental Monitoring Quarterly Trending



5.8.1 A member of Quality shall prepare a summary of environmental monitoring data on a quarterly basis. This report should include general trending data—including, but not limited to—overall excursion rates for EM sample types (viable surface, viable air, personnel, non-viable particulates), microbial recovery rates, and any remarkable trends that could potentially indicate a shift in the overall environmental quality of the classified cleanroom area(s).

1. PURPOSE

1.1. This procedure outlines the methodology, approach, and rationale utilized by OurPharma for aseptic process validation and revalidation.

2. SCOPE

2.1. This procedure applies to all sterile compounded or repackaged drug products produced through aseptic processing at OurPharma, LLC, 2512 S. City Lake Rd., Fayetteville, AR 72701.

2.2. This procedure does not apply to Aseptic Personnel Qualification. Refer to GMP-SOP-00114 Aseptic Personnel Qualification.

3. DEFINITIONS

3.1. QC – Quality Control

3.2. COA – Certificate of Analysis

3.3. COC – Certificate of Conformance

4. RESPONSIBILITIES

4.1. Quality Management

- **4.1.1.** Review and approval of media fill protocols prior to execution
- **4.1.2.** Review and approval of media fill protocol summary reports serving as final dispositioning
- **4.1.3.** Issuance of media fill batch records

4.2. Production Unit

- **4.2.1.** Preparing media fill protocols and summary reports
- **4.2.2.** Execution of media fill batch records and protocols

4.3. Quality Unit

- **4.3.1.** Issuing and maintaining media fill protocol numbers based on **GMP-FORM-0103 Media Fill Log**
- **4.3.2.** Execution of incubation and reading of results associated with media fill protocol execution

5. FREQUENCY

5.1. Initial Aseptic Process Validation

- **5.1.1.** Initial aseptic process validation shall consist of three (3) consecutively successful media fills executed prior to release of any represented drug product(s).

© 8/23/23 | Confidential

5.2. Aseptic Process Revalidation

5.2.1. Aseptic process revalidation shall consist of a single successful media fill performed biannually or not more than every six (6) months per family of products.

6. APPROACH

6.1. The approach for aseptic process validation utilized by OurPharma will employ a family approach intended to qualify products grouped together based on similarities with respect to the following:

6.1.1. Pooling Process: the process in which bulk drug product is produced in a bulk container prior to filling.

6.1.2. Filling Process: the process in which bulk drug product is transferred from the bulk container into final container/closures.

6.1.3. Final Container/Closure: the type of container/closure system in which drug product is commercially available.

6.1.3.1. Refer to ATTACHMENTS for family-specific details.

7. METHODOLOGY

7.1. All drug products represented by the defined family shall be used to establish the aseptic process validation process through the execution of media fills.

7.2. Family specific media fills shall be designed to challenge the aseptic processing associated with drug product grouping using the defined worst-case scenario for the following:

7.2.1.1. Maximum number of pooled units

7.2.1.2. Maximum number of manipulations per pooled unit

7.2.1.3. Maximum number of final units produced

7.2.1.4. Maximum number of manipulations per final unit

7.2.1.5. Maximum required production time

7.2.1.6. Maximum number of manipulations during setup for pooling and filling

7.2.1.7. Routine interventions

7.2.1.7.1. Refer to ATTACHMENTS for family specific routine interventions.

7.2.1.8. Non-Routine interventions

7.2.1.8.1. Refer to ATTACHMENTS for family specific non-routine interventions.

© 8/23/23 | Confidential

8. RATIONALE

8.1. Pooling Process

8.1.1. The pooling process utilized during aseptic process validation or revalidation shall be a direct simulation to produce sterile 3% tryptic soy broth solution used to challenge the aseptic processing required to produce a bulk drug product container for filling.

8.1.2. All pooling processes begin with sterile finished pharmaceutical drug products, therefore media fills will directly simulate this practice.

8.2. Theoretical Number of Final Units

8.2.1. The total number of final units produced during aseptic process validation or revalidation shall represent minimally the largest theoretical number of units defined per family.

8.2.2. The aseptic process validation or revalidation for each family will be designed to challenge the maximum theoretical number of units produced as a worst-case scenario.

8.3. Production Times

8.3.1. The duration of the aseptic process validation will be designed to minimally reflect the longest duration of hold or production time within the ISO5 classified environment.

8.3.2. When necessary, hold times will be incorporated into the aseptic process validation protocol design to meet and/or exceed the family required production time limits.

8.3.2.1.If under normal production conditions pooled drug product may be held in the sterile pool bag, such maximum hold time shall be incorporated into the study design.

8.4. Number of Manipulations During Setup

8.4.1. The number of manipulations during setup is specific to the tasks required to prepare the bulk drug product container, equipment, and production components in preparation for pooling or filling.

8.4.2. Each family will be assessed based on the number of manipulations required during setup for each drug product represented by the family being aseptically qualified.

8.4.2.1.The maximum number of manipulations during setup shall be utilized within the design of the aseptic process validation or revalidation.

© 8/23/23 | Confidential

8.5. Number of Manipulations per Pooled or Filled Unit

8.5.1. The number of manipulations per unit pooled or filled shall reflect the worst-case scenario for the family represented by the aseptic process validation or revalidation.

8.5.2. Each family shall be assessed based on the drug products represented with respect to the total number of manipulations required to pool or fill each unit.

8.5.3. The aseptic process validation shall be designed to directly simulate the filling process with the maximum number of manipulations per unit pooled or filled utilized to challenge the family specific filling process.

8.6. Routine Interventions

8.6.1. Routine interventions shall be incorporated into the design of the aseptic process validation or revalidation based on the family specific routine interventions identified within **ATTACHMENTS.**

8.6.2. Routine interventions shall be used to address the typical tasks associated with the production of each drug product within the family being aseptically qualified.

8.7. Non-Routine Interventions

8.7.1. Non-routine interventions shall be incorporated into the design of the aseptic process validation or revalidation based on the family specific routine interventions identified within **ATTACHMENTS**.

8.7.2. The identified non-routine interventions shall be used to add additional stressful conditions and represent conditions or events which may occur during a production batch.

8.7.2.1.Examples of non-routine interventions include, but are not limited to:

8.7.2.1.1.Spill simulations

8.7.2.1.2.Extra shift changes

8.7.2.1.3.Extra glove changes

8.7.2.1.4.Skipping normal interval hood cleaning

8.7.2.1.5.Power failure simulation

© 8/23/23 | Confidential

9. INSTRUCTIONS

9.1. 3% tryptic soy broth (TSB) will be utilized in place of drug products during aseptic process validation or revalidation as a growth media for challenging the sterile nature of drug products produced through aseptic processing.

9.1.1. TSB purchased as ready-to-use solution shall be released by the Quality Unit following inspection and verification of growth promotion testing performed by the manufacturer as indicated on the accompanying COA or COC.

9.2. Aseptic process validation consists of test cases designed to challenge the pooling and filling processes defined for each family.

9.3. Each media fill is governed by a media fill protocol, which is issued a unique number in the format of MFP-YY-XXX whereas:

9.3.1. MFP designates a media fill protocol

9.3.2. YY identified the two (2) digit year

9.3.3. XXX is a sequential number issued and maintained by QC based on **GMP-Form-0103 Media Fill Log**.

9.4. All media fill protocols shall include the following sections:

9.4.1. Approvals

9.4.1.1. Approvals are required from the following departments prior to execution:

9.4.1.1.1. Production Unit

9.4.1.1.2. Quality Unit

9.4.1.1.3. Quality Management

9.4.1.2. All approvals are maintained and controlled in the MasterControl™ electronic system.

9.4.2. Purpose

9.4.2.1. Purpose section is used to define the intent of the aseptic process validation and identify any personnel revalidation being included.

9.4.3. Scope

9.4.3.1. Scope section is used to define the family of products for which the aseptic process validation is applicable.

9.4.3.1.1. If qualification of personnel is going to be performed as participation of the process qualification, it should be addressed in the scope of the protocol.

9.4.4. Family Process Description

© 8/23/23 | Confidential

9.4.4.1. The family process description is used to provide a brief description of the product process associated with the family of products being qualified or requalified.

9.4.5. Methodology

9.4.5.1. Methodology section is used to provide a detailed description of the challenges utilized to assess the family of products represented within the aseptic process validation or revalidation.

9.4.6. Instructions

9.4.6.1. Instruction section is used to provide specific steps required during the execution and provide clarity of the requirements contained and documented within the associated media fill protocol.

9.4.7. Acceptance Criteria

9.4.7.1. Acceptance criteria is defined to provide the Quality Unit with the specifications needed to disposition the media fill and/or aseptic process validation based on the content within the media fill protocol summary report.

9.4.8. Attachments

9.4.8.1. Signature Log

9.4.8.1.1. Signature identification log is used to document all personnel participating in the execution of the media fill protocol.

9.4.8.2. Deviation Log

9.4.8.2.1. Deviation log is used to document all observed deviations during the execution of the media fill protocol.

9.4.8.3. Deviation Record

9.4.8.3.1. Deviation record is required for all deviations listed within the Deviation Log and is used to summarize the deviations occurring during media fill protocol execution, as applicable.

9.4.8.4. Executed Media Fill Batch Record

9.4.8.4.1. A copy of the executed media fill batch record is used to document the execution of the media fill.

9.4.8.5. Incubation and Reading of Results

9.4.8.5.1. Incubation and reading of results are used to document the incubation parameters and results of the media filled units following defined incubation parameters.

NON-CONTROLLED COPY – 08/23/2023

9.4.8.6.Growth Promotion

9.4.8.6.1.Growth promotion is used to document the growth promotion of the 3% tryptic soy broth following the completion of incubation and reading/interpretation of the results.

9.4.8.7.Environmental and Personnel Monitoring Results

9.4.8.7.1.Environmental and Personnel Monitoring is used to document the parameters and results of the Room and Technicians involved in the aseptic processing of the media filled units.

9.4.8.7.2.NOTE: Any positive recovery obtained during execution of a media fill shall be identified to the species level.

9.5. Following the execution of the media fill protocol, a media fill protocol summary report shall be drafted, reviewed, and approved inclusive of the following sections:

9.5.1. Approvals

9.5.1.1.Approvals are required from the following departments:

9.5.1.1.1.Production Unit

9.5.1.1.2.Quality Control

9.5.1.1.3.Quality Unit

9.5.1.1.4.All approvals are maintained and controlled in the MasterControl™ electronic system.

9.5.1.1.4.1.Approval by the Quality Unit serves as dispositioning and closure of the media fill based on the data generated and the provided validation statement within the media fill protocol summary report.

9.5.2. Summary of Execution

9.5.2.1.Summary of execution provides details to ensure that the media fill was executed per the approved protocol.

9.5.3. Summary of Deviations

9.5.3.1.Summary of deviations provides details to all observed deviations during the execution of the media fill protocol.

9.5.4. Discussion of Results

9.5.4.1.Discussion of results provides a summary of the results generated from the execution of the media fill protocol.

9.5.5. Validation Statement

© 8/23/23 | Confidential

9.5.5.1.A statement provided by the Production Unit during media fill summary report development establishing the status of the scope of the media fill protocol as recommended for one of the following dispositions:

9.5.5.1.1.Approved meaning all acceptance criteria was successfully met and, if applicable, all deviations were assessed to have no impact and have been successfully closed.

9.5.5.1.2.Rejected meaning one or more of the acceptance criteria was not successfully met and/or one or more deviations were assessed to have a direct impact on the media fill or results generated.

9.5.5.2.If aseptic personnel are being qualified through the execution of a process validation media fill, activities, associated personnel, and personnel-specific results shall be discussed within the aseptic process validation protocol and associated summary report.

9.5.5.2.1.Refer to GMP-SOP-0114 Aseptic Personnel Qualification for more information on personnel qualification requirements.

9.6. Media Fill Execution

9.6.1. Media fills are performed as a direct simulation of the production process of the family of drug products represented.

9.6.2. Media fills are designed to challenge the production process through the use of 3% tryptic soy broth growth media at a minimum number of units to reflect the largest quantity of units produced by a single drug product within the family of drug products being qualified.

9.6.3. Rejects identified during the media fill execution shall be segregated and identified as a reject.

9.6.3.1.Rejects can be a result of, however is not limited to, the following rejection rationale:

9.6.3.1.1.Questionable aseptic technique

9.6.3.1.2.Damaged container/closure

9.6.3.1.3.Dropped filled unit

9.6.3.1.4.Leaking filled unit

9.6.3.1.5.A unit reject for any circumstance as would be rejected during routine operation

9.6.3.2.All units rejected during the media fill shall be incubated and interpreted.

© 8/23/23 | Confidential

9.6.3.2.1. Rejected units shall not be used for determining the outcome of the media fill or aseptic process validation, and no failure investigation is required if the reject is not associated with a process design flaw.

9.6.3.2.2. All rejected units will be documented within the media fill protocol and detailed within the media fill protocol summary report.

9.7. Acceptance Criteria

9.7.1. Media Fill

9.7.1.1. There shall be zero (0) accepted units observed with microbiological growth through the incubation and reading of results per GMP-SOP-0116 Incubation and Evaluation of Media Filled Units.

9.7.1.2. The minimum quantity of accepted units produced shall reflect the largest quantity of units defined per family of drug products.

9.7.1.3. All routine and non-routine interventions shall be conducted per the approved media fill batch record and protocol.

9.7.1.4. Growth promotion shall be conducted on a representative sample of filled, accepted units following incubation with passing results.

9.7.1.5. Any deviations shall be closed by the Quality Unit and impact on the validated state determined.

9.7.1.6. All required supporting documentation shall be present.

9.7.2. Initial Aseptic Process Validation

9.7.2.1. Three (3) consecutive successfully completed media fill process simulations representative of a single family of drug products.

9.7.3. Aseptic Process Revalidation

9.7.3.1. One (1) successfully completed media fill process simulation representative of a single family of drug products.

9.8. Failure Investigation

9.8.1. All media fills for aseptic process validation or revalidation that fail to meet the defined acceptance criteria shall be accompanied by an investigation per **GMP-SOP-0202 Incidents, Deviations, and Non-Conformances**.

9.8.2. All acceptable units identified as positive for growth during the reading of results shall be identified for the observed organism.

ATTACHMENT-1: Family A

Pooling Process

Sterile finished pharmaceuticals are pooled into a sterile IV bag through aseptic processing utilizing a repeater pump to pool vials, a repeater pump to pool IV bags, and manual injection utilizing a syringe, all occurring within the ISO5 classified environment.

Filling Process

Sterile, bulk drug product is filled into a final container/closure in the form of a cassette utilizing a repeater pump and tube set within the ISO5 classified environment.

Family A – Drug Products

Drug Product	FID	Final Container / Closure	Fill Volume (mL)	Pooling Manipulations		# of Pooled Units	Filling Manipulations		Theoretical # of Final Units

Media Fill Design

The Family A media fill is designed to challenge the aseptic processing required to produce the drug products represented within Family A. The design is a direct simulation of the pooling and filling processes representative of the drug products contained within Family A.

During the pooling process outlined per **GMP-PDTMethods-0013,** not less than 400 pooled vials using a repeater pump, not less than 12 pooled IV bags using a repeater pump, and not less than 12 pooled vials using syringes will be used to produce 4 pooling bags to simulate the Family A maximum number of pooled units. During the pooling portion of the aseptic process, all routine and non-routine interventions will be incorporated in an attempt to challenge the manufacturing process and the controls established.

During the filling process outlined per **GMP-PDTMethods-0014,** not less than 400 final units, in the form of cassettes, will be filled to simulate the Family A maximum defined batch size. During the filling portion of the aseptic process, all routine and non-routine interventions will be incorporated in an attempt to challenge the manufacturing process and the controls established.

ATTACHMENT-2: Family B

Pooling Process

Bulk raw materials are formulated per drug product specific instructions with the approved master production record. The non-sterile solution is sterilized through filtration utilizing a transfer pump and a custom designed filter/bag assembly. There are no routine or non-routine interventions associated with the Family B pooling process impacting drug product sterility. **R1** and **R2** are controlled through the approved master production record of the associated drug product within Family B. The design of the custom, pre-sterilized filter/bag assembly is intended to sterilize drug product through solution transfer within an ISO8 classified environment.

Filling Process

Sterile, bulk drug product is filled into a final container/closure in the form of a syringe utilizing a repeater pump and luer-to-luer adapter within the ISO5 classified environment.

Family B – Drug Products

Media Fill Design

The Family B media fill is designed to challenge the aseptic processing required to produce the drug products represented within Family B. The design is a direct simulation of the pooling and filling processes representative of the drug products contained within Family B.

During the pooling process outlined per **GMP-PDTMethods-0023**, formulation is performed at a batch size of 50 kg of non-sterile growth media. The non-sterile growth media is sterilized during solution transfer utilizing a transfer pump and a custom filter/bag assembly. During the pooling portion of the aseptic process, all routine and non-routine interventions will be incorporated in an attempt to challenge the manufacturing process and the controls established.

During the filling process outlined per **GMP-PDTMethods-0023,** not less than 2,100 final units, in the form of syringes, will be filled to simulate the Family B maximum defined batch size. During the filling portion of the aseptic process, all routine and non-routine interventions will be incorporated in an attempt to challenge the manufacturing process and the controls established.

ATTACHMENT-3: Family C

Pooling Process

Bulk raw materials are formulated per drug product specific instructions with the approved master production record. The non-sterile solution is sterilized through filtration utilizing a transfer pump.

Use of Custom Filter/Bag Assembly:
There are no routine or non-routine interventions associated with the Family C pooling process impacting drug product sterility when utilizing the custom filter/bag assembly. **R1** and **R2** are controlled through the approved master production record of the associated drug product within Family C. The design of the custom, pre-sterilized filter/bag assembly is intended to sterilize drug product through solution transfer within an ISO8 classified environment.

Use of Filter:
The use of a single filter requires multiple routine interventions associated with the Family C pooling process specifically setup for filtration impacting drug product sterility. **RA** and **RB** are controlled through the approved master production record of the associated drug product within Family C. The design of the filter is intended to sterilize drug product through solution transfer within an ISO5 classified environment.

Filling Process

Sterile, bulk drug product is filled into a final container/closure in the form of IV bags utilizing a repeater pump, filling tube set, and needle within the ISO5 classified environment.

Family C – Drug Products

Drug Product	FID	Final Container / Closure	Fill Volume (mL)	Pooling Manipulations		# of Pooled Units	Filling Manipulations		Theoretical # of Final Units
				Setup	Pooling		Setup	Filling	
Fentanyl Citrate 500mcg/Bupivacaine 250mg added	1005	500 mL Bag	5 mL	5	1	1	7	2	1100

Media Fill Design

The Family C media fill is designed to challenge the aseptic processing required to produce the drug products represented within Family C. The design is a direct simulation of the pooling and filling processes representative of the drug products contained within Family C.

During the pooling process outlined per **GMP-PDTMethods-0024**, formulation is performed at a batch size of 25 kg of non-sterile growth media. 20L of the non-sterile growth media is sterilized during solution transfer utilizing a transfer pump and a custom filter/bag assembly. 5L of the non-sterile growth media is sterilized during solution transfer utilizing a stand alone filter. During the pooling portion of the aseptic process, all routine and non-routine interventions will be incorporated in an attempt to challenge the manufacturing process and the controls established.

During the filling process outlined per **GMP-PDTMethods-0024**, not less than 1100 final accepted units, in the form of IV bags, will be filled to simulate the Family C maximum defined batch size. During the filling portion of the aseptic process, all routine and non-routine interventions will be incorporated in an attempt to challenge the manufacturing process and the controls established.

Media Fill Design

The Family D media fill is designed to challenge the aseptic processing required to produce the drug products represented within Family D. The design is a direct simulation of the pooling and filling processes representative of the drug products contained within Family D.

During the pooling process outlined per **GMP-PDTMethods-0060**, formulation is performed at a batch size of 20 kg of non-sterile growth media. The non-sterile growth media is sterilized during solution transfer utilizing a transfer pump and a custom filter/bag assembly. During the pooling portion of the aseptic process, all routine and non-routine interventions will be incorporated in an attempt to challenge the manufacturing process and the controls established.

During the filling process outlined per **GMP-PDTMethods-0060**, not less than 667 final units, in the form of PCA Vials, will be filled to simulate the Family D maximum defined batch size. During the filling portion of the aseptic process, all routine and non-routine interventions will be incorporated in an attempt to challenge the manufacturing process and the controls established.

NON-CONTROLLED COPY – 08/23/2023

OurPharma

1. PURPOSE

1.1. This procedure outlines the approach and process utilized by OurPharma, LLC for aseptic personnel qualification and requalification.

2. SCOPE

2.1. This procedure applies to personnel performing aseptic processing in support of cGMP processes at the OurPharma, LLC, 2512 S. City Lake Rd., Fayetteville, AR 72701.

2.2. This procedure does not apply to Aseptic Process Qualification. Refer to **GMP-SOP-0115** *Aseptic Process Validation*.

3. DEFINITIONS

3.1. None

4. RESPONSIBILITIES

4.1. Production Management

4.1.1. Execution of media fill batch records and protocols

4.1.2. Ensure all aseptic personnel are qualified and requalified as required

4.2. Quality Assurance (QA)

4.2.1. Issuance of media fill batch records

4.2.2. Verify and ensure all aseptic personnel are qualified and requalified as required

4.2.3. Issuing and maintaining media fill numbers based on **GMP-Form-0227** *Aseptic Personnel Qualification Log*.

4.3. Quality Control (QC)

4.3.1. Execution of incubation and reading of results associated with media fill protocol execution

4.4. All personnel

4.4.1. Participating in the execution of media fill qualifications as required

5. FREQUENCY

5.1. Initial Aseptic Personnel Qualification

5.1.1. Initial aseptic personnel qualification shall consist of three (3) consecutively successful media fills executed of **GMP-PDTMethods-0076** *MFBR Aseptic Personnel Qualification* prior to participation as an aseptic operator in production of cGMP drug products.

© 08/23/23 | Confidential

5.1.2. This level of qualification is required to demonstrate proficiency in the required techniques and manipulations required for each product family.

5.2. Aseptic Personnel Requalification

5.2.1. Aseptic personnel requalification shall consist of a single successful media fill of **GMP-PDTMethods-0076** performed biannually or not less than every six (6) months + 14 days, following the initial qualification.

5.3. Supervisor Qualification

5.3.1. Aseptic Supervisor qualification shall consist of a single successful media fill of **GMP-PDTMethods-0076** for initial qualification and biannually thereafter.

5.3.2. This level of qualification does not permit these individuals to perform aseptic operations in the GMP production of drug products intended for distribution and only serves to demonstrate basic proficiency in the required techniques and manipulations required for each product family as would be appropriate to supervise the production activities.

5.3.3. Aseptic Supervisors may participate in GMP production activities as aseptic operators, if necessary, after successfully completing the aseptic personnel qualification described in this procedure.

6. APPROACH

6.1. All aseptic personnel qualification activities shall simulate routine and non-routine interventions associated with each specific family of drug products. Associated interventions are defined in **Attachment 1**.

6.2. Drug product families are defined per **GMP-SOP-0115** *Aseptic Process Validation*.

6.3. Each personnel qualification shall be assigned a unique aseptic personnel qualification (APQ) number.

6.3.1. QA will assign the qualification number in the format APQ-YY-XXX where:

6.3.1.1. YY designates the 2-digit year code (i.e., 2022 is assigned 22)

6.3.1.2. XXX designates a sequential number based on **GMP-Form-0227** *Aseptic Personnel Qualification Log*, which will start with 001 for each associated year.

6.3.2. Upon the completion of **GMP-PDTMethods-0076**, QA will record the acceptance or rejection of the qualification on **GMP-Form-0227** *Aseptic Personnel Qualification Log* and **GMP-Form-0226** *Aseptic Personnel Qualification Coversheet*.

7. REQUIREMENTS: GMP-PDTMETHODS-0076

7.1. 3% tryptic soy broth will be utilized in place of drug products during aseptic personnel qualification or requalification as a growth media for challenging the sterile nature of drug products produced through aseptic processing.

7.2. The scope of the aseptic personnel qualification execution shall include the qualification of personnel compounding products categorized into Families A (Cassettes), B (Syringes), C (Bags) and D (PCA vials).

7.3. Aseptic personnel qualification consists of test cases designed to challenge the pooling and filling processes defined for each family for each person being qualified and to test the operator under normal compounding conditions.

7.3.1. The pooling portion will be divided into two sections. The first section represents bulk formulation processes and personnel will use 3% TSB powder to formulate 10 liters of liquid media. This will then be filtered, and personnel will begin the second portion. The second section represents sterile-to-sterile formulation processes and personnel will pool sterile 3% TSB media vials into a 5 liter pool bag to simulate sterile-to-sterile processes.

7.3.2. The filling process is designed to so that personnel will fill not less than 50 accepted cassettes and PCA vials, not less than 100 accepted syringes and IV bags. The total number of accepted units shall be not less than 300.

7.4. Each personnel qualification packet shall include a completed **GMP-Form-0226** *Aseptic Personnel Qualification Coversheet.*

7.4.1. Each coversheet shall contain the following attachments:

7.4.1.1. Executed Batch Record(s)

7.4.1.2. Environmental and Personnel Monitoring Results

7.4.1.3. Any positive recovery obtained within the during execution of a media fill outside of the defined criteria for environmental and personnel monitoring shall be identified to the species level and used in support of any circumstances observed outside of routine operations per **GMP-SOP-0025** *Environmental and Personnel Monitoring.*

7.4.1.4. Lighthouse data of the rooms and suites used during the pooling and filling of the the personnel qualification.

7.4.1.5. Growth promotion data provided by the third-party testing laboratory.

7.4.1.6. A reference to any investigations associated with the personnel qualification.

7.4.2. A copy of **GMP-Form-0226** shall be placed in the training file of the staff member performing the media fill upon approval of the qualification packet.

7.5. Acceptance Criteria

7.5.1. In order for execution of aseptic personnel qualification to be deemed successful, the following conditions must be met:

7.5.1.1. Requirements of **Table 1** and **Attachment 1** shall be met. If any criteria are not met, an incident shall be initiated per ***GMP-SOP-0202*** *Incidents, Deviations, and Non-Conformances.*

7.5.1.2. Any deviations shall be closed by the Quality Unit prior to final disposition.

7.5.1.3. All required supporting documentation shall be present.

TABLE-1: ASEPTIC PERSONNEL QUALIFICATION ACCEPTANCE CRITERIA

Parameter	Acceptance Criteria
ISO 5 BSC	All sterile-to-sterile pooling conducted within the same ISO 5 BSC
ISO 8 Bulk Compounding Room	All bulk compounding pooling conducted within the same ISO 8 room
Repeater Pump Pooling of Vials	NLT 75 vials
Repeater Pump Pooling of IV Bags	NLT 2 IV bags
Syringe Pooling of Vials	NLT 3 vials
Technicians Pooling	1 technician
10L Pooling Bag	1 – 10L pooling bag
5L Pooling Bag	1– 5L pooling bag
10L and 5L Pooling Bag Evaluation	All Pooling Bags Reported as PASS – No Evidence of Growth
ISO 5 BSC	All filling conducted within the same ISO 5 BSC
Cassettes Filled	NLT 50 cassettes
PCA Vials Filled	NLT 50 PCA vials
Syringes Filled	NLT 100 syringes
IV Bags Filled	NLT 100 bags
Technicians Filling	1 technician
GMP-PDTMethods-0076	Reviewed and Approved by Quality
Accepted Unit Evaluation	All Accepted Units Reported as PASS – No Evidence of Growth
Growth Promotion	PASS – Growth Observed for All Test Organisms
Deviations	Refer to **GMP-SOP-0202.**

© 08/23/23 | Confidential

7.6. Failure Investigation

7.6.1. All media fills for aseptic personnel qualification or requalification that fail to meet the defined acceptance criteria shall be accompanied by an investigation per **GMP-SOP-0202** *Incidents, Deviations, and Non-Conformances.*

7.6.2. In the event a media fill associated with the initial aseptic personnel qualification is reported as rejected, the person to be qualified requires three (3) consecutively successful media fill executions.

7.6.3. In the event a media fill associated with aseptic personnel requalification is reported as rejected, the person to be qualified shall be deemed disqualified until three (3) consecutively successful media fill executions have been completed.

7.6.4. All units identified as positive for growth during the reading of results shall be identified for the observed organism.

7.7. Aseptic Personnel Qualification Record

7.7.1. Aseptic personnel qualifications participation and results shall be stored within the document archive.

Media Fill Design- Pooling

During the bulk compounding pooling process outlined per **GMP-PDTMethods-0076**, bulk compounding formulation is performed at a batch size of 10 kg of non-sterile growth media. The non-sterile growth media is sterilized during solution transfer utilizing a transfer pump and a custom filter/bag assembly and/or stand alone filter.

During the sterile-to-sterile pooling process outlined per **GMP-PDTMethods-0076**, not less than 75 pooled vials using a repeater pump, not less than 2 pooled IV bags using a repeater pump, and not less than 3 pooled vials using syringes will be used to produce 1 pooling bag.

During the pooling portion of the aseptic qualification, both routine and non-routine interventions will be incorporated to challenge the personnel qualifying.

Media Fill Design- Filling

During the filling process outlined per **GMP-PDTMethods-0076,** not less than 50 final units, in the form of cassettes, not less than 50 final units, in the form of PCA vials, not less than 100 final units, in the form of syringes, not less than 100 final units, in the form of IV bags, will be filled to challenge the personnel qualifying.

During the filling portion of the aseptic qualification, both routine and non-routine interventions will be incorporated to challenge the personnel qualifying.

CLEANROOM GOWNING QUALIFICATION

NON-CONTROLLED COPY – 08/23/2023

© 2023 | Confidential

Table of Contents

1.0 PURPOSE 3
2.0 SCOPE 3
3.0 DEFINITIONS 3
4.0 RESPONSIBILITIES 3
5.0 PROCEDURE 3
6.0 APPLICABLE REFERENCES 6

© 2023 | Confidential

1.0 PURPOSE

1.1 The purpose of this procedure is to verify that each person entering the ISO 5 and 7 areas is capable of successfully and consistently executing the aseptic gowning procedure. Gowning for the ISO 7 and 5 cleanroom areas should be donned in a manner that minimizes or prevents microbial contamination that could subsequently pose a risk to the aseptic integrity of sterile drug products.

2.0 SCOPE

2.1 This procedure applies to all personnel at OurPharma that will work in the ISO 5 and 7 areas.

3.0 DEFINITIONS

3.1 CFU – Colony Forming Unit

4.0 RESPONSIBILITIES

4.1 The Quality Unit shall maintain all original files related to gowning qualification.

4.2 Operations Management shall be responsible for ensuring that only qualified personnel are allowed to work in the sterile compounding area.

5.0 PROCEDURE

5.1 General Information

5.1.1 All personnel entering the ISO 7 suite shall successfully complete an initial competency evaluation through a gloved fingertip/thumb and a five-point gown sampling procedure in triplicate before being allowed to aseptically process sterile preparations.

5.1.1.1 All personnel operating in the ISO 5 and 7 areas must pass an initial gowning qualification prior to entering the cleanroom unescorted.

5.1.2 Following initial qualification, personnel will be required to requalify on an annual basis.

5.1.3 Outside contractors, inspectors, or other personnel who need to enter the ISO 7 areas should be trained on appropriate gowning technique prior to entry, but do not have to be formally qualified since they are not performing aseptic operations.

5.1.3.1 When possible, entry should be scheduled when aseptic processing is not occurring. If needed, viewing of ISO 7 buffer rooms is available from windows in the anterooms and corridors.

5.1.3.2 If outside personnel must enter the buffer room during aseptic processing, a monthly clean in the affected area(s) may be required before aseptic

© 2023 | Confidential

operations can resume, if deemed necessary by department management or Quality. Any time entry into the ISO 7 suite occurs by someone not gowning qualified, a deviation should be written to capture and assess any potential impact on environmental control and in-process product.

5.1.4 Qualification includes plate samples resulting in zero CFUs on a gloved fingertip/thumb sample and equal to or less than three CFUs total on a five-point gown sample per attempt.

5.2 Conditional Qualification:

5.2.1 After the successful completion of the first of three executions, production personnel will be allowed to enter the ISO7 buffer room, while escorted by a qualified individual, to participate in cleanroom sanitization activities.

5.3 Initial Qualification

5.3.1 Initial qualification includes three successful, successive iterations of gowning followed by a gloved fingertip/thumb and five-point plate sampling.

5.3.2 The three gowning iterations should occur on at least two separate days in the area where routine gowning will occur.

5.3.3 The operator is not permitted to disinfect the second pair of sterile gloves after donning prior to sampling of gloved fingertips/thumbs.

5.3.4 To prevent microbial contamination, neither the sampler nor the person to be qualified should talk during the gowning qualification procedure.

5.3.5 The table below describes the action taken if the cleanroom operating personnel do not successfully pass the qualification.

	Gowning Qual	Status	Action
1st Failure	Cannot enter the cleanroom	Conditionally disqualified	Retraining – basic review of general concepts
2nd Failure	Cannot enter the cleanroom	Conditionally disqualified	Investigation into RCA, focused retraining that is more intensive
3rd Failure	Cannot enter the cleanroom	Formally disqualified	Not eligible for requalification attempt until two weeks after last failure. Employee will practice and undergo training with production management and/or quality in the interim.

© 2023 | Confidential

5.3.6 Regardless of retraining, a maximum of 5 failed attempts results in formal disqualification.

5.4 Requalification

5.4.1 Re-qualification includes one successful evaluation every year with plate samples resulting in zero CFUs on a gloved fingertip/thumb sample and equal to or less than three total CFUs on a five-point gown sample.

5.4.2 Re-qualification shall also occur if the cleanroom operator has not entered the ISO classified space for a period of two months or greater.

5.4.3 If an employee should fail two re-qualification attempts, the personnel will be required to fully requalify via the initial qualification as described above.

5.4.3.1 If full requalification of an operator is required, the Quality Unit shall perform an investigation into potential product impact.

	Gowning Qual	Status	Action
1st Failure	Cannot enter the cleanroom	Conditionally disqualified	Retraining – basic review of general concepts Observation of Technique
2nd Failure	Cannot enter the cleanroom	Conditionally disqualified	Gown based on initial qualification procedure; Quality Unit to investigate

5.5 Procedure

5.5.1 A trained quality technician begins the procedure by evaluating the general hygiene of the cleanroom operator performing the gowning qualification. This observation is documented on **GMP-Form-0013** *Hand Washing Procedure Checklist.*

5.5.2 Following the initial evaluation, the quality technician observes the handwashing technique (outlined in **GMP-SOP-0017** *Hand Washing Procedure*) of the cleanroom operator performing the qualification. This observation is documented on **GMP-Form-0013** *Hand Washing Procedure Checklist.*

5.5.3 Following the handwashing procedure, the quality technician observes the gowning technique of the cleanroom operator performing the qualification. This observation is documented on **GMP-Form-0014** *Cleanroom Gowning Qualification Checklist.*

5.5.3.1 If any non-compliance or suggestions for improvement are noted, the quality technician should make note and discuss with the cleanroom operator after sampling is complete. The cleanroom operator should initial and date next to any comments on the form.

© 2023 | Confidential

5.5.4 Upon completion of the gowning procedure, the quality technician obtains TSA contact plate samples from the left and right forearms, chest (2), and forehead as well as rolled impressions of each fingertip and thumb.

5.5.5 The plate samples shall be incubated at 20-25°C for three to five days and then 30-35°C for three to five days. Incubation start and stop times shall be documented on form **GMP-Form-0012** *Cleanroom Gowning Qualification Form.*

5.5.6 At the end of the incubation period, the CFUs on each TSA plate shall be counted by a member of the Quality Unit and documented on **GMP-Form-0012** *Cleanroom Gowning Qualification Form*. A designation of Pass/Fail should be indicated.

5.5.7 All documentation and the incubated TSA plates should be verified by a second member of the Quality Unit.

5.5.7.1 If the second member of the Quality Unit is unable to perform the review and verification on the same day, the TSA plates shall be refrigerated at 2-8°C so the plates can be read the following business day.

OurPharma

1.0 PURPOSE

1.1 This procedure outlines the general process by which incidents, deviation, Out of Specifications, and non-conformances are defined, identified, reported, logged, documented, investigated, and escalated as required by the Quality Unit.

2.0 SCOPE

2.1 This procedure applies to all incidents, deviations, and non-conformances which are generated as a result of operations which support cGMP processes and drug products.

2.2 This procedure does not apply to planned deviations.

2.2.1 Refer to **GMP-SOP-0203** *Planned Deviations*.

3.0 DEFINITIONS

3.1 CAPA – Corrective and Preventive Action

3.2 Incident – any event or occurrence observed during a cGMP process that has the potential to impact product quality.

3.3 Deviation – an observed incident in which an action occurs that is a departure from the established process or procedure.

3.4 Non-Conformance – an observed incident in which data generated was reported to be outside of the specified acceptance criteria for a production process

3.5 Out of Specification- an observed incident in which data generated was reported to be outside of the specified acceptance criteria for drug product testing.

4.0 RESPONSIBILITIES

4.1 All Personnel

4.1.1 Initiating an incident record promptly, when applicable on **GMP-FORM-0173** *Incident Record*

4.1.2 Assisting with investigations as required

4.1.3 Assisting with determining corrective actions associated with incidents, deviations, and non-conformances

4.2 Investigation Owner

4.2.1 Conducting phase 1 investigation

© 2023 | Confidential

OurPharma

4.3 Quality

4.3.1 Maintaining and assigning incident ID numbers based on **GMP-FORM-0174** *Incident Log* and **GMP-FORM-0173** *Incident Record*

4.3.2 Maintaining and assigning deviation ID numbers based on **GMP-FORM-0078** Deviation Identification Log

4.3.3 Maintaining and assigning non-conformance ID numbers based on **GMP-FORM-0176** Non-Conformance Log

4.3.4 Maintaining and assigning out of specification ID numbers based on **GMP-FORM-0172** Out of Specification Log

4.3.5 Conducting phase 2 investigations

4.4 Quality Management

4.4.1 Review and dispositioning of incident record on **GMP-FORM-0173** *Incident Record*

4.4.2 Initiating investigations on **GMP-FORM-0175** *Investigation Record*

4.4.3 Assigning investigation owner(s) and due dates on **GMP-FORM-0175** *Investigation Record*

4.4.4 Approving investigation extension(s) on **GMP-FORM-0175** *Investigation Record*

4.4.5 Determining corrective actions associated with incidents, deviations, out of specifications and non-conformances

4.4.6 Performing investigation dispositioning on **GMP-FORM-0175** *Investigation Record*

5.0 PROCEDURE

5.1 Incident Initiation

5.1.1 Print **GMP-FORM-0173** *Incident Record* for reporting an observed incident.

5.1.2 Incidents are reported to Quality by completing Section 1 of **GMP-FORM-0173** *Incident Record*.

5.1.3 The incident initiator is responsible for fully explaining the observed incident and providing details of actions taken at the time the incident was observed.

5.1.4 Efforts shall be made to ensure all incidents are reported in a timely manner with a target of less than 8-hours or within the same shift in which the observation was made.

© 2023 | Confidential

OurPharma

5.1.5 The incident initiator is responsible for completing Section 1 of **GMP-FORM-0173** *Incident Record* and delivering the completed form to Quality for incident identification.

5.2 Incident Identification

5.2.1 Quality shall review the completed Section 1 of **GMP-FORM-0173** *Incident Record* and assign an incident identification number in the format of INC-YY-MM-XXX where:

5.2.1.1 INC indicates an incident

5.2.1.2 YY designates the two (2) digit year code (ex: 2021 is assigned 21)

5.2.1.3 MM designates the two (2) digit month code

5.2.1.4 XXX designates a sequential number based on **GMP-FORM-0174** *Incident Log*, which shall start with 001 for each associated month.

5.2.1.5 Quality shall make an entry **GMP-FORM-0174** *Incident Log* and complete Section 2 of **GMP-FORM-0173** *Incident Record*.

5.2.1.6 **GMP-FORM-0173** *Incident Record* with completed Section 2 shall be delivered to Quality Management immediately following completion and in a timely manner with a target of less than 8-hours or within the same shift in which the observation was made.

5.3 Incident Disposition

5.3.1 Quality Management shall review the completed Sections 1 and 2 of **GMP-FORM-0173** *Incident Record* and shall disposition the incident as one of the following:

5.3.1.1 Closure

5.3.1.1.1 Closure shall be selected in **GMP-FORM-0173** *Incident Record* Section 3 in the event Quality Management determines the root cause of the incident is obvious based on the initiators provided details and the incident has no impact to the quality of cGMP drug products or processes.

5.3.1.1.2 Quality Management shall complete Section 3 of **GMP-FORM-0173** *Incident Record* and provide justification for closure.

© 2023 | Confidential

OurPharma

5.3.1.2 Deviation

5.3.1.2.1 Deviation shall be selected in **GMP-FORM-0173** *Incident Record* Section 3 in the event Quality Management determines that the observed incident requires further investigation and is a result of departure from an established process or procedure.

5.3.1.2.2 The incident record shall be closed by completing **GMP-FORM-0173** *Incident Record* specifically Section 3 with the corrective action referencing the deviation number and providing details of the corrective actions taken.

5.3.1.2.3 All deviations require an investigation on **GMP-FORM-0175** *Investigation Record.*

5.3.1.3 Non-Conformance

5.3.1.3.1 Non-Conformance shall be selected in **GMP-FORM-0173** *Incident Record* Section 3 in the event Quality Management determines that the observed incident requires further investigation and is a result of data generated outside of defined acceptable limits.

5.3.1.3.2 The incident record shall be closed by completing **GMP-FORM-0173** *Incident Record* specifically Section 3 with the corrective action referencing the non-conformance number and providing details of the corrective actions taken.

5.3.1.3.3 All non-conformances require an investigation on **GMP-FORM-0175** *Investigation Record.*

5.3.1.4 Out of Specification

5.3.1.4.1 Out of Specification shall be selected in **GMP-FORM-0173** *Incident Record* Section 3 in the event Quality Management determines that the observed incident requires further investigation and is a result of release data generated outside of defined acceptable limits.

5.3.1.4.2 The incident record shall be closed by completing **GMP-FORM-0173** *Incident Record* specifically Section 3 with the corrective action referencing the out of specification number and providing details of the corrective actions taken.

© 2023 | Confidential

OurPharma

5.3.1.4.3 All out of specifications require an investigation per GMP-SOP-0047 *Out of Specification SOP* and shall be documented on **GMP-FORM-0175** *Investigation Record.*

5.3.1.5 Out of Trend

5.3.1.5.1 Out of Trend shall be selected in **GMP-FORM-0173** *Incident Record* Section 3 in the event Quality Management determines that the observed incident requires further investigation and is a result of data generated outside of anticipated limits.

5.3.1.5.2 The incident record shall be closed by completing **GMP-FORM-0173** *Incident Record* specifically Section 3 with the corrective action referencing the out of trend number and providing details of the corrective actions taken.

5.3.1.6 CAPA

5.3.1.6.1 CAPA shall be selected in **GMP-FORM-0173** *Incident Record* Section 3 in the event Quality Management determines that further actions are required to prevent the occurrence of similar incidents.

5.3.1.6.2 Refer to **GMP-SOP-0003** *CAPA Procedure* for further instructions.

5.3.1.6.3 The incident report shall be closed by completing **GMP-FORM-0173** *Incident Record* specifically Section 3 with the corrective actions referencing the CAPA number.

5.4 Investigations

5.4.1 An investigation is required for all deviations, out of specifications and non-conformances as determined by Quality Management.

5.4.2 Investigations are initiated by Quality Management by completing Section 1 of **GMP-FORM-0175** *Investigation Record.*

5.4.3 Deviations shall be identified in the format of DR-YY-MM-XXX whereas:

5.4.3.1 DR signifies a deviation

5.4.3.2 YY designates the two (2) digit year code (ex: 2021 is assigned 21)

5.4.3.3 MM designates the two (2) digit month code

© 2023 | Confidential

5.4.3.4 XXX designates a sequential number based on **GMP-FORM-0078** *Deviation Identification Log*, which shall start with 001 for each associated month.

5.4.3.5 Quality shall complete an entry in **GMP-FORM-0078** *Deviation Identification Log*.

5.4.4 Non-Conformance shall be identified in the format of NCR-YY-MM-XXX whereas:

5.4.4.1 NCR signifies a non-conformance

5.4.4.2 YY designates the two (2) digit year code (2021 is assigned 21)

5.4.4.3 MM designates the two (2) digit month code

5.4.4.4 XXX designates a sequential number based on **GMP-FORM-0176** *Non-conformance Identification Log*, which shall start with 001 for each associated month.

5.4.4.5 Quality Unit shall complete an entry in on **GMP-FORM-0176** *Non-conformance Identification Log*.

5.4.5 Out of Specification Results shall be identified in the format of OOS-YY-MM-XXX whereas:

5.4.5.1 OOS signifies a out of specification

5.4.5.2 YY designates the two (2) digit year code (2021 is assigned 21)

5.4.5.3 MM designates the two (2) digit month code

5.4.5.4 XXX designates a sequential number based on **GMP-FORM-0172** *Out of Specification Identification Log*, which shall start with 001 for each associated month.

5.4.5.5 Quality Unit shall complete an entry in on **GMP-FORM-0172**

5.4.6 Out of Trend Results shall be identified in the format of OOT-YY-MM-XXX whereas:

5.4.6.1 OOT signifies a out of trend

5.4.6.2 YY designates the two (2) digit year code (2021 is assigned 21)

5.4.6.3 MM designates the two (2) digit month code

© 2023 | Confidential

5.4.6.4 XXX designates a sequential number based on **GMP-FORM-0192** *Out of Trend Identification Log*, which shall start with 001 for each associated month.

5.4.6.5 Quality Unit shall complete an entry in on **GMP-FORM-0172**

5.4.7 Quality Management shall assign personnel responsible for executing the phase 1 investigation (Investigation Owner) and associated phase 1 investigation due date.

5.4.7.1 In the event the investigation is associated with an out of specification result specific to approved 3rd party testing, Quality shall be the Investigation Owner.

5.4.7.2 As a minimum requirement of a 3rd party phase 1 investigation, a review of the completed associated documentation shall be internally conducted.

5.4.7.3 In the event laboratory error is ruled out as a root cause, a phase 2 investigation is required.

5.4.7.4 Due dates are established based on each investigation. Typically, investigations are due 30 days from initiation.

5.4.7.5 The phase 1 investigation owner may request an extension to the due date by completing the appropriate section of **GMP-FORM-0175** *Investigation Record* and providing adequate justification and a proposed due date, as agreed upon by the Quality Management.

5.5 Phase 1 Investigation

5.5.1 The phase 1 investigation shall be conducted by the phase 1 investigation owner and documented through a phase 1 report.

5.5.2 Typically, the phase 1 investigation owner is the supervisor or manager of the department or area in which the incident occurred.

5.5.3 In the event the investigation is associated with an OOS result specific to approved 3rd party testing, the 3rd party investigation utilized in lieu of an internal phase 1 investigation shall require minimally a manufacturing review of the executed batch record and/or governing document, study, or protocol.

5.5.4 The phase 1 report shall address the following minimum requirements:

5.5.4.1 Detailed description of the observed incident

5.5.4.2 Impact assessment

© 2023 | Confidential

5.5.4.3 Impact assessment to similar cGMP processes inclusive of similar products, lot/batch numbers, drug product quantities, and equipment

5.5.4.4 Detailed description of similar incidents, deviations, out of specifications and/or non-conformances

5.5.4.5 List of personnel interviewed and/or assisting in the investigation.

5.5.4.5.1 Interviews shall be documented on **GMP-FORM-0171** *Investigation Interview Form.*

5.5.4.6 Description of investigation activities performed including associated investigation methodologies and techniques, if applicable (6M, fishbone diagram, root cause analysis)

5.5.4.7 Detailed description of the root cause and/or probable causes

5.5.4.8 Detailed list of proposed corrective and preventive actions

5.5.4.9 Additional information as requested by Quality Management.

5.5.4.10 Section 2 of **GMP-FORM-0175** *Investigation Record* shall be completed by the investigation owner and forwarded to Quality Management for dispositioning.

5.5.5 Phase 1 Investigation Disposition

5.5.5.1 Following completion of investigation activities, Quality Management shall review the completed Section 1 and 2 of **GMP-FORM-0175** *Investigation Record.*

5.5.5.2 Quality management shall complete Section 3 of **GMP-FORM-0175** *Investigation Record* and document the actions taken specifically regarding impacted drug product.

5.5.5.3 Quality Management is responsible for dispositioning the investigation as one of the following and providing justification for the actions taken and disposition:

5.5.5.3.1 Closure

5.5.5.3.1.1 Closure shall be selected in **GMP-FORM-0175** *Investigation Record* in the event Quality Management determines the root cause has been identified and that the investigation conducted adequately addresses the observed incident.

© 2023 | Confidential

5.5.5.3.1.2 Quality Management shall complete the appropriate Section 3 of **GMP-FORM-0175** *Investigation Record* and provide justification for closure.

5.5.5.3.1.3 Sections 4, and 5 of **GMP-FORM-0175** *Investigation Record* shall be marked N/A.

5.5.5.3.2 CAPA

5.5.5.3.2.1 CAPA shall be selected in **GMP-FORM-0175** *Investigation Record* in the event Quality Management determines that further actions are required to prevent the occurrence of similar incidents.

5.5.5.3.2.2 Refer to **GMP-SOP-0003** *CAPA Procedure* for further instructions.

5.5.5.3.2.3 The investigation record shall be closed by completing **GMP-FORM-0175** *Investigation Record* specifically Section 3 with the justification referencing the CAPA number.

5.5.5.3.2.4 Dispositioning as CAPA serves as closure for the investigation record.

5.5.5.3.2.5 If a phase 2 investigation is not required, N/A **GMP-FORM-0175** *Investigation Record* Sections 4 and 5

5.5.5.3.3 Deviation

5.5.5.3.3.1 Deviation shall be selected in **GMP-FORM-0175** *Investigation Record* in the event Quality Management determines that additional deviations were identified during the phase 1 investigation as a result of departure from an established process or procedure.

5.5.5.3.3.2 Additional deviations identified shall be managed per this procedure.

5.5.5.3.3.3 Multiple deviations may be documented within a single investigation but are required to be assigned separate deviation numbers (DR-YY-MM-XXX).

5.5.5.3.3.4 Quality Management shall additionally determine and disposition the investigation as deemed appropriate.

© 2023 | Confidential

OurPharma

5.5.5.3.4 Non-Conformance

5.5.5.3.4.1 Non-Conformance shall be selected in **GMP-FORM-0175** *Investigation Record* in the event Quality Management determines that additional non-conformances were identified during the phase 1 investigation as a result of data generated outside of defined acceptable limits.

5.5.5.3.4.2 Additional non-conformances identified shall be managed per this procedure.

5.5.5.3.4.3 Multiple non-conformance may be documented within a single investigation but are required to be assigned separate non-conformance numbers (NCR-YY-MM-XXX).

5.5.5.3.4.4 Quality Management shall additionally determine and disposition the investigation as deemed appropriate.

5.5.5.3.5 Out of Specification

5.5.5.3.5.1 Out of Specification shall be selected in **GMP-FORM-0175** *Investigation Record* in the event Quality Management determines that additional out of specification results were identified during the phase 1 investigation as a result of data generated outside of defined acceptable limits.

5.5.5.3.5.2 Additional OOS results identified shall be managed per this procedure.

5.5.5.3.5.3 Multiple OOS results may be documented within a single investigation but are required to be assigned separate OOS numbers (OOS-YY-MM-XXX).

5.5.5.3.5.4 Quality Management shall additionally determine and disposition the investigation as deemed appropriate.

5.5.5.3.6 Out of Trend

5.5.5.3.6.1 Out of Trend shall be selected in **GMP-FORM-0175** *Investigation Record* in the event Quality Management determines that additional out of specification results were identified during the phase 1 investigation as a result of data generated outside of anticipated limits.

© 2023 | Confidential

5.5.5.3.6.2 Additional OOT results identified shall be managed per this procedure.

5.5.5.3.6.3 Multiple OOT results may be documented within a single investigation but are required to be assigned separate OOT numbers (OOT-YY-MM-XXX).

5.5.5.3.6.4 Quality Management shall additionally determine and disposition the investigation as deemed appropriate.

5.5.5.3.7 Phase 2 Required

5.5.5.3.7.1 Phase 2 Required disposition is only applicable to dispositioning of a Phase 1 investigation.

5.5.5.3.7.2 Phase 2 Required shall be selected in Section 3 of **GMP-FORM-0175** *Investigation Record* and Quality Management shall assign a phase 2 investigation owner (Quality) and due date.

5.5.6 Phase 2 Investigation

5.5.6.1 A phase 2 investigation is only required when the Quality Unit determines that additional investigation is required beyond the activities performed during the phase 1 investigation.

5.5.6.2 The phase 2 investigation shall be conducted by Quality and documented through a phase 2 report.

5.5.6.3 The phase 2 report shall address the following minimum requirements:

5.5.6.3.1 Detailed description of similar incidents, deviations, out of specifications and/or non-conformances

5.5.6.3.2 Impact assessment of the observed incident, if applicable

5.5.6.3.3 Impact assessment to similar cGMP processes inclusive of similar products, lot/batch numbers, drug product quantities, and equipment, if applicable

5.5.6.3.4 Detailed description of personnel involved in the incident associated with personnel training

5.5.6.3.5 Detailed description of the calibration and maintenance status of equipment and instrumentation associated with the incident

© 2023 | Confidential

OurPharma

5.5.6.3.6 Description of investigation activities performed including associated investigation methodologies and techniques, if applicable

5.5.6.3.7 Additional information as requested by Quality Management.

5.5.7 Phase 2 Investigation Disposition

5.5.7.1 Following completion of investigation activities, Quality Management shall review the completed Section 4 of **GMP-FORM-0175** *Investigation Record*.

5.5.7.2 Quality management shall complete Section 5 of **GMP-FORM-0175** *Investigation Record* and document the actions taken specifically regarding impacted drug product.

5.5.7.3 Quality Management responsible for dispositioning the investigation as one of the following and providing justification for the actions taken and disposition:

5.5.7.3.1 Closure

5.5.7.3.1.1 Closure shall be selected in **GMP-FORM-0175** *Investigation Record* in the event Quality Management determines the root cause has been identified and that the investigation conducted adequately addresses the observed incident.

5.5.7.3.1.2 Quality Management shall complete the appropriate Section 5 of **GMP-FORM-0175** *Investigation Record* and provide justification for closure.

5.5.7.3.2 CAPA

5.5.7.3.2.1 CAPA shall be selected in **GMP-FORM-0175** *Investigation Record* in the event Quality Management determines that further actions are required to prevent the occurrence of similar incidents.

5.5.7.3.2.2 Refer to **GMP-SOP-0003** *CAPA Procedure* for further instructions.

OurPharma

5.5.7.3.2.3 The investigation record shall be closed by completing **GMP-FORM-0175** *Investigation Record* specifically Section 5 with the justification referencing the CAPA number.

5.5.7.3.2.4 Dispositioning as CAPA serves as closure for the investigation record.

5.5.7.3.3 Deviation

5.5.7.3.3.1 Deviation shall be selected in **GMP-FORM-0175** *Investigation Record* in the event Quality Management determines that additional deviations were identified during the phase 2 investigation as a result of departure from an established process or procedure.

5.5.7.3.3.2 Additional deviations identified shall be managed per this procedure.

5.5.7.3.3.3 Multiple deviations may be documented within a single investigation but are required to be assigned separate deviation numbers (DR-YY-MM-XXX).

5.5.7.3.3.4 Quality Management shall additionally determine and disposition the investigation as deemed appropriate.

5.5.7.3.4 Non-Conformance

5.5.7.3.4.1 Non-Conformance shall be selected in **GMP-FORM-0175** *Investigation Record* in the event Quality Management determines that additional non-conformances were identified during the phase 2 investigation as a result of data generated outside of defined acceptable limits.

5.5.7.3.4.2 Additional non-conformances identified shall be managed per this procedure.

5.5.7.3.4.3 Multiple non-conformance may be documented within a single investigation but are required to be assigned separate non-conformance numbers (NCR-YY-MM-XXX).

5.5.7.3.4.4 Quality Management shall additionally determine and disposition the investigation as deemed appropriate.

5.5.7.3.5 Out of Specification

5.5.7.3.5.1 Out of Specification shall be selected in **GMP-FORM-0175** *Investigation Record* in the event Quality Management determines that additional OOS results were identified during the phase 2 investigation as a result of release data generated outside of defined acceptable limits.

5.5.7.3.5.2 Additional OOS results identified shall be managed per this procedure.

5.5.7.3.5.3 Multiple OOS results may be documented within a single investigation but are required to be assigned separate OOS numbers (OOS-YY-MM-XXX).

5.5.7.3.5.4 Quality Management shall additionally determine and disposition the investigation as deemed appropriate.

5.5.7.3.6 Out of Trend

5.5.7.3.6.1 Out of Trend shall be selected in **GMP-FORM-0175** *Investigation Record* in the event Quality Management determines that additional OOT results were identified during the phase 2 investigation as a result of release data generated outside of defined acceptable limits.

5.5.7.3.6.2 Additional OOT results identified shall be managed per this procedure.

5.5.7.3.6.3 Multiple OOT results may be documented within a single investigation but are required to be assigned separate OOT numbers (OOT-YY-MM-XXX).

5.5.7.3.6.4 Quality Management shall additionally determine and disposition the investigation as deemed appropriate.

5.5.8 Incident, Deviation, Out of Specification, and Non-Conformance Records and Logs

5.5.8.1 All executed forms and logs shall be maintained by the Quality.

© 2023 | Confidential

OurPharma

5.5.8.2 All documentation shall be kept up to date with the current status of associated incidents, deviations, Out of Specification, and non-conformances.

OurPharma

1.0 PURPOSE

1.1 This procedure defines the requirements for managing the training program at OurPharma.

2.0 SCOPE

2.1 This procedure applies to all OurPharma employees. The scope of this procedure covers new employee orientation along with training requirements for existing employees.

3.0 DEFINITIONS

3.1 CV – Curriculum Vitae

3.2 MasterControl™ - Quality management software deployed at OurPharma. MasterControl™ houses the training module.

3.3 Qualified trainer – An employee that possesses the proficiency and technique (where applicable) to train employees on a specific task or procedure. Document owners and managers are also qualified to serve as trainers.

4.0 RESPONSIBILITIES

4.1 It is the responsibility of management and Quality to ensure that employees are trained on this procedure.

4.2 It is the responsibility of each employee to be aware of the training required for his or her position and to help assure that training is administered prior to the completion of tasks.

5.0 PROCEDURE

5.1 General Information

5.1.1 Training records shall be electronically maintained in MasterControl™ for each employee.

5.1.1.1 A paper copy of **GMP-Form-0007** *Training Attendance Form* will be used to document training if MasterControl™ is down or unavailable for use.

5.1.2 Training on all job-related tasks shall be completed before the employee performs any function without direct supervision.

© 2023 | Confidential

OurPharma

5.1.3 Job Qualification Records/CVs shall be maintained by the Quality department as documented evidence that each employee is qualified to perform his/her function.

5.2 Types of Training

5.2.1 Self-Training – requires personnel to read a document and sign off on the document in MasterControl™.

5.2.2 Performance-Based Training – requires personnel to correctly perform a job-related task without assistance while a qualified trainer observes completion of the task. The trainer will document the event in MasterControl™.

5.2.3 Competency Quiz – requires personnel to answer a series of questions after reading the associated procedure in MasterControl™. A passing score of 100% must be achieved before the task can be marked as complete.

5.2.4 Instructor-Led Training – Group or individual training facilitated by an instructor using a classroom format. The trainer will document the event on GMP-Form-0007 Training Attendance Form or in MasterControl™.

5.2.4.1 Only qualified trainers may administer training.

5.3 Retraining

5.3.1 Re-training shall be performed on Standard Operating Procedures (SOPs) after content revisions.

5.3.2 Additional training or re-training may be necessary for any one of the following reasons: personnel development, new technology or equipment, an investigation, or changes in personnel roles and responsibilities.

5.3.3 Employees must receive annual training on the following:

5.3.3.1 cGMP and Quality Systems

5.3.3.2 Safety

5.3.4 Competency checks must be completed annually, no later than 14 days after due date.

5.3.4.1 In case 14 days have been exceeded:

5.3.4.1.1 Employee cannot perform task until competency check is complete.

5.3.4.1.2 Initiate an incident per GMP-SOP-0202 *Incidents, Deviations, and Non-Conformances SOP.*

© 2023 | Confidential

OurPharma

5.3.4.2 In case of competency check failure:

5.3.4.2.1 Employee cannot perform task until competency check is passed.

5.3.4.2.2 Initiate a deviation investigation per GMP-SOP-0202 *Incidents, Deviations, and Non-Conformances SOP.*

5.3.4.2.3 Perform targeted retraining.

5.4 External Training Courses

5.4.1 When personnel attend onsite training or complete remote training provided by a third-party, personnel shall supply a copy of any applicable certificates or documents indicating attendance at the training.

5.4.2 All external trainings will also be documented in MasterControl™ upon completion.

5.5 Monitoring Program for Training

5.5.1 Training records shall be monitored for completeness by the Quality Unit.

5.5.2 Any deficiencies found in the training program shall be communicated to management. Deficiencies found in an individual employees training record shall be communicated to the affected employee and their supervisor for remediation.

5.5.3 Area management is responsible for working with Quality to review specific training deficiencies noted during routine gap assessments conducted by the Compliance department, or designee.

OurPharma

1.0 PURPOSE

1.1 This procedure describes cleaning and disinfecting of the ISO-classified spaces.

2.0 SCOPE

2.1 This procedure applies to all ISO-classified spaces.

3.0 DEFINITIONS

3.1 BSC – Biological Safety Cabinet

3.2 IPA – Isopropyl Alcohol

3.3 SIPA – Sterile Isopropyl Alcohol

3.4 Production Week – Generally Monday through Friday, excluding holidays. For the purposes of this procedure, "daily" is intended to mean each day of the production week.

3.5 Cleaning – The act of using a chemical agent to remove accumulated material on a surface until the surface is visibly clean and free of residue. This accumulated material/residue can include dirt, residual disinfectant, and extraneous process material.

3.6 Sanitizing – The act of using a chemical agent to reduce the microbial bioburden on a surface. Sanitizing requires that the surface is visibly clean.

3.7 Disinfecting – The act of using a chemical agent to kill the microbial bioburden on a surface.

3.8 Sporicidal Agent – A chemical agent that is utilized to reduce the bioburden of spore-forming microbes. Unless otherwise specified, this is DECON-SPORE 200 Plus.

3.9 Triple Clean – The act of performing the cleaning/disinfecting requirements in triplicate, as a layer each of the applicable monthly solution, the off-month solution, followed by DECON-SPORE 200 Plus.

3.10 API – Active Pharmaceutical Ingredient

3.11 ALCOA – Attributable, Legible, Contemporaneous, Original, Accurate

3.12 Work Surfaces – Horizontal work surfaces of carts and tables, cart handles, equipment, chairs, pens, clipboards.

3.13 Full Work Surfaces- all surfaces of carts, tables, chairs, etc.

3.14 cGMP Processes – Aseptic material transfer, batch filling in buffer rooms, batch pooling in negative storage, media fills, EMPM sampling, material sanitization.

3.15 Plenum- open space beneath deck of BSC.

3.16 True bottom- area of deck below the plenum.

© 2023 | Confidential

OurPharma

4.0 RESPONSIBILITIES

4.1 It is the responsibility of all appropriately assigned OurPharma employees to follow this procedure for cleaning and disinfecting all ISO-classified spaces.

4.2 It is the responsibility of OurPharma management to ensure that assigned employees are properly trained and qualified on this procedure and the appropriate documentation thereof.

4.3 It is the responsibility of the Quality Unit to perform a regular review of all cleaning activity documentation and to immediately notify the applicable manager of any deficiencies.

5.0 PROCEDURE

5.1 Training

5.1.1 All personnel must be trained and qualified before engaging in unsupervised ISO-classified disinfecting and cleaning activities using **GMP-Form-0058** *Facility Cleaning Qualification Checklist*. Requalification is required annually.

5.1.1.1 All personnel must be trained and qualified on each competency below prior to performing independently. Requalification is required annually on each competency.

5.1.1.1.1 **GMP-Form-0187** *Vileda Mopping System Mop Prep – Competency Check*

5.1.1.1.2 **GMP-Form-0194** *Competency Check – Passthrough Sanitization*

5.1.1.1.3 **GMP-Form-0146** *Powder Hood Sanitization – Competency Check*

5.1.1.1.4 **GMP-Form-0219** *Competency Check – BSC Sanitization*

5.2 Chemical Solutions

5.2.1 Only approved cleaners, disinfectants, deactivation agents, decontaminants, and sporicidal solutions shall be used in the ISO-classified spaces.

5.2.2 DECON-CYCLE and DECON-QUAT are the regularly scheduled monthly rotating disinfectants for cleaning/disinfecting of all surfaces and fixed equipment within the ISO-classified spaces. DECON-SPORE is the regularly scheduled sporicidal agent.

5.2.2.1 Monthly rotation of disinfectants shall follow the schedule below (**Table 1**).

Table 1

Month	Disinfectant 1	Disinfectant 2
Jan, Mar, May, Jul, Sep, Nov	DECON-QUAT	
Feb, Apr, Jun, Aug, Oct, Dec		DECON-CYCLE

© 2023 | Confidential

5.2.3 In the event that the chemical of the month is not available due to supply issues, the alternate chemical of the month may be substituted (ex: Decon Quat in place of Decon Cycle) with Quality management approval. If approved, an annotation is required within the associated cleaning log(s).

5.2.4 Substitution of another chemical solution must follow **GMP-SOP-0002** *Change Control* and be documented on **GMP-Form-0011** *Change Control Documentation Form*.

5.2.5 Dry, sterile wipes used for material sanitization shall be routinely discarded and replaced to prevent the accumulation of bioburden. The frequencies of replacement are listed below:

5.2.5.1 ***ISO8 corridor*** and ***material transfer room*** wipes shall be replaced prior to each weekly and monthly clean.

5.2.5.2 ***ISO7 buffer room*** wipes shall be replaced daily if the space is used for production activities.

5.2.6 Chemical spray bottles and solution containers shall be labeled with a 30-day expiry from date of opening.

5.2.6.1 Expiry dates should be checked prior to using any chemical spray bottles or solution containers to ensure they are within expiry.

5.2.7 When opening a new chemical spray bottle or solution container, the active ingredient shall be added, and the bottle marked to indicate that the mixing of the active ingredient with the inert material took place.

5.2.7.1 All opened chemical spray bottles or solution containers shall be labeled with the opened date, beyond use date, and the initial set of the person opening the container.

5.2.8 Pre-saturated wipes used in ISO7 and ISO8 areas shall be labeled with a 7-day expiry from date of opening.

5.2.8.1 All opened pre-saturated wipes shall be labeled with the opened date, beyond use date, and the initial set of the person opening the container.

5.2.8.2 Pre-saturated wipes may only be used in the ISO classification they were opened in or a higher classification.

5.2.8.3 Pre-saturated wipes opened within the ISO5 BSC shall remain on the BSC deck during compounding activities. These wipes will be used for routine deck sanitization. Any remaining wipes shall be removed from the BSC and labeled with a 7-day expiry from the date of opening to be used in the ISO7 buffer room.

© 2023 | Confidential

OurPharma

5.2.8.4 If pre-saturated wipe *packages* are moved to a room of a higher ISO classification (i.e., opened in ISO 7 then moving the package into ISO8), the wipes shall not be used again in the ISO 7 classified space.

5.3 General Requirements

5.3.1 Always sanitize from cleanest to dirtiest. Begin at the cleanest part of the room, furthest point from the exit door, and work towards the dirtiest part of the room near the exit door.

5.3.1.1 Equipment/Furniture may be cleaned in any order within the room as long as the requirements of cleaning from cleanest to dirtiest for each piece of equipment/furniture is followed.

5.3.2 When cleaning/disinfecting the entire room, work should be performed from top to bottom, beginning with ceilings, followed by walls/pass-throughs, then equipment/furniture surfaces, and finishing with floors.

5.3.2.1 Cleaning of walls may commence only once the ceiling above the wall has been completed. The area of the wall being cleaned shall never pass the last cleaned area of the ceiling as cleaning shall always been performed from cleanest to dirtiest.

5.3.2.2 The FFU grates on the ceiling shall not be mopped to avoid potential damage to the filters.

5.3.2.3 If there are multiple people cleaning one room, it is acceptable to clean surfaces of equipment/furniture while cleaning the walls/pass-throughs as long as the cleaning of the ceiling above the area where equipment/furniture has been completed.

5.3.2.4 Mops shall not be shared between different types of surfaces (e.g. wall/pass-through mops shall not be used on surfaces of equipment/furniture and vice-versa).

5.3.3 When cleaning/disinfecting more than one room, begin in the most critical room and proceed toward the least critical room.

5.3.4 Personnel should mop themselves out of a room while making an effort to not walk on a floor surface that has already been cleaned.

5.3.4.1 Corridor floors should be cleaned in an order to prevent personnel from walking over a clean floor surface as they exit suites. Personnel should mop themselves out of the corridor and into the change room.

5.3.5 In order to efficiently clean furniture, there may be times when materials/supplies (including non-routine items such as tools and caulk guns) need to be placed

© 2023 | Confidential

OurPharma

onto an already cleaned surface. This is acceptable only if the materials/supplies have been wiped down appropriately with a 70% SIPA wipe prior to placing on the clean surface.

5.4 Sanitization Frequency

5.4.1 Daily cleaning/disinfecting must be performed each day in areas accessed.

5.4.1.1 Quality Management may waive the daily clean requirement, on a case-by-case basis. In this case, an annotation is required on Facility Cleaning Log(s) to document impacted areas and justification.

5.4.2 Weekly cleaning/disinfecting must be performed within each calendar week, not to exceed 9 days between cleans.

5.4.2.1 Plenums/grates of BSCs and powder hoods shall be removed and sanitized during each weekly clean.

5.4.3 Monthly cleaning/disinfecting must not exceed 35 days between cleans.

5.4.3.1 Plenums/grates of BSCs and powder hoods shall be removed and sanitized during each monthly clean.

5.4.4 In the event negative storage is used for the concurrent formulation of products with no change in APIs and excipients, then a 70% SIPA wipe down of the powder containment hood and any weighing equipment shall be completed after the dispensing of the first batch's powders but prior to beginning the dispensing of the bulk powders for the following batch.

5.4.4.1 Examples:

5.4.4.1.1 Formulations such as morphine 1mg/mL for syringes and morphine 1mg/mL for PCA vials can be formulated together.

5.4.4.1.2 Formulations such as hydromorphone 0.2mg/mL can be formulated concurrently with hydromorphone 1mg/mL.

5.4.4.1.3 Formulations of fentanyl and fentanyl & ropivacaine cannot be formulated together.

5.4.4.2 If the space will then be used for the formulation of products with different APIs and/or excipients, or media powder within the same day, a daily clean of the room followed by a pre-production hood clean shall be completed prior to beginning the next batch to prevent cross contamination of bulk powders.

© 2023 | Confidential

OurPharma

5.4.5 On the last day of the production week, a wipe down of the BSC deck with 70% SIPA may be completed in lieu of a daily clean within the ISO7 buffer rooms, ante rooms, and degown rooms, provided that:

5.4.5.1 A monthly or weekly clean is performed the following week prior to resumption of production activities.

5.4.5.2 The time between the delayed clean and the mitigating clean does not exceed 5 days.

5.4.5.3 Delayed cleans are NOT APPROVED for:

5.4.5.3.1 ISO8 corridors, ISO8 material transfer rooms, negative storage, or negative handwash.

5.4.5.3.2 Any suites used for aseptic process validations or aseptic personnel qualifications.

5.5 Non-Routine Sanitization Activities

5.5.1 When pooling and filling processes occur back-to-back within the same BSC, 70% SIPA may be used to clean/disinfect the deck between pooling activities and filling activities, rather than completing a second pre-production hood clean.

5.5.2 If a BSC powder hood is used for the production of multiple lots of identical drug products within the same day, the daily clean may be performed at the end of the last batch of the day.

5.5.3 A monthly clean is required in affected BSC after media fill batches are complete. In the event that the suite will be exclusively used to complete media fill batches for multiple days within 1 calendar week, it is acceptable to complete the monthly clean of the affected areas after the last scheduled media fill is complete. The monthly clean shall be completed prior to initiating production activities.

5.5.4 A monthly clean is required in affected areas after extensive maintenance work, smoke studies, or HEPA certifications are completed.

5.5.4.1 In the event that HEPA certification is performed, a daily clean is not required post execution, provided that a monthly clean is performed prior to initiating production activities.

5.5.5 A triple clean is required to return affected areas to service following an extensive HVAC shutdown. A triple clean may also be required per Quality Management for incidents that lead to a breach of the ISO-classified space.

5.5.5.1 A gross clean may be performed before a triple clean, as needed.

5.5.6 In the event that drug product or media is sprayed onto the diffuser grate within the BSC, the grate will be removed to inspect the filter. After inspection, the entire

© 2023 | Confidential

grate shall be cleaned with Decon-Spore, rinsed with SIPA, and replaced. The required clean of the BSC can commence after the replacement of the grate.

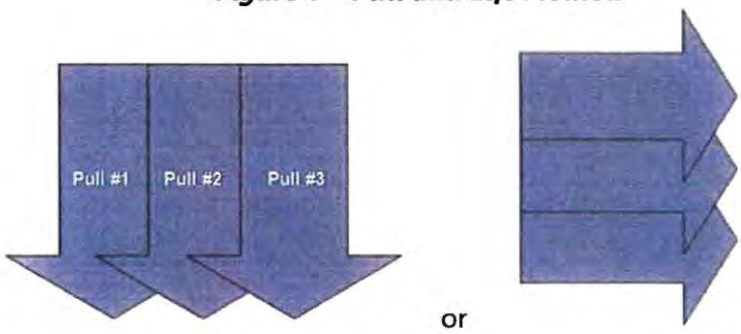
5.5.7 Additional cleans may be performed on an as needed basis as approved by Quality Management.

5.6 Cleaning and Disinfection Technique

5.6.1 All personnel must complete the appropriate section(s) of Facility Cleaning Log(s), with initial set and date as promptly as possible following cleaning of each area within the cleanrooms.

5.6.2 Approved techniques utilizing side to side or up and down overlapping strokes are depicted in **Figure 1** and **Figure 2**.

Figure 1 – Pull and Lift Method



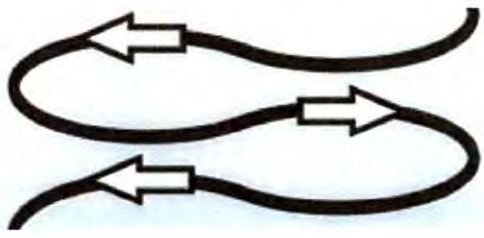


Figure 2 – Figure Eight Method

5.7 Contact Times

5.7.1 All applied chemicals must achieve the appropriate contact time as shown in **Table 2**.

© 2023 | Confidential

OurPharma

Table 2

Chemical	Contact Time
Decon – Quat	NLT 10 minutes
Decon – Cycle	NLT 10 minutes
Decon – Spore	NLT 5 minutes

5.8 Preparation Activities

5.8.1 Enter the cleanroom per **GMP-Drawing-0002** *Clean Room People, Material, and Waste Flow Diagrams.*

5.8.2 Mops shall be prepared per **GMP-WI-0005** *Aramark Vileda Mopping System Work Instruction.*

5.8.3 Disinfect all mop handles by wiping with a 70% SIPA saturated wipe and allow to air dry.

5.9 Sanitization Activities

5.9.1 Cleanroom sanitization activities shall be performed as outlined in **Table 3**.

5.9.2 During monthly cleans, or the sporicidal rotation of the triple clean, respirators shall be worn by all employees participating.

5.9.3 Enclosed containers stored in the classified space and the contents within those containers shall be sanitized during the monthly cleans. The exterior of the containers ONLY will be sanitized during the weekly cleans.

5.9.3.1 Items will be removed from the container, then the container and the items will be sanitized with the appropriate cleaning solution, and then placed back inside the container.

5.9.3.2 During the daily cleans, the handles and the bottom of the totes shall be sanitized.

5.10 Decontamination

5.10.1 If different bulk drug products are made on the same day, a daily clean of negative storage is required prior to executing the next batch.

5.10.2 If bulk media powder is used, a monthly clean of negative storage shall be performed.

5.11 Residue Removal

5.11.1 70% SIPA applied with a mop or spray bottle followed by removal with a squeegee ***may*** be used to remove chemical solution residue from windows/doors during weekly cleans on an as needed basis. This step must be performed prior to application of chemical of the month.

5.11.2 70% SIPA applied with a mop or spray bottle followed by removal with a squeegee ***shall*** be used to remove chemical solution residue from windows/doors during each monthly clean. This step must be performed prior to application of DECON-SPORE.

5.12 Post Sanitization Activities

5.12.1 Review Facility Cleaning Log(s) for completeness.

5.12.2 Ensure all furniture and equipment is put back in position neatly.

5.12.3 Collect all soiled mopheads.

5.12.4 Dispose of all trash and empty chemical bottles.

5.12.5 Disinfect all used mop buckets, sieves, measuring cups, and mop handles with 70% SIPA and remove excess 70% SIPA with dry wipes to mechanically facilitate drying items such as buckets.

© 2023 | Confidential

OurPharma

5.13 Spill Response

5.13.1 Minor Spills (≤50mL) of non-hazardous drugs inside or outside of the ISO5 BSC must first be cleaned using a dry, sterile, non-shedding wipe to absorb the liquid. After the material has been removed using dry wipes, the area shall then be disinfected with 70% SIPA.

5.13.2 Non-hazardous liquid drug spills containing dextrose shall be treated as above, except that the area must be cleaned with sterile water after removing the spilled material with a non-shedding wipe, then disinfected with 70% SIPA.

5.13.3 Media spills shall be treated as above, except that the area must be cleaned with DECON-SPORE followed by 70% SIPA.

5.13.4 In the event that a spill occurs on scales/balances, the scale/balance shall be cleaned both above and below the weigh pan.

5.13.5 Larger spills of liquid or powder of non-hazardous drugs inside or outside of the ISO5 BSC shall be treated as follows:

5.13.5.1 Alert others to the spill and use appropriate signage to restrict access to the area of the spill. Do not leave the spill unattended.

5.13.5.2 Obtain the nearest Spill Kit, if required.

5.13.5.3 If spill occurs outside of the buffer room, don the following PPE: safety glasses, frock, two pairs of sterile gloves.

5.13.5.4 Perform spill cleanup per Spill Kit instructions.

5.13.5.5 Once spill has been removed, decontaminate the area(s) of the spill with DECON-SPORE and then disinfect with 70% SIPA after 5-minute contact time.

OurPharma

Appendix 1

6.0 BSC HOOD CLEANING:

6.1 When performing clean, always clean from cleanest-to-dirtiest (back-to-front, side-to-side, and top-to-bottom). (See **Figures 3 and 4**)

6.1.1 Cleaning the Interior of the BSC:

6.1.1.1 Saturated wipes should be folded into quarters and flipped to a new quarter each time a new surface of the BSC is cleaned.

6.1.1.2 Using a wipe, clean the IV bar and brackets, flip to next quarter. Clean the space around the IV bar on the walls. Flip to the second side of the wipe, clean the camera on the right wall of the hood and the space around it. With the last quarter of the wipe, clean the grommet. Discard wipe.

6.1.1.3 Using the mop, first clean the back wall and then the right wall. Leave the mop on the deck for later use.

6.1.1.4 Using a new wipe, clean the camera and outlet, then flip to the next quarter. Then proceed to clean the rest of the left wall. Flip to the second side of the wipe and clean the sash. With the last quarter of the wipe clean the samplers. Move the samplers to the front half of the deck and discard wipe.

6.1.1.4.1 For detailed instructions regarding how to clean the left wall, refer to **Appendix 3**.

6.1.1.5 Using a new wipe, clean the corners/edges of the perimeter of the deck (not the grill/armrest), set the wipe aside on the deck.

6.1.1.6 Using the mop from previous steps, wipe the back half of the deck.

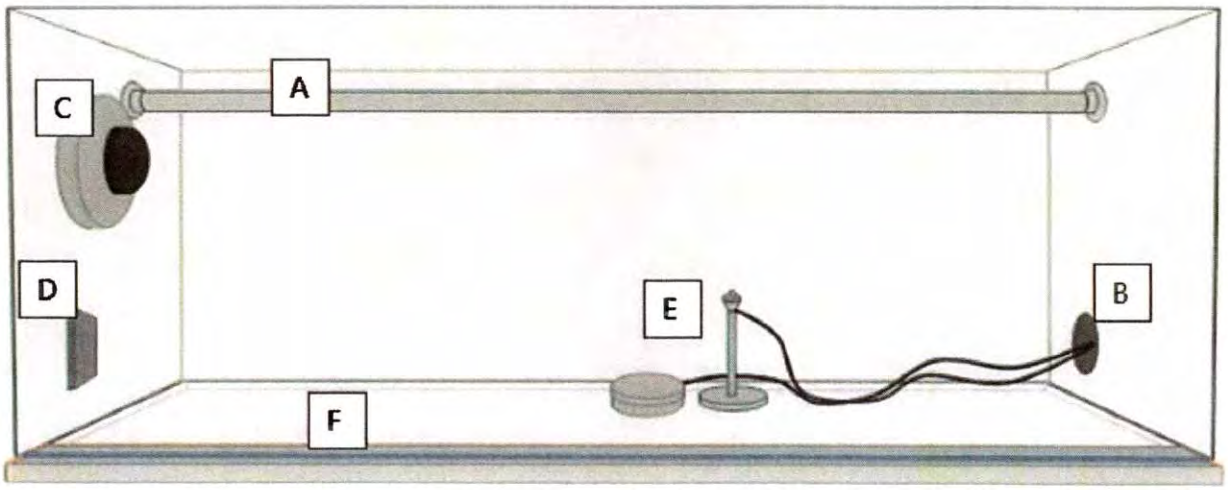
6.1.1.7 Using the previous wipe, flip to the next quarter and clean the bottoms of the samplers and move them to the back of the deck. Place the wipe on the grate.

6.1.1.8 Clean the front half of the deck with the mop. Discard mop. Using the wipe, flip to the next quarter and clean the grill and armrest from side-to-side. Discard wipe.

6.1.2 Performing a clean of the plenum of the BSC:

6.1.2.1 To access the plenum, first remove the armrest by lifting the deck using the circular handles. Place the armrest on a table or carts. Next, pull the deck out of the hood halfway to expose the true bottom and place the samplers on the true bottom. Once the samplers have been moved, completely remove the deck, and position it upside down on a flat surface.

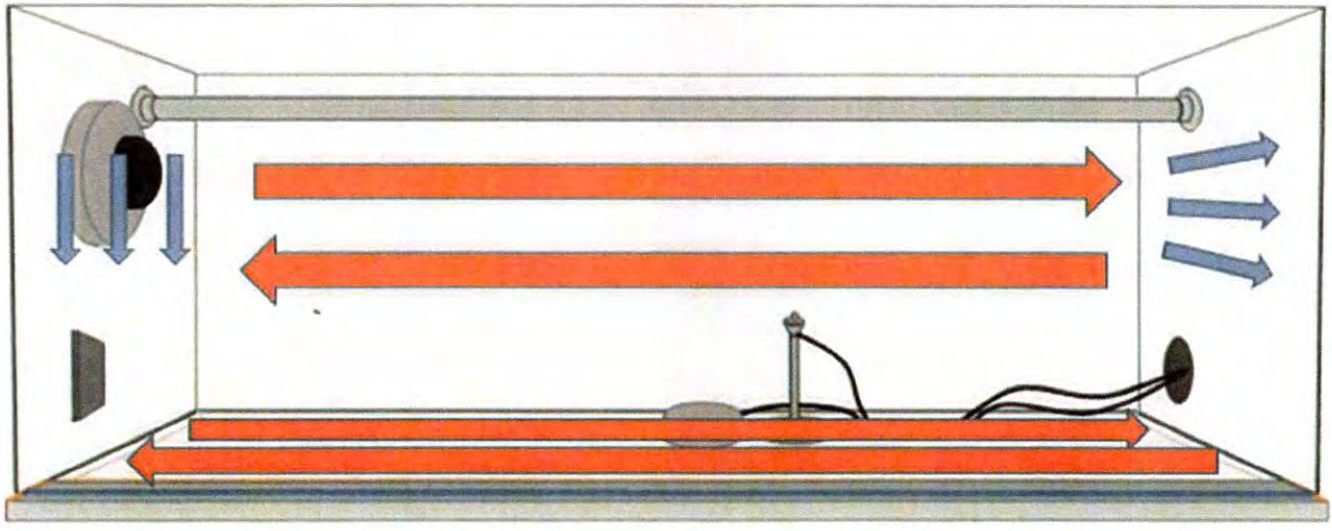
6.1.2.2 Using a mop, clean the sides of the walls where the deck sits, then clean the true bottom.



© 2023 | Confidential

6.1.2.3 Using a mop, clean the underside (now facing up) of the armrest and deck.

6.1.2.4 Using a wipe or mop, remove and clean each bracket, placing them on the newly cleaned underside of the deck.



6.1.2.5 Once all parts have been cleaned, put them back into position and clean the rest of the hood as outlined above.

Figure 3

Parts of the hood: A – IV Bar, B – Grommet, C – Camera, D – Outlet, E – Samplers, F – Grill and Armrest

APPENDIX 2

7.0 POWDER HOOD BSC CLEANING:

7.1 Cleaning the Interior of the Powder Hood BSC:

7.1.1 Saturated wipes should be folded into quarters. A new quarter should be used for each new surface.

7.1.2 Equipment within the powder hood, such as scales and printers, shall be carefully moved out of the hood when cleaning to access all areas.

7.1.3 Using a mop, clean the ceiling, then back wall, then side walls, then inside of the sash, and lastly the deck and bottom of equipment. Mop the deck from side-to-side, back-to-front.

7.1.4 Use a wipe to clean the outside of the elbow rest, side-to-side.

7.1.5 Lastly, use a wipe to clean the collection tray in front of the elbow rest, side-to-side.

7.1.6 Using a new wipe, clean exterior of the necessary hood equipment needed for compounding with 70% SIPA before placing back into the powder hood. Flip to a new side of the wipe after each piece of equipment cleaned.

7.2 Performing a clean behind the grate of the Powder Hood BSC:

7.2.1 Saturated wipes should be folded into quarters. A new quarter should be used for each new surface.

7.2.2 Equipment within the powder hood, such as scales and printers, shall be carefully moved when cleaning to access all areas.

7.2.3 Detach the grate by unscrewing the two screws located in the top corners of the grate surface.

7.2.4 Proceed to clean all newly exposed areas with a mop or wipes, top-to-bottom, side-to-side, cleanest-to-dirtiest.

7.2.5 After the back of the grate and areas behind it have been cleaned, replace the grate and screws to proceed with standard BSC powder hood clean as described above.

7.2.6 If a hood is used in the production of different drug products, the grate shall be cleaned/disinfected with the applicable monthly solution between their production if a drug has sprayed or leaked behind the grate. Otherwise, the grate shall be fully accessed and cleaned as described In **Table 3**.

OurPharma

1.0 PURPOSE

1.1 This Standard Operating Procedure (SOP) describes the packaging and shipping procedures to be used by OurPharma staff to ensure the safe arrival of the products to customers or the laboratory for analyses. These procedures have been developed to reduce the risk of damage to the products (i.e., breakage of the containers) and prevent spillage of the material should a container be broken.

2.0 SCOPE

2.1 This procedure applies to all OurPharma employees involved in the packaging and/or shipping process.

2.2 This procedure applies to all finished drug products being shipped to customers or samples being sent to third party contract labs.

3.0 DEFINITIONS

3.1 Box (Inner Box) – A box that holds units of finished drug product or product samples being packaged for shipment or distribution. These may be shipped as is or placed inside a shipper in multiples.

3.2 Shipper – An outer box that contains one or more inner boxes.

3.3 NMT – No More Than

3.4 Primary Packaging- the packaging with direct contact with product container

4.0 RESPONSIBILITIES

4.1 It is the responsibility of all OurPharma employees involved in packaging and/or shipping to follow this procedure.

4.2 It is the responsibility of the Pharmacist to supervise the packaging of controlled substance products per **GMP-SOP-0165** *Pharmacist Supervision*.

5.0 PROCEDURE

5.1 General Requirements:

5.1.1 During the packaging and shipping process, units shall be handled gently to avoid manipulation of critical components and to ensure the integrity of the container closure is not compromised.

5.1.2 Personnel shall don a hairnet, mask, and gloves prior to packaging into primary packaging.

5.1.2.1 PPE is not required once units have been packaged into primary packaging.

© 2023 | Confidential

5.1.3 Controlled Substances shall be handled per **GMP-SOP-0038** *Compounding and Distribution of Controlled and Listed Substances.*

5.1.4 All personnel shall utilize the supplied bubble wrap to fill void space in boxes and shippers to ensure the integrity of the package shipment (see **Figures 1-6**). The only exception to this is when there are fewer than 30 PCA vials being shipped in a PCA box (see PCA Vials 6.1.4.1 below).

5.1.5 All boxes and shippers shall be taped with secure, reinforced packing tape from the water activated tape dispenser in the shipping area after contents of order are confirmed by area supervisor, pharmacist, or designee.

5.1.5.1 Prior to beginning the process, the tape dispenser reservoir should be checked to ensure there is adequate water present.

Table-1: Shipping Materials

Item	Description			
Box – Option 1	Cardboard Box – 12" x 10" x 4"			
Box – Option 2	Cardboard Box – 12" x 10" x 10"			
Box – Option 3	Cardboard box – 13" x 11" x 13"

6.0 PRODUCT PACKAGING:

6.1.1 Cassettes

6.1.1.1 Cassettes shall be packaged in tamper evident Ziploc bags that will be heat sealed closed after a cassette is placed in the bag. Refer to **GMP-SOP-0163** *Impulse Heat Sealer SOP* for instructions on proper heat-sealer use. See **Figure-1** for example.

6.1.1.1.1 **NOTE:** A layer of bubble wrap shall be placed in between each layer of 50mL or 100mL cassettes to prevent movement during transit.

Container Type Cassettes (Family A)	# units per *heat sealed* bag	# *heat sealed* units (NMT) per box (12"x10"x4")	# *heat sealed* units (NMT) per box (12"x10"x10")

6.1.2 Syringes

6.1.2.1 Syringe sizes whose primary labels do not contain adequate room for all required label content per **GMP-SOP-0033** *Compounded Sterile Product Label SOP*, shall have a secondary product label placed on the outside of each secondary package Ziploc bag that includes content omitted from the primary label.

6.1.2.1.1 Reference batch record for those products requiring secondary labels.

6.1.2.1.2 **NOTE:** Large bubble wrap shall be used to line the 13" x 11" x 13" box used for 50mL syringes.

Syringes (Family B)	# units (NMT) per Ziploc bag	# Ziploc bags (NMT) per primary box (12"x10"x10" or 11-1/8"x9"x11-1/8" or 13"x11"x13")
3mL / 5mL (up to 100 units)	10 **(6"x9" bag)**	10 – 6"x9" bag(s) in 12"x15" clear UV-protected bag; 100 units total per box **Box Size**: 12"x10"x4"
3mL / 5mL (101 to 300 units)	10 **(6"x9" bag)**	10 – 6"x9" bag(s) in 12"x15" clear UV-protected bag; 300 units (3 x 12"x15" bags) total per box **Box Size:** 11-1/8"x9"x11-1/8"
30mL / 35mL Syringe	10 **(12"x15" bag)**	7 – 12"x15" clear UV protected bags; 70 units total per box **Box Size**: 12"x10"x10"
30mL Plungerless Syringe	10 **(12"x15" bag)**	12 – 12"x15" clear UV protected bags; 120 units total per box **Box Size**: 12"x10"x10"
50mL	5 **(12"x15" bag)**	10 – 12"x15" clear UV protected bags; 50 units total per box **Box Size**: 13"x11"x13"

6.1.3 IV Bags

6.1.3.1 IV bags shall be packaged in tamper evident Ziploc bags that will be heat sealed closed after an IV bag is placed in the bag. Refer to **GMP-SOP-0163** *Impulse Heat Sealer SOP* for instructions on proper heat-sealer use. See **Figure-3** for example.

6.1.3.2 Individually heat-sealed IV bags shall be packaged with TEC injection port covers and placed in a large Ziploc bag. See **Figure-3** for example.

6.1.3.3 **NOTE:** If only one 12"x10"x4" box is needed, it does not need to be placed in a shipper box (14"x14"x14")

6.1.4 PCA Vials

6.1.4.1 PCA vials shall be packaged with: one (1) layer of thin bubble wrap placed under the grid-forming partition/insert and one (1) layer on top of the partition/insert. See **Figure-4** as an example.

6.1.4.1.1 Most outer box of the shipment shall be labeled with a "*Fragile*" sticker.

6.1.4.1.2 **NOTE:** If 30, or fewer PCA vials are shipped, the primary PCA box does not need to be placed in a shipper box.

PCA Vials (Family D)	# units (NMT) per PCA box (8-7/16"x7"x4-1/4")	# PCA boxes (NMT) per shipper (11-1/8"x9"x11-1/8")

6.2 Shipper Packaging

6.2.1 Void space in shippers shall be filled with an adequate amount of bubble wrap to prevent movement of inner boxes during shipping and distribution. See **Figure-6.**

6.2.1.1 **Note:** The void space in the top of the box on the right would be filled with bubble wrap prior to shipment. It was excluded from this picture for the purpose of displaying how the void space along the sides of the box should be filled.

Figure-6: Shipper Packaging

Shipper with Three (3) Boxes	**PCA Shipper with Two (2) PCA Boxes**
	

6.3 Packing Slips:

6.3.1 When an order is received, and the product is available for sale, a packing slip should be generated.

6.3.2 When an order is received it shall be entered into Syspro per **GMP-SOP-0096** *Sales Order.*

6.3.3 When the product is ready to ship, the packing slip is then printed, and the order closed within Syspro.

6.3.4 The packing slip shall contain the company logo and the following information:

6.3.4.1 Ship date

6.3.4.2 Order data

6.3.4.3 PO #

6.3.4.4 Ordered by "Company" Name

© 2023 | Confidential

6.3.4.5 Ship to address (as stated on the DEA registration, if the product sold is a controlled substance)

6.3.4.6 Product NDC#

6.3.4.7 Item Description

6.3.4.8 Drug Classification

6.3.4.9 Order Quantity

6.3.4.10 Ship Quantity

6.3.5 Two copies of the packing slip should print.

6.3.5.1 One copy should be given to the Pharmacy Manager, and one given to Customer Service Manager or designee once the package is shipped.

6.3.5.2 The original packing slip should be placed inside the package before being sealed.

6.4 Shipping:

6.4.1 Packages must bear the appropriate hazard and handling labels.

6.4.2 All product shipments shall require an entry on **GMP-Form-0139**, *Product Shipment Log.*

6.5 Shipping Labels

6.5.1 A computer is designated in Shipping for use with FedEx Ship Manager software. This program is used to prepare and maintain shipping labels using stored databases of addresses.

6.5.2 Shipping labels will be printed from FedEx Ship Manager and placed on package(s).

6.5.3 Setups – FedEx – FedEx software is installed and updated by FedEx through a web interface. Updates for rates occur on a periodic basis and do not need review from IT. Program updates are applied by IT as needed with proper review of any functional changes.

6.5.4 Setups –ShipLink – ShipLink is installed on the local PC with a cloud configuration backup. ShipLink starts the process of shipping a Syspro order and launches the FedEx application to provide an integrated shipping solution. Packages shipped with ShipLink will have the FedEx tracking information stored on the order and printed on the invoice.

6.6 Package pickup:

6.6.1 FedEx pickups are scheduled daily as a regularly scheduled stop on FedEx route. If there is no regularly scheduled package pickup, an employee with FedEx login credentials can schedule a FedEx pickup.

6.6.1.1 If there is no regularly scheduled package pickup, an employee with FedEx login credentials can schedule a FedEx pickup by going online to https://www.fedex.com/en-us/service-guide/pickup-

© 2023 | Confidential

OurPharma

delivery.html#:~:text=Select%20Schedule%20a%20Pickup%20or,qualify%20for%20regular%20scheduled%20pickups. to request date and time for package pickup. Anyone can schedule a pickup by calling FedEx Customer Support at 1.800.463.3339.

6.6.1.2 You must enter pickup address and designate the service needed - express or ground. Enter package information which includes total number of packages, weight, pickup date, ready time, and latest time available.

6.6.1.3 Pickups can only be scheduled two business days out. Same day express pickup requests should be made at least 1.5 hours before closing time. Ground pickups must be requested one business day prior.

6.6.2 A computer is designated in Shipping for use with FedEx Ship Manager software. This program is used to prepare and maintain shipping labels using stored databases of addresses. For Syspro related orders, it also contains the Shiplink application. To initiate the Fedex program to generate a label, enter order number into Shiplink.

6.6.3 The following steps are to be used to prepare shipping label using FedEx Ship Manager:

6.6.3.1 In the "Shipment Details" tab, check accuracy of shipping address under Recipient Information (system can perform detailed address check). When you enter entity in the "Recipient ID" field, it will populate if address was stored in the database.

6.6.3.2 Under "Sender Information," check the return address for OurPharma (automated).

6.6.3.3 Package and shipment details:

6.6.3.4 Number of packages for this address (can mark if multiple and if identical in size & weight)

6.6.3.5 Weight (pulls information from scale connected to system)

6.6.3.6 Service type – It is very important to select appropriate service (Note: FedEx Priority Overnight delivery guaranteed by 10:30am to most U.S. addresses; Standard Overnight delivery guaranteed by 4:30pm to most U.S. addresses)
5.6.3.6.1 Packages containing finished drug products should be shipped Priority Overnight to both customers and contract labs.

6.6.3.7 Package type – If using own packaging, can enter dimensions.

6.6.3.8 Ship date (automatically puts today's date but can be changed accordingly)

© 2023 | Confidential

OurPharma

6.6.3.9 Declared value

6.6.3.10 Enter the PO number in "Reference" so that information prints on the shipping label.

6.6.3.11 Select "Options" tab at top and under "Signature Options," choose Direct Signature Required from the drop-down menu.

6.6.3.12 Select "Ship Alert" tab at top. Enter email address of Customer Service Manager to send email notifications regarding:

6.6.3.12.1 Shipment Notification

6.6.3.12.2 Exception Notification

6.6.3.12.3 Delivery Notification

5.6.3.13 Print shipping label and place on package(s). The small, attached label that prints with tracking # is placed on the packing slip copy going to customer service. This will be used to print the Invoice.

3. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been subject of an administrative action or proceeding relating to the pharmaceutical industry?	X	
4. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances?		X
5. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)?		X

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-5, you have marked "YES" to in section 2 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 3. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
Jan. 2020		NV		

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court
	Nevada Dept. of Health & Human Services

Reason/Charge
Failure to timely submit certain information required by NV Revised Statute (NRS) 439B.600-439B.695

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy

Name of Business/Industry/Entity
Daiichi Sankyo, Inc.

Provide explanation below:

In January 2020, the Nevada Department of Health & Human Services (DHHS) imposed a penalty in the amount of $31,350 on Daiichi Sankyo, Inc. for its failure to timely submit certain information required by the Nevada Revised Statutes (NRS) 439B.600 through 439B.695 concerning transparency in the pricing of certain diabetes medications.

In January 2015, DSI entered into a settlement agreement with various agencies of the United States government related to allegations that DSI submitted false claims to federal healthcare programs by inducing physicians to prescribe certain DSI products (Benicar, Benicar HCT, Azor, Tribenzor and Welchol) in the form of honoraria payments and meals related to certain speaker programs. The resolution resulted in DSI paying a settlement amount of $39 million in 2015 (to settle federal and state Medicaid matters, including Nevada) and entering into a Corporate Integrity Agreement with the Office of Inspector General for a period of five years. DSI was released from the Corporate Integrity Agreement in 2020, having fulfilled the obligations therein. (See U.S. ex rel. Fragoules v. Daiichi Sankyo, Inc., Civil Action No. 10-10420 (D. Mass.)).

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 107759684

Application/License No. _____

Daiichi Sankyo, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 211 Mt. Airy Road, Basking Ridge, NJ 07920 (Address of Applicant/Principal), as PRINCIPAL, and Travelers Casualty and Surety Company of America (Surety Company), a corporation organized under the laws of the state of Connecticut (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 1 Tower Sq 2MS Hartford, CT, 06183-0001 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on January 18th, 2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 18th day of January, 20 23.

TRAVELERS

Travelers Casualty and Surety Company of America
Travelers Casualty and Surety Company
St. Paul Fire and Marine Insurance Company

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS: That Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company are corporations duly organized under the laws of the State of Connecticut (herein collectively called the "Companies"), and that the Companies do hereby make, constitute and appoint Thomas M Niland of Melville New York , their true and lawful Attorney-in-Fact to sign, execute, seal and acknowledge any and all bonds, recognizances, conditional undertakings and other writings obligatory in the nature thereof on behalf of the Companies in their business of guaranteeing the fidelity of persons, guaranteeing the performance of contracts and executing or guaranteeing bonds and undertakings required or permitted in any actions or proceedings allowed by law.

IN WITNESS WHEREOF, the Companies have caused this instrument to be signed, and their corporate seals to be hereto affixed, this 3rd day of February, 2017.

State of Connecticut

City of Hartford ss.

By: Robert L. Raney, Senior Vice President

On this the 3rd day of February, 2017, before me personally appeared Robert L. Raney, who acknowledged himself to be the Senior Vice President of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of the corporations by himself as a duly authorized officer.

In Witness Whereof, I hereunto set my hand and official seal.

My Commission expires the 30th day of June, 2021

Marie C. Tetreault, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, Kevin E. Hughes, the undersigned, Assistant Secretary of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this 18th day of January, 2023

Kevin E. Hughes, Assistant Secretary

To verify the authenticity of this Power of Attorney, please call us at 1-800-421-3880.
Please refer to the above-named Attorney-in-Fact and the details of the bond to which the power is attached.

Re: Wholesaler Application-Daiichi Sankyo, Inc.

Dear Ms. Herrera:

We are writing in reply to your March 23, 2023 email requesting supporting documentation regarding Daiichi Sankyo, Inc.'s ("DSI") response to Question No. 3 of the Nevada State Board of Pharmacy Wholesaler Application, to which DSI responded in the affirmative with the following responses:

> "In January 2020, the Nevada Department of Health & Human Services (DHHS) imposed a penalty in the amount of $31,350 on Daiichi Sankyo, Inc. for its failure to timely submit certain information required by the Nevada Revised Statutes (NRS) 439B.600 through 439B.695 concerning transparency in the pricing of certain diabetes medications.
>
> In January 2015, DSI entered into a settlement agreement with various agencies of the United States government related to allegations that DSI submitted false claims to federal healthcare programs by inducing physicians to prescribe certain DSI products (Benicar, Benicar HCT, Azor, Tribenzor and Welchol) in the form of honoraria payments and meals related to certain speaker programs. The resolution resulted in DSI paying a settlement amount of $39 million in 2015 (to settle federal and state Medicaid matters, including Nevada) and entering into a Corporate Integrity Agreement with the Office of Inspector General for a period of five years. DSI was released from the Corporate Integrity Agreement in 2020, having fulfilled the obligations therein. (See U.S. ex rel. Fragoules v. Daiichi Sankyo, Inc., Civil Action No. 10-10420 (D. Mass.))."

Nevada DHHS matter

By way of brief background, at the time of the issue, NRS 439B.635-640 required manufacturers of prescription drugs that appeared on the 2019 list compiled by DHHS pursuant to NRS439B.630 to submit an annual report on or before April 1, 2019. The relevant list was comprised of diabetes medicines. DSI submitted its initial report to the Nevada Department of Health & Human Services (DHHS) on January 9, 2019. DSI missed filing the second report (due on April 1, 2019) despite having previously submitted the initial report. The missed filing was the result of a

Passion for Innovation.
Compassion for Patients.™

Daiichi-Sankyo

CONFIDENTIAL

misinterpretation by one of DSI's former in-house attorneys that the second report would be due in each subsequent calendar year. This misinterpretation was based on the impact to filing deadlines for the reports due to the delay in enforcement of the regulation agreed to by DHHS. The misinterpretation by DSI was inadvertent.

DSI was initially notified of the missing filing by a reporter for *The Nevada Independent* on Wednesday, August 21, 2019. There was no follow up by DHHS about the missing report and in fact, DHHS learned through DSI's contact. DSI contacted DHHS via telephone on Thursday, August 22, 2019, to identify the error and discuss how to remedy. During that call, DSI was informed to submit the report as soon as possible. DSI also submitted a summary email (with a link of the article from the reporter since DHHS had not been aware of the article being prepared) to DHHS that day. DSI filed the missing report on Monday, August 26, 2019 – five days after learning about the missing report for the first time. DHHS advised DSI was notified on August 26, 2019 about the missing report, but DSI had already on that date submitted the report based on its verbal communications with DHHS.

DSI received notice of the administrative penalty imposed on DSI by DHHS in the amount of $735,000 on October 4, 2019. There were subsequent communications between DSI and DHHS including DSI's request for an informal dispute resolution meeting. On January 3, 2020, DSI attended an informal dispute resolution meeting via teleconference with the Nevada Department of Health & Human Services (DHHS). Based upon information provided in support of DSI's position for the elimination of or significant reduction of the penalty that DHHS was seeking to impose on DSI, DSI received a response from DHHS that it had imposed a penalty in the amount of $31,350, which was an amount similar to the figure suggested by DSI to reflect the maximum penalty for the 5 days between the time DSI became aware of the omission and August 26, 2019. The penalty was timely paid. Thereafter, the DSI subject prescription drug was removed from Nevada's 2020 Essential Diabetes and Asthma Drug List, which meant that DSI was not required to file any further reports. The subject prescription drug has since been divested by DSI.

Please see the enclosed copies of the following documents regarding the Nevada DHHS matter:

1. September 30, 2019 Notice of Administrative Penalty from DHHS to DSI;
2. October 10, 2019 email from Albert McCormick, Esq. of DSI to DHHS requesting an informal dispute resolution meeting; and
3. October 23, 2019 email from DHHS to DSI scheduling the information dispute resolution meeting on January 3, 2020.

NOTICE OF ADMINISTRATIVE PENALTY

YOU ARE HEREBY NOTIFIED that the Department of Health and Human Services (DHHS) is imposing upon your organization an administrative penalty of $735,000 for violation of Nevada Revised Statutes (NRS) 439B.635-640.

Statutory Authority

DHHS is imposing a penalty in accordance with NRS 439B.695(2), that states:

> If a manufacturer fails to provide to the Department the information required by NRS 439B.635, 439B.640 or 439B.660, a pharmacy benefit manager fails to provide to the Department the information required by NRS 439B.645, a nonprofit organization fails to post or provide to the Department, as applicable, the information required by NRS 439B.665 or a manufacturer, pharmacy benefit manager or nonprofit organization fails to post or provide, as applicable, such information on a timely basis, and the failure was not caused by excusable neglect, technical problems or other extenuating circumstances, the Department may impose against the manufacturer, pharmacy benefit manager or nonprofit organization, as applicable, an administrative penalty of not more than $5,000 for each day of such failure.

Facts Supporting the Administrative Penalty

As mandated by NRS 439B.635-640, manufacturers of prescription drugs that appear on the 2019 list compiled by DHHS pursuant to NRS 439B.630 were required to prepare and submit an annual report on or before April 1, 2019. By the required submission date, DHHS did not receive a report from your organization even though Daiichi Sankyo manufactured drugs that appeared on the beforementioned list. Additionally, DHHS verified that your company's essential diabetes drugs were purchased by Medicaid patients in Nevada in 2018. Your organization was notified on 8/26/2019 of noncompliance with pharmaceutical drug manufacturer reporting requirements outlined in Nevada Revised Statutes (NRS) 439B.635-640. Your organization responded to DHHS and submitted a completed report by 8/26/2019. The Department received documentation sent by your organization outlining

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

your justification for late reporting. This information was useful for the state to preliminarily review your position, but an informal dispute resolution meeting will need to be scheduled as outlined below to further clarify your position. Your organization was out of compliance with the statutory requirements for 147 days.

Payment Instructions for Penalty

Payment is due to DHHS by October 24, 2019. Payment should be submitted to the following address and the check can be made out to "Department of Health and Human Services".

Department of Health and Human Services
Director's Office
4126 Technology Way, Suite 100
Carson City, NV 89706

If the penalty is not received by October 24, 2019, DHHS will refer the case to the State of Nevada Attorney General's Office to produce a court order to obtain the penalty.

Informal Dispute Resolution

If your organization would like to request an informal dispute resolution meeting, please submit a request to DHHS by email to drugtransparency@dhhs.nv.gov within 10 days of receipt of this notice. Within 10 days of receipt of your request, DHHS will notify you of the date of the meeting.

Any questions regarding this notice can be directed to drugtransparency@dhhs.nv.gov.

Sincerely,

Richard Whitley, MS
Director

Subject: Nevada Notice of Administrative Penalty - Request for Informal Dispute Resolution
Date: Thursday, October 10, 2019 9:08:00 AM
Attachments: Scanned from a Xerox Multifunction Printer.pdf

Dear Mr. Whitley,
We received the attached Notice of Administrative Penalty on Thursday, October 3. The purpose of this email is to officially request an informal dispute resolution meeting. As mentioned in my August 22nd email to your department, we submitted our first report on January 1, 2019. After communicating with a reporter from *The Nevada Independent* on August 21st and reviewing our internal records, it became clear that we did not file the April 1, 2019 report; this was the result of a misinterpretation of the regulation due to the delay in enforcement of the regulation by your department. We submitted the second report on August 26th.
We attempted to contact you to address certain questions related to this request; however, we were advised to include those questions in this email. Our questions are as follows:

- We would like to provide additional facts and explanation to supplement our August 22nd email; would we be allowed to submit that prior to our informal meeting or would we have to submit at the meeting? If prior, may we have until October 23, 2019 to submit the supplement?
- Will the informal dispute resolution meeting be held in person or via teleconference?
- Will we be required to pay the penalty imposed prior to the deadline of October 24, 2019? If so, what happens if there is an elimination or (at a minimum) reduction in the amount currently assessed?
- Would additional penalties, administrative costs or fees be likely imposed given our request for an informal meeting whether or not there is an elimination or (at a minimum) reduction in the current penalty?

Sincerely,
Albert McCormick, Esq.

Subject: Informal Dispute Resolution Meeting Date - Daiichi Sankyo, Inc
Date: Wednesday, October 23, 2019 10:51:09 AM
Attachments: image001.png

In response to Daiichi Sankyo's request for an informal dispute resolution meeting regarding the penalty letter submitted to your organization by the Nevada Department of Health and Human Services (DHHS), DHHS has schedule a meeting from 1:00PM to 2:00PM PST on 01/03/2020. The meeting will be held via teleconference using the following dial-in information:
(775) 687-0999
Access Code: 44008#
Enforcement of the collection of penalties will take place after the scheduled date of the informal dispute resolution meeting. Any materials that your organization wants the Department to review in advance of the meeting must be submitted to drugtransparency@dhhs.nv.gov at least 10 business days in advance of the meeting. Please direct any questions to drugtransparency@dhhs.nv.gov.

Corporate Integrity Agreement with the Office of Inspector General

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

CORPORATE INTEGRITY AGREEMENT BETWEEN THE OFFICE OF INSPECTOR GENERAL OF THE DEPARTMENT OF HEALTH AND HUMAN SERVICES AND DAIICHI SANKYO, INC.

I. PREAMBLE

Daiichi Sankyo, Inc. (Daiichi) hereby enters into this Corporate Integrity Agreement (CIA) with the Office of Inspector General (OIG) of the United States Department of Health and Human Services (HHS) to promote compliance with the statutes, regulations, and written directives of Medicare, Medicaid, and all other Federal health care programs (as defined in 42 U.S.C. § 1320a-7b(f)) (Federal health care program requirements) and with the statutes, regulations, and written directives of the Food and Drug Administration (FDA requirements).

Contemporaneously with this CIA, Daiichi is entering into a Settlement Agreement with the United States. Daiichi is also entering into settlement agreements with various states (State Settlement Agreements) and Daiichi's agreement to this CIA is a condition precedent to those agreements.

Prior to the Effective Date of this CIA, Daiichi established a Compliance Program. Daiichi shall continue its Compliance Program throughout the term of this CIA and shall do so in accordance with the terms set forth below. Daiichi may modify its Compliance Program as appropriate, but, at a minimum, Daiichi shall ensure that during the term of this CIA, it shall comply with the obligations set forth herein.

II. TERM AND SCOPE OF THE CIA

A. The compliance obligations assumed by Daiichi under this CIA shall commence on the Effective Date of this CIA and endure for five (5) Reporting Periods, as described in this paragraph. The "Effective Date" shall be the date on which the final signatory of this CIA executes this CIA. The first "Reporting Period" shall be the period beginning on the Effective Date of this CIA and ending on March 31, 2016. Each one-year period subsequent to the first Reporting Period, beginning with the one-year period commencing April 1, 2016, shall be referred to as a "Reporting Period."

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

B. Sections VII, X, and XI shall expire no later than 120 days after OIG's receipt of: (1) Daiichi's final Annual Report; or (2) any additional materials submitted by Daiichi pursuant to OIG's request, whichever is later.

C. The scope of this CIA shall be governed by the following definitions:

1. "Covered Persons" includes:

a. all owners of Daiichi who are natural persons (other than shareholders who: (i) have an ownership interest of less than 5% and (ii) acquired the ownership interest through public trading) and all officers and directors of Daiichi;

b. all employees of Daiichi who are engaged in or who supervise personnel who are engaged in Covered Functions (as defined below in Section II.C.6); and

c. all contractors, subcontractors, agents, and other persons who perform any of the Covered Functions on behalf of Daiichi, and in that capacity either: (i) interact directly with healthcare professionals (HCPs), healthcare institutions (HCIs), or consumers; or (ii) perform activities, provide services, or create materials relating to the Covered Functions and those activities, services, or materials are not reviewed or supervised by a Daiichi employee who is a Covered Person prior to execution or dissemination.

Notwithstanding the above, the term Covered Persons does not include part-time or per diem employees, contractors, subcontractors, agents, and other persons who are not reasonably expected to work more than 160 hours during a Reporting Period, except that any such individuals shall become "Covered Persons" at the point when they work more than 160 hours during the Reporting Period.

2. "Relevant Covered Persons" includes all Covered Persons who engage in any of the Covered Functions and all individuals who supervise Covered Persons who engage in any of the Covered Functions.

3. "Government Reimbursed Products" refers to all Daiichi products that are: (a) marketed or sold by Daiichi in the United States (or pursuant to contracts with the United States) and (b) reimbursed by Federal health care programs.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

4. The term "Promotional Functions" includes: (a) the selling, detailing, marketing, advertising, promoting, or branding of Government Reimbursed Products; and (b) the preparation or external dissemination of promotional materials or information about, or the provision of promotional services relating to, Government Reimbursed Products, including those functions relating to Daiichi's review and approval processes for promotional materials and any applicable review committee(s).

5. The term "Product Related Functions" includes: (a) the preparation or external dissemination of non-promotional materials that are governed by Federal healthcare program and/or FDA requirements and distributed to HCPs, HCIs, and Payors, as defined below in Section II.C.10, about Government Reimbursed Products, including those functions relating to any applicable review committees and those functions relating to medical affairs services or involved in scientific exchange; (b) contracting with HCPs licensed in the United States or with HCIs to conduct post-marketing clinical trials, Investigator-Sponsored Studies (ISSs), and any other types of post-marketing studies relating to Government Reimbursed Products; (c) authorship, publication, and disclosure of articles or study results relating to Government Reimbursed Products; and (d) activities related to the submission of information about Government Reimbursed Products to compendia (such as Drugdex or other CMS-recognized compendia of information about Government Reimbursed Products).

6. The term "Covered Functions" refers to "Promotional Functions," and/or "Product Related Functions," collectively.

7. The term "Third Party Educational Activity" shall mean any scientific, educational, or professional program, meeting, or event for HCPs conducted by a third party and supported by Daiichi, including but not limited to, continuing medical education (CME), disease awareness, or sponsorship of symposia at medical conferences.

8. The term "Third Party Personnel" shall mean personnel who perform Promotional Functions or Product Related Functions who are employees of entities with which Daiichi has or may in the future (during the term of this CIA) enter into agreements to co-promote a Government Reimbursed Product in the United States or to engage in joint promotional activities in the United States relating to such a product. Daiichi has represented that: (a) Third Party Personnel are employed by entities other than Daiichi; (b) Daiichi does not control the Third Party Personnel; and (c) it would be commercially impracticable to compel the compliance of Third Party Personnel with the requirements set forth in this CIA. Daiichi agrees to promote compliance by Third Party Personnel with Federal health care program and FDA requirements by complying with the provisions set forth below in Sections III.B.2, V.A.7, and V.B.6. Provided that Daiichi complies with the requirements of Sections III.B.2, V.A.7, and V.B.6, Daiichi

shall not be required to fulfill the other CIA obligations that would otherwise apply to Third Party Personnel who meet the definition of Covered Persons.

9. (a) The term "Daiichi Affiliate(s)" shall mean any entity, other than Daiichi Sankyo, Inc., that is owned or controlled directly or indirectly, by Daiichi Sankyo Co., Ltd. and whose employees or contractors perform any Covered Functions. All obligations set forth in Section III below apply to the Covered Functions performed by the Daiichi Affiliate(s) and all references to "Daiichi" in the defined terms set forth in this Section II shall mean Daiichi and Daiichi Affiliate(s). In addition, the notice requirements in Section IV and the certification obligations set forth in Section V.C. below shall apply to both Daiichi and any Daiichi Affiliate(s).

(b) Notwithstanding the requirements of Section II.C.9(a) above, for a period of 120 days following the Effective Date, the obligations of this CIA applicable to Daiichi Affiliates shall not apply to Luitpold Pharmaceuticals, Inc. and its operating subsidiaries (Luitpold), based on Daiichi's representations that: (i) Luitpold is not controlled directly or indirectly by Daiichi; (ii) Luitpold operates pursuant to its own separate compliance program; and (iii) given the foregoing, it is impracticable to obtain Luitpold's compliance with the applicable Daiichi Affiliate CIA obligations on or before the Effective Date.

10. The term "Payors" shall mean entities that provide a drug health benefit program for Government Reimbursed Products, including but not limited to government payors (*e.g.*, Medicaid and Medicare) or individuals or entities under contract with or acting on behalf of government payors and commercial health plans.

III. CORPORATE INTEGRITY OBLIGATIONS

Daiichi shall establish and maintain a Compliance Program that includes the following elements:

A. Compliance Responsibilities of Certain Daiichi Employees and the Board of Directors.

1. *Compliance Officer.* Since prior to the Effective Date, Daiichi has had in place an individual to serve as its Chief Compliance Officer. Daiichi shall maintain a Compliance Officer for the term of the CIA who fulfills, at a minimum, the obligations set forth in this CIA. The Compliance Officer is and shall continue to be responsible for developing and implementing policies, procedures, and practices designed to ensure compliance with the requirements set forth in this CIA and with Federal health care program and FDA requirements. The Compliance Officer is and shall remain a

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

member of senior management of Daiichi; reports and shall continue to report directly to the Executive Chairman and President of Daiichi; shall make periodic (at least quarterly) reports regarding compliance matters directly to the Board of Directors of Daiichi; and shall be authorized to report on such matters to the Board of Directors at any time. Written documentation of the Compliance Officer's reports to the Board of Directors shall be made available to OIG upon request. The Compliance Officer is not and shall not be, or be subordinate to, the General Counsel or Chief Financial Officer or have any responsibilities that involve acting in any capacity as legal counsel or supervising legal counsel functions for Daiichi. The Compliance Officer is and shall remain responsible for monitoring the day-to-day compliance activities engaged in by Daiichi as well as for any reporting obligations created under this CIA. Any job responsibilities of the Compliance Officer unrelated to compliance shall be limited and must not interfere with the Compliance Officer's ability to perform the duties outlined in this CIA.

Daiichi shall report to OIG, in writing, any change in the identity or position description of the Compliance Officer, or any actions or changes that would affect the Compliance Officer's ability to perform the duties necessary to meet the obligations in this CIA, within five days after such a change.

2. *Compliance Committee.* Since prior to the Effective Date, Daiichi has had in place a Compliance Committee that assists the Compliance Officer in the implementation and enhancement of Daiichi's Compliance Program. Daiichi shall maintain the Compliance Committee during the term of this CIA, and at a minimum, the Compliance Committee shall meet the Compliance Committee obligations set forth in this CIA. The Compliance Committee shall, at a minimum, include the Compliance Officer and other members of senior management necessary to meet the requirements of this CIA (e.g., senior executives of relevant departments, such as sales, marketing, legal, medical affairs, regulatory affairs, research and development, human resources, audit, and finance). The Compliance Officer shall chair the Compliance Committee. The Compliance Committee shall support the Compliance Officer in fulfilling his/her responsibilities (e.g., shall assist in the analysis of Daiichi's risk areas and shall oversee monitoring of internal and external audits and investigations). The Compliance Committee shall meet at least quarterly. The minutes of the Compliance Committee meetings shall be made available to OIG upon request.

Daiichi shall report to OIG, in writing, any changes in the composition of the Compliance Committee, or any actions or changes that would affect the Compliance Committee's ability to perform the duties necessary to meet the obligations in this CIA, within 15 days after such a change.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

3. *Board of Directors Compliance Obligations.* The Board of Directors (or a committee of the Board) of Daiichi (Board) shall be responsible for the review and oversight of matters related to compliance with Federal health care program requirements, FDA requirements, and the obligations of this CIA. The Board must include an independent (i.e., non-executive) member.

The Board shall, at a minimum, be responsible for the following:

a. meeting at least quarterly to review and oversee Daiichi's Compliance Program, including but not limited to the performance of the Compliance Officer and Compliance Committee; and

b. for each Reporting Period of the CIA, adopting a resolution, signed by each individual member of the Board, summarizing its review and oversight of Daiichi's compliance with Federal health care program requirements, FDA requirements, and the obligations of this CIA.

At minimum, the resolution shall include the following language:

"The Board of Directors has made a reasonable inquiry into the operations of Daiichi's Compliance Program during the preceding twelve-month period including the performance of the Compliance Officer and the Compliance Committee. Based on its inquiry and review, the Board has concluded that, to the best of its knowledge, Daiichi has implemented an effective Compliance Program to meet Federal health care program requirements, FDA requirements, and the obligations of the Corporate Integrity Agreement."

If the Board is unable to provide such a conclusion in the resolution, the Board shall include in the resolution a written explanation of the reasons why it is unable to provide the conclusion and the steps it is taking to implement an effective Compliance Program at Daiichi.

Daiichi shall report to OIG, in writing, any changes in the composition of the Board, or any actions or changes that would affect the Board's ability to perform the duties necessary to meet the obligations in this CIA, within 15 days after such a change.

4. *Management Accountability and Certifications*: In addition to the responsibilities set forth in this CIA for all Covered Persons, certain Daiichi officers or employees (Certifying Employees) are specifically expected to monitor and oversee activities within their areas of authority and shall annually certify that the applicable

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

Daiichi business unit is compliant with applicable Federal health care program and FDA requirements and with the obligations of this CIA. These Certifying Employees shall include, at a minimum, the following: Executive Chairman and President of Daiichi; President, U.S. Commercial; Vice President Marketing and Access Strategy; Vice President Managed Markets and Key Account Management; Vice President Sales; Vice President Medical Affairs; Vice President Business Development and New Product Planning; Vice President Supply Chain and Technical Operations; Senior Vice President External Scientific Affairs; Executive Vice President Global Head of Development ; and, to the extent that a Daiichi business unit performs Covered Functions and is not covered by the certifications of one of the above-listed individuals, such other Daiichi executives, vice-presidents, or leaders of business units as would be necessary to ensure that there is a Certifying Employee from each such business unit engaged in Covered Functions.

For each Reporting Period, each Certifying Employee shall sign a certification that states:

> "I have been trained on and understand the compliance requirements and responsibilities as they relate to [insert name of department or functional area], an area under my supervision. My job responsibilities include ensuring compliance with regard to the _____ [insert name of the department or functional area] with all applicable Federal health care program requirements, FDA requirements, obligations of the Corporate Integrity Agreement, and Daiichi policies, and I have taken steps to promote such compliance. To the best of my knowledge, except as otherwise described herein, the _____ [insert name of department or functional area] of Daiichi is in compliance with all applicable Federal health care program requirements, FDA requirements, and the obligations of the Corporate Integrity Agreement. I understand that this certification is being provided to and relied upon by the United States."

If any Certifying Employee is unable to provide such a certification, the Certifying Employee shall provide a written explanation of the reasons why he or she is unable to provide the certification outlined above and the steps being taken to address the issue(s) identified in the certification.

B. Written Standards.

1. *Code of Conduct.* To the extent not already accomplished, and within 90 days after the Effective Date, Daiichi shall update, implement, and distribute a written Code of Conduct that meets the requirements of this paragraph III.B.1 to all Covered Persons. Daiichi shall make the performance of job responsibilities in a manner

consistent with the Code of Conduct an element in evaluating the performance of all employees who are Covered Persons. The Code of Conduct shall include, at a minimum, the following:

a. Daiichi's commitment to full compliance with all Federal health care program requirements and FDA requirements, including its commitment to comply with all requirements relating to the Covered Functions;

b. Daiichi's requirement that all of its Covered Persons shall be expected to comply with all applicable Federal health care program requirements and FDA requirements, and with Daiichi's own Policies and Procedures;

c. Daiichi's requirement that all Covered Persons shall be expected to report to the Compliance Officer, or other appropriate individual designated by Daiichi, suspected violations of any Federal health care program requirements, FDA requirements, or of Daiichi's own Policies and Procedures; and

d. the right of all individuals to use the Disclosure Program described in Section III.F, and Daiichi's commitment to non-retaliation and to maintain, as appropriate, confidentiality and anonymity with respect to such disclosures.

Within 90 days after the Effective Date, each Covered Person shall certify, in writing or in electronic form, that he or she has received, read, understood, and shall abide by Daiichi's Code of Conduct. New Covered Persons shall receive the Code of Conduct and shall complete the required certification within 30 days after becoming a Covered Person or within 90 days after the Effective Date, whichever is later.

Daiichi shall periodically review the Code of Conduct to determine if revisions are appropriate and shall make any necessary revisions based on such review. The Code of Conduct shall be distributed at least annually to all Covered Persons.

2. Third Party Personnel. Within 90 days after the Effective Date, and annually thereafter by the anniversary of the Effective Date, Daiichi shall send, electronically or in hard copy format, a letter to each entity employing Third Party Personnel. The letter shall outline Daiichi's obligations under the CIA and its commitment to full compliance with all Federal health care program and FDA requirements. The letter shall include a description of Daiichi's Compliance Program.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

Daiichi shall include with the letter a copy of its Code of Conduct and shall request the entity employing Third Party Personnel to either: (a) make a copy of Daiichi's Code of Conduct and a description of Daiichi's Compliance Program available to its Third Party Personnel; or (b) represent to Daiichi that it has and enforces a substantively comparable code of conduct and compliance program for its Third Party Personnel.

3. *Policies and Procedures.* To the extent not already accomplished, and within 90 days after the Effective Date, Daiichi shall implement written policies and procedures regarding the operation of its Compliance Program, including the compliance program requirements outlined in this CIA and Daiichi's compliance with Federal health care program and FDA requirements (Policies and Procedures). At a minimum, the Policies and Procedures shall address the following:

a. the subjects relating to the Code of Conduct identified in Section III.B.1;

b. appropriate ways to conduct Promotional Functions in compliance with all: (i) applicable Federal healthcare program requirements, including, but not limited to the Federal Anti-Kickback Statute (codified at 42 U.S.C. § 1320a-7b(b)) and the False Claims Act (codified at 31 U.S.C. §§ 3729-3733); and (ii) all applicable FDA requirements;

c. appropriate ways to conduct Product Related Functions in compliance with: (i) all applicable Federal healthcare program requirements, including, but not limited to the Federal Anti-Kickback Statute (codified at 42 U.S.C. § 1320a-7b(b)) and the False Claims Act (codified at 31 U.S.C. §§ 3729-3733); and (ii) all applicable FDA requirements;

d. the materials and information that may be distributed by Daiichi sales representatives (including any contract sales force) about Government Reimbursed Products and the manner in which Daiichi sales representatives respond to requests for information about unapproved uses of Government Reimbursed Products. These Policies and Procedures shall require that sales representatives: (i) not engage (directly or indirectly) in improper promotion of Government Reimbursed Products (i.e., sales representatives shall not promote the products for usages, dosages, length of treatment, or patient populations other than those in, or consistent with, the FDA-approved label); (ii) use only materials that have been reviewed and

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

approved by Daiichi; and (iii) refer all requests for information about unapproved uses of Government Reimbursed Products to Medical Affairs;

e. the materials and information that may be distributed by Medical Affairs and the mechanisms through, and manner in which, Medical Affairs receives and responds to requests for information from an HCP, HCI, or another individual or entity about unapproved uses of Government Reimbursed Products; the form and content of information disseminated by Daiichi in response to such requests; and the internal review process for the information disseminated.

The Policies and Procedures shall include a requirement that Daiichi develop a database for use by Medical Affairs (Inquiries Database) to track all requests for information about Government Reimbursed Products made to Medical Affairs. The Inquiries Database shall include the following items of information for each unique inquiry (Inquiry) received for information about Government Reimbursed Products: (i) date of Inquiry; (ii) form of Inquiry (e.g., fax, phone, etc.); (iii) name of the requesting HCP, HCI, or other individual or entity; (iv) nature and topic of request (including exact language of the Inquiry if made in writing); (v) an evaluation of whether the Inquiry relates to information about an unapproved use for the product; (vi) nature/form of the response from Daiichi (including a record of the materials provided to the HCP, HCI, or other individual or entity in response to the request); and (vii) the name of the Daiichi representative who called on or interacted with the HCP, HCI, or other individual or entity, if known;

f. the manner and circumstances under which Medical Affairs personnel interact with or participate in meetings or events with HCPs, HCIs, or Payors (either alone or with Daiichi sales representatives) and the role of the Medical Affairs personnel at such meetings or events, as well as how they handle responses to requests for information about unapproved uses of Government Reimbursed Products. These Policies and Procedures shall require that Medical Affairs personnel not engage (directly or indirectly) in the promotion of Government Reimbursed Products for unapproved uses;

g. the materials and information that may be distributed or made available by Daiichi through social media and/or direct-to-consumer

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

advertising. These Policies and Procedures shall be designed to ensure that Daiichi's activities in this area and the information distributed or made available comply with all applicable Federal health care program and FDA requirements, and have been reviewed and approved by the applicable Daiichi personnel before they are posted or disseminated;

h. the development, implementation, and review of call plans for sales representatives (including any contract sales force) and other Daiichi representatives who promote and sell Government Reimbursed Products. For each Government Reimbursed Product, the Policies and Procedures shall require that Daiichi review the call plans for the product and the bases upon, and circumstances under which HCPs and HCIs belonging to specified medical specialties or types of clinical practice are included in, or excluded from, the call plans. The Policies and Procedures shall also require that Daiichi modify the call plans as necessary to ensure that Daiichi is promoting Government Reimbursed Products in a manner that complies with all applicable Federal health care program and FDA requirements. The call plan reviews shall occur at least annually and shall also occur each time when the FDA approves a new or additional indication for a Government Reimbursed Product;

i. the development, implementation, and review of all plans for the distribution of samples of, or coupons or vouchers for, Government Reimbursed Products (Sample Distribution Plans). This shall include a review of the bases upon, and circumstances under, which HCPs and HCIs belonging to specified medical specialties or types of clinical practice may receive samples, coupons, or vouchers from Daiichi (including, separately, from sales representatives, from Medical Affairs, or through other channels). The Policies and Procedures shall also require that Daiichi modify the Sample Distribution Plans as necessary to ensure that Daiichi is promoting Government Reimbursed Products in a manner that complies with all applicable Federal health care program and FDA requirements;

j. consultant or other fee-for-service arrangements entered into with HCPs or HCIs (including but not limited to speaker programs, speaker training programs, presentations, consultant task force meetings, advisory boards, ad hoc advisory activities, and any other

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

financial engagement or arrangement with an HCP or HCI) and all events and expenses relating to such engagements or arrangements. These Policies and Procedures shall be designed to ensure that the arrangements and related events are used for legitimate and lawful purposes in accordance with applicable Federal health care program and FDA requirements. The Policies and Procedures shall include requirements about the content and circumstances of such arrangements and events;

k. programs by HCPs to educate sales representatives, including but not limited to presentations by HCPs at sales meetings, preceptorships, tutorials, and experience-based learning activities. These Policies and Procedures shall be designed to ensure that the programs are used for legitimate and lawful purposes in accordance with applicable Federal health care program and FDA requirements. The Policies shall include requirements about the content and circumstances of such arrangements and events;

l. sponsorship or funding of grants (including educational grants) or charitable contributions. These Policies and Procedures shall be designed to ensure that Daiichi's funding and/or sponsorship complies with all applicable Federal health care program and FDA requirements;

m. funding of, or participation in, any Third Party Educational Activity as defined in Section II.C.7 above. These Policies and Procedures shall be designed to ensure that Daiichi's funding and/or sponsorship of such programs satisfies all applicable Federal health care program and FDA requirements.

The Policies and Procedures shall require that: (1) Daiichi disclose its financial support of the Third Party Educational Activity and, to the extent feasible with Section III.B.3.m.5 below, disclose any financial relationships with faculty, speakers, or organizers at such Activity; (2) as a condition of funding, the third party agree to disclose Daiichi's financial support of the Third Party Educational Activity and any financial relationships that Daiichi might have with faculty, speakers, or organizers at such Activity; (3) as a condition of funding, the third party require faculty, speakers, or organizers at the Third Party Educational Activity to disclose any financial relationship with Daiichi; (4) the Third Party Educational Activity

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

have an educational focus; (5) the content, organization, and operation of the Third Party Educational Activity (including the faculty, educational methods, materials, and venue) be independent of Daiichi's control; (6) Daiichi support only Third Party Educational Activity that is non-promotional in tone/nature; and (7) Daiichi's support of a Third Party Educational Activity shall be contingent on the provider's commitment to provide information at the Third Party Educational Activity that is fair, balanced, accurate and not misleading;

n. review of promotional, reimbursement, and disease state materials and information intended to be disseminated outside Daiichi by appropriate qualified personnel (such as regulatory, medical, and/or legal personnel) in a manner designed to ensure that legal, regulatory, and/or medical concerns are properly addressed during Daiichi's review and approval process and are elevated when appropriate. The Policies and Procedures shall be designed to ensure that such materials and information comply with all applicable Federal health care program and FDA requirements. The Policies and Procedures shall require that: (i) applicable review committees review all promotional materials prior to the distribution or use of such materials; (ii) the copy review and approval process ensure that FDA communications relevant to the product are considered and appropriately reflected in promotional materials and in a file or summary of information maintained for each product; and (iii) deviations from the standard review committee practices and protocols (including timetables for the submission of materials for review) shall be documented and referred for appropriate follow-up;

o. compensation (including through salaries, bonuses, or other means) for Relevant Covered Persons who are sales representatives and their field based managers. These Policies and Procedures shall: (i) be designed to ensure that financial incentives do not inappropriately motivate such individuals to engage in improper promotion, sales, and marketing of Daiichi's Government Reimbursed Products; and (ii) include mechanisms, where appropriate, to exclude from incentive compensation sales that may indicate improper promotion of Government Reimbursed Products;

p. the submission of information about any Government Reimbursed Product to any CMS-recognized compendia such as

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

Drugdex or other published source of information used in connection with the determination of coverage by a Federal health care program for the product (hereafter "Compendia"). This includes any initial submission of information to any Compendia and the submission of any additional, updated, supplemental, or changed information (including any changes based on Daiichi's discovery of erroneous or scientifically unsound information or data associated with the information in the Compendia and the publication of new study results.) The Policies and Procedures shall include a requirement that Daiichi conduct: (i) a review at the time of submission of information to Compendia, to verify that the information submitted to the Compendia (including information about clinical studies and other research) is complete and accurate; (ii) an annual review of all Daiichi product listings and monographs within the Compendia designed to identify errors and ensure the information is complete and accurate; and (iii) an annual review of all arrangements, processing fees, or other payments or financial support (if any) provided by Daiichi to any Compendia. Daiichi's legal or compliance personnel shall be involved in this review; and

q. disciplinary policies and procedures for violations of Daiichi's Policies and Procedures, including policies relating to Federal health care program and FDA requirements.

Within 90 days after the Effective Date, the Policies and Procedures shall be made available to all Covered Persons. Appropriate and knowledgeable staff shall be available to explain the Policies and Procedures.

At least annually (and more frequently, if appropriate), Daiichi shall assess and update, as necessary, the Policies and Procedures. Within 30 days after the effective date of any revisions, any such revised Policies and Procedures shall be made available to all Covered Persons.

C. Training and Education.

1. *General Training*. Within 90 days after the Effective Date, Daiichi shall provide at least two hours of General Training to each Covered Person. This training, at a minimum, shall explain Daiichi's:

a. CIA requirements; and

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

b. Compliance Program (including the Code of Conduct).

New Covered Persons shall receive the General Training described above within 30 days after becoming a Covered Person or within 90 days after the Effective Date, whichever is later. After receiving the initial General Training described above, each Covered Person shall receive at least one hour of General Training in each subsequent Reporting Period.

2. *Specific Training*. Within 120 days after the Effective Date, each Relevant Covered Person engaged in Promotional Functions and/or Product Related Functions shall receive at least four hours of Specific Training in addition to the General Training required above. This Specific Training shall include a discussion of:

a. applicable Federal health care program requirements relating to Promotional Functions and/or Product Related Functions;

b. applicable FDA requirements relating to Promotional Functions and/or Product Related Functions;

c. Daiichi Policies and Procedures and other requirements applicable to Promotional Functions and/or Product Related Functions;

d. the personal obligation of each individual involved in Promotional Functions and/or Product Related Functions to comply with applicable Federal health care program and FDA requirements and other applicable legal requirements;

e. the legal sanctions for violations of the applicable Federal health care program and FDA requirements; and

f. examples of proper and improper practices related Promotional Functions and Product Related Functions.

New Relevant Covered Persons shall receive their Specific Training within 30 days after the beginning of their employment or becoming Relevant Covered Persons, or within 90 days after the Effective Date, whichever is later.

After receiving the initial Specific Training described in this Section, each Relevant Covered Person shall receive at least three hours of Specific Training in each subsequent Reporting Period.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

3. *Board Member Training.* Within 90 days after the Effective Date, Daiichi shall provide at least two hours of training to each member of the Board of Directors, in addition to the General Training. This training shall address the responsibilities of board members and corporate governance.

New members of the Board of Directors shall receive the Board Member Training described above within 30 days after becoming a board member or within 90 days after the Effective Date, whichever is later.

4. *Certification.* Each Covered Person who is required to complete training shall certify, in writing or in electronic form, that he or she has received the required training. The certification shall specify the type of training received and the date received. The Compliance Officer (or designee) shall retain these certifications, along with all course materials.

5. *Qualifications of Trainer.* Persons responsible for providing training shall be knowledgeable about the subject area of the training, including about applicable Federal health care program and FDA requirements.

6. *Update of Training.* Daiichi shall review its training annually, and, where appropriate, shall update the training to reflect changes in Federal health care program requirements, FDA requirements, any significant issues discovered during internal audits or the IRO Reviews, and any other relevant information.

7. *Computer-based Training.* Daiichi may provide the training required under this CIA through appropriate computer-based training approaches. If Daiichi chooses to provide computer-based training, it shall make available appropriately qualified and knowledgeable staff or trainers to answer questions or provide additional information to the individuals receiving such training.

D. Risk Assessment and Mitigation Process. Within 120 days after the Effective Date, Daiichi shall implement a standardized, centralized annual risk assessment and mitigation process (RAMP) as further described in this Section III.D and Appendix B. The RAMP shall require compliance, legal and business unit leaders, at least annually, to evaluate and identify risks associated with each Government Reimbursed Product, including risks associated with the sales, marketing, and promotion of such products. Based on the outcomes of the risk-identification component of the RAMP, Daiichi legal, compliance and other personnel shall centrally develop and implement specific plans designed to mitigate or reduce the identified risks. The risk mitigation plans shall be developed annually and a plan shall be developed for each

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

Government Reimbursed Product. Daiichi shall implement the risk mitigation plans and shall track the implementation of the mitigation plans. The RAMP shall be reviewed by the IRO, and the IRO review of the process is described in more detail in Appendix B. Daiichi shall maintain the RAMP for the duration of the CIA.

E. Review Procedures.

1. *General Description.*

a. *Engagement of Independent Review Organization.* Within 90 days after the Effective Date, Daiichi shall engage an entity (or entities), such as an accounting, auditing, or consulting firm (hereinafter "Independent Review Organization" or "IRO"), to perform reviews to assist Daiichi in assessing and evaluating its Covered Functions and its RAMP. More specifically, the IRO(s) shall conduct reviews that assess Daiichi's systems, processes, policies, procedures, and practices relating to the Covered Functions and the RAMP (collectively, "IRO Reviews"). The applicable requirements relating to the IRO are outlined in Appendix A to this CIA, which is incorporated by reference.

b. *Retention of Records.* The IRO and Daiichi shall retain and make available to OIG, upon request, all work papers, supporting documentation, correspondence, and draft reports (those exchanged between the IRO and Daiichi) related to the IRO Reviews.

2. *System, Transaction, and Additional Items Reviews.* As set forth more fully in Appendix B, the IRO Reviews shall consist of two components: Systems Reviews and Transactions Reviews relating to the Covered Functions and the RAMP. The Systems Reviews shall assess Daiichi's systems, processes, policies, and procedures relating to the Covered Functions and the RAMP. If there are no material changes in Daiichi's relevant systems, processes, policies, and procedures, the Systems Reviews shall be performed for the second and fourth Reporting Periods. If Daiichi materially changes its relevant systems, processes, policies, and procedures, the IRO shall perform a Systems Review for the Reporting Period in which such changes were made in addition to conducting the Systems Review for the second and fourth Reporting Periods, as set forth more fully in Appendix B.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

The Transactions Reviews shall be performed annually and shall cover each of the five Reporting Periods. The IRO(s) shall perform all components of each annual Transaction Review. As set forth more fully in Appendix B, the Transactions Review shall include several components.

In addition, as set forth in Appendix B, each Transactions Review shall also include a review of up to three additional areas or practices of Daiichi identified by the OIG in its discretion (hereafter "Additional Items"). For purposes of identifying the Additional Items to be included in the Transactions Review for a particular Reporting Period, the OIG will consult with Daiichi and may consider internal audit and monitoring work conducted by Daiichi, the Government Reimbursed Product portfolio, the nature and scope of Daiichi's promotional practices and arrangements with HCPs and HCIs, and other information known to it.

As set forth more fully in Appendix B, Daiichi may propose to the OIG that its internal audit(s) be partially substituted for one or more of the Additional Items that would otherwise be reviewed by the IRO as part of the Transactions Review. The OIG retains sole discretion over whether, and in what manner, to allow Daiichi's internal audit and monitoring work to be substituted for any portion of the Additional Items review conducted by the IRO.

The OIG shall notify Daiichi of the nature and scope of the IRO review for each of the Additional Items not later than 150 days prior to the end of each Reporting Period. Prior to undertaking the review of the Additional Items, the IRO and/or Daiichi shall submit an audit work plan to the OIG for approval and the IRO shall conduct the review of the Additional Items based on a work plan approved by the OIG.

3. *IRO Review Reports.* The IRO shall prepare a report based upon each IRO Review performed (IRO Review Report). Information to be included in the IRO Review Report is described in Appendices A-B.

4. *Validation Review.* In the event OIG has reason to believe that: (a) any of Daiichi's IRO Reviews fails to conform to the requirements of this CIA; or (b) the IRO's findings or Review results are inaccurate, OIG may, at its sole discretion, conduct its own review to determine whether the applicable IRO Review complied with the requirements of the CIA and/or the findings or Review results are inaccurate (Validation Review). Daiichi shall pay for the reasonable cost of any such review performed by OIG or any of its designated agents. Any Validation Review of Reports submitted as part of Daiichi's final Annual Report shall be initiated no later than one year after Daiichi's final submission (as described in Section II) is received by OIG.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

Prior to initiating a Validation Review, OIG shall notify Daiichi of its intent to do so and provide a written explanation of why OIG believes such a review is necessary. To resolve any concerns raised by OIG, Daiichi may request a meeting with OIG to: (a) discuss the results of any IRO Review submissions or findings; (b) present any additional information to clarify the results of the IRO Review or to correct the inaccuracy of the IRO Review; and/or (c) propose alternatives to the proposed Validation Review. Daiichi agrees to provide any additional information as may be requested by OIG under this Section III.E.4 in an expedited manner. OIG will attempt in good faith to resolve any IRO Review issues with Daiichi prior to conducting a Validation Review. However, the final determination as to whether or not to proceed with a Validation Review shall be made at the sole discretion of OIG.

5. *Independence and Objectivity Certification.* The IRO shall include in its report(s) to Daiichi a certification that the IRO has: (a) evaluated its professional independence and objectivity with respect to the reviews conducted under this Section III.E; and (b) concluded that it is, in fact, independent and objective in accordance with the requirements specified in Appendix A.

F. Disclosure Program.

Prior to the Effective Date, Daiichi established and shall maintain a Disclosure Program throughout the term of the CIA that includes a mechanism (e.g., a toll free compliance telephone line and web-based reporting system) to enable individuals to disclose, to the Compliance Officer or some other person who is not in the disclosing individual's chain of command, any identified issues or questions associated with Daiichi's policies, conduct, practices, or procedures with respect to a Federal health care program or an FDA requirement believed by the individual to be a potential violation of criminal, civil, or administrative law. Daiichi publicizes and shall continue to appropriately publicize the existence of the Disclosure Program and the disclosure mechanism (e.g., via periodic e-mails to employees, or by posting the information in prominent common areas).

The Disclosure Program shall emphasizes and shall continue to emphasize a nonretribution, nonretaliation policy and includes and shall continue to include a reporting mechanism for anonymous communications for which appropriate confidentiality shall be maintained. Upon receipt of a disclosure, the Compliance Officer (or designee) shall gather all relevant information from the disclosing individual. The Compliance Officer (or designee) shall make a preliminary, good faith inquiry into the allegations set forth in every disclosure to ensure that it obtains all necessary information to determine whether a further review should be conducted. For any disclosure that is sufficiently specific so that it reasonably: (1) permits a determination of the

appropriateness of the alleged improper practice; and (2) provides an opportunity for taking corrective action, Daiichi shall conduct an internal review of the allegations set forth in the disclosure and ensure that proper follow-up is conducted.

Daiichi maintains and shall continue to maintain a disclosure log which includes a record and summary of each disclosure received (whether anonymous or not), the status of the respective internal reviews, and any corrective action taken in response to the internal reviews.

G. Ineligible Persons.

1. *Definitions.* For purposes of this CIA:

a. an "Ineligible Person" shall include an individual or entity who:

i. is currently excluded, debarred, suspended, or otherwise ineligible to participate in the Federal health care programs or in Federal procurement or non-procurement programs; or

ii. has been convicted of a criminal offense that falls within the scope of 42 U.S.C. § 1320a-7(a), but has not yet been excluded, debarred, suspended, or otherwise declared ineligible.

b. "Exclusion Lists" include:

i. the HHS/OIG List of Excluded Individuals/Entities (LEIE) (available through the Internet at http://www.oig.hhs.gov); and

ii. the General Services Administration's System for Award Management (SAM) (available through the Internet at http://www.sam.gov).

2. *Screening Requirements.* Daiichi shall ensure that all prospective and current Covered Persons are not Ineligible Persons, by implementing the following screening requirements.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

a. Daiichi shall screen all prospective Covered Persons against the Exclusion Lists prior to engaging their services and, as part of the hiring or contracting process, shall require such Covered Persons to disclose whether they are Ineligible Persons.

b. Daiichi shall screen all Covered Persons against the Exclusion Lists within 90 days after the Effective Date and thereafter shall screen against theExclusion Lists on an annual basis .

c. Daiichi shall maintain a policy requiring all Covered Persons to disclose immediately any debarment, exclusion, suspension, or other event that makes that person an Ineligible Person.

Nothing in this Section III.G affects Daiichi's responsibility to refrain from (and liability for) billing Federal health care programs for items or services furnished, ordered, or prescribed by excluded persons. Daiichi understands that items or services furnished, ordered, or prescribed by excluded persons are not payable by Federal health care programs and that Daiichi may be liable for overpayments and/or criminal, civil, and administrative sanctions for employing or contracting with an excluded person regardless of whether Daiichi meets the requirements of Section III.G.

3. *Removal Requirement.* If Daiichi has actual notice that a Covered Person has become an Ineligible Person, Daiichi shall remove such Covered Person from responsibility for, or involvement with, Daiichi's business operations related to the Federal health care programs and shall remove such Covered Person from any position for which the Covered Person's compensation is paid in whole or part, directly or indirectly, by Federal health care programs at least until such time as the Covered Person is reinstated into participation in the Federal health care programs.

4. *Pending Charges and Proposed Exclusions.* If Daiichi has actual notice that a Covered Person is charged with a criminal offense that falls within the scope of 42 U.S.C. §§ 1320a-7(a), 1320a-7(b)(1)-(3), or is proposed for exclusion during the Covered Person's employment or contract term, Daiichi shall take all appropriate actions to ensure that the responsibilities of that Covered Person have not and shall not adversely affect the quality of care rendered to any beneficiary, patient, or resident, or the accuracy of any claims submitted to any Federal health care program.

H. Notification of Government Investigation or Legal Proceedings.

Within 30 days after discovery, Daiichi shall notify OIG, in writing, of any ongoing investigation or legal proceeding known to Daiichi conducted or brought by a

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

governmental entity or its agents involving an allegation that Daiichi has committed a crime or has engaged in fraudulent activities. This notification shall include a description of the allegation, the identity of the investigating or prosecuting agency, and the status of such investigation or legal proceeding. Daiichi shall also provide written notice to OIG within 30 days after the resolution of the matter, and shall provide OIG with a description of the findings and/or results of the investigation or proceedings, if any.

I. Reportable Events.

1. *Definition of Reportable Event.* For purposes of this CIA, a "Reportable Event" means anything that involves:

a. a matter that a reasonable person would consider a probable violation of criminal, civil, or administrative laws applicable to any Federal health care program for which penalties or exclusion may be authorized;

b. a matter that a reasonable person would consider a probable violation of FDA requirements relating to the promotion of Government Reimbursed Products, unless otherwise reported to the FDA in accordance with Section III.J below;

c. the employment of or contracting with a Covered Person who is an Ineligible Person as defined by Section III.G.1.a; or

d. the filing of a bankruptcy petition by Daiichi.

A Reportable Event may be the result of an isolated event or a series of occurrences.

2. *Reporting of Reportable Events.* If Daiichi determines (after a reasonable opportunity to conduct an appropriate review or investigation of the allegations) through any means that there is a Reportable Event, Daiichi shall notify OIG, in writing, within 30 days after making the determination that the Reportable Event exists.

3. *Reportable Events under Sections III.I.1.a – III.I.1.c.* For Reportable Events under Sections III.I.1.a through III.I.1.c, the report to OIG shall include:

a. a complete description of the Reportable Event, including the relevant facts, persons involved, and legal and Federal health care program and/or FDA authorities implicated;

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

b. a description of Daiichi's actions taken to correct the Reportable Event; and

c. any further steps Daiichi plans to take to address the Reportable Event and prevent it from recurring.

4. *Reportable Events under Section III.I.1.d.* For Reportable Events under Section III.I.1.d, the report to the OIG shall include documentation of the bankruptcy filing and a description of any Federal health care program and/or FDA authorities implicated.

J. Notification of Communications with FDA.

Within 30 days after the date of any written report, correspondence, or communication between Daiichi and the FDA that materially discusses Daiichi's or a Covered Person's actual or potential unlawful or improper promotion of Daiichi's products, Daiichi shall provide a copy of the report, correspondence, or communication to the OIG. Daiichi shall also provide written notice to the OIG within 30 days after the resolution of any such disclosed improper promotional matter, and shall provide the OIG with a description of the findings and/or results of the matter, if any.

K. Sales Force Monitoring and Review Efforts.

Within 120 days after the Effective Date, Daiichi shall establish a comprehensive Sales Force Monitoring Program (SFMP) to evaluate and monitor its sales personnel's interactions with HCPs and HCIs. The SFMP shall be a formalized process designed to directly and indirectly observe the appropriateness of sales personnel's interactions with HCPs and HCIs and to identify potential improper promotional activities or other improper conduct. As described in more detail below, the SFMP shall include: (1) a Speaker Monitoring Program; (2) direct field observations (Observations) of sales personnel; and (3) the monitoring and review of other records relating to sales personnel's interactions with HCPs and HCIs (Records Reviews).

1. *Speaker Program Activities.* With regard to speaker programs, Daiichi has implemented a process to require all speakers to complete training and enter written agreements that describe the scope of work to be performed, the speaker fees to be paid, and compliance obligations for the speakers (including requirements regarding the use of Daiichi approved materials and requirements that speakers may not directly or indirectly promote the product for unapproved uses.) Daiichi shall establish a centralized, electronic system(s) to initiate and track all speaker programs that includes

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

controls designed to ensure that speaker programs are used for legitimate and lawful purposes in accordance with all applicable Federal health care program and FDA requirements. The controls shall also be designed to ensure that there is a legitimate need for the speaker programs.

Daiichi shall ensure that speakers are paid according to a centrally managed, pre-set rate structure determined based on a fair-market value analysis conducted by Daiichi (or a qualified third-party vendor on behalf of Daiichi). Daiichi shall maintain a comprehensive list of speaker program attendees through its centralized electronic system(s). In addition, Daiichi shall use its centralized electronic system(s) to handle all logistics and spending associated with speaker programs, including the tracking and review of the aggregate amount (including speaker fees, travel, and other expenses) paid to each speaker in connection with speaker programs. Daiichi shall require certifications by sales representatives or other Daiichi personnel that a speaker program complied with Daiichi requirements, or in the event of non-compliance, Daiichi shall require the identification of the policy violation and ensure appropriate follow up activity to address the violation.

Daiichi shall institute a Speaker Monitoring Program under which Daiichi compliance or other appropriately trained personnel who are independent from the functional area being monitored (Monitoring Personnel) shall attend 75 speaker programs during each Reporting Period and conduct live audits of the programs (Speaker Program Audits). The programs subject to Speaker Program Audits shall be selected using a risk-based targeting approach or a random sampling approach. For each program reviewed, Monitoring Personnel shall review slide materials and other materials used as part of the speaker program, speaker statements made during the program, and Daiichi sales representative activities during the program to assess whether the programs were conducted in a manner consistent with Daiichi's Policies and Procedures. Daiichi shall maintain the controls around speaker programs as described above and shall conduct its Speaker Program Audits as described above throughout the term of the CIA.

2. *Observations*. As a component of the SFMP, Monitoring Personnel shall conduct observations of field sales representatives (including any contract sales personnel) to assess whether the messages delivered and materials distributed to HCPs and HCIs are consistent with applicable legal requirements and with Daiichi's Policies and Procedures. These observations shall be full day ride-alongs with field sales representatives (Observations), and each Observation shall consist of directly observing all meetings between a sales representative and HCPs during the workday. The Observations shall be scheduled throughout the Reporting Period, judgmentally selected by Monitoring Personnel, include a review of each therapeutic area and actively promoted product, and be conducted across the United States.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

At the completion of each Observation, Monitoring Personnel shall prepare an Observation report which includes:

1) the identity of the sales representative;
2) the identity of the Monitoring Personnel who conducted the Observation;
3) the date and duration of the Observation;
4) the product(s) promoted during the Observation;
5) an overall assessment of compliance with Daiichi Policies and Procedures; and
6) the identification of any potential improper promotional activity or other improper conduct by the field sales representative.

Monitoring Personnel shall conduct at least 30 Observations during each Reporting Period.

3. *Records Reviews.* As a component of the SFMP, Daiichi shall also review various types of records to assess field representatives' interactions with HCPs and HCIs and to identify potential or actual compliance violations. For each Reporting Period, Daiichi shall develop and implement a plan for conducting Records Reviews associated with at least three Government Reimbursed Products. The Records Reviews shall include a review of records relating to the activities of sales representatives in every separate region who promoted the products under review.

These Records Reviews shall include the monitoring and review of: (1) records and systems associated with field sales representatives' interactions with HCPs and HCIs (including records relating to speaker program activities, samples, travel and entertainment, expense reports, any payments to HCPs or HCIs, and sales communications from managers); (2) message recall studies or other similar records (such as Verbatims) purporting to reflect the details of representatives interactions with HCPs and HCIs; (3) records relating to requests for medical information about or Inquiries relating to, the Government Reimbursed Products under review; (4) call notes, or if Daiichi does not require and/or utilize call notes, the information in Daiichi's sales force automation tool that captures information about sales representatives' interactions with HCPs and HCIs and related information; (5) field sales representatives' e-mails and other electronic records; and (6) recorded results of the Observations of field sales force representatives, coaching guides, if coaching guides are required and/or used, and applicable notes or information from the sales representatives' managers.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

For each sales representative reviewed, Monitoring Personnel shall complete a Records Review report that includes:

1) the identity of the sales representative;
2) the identity(ies) of the the Monitoring Personnel who conducted the records review;
3) the time period covered by the records review;
4) the Government Reimbursed Product(s) promoted by the sales representative during the records review period;
5) an inventory of the records from the lists above reviewed during the records review for the sales representative and the reason that any records were not reviewed (if applicable);
6) an assessment of compliance with Daiichi Policies and Procedures; and
7) the identification of any potential improper promotional activity or other improper conduct by the field sales representative.

4. *Reporting and Follow-up.* Monitoring Personnel shall have access to all relevant records and information necessary to assess field representatives' interactions with HCPs and HCIs and to identify potential or actual compliance violations. Results from the SFMP shall be compiled and reported to the Compliance Officer (or designee) for review and remediation as appropriate. Potential violations related to improper promotion of a Government Reimbursed Product or potential violations of Federal health care program or FDA requirements shall be reported to the Compliance Officer for appropriate follow-up activity. In the event that a compliance issue, including but not limited to any potential improper promotion or noncompliance with Daiichi's Policies and Procedures or legal or compliance requirements, is identified during any portion of the SFMP, Daiichi shall investigate the incident consistent with established Policies and Procedures for the handling of investigations. As part of the investigative procedures, findings shall be made and all necessary and appropriate responsive action (including disciplinary action) and corrective action shall be taken, including the disclosure of Reportable Events pursuant to Section III.I above, as applicable. Any compliance issues identified during the SFMP and any corrective action shall be recorded in the files of the Compliance Department.

Daiichi shall include a summary of the SFMP and the results of the SFMP as part of each Annual Report. As part of each Annual Report, Daiichi also shall provide the OIG with copies of the Observation report or Records Review Report for any instances in which it was determined that improper promotion occurred and a description of the action(s) that Daiichi took as a result of such determinations. Daiichi shall make all other Observation reports and Records Review reports available to the OIG upon request.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

L. Monitoring of Non-Promotional Activities.

To the extent not already accomplished, within 90 days after the Effective Date, Daiichi shall develop and implement a monitoring program for the following types of activities: (1) consultant arrangement activities; and (2) medical education grants. This program shall be referred to as the Non-Promotional Monitoring Program (NPMP).

1. *Consulting Arrangement Activities.* To the extent that Daiichi engages U.S.-based U.S.-licensed HCPs for services other than for speaker programs, research-related activities, or publication activities that relate to Promotional Functions or to Product Related Functions (e.g., as a member of an advisory board or to attend consultant meetings), such HCPs shall be referred to herein as Consultants. Daiichi shall require all Consultants to enter written agreements describing the scope of work to be performed, the consultant fees to be paid, and compliance obligations for the Consultants. Consultants shall be paid according to a centrally managed, pre-set rate structure that is determined based on a fair-market value analysis conducted by Daiichi (or a qualified third-party vendor on behalf of Daiichi).

To the extent not already accomplished and within 90 days after the Effective Date, Daiichi shall establish a process to develop an annual engagement plan that identifies the business needs for, and the estimated numbers of, the various Consultant engagements and activities to occur during the following year. The annual Consultant engagement plan shall also identify the budgeted amounts to be spent on Consultant-related activities. Daiichi compliance personnel shall be involved in the review and approval of such plans, including any subsequent modification of an approved plan. The purpose of this review shall be to ensure that Consultant arrangements and related events are used for legitimate and lawful purposes in accordance with applicable Federal health care program and FDA requirements and Daiichi Policies and Procedures.

To the extent not already accomplished and within 90 days after the Effective Date, Daiichi shall establish a process to ensure that a needs assessment has been completed to justify the retention of a Consultant prior to the retention of the Consultant. The needs assessment shall identify the business need for the retention of the Consultant and provide specific details about the consulting arrangement (e.g., information about the numbers and qualifications of the HCPs to be engaged, the agenda for the proposed meeting, and a description of the proposed work to be done and the type of work product to be generated). Any deviations from the Consultant budgeting plans shall be documented in the needs assessment form and shall be subject to review and approval by Daiichi compliance personnel.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

Within 90 days after the Effective Date, Daiichi shall amend its policies and procedures in a manner designed to ensure that each Consultant performed the work for which the Consultant was engaged and that, as applicable, Daiichi received the work product generated by the Consultant.

Within 90 days after the Effective Date, Daiichi shall establish a Consultant Monitoring Program through which it shall conduct audits (Consultant Program Audits) of at least 30 consultant programs with HCPs during each Reporting Period. The Consultant Program Audits shall include at least 10 advisory boards and 20 professional services arrangements with HCPs. The Consultant Monitoring Program shall select Consultant arrangements for review using either a risk-based targeting approach or a random sampling approach. Monitoring Personnel shall review needs assessment documents, Consultant contracts, and materials relating to the program or work of the Consultant (including work product resulting from any program or event), in order to assess whether the programs and arrangements were conducted in a manner consistent with Daiichi's Policies and Procedures. Results from the Consultant Program Audits, including the identification of potential violations of Daiichi policies, shall be compiled and reported to the Compliance Officer (or compliance personnel designee) for review and follow up as appropriate.

2. *Medical Education Grant Activities.* Prior to the Effective Date, Daiichi established a grants management system that is the exclusive mechanism though which requestors may request or be awarded grants for independent medical education grants, other grant activities, and charitable contributions supported by Daiichi. Daiichi's sales and marketing personnel do not and shall continue to have no involvement in, or influence over, the review and approval of medical education grants or charitable contribution requests. Grant and charitable contribution requests shall be submitted through a centralized grants management system and processed in accordance with standardized, objective criteria developed by Daiichi (such as based upon the qualifications of the requestor, or the quality of the program funded by the grant.) In addition, the grants or charitable contributions shall be provided only pursuant to a written agreement with the funding recipient, and if payments to the funding recipient are consistent with the written agreement. Daiichi shall continue the grant and charitable contribution process described above (or an equivalent process) throughout the term of the CIA, and shall notify the OIG in writing at least 60 days prior to the implementation of any new system subsequent to the Effective Date.

To the extent not already accomplished and within 90 days after the Effective Date, Daiichi shall establish a Grants Monitoring Program through which it shall conduct audits for each Reporting Period of at least 30 medical education grants. The Grants Monitoring Program shall select grants for review on a risk-based targeting approach or a

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

random sampling approach. Monitoring Personnel shall review proposal documents (including grant requests), approval documents, contracts, payments and materials relating to the grant management system's review of the requests, and documents and materials relating to the grants and any events or activities funded through the grants in order to assess whether the activities were conducted in a manner consistent with Daiichi's Policies and Procedures. Results from the Grants Monitoring Programs, including the identification of potential violations of policies, shall be compiled and reported to the Compliance Officer (or compliance personnel designee) for review and follow-up as appropriate.

3. *Follow Up Reviews and Reporting.* In the event that a potential violation of Daiichi's Policies and Procedures or of legal or compliance requirements, including but not limited to potential improper promotion, are identified during any aspect of the NPMP, Daiichi shall investigate the incident consistent with established policies and procedures for the handling of investigations and shall take all necessary and appropriate responsive action (including disciplinary action) and corrective action, including the disclosure of Reportable Events pursuant to Section III.I above, if applicable.

Daiichi shall include a summary of the NPMP and the results of the NPMP as part of each Annual Report. As part of each Annual Report, Daiichi also shall provide the OIG with descriptions of any instances identified through the NPMP in which it was determined that improper promotion of Government Reimbursed Products occurred or the activities violated Daiichi's Policies and Procedures, and a description of the action(s) that Daiichi took as a result of such determinations. Daiichi shall make the documents relating to the NPMP available to the OIG upon request.

M. Reporting of Physician Payments.

1. *Reporting of Payment Information.* On or before March 31, 2015, and 90 days after the end of each subsequent calendar year during the term of the CIA, Daiichi shall post on its website a report of the cumulative value of the Payments provided to all Physician Covered Recipients from Daiichi during the prior applicable calendar year. Each annual report shall be easily accessible and readily searchable.

Each report posted pursuant to this Section III.M shall include a complete list of all Physician Covered Recipients to whom Daiichi made Payments in the preceding year. Each report shall be arranged alphabetically according to the Physician Covered Recipient's last name. The Payment amounts in the reports shall be reported in the actual amount paid for all Physician Covered Recipients on the report. For each Physician Covered Recipient, the applicable report shall include the following information: (i)

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

physician's full name; (ii) city and state that the physician has provided to Daiichi for contact purposes; and (iii) the aggregate value of the Payment(s) in the preceding year.

2. *Definitions and Miscellaneous Provisions.*

a. Daiichi shall make each annual report of Payments available on its website during the term of the CIA. Daiichi shall retain and make available to OIG, upon request, all supporting documentation, correspondence, and records related to all applicable Payments and to the annual report of Payments. Nothing in this Section III.M affects the responsibility of Daiichi to comply with (or liability for noncompliance with) all applicable Federal health care program requirements and state laws as they relate to all applicable Payments made to Physician Covered Recipients.

b. For purposes of Section III.M.1, "Payments" is defined to include all "direct or indirect payments or other transfers of value" as that term is defined in 42 U.S.C. § 1320a-7h and applicable regulations and guidance (including FAQs) published by CMS. The term Payments includes the types of payments or other transfers of value enumerated in 42 U.S.C. § 1320a-7h(a)(1)(A)(vi) and applicable regulations. The term includes all indirect payments or other transfers of value made to a Physician Covered Recipient through a third party where Daiichi requires, instructs, directs, or otherwise causes the third party to provide the Payment to the Physician Covered Recipient. The term also includes direct and indirect payments or other transfers of value provided to a third party at the request of or designated by the Daiichi on behalf of a Physician Covered Recipient.

c. For purposes of its annual website postings as described above, and only with regard to Payments made pursuant to product research or development agreements and clinical investigations as set forth in 42 U.S.C. § 1320a-7h(c)(1)(E), Daiichi may delay the inclusion of such Payments on its website listings consistent with 42 U.S.C. § 1320a-7h(c)(1)(E) and any regulations promulgated thereunder.

d. The term "Payments" does not include direct or indirect payments or others transfers of value or other items that are not included in or are excluded from the definition of "payment" or

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

otherwise excluded from reporting under 42 U.S.C. § 1320a-7h and applicable regulations and guidance (including FAQs) published by CMS.

e. For purposes of this Section III.M, the term "Physician Covered Recipient" is defined to include any physician, except for a physician who is a bona fide employee of Daiichi, as that term is defined in 42 U.S.C. § 1320a-7h(e)(6) and applicable regulations.

N. Other Transparency/Disclosure Initiatives.

1. *Medical Education Grants.* Within 90 days after the Effective Date, Daiichi shall begin posting on its company website the following information with respect to all medical education grants and charitable contributions: (i) the name of the recipient; (ii) the program name and a brief description of the program; and (iii) the amount of the grant or contribution. Daiichi shall post (and provide updates to) the above-described information about grants and charitable contributions on at least an annual basis throughout the term of this CIA. Daiichi shall notify the OIG in writing at least 60 days prior to any change in the substance of its policies regarding the funding of grants and healthcare donations or posting of the above-referenced information relating to such funding.

2. *Consultant Disclosure Obligations.* To the extent not already accomplished and within 90 days after the Effective Date, Daiichi shall require all Consultants to fully comply with all applicable disclosure obligations relating to their relationship with Daiichi that may be externally imposed on the Consultants based on their affiliation with formulary or Pharmacy & Therapeutics (P&T) committees or committees associated with the development of treatment protocols or standards or that are required by any HCI, medical committee, or other medical or scientific organization with which the Consultants are affiliated. Within 90 days after the Effective Date, to the extent not already accomplished, Daiichi shall amend its policies relating to Consultants to explicitly state that Daiichi requires all Consultants to fully comply with all applicable disclosure obligations relating to their relationship with Daiichi that may be externally imposed on the Consultants based on their affiliation with formulary, P&T committees, or committees associated with the development of treatment protocols or standards or that are required by any HCI, medical committee, or other medical or scientific organization with which the Consultants are affiliated. In addition, for any amendment to its contracts with Consultants and in any new contracts with Consultants entered into after 90 days following the Effective Date, Daiichi shall include an explicit requirement that the Consultants fully comply with all applicable disclosure requirements, as referenced above

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

in this paragraph. Daiichi shall continue these disclosure requirements throughout the term of this CIA.

3. *Authors*. To the extent not already accomplished and within 90 days following the Effective Date, Daiichi shall implement a requirement that all Authors of biomedical manuscripts must fully comply with the International Committee of Medical Journal Editors (ICMJE) criteria regarding authorship and disclosure of their relationship with Daiichi and disclose any potential conflicts of interest, including any financial or personal relationships that might be perceived to bias their work. Within 90 days after the Effective Date, to the extent not already accomplished, Daiichi shall amend its policies to explicitly state Daiichi's requirement about full disclosure by Authors consistent with ICMJE criteria and the requirements of any HCI, medical committee or other medical or scientific organization with which the Authors are affiliated. In addition, for any amendments to its contracts and/or engagement letters with Authors and in any contracts and/or engagement letters with Authors entered into after 90 days following the Effective Date, Daiichi shall include an explicit requirement that Authors disclose in their manuscripts, journal submissions, and elsewhere as appropriate or required, any potential conflicts of interest, including their financial or personal relationship with Daiichi, the names of any individuals who have provided editorial support for any manuscript or other publication, and all funding sources for the study or publication.

4. *Post-Marketing Commitments*. Within 90 days after the Effective Date, Daiichi shall post or make available information on its company website about post-marketing commitments (PMCs). The Daiichi website or links included therein shall provide access to general information about the PMC process, descriptions of ongoing Daiichi studies related to PMCs, and information about the nature and status of FDA PMCs. Daiichi shall continue to post or make available the above-described information about PMCs on its website or links included therein throughout the term of this CIA.

IV. SUCCESSOR LIABILITY; CHANGES TO BUSINESS UNITS OR LOCATIONS

A. Change or Closure of Unit or Location. In the event that, after the Effective Date, Daiichi changes locations or closes a business, business unit or location related to or engaged in any of the Covered Functions, Daiichi shall notify OIG of this fact as soon as possible, but no later than within 30 days after the date of change or closure of the business, business unit, or location.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

B. Purchase or Establishment of New Unit or Location. In the event that, after the Effective Date, Daiichi purchases or establishes a new business, business unit or location related to or engaged in any of the Covered Functions, Daiichi shall notify OIG at least 30 days prior to such purchase or the operation of the new business, business unit or location. This notification shall include the address of the new business, business unit or location, phone number, and fax number. Each new business, business unit or location and all Covered Persons at each new business, business unit or location shall be subject to the applicable requirements of this CIA.

C. Sale of Unit or Location. In the event that, after the Effective Date, Daiichi proposes to sell any or all of its business, business units or locations (whether through a sale of assets, sale of stock or other type of transaction) that are subject to this CIA, Daiichi shall notify OIG no later than five days after the date on which the sale of its business, business unit, or location is publicly disclosed by Daiichi. This notification shall include a description of the business, business unit or location to be sold, a brief description of the terms of the sale, and the name and contact information of the prospective purchaser. This CIA shall be binding on the purchaser of such business unit or location, unless otherwise determined and agreed to in writing by the OIG.

V. IMPLEMENTATION AND ANNUAL REPORTS

A. Implementation Report. Within 120 days after the Effective Date, Daiichi shall submit a written report to OIG summarizing the status of its implementation of the requirements of this CIA (Implementation Report). The Implementation Report shall, at a minimum, include:

1. the name, address, phone number, and position description of the Compliance Officer required by Section III.A.1, and a summary of other noncompliance job responsibilities the Compliance Officer may have;

2. the names and positions of the members of the Compliance Committee required by Section III.A.2;

3. the names of the members of the Board of Directors who are responsible for satisfying the obligations referenced in Section III.A.3;

4. the names and positions of the Certifying Employees required by Section III.A.4;

5. a copy of Daiichi's Code of Conduct required by Section III.B.1;

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

6. the number of Covered Persons required to complete the Code of Conduct certification required by Section III.B.1, the percentage of Covered Persons who have completed such certification, and an explanation of any exceptions (the documentation supporting this information shall be available to OIG, upon request);

7. (a) a copy of the letter (including all attachments) required by Sections II.C.8 and III.B.2 sent to each party employing Third Party Personnel; (b) a list of all existing co-promotion and other applicable agreements with the party employing the Third Party Personnel; and (c) a description of the entities' responses to Daiichi's letter;

8. a summary of all Policies and Procedures required by Section III.B.3 (copies of such Policies and Procedures shall be made available to OIG upon request);

9. the following information regarding each type of training required by Section III.C:

a. a description of such training, including a summary of the topics covered, the length of sessions, and a schedule of training sessions; and

b. the number of individuals required to be trained, percentage of individuals actually trained, and an explanation of any exceptions.

A copy of all training materials and the documentation supporting this information (including training certifications) shall be made available to OIG, upon request.

10. a description of the RAMP required by Section III.D;

11. the following information regarding the IRO(s): (a) identity, address, and phone number; (b) a copy of the engagement letter; (c) information to demonstrate that the IRO has the qualifications outlined in Appendix A; (d) a summary and description of any and all current and prior engagements and agreements between Daiichi and the IRO; and (e) a certification from the IRO regarding its professional independence and objectivity with respect to Daiichi;

12. a description of the Disclosure Program required by Section III.F;

13. a description of the process by which Daiichi fulfills the requirements of Section III.G regarding Ineligible Persons;

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

14. (if applicable) a certification from the Compliance Officer that to the best of his/her knowledge, information regarding Payments has been posted on Daiichi's website as required by Section III.M;

15. a list of all of Daiichi's locations (including locations and mailing addresses); the corresponding name under which each location is doing business; the corresponding phone numbers and fax numbers;

16. a description of Daiichi's corporate structure, including identification of any parent and sister companies, subsidiaries, and their respective lines of business; and

17. the certifications required by Section V.C.

B. Annual Reports. Daiichi shall submit to OIG annually a report with respect to the status of, and findings regarding, Daiichi's compliance activities for each of the five Reporting Periods (Annual Report). Each Annual Report shall include, at a minimum:

1. any change in the identity, position description, or other noncompliance job responsibilities of the Compliance Officer and any change in the membership of the Compliance Committee, the Board of Directors, or the group of Certifying Employees described in Sections III.A.1-III.A.4;

2. the dates of each report made by the Compliance Officer to the Board (written documentation of such reports shall be made available upon request);

3. a copy of the Board resolution required by Section III.A.3;

4. a summary of any changes or amendments to Daiichi's Code of Conduct required by Section III.B.1 and the reasons for such changes, along with a copy of the revised Code of Conduct;

5. the number of Covered Persons required to review Daiichi's Code of Conduct and complete the certifications required by Section III.B.1, the percentage of Covered Persons who have completed such certifications, and an explanation of any exceptions (the documentation supporting this information shall be available to OIG, upon request);

6. (a) a copy of the letter (including all attachments) required by Sections II.C.8 and III.B.2 sent to each party employing Third Party Personnel; (b) a list

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

of all existing co-promotion and other applicable agreements with the party employing the Third Party Personnel; and (c) a description of the entities' responses to Daiichi's letter;

7. a summary of any significant changes or amendments to the Policies and Procedures required by Section III.B and the reasons for such changes (e.g., change in applicable requirements);

8. the following information regarding each type of training required by Section III.C:

a. a description of the initial and annual training, including a summary of the topics covered, the length of sessions, and a schedule of training sessions; and

b. the number of individuals required to complete the initial and annual training, percentage of individuals who completed the training, and an explanation of any exceptions.

A copy of all training materials and the documentation (including training certifications) supporting this information shall be available to OIG, upon request;

9. a description of the RAMP required by Section III.D, a summary of any changes to the process, and a description of the reasons for such changes;

10. a complete copy of all reports prepared pursuant to Section III.E and Appendix B along with a copy of the IRO's engagement letter;

11. Daiichi's response to the reports prepared pursuant to the reviews outlined in Section III.E and Appendix B, along with corrective action plan(s) related to any issues raised by the reports;

12. a summary and description of any and all current and prior engagements and agreements between Daiichi and the IRO (if different from what was submitted as part of the Implementation Report);

13. a certification from the IRO regarding its professional independence and objectivity with respect to Daiichi;

14. a summary of the disclosures in the disclosure log required by Section III.F that relate to Federal health care programs, FDA requirements, or

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

Government Reimbursed Products (the complete disclosure log shall be made available to OIG upon request);

15. any changes to the process by which Daiichi fulfills the requirements of Section III.G regarding Ineligible Persons;

16. a summary describing any ongoing investigation or legal proceeding required to have been reported pursuant to Section III.H. The summary shall include a description of the allegation, the identity of the investigating or prosecuting agency, and the status of such investigation or legal proceeding;

17. a summary of Reportable Events (as defined in Section III.I) identified during the Reporting Period and the status of any corrective and preventative action relating to all such Reportable Events;

18. a summary describing any written communication with the FDA required to have been reported pursuant to Section III.J. This summary shall include a description of each matter and the status of each matter;

19. a summary of the SFMP and the results of the SFMP required by Section III.K, including copies of the Observations for any instances in which it was determined that improper promotion occurred and a description of the action(s) that Daiichi took as a result of such determinations;

20. a summary of the NPMP and the results of the program described in Section III.L, including detailed description of any identified instances in which it was determined that the activities violated Daiichi's policies or that improper promotion of Government Reimbursed Products occurred and a description of the action(s) Daiichi took as a result of such determinations;

21. a certification from the Compliance Officer that information regarding Payments has been posted on Daiichi's website as required by Section III.M;

22. a description of all changes to the most recently provided list of Daiichi's locations (including addresses) as required by Section V.A.15; the corresponding name under which each location is doing business; the corresponding phone numbers and fax numbers;

23. a description of: (i) any additional, updated, supplemental or changed information submitted to any Compendia in accordance with Section III.B.3.p; (ii) Daiichi's review of information submitted to the Compendia and Daiichi's conclusion

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

as to whether information submitted to the Compendia and product listings and monographs contained in the Compendia about Government Reimbursed Products are accurate and complete and do not contain any errors; and (iii) all arrangements, processing fees, and other payments or financial support (if any) with or made to any Compendia that were evaluated during the annual review described in Section III.B.3.p; and

24. the certifications required by Section V.C.

The first Annual Report shall be received by OIG no later than 90 days after the end of the first Reporting Period. Subsequent Annual Reports shall be received by OIG no later than the anniversary date of the due date of the first Annual Report.

C. Certifications.

1. *Certifying Employees.* In each Annual Report, Daiichi shall include the certifications of Certifying Employees as required by Section III.A.4;

2. *Compliance Officer.* In each Implementation Report and Annual Report, Daiichi shall include the following individual certifications by the Compliance Officer:

a. to the best of his or her knowledge, except as otherwise described in the report, Daiichi is in compliance with the requirements of this CIA;

b. he or she has reviewed the report and has made reasonable inquiry regarding its content and believes that the information in the report is accurate and truthful;

c. Daiichi's: (i) Policies and Procedures as referenced in Section III.B.3 above; (ii) templates for standardized contracts and other similar documents; and (iii) the training materials used for purposes of Section III.C all have been reviewed by competent legal counsel and have been found to be in compliance with all applicable Federal health care program and FDA requirements. In addition, Daiichi's promotional materials containing claims or information about Government Reimbursed Products and other materials and information intended to be disseminated outside Daiichi have been reviewed by competent regulatory, medical, and/or, as appropriate, legal counsel in accordance with applicable Policies and Procedures

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

to ensure that legal, medical, and regulatory concerns have been addressed by Daiichi and brought to the attention of the appropriate individuals when required, and that the materials and information when finally approved are in compliance with all applicable Federal health care program and FDA requirements. If the applicable legal requirements have not changed, after the initial review of the documents listed above, only material changes to the documents must be reviewed by competent legal counsel. The certification shall include a description of the document(s) reviewed and approximately when the review was completed. The documentation supporting this certification shall be available to OIG, upon request; and

d. Daiichi's call plans for Government Reimbursed Products were reviewed at least once during the Reporting Period (consistent with Section III.B.3.h) and, for each product the call plans were found to be consistent with Daiichi's Policies and Procedures referenced above in Section III.B.3.h.

D. Designation of Information. Daiichi shall clearly identify any portions of its submissions that it believes are trade secrets, or information that is commercial or financial and privileged or confidential, and therefore potentially exempt from disclosure under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. Daiichi shall refrain from identifying any information as exempt from disclosure if that information does not meet the criteria for exemption from disclosure under FOIA.

VI. NOTIFICATIONS AND SUBMISSION OF REPORTS

Unless otherwise stated in writing after the Effective Date, all notifications and reports required under this CIA shall be submitted to the following entities:

OIG:

Administrative and Civil Remedies Branch
Office of Counsel to the Inspector General
Office of Inspector General
U.S. Department of Health and Human Services
Cohen Building, Room 5527
330 Independence Avenue, S.W.
Washington, DC 20201
Telephone: 202.619.2078

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

Facsimile: 202.205.0604

Daiichi:

Matt Allegrucci
Vice President
Ethics & Compliance Officer
Daiichi Sankyo, Inc.
2 Hilton Court
Parsippany, NJ 07054
Telephone: 973.944.2787
Facsimile: 973.205.2808

Unless otherwise specified, all notifications and reports required by this CIA may be made by certified mail, overnight mail, hand delivery, or other means, provided that there is proof that such notification was received. For purposes of this requirement, internal facsimile confirmation sheets do not constitute proof of receipt. Upon request by OIG, Daiichi may be required to provide OIG with an electronic copy of each notification or report required by this CIA in searchable portable document format (pdf), in addition to a paper copy.

VII. OIG INSPECTION, AUDIT, AND REVIEW RIGHTS

In addition to any other rights OIG may have by statute, regulation, or contract, OIG or its duly authorized representative(s) may examine and/or request copies of Daiichi's books, records, and other documents and supporting materials and/or conduct on-site reviews of any of Daiichi's locations for the purpose of verifying and evaluating: (a) Daiichi's compliance with the terms of this CIA; and (b) Daiichi's compliance with the requirements of the Federal health care programs in which it participates and with all applicable FDA requirements. The documentation described above shall be made available by Daiichi to OIG or its duly authorized representative(s) at all reasonable times for inspection, audit, and/or reproduction. Furthermore, for purposes of this provision, OIG or its duly authorized representative(s) may interview any of Daiichi's Covered Persons who consent to be interviewed at the individual's place of business during normal business hours or at such other place and time as may be mutually agreed upon between the individual and OIG. Daiichi shall assist OIG or its duly authorized representative(s) in contacting and arranging interviews with such individuals upon OIG's request. Daiichi's Covered Persons may elect to be interviewed with or without a representative of Daiichi present.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

VIII. DOCUMENT AND RECORD RETENTION

Daiichi shall maintain for inspection all documents and records relating to reimbursement from the Federal health care programs and to compliance with this CIA for six years (or longer if otherwise required by law) from the Effective Date.

IX. DISCLOSURES

Consistent with HHS's FOIA procedures, set forth in 45 C.F.R. Part 5, OIG shall make a reasonable effort to notify Daiichi prior to any release by OIG of information submitted by Daiichi pursuant to its obligations under this CIA and identified upon submission by Daiichi as trade secrets, or information that is commercial or financial and privileged or confidential, under the FOIA rules. With respect to such releases, Daiichi shall have the rights set forth at 45 C.F.R. § 5.65(d).

X. BREACH AND DEFAULT PROVISIONS

Daiichi is expected to fully and timely comply with all of its CIA obligations.

A. Stipulated Penalties for Failure to Comply with Certain Obligations. As a contractual remedy, Daiichi and OIG hereby agree that failure to comply with certain obligations as set forth in this CIA may lead to the imposition of the following monetary penalties (hereinafter referred to as "Stipulated Penalties") in accordance with the following provisions.

1. A Stipulated Penalty of $2,500 (which shall begin to accrue on the day after the date the obligation became due) for each day Daiichi fails to establish and implement any of the following obligations as described in Section III:

a. a Compliance Officer;

b. a Compliance Committee;

c. the Board's compliance obligations, including the resolution from the Board;

d. the management accountability and certification obligations;

e. a written Code of Conduct;

f. written Policies and Procedures;

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

g. the training of Covered Persons, Relevant Covered Persons, and Board Members;

h. a RAMP as required in Section III.D and Appendix B;

i. a Disclosure Program;

j. Ineligible Persons screening and removal requirements;

k. notification of Government investigations or legal proceedings;

l. reporting of Reportable Events;

m. notification of written communications with FDA as required by Section III.J;

n. the SFMP required by Section III.K;

o. the NPMP required by Section III.L;

p. posting of any Payment-related information as required by Section III.M; and

q. implementation of the other transparency/disclosure requirements described in Section III.N.

2. A Stipulated Penalty of $2,500 (which shall begin to accrue on the day after the date the obligation became due) for each day Daiichi fails to engage and use an IRO as required in Section III.E and Appendix B.

3. A Stipulated Penalty of $2,500 (which shall begin to accrue on the day after the date the obligation became due) for each day Daiichi fails to submit the Implementation Report or any Annual Reports to OIG in accordance with the requirements of Section V by the deadlines for submission.

4. A Stipulated Penalty of $2,500 (which shall begin to accrue on the day after the date the obligation became due) for each day Daiichi fails to submit any IRO Review report in accordance with the requirements of Section III.E and Appendix B.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

5. A Stipulated Penalty of $1,500 for each day Daiichi fails to grant access as required in Section VII. (This Stipulated Penalty shall begin to accrue on the date Daiichi fails to grant access.)

6. A Stipulated Penalty of $50,000 for each false certification submitted by or on behalf of Daiichi as part of its Implementation Report, Annual Report, additional documentation to a report (as requested by the OIG), or otherwise required by this CIA.

7. A Stipulated Penalty of $1,000 for each day Daiichi fails to comply fully and adequately with any obligation of this CIA. OIG shall provide notice to Daiichi stating the specific grounds for its determination that Daiichi has failed to comply fully and adequately with the CIA obligation(s) at issue and steps Daiichi shall take to comply with the CIA. (This Stipulated Penalty shall begin to accrue 10 days after Daiichi receives this notice from OIG of the failure to comply.) A Stipulated Penalty as described in this Subsection shall not be demanded for any violation for which OIG has sought a Stipulated Penalty under Subsections 1- 6 of this Section.

B. Timely Written Requests for Extensions. Daiichi may, in advance of the due date, submit a timely written request for an extension of time to perform any act or file any notification or report required by this CIA. Notwithstanding any other provision in this Section, if OIG grants the timely written request with respect to an act, notification, or report, Stipulated Penalties for failure to perform the act or file the notification or report shall not begin to accrue until one day after Daiichi fails to meet the revised deadline set by OIG. Notwithstanding any other provision in this Section, if OIG denies such a timely written request, Stipulated Penalties for failure to perform the act or file the notification or report shall not begin to accrue until three days after Daiichi receives OIG's written denial of such request or the original due date, whichever is later. A "timely written request" is defined as a request in writing received by OIG at least five days prior to the date by which any act is due to be performed or any notification or report is due to be filed.

C. Payment of Stipulated Penalties.

1. *Demand Letter.* Upon a finding that Daiichi has failed to comply with any of the obligations described in Section X.A and after determining that Stipulated Penalties are appropriate, OIG shall notify Daiichi of: (a) Daiichi's failure to comply; and (b) OIG's exercise of its contractual right to demand payment of the Stipulated Penalties (this notification is referred to as the "Demand Letter").

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

2. *Response to Demand Letter.* Within 10 days after the receipt of the Demand Letter, Daiichi shall either: (a) cure the breach to OIG's satisfaction and pay the applicable Stipulated Penalties or (b) request a hearing before an HHS administrative law judge (ALJ) to dispute OIG's determination of noncompliance, pursuant to the agreed upon provisions set forth below in Section X.E. In the event Daiichi elects to request an ALJ hearing, the Stipulated Penalties shall continue to accrue until Daiichi cures, to OIG's satisfaction, the alleged breach in dispute. Failure to respond to the Demand Letter in one of these two manners within the allowed time period shall be considered a material breach of this CIA and shall be grounds for exclusion under Section X.D.

3. *Form of Payment.* Payment of the Stipulated Penalties shall be made by electronic funds transfer to an account specified by OIG in the Demand Letter.

4. *Independence from Material Breach Determination.* Except as set forth in Section X.D.1.d, these provisions for payment of Stipulated Penalties shall not affect or otherwise set a standard for OIG's decision that Daiichi has materially breached this CIA, which decision shall be made at OIG's discretion and shall be governed by the provisions in Section X.D, below.

D. Exclusion for Material Breach of this CIA.

1. *Definition of Material Breach.* A material breach of this CIA means:

a. repeated or flagrant violations of the obligations under this CIA, including, but not limited to, the obligations addressed in Section X.A;

b. a failure by Daiichi to report a Reportable Event and take corrective action as required in Section III.I;

c. a failure to engage and use an IRO in accordance with Section III.E and Appendices A and B;

d. a failure to respond to a Demand Letter concerning the payment of Stipulated Penalties in accordance with Section X.C; or

e. a failure of the Board to issue a resolution in accordance with Section III.A.3.

2. *Notice of Material Breach and Intent to Exclude.* The parties agree that a material breach of this CIA by Daiichi constitutes an independent basis for

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

Daiichi's exclusion from participation in the Federal health care programs. Upon a determination by OIG that Daiichi has materially breached this CIA and that exclusion is the appropriate remedy, OIG shall notify Daiichi of: (a) Daiichi's material breach; and (b) OIG's intent to exercise its contractual right to impose exclusion (this notification is hereinafter referred to as the "Notice of Material Breach and Intent to Exclude").

3. *Opportunity to Cure.* Daiichi shall have 30 days from the date of receipt of the Notice of Material Breach and Intent to Exclude to demonstrate to OIG's satisfaction that:

a. Daiichi is in compliance with the obligations of the CIA cited by OIG as being the basis for the material breach;

b. the alleged material breach has been cured; or

c. the alleged material breach cannot be cured within the 30 day period, but that: (i) Daiichi has begun to take action to cure the material breach; (ii) Daiichi is pursuing such action with due diligence; and (iii) Daiichi has provided to OIG a reasonable timetable for curing the material breach.

4. *Exclusion Letter.* If, at the conclusion of the 30 day period, Daiichi fails to satisfy the requirements of Section X.D.3, OIG may exclude Daiichi from participation in the Federal health care programs. OIG shall notify Daiichi in writing of its determination to exclude Daiichi (this letter shall be referred to hereinafter as the "Exclusion Letter"). Subject to the Dispute Resolution provisions in Section X.E, below, the exclusion shall go into effect 30 days after the date of Daiichi's receipt of the Exclusion Letter. The exclusion shall have national effect. Reinstatement to program participation is not automatic. After the end of the period of exclusion, Daiichi may apply for reinstatement by submitting a written request for reinstatement in accordance with the provisions at 42 C.F.R. §§ 1001.3001-.3004.

E. Dispute Resolution

1. *Review Rights.* Upon OIG's delivery to Daiichi of its Demand Letter or of its Exclusion Letter, and as an agreed-upon contractual remedy for the resolution of disputes arising under this CIA, Daiichi shall be afforded certain review rights comparable to the ones that are provided in 42 U.S.C. § 1320a-7(f) and 42 C.F.R. Part 1005 as if they applied to the Stipulated Penalties or exclusion sought pursuant to this CIA. Specifically, OIG's determination to demand payment of Stipulated Penalties or to seek exclusion shall be subject to review by an HHS ALJ and, in the event of an

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

appeal, the HHS Departmental Appeals Board (DAB), in a manner consistent with the provisions in 42 C.F.R. § 1005.2-1005.21. Notwithstanding the language in 42 C.F.R. § 1005.2(c), the request for a hearing involving Stipulated Penalties shall be made within 10 days after receipt of the Demand Letter and the request for a hearing involving exclusion shall be made within 25 days after receipt of the Exclusion Letter.

2. *Stipulated Penalties Review.* Notwithstanding any provision of Title 42 of the United States Code or Title 42 of the Code of Federal Regulations, the only issues in a proceeding for Stipulated Penalties under this CIA shall be: (a) whether Daiichi was in full and timely compliance with the obligations of this CIA for which OIG demands payment; and (b) the period of noncompliance. Daiichi shall have the burden of proving its full and timely compliance and the steps taken to cure the noncompliance, if any. OIG shall not have the right to appeal to the DAB an adverse ALJ decision related to Stipulated Penalties. If the ALJ agrees with OIG with regard to a finding of a breach of this CIA and orders Daiichi to pay Stipulated Penalties, such Stipulated Penalties shall become due and payable 20 days after the ALJ issues such a decision unless Daiichi requests review of the ALJ decision by the DAB. If the ALJ decision is properly appealed to the DAB and the DAB upholds the determination of OIG, the Stipulated Penalties shall become due and payable 20 days after the DAB issues its decision.

3. *Exclusion Review.* Notwithstanding any provision of Title 42 of the United States Code or Title 42 of the Code of Federal Regulations, the only issues in a proceeding for exclusion based on a material breach of this CIA shall be:

a. whether Daiichi was in material breach of this CIA;

b. whether such breach was continuing on the date of the Exclusion Letter; and

c. whether the alleged material breach could not have been cured within the 30-day period, but that: (i) Daiichi had begun to take action to cure the material breach within that period; (ii) Daiichi has pursued and is pursuing such action with due diligence; and (iii) Daiichi provided to OIG within that period a reasonable timetable for curing the material breach and Daiichi has followed the timetable.

For purposes of the exclusion herein, exclusion shall take effect only after an ALJ decision favorable to OIG, or, if the ALJ rules for Daiichi, only after a DAB decision in favor of OIG. Daiichi's election of its contractual right to appeal to the DAB shall not abrogate OIG's authority to exclude Daiichi upon the issuance of an ALJ's decision in

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

favor of OIG. If the ALJ sustains the determination of OIG and determines that exclusion is authorized, such exclusion shall take effect 20 days after the ALJ issues such a decision, notwithstanding that Daiichi may request review of the ALJ decision by the DAB. If the DAB finds in favor of OIG after an ALJ decision adverse to OIG, the exclusion shall take effect 20 days after the DAB decision. Daiichi shall waive its right to any notice of such an exclusion if a decision upholding the exclusion is rendered by the ALJ or DAB. If the DAB finds in favor of Daiichi, Daiichi shall be reinstated effective on the date of the original exclusion.

4. *Finality of Decision.* The review by an ALJ or DAB provided for above shall not be considered to be an appeal right arising under any statutes or regulations. Consequently, the parties to this CIA agree that the DAB's decision (or the ALJ's decision if not appealed) shall be considered final for all purposes under this CIA.

XI. EFFECTIVE AND BINDING AGREEMENT

Daiichi and OIG agree as follows:

A. This CIA shall become final and binding on the date the final signature is obtained on the CIA.

B. This CIA constitutes the complete agreement between the parties and may not be amended except by written consent of the parties to this CIA.

C. The undersigned Daiichi signatories represent and warrant that they are authorized to execute this CIA. The undersigned OIG signatories represent that they are signing this CIA in their official capacity and that they are authorized to execute this CIA.

D. This CIA may be executed in counterparts, each of which constitutes an original and all of which constitute one and the same CIA. Facsimiles of signatures shall constitute acceptable, binding signatures for purposes of this CIA.

APPENDIX A

INDEPENDENT REVIEW ORGANIZATION

This Appendix contains the requirements relating to the Independent Review Organization (IRO) required by Section III.E of the CIA.

A. IRO Engagement

1. Daiichi shall engage an IRO that possesses the qualifications set forth in Paragraph B, below, to perform the responsibilities in Paragraph C, below. The IRO shall conduct the review in a professionally independent and objective fashion, as set forth in Paragraph D. Within 30 days after OIG receives the information identified in Section V.A.11 of the CIA or any additional information submitted by Daiichi in response to a request by OIG, whichever is later, OIG will notify Daiichi if the IRO is unacceptable. Absent notification from OIG that the IRO is unacceptable, Daiichi may continue to engage the IRO.

2. If Daiichi engages a new IRO during the term of the CIA, this IRO shall also meet the requirements of this Appendix. If a new IRO is engaged, Daiichi shall submit the information identified in Section V.A.11 of the CIA to OIG within 30 days of engagement of the IRO. Within 30 days after OIG receives this information or any additional information submitted by Daiichi at the request of OIG, whichever is later, OIG will notify Daiichi if the IRO is unacceptable. Absent notification from OIG that the IRO is unacceptable, Daiichi may continue to engage the IRO.

B. IRO Qualifications

The IRO shall:

1. assign individuals to conduct the IRO Reviews who have expertise in the pharmaceutical industry and have expertise in all applicable Federal health care program and FDA requirements relating to Covered Functions and the RAMP, including but not limited to expertise relating to marketing and promotional activities associated with pharmaceutical products. The assigned individuals shall also be experienced in risk identification and mitigation in relation to pharmaceutical product marketing and promotion. The assigned individuals shall also be knowledgeable about the general requirements of the Federal health care program(s) under which Government Reimbursed Products are reimbursed;

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

2. assign individuals to design and select the sample for the Transaction Reviews who are knowledgeable about the appropriate statistical sampling techniques; and

3. have sufficient staff and resources to conduct the reviews required by the CIA on a timely basis.

C. IRO Responsibilities

The IRO shall:

1. perform each IRO Review in accordance with the specific requirements of the CIA;

2. follow all applicable Federal health care program and FDA requirements in making assessments in each IRO Review;

3. if in doubt of the application of a particular Federal health care program or FDA requirement, policy or regulation, request clarification from the appropriate authority (*e.g.*, CMS or FDA);

4. respond to all OIG inquires in a prompt, objective, and factual manner; and

5. prepare timely, clear, well-written reports that include all the information required by Appendix B to the CIA.

D. IRO Independence and Objectivity

The IRO must perform each IRO Review in a professionally independent and objective fashion, as appropriate to the nature of the engagement, taking into account any other business relationships or engagements that may exist between the IRO and Daiichi.

E. IRO Removal/Termination

1. *Provider and IRO.* If Daiichi terminates its IRO or if the IRO withdraws from the engagement during the term of the CIA, Daiichi must submit a notice explaining its reasons for termination or the reason for withdrawal to OIG no later than 30 days after termination or withdrawal. Daiichi must engage a new IRO in accordance with Paragraph A of this Appendix and within 60 days of termination or withdrawal of the IRO.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

2. *OIG Removal of IRO.* In the event OIG has reason to believe the IRO does not possess the qualifications described in Paragraph B, is not independent and objective as set forth in Paragraph D, or has failed to carry out its responsibilities as described in Paragraph C, OIG may, at its sole discretion, require Daiichi to engage a new IRO in accordance with Paragraph A of this Appendix. Daiichi must engage a new IRO within 60 days of termination of the IRO.

Prior to requiring Daiichi to engage a new IRO, OIG shall notify Daiichi of its intent to do so and provide a written explanation of why OIG believes such a step is necessary. To resolve any concerns raised by OIG, Daiichi may present additional information regarding the IRO's qualifications, independence or performance of its responsibilities. OIG will attempt in good faith to resolve any differences regarding the IRO with Daiichi prior to requiring Daiichi to terminate the IRO. However, the final determination as to whether or not to require Daiichi to engage a new IRO shall be made at the sole discretion of OIG.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

Appendix B to CIA
for
Daiichi Sankyo, Inc.
IRO Reviews

I. IRO Engagement, General Description

As specified more fully below, Daiichi shall retain an Independent Review Organization(s) (IRO) to perform engagements to assist Daiichi in assessing and evaluating certain of its systems, processes, policies, and procedures related to Daiichi's Covered Functions and RAMP (IRO Review). The IRO Review shall consist of two components - a systems review (the Covered Functions and RAMP Review) and a transactions review (the IRO Transactions Review), as described more fully below. Daiichi may engage, at its discretion, a single entity to perform both components of the IRO Review, provided that the entity has the necessary expertise and capabilities to perform both.

If there are no material changes in Daiichi's systems, processes, policies, and procedures relating to Covered Functions or its RAMP, the IRO shall perform the Systems Review for the second and fourth Reporting Periods. If Daiichi materially changes its systems, processes, policies, and procedures relating to Covered Functions or its RAMP, the IRO shall perform a Systems Review for the Reporting Period(s) in which such changes were made in addition to conducting the Review for the second and fourth Reporting Periods. The additional Systems Review(s) shall consist of: 1) an identification of the material changes; 2) an assessment of whether other systems, processes, policies, and procedures previously reported did not materially change; and 3) a review of the systems, processes, policies, and procedures that materially changed. The IRO shall conduct the Transactions Review for each Reporting Period of the CIA.

II. IRO Systems Review

The Covered Functions and RAMP Systems Review shall be a review of Daiichi's systems, processes, policies, and procedures (including the controls on those systems, processes, policies, and procedures) relating to certain Covered Functions and its RAMP. Where practical, Daiichi personnel may compile documentation, schedule and organize interviews, and undertake other efforts to assist the IRO in performing the Systems Review. The IRO is not required to undertake a de novo review of the information gathered or activities undertaken by Daiichi pursuant to the preceding sentence. Specifically, the IRO shall review Daiichi's systems, processes, policies, and procedures associated with the following (hereafter "Reviewed Policies and Procedures"):

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

1) Daiichi's systems, processes, polices, and procedures relating to incentive compensation for Relevant Covered Persons who are sales representatives and field-based managers of sales representatives, with regard to whether the systems, policies, processes, and procedures are designed to ensure that financial incentives do not inappropriately motivate such individuals to engage in the improper promotion, sales, and marketing of Daiichi's products. This shall include a review of the bases upon which compensation is determined and the extent to which compensation is based on product performance. To the extent that Daiichi establishes different systems, processes, policies, or procedures relating to compensation for different products, the IRO shall review each type of compensation arrangement separately;

2) Daiichi's systems, processes, policies, and procedures relating to the development and review of call plans (as described in Section III.B.3.h of the CIA). This shall include a review of the bases upon which HCPs and HCIs belonging to specified medical specialties are included in, or excluded from, the call plans based on, among other factors, expected utilization of products for FDA-approved uses or non-FDA-approved uses;

3) Daiichi's systems, processes, policies, and procedures relating to sample distribution. This shall include a review of the bases upon, and circumstances under, which HCPs and HCIs belonging to specified medical specialties or types of clinical practice may receive samples from Daiichi (including, separately, from Daiichi sales representatives, from Medical Affairs, or through other channels). It shall also include a review of whether samples of Government Reimbursed Products are distributed by Daiichi through sales representatives or are distributed from a central location and the rationale for the manner of distribution;

4) Daiichi's systems (including any centralized electronic system), processes, policies, and procedures relating to speaker programs, speaker training programs, and all events and expenses relating to such engagements or arrangements;

5) Daiichi's systems, processes, policies, and procedures relating to non-speaker related consultant or other fee-for-service arrangements entered into with HCPs or HCIs (including, but not limited to, presentations, consultant task force meetings, advisory boards, preceptorships, mentorships (if any), and ad hoc advisory activities, and any other financial engagement or arrangement with an HCP or HCI) and all events and expenses relating to such engagements or arrangements;

6) Daiichi's systems, processes, policies and procedures relating to the submission of information about any product to any CMS-recognized compendia such as Drugdex or other published source of information used in connection with the determination of coverage by a Federal health care program for the Product ("Compendia"). This includes

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

any initial submission of information to any Compendia and the submission of any additional, updated, supplemental, or changed information, (*e.g.*, any changes based on Daiichi's discovery of erroneous or scientifically unsound information or data associated with the information in the Compendia.) The review shall also assess Daiichi's processes relating to its annual review of all arrangements with, and processing fees or other payments or financial support (if any) provided by the company to any Compendia;

7) Daiichi's systems, processes, policies and procedures relating to the RAMP, including but not limited to, a review of the: (i) the sources and types of information used in connection with the risk assessment (*e.g.*, the individual personnel, departments or functional areas, and/or any data and systems involved); (ii) the timing for development of the risk assessment and risk mitigation plans;

8) An assessment of whether, in developing the risk assessment or risk mitigation plans: (i) additional or different sources of information should be utilized; (ii) additional or different types of data or information should be utilized; and (iii) additional or different timing cycles should be utilized;

9) A review of the experience and background of personnel responsible for the development of the risk assessment and risk mitigation plans; and an assessment of the completeness and appropriateness of the relevant training, policies, procedures, standard operating procedures, and guidance each such individual receives;

10) An assessment of whether risk monitoring and audit activities related to RAMP: (i) adequately identify potential risks; (ii) adequately monitor all relevant identified risks; (iii) identify any actual problems that have occurred in connection with the identified potential risk; and/or (iv) prevent reoccurrence of any problems associated with an identified risk;

11) An assessment of whether risk monitoring and audit activities related to Daiichi's RAMP should be: (i) enhanced, revised, or refined; (ii) changed to include additional or different mitigation/monitoring options to be considered based upon specific identified risks; and/or (iii) tracked and reviewed more frequently than prescribed by current policies to ensure that the options address all relevant risks for the specific Daiichi products reviewed; and

12) A review of the systems, policies, procedures, and processes by which Daiichi tracks and manages RAMP activities and an assessment of whether the systems, policies, procedures and processes ensure that risk mitigations plans are appropriately implemented (including by identifying individuals responsible for the follow-up action items).

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

III. IRO Systems Review Report

The IRO shall prepare a report based upon each Systems Review. For each of the Reviewed Policies and Procedures identified in Section II. above, the report shall include the following items:

1) description of the documentation (including policies) reviewed and any personnel interviewed;

2) a detailed description of Daiichi's systems, policies, processes, and procedures relating to the items identified in Sections II.1-12 above, including a general description of Daiichi's control and accountability systems (*e.g.*, documentation and approval requirements, and tracking mechanisms) and written policies regarding the Reviewed Policies and Procedures;

3) a description of the manner in which the control and accountability systems and the written policies relating to the items identified in Sections II.1-12 above are made known or disseminated within Daiichi;

4) a detailed description of Daiichi's incentive compensation system for Covered Persons who are sales representatives, including a description of the bases upon which compensation is determined and the extent to which compensation is based on product performance. To the extent that Daiichi may establish compensation differently for individual products, the IRO shall report separately on each such type of compensation arrangement;

5) findings and supporting rationale regarding any weaknesses in Daiichi's systems, processes, policies, and procedures relating to the Reviewed Policies and Procedures, if any;

6) recommendations to improve any of the systems, policies, processes, or procedures relating to the Reviewed Policies and Procedures, if any;

7) whether the risk monitoring and risk mitigation action associated with RAMP identify relevant risks and address identified risks;

8) whether sufficient controls exist to ensure that all monitoring and auditing activities and risk mitigation action items are tracked appropriately;

9) whether the RAMP (including the options for risk mitigation activities) potentially mitigates identified risks; and

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

10) whether sufficient controls exist to ensure that all agreed-upon risk monitoring and audit activities and risk mitigation action items are completed as planned pursuant to the RAMP.

IV. IRO Transactions Review

As described more fully below in Sections IV.A-C, the Transactions Review shall include: (1) a review of records relating to a sample of the Payments that are reported by Daiichi pursuant to Section III.M of the CIA; and (2) a review of up to three additional items identified by the OIG in accordance with Section III.E. of the CIA (hereafter "Additional Items".) The IRO shall report on all aspects of its reviews in the Transactions Review Reports.

A. IRO Review of Physician Payment Listings

1. Information Contained in Physician Payment Listings

As set forth in Section III.M of the CIA, Daiichi shall post annual reports of Physician Covered Recipients who received Payments, as defined in the CIA, directly or indirectly from Daiichi. For each Physician Covered Recipient, each report shall include the following information: (i) physician's full name; (ii) city and state of the physician's practice; and (iii) the aggregate value of the Payment(s) in the preceding calendar year.

For purposes of this IRO review, the term "Control Documents" shall include all documents or electronic records associated with each Payment reflected in the report for the sampled Physician Covered Recipient. For example, the term "Control Documents" includes, but is not limited to, documents relating to the nature, purpose, and amount of all Payments reflected in the report; contracts relating to the Payment(s) reflected in the report; documents relating to the occurrence of Payment(s) reflected in the report; documents reflecting any work product generated in connection with the Payment(s); documents submitted by sales representatives or headquarters personnel to request approval for the Payment(s); and business rationale or justification forms relating to the Payment(s).

2. Selection of Sample for Review

For each Reporting Period, the OIG shall have the discretion to identify up to 50 Physician Covered Recipients from the applicable report that will be subject to the IRO review described below. If the OIG elects to exercise this discretion, it shall notify the IRO of the Physician Covered Recipients subject to the IRO review.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

If the OIG elects not to exercise its discretion as described above, the IRO shall randomly select 50 Physician Covered Recipients to be included in the review. For each selected Physician Covered Recipient, the IRO shall review the entry in the report and the Control Documents relating to Payments reflected in the report identified by the IRO as necessary and sufficient to validate the Payment information in the report.

3. IRO Review of Control Documents for Sampled Physician Covered Recipients

For each Physician Covered Recipient selected as part of the sample, the IRO shall review the Control Documents identified by the IRO as necessary and sufficient to validate each Payment reflected in the report to evaluate the following:

a) Whether Control Documents are available relating to each Payment reflected in the report for the sampled Physician Covered Recipient;

b) Whether the Control Documents were completed and archived in accordance with the requirements set forth in Daiichi's policies;

c) Whether the aggregate value of the Payment(s) as reflected in the report for the sampled Physician Covered Recipient is consistent with the value of the Payment(s) reflected in the Control Documents; and

d) Whether the Control Documents reflect that Daiichi's policies were followed in connection with Payment(s) reflected in the report (*e.g.*, all required written approvals for the activity were obtained in accordance with Daiichi's policies.)

4. Identification of Material Errors and Additional Review

A Material Error is defined as any of the following:

a) A situation in which all required Control Documents relating to Payments reflected in the report for the sampled Physician Covered Recipient do not exist and:

   i. no corrective action was initiated prior to the selection of the sampled Physician Covered Recipients; or

   ii. the IRO cannot confirm that Daiichi otherwise followed its policies and procedures relating to the entry in the report for the sampled Physician Covered Recipient, including its policies and procedures relating to any Payment(s) reflected in the report; or

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

b) Information or data is omitted from key fields in the Control Documents that prevents the IRO from assessing compliance with Daiichi's policies and procedures, and the IRO cannot obtain this information or data from reviewing other Control Documents.

If a Control Document does not exist, but Daiichi has initiated corrective action prior to the selection of the sampled Physician Covered Recipient, or if a Control Document does not exist but the IRO can determine that Daiichi otherwise followed its policies and procedures with regard to each entry in the report for a sampled Physician Covered Recipient, the IRO shall consider such a situation to be an exception (rather than a Material Error) and the IRO shall report the situation as such. Similarly, the IRO shall note as exceptions any Control Documents for which non-material information or data is omitted.

If the IRO identifies any Material Errors, the IRO shall conduct such Additional Review of the underlying Payment associated with the erroneous Control Documents as may be necessary to determine the root cause of the Material Errors. For example, the IRO may need to review additional documentation and/or conduct interviews with appropriate personnel to identify the root cause of the Material Error(s) discovered.

B. IRO Review of Additional Items

As set forth in Section III.E. of the CIA, for each Reporting Period, the OIG at its discretion may identify up to three additional items for the IRO to review (hereafter "Additional Items".) No later than 150 days prior to the end of the applicable Reporting Period, the OIG shall notify Daiichi of the nature and scope of the IRO review to be conducted for each of the Additional Items. Prior to undertaking the review of the Additional Items, the IRO and/or Daiichi shall submit an audit work plan to the OIG for approval and the IRO shall conduct the review of the Additional Items based on a work plan approved by the OIG. The IRO shall include information about its review of each Additional Item in the Transactions Review Report (including a description of the review conducted for each Additional Item; the IRO's findings based on its review for each Additional Item; and the IRO's recommendations for any changes in Daiichi's systems, processes, policies, and procedures based on its review of each Additional Item.)

Daiichi may propose to the OIG that its internal audit(s) and/or reviews conducted as part of the Sales Force Monitoring Program (SFMP) described in Section III.K of the CIA or the Non-Promotional Monitoring Program (NPMP) described in Section III.L of the CIA be substituted for one or more of the Additional Items that would otherwise be reviewed by the IRO for the applicable Reporting Period. The OIG retains sole discretion over whether, and in what manner, to allow Daiichi's internal audit work and monitoring

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

activities to be substituted for a portion of the Additional Items review conducted by the IRO.

In making its decision, the OIG agrees to consider, among other factors, the nature and scope of Daiichi's planned monitoring activities and internal audit work, the results of the Transactions Review(s) during prior Reporting Period(s), and Daiichi's demonstrated audit capabilities to perform the proposed audit work internally. If the OIG denies Daiichi's request to permit its monitoring activities or internal audit work to be substituted for a portion of the IRO's review of Additional Items in a given Reporting Period, Daiichi shall engage the IRO to perform the Review as outlined in this Section IV.

If the OIG agrees to permit certain of Daiichi's monitoring activities or internal audit work for a given Reporting Period to be substituted for a portion of Additional Items review, such internal work would be subject to verification by the IRO (Verification Review). In such an instance, the OIG would provide additional details about the scope of the Verification Review to be conducted by the IRO. However, for purposes of any Verification Review, the IRO shall review at least 20% of the sampling units reviewed by Daiichi in its internal audits.

C. Transactions Review Report

For each Reporting Period, the IRO shall prepare a report based on its Transactions Reviews. The report shall include the following:

1) General Elements to Be Included in Report

a) Review Objectives: A clear statement of the objectives intended to be achieved by each part of the review;

b) Review Protocol: A detailed narrative description of the procedures performed and a description of the sampling unit and universe utilized in performing the procedures for each sample reviewed; and

c) Sources of Data: A full description of documentation and other information, if applicable, relied upon by the IRO in performing the Transactions Review.

2) Results to be Included in Report

The following results shall be included in each Transactions Review Report:

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

(Relating to the Physician Covered Recipient Payment Reports)

a) a description of the entries in the report for each Physician Covered Recipient sampled and a description of Control Documents reviewed in connection with each selected Physician Covered Recipient;

b) for each sampled Physician Covered Recipient, findings and supporting rationale as to whether: (i) all required Control Documents exist; (ii) each Control Document was completed in accordance with all of the requirements set forth in the applicable Daiichi policy; (iii) the aggregate value of the Payment(s) as reflected in the report for the sampled Physician Covered Recipient is consistent with the value of the Payment(s) reflected in the Control Documents; (iv) each Control Document reflects that Daiichi's policies were followed in connection with the underlying activity reflected in the document (*e.g.*, all required approvals were obtained); and (v) any corrective action or disciplinary action was undertaken in those instances in which Daiichi policies were not followed;

c) for each sampled Physician Covered Recipient, an identification and description of all exceptions discovered. The report shall also describe those instances in which corrective action was initiated prior to the selection of the sampled Physician Covered Recipient, including a description of the circumstances requiring corrective action and the nature of the corrective action; and

d) if any Material Errors are discovered, a description of each error, the Additional Review procedures performed and a statement of findings as to the root cause(s) of the Material Error;

(Relating to the Review of Additional Items)

e) for each Additional Item reviewed, a description of the review conducted;

f) for each Additional Item reviewed, the IRO's findings based on its review;

g) for each Additional Item reviewed, the findings and supporting rationale regarding any weaknesses in Daiichi's systems, processes, policies, procedures, and practices relating to the Additional Item, if any; and

h) for each Additional Item reviewed, recommendations, if any, for changes in Daiichi's systems, processes, policies, and procedures that would correct or address any weaknesses or deficiencies uncovered during the review.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

SETTLEMENT AGREEMENT

This Settlement Agreement ("Agreement") is entered into among the United States of America, acting through the United States Department of Justice, the Office of Inspector General ("OIG-HHS") of the Department of Health and Human Services ("HHS"), and the Defense Healthcare Agency ("DHA"), acting on behalf of the TRICARE program (collectively the "United States"), Daiichi Sankyo, Inc. ("Daiichi"), and Kathy Fragoules ("Relator") (hereafter collectively referred to as "the Parties"), through their authorized representatives.

RECITALS

A. Daiichi is a Delaware Corporation with headquarters in Parsippany, New Jersey, that develops and markets pharmaceuticals, including Benicar and Benicar HCT, Welchol, Azor, and Tribenzor (collectively the "Drugs").

B. On March 10, 2010, Kathy Fragoules filed a *qui tam* action in the United States District Court for the District of Massachusetts captioned *United States, et al., ex rel. Fragoules v. Daiichi Sankyo, Inc., et al.*, Civil Action No. 10.10420-NG , pursuant to the *qui tam* provisions of the False Claims Act, 31 U.S.C. § 3730(b) (the "Civil Action"). In her complaint, Relator alleges, among other things, that Daiichi caused false claims to be submitted to federal healthcare programs by providing inducements to physicians to prescribe the Drugs in violation of the Anti-Kickback Statute, 42 U.S.C. § 1320a-7b(b).

C. The United States contends that Daiichi submitted or caused to be submitted claims for payment to the Medicare Program ("Medicare"), Title XVIII of the Social Security Act, 42 U.S.C. §§ 1395-1395kkk; the Medicaid Program ("Medicaid"), 42 U.S.C. §§ 1396-1396w-5; and the TRICARE Program, 10 U.S.C. §§ 1071-1110a; and

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

caused purchases by the Veterans Affairs Program, 38 U.S.C. §§ 1701-1743 (collectively the "Federal Healthcare Programs").

D. The United States contends that it has certain civil claims against Daiichi arising from Daiichi having caused false claims to be submitted to Federal Healthcare Programs by paying kickbacks to induce physicians to prescribe the Drugs. Specifically, the United States contends that the kickbacks took the form of honoraria payments, meals and other remuneration to physicians who participated, or supposedly participated, in Physician Opinion & Discussion programs ("PODs") during the period from January 1, 2005, through March 31, 2011, and other speaker programs during the period from January 1, 2004, through February 4, 2011 (collectively, the "Speaker Programs"). The United States contends that the honoraria, meals and other remuneration were kickbacks, because Daiichi paid physicians who participated in the Speaker Programs even if, among other things: (1) the honoraria recipient spoke only to members of his or her own staff in his or her own office; (2) the physician participants in PODs took turns accepting a "speaker" honoraria for duplicative discussions; (3) the audience included the honoraria recipient's spouse; (4) the honoraria recipient did not speak at all because the event was cancelled beforehand; and/or (5) the associated dinners were lavish and at times even exceeded Daiichi's own internal cost limitations of $140 per person. Daiichi's Speaker Programs during the time periods specified in this Paragraph D are referred to in the Agreement as the "Covered Conduct."

E. Relator claims entitlement under 31 U.S.C. § 3730(d) to a share of the proceeds of this Settlement Agreement and to Relator's reasonable expenses, attorneys' fees and costs.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

F. Daiichi has entered or will be entering into separate settlement agreements, described in Paragraph 1.b below (the "Medicaid State Settlement Agreements"), with certain states (the "Medicaid Participating States") in settlement of the Covered Conduct.

To settle, compromise, and resolve the above claims, and in consideration of the mutual promises and obligations of this Settlement Agreement, the Parties agree and covenant as follows:

TERMS AND CONDITIONS

1. Daiichi shall pay to the United States and the Medicaid Participating States $39,015,770, plus interest at an annual rate of 2.125% from September 16, 2014, and continuing until and including the day of payment (collectively, the "Settlement Amount"). The Settlement Amount shall constitute a debt immediately due and owing to the United States and the Medicaid Participating States on the Effective Date of this Agreement. This debt shall be discharged by payments to the United States and the Medicaid Participating States as follows:

a. Daiichi shall pay to the United States the sum of $34,015,770 plus accrued interest as set forth above ("Federal Settlement Amount"). The Federal Settlement Amount shall be paid by electronic funds transfer pursuant to written instructions from the United States. Daiichi shall make this electronic funds transfer no later than seven business days after the Effective Date of this Agreement.

b. Daiichi shall pay the sum of $5,000,000 plus accrued interest as set forth above ("Medicaid State Settlement Amount") to the Medicaid Participating States pursuant to the terms of the Medicaid State Settlement Agreements that Daiichi has entered or will enter into with the Medicaid Participating States.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

2. Conditioned upon the United States receiving the Federal Settlement Amount from Daiichi and as soon as feasible after receipt, the United States shall pay $6,122,838.60 plus a pro rata share of the accrued interest at the rate set forth above to Relator by electronic funds transfer.

3. Daiichi agrees to pay Relator's attorneys' fees and costs, as contemplated by 31 U.S.C. § 3730(d), in accordance with the terms set forth in a separate agreement being entered into simultaneously with the execution of this Settlement Agreement.

4. Subject to the exceptions in Paragraph 7 (concerning excluded claims) below, and conditioned upon Daiichi's full payment of the Settlement Amount, the United States releases Daiichi, together with its current and former parent corporations, the direct and indirect subsidiaries of Daiichi and its parent, and each of their brother or sister corporations, divisions, current or former owners, officers, directors, agents, and employees, and the successors and assigns of any of them from any civil or administrative monetary claim the United States has for the Covered Conduct under the False Claims Act, 31 U.S.C. §§ 3729-33, the Civil Monetary Penalties Law, 42 U.S.C. § 1320a-7a, the Program Fraud Civil Remedies Act, 31 U.S.C. §§ 3801-12, or the common law theories of payment by mistake, unjust enrichment, and fraud.

5. In consideration of the obligations of Daiichi in this Agreement and the Corporate Integrity Agreement ("CIA"), entered into between OIG-HHS and Daiichi, conditioned upon Daiichi's full payment of the Settlement Amount, the OIG-HHS agrees to release and refrain from instituting, directing, or maintaining any administrative action seeking exclusion from Medicare, Medicaid, and other Federal health care programs (as defined in 42 U.S.C. § 1320a-7b(f)) against Daiichi under 42 U.S.C. § 1320a-7a or 42

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

U.S.C. § 1320a-7(b)(7) (permissive exclusion for fraud, kickbacks, and other prohibited activities) for the Covered Conduct, except as reserved in Paragraph 7 (concerning excluded claims), below, and as reserved in this Paragraph. The OIG-HHS expressly reserves all rights to comply with any statutory obligations to exclude Daiichi from Medicare, Medicaid, and other Federal health care programs under 42 U.S.C. § 1320a-7(a) (mandatory exclusion) based upon the Covered Conduct. Nothing in this Paragraph precludes the OIG-HHS from taking action against entities or persons, or for conduct and practices, for which claims have been reserved in Paragraph 7, below.

6. In consideration of the obligations of Daiichi set forth in this Agreement, conditioned upon Daiichi's full payment of the Settlement Amount, DHA agrees to release and refrain from instituting, directing, or maintaining any administrative action seeking exclusion from the TRICARE Program against Daiichi under 32 C.F.R. § 199.9 for the Covered Conduct, except as reserved in Paragraph 7 (concerning excluded claims), below, and as reserved in this Paragraph. DHA expressly reserves authority to exclude Daiichi from the TRICARE Program under 32 C.F.R. §§ 199.9 (f)(1)(i)(A), (f)(1)(i)(B), and (f)(1)(iii), based upon the Covered Conduct. Nothing in this Paragraph precludes DHA or the TRICARE Program from taking action against entities or persons, or for conduct and practices, for which claims have been reserved in Paragraph 7, below.

7. Notwithstanding the releases given in Paragraphs 4, 5, and 6 of this Agreement, or any other term of this Agreement, the following claims of the United States are specifically reserved and are not released:

a. Any liability arising under Title 26, U.S. Code (Internal Revenue Code);

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

b. Any criminal liability;

c. Except as explicitly stated in this Agreement, any administrative liability, including mandatory exclusion from Federal health care programs;

d. Any liability to the United States (or its agencies) for any conduct other than the Covered Conduct;

e. Any liability based upon obligations created by this Agreement;

f. Any liability for express or implied warranty claims or other claims for defective or deficient products or services, including quality of goods and services;

g. Any liability for failure to deliver goods or services due; and

h. Any liability for personal injury or property damage or for other consequential damages arising from the Covered Conduct.

8. Relator and her heirs, successors, attorneys, agents, and assigns shall not object to this Agreement but agree and confirm that this Agreement is fair, adequate, and reasonable under all the circumstances, pursuant to 31 U.S.C. § 3730(c)(2)(B). Conditioned upon Relator's receipt of the payment described in Paragraph 2, Relator and her heirs, successors, attorneys, agents, and assigns fully and finally release, waive, and forever discharge the United States, its agencies, officers, agents, employees, and servants, from any claims arising from the filing of the Civil Action or under 31 U.S.C. § 3730, and from any claims to a share of the proceeds of this Agreement and/or the Civil Action.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

9. Relator, for herself, and for her heirs, successors, attorneys, agents, and assigns, releases Daiichi, together with its current and former parent corporations, direct and indirect subsidiaries, brother or sister corporations, affiliates, divisions, current or former owners, officers, agents, insurers and employees, and the successors and assigns of any of them, from any liability to Relator arising from the filing of the Civil Action.

10. Daiichi waives and shall not assert any defenses Daiichi may have to any criminal prosecution or administrative action relating to the Covered Conduct that may be based in whole or in part on a contention that, under the Double Jeopardy Clause in the Fifth Amendment of the Constitution, or under the Excessive Fines Clause in the Eighth Amendment of the Constitution, this Agreement bars a remedy sought in such criminal prosecution or administrative action. Nothing in this paragraph or any other provision of this Agreement constitutes an agreement by the United States concerning the characterization of the Settlement Amount for purposes of the Internal Revenue laws, Title 26 of the United States Code.

11. Daiichi fully and finally releases the United States, its agencies, officers, agents, employees, and servants, from any claims (including attorney's fees, costs, and expenses of every kind and however denominated) that Daiichi has asserted, could have asserted, or may assert in the future against the United States, its agencies, officers, agents, employees, and servants, related to the Covered Conduct and the United States' investigation and prosecution thereof.

12. Daiichi fully and finally releases the Relator from any claims (including attorneys' fees, costs, and expenses of every kind and however denominated) that Daiichi has asserted, could have asserted, or may assert in the future against the Relator, related

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

to the allegations in the *qui tam* complaint filed in the Civil Action and the Relator's investigation and prosecution thereof.

13. The Settlement Amount shall not be decreased as a result of the denial of claims for payment now being withheld from payment by any Medicare contractor (*e.g.*, Medicare Administrative Contractor, fiscal intermediary, carrier), Medicaid contractor, TRICARE payer or any state payer, related to the Covered Conduct; and Daiichi agrees not to resubmit to any Medicare contractor, Medicaid contractor, TRICARE payer or any state payer any previously denied claims related to the Covered Conduct, and agrees not to appeal any such denials of claims.

14. Daiichi agrees to the following:

a. Unallowable Costs Defined: All costs (as defined in the Federal Acquisition Regulation, 48 C.F.R. § 31.205-47; and in Titles XVIII and XIX of the Social Security Act, 42 U.S.C. §§ 1395-1395kkk-1 and 1396-1396w-5; and the regulations and official program directives promulgated thereunder) incurred by or on behalf of Daiichi, its present or former officers, directors, employees, shareholders, and agents in connection with:

(1) the matters covered by this Agreement;

(2) the United States' audit(s) and civil or criminal investigation(s) of the matters covered by this Agreement;

(3) Daiichi's investigation, defense, and corrective actions undertaken in response to the United States' audit(s) and civil or criminal investigation(s) in connection with the matters covered by this Agreement (including attorneys' fees);

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

(4) the negotiation and performance of this Agreement;

(5) the payment Daiichi makes to the United States pursuant to this Agreement and any payments that Daiichi may make to Relator, including costs and attorneys' fees; and

(6) the negotiation of, and obligations undertaken pursuant to the CIA to:

(i) retain an independent review organization to perform annual reviews as described in Section III of the CIA; and

(ii) prepare and submit reports to the OIG-HHS

are unallowable costs for government contracting purposes and under the Medicare Program, Medicaid Program, TRICARE Program, and Federal Employees Health Benefits Program ("FEHBP") (hereinafter referred to as Unallowable Costs). However, nothing in Paragraph 14.a.(6) that may apply to the obligations undertaken pursuant to the CIA affects the status of costs that are not allowable based on any other authority applicable to Daiichi.

b. Future Treatment of Unallowable Costs: Unallowable Costs shall be separately determined and accounted for by Daiichi, and Daiichi shall not charge such Unallowable Costs directly or indirectly to any contracts with the United States or any State Medicaid program, or seek payment for such Unallowable Costs through any cost report, cost statement, information statement, or payment request submitted by Daiichi or any of its subsidiaries or affiliates to the Medicare, Medicaid, TRICARE, or FEHBP Programs.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

c. Treatment of Unallowable Costs Previously Submitted for Payment: Daiichi further agrees that within 90 days of the Effective Date of this Agreement it shall identify to applicable Medicare and TRICARE fiscal intermediaries, carriers, and/or contractors, and Medicaid and FEHBP fiscal agents, any Unallowable Costs (as defined in this Paragraph) included in payments previously sought from the United States, or any State Medicaid program, including, but not limited to, payments sought in any cost reports, cost statements, information reports, or payment requests already submitted by Daiichi or any of its subsidiaries or affiliates, and shall request, and agree, that such cost reports, cost statements, information reports, or payment requests, even if already settled, be adjusted to account for the effect of the inclusion of the Unallowable Costs. Daiichi agrees that the United States, at a minimum, shall be entitled to recoup from Daiichi any overpayment plus applicable interest and penalties as a result of the inclusion of such Unallowable Costs on previously-submitted cost reports, information reports, cost statements, or requests for payment.

Any payments due after the adjustments have been made shall be paid to the United States pursuant to the direction of the Department of Justice and/or the affected agencies. The United States reserves its rights to disagree with any calculations submitted by Daiichi or any of its subsidiaries or affiliates on the effect of inclusion of Unallowable Costs (as defined in this Paragraph) on Daiichi or any of its subsidiaries or affiliates' cost reports, cost statements, or information reports.

d. Nothing in this Agreement shall constitute a waiver of the rights of the United States to audit, examine, or re-examine Daiichi's books and records to

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

determine that no Unallowable Costs have been claimed in accordance with the provisions of this Paragraph.

15. This Agreement is intended to be for the benefit of the Parties only. The Parties do not release any claims against any other person or entity, except to the extent provided for in Paragraph 16 (waiver for beneficiaries paragraph), below.

16. Daiichi agrees that it waives and shall not seek payment for any of the health care billings covered by this Agreement from any health care beneficiaries or their parents, sponsors, legally responsible individuals, or third party payors based upon the claims defined as Covered Conduct.

17. Upon the United States' receipt of the Federal Settlement Amount, the Parties shall promptly sign and file in the Civil Action a Joint Stipulation of Dismissal of the Civil Action pursuant to Rule 41(a)(1), (a) dismissing with prejudice all claims concerning the Covered Conduct asserted on behalf of the United States against Daiichi in the Civil Action and (b) dismissing with prejudice to Relator and without prejudice to the United States all remaining claims against Daiichi in the Civil Action.

18. Each Party shall bear its own legal and other costs incurred in connection with this matter, including the preparation and performance of this Agreement.

19. Each party and signatory to this Agreement represents that it freely and voluntarily enters in to this Agreement without any degree of duress or compulsion.

20. This Agreement is governed by the laws of the United States. The exclusive jurisdiction and venue for any dispute relating to this Agreement is the United States District Court for the District of Massachusetts. For purposes of construing this Agreement, this Agreement shall be deemed to have been drafted by all Parties to this

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

Agreement and shall not, therefore, be construed against any Party for that reason in any subsequent dispute.

21. This Agreement constitutes the complete agreement between the Parties. This Agreement may not be amended except by written consent of the Parties.

22. The undersigned counsel represent and warrant that they are fully authorized to execute this Agreement on behalf of the persons and entities indicated below.

23. This Agreement may be executed in counterparts, each of which constitutes an original and all of which constitute one and the same Agreement.

24. This Agreement is binding on Daiichi's successors, transferees, heirs, and assigns.

25. This Agreement is binding on Relator's successors, transferees, heirs, and assigns.

26. All parties consent to the United States' disclosure of this Agreement, and information about this Agreement, to the public.

27. This Agreement is effective on the date of signature of the last signatory to the Agreement ("Effective Date of this Agreement"). Facsimiles of signatures shall constitute acceptable, binding signatures for purposes of this Agreement.

FOR IMMEDIATE RELEASE

Friday, January 9, 2015

Daiichi Sankyo Inc. Agrees to Pay $39 Million to Settle Kickback Allegations Under the False Claims Act

Daiichi Sankyo Inc., a global pharmaceutical company with its U.S. headquarters in New Jersey, has agreed to pay the United States and state Medicaid programs $39 million to resolve allegations that it violated the False Claims Act by paying kickbacks to induce physicians to prescribe Daiichi drugs, including Azor, Benicar, Tribenzor and Welchol, the Justice Department announced today.

"The Anti-Kickback Statute prohibits payments intended to influence a physician's ordering or prescribing decisions," said Acting Assistant Attorney General Joyce R. Branda for the Civil Division. "The Department of Justice is committed to preserving the independence and objectivity of those decisions, which are cornerstones of our public health programs."

The Anti-Kickback Statute was enacted to ensure that physicians' medical judgment is not compromised by improper payments and gifts by other health care providers. The statute generally prohibits anyone from offering, paying, soliciting or receiving remuneration to induce referrals of items or services covered by federal health care programs, including Medicare and Medicaid.

In this case, the government alleged that Daiichi paid physicians improper kickbacks in the form of speaker fees as part of Daiichi's Physician Organization and Discussion programs, known as "PODs," which were run from Jan. 1, 2005, through March 31, 2011, as well as other speaker programs that were run from Jan. 1, 2004, through Feb. 4, 2011. Allegedly, payments were made to physicians even when physician participants in PODs took turns "speaking" on duplicative topics over Daiichi-paid dinners, the recipient spoke only to members of his or her own staff in his or her own office, or the associated dinner was so lavish that its cost exceeded Daiichi's own internal cost limitation of $140 per person.

"Drug companies are prohibited from using lavish entertainment and padded speaker program payments to induce physicians to prescribe their drugs for beneficiaries of federal health care programs," said U.S. Attorney Carmen Ortiz for the District of Massachusetts. "Settlements like this one show that the government will continue to pursue health care companies that use kickbacks to promote their products."

As part of the settlement, Daiichi has agreed to enter into a corporate integrity agreement with the Department of Health and Human Services-Office of Inspector General (HHS-OIG), which obligates the defendants to undertake substantial internal compliance reforms for the next five years.

"Schemes such as this are particularly abhorrent," said Inspector General Daniel R. Levinson for the U.S. Department of Health and Human Services. "Manufacturers and physicians who engage in them are cheating Medicare and Medicaid out of millions of dollars and threatening programs upon which many elderly and disabled Americans rely. My office will take whatever steps necessary to guard against improper alliances between manufacturers of drugs and those who prescribe them. Through our corporate integrity agreement we will be closely monitoring Daiichi."

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

The settlement announced today stems from a complaint filed by Kathy Fragoules, a former Daiichi sales representative, under the whistleblower provisions of the False Claims Act, which authorize private parties to sue on behalf of the United States, and to receive a portion of any recovery. Fragoules will receive $6.1 million of the federal recovery.

This settlement illustrates the government's emphasis on combating health care fraud and marks another achievement for the Health Care Fraud Prevention and Enforcement Action Team (HEAT) initiative, which was announced in May 2009 by the Attorney General and the Secretary of Health and Human Services. The partnership between the two departments has focused efforts to reduce and prevent Medicare and Medicaid financial fraud through enhanced cooperation. One of the most powerful tools in this effort is the False Claims Act. Since January 2009, the Justice Department has recovered a total of more than $23.3 billion through False Claims Act cases, with more than $14.9 billion of that amount recovered in cases involving fraud against federal health care programs.

The investigation and litigation was conducted by the Civil Division, the U.S. Attorney's Office for the District of Massachusetts, the U.S. Department of Veterans Affairs, the Department of Defense Criminal Investigative Service, HHS-OIG and the FBI. The claims settled by this agreement are allegations only and there has been no determination of liability.

The case is captioned *U.S. ex rel. Fragoules v. Daiichi Sankyo, Inc.*, Civil Action No. 10-10420 (D. Mass.).

Daiichi Sankyo, Inc. Announces Civil Settlement

Parsippany, NJ – January 9, 2015 – Daiichi Sankyo, Inc. ("the Company") announced today that it has reached a civil settlement with the U.S. Government, as well as participating states to conclude a Federal investigation related to certain types of speaker programs related to Azor, Benicar, Benicar HCT, Welchol and Tribenzor.

Under the agreement, the Company has agreed to pay approximately $39 million, plus fees and costs, and has entered into a Corporate Integrity Agreement with the Office of Inspector General for the U.S. Department of Health and Human Services.

The settlement involves claims regarding Physician Opinion & Discussion programs during the period from January 1, 2005, through March 31, 2011, and other speaker programs during the period from January 1, 2004, through February 4, 2011.

"We are pleased to have finalized these agreements and remain focused on our core mission of helping people live healthy and meaningful lives," said Ken Keller, President, U.S. Commercial, Daiichi Sankyo, Inc. "We are committed to being an ethical, trusted and respected company, and constantly improving how we operate is part of our culture. As part of our compliance program, we continue to review and strengthen our policies, procedures and processes to ensure compliance with applicable laws, regulations and industry standards, and to meet our own high ethical standards."

Daiichi Sankyo, Inc. cooperated with investigators at all times throughout the investigative process.

About Daiichi Sankyo

Daiichi Sankyo Group is dedicated to the creation and supply of innovative pharmaceutical products to address the diversified, unmet medical needs of patients in both mature and emerging markets. While maintaining its portfolio of marketed pharmaceuticals for hypertension, hyperlipidemia, and bacterial infections, the Group is engaged in the development of treatments for thrombotic disorders and focused on the discovery of novel oncology and cardiovascular-metabolic therapies. Furthermore, the Daiichi Sankyo Group has created a "Hybrid Business Model," which will respond to market and customer diversity and optimize growth opportunities across the value chain. For more information, please visit: www.daiichisankyo.com.

Daiichi Sankyo, Inc., headquartered in Parsippany, New Jersey, is a member of the Daiichi Sankyo Group. For more information on Daiichi Sankyo, Inc., please visit www.dsi.com.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

STATE SETTLEMENT AGREEMENT

PARTIES

This Settlement Agreement ("Agreement") is entered into between the State of Nevada ("the State") and Daiichi Sankyo, Inc. ("DSI"), hereinafter collectively referred to as "the Parties."

RECITALS

The Parties agree as follows:

A. At all relevant times, DSI, a Delaware corporation with its principal place of business in Parsippany, New Jersey, distributed, marketed and/or sold pharmaceutical products in the United States, including the drugs Azor, Benicar/Benicar HCT, Tribenzor and Welchol (collectively, the "Subject Drugs").

B. On March 10, 2010, Kathleen Fragoules ("Relator") filed a *qui tam* action in the United States District Court for the District of Massachusetts captioned *United States of America, et al., ex. rel Fragoules* v. *Daiichi Sankyo, Inc., et. al,* Civil Action No. 10.10420-NG. The following four related *qui tams* actions were subsequently filed and thereafter transferred to the District of Massachusetts and administratively consolidated under the caption *United States ex. rel Fragoules v. Daiichi Sankyo, Inc.*, Civil Action No. 10-10420-FDS:

(i) *United States of America, et al., ex. rel Gramig and Andreozzi, v. Daiichi Sankyo, Inc., et. al* (Civil Action No. 10-cv-01599, USDC D.D.C.);

(ii) *United States of America, et al., ex. rel Reilly v. Daiichi-Sankyo, Inc.* (Civil Action No. 11-cv-0082, USDC W.D. Mich.);

(iii) *United States of America, et al., ex. rel Tun v. Daiichi Sankyo Co., Ltd., et. al*

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

(Civil Action No. 11-cv-10831, USDC D.Ma.); and

(iv) *United States of America, et al., ex. rel Bozeman v. Daiichi-Sankyo Co., et. al* (Civil Action No. 2:13-cv-02781, USDC W.D. Tenn.).

These five consolidated cases will be collectively referred to as the "Civil Actions." The complaints filed in the Civil Actions alleged, *inter alia*, that DSI caused false claims to be submitted to government healthcare programs by providing inducements to physicians to prescribe the Subject Drugs in violation of the federal Anti-Kickback Statute (42 U.S.C. §§ 1320a-7b(b)) and analogous state statutes.

C. DSI has entered or will be entering into a separate civil settlement agreement (the "Federal Settlement Agreement") with the United States of America (as that term is defined in the Federal Settlement Agreement), hereinafter referred to as the "United States."

D. The State contends DSI caused claims for payment to be submitted to the State's Medicaid Program (see 42 U.S.C. §§ 1396-1396(v)).

E. The State contends that it has certain civil claims against DSI arising from DSI having caused false claims to be submitted to state Medicaid programs by paying kickbacks to induce physicians to prescribe the Subject Drugs. Specifically, the State contends that the kickbacks took the form of honoraria payments, meals and other remuneration to physicians who participated, or supposedly participated, in Physician Opinion & Discussion programs ("PODs") during the period from January 1, 2005, through March 31, 2011, and other speaker programs during the period from January 1, 2004, through February 4, 2011 (collectively, the "Speaker Programs"). The State contends that the honoraria, meals and other remuneration were kickbacks because DSI

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

paid physicians who participated in the Speaker Programs even if, among other things: (1) the honoraria recipient spoke only to members of his or her own staff in his or her own office; (2) the physician participants in PODs took turns accepting a "speaker" honoraria for duplicative discussions; (3) the audience included the honoraria recipient's spouse; (4) the honoraria recipient did not speak at all because the event was cancelled beforehand; and/or (5) the associated dinner was so lavish that its cost exceeded DSI's own internal cost limitation of $140 per person. DSI's Programs and alleged conduct described in this Paragraph E are referred to in the Agreement as the "Covered Conduct."

F. This Agreement is made in compromise of disputed claims. This Agreement is neither an admission of liability by DSI nor a concession by the State its claims are not well founded.

G. To avoid the delay, uncertainty, inconvenience, and expense of protracted litigation of the Civil Actions and the above-cited claims, the Parties mutually desire to reach a full and final settlement as set forth below.

TERMS AND CONDITIONS

NOW, THEREFORE, in reliance on the representations contained herein and in consideration of the mutual promises, covenants and obligations set forth in this Agreement, and for good and valuable consideration as stated herein, the Parties agree as follows:

1. DSI agrees to pay to the United States and the Medicaid Participating States (as defined in sub-paragraph (c) below), collectively, the sum of $39,015,770, plus

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

interest at an annual rate of 2.125% from September 16, 2014, and continuing until and including the day of payment (collectively, the "Settlement Amount"). The Settlement Amount shall constitute a debt immediately due and owing to the United States and the Medicaid Participating States on the Effective Date of the Federal Settlement Agreement and subject to the terms of this Agreement. The debt shall be discharged by payments to the United States and the Medicaid Participating States under the following terms and conditions:

(a) DSI shall pay to the United States the principal sum of $34,015,770, plus accrued interest as set forth above ("Federal Settlement Amount"). The Federal Settlement Amount shall be paid pursuant to the terms of the Federal Settlement Agreement.

(b) DSI shall pay to the Medicaid Participating States the sum of FIVE MILLION DOLLARS ($5,000,000) plus accrued interest ("Medicaid State Settlement Amount"), subject to the non-participating state deduction provision of sub-paragraph (d) below ("Medicaid Participating State Settlement Amount"), no later than seven (7) business days after the expiration of the sixty (60) day opt-in period for Medicaid Participating States described in sub-paragraph (c) below. The Medicaid Participating State Settlement Amount shall be paid by electronic funds transfer to the New York State Attorney General's National Global Settlement Account pursuant to written instructions from the State Negotiating Team ("State Team"), such written instructions to be delivered to counsel for DSI.

(c) DSI shall execute a State Settlement Agreement with any State that executes such an Agreement in the form to which DSI and the State Team have agreed,

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

or in a form otherwise agreed to by DSI and an individual State. The State shall constitute a Medicaid Participating State provided the Agreement is fully executed by the State and delivered to DSI's attorneys within sixty (60) days of receiving this Agreement. If this condition is not satisfied within sixty (60) days, DSI's offer to resolve this matter with the individual State shall become null and void absent written agreement between counsel for DSI and the State Team to extend the sixty (60) day period.

(d) The total portion of the amount paid by DSI in settlement for the Covered Conduct for the State is $9,295.34 consisting of a portion paid to the State under this Agreement and another portion paid to the United States as part of the Federal Settlement Agreement. The amount allocated to the State under this Agreement is the sum of $4,336.32, plus applicable interest (the "State Amount"). If the State does not execute this Agreement within sixty (60) days of receiving this Settlement Agreement, the State Amount shall be deducted from the Medicaid State Settlement Amount and shall not be paid by DSI absent written agreement between counsel for DSI and the State Team to extend the time period for executing this Agreement.

2. The State agrees to promptly dismiss with prejudice all state law claims which the State has the authority to dismiss currently pending against DSI in State or Federal Courts for the Covered Conduct including any supplemental state law claims asserted in the Civil Actions.

3. Subject to the exceptions in Paragraph 4 below, in consideration of the obligations of DSI set forth in this Agreement, and conditioned upon receipt by the State of its share of the Medicaid State Settlement Amount, the State agrees to release DSI, together with its current and former parent corporations, direct and indirect subsidiaries,

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

brother or sister corporations, affiliates, divisions, current and former owners, directors, officers, agents, insurers and employees, and the predecessors, successors, transferees, heirs, and assigns of any of them, individually and collectively (collectively, the "DSI Released Entities"), from any civil or administrative monetary cause of action that the State has for any claims submitted or caused to be submitted to the State Medicaid Program as a result of the Covered Conduct.

4. Notwithstanding any term of this Agreement, the State specifically does not release any person or entity from any of the following liabilities:

(a) any criminal, civil, or administrative liability arising under state revenue codes;

(b) any criminal liability not specifically released by this Agreement;

(c) any civil or administrative liability that any person or entity, including any DSI Released Entities, has or may have to the State or to individual consumers or state program payors under any statute, regulation or rule not expressly covered by the release in Paragraph 3 above, including but not limited to, any and all of the following claims: (i) State or federal antitrust violations; (ii) Claims involving unfair and/or deceptive acts and practices and/or violations of consumer protection laws;

(d) any liability to the State for any conduct other than the Covered Conduct;

(e) any liability which may be asserted on behalf of any other payors or insurers, including those that are paid by the State's Medicaid program on a capitated basis;

(f) any liability based upon obligations created by this Agreement;

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

(g) any administrative liability, including mandatory exclusions from the State's Medicaid program, unless explicitly stated in this Agreement;

(h) any liability for expressed or implied warranty claims or other claims for defective or deficient products and services provided by DSI;

(i) any liability for personal injury or property damage or for other consequential damages arising from the Covered Conduct; or

(j) any liability based on a failure to deliver goods or services due.

5. In consideration of the obligations of DSI set forth in this Agreement, and the Corporate Integrity Agreement ("CIA") that DSI has entered or will be entering into with the Office of the Inspector General of the United States Department of Health and Human Services ("HHS-OIG") in connection with this matter, and conditioned upon receipt by the State of its share of the State Medicaid Settlement Amount, the State agrees to release and refrain from instituting, recommending, directing, or maintaining any administrative action seeking exclusion from the State's Medicaid program against DSI for the Covered Conduct, except as reserved in Paragraph 4 above. Nothing in this Agreement precludes the State from taking action against DSI in the event that DSI is excluded by the federal government, or for conduct and practices other than the Covered Conduct as reserved in Paragraph 4 above.

6. DSI waives and shall not assert any defenses it may have to criminal prosecution or administrative action for the Covered Conduct, which defenses may be based in whole or in part on a contention, under the Double Jeopardy Clause of the Fifth Amendment of the Constitution or the Excessive Fines Clause of the Eighth Amendment

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

of the Constitution, that this Agreement bars a remedy sought in such criminal prosecution or administrative action.

7. In consideration of the obligations of the State set forth in this Agreement, DSI waives and discharges the State, its agencies, political subdivisions, employees, servants, and agents from any causes of action (including attorneys' fees, costs, and expenses of every kind and however denominated) which DSI has asserted, could have asserted, or may assert in the future against the State, its agencies, political subdivisions, employees, servants, and agents, arising from the State's investigation and prosecution of the Covered Conduct.

8. The amount that DSI must pay to the State pursuant to Paragraph 1(d) above will not be decreased as a result of the denial of claims for payment now being withheld from payment by the State's Medicaid program, or any other state payor, for the Covered Conduct; and DSI agrees not to resubmit to the State's Medicaid program or any other state payor, any previously denied claims, which denials were based on the Covered Conduct, and agrees not to appeal or cause the appeal of any such denials of claims.

9. DSI shall not seek payment for any claims for reimbursement to the State's Medicaid Program covered by this Agreement from any health care beneficiaries or their parents, sponsors, legally responsible individuals, or third party payors.

10. DSI expressly warrants that it has reviewed its financial condition and that it is currently solvent within the meaning of 11 U.S.C. §§ 547(b)(3) and 548(a)(B)(ii)(I), and shall remain solvent following payment of the Settlement Amount and compliance with this Agreement.

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

11. The Parties each represent that this Agreement is freely and voluntarily entered into without any degree of duress or compulsion whatsoever.

12. DSI agrees to cooperate fully and truthfully with any State investigation of individuals or entities not released in this Agreement. Upon reasonable notice, DSI shall facilitate, and agree not to impair, the cooperation of its directors, officers, employees or agents, for interviews and testimony, consistent with the rights and privileges of such individuals and of DSI. Upon request, DSI agrees to furnish to the State complete and unredacted copies of all non-privileged documents including, but not limited to, reports, memoranda of interviews, and records in their possession, custody or control, concerning the Covered Conduct. DSI shall be responsible for all costs it may incur in complying with this paragraph.

13. Except as expressly provided to the contrary in this Agreement, each Party to this Agreement shall bear its own legal and other costs incurred in connection with this matter, including the preparation and performance of this Agreement.

14. Except as otherwise stated in this Agreement, this Agreement is intended to be for the benefit of the Parties only, and by this instrument the Parties do not release any liability against any other person or entity.

15. Nothing in this Agreement constitutes an agreement by the State concerning the characterization of the amounts paid hereunder for purposes of the State's revenue code.

16. In addition to all other payments and responsibilities under this Agreement, DSI agrees to pay all reasonable expenses and travel costs of the State Team, including reasonable consultant fees and expenses. DSI will pay this amount by separate

CONFIDENTIAL – FOIA EXEMPT
PROPRIETARY AND CONFIDENTIAL TO DAIICHI SANKYO, INC.

check made payable to the National Association of Medicaid Fraud Control Units, after the Medicaid Participating States execute their respective Agreements, or as otherwise agreed by the Parties.

17. This terms of this Agreement are governed by the laws of the State, except disputes arising under the CIA shall be resolved exclusively under the dispute resolution provisions of the CIA, and venue for addressing and resolving any and all disputes relating to this Agreement shall be the state courts of appropriate jurisdiction of the State.

18. The undersigned DSI signatories represent and warrant that they are authorized as a result of appropriate corporate action to execute this Agreement. The undersigned State signatories represent that they are signing this Agreement in their official capacities and that they are authorized to execute this Agreement on behalf of the State through their respective agencies and departments.

19. The Effective Date of this Agreement shall be the date of signature of the last signatory to this Agreement. Facsimiles of signatures shall constitute acceptable binding signatures for purposes of this Agreement.

20. This Agreement shall be binding on all successors, transferees, heirs, and assigns of the Parties.

21. This Agreement constitutes the complete agreement between the Parties with respect to this matter and shall not be amended except by written consent of the Parties.

22. This Agreement may be executed in counterparts, each of which shall constitute an original, and all of which shall constitute one and the same Agreement.

Re: Completion of Corporate Integrity Agreement Requirements

Dear Mr. Allegrucci:

We are writing in response to the Daiichi Sankyo, Inc. (DSI) e-mails dated September 9, 2020 and September 16, 2020 which provide additional information requested concerning the Fifth Annual Report submitted by DSI. Based on our review of this additional information and the information provided in DSI's Fifth Annual Report, it appears that DSI was in compliance with the terms of the Corporate Integrity Agreement (CIA) between the Office of Inspector General (OIG) of the Department of Health and Human Services and DSI during the fifth annual reporting period.

The 5-year term of DSI's CIA has now concluded. During the term of the CIA, DSI submitted reports on the status of its compliance activities for each of the 5 reporting periods. DSI otherwise communicated with OIG to provide CIA-related information, including information requested by OIG.

This acknowledgement that DSI has satisfied its CIA requirements is not a determination by the OIG that DSI has implemented an effective compliance program. It is DSI's responsibility to develop and implement a compliance program that is effective for ensuring compliance with all applicable Federal health care program and FDA requirements. The OIG makes no representations in this letter as to DSI's practices or conduct that may be the subject of ongoing investigations, if any. Also, our comments do

not reflect our assessment of any legal claims that may be made against DSI in connection with any ongoing or future investigation.

We recommend that DSI continue to incorporate into its operations the compliance program elements that were implemented by DSI during the term of its CIA. We also suggest that DSI regularly consult the OIG's website in the future for information regarding the OIG's Compliance Program Guidance for Pharmaceutical Manufacturers.

At the next update, the Daiichi Sankyo, Inc. CIA will be moved to the closed Corporate Integrity Agreements listing on the OIG's website.

If you have any questions regarding this letter, please contact me at (202) 539-6270.

Sincerely,

Keshia B. Thompson
Senior Counsel

STATEMENT OF EXPLANATION

Thursday, July 20th, 2023

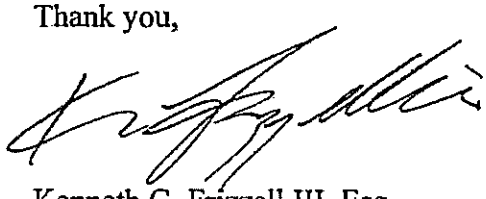
Ref: PAGE 4

Attn: NEVADA BOARD OF PHARMACY
Re: SATSATIN, JOSHUA SANTIAGO

To Whom It May Concern:

I, Kenneth G. Frizzell III, Esq., was retained to represent Mr. Satsatin for his criminal case (#21CRH001070-0000) that was filed on September 14th, 2021.

Mr. Satsatin was arrested on or about September 9th, 2021, for the following charges: Battery By Use of Strangulation (Category C Felony – NRS 200.481 – NOC 54735); and two counts of Battery (Misdemeanor – NRS 200.481 – NOC 50212). I have attached the original criminal complaint as Exhibit "1". It should be noted that the events transcribed in the Declaration of Arrest are not entirely accurate and are only told from one side of the story. My client and the alleged victim were cooks employed at Fiesta Filipina Cuisine at the time of the incident. On September 1st, 2021, my client and the alleged victim were involved in a contention surrounding a customer's food order. The conflict escalated when my client felt his safety was at risk. While it can be agreed upon that the means my client engaged in to physically restrain the initiator were not ideal, he de-escalated the dispute and apologized to the alleged victim after emotions settled. Both individuals finished their shift in peace and went about their night. In the following days, the individuals had no conflicts or negative interactions. The alleged victim filed a report almost a week after the incident with their version of the narrative, and my client was subsequently arrested on September 9th, 2021.



Through the ordinary course of this case, Mr. Satsatin's charges were dropped except one count of Battery, which is a misdemeanor in the state of Nevada. Mr. Satsatin completed counseling per his negotiations and completed other requirements such as fine payments and to

"stay out of trouble" for six months to resolve the case. On June 16th, 2022, Mr. Satsatin's case was officially closed with the final disposition being a misdemeanor charge. I attached the final court docket of the case as Exhibit "2."

My client has no record to this day besides this instant matter. Due to a variety of factors, I ask that Mr. Satsatin's admission decision not be influenced by this case as it is not representative of my client's character. The minor incident occurred years ago, and my client has been a prosocial member of the community since then and always.

If you have any questions or need any further information, please feel free to contact me at my office number (702) 384-1990. Alternatively, you can email me at ken@flangaslawfirm.com. I appreciate your time and consideration in this matter.

Thank you,

Kenneth G. Frizzell III, Esq.

PROBABLE CAUSE REVIEW

The undersigned Magistrate has reviewed the Affidavit and Declaration of Probable Cause for the arrest of the above-named defendant without warrant for the charge(s) shown.

FINDING

I find there is sufficient probable cause, for the purpose of continued incarceration, to believe that charged crime(s) have been committed and that said defendant has committed such crime(s). THEREFORE, IT IS ORDERED that the defendant may be held in custody until bail is posted.

☐ BAIL: STANDARD ☐ OTHER: $

I find there is NOT sufficient probable cause shown to allow the defendant to be held in custody. THEREFORE, IT IS ORDERED that the defendant be immediately release from custody as to the charge(s). This order is without prejudice to the City or State to proceed with the charge(s) based upon additional evidence sufficient to establish probable cause.

BATTERY BY STRANGULATION	C	200.481.2b

THE UNDERSIGNED MAKE THE FOLLOWING DECLARATIONS SUBJECT TO THE PENALTY OF PERJURY AND SAYS: That I Guess, N am a Peace Officer with the Henderson PD, Clark County Nevada. I learned the following facts and circumstances which led me to believe that the above-named subject committed (or was committing) the above offense/offenses at the location of 2501 Wigwam Pkwy and that the offense approximately occurred at 9/9/2021 7:27:20 AM.

Details of Probable Cause

On 9/7/2021 at approximately 1000 hours, I Officer N. Guess #1330 was notified of a Battery with Strangulation that occurred on 9/1/2021 at Fiesta Filipino Cuisine, located at 2980 St. Rose Parkway #120 in Henderson, NV.

Ronnielene Romano (DOB [redacted] came into the HPD West Desk. Ronnielene speaks fluent Tagalog and very broken English, so I had HPD Dispatch initiate Language Link, who provided translator Mona, #13287 to assist me with the investigation.

Through Mona, Ronnielene advised that she works at Fiesta Filipino Cuisine. Ronnielene works as a server for the morning shift, and switches to dish washer in the afternoon. Ronnielene said that around 1630 hours, she was washing (dishes or cloths), and the cook, Joshua, grabbed her left arm and twisted it behind her back. Joshua pulled Ronnielene to a casserole of papaitan he was cooking and threatened to shove her face in it, putting his right arm around her neck in a headlock motion, which Ronnielene demonstrated. Joshua pushed Ronnielene's face to the papaitan, but it did not touch. Then Joshua strangled Ronnielene, and she passed out.

Ronnielene was woken up by manager Rey Castro, who pulled Ronnielene up by her arm. Ronnielene said that she was laying flat on the floor of the kitchen with her arms slightly spread out by her sides. Ronnielene said that her clothing was not disturbed, and remembered she was wearing a black shirt, but could not remember other clothing she was wearing. Ronnielene said she believed the whole encounter lasted approximately 20 minutes, and was unconscious about five minutes. Ronnielene said she did not defecate or urinate on herself, advised her throat did not hurt, either immediately after the incident or later that night, did not have any marks or noticeable injuries. Ronnielene said that her arm was hurting worse in the time since the incident, and was going to get medical attention.

On 9/8/2021, I Officer N. Guess #1330 responded to Fiesta Filipina Cuisine, located at 2980 St. Rose Parkway #120 in Henderson, NV.

I contacted Rey Castro (DOB [redacted] the manager of Fiesta Filipina and witness to this incident. Rey identified Joshua, the suspect as Joshua Satsatin (DOB [redacted] as the suspect from his employee personnel information and personal knowledge.

Rey and I watched the surveillance video together.

There are two videos, one beginning on 9/1/2021 at 1641 hours, and the other beginning at 1648 hours. We watched the 1648 video first, and Rey identified a large Asian male in the back of house as Joshua Satsatin, cooking on the left side of the video, facing the left. In the foreground, closer to the camera, Ronnielene is seen moving left to right, with a blue and white colored cap on her head, wearing a white chef's coat and grey pants. Ronnielene goes through a door on the right to clock out. Moments later, Ronnielene comes in the door at the far side of the kitchen, and walks past Joshua, who has his back turned, cooking on the stove. Ronnielene tries to move as far away from Joshua as possible, and Joshua spins around grabs

Ronnielene around the neck. Joshua's back is to the camera view. Ronnielene is seen dropping, limp, and Rey comes in the same door Ronnielene had just entered through, and seems to be attempting to remove Joshua's hands and arms from Ronnielene's neck. Rey then drops to Ronnielene's right side and shakes her, seeming to wake her up, and assists her to her feet.

Next, Rey played the 1641 hour video, where Ronnielene is seen in a different part of the back of house, washing something in a sink. Joshua is seen coming up on Ronnielene's left side, then punches her forcefully on the left arm, and she rocks from the blow.

Due to the fact Joshua punched Ronnielene on the left shoulder with his right fist, causing Ronnielene to rock visibly in the 1641 hour surveillance video, I have probable cause to believe Joshua committed Battery upon Ronnielene, a violation of NRS 200.481.1A.

Due to the fact Joshua grabbed Ronnielene in the 1648 hour surveillance video, that she visibly dropped in his arms, going limp, and slumped to the floor; that Rey advised he had to tell Joshua to stop strangling Ronnielene, that Rey advised he had to wake Ronnielene up and assist her to her feet; that Ronnielene advised she was strangled by Joshua and "lost her mind" (meaning lost consciousness), I have probable cause to believe Joshua committed Battery by Strangulation, a violation of NRS 200.481.2B.

I contacted Joshua on 9/9/2021 at his residence at approximately 0715 hours. Joshua said he would speak with me voluntarily, and I asked him if he could tell me his side of the story about the incident in the kitchen last week with Ronnielene. Joshua made the comment, "It was a misjudgement...whatever I did or didn't, it wasn't justified by whatever I did." Joshua then asked me what the gravity or situation was. I advised him that the greater charge was Battery by Strangulation, and Joshua said he wanted to speak to his lawyer first, and did not want to complete a voluntary written statement.

I took Joshua into custody and transported him to the Henderson Detention Center, where he was booked accordingly.

Wherefore, Declarant prays that a finding be made by a magistrate that probable cause exists to hold said person for preliminary hearing (if charges are a felony or gross misdemeanor) or for trial (if charges are a misdemeanor).

Guess, N

Nangyari ang insidente sa loob ng cooking area. bandang hapon 5pm, Sep 1, 2021. Noong araw na iyon maraming pila sa tindahan at kaming dalawa lang ni Rose ang server. Habang ako ay nag serve, nilapitan ako ni Rose na may sigawan sa banclang kitchen, sinabi ko kay Rose na "tapusin ko lang itong sini-serve ko at puntahan ko sila. Pero ng matapos ako mag serve ay wala na ang dalawa sa kitchen kaya nagpatuloy ako mag serve at nang may marinig ako sigaw sa bandang cooking area ay doon ko nakita si Josh na sakal ng braso niya si Ron. at ng matanggal ni Josh ung braso niya ay tinanong ko si Ron "kung okay ba" at dinala ko siya sa may labas para maka hinga ng fresh Air. Tatanong ko din sya kung kailangan ko [redacted] tumawag ng "911" pero okay na daw sya. Tapos bigla dumating si Rose at tinawag ako dahil may problema sa kanya. At nagpatuloy na ko mag serve. . . 1330

This is my statement on the scenes that i witnessed on the day that Josh and Ron had a fight at work. When i went into the kitchen to order palabok i heard Josh yelling so loud about why his pot had some bubbles on it (accidentally bubble soap got into the pot) and Ron replied back to him but it (voice) was too low for me to hear. Then, i saw Josh attempted to punch her while yelling at her. Then, i went back outside (counter) to serve the customers. After a minute, i approached Rey that something is happening in the kitchen that he must check them out. Since people were lined up at the counter, Rey wasn't able to check them out right away. After a while, i saw Ron came out from the kitchen, and later after we heard some noises ~~again~~ in the kitchen where nearby the exit and so Rey and i went quickly and i saw Josh kneeling down while arm wrapped around Ron's neck while Ron was struggling on the floor. She was red faced, red-eyes as if struggling for her breath and heard Josh telling her not to fight back. calm the situation down.

Are you submitting this application to RETAKE the NAPLEX and/or MPJE? ☐ Yes ☑ No

Section 2: General Information

First: Matthew Middle: William Last: Dulin

Date of Birth: [redacted] SSN or ITIN: [redacted] Sex: ☑ M ☐ F ☐ X

Mailing Address: [redacted] Ridge RD

City: Pine Grove State: CA Zip: 95665

Telephone: [redacted] Email: [redacted]

Section 3: Employment Information

Pharmacy Name: Not employed NV Pharmacy License # (if applicable): _____

Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____ Email: _____

Section 4: College of Pharmacy Information

School Name: South University School of Pharmacy

Address: 709 Mall Blvd

City: Savannah State: GA Zip: 31406

Country/Territory/Province: United States

Graduation Date: 2013 Degree: ☑ PharmD ☐ BS in Pharmacy ☐ Other

Section 5: ONLY COMPLETE this section if you are applying for a Nevada Pharmacist Registration by RECIPROCATION.

Original State of licensure/registration you are reciprocating from must be active and issued by exam (passing the NAPLEX and that state's MPJE).

State: FL License #: PS 52833 Date of Issuance: ~~4/28/2023~~ 11/5/2014 NWD Expiry Date: 9/30/2023

Section 6: List all pharmacist license/registration you have/had in other states. Use another sheet if additional space is needed.

State	License/ Registration #	Issued Date	Expiry Date	License/Registration Status (check applicable box)				
				Active	Inactive	Expired	Revoked	Surrendered
FL	PS 52833	11/5/2014	9/30/2023	X				
SC	36987	2/10/2017	4/30/2024	X				
GA	RPH 029504	9/16/2016	Pending		X			

Section 7: Military Service (NRS 622.120)	Yes	No
1. Have you ever served on active duty in the Armed Forces of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)	✓	
2. Have you ever been assigned to duty for a minimum of 6 continuous years in the National Guard or a reserve component of the Armed Forces of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)	✓	
3. Have you ever served the Commissioned Corps of the United States Public Health Service or the Commissioned Corps of the National Oceanic and Atmospheric Administration of the United States in the capacity of a commissioned officer while on active duty in defense of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		✓

Section 8: Federally Mandated Requirement (NRS 425.520, NRS 639.129)	Yes	No
1. Are you the subject of a court order for the support of a child? (If "yes", answer question 2.)		✓
2. Are you in compliance with the order or the plan approved by the district attorney or other public agency enforcing the order for the repayment of the amount owed pursuant to the order?		✓

Section 9: Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your registration?		✓
2. Have you been charged, arrested or convicted of a felony or misdemeanor in any state?	✓	
3. Have you been the subject of a board citation or administrative action whether completed or pending in any state?		✓
4. Has your license/registration been subjected to any discipline for violation of pharmacy or drug laws in any state?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-4, you have marked "YES" to in section 9 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 2. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
10/1/2019	12/13/2021	GA	Savannah	Chatham

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court
4:19 CR 00171-1	DEA / CNT

Reason/Charge	
Conspiracy to Posses with intent to distribute Marijuana and Maintaining a Drug-involved premises	
Plaintiff/Defendant/Claimant/Respondent	**Lawsuit/Arbitration/Bankruptcy**
Name of Business/Industry/Entity	

Provide explanation below:

See attached. I have attached The Judgment in the Criminal Case, I have attached a letter I have written to the board stating what I did and how I am on the road to recovery. I have attached Character witness letters and my criminal Background Check. Also, I have attached the licenses of South Carolina and Florida along with good standing certificates from their states. I have went through all the Boards protocols in each state and got my licenses reinstated I will have an answer from Georgia on 7/19/2013. Finally I did attach all the certificates of rehabilitation programs I have taken to help with my rehabilitation as well. Thank you again for the opportunity to apply to the California Board of Pharmacy

God Bless

Mark Oli

GAS 245B (Rev. 04/20) Judgment in a Criminal Case
DC Custody TSR

UNITED STATES DISTRICT COURT

SOUTHERN DISTRICT OF GEORGIA
SAVANNAH DIVISION

UNITED STATES OF AMERICA
v.
Matthew Dulin

JUDGMENT IN A CRIMINAL CASE

Case Number: 4:19CR00171-1

USM Number: 23321-021

William Dow Bonds
Defendant's Attorney

THE DEFENDANT:

☒ pleaded guilty to Counts 1 and 3

☐ pleaded nolo contendere to Count(s) _____ which was accepted by the court.

☐ was found guilty on Count(s) _____ after a plea of not guilty.

The defendant is adjudicated guilty of these offenses:

Title & Section	Nature of Offense	Offense Ended	Count
21 U.S.C. §846, 21 U.S.C. §§ 841(a)(1) and (b)(1)(C), and 18 U.S.C. § 2	Conspiracy to possess with intent to distribute, and to distribute, marihuana	October 1, 2019	1
21 U.S.C. §856(a)(1), 21 U.S.C. § 856(b), and 18 U.S.C. § 2	Maintaining a drug-involved premises	October 1, 2019	3

The defendant is sentenced as provided in pages 2 through 7 of this judgment. The sentence is imposed pursuant to the Sentencing Reform Act of 1984.

☐ The defendant has been found not guilty on Count(s) _____

☒ Counts 2 and 4 of the Indictment are dismissed as to this defendant on the motion of the United States.

It is ordered that the defendant must notify the United States Attorney for this district within 30 days of any change of name, residence, or mailing address until all fines, restitution, costs, and special assessments imposed by this judgment are fully paid. If ordered to pay restitution, the defendant must notify the Court and United States Attorney of material changes in economic circumstances.

Date

IMPRISONMENT

The defendant is hereby committed to the custody of the Federal Bureau of Prisons to be imprisoned for a total term of: 20 months as to each of Counts 1 and 3, to be served concurrently.

☒ The Court makes the following recommendations to the Bureau of Prisons:
It is recommended that the defendant be given credit toward this federal sentence for all time served in custody from August 19, 2019, until August 21, 2019, and from October 16, 2019, until October 24, 2019, that is not credited toward another sentence. It is recommended that the defendant be evaluated by Bureau of Prisons officials to establish bis participation in an appropriate program of substance abuse treatment and counseling, including the Residential Drug Abuse Program (RDAP), during his term of incarceration. Finally, it is recommended that the defendant be designated to one of the following facilities: FCI Terminal Island in San Pedro, California; FCI Lompac in Lompac, California; or FCI Mendota in Mendota, California.

☐ The defendant is remanded to the custody of the United States Marshal.

☐ The defendant shall surrender to the United States Marshal for this district:

☐ at _____ ☐ a.m. ☐ p.m. on _____.

☐ as notified by the United States Marshal.

☒ The defendant shall surrender for service of sentence at the institution designated by the Bureau of Prisons:

☒ before 2 p.m. on February 11, 2022.

☒ as notified by the United States Marshal.

☐ as notified by the Probation or Pretrial Services Office.

RETURN

I have executed this judgment as follows:

Defendant delivered on _____ to _____

at _____, with a certified copy of this judgment.

_____
UNITED STATES MARSHAL

By _____
DEPUTY UNITED STATES MARSHAL

DEFENDANT: Matthew Dulin
CASE NUMBER: 4:19CR00171-1

SUPERVISED RELEASE

Upon release from imprisonment, you will be on supervised release for a term of: 3 years as to each of Counts 1 and 3, to be served concurrently.

MANDATORY CONDITIONS

1. You must not commit another federal, state, or local crime.
2. You must not unlawfully possess a controlled substance.
3. You must refrain from any unlawful use of a controlled substance. You must submit to one drug test within 15 days of release from imprisonment and at least two periodic drug tests thereafter, as determined by the court.

   ☐ The above drug testing condition is suspended, based on the court's determination that you pose a low risk of future substance abuse. *(Check, if applicable.)*
4. ☐ You must make restitution in accordance with 18 U.S.C. §§ 3663 and 3663A or any other statute authorizing a sentence of restitution. *(Check, if applicable.)*
5. ☒ You must cooperate in the collection of DNA as directed by the probation officer. *(Check, if applicable.)*
6. ☐ You must comply with the requirements of the Sex Offender Registration and Notification Act (34 U.S.C. § 20901, et seq.) as directed by the probation officer, the Bureau of Prisons, or any state sex offender registration agency in the location where you reside, work, are a student, or were convicted of a qualifying offense. *(Check, if applicable.)*
7. ☐ You must participate in an approved program for domestic violence. *(Check, if applicable.)*

You must comply with the standard conditions that have been adopted by this court as well as with any other conditions on the attached page.

DEFENDANT: Matthew Dulin
CASE NUMBER: 4:19CR00171-1

STANDARD CONDITIONS OF SUPERVISION

As part of your supervised release, you must comply with the following standard conditions of supervision. These conditions are imposed because they establish the basic expectations for your behavior while on supervision and identify the minimum tools needed by probation officers to keep informed, report to the court about, and bring about improvements in your conduct and condition.

1. You must report to the probation office in the federal judicial district where you are authorized to reside within 72 hours of your release from imprisonment, unless the probation officer instructs you to report to a different probation office or within a different time frame.
2. After initially reporting to the probation office, you will receive instructions from the court or the probation officer about how and when you must report to the probation officer, and you must report to the probation officer as instructed.
3. You must not knowingly leave the federal judicial district where you are authorized to reside without first getting permission from the court or the probation officer.
4. You must answer truthfully the questions asked by your probation officer.
5. You must live at a place approved by the probation officer. If you plan to change where you live or anything about your living arrangements (such as the people you live with), you must notify the probation officer at least 10 days before the change. If notifying the probation officer in advance is not possible due to unanticipated circumstances, you must notify the probation officer within 72 hours of becoming aware of a change or expected change.
6. You must allow the probation officer to visit you at any time at your home or elsewhere, and you must permit the probation officer to take any items prohibited by the conditions of your supervision that he or she observes in plain view.
7. You must work full time (at least 30 hours per week) at a lawful type of employment, unless the probation officer excuses you from doing so. If you do not have full-time employment you must try to find full-time employment, unless the probation officer excuses you from doing so. If you plan to change where you work or anything about your work (such as your position or your job responsibilities), you must notify the probation officer at least 10 days before the change. If notifying the probation officer at least 10 days in advance is not possible due to unanticipated circumstances, you must notify the probation officer within 72 hours of becoming aware of a change or expected change.
8. You must not communicate or interact with someone you know is engaged in criminal activity. If you know someone has been convicted of a felony, you must not knowingly communicate or interact with that person without first getting the permission of the probation officer.
9. If you are arrested or questioned by a law enforcement officer, you must notify the probation officer within 72 hours.
10. You must not own, possess, or have access to a firearm, ammunition, destructive device, or dangerous weapon (i.e. anything that was designed, or was modified for, the specific purpose of causing bodily injury or death to another person such as a nunchakus or tasers).
11. You must not act or make any agreement with a law enforcement agency to act as a confidential human source or informant without first getting permission from the court.
12. If the probation officer determines that you pose a risk to another person (including an organization), the probation officer may require you to notify the person about the risk and you must comply with that instruction. The probation officer may contact the person and confirm that you have notified that person about the risk.
13. You must follow the instructions of the probation officer related to the conditions of supervision.

U.S. Probation Office Use Only

A U.S. probation officer has instructed me on the conditions specified by the court and has provide me with a written copy of this judgment containing these conditions. For further information regarding these conditions, see *Overview of Probation and Supervised Release Conditions*, available at: www.uscourts.gov.

Defendant's Signature _____ Date _____

SPECIAL CONDITIONS OF SUPERVISION

1. You must participate in a substance abuse treatment program and follow the rules and regulations of that program. The probation officer will supervise your participation in the program. You must pay the costs of treatment in an amount to be determined by the probation officer, based on your ability to pay or availability of third-party payment.

2. You must submit to substance abuse testing to determine if you have used a prohibited substance. You must not attempt to obstruct or tamper with the testing methods.

3. You must submit your person, property, house, residence, office, vehicle, papers, computers (as defined in 18 U.S.C. § 1030(e)(1)), other electronic communications or data storage devices or media, to a search conducted by a United States probation officer. Failure to submit to a search may be grounds for revocation of release. You must warn any other occupants that the premises may be subject to searches pursuant to this condition. The probation officer may conduct a search under this condition only when reasonable suspicion exists that you have violated a condition of supervision and that the areas to be searched contain evidence of this violation. Any search must be conducted at a reasonable time and in a reasonable manner.

CRIMINAL MONETARY PENALTIES

The defendant must pay the total criminal monetary penalties under the schedule of payments.

	Assessments	Restitution	Fine	AVAA Assessment*	JVTA Assessment **
TOTALS	$200	N/A	None	N/A	N/A

☐ The determination of restitution is deferred until . An *Amended Judgment in a Criminal Case (AO 245C)* will be entered after such determination.

☐ The defendant must make restitution (including community restitution) to the following payees in the amount listed below.

If the defendant makes a partial payment, each payee shall receive an approximately proportioned payment, unless specified otherwise in the priority order or percentage payment column below. However, pursuant to 18 U.S.C. § 3664(i), all nonfederal victims must be paid before the United States is paid.

Name of Payee	Total Loss***	Restitution Ordered	Priority or Percentage

TOTALS	$ _____	$ _____

☐ Restitution amount ordered pursuant to plea agreement $ _____

☐ The defendant must pay interest on restitution and a fine of more than $2,500, unless the restitution or fine is paid in full before the fifteenth day after the date of the judgment, pursuant to 18 U.S.C. § 3612(f). All of the payment options on Sheet 6 may be subject to penalties for delinquency and default, pursuant to 18 U.S.C. § 3612(g).

☐ The court determined that the defendant does not have the ability to pay interest and it is ordered that:

☐ the interest requirement is waived for the ☐ fine ☐ restitution.

☐ the interest requirement for the ☐ fine ☐ restitution is modified as follows:

* Amy, Vicky, and Andy Child Pornography Victim Assistance Act of 2018, Pub. L. No. 115-299.
** Justice for Victims of Trafficking Act of 2015, Pub. L. No. 114-22.
*** Findings for the total amount of losses are required under Chapters 109A, 110, 110A, and 113A of Title 18 for offenses committed on or after September 13, 1994, but before April 23, 1996.

SCHEDULE OF PAYMENTS

Having assessed the defendant's ability to pay, payment of the total criminal monetary penalties is due as follows:

A ☒ Lump sum payment of $ 200 due immediately.

☐ not later than _____, or
☐ in accordance ☐ C, ☐ D, ☐ E, or ☐ F below; or

B ☐ Payment to begin immediately (may be combined with ☐ C, ☐ D, or ☐ F below); or

C ☐ Payment in equal _____ *(e.g., weekly, monthly, quarterly)* installments of $ _____ over a period of _____ *(e.g., months or years)*, to commence _____ *(e.g., 30 or 60 days)* after the date of this judgment; or

D ☐ Payment in equal _____ *(e.g., weekly, monthly, quarterly)* installments of $ _____ over a period of _____ *(e.g., months or years)*, to commence _____ *(e.g., 30 or 60 days)* after release from imprisonment to a term of supervision; or

E ☐ Payment during the term of supervised release will commence within _____ *(e.g., 30 or 60 days)* after release from imprisonment. The court will set the payment plan based on an assessment of the defendant's ability to pay at that time; or

F ☐ Special instructions regarding the payment of criminal monetary penalties:

Unless the court has expressly ordered otherwise, if this judgment imposes imprisonment, payment of criminal monetary penalties is due during imprisonment. All criminal monetary penalties, except those payments made through the Federal Bureau of Prisons' Inmate Financial Responsibility Program, are made to the clerk of the court.

The defendant shall receive credit for all payments previously made toward any criminal monetary penalties imposed.

☐ Joint and Several
Defendant and Co-Defendant Names and Case Numbers *(including defendant number)*, Total Amount, Joint and Several Amount, and corresponding payee, if appropriate.

☐ The defendant shall pay the cost of prosecution.

☐ The defendant shall pay the following court cost(s):

☒ The defendant shall forfeit the defendant's interest in the following property to the United States:
Pursuant to the plea agreement, the defendant shall forfeit his interest in $68,700 in safe deposit box 363 at Bank of America, a 2013 Chevrolet Silverado C1500 (VIN 3GCPCSEA8DG109231), and a 2018 Toyota Highlander Limited (VIN 5TDYZRFH5JS283164).

Payments shall be applied in the following order: (1) assessment, (2) restitution principal, (3) restitution interest, (4) fine principal, (5) fine interest, (6) community restitution, (7) JVTA Assessment, (8) penalties, and (9) costs, including cost of prosecution and court costs.

U.S. District Court | Eastern District of California
U.S. Probation Office

ACKNOWLEDGMENT OF CONDITIONS PROBATION OR SUPERVISED RELEASE AND RECEIPT OF ☒ CRIMINAL JUDGMENT ☐ PROB12B-PETITION

Docket Number: **113J/4:19CR00171-01**

I have received a copy of the ☒ Criminal Judgment ☐ Prob12B-Petition Modification, which includes all the standard, mandatory and special conditions as ordered by the Court.

Mandatory Revocation Issues:

☐ **Original offenses committed before 09/13/1994:** 18 USC 3565 (probation) instructs that supervision be revoked upon a finding of: 1) possession of a firearm; or, 2) possession of a controlled substance ("use" may constitute "possession"); 18 USC 3583 (supervised release) instructs that supervision be revoked upon a finding of: 1) possession of a controlled substance ("use" may constitute "possession").

☒ **Original offenses committed after 09/13/1994:** 18 USC 3565 (probation) and 18 USC 3583 (supervised release) instruct that supervision be revoked upon a finding of: 1) possession of a firearm; 2) possession of a controlled substance ("use" may constitute "possession"); or 3) refusal to comply with the drug testing.

Positive/Failed Drug Tests after 11/02/2002: 18 USC 3565 (probation) and 18 USC 3583 (supervised release) requires that supervision be revoked for: testing positive for illegal controlled substances more than three times over the course of one year.

Upon a finding of a violation of probation or supervised release, I understand that the Court may (1) revoke supervision, (2) extend the term of supervision, and/or modify the conditions of supervision.

The conditions of supervision, including mandatory revocation issues, have been read and explained to me. I fully understand the conditions and my requirements, and have been provided a copy of them.

Matthew Dulin

South University School of Pharmacy

Graduation Class of 2013

PharmD

To: The Nevada Board of Pharmacy

To Whom This May Concern,

My name is Matthew Dulin I am registered Pharmacist in Florida, Georgia, and South Carolina. I am writing this letter for my application for admission to the Nevada Board of Pharmacy. In the application section about Criminal History, I must provide an explanation to my criminal conviction that occurred in the state of Georgia. On October 1, 2019, I was arrested and charged with a Conspiracy to Distribute Marijuana (21 USC 846, 21 USC 841 (a) (1) and (b) (1) (C), and USC 2 and Maintaining a Drug-involved Premises 21 USC 856 (a)(1), 21 USC 856 (b), and 18 USC 2. Case Number 4:19CR00171-1. At the time I was working for Publix Pharmacy in South Carolina. On January 27, 2021, I voluntarily surrendered my Georgia Pharmacist License to J. David Stubbons Senior Assistant Attorney General. I was on Pre-trial bond from October 2019 to February 2022. During this time, I had no infractions and followed everything directed by my Probation Officers. I was sentenced on December 13, 2021, to 20 months in prison at FCI Lompoc. During my incarceration I enrolled and completed several programs which include, Drug Education (12-hour program), Non-residential Drug Abuse Program (48-Hour Program), Kiaros Christian Family Program (40-Hour Program), Parenting program (24-hour program), Money Smart Program (36-hour program), Financial Peace Program (12-hour program), Brain Health Program (6-hour program), Talking to your Doctor Program (6-hour program), Walk With Ease Program (6-hour program), Disabilities Education Program (10-hour program for my PTSD), Trauma and Resilience Program (12-hour program), and Combat Vet Support Program (10-hour Program). These programs that I completed in prison helped with my re-entry back into society from prison. At the time of my arrest, I was motivated to do things for myself, at the cost of others, mainly my family. My time in prison has humbled me tremendously. Since, my arrest I have recommitted my life to the Lord, I am heavily involved in my church. I go to Men's bible studies, and I also go to Counseling sessions with my wife with Pastor Lopez from The Call Church (Contact Info: email brianl@calvaryamador.org) every week. I have phone counseling with my Care Pastor from Savannah Georgia Craig Fennell (Contact info: email cfennell@cbcsavannah.com), who has been counseling my wife and I since the day we got arrested and is currently still counseling us every week. I have been taking the proper steps to reinstate my license in Georgia. While I was in prison, the Georgia Board of Pharmacy sent me a letter in prison stating that they would be willing to reconsider reinstating my license. I have already got my licenses reinstated in Florida and South Carolina and I currently waiting for the Georgia Board of Pharmacy's decision on July19th. My life has changed for the better and I know I will never do anything like this again. Thank you for giving me a chance to apply to the Nevada Board of Pharmacy and no matter the outcome my life has changed for the better, and I thank my Lord and Savior Jesus Christ for that. If you have any questions involving the case you can contact myself Matthew Dulin (email [redacted] or by Phone [redacted] or my Attorney Dow Bonds (email dowbonds@yahoo.com or by Phone 912-660-1528. Thank you again for the opportunity to apply to your state board and look forward to hearing from you.

Regards,

Matthew Dulin

To whom it may concern,

The Call CHURCH

I'm writing this letter on behalf
of Matt Dulin as a character
reference. I have had the privilege to get well acquainted with Matt over the past two years when he and his wife Trinh began attending The Call Church where I serve as the lead pastor. From the day he arrived, Matt has proven himself to be a faithful and regular attender of the church. He has been very transparent with me regarding his past and was quick to take responsibility for his decisions and his past choices.
I have watched Matt grow as a man, as a husband and in his relationship with God. I have met weekly with he and his wife for counseling appointments and he has been a part of a weekly men's study that I lead. I have also served alongside Matt in several different ministry events at the church. In all of these environments, Matt has demonstrated authenticity, growth, loyalty, dependability, and tremendous character. I know he is working hard to get back on his feet and live a life of integrity that honors God. I also know that part of the journey for Matt is getting his pharmacy license reinstated, which I am hopeful will take place. I believe he is truly repentant of his past, his actions have demonstrated it, and would be a well deserving candidate for a second chance.
If I can be of any further assistance, please feel free to contact me at brianl@calvaryamador.org or by phone at (530) 409-2505.

Sincerely,
Brian Lopez

To the Honorable Judge Stan Baker,

My name is Andrew Keenan. I have lived in Savannah for 10 years after moving here in 2010 to begin pharmacy school at South University. It was in that same summer of 2010 that I had the privilege of meeting Matt Dulin and subsequently his wife,Trinh, and her 3 boys that Matt was helping to raise. I am writing to you today on behalf of Matt, trinh, and their entire family to relay the kindhearted and genuine people that they are.

Matt was one of the first people that befriended me when I moved to Savannah. He was quick to show me around, introduce me to his friends as well as his family. He frequently invited me and other classmates into their home, to meet and spend time with Trinh and the boys, enjoy time on their deck, in their pool, enjoy a meal with them. They are incredibly giving and loving people, and I believe that is still true today.

Matt, trinh, and the boys are all good people, of good character and good morals. The type of

people who would take you into their home if you needed a place to stay or a meal to eat. I hold them in very high regard and always will. They may have had a momentary lapse in judgment, but they are good, Christian people.

I know how remorseful they are and I hope that you can find mercy on them for a second chance.

Sincerely,
Andrew Keenan

Re: Matt Dulin & Trinh Kapu

To Whom it May Concern,

My name is Craig Fennell, and I'm the Care Pastor at Community Bible Church in Savannah. My role is to serve others within the church who are suffering from various problems by using biblical counseling. We believe God has answers in the Scriptures to every aspect of life, so it is a joy and privilege to come along side hurting people with the hope of the Gospel, and the truths and promises of God.

I began meeting with Matt & Trinh in September of 2019, this after Matt had initially contacted me for help after visiting our church. We began meeting on a weekly basis for approximately one to two hours. Our initial meetings consisted of getting to know one another, listening to the details about their lives, and gathering information about why they were seeking biblical counsel at our church. I found them to be very transparent and honest about the actions that led to their arrest. They were both dealing with a strong sense of conviction and guilt about decisions and actions they made that affected their family members, specifically, their children, and the family business. I appreciated that they did not use excuses and took responsibility for what they did. Since our initial meetings, we have continued meeting weekly, even via zoom during the pandemic. We have developed a great friendship during our time of counseling, which is always a desire of mine. Our time has consisted of reading through and discussing various passages of Scripture and how they apply to life in this season. As with all of us, we have also worked through trusting God in this season of unknowns, whether it be their sentencing, this pandemic, or the violence that we see in our country today.

On a personal note, I have enjoyed my time with Matt & Trinh, and thank God for their friendship. They have demonstrated a willingness to be responsible, take ownership of poor decisions, grow spiritually, and work on strengthening their marriage and relationship with their children. I have found them to be very caring about others in general, and extremely committed to their families. Matt has recently sought employment and is currently working a full time position. I appreciate his willingness to work and provide for his family during this time. I believe Matt & Trinh are truly going through a transformation in their lives that will honor and please God, resulting in them being productive citizens in this church, and this city.

Sincerely,

Craig Fennell

Judge Stan Baker
U.S. District Court, Southern District of Georgia
Savannah, GA

RE: Trinh Kapu and Matthew Dulin

I am writing to you on behalf of Trinh and Matt. I have been the family accountant for the past fifteen (15) years. Trinh and Matt took over the family business, completely, several years ago. They built it up and were conscientious to pay the bills and taxes in a timely manner. Through their hard work the business was profitable again.

They both have stated that they made mistakes in conducting illegal activities at the business and their home. They are remorseful that they have caused this unnecessary burden to their children and their family.

Matt and Trinh have always been polite and have been trying to be sure that everything, from the accounting end of the business, has been done lawfully. They provided the necessary information so that monthly taxes could be filed and paid and yearly information was given in a timely manner as well.

If I can provide any further information, please feel free to contact me.

Warm regards.

Doug Martin

Dearest Honorable Judge Stan Baker,

I am a close friend of Trinh Kapu and Matthew Dulin. Both Trinh and Matthew have always demonstrated good moral character in my presence. I have known them both for quite sometime now and have whitnessed their continuous participation in the community and non-profit organizations such as Companions for Heroes and the Alzheimer's Dancing with the Stars.

They both are dependable, hard working, family oriented, and reliable friends. They have been there for me, willing to advise me in life's tets. At this point in my life, I do not think I would have gotten through some of life's obstacles without them and a few of our good friends.

They are positive and uplifiting people who are not a risk to our community. They are selfless human beings who would give their shirt off their back to anyone who would need it. I cherish their friendship and despite their current case, I truly believe them to be valuable members of our community and overall good human beings.

Sincerely,

Trisha Patel

1 September 2020

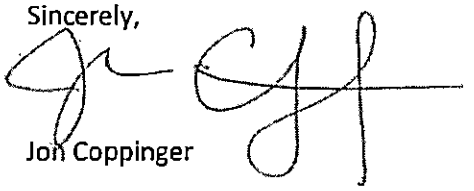
Honorable R. Stan Baker

US District Court- Southern District of Georgia

Your Honor,

My name is Jon Coppinger and I am a registered pharmacist in both Georgia and Tennessee. I currently serve as a pharmacist at Erlanger Hospital in Chattanooga, Tennessee.

I have known Matthew Dulin and Trinh Kapu since the summer of 2010. Matthew and I were classmates and friends at South University School of Pharmacy in Savannah, Georgia. Soon after classes started, Matt and I began spending time together outside of school. We played basketball together at several gyms around the Savannah area. Soon after meeting Matt, he introduced me to his girlfriend, Trinh, and her children. I then began spending time with their family. I spent several nights at their house in Savannah, playing games, swimming, and listening to Matt tell stories about his experiences in the United States Army. Their family accepted me as one of their own, which I very much appreciated since I was new to town and far from home in Chattanooga.



Upon graduation, Matt and I became pharmacists. He worked for Walgreen's before moving to Florida. He then transferred to Publix pharmacy, while in Florida, and remained with the company upon transferring back to the Savannah area. Trinh continued to work as the primary caregiver for her children, as well as for a grandchild. She also spent much of her time running Nancy's Seafood Shop. They were a hard-working family, and everyone had a role.

I remember the day I received the news that Matt, Trinh, Ikaika, Micah, and Paul (Junior) had been arrested for drug trafficking. I was beyond shocked, as I had seen no evidence of any drug activity in the 5 years that we all lived in Savannah at the same time. I had to search the internet the day after the initial shock to ensure this was not all some sort of mistake. Unfortunately, it was not. I reached out to Matt and Trinh in an attempt to see if there was anything I could do for them. They had already been detained, and we were not able to speak until several weeks later. When I was finally able to correspond with them, I was able to find out a few more details. Matt expressed his need for my prayer and he expressed the shame he and Trinh felt for being in this situation.

I know my friends have made a mistake. I know they regret this every day of their lives. These are good people, your honor. They have done everything they can to make the best of a bad situation. Matt has recently told me that both he and Trinh have gotten much closer with God through this experience. They continue to receive spiritual counseling regularly and pray for God's will in all the uncertainty they

are facing. Matt and Trinh are both compassionate, caring human beings who made a mistake. They are willing to face the consequences that are to come. While some punishment may be necessary for this offense, I am asking for your leniency in your sentencing of Matt and Trinh. I hope that you are able to see their true character and allow them to contribute to society once again.

Sincerely,

Jon Coppinger

********** CRIMINAL HISTORY RECORD **********

********** Introduction **********

This rap sheet was produced in response to the following request:

FBI Number	648969EG4
State Id Number	GA4913557K ()
Purpose Code	R
Attention	E2023102000000316620;T

The information in this rap sheet is subject to the following caveats:

**THIS RESPONSE IS BEING PRODUCED FOR YOUR REQUEST SENT: 2023-04-12

Important! Criminal history record information is obtained one of two ways: 1) by conducting an inquiry using personal identifiers such as name and date of birth (name search), or 2) by submitting fingerprint cards to the Georgia Crime Information Center (GCIC). When conducting a name search for criminal history record information, there is a possibility that the information returned belongs to a different person with the same, or similar, identifiers. In this case, a positive match of the person whose criminal history record is sought requires submission of fingerprint cards to GCIC. When conducting a fingerprint search for criminal history record information, the information returned does, in fact, belong to the individual. In this case, conducting a name search using the individual's personal identifiers would be the same information.

When the information contained in a criminal history report causes an adverse employment or licensing decision the individual, business or agency making the decision must inform the applicant of all information pertinent to the decision. The disclosure must include information that a criminal history record check was conducted, the specific contents of the record and the effect the record had upon the decision. Failure to provide all such information to the person subject to the adverse decision is a misdemeanor offense under Georgia law. Additionally, any unauthorized dissemination of this record or information herein also violates Georgia law. The plea of nolo contendere may be considered a conviction for some purposes: however, except as otherwise provided by law, it shall not be used against the defendant in any other court as a conviction or admission of guilt or for the purpose of effecting any civil disqualification of the defendant to hold public office, to vote, to serve upon any jury, or any other civil disqualification imposed upon a person convicted of any offense under the laws of this state.

In the event that identifiers are not clearly associated to a specific cycle, the information is most likely non-fingerprint based information received from the Department of Corrections at the time of release from incarceration.

Certificate of Completion

Kairos 32, Lompoc, CA

September 2-5, 2022

KAIROS® PRISON MINISTRY

Presented to:

Matthew Dulin

Reg. number 23321-021

40 Hours of Attendance

The Kairos short-course is a total immersion three-and-one-half-day instructional introduction to living in Christian community. Forgiveness of others, self-examination, goal setting, self-esteem, small group interaction, communication, responsibility, trust and respect are intense elements of the curriculum.

This certificate should be a permanent part of the official records of the named individual. It certifies participation in a significant program, which entails extensive follow-up participation and is hereby entitled to participate in Kairos activities when they are offered at other Bureau of Prisons institutions to which this individual may be assigned.

Reason/Charge				
Entered treatment for addiction to prescription medications				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
N/A			N/A	
Name of Business/Industry/Entity				
N/A				

Provide explanation below:

Please see typed letter (attached)

Original Signature (electronic, copies or stamps not accepted)

1/16/23
Date

To whom it may concern:

My name is Erin Sosebee and I am applying for a pharmacy license in the state of Nevada. In January of 2017, my license with the Georgia Board of Pharmacy was voluntarily surrendered to seek treatment for addiction to prescription medications. My license was suspended for one year, but on May 23, 2018, my license was reinstated via a private consent order. Pending successful completion of a drug addiction rehabilitation program, my probationary consent order is set to expire on May 23, 2023.

As part of my treatment program, I work with Mark Clayton, a Georgia Pharmacy Board approved addiction and substance use disorder counselor. My treatment began with 90 AA meetings in 90 days. I also participated in weekly counseling sessions, both individual and group. Per the guidance of Mark's group, I still attend 3 AA meetings per week, and a minimum of 2 meetings each month with Mark Clayton and my peers over zoom. As part of the program, I am required to undergo random testing for the use of drugs or alcohol. I have recorded approximately 6 years of clean drug/alcohol screenings.

Recently, I was given the opportunity to work with Innovation Compounding Pharmacy in Kennesaw, GA. As part of this opportunity, I am responsible for verifying the safety and accuracy of prescriptions from all over the United States. It is for this reason I am humbly asking for you to grant me the opportunity to apply for a license in the state of Nevada.

Thank you for your time and for your consideration of my request.

3/01/2023

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

I attest to the knowledge of and compliance with the guidelines of the Centers for Disease Control and Prevention concerning the prevention of transmission of infectious agents through safe and appropriate injection practices. NRS 639.132

I understand that Nevada law requires a registered pharmacist who, in their professional or occupational capacity, knows or has reasonable cause to believe a child has been abused/neglected to report the abuse/neglect to an agency which provides child welfare services or to a local law enforcement agency, and make such a report as soon as reasonably practicable but not later than 24 hours after the person knows or has reasonable cause to believe that the child has been abused/neglected. NRS 432B.220.

Re: Reinstatement Request

Dear Dr. De Guzman,

This is to inform you that you are hereby reinstated to participate in the programs administered in whole or part by the Division of Medical Assistance and Health Services.

Your reinstatement is effective as of the date of this letter. However, please note that this reinstatement letter does not reactivate your New Jersey Medicaid provider number. Rather you must first submit a completed enrollment packet, along with a copy of this letter, to reactivate provider status. Provider Enrollment packets can be found online at www.njmmis.com or by calling the Provider Enrollment Unit at DXC Technology at 609-588-6036 to have an enrollment packet mailed to you.

Sincerely,

Jennifer Langer Jacobs
Assistant Commissioner

OFFICE OF INSPECTOR GENERAL

WASHINGTON, DC 20201

Daisy G. De Guzman, M.D.
285 Homeward Way
Henderson, NV 89011

MAR 13 2019

Dear Daisy G. De Guzman:

RE: OI File No. 2-11-40392-9

Your request for the reinstatement of your eligibility to participate as a provider of items and services covered by the title XVIII (Medicare) program has been approved. The reinstatement is effective with the date of this notice.

We have notified the appropriate State agencies of this action. However, the States are not obligated to reinstate you to their programs if they have imposed a longer period of exclusion under their own authority.

We recommend that you contact the Medicare carrier to determine your options for participating in that program.

Although your right to participate in the Federal health care programs has been reinstated effective with the date of this letter, your name will remain on the List of Excluded Individuals/Entities (LEIE) until the next monthly update. You can access the LEIE online at http://oig.hhs.gov/exclusions/index.asp. You should use this letter to demonstrate that your right to participate in the Federal health care programs has been reinstated until your name is removed from the LEIE.

Sincerely,

William T. Echols

OFFICE OF INSPECTOR GENERAL

WASHINGTON, DC 20201

Daisy G. De Guzman, M.D.
[redacted] Homeward Way
Henderson, NV 89011

MAR 13 2019

Dear Daisy G. De Guzman:

RE: OI File No. 2-11-40392-9

Your request for the reinstatement of your eligibility to participate as a provider of items and services covered by the title XVIII (Medicare) program has been approved. The reinstatement is effective with the date of this notice.

We have notified the appropriate State agencies of this action. However, the States are not obligated to reinstate you to their programs if they have imposed a longer period of exclusion under their own authority.

We recommend that you contact the Medicare carrier to determine your options for participating in that program.

Although your right to participate in the Federal health care programs has been reinstated effective with the date of this letter, your name will remain on the List of Excluded Individuals/Entities (LEIE) until the next monthly update. You can access the LEIE online at http://oig.hhs.gov/exclusions/index.asp. You should use this letter to demonstrate that your right to participate in the Federal health care programs has been reinstated until your name is removed from the LEIE.

Sincerely,

William T. Echols

Re: Reinstatement Request

Dear Dr. De Guzman,

This is to inform you that you are hereby reinstated to participate in the programs administered in whole or part by the Division of Medical Assistance and Health Services.

Your reinstatement is effective as of the date of this letter. However, please note that this reinstatement letter does not reactivate your New Jersey Medicaid provider number. Rather you must first submit a completed enrollment packet, along with a copy of this letter, to reactivate provider status. Provider Enrollment packets can be found online at www.njmmis.com or by calling the Provider Enrollment Unit at DXC Technology at 609-588-6036 to have an enrollment packet mailed to you.

Sincerely,

Jennifer Langer Jacobs
Assistant Commissioner

VINCENT P. ALEXIS, DVM
HEREBY PROVIDES ANSWERS TO APPLICATION
QUESTION #2, IN REGARD TO HIS
DECEMBER 2013 FELONY CONVICTION
DOCKET #13-CR-00155-GTS, N.D. NEW YORK

Affidavit of Applicant: Vincent P. Alexis
Via 28 U.S.C. Section 1746, States as Follows:

[1] On December 4, 2013, Dr. Alexis was convicted of one count of Attempted Travel in Interstate & Foreign Commerce to Engage in Illicit Sexual Conduct, a Class B Felony.

[2] On July 23rd & 24th of 2011, Dr. Alexis was forced to sign a confession under duress by former Syracuse special agent Sean Boutot.

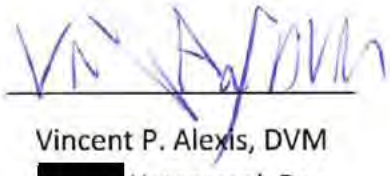
[3] This confession was then immediately used against Dr. Alexis, and quickly events unfolded which made it impossible for him to mount a proper defense.

[4] Dr. Alexis is factually, actually, & legally innocent. Unfortunately, he was unable to appeal his conviction due to Ineffective Assistance of Counsel, multiple Constitutional Rights violations, and due to a prolonged, life-threatening, illness (sepsis & bilateral, multifocal, lung abscesses) which struck shortly after his sentencing.

[5] For more thorough details, please see:

I. USA v. Alexis, #13-CR-00155-GTS (N.D. New York);

II. USA v. Alexis, #18-1622 (Dr. Alexis's attempt to obtain a copy of the Grand Jury Minutes) USCA (2nd Circuit);



III. Dr. Alexis's Petition for Commutation/Pardon/Clemency/Reduction of Prison Sentence, Office of the Pardon Attorney/President Donald Trump, February 9. 2019. Case File # C285151;

IV. Nevada State Board of Veterinary Medical Examiners Board Meeting Minutes, April 22, 2021;

V. Dr. Alexis's Petition for License Reinstatement to the Nevada State Board of Veterinary Medical Examiners, April 18, 2019. Please note that the State Board reinstated Dr. Alexis's license to practice veterinary medicine in the State of Nevada on August 19, 2021.

Signed under 28 U.S.C. §1746,
Under penalties of perjury the above
& the following to be true, correct,

Vincent P. Alexis, DVM Applicant, v. Nevada Board of Pharmacy Respondent.	Date: January 4, 2023 Nevada Veterinary Lic. No. 1109 Nevada Controlled Substance No. CS32984 DEA No. FA1174856

VINCENT P. ALEXIS, DVM HEREBY PROVIDES ANSWERS TO APPLICATION QUESTION #3, IN REGARD TO HIS JANUARY 2013 TEXAS BOARD OF VETERINARY MEDICAL EXAMINERS ACTION AGAINST HIS LICENSE TO PRACTICE VETERINARY MEDICINE IN THE STATE OF TEXAS

Affidavit of Applicant: Vincent P. Alexis, DVM
Via 28 U.S.C. Section 1746,
States as Follows:

[1] In January of 2013, the Texas Board of Veterinary Medical Examiners found Vincent P. Alexis, DVM (hereinafter referred to as Dr. Alexis) guilty of working for a non-DVM owned hospital in the State of Texas.

[2] In a separate action, "Texas Attorney General Opinion #GA-0064 states that under Section 53.021 of the Occupational Code, a license holder's license is revoked by operation of law upon the license holder's imprisonment following a felony conviction..." (Exhibit: 2). Dr. Alexis's Texas license was "Automatically revoked by operation of law on December 4, 2013."

[3] The attached Exhibits (Exhibits: 1-8), and Affidavits, will explain the above circumstances (many of which were unfair and poorly handled by the Texas Board of Veterinary Medical Examiners) more clearly.

Exhibit: 1

Vincent P. Alexis, DVM Petitioner, v. State of Texas Secretary of State, Texas Board of Veterinary Medical Examiners Respondants.	Texas DVM Lic. # 11628 November 1, 2018

Affidavit of Petitioner: Alexis, in support of complaint against the Texas Board of Veterinary Medical Examiners, signed under 28 U.S.C. §1746 under penalties of perjury the above & the following to be true, correct, & complete. Pro-se.

PETITIONER: ALEXIS RESPECTFULLY REQUESTS THAT THE TEXAS SECRETARY OF STATE VACATE THE JANUARY 2013 GUILTY VERDICT HANDED DOWN BY THE TEXAS BOARD OF VETERINARY MEDICAL EXAMINERS AGAINST ALEXIS FOR A PRACTICE ACT VIOLATION, BECAUSE OF HIS WORKING FOR A NON-DVM OWNED ANIMAL HOSPITAL.

Background

[1] In January of 2011, Dr. Alexis signed on as a relief veterinarian with Relief Services for the Veterinary Practitioner (RSVP), operating out of Denton, Texas.

[2] Dr. Alexis was routinely called upon by RSVP to work fill-in (relief) shifts at various Texas animal hospitals. His work with/for RSVP lasted through April of 2013.

[3] Dr. Alexis was called upon to work throughout Texas, while residing fifteen minutes East of Austin. His work called upon him to commute as far North as Dallas/Ft. Worth, & as far South as Harlingen.

Exhibit: 1

[4] It was common for Dr. Alexis to receive a work assignment just days before the shift (that's the nature of relief work, as you cannot easily predict when a hospital's staff veterinarian becomes ill, or cannot work their shift).

[5] When RSVP asked Dr. Alexis to cover a shift, he always agreed to do so. He quickly became one of RSVP's "go to" veterinarians, & took pride in his work ethic and availability.

[6] In 2011, RSVP placed Dr. Alexis at two different non-DVM owned animal hospitals - one in Houston, & one in LaMarque. No incidents or concerns arose from his relief work at these hospitals.

[7] Approximately three days after Christmas 2011, Dr. Alexis was asked to work at Furry Friends Animal Hospital (FFAH), located in Harlingen, Texas. This relief work was to last approximately one month, & was scheduled to begin on the first work-day of 2012.

[8] A few days into the first week of work at FFAH, the receptionist (Alina Scovell) mentioned to Dr. Alexis that the Texas State Board of Veterinary Medical Examiners (TXBVME) had visited the hospital, un-announced, in mid-November, 2011. They met with Christine (Chris) Morris, the owner, & with Dr. Hayes, another RSVP veterinarian who was providing coverage.

[9] Ms. Scovell elaborated that at that meeting, the TXBVME informed Ms. Morris & Dr. Hayes that the Board believed that the operation of FFAH was illegal/in violation of TXBVME practice laws, since the hospital was not "owned by a veterinarian." The TXBVME stated that they would issue a decision, within 10 days, by certified mail.

Exhibit: 1

[10] Obviously, Dr. Alexis was concerned to hear about the State Board's visit, & their concerns about the legality of Ms. Morris's venture. He spoke about this with Ms. Morris & she assured Dr. Alexis that her attorney had contacted the TXBVME, & that "Everything was in order." Furthermore, Ms. Morris was quick to point out that the TXBVME never did send the certified mailing instructing her to cease & desist operation of FFAH.

[11] Later that same day, Ms. Morris called her attorney. She wanted to assure Dr. Alexis that he would be able to practice at her hospital without concerns, so she asked him to speak with her attorney. Dr. Alexis did speak to Ms. Morris's attorney at that time. He informed Dr. Alexis that Ms. Morris & FFAH were in full compliance with all TXBVME rules & regulations, & that the TXBVME never did send a certified mailing or issue a cease & desist order.

[12] Ms. Scovell, who as the only receptionist received all the mail, also verified to Dr. Alexis that there was no certified mailing sent to FFAH from the TXBVME, after that mid-November 2011 visit/meeting.

[13] After speaking with Ms. Scovell, Ms. Morris, & her attorney, Dr. Alexis obtained Dr. Hayes' phone number & called him. Dr. Hayes verified that the TXBVME had visited the hospital, unannounced, in mid-November 2011. He also verified to Dr. Alexis that there was no certified mailing sent to FFAH from the TXBVME, after that visit. Dr. Hayes further commented that he hadn't heard from the TXBVME at all since mid-November.

Exhibit: 1

[14] Dr. Alexis also discussed this concern with Monica Hughes at RSVP. She informed Dr. Alexis that they had no knowledge of any TXBVME action or concerns regarding FFAH.

[15] Since RSVP had provided services to FFAH, without concerns, prior to his coverage, & since Ms. Morris, her attorney, Ms. Scovell, & Dr. Hayes all verified that the TXBVME never did issue a cease & desist order, Dr. Alexis continued to provide relief services to FFAH. He had made a commitment to RSVP and to FFAH (a one doctor practice) & its clients, and had no reason to abruptly cancel his coverage.

[16] Ms. Morris had been looking for a full-time staff veterinarian, without success. For this reason, she turned to RSVP for coverage, & in early February 2012 she asked Dr. Alexis to extend his stay. Dr. Alexis agreed to stay for up to one year, so that Ms. Morris would have more time to hire a staff veterinarian.

[17] Approximately eight weeks later, while working at FFAH, Dr. Alexis received a phone call from his brother (& attorney) Drew L. Alexis. Drew informed Dr. Alexis that he had just received a phone call from the TXBVME's attorney. That attorney informed Drew that FFAH was operating illegally, & that Dr. Alexis needed to immediately stop working there. Drew was told by the TXBVME that they wanted to stop Ms. Morris, & that they "Had no interest in pursuing charges against Dr. Alexis, as long as he cooperated & left the practice right away." The TXBVME did not contact Dr. Alexis directly (either by U.S. mail or by phone).

Exhibit: 1

[18] Dr. Alexis agreed to leave the practice. He immediately informed Drew Alexis, RSVP, & Ms. Morris of his intention to comply with the TXBVME order.

[19] Dr. Alexis was now faced with a few acute problems:

[A] Dr. Alexis had just finished up with an OHE (spay) surgery on a dog who was in dystocia & unable to give birth. The queen & her pups needed his care. Dr. Alexis was not willing to depart from Harlingen until these patients were doing well.

[B] Dr. Alexis was not willing to leave behind the controlled drugs which he had ordered under his DEA license (there were no controlled drugs in the hospital upon Dr. Alexis's arrival).

[20] Within 48 hours, Dr. Alexis departed Harlingen & headed North for his home. He took all of the controlled drugs which he had ordered/purchased with him. He did not take any other biologicals or pharmaceuticals which were stocked at FFAH - Dr. Alexis did not purchase/own these items, & therefore had no legal right to remove the items from the premesis (to do so would have been grand theft).

[21] Dr. Alexis is unsure if a cease & desist order was issued to Ms. Morris & FFAH. It does appear, however, that FFAH did not close when the TXBVME ordered Dr. Alexis to leave on/about mid/late April 2012.

Exhibit: 1

[22] Many months later, Dr. Alexis received notice (by U.S. mail) that the TXBVME was pursuing charges against him. The charges included:

[A] Violations of a Practice Act by working for a non-DVM owned hospital.

[B] Violations resulting from Dr. Alexis's decision to leave behind the biologicals/pharmaceuticals which were stocked at FFAH when he departed (see points 19 & 20 above).

[23] On/about January 2013 Dr. Alexis & his San Antonio attorney Keith O'Connell met with the TXBVME in Austin. At that hearing, Dr. Alexis was found **Guilty** of a Practice Act Violation, stemming from his relief work at Furry Friends Animal Hospital from January 3, 2012 through mid/late April 2012.

Conclusion

[24] The TXBVME did not perform their duty in a timely & appropriate manner. The TXBVME was clearly aware of Ms. Morris & her venture, Furry Friends Animal Hospital, in **mid-November 2011**. Nevertheless, the TXBVME failed to act in 2011. The Board waited five full months before taking appropriate action, in **mid/late April 2012.**

Exhibit: 1

[25] Had the TXBVME performed their duty in a timely manner, RSVP would have been aware of their concerns. In turn, Dr. Alexis would also have been aware of the TXBVME's concerns, & never would have agreed to provide relief services at Furry Friends Animal Hospital.

Relief Requested

[26] Dr. Alexis is requesting, for the above stated reasons, that the **Guilty** verdict handed down by the TXBVME in January of 2013, for the above mentioned Practice Act Violation, be **Vacated.** The TXBVME was well aware of Ms. Morris & her illegal venture in mid-November 2011. A five month delay in acting is unconscionable, & is a clear failure by the Texas Board of Veterinary Medical Examiners to protect its veterinarians & the public from unscrupulous business owners like Ms. Morris.

Signed under 28 U.S.C. §1746,

TEXAS BOARD OF VETERINARY MEDICAL EXAMINERS

DOCKET NO. 2013-123

ORDER PERTAINING TO REVOCATION OF

LICENSE NO. 11628

WHEREAS, the Texas Board of Veterinary Medical Examiners (Board) finds that on December 4, 2013, VINCENT ALEXIS, D.V.M., formerly of Elgin, Texas, License No. 11628, was convicted by the United States District Court for the Northern District of New York, of Attempted Travel in Interstate and Foreign Commerce to Engage in Illicit Sexual Conduct, a Class B felony, and sentenced to confinement in the Institutional Division of the Texas Department of Criminal Justice; and

WHEREAS, under current law, VINCENT ALEXIS, D.V.M., began his imprisonment upon the date of his conviction; and

WHEREAS, Texas Attorney General Opinion No. GA-0064 states that under Section 53.021 of the Occupations Code, a license holder's license is revoked by operation of law upon the license holder's imprisonment following a felony conviction, felony community supervision revocation, revocation of parole, or revocation of mandatory supervision;

THEREFORE, the Board FINDS that:

1. License No. 11628 issued to VINCENT ALEXIS, D.V.M., was automatically revoked by operation of law on December 4, 2013.

2. VINCENT ALEXIS, D.V.M., may apply for re-licensure in the same manner as a person applying for a new license and shall be subject to the requirements of Board Rule 575.22 relating to license reinstatement.

The Board ORDERS that:

A copy of this Order shall be mailed by first class mail to VINCENT ALEXIS' last known mailing address as reflected in the Board's records on this date.

RATIFIED and ADOPTED THIS THE 18th DAY OF FEBRUARY, 2014, BY AN AFFIRMATIVE VOTE OF THE BOARD.

Bud. E. Alldredge, Jr., D.V.M., President

Vincent P. Alexis, DVM Applicant, v. Nevada State Board of Veterinary Medical Examiners Respondent.	Date April 18 2019 Nevada License #1109

VINCENT P. ALEXIS, DVM
HEREBY PROVIDES ANSWERS TO APPLICATION
QUESTION #2, IN REGARDS TO HIS
DECEMBER 2013 FELONY CONVICTION
DOCKET #13-CR-00155-GTS, N.D.NY/SYRACUSE

Affidavit of Applicant: Vincent P. Alexis
via 28 U.S.C. §1746, States as Follows:

[1] On December 4, 2013 Alexis was convicted of one count of Attempted Travel in Interstate & Foreign Commerce to Engage in Illicit Sexual Conduct, a Class B Felony.

[2] On July 23rd & 24th of 2011, Alexis was forced to sign a confession under duress by Syracuse Special Agent Sean Boutot.

[3] This confession was then immediately used against Alexis, and quickly events unfolded which made it impossible for him to mount a proper defense.

Exhibit: 3

[4] Alexis is factually, actually, & legally innocent. Unfortunately, he was unable to appeal his conviction due to Ineffective Assistance of Counsel, & due to a prolonged, life-threatening, illness (sepsis & bilateral, multifocal, lung abscesses) which struck shortly after his sentencing.

[5] For more thorough details, please see:

A) USA v. Alexis, #13-CR-00155-GTS (N.D.NY/Syracuse).

B) USA v. Alexis, #18-1622 (Alexis's attempt to obtain a copy of the Grand Jury Minutes), USCA (2nd Circuit).

C) Alexis's Petition for Commutation/Pardon/Clemency/or Reduction of Prison Sentence, Office of the Pardon Attorney/President Donald Trump, February 9, 2019. Case File #C285151.

Signed under 28 U.S.C. §1746, under penalties of perjury the above & the following to be true, correct, & complete. Pro-se.

Exhibit:3

STATE OF NEVADA
BOARD OF VETERINARY MEDICAL EXAMINERS
RENO, NEVADA

Vincent P. Alexis, DVM
Petitioner,

v.

Nevada State Board of
Veterinary Medical Examiners
Respondent.

Date_____

Nevada License #1109

VINCENT P. ALEXIS, DVM REQUESTS THE NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS REINSTATE HIS LICENSE TO PRACTICE VETERINARY MEDICINE IN THE STATE OF NEVADA (#1109) TO ACTIVE STATUS, ON A PROVISIONAL BASIS, FOR THE FOLLOWING CONSIDERATIONS, & WITH THE FOLLOWING STIPULATIONS APPROVED BY THE BOARD

Affidavit of Petitioner: Vincent P. Alexis, hereinafter referred to as Alexis, via 28 U.S.C. §1746, states as follows:

Background

[1] Alexis was issued Nevada license #1109, a license to practice veterinary medicine in the State of Nevada, in 1997.

[2] Alexis practiced veterinary medicine in Nevada, on a full-time basis, from 1997-2011, with no State Board actions against him during those 15 years.

[3] Alexis practiced veterinary medicine in New York State from 1994-1997, with no State Board actions against him during those 3 years.

[4] Alexis practiced veterinary medicine in the State of Utah for 5 months during 2008, with no State Board actions against him during that time.

[5] Alexis practiced veterinary medicine in the State of Colorado for 4 months during 1994, with no State Board actions against him during that time.

[6] Alexis practiced veterinary medicine as a relief veterinarian in the State of Texas from 2011-April 2013. Alexis did receive a State Board incident/sanction, resulting in discipline in 2013 (please see Exhibit:1 for a thorough explanation of this issue).

[7] Alexis has been incarcerated since April of 2013, & has been unable to participate in CE conferences/meetings.

[8] Alexis understands the importance of a veterinarian's responsibility to obtain regular CE in order to expand his/her knowledge and to stay updated on current topics & developments.

[9] Alexis has, from 1994 through 2012, religiously attended CE conferences. During this time period, he has amassed twice as many CE credits as required by the states in which he is/was licensed.

Exhibit: 3

[10] Alexis will attend the first available CE conference upon his return to Nevada. He will also immediately complete the maximum amount of online CE, which has been approved by the Board. A second CE conference will be attended within 3-5 months of Alexis's first conference. With this course of action, Alexis should quickly amass enough CE credits to cover 2019 & 2020.

Status of State Licenses

[11] **Colorado**
License #5835

Alexis did not renew his Colorado license. The license expired in/around 2012 (Alexis is unsure of the precise date).

[12] **Utah**
License #6959488-2801

Alexis did not renew his Utah license. Alexis is unsure of the date when the license expired.

[13] **New York**
License #7242

Alexis did not renew his New York license. The license expired in/around 2013 (Alexis is unsure of the precise date).

Exhibit:3

[14] **Texas License #11628**

"Texas Attorney General Opinion #GA-0064 states that under §53.021 of the Occupations Code, a license holder's license is revoked by operation of law upon the license holder's imprisonment following a felony conviction..." (Exhibit:2). Alexis's Texas license was "Automatically revoked by operation of law on December 4, 2013."

[15] Alexis has requested a "Letter of Good Standing" from New York, Colorado, Utah, & Texas be sent to the Nevada Board of Veterinary Medical Examiners.

Discussion

[16] Alexis is asking for help & understanding, as he strives to put his life, and career, back on track.

[17] Alexis will almost certainly be restricted from traveling outside of the Southern Nevada region for an extended period of time, upon his release from Fort Dix. This will clearly limit his CE options to Las Vegas Conferences (such as Western States), and online CE.

[18] Obviously, it's extremely important that Alexis is able to earn a living immediately upon his release from Fort Dix. This, clearly centers around his ability to practice veterinary medicine in Nevada.

Exhibit 3

[19] So, Alexis has an obvious dilemma - there might be a significant delay before Alexis has the required amount of CE credits for the Nevada Board of Veterinary Medical Examiners to reinstate his license to practice veterinary medicine.

Relief Requested

[20] WHEREFORE, for the above stated reasons, Dr. Alexis respectfully requests that the Nevada Board of Veterinary Medical Examiners reinstates his license to practice veterinary medicine in Nevada immediatley upon receipt of his application and the $200 fee.

[21] Dr. Alexis will (at the first opportunity approved by U.S. Probation) immediately complete the maximum amount of online CE, which has been approved by the Board.

[22] Dr. Alexis will attend the first available CE conference upon his return to Nevada.

[23] A second CE conference will be attended within 3-5 months of the first conference (with the approval of U.S. Probation).

[24] With this course of action, Dr. Alexis should quickly amass enough CE credits to cover the Board's requirement for his license reinstatement.

Exhibit:3

Conclusion

[25] Dr. Alexis has a proven history of 15 years of active, full-time, practice in Nevada with no state disciplinary actions. During that time, one client filed a complaint against Dr. Alexis. The Board quickly dismissed that sole complaint (Dr. Alexis had not treated the dog in question, an employee of Paw Prints Animal Hospital/Alexis Veterinary Services, LLC [Dr. Paguyo] had treated the client's pet and apparently missed its splenic neoplasia).

[26] Dr. Alexis is asking for help & understanding, as he strives to put his life, and career, back on track. He has employment waiting for his return to Las Vegas, with Dr. Julie Ylarde at East Charleston Animal Hospital.

[27] Dr. Alexis has been accepted into a Las Vegas release program called Hope for Prisoners (Exhibit:5). This program will provide support, so that he can have the best chance of success in the future.

[28] Other than the one charge that resulted in his incarceration, Dr. Alexis has had no prior criminal history/arrests/convictions. He's a first-time, non-violent, offender, and is no threat to anyone, (Exhibits:3 & 4).

[29] Dr. Alexis would like very much to move forward with life. There's a lot that he has to offer to the pets, people, & wildlife of Southern Nevada.

Exhibit: 3

Signed under 28 U.S.C. §1746,
under penalties of perjury the above
& the following to be true, correct,

RENO, NEVADA

VINCENT P. ALEXIS, DVM Petitioner, v. NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS Respondent.	ADDENDUM Date: September 14, 2020 Nevada License # 1109

PETITIONER, VINCENT P. ALEXIS DVM, HEREBY SUBMITS AN ADDENDUM TO HIS APRIL 18, 2019 PETITION TO THE NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS FOR REINSTATEMENT OF HIS LICENSE TO PRACTICE VETERINARY MEDICINE IN THE STATE OF NEVADA

Affidavit of Applicant Vincent P. Alexis DVM,
Via 28 U.S.C §1746, States as Follows:

General Background

[1] On April 18, 2019, Petitioner: Vincent P. Alexis, DVM submitted a Petition for license reinstatement with the Nevada State Board of veterinary Medical Examiners.

Exhibit:4

[2] Today, Dr. Alexis submits an addendum to that Petition. The purpose of this addendum is to update the State Board of events which transpired since the initial submission, and to provide additional letters of reference in support of Dr. Alexis's Petition for license reinstatement.

Factual Statement

[3] Dr. Alexis attended the February, 2020 Western States Veterinary Conference, and completed 5 hours of online continuing education. He now has 38 Continuing Education credits.

[4] Dr. Alexis was released from FCI Fort Dix on September 18, 2019 and returned to Las Vegas, Nevada.

[5] Dr. Alexis is now under the authority of U.S. Probation Officer Steven M. Goldner {300 Las Vegas Blvd. South, Suite 1200, Las Vegas, Nevada 89101, (702) 591-0895}.

Exhibit: 4

[6] Dr. Alexis graduated into the Hope for Prisoners program in January of 2020. This program offers an amazing amount of support for people returning to society. The program has a record-low recidivism rate (approximately 7%), which is far below the national average (approximately 90%).

[7] The evidence before The Board shows that Dr. Alexis has taken many positive steps, and has done everything asked and required of him, since July of 2011. Dr. Alexis has served his debt to society. Dr. Alexis has been patient throughout this license reinstatement process (having applied 18 months ago). Dr. Alexis poses no threat to society. In fact, he is an asset to society.

Relief Requested

[8] Dr. Alexis respectfully requests that The Nevada Board of Veterinary Medical Examiners reinstitute his license to practice veterinary medicine (Lic. No. 1109).

Exhibit: 4

CERTIFICATION

Pursuant to the provisions of 28 Section 1746(2),
I hereby declare under the penalty of perjury that the foregoing
Is true and correct.

Respectfully Submitted,

VINCENT P. ALEXIS, DVM

Dr. Alexis.

Thank you for your time on the phone last week.

In order to proceed with processing your application to dispense drugs in Nevada, we will need the supporting documentation regarding your disclosures listed on page 2 of the application. Under Section 4: Personal and Professional History you answered in the affirmative to questions #2 and #3. You have supplied a detailed summary of your disclosures, but Board staff needs the final orders/dispensations from the courts and/or licensing boards. We need the court order (criminal court) and/or administrative order (regulatory board – i.e., Texas, Nevada...) for each of your disclosures. You have included as "exhibit 2" the December 4, 2013 order from the Texas Board of Veterinary Medical Examiners.

Alternatively, we can place you on the next (April) Board Meeting.

Respectfully,

Dave

Mr. Wuest:

Enclosed, please find a copy of the Court document which lists the final orders/dispensations from the court (N.D. New York). I believe this document supplies you with the needed information. If not, please be certain to contact me and let me know. I have seen hundreds of documents over the past 12 years, and I am not certain as to exactly which document you need.

Thank you for your time and help in this matter.

Sincerely,

Vincent Alexis, DVM

VINCENT P. ALEXIS, DVM
HEREBY PROVIDES ANSWERS TO APPLICATION
QUESTION #2, IN REGARD TO HIS
DECEMBER 2013 FELONY CONVICTION
DOCKET #13-CR-00155-GTS, N.D. NEW YORK

Affidavit of Applicant: Vincent P. Alexis
Via 28 U.S.C. Section 1746, States as Follows:

[1] On December 4, 2013, Dr. Alexis was convicted of one count of Attempted Travel in Interstate & Foreign Commerce to Engage in Illicit Sexual Conduct, a Class B Felony.

[2] On July 23rd & 24th of 2011, Dr. Alexis was forced to sign a confession under duress by former Syracuse special agent Sean Boutot.

[3] This confession was then immediately used against Dr. Alexis, and quickly events unfolded which made it impossible for him to mount a proper defense.

[4] Dr. Alexis is factually, actually, & legally innocent. Unfortunately, he was unable to appeal his conviction due to Ineffective Assistance of Counsel, multiple Constitutional Rights violations, and due to a prolonged, life-threatening, illness (sepsis & bilateral, multifocal, lung abscesses) which struck shortly after his sentencing.

[5] For more thorough details, please see:

I. USA v. Alexis, #13-CR-00155-GTS (N.D. New York);

II. USA v. Alexis, #18-1622 (Dr. Alexis's attempt to obtain a copy of the Grand Jury Minutes) USCA (2nd Circuit);

III. Dr. Alexis's Petition for Commutation/Pardon/Clemency/Reduction of Prison Sentence, Office of the Pardon Attorney/President Donald Trump, February 9. 2019. Case File # C285151;

IV. Nevada State Board of Veterinary Medical Examiners Board Meeting Minutes, April 22, 2021;

V. Dr. Alexis's Petition for License Reinstatement to the Nevada State Board of Veterinary Medical Examiners, April 18, 2019. Please note that the State Board reinstated Dr. Alexis's license to practice veterinary medicine in the State of Nevada on August 19, 2021.

Signed under 28 U.S.C. §1746,

Under penalties of perjury the above

& the following to be true, correct,

& complete. Pro-se.

SUPERVISED RELEASE

Upon release from imprisonment, the defendant shall be on supervised release for a term of: **20 years**

The defendant must report to the probation office in the district to which the defendant is released within 72 hours of release from the custody of the Bureau of Prisons.

The defendant shall not commit another federal, state or local crime.

The defendant shall not unlawfully possess a controlled substance. The defendant shall refrain from any unlawful use of a controlled substance. The defendant shall submit to one drug test within 15 days of release from imprisonment and at least two periodic drug tests thereafter, as determined by the court.

☐ The above drug testing condition is suspended, based on the court's determination that the defendant poses a low risk of future substance abuse. (Check, if applicable.)

x The defendant shall not possess a firearm, destructive device, or any other dangerous weapon.

x The defendant shall cooperate in the collection of DNA as directed by the probation officer. (Deselect, if inapplicable.)

x The defendant shall register with the state sex offender registration agency in the state where the defendant resides, works, or is a student, as directed by the probation officer. (Check, if applicable.)

☐ The defendant shall participate in an approved program for domestic violence. (Check, if applicable.)

If this judgment imposes a fine or restitution, it is a condition of supervised release that the defendant pay in accordance with the Schedule of Payments sheet of this judgment.

The defendant must comply with the standard conditions that have been adopted by this court as well as with any additional conditions on the attached page.

STANDARD CONDITIONS OF SUPERVISION

1) the defendant shall not leave the judicial district without the permission of the court or probation officer;
2) the defendant shall report to the probation officer in a manner and frequency directed by the court or probation officer;
3) the defendant shall answer truthfully all inquiries by the probation officer and follow the instructions of the probation officer;
4) the defendant shall support his or her dependents and meet other family responsibilities;
5) the defendant shall work regularly at a lawful occupation, unless excused by the probation officer for schooling, training, or other acceptable reasons;
6) the defendant shall notify the probation officer at least ten days prior to any change in residence or employment, or if such prior notification is not possible, then within five days after such change;
7) the defendant shall refrain from excessive use of alcohol and shall not purchase, possess, use, distribute, import, or manufacture any and all controlled substance and all controlled substance analogues, as defined in 21 U.S.C. § 802, and any paraphernalia related to any controlled substances, except that possession and use of a controlled substance properly prescribed by a licensed medical practitioner is permitted;
8) the defendant shall not frequent places where controlled substances are illegally sold, used, distributed, or administered;
9) the defendant shall not associate with any persons engaged in criminal activity and shall not associate with any person convicted of a felony, unless granted permission to do so by the probation officer;
10) the defendant shall permit a probation officer to visit him or her at any time at home or elsewhere and shall permit confiscation of any contraband observed in plain view of the probation officer;
11) the defendant shall notify the probation officer within seventy-two hours of being arrested or questioned by a law enforcement officer;
12) the defendant shall not enter into any agreement to act as an informer or a special agent of a law enforcement agency without the permission of the court;
13) as directed by the probation officer, the defendant shall notify third parties of risks that may be occasioned by the defendant's criminal record or personal history or characteristics and shall permit the probation officer to make such notifications and to confirm the defendant's compliance with such notification requirement;
14) the defendant shall not possess a firearm, destructive device, or any other dangerous weapon;
15) the defendant shall provide the probation officer with access to any requested financial information; and
16) the defendant shall submit his or her person, and any property, house, residence, vehicle, papers, effects, computer, electronic communications devices, and any data storage devices or media, to search at any time, with or without a warrant, by any federal probation officer, or any other law enforcement officer from whom the Probation Office has requested assistance, with reasonable suspicion concerning a violation of a condition of probation or supervised release or unlawful conduct by the defendant. Any items seized may be removed to the Probation Office or to the office of their designee for a more thorough examination.

DEFENDANT: Vincent Alexis
CASE NUMBER: DNYN513CR000155-001

SPECIAL CONDITIONS OF SUPERVISION

1. The defendant shall not have direct or indirect contact with the identified victim known as AC.
2. The defendant shall not have any direct contact with a person under the age of 18 unless it is supervised by a person approved of by the probation officer. The defendant shall not have indirect contact with a person under the age of 18 through another person or through a device (including a telephone, computer, radio, or other means) unless it is supervised by a person approved of by the probation officer. The defendant shall reasonably avoid and remove himself or herself from situations in which the defendant has any other form of contact with a minor.
3. The defendant shall not be in any area in which persons under the age of 18 are likely to congregate, such as school grounds, child care centers, or playgrounds, without the permission of the probation officer.
4. The defendant shall participate in a mental health program, which will include, but will not be limited to, participation in a treatment program for sexual disorders. The program shall be approved by the United States Probation Office.
5. The defendant's supervised release may include examinations using a polygraph, computerized voice stress analyzer, or other similar device to obtain information necessary for supervision, case monitoring, and treatment. The defendant shall answer the questions posed during the examination, subject to his or her right to challenge in a court of law the use of such statements as violations of the defendant's Fifth Amendment rights. In this regard, the defendant shall be deemed to have not waived his or her Fifth Amendment rights. The results of any examinations shall be disclosed to the United States Probation Office and the Court, but shall not be further disclosed without the approval of the Court.
6. The defendant shall contribute to the cost of any evaluation, testing, treatment and/or monitoring services rendered in an amount to be determined by the probation officer based on the defendant's ability to pay and the availability of third party payments.
7. The defendant shall not use or possess any computer or any other device with online capabilities, at any location, except at his or her place of employment, unless the defendant participates in the Computer Restriction and Monitoring Program. The defendant shall permit the United States Probation Office to conduct periodic, unannounced examinations of any computer equipment the defendant uses or possesses, limited to all hardware and software related to online use (e.g., use of the World Wide Web, e-mail, instant messaging, etc.). These examinations may include retrieval and copying of data related to online use, and the viewing of pictures and movies which may be potential violations of the terms and conditions of supervised release from this computer equipment including any internal or external peripherals, internet-capable devices, and data storage media. This computer equipment may be removed to the Probation Office or to the office of their designee for a more thorough examination. The Probation Office may use and/or install any hardware or software system that is needed to monitor the defendant's computer use, subject to the limitations described above.
8. If the defendant's employment requires the use of a computer, the defendant may use a computer in connection with the employment approved by the probation officer, at the defendant's place of employment, provided the defendant notifies his or her employer of: (1) the nature of his or her conviction; and (2) the fact that the defendant's conviction was facilitated by the use of the computer. The Probation Office must confirm the defendant's compliance with this notification requirement.

DEFENDANT'S ACKNOWLEDGMENTOF APPLICABLE CONDITIONS OF SUPERVISION

Upon a finding of a violation of probation or supervised release, I understand that the court may (1) revoke supervision, (2) extend the term of supervision, and/or (3) modify the conditions of supervision.

The conditions of supervision have been read to me. I fully understand the conditions and have been provided a copy of them.

DEFENDANT: Vincent Alexis
CASE NUMBER: DNYN513CR000155-001

CRIMINAL MONETARY PENALTIES

The defendant must pay the total criminal monetary penalties under the schedule of payments on Sheet 6.

	Assessment	Fine	Restitution
TOTALS	$ 100	$ Waived	$ N/A

☐ The determination of restitution is deferred until _____. An *Amended Judgment in a Criminal Case* (AO 245C) will be entered after such determination.

☐ The defendant must make restitution (including community restitution) to the following payees in the amount listed below.

If the defendant makes a partial payment, each payee shall receive an approximately proportioned payment, unless specified otherwise in the priority order or percentage payment column below. However, pursuant to 18 U.S.C. § 3664(i), all nonfederal victims must be paid before the United States is paid.

Name of Payee	Total Loss*	Restitution Ordered	Priority or Percentage

TOTALS	$_____	$_____

☐ Restitution amount ordered pursuant to plea agreement $ _____

☐ The defendant must pay interest on restitution and a fine of more than $2,500, unless the restitution or fine is paid in full before the fifteenth day after the date of the judgment, pursuant to 18 U.S.C. § 3612(f). All of the payment options on Sheet 6 may be subject to penalties for delinquency and default, pursuant to 18 U.S.C. § 3612(g).

☐ The court determined that the defendant does not have the ability to pay interest and it is ordered that:

☐ the interest requirement is waived for the ☐ fine ☐ restitution.

☐ the interest requirement for the ☐ fine ☐ restitution is modified as follows:

* Findings for the total amount of losses are required under Chapters 109A, 110, 110A, and 113A of Title 18 for offenses committed on or after September 13, 1994, but before April 23, 1996.

DEFENDANT: Vincent Alexis
CASE NUMBER: DNYN513CR000155-001

SCHEDULE OF PAYMENTS

Having assessed the defendant's ability to pay, payment of the total criminal monetary penalties are due as follows:

A X In full immediately; or

B ☐ Lump sum payment of $ _____ due immediately, balance due

☐ not later than _____ , or
☐ in accordance with ☐ D, ☐ E, ☐ F, or ☐ G below; or

C ☐ Payment to begin immediately (may be combined with ☐ D, ☐ E, or ☐ G below); or

D ☐ Payment in equal _____ (e.g., weekly, monthly, quarterly) installments of $ _____ over a period of _____ (e.g., months or years), to commence _____ (e.g., 30 or 60 days) after the date of this judgment; or

E ☐ Payment in equal _____ (e.g., weekly, monthly, quarterly) installments of $ _____ over a period of _____ (e.g., months or years), to commence _____ (e.g., 30 or 60 days) after release from imprisonment to a term of supervision; or

F ☐ Payment during the term of supervised release will commence within _____ (e.g., 30 or 60 days) after release from imprisonment. The court will set the payment plan based on an assessment of the defendant's ability to pay at that time; or

G ☐ Special instructions regarding the payment of criminal monetary penalties:

Unless the court has expressly ordered otherwise, if this judgment imposes imprisonment, payment of criminal monetary penalties is due during imprisonment. All criminal monetary penalties, except those payments made through the Federal Bureau of Prisons' Inmate Financial Responsibility Program, are made to **Clerk, U.S. District Court, Federal Bldg., 100 S. Clinton Street, P.O. Box 7367, Syracuse, N.Y. 13261-7367**, unless otherwise directed by the court, the probation officer, or the United States attorney. If a victim cannot be located, the restitution paid to the Clerk of the Court for that victim shall be sent to the Treasury, to be retrieved if and when the victim is located.

The defendant shall receive credit for all payments previously made toward any criminal monetary penalties imposed.

☐ Joint and Several

☐ Defendant and Co-Defendant Names and Case Numbers (including defendant number), Total Amount, Joint and Several Amount, and corresponding payee, if appropriate.

☐ The Court gives notice that this case involves other defendants who may be held jointly and severally liable for payment of all or part of the restitution ordered herein and may order such payment in the future.

☐ The defendant shall pay the cost of prosecution.

☐ The defendant shall pay the following court cost(s):

X The defendant shall forfeit the defendant's interest in the following property to the United States:
The defendant shall forfeit to the United States all right, title, and interest in the items listed in the Preliminary Order of Forfeiture signed by the Court on May 17, 2013.

Payments shall be applied in the following order: (1) assessment, (2) restitution principal, (3) restitution interest, (4) fine principal,(5) fine interest, (6) community restitution, (7) penalties, and (8) costs, including cost of prosecution and court costs.

Vincent P. Alexis, DVM Applicant, v. Nevada Board of Pharmacy Respondent.	Date: January 4, 2023 Nevada Veterinary Lic. No. 1109 Nevada Controlled Substance No. CS32984 DEA No. FA1174856

VINCENT P. ALEXIS, DVM HEREBY PROVIDES ANSWERS TO APPLICATION QUESTION #3, IN REGARD TO HIS JANUARY 2013 TEXAS BOARD OF VETERINARY MEDICAL EXAMINERS ACTION AGAINST HIS LICENSE TO PRACTICE VETERINARY MEDICINE IN THE STATE OF TEXAS

Affidavit of Applicant: Vincent P. Alexis, DVM
Via 28 U.S.C. Section 1746,
States as Follows:

[1] In January of 2013, the Texas Board of Veterinary Medical Examiners found Vincent P. Alexis, DVM (hereinafter referred to as Dr. Alexis) guilty of working for a non-DVM owned hospital in the State of Texas.

[2] In a separate action, "Texas Attorney General Opinion #GA-0064 states that under Section 53.021 of the Occupational Code, a license holder's license is revoked by operation of law upon the license holder's imprisonment following a felony conviction..." (Exhibit: 2). Dr. Alexis's Texas license was "Automatically revoked by operation of law on December 4, 2013."

[3] The attached Exhibits (Exhibits: 1-8), and Affidavits, will explain the above circumstances (many of which were unfair and poorly handled by the Texas Board of Veterinary Medical Examiners) more clearly.

Signed under 28 U.S.C. §1746,
Under penalties of perjury the above
& the following to be true, correct,
& complete. Pro-se.

Respectfully Submitted by:

Vincent P. Alexis, DVM

Austin, Texas

Vincent P. Alexis, DVM Petitioner,	
v.	Texas DVM Lic. # 11628
State of Texas Secretary of State, Texas Board of Veterinary Medical Examiners Respondants.	November 1, 2018

Affidavit of Petitioner: Alexis, in support of complaint against the Texas Board of Veterinary Medical Examiners, signed under 28 U.S.C. §1746 under penalties of perjury the above & the following to be true, correct, & complete. Pro-se.

PETITIONER: ALEXIS RESPECTFULLY REQUESTS THAT THE TEXAS SECRETARY OF STATE VACATE THE JANUARY 2013 GUILTY VERDICT HANDED DOWN BY THE TEXAS BOARD OF VETERINARY MEDICAL EXAMINERS AGAINST ALEXIS FOR A PRACTICE ACT VIOLATION, BECAUSE OF HIS WORKING FOR A NON-DVM OWNED ANIMAL HOSPITAL.

Background

[1] In January of 2011, Dr. Alexis signed on as a relief veterinarian with Relief Services for the Veterinary Practitioner (RSVP), operating out of Denton, Texas.

[2] Dr. Alexis was routinely called upon by RSVP to work fill-in (relief) shifts at various Texas animal hospitals. His work with/for RSVP lasted through April of 2013.

[3] Dr. Alexis was called upon to work throughout Texas, while residing fifteen minutes East of Austin. His work called upon him to commute as far North as Dallas/Ft. Worth, & as far South as Harlingen.

[4] It was common for Dr. Alexis to receive a work assignment just days before the shift (that's the nature of relief work, as you cannot easily predict when a hospital's staff veterinarian becomes ill, or cannot work their shift).

[5] When RSVP asked Dr. Alexis to cover a shift, he always agreed to do so. He quickly became one of RSVP's "go to" veterinarians, & took pride in his work ethic and availability.

[6] In 2011, RSVP placed Dr. Alexis at two different non-DVM owned animal hospitals - one in Houston, & one in LaMarque. No incidents or concerns arose from his relief work at these hospitals.

[7] Approximately three days after Christmas 2011, Dr. Alexis was asked to work at Furry Friends Animal Hospital (FFAH), located in Harlingen, Texas. This relief work was to last approximately one month, & was scheduled to begin on the first work-day of 2012.

[8] A few days into the first week of work at FFAH, the receptionist (Alina Scovell) mentioned to Dr. Alexis that the Texas State Board of Veterinary Medical Examiners (TXBVME) had visited the hospital, unannounced, in mid-November, 2011. They met with Christine (Chris) Morris, the owner, & with Dr. Hayes, another RSVP veterinarian who was providing coverage.

[9] Ms. Scovell elaborated that at that meeting, the TXBVME informed Ms. Morris & Dr. Hayes that the Board believed that the operation of FFAH was illegal/in violation of TXBVME practice laws, since the hospital was not "owned by a veterinarian." The TXBVME stated that they would issue a decision, within 10 days, by certified mail.

[10] Obviously, Dr. Alexis was concerned to hear about the State Board's visit, & their concerns about the legality of Ms. Morris's venture. He spoke about this with Ms. Morris & she assured Dr. Alexis that her attorney had contacted the TXBVME, & that "Everything was in order." Furthermore, Ms. Morris was quick to point out that the TXBVME never did send the certified mailing instructing her to cease & desist operation of FFAH.

[11] Later that same day, Ms. Morris called her attorney. She wanted to assure Dr. Alexis that he would be able to practice at her hospital without concerns, so she asked him to speak with her attorney. Dr. Alexis did speak to Ms. Morris's attorney at that time. He informed Dr. Alexis that Ms. Morris & FFAH were in full compliance with all TXBVME rules & regulations, & that the TXBVME never did send a certified mailing or issue a cease & desist order.

[12] Ms. Scovell, who as the only receptionist received all the mail, also verified to Dr. Alexis that there was no certified mailing sent to FFAH from the TXBVME, after that mid-November 2011 visit/meeting.

[13] After speaking with Ms. Scovell, Ms. Morris, & her attorney, Dr. Alexis obtained Dr. Hayes' phone number & called him. Dr. Hayes verified that the TXBVME had visited the hospital, unannounced, in mid-November 2011. He also verified to Dr. Alexis that there was no certified mailing sent to FFAH from the TXBVME, after that visit. Dr. Hayes further commented that he hadn't heard from the TXBVME at all since mid-November.

[14] Dr. Alexis also discussed this concern with Monica Hughes at RSVP. She informed Dr. Alexis that they had no knowledge of any TXBVME action or concerns regarding FFAH.

[15] Since RSVP had provided services to FFAH, without concerns, prior to his coverage, & since Ms. Morris, her attorney, Ms. Scovell, & Dr. Hayes all verified that the TXBVME never did issue a cease & desist order, Dr. Alexis continued to provide relief services to FFAH. He had made a commitment to RSVP and to FFAH (a one doctor practice) & its clients, and had no reason to abruptly cancel his coverage.

[16] Ms. Morris had been looking for a full-time staff veterinarian, without success. For this reason, she turned to RSVP for coverage, & in early February 2012 she asked Dr. Alexis to extend his stay. Dr. Alexis agreed to stay for up to one year, so that Ms. Morris would have more time to hire a staff veterinarian.

[17] Approximately eight weeks later, while working at FFAH, Dr. Alexis received a phone call from his brother (& attorney) Drew L. Alexis. Drew informed Dr. Alexis that he had just received a phone call from the TXBVME's attorney. That attorney informed Drew that FFAH was operating illegally, & that Dr. Alexis needed to immediately stop working there. Drew was told by the TXBVME that they wanted to stop Ms. Morris, & that they "Had no interest in pursuing charges against Dr. Alexis, as long as he cooperated & left the practice right away." The TXBVME did not contact Dr. Alexis directly (either by U.S. mail or by phone).

[18] Dr. Alexis agreed to leave the practice. He immediately informed Drew Alexis, RSVP, & Ms. Morris of his intention to comply with the TXBVME order.

[19] Dr. Alexis was now faced with a few acute problems:

[A] Dr. Alexis had just finished up with an OHE (spay) surgery on a dog who was in dystocia & unable to give birth. The queen & her pups needed his care. Dr. Alexis was not willing to depart from Harlingen until these patients were doing well.

[B] Dr. Alexis was not willing to leave behind the controlled drugs which he had ordered under his DEA license (there were no controlled drugs in the hospital upon Dr. Alexis's arrival).

[20] Within 48 hours, Dr. Alexis departed Harlingen & headed North for his home. He took all of the controlled drugs which he had ordered/purchased with him. He did not take any other biologicals or pharmaceuticals which were stocked at FFAH - Dr. Alexis did not purchase/own these items, & therefore had no legal right to remove the items from the premesis (to do so would have been grand theft).

[21] Dr. Alexis is unsure if a cease & desist order was issued to Ms. Morris & FFAH. It does appear, however, that FFAH did not close when the TXBVME ordered Dr. Alexis to leave on/about mid/late April 2012.

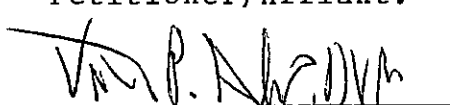
[22] Many months later, Dr. Alexis received notice (by U.S. mail) that the TXBVME was pursuing charges against him. The charges included:

[A] Violations of a Practice Act by working for a non-DVM owned hospital.

[B] Violations resulting from Dr. Alexis's decision to leave behind the biologicals/pharmaceuticals which were stocked at FFAH when he departed (see points 19 & 20 above).

[23] On/about January 2013 Dr. Alexis & his San Antonio attorney Keith O'Connell met with the TXBVME in Austin. At that hearing, Dr. Alexis was found **Guilty** of a Practice Act Violation, stemming from his relief work at Furry Friends Animal Hospital from January 3, 2012 through mid/late April 2012.

Conclusion



[24] The TXBVME did not perform their duty in a timely & appropriate manner. The TXBVME was clearly aware of Ms. Morris & her venture, Furry Friends Animal Hospital, in **mid-November 2011.** Nevertheless, the TXBVME failed to act in 2011. The Board waited five full months before taking appropriate action, in **mid/late April 2012.**

[25] Had the TXBVME performed their duty in a timely manner, RSVP would have been aware of their concerns. In turn, Dr. Alexis would also have been aware of the TXBVME's concerns, & never would have agreed to provide relief services at Furry Friends Animal Hospital.

Relief Requested

[26] Dr. Alexis is requesting, for the above stated reasons, that the **Guilty** verdict handed down by the TXBVME in January of 2013, for the above mentioned Practice Act Violation, be **Vacated.** The TXBVME was well aware of Ms. Morris & her illegal venture in mid-November 2011. A five month delay in acting is unconscionable, & is a clear failure by the Texas Board of Veterinary Medical Examiners to protect its veterinarians & the public from unscrupulous business owners like Ms. Morris.

Signed under 28 U.S.C. §1746,
Respectfully Submitted by
Petitioner/Affiant:

Vincent P. Alexis, DVM
3905 Lemon Ave
Long Beach, CA 90807

J. David Wuest
Executive Secretary
Nevada State Board of Pharmacy
985 Damonte Ranch Pkwy, Ste 206
Reno, NV 89521

Mr. Wuest:

Thank you for clarifying what information you need in order finalize my Application for Veterinarian Authority to Dispense Drugs. I have enclosed some of those documents today.

Document A is a 2-page document from the Nevada State Board of Veterinary Medical Examiners which lists the stipulations of my license reinstatement. The Board forgot to date this document, but it was issued to me on/about August 19, 2021 (at the time The Board reinstated my license).

Document B is a 6-page document from United States District Court which lists the conditions of my supervised release (pages 3 and 4). Please note, this document also lists the sole instant offense, the date of arrest (page 1 in the middle, July 23, 2011) and the date of conviction (page 1 at the bottom, December 4, 2013).

APR 17 2023

I Have also enclosed a printout from the BOP Inmate Locator which shows the date of my release (March 10, 2020).

I have made The Nevada State Board of Pharmacy fully aware of the sole legal problem I've encountered in my life. Likewise, I have made you fully aware of the issue with the Texas Board of Veterinary Medical Examiners. I have practiced in The State of Nevada since 1997 and have had no Board actions whatsoever. I have also practiced in Colorado, New York, and Utah with no Board actions whatsoever.

I hope this information is all which you need in order to finalize my application. Please let me know if this makes my application complete. Thank you.

Sincerely,

Vincent Alexis, DVM

Vincent Alexis, DVM
[redacted] Watercreek Dr.
N. Las Vegas, Nv 89032

Dr. Alexis:

This letter is to document the action that the Nevada State Board of Veterinary Medicine took on April 22, 2021 at its regular meeting that was held via Zoom related to your application for reinstatement of your license that you filed with the Board on May 4, 2019. At the Board's meeting, you appeared and answered the Board members' questions. Additionally, the Board members had been presented and had reviewed a packet of documents containing your application and 141 additional pages related to your criminal conviction and the licensure actions taken by Texas, Colorado, and New York. Based upon all of the above, the Board determined to reinstate your license to practice veterinary medicine in Nevada (License No. 1109) subject to the following terms and conditions:

(1) Your license shall be on probation. You may not seek to terminate the probation unless and until:
   a. You have fully satisfied all the terms and conditions of your Judgement in a Criminal Case in the case of *U.S. v. Alexis*, (USDC Northern Dist. NY Case No. DNYN513CR000155-001) and are no longer subject to the terms and conditions thereof as those terms and conditions were originally issued and as they may have been subsequently modified by the Court;
   b. If the Court modifies any of the terms and conditions of the Judgement, within 10 days of any such modification, you have provided copies of any such document modifying the terms and conditions;
   c. You have provided to the Board's office documents evidencing the satisfaction of the preceding Judgement as originally issued or as modified;
   d. You have continued successfully your treatment with Evergreen Counseling or any other treatment providers you may subsequently seek treatment with or have been discharged from further treatment (written proof of such

discharge having been provided to the Board's office within 10 days of such discharge); and

e. You have appeared before the Board at the next available regular meeting after the completion of the preceding four paragraphs and the Board has determined in its discretion that removal of your terms of probation is in the interest of the Nevada public's health, safety, and welfare.

(2) You shall execute any documents necessary to authorize those who are overseeing your compliance with the Judgement and your medical and mental health treatments so that they will provide quarterly reports regarding the status of your compliance or treatments and, if you fail in such compliance, reports of such failure within five business days of any such failure.

(3) You shall inform any present or future employers of the terms of this letter and shall provide them with a copy of the Judgement that each shall sign and date and return to the Board office to evidence that the employer or prospective employer is aware of the restrictions contained in the Judgment.

(4) You shall cooperate with any and all requests from or communications from the Board and its staff.

(5) You shall work not practice veterinary medicine in Nevada except as an employee of another veterinarian and veterinary facility and you shall not serve as a veterinarian-in-charge at any such facility.

(6) You shall keep your Nevada license current and active unless and until you determine to retire or otherwise cease practicing veterinary medicine in Nevada.

(7) Any violation of the terms of the Judgement as originally issued or as modified by the Court, any failure to succeed with your treatment, or any violation of the terms and conditions in this letter will result in an immediate and summary suspension of your license and disciplinary action which may include revocation of your license.

If you have any questions, please contact me.

Sincerely,

Jennifer Pedigo
Executive Director

DEFENDANT: Vincent Alexis
CASE NUMBER: DNYN513CR000155-001

SUPERVISED RELEASE

Upon release from imprisonment, the defendant shall be on supervised release for a term of: **20 years**

The defendant must report to the probation office in the district to which the defendant is released within 72 hours of release from the custody of the Bureau of Prisons.

The defendant shall not commit another federal, state or local crime.

The defendant shall not unlawfully possess a controlled substance. The defendant shall refrain from any unlawful use of a controlled substance. The defendant shall submit to one drug test within 15 days of release from imprisonment and at least two periodic drug tests thereafter, as determined by the court.

☐ The above drug testing condition is suspended, based on the court's determination that the defendant poses a low risk of future substance abuse. (Check, if applicable.)

x The defendant shall not possess a firearm, destructive device, or any other dangerous weapon.

x The defendant shall cooperate in the collection of DNA as directed by the probation officer. (Deselect, if inapplicable.)

x The defendant shall register with the state sex offender registration agency in the state where the defendant resides, works, or is a student, as directed by the probation officer. (Check, if applicable.)

☐ The defendant shall participate in an approved program for domestic violence. (Check, if applicable.)

If this judgment imposes a fine or restitution, it is a condition of supervised release that the defendant pay in accordance with the Schedule of Payments sheet of this judgment.

The defendant must comply with the standard conditions that have been adopted by this court as well as with any additional conditions on the attached page.

STANDARD CONDITIONS OF SUPERVISION

1) the defendant shall not leave the judicial district without the permission of the court or probation officer;
2) the defendant shall report to the probation officer in a manner and frequency directed by the court or probation officer;
3) the defendant shall answer truthfully all inquiries by the probation officer and follow the instructions of the probation officer;
4) the defendant shall support his or her dependents and meet other family responsibilities;
5) the defendant shall work regularly at a lawful occupation, unless excused by the probation officer for schooling, training, or other acceptable reasons;
6) the defendant shall notify the probation officer at least ten days prior to any change in residence or employment, or if such prior notification is not possible, then within five days after such change;
7) the defendant shall refrain from excessive use of alcohol and shall not purchase, possess, use, distribute, import, or manufacture any and all controlled substance and all controlled substance analogues, as defined in 21 U.S.C. § 802, and any paraphernalia related to any controlled substances, except that possession and use of a controlled substance properly prescribed by a licensed medical practitioner is permitted;
8) the defendant shall not frequent places where controlled substances are illegally sold, used, distributed, or administered;
9) the defendant shall not associate with any persons engaged in criminal activity and shall not associate with any person convicted of a felony, unless granted permission to do so by the probation officer;
10) the defendant shall permit a probation officer to visit him or her at any time at home or elsewhere and shall permit confiscation of any contraband observed in plain view of the probation officer;
11) the defendant shall notify the probation officer within seventy-two hours of being arrested or questioned by a law enforcement officer;
12) the defendant shall not enter into any agreement to act as an informer or a special agent of a law enforcement agency without the permission of the court;
13) as directed by the probation officer, the defendant shall notify third parties of risks that may be occasioned by the defendant's criminal record or personal history or characteristics and shall permit the probation officer to make such notifications and to confirm the defendant's compliance with such notification requirement;
14) the defendant shall not possess a firearm, destructive device, or any other dangerous weapon;
15) the defendant shall provide the probation officer with access to any requested financial information; and
16) the defendant shall submit his or her person, and any property, house, residence, vehicle, papers, effects, computer, electronic communications devices, and any data storage devices or media, to search at any time, with or without a warrant, by any federal probation officer, or any other law enforcement officer from whom the Probation Office has requested assistance, with reasonable suspicion concerning a violation of a condition of probation or supervised release or unlawful conduct by the defendant. Any items seized may be removed to the Probation Office or to the office of their designee for a more thorough examination.

DEFENDANT: Vincent Alexis
CASE NUMBER: DNYN513CR000155-001

SPECIAL CONDITIONS OF SUPERVISION

1. The defendant shall not have direct or indirect contact with the identified victim known as AC.
2. The defendant shall not have any direct contact with a person under the age of 18 unless it is supervised by a person approved of by the probation officer. The defendant shall not have indirect contact with a person under the age of 18 through another person or through a device (including a telephone, computer, radio, or other means) unless it is supervised by a person approved of by the probation officer. The defendant shall reasonably avoid and remove himself or herself from situations in which the defendant has any other form of contact with a minor.
3. The defendant shall not be in any area in which persons under the age of 18 are likely to congregate, such as school grounds, child care centers, or playgrounds, without the permission of the probation officer.
4. The defendant shall participate in a mental health program, which will include, but will not be limited to, participation in a treatment program for sexual disorders. The program shall be approved by the United States Probation Office.
5. The defendant's supervised release may include examinations using a polygraph, computerized voice stress analyzer, or other similar device to obtain information necessary for supervision, case monitoring, and treatment. The defendant shall answer the questions posed during the examination, subject to his or her right to challenge in a court of law the use of such statements as violations of the defendant's Fifth Amendment rights. In this regard, the defendant shall be deemed to have not waived his or her Fifth Amendment rights. The results of any examinations shall be disclosed to the United States Probation Office and the Court, but shall not be further disclosed without the approval of the Court.
6. The defendant shall contribute to the cost of any evaluation, testing, treatment and/or monitoring services rendered in an amount to be determined by the probation officer based on the defendant's ability to pay and the availability of third party payments.
7. The defendant shall not use or possess any computer or any other device with online capabilities, at any location, except at his or her place of employment, unless the defendant participates in the Computer Restriction and Monitoring Program. The defendant shall permit the United States Probation Office to conduct periodic, unannounced examinations of any computer equipment the defendant uses or possesses, limited to all hardware and software related to online use (e.g., use of the World Wide Web, e-mail, instant messaging, etc.). These examinations may include retrieval and copying of data related to online use, and the viewing of pictures and movies which may be potential violations of the terms and conditions of supervised release from this computer equipment including any internal or external peripherals, internet-capable devices, and data storage media. This computer equipment may be removed to the Probation Office or to the office of their designee for a more thorough examination. The Probation Office may use and/or install any hardware or software system that is needed to monitor the defendant's computer use, subject to the limitations described above.
8. If the defendant's employment requires the use of a computer, the defendant may use a computer in connection with the employment approved by the probation officer, at the defendant's place of employment, provided the defendant notifies his or her employer of: (1) the nature of his or her conviction; and (2) the fact that the defendant's conviction was facilitated by the use of the computer. The Probation Office must confirm the defendant's compliance with this notification requirement.

DEFENDANT'S ACKNOWLEDGMENTOF APPLICABLE CONDITIONS OF SUPERVISION

Upon a finding of a violation of probation or supervised release, I understand that the court may (1) revoke supervision, (2) extend the term of supervision, and/or (3) modify the conditions of supervision.

The conditions of supervision have been read to me. I fully understand the conditions and have been provided a copy of them.

Defendant _____ Date _____

U.S. Probation Officer/Designated Witness _____ Date _____

DEFENDANT: Vincent Alexis
CASE NUMBER: DNYN513CR000155-001

CRIMINAL MONETARY PENALTIES

The defendant must pay the total criminal monetary penalties under the schedule of payments on Sheet 6.

	Assessment	Fine	Restitution
TOTALS	$ 100	$ Waived	$ N/A

☐ The determination of restitution is deferred until _____. An *Amended Judgment in a Criminal Case* (AO 245C) will be entered after such determination.

☐ The defendant must make restitution (including community restitution) to the following payees in the amount listed below.

If the defendant makes a partial payment, each payee shall receive an approximately proportioned payment, unless specified otherwise in the priority order or percentage payment column below. However, pursuant to 18 U.S.C. § 3664(i), all nonfederal victims must be paid before the United States is paid.

Name of Payee	Total Loss*	Restitution Ordered	Priority or Percentage

TOTALS	$_____	$_____

☐ Restitution amount ordered pursuant to plea agreement $ _____

☐ The defendant must pay interest on restitution and a fine of more than $2,500, unless the restitution or fine is paid in full before the fifteenth day after the date of the judgment, pursuant to 18 U.S.C. § 3612(f). All of the payment options on Sheet 6 may be subject to penalties for delinquency and default, pursuant to 18 U.S.C. § 3612(g).

☐ The court determined that the defendant does not have the ability to pay interest and it is ordered that:

☐ the interest requirement is waived for the ☐ fine ☐ restitution.

☐ the interest requirement for the ☐ fine ☐ restitution is modified as follows:

* Findings for the total amount of losses are required under Chapters 109A, 110, 110A, and 113A of Title 18 for offenses committed on or after September 13, 1994, but before April 23, 1996.

DEFENDANT: Vincent Alexis
CASE NUMBER: DNYN513CR000155-001

SCHEDULE OF PAYMENTS

Having assessed the defendant's ability to pay, payment of the total criminal monetary penalties are due as follows:

A X In full immediately; or

B ☐ Lump sum payment of $ _____ due immediately, balance due

☐ not later than _____ , or
☐ in accordance with ☐ D, ☐ E, ☐ F, or ☐ G below; or

C ☐ Payment to begin immediately (may be combined with ☐ D, ☐ E, or ☐ G below); or

D ☐ Payment in equal _____ (e.g., weekly, monthly, quarterly) installments of $ _____ over a period of _____ (e.g., months or years), to commence _____ (e.g., 30 or 60 days) after the date of this judgment; or

E ☐ Payment in equal _____ (e.g., weekly, monthly, quarterly) installments of $ _____ over a period of _____ (e.g., months or years), to commence _____ (e.g., 30 or 60 days) after release from imprisonment to a term of supervision; or

F ☐ Payment during the term of supervised release will commence within _____ (e.g., 30 or 60 days) after release from imprisonment. The court will set the payment plan based on an assessment of the defendant's ability to pay at that time; or

G ☐ Special instructions regarding the payment of criminal monetary penalties:

Unless the court has expressly ordered otherwise, if this judgment imposes imprisonment, payment of criminal monetary penalties is due during imprisonment. All criminal monetary penalties, except those payments made through the Federal Bureau of Prisons' Inmate Financial Responsibility Program, are made to **Clerk, U.S. District Court, Federal Bldg., 100 S. Clinton Street, P.O. Box 7367, Syracuse, N.Y. 13261-7367**, unless otherwise directed by the court, the probation officer, or the United States attorney. If a victim cannot be located, the restitution paid to the Clerk of the Court for that victim shall be sent to the Treasury, to be retrieved if and when the victim is located.

The defendant shall receive credit for all payments previously made toward any criminal monetary penalties imposed.

☐ Joint and Several

☐ Defendant and Co-Defendant Names and Case Numbers (including defendant number), Total Amount, Joint and Several Amount, and corresponding payee, if appropriate.

☐ The Court gives notice that this case involves other defendants who may be held jointly and severally liable for payment of all or part of the restitution ordered herein and may order such payment in the future.

☐ The defendant shall pay the cost of prosecution.

☐ The defendant shall pay the following court cost(s):

X The defendant shall forfeit the defendant's interest in the following property to the United States:
The defendant shall forfeit to the United States all right, title, and interest in the items listed in the Preliminary Order of Forfeiture signed by the Court on May 17, 2013.

Payments shall be applied in the following order: (1) assessment, (2) restitution principal, (3) restitution interest, (4) fine principal,(5) fine interest, (6) community restitution, (7) penalties, and (8) costs, including cost of prosecution and court costs.

Defendant.

Criminal Action No. 13-CR-155 (GTS)

VIO: 18 U.S.C. § 2423(b) and (e)

INFORMATION

County: Jefferson

****

THE UNITED STATES ATTORNEY CHARGES:

On or about July 23, 2011, in Jefferson County, in the Northern District of New York, the defendant,

VINCENT ALEXIS,

a United States citizen, traveled in interstate commerce and attempted to travel in foreign commerce with intent to engage in illicit sexual conduct, as defined in Title 18, United States Code, Section 2423(f), with another person, in violation of Title 18, United States Code, Section 2423(b) and (e).

THE UNITED STATES ATTORNEY FURTHER CHARGES:
FORFEITURE ALLEGATIONS

1. The allegations contained in Count 1 of this Information are hereby realleged and incorporated by reference for the purpose of alleging forfeitures pursuant to Title 18, United States Code, Section 2428.

2. Pursuant to Title 18, United States Code, Section 2428, upon conviction of an offense in violation of Title 18, United States Code, Section 2423(b) and (e), the defendant, **VINCENT ALEXIS**, shall forfeit to the United States of America any property, real or personal, that was used or intended to be used to commit or to facilitate the commission of the offense. The property to be forfeited includes, but is not limited to, the following:

a. **$2,000.00 in U.S. Currency**

3. If any of the property described above, as a result of any act or omission of the defendant[s]:

a. cannot be located upon the exercise of due diligence;

b. has been transferred or sold to, or deposited with, a third party;

c. has been placed beyond the jurisdiction of the court;

d. has been substantially diminished in value; or

e. has been commingled with other property which cannot be divided without difficulty,

the United States of America shall be entitled to forfeiture of substitute property pursuant to Title 21, United States Code, Section 853(p), as incorporated by Title 28, United States Code, Section 2461(c).

SUPERVISED RELEASE

Upon release from imprisonment, the defendant shall be on supervised release for a term of: **20 years**

The defendant must report to the probation office in the district to which the defendant is released within 72 hours of release from the custody of the Bureau of Prisons.

The defendant shall not commit another federal, state or local crime.

The defendant shall not unlawfully possess a controlled substance. The defendant shall refrain from any unlawful use of a controlled substance. The defendant shall submit to one drug test within 15 days of release from imprisonment and at least two periodic drug tests thereafter, as determined by the court.

G The above drug testing condition is suspended, based on the court's determination that the defendant poses a low risk of future substance abuse. (Check, if applicable.)

x The defendant shall not possess a firearm, destructive device, or any other dangerous weapon.

x The defendant shall cooperate in the collection of DNA as directed by the probation officer. (Deselect, if inapplicable.)

x The defendant shall register with the state sex offender registration agency in the state where the defendant resides, works, or is a student, as directed by the probation officer. (Check, if applicable.)

G The defendant shall participate in an approved program for domestic violence. (Check, if applicable.)

If this judgment imposes a fine or restitution, it is a condition of supervised release that the defendant pay in accordance with the Schedule of Payments sheet of this judgment.

The defendant must comply with the standard conditions that have been adopted by this court as well as with any additional conditions on the attached page.

STANDARD CONDITIONS OF SUPERVISION

1) the defendant shall not leave the judicial district without the permission of the court or probation officer;
2) the defendant shall report to the probation officer in a manner and frequency directed by the court or probation officer;
3) the defendant shall answer truthfully all inquiries by the probation officer and follow the instructions of the probation officer;
4) the defendant shall support his or her dependents and meet other family responsibilities;
5) the defendant shall work regularly at a lawful occupation, unless excused by the probation officer for schooling, training, or other acceptable reasons;
6) the defendant shall notify the probation officer at least ten days prior to any change in residence or employment, or if such prior notification is not possible, then within five days after such change;
7) the defendant shall refrain from excessive use of alcohol and shall not purchase, possess, use, distribute, import, or manufacture any and all controlled substance and all controlled substance analogues, as defined in 21 U.S.C. § 802, and any paraphernalia related to any controlled substances, except that possession and use of a controlled substance properly prescribed by a licensed medical practitioner is permitted;
8) the defendant shall not frequent places where controlled substances are illegally sold, used, distributed, or administered;
9) the defendant shall not associate with any persons engaged in criminal activity and shall not associate with any person convicted of a felony, unless granted permission to do so by the probation officer;
10) the defendant shall permit a probation officer to visit him or her at any time at home or elsewhere and shall permit confiscation of any contraband observed in plain view of the probation officer;
11) the defendant shall notify the probation officer within seventy-two hours of being arrested or questioned by a law enforcement officer;
12) the defendant shall not enter into any agreement to act as an informer or a special agent of a law enforcement agency without the permission of the court;
13) as directed by the probation officer, the defendant shall notify third parties of risks that may be occasioned by the defendant's criminal record or personal history or characteristics and shall permit the probation officer to make such notifications and to confirm the defendant's compliance with such notification requirement;
14) the defendant shall not possess a firearm, destructive device, or any other dangerous weapon;
15) the defendant shall provide the probation officer with access to any requested financial information; and
16) the defendant shall submit his or her person, and any property, house, residence, vehicle, papers, effects, computer, electronic communications devices, and any data storage devices or media, to search at any time, with or without a warrant, by any federal probation officer, or any other law enforcement officer from whom the Probation Office has requested assistance, with reasonable suspicion concerning a violation of a condition of probation or supervised release or unlawful conduct by the defendant. Any items seized may be removed to the Probation Office or to the office of their designee for a more thorough examination.

DEFENDANT: Vincent Alexis
CASE NUMBER: DNYN513CR000155-001

SPECIAL CONDITIONS OF SUPERVISION

1. The defendant shall not have direct or indirect contact with the identified victim known as AC.

2. The defendant shall not have any direct contact with a person under the age of 18 unless it is supervised by a person approved of by the probation officer. The defendant shall not have indirect contact with a person under the age of 18 through another person or through a device (including a telephone, computer, radio, or other means) unless it is supervised by a person approved of by the probation officer. The defendant shall reasonably avoid and remove himself or herself from situations in which the defendant has any other form of contact with a minor.

3. The defendant shall not be in any area in which persons under the age of 18 are likely to congregate, such as school grounds, child care centers, or playgrounds, without the permission of the probation officer.

4. The defendant shall participate in a mental health program, which will include, but will not be limited to, participation in a treatment program for sexual disorders. The program shall be approved by the United States Probation Office.

5. The defendant's supervised release may include examinations using a polygraph, computerized voice stress analyzer, or other similar device to obtain information necessary for supervision, case monitoring, and treatment. The defendant shall answer the questions posed during the examination, subject to his or her right to challenge in a court of law the use of such statements as violations of the defendant's Fifth Amendment rights. In this regard, the defendant shall be deemed to have not waived his or her Fifth Amendment rights. The results of any examinations shall be disclosed to the United States Probation Office and the Court, but shall not be further disclosed without the approval of the Court.

6. The defendant shall contribute to the cost of any evaluation, testing, treatment and/or monitoring services rendered in an amount to be determined by the probation officer based on the defendant's ability to pay and the availability of third party payments.

7. The defendant shall not use or possess any computer or any other device with online capabilities, at any location, except at his or her place of employment, unless the defendant participates in the Computer Restriction and Monitoring Program. The defendant shall permit the United States Probation Office to conduct periodic, unannounced examinations of any computer equipment the defendant uses or possesses, limited to all hardware and software related to online use (e.g., use of the World Wide Web, e-mail, instant messaging, etc.). These examinations may include retrieval and copying of data related to online use, and the viewing of pictures and movies which may be potential violations of the terms and conditions of supervised release from this computer equipment including any internal or external peripherals, internet-capable devices, and data storage media. This computer equipment may be removed to the Probation Office or to the office of their designee for a more thorough examination. The Probation Office may use and/or install any hardware or software system that is needed to monitor the defendant's computer use, subject to the limitations described above.

8. If the defendant's employment requires the use of a computer, the defendant may use a computer in connection with the employment approved by the probation officer, at the defendant's place of employment, provided the defendant notifies his or her employer of: (1) the nature of his or her conviction; and (2) the fact that the defendant's conviction was facilitated by the use of the computer. The Probation Office must confirm the defendant's compliance with this notification requirement.

DEFENDANT'S ACKNOWLEDGMENTOF APPLICABLE CONDITIONS OF SUPERVISION

Upon a finding of a violation of probation or supervised release, I understand that the court may (1) revoke supervision, (2) extend the term of supervision, and/or (3) modify the conditions of supervision.

The conditions of supervision have been read to me. I fully understand the conditions and have been provided a copy of them.

Defendant _____ Date _____

U.S. Probation Officer/Designated Witness _____ Date _____

DEFENDANT: Vincent Alexis
CASE NUMBER: DNYN513CR000155-001

CRIMINAL MONETARY PENALTIES

The defendant must pay the total criminal monetary penalties under the schedule of payments on Sheet 6.

	Assessment	Fine	Restitution
TOTALS	$ 100	$ Waived	$ N/A

G The determination of restitution is deferred until _____. An *Amended Judgment in a Criminal Case* (AO 245C) will be entered after such determination.

G The defendant must make restitution (including community restitution) to the following payees in the amount listed below.

If the defendant makes a partial payment, each payee shall receive an approximately proportioned payment, unless specified otherwise in the priority order or percentage payment column below. However, pursuant to 18 U.S.C. § 3664(i), all nonfederal victims must be paid before the United States is paid.

Name of Payee	Total Loss*	Restitution Ordered	Priority or Percentage

TOTALS	$_____	$_____

G Restitution amount ordered pursuant to plea agreement $ _____

G The defendant must pay interest on restitution and a fine of more than $2,500, unless the restitution or fine is paid in full before the fifteenth day after the date of the judgment, pursuant to 18 U.S.C. § 3612(f). All of the payment options on Sheet 6 may be subject to penalties for delinquency and default, pursuant to 18 U.S.C. § 3612(g).

G The court determined that the defendant does not have the ability to pay interest and it is ordered that:

G the interest requirement is waived for the G fine G restitution.

G the interest requirement for the G fine G restitution is modified as follows:

* Findings for the total amount of losses are required under Chapters 109A, 110, 110A, and 113A of Title 18 for offenses committed on or after September 13, 1994, but before April 23, 1996.

DEFENDANT: Vincent Alexis
CASE NUMBER: DNYN513CR000155-001

SCHEDULE OF PAYMENTS

Having assessed the defendant's ability to pay, payment of the total criminal monetary penalties are due as follows:

A X In full immediately; or

B G Lump sum payment of $ _____ due immediately, balance due

G not later than _____, or
G in accordance with G D, G E, G F, or G G below; or

C G Payment to begin immediately (may be combined with G D, G E, or G G below); or

D G Payment in equal _____ (e.g., weekly, monthly, quarterly) installments of $ _____ over a period of _____ (e.g., months or years), to commence _____ (e.g., 30 or 60 days) after the date of this judgment; or

E G Payment in equal _____ (e.g., weekly, monthly, quarterly) installments of $ _____ over a period of _____ (e.g., months or years), to commence _____ (e.g., 30 or 60 days) after release from imprisonment to a term of supervision; or

F G Payment during the term of supervised release will commence within _____ (e.g., 30 or 60 days) after release from imprisonment. The court will set the payment plan based on an assessment of the defendant's ability to pay at that time; or

G G Special instructions regarding the payment of criminal monetary penalties:

Unless the court has expressly ordered otherwise, if this judgment imposes imprisonment, payment of criminal monetary penalties is due during imprisonment. All criminal monetary penalties, except those payments made through the Federal Bureau of Prisons' Inmate Financial Responsibility Program, are made to **Clerk, U.S. District Court, Federal Bldg., 100 S. Clinton Street, P.O. Box 7367, Syracuse, N.Y. 13261-7367**, unless otherwise directed by the court, the probation officer, or the United States attorney. If a victim cannot be located, the restitution paid to the Clerk of the Court for that victim shall be sent to the Treasury, to be retrieved if and when the victim is located.

The defendant shall receive credit for all payments previously made toward any criminal monetary penalties imposed.

G Joint and Several

G Defendant and Co-Defendant Names and Case Numbers (including defendant number), Total Amount, Joint and Several Amount, and corresponding payee, if appropriate.

G The Court gives notice that this case involves other defendants who may be held jointly and severally liable for payment of all or part of the restitution ordered herein and may order such payment in the future.

G The defendant shall pay the cost of prosecution.

G The defendant shall pay the following court cost(s):

X The defendant shall forfeit the defendant's interest in the following property to the United States:
The defendant shall forfeit to the United States all right, title, and interest in the items listed in the Preliminary Order of Forfeiture signed by the Court on May 17, 2013.

Payments shall be applied in the following order: (1) assessment, (2) restitution principal, (3) restitution interest, (4) fine principal,(5) fine interest, (6) community restitution, (7) penalties, and (8) costs, including cost of prosecution and court costs.

04/26/2013		TEXT MINUTE ENTRY for Waiver of Indictment and Change of Plea Hearing held on 4/26/13 before Judge Glenn T. Suddaby as to Vincent Alexis (1): Defendant waives personal appearance and agrees to proceed via video conference. Defendant is sworn, questioned by the Court and advised of his constitutional rights and consequences of waiving Indictment. The Waiver of Indictment was signed by Defendant and Defendants attorney before Court. The Judge signed the waiver of indictment, and it is accepted by the Court for filing in case #5:13-cr-155. Defendant is advised of his constitutional rights and the consequences of pleading guilty. Defendant is arraigned and pleads guilty to Count 1 of the Information and admits to the forfeiture allegation. Government states a factual basis for the plea. Maximum possible penalties are stated for the record. Court accepts plea of Guilty to Count 1 of the Information. Plea agreement is incorporated into the record, without the changes made by defendant. Court orders a Pre-Sentence Investigation Report from Probation. Sentencing is scheduled for 9/10/13 at 10:00 A.M. in Syracuse, New York. Indictment in case 5:12-cr-439 to be dismissed at sentencing. Defendant is remanded to USMS. IN THE UNITED STATES DISTRICT COURT

FOR THE NORTHERN DISTRICT OF NEW YORK

UNITED STATES OF AMERICA

v.

VINCENT ALEXIS,

Defendant.

Case No. : 13-CR- 155 (GTS)

Plea Agreement

The United States of America, by and through its counsel of record, the United States Attorney for the Northern District of New York, and defendant VINCENT ALEXIS (hereinafter "the defendant"), by and through the defendant's counsel of record, hereby enter into the following plea agreement pursuant to Rule 11(c)(1)(A) of the Federal Rules of Criminal Procedure:

1) **The Defendant's Obligations:**

a) **Guilty Plea:** The defendant will waive indictment and plead guilty to the one count in the information in Case No. 5:13-CR- 155 (GTS) charging attempted travel in interstate or foreign commerce with intent to engage in illicit sexual conduct, in violation of 18 U.S.C. § 2423(b) and (e).

b) **Special Assessment:** The defendant will pay an assessment of $100 per count of conviction pursuant to 18 U.S.C. § 3013. The defendant agrees to deliver a check or

money order to the Clerk of the Court in the amount of $100, payable to the U.S. District Court, at the time of sentencing.

c) **Compliance with Other Terms of Agreement:** The defendant will comply in a timely manner with all of the terms of this plea agreement.

d) **Restitution:** The defendant will consent to entry of an order directing the defendant's payment of restitution in full to any person or entity who qualifies as a victim of the offense(s) of conviction under 18 U.S.C. § 3663 or § 3663A.

e) **Forfeiture:** Pursuant to 18 U.S.C. §2428 giving rise to forfeiture and 21 U.S.C. § 853(p), the defendant will consent to entry of an order directing forfeiture to the United States of the property described in the Forfeiture Allegation in the information described above, or to any substitute assets, or to a money judgment, all as more fully set out below:

(1) $2000 United States Currency

2) **The Government's Obligations:**

a) **Dismissal of remaining charges:** Upon imposition of a sentence consistent with the terms of this agreement, the government will move to dismiss all charges against the defendant in Case No. 5:12-CR-439 (GTS). Such dismissal will be without prejudice, permitting the government to seek reinstatement of any and all of those charges if the guilty plea and sentence do not remain in effect.

b) **Non-prosecution for other offenses:** For so long as the defendant's guilty plea and the sentence remain in effect, the government will not seek other federal criminal charges against the defendant based on conduct described in the information in Case No. 5:13-CR 155 (GTS) and/or in the paragraph of this agreement entitled "Factual

Basis for Guilty Plea," occurring before the date on which the defendant signs this agreement.

c) **Compliance with Other Terms of Agreement:** The government will comply in a timely manner with all of the terms of this plea agreement.

3) **Potential Maximum Penalties:** The defendant understands that the Court can impose the following maximum penalties for the offense to which the defendant agrees to plead guilty and may be required to impose mandatory minimum terms of imprisonment, all as set out below:

a) **Maximum term of imprisonment:** 30 years, pursuant to 18 U.S.C. § 2423(b).

b) **Mandatory minimum term of imprisonment:** Not applicable.

c) **Maximum fine:** $250,000.

d) **Supervised release term:** In addition to imposing any other penalty, the sentencing court must require the defendant to serve a term of supervised release between 5 years and life, to begin after imprisonment. *See* 18 U.S.C. § 3583(k). A violation of the conditions of supervised release during that time period may result in the defendant being sentenced to an additional term of imprisonment of up to 5 years.

e) **Required Registration for Sex Offenders:** Under the Sex Offender Registration and Notification Act, the defendant, as a result of the conviction in this case, must register as a sex offender, and keep the registration current, in each jurisdiction where the defendant resides, where the defendant is an employee, and where the defendant is a student. For initial registration purposes, the defendant also must register in New York as a result of this conviction, even if the defendant resides in a different jurisdiction. A sex offender who knowingly fails to register or update a required

registration may be subject to prosecution under 18 U.S.C. § 2250, and face a penalty of up to ten years imprisonment. Further, if the defendant, while on supervised release, commits any criminal offense under chapter 109A, 110, or 117, or section 1201 or 1591, of Title 18 for which imprisonment for a term longer than 1 year can be imposed, the court will revoke the term of supervised release and require the defendant to serve a term of imprisonment of not less than 5 years on the violation.

f) **Other adverse consequences**: Other adverse consequences may result from the defendant's guilty plea as further described in paragraph F below.

4) **Elements of Offense(s)**: The defendant understands that the following are the elements of the offense to which the defendant agrees to plead guilty. The defendant admits that the defendant's conduct satisfies each and every one of these elements.

a) That the defendant traveled or attempted to travel in interstate or foreign commerce;

b) That the defendant's purpose in traveling in interstate or foreign commerce was to engage in illicit sexual conduct with an individual he believed was under the age of eighteen; and

c) That the illicit sexual conduct was a commercial sex act, as defined by 18 U.S.C. §1591, with a person under 18 years of age.

5) **Factual Basis for Guilty Plea:** The defendant admits the following facts, that those facts demonstrate the defendant's guilt for the offense to which the defendant is pleading guilty, and that there are no facts establishing a viable defense to that offense:

a) On July 23, 2011, VINCENT ALEXIS drove through the border at the Port of Entry into Canada from Alexandria Bay, New York. ALEXIS began his trip days earlier, traveling from his home in Texas to Kingston, Ontario. ALEXIS was traveling to

Canada to meet a seventeen year old boy, hereinafter noted by his initials "AC," who resides in Kingston. ALEXIS met the boy when the boy was thirteen through an online internet game. The two communicated via the online game, telephone, skype, and email.

b) Canada Border Services Agency (CBSA) agents refused entry to ALEXIS after reviewing text messages on his cellular telephone. The messages were between ALEXIS and AC and were sexual in nature. CBSA photographed the text messages and forwarded them to U.S. Customs and Border Patrol. A portion of the text messages included the following:

ALEXIS: $? That requires cooperation. I do have thousands ob [sic] me.

AC: Gimme $20 rq

ALEXIS: $ requires cooperation...I got thousands on me lmfao And a gun

ALEXIS: Show me ur tits!

AC: You couldn't afford it srry

ALEXIS: Lmfao sure I can....How much you require?

AC: 5K

ALEXIS: There is a test. Ul need to pass it

ALEXIS: And i was going to give u thousands

AC: Better bring a lot of cash

ALEXIS: lots of cash is for a live show not pics!

ALEXIS: Wuts a lot?

AC: 5 figures

c) When ALEXIS was refused entry into Canada, he came back through the Alexandria Bay Port of Entry and a border search was conducted. ALEXIS was traveling with $2000 cash. Before he arrived, ALEXIS deleted the text messages on his telephone.

d) Agents interviewed ALEXIS and he admitted that he travelled from Austin, Texas to Canada to see AC for the purpose of having a sexual encounter with AC. ALEXIS admitted that he would have paid for sex or for other inappropriate sexual conduct with AC. Specifically, ALEXIS stated that he would have paid $300 for AC to dance naked for him. ALEXIS admitted that he is sexually attracted to children approximately 14 years of age and that he has a sexual desire for young men.

e) AC was interviewed and he acknowledged that ALEXIS had offered to pay him for sex, including an offer to pay AC $1000 for oral sex.

f) ALEXIS traveled to Canada for the purpose of engaging in illicit sexual conduct, that is, a commercial sex act with AC, a person under 18 years of age.

6) **Sentencing Stipulations:**

a) The parties agree that the base offense level is 24 pursuant to U.S.S.G.§2G1.3(a)(4).

b) The government will recommend a 2-level downward adjustment to the applicable federal sentencing guidelines offense level pursuant to U.S.S.G.§3E1.1(a) if, (i) through the time of sentencing, the government is convinced that the defendant has demonstrated "acceptance of responsibility" for the offense(s) to which the defendant is pleading guilty; and (ii) the government does not determine that the defendant, after signing this agreement, committed any other federal, state, or local crimes, or engaged in conduct that constitutes "obstruction of justice," as defined in U.S.S.G.§3C1.1.

c) The government will move for a 1-level downward adjustment to the applicable federal sentencing guidelines offense level pursuant to U.S.S.G.§3E1.1(b) if the government is convinced that the defendant has accepted responsibility within the meaning of U.S.S.G.§3E1.1(a) and further assisted authorities in the investigation or prosecution of the defendant's own misconduct by timely notifying authorities of the defendant's intention to enter a plea of guilty, thereby permitting the government to avoid preparing for trial and permitting the government and the court to allocate their resources efficiently, and the defendant otherwise qualifies for such adjustment by having a combined offense level of 16 before receipt of any acceptance of responsibility adjustment under U.S.S.G.§3E1.1(a).

7) **Waiver of Rights to Appeal and Collateral Attack:** The defendant waives (gives up) any and all rights, including those conferred by 18 U.S.C. § 3742 and/or 28 U.S.C. §§ 2241 and 2255, to appeal and/or to collaterally attack:

a) The conviction(s) resulting from the defendant's guilty plea;

b) Any sentence to a term of imprisonment of 168 months or less;

c) Any sentence to a fine within the maximum permitted by law;

d) Any sentence to a term of supervised release within the maximum permitted by law;

e) Any order of forfeiture or restitution imposed by the Court that is consistent with governing law and is not contrary to the terms of this agreement.

Nothing in this appeal waiver is meant to be or should be construed as a representation of or agreement concerning the appropriate sentence in this case.

A. **Right to Counsel:** The defendant has a right to assistance of counsel in connection with settlement of this case and understands that right. Defense counsel has advised the defendant of nature of the charges to which the defendant is agreeing to plead guilty and the range of possible sentences.

B. **Waiver of Trial-Related Rights:** The defendant has the following additional constitutional rights in connection with the charges in this case: (i) to be presumed innocent until proven guilty beyond a reasonable doubt; (ii) to plead not guilty; (iii) to trial by jury; (iv) to confront, cross-examine, and compel the attendance of witnesses at trial; (v) to present defense evidence; and (vi) to remain silent and be protected against compelled self-incrimination. The defendant understands that by pleading guilty, the defendant waives (gives up) these rights.

C. **Court Not Bound by Plea Agreement:** This plea agreement is made pursuant to Rule 11(c)(1)(A) of the Federal Rules of Criminal Procedure. The Court is neither a party to, nor bound by this Plea Agreement. The Court may accept or reject this Plea Agreement or defer a decision until it has considered the Presentence Investigation Report prepared by the United States Probation Office. If the Court rejects the provisions of this agreement permitting the defendant to plead guilty to certain charges in satisfaction of other charges, the Court will permit the defendant to withdraw the plea of guilty before sentencing, pursuant to Fed. R. Crim. Pro. 11(c)(5) & (d).

D. **Court Not Bound by Agreed-Upon Recommendations, Stipulations, and Requests:** If this agreement contains any provisions under Fed. R. Crim. Pro. 11(c)(1)(B) by which the government agrees to recommend, stipulates, or agrees not to oppose the defendant's request, that a particular sentence or sentencing range is appropriate or that a particular

provision of the federal sentencing guidelines, or a policy statement, or sentencing factor does or does not apply, such a recommendation, stipulation, or request does not bind the Court, which may make independent factual findings by a preponderance of the evidence and may reject such recommendations, requests, and stipulations between the parties. If the Court rejects one or more recommendations, stipulations, or requests, the defendant is not entitled to withdraw the defendant's plea of guilty and is not released from the obligations described in this agreement. Under such circumstances, the government reserves the right to support and defend, in connection with any post-sentencing proceedings, any decision the Court may make with regard to the defendant's sentence, whether or not such decision is consistent with the government's recommendations, stipulations, or requests set out in this agreement.

E. **Sentencing:**

a. **Maximum terms of imprisonment**: The defendant understands that the Court has discretion to impose a sentence within the statutory maximum sentence(s) set out in this agreement. If the defendant is pleading guilty to multiple charges, the Court may be required by law to have the sentences of imprisonment on the convictions resulting from those charges run consecutively to each other. Otherwise, the Court has discretion to have sentences of imprisonment run concurrently or consecutively. *See* 18 U.S.C. § 3584.

b. **Mandatory minimum terms of imprisonment:** If specified in this agreement, the conviction on one or more charges to which the defendant has agreed to plead guilty may require imposition of a mandatory minimum term of imprisonment. In such cases, the court must impose a term of imprisonment no less than the

required mandatory minimum term unless an exception to that requirement applies. Such exception may be dependent on a motion by the government.

c. **Sentencing guidelines:**

i. The actual sentence to be imposed upon the defendant is within the discretion of the sentencing Court, subject to the statutory maximum and mandatory minimum penalties, as described above, and the provisions of the Sentencing Reform Act and the United States Sentencing Guidelines promulgated thereunder. While the Court is not bound to impose a sentence within the applicable sentencing guidelines range, it must take into account the sentencing guidelines, along with the other factors set forth in 18 U.S.C. § 3553(a).

ii. Any estimate of the defendant's offense level, criminal history category, and sentencing guidelines range provided before sentencing is preliminary and is not binding on the parties to this agreement, the Probation Office, or the Court. Until the Probation Office has fully investigated the defendant's criminal history, it is not possible to predict with certainty the defendant's criminal history category and, in some cases, the defendant's offense level.

iii. Under certain circumstances, the defendant's criminal history may affect the defendant's offense level under the federal sentencing guidelines. If the presentence investigation reveals that the defendant's criminal history may support an offense level different than an offense level stipulated in this agreement, the parties are not bound by any such stipulation as to the

defendant's offense level and may advocate with respect to how the defendant's criminal history affects the offense level.

d. **Factual findings:** The defendant understands that the sentencing Court may make factual findings with respect to any and all sentencing factors and issues, including those referenced in the United States Sentencing Guidelines, whether or not such factors or issues have been admitted by the defendant or stipulated by the parties. In making those findings by a preponderance of the evidence, the Court may consider any reliable evidence, including hearsay. The Defendant understands that the sentence imposed may be determined based upon such judicial fact-finding.

e. **Use of the Defendant's Statements:** The defendant understands that the sentencing court may consider any statement that the defendant has made or makes in this Plea Agreement, during the guilty plea, to the Probation Office, and at sentencing when imposing sentence. In addition the government may be able to use the defendant's statements in this agreement and at the guilty plea and at sentencing in any criminal, civil, or administrative proceeding. For example, if the defendant fails to enter a guilty plea (as required by this agreement) or the defendant's guilty plea is later withdrawn or vacated for any reason other than the Court's rejection of this Plea Agreement under Fed. R. Crim. P. 11(c)(5), the government may introduce the defendant's statements into evidence in any prosecution. If, however, the Court rejects this Plea Agreement under Fed. R. Crim. P. 11(c)(5), and the defendant withdraws the guilty plea pursuant to Fed. R. Crim. P. 11(d)(2)(A), the government will not be permitted to use any of the

defendant's statements in this Plea Agreement. To the extent that Rule 11(f) of the Federal Rules of Criminal Procedure and/or Rule 410 of the Federal Rules of Evidence are inconsistent with this paragraph, the defendant waives (gives up) any protections under those rules.

f. **Government's Discretion to Recommend a Sentence:** Unless a stipulation in this agreement explicitly limits the government's discretion with respect to its recommendations at sentencing, this agreement does not prevent the government from urging the sentencing Court to find that a particular offense level, criminal history category, ground for departure, or guidelines range applies; from recommending a specific sentence within the applicable guidelines range as determined by the Court or as urged by the government; or, if the government deems appropriate, recommending that the Court impose a sentence above the applicable guidelines range.

g. **Sentencing-Related Information:** The government has the right to advise the sentencing Court and the Probation Office of any information, in aggravation or mitigation of sentencing, whether or not encompassed within the count(s) to which the defendant has agreed to plead guilty, subject only to the limitation described in U.S.S.G.§1B1.8. No stipulation in this plea agreement limits the obligations of both parties to ensure that the sentencing Court has all information pertinent to its determination of an appropriate sentence. The parties may provide any factual information relevant to sentencing to the Probation Office and/or to the Court, without limitation, before or after the completion of the Presentence Investigation Report. The parties agree that the submission of such information

shall not be deemed "advocacy" in violation of any stipulation in this plea agreement.

h. **Supervised Release Term and Conditions:** If the defendant is placed on supervised release, under some circumstances, including the defendant's violation of one or more supervised release conditions, the Court may extend the term of supervised release, and may modify, reduce, or enlarge the conditions of such release.

F. **Other Adverse Consequences:** The following are some examples of the adverse consequences of pleading guilty other than the sentence imposed by the Court, along with any judicial order of forfeiture and/or restitution:

a. Conviction of a felony may result in the loss of civil rights, including, but not limited to, the right to vote and the right to possess firearms.

b. If the defendant is not a United States citizen, such conviction may result in deportation or removal from the United States, and may bar readmission to the United States if the defendant leaves the country. Under federal law, removal or deportation may be an almost certain consequence of a conviction for a broad range of federal offenses, including, but not limited to, aggravated felonies, as defined in 8 U.S.C. § 1101(a)(43), and crimes of moral turpitude, which includes crimes involving fraud. Removal and other immigration consequences are the subject of a separate proceeding. No one, including the defendant's attorney and the Court, can predict with certainty the effect of the conviction resulting from this agreement on the defendant's immigration status. The defendant understands this uncertainty and nonetheless wishes to plead guilty regardless of any

immigration consequences that the guilty plea may entail, even if the consequence is the defendant's automatic removal from the United States.

c. A felony conviction may adversely affect the defendant's ability to hold certain professional licenses and may impair the defendant's ability to do business with federal, state, and local governments or to receive benefits from such governments.

There may be other adverse consequences as well, some of them unforeseeable. It may be difficult or impossible to predict all of the adverse consequences of the defendant's guilty plea. The defendant agrees that any resulting adverse consequences, whether or not foreseen or foreseeable, will not provide a basis for withdrawing from the guilty plea described in this agreement or otherwise challenging the resulting conviction and sentence.

G. **Restitution:** Independent of any agreement to pay restitution, and whether there is any such agreement, the sentencing Court may be required to order that the defendant pay restitution to any victim of the offense(s) of conviction under the Mandatory Victim Restitution Act, 18 U.S.C. § 3663A. In addition, the sentencing Court may have the authority to order that the defendant pay restitution to any victim of the offense(s) of conviction pursuant to 18 U.S.C. §§ 3663 & 3664.

H. **Forfeiture:** If the defendant has agreed to forfeiture of assets, the defendant agrees to the following terms and conditions:

a. The defendant hereby forfeits, to the United States, all right, title, and interest of any nature in any and all assets that are subject to forfeiture, including substitute

assets, as set forth above, whether those assets are in the possession or control of the defendant, a nominee, or some other third party.

b. The defendant consents to the entry of an order of forfeiture of the assets described above.

c. The defendant is aware that pursuant to Rule 32.2(b)(4)(A) of the Federal Rules of Criminal Procedure, a preliminary order of forfeiture becomes final as to a given defendant at sentencing or at any time before sentencing if the defendant consents. The defendant consents that the preliminary order of forfeiture in this case shall become final as to the defendant before sentencing, as of the date the preliminary order of forfeiture is entered by the Court. The defendant understands that the government, upon entry of the preliminary order of forfeiture, will address any potential third party claims pursuant to Rule 32.2(c), and seek to finalize forfeiture.

d. Forfeiture of the defendant's assets will not satisfy all, or any portion of, a fine, restitution, or other monetary penalty that the Court may impose upon the defendant in addition to forfeiture. Satisfaction of all, or any portion of, any restitution, fine, or other penalty that the Court may impose upon the defendant in addition to forfeiture will not satisfy all, or any portion of, any forfeiture judgment ordered by the Court.

e. In the event that any successful claim is made, by any third party, to the assets described above, the defendant agrees to forfeit substitute assets equal in value to the assets transferred to any such third party. The defendant agrees that forfeiture of substitute assets shall not be deemed an alteration of the Defendant's sentence.

f. The defendant agrees to cooperate with the United States by taking whatever steps are necessary to pass clear title to the United States of any forfeitable assets, including but not limited to, surrendering title; completing any documents or legal proceedings required to transfer assets to the United States; and taking necessary steps to ensure that assets subject to forfeiture are not sold, disbursed, expended, destroyed, damaged, hidden or otherwise made unavailable for forfeiture or removed beyond the jurisdiction of the Court.

g. The defendant waives the right to a jury trial on the forfeiture of assets. The defendant waives all constitutional, legal, and equitable defenses to the forfeiture of assets, as provided by this agreement, in any proceeding, including but not limited to any jeopardy defense or claim of double jeopardy or any claim or defense under the Eighth Amendment to the United States Constitution, including any claim of an excessive fine.

h. The defendant acknowledges that the government may institute civil or administrative proceedings against any or all of the defendant's forfeitable assets, including, but not limited to substitute assets and any forfeitable assets not identified by the defendant, and agrees not to contest any such forfeiture proceedings.

i. The defendant represents and warrants that the defendant has no direct or indirect interest in any property, real or personal, or other asset subject to forfeiture by virtue of this plea agreement, other than those listed above.

j. The defendant acknowledges joint and several liability for the amount of any money judgment set forth above.

k. In the event the government determines that the defendant has breached any condition of this plea agreement, none of the forfeited property shall be returned to the defendant, nor shall the defendant assert any claim to the forfeited property. The defendant shall not reacquire any forfeited property, directly or indirectly, through family members, nominees, friends, or associates.

I. **Determination of Financial Condition and Payment of Interest and Penalties:**

a. In order to facilitate the collection of financial obligations to be imposed in connection with this prosecution, the defendant agrees fully to disclose all assets in which the defendant has any interest or over which the defendant exercises control, directly or indirectly, including those held by a spouse, nominee, or other third party.

b. The defendant will promptly submit a complete, accurate, and truthful financial statement to the United States Attorney's Office, in a form it provides and as it directs.

c. The defendant authorizes the United States Attorney's Office to obtain a credit report on the defendant in order to evaluate the defendant's ability to satisfy any financial obligation imposed by the Court.

d. Interest and penalties may accrue, as a matter of law, on any unpaid financial obligation imposed as part of the defendant's sentence, from as early as the date of sentencing.

J. **Remedies for Breach:**

a. Should the government determine that the defendant, after the date the defendant has signed this plea agreement, (i) has committed any further crime or violated

any condition of release or supervision imposed by the Court (whether or not charged); (ii) has given false, incomplete, or misleading testimony or information; or (iii) has moved to withdraw the defendant's guilty plea for reasons other than those described in this agreement or otherwise has breached any term or condition of this plea agreement or supplemental agreements with the government, the government will have the right, in its sole discretion, to void this agreement, in whole or in part. In the event of such breach, the defendant will remain obligated to plead guilty and otherwise comply with the terms of this agreement and will not be permitted to withdraw the defendant's guilty plea under this agreement. The defendant will be subject to prosecution for any federal criminal violation of which the government has knowledge, including but not limited to charges that this Office has agreed to dismiss or not to prosecute under this agreement.

b. If the defendant breaches this agreement, the government will have the following remedies, among others, available to it:

   i. To bring prosecution for any federal criminal offenses dismissed or not prosecuted under this agreement. The defendant waives (gives up) any defense or objection to the commencement of any such prosecution that is not time-barred by the applicable statute of limitations as of the date on which the defendant signed this plea agreement, notwithstanding the expiration of the statute of limitations between the signing of the agreement and the commencement of any such prosecution.

   ii. In connection with any such prosecution, any information, statement, and testimony provided by the defendant, and all leads derived therefrom, may

be used against the defendant, without limitation and without regard to any rights the defendant may have under Fed. R. Crim. P. 11(f) and Fed. R. Evid. 410.

iii. To utilize any information, statement, or testimony provided by the defendant in any proceeding, including at sentencing, notwithstanding U.S.S.G.§1B1.8;

iv. To advocate if, and how, any particular adjustment or specific offense characteristic affects the applicable Sentencing Guidelines range without regard to any contrary stipulations contained in this agreement;

v. To refrain from making any sentencing-related motion favorable to the defendant without regard to any provision in this agreement obligating the government to consider making or make such motion upon fulfillment of certain conditions;

vi. To urge the sentencing Court to take the defendant's breach into account when imposing sentence;

vii. To recommend any sentence the government deems appropriate, even if such recommendation is at odds with any stipulation in this agreement.

K. **Limitations**: This agreement is between the United States Attorney's Office for the Northern District of New York and the defendant. References to "the government" in this agreement refer only to that Office. This agreement does not bind any other federal, state, or local prosecuting authorities. Furthermore, this agreement does not prohibit the United States, any agency thereof, or any third party from initiating or prosecuting any civil or administrative proceedings directly or indirectly involving the defendant,

including, but not limited to, proceedings by the Internal Revenue Service relating to potential civil tax liability, proceedings relating to the forfeiture of assets, and proceedings by the Department of Homeland Security, Bureau of Citizenship and Immigration Services relating to the immigration status of the defendant.

L. **Agreement Must be Signed; Modifications Must be Written or on the Record:** This agreement, to become effective, must be signed by all of the parties listed below. No promises, agreements, terms, or conditions other than those set forth in this plea agreement will be effective unless memorialized in writing and signed by all parties or confirmed on the record before the Court.

M. **Agreement to Plead Guilty Voluntary:** The defendant acknowledges reading each of the provisions of this plea agreement with the assistance of counsel and understands its provisions. The defendant further acknowledges that the defendant's agreement to plead guilty is voluntary and did not result from any force, threat, or promises (other than the promises in this plea agreement and any written supplemental agreements or amendments).

v.

VINCENT ALEXIS

Defendant.

Criminal Action No. 13-CR-155 (GTS)

VIO: 18 U.S.C. § 2423(b) and (e)

INFORMATION

County: Jefferson

****

THE UNITED STATES ATTORNEY CHARGES:

On or about July 23, 2011, in Jefferson County, in the Northern District of New York, the defendant,

VINCENT ALEXIS,

a United States citizen, traveled in interstate commerce and attempted to travel in foreign commerce with intent to engage in illicit sexual conduct, as defined in Title 18, United States Code, Section 2423(f), with another person, in violation of Title 18, United States Code, Section 2423(b) and (e).

THE UNITED STATES ATTORNEY FURTHER CHARGES:
FORFEITURE ALLEGATIONS

1. The allegations contained in Count 1 of this Information are hereby realleged and incorporated by reference for the purpose of alleging forfeitures pursuant to Title 18, United States Code, Section 2428.

2. Pursuant to Title 18, United States Code, Section 2428, upon conviction of an offense in violation of Title 18, United States Code, Section 2423(b) and (e), the defendant, **VINCENT ALEXIS**, shall forfeit to the United States of America any property, real or personal, that was used or intended to be used to commit or to facilitate the commission of the offense. The property to be forfeited includes, but is not limited to, the following:

a. **$2,000.00 in U.S. Currency**

3. If any of the property described above, as a result of any act or omission of the defendant[s]:

a. cannot be located upon the exercise of due diligence;

b. has been transferred or sold to, or deposited with, a third party;

c. has been placed beyond the jurisdiction of the court;

d. has been substantially diminished in value; or

e. has been commingled with other property which cannot be divided without difficulty,

the United States of America shall be entitled to forfeiture of substitute property pursuant to Title 21, United States Code, Section 853(p), as incorporated by Title 28, United States Code, Section 2461(c).

SUPERVISED RELEASE

Upon release from imprisonment, the defendant shall be on supervised release for a term of: **20 years**

The defendant must report to the probation office in the district to which the defendant is released within 72 hours of release from the custody of the Bureau of Prisons.

The defendant shall not commit another federal, state or local crime.

The defendant shall not unlawfully possess a controlled substance. The defendant shall refrain from any unlawful use of a controlled substance. The defendant shall submit to one drug test within 15 days of release from imprisonment and at least two periodic drug tests thereafter, as determined by the court.

G The above drug testing condition is suspended, based on the court's determination that the defendant poses a low risk of future substance abuse. (Check, if applicable.)

x The defendant shall not possess a firearm, destructive device, or any other dangerous weapon.

x The defendant shall cooperate in the collection of DNA as directed by the probation officer. (Deselect, if inapplicable.)

x The defendant shall register with the state sex offender registration agency in the state where the defendant resides, works, or is a student, as directed by the probation officer. (Check, if applicable.)

G The defendant shall participate in an approved program for domestic violence. (Check, if applicable.)

If this judgment imposes a fine or restitution, it is a condition of supervised release that the defendant pay in accordance with the Schedule of Payments sheet of this judgment.

The defendant must comply with the standard conditions that have been adopted by this court as well as with any additional conditions on the attached page.

STANDARD CONDITIONS OF SUPERVISION

1) the defendant shall not leave the judicial district without the permission of the court or probation officer;
2) the defendant shall report to the probation officer in a manner and frequency directed by the court or probation officer;
3) the defendant shall answer truthfully all inquiries by the probation officer and follow the instructions of the probation officer;
4) the defendant shall support his or her dependents and meet other family responsibilities;
5) the defendant shall work regularly at a lawful occupation, unless excused by the probation officer for schooling, training, or other acceptable reasons;
6) the defendant shall notify the probation officer at least ten days prior to any change in residence or employment, or if such prior notification is not possible, then within five days after such change;
7) the defendant shall refrain from excessive use of alcohol and shall not purchase, possess, use, distribute, import, or manufacture any and all controlled substance and all controlled substance analogues, as defined in 21 U.S.C. § 802, and any paraphernalia related to any controlled substances, except that possession and use of a controlled substance properly prescribed by a licensed medical practitioner is permitted;
8) the defendant shall not frequent places where controlled substances are illegally sold, used, distributed, or administered;
9) the defendant shall not associate with any persons engaged in criminal activity and shall not associate with any person convicted of a felony, unless granted permission to do so by the probation officer;
10) the defendant shall permit a probation officer to visit him or her at any time at home or elsewhere and shall permit confiscation of any contraband observed in plain view of the probation officer;
11) the defendant shall notify the probation officer within seventy-two hours of being arrested or questioned by a law enforcement officer;
12) the defendant shall not enter into any agreement to act as an informer or a special agent of a law enforcement agency without the permission of the court;
13) as directed by the probation officer, the defendant shall notify third parties of risks that may be occasioned by the defendant's criminal record or personal history or characteristics and shall permit the probation officer to make such notifications and to confirm the defendant's compliance with such notification requirement;
14) the defendant shall not possess a firearm, destructive device, or any other dangerous weapon;
15) the defendant shall provide the probation officer with access to any requested financial information; and
16) the defendant shall submit his or her person, and any property, house, residence, vehicle, papers, effects, computer, electronic communications devices, and any data storage devices or media, to search at any time, with or without a warrant, by any federal probation officer, or any other law enforcement officer from whom the Probation Office has requested assistance, with reasonable suspicion concerning a violation of a condition of probation or supervised release or unlawful conduct by the defendant. Any items seized may be removed to the Probation Office or to the office of their designee for a more thorough examination.

DEFENDANT: Vincent Alexis
CASE NUMBER: DNYN513CR000155-001

SPECIAL CONDITIONS OF SUPERVISION

1. The defendant shall not have direct or indirect contact with the identified victim known as AC.

2. The defendant shall not have any direct contact with a person under the age of 18 unless it is supervised by a person approved of by the probation officer. The defendant shall not have indirect contact with a person under the age of 18 through another person or through a device (including a telephone, computer, radio, or other means) unless it is supervised by a person approved of by the probation officer. The defendant shall reasonably avoid and remove himself or herself from situations in which the defendant has any other form of contact with a minor.

3. The defendant shall not be in any area in which persons under the age of 18 are likely to congregate, such as school grounds, child care centers, or playgrounds, without the permission of the probation officer.

4. The defendant shall participate in a mental health program, which will include, but will not be limited to, participation in a treatment program for sexual disorders. The program shall be approved by the United States Probation Office.

5. The defendant's supervised release may include examinations using a polygraph, computerized voice stress analyzer, or other similar device to obtain information necessary for supervision, case monitoring, and treatment. The defendant shall answer the questions posed during the examination, subject to his or her right to challenge in a court of law the use of such statements as violations of the defendant's Fifth Amendment rights. In this regard, the defendant shall be deemed to have not waived his or her Fifth Amendment rights. The results of any examinations shall be disclosed to the United States Probation Office and the Court, but shall not be further disclosed without the approval of the Court.

6. The defendant shall contribute to the cost of any evaluation, testing, treatment and/or monitoring services rendered in an amount to be determined by the probation officer based on the defendant's ability to pay and the availability of third party payments.

7. The defendant shall not use or possess any computer or any other device with online capabilities, at any location, except at his or her place of employment, unless the defendant participates in the Computer Restriction and Monitoring Program. The defendant shall permit the United States Probation Office to conduct periodic, unannounced examinations of any computer equipment the defendant uses or possesses, limited to all hardware and software related to online use (e.g., use of the World Wide Web, e-mail, instant messaging, etc.). These examinations may include retrieval and copying of data related to online use, and the viewing of pictures and movies which may be potential violations of the terms and conditions of supervised release from this computer equipment including any internal or external peripherals, internet-capable devices, and data storage media. This computer equipment may be removed to the Probation Office or to the office of their designee for a more thorough examination. The Probation Office may use and/or install any hardware or software system that is needed to monitor the defendant's computer use, subject to the limitations described above.

8. If the defendant's employment requires the use of a computer, the defendant may use a computer in connection with the employment approved by the probation officer, at the defendant's place of employment, provided the defendant notifies his or her employer of: (1) the nature of his or her conviction; and (2) the fact that the defendant's conviction was facilitated by the use of the computer. The Probation Office must confirm the defendant's compliance with this notification requirement.

DEFENDANT'S ACKNOWLEDGMENTOF APPLICABLE CONDITIONS OF SUPERVISION

Upon a finding of a violation of probation or supervised release, I understand that the court may (1) revoke supervision, (2) extend the term of supervision, and/or (3) modify the conditions of supervision.

The conditions of supervision have been read to me. I fully understand the conditions and have been provided a copy of them.

DEFENDANT: Vincent Alexis
CASE NUMBER: DNYN513CR000155-001

CRIMINAL MONETARY PENALTIES

The defendant must pay the total criminal monetary penalties under the schedule of payments on Sheet 6.

	Assessment	Fine	Restitution
TOTALS	$ 100	$ Waived	$ N/A

G The determination of restitution is deferred until _____. An *Amended Judgment in a Criminal Case* (AO 245C) will be entered after such determination.

G The defendant must make restitution (including community restitution) to the following payees in the amount listed below.

If the defendant makes a partial payment, each payee shall receive an approximately proportioned payment, unless specified otherwise in the priority order or percentage payment column below. However, pursuant to 18 U.S.C. § 3664(i), all nonfederal victims must be paid before the United States is paid.

Name of Payee	Total Loss*	Restitution Ordered	Priority or Percentage

TOTALS $ _____ $ _____

G Restitution amount ordered pursuant to plea agreement $ _____

G The defendant must pay interest on restitution and a fine of more than $2,500, unless the restitution or fine is paid in full before the fifteenth day after the date of the judgment, pursuant to 18 U.S.C. § 3612(f). All of the payment options on Sheet 6 may be subject to penalties for delinquency and default, pursuant to 18 U.S.C. § 3612(g).

G The court determined that the defendant does not have the ability to pay interest and it is ordered that:

G the interest requirement is waived for the G fine G restitution.

G the interest requirement for the G fine G restitution is modified as follows:

* Findings for the total amount of losses are required under Chapters 109A, 110, 110A, and 113A of Title 18 for offenses committed on or after September 13, 1994, but before April 23, 1996.

DEFENDANT: Vincent Alexis
CASE NUMBER: DNYN513CR000155-001

SCHEDULE OF PAYMENTS

Having assessed the defendant's ability to pay, payment of the total criminal monetary penalties are due as follows:

A X In full immediately; or

B G Lump sum payment of $ _____ due immediately, balance due

G not later than _____ , or
G in accordance with G D, G E, G F, or G G below; or

C G Payment to begin immediately (may be combined with G D, G E, or G G below); or

D G Payment in equal _____ (e.g., weekly, monthly, quarterly) installments of $ _____ over a period of _____ (e.g., months or years), to commence _____ (e.g., 30 or 60 days) after the date of this judgment; or

E G Payment in equal _____ (e.g., weekly, monthly, quarterly) installments of $ _____ over a period of _____ (e.g., months or years), to commence _____ (e.g., 30 or 60 days) after release from imprisonment to a term of supervision; or

F G Payment during the term of supervised release will commence within _____ (e.g., 30 or 60 days) after release from imprisonment. The court will set the payment plan based on an assessment of the defendant's ability to pay at that time; or

G G Special instructions regarding the payment of criminal monetary penalties:

Unless the court has expressly ordered otherwise, if this judgment imposes imprisonment, payment of criminal monetary penalties is due during imprisonment. All criminal monetary penalties, except those payments made through the Federal Bureau of Prisons' Inmate Financial Responsibility Program, are made to **Clerk, U.S. District Court, Federal Bldg., 100 S. Clinton Street, P.O. Box 7367, Syracuse, N.Y. 13261-7367**, unless otherwise directed by the court, the probation officer, or the United States attorney. If a victim cannot be located, the restitution paid to the Clerk of the Court for that victim shall be sent to the Treasury, to be retrieved if and when the victim is located.

The defendant shall receive credit for all payments previously made toward any criminal monetary penalties imposed.

G Joint and Several

G Defendant and Co-Defendant Names and Case Numbers (including defendant number), Total Amount, Joint and Several Amount, and corresponding payee, if appropriate.

G The Court gives notice that this case involves other defendants who may be held jointly and severally liable for payment of all or part of the restitution ordered herein and may order such payment in the future.

G The defendant shall pay the cost of prosecution.

G The defendant shall pay the following court cost(s):

X The defendant shall forfeit the defendant's interest in the following property to the United States:

The defendant shall forfeit to the United States all right, title, and interest in the items listed in the Preliminary Order of Forfeiture signed by the Court on May 17, 2013.

Payments shall be applied in the following order: (1) assessment, (2) restitution principal, (3) restitution interest, (4) fine principal,(5) fine interest, (6) community restitution, (7) penalties, and (8) costs, including cost of prosecution and court costs.

United States District Court

Request for Modifying the Conditions or Term of Supervision with Consent of the Offender
(Probation Form 49, Waiver of Hearing is Attached)

Name of Offender: Vincent Alexis Case Number: 5:13CR00155-001

Name of Sentencing Judicial Officer: Honorable Glenn T. Suddaby, Chief U.S. District Judge

Date of Original Sentence: December 4, 2013

Original Offense: Attempted Travel in Interstate and Foreign Commerce to Engage in Illicit Sexual Conduct

Original Sentence: 97 Months Imprisonment

Type of Supervision: 20 Years Supervised Release Date Supervision Commenced: Pending - May 5, 2020

PETITIONING THE COURT

[ ] To extend the term of supervision for years, for a total term of years.
[X] To modify the conditions of supervision as follows:

The defendant must not view or possess any "visual depiction" (as defined in 18 U.S.C. § 2256), including any photograph, film, picture, or computer or computer-generated image or picture, whether made or produced by electronic, mechanical, or other means, of "sexually explicit conduct" (as defined in 18 U.S.C. § 2256).

CAUSE

On December 4, 2013, the Court sentenced Vincent Alexis to 97 months imprisonment and 20 years supervised release following his plea of guilty to Attempted Travel in Interstate and Foreign Commerce to Engage in Illicit Sexual Conduct in violation of 18 U.S.C. §§ 2423(b) and (e). The defendant is presently serving his sentence with the Federal Bureau of Prisons at FCI Fort Dix. He is scheduled to be released from the Bureau of Prisons on May 5, 2020. The defendant has no ties to the Northern District of New York. He was arrested in the Northern District of New York after attempting to enter Canada in order to meet with a 17-year-old minor to engage in sexual activity with the minor. The defendant has requested to be released to the District of Nevada. The U.S. Probation Office in the District of Nevada is requiring the requested modification of the defendant's conditions of supervised release prior to their acceptance of his supervision.

Alexis is agreeable with this modification and he has signed Probation Form 49, Waiver of Hearing to Modify Conditions. If the Court agrees with this proposed modification, Probation Form 12B and Probation Form 49 will need to be filed with the Clerk's Office. With the exception of the recommended modification, no further action is requested at this time.

Respectfully submitted,

by: M.J. Kester
Michael J. Kester
Supervising U.S. Probation Officer

Date: 3/7/2019

UNITED STATES DISTRICT COURT

Northern District of New York

Waiver of Hearing to Modify Conditions of Probation/Supervised Release or Extend Term of Supervision

I have been advised and understand that I am entitled by law to a hearing and assistance of counsel before any unfavorable change may be made in my Conditions of Probation and Supervised Release or my period of supervision being extended. By "assistance of counsel," I understand that I have the right to be represented at the hearing by counsel of my own choosing if I am able to retain counsel. I also understand that I have the right to request the court to appoint counsel to represent me at such a hearing at no cost to myself if I am not able to retain counsel of my own choosing.

I hereby voluntarily waive my statutory right to a hearing and to assistance of counsel. I also agree to the following modification of my Conditions of Probation and Supervised Release or to the proposed extension of my term of supervision:

No Pornography – You must not view or possess any "visual depiction" (as defined in 18 U.S.C. § 2256), including any photograph, film, video, picture, or computer or computer-generated image or picture, whether made or produced by electronic, mechanical, or other means, of "sexually explicit conduct" (as defined in 18 U.S.C. § 2256).

Re: Reinstatement Request

Dear Dr. De Guzman,

This is to inform you that you are hereby reinstated to participate in the programs administered in whole or part by the Division of Medical Assistance and Health Services.

Your reinstatement is effective as of the date of this letter. However, please note that this reinstatement letter does not reactivate your New Jersey Medicaid provider number. Rather you must first submit a completed enrollment packet, along with a copy of this letter, to reactivate provider status. Provider Enrollment packets can be found online at www.njmmis.com or by calling the Provider Enrollment Unit at DXC Technology at 609-588-6036 to have an enrollment packet mailed to you.

Sincerely,

Jennifer Langer Jacobs
Assistant Commissioner

MAR 13 2019

Dear Daisy G. De Guzman:

RE: OI File No. 2-11-40392-9

Your request for the reinstatement of your eligibility to participate as a provider of items and services covered by the title XVIII (Medicare) program has been approved. The reinstatement is effective with the date of this notice.

We have notified the appropriate State agencies of this action. However, the States are not obligated to reinstate you to their programs if they have imposed a longer period of exclusion under their own authority.

We recommend that you contact the Medicare carrier to determine your options for participating in that program.

Although your right to participate in the Federal health care programs has been reinstated effective with the date of this letter, your name will remain on the List of Excluded Individuals/Entities (LEIE) until the next monthly update. You can access the LEIE online at http://oig.hhs.gov/exclusions/index.asp. You should use this letter to demonstrate that your right to participate in the Federal health care programs has been reinstated until your name is removed from the LEIE.

Sincerely,

William T. Echols

Reason/Charge
DUI First Offenders Program

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy
Rebecca Trachtenberg (now Martinez)	N/A

Name of Business/Industry/Entity
N/A

Provide explanation below:

My name is Rebecca Martinez. I am including this letter as part of my credentialing. On November 16th, 2001 I was arrested for a DUI in Lewes, DE on highway 1, also known as the Coastal Highway. I was arrested under my maiden name, Rebecca Ann Trachtenberg. I had turned right onto highway 1 from Rehoboth Ave at 1:59am and was very shortly thereafter pulled over by a state policeman. I was determined to be under the influence and arrested for driving under the influence.

This was my first, and last, offence and I therefore qualified for the First Offenders Program (FOP) in Delaware, which is a diversion program for a DUI offence. This renders the arrest a violation only and not a crime and results in no actual conviction according to the Justice of the Peace Court #14. The documentation provided lists the offence as a DUI FOP specifically and not a DUI. I completed the FOP, which required that I attend DUI education classes and the matter was closed on October 17th, 2002. Please let me know if I need to supply any other information or documentation regarding the matter. Thank you.

This is in response to Question # 3 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
8/1/12	02/26/2013	AZ	Tucson	Pima

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court
1302155	Arizona Board of Nursing

Reason/Charge
Ethics Violation of the Nurse Practice Act

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy
Rebecca Hutton	NA

Name of Business/Industry/Entity
NA

Provide explanation below:

My name is Rebecca Martinez. I am a nurse practitioner and I am in recovery from the disease of addiction. I have been in recovery since 2006. In 2012, my husband and I relocated to Arizona. I did not have a good support system or routine in place when I moved here and subsequently had a relapse the summer of 2012. During that relapse my husband convinced me to write prescriptions for narcotics for his use. Although I recommitted to being clean in August of 2012 and have remained clean since then, my husband convinced me to write prescriptions for his medical use on several other occasions in the ensuing six months. I became very concerned about my behavior and his escalating addiction and confided in my family for support. In March of 2013, shortly after I made the family aware of the situation, my mother in law felt compelled to report me for unethical prescribing, and rightly so. During the investigation I chose to disclose to the board of nursing that I have a personal history of addiction because I felt that it was relevant, and the board had a right to know. I officially entered probation on March 23rd of 2014 and successfully completed the term in July of 2017. My license is now in good standing without restrictions.

I have not ever had any issues in my practice with patient care because of my addiction. I have never had an issue with malpractice insurance claims being filed. I currently have no restrictions on my practice. I was able to renew my DEA license in 2020 without incident. In 2015, I voluntarily surrendered both my Pennsylvania and California nursing licenses, in relation to this same incident, as neither state would allow me to complete probation for this infraction in absentia. When I applied for a registered nursing license in the state of Ohio, the board issued an RN license but reprimanded the license based on the past offense in Arizona, there was no new infraction. The reprimand is the lowest form of discipline. The board of nursing of Ohio also issue an NP license for me and I have an active DEA in good standing in that state as well.

Since August of 2012 my recovery has reached a new level of importance and efficacy in my life. As one of Jehovah' s witnesses, I apply bible principles in my life daily and I am committed to being clean in every way. I have a support system of people in the congregation who are also in recovery from addiction or committed to leading a clean life. I have a relapse prevention plan in place. I am truly committed to being honest in all my affairs and taking care of myself. My husband and I separated for several months in 2013 until he could demonstrate that he was dedicated to recovery and until I could address the issues of codependency so I would not make the same mistakes again. I never want to contribute to someone else' s addictive behavior, nor do I want to compromise myself professionally again. Sadly, the disease of addiction claimed my husband' s life on July 8th of 2015 but I can have confidence that I acted with integrity and did not contribute to his demise. Furthermore, I endured that tragedy without relapse and with my community of recovery, successfully.

In addition to the personal strides that I have made in the last 1 years, I also completed both a relapse prevention program and a medical ethics course as part of my consent agreement with the board of

Tucson, Arizona 85730

Dear Rebecca Hutton:

CONGRATULATIONS ON COMPLETION OF YOUR ORDER WITH THE ARIZONA STATE BOARD OF NURSING. The Board wishes to take this opportunity to wish you well in your future nursing practice.

Enclosed is the formal termination Order showing that you have completed your agreement with the Arizona State Board of Nursing. Please save this for your records and provide a copy to your employer.

Should you desire a new unstamped license, you must return your stamped license and, in writing, request a new license. If your license is up for renewal you must complete the renewal process instead. If you have any questions, please call me at (602) 771-7811.

Sincerely,

Kathleen Harrington

RE: *Commonwealth of Pennsylvania, Bureau of Professional and Occupational Affairs v. Rebecca A Trachtenberg, R.N.*, File No.: 14-51-06650, Docket No.: 1328-51-15

Dear Ms. Trachtenberg:

On September 9, 2015, the State Board of Nursing issued an Order adopting the terms of the Consent Agreement in the above-captioned matter. Enclosed is a copy of the Consent Agreement and Order for your records.

The Board's approval of this Consent Agreement completely and finally resolves this matter. Accordingly, this case is now closed.

Thank you for your cooperation in this matter. If you have any questions, please do not hesitate to contact me.

Sincerely,

William A. Newport

Enclosure: Consent Agreement

COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF STATE
BEFORE THE STATE BOARD OF NURSING

PROTHONOTARY
2015 SEP 10 AM 10: 55
Department of State

Commonwealth of Pennsylvania Bureau of Professional and Occupational Affairs	**File No.:** 14-51-06650
vs.	
Rebecca A. Trachtenberg, C.R.N.P., a/k/a Rebecca Ann Hutton Respondent	**Docket No:** 1328-51-15

CONSENT AGREEMENT AND ORDER

PARTIES

The Commonwealth of Pennsylvania, Department of State, Bureau of Professional and Occupational Affairs ("Commonwealth") and **Rebecca A. Trachtenberg, C.R.N.P., a/k/a Rebecca Ann Hutton** ("Respondent") stipulate as follows in settlement of the above-captioned case.

APPLICABLE LAW

1. This matter is before the State Board of Nursing ("Board") pursuant to Professional Nursing Law, Act of May 22, 1951, P.L. 317, ("Act"), 63 P.S. §§ 211-226, *as amended*; and/or the Act of July 2, 1993, P.L. 345, No. 48 ("ACT 48"), 63 P.S. §§ 2201-2207, *as amended*.

LICENSURE STATUS

2. At all relevant and material times, Respondent held the following license to practice as a certified registered nurse practitioner in the Commonwealth of Pennsylvania: license no. SP008229, which was originally issued on July 26, 2004, and which expired on April 30, 2006; and as a registered nurse license no. RN543464, which was originally issued on February 4, 2003, and which expired on April 30, 2006.

STIPULATED FACTS

3. The Respondent admits that the following allegations are true:

a. Respondent's licenses may be continually reactivated, renewed, or reinstated upon the filing of the appropriate documentation and payment of the necessary fees.

b. Respondent's last known address, as on file with the Board is: 12 Point Circle, Lewes, DE 19958.

c. Respondent's current address is 3411 S. Camino Seco #175, Tucson, AZ 85730.

d. At all relevant and material times, Respondent was authorized to practice as a registered nurse in the State of Arizona, license number RN173397 and certificate number AP4531.

e. On or about May 20, 2013, the Arizona State Board of Nursing ("Arizona Board"), by way of Consent Agreement and Order at Arizona Board Order Number 1302115, found Respondent to be in violation of the laws, rules, code and/or regulations of the State of Arizona because Respondent violated A.R.S. §§ 32-1606, 32-1663 (D), 32-1664, A.A.C. § R4-19-403 and R4-19-511(D).

f. A true and correct copy of the Arizona Board's May 20, 2013 Consent Agreement and Order, Arizona Board Order Number 1302115, is attached as **Exhibit** A and is incorporated by reference.

g. Pursuant to the May 20, 2013 Consent Agreement and Order, Respondent's license was suspended with said suspension stayed in favor of probation. See attached **Exhibit A.**

h. Respondent requests that the Board accept the voluntary surrender of her licenses to practice nursing.

i. Respondent agrees, understands and acknowledges that by voluntarily surrendering her licenses to practice nursing that she is forfeiting, relinquishing, and surrendering any and all rights, title and privilege to practice nursing in the Commonwealth of Pennsylvania and all property rights in retaining, renewing and/or reactivating her professional nursing licenses.

j. Respondent agrees, understands and acknowledges that the acceptance of the voluntary surrender of Respondent's licenses by the Board constitutes a reportable disciplinary action of the Board and has the legal effect of a revocation of her/his nursing license. This action is reportable to entities including, but not limited to, the National Practitioner Data Bank, the licensing authority of any state or jurisdiction, governmental entities including federal and state agencies, and any private or public health care facility.

k. Respondent is aware of and understands Respondent's right to have formal charges filed against Respondent and Respondent's right to an administrative hearing in this matter, and the following rights related to that hearing: to be represented by counsel at the hearing; to present witnesses and testimony in defense or in mitigation of any sanction that may be imposed for a violation; to cross-examine witnesses and to challenge evidence presented by the Commonwealth; to present legal arguments by means of a brief; and to take an appeal from any final adverse decision. Nonetheless, Respondent knowingly and voluntarily waives these rights as set forth in paragraph 7 below.

ALLEGED VIOLATIONS

4. The Commonwealth alleges that the Board is authorized to impose a civil penalty under Section 13(b) of the Act, 63 P.S. § 223(b), and/or Section 5(b)(4) of ACT 48, 63 P.S. §2205(b)(4), impose the costs of investigation under Section 5(b)(5) of ACT 48, 63 P.S. § 2205(b)(5), and suspend or revoke, or otherwise restrict Respondent's license under 63 P.S. § 224(a)(6), in that Respondent had a license suspended or revoked or has received other disciplinary action by the proper licensing authority in another state, territory, possession or country.

PROPOSED ORDER

5. The parties, intending to be legally bound, consent to the issuance of the following Order in settlement of this matter:

a. The Board finds that it is authorized to impose a civil penalty under Section 13(b) of the Act, 63 P.S. § 223(b), and/or Section 5(b)(4) of ACT 48, 63 P.S. §2205(b)(4), impose the costs of investigation under Section 5(b)(5) of ACT 48, 63 P.S. § 2205(b)(5), and suspend or revoke, or otherwise restrict Respondent's license under 63 P.S. § 224(a)(6), in that Respondent had a license suspended or revoked or has received other disciplinary action by the proper licensing authority in another state, territory, possession or country.

VOLUNTARY SURRENDER

b. The Board hereby accepts, the **VOLUNTARY SURRENDER** of Respondent's licenses to practice as a certified registered nurse practitioner and registered nurse in the Commonwealth of Pennsylvania, **License Nos. SP008229** and **RN543464**, along with any other licenses, registrations, certificates, approvals, authorizations, or permits (hereinafter referred to collectively as "authorizations to

practice the profession") issued by the Board to Respondent at the time this Consent Agreement is adopted by the Board.

c. Respondent agrees to cease practicing as a certified registered nurse practitioner and registered nurse in the Commonwealth on and after the effective date of this Consent Agreement, and shall not indicate she has any authority to practice the profession in the Commonwealth in any manner whatsoever in the future.

d. The acceptance of Respondent's license by the Board constitutes a reportable disciplinary action of the Board and has the legal effect of a revocation of her nursing licenses. This action is reportable to entities including, but not limited to, the National Practitioner Data Bank, the licensing authority of any state or jurisdiction, governmental entities including federal and state agencies, and any private or public health care facility.

e. Respondent relinquishes all rights, title and privilege to practice nursing in the Commonwealth of Pennsylvania and all property rights in retaining, renewing and/or reactivating her professional nursing licenses in the future.

f. Respondent shall, within ten (10) days of adoption of this Consent Agreement and Order, surrender Respondent's biennial renewal certificate and wallet card (or notarized affidavit of their loss or destruction) by mailing them to:

William A. Newport
Prosecuting Attorney
Bureau of Professional and Occupational Affairs
P.O. Box 69521
Harrisburg, PA 17106-9521

g. Respondent is precluded from applying for reactivation renewal, reissuance or reinstatement of Respondent's licenses without specific authorization from the Board.

h. This case shall be deemed settled and discontinued upon the Board issuing an Order adopting this Consent Agreement.

ADMISSIBILITY OF CONSENT AGREEMENT IN FUTURE PROCEDINGS

6. Respondent agrees that if Respondent is charged with a violation of an Act enforced by this Board in the future, this Consent Agreement and Order shall be admitted into evidence without objection in that proceeding.

ACKNOWLEDGMENT OF NOTICE AND WAIVER OF HEARING

7. Respondent acknowledges the filing and receipt of an Order to Show Cause in this matter. Respondent knowingly and voluntarily waives the right to an administrative hearing in this matter, and to the following rights related to that hearing: to be represented by counsel at the hearing; to present witnesses and testimony in defense or in mitigation of any sanction that may be imposed for a violation; to cross-examine witnesses and to challenge evidence presented by the Commonwealth; to present legal arguments by means of a brief; and to take an appeal from any final adverse decision.

ACKNOWLEDGMENT OF RIGHT TO ATTORNEY

8. Respondent acknowledges that she is aware that she has the right to consult with, and/or be represented by, private legal counsel of Respondent's choosing and at Respondent's expense when reviewing, considering and accepting the terms of this Consent Agreement. To the extent that Respondent is not represented by legal counsel, Respondent has knowingly elected to proceed without the assistance of legal counsel.

WAIVER OF CLAIM OF COMMINGLING AND OTHER CONSTITUTIONAL CLAIMS

9. Respondent expressly waives any constitutional rights and issues, such as commingling of prosecutorial and adjudicative functions by the Board or its counsel, which may arise or have arisen during the negotiation, preparation and/or presentation of this Consent Agreement. Respondent specifically agrees that if the Board rejects this agreement, it may assume that the facts and averments as alleged in this Consent Agreement are true and correct for the limited purpose of recommending a sanction, based on those assumed facts that would be acceptable to the Board before hearing the case. In the event that the Board does assume the facts and averments as alleged in this Consent Agreement are true for purposes of making a recommendation as to an acceptable sanction, such action shall not constitute commingling of prosecutorial and adjudicative functions by the Board or its counsel, and the Respondent expressly waives any constitutional rights and issues related to alleged commingling, bias, or violation of due process rights to have an unbiased and impartial adjudicator in any subsequent hearing. If a hearing is subsequently held, neither this Consent Agreement nor the proposed terms of settlement may be admitted into evidence and any facts, averments, and allegations contained in the Consent Agreement must be proven at hearing unless otherwise separately stipulated. This paragraph is binding on the participants even if the Board does not approve this Consent Agreement.

NO MODIFICATION OF ORDER

10. Respondent agrees, as a condition of entering into this Consent Agreement, not to seek modification at a later date of the Stipulated Order adopting and implementing this Consent Agreement without first obtaining the express written concurrence of the Prosecution Division.

AGREEMENT NOT BINDING ON OTHER PARTIES

11. The Office of General Counsel has approved this Consent Agreement as to form and legality; however, this Consent Agreement shall have no legal effect unless and until the Board issues the stipulated Order.

EFFECT OF BOARD'S REJECTION OF CONSENT AGREEMENT

12. Should the Board not approve this Consent Agreement, presentation to and consideration of this Consent Agreement and other documents and matters by the Board shall not prejudice the Board or any of its members from further participation in the adjudication of this matter. This paragraph is binding on the participants even if the Board does not approve this Consent Agreement.

ENTIRE AGREEMENT

13. This agreement contains the whole agreement between the participants; provided however, that the captions printed in the various provisions of this agreement are for ease of reading only and are not to be interpreted as forming any part of this agreement. There are no other terms, obligations, covenants, representations, statements or conditions, or otherwise, of any kind whatsoever concerning this agreement.

AGREEMENT DOES NOT PREVENT ADDITIONAL DISCIPLINE BASED ON OTHER COMPLAINTS

14. Nothing in this Order shall preclude the Prosecution Division for the Commonwealth from filing charges or the Board from imposing disciplinary or corrective measures for violations or facts not contained in this Consent Agreement;

VERIFICATION OF FACTS AND STATEMENTS

15. Respondent verifies that the facts and statements set forth in this Consent Agreement are true and correct to the best of Respondent's knowledge, information and belief. Respondent understands that statements in this Consent Agreement are made subject to the criminal

penalties of 18 Pa.C.S.A. § 4904 relating to unsworn falsification to authorities.

Prosecuting Attorney

DATED: 8/24/15

Rebecca A. Trachtenberg
a/k/a Rebecca Ann Hutton
Respondent

DATED: 8/17/15

ARIZONA STATE BOARD OF NURSING

IN THE MATTER OF REGISTERED NURSE LICENSE NO.: RN173397/AP4531 ISSUED TO: **REBECCA ANN HUTTON** RESPONDENT	CONSENT AGREEMENT AND ORDER NO. 1302115

CONSENT AGREEMENT

A complaint charging REBECCA ANN HUTTON (hereinafter "Respondent") with violation of the Nurse Practice Act was received by the Arizona State Board of Nursing (hereinafter "Board"). In the interest of a prompt and speedy settlement of the above-captioned matter, consistent with the public interest, statutory requirements and the responsibilities of the Board, and pursuant to A.R.S. § 41-1092.07 (F) (5), the undersigned parties entered into a Consent Agreement and Order ("Order") as a final disposition of this matter.

Based on the evidence before it, the Board makes the following Findings of Fact and Conclusions of Law:

FINDINGS OF FACT

1. REBECCA ANN HUTTON ("Respondent") holds Board issued registered nurse license no. RN173397 and certificate no. AP4531.

2. On or about February 26, 2013, the Board received a complaint alleging Respondent inappropriately prescribed controlled substances to family members and prescribed controlled substances using the names of family members without their knowledge in the metropolitan Tucson area. Based on the information contained in this complaint, the Board conducted an investigation.

3. From in or around August 2012 through February 2013, Respondent acted unprofessionally and deviated from Standard of Care when she failed to perform a medical exam or maintain a medical record for individuals A.P., D.T., and D.K. for whom she prescribed

EXHIBIT
A

controlled substances, in the Phoenix metropolitan and/or Tucson areas, placing individuals, who were not her patients, at risk for a poor medical outcome.

a. For Patient A.P., Respondent prescribed Soma 350mg #40, Percocet 5.325mg #100, and Percocet 5/325mg #30.

b. For Patient D.T., Respondent prescribed Oxycontin 20mg #20 and Soma 325mg, #15.

c. For Patient D.K., Respondent prescribed Oxycontin 40mg #20, Oxycodone 30mg #50, Oxycodone 30mg #50.

4. On or about August 6, 2012, Respondent acted unprofessionally and deceived the public when she prescribed Oxycontin, a controlled substance, to D.T., a family member who was not a patient of Respondent's, and who had no knowledge a controlled substance had been prescribed in her name.

5. On or about October 15, 2012, Respondent acted unprofessionally and deceived the public when she prescribed Soma 350mg, a controlled substance, for D.T., a family member who was not a patient of Respondent's, and who had no knowledge a controlled substance had been prescribed in her name.

6. On or about February 15, 2013, while employed at a Hospice facility in Phoenix, Arizona, Respondent acted unprofessionally and was counseled by her employer for "violating company policy" when she used a facility printed prescription pad to write a prescription for Soma, a controlled substance, to her social acquaintance, A.P., who is not a patient of the facility and for whom she did not have a medical record.

7. On or about May 14, 2013, Respondent admitted to Board staff that around the time of July 2012, Respondent relapsed on cocaine, and during that time, continued to prescribe controlled substances, placing patients at risk for poor medical outcome.

8 On or about May 14, 2013, Respondent admitted to Board staff that she had written prescriptions for controlled substances, in the Phoenix metropolitan and/or Tucson area, for AP, social acquaintances, and not actual patients, with full knowledge and intent that the controlled substances be diverted and used by her husband, A.H., an individual Respondent knew has a prescription drug addiction.

a. On or about January 31, 2013, prescribed Percocet 5/325mg to A.P.

b. On or about February 13, 2013, prescribed Percocet 5/325mg and Soma 325mg to A.P.

CONCLUSIONS OF LAW

Pursuant to A.R.S. §§ 32-1606, 32-1663 (D), and 32-1664, the Board has subject matter and personal jurisdiction in this matter. (18) "Unprofessional conduct" includes the following whether occurring in this state or elsewhere: (d) Any conduct or practice that is or might be harmful or dangerous to the health of a patient or the public; (g) Willfully or repeatedly violating a provision of this chapter or a rule adopted pursuant to this chapter; (h) Committing an act that deceives, defrauds or harms the public; (j) Violating a rule that is adopted by the board pursuant to this chapter, (effective September 30, 2009); and A.A.C. § R4-19-403 (effective January 31, 2009) (1) A pattern of failure to maintain minimum standards of acceptable and prevailing nursing practice; (3) Failing to maintain professional boundaries or engaging in a dual relationship with a patient, resident, or any family member of a patient or resident; (17) A pattern of using or being under the influence of alcohol, drugs, or a similar substance to the extent that judgment may be impaired and nursing practice detrimentally affected, or while on duty in any health care facility, school, institution, or other work location; (18) Obtaining, possessing, administering, or using any narcotic, controlled substance, or illegal drug in violation of any federal or state criminal law, or in violation of the policy of any health care facility, school,

institution, or other work location at which the nurse practices; (31) Practicing in any other manner that gives the Board reasonable cause to believe the health of a patient or the public may be harmed; and R4-19-511(D) In addition to acts listed under R4-19-403, for a nurse who prescribes or dispenses a drug or device, a practice that is or might be harmful to the health of a patient or the public, includes one or more of the following: (1) Prescribing a controlled substance to one's self or a member of the nurse's family; (5) Prescribing, dispensing, or furnishing a prescription drug or a prescription-only device to a person unless the nurse has examined the person and established a professional relationship, except when the nurse is engaging in one or more of the following: (a) Providing temporary patient care on behalf of the patient's regular treating and licensed health care professional; (b) Providing care in an emergency medical situation where immediate medical care or hospitalization is required by a person for the preservation or health, life, or limb; or (c) Furnishing a prescription drug to prepare a patient for a medical examination. A.R.S. § 32-1663 (D) as defined in A.R.S. § 32-1601 (22) (effective August 2, 2012). 22. "Unprofessional conduct" includes the following whether occurring in this state or elsewhere: (d) Any conduct or practice that is or might be harmful or dangerous to the health of a patient or the public. (g) Willfully or repeatedly violating a provision of this chapter or a rule adopted pursuant to this chapter. (h) Committing an act that deceives, defrauds or harms the public, and (j) Violating a rule that is adopted by the Board pursuant to this chapter.

The conduct and circumstances described in the Findings of Fact constitute sufficient cause pursuant to A.R.S. § 32-1664(N) to revoke, suspend or take other disciplinary action against the license of Respondent to practice as a registered nurse in the State of Arizona.

Respondent admits the Board's Findings of Fact and Conclusions of Law.

In lieu of a formal hearing on these issues, Respondent agrees to issuance of the attached Order and waives all rights to a hearing, rehearing, appeal or judicial review relating to this matter. Respondent further waives any and all claims or causes of action, whether known or unknown, that Respondent may have against the State of Arizona, the Board, its members, offices, employees and/or agents arising out of this matter.

Respondent understands that all investigative materials prepared or received by the Board concerning these violations and all notices and pleadings relating thereto may be retained in the Board's file concerning this matter.

Respondent understands that those admissions are conclusive evidence of a prior violation of the Nurse Practice Act and may be used for purposes of determining sanctions in any future disciplinary matter.

Respondent understands the right to consult legal counsel prior to entering into this Consent Agreement and such consultation has either been obtained or is waived.

Respondent understands that this Consent Agreement is effective upon its acceptance by the Board and by Respondent as evidenced by the respective signatures thereto. Respondent's signature obtained via facsimile shall have the same effect as an original signature. Once signed by Respondent, the Agreement cannot be withdrawn without the Board's approval or by stipulation between Respondent and the Board's designee. The effective date of this Order is the date the Consent Agreement is signed by the Board and by Respondent. If the Consent Agreement is signed on different dates, the later date is the effective date.

Joey Ridenour, R.N., M.N., F.A.A.N.
Executive Director

Dated: MAY 20, 2013

HUTTON, REBECCA; SES/ss

ORDER

In view of the above Findings of Fact, Conclusions of Law and the consent of Respondent, the Board hereby issues the following Order:

A. Respondent's consent to the terms and conditions of the Order and waiver of public hearing are accepted.

B. Respondent's registered nurse license number RN173397 and advanced practice certificate number AP4531 is hereby **suspended**; however, the **suspension is stayed** for as long as Respondent remains in compliance with this Order. During the stay of the suspension, Respondent's registered nurse license number RN173397 and Advanced Practice certificate number AP4531 is placed on probation for at minimum, 18 months, followed by standard probation for 18 months. Prior to termination of this Order, Respondent shall work as a nurse practitioner for a minimum of twenty-four months (not less than sixteen hours a week).

C. If Respondent is non-compliant with any of the terms of the Order during the 18-month stayed suspension period, the stay of the suspension shall be lifted and Respondent's license shall be automatically suspended for a minimum period of 18 months. Except as provided in paragraphs 7 (Drug Testing) and 14 (Quarterly Reports) of this Order, the Board or its designee, in its sole discretion, shall determine noncompliance with the stayed portion of the Order. With the exception of the provisions identified in Paragraphs 7 (Drug Testing) and 14

(Quarterly Reports). Respondent waives any and all rights to any further review, hearing, rehearing or judicial review of any suspension imposed pursuant to this paragraph.

D. If Respondent is noncompliant with any of the terms of the Order during the 18-month probation portion of the Order, Respondent's noncompliance shall be reviewed by the Board for consideration of possible further discipline on Respondent's nursing license.

E. If Respondent is convicted of a felony, Respondent's license shall be automatically revoked for a period of five years. Respondent waives any and all rights to a hearing, rehearing or judicial review of any revocation imposed pursuant to this paragraph.

F. This Order becomes effective upon the Board and Respondent's acceptance of the Order. The effective date is the date the Order is signed by the Board and Respondent. If Order is signed on different dates, the later date is the effective date.

G. At any time Respondent is required by terms of the Order to provide a copy of the Order to another individual or facility the Respondent must provide all pages of the Order.

H. The probation is subject to the following terms and conditions:

TERMS OF PROBATION
(Stayed Suspension and Standard Probation)

1. Stamping of License

Within three (3) days of the effective date of this Order, Respondent shall submit her license to the Board. Respondent's license shall be stamped "Probation" and returned to Respondent. While this Order is in effect, if the Board issues any certificates or licenses authorized by statute, except a nursing assistant certificate, such certificate or license shall also be stamped "**PROBATION.**" Respondent is not eligible for a multistate "Compact" license.

2. Nursing Ethics

Within thirty (30) days from the effective date of this Order Respondent shall make an appointment to undergo a nursing ethics course or begin nursing ethics counseling by a Board-approved treatment professional. If Respondent chooses to fulfill this stipulation by participation in counseling, Respondent shall execute the appropriate release of information form(s) to allow the counselor to communicate information to the Board or its designee. Prior to beginning the course or counseling, Respondent shall furnish a copy of this Consent Agreement and Order to include Findings of Fact and Conclusions of Law to the counselor or course director. Respondent shall cause the course director or counselor to notify the Board in writing within thirty days of entry into the course or therapy, and to verify in that same letter receipt of the Consent Agreement and Order to include Findings of Fact.

Respondent shall undergo and continue treatment or course attendance until the course director or treatment professional determines and reports to the Board in writing and on letterhead, that treatment is no longer considered necessary or the course has been successfully completed by the Respondent. During the duration of the course of counseling Respondent shall have the treatment professional or course director provide written reports to the Board every three months. The Board reserves the right to amend this Order based on the recommendations of the course director or treatment professional.

3. Substance Use Disorder Evaluation

On September 18, 2013 and again on December 4, 2013, Respondent was evaluated by Jacquelyn St. Germaine, PhD., a Board-approved evaluator. Prior to the evaluation, Dr. St. Germaine was provided with a copy of the Board's investigative report as well as other documents. Respondent executed the appropriate release of information forms to allow Dr. St. Germaine to communicate with the Board or its designee. The report from Dr. St. Germaine included a history of substance abuse, past treatment, present status of recovery and participation

in recovery activities, and recommendations for on-going treatment. Respondent will complete all recommendations as recommended by Dr. St. Germaine.

If recommended, Respondent shall enroll any recommended treatment or therapy within thirty (30) days of being notified by the Board of the recommendations from the evaluator. Respondent shall cause the program facilitator to inform the Board, in writing, verifying enrollment in the program. Prior to entry into any recommended therapy, Respondent shall provide a copy of this Consent Agreement and Order to include Findings of Fact and Conclusions of Law, and Order to the program facilitator. Respondent shall immediately execute the appropriate release of information form(s) to allow the facilitator to communicate information with the Board or its designee. Respondent shall participate in treatment or therapy until the Board receives verification from the facilitator in writing that Respondent has successfully completed the treatment requirements. During participation in treatment Respondent shall cause the provider or program facilitator to submit to the Board, in writing on a Board-approved form, evidence of satisfactory attendance, participation, discharge and successful completion of the program. Such reports are due beginning on the first quarterly reporting date after entry into treatment or therapy program and quarterly thereafter, according to schedule, and until verification of successful completion of the program has been received by the Board.

4. Relapse Prevention Therapy

Within thirty (30) days of the effective date of this Order, Respondent shall enter a Board approved Relapse Prevention Therapy Program. Respondent shall immediately execute the appropriate release of information form(s) to allow the facilitator to communicate information to the Board or its designee, and Respondent shall immediately provide a copy of this Consent Agreement and Order to include Findings of Fact and Conclusions of Law to the

facilitator. Within seven days of entering treatment, Respondent shall cause the facilitator to submit to the Board written verification of Respondent's enrollment in the Program, and verification of receipt of Respondent's entire Consent Agreement. Thereafter, Respondent shall cause the facilitator to provide quarterly reports to the Board according to the quarterly reporting schedule assigned to Respondent. Respondent shall continue undergoing treatment until the facilitator provides written notification to the Board, indicating that treatment is no longer needed. The Board reserves the right to amend the Order based on recommendation(s) of treating professional(s).

5. Nurse Recovery Group

Within seven (7) days of the effective date of this Order, Respondent shall enroll in a Board-acceptable Nurse Recovery Group if a group is available within forty miles. Respondent shall sign release of information forms allowing the group facilitator to inform the Board, in writing and on letterhead, of Respondent's entry and progress in the group. Respondent shall attend a Nurse Recovery Group once per week and have no "Unexcused" absences or "No call/No show" occurrences.

6. Participation in AA/NA

(a) Within seven (7) days of the effective date of this Order and throughout the term of this Order, Respondent shall participate at least two times weekly, in Alcoholics Anonymous (AA), Narcotics Anonymous (NA), or an equivalent program and shall provide to the Board, in writing on Board-approved forms verifying attendance within 7 days of assigned quarterly reporting due dates. The first report is due by the end of the first month after the effective date of the Order, and quarterly thereafter according to the assigned reporting dates.

(b) Respondent must obtain a temporary sponsor if participating in a twelve-step program within 30 of the effective date of this Order and a permanent sponsor within 60days

of the effective date of the Order. Respondent shall maintain a sponsor relationship throughout the terms of this Order. Failure to comply with stipulations as enumerated in sections (a) and (b) shall be considered as noncompliance with the terms of the Order.

7. Drug Testing

Respondent has received a copy of the Board's policy entitled "Guidelines For Non-Compliance With Drug Testing – Monitoring And CANDO Departments" dated May 21, 2013 ("Policy"), and agrees to abide by the terms and conditions set forth in the Policy.

Within seven (7) days of the effective date of this Order, Respondent shall enroll in a program that meets Board approved criteria for random drug testing. Drug testing may include testing of urine, hair follicle, nail, saliva or blood as determined by the Board or the Board's designee.

For random urine drug testing, Respondent shall submit a urine specimen a minimum of twice per month for a minimum period of 18 months. Thereafter, Respondent shall submit a urine specimen a minimum of once per month for the duration of the Order, and may be required to submit a specimen more frequently as determined by the Board or its designee.

For random hair testing, Respondent shall submit to hair testing that includes a health professional's panel of drugs to be tested at minimum, quarterly, and may be required to submit a specimen more frequently as determined by the Board or its designee. The first hair test must be submitted within thirty (30) days of the effective date of this Order and then quarterly thereafter.

Respondent shall provide written notification to the drug testing laboratory and the Board's designee of his/her unavailability to test before the unavailability occurs.

Within seven (7) days of a missed drug test due to an unexpected illness, Respondent must provide the Board or the Board's designee with written documentation from a medical provider stating that the medical provider personally examined Respondent on the day of the

requested drug test and that Respondent was not physically able to report to the laboratory for drug testing.

The Board's designee will immediately notify Respondent's employer of any drug test positive for an unauthorized drug. If Respondent tests positive for an unauthorized drug, misses a drug test or fails to submit a specimen suitable for drug testing, the Board or Board's designee may direct Respondent to cease practicing pending further determination by the Board or the Board's designee; and Respondent shall not return to practice until receiving written authorization from the Board or the Board's designee. During the Stayed Suspension period, if so investigated, reviewed and substantiated, testing positive for an unauthorized drug, failing to submit to a drug test or failing to submit a specimen suitable for drug testing, shall be considered as noncompliance with the terms of the Order, and the stay of suspension shall be lifted and Respondent's license automatically suspended. **If Respondent contests the lifting of the stay as it relates to this paragraph, Respondent shall request in writing, within 10 days of being notified of the automatic suspension of licensure, that the matter be placed on the Board agenda for the Board to review and determine if the automatic suspension of Respondent's license was supported by substantial evidence. If the written request is received within ten (10) days of a regularly scheduled Board meeting, the request will NOT be heard at that meeting, but will be heard at the NEXT regularly scheduled Board meeting. Pending the Board's review, Respondent's license shall be reported as suspended – under review. Respondent may not work in any capacity involving nursing licensure pending the Board's review. The Board's decision and Order shall not be subject to further review.**

During the standard eighteen month probation period of the Order, if so investigated, reviewed and substantiated, testing positive for an unauthorized drug, failing to submit to a drug

test or failing to submit a specimen suitable for drug testing, shall be considered as noncompliance with the terms of the Order.

Failing to submit to a drug test on a day when a drug test has been requested by the Board, its designee, an employer, or the laboratory constitutes a violation of this Agreement for which Respondent may not request further review/investigation by the Board's designee.

Violations of this Agreement for which Respondent may request further review/investigation by the Board's designee during the standard eighteen month probation include:

(1) A drug test positive for an unauthorized drug;

(2) Failing to submit a specimen suitable for drug testing, including a substituted or adulterated specimen.

Respondent may submit a written request to the Board's designee requesting further review/investigation within five days of being notified of the violation, and include the reason(s) for the violation in the request. Board staff may then investigate the reason(s) for the violation, including obtaining a written verification of Respondent's drug testing results from the Toxicologist or Medical Review Officer affiliated with the drug testing laboratory.

8. Abstain from Alcohol Use

Respondent shall abstain completely from the personal use of alcoholic beverages.

9. Abstain From Unauthorized Drug Use/Proof of Prescription/One Medical Provider

Respondent shall abstain completely from the personal use or possession of controlled substances, as defined in the State Controlled Substances Act, and dangerous drugs as defined by law, or any drugs requiring a prescription.

Orders prohibiting Respondent from personal use or possession of controlled substances or dangerous drugs do not apply to medications lawfully prescribed to Respondent for a bona fide illness or condition by a medical provider. During the duration of this Order, Respondent shall select one medical provider to coordinate her health care needs and to be aware of all prescriptions utilized by Respondent. Respondent shall immediately submit to that provider a copy of this Consent Agreement and Order to include the Findings of Fact and Conclusions of Law and shall execute all release of information form(s) as required by the Board or its designee. The medical provider shall, within one week of the effective date of the consent agreement, inform the Board, in writing, of knowledge of Respondent's Order and provide a list of medications prescribed for Respondent. DURING THE DURATION OF THE CONSENT AGREEMENT, RESPONDENT SHALL CAUSE ALL PROVIDERS TO NOTIFY THE BOARD OF ANY ADDITIONAL MEDICATIONS ORDERED BY THE PROVIDER. THE NOTIFICATION SHALL BE MADE IN WRITING WITHIN ONE WEEK OF THE PROVIDER'S ISSUANCE OF THE PRESCRIPTION.

If Respondent has a lawful prescription for a narcotic or mood-altering drug, Respondent shall cause her prescribing provider to submit monthly reports to the Board by the 30th day of each month regarding the continued need for the prescribed narcotic or mood-altering medications. The Board or its designee may, at any time, request the provider to document the continued need for prescribed medications. Respondent shall keep a written record of medications taken, including over-the-counter drugs, and produce such record upon request by the Board or its designee.

10. Pharmacy Profiles

Throughout the duration of this Order, Respondent shall use only one pharmacy from which to obtain her prescriptions. Within thirty (30) days of the effective date of the Consent

Agreement, Respondent shall submit in writing to the Board the name of every pharmacy and/or facility from which Respondent is currently obtaining prescription medications, and shall submit the name of the pharmacy from which she chooses to obtain future prescriptions. Throughout the duration of the Order, Respondent must inform the Board in writing within 7 days of any additions or changes in pharmacies from which Respondent obtains medications. Respondent shall submit a copy of all pharmacy profiles to the Board on a quarterly basis according to the assigned reporting due dates, and upon request from the Board or its designee. The first report shall be due on the first quarterly due date after the effective date of this Order.

11. Relapse Prevention Evaluation

Eighteen (18) months prior to the termination of the Order or as requested by the Board or its designee, Respondent shall be evaluated by a Board approved evaluator with expertise in substance use disorders and recovery maintenance. If recommended by the evaluator, Respondent shall enter, participate regularly and successfully complete a relapse prevention program, or any other recommendations as designated by the evaluator; Respondent shall enroll in a relapse prevention program or other recommended therapy within 30 days of being notified by the Board or its designee of the recommendations from the evaluator.

Respondent shall cause the program facilitator to inform the Board in writing verifying enrollment in the program. Prior to entry into a relapse prevention program or any type of other recommended therapy, Respondent shall provide a copy of this Consent Agreement and Order to include Findings of Fact and Conclusions of Law, and Order to the program facilitator. Respondent shall immediately execute the appropriate release of information form(s) to allow the facilitator to communicate information with the Board or its designee. Respondent shall participate in the relapse prevention program or therapy until the Board receives verification from the facilitator in writing that Respondent has successfully completed the program. During

participation in the program Respondent shall cause the program facilitator to provide to the Board, in writing on a Board-approved form, evidence of satisfactory attendance, participation, discharge and successful completion of the program. Such reports are due beginning on the first quarterly reporting date after entry into the relapse prevention program and quarterly thereafter, according to schedule, for the remainder of the probationary period or verification of successful completion of the program.

12. Notification of Practice Settings

Any setting in which Respondent accepts employment, which requires RN licensure, shall be provided with a copy of the entire Order within three (3) calendar days of the effective date of this Order and must confirm, in writing, their ability to provide Respondent with the supervision as required by this Order. Thereafter, any setting in which Respondent accepts employment, which requires RN licensure shall be provided with a copy of the entire Order on or before the date of hire and within three (3) calendar days of hire must confirm, in writing, their ability to provide Respondent with the supervision as required by this Order.. In the event Respondent is attending a nursing program, Respondent shall provide a copy of the entire Consent Agreement and Order to the Program Director. Respondent shall cause the Program Director to inform the Board, in writing and on school letterhead, acknowledgment of the program's receipt of a copy of the Consent Agreement and Order and the program's ability to comply with the conditions of probation during clinical experiences.

13. Chart Review

Prior to accepting employment as an advanced practice family nurse practitioner, Respondent shall identify and provide the name to the Board of a nationally certified family nurse practitioner of same or higher educational level (auditor) or Board approved physician to conduct chart audits of Respondent's patients on a monthly basis. For the first 12 months while working in a position which

requires advanced practice certification, Respondent shall cause the previously identified nationally certified family nurse practitioner of same or higher educational level or Board approved physician to audit 50% of the records of persons Respondent has provided care to during the prior 30 days and review of prescriber's (Respondent's) Controlled Substance Pharmacy Program profile. The audit shall include a review and confirmation of appropriate assessment, diagnosis, treatment plan, and medications prescribed. Review should also include prescription profiles, appropriate controlled substance prescribing and adhering to pain agreement. For the first 12 months while working in a position which requires advanced practice certification, Respondent shall cause the auditor to provide to the Board, in writing, a summary of the random chart audit to contain a minimum of 50% of Respondent's patients and 100% controlled substance prescription review by a Nationally Certified FNP with same or higher education level or Board approved physician by the 30th of each month. For the second 12 months, Respondent may have 25% of Respondent's patients and 100% controlled substance audited instead of 50%, and then for the duration Respondent may have 10% audited of Respondent's patients and 100% controlled substance instead of 25%.

14. Quarterly Reports

Within thirty (30) days of the effective date of this Order, and quarterly thereafter, Respondent shall cause **every** employer Respondent has worked for to submit to the Board, in writing, quarterly employer evaluations on the Board-approved form including 100% controlled substance prescription review by a Nationally certified FNP with the same or higher education level or by a Board approved physician. In the event Respondent is not employed in nursing or attending school during any quarter or portion thereof, Respondent shall submit to the Board, in writing, a self-report describing other employment or activities on the Board-approved form.

Receipt of confirmation of employment disciplinary action, including written counseling(s), suspension, termination or resignation in lieu of termination from a place of

employment, any of which pertains to improper patient care, unsafe practice, inappropriate medication removal or administration, sub-standard documentation, or impairment on duty, positive drug test showing evidence of any drug other than an authorized drug, and/or refusal to submit to an employer requested drug screen/testing, shall be investigated by Board staff and reviewed and substantiated by the Board's designee. If so investigated, reviewed and substantiated, the employment disciplinary action shall be considered as noncompliance with the terms of the Order, and the stay of suspension shall be lifted and Respondent's license automatically suspended. **If Respondent contests the lifting of the stay as it relates to this paragraph, Respondent shall request in writing, within 10 days of being notified of the automatic suspension of licensure, that the matter be placed on the Board agenda for the Board to review and determine if the automatic suspension of Respondent's license was supported by substantial evidence. If the written request is received within ten (10) days of a regularly scheduled Board meeting, the request will NOT be heard at that meeting, but will be heard at the NEXT regularly scheduled Board meeting. Pending the Board's review, Respondent's license shall be reported as suspended – under review. Respondent may not work in any capacity involving nursing licensure pending the Board's review. The Board's decision and Order shall not be subject to further review.**

Failure to provide employer evaluations or if not working in nursing, self-reports, within seven days of the reporting date is noncompliance with this Order and is not subject to further review.

15. Practice Under On-Site Supervision

While Respondent is working as a registered nurse, Respondent shall practice as a registered nurse only under the on-site supervision by a Nationally certified FNP with the same or higher education level or a Board approved physician who is in good standing with the Board.

On-site supervision is defined as having a registered nurse present in the building while Respondent is on duty. While Respondent is working for Optum United Healthcare conducting history and physical examinations in a home setting, this on-site supervision does not apply; instead, Respondent shall communicate regularly by telephone with her supervisor, her supervisor shall conduct regular review of Respondent's work by accompanying Respondent to the history and physical examinations that Respondent conducts, and her supervisor shall provide quarterly reports to the Board about Respondent's compliance with the Consent Agreement and Order.

The supervising nurse or Board approved physician shall have read this Consent Agreement and Order to include the Findings of Fact and Conclusions of Law, and Order, and shall provide input on Respondent's employer evaluations to the Board. The supervising nurse or Board approved physician shall be primarily one person, who may periodically delegate to other qualified personnel, who shall also have read this Consent Agreement and Order to include Findings of Fact, Conclusions of Law. In the event that the assigned supervising nurse or Board approved physician is no longer responsible for the supervision required by this paragraph, Respondent shall cause her new supervising nurse or Board approved physician to inform the Board, in writing and on employer letterhead, acknowledgment of the new supervisor's receipt of a copy of this Consent Agreement and Order to include the Findings of Fact and Conclusions of Law and the new supervising nurse or Board approved physician's agreement to comply with the conditions of probation within ten days of assignment of a new supervising nurse.

16. Acceptable Hours of Work

Respondent shall work only the day or evening shift. Evening shift is defined as a shift that ends prior to midnight. Within a 14-day period Respondent shall not work more than 84 scheduled hours.

Respondent may work three 12-hour shifts in one seven day period and four 12-hour shifts in the other seven-day period, but Respondent may not work more than 3 consecutive 12-hour shifts during this probationary period. Respondent shall not work 2 consecutive 8 hour shifts within a 24 hour period or be scheduled to work 16 hours within a 24 hour period.

17. Registry Work Prohibited

Respondent may not work for a nurse's registry, home health, traveling nurse agency, any other temporary employing agencies, float pool, or position that requires on-call status, unless employed by Optum United Healthcare as described in section 15 (Practice Under On-Site Supervision) above. In no event is Respondent permitted to write prescriptions in this capacity.

18. Out of State Practice/Residence

Before any out-of-state practice or residence can be credited toward fulfillment of these terms and conditions, out-of-state practice or residence must first be approved by the Board prior to leaving the state. If Respondent fails to receive such approval before leaving the state, none of the time spent out of state will be credited to the fulfillment of the terms and conditions of this Order.

19. Release of Information Forms

Respondent shall sign all release of information forms as required by the Board or its designee and return them to the Board within 10 days of the Board's written request. Failure to provide for the release of information, as required by this paragraph constitutes non-compliance with this Order.

20. Interview with the Board or its Designee

Respondent shall appear in person or telephonically for interviews with the Board or its designee upon request at various intervals and with at least two (2) day notice.

21. Renewal of License

In the event Respondent's registered nurse license is scheduled to expire while this Order is in effect, Respondent shall apply for renewal of the license, pay the applicable fee, and otherwise maintain qualification to practice nursing in Arizona.

22. Change of Employment/Personal Address/Telephone Number

Respondent shall notify the Board, in writing, within 7 days of any change in nursing employment, personal address or telephone number. Changes in nursing employment include the acceptance, resignation or termination of employment.

23. Obey All Laws

Respondent shall obey all laws/rules governing the practice of nursing in this state and obey all federal, state and local criminal laws. Respondent shall report to the Board, within 10 days, any misdemeanor or felony arrest or conviction.

24. Costs

Respondent shall bear all costs of complying with this Order.

25. Violation of Probation

If during the stayed suspension portion of the Order, if Respondent is noncompliant with the terms of the Order in any way, the stay of suspension shall be lifted and Respondent's license shall be automatically suspended for a minimum period of 18 months. If during the standard probation portion of the Order, Respondent is noncompliant with the terms of the Order in any respect, the Board staff may notify the Respondent's employer of the noncompliance. Additionally, the Board may revoke probation and take further disciplinary action for noncompliance with this agreement after affording Respondent notice and the opportunity to be heard. If a complaint or petition to revoke probation is filed against Respondent during probation, the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

26. Voluntary Surrender of License

Respondent may, at any time this order is in effect, voluntarily request surrender of her license.

27. Completion of Order

When Respondent has 9 months left in the probationary period Respondent's compliance will be reviewed by the Board's designee. If Respondent has demonstrated full compliance with all terms of the Order, Respondent will be eligible to participate in a "step-down" component of the Order where reports from AA and Nurse Recovery Group will no longer be required.

Respondent is not eligible for early termination of this Order. Upon successful completion of the terms of the Order, Respondent shall request formal review by the Board, and after formal review by the Board, Respondent's nursing license may be fully restored by the appropriate Board action if compliance with this Order has been demonstrated.

ARIZONA STATE BOARD OF NURSING

IN THE MATTER OF REGISTERED NURSE LICENSE NO.: RN173397/AP4531 ISSUED TO: **REBECCA ANN HUTTON** RESPONDENT	CONSENT AGREEMENT AND ORDER NO. 1302115

CONSENT AGREEMENT

A complaint charging REBECCA ANN HUTTON (hereinafter "Respondent") with violation of the Nurse Practice Act was received by the Arizona State Board of Nursing (hereinafter "Board"). In the interest of a prompt and speedy settlement of the above-captioned matter, consistent with the public interest, statutory requirements and the responsibilities of the Board, and pursuant to A.R.S. § 41-1092.07 (F) (5), the undersigned parties entered into a Consent Agreement and Order ("Order") as a final disposition of this matter.

Based on the evidence before it, the Board makes the following Findings of Fact and Conclusions of Law:

FINDINGS OF FACT

1. REBECCA ANN HUTTON ("Respondent") holds Board issued registered nurse license no. RN173397 and certificate no. AP4531.

2. On or about February 26, 2013, the Board received a complaint alleging Respondent inappropriately prescribed controlled substances to family members and prescribed controlled substances using the names of family members without their knowledge in the metropolitan Tucson area. Based on the information contained in this complaint, the Board conducted an investigation.

3. From in or around August 2012 through February 2013, Respondent acted unprofessionally and deviated from Standard of Care when she failed to perform a medical exam or maintain a medical record for individuals A.P., D.T., and D.K. for whom she prescribed

controlled substances, in the Phoenix metropolitan and/or Tucson areas, placing individuals, who were not her patients, at risk for a poor medical outcome.

a. For Patient A.P., Respondent prescribed Soma 350mg #40, Percocet 5.325mg #100, and Percocet 5/325mg #30.

b. For Patient D.T., Respondent prescribed Oxycontin 20mg #20 and Soma 325mg, #15.

c. For Patient D.K., Respondent prescribed Oxycontin 40mg #20, Oxycodone 30mg #50, Oxycodone 30mg #50.

4. On or about August 6, 2012, Respondent acted unprofessionally and deceived the public when she prescribed Oxycontin, a controlled substance, to D.T., a family member who was not a patient of Respondent's, and who had no knowledge a controlled substance had been prescribed in her name.

5. On or about October 15, 2012, Respondent acted unprofessionally and deceived the public when she prescribed Soma 350mg, a controlled substance, for D.T., a family member who was not a patient of Respondent's, and who had no knowledge a controlled substance had been prescribed in her name.

6. On or about February 15, 2013, while employed at a Hospice facility in Phoenix, Arizona, Respondent acted unprofessionally and was counseled by her employer for "violating company policy" when she used a facility printed prescription pad to write a prescription for Soma, a controlled substance, to her social acquaintance, A.P., who is not a patient of the facility and for whom she did not have a medical record.

7. On or about May 14, 2013, Respondent admitted to Board staff that around the time of July 2012, Respondent relapsed on cocaine, and during that time, continued to prescribe controlled substances, placing patients at risk for poor medical outcome.

8 On or about May 14, 2013, Respondent admitted to Board staff that she had written prescriptions for controlled substances, in the Phoenix metropolitan and/or Tucson area, for AP, social acquaintances, and not actual patients, with full knowledge and intent that the controlled substances be diverted and used by her husband, A.H., an individual Respondent knew has a prescription drug addiction.

a. On or about January 31, 2013, prescribed Percocet 5/325mg to A.P.

b. On or about February 13, 2013, prescribed Percocet 5/325mg and Soma 325mg to A.P.

CONCLUSIONS OF LAW

Pursuant to A.R.S. §§ 32-1606, 32-1663 (D), and 32-1664, the Board has subject matter and personal jurisdiction in this matter. (18) "Unprofessional conduct" includes the following whether occurring in this state or elsewhere: (d) Any conduct or practice that is or might be harmful or dangerous to the health of a patient or the public; (g) Willfully or repeatedly violating a provision of this chapter or a rule adopted pursuant to this chapter; (h) Committing an act that deceives, defrauds or harms the public; (j) Violating a rule that is adopted by the board pursuant to this chapter, (effective September 30, 2009); and A.A.C. § R4-19-403 (effective January 31, 2009) (1) A pattern of failure to maintain minimum standards of acceptable and prevailing nursing practice; (3) Failing to maintain professional boundaries or engaging in a dual relationship with a patient, resident, or any family member of a patient or resident; (17) A pattern of using or being under the influence of alcohol, drugs, or a similar substance to the extent that judgment may be impaired and nursing practice detrimentally affected, or while on duty in any health care facility, school, institution, or other work location; (18) Obtaining, possessing, administering, or using any narcotic, controlled substance, or illegal drug in violation of any federal or state criminal law, or in violation of the policy of any health care facility, school,

institution, or other work location at which the nurse practices; (31) Practicing in any other manner that gives the Board reasonable cause to believe the health of a patient or the public may be harmed; and R4-19-511(D) In addition to acts listed under R4-19-403, for a nurse who prescribes or dispenses a drug or device, a practice that is or might be harmful to the health of a patient or the public, includes one or more of the following: (1) Prescribing a controlled substance to one's self or a member of the nurse's family; (5) Prescribing, dispensing, or furnishing a prescription drug or a prescription-only device to a person unless the nurse has examined the person and established a professional relationship, except when the nurse is engaging in one or more of the following: (a) Providing temporary patient care on behalf of the patient's regular treating and licensed health care professional; (b) Providing care in an emergency medical situation where immediate medical care or hospitalization is required by a person for the preservation or health, life, or limb; or (c) Furnishing a prescription drug to prepare a patient for a medical examination. A.R.S. § 32-1663 (D) as defined in A.R.S. § 32-1601 (22) (effective August 2, 2012). 22. "Unprofessional conduct" includes the following whether occurring in this state or elsewhere: (d) Any conduct or practice that is or might be harmful or dangerous to the health of a patient or the public. (g) Willfully or repeatedly violating a provision of this chapter or a rule adopted pursuant to this chapter. (h) Committing an act that deceives, defrauds or harms the public, and (j) Violating a rule that is adopted by the Board pursuant to this chapter.

The conduct and circumstances described in the Findings of Fact constitute sufficient cause pursuant to A.R.S. § 32-1664(N) to revoke, suspend or take other disciplinary action against the license of Respondent to practice as a registered nurse in the State of Arizona.

Respondent admits the Board's Findings of Fact and Conclusions of Law.

In lieu of a formal hearing on these issues, Respondent agrees to issuance of the attached Order and waives all rights to a hearing, rehearing, appeal or judicial review relating to this matter. Respondent further waives any and all claims or causes of action, whether known or unknown, that Respondent may have against the State of Arizona, the Board, its members, offices, employees and/or agents arising out of this matter.

Respondent understands that all investigative materials prepared or received by the Board concerning these violations and all notices and pleadings relating thereto may be retained in the Board's file concerning this matter.

Respondent understands that those admissions are conclusive evidence of a prior violation of the Nurse Practice Act and may be used for purposes of determining sanctions in any future disciplinary matter.

Respondent understands the right to consult legal counsel prior to entering into this Consent Agreement and such consultation has either been obtained or is waived.

Respondent understands that this Consent Agreement is effective upon its acceptance by the Board and by Respondent as evidenced by the respective signatures thereto. Respondent's signature obtained via facsimile shall have the same effect as an original signature. Once signed by Respondent, the Agreement cannot be withdrawn without the Board's approval or by stipulation between Respondent and the Board's designee. The effective date of this Order is the date the Consent Agreement is signed by the Board and by Respondent. If the Consent Agreement is signed on different dates, the later date is the effective date.

ORDER

In view of the above Findings of Fact, Conclusions of Law and the consent of Respondent, the Board hereby issues the following Order:

A. Respondent's consent to the terms and conditions of the Order and waiver of public hearing are accepted.

B. Respondent's registered nurse license number RN173397 and advanced practice certificate number AP4531 is hereby **suspended**; however, the **suspension is stayed** for as long as Respondent remains in compliance with this Order. During the stay of the suspension, Respondent's registered nurse license number RN173397 and Advanced Practice certificate number AP4531 is placed on probation for at minimum, 18 months, followed by standard probation for 18 months. Prior to termination of this Order, Respondent shall work as a nurse practitioner for a minimum of twenty-four months (not less than sixteen hours a week).

C. If Respondent is non-compliant with any of the terms of the Order during the 18-month stayed suspension period, the stay of the suspension shall be lifted and Respondent's license shall be automatically suspended for a minimum period of 18 months. Except as provided in paragraphs 7 (Drug Testing) and 14 (Quarterly Reports) of this Order, the Board or its designee, in its sole discretion, shall determine noncompliance with the stayed portion of the Order. With the exception of the provisions identified in Paragraphs 7 (Drug Testing) and 14

(Quarterly Reports), Respondent waives any and all rights to any further review, hearing, rehearing or judicial review of any suspension imposed pursuant to this paragraph.

D. If Respondent is noncompliant with any of the terms of the Order during the 18-month probation portion of the Order, Respondent's noncompliance shall be reviewed by the Board for consideration of possible further discipline on Respondent's nursing license.

E. If Respondent is convicted of a felony, Respondent's license shall be automatically revoked for a period of five years. Respondent waives any and all rights to a hearing, rehearing or judicial review of any revocation imposed pursuant to this paragraph.

F. This Order becomes effective upon the Board and Respondent's acceptance of the Order. The effective date is the date the Order is signed by the Board and Respondent. If Order is signed on different dates, the later date is the effective date.

G. At any time Respondent is required by terms of the Order to provide a copy of the Order to another individual or facility the Respondent must provide all pages of the Order.

H. The probation is subject to the following terms and conditions:

TERMS OF PROBATION
(Stayed Suspension and Standard Probation)

1. Stamping of License

Within three (3) days of the effective date of this Order, Respondent shall submit her license to the Board. Respondent's license shall be stamped "Probation" and returned to Respondent. While this Order is in effect, if the Board issues any certificates or licenses authorized by statute, except a nursing assistant certificate, such certificate or license shall also be stamped "**PROBATION.**" Respondent is not eligible for a multistate "Compact" license.

2. Nursing Ethics

Within thirty (30) days from the effective date of this Order Respondent shall make an appointment to undergo a nursing ethics course or begin nursing ethics counseling by a Board-approved treatment professional. If Respondent chooses to fulfill this stipulation by participation in counseling, Respondent shall execute the appropriate release of information form(s) to allow the counselor to communicate information to the Board or its designee. Prior to beginning the course or counseling, Respondent shall furnish a copy of this Consent Agreement and Order to include Findings of Fact and Conclusions of Law to the counselor or course director. Respondent shall cause the course director or counselor to notify the Board in writing within thirty days of entry into the course or therapy, and to verify in that same letter receipt of the Consent Agreement and Order to include Findings of Fact.

Respondent shall undergo and continue treatment or course attendance until the course director or treatment professional determines and reports to the Board in writing and on letterhead, that treatment is no longer considered necessary or the course has been successfully completed by the Respondent. During the duration of the course of counseling Respondent shall have the treatment professional or course director provide written reports to the Board every three months. The Board reserves the right to amend this Order based on the recommendations of the course director or treatment professional.

3. Substance Use Disorder Evaluation

On September 18, 2013 and again on December 4, 2013, Respondent was evaluated by Jacquelyn St. Germaine, PhD., a Board-approved evaluator. Prior to the evaluation, Dr. St. Germaine was provided with a copy of the Board's investigative report as well as other documents. Respondent executed the appropriate release of information forms to allow Dr. St. Germaine to communicate with the Board or its designee. The report from Dr. St. Germaine included a history of substance abuse, past treatment, present status of recovery and participation

in recovery activities, and recommendations for on-going treatment. Respondent will complete all recommendations as recommended by Dr. St. Germaine.

If recommended, Respondent shall enroll any recommended treatment or therapy within thirty (30) days of being notified by the Board of the recommendations from the evaluator. Respondent shall cause the program facilitator to inform the Board, in writing, verifying enrollment in the program. Prior to entry into any recommended therapy, Respondent shall provide a copy of this Consent Agreement and Order to include Findings of Fact and Conclusions of Law, and Order to the program facilitator. Respondent shall immediately execute the appropriate release of information form(s) to allow the facilitator to communicate information with the Board or its designee. Respondent shall participate in treatment or therapy until the Board receives verification from the facilitator in writing that Respondent has successfully completed the treatment requirements. During participation in treatment Respondent shall cause the provider or program facilitator to submit to the Board, in writing on a Board-approved form, evidence of satisfactory attendance, participation, discharge and successful completion of the program. Such reports are due beginning on the first quarterly reporting date after entry into treatment or therapy program and quarterly thereafter, according to schedule, and until verification of successful completion of the program has been received by the Board.

4. Relapse Prevention Therapy

Within thirty (30) days of the effective date of this Order, Respondent shall enter a Board approved Relapse Prevention Therapy Program. Respondent shall immediately execute the appropriate release of information form(s) to allow the facilitator to communicate information to the Board or its designee, and Respondent shall immediately provide a copy of this Consent Agreement and Order to include Findings of Fact and Conclusions of Law to the

facilitator. Within seven days of entering treatment, Respondent shall cause the facilitator to submit to the Board written verification of Respondent's enrollment in the Program, and verification of receipt of Respondent's entire Consent Agreement. Thereafter, Respondent shall cause the facilitator to provide quarterly reports to the Board according to the quarterly reporting schedule assigned to Respondent. Respondent shall continue undergoing treatment until the facilitator provides written notification to the Board, indicating that treatment is no longer needed. The Board reserves the right to amend the Order based on recommendation(s) of treating professional(s).

5. Nurse Recovery Group

Within seven (7) days of the effective date of this Order, Respondent shall enroll in a Board-acceptable Nurse Recovery Group if a group is available within forty miles. Respondent shall sign release of information forms allowing the group facilitator to inform the Board, in writing and on letterhead, of Respondent's entry and progress in the group. Respondent shall attend a Nurse Recovery Group once per week and have no "Unexcused" absences or "No call/No show" occurrences.

6. Participation in AA/NA

(a) Within seven (7) days of the effective date of this Order and throughout the term of this Order, Respondent shall participate at least two times weekly, in Alcoholics Anonymous (AA), Narcotics Anonymous (NA), or an equivalent program and shall provide to the Board, in writing on Board-approved forms verifying attendance within 7 days of assigned quarterly reporting due dates. The first report is due by the end of the first month after the effective date of the Order, and quarterly thereafter according to the assigned reporting dates.

(b) Respondent must obtain a temporary sponsor if participating in a twelve-step program within 30 of the effective date of this Order and a permanent sponsor within 60days

of the effective date of the Order. Respondent shall maintain a sponsor relationship throughout the terms of this Order. Failure to comply with stipulations as enumerated in sections (a) and (b) shall be considered as noncompliance with the terms of the Order.

7. Drug Testing

Respondent has received a copy of the Board's policy entitled "Guidelines For Non-Compliance With Drug Testing – Monitoring And CANDO Departments" dated May 21, 2013 ("Policy"), and agrees to abide by the terms and conditions set forth in the Policy.

Within seven (7) days of the effective date of this Order, Respondent shall enroll in a program that meets Board approved criteria for random drug testing. Drug testing may include testing of urine, hair follicle, nail, saliva or blood as determined by the Board or the Board's designee.

For random urine drug testing, Respondent shall submit a urine specimen a minimum of twice per month for a minimum period of 18 months. Thereafter, Respondent shall submit a urine specimen a minimum of once per month for the duration of the Order, and may be required to submit a specimen more frequently as determined by the Board or its designee.

For random hair testing, Respondent shall submit to hair testing that includes a health professional's panel of drugs to be tested at minimum, quarterly, and may be required to submit a specimen more frequently as determined by the Board or its designee. The first hair test must be submitted within thirty (30) days of the effective date of this Order and then quarterly thereafter.

Respondent shall provide written notification to the drug testing laboratory and the Board's designee of his/her unavailability to test before the unavailability occurs.

Within seven (7) days of a missed drug test due to an unexpected illness, Respondent must provide the Board or the Board's designee with written documentation from a medical provider stating that the medical provider personally examined Respondent on the day of the

requested drug test and that Respondent was not physically able to report to the laboratory for drug testing.

The Board's designee will immediately notify Respondent's employer of any drug test positive for an unauthorized drug. If Respondent tests positive for an unauthorized drug, misses a drug test or fails to submit a specimen suitable for drug testing, the Board or Board's designee may direct Respondent to cease practicing pending further determination by the Board or the Board's designee; and Respondent shall not return to practice until receiving written authorization from the Board or the Board's designee. During the Stayed Suspension period, if so investigated, reviewed and substantiated, testing positive for an unauthorized drug, failing to submit to a drug test or failing to submit a specimen suitable for drug testing, shall be considered as noncompliance with the terms of the Order, and the stay of suspension shall be lifted and Respondent's license automatically suspended. **If Respondent contests the lifting of the stay as it relates to this paragraph, Respondent shall request in writing, within 10 days of being notified of the automatic suspension of licensure, that the matter be placed on the Board agenda for the Board to review and determine if the automatic suspension of Respondent's license was supported by substantial evidence. If the written request is received within ten (10) days of a regularly scheduled Board meeting, the request will NOT be heard at that meeting, but will be heard at the NEXT regularly scheduled Board meeting. Pending the Board's review, Respondent's license shall be reported as suspended – under review. Respondent may not work in any capacity involving nursing licensure pending the Board's review. The Board's decision and Order shall not be subject to further review.**

During the standard eighteen month probation period of the Order, if so investigated, reviewed and substantiated, testing positive for an unauthorized drug, failing to submit to a drug

test or failing to submit a specimen suitable for drug testing, shall be considered as noncompliance with the terms of the Order.

Failing to submit to a drug test on a day when a drug test has been requested by the Board, its designee, an employer, or the laboratory constitutes a violation of this Agreement for which Respondent may not request further review/investigation by the Board's designee.

Violations of this Agreement for which Respondent may request further review/investigation by the Board's designee during the standard eighteen month probation include:

(1) A drug test positive for an unauthorized drug;

(2) Failing to submit a specimen suitable for drug testing, including a substituted or adulterated specimen.

Respondent may submit a written request to the Board's designee requesting further review/investigation within five days of being notified of the violation, and include the reason(s) for the violation in the request. Board staff may then investigate the reason(s) for the violation, including obtaining a written verification of Respondent's drug testing results from the Toxicologist or Medical Review Officer affiliated with the drug testing laboratory.

8. Abstain from Alcohol Use

Respondent shall abstain completely from the personal use of alcoholic beverages.

9. Abstain From Unauthorized Drug Use/Proof of Prescription/One Medical Provider

Respondent shall abstain completely from the personal use or possession of controlled substances, as defined in the State Controlled Substances Act, and dangerous drugs as defined by law, or any drugs requiring a prescription.

Orders prohibiting Respondent from personal use or possession of controlled substances or dangerous drugs do not apply to medications lawfully prescribed to Respondent for a bona fide illness or condition by a medical provider. During the duration of this Order, Respondent shall select one medical provider to coordinate her health care needs and to be aware of all prescriptions utilized by Respondent. Respondent shall immediately submit to that provider a copy of this Consent Agreement and Order to include the Findings of Fact and Conclusions of Law and shall execute all release of information form(s) as required by the Board or its designee. The medical provider shall, within one week of the effective date of the consent agreement, inform the Board, in writing, of knowledge of Respondent's Order and provide a list of medications prescribed for Respondent. DURING THE DURATION OF THE CONSENT AGREEMENT, RESPONDENT SHALL CAUSE ALL PROVIDERS TO NOTIFY THE BOARD OF ANY ADDITIONAL MEDICATIONS ORDERED BY THE PROVIDER. THE NOTIFICATION SHALL BE MADE IN WRITING WITHIN ONE WEEK OF THE PROVIDER'S ISSUANCE OF THE PRESCRIPTION.

If Respondent has a lawful prescription for a narcotic or mood-altering drug, Respondent shall cause her prescribing provider to submit monthly reports to the Board by the 30th day of each month regarding the continued need for the prescribed narcotic or mood-altering medications. The Board or its designee may, at any time, request the provider to document the continued need for prescribed medications. Respondent shall keep a written record of medications taken, including over-the-counter drugs, and produce such record upon request by the Board or its designee.

10. Pharmacy Profiles

Throughout the duration of this Order, Respondent shall use only one pharmacy from which to obtain her prescriptions. Within thirty (30) days of the effective date of the Consent

Agreement, Respondent shall submit in writing to the Board the name of every pharmacy and/or facility from which Respondent is currently obtaining prescription medications, and shall submit the name of the pharmacy from which she chooses to obtain future prescriptions. Throughout the duration of the Order, Respondent must inform the Board in writing within 7 days of any additions or changes in pharmacies from which Respondent obtains medications. Respondent shall submit a copy of all pharmacy profiles to the Board on a quarterly basis according to the assigned reporting due dates, and upon request from the Board or its designee. The first report shall be due on the first quarterly due date after the effective date of this Order.

11. Relapse Prevention Evaluation

Eighteen (18) months prior to the termination of the Order or as requested by the Board or its designee, Respondent shall be evaluated by a Board approved evaluator with expertise in substance use disorders and recovery maintenance. If recommended by the evaluator, Respondent shall enter, participate regularly and successfully complete a relapse prevention program, or any other recommendations as designated by the evaluator; Respondent shall enroll in a relapse prevention program or other recommended therapy within 30 days of being notified by the Board or its designee of the recommendations from the evaluator.

Respondent shall cause the program facilitator to inform the Board in writing verifying enrollment in the program. Prior to entry into a relapse prevention program or any type of other recommended therapy, Respondent shall provide a copy of this Consent Agreement and Order to include Findings of Fact and Conclusions of Law, and Order to the program facilitator. Respondent shall immediately execute the appropriate release of information form(s) to allow the facilitator to communicate information with the Board or its designee. Respondent shall participate in the relapse prevention program or therapy until the Board receives verification from the facilitator in writing that Respondent has successfully completed the program. During

participation in the program Respondent shall cause the program facilitator to provide to the Board, in writing on a Board-approved form, evidence of satisfactory attendance, participation, discharge and successful completion of the program. Such reports are due beginning on the first quarterly reporting date after entry into the relapse prevention program and quarterly thereafter, according to schedule, for the remainder of the probationary period or verification of successful completion of the program.

12. Notification of Practice Settings

Any setting in which Respondent accepts employment, which requires RN licensure, shall be provided with a copy of the entire Order within three (3) calendar days of the effective date of this Order and must confirm, in writing, their ability to provide Respondent with the supervision as required by this Order. Thereafter, any setting in which Respondent accepts employment, which requires RN licensure shall be provided with a copy of the entire Order on or before the date of hire and within three (3) calendar days of hire must confirm, in writing, their ability to provide Respondent with the supervision as required by this Order.. In the event Respondent is attending a nursing program, Respondent shall provide a copy of the entire Consent Agreement and Order to the Program Director. Respondent shall cause the Program Director to inform the Board, in writing and on school letterhead, acknowledgment of the program's receipt of a copy of the Consent Agreement and Order and the program's ability to comply with the conditions of probation during clinical experiences.

13. Chart Review

Prior to accepting employment as an advanced practice family nurse practitioner, Respondent shall identify and provide the name to the Board of a nationally certified family nurse practitioner of same or higher educational level (auditor) or Board approved physician to conduct chart audits of Respondent's patients on a monthly basis. For the first 12 months while working in a position which

requires advanced practice certification, Respondent shall cause the previously identified nationally certified family nurse practitioner of same or higher educational level or Board approved physician to audit 50% of the records of persons Respondent has provided care to during the prior 30 days and review of prescriber's (Respondent's) Controlled Substance Pharmacy Program profile. The audit shall include a review and confirmation of appropriate assessment, diagnosis, treatment plan, and medications prescribed. Review should also include prescription profiles, appropriate controlled substance prescribing and adhering to pain agreement. For the first 12 months while working in a position which requires advanced practice certification, Respondent shall cause the auditor to provide to the Board, in writing, a summary of the random chart audit to contain a minimum of 50% of Respondent's patients and 100% controlled substance prescription review by a Nationally Certified FNP with same or higher education level or Board approved physician by the 30th of each month. For the second 12 months, Respondent may have 25% of Respondent's patients and 100% controlled substance audited instead of 50%, and then for the duration Respondent may have 10% audited of Respondent's patients and 100% controlled substance instead of 25%.

14. Quarterly Reports

Within thirty (30) days of the effective date of this Order, and quarterly thereafter, Respondent shall cause **every** employer Respondent has worked for to submit to the Board, in writing, quarterly employer evaluations on the Board-approved form including 100% controlled substance prescription review by a Nationally certified FNP with the same or higher education level or by a Board approved physician. In the event Respondent is not employed in nursing or attending school during any quarter or portion thereof, Respondent shall submit to the Board, in writing, a self-report describing other employment or activities on the Board-approved form.

Receipt of confirmation of employment disciplinary action, including written counseling(s), suspension, termination or resignation in lieu of termination from a place of

employment, any of which pertains to improper patient care, unsafe practice, inappropriate medication removal or administration, sub-standard documentation, or impairment on duty, positive drug test showing evidence of any drug other than an authorized drug, and/or refusal to submit to an employer requested drug screen/testing, shall be investigated by Board staff and reviewed and substantiated by the Board's designee. If so investigated, reviewed and substantiated, the employment disciplinary action shall be considered as noncompliance with the terms of the Order, and the stay of suspension shall be lifted and Respondent's license automatically suspended. **If Respondent contests the lifting of the stay as it relates to this paragraph, Respondent shall request in writing, within 10 days of being notified of the automatic suspension of licensure, that the matter be placed on the Board agenda for the Board to review and determine if the automatic suspension of Respondent's license was supported by substantial evidence. If the written request is received within ten (10) days of a regularly scheduled Board meeting, the request will NOT be heard at that meeting, but will be heard at the NEXT regularly scheduled Board meeting. Pending the Board's review, Respondent's license shall be reported as suspended – under review. Respondent may not work in any capacity involving nursing licensure pending the Board's review. The Board's decision and Order shall not be subject to further review.**

Failure to provide employer evaluations or if not working in nursing, self-reports, within seven days of the reporting date is noncompliance with this Order and is not subject to further review.

15. Practice Under On-Site Supervision

While Respondent is working as a registered nurse, Respondent shall practice as a registered nurse only under the on-site supervision by a Nationally certified FNP with the same or higher education level or a Board approved physician who is in good standing with the Board.

On-site supervision is defined as having a registered nurse present in the building while Respondent is on duty. While Respondent is working for Optum United Healthcare conducting history and physical examinations in a home setting, this on-site supervision does not apply; instead, Respondent shall communicate regularly by telephone with her supervisor, her supervisor shall conduct regular review of Respondent's work by accompanying Respondent to the history and physical examinations that Respondent conducts, and her supervisor shall provide quarterly reports to the Board about Respondent's compliance with the Consent Agreement and Order.

The supervising nurse or Board approved physician shall have read this Consent Agreement and Order to include the Findings of Fact and Conclusions of Law, and Order, and shall provide input on Respondent's employer evaluations to the Board. The supervising nurse or Board approved physician shall be primarily one person, who may periodically delegate to other qualified personnel, who shall also have read this Consent Agreement and Order to include Findings of Fact, Conclusions of Law. In the event that the assigned supervising nurse or Board approved physician is no longer responsible for the supervision required by this paragraph, Respondent shall cause her new supervising nurse or Board approved physician to inform the Board, in writing and on employer letterhead, acknowledgment of the new supervisor's receipt of a copy of this Consent Agreement and Order to include the Findings of Fact and Conclusions of Law and the new supervising nurse or Board approved physician's agreement to comply with the conditions of probation within ten days of assignment of a new supervising nurse.

16. Acceptable Hours of Work

Respondent shall work only the day or evening shift. Evening shift is defined as a shift that ends prior to midnight. Within a 14-day period Respondent shall not work more than 84 scheduled hours.

Respondent may work three 12-hour shifts in one seven day period and four 12-hour shifts in the other seven-day period, but Respondent may not work more than 3 consecutive 12-hour shifts during this probationary period. Respondent shall not work 2 consecutive 8 hour shifts within a 24 hour period or be scheduled to work 16 hours within a 24 hour period.

17. Registry Work Prohibited

Respondent may not work for a nurse's registry, home health, traveling nurse agency, any other temporary employing agencies, float pool, or position that requires on-call status, unless employed by Optum United Healthcare as described in section 15 (Practice Under On-Site Supervision) above. In no event is Respondent permitted to write prescriptions in this capacity.

18. Out of State Practice/Residence

Before any out-of-state practice or residence can be credited toward fulfillment of these terms and conditions, out-of-state practice or residence must first be approved by the Board prior to leaving the state. If Respondent fails to receive such approval before leaving the state, none of the time spent out of state will be credited to the fulfillment of the terms and conditions of this Order.

19. Release of Information Forms

Respondent shall sign all release of information forms as required by the Board or its designee and return them to the Board within 10 days of the Board's written request. Failure to provide for the release of information, as required by this paragraph constitutes non-compliance with this Order.

20. Interview with the Board or its Designee

Respondent shall appear in person or telephonically for interviews with the Board or its designee upon request at various intervals and with at least two (2) day notice.

21. Renewal of License

In the event Respondent's registered nurse license is scheduled to expire while this Order is in effect, Respondent shall apply for renewal of the license, pay the applicable fee, and otherwise maintain qualification to practice nursing in Arizona.

22. Change of Employment/Personal Address/Telephone Number

Respondent shall notify the Board, in writing, within 7 days of any change in nursing employment, personal address or telephone number. Changes in nursing employment include the acceptance, resignation or termination of employment.

23. Obey All Laws

Respondent shall obey all laws/rules governing the practice of nursing in this state and obey all federal, state and local criminal laws. Respondent shall report to the Board, within 10 days, any misdemeanor or felony arrest or conviction.

24. Costs

Respondent shall bear all costs of complying with this Order.

25. Violation of Probation

If during the stayed suspension portion of the Order, if Respondent is noncompliant with the terms of the Order in any way, the stay of suspension shall be lifted and Respondent's license shall be automatically suspended for a minimum period of 18 months. If during the standard probation portion of the Order, Respondent is noncompliant with the terms of the Order in any respect, the Board staff may notify the Respondent's employer of the noncompliance. Additionally, the Board may revoke probation and take further disciplinary action for noncompliance with this agreement after affording Respondent notice and the opportunity to be heard. If a complaint or petition to revoke probation is filed against Respondent during probation, the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

26. Voluntary Surrender of License

Respondent may, at any time this order is in effect, voluntarily request surrender of her license.

27. Completion of Order

When Respondent has 9 months left in the probationary period Respondent's compliance will be reviewed by the Board's designee. If Respondent has demonstrated full compliance with all terms of the Order, Respondent will be eligible to participate in a "step-down" component of the Order where reports from AA and Nurse Recovery Group will no longer be required.

Respondent is not eligible for early termination of this Order. Upon successful completion of the terms of the Order, Respondent shall request formal review by the Board, and after formal review by the Board, Respondent's nursing license may be fully restored by the appropriate Board action if compliance with this Order has been demonstrated.

BOARD OF REGISTERED NURSING
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: **REBECCA ANN HUTTON, AKA.** **REBECCA ANN TRACHTENBERG, AKA.** **REBECCA TRACHTENBERG** **[redacted]South Camino Seco, Unit [redacted]** **Tucson, AZ 85730** **Registered Nurse License No. 645757** **Nurse Practitioner Certificate No. 15318** **Nurse Practitioner Furnishing Certificate No. 15318** Respondent.	Case No. 2015-589 **STIPULATED SURRENDER OF LICENSE AND ORDER**

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Louise R. Bailey, M.Ed., RN (Complainant) is the Executive Officer of the Board of Registered Nursing. She brought this action solely in her official capacity and is represented in this matter by Kamala D. Harris, Attorney General of the State of California, by Diann Sokoloff, Supervising Deputy Attorney General.

2. Rebecca Ann Hutton, also known as Rebecca Ann Trachtenberg, also known as Rebecca Trachtenberg (Respondent) is representing herself in this proceeding and has chosen not to exercise her right to be represented by counsel.

3. On or about September 30, 2004, the Board of Registered Nursing issued Registered Nurse License No. 645757 to Rebecca Ann Hutton, also known as Rebecca Ann Trachtenberg, also known as Rebecca Trachtenberg (Respondent). The Registered Nurse License expired on April 30, 2012, and has not been renewed.

4. On or about October 1, 2004, the Board of Registered Nursing issued Nurse Practitioner Certificate No. 15318 to Rebecca Ann Hutton, also known as Rebecca Ann Trachtenberg, also known as Rebecca Trachtenberg (Respondent). The Nurse Practitioner Certificate expired on April 30, 2012, and has not been renewed.

5. On or about May 19, 2005, the Board of Registered Nursing issued Nurse Practitioner Furnishing Certificate No. 15318 to Rebecca Ann Hutton, also known as Rebecca Ann Trachtenberg, also known as Rebecca Trachtenberg (Respondent). The Nurse Practitioner Certificate expired on April 30, 2012, and has not been renewed.

JURISDICTION

6. Accusation No. 2015-589 was filed before the Board of Registered Nursing (Board), Department of Consumer Affairs, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on February 17, 2015. Respondent timely filed her Notice of Defense contesting the Accusation. A copy of Accusation No. 2015-589 is attached as Exhibit A and incorporated by reference.

ADVISEMENT AND WAIVERS

7. Respondent has carefully read, and understands the charges and allegations in Accusation No. 2015-589. Respondent also has carefully read, and understands the effects of this Stipulated Surrender of License and Order.

8. Respondent is fully aware of her legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to be represented by counsel, at her own expense; the right to confront and cross-examine the witnesses against her; the right to

present evidence and to testify on her own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

9. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

10. Respondent admits the truth of each and every charge and allegation in Accusation No. 2015-589, agrees that cause exists for discipline and hereby surrenders her Registered Nurse License No. 645757, Nurse Practitioner Certificate No. 15318, and Nurse Practitioner Furnishing Certificate No. 15318 for the Board's formal acceptance.

11. Respondent understands that by signing this stipulation she enables the Board to issue an order accepting the surrender of her Registered Nurse License, Nurse Practitioner Certificate, and Nurse Practitioner Furnishing Certificate without further process.

CONTINGENCY

12. This stipulation shall be subject to approval by the Board of Registered Nursing. Respondent understands and agrees that counsel for Complainant and the staff of the Board of Registered Nursing may communicate directly with the Board regarding this stipulation and surrender, without notice to or participation by Respondent. By signing the stipulation, Respondent understands and agrees that she may not withdraw her agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Surrender and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

13. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Surrender of License and Order, including Portable Document Format (PDF) and facsimile signatures thereto, shall have the same force and effect as the originals.

14. This Stipulated Surrender of License and Order is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Surrender of License and Order may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

15. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Order:

ORDER

IT IS HEREBY ORDERED that Registered Nurse License No. 645757, Nurse Practitioner Certificate No. 15318, and Nurse Practitioner Furnishing Certificate No. 15318 issued to Respondent Rebecca Ann Hutton, aka. Rebecca Ann Trachtenberg aka. Rebecca Trachtenberg, are surrendered and accepted by the Board of Registered Nursing.

1. The surrender of Respondent's Registered Nurse License, Nurse Practitioner Certificate, and Nurse Practitioner Furnishing Certificate and the acceptance of the surrendered license and certificates by the Board shall constitute the imposition of discipline against Respondent. This stipulation constitutes a record of the discipline and shall become a part of Respondent's license history with the Board of Registered Nursing.

2. Respondent shall lose all rights and privileges as a registered nurse, nurse practitioner, and nurse practitioner furnisher in California as of the effective date of the Board's Decision and Order.

3. Respondent shall cause to be delivered to the Board her pocket license and certificates, if one was issued, her wall certificates on or before the effective date of the Decision and Order.

4. If Respondent ever files an application for licensure or a petition for reinstatement in the State of California, the Board shall treat it as a petition for reinstatement. Respondent must comply with all the laws, regulations and procedures for reinstatement of a revoked license in effect at the time the petition is filed, and all of the charges and allegations contained in

Accusation No. 2015-589 shall be deemed to be true, correct and admitted by Respondent when the Board determines whether to grant or deny the petition.

5. If and when Respondent's license and certificates are reinstated, she shall pay to the Board costs associated with its investigation and enforcement pursuant to Business and Professions Code section 125.3 in the amount of $950.00. Respondent shall be permitted to pay these costs in a payment plan approved by the Board. Nothing in this provision shall be construed to prohibit the Board from reducing the amount of cost recovery upon reinstatement of the license.

6. If Respondent should ever apply or reapply for a new license or certification, or petition for reinstatement of a license, by any other health care licensing agency in the State of California, all of the charges and allegations contained in Accusation, No. 2015-589 shall be deemed to be true, correct, and admitted by Respondent for the purpose of any Statement of Issues or any other proceeding seeking to deny or restrict licensure.

7. Respondent shall not apply for licensure or petition for reinstatement for two (2) years from the effective date of the Board of Registered Nursing's Decision and Order.

ACCEPTANCE

I have carefully read the Stipulated Surrender of License and Order. I understand the stipulation and the effect it will have on my Registered Nurse License, and Nurse Practitioner and Nurse Practitioner Furnishing Certificates. I enter into this Stipulated Surrender of License and Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Board of Registered Nursing.

DATED: 4/22/15

Attorneys for Complainant

BEFORE THE
BOARD OF REGISTERED NURSING
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: **REBECCA ANN HUTTON a.k.a.** **REBECCA ANN TRACHTENBERG a.k.a.** **REBECCA TRACHTENBERG** **329 Ramona Avenue** **El Cerrito, CA 94530** **Registered Nurse License No. 645757** **Nurse Practitioner Certificate No. 15318** **Nurse Practitioner Furnishing Certificate No. 15318** Respondent.	Case No. 2015-589 **ACCUSATION**

Complainant alleges:

PARTIES

1. Louise R. Bailey, M.Ed., RN (Complainant) brings this Accusation solely in her official capacity as the Executive Officer of the Board of Registered Nursing (Board), Department of Consumer Affairs.

2. On or about September 30, 2004, the Board issued Registered Nurse License Number 645757 to Rebecca Ann Hutton, also known as Rebecca Ann Trachtenberg, also known as Rebecca Trachtenberg (Respondent). The Registered Nurse License expired on April 30, 2012, and has not been renewed.

3. On or about October 1, 2004, the Board issued Nurse Practitioner Certificate Number 15318 to Rebecca Ann Hutton, also known as Rebecca Ann Trachtenberg, also known as Rebecca Trachtenberg (Respondent). The Nurse Practitioner Certificate expired on April 30, 2012, and has not been renewed.

4. On or about May 19, 2005, the Board issued Nurse Practitioner Furnishing Certificate Number 15318 to Rebecca Ann Hutton, also known as Rebecca Ann Trachtenberg, also known as Rebecca Trachtenberg (Respondent). The Nurse Practitioner Furnishing Certificate expired on April 30, 2012, and has not been renewed.

JURISDICTION

5. This Accusation is brought before the Board under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

6. Section 2750 of the Code states:

"Every certificate holder or licensee, including licensees holding temporary licenses, or licensees holding licenses placed in an inactive status, may be disciplined as provided in this article [Article 3 of the Nursing Practice Act (Bus. & Prof Code, § 2700 et seq.)]. As used in this article, "license" includes certificate, registration, or any other authorization to engage in practice regulated by this chapter. The proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein."

7. Section 2764 of the Code states:

"The lapsing or suspension of a license by operation of law or by order or decision of the board or a court of law, or the voluntary surrender of a license by a licentiate shall not deprive the board of jurisdiction to proceed with any investigation of or action or disciplinary proceeding against such license, or to render a decision suspending or revoking such license."

STATUTORY PROVISION

8. Section 2761 of the Code states:

"The board may take disciplinary action against a certified or licensed nurse or deny an application for a certificate or license for any of the following:

"(a) Unprofessional conduct, which includes, but is not limited to, the following:

. . .

"(4) Denial of licensure, revocation, suspension, restriction, or any other disciplinary action against a health care professional license or certificate by another state or territory of the United States, by any other government agency, or by another California health care professional licensing board. A certified copy of the decision or judgment shall be conclusive evidence of that action."

COST RECOVERY

9. Section 125.3 of the Code provides, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case, with failure of the licentiate to comply subjecting the license to not being renewed or reinstated.

CAUSE FOR DISCIPLINE
(Unprofessional Conduct – Out of State Discipline)
(Bus. & Prof. Code, §§2761, subd. (a)(4))

10. Respondent has subjected her Registered Nurse License to disciplinary action for unprofessional conduct in that on or about May 20, 2013, in *In the Matter of Registered Nurse License No.: RN173397/AP4531 Issued to Rebecca Ann Hutton, Respondent in Consent Agreement and Order No. 1302115*, the Arizona Board of Nursing (Arizona Board) entered a Consent Agreement and Order suspending Respondent's registered nurse license. According to the Arizona Board's Order, on or about August 2012 through February 2013, Respondent acted unprofessionally and deviated from the Standard of Care in her performance, maintenance of records, prescription of controlled substances, and for violating hospital policies. Respondent admitted these allegations. On May 14, 2013, Respondent admitted to the Board that around July 2012, Respondent relapsed on cocaine and during that time, continued to prescribe controlled substances, placing patients at risk for poor medical outcome. The Arizona Board stayed the

suspension on Respondent's registered nursing license and placed Respondent on probation for a minimum of 36 months. During this probation period, the Arizona Board ordered Respondent to attend a nursing ethics course; enter an approved Relapse Prevention Therapy Program; enroll in a Nurse Recovery Group; participate in Alcoholics Anonymous, Narcotics Anonymous, or an equivalent program; and adhere to various other terms and conditions as outlined in the Order.

DISCIPLINARY CONSIDERATIONS

11. In determining the level of discipline to be imposed in this matter, if any, Complainant further alleges that on or about February 28, 2002, in a criminal matter entitled, "*State of Delaware vs. Rebecca A. Trachtenberg*", in the State of Delaware, Justice of the Peace Court 14, Court Case No. 0111018692, Respondent was convicted of driving under the influence of alcohol. Respondent was required to enroll in a First Offender Program and pay various fees and fines.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Board of Registered Nursing issue a decision:

1. Revoking or suspending Registered Nurse License Number 645757, issued to Rebecca Ann Hutton, also known as Rebecca Ann Trachtenberg, also known as Rebecca Trachtenberg.

2. Revoking or suspending Nurse Practitioner Certificate Number 15318, issued to Rebecca Ann Hutton, also known as Rebecca Ann Trachtenberg, also known as Rebecca Trachtenberg.

3. Revoking or suspending Nurse Practitioner Furnishing Certificate Number 15318, issued to Rebecca Ann Hutton, also known as Rebecca Ann Trachtenberg, also known as Rebecca Trachtenberg.

4. Ordering Rebecca Ann Hutton, also known as Rebecca Ann Trachtenberg, also known as Rebecca Trachtenberg to pay the Board of Registered Nursing the reasonable costs of the investigation and enforcement of this case, pursuant to Business and Professions Code section

125.3;

5. Taking such other and further action as deemed necessary and proper.

DATED: January 20, 2015

for LOUISE R. BAILEY, M.ED., RN

Primary Source Board of Nursing Report Summary for

REBECCA ANN MARTINEZ

Thursday, July 20 2023 08:01:48 AM

The legend below provides details related to the statuses for advanced practice registered nurses (APRNs) only

Active– *ascribed to APRNs who meet the requirements for licensure, but do not meet the requirements, or have not applied for, prescribing privileges.*

Active Prescribing– *ascribed to all APRNs who have been granted authority to prescribe all legend drugs and may include Schedule CIII-V*

Active Prescribing – CII – *ascribed to all APRNs who have been granted authority to prescribe within the Schedule CII-V category, and is not required to obtain a protocol with a collaborative physician.*

Active Prescribing-CII-COLL – *ascribed to all APRNs who have been granted authority to prescribe within the Schedule CII-V category, and have provided a copy of his/her current protocol with a collaborative physician.*

Active Prescribing -D– *ascribed to all APRNs who have been granted authority to prescribe and dispense all legend drugs and may include Schedule CIII-V*

Active Prescribing – CII – D *ascribed to all APRNs who have been granted authority to prescribe and dispense within the Schedule CII-V category, and is not required to obtain a protocol with a collaborative physician.*

Active Prescribing-CII-COLL –D *ascribed to all APRNs who have been granted authority to prescribe and dispense within the Schedule CII-V category, and have provided a copy of his/her current protocol with a collaborative physician.*

APRNs must also apply with the Nevada State Board of Pharmacy and/or DEA before they can prescribe in Nevada.

If an APRN wishes to remove the protocol requirement they must submit a letter on letterhead from their employer to the Nevada State Board of Nursing verifying that they have worked a minimum of 2 years or 2,000 hours as an APRN.

Details related to License / Certificate Status can be found at the bottom of this page.

Re: Camilo Andres Murillo
License #: Florida RN9420080
License #: Illinois 041506215
DOB: [redacted]
Last 4 Social Security #[redacted]

To whom it may concern:

I have worked in a Healthcare setting since 2002 after graduating as a medical assistant, I started at the University of Miami as a receptionist at the Sylvester Cancer Center. Here are some of the accomplishments I have made as a Healthcare professional and encountered thousands of patients during my career without compromising care.

- License Practical Nurse 01/16/2008
-Registered Nurse 10/26/2015 Miami Dade College
-Emergency Medical Technician 07/11/2016 Miami Dade College
-Bachelor Science Nursing 06/27/17 Broward College
-Master Science Nursing "Family Nurse Practitioner" 08/07/2020 University of Miami

Explanation of arrest:

-1/15/01 SELL OF CANNABIS; This is a duplicate charge which was dismissed (See attachments provided)
-07/21/00 DUI; I was 18 years old, not even 2 months out of high school, Guilty; completed the program and all requirements (See attachments) completion of program.
-11/03/00 CANNABIS SELL; This charge is over 20 years old; it was poor judgement in my youth and received a with hold adjudication which is not a conviction.
-11/29/00 CRIMINAL MISCHIEF; This was originally filed as a felony charge (F00038091) then reduced to a misdemeanor (M01000297) which was not prosecuted and dismissed.
-05/14/02 DISORDERLY INTOXICATION; Withhold adjudication, not a conviction.
-06/18/10 RECKLESS DRIVING; Withhold adjudication, not a conviction
*All WITH HOLDS, NOLLE PROS, NO ACTIONS, DISMISSED are not ADJUDICATIONS OF

GUILT.

I have attached the following:

- Dispositions of all criminal record
- Miami Dade Police Department "Letter of Copy not on file"
- Dockets of the duplicate Cannabis sales
- Florida Board of Nursing Exemption and Exemption for Licensure in compact states
- Traffic Disposition of DUI
- Transcripts of highest nursing degree received.

RE: Exemption application for Registered Nurse License No. 9420080

Dear Mr. Murillo:

This letter is to acknowledge receipt of your application for exemption. Enclosed (by mail only) is a copy of your criminal history report. This document is confidential and may not be used for any purpose other than your personal review. If you chose to mail your criminal history report back to the department, your criminal history report may therefor become subject to public disclosure. You are required to provide documentation for each item highlighted in the report:

Our records indicate that we have not received your Livescan results within 90 days of your application. If you have already had your electronic fingerprinting (Livescan) completed, please allow 24-72 hours for receipt of your results. The Department of Health cannot accept hard copy (paper) fingerprint cards.

All applicants for exemption must have electronic fingerprinting completed by a Florida Department of Law Enforcement (FDLE) approved provider. For a list of approved providers and a list of Frequently Asked Questions visit our website at: http://www.flhealthsource.gov/bgs-providers.

You will need to provide the Livescan provider with an ORI (Originating Agency) number. Applicants who use the incorrect ORI number may have their background check results misdirected. Our office will not be able to retrieve misdirected results and this will delay the processing of your application. Your ORI number is: EDOH4420Z. Email a confirmation to mqa.backgroundscreen@flhealth.gov once completed.

Provide arrest reports for all disqualifying offenses. You may obtain these documents by contacting the arresting agency. If documents are not available due to record retention policies, have the arresting agency provide you with a letter, on their letterhead, stating there is no information available.

You must provide all available full court dispositions, regardless of adjudication, to show the outcome of each case. Court documents can be obtained from the Clerk of the Court in the jurisdiction where the offense occurred. If documents are not available due to record retention policies, have the Clerk of Court provide you with a letter, on their letterhead, stating there is no information available.

Provide written documentation that you have completed your sentence requirements, including any probation or confinement. You may obtain a copy of this documentation by contacting the Department of Corrections. The documentation must include the start date of the sentence, end date of the sentence, and show that all conditions were met.

Provide proof of completion of fines, restitution, or other court ordered sanctions for each offense. This documentation can be obtained from the Clerk of Court in the county in which the offense occurred. This must include the date in which the payment/completion of the sanction was satisfied. If the clerk is unable to locate the documents associated with any offense, an official letter from the agency stating the reason is required.

Provide a typed letter detailing the events of all disqualifying offenses listed on your background report. If the offense involved battery or assault, the explanation must include your relationship with the parties involved and their age at the time the offense occurred.

To eliminate further delays, return a copy of this letter along with the required item(s) to:

Florida Department of Health
Attn: Cassie Hurley
4052 Bald Cypress Way, Bin BSU - 01
Tallahassee, FL 32399-3260

If you no longer wish to pursue the application process, please email or fax a written statement indicating your intent to withdraw the application.

If you have any questions, you may contact our office at (850) 488-0595, or e-mail mqa.backgroundscreen@flhealth.gov.

Sincerely,

Cassie Hurley

Legal Information

1. Since your last renewal or recent licensure have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or Physical condition that would impair your ability to perform the essential functions of your license? ● Yes No

After my arrest on August 27, 2022 described in my answer to question #2, I voluntarily entered into a ASAM Level I outpatient treatment with Eddie Miller, LCDAC on September 16, 2022. Since that time I have been attending regular individual counseling sessions in addition to attendance at AA meetings. In addition to counseling, Ms. Miller also requires me to submit to random drug/alcohol screens. I have attached a current status report from Ms. Miller. At the time of my arrest, I voluntarily ceased practicing dentistry until my counselor and I determined that I was in the right place to resume practice. I have recently began practicing again with the agreement of Ms. Miller and I remain actively engaged in my recovery and am complying with all requirements requested of me. I have not prescribed any controlled substances during the time of my CS license being non-renewed.

2. Since your last renewal or recent licensure have you been charged, arrested or convicted of a felony or misdemeanor in any state? ● Yes No

On November 4, 2022, I was charged with one count of misdemeanor Possession of a Drug Not to Be Introduced into Interstate Commerce in violation of NRS 454.351 in Carson City Justice Court. The charge related to an arrest on August 27, 2022. (Please note, I was initially charged with felony Possession of a Schedule I or II Controlled Substance which the prosecutor moved to dismiss on November 3, 2022 and which was dismissed by the Court on November 7, 2022).
On January 11, 2023, I entered a plea of guilty to the misdemeanor charge. No conviction has been entered and sentencing has been deferred until January 2024. If I comply with all terms of the Court during that time which include a substance abuse evaluation, 9 to 12 months of substance abuse counsel; prohibition of possession or consumption of alcohol, illegal drugs, narcotics medications (unless prescribed and approved), then the charges will be dismissed and no conviction will be entered.

Progress Letter
RE: Dr. Raymond Graber
Birth Date: [redacted]

To Whom it May Concern,

This letter is being sent to confirm that Dr. Raymond Graber voluntarily participated in a substance abuse evaluation and enrolled in substance abuse counseling with Miller Counseling on September 16, 2022. Dr. Graber has been attending ASAM Level 1 Outpatient counseling for the last five months and has attended a total of 18 sessions. Dr. Graber has an extremely positive attitude in sessions, he attends AA meetings, is reading Rational Recovery and exploring new paths to recovery. He appears to be taking his sobriety seriously. Dr. Graber has submitted to eleven random Urine Drug Screens with Miller Counseling and has tested negative on all occasions.

Dr. Graber's prognosis is good at the present time due to his ability to accept accountability for his situation, his willingness to participate in treatment and his desire to make positive changes in his life. Dr. Graber reports his number one goal is long-term sobriety and he is willing to do whatever is in the best of his patients and his career.

If you have any questions, please feel free to contact this agency at (775)434-7200.

Respectfully submitted,

Eddie Miller
Certified Alcohol and Drug Counselor
CADC #00269-C

IN AND FOR CARSON CITY, STATE OF NEVADA

STATE OF NEVADA,

Plaintiff,

v.

RAYMOND BRADBURY GRABER, III,

Defendant.

Case No. 22CR0206 1C RF

Dept. No. II

CRIMINAL COMPLAINT

Garrit S. Pruyt, Chief Deputy District Attorney for Carson City, Nevada, complains and declares, upon information, belief and/or personal knowledge, that RAYMOND BRADBURY GRABER, III, the Defendant, above-named, at Carson Township, in Carson City, State of Nevada, has committed the crime(s) of: POSSESSION OF A DRUG NOT TO BE INTRODUCED INTO INTERSTATE COMMERCE, a violation of NRS 454.351, a Misdemeanor, in the manner following:

///

Count I

POSSESS DRUG NOT TO BE INTRODUCED INTO INTERSTATE COMMERCE

(MISDEMEANOR - NRS 454.351)

That the Defendant, Raymond Bradbury Graber, III, on or about August 27, 2022, at Carson Township, in Carson City, State of Nevada, Defendant did willfully and unlawfully possess, procure, obtain, process, produce, derive, manufacture, sell, offers for sale, gives away or otherwise furnishes any drug which may not be lawfully introduced into interstate commerce under the Federal Food, Drug and Cosmetic Act, to wit: Defendant did possess and have within his dominion and a control approximately 3.15 grams of cocaine, all of which occurred at or near 5650 South Carson Street, Carson City, State of Nevada.

All of which is contrary to the form of the Statutes in such cases made and provided and against the peace and dignity of the State of Nevada. Said Complainant declares under penalty of perjury under the law of the State of Nevada that the foregoing is true and correct and prays that the Defendant may be dealt with according to law.

CHARGE AND SENTENCE INFORMATION

CHARGE 454.351 - POSSESS DRUG NOT TO BE INTRODUCED INTO INTERSTATE COMMERCE

PLEA: 01/11/2023 - GUILTY

DISPOSITION: 01/11/2023 - DEFERRED SENTENCING ONE YEAR JAIL:

CONDITIONS

REQUIREMENTS	DUE DATE		COMPLETED
		OBEY ALL LAWS	
		SUBMIT TO SEARCH & SEIZURE WITH OR WITHOUT CAUSE FOR ALCOHOL, ILLEGAL DRUGS, MARIJUANA AND/OR ANY PRODUCTS CONTAINING THC, ILLEGAL DRUGS(INCLUDING ANY AND ALL SYNTHETIC CANNABINOIDS), DRUG PARAPHERNALIA; ANY NARCOTIC MEDICATIONS, EVEN IF PRESCRIBED BY A PHYSICIAN, MUST BE APPROVED BY DEPT OF ALTERNATIVE SENTENCING PRIOR TO TAKING.	
12 MONTH(S)	2/5/2024	SUBSTANCE ABUSE COUNSELING 9 TO 12 MONTHS	
1 ENROLLMENT	2/5/2024	PROOF OF ENROLLMENT REQUIRED	
	1/11/2024	COURT MONITORED SENTENCE	
		DO NOT POSSESS OR CONSUME ANY ALCOHOL, ILLEGAL DRUGS, MARIJUANA AND/OR ANY PRODUCTS CONTAINING THC, ILLEGAL DRUGS (INCLUDING ANY AND ALL SYNTHETIC CANNABINOIDS), DRUG PARAPHERNALIA, ANY NARCOTIC MEDICATIONS, EVEN IF PRESCRIBED BY A PHYSICIAN, MUST BE APPROVED BY DEPT OF ALTERNATIVE SENTENCING PRIOR TO TAKING.	
		MONTHLY REPORTS DUE 5TH OF EACH MONTH	
1 EVALUATION	2/3/2023	SUBSTANCE ABUSE EVALUATION; RECEIVE THE EVALUATION, ENSURE THAT THE COURT RECEIVES IT BY THE DUE DATE ORDERED AND FOLLOW ALL OF THE EVALUATOR'S RECOMMENDATIONS.

Proposed Regulation of the Nevada State Board of Pharmacy

Workshop – October 12, 2023

Explanation – Language in ***blue italics*** is new; language in ***red text*** [~~*omitted material*~~] is language to be omitted, and language in ***green text*** indicates prior Board-approved amendments that are in the process of being codified.

AUTHORITY: NRS 453.162; NRS 453.163; NRS 639.070; NRS 639.23916

REGULATIONS relating Governor Lombardo's Executive Order 003-2023. Changes in these regulations streamline and clarify licensing requirements while ensuring public safety; and providing other matters properly relating thereto.

Executive Order 003-2023

SECTION 1

Every executive branch department, agency, board and commission shall undertake a comprehensive review of the regulations subject to its enforcement. On or before, May 1, 2023, each department, agency, board and commission shall provide a report to the Governor's office detailing how the regulation subject to its enforcement can be streamlined, clarified, reduced or otherwise improved to ensure those regulations provide for the general welfare of the State without unnecessarily inhibiting economic growth.

SECTION 2:

As part of its report, every executive branch department, agency, board and commission shall provide a list of not less than ten (10) regulations recommended for removal, ranking them in descending order of priority.

NAC 639.215 Application for license to operate pharmacy: Appearance of applicant before Board; execution on behalf of partnership or corporation; payment of expenses for special meeting of Board. (NRS 639.070**,** 639.231**)**

1. An applicant for a license to operate a pharmacy in the State of Nevada [~~must~~] ***may be required to*** appear before the Board in support of the application and must receive instructions relative to the pharmacy laws if the applicant:
   (a) Is applying for a license to operate a pharmacy in this State for the first time;
   (b) Responded affirmatively to any of the questions on the application regarding his or her character or competency;
   (c) Is applying for the licensure of a pharmacy located outside the State that will be shipping compounded parenteral products into this State; or
   (d) Is requested to do so by the Board.
2. If an applicant who is required to appear before the Board is:
   (a) A partnership, all partners must appear.
   (b) A corporation, a designated representative of the corporation must appear. If the designated representative is not an officer of the corporation, a letter authorizing him or her to appear on behalf of the corporation that is signed by an officer of the

corporation must be submitted with the application. Documentation of the status of the person signing the letter of authorization must be submitted with the application.

3. If the applicant is a partnership or corporation, the application must be signed by a partner or by an officer of the corporation. Documentation of the status of the person signing the application must be submitted with the application.

4. A special meeting of the Board will not be called for the purpose of considering an application for a license to operate a pharmacy until the applicant has paid the Executive Secretary sufficient money to defray all expenses of the meeting.

NAC 639.272 Requirements for registration certificate. (NRS 639.070**,** 639.1373**)**

1. The application of a physician assistant for:
   (a) A registration certificate to prescribe controlled substances, poisons, dangerous drugs and devices or to prescribe poisons, dangerous drugs and devices; or
   (b) A registration certificate to prescribe and dispense controlled substances, poisons, dangerous drugs and devices or to prescribe and dispense poisons, dangerous drugs and devices, must be in writing and filed with the Executive Secretary.

2. Each application for a registration certificate to prescribe controlled substances, poisons, dangerous drugs and devices or to prescribe poisons, dangerous drugs and devices must include:
   (a) The name, address, social security number and telephone number of the applicant;
   (b) A copy of the license issued by the Board of Medical Examiners or certificate issued by the State Board of Osteopathic Medicine that authorizes the applicant to prescribe controlled substances, poisons, dangerous drugs and devices or to prescribe poisons, dangerous drugs and devices;
   (c) The name, address and telephone number of the applicant's supervising physician; and
   (d) Any other information requested by the Board.

3. Each application for a registration certificate to prescribe and dispense controlled substances, poisons, dangerous drugs and devices or to prescribe and dispense poisons, dangerous drugs and devices must include:
   (a) The name, address, social security number and telephone number of the applicant;
   (b) A copy of the license issued by the Board of Medical Examiners or certificate issued by the State Board of Osteopathic Medicine that authorizes the applicant to prescribe and dispense controlled substances, poisons, dangerous drugs and devices or to prescribe and dispense poisons, dangerous drugs and devices;
   (c) The name, address and telephone number of the applicant's supervising physician; and
   (d) Any other information requested by the Board.

4. Each physician assistant who applies for a registration certificate pursuant to subsection 3 [~~must~~] ***may be required to***:
   (a) Personally appear before the Board for determination and assignment of the specific authority to be granted to the physician assistant if the physician assistant:
      (1) Responded affirmatively to any of the questions on the application regarding his or her character or competency; or
      (2) Is requested to do so by the Board; and

(b) Pass an examination administered by the Board on the law relating to pharmacy.

5. Each physician assistant to whom a registration certificate is issued must be registered to a supervising physician.

NAC 639.2971 Authorization; contents of and deviation from written protocol. (NRS 454.213**,** 639.070**,** 639.137**)**

1. A physician may establish a written protocol authorizing pharmacists to administer immunizations by an intranasal, intramuscular or subcutaneous injection. Except as otherwise limited by the physician pursuant to subsection 5, any pharmacist who is trained and certified in accordance with NAC 639.2973 may subscribe to the written protocol and administer immunizations in compliance with the protocol. Such a protocol must contain:
   (a) The name of the physician who is authorizing the administration of immunizations by a pharmacist;
   (b) The immunizations that may be administered by a pharmacist;
   (c) Detailed policies and procedures that a pharmacist must follow while administering immunizations, including, without limitation, procedures to follow in the case of adverse reactions or emergencies following administration;
   (d) A procedure for the review of the protocol and its operation by the physician at least once annually, and the making and keeping of a record of the review;
   (e) When appropriate, specific instructions related to the age of the patient;
   (f) Except as otherwise provided in subsections 2 and 3, a restriction that a pharmacist may not delegate his or her authority to administer an immunization;
   ~~[(g) A restriction that a pharmacist may not administer an immunization except at an authorized location, which location may not be the home of the patient unless the patient resides in a licensed facility for long-term care or in a hospital;]~~
   (h) A requirement that the immunizations will be administered according to all applicable federal, state and local laws; and
   (i) The signature of the physician authorizing the administration of the immunizations and the time period for which the written protocol is effective.
2. An intern pharmacist may administer immunizations by an intranasal, intramuscular or subcutaneous injection under the direct and immediate supervision of a pharmacist who has subscribed to a written protocol established by a physician.
3. A pharmaceutical technician may administer immunizations by an intranasal, intramuscular or subcutaneous injection under the direct and immediate supervision of a pharmacist who has subscribed to a written protocol established by a physician if the pharmacist has determined, in his or her professional judgment, that the patient should be immunized. A record of each immunization administered by the pharmaceutical technician must be maintained in the manner prescribed by NAC 639.2977.
4. If a physician orders a deviation from the written protocol for the benefit of a specific patient, the physician shall note the deviations from the written protocol in the record of the patient.
5. A physician may include restrictions to a written protocol established by the physician pursuant to subsection 1 by limiting the protocol to any of the following:
   (a) A specific pharmacist or pharmacists;

(b) A specific location or locations;

(c) The administration of a specific immunization or immunizations; or

(d) Other limitations as the physician determines necessary.

NAC 639.406 Hearing to approve or deny application from pharmacist. (NRS 639.070)

1. Upon submission of an application pursuant to NAC 639.403, the Board [~~will~~] ***may*** schedule a hearing before the Board. At the hearing, the Board will consider the application and any other relevant information to determine whether the practice and services proposed in the application will be provided in a manner that is safe and in the best interests of the health, safety and welfare of the public. The Board may consider, without limitation, the following factors in determining whether to approve, deny or modify such an application:
   (a) The information contained in the application;
   (b) The education, experience and expertise of the applicant;
   (c) The disciplinary history of the applicant, if any; and
   (d) Whether the applicant has sufficient malpractice or other liability insurance.
2. At the hearing, the Board may request that the applicant modify his or her application.
3. If the Board approves an application, the Board will provide the applicant with documentation indicating the approval and setting forth the terms and conditions under which the applicant may provide the services approved by the Board.
4. If the Board denies an application, the Board will provide the applicant with a written notice of the denial indicating the reasons for the denial and identifying any deficiencies in the application.

NAC 639.415 Hearing to approve or deny application from licensed pharmacy. (NRS 639.070)

1. Upon submission of an application pursuant to NAC 639.412, the Board [~~will~~] ***may*** schedule a hearing before the Board. At the hearing, the Board will consider the application and any other relevant information to determine whether the practice and services proposed in the application will be provided in a manner that is safe and in the best interests of the health, safety and welfare of the public. The Board may consider, without limitation, the following factors in determining whether to approve, deny or modify such an application:
   (a) The information contained in the application;
   (b) The disciplinary history of the applicant, if any; and
   (c) Whether the applicant has sufficient malpractice or other liability insurance.
2. At the hearing, the Board may request that the applicant modify the application.
3. If the Board approves an application, the Board will provide the pharmacy whose application is approved with documentation indicating the approval and setting forth the terms and conditions under which the pharmacists employed by or under contract with the pharmacy may offer the services approved by the Board.
4. If the Board denies an application, the Board will provide the applicant with a written notice of the denial indicating the reasons for the denial and identifying any deficiencies in the application.

NAC 639.757 Preparation and sale of compounded drugs by pharmacy or pharmacist: License as manufacturer not required under certain circumstances; unsafe or ineffective drug; restrictions on sale. (NRS 639.070**)**

1. A pharmacy or pharmacist is not required to obtain a license as a manufacturer to compound drugs if:
   ~~(a)~~ The compounded drugs are prepared in a quantity that is:
      (1) Necessary to fill a prescription or chart order; or
      (2) Reasonably necessary to fill future prescriptions or chart orders based upon the previous history of practitioners and patients who regularly use the pharmacy;
   ~~(b)~~ The compounded drugs are not sold or otherwise provided by the pharmacy or pharmacist to any person other than the ultimate user of the drugs, the agent of the ultimate user of the drugs or a practitioner who will be administering the drugs to a patient;
   ~~(c)~~ The compounded drugs are dispensed pursuant to a prescription or chart order;
   ~~(d)~~ Except as otherwise provided in paragraph (e) and subsection 2, the active ingredients used to compound the drugs:
      (1) Have a monograph in and meet or exceed the standards of the *United States Pharmacopoeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670;
      (2) Have been components of drugs approved by the Food and Drug Administration; or
      (3) Are authorized to be used in pharmacy compounding pursuant to 21 U.S.C. § 353a(b)(1) or the regulations adopted pursuant thereto;
   ~~(e)~~ Except as otherwise provided in subsection 2, for an active ingredient used to compound the drugs that does not have a monograph in the *United States Pharmacopoeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670, the active ingredient is:
      (1) Prepared by a manufacturer or distributed by a distributor registered with the Food and Drug Administration;
      (2) Accompanied by a certificate of analysis provided by the manufacturer or distributor of the ingredient; and
      (3) Prepared to a grade that, at a minimum, satisfies the requirements set forth in:
         (I) The *Food Chemicals Codex*, as adopted by reference in paragraph (d) of subsection 1 of NAC 639.670; or
         (II) *Reagent Chemicals: Specifications and Procedures*, as adopted by reference in paragraph (e) of subsection 1 of NAC 639.670, if the active ingredient is a certified analytical reagent, is for use in high pressure liquid chromatography, is for use in spectrophotometric applications or is a primary standard grade for use in standard solutions for analytical purposes.
2. In compounding a drug product, a pharmacy or pharmacist may use an active ingredient that does not satisfy the requirements of paragraphs (d) and (e) of subsection 1 if the pharmacy or pharmacist establishes the purity and safety of the ingredient by reasonable means, satisfactory to the Board, which include, without limitation, analysis of the lot in

which the ingredient was packaged, the reputation of the manufacturer of the ingredient and the reliability of the source of the ingredient. A pharmacy shall make and maintain a record of the means that the pharmacy relied upon in determining that an ingredient was pure and safe pursuant to this subsection.

3. Except as otherwise provided in this subsection, a pharmacy or pharmacist shall not compound a drug that has been withdrawn or removed from the market because the drug was found to be unsafe or ineffective. A pharmacy or pharmacist may compound a drug for veterinary use that has been withdrawn or removed from the market because the drug was found to be unsafe or ineffective for use in humans if the drug remains available for veterinary use.

4. A pharmacy shall not sell or otherwise provide a compounded drug to a retail pharmacy or a practitioner., [~~except that a pharmacy may sell or otherwise provide a compounded drug to:~~

~~(a) A practitioner who will be administering the drug to a patient; or~~

~~(b) A practitioner or another pharmacy if the compounded drug is:~~

~~(1) A highly concentrated drug product that is not commercially available; or~~

~~(2) Needed to fill a particular prescription or chart order in the possession of the receiving pharmacy at the time the receiving pharmacy orders the compounded drug from the compounding pharmacy.~~

~~5. The quantity of a compounded drug that is sold or otherwise provided to a practitioner or pharmacy pursuant to subsection 4 must not exceed the amount necessary for the practitioner or pharmacy to serve the present needs of the patients of the practitioner or pharmacy.~~]

NAC 639.850 Certificate of registration: Application; appearance before Board. (NRS 639.070**,** 639.2351**)**

1. The application of an advanced practice registered nurse for a certificate of registration to prescribe controlled substances, poisons, dangerous drugs and devices must include:
   (a) The name, address, social security number and telephone number of the applicant;
   (b) A copy of the certificate issued by the State Board of Nursing which authorizes the applicant to prescribe controlled substances, poisons, dangerous drugs and devices;
   (c) The name, address and telephone number of the applicant's collaborating physician, if the applicant is required to have a collaborating physician pursuant to NRS 632.237; and
   (d) Any other information requested by the Board.
2. Each advanced practice registered nurse who applies for a certificate of registration may be required by the Board to appear [~~personally~~] before the Board [~~for a determination and an assignment of the specific authority to be granted to the advanced practice registered nurse~~].

NAC 639.870 Certificate of registration: Application; fee; period of validity; appearance before Board; collaborating physician; late renewal. (NRS 639.070**,** 639.1375**)**

1. The application of an advanced practice registered nurse for a certificate of registration to dispense controlled substances, poisons, dangerous drugs and devices must include:
   (a) The name, address, social security number and telephone number of the applicant;

(b) A copy of the certificate issued by the State Board of Nursing which authorizes the applicant to dispense controlled substances, poisons, dangerous drugs and devices;
(c) The name, address and telephone number of the applicant's collaborating physician, if any;
(d) Written verification from the State Board of Nursing that the applicant has passed an examination on Nevada law relating to pharmacy; and
(e) Any other information requested by the Board.

2. Each application for the issuance or the biennial renewal of a certificate of registration must be accompanied by a nonrefundable fee of $300. The biennial certificate of registration covers the period beginning on November 1 of each even-numbered year.
3. Each advanced practice registered nurse who applies for a certificate of registration and his or her collaborating physician, if any, [~~must~~] ***may be required to*** appear [~~personally~~] before the Board for a determination and an assignment of the specific authority to be granted to the advanced practice registered nurse if the advanced practice registered nurse:
(a) Will be operating in a practice not previously licensed by the Board;
(b) Responded affirmatively to any of the questions on the application regarding his or her character or competency; or
(c) Is requested to do so by the Board.
4. Each advanced practice registered nurse to whom a certificate of registration is issued must be registered to a collaborating physician unless:
(a) The advanced practice registered nurse is not required to have a collaborating physician pursuant to subsection 3 of NRS 632.237; or
(b) The advanced practice registered nurse will not prescribe any controlled substance listed in schedule II.
5. An advanced practice registered nurse who fails to renew his or her certificate of registration within the time prescribed by statute or regulation must pay, in addition to the fee for renewal required by subsection 2, a fee equal to 50 percent of the fee for the renewal of the certificate.

NAC 639.283 Prescriptions: Orders on charts of hospitalized patients. (NRS 639.070**,** 639.1373**)** A physician assistant shall not write a prescription in the form of an order on the chart of a patient in a hospital unless the physician assistant is authorized by the hospital's rules and has filed a copy of his or her form for prescriptions with the pharmacy of the hospital. [~~The form must be approved by the Board.~~]

NAC 639.7145 Transfer of information between pharmacies: Requirements for transfer by facsimile machine. (NRS 639.070**,** 639.0745**)**

1. Information relating to a prescription may be transferred from a pharmacy to another pharmacy by a facsimile machine pursuant to NAC 639.713 if:
(a) The transmission from the transferring pharmacy:
(1) Includes the information required by subsection 2 of NRS 639.2353, which may be provided in the form of an accurate printout of the pharmacy's computerized record of the prescription; and
(2) Except as otherwise provided in subsection 2, includes:

(I) A copy of the original prescription maintained in the records of the transferring pharmacy on which the pharmacist at the transferring pharmacy has signed the copy and written his or her license number; or

(II) The signature and handwritten license number of the pharmacist at the transferring pharmacy and a notation that specifically indicates that the pharmacist intends to transfer the prescription.

(b) The transmission is prepared and transmitted by a pharmaceutical technician or pharmacist at the transferring pharmacy.

2. A pharmacy may transfer prescriptions by facsimile machine to another pharmacy without complying with the provisions of subparagraph (2) of paragraph (a) of subsection 1 only ***if*** ~~[upon application to and authorization by the Board. The Board may grant that authority to a pharmacy if the Board is satisfied that]~~:

(a) The pharmacy's computer system will accurately represent the identity of the pharmacist responsible for the transfer; and

(b) The identity of the pharmacist responsible for the transfer cannot be falsified, modified, added or otherwise provided without the knowledge and assent of that pharmacist.

3. A pharmacy which maintains its records of prescriptions in a computer system shall invalidate in its system a prescription transferred by a facsimile machine to another pharmacy.

19B

Proposed Regulation of the Nevada State Board of Pharmacy

Workshop - October 12, 2023

Explanation – Language in ***blue italics*** is new; language in ***red text*** [~~*omitted material*~~] is language to be omitted, and language in ***green text*** indicates prior Board-approved amendments that are in the process of being codified.

AUTHORITY: NRS 453.146; NRS 453.221; NRS 639.070

A REGULATION relating to controlled substances adding synthetic cannabinoids to the controlled substances listed in Schedule I; and providing other matters properly relating thereto.

NAC 453.510 is hereby amended to read as follows:

1. Schedule I consists of the drugs and other substances listed in this section by whatever official, common, usual, chemical or trade name designated

2. Unless specifically excepted or unless listed in another schedule, any of the following opiates, including, without limitation, their isomers, esters, ethers, salts and salts of isomers, esters and ethers, whenever the existence of such isomers, esters, ethers and salts is possible within the specific chemical designation:

Acetyl-alpha-methylfentanyl (N-[1-(1-methyl-2-phenethyl)-4-piperidinyl]-N-phenylacetamide);

Acetylmethadol;

Acryl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylacrylamide) (some trade or other names: acryloylfentanyl);

Allylprodine;

Alphacetylmethadol (except levo-alphacetylmethadol, commonly referred to as levo-alpha-acetylmethadol, levomethadyl acetate or “LAAM”);

Alphameprodine;

Alphamethadol;

Alphamethylfentanyl (N-[1-(alpha-methyl-beta-phenyl)ethyl-4-piperidyl] propionanilide; 1-(1-methyl-2-phenylethyl)-4-(N-propanilido) piperidine);

Alpha-methylthiofentanyl (N-[1-methyl-2-(2-thienyl)ethyl-4-piperidinyl]-N-phenylpropanamide);

Benzethidine;

Betacetylmethdol;

Beta-hydroxyfentanyl (N-[1-(2-hydroxy-2-phenethyl)-4-piperidinyl]-N-phenylpropanamide);

Beta-hydroxy-3-methylfentanyl (other name: N-[1-(2-hydroxy-2-phenethyl)-3-methyl-4-piperidinyl]-N-phenylpropanamide);

Beta-hydroxythiofentanyl (trade or other names: N-[1-[2-hydroxy-2-(thiophen-2-yl)ethyl]piperidin-4-yl]-N-phenylpropionamide; N-[1-[2-hydroxy-2-(2-thienyl)ethyl]-4-piperidinyl]-N-phenylpropanamide);

Betameprodine;

Betamethadol;

Betaprodine;

Butyryl fentanyl (trade or other names: N-(1-phenethylpiperidin-4-yl)-N-phenylbutyramide; N-(1-phenethylpiperidin-4-yl)-N-phenylbutanamide);

Clonitazene;

Cyclopentylfentanyl(N-(1-phenethylpiperidin-4-yl)-N-phenylcyclopentanecarboxamide);

Cyclopropylfentanyl(N-(1-phenethylpiperidin-4-yl)-N-phenylcyclopropanecarboxamide);

Dextromoramide;

Diampromide;

Diethylthiambutene;

Difenoxin;

Dimenoxadol;

Dimepheptanol;

Dimethylthiambuten;

Dioxaphetyl butyrate;

Dipipanone;

Ethylmethylthiambutene;

Etonitazene;

Etoxeridine;

Eutylone (bk-EBDB, 1-(1,3-Benzodioxol-5-yl)-2-(ethylamino)butan-1-one, b-keto-ethylbenzodioxolylbutanamine);

Fentanyl carbamate (Ethyl-(1-phenethylpiperidin-4-yl)(phenyl)carbamate);

Fluoro furanyl fentanyl;

Fluoroacryl fentanyl;

Fluorobutyryl fentanyl;

Fluorofentanyl (N-(4-fluorophenyl)-N-[1-(2-phenethyl)-4-piperidinyl]propanamide);

~~[4-Fluoroisobutyryl]~~ ***Fluoroisobutyryl*** fentanyl (N-(4-fluorophenyl)-N-(1-phenethylpiperidin-4-yl)isobutyramide) ***;*** ~~[(some trade or other names: para-fluoroisobutyryl fentanyl);]~~

Furanyl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylfuran-2-carboxamide);

Furethidine;

Hydroxypethidine;

Isobutyryl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylisobutyramide);

Isotonitazene;

Ketobemidone;

Levomoramide;

Levophenacylmorphan;

~~[3-Methylfentanyl (N-3-methyl-1-(2-phenylethyl)-4-piperidyl-N-phenylpropanamide);~~

~~3-Methylthiofentanyl (N-(3-methyl-1-(2-thienyl)ethyl-4-piperidinyl-N-phenylpropanamide);]~~

Methoxyacetyl fentanyl; ~~[(2-methoxy-N-(1-phenethylpiperidin-4-yl)-N-phenylacetamide);]~~

Methyl acetyl fentanyl;

Methyl methoxyacetyl fentanyl (some trade or other names: 2-methoxy-N-(2-methylphenyl)-N-(1-phenethylpiperidin-4-yl)acetamide (ortho-methyl methoxyacetylfentanyl; 2-methyl methoxyacetyl fentanyl));

Methylfentanyl;

Methylthiofentanyl;

Morpheridine;

MPPP (1-methyl-4-phenyl-4-propionoxypiperidine);

Noracymethadol;

Norlevorphanol;

Normethadone;

N-(1-(2-fluorophenethyl)piperidin-4-yl)-N-(2-fluorophenyl)propionamide (2'-fluoro

ortho-fluorofentanyl; 2'-fluro 2'-fluorofentanyl);

Norpipanone;

Ocfentanil (N-(2-fluorophenyl)-2-methoxy-N-(1-phenethylpiperidin-4-yl)acetamide;

Para-chloroisobutyryl fentanyl (N-(4-chlorophenyl)-N-(1-phenethylpiperidin-4-yl)isobutyramide);

Para-fluorobutyryl fentanyl (N-(4-fluorophenyl)-N-(1-phenethylpiperidin-4-yl)butyramide);

~~[Para-fluorofentanyl (N-(4-fluorophenyl)-N-1-(2-phenethyl)-4-piperidinylpropanamide);]~~

Para-methoxybutyryl fentanyl (N-(4-methoxyphenyl)-N-(1-phenethylpiperidin-4-yl)butyramide);

PEPAP (1-(-2-phenethyl)-4-phenyl-4-acetoxypiperidine);

Phenadoxone;

Phenampromide;

Phenomorphan;

Phenoperidine;

Phenyl fentanyl (some trade or other names: benzoyl fentanyl);

Phenylpropanoyl fentanyl;

Piritramide;

Proheptazine;

Properidine;

Propiram;

Racemoramide;

Tetrahydrofuranyl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenyltetrahydrofuran-2-carboxamide);

Thiofentanyl (N-phenyl-N-[1-(2-thienyl)ethyl-4-piperidinyl]-propanamide);

Thiofuranyl fentanyl (some trade or other names: thiophene fentanyl);

Tilidine;

Trimeperidine; or

Valeryl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylpentanamide).

3. Unless specifically excepted or unless listed in another schedule, any of the following opium derivatives, including, without limitation, their salts, isomers and salts of isomers, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation:

Acetorphine;

Acetyl fentanyl;

Acetyldihydrocodeine;

Benzylmorphine;

Codeine methylbromide;

Codeine-N-Oxide;

Cyprenorphine;

Desomorphine;

Dihydromorphine;

Drotebanol;

Etorphine (except hydrochloride salt);

Heroin;

Hydromorphinol;

Methyldesorphine;

Methyldihydromorphine;

Morphine methylbromide;

Morphine methylsulfonate;

Morphine-N-Oxide;

Myrophine;

Nicocodeine;

Nicomorphine;

Normorphine;

Pholcodine; or

Thebacon.

4. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of the following hallucinogenic substances, including, without limitation, their salts, isomers and salts of isomers, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation:

ADB-4en-PINACA (some trade or other names: N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-(pent-4-en-1-yl)-1H-indazole-3-carboxamide)

Adinazolam (some trade or other names: 8-chloro-1-((dimethylamino)methyl)-6-phenyl-4H-s-triazlo(4,3-a)(1,4)benzodiazepine; adinazolamum; Deracyn);

Alpha-ethyltryptamine (some trade or other names: ET, Trip);

Alpha-methyltryptamine (some trade or other names: AMT);

Bromazolam (some trade or other name: 8-bromo-1-methyl-6-phenyl H[1,2,4]triazolo[4,3a][1,4]benzodiazepine; XLI-268);

1,4-Butanediol (some trade or other names: 1,4-butyleneglycol, dihydroxybutane, tetramethylene glycol, butane 1,4-diol, SomatoPro, Soma Solutions, Zen);

4-bromo-2,5-dimethoxyamphetamine (some trade or other names: 4-bromo-2,5-dimethoxy-alpha-methylphenethylamine; 4-bromo-2,5-DMA);

4-bromo-2,5-dimethoxyphenethylamine (some trade or other names: Nexus, 2C-B);

1-Butyl-3-(1-naphthoyl)indole-7173 (some trade or other names: JWH-073);

2-(4-Chloro-2,5-dimethoxyphenyl)ethanamine (some trade or other names: 2C-C);

4-(2-chlorophenyl)-2-ethyl-9-methyl-6H-thieno[3,2-f][1,2,4]triazolo[4,3-a][1,4]diazepine (some trade or other names: Etizolam);

Clonazolam (some trade or other names: 6-(2-chlorophenyl)-1-methyl-8-nitro-4H-[1,2,4]triazolo[4,3-a][1,4]benzodiazepine; clonitrazolam);

1-cyclohexylethyl-3-(2-methoxyphenylacetyl)indole (some trade or other names: SR-18; BTM-8; RCS-8);

CUMYL-PEGACLONE (some trade or other names: SGT-151; 5-Pentyl-2-(2-phenylpropan-2-yl)pyrido[4,3-b]indol-1-one; 2,5-dihydro-2-(1-methyl-1-phenylethyl)-5-pentyl-1H-pyrido[4,3-b]indol-1-one)

Diclazepam (some trade or other names: 7-chloro-5-(2-chlorophenyl)-1,3-dihydro-1-methyl-2H-1,4-benzodiazepine-2-one; 7-chloro-5-(2-chlorophenyl)-1-methyl-1,3-dihydro-2H-benzo[e][1,4]diazepin-2-one; 2'-chlorodiazepam; Chlorodiazepam; Ro 5-3448);

2,5-dimethoxyamphetamine (some trade or other names: 2,5-dimethoxy-alpha-methylphenethylamine; 2,5-DMA);

2,5-dimethoxy-4-ethylamphet-amine (some trade or other names: DOET);

2-(2,5-Dimethoxy-4-ethylphenyl)ethanamine (some trade or other names: 2C-E);

2-(2,5-Dimethoxy-4-methylphenyl)ethanamine (some trade or other names: 2C-D);

2-(2,5-Dimethoxy-4-nitro-phenyl)ethanamine (some trade or other names: 2C-N);

2,5-Dimethoxy-N-(2-methoxybenzyl) phenethylamine (NBOMe) and any derivative thereof (some trade or other names: 2C-X-NBOMe; N-benzylated phenethylamines; N- o-methoxybenzyl analogs; NBOMe; 25H-NBOMe; 25B-NBOMe; 25C-NBOMe; 25D-NBOMe; 25E-NBOMe; 25I-NBOMe; 25N-NBOMe; 25P-NBOMe; 25T2-NBOMe; 25T4-NBOMe; 25T7-NBOMe);

2-(2,5-Dimethoxy-4-(n)-propylphenyl)ethanamine (some trade or other names: 2C-P);

2,5-dimethoxy-4-(n)-propylthiophenethylamine (some trade or other names: 2C-T-7);

2-(2,5-Dimethoxyphenyl)ethanamine (some trade or other names: 2C-H);

3-[(2-Dimethylamino)ethyl]-1H-indol-4-yl acetate (some trade or other names: 4-acetoxy- N, N-dimethyltryptamine;4-AcO-DMT; psilacetin; O-acetylpsilocin; 4-acetoxy-DMT);

5-(1,1-Dimethylheptyl)-2-[(1R,3S)-3-hydroxycyclohexyl]-phenol-7297 (some trade or other names: CP-47,497);

5-(1,1-Dimethyloctyl)-2-[(1R,3S)-3-hydroxycyclohexyl]-phenol-7298 (some trade or other names: cannabicyclohexanol; CP-47,497 C8 homologue);

Ethyl 2-(1-(5-fluoropentyl)-1H-indazole-3-carboxamido)-3,3-dimethylbutanoate (some trade or other names: 5F-EDMB-PINACA);

4-ethylnaphthalen-1-yl-(1-pentylindol-3-yl)methanone (some trade or other names: (4- ethyl-1-naphthalenyl)(1-pentyl-1H-indol-3-yl)-methanone; JWH-210);

2-[4-(Ethylthio)-2,5-dimethoxyphenyl]ethanamine (some trade or other names: 2C-T-2);

4F-MDMB-BUTICA (some trade or other names: 4F-MDMB-BICA; Methyl 2-[[1-(4-fluorobutyl)indole-3-carbonyl]amino]-3,3-dimethyl-butanoate; N-[[1-(4-fluorobutyl)-1H-indol-3-yl]carbonyl]-3-methyl-L-valine, methyl)

5F-EDMB-PICA (some trade or other names: 5F-EDMB-2201; Ethyl 2-[[1-(5-fluoropentyl)indole-3-carbonyl]amino]-3,3-dimethyl-butanoate; N-[[1-(5-fluoropentyl)-1H-indol-3-yl]carbonyl]-3-methyl-L-valine, ethyl ester)

Flualprazolam (some trade or other names: 8-chloro-6-(2-fluorophenyl)-1-methyl-4H-[1,2,4]triazolo[4,3-a][1,4]benzodiazepine; 8-chloro-6-(2-fluoro-phenyl)-1-methyl-4H-benzo[f][1,2,4]triazolo[4,3-a][1,4]diazepine; 2'-fluoro alprazolam; ortho-fluoro alprazolam);

Flubromazepam (some trade or other names: 7-bromo-5-(2-fluorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one; 7-Bromo-5-(2-fluorophenyl)-1H-benzo[e][1,4]diazepin- 2(3H)-one; 7-bromo-5-(2-fluorophenyl)-1,3-dihydro-1,4-benzodiazepin-2-one);

Flubromazolam (some trade or other names: 8-bromo-6-(2-fluorophenyl)-1-methyl-4H-(1,2,4)triazolo(4,3-a)(1,4)benzodiazepine);

Flunitrazolam (some trade or other names: 6-(2-fluorophenyl)-1-methyl-8-nitro-4H-benzo[f][1,2,4]triazolo[4,3-a][1,4]diazepine);

(1-(4-fluorobenzyl)-1H-indol-3-yl)(2,2,3,3-tetramethylcyclopropyl)methanone (some trade or other names: FUB-144);

2-(1-(4-fluorobenzyl)-1H-indazole-3-carboxamido)-3-methylbutanoate (Some trade or other names: FUB-AMB; MMB-FUBINACA);

[1-(5-fluoropentyl)-1H-indazol-3-yl](naphthalen-1-yl)methanone (some trade or other names: THJ-2201; 5-fluoro THJ 018; AM2201 indazole analog; fluorpentyl JWH-018 indazole);

[1-(5-fluoropentyl)-1H-indol-3-yl]-1-naphthalenyl-methanone (some trade or other names: 1-(5-fluoropentyl)-3-(1-naphthoyl)indole; AM-2201);

[1-(5-fluoropentyl)-1H-indol-3-yl]-(2-iodophyenyl)-methanone (some trade or other names: 1-(5-fluoropentyl)-3-(2-iodobenzoyl)indole; AM-694);

(1-(5-fluoropentyl)-1H-indol-3-yl)(2,2,3,3-tetramethylcyclopropyl)methanone (some trade or other names: XLR-11);

1-(5-fluoropentyl)-N-(2-phenylpropan-2-yl)-1H-indazole-3-carboxamide (some trade or other names: 5F-CUMYL-PINACA; SGT-25);

1-(5-fluoropentyl)-N-(tricyclo[3.3.1.13,7]dec-1-yl)-1H-indazole-3-carboxamide (some trade or other names: N-((3s,5s,7s)-adamantan-1-yl)-1-(5-fluoropentyl)-1H-indazole-3-carboxamide; APINACA 5-fluoropentyl analog; 5F-AKB48; 5-Fluoro-AKB48; 5F-APINACA; 5-Fluoro-APINACA;

1-(5-fluoropentyl)-8-quinolinyl ester-1H-indole-3-carboxylic acid (some trade or other names: 1-(5-fluoropentyl)-1H-indole-3-carboxylic acid 8-quinolinyl ester; 5-Fluoro-PB-22; 5F-PB-22);

Flutoprazepam (some trade or other names: 7-chloro-1-(cyclopropylmethyl)-5-(2-fluorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one);

2-(4-Iodo-2,5-dimethoxyphenyl)ethanamine (some trade or other names: 2C-I);

2-[4-(Isopropylthio)-2,5-dimethoxyphenyl]ethanamine (some trade or other names: 2C-T-4);

1-hexyl-3-(1-naphthoyl)indole (some trade or other names: JWH-019);

MDMB-4en-PINACA (some trade or other names: Methyl 3,3-dimethyl-2-(1-(pent-4-en-1-yl)-1H-indazole-3-carboxamido)butanoate)

Meclonazepam (some trade or other names: (3S)-5-(2-chlorophenyl)-1,3-dihydro-3-methyl-7-nitro-2H-1,4-benzodiazepin-2-one; Ro 11-3128);

Methoxetamine (some trade or other names: MXE; 2-(3-methoxyphenyl)-2-(ethylamino)cyclohexanone)

4-methoxyamphetamine (some trade or other names: 4-methoxy-alpha-methylphenethylamine; para-methoxyamphetamine; PMA);

(4-methoxy-1-naphthalenyl)(1-pentyl-1H-indol-3-yl)-methanone (some trade or other names: JWH-081);

5-methoxy-3,4-methylenedioxyamphetamine (some trade or other names: MMDA);

5-methoxy-N, N-diisopropyltryptamine (some trade or other names: 5-meO-DIPT);

4-methyl-2,5-dimethoxyamphetamine (some trade or other names: 4-methyl-2,5-dimethoxy-alpha-methylphenethylamine; “DOM”; “STP”);

(4-methyl-1-naphthalenyl)(1-pentyl-1H-indol-3-yl)-methanone (some trade or other names: JWH-122);

Methyl 2-(1-(5-fluoropentyl)-1H-indazole-3-carboxamido)-3,3-dimethylbutanoate (some trade or other names: 5F-ADB; 5F-MDMB-PINACA);

Methyl 2-(1-(5-fluoropentyl)-1H-indole-3-carboxamido)-3,3-dimethylbutanoate (some trade or other names: 5F-MDMB-PICA);

Methylenedioxyamphetamine (some trade or other names: MDA);

Methylenedioxymethamphetamine (MDMA);

Methylenedioxy-N-ethylamphetamine (commonly referred to as N-ethyl-alpha-methyl-3,4(methylenedioxy) phenethylamine, N-ethyl MDA, MDE, MDEA);

1-[2-(4-Morpholinyl)ethyl]-3-(1-naphthoyl)indole-7200 (some trade or other names: JWH-200);

MMB-FUBICA ester (some trade or other names: Methyl 2-(1-(4-fluorobenzyl)-1H-indole-3-carboxamido)-3-methyl butanoate; N-[[1-[(4-fluorophenyl)methyl]-1H-indol-3-yl]carbonyl]-L-valine, methyl ester

N-(adamantan-1-yl)-1-(4-fluorobenzyl)-1H-indazole-3-carboxamide (some trade or other names: FUB-AKB48; FUB-APINACA; AKB48 N-(4-fluorobenzyl);

N-(1-adamantyl)-1-pentyl-1H-indazole-3-carboxamide (some trade or other names: 1-pentyl-N-tricyclo[3.3.1.13,7]dec-1-yl-1H-indazole-3-carboxamide; APINACA; AKB48);

N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-(cyclohexylmethyl)-1H-indazole-3-carboxamide (trade or other names: ADB-CHMINACA; MAB-CHMINACA);

N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-pentyl-1H-indazole-3-carboxamide (trade or other name: ADB-PINACA);

N-(1-amino-3-methyl-1-oxobutan-2-yl)-1-pentyl-1H-indazole-3-carboxamide (some trade or other names: AB-PINACA);

N-(1-amino-3-methyl-1-oxobutan-2-yl)-1-(4-fluorobenzyl)-1H-indazole-3-carboxamide (trade or other name: AB-FUBINACA);

N-[(1S)-1-(aminocarbonyl)-2-methylpropyl]-1-(cyclohexylmethyl)-1H-indazole-3-carboxamide (trade or other name: AB-CHMINACA);

N-hydroxy-3,4-methylenedioxyamphetamine (commonly referred to as N-hydroxy-alpha-methyl-3,4(methylenedioxy) phenethylamine, N-hydroxy MDA);

2-(2-methoxyphenyl)-1-(1-pentylindol-3-yl)ethanone (some trade or other names: 1-(1-pentyl-1H-indol-3-yl)-2-(2-methoxyphenyl)-ethanone; 1-pentyl-3-(2-methoxyphenylacetyl)indole; JWH-250);

Nifoxipam (some trade or other names: 5-(2-fluorophenyl)-1,3-dihydro-3-hydroxy-7- nitro-

2H-1,4-benzodiazepin-2-one; 1,3-Dihydro-5-(2-fluorophenyl)-3-hydroxy-7-nitro- 2H-1,4-benzodiazepin-2-one; 3-hydroxydesmethylflunitrazepam; DP 370);

Nitrazolam (some trade or other names: 1-methyl-8-nitro-6-phenyl-4H-[1,2,4]triazolo[4,3-a][1,4]benzodiazepine);

Norflurazepam (some trade or other names: 7-chloro-5-(2-fluorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one; nor-Flurazepam; N-Desalkylflurazepam; Desalkylflurazepam; Ro 5-3367);

1-Pentyl-3-(2-chlorophenylacetyl)indole (some trade or other names: JWH-203);

1-Pentyl-3-(4-cholor-1-naphthoyl)indole (some trade or other names: JWH-398);

1-Pentyl-3-[(4-methoxy)-benzoyl]indole (some trade or other names: SR-19; BTM-4; RCS-4);

1-Pentyl-3-(1-naphthoyl)indole-7118 (some trade or other names: JWH-018; AM678);

(1-pentylindol-3-yl)-(2,2,3,3-tetramethylcyclopropyl)methanone (some trade or other names: UR-144);

1-pentyl-N-(tricyclo[3.3.1.$1^{3,7}$]dec-1-yl-1H-indole-3 carboxamide (some trade or other names: APICA; JWH-018 adamantyl carboxamide; 2NE1; SDB-001);

1-pentyl-8-quinolinyl ester-1H-indole-3-carboxylic acid (some trade or other names: 1-pentyl-1H-indole-3-carboxylic acid 8-quinolinyl ester; PB-22; QUPIC);

Phenazepam (some trade or other names: 7-bromo-5-(2-chlorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one; 7-bromo-5-(2-chlorophenyl)-1,2-dihydro-3H-1,4-benzodiazepin- 2-one; BD 98; Fenazepam; Elzepam; Phezipam; Phenorelaxan; Phenzitat);

Pyrazolam (some trade or other names: 8-bromo-1-methyl-6-(2-pyridinyl)-4H-(1,2,4)triazolo(4,3-a)(1,4)benzodiazepine; 8-bromo-1-methyl-6-(pyridin-2-yl)-4H-benzo[f][1,2,4]triazolo[4,3-a][1,4]diazepine; Pirazolam);

3,4,5-trimethoxyamphetamine;

Bufotenine (some trade or other names: 3-(beta-dimethylaminoethyl)-5-hydroxyindole; 3-(2-dimethyl-aminoethyl)-5-indolol; N, N-dimethylserotonin; 5-hydroxy-N, N-dimethyltryptamine; mappine);

Diethyltryptamine (some trade or other names: DET; N,N-Diethyltryptamine);

Dimethyltryptamine (some trade or other names: DMT; N,N-DMT; N,N-Dimethyltryptamine);

Fluorophenylpiperazine (some trade or other names: FPP, pFPP, 2-fluorophenylpiperazine, 3-fluorophenylpiperazine, 4-fluorophenylpiperazine);

Gamma butyrolactone (some trade or other names: GBL, Gamma Buty Lactone, 4-butyrolactone, dihydro-2(3H)-furanone, tetrahydro-2-furanone, Gamma G, GH Gold);

Gamma hydroxy butyric acid (some trade or other names: GHB);

Ibogaine (some trade or other names: 7-ethyl-6, 6 beta, 7, 8, 9, 10, 12, 13-octahydro-2-methoxy-6, 9-methano-5H-pyrido (1',2':1,2) azepino (5,4-b) indole; *Tabernanthe iboga*);

Lysergic acid diethylamide;

Marijuana;

Mescaline;

Methoxyphenylpiperazine (some trade or other names: MeOPP, pMPP, 4-MPP, 2-MeOPP, 3-MeOPP, 4-MeOPP);

Parahexyl (some trade or other names: 3-Hexyl-1-hydroxy-7, 8, 9, 10-tetrahydro-6,6,9-trimethyl-6H-dibenzo[b,d]pyran; Synhexyl);

Peyote (meaning all parts of the plant presently classified botanically as *Lophophora williamsii Lemaire*, whether growing or not, the seeds thereof, any extract from any part of

such plant, and every compound, manufacture, salts, derivative, mixture, or preparation of such plant, its seeds or extracts);

N-benzylpiperazine (some trade or other names: BZP, 1-benzylpiperazine);

N-ethyl-3-piperidyl benzilate;

N-methyl-3-piperidyl benzilate;

Psilocybin;

Psilocin;

Salvinorin A (some trade or other names: Divinorin A; Methyl (2S,4aR,6aR,7R,9S,10aS,10bR)-9-(acetyloxy)-2-(furan-3-yl)-6a,10b-dimethyl-4,10-dioxododecahydro-2H-benzofisochromene-7-carboxylate);

Ethylamine analog of phencyclidine (some trade or other names: N-ethyl-1-phenylcyclohexylamine; (1-phenylcyclohexyl) ethylamine; N-(1-phenylcyclohexyl) ethylamine; cyclohexamine; PCE);

Pyrrolidine analog of phencyclidine (some trade or other names: 1-(1-phenylcyclohexyl)-pyrrolidine; PCPy; PHP);

1-(1-(2-thienyl)-cyclohexyl)-pyrrolidine (some trade or other names: TCPy);

Thiophene analog of phencyclidine (some trade or other names: 1-(1-(2-thienyl)-cyclohexyl)-piperidine; 2-thienyl analog of phencyclidine; TPCP; TCP); or

Trifluoromethylphenylpiperazine (some trade or other names: 1-(3-trifluoromethylphenyl)piperazine; 3-trifluoromethylphenylpiperazine; TFMPP).

 For the purposes of this subsection, “isomer” includes, without limitation, the optical, position or geometric isomer.

5. All parts of the plant presently classified botanically as Datura, whether growing or not, the seeds thereof, any extract from any part of such plant or plants, and every compound, manufacture, salt derivative, mixture or preparation of such plant or plants, its seeds or extracts, unless substances consistent with those found in such plants are present in formulations that the Food and Drug Administration of the United States Department of Health and Human Services has approved for distribution.

6. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of phencyclidine, mecloqualone or methaqualone having a depressant effect on the central nervous system, including, without limitation, their salts, isomers and salts of isomers, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation.

7. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system, including, without limitation, their salts, isomers and salts of isomers:

Alpha-PBP (some trade or other names: 1-phenyl-2-(pyrrolidin-1-yl)butan-1-one, alpha- pyrrolidinobutiophenone);

Alpha-PVP (some trade or other names: 1-phenyl-2-(1-pyrrolidinyl)-1-pentanone, alpha- pyrrolidinopentiophenone, alpha-pyrrolidinovalerophenone, O-2387);

Alpha-pyrrolidinoheptaphenone (some trade or other names: PV8);

Alpha-pyrrolidinohexanophenone (some trade or other names: alpha-PHP);

Aminorex;

Butylone (some trade or other names: 1-(1,3-benzodioxol-5-yl)-2-(methylamino)butan-1- one, β-keto-N-methylbenzodioxolylpropylamine, bk-MBDB);

Cathinone (some trade or other names: 2-amino-1-phenyl-1-propanone; alpha- aminopropiophenone; 2-aminopropiophenone; norephedrone);

4-chloro-alpha-pyrrolidinovalerophenone (some trade or other names: 4-chloro-a-PVP);

Dimethylone (some trade or other names: 3,4-methylenedioxy-N,Ndimethylcathinone; N,N-dimethyl MDCATH; N,N-dimethyl-3,4- methylenedioxycathinone; N,N-dimethylβ-keto-3,4-methylenedioxyamphetamine; 1-(1,3-benzodioxol-5-yl)-2-(dimethylamino)propan-1-one; bk-MDDMA);

N-ethylhexedrone;

Ethylone (some trade or other names: N-ethyl-3,4-methylenedioxycathinone; 1-(1,3- benzodioxol-5-yl)-2-(ethylamino)propan-1-one; MDEC; bk-MDEA);

N-ethylpentylone (1-(1,3-benzodioxol-5-yl)-2-ethylamino)-pentan-1-one) (some trade or other names: ephylone);

Fenethylline;

Fluoroamphetamine (some trade or other names: 2-fluoroamphetamine, 3-fluoroamphetamine, 4-fluoroamphetamine, 2-FA, 3-FA, 4-FA, PFA);

Fluoromethcathinone (some trade or other names: 4-Fluoro-N-methylcathinone, 1-(4-fluorophenyl)-2-(methylamino)propan-1-one, 4-Fluoromethcathinone (Flephedrone), 4- FMC, 3-Fluoro-N-methylcathinone, 1-(3-fluorophenyl)-2-2(methylamino)propan-1- one, 3-Fluoromethcathinone, 3-FMC, 2-Fluoro-N-methylcathinone, 1-(2-fluorophenyl)- 2-(methylamino)propan-1-one, 2-FMC);

Mephedrone (some trade or other names: Methylmethcathinone, 4-Methylmethcathinone,

4-MMC, 4-Methylephedrone);

Methamphetamine;

Methcathinone (some trade or other names: N Methylcathinone,cat);

Methedrone (some trade or other names: Methoxymethcathinone, 4-Methoxymethcathinone, bk-PMMA, methoxyphedrine);

4-methyl-alpha-ethylaminopentiophenone (some trade or other names: 4-MEAP);

4'-methyl-alpha-pyrrolidinohexiophenone (some trade or other names: MPHP);

4-methyl-alpha-pyrrolidinopropiophenone (some trade or other names: 1-(4-methylphenyl)-2-(pyrrolidin-1-yl)-propan-1-one, 4-MePPP);

(±)cis-4-methylaminorex ((+)cis-4,5-dihydro-4-methyl-5-phenyl-2-oxazolamine);

Methylenedioxypyrovalerone (some trade or other names: 3,4-Methylenedioxypyrovalerone, MDPV);

Methylethcathinone (some trade or other names: 2-(ethylamino)-1-(4-methylphenyl)propan-1-one, 4-MEC, 4-methyl-N-ethylcathinone);

Methylone (some trade or other names: Methylenedioxy-N-methylcathinone, Methylenedioxymethcathinone, 3,4-Methylenedioxy-N-methylcathinone, bk-MDMA);

N,N-dimethylamphetamine (commonly referred to as N,N-alpha-trimethyl-benzeneethanamine; N,N-alpha-trimethylphenethylamine);

N-ethylamphetamine;

Naphyrone (some trade or other names: 1-(naphthalen-2-yl)-2(pyrrolidin-1-yl)pentan-1-one, naphthylpyrovalerone, naphpyrovalerone, NRG-1, O-2482);

Pentedrone (some trade or other names: 2-(methylamino)-1-phenylpentan-1-one,

α- methylaminovalerophenone); or

Pentylone (trade or other names: 1-(1,3-benzodioxol-5-yl)-2-(methylamino)pentan-1-one; beta-keto-methylbenzodioxolylpentanamine; bk-MBDP; bk-methyl-K).

8. Unless specifically listed in another schedule, coca leaves, cocaine base or free base, or a salt, compound, derivative, isomer or preparation thereof which is chemically equivalent or identical to such substances, and any quantity of material, compound, mixture or preparation which contains coca leaves, cocaine base or cocaine free base or its isomers or any of the salts of cocaine, except decocainized coca leaves or extractions which do not contain cocaine or ecgonine.

9. Unless specifically listed in another schedule, Tetrahydrocannabinols (natural or synthetic equivalents of substances contained in the plant, or in the resinous extractives of Cannabis, sp. or synthetic substances, derivatives and their isomers with similar chemical structure and pharmacological activity such as the following:

Delta 9 cis or trans tetrahydrocannabinol, and their optical isomers, also known as Delta 1 cis or trans tetrahydrocannabinol, and their optical isomers;

Delta 8 cis or trans tetrahydrocannabinol, and their optical isomers, also known as Delta 6 cis or trans tetrahydrocannabinol, and their optical isomers;

Delta 3, 4 cis or trans tetrahydrocannabinol, and its optical isomers;

Tetrahydrocannabinols contained in the genus Cannabis or in the resinous extractives of the genus Cannabis;

Synthetic equivalents of tetrahydrocannabinol substances or synthetic substances, derivatives and their isomers with a similar chemical structure; and

Since nomenclature of these substances is not internationally standardized, compounds of

these structures, regardless of numerical designation of atomic positions covered).

10. Unless specifically listed in another schedule and except as otherwise provided in subsection 11, any material, compound, mixture or preparation which contains any quantity of CBD (natural or synthetic equivalents of the substances contained in the plant or in the resinous extractives of Cannabis sp. or synthetic substances, derivatives and their isomers with similar chemical structure and pharmacological activity).

11. A drug product which:

(a) Has been approved by the United States Food and Drug Administration;

(b) Contains CBD derived from any plant in the genus Cannabis or the resinous extractives thereof; and

(c) Contains not more than 0.1 percent residual THC by weight,

➥ is not a controlled substance.
