CONSENT ORDER

WHEREAS, an Administrative Complaint, hereafter Complaint, was issued on September 23, 2011, charging UPS Supply Chain Solutions Inc., hereafter Respondent Wholesaler, with having violated section 17768(2)(d) of the Public Health Code, 1978 PA 368, as amended; MCL 333.1101 et seq; and

WHEREAS, Respondent Wholesaler neither admits nor denies the facts alleged in the Complaint dated September 23, 2011, but agrees that the Disciplinary Subcommittee of the Michigan Board of Pharmacy, hereafter Disciplinary Subcommittee, shall treat the allegations as true, which finding shall have the same force and effect for purposes of this Consent Order as if evidence and arguments were presented in support of the allegations; and

WHEREAS, the Disciplinary Subcommittee reviewed the Stipulation and, based upon the matters asserted therein, agrees that the public interest is best served by resolution of the outstanding Complaint; now, therefore,

IT IS HEREBY FOUND that the facts alleged in the Complaint are true for the purposes of this Consent Order and constitute a violation of section 17768(2)(d) of the Public Health Code, supra.

Accordingly,

IT IS HEREBY ORDERED that for the cited violation of the Public Health Code, Respondent Wholesaler is FINED in the amount of $2,500.00 to be paid to the State of Michigan within 60 days of the effective date of this Order.

IT IS FURTHER ORDERED that the fine shall be mailed to the **Department of Licensing and Regulatory Affairs, Bureau of Health Care Services, Sanction Monitoring, P.O. Box 30189, Lansing, MI 48909**. The fine shall be paid by check or money order, made payable to the State of Michigan, and the check or money order shall clearly display file number **53-10-118763.**

IT IS FURTHER ORDERED that in the event Respondent violates any provision of this Order, the Disciplinary Subcommittee may proceed to take disciplinary action pursuant to 1996 AACS, R338.1632 and section 16221(h) of the Public Health Code, supra.

Chairperson, Disciplinary Subcommittee

STIPULATION

1. Respondent Wholesaler neither admits nor denies the facts alleged in the Complaint dated September 23, 2011, but agrees that the Disciplinary Subcommittee shall treat the allegations as true, which finding shall have the same force and effect for purposes of this Consent Order as if evidence and arguments were presented in support thereof.

2. Respondent Wholesaler understands and intends that by signing this Stipulation, Respondent Wholesaler is waiving the right, pursuant to the Public Health Code, the rules promulgated thereunder, and the Administrative Procedures Act of 1969, 1969 PA 306, as amended; MCL 24.201 et seq, to require the Department of Licensing and Regulatory Affairs, hereafter Department, to prove the charges set forth in the Complaint by presentation of evidence and legal authority, and Respondent Wholesaler is waiving the right to appear with an attorney and such witnesses as Respondent Wholesaler may desire to present a defense to said charges.

3. Factors taken into consideration in the formulation of the within Consent Order are as follows:

> Subsequent to the adverse actions, Respondent Wholesaler submitted information about steps implemented by Respondent Wholesaler, in the state of Colorado, to ensure that this type of action will not recur, including establishing strategy groups and tactical teams which ensure regulations are met and all locations are compliant. Respondent Wholesaler indicated that a single manager coordinates the local teams to ensure all information is consistently distributed. No patient safety issues were involved in Respondent Wholesaler's actions.
>
> Respondent Wholesaler was cooperative in resolution of this matter. Respondent Wholesaler has been licensed in the state of Michigan since 2008 and has no other complaints against its license.

4. Patricia A. Smeelink, R.Ph., a member of the Michigan Board of Pharmacy who supports this proposal, and the Department's representative are both free to discuss this matter with the Disciplinary Subcommittee and recommend acceptance of the resolution set forth in the foregoing Consent Order.

5. The foregoing Consent Order is approved as to form and substance by Respondent Wholesaler and the Department and may be entered as the final order of the Disciplinary Subcommittee in said cause.

CONTINUED ON NEXT PAGE

6. This proposal is conditioned upon acceptance by the Disciplinary Subcommittee, Respondent Wholesaler and the Department expressly reserving the right to further proceedings without prejudice should the Consent Order be rejected.

COMMONWEALTH OF KENTUCKY
KENTUCKY BOARD OF PHARMACY
Case No. 11-0062A

IN RE: PHARMACY PERMIT NO. P07277 HELD BY UPS SUPPLY CHAIN SOLUTIONS, INC.

AGREED ORDER

Come the parties, the Kentucky Board of Pharmacy ("the Board") and UPS Supply Chain Solutions, Inc. ("Respondent"), and both having been fully informed regarding the matter set forth herein, state as follows:

(1) Respondent is a pharmacy in the Commonwealth of Kentucky, having been assigned pharmacy permit no. P07277.

(2) (a) An investigation of Respondent's pharmacy revealed that numerous technicians worked on various dates in 2010, without being timely registered with the Board. The Respondent assured the technicians that it would take care of ensuring they were properly registered. Respondent subsequently properly registered the technicians. Nonetheless, the Respondent was in violation of KRS 315.121(1)(g).
(b) The technicians that worked without being appropriately registered with the Board were: Chelsea Hutchins, Alisha Netherton, Brittany Barger, Lauren Fisher, Karen Millay, Meghan Rae Yates, Michelle Green, Amanda Gracie, Faith Joway, Taylor Parker, Manoj Bhandari, Jonathan Pruitt, Whitney Wilson, Dustin R. Harris, Fabrice Mboya, Lauren Howell, Coco Boards, Benjamin Bickett, Jessica Horlander, Jason Cope, William Robert Bennett Jr, Thomas Hicks, Nimo Muhumed Mohamud, Harold Keith Newcom, Rodrick G Parrish, Johnathan Borho, Antoya Blackburn, Jonathan Graves, and Leilani Roach.
(c) The above facts subject Respondent to discipline pursuant to KRS 315.121(1) (h).

(3) Respondent takes compliance with KRS 315 seriously and as part of its corporate compliance program presented to the Board a detailed corrective action plan intended to ensure on-going compliance with KRS 315.121(1)(g).

(4) This matter is considered a violation pursuant to KRS 315.121(6) and 201 KAR 2:270.

(5) The Board and Respondent have agreed to address this matter informally by

entering into this Agreed Order, in lieu of the Board filing a formal Complaint.

WHEREFORE, IT IS HEREBY AGREED AND ORDERED THAT:

(A) Respondent shall be fined $2900.00 ($100 per technician) payable by September 5, 2012. Respondent's check shall be made payable to the Kentucky State Treasurer and sent to the Kentucky Board of Pharmacy, State Office Bldg., Annex, Ste. 300, 125 Holmes St., Frankfort, Kentucky 40601.

(B) By entering into this Agreed Order, Respondent expressly acknowledges that Respondent was fully and completely informed of Respondent's right to due process, that Respondent fully understands those rights, and that Respondent knowingly, voluntarily, and willingly agrees to waive those rights and to enter into this Agreed Order.

(C) The above information shall be reported to the National Association of Boards of Pharmacy ("NABP"), and is subject to disclosure under the Kentucky Open Records Act.

AGREED BOARD ORDER #L-13-004

RE: IN THE MATTER OF
UPS SUPPLY CHAIN SOLUTIONS, INC.
(CLASS E NONRESIDENT
PHARMACY LICENSE #26160)

BEFORE THE TEXAS STATE
BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy ("Board") the matter of Class E nonresident pharmacy license number 26160 issued to UPS Supply Chain Solutions, Inc. ("Respondent"), 1860 Outer Loop Road, Louisville, Kentucky 40219.

On September 8, 2012, Respondent self-reported to the Board the entry of two Agreed Orders by the Kentucky Board of Pharmacy, as described below in Counts (1) and (2).

By letter dated February 22, 2013, the Board gave preliminary notice to Respondent of its intent to take disciplinary action. This action was taken as a result of an investigation which produced evidence indicating that Respondent may have violated:

> Section 565.002 (a)(13); and Section 565.002(c) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Title 3, Subtitle J (2011), as alleged in the Counts below.

The conduct described in the Kentucky Board of Pharmacy's Agreed Orders is substantially similar to conduct described in:

> Section 565.002(a)(3); and Section 568.002(a) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Title 3, Subtitle J (2011); and
>
> Section 297.3(a)(1) of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2012).

COUNTS

(1) On or about September 12, 2012, the Kentucky Board of Pharmacy entered an Agreed Order in case number 11-0061A against the Kentucky pharmacy permit number P07277 held by UPS Supply Chain Solutions, Inc. The Order was based on allegations that from April through November of 2010, the pharmacy allowed an unregistered individual to perform duties of a pharmacy technician without being registered with the Kentucky Board of Pharmacy. The Order imposed an administrative penalty of $125.

(2) On or about September 12, 2012, the Kentucky Board of Pharmacy entered an Agreed Order in case number 11-0062A against the Kentucky pharmacy permit number P07277 held by UPS Supply Chain Solutions, Inc. The Order was based on allegations that, on various dates in 2010, the pharmacy allowed twenty-nine (29) unregistered individuals to

perform duties of a pharmacy technician without being registered with the Kentucky Board of Pharmacy. The Order imposed an administrative penalty of $2900.

An informal conference was held in the office of the Texas State Board of Pharmacy on April 2, 2013. Phillip Vowels, R.Ph., Pharmacist-in-Charge of Respondent; Sue Young, Director, Global Healthcare Compliance, for Respondent; Amy Carney, Regulatory Affairs Manager, for Respondent; Maureen O'Brien, Senior Quality Assurance Manager, for Respondent; Emily Johnson, Legal Counsel for Respondent; Hannah Heck, Legal Counsel for Respondent; and Michelle Williams, Legal Counsel for Respondent, appeared via teleconference. The informal conference was heard by a Board panel comprised of: Jeanne D. Waggener, R.Ph., Board Member; Gay Dodson, R.Ph., Executive Director/Secretary; and Carol Fisher, R.Ph., M.P.A., Director of Enforcement; with Kerstin E. Arnold, General Counsel. Stacy E. Martyak, Staff Attorney, was also in attendance.

By signing this Order, Daniel Silvernale, Vice President, for and on behalf of Respondent, neither admits nor denies the truth of the matters previously set out in this Order, and agrees that the Board has jurisdiction in this matter and waives the right to notice of hearing, formal administrative hearing, and judicial review of this Order.

The parties acknowledge that this Order resolves the allegations set forth herein, and agree to the terms and conditions set forth in the ORDER OF THE BOARD below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the Board does hereby ORDER that Respondent's license is hereby reprimanded.

And it is so ORDERED.

THIS ORDER IS A PUBLIC RECORD.

Dear Amy,

This notification is to inform you that UPS Supply Chain Solutions, Inc. in Woolwich Township, NJ has been cleared for its Supply Chain Inspection. **The unannounced inspection of your facility may occur any time within the next eight weeks, without notice.** This timeframe is an estimate and is subject to change pending inclement weather, a significant number of blackout dates for your facility, or other unforeseen circumstances. As a reminder of NABP's and your facility's inspection responsibilities reference the previously emailed *Follow Up Requests* communication. Please note, that any changes submitted including additional blackout dates or application changes will be subject to administrative fees and/or travel change fees, if applicable.

Attached you will find a list of items that your facility must have available during the inspection. Because it is unannounced, NABP recommends sharing the location of these documents or files with multiple staff to ensure there is sufficient awareness in the facility of the impending inspection if you, the contact, are unavailable. If these items and documents are not available, **NABP's inability to access them and complete the inspection in its entirety will be reflected in the report provided to the State Boards of Pharmacy.**

Please visit our FAQ page for information on What are the next steps after I have the inspection [nabp.pharmacy]?

Re: Third Party Logistics Providers

Per H.R. 3204, DQSA, Uniform National Policy, Sec. 585 (b)(2) New Jersey does not regulate third-party logistics providers as wholesale distributors. To qualify for a wholesale drug or medical device registration, a facility must conduct regulated wholesale distribution or manufacturing activity as defined in N.J.A.C. 8:21-3A.3, therefore New Jersey does not issue or require registration of third party logistics providers.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. E708225

Application/License No. _____

UPS Supply Chain Solutions, Inc., doing or intending to do business as a
Applicant/Principal
pharmaceutical wholesaler, whose address for purposes of service is
2235 Route 322 Suite 100 Woolwich Township, NJ 08085, as
Address of Applicant/Principal
PRINCIPAL, and Great American Insurance Company, a
Surety Company
corporation organized under the laws of the state of Ohio
State of Incorporation
and authorized to transact a general surety business in the State of

Nevada, whose address for purposes of service is
2235 Route 322 Suite 100 Woolwich Township, NJ 08085 as
Address of Surety
SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 12/16/2022.
Effective Date

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 16th day of December, 2022

Notifying Florida Board of change of address associated with existing permit for ViiV corporate office

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy
	Settlement agreement

Name of Business/Industry/Entity
ViiV Healthcare Company

Provide explanation below:

In association with ViiV Healthcare relocating its corporate headquarters from Research Triangle Park, North Carolina to Durham, North Carolina the state of North Carolina was notified of the change who then coordinated the on site inspection and issued the updated home state license. After receiving the updated home state license, subsequent notification was initiated with the state of Florida to notify them of the change in address. System limitations that coincided with trying to process annual license renewal and change of address at the same time along with extended dialogue with representatives wtihin the Department of Business & Professional Regulations prevented the change of address from being processed in a timely manner.

DEPARTMENT OF BUSINESS & PROFESSIONAL REGULATION

DEPARTMENT OF BUSINESS & PROFESSIONAL REGULATION, DIVISION OF DRUGS, DEVICES, AND COSMETICS,

Petitioner, **Case Nos.: 2023-010778**

v.

VIIV HEALTHCARE COMPANY,

Respondent.
_____/

SETTLEMENT AGREEMENT

Pursuant to Section 120.57(4), Florida Statutes, the above-named parties hereby enter into this Settlement Agreement (hereinafter, "this agreement") as disposition of the alleged violations described in the Notice of Violation in case number 2023-010778 (hereinafter, "the allegations"). The terms herein become effective upon rendition of the final order, which shall incorporate this agreement.

The State of Florida, Department of Business & Professional Regulation, Division of Drugs, Devices, and Cosmetics (hereinafter, "the Department") is charged with regulating Drugs, Devices, and Cosmetics pursuant to Section 20.165 and Chapter 499, Florida Statutes.

STIPULATED FACTS

1. ViiV Healthcare Company (hereinafter, "Respondent") currently holds non-resident prescription drug manufacturer permit 26:1072.

2. Respondent's address of record is 410 Blackwell Street, Suite 300, Durham, North Carolina 27701.

3. Respondent was issued a Notice of Violation on March 17, 2023, alleging that it committed certain violations of Chapter 499, Florida Statutes, and the administrative rules adopted

pursuant thereto.

CONCLUSIONS OF LAW

4. Respondent, by and through its undersigned agent, admits that it is subject to the applicable provisions of Chapter 499, Florida Statutes, and the relevant jurisdiction of the Department.

5. Respondent neither admits nor denies the allegations in the Notice of Violation issued in case 2023-010778, but enters into this agreement for the purpose of resolving the issues raised by the Department.

SETTLEMENT TERMS

6. Respondent affirms that it is currently in compliance with Chapter 499, Florida Statutes.

7. Respondent agrees to pay a settlement amount of five thousand dollars ($5,000.00). **Payment of the settlement amount shall be made only by corporate check, cashier's check, or money order to the Professional Regulation Trust Fund, and shall be remitted to The Florida Department of Business & Professional Regulation, Division of Drugs, Devices and Cosmetics, 2601 Blair Stone Road, Tallahassee, Florida 32399-1047, Attention: Kimberley Johnson, Senior Legal Assistant**. Respondent acknowledges that payment is enclosed with this agreement. The payment and execution of this agreement by Respondent are absolute conditions precedent to the Department's execution of this agreement.

8. The Department agrees that this agreement **will not** be deemed to constitute disciplinary action against Respondent within the meaning of Section 499.066, Florida Statutes, and Rule 61N-1.024, Florida Administrative Code.

STANDARD PROVISIONS

9. It is expressly understood that a violation of the terms of this agreement shall be considered a violation of Chapter 499, Florida Statutes, for which disciplinary action may be taken.

10. The parties agree that this agreement will be incorporated into a final order that will be filed with the Department agency clerk and will be a public document. The final order will contain no material terms other than those in this agreement. **The final order shall operate to close case number 2023-010778. The final order shall be the final disposition in this proceeding and shall constitute final agency action with respect thereto.**

11. Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of, or to otherwise challenge or contest the validity of, this agreement and the final order in which this agreement is incorporated, provided the final order does not conflict with this agreement.

12. Each party waives the right to seek any attorney's fees or costs from the other party in connection with this proceeding.

13. This agreement may be executed in any number of counterparts including, without limitation, telecopies and facsimile transmission copies, all of which together shall constitute a single document.

14. The parties agree that this agreement represents a fair, appropriate, and reasonable resolution to, and final disposition of, all disputes and matters made subject hereof.

15. The terms and provisions of this agreement are severable and, if any term or provision is declared or deemed void, invalid, illegal, or otherwise unenforceable, then all remaining terms and provisions shall remain in full force and effect.

16. It is expressly understood that this agreement is subject to approval of the Division of Drugs, Devices, and Cosmetics, and has no force or effect until the Division accepts this

agreement and adopts it in a final order.

17. The signatories hereto are vested with the authority to execute this agreement on behalf of their respective principals and, as duly designated representatives, to fully bind such principals.

ViiV Healthcare Company

ADDENDUM TO CERTIFICATION

The officer responsible for the submission of the Nevada initial application is responding to all questions only to the best of his or her knowledge as it relates to ViiV Healthcare Company. ViiV Healthcare Company is one of numerous GSK-operating companies located in over 115 countries around the world as part of a global, science-led organization that researches, develops, manufactures, markets, and sells pharmaceutical, vaccines, and consumer healthcare products. The officer is not making any representations with respect to any GSK companies other than GSK/ViiV Healthcare Company.

While every endeavor has been made to ensure the statements, representations, and attestations ("Statements") provided in this application are accurate and correct, we would like to clarify the limitations in the due diligence that can reasonably be conducted in order to make such Statements. The Statements have been made in good faith based on the information available to and known by the officer of ViiV Healthcare Company at the time of submission.

In relation to any questions that refer to employees and/or agents, please note that ViiV Healthcare Company employs many thousands of people and has extensive data protection processes which precludes obtaining and reviewing the records of every employee. Therefore, while the officer cannot have personal knowledge of every ViiV Healthcare Company employee and/or agent, ViiV Healthcare Company does have employee policies imposing strict compliance with applicable laws, a comprehensive employee training curriculum that covers a wide range of employee behaviors and compliance topics and pre-employment corporate security vetting. In addition, there is a ViiV Healthcare Company initiative that encourages and safeguards employees reporting illegal or unethical behavior within the company.

In relation to any questions that refer specifically to ViiV Healthcare Company and/or any corporate officers, the officer was given confirmation that there was no information available to indicate that a different answer be given for the purposes of this application than the one provided in the Statements.

Submission of the Nevada initial application by the officer reflects this reasonable care and diligence to be expected of a properly qualified and competent member of a large corporate organization providing Statements similar in scope and character to those provided.

NDA 215413/S-001

SUPPLEMENT APPROVAL

ViiV Healthcare Company
c/o GlaxoSmithKline
Attention: Stephen Hyatt
Manager, Global Regulatory Affairs
410 Blackwell Street
Durham, NC 27701

Dear Mr. Hyatt:

Please refer to your supplemental new drug applications (sNDAs) dated and received April 7, 2022, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Triumeq (abacavir, dolutegravir, lamivudine) tablets and Triumeq PD (abacavir, dolutegravir, lamivudine) tablets for oral suspension.

These Prior Approval sNDAs provide for the following changes to the labeling:

- To update the USE IN SPECIFIC POPULATIONS, Pregnancy, section of the Prescribing Information (PI) with data regarding dolutegravir crossing the placenta
- To update the USE IN SPECIFIC POPULATIONS, Lactation, section of the PI with data regarding the presence of dolutegravir in human milk
- To update CLINICAL PHARMACOLOGY, Pharmacokinetics with a "Pregnant Women" subsection
- To update the Medication Guide to be consistent with the changes made to the PI

APPROVAL & LABELING

We have completed our review of these applications, as amended. They are approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

WAIVER OF ½ PAGE LENGTH REQUIREMENT FOR HIGHLIGHTS

Please note that we have previously granted a waiver of the requirements of 21 CFR 201.57(d)(8) regarding the length of Highlights of Prescribing Information.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, submit the content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format using the FDA automated drug registration and listing system (eLIST), as described at FDA.gov.[1] Content of labeling must be identical to the enclosed labeling (text for the Prescribing Information, Instructions for Use, and Medication Guide), with the addition of any labeling changes in pending "Changes Being Effected" (CBE) supplements, as well as annual reportable changes not included in the enclosed labeling.
Information on submitting SPL files using eList may be found in the guidance for industry *SPL Standard for Content of Labeling Technical Qs and As.*[2]

The SPL will be accessible from publicly available labeling repositories.

Also within 14 days, amend all pending supplemental applications that include labeling changes for these NDAs, including CBE supplements for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 314.50(l)(1)(i)] in Microsoft Word format, that includes the changes approved in this supplemental application, as well as annual reportable changes. To facilitate review of your submission(s), provide a highlighted or marked-up copy that shows all changes, as well as a clean Microsoft Word version. The marked-up copy should provide appropriate annotations, including supplement number(s) and annual report date(s).

REQUIRED PEDIATRIC ASSESSMENTS

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients (which includes new salts and new fixed combinations), new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication in pediatric patients unless this requirement is waived, deferred, or inapplicable.

Because none of these criteria apply to your application, you are exempt from this requirement.

PATENT LISTING REQUIREMENTS

Pursuant to 21 CFR 314.53(d)(2) and 314.70(f), certain changes to an approved NDA submitted in a supplement require you to submit patent information for listing in the Orange Book upon approval of the supplement. You must submit the patent information

[2] We update guidances periodically. For the most recent version of a guidance, check the FDA Guidance Documents Database https://www.fda.gov/RegulatoryInformation/Guidances/default.htm.

required by 21 CFR 314.53(d)(2)(i)(A) through (C) and 314.53(d)(2)(ii)(A) and (C), as applicable, to FDA on Form FDA 3542 within 30 days after the date of approval of the supplement for the patent information to be timely filed (see 21 CFR 314.53(c)(2)(ii)). You also must ensure that any changes to your approved NDA that require the submission of a request to remove patent information from the Orange Book are submitted to FDA at the time of approval of the supplement pursuant to 21 CFR 314.53(d)(2)(ii)(B) and 314.53(f)(2)(iv).

REPORTING REQUIREMENTS

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

If you have any questions, contact Kevin Allen, Regulatory Project Manager, at 301-837-7467.

Sincerely,

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 107654560

Application/License No. _____

ViiV Healthcare Company (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 410 Blackwell Street, Suite 300, Durham, NC 27701 (Address of Applicant/Principal), as PRINCIPAL, and Travelers Casualty and Surety Company of America (Surety Company), a corporation organized under the laws of the state of Connecticut (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One Tower Square, Hartford, Connecticut 061863 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND • DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on June 1, 2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 1st day of June, 20 23.

ACTELION PHARMACEUTICALS LTD and NIPPON SHINYAKU CO., LTD., Plaintiffs, v. MSN PHARMACEUTICALS INC., MSN LABORATORIES PRIVATE LIMITED, ALEMBIC PHARMACEUTICALS LIMITED, ALEMBIC PHARMACEUTICALS, INC., VGYAAN PHARMACEUTICALS LLC, ZYDUS WORLDWIDE DMCC and ZYDUS PHARMACEUTICALS (USA) INC., Defendants.	**Civil Action No. 1:20-03859 (RMB) (KMW)**

STIPULATION OF DISMISSAL AND ORDER

Plaintiffs Actelion Pharmaceuticals Ltd and Nippon Shinyaku Co., Ltd. (collectively, "Plaintiffs") and Defendant VGYAAN Pharmaceuticals LLC ("VGYAAN" or "Defendant") by their undersigned counsel, stipulate and agree, subject to the approval of the Court, as follows:

WHEREAS, VGYAAN owns Abbreviated New Drug Application ("ANDA") No. 214055, which was filed with the United States Food and Drug Administration seeking approval to make and sell selexipag tablets, 200 mcg, 400 mcg, 600 mcg, 800 mcg, 1000 mcg, 1200 mcg, 1400 mcg and 1600 mcg ("VGYAAN's ANDA products") prior to the expiration of U.S. Patent Nos. 8,791,122 ("the '122 patent") and 9,284,280 ("the '280 patent");[1] and

[1] ANDA No. 214055 was previously owned by Aizant Drug Research Solutions Private Limited, which is, by agreement, bound by any order applicable to VGYAAN in this action. (D.I. 34.)

WHEREAS, on April 9, 2020, Plaintiffs filed suit against VGYAAN alleging that submission of ANDA No. 214055 and/or the sale and use of VGYAAN's ANDA products constitute and/or induce or contribute to acts of infringement under 35 U.S.C. §§ 271 (a), (b), (c), and (e)(2);

NOW THEREFORE, the parties hereby stipulate and agree as follows:

1. Pursuant to Rule 41(a) and 41(c) of the Federal Rules of Civil Procedure, all claims, counterclaims, and defenses as between Plaintiffs and VGYAAN concerning the '122 and '280 patents are dismissed without prejudice, and each party shall bear its own costs and attorney fees with respect to the '122 and '280 patents;

2. The case caption should be amended to remove VGYAAN as a named party to Civil Action No. 1:20-cv-03859 (RMB) (KMW).

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. BX0035975

Application/License No. _____

VGYAAN Pharmaceuticals LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is

23 Orchard Road STE 180, Skillman, NJ 08558 (Address of Applicant/Principal), as PRINCIPAL, and Jet Insurance Company (Surety Company), a corporation organized under the laws of the state of North Carolina (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is

11440 Carmel Commons Blvd Ste 207 Charlotte, NC 28226 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 08/01/2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this

24th day of August, 2023.

RE: Nevada Temporary Wholesale License Application

Dear Nevada State Board of Pharmacy,

SunMed Group Holdings, LLC *dba* AirLife, on behalf of its subsidiary Westmed Inc., seeks a temporary license with the State of Nevada to distribute its medical devices to hospitals and medical facilities in Nevada.

AirLife has applied to obtain the "wholesaler license" for its subsidiary company Westmed Inc. This application is in the final stages of review with the Nevada State Board of Pharmacy, and we hope to have the approval in the upcoming weeks. We have ceased selling products into Nevada and did not contest and paid the $5,000 administrative fine based on case number 23-235-O (see FedEx tracking # 6843 5296 7672 for payment confirmation). In the meantime, we have a tremendous amount of demand from the local distribution channels in the State of Nevada. Any further disruption to the supply of our life-saving medical devices (which include nasal suction devices, medicinal delivery devices, and oxygen administration supplies) into the State of Nevada could result in hospitals and clinicians being hindered in their ability to help their patients, the citizens of Nevada.

We are kindly asking for a temporary license so we can meet the Nevada medical community's demand for our life saving products. AirLife is committed to compliance with all state and federal regulations and laws, including Nevada's.

If you have questions, please feel free to contact me. Thank you.

Sincerely,

Rob Yamashita

Nogales Highway, Tucson, AZ 85706 (Address of Applicant/Principal), as PRINCIPAL, and Arch Insurance Company (Surety Company), a corporation organized under the laws of the state of MO (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is Harborside 3, 210 Hudson Street, Suite 300, Jersey City, NJ 07311-1107 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 08/30/2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 30th day of August, 2023.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Annual Report on Form 10-K and Johnson & Johnson's other publicly available documents contain "forward-looking statements" within the meaning of the safe harbor provisions of the United States Private Securities Litigation Reform Act of 1995. Management and representatives of Johnson & Johnson and its subsidiaries (the Company) also may from time to time make forward-looking statements. Forward-looking statements do not relate strictly to historical or current facts and reflect management's assumptions, views, plans, objectives and projections about the future. Forward-looking statements may be identified by the use of words such as "plans," "expects," "will," "anticipates," "estimates" and other words of similar meaning in conjunction with, among other things: discussions of future operations; expected operating results and financial performance; impact of planned acquisitions and dispositions; impact and timing of restructuring initiatives, including associated cost savings and other benefits; the planned separation of the Company's Consumer Health business; the Company's strategy for growth; product development activities; regulatory approvals; market position and expenditures.

Because forward-looking statements are based on current beliefs, expectations and assumptions regarding future events, they are subject to uncertainties, risks and changes that are difficult to predict and many of which are outside of the Company's control. Investors should realize that if underlying assumptions prove inaccurate, or known or unknown risks or uncertainties materialize, the Company's actual results and financial condition could vary materially from expectations and projections expressed or implied in its forward-looking statements. Investors are therefore cautioned not to rely on these forward-looking statements. Risks and uncertainties include, but are not limited to:

Risks Related to Product Development, Market Success and Competition

- Challenges and uncertainties inherent in innovation and development of new and improved products and technologies on which the Company's continued growth and success depend, including uncertainty of clinical outcomes, additional analysis of existing clinical data, obtaining regulatory approvals, health plan coverage and customer access, and initial and continued commercial success;
- Challenges to the Company's ability to obtain and protect adequate patent and other intellectual property rights for new and existing products and technologies in the United States and other important markets;
- The impact of patent expirations, typically followed by the introduction of competing generic, biosimilar or other products and resulting revenue and market share losses;
- Increasingly aggressive and frequent challenges to the Company's patents by competitors and others seeking to launch competing generic, biosimilar or other products and increased receptivity of courts, the United States Pateot and Trademark Office and other decision makers to such challenges, potentially resulting in loss of market exclusivity and rapid decline in sales for the relevant product sooner than expected;
- Competition in research and development of new and improved products, processes and technologies, which can result in product and process obsolescence;
- Competition to reach agreement with third parties for collaboration, licensing, development and marketing agreements for products and technologies;
- Competition based on cost-effectiveness, product performance, technological advances and patents attained by competitors; and
- Allegations that the Company's products infringe the patents and other intellectual property rights of third parties, which could adversely affect the Company's ability to sell the products in question and require the payment of money damages and future royalties.

Risks Related to Product Liability, Litigation and Regulatory Activity

- Product efficacy or safety concerns, whether or not based on scientific evidence, potentially resulting in product withdrawals, recalls, regulatory action on the part of the United States Food and Drug Administration (or international counterparts), declining sales, reputational damage, increased litigation expense and share price impact;
- The impact, including declining sales and reputational damage, of significant litigation or government action adverse to the Company, including product liability claims and allegations related to pharmaceutical marketing practices and contracting strategies;

- The impact of an adverse judgment or settlement and the adequacy of reserves related to legal proceedings, including patent litigation, product liability, personal injury claims, securities class actions, government investigations, employment and other legal proceedings;
- Increased scrutiny of the healthcare industry by government agencies and state attorneys general resulting in investigations and prosecutions, which carry the risk of significant civil and criminal penalties, including, but not limited to, debarment from government business;
- Failure to meet compliance obligations in compliance agreements with governments or government agencies, which could result in significant sanctions;
- Potential changes to applicable laws and regulations affecting United States and international operations, including relating to: approval of new products; licensing and patent rights; sales and promotion of healthcare products; access to, and reimbursement and pricing for, healthcare products and services; environmental protection; and sourcing of raw materials;
- Compliance with local regulations and laws that may restrict the Company's ability to manufacture or sell its products in relevant markets, including requirements to comply with medical device reporting regulations and other requirements such as the European Union's Medical Devices Regulation;
- Changes in domestic and international tax laws and regulations, increasing audit scrutiny by tax authorities around the world and exposures to additional tax liabilities potentially in excess of existing reserves; and
- The issuance of new or revised accounting standards by the Financial Accounting Standards Board and regulations by the Securities and Exchange Commission.

Risks Related to the Company's Strategic Initiatives, Healthcare Market Trends and the Planned Separation of the Company's Consumer Health Business

- Pricing pressures resulting from trends toward healthcare cost containment, including the continued consolidation among healthcare providers and other market participants, trends toward managed care, the shift toward governments increasingly becoming the primary payers of healthcare expenses, significant new entrants to the healthcare markets seeking to reduce costs and government pressure on companies to voluntarily reduce costs and price increases;
- Restricted spending patterns of individual, institutional and governmental purchasers of healthcare products and services due to economic hardship and budgetary constraints;
- Challenges to the Company's ability to realize its strategy for growth including through externally sourced innovations, such as development collaborations, strategic acquisitions, licensing and marketing agreements, and the potential heightened costs of any such external arrangements due to competitive pressures;
- The potential that the expected strategic benefits and opportunities from any planned or completed acquisition or divestiture by the Company may not be realized or may take longer to realize than expected;
- The potential that the expected benefits and opportunities related to past and ongoing restructuring actions may not be realized or may take longer to realize than expected;
- The Company's ability to consummate the planned separation of the Company's Consumer Health business on a timely basis or at all;
- The Company's ability to successfully separate the Company's Consumer Health business and realize the anticipated benefits from the planned separation; and
- The New Consumer Health Company's ability to succeed as a standalone publicly traded company.

Risks Related to Economic Conditions, Financial Markets and Operating Internationally

- The risks associated with global operations on the Company and its customers and suppliers, including foreign governments in countries in which the Company operates;
- The impact of inflation and fluctuations in interest rates and currency exchange rates and the potential effect of such fluctuations on revenues, expenses and resulting margins;
- Potential changes in export/import and trade laws, regulations and policies of the United States and other countries, including any increased trade restrictions or tariffs and potential drug reimportation legislation;
- The impact on international operations from financial instability in international economies, sovereign risk, possible imposition of governmental controls and restrictive economic policies, and unstable international governments and legal systems;
- The impact of global public health crises and pandemics, including the novel coronavirus (COVID-19) pandemic;

- Changes to global climate, extreme weather and natural disasters that could affect demand for the Company's products and services, cause disruptions in manufacturing and distribution networks, alter the availability of goods and services within the supply chain, and affect the overall design and integrity of the Company's products and operations; and
- The impact of armed conflicts and terrorist attacks in the United States and other parts of the world, including social and economic disruptions and instability of financial and other markets.

Risks Related to Supply Chain and Operations

- Difficulties and delays in manufacturing, internally, through third-party providers or otherwise within the supply chain, that may lead to voluntary or involuntary business interruptions or shutdowns, product shortages, withdrawals or suspensions of products from the market, and potential regulatory action;
- Interruptions and breaches of the Company's information technology systems or those of the Company's vendors, which could result in reputational, competitive, operational or other business harm as well as financial costs and regulatory action;
- Reliance on global supply chains and production and distribution processes that are complex and subject to increasing regulatory requirements that may adversely affect supply, sourcing and pricing of materials used in the Company's products; and
- The potential that the expected benefits and opportunities related to restructuring actions contemplated for the global supply chain may not be realized or may take longer to realize than expected, including due to any required approvals from applicable regulatory authorities.

Investors also should carefully read the Risk Factors described in Item 1A of this Annual Report on Form 10-K for a description of certain risks that could, among other things, cause the Company's actual results to differ materially from those expressed in its forward-looking statements. Investors should understand that it is not possible to predict or identify all such factors and should not consider the risks described above and in Item 1A to be a complete statement of all potential risks and uncertainties. The Company does not undertake to publicly update any forward-looking statement that may be made from time to time, whether as a result of new information or future events or developments.

PART I

Item 1. BUSINESS

General

Johnson & Johnson and its subsidiaries (the Company) have approximately 152,700 employees worldwide engaged in the research and development, manufacture and sale of a broad range of products in the healthcare field. Johnson & Johnson is a holding company, with operating companies conducting business in virtually all countries of the world. The Company's primary focus is products related to human health and well-being. Johnson & Johnson was incorporated in the State of New Jersey in 1887.

The Executive Committee of Johnson & Johnson is the principal management group responsible for the strategic operations and allocation of the resources of the Company. This Committee oversees and coordinates the activities of the Company's three business segments: Consumer Health, Pharmaceutical and MedTech (previously referred to as Medical Devices). Within the strategic parameters provided by the Committee, senior management groups at U.S. and international operating companies are each responsible for their own strategic plans and the day-to-day operations of those companies. Each subsidiary within the business segments is, with limited exceptions, managed by residents of the country where located.

Segments of Business

The Company is organized into three business segments: Consumer Health, Pharmaceutical and MedTech. Additional information required by this item is incorporated herein by reference to the narrative and tabular descriptions of segments and operating results under: "Item 7. Management's Discussion and Analysis of Results of Operations and Financial Condition" of this Report; and Note 17 "Segments of Business and Geographic Areas" of the Notes to Consolidated Financial Statements included in Item 8 of this Report.

Consumer Health

The Consumer Health segment includes a broad range of products focused on personal healthcare used in the Skin Health/Beauty, Over-the-Counter medicines, Baby Care, Oral Care, Women's Health and Wound Care markets. Major brands in Skin Health/Beauty include the AVEENO; CLEAN & CLEAR; DR. CI:LABO; NEUTROGENA and OGX product lines. Over-the-Counter (OTC) medicines include the broad family of TYLENOL acetaminophen products; SUDAFED cold, flu and allergy products; BENADRYL and ZYRTEC allergy products; MOTRIN IB ibuprofen products; NICORETTE smoking cessation products outside the U.S.; ZARBEE'S products, inspired by nature, and the PEPCID line of acid reflux products. Baby Care includes the JOHNSON'S and AVEENO Baby line of products. Oral Care includes the LISTERINE product line. Major brands in Women's Health outside of North America are STAYFREE and CAREFREE sanitary pads and o.b. tampon brands. Wound Care brands include the BAND-AID Brand Adhesive Bandages and NEOSPORIN First Aid product lines. These products are marketed to the general public and sold online (eCommerce) and to retail outlets and distributors throughout the world.
In November 2021, the Company announced its intention to separate the Company's Consumer Health business (Kenvue as the name for the planned New Consumer Health Company), with the intention to create a new, publicly traded company by the end of the fiscal year 2023.

Pharmaceutical

The Pharmaceutical segment is focused on the following therapeutic areas: Immunology (e.g., rheumatoid arthritis, psoriatic arthritis, inflammatory bowel disease and psoriasis), Infectious Diseases (e.g., HIV/AIDS), Neuroscience (e.g., mood disorders, neurodegenerative disorders and schizophrenia), Oncology (e.g., prostate cancer, hematologic malignancies, lung cancer and bladder cancer), Cardiovascular and Metabolism (e.g., thrombosis, diabetes and macular degeneration) and Pulmonary Hypertension (e.g., Pulmonary Arterial Hypertension). Medicines in this segment are distributed directly to retailers, wholesalers, distributors, hospitals and healthcare professionals for prescription use. Key products in the Pharmaceutical segment include: REMICADE (infliximab), a treatment for a number of immune-mediated inflammatory diseases; SIMPONI (golimumab), a subcutaneous treatment for adults with moderate to severe rheumatoid arthritis, active psoriatic arthritis, active ankylosing spondylitis and moderately active to severely active ulcerative colitis; SIMPONI ARIA (golimumab), an intravenous treatment for adults with moderate to severe rheumatoid arthritis, active psoriatic arthritis and active ankylosing spondylitis and active polyarticular juvenile idiopathic arthritis (pJIA) in people 2 years of age and older; STELARA (ustekinumab), a treatment for adults and children with moderate to severe plaque psoriasis, for adults with active psoriatic arthritis, for adults with moderately to severely active Crohn's disease and treatment of moderately to severely active ulcerative colitis; TREMFYA (guselkumab), a treatment for adults with moderate to severe plaque psoriasis and active psoriatic arthritis; EDURANT (rilpivirine), PREZISTA (darunavir) and PREZCOBIX/REZOLSTA (darunavir/cobicistat), antiretroviral medicines for the treatment of human immunodeficiency virus (HIV-1) in combination with other antiretroviral products and SYMTUZA (darunavir/cobicistat/emtricitabine/tenofovir alafenamide), a once-daily single tablet regimen for the treatment of HIV; CONCERTA (methylphenidate HCl) extended-release tablets CII, a treatment for attention deficit hyperactivity disorder; INVEGA SUSTENNA/XEPLION (paliperidone palmitate), for the treatment of schizophrenia and schizoaffective disorder in adults; INVEGA TRINZA/TREVICTA (paliperidone palmitate), for the treatment of schizophrenia in patients after they have been adequately treated with INVEGA SUSTENNA for at least four months; RISPERDAL CONSTA (risperidone long-acting injection), for the treatment of schizophrenia and the maintenance treatment of Bipolar 1 Disorder in adults; ZYTIGA

(abiraterone acetate), a treatment for patients with prostate cancer; ERLEADA (apalutamide), a next-generation androgen receptor inhibitor for the treatment of patients with prostate cancer; IMBRUVICA (ibrutinib), a treatment for certain B-cell malignancies, or blood cancers and chronic graft versus host disease; DARZALEX (daratumumab), a treatment for multiple myeloma; DARZALEX FASPRO (daratumumab and hyaluronidase-fihj), a treatment for multiple myeloma and light chain (AL) Amyloidosis; XARELTO (rivaroxaban), an oral anticoagulant for the prevention of deep vein thrombosis (DVT), which may lead to pulmonary embolism (PE) in patients undergoing hip or knee replacement surgery, to reduce the risk of stroke and systemic embolism in patients with nonvalvular atrial fibrillation, and for the treatment and reduction of risk of recurrence of DVT and PE to reduce the risk of major cardiovascular events in patients with coronary artery disease (CAD) and peripheral artery disease (PAD), for the treatment and secondary prevention of thromboembolism in pediatric patients, and for thromboprophylaxis in pediatric patients following the Fontan procedure; INVOKANA (canagliflozin), for the treatment of adults with type 2 diabetes; INVOKAMET/VOKANAMET (canagliflozin/metformin HCl), a combination therapy of fixed doses of canagliflozin and metformin hydrochloride for the treatment of adults with type 2 diabetes; and INVOKAMET XR (canagliflozin/metformin hydrochloride extended-release), a once-daily, fixed-dose combination therapy of canagliflozin and metformin hydrochloride extended-release, for the treatment of adults with type 2 diabetes; OPSUMIT (macitentan) as monotherapy or in combination, indicated for the long-term treatment of pulmonary arterial hypertension (PAH); UPTRAVI (selexipag), the only approved oral and intravenous, selective IP receptor agonist targeting a prostacyclin pathway in PAH. Many of these medicines were developed in collaboration with strategic partners or are licensed from other companies and maintain active lifecycle development programs.

MedTech

The MedTech (previously referred to as Medical Devices) segment includes a broad portfolio of products used in the Interventional Solutions, Orthopaedics, Surgery and Vision categories. Interventional Solutions include Electrophysiology products (Biosense Webster) to treat cardiovascular diseases, Neurovascular care (Cerenovus) that treats hemorrhagic and ischemic stroke and the Heart Recovery portfolio (Abiomed) which includes technologies to treat severe coronary artery disease requiring high-risk PCI or AMI cardiogenic shock. The Orthopaedics portfolio (DePuy Synthes) comprises products in support of Hips, Knees, Trauma, and Spine, Sports & Other. The Surgery portfolios include advanced and general surgery offerings (Ethicon), solutions that focus on Breast Aesthetics (Mentor), and Ear, Nose and Throat (Acclarent) procedures. Johnson & Johnson Vision products include ACUVUE Brand contact lenses and ophthalmic technologies related to cataract and laser refractive surgery. These products are distributed to wholesalers, hospitals and retailers, and used predominantly in the professional fields by physicians, nurses, hospitals, eye care professionals and clinics.

Geographic Areas

Johnson & Johnson and its subsidiaries (the Company) have approximately 152,700 employees worldwide engaged in the research and development, manufacture and sale of a broad range of products in the healthcare field. The Company conducts business in virtually all countries of the world with the primary focus on products related to human health and well-being.

The products made and sold in the international business include many of those described above under "– Segments of Business – Consumer Health," "– Pharmaceutical" and "– MedTech." However, the principal markets, products and methods of distribution in the international business vary with the country and the culture. The products sold in international business include those developed in the U.S. and by subsidiaries abroad.

Investments and activities in some countries outside the U.S. are subject to higher risks than comparable U.S. activities because the investment and commercial climate may be influenced by financial instability in international economies, restrictive economic policies and political and legal system uncertainties.

Raw Materials

Raw materials essential to the Company's business are generally readily available from multiple sources. Where there are exceptions, the temporary unavailability of those raw materials would not likely have a material adverse effect on the financial results of the Company.

Patents

The Company's subsidiaries have made a practice of obtaining patent protection on their products and processes where possible. They own, or are licensed under, a significant number of patents in the U.S. and other countries relating to their products, product uses, formulations and manufacturing processes, which in the aggregate are believed to be of material importance to the Company in the operation of its businesses. The Company's subsidiaries face patent challenges from third parties, including challenges seeking to manufacture and market generic and biosimilar versions of the Company's key pharmaceutical products prior to expiration of the applicable patents covering those products. Significant legal proceedings and claims involving the Company's patent and other intellectual property are described in Note 19, "Legal Proceedings—Intellectual Property" of the Notes to Consolidated Financial Statements included in Item 8 of this Report.

Sales of the Company's largest product, STELARA (ustekinumab), accounted for approximately 10.2% of the Company's total revenues for fiscal 2022. Accordingly, the patents related to this product are believed to be material to the

Company. Janssen Biotech, Inc., a wholly-owned subsidiary of Johnson & Johnson, owns patents specifically related to STELARA. The latest expiring United States composition of matter patent expires in 2023. The latest expiring European composition of matter patent expires in 2024.

Sales of the Company's second largest product, collectively DARZALEX (daratumumab) and DARZALEX FASPRO (daratumumab and hyaluronidase-fihj), accounted for approximately 8.4% of the Company's total revenues for fiscal 2022. Accordingly, the patents related to this product are believed to be material to the Company. Genmab A/S owns two patent families related to DARZALEX, and Janssen Biotech, Inc. has an exclusive license to those patent families. The two patent families both expire in the United States in 2029. The latest expiring licensed European patent expires in 2032. Janssen Biotech, Inc. owns a separate patent portfolio related to DARZALEX FASPRO.

Trademarks

The Company's subsidiaries have made a practice of selling their products under trademarks and of obtaining protection for these trademarks by all available means. These trademarks are protected by registration in the U.S. and other countries where such products are marketed. The Company considers these trademarks in the aggregate to be of material importance in the operation of its businesses.

Seasonality

Worldwide sales do not reflect any significant degree of seasonality; however, spending has typically been heavier in the fourth quarter of each year than in other quarters. This reflects increased spending decisions, principally for advertising and research and development activity.

Competition

In all of their product lines, the Company's subsidiaries compete with companies both locally and globally. Competition exists in all product lines without regard to the number and size of the competing companies involved. Competition in research, both internally and externally sourced, involving the development and the improvement of new and existing products and processes, is particularly significant. The development of new and innovative products, as well as protecting the underlying intellectual property of the Company's product portfolio, is important to the Company's success in all areas of its business. The competitive environment requires substantial investments in continuing research. In addition, the development and maintenance of customer demand for the Company's consumer products involve significant expenditures for advertising and promotion.

Environment

The Company is subject to a variety of U.S. and international environmental protection measures. The Company believes that its operations comply in all material respects with applicable environmental laws and regulations. The Company's compliance with these requirements is not expected to have a material effect upon its capital expenditures, cash flows, earnings or competitive position.

Regulation

The Company's businesses are subject to varying degrees of governmental regulation in the countries in which operations are conducted, and the general trend is toward increasingly stringent regulation and enforcement. The Company is subject to costly and complex U.S. and foreign laws and governmental regulations and any adverse regulatory action may materially adversely affect the Company's financial condition and business operations. In the U.S., the drug, device and cosmetic industries have long been subject to regulation by various federal and state agencies, primarily as to product safety, efficacy, manufacturing, advertising, labeling and safety reporting. The exercise of broad regulatory powers by the U.S. Food and Drug Administration (the U.S. FDA) continues to result in increases in the amounts of testing and documentation required for U.S. FDA approval of new drugs and devices and a corresponding increase in the expense of product introduction. Similar trends are also evident in major markets outside of the U.S. The new medical device regulatory framework and the evolving privacy, data localization, and emerging cyber security laws and regulations around the world are examples of such increased regulation. Five U.S. States (California, Connecticut, Colorado, Utah and Virginia) now have comprehensive privacy laws in place and China introduced broad personal information protection and data security regulations in 2022. With other jurisdictions enacting similar privacy laws, local data protection authorities will force greater accountability on the collection, access and use of personal data in the healthcare industry.

The regulatory agencies under whose purview the Company operates have administrative powers that may subject it to actions such as product withdrawals, recalls, seizure of products and other civil and criminal sanctions. In some cases, the Company's subsidiaries may deem it advisable to initiate product recalls regardless of whether it has been required or directed to.

The U.S. FDA and regulatory agencies around the globe are also increasing their enforcement activities. If the U.S. FDA were to conclude that we are not in compliance with applicable laws or regulations, or that any of our drugs or medical

devices are ineffective or pose an unreasonable health risk, the U.S. FDA could ban such products, detain or seize adulterated or misbranded products, order a recall, repair, replacement, or refund of such products, refuse to grant pending applications for marketing authorization or require certificates of foreign governments for exports, and/or require us to notify health professionals and others that the products present unreasonable risks of substantial harm to the public health. The U.S. FDA may also assess civil or criminal penalties against us, our officers or employees and impose operating restrictions on a company-wide basis, or enjoin and/or restrain certain conduct resulting in violations of applicable law. The U.S. FDA may also recommend prosecution to the U.S. Department of Justice. Any adverse regulatory action, depending on its magnitude, may restrict us from effectively marketing and selling our products and limit our ability to obtain future clearances or approvals, and could result in a substantial modification to our business practices and operations. Equivalent enforcement mechanisms exist in different countries in which we conduct business.

The costs of human healthcare have been and continue to be a subject of study, investigation and regulation by governmental agencies and legislative bodies around the world. In the U.S., attention has been focused by states, regulatory agencies and Congress on prices, profits, overutilization and the quality and costs of healthcare generally. Laws and regulations have been enacted to require adherence to strict compliance standards and prevent fraud and abuse in the healthcare industry. There is increased focus on interactions and financial relationships between healthcare companies and healthcare providers. Various transparency laws and regulations require disclosures of payments and other transfers of value made to physicians and teaching hospitals and, beginning with disclosures in 2022, to certain non-physician practitioners. Federal and foreign laws governing international business practices require strict compliance with anti-bribery standards and certain prohibitions with respect to payments to any foreign government official. Payers and Pharmacy Benefit Managers (PBMs) have become a more potent force in the market place and increased attention is being paid to drug pricing and appropriate drug and medical device utilization.

Our business has been and continues to be affected by federal and state legislation that alters the pricing, coverage, and reimbursement landscape. At the federal level, in August 2022, President Biden signed into law the Inflation Reduction Act (IRA), which includes provisions that effectively authorize the government to establish prices for certain high-spend single-source drugs and biologics reimbursed by the Medicare program, starting in 2026 for Medicare Part D drugs and 2028 for Medicare Part B drugs. It is not yet certain which products the federal government will select and subject to government-established prices, or how the federal government will establish prices for selected products, as the IRA specifies a ceiling price but not a minimum price. One or more of our products could be selected and subject to the government-established price.

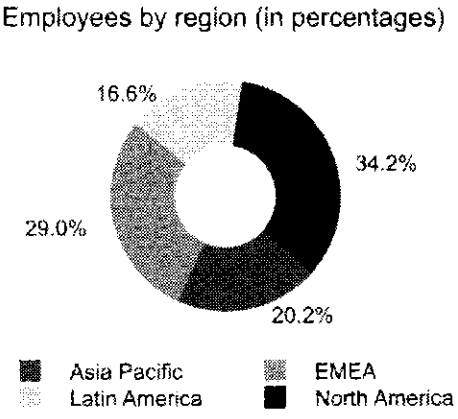
The IRA also contains provisions that impose rebates if certain prices increase at a rate that outpaces the rate of inflation, beginning October 1, 2022, for Medicare Part D drugs and January 1, 2023, for Medicare Part B drugs. Separate IRA provisions redesign the Medicare Part D benefit in various ways, including by shifting a greater portion of costs to manufacturers within certain coverage phases and replacing the Part D coverage gap discount program with a new manufacturer discounting program. Failure to comply with IRA provisions may subject manufacturers to various penalties, including civil monetary penalties. The impact of the IRA on our business and the broader pharmaceutical industry remains uncertain, as the federal government has yet to make various IRA implementation decisions.

Additionally, we expect continued scrutiny on drug pricing and government price reporting from Congress, agencies, and other bodies at the federal and state levels.

There are a number of additional bills pending in Congress and healthcare reform proposals at the state level that would affect drug pricing, including in the Medicare and Medicaid programs. This changing legal landscape has both positive and negative impacts on the U.S. healthcare industry with much remaining uncertain as to how various provisions of federal and state law, and potential modification or repeal of these laws, will ultimately affect the industry. The IRA and any other federal or state legislative change could affect the pricing and market conditions for our products.

In addition, business practices in the healthcare industry have come under increased scrutiny, particularly in the U.S., by government agencies and state attorneys general, and resulting investigations and prosecutions carry the risk of significant civil and criminal penalties. Of note is the increased enforcement activity by data protection authorities in various jurisdictions, particularly in the European Union, where significant fines have been levied on companies for data breaches, violations of privacy requirements, and unlawful cross-border data transfers. In the U.S., the Federal Trade Commission has stepped up enforcement of data privacy with several significant settlements and there have been a material increase in class-action lawsuits linked to the collection and use of biometric data.

Further, the Company relies on global supply chains, and production and distribution processes, that are complex, are subject to increasing regulatory requirements, and may be faced with unexpected changes such as those resulting from the



COVID-19 pandemic and Brexit that may affect sourcing, supply and pricing of materials used in the Company's products. These processes also are subject to complex and lengthy regulatory approvals.

Employees and Human Capital Management

As of January 1, 2023, and January 2, 2022, the number of employees were approximately:

	2022	2021
Employees[1]	155,800	144,300
Full-time equivalent (FTE) positions[2]	152,700	141,700

[1]"Employee" is defined as an individual working full-time or part-time, excluding fixed term employees, interns and co-op employees. Employee data may not include full population from more recently acquired companies and individuals on long-term disability are excluded. Contingent workers, contractors and subcontractors are also excluded. Abiomed headcount has been included in the above table.
[2] FTE represents the total number of full-time equivalent positions and does not reflect the total number of individual employees as some work part-time.

Strategy

The Company believes that its employees are critical to its continued success and are an essential element of its long-term strategy. Management is responsible for ensuring that its policies and processes reflect and reinforce the Company's desired corporate culture, including policies and processes related to strategy, risk management, and ethics and compliance. The Company's human capital management strategy is built on three fundamental focus areas:

- Attracting and recruiting the best talent
- Developing and retaining talent
- Empowering and inspiring talent

Underpinning these focus areas are ongoing efforts to cultivate and foster a culture built on diversity, equity and inclusion (DEI), innovation, health, well-being and safety, where the Company's employees are encouraged to succeed both professionally and personally while helping the Company achieve its business goals.

Culture and Employee Engagement

At the Company, employees are guided by Our Credo which sets forth the Company's responsibilities to patients, consumers, customers, healthcare professionals, employees, communities and shareholders. Employees worldwide must adhere to the Company's Code of Business Conduct which sets basic requirements and serves as a foundation for the Company policies, procedures and guidelines, all of which provide additional guidance on expected employee behaviors in every market where it operates. The Company conducts global surveys that offer its employees the ability to provide feedback and valuable insight to help address potential human resources risks and identify opportunities to improve. In 2022, 92% of global employees across 77 countries participated in Our Credo Survey which was offered in 36 languages.

Growth and Development

To continue to lead in the changing healthcare landscape, it is crucial that the Company continue to attract and retain top talent. The Company believes that its employees must be equipped with the right knowledge and skills and be provided with opportunities to grow and develop in their careers. Accordingly, professional development programs and educational resources
are available to all employees. The Company's objective is to foster a learning culture that helps shape each person's unique career path while creating a robust pipeline of talent to deliver on the Company's long-term strategies. In furtherance of this objective, the Company deploys a global approach to ensure development is for everyone, regardless of where they are on their career journey. In 2022, 46.2% of employees in Manager and above job categories who had movements (including upward promotions or lateral transfers) took advantage of career opportunities by moving across functions, country or business segment lines (excluding employees in the research and development organizations). The Company's voluntary turnover rate was 9%.

Diversity, Equity, and Inclusion (DEI)

The Company is committed to workplace diversity and to cultivating, fostering, and advancing a culture of equity and inclusion. In 2022, Johnson & Johnson introduced the Company's evolved enterprise Diversity, Equity and Inclusion strategy, which recognizes how DEI accelerates the Company's ability to meet the changing needs of the communities the Company serves to deliver Our Purpose to profoundly change the trajectory of health for humanity. The Company's DEI vision is: *Be yourself, change the world.* The Company's DEI Mission is: *Make diversity, equity and inclusion how we work everyday.* Our evolved enterprise DEI Strategy is aligned to our DEI Vision and Mission and rests on four core pillars:

- Accelerate our global culture of inclusion where every individual belongs
- Build a workforce that reflects the diversity of our communities
- Transform talent and business processes to achieve equitable access and outcomes for all
- Drive innovation and growth with our business to serve diverse markets around the world

The Company's DEI strategy is guided by internal and external insights, global best practices and continual employee feedback which remind the Company that while diversity changes by location, inclusion is the same everywhere.

Compensation and Benefits

As part of the Company's total rewards philosophy, the Company offers competitive compensation and benefits to attract and retain top talent. The Company is committed to fairness and equitable treatment in its compensation and benefits for employees at all levels. The Company observes legal minimum wage provisions and exceeds them where possible. The Company's total rewards offerings include an array of programs to support its employees' well-being, including annual performance incentive opportunities, pension and retirement savings programs, health and welfare benefits, paid time off, leave programs, flexible work schedules and employee assistance programs. In recognition of the Company's commitment to help employees balance their personal and professional responsibilities, the Company extended its paid parental leave benefit globally from 8 to 12 weeks for all eligible employees. In the U.S., the benefit was effective on January 1, 2022, with retroactive coverage for new family additions as of July 1, 2021.

Health, Wellness and Safety

The Company's investment in employee health, well-being and safety is built on its conviction that advancing health for humanity starts with advancing the health of its employees. With the right awareness, focus, practices and tools, the Company ensures that all its employees around the world, as well as temporary contractors and visitors to the Company's sites, can work safely. The Company has continuously expanded health and well-being programs throughout the Company and across the globe, incorporating new thinking and technologies to keep its offerings best-in-class and to help employees achieve their personal health goals. The programs and practices the Company advances for total health—physical, mental, emotional and financial—ensure employee health protection for emerging health risks. Protecting and supporting our employees as the COVID-19 pandemic has evolved continues to be a top priority and the Company's approach includes: ensuring the health and safety of our employees in the workplace through robust layers of protection; enhanced cleaning and access to cleaning supplies and personal protective equipment; supporting employees with benefits and well-being tools. The Company continues to address our employees needs through J&J Flex, a hybrid model that empowers the Company's office-based employees to find the right productivity and balance of in-person and remote work.

Item 1A. RISK FACTORS

An investment in the Company's common stock or debt securities involves risks and uncertainties. The Company seeks to identify, manage and mitigate risks to our business, but uncertainties and risks are difficult to predict and many are outside of the Company's control and cannot therefore be eliminated. In addition to the other information in this report and the Company's other filings with the SEC, investors should consider carefully the factors set forth below. Investors should be aware that it is not possible to predict or identify all such factors and that the following is not meant to be a complete discussion of all potential risks or uncertainties. If known or unknown risks or uncertainties materialize, the Company's business, results of operations or financial condition could be adversely affected, potentially in a material way.

Risks Related to Our Business, Industry and Operations

The Company's businesses operate in highly competitive product markets and competitive pressures could adversely affect the Company's earnings.
The Company faces substantial competition in all three operating segments and in all geographic markets. The Company's businesses compete with companies of all sizes on the basis of cost-effectiveness, technological innovations, intellectual property rights, product performance, real or perceived product advantages, pricing and availability and rate of reimbursement. The Company also competes with other market participants in securing rights to acquisitions, collaborations and licensing agreements with third parties. Competition for rights to product candidates and technologies may result in significant investment and acquisition costs and onerous agreement terms for the Company. Competitors' development of more effective or less costly products, and/or their ability to secure patent and other intellectual property rights and successfully market products ahead of the Company, could negatively impact sales of the Company's existing products as well as its ability to bring new products to market despite significant prior investment in the related product development.

For the Company's Pharmaceutical businesses, loss of patent exclusivity for a product often is followed by a substantial reduction in sales as competitors gain regulatory approval for generic and other competing products and enter the market. Similar competition can be triggered by the loss of exclusivity for a biological product. For the Company's MedTech businesses, technological innovation, product quality, reputation and customer service are especially important to competitiveness. Development by other companies of new or improved products, processes and technologies could threaten to make the Company's products or technologies less desirable, less economical or obsolete. The Company's Consumer Health businesses face intense competition from other branded products and retailers' private-label brands. If the Company fails to sufficiently differentiate and market its brand name consumer products, this could adversely affect revenues and profitability of those products.

Interruptions and delays in manufacturing operations could adversely affect the Company's business, sales and reputation.
The Company's manufacture of products requires the timely delivery of sufficient amounts of complex, high-quality components and materials. The Company's subsidiaries operate 89 manufacturing facilities as well as sourcing from thousands of suppliers around the world. The Company has in the past, and may in the future, face unanticipated interruptions and delays in manufacturing through its internal or external supply chain. Manufacturing disruptions can occur for many reasons including regulatory action, production quality deviations or safety issues, labor disputes, labor shortages, site-specific incidents (such as fires), natural disasters such as hurricanes and other severe weather events, raw material shortages, political unrest, terrorist attacks and epidemics or pandemics. Such delays and difficulties in manufacturing can result in product shortages, declines in sales and reputational impact as well as significant remediation and related costs associated with addressing the shortage.

The Company relies on third parties to manufacture certain of our products. Any failure by or loss of a third-party manufacturer could result in delays and increased costs, which may adversely affect our business.
The Company relies on third parties to manufacture certain of our products. We depend on these third-party manufacturers to allocate to us a portion of their manufacturing capacity sufficient to meet our needs, to produce products of acceptable quality and at acceptable manufacturing yields and to deliver those products to us on a timely basis and at acceptable prices. However, we cannot guarantee that these third-party manufacturers will be able to meet our near-term or long-term manufacturing requirements, which could result in lost sales and have an adverse effect on our business.

Other risks associated with our reliance on third parties to manufacture these products include reliance on the third party for regulatory compliance and quality assurance, misappropriation of the Company's intellectual property, limited ability to manage our inventory, possible breach of the manufacturing agreement by the third party and the possible termination or nonrenewal of the manufacturing agreement by the third party at a time that is costly or inconvenient for us. Moreover, if any of our third-party manufacturers suffers any damage to facilities, loses benefits under material agreements, experiences power outages, encounters financial difficulties, is unable to secure necessary raw materials from its suppliers or suffers any other reduction in efficiency, the Company may experience significant business disruption. In the event of any such disruption, the

Company would need to seek and source other qualified third-party manufacturers, likely resulting in further delays and increased costs which could affect our business adversely.

Counterfeit versions of our products could harm our patients and have a negative impact on our revenues, earnings, reputation and business.
Our industry continues to be challenged by the vulnerability of distribution channels to illegal counterfeiting and the presence of counterfeit products in a growing number of markets and over the Internet. Third parties may illegally distribute and sell counterfeit versions of our products, which do not meet our rigorous manufacturing and testing standards. To distributors and patients, counterfeit products may be visually indistinguishable from the authentic version. Counterfeit medicines pose a risk to patient health and safety because of the conditions under which they are manufactured – often in unregulated, unlicensed, uninspected and unsanitary sites – as well as the lack of regulation of their contents.

The industry's failure to mitigate the threat of counterfeit medicines could adversely impact our business and reputation by impacting patient confidence in our authentic products, potentially resulting in lost sales, product recalls, and an increased threat of litigation. In addition, diversion of our products from their authorized market into other channels may result in reduced revenues and negatively affect our profitability.

Global health crises, pandemics, epidemics, or other outbreaks could adversely disrupt or impact certain aspects of the Company's business, results of operations and financial condition.
We are subject to risks associated with global health crises, epidemics, pandemics and other outbreaks (such incident(s), a health crisis or health crises), including the global outbreak of coronavirus and its variants (COVID-19). The COVID-19 pandemic has adversely impacted, and may continue to adversely impact, certain aspects of the Company's business, results of operations and financial condition, including lower sales and reduced customer demand and usage of certain of our products. The continued spread of COVID-19 or other health crises may cause the Company to modify its business practices, and take further actions as may be required by government authorities or as the Company determines are in the best interests of our patients, customers, employees and business partners. While the Company has robust business continuity plans in place across our global supply chain network to help mitigate the impact of health crises, these efforts may not completely prevent our business from being adversely affected and future impacts remain uncertain.

While the U.S. and other countries have substantially reopened their economies, the extent to which COVID-19, or other health crises, could impact the Company's future operations will depend on many factors which cannot be predicted with confidence, including the duration of an outbreak and impact of variants. A surge in COVID-19 or other health crises could result in the imposition of new mandates and prolonged restrictive measures implemented in order to control the spread of disease. The global spread of COVID-19 or other health crises could adversely impact the Company's operations, including, among other things, our manufacturing operations, supply chain, third-party suppliers, sales and marketing, and clinical trial operations. Any of these factors could adversely affect the Company's business, financial results, and global economic conditions generally.

We also face uncertainties related to our vaccine development programs, including uncertainties related to the risk that our continued development programs may not be successful, commercially viable or receive approval from regulatory authorities; risks associated with clinical trial and real-world data, including further analyses of its efficacy, safety and durability; the risk that continued evolution and mutation of disease and the duration of a particular outbreak may impede our ability to conduct trials within a specified time frame; the risk that data are subject to differing interpretations and assessments, including during the peer review/publication process, in the scientific community generally, and by national immunization technical advisory groups (NITAGs) and regulatory authorities; disruptions in the relationships between us, our third-party suppliers, external manufacturers, and other third parties with whom we engage; the risk that other companies may produce superior or competitive products; the risk that demand for any products we may develop may no longer exist; risks related to the availability of raw materials to manufacture any such products; the risk that we may not be able to recoup costs associated with our R&D and manufacturing efforts and risks associated with any changes in the way we approach or provide additional research funding for potential drug development; the risk that we may not be able to create or scale up manufacturing capacity on a timely basis, that we may continue to experience manufacturing delays once a manufacturing site is activated, or have access to logistics or supply channels commensurate with global demand for any potential approved vaccine or product candidate, which would negatively impact our ability to supply the estimated numbers of doses of our vaccine within the projected time periods indicated, and other challenges and risks associated with the pace of our vaccine development program; and pricing and access challenges for such products, including in the U.S.

Risks Related to Government Regulation and Legal Proceedings

Global sales in the Company's Pharmaceuticol and MedTech segments may be negatively impacted by healthcare reforms and increasing pricing pressures.

ARS Pharmaceuticals Highlights Progress and Reports First Quarter 2023 Financial Results

*FDA Advisory Committee Votes in Support of Favorable Benefit-Risk Profile for **neffy**® for the Treatment of Allergic Reactions (Type I), Including Anaphylaxis*

*New Drug and Marketing Authorization Applications for **neffy** Under Review with FDA and EMA, Respectively; FDA PDUFA Target Action Date Anticipated mid-2023*

*$264.5 Million in Cash, Cash Equivalents and Short-term Investments to Support Operating Runway for the Next Three Years, Including the Planned Commercialization of **neffy** in the United States*

SAN DIEGO – May 15, 2023 -ARS Pharmaceuticals, Inc. (Nasdaq: SPRY), a biopharmaceutical company dedicated to empowering at-risk patients and caregivers to better protect themselves from severe allergic reactions that could lead to anaphylaxis, today highlighted recent progress and reported first quarter 2023 financial results.

"For the millions of people living with Type I allergic reactions including anaphylaxis, we believe that ***neffy*** (nasal epinephrine spray), a small, needle-free and easy-to-use nasal spray, could provide a much-needed alternative to the currently approved epinephrine injection devices. Despite their effectiveness, these devices are limited in usage because many patients and caregivers do not carry, avoid using or hesitate to use them," said Richard Lowenthal, president and chief executive officer of ARS Pharmaceuticals. "Throughout the first quarter, we've made important strides toward bringing ***neffy*** to patients. We are glad to have had the opportunity to discuss ***neffy*** with the FDA's Advisory Committee during our recent meeting and are incredibly pleased with the outcome and the committee's support of ***neffy*** for adults and children."

Eric Karas, chief commercial officer added, "As we look ahead, with both our NDA and MAA for ***neffy*** currently under review by the regulators in the U.S. and EU, we are laser focused on our commercial preparedness activities. Over the last several months, we've made significant progress in our Commercial Launch Readiness. We are preparing to launch a 125-person salesforce focusing on specialists and healthcare providers who prescribe epinephrine and will have an array of patient and provider services established to ensure affordability. Access to ***neffy*** is a key focus and priority for us, and we have started to work with drug benefit plans to educate and raise awareness about new routes of administration that will help ensure the prompt use of epinephrine for severe allergic reactions, including anaphylaxis."

- **FDA Advisory Committee Supports *neffy* Potential for the Treatment of Allergic Reactions (Type I), Including Anaphylaxis, Under Review with FDA and EMA:** The U.S. Food and Drug Administration's (FDA) held a Division of Pulmonary-Allergy Drug Advisory Committee (PADAC) meeting on May 11, 2023, to review the New Drug Application (NDA) for ***neffy***. The committee voted 16:6 in favor for adults, and 17:5 in favor for children (<18 years of age and ≥30 kg), that available data support a favorable benefit-risk assessment for ***neffy*** in the treatment of severe allergic reaction (Type I), including anaphylaxis, for adults and children who weigh more than 30kg. The PADAC decision was based on a review of comprehensive data from clinical studies developed in agreement with the FDA, which support a positive risk-benefit profile for intranasal (IN) epinephrine safety and effectiveness, compared to epinephrine injection. We believe the studies demonstrated and the majority of the Committee's discussion supported that ***neffy*** shows:
    - Comparable or greater pharmacodynamic (PD) response (systolic blood pressure and heart rate) vs. intramuscular injection that is observed even at 1 minute after dosing of ***neffy***. Increases in systolic blood pressure and heart rate are the outcomes monitored by physicians to assess clinical response, and therefore ARS considered PD response to be a surrogate for efficacy. The majority conclusion of the Committee also suggests that PD was more important and informative given the high PK variability of injection products.
    - Comparable or greater pharmacokinetic (PK) data (epinephrine levels in the blood) vs. intramuscular injection at all time points based on integrated data across the three primary clinical studies. This includes a "real-world" self-administration study in allergic reaction (Type I) patients, where PK was statistically greater than intramuscular injection during the early timepoints when clinical response is observed. Importantly, exposures with ***neffy*** in all clinical studies were less than the upper limit represented by EpiPen to ensure safety.
    - Effective IN delivery of systemic epinephrine and PD response even with nasal congestion or runny nose (e.g., during allergic rhinitis or upper respiratory tract infection)
    - Comparable safety to injection that is generally mild in nature without any meaningful nasal irritation or pain, without needle-related risks
- **FDA PDUFA Target Action Date Anticipated Mid-2023:** The Company's new drug application (NDA) and marketing authorization application (MAA) for ***neffy*** for the emergency treatment of allergic reactions (Type I) including anaphylaxis in adults and children ≥30 kg (66 lbs), are under review by the FDA and the European Medicines Agency (EMA), respectively. The FDA has assigned a Prescription Drug User Fee Act (PDUFA) target action date anticipated mid-2023. If approved, ***neffy*** would be the first non-injectable treatment available to patients with allergic reactions (Type I) including anaphylaxis.

First Quarter 2023 Financial Results

- **Cash Position:** Cash, cash equivalents and short-term investments were $264.5 million as of March 31, 2023, which ARS believes are sufficient to fund its current operating plan for at least three years.
- **R&D Expenses:** Research and development (R&D) expenses were $6.6 million for the quarter ended March 31, 2023.
- **G&A Expenses:** General and administrative (G&A) expenses were $12.2 million for the quarter ended March 31, 2023.
- **Net Loss:** Net loss was $15.0 million for the quarter ended March 31, 2023.

About Type I Allergic Reactions including Anaphylaxis

Type I severe allergic reactions are serious and potentially life-threatening events that can occur within minutes of exposure to an allergen and require immediate treatment with epinephrine, the only FDA-approved medication for these reactions. While epinephrine autoinjectors have been shown to be highly effective, there are well published limitations that result in many patients and caregivers delaying or not administering treatment in an emergency situation. These limitations include fear of the needle, lack of portability, needle-related safety concerns, lack of reliability, and complexity of the devices. There are approximately 25 to 40 million people in the United States who experience Type I severe allergic reactions. Of those, only 3.3 million currently have an active epinephrine autoinjector prescription, and of those, only half consistently carry their prescribed autoinjector. Even if patients or caregivers carry an autoinjector, more than half either delay or do not administer the device when needed in an emergency.

About ARS Pharmaceuticals, Inc.

ARS is a biopharmaceutical company dedicated to empowering at-risk patients and caregivers to better protect themselves from severe allergic reactions that could lead to anaphylaxis. The Company is developing ***neffy***® (also referred to as ARS-1), an intranasal epinephrine product in clinical development for patients and their caregivers with Type I allergic reactions including food, medications and insect bites that could lead to life-threatening anaphylaxis. Forward-Looking Statements

Statements in this press release that are not purely historical in nature are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These statements include, but are not limited to, ARS's projected cash runway; the anticipated timing for regulatory review decisions on ***neffy*** and the potential approval of ***neffy***; the anticipated US launch of ***neffy***, if approved, and the timing thereof; ARS's strategy of pursuing potential strategic transactions or partnerships for ***neffy*** in Europe, if approved; the estimated addressable patient population for ***neffy***; ARS's plan to file a supplemental regulatory application for a ***neffy*** 1 mg product for children 15 kg to <30 kg immediately after the approval of ***neffy*** 2 mg in the United States and/or Europe; andother statements that are not historical fact. Because such statements are subject to risks and uncertainties, actual results may differ materially from those expressed or implied by such forward-looking statements. Words such as "anticipate," "plans," "expects," "will," "potential" and similar expressions are intended to identify forward-looking statements. These forward-looking statements are based upon ARS's current expectations and involve assumptions that may never materialize or may prove to be incorrect. Actual results and the timing of events could differ materially from those anticipated in such forward-looking statements as a result of various risks and uncertainties, which include, without limitation, the ability to obtain and maintain regulatory approval for ***neffy***; results from clinical trials may not be indicative of results that may be observed in the future; potential safety and other complications from ***neffy***; the labelling for ***neffy***, if approved; the scope, progress and expansion of developing and commercializing ***neffy***; the size and growth of the market therefor and the rate and degree of market acceptance thereof vis-à-vis intramuscular injectable products; ARS's ability to protect its intellectual property position; and the impact of government laws and regulations. Additional risks and uncertainties that could cause actual outcomes and results to differ materially from those contemplated by the forward-looking statements are included under the caption "Risk Factors—Risks Related to ARS Pharma" in the company's definitive merger proxy statement filed with the Securities and Exchange Commission on October 6, 2022. This document can also be accessed on ARS's web page at ir.ars-pharma.com by clicking on the link "Financials & Filings."

The forward-looking statements included in this press release are made only as of the date hereof. ARS assumes no obligation and does not intend to update these forward-looking statements, except as required by law.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 107746539

Application/License No. _____

Bristol Myers Squibb (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 38 Jackson Road , Devens, MA 01434 (Address of Applicant/Principal), as PRINCIPAL, and Travelers Casualty and Surety Company of America (Surety Company), a corporation organized under the laws of the state of CT (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One Tower Square , Hartford, CT 06183 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on July 21, 2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 21st day of July, 2023.

Anna P. Nowik, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Cheirman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attestad and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this 21st day of July , 2023 .

Re: **Bond Number: 107746539**
Obligee: Nevada State Board of Pharmacy
Description: NV Pharmaceutical Wholesaler Bond
Commission: 0%

We are pleased to enclose the above referenced bond you requested. This bond was executed based upon the information you provided. We urge you to check all of the information enclosed, including the Power of Attorney, signatures, dates, amounts, description, bond form and any other attachments.

Please be sure to affix the bond with the proper signature and seal.

If a premium is charged, our invoice for this bond is enclosed or will be sent to you under separate cover. Please note the premium payment for this bond is due upon receipt.

Willis Towers Watson negotiates commission rates with certain insurers on a corporate level. If the rate on your placement is lower than the negotiated rate, Willis Towers Watson can collect the difference directly from the insurer. These payments will not increase the cost of your bonds or otherwise impact your premium or rates. Details of these arrangements where there is compensation beyond the base compensation detailed in your commission schedule can be found at: http://www.willis.com/About_Willis/The_Willis_Way/Commission_Rates/.

Thank you for the opportunity to service your surety needs. Should you have any questions, please do not hesitate to contact me.

Sincerely,

Melissa Stanton

Effective tax rate	

Income taxes in interim periods are determined based on the estimated annual effective tax rates and the tax impact of discrete items th effective tax rate is primarily due to jurisdictional earnings mix resulting from amortization of acquired intangible assets, equity invest releases of income tax reserves of $89 million related to the resolution of Celgene's 2009-2011 IRS audits, partially offset by the impact a previously creditable excise tax. Additional changes to the effective tax rate may occur in future periods due to various reasons, includi reserves and revised interpretations or changes to the relevant tax code. Income tax payments were $149 million and $255 million f respectively.

BMS is currently under examination by a number of tax authorities that proposed or are considering proposing material adjustments to tax credits and the deductibility of certain expenses. As previously disclosed, BMS received several notices of proposed adjustments fror for the 2008 to 2012 tax years. BMS disagrees with the IRS's positions and continues to work cooperatively with the IRS to resolve thes IRS administrative appeals process to resolve these matters. Timing of the final resolution of these complex matters is uncertain and financial statements.

It is reasonably possible that the amount of unrecognized tax benefits as of March 31, 2023 could decrease in the range of approximately a result of the settlement of certain tax audits and other events. The expected change in unrecognized tax benefits may result in the pay taxes and/or recognition of tax benefits.

It is reasonably possible that new issues will be raised by tax authorities that may increase unrecognized tax benefits, however, an estim time. BMS believes that it has adequately provided for all open tax years by jurisdiction.

The notional amount of outstanding foreign currency exchange contracts was primarily $4.9 billion contracts as of March 31, 2023.

Indication and Production Description

JCAR017 is a CD19-directed genetically modified autologous T cell immunotherapy intended for the treatment of adult patients with relapsed or refractory (R/R) large B-cell lymphoma after two or more lines of systemic therapy, including diffuse large B cell lymphoma (DLBCL) not otherwise specified (including DLBCL arising from indolent lymphoma), high-grade B-cell lymphoma, primary mediastinal large B-cell lymphoma, and follicular lymphoma grade 3B.

- JCAR017 is administered as a defined composition of CAR-positive viable T cells (consisting of CD8 and CD4 components)
- JCAR017 is a cell suspension for infusion
- A single dose of JCAR017 contains 50 to 110 x 10^6 CAR-positive viable T cells, consisting of 1:1 CAR-positive viable T cells of the CD8 and CD4 components, with each component supplied separately in one or more single-dose vials.
- The infusion volume is calculated based on the concentration cryopreserved drug product CAR-positive viable T cells. The volume may differ for each component infused.

NEW MANUFACTURER/DISTRIBUTOR

FILE OF: Bristol-Meyers Squibb
38 Jackson Road
Devens, MA 01434

INSPECTORS: Sandra McMahon, Senior Inspector and Kissie Morales, Licensing Inspector

DATE: July 26, 2023

SUBJECT: Request for Inspection

1. On July 26, 2023, Senior Inspector Sandra McMahon and Licensing Inspector Kissie Morales from the Drug Control Program went to the above facility to conduct an inspection for a Massachusetts Controlled Substances Registration (MCSR) Manufacturer/Distributor application requesting schedule VI. We introduced ourselves to Joe Clarke, Associate Director for Material Operations and Brittiny Lempicki, Quality Compliance Manager, explained the reason for the visit and obtained permission to inspect.

2. The facility is a large campus located in a gated area on Devens. Visitors are required to stop at a gatehouse to obtain a badge for entry upon showing identification. Once through the gate, there is a main building with the reception area where the escorts meet the visitors after being signed in. We were escorted to the Cell Therapy Facility Building #310 on campus. The facility operates 24 hours/day, 365 days/year. The company manufactures and distributes nationally only one schedule VI drug for infusion at this site. The finished product is specific to a particular patient and sent to infusion sites on request only.

3. The raw materials are received to the supply chain team in the warehouse that is located on the ground floor of the building. Upon receipt, each delivery is assigned a unique batch number and then put into general storage for QA inspection and release to the manufacturing area. Upon release, materials go to the "kitting area"

that is a smaller version of the warehouse so the product is easier to manage for the manufacturing. FDA has conducted the GMP inspection and sent a letter of approval. Once manufacturing is complete, product is stored in freezers/refrigerators in a designated area until packed for shipping. Shipments are placed in a cryoport in a specialized vehicle; all shipments must be in cryogenic units for maintaining product

4. The outer perimeter of the buildings have cameras as well as all corridors within the building. The facility has a security protocol that is strictly adhered to. Recordkeeping is maintained digitally and backup is stored in the cloud. There is a "Global Market Team" for all shipping orders. Any product that is unused, requiring waste or rejected are destroyed on site.

5. This registration will be valid for one year, must be renewed annually, and is non-transferable. For any change of name, location, or status, please notify the Drug Control Program in writing. The facility must also notify the Drug Control Program in the event of a loss or theft of a controlled substance at 617-973-0929.

Please note that the disciplinary actions described below do NOT pertain to operations at the location set forth in this application.

McKesson Corporation and its wholly owned subsidiaries (hereinafter "McKesson") delivers pharmaceutical and medical products and business services to retail pharmacies and institutional providers like hospitals and health systems throughout North America and globally. Over the past 185 years, McKesson has developed multiple businesses that operate pharmacies, medical supply distribution centers, wholesale drug distribution centers, 3PL facilities, repackaging facilities, and other entities subject to federal and state regulation. Currently, McKesson owns and operates over 100 facilities in the United States that are licensed, permitted, or registered with the respective state agency with jurisdiction over its business type. Due to the breadth of its operations, it is practical that we limit this summary to disciplinary actions taken against these facilities during the last five years or the time frame specified in the question. ***The information in this statement is provided to the best of our knowledge and belief and includes all public disciplinary actions. This statement does not include any fines that are deemed non-disciplinary by the issuing state (for example, it does not include non-disciplinary Citations and Fines issued by California). Please let us know if your state requires information regarding non-disciplinary fines.***

In January 2017, **McKesson Corporation** entered into an agreement (the "DEA Settlement") with the DEA and DOJ to settle all potential administrative and civil claims stemming from investigation into McKesson's practices for identifying and reporting suspicious orders of controlled substances, beginning in 2009. Under the settlement McKesson agreed to pay $150 million and to implement remedial measures related to its controlled substances monitoring program. In addition, the following distribution centers' DEA registrations were or will be suspended for the following specified products and time periods: Aurora, Colorado - all controlled substances from January 17, 2017 to January 17, 2020; Livonia, Michigan - all controlled substances from January 17, 2017 to January 17, 2019; Washington Court House, Ohio - all controlled substances for the two-year period following completion of the Livonia suspension, from February 17, 2019 to February 17, 2021; and Lakeland, Florida - hydromorphone products from January 17, 2017 to January 17, 2018. The terms of the suspensions of the Livonia, Washington Court House, and Lakeland facilities permit those distribution centers to continue shipping controlled substances to customers that purchase products under McKesson's contract with the Department of Veterans Affairs.

In March 2017, in response to the DEA Settlement, the New York State Department of Health, Bureau of Narcotic Enforcement, suspended the Class 2A (Out-of-State) controlled substance license for **McKesson Corporation**'s Livonia, Michigan distribution center. The permit was suspended until January 1, 2019, consistent with the suspension timeframes of the DEA Settlement. No other suspensions or fines were issued, and the New York action aligned with the suspension periods and expectations agreed to in the DEA Settlement.

In June 2017, in response to the DEA Settlement, the Idaho Board of Pharmacy suspended the Controlled Substance Registrations of **McKesson Corporation** distribution centers in Washington Court House, Ohio and the Livonia, Michigan. The Livonia Idaho controlled

substance registration was suspended for two years, effective 6/17/17 to 1/17/19. The Washington Court House Idaho controlled substance registration is suspended for two years, effective 1/18/19 to 1/18/21. No other suspensions or fines were issued, and the Idaho action aligns with the suspension periods and expectations agreed to in the DEA Settlement.

In November 2017, in response to the DEA Settlement, the Louisiana Board of Pharmacy suspended the Controlled Substance Registrations of **McKesson Corporation** distribution centers in Washington Court House, Ohio and the Livonia, Michigan. The Livonia Louisiana controlled substance registration was suspended for two years, effective 6/17/17 to 1/17/19. The Washington Court House Louisiana controlled substance registration is suspended for two years, effective 1/18/19 to 1/18/21. McKesson also agreed to reimburse the Louisiana Board $250.00 for administrative costs No other suspensions or fines were issued, and the Louisiana action aligns with the suspension periods and expectations agreed to in the DEA Settlement.

In December 2017, in response to the DEA Settlement, the New Hampshire Board of Pharmacy suspended the right of **McKesson Corporation**'s distribution centers in Washington Court House, Ohio and Livonia, Michigan to distribute controlled substances. The Livonia distribution center's ability to distribute controlled substance was suspended, effective 12/12/17 to 1/17/19. The Washington Court House distribution center's ability to distribute controlled substance will be suspended for two years, effective 1/18/19 to 1/18/21. McKesson also agreed to pay an administrative fine of $2,000.00. No other suspensions of fines were issued, and the New Hampshire action aligns with the suspension periods and expectations agreed to in the DEA Settlement.

On March 14, 2018, in response to the DEA Settlement, the Iowa Board of Pharmacy voted to issue Controlled Substance Act registrations for two of **McKesson Corporation**'s distribution centers. The Board issued the registrations pursuant to Controlled Substances Act Registration by Consent Agreements (the "Agreements"). The Agreements are applicable only to the registrations and do not impose discipline upon the distribution center's wholesale permits. The general terms of the Agreements are summarized below:

- Livonia, Michigan - the facility's Iowa controlled substance registration was issued but was restricted. The facility was prohibited from distributing controlled substances into the state until 1/17/2019 except for various exceptions that mirror exceptions in the DEA settlement; and

- Washington Court House, Ohio - the facility's Iowa controlled substance registration was issued but is restricted and the facility will be prohibited from distributing controlled substances into the state from 1/18/19 to 1/18/2021 except for various exceptions that mirror exceptions in the DEA settlement.

On March 20, 2018, in response to the DEA Settlement, the Maryland State Board of Pharmacy suspended the right of **McKesson Corporation**'s distribution center in Washington Court House, Ohio to distribute controlled substances. The distribution center's ability to distribute controlled substance will be suspended for two years, effective 1/18/19 to 1/18/21. No other suspensions of fines were issued, and the Maryland action aligns with the suspension periods and expectations agreed to in the DEA Settlement.

On April 9, 2018, in response to the DEA Settlement, **McKesson Corporation** entered into stipulations with the Utah Board of Pharmacy. The stipulations apply to the McKesson distribution centers located in Washington Court House, Ohio and Aurora, Colorado. The Washington Court House facility's right to distribute controlled substances into Utah has been suspended effective 1/18/2019 to 1/18/2021 and the Aurora facility's right to distribute controlled substances into Utah has been suspended from 4/9/2018 to 1/17/2020. The Utah Board of Pharmacy's action mirrors the suspension and exceptions agreed to in McKesson's settlement with the DEA Settlement.

In 2018, May **McKesson Corporation** was fined by the California Board of Pharmacy related to the fact that its Memphis, TN distribution center failed to timely notify the state of California when their designated representative left the company. The designated representative required by the home state was always in place. The new designated representative is now and has been since December 1, 2017, fully licensed. McKesson paid $1,000 fine. The fine is related to a non-disciplinary action.

On May 31, 2018, in response to the DEA Settlement, **McKesson Corporation** entered into a consent agreement with the Oregon Board of Pharmacy (the "Oregon Consent"). The Oregon Consent applies to the McKesson distribution center located in Washington Court House, Ohio. The Washington Court House facility's right to distribute controlled substances into Oregon has been suspended effective 1/18/2019 to 1/18/2021. The suspension period imposed by Oregon aligns with the federal DEA suspensions and with those imposed by other states that have taken reciprocal action based on the DEA Settlement.

On November 7, 2018, the Colorado Department of Regulatory Agencies cited **McKesson Medical-Surgical Inc.** concerning its Denver, Colorado distribution center for failure to submit in a timely manner, an application to the Board detailing a change of designated representative. A fine of $1,150 was imposed and paid November 29, 2018. The Board released McKesson Medical-Surgical Inc. from the terms and conditions of the December 6, 2018, Stipulation and Final Agency Order and restored the Registration to unencumbered status.

On December 17, 2018, in response to the DEA Settlement, **McKesson Corporation** entered into a consent agreement with the Virginia Board of Pharmacy (the "Virginia Consent"). The Virginia Consent applies to the McKesson distribution center located in Livonia, Michigan. The Livonia facility's right to distribute controlled substances into Virginia was suspended until 1/17/2019. The suspension period imposed by Virginia aligns with the federal DEA suspensions and with those imposed by other states that have taken reciprocal action based on the DEA Settlement.

On January 14, 2019, **McKesson Corporation** entered into a settlement for a payment of $10,000 on behalf of a now-closed facility in Connecticut. This settlement arose from the failure of employees of McKesson's contracted local delivery carrier to secure their vehicles when making deliveries within Connecticut. Importantly, there were never any reports of theft or loss based on this failure and McKesson's contract with the local delivery carrier specifically required security measures, including the securing of vehicles.

On February 27, 2019, in response to the DEA Settlement, **McKesson Corporation** entered into a consent agreement with the Wisconsin Pharmacy Examining Board (the "Wisconsin Consent"). Under the terms of the consent, the Livonia, Michigan facility was fined and the facility's right to distribute controlled substances into Wisconsin was suspended from 1/17/17 to 1/17/19. The Washington Court House, Ohio facility was fined and the facility's ability to distribute controlled substances into Wisconsin has been suspended effective 1/17/19 to 1/17/2021. The suspension period imposed by Wisconsin aligns with the federal DEA suspensions and with those imposed by other states that have taken reciprocal action based on the DEA Settlement.

On March 1, 2019, the Ohio Board of Pharmacy sent a Notice of Opportunity for Hearing to the **McKesson Medical-Surgical Inc.** distribution center in Urbancrest, OH, which outlined the allegations and provided notice of its right to a hearing, its rights in such hearing, and its right to submit contentions in writing. The allegations relate to an investigation that McKesson Medical-Surgical Inc. shipped dangerous drugs to an unlicensed site in September 2017. A monetary penalty of $4,500 was imposed and paid on March 27, 2019.

On May 10, 2019, in response to the DEA Settlement, **McKesson Corporation** entered into the stipulated agreement with the New Mexico Board of Pharmacy (the "New Mexico Agreement"). The New Mexico Agreement applies to the McKesson distribution center located in Washington Court House, Ohio. The facility's ability to distribute controlled substances into New Mexico has been suspended until February 16, 2021. The suspension period imposed by New Mexico aligns with the federal DEA suspensions and with those imposed by other states that have taken reciprocal action based on the DEA Settlement.

On May 21, 2019, in response to the DEA Settlement, **McKesson Corporation** entered into a consent order with the Alabama Board of Pharmacy (the "Alabama Consent"). The Alabama Consent applies to the McKesson distribution centers located in Washington Court House, Ohio and Livonia, Michigan. Under the terms of the Alabama Consent, each facility was subject to a fine of fifteen thousand dollars ($15,000).

On June 10, 2019, in response to the DEA Settlement, **McKesson Corporation** entered into a consent agreement with the Virginia Board of Pharmacy (the "WCH Virginia Consent"). The WCH Virginia Consent applies to the McKesson distribution center located in Washington Court House, Ohio. The facility's right to distribute controlled substances into Virginia has been suspended from June 10, 2019 to February 16, 2021. The WCH Virginia Consent originates from McKesson's report to Virginia of settlements that McKesson entered into with the DEA and Louisiana Board of Pharmacy.

On June 29, 2019, in response to the DEA Settlement, the California Board of Pharmacy approved a Stipulated Settlement and Disciplinary Order for Public Reproval with **McKesson Corporation** (the "California Settlement"). The California Settlement is effective on August 28, 2019 and applies to both the Washington Court House, Ohio and Livonia, MI distribution centers. Subject to the terms of the settlement, McKesson was issued a public letter of Reproval, agreed to pay $4,000 in investigative fees.

On August 29, 2019, **McKesson Corporation** received a Letter of Admonition from the Colorado State Board of Pharmacy due to the delinquent notification of a change in the Designated Representative at its distribution center located at in O'Fallon, MO ("McKesson St. Louis").

On August 29, 2019, **McKesson Corporation** entered into a Stipulation and Final Agency Order with the Colorado State Board of Pharmacy regarding the delinquent notification of a change in the Designated Representative at its distribution center located in Aurora, IL ("**McKesson Chicagoland**"). The terms of the settlement included a fine in the amount of $1,150.00.

On January 7, 2020, **McKesson Corporation** entered into a Consent Agreement and Final Order with the Iowa Board of Pharmacy regarding pseudoephedrine products that had not been included in the McKesson's Clear Lake, IA facility's annual controlled substance inventory and butalbital products that continued to be treated as legend drugs after such products became schedule III products in the state on June 26, 2019 (the "2020 Clear Lake Consent").

McKESSON CORPORATION

Business Segments

The Company operates its business in four reportable segments: U.S. Pharmaceutical, Prescription Technology Solutions ("RxTS"), Medical-Surgical Solutions, and International.

Our U.S. Pharmaceutical segment distributes branded, generic, specialty, biosimilar and over-the-counter ("OTC") pharmaceutical drugs, and other healthcare-related products in the United States ("U.S."). This segment provides practice management, technology, clinical support, and business solutions to community-based oncology and other specialty practices. In addition, the segment sells financial, operational, and clinical solutions to pharmacies (retail, hospital, alternate sites) and provides consulting, outsourcing, technological, and other services.

Our Prescription Technology Solutions segment helps solve medication access, affordability, and adherence challenges for patients by working across healthcare to connect patients, pharmacies, providers, pharmacy benefit managers, health plans, and biopharma companies. RxTS serves our biopharma and life sciences partners, delivering innovative solutions that help people get the medicine they need to live healthier lives. RxTS also offers prescription price transparency, benefit insight, dispensing support services, third-party logistics, and wholesale distribution support designed to benefit stakeholders.

Our Medical-Surgical Solutions segment provides medical-surgical supply distribution, logistics, and other services to healthcare providers, including physician offices, surgery centers, nursing homes, hospital reference labs, and home health care agencies. We offer more than 285,000 national brand medical-surgical products as well as McKesson's own line of high-quality products through a network of distribution centers in the U.S.

Our International segment provides distribution and services to wholesale, institutional, and retail customers in Europe and Canada where we own, partner, or franchise with retail pharmacies, and support better, safer patient care by delivering vital medicines, supplies, and information technology solutions.

U.S. Pharmaceutical Segment:

Our U.S. Pharmaceutical segment provides distribution and logistics services for branded, generic, specialty, biosimilar, and OTC pharmaceutical drugs along with other healthcare-related products to customers. This business provides solutions and services to pharmacies, hospitals, oncology and other specialty practices, pharmaceutical manufacturers, biopharma partners, physicians, payers, and patients throughout the U.S. We also source generic pharmaceutical drugs through our ClarusONE Sourcing Services LLP joint venture with Walmart Inc. ("ClarusONE").

Our U.S. Pharmaceutical segment operates and serves customers through a network of 29 distribution centers in the U.S., including two strategic redistribution centers. We invest in technology and other systems at all of our distribution centers to enhance safety, reliability, and product availability. For example, we offer McKesson Connect℠, an internet-based ordering system that provides item look-up and real-time inventory availability as well as ordering, purchasing, third-party reconciliation, and account management functionality. We make extensive use of technology as an enabler to ensure customers have the right products at the right time in the right place.

To maximize distribution efficiency and effectiveness, we follow the Six Sigma methodology, which is an analytical approach that emphasizes setting high-quality objectives, collecting data, and analyzing results to a fine degree in order to improve processes, reduce costs, and enhance service accuracy and safety. We provide solutions to our customers including supply management technology, world-class marketing programs, managed care, repackaging products, and services to help them meet their business and quality goals. We continue to implement information systems to help achieve greater consistency and accuracy both internally and for our customers.

We have four primary customer pharmaceutical distribution channels: (i) retail national accounts, which include national and regional retail chains, food and drug combinations, mail order pharmacies, and mass merchandisers, (ii) community pharmacies and health (formerly described as independent, small, and medium chain retail pharmacies), (iii) institutional healthcare providers such as hospitals, health systems, integrated delivery networks, and long-term care providers, and (iv) oncology, biopharma, and other specialty partners.

Retail National Accounts: We provide business solutions that help our retail national account customers increase revenues and profitability. Solutions include:

- Central Fill℠ – Prescription refill service that enables pharmacies to more quickly refill prescriptions remotely, more accurately, and at a lower cost, while reducing inventory levels and improving customer service.
- Strategic Redistribution Centers – Two facilities totaling over 740,000 square feet that offer access to inventory for single source warehouse purchasing, including pharmaceuticals and biologics. These distribution centers also provide the foundation for a two-tiered distribution network that supports best-in-class direct store delivery.
- McKesson SynerGx® – Generic pharmaceutical purchasing program and inventory management that helps pharmacies maximize their cost savings with a broad selection of generic drugs, competitive pricing, and one-stop shopping
- Inventory Management – An integrated solution comprised of forecasting software and automated replenishment technologies that reduce inventory-carrying costs.
- ExpressRx Track™ – Pharmacy automation solution featuring state-of-the-art robotics, upgraded imaging, and expanded vial capabilities, and industry-leading speed and accuracy in a small footprint.

Community Pharmacy and Health: We strengthen the overall health of community pharmacies and elevate the role they play in people's lives. We accomplish this by providing supply chain excellence, pharmacy and patient solutions, as well as supporting independent pharmacies through industry and legislative advocacy. Our pharmacy and patient solutions include:

- Health Mart® – A national network of approximately 4,700 independently-owned pharmacies and one of the industry's most comprehensive pharmacy franchise programs. Health Mart provides franchisees support for operational excellence, managed care contracting, marketing, a private label line of products, merchandising solutions, and clinical programs to enhance patient care.
- Health Mart Atlas® – Comprehensive managed care and reconciliation assistance services that help community pharmacies save time, access competitive reimbursement rates, and improve cash flow.
- McKesson Reimbursement Advantage℠ ("MRA") – MRA is one of the industry's most comprehensive reimbursement optimization packages, comprising financial services (automated claim resubmission), analytic services, and customer care.
- McKesson OneStop Generics® – Generic pharmaceutical purchasing program that helps pharmacies maximize their cost savings with a broad selection of generic drugs, competitive pricing, and one-stop shopping.
- Pinpoint Community Solutions – McKesson's perpetual inventory management system targeted to independent pharmacy owners with five or fewer stores. The solution provides customers the opportunity to improve cash flow and increase efficiency with inventory visibility to help maximize operational performance.
- FrontEdge™ – Strategic planning, merchandising, and price maintenance program that helps community pharmacies maximize store profitability.
- McKesson RxOwnership Program – A confidential, no-fee resource for pharmacists and pharmacy owners interested in buying, starting, or selling an independent pharmacy, regardless of their pharmacy affiliation.

Institutional Healthcare Providers: At McKesson, we are relentless in our pursuit of opportunities to achieve operational efficiency, reduce waste, and improve the financial performance of our customers so they can achieve more of their goals today and into the future. Solutions include:

- RxO Advisory Services – A suite of supply chain management, pharmacy optimization, and 340B program advisory services driven by data and analytics.
- McKesson Plasma and Biologics – Specialty and plasma drug distributor that leads in market exclusive drug access; partner to health systems customers in navigating the complexities of limited distribution drug; and optimization of McKesson Distribution benefits.

- Outpatient and Specialty Pharmacy – A portfolio of services and solutions customized to each customer's business and clinical strategy.
- Contracting and Contract/Purchasing Optimization – Solutions across generics, specialty, branded products, biosimilars, and 340B products, for inpatient and outpatient settings.
- Supply Assurance – Solutions and strategies to enhance product availability and proactively manage inventory of critical items.
- Patient Assistance Solutions – Technologies and services that enable health systems and providers to better financially support their patients and community benefit programs.

The U.S. Pharmaceutical segment also offers solutions which enable its customers to drive greater efficiencies in their day to day operations, effectively managing their inventories and complying with complex government regulations. Solutions include McKesson Pharmacy Systems, MacroHelix, and Supply Logix, all of which provide innovative software technology and services that support retail pharmacies and hospitals.

Oncology, Biopharma, and Other Specialty Partners:

The U.S. Pharmaceutical segment provides a range of solutions to oncology and other specialty practices and offers community specialists (oncologists, rheumatologists, ophthalmologists, urologists, neurologists, and other specialists) an extensive set of customizable solutions and services designed to strengthen core practice operations, enhance value-based care delivery, and expand their service offering to patients. Community-based physicians in this business have broad flexibility and discretion to select the products and commitment levels that best meet their practice needs. Services in provider solutions include specialty drug distribution, group purchasing organizations ("GPO") like Onmark®, technology solutions, practice consulting services, and vaccine distribution, including our exclusive distributor relationship with the Centers for Disease Control and Prevention's ("CDC") Vaccines for Children program. Additionally, to support the U.S. efforts to fight the pandemic caused by the SARS-CoV-2 coronavirus ("COVID-19"), this segment has been distributing certain COVID-19 vaccines since December 2020 at the direction of the U.S. government.

This business provides a variety of solutions, including practice operations, healthcare information technology, revenue cycle management and managed care contracting solutions, evidence-based guidelines, and quality measurements to support The U.S. Oncology Network ("USON"), one of the nation's largest networks of physician-led, integrated, community-based oncology practices dedicated to advancing high-quality, evidence-based cancer care. In October 2022, McKesson completed a transaction with HCA Healthcare, Inc. ("HCA") to form an oncology research business, combining McKesson's U.S. Oncology Research ("USOR") and HCA's Sarah Cannon Research Institute ("SCRI"), which is one of the world's leading oncology research organizations, to enhance clinical trial access and availability across the country.

This segment includes Ontada®, McKesson's oncology technology and insights business providing software to support the clinical, financial, and operational needs of our oncology practice customers. Ontada also partners with oncology providers and biopharma partners to perform real-world evidence studies, retrospective research, and to provide clinical data insights, advisory solutions and education opportunities.

When we discuss specialty products or services, we consider the following factors: diseases requiring complex treatment regimens such as cancer and rheumatoid arthritis; plasma and biologics products; ongoing clinical monitoring requirements, high-cost, special handling, storage, and delivery requirements and, in some cases, exclusive distribution arrangements. Our use of the term "specialty" may not be comparable to that used by other industry participants, including our competitors.

Prescription Technology Solutions Segment:

Our Prescription Technology Solutions segment works across healthcare to connect patients, pharmacies, providers, pharmacy benefit managers, health plans, and biopharma companies to deliver medication access, affordability, and adherence solutions that support patients from first prescription fill to ongoing therapy, regardless of their insurance coverage. RxTS has connections with most electronic health record systems, over 50,000 pharmacies, approximately 900,000 providers, most pharmacy benefit managers and health plans, and has supported over 650 biopharma brands representing most therapeutic areas. Through its industry connections and ability to navigate the healthcare ecosystems, RxTS offers innovative solutions created to benefit healthcare stakeholders. Its comprehensive solution suites span across the entire patient journey, including medication access and affordability, prescription decision support, prescription price transparency, benefit insight and dispensing support services, as well as third-party logistics and wholesale distribution support, to help increase speed to therapy, reduce prescription abandonment, and support improved health outcomes for the patient. In the past year, RxTS helped patients save more than $8 billion on brand and specialty medications, helped to prevent an estimated 9.9 million prescriptions from being abandoned due to affordability challenges, and helped patients access their medicine more than 78 million times.

Medical-Surgical Solutions Segment:

Our Medical-Surgical Solutions segment delivers medical-supply distribution, logistics, biomedical maintenance, and other services to healthcare providers across the alternate-site spectrum. Our more than 275,000 customers include physician offices, surgery centers, post-acute care facilities, hospital reference labs, and home health agencies. We partner with manufacturers and channel partners to support our key target end-markets, including primary care, extended care, government, and other markets. We distribute medical-surgical supplies (such as gloves, needles, syringes, and wound care products), infusion pumps, laboratory equipment, and pharmaceuticals. Through a network of distribution centers in the U.S., we offer more than 285,000 products from national brand manufacturers and McKesson's own brand of high-quality products. Through the right mix of products and services, we help improve efficiencies, profitability, and compliance. We also never lose focus on helping customers improve patient and business outcomes. We develop customized plans to address the product, operational, and clinical support needs of our customers, including inventory management, reducing administrative burdens, and training and educating clinical staff. We deliver for our customers, so they can deliver and care for their patients. Additionally, under contracts with the U.S. Department of Health and Human Services ("HHS") and Pfizer, Inc., McKesson's Medical-Surgical business leverages its expertise to manage the assembly, storage, and distribution of supply kits needed to administer COVID-19 vaccines, as well as some of the sourcing of those supplies. The kits are produced and distributed at the direction of HHS to support the administration of all COVID-19 vaccines approved in the U.S.

International Segment:

Our International segment provides distribution and services to wholesale, institutional, and retail customers in Europe and Canada where we own, partner, or franchise with retail pharmacies. Our operations in Canada also support better, safer patient care by delivering vital medicines, supplies, and information technology solutions to customers, and through several retail health and wellness brands, across Canada.

In July 2021, we announced our intention to exit our businesses in Europe. On January 31, 2022, we completed the sale of our Austrian business to Quadrifolia Management GmbH. On April 6, 2022, we completed the sale of our retail and distribution businesses in the United Kingdom ("U.K. disposal group") to Aurelius Elephant Limited. On October 31, 2022, we completed the sale of certain of our businesses in the European Union ("E.U.") located in France, Italy, Ireland, Portugal, Belgium, and Slovenia, our German headquarters and wound-care business, part of a shared services center in Lithuania, and our ownership stake in a joint venture in the Netherlands ("E.U. disposal group") to the PHOENIX Group. In executing our strategy to exit Europe, we continue to evaluate suitable exit alternatives for our remaining retail and distribution businesses in Norway. Refer to Financial Note 2, "Business Acquisitions and Divestitures," to the consolidated financial statements included in this Annual Report for additional information on our European divestiture activities.

Prior to the European divestiture activities described above, we operated through two businesses in Europe: Pharmaceutical Distribution and Retail Pharmacy. Our European Pharmaceutical Distribution business delivered pharmaceutical and other healthcare-related products to pharmacies across Europe. This business functioned as a vital link, using technology-enabled management systems at our regional wholesale branches to connect manufacturers to retail pharmacies, supplying medicines and other products sold in pharmacies.

Our European Retail Pharmacy business served patients and consumers in European countries directly through our own pharmacies and participant pharmacies operating under brand partnership arrangements. This business provided customers with traditional prescription pharmaceuticals, non-prescription products, and medical services, as well as e-commerce operating under the Lloyds pharmacy branding in Belgium, Ireland, and Italy up until the sale of the E.U. disposal group. In addition, we partnered with independent pharmacies under local banner programs.

McKesson Canada is one of the largest pharmaceutical wholesale and retail distributors in Canada. The wholesale business delivers products to retail pharmacies, hospitals, long-term care centers, clinics and institutions in Canada through a national network of distribution centers and provides logistics and distribution services for manufacturers.

Beyond wholesale pharmaceutical logistics and distribution, McKesson Canada provides automation and technology solutions to its retail and hospital customers. Additionally, McKesson Canada provides comprehensive specialty health services to Canadians, including a national network of specialty pharmacies, personalized patient care and support programs, and INVIVA, Canada's first and largest accredited network of private infusion clinics. McKesson Canada also owns and operates PDCI, Canada's leading market access consultancy, supporting manufacturers as they introduce new products into the Canadian market.

The Canada retail business includes approximately 2,700 banner pharmacies under the IDA®, Guardian®, The Medicine Shoppe®, Remedy'sRx®, Proxim®, and Uniprix® banners, and approximately 400 owned pharmacies under the Rexall™ brand where we provide patients with greater choice and access, integrated pharmacy care and industry-leading service levels. McKesson Canada also owns and operates Well.ca™, a leading Canadian online health and wellness retailer.

Restructuring, Business Combinations, Investments, and Divestitures

We have undertaken additional strategic initiatives in recent years designed to increase operational efficiencies, focus on our core healthcare businesses, execute on our business strategy, and enhance our competitive position. These initiatives are detailed in Financial Note 2, "Business Acquisitions and Divestitures," and Financial Note 3, "Restructuring, Impairment, and Related Charges, Net," to the consolidated financial statements included in this Annual Report.

Competition

We operate in highly competitive environments in North America and Europe. In recent years, the healthcare industry has been subject to increasing consolidation. In the pharmaceutical distribution environment in which our U.S. Pharmaceutical and International segments operate, we face strong competition from international, national, regional, and local full-line, short-line, and specialty distributors, service merchandisers, self-warehousing chain drug stores, manufacturers engaged in direct distribution, third-party logistics companies, and large payer organizations. We consider our largest competitors in distribution, wholesaling, and logistics to be AmerisourceBergen Corporation and Cardinal Health, Inc. Our retail businesses, which primarily operate in our International segment, face competition from various global, national, regional, and local retailers, including chain and independent pharmacies.

Our RxTS business experiences substantial competition from many companies, including other biopharma services companies, software services firms, consulting firms, shared service vendors, and internet-based companies with technology applicable to the healthcare industry. Competition in this business varies in size from large to small companies, in geographical coverage, and in scope and breadth of products and services offered.

Our Medical-Surgical Solutions segment provides medical-surgical supply distribution, logistics, and other services to healthcare providers, including physician offices, surgery centers, nursing homes, hospital reference labs, home health care agencies, and other alternative sites with competition from a wide range of national and regional medical supply and equipment distributors throughout the U.S.

In addition, we compete with other service providers and healthcare manufacturers, as well as other potential customers of our businesses, which may from time to time decide to develop, for their own internal needs, supply management capabilities that might otherwise be provided by our businesses. We believe that our scale and diversity of product and service offerings are our primary competitive advantages. In all areas, key competitive factors include price, quality of service, breadth of product lines, innovation and, in some cases, convenience to the customer.

Patents, Trademarks, Copyrights, and Licenses

McKesson and its subsidiaries hold patents, copyrights, trademarks, and trade secrets related to McKesson products and services. We pursue patent protection for our innovations and obtain copyright protection for our original works of authorship, when such protection is advantageous. Through these efforts, we have developed a portfolio of patents and copyrights in the U.S. and worldwide. In addition, we have registered or applied to register certain trademarks and service marks in the U.S. and in foreign countries.

We believe that, in the aggregate, McKesson's confidential information, patents, copyrights, trademarks, and intellectual property licenses are important to its operations and market position, but we do not consider any of our businesses to be dependent upon any one patent, copyright, trademark, or trade secret, or any family or families of the same. We cannot guarantee that our intellectual property portfolio will be sufficient to deter misappropriation, theft, or misuse of our technology, nor that we can successfully enjoin infringers. We periodically receive notices alleging that our products or services infringe on third-party patents and other intellectual property rights. These claims may result in McKesson entering settlement agreements, paying damages, discontinuing use or sale of accused products, or ceasing other activities. While the outcome of any litigation or dispute is inherently uncertain, we do not believe that the resolution of any of these infringement notices would have a material adverse impact on our results of operations.

We hold inbound licenses for certain intellectual property that is used internally, and in some cases, utilized in McKesson's products or services. While in the future it may be necessary to seek or renew licenses relating to various aspects of our products and services, we believe, based upon past experience and industry practice, such licenses generally can be obtained on commercially reasonable terms. We believe our operations as well as our products and services are not materially dependent on any single license or other agreement with any third party.

Human Capital

Our vision for a healthier world begins with our employees, who bring our mission to life every day. We deliver programs that focus on improving employee health and wellness, creating opportunities for growth and development, and providing an inclusive workplace where our employees can reach their full potential. At March 31, 2023, we had approximately 51,000 employees worldwide, including 6,000 part-time employees. We had approximately 35,000 employees in the U.S., 13,000 employees in Canada, and 3,000 employees in Europe. Our employees in Europe primarily relate to our remaining operations in Norway. Our headcount at March 31, 2023 decreased compared to the same prior year period due to the completed divestitures of the E.U. disposal group and U.K. disposal group during fiscal 2023. Approximately 26,000 former employees were associated with these divestitures. Refer to Financial Note 2, "Business Acquisitions and Divestitures," to the consolidated financial statements included in this Annual Report for additional information on our European divestiture activities. We also supplement our work force with contractors and/or consultants for certain business projects, processes, and/or operations as demand requires, including for programs such as the COVID-19 vaccine distribution and related ancillary supply kit programs.

Diversity, Equity, and Inclusion ("DEI"): We are committed to making the principles of DEI integral to everything we do because we believe building a healthier future is everyone's business. We build successful teams by recruiting, developing, and retaining diverse talent and we recognize our culture of inclusion and belonging as an important element that drives long-term shareholder value. We offer various ongoing learning opportunities, such as our company-wide inclusion curriculum, to recognize, value, and leverage the diversity of our workforce, enhance the inclusiveness of our culture, and candidly discuss DEI topics. We also offer our employees the opportunity to join employee resource groups ("ERGs"), which are voluntary, employee-led, company-sponsored groups that focus on making a difference among our employees in North America. ERGs can help employees make authentic connections, showcase leadership skills, and create a positive impact. Our ERGs make our community even stronger by connecting people of all backgrounds and experiences and enabling them to feel that they are a part of something greater. Our 11 ERGs provide community and insights into the perspectives and experiences across different ethnicities, genders, generations, disability or military/veteran status, as well as members and allies of the LGBTQIA+ community. We hold regular town hall meetings where employees can ask questions of executives and make their voices heard.

At March 31, 2023, women and people of color represented the following:

Metric [1]	McKesson Overall	McKesson Leadership [2]
Women	62 %	42 %
People of Color [3] [4]	47 %	26 %

(1) The data for our metrics is derived from our voluntary self-identification process as of March 31, 2023 and therefore represents our best estimate at this time.

(2) Represents our leadership at the vice president level and above.

(3) Represents U.S. employees only because the data for Canada and Europe is not available.

(4) People of Color includes the following self-identification categories: American Indian or Alaska Native, Asian, Black or African American, Hispanic or Latino, Native Hawaiian or Other Pacific Islander, or Two or More Races.

Culture and Leadership: What sets McKesson apart as an exceptional place is our people. Our employees understand that together, unified by our global I²CARE and ILEAD principles, we fulfill our mission of improving care in every setting. Our I²CARE values (Integrity, Inclusion, Customer-First, Accountability, Respect, Excellence) are foundational to all that we do, and who we are as a company. ILEAD (Inspire, Leverage, Execute, Advance, Develop) is our common definition of and shared commitment to leadership. By embracing this commitment, we bring out the best in ourselves and position McKesson to continue to drive better health – for our company, our customers, and the patients they serve – for years to come. We promote leadership behaviors through culture initiatives that offer practical tips on how to debate, decide, and commit, be open and candid, and maintain an enterprise-first mindset when navigating conversations affecting operations within and across our business segments. These values and behaviors help make McKesson unique.

Investment in Employees: To support employee growth and development, we provide regular feedback and training, and work to create and maintain an inclusive environment where everyone can bring their authentic self to work and know they are appreciated, with their perspectives heard and considered. Through training, we encourage leaders to embrace diverse perspectives and lead inclusively. Employee development programs include training, coaching, and 360-degree assessments, which can support the careers of future leaders and their teams. We offer financial assistance programs for higher education opportunities that support employees' career growth at the company.

To provide compensation that is focused on attracting and retaining talent with the skills and experience necessary for a specific role, our compensation program is built on a set of quantifiable factors defined by our guiding principles of internal equity, market competitiveness, and pay for performance. We operate in several countries and our benefits vary accordingly. Our compensation philosophy is rooted in a commitment to our people by offering a fair and transparent program that regularly assesses the competitive job market based on geography and cost of labor. We use external resources to provide competitive benchmarking analyses against other companies and set pay ranges around the median of the competitive market. As part of our commitment to pay transparency, during fiscal 2023, we enhanced the insight and visibility of our employee compensation. The majority of our employees in North America can view the competitive base pay range for their roles as well as for new internal and external job postings. Also, the pay range for new external job postings is included on McKesson's website (www.mckesson.com under the "Careers" caption).

We offer health and wellness benefits to advance the physical, mental, and social well-being of our people, savings programs to help prepare them for retirement, and flexible work arrangements, among other offerings, when possible. We seek employee feedback through annual and mid-year employee opinion surveys, which assesses our employees' levels of engagement, commitment, and overall satisfaction using industry benchmarks, and then design action plans to improve those metrics. We seek feedback on our people leaders through our annual manager quality survey, which is an opportunity for employees to help their managers grow professionally and build valuable leadership skills that create a positive, productive, and inclusive workplace at McKesson.

As broader U.S. labor markets continue to be challenging and evolving, we continue our dedication to recruiting and retaining qualified employees across the organization. In fiscal 2022, we made investments in our talent acquisition team by adding recruiters, systems, and process improvements to strengthen our ability to attract employees and reduce the lead time to fill open positions as well as updating and enhancing the benefits, rewards, and experiences we offer to our employees, making McKesson a great place to work. This is known as our "Employee Value Proposition" ("EVP"). Our EVP reflects what makes McKesson unique and which is demonstrated through the care we show to our employees and communities, the meaning we find in our work, and the sense of belonging we build across the organization. We continued to make investments in fiscal 2023 to retain our top talent, including providing long-term incentive awards for certain job markets and job classes.

During the first quarter of fiscal 2022, we approved changes to our real estate strategy to increase efficiencies and support flexibility for our employees, as discussed in Financial Note 3, "Restructuring, Impairment, and Related Charges, Net," to the consolidated financial statements included in this Annual Report. Our North American future of work approach is based on the following for certain employees: purposeful collaboration, flexibility, co-location, and leader-driven connections. We embraced a hybrid work model and certain of our employees have been coming together in person to collaborate with a purpose. While we remain committed to working flexibly, collaboration will continue to be a cornerstone of our philosophy. We believe that collaboration is critically important to staying connected and maintaining our culture.

Health and Safety: Our security and safety departments employ systems designed to continually monitor our facilities and work environment to help identify and prevent or mitigate potential risks. This includes having procedures in place and investing in equipment for both physical and electronic security. We routinely assess facilities to closely monitor adherence to established security and safety standards. If we identify a vulnerability, it is documented, and the facility prepares an action plan. Our employees receive specialized training related to their role, work setting, and equipment used in their work environment. As our processes evolve, we update relevant safety training modules, which may include new employee training programs.

In response to the COVID-19 pandemic, our priority has been, and continues to be, protecting the health and safety of our employees, customers, patients, and communities while also safeguarding the healthcare supply chain. We offer medical benefits covering COVID-19 related visits, testing (including over-the-counter tests), treatment and vaccines, telehealth options, and paid time off ("PTO"). We also have COVID-19 protocols in place, which have been designed, and updated as necessary, to be consistent with federal, state, and local laws and with customer requirements for our U.S. and Canada employees.

Government Regulation

We operate in many highly regulated industries and are subject to oversight by various federal, state, and local governmental entities in the U.S. and elsewhere. We incur significant expense and make large capital expenditures and investments to enable us to comply with regulations and guidance promulgated by governmental entities. See "Risk Factors" in Item 1A of Part I below for information regarding material risks associated with our compliance with governmental regulations.

Controlled Substances: We are subject to the operating and security standards of the U.S. Drug Enforcement Administration ("DEA"), the U.S. Food and Drug Administration ("FDA"), HHS, the Centers for Medicare & Medicaid Services ("CMS"), various state boards of pharmacy, state health departments, and comparable agencies in the U.S. and other countries. Certain of our businesses may be required to register for permits and/or licenses with government agencies, depending upon the type of operations and location of product development, manufacture, distribution, and sale. For example, we are required to hold valid DEA and state-level registrations and licenses, meet various security and operating standards, and comply with the Controlled Substances Act and its accompanying regulations governing the sale, marketing, packaging, holding, distribution, and disposal of controlled substances. We maintain extensive controlled substance monitoring and reporting programs at considerable expense in order to help us meet those standards.

Government Contracts: Our contracts with government entities typically are subject to procurement laws that include socio-economic, employment practices, environmental protection, recordkeeping and accounting, and other requirements. These statutory and regulatory requirements complicate our business and increase our compliance burden. We are subject to audits, investigations, and oversight proceedings about our compliance with contractual and legal requirements.

Federal, state, and local governmental entities in the U.S. and elsewhere continue to strengthen their position and scrutiny of practices that may indicate fraud, waste, and abuse affecting government healthcare programs such as Medicare and Medicaid. Our relationships with pharmaceutical and medical surgical product manufacturers, healthcare providers, and other companies and individuals, as well as our provision of products and services to government entities, subject our business to statutes, regulations, and government guidance that are intended to prevent fraud and abuse. Among other things, those laws: (1) prohibit persons from soliciting, offering, receiving, or paying any remuneration in order to induce the referral of an individual for, or to induce the ordering or purchasing of, items or services that are in any way paid for by Medicare, Medicaid, or other government-sponsored healthcare programs; (2) impose many restrictions upon referring physicians and providers of designated health services under Medicare and Medicaid programs; and (3) prohibit the knowing submission of a false or fraudulent claim for payment to, and knowing retention of an overpayment by, a federal healthcare program such as Medicare and Medicaid. Many of these laws are vague or indefinite and are often subject to varied and evolving interpretations by courts, regulators, and enforcing agencies and, as such, may be interpreted or applied by a prosecutorial, regulatory, or judicial authority in a manner that could require us to make changes in our operations at added expense.

Healthcare Regulation: In the U.S., the Patient Protection and Affordable Care Act ("ACA") significantly expanded health insurance coverage to uninsured Americans and changed the way healthcare is financed by both governmental and private payers. The implementation of the Inflation Reduction Act of 2022 ("IR Act") is anticipated to change benefit design and how Medicare pays for drugs, which are all intended to reduce the price of drugs. Three central features of the IR Act would authorize the government to negotiate drug prices for certain Parts B and D drugs over time, establish an inflation rebate program, and cap patient cost sharing under Medicare.

Provincial governments in Canada that provide partial funding for the purchase of pharmaceuticals and independently regulate the sale and reimbursement of drugs have sought to reduce the costs of publicly funded health programs. For example, provincial governments have taken steps to reduce consumer prices for generic pharmaceuticals and, in some provinces, change professional allowances paid to pharmacists by generic drug manufacturers.

McKesson continues to advocate for policies that would improve drug cost transparency under a patient's drug plan to better inform prescribing decisions, and also address access to care, affordability, and treatment regimen adherence, all designed to improve clinical outcomes and reduce the health spending burden.

Additionally, there have been increasing efforts by governments to regulate the pharmaceutical drug supply chain in order to prevent the introduction of counterfeit, stolen, contaminated, or otherwise harmful drugs into the pharmaceutical distribution system, otherwise known as pedigree tracking. For example, the U.S. Drug Quality and Security Act of 2013 ("DQSA") requires us to participate in a federal prescription drug track and trace system that preempts state drug pedigree requirements, and the U.S. Food and Drug Administration Amendments Act of 2007 requires the FDA to establish standards and identify and validate effective technologies, such as track and trace or authentication technologies, to secure the pharmaceutical supply chain against counterfeit drugs. The Drug Supply Chain Security Act requires standardized, unit-level traceability of pharmaceutical products along the entire drug supply chain, with a goal of end-to-end unit-level traceability by November 27, 2023. Pedigree tracking laws such as these increase our compliance burden and our pharmaceutical distribution costs.

Data Security and Privacy: We are subject to many privacy and data protection laws that change frequently and have requirements that vary from jurisdiction to jurisdiction. Our efforts to comply with these laws complicates our operations and adds to our costs. For example, under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") we must maintain administrative, physical, and technological safeguards to protect individually identifiable health information and ensure the confidentiality, integrity, and availability of electronic protected health information. We are subject to significant compliance obligations under privacy laws such as the General Data Protection Regulation ("GDPR") in the European Union, the Personal Information Protection and Electronic Documents Act ("PIPEDA") in Canada, and an expanding list of comprehensive state privacy laws in the United States. Some privacy laws prohibit the transfer of personal information to certain other jurisdictions or otherwise limit our use of data. Many of these laws also require us to provide access or other data rights (modification, deletion, portability, etc.) to consumers' and patients' individual personal data records within specified periods of time. Laws such as the federal Cyber Incident Reporting for Critical Infrastructure Act of 2022 may require us to provide notifications of significant data privacy breaches or cybersecurity incidents before our investigations are complete. We are subject to privacy and data protection compliance audits or investigations by various government agencies.

Environmental Regulation: We are subject to many environmental and hazardous materials regulations, including those relating to radiation-emitting equipment operated at U.S. Oncology Network practices. Additionally, our operations are subject to regulations under various federal, state, local and foreign laws concerning the environment, including laws addressing the discharge of pollutants into the air and water, the management and disposal of hazardous substances and wastes, and the cleanup of contaminated sites.

We sold our chemical distribution operations in 1987 and retained responsibility for certain environmental obligations. Agreements with the U.S. Environmental Protection Agency and certain states may require environmental assessments and cleanups at several closed sites. These matters are described further in Financial Note 17, "Commitments and Contingent Liabilities," to the consolidated financial statements included in this Annual Report.

Climate Change Regulation: Governments in the U.S. and abroad are considering new or expanded laws to address climate change. Such laws may require reductions of greenhouse gas ("GHG") emissions, mandates that companies implement processes to monitor and disclose climate-related matters, additional taxes or offset charges on specified energy sources, and other requirements. Compliance with climate-related laws may be further complicated by disparate regulatory approaches in various jurisdictions. New or expanded climate-related laws could impose costs on us, including capital expenditures to develop data gathering and reporting systems and additional GHG reduction measures. Until the timing and extent of climate-related laws are clarified, we cannot predict their potential effect on our capital expenditures, results of operations, or competitive position.

Other Information about the Business

Customers: During fiscal 2023, sales to our ten largest customers, including group purchasing organizations ("GPOs") accounted for approximately 68% of our total consolidated revenues. Sales to our largest customer, CVS Health Corporation ("CVS"), accounted for approximately 27% of our total consolidated revenues in fiscal 2023. In fiscal 2023, we extended our pharmaceutical distribution partnership with CVS to June 2027. Our ten largest customers comprised approximately 42%, and CVS was approximately 21%, of our total trade accounts receivable at March 31, 2023. We also have agreements with GPOs, each of which functions as a purchasing agent on behalf of member hospitals, pharmacies, and other healthcare providers, as well as with government entities and agencies. The accounts receivable balances are with individual members of the GPOs, and therefore no significant concentration of credit risk exists. Substantially all of these revenues and accounts receivable are included in our U.S. Pharmaceutical segment.

Suppliers: We obtain pharmaceutical and other products from manufacturers, none of which accounted for more than our largest supplier at 12% of our total purchases in fiscal 2023. The loss of a supplier could adversely affect our business if alternate sources of supply are unavailable. We believe that our relationships with our suppliers are generally sound. The ten largest suppliers in fiscal 2023 accounted for approximately 70% of our total purchases.

Some of our distribution arrangements with manufacturers provide us consideration based on a percentage of our purchases. In addition, we have certain distribution arrangements with pharmaceutical manufacturers that include an inflation-based consideration component whereby we benefit when the manufacturers increase their prices as we sell our existing inventory at the new higher prices. For these manufacturers, a reduction in the frequency and magnitude of price increases, as well as restrictions in the amount of inventory available to us, could have an adverse impact on our gross profit margin.

Research and Development: Research and development expenses were $89 million, $70 million, and $74 million for the years ended March 31, 2023, 2022, and 2021, respectively.

Financial Information About Foreign and Domestic Operations: Certain financial information relating to foreign and domestic operations is discussed in Financial Note 20, "Segments of Business," to the consolidated financial statements included in this Annual Report as well as in "Foreign Operations" in Item 7 of Part II of this Annual Report. See "Risk Factors" in Item 1A of Part I below for information regarding risks associated with our foreign operations.

Forward-Looking Statements

This Annual Report, including "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Item 7 of Part II of this report and the "Risk Factors" in Item 1A of Part I of this report, contains forward-looking statements within the meaning of section 27A of the Securities Act of 1933 ("Securities Act") and section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements may be identified by their use of terminology such as "believes," "expects," "anticipates," "may," "will," "should," "seeks," "approximately," "intends," "projects," "plans," "estimates," "targets," or the negative of these words or other comparable terminology. The discussion of financial trends, strategy, plans, assumptions, or intentions may also include forward-looking statements. Forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those projected, anticipated, or implied. Although it is not possible to predict or identify all such risks and uncertainties, they include, but are not limited to, the factors discussed in Item 1A of Part I of this report under "Risk Factors" and in our publicly available SEC filings and press releases. Readers are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date such statements were first made. Except to the extent required by federal securities laws, we undertake no obligation to publicly release the result of any revisions to any forward-looking statements to reflect events or circumstances after the date the statements are made, or to reflect the occurrence of unanticipated events.

Item 1A. Risk Factors.

INDEX TO RISK FACTORS

Section	Page
Litigation and Regulatory Risks	14
Company and Operational Risks	16
Industry and Economic Risks	21
General Risks	24

The discussion below identifies certain representative risks that might cause our actual business results to materially differ from our estimates. It is not practical to identify or describe all risks and uncertainties that might materially impact our business operations, reputation, financial position, or results of operations. Our business could be materially affected by risks that we have not yet identified or that we currently consider to be immaterial. This is not a complete statement of all potential risks and uncertainties.

Litigation and Regulatory Risks

We experience costly and disruptive legal disputes.

We are routinely named as a defendant in litigation or regulatory proceedings and other legal disputes, which may include asserted class action litigation, such as those described in Financial Note 17, "Commitments and Contingent Liabilities," to the consolidated financial statements included in this Annual Report. Regulatory proceedings involve allegations such as false claims, healthcare fraud and abuse, and antitrust violations. Civil litigation proceedings involve commercial, employment, environmental, intellectual property, tort, and other claims. Despite valid defenses that we assert, legal disputes are often costly, time-consuming, distracting to management, and disruptive to normal business operations. The uncertainty and expense associated with unresolved legal disputes might harm our business and reputation even if the matter ultimately is favorably resolved. The outcome of legal disputes is difficult to predict, and outcomes may occur that we believe are not justified by the evidence or existing law. Outcomes include monetary damages, penalties and fines, and injunctive or other relief that requires us to change our business operations and incur significant expense. Accordingly, legal disputes might have a materially adverse impact on our reputation, our business operations, and our financial position or results of operations.

We might experience losses not covered by insurance or indemnification.

Our business exposes us to risks that are inherent in the distribution, manufacturing, dispensing, and administration of pharmaceuticals and medical-surgical supplies, the provision of ancillary services, the conduct of our payer businesses, and the provision of products that assist clinical decision-making and relate to patient medical histories and treatment plans. For example, pharmacy operations are exposed to risks such as improper filling of prescriptions, mislabeling of prescriptions, inadequacy of warnings, unintentional distribution of counterfeit drugs, and expiration of drugs. Although we seek to maintain adequate insurance coverage, such as property insurance for inventory and professional and general liability insurance, coverages on acceptable terms might be unavailable, or coverages might not cover our losses. We generally seek to limit our contractual exposure, but limitations of liability or indemnity provisions in our contracts may not be enforceable or adequately protect us from liability. Uninsured losses might have a materially adverse impact on our business operations and our financial position or results of operations.

We experience costly legal disputes, government actions, and adverse publicity regarding our role in distributing controlled substances such as opioids.

The Company is a defendant in many litigation matters alleging claims related to the distribution of controlled substances (opioids), as described in Financial Note 17, "Commitments and Contingent Liabilities," to the consolidated financial statements in this Annual Report. We are sometimes named as a defendant in similar, new cases. The plaintiffs in those cases include governmental entities (such as states, provinces, counties, and municipalities) as well as businesses, groups, and individuals. The cases allege violations of controlled substance laws and other laws, and they make common law claims such as negligence and public nuisance. Many of these cases raise novel theories of liability and can have unexpected outcomes that we believe are not justified by evidence or existing law. Legal proceedings such as these often involve significant expense, management time and distraction, and risk of loss that can be difficult to predict or quantify. It is not uncommon for claims to be resolved over many years. Outcomes include monetary damages, penalties and fines, and injunctive or other relief that requires us to change our business operations and incur significant expense. Although the Company has valid defenses and is vigorously defending itself, some proceedings have been and others may be resolved by negotiated outcome. For example, we are also subject to consent decrees issued by state courts that govern our distribution of controlled substances. Not all proceedings, however, are resolved by settlement. Our reputation has been and may continue to be impacted by publicity regarding opioids litigation and related allegations. An adverse outcome of any such legal proceedings might have a materially adverse impact on our business operations and our financial position or results of operations.

We might experience increased costs to distribute controlled substances such as opioids.

Legislative, regulatory, or industry measures related to the distribution of controlled substances such as prescription opioids could affect our business in ways that we may not be able to predict. For example, some states have passed legislation that could require us to pay taxes or assessments on the distribution of opioid medications in those states and other states have considered similar legislation. Liabilities for taxes or assessments or other costs of compliance under any such laws might have a materially adverse impact on our reputation, our business operations, and our financial position or results of operations.

We are subject to extensive, complex, and challenging healthcare, environmental, and other laws.

As described in "Government Regulation" in Item 1 of Part I above, our industry is highly regulated, and further regulation of our distribution businesses and technology products and services could impose increased costs, negatively impact our profit margins and the profit margins of our customers, delay the introduction or implementation of our new products, or otherwise negatively impact our business and expose the Company to litigation and regulatory investigations. We incur cleanup costs under environmental laws and may incur additional costs under environmental laws. Additionally, we are subject to various routine and ad hoc inspections by government agencies to determine compliance with various statutes and regulations. Any noncompliance by us with applicable laws or the failure to maintain, renew, or obtain necessary permits and licenses could lead to enforcement actions or litigation and might have a materially adverse impact on our business operations and our financial position or results of operations.

STATE OF FLORIDA
DEPARTMENT OF BUSINESS & PROFESSIONAL REGULATION

DEPARTMENT OF BUSINESS & PROFESSIONAL REGULATION, DIVISION OF DRUGS, DEVICES, AND COSMETICS,

Petitioner,

Case No.: 2019-035120

v.

LIFELINE PHARMACEUTICALS, LLC,

Respondent.
_____/

SETTLEMENT AGREEMENT

Pursuant to Section 120.57(4), Florida Statutes, the above-named parties hereby enter into this Settlement Agreement (hereinafter, "this agreement") as disposition of the alleged violations described in the Notice of Violation in case number 2019-035120 (hereinafter, "the allegations"). The terms herein become effective upon rendition of the final order, which shall incorporate this agreement.

The State of Florida, Department of Business & Professional Regulation, Division of Drugs, Devices, and Cosmetics (hereinafter, "the Department") is charged with regulating Drugs, Devices, and Cosmetics pursuant to Section 20.165 and Chapter 499, Florida Statutes.

STIPULATED FACTS

1. Lifeline Pharmaceuticals, LLC (hereinafter, "Respondent") is permitted as an out-of-state prescription drug wholesale distributor by the Department, having been issued permit number 23:2522.

2. Respondent's address of record is 5800 Gulf Tech Drive, Ocean Springs, Mississippi 39564.

3. Respondent was issued a Notice of Violation on August 12, 2019, alleging that it

committed certain violations of Chapter 499, Florida Statutes, and the administrative rules adopted pursuant thereto.

CONCLUSIONS OF LAW

4. Respondent, by and through its undersigned agent, admits that it is subject to the applicable provisions of Chapter 499, Florida Statutes, and the relevant jurisdiction of the Department.

5. Respondent admits that the allegations, if proven, would constitute violations of Chapter 499, Florida Statutes.

SETTLEMENT TERMS

6. Respondent agrees to immediately cease any practices that are in violation of Chapter 499, Florida Statutes.

7. Respondent agrees to pay a settlement amount of Seven Thousand Nine Hundred Fifty Dollars ($7,950). **Payment of the settlement amount shall be made only by corporate check, cashier's check, or money order to the Professional Regulation Trust Fund, and shall be remitted to The Florida Department of Business & Professional Regulation, Division of Drugs, Devices and Cosmetics, 2601 Blair Stone Road, Tallahassee, Florida 32399-1047, Attention: Tammy Shaw, Senior Legal Assistant.** Respondent acknowledges that payment is enclosed with this agreement. The payment and execution of this agreement by Respondent are absolute conditions precedent to the Department's execution of this agreement.

8. Respondent affirms that the violations alleged in the Notice of Violation letter issued in case number 2019-035120 have been corrected.

9. The acceptance of this agreement constitutes disciplinary action within the meaning of Section 499.066, Florida Statutes and Rule 61N-1.024, Florida Administrative Code.

STANDARD PROVISIONS

10. It is expressly understood that a violation of the terms of this agreement shall be considered a violation of Chapter 499, Florida Statutes, for which disciplinary action may be taken.

11. The parties agree that this agreement will be incorporated into a final order that will be filed with the Department agency clerk and will be a public document. The final order will contain no material terms other than those in this agreement. **The final order shall operate to close case number 2019-035120. The final order shall be the final disposition in this proceeding and shall constitute final agency action with respect thereto.**

12. Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of, or to otherwise challenge or contest the validity of, this agreement and the final order in which this agreement is incorporated, provided the final order does not conflict with this agreement.

13. Respondent waives the right to seek any attorney's fees or costs from the Department in connection with this proceeding.

14. This agreement may be executed in any number of counterparts including, without limitation, telecopies and facsimile transmission copies, all of which together shall constitute a single document.

15. The parties agree that this agreement represents a fair, appropriate, and reasonable resolution to, and final disposition of, all disputes and matters made subject hereof.

16. The terms and provisions of this agreement are severable and, if any term or provision is declared or deemed void, invalid, illegal, or otherwise unenforceable, then all remaining terms and provisions shall remain in full force and effect.

17. It is expressly understood that this agreement is subject to approval of the Division of Drugs, Devices, and Cosmetics, and has no force or effect until the Division accepts

this agreement and adopts it in a final order.

Amatheon Animal Health, LLC
MI Discipline Narrative

On October 13, 2021, Michigan Department of Licensing and Regulatory Affairs (LARA) fined Amatheon for failure to timely report a change of location and facility manager change within the 30 days required by LARA. Amatheon subsequently timely paid the fine, which fully adjudicated and resolved the matter with LARA. To be clear, the fine was levied against the lapsed, inactive license at the previous location. Prior to the fine being issued, Michigan had already issued an unencumbered nonresident wholesale distributor license for the new location on October 28, 2020, which remains active and in good standing.

In the Matter of

AMATHEON ANIMAL HEALTH, LLC
License No. 53-06-006059,

File No. 53-20-001834

Respondent.

CONSENT ORDER

On November 10, 2020, the Department of Licensing and Regulatory Affairs executed an Administrative Complaint charging Respondent with violating the Public Health Code, MCL 333.1101 *et seq.*

The parties have stipulated that the Michigan Board of Pharmacy's Disciplinary Subcommittee (DSC) may enter this Consent Order and Stipulation. The DSC has reviewed this Consent Order and Stipulation and agrees that resolution of the Complaint best serves the public interest.

Therefore, IT IS FOUND that the facts alleged in the Complaint are true and constitute violations of MCL 333.17748(4) and MCL 333.17768(1) for both counts alleged in the Complaint.

Accordingly, IT IS ORDERED that for the cited violations of the Public Health Code:

Respondent is FINED $1,000.00 to be paid to the State of Michigan within 90 days of the effective date of this Order. Respondent shall **direct payment** to the **Department of Licensing and Regulatory Affairs, Enforcement Division, Compliance Section, P.O. Box 30189, Lansing, MI 48909**. The fine shall be paid by check or money order, made payable to the State of Michigan, and shall clearly display **File Number 53-20-001834**.

If Respondent violates any provision of this Order, the DSC may take disciplinary action pursuant to Mich Admin Code, R 338.1632 and MCL 333.16221(h).

This Order shall be effective thirty (30) days from the date signed by the Board, as set forth below.

MICHIGAN BOARD OF PHARMACY

Chairperson, Disciplinary Subcommittee

STIPULATION

1. Respondent does not contest the allegations of fact and law in the Complaint. Respondent understands that, by pleading no contest, Respondent does not admit the truth of the allegations but agrees the Disciplinary Subcommittee of the Michigan Board of Pharmacy may treat the allegations as true for the resolution of the Complaint and may enter an order finding Respondent violated MCL 333.17748(4) and MCL 333.17768(1) for both counts alleged in the Complaint.

2. Respondent understands and intends that by signing this Stipulation, Respondent is waiving the right, pursuant to the Public Health Code, the rules promulgated thereunder, and the Administrative Procedures Act, MCL 24.201 *et seq*, to require the Department to prove the charges set forth in the Complaint by presentation of evidence and legal authority, and Respondent is waving the right to appear with an attorney and such witnesses as Respondent may desire to present a defense to the charges.

3. This matter is a public record required to be published and made available to the public pursuant to the Michigan Freedom of Information Act, MCL 15.231 *et seq.*, and this action will be reported to the National Practitioner Data Bank and any other entity as required by state or federal law.

4. This Order is approved as to form and substance by Respondent and the Department and may be entered as the final order of the DSC in this matter.

5. Factors taken into consideration in the formation of this Order are:

   a. Respondent requested a settlement and explained the extenuating circumstances of a prolonged litigation resulting in Respondent company being split away from its parent company and there were many personnel changes during the process.

b. Respondent's owners admitted to failing to notify the Department of its change in location and its change in facility manager and stated the actions were unintentional and in no way were fraudulent.

c. Respondent's owners believe the failure to notify the Department only occurred due to the extenuating circumstances of litigation and subsequent personnel changes and do not foresee this oversight happening again. Moreover, to prevent any further unintentional failure on Respondent's part, Respondent implemented an entirely new operating procedure with internal safeguards that make non-compliance an impossibility in the future.

6. A Department representative may discuss this matter with the DSC and recommend acceptance of the resolution set forth in this Order.

7. This proposal is conditioned upon acceptance by the DSC. Respondent and the Department expressly reserve the right to further proceedings without prejudice should the Order be rejected.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 015215857

Application/License No. _____

CVS TN Distribution, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 10017 Kingston Pike, Knoxville, TN 37922 (Address of Applicant/Principal), as PRINCIPAL, and Liberty Mutual Insurance Company (Surety Company), a corporation organized under the laws of the state of Massachusetts (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 175 Berkeley Street, Boston, MA 02176 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on August 29, 2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 29th day of August, 20 23.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII - Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-infact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, of Liberty Mutual Insurance Company, The Ohio Casualty Insurance Company, and West American Insurance Company do hereby certify that this power of attorney executed by said Companies is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 29th day of August, 2023.

RE: Letter regarding Insurance Coverage

To Whom it May Concern:

DENTSPLY SIRONA Inc. (the "**Company**") maintains a robust global insurance coverage program for its facilities and operations located around the world. Specifically, the Company maintains Commercial General Liability Coverage totaling approximately $130 million USD. That total includes Primary coverage of $5 Million USD, as well as Umbrella and Excess Coverage Limits of $125 Million USD. This coverage extends to the Company's subsidiaries and affiliates. Please see the attached Certificate of Liability Insurance which (1) details the Primary, Umbrella, and Excess Coverage, and (2) lists the subsidiaries to which the insurance coverage applies.

The Company developed its global insurance coverage program with the help of leading third-party advisors, after an examination of the market and extensive benchmarking. The benchmarking focused on a peer group of seventeen (17) Healthcare, Manufacturing & Life Science entities and demonstrates that the Company carries higher Commercial General Liability coverage limits than both the median and mean of the peer group. Dentsply Sirona's excess limit is just slightly less than the third quarter. The Company's review and benchmarking ensure that its Commercial General Liability Coverage is reasonable and appropriate to protect the Company and to protect and respond to customers and consumers based upon the risk profile of its products.

Please see the attached document reflecting the Company's benchmarking and demonstrating the higher limits of the Company's Commercial General Liability Coverage compared to the peer group.

Additional information concerning the Company's risks and insurance coverage can be found in the Company's public announcements and filings, including its Form 10-K for the fiscal year ended December 31, 2022, filed on March 1, 2023, which can be found on the US Securities and Exchange Commission's EDGAR system at the following location:

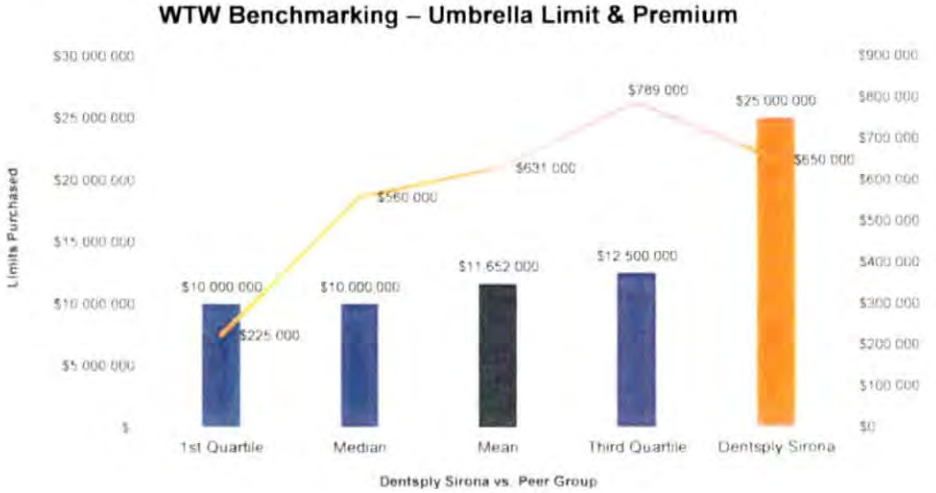
https://www.sec.gov/ix?doc=/Archives/edgar/data/818479/000081847923000017/xray-20221231.htm

Best Regards,

Dane Baumgardner

Vice President, Legal & Assistant Secretary

Umbrella / Excess Liability



Benchmarking

Dentsply Sirona

- Limit: $125M
- Umbrella Limit: $25M
- Umbrella Carrier: Allianz
- Premium: 650,000

Benchmark

- Peer Group: Healthcare, Manufacturing & Life Science
- Peer Group: 17 Clients
- Peer Group: 100+ Vehicles

Dentsply Sirona's umbrella limit is above the 3rd quartile. Very few carriers are willing to offer umbrella capacity of $25M since the market hardening. The norm has become $10M. The premium is higher than all but the third quartile. The reason is the limit is double all other metrics

Dentsply Sirona's excess limits of $125M is slightly less than the 3rd quartile.

These and other factors could cause results to differ materially from those expressed in the estimates and assumptions.

Item 1. Business

Overview

DENTSPLY SIRONA Inc. ("Dentsply Sirona" or the "Company") is the world's largest manufacturer of professional dental products and technologies, with a 136-year history of innovation and service to the dental industry and patients worldwide. Dentsply Sirona develops, manufactures, and markets comprehensive solutions including technologically-advanced dental equipment as well as dental and healthcare consumable products under a strong portfolio of world class brands. Dentsply Sirona's products provide innovative, high-quality and effective solutions to advance patient care and deliver better, safer and faster dentistry. The Company introduced the first dental electric drill over 131 years ago, the first dental X-ray unit approximately 100 years ago, the first dental computer-aided design/computer-aided manufacturing ("CAD/CAM") system approximately 30 years ago, and numerous other significant innovations including pioneering ultrasonic scaling to increase the speed, effectiveness and comfort of cleaning and revolutionizing both file and apex locater technology to make root canal procedures easier and safer. Dentsply Sirona continues to make significant investments in research and development ("R&D"), and its track record of innovative and profitable new products continues today. Dentsply Sirona's worldwide headquarters is located in Charlotte, North Carolina and its shares of common stock are listed in the United States on Nasdaq under the symbol XRAY.

The Company conducts its business through two reportable segments: (1) Technologies & Equipment ("T&E") and (2) Consumables. For the year ended December 31, 2022, T&E net revenues represented approximately 59.1% of worldwide net revenues, while Consumables net revenues represented the remaining 40.9% of worldwide net revenues.

The business is conducted in the United States of America ("U.S." or "United States"), as well as in over 150 foreign countries, principally through its foreign subsidiaries. Dentsply Sirona has a long-established presence in the European market, particularly in Germany, Sweden, France, the United Kingdom ("UK"), Switzerland and Italy. The Company also has a significant market presence in the Asia-Pacific region, Central and South America, the Middle-East region, and Canada.

Principal Products and Product Categories

The worldwide professional dental industry encompasses the diagnosis, treatment and prevention of disease and ailments of the teeth, gums and supporting bone. The Company offers a broad suite of products which together provide digital workflows for dental practitioners to make the highest use of technological advancements throughout each stage of patient care. Dentsply Sirona's principal product categories are dental technology and equipment products and dental consumable products. Additionally, the Company manufactures and sells healthcare consumable products for urological applications. As part of its technology and equipment solutions, the Company also offers an open, cloud-based platform for digital services. These products and solutions are produced by the Company globally and are distributed throughout the world under some of the most well-established brand names and trademarks in these industries, including but not limited to: AH PLUS, ANKYLOS, AQUASIL ULTRA, ARTICADENT, ASTRA TECH, ATLANTIS, AXANO, AXEOS, BYTE, CALIBRA CEMENTS, CAULK, CAVITRON, CELTRA, CERAMCO, CERCON, CEREC, CEREC MCX, CITANEST, CONFORM FIT, DAC, DELTON, DENTSPLY, DETREY, DS CORE, DYRACT, ESTHET.X, FRIOS, IMPLANT EV, INLAB, INTEGO, IPN, LOFRIC, LUCITONE, MAILLEFER, MIDWEST, MIS, MTM, NAVINA, NUPRO, OMNICAM, OMNITAPER EV, ORAQIX, ORIGO, ORTHOPHOS, OSSEOSPEED, OSSIX, PALODENT, PRIME & BOND, PROFILE, PRIMEMILL, PRIMEPRINT, PRIMESCAN, PRIMETAPER EV, PROGLIDER, PROTAPER ULTIMATE, RECIPROC, PUREVAC, SANI-TIP, SCHICK, SIDEXIS, SIMPLANT, SINIUS, SIROLASER, SIRONA, SLIMLINE, SMARTLITE PRO, SPECTRA ST, STYLUS, SULTAN, SUREFIL, SURESMILE, SYMBIOS, T1, T2, T3, T4, TENEO, THERMAFIL, TRIODENT, TRUBYTE, TRUNATOMY, VDW, VIPI, WAVEONE, WELLSPECT, XENO, XIVE, XYLOCAINE and ZHERMACK.

Technologies & Equipment Segment

Equipment & Instruments

The Equipment & Instruments product category consists of basic and high-tech dental equipment such as treatment centers, imaging equipment, motorized dental handpieces, and other instruments for dental practitioners and specialists. Imaging equipment serves as the starting point for the Company's digital workflow offerings and consists of a broad range of diagnostic imaging systems for 2D or 3D, panoramic, and intra-oral applications. Treatment centers comprise a broad range of products from basic dental chairs to sophisticated chair-based units with integrated diagnostic, hygiene and ergonomic functionalities, as well as specialist centers used in preventive treatment and for training purposes. This product group also includes other lab equipment such as amalgamators, mixing machines and porcelain furnaces.

Implants

The Implants product offering includes technology to support signature digital workflows for implant systems, a portfolio of innovative dental implant products, bone regenerative and restorative solutions, and educational programs, all of which provide dental professionals with a completely new way of practicing implantology. The Implants business is supported by key technologies including custom abutments, advanced tapered immediate load screws and regenerative bone growth factor.

CAD/CAM

Dental CAD/CAM technologies are products designed for dental offices to support numerous digital dental procedures including dental restorations. This product category includes a full-chairside economical restoration of esthetic ceramic dentistry offering called CEREC, as well as stand-alone CAD/CAM, digital impressions ("DI") intra-oral scanners, mills, and services. The full-chairside offering enables dentists to practice same day or single visit dentistry.

Orthodontics

The Company's Orthodontics product category primarily includes a dentist-directed aligner solution, SureSmile, and a direct-to-consumer aligner solution, Byte. The Orthodontics product category also includes a High Frequency Vibration ("HFV") technology device known as VPro or as HyperByte within Byte's product offering. The aligner offerings include software technology that enables aligner treatment planning and for SureSmile seamless connectivity of a digital workflow from diagnostics through treatment delivery.

Healthcare

This category consists mainly of urology catheters and other healthcare-related consumable products.

Consumables Segment

Dental consumable products consist of value-added dental supplies and small equipment used in dental offices for the treatment of patients. It also includes specialized treatment products used within the dental office and laboratory settings including products used in the preparation of dental appliances by dental laboratories.

Endodontic & Restorative Products

The Company's Endodontie & Restorative products frequently work together to provide a tandem solution in high-tech dental procedures. The Endodontic products include drills, filers, sealers, irrigation needles and other tools or single-use solutions which support root canal procedures. Restorative products include dental prosthetics, such as artificial teeth, dental ceramics, digital dentures, precious metal dental alloys, and crown and bridge porcelain products.

Other Consumables

The remaining consumables products include small equipment products such as intraoral curing light systems, dental diagnostic systems and ultrasonic scalers and polishers, as well as other dental supplies including dental anesthetics, prophylaxis paste, dental sealants, impression materials, teeth whiteners and topical fluoride.

Net sales for each product category as a percentage of the Company's total net sales for the year ended December 31, 2022, were as follows:

	% of Net Sales
Equipment & Instruments	17.3 %
Implants	14.5 %
CAD/CAM	12.8 %
Orthodontics	7.6 %
Healthcare	6.9 %
Technology & Equipment segment revenue	59.1 %
Endodontic & Restorative	29.8 %
Other consumables	11.1 %
Consumables segment revenue	40.9 %
Total net sales	100.0 %

Dental Industry, Sales and Distribution

The Company believes that the dental industry is attractive and will grow over the long-term based on the following factors:

- Increasing worldwide population, including a shift towards aging demographics, which will require greater dental care.
- Natural teeth are being retained longer - individuals with natural teeth are much more likely to visit a dentist than those without any natural teeth.
- Increasing demand for aesthetic dentistry and the use of aligners as an orthodontic treatment.
- Continued opportunities in emerging markets related to the rise in discretionary incomes making dental services an increasing priority.
- Increasing demand for single visit dentistry versus historical multi-visit procedure requirements, and for higher quality of patient care in terms of comfort and ease of product use and handling.
- Increasing demand for earlier preventive care - dentistry has evolved from a profession primarily dealing with pain, infections, and tooth decay to one with increased emphasis on earlier diagnosis, preventive care, and the role oral health plays in overall health.

- Increasing opportunity for digital collaboration between General Practitioners ("GPs"), specialists, labs, and patients is creating widening demand for fully integrated solutions such as cloud-based platforms and services facilitated by GPs.
- Increasing demand for more efficiency and better workflow in the dental office, including digital tools such as the enhanced power of diagnostic equipment through 3D imaging. The rapid pace of digital technology adoption including the digitization of clinical workflows is becoming a category standard versus traditional manual processes.

The Company is able to navigate macroeconomic challenges and is well positioned to execute on its strategy of enabling dentists to have superior integrated workflows through its robust market offerings in all key areas of dental procedures (implants, endodontic, restorative and aligners) as well as digital infrastructure (CAD/CAM and imaging) utilized in dental practices around the globe.

As of December 31, 2022, Dentsply Sirona employed approximately 5,000 highly-trained, sales and technical staff specialized in each of our various products and solutions to provide comprehensive marketing, sales, and technical support services to meet the needs of our distributors, dealers and end-users.

Sales and Distribution

Dentsply Sirona distributes approximately two-thirds of its dental consumable and technology and equipment products through third-party distributors. Certain highly technical products such as dental technology equipment, dental ceramics, crown and bridge porcelain products, endodontic instruments and materials, orthodontic aligners and appliances, and dental implants are often sold directly to the dental laboratory or dental professionals in some markets. Additionally, the Company's Byte business produces aligners which are sold direct to consumers under doctor-directed, personalized treatment plans.

For the year ended December 31, 2021, no customer accounted for 10% or more of consolidated net sales or consolidated accounts receivable balance. Customers that accounted for 10% or more of net sales and accounts receivable for the years ended December 31, 2022 and 2020 were as follows:

	2022		2020	
	% of net sales	% of accounts receivable	% of net sales	% of accounts receivable
Henry Schein, Inc.	11 %	15 %	14 %	N/A
Patterson Companies, Inc.	N/A	12 %	10 %	18 %

Although a significant portion of the Company's sales are made to distributors, dealers and importers, Dentsply Sirona focuses much of its marketing efforts on the dentists, dental hygienists, dental assistants, dental laboratories and dental schools which are the end-users of its products. As part of this end-user "pull through" marketing approach, the Company conducts extensive distributor, dealer and end-user marketing programs. Additionally, the Company trains laboratory technicians, dental hygienists, dental assistants and dentists in the proper use of its products and introduces them to the latest technological developments at its educational courses conducted throughout the world. The Company also maintains ongoing consulting and educational relationships with various dental associations and recognized worldwide opinion leaders in the dental field.

Operating Principles

The Company's focus includes the creation of more meaningful solutions for dentists built around the following five key operating principles:

- *Approach customers as one:* Put the customer at the center of how Dentsply Sirona is organized. The Company has an integrated approach to customer service, direct and indirect selling, and clinical education to strengthen the relationship with the customer and better serve the customers' needs.
- *Create innovative solutions that customers love to use:* A comprehensive R&D program that prioritizes strategic spending building the next generation of digital workflow technologies and service offerings, resulting in more impactful innovations each year.
- *Think and act with positive intent and the highest integrity:* Execute the business in a way that empowers our people, respects the communities in which we do business, and establishes trust with our partners and stakeholders.

- *Operate sustainably in everything we do:* Take a thoughtful, proactive approach to creating a sustainable company through investments in our employees, customers, and the environment.
- *Use size and global breadth to our advantage:* The Company is focused on integrating its dental product portfolios to unlock operational efficiencies, including performance improvements in procurement, logistics, manufacturing, sales force and marketing programs; and at the same time simplifying the business on a worldwide scale. In combination, these initiatives will improve organizational efficiency and better leverage the Company's selling, general and administrative infrastructure.

Product Development

While the Company enjoys market leadership in several of its product categories, continuous innovation and product development are critical for it to continue to grow its share in markets it serves. Many of Dentsply Sirona's existing products are undergoing brand extensions, and the Company also continues to focus efforts on successfully launching innovative products that have a more significant impact on bow dental and clinical professionals treat their patients. In particular, the Company has continued to prioritize investments supporting digitally enhanced workflows through each stage of patient care, including imaging and scanning technologies used in diagnosis, treatment planning software, and customized products to deliver treatment. During 2022, the Company unveiled its cloud solution DS Core, an open platform developed in collaboration with Google Cloud that integrates digital dentistry workflows across its devices, services, and technologies. The DS Core digital platform is designed to enable more precise and simplified cloud storage, optimize diagnostic capabilities, and streamline existing workflows and collaboration with laboratory partners and specialists. Through R&D investments, the Company has accelerated a number of other new product developments during the year which enhance the digital dentistry offering for both equipment and consumables products. Innovations include the Company's Primeprint Solution to provide medical-grade 3D printing, Primescan Connect which offers a laptop-based version of Primescan, the SmartLite Pro EndoActivator which serves as a new irrigation solution for root canal procedures, and the Axano treatment center combining smart design with efficient workflows. During the year, the Company also introduced its premium EV Implants System for providing implants that are harmonized, simplified and digitally enabled, as well as its enhanced orthodontic offering SureSmile Solutions that includes the addition of a whitening kit, retainers, and the VPro orthodontic device which uses high-frequency vibration to reduce discomfort in aligner treatment.

During 2021, product launches included software upgrades for CEREC and SureSmile introduction of PrimeTaper, a self-tapping implant with a tapered design; and ProTaper Ultimate, the next generation of endodontic files. The Company also acquired key supporting technologies in OSSIX bone regenerative collagen through the purchase of Datum Dental, and the new VPro aligner treatment devices through the acquisition of substantially all of the assets of Propel Orthodontics LLC ("Propel"). During 2020, the Company introduced Axeos, a new digital imaging product with a 3D wide field of view and Primemill, a time saving grinding and milling restoration machine. New products introduced within the past three years accounted for approximately 14% of 2022 sales.

R&D investments include activities to accelerate product and clinical innovation and discipline, and develop potential improvements to the manufacturing process. These investments also support engineering efforts that incorporate customer feedback into continuous improvement for current and next-generation products, with an objective to achieve more frequent development and release cycles. The Company also undertakes pre-commercialization trials and testing of technological improvements prior to inception of the manufacturing process. As is true across its other functions, the Company is continually transforming how R&D is conducted by identifying best practices, driving efficiencies, and optimizing cost structure to enable a more effective development process with a strategic focus on innovation process discipline. We are also looking to increasingly utilize an enterprise approach to funding that employs a returns-based mindset and allocates R&D spend towards those areas with the highest return.

In addition to internal product development, the Company also pursues external R&D opportunities, including acquisitions, licensing, or other arrangements with third parties. Initiatives to support technological development also include collaborations with research institutions and dental and medical schools. The Company annually supports the achievements of dental students conducting innovative research through its *Student Competition for Advancing Dental Research and its Application Awards* program. The Company is also committed to participation in clinical research demonstrating the efficacy of our products prior to market introduction, and in supporting the clinical education and technical training of dental professionals. Dentsply Sirona has 55 academies and education centers that are home to state-of-the-art training facilities for dental professionals who seek a comprehensive variety of clinical and technical continuing education curriculum. The academies offering hands-on teaching, live lectures, and on-demand webinars and courses which are taught by a diverse range of internationally known experts in all fields of dentistry. The Company provides over 7,000 training courses through our DS Academy annually, with approximately 300,000 dental professionals participating.

Through our internal research centers as well as through our collaborations with external research institutions, dental and medical schools, the Company directly invests in the development of new products, improvement of existing products and advances in technology. These investments include an emphasis on research in digital data sharing technology, including the incorporation of long-term artificial intelligence and machine learning. The continued development of these areas is a critical step in meeting the Company's strategic goal as a leader in defining the future of dentistry. The Company's long-term plans for investment in product development include an objective to maintain a level of R&D spend that is at least 4% of annual net sales with a focus on innovation and expansion of digital, software, services, and other platform offerings.

Acquisition Activities

Dentsply Sirona believes that the dental technology and consumable products industries continue to experience consolidation with respect to both product manufacturing and distribution, although they remain fragmented thereby creating a number of acquisition opportunities.

The Company views acquisitions as a key part of its long-term growth strategy. These acquisition activities are intended to supplement the Company's organic growth and assure ongoing expansion of its business to capitalize on significant growth drivers, including new technologies, additional products, organizational strength and geographic breadth. During the first quarter of the year ended December 31, 2021, the Company purchased Datum Dental, Ltd., a producer and distributor of specialized regenerative dental material based in Israel, which provided the Company with a key technology to serve the implants markets. The Company followed in the second quarter of the year ended December 31, 2021 with the purchase of substantially all of the assets of Propel, a U.S. based company which manufactures and sells orthodontic devices and provides in-office and at-home orthodontic accessory devices, this investment is expected to further accelerate the growth and profitability of the Company's combined aligners business. In the third quarter of the year ended December 31, 2021, the Company completed its acquisition of a partially owned affiliate based in Switzerland that primarily develops highly specialized software, whicb is expected to further accelerate the development of the Company's specialized software related to CAD/CAM systems. During the year ended December 31, 2020, the Company made various investments, including the acquisition of Byte, a direct-to-consumer aligners business, which complements the Company's existing aligner product by adding a digital component and is expected to enhance scale and accelerate the growth of the Company's combined aligners business going forward. This acquisition was representative of the Company's strategy of matching technological advancement in digital dentistry with innovative marketing and delivery in order to reach areas of high-growth potential for customer demand. For more information regarding the Company's acquisition activity, refer to Note 6, Business Combinations, in the Notes to the Consolidated Financial Statements in Part II, Item 8 of this Form 10-K.

Operating and Technical Expertise

Dentsply Sirona believes that its manufacturing capabilities are important to its success. The manufacturing processes of the Company's products require substantial and varied technical expertise. Complex materials technology and processes are necessary to manufacture the Company's products. Where the Company can improve quality and customer service and lower costs, we endeavor to automate our global manufacturing operations.

Financing

Information about Dentsply Sirona's working capital, liquidity and capital resources is provided in Part II, Item 7 "Management's Discussion and Analysis of Financial Condition and Results of Operations" of this Form 10-K.

Competition

The Company conducts its operations, both domestic and foreign, under highly competitive market conditions. Competition in the dental and healthcare consumable products and dental technology and equipment products industries is based primarily upon product performance, quality, safety and ease of use, as well as price, customer service, innovation and acceptance by clinicians, technicians and patients. Dentsply Sirona believes that its principal strengths include its well-established brand names, its reputation for high quality and innovative products, its leadership in product development and manufacturing, its global sales force, the breadth of its product line and distribution network, its commitment to customer satisfaction and support of the Company's products by dental and medical professionals.

The size and number of the Company's competitors vary by product line and from region to region. There are many companies that produce some, but no competitor produces all of the same types of products as those produced by the Company.

Regulation

The development, manufacture, sale and distribution of the Company's products are subject to comprehensive governmental regulation both within and outside the U.S. The following sections describe certain, but not all, of the significant regulations that apply to the Company. For a description of the risks related to the regulations that the Company is subject to, please refer to Item 1A. "Risk Factors" of this Form 10-K.

The majority of the Company's products are classified as medical devices and are subject to restrictions under domestic and foreign laws, rules, regulations, self-regulatory codes, circulars and orders, including, but not limited to, the U.S. Food, Drug, and Cosmetic Act (the "FDCA"), Council Directive 93/42/EEC on Medical Devices ("MDD") (1993) in the European Union ("EU"), which will be updated to the EU Medical Device Regulation ("MDR") in 2021 (and implementing and local measures adopted thereunder) and similar international laws and regulations. The FDCA requires these products, when sold in the U.S., to be safe and effective for their intended use and to comply with the regulations administered by the U.S. Food and Drug Administration ("FDA"). Certain medical device products are also regulated by comparable agencies in non-U.S. countries in which they are produced or sold.

Dental and medical devices sold by the Company in the U.S. are generally classified by the FDA into a category that renders them subject to the same controls that apply to all medical devices, including regulations regarding alteration, misbranding, notification, record-keeping and good manufacturing practices. In the EU, the Company's products are subject to the medical device laws of the various member states, which are based on a Directive of the European Commission. Such laws generally regulate the safety of the products in a similar way to the FDA regulations. The Company products in Europe bear the CE mark showing that such products comply with European regulations. The Company's products classified by EU MDD were mandated to be certified under the new MDR. These regulations also applied to all medical device manufacturers who market their medical devices in the EU and all such manufacturers had to perform significant upgrades to quality systems and processes including technical documentation and subject them to new certification under EU MDR in order to continue to sell those products in the EU. Although all medical device manufacturers were required to certify their Class I (as defined in the EU MDR regulations) products by May 2021, the EU MDR regulations for additional Classes of medical devices is mandated to be fully enforceable by May 2024. This also includes completion of certified quality management systems to manufacturers quality management systems. The Company remains focused on ensuring that all its products that are considered to be medical devices will be fully certified as required by the EU MDR dates and timelines.

Recently, the Chinese government launched a national program for volume-based, centralized medical device and consumables procurement with minimum quantity commitments in an attempt to negotiate lower prices from drug manufacturers and reduce the price of medical devices and other products. Under the program, the government will award contracts to the lowest bidders who are able to satisfy the quality and quantity requirements. The successful bidders will be guaranteed a sale volume for at least a year, giving the winner an opportunity to gain or increase market share. The volume guarantee is intended to make manufacturers more willing to cut their prices in order to win a bid and may also enable successful bidders to lower their distribution and commercial costs. Many types of drugs are covered under the program, including drugs made by international pharmaceutical companies and generics made by domestic Chinese manufacturers. The program, which is anticipated to take effect in the first half of 2023, could in the future result in reduced margins on covered devices and products, required renegotiation of distributor arrangements, and incurrence of inventory-related charges. The Company currently expects that sales of our Implants products in China will be negatively affected by price reductions.

The Company is also subject to domestic and foreign laws, rules, regulations, self-regulatory codes, circulars and orders regarding anti-bribery and anti-corruption, including, but not limited to, the U.S. Foreign Corrupt Practices Act ("FCPA"), the U.S. Federal Anti-Kickback Statute ("AKS"), the UK's Bribery Act 2010 (c.23), Brazil's Clean Company Act 2014 (Law No. 12,846) China's National Health and Family Planning Commission ("NHFPC") circulars No. 40 and No. 50, and similar international laws and regulations. The FCPA and similar anti-bribery and anti-corruption laws applicable in non-U.S. jurisdictions generally prohibit companies and their intermediaries from improperly offering or paying anything of value to foreign government officials for the purpose of obtaining or retaining business. Some of the Company's customer relationships are with governmental entities and therefore may be subject to such anti-bribery laws. The AKS and similar fraud and abuse laws applicable in non-U.S. jurisdictions prohibit persons from knowingly and willfully soliciting, offering, receiving or providing remuneration, directly or indirectly, in exchange for or to induce either the referral of an individual, or the furnishing or arranging for a good or service, for which payment may be made under a health care program, such as, in the U.S., Medicare or Medicaid.

The Company's production and sale of products is further subject to regulations concerning the supply of conflict minerals, various environmental regulations such as the Federal Water Pollution Control Act (the "Clean Water Act") and others enforced by the Environmental Protection Agency ("EPA") or equivalent state agencies, and the Patient Protection and Affordable Care Act as amended by the Health Care and Education Reconciliation Act (the "Health Care Reform Law"). In the sale, delivery and servicing of the Company's products to other countries, it must also comply with various domestic and foreign export control and trade embargo laws and regulations, including those administered by the Department of Treasury's Office of Foreign Assets Control ("OFAC"), the Department of Commerce's Bureau of Industry and Security ("BIS") and similar international governmental agencies, which may require licenses or other authorizations for transactions relating to certain countries and/or with certain individuals identified by the respective government. Despite the Company's internal compliance program, policies and procedures may not always protect it from reckless or criminal acts committed by its employees or agents. Violations of these requirements are punishable by criminal or civil sanctions, including substantial fines and imprisonment. Due in part to its direct-to-consumer model, the Company's Byte aligner business in the U.S. is subject to various state laws, rules and policies which govern the practice of dentistry within such state. Byte contracts with an expansive nationwide network of independent licensed dentists and orthodontists for the provision of clinical services, including the oversight and control of each customer's clinical treatment in order to comply with these regulations and ensure that the business does not violate rules pertaining to the corporate practice of dentistry.

The Company is subject to domestic and foreign laws, rules, regulations, self-regulatory codes, circulars and orders governing data privacy and transparency, including, but not limited to, the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") as amended by the Health Information Technology for Economic and Clinical Health Act of 2009 (the "HITECH Act"), the California Consumer Privacy Act, the European General Data Protection Regulation (the "GDPR"), China's Personal Information Protection Law, the Physician Payments Sunshine Provisions of the Patient Protection and Affordable Care Act, the EU Directive 2002/58/EC (and implementing and local measures adopted thereunder), France's Data Protection Act of 1978 (rev. 2004) and France's Loi Bertrand, certain rules issued by Denmark's Health and Medicines Authority, and similar international laws and regulations. HIPAA, as amended by the HITECH Act, the GDPR and similar data-privacy laws applicable in non-U.S. jurisdictions, restrict the use and disclosure of personal health information, mandate the adoption of standards relating to the privacy and security of individually identifiable health information and require us to report certain breaches of unsecured, individually identifiable health information. The Physician Payments Sunshine Provisions of the Patient Protection and Affordable Care Act require the Company to record all transfers of value to physicians and teaching hospitals and to report this data to the Centers for Medicare and Medicaid Services for public disclosure. Similar reporting requirements have also been enacted in several states, and an increasing number of countries worldwide either have adopted or are considering similar laws requiring transparency of interactions with health care professionals.

The Company believes it is in substantial compliance with the laws and regulations that regulate its business. There are, however, significant uncertainties involving the application of various legal requirements, the violation of which could result in, among other things, sanctions. See Item 1A, "Risk Factors" of this Form 10-K for additional detail.

Sources and Supply of Raw Materials and Finished Goods

The Company manufactures the majority of the products that it sells. The Company sources the necessary raw materials from various suppliers, and no single supplier accounts for more than 10% of our supply requirements.

Intellectual Property

Products manufactured by Dentsply Sirona are sold primarily under its own tradenames and trademarks. Dentsply Sirona also owns and maintains more than 5,000 patents throughout the world and has also licensed a number of patents owned by others.

Our policy is to protect its products and technology through patents and trademark registrations both in the U.S. and in significant international markets. The Company monitors trademark use worldwide and promotes enforcement of its patents and trademarks in a manner that is designed to balance the cost of such protection against obtaining the greatest value for the Company. Dentsply Sirona believes its patents and trademark properties are important and contribute to the Company's marketing position but it does not consider its overall business to be materially dependent upon any individual patent or trademark. Additional information regarding certain risks related to our intellectual property is included in Item 1A "Risk Factors" of this Form 10-K and is incorporated herein by reference.

Human Capital

Our employees are core to our Company, and their contributions enable the success of our business. As of December 31, 2022, our organization and its subsidiaries employed over 15,000 employees across the globe. Of these employees, approximately 3,600 were employed in the U.S. Some employees outside of the U.S. and particularly in Europe are covered by collective bargaining, union contracts, worker councils or other similar programs. Our talent strategy prioritizes attracting, engaging, developing, and retaining talent to support our business strategy. We strive to foster a diverse and inclusive environment where every employee can grow and perform at their best.

Attract, Engage, Develop & Retain

In 2022, we continued to evolve our talent strategy to support business priorities. We continued deployment of our Emerging Talent program focused on attracting early-career employees through strategic partnerships with Historically Black Colleges and Universities and local trade schools. The comprehensive program provides rotational assignments, on-the-job experiences, networking events, development sessions and executive interactions. We offer global learning and development opportunities including a partnership with LinkedIn Learning which offers thousands of on-demand learning modules in multiple languages and our custom leadership development framework to assess, develop and coach leaders at multiple levels. Our robust set of tools for goal setting and development planning is designed to support future-focused growth including our employee-led career mapping and global mentor matching programs. We also offer regular performance feedback, development planning and talent review processes in an automated format for our professional employees.

To keep employees connected, engaged and informed, we continued to hold virtual town halls and live video chats. These events provide multiple opportunities for our global workforce to submit questions to our executive leadership team. Employee feedback is an important element of our culture. We launch global engagement surveys at least every 18 months and strategically deploy pulse and lifecycle surveys throughout the year. We leverage insights from these surveys to drive actions that improve the employee experience, supporting talent attraction, engagement, and retention.

Compensation and Benefits

As part of the our total rewards philosophy, we offer competitive compensation and benefit programs designed to attract and retain top talent. We are committed to providing and administering these programs in a way that treats our employees at all levels fairly and equitably. Our total rewards offerings vary by country and include an array of programs that support our employees' financial, physical, and mental well-being, including annual performance incentive opportunities, pension and retirement savings programs, health and welfare benefits, paid time off (including for charitable actions), leave programs, flexible work schedules and employee assistance programs.

Diversity, Equity & Inclusion

Diversity in our organization is a source of great strength. We provide opportunities for all employees to bring their perspective, experience, and lens to the workplace. Our commitment to a diverse workforce helps us create robust solutions to our customers' challenges and drive innovation. We strive to foster an environment in which our teams feel inspired and empowered to do their best work and bring new ideas to the table. We have a Diversity, Equity & Inclusion strategy focused on embedding diversity, equity & inclusion into our culture.

As part of our sustainability program, BEYOND-Taking Action for a Brighter World, we are striving to achieve global gender pay equity and global gender parity by 2025. We are members of the Paradigm for Parity cross-sector diversity commitment – a coalition of more than 130 CEOs, executives, board members, founders and experts dedicated to providing women and men equal opportunity and power and achieving gender parity by 2030.

Diversity, Equity & Inclusion Council

Our Diversity, Equity & Inclusion Council is a group of demographically and functionally diverse employees from across the world dedicated to enabling our diversity, equity & inclusion efforts and championing initiatives that support the organization internally and externally. A top priority of the Diversity, Equity & Inclusion Council is to equip leaders to discuss and be accountable for driving sustained diversity, equity, and inclusion progress.

Employee Resource Groups

The purpose of our employee resource groups is to foster a diverse, equitable, and inclusive environment enabling employees to bring their best to work as they participate in successfully executing our strategy. As of December 31, 2022, our employees have led the successful establishment of seven employee resource groups consisting of approximately 2,000 members from across the globe. Our employee resource groups focus on developing talent, increasing employee engagement, and creating awareness through allyship. We consistently recognize high participation in employee resource group-led events.

Training and Awareness

We offer a catalog of on-demand diversity, equity & inclusion training options aimed at strengthening awareness. A standout offering is our ongoing "Conversations of Understanding" sessions. Employees are invited to register for these small group discussions where internal volunteers share experiences on varying diversity, equity, & inclusion topics to generate healthy discussion and awareness.

Talent Acquisition

Our organization has talent sourcing guidelines requiring diverse and internal candidate interview slates for Director-level and above roles. To increase internal mobility, we offer career development options and utilize our talent review processes to highlight diverse talent. We educate our hiring managers on inclusive hiring practices.

Measuring Progress

Our executive leadership team regularly monitors and actions on diversity metrics, including attraction, engagement, advancement, and retention of diverse talent. We actively partner with an external consultancy to identify available talent pools in all our geographic markets and establish benchmarks for diverse representation across function, geography and level. All executive leaders create annual action plans and progress is reviewed quarterly.

Employee Health & Safety Matters

The health and safety of our employees are of utmost importance to us. We have a dedicated Employee Health & Safety ("EHS") program that provides global processes and trainings and monitors our progress against set goals. Our actions are in line with EHS frameworks and certifications such as OHSAS 18001 and ISO 45001. We also have a Corporate Crisis Management Team, prepared to respond to crisis situations we may be confronted on a global scale with in a prompt and efficient manner.

Other Factors Affecting the Business

The Company's business is subject to quarterly fluctuations in demand due to price changes, marketing and promotional programs, management of inventory levels by distributors, and implementation of strategic initiatives which may impact sales levels in any given period. Demand can also fluctuate based on the timing of dental tradeshows where promotions are offered, major new product introductions, and variability in dental patient traffic, which can be exacerbated by seasonal or severe weather patterns, or other demographic disruptions such as the recent COVID-19 pandemic. Some dental practices in certain countries may also delay purchasing equipment and restocking consumables until year-end due to tax planning which can impact the timing of our consolidated net sales, net income and cash flows. Sales for the industry and the Company are generally strongest in the second and fourth quarters and weaker in the first and third quarters, due to the effects of the items noted above and due to the impact of holidays and vacations, particularly throughout Europe.

Although the backlog on products is generally not material to the financial statements due in part to the Company's efforts to maintain short lead times within its manufacturing, levels can fluctuate and affect sales in certain periods due to supply chain disruption and unavailability of required inputs.

Securities Exchange Act Reports

The SEC maintains a website that contains reports, proxy and information statements, and other information regarding issuers, including the Company, that file electronically with the SEC. The public can obtain any documents that the Company files with the SEC at http://www.sec.gov. The Company files annual reports, quarterly reports, proxy statements and other documents with the SEC under the Securities Exchange Act of 1934, as amended ("Exchange Act").

Dentsply Sirona also makes available free of charge through the investor section of its website at www.dentsplysirona.com its annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to these reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act as soon as reasonably practicable after such materials are filed with or furnished to the SEC. The information contained on, or that may be accessed through, the Company's website is not incorporated by reference into, and is not a part of, this report.

Forward-Looking Statements and Associated Risks

All statements in this Form 10-K that do not directly and exclusively relate to historical facts constitute "forward-looking statements." These statements represent current expectations and beliefs, and no assurance can be given that the results described in such statements will be achieved. Such statements are subject to numerous assumptions, risks, uncertainties and other factors that could cause actual results to differ materially from those described in such statements, many of which are outside of our control. No assurance can be given that any expectation, belief, goal or plan set forth in any forward-looking statement can or will be achieved, and readers are cautioned not to place undue reliance on such statements which speak only as of the date they are made. We do not undertake any obligation to update or release any revisions to any forward-looking statement or to report any events or circumstances after the date of this Form 10-K or to reflect the occurrence of unanticipated events.

You should carefully consider these and other relevant factors, including those risk factors in Item 1A, "Risk Factors" of this Form 10-K and any other information included or incorporated by reference in this report, and information which may be contained in the Company's other filings with the SEC, when reviewing any forward-looking statement. Investors should understand it is impossible to predict or identify all such factors or risks. As such, you should not consider either the foregoing lists, or the risks identified in the Company's SEC filings, to be a complete discussion of all potential risks or uncertainties associated with an investment in the Company.

Item 1A. Risk Factors

Summary

The following is a summary of the significant risk factors that could materially impact our business, financial condition or future results, including risks related to our businesses, our international operations, our regulatory environments, ownership of our common stock, COVID-19, and other general risks:

- Management identified material weaknesses in our internal control over financial reporting that resulted in errors in previously issued financial statements. If we fail to remediate these material weaknesses or experiences additional material weaknesses in the future, we may be unable to accurately and timely report financial results or comply with the requirements of being a public company, which could cause the price of our common stock to decline and harm our business.
- We restated certain of our previously issued consolidated financial statements, which resulted in unanticipated costs and may affect investor confidence and raise reputational issues.
- We may be subject to litigation and regulatory examinations, investigations, proceedings or court orders as a result of or relating to our internal investigation and if any of these items are resolved adversely against us, it could harm our business, financial condition and results of operations.
- Our failure to timely file our periodic reports with the SEC limits our access to the public markets to raise debt or equity capital, and restricts our ability to issue equity securities.
- Lack of global standardized processes, centralization of transaction management and/or execution could result in control deficiencies and impact management's assertions and financial reporting.
- We rely heavily on information and technology to operate both our businesses and our technology dependent product solutions portfolios, and any continued cyber incidents with respect to our supporting information and technology infrastructure, whether by deliberate attacks or unintentional events, could harm our operations.
- Privacy concerns and laws, evolving regulation of cross-border data transfer restrictions and other regulations may adversely affect our business.
- We may be unable to develop innovative products and solutions or stimulate customer demand.
- Our ongoing business operations may be disrupted for a significant period of time, resulting in material operating costs and financial losses.
- We may be unable to execute key strategic initiatives due to competing priorities and strategies of our distribution partners and other factors, which may result in financial losses and operational inefficiencies.
- The success of our business depends in part on achieving our strategic objectives, including through acquisitions, dispositions, and strategic investments and initiatives.
- We may fail to realize the expected benefits of our strategic initiatives, including announced or potential future restructuring and transformation efforts.
- We have recognized substantial goodwill and indefinite-lived intangible asset impairment charges, most recently in Q3 and Q4 2022, and may be required to recognize additional goodwill and indefinite-lived intangible asset impairment charges in the future.
- Our failure to obtain patents and, consequently, to protect our proprietary technology could have an adverse impact on our competitive position.
- Our profitability could suffer if third parties infringe upon our intellectual property rights or if our products are found to infringe upon the intellectual property rights of others.
- Changes in our credit ratings or macroeconomic impacts on credit markets may increase our cost of capital and limit financing options.
- A breach of the covenants under our debt instruments outstanding from time to time could result in an event of default under the applicable agreement.
- We may not be able to repay our outstanding debt in the event that we do not generate sufficient cash flow to service our debts and cross default provisions may be triggered due to a breach of covenants under our existing indebtedness.
- Our foreign currency hedging and cash management transactions may be ineffective or only partially mitigate the impact, exposing us to unexpected interest rate volatility.
- Due to the international nature of our business, including increasing exposure to markets outside of the U.S., political or economic changes or other factors could harm our business and financial performance.
- Due to our international operations, we are exposed to the risk of changes in foreign exchange rates.
- Changes in or interpretations of tax rules, operating structures, transfer pricing regulations, country profitability mix and regulations may adversely affect our effective tax rate.
- We may be unable to obtain necessary product approvals and marketing clearances.
- Inadequate levels of reimbursement from governmental or other third-party payers for procedures using our products may cause our revenue to decline.

- Challenges may be asserted against our products due to real or perceived quality, health or environmental issues.
- If we fail to comply with laws and regulations relating to health care fraud, we could suffer penalties or be required to make significant changes to our operations, which could adversely affect our business.
- Our business is subject to extensive, complex and changing domestic and foreign laws, rules, regulations, self-regulatory codes, directives, circulars and orders that failure to comply with which, if not complied with, could subject us to civil or criminal penalties or other liabilities.
- Our quarterly operating results and market price for our common stock may continue to be volatile.
- Certain provisions in our governing documents, and of Delaware law, may make it more difficult for a third party to acquire us.
- Our revenue, results of operations, cash flow, and liquidity may be materially adversely impacted by the ongoing COVID-19 outbreak.
- Our business may be adversely affected by changes in global economic conditions, including inflation, rising interest rates, and supply chain shortages.
- The loss of members of our senior management and the resulting management transition might have an adverse impact on our future operating results.
- Talent gaps and failure to manage and retain top talent may impact our ability to grow the business.
- We face the inherent risk of litigation and claims.
- Climate change and related natural disasters could negatively impact our business and financial results.
- Expectations relating to environmental, social and governance considerations may expose us to potential liabilities, increased costs, reputational harm, and other adverse effects on our business.

Below is a full description of each of such significant risk factors.

RISKS RELATED TO OUR RESTATEMENT AND INTERNAL CONTROLS

Management identified material weaknesses in our internal control over financial reporting that resulted in errors in previously issued financial statements. If we fail to remediate these material weaknesses or experiences additional material weaknesses in the future, we may be unable to accurately and timely report financial results or comply with the requirements of being a public company, which could cause the price of our common stock to decline and harm our business.

Management identified material weaknesses in internal controls over financial reporting in conjunction with the Audit and Finance Committee's investigation as described in the Explanatory Note of Amendment No. 1 to the Annual Report on Form 10-K for the fiscal year ended December 31, 2021 (the "2021 Form 10-K/A"). The description of the material weaknesses that were determined to exist as of December 31, 2021 is included under Item 8 of this Form 10-K. Management began implementing the remediation efforts in 2022; however, as of December 31, 2022, the material weaknesses previously identified have not yet been remediated.

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of our annual or interim financial statements will not be prevented or detected in a timely basis.

While we are devoting substantial resources to the planning and ongoing implementation of remediation efforts to address the identified material weaknesses and prevent additional material weaknesses from occurring, it cannot be assured that the measures we have taken to date, and are continuing to implement, will be sufficient to remediate these material weaknesses or to avoid potential future material weaknesses. We cannot estimate how long the remediation process will take at this time, and may identify deficiencies or other material weaknesses, in addition to the ones already identified, that we may not be able to remediate in a timely manner. Accordingly, there is a reasonable possibility that the material weaknesses identified, or other material weaknesses or deficiencies identified in the future, could result in a misstatement of accounts or disclosures that would result in a material misstatement of our financial statements that would not be prevented or detected on a timely basis or cause us to fail to meet our obligations under securities laws, stock exchange listing rules, or debt instrument covenants to file periodic financial reports on a timely basis.

Further, because of its inherent limitations, including the possibility of human error, the circumvention or overriding of controls, or fraud, even our remediated and effective internal control over financial reporting may not prevent or detect all misstatements and may not provide reasonable assurances with respect to the preparation and presentation of financial statements. In addition, projections of any evaluation of effectiveness of internal control over financial reporting to future periods are subject to the risk that the control may become either obsolete or inadequate as a result of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

The following discussion and analysis should be read together with our consolidated financial statements and the notes to those statements included elsewhere in this Annual Report on Form 10-K. This Annual Report on Form 10-K contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act, that are based on our management's beliefs and assumptions and on information currently available to our management. In this Annual Report on Form 10-K, "we," "us" and "our" refer to RxSight, Inc.

The forward-looking statements are contained principally in the section entitled "Risk Factors" in Part I, Item 1A of this Annual Report on Form 10-K and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Part II, Item 7 of this Annual Report on Form 10-K. Forward-looking statements include, but are not limited to, statements concerning the following:

- the sufficiency of our existing capital resources to fund our future operating expenses and capital expenditure requirements, including our expectation that we do not anticipate the need to raise additional capital or incur additional debt in order to reach profit from operations, as disclosed in the Company's future Annual Reports on Form 10-K or Quarterly Reports on Form 10-Q as filed with the Securities and Exchange Commission ("SEC"), provided that we may opportunistically access our at-the-market ("ATM") facility under advantageous circumstances;
- our plans to conduct further clinical trials and any expectations related to such trials;
- our plans and expected timeline related to our products, or developing new products, to address additional indications or otherwise;
- the expected acceptance and use of our products by doctors;
- our ability to obtain, maintain and expand regulatory clearances for our products and any new products we create;
- the expected growth of our business and our organization;
- our intentions regarding investment in our business as we pursue growth;
- our expected uses of our existing resources;
- our ability to retain and recruit key personnel, including the continued development of a sales and marketing infrastructure;
- our ability to obtain an adequate supply of materials and components for our products from our third-party suppliers, including single- and sole-source suppliers;
- our ability to manufacture sufficient quantities of our products with appropriate quality;
- our ability to obtain, maintain and enforce intellectual property protection for our products and protect our intellectual property rights;
- our ability to expand our business into new geographic markets;
- our ability to comply with applicable SEC rules and Nasdaq continued listing requirements;
- our ability to comply with existing and future government laws, rules and regulations both in the U.S. and internationally;
- our expectations regarding allocation of resources toward expenses associated with being a public company;
- our estimates of our expenses, ongoing losses, future revenue, capital requirements and our need for, or ability to obtain, additional financing;

- our expectations regarding the time during which we will be an emerging growth company under the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act") and a smaller reporting company under the Exchange Act;
- the volatility of the trading price of our common stock;
- our ability to identify and develop new and planned products and/or acquire new products;
- development and projections relating to our competitors or our industry, including anticipated growth rates for the conventional and premium intraocular lens ("IOL") markets;
- the impact of local, regional, national or political conditions and events;
- the impact of the COVID-19 pandemic, including currently known and unknown coronavirus variants, on our business or personnel; and
- the impact of worldwide political and economic conditions and unknown future events could have a material adverse impact on our business, financial condition and results of operations.

Forward-looking statements include statements that are not historical facts and can be identified by terminology such as "may," "will," "should," "could," "would," "expects," "plans," "intends," "anticipates," "believes," "estimates," "predicts," "projects," "potential," or "continue," or the negative of such terms and other same terminology.

Forward-looking statements involve known and unknown risks, uncertainties, and other factors that may cause our actual results, performance, or achievements to be materially different from any future results, performance, or achievements expressed or implied by the forward-looking statements. We discuss these risks in greater detail in Part I, Item 1A, "Risk Factors," elsewhere in this Annual Report on Form 10-K. Given these uncertainties, you should not place undue reliance on these forward-looking statements. Moreover, we operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for us to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties and assumptions, the future events and trends discussed in this Annual Report on Form 10-K may not occur and actual results could differ materially and adversely from those anticipated or implied in the forward-looking statements.

The forward-looking statements made in this Annual Report on Form 10-K relate only to events as of the date on which the statements are made. Except as required by law, we assume no obligation to update these forward-looking statements, or to update the reasons actual results could differ materially from those anticipated in these forward-looking statements, even if new information becomes available in the future.

DISCUSSION AND ANALYSIS OF OUR FINANCIAL CONDITION

Our discussion and analysis of our financial condition and results of operations is based upon our consolidated financial statements, which have been prepared in accordance with generally accepted accounting principles in the United States, ("GAAP"). The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. On an ongoing basis, we evaluate our estimates including those related to revenue recognition, the realization of income tax assets and estimates of tax liabilities, and obsolete, excess and slow-moving inventory. We base our estimates on historical experience and on various other assumptions we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities not readily apparent from other sources. Actual results may differ materially from these estimates.

Item 1. Business

Overview

We are a commercial-stage medical technology company dedicated to improving the vision of patients following cataract surgery. Our proprietary RxSight® Light Adjustable Lens system ("RxSight system") is the first and only commercially available premium cataract technology that enables doctors to customize and optimize visual acuity for patients after surgery. The RxSight system is comprised of our RxSight Light Adjustable Lens® ("LAL®"), RxSight Light Delivery Device ("LDD™") and accessories. Our LAL is a premium intraocular lens ("IOL") made of proprietary photosensitive material that changes shape in response to specific patterns of ultraviolet ("UV") light generated by our LDD.

We designed our RxSight system to address the shortcomings of competitive premium IOL technologies and provide a solution that doctors can trust to improve visual outcomes and achieve high levels of patient satisfaction. Competitive premium IOLs require patients to specify their visual priorities before surgery and be willing to accept various optical trade-offs associated with those choices. Once a patient has selected a competitive premium IOL, the surgeon must rely on a series of preoperative diagnostic tests and predictive formulae to choose the appropriate lens power. If the doctor's prediction is suboptimal, then the patient may experience suboptimal results that could necessitate a subsequent corneal refractive procedure or certain other compromises in order to reach vision targets.

In contrast, with the RxSight system, the surgeon implants the LAL as they would in any other cataract procedure, determines refractive error with patient input several weeks following surgery and then uses the LDD to modify the LAL with the precise visual correction needed to achieve the patient's desired vision outcomes. We believe our RxSight system provides doctors and patients increased confidence and peace of mind by eliminating the high-stakes preoperative guesswork common to competitive premium IOLs and allowing patients to iterate their final vision characteristics with customized post-surgical adjustments.

A cataract is the loss of transparency in the eye's natural lens, which causes blurry or hazy vision and can eventually lead to blindness. Approximately 50% of all individuals develop some form of cataracts by age 60, usually in both eyes, and prevalence increases with age. Among the world's most commonly performed procedures, cataract surgery involves removing the cloudy natural lens and replacing it with a clear IOL. Prior to surgery, patients can opt for either a spherical monofocal IOL, which usually results in improved vision but requires glasses for best vision, or a premium IOL, which also corrects for astigmatism and/or presbyopia, thereby reducing spectacle dependence. In the United States, Medicare and private insurers typically cover the full cost of spherical IOL procedures, while premium IOL procedures require patients to pay an incremental out-of-pocket fee, typically ranging from $1,000 to $4,000 per eye depending on the specific premium IOL used. In the United States, the world's largest premium IOL market, 2022 premium procedures represented about 25% of all cataract procedures and generated approximately $760 million in revenue, a figure that is projected to grow at a 12% compound annual growth rate ("CAGR") by 2027, according to the Market Scope 2022 Premium Cataract Surgery Market Report.

We believe that the premium cataract surgery market remains underpenetrated due to both doctors' reluctance to recommend competitive premium IOLs to the full universe of eligible patients and patients' confusion in assessing the associated trade-offs and side effects with competitive premium IOLs. We believe competitive premium IOLs often fail to deliver on patients' expectations for quality vision across a range of distances without glasses. In our most recent Phase IV commercial data over 90% of patients were able to achieve 20/20 or better at distance without glasses, which is approximately twice the rate of any of the alternative IOLs. In addition, over 90% of patients were also able to read 5-point font at near vision, which is typically the size of footnotes on a page.

We believe our RxSight system offers doctors and patients a significantly more reliable approach that can consistently deliver optimal, fully customized visual outcomes with few compromises, ultimately driving broad adoption and establishing it as the standard of care for premium cataract procedures. The key benefits of our solution include:

- **Allowing full customization and optimization of patient vision after surgery.** Our LAL uses a proprietary silicone formulation that enables changing the mechanical and optical properties of the lens following implantation. Our LDD uses proprietary software and algorithms to deliver a short UV light exposure treatment that polymerizes specific portions of the lens and allows doctors to adjust spherical and cylindrical refraction in 0.25 diopter increments, similar to the adjustment increments used to refract patients for glasses or contact

lenses, as well as in other refractive procedures like LASIK. All other premium IOLs are fixed-power lenses that cannot be adjusted following surgery;

- **Delivering superior visual outcomes with low risk of side effects.** In our Food and Drug Administration ("FDA") clinical trial, 70% of LAL patients achieved 20/20 or better uncorrected visual acuity without glasses, while in similar trials of other premium IOLs, only about 40% of patients achieved this performance level. Additionally, LAL patients do not experience increased incidence of glare or halos that are common with other premium IOLs;

- **Providing accuracy and precision to optimize vision with both eyes.** Most LAL patients choose minor differences in the refractive correction of each eye, resulting in glasses-free vision across a full range of distances. In our most recent Phase IV commercial study data over 90% of patients were able to achieve 20/20 or better at distance without glasses, which is approximately twice the rate of any of the alternative IOLs. In addition, over 90% of patients were also able to read 5-point font at near vision, which is typically the size of footnotes on a page;

- **Enabling patients to preview and compare possible vision outcomes.** LAL patients are the only premium IOL patients able to test-drive their vision after surgery but before selecting a final refractive outcome. With up to three possible UV light treatments to adjust the LAL, patients direct their optimal visual acuity through an interactive and iterative process; and

- **Empowering doctors to grow their practices with a premium IOL they can trust and confidently recommend.** Our RxSight system has been shown to deliver excellent visual outcomes across a broad range of patient types and preferences. In our 2022 RxSight customer survey, 89% of respondents said they thought our RxSight system delivered the highest quality vision, 98% said they would recommend the LAL to others and 75% said they would select it for their own eyes.

Our commercial efforts began in 2019 and have been primarily focused in the United States, where we are building a "razor and razor blade" business model to drive new customer adoption and ongoing LAL volume growth. Our U.S. commercial organization includes a direct sales team of LDD sales personnel and LAL account managers, as well as clinical specialists, field service engineers and marketing personnel. Our sales efforts are concentrated on the roughly 3,000 U.S. cataract surgeons that perform 70%-80% of all premium IOL procedures. As of December 31, 2022, we had established an installed base of 400 LDDs in ophthalmology practices and, since our inception though December 31, 2022, surgeons have implanted over 42,000 LALs.

We plan to grow our business primarily by expanding the size of our LDD installed base and driving increased utilization of our LAL through heightened awareness of the superior clinical outcomes our RxSight system provides patients. To continue to strengthen our competitive position in the premium IOL market, our research and development activities are focused primarily on programs that improve clinical outcomes, improve customer experience, expand our indications for use, reduce manufacturing costs and lifecycle management.

Our market and industry

Cataracts and other common vision conditions

Common vision conditions can be roughly divided by two defining factors: 1) the typical age of onset and 2) whether the condition is more closely linked to the cornea, the front surface of the eye that controls about two-thirds of its focusing ability, or the natural lens, which sits behind the iris and is responsible for the eye's remaining focusing power. From childhood through the fourth decade of life, refractive conditions related primarily to the cornea – myopia, hyperopia and astigmatism – typically have the greatest impact on visual acuity and are usually addressed with glasses and contact lenses. In adults with these conditions, corneal procedures like LASIK can reduce dependence on glasses and contact lenses.

By age 50, most people also experience presbyopia, which manifests itself as increased difficulty seeing at near and intermediate distances without glasses or contact lenses. Presbyopia occurs because the natural lens is losing its elasticity and, therefore, its ability to focus light rays on near objects. By age 60, approximately half of all individuals also develop some form of cataracts, in which the normally clear lens loses its transparency and increasingly obstructs or otherwise interferes with the passage of light to the retina. The result is blurry or hazy vision and increased sensitivity to light, particularly at night, that cannot be treated with glasses or contact lenses. Cataracts are irreversible, progressive and usually affect both eyes. Cataracts can significantly interfere with daily activities, affect quality of life and eventually cause

blindness. According to the National Eye Institute, despite the availability of effective surgical treatment, cataracts are the leading cause of blindness worldwide.

Cataract surgery

Cataract surgery is among the most common surgical procedures performed in the world and involves replacement of the patient's natural cloudy lens with a clear artificial IOL. In the United States, the procedure is commonly performed in an outpatient setting, such as an Ambulatory Surgery Center ("ASC"), by an ophthalmologist specializing in cataract surgery and often requires only 5 to 15 minutes to complete. In most cases, surgery begins with removal of the cataractous lens through a process known as phacoemulsification. During phacoemulsification, the ophthalmic surgeon makes a small surgical incision in the cornea and inserts an ultrasonic probe that breaks up, or emulsifies, the lens while a hollow needle removes the pieces of the lens (see image 1 below). After the cataract is removed, the surgeon inserts the replacement IOL through the same surgical incision (see image 2 below). Following implantation, the IOL sits firmly in place just behind the iris (see image 3 below).

Conventional vs. premium cataract surgery

Cataract surgery is often bifurcated into two categories based on IOL type, as follows:

- ***Conventional:*** The patient receives a monofocal IOL, which is designed to provide vision at one pre-defined distance without correction for other visual problems that often affect cataract surgery patients such as corneal astigmatism and presbyopia. Nearly all patients undergoing conventional cataract surgery will need to rely on glasses following cataract surgery to achieve the best distance, intermediate and near vision.
- ***Premium:*** The patient receives a premium IOL, which is designed to address the shortcomings of conventional monofocal lenses by also correcting for the additional visual problems of astigmatism and/or presbyopia. Premium IOLs reduce the need for glasses relative to conventional IOLs but may impose trade-offs related to their ability to provide glasses-free near, intermediate and distance vision, as well as the potential for increased incidence of halos, glare and other side effects related to monofocal IOLs.

Healthcare payors typically cover the full cost of conventional cataract procedures. In the United States, a healthcare payor (primarily Centers for Medicare and Medicaid Services ("CMS")) typically provides reimbursement for a conventional cataract procedure of approximately $500 for a surgeon fee and approximately $1,000 for a facility fee, which includes the cost of a conventional monofocal IOL. Accounting for reductions in CMS reimbursement and for inflation, reimbursement

rates have decreased by two thirds since 1991. The surgeon fee covers all pre-operative cataract testing, the cataract operation and follow-up care for three months.

For U.S. premium cataract procedures, the healthcare payor (primarily CMS) reimburses the same surgeon and facility fees, but the patient pays the surgeon an additional fee between $1,000-$2,000 for implantation of a toric IOL and an average between $2,000-$4,000 for implantation of other premium lenses, which includes the cost of the premium IOL. Consequently, premium cataract procedures are between 10 and 15 times more profitable for the doctors and ophthalmology practices than conventional cataract procedures and are less impacted by changes in reimbursement rates. At the same time, because premium cataract patients pay an additional out-of-pocket fee, they tend to have high expectations that the surgeon will satisfy their desire for quality, glasses-free vision.

Our market opportunity

According to the Market Scope 2022 Premium Cataract Surgery Market Report and 2022 Market Scope IOL Report:

- Approximately 28 million cataract surgeries were performed globally in 2022, including 4.6 million in the United States. The number of procedures worldwide is projected to grow at a CAGR of 6.3% to over 38 million by 2027. In the United States, procedures are expected to grow at a CAGR of 4.3% to 5.3 million by 2027;
- The United States is the world's largest premium IOL market. In 2022, premium IOL procedures represented approximately 2S% and 12% of cataract surgeries in the United States and worldwide, respectively;
- In 2022, premium IOL revenue was approximately $2.1 billion globally and $760 million in the United States, and is expected to grow at a CAGR of 13% and 12%, respectively, through 2027. Key growth drivers include the increasing number of patients who prefer to be glasses-free, technological innovations, increased access to healthcare and rising disposable income; and
- In the United States, there are approximately 10,000 ophthalmic surgeons that perform cataract surgery, including approximately 3,000 that perform roughly 70%-80% of premium IOL cataract procedures.

We believe there is an opportunity to gain market share in the premium IOL market segment and also increase the penetration of premium IOLs in the broader market by converting doctors and patients currently electing for conventional cataract surgery. We believe that the premium cataract surgery market remains underpenetrated due to both doctors' reluctance to recommend premium IOL offerings to the full universe of eligible patients and patients' confusion in assessing the trade-offs associated with the wide range of commercially available premium IOL offerings. Furthermore, we believe current non-adjustable premium IOL offerings often cannot deliver on patient expectations regarding their desire to see at near, intermediate and far distances without reliance on glasses and to avoid troubling side effects such as glare, halos and loss of contrast sensitivity.

We are currently focused on driving awareness and penetration of our RxSight system in the premium cataract market, and primarily concentrating our near-term commercial efforts on the United States. We believe the United States is the most compelling market given the large population of individuals over the age of 60 that are covered by health insurance, the concentrated base of cataract surgeons experienced with premium IOL offerings, the high gross domestic product per capita and the favorable U.S. healthcare reimbursement system, which has a well-established history of covering a portion of the cost for cataract surgery.

Non-adjustable premium IOLs and their limitations

Prior to the commercial availability of our RxSight system, doctors and patients chose from two primary types of premium IOLs, as follows:

- **Multifocal Lenses.** Multifocal lenses have two or more corrective zones, which allow the patient to receive focused light from different distances. Although multifocal lenses provide patients with a wider range of vision compared to the standard monofocal IOLs, multifocal lenses split light across the multiple corrective zones on the lens, sometimes impacting visual quality. For example, approximately two to three times as many patients who choose a multifocal lens over a monofocal lens experience side effects such as glare and halos, as well as reduced contrast vision, which are especially problematic in low light situations such as driving at night. For some patients these become more pronounced and can lead to explantation (removal of the IOL and replacement with another type of IOL). Extended-depth-of-focus ("EDOF") lenses are similar to multifocals, except they have

only one corrective zone. They create an elongated focal point that allows for a broader range of vision, although patients will still often require glasses for distance and near vision. EDOF lenses will still typically result in glare and halos, as well as reduced contrast vision, although generally less severe than those experienced with multifocal lenses; and

- **Astigmatism-Correcting or Toric Lenses.** Toric lenses correct for astigmatism, a condition in which the cornea is not uniformly curved leading to distortion of near and distance vision. According to the 2022 Market Scope IOL Report, approximately 70% of the population has clinically significant astigmatism of 0.5 diopters or more. Corrective toric lenses can provide additional distance, intermediate or near vision correction depending on the power of the lens selected and if their optical design incorporates either multifocal or EDOF features.

When preparing patients for premium cataract surgery, surgeons must have a comprehensive understanding of available premium IOL options and how to best match a patient to the technology that fits their priorities. Patient decisions are based on several factors and tend to be heavily influenced by surgeon recommendations, as well as the patient's motivation for independence from glasses and willingness to tolerate side effects. During an initial consultation, surgeons often ask patients to fill out a survey regarding their vision experiences and expectations to determine if the patient is a good premium IOL candidate. If so, the surgeon helps select the appropriate premium IOL based on the patient's lifestyle and the type of vision they most value (i.e., near, intermediate or distance). Significant time is often required to educate patients on the various trade-offs with respect to the visual outcomes associated with each type of premium IOL. Following this consultation, surgery is usually scheduled within several weeks or months.

Prior to surgery, the patient's eyes are measured using one or more diagnostic devices to help the surgeon predict the lens focusing power best suited to achieve the optimal postoperative outcome. Focusing power, expressed in diopters (D), refers to bow a lens focuses light to a point (spherical power) or a line (cylindrical or astigmatic power). Accurately predicting lens power is critical to reducing postoperative residual refractive error and delivering the best possible visual outcomes. Because the lens power of competitive premium IOLs cannot be changed after implantation, doctors rely on a series of preoperative diagnostic tests and predictive formulae to determine the lens power. Typically, the patient returns a day after surgery to have their eye evaluated and ensure healing is underway. After approximately one month, premium cataract patients that are dissatisfied with their results may be fitted for glasses or elect to undergo a secondary, remedial procedure to meet desired vision targets. A separate LASIK procedure is the most common surgical procedure to correct any residual visual errors following the cataract procedure.

A key limitation of these competitive premium IOLs is that they cannot be adjusted after the surgery and, as such, require the patient to commit to a desired visual outcome prior to the procedure. However, in discussing vision optimization options with patients ahead of the procedure, it can be difficult to effectively demonstrate different visual outcomes. Once a premium IOL is selected, another key limitation is the ability of the surgeon to precisely predict the correct lens power and then implant the IOL with the level of accuracy required to deliver the patient's expected outcome. Additionally, the incision made to remove the cloudy lens and insert the IOL along with the resultant healing process often creates additional levels of astigmatism, which cannot be predicted with precision before cataract surgery.

We believe that the need to commit to a visual outcome before surgery combined with the limited ability to make adjustments following the procedure are key factors contributing to the low levels of premium IOL penetration. When expectations regarding postoperative visual acuity and independence from glasses are not met, patients are often disappointed. As a result, even though 60% of cataract patients rate "being glasses free after cataract surgery" as extremely important, surgeons are often hesitant to recommend existing premium IOLs to their patients.

Our solution

We designed our RxSight system to address the shortcomings of existing premium IOL technologies and provide a solution that doctors can trust to improve visual outcomes and achieve high levels of patient satisfaction. We began commercializing our solution in the United States in 2019 and are focused on establishing the RxSight system as the standard of care for premium IOL procedures. As of December 31, 2022, we had an installed base of 400 LDDs in ophthalmology practices, and since our inception over 42,000 surgeries have been performed with our RxSight system.

Overview of the RxSight system

Our RxSight system is the first and only FDA-approved IOL technology that enables doctors to customize and optimize visual acuity for patients after cataract surgery. With the RxSight system, the doctor performs a standard cataract procedure to implant the LAL, determines refractive error with patient input after healing is complete, then uses the LDD to reshape the

LAL to achieve the patients' desired vision outcomes. Our RxSight system is comprised of two key components, along with other intraoperative and postoperative accessories:

- **RxSight Light Adjustable Lens:** The LAL is our proprietary IOL that can be adjusted postoperatively to improve uncorrected visual acuity. Our IOL is made of special photosensitive material that changes shape and power when a specific pattern of UV light is delivered from the LDD.
- **RxSight Light Delivery Device:** The LDD is our proprietary office-based light treatment device that delivers UV light in a precisely programmed pattern to induce a predictable change in the shape and refractive properties of the LAL, enabling surgeons to precisely modify the LAL based on the visual correction needed to achieve the patient's desired vision after cataract surgery.

Light Adjustable Lens (LAL)

Light Delivery Device (LDD)

Our foundational technology

We have developed our RxSight system over the last 20 years, incorporating expertise and proprietary technologies across multiple disciplines, including optics, material science, chemistry, software and hardware engineering. The proprietary RxSight technology that enables post-operative adjustability is based on the principles of photochemistry. The LAL is made of a photosensitive material that changes shape and power when a specific pattern of UV light is delivered to the LAL.

Our LAL, which we manufacture using our proprietary silicone formulation, leverages the unique material properties of silicone. A silicone molecule consists of an inorganic silicon-oxygen backbone, which is a chain of alternating silicon and oxygen atoms with an attached side group, which is a pair of organic molecules bonded to each silicon atom in the chain. Through a process called polymerization, silicone monomers (short chain molecules) are reacted together to form silicone polymers (long chain molecules), which may be cross-linked at multiple points resulting in three-dimensional, rather than linear, structures. By varying chain length, attached side group and cross-linking design, silicone polymers can be tailored to have unique properties, leading to their broad use across a wide array of applications. We have developed a novel application of silicone to optimize the mechanical and optical properties of IOLs in order to improve vision in patients following cataract surgery.

To create the LAL, we use a composition of silicone polymers and monomers, the latter which we call "macromers" mixed with photo-active molecules and other compounds. The initial composition of our lens material is a viscous liquid that is thermally cured in a lens mold. Thermal curing and photopolymerization use temperature and ultraviolet light, respectively, to initiate and propagate a polymerization reaction. To avoid polymerizing the macromers in the composition, the thermal curing is performed at a low temperature. The partial polymerization of the LAL results in a solid but soft silicone lens, leaving the photosensitive macromers unpolymerized and distributed throughout the lens. While the resulting lens is optically clear, the macromers and photo-active molecules remain free to continuously move within the lens.

After packaging and sterilization, the LAL is ready to be implanted as part of a standard cataract surgical procedure to replace the patient's natural lens. Once wound healing is complete, a short exposure of UV light is applied to the LAL to adjust the refractive properties of the lens. When the UV light is directed to a specific portion of the lens, the exposed macromers in that portion of the lens are polymerized and become stationary. This creates an excess concentration of free macromers in the unexposed portion of the lens and sets up a diffusion gradient over which the unpolymerized macromers move from the concentrated area to the less concentrated area. Over the next one to two days, the unpolymerized macromers

redistribute across the lens to achieve a uniform distribution. The redistribution of the macromers causes the exposed portion of the lens to swell relative to the unexposed portion of the lens, enabling refractive power change.

The movement of the macromers causes a highly predictable change in the curvature of the lens. If the central portion of the lens is exposed to UV light, unpolymerized macromers in the periphery of the lens move into the central portion. As a result, the central portion of the lens swells, creating a lens shape for correction of hyperopia. Conversely, if the periphery of the lens is exposed to UV light, unpolymerized macromers in the central portion of the lens migrate into the periphery. As a result, the periphery of the lens swells, creating a lens shape for correction of myopia. In addition to spherical correction for myopia or hyperopia, customized cylinder adjustments along any axis of the lens can be targeted to correct for astigmatism.

To achieve the desired refractive change in the LAL, our LDD uses proprietary software and algorithms to deliver a short UV exposure treatment that polymerizes specific portions of the lens according to a predefined pattern of light, called a nomogram. Nomograms allow for adjustment of spherical and cylindrical refraction in 0.25 diopter increments, like the adjustment increments used to refract patients for glasses or contact lenses, as well as in other refractive procedures like LASIK, which has similar refractive accuracy. Designed for placement in the doctor's office, the LDD is a combination of a standard slit lamp and a digital light projector. The slit lamp portion allows the doctor to see inside the patient's eye and align the light beam with the LAL. The digital light projector portion projects an image onto the LAL using DLP technology that has approximately 250,000 micro mirrors that are electronically activated to represent an image stored in memory.

Each UV light treatment consumes only a portion of the macromers in the lens, allowing the LAL to be adjusted multiple times. This process can be repeated up to three times over a period of several weeks, until the patient and doctor are satisfied. The entire lens is then polymerized to provide a stable correction. After adjustment light treatments are completed, one or two lock-in light treatments are applied to consume all remaining macromers and photo-active compounds. After the final lock-in treatment, the lens power can no longer be adjusted.

Our approach

With the RxSight system, the surgeon performs a standard IOL implant procedure, replacing the patients' natural lens with the LAL. Two to three weeks following surgery, the patient visits the doctor's office for a standard postoperative refraction, which is similar to the eye test used to create a prescription for eye glasses. Using a traditional phoropter and vision chart, a clinician determines the refractive error and prescription required and inputs the information into the LDD's graphical user interface. The patient's eye is dilated and a contact lens is applied to the eye as the patient is seated in front of the LDD for a light treatment. Based on the prescription input, the LDD generates a programmed, predetermined exposure of UV light. For approximately 100 seconds, the light painlessly and non-invasively reshapes the implanted LAL to correct the measured refractive error. The entire treatment takes less than five minutes. The patient returns approximately three to five days later for additional light treatments to further adjust their vision, if desired, or to lock-in the lens. While patients can receive up to three adjustments, the average number of adjustments in our FDA clinical trial was 1.6.

The RxSight system enables a fully interactive and iterative process to optimize visual acuity with patients able to test drive their vision, comparing possible outcomes before selecting a final prescription for their LAL. In clinical practice since our FDA approval, roughly 60% of patients undergoing multiple adjustments have requested a change from their original spherical target, underscoring the value of adjustability and customization. From the time of surgery until 24 hours after the LAL is locked in, the patient wears UV light protective glasses as unprotected exposure to light can cause uncontrolled changes in the LAL. Since late 2021, we have included ActivShield technology on all LALs, which provides an extra layer of UV protection on the lens surface and reduces dependence on patient compliance with protective glasses.

Key benefits of RxSight system for patients

- **Superior vision outcomes.** In the pivotal study that formed the basis for our FDA approval, the observed rate of eyes with 20/20 or better uncorrected distance visual acuity for our LAL was 70.1%. This compares favorably to the results of pivotal studies with similar study designs and patient populations that supported FDA approval of Alcon's Acrysof Toric (38.4%) and J&J's Tecnis Toric (43.6%). Most LAL patients choose minor differences in the refractive correction of each eye, resulting in glasses-free vision across a full range of distances. In our most recent Phase IV commercial study data over 90% of LAL patients who chose to optimize vision with both eyes, achieved 20/20 distance vision and were also able to read 5-point font without glasses;
- **Postoperative customization.** Our RxSight system enables patients to preview and compare possible vision outcomes after surgery based on their unique preferences and lifestyle requirements before they select a final

prescription for their LAL. With up to three possible adjusting light treatments, patients can dial-in their optimal visual acuity through an interactive and iterative process;

- **No increase in glare and halo.** Our LALs do not induce higher rates of glare and halos compared to monofocal IOLs. In contrast, multifocal IOLs, generally relied upon to improve near vision, are associated with a higher incidence of unwanted side effects including reduced contrast sensitivity and increased glare and halos around bright lights. These problems can lead to explants, in which patients undergo another procedure to remove the multifocal IOL and replace it with another type of IOL. In FDA studies for the Alcon Panoptix, J&J Symfony and Alcon Vivity lenses, 48.8%, 59.2% and 17.0% of subjects, respectively, reported being bothered by halos postoperatively; and
- **Corrects residual refractive error.** The RxSight system can reduce the potential for secondary surgical procedures by correcting residual refractive error after surgery using our office based LDD to shape the LAL. With other premium IOLs, a separate LASIK procedure is generally the only way to correct for residual visual errors following the primary cataract procedure.

Key benefits of RxSight system for doctors

- **Clear value proposition for patients, helping doctors to build their premium cataract practices.** Rather than explaining the complicated trade-offs with respect to visual outcomes and predicting refraction before surgery, the surgeon may simply tell patients that their vision will be corrected postoperatively via a painless, in-office process similar to being prescribed glasses. The doctor can also share the LAL's clinical results with the patient to provide reassurance that the procedure will deliver desired results;
- **Increased confidence.** The clinical benefit of "dialing-in" to achieve superior visual outcomes postoperatively increases doctors' confidence that the LAL can meet patients' expectations. The doctor does not need to decide prior to surgery whether the patient will be particularly sensitive to suboptimal visual outcomes or side effects (such as glare, halo and loss of contrast). The patient is also unlikely to need a postoperative adjustment such as LASIK to improve their outcome;
- **Fewer intraoperative measurements.** With other premium IOLs, the lens power is fixed and cannot be changed after surgery, requiring doctors to spend considerable time on preoperative and intraoperative measurements to estimate the most suitable lens power to implant and lens position. With our RxSight system, surgeons are not as dependent on preoperative and intraoperative equipment for measurements. Instead, they can focus on the surgical procedure, knowing refractive error will be corrected postoperatively with the LDD, and with the patient's active involvement;
- **Broad application across different patients' needs.** We offer a single IOL that can address a broad range of patient types and needs, while providing a solution that doctors can trust to improve visual outcomes, eliminating the need for extensive preoperative discussions with patients about which IOL may best fit their lifestyle and visual preferences. Moreover, the superior outcomes and patient-centered approach of the RxSight system helps drive patient referrals and grow premium cataract volumes, which generally produce higher practice revenue and profit margin than conventional procedures; and
- **Economic benefits that drive practice growth.** A recent economic impact survey by Haffey & Company of almost 50 practices using the RxSight system revealed that LAL procedures were sourced from all other categories of other IOLs. For example, respondents indicated that approximately 40% of their LAL patients would have otherwise selected a conventional monofocal IOL, which is far less profitable for a practice than a LAL procedure. In addition, based on an average of 9 LALs implanted per month at these practices, doctors observed a payback period of approximately nine months for the LDD, based on the current list purchase price. Following this payback period, practices continue to reap the financial benefit of converting patients to the RxSight system.

Our growth strategies

We are leveraging the tangible and compelling benefits of our RxSight solution to achieve broad adoption of our technology and establish it as the standard of care for premium cataract surgery. Our growth strategies include:

- **Establishing new customers and growing our installed base of LDDs.** We believe our technology offers a differentiated value proposition to doctors and patients, providing us an opportunity to grow our share in the

premium IOL market and increase the penetration of premium IOLs in the broader cataract surgery market. To grow our installed base, we are focused primarily on converting high-volume premium cataract surgeons to the RxSight system by highlighting its clinical, economic and workflow benefits vs. competing premium IOL technologies. Secondarily, we are focused on the broader pool of cataract surgeons who may implant premium IOLs sparingly or not at all due to suboptimal visual outcomes, persistent side effects and uneven patient satisfaction sometimes associated with non-adjustable premium IOL offerings. Because our RxSight system is designed to overcome these shortcomings, we believe many of these doctors have the potential to be successful RxSight customers. We are also investing in professional education, additional clinical studies and registries that expand our evidence base, facilitating peer-to-peer dialogue and forums and communicating the benefits of our technology through marketing initiatives, tradeshows and podium presentations;

- **Increasing the utilization of our LALs by empowering doctors to grow their practices.** We work closely with every new customer to conduct a thorough training and onboarding process, providing a high level of service to help the practice succeed with the RxSight system. This support helps the practice confidently recommend the LAL to an increasing number of patients and, in turn, grow their practice. In a recent RxSight customer survey, 89% of doctors said they thought our RxSight system delivered the highest quality vision, 98% said they would recommend the LAL to others and 75% said they would select it for their own eyes. In addition to personnel support, we also provide practices with marketing materials, such as patient brochures, literature and digital content for website and social media promotions. We also provide ongoing training related to new technology features and developments, as well as education on the patient benefits of our solution;
- **Strategically expanding our commercial organization and marketing activities.** Since launching the RxSight system commercially in 2019, we have substantially increased the size and scope of our U.S. commercial organization. While we believe our current commercial organization is well built to reach our focused target of high-volume premium cataract surgeons, we will add highly qualified personnel for time to time, with a strategic mix of sales personnel and clinical specialists, to drive higher levels of awareness and penetration in certain regions. We also expect to accelerate marketing initiatives and professional education, including training on best practices and techniques;
- **Investing in RxSight system enhancements and expanding indications.** We continue to enhance our RxSight system to improve the patient and doctor experience, meet evolving customer needs and address the widest possible patient population. Since our initial FDA approval in November 2017 through December 31, 2022, we have received 20 supplemental approvals. Recent enhancements include increasing the range of available LAL powers, modifying the LAL to improve image quality, reducing the margin of residual refractive error, allowing an optional third refractive adjustment, developing new UV glasses with improved aesthetics and usability, and adding a photosensitive anterior layer (ActivShield™) to the LAL to help protect the lens from unwanted UV exposure. We believe these technological advancements help to drive increased adoption of our RxSight system;
- **Scaling our business to achieve cost and production efficiencies.** We expect to realize operating leverage through increased scale efficiencies as our commercial operations grow. We have executed a number of design and manufacturing process improvements to streamline both LAL and LDD production, and have developed a lower cost to manufacture LDD, which was approved by the FDA on January 31, 2023. We are also concurrently executing on our strategy to optimize our diverse supply chain and to develop second sources from less expensive suppliers. We anticipate that the combination of these strategies will drive margin improvement in the future when introduced into production and offered for sale; and
- **Growing our commercial operations in international markets.** While our current commercial focus is on the large opportunity within the United States, we believe the RxSight system offers compelling benefits for cataract doctors and patients in select international markets. According to the Market Scope 2022 Premium Report, over 70% of the premium IOL procedures in 2022 were outside the United States. Our RxSight system has approval in Mexico and Canada for improving uncorrected visual acuity by adjusting the LAL power to correct residual postoperative refractive error. We may selectively pursue commercial expansion outside the United States that accept these approvals in the future, with a priority on markets where we see significant potential growth opportunities. New approvals may also be sought in large cataract markets with more complex regulatory environments such as Asia.

FDA clinical studies

In July 2016, we completed our FDA Phase 3 pivotal randomized clinical study of 600 subjects, designed to evaluate the safety and effectiveness of performing light treatments to correct postoperative spherical and cylindrical refractive error. In this study, 391 subjects had the LAL implanted in one eye and the results were compared at the six-month postoperative visit against 193 subjects with a monofocal control IOL implanted in one eye. The LAL met all primary effectiveness endpoints and was approved by the FDA on November 22, 2017 as the first commercially available adjustable IOL. In the study, 70.1% of LAL subjects achieved monocular uncorrected distance visual acuity of 20/20 or better compared to 36.3% of the eyes implanted with the monofocal control IOL. In addition to being statistically significantly better than the control IOL, the observed rate of eyes with 20/20 or better uncorrected distance visual acuity was the highest reported for any approved intraocular lens and approximately twice what was observed by the two most popular astigmatism-correcting IOLs (38.4% by Alcon's Acrysof Toric, and 43.6% by J&J's Tecnis Toric) in similar patient populations in the pivotal studies that led to their approvals by the FDA. Additionally, LAL patients reported a low rate of glare or halo, visual side effects that are frequently reported with premium IOLs.

We are conducting a 500-eye prospective, randomized, controlled multicenter Post Approval Study, which was a requirement of our Premarket Approval ("PMA") approval. Subjects are randomized in a 2:1 ratio to receive either the LAL or a monofocal IOL. Study subjects will be followed for six months. The results will compare effectiveness and safety of the LAL and monofocal IOL. We anticipate completing enrollment in 2024.

Sales and marketing

We commenced commercial launch of our RxSight system in the United States in 2019 and are initially focused on the estimated 3,000 surgeons that perform 70%-80% of premium cataract surgery procedures. These surgeons are usually part of larger ophthalmology practices with multiple cataract surgeons. They typically have refractive surgery practices offering LASIK and are skilled at selling premium procedures based on delivery of better visual outcomes. Our U.S. commercial organization includes a direct sales team comprised of LDD sales personnel and LAL account managers, as well as clinical specialists and field service engineers and marketing personnel. While we believe we can effectively cover our concentrated target market with our focused commercial organization, we will add highly qualified personnel from time to time, with a strategic mix of sales personnel and clinical specialists, to drive further awareness and penetration among cataract surgeons.

Our commercial efforts are designed to create a "razor and razor blade" business model by building a sizable LDD installed base to drive ongoing growth in LAL procedure volumes. LDD sales personnel are responsible for establishing relationships with doctors and securing new customers. New customer contracts typically include sale of the LDD between approximately $115,000 - $120,000, sale of LALs for approximately $1,000 each and an LAL consignment agreement. Once the LDD is installed, our clinical specialists work closely with the practice's doctors, technicians and staff members to ensure that they are fully trained, proficient LAL providers. Our LAL account managers oversee this process and engage with practices on an ongoing basis to assist with patient awareness and education programs, development of efficient patient flow processes and other initiatives. To achieve broad awareness of the RxSight system among cataract surgeons, we also conduct various marketing programs, including promotions at industry and society conferences, podium presentations, social media, and educational webinars focused on the differentiated benefits of our RxSight system.

Our RxSight system has received regulatory approval in Mexico and Canada. We recently commenced limited sales activities in Canada through a distribution partner.

Research and development

Our research and development activities are focused on programs that improve clinical outcomes, improve customer experience, expand our indications for use, reduce manufacturing costs and lifecycle management. Since our initial FDA approval in November 2017 through December 31, 2022, we have received approximately 20 supplemental approvals that advance these objectives.

On January 31, 2023, the FDA approved our PMA supplement to our LDD for various modifications that are intended to reduce the cost to manufacture the device. We anticipate that this lower-cost-to-manufacture LDD will also require a submission for approval in countries outside the United States.

Research and development expenses were $26.0 million and $24.5 million for the years ended December 31, 2022 and 2021, respectively.

Provide explanation below:

In June 2017, the Idaho State Board of Pharmacy changed the interpretation of their laws regarding Virtual Wholesalers and Virtual Manufacturers. Elanco US Inc. monitors all law changes from the Board of Pharmacies and is notified daily of changes. However, since the change was in interpretation rather than an actual language change we were not aware of the new requirements. When Elanco US Inc. Headquarters, located in Indiana, found this out we applied for a license right away and were issued a license, which we still hold .. However, since we had been shipping into the state using the old interpretation, which didn't require licensure for virtuals, we were out of compliance. Elanco paid a fee to the Idaho Board of Pharmacy to resolve this issue.

Elanco US Inc. Shawnee, located in Kansas, turned in all applicable renewal documentation to the Alabama Board of Pharmacy by the deadline of 12/31/2021. As the documentation was not reviewed by the Regulator by January 1st Alabama considered our renewal expired. Once this was confirmed to Elanco on January 11th we stopped all shipments into the state until approval was received. We were fined $500.00. This wasn't considered a disciplinary action in Alabama. Elanco does not own this site anymore.

Elanco US Inc.

Provide explanation below:

In July 2016, the Ohio State Board of Pharmacy changed its laws regarding Virtual Wholesalers and Virtual Manufacturers requiring either a VAWD Accreditation or a home state license. For our Elanco US Inc. Headquarters site located in Indiana, no home state license is required for veterinary wholesalers or manufacturers. Elanco was in the process of changing over Novartis Animal Health US, Inc. applications to Elanco US Inc. after the acquisition of Novartis Animal Health US, Inc. Since Novartis Animal Health US, Inc. never held a license in Ohio Elanco US Inc. did not get a grace period to comply with these new laws. Elanco US Inc. stopped sales into Ohio for 6 months. Elanco petitioned the Indiana Board of Pharmacy after submitting our VAWD application and an Indiana license was granted. We are now licensed to sell in Ohio.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 9350331

Application/License No. _____

Elanco US Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 1411 Oak Street, Elwood, KS 66024 (Address of Applicant/Principal), as PRINCIPAL, and Fidelity and Deposit Company of Maryland (Surety Company), a corporation organized under the laws of the state of IL (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 1299 Zurich Way, 5th Floor Schaumburg, IL 60196-1056 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on April 28, 2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 28 day of April, 2023.

To Whom It May Concern:

In June 2017, the Idaho State Board of Pharmacy changed the interpretation of their laws regarding Virtual Wholesalers and Virtual Manufacturers. Elanco monitors all law changes from the Board of Pharmacies and is notified daily of changes. However, since the change was in interpretation rather than an actual language change we were not aware of the new requirements. When Elanco found this out we applied for a license right away and were issued a license, which we still hold.. However, since we had been shipping into the state using the old interpretation, which didn't require licensure for virtuals, we were out of compliance. Elanco paid a fee to the Idaho Board of Pharmacy to resolve this issue.

Please let me know if you have any further questions.

BEFORE THE BOARD OF PHARMACY

STATE OF IDAHO

In the Matter of the License of: ELANCO US INC., Manufacturer License No. M46280, Respondent.	)	Case No. BOP 18-018 **STIPULATION AND CONSENT ORDER**

WHEREAS, information has been received by the Idaho Board of Pharmacy ("Board") that constitutes sufficient grounds for the initiation of an administrative action against Elanco US Inc. ("Respondent"); and

WHEREAS, the parties wish to expeditiously settle this matter in lieu of proceeding to an administrative hearing before the Board; now, therefore,

IT IS HEREBY STIPULATED AND AGREED between the undersigned parties that this matter shall be settled and resolved upon the following terms:

A. JURISDICTION OF THE BOARD

1. The Board may regulate the practice of pharmacy in the state of Idaho in accordance with title 54, chapter 17, Idaho Code. The Board is further empowered by title 37, chapter 27, Idaho Code, to administer the regulating provisions of the Uniform Controlled Substances Act in the state of Idaho.

2. Respondent is a licensee of the Board and holds Manufacturer License No. M46280. Respondent's license is subject to the provisions of title 54, chapter 17, Idaho Code, title 37, chapter 27, Idaho Code, and the Board's rules promulgated at IDAPA 27.01.01, *et seq.*

B. STIPULATED FACTS

1. Respondent is a corporation organized in the state of Indiana and is a manufacturer of drugs as defined by Idaho Code § 54-1705(24).

2. Respondent previously held Manufacturer Registration No. M21204, which expired June 30, 2016. The Board received the new Manufacturer Registration Application submitted by Respondent on July 10, 2017. In the course of reviewing the application, Board staff discovered they had a previous registration and contacted Respondent to request a list of medications shipped into Idaho for the time period of June 30, 2016, through the date of the application. Respondent provided Board Staff with a listing of the drug products shipped into the state of Idaho during the period of June 2016 through May 2017.

3. According to the list provided by Respondent, Respondent shipped 548 drug products to veterinary medical providers in the state of Idaho between June 2016 and May 2017. Each product shipped during the period in which Respondent was unlicensed in the state of Idaho is a violation of Idaho law and Board rules.

4. While Respondent's error may have been unintentional, Respondent acknowledges its actions constituted violations of the statutes and rules governing the practice of pharmacy in Idaho. More specifically, Respondent admits the violations are subject to the following statutes and rules:

a. Idaho Code § 54-1726(1)(f) (the Board may suspend, revoke or restrict the license or registration of any person, upon one or more of the following grounds. . .being found by the Board to be in violation of any of the provisions of this chapter, chapter 27, title 37, or rules adopted pursuant to either chapter);

b. Idaho Code § 54-1729(2)(c) (each drug or device outlet shall apply for a certificate of registration or a license in one of the following classifications . . . (c) manufacturer);

c. Idaho Code § 54-1728(1)(f) (upon the finding of the existence of grounds for discipline the Board may impose one or more of the following penalties . . . (f)

imposition of an administrative fine not to exceed two thousand dollars ($2,000) plus costs of prosecution and administrative costs);

d. Idaho Code § 54-1732(1) (no drug outlet designated in § 54-1729 shall be operated until a certificate of registration has been issued to said facility by the Board . . . upon the finding of a violation of this subsection, the Board may impose one or more of the penalties enumerated in § 54-1728, Idaho Code);

e. IDAPA 27.01.01.060 (a license or a certificate of registration, as applicable, is required for drug outlets doing business in or into Idaho); and

f. IDAPA 27.01.01.501 (the Board may suspend, revoke or restrict the registration of an individual on one or more of the grounds provided in Idaho Code § 54-1726);

5. Respondent, in lieu of proceeding with a formal disciplinary hearing, hereby agrees the Board may enter a final order against its license as set forth in Section C below.

C. STIPULATED PENALTIES

1. The parties agree that under the facts presented and the regulations that apply to such facts, the Board has the authority pursuant to Idaho Code § 54-1728(f) to impose an administrative fine of Two Thousand Dollars ($2,000) per occurrence for each drug product shipped into the state of Idaho during the time it was unlicensed. In the interests of efficiency and economy, it is agreed that Respondent shall pay a fine of Forty Thousand Dollars ($40,000) for the violations outlined above in Section B. This fine shall become due only after the Board approves and executes the Order incorporating this Stipulation and shall be paid to the Board within 180 days of the date the Order is executed.

2. Failure to comply with any of the terms of this Stipulation and Consent Order may result in additional action being taken against Respondent's manufacturer license.

3. All costs associated with Respondent's compliance with the terms of this Stipulation and Order shall be borne solely by Respondent.

D. COMPLIANCE WITH STIPULATION AND CONSENT ORDER

1. The Board has authority to enforce compliance with the terms and conditions of this Stipulation. By signing this Stipulation, Respondent waives its ability to challenge the Board's lack of authority to enforce compliance on appeal to a district court. If there is reason to believe Respondent has violated any of the terms or conditions of this Stipulation, the Executive Director of the Board shall file an administrative complaint, setting forth the allegations of non-compliance and notifying Respondent, and its attorney, if applicable, that Respondent may request a hearing regarding the allegations of non-compliance. If Respondent does not request a hearing on the administrative complaint, any allegations of non-compliance will be deemed admitted.

2. If Respondent fails to comply with this Stipulation, Respondent's license may be subject to further discipline, up to and including suspension or revocation. Therefore, the Board retains jurisdiction over this proceeding until all matters are finally resolved as set forth in this Stipulation. Any action taken by the Board to enforce compliance with this Stipulation shall be in accordance with this section.

3. Any additional costs and/or attorney fees incurred by the Board in any enforcement action shall be borne solely by Respondent.

E. ACKNOWLEDGMENTS AND WAIVER OF RIGHTS

Respondent, by signature of its authorized representative hereto, hereby acknowledges the following:

1. Respondent admits to the allegations stated above in Section B. Respondent understands these allegations constitute cause for disciplinary terms upon its license. Respondent agrees the Board has jurisdiction to proceed in this matter with its consent as indicated by signature

on its behalf hereto.

2. Respondent has read the above Stipulation fully and has had the opportunity to discuss it with legal counsel. Respondent understands and acknowledges that by its terms it is waiving certain rights provided under Idaho law.

3. Respondent understands that it has, among other rights, the right to a full and complete hearing; the right to confront and cross-examine witnesses; the right to present evidence or to call witnesses, or to so testify on its own behalf; the right to reconsideration; the right to appeal this matter to district court; and all rights provided by the Idaho Administrative Procedure Act and the laws and rules governing the practice of pharmacy in Idaho. Respondent hereby freely and voluntarily waives these rights, without further process, in order to enter into this Stipulation as a resolution of the allegations contained herein.

4. Respondent understands that in signing this Stipulation, it is enabling the Board to impose disciplinary terms upon its license as set forth in Section C without further process.

5. Respondent understands the Board may approve this Stipulation as proposed, approve it subject to specified changes, or reject it. Respondent understands that, if approved as proposed, the Board will execute and issue this Stipulation and Consent Order according to the aforementioned terms, and Respondent hereby agrees to the above Stipulation for settlement. If the Board approves this Stipulation subject to changes, and those changes are acceptable, Respondent acknowledges the Stipulation will take effect, and an order modifying the terms of the Stipulation will be issued. If the changes are unacceptable or the Board rejects this Stipulation, this Stipulation will be of no effect. Admissions in this Stipulation and negotiations preceding the signing of this Stipulation will not be admissible at any subsequent disciplinary hearing.

6. In the event this Stipulation is rejected by the Board or any changes proposed by the Board are not accepted, Respondent waives any right it may have to challenge the Board's

impartiality to hear the allegations in any subsequent administrative complaint based on the fact that the Board has considered and rejected this Stipulation.

7. Respondent understands the Board shall have the right to make full disclosure of this Stipulation and Consent Order to any state, agency or individual requesting information subject to any applicable provisions of the Idaho Public Records Act, title 9, chapter 3, Idaho Code.

8. Respondent understands this Stipulation and Consent Order is the resolution of a contested case and is a **public record**.

9. This Stipulation contains the entire agreement between the parties, and Respondent is not relying on any other agreement or representation of any kind, verbal or otherwise.

10. This Stipulation shall be presented to the Board with a recommendation for approval from the Executive Director of the Board and the Deputy Attorney General responsible for prosecution before the Board at the next regularly-scheduled meeting of the Board.

11. Except for Paragraph E.6., which becomes effective when Respondent signs this Stipulation, this Stipulation shall not become effective until it has been approved by a majority of the Board, and a Board member signs the attached Order.

To Whom it May concern:

Elanco turned in all applicable renewal documentation to the Alabama Board of Pharmacy by the deadline of 12/31/2022. As the documentation was not reviewed by the Regulator by January 1st Alabama considered our renewal expired. Once this was confirmed to Elanco on January 11th we stopped all shipments into the state until approval was received. We were fined $500.00

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against Elanco US, Inc. which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement"), alleging violations of the Alabama Pharmacy Practice Act. These allegations with particularity are set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975), § 41-22-12(f), the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds that Elanco US, Inc. violated the applicable provisions of law based upon the conduct set out in Count One of the Statement.

2. Elanco US, Inc. shall pay to the Board an administrative fine in the amount of Five Hundred dollars ($500.00) within thirty (30) days of the effective date of this Order which is the date it is executed on behalf of the Board. This obligation of payment to the Board shall not be dischargeable in bankruptcy and Elanco US, Inc. shall not attempt to discharge the same in any bankruptcy proceeding.

3. That Elanco US, Inc. expressly waives its rights pursuant to the Alabama Pharmacy Practice Act, the Alabama Administrative Procedures Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama

(1975), §34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), § 20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. Elanco US, Inc. further waives any objection to the attorney for the Board preparing, drafting or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, Elanco US, Inc. hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims; damages, fees or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. Elanco US, Inc. acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against Elanco US, Inc.'s permit, including, but not limited to revocation.

6. That Elanco US, Inc. acknowledges, stipulates and agrees that it has read this Consent Order and that it fully understands the terms, conditions and contents of the same. Elanco US, Inc. acknowledges, stipulates and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and had the right to seek advice of counsel before executing this Consent Order.

STATEMENT OF CHARGES AND NOTICE OF HEARING

TO: Elanco US Inc.
12809 Shawnee Mission Parkway
Shawnee Mission, Kansas 66216

Pursuant to the provisions of Code of Alabama (1975), § 34-23-32, § 34-23-92(12) and Code of Alabama (1975), § 41-22-12, you are hereby notified and requested to appear before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on October 12, 2021 at 8:00 a.m., at the State Board of Pharmacy Conference Room, 111 Village Street, Birmingham, Alabama 35242, and from time to time thereafter as may be required by the Board for the purpose of a hearing to determine why the permit to operate Elanco US Inc. (Elanco) as a Manufacturer should not be revoked, suspended or placed on probation or a monetary penalty imposed and/or a renewal of the same should be granted in that it is alleged that Elanco has been guilty of the following, to-wit:

1. Board Rule 680-X-2.23 is entitled Drug Manufacturers, Wholesale Distributors.

2. Board Rule 680-X-2.23(3) provides that the Board of Pharmacy shall consider, at a minimum, certain factors in reviewing the qualifications of those who engage in the wholesale distribution of drugs within Alabama. Those minimum factors include:

(a) Compliance with licensing requirements under previously granted license, if any.

(b) Any other factors or qualifications the Board of Pharmacy considers relevant to and consistent with public health and safety.

3. Board Rule 680-X-2.23(3)(k)(1) provides that it shall be a violation of this Rule to operate in such a manner as to endanger public health.

4. Board Rule 680-X-2.23(3)(k)(2) provides any violation of this Rule may be grounds for the revocation, suspension, probation or refusal to issue the permit and/or to impose a fine not to exceed the sum of One Thousand and no/100 Dollars ($1,000) for each violation.

5. Board Rule 680-X-2.23(3)(k)(3) provides that must operate in compliance with applicable Federal and State law.

6. Code of Alabama (1975), § 34-23-32 requires a current and valid permit in order to engage in the activities set out therein.

COUNT ONE

Violating Code of Alabama (1975), § 34-23-32(2)(a), (d) and/or (f) by conducting business during 2021 without a current or valid permit to do so.

The Board alleges that each distribution is a separate and distinct violation.

At the aforesaid time and place and from time to time thereafter as may be directed by the Board, you may be represented by an attorney, if you so desire, cross-examine all witnesses who testify against you and present such evidence in your own behalf in response to these charges as you consider necessary and appropriate.

Kim,

As you can see in the attached email I also provided this information to you before the license expired via email stating I made a mistake in the online application.

Since this information was provided to the board before the license expired and before the deficiency notice was sent do you need the renewal statement?

Not matter when you submitted the documents the renewal is not complete until it is reviewed and approved. This is why we open the renewal season on September 1, to allow adequate processing and review time. Your permit expired on 12/31/2020. The renewal has not been approved because the submission was incomplete. You need to submit the renewal statement and the items requested in the deficiency notice.

Thanks,

SETTLEMENT AGREEMENT

Pursuant to Section 120.57(4), Florida Statutes, the above-named parties hereby enter into this Settlement Agreement (hereinafter, "this agreement") as disposition of the alleged violations described in the Notice of Violation in case number 2019-055050 (hereinafter, "the allegations"). The terms herein become effective upon rendition of the final order, which shall incorporate this agreement.

The State of Florida, Department of Business & Professional Regulation, Division of Drugs, Devices, and Cosmetics (hereinafter, "the Department") is charged with regulating Drugs, Devices, and Cosmetics pursuant to Section 20.165 and Chapter 499, Florida Statutes.

STIPULATED FACTS

1. Elanco US, Inc. (hereinafter, "Respondent") is permitted as a non-resident prescription drug manufacturer by the Department, having been issued permit number 26:1837.

2. Respondent's address of record is 2500 Innovation Way, Greenfield, IN 46140.

3. Respondent was issued a Notice of Violation on December 4, 2020, alleging that it committed certain violations of Chapter 499, Florida Statutes, and the administrative rules adopted pursuant thereto.

CONCLUSIONS OF LAW

4. Respondent, by and through its undersigned agent, admits that it is subject to the applicable provisions of Chapter 499, Florida Statutes, and the relevant jurisdiction of the Department.

5. Respondent neither admits nor denies the allegations in the Notice of Violation issued in case number 2019-055050, but enters into this agreement for the purpose of resolving the issues raised by the Department.

SETTLEMENT TERMS

6. Respondent affirms that it is currently in compliance with Chapter 499, Florida Statutes.

7. Respondent agrees to pay a settlement amount of five thousand dollars ($5,000.00). **Payment of the settlement amount shall be made only by corporate check, cashier's check, or money order to the Professional Regulation Trust Fund, and shall be remitted to The Florida Department of Business & Professional Regulation, Division of Drugs, Devices and Cosmetics, 2601 Blair Stone Road, Tallahassee, Florida 32399-1047, Attention: Taya Orozco, Senior Legal Assistant**. Respondent acknowledges that payment is enclosed with this agreement. The payment and execution of this agreement by Respondent are absolute conditions precedent to the Department's execution of this agreement.

8. The acceptance of this agreement constitutes disciplinary action within the meaning of Section 499.066, Florida Statutes and Rule 61N-1.024, Florida Administrative Code.

STANDARD PROVISIONS

9. It is expressly understood that a violation of the terms of this agreement shall be considered a violation of Chapter 499, Florida Statutes, for which disciplinary action may be taken.

10. The parties agree that this agreement will be incorporated into a final order that will be filed with the Department agency clerk and will be a public document. The final order will contain no material terms other than those in this agreement. **The final order shall operate to close case number 2019-055050. The final order shall be the final disposition in this proceeding and shall constitute final agency action with respect thereto.**

11. Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of, or to otherwise challenge or contest the validity of, this agreement and the final order in which this agreement is incorporated, provided the final order does not conflict with this agreement.

12. Respondent waives the right to seek any attorney's fees or costs from the Department in connection with this proceeding.

13. This agreement may be executed in any number of counterparts including, without limitation, telecopies and facsimile transmission copies, all of which together shall constitute a single document.

14. The parties agree that this agreement represents a fair, appropriate, and reasonable resolution to, and final disposition of, all disputes and matters made subject hereof.

15. The terms and provisions of this agreement are severable and, if any term or provision is declared or deemed void, invalid, illegal, or otherwise unenforceable, then all remaining terms and provisions shall remain in full force and effect.

16. It is expressly understood that this agreement is subject to approval of the Division of Drugs, Devices, and Cosmetics, and has no force or effect until the Division accepts this agreement and adopts it in a final order.

17. The signatories hereto are vested with the authority to execute this agreement on behalf of their respective principals and, as duly designated representatives, to fully bind such

principals.

To Whom It May Concern:

In July 2016, the Ohio State Board of Pharmacy changed its laws regarding Virtual Wholesalers and Virtual Manufacturers requiring either a VAWD Accreditation or a home state license. In Indiana, no home state license is required for veterinary wholesalers or manufacturers. Elanco was in the process of changing over Novartis Animal Health US Inc. applications to Elanco US Inc. after the acquisition. Since Novartis Animal Health US Inc. never held a license in Ohio Elanco US Inc. did not get a grace period to comply with these new laws. Elanco US Inc. stopped sales into Ohio for 6 months. Elanco petitioned the Indiana Board of Pharmacy after submitting our VAWD application and an Indiana license was granted. We are now licensed to sell in Ohio.

Please let me know if you have any further questions.

Re: Application for Virtual Wholesale Distributor of Dangerous Drugs Licensing

Ms. Estela,

We are in receipt of your application for an Ohio Wholesale Distributor of Dangerous Drugs license as a Virtual Manufacturer/Broker. Your application is incomplete because you have not submitted your state license verification where the facility is physically located and/or proof of Verified-Accredited Wholesale Distributors (VAWD) accreditation pursuant to rule 4729-9-28 of the Ohio Administrative Code.

The State of Ohio Board of Pharmacy recognizes that virtual distributors/brokers do not store drugs onsite; however, virtual distributors/brokers are responsible for proper record keeping of wholesale transactions and for ensuring that the dangerous drugs are legitimate, FDA approved drugs. Therefore, the wholesale distributor of dangerous drugs shall possess a current, valid license in the state in which they are physically located and must be in good standing. If the home state does not license virtual wholesale distributors/brokers, one of the requirements for Ohio licensure is that the facility must obtain/maintain VAWD accreditation from the National Association of Boards of Pharmacy (NABP).

Please resubmit your application with your home state license verification or VAWD accreditation with a copy of this letter within thirty (30) days. If the requested documents are not received within this time frame, the application will be considered abandoned and the application fee forfeited.

We appreciate your concern regarding this matter. If you need any additional assistance or have any additional questions, please do not hesitate to contact me directly.

Thank you,

Bond No. L265860-2113

Application/License No. _____

Independent Pharmacy Distributor LLC dba MFG TPL (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 518 Old Thomasville Road, High Point, NC 27260 (Address of Applicant/Principal), as PRINCIPAL, and LEXINGTON NATIONAL INSURANCE CORPORATION (Surety Company), a corporation organized under the laws of the state of Florida (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is P.O. BOX 6098, LUTHERVILLE, MD 21094 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 06/20/2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 26th day of June, 2023.

- Please contact this office immediately if any information on this license is incorrect.
- This license must be displayed at the address licensed.
- The license renewal application and fee are due every two years BEFORE the anniversary date. Please note that it is the responsibility of the license holder to remit the licensure fee before the expiration date, whether a payment notice is received or not. Failure to submit the renewal fee before the expiration date will result in a $100.00 delinquency fee for each location and must be remitted before the license will be issued.
- A license that is amended, including a change of name, ownership, legal entity, or a notification of a change in the location of a licensed place of business will require submission of new application and fee. Applications for these changes can be downloaded from our website at **www.dshs.texas.gov**.
- Please submit written notice if you close or sell your business.
- If you have any questions or desire additional information concerning the application process or this license, please contact the Drug and Device Business Filing and Verification Unit at (512) 834-6727. In order to serve you better, DSHS would like you to complete the short online survey at: **https://www.surveymonkey.com/r/RLUsurvey**. The information you provide will assist DSHS in its efforts to continually improve and become more responsive to the needs of its customers. Thank you in advance for your cooperation.

Bond No. 5328091

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 19th day of June, 2023.

Managing Pharmacist Name: SOHEILA BAGHBANBASHI Pharmacist Registration #: NV 11821

Pharmacy Name: All westcare Pharmacy LLC

Initial each statement below to indicate you have read and agree with the following:

SB I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

SB I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

SB I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

SB I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

Managing Pharmacist Name: Talia Jespersen Pharmacist Registration #: 19077

Pharmacy Name: ER at North Las Vegas, an Extension of Valley Hospital

Initial each statement below to indicate you have read and agree with the following:

TJ I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

TJ I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

TJ I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

TJ I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

TJ I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Initial each statement below to indicate you have read and agree with the following:

JB I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

JB I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

JB I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

JB I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

JB I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Board Use Only	Date Received: _____	Amount: 500.00 # 12889411

On March 7th 2000 I violated a very important California law by driving under the influence of alcohol with a blood alcohol level of between .10 and .11. My charges were the following: VC 23152: (a) It is unlawful for any person who is under the influence of any alcoholic beverage or drug, or under the combined influence of any alcoholic beverage and drug, to drive a vehicle. (b) It is unlawful for any person who has 0.08 percent or more, by weight, of alcohol in his or her blood to drive a vehicle. For purposes of this article and Section 34501.16, percent, by weight, of alcohol in a person's blood is based upon grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

In this case I paid a heavy fine of over eleven hundred dollars, in addition to this, my driver's license was suspended and I had to attend a weekly education program for three months.

The location of this situation took place in Modesto, California. The circumstances surrounding this situation, was in part work-related. At this time I worked at a local restaurant where I was a server. After work I stayed to have some food and a drink with co-workers and before I knew it one of our co-workers ended up drinking more than her fair share of alcoholic beverages. Therefore I miss judged my body weight per alcohol consumption and offered to drive her home. It was on my way to her house that I was pulled over and given this citation. By no way am I denying my lack of judgment but I am merely providing an explanation to a very embarrassing situation of my past.

In addition to this violation, on October 10, 2002 I fell in violation of VC 23103 (BAC .10-.08). This being a similar situation, of working at a restaurant in Sacramento, California, were we would frequently be asked by management to do wine pairing tests with wine and food. This particular evening I received a phone call from a friend in distress that needed me to come pick her up downtown Sacramento, California. At this time, I didn't feel impaired to drive my vehicle and being shaken up by my friend's phone call, I quickly left without thinking about the alcohol that I had just consumed.

In this particular situation I felt that my alcohol content was well within the limits of the law, therefore I hired an attorney to help me with this case. My attorney and I found numerous mistakes within the arresting officer's documentation and therefore the court drastically reduced my fine. In addition, DMV dismissed this charge and my license was not suspended, due to reasonable doubt on being over the legal limit. Likewise with the court, I received a fine of eight hundred dollars and community service of five days.

This situation was very upsetting, embarrassing, and disturbing for myself, which invoked major changes to my life. I quit my place of employment, of working in a restaurant, and started pursuing my education full-time with work in a screen printing shop on a part-time bases. I can honestly say without a doubt that this situation scared me to never drink and drive again. These two horrible choices of drinking and driving and the circumstances surrounding the outcome of doing such a thing, has made me the person I am today. I am strong, determined, educated on the facts of drinking and driving, and motivated in making my life successful. In addition, when I get the chance

05/02/2023

of watching a person who is thinking about getting in the car after a few alcoholic beverages I strongly advise them not to do something so stupid, and I follow up with discussion about my situations of the past.

If this letter requires any further information please feel free in contacting me at [redacted] Also my attorney stated that if need be he could provide any assistance on this matter with letters or conversations (phone: 916-457-0132).

On March 7th 2000 I violated a very important California law by driving under the influence of alcohol with a blood alcohol level of between .10 and .11. My charges were the following: VC 23152: (a) It is unlawful for any person who is under the influence of any alcoholic beverage or drug, or under the combined influence of any alcoholic beverage and drug, to drive a vehicle. (b) It is unlawful for any person who has 0.08 percent or more, by weight, of alcohol in his or her blood to drive a vehicle. For purposes of this article and Section 34501.16, percent, by weight, of alcohol in a person's blood is based upon grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath. In this case I paid a heavy fine of over eleven hundred dollars, in addition to this, my driver's license was suspended and I had to attend a weekly education program for three months. The location of this situation took place in Modesto, Califomia. The circumstances surrounding this situation, was in part work-related. At this time I worked at a local restaurant where I was a server. After work I stayed to have some food and a drink with co-workers and before I knew it one of our co-workers ended up drinking more than her fair share of alcoholic beverages. Therefore I miss judged my body weight per alcohol consumption and offered to drive her home. It was on my way to her house that I was pulled over and given this citation. Managing Pharmacist Name: WASEEM SARWAR Pharmacist Registration #: 20752

Pharmacy Name: PRIME CARE PHARMACY

Initial each statement below to indicate you have read and agree with the following:

WS I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

WS I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

WS I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

WS I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

WS I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Change of Ownership Application Introduction & Index

Prism Medical Products, LLC is entering into a Contribution and Exchange Agreement between Henry Schein Home Health, LLC and Henry Schein, Inc. **The effective date of the proposed transaction is projected to be on or about August 7, 2023**. Prism Medical Products, LLC's tax classification is a partnership. This partnership is between two corporations, one partner is publicly traded and one non-public. The partnership section of the application asks for Personal History Records for each partner. We included Personal History Records for each managing employee. Mr. Christopher Cartwright, Mr. Kenneth Reel, and Mr. James St. Cyr will remain as managing employees at the Operating Entity as well as partial owners of Prism Medical Products Holdings, Inc., a grandparent-level owner.

For the publicly traded partner, Henry Schein, Inc., we provided a list of Directors and Management and the Certificate of Good Standing as requested on the publicly traded page of the application. We did not complete the application publicly and non-publicly traded corporation pages as a result of guidance from the Board that only one of the four ownership type sections should be completed. We did put N/A on Sections 5 and 6, even though they both apply to the owning partners; however, the ownership type of the entity being issued a license (Prism Medical Products, LLC) is a partnership. We hope that the information provided in this application will satisfy the Board's requirement.

Prism Medical Products, LLC has been licensed by Nevada Board of Pharmacy since 2014. Henry Schein, Inc. holds 11 Nevada Board of Pharmacy permits. Both entities have been previously vetted by Nevada Board of Pharmacy. Both entities have also conducted MDEG business transactions within Nevada, as appropriately licensed. As our original notice indicated, this ownership adjustment does not affect the daily management of Prism Medical Products, LLC. If additional information is required, please request via email to: compliance@prism-medical.com. Regards,

Section 3: History of Company

3. **Have the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been subject of an administrative action, board citation, cite fine or proceeding relating to the pharmaceutical industry?**

As an initial matter, the answer is "No" on behalf of the pharmacy applicant, Curexa – West, LLC.

However, out of an abundance of caution and in the interest of full disclosure, we are providing the following materials related the ***prior owner*** AdhereRx Inc. ("AdhereRx"), which is a fulsome representation of all disciplinary history that we are aware of. Both instances of disciplinary action listed below are regarding Notice of Change in AdhereRx's Pharmacist-In-Charge ("PIC") during June/July 2021.

Please see all corresponding documents enclosed.

- **February 28, 2022 - Alabama State Board of Pharmacy** ("Alabama Board"). The Alabama Board disciplined and fined AdhereRx for a failure to timely notify the Alabama Board of the 2021 change in PIC. AdhereRx paid the fine and its Alabama pharmacy license remains active and is currently in good standing.

- **July 13, 2022 - Maine Board of Pharmacy** ("Maine Board"). The Maine Board entered into a Consent Agreement with AdhereRx based on a failure to timely notify the Maine Board of the 2021 change in PIC. AdhereRx paid the fine and its Maine pharmacy license remains active and is currently in good standing.

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against AdhereRx Incorporated which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975), § 41-22-12(f), the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds that AdhereRx Incorporated has violated the provisions of law based upon the conduct set out in Count One of the Statement. Counts Two and Three of the Statement shall be dismissed.

2. AdhereRx Incorporated shall pay an administrative fine in the amount of One Thousand Dollars ($1,000.00) within thirty (30) days of the effective date of this Consent Order, that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall AdhereRx Incorporated attempt to discharge the same.

3. AdhereRx Incorporated expressly waives its rights pursuant to the Alabama Pharmacy Practice Act, the Alabama Administrative Procedure Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama

(1975), §34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), § 20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. AdhereRx Incorporated further waives any objection to the attorney for the Board preparing, drafting or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, AdhereRx Incorporated hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. AdhereRx Incorporated acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against AdhereRx Incorporated's permit, including, but not limited to revocation.

6. That AdhereRx Incorporated acknowledges, stipulates and agrees that it has read this Consent Order and that it fully understands the terms, conditions and contents of the same. AdhereRx Incorporated acknowledges, stipulates and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and is executing this Consent Order freely and voluntarily without coercion, duress, or threats or pursuant to any promises and had the right to seek advice of counsel before executing this Consent Order.

IN RE:	)	
	)	
ADHERERX INCORPORATED	)	CONSENT AGREEMENT
	)	
Complaint No. 2022-PHA-18078	)	

PARTIES

This document is a Consent Agreement regarding disciplinary action against the mail order prescription pharmacy license of AdhereRx Incorporated ("AdhereRx") in the State of Maine. The parties to this Consent Agreement are AdhereRx, the Maine Board of Pharmacy ("the Board"), and the Maine Office of the Attorney General ("the Attorney General"). This Consent Agreement is entered into pursuant to 10 M.R.S. § 8003(5-A).

FACTS

1. At all times relevant to this matter, AdhereRx was licensed by the Board as a mail order prescription pharmacy, license no. MO40002970, with a registered location of 1343 N. Colorado Street, Suite 109 in Gilbert, Arizona.
2. On June 21, 2021, AdhereRx hired a pharmacist to be its pharmacist-in-charge ("PIC") thereby requiring AdhereRx to submit a change of PIC application to the Board within 7 days after the PIC change.
3. AdhereRx, however, never submitted a change of PIC application, and its newly hired PIC resigned on July 2, 2021
4. On July 16, 2021, Debbe Kristen Escamillo took over as the PIC of AdhereRx, thereby requiring AdhereRx to submit a change of PIC application to the Board within 7 days after the PIC change.

5. AdhereRx, however, did not file a change of PIC application with the Board until July 29, 2021.
6. On February 8, 2022, Board Staff filed a complaint with the Board alleging that AdhereRx had failed to file a timely Change of PIC application.
7. The Board docketed this complaint as Complaint No. 2022-PHA-18078.
8. Under Board Rules Chapter 11, § 3, upon a change of PIC, a mail order pharmacy must file a new application with the Board by registered mail no later than seven (7) days after the change.
9. On May 5, 2022, following a presentation of the complaint, the Board voted to offer AdhereRx this Consent Agreement to resolve Complaint No. 2022-PHA-18078.
10. Absent acceptance of this Consent Agreement by signing and dating it and returning it to Jessica Gowell, Professional Licensing Supervisor, Department of Professional and Financial Regulation, 35 State House Station, Augusta, Maine 04333-0035 by June 24, 2022, the Board will resolve this matter by holding an adjudicatory hearing.

COVENANTS

3

11. AdhereRx admits to the facts as stated above and admits that such conduct constitutes grounds for imposing discipline against its license pursuant to 10 M.R.S. § 8003(5-A)(A)(5) for violating a rule of the Board, specifically Board Rules Chapter 11, § 3, by failing to file a new application with the Board by registered mail no later than 7 days after a change of PIC on two separate occasions.
12. As DISCIPLINE for the violations admitted to in paragraph 11 above, AdhereRx agrees to accept the imposition of:
    a. A CENSURE; and

b. A CIVIL PENALTY in the amount of one thousand seven hundred fifty dollars ($1,700.00). Payment of the civil penalty shall be made by certified check or money order payable to the "Treasurer, State of Maine" and delivered to Jessica Gowell, Professional Licensing Supervisor, Department of Professional and Financial Regulation, 35 State House Station, Augusta, Maine 04333-0035, within thirty (30) days of the execution of this Consent Agreement.

13. This Consent Agreement is not appealable and is effective until modified or terminated by the parties hereto.

14. Violation of any of the terms or conditions of this Consent Agreement by AdhereRx shall constitute grounds for discipline, including but not limited to modification, suspension, or revocation of licensure or the denial of licensure or re-licensure.

15. The Board and the Attorney General may communicate and cooperate regarding any matter related to this Consent Agreement.

16. This Consent Agreement is a public record within the meaning of 1 M.R.S. § 402 and will be available for inspection and copying by the public pursuant to 1 M.R.S. § 408-A.

17. Nothing in this Consent Agreement shall be construed to affect any right or interest of any person not a party hereto.

18. The Board and AdhereRx agree that no further agency action will be initiated against AdhereRx by the Board based upon the specific violations admitted to herein, except or unless AdhereRx fails to comply with the terms and conditions of this Consent Agreement. The Board may however consider the conduct described above as evidence of a pattern of misconduct if other allegations are brought against AdhereRx, and this Consent Agreement will be admitted into evidence in any future adjudicatory hearings

DocuSign Envelope ID: B078B73A-083C-482D-A7D2-E90BE005B54D

involving AdhereRx. The Board may also consider the fact that discipline was imposed by this Consent Agreement in determining discipline in any further complaints against AdhereRx.

19. This Consent Agreement may be signed in counterparts, with all counterparts together constituting one original instrument. Signatures below may be applied and/or saved electronically, and such electronic signatures will be given the same effect as a paper document signed in ink.

20. AdhereRx acknowledges by its duly authorized representative's signature hereto that it has had an opportunity to consult with an attorney before executing this Consent Agreement, that it executes this Consent Agreement voluntarily, and that it agrees to abide by all terms and conditions set forth herein.

NOTES

CarelonRx Pharmacy. Opening Pharmacy Security and Equipment inspection. Mail order pharmacy with shared services/central fill agreement. Facility will proces s all front end dispensing (receipt of script order, data entry, recordkeeping, drug utilization reviews, refill orders etc). The medication physically is being fulfilled from a central fill pharmacy under contractual agreements with "white labeling" (dba/doing business as). A real time operating system/computer is not shared b/ t the pharmacy and central fill. Technical support converts data to allow a shared informational flow for processing the fill. Working outside the pharmacy was di scussed as a potential future staffing model. Discussed R4-23-621(D) for State compliance. Pharmacist in charge selected and added into the Arizona State Board of Pharmacy profile. Operating a standard M-F 9-5:30 no Sat/Sun. No compounding. No TPN. Current business model involves mail deliveries to patient home res idence only. Central fill will route to CarelonRx at permitted location for mail stop, reconcilliation check, then transitioned to mail delivery to patient's home. No i mmunizations at this location.

Address updated to include suite C.
DEA# pending application.
CSPMP zero reports required once DEA registrant is granted. No waiver available.

Compliance Pending:
- CSPMP reporting.
- DEA registrant.

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Alexia Westerhausen hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Pharmacist In Charge (title) for Chewy Pharmacy LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

Provide explanation below:

~~what~~ My brother picked me up from the airport and while driving home we stopped for gas. When I went into the station my brother put his gun & drugs into my luggage. About a mile away from home we are pulled over due to his speeding. I was unaware of any of my brothers previous charges but it lead to a car search. They found the paraphenalia in my bag, with my flight tags still on. I was charged instead of him. I had to appeal to the courts to get my charges dismissed as they prevented me from pursuing a teaching career.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ITZEL R. CASIAN, PTT,** **Certificate of Registration No. PT27604, and** **OSVALDO D. HERNANDEZ, PTT,** **Certificate of Registration No. PT27243,** **Respondents.**	**CASE NOS. 22-401-PTT-A-S** **22-401-PTT-B-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Itzel R. Casian, Certificate of Registration No. PT27604, and Respondent Osvaldo D. Hernandez, Certificate of Registration No. PT27243, were pharmaceutical technicians in training registered with the Board.

FACTUAL ALLEGATIONS

2. On or about June 6, 2022, Respondent Hernandez fraudulently secured registration as a pharmaceutical technician in training by falsely representing on his application that he was a high school graduate or the equivalent when he was not.

3. On or about September 16, 2022, Respondent Casian fraudulently secured registration as a pharmaceutical technician in training by falsely representing on her application that she was a high school graduate or the equivalent when she was not.

APPLICABLE LAW

4. An applicant for registration as a pharmaceutical technician in training must be a high school graduate or the equivalent. NAC 639.242(1)(b).

5. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

6. Obtaining any certificate or license by the filing of an application, or any record, affidavit or other information in support thereof, which is false or fraudulent is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(10).

7. Any certificate, license or permit issued by the Board on information later found to be false or fraudulent must be automatically cancelled by the Board. NRS 639.281(2).

COUNT ONE
FRAUDULENTLY SECURING REGISTRATION

8. Respondents Hernandez and Casian engaged in unprofessional conduct as defined in NAC 639.945(1)(h) when they fraudulently secured registration as pharmaceutical technicians in training and are therefore subject to discipline pursuant to NRS 639.210(4) and (10).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

DATED this 24th day of JUNE, 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. I don't Recall ever filling out on application since I was hired on the spot at the interview by Shelley Hausrath. Weeks after my training Shelley offered me the application to became a pharmacy tech in trainig at that exact moment is when I mention to her that I was NOT high School graduate but I was in process of getting my diploma. She assure me she will find out with a friend the exact requirement to apply for this license, about 8-10 days after this I asked Shelley on an update she then proceeded to tell me that she didn't think this would be a problem since I was already in the process of getting my diploma she took an application and started to fill out with the pharmacy information and her signature then she asked me to fill out the rest and sent it out now and then I went and drop it off in a mailbox that is just outside the pharmacy trusting that this was okay since it had been approved from Shelley my manager, a pharmacist and someone with years of experience on this field now this has brought me a huge problem that I never intented of getting since all I ever wanted was to Learn and grow in the pharmacy industry since it was something I Really enjoyed. I Haveat worked in a pharmacy since I was terminated from Asplares October 2022 by Sabrina Hernandez. My Apologies, Sincerely Osvaldo Hernandez.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **PHIL YUAN-CHUNG CHEN, DO,** **Certificate of Registration No. CS19806,** **Respondent.**	**Case No. 23-016-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and this respondent because at the time of the alleged events, Respondent Phil Yuan-Chung Chen, held an expired Nevada controlled substance registration, Certificate of Registration No. CS19806, issued by the Board.

FACTUAL ALLEGATIONS

2. Respondent failed to timely renew his Certificate of Registration No. CS19806, which expired on October 31, 2022.

3. Respondent wrote six hundred and five (605) prescriptions for controlled substances between November 1, 2022, and January 18, 2023.

4. On or about January 19, 2023, Respondent renewed his Certificate of Registration No. CS19806.

APPLICABLE LAW

5. It is unlawful to prescribe a controlled substance except as authorized by law. NRS 453.321(1)(a).

6. A prescription for a controlled substance may be issued only for a legitimate medical purpose and in the usual course of his or her professional practice by an individual practitioner who holds a DEA registration and is authorized to prescribe controlled substances by the jurisdiction in which he is licensed to practice his profession. 21 U.S.C. § 822(a)(2); 21 U.S.C. § 823(f); 21 CFR § 1306.03(a)(1); NRS 453.226(1); NRS 453.321(1)(a); NRS 639.100(1); NRS 639.235(1).

7. Falsely representing oneself as a practitioner entitled to write prescriptions in this state is a felony offense. 21 U.S.C. § 841(a); 21 U.S.C. § 842(a); NRS 453.321(1)(a); NRS 453.232; NRS 639.2813(1).

8. Performing any act, task or operation for which licensure, certification or registration is required without the required license, certificate or registration constitutes unprofessional conduct and conduct contrary to the public interest pursuant to NAC 639.945(1)(k) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

9. The Board may suspend or revoke a registration if the holder has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

10. The Board may suspend or revoke a registration if the holder has violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

11. The Board may suspend or revoke a registration if the holder has failed to renew a certificate of registration by failing to submit the application for renewal. NRS 639.210(13).

12. The Board may suspend or revoke a registration to prescribe a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest as determined pursuant to NRS 453.231. NRS 453.236(1)(e) and NRS 453.241(1).

COUNT ONE
Unprofessional Conduct – Prescribing without a Valid Registration

13. By writing six hundred and five (605) prescriptions for controlled substances between November 1, 2022, and January 18, 2023, without a valid registration, Respondent engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(k), and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or NRS 639.210(4).

COUNT TWO
Violations of Federal Controlled Substances Act

14. By writing six hundred and five (605) prescriptions for controlled substances between November 1, 2022, and January 18, 2023, without a valid registration, Respondent falsely represented himself as a practitioner entitled to write prescriptions in this state and violated, attempted to violate, assisted or abetted in the violation of or conspired to violate 21 U.S.C. § 822(a)(2), 21 U.S.C. § 823(f), 21 U.S.C. § 841(a), 21 U.S.C. § 842(a) and/or 21 CFR § 1306.03(a)(1), and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(11).

COUNT THREE
Violations of State Controlled Substances Act

15. By writing six hundred and five (605) prescriptions for controlled substances between November 1, 2022, and January 18, 2023, without a valid registration, Respondent falsely represented himself as a practitioner entitled to write prescriptions in this state and violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 453.226(1), NRS 453.232, NRS 453.321(1)(a), NRS 639.100(1), NRS 639.235(1)and/or NRS 639.2813(1), and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(12).

COUNT FOUR
Failure to Time Renew Controlled Substance Registration

16. By failing to timely renew his Certificate of Registration CS09766, Respondent is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(13).

COUNT FIVE

Commission of Acts that Render Registration Inconsistent with the Public Interest

17. By writing six hundred and five (605) prescriptions for controlled substances between November 1, 2022, and January 18, 2023, without a valid registration, and falsely representing himself as a practitioner entitled to write prescriptions in this state, Respondent committed an act that would render his registration inconsistent with the public interest, and is subject to discipline pursuant to NRS 453.236(1)(e) and/or NRS 453.241(1).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Signed this 29th day of JUNE 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **PHIL YUAN-CHUNG CHEN, DO,** **Certificate of Registration No. CS19806,** **Respondent.**	**Case No. 23-016-CS-S** **STIPULATION AND ORDER**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, by and through General Counsel Brett Kandt, and Respondent Phil Yuan-Chung Chen, Certificate of Registration No. CS19806, by and through counsel, Sean M. Kelly, Esq., **HEREBY STIPULATE AND AGREE THAT**:

1. The Board has jurisdiction over Respondent and this matter.

2. On or about June 29, 2023, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.

3. Respondent is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

4. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to him pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

5. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions

of this Stipulation, Respondent hereby freely and voluntarily waives his rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to him by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

6. Respondent admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in the Accusation, *to wit*:

A. Respondent failed to timely renew his Certificate of Registration No. CS19806, which expired on October 31, 2022;

B. By writing six hundred and five (605) prescriptions for controlled substances between November 1, 2022, and January 18, 2023, without a valid registration, Respondent falsely represented himself as a practitioner entitled to write prescriptions in this state in violation of 21 U.S.C. § 822(a)(2), 21 U.S.C. § 823(f), 21 U.S.C. § 841(a), 21 U.S.C. § 842(a), 21 CFR § 1306.03(a)(1), NRS 453.226(1), NRS 453.232, NRS 453.321(1)(a), NRS 639.100(1), NRS 639.235(1) and/or NRS 639.2813(1);

C. By failing to timely renew his Certificate of Registration CS09766, Respondent is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(13); and

D. Respondent engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(k) and committed an act that would render his registration inconsistent with the public interest.

7. Those violations are plead with particularity in the Accusation, and are grounds for action pursuant to NRS 453.236(1), NRS 453.241(1), NRS 639.210 and/or NRS 639.255.

8. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Phil Yuan-Chung Chen, Certificate of Registration No. CS19806, stipulate to the following penalties:

A. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Respondent shall pay a fine of Five Thousand Dollars ($5000.00) for the violations, through monthly payments pursuant to the following schedule:

Due Date	Amount
11/1/2023	500.00
12/1/2023	500.00
1/1/2024	500.00
2/1/2024	500.00
3/1/2024	500.00
4/1/2024	500.00
5/1/2024	500.00
6/1/2024	500.00
7/1/2024	500.00
8/1/2024	500.00
TOTAL	**$5000.00**

Respondent shall make the monthly payments of the fine by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Respondent has the right to pre-pay any or all of the payments;

B. Pursuant to NRS 622.400, Respondent shall pay Five Hundred Dollars ($500.00) to partially reimburse the Board for reasonable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter, by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of entry of this Order.

9. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause

hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapters 453 and 639.

10. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on October 11, 2023. Respondent will appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting.

11. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

12. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

13. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **JAMES R. EELLS, M.D.,** **Certificate of Registration No. CS22639,** **Respondent.**	**Case No. 19-081-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent James R. Eells, M.D. (Respondent), because Respondent holds a Nevada controlled substance registration, Certificate of Registration No. CS22639, authorizing him to prescribe controlled substances.

2. The Board has jurisdiction over the subject matter of this accusation because Respondent, as alleged below, engaged in conduct that implicates his fitness to prescribe controlled substances and/or to hold a certificate of registration issued by the Board.

FACTUAL ALLEGATIONS

3. Respondent is a physician licensed by the Nevada State Board of Medical Examiners to practice medicine in Nevada. During the time periods discussed herein, Respondent was a "practitioner" as that term is defined at NRS 453.126 and NRS 639.0125.

4. Between January 1, 2018, and June 4, 2019, Respondent maintained an office at 7020 Smoke Ranch Road, Suite 110, in Las Vegas, Nevada, where he operated a business under the name "Hangover Rescue." Respondent advertised and/or marketed the business as a medical practice in which health care professionals deliver and administer intravenous (IV) hydration treatments to patients

in their homes and/or in their hotel rooms. Respondent represented to prospective customers that these treatments were beneficial for persons suffering from headaches, nausea, muscle pain, and other symptoms associated with excess consumption of alcohol.

5. At all times relevant to this accusation, Respondent identified himself as the "medical director" of Hangover Rescue. Respondent either employed or worked in partnership with Staci Wilcox, R.N. (Nurse Wilcox), a registered nurse, and Bryce Wilcox, a licensed paramedic (Paramedic Wilcox). Respondent rarely supervised Nurse Wilcox and Paramedic Wilcox in the performance of their medical duties.

6. With the knowledge and consent of Respondent, and/or at his direction, Nurse Wilcox and/or Paramedic Wilcox ordered, purchased, stored, possessed, sold, transported, delivered, furnished, dispensed, and/or administered IV fluids and/or injectable medications, including sodium chloride, ketorolac, famotidine, ondansetron, glutathione, and diphenhydramine. These constitute "parenteral solutions" as that term is defined at NRS 639.0105. These are also "dangerous drugs" as that term is defined at NRS 454.201.

7. At various times between January 1, 2018, and June 4, 2019, Nurse Wilcox and/or Paramedic Wilcox delivered parenteral solutions to Hangover Rescue's customers in their homes, in their hotel rooms, or at other sites remote from Respondent's office. Upon arrival at any given site, Nurse Wilcox and/or Paramedic Wilcox administered parenteral solutions to the customer outside of Respondent's presence and without a prescription. In the few instances where Respondent may have issued a prescription for the customer, Respondent did not establish a bona fide therapeutic relationship with the customer.

8. At no time relevant to this accusation was Nurse Wilcox or Paramedic Wilcox a "practitioner" as that term is defined at NRS 453.126 and NRS 639.0125. At no time relevant to this accusation did Nurse Wilcox or Paramedic Wilcox hold a registration or license to prescribe or dispense dangerous drugs.

9. During the periods described herein, Respondent failed to maintain patient treatment charts and/or records from which a person could reasonably determine whether Respondent had established bona fide therapeutic relationships with the customers to whom Nurse Wilcox and/or Paramedic Wilcox furnished parenteral solutions.

10. Respondent caused, directed, or permitted Nurse Wilcox and/or Paramedic Wilcox to furnish customers with parenteral solutions even though Nurse Wilcox and/or Paramedic Wilcox were not licensed or registered by the Board to prescribe or dispense dangerous drugs. Respondent knew or should have known that Nurse Wilcox and/or Paramedic Wilcox were not licensed or registered by the Board to prescribe or dispense dangerous drugs.

11. Respondent caused, directed, or permitted Nurse Wilcox and/or Paramedic Wilcox to furnish customers with parenteral solutions even though these solutions were not labeled with an expiration date as required by NRS 639.2806.

APPLICABLE LAW

12. It is unlawful to furnish dangerous drugs to anyone except upon the prescription of a practitioner. NRS 454.221(1). "'Furnish' means to supply by any means, by sale or otherwise." NRS 454.006.

13. It is unlawful to possess and administer dangerous drugs, including parenteral solutions, except as authorized by NRS 454.213. "Administer" means the direct application of a [dangerous drug] . . . whether by injection, inhalation, ingestion or any other means, to the body of a patient or research subject." NRS 454.191.

14. It is unlawful to dispense dangerous drugs, including parenteral solutions, except as authorized by NRS 454.215. *See also* 639.284(2). "'Dispense' means the furnishing of a dangerous drug in any amount greater than that which is necessary for the present and immediate needs of the ultimate user." NRS 454.211.

15. It is unlawful for any person to sell or dispense, or permit to be sold or dispensed, any dangerous drug, including a parenteral solution, unless the person holds the appropriate permit or

license issued by the Board and complies with the regulations adopted by the Board. NRS 639.100(1); NRS 454.321. A practitioner may not charge a patient for dispensing a dangerous drug to the patient unless the practitioner first applies for and obtains a certificate from the Board and pays the required fee. NRS 639.23505.

16. A parenteral solution which is used by a patient in his or her home may only be sold or dispensed by a practitioner if the date of expiration is on its label. NRS 639.2806.

17. With the knowledge and consent of Respondent, and/or at his direction, Nurse Wilcox and/or Paramedic Wilcox furnished, administered, and/or dispensed parenteral solutions to customers of Hangover Rescue in the manner alleged above. Nurse Wilcox and/or Paramedic Wilcox did so in situations where Respondent had not issued prescriptions for such parenteral solutions, in violation of NRS 454.221, and/or under circumstances not authorized by 454.213 and NRS 454.215.

18. Every practitioner who prescribes controlled substances in Nevada must secure and maintain a certificate of registration from the Board. NRS 453.226(1)(a); NRS 453.231(3). As noted above, Respondent holds a certificate of registration issued by the Board authorizing him to prescribe controlled substances.

19. The Board may revoke or suspend the certificate of registration of any practitioner who has been guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4).

20. Pursuant to NAC 639.945, a practitioner's conduct is deemed unprofessional and contrary to the public interest if the practitioner: a) performs, without the required registration, any task or operation for which registration is required; b) performs his or her duties in an incompetent, unskillful, or negligent manner; c) performs or engages in any fraudulent or deceitful transaction; d) prescribes a drug as a prescribing practitioner to a patient with whom the prescribing practitioner does not have a bona fide therapeutic relationship; or e) dispenses a drug as a dispensing practitioner to a patient with whom the dispensing practitioner does not have a bona fide therapeutic relationship. *See* NAC 639.945(1).

21. Additionally, the Board may revoke or suspend the registration of any practitioner who has violated any Nevada statute or regulation relating to drugs, the manufacture or distribution of drugs, or the practice of pharmacy. NRS 639.210(12).

22. In addition to or in lieu of revoking or suspending a practitioner's certificate of registration due to any violation described herein, the Board may impose an administrative fine upon the practitioner. The fine may not exceed $10,000 for each offense. *See* NRS 639.255(1)(f) and (3).

COUNT ONE
Unlawful Furnishing of Dangerous Drugs

23. Between January 1, 2018, and June 4, 2019, as alleged above, Respondent caused, directed, assisted, and/or permitted Nurse Wilcox and/or Paramedic Wilcox, persons then under Respondent's supervision and/or control, to store, possess, transport, sell, deliver, furnish, dispense, and/or administer parenteral solutions.

24. Nurse Wilcox and/or Paramedic Wilcox engaged in the above conduct in a manner and under circumstances not authorized by NRS 454.213 and NRS 454.215. As the medical director who supervised and/or directed their activities, Respondent violated or assisted in the violation of Nevada statutes related to dangerous drugs. Accordingly, Respondent is subject to discipline pursuant to NRS 639.210(12).

COUNT TWO
Dispensing without a Registration

25. Pursuant to NRS 639.23505, Respondent was required to obtain a registration to engage in the activity described in Count One above. Respondent did not obtain such a registration, nor did he comply with applicable statutes and regulations governing dispensing practitioners.

26. As alleged above, Respondent sold and/or dispensed dangerous drugs without the appropriate certificate issued by the Board, a violation of NRS 639.100(1). Accordingly, Respondent is subject to discipline pursuant to NRS 639.210(12) because he violated a Nevada statute related to dangerous drugs.

COUNT THREE
Dispensing without a Prescription

27. Between January 1, 2018, and June 4, 2019, as alleged above, Respondent caused, directed, assisted, and/or permitted Nurse Wilcox and/or Paramedic Wilcox, persons then under Respondent's supervision and/or control, to sell, deliver, furnish, dispense, and/or administer parenteral solutions to customers of Hangover Rescue outside of Respondent's presence and at locations remote from Respondent's office. Respondent did so without first having issued prescriptions as required by NRS 454.221.

28. By failing to issue prescriptions before selling or assisting in the sale and/or dispensing of parenteral solutions, Respondent violated or assisted in the violation of NRS 454.221. Accordingly, Respondent is subject to discipline pursuant to NRS 639.210(12) because he violated a Nevada statute related to dangerous drugs.

COUNT FOUR
Failure to Label Parenteral Solutions with Expiration Dates

29. Between January 1, 2018, and June 4, 2019, as alleged above, Respondent caused, directed, assisted, and/or permitted Nurse Wilcox and/or Paramedic Wilcox, persons then under Respondent's supervision and/or control, to sell, deliver, furnish, dispense, and/or administer parenteral solutions to customers of Hangover Rescue outside of Respondent's presence and at locations remote from Respondent's office. Respondent did so without having labeled the solutions with an expiration date as required by NRS 639.2806.

30. By failing to label parenteral solutions before causing them to be sold, furnished, and/or dispensed to Hangover Rescue's customers in their homes, hotel rooms, and/or other remote sites, Respondent violated or assisted in the violation of NRS 639.2806. Accordingly, Respondent is subject to discipline pursuant to NRS 639.210(12) because he violated a Nevada statute related to dangerous drugs.

COUNT FIVE
Engaging in Deceitful Transactions

31. Between January 1, 2018, and June 4, 2019, Respondent advertised and/or marketed Hangover Rescue as a business specializing in the provision of IV hydration treatments to people in their homes, their hotel rooms, and at other sites remote from Respondent's office. Respondent further represented to actual and prospective customers that Hangover Rescue employed a team of health care professionals who were authorized to administer such treatments to people in their homes, their hotel rooms, and/or at other remote sites.

32. By engaging in the conduct as alleged above, Respondent impliedly represented to prospective and actual customers of Hangover Rescue that he held a dispensing license and/or that he supervised all business operations, thereby ensuring that Hangover Rescue and its purported team of health care professionals were at all times compliant with Nevada law as it pertains to prescribing, storing, possessing, transporting, selling, furnishing, and/or dispensing parenteral solutions. Respondent knew or should have known that these representations were false.

33. By engaging in the conduct as alleged above, Respondent performed, was a party to, and/or engaged in "deceitful" practices or transactions within the meaning of NAC 639.945. This amounted to unprofessional conduct and/or conduct contrary to the public interest. Accordingly, pursuant to NRS 639.210(4), Respondent is subject to discipline for such conduct.

COUNT SIX
Performing Duties in an Incompetent, Unskillful, or Negligent Manner

34. Between January 1, 2018, and June 4, 2019, as alleged above, Respondent caused, directed, assisted, and/or permitted Nurse Wilcox and/or Paramedic Wilcox, persons then under Respondent's supervision and/or control, to possess, store, sell, transport, deliver, furnish, dispense, and/or administer parenteral solutions to customers of Hangover Rescue. As alleged above, Nurse Wilcox and/or Paramedic Wilcox violated numerous laws relating to dangerous drugs, including NRS 454.213, NRS 454.215, NRS 454.221(1), NRS 454.321, NRS 639.284(2), NRS 639.23505, and NRS 639.100(1).

35. By failing to properly supervise Nurse Wilcox and/or Paramedic Wilcox in connection with their possession, storage, sale, transportation, distribution, and/or administration of parenteral solutions, Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful, and/or negligent manner. Pursuant to NAC 639.945 and NRS 639.210(4), Respondent's failure to supervise Nurse Wilcox and/or Paramedic Wilcox amounted to unprofessional conduct and/or conduct contrary to the public interest for which Respondent is subject to discipline.

COUNT SEVEN
Prescribing Dangerous Drugs without a Bona Fide Patient Relationship

36. Between January 1, 2018, and June 4, 2019, as alleged above, Respondent caused, directed, assisted, and/or permitted Nurse Wilcox and/or Paramedic Wilcox, persons then under Respondent's supervision and/or control, to deliver, furnish, and/or administer parenteral solutions to customers of Hangover Rescue in their homes, their hotel rooms, and/or at other sites remote from Respondent's office. To the extent that Respondent issued prescriptions for these parenteral solutions, Respondent failed to establish bona fide therapeutic relationships with the customers to whom he issued said prescriptions.

37. By failing to establish bona fide therapeutic relations with any customers to whom he issued prescriptions for parenteral solutions, Respondent engaged in unprofessional conduct and/or conduct contrary to the public interest. Accordingly, Respondent is subject to discipline pursuant to NAC 639.945 and NRS 639.210(4).

COUNT EIGHT
Dispensing Dangerous Drugs without a Bona Fide Patient Relationship

38. Between January 1, 2018, and June 4, 2019, as alleged above, Respondent caused, directed, assisted, and/or permitted Nurse Wilcox and/or Paramedic Wilcox, persons then under Respondent's supervision and/or control, to deliver, furnish, and/or administer parenteral solutions to

customers of Hangover Rescue in their homes, their hotel rooms, and at other sites remote from Respondent's office.

39. By engaging in the conduct alleged above, Respondent "dispensed" parenteral solutions within the meaning of NRS 454.211. Respondent did so without having established bona fide therapeutic relationships with one or more of the customers for whom he dispensed parenteral solutions. This amounted to unprofessional conduct and/or conduct contrary to the public interest. Accordingly, Respondent is subject to discipline pursuant to NAC 639.945 and NRS 639.210(4).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 29th day of JUNE 2023.

Attorneys for James R. Eells, M.D.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. JAMES R. EELLS, M.D., Certificate of Registration No. CS22639, Respondent.	CASE NO.: 19-081-CS-S **ANSWER AND NOTICE OF DEFENSE**

Respondent above named, in answer to the Notice of Intended Action and Accusation ("Notice") filed in the above-titled matter before the Nevada States Board of Pharmacy (the "Board"), declares:

1. That his objections to the Notice of Intended Action and Accusation ("Notice") as being incomplete or failing to state clearly the charges against him, is hereby interposed on the following grounds:

A. Failure to State a Claim. As alleged, the allegations in Paragraphs 5, 6, 7, 9, 10, and 11, as reflected in Counts One through Eight, violate Dr. Eells's Sixth Amendment rights and are unconstitutionally vague because they fail to apprise the Respondent, with reasonable certainty, of the allegations against him and, thus, deprive him of the ability to prepare a defense. *United States v. Estrada-Iglesias,* 425 F. Supp. 3d 1265, 1269 (D. Nev. 2019).

Paragraphs 5, 6, 7, 9, 10, and 11 generally allege that Dr. Eells failed to adequately supervise staff, failed to maintain medical records, and allowed unauthorized persons to order, purchase, store, possess, sell, transport, deliver, furnish, dispense, and/or administer dangerous drugs. The Complaint fails to specify dates (other than a broad range of eighteen (18) months), times, locations, or patients associated with these alleged events. By failing to identify specific persons and instances on dates certain, the Notice of Intended Action and Accusation deprives Respondent of the ability to defend himself adequately.

B. False Accusations, Reckless Prosecution and Abuse of Discretion. The allegations contained in Paragraphs 7 and 9, as reflected in Counts 3, 7, and 8, are demonstrably false, as no medical records have been requested by or provided to the Board by Respondent. Petitioner knew or should have known that it did not possess any medical records, or indeed any patient names or identifiers, related to Respondent and/or Hangover Rescue. Counts 3, 7, and 8 necessarily fail in the absence of such records. Petitioner has therefore knowingly published false accusations against the Respondent, is recklessly attempting to prosecute Respondent on charges for which it does not possess (and never requested as part of its investigation) any evidence. Petitioner has abused its discretion in filing this accusation against Respondent, who must now expend resources to defend against unprovable charges, and may suffer irreparable harm to his professional reputation as the result of this action.

C. Lack of Jurisdiction. Respondent objects to the Board's jurisdiction to prosecute this matter, as (1) all allegations in this case relate to dangerous drugs, and (2) Respondent's authority to prescribe dangerous drugs derives from his licensure under NRS Chapter 630, and not from any authorization issued by the Board. See, NRS 454.00958(1), 454.213(1)(a).

D. The purpose of the foregoing paragraphs was to place the Board on notice of Respondent's legal objections to its Notice. Based on the foregoing, Respondent requests the Notice be rescinded in its entirety for good cause and with prejudice, or alternatively dismissed with prejudice. Respondent respectfully reserves the right to brief further and expand upon these objections at the appropriate juncture, if necessary.

2. That, in the event the Notice is not withdrawn or otherwise dismissed based upon the foregoing objections, in answer to the Notice, he admits, denies, and alleges as follows:

A. With regard to Paragraph 1, Respondent admits that he holds and has held Controlled Substance Registration, Certificate No. CS22639. Respondent objects to the Board's

jurisdiction to prosecute this matter as set forth above.

B. Paragraph 2 does not contain allegations against the Respondent. To the extent an answer is required, the Respondent denies the allegations in this paragraph.

C. With regard to Paragraphs 3 and 4, Respondent admits the allegations therein.

D. With regard to Paragraph 5, Respondent admits identifying himself as "medical director" of Hangover Rescue and admits Nurse Wilcox and Paramedic Wilcox were independent contractors of Hangover Rescue. Respondent cannot respond to the remaining vague and overly broad allegations without further information, as set forth in his objection above, and, thus, denies the remaining allegations contained in Paragraph 5 on that basis.

E. With regard to Paragraph 6, the allegations contained therein are overly broad and lack specificity. Respondent cannot respond to these allegations without further information, as set forth in his objection above, and, thus, denies the allegations contained in Paragraph 6 on that basis.

F. With regard to Paragraph 7, the allegations contained therein are overly broad and lack specificity. Respondent cannot respond to these allegations without further information, as set forth in his objection above, and, thus, denies the allegations contained in Paragraph 7 on that basis. Without waiving his objection, Respondent asserts a bona fide relationship was established between Respondent and each Hangover Rescue patient (estimated to be 10 or 20 patients total through its tenure of operations) via telehealth, and that a prescription was documented for each patient treated through Hangover Rescue.

G. Paragraph 8 does not contain allegations against Respondent. To the extent an answer is required, Respondent denies the allegations in these paragraphs. Respondent objects to reference to NRS 453.126 in Paragraph 8, as NRS Chapter 453 relates to controlled substances which are not at issue in this case.

H. With regard to Paragraph 9, the allegations contained therein are overly broad and lack specificity. Respondent cannot respond to these allegations without further information, as set forth in his objection above, and, thus, denies the allegations contained in Paragraph 9 on that basis. Respondent further objects to any counts arising from the allegations contained in Paragraph 9, as Respondent denies ever receiving or responding to a request for medical records from the Board, and thus there can be no evidentiary basis for the allegations

contained in Paragraph 9.

I. With regard to Paragraph 10, the allegations contained therein are overly broad and lack specificity. Respondent cannot respond to these allegations without further information, as set forth in his objection above, and, thus, denies the allegations contained in Paragraph 10 on that basis. Without waiving his objection, Respondent denies Hangover Rescue "dispensed" (as defined in NRS 454.211 and referenced in Paragraph 14 of the Notice) any dangerous drugs to any patient, and asserts that all treatments administered through Hangover Rescue were pursuant to a valid prescription in the context of a bona fide therapeutic relationship as defined under NAC 639.945(3).

J. With regard to Paragraph 11, the allegations contained therein are overly broad and lack specificity. Respondent cannot respond to these allegations without further information, as set forth in his objection above, and, thus, denies the allegations contained in Paragraph 11 on that basis.

K. Paragraph 12 does not contain allegations against Respondent. To the extent an answer is required, Respondent denies the allegations in this paragraph.

L. Paragraph 13 does not contain allegations against Respondent. To the extent an answer is required, Respondent denies the allegations in this paragraph. Respondent notes NRS 454.213(1)(c) permits a licensed registered nurse, such as Nurse Wilcox, to possess and administer dangerous drugs at the direction of a prescribing physician, or pursuant to a chart order for administration to a patient at another location.

M. Paragraphs 14-16 do not contain allegations against Respondent. To the extent an answer is required, Respondent denies the allegations in these paragraphs.

N. With regard to Paragraph 17, the allegations contained therein are overly broad and lack specificity. Respondent cannot respond to these allegations without further information, as set forth in his objection above, and, thus, denies the allegations contained in Paragraph 17 on that basis. Without waiving his objection, Respondent asserts, as above, that a bona fide relationship was established between Respondent and each Hangover Rescue patient via telehealth, and that a prescription was documented for each patient treated through Hangover Rescue.

O. With regard to Paragraph 18, Respondent admits he holds a certificate of registration to prescribe controlled substances issued by the Board. However, Respondent asserts

his authority to prescribe dangerous drugs derives from his status as a physician licensed pursuant to NRS Chapter 630. See, NRS 454.00958(1), 454.213(1)(a). Respondent objects to the Notice's references to NRS 453.226(1)(a) and 453.231(3) as irrelevant, as there has been no allegation against Respondent of any violations related to controlled substances.

P. Paragraphs 19-22 do not contain allegations against Respondent. To the extent an answer is required, Respondent denies the allegations in these paragraphs.

Q. With regard to Paragraphs 23 through 39, Respondent denies the allegations therein.

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to best of my knowledge.

Dated this 9th day of August, 2023.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **JAMES R. EELLS, M.D.,** **Certificate of Registration No. CS22639,** **Respondent.**	**Case No. 19-081-CS-S** **STIPULATION AND ORDER**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, by and through its Board Prosecutor, Gregory L. Zunino, and Respondent James R. Eells, M.D. ("Respondent Eells"), Certificate of Registration No. CS22639, hereby stipulate and agree as follows:

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over Respondent Eells and this matter.

2. The Board's staff properly served Respondent Eells with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. Respondent Eells has consulted with his attorney, and he acknowledges that he understands the terms of this Stipulation and Proposed Order ("Stipulation"), and that he has executed the Stipulation knowingly and voluntarily.

4. Respondent Eells acknowledges that he is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded Respondent Eells under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

5. Conditioned on the acceptance of this Stipulation by the Board, and excluding the right to challenge any determination that Respondent Eells has failed to comply with the provisions of the paragraphs below, Respondent Eells acknowledges that he freely and voluntarily waives his rights to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

6. Respondent Eells admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged against Respondent Eells in Count Two, Count Four, and Count Six of the Accusation, *to wit*:

A. Respondent Eells is a physician licensed by the Nevada State Board of Medical Examiners to practice medicine in Nevada. During the time periods discussed below, Respondent Eells was a "practitioner" as that term is defined at NRS 453.126 and NRS 639.0125.

B. Between January 1, 2018, and June 4, 2019, Respondent Eells maintained an office at 7020 Smoke Ranch Road, Suite 110, in Las Vegas, Nevada, where he operated a business under the name "Hangover Rescue." Respondent Eells advertised and/or marketed the business as a medical practice in which health care professionals deliver and administer intravenous (IV) hydration treatments to patients in their homes and/or in their hotel rooms.

C. Respondent Eells identified himself as the "medical director" of Hangover Rescue. Respondent Eells either employed or worked in partnership with Staci Wilcox, R.N. (Nurse Wilcox), a registered nurse, and Bryce Wilcox, a licensed paramedic (Paramedic Wilcox).

D. With the knowledge and consent of Respondent Eells, and/or at his direction, Nurse Wilcox and/or Paramedic Wilcox ordered, purchased, stored, possessed, sold, transported, delivered, furnished, dispensed, and/or administered IV fluids and/or injectable medications, including sodium chloride, ketorolac, famotidine, ondansetron, glutathione, and diphenhydramine. These constitute "parenteral

solutions" as that term is defined at NRS 639.0105. These are also "dangerous drugs" as that term is defined at NRS 454.201.

E. At various times between January 1, 2018, and June 4, 2019, Nurse Wilcox and/or Paramedic Wilcox delivered parenteral solutions to Hangover Rescue's customers in their homes, in their hotel rooms, or at other sites remote from Respondent's office. Upon arrival at any given site, Nurse Wilcox and/or Paramedic Wilcox administered parenteral solutions to the customer outside of Respondent Eell's presence.

F. At no time was Nurse Wilcox or Paramedic Wilcox a "practitioner" as that term is defined at NRS 453.126 and NRS 639.0125. At no time did Nurse Wilcox or Paramedic Wilcox hold a registration or license to prescribe or dispense dangerous drugs.

G. Respondent Eells caused, directed, or permitted Nurse Wilcox and/or Paramedic Wilcox to furnish customers with parenteral solutions even though Nurse Wilcox and/or Paramedic Wilcox were not licensed or registered by the Board to prescribe or dispense dangerous drugs. Respondent Eells knew or should have known that Nurse Wilcox and/or Paramedic Wilcox were not licensed or registered by the Board to prescribe or dispense dangerous drugs.

H. Respondent Eells caused, directed, or permitted Nurse Wilcox and/or Paramedic Wilcox to furnish customers with parenteral solutions even though these solutions were not labeled with an expiration date as required by NRS 639.2806.

I. Respondent Eells did not secure a registration issued by the Board pursuant to NRS 639.23505 authorizing him to dispense parenteral solutions outside of his office.

J. Respondent Eells failed to properly supervise Nurse Wilcox and Paramedic Wilcox in connection with their possession, storage, transportation, delivery, dispensing, and/or administering of parenteral solutions.

7. The Board and Respondent Eells agree that Count One, Count Three, Count Five, Count Seven, and Count Eight shall be dismissed upon approval of this Stipulation by the Board. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent Eells agree to the following:

A. Respondent Eells shall pay an administrative fine in the amount of One Thousand Five Hundred and 00/100s Dollars ($1,500.00) for the violations alleged in Count Two, Count Four, and Count Six of the Accusation. Respondent Eells shall pay this fine by cashier's check, certified check, or money order made payable to "**State of Nevada, Office of the Treasurer.**" Respondent Eells shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, within thirty (30) days after the effective date of the Board's Order as stated below.

B. Respondent Eells shall pay the sum of Five Hundred and 00/100 Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. Respondent Eells shall pay such attorney's fees and costs by issuance of a cashier's check, certified check, or money order made payable to **"Nevada State Board of Pharmacy."** Respondent Eells shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, within thirty (30) days of the effective date of the Board's Order as stated below.

8. Any failure by Respondent Eells to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent Eells to appear before the Board at the next regularly scheduled meeting for a show cause

hearing. If such a hearing results in a finding of a violation by Respondent Eells, the Board may impose additional discipline upon Respondent Eells not inconsistent with the provisions of NRS Chapter 639.

9. The undersigned Board Prosecutor will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on October 11, 2023, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent Eells or his attorney fails to appear for the meeting.

10. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

11. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

12. Subject to the approval of this Stipulation by the Board, the Board and Respondent Eells agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **DELTA DRUGS,** **Pharmacy License No. PH04105,** **Respondent.**	**Case No. 20-168-PH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Delta Drugs (Respondent), an out-of-state pharmacy, because Respondent is licensed by the Board to dispense dangerous drugs and controlled substances in Nevada. Respondent holds license number PH04105.

2. The Board has jurisdiction over the subject matter of this accusation because at the time of the violations alleged below Respondent was engaged in the "practice of pharmacy" as that term is defined at NRS 639.0124.

FACTUAL ALLEGATIONS

3. Respondent, a California corporation, operates a pharmacy based in Glendale, California. On or about May 17, 2019, Respondent submitted to the Board its application to conduct business in Nevada as an out-of-state pharmacy. The Board first issued a pharmacy license to Respondent on July 23, 2019.

4. Prior to July 23, 2019, Respondent was licensed to operate a pharmacy in California but not in Nevada. Between October 20, 2018, and July 22, 2019, Respondent sold and delivered dangerous drugs and/or controlled substances to consumers in Nevada. During this time frame, according to

Respondent's own dispensing records, Respondent shipped dangerous drugs and/or controlled substances into Nevada on thirty-one separate occasions.

5. As alleged above, Respondent's activity, and that of its employees, agents, and/or representatives, amounted to "dispensing" as that term is defined at NRS 639.0065.

6. Between October 20, 2018, and July 23, 2019, Respondent employed Michael Groman (Groman) as its pharmacist-in-charge. In its application for a Nevada pharmacy license, Respondent identified Groman as its managing pharmacist. Groman, now deceased, was never registered by the Board to engage in the practice of pharmacy in Nevada.

7. Sometime after July 23, 2019, Respondent employed Jerry Whittemore (Whittemore) as its pharmacist-in-charge. Whittemore cooperated with the Board's investigation of the allegations stated herein. In a written statement dated November 12, 2020, Whittemore confirmed that Respondent had dispensed dangerous drugs and/or controlled substances to patients in Nevada between October 20, 2018, and July 23, 2019.

APPLICABLE LAW

8. It is unlawful for any person to sell or dispense, or permit to be sold or dispensed, any dangerous drug or controlled substance unless the person holds the appropriate permit or license issued by the Board and complies with the regulations adopted by the Board. NRS 639.100(1).

9. Every person who dispenses dangerous drugs or controlled substances in Nevada must secure and maintain a certificate of registration from the Board based upon demonstrated expertise and training in the practice of pharmacy. NRS 639.120; NRS 639.127; NAC 639.205–.212.

10. "'Dispense' means to deliver a controlled substance or dangerous drug to an ultimate user, patient or subject of research by or pursuant to the lawful order of a practitioner, including the prescribing by a practitioner, administering, packaging, labeling or compounding necessary to prepare the substance for that delivery." NRS 639.0065. "'Deliver' or 'delivery' means the actual, constructive, or attempted transfer of a controlled substance or dangerous drug from one person to another, whether or not there is an agency relationship.

11. Every pharmacy located outside Nevada must be licensed by the Board before shipping any dangerous drug or controlled substance to a consumer in Nevada. NRS 639.23284; NRS 639.230–639.231. Every pharmacy must be managed by a registered pharmacist, approved by the Board, who is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. NRS 639.220.

12. It is unlawful for any person who is not a registered pharmacist to manage a pharmacy or dispense dangerous drugs or controlled substances. NRS 639.284. A "registered pharmacist" is a natural person registered by the Board to engage in the practice of pharmacy only as authorized by Nevada law. NRS 639.015; NRS 639.120; NRS 639.127; NAC 639.205–.212.

13. The Board may revoke or suspend the license of any pharmacy that has violated any Nevada law or regulation relating to the practice of pharmacy. NRS 639.210(12); NRS 639.230(5). The "practice of pharmacy" includes the performance or supervision of activities associated with dispensing a dangerous drug or controlled substance. NRS 639.0124.

14. In addition to or in lieu of revoking or suspending a pharmacy's license for unlawful conduct relating to the practice of pharmacy in Nevada, the Board may impose an administrative fine upon the pharmacy. NRS 639.255(1)(f). The fine may not exceed $10,000 for each offense. NRS 639.255(3).

COUNT ONE
Unlawful Practice of Pharmacy

15. Between October 20, 2018, and July 23, 2019, Respondent, acting through its employees, agents, and/or representatives, dispensed dangerous drugs and/or controlled substances to consumers in Nevada. Respondent did so without having obtained a pharmacy license as required by Nevada law.

16. Between October 20, 2018, and July 23, 2019, Respondent allowed its employees, agents, and/or representatives to dispense dangerous drugs and/or controlled substances to consumers

in Nevada even though such persons were not registered by the Board to engage in the practice of pharmacy in Nevada.

17. Respondent's conduct as alleged above violated Nevada law relating to the practice of pharmacy, including NRS 639.100(1), NRS 639.23284, NRS 639.230, and NRS 639.231.

18. Respondent's conduct as alleged above is grounds for discipline insofar as Respondent aided or abetted the unregistered practice of pharmacy in Nevada. *See* NRS 639.210(12).

19. Respondent's conduct as alleged above is grounds for discipline insofar as Respondent negligently subjected its employees, agents, and/or representatives to potential liability for the unregistered practice of pharmacy in Nevada. *See* NRS 639.210(16).

20. Respondent is subject to discipline for any of the acts or violations alleged above. *See* NRS 639.210(12) and (16).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the pharmacy license of Respondent Delta Drugs.

DATED this 3rd day of JULY 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Shahin Banayan ("Respondent Banayan"), because Respondent Banayan holds a certificate of registration issued by the Board pursuant to NRS 639.127, authorizing him to engage in the practice of pharmacy within the state of Nevada.

2. The Board has personal jurisdiction over Respondent Walgreens Pharmacy #10783 ("Respondent Walgreens"), because Respondent Walgreens holds a license issued by the Board pursuant to NRS 639.230, authorizing Respondent Walgreens to operate a pharmacy located 6495 Decatur Boulevard in Las Vegas, Nevada.

3. The Board has jurisdiction over the subject matter of this accusation because, at the time of the violations alleged herein, Respondent Banayan was a Nevada registered pharmacist engaged in

the practice of pharmacy at a business location operated by Respondent Walgreens in Las Vegas, Nevada.

FACTUAL ALLEGATIONS

4. In 2018 and 2019, at the time of each of the violations alleged herein, Respondent Banayan was a registered pharmacist employed by Respondent Walgreens at its pharmacy on Decatur Boulevard in Las Vegas, Nevada.

5. On May 13, 2018, while on duty at Walgreens on Decatur Boulevard, Respondent Banayan filled a prescription for patient JW (JW). The prescription had been written by JW's physician for bupropion SR, a medication used to treat depression. Respondent Banayan mistakenly filled the prescription with bupropion ER, a medication used to treat depression in some patients and/or to assist some patients to stop smoking. Upon being contacted by JW, Respondent Walgreens corrected the mistake.

6. JW had a history of filling prescriptions for bupropion SR at the Walgreens on Decatur Boulevard. In processing JW's prescription on May 13, 2018, Respondent Banayan overrode a system warning advising that bupropion ER was possibly duplicative of medications that JW was already taking. The warning should have alerted Respondent Banayan to a possible mistake involving JW's prescription.

7. On June 8, 2018, JW arrived at the Walgreens Pharmacy on Decatur Boulevard to pick up prescriptions for her son NW (NW), and prescriptions for her daughter, AW (AW). AW's physician had written her a prescription for escitalopram, a medication used to treat depression and anxiety. NW's physician had written NW prescriptions for similar medications not including escitalopram. Respondent Banayan mistakenly filled NW's prescription with escitalopram and neglected to fill AW's prescription for escitalopram.

8. When she returned home on June 8, 2018, JW noticed that her daughter AW was missing one of her medications. She later telephoned someone at Respondent Walgreens who, after

some research, discovered that AW's prescription for escitalopram had been mistakenly attributed to NW. Respondent Walgreens corrected the mistake.

9. In filling the prescription for escitalopram on June 8, 2018, Respondent Banayan overrode a system warning advising that escitalopram was possibly duplicative of medications that NW was already taking. The warning should have alerted Respondent Banayan to a possible mistake involving NW's prescription.

10. On February 12, 2019, JW's husband, JJW (JJW), arrived at the Walgreens Pharmacy on Decatur Boulevard to pick up his refill of tramadol. JJW's physician had prescribed 50 mg tablets in a quantity of 60 tablets for JJW's initial prescription and for each of his five (5) refills. Respondent Banayan refilled JJW's prescription for tramadol with a quantity of 30 tablets instead of 60 tablets. JJW did not notice the mistake until he had returned home. Respondent Walgreens corrected the mistake.

11. Respondent Banayan was the subject of prior discipline by the Board. In that case, Respondent Banayan signed a stipulation on May 31, 2016, in which he acknowledged that he had worked as a managing pharmacist for a licensed Nevada pharmacy (not Walgreens) for approximately sixty-two (62) days after his certificate of registration had expired. The Board imposed a fine and ordered Respondent Banayan to complete continuing education courses.

APPLICABLE LAW

12. The Board may revoke or suspend the registration of any pharmacist who has been guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4). Likewise, the Board may revoke or suspend the registration of any pharmacist who has violated any provision of Nevada law relating to prescription drugs. *See* NRS 639.210(12). In lieu of revoking or suspending such a pharmacist's registration, the Board may impose fines as a disciplinary measure. *See* NRS 639.255; NAC 639.955.

13. A pharmacist's conduct is deemed unprofessional if the pharmacist fails to strictly follow the instructions of the person writing, making, or ordering a prescription as to its filling or

refilling. *See* NAC 639.945(1)(i). Additionally, a pharmacist's conduct is deemed unprofessional if the pharmacist performs his or her duties in an incompetent, unskillful or negligent manner. *See* NAC 639.945(1)(i).

14. Pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2), pharmacies, pharmacy mangers, and/or pharmacists are responsible for the acts and omissions of the pharmacy employees under their supervision.

COUNT ONE
Unprofessional Conduct (Patient JW)

15. On or about May 13, 2018, Respondent Banayan engaged in unprofessional conduct as alleged in paragraphs 5 and 6 above. Respondent Banayan's conduct was unprofessional because: 1) he failed to strictly follow the instructions of patient JW's physician as to the filling of patient JW's prescription for bupropion SR; and 2) he performed his duties as a pharmacist in an incompetent, unskillful or negligent manner by incorrectly filling JW's prescription with bupropion ER despite a system warning that should have alerted him to the mistake.

16. For the unprofessional conduct as described above, the Board may discipline Respondent Banayan pursuant to NRS 639.210(4), NRS 639.255(1), NAC 639.945, and NAC 639.955.

17. As the owner/operator of the pharmacy at which Respondent Banayan worked, Respondent Walgreens is liable for Respondent's unprofessional conduct as described above. Accordingly, the Board may discipline Respondent Walgreens pursuant to NRS 639.210, NRS 639.255, and NAC 639.255.

COUNT TWO
Unprofessional Conduct (Patient AW)

18. On or about June 8, 2018, Respondent Banyan engaged in unprofessional conduct as alleged in paragraphs 7 and 9 above. Respondent's Banayan's conduct was unprofessional because: 1) he failed to strictly follow the instructions of patient AW's physician as to the filling of patient AW's prescription for escitalopram, attributing it instead to patient NW; and 2) he performed his duties as a

pharmacist in an incompetent, unskillful or negligent manner by incorrectly filling NW's prescription with escitalopram despite a system warning that should have alerted him to the mistake.

19. For the unprofessional conduct as described above, the Board may discipline Respondent Banayan pursuant to NRS 639.210(4), NRS 639.255(1), NAC 639.945, and NAC 639.955.

20. As the owner/operator of the pharmacy at which Respondent Banayan worked, Respondent Walgreens is liable for Respondent's unprofessional conduct as described above. Accordingly, the Board may discipline Respondent Walgreens pursuant to NRS 639.210, NRS 639.255, and NAC 639.255.

COUNT THREE
Unprofessional Conduct (Patient JJW)

21. On or about February 12, 2019, Respondent Banayan engaged in unprofessional conduct as alleged in paragraph 10 above. Respondent's Banayan's conduct was unprofessional because: 1) he failed to strictly follow the instructions of patient JJW's physician as to the filling of patient JJW's prescription for tramadol by supplying JJW with 30 tablets instead of the prescribed 60 tablets; and, 2) he performed his duties as a pharmacist in an incompetent, unskillful or negligent manner by incorrectly filling JJW's prescription with 30 tablets despite recurring prior visits by JJW, each one of which involved a supply of 60 tablets.

22. For the unprofessional conduct as described above, the Board may discipline Respondent Banayan pursuant to NRS 639.210(4), NRS 639.255(1), NAC 639.945, and NAC 639.955.

23. As the owner/operator of the pharmacy at which Respondent Banayan worked, Respondent Walgreens is liable for Respondent's unprofessional conduct as described above. Accordingly, the Board may discipline Respondent Walgreens pursuant to NRS 639.210, NRS 639.255, and NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent Banayan and the

pharmacy license of Respondent Walgreens.

Petitioner,

v.

SHAHIN BANAYAN, et al.

Respondents

Case Nos. 20-191-RPH-S
20-191-PH-S

ANSWER AND NOTICE OF DEFENSE

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-entitled matter before the Nevada State Board of Pharmacy, declares:

1. That his objection to the Notice of Intended Action and Accusation as being incomplete or failing to clearly state the charges against him, is hereby interposed on the following grounds: (State specific objections or insert "none").

None

2. That, in answer to the Notice of Intended Action and Accusation, he admits, denies and alleges as follows:

TCM LAW GROUP
2620 Regatta Drive, Suite 211
Las Vegas, Nevada 89128
Telephone 702-426-6161

Count One

Respondent enters a denial as to Count One.

Respondent makes every effort to uphold the highest professional standards. In this matter, Respondent approved the filling by a technician of a prescription for bupropion SR with bupropion ER. By way of mitigation, it should be recognized that the two medications are essentially identical in ingredients and in dosage. While Respondent strives to be 100% error free, the risk to the patient in this instance was minimal or nonexistent.

To the extent that this Count is based on Respondent having overridden a system warning, it is submitted that the overriding of a private proprietary system, alone, does not constitute unprofessional conduct, and that pharmacists routinely override the system for valid reasons.

Finally, Respondent points to NRS 639.2583, which recognizes that in certain circumstances it is appropriate for a pharmacist to substitute one drug for another where (a) the second drug *"[i]s biologically equivalent to the drug prescribed by brand name, [and (b), has] the same active ingredient or ingredients of the same strength, quantity and form of dosage as the drug prescribed...."* Respondent is not suggesting that the prescription referenced in Count One fell under all of the provisions of NRS 639.2583, but simply as a matter of mitigation that the existence of

the statute indicates an acknowledgment that it can be appropriate to substitute one biologically equivalent drug for another.

Count Two

Respondent enters a denial as to Count Two.

Again, Respondent makes every effort to uphold the highest professional standards. Here, there were two members of the same family who submitted prescriptions for different drugs at the same time. Respondent recognizes the importance of making sure that each patient receives only the drugs that that individual patient has been prescribed, and that members of the same family may have different conditions, different reactions to the same drug, different drug interaction issues, etc. Not by way of excuse, but by way of mitigation, Respondent notes that he has supervised numerous technicians over many years, both before and after June 8, 2018, and that this is a singular instance in which he was ever alleged to have given a drug to one patient that had been prescribed to another patient.

Count Three

Respondent enters a denial as to Count Three.

By way of mitigation, and not by way of excuse, Respondent submits that this error was not the type of error which entailed any of the dangers to the patient that might have pertained to either Count One or Count Two. In this instant case, the patient was in no danger of either taking a different drug than had been prescribed or taking a drug that had been prescribed to another individual. Of the numerous types

TCM LAW GROUP

Las Vegas, Nevada 89128
Telephone 702-426-6161

of counting errors, most occur using the quantity of thirty (30), due it being the most prescribed amount. The amount filled was also lower, rather than greater than the amount prescribed, a factor weighing in mitigation.

Conclusion

Respondent has been a pharmacist of the utmost integrity for many years. The lapses reflected in the current Accusation are not representative of his usual meticulous and conscientious approach to his responsibilities. As the pharmacist, he takes responsibility of verifying that those working under him are accurately performing their jobs. It is urged that the Board exercise leniency.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MONA MATAR, RPH,** **Certificate of Registration No. 20104, and,** **WALGREENS #04755,** **Pharmacy License No. PH01383,** **Respondents.**	**Case No. 22-370-RPH-S** **22-370-PH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Mona Matar, RPH (Matar), because Matar, at the time of the violations alleged herein, held a certificate of registration issued by the Board pursuant to NRS 639.127, authorizing her to engage in the practice of pharmacy within the state of Nevada.

2. The Board has personal jurisdiction over Respondent Walgreens #04755 (Walgreens) because Walgreens, at the time of the violations alleged herein, held a license issued by the Board pursuant to NRS 639.230, authorizing Walgreens to operate a pharmacy located at 3480 S. Jones Boulevard in Las Vegas, Nevada.

3. The Board has jurisdiction over the subject matter of this accusation because, at the time of the violations alleged herein, Matar was the pharmacist on duty at the Walgreens pharmacy located at 3480 S. Jones Boulevard in Las Vegas, Nevada, where she engaged in unprofessional conduct by a pharmacist.

FACTUAL ALLEGATIONS

4. Matar is a registered pharmacist authorized by the Board to engage in the practice of pharmacy.

5. On or about September 14, 2022, Matar was the pharmacist on duty at the Walgreens pharmacy located on South Jones Boulevard in Las Vegas, Nevada. While on duty, Matar fielded an adult customer's request to be vaccinated against hepatitis B.

6. Matar prepared a 10 mcg/0.5 ml dose of the Engerix B vaccine for administration by a pharmacy technician. Matar removed this pediatric dose from a refrigerator where it was stored as part of lot number YM444. Lot number YM444 consisted entirely of pediatric doses. At that time, lot number YM444 was the only Energix B remaining in Walgreens' inventory.

7. Matar placed the pediatric dose of Energix B in a bin for administration by a pharmacy technician. The technician subsequently removed the pediatric dose from the bin and injected it into the adult customer.

8. On or about September 15, 2022, a second adult customer requested to be vaccinated against hepatitis B. When a pharmacy employee advised the customer that the pharmacy had run out of adult doses of the hepatitis B vaccine, another Walgreens employee mentioned that an adult dose had been administrated to a customer one day prior. Following that conversation, the employees checked the refrigerator only to discover that lot number YM444 was the only supply of Energix B remaining in inventory.

9. After confirming that the Walgreens pharmacy had exhausted its supply of 20 mcg/ml doses of Energix B, the employees notified the pharmacy manager, Elaine Santiago, who then checked pharmacy records to identify the adult customer who had been vaccinated with the pediatric dose of Energix B. Ms. Santiago quickly identified the customer based upon the informed consent form that Matar had prepared in connection with the vaccination. Matar had noted on the form that the customer received a vaccine dose from lot number YM444.

10. Ms. Santiago telephoned the customer to advise her that she had a received a pediatric dose of the vaccine, advising her that she could return to the pharmacy for the correct dose. The customer later contacted the Board to make a complaint.

11. In response to an inquiry by Board Investigator Kenneth Scheuber, Matar explained in a written statement dated November 21, 2022, that the day of the incident had been a busy workday for her, with many patients waiting for vaccines. Mater stated that she regretted her mistake.

12. Matar was the subject of an unrelated complaint involving a similar allegation that she misfilled a prescription for Levothyroxine while employed at the QHR Pharmacy in Las Vegas, Nevada. This alleged misfill occurred on or about April 20, 2022. Pursuant to NRS 639.2895(3), Matar was separately cited for the April 20 incident.

APPLICABLE LAW

13. The Board may revoke or suspend the registration of any pharmacist who has been guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4). In lieu of revoking or suspending such a pharmacist's registration, the Board may impose fines as a disciplinary measure. *See* NRS 639.255; NAC 639.955.

14. A pharmacist's conduct is deemed unprofessional if the pharmacist fails to strictly follow the instructions of the person writing, making, or ordering a prescription as to its filling or refilling. *See* NAC 639.945(1)(i). Additionally, a pharmacist's conduct is deemed unprofessional if the pharmacist performs his or her duties in an incompetent, unskillful or negligent manner. *See* NAC 639.945(1)(i).

15. Pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2), pharmacies, pharmacy managers, and/or pharmacists are responsible for the acts and omissions of the pharmacy employees under their supervision.

COUNT ONE
Failure to Follow Instructions of Person Ordering Prescription

16. On or about September 14, 2022, as alleged above, Matar failed to strictly follow the instructions of an adult customer who requested to be vaccinated against hepatitis B. This constitutes unprofessional conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4); NRS 639.255; NAC 639.945(1)(h); NAC 639.955.

17. As the owner/operator of the pharmacy at which Matar was employed on September 14, 2022, Walgreens is responsible for Matar's unprofessional conduct as alleged above. NRS 639.230(5), NRS 639.255; NAC 639.702; NAC 639.945(2); and NAC 639.955.

COUNT TWO
Performing Duties in a Negligent Manner

18. On or about September 14, 2022, as alleged above, Matar caused an adult customer to be injected with a pediatric dose of Energix B, thus necessitating a second vaccination resulting in unnecessary discomfort to the customer.

19. Matar knew or should have known that she had prepared an incorrect dose of Energix B for the adult customer. Accordingly, Matar performed her duties as a pharmacist in an incompetent, unskillful, or negligent manner. This constitutes unprofessional conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4), NRS 639.255, NAC 639.945(1)(i), and NAC 639.955.

20. As alleged above, the incident on September 14, 2022, was the second of two incidents involving an alleged mistake by Matar in filling a prescription. Accordingly, the incident on September 14, 2022, warrants administrative disciplinary action and/or the imposition of a fine pursuant to NAC 639.955(1)(c).

21. As the owner/operator of the pharmacy at which Matar was employed on September 14, 2022, Walgreens is responsible for Matar's unprofessional conduct as alleged above. NRS 639.230(5), NRS 639.255; NAC 639.702; NAC 639.945(2); and NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent Mona Matar and the pharmacy license of Respondent Walgreens #04755.

DATED this 28th day of July 2023.

Nevada State Board of Pharmacy, for and on behalf of
J. David Wuest, R.Ph., Executive Secretary of the
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **JUSTINE STANEVICH, PT,** **Certificate of Registration No. PT18958,** **Respondent.**	**Case No. 22-041-PT-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over this matter because at the time of the events alleged herein, Respondent Justine Stanevich ("Stanevich"), held an unrenewed Nevada Pharmacy Technician Certificate of Registration No. PT18958, issued by the Board.

PRIOR DISCIPLINE

2. On April 22, 2022, the Board entered its Findings of Fact, Conclusions of Law, and Order ("Order") against Respondent Stanevich in Case No. 20-135-PT-S. Pursuant to the Board's

Order, Respondent Stanevich's Certificate of Registration No. PT18958 was revoked pursuant to NRS 639.210(11) and (12); however, the revocation was stayed, and Stanevich was placed on probation for one (1) year. The discipline was imposed for accessing a patient's confidential data in the PMP by fraudulently using another employee's credentials in violation of NRS 639.210(4) and NAC 639.945(1)(i) as well as NRS 639.210(12) and NRS 639.255.

FACTUAL ALLEGATIONS

3. On December 7, 2020, an electronic prescription for Breo Ellipta 200-25 Mcg/Inh with 11 refills was sent to Walgreens #5479 and designated by its system as prescription no. 1869680.

4. Prescription no. 1869680 was first sold on April 20, 2021, by Walgreens #5479. The first refill was sold by Walgreens #5479 on June 8, 2021.

5. Prescription no. 1869680 was then transferred to Walgreens #3843 and designated by its systems as prescription no. 2272237 and the second refill was sold on July 11, 2021.

6. Prescription no. 2272237 was then transferred to Walgreens #7841 and designated by its system as prescription no. 2385097. The third refill was sold on August 18, 2021, the fourth refill was sold on September 23, 2021, the fifth refill was sold on October 26, 2021, and the sixth refill was sold on November 26, 2021.

7. Walgreens #7841 records show a refill data entry on January 5, 2022, for "Call MD exception" at 10:22:52 p.m. The "Call MD exception" was resolved 74 seconds later with 3 refills added to prescription no. 2385097 and the seventh refill entered at 10:24:08 p.m. Walgreen's system then designated this prescription no. 2498610.

8. The data entry performed on January 5, 2022, was over one (1) year past the issue date of the original prescription.

9. Pharmaceutical technician Vanessa Calderon was signed into Walgreen's system when the 3 refills were added; however, PT Calderon had already finished her shift and left for the day. Walgreen's internal investigation determined that Respondent Stanevich was the only PT to have access

to Walgreen's system to resolve the "Call MD exception" that day.

10. Respondent Stanevich was employed by Walgreens #7841, located at 10510 Southern Highlands Parkway, Las Vegas, Nevada 89141 as a pharmaceutical technician.

11. Prescription no. 2498610 was then sold on January 11, 2022, February 9, 2022, and March 15, 2022.

12. On March 31, 2020, an electronic prescription for Albuterol Sulfate HFA 108 inhaler with 11 refills was sent to Walgreens #5311 and designated by its system as prescription no. 2781542. Prescription no. 2781542 was first sold on April 1, 2020.

13. Prescription no. 2781542 was transferred to Walgreens #5479 and designated by its system as prescription no. 1831336.

14. The issuance date of prescription no. 1831336 was changed to from March 31, 2020, to November 20, 2020. Respondent Stanevich was working at Walgreens #5479 at the time of the change to the issuance date.

15. Prescription no. 1831336 was then transferred to Walgreens #7841 and designated by its system as prescription no. 2385153.

16. Prescription no. 2385153 was then dispensed on August 18, 2021, over 1 year past the original issuance date of March 31, 2020. Respondent Stanevich was working at Walgreens #7841 when prescription no. 2385153 was filled.

17. Respondent Stanevich's employment with Walgreens was terminated on June 13, 2022, for billing fraud, for performing duties outside of the scope of a pharmaceutical technician, and for dishonesty regarding her involvement in the prescriptions for her family member.

APPLICABLE LAW

18. It is unlawful for any person to dispense any drug, poison, medicine or chemical unless the person holds the appropriate certificate, license or permit required by this NRS Chapter 639, 453, or 454, and that person complies with the regulations adopted by the Board. NRS 639.100(1).

19. No person other than a practitioner holding a license to practice his or her profession in this State may prescribe or write a prescription. NRS 639.235(1).

20. A dangerous drug may be dispensed by a registered pharmacist upon the legal prescription from a practitioner. NRS 454.215(1).

21. The following acts may only be performed by a registered pharmacist, or by a registered pharmaceutical intern acting under the direct supervision of a registered pharmacist: (i) taking new orders for prescriptions or chart orders over the phone; (ii) identifying, evaluating, and interpreting a prescription; (iii) interpreting the clinical data contained in a patient's medication system or chart; (iv) consulting with a prescribing practitioner, nurse, or other health care professional, or the authorized agent thereof; (v) determining the efficacy of a drug, a regimen, the substitution of a generic drug for a drug prescribed by brand name or the substitution of one drug therapy for another; (vi) taking responsibility for all activities of pharmaceutical technicians to ensure that those activities are performed completely, safely and without risk of harm to patients; (vii) counseling a patient or a person caring for a patient and rendering any other advice or information regarding drugs or medications; and (viii) performing any other functions which require the professional judgement of a pharmacist. NAC 639.700.

22. The Board may suspend or revoke any certificate, license, registration or permit if the holder has violated, attempted to violate, assisted or abetted in the violation, or conspired to violate, or failed to report a violation, of any provision of Nevada law relating to prescription drugs. *See* NRS 639.210(12).

23. Performing any of his or her duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to in violation of NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board pursuant to NRS 639.210(4).

24. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to in violation of NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board pursuant to NRS 639.210(4).

25. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation alleged in an accusation for which the holder is found guilty. NRS 639.255(3); NAC 639.955.

26. This Accusation constitutes a public record pursuant to NRS 622.330 and any discipline imposed by the Board shall be reported to the National Practitioner Data Bank as required by federal law. Title 42 USC § 1396r–2; 45 CFR Part 60.

COUNT ONE
Violation of State Law – Unlicensed Dispensing

27. By independently adding three (3) refills to prescription no. 2385097, a family member's prescription, without practitioner authorization, Respondent Stanevich engaged in unlicensed dispensing in violation of NRS 639.100, NRS 639.235(1), and NRS 454.215(1). Respondent Stanevich is therefore subject to discipline pursuant to NRS 639.210 and/or NAC 639.255(1)(a-f).

COUNT TWO
Violation of State – Unprofessional Conduct

28. By independently adding three (3) refills to prescription no. 2385097, a family member's prescription, without practitioner authorization, Respondent Stanevich engaged in a fraudulent or deceitful practice or transaction which constitutes unprofessional conduct or conduct contrary to the public interest pursuant to in violation of NRS 639.210(4) as defined in NAC 639.945(1)(h). Respondent Stanevich is therefore subject to discipline pursuant to NRS 639.210 and/or NAC 639.255(1)(a-f).

COUNT THREE
Violation of State – Unprofessional Conduct

29. In the alternative to Count II, by independently performing acts, including (i) taking new orders for prescriptions of chart orders over the phone; and (ii) consulting with a prescribing practitioner, nurse, or other health care professional, or authorized agent thereof; which may only be performed by a registered pharmacist or by registered pharmaceutical intern acting under the direct supervisions of a registered pharmacist, Respondent Stanevich engaged in unprofessional conduct in violation of NRS 639.210(4) as defined in NAC 639.945(1)(i). Respondent Stanevich is therefore subject to discipline pursuant to NRS 639.210 and/or NAC 639.255(1)(a-f).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Signed this 16th day of August 2023.

J. David Wuest, R.Ph., Executive Secretary,
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **JUSTINE STANEVICH, PT,** **Certificate of Registration No. PT18958,** **Respondent.**	**Case No. 20-135-PT-S** **ORDER TO SHOW CAUSE**

The Nevada State Board of Pharmacy ("Board") HEREBY ORDERS Respondent Justine Stanevich, PT, ("Stanevich"), Certificate of Registration No. PT18958, pursuant to NAC 639.965 – NAC 639.978, to appear before the Board on October 11, 2023, at 9:00 a.m. and show cause, if any, why Certificate of Registration No. PT18958 should not be subject to revocation.

1. On April 22, 2022, the Nevada State Board of Pharmacy ("Board") entered an its Findings of Fact, Conclusions of Law, and Order ("Order") against Respondent Justine Stanevich, PT, ("Respondent"), Certificate of Registration No. PT18958, in Case No. 20-135-PT-S.

2. Pursuant to the Board's Order, Respondent's Certificate of Registration No. PT18958 was revoked pursuant to NRS 639.210(11) and (12); however, the revocation was stayed, and Stanevich was placed on probation for one (1) year subject to the following conditions:

A. Respondent shall not have any disciplinary actions instituted against her by the Nevada State Board of Pharmacy; and

B. Respondent shall complete and submit proof of attendance to the Board staff for two (2) additional hours of continuing education, one (1) hours of ethics and one (1) hour of HIPAA training, within one-year of April 22, 2022;

C. Respondent shall attend, in-person, the disciplinary component of two (2) Nevada State Board of Pharmacy meetings within one year of April 22, 2022;

D. Respondent shall pay a fine of Five Hundred Dollars and 00/100 Cents ($500.00) to the State of Nevada; and

E. Respondent shall pay Seven Hundred Ninety-Three Dollars and 88/100 Cents ($793.88) to partially reimburse the Board for its reasonable attorney fees and recoverable costs. Payment shall be made in five (5) equal installments of One Hundred Fifty-Eight Dollars and 77/100 Cents ($158.77).

3. Respondent has failed to comply with the terms of the Board's Order. Specifically, Respondent has failed to: (1) complete the required two additional hours of continuing education; (2) attend the required two disciplinary components of the Board's meetings; (3) make timely payment of the $500.00 fine; and (4) make timely payment of the $793.88 in attorney fees and costs.

4. Additionally, on February 16, 2022, the Board received a complaint against Respondent alleging she added three (3) refills to a family member's prescription for a Breo Ellipta inhaler without authorization from the prescribing practitioner and using another Walgreen's employee's credentials. As a result of the complaint Case No. 22-041-PT-S was opened by the Board and an investigation of occurred during the Respondent's probation.

THEREFORE, IT IS HEREBY ORDERED that Respondent Justine Stanevich, PT, Certificate of Registration No. PT18958, shall appear before the Board and show cause, if any, why Certificate of Registration No. PT18958 should not be subject to revocation.

ENTERED this 16th day of August 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. JUSTINE STANEVICH, PT Certificate of Registration No. PT18958, Respondent.	CASE NO. 20-135-PT-S FINDINGS OF FACT, CONCLUSIONS OF LAW AND ORDER

This matter came before the Nevada State Board of Pharmacy ("Board") at its regularly scheduled meeting on Wednesday, April 13, 2022. Peter Keegan, Esq., prosecuted the case before the Board. Respondent Justine Stanevich, PT, ("Stanevich"), Certificate of Registration No. PT18958, appeared without counsel. The Board heard the case and, based on the evidence presented, the Board makes the following Findings of Fact, Conclusions of Law, and Order.

FINDINGS OF FACT

The Board finds that probative evidence exists in the record to establish each of the following facts by a preponderance of the evidence:

1. Paul Howse is/was the managing pharmacist at Smith's Food and Drug Store #351 ("Smith's") located at 6130 West Tropicana Avenue, Las Vegas, Nevada 89103 during the relevant timeframe.

2. Stanevich was employed as a pharmaceutical technician at Smith's during the relevant timeframe.

3. On or about February 12, 2020, Howse, was approached by Stanevich regarding an opioid prescription for a new patient. As indicated by protocol, Howse accessed and reviewed the new patient's Prescription Monitoring Program ("PMP") history using an interface with Smith's computer system. Howse left the computer station for a moment, with Stanevich left next to the computer, to explain to the new patient at the drop-off window that he needed more information from the prescribing

practitioner. Upon Howse's return to the computer station, Howse noticed a second PMP window opened for patient P.S., who he had not checked the PMP database. Howse questioned Stanevich about the PMP inquiry on patient P.S., whereupon Stanevich admitted that she queried the PMP for patient P.S. under Howse's credentials. Stanevich stated that patient P.S. was someone personally known to her and not a patient of Smith's. Howse informed Stanevich that the PMP query was unacceptable, and against company policy and HIPAA.

4. Howse immediately reported Stanevich's PMP query to his district and division managers for Smith's. During the investigation, which included review of videotape from Howse's computer workstation, and interviews of Smith's staff working at the time, it was determined that Stanevich violated company policy, and HIPAA. Stanevich was terminated on February 18, 2020.

5. Board staff incurred at least Seven Hundred Ninety-Three Dollars and 88/100 Cents ($793.88) in attorney's fees and recoverable costs investigating and prosecuting this administrative action. The attorney's fees are reasonable based upon legal counsel's professional qualities, the nature of this administrative enforcement action, the work performed, and the result as evidenced by this Order.

CONCLUSIONS OF LAW

Based on the forgoing findings of fact, the Board concludes as a matter of law:

1. The Board has jurisdiction over this matter and Stanevich, because at the time of the events herein, Stanevich held a registration as a pharmaceutical technician, Certificate of Registration No. PT18958, issued by the Board.

2. The applicable law in this matter is as follows:

   A. Performing any duties as the holder of a pharmacist or pharmaceutical technician in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

B. The Board administers the PMP, which maintains a database of all transactions for controlled substances listed in schedules II, III, IV, and V which are prescribed and dispensed in Nevada. *See* NRS 453.162-.165.

C. Patient utilization reports and data in the PMP constitute Protected Health Information ("PHI") as defined in 45 CFR Part 160 and 164, Subparts A and E. The Health Insurance Portability and Accountability Act ("HIPAA") provides certain requirements regarding privacy of PHI and certain prohibitions against disclosure. 42 USC §1320d *et seq.* (HIPAA Privacy Act).

D. Patient utilization reports and all data in the PMP are also confidential and protected from unauthorized use or disclosure under state law. *See* NRS 453.164.

E. Unauthorized access, use, or disclosure of PHI carries civil and criminal penalties under federal law. *See* 42 USC § 1320d-5 and d-6.

F. Unauthorized access, use, or disclosure of information in the PMP also constitute a crime under state law. NRS 453.552(2).

G. The Board may suspend or revoke any certificate, license, registration, or permit issued if the registrant is not of good moral character, is guilty of unprofessional conduct or conduct contrary to the public interest, willfully makes to the Board or its authorized representative any false statement which is material to the administration or enforcement of any of the provisions of NRS 639, and/or violates any provision of federal or state law. NRS 639.210; NRS 639.255.

3. Based upon the testimonial and documentary evidence received at the hearing, the Board finds the Respondent guilty of the following alleged violations of law contained in the Accusation:

A. **Count Two**, by accessing patient P.S.'s confidential data in the PMP and obtaining P.S.'s utilization report, Stanevich as a registered pharmaceutical technician, without authority and fraudulently under Howse's credentials, acted in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(I)(i). Stanevich is therefore subject to discipline pursuant to NRS 639.210 and/or NRS 639.255.

B. **Count Three**, by accessing patient P.S.'s confidential data in the PMP, Stanevich violated state law protecting patients from unauthorized disclosure of PMP information under NRS 453.164(8) and is subject to discipline pursuant to NRS 639.210(12) and/or NRS 639.255.

By accessing patient P.S.'s confidential data in the PMP, Stanevich violated federal law, HIPAA Privacy Rule pursuant to 42 USC §1320d *et seq.* and is subject to discipline pursuant to NRS 639.210(11) and (12) and/or NRS 639.255.

ORDER

THEREFORE, THE BOARD HEREBY ORDERS AS FOLLOWS:

1. The certificate of registration of Respondent Justine Stanevich, PT, Certificate of Registration No. PT18958, is hereby revoked pursuant to NRS 639.210(11) and (12). The revocation is stayed, and the Respondent is placed on probation for one (1) year subject to the following conditions:

   A. Respondent shall not have any disciplinary actions instituted against her by the Nevada State Board of Pharmacy; and

   B. Upon successful completion of probation, Respondent's Certificate of Registration PT18958 will be fully restored.

2. Respondent shall complete and submit proof of attendance to the Board staff for two (2) additional hours of continuing education, one (1) hour of ethics and one (1) hour of HIPPA training, within one-year of the effective date of this Order.

3. Respondent shall attend, in-person, the disciplinary component of two (2) Nevada State Board of Pharmacy meetings within one year of the effective date of this Order.

4. Respondent shall pay a fine of Five Hundred Dollars and 00/100 Cents ($500.00) to the State of Nevada for the above referenced violations. Payment shall be made by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within Ninety (90) days of entry of this Order.

5. Pursuant to NRS 622.400, Respondent shall pay Seven Hundred Ninety-Three Dollars and 88/100 Cents ($793.88) to partially reimburse the Board for reasonable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter. Payment shall be made by *cashier's check*, *certified check* or *money order* made payable to the "Nevada State Board of Pharmacy" in five (5) equal installments of One Hundred Fifty-Eight Dollars and 77/100 Cents ($158.77) to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. The first payment shall be received within thirty (30) days of the effective date of this Order, with each of the four remaining payment installments due in thirty (30) day increments thereafter.

6. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapter 453, NRS Chapter 454, and/or NRS Chapter 639.

7. This Order constitutes a final decision in a contested case and a public record pursuant to NRS 639.255(5) and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

8. This Order is effective immediately.

IT IS SO ORDERED.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Walgreens Pharmacy #3844 ("Walgreens #3844"), Pharmacy License No. PH01123, Respondent Kerry S. Otero, RPH ("Otero"), Certificate of Registration No. 20516, and Respondent Morgan A. Towler ("Towler"), Certificate of Registration No. PT23168, were licensed/registered with the Board.

FACTUAL ALLEGATIONS

2. Respondent Walgreens #3844 is located at 5011 E. Sahara Avenue, in Las Vegas, Nevada.

3. Respondent Otero was the managing pharmacist at Walgreens #3844 during the alleged events and relevant timeframes.

4. Respondent Towler was employed by Walgreens #3844 as a pharmaceutical technician in training during the alleged events and relevant timeframes.

5. On or about March 24, 2022, Respondent Otero submitted a Licensee Record of ANY Controlled Substance Loss or Theft ("Loss or Theft report") on behalf of Walgreens #3844 to the Board which reported a suspected loss on March 23, 2022, of eighty-eight (88) Oxycodone 5mg tablets, forty-five (45) Methylphenidate 5 mg tablets, and seventy (70) Oxycodone 7.5mg/325mg.

6. On or about March 30, 2022, Respondent Otero submitted a second Loss or Theft report on behalf of Walgreens #3844 to the Board containing revisions which reported a suspected employee theft discovered on March 23, 2022, and increasing the shortage counts to one hundred ninety-three (193) Oxycodone HCL acetaminophen 10/325 mg tablets, ninety-six (96) Oxycodone HCL 5 mg tablets, and sixty (60) Methylphenidate 5 mg tablets.

7. On or about March 31, 2022, Respondent Otero submitted a third Loss or Theft report on behalf of Walgreens #3844 to the Board concerning the March 23, 2022, shortage discovery. The March 31, 2022, version reported a suspected employee theft of one hundred ninety-three (193) Oxycodone HCL acetaminophen 7.5mg/325 mg tablets and ninety-six (96) Oxycodone HCL 5 mg tablets.

8. On or about May 3, 2022, Respondent Otero submitted a fourth Loss or Theft report for Walgreens #3844 to the Board concerning the March 23, 2022, shortage discovery. The May 3, 2022, version reported a suspected employee theft of one hundred ninety-three (193) Oxycodone HCL acetaminophen 7.5mg/325 mg tablets.

9. On or about May 2, 2022, Respondent Otero submitted a DEA Form-106 Report of Theft of Loss of Controlled Substances ("DEA 106") on behalf of Walgreens #3844 for the March 23, 2022, shortage discovery. The May 2, 2022, DEA Form-106 reported a suspected employee theft of one hundred ninety-three (193) Oxycodone HCL acetaminophen 10/325 mg tablets.

10. Investigation records reflect on or about February 28, 2022, Respondent Otero submitted a Loss or Theft report on behalf of Walgreens #3844 to the Board which reported a suspected large employee theft dating back to December 17, 2021, of four thousand seven (4,007) Oxycodone-acetaminophen 10/325 mg tablets and six thousand seventy-two (6,072) hydrocodone acetaminophen 10/325 mg tablets.

11. On or about February 1, 2022, and again on August 9, 2022, Krystal Bernard submitted a DEA Form-106 on behalf of Walgreens #3844 for the December 17, 2021, shortage discovery. Both the February 1, 2022, and the August 9, 2022, DEA Form-106 reported a suspected employee theft of four thousand seven (4,007) Oxycodone-acetaminophen 10/325 mg tablets and six thousand seventy-two (6,072) hydrocodone acetaminophen 10/325 mg tablets.

12. On or about July 8, 2022, Respondent Otero submitted a Loss or Theft report on behalf of Walgreens #3844 to the Board which reported a suspected employee theft on June 24, 2022, of fifty-eight (58) Dextroamp-Amphetamine 20 mg tablets, eighty-nine (89) Mixed Salt amphetamine 20 mg tablets, forty-three (43) Carisoprodol 350 mg tablets, one thousand two hundred nineteen (1,219) Carisoprodol 350 mg tablets, and two hundred twenty-nine (229) Carisoprodol 350 mg tablets.

13. On or about August 16, 2022, Michael Virtuoso submitted a DEA Form-106 on behalf of Walgreens #3844 for the June 24 2022, shortage discovery. The August 16, 2022, DEA Form-106 reported a suspected employee theft of fifty-eight (58) Dextroamp-Amphetamine 20 mg tablets, eighty-nine (89) Dextroamp-Amphetamine 20 mg, forty-three (43) Carisoprodol 350 mg tablets, one thousand two hundred nineteen (1,219) Carisoprodol 350 mg tablets, and two hundred twenty-nine (229) Carisoprodol 350 mg tablets.

14. On or about August 19, 2022, Respondent Otero submitted a Loss or Theft report on behalf of Walgreens #3844 to the Board which reported a suspected employee theft on July 26, 2022, of one hundred forty-eight (148) Alprazolam 1 mg tablets, seven hundred fifty-three (753)

Alprazolam 2 mg tablets, two hundred twelve (212) oxycodone acetaminophen 7.5/325 mg tablets, and one hundred forty-two (142) Carisoprodol 350 mg tablets.

15. On or about August 19, 2022, Respondent Otero submitted a DEA Form-106 on behalf of Walgreens #3844 for the July 26 2022, shortage discovery. The August 19, 2022, DEA Form-106 reported a suspected employee theft of one hundred forty-eight (148) Alprazolam 1 mg tablets, seven hundred fifty-three (753) Alprazolam 2 mg tablets, two hundred twelve (212) oxycodone acetaminophen 7.5/325 mg tablets, and one hundred forty-two (142) Carisoprodol 350 mg tablets.

16. In order to uncover the source(s) of the losses, Walgreens' Asset Management Team interviewed employees, reviewed months of security camera footage, reviewed controlled substances in schedule II ("CII") invoices, compared invoices to DEA 222 forms, DEA Controlled Substance Ordering System ("CSOS"), and Walgreens' inventory system AS-400. However, no invoicing or posting errors were found; therefore, the losses were attributed to internal diversion.

17. On or about August 6, 2022, Respondent Towler was interviewed by Walgreens #3844's Asset Protection Manager. During the interview, Towler admitted to taking drugs from Walgreens #3844 beginning in December 2021. Towler admitted to diverting drugs from the pharmacy, including 500 "Norcos" (Norco or hydrocodone, CII) and 500 "Percs" (Percocet or oxycodone, CII) and 120 "Somas" (Soma or carisoprodol, CIV), for financial gain. Towler's admission constitutes fraudulent and/or deceitful conduct.

18. Respondent Towler possessed and/or distributed controlled substances without a valid certificate of registration to dispense controlled substances.

19. Based upon the varying Theft or Loss reports submitted by Respondent Otero to the Board on behalf of Walgreens #3844 on March 24, 2022; March 30, 2022; March 31, 2022; and May 3, 2022; each related to the March 23, 2022, suspected employee theft, it is apparent

Walgreens #3844 and Respondent Otero failed to maintain an accurate controlled substance inventory, including perpetual inventory records.

20. Respondent Otero and Walgreens #3844 failed to report the December 17, 2021, June 24, 2022, and July 26, 2022, suspected employee thefts of controlled substances to the Board within 10 days after the date of discovery of the theft or loss, as required by Nevada law.

21. Respondent Otero and Walgreens #3844 failed to report the December 17, 2021, March 23, 2022, June 24, 2022, and July 26, 2022, suspected employee thefts of controlled substances to the DEA within the 1 day after the date of discovery of the theft or loss, as required by federal law.

22. On or about August 8, 2022, a Las Vegas Metropolitan police report was filed, a copy of Respondent Towler's admission of theft statement was included.

23. Respondent Towler was terminated from Walgreens #3844.

24. On or about September 23, 2022, Respondent Towler's Certificate of Registration No. PT23168 was summarily suspended by the Board's Executive Secretary pursuant to NRS 233B.127(3), and a notice of hearing for October 12, 2022, was served upon Towler's last known address.

25. The Board heard the matter on October 12, 2022, and Respondent Towler failed to appear, whereupon the Board found that the continuation of Towler's hearing was warranted.

APPLICABLE LAW

26. Supplying or diverting drugs which are legally sold in pharmacies constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(g) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

27. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant

39. Respondent Towler engaged in fraudulent or deceitful practice when she diverted controlled substances, including Norco, Percocet, and Soma, from Walgreens #3844 as defined in NAC 639.945(1)(h), and is therefore subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255(3).

COUNT TWO
Violations of Federal and State Controlled Substances Act
(Respondent Towler)

40. Respondent Towler violated federal and state law by possessing and distributing controlled substances, including Norco, Percocet, and Soma, without the requisite registration/license in violation of 21 USC 841(a), NRS 453.321, 453.331(1), NRS 453.336, and

is therefore subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.210(11) and/or NRS 639.210(12) and/or NRS 639.255(3).

COUNT THREE
Failure to Keep Complete and Accurate Records
(Respondents Otero and Walgreens #3844)

41. As the managing pharmacist, Respondent Otero failed to keep complete and accurate controlled substance records, including perpetual inventories, as demonstrated by the four (4) different versions of Loss or Theft reports submitted to the Board for the suspected employee theft on March 23, 2022, as well as the large and delinquent Theft or Loss reports submitted to the Board on February 28, 2022, July 8, 2022, and August 19, 2022, as required by NAC 453.475, and/or NAC 639.485(2), and/or 21 CFR §§ 1304.03-.21; and is therefore subject to discipline pursuant to and/or NRS 639.210(15) and/or NRS 639.255(3).

42. Respondent Walgreens #3844 failed to keep complete and accurate records, including perpetual inventories, as demonstrated by the four (4) different versions of Loss or Theft reports submitted to the Board for the suspected employee theft on March 23, 2022, as well as the large and delinquent Theft or Loss reports submitted to the Board on February 28, 2022, July 8, 2022, and August 19, 2022, in violation of 21 CFR §§ 1304.03-.21, and/or NAC 453.475, and/or NAC 639.485(2), and is therefore subject to discipline pursuant to NAC 639.702 and/or NAC 639.945(2) and/or NRS 639.210(11) and/or NRS 639.210(12) and/or NRS 639.210(15) and/or NRS 639.255(3).

\\\

\\\

\\\

COUNT FOUR
Managing Pharmacist Responsibility
(Respondents Walgreens #3844 and Otero)

43. As the managing pharmacist of Walgreens #3844 at the time of the violations alleged herein, Respondent Otero is responsible for those violations, including those of the pharmacy's employees pursuant to NAC 639.702, and is subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.210(12) and/or NRS639.210(15) and/or NRS 639.230(5), and/or NRS 639.255(3).

COUNT FIVE
Failure to Timely Report Theft/Losses Pursuant to Federal and State Law
(Respondent Walgreens #3844)

44. Respondent Walgreens #3844 violated 21 CFR § 1301.76(b) and/or NRS 453.568, when it failed to timely report losses or thefts of controlled substances discovered on December 17, 2021, June 24, 2022, and July 26, 2022; therefore, Walgreens #3844 is subject to discipline pursuant to NRS 639.210(12) and/or NRS 639.255(3).

COUNT SIX
Pharmacy/Pharmacy Owner Responsibility
(Respondent Walgreens #3844)

45. As the pharmacy where Respondents Otero, and Respondent Towler, violated the laws as alleged herein, Walgreens #3844 is responsible for those violations pursuant to NAC 639.702, and NAC 639.945(2). Respondent Walgreens #3844 is therefore subject to discipline pursuant to NRS 639.210(12), NRS 639.230(5), and/or NRS 639.255(3).

\\\

\\\

\\\

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the license(s)/registration(s) of these Respondents.

Signed this 6th day of February 2023.

J. David Wuest, R.Ph., Executive Secretary,
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. BEFORE THE NEVADA STATE BOARD OF PHARMACY

In the Matter of the Investigation of: **MORGAN TOWLER, PTT,** **Certificate of Registration No. PT23168**	**CASE NO. 22-096-PTT-S** **ORDER OF SUMMARY SUSPENSION AND NOTICE OF HEARING**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy ("Board"), has determined that Morgan Towler's ("Towler") actions impact public health, safety or welfare which imperatively require emergency action pursuant to NRS 233B.127(3). Board staff has previously provided the Executive Secretary information, and other documentary evidence, which substantiates the preliminary findings that:

1. Towler was a pharmacy technician in training at the Walgreens Pharmacy #3844 ("Walgreens") located at 5011 W. Sahara Avenue, Las Vegas, NV 89142. Although Towler completed her hours of pharmacy technician training, she did not complete her application to be registered as a pharmacy technician.

2. On or about March 24, 2022, Walgreens reported controlled substances losses to the Board which involved 88 oxycodone HCL/acetaminophen 10/325 tablets, 70 oxycodone HCL mg tablets, and 45 methylphenidate 5 mg tablets. The Board initiated an investigation that uncovered other larger, previously unexplained losses, including a loss of 10,079 tablets of oxycodone-acetaminophen and hydrocodone-acetaminophen tablets on or about December 17, 2021.

3. On or about August 6, 2022, Towler was interviewed by Walgreens Asset Manager. Towler admitted to diverting drugs from the pharmacy, including 500 "Norcos" and 500 "Percs" and 120 "Somas". A police report was filed with the same admission of theft by Towler to sell for personal financial gain.

4. Shortly thereafter, Towler was terminated from Walgreens.

Accordingly, the Executive Secretary has reasonably determined that the summary suspension of Towler's pharmacy technician in training registration is emergently required pursuant to NRS 233B.127(3), and therefore:

ORDERS that Morgan Towler's Certificate of Registration No. PT23168 is **SUMMARILY SUSPENDED**;

IT IS FURTHER ORDERED that a hearing to determine whether the suspension may continue has been set for **Wednesday, October 12, 2022 at 9:00 am** or soon thereafter at Hilton Garden Inn, 7830 Las Vegas Boulevard South, Las Vegas, NV 89123.

IT IS SO ORDERED.

Dated this 23rd day of September, 2022.

J. David Wuest, RPH, Executive Secretary
Nevada State Board of Pharmacy

NOTICE OF HEARING

HEARING DATE, TIME, AND PLACE:

Wednesday, October 12, 2022
9:00 am or soon thereafter
Hilton Garden Inn
7830 Las Vegas Boulevard South
Las Vegas, NV 89123

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to present evidence and argument on all issues involved in your summary suspension, either personally or through counsel. NRS 233B.121; NRS 233B.127(3). Please be advised that the hearing before the Board will be open to the public pursuant to NRS 241.033 and NRS 241.034.

In addition, the Board may at its discretion, conduct a closed session to consider your character, alleged misconduct, professional competence, and/or physical or mental health. NRS 241.030. You may attend your closed session, and have counsel or other representative of your choice present during your closed session. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the suspension hearing, the Board may accept the Executive Secretary's preliminary findings as true and may proceed to consider the continuation of your summary suspension.

If warranted, the Board through Board's staff may take additional administrative action by serving an accusation against you after considering your character, alleged misconduct, professional competence, and/or physical or mental health at the suspension hearing. NRS 622A.300; NRS 639.241.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **EDWARD SOLLESA VICTORIA, MD, Certificate of Registration No. CS15199,** **Respondent.**	**CASE NO. 23-113-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Edward Sollesa Victoria, MD, held a Nevada controlled substance registration, Certificate of Registration No. CS15199, issued by the Board.

FACTUAL ALLEGATIONS

2. On or about March 3, 2023, the Nevada State Board of Medical Examiners (NSBME) entered an order in Case No. 22-33039-1 and imposed discipline on Respondent's License No. 12452 to practice medicine for engaging in conduct in violation of the standards of practice established by the NSBME, specifically for multiple violations of NRS 630.301(4), NRS 630.3062(1)(a) and NRS 630.3062(1)(b)(2) related to prescribing controlled substances to treat acute pain or chronic pain.

APPLICABLE LAW

3. A prescription for a controlled substance may be issued only for a legitimate medical purpose and in conformance with the requirements of NRS 639.2391-.23914, *inclusive*, and after review of a patient's utilization report in the Prescription Monitoring Program (PMP) database in conformance with NRS 639.23507. 21 CFR § 1306.04(a); NRS 453.381(1).

4. Performing any duties as the holder of a controlled substance registration or a dispensing practitioner registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

5. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(11).

6. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

7. The Board may suspend or revoke a registration issued pursuant to NRS 453.226 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(e) and NRS 453.241(1).

COUNT ONE

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. EDWARD SOLLESA VICTORIA, M.D., Certificate of Registration No. CS15199, Respondent.	Case No.: 23-113-CS-S **ANSWER AND NOTICE OF DEFENSE**

Respondent Edward Sollesa Victoria, M.D., by and through counsel, hereby submits his Answer and Notice of Defense ("Answer"), in answer to the Notice of Intended Action and Accusation filed June 29, 2023 (the "Notice and Accusation"), in the above-captioned action before the Nevada State Board of Pharmacy (the "Board"). Respondent Dr. Victoria respectfully submits this Answer pursuant to NRS 639.244[1] and NRS 622A.320, declaring as follows:

///

///

[1] **NRS 639.244 Notice of Defense: Form; effect of failure to file.**
1. The form for the Notice of Defense must be prepared and furnished by the Board and permit the respondent, by completing and signing the notice, to:
(a) Object to the accusation as being incomplete and failing to set forth clearly the charges; and
(b) Deny or admit, in part or in whole, the violations alleged.
2. The Notice of Defense must be signed by the respondent or his or her attorney under penalty of perjury. Failure to file a Notice of Defense constitutes a waiver of the respondent's right to a hearing, but the Board may grant a hearing.

1. That he objects to the Notice and Accusation pursuant to NRS 639.244(1)(a) as being incomplete and failing to set forth clearly the charges against him, on the following grounds:

a. The Notice and Accusation includes and/or recites no pertinent factual allegations regarding the charges in the Notice and Accusation.

b. The Notice and Accusation's only "factual allegation" is that a different agency (i.e., the Nevada Board of Medical Examiners) brought a different complaint (the "BME Complaint") against the Respondent.

c. The BME Complaint, along with a subsequent settlement agreement dated March 3, 2023, and order (the "Settlement") from that case, is mentioned in the Notice and Accusation, and such reference provides the only notice of the factual basis for the specific charges in the Notice and Accusation.

d. The BME Complaint is not included or attached or properly incorporated by reference in the Notice and Accusation.

e. The Notice and Accusation therefore provides inadequate notice of the factual allegations serving as the basis for the Notice and Accusation's specific charges.

2. That he, in answer to the Notice of Intended Action and Accusation pursuant to NRS 639.244(1)(b), **denies in whole** the allegations and violations alleged against him therein, excepting only to the extent that:

a. Dr. Victoria admits, pursuant to the Settlement (which was approved by the Medical Board in that case), that he "[has] admit[ted] to Counts II, III, V, VI, VIII, IX, and XII" of the BME Complaint—or "four (4) violations of NRS 630.3062(1)(a) . . . and four (4) violations of NRS 630.306(1)(b)(2)"—only and strictly as described in the BME complaint.

b. Dr. Victoria admits that, pursuant to the Settlement, he was subject to certain conditions and impositions of discipline by the Board of Medical Examiners (i.e., "Discipline"), but he denies admitting to or being Disciplined for all of the charges and all of the factual allegations included in the BME Complaint.

c. Dr. Victoria admits that on August 8, 2023, the BME notified him that he has

"fulfilled the terms of the Settlement Agreement, [and that his] Compliance file with the Nevada State Board of Medical Examiners has been closed."

d. Dr. Victoria denies that Dr. Victoria issued any prescription in violation of NRS 453.381(1).

3. That, before filing this Answer, Dr. Victoria has not waived the right to a hearing before the Board.

4. That, in filing this Answer, Dr. Victoria specifically requests and demands a hearing on this matter.

5. That Dr. Victoria asserts the following **Affirmative Defenses**:

a. The allegations contained in the Board's Accusation fail to state any actionable complaint or basis for imposing discipline.

b. The Notice and Accusation fails to meet minimum Due Process requirement for fair and adequate notice of the factual allegations supporting the charges.

c. The violations alleged against Respondent in the Board's Accusation are subject to a demand/application pursuant to NRS 233B.121(2)(d) for a more definite and detailed statement. (By this defense, Dr. Victoria specifically provides that he does not waive the right to such a demand/application even in light of this Answer.)

d. Dr. Victoria has fully complied with the Medical Board of Examiner's requirements and conditions imposed on his medical license, and that BME case is now closed.

6. That, pursuant to NRS 622A.330, though Dr. Victoria has provided this Answer, he specifically reserves the right to request a copy of all documents and other evidence intended to be presented by the Board at the hearing in support of its Accusation, as well as a list of proposed witnesses it intends to call at the hearing, if any.

///

///

///

///

///

WHEREFORE, Dr. Victoria prays the Notice and Accusation be dismissed and/or that no discipline or conditions upon Dr. Victoria's license be issued.

Pursuant to NRS 639.244(2), this Answer is hereby signed by the answering Respondent's attorney.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **RAYMOND BRADBURY GRABER, D.D.S., Certificate of Registration No. CS27126,** **Respondent.**	**Case No. 23-340-CS-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Raymond Bradbury Graber, D.D.S., ("Respondent") and this matter because, because at the time of the events alleged herein Respondent held a Nevada controlled substance registration, Certificate of Registration No. CS27126 issued by the Board.

FACTUAL ALLEGATIONS

2. On or about April 11, 2018, the Board initially issued Respondent Certificate of Registration to Dispense Controlled Substances, Certificate of Registration No. CS27126.

3. Respondent holds a current DEA registration which expires on September 30, 2023.

4. On or about August 27, 2022, Respondent was arrested for possession of 3.15 grams of cocaine, at or near 5650 South Carson Street, Carson City, State of Nevada.

5. On or about October 31, 2022, Respondent's Certificate of Registration No. CS27126 lapsed and was assigned non-renewed status by the Board.

6. On or about November 4, 2022, Respondent was charged for a violation of NRS 454.351, a misdemeanor, for possession of any drug which may not lawfully be introduced into interstate commerce under the Federal Food, Drug and Cosmetic Act.

7. On or about January 11, 2023, Respondent entered a guilty plea to a misdemeanor violation of NRS 454.351 and his sentencing was deferred for one year to allow for competition of a drug diversion program.

8. On or about February 15, 2023, Respondent submitted a late renewal application for Certificate of Registration No. CS27126.

9. Respondent failed to report his January 11, 2023, misdemeanor plea of guilty to a violation of NRS 454.351, within 30 days to the Board.

10. Respondent socially used cocaine prior to his arrest on August 27, 2022.

APPLICABLE LAW

11. Any person within this State who possesses, procures, obtains, produces, derives, manufactures, sells, offers for sale, gives away or otherwise furnishes any drug which may not be lawfully introduced into interstate commerce under the Federal Food, Drug and Cosmetic Act is guilty of a misdemeanor. NRS 454.351.

12. The holder of any certificate, license, or permit issued by the Board shall report to the Executive Secretary any conviction not later than 30 days after the conviction and provide any documentation of the conviction required by the Executive Secretary. The term "conviction" means a conviction for any crime, other than a misdemeanor traffic violation that does not involve the use of alcohol of a controlled substance, and includes: (a) final judgement; (b) plea of guilty or nolo contender; (c) plea pursuant to *North Carolina v. Alford*, 400 U.S. 25 (1970); or (d) guilty verdict following a bench trial or jury trial, regardless of whether a sentence is suspended or deferred, a final judgement of conviction has been entered or there are any pending appeals. Approved Regulation of the State Board of Pharmacy, LCB File No. R051-22, September 28, 2022.

\\\

\\\

\\\

13. The Board may suspend or revoke a registration issued pursuant to NRS 453.226 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.231(1)(h); NRS 453.236(1)(e) and NRS 453.241(1).

14. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

15. The Board may suspend or revoke any license or registration issued pursuant to NRS Chapter 639, and deny the application of any person for a certificate, license, registration or permit, if the holder of applicant has a substance abuse disorder. NRS 639.210(5).

16. Violating any provision of the Federal Food, Drug and Cosmetic Act is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(11).

17. Violating, attempting to violate, assisting, or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

18. Administrative proceedings brought by the Board against a Respondent pursuant to NRS Chapter 453, to deny, suspend or revoke a registration must be initiated, conducted and concluded pursuant to the provisions of NRS 639.241 to NRS 639.257, and upon a finding of guilt against the Respondent, the Board shall suspend the right of the registrant to use his or her registration or a schedule thereof; or revoke the registration of a schedule thereof. NRS 453.241.

19. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation alleged in an accusation for which the holder is found guilty. NRS 639.255(1)(f) and (3); NAC 639.955.

20. This Accusation constitutes a public record pursuant to NRS 622.330 and any discipline imposed by the Board shall be reported to the National Practitioner Data Bank as required by federal law. Title 42 USC § 1396r–2; 45 CFR Part 60.

COUNT ONE
Failure to timely Report Conviction

21. By failing to report Respondent's guilty plea to the misdemeanor charge of NRS 454.351 within 30 days, Respondent violated Approved Regulation of the State Board of Pharmacy, LCB File No. R051-22, September 28, 2022. By failing to timely report his guilty plea, Respondent committed an act that renders his continued registration to dispense controlled substances in Nevada inconsistent with the public interest. Respondent is therefore subject to discipline pursuant to NRS 453.231(1)(h) and/or NRS 453.236(1)(e) and/or NRS 453.241(1) and/or NRS 639.255(1)(f) and (3).

COUNT TWO
Violation of the Federal Food, Drug, and Cosmetic Act

22. By pleading guilty to a violation of the Federal Food, Drug and Cosmetic Act for possession of 3.15 grams of cocaine and admitting to social use of cocaine prior to his arrest on August 27, 2022, Respondent is subject to discipline pursuant to NRS 639.210(5) and/or (11) and/or (12), and/or NRS 639.255(1)(f) and (3).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Signed this 11th day of September 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. Case Nos. 20-022-RPH-S
20-022-PH-S

NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Craig Pivo ("Respondent Pivo") because Respondent Pivo holds a certificate of registration issued by the Board pursuant to NRS 639.127, authorizing him to engage in the practice of pharmacy within the state of Nevada.

2. The Board has personal jurisdiction over Respondent Genoa Healthcare LLC ("Respondent Genoa") because Respondent Genoa holds a license issued by the Board pursuant to NRS 639.230, authorizing Respondent Genoa to operate a pharmacy at 2500 W. Washinton Avenue in Las Vegas Nevada. The Board had formerly licensed Respondent Genoa to operate a pharmacy at 1901 S. Jones Boulevard in Las Vegas, Nevada.

3. The Board has jurisdiction over the subject matter of this accusation because, at the time of the violations alleged herein, Respondent Pivo was a Nevada registered pharmacist engaged in the

practice of pharmacy at Respondent Genoa's pharmacy at 1901 S. Jones Boulevard in Las Vegas, Nevada.

FACTUAL ALLEGATIONS

4. At the time of each of the violations alleged herein, Respondent Pivo was a registered pharmacist employed by Respondent Genoa at its pharmacy on 1901 S. Jones Boulevard in Las Vegas, Nevada.

5. On March 4, 2020, while employed by Respondent Genoa, Respondent Pivo was tasked with filling a prescription for adult patient IS. The prescription had been written by the patient's healthcare provider for alprazolam, a medication used to treat anxiety.

6. Upon receiving the prescription for alprazolam, a pharmacy technician incorrectly transferred the information from the hand-written prescription to Respondent Genoa's prescription management system. The pharmacy technician who performed the data entry mistakenly attributed the prescription to patient TS, a 12-year-old boy with a history of receiving prescriptions at Respondent Genoa's pharmacy. Patient TS had a history of receiving prescriptions for various medications related to attention-deficit/hyperactivity disorder (ADHD). Those medications did not include alprazolam.

7. Adult patient IS and minor patient TS share the same last name but are not related. Respondent Pivo performed the verification of patient IS's prescription for alprazolam. Respondent Pivo failed to recognize that the pharmacy technician had incorrectly attributed the prescription to patient TS. Respondent Pivo thereafter caused a supply of 60 alprazolam tablets (1mg) to be delivered to patient TS at his home in Pahrump, Nevada. The supply arrived at patient TS's home on or about March 5, 2020. The supply of alprazolam arrived in a pill bottle with a label instructing patient TS to take the tablets twice daily.

8. Patient TS's caregivers failed to notice that alprazolam was not among the medications that TS was taking for his ADHD. TS's caregivers had recently discussed changing his medications and assumed that Respondent Genoa had delivered the correct medication. They gave TS one tablet that evening, and another tablet the following morning. TS then went to school, where his teachers

noticed that he was staggering and otherwise exhibiting symptoms of a drug overdose. TS returned home and slept for the remainder of the day.

9. On or about March 4, 2020, Respondent Pivo filled patient IS's prescription for alprazolam a second time, this time correctly attributing it to patient IS. Respondent filled the prescription under prescription number 11226, the same prescription number that was previously and incorrectly attributed to patient TS. Respondent Pivo did not contact patient TS or his caregivers to explain the mistake. Respondent voided the previous transaction so that it appeared that prescription number 11226 had only been filled once.

10. On March 26, 2020, Patient IS's health care provider contacted the Board with a complaint about the facts as alleged above. Following receipt of the complaint, Investigator Dena McClish attempted to ascertain why Respondent Genoa's drug utilization review (DUR) system had not flagged the mistakes related to prescription number 11226, and/or why the company's representatives did not disclose or self-report the mistakes after it became apparent that Respondent Pivo had twice filled prescription number 11226.

11. During her investigation, Investigator McClish interviewed Respondent Pivo, among others. In response to questions about his failure to notify TS's caregivers that he had mistakenly delivered alprazolam to TS at his home in Pahrump, Nevada, Respondent Pivo told Investigator McClish that filled prescriptions are accompanied by a toll-free telephone number that patients may call with questions.

12. When Investigator McClish inquired about Respondent Genoa's DUR system, Respondent Genoa's corporate representatives could not explain why its DUR systems had not flagged the mistakes related to prescription number 11226. A corporate representative provided Investigator McClish with written protocols and procedures that were not followed. Respondent Genoa had no record of whether Respondent Pivo offered counseling to patient TS or his caregivers.

13. In 2008, in connection with his application to renew his Nevada certificate of registration, Respondent Pivo was disciplined by the Board for having failed to disclose that he

voluntarily surrendered pharmacist licenses in California and Utah. In the 2008 case, the Board ordered Respondent to enroll in a substance abuse treatment program, among other things, as a condition of retaining his Nevada registration.

APPLICABLE LAW

14. The Board may revoke or suspend the registration of any pharmacist who has been guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4). Likewise, the Board may revoke or suspend the registration of any pharmacist who has violated any provision of Nevada law relating to prescription drugs. *See* NRS 639.210(12). In lieu of revoking or suspending such a pharmacist's registration, the Board may impose fines as a disciplinary measure. *See* NRS 639.255; NAC 639.955.

15. A pharmacist's conduct is deemed unprofessional if the pharmacist fails to strictly follow the instructions of the person writing, making, or ordering a prescription as to its filling or refilling. *See* NAC 639.945(1)(i). Additionally, a pharmacist's conduct is deemed unprofessional if the pharmacist performs his or her duties in an incompetent, unskillful or negligent manner. *See* NAC 639.945(1)(i). Finally, a pharmacist's conduct is deemed unprofessional if the pharmacist fails to confer with the person writing, making, or ordering a prescription if there is an error or omission in it which should be questioned. *See* NAC 639.945(1)(e).

16. Unless otherwise provided by law, a pharmacist must verbally provide a patient or a person caring for the patient with information about each prescription drug or device dispensed to the patient. Failure to provide appropriate counseling to the patient constitutes a violation of NAC 639.707(1). Pursuant to NRS 639.210(12), the Board may discipline a pharmacist who violates NAC 639.707(1)

17. Pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2), pharmacies, pharmacy managers, and/or pharmacists are responsible for the acts and omissions of the pharmacy employees under their supervision.

COUNT ONE
Unprofessional Conduct by a Pharmacist

18. In March of 2020, as alleged above, Respondent Pivo engaged in unprofessional conduct because he failed to strictly follow the instructions of patient IS's health care provider as to the filling of patient IS's prescription for alprazolam.

19. In March of 2020, Respondent Pivo performed his duties as a pharmacist in an incompetent, unskillful or negligent manner by causing an adult dose of alprazolam to be delivered to and ingested by minor patient TS, thus causing harm to patient TS.

20. Respondent Pivo performed his duties as a pharmacist in an incompetent, unskillful or negligent manner by delaying patient IS's receipt of his prescription medication.

21. Respondent Pivo engaged in unprofessional conduct when he failed to notify and/or confer with TS's health care provider and/or caregivers upon discovering that alprazolam was incorrectly delivered to TS at his home in Pahrump, Nevada.

22. Any one or all of the errors and/or omissions described above amounts to unprofessional conduct for which the Board may discipline Respondent Pivo pursuant to NRS 639.210(4), NRS 639.255(1), NAC 639.945, and NAC 639.955.

23. Respondent Genoa is also subject to discipline because Respondent Genoa is responsible for Respondent Pivo's unprofessional conduct as described above. NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

COUNT TWO
Supervisory Liability

24. On or about March 4, 2020, Respondent Pivo failed to adequately supervise the pharmacy technician who made the data entry mistakes described above. The pharmacy technician was under Respondent Pivo's supervision at the time. Pursuant to NAC 639.702, the pharmacy technician's errors and/or omissions may be attributed to Respondent Pivo. Accordingly, the Board may discipline Respondent Pivo pursuant to NRS 639.210(4), NRS 639.255(1), NRS 639.945(1), and NAC 639.955.

25. Respondent Genoa is also subject to discipline because Respondent Genoa is responsible for the unprofessional conduct of Respondent Pivo and/or the pharmacy technician under his supervision. NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

COUNT THREE
Violation of NAC 639.707(1)

26. On or about March 5, 2020, Respondent Pivo was the pharmacist on duty responsible for counseling patient TS's caregivers regarding the alprazolam that he had caused to be delivered to TS at his home in Pahrump, Nevada. By neglecting to telephone or otherwise contact TS's caregivers before TS ingested alprazolam, Respondent Pivo violated the provisions NAC 639.707(1). Accordingly, the Board may discipline Respondent Pivo pursuant to NRS 639.210(12), NRS 639.255(1), and NAC 639.955.

27. Respondent Genoa is also subject to discipline because Respondent Genoa is responsible for Respondent Pivo's unlawful conduct as described above. NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent Pivo and the pharmacy license of Respondent Genoa.

DATED this 3rd day of JULY 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy
