1. Call to Order and Roll Call – Establishment of Quorum

President Park performed the roll call. Board members were present, except Gener Tejero, and a quorum was established.

2. Public Comment March 6, 2024, 9:00 AM

Mark Brunton, Pharmacy Technician Representative on the Board of Directions for the Nevada Pharmacy Alliance, and the Nevada Society of Health System Pharmacists, would like to submit a proposal to increase engagement with pharmaceutical technicians in Nevada. A pharmaceutical technician advisory committee to the Board gives an opportunity to provide a platform for deliberation and recommendations regarding training standards, scope of practice, and continuing professional development. This will promote competence, confidence, and engagement among our technicians. He seeks the Board's support to establish this committee.

DRAFT

◈ REGULAR AGENDA ◈

5. Disciplinary hearings pursuant to NRS 639.247. (**FOR POSSIBLE ACTION**)

C. ASP Cares Pharmacy (19-011-PH-S)

Brett Kandt, General Counsel for the Nevada Board of Pharmacy, prosecuted the case against ASP Cares Pharmacy but requested that the Board return to this item as the representative is not present.

President Park tabled hearing and will return to this matter.

E. Jay Selznick (19-043-CS-N)

This matter was continued to a future Board meeting.

F. Kochy Tang (19-126-CS-S)

Maria Nutile appeared as counsel on behalf of Kochy Tang.

Brett Kandt, General Counsel for the Nevada Board of Pharmacy, prosecuted the case against Dr. Tang alleging that the respondent, as a medical director, authorized an employee (RN) to independently access, possess, store, and administer dangerous drugs to patients with whom respondent did not establish a bona fide therapeutic relationship. In addition, respondent falsified patient information and issued false prescriptions to obtain compounded dangerous drugs for office use.

Mr. Kandt presented a Stipulation and Order for the Board's consideration.

The proposed stipulated penalties for Dr. Tang, Certificate of Registration No. CS06260, are the following: 1) Respondent's Certificate of Registration No. CS06260 is placed on probation for one year; 2) $2,500 fine for the violations; and 3) $1,000 payment to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

Ms. Nutile commented that the charges were from six years ago and changes have been in place since then.

Board Action:

Motion: Krystal Freitas moved to approve the Stipulation and Order as presented by Mr. Kandt.

Second: Wayne Mitchell

Action: Passed unanimously.

DRAFT

I. Monivirin Son (23-046-CS-S)

Monivirin Son appeared and was sworn in by President Park prior to answering questions and offering testimony.

Brett Kandt, General Counsel for the Nevada Board of Pharmacy, prosecuted the case against Dr. Son alleging Dr. Son failed to timely renew his Certificate of Registration Nos. CS25265, CS12420, and CS15562 on October 31, 2018, and thereafter issued 2,684 prescriptions of controlled substances to 484 patients in Nevada between November 1, 2018, and June 21, 2023, without a valid controlled substance registration and without accessing the Prescription Monitoring Program (PMP) to review the patient utilization report. Respondent applied for a new Certificate of Registration No. CS35699 on June 22, 2023, but failed to submit proof of DEA registration and enroll for Internet access to the PMP database.

Mr. Kandt presented a Stipulation and Order for the Board's consideration.

The proposed stipulated penalties for Dr. Son, Certificate of Registration No. CS35699, are the following: 1) Respondent's Certificate of Registration No. CS35699 is suspended for two years; the suspension is stayed, and Respondent is placed on probation; 2) $16,000 fine for the violations; and 3) $2,500 payment to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

Dr. Son agreed to the stipulation.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve the Stipulation and Order as presented by Mr. Kandt.

Second: Wayne Mitchell

Action: Passed unanimously.

P. Matthew Kikuchi (21-087-CS-N)

Christopher Reade appeared as counsel on behalf of Matthew Kikuchi.

Matthew Kikuchi was sworn in by President Park prior to answering questions and offering testimony.

Gus Vanderdonck, Assistant General Counsel for the Nevada Board of Pharmacy, prosecuted the case against Dr. Kikuchi alleging that he failed to query a PMP report for any of his prescriptions from January 19, 2016, to June 13, 2021. The respondent is now in compliance with PMP laws and regulations.

The proposed stipulated penalties for Dr. Kikuchi's Certificate of Registration No. CS23600 are the following: 1) Respondent will continue compliance with all PMP related laws and regulations; 2) pay a fine of $6,500 for the violations; and 3) pay $1,000 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve the Stipulation and Order as presented by Mr. Vanderdonck.

Second: Krystal Freitas

Action: Passed unanimously.

J. Matthew Okeke (19-013-CS-S)

Matthew Okeke was sworn in by President Park prior to answering questions and offering testimony.

Liborius Agwara appeared as counsel on behalf of Dr. Okeke.

Gregory Zunino, Senior General Counsel for the Nevada State Board of Pharmacy, presented a Petition for Reconsideration to the Board that was submitted by Dr. Okeke's attorney, Mr. Agwara, who requested that the Board vacate a default order that was entered at the January 2024 Board Meeting due to a non-appearance by Dr. Okeke and/or Mr. Agwara.

Mr. Agwara stated that Dr. Okeke signed a stipulation that would have settled the case, but he was out of the country and was not aware that his staff neglected to forward the signed stipulation to Mr. Zunino.

Mr. Zunino recommended that the Board grant the Petition for Reconsideration and continue the case to the May meeting, under the condition that Dr. Okeke will not prescribe or possess any controlled substances within his practice until this matter is resolved.

President Park granted the Petition for Reconsideration for Dr. Okeke. This case will be continued to the May Board meeting.

O. Cheryl Saunders (23-167-CS-N)

Kathleen Jones appeared as counsel on behalf of Cheryl Saunders

Cheryl Saunder appeared via Zoom.

President Park disclosed that Ms. Saunders may be someone that she works with at the Nevada Department of Corrections but has not met her. President Park stated that she can participate in

this matter fairly and without bias.

Gregory Zunino, Senior General Counsel for the Nevada Board of Pharmacy, prosecuted the case alleging that Ms. Saunders procured dangerous drugs for Aesthetics MedSpa and allowed an unlicensed person to possess, store, and/or administer these dangerous drugs without any supervision or direction by a practitioner.

Mr. Zunino presented a Stipulation and Order for the Board's consideration.

The proposed stipulated penalties for Ms. Saunders, Certificate of Registration No. CS27884, are the following: 1) pay a fine of $1,500 for the violations; and 2) pay $1,000 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter; and 3) Ms. Saunders has agreed to cooperate and testify in the Board's cases against the Aesthetics MedSpa and the respondents who administered the drugs without a practitioner present.

Ms. Jones stated that her client agrees with the Stipulation and Order as presented.

Board Action:

Motion: Krystal Freitas moved to approve the Stipulation and Order as presented by Mr. Zunino.

Second: Adam Porath

Action: Passed unanimously.

Q. Plus One Pharmacy (21-189-PH-S)

Chandon Alexander appeared as counsel on behalf of Plus One Pharmacy.

Gus Vanderdonck, Assistant General Counsel for the Nevada Board of Pharmacy, prosecuted the case alleging that the owner of the Plus One Pharmacy, a non-licensee and non-pharmacist, ordered and received a shipment of dangerous drugs without a pharmacist present.

Mr. Vanderdonck presented a Stipulation and Order for the Board's consideration.

The proposed stipulated penalties for Plus One Pharmacy License No. PH04369 are the following: 1) Respondents License No. PH04369 shall be suspended for one year; however, the suspension is stayed; 2) pay a fine of $5,000 for the violations; and 3) pay $2,000 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

Mr. Alexander commented that this drug shipment was received in error prior to the opening of the pharmacy, and it was shipped back to the vendor and a refund was given.

DRAFT

Board discussion ensued.

Jade Jacobo disclosed that she saw this case in Arizona when it was presented, but that she can participate in this matter fairly and without bias.

Board Action:

Motion: Krystal Freitas moved to approve the Stipulation and Order as presented by Mr. Vanderdonck.

Action: Passed unanimously.

W. John Tolentino (22-021-CS-S)

John Tolentino and Mark Chase, Clinical Director PRN of Nevada, appeared and were sworn in by President Park prior to answering questions and offering testimony.

Peter Keegan, General Counsel for the Nevada Board of Pharmacy, prosecuted the case against Mr. Tolentino related to an Agreement with the Nevada State Board of Nursing for diversion of a controlled substances for personal use that he failed to disclose on his November 25, 2020, Controlled Substance Registration.

Mr. Keegan presented a Stipulation and Order for the Board's consideration.

The proposed stipulated penalties for Mr. Tolentino Certificate of Registration No. CS31227 are the following: 1) Respondent's Certificate of Registration No. CS31227 shall be revoked for two years, effective immediately; 2) Respondent will continue to comply with the Agreement given by the Nevada State Board of Nursing in Case No. 2022020005; 3) pay a fine of $5,000 within one year of the Order; and 3) pay $750 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter within 30 days of the Order.

The Board questioned Mr. Tolentino on the terms of his Agreement with the Board of Nursing.

Mr. Tolentino answered questions to the Board's satisfaction.

Board discussion ensued.

Jade Jacobo and Wayne Mitchell feel that a two-year revocation is more appropriate.

The Board took a recess for Mr. Keegan, and the Respondent to discuss new terms of the proposed Stipulation and Order

Gener Tejero joined the Board meeting at 10:17AM.

Mr. Tejero recused himself from this Agenda Item as he was not present for the hearing.

Board Action:

Motion: Jade Jacobo moved to approve the Stipulation and Order as presented by Mr. Keegan with amendment to the revocation would be for two years instead of one year.

Second: Krystal Freitas

Action: Passed unanimously (Tejero recused).

K. DVH Hospital Alliance (22-053-PH-S)
L. Marissa Crain (22-053-PT-S)
M. Elliott Asarch (22-053-RPH-A-S)
N. Matthew Huntington (22-053-RPH-B-S)

Krystal Freitas recused herself from this matter due to her employment.

Matthew Huntington appeared and was sworn in by President Park prior to answering questions and offering testimony.

Maria Nutile appeared as counsel on behalf of Matthew Huntington and DVH Hospital Alliance.

Lyn Beggs appeared as counsel on behalf of Elliot Asarch.

Marissa Crain appeared via Zoom and was told by her attorney, Thomas Gibson, to attend.

Mr. Zunino was not aware Ms. Crain was represented by counsel.

Board discussion ensued.

Dave Wuest requested that these Agenda Item's be tabled.

President Park tabled hearings and will return to these matters.

X. Wal-Mart Pharmacy #10-4239 (22-089-PH-N)

Shelley Tustison, Senior Director of Pharmacy Practice Compliance, Grace Collinson, Director of Practice Compliance, appeared and were sworn in by President Park prior to answering questions and offering testimony.

William Stilling appeared as counsel on behalf of Walmart Pharmacy #10-4239.

Peter Keegan, General Counsel for the Nevada Board of Pharmacy, prosecuted the case against Wal-Mart Pharmacy #10-4239 alleging that employees mis-filled Metformin Hydrochloride ER 500mg tablets ASC, quantity 360, with two bottles of 100 tablets of Metformin Hydrochloride ER

500 MG AS tablets and one bottle of amlodipine besylate tablet, USP 5mg, quantity 500.

Mr. Keegan presented a Stipulation and Order for the Board's consideration.

The proposed stipulated penalties for Wal-Mart Pharmacy #10-4239 License No. PH02772 are the following: 1) pay a fine of $1,000 for the violations within 30 days of the Order; and 2) pay $750 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter within 30 days of the Order.

Board discussion ensued.

Jade Jacobo is not in favor of the Stipulation and Order. This is one misfill case of many, as human error does happen. Ms. Jacobo believes our resources would be better utilized in preventing the errors from moving forward or even coming into formation.

Board Action:

Motion: President Park moved to approve the Stipulation and Order as presented by Mr. Keegan for Wal-Mart Pharmacy #10-4239.

Second: Adam Porath

Aye: Park, Freitas, Porath, Tomasso, Tejero, Mitchell
Nay: Jacobo

Action: Motion carries.

C. ASP Cares Pharmacy (19-011-PH-S)

This matter was continued to a future Board Meeting.

D. Venus Vedadi (19-011-RPH-S)

Lyn Beggs appeared as counsel on behalf of Venus Vedadi.

Brett Kandt, General Counsel for the Nevada Board of Pharmacy, prosecuted the case against Ms. Vedadi alleging she provided preprinted prescription blanks to Kindred Outpatient Wound Care Hospital. Vedadi also erroneously entered the prescriber's name Dr. L.R. on the illegally preprinted prescription blank form and dispensed several prescriptions which included a misfill of six tubes of 30g Santyl Ointment rather than one 30g tube.

The proposed stipulated penalties for Venus Vedadi, Certificate of Registration No. 18969, are the following: 1) Respondent's Certificate of Registration No. 18969 is suspended for two years; the suspension is stayed, and Respondent is placed on probation; 2) $5,000 fine for the violations; and 3) $1,000 payment to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

President Park disclosed that she is familiar with Ms. Vedadi during her time at Roseman University but can participate in this matter fairly and without bias.

On behalf of her client, Ms. Beggs shared with the Board that Ms. Vedadi has not been with ASP Pharmacy since 2019 and that she would say that she was not the individual who promoted sending the blank pre-printed prescription pads to the wound care providers, however the respondent believed the proposed stipulation was reasonable and asked the Board to accept the stipulation today.

Board Action:

Motion: Krystal Freitas moved to approve the Stipulation and Order as presented by Mr. Kandt.

Second: Wayne Mitchell

Action: Passed unanimously.

A. CVS Pharmacy #9967 (19-049-PH-S)
B. Mihreteab Tesema (19-049-RPH-S)

Jade Jacobo recused herself from this matter due to her employment with CVS.

Krystal Freitas disclosed that she is familiar with Mihreteab Tesema but can participate in this matter fairly and without bias.

Brian Convery, Representative for CVS Pharmacy #9967, and Mihreteab Tesema appeared and were sworn in by President Park prior to answering questions and offering testimony.

Brett Kandt, General Counsel for the Nevada Board of Pharmacy, prosecuted the case alleging that Mr. Tesema failed to contact the prescriber for clarification on a prescription.

Mr. Kandt presented a Stipulation and Order for the Board's consideration.

The proposed stipulated penalties for Mr. Tesema, Certificate of Registration No. 18570, are the following: 1) $1,000 fine for the violations; and 2) $500 payment to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

The proposed stipulated penalties for CVS Pharmacy #9967, License No. PH01250, are the following: 1) $2,000 fine for the violations; and 2) $1,000 payment to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

President Park asked respondent Tesema if he recalled the day that the misfill happened and if he could tell the Board what occurred.

Mr. Tesema provided a statement to the Board on the events that occurred.

Board discussion ensued.

On behalf of the prosecution, Mr. Kandt requested that the Board reject the stipulation and continue the matter to a future date.

Mr. Convery and Mr. Tesema requested that the Board reject the stipulation.

Board Action:

Motion: President Park moved to reject the Stipulation and Order as presented by Mr. Kandt for Mihreteab Tesema and CVS Pharmacy #9967.

Second: Wayne Mitchell

Action: Passed unanimously (Jacobo recused).

K.	DVH Hospital Alliance	(22-053-PH-S)
L.	Marissa Crain	(22-053-PT-S)
M.	Elliott Asarch	(22-053-RPH-A-S)
N.	Matthew Huntington	(22-053-RPH-B-S)

Krystal Freitas recused herself from this matter due to her employment.

Todd Weiss, Deputy Attorney General, presented the options for how the Board can address the situation with Marissa Crain being remote when she was ordered to appear. The Board can treat her as a default for not complying with the order served or put it on record that Ms. Crain will need to appear in person at the next meeting while proceeding with the other respondents.

President Park will give Ms. Crain an opportunity to appear at a future Board meeting, but the Board will proceed with the remaining respondents' cases.

President Park disclosed that she is familiar with Mr. Huntington during her time at Roseman University but can participate in this matter fairly and without bias.

Gregory Zunino, Senior General Counsel for the Nevada Board of Pharmacy, prosecuted the case against DVH Hospital Alliance, License No. IB02134, and Matthew Huntington, Certificate of Registration No. 18203, both represented by Ms. Nutile. It is alleged that Ms. Crain, a pharmacy technician, stole a large quantity of controlled substances over a two-year period from the hospital. Matthew Huntington was the managing pharmacist during the latter half of Ms. Crain's tenure at the hospital. The hospital had the technology in place that could have detected the theft, and by failing to use the technology, Mr. Huntington performed his duties in a negligent or unskilled manner.

Mr. Zunino presented two proposed Stipulation and Orders for the Board's consideration.

The proposed stipulated penalties for DVH Hospital Alliance License No. IB02134 are the following: 1) Submit to four quarterly inspections of the pharmacy to be done by Board inspectors

at the pharmacy's expense; 2) pay a fine of $10,000 for the violations; and 3) pay $1,000 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

The proposed stipulated penalties for Matthew Huntington Certificate of Registration No. 18203 are the following: 1) Respondent's Certificate of Registration No. 18203 will be suspended for one year; however, the suspension is stayed; 2) Respondent, as long as he is Managing Pharmacist, shall facilitate the performance of DVH Hospital Alliance of its responsibilities as long as he remains employed by DVH Hospital Alliance; 3) pay a fine of $2,500 for the violations; and 4) pay $500 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

Ms. Nutile clarified for the Board that Mr. Huntington was not the managing pharmacist for the latter half of the two-year period, but for four months of that two-year period. She also noted that once Mr. Huntington became aware of the way to run the electronic report, he self-reported this to the Board and assisted in the investigation. DVH Hospital has also made many changes, including now having a risk manager for this hospital and the region. The risk manager is now involved in the running of reports and inspections daily.

Board discussion ensued.

President Park disclosed that she is familiar with Elliott Asarch from Roseman University, but she can participate in this matter fairly and without bias.

Board Action:

Motion: Wayne Mitchell moved to accept the Stipulation and Order as presented by Mr. Zunino for Matthew Huntington.

Second: Jade Jacobo

Aye: Freitas, Porath, Jacobo, Tomasso, Tejero, and Mitchell
Nay: Park

Action: Motion carries.

Board Action:

Motion: Wayne Mitchell moved to approve the Stipulation and Order as presented by Mr. Zunino for DVH Hospital Alliance.

Second: Jade Jacobo

Action: Passed unanimously.

Mr. Zunino presented the Stipulation and Order for Elliott Asarch for the Board's consideration.

The proposed stipulated penalties for Elliott Asarch, Certificate of Registration No. 19265, are the following: 1) Respondent's Certificate of Registration No. 19265 is suspended for one year, however, the suspension is stayed; 2) pay a fine of $2,500 for the violations; and 3) pay $500 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

Lyn Beggs clarified that Mr. Asarch came to work for DVH Hospital when Ms. Crain was out on medical leave and when she returned the diversion commenced again. When Mr. Asarch started with DVH, he noticed that Ms. Crain had inappropriate access to the safe and he modified her access; however, her access was restored, and they are unaware of who restored her access.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve the Stipulation and Order as presented by Mr. Zunino for Elliott Asarch.

Second: Wayne Mitchell

Aye: Freitas, Porath, Jacobo, Tomasso, Tejero, and Mitchell
Nay: Park

Action: Motion carries.

G. Ryan Ross (20-027-PT-S)

Ryan Ross failed to appear.

Brett Kandt, General Counsel for the Nevada Board of Pharmacy, prosecuted the case against Ryan Ross on an order to show cause due to Mr. Ross's non-compliance with a stipulation and order entered September 6, 2023.

Mr. Kandt called Darlene Nases as a witness.

Darlene Nases, Board Coordinator for the Nevada Board of Pharmacy, appeared and was sworn in by President Park prior to answering questions and offering testimony.

Ms. Nases testified on the service of the Order to Show Cause on Mr. Ross.

Mr. Kandt requested that Exhibit 1 be entered into the record, documenting service of the Order to Show Cause on Mr. Ross.

President Park admitted Exhibit 1 into the record.

Mr. Kandt called Jessette Phaynarikone as a witness.

Jessette Phaynarikone, Administrative Assistant - Board Coordinator I, for the Nevada Board of Pharmacy, appeared and was sworn in by President Park prior to answering questions and offering testimony.

Ms. Phaynarikone testified on the service of the 21-day Notice of Hearing on Mr. Ross.

Mr. Kandt requested that Exhibit 2 be entered into the record, documenting service of the 21-day Notice of Hearing on Mr. Ross.

President Park admitted Exhibit 2 into the record.

Mr. Kandt called back Ms. Nases as a witness.

Ms. Nases testified on the receipt of respondent's payments of fines, and attorney's fees and costs to the Board, pursuant to the payment schedule that Mr. Ross agreed upon.

Mr. Kandt requested that Exhibit 3 be entered into the record, documenting Mr. Ross' payments.

President Park admitted Exhibit 3 into the record.

Mr. Kandt asked Ms. Nases for details on what occurred when the respondent sent his first payments to the Board.

Ms. Nases answered questions to the Board's satisfaction.

Mr. Kandt asked the Board to make a finding of the fact that the respondent failed to make timely payments of the fine and recoverable attorney's and costs pursuant to the Stipulation and Order.

Mr. Kandt asked the Board to make a finding of fact that Board staff attempted service of the Order to Show Cause on Respondent on January 25, 2024.

Mr. Kandt asked the Board to make a finding of fact that the Board staff attempted service of the Notice of Hearing on the Respondent on February 1, 2024.

Board Action:

Motion: Jade Jacobo moved to make findings of fact that respondent failed to make timely payments of the fine and recoverable attorney's fees and costs pursuant to the Stipulation and Order; that Board staff attempted service on the Respondent of the Order to Show Cause on January 25, 2024; and that Board staff attempted service on the Respondent of the Notice of Hearing on February 1, 2024.

Y. CVS Pharmacy #8821 (23-126-PH-S)
Z. Eugene Bondoc Naval (23-126-RPH-S)

Jade Jacobo recused herself from this matter due to her employment.

Eugene Bondoc Naval appeared and was sworn in by President Park prior to answering questions and offering testimony.

William Stilling appeared as counsel on behalf of CVS Pharmacy #8821 and Mr. Naval.

Gener Tejero disclosed that he does have a professional relationship with Mr. Stilling but can participate in this matter fairly and without bias.

Peter Keegan, General Counsel for the Nevada Board of Pharmacy, prosecuted the case and reminded the Board that a Stipulation and Order was proposed to the Board in the January 2024 Board meeting. The Stipulation and Order was declined, and the Board requested a hearing on this matter.

Mr. Keegan requested Exhibit 1, Exhibit 2, and Exhibit 3 be entered into the record, and Mr. Stilling requested Exhibit A, Exhibit B, and Exhibit C be entered into the record.

President Park admitted Exhibits 1-3 and Exhibits A-C

Mr. Keegan and Mr. Stilling provided their arguments on the alleged violations.

Mr. Keegan called Dena McClish, Board Investigator for the Nevada Board of Pharmacy, as a witness.

Dena McClish appeared and was sworn in by President Park prior to answering questions and offering testimony.

Mr. Keegan questioned Ms. McClish about the case and her findings.

Mr. Stilling cross-examined.

Mr. Keegan re-crossed.

Mr. Keegan called Eugene Naval as a witness.

President Park commented that Mr. Naval is still sworn in from previously.

H. Ajumobi Agu (22-535-CS-S)

Ajumobi Agu appeared and was sworn in by President Park prior to answering questions and offering testimony.

Brett Kandt, General Counsel for the Nevada Board of Pharmacy, prosecuted the case against Dr. Agu alleging Dr. Agu issued electronic prescriptions for controlled substances after the Nevada Board of Pharmacy suspended his Certificate of Registration No. CS21324 due to the Nevada Board of Medical Examiners (NSBME) summarily suspending his medical license for violating prior NSBME disciplinary orders.

Mr. Kandt and Dr. Agu both provided their opening arguments on the alleged violations.

Mr. Kandt called Darla Zarley, PMP Administrator, as a witness.

Darla Zarley appeared and was sworn in by President Park prior to answering questions and offering testimony.

Dr. Zarley testified on a prescriber activity report detailing electronic controlled substance prescriptions Dr. Agu issued when his controlled substance registration was suspended.

Mr. Kandt requested Exhibit 1, Dr. Agu's prescriber activity report, be entered into the record.

President Park admitted Exhibit 1 into the record.

Dr. Agu cross-examined Dr. Zarley.

D. Zarley testified on copies of electronic controlled substance prescriptions Dr. Agu issued when his controlled substance registration was suspended.

Mr. Kandt requested Exhibit 2, copies of electronic controlled substance prescriptions, be entered into the record.

President Park admitted Exhibit 2 into the record.

Dr. Zarley testified on a MyRx Activity History report for Dr. Agu, and that he failed to review his prescriber activity report every six months.

Mr. Kandt requested Exhibit 3, MyRx Activity History report for Dr. Agu, be entered into the record.

President Park admitted Exhibit 3 into the record.

Dr. Agu gave testimony on a police report he filed regarding his electronic controlled substance

prescribing credential and testified that his prescribing credentials were compromised and resulted in the unlawful issuance of fraudulent controlled substances prescriptions by a third party.

Dr. Agu and Mr. Kandt requested the police report be entered into the record as Exhibit 4.

President Park admitted Exhibit 4 into the record.

Mr. Kandt and Dr. Agu gave their closing arguments.

Board discussion ensued.

Mr. Kandt requested the Board make findings of fact consistent with paragraphs 1-5 of the Notice of Intended Action and Accusation.

Board Action:

Motion: Jade Jacobo moved to make findings of fact consistent with paragraphs 1-5 of the Notice of Intended Action and Accusation.

Second: President Park

Action: Passed unanimously.

Mr. Kandt requested the Board make as an additional finding of fact the Nevada State Board of Medical Examiner's Second Summary Suspension against Dr. Agu issued on September 19, 2023.

There was no public comment.

President Park recessed the meeting for the night and reconvened the meeting the next morning at 9:00 AM.

Board Members Present:

Helen Park	Krystal Freitas	Jade Jacobo	Wayne Mitchell
Richard Tomasso	Gener Tejero	Adam Porath	

Board Staff Present:

Dave Wuest	Yenh Long	Darlene Nases	Gregory Zunino
Brett Kandt	Peter Keegan	Gus Vanderdonck	Jessette Phaynarikone
Erin Miller	Joe Dodge	Darla Zarley	Leo Basch
Kenneth Scheuber	Dena McClish		

President Park read the mission statement of the Nevada State Board of Pharmacy to reiterate the Board's duty to carry out and enforce the provisions of Nevada Law to protect the health, safety, and welfare of the public.

Dave Wuest stated that this Board Meeting is being held over Zoom and is in compliance with the Open Meeting Laws for Nevada.

Call to Order and Roll Call – Establishment of Quorum

President Park performed the roll call. All Board members were present, and a quorum was established.

Public Comment March 7, 2024, 9:00 AM

Liz MacMenamin from the Retail Association of Nevada, requested for a permanent change in the 3-to-1 ratio of pharmaceutical technicians allowed per one pharmacist in pharmacies. She commented that during COVID, the Board allowed a 6-to-1 ratio with the health, safety, and welfare of the public as the reasoning, and yet the ratio was reversed back to 3-to-1 even after those in the industry asked for an official change to occur. She shared how there were no disciplinary cases that stemmed from having the 6-to-1 ratio during the pandemic, and that pharmacies with high traffic need more personnel. Ms. MacMenamin commented that the $10,000 fine amounts that the Board is implementing on the respondents should only be given out during death or egregious infractions.

Michelle Dolly, a Managing Pharmacist for a non-resident wholesale distribution center, wanted to bring a recently passed Assembly Bill 110 to the Board's attention. The bill exempts dialysis medication from having the pharmacist do the final check before shipping the medications out directly to a patient's home. She is concerned that she's being instructed by her employer to let a warehouse worker do the final check on an "Rx only" product and shared that she had been told that she no longer needs to label prescription boxes since she does not have to verify prescriptions.

◈ WORKSHOP ◈

Thursday, March 7, 2024 – 9:00 am

15. Notice of Proposed Regulation Workshop Pursuant to NRS 233B.061(2) **(FOR POSSIBLE ACTION)**:

    A. **Amendment to Nevada Administrative Code (NAC) 639**. The proposed amendment removes various provisions relating to compounding which are in conflict with current United States Pharmacopeia compounding standards.

Dave Wuest, Executive Secretary for the Nevada Board of Pharmacy, presented background on the proposed workshop item.

President Park opened the floor to public comment.

Liz MacMenamin from the Retail Association is in favor of the proposed workshop.

Mark Johnston, Pharmacist for CVS Health, commented that the term “legal guardian” used in this language is a very legal term, and makes it difficult for the pharmacist to determine who the legal guardian may be. He suggested using the word “agent” or “an agent of the patient” in a broader term that could open it up to a more realistic determination by the pharmacist. He worries that if it is up to the pharmacist to determine the legal guardian, then flavoring most likely will not occur.

Chad Baker, Senior Vice President of Government Relations for Flavor Rx, commented that the language being considered on flavoring after the feedback at the last meeting is appreciated by the company. He believed the language to be pragmatic and in line with what many other states have already adopted and thought that pharmacies could continue to provide flavoring with these commonsense requirements in place.

Gener Tejero, Pharmacist, requested that the Board adopt certain exceptions to USP 797. On the previous iterations of 797, Mr. Tejero noted that many of edits that have been redlined out in this version of the amendment which means that the previous iteration of USP 797 had many changes that differed from the 797 itself. He proposed four changes for the Board to adopt that were outlined as: 1) Viable air sampling timing and locations; 2) Surface sampling timing and locations; 3) Sterility Testing; and 4) Bacterial Endotoxins Testing.

Matt LaSarso, Solutions Specialty Pharmacy Owner, read a letter into record from one of his patients on this issue. Mr. LaSarso shared that while doing this at his pharmacy, the only endotoxin failures that they have seen came directly from the manufacturer package before it was shipped to them.

President Park closed public comment.

Board discussion ensued.

RE: Explanation of Disciplinary History
Montgomery, NY

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to Question 3 on our application for Wholesaler. We have a few matters to disclose based on our parent company, Cardinal Health, Inc. Please note that the facility that is the subject of this application does not have any disciplinary history to disclose.

On September 24, 2020, Cardinal Health finalized a settlement agreement with the Colorado Board of Pharmacy and paid a fine of $1,150. This settlement was regarding the failure of our Denver, Colorado distribution center to timely notify the Board of a change in that distribution center's designated representative.

Cardinal Health's pharmaceutical distribution center in Valencia, California entered into a settlement agreement with the California Board of Pharmacy in April 2019. As a condition of that settlement, the California Wholesale license for our Valencia distribution center was on probation from April 3, 2019, through April 2, 2021. This agreement resulted from the Valencia distribution center making sales to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery vehicle door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012, administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

In September 2013, Cardinal Health's distribution center located in Ontario, California, received a citation involving prescription device deliveries being made to an unauthorized customer; the facility paid the fine of $5,000.00 and the matter was closed. In July 2014, the State of Michigan Department of Licensing and Regulatory Affairs (LARA) took derivative action against the Ontario, CA, facility based upon the action described above. LARA issued a Consent Order and fined the Ontario facility $500. Cardinal Health paid the fine to LARA on July 9, 2014.

If you have any questions, Cory Kopitzke, Assistant General Counsel, Regulatory at Cory.Kopitzke01@cardinalhealth.com.

Sincerely,

Keegan Chamberlain
Director, Global Logistics Quality Management

To whom it may concern:

This is a declaration and confirmation by Cardinal Health, Inc. and its subsidiaries exclusively that:

Cardinal Health is self-insured for products, completed operations liability and pharmacist professional liability. You will not be named as additional insured for any of the self-insured retention limits of the product liability, completed operations liability and pharmacist professional liability coverages. Cardinal Health's self-insurance is backed by its financial strength documented in financial statements found at www.cardinalhealth.com. The existence of self-insurance within Cardinal Health's insurance program does not change any contractual obligation we may have, and shall not be deemed to exceed the scope of coverage and/or limits required, under our written contract or agreement with you.

As respects the Automobile Liability, Automobile Physical Damage, Comprehensive and Collision coverage is self-insured for all owned and leased vehicles.

Please direct any questions or concerns to GMB-DUB-RiskManagement@cardinalhealth.com.

- **Fiscal 2024 non-GAAP adjusted free cash flow guidance raised to ~$2.5 billion, from ~$2.0 billion**
- **Cardinal Health to acquire Specialty Networks, a technology-enabled multi-specialty group purchasing and practice enhancement organization**

DUBLIN, Ohio, February 1, 2024 – Cardinal Health (NYSE: CAH) today reported second quarter fiscal 2024 revenue of $57.4 billion, an increase of 12% from the second quarter of last year. Second quarter GAAP operating earnings were $482 million and GAAP diluted earnings per share (EPS) were $1.43. Second quarter non-GAAP operating earnings increased 20% to $562 million, driven by strong growth in both Pharmaceutical segment profit and Medical segment profit. Non-GAAP diluted earnings per share (EPS) increased 38% to $1.82, driven by four factors: the increase in non-GAAP operating earnings, a lower share count following incremental share repurchase activity, lower interest and other expense and a lower non-GAAP effective tax rate.

"We delivered strong second quarter results across the enterprise, demonstrating continued momentum against our strategic priorities," said Jason Hollar, CEO of Cardinal Health. "With strong growth in Pharmaceutical segment profit and continued progress against our Medical Improvement Plan, we are continuing to drive operational execution in our core business. Along with our recent announcements of a tech-enabled specialty acquisition and growth portfolio prioritization, we remain focused on best serving our customers and creating value for our shareholders."

"With our first half performance including positive operating leverage, incremental return of capital to shareholders beyond our baseline plans, and confidence in our efforts as we look ahead, we are pleased to again raise our FY24 non-GAAP EPS guidance, which reflects 26% growth at the mid-point compared to our FY23 results," said Aaron Alt, CFO of Cardinal Health.

Q2 FY24 summary

	Q2 FY24	Q2 FY23	Y/Y
Revenue	**$57.4 billion**	$51.5 billion	12%
Operating earnings/(loss)	**$482 million**	$(119) million	N.M.
Non-GAAP operating earnings	**$562 million**	$467 million	20%
Net earnings/(loss) attributable to Cardinal Health, Inc.	**$353 million**	$(130) million	N.M.
Non-GAAP net earnings attributable to Cardinal Health, Inc.	**$447 million**	$346 million	29%
Effective Tax Rate	**27.7%**	5.4%[4]	
Non-GAAP Effective Tax Rate	**21.3%**	23.0%

Segment results

Pharmaceutical segment

	Q2 FY24	Q2 FY23	Y/Y
Revenue	**$53.5 billion**	$47.7 billion	12%
Segment profit	**$518 million**	$464 million	12%

Second quarter revenue for the Pharmaceutical segment increased 12% to $53.5 billion, driven by brand and specialty pharmaceutical sales growth from existing customers.

Pharmaceutical segment profit increased 12% to $518 million in the second quarter, driven by positive generics program performance and a higher contribution from brand and specialty products, including distribution of COVID-19 vaccines. This increase was partially offset by higher costs to support sales growth.

Medical segment

	Q2 FY24	Q2 FY23	Y/Y
Revenue	**$3.9 billion**	$3.8 billion	3%
Segment profit	**$71 million**	$17 million	N.M.

Second quarter revenue for the Medical segment increased 3% to $3.9 billion, driven by growth in at-Home Solutions and Global Medical Products and Distribution, which primarily reflects higher Cardinal Health Brand volumes.

Medical segment profit increased by $54 million to $71 million in the second quarter, driven by an improvement in net inflationary impacts, including mitigation initiatives.

Fiscal 2024 outlook[2]

The company raised its fiscal 2024 guidance range for non-GAAP diluted earnings per share attributable to Cardinal Health, Inc. to $7.20 to $7.35, from $6.75 to $7.00[3].

The company reiterated its expectations for segment profit growth for the former Pharmaceutical Segment of 7% to 9% and updated its fiscal 2024 segment profit outlook for the former Medical Segment to approximately $380 million, from approximately $400 million.

Additionally, the company now expects interest and other in the range of $50 million to $65 million, diluted weighted average shares outstanding of approximately 247 million, a non-GAAP effective tax rate of 23% to 24% and non-GAAP adjusted free cash of approximately $2.5 billion.

Pro-forma fiscal 2024 outlook, updated segment structure
As announced on January 9, 2024, the company updated its enterprise operating and segment reporting structure, effective January 1, 2024, to be reflected in the company's financial reporting beginning third quarter fiscal 2024. Therefore, the company provided preliminary guidance for fiscal 2024 according to its updated segment reporting structure.

Cautions Concerning Forward-Looking Statements

This news release contains forward-looking statements addressing expectations, prospects, estimates and other matters that are dependent upon future events or developments. These statements may be identified by words such as "expect," "anticipate," "intend," "plan," "believe," "will," "should," "could," "would," "project," "continue," "likely," and similar expressions, and include statements reflecting future results or guidance, statements of outlook, preliminary recast fiscal 2023 results and various accruals and estimates. These matters are subject to risks and uncertainties that could cause actual results to differ materially from those projected, anticipated or implied. These risks and uncertainties include risks arising from ongoing inflationary pressures, including the risk that our plans to mitigate such effects may not be as successful as we anticipate or that costs could remain elevated; the possibility that our Medical unit goodwill could be further impaired due to additional changes to our long-term financial plan, increases in global interest rates or unfavorable changes in the U.S. statutory tax rate; risks associated with our ongoing review of our operations, portfolio and businesses, including the risk that our management team could become distracted or that the outcome of such review may have unintended consequences; competitive pressures in Cardinal Health's various lines of business, including the risk that customers may reduce purchases made under their contracts with us or terminate or not renew their contracts; the performance of our generics program, including the amount or rate of generic deflation and our ability to offset generic deflation and maintain other financial and strategic benefits through our generic sourcing venture or other components of our generics programs; ongoing risks associated with the distribution of opioids, including the financial impact associated with the settlements with governmental authorities and the risk that challenges to tax deductions for opioid-related losses could adversely impact our financial results; risks arising from the Department of Justice investigation which we believe concerns our anti-diversion program and risks associated with the injunctive relief requirements under the national settlement, including the risk that we may incur higher costs or operational challenges in the implementation and maintenance of the required changes; risks associated with the manufacture and sourcing of certain products, including risks related to our ability and the ability of third-party manufacturers to import or export certain products or component parts and to comply with applicable regulations; our ability to manage uncertainties associated with the pricing of branded pharmaceuticals; uncertainties related to the timing, magnitude and profit impact of the distribution of recently commercially available COVID-19 vaccines; risks associated with business process initiatives, such as the Medical Improvement Plan, including the possibility that they could fail to achieve the intended results; the risk that we may not realize the anticipated benefits related to our updated operating and segment reporting structure; and risks associated with our planned acquisition of Specialty Networks, including the risk that we may not receive required regulatory approval or otherwise fail to complete the acquisition and the risk that we may fail to realize the anticipated strategic and financial benefits. Cardinal Health is subject to additional risks and uncertainties described in Cardinal Health's Form 10-K, Form 10-Q and Form 8-K reports and exhibits to those reports. This news release reflects management's views as of February 1, 2024. Except to the extent required by applicable law, Cardinal Health undertakes no obligation to update or revise any forward-looking statement. Forward-looking statements are aspirational and not guarantees or promises that goals, targets or projections will be met, and no assurance can be given that any commitment, expectation, initiative or plan in this news release can or will be achieved or completed.

[4] For the three months ended December 31, 2022, GAAP diluted EPS and the EPS impact from the GAAP to non-GAAP per share reconciling items are calculated using a weighted average of 261 million common shares, which excludes potentially dilutive securities from the denominator due to their anti-dilutive effects resulting from our GAAP net loss for the periods. For the three months ended December 31, 2022, non-GAAP diluted EPS is calculated using a weighted average of 263 million common shares, which includes potentially dilutive shares.

[5] For the three months ended December 31, 2022, impairments and (gain)/loss on disposal of assets, net included a pre-tax goodwill impairment charge of $709 million related to the Medical segment. For fiscal 2023, the net tax benefit related to the cumulative impairment charges was $68 million and was included in the annual effective tax rate. As a result, the amount of tax benefit increased approximately by an incremental $118 million for the three months ended December 31, 2022 and increased the provision for income taxes for the remainder of fiscal 2023.

The sum of the components and certain computations may reflect rounding adjustments.

We generally apply varying tax rates depending on the item's nature and tax jurisdiction where it is incurred.

Cardinal Health, Inc. and Subsidiaries

Use of Non-GAAP Measures

This earnings release contains financial measures that are not calculated in accordance with U.S. generally accepted accounting principles ("GAAP").

In addition to analyzing our business based on financial information prepared in accordance with GAAP, we use these non-GAAP financial measures internally to evaluate our performance, engage in financial and operational planning, and determine incentive compensation because we believe that these measures provide additional perspective on and, in some circumstances are more closely correlated to, the performance of our underlying, ongoing business. We provide these non-GAAP financial measures to investors as supplemental metrics to assist readers in assessing the effects of items and events on our financial and operating results on a year-over-year basis and in comparing our performance to that of our competitors. However, the non-GAAP financial measures that we use may be calculated differently from, and therefore may not be comparable to, similarly titled measures used by other companies. The non-GAAP financial measures disclosed by us should not be considered a substitute for, or superior to, financial measures calculated in accordance with GAAP, and the financial results calculated in accordance with GAAP and reconciliations to those financial statements set forth below should be carefully evaluated.

Exclusions from Non-GAAP Financial Measures

Management believes it is useful to exclude the following items from the non-GAAP measures presented in this report for its own and for investors' assessment of the business for the reasons identified below:

- LIFO charges and credits are excluded because the factors that drive last-in first-out ("LIFO") inventory charges or credits, such as pharmaceutical manufacturer price appreciation or deflation and year-end inventory levels (which can be meaningfully influenced by customer buying behavior immediately preceding our fiscal year-end), are largely out of our control and cannot be accurately predicted. The exclusion of LIFO charges and credits from non-GAAP metrics facilitates comparison of our current financial results to our historical financial results and to our peer group companies' financial results. We did not recognize any LIFO charges or credits during the periods presented.
- Surgical gown recall costs or income includes inventory write-offs and certain remediation and supply disruption costs, net of related insurance recoveries, arising from the January 2020 recall of select Association for the Advancement of Medical Instrumentation ("AAMI") Level 3 surgical gowns and voluntary field actions (a recall of some packs and a corrective action allowing overlabeling of other packs) for Presource Procedure Packs containing affected gowns. Income from surgical gown recall costs represents insurance recoveries of these certain costs. We have excluded these costs from our non-GAAP metrics to allow investors to better understand the underlying operating results of the business and to facilitate comparison of our current financial results to our historical financial results and to our peer group companies' financial results.
- State opioid assessments related to prior fiscal years is the portion of state assessments for prescription opioid medications that were sold or distributed in periods prior to the period in which the expense is incurred. This portion is excluded from non-GAAP financial measures because it is retrospectively applied to sales in prior fiscal years and inclusion would obscure analysis of the current fiscal year results of our underlying, ongoing business. Additionally, while states' laws may require us to make payments on an ongoing basis, the portion of the assessment related to sales in prior periods are contemplated to be one-time, nonrecurring items. Income from state opioid assessments related to prior fiscal years represents reversals of accruals due to changes in estimates or when the underlying assessments were invalidated by a Court or reimbursed by manufacturers.
- Shareholder cooperation agreement costs includes costs such as legal, consulting and other expenses incurred in relation to the agreement (the "Cooperation Agreement") entered into among Elliott Associates, L.P., Elliott International, L.P. (together, "Elliott") and Cardinal Health, including costs incurred to negotiate and finalize the Cooperation Agreement and costs incurred by the Business Review Committee of the Board of Directors, which was formed under this Cooperation Agreement. We have excluded these costs from our non-GAAP metrics because they do not occur in or reflect the ordinary course of our ongoing business operations and may obscure analysis of trends and financial performance.
- Restructuring and employee severance costs are excluded because they are not part of the ongoing operations of our underlying business and include, but are not limited to, costs related to divestitures, closing and consolidating facilities, changing the way we manufacture or distribute our products, moving manufacturing of a product to another location, changes in production or business process outsourcing or insourcing, employee severance and realigning operations.
- Amortization and other acquisition-related costs, which include transaction costs, integration costs, and changes in the fair value of contingent consideration obligations, are excluded because they are not part of the ongoing operations of our underlying business and to facilitate comparison of our current financial results to our historical financial results and to our peer group companies' financial results. Additionally, costs for amortization of acquisition-related intangible assets are non-cash amounts, which are variable in amount and frequency and are significantly impacted by the timing and size of acquisitions, so their exclusion facilitates comparison of historical, current and forecasted financial results. We also exclude other acquisition-related costs, which are directly related to an acquisition but do not meet the criteria to be recognized on the acquired entity's initial balance sheet as part of the purchase price allocation. These costs are also significantly impacted by the timing, complexity and size of acquisitions.

- Impairments and gain or loss on disposal of assets, net are excluded because they do not occur in or reflect the ordinary course of our ongoing business operations and are inherently unpredictable in timing and amount, and in the case of impairments, are non-cash amounts, so their exclusion facilitates comparison of historical, current and forecasted financial results.
- Litigation recoveries or charges, net are excluded because they often relate to events that may have occurred in prior or multiple periods, do not occur in or reflect the ordinary course of our business and are inherently unpredictable in timing and amount.
- Loss on early extinguishment of debt is excluded because it does not typically occur in the normal course of business and may obscure analysis of trends and financial performance. Additionally, the amount and frequency of this type of charge is not consistent and is significantly impacted by the timing and size of debt extinguishment transactions.

The tax effect for each of the items listed above is determined using the tax rate and other tax attributes applicable to the item and the jurisdiction(s) in which the item is recorded. The gross, tax and net impact of each item are presented with our GAAP to non-GAAP reconciliations.

Non-GAAP adjusted free cash flow: We provide this non-GAAP financial measure as a supplemental metric to assist readers in assessing the effects of items and events on our cash flow on a year-over-year basis and in comparing our performance to that of our peer group companies. In calculating this non-GAAP metric, certain items are excluded from net cash provided by operating activities because they relate to significant and unusual or non-recurring events and are inherently unpredictable in timing and amount. We believe adjusted free cash flow is important to management and useful to investors as a supplemental measure as it indicates the cash flow available for working capital needs, debt repayments, dividend payments, share repurchases, strategic acquisitions, or other strategic uses of cash. A reconciliation of our GAAP financial results to Non-GAAP adjusted free cash flow is provided in Schedule 6 of the financial statement tables included with this release.

Forward Looking Non-GAAP Measures

In this document, the Company presents certain forward-looking non-GAAP metrics. The Company does not provide outlook on a GAAP basis because the items that the Company excludes from GAAP to calculate the comparable non-GAAP measure can be dependent on future events that are less capable of being controlled or reliably predicted by management and are not part of the Company's routine operating activities. Additionally, management does not forecast many of the excluded items for internal use and therefore cannot create or rely on outlook done on a GAAP basis.

The occurrence, timing and amount of any of the items excluded from GAAP to calculate non-GAAP could significantly impact the Company's fiscal 2024 GAAP results. Over the past five fiscal years, the excluded items have impacted the Company's EPS from $0.75 to $18.06, which included a $17.54 charge related to the opioid litigation we recognized in fiscal 2020.

Definitions

Growth rate calculation: growth rates in this report are determined by dividing the difference between current-period results and prior-period results by prior-period results.

Interest and Other, net: other (income)/expense, net plus interest expense, net.

Segment Profit: segment revenue minus (segment cost of products sold and segment distribution, selling, general and administrative expenses).

Segment Profit margin: segment profit divided by segment revenue.

Non-GAAP gross margin: gross margin, excluding LIFO charges/(credits) and surgical gown recall costs/(income).

Non-GAAP distribution, selling, general and administrative expenses or Non-GAAP SG&A: distribution, selling, general and administrative expenses, excluding surgical gown recall costs/(income), state opioid assessment related to prior fiscal years and shareholder cooperation agreement costs.

Non-GAAP operating earnings: operating earnings/(loss) excluding (1) LIFO charges/(credits), (2) surgical gown recall costs/(income), (3) state opioid assessment related to prior fiscal years, (4) shareholder cooperation agreement costs, (5) restructuring and employee severance, (6) amortization and other acquisition-related costs, (7) impairments and (gain)/loss on disposal of assets, net and (8) litigation (recoveries)/charges, net.

Non-GAAP earnings before income taxes: earnings/(loss) before income taxes excluding (1) LIFO charges/(credits), (2) surgical gown recall costs/(income), (3) state opioid assessment related to prior fiscal years, (4) shareholder cooperation agreement costs, (5) restructuring and employee severance, (6) amortization and other acquisition-related costs, (7) impairments and (gain)/loss on disposal of assets, net and (8) litigation (recoveries)/charges, net and (9) loss on early extinguishment of debt.

Non-GAAP net earnings attributable to Cardinal Health, Inc.: net earnings/(loss) attributable to Cardinal Health, Inc. excluding (1) LIFO charges/(credits), (2) surgical gown recall costs/(income), (3) state opioid assessment related to prior fiscal years, (4) shareholder cooperation agreement costs, (5) restructuring and employee severance, (6) amortization and other acquisition-related costs, (7) impairments and (gain)/loss on disposal of assets, net and (8) litigation (recoveries)/charges, net and (9) loss on early extinguishment of debt.

Non-GAAP effective tax rate: provision for/(benefit from) income taxes adjusted for the tax impacts of (1) LIFO charges/(credits), (2) surgical gown recall costs/(income), (3) state opioid assessment related to prior fiscal years, (4) shareholder cooperation agreement costs, (5) restructuring and employee severance, (6) amortization and other acquisition-related costs, (7) impairments and (gain)/loss on disposal of assets, net and (8) litigation (recoveries)/charges, net and (9) loss on early extinguishment of debt divided by (earnings/(loss) before income taxes adjusted for the nine items above).

Non-GAAP diluted earnings per share attributable to Cardinal Health, Inc.: non-GAAP net earnings attributable to Cardinal Health, Inc. divided by diluted weighted-average shares outstanding.

Non-GAAP adjusted free cash flow: net cash provided by operating activities less payments related to additions to property and equipment, excluding settlement payments and receipts related to matters included in litigation (recoveries)/charges, net, as defined above, or other significant and unusual or non-recurring cash payments or receipts.

Zevra Therapeutics Completes Acquisition of Acer Therapeutics in its Journey to Become a Leading Rare Disease Company

November 20, 2023 12:30 PM EST

Acquisition includes OLPRUVA®, an FDA-approved treatment for urea cycle disorders (UCDs), which propels Zevra into commercial stage, diversifying its revenue and providing scale

Settlement of Acer's warrant obligations through direct transaction with a healthcare focused investment fund adds quality healthcare investor to Zevra's shareholder base

CELEBRATION, Fla., Nov. 20, 2023 (GLOBE NEWSWIRE) -- Zevra Therapeutics, Inc. (NasdaqGS: ZVRA) (Zevra or the Company), a rare disease therapeutics company, today announced the completion of its acquisition of Acer Therapeutics Inc. (Acer) which marks a significant step forward in executing Zevra's strategy to become a leader in developing and commercializing treatments for rare diseases and furthers the Company's commitment to supporting patient communities with limited or no existing therapeutic options. As previously announced on August 31, 2023, the capital-efficient transaction included approximately 2.96 million shares of Zevra stock and contingent value rights (CVRs) issued in exchange for all outstanding shares of Acer. The CVRs represent the right to receive up to $76 million payable upon the achievement of certain regulatory and net sales milestones, net of the amount payable, if any, to SWK Funding LLC, a former warrantholder of Acer. In addition, immediately prior to the signing and announcement of the merger agreement, Zevra purchased Acer's senior secured debt for a combination of cash, Zevra stock and notes valued at $28.5 million as a condition of entering into the merger agreement with Acer.

"Today's acquisition marks an exciting milestone for Zevra as we advance our mission to deliver therapies to the rare disease community," said Neil F. McFarlane, President and Chief Executive Officer of Zevra. "With our combined resources, expanded portfolio, and expert capabilities, we have the opportunity to make a tremendous impact on the lives of people with serious rare diseases. We are excited about the opportunities ahead for patients and remain focused on executing our strategic priorities to create long-term shareholder value."

The acquisition of Acer brings multiple rare disease assets and increases Zevra's revenue potential with the addition of OLPRUVA ®, which is indicated for the treatment of certain urea cycle disorders (UCDs), expands Zevra's clinical portfolio with EDSIVO ™, currently in Phase 3 for vascular Ehlers-Danlos syndrome (vEDS). The acquisition brings complementary assets and bolsters Zevra's commercial and development capabilities with the addition of key Acer personnel and existing commercial systems.

"The integration of Acer's programs, capabilities and accomplished team complements and enhances Zevra's portfolio, and advances our mission to bring life-changing therapies to patients with rare diseases," said Joshua Schafer, Chief Commercial Officer and Executive Vice President of Business Development of Zevra. "Acer's programs and capabilities are an excellent fit for Zevra, particularly OLPRUVA for UCDs, which is a serious rare genetic metabolic disorder. There is a high degree of overlap between the diagnosing physicians and Centers of Excellence where patients with UCDs and Niemann-Pick disease type C (NPC) are treated. We believe this overlap will allow us to realize synergies and scale to efficiently commercialize both programs."

Subsequent to the closing of the Acer transaction, Zevra announced that it has agreed to sell an aggregate of 1,382,489 shares of its common stock and accompanying warrants to purchase up to 1,382,489 shares of common stock at a price of $4.34 per share to a healthcare focused investment fund (the "Investor") for gross proceeds of approximately $6.0 million and an aggregate of 917,934 shares of its common stock to cancel a warrant held by the Investor to purchase 2,920,306 shares of common stock of Acer (the "Transaction"). The shares of common stock and the warrants were offered and sold to the Investor in a registered direct offering conducted without an underwriter or placement agent. The Transaction is expected to close on or about November 22, 2023, subject to customary closing conditions.

The securities described above are being sold by Zevra pursuant to a registration statement on Form S-3 (Registration No. 333-257661), which was filed with the Securities Exchange Commission (the "SEC") on July 2, 2021, and became effective on July 12, 2021, and the prospectus contained therein, as supplemented by a prospectus supplement to be filed with the SEC. The securities will be sold only by means of a prospectus, forming a part of the effective registration statement. Electronic copies of the accompanying prospectus may be obtained, when available, by visiting the SEC's website at http://www.sec.gov.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy the securities, nor shall there be any sales of the securities in any state or other jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such state or other jurisdiction.

Bryan Cave Leighton Paisner LLP served as legal advisor to Zevra, and Canaccord Genuity LLC served as exclusive financial advisor to Zevra for the merger transactions. Pillsbury Winthrop Shaw Pittman LLP served as legal advisor to Acer, and William Blair & Company, LLC served as exclusive financial advisor to Acer.

About Urea Cycle Disorders:
Urea cycle disorders (UCDs) are a group of rare, genetic disorders that can cause harmful ammonia build-up in the blood, potentially resulting in brain damage and neurocognitive impairments, if ammonia levels are not controlled.[i] Any increase in ammonia over time is serious. Therefore, it is important to adhere to any dietary protein restrictions and have alternative medication options to help control ammonia levels.

About OLPRUVA®:
ACER-001 (sodium phenylbutyrate) was approved for the treatment of certain UCDs in December 2022 and has recently been marketed under the brand name, OLPRUVA®. OLPRUVA (sodium phenylbutyrate) for oral suspension is a prescription medicine indicated as adjunctive therapy to standard of care, which includes dietary management, for the chronic management of adult and pediatric patients weighing 20 kg (44 pounds) or greater and with a body surface area (BSA) of 1.2 m^2 or greater, with urea cycle disorders (UCDs) involving deficiencies of carbamylphosphate synthetase (CPS), ornithine transcarbamylase (OTC), or argininosuccinic acid synthetase (AS). Please see Important Safety Information and full

Prescribing Information, including Patient Information.

Important Safety Information:
Certain medicines may increase the level of ammonia in your blood or cause serious side effects when taken during treatment with OLPRUVA. Tell your doctor about all the medicines you or your child take, especially corticosteroids, valproic acid, haloperidol, and/or probenecid.

OLPRUVA can cause serious side effects, including: 1) nervous system problems (neurotoxicity); symptoms include sleepiness, tiredness, lightheadedness, vomiting, nausea, headache, confusion; 2) low potassium levels in your blood (hypokalemia) and 3) conditions related to swelling (edema). OLPRUVA contains salt (sodium), which can cause swelling from salt and water retention. Tell your doctor right away if you or your child experience any of these symptoms. Your doctor may do certain blood tests to check for side effects during treatment with OLPRUVA. If you have certain medical conditions such as heart, liver or kidney problems, are pregnant/planning to get pregnant or breast-feeding, your doctor will decide if OLPRUVA is right for you.

The most common side effects of OLPRUVA include absent or irregular menstrual periods, decreased appetite, body odor, bad taste or avoiding foods you ate prior to getting sick (taste aversion). These are not all of the possible side effects of OLPRUVA. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.

About Zevra Therapeutics:
Zevra Therapeutics is a rare disease company melding science, data, and patient need to create transformational therapies for diseases with limited or no treatment options. With unique, data-driven clinical, regulatory, and commercialization strategies, the Company is overcoming complex drug development challenges to bring much-needed therapies to patients. With both regulatory and clinical-stage product candidates, the Company is building its commercial capability to make new therapies available to the rare disease community.

Expanded access programs are made available by Zevra Therapeutics and its affiliates and are subject to the Company's Expanded Access Program (EAP) policy as published on its website at www.zevra.com. Participation in these programs is subject to the laws and regulations of each jurisdiction under which each respective program is operated. Eligibility for participation in any such program is at the treating physician's discretion.

Cautionary Note Concerning Forward-Looking Statements:
This press release may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include all statements that do not relate solely to historical or current facts, and which can be identified by the use of words such as "may," "will," "expect," "project," "estimate," "anticipate," "plan," "believe," "potential," "should," "continue," "could," "intend," "target," "predict," or the negative versions of those words or other comparable words or expressions, although not all forward-looking statements contain these identifying words or expressions. Forward-looking statements are not guarantees of future actions or performance. These forward-looking statements include without limitation statements regarding the benefits of, and synergies related to the merger transaction, the financial and operating performance of the combined company following the merger, potential strategic implications as a result of the merger transaction, Zevra's path to profitability, Zevra's strategic and product development objectives, including with respect to becoming a leading, commercially-focused rare disease company, Zevra's plans to build out commercial teams for products or product candidates, Zevra's commercial infrastructure investments and the impact of the transaction on them, Zevra's industry, plans, goals and expectations concerning market position, future operations and other financial and operating information, and the potential for achievement of the milestones that would trigger cash payments pursuant to the CVRs issued to the Acer stockholders. Forward-looking statements are based on information currently available to Zevra and its current plans or expectations, and are subject to several known and unknown uncertainties, risks, and other important factors that may cause actual results, performance, or achievements to be materially different from any future results, performance, or achievements expressed or implied by the forward-looking statements, including, but not limited to, uncertainties involving the following: responses of competitors to the combined company resulting from the transaction; unexpected costs, charges or expenses of the combined company following the completion of the transaction; the ability of Zevra to successfully integrate Acer's operations, products, product candidates and technology; the ability of Zevra to implement its plans, forecasts and other expectations with respect to Acer's business after the completion of the transaction and realize additional opportunities for growth and innovation; the ability of Zevra to realize the anticipated synergies and related benefits from the transaction in the anticipated amounts or within the anticipated timeframes or at all; and the ability to maintain relationships with Zevra's and Acer's respective employees, customers, other business partners and governmental authorities. These and other important factors are described in detail in the "Risk Factors" section of Zevra's and Acer's Annual Reports on Form 10-K for the year ended December 31, 2022, as updated in Zevra's and Acer's Quarterly Reports on Form 10-Q for the quarter ended September 30, 2023, and Zevra's and Acer's other filings with the Securities and Exchange Commission. While Zevra may elect to update such forward-looking statements at some point in the future, it disclaims any obligation to do so, except as required by law, even if subsequent events cause their respective views to change. Although Zevra believes the expectations reflected in such forward-looking statements are reasonable, it cannot assure that such expectations will prove correct. These forward-looking statements should not be relied upon as representing Zevra's views as of any date after the date of this press release.

AMENDED AND RESTATED CERTIFICATE OF INCORPORATION OF ACER THERAPEUTICS INC.

1. The present name of the corporation is Acer Therapeutics Inc. (the "Corporation"). The name under which the Corporation was originally incorporated is Acer Reincorporation, Inc.

2. The registered office of the Corporation is to be located at 1209 Orange Street, Wilmington, County of New Castle, Delaware 19801 and the registered agent at such address is The Corporation Trust Company.

3. The purpose of the Corporation is to engage in any lawful act or activity for which a corporation may be organized under the General Corporation Law of the State of Delaware.

4. The total number of shares of capital stock which the Corporation shall have the authority to issue is One Thousand (1,000) shares of common stock, par value $0.0001 per share.

5. The following provisions are inserted for the management of the business and for the conduct of the affairs of the Corporation, and for further definition, limitation and regulation of the powers of the Corporation and of its directors and stockholders:

(a) The number of directors of the Corporation shall be such as is from time to time fixed by, or in the manner provided in the by-laws. Election of directors need not be by ballot unless the by-laws so provide.

(b) The Board of Directors shall have power without the assent or vote of the stockholders to make, alter, amend, change, add to or repeal the by-laws of the Corporation as provided in the by-laws of the Corporation; to fix and vary the amount to be reserved for any

proper purpose; to authorize and cause to be executed mortgages and liens upon all or any part of the property of the Corporation; to determine the use and disposition of any surplus or net profits; and to fix the times for the declaration and payment of dividends.

(c) The directors in their discretion may submit any contract or act for approval or ratification at any annual meeting of the stockholders or at any meeting of the stockholders called for the purpose of considering any such act or contract, and any contract or act that shall be approved or be ratified by the vote of the holders of a majority of the stock of the Corporation which is represented in person or by proxy at such meeting and entitled to vote thereat (provided that a lawful quorum of stockholders be there represented in person or by proxy) shall be as valid and binding upon the Corporation and upon all the stockholders as though it had been approved or ratified by every stockholder of the Corporation, whether or not the contract or act would otherwise be open to legal attack because of directors' interest, or for any other reason.

(d) In addition to the powers and authorities hereinbefore or by statute expressly conferred upon them, the directors are hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation, subject, nevertheless, to the provisions of the General Corporation Law of the State of Delaware, of this certificate, and to any by-laws from time to time made by the stockholders, provided, however, that no by-law so made shall invalidate any prior act of the directors which would have been valid if such by-law had not been made.

6. The Corporation, to the fullest extent permitted by Section 145 of the General Corporation Law of the State of Delaware, as the same may be amended and supplemented, may indemnify any and all persons whom it shall have power to indemnify under said section from and against any and all of the expenses, liabilities or other matter referred to in

DocuSign Envelope ID: 50AA1E66-3746-4E7D-8434-78A8E3B082CC

or covered by said section, and the indemnification provided for herein shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any by-law, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

7. (a) The personal liability of the directors and officers of the Corporation is hereby eliminated to the fullest extent permitted by paragraph (7) of subsection (b) of Section 102 of the General Corporation Law of the State of Delaware, as the same may be amended and supplemented.

(b) Any modification of this Paragraph 7 by the stockholders of the Corporation shall be prospective only and shall not adversely affect any limitation on the personal liability of a director or officer of the Corporation existing at the time of such appeal or modification.

8. The Corporation elects not to be governed by Section 203 of the General Corporation Law of the State of Delaware.

Zevra Therapeutics Completes Acquisition of Acer Therapeutics in its Journey to Become a Leading Rare Disease Company

Acquisition includes OLPRUVA®, an FDA-approved treatment for urea cycle disorders (UCDs), which propels Zevra into commercial stage, diversifying its revenue and providing scale

Settlement of Acer's warrant obligations through direct transaction with a healthcare focused investment fund adds quality healthcare investor to Zevra's shareholder base

Celebration, FL – November 20, 2023 – Zevra Therapeutics, Inc. (NasdaqGS: ZVRA) (Zevra, or, the Company), a rare disease therapeutics company, today announced the completion of its acquisition of Acer Therapeutics Inc. (Acer) which marks a significant step forward in executing Zevra's strategy to become a leader in developing and commercializing treatments for rare diseases and furthers the Company's commitment to supporting patient communities with limited or no existing therapeutic options. As previously announced on August 31, 2023, the capital-efficient transaction included approximately 2.96 million shares of Zevra stock and contingent value rights (CVRs) issued in exchange for all outstanding shares of Acer. The CVRs represent the right to receive up to $76 million payable upon the achievement of certain regulatory and net sales milestones, net of the amount payable, if any, to SWK Funding LLC, a former warrantholder of Acer. In addition, immediately prior to the signing and announcement of the merger agreement, Zevra purchased Acer's senior secured debt for a combination of cash, Zevra stock and notes valued at $28.5 million as a condition of entering into the merger agreement with Acer.

"Today's acquisition marks an exciting milestone for Zevra as we advance our mission to deliver therapies to the rare disease community," said Neil F. McFarlane, President and Chief Executive Officer of Zevra. "With our combined resources, expanded portfolio, and expert capabilities, we have the opportunity to make a tremendous impact on the lives of people with serious rare diseases. We are excited about the opportunities ahead for patients and remain focused on executing our strategic priorities to create long-term shareholder value."

The acquisition of Acer brings multiple rare disease assets and increases Zevra's revenue potential with the addition of OLPRUVA®, which is indicated for the treatment of certain urea cycle disorders (UCDs), expands Zevra's clinical portfolio with EDSIVO™, currently in Phase 3 for vascular Ehlers-Danlos syndrome (vEDS). The acquisition brings complementary assets and bolsters Zevra's commercial and development capabilities with the addition of key Acer personnel and existing commercial systems.

"The integration of Acer's programs, capabilities and accomplished team complements and enhances Zevra's portfolio, and advances our mission to bring life-changing therapies to patients with rare diseases," said Joshua Schafer, Chief Commercial Officer and Executive Vice President of Business Development of Zevra. "Acer's programs and capabilities are an excellent fit for Zevra, particularly OLPRUVA for UCDs, which is a serious rare genetic metabolic disorder. There is a high degree of overlap between the diagnosing physicians and Centers of Excellence where patients with UCDs and Niemann-Pick disease type C (NPC) are treated. We believe this overlap will allow us to realize synergies and scale to efficiently commercialize both programs."

Subsequent to the closing of the Acer transaction, Zevra announced that it has agreed to sell an aggregate of 1,382,489 shares of its common stock and accompanying warrants to purchase up to 1,382,489 shares of common stock at a price of $4.34 per share to a healthcare focused investment fund (the "Investor") for gross proceeds of approximately $6.0 million and an aggregate of 917,934 shares of its common stock to cancel a warrant held by the Investor to purchase 2,920,306 shares of common stock of Acer (the "Transaction"). The shares of common stock and the warrants were offered and sold to the Investor in a registered direct offering conducted without an underwriter or placement agent. The Transaction is expected to close on or about November 22, 2023, subject to customary closing conditions.

The securities described above are being sold by Zevra pursuant to a registration statement on Form S-3 (Registration No. 333-257661), which was filed with the Securities Exchange Commission (the "SEC") on July 2, 2021, and became effective on July 12, 2021, and the prospectus contained therein, as supplemented by a prospectus supplement to be filed with the SEC. The securities will be sold only by means of a prospectus, forming a part of the effective registration statement. Electronic copies of the accompanying prospectus may be obtained, when available, by visiting the SEC's website at http://www.sec.gov.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy the securities, nor shall there be any sales of the securities in any state or other jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such state or other jurisdiction.

Bryan Cave Leighton Paisner LLP served as legal advisor to Zevra, and Canaccord Genuity LLC served as exclusive financial advisor to Zevra for the merger transactions. Pillsbury Winthrop Shaw Pittman LLP served as legal advisor to Acer, and William Blair & Company, LLC served as exclusive financial advisor to Acer.

About Urea Cycle Disorders:
Urea cycle disorders (UCDs) are a group of rare, genetic disorders that can cause harmful ammonia build-up in the blood, potentially resulting in brain damage and neurocognitive

impairments, if ammonia levels are not controlled.[1] Any increase in ammonia over time is serious. Therefore, it is important to adhere to any dietary protein restrictions and have alternative medication options to help control ammonia levels.

About OLPRUVA®:
ACER-001 (sodium phenylbutyrate) was approved for the treatment of certain UCDs in December 2022 and has recently been marketed under the brand name, OLPRUVA®. OLPRUVA (sodium phenylbutyrate) for oral suspension is a prescription medicine indicated as adjunctive therapy to standard of care, which includes dietary management, for the chronic management of adult and pediatric patients weighing 20 kg (44 pounds) or greater and with a body surface area (BSA) of 1.2 m^2 or greater, with urea cycle disorders (UCDs) involving deficiencies of carbamylphosphate synthetase (CPS), ornithine transcarbamylase (OTC), or argininosuccinic acid synthetase (AS). Please see Important Safety Information and full Prescribing Information, including Patient Information.

Important Safety Information:
Certain medicines may increase the level of ammonia in your blood or cause serious side effects when taken during treatment with OLPRUVA. Tell your doctor about all the medicines you or your child take, especially corticosteroids, valproic acid, haloperidol, and/or probenecid.

OLPRUVA can cause serious side effects, including: 1) nervous system problems (neurotoxicity); symptoms include sleepiness, tiredness, lightheadedness, vomiting, nausea, headache, confusion; 2) low potassium levels in your blood (hypokalemia) and 3) conditions related to swelling (edema). OLPRUVA contains salt (sodium), which can cause swelling from salt and water retention. Tell your doctor right away if you or your child experience any of these symptoms. Your doctor may do certain blood tests to check for side effects during treatment with OLPRUVA. If you have certain medical conditions such as heart, liver or kidney problems, are pregnant/planning to get pregnant or breast-feeding, your doctor will decide if OLPRUVA is right for you.

The most common side effects of OLPRUVA include absent or irregular menstrual periods, decreased appetite, body odor, bad taste or avoiding foods you ate prior to getting sick (taste aversion). These are not all of the possible side effects of OLPRUVA. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.

To Our Stockholders:

You are cordially invited to attend the Annual Meeting of Stockholders of Acer Therapeutics Inc. on Friday, May 21, 2021 at 11:00 a.m. Eastern Time. In light of the ongoing developments related to the COVID-19 pandemic and to protect the health of our employees, stockholders and the community, the Annual Meeting will be a completely virtual meeting of stockholders conducted via live audio webcast. You will be able to attend the Annual Meeting via the Internet at https://www.cstproxy.com/acertx/2021.

It is important that your shares be represented and voted at the virtual meeting. Whether or not you plan to attend the Annual Meeting, please complete, sign, date, and promptly return the accompanying proxy in the enclosed envelope or vote by Internet or by following the instructions on your voting instruction form. Returning the proxy or voting by Internet or vote instruction form will ensure your representation at the Annual Meeting regardless of whether you attend the virtual Meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to attend and vote at the meeting, you must obtain from the record holder a legal proxy issued in your name.

Thank you for your ongoing support and continued interest in Acer.

Sincerely yours,

Chris Schelling, President and Chief Executive Officer

If you need additional copies of this Proxy Statement or the enclosed proxy card, or if you have other questions about the proposals or how to vote your shares, you may contact our proxy solicitor:

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 21, 2021

The Annual Meeting of stockholders of Acer Therapeutics Inc. (the "Company") will be held on Friday, May 21, 2021, at 11:00 a.m. Eastern Time. In light of the ongoing developments related to the COVID-19 pandemic and to protect the health of our employees, stockholders and the community, the Annual Meeting will be a completely virtual meeting of stockholders conducted via live audio webcast. You will be able to attend the Annual Meeting via the Internet at https://www.cstproxy.com/acertx/2021. Stockholders are being asked to vote to:

1. Elect Stephen J. Aselage, Jason Amello, John M. Dunn, Michelle Griffin and Chris Schelling to the Board of Directors to serve until the next annual meeting of stockholders or until their respective successors have been duly elected and qualified;
2. Ratify the appointment of BDO USA, LLP as our independent auditors for the fiscal year ending December 31, 2021; and
3. Transact any other business properly brought before the Annual Meeting and any adjournment or postponement thereof.

These business items are described more fully in the Proxy Statement accompanying this Notice.

Only stockholders who owned common stock at the close of business on April 1, 2021 can vote at this meeting or any adjournments or postponements that may take place. All stockholders are cordially invited to attend the virtual meeting. However, to assure your representation at the meeting, you are urged to mark, sign and return the enclosed proxy as promptly as possible in the postage-prepaid envelope for that purpose or vote by Internet or by vote instruction form. Your stock will be voted in accordance with the instructions you have given. Any stockholder attending the virtual meeting may vote electronically even if he or she has previously returned a proxy. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to attend and vote at the meeting, you must obtain from the record holder a legal proxy issued in your name.

By Order of the Board of Directors,

Chris Schelling, President and Chief Executive Officer

Dated: April 16, 2021

The Board of Directors solicits the enclosed proxy. Your vote is important no matter how large or small your stockholdings. To assure your representation at the meeting, please complete, sign, date and promptly mail the enclosed proxy card in the postage-paid envelope provided or vote by Internet or by vote instruction form.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be held on May 21, 2021: This Proxy Statement and our 2020 Annual Report on Form 10-K are available at https://www.cstproxy.com/acertx/2021

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD MAY 21, 2021

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited on behalf of our Board of Directors ("Board") for use at the annual meeting of stockholders to be held on Friday, May 21, 2021, at 11:00 a.m. Eastern Time (the "Annual Meeting"), or at any adjournment or postponement of the Annual Meeting, for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held virtually at https://www.cstproxy.com/acertx/2021. There will be no physical location. The meeting will only be conducted via an audio webcast. We intend to mail this Proxy Statement and accompanying proxy card to stockholders on or about April 16, 2021.

The Board of Acer Therapeutics Inc. prepared this Proxy Statement for the purpose of soliciting proxies for our Annual Meeting of Stockholders. The terms "we," "our," the "Company" or "Acer," refer to Acer Therapeutics Inc., a Delaware corporation.

Availability of Annual Report on Form 10-K

Accompanying this Proxy Statement is our Annual Report on Form 10-K for the fiscal year ended December 31, 2020 as filed with the Securities and Exchange Commission (the "SEC"). We make available, free of charge through our website (www.acertx.com), our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as soon as reasonably practicable after such documents are electronically filed with or furnished to the SEC. These reports can be found under "SEC Filings" through the "Investor Relations" section of our website. We will provide to any stockholder without charge, upon the written request of that stockholder, a copy of our Annual Report on Form 10-K (without exhibits), including financial statements and financial statement schedules. Such requests should be addressed to Investor Relations, Acer Therapeutics Inc., One Gateway Center, Suite 351, 300 Washington Street, Newton, Massachusetts 02458.

Voting

Before the meeting, you may vote your shares if they are registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, by (i) completing, signing, dating and returning the enclosed proxy card by mail in the postage paid envelope provided so that it is received before the polls close at the Annual Meeting, or (ii) using the Internet to vote your proxy 24 hours a day, 7 days a week, so that your electronic vote is received by 11:59 p.m., Eastern Time, on May 20, 2021. If you would like to vote electronically and are a stockholder of record, you may do so by using the control number which appears on your proxy card to log on and follow the instructions included with your proxy card. You are encouraged to vote electronically by Internet. If you vote by Internet, you do not need to return your proxy card. Please follow the directions on your proxy card carefully. ***Stockholders are encouraged to vote and submit proxies in advance of the Annual Meeting by Internet or mail as early as possible to avoid COVID-19 related processing delays.***

If your shares are held in a brokerage account in the name of a broker, bank or other nominee (this is called "street name"), then you are the beneficial owner of the shares and these proxy materials are being forwarded to

you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. You have the right to direct your broker, bank or nominee on how to vote the shares in your account, and you may also be able to vote by telephone or via the Internet depending on the voting procedures used by your broker, bank or nominee. You may receive a separate voting instruction form with this Proxy Statement, and you may need to contact your broker, bank or other nominee to determine whether you will be able to vote electronically using the telephone or Internet. If you hold shares as a beneficial owner, please follow the voting instructions provided by your bank, broker or other nominee for any deadline to return your vote instruction form.

Whether or not you plan to attend the meeting, we encourage you to vote your shares before the meeting. You may vote your shares at the meeting if you attend online, even if you previously submitted a proxy card or voted by Internet. Please note that if your shares are held in "street name" and you wish to vote at the meeting, you will not be permitted to do so unless you first obtain a legal proxy issued in your name from the broker, bank or nominee that holds your shares.

Attendance and Voting at the Virtual Annual Meeting

After careful consideration, in light of the ongoing developments related to the COVID-19 pandemic and to protect the health of our employees, stockholders and the community, the Annual Meeting will be a completely virtual meeting of stockholders conducted via live audio webcast. In addition, we believe that the virtual meeting format will expand stockholder access and participation. You will not be able to attend the Annual Meeting in person.

You are entitled to attend the virtual Annual Meeting, vote your shares electronically at the meeting and submit questions only if you were a stockholder of record as of the record date for the Annual Meeting, April 1, 2021, or if you hold a valid legal proxy for the Annual Meeting. The live audio webcast of the Annual Meeting will begin promptly at 11:00 a.m. Eastern Time. Stockholders participating in the virtual meeting will be in listen-only mode and will not be able to speak during the webcast. Online access to the audio webcast will open approximately 15 minutes prior to the start of the Annual Meeting to allow time for our stockholders to log in and test their device audio system. We encourage our stockholders to access the meeting in advance of the designated start time.

Registered Stockholders

If your shares are registered in your name with our transfer agent, Continental Stock Transfer & Trust, and you wish to attend the virtual Annual Meeting or vote at the Annual Meeting, go to https://www.cstproxy.com/acertx/2021 and enter the control number included on your proxy card, and click on the "Click here to preregister for the online meeting" link at the top of the page. Prior to the start of the meeting, you will need to log back into the meeting site using your control number. Pre-registration is recommended but is not required in order to attend.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Nominee

Beneficial stockholders who wish to attend the online-only virtual Annual Meeting or vote at the Annual Meeting must obtain a legal proxy by contacting their account representative at the broker, bank or other nominee that holds their shares, and then e-mail a copy (a legible photograph is sufficient) of their legal proxy to our transfer agent, Continental Stock Transfer & Trust, proxy@continentalstock.com. Beneficial stockholders who e-mail a valid legal proxy will be issued a meeting control number that will allow them to register to attend and participate in the online-only meeting. After contacting Continental, a beneficial holder will receive an e-mail prior to the meeting with a link and instructions for entering the virtual meeting. Beneficial stockholders should contact Continental at least five business days prior to the meeting date.

Submission of Questions at the Virtual Annual Meeting

An online portal will be available to our stockholders at https://www.cstproxy.com/acertx/2021 for the Annual Meeting. By accessing this portal, stockholders will be able to submit questions in advance or at the Annual Meeting. To demonstrate proof of stock ownership, you will need to log on to the portal by entering the control number included on your proxy card or the meeting control number provided by Continental to submit questions. We intend to answer questions submitted during the meeting that are pertinent to the Company and the items being brought before stockholder vote at the 2021 Annual Meeting, as time permits.

Technical Assistance Provided Before and During the Virtual Annual Meeting

Beginning 15 minutes prior to the start of and during the virtual Annual Meeting, we will have a support team ready to assist stockholders with any technical difficulties they may have accessing or hearing the virtual meeting. If you encounter any difficulties accessing the virtual meeting during the check-in or meeting time, you should call our support team at (917) 262-2373.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by a stockholder of record at any time before its use by delivering to the Secretary of Acer, One Gateway Center, Suite 351, 300 Washington Street, Newton, Massachusetts 02458, written notice of revocation or a duly executed proxy bearing a later date or by attending the virtual Annual Meeting and voting electronically. If you are a "street name" holder, your broker, bank or other nominee can provide instructions explaining how you may change or revoke your voting instructions. Logging in for virtual attendance at the Annual Meeting alone will not revoke your proxy.

Quorum, Abstentions and Broker Non-Votes

Only stockholders of record at the close of business on April 1, 2021 will be entitled to notice of and to vote at the virtual Annual Meeting. As of the record date, there were 14,310,244 shares of common stock outstanding and entitled to vote. Each holder of record of shares of common stock on the record date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting. Shares of common stock may not be voted cumulatively.

Proxies properly executed, duly returned to us and not revoked will be voted in accordance with the specifications made. Where no specifications are given, such proxies will be voted:

- "FOR" each of the five nominees for director; and
- "FOR" ratification of the appointment of our independent auditors.

It is not expected that any matters other than those referred to in this Proxy Statement will be brought before the Annual Meeting. If, however, any matter not described in this Proxy Statement is properly presented for action at the Annual Meeting, the person named as proxy in the enclosed form of proxy will have discretionary authority to vote according to his or her own discretion.

The required quorum for the transaction of business at the virtual Annual Meeting is a majority of the issued and outstanding shares of our common stock entitled to vote at the Annual Meeting, whether present online or represented by proxy. Our bylaws provide that unless otherwise provided by law or by our Certificate of Incorporation, all matters other than the election of directors shall be decided by the affirmative vote of a majority of the shares of stock represented and present at the Annual Meeting. Shares of common stock represented by a properly signed and returned proxy will be treated as present at the virtual Annual Meeting for purposes of determining a quorum, regardless of whether the proxy is marked as casting a vote or abstaining.

The term "broker non-vote" refers to shares held by a brokerage firm, bank or other nominee (for the benefit of its client) that are represented at the meeting, but with respect to which such broker or nominee is not instructed to vote on a particular proposal and does not have discretionary authority to vote on that proposal. Brokers, banks and nominees do not have discretionary voting authority on certain non-routine matters and accordingly may not vote on such matters absent instructions from the beneficial holder. Discretionary items are proposals considered "routine" under the rules of the New York Stock Exchange (also applicable to Nasdaq-listed companies), such as the ratification of the appointment of our independent auditors. Non-routine items for which brokers, banks and nominees do not have discretionary voting power include the election of directors.

If you hold your shares in street name or through a broker, bank or other nominee, it is important that you direct your broker how to vote your shares.

Vote Required

Proposal 1. Directors are elected by a plurality of the affirmative votes cast by those shares of common stock present, or represented by proxy, and entitled to vote at the virtual Annual Meeting. This means the five nominees for director receiving the highest number of affirmative votes will be elected. Proxies marked "Withhold Authority" will not affect the election of a candidate who receives a plurality of votes. The election of directors is a matter on which a broker, bank or other nominee is generally not empowered to vote using discretion, and therefore, broker non-votes may exist but will have no effect on the outcome of the election of nominees for director. Stockholders may not cumulate votes in the election of directors. We urge you to provide any necessary voting instructions to your broker, bank or nominee if you hold your shares in street name in order for your vote to be considered for this proposal.

Proposal 2. Approval of Proposal 2 (i.e., the ratification of the appointment of the independent auditors) is a matter on which a broker, bank or other nominee is generally empowered to vote, and therefore, broker non-votes are not expected to exist with respect to this proposal. Abstentions will not affect the outcome.

Solicitation

The cost of soliciting proxies will be borne by the Company. In addition to soliciting stockholders by mail and through our employees, we will request that brokers, banks and nominees representing beneficial owners of the shares forward the proxy solicitation material to such beneficial owners, and we may reimburse these parties for their reasonable out-of-pocket costs. We may use the services of our officers, directors and others to solicit proxies, personally or by telephone, facsimile or electronic mail, without additional compensation. We have retained Advantage Proxy to assist us in soliciting proxies using the means referred to above. We will pay the fees of Advantage Proxy, which we expect to be approximately $5,500, plus reimbursement of out-of-pocket expenses.

If you need additional copies of this Proxy Statement or the enclosed proxy card, or if you have other questions about the proposals or how to vote your shares or how to attend the virtual meeting, you may contact our proxy solicitor, Advantage Proxy, at (877) 870-8565 (toll free).

Stockholder Proposals

Proposals of stockholders that are intended to be presented at our 2022 Annual Meeting of Stockholders and the proxy materials for such meeting must comply with the requirements of SEC Rule 14a-8 and must be received by our Secretary at the address of our principal executive offices noted above no later than January 21, 2022 in order to be included in the proxy statement and proxy materials relating to that meeting. Moreover, with respect to any proposal by a stockholder not seeking to have the proposal included in the proxy statement but seeking to have the proposal considered at our next annual meeting, pursuant to our bylaws such stockholder must provide written notice of such proposal so that it is received by our Secretary at our principal executive

offices not less than 90 days nor more than 120 days prior to the anniversary of the date of the proxy statement for the prior year's annual meeting; provided, however, that in the event that no annual meeting was held in the previous year or the date of the annual meeting is more than 30 days before or after the first anniversary of the preceding year's annual meeting, notice by the stockholder must be received by the Secretary of the corporation not later than the close of business on the later of the 90th day prior to such annual meeting and the 10th day following the day on which public announcement of the date of such meeting is first made by means of a press release reported by the Dow Jones News Service, Associated Press or a comparable national news service or in a document publicly filed by us with the SEC. In addition, stockholders must comply in all respects with the rules and regulations of the SEC then in effect and the requirements of our bylaws.

PROPOSAL 1
ELECTION OF DIRECTORS

The Board currently consists of five members, each with a term expiring at the Annual Meeting. The Nominating and Corporate Governance Committee of the Board has recommended, and the Board has nominated, the five incumbent directors for election at the Annual Meeting. Unless otherwise directed, the shares represented by the enclosed proxy will be voted for the election as directors of the five nominees named below to serve until the 2022 annual meeting or until their successors have been duly elected and qualified. All of the nominees have indicated to us that they will be available to serve as directors. If any of the nominees become unavailable for any reason or if a vacancy should occur before the election (which events are not anticipated), the shares represented by the enclosed proxy may be voted for such other person or persons recommended by the Board as may be determined by the holders of the proxy. There are no family relationships among our executive officers and directors.

Director Nominees

Individuals nominated for election at the Annual Meeting and their ages as of April 15, 2021 are as follows:

Name	Age	Position
Stephen J. Aselage	70	Chairman of the Board
Jason Amello	52	Director
John M. Dunn	69	Director
Michelle Griffin	55	Director
Chris Schelling	45	Director, President and Chief Executive Officer

Biographical information for our director nominees is set forth below:

Stephen J. Aselage has served as Chairman of the Board since the completion of the 2017 merger of Opexa Therapeutics Inc. and private Acer Therapeutics Inc. From October 2015 until the merger, Mr. Aselage served as the Chairman of private Acer's Board. Most recently, he was the Chief Executive Officer of Travere Therapeutics, Inc. (formerly known as Retrophin, Inc.), a Nasdaq-listed, biopharmaceutical company, from November 2014 until his retirement in January 2019, and remains a member of its Board of Directors since October 2012. From May 2014 to November 2014, Mr. Aselage served as the Chief Operations Officer and interim Chief Executive Officer of Travere Therapeutics, Inc. Prior to joining Travere Therapeutics, Inc., he held a variety of roles at BioMarin Pharmaceutical Inc., a Nasdaq-listed biotechnology company, as Executive Vice President and Chief Business Officer from December 2009 to September 2012 and Senior Vice President of Global Commercial Development from July 2005 to December 2009. He has also held leadership roles at Cell Therapeutics, Inc., Sangstat Medical Corporation, Advanced Tissue Sciences, Inc. and Genentech, Inc. Mr. Aselage earned a B.S. in biology from the University of Notre Dame. Mr. Aselage currently serves on the Advisory Council for the Department of Science at the University of Notre Dame and also serves on the Board of Directors at BioCryst Pharmaceuticals, Inc. We believe that Mr. Aselage is qualified to serve on our Board due to his extensive experience in the pharmaceuticals and biotechnology industry, which will enable him to contribute important insights to our Board on strategic leadership and drug commercialization matters.

Jason Amello has served as a director since the completion of the 2017 merger of Opexa Therapeutics Inc. and private Acer Therapeutics Inc. Since September 2020, Mr. Amello has served as Chief Financial Officer of Saniona AB, a rare disease biopharmaceutical company listed on Nasdaq Stockholm Small Cap. From September 2013 to August 2020, he served as Senior Vice President, Chief Financial Officer and Treasurer of Akebia Therapeutics, Inc., a Nasdaq-listed biopharmaceutical company. From May 2012 to May 2013, Mr. Amello served as Executive Vice President, Chief Financial Officer and Treasurer of ZIOPHARM Oncology, Inc., a Nasdaq-listed biopharmaceutical company. From April 2000 to June 2011, he held various positions at Genzyme Corporation, a

then Nasdaq-listed biotechnology company, most recently as Senior Vice President, Corporate Controller, and Chief Accounting Officer. Earlier in his career, Mr. Amello spent 10 years in the business advisory and assurance practice of Deloitte, serving in various roles of increasing responsibility through Senior Manager. He currently serves on the Board of Directors of the New England Baptist Hospital, an orthopedic specialty hospital. Mr. Amello earned a B.A. in accounting from Boston College and is a Certified Public Accountant in the Commonwealth of Massachusetts. We believe that Mr. Amello is qualified to serve on our Board due to his extensive experience in finance related to managing life sciences companies, which will enable him to contribute important insights to our Board on financial matters toward the continued growth and expansion of Acer.

John M. Dunn has served as a director since the completion of the 2017 merger of Opexa Therapeutics Inc. and private Acer Therapeutics Inc. From October 2015 until the merger, Mr. Dunn served as a member of private Acer's Board. Since 2019, Mr. Dunn has worked as a consultant in the life sciences industry. From November 2014 to April 2019, he served as General Counsel of Vital Therapies, Inc., a Nasdaq-listed biotherapeutic company. Prior to joining Vital Therapies, Mr. Dunn was a consultant from February 2012 to November 2014, an Executive Vice President of Biogen Idec, Inc., now Biogen Inc., a biotechnology company, from November 2003 to January 2012, where he was the head of that firm's corporate venture group, and General Counsel of IDEC Pharmaceuticals from 2002 until its merger with Biogen in November 2003. Mr. Dunn has served as a director of Sharp Healthcare, a nonprofit regional health care delivery system, since 2019. Mr. Dunn earned a B.S. in finance and a J.D. from the University of Wyoming. We believe that Mr. Dunn is qualified to serve on our Board as a result of his deep experience relating to corporate governance and regulatory and financing matters in the pharmaceuticals and biotechnology industry, which will enable him to contribute important strategic insights to our Board.

Michelle Griffin has served as a director since the completion of the 2017 merger of Opexa Therapeutics Inc. and private Acer Therapeutics Inc. Ms. Griffin serves as a member of the Board of Directors and as Chair of the Audit Committee for publicly traded companies Chinook Therapeutics, Inc. since October 2020, Adaptive Biotechnologies Corporation since March 2019, and HTG Molecular Diagnostics, Inc. since August 2018. From 2013 to 2020, Ms. Griffin served as the Principal of Pacific Biotechnology Consulting Group, a firm providing consulting services to biotechnology companies and their Boards of Directors. Ms. Griffin previously served as a member of the Board of Directors and as Chair of the Audit Committee for publicly traded companies PhaseRx, Inc. from 2016 until its acquisition by Roivant Sciences GmbH in 2018, OncoGenex Pharmaceuticals, Inc. from 2008 to 2011, and Sonus Pharmaceuticals, Inc. (subsequently acquired by OncoGenex) from 2004 to 2008. Ms. Griffin served from January 2011 to March 2013 as Executive Vice President, Operations and Chief Financial Officer of OncoGenex Pharmaceuticals, Inc. During various periods from 1997 to 2011, she served in the capacity of Chief Financial Officer for Trubion Pharmaceuticals, Inc., Dendreon Corporation and Corixa Corporation. Ms. Griffin earned a B.S. in marketing from George Mason University and an M.B.A. with a specialization in finance and international business from Seattle University. We believe that Ms. Griffin is qualified to serve on our Board as a result of her extensive operational experience in the biotechnology industry and deep experience in public company financial matters, which will enable her to contribute important insights to our Board on drug development and financial matters.

Chris Schelling has served as a director and as our President and Chief Executive Officer since the completion of the 2017 merger of Opexa Therapeutics, Inc. and private Acer Therapeutics Inc. Mr. Schelling founded private Acer in December 2013 and served as a director from that time until the merger. From December 2013 to February 2016, he served as private Acer's Chief Operating Officer, and from February 2016 until the 2017 merger, he served as private Acer's President and Chief Executive Officer. Prior to founding private Acer, he served as Executive Director of Strategic Marketing at BioMarin Pharmaceutical Inc., a Nasdaq-listed biotechnology company, from May 2006 to October 2012. Mr. Schelling also founded Censa Pharmaceuticals Inc. in 2015 and served as a director until the acquisition by PTC Therapeutics Inc. in May 2020. He has also served as a director at Cascade Prodrug, Inc. since June 2017. He has also held roles at Abgenix, Inc., Cell Therapeutics, Inc., Stanford Research Institute Consulting and Organon. Mr. Schelling earned a B.A. in biology and history from Carroll College. We believe that Mr. Schelling's role in the founding of Acer, his experience as Acer's Chief Executive Officer and his experience in the biotechnology industry qualify him to serve on our Board.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ELECTION OF EACH THE ABOVE NOMINEES

Board and Committee Meetings

Members of the Board are encouraged to attend the Annual Meeting; however, we do not have a policy regarding director attendance at annual meetings. No directors attended the 2020 annual meeting. During the year ended December 31, 2020, the Board held seven meetings, and each director attended at least 75% of the total number of meetings held by the Board and all committees on which such director served during the period he or she was a director.

Director Independence

The Board determined that Ms. Griffin and Messrs. Amello, Aselage and Dunn are each an independent director within the meaning of Nasdaq listing standards, which directors constitute a majority of the Board. The Board has determined that each member of the Board's Audit, Compensation and Nominating and Corporate Governance Committees is independent (or similarly designated) based on the Board's application of the standards of Nasdaq and the rules and regulations promulgated by the SEC or the Internal Revenue Service, as appropriate for such committee membership.

Committees of the Board of Directors

We currently have a standing Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. The Board has adopted written charters for each of the committees, and copies of the charters are available on our website at www.acertx.com. Please note that the information contained on our website is not incorporated by reference in, or considered to be a part of, this proxy statement.

The current members of these committees are as follows:

Director	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Jason Amello	X		
Stephen J. Aselage		C	X
John M. Dunn	X		C
Michelle Griffin	C	X	

C = Chair

Audit Committee

The Audit Committee of the Board currently consists of Ms. Griffin (chair), and Messrs. Amello and Dunn, each of whom is an independent, non-employee director. The Audit Committee selects, on behalf of our Board, an independent public accounting firm to audit our financial statements, discusses with the independent auditors their independence, reviews and discusses the audited financial statements with the independent auditors and management, recommends to our Board whether the audited financials should be included in our annual reports to be filed with the SEC, and oversees management's identification, evaluation, and mitigation of major risks to the Company. The Audit Committee operates pursuant to a written charter. During the last fiscal year, the Audit Committee held five meetings.

All of the members of the Audit Committee are non-employee directors who: (1) met the criteria for independence as required by Nasdaq listing standards and as set forth in Rule 10A-3(b)(1) under the Exchange; (2) did not participate in preparation of our financial statements during the past three years; and (3) are able to read and understand fundamental financial statements, including a balance sheet, income statement, and cash flow statement. The Board has determined that Ms. Griffin and Messrs. Amello and Dunn each, individually,

qualifies as an "audit committee financial expert" as defined in SEC rules and regulations and also possesses the financial sophistication and requisite experience as required under Nasdaq listing standards.

Compensation Committee

The Compensation Committee of the Board currently consists of Mr. Aselage (chair) and Ms. Griffin, each of whom is an independent director. The Compensation Committee reviews and approves (1) the annual salaries and other compensation of our executive officers and (2) individual stock and stock option grants. The Compensation Committee also provides assistance and recommendations with respect to our compensation policies and practices, and assists with the administration of our compensation plans. In evaluating executive officer compensation, the Compensation Committee considers recommendations from the Chief Executive Officer with respect to compensation of the other executive officers. From time to time and as it determines necessary or desirable, the Compensation Committee may retain the services of an independent compensation consultant to advise on compensation-related matters relating to the executive officers and independent directors. During the last fiscal year, the Compensation Committee did not have a formal meeting and instead engaged in discussions, to build consensus on various matters, with formal action thereafter taken by the Board.

The Board has established a Special Equity Grant Committee, the members of which are our President and Chief Executive Officer, Chris Schelling, our Chief Operating Officer and Chief Financial Officer, Harry S. Palmin, and our Chief Legal Officer, Donald R. Joseph. The Special Equity Grant Committee has been delegated the authority to make first-time option grants under our 2018 Stock Incentive Plan to employees (including new employees), other than to any member of our Board or to an officer at or above the level of vice president (whether or not designated as a "Section 16 officer"), within a specified range and subject to an overall cap as established by our Board.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee of the Board currently consists of Messrs. Dunn (chair) and Aselage, each of whom was determined by the Board to be an independent director. The Nominating and Corporate Governance Committee assists our Board in fulfilling its responsibilities by: identifying and approving individuals qualified to serve as members of our Board, selecting director nominees for our annual meetings of stockholders, evaluating the performance of our Board, and developing and recommending to our Board corporate governance guidelines and oversight procedures with respect to corporate governance and ethical conduct. In identifying and evaluating candidates, the committee takes into consideration the criteria approved by the Board and such other factors as it deems appropriate. We do not have a formal diversity policy, and the committee considers a broad range of factors in evaluating prospective director nominees. These factors may include judgment, skill, diversity, experience with businesses and other organizations of comparable size, the interplay of the candidate's experience with the experience of other Board members, and the extent to which the candidate would be a desirable addition to the Board and any committees of the Board. The Committee will consider properly submitted stockholder nominations for candidates for the Board. Following verification of the stockholder status of persons proposing candidates, recommendations will be aggregated and considered by the Committee. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials will be forwarded to the Committee. During the last fiscal year, the Nominating and Corporate Governance Committee held one meeting. In addition, the Nominating and Corporate Governance Committee engaged in discussions without formally meeting, to build consensus on various matters, with formal action thereafter taken by the Board.

Risk Oversight

A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for each company. Our Board is actively involved in oversight of risks that could affect Acer. The full Board has retained

the responsibility for general oversight of risks, but the Audit Committee primarily oversees those risks that may directly or indirectly impact our financial statements. The Board's role in the risk oversight process includes receiving reports from members of management and the Audit Committee on areas of material risk to Acer, including operational, financial, legal and regulatory, and strategic risks which enable it to better understand our risk identification, management and mitigation strategies.

Board Leadership Structure

The Board does not have a policy on whether the same person should serve as both the chief executive officer and chairman of the Board or, if the roles are separate, whether the chairman should be selected from the non-employee directors or should be an employee. The Board believes that it should have the flexibility to make these determinations at any given point in time in the way that it believes best to provide appropriate leadership for the Company at that time. The Board believes that its current leadership structure, with Mr. Aselage serving as a non-employee Chairman of the Board and Mr. Schelling serving as Chief Executive Officer, is in the best interest of stockholders at this time. The current structure ensures a greater role for the independent directors in the oversight of the Company and active participation of the independent directors in setting agendas and establishing priorities and procedures for the work of the Board.

2020 Director Compensation

The following table presents summary information regarding compensation of the non-employee members of our Board who served during any part of the fiscal year ended December 31, 2020.

Name	Fees Earned or Paid in Cash ($)	Option Awards ($) [1][2]	All Other Compensation ($)	Total ($)
Jason Amello	$42,500	$19,417	—	$61,917
Stephen J. Aselage	$73,750	$19,417	—	$93,167
John M. Dunn	$50,000	$19,417	—	$69,417
Michelle Griffin	$55,000	$19,417	—	$74,417

(1) Amounts shown in this column represent the aggregate grant date fair value of stock option awards made during 2020, calculated in accordance with Accounting Standards Board Topic 718. See Note 2 to our financial statements appearing in our Annual Report on Form 10-K for a discussion of the relevant assumptions used in calculating these amounts.

(2) The aggregate number of shares underlying outstanding option awards as of December 31, 2020 was: Mr. Amello, 24,000 shares; Mr. Aselage, 42,000 shares; Mr. Dunn, 37,000 shares; and Ms. Griffin, 24,000 shares.

Standard Compensation Arrangements

Independent directors receive compensation for their service on our Board that consists of cash compensation and equity awards as described below. A director who is also our employee does not receive any additional compensation for services as a member of our Board. We reimburse our directors for travel and lodging expenses in connection with their attendance at Board and committee meetings. Our standard compensation arrangements consist of the following:

Board Member Cash Compensation:

- Annual Board member retainer - $35,000
- Additional non-executive Board Chair retainer - $25,000

Additional Committee Chair Cash Compensation:

- Audit - $15,000
- Compensation - $10,000
- Nominating/Governance - $7,500

Additional Committee Member Cash Compensation:

- Audit - $7,500
- Compensation - $5,000
- Nominating/Governance - $3,750

Board Member Equity Compensation:

- Initial stock option award to newly-appointed directors – 9,000 shares, vesting quarterly over a three-year period from the date of grant, with vesting to accelerate immediately prior to a Change in Control (as defined in our 2018 Stock Incentive Plan).
- Annual stock option award – 9,000 shares, vesting on the one-year anniversary from the date of grant, with vesting to accelerate immediately prior to a Change in Control (as defined in our 2018 Stock Incentive Plan).

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes: ☑ No ☐

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes: ☐ No ☑

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports) and (2) has been subject to such filing requirements for the past 90 days. Yes: ☑ No ☐

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorted period that the registrant was required to submit such files). Yes: ☑ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer	☑	Accelerated filer	☐
Non-accelerated filer	☐	Smaller reporting company	☐
		Emerging growth company	☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant has filed a report on and attestation to its management's assessment of the effectiveness of its internal control over financial reporting under Section 404(b) of the Sarbanes-Oxley Act (15 U.S.C. 7262(b)) by the registered public accounting firm that prepared or issued its audit report. ☑

If securities are registered pursuant to Section 12(b) of the Act, indicate by check mark whether the financial statements of the registrant included in the filing reflect the correction of an error to previously issued financial statements. ☐

Indicate by check mark whether any of those error corrections are restatements that required a recovery analysis of incentive-based compensation received by any of the registrant's executive officers during the relevant recovery period pursuant to §240.10D-1(b). ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes: ☐ No ☑

The aggregate market value of the registrant's common stock held by non-affiliates was approximately $53.2 billion based on the last reported sale price of $37.27 of the registrant's common stock on the New York Stock Exchange on June 30, 2022, the last business day of the registrant's most recently completed second fiscal quarter. (For this computation, the registrant has excluded the market value of all shares of common stock of the registrant reported as beneficially owned by executive officers, and directors of the registrant; such exclusion shall not be deemed to constitute an admission that any such person is an affiliate of the registrant.)

The number of shares outstanding of Common Stock, $0.01 par value per share, as of January 31, 2023 was 1,434,780,104.

Documents Incorporated by Reference

Portions of the registrant's definitive proxy statement to be filed within 120 days of December 31, 2022 with the Securities and Exchange Commission in connection with its 2023 Annual Meeting of Stockholders are incorporated by reference into Part III of this Form 10-K.

ITEM 1. BUSINESS

Our Company

Boston Scientific Corporation is a global developer, manufacturer and marketer of medical devices that are used in a broad range of interventional medical specialties. Our mission is to transform lives through innovative medical solutions that improve the health of patients around the world. As a medical technology leader for more than 40 years, we have advanced the practice of less-invasive medicine by helping physicians and other medical professionals diagnose and treat a wide range of diseases and medical conditions and improve patients' quality of life by providing alternatives to surgery and other medical procedures that are typically traumatic to the body. We advance science for life by providing a broad range of high performance solutions to address unmet patient needs and reduce the cost of healthcare. When used in this report, the terms "we," "us," "our" and "the Company" mean Boston Scientific Corporation and its divisions and subsidiaries.

Business Strategy

We operate pursuant to five strategic imperatives. We aim to: Strengthen Category Leadership, Expand into High Growth Adjacencies, Drive Global Expansion, Fund the Journey to Fuel Growth and Develop Key Capabilities. We believe that our execution of these strategic imperatives will help us deliver on our mission, drive innovation and increase value for our customers and employees, while strengthening our leadership position in the medical device industry and delivering profitable revenue growth.

We expect to continue to invest in our core franchises and pursue opportunities to diversify and further expand our presence in strategic, high-growth adjacencies and new global markets, including growth within the countries we define as emerging markets. Maintaining and expanding our international presence is an important component of our long-term growth strategy. Through our international presence, we seek to increase net sales and market share, leverage our relationships with leading physicians and their clinical research programs, accelerate the time to bring new products to market and gain access to worldwide technological developments that we can implement across our product lines. Our research and development efforts are focused largely on the development of next-generation and novel technology offerings across multiple programs and all divisions. In the past several years, we have completed numerous acquisitions in support of our growth strategy, both strengthening our core franchises and expanding into high growth adjacent markets. We continue to develop digital tools and technologies that enable us to compete more effectively and deliver first class remote physician education, drive deeper patient engagement and increase digitally-enabled sales force productivity.

We have a firm commitment to corporate social responsibility and living our values as a global business and global corporate citizen. This includes taking actions to combat discrimination and advancing equality and diversity, including through financial support of racial equity initiatives in the communities where we live and work, protecting the environment, investing in our employees' health and well-being, and many other initiatives that we believe ultimately help us create value responsibly. Refer to discussion of *Community Outreach* below and *Corporate Sustainability* included in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations of this Annual Report on Form 10-K for additional information regarding measures we are undertaking.

Product Offerings

Our core businesses are organized into two reportable segments: MedSurg and Cardiovascular. The following describes our key product offerings and new product innovations by reportable segment.

MedSurg

Endoscopy

Our Endoscopy business develops and manufactures devices to diagnose and treat a broad range of gastrointestinal and pulmonary conditions with innovative, less invasive technologies. Our product offerings include the following:

- Resolution 360™ Clips and Resolution 360™ ULTRA Clips, hemostatic clipping technology designed to stop and help prevent bleeding during endoscopic procedures,
- WallFlex™ Biliary Stent Systems, used for relieving biliary obstructions by providing bile drainage in both malignant and benign strictures,

- AXIOS™ Stents and Electrocautery Enhanced Delivery Systems, the first, and currently only stents systems in the U.S. indicated for endoscopic drainage of pancreatic pseudocysts,
- SpyGlass™ DS II Direct Visualization Systems and SpyGlass™ Discover Digital Catheters, the first single-use scopes to enable physicians to take a single-stage approach to diagnostic and therapeutic procedures in the pancreaticobiliary system, including treating patients with bile duct stones,
- EXALT™ Model D Single-Use Duodenoscopes for use in endoscopic retrograde cholangiopancreatography (ERCP) procedures, the first U.S. Food and Drug Administration (FDA)-cleared single-use (disposable) duodenoscopes on the market,
- Acquire™ Endoscopic Ultrasound Fine Needle Biopsy Devices, which are designed to obtain larger tissue specimens for histological assessment and diagnosis of diseases such as pancreatic cancer, liver cancer and stomach lesions and
- our infection prevention portfolio, designed to minimize the risk of infection transmission and improve operational efficiencies by streamlining manual cleaning or eliminating the need for cleaning and tracking.

Urology

Our Urology business develops and manufactures devices to treat various urological and pelvic conditions for both male and female anatomies, including kidney stones, benign prostatic hyperplasia (BPH), prostate cancer, erectile dysfunction and incontinence. Our product offerings include the following:

- a comprehensive line of stone management products, including ureteral stents, catheters, baskets, guidewires, sheaths and balloons,
- LithoVue™ Single-Use Digital Flexible Ureteroscopes, which deliver detailed high-resolution digital images for high-quality visualization and seamless navigation,
- Lumenis Pulse™ Holmium Laser Systems with MOSES™ Technology, complemented by a full line of laser fibers and accessories used in urology and otolaryngology procedures,
- our Prosthetic Urology portfolio, which includes AMS 700™, our penile implants to treat erectile dysfunction and AMS 800™, our urinary control systems to treat male urinary incontinence,
- GreenLight XPS™ Laser System, MoXy™ Fiber, and Rezūm™ Systems for treatment of BPH and
- SpaceOAR™ Hydrogel Systems which help reduce side effects that men may experience after receiving radiotherapy to treat prostate cancer, together with our SpaceOAR VUE™ Hydrogel, providing clinicians with enhanced product visualization.

In the third quarter of 2022, we launched the Rezūm™ Water Vapor Therapy System in Japan following regulatory approval from Japan's Ministry of Health, Labor and Welfare (MHLW) and received approval of a new reimbursement category from Japan's Central Social Insurance Medical Counsel (Chuikyo) for both the device and procedure.

In the first quarter of 2023, we received FDA clearance for and will begin a limited market release of our LithoVue™ Elite Single-Use Digital Flexible Ureteroscope System, the first ureteroscope system with the ability to monitor intrarenal pressure in real-time during ureteroscopy procedures.

Neuromodulation

Our Neuromodulation business develops and manufactures devices to treat various neurological movement disorders and manage chronic pain. Our product offerings include the following:

- Precision Montage™ and WaveWriter Alpha™ Spinal Cord Stimulator (SCS) Systems, designed to provide improved pain relief to a wide range of patients who suffer from chronic pain, with proprietary features such as Multiple Independent Current Control, our Illumina 3D™ Proprietary Programming Software and FAST™ Therapy for profound parathesia-free pain relief in minutes, used by physicians to target specific areas of pain and customize stimulation of nerve fibers more precisely,
- our G4™ Generator and consumable portfolio in Radiofrequency Ablation (RFA) for pain management used by physicians to treat patients with chronic pain,
- Our Cognita™ Practice Optimization suite of tools designed to increase awareness, streamline patient management, and sustain long-term outcomes for patients,
- Vercise Gevia™ and Vercise Genus™ Deep Brain Stimulation (DBS) Systems for the treatment of Parkinson's disease, tremor, and intractable primary and secondary dystonia, a neurological movement disorder characterized by involuntary muscle contractions and

- Superion™ Indirect Decompression Systems, minimally-invasive devices used to improve physical function and reduce pain in patients with moderate lumbar spinal stenosis (LSS).

Our Vercise™ DBS Systems are approved in the U.S. as an adjunctive therapy that aids in reducing some of the symptoms of moderate to advanced Parkinson's disease as well as for patients diagnosed with essential tremor. The Vercise Genus™ DBS platform features a full portfolio of primary cell and rechargeable MRI conditional systems with Bluetooth connectivity and the Cartesia™ Directional Lead, providing multi-directional stimulation designed for greater precision, intended to minimize side effects for patients. In 2022, we further expanded our portfolio with Image Guided Programming with the US release of Stimview™ XT, a proprietary DBS visualization software developed in collaboration with Brainlab AG, providing clinicians with real-time, 3D visualization and stimulation of brain anatomy.

Cardiovascular

Cardiology

Interventional Cardiology Therapies (ICTx)

Our Interventional Cardiology Therapies business develops and manufactures technologies for diagnosing and treating coronary artery disease and aortic valve conditions. Our product offerings include the following:

- OptiCross™ IVUS Imaging Catheters,
- iLab™ Ultrasound Imaging Systems with Polaris Software, designed to enhance the diagnosis and treatment of blocked vessels and other heart disorders, compatible with our full line of imaging catheters,
- AVVIGO™ Guidance Systems and AVVIGO™ Guidance System II, incorporating high-definition IVUS all in a mobile or integrated platform,
- ROTAPRO™ Rotational Atherectomy Systems, which regulate the flow of air to the advancer, controlling burr rotation speed, and also monitor and display burr rotation speed and rotational atherectomy procedural time,
- SYNERGY™, SYNERGY MEGATRON™ and SYNERGY™ XD Everolimus-Eluting Platinum Chromium Coronary Stent Systems, featuring an ultra-thin abluminal (outer) bioabsorbable polymer coating,
- Safari2™ Pre-Shaped Guidewires, intended to facilitate the introduction and placement of interventional devices within the heart,
- ACURATE *neo2*™ Aortic Valve Systems for use in transcatheter aortic valve replacement (TAVR) procedures and
- SENTINEL™ Cerebral Embolic Protection Systems, used to reduce the risk of stroke in TAVR procedures and is clinically proven to decrease cerebral embolization and its associated neurological effects.

Watchman

Our WATCHMAN FLX™ Left Atrial Appendage Closure (LAAC) Devices are designed to close the left atrial appendage in patients with non-valvular atrial fibrillation who are at risk for ischemic stroke. WATCHMAN™ is the first device to offer a non-pharmacologic alternative to oral anti-coagulants that has been studied in a randomized clinical trial and is the leading device in percutaneous LAAC globally.

Cardiac Rhythm Management

Our Cardiac Rhythm Management (CRM) business develops and manufactures a variety of implantable devices that monitor the heart and deliver electricity to treat cardiac abnormalities. Our product offerings include the following:

- the RESONATE™ family of implantable cardioverter defibrillators (ICD) and implantable cardiac resynchronization therapy defibrillators (CRT-D), including our proprietary HeartLogic™ Heart Failure (HF) Diagnostic and SmartCRT™ Technology with Multisite pacing in CRT-D,
- EMBLEM™ MRI S-ICD System, the world's first, and currently only, commercially available subcutaneous implantable cardiac defibrillators (S-ICD), which provides physicians the ability to treat patients who are at risk for sudden cardiac arrest without touching the heart,
- ACCOLADE™ family of pacemakers and implantable cardiac resynchronization therapy pacemakers (CRT-P),
- ACUITY™ X4 Quadripolar LV Leads, RELIANCE™ family of ICD Leads and our INGEVITY™ Pacing Leads,
- LATITUDE™ Remote Patient Management Systems, which allow for more frequent monitoring and better guided treatment decisions by enabling physicians to monitor implantable system performance remotely,

- LUX-Dx™ Insertable Cardiac Monitor (ICM) systems, long-term diagnostic devices implanted in patients to detect arrhythmias associated with conditions such as atrial fibrillation (AF), cryptogenic stroke and syncope and
- BodyGuardian™ remote cardiac monitoring systems provide a full range of mobile health solutions and remote monitoring services, ranging from ambulatory cardiac monitors – including short and long-term holter monitors – to cardiac event monitors and mobile cardiac telemetry.

Our entire transvenous defibrillator portfolio leverages our EnduraLife™ Battery Technology and has magnetic resonance imaging (MRI) conditional labeling when used with our current generation of leads.

Electrophysiology

Our Electrophysiology business develops and manufactures less-invasive medical technologies used in the diagnosis and treatment of rate and rhythm disorders of the heart, including a broad portfolio of therapeutic and diagnostic catheters and a variety of equipment used in the Electrophysiology lab. Our product offerings include the following:

- Rhythmia™ Mapping Systems, catheter-based, 3-D cardiac mapping and navigation solutions designed to help diagnose and guide treatment of a variety of arrhythmias,
- cardiac ablation catheters including the Blazer™, IntellaNav™, IntellaNav Stablepoint™ and IntellaTip MiFi Open-Irrigated Ablation Catheter families, featuring a unique Total Tip Cooling™ Design and DIRECTSENSE™ Software for monitoring radiofrequency (RF) energy delivery during procedures,
- IntellaMap Orion™ Mapping Catheters, for use with our Rhythmia Mapping System to provide high-density, high-resolution maps of the heart,
- Farapulse™ Pulsed Field Ablation (PFA) Systems for the treatment of atrial fibrillation (AF),
- POLARx™ Cryoablation Systems for the treatment of AF and
- intracardiac ultrasound catheters, delivery sheaths and other accessories

On February 14, 2022, we completed our acquisition of Baylis Medical Company, Inc (Baylis Medical), which has developed the radiofrequency (RF) NRG™ and VersaCross™ Transseptal Platforms as well as a family of guidewires, sheaths and dilators used to support left heart access, which expands our electrophysiology and structural heart product portfolios. In the second quarter of 2022, we received FDA 510(k) clearance for and launched the VersaCross Connect™ LAAC Access Solution developed by Baylis Medical, providing safe and efficient access to the left side of the heart.

Peripheral Interventions

Our Peripheral Interventions business develops and manufactures products to diagnose and treat peripheral arterial and venous diseases, as well as products to diagnose, treat and ease various forms of cancer. Our broad peripheral portfolio includes stent systems, balloon catheters, guidewires, atherectomy and thrombectomy systems, embolization devices, radioactive microspheres, radiofrequency and cryotherapy ablation systems, microcatheters and drainage catheters.

Our peripheral arterial product offerings include:

- EPIC™ and Innova™ Self-Expanding Stent Systems,
- Eluvia™ Drug Eluting Vascular Stent Systems, innovative stents built on the Innova stent platform, designed to deliver a sustained dosage of paclitaxel during the time when restenosis is most likely to occur,
- Mustang™, Coyote™ and Sterling™ PTA Balloon Catheters designed for a wide variety of peripheral angioplasty procedures and
- Ranger™ Drug-Coated Balloons, innovative balloons built on the Sterling balloon platform, featuring a low-dose of paclitaxel.

In the third quarter of 2022, we launched an ELUVIA™ line extension, introducing the longest-length available for treatment of patients with peripheral artery disease (PAD) in the superficial femoral artery. We are also the first company to provide physicians with both a drug-eluting stent and drug-coated balloon option for the treatment of patients with PAD.

Our venous disease product offerings include the following:

- AngioJet™ Thrombectomy Systems, used in endovascular procedures to remove blood clots from blocked arteries and veins and our AngioJet Zelante DVT™ Thrombectomy Catheters to treat deep vein thrombosis,
- WOLF Thrombectomy™ Platform, which is designed to mechanically remove the clots without damaging blood vessels, while also minimizing blood loss,
- EKOS™ Ultrasound Assisted Thrombolysis systems used to treat pulmonary embolisms and
- Varithena™ Polidocanol Injectable Foam used to improve the symptoms of superficial venous incompetence and the appearance of visible varicosities.

Our interventional oncology product offerings include the following:

- TheraSphere™ Y-90 radioactive glass microspheres used in the treatment of hepatocellular carcinoma (HCC), the most common type of liver cancer,
- Renegade™ HI-FLO™ Fathom™ Microcatheter and Guidewire System and Interlock™ - 35 Fibered IDC™ and 18 Fibered IDC™ Occlusion System for peripheral embolization,
- EMBOLD™ Detachable Coil System, used for arterial and venous embolizations in the peripheral vasculature, and
- ICEFX™ and Visual ICE™ Cryoablation Systems for destruction of tissue, using image-guided needles to enable cryoablation visualization for optimal tumor coverage.

Markets

Competition

We encounter significant competition across our product lines and in each market in which we sell our products and solutions, some from companies that may have greater financial, sales and marketing resources than we do. Our primary competitors include Abbott Laboratories and Medtronic plc, as well as a wide range of medical device companies that sell a single or limited number of competitive products or participate in only a specific market segment. In certain countries, and particularly in China, we also face competition from domestic medical device companies that may benefit from their status as local suppliers. We also face competition from non-medical device companies, which may offer alternative therapies for disease states that could also be treated using our products, or from companies offering technologies that could augment or replace procedures using our products.

We believe that our products and solutions compete primarily on their ability to deliver both differentiated clinical and economic outcomes for our customers by enabling physicians to perform diagnostic and therapeutic procedures safely and effectively often in a less-invasive and cost effective manner. We also compete on ease of use, comparative effectiveness, reliability and physician familiarity. In the current environment of managed care, with economically motivated buyers, consolidation among healthcare providers, increasing prevalence and importance of regional and national tenders, increased competition and declining reimbursement rates, we have been increasingly required to compete on the basis of price, value, reliability and efficiency. We believe the current global economic conditions and healthcare reform measures could continue to put additional competitive pressure on us, including on our average selling prices, overall procedure rates and addressable market sizes. We recognize that our continued competitive success will depend upon our ability to:

- offer products and solutions that provide differentiated clinical and economic outcomes,
- create or acquire innovative, scientifically advanced technologies,
- apply our technology and solutions cost-effectively and with superior quality across product lines and markets,
- develop or acquire proprietary products and solutions,
- attract and retain qualified personnel,
- obtain patent or other protection for our products,
- obtain required regulatory and reimbursement approvals,
- continually provide quality products and enhance our quality systems,
- supply sufficient inventory at competitive prices to meet customer demand.

Research and Development

Our investment in research and development is critical to driving our future growth. Our investment in research and development supports the following:

- internal research and development programs, regulatory design and clinical science, as well as other programs obtained through our strategic acquisitions and alliances, and
- engineering efforts that incorporate customer feedback into continuous improvement efforts for currently marketed and next-generation products.

We have directed our development efforts toward innovative technologies designed to expand current markets or enter adjacent markets. We continue to transform how we conduct research and development by identifying best practices, driving efficiencies and optimizing our cost structure, which we believe will enable increased development activity and faster concept-to-market timelines. Focused, cross-functional teams take a formal approach to new product design and development, helping us to manufacture and offer innovative products consistently and efficiently. Involving cross-functional teams early in the process is the cornerstone of our product development cycle. We believe this collaboration allows our teams to concentrate resources on the most viable and clinically relevant new products and technologies and to maximize cost and time savings as we bring them to market.

In addition to internal development, we work with hundreds of leading research institutions, universities and clinicians around the world to develop, evaluate and clinically test our products. We continue to expand our collaborations to include research and development teams in our emerging market countries; these teams will focus on both global and local market requirements at a lower cost of development. We believe that these efforts will play a significant role in our future success.

Marketing and Sales

In 2022, we marketed our products and solutions to approximately 36,000 hospitals, clinics, outpatient facilities and medical offices in 130 countries worldwide. Large group purchasing organizations, hospital networks and other buying groups have become increasingly important to our business and represent a substantial portion of our net sales. Each of our businesses maintains dedicated sales forces and marketing teams focused on physicians who specialize in the diagnosis and treatment of different medical conditions, as well as on key hospital service line administrators.

The majority of our net sales are derived from countries in which we have direct sales organizations. We also have a network of distributors and dealers who offer our products in certain countries and markets. We expect to continue to leverage our infrastructure in markets where commercially appropriate and use third party distributors in those markets where it is not economical or strategic to establish or maintain a direct presence.

Resources

Manufacturing and Raw Materials

We are focused on continuously improving our supply chain effectiveness, strengthening our manufacturing processes and increasing operational efficiencies within our organization worldwide. In doing so, we seek to focus our internal resources on the development and commercial launch of new products and the enhancement of existing products. We also drive continuous improvement in product quality through process controls and validations, supplier and distribution controls and training and tools for our operations team. In addition, we remain focused on examining our operations and general business activities to enhance our operational effectiveness by identifying cost-improvement opportunities.

We remain committed to maintaining appropriate investments to ensure supply chain stability. We have an ongoing supplier resiliency program which identifies and mitigates risk and have taken measures to mitigate the impact of challenges within the global supply chain, including those caused in part by the COVID-19 pandemic. We consistently monitor our inventory levels, manufacturing, sterilization and distribution capabilities and partnerships and maintain recovery plans to address potential disruptions. Many components used in the manufacturing of our products are readily fabricated from commonly available raw materials or off-the-shelf items available from multiple supply sources; however, certain items are custom made to meet our specifications.

On an on-going basis, we track supplier status and inventory in risk areas and take action to prevent shortages, monitoring safety stock levels and building up product supplies as warranted, and mitigating risk of technology and material shortages by identifying new vendors.

We have experienced increased levels of unpredictability in the supply of certain raw materials and components used in the manufacturing of our products. While we continue to believe we will have access to the raw materials and components that we need, these supply chain dynamics could result in increased costs to us or an inability to fully meet customer demand for certain of our products.

Proprietary Rights and Patent Litigation

We rely on a combination of patents, trademarks, trade secrets and other forms of intellectual property to protect our proprietary rights. We generally file patent applications in the U.S. and other countries where patent protection for our technology is appropriate and available. We hold patents worldwide that cover various aspects of our technology. In addition, we hold exclusive and non-exclusive licenses to a variety of third-party technologies covered by patents and patent applications. In the aggregate, these intellectual property assets and licenses are of material importance to our business; however, we believe that no single patent, technology, trademark, intellectual property asset or license is material in relation to our business as a whole.

We rely on non-disclosure and non-competition agreements with employees, consultants and other parties to protect, in part, trade secrets and other proprietary technology. There has been substantial litigation regarding patent and other intellectual property rights in the medical device industry, particularly in the areas in which we compete. We continue to defend ourselves against claims and legal actions alleging infringement of the patent rights of others. Additionally, we may find it necessary to initiate litigation to enforce our patent rights, to protect our trade secrets or know-how and to determine the scope and validity of the proprietary rights of others. Accordingly, we may seek to settle some or all of our pending litigation, particularly to manage risk over time. Settlement may include cross licensing of the patents that are the subject of the litigation as well as our other intellectual property and may involve monetary payments to or from third parties.

We maintain insurance policies providing limited coverage against securities claims. We are substantially self-insured with respect to product liability claims and fully self-insured with respect to intellectual property infringement claims. The absence of significant third-party insurance coverage increases our potential exposure to unanticipated claims or adverse decisions. See *Note I – Commitments and Contingencies* to our 2022 consolidated financial statements included in Item 8. Financial Statements and Supplementary Data of this Annual Report on Form 10-K for a discussion of intellectual property, product liability and other litigation and proceedings in which we are involved.

Regulatory Environment

Medical Device Regulatory Approvals

The medical devices that we manufacture, market and commercialize are subject to regulation by numerous worldwide regulatory bodies, including the U.S. FDA and comparable international regulatory agencies. These agencies require manufacturers of medical devices to comply with applicable laws and regulations governing development, testing, manufacturing, labeling, marketing and distribution. Medical devices are also generally subject to varying levels of regulatory control based on risk level of the device.

In the U.S., authorization to distribute a new device can generally be met in one of two ways. The first process requires that a premarket notification (510(k)) be made to the FDA to demonstrate that the device is as safe and effective as, or substantially equivalent to, a legally marketed device (the "predicate" device). Applicants must submit performance data to establish substantial equivalence. In some instances, data from human clinical trials must also be submitted in support of a 510(k) premarket notification. If so, these data must be collected in a manner that conforms to the applicable Investigational Device Exemption (IDE) regulations. The FDA must issue a decision finding substantial equivalence before commercial distribution can occur. Changes to cleared devices that could not significantly affect the safety or effectiveness of the device can generally be made without additional 510(k) premarket notifications; otherwise, a new 510(k) is required.

The second process requires the submission of a premarket approval (PMA) application to the FDA to demonstrate that the device is safe and effective for its intended use. This approval process applies to most Class III devices and generally requires clinical data to support the safety and effectiveness of the device, obtained in adherence with IDE requirements. The FDA will approve the PMA application if it finds that there is a reasonable assurance that the device is safe and effective for its intended purpose and that the proposed manufacturing is in compliance with the Quality System Regulation (QSR). For novel technologies, the FDA may seek input from an advisory panel of medical experts and seek their views on the safety, effectiveness and benefit-risk of the device. The PMA process is generally more detailed, lengthier and more expensive than the 510(k) process.

In the European Union (EU), we are required to comply with the Medical Device Regulation (MDR or EU MDR) which became effective May 2021, superseding the existing Medical Device and Active Implantable Medical Device Directives. Medical devices which have a valid CE Certificate to the prior Directives (issued before May 2021) can continue to be sold during the applicable transition period or until the CE Certificate expires, whichever comes first, providing there are no significant changes to the design or intended use. The CE Mark, which is required to sell medical devices in the EU is affixed following a Conformity Assessment and either approval from the appointed independent Notified Body or through self-certification by the manufacturer. The selected pathway to CE marking is based on device risk classification. CE marking indicates conformity to the applicable General Safety and Performance Requirements (GSPRs) for the MDR. The MDR changes multiple aspects of the regulatory framework for CE marking, such as increased clinical evidence requirements, changes to labelling, and new requirements, including Unique Device Identification (UDI), and many new post-market reporting obligations. MDR also modifies and increases the compliance requirements for the medical device industry and will continue to require significant investment over the next few years to transition all products. The CE mark continues to be a prerequisite for successful registration in many other global geographies. In addition, other EU countries continue to impose significant local registration requirements despite the implementation of MDR, and the United Kingdom has introduced new requirements following its exit from the EU.

We are also required to comply with the regulations of every other country where we commercialize products before we can launch or maintain new products on the market, including regulations that have been introduced in many countries in the Middle East and Southeast Asia that previously did not have medical device regulations, or had minimal regulations. In Japan we are required to comply with Japan's Ministry of Health, Labor and Welfare (MHLW) regulations. In conjunction with the MHLW, the Pharmaceutical and Medical Device Agency is an independent agency that is responsible for reviewing drug and medical device applications and works with the MHLW to assess new product safety, develop comprehensive regulations, and monitor post-market safety.

The FDA and other worldwide regulatory agencies and competent authorities actively monitor compliance to local laws and regulations through review and inspection of design and manufacturing practices, record-keeping, reporting of adverse events, labeling and promotional practices. The FDA can ban certain medical devices, detain or seize adulterated or misbranded medical devices, order recall or market withdrawal of these devices and require notification of health professionals and others with regard to medical devices that present unreasonable risks of substantial harm to the public health. The FDA may also enjoin and restrain a company for certain violations of the Food, Drug and Cosmetic Act and the Safe Medical Devices Act, pertaining to medical devices, or initiate action for criminal prosecution of such violations. Regulatory agencies and authorities in the countries where we do business can halt production in or distribution within their respective country or otherwise take action in accordance with local laws and regulations.

International sales of medical devices manufactured in the U.S. that are not approved by the FDA for use in the U.S., or that are banned or deviate from lawful performance standards, are subject to FDA export requirements. Additionally, exported devices are subject to the regulatory requirements of each country to which the device is exported.

Our quality system is designed to enable us to satisfy various international quality system regulations, including those of the U.S. FDA with respect to products sold in the U.S. All of our medical device manufacturing facilities and distribution centers are certified under the ISO 13485 quality system standard, established by the International Standards Organization (ISO) for medical devices, which includes requirements for an implemented quality system that applies to component quality, supplier control, product design and manufacturing operations.

Healthcare Policies and Reimbursement

Political, economic and regulatory influences around the world continue to subject the healthcare industry to potential fundamental changes that could substantially affect our results of operations. We maintain a global Government Affairs presence, headquartered in Washington, D.C., to actively monitor and advocate on myriad legislation and policies that may potentially impact us, both on a domestic and an international front. The Government Affairs office works closely with members of Congress and committee staff, the White House and administration offices, state governors, legislatures and regulatory agencies, embassies and global governments on issues affecting our business. The Government Affairs office also advocates for public policy that benefits our employees and the patients we serve, and supports the communities in which we live.

Our products are purchased principally by hospitals, physicians and other healthcare providers around the world that typically bill various third-party payers, including government programs (e.g., Medicare and Medicaid in the U.S.) and private insurance payers, for the items and services provided to their patients. Government and private sector initiatives related to limiting the

growth of healthcare costs (including price regulation), coverage and payment policies, comparative effectiveness reviews of therapies, technology assessments, price transparency and healthcare delivery and payment structure reforms, are continuing in many countries where we do business. We believe that these changes are causing the marketplace to place increased emphasis on the delivery of treatments that can reduce costs, improve efficiencies and/or increase patient access. Although we believe our products and technologies generate favorable clinical outcomes, value and cost efficiency, while also being less invasive than alternatives, the resources necessary to demonstrate value to our customers, patients, payers and other stakeholders are significant and new therapies may take significantly longer periods of time to gain widespread adoption.

Implementation of cost containment initiatives and healthcare reforms in significant markets such as the U.S., China, Australia, and other markets may limit the price of, or the level at which reimbursement is provided for, our products or procedures using our products, which in turn may make it less likely that a hospital or physician will select our products to treat patients.

Environmental Regulation and Management

We are subject to various environmental laws, directives and regulations both in the U.S. and abroad. Our operations involve the use of substances regulated under environmental laws, primarily in manufacturing and sterilization processes. We are focused on continuous improvement in environmental metrics with a goal of reducing pollution, minimizing depletion of natural resources and reducing our overall environmental footprint. Specifically, we are working to optimize energy and resource usage, ultimately reducing greenhouse gas emissions and waste. Refer to *Corporate Sustainability* included in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations of this Annual Report on Form 10-K for further discussion.

Human Capital

At Boston Scientific, our work is guided by core values that define our culture and empower our employees, including Caring, Diversity, Global Collaboration, High Performance, Meaningful Innovation and Winning Spirit. As of December 31, 2022, we had approximately 45,000 employees, of which approximately 56 percent were outside the U.S. We believe the collective talent of our employees and our shared corporate culture and values give us a competitive advantage.

Hiring, developing and retaining talented employees are key parts of our strategy and are critical to our success, particularly in the current environment of labor shortages and unprecedented job market conditions. We strive to do this by fostering a diverse, equitable and inclusive workplace, providing competitive pay and benefits and flexible work conditions, offering ongoing employee growth and development opportunities and cultivating a culture that prioritizes employee health, safety and well-being.

Diversity, Equity and Inclusion

We do our best work to advance health care when we have a diverse range of perspectives and experience on our team. Innovation thrives in a culture of engagement, inclusion and equity. The society in which we live and the customers and patients we serve are diverse and our employees at all levels of the organization must reflect this. In recent years, we have made steady progress to increase the overall representation of employees who identify as women and as African American/Black, Asian, Hispanic/Latinx, American Indian/Alaska Native, Native Hawaiian/Other Pacific Islander, and two or more races (together, multicultural talent). As of December 31, 2022, women represented 30 percent of our Board of Directors, and 49 percent of our employees. In addition, 36 percent of employees in the U.S. and Puerto Rico identified as multicultural.

We are committed to our goal of making further progress toward expanding our workforce diversity. In 2020, we set measurable Diversity, Equity & Inclusion (DE&I) goals with our "3UP by 2023" initiative, which included aspirations of a three percentage point increase in representation of both women and multicultural talent at the supervisor and manager level to 43 percent and 23 percent, respectively, by December 31, 2022. As of December 31, 2022, 42.6 percent of management roles were held by women and, within the U.S and Puerto Rico, 22.6 percent were held by multicultural employees. While we are making progress, our work is far from over. We are committed to intentional action to drive meaningful change. We listen to our employees and use that feedback to complement and expand our existing DE&I programs to emphasize initiatives aimed at developing our pipeline of talent and fostering a psychologically safe and inclusive workplace for all. Additionally, our Executive Committee and our Board of Directors have oversight of employee diversity metrics and hiring trends. As evidence of our commitment to expand DE&I, in 2021, we introduced an ESG scorecard, including DE&I metrics, to our Annual Bonus Plan.

In addition, our ten Employee Resource Groups (ERGs) are at the heart of our DE&I strategy. ERGs are voluntary, company-sponsored employee groups that foster and celebrate our diverse work environment. They provide forums for us to learn from

one another, celebrate our uniqueness and develop inclusive leadership skills. We support each ERG by designating global and local executive sponsors and providing financial resources. Our ERG chapters around the world collaborate across the business at all levels and are powerful voices for change in the company.

Additionally, our approach to supplier selection involves building DE&I throughout the Boston Scientific supplier network. We are committed to the increased and sustained support of diverse businesses that share our dedication to improving the quality of patient care. As part of our strategy to combat racism, we have taken steps to further expand the number of Black-owned enterprises that provide supply chain services for our business in the U.S., and are also supporting small and diverse vendors by shortening our standard payment terms.

Compensation and Benefits

We offer competitive, performance-based compensation programs, recognizing that employee well-being, safety, culture, engagement and recognition are all critical to a healthy work environment and productive workforce. We offer programs that acknowledge, respect and support an individual's life and work choices. Our holistic programs are guided by overall workforce health, focusing on physical, financial and emotional well-being as well as a healthy work environment. We believe that investing in employee well-being leads to improved performance for the individual and the organization.

As part of our broader rewards portfolio, we offer competitive pay and benefits that are flexible and affordable to meet the individual needs of our employees. In addition to cash-based salaries, our rewards portfolio includes cash bonus programs, sales incentives, stock awards, recognition awards, health insurance, paid time off and family leave, retirement savings plans, childcare and Employee Assistance Programs that encourage overall well-being, including help with finances, inclusive family planning and support, elder/child care, legal support and mental health resources.

Equal pay for equal work is rooted in our values and foundational to fostering an inclusive environment. Pay equity is an important part of our long-standing global compensation planning practices. Sustaining pay equity requires constant measurement and attention, so we regularly conduct comprehensive audits, internal and external analyses and company-wide benchmarking of salaries to identify and eliminate disparities. In addition, we periodically contract with an independent, third party to assess pay equity across all positions. Our most recent pay equity study, completed in 2021, reported no statistically significant pay disparity for approximately 99 percent of our employees across gender globally and for multicultural talent in the U.S. and Puerto Rico. We continue to educate and train our people, update policies and expand benefits to decrease bias, increase gender and racial representation within our organization, and foster a culture where all employees feel valued and included.

Employee Health and Safety

We take a global approach to prioritizing and monitoring employee health and safety and we strive to foster a safety-oriented culture in all of our offices and facilities. We set health and safety goals which measure the number of injuries per 100 employees for the global organization. Our Employee Health & Safety Global and Regional Councils review performance monthly to discuss trends and risks, as well as opportunities for improvement. We have obtained ISO 45001:2018 Occupational Health and Safety Management System at eight of our key global locations. This is a globally recognized standard for employee Occupational Health and Safety, established by the International Standards Organization, which provides a voluntary framework to identify key occupational health and safety aspects associated with our business helping to deliver continuous improvement. We have established a company-wide safety goal of 0.25 or fewer injuries per 100 employees by 2030, cutting our year-over-year incident rate by approximately 50 percent from a base year of 2019. As of December 31, 2022, we have achieved a safety level of 0.28 per 100 employees.

Employee Growth and Development

Developing our people professionally is one of the most important things we do. We have robust succession planning to ensure our future leaders are ready to assume roles as they become available. At every level of the company, employees have access to training and tools they can use to advance their skills and expertise and create greater possibilities for their careers. We offer professional and technical courses, including on-the-job training, skills-based learning, mentoring opportunities and leadership development programs for high-potential employees.

Employee Engagement

We seek ongoing feedback from our employees to better understand what we are doing well and, conversely, how we can improve their experience. In addition to encouraging ongoing communication and feedback between employees and their

managers, we conduct periodic employee engagement surveys to ensure all employees have an opportunity to share their insights and we take appropriate action in response. As evidence of our commitment to foster employee engagement, we include these metrics within the ESG scorecard that forms part of our Annual Bonus Plan.

Community Outreach

We are united by a goal to make a difference in the lives of the over 33 million patients we serve annually. The Boston Scientific Caring value guides us in the work we do each day including how we invest in the well-being of communities. We work to advance possibilities in our three focus areas of health, STEM education and community. Our efforts evolve frequently as do the pressing needs of our communities. In 2022, we focused on supporting Ukrainian refugees, providing aid to those impacted by natural disasters and addressing the basic needs of underserved populations in communities where we live and work. In February 2023, we provided donations to charitable organizations providing earthquake relief efforts in Türkiye and Syria, including overnight stays, meals, hygiene items and critical emergency supplies.

Our global community programs empowered employees to participate in and influence the way we care for local communities through volunteerism and personal donations. Many employees chose to support their communities through use of the Employee Matching Gifts program, which was doubled in 2022 on Giving Tuesday, the global day of giving that highlights the importance of supporting local communities around the world during the holiday season. Through employee contributions and the Boston Scientific match, a total of nearly $2 million was donated in 2022. In February 2023, we launched an additional match campaign through our Employee Matching Gifts Program for aid to Türkiye and Syria and are also providing volunteer opportunities for our employees based in Türkiye to give back to their local communities.

We have also collaborated with non-profit community organizations to decrease health disparities and reduce the risk for chronic disease for the underserved by increasing access to healthcare and screenings. Within many of the communities in which we operate, we have launched and funded a multi-year program to combat racism, inequity and injustice focused on five pillars: community, economic empowerment, education, healthcare disparities and government policies. We also continue our long-term Close the Gap initiative, which focuses on raising awareness and empowering healthcare providers to reach more patients of color, fight longstanding inequities, and address barriers to care. Through Close the Gap, hospitals and health systems are provided with zip code level data that highlight the disease prevalence and disparities occurring in their communities. The information, along with our health equity resources, allows health care administrators and providers to focus on improving care to underserved populations within their communities.

We are also passionate about inspiring young learners to see themselves in a Science, Technology, Engineering and Math (STEM) roles in the future. Employees on our global STEM teams worldwide work with underrepresented K-12 students to share their passion for STEM by providing interactive product demos, development programs, and hands-on activities for young learners in their communities.

Seasonality

Our net sales are influenced by many factors, including product launches, acquisitions, regulatory and reimbursement approvals, patient, physician and employee holiday schedules and other macro-economic conditions. While our consolidated net sales do not reflect any significant degree of seasonality, customer purchases of our medical devices have historically been lower in the first and third quarters of the year.

Safe Harbor for Forward-Looking Statements

Certain statements that we may make from time to time, including statements contained in this Annual Report on Form 10-K and information incorporated by reference into this Annual Report on Form 10-K, constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements may be identified by words like "anticipate," "expect," "project," "believe," "plan," "estimate," "intend," "aim," "goal," "target," "continue," "hope," "may" and similar words. These forward-looking statements are based on our beliefs, assumptions and estimates using information available to us at the time and are not intended to be guarantees of future events or performance. If our underlying assumptions turn out to be incorrect, or if certain risks or uncertainties materialize, actual results could vary materially from the expectations and projections expressed or implied by our forward-looking statements.

The forward-looking statements in this Annual Report on Form 10-K are based on certain risks and uncertainties, including the risk factors described in Item 1A under the heading "Risk Factors" and the specific risk factors discussed below and in connection with forward-looking statements throughout this Annual Report on Form 10-K, which could cause actual results to vary materially from the expectations and projections expressed or implied by our forward-looking statements. These risks and uncertainties, in some cases, have affected and in the future could affect our ability to implement our business strategy and may cause actual results to differ materially from those contemplated by the statements expressed in this Annual Report on Form 10-K. As a result, readers are cautioned not to place undue reliance on any of our forward-looking statements. Risks and uncertainties that may cause such differences include, among other things: future U.S. and global economic, political, competitive, reimbursement and regulatory conditions; manufacturing, distribution and supply chain disruptions and cost increases; disruptions caused by cybersecurity events; the impact of the COVID-19 pandemic on our operations and financial results; disruptions caused by extreme weather or other climate change-related events; labor shortages and increases in labor costs; new product introductions and the market acceptance of those products; markets for our products; expected pricing environment; expected procedural volumes; the closing and integration of acquisitions; clinical trial results; demographic trends; intellectual property rights; litigation; financial market conditions; the execution and effect of our restructuring program; the execution and effect of our business strategy, including our cost-savings and growth initiatives; our ability to achieve environmental, social and governance goals and commitments; and future business decisions made by us and our competitors. New risks and uncertainties may arise from time to time and are difficult to predict, including those that have emerged or may increase in significance or likelihood as a result of the COVID-19 pandemic. All of these factors are difficult or impossible to predict accurately and many of them are beyond our control. For a further list and description of these and other important risks and uncertainties that may affect our future operations, see Part I, Item 1A. Risk Factors contained within this Annual Report on Form 10-K filed with the SEC, which we may update in Part II, Item 1A. Risk Factors in subsequent Quarterly Reports on Form 10-Q that we will file hereafter. We disclaim any intention or obligation to publicly update or revise any forward-looking statement to reflect any change in our expectations or in events, conditions, or circumstances on which those expectations may be based, or that may affect the likelihood that actual results will differ from those contained in the forward-looking statements. This cautionary statement is applicable to all forward-looking statements contained in this Annual Report on Form 10-K.

The following are some of the important risk factors that could cause our actual results to differ materially from our expectations in any forward-looking statements. For further discussion of these and other risk factors, see Item 1A. Risk Factors.

Our Businesses

- The impact of the COVID-19 pandemic and economic conditions created in part by the pandemic on worldwide economies, financial markets, manufacturing and distribution systems, including disruption in the manufacture or supply of certain components, materials or products, and business operations,

- Labor shortages and the impact of inflation on the cost of raw materials and direct labor,

- Risks associated with challenging or uncertain domestic and international economic conditions, including those related to rising interest rates, inflation, currency devaluations or economies entering into periods of recession,

- The impact of natural disasters, climate change, additional future public health crises and other catastrophic events on our ability to manufacture, distribute and sell our products,

- The impact of competitive offerings, value-based procurement practices, government-imposed payback provisions and changes in reimbursement practices and policies on average selling prices for our products,

- The ongoing impact on our business of physician alignment to hospitals, governmental investigations and audits of hospitals and other market and economic conditions on the overall number of procedures performed,

- The performance of, and physician and patient confidence in, our products and technologies or those of our competitors,

- The impact and outcome of ongoing and future clinical trials and market studies undertaken by us, our competitors or other third parties or perceived product performance of our or our competitors' products,

- Variations in clinical results, reliability or product performance of our and our competitors' products,

- Our ability to acquire or develop, launch and supply new or next-generation products and technologies worldwide and in line with our commercialization strategies in a timely and successful manner and with respect to our recent acquisitions,

- The effect of consolidation and competition in the markets in which we do business or plan to do business,

- Our ability to achieve our projected level or mix of product sales, as some of our products are more profitable than others,

- Our ability to attract and retain talent, including key personnel associated with recent acquisitions, and to maintain our robust corporate culture,

- The impact of enhanced requirements to obtain and maintain regulatory approval in the U.S. and around the world, including EU MDR and the associated timing and cost of product approval,

- The impact of increased pressure on the availability and rate of third-party reimbursement for our products and procedures in the U.S. and around the world, including with respect to the timing and costs of creating and expanding markets for new products and technologies,

- The issuance of new or revised accounting standards by the Financial Accounting Standards Board or the Securities and Exchange Commission, and

- The impact of potential goodwill and intangible asset impairment charges on our results of operations.

Regulatory Compliance, Litigation and Data Protection

- The impact of healthcare policy changes and legislative or regulatory efforts in the U.S., the EU and around the world to modify product approval or reimbursement processes, including a trend toward demonstrating clinical outcomes, comparative effectiveness and cost efficiency, as well as the impact of other healthcare reform legislation,

- Risks associated with our regulatory compliance and quality systems and activities in the U.S., the EU and around the world, including meeting regulatory standards applicable to manufacturing and quality processes,

- The effect of global legal, regulatory or market responses to climate change, including increased compliance burdens and costs to meet regulatory obligations,

- Our ability to minimize or avoid future field actions or FDA warning letters relating to our products and processes and the ongoing inherent risk of potential physician advisories related to our or our competitors' products,

- The impact of increased scrutiny of and heightened global regulatory enforcement facing the medical device industry arising from political and regulatory changes, economic pressures or otherwise, including under U.S. Anti-Kickback Statute, U.S. False Claims Act and similar laws in other jurisdictions, U.S. Foreign Corrupt Practices Act (FCPA) and similar laws in other jurisdictions, and U.S. and foreign export control, trade embargo and customs laws,

- Costs and risks associated with current and future asserted litigation,

- The effect of our litigation and risk management practices, including self-insurance and compliance activities on our loss contingencies, legal provisions and cash flows,

Labeler Name: Cymabay Therapeutics, Inc.
Labeler Code Assigned: 83375

The Food and Drug Administration (FDA) has assigned the above Labeler Code to your firm. **The number cannot be used until you have confirmed the assignment. Please revise and resubmit your Labeler Code Request SPL to include the assigned number above to complete the process. To do this, open the previous Labeler Code Request SPL file and fill in the new information (your assigned Labeler Code) without changing the other existing information. Fill in a new root id and new version number with the original set id and the appropriate effective time.**

For CDER Direct Users: Open the previously submitted and accepted Labeler Code Request, click Create New Version, enter the Labeler Code assigned in the field for "Labeler Code", and Submit SPL.

This Labeler Code should be used to create the NDC (National Drug Code) assigned to all drugs you manufacture or distribute for U.S. commercial distribution. The assignment of NDC is extensively discussed in Title 21 of Code of Federal Regulations (CFR) 207.35. The NDC for each drug must be submitted as part of drug listing information submitted to FDA. Per 21 CFR Part 207, owners or operators of an establishment entering into the manufacture or processing of a drug or drugs shall drug list, every drug in commercial distribution within 5 days after the beginning of operation. Labeler Codes are assigned by FDA and may be inactivated at any time upon violation of the Federal Food, Drug and Cosmetic Act.

Description of Operations

Dear Ms. March:

Thank you for your inquiry seeking clarification on the Department's interpretation of the Sherman Law, as it pertains to entities you have described to be "Virtual" drug manufacturers.

Your stated assumption is correct.

Subject: Sherman Definition of Manufacture

Hello Daniel,

I was wondering if you could please provide some clarification as to the Department's interpretation of the definition of "Manufacture" as listed under the Sherman Food Drug and Cosmetic Law? Under Chapter 1 General Provisions and Definitions 109970 lists "Manufacture" as the preparation, compounding, propagation, processing, or fabrication of any food, drug, device, or cosmetic. The term "manufacture" does not include repackaging from a bulk container by a retailer at the time of sale to its ultimate consumer. By this definition a "Virtual Manufacturer" (meaning a company who owns the drug's NDA but utilizes a CMO to manufacture, therefore no drugs are ever on the Virtual Manufacturer's property) would not be eligible to obtain a Manufacturer's license from the state of California as it does not do any of the "preparation, compounding, propagation, processing, or fabrication." Is that a correct assumption of the Department's interpretation of this definition?

As a seasoned pharmaceutical executive with over 20 years in Market Access, I possess extensive expertise in developing marketing, sales, and account management strategies that foster innovative solutions in collaboration with payers, institutions, and providers across chronic and rare disease areas. My proficiency in breaking down complex healthcare barriers enables me to translate them into simple yet effective components to optimize outcomes. With a proven track record of unconventional thinking, I am a valuable strategic thought partner who drives business imperatives.

HEALTHCARE PROFESSIONAL EXPERIENCE

CYMABAY, Newark, CA **August 2023 to present**
Vice President, Market Access

MYOVANT SCIENCES, Brisbane, CA **December 2019 to August 2023**

Sr. Director, Market Access Marketing & Strategy, 2020 to 2023
Extended payer marketing, pricing/contracting, and open distribution strategy into Women's Health while successfully launching in Prostate Cancer. Successfully executed pre-approval information exchange in women's health and launched two new indications in one year. Worked with women's health medical affairs to develop a value platform to demonstrate a benefit cost-per-responder model for payers. Developed GTN models to ensure profitability, balancing payer/trade discounts across commercial and government channels while considering patient affordability and high copay card utilization.

- Led a team of 4 directors responsible for developing and executing competitive commercialization strategies in uterine fibroids, endometriosis, and prostate cancer with partners Pfizer and Sunovion
- Developed a strategic communication plan to engage top PBMs/Payers/large urology/oncology practices with contracting strategies aligned with utilization management capabilities, guidelines, and package inserts
- Designed a distribution strategy to minimize operational barriers within In-Office Dispensing practices and to support established clinics engaging a limited network of specialty pharmacies
- Partnered with Patient Support/HUB team to integrate messaging aligned with patient affordability
- Collaborate with cross-functional leaders in Brand Marketing, Sales, Commercial Operations, and Business Analytics to develop marketing strategies that lead to executable pull-through and tactics within budget.
- Worked with legal and HEOR to develop a value proposition aligned with FDAMA 114 payer guidance
- Regular engagement with Advocacy and Public Affairs to monitor payer implications of legislation trends
- Developed a health equity strategy for Women's Health and Prostate Cancer based on RWE and HEOR
- Worked with compliance to develop a guidance document for account engagement in physician practices
- Managed budget, vendors, and agencies from strategy to medical/legal/regulatory approved pieces

Director, Payer Marketing, 2019 to 2020

Established payer marketing, pricing/contracting, and special distribution strategy for Relugolix in prostate cancer. Successfully executed pre-approval information exchange and product launch of a new indication for Relugolix. Worked with the agency of record to develop an innovative cost-effectiveness model for payers. Developed GTN models to ensure profitability, balancing payer/trade/specialty distribution discounts across commercial and government channels while considering patient affordability.

GENENTECH, INC., South San Francisco, CA **2015 to 2019**

Head of Oncology Leadership Collaborative, 2018 to 2019
Developed oncology portfolio strategies to "reimagine the future of oncology care delivery" to make life better and affordable for patients.

- Launched the inaugural Oncology Leadership Collaborative – a forum of senior leaders across the healthcare landscape selected to co-create solutions and identify areas of potential collaboration with Genentech in the fight against cancer
- A team of 6 senior managers led the largest Genentech Oncology Institute with over 200 oncology leaders: physicians, payers, institutions, policymakers, key opinion leaders, and patient advocates.

Head of Healthcare Innovation and Education, 2015 - 2018
Led a team of 6 senior cross-portfolio marketing and sales organizations, developing nonclinical programs and targeting organized customers to enable better patient care and outcomes in oncology, immunology, ophthalmology, neuroscience

- Programs designed to increase disease awareness among providers and help patients navigate the healthcare landscape along their journey from preventive care to survivorship
- Developed a financial business case and repeatable model to address disparities in cancer care
- Developed population health management programs using leadership forums across market access

TT PATTON CONSULTING, INC., Chicago, IL **2008 to 2015**
As an independent consultant, assisting companies with complex healthcare strategies across multiple disease areas targeting stakeholders across the care continuum. Large customer projects include the following:

Marketing Strategist for H.D. Smith (now AmerisourceBergen) 2012 - 2015
Developed the strategic plan in partnership with the SVP of Strategic Planning and the Board of Directors, focusing on channel marketing and communications and the impact of institutions. The strategic plan considered the effect of specialty drug utilization management on distributors, providers, pharmaceutical companies, and patients. In addition, the long-term plan evaluated the cost of shifting the site of care in hospitals and community practices.

Business Strategist for Adventive Marketing, Inc., 2008 - 2013
Developed business strategies where Adventive Marketing was the agency of record. Projects included market access marketing/pricing/contracting strategies with specialty pharmacies, evaluating the HUB/patient support and financial assistance trade-offs, and DTC campaigns in the autoimmune therapeutic space.

Market Access Strategist for Eric Reed Enterprises, 2008 - 2010
Proposed contracting/marketing strategy for large biotech companies assuming competitive biosimilar entrants. Developed launch readiness market access strategy in rare disease market with multiple competitive threats.

ABBVIE (Formally ABBOTT LABORATORIES), Abbott Park, IL **1999 to 2008**

Franchise Director of Strategic Business, Pharmaceutical Managed Care Franchise 2006 to 2008
Led nonclinical and unbranded program development while assessing issues and competitive threats that could impact business performance in Oncology and Immunology therapeutic areas

- Evaluated the impact of political, economic, and therapeutic shifts on reimbursement due to the Affordable Care Act resulting in the strategic basis for the 10-year long-range plan
- Assessed/Completed Merger & Acquisition opportunities to expand portfolio in Oncology and Pain
- Led five directors to develop educational programs using creative marketing communications to educate healthcare accounts and to improve patient care and navigation across organized customers

Managed Markets Business Unit Director, 2004 to 2006
Defined the marketing strategy and tactical execution for formulary access (Cardiovascular, Antibiotics, Immunology, and Neuroscience) in over 400 organized accounts across the US

- Led 18 Sr. Marketing Managers with an annual marketing budget of over $45 Million
- Improved customer satisfaction score from #7 to #2, the highest ranking for AbbVie

Item 1. Business Description

Berkshire Hathaway Inc. ("Berkshire," "Company" or "Registrant") is a holding company owning subsidiaries engaged in numerous diverse business activities. The most important of these are insurance businesses conducted on both a primary basis and a reinsurance basis, a freight rail transportation business and a group of utility and energy generation and distribution businesses. Berkshire also owns and operates numerous other businesses engaged in a variety of manufacturing, services, retailing and other activities. Berkshire is domiciled in the state of Delaware, and its corporate headquarters is in Omaha, Nebraska.

Berkshire's operating businesses are managed on an unusually decentralized basis. There are few centralized or integrated business functions. Berkshire's corporate senior management team participates in and is ultimately responsible for significant capital allocation decisions, investment activities and the selection of the Chief Executive to head each of the operating businesses.

Berkshire's senior management is also responsible for establishing and monitoring Berkshire's corporate governance practices, including monitoring governance efforts, including those at the operating businesses, and participating in the resolution of governance-related issues as needed. Berkshire's Board of Directors is responsible for assuring an appropriate successor to the Chief Executive Officer. The Berkshire Code of Business Conduct and Ethics emphasizes, among other things, the commitment to ethics and compliance with government laws and regulations and provides basic standards for ethical and legal behavior of its employees.

Human capital and resources are an integral and essential component of Berkshire's businesses. Berkshire and its consolidated subsidiaries employed approximately 383,000 people worldwide at the end of 2022, of which approximately 78% were in the United States ("U.S.") and 20% were represented by unions. Employees engage in a wide variety of occupations. Consistent with Berkshire's decentralized management philosophy, Berkshire's operating businesses individually establish specific policies and practices concerning the attraction and retention of personnel within their organizations. Given the wide variations in the nature and size of business activities, specific policies and practices may vary widely among Berkshire's operating subsidiaries. Policies and practices commonly address, among other things: maintaining a safe work environment and minimizing or eliminating workplace injuries; offering competitive compensation, which includes various health insurance and retirement benefits, as well as incentives to recognize and reward performance; wellness programs; training, learning and career advancement opportunities; and hiring practices intended to identify qualified candidates and promote diversity and inclusion in the workforce. Berkshire's consolidated U.S. workforce demographics, based on U.S. Equal Employment Opportunity Commission guidelines, are available on its website (https://www.berkshirehathaway.com), under sustainability.

Insurance and Reinsurance Businesses

Berkshire's insurance and reinsurance business activities are conducted through numerous domestic and foreign-based insurance subsidiaries. Berkshire's insurance subsidiaries provide insurance and reinsurance of property and casualty risks and reinsurance of life and health risks worldwide. Berkshire's insurance subsidiaries employed approximately 50,000 people at the end of 2022. For purposes of this discussion, entities that provide insurance or reinsurance are referred to as insurers.

In direct or primary insurance activities, the insurer assumes the risk of loss from persons or organizations that are directly subject to the risks. Such risks may relate to property, casualty (or liability), life, accident, health, financial or other perils that may arise from an insurable event. In reinsurance activities, the insurer assumes defined portions of risks that other direct insurers or reinsurers assumed in their own insuring activities.

Reinsurance contracts are normally classified as treaty or facultative contracts. Treaty reinsurance refers to reinsurance coverage for all or a portion of a specified group or class of risks ceded by a direct insurer or reinsurer, while facultative reinsurance involves coverage of specific individual underlying risks. Reinsurance contracts are further classified as quota-share or excess. Under quota-share (proportional or pro-rata) reinsurance, the reinsurer shares proportionally in the original premiums and losses of the direct insurer or reinsurer. Excess (or non-proportional) reinsurance provides for the indemnification of the direct insurer or reinsurer for all or a portion of the loss in excess of an agreed upon amount or "retention." Both quota-share and excess reinsurance contracts may provide for aggregate limits of indemnification.

Insurance and reinsurance are generally subject to regulatory oversight throughout the world. Except for regulatory considerations, there are virtually no barriers to entry into the insurance and reinsurance industry. Competitors may be domestic or foreign, as well as licensed or unlicensed. The number of competitors within the industry is not known. Insurers compete on the basis of reliability, financial strength and stability, financial ratings, underwriting consistency, service, business ethics, price, performance, capacity, policy terms and coverage conditions.

Insurers based in the U.S. are subject to regulation by their states of domicile and by those states in which they are licensed to write policies on an admitted basis. The primary focus of regulation is to assure that insurers are financially solvent and that policyholder interests are otherwise protected. States establish minimum capital levels for insurance companies and establish guidelines for permissible business and investment activities. States have the authority to suspend or revoke a company's authority to do business as conditions warrant. States regulate the payment of dividends by insurance companies to their shareholders and other transactions with affiliates. Dividends, capital distributions and other transactions of extraordinary amounts are subject to prior regulatory approval.

Insurers may market, sell and service insurance policies in the states where they are licensed. These insurers are referred to as admitted insurers. Admitted insurers are generally required to obtain regulatory approval of their policy forms and premium rates. Non-admitted insurance markets have developed to provide insurance that is otherwise unavailable through admitted insurers. Non-admitted insurance, often referred to as "excess and surplus" lines, is procured by either state-licensed surplus lines brokers who place risks with insurers not licensed in that state or by the insured party's direct procurement from non-admitted insurers. Non-admitted insurance is subject to considerably less regulation with respect to policy rates and forms. Reinsurers are normally not required to obtain regulatory approval of premium rates or reinsurance contracts.

The insurance regulators of every state participate in the National Association of Insurance Commissioners ("NAIC"). The NAIC adopts forms, instructions and accounting procedures for use by U.S. insurers in preparing and filing annual statutory financial statements. However, an insurer's state of domicile has ultimate authority over these matters. In addition to its activities relating to the annual statement, the NAIC develops or adopts statutory accounting principles, model laws, regulations and programs for use by its members. Such matters deal with regulatory oversight of solvency, risk management, compliance with financial regulation standards and risk-based capital reporting requirements.

U.S. states, through the NAIC, and international insurance regulators through the International Association of Insurance Supervisors ("IAIS") have been developing standards and best practices focused on establishing a common set of principles ("Insurance Core Principles") and framework ("ComFrame") for the regulation of large multi-national insurance groups. The IAIS is developing capital standards for internationally active insurance groups (the "Insurance Capital Standard") based on a consolidated group approach and is also evaluating a potentially comparable group capital standard based on the aggregation of regulated entities and their underlying local capital requirements (the "Aggregation Method"). The IAIS standards address a variety of topics regarding supervision, coordination of regulators, insurance capital standards, risk management and governance. While the IAIS standards do not have legal effect, U.S. state insurance departments and the NAIC are implementing various group supervision regulatory tools and mandates that are responsive to certain IAIS standards. U.S. state regulators have formed supervisory colleges intended to promote communication and cooperation amongst the various domestic and international insurance regulators. The Nebraska Department of Insurance acts as the lead supervisor for our group of insurance companies and chairs the Berkshire supervisory college. U.S. state regulators require insurance groups to file an annual report and an Own Risk Solvency Assessment or ORSA, with the group's lead supervisor. The NAIC recently adopted a group capital calculation based on methodology similar to the Aggregation Method, which leverages the NAIC's existing Risk Based Capital standards. The NAIC's group capital calculation is a tool designed to help the lead supervisor understand the capital adequacy across an insurance group. The NAIC is also developing further tools, including various liquidity assessments, that will likely be imposed on insurance groups in the future.

Berkshire's insurance companies maintain capital strength at exceptionally high levels, which differentiates them from their competitors. The combined statutory surplus of Berkshire's U.S.-based insurers was approximately $272 billion at December 31, 2022. Berkshire's major insurance subsidiaries are rated AA+ by Standard & Poor's and A++ (superior) by A.M. Best with respect to their financial condition and claims paying ability.

The Terrorism Risk Insurance Act of 2002 established within the Department of the Treasury a Terrorism Insurance Program ("Program") for commercial property and casualty insurers by providing federal reinsurance of insured terrorism losses. The Program currently extends to December 31, 2027 through other Acts, most recently the Terrorism Risk Insurance Program Reauthorization Act of 2019. Hereinafter these Acts are collectively referred to as TRIA. Under TRIA, the Department of the Treasury is charged with certifying "acts of terrorism." Coverage under TRIA occurs if the industry insured loss for certified events occurring during the calendar year exceeds $200 million in any calendar year.

To be eligible for federal reinsurance, insurers must make available insurance coverage for acts of terrorism, by providing policyholders with clear and conspicuous notice of the amount of premium that will be charged for this coverage and of the federal share of any insured losses resulting from any act of terrorism. Assumed reinsurance is specifically excluded from TRIA participation. TRIA currently also excludes certain forms of direct insurance (such as personal and commercial auto, burglary, theft, surety and certain professional liability lines). Reinsurers are not required to offer terrorism coverage and are not eligible for federal reinsurance of terrorism losses.

In the event of a certified act of terrorism, the federal government will reimburse insurers (conditioned on their satisfaction of policyholder notification requirements) for 80% of their insured losses in excess of an insurance group's deductible. Under the Program, the deductible is 20% of the aggregate direct subject earned premium for relevant commercial lines of business in the immediately preceding calendar year. The aggregate deductible in 2023 for Berkshire's insurance group is expected to approximate $2.25 billion. There is also an aggregate program limit of $100 billion on the amount of the federal government coverage for each TRIA year.

The extent of insurance regulation varies significantly among the countries in which our non-U.S. operations conduct business. While each country imposes licensing, solvency, auditing and financial reporting requirements, the type and extent of the requirements differ substantially. For example:

- in some countries, insurers are required to prepare and file monthly and/or quarterly financial reports, and in others, only annual reports;
- some regulators require intermediaries to be involved in the sale of insurance products, whereas other regulators permit direct sales contact between the insurer and the customer;
- the extent of restrictions imposed upon an insurer's use of local and offshore reinsurance vary;
- policy form filing and rate regulation vary by country;
- the frequency of contact and periodic on-site examinations by insurance authorities differ by country;
- the scope and prescriptive requirements of an insurer's risk management and governance framework vary significantly by country; and
- regulatory requirements relating to insurer dividend policies vary by country.

Significant variations can also be found in the size, structure and resources of the local regulatory departments that oversee insurance activities. Certain regulators prefer close relationships with all subject insurers and others operate a risk-based approach.

Berkshire's insurance group operates in some countries through subsidiaries and in some countries through branches of subsidiaries. Berkshire insurance subsidiaries are located in several countries, including Germany, the United Kingdom ("U.K."), Ireland, Australia and South Africa, and also maintain branches in several other countries. Most of these foreign jurisdictions impose local capital requirements. Other legal requirements include discretionary licensing procedures, local retention of funds and records, and data privacy and protection program requirements. Berkshire's international insurance companies are also subject to multinational application of certain U.S. laws.

There are various regulatory bodies and initiatives that impact Berkshire in multiple international jurisdictions and the potential for significant effect on the Berkshire insurance group could be heightened as a result of recent industry and economic developments. In 2016, the U.K. voted in a national referendum to withdraw from the European Union ("EU") ("Brexit"), which resulted in the U.K.'s withdrawal from the EU on January 31, 2020. In anticipation of the U.K. leaving the EU, Berkshire Hathaway European Insurance DAC in Ireland was established to permit property and casualty insurance and reinsurance businesses to continue to operate in the EU. Berkshire also continues to maintain a substantial presence in London following Brexit.

Alleghany Corporation ("Alleghany"), based in New York, New York, was acquired by Berkshire on October 19, 2022. Alleghany's operating subsidiaries include property and casualty reinsurance and insurance, as well as a portfolio of non-financial businesses. Information regarding Alleghany's primary insurance and reinsurance activities is provided in the Berkshire Hathaway Primary Group and Berkshire Hathaway Reinsurance Group sections and its non-insurance businesses are included in the manufacturing and services sections.

Berkshire's insurance underwriting operations include the following groups: (1) GEICO, (2) Berkshire Hathaway Primary Group and (3) Berkshire Hathaway Reinsurance Group. Except for retroactive reinsurance and periodic payment annuity products, which generate significant amounts of up-front premiums along with estimated claims expected to be paid over long time periods (creating "float," see Investments section), Berkshire expects to achieve an underwriting profit over time and that its managers will reject inadequately priced risks. Underwriting profit is defined as earned premiums less associated incurred losses, loss adjustment expenses and underwriting and policy acquisition expenses. Underwriting profit does not include income earned from investments. Additional information related to each of Berkshire's underwriting groups follows.

GEICO—GEICO is headquartered in Chevy Chase, Maryland. GEICO's insurance subsidiaries consist of Government Employees Insurance Company, GEICO General Insurance Company, GEICO Indemnity Company, GEICO Casualty Company, GEICO Advantage Insurance Company, GEICO Choice Insurance Company, GEICO Secure Insurance Company, GEICO County Mutual Insurance Company, GEICO Texas County Mutual Insurance Company and GEICO Marine Insurance Company. The GEICO companies primarily offer private passenger automobile insurance to individuals in all 50 states and the District of Columbia. GEICO also provides insurance for motorcycles, all-terrain vehicles, recreational vehicles, boats and small commercial fleets and acts as an agent for other insurers who offer homeowners, renters, life and identity management insurance to individuals desiring insurance coverages other than those offered by GEICO.

GEICO's marketing is primarily through direct response methods in which applications for insurance are submitted directly to the companies via the Internet or by telephone, and to a lesser extent, through captive agents. GEICO conducts business through regional service centers and claims adjustment and other facilities in 39 states.

The automobile insurance business is highly competitive in the areas of price and service. GEICO competes for private passenger automobile insurance customers in the preferred, standard and non-standard risk markets with other companies that sell directly to the customer and with companies that use agency sales forces, including State Farm, Allstate, Progressive and USAA. GEICO's advertising campaigns and competitive rates contributed to a cumulative increase in voluntary policies-in-force of approximately 4.0% over the past five years. During 2022, GEICO experienced a reduction of 1.7 million voluntary policies-in-force after flat year-over-year growth from 2020 to 2021. According to the most recently published A.M. Best data for 2021, the five largest automobile insurers had a combined market share in 2021 of approximately 60.5% based on written premiums, with GEICO's market share being the second largest at approximately 14.4%. GEICO's management estimates its current market share is approximately 13.9%. The COVID-19 pandemic and subsequent supply chain disruptions affecting automobile manufacturers have impacted GEICO's business and underwriting results in 2020 and thereafter. Seasonal variations in GEICO's insurance business are not significant. However, extraordinary weather conditions or other factors may have a significant effect upon the frequency or severity of automobile claims.

State insurance departments stringently regulate private passenger auto insurance. As a result, it is difficult for insurance companies to differentiate their products. Competition for private passenger automobile insurance tends to focus on price and level of customer service provided. GEICO's cost-efficient direct response marketing methods and emphasis on customer satisfaction enable it to offer competitive rates and value to its customers. GEICO primarily uses its own claims staff to manage and settle claims. The name and reputation of GEICO are material assets and management protects those and other service marks through appropriate registrations.

Berkshire Hathaway Primary Group—The Berkshire Hathaway Primary Group ("BH Primary") is a collection of independently managed insurers that provide a wide variety of insurance coverages to policyholders located principally in the U.S. These various operations are discussed below.

National Indemnity Company ("NICO"), domiciled in Nebraska, and certain affiliates ("NICO Primary") underwrite commercial motor vehicle and general liability insurance on an admitted basis and on an excess and surplus basis. Insurance coverages are offered nationwide primarily through insurance agents and brokers.

The Berkshire Hathaway Homestate Companies ("BHHC") is a group of insurers offering workers' compensation, commercial automobile and commercial property coverages to a diverse client base. BHHC has a national reach, with the ability to provide first-dollar and small to large deductible workers' compensation coverage to employers in all states, except those where coverage is available only through state-operated workers' compensation funds. NICO Primary and BHHC are each based in Omaha, Nebraska.

Berkshire Hathaway Specialty Insurance ("BH Specialty") offers commercial property, casualty, healthcare professional liability, executive and professional, surety, travel, medical stop loss and homeowner's insurance through Berkshire Hathaway Specialty Insurance Company and other Berkshire insurance affiliates. BH Specialty writes primary and excess and surplus policies on an admitted and non-admitted basis in the U.S., and on a local or foreign non-admitted basis outside the U.S. BH Specialty is based in Boston, Massachusetts, with regional offices in several U.S. cities. BH Specialty also maintains international offices and branches located in Australia, New Zealand, Canada and several countries in Asia, Europe and the Middle East. BH Specialty writes business through wholesale and retail insurance brokers, as well as managing general agents.

Alleghany's property and casualty insurance business is conducted in the U.S. on both an admitted and non-admitted basis through RSUI Group, Inc. and its subsidiaries ("RSUI") and CapSpecialty, Inc. and its subsidiaries ("CapSpecialty"). RSUI and CapSpecialty primarily write specialty insurance in the property, umbrella/excess liability, professional liability, directors' and officers' liability, and general liability lines of business. Insurance is written through independent wholesale insurance brokers, retail agents and managing general agents.

MedPro Group ("MedPro") is a leading provider of healthcare liability ("HCL") insurance based on premiums written. MedPro provides customized HCL insurance, claims, patient safety and risk solutions to physicians, surgeons, dentists and other healthcare professionals, as well as hospitals, senior care and other healthcare facilities. Additionally, MedPro provides HCL insurance solutions to international markets through other Berkshire insurance affiliates, delivers liability insurance to other professionals, and offers specialized accident and health insurance solutions to colleges and other customers through its subsidiaries and other Berkshire insurance affiliates. MedPro is based in Fort Wayne, Indiana.

U.S. Liability Insurance Company ("USLI") includes a group of five specialty insurers that underwrite commercial, professional and personal lines of insurance on an admitted basis, as well as on an excess and surplus basis. USLI markets policies in all 50 states, the District of Columbia and Canada through wholesale and retail insurance agents. USLI companies also underwrite and market a wide variety of specialty insurance products. USLI is based in Wayne, Pennsylvania. Berkshire Hathaway GUARD Insurance Companies ("GUARD") is a group of five insurance companies that provide a full suite of commercial insurance products, as well as homeowners policies to over 350,000 small to mid-sized businesses and homeowners. These offerings are made through independent agents and retail and wholesale brokers. GUARD is based in Wilkes-Barre, Pennsylvania.

Berkshire Hathaway Direct Insurance Company and its affiliates ("BH Direct") offer commercial insurance products (including workers' compensation, property, auto, general and professional liability) to small business customers. BH Direct's products are primarily sold through two internet-based distribution platforms, biBERK.com and Threeinsurance.com. BH Direct writes policies on an admitted basis and is based in Stamford, Connecticut. MLMIC Insurance Company ("MLMIC") is a leading writer of medical professional liability insurance in New York State. MLMIC distributes the majority of its policies on a direct basis to medical and dental professionals, health care providers and hospitals.

Berkshire Hathaway Reinsurance Group—Berkshire's combined global reinsurance business, referred to as the Berkshire Hathaway Reinsurance Group ("BHRG"), offers a wide range of coverages on property, casualty, life and health risks to insurers and reinsurers worldwide. BHRG conducts business activities in 27 countries. Reinsurance business is written through NICO and several other Berkshire insurance subsidiaries ("NICO Group"), General Re Corporation, and its subsidiaries ("General Re Group") and Alleghany's Transatlantic Reinsurance Company and affiliates ("TransRe Group"). The NICO Group and Gen Re Group underwriting operations in the U.S. are based in Stamford, Connecticut and the TransRe Group is based in New York, New York.

The type and volume of business written is dependent on market conditions, including prevailing premium rates and coverage terms. The level of underwriting activities often fluctuates significantly from year to year depending on the perceived level of price adequacy in specific insurance and reinsurance markets as well as from the timing of particularly large reinsurance transactions.

Property/casualty

The NICO Group offers traditional property/casualty reinsurance on both an excess-of-loss and a quota-share basis, catastrophe excess-of-loss treaty and facultative reinsurance, and primary insurance on an excess-of-loss basis for large or unusual risks. The type and volume of business written by the NICO Group may vary significantly from period to period resulting from changes in perceived premium rate adequacy and from unique or large transactions. A significant portion of NICO Group's annual reinsurance premium volume currently derives from a 20% quota-share agreement with Insurance Australia Group Limited ("IAG") that incepted in 2015. The agreement was renewed, and extended, effective January 1, 2023, with an expiration of December 31, 2029. IAG is a multi-line insurer in Australia, New Zealand and other Asia-Pacific countries.

The General Re Group conducts a global property and casualty reinsurance business. Reinsurance contracts are written on both a quota-share and excess basis for multiple lines of business. Contracts are primarily in the form of treaties, and to a lesser degree, on a facultative basis. General Re Group conducts business in North America, primarily marketed on a direct basis through General Reinsurance Corporation ("GRC"), which is licensed in the District of Columbia and all states, except Hawaii, where it is an accredited reinsurer. GRC also conducts operations in North America through 11 branch offices in the U.S. and Canada.

In North America, the General Re Group includes General Star National Insurance Company, General Star Indemnity Company and Genesis Insurance Company, which offer a broad array of specialty and surplus lines and property, casualty and professional liability coverages. Such business is marketed through a select group of wholesale brokers, managing general underwriters and program administrators, and offers solutions for the unique needs of public entity, commercial and captive customers.

General Re Group's international reinsurance business is conducted on a direct basis through General Reinsurance AG, based in Cologne, Germany, and through subsidiaries and branches in numerous other countries. International business is also written through brokers, including Faraday Underwriting Limited ("Faraday"), a subsidiary. Faraday owns the managing agent of Syndicate 435 at Lloyd's of London and provides capacity and participates in 100% of the results of Syndicate 435.

The TransRe Group provides pro-rata and excess-of-loss reinsurance across various property and casualty lines of business. Contracts are written on both a treaty and facultative basis to insurance and other reinsurance companies in the U.S. and in foreign markets through subsidiaries and branches in numerous countries. Business is written primarily through brokers, and to a lesser extent on a direct basis.

Life/health

The General Re Group conducts a global life and health reinsurance business. In the U.S. and internationally, the General Re Group writes life, disability, supplemental health, critical illness and long-term care coverages. The life/health business is marketed on a direct basis. Life/health net premiums written by the General Re Group in 2022 were primarily in the Asia Pacific, U.S. and Western Europe.

Berkshire Hathaway Life Insurance Company of Nebraska ("BHLN") and its affiliates write reinsurance covering various forms of traditional life insurance exposures. BHLN and affiliates are parties to contracts that reinsure certain guaranteed minimum death, income and similar benefit risks on closed-blocks of variable annuity risks under reinsurance contracts, with the most recent contract incepting in 2014.

Retroactive reinsurance

NICO also occasionally writes retroactive reinsurance contracts. Retroactive reinsurance contracts indemnify ceding companies against the adverse development of claims arising from loss events that have already occurred under property and casualty policies issued in prior years. Premiums from such contracts may be exceptionally large in amount. Coverages under such contracts are provided on an excess basis (above a stated retention) or for losses payable after the inception of the contract with no additional ceding company retention. Contracts are normally subject to aggregate limits of indemnification, which can be exceptionally large in amount. Significant amounts of asbestos, environmental and latent injury claims may arise under these contracts.

The concept of time-value-of-money is an important element in establishing retroactive reinsurance contract prices and terms since loss payments may occur over decades. Normally, expected ultimate losses payable under these policies are expected to exceed premiums, thus producing underwriting losses. Nevertheless, this business is written, in part, because of the large amounts of policyholder funds generated for investment, the economic benefit of which will be reflected through investment results in future periods.

Periodic payment annuity

BHLN writes periodic payment annuity insurance policies and reinsures annuity-like obligations. Under these policies, BHLN receives upfront consideration and agrees in the future to make periodic payments that often extend for decades. These policies generally relate to the settlement of underlying personal injury or workers' compensation claims of other insurers, known as structured settlements. Consistent with retroactive reinsurance contracts, time-value-of-money is an important factor in establishing annuity premiums, and underwriting losses are expected from the periodic accretion of time-value discounted liabilities.

Investments of insurance businesses—Berkshire's insurance subsidiaries hold significant levels of invested assets. Investment portfolios are managed by Berkshire's Chief Executive Officer and Berkshire's other investment managers. Investments include a very large portfolio of publicly traded equity securities, which is unusually concentrated in relatively few issuers, as well as fixed maturity securities and cash and short-term investments. Generally, there are no targeted allocations by investment type or attempts to match investment asset and insurance liability durations. However, investment portfolios have historically included a much greater proportion of equity securities than is customary in the insurance industry.

Invested assets derive from shareholder capital as well as funds provided from policyholders through insurance and reinsurance business ("float"). Float is an approximation of the net policyholder funds generated through underwriting activities that is held for investment. The major components of float are unpaid losses and loss adjustment expenses, life, annuity and health benefit liabilities, unearned premiums and other policyholder liabilities less premium and reinsurance receivables, deferred policy acquisition costs and deferred charges on assumed retroactive reinsurance contracts. On a consolidated basis, float has grown from approximately $114 billion at the end of 2017 to approximately $164 billion at the end of 2022. The cost of float can be measured as the net pre-tax underwriting loss as a percentage of average float. The cost of float was nominal in 2022, reflecting a small underwriting loss. In 2021 and 2020, the cost of float was negative, reflecting underwriting earnings in each of those years.

Railroad Business—Burlington Northern Santa Fe

Burlington Northern Santa Fe, LLC ("BNSF") is based in Fort Worth, Texas, and through BNSF Railway Company ("BNSF Railway") operates one of the largest railroad systems in North America. BNSF Railway had approximately 36,000 employees at the end of 2022, of whom approximately 31,000 were members of a labor union. BNSF also operates a relatively smaller third-party logistics services business.

In serving the Midwest, Pacific Northwest, Western, Southwestern and Southeastern regions and ports of the U.S., BNSF transports a range of products and commodities derived from manufacturing, agricultural and natural resource industries. Freight revenues are covered by contractual agreements of varying durations or common carrier published prices or company quotations. BNSF's financial performance is influenced by, among other things, general and industry economic conditions at the international, national and regional levels.

BNSF's primary routes, including trackage rights, allow it to access major cities and ports in the western and southern U.S. as well as parts of Canada and Mexico. In addition to major cities and ports, BNSF Railway efficiently serves many smaller markets by working closely with approximately 200 shortline railroads. BNSF Railway has also entered into marketing agreements with other rail carriers, expanding the marketing reach for each railroad and their customers. For the year ending December 31, 2022, 38% of freight revenues were derived from consumer products, 23% from industrial products, 23% from agricultural products and 16% from coal.

Regulatory Matters

BNSF is subject to federal, state and local laws and regulations generally applicable to its businesses. Rail operations are subject to the regulatory jurisdiction of the Surface Transportation Board ("STB"), the Federal Railroad Administration of the United States Department of Transportation ("DOT"), the Occupational Safety and Health Administration ("OSHA"), the Environmental Protection Agency ("EPA"), as well as other federal and state regulatory agencies and Canadian regulatory agencies for operations in Canada. The STB has jurisdiction over disputes and complaints involving certain rates, routes and services, the sale or abandonment of rail lines, applications for line extensions and construction, and the merger with or acquisition of control of rail common carriers. The outcome of STB proceedings can affect the profitability of BNSF Railway's business.

The DOT, OSHA, and EPA have jurisdiction under several federal statutes over a number of safety, health, and environmental aspects of rail operations, including the transportation of hazardous materials. BNSF Railway is required to transport these materials to the extent of its common carrier obligation. State agencies regulate some health, safety, and environmental aspects of rail operations in areas not otherwise preempted by federal law.

Environmental Matters

BNSF's rail operations, as well as those of its competitors, are also subject to extensive federal, state and local environmental regulations covering discharges to the ground or waters, air emissions, toxic substances and the generation, handling, storage, transportation and disposal of waste and hazardous materials. Such regulations effectively increase the costs and liabilities associated with rail operations. Environmental risks are also inherent in rail operations, which frequently involve transporting chemicals and other hazardous materials.

Many of BNSF's land holdings are or have been used for industrial or transportation-related purposes or leased to commercial or industrial companies whose activities may have resulted in discharges onto the property. Under federal (in particular, the Comprehensive Environmental Response, Compensation and Liability Act) and state statutes, BNSF may be held jointly and severally liable for cleanup and enforcement costs associated with a particular site without regard to fault or the legality of the original conduct. BNSF may also be subject to claims by third parties for investigation, cleanup, restoration or other environmental costs under environmental statutes or common law with respect to properties they own that have been impacted by BNSF operations.

Consumption of diesel fuel by locomotives accounted for approximately 80% of BNSF's greenhouse gas ("GHG") emissions in its baseline year of 2018. BNSF management has committed to a broad sustainability model, applying science based approaches, that will provide a 30% reduction in BNSF's GHG-emissions by 2030 from its baseline year of 2018. BNSF intends to continue improvements in fuel efficiency and increased utilization of renewable diesel fuel. Long-term solutions, such as battery-electric and hydrogen locomotives, are also being evaluated and field-tested.

Competition

The business environment in which BNSF operates is highly competitive. Depending on the specific market, deregulated motor carriers and other railroads, as well as river barges, ships and pipelines, may exert pressure on price and service levels. The presence of advanced, high service truck lines with expedited delivery, subsidized infrastructure and minimal empty mileage continues to affect the market for non-bulk, time-sensitive freight. The potential expansion of longer combination vehicles could further encroach upon markets traditionally served by railroads. In order to remain competitive, BNSF Railway and other railroads seek to develop and implement operating efficiencies to improve productivity.

As railroads streamline, rationalize and otherwise enhance their franchises, competition among rail carriers intensifies. BNSF Railway's primary rail competitor in the Western region of the U.S. is the Union Pacific Railroad Company. Other Class I railroads and numerous regional railroads and motor carriers also operate in parts of the same territories served by BNSF Railway.

Utilities and Energy Businesses—Berkshire Hathaway Energy

Berkshire currently holds a 92% ownership interest in Berkshire Hathaway Energy Company ("BHE"), based in Des Moines, Iowa. BHE is a global energy company with subsidiaries and affiliates that generate, transmit, store, distribute and supply energy. BHE's domestic regulated energy interests are comprised of four regulated U.S. utility companies (collectively, "U.S. utilities") serving approximately 5.2 million retail customers and five U.S. interstate natural gas pipeline companies with approximately 21,200 miles of operated pipeline having a design capacity of approximately 21 billion cubic feet of natural gas per day. Other energy businesses include electric transmission and distribution operations in Great Britain and Canada, a diversified portfolio of mostly renewable independent power projects and investments, and a liquefied natural gas export, import and storage facility. BHE also owns a residential real estate brokerage firm in the U.S. and a large network of residential real estate brokerage franchises in the U.S. BHE employs approximately 24,000 people in connection with its various operations.

General Matters

BHE's U.S. utilities include PacifiCorp, MidAmerican Energy Company ("MEC") and NV Energy, Inc.'s ("NV Energy") two regulated utility subsidiaries, Nevada Power Company ("Nevada Power") and Sierra Pacific Power Company ("Sierra Pacific"). PacifiCorp is a regulated electric utility company headquartered in Oregon, serving electric customers in portions of Utah, Oregon, Wyoming, Washington, Idaho and California. The combined service territory's diverse regional economy ranges from rural, agricultural and mining areas to urban, manufacturing and government service centers. No single segment of the economy dominates the combined service territory, which helps mitigate PacifiCorp's exposure to economic fluctuations. In addition to retail sales, PacifiCorp sells electricity on a wholesale basis.

MEC is a regulated electric and natural gas utility company headquartered in Iowa, serving electric and natural gas customers primarily in Iowa and also in portions of Illinois, South Dakota and Nebraska. MEC has a diverse retail customer base consisting of urban and rural residential customers and a variety of commercial and industrial customers. In addition to retail sales and natural gas transportation, MEC sells electricity and natural gas on a wholesale basis.

Nevada Power serves retail electric customers in southern Nevada and Sierra Pacific serves retail electric and natural gas customers in northern Nevada. The combined Nevada Power/Sierra Pacific service territory economy includes gaming, mining, recreation, warehousing, manufacturing and governmental services. In addition to retail sales and natural gas transportation, these utilities sell electricity and natural gas on a wholesale basis.

As vertically integrated utilities, BHE's U.S. utilities collectively own approximately 29,500 net megawatts of generation capacity in operation and under construction. The U.S. utilities' business is subject to seasonal variations principally related to the use of electricity for air conditioning and natural gas for heating. Typically, regulated electric revenues are higher in the summer months, while regulated natural gas revenues are higher in the winter months.

The natural gas pipelines consist of BHE GT&S, LLC ("BHE GT&S"), Northern Natural Gas Company ("Northern Natural") and Kern River Gas Transmission Company ("Kern River"). BHE GT&S was acquired on November 1, 2020.

BHE GT&S, based in Virginia, operates three interstate natural gas pipeline systems that consist of approximately 5,400 miles of natural gas transmission, gathering and storage pipelines and operates seventeen underground natural gas storage fields in the eastern region of the U.S. BHE GT&S's large underground natural gas storage assets and pipeline systems are part of an interconnected gas transmission network that provides transportation services to utilities and numerous other customers. BHE GT&S is also an industry leader in liquefied natural gas solutions through its investments in and ownership of several liquefied natural gas facilities located throughout the eastern region of the U.S.

Northern Natural, based in Nebraska, operates the largest interstate natural gas pipeline system in the U.S., as measured by pipeline miles, reaching from west Texas to Michigan's Upper Peninsula. Northern Natural's pipeline system consists of approximately 14,400 miles of natural gas pipelines. Northern Natural's extensive pipeline system, which is interconnected with many interstate and intrastate pipelines in the national grid system, has access to supplies from multiple major supply basins and provides transportation services to utilities and numerous other customers. Northern Natural also operates three underground natural gas storage facilities and two liquefied natural gas storage peaking units. Northern Natural's pipeline system experiences significant seasonal swings in demand and revenue, with the highest demand typically occurring during the months of November through March.

Kern River, based in Utah, operates an interstate natural gas pipeline system that consists of approximately 1,400 miles and extends from supply areas in the Rocky Mountains to consuming markets in Utah, Nevada and California. Kern River transports natural gas for electric and natural gas distribution utilities, major oil and natural gas companies or affiliates of such companies, electric generating companies, energy marketing and trading companies, and financial institutions.

Other energy businesses include Northern Powergrid (Northeast) plc and Northern Powergrid (Yorkshire) plc, which own a substantial electricity distribution network that delivers electricity to end-users in northeast England in an area covering approximately 10,000 square miles. These distribution companies primarily charge supply companies regulated tariffs for the use of their distribution systems and serve about 4.0 million electricity end-users. AltaLink L.P. ("AltaLink") is a regulated electric transmission-only utility company headquartered in Calgary, Alberta. AltaLink's high voltage transmission lines and related facilities transmit electricity from generating facilities to major load centers, cities and large industrial plants throughout its 87,000 square mile service territory. AltaLink serves approximately 85% of Alberta's population. BHE and its subsidiaries, also own interests in independent power projects having approximately 6,000 net megawatts of generation capacity that are in service in California, Texas, Illinois, Nebraska, Montana, Australia, New York, Arizona, Canada, Minnesota, Kansas, Iowa and Hawaii. These independent power projects sell power generated primarily from wind, solar, geothermal and hydro sources under long-term contracts. Additionally, $7.3 billion has been invested in wind projects sponsored by third parties, commonly referred to as tax equity investments.

Regulatory Matters

The U.S. utilities are subject to comprehensive regulation by various federal, state and local agencies. The Federal Energy Regulatory Commission ("FERC") is an independent agency with broad authority to implement provisions of the Federal Power Act, the Energy Policy Act of 2005 and other federal statutes. The FERC regulates rates for wholesale sales of electricity; transmission of electricity, including pricing and regional planning for the expansion of transmission systems; electric system reliability; utility holding companies; accounting and records retention; securities issuances; construction and operation of hydroelectric facilities; and other matters. The FERC also has the enforcement authority to assess civil penalties of up to $1.5 million per day per violation of rules, regulations and orders issued under the Federal Power Act. MEC is also subject to regulation by the Nuclear Regulatory Commission pursuant to the Atomic Energy Act of 1954, as amended, with respect to its 25% ownership of the Quad Cities Nuclear Station.

With certain limited exceptions, the U.S. utilities have an exclusive right to serve retail customers within their service territories and, in turn, have an obligation to provide service to those customers. In some jurisdictions, certain classes of customers may choose to purchase all or a portion of their energy from alternative energy suppliers, and in some jurisdictions retail customers can generate all or a portion of their own energy. Historically, state regulatory commissions have established retail electric and natural gas rates on a cost-of-service basis, which are designed to allow a utility the opportunity to recover what each state regulatory commission deems to be the utility's reasonable costs of providing services, including a fair opportunity to earn a reasonable return on its investments based on its cost of debt and equity. The retail electric rates of U.S. utilities are generally based on the cost of providing traditional bundled services, including generation, transmission and distribution services; however, rates are available for transmission-only and distribution-only services.

Northern Powergrid (Northeast) plc and Northern Powergrid (Yorkshire) plc each charge fees for the use of their distribution systems that are controlled by a formula prescribed by the British electricity regulatory body, the Gas and Electricity Markets Authority. The current eight-year price control period runs from April 1, 2015 through March 31, 2023 and the next price control period is set for the five-year period ending March 31, 2028.

AltaLink is regulated by the Alberta Utilities Commission ("AUC"), pursuant to the Electric Utilities Act (Alberta), the Public Utilities Act (Alberta), the Alberta Utilities Commission Act (Alberta) and the Hydro and Electric Energy Act (Alberta). The AUC is an independent quasi-judicial agency, which regulates and oversees Alberta's electricity transmission sector with broad authority that may impact many of AltaLink's activities, including its tariffs, rates, construction, operations and financing. Under the Electric Utilities Act, AltaLink prepares and files applications with the AUC for approval of tariffs to be paid by the Alberta Electric System Operator ("AESO") for the use of its transmission facilities, and the terms and conditions governing the use of those facilities. The AESO is an independent system operator in Alberta, Canada that oversees Alberta's integrated electrical system ("AIES") and wholesale electricity market. The AESO is responsible for directing the safe, reliable and economic operation of the AIES, including long-term transmission system planning.

The natural gas pipelines are subject to regulation by various federal and state agencies. The natural gas pipeline and storage operations of BHE GT&S, Northern Natural and Kern River are regulated by the FERC pursuant to the Natural Gas Act and the Natural Gas Policy Act of 1978. Under this authority, the FERC regulates, among other items, (a) rates, charges, terms and conditions of service; (b) the construction and operation of interstate pipelines, storage and related facilities, including the extension, expansion or abandonment of such facilities; and (c) the construction and operation of liquefied natural gas export/import facilities. Interstate natural gas pipeline companies are also subject to regulations administered by the Office of Pipeline Safety within the Pipeline and Hazardous Materials Safety Administration, an agency of the DOT. Federal pipeline safety regulations are issued pursuant to the Natural Gas Pipeline Safety Act of 1968, as amended, which establishes safety requirements in the design, construction, operation and maintenance of interstate natural gas pipeline facilities.

Environmental Matters

BHE and its energy businesses are subject to federal, state, local and foreign laws and regulations regarding air quality, climate change, emissions performance standards, water quality, coal ash disposal and other environmental matters that have the potential to impact current and future operations. In addition to imposing continuing compliance obligations, these laws and regulations, such as the Federal Clean Air Act, provide regulators with the authority to levy substantial penalties for noncompliance, including fines, injunctive relief and other sanctions.

The Federal Clean Air Act, as well as state laws and regulations impacting air emissions, provides a framework for protecting and improving the nation's air quality and controlling sources of air emissions. These laws and regulations continue to be promulgated and implemented and will impact the operation of BHE's generating facilities and require them to reduce emissions at those facilities to comply with the requirements. In addition, the potential adoption of state or federal clean energy standards, which include low-carbon, non-carbon and renewable electricity generating resources, may also impact electricity generators and natural gas providers.

In December 2015, an international agreement was negotiated by 195 nations to create a universal framework for coordinated action on climate change in what is referred to as the Paris Agreement. The Paris Agreement reaffirms the goal of limiting global temperature increase well below 2 degrees Celsius, while urging efforts to limit the increase to 1.5 degrees Celsius and reaching a global peak of GHG emissions as soon as possible to achieve climate neutrality by mid-century; establishes commitments by all parties to make nationally determined contributions and pursue domestic measures aimed at achieving the commitments; commits all countries to submit emissions inventories and report regularly on their emissions and progress made in implementing and achieving their nationally determined commitments; and commits all countries to submit new commitments every five years, with the expectation that the commitments will be more aggressive in reducing GHG emissions. In the context of the Paris Agreement, the U.S. agreed to reduce GHG emissions by 26% to 28% from 2005 levels by 2025. The Paris Agreement formally became effective on November 4, 2016; however, the U.S. completed its withdrawal from the Paris Agreement on November 4, 2020. President Biden accepted the terms of the climate agreement on January 20, 2021, and the U.S. completed its reentry on February 19, 2021. New commitments to the Paris Agreement were announced in April 2021, with the U.S. pledging to cut its overall GHG emissions by 50% to 52% from 2005 levels by 2030 and to reach 100% carbon pollution-free electricity by 2035. Increasingly, states are adopting legislation and regulations to reduce GHG emissions, and local governments and consumers are seeking increasing amounts of clean and renewable energy.

On June 19, 2019, the EPA repealed the Clean Power Plan and issued the Affordable Clean Energy rule. In the Affordable Clean Energy rule, the EPA determined that the best system of emissions reduction for existing coal fueled power plants is heat rate improvements and identified a set of candidate technologies and measures that could improve heat rates. Measures taken to meet the standards of performance must be achieved at the source itself. On January 19, 2021, the D.C. Circuit Court of Appeals vacated the Affordable Clean Energy rule in its entirety. In October 2021, the U.S. Supreme Court agreed to hear an appeal of that decision. Arguments in the case were held in February 2022 and on June 30, 2022, the U.S. Supreme Court issued its decision regarding the scope of the EPA's authority to regulate GHG emissions under the Clean Air Act. The U.S. Supreme Court held that the "generation shifting" approach in the Clean Power Plan exceeded the powers granted to the EPA by Congress, although the court did not address whether the EPA may only adopt measures applied at the individual source as it did in the Affordable Clean Energy rule. The Biden administration plans to propose a replacement to the Clean Power Plan and Affordable Clean Energy rule by April 2023.

In November 2021, the EPA proposed rules that would reduce methane emissions from both new and existing sources in the oil and natural gas industry. The proposals would expand and strengthen emission reduction requirements for new, modified and reconstructed oil and natural gas sources and would require states to reduce methane emissions from existing sources nationwide. The EPA issued a supplemental proposal in November 2022 to further strengthen emission requirements and intends to finalize the rules by fall 2023.

BHE and its energy subsidiaries continue to focus on delivering reliable, affordable, safe and clean energy to its customers and on actions to mitigate its GHG emissions. BHE's primary source of GHG emissions is the generation of electricity from its power plants that are fueled by coal or natural gas. In managing its electricity generation, BHE works with its regulators to protect the energy and economic needs of customers by considering costs, reliability and sources of electric generation. Over the years, BHE has invested heavily in owned wind, solar and geothermal generation, with cumulative investments of $31.6 billion through 2022 and has retired 16 coal generation units. As a result, as of December 31, 2022, BHE reduced its annual GHG emissions by more than 27% as compared to 2005 levels. BHE plans to continue investing in wind, solar and other low-carbon generation in the future and to retire an additional 16 coal generation units between 2023 and 2030 in a reliable and cost-effective manner, thereby achieving a 50% reduction in GHG emissions from 2005 levels in 2030.

Non-Energy Businesses

HomeServices of America, Inc. ("HomeServices") is a residential real estate brokerage firm in the U.S. In addition to providing traditional residential real estate brokerage services, HomeServices offers other integrated real estate services, including mortgage originations and mortgage banking, title and closing services, insurance, home warranties, relocation services and other home-related services. It operates under 55 brand names with approximately 45,000 real estate agents in nearly 930 brokerage offices in 33 states and the District of Columbia.

HomeServices' franchise network currently includes approximately 300 franchisees and over 1,500 brokerage offices with nearly 51,000 real estate agents under two brand names, primarily in the U.S. In exchange for certain fees, HomeServices provides the right to use the Berkshire Hathaway HomeServices or Real Living brand names and other related service marks, as well as providing orientation programs, training and consultation services, advertising programs and other services.

HomeServices' principal sources of revenue are dependent on residential real estate sales, which are generally higher in the second and third quarters of each year. This business is highly competitive and subject to general real estate market conditions.

Manufacturing Businesses

Berkshire's numerous and diverse manufacturing subsidiaries are grouped into three categories: (1) industrial products, (2) building products and (3) consumer products. Berkshire's industrial products businesses manufacture components for aerospace and power generation applications, specialty chemicals, metal cutting tools, and a variety of other products primarily for industrial use. The building products group produces prefabricated and site-built residential homes, flooring products, insulation, roofing and engineered products, building and engineered components, paint and coatings and bricks and masonry products. The consumer products group manufactures and distributes recreational vehicles, batteries, and various apparel, footwear and other products. Information concerning the major activities of these three groups follows. Berkshire's manufacturing businesses employed approximately 191,000 people at the end of 2022.

Industrial products

Precision Castparts

Precision Castparts Corp. ("PCC"), based in Lake Oswego, Oregon, manufactures complex metal components and products, provides high-quality investment castings, forgings, fasteners/fastener systems and aerostructures for critical aerospace and power and energy applications. PCC also manufactures investment castings and forgings for general industrial, armament, medical and other applications; nickel and titanium alloys in all standard mill forms from large ingots and billets to plate, foil, sheet, strip, tubing, bar, rod, extruded shapes, rod-in-coil, wire and welding consumables, as well as cobalt alloys, for the aerospace, chemical processing, oil and gas, pollution control and other industries; fasteners for automotive and general industrial markets; specialty alloys for the investment casting and forging industries; heat treating and destructive testing services for the investment cast products and forging industries; grinder pumps and affiliated components for low-pressure sewer systems; critical auxiliary equipment and gas monitoring systems for the power generation industry; and metalworking tools for the fastener market and other applications.

Investment casting technology involves a multi-step process that uses ceramic molds in the manufacture of metal components with more complex shapes, closer tolerances and finer surface finishes than parts manufactured using other methods. PCC uses this process to manufacture products for aircraft engines, industrial gas turbine and other aeroderivative engines, airframes, medical implants, armament, unmanned aerial vehicles and other industrial applications. PCC also manufactures high temperature carbon and ceramic composite components, including ceramic matrix composites, for use in next-generation aerospace engines.

PCC uses forging processes to manufacture components for the aerospace and power generation markets. PCC manufactures high-performance, nickel-based alloys, as well as titanium alloys and products. PCC's nickel-based alloys are used to produce forged components and investment castings for aerospace and non-aerospace applications in such markets as oil and gas, chemical processing and pollution control. PCC's titanium products are used to manufacture components for the commercial and military aerospace, power generation, energy, medical, and industrial end markets.

PCC is also a leading developer and manufacturer of highly engineered fasteners, fastener systems, aerostructures and precision components, primarily for critical aerospace applications. These products are produced for the aerospace and power and energy markets, as well as for construction, automotive, heavy truck, farm machinery, mining and construction equipment, shipbuilding, machine tools, medical equipment, appliances and recreation markets.

PCC has several significant customers, including aerospace original equipment manufacturers ("OEMs") (Boeing and Airbus) and aircraft engine manufacturer suppliers (General Electric, Rolls Royce and Pratt & Whitney). The majority of PCC's sales are from customer orders or demand schedules pursuant to long-term agreements. Contractual terms may provide for termination by the customer, subject to payment for work performed. PCC typically does not experience significant order cancellations, although periodically it receives requests for delays in delivery schedules.

The effects of the COVID-19 pandemic produced significant adverse effects on the PCC aerospace business in 2020 and 2021. The sudden and material reductions in air travel led to aircraft build rate reductions and customer destocking at extraordinary rates. Further, production delays in Boeing's 737 MAX and 787 programs during this time also adversely impacted PCC over the past three years.

While commercial air travel increased in both the U.S. and international markets during 2022, traffic remains below pre-COVID-19 pandemic levels, especially for international routes. Further recovery could be uneven, in the event of new COVID-19 variant developments and related travel restrictions, as well as from the changes in supply chain conditions, including the availability of workers. Commercial aircraft delivery rates by OEMs of narrow-body aircraft have rebounded since the onset of the pandemic. However, deliveries of wide-body aircraft remain relatively low, in part attributable to the pause in the Boeing 787 program, which resumed deliveries in the third quarter of 2022. Long-term industry forecasts continue to show growth and strong demand for air travel and aerospace products.

PCC is subject to substantial competition in all of its markets. Components and similar products may be produced by competitors, who use either the same types of manufacturing processes as PCC or other processes. Although PCC believes its manufacturing processes, technology and experience provide its customers advantages, such as high quality, competitive prices and physical properties that often meet more stringent demands, alternative forms of manufacturing can be used to produce many of the same components and products. Nevertheless, PCC is a leading supplier in most of its principal markets. Several factors, including long-standing customer relationships, technical expertise, state-of-the-art facilities and dedicated employees, aid PCC in maintaining competitive advantages.

Several raw materials used in PCC products, including certain metals such as nickel, titanium, cobalt, tantalum and molybdenum, are found in only a few parts of the world. These metals are required for the alloys used in manufactured products. The availability and costs of these metals may be influenced by private or governmental cartels, changes in world politics, labor relations between the metal producers and their workforces and inflation.

PCC is currently subject to various federal, state and foreign environmental laws concerning, among other things, water discharges, air emissions, waste management, toxic materials use reduction and environmental cleanup. Laws and regulations continue to evolve, and it is reasonably possible that environmental standards will become more stringent in the future, particularly under air quality and water quality laws and standards related to climate change, including reporting of GHG emissions. As a result, it is also reasonably likely that PCC will be regularly required to make additional expenditures, including capital expenditures, which could be significant, relating to environmental matters.

Lubrizol

The Lubrizol Corporation ("Lubrizol"), headquartered in Wickliffe, Ohio, is a specialty chemical and performance materials company that manufactures products and supplies technologies for the global transportation, industrial and consumer markets. Lubrizol currently operates two business segments: Lubrizol Additives, which produces engine lubricant additives, driveline lubricant additives and industrial specialties products; and Lubrizol Advanced Materials, which includes engineered materials (engineered polymers and performance coatings) and life sciences (beauty and personal care, and health and home care solutions).

Lubrizol Additives' products are used in a broad range of applications including engine oils, transmission fluids, gear oils, specialty driveline lubricants, fuels, metalworking fluids and compressor lubricants for transportation and industrial applications. Lubrizol Advanced Materials' products are used in many different types of applications including beauty, personal care, home care, over-the-counter pharmaceuticals, medical devices, performance coatings, sporting goods, plumbing and fire sprinkler systems. Lubrizol is an industry leader in many of the markets in which it competes, and its principal lubricant additives competitors are Infineum International Ltd., Chevron Oronite Company and Afton Chemical Corporation. Lubrizol Advanced Materials' businesses compete in many markets with a variety of competitors in each product line.

With its considerable patent portfolio, Lubrizol uses its technological leadership position and applies its science capabilities, formulation know-how and market expertise in product development to improve the demand, quality and value of its solutions. Lubrizol also leverages its scientific and applications knowledge to meet and exceed customer performance and sustainability requirements. While Lubrizol typically has patents that expire each year, it invests resources to protect its intellectual property and to develop or acquire innovative products for the markets it serves. Lubrizol uses many specialty and commodity chemical raw materials in its manufacturing processes. Raw materials are primarily feedstocks derived from petroleum and petrochemicals and, generally, are obtainable from several sources. The materials that Lubrizol chooses to purchase from a single source typically are subject to long-term supply contracts to ensure supply reliability.

Lubrizol operates its business on a global basis through more than 100 offices, laboratories, production facilities and warehouses on six continents, the most significant of which are North America, Europe, Asia and South America. Lubrizol markets its products worldwide through direct sales, sales agents and distributors. Lubrizol's customers principally consist of major global and regional oil companies and industrial and consumer products companies. Some of Lubrizol's largest customers also may be suppliers. During 2022, no single customer accounted for more than 10% of Lubrizol's consolidated revenues. In recent years, the COVID-19 pandemic, supply chain disruptions, severe weather and fires at certain Lubrizol facilities affected the availability of raw materials and fulfillment of customer orders and otherwise disrupted Lubrizol's operations.

Lubrizol expends significant capital to ensure the safety of its employees and the communities where it operates, as well as delivering on its commitments to operational excellence and cybersecurity. Lubrizol also makes significant capital investments to ensure reliable supply and compliance with regulations governing its operations, while reducing their environmental footprint.

Lubrizol is subject to foreign, federal, state and local laws to protect the environment, limit manufacturing waste and emissions, ensure product and employee safety and regulate trade. While the company believes that its policies, practices and procedures are designed to limit the associated risks and consequent financial liability, the operation of chemical manufacturing plants entails inherent environmental, safety and other risks, and significant capital expenditures, costs or liabilities could be incurred in the future.

IMC International Metalworking Companies

IMC International Metalworking Companies ("IMC") is one of the three largest multinational manufacturers of consumable precision carbide metal cutting tools for applications in a broad range of industrial end markets. IMC's principal brand names include ISCAR®, TaeguTec®, Ingersoll®, Tungaloy®, Unitac®, UOP®, It.te.di®, Qutiltec®, Tool—Flo®, PCT®, IMCO® and BSW. IMC's primary manufacturing facilities are located in Israel, the U.S., South Korea, Japan, Germany, Italy, Switzerland, India and China.

IMC has five primary product lines: milling tools, gripping tools, turning/thread tools, drilling tools and tooling. The main products are split within each product line between consumable cemented tungsten carbide inserts and steel tool holders. Inserts comprise a major portion of IMC's sales and earnings. Metal cutting inserts are used by industrial manufacturers to cut metals and are consumed during their use in cutting applications. IMC manufactures hundreds of types of highly engineered inserts within each product line that are tailored to maximize productivity and meet the technical requirements of customers. IMC's staff of scientists and engineers continuously develop and innovate products that address end user needs and requirements.

IMC's global sales and marketing network operates in nearly every major manufacturing center around the world, staffed with highly skilled engineers and technical personnel. IMC's customer base is very diverse, with its primary customers being large, multinational businesses in the automotive, aerospace, engineering and machinery industries. IMC operates a regional central warehouse system with locations in Israel, the U.S., Belgium, Korea, Japan and China. Additional small quantities of products are maintained at local IMC sales offices to provide on-time customer support and inventory management.

IMC competes in the metal cutting tools segment of the global metalworking tools market. The segment includes hundreds of participants who range from small, private manufacturers of specialized products for niche applications and markets to larger, global multinational businesses (such as Sandvik and Kennametal, Inc.) with a wide assortment of products and extensive distribution networks. Other manufacturing companies such as Kyocera, Mitsubishi, Sumitomo, Ceratizit and Korloy also play a significant role in the cutting tool market.

Cemented tungsten carbide powder is the main raw material used in manufacturing cutting tools. Most of IMC's insert products are made from tungsten. While supplies are currently adequate, a significant disruption or constraints in production processing facilities could cause reduced availability and increased prices.

IMC is committed to following and complying with all government and environmental rules, regulations and requirements and applicable laws. IMC considers environmental preservation and pollution prevention as important factors in all operations and activities. IMC production facilities are built with the highest standards and follow all applicable regulations.

Bond No. US00124178SU23A

Application/License No. _____

MicroAire Surgical Instruments, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 3950 Grand Forks Blvd, Charlottesville, VA 22911 (Address of Applicant/Principal), as PRINCIPAL, and XL Specialty Insurance Company (Surety Company), a corporation organized under the laws of the state of Delaware (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 677 WASHINGTON BLVD., 10TH FLOOR, SUITE 1000, STAMFORD, CT 06901 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on September 19, 2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 20th day of September, 20 23.

8/3/2005	1401 N. Universal Ave Kansas City, MO 64120	**FILE CLOSED 2010** Medline Industries' Kansas City, MO facility (#2003031660) was disciplined for failure to renew on time and for deficient temperature control procedures. Medline was placed on probation for 5 years. The state conducted multiple inspections of the facility throughout the probationary period and found Medline to comply with all requirements. The probationary period closed in August 2010.	Medline's Regulatory Affairs Department was significantly expanded to include a team of 7 Licensing Specialists that monitor and ensure our licenses are renewed on time. A temperature control room was constructed at the facility to ensure product is stored at the appropriate temperature and humidity. These control rooms are now a standard feature at our distribution centers. We worked closely with NABP to ensure that our temperature control facilities and procedures align with industry best practices throughout our distribution network.
12/7/2006	9101 Riverside Pkwy Lithia Springs, GA 30122	**FILE CLOSED 2008** The Florida Certified Designated Representative at the Georgia facility unexpectedly resigned. The state of Florida suspended Medline's Florida Out of State Rx Drug Wholesale Distributor Permit (#23:1470) until a new licensed Florida CDR was hired at the facility.	To prevent this for occurring in the future, all Florida licensed Medline facilities are required to have multiple Florida Certified Designated Representatives on staff.
11/16/2007	10601 Southport Dr. Orlando, FL 32824 --- 401 Commerce Blvd. Oldsmar, FL 34677 --- 4750 118th Ave N Clearwater, FL 33762	**FILE CLOSED 2008** Medline Industries was cited for several violations. Failure to pass and maintain a Florida compliant pedigree. Maintaining the wrong permit type for the activities performed in the facilities (in addition to a manufacturing permit, Florida required the facility a repackager permit). Distribution of saline to an unauthorized recipient. Additionally an Rx drug item was found at an unlicensed raw materials storage facility. Medline challenged several violations, resulting in most being substantially reduced or removed. Medline was assessed and paid a fine for these violations. All issues were addressed and resolved to the satisfaction of the FL DOH. After duly notifying state authorities, as required by law, Medline received a fined from New York for out-of-state professional misconduct. (Cal. No. 27278)	To address the pedigree issues, Medline instituted a Florida specific pedigree system. This program ensured that any pedigree shipments within our distribution network with potential to end up in Florida has the required Florida documentation. (Note - these requirements have since been preempted by federal law). To address the issue of the wrong permit type, Medline secured the repackaging permit. To address the sale of saline to an unauthorized person, Medline instituted a new procedure for obtaining and maintaining customer licenses for all Rx Drug purchases- this procedure generates an automatic block for any Rx Drug order by an unlicensed customer. The Rx Drug item unintentionally stored in the raw materials facility was properly disposed of. Waste disposal procedures were updated to ensure that this mistake would not recur.
11/26/2007	2708 NE Waldo Rd. Gainesville, FL 32609	**FILE CLOSED 2008** Medline Industries' FL license (# 22:1022) was suspended for violations identified during a Florida BOP facility inspection. Medline, through Counsel, addressed the issues raised in the inspection and established that the suspension was unjustified. The suspension was lifted 3 days later on January 22, 2008. In 2010, Medline made an unrelated business decision to close this facility. (Case # 2007-37412)	After this inspection, Medline conducted a thorough review of its policies and procedures. Additionally, Medline implemented an internal auditing program to ensure that all distribution centers comply with internal policies and procedures and state and federal regulations.
3/5/2008	149 New Camellia Blvd. Covington, LA 70433	**FILE CLOSED 2008** Medline Industries (LA #4318) was cited for failure to properly maintain copies of current customer licenses on-site. Medline was assessed and paid a fine. (Louisiana Administrative Docket #2008006). After duly notifying state authorities, as required by law, Medline received a fine from New York for out-of-state professional misconduct. (Cal. No. 27278)	In addition to storing copies of customers' licenses at headquarters, these licenses are now stored digitally so they can be accessed by our distribution centers.
5/9/2008	5450 W. Stewart Ave. Wausau, WI 54401	**FILE CLOSED 2009** Medline Industries (WI # 1116-045) was cited and fined by the Wisconsin Department of Regulation & Licensing following a facility inspection. Medline managed a portion of a Wisconsin hospital's warehouse. The inspector cited Medline for failure to install a dividing fence between the Medline warehouse and the hospital portion of the facility. All of the hospital products were owned by the hospital. Medline was also cited for failure to access policies and procedures during the inspection. Corrections were made and the facility re-inspected, to the satisfaction of the state (Case #08	Immediately after the inspection, Medline and the owner of the facility erected a locked fence to divide the faculty. Medline also reviewed all of its other facilities to make sure no similar situations existed. In addition, training on where and how to access current policies and procedures was increased for distribution center personnel. This training is in addition to the training they receive on the policies and procedures themselves.

		PHM 037). In 2010, Medline made an unrelated business decision to close this facility. After duly notifying state authorities, as required by law, Medline received a fine from the states of Hawaii (Case #PHA 2009-7-L) and New York (Cal. No. 27278) for out-of-state professional misconduct.	
8/21/2008	94-1420 Moaniani St. Waipahu, HI 96797	**FILE CLOSED 2013** Medline Industries, Inc. (PWD 115) was fined $5000 and placed on probation for 5 years for failure to report disciplinary actions within 30 days. Medline submitted all required notices, but missed the 30-day deadline. The probationary period ended in August 2013. (Case # PHA 2008-17-L)	Medline implemented a new process to notify the necessary licensing boards of future disciplinary actions within the required reporting timelines.
3/19/2010	1401 N. Universal Ave. Kansas City, MO 64120	**FILE CLOSED 2010** Medline Industries, Inc. applied for a Colorado Out-of-State Wholesaler license for the Kansas City, MO distribution center. The CO Board of Pharmacy issued a conditional license until the facility's MO probation period ended. (See 8/3/2005 discipline). Medline informed the CO Board when the MO probationary period was completed. Upon completion of probation, the Board issued a full license.	See 8/3/2005 discipline for corrective actions related to the underlying sanction.
1/6/2021	1501 Harris Rd Libertyville, IL 60048	**FILE CLOSED 2021** Medline Industries, Inc. (OH License #01-1985050) received a fine of $250 from the Ohio Board of Pharmacy for the sale of dangerous drugs to an unlicensed entity. Medline maintained a current and valid DEA license on file for the physician rather than the TDDD license for the facility. The facility's TDDD license at the time of the sale had expired. The fine was paid on January 21, 2021 and the case was closed. (Case No. A-2020-0054 I-2019-0972-B.) After duly notifying state authorities, as required by law, Medline received a $500 fine from the Alabama State Board of Pharmacy for the same underlying conduct as the Ohio matter. The fine was paid and the matter closed. (Case No:21-L-0048)	Medline takes this matter very seriously. Medline reviewed the customer licensing policies and procedures and updated internal requirements for the type of license required for customers in Ohio. Efforts were taken by Customer Licensing to research, ensure the proper type, and check license status for a large number of existing Ohio licenses. The Ohio TDDD licenses are reviewed on an annual basis to ensure compliance.
11/1/2022	1040 Enterprise Parkway South West Jefferson, OH 43162	**FILE CLOSED 2022** Medline Industries, LP (OH License #01-30000190) entered a settlement agreement and agreed to pay a fine of $1,125.00 to the Ohio Board of Pharmacy for alleged sales of dangerous drugs to an unlicensed entity. Medline maintained a physician license on file versus a Terminal Distributor (TDDD) license. The TDDD license was added in May 2022- prior to this investigation. During the period of July 2021 to March 2022, the customer's TDDD license lapsed and Medline was unaware. Medline is in the process of notifying states of this fine.	Medline is committed to following all applicable state and federal statutes and regulations, including customer license requirements. Medline updated customer licensing requirements after the 01/06/2021 fine. This incident occurred while Medline was in the process of updating a large number of Ohio accounts. Medline is implementing additional steps to ensure compliance, including, increasing staffing, training, and resources for the customer licensing team.
12/19/2022	9670 NW 112th Ave Miami, FL 33178	**FILE CLOSED 2022** Medline Industries, LP (FL WDD# #2220297) entered a settlement agreement and agreed to pay a fine of $6,000.00 to the FL Dept. Business and Professional Regulation. Medline accepted a physician license for a facility customer, instead of the correct facility license. The second allegation relates to failure to include NDC numbers on outbound packing slips/ invoices. After duly notifying state authorities, as required by law, Medline received a reciprocal fine for disciplinary action by another state from the Hawaii Department of Consumer Affairs. The fine was paid and the matter closed. (Case PHA 2023-9-L).	Medline is addressing the customer licensing issue by expanding the customer licensing team resources and oversight. This process began after the 11/1/2022 Ohio Discipline and has been expanded to address FL and confirming other states. The packing slip/invoice error stemmed for an internal system error. The error was limited to DSCSA exempt products, i.e. IV fluids. A system fix is in progress.

07/19/2023 07/25/2023	1040 Enterprise Parkway South West Jefferson, OH 43162 251 Hilton Drive, Jeffersonville, IN 47130	**FILE CLOSED 2023** Medline Industries, LP entered a settlement agreement with the Ohio Board of Pharmacy and agreed to pay fines of $750 and $850 for alleged sales of dangerous drugs to an unlicensed entity from the Jeffersonville, IN (OH License #01-30000158) and West Jefferson, OH locations (OH License #01-30000190). The sales occurred between July 2021 and January 2022. After duly notifying state authorities, as required by law, Medline received a reciprocal fine for disciplinary action by another state from the Hawaii Department of Consumer Affairs. The fine was paid and the matter closed. (Case PHA 2023-9-L).	This underlying issue was previously corrected. These fines related to activities between July 2021 and January 2022. At that time Medline was in the process of updating Ohio customer requirements. Medline updated Ohio customer license requirements and implemented a TDDD verification process in 2021. In addition, Medline reviewed all existing Ohio accounts to verify the correct license was on file. The review process was completed in 2022. Medline also dedicated additional resources and staff for the customer licensing team and remains committed to following all state and federal laws and regulations.

By: _____
Robert L. Raney, Senior Vice President

On this the **21st** day of **April, 2021**, before me personally appeared **Robert L. Raney**, who acknowledged himself to be the Senior Vice President of each of the Companies, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of said Companies by himself as a duly authorized officer.

IN WITNESS WHEREOF, I hereunto set my hand and official seal.

My Commission expires the **30th** day of **June, 2026**

_____
Anna P. Nowik, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

DISTRIBUTION AGREEMENT

This DISTRIBUTION AGREEMENT (this "Agreement") is entered into as of December 31, 2023 (the "Effective Date"), by and among (i) Medline Industries Holdings, L.P., a Delaware limited partnership (the "MIHLP"), (ii) Medline Mills Industries LLC, an Illinois limited liability company ("MMI"), (iii) Medline Mills LLC, an Illinois limited liability company ("MM"), and (iv) Medline Industries, LP, an Illinois limited partnership ("MILP").

WHEREAS, MILP owns 100% of the ownership interests of MM and MMI;

WHEREAS, MMI owns 1% of the ownership interests of, and is the general partner of, MIHLP;

WHEREAS, MM owns 99% of the ownership interests of MIHLP;

WHEREAS, MILP is in the business of the selling, distributing and manufacturing medical products in every state in the United States, with the exception of Pennsylvania, Tennessee, Texas and Washington;

WHEREAS, MIHLP is in the business of the selling and distributing medical products solely in the states of Pennsylvania, Tennessee, Texas and Washington;

WHEREAS, the parties hereto have determined that it is in their best interest, and in the best interest of their respective equityholders, to effect the Distributions (as defined below);

WHEREAS, MMI, as the general partner of MIHLP, and MM, as the limited partner of MIHLP, have authorized, approved and adopted the MIHLP Distribution;

WHEREAS, MILP, as the manager and sole member of each of MM and MMI, has authorized, approved and adopted the MM Distribution and MMI Distribution; and

WHEREAS, (i) immediately following each Distribution, the aggregate current fair value of the assets of the party making such Distribution (the "Distributing Party") will exceed the aggregate current value of the total liabilities, including contingent liabilities, of the Distributing Party, (ii) effecting such Distribution will not cause such Distributing Party to be insolvent and will not hinder the Distributing Party's ability to continue as a going concern and (iii) effecting such Distribution will not violate the Delaware Revised Uniform Limited Partnership Act (in the case of MIHLP), the Illinois Limited Liability Company Act (in the case of MM and MMI) or other applicable law or any contract to which the Distributing Party is a party.

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby conclusively acknowledged and intending to be legally bound thereby, the parties hereto hereby covenant and agree as follows:

1. Distributions. Immediately upon the Effective Date by the parties hereto:

   (a) MIHLP shall distribute MIHLP's all of assets and liabilities located in the states of Texas, Pennsylvania and Washington or otherwise exclusively related to its operations in such states, including all inventory, tangible personal property, associated goodwill and all other associated assets and liabilities owned or utilized by MIHLP in connection with the production, distribution and sale of products from its Texas, Pennsylvania and Washington operations (collectively, the "TX, PA and WA Operations") pro rata to its partners, MM

and MMI (the "MIHLP Distribution"), and MM and MMI shall accept their respective pro rata portions of such distribution;

(b) Immediately following and conditional upon the consummation of the MIHLP Distribution, MMI shall distribute its pro rata portion of the TX, PA and WA Operations to MILP (the "MMI Distribution") and MILP shall accept such distribution; and

(c) Immediately following and conditional upon the consummation of the MIHLP Distribution, MM shall distribute its pro rata portion of the TX, PA and WA Operations to MILP (the "MM Distribution," and together with the MIHLP Distribution and the MMI Distribution, the "Distributions," and each, a "Distribution") and MILP shall accept such distribution.

2. Tax Treatment. The parties intend for the Distributions to be disregarded for U.S. federal income tax purposes.

3. Representations and Warranties. Each of the parties hereto hereby represents and warrants as of the date of this Agreement, that the execution, delivery and performance of this Agreement by such party and the consummation of the transactions contemplated hereby will not, with or without the giving of notice or the lapse of time, or both, (i) violate any provision of law, statute, rule, regulation or executive order to which such party is subject; (ii) violate any judgment, order, writ or decree of any court applicable to such party; or (iii) result in the breach of or conflict with any term, covenant, condition or provision of, or constitute a default under, any material commitment, contract or other agreement or instrument, to which such party is or may be bound or affected.

4. Cooperation. Each of the parties hereto, without further consideration, shall execute and deliver other documents and take such other action as may be reasonably necessary or desirable to consummate, enforce and effectively the terms and conditions of this Agreement.

5. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the respective successors, assigns, and legal representatives of the parties hereto. Nothing in this Agreement, express or implied, is intended to confer upon any person, other than the parties hereto or their respective successors and assigns, any rights or benefits under or by reason of this Agreement.

6. Entire Agreement. It is expressly understood and agreed that this Agreement contains the entire agreement and understanding concerning the subject matter herein, and supersedes and replaces all prior negotiations and agreements between the parties hereto, whether written or oral. It is expressly understood and agreed that there have been no promises, agreements, warranties or inducements, not herein expressed. The parties hereto acknowledge that they have read this Agreement and have executed the Agreement without relying upon any statements, representations, or warranties, written, or oral, not expressly set forth herein. It is expressly understood and agreed that the transactions contemplated in this Agreement shall be without recourse and not subject to any rights of first refusal or offer or repurchase options.

7. Waiver, Modification and Amendment. No provision herein may be waived unless in writing signed by the party whose rights are thereby waived. Waiver of any one provision herein shall not be deemed to be a waiver of any other provision herein. This Agreement may be modified or amended only by written agreement executed by all the parties hereto.

8. Governing Law. This Agreement shall in all respects be interpreted, enforced and governed by and under the laws of the State of Delaware.

9. Severability. In the event that one or more of the provisions or portions thereof of this Agreement are determined to be illegal or unenforceable, the remainder of this Agreement shall not be affected thereby, and each of the remaining provisions or portion thereof shall remain, continue to be valid and effective and be enforceable to the fullest extent permitted by law.

10. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, and all when taken together shall constitute the Agreement.

11. Titles and Captions. Paragraphs, titles and captions contained in this Agreement are inserted only as a matter of convenience and for reference and shall in no way be construed to define, limit or extend the scope of this Agreement or the intent of any of its provisions.

[SIGNATURE PAGES FOLLOW]

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed as of the date first written above.

RE: Returns 'R' Us, LLC (Permit No. WH01726)
Notice of Indirect Interest Transfer

Dear Sir or Madam:

We are writing on behalf of Returns 'R' Us, LLC (the "Licensee"), a reverse distributor that owns and holds a Nevada Wholesale license (Permit No. WH01726). The purpose of this letter is to describe and notify you of a January 17, 2024 transaction that resulted in an indirect change to Licensee's upstream grandparent owner ("Transaction"). The Transaction did not result in changes to the Licensee or Licensee's direct parent owner. Licensee continues to hold the same Federal Employment Identification Number (i.e., Tax ID), DEA registration number, and Illinois home state license number. There are no planned changes to Licensee's legal name, location, or operations. Similarly, no such changes occurred to Licensee's direct parent owner.

Immediately prior to the Transaction, Licensee was 100% owned by Ritorno Midco, LLC ("Midco") and Midco was 100% owned by Ritorno Holdings, Inc. ("Holdings"). In the Transaction, Holdings sold all of its equity interest in Midco to PL Intermediate Holdings, LLC ("Buyer"). The effect being that:

- Licensee continues to own and operate the Wholesaler (Reverse Distributor) license business,
- Midco continues to own 100% of Licensee as its sole parent owner, and
- Buyer became the new sole owner of Midco and grandparent entity of Licensee.

It is our understanding that the indirect change requires submission of a Nevada State Board of Pharmacy Wholesaler application, required attachments and payment are to be submitted to the board.

I would greatly appreciate if you would let me know at your earliest possible convenience if you need additional information or documentation regarding this Transaction.

Thank you in advance for your assistance. Please do not hesitate to contact me by phone at 224-424-4469 or by email at compliance@pharmalogistics.com, if you have questions or need additional information.

Kind regards,

John Capelli

Encl.

Hello,

Thank you for reaching out. Our current certificate has expired as of 3/18. We have submitted our reaccreditation application with NABP and it is in process. We have experienced a delay with NABP as a result of the Change of Ownership. I have a attached the communication from NABP indicating that our accreditation remains active during the reaccreditation process. Additionally, below is a screenshot showing our application (5077213) as being submitted. Please let me know if you need any additional information.

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 6th day of September, 2023.

MERCHANTS
BONDING COMPANY

POWER OF ATTORNEY

Know All Persons By These Presents, that MERCHANTS BONDING COMPANY (MUTUAL) and MERCHANTS NATIONAL BONDING, INC., both being corporations of the State of Iowa, d/b/a Merchants National Indemnity Company (in California only) (herein collectively called the "Companies") do hereby make, constitute and appoint, individually,

Kathleen A Struecker

their true and lawful Attorney(s)-in-Fact, to sign its name as surety(ies) and to execute, seal and acknowledge any and all bonds, undertakings, contracts and other written instruments in the nature thereof, on behalf of the Companies in their business of guaranteeing the fidelity of persons, guaranteeing the performance of contracts and executing or guaranteeing bonds and undertakings required or permitted in any actions or proceedings allowed by law.

This Power-of-Attorney is granted and is signed and sealed by facsimile under and by authority of the following By-Laws adopted by the Board of Directors of Merchants Bonding Company (Mutual) on April 23, 2011 and amended August 14, 2015 and adopted by the Board of Directors of Merchants National Bonding, Inc., on October 16, 2015.

"The President, Secretary, Treasurer, or any Assistant Treasurer or any Assistant Secretary or any Vice President shall have power and authority to appoint Attorneys-in-Fact, and to authorize them to execute on behalf of the Company, and attach the seal of the Company thereto, bonds and undertakings, recognizances, contracts of indemnity and other writings obligatory in the nature thereof."

"The signature of any authorized officer and the seal of the Company may be affixed by facsimile or electronic transmission to any Power of Attorney or Certification thereof authorizing the execution and delivery of any bond, undertaking, recognizance, or other suretyship obligations of the Company, and such signature and seal when so used shall have the same force and effect as though manually fixed."

In connection with obligations in favor of the Florida Department of Transportation only, it is agreed that the power and aut hority hereby given to the Attorney-in-Fact includes any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts required by the State of Florida Department of Transportation. It is fully understood that consenting to the State of Florida Department of Transportation making payment of the final estimate to the Contractor and/or its assignee, shall not relieve this surety company of any of its obligations under its bond.

In connection with obligations in favor of the Kentucky Department of Highways only, it is agreed that the power and authority hereby given to the Attorney-in-Fact cannot be modified or revoked unless prior written personal notice of such intent has been given to the Commissioner-Department of Highways of the Commonwealth of Kentucky at least thirty (30) days prior to the modification or revocation.

In Witness Whereof, the Companies have caused this instrument to be signed and sealed this 6th day of September , 2023 .

- Please contact this office immediately if any information on this license is incorrect.
- This license must be displayed at the address licensed.
- The license renewal application and fee are due every two years BEFORE the anniversary date. Please note that it is the responsibility of the license holder to remit the licensure fee before the expiration date, whether a payment notice is received or not. Failure to submit the renewal fee before the expiration date will result in a $100.00 delinquency fee for each location and must be remitted before the license will be issued.
- A license that is amended, including a change of name, ownership, legal entity, or a notification of a change in the location of a licensed place of business will require submission of new application and fee. Applications for these changes can be downloaded from our website at **www.dshs.texas.gov**.
- Please submit written notice if you close or sell your business.
- If you have any questions or desire additional information concerning the application process or this license, please contact the Drug and Device Business Filing and Verification Unit at (512) 834-6727. In order to serve you better, DSHS would like you to complete the short online survey at: **https://www.surveymonkey.com/r/RLUsurvey**. The information you provide will assist DSHS in its efforts to continually improve and become more responsive to the needs of its customers. Thank you in advance for your cooperation.

Vendors
Persons (other than your employees) or organizations that are vendors of your product are insureds; but they are insureds only if you are obligated (pursuant to a contract or agreement) to provide them with such insurance as is afforded by this policy.
However, such a person or organization is an insured only:
- with respect to their liability for damages for bodily injury or property damage resulting from the distribution or sale of your product to which this insurance applies;
- to the extent such contact or agreement requires the person or organization to be afforded status as an insured; and
- for such activities that did not occur, in whole or in part, before the execution of the contract or agreement.

No person or organization is an insured under this provision with respect to any:
- assumption of liability (of another person or organization) by them in a contract or agreement. This limitation does not apply to the liability for damages for injury or damage, to which this insurance applies, that such person or organization would have in the absence of such contract or agreement.
- representation or warranty unauthorized by you.
- reckless or willful violation of any law or regulation.
- failure to make adjustments, inspections, services or tests that the person or organization has agreed to make or normally undertakes to make in the regular course of their business in connection with the distribution or sale of your product.
- chemical or physical change in your product made intentionally by the person or organization.
- repacking, unless unpacked solely for the purpose of demonstration, inspection or testing or the substitution of parts under instruction from the manufacturer and then repacked in the original container.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 019084025

Application/License No. _____

Alcon Vision, LLC & Alcon Research, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 6201 South Freeway, Fort Worth, TX 76134 (Address of Applicant/Principal), as PRINCIPAL, and Liberty Mutual Insurance Company (Surety Company), a corporation organized under the laws of the state of Massachusetts (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 1001 4th Avenue, Suite 1700, Seattle, WA 98154 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on December 28, 2022 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 28th day of December, 2022.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 28th day of December, 2022.

Re: State Board Actions

Over the past several years Almac Clinical Services, LLC has been actively working on obtaining state issued wholesale distribution licenses where indicated as required by those states. Almac is a clinical trial contract packager and ships investigational drugs directly to clinical sites in accordance with FDA-approved protocols at the request of the sponsor. While Almac does not maintain a physical location in states other than Pennsylvania and North Carolina or engage in the sale of any such drugs in any state, the company submitted applications for a Wholesale Distributor license to ensure adequate supply of investigational drugs where applicable.

As a result, to date, two separate states (Ohio and Kansas) have initiated administrative actions against Almac to obtain the out of state wholesale license. These actions were due to application submission timing only and did not involve any incident or action that was deemed harmful to patients within those states. In March 2021 (Ohio) and February 2022 (Kansas), Almac and the Boards of those states resolved the matters by settlement whereby the Boards issued Wholesale Distributor licenses. As part of the settlements Almac agreed to pay minimal administrative fines.

Almac was also subject of an investigation by the Alaska Board of Pharmacy due to timing of a PIC change notification, which was settled by Almac PA and Alaska in June of 2022 and Almac NC and Alaska in September 2022 both through a minimum civil fine. Almac continues to hold unrestricted non-resident pharmacy licenses in the state of Alaska.

Further to these items, Almac has recently been Cited by the State of California in Aug 2023. This citation was issued by California during the California wholesale license renewal process, in which Almac appropriately disclosed action taken by the Board of Pharmacy in Kansas for an administrative fine. The citation by California only reiterated the Kansas stipulation and was not issued due to any additional matter within the State of California. In this regard, Almac's License in CA was not restricted in any way, no fine was levied nor was any proof of abatement required.

Should the Board have further questions relating to this matter, please contact me via email at troy.suessmuth@almacgroup.com.

IMPOSITION OF CIVIL FINE
Case # 2022-000215

I, TROY SUESSMUTH, as an agent for Almac Clinical Services, LLC admit and agree the Alaska Board of Pharmacy (Board) has jurisdiction over the subject matter of Out-of-State Pharmacy License No. 176111, and over this Imposition of Civil Fine.

1. On January 11, 2022, we appointed a new Pharmacist-in-Charge. On January 31, 2022, the Board received our Change of Facility Manager form with the new Pharmacist-in-Charge notification; 20 days after the Pharmacist-in-Charge change occurred. **This is a violation of 12 AAC 52.200(c).**

We admit that as a result of these facts, grounds exist for possible denial of licensure or other disciplinary sanctions of my license pursuant to AS 08.01.75 and 12 AAC 52.200(c). We are agreeing to this Imposition of a Civil Fine of two hundred dollars ($200) in cash, certified check, or money order payable to the "State of Alaska" within ninety (90) days after this Imposition of Civil Fine is accepted by the Board.

We have the right to consult with an attorney, and a right to an administrative hearing on the facts in this case. We understand and agree by voluntarily signing this Imposition of Civil Fine, we are waiving our rights to counsel and to a hearing on this matter.

Re: Case No. 2021-001208 Corrected Order

Dear Troy Suessmuth,

There was a correction made to the date the Imposition of Civil Fine Board Order was signed. The date adopted and signed was June 16, 2022 and not June 24, 2022. This letter shall serve as formal notice to you that the Alaska Board of Pharmacy, during its June 16, 2022 meeting, adopted the Imposition of Civil Fine, presented to the Board by members of the staff from the Division of Corporations, Business and Professional Licensing. A copy of the Imposition of Civil Fine and Order, as adopted, is enclosed. Our records indicate that you have paid your fine.

In the Matter of	)	
	)	Case No. 21-057
ALMAC CLINICAL SERVICES, LLC	)	
Registration No. 5-110642	)	

STIPULATION AND CONSENT ORDER

IT IS HEREBY STIPULATED AND AGREED by and between the Kansas Board of Pharmacy (the "Board") and Almac Clinical Services, LLC located in Souderton, Pennsylvania ("Respondent") as follows:

1. The Board is represented herein by its attorney, Brenda L. Head of Frieden & Forbes, LLP, 1414 SW Ashworth Place, Suite 201, Topeka, Kansas 66604. The Respondent is represented herein by its attorney, Emma McAllister, VP Corporate & Legal, Almac Group, Almac House, 20 Seagoe Industrial Estate, Craigavon, BT63 5QD, Northern Ireland.

2. The Board is the Kansas agency vested with the authority to carry out and enforce the provisions of the Kansas Pharmacy Law, K.S.A. 65-1626 *et seq.*, ("Act") including conducting hearings and proceedings to revoke, suspend or otherwise discipline a Kansas registration to operate as a non-resident wholesale distributor.

3. Respondent has made application to be registered by the Board as a non-resident wholesale distributor and was issued the conditional registration number 5-110642.

4. The Board's Investigation Member has received certain information, investigated and determined that there are reasonable grounds to believe that Respondent has committed one or more actions in violation of the Act which would justify the revocation or imposition of other disciplinary action against its Kansas Registration under the provisions of K.S.A. 65-1627(f) and

the assessment of an appropriate fine against Respondent under the provisions of K.S.A. 65-1658.

5. Respondent hereby waives any further proof in this or any other proceeding before or initiated by the Board with respect to this matter, and upon motion duly made, seconded, and passed, the Board finds that:

A. On August 29, 2019, respondent submitted a Non-Resident Facility application to the Board. On October 4, and 7, 2019, the Board lawfully requested a satisfactory inspection dated within the last three (3) years which was required for registration by the Board.

B. Respondent failed to provide the Board with the requested satisfactory inspection and withdrew their application on November 22, 2019.

C. On September 17, 2020, Respondent submitted a Non-Resident Facility application to the Board which included a July 13, 2020 satisfactory inspection report from the Commonwealth of Pennsylvania Department of Health.

D. K.S.A 65-1643(c) provides that it is unlawful for any entity to distribute at wholesale any drugs in Kansas without a registration issued by the Board.

E. On Respondent's Supplemental Application Form S-350 dated August 5, 2020, Respondent self-reported shipping drugs and/or devices into Kansas eighty-eight (88) times in the previous 12 months when Respondent did not have a registration to do so in violation of K.S.A. 65-1643(c).

6. Upon motion duly made, seconded and passed, the Board finds and concludes that the conduct and violations found in the preceding paragraphs constitute violates the Act and the Regulations of the Board and are therefore grounds for disciplinary action against the

Respondent's Kansas Registration provided for herein, pursuant to K.S.A. 65-1643(c), 65-1655 and 65-1627(f)(6).

7. The Board finds, concludes, and orders that the following disposition is just and appropriate under the circumstances:

A. ADMINISTRATIVE FINE. Within ten (10) days of the Board entering the Consent Order provided for herein, Respondent shall pay to the Kansas Pharmacy Board an administrative fine in the total amount of Ten Thousand Dollars ($10,000.00) [$5,000.00 fine for unlawful shipping without a registration and $5,000.00 fine for failing to respond to the Board's lawful request].

B. PROBATION. Respondent's Kansas Registration shall be placed on probationary status for a period of 5 years from the effective date of the Stipulation and Consent Order contemplated hereby ("Probation Period"). During the Probationary Period, the Respondent shall:

i. Provide the Board with un-redacted copies of any disciplinary action taken by a federal or state regulatory agency within ten (10) days of receipt;

ii. Provide the Board with un-redacted copies of Respondent's Kansas shipping manifest prior to entry into this Stipulation and Consent Order and every six (6) months thereafter during the probationary period; and

iii. Respondent shall obtain a satisfactory NABP inspection within eighteen (18) months of entry of this Stipulation and Consent Order and provide the Board with proof of the same.

C. CONDITIONAL REGISTRATION. It is agreed that upon Respondent's execution of this Stipulation, Respondent will be issued a conditional registration as a Non-Resident Kansas Wholesale Distributor Registration ("Respondent's Registration"), subject to

the Probation Period requirements provided for herein, which will expire on the date of the next meeting of the Board at which approval of this Stipulation and Consent Order is considered. If the Board approves and adopts this Stipulation and Consent Order anticipated hereby, Respondent's Registration shall become unconditional, subject to the Probation Period requirements provided for herein .

D. OTHER REQUIREMENTS. Respondent acknowledges and agrees that as a condition of this Stipulation and Consent Order it must, and the Board further orders the Respondent to:

i. Comply fully with this Stipulation and Consent Order; and

ii. Comply fully with the Kansas Pharmacy Act, the Board's rules and regulations and all state and federal laws relating to Kansas pharmacies.

8. Respondent agrees that all information in the possession of the Board's Investigation Member, its staff, its investigators and or its attorney regarding the investigation which lead to this disciplinary action and all information discovered during the pendency of the disciplinary action may be disclosed to and considered by the Board as part of the presentation and consideration of the proposal of settlement in the form of this Stipulation and Consent Order and the Final Order provided for herein, with or without the presence of the Respondent or its attorney. In the event that this Stipulation and Consent Order and the Final Order provided for herein are not accepted and approved by the Board, the Respondent further waives any objection to the Board members' consideration of this Stipulation and Consent Order or the information mentioned in the preceding sentence and further agrees to waive any claim of due process violation or the right to seek the disqualification of any Board member as a result of the Board member's consideration of said document and information.

DocuSign Envelope ID: 0216ECAD-4664-44F1-BF9C-1B7DA9F3DAE6

9. The stipulations contained herein shall not become binding until this Stipulation and Consent Order is approved by the Board and the Consent Order provided for herein is entered by the Board. If the Board fails to approve this Stipulation and Consent Order, it shall be of no force or effect to either the Board of the Respondent. The Respondent acknowledges that the approval of the Board's Investigation Member or its attorney shall not constitute the approval of the Board or bind the Board to approve this Stipulation and Consent Order.

10. The Respondent agrees that this Stipulation and Consent Order is in conformance with Kansas and federal law and the Board has jurisdiction to enter into it and enter the Final Order provided for herein. The Respondent further agrees, for purposes of this matter, that the Kansas Pharmacy Act, K.S.A. 65-1626 *et seq.* is constitutional on its face and as applied in this case.

11. This Stipulation constitutes the entire agreement of the parties and may only be modified by a subsequent writing signed by them. The agreement shall be interpreted in accordance with the laws of the State of Kansas.

12. The Respondent acknowledges that it has the following rights:

A. To have formal notice of charges served upon it;

B. To file a response to the charges;

C. To have notice of and participate in a formal adjudicative hearing with the Board or its designee making specific findings of facts and conclusions of law based only upon evidence admitted at such hearing; and

D. To take advantage of all applicable provisions of the Kansas Administrative Procedure Act, K.S.A. 77-501 *et seq.* and the Kansas Judicial Review Act, K.S.A. 77-601 *et seq.*

DocuSign Envelope ID: 0216ECAD-4664-44F1-BF9C-1B7DA9F3DAE6

The Respondent freely waives these rights and acknowledges that said waiver is made voluntarily and in consideration of the Board's limiting the disciplinary action taken against it to those provided for herein. The Respondent further waives the right to seek reconsideration or appeal or otherwise contest this Stipulation and Consent Order provided for herein.

13. The Respondent acknowledges that it enters into this Stipulation and Consent Order freely and voluntarily after consultation with counsel of its choosing. The Respondent further acknowledges that it has read this Stipulation and Consent Agency order in its entirety, that it understands its legal consequences and that it agrees that none of its terms are unconscionable, arbitrary, or capricious.

14. Time is of the essence to this Stipulation and Consent Order. Respondent acknowledges and agrees that any violation of this Stipulation and Consent Order shall constitute a willful violation of a lawful Board order and grounds for further disciplinary action against it. The pendency of any disciplinary action arising out of an alleged violation of this Stipulation and Consent Order shall not affect the obligation of Respondent to comply with all terms and conditions of this Stipulation and Consent Order.

15. This Stipulation and Consent Order constitutes the entire and final agreement of the parties. In the event any provision of this Stipulation and Consent Order is deemed invalid or unenforceable by a court of competent jurisdiction, it shall be severed and the remaining provisions of this Stipulation and Consent Order shall be given full force and effect.

16. Upon approval and entry of this Final Order by the Board, this Stipulation and Consent Order shall be a public record in the custody of the Board.

17. This Stipulation and Consent Order shall become effective on the day it is approved, accepted, and made an order of the Board by way of signature of the Board's authorized representative.

18. The Respondent acknowledges that it has been advised by the Board that it would have the right within 15 days after service of the Final Order provided for herein to file a petition for reconsideration with the Board and the right within 30 days after service of the Final Order provided for herein to file a petition for judicial review in the District Court of Shawnee County, Kansas in accordance with the Kansas Judicial Review Act, K.S.A. 77-601 *et seq.* and to serve such a petition for judicial review on the Kansas Board of Pharmacy by serving Alexandra Blasi, JD, MBA, its Executive Secretary at 800 SW Jackson St., Suite 1414, Topeka, KS 66612. The Respondent hereby waives those rights.

ENTERED AND EFFECTIVE this 16 day of February, 2022.

IN THE MATTER OF:

CASE No. A-2020-0543

Almac Clinical Services, LLC
c/o Troy Suessmuth
25 Fretz Road
Souderton, PA 18964

License No. 01-2234800

SETTLEMENT AGREEMENT WITH THE STATE OF OHIO BOARD OF PHARMACY

This Settlement Agreement (Agreement) is entered into by the State of Ohio Board of Pharmacy (Board) and Almac Clinical Services, LLC (Almac), for the purpose of resolving all issues between the parties relating to the Board investigation of sales of dangerous drugs, including controlled substances, while operating without a Board-issued license. Together, the Board and Almac are referred to hereinafter as "the parties."

JURISDICTION

1. Pursuant to Section 4729.56 of the Ohio Revised Code and the rules adopted thereunder, the Board has the authority to suspend, revoke, restrict, limit, or refuse to grant or renew any license issued pursuant to Section 4729.52 of the Ohio Revised Code.

2. Pursuant to ORC Section 4729.52(G)(1)(c)(ii), if a complete application for renewal has not been submitted by the sixty-first day after the renewal date specified in rules adopted by the board, the license is considered void and cannot be renewed, but the license holder may reapply for licensure.

3. Almac Clinical Services, LLC, submitted an application for reinstatement of Wholesaler Distributor of Dangerous Drug License, No. 01-2234800, which lists Troy Sussmuth, as the Responsible Person. All documents required per the terms of the reinstatement application were submitted by December 24, 2020.

FACTS

1. The Board initiated an investigation of Almac, Wholesaler Distributor of Dangerous Drugs License No. 01-2234800, related to Almac's illegal sales of dangerous drugs, including controlled substances, without a Board-issued license.

DocuSign Envelope ID: D01D2B7A-8945-4011-A8D8-124E95AABB14

2. On or about March 9, 2021, the Board sent a Notice of Opportunity for Hearing to Almac, which outlined the allegations and provided notice of its right to a hearing, its rights in such hearing, and its right to submit contentions in writing.

3. On or about April 5, 2021, Almac requested a hearing which was subsequently scheduled for August 10, 2021 and continued to a future date to pursue settlement negotiations.

WHEREFORE, the parties desire to resolve the issues relating to the above-referenced findings without resorting to further administrative or judicial proceedings.

TERMS

NOW THEREFORE, in consideration of the mutual promises herein expressed, the parties knowingly and voluntarily agree as follows:

1. The recitals set forth above are incorporated in this Settlement Agreement as though fully set forth herein.

2. Almac neither admits nor denies the allegations stated in the Notice of Opportunity for Hearing letter dated March 9, 2021; however, the Board has evidence sufficient to sustain the allegations, finds them to violate Ohio's pharmacy law as set forth in the Notice, and hereby adjudicates the same.

3. Almac agrees to pay to the Board a monetary penalty in the amount of $5,000.00. This fine will be attached to your license record and must be paid no later than 180 days from the effective date of this Agreement. To pay this fine you must login to www.elicense.ohio.gov and process the items in your cart.

4. Almac's Wholesale Distributor of Dangerous Drugs license will be reinstated subject to satisfactory completion of all application and inspection requirements and payment of the fine.

5. Almac agrees and acknowledges that this Board disciplinary action must be disclosed to the proper licensing authority of any state or jurisdiction, as required by any such state or jurisdiction, in which it currently holds a professional license, including the Board on renewal applications or applications for a new license.

6. Almac agrees to comply with all federal and state requirements related to Wholesale Distributors of Dangerous Drugs, including but not limited to, Ohio Revised Code Chapter 4729. and the Rules adopted thereunder, Chapter 3719. and the Rules adopted thereunder, Chapter 3715. and the Rules adopted thereunder as well as the "Federal Food, Drug, and Cosmetic Act," 52 Stat. 1040 (1938), 21 U.S.C.A. 301 and Chapter 21, Section 360 of the United States Code, and Section 207.20 of the Code of Federal Regulations. Any violation by Almac of the terms of one or more federal or state requirements may constitute sufficient grounds for further enforcement action related to any licenses granted to Almac by the Board and will NOT discharge Almac from any obligation under the terms of this Agreement.

DocuSign Envelope ID: D01D2B7A-8945-4011-A8D8-124E95AABB14

7. Almac agrees to pay all reasonable costs associated with the collection of any payment, and of the prosecution of any violation of this Agreement.

8. Almac understands that it has the right to be represented by counsel for review and execution of this agreement.

9. This Agreement is binding upon any and all successors, assigns, affiliates, and subsidiaries of the parties or any other corporation through whom or with whom Almac will operate.

10. Almac explicitly withdraws its request for administrative hearing, waives its right to a hearing and an opportunity to be heard pursuant to Chapter 119. of the Ohio Revised Code, and waives any right to an appeal.

11. This Agreement may be executed in counterparts or facsimiles, each of which shall be deemed an original, but all of which shall constitute one and the same instrument.

12. All parties to this Agreement understand that this document is a public record pursuant to Ohio Revised Code Section 149.43.

13. This Agreement contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies the terms of this Agreement.

14. This Agreement shall become effective upon the date of the Board President's signature below.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the parties to this Agreement have executed it and/or cause it to be executed by their duly authorized representatives.

The attached Citation, ("Citation") is being issued pursuant to Business and Professions Code section 125.9 and California Code of Regulations, title 16, section 1775 et. seq., for violations of the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the Board's web site, at www.pharmacy.ca.gov, under Forms and Publications).

The attached Citation references the specific statutes and regulations violated, and defines each violation charged. The attached Citation details the conduct that resulted in the issuance of the Citation.

IT IS YOUR RESPONSIBILITY TO READ THE ENTIRE CITATION AND INSTRUCTIONS, TO UNDERSTAND THE PROCESS FOR CONTESTING THE CITATION AND IF CONTESTING THE CITATION TO RESPOND WITHIN THE FOLLOWING TIME FRAMES:

- August 17, 2023: Any contest of the Citation by request for an informal Office Conference must be received by the Board.
- September 02, 2023: Any contest of the Citation by request for a formal Appeal must be received by the Board.

The issuance of a Citation by the Board of Pharmacy is considered an administrative action and substantiated resolution of a complaint and/or investigation. The acceptance of the Citation(s) shall not constitute an admission of the violation(s) charged.

No fine has been assessed with this Citation and no proof of abatement has been ordered.

If the Board does not receive a written request to contest this Citation within 30 days of the issue date, you will be deemed to have waived your right to contest this Citation. The Citation shall then become the final order of the Board. Please be advised that if not contested this Citation will become a part of the Board's records and constitute a public record for purposes of disclosure.

If you have any questions regarding this Citation please contact Suelynn Yee, Citation and Fine Analyst at (916) 518-3013.

Re: U.S. FDA Drug Establishment Registration Renewal Certificate

Good Day,

We enclose the Certificate of Registration issued by Registrar Corp verifying that your firm's drug establishment registration has been electronically updated with FDA for Fiscal Year 2024 (FY2024).

The Food and Drug Administration Safety and Innovation Act of 2012 ("FDASIA"), which was signed into law on July 9, 2012, requires that all registrants renew their Drug Establishment Registrations between October 1 and December 31 of each year. To comply with this statutory requirement, we submitted your registration during this period. Your next renewal period will be October 1 to December 31, 2024. You will be sent documents to verify the accuracy of your information again at that time.

Registrar Corp will send you color copies of your certificates by email. You may wish to use the electronic version to forward copies of your company's certificates to your customers and suppliers so they are aware that your company has complied with FDA's registration requirements. Please note, however, that pursuant to 21 CFR § 207.77(a), "Registration of an establishment or listing of a drug does not denote approval of the establishment, the drug, or other drugs of the establishment, nor does it mean that a product may be legally marketed. Any representation that creates an impression of official approval or that a drug is approved or is legally marketable because of registration or listing is misleading and constitutes misbranding." This means that the enclosed certificate does not denote endorsement or approval by the U.S. FDA, and it should not be used to suggest such an inference.

As your Registrant Contact, Registrar Corp will continue to serve as a communications link between the U.S. FDA and your company for your electronic submissions. If we receive any correspondence from the U.S. FDA for your company regarding your electronic submissions, we will notify you by fax, email, or phone. In addition, we will be pleased to complete electronic submissions for any drug products not already listed with the U.S. FDA which you may introduce to market.

Please contact us if you have any questions or need additional help with FDA compliance.

Sincerely,

David Lennarz
President

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 0836827

Application/License No. _____

Almac Clinical Services, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 25 Fretz Road, Souderton, PA 18964 (Address of Applicant/Principal), as PRINCIPAL, and Harco National Insurance Company (Surety Company), a corporation organized under the laws of the state of Illinois (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 4200 Six Forks Rd, Suite 1400, Raleigh, NC 27609 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 09/06/2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 6th day of September, 2023.

Re: State Board Actions

Over the past several years Almac Clinical Services, LLC has been actively working on obtaining state issued wholesale distribution licenses where indicated as required by those states. Almac is a clinical trial contract packager and ships investigational drugs directly to clinical sites in accordance with FDA-approved protocols at the request of the sponsor. While Almac does not maintain a physical location in states other than Pennsylvania and North Carolina or engage in the sale of any such drugs in any state, the company submitted applications for a Wholesale Distributor license to ensure adequate supply of investigational drugs where applicable.

As a result, to date, two separate states (Ohio and Kansas) have initiated administrative actions against Almac to obtain the out of state wholesale license. These actions were due to application submission timing only and did not involve any incident or action that was deemed harmful to patients within those states. In March 2021 (Ohio) and February 2022 (Kansas), Almac and the Boards of those states resolved the matters by settlement whereby the Boards issued Wholesale Distributor licenses. As part of the settlements Almac agreed to pay minimal administrative fines.

Almac was also subject of an investigation by the Alaska Board of Pharmacy due to timing of a PIC change notification, which was settled by Almac PA and Alaska in June of 2022 and Almac NC and Alaska in September 2022 both through a minimum civil fine. Almac continues to hold unrestricted non-resident pharmacy licenses in the state of Alaska.

Further to these items, Almac has recently been Cited by the State of California in Aug 2023. This citation was issued by California during the California wholesale license renewal process, in which Almac appropriately disclosed action taken by the Board of Pharmacy in Kansas for an administrative fine. The citation by California only reiterated the Kansas stipulation and was not issued due to any additional matter within the State of California. In this regard, Almac's License in CA was not restricted in any way, no fine was levied nor was any proof of abatement required.

Should the Board have further questions relating to this matter, please contact me via email at troy.suessmuth@almacgroup.com.

RE: Case No. 2022-000215

Mr. Suessmuth,

This letter shall serve as formal notice to you that the Alaska Board of Pharmacy, during its September 22, 2022 meeting, adopted the Imposition of Civil Fine, presented to the Board by members of the staff from the Division of Corporations, Business and Professional Licensing. A copy of the Imposition of Civil Fine and Order, as adopted, is enclosed.

If you wish to pay with a credit card, a payment form has been included for your convenience.

Please be advised that your company was under official investigation by the Alaska Board. You may be required to report this license action and to disclose it when applying for licensure in other states. Should you have any questions regarding this matter, please do not hesitate to contact me at the address and telephone number listed above.

Sincerely,

IMPOSITION OF CIVIL FINE
Case # 2022-000215

I, TROY SUESSMUTH, as an agent for Almac Clinical Services, LLC admit and agree the Alaska Board of Pharmacy (Board) has jurisdiction over the subject matter of Out-of-State Pharmacy License No. 176111, and over this Imposition of Civil Fine.

1. On January 11, 2022, we appointed a new Pharmacist-in-Charge. On January 31, 2022, the Board received our Change of Facility Manager form with the new Pharmacist-in-Charge notification; 20 days after the Pharmacist-in-Charge change occurred. **This is a violation of 12 AAC 52.200(c).**

We admit that as a result of these facts, grounds exist for possible denial of licensure or other disciplinary sanctions of my license pursuant to AS 08.01.75 and 12 AAC 52.200(c). We are agreeing to this Imposition of a Civil Fine of two hundred dollars ($200) in cash, certified check, or money order payable to the **"State of Alaska"** within ninety (90) days after this Imposition of Civil Fine is accepted by the Board.

We have the right to consult with an attorney, and a right to an administrative hearing on the facts in this case. We understand and agree by voluntarily signing this Imposition of Civil Fine, we are waiving our rights to counsel and to a hearing on this matter.

ORDER

The Alaska Board of Pharmacy (Board), having examined the Imposition of Civil Fine, Case No. 2022-000215, regarding license number 176111, for failure to timely notify the Board of a Pharmacist-In-Charge change, hereby adopts the Imposition of Civil Fine.

The Board has determined this is a technical violation of professional licensing statutes and regulations, therefore this matter can be resolved with a civil fine.

This Imposition of Civil Fine takes effect immediately upon signature of this Order in accordance with the approval of the Board.

Re: Case No. 2021-001208 Corrected Order

Dear Troy Suessmuth,

There was a correction made to the date the Imposition of Civil Fine Board Order was signed. The date adopted and signed was June 16, 2022 and not June 24, 2022. This letter shall serve as formal notice to you that the Alaska Board of Pharmacy, during its June 16, 2022 meeting, adopted the Imposition of Civil Fine, presented to the Board by members of the staff from the Division of Corporations, Business and Professional Licensing. A copy of the Imposition of Civil Fine and Order, as adopted, is enclosed. Our records indicate that you have paid your fine.

Please be advised that your company was under official investigation by the Alaska Board. You may be required to report this license action and to disclose it when applying for licensure in other states. Should you have any questions regarding this matter, please do not hesitate to contact me at the address and telephone number listed above.

Sincerely,

IMPOSITION OF CIVIL FINE
Case # 2021-001208

I, TROY SUESSMUTH, as an agent for Almac Clinical Services, LLC, admit and agree the Alaska Board of Pharmacy (Board) has jurisdiction over the subject matter of my Out-Of-State Pharmacy License No. 177964, and over this Imposition of Civil Fine.

1. On September 27, 2021, we appointed a new Pharmacist-in-Charge. On November 15, 2021, the Board received our Change of Facility Manager form with the new Pharmacist-in-Charge notification; 50 days after the Pharmacist-in-Charge change occurred. **This is a violation of 12 AAC 52.200(c).**

We admit that as a result of these facts, grounds exist for possible denial of licensure or other disciplinary sanctions of my license pursuant to AS 08.01.75 and 12 AAC 52.200(c). We are agreeing to this Imposition of a Civil Fine of three hundred dollars ($300) in cash, certified check, or money order payable to the **"State of Alaska"** within ninety (90) days after this Imposition of Civil Fine is accepted by the Board.

We have the right to consult with an attorney, and a right to an administrative hearing on the facts in this case. We understand and agree by voluntarily signing this Imposition of Civil Fine, we are waiving our rights to counsel and to a hearing on this matter.

ORDER

The Alaska Board of Pharmacy (Board), having examined the Imposition of Civil Fine, Case No. 2021-001208, regarding license number 177964, for failure to timely notify the Board of a Pharmacist-in-Charge change, hereby adopts the Imposition of Civil Fine.

The Board has determined this is a technical violation of professional licensing statutes and regulations, therefore this matter can be resolved with a civil fine.

This Imposition of Civil Fine takes effect immediately upon signature of this Order in accordance with the approval of the Board.

In the Matter of	)	
	)	Case No. 21-057
ALMAC CLINICAL SERVICES, LLC	)	
Registration No. 5-110642	)	

STIPULATION AND CONSENT ORDER

IT IS HEREBY STIPULATED AND AGREED by and between the Kansas Board of Pharmacy (the "Board") and Almac Clinical Services, LLC located in Souderton, Pennsylvania ("Respondent") as follows:

1. The Board is represented herein by its attorney, Brenda L. Head of Frieden & Forbes, LLP, 1414 SW Ashworth Place, Suite 201, Topeka, Kansas 66604. The Respondent is represented herein by its attorney, Emma McAllister, VP Corporate & Legal, Almac Group, Almac House, 20 Seagoe Industrial Estate, Craigavon, BT63 5QD, Northern Ireland.

2. The Board is the Kansas agency vested with the authority to carry out and enforce the provisions of the Kansas Pharmacy Law, K.S.A. 65-1626 *et seq.*, ("Act") including conducting hearings and proceedings to revoke, suspend or otherwise discipline a Kansas registration to operate as a non-resident wholesale distributor.

3. Respondent has made application to be registered by the Board as a non-resident wholesale distributor and was issued the conditional registration number 5-110642.

4. The Board's Investigation Member has received certain information, investigated and determined that there are reasonable grounds to believe that Respondent has committed one or more actions in violation of the Act which would justify the revocation or imposition of other disciplinary action against its Kansas Registration under the provisions of K.S.A. 65-1627(f) and

the assessment of an appropriate fine against Respondent under the provisions of K.S.A. 65-1658.

5. Respondent hereby waives any further proof in this or any other proceeding before or initiated by the Board with respect to this matter, and upon motion duly made, seconded, and passed, the Board finds that:

A. On August 29, 2019, respondent submitted a Non-Resident Facility application to the Board. On October 4, and 7, 2019, the Board lawfully requested a satisfactory inspection dated within the last three (3) years which was required for registration by the Board.

B. Respondent failed to provide the Board with the requested satisfactory inspection and withdrew their application on November 22, 2019.

C. On September 17, 2020, Respondent submitted a Non-Resident Facility application to the Board which included a July 13, 2020 satisfactory inspection report from the Commonwealth of Pennsylvania Department of Health.

D. K.S.A 65-1643(c) provides that it is unlawful for any entity to distribute at wholesale any drugs in Kansas without a registration issued by the Board.

E. On Respondent's Supplemental Application Form S-350 dated August 5, 2020, Respondent self-reported shipping drugs and/or devices into Kansas eighty-eight (88) times in the previous 12 months when Respondent did not have a registration to do so in violation of K.S.A. 65-1643(c).

6. Upon motion duly made, seconded and passed, the Board finds and concludes that the conduct and violations found in the preceding paragraphs constitute violates the Act and the Regulations of the Board and are therefore grounds for disciplinary action against the

Respondent's Kansas Registration provided for herein, pursuant to K.S.A. 65-1643(c), 65-1655 and 65-1627(f)(6).

7. The Board finds, concludes, and orders that the following disposition is just and appropriate under the circumstances:

A. ADMINISTRATIVE FINE. Within ten (10) days of the Board entering the Consent Order provided for herein, Respondent shall pay to the Kansas Pharmacy Board an administrative fine in the total amount of Ten Thousand Dollars ($10,000.00) [$5,000.00 fine for unlawful shipping without a registration and $5,000.00 fine for failing to respond to the Board's lawful request].

B. PROBATION. Respondent's Kansas Registration shall be placed on probationary status for a period of 5 years from the effective date of the Stipulation and Consent Order contemplated hereby ("Probation Period"). During the Probationary Period, the Respondent shall:

i. Provide the Board with un-redacted copies of any disciplinary action taken by a federal or state regulatory agency within ten (10) days of receipt;

ii. Provide the Board with un-redacted copies of Respondent's Kansas shipping manifest prior to entry into this Stipulation and Consent Order and every six (6) months thereafter during the probationary period; and

iii. Respondent shall obtain a satisfactory NABP inspection within eighteen (18) months of entry of this Stipulation and Consent Order and provide the Board with proof of the same.

C. CONDITIONAL REGISTRATION. It is agreed that upon Respondent's execution of this Stipulation, Respondent will be issued a conditional registration as a Non-Resident Kansas Wholesale Distributor Registration ("Respondent's Registration"), subject to

the Probation Period requirements provided for herein, which will expire on the date of the next meeting of the Board at which approval of this Stipulation and Consent Order is considered. If the Board approves and adopts this Stipulation and Consent Order anticipated hereby, Respondent's Registration shall become unconditional, subject to the Probation Period requirements provided for herein .

D. OTHER REQUIREMENTS. Respondent acknowledges and agrees that as a condition of this Stipulation and Consent Order it must, and the Board further orders the Respondent to:

i. Comply fully with this Stipulation and Consent Order; and

ii. Comply fully with the Kansas Pharmacy Act, the Board's rules and regulations and all state and federal laws relating to Kansas pharmacies.

8. Respondent agrees that all information in the possession of the Board's Investigation Member, its staff, its investigators and or its attorney regarding the investigation which lead to this disciplinary action and all information discovered during the pendency of the disciplinary action may be disclosed to and considered by the Board as part of the presentation and consideration of the proposal of settlement in the form of this Stipulation and Consent Order and the Final Order provided for herein, with or without the presence of the Respondent or its attorney. In the event that this Stipulation and Consent Order and the Final Order provided for herein are not accepted and approved by the Board, the Respondent further waives any objection to the Board members' consideration of this Stipulation and Consent Order or the information mentioned in the preceding sentence and further agrees to waive any claim of due process violation or the right to seek the disqualification of any Board member as a result of the Board member's consideration of said document and information.

DocuSign Envelope ID: 0216ECAD-4664-44F1-BF9C-1B7DA9F3DAE6

9. The stipulations contained herein shall not become binding until this Stipulation and Consent Order is approved by the Board and the Consent Order provided for herein is entered by the Board. If the Board fails to approve this Stipulation and Consent Order, it shall be of no force or effect to either the Board of the Respondent. The Respondent acknowledges that the approval of the Board's Investigation Member or its attorney shall not constitute the approval of the Board or bind the Board to approve this Stipulation and Consent Order.

10. The Respondent agrees that this Stipulation and Consent Order is in conformance with Kansas and federal law and the Board has jurisdiction to enter into it and enter the Final Order provided for herein. The Respondent further agrees, for purposes of this matter, that the Kansas Pharmacy Act, K.S.A. 65-1626 *et seq.* is constitutional on its face and as applied in this case.

11. This Stipulation constitutes the entire agreement of the parties and may only be modified by a subsequent writing signed by them. The agreement shall be interpreted in accordance with the laws of the State of Kansas.

12. The Respondent acknowledges that it has the following rights:

A. To have formal notice of charges served upon it;

B. To file a response to the charges;

C. To have notice of and participate in a formal adjudicative hearing with the Board or its designee making specific findings of facts and conclusions of law based only upon evidence admitted at such hearing; and

D. To take advantage of all applicable provisions of the Kansas Administrative Procedure Act, K.S.A. 77-501 *et seq.* and the Kansas Judicial Review Act, K.S.A. 77-601 *et seq.*

DocuSign Envelope ID: 0216ECAD-4664-44F1-BF9C-1B7DA9F3DAE6

The Respondent freely waives these rights and acknowledges that said waiver is made voluntarily and in consideration of the Board's limiting the disciplinary action taken against it to those provided for herein. The Respondent further waives the right to seek reconsideration or appeal or otherwise contest this Stipulation and Consent Order provided for herein.

13. The Respondent acknowledges that it enters into this Stipulation and Consent Order freely and voluntarily after consultation with counsel of its choosing. The Respondent further acknowledges that it has read this Stipulation and Consent Agency order in its entirety, that it understands its legal consequences and that it agrees that none of its terms are unconscionable, arbitrary, or capricious.

14. Time is of the essence to this Stipulation and Consent Order. Respondent acknowledges and agrees that any violation of this Stipulation and Consent Order shall constitute a willful violation of a lawful Board order and grounds for further disciplinary action against it. The pendency of any disciplinary action arising out of an alleged violation of this Stipulation and Consent Order shall not affect the obligation of Respondent to comply with all terms and conditions of this Stipulation and Consent Order.

15. This Stipulation and Consent Order constitutes the entire and final agreement of the parties. In the event any provision of this Stipulation and Consent Order is deemed invalid or unenforceable by a court of competent jurisdiction, it shall be severed and the remaining provisions of this Stipulation and Consent Order shall be given full force and effect.

16. Upon approval and entry of this Final Order by the Board, this Stipulation and Consent Order shall be a public record in the custody of the Board.

17. This Stipulation and Consent Order shall become effective on the day it is approved, accepted, and made an order of the Board by way of signature of the Board's authorized representative.

18. The Respondent acknowledges that it has been advised by the Board that it would have the right within 15 days after service of the Final Order provided for herein to file a petition for reconsideration with the Board and the right within 30 days after service of the Final Order provided for herein to file a petition for judicial review in the District Court of Shawnee County, Kansas in accordance with the Kansas Judicial Review Act, K.S.A. 77-601 *et seq.* and to serve such a petition for judicial review on the Kansas Board of Pharmacy by serving Alexandra Blasi, JD, MBA, its Executive Secretary at 800 SW Jackson St., Suite 1414, Topeka, KS 66612. The Respondent hereby waives those rights.

Souderton, PA 18964

SETTLEMENT AGREEMENT WITH THE STATE OF OHIO BOARD OF PHARMACY

This Settlement Agreement (Agreement) is entered into by the State of Ohio Board of Pharmacy (Board) and Almac Clinical Services, LLC (Almac), for the purpose of resolving all issues between the parties relating to the Board investigation of sales of dangerous drugs, including controlled substances, while operating without a Board-issued license. Together, the Board and Almac are referred to hereinafter as "the parties."

JURISDICTION

1. Pursuant to Section 4729.56 of the Ohio Revised Code and the rules adopted thereunder, the Board has the authority to suspend, revoke, restrict, limit, or refuse to grant or renew any license issued pursuant to Section 4729.52 of the Ohio Revised Code.

2. Pursuant to ORC Section 4729.52(G)(1)(c)(ii), if a complete application for renewal has not been submitted by the sixty-first day after the renewal date specified in rules adopted by the board, the license is considered void and cannot be renewed, but the license holder may reapply for licensure.

3. Almac Clinical Services, LLC, submitted an application for reinstatement of Wholesaler Distributor of Dangerous Drug License, No. 01-2234800, which lists Troy Sussmuth, as the Responsible Person. All documents required per the terms of the reinstatement application were submitted by December 24, 2020.

FACTS

1. The Board initiated an investigation of Almac, Wholesaler Distributor of Dangerous Drugs License No. 01-2234800, related to Almac's illegal sales of dangerous drugs, including controlled substances, without a Board-issued license.

DocuSign Envelope ID: D01D2B7A-8945-4011-A8D8-124E95AABB14

2. On or about March 9, 2021, the Board sent a Notice of Opportunity for Hearing to Almac, which outlined the allegations and provided notice of its right to a hearing, its rights in such hearing, and its right to submit contentions in writing.

3. On or about April 5, 2021, Almac requested a hearing which was subsequently scheduled for August 10, 2021 and continued to a future date to pursue settlement negotiations.

WHEREFORE, the parties desire to resolve the issues relating to the above-referenced findings without resorting to further administrative or judicial proceedings.

TERMS

NOW THEREFORE, in consideration of the mutual promises herein expressed, the parties knowingly and voluntarily agree as follows:

1. The recitals set forth above are incorporated in this Settlement Agreement as though fully set forth herein.

2. Almac neither admits nor denies the allegations stated in the Notice of Opportunity for Hearing letter dated March 9, 2021; however, the Board has evidence sufficient to sustain the allegations, finds them to violate Ohio's pharmacy law as set forth in the Notice, and hereby adjudicates the same.

3. Almac agrees to pay to the Board a monetary penalty in the amount of $5,000.00. This fine will be attached to your license record and must be paid no later than 180 days from the effective date of this Agreement. To pay this fine you must login to www.elicense.ohio.gov and process the items in your cart.

4. Almac's Wholesale Distributor of Dangerous Drugs license will be reinstated subject to satisfactory completion of all application and inspection requirements and payment of the fine.

5. Almac agrees and acknowledges that this Board disciplinary action must be disclosed to the proper licensing authority of any state or jurisdiction, as required by any such state or jurisdiction, in which it currently holds a professional license, including the Board on renewal applications or applications for a new license.

6. Almac agrees to comply with all federal and state requirements related to Wholesale Distributors of Dangerous Drugs, including but not limited to, Ohio Revised Code Chapter 4729. and the Rules adopted thereunder, Chapter 3719. and the Rules adopted thereunder, Chapter 3715. and the Rules adopted thereunder as well as the "Federal Food, Drug, and Cosmetic Act," 52 Stat. 1040 (1938), 21 U.S.C.A. 301 and Chapter 21, Section 360 of the United States Code, and Section 207.20 of the Code of Federal Regulations. Any violation by Almac of the terms of one or more federal or state requirements may constitute sufficient grounds for further enforcement action related to any licenses granted to Almac by the Board and will NOT discharge Almac from any obligation under the terms of this Agreement.

DocuSign Envelope ID: D01D2B7A-8945-4011-A8D8-124E95AABB14

7. Almac agrees to pay all reasonable costs associated with the collection of any payment, and of the prosecution of any violation of this Agreement.

8. Almac understands that it has the right to be represented by counsel for review and execution of this agreement.

9. This Agreement is binding upon any and all successors, assigns, affiliates, and subsidiaries of the parties or any other corporation through whom or with whom Almac will operate.

10. Almac explicitly withdraws its request for administrative hearing, waives its right to a hearing and an opportunity to be heard pursuant to Chapter 119. of the Ohio Revised Code, and waives any right to an appeal.

11. This Agreement may be executed in counterparts or facsimiles, each of which shall be deemed an original, but all of which shall constitute one and the same instrument.

12. All parties to this Agreement understand that this document is a public record pursuant to Ohio Revised Code Section 149.43.

13. This Agreement contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies the terms of this Agreement.

14. This Agreement shall become effective upon the date of the Board President's signature below.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the parties to this Agreement have executed it and/or cause it to be executed by their duly authorized representatives.

Re: U.S. FDA Drug Establishment Registration Renewal Certificate

Good Day,

We enclose the Certificate of Registration issued by Registrar Corp verifying that your firm's drug establishment registration has been electronically updated with FDA for Fiscal Year 2024 (FY2024).

The Food and Drug Administration Safety and Innovation Act of 2012 ("FDASIA"), which was signed into law on July 9, 2012, requires that all registrants renew their Drug Establishment Registrations between October 1 and December 31 of each year. To comply with this statutory requirement, we submitted your registration during this period. Your next renewal period will be October 1 to December 31, 2024. You will be sent documents to verify the accuracy of your information again at that time.

Registrar Corp will send you color copies of your certificates by email. You may wish to use the electronic version to forward copies of your company's certificates to your customers and suppliers so they are aware that your company has complied with FDA's registration requirements. Please note, however, that pursuant to 21 CFR § 207.77(a), "Registration of an establishment or listing of a drug does not denote approval of the establishment, the drug, or other drugs of the establishment, nor does it mean that a product may be legally marketed. Any representation that creates an impression of official approval or that a drug is approved or is legally marketable because of registration or listing is misleading and constitutes misbranding." This means that the enclosed certificate does not denote endorsement or approval by the U.S. FDA, and it should not be used to suggest such an inference.

As your Registrant Contact, Registrar Corp will continue to serve as a communications link between the U.S. FDA and your company for your electronic submissions. If we receive any correspondence from the U.S. FDA for your company regarding your electronic submissions, we will notify you by fax, email, or phone. In addition, we will be pleased to complete electronic submissions for any drug products not already listed with the U.S. FDA which you may introduce to market.

Please contact us if you have any questions or need additional help with FDA compliance.

Sincerely,

David Lennarz
President

CERTIFICATE OF REGISTRATION

This certifies that:

Almac Clinical Services, LLC
25 Fretz Road
Souderton, PA 18964
United States

is registered with the U.S. Food and Drug Administration for the statutory filing period applicable to U.S. FY 2024 pursuant to part 207 of Title 21, U.S. Code of Federal Regulations.

Filing was performed during the October 1 - December 31, 2023 statutory period, and renewal is not required until the next statutory period of October 1 - December 31, 2024. Registrar Corp will confirm that such registration remains effective upon request and presentation of this certificate, until the end of the year stated above, unless terminated after issuance of this certificate. Registrar Corp makes no other representations or warranties, nor does this certificate make any representations or warranties to any person or entity other than the named certificate holder, for whose sole benefit it is issued. Registrar Corp assumes no liability to any person or entity in connection with the foregoing. Registration of a drug establishment or drug wholesaler, or assignment of a registration number, or assignment of a NDC number does not in any way denote approval of the firm or its products by the U.S. Food and Drug Administration. Any representation that creates an impression of official approval because of registration or possession of registration number or NDC number is misleading and constitutes misbranding. The U.S. Food and Drug Administration does not issue a certificate of registration, nor does the U.S. Food and Drug Administration recognize a certificate of registration. PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 0836827

Application/License No. _____

Almac Clinical Services, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 25 Fretz Road, Souderton, PA 18964 (Address of Applicant/Principal), as PRINCIPAL, and Harco National Insurance Company (Surety Company), a corporation organized under the laws of the state of Illinois (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 4200 Six Forks Rd, Suite 1400, Raleigh, NC 27609 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 09/06/2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 6th day of September, 2023.

Address of Surety
SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on March 1, 2024.
Effective Date

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 26th day of February, 2024.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 4187089

Application/License No. _____

CARNEGIE PHARMACEUTICALS LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 600 DELRAN PKWY, UNIT C, DELRAN, NJ, 08075 (Address of Applicant/Principal), as PRINCIPAL, and Great American Insurance Company (Surety Company), a corporation organized under the laws of the state of Ohio (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 301 E 4th Street CINCINNATI OH 45202 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on Feb 01, 2024 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 02nd day of February, 20 24.

PROFILE

A pharmaceutical entrepreneur who has successfully set-up pharmaceutical companies and launched several challenging generic and branded products

SUMMARY OF EXPERIENCE & QUALIFICATIONS

Business

Strong in-depth knowledge of starting up a specialty pharmaceutical company and turning into a profitable business over a period of 6 years. Business expertise includes building a management team, product selection, patent evaluations and legal strategies. Developed and submitted 60 plus ANDAs, INDs, DMFs and Citizen Petitions.

Scientific

Innovative skills in developing immediate-release and extended-release solid dosage forms of poorly water-insoluble drugs. Worked on 100 plus water-insoluble compounds (approved molecule and NCEs). Developed ANDAs of extremely water-insoluble drugs that were first-to-be in the market. Special skills in developing stable amorphous raw materials and filing patent challenges related to crystalline patents (e.g., Amorphous Adefovir Dipivoxil raw material, Amorphous Asenapine Maleate Raw Material, Amorphous Dofetilide raw material, etc.). Expertise in predicting the in-vivo behavior by developing discriminating dissolution test and accordingly design biostudies.

Regulatory

Conducted 6 GMP Inspections for finished dosage form and API manufacturing plant and 1 Post Marketing Inspection. Filed 10 plus Paragraph-IV submissions, Citizen Petitions, ANDAs, DMFs and IND submissions. Helped partnering companies (API Vendors and CROs) in preparing for USFDA Inspections and fix their compliance issues.

Academic

Authored patents and publications, and presented several articles to the scientific community. First Ph.D. student from the graduate from the doctorate program in pharmaceutics at Long Island University.

Director of Product Development

Recruited to build the Rx business. The managerial responsibilities setting up facility in New Jersey and in Hyderabad, India. On the scientific end, responsibilities include Drug Selection, API Sourcing, Pre-formulation, Pilot Scale Development, Scale-up, Biobatch manufacturing, Pilot & Pivotal Biostudies, ANDA

Submissions, Post Approval FDA correspondence and Process.

- Set-up a GMP Plant in New Jersey
- Set-up a R&D Facility in Hyderabad, India
- Recruit highly qualified scientists, build product development department and establish systems and procedures to integrate R&D programs at New Jersey & India with Manufacturing program at Michigan
- Oversee day-to-day operations at Piscataway, New Jersey
- Manage R&D projects being developed in collaboration with Pharma Companies worldwide

07/1999 – 07/2004 **Mutual Pharmaceutical Company, Inc., Philadelphia**

Director of R&D

Managed the R&D program of 30-40 products and 50 plus personnel. Responsible for leading Formulation and Analytical Departments to achieve the goal of submitting 10 ANDA'S per year. Responsibilities include Patent Evaluations, Drug Selection, API Sourcing, Pre-formulation, Pilot Scale Development, Scale-up, Biobatch Manufacturing, ANDA Submission and Process Validation.

- Submitted 45 ANDAs and 3 INDs in 5 years (including 5 Paragraph IV submissions)
- Managed an annual budget of 20MM+
- Managed the client-sponsored projects (Poorly water soluble NCEs from Brand Pharmaceuticals)

01/1998 – 07/1999 **Barr Laboratories Inc., Pomona, NY**

Formulation Scientist

Worked on several ANDA projects. One of these projects (development of a tablet dosage form of high dose and poorly compressible active compound) resulted into a Brand product, Mylocel Tablets (Hydroxyurea tablets, 1000 mg)

06/1997 – 08/1997	**Novartis Pharmaceuticals Corporation, New Jersey** **Summer Intern: Formulations (Solids)**
06/1994 – 08/1994	**Barr Laboratories Inc., Pomona, NY** **Summer Intern: Formulations (Solids)**
12/1990 – 12/1991	**Boots Pharmaceuticals Co. Ltd, Mumbai, India** **Graduate Apprentice (Solids, Liquids & Semisolids)**

EDUCATION

09/1992– 02/1998	**Doctor of Philosophy** **Long Island University, College of Pharmacy, NY** **Major: Pharmaceutics** **Advisor: Spiro Spireas, Ph.D.** Thesis: "Pactisity Testing – A new approach to compaction evaluation". A new concept to study the compaction characteristics of powder excipients was developed.
07/1986– 05/1990	**Bachelor of Sciences** **Gulbarga University, Gulbarga, India** **Major: Pharmacy**

PATENTS

Highly stable compositions of orally active nucleotide analogues or orally active nucleotide analogue prodrugs

Application number: 20120196834
Brief Abstract: Disclosed are highly stable compositions having outstanding storage stability and/or demonstrating exceptional resistance to aqueous solution degradation, the composition including an orally active nucleotide analogue or an orally active nucleotide analogue prodrug, which is orally bioavailable, such as adefovir dipivoxil and tenofovir disoproxil.

Dear Sir or Madam,

We have received your registration and listing information for the following medical device establishment

Establishment Name	COLOPLAST CORP.
Establishment Address	4008 HERITAGE DRIVE
	BROOKSHIRE, TEXAS 77423
	UNITED STATES

The information submitted has been processed and entered into the FDA Registration and Device Listing Database. Your device establishment is now considered registered. You will be notified of your official registration number within 90 days.

Once you receive a registration number, you are required to re-register on an annual basis from October through December. Failure to re-register every year will invalidate your registration and result in your device establishment and listing information being removed from the FDA Medical Device Registration and Listing Web site.

For inquiries about the status of your registration or assignment of your registration number, please contact the Registration and Listing Program Office at reglist@cdrh.fda.gov or calling (301) 796-7400.

If you have any questions regarding FDA policy related to the Registration and Listing program, please contact the Registration and Listing staff at device.reg@fda.hhs.gov or calling (301) 796-7400.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 20BSBJC9456

Application/License No. _____

Coloplast Manufacturing US, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 4008 Heritage Drive, Brookshire, TX 77423 (Address of Applicant/Principal), as PRINCIPAL, and Hartford Fire Insurance Company (Surety Company), a corporation organized under the laws of the state of Connecticut (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 1111 Northshore Drive, Knoxville, TN 37919 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on February 1, 2024 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 30 day of November, 2023.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 9397177

Application/License No. _____

CTI BioPharma Corp (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 3101 Western Avenue, Suite 800, Seattle, WA 98121 (Address of Applicant/Principal), as PRINCIPAL, and Fidelity and Deposit Company of Maryland (Surety Company), a corporation organized under the laws of the state of Illinois (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 1299 ZURICH WAY, 5TH FLOOR, SCHAUMBURG, IL 60196-1056 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on December 27, 2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 27th day of December, 20 23.

EXECUTIVE LEADER, TECHNICAL OPERATIONS

Highly accomplished technical and operating pharmaceutical industry leader with a successful track record in developing and commercializing NDA/MAA, 505(b)2, IND/IMPD and fast-track status products. Drive planning and implementation of strategies, processes, manufacturing scale-up & best practices, and controls, ensuring regulatory compliance and approval readiness. Direct and manage IND/IMPD, NDA/MAA, CMC and manufacturing, clinical pharmacology, post-approval changes, regulatory inspections, and commercialization activities. Lead development strategies for technical operations, including defining priorities for the team, driving due diligence, and best practices to achieve successful manufacturing efficiency. Expertise in contract negotiation, budget management, and leading and inspiring team performance related to early through late-stage product development and market launch.

Core Competencies Include:

CMC & Technical Operations | Drug Development | Manufacturing & Supply Chain | Contracts negotiation
Regulatory | Quality Assurance | Commercialization | Portfolio Development / Clin pharmacology
Team Leadership & Development | Budget Planning & Management | Life Cycle Management

PROFESSIONAL EXPERIENCE

CTI Biopharma | Seattle, WA 2015-Present
Senior VP, Global Pharmaceutical Operations (CMC) & Drug Development (2018-Present)
VP, Global Pharmaceutical & Quality Operations (2017); *VP, Global Pharmaceutical Operations* (2015-2017)

Managed $80M+ budget and lead multidisciplinary teams executing Technical Operations, product development, regulatory approvals, and commercialization for this virtual biopharmaceutical company focused on acquiring, developing, and commercializing therapies for blood-related cancers. Cultivate business relationships internally and with CMOs and Servier and Shire business partners globally to support manufacturing operations.

Highlighted Responsibilities:

- Provide technical and strategic leadership for global CMC development, manufacturing, analytical, supply chain and quality operations, IP, and regulatory strategy, clinical pharmacology, and portfolio development.
- Establish CMC and technical operations team and build business processes to ensure uninterrupted clinical and commercial product supply. Lead GAP assessment and continuous process improvement strategies.
- Develop corporate goals, identify new products, support financial and M&A due diligence, and develop company policies. Negotiate supply agreements/MSAs, develop and manage operations budget.
- Streamline cross-functional communication, business practices, and harmonize technology operations.

Key Achievements:

- **Drove successful NDA/MAA filing** of 2 heme-oncology/immune-inflammatory products (VONJO® (Oral) and Pixvuri® injectable). Developed and executed global end-to-end supply strategy for clinical and commercial products. Strategies built to ensure product in commercial distribution within 10 days of FDA approval.
- **Successfully led CMC and manufacturing teams, managing CMO activities** for API and drug products and received regulatory approval for CMO sites. Implemented risk mitigation plans to ensure uninterrupted supply.
- **Devised CMC and clinical pharmacology regulatory strategy for products** and led FDA & EMA Pre-NDA/EOP2 CMC submissions and PAI audits for all CTI development molecules. Planned and led DDI clinical studies.
- **Negotiated MSA/supply contracts** and reduced manufacturing costs by over 20%. Managed a budget of over $80M while successfully overseeing CMC development and technical operations.
- **Identified lifecycle management options for lead molecules.** Conducted due diligence for in-licensing and supported due diligence by Servier for Pixuvri out-licensing.
- **Increased productivity and cost savings** through organizational redesign and realignment of Tech Ops team. Streamlined cross-functional, external partners (Shire & Servier) and CMOs' communication.
- **Implemented quality,** serialization, e-Quality systems, and supply chain management process and practices.

PROFESSIONAL EXPERIENCE – CONTINUED

SIGA TECHNOLOGIES | Corvallis, OR 2007-2015

SVP, Drug Development & Manufacturing (2012-2015); *VP, Drug Development & Manufacturing* (2009-2012)

Served in strategic thought leadership management role with authority for defining R&D, product/process and analytical development, drug delivery, validation, CMO selection, manufacturing, supply chain, CMC regulatory, optimization, DMPK, IP strategy, and M&A efforts. Managed and reported on $150M budget.

Highlighted Responsibilities:

- Built and led CMC, technical operations, project management, manufacturing (API and product), analytical, supply chain, non-clinical development teams.
- Defined drug development strategy for IND/NDA filing. Managed IND/NDA CMC strategy and regulatory submission. Negotiated with FDA on product specification, validation, and shelf life.
- Identified, engaged, and managed CDMOs/CROs. Negotiated CMO contracts through stage-gate approach.
- Established and led teams to ensure uninterrupted supply of clinical and commercial products. Supported in-licensing, M&A opportunities, lead selection, and policies.

Key Achievements:

- **Realized successful NDA filing,** PAI inspection, and received FDA approval for various TPOXX® dosage forms.
- **Generated $200M+ in revenue** through commercial product supply and cost reduction strategies.
- **Developed CMC regulatory strategies** and authored/reviewed CMC and clinical pharm sections.
- **Developed various dosage forms,** including solid orals, geriatric/pediatric, injectable, nanoparticles and lyophilized products, pediatric, drug delivery combo, and topical products to support phase I-III clinical trials.
- **Supported lead optimization** for Dengue, Lassa, Ebola, and other antiviral pipeline compounds.

Director of CMC & Formulation (2007-2009)

Established state-of-the-art product development facilities. Led CMO and CRO selection process and negotiated clinical and commercial manufacturing contracts. Built technical operations processes and improved resource utilization company-wide. Supported due diligence, in-licensing, IP, and global product development strategies.

Key Achievements:

- **Recruited and built new CMC/MFG, technical operations,** analytical, quality, and PK/tox department.
- **Demonstrated viability of developing ST-246 oral, injectable, topical, and suspension dosage form** for commercialization and generated $40M in funding for development.
- **Created regulatory filing documents** of ST-246, briefing packages to FDA/EMA for CMC and DMPK. Attended FDA meetings as part of pre-IND and IND/EOP-2/Pre-NDA meetings.
- **Designed QbD process, registration manufacturing, and risk mitigation plans.** Negotiated with FDA on CMC regulatory strategy and critical specification for lead products.
- **Led clinical and registration lots manufacturing for lead molecules.** Achieved validation of API and drug product manufacturing for various products.
- **Led optimization and IND filing** for Lassa, dengue, Ebola, and a broad-spectrum antiviral.
- **Developed product lifecycle management strategies** and received 5 patents.

LIPOCINE INC. | Salt Lake City, UT 2004-2007

Lipid Formulation Specialist, Lipocine Inc. (2005-2007)

Post-doctoral Fellow with Professor W.I. Higuchi, University of Utah (2004-2005)

Identified and evaluated potential product candidates for portfolio development. Managed scientists and developed patentable, value-added immediate and controlled-release products for poorly absorbed drugs. Participated in product development process; developed drug delivery platform technologies, PK review, and dose selection.

SHANTHAKUMAR TYAVANAGIMATT, PH.D., MS (PHARM), PMP | 3

LIPOCINE INC. – CONTINUED

Key Achievement:

- **Developed and patented fast-acting meloxicam for new indications.** Developed lipid delivery systems to improve oral bioavailability and clinical PK profile for Rapamune, testosterone undecanoate, Marinol, megestrol, and biologicals.

Conceptualized CMC and commercial manufacturing strategies for phase I-III studies and NDA filing.

DR. REDDY'S LABORATORIES LTD. | Hyderabad, India 2002-2004

Associate Director, Formulation, R&D (2004); *Principal Scientist, Formulation R&D* (2002-2004)

Set up CMC facility and team to support formulation process and analytical development of new products. Developed and commercialized several solid orals, liquids, and injectable dosage forms.

Key Achievements:

- **Developed products** to support phase I-III clinical trials and commercial launch and reviewed several FDA/EMA CMC IND and NDA regulatory submissions.
- **Developed drug delivery platforms** and manufacturing processes for challenging drugs.
- **Supported due diligence by Novo-Nordisk** for out-licensing antidiabetic lead molecules

RANBAXY RESEARCH LABORATORIES | India 1998-2002

Research Scientist, Pharma R&D (1998-2000); *Senior Scientist, Pharmaceutical R&D* (2000-2002)

Developed and manufactured dosage forms for clinical trials and commercial launches. Served on management team to identify new products for development. CMC representative for all discovery projects. Developed cost-effective generic oral and parenteral dosage forms, achieving approval of numerous products in ANDA and 505(b)2 NDA submissions.

Key Achievements:

- **Assumed critical leadership role in product/CMC development** and IND filing of RBx 2258 (BPH), RBx 7796 (asthma), RBx 7644 (antibacterial), and RBx 9001 (urology).
  - Supported due diligence for licensing RBx 2258 product to Schwarz Pharma, that led to $50M+ in licensing fees.
- **Set up innovative facility and developed a team** for conducting pre-formulation, formulation development, stability studies, and insoluble drug delivery systems.
- **Developed parenteral, oral solids, and delivery systems** for poorly soluble molecules using complexation, spray drying, nanotechnology, lipids, and micellar solubilization.

NDA 208712

ACCELERATED APPROVAL

CTI BioPharma Corp
Attention: John Volpone
Sr. Vice President, Strategic Operations
3101 Western Avenue #800
Seattle, WA 98121

Dear Mr. Volpone:

Please refer to your new drug application (NDA) dated and received March 30, 2021, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Vonjo (pacritinib) capsules.

We acknowledge receipt of your major amendment dated November 24, 2021, which extended the goal date by three months.

This NDA provides for the treatment of adults with intermediate or high-risk primary or secondary (post-polycythemia vera or post-essential thrombocythemia) myelofibrosis with a platelet count below 50 × 10^9/L.

APPROVAL & LABELING

We have completed our review of this application, as amended. It is approved under the provisions of accelerated approval regulations (21 CFR 314.500), effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

Marketing of this drug product and related activities must adhere to the substance and procedures of the referenced accelerated approval regulations.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, submit the content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format using the FDA automated drug registration and listing system (eLIST), as described at FDA.gov.[1] Content of labeling must be identical to the enclosed labeling text for the Prescribing Information and Patient Package Insert. Information on submitting SPL files

[1] http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm

using eLIST may be found in the guidance for industry *SPL Standard for Content of Labeling Technical Qs and As.*[2]

The SPL will be accessible via publicly available labeling repositories.

CARTON AND CONTAINER LABELING

Submit final printed carton and container labeling that are identical to the enclosed carton and container labeling, as soon as they are available, but no more than 30 days after they are printed. Please submit this labeling electronically according to the guidance for industry titled *Providing Regulatory Submissions in Electronic Format — Certain Human Pharmaceutical Product Applications and Related Submissions Using the eCTD Specifications (April 2018, Revision 5)*. For administrative purposes, designate this submission "**Final Printed Carton and Container Labeling for Approved NDA 208712**." Approval of this submission by FDA is not required before the labeling is used.

DATING PERIOD

Based on the stability data submitted to date, the expiry dating period for Vonjo (pacritinib) capsules shall be 60 months from the date of manufacture when stored at 25°C.

ADVISORY COMMITTEE

Your application for Vonjo was not referred to an FDA advisory committee because the application did not raise efficacy or safety issues requiring input from outside experts.

ACCELERATED APPROVAL REQUIREMENTS

Products approved under the accelerated approval regulations, 21 CFR 314.510, require further adequate and well-controlled clinical trials to verify and describe clinical benefit. You are required to conduct such clinical trial with due diligence. If a postmarketing clinical trial fails to verify clinical benefit or is not conducted with due diligence, we may, following a hearing in accordance with 21 CFR 314.530, withdraw this approval. We remind you of your postmarketing requirement specified in your submission dated February 28, 2022. This requirement, along with required completion dates, is listed below.

4154-1 Conduct a randomized, controlled trial to verify and describe the clinical benefit of Vonjo in adults with intermediate-1, intermediate-2 or high-risk myelofibrosis (MF) [as defined by the Dynamic International Prognostic

[2] We update guidances periodically. For the most recent version of a guidance, check the FDA Guidance Documents Database https://www.fda.gov/RegulatoryInformation/Guidances/default.htm.

Scoring System (DIPSS), including primary MF, post-polycythemia vera and post-essential thrombocythemia MF] with platelet counts of less than 50 x 10^9/L. The co-primary efficacy endpoints are the proportion of patients achieving ≥35% spleen volume reduction as measured by magnetic resonance imaging or computed tomography imaging; and the proportion of patients achieving a ≥50% reduction in modified total symptom score (mTSS) [as defined by the Myeloproliferative Neoplasm Symptom Assessment Form (MPN-SAF TSS 2.0) that excludes the "tiredness" component] from baseline through 24 weeks of therapy. Long-term safety outcomes include the risks for bleeding, thrombosis, infections, major adverse cardiac events, secondary malignancies, and survival.

Final Protocol Submission:	06/2022
Trial Completion:	06/2025
Final Report Submission:	06/2026

Submit clinical protocols to your IND 078406 for this product. In addition, under 21 CFR 314.81(b)(2)(vii) and 314.81(b)(2)(viii) you should include a status summary of each requirement in your annual report to this NDA. The status summary should include expected summary completion and final report submission dates, any changes in plans since the last annual report, and, for clinical studies/trials, number of patients entered into each study/trial.

Submit final reports to this NDA as a supplemental application. For administrative purposes, all submissions relating to this postmarketing requirement must be clearly designated "**Subpart H Postmarketing Requirement(s)**."

REQUIRED PEDIATRIC ASSESSMENTS

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients (which includes new salts and new fixed combinations), new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication in pediatric patients unless this requirement is waived, deferred, or inapplicable.

Because this drug product for this indication has an orphan drug designation, you are exempt from this requirement.

POSTMARKETING REQUIREMENTS UNDER 505(o)

Section 505(o)(3) of the Federal Food, Drug, and Cosmetic Act (FDCA) authorizes FDA to require holders of approved drug and biological product applications to conduct

postmarketing studies and clinical trials for certain purposes, if FDA makes certain findings required by the statute.

We have determined that an analysis of spontaneous postmarketing adverse events reported under subsection 505(k)(1) of the FDCA will not be sufficient to assess a signal of a serious risk of a drug-drug interaction between Vonjo and strong and moderate CYP3A inhibitors.

Furthermore, the active post market risk identification and analysis system as available under section 505(k)(3) of the FDCA will not be sufficient to assess this serious risk.

Therefore, based on appropriate scientific data, FDA has determined that you are required to conduct the following studies:

4154-2 Conduct physiologically based pharmacokinetic (PBPK) modeling analyses using a revised and validated PBPK model to evaluate the effect of repeat doses of strong and moderate CYP3A inhibitors and inducers on the pharmacokinetics of Vonjo 200 mg twice daily dosed to steady state, to support appropriate dosing recommendations. Use data from PMR 4154-3 to update the PBPK model. If the results from the PBPK analyses are inconclusive, conduct a pharmacokinetic study in adult healthy volunteers.

The timetable you submitted on February 28, 2022, states that you will conduct this study according to the following schedule:

Draft Protocol Submission:	02/2024
Final Protocol Submission:	04/2024
Study Completion:	08/2024
Final Report Submission:	10/2024

FDA considers the term *final* to mean that the applicant has submitted a protocol, the FDA review team has sent comments to the applicant, and the protocol has been revised as needed to meet the goal of the study or clinical trial.[3]

Finally, we have determined that only a clinical trial (rather than a nonclinical or observational study) will be sufficient to assess a signal of a serious risk of 1) an effect of Vonjo on drugs that are substrates of multiple CYPs and transporters; and 2) reduced Vonjo exposures in subjects with hepatic impairment.

Therefore, based on appropriate scientific data, FDA has determined that you are required to conduct the following trials:

---

[3] See the guidance for Industry *Postmarketing Studies and Clinical Trials—Implementation of Section 505(o)(3) of the Federal Food, Drug, and Cosmetic Act (October 2019).* https://www.fda.gov/RegulatoryInformation/Guidances/default.htm.

4154-3 Conduct a pharmacokinetic drug-drug interaction trial to evaluate the effect of Vonjo 200 twice daily dosed to steady state on a cocktail of substrates for CYP3A4, CYP1A2, CYP2C19, BCRP, and P-gp transporters in adult healthy volunteers. Characterize the pharmacokinetics of Vonjo 200 mg BID on Day 1 and at steady state in this trial.

The timetable you submitted on February 28, 2022, states that you will conduct this trial according to the following schedule:

Draft Protocol Submission:	07/2022
Final Protocol Submission:	09/2022
Trial Completion:	08/2023
Final Report Submission:	12/2023

4154-4 Conduct a dedicated pharmacokinetic trial to evaluate the impact of hepatic impairment on the pharmacokinetics of Vonjo following administration of Vonjo 200 mg twice daily dosed to steady state in adults with moderate (Child-Pugh B) and severe hepatic impairment (Child-Pugh C) compared to matched healthy adult subjects.

The timetable you submitted on February 28, 2022, states that you will conduct this trial according to the following schedule:

Draft Protocol Submission:	07/2022
Final Protocol Submission:	09/2022
Trial Completion:	08/2023
Final Report Submission:	12/2023

FDA considers the term *final* to mean that the applicant has submitted a protocol, the FDA review team has sent comments to the applicant, and the protocol has been revised as needed to meet the goal of the study or clinical trial.[4]

Submit clinical protocol(s) to your IND 078406 with a cross-reference letter to this NDA. Submit nonclinical and chemistry, manufacturing, and controls protocols and all final report(s) to your NDA. Prominently identify the submission with the following wording in bold capital letters at the top of the first page of the submission, as appropriate: **Required Postmarketing Protocol Under 505(o), Required Postmarketing Final Report Under 505(o), Required Postmarketing Correspondence Under 505(o).**

[4] See the guidance for Industry *Postmarketing Studies and Clinical Trials—Implementation of Section 505(o)(3) of the Federal Food, Drug, and Cosmetic Act (October 2019).* https://www.fda.gov/RegulatoryInformation/Guidances/default.htm.

Section 505(o)(3)(E)(ii) of the FDCA requires you to report periodically on the status of any study or clinical trial required under this section. This section also requires you to periodically report to FDA on the status of any study or clinical trial otherwise undertaken to investigate a safety issue. Section 506B of the FDCA, as well as 21 CFR 314.81(b)(2)(vii) requires you to report annually on the status of any postmarketing commitments or required studies or clinical trials.

FDA will consider the submission of your annual report under section 506B and 21 CFR 314.81(b)(2)(vii) to satisfy the periodic reporting requirement under section 505(o)(3)(E)(ii) provided that you include the elements listed in 505(o) and 21 CFR 314.81(b)(2)(vii). We remind you that to comply with 505(o), your annual report must also include a report on the status of any study or clinical trial otherwise undertaken to investigate a safety issue. Failure to submit an annual report for studies or clinical trials required under 505(o) on the date required will be considered a violation of FDCA section 505(o)(3)(E)(ii) and could result in enforcement action.

PROMOTIONAL MATERIALS

Under 21 CFR 314.55, you are required to submit, during the application pre-approval review period, all promotional materials, including promotional labeling and advertisements, that you intend to use in the first 120 days following marketing approval (i.e., your launch campaign). If you have not already met this requirement, you must immediately contact the Office of Prescription Drug Promotion (OPDP) at (301) 796-1200. Please ask to speak to a regulatory project manager or the appropriate reviewer to discuss this issue.

As further required by 21 CFR 314.55, submit all promotional materials that you intend to use after the 120 days following marketing approval (i.e., your post-launch materials) at least 30 days before the intended time of initial dissemination of labeling or initial publication of the advertisement. We ask that each submission include a detailed cover letter together with three copies each of the promotional materials, annotated references, and approved Prescribing Information, Medication Guide, and Patient Package Insert (as applicable).

For information about submitting promotional materials, see the final guidance for industry *Providing Regulatory Submissions in Electronic and Non-Electronic Format-Promotional Labeling and Advertising Materials for Human Prescription Drugs.*[5]

REPORTING REQUIREMENTS

We remind you that you must comply with the reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

POST APPROVAL FEEDBACK MEETING

New molecular entities qualify for a post approval feedback meeting. Such meetings are used to discuss the quality of the application and to evaluate the communication process during drug development and marketing application review. The purpose is to learn from successful aspects of the review process and to identify areas that could benefit from improvement. If you would like to have such a meeting with us, call the Regulatory Project Manager for this application.

If you have any questions, contact Caden Brennen, Regulatory Project Manager, at 301-796-6591 or at Caden.Brennen@fda.hhs.gov.

Sincerely,

HIGHLIGHTS OF PRESCRIBING INFORMATION

These highlights do not include all the information needed to use VONJO safely and effectively. See full prescribing information for VONJO.

VONJO™ (pacritinib) capsules, for oral use
Initial U.S. Approval: 2022

INDICATIONS AND USAGE

VONJO is a kinase inhibitor indicated for the treatment of adults with intermediate or high-risk primary or secondary (post-polycythemia vera or post-essential thrombocythemia) myelofibrosis with a platelet count below 50 $\times 10^9$/L (1).

This indication is approved under accelerated approval based on spleen volume reduction. Continued approval for this indication may be contingent upon verification and description of clinical benefit in a confirmatory trial(s).

DOSAGE AND ADMINISTRATION

- Recommended dosage is 200 mg orally twice daily (2.1).
- May be taken with or without food (2.1).

DOSAGE FORMS AND STRENGTHS

Capsules: 100 mg (3)

CONTRAINDICATIONS

Concomitant use of strong CYP3A4 inhibitors or inducers (4)

WARNINGS AND PRECAUTIONS

- Hemorrhage: Avoid use in patients with active bleeding and hold VONJO prior to any planned surgical procedures. May require dose interruption, dose reduction or permanent discontinuation depending on severity (5.1).
- Diarrhea: Manage significant diarrhea with anti-diarrheals, dose reduction, or dose interruption (5.2).
- Thrombocytopenia: Manage by dose reduction or interruption (5.3).
- Prolonged QT Interval: Avoid use in patients with baseline QTc >480 msec. Interrupt and reduce VONJO dosage in patients who have a QTcF >500 msec. Correct hypokalemia prior to and during VONJO administration (5.4).
- Major Adverse Cardiac Events (MACE): Risk may be increased in current/past smokers and patients with other cardiovascular risk factors. Monitor for signs, evaluate and treat promptly (5.5).
- Thrombosis: Including deep venous thrombosis, pulmonary embolism, and arterial thrombosis may occur. Monitor for signs, evaluate and treat promptly (5.6).
- Secondary Malignancies: Lymphoma and other malignancies may occur. Past/current smokers may be at increased risk (5.7).
- Risk of Infection: Delay starting VONJO until active serious infections have resolved. Observe for signs and symptoms of infection and manage promptly (5.8).

ADVERSE REACTIONS

The most common (≥20% of patients) adverse reactions are diarrhea, thrombocytopenia, nausea, anemia, and peripheral edema (6.1).

To report SUSPECTED ADVERSE REACTIONS, contact CTI BioPharma Corp. at (844) 428-4246 (844-4CTIBIO) and www.VONJO.com or FDA at 1-800-FDA-1088 or www.fda.gov/medwatch.

DRUG INTERACTIONS

Avoid use with moderate CYP3A4 inhibitors or inducers (7.1)

Coadministration of VONJO can alter the concentration of drugs that are P-gp, BCRP, or OCT1 substrates. Avoid use with sensitive substrates (7.2)

USE IN SPECIFIC POPULATIONS

Lactation: Advise not to breastfeed (8.2).

Hepatic Impairment: Avoid use in moderate (Child-Pugh B) and severe hepatic impairment (Child-Pugh C) (8.6).

Renal Impairment: Avoid use in patients with eGFR <30 mL/min (8.7).

FULL PRESCRIBING INFORMATION

1 INDICATIONS AND USAGE

VONJO is indicated for the treatment of adults with intermediate or high-risk primary or secondary (post-polycythemia vera or post-essential thrombocythemia) myelofibrosis (MF) with a platelet count below 50×10^9/L.

This indication is approved under accelerated approval based on spleen volume reduction *[see Clinical Studies (14.2)]*. Continued approval for this indication may be contingent upon verification and description of clinical benefit in a confirmatory trial(s).

2 DOSAGE AND ADMINISTRATION

2.1 Recommended Dosage

The recommended dosage of VONJO is 200 mg orally twice daily. VONJO may be taken with or without food.

Swallow capsules whole. Do not open, break, or chew capsules.

Patients who are on treatment with other kinase inhibitors before the initiation of VONJO must taper or discontinue according to the prescribing information for that drug.

2.2 Monitoring for Safety

Perform a complete blood count (CBC; including white blood cell count differential and platelet count), coagulation testing (prothrombin time, partial thromboplastin time, thrombin time, and international normalized ratio) and a baseline electrocardiogram (ECG), prior to starting VONJO, and monitor as clinically indicated while the patient is on treatment.

2.3 Missed Dose

If a dose of VONJO is missed, the patient should take the next prescribed dose at its scheduled time. Extra capsules should not be taken to make up for the missed dose.

2.4 Dose Interruption for Planned Surgical Procedures or Other Interventions

Discontinue VONJO 7 days prior to elective surgery or invasive procedures because of the risk of hemorrhage and restart only after hemostasis is assured.

2.5 Dose Modification for Adverse Reactions

Dose modifications for diarrhea, thrombocytopenia, hemorrhage, and prolonged QT interval are described in Table 1, Table 2, Table 3, and Table 4 respectively. See Warning and Precautions (5.1, 5.2, 5.3, and 5.4) for additional risk minimization recommendations.

Dose levels for VONJO are as follows: 200 mg twice daily (initial starting dose), 100 mg twice daily (first dose reduction), 100 mg once daily (second dose reduction). Discontinue VONJO in patients unable to tolerate a dose of 100 mg daily.

Table 1 Dosage Modification for Diarrhea

Toxicity	Management/Action
New onset of diarrhea	• Initiate anti-diarrheal medications. • Encourage adequate oral hydration.
Grade 3 or 4 [a]	• Hold VONJO until the diarrhea resolves to Grade 1[b] or lower or baseline. Restart VONJO at the last given dose. • Intensify anti-diarrheal regimen. Provide fluid replacement. • If diarrhea recurs, hold VONJO until the diarrhea resolves to Grade 1[b] or lower or baseline. Restart VONJO at 50% of the last given dose once the toxicity has resolved. • Concomitant antidiarrheal treatment is required for patients restarting VONJO.

[a] Increase of at least 7 stools per day over baseline, or hospitalization indicated, or severe increase in ostomy output over baseline, or if limiting self care.
[b] Increase of <4 stools per day over baseline or mild increase in ostomy output compared to baseline.

Table 2 Dose Modification for Thrombocytopenia

Worsening Thrombocytopenia	Action
For clinically significant worsening of thrombocytopenia that lasts more than 7 days	• Hold VONJO. Restart VONJO at 50% of the last given dose once the toxicity has resolved. • If toxicity recurs hold VONJO. Restart VONJO at 50% of the last given dose once the toxicity has resolved.

Table 3 Dose Modification for Hemorrhage

Toxicity	Action
Moderate bleeding; intervention indicated	• Hold VONJO until hemorrhage resolves. Restart VONJO at the last given dose. • If hemorrhage recurs, hold VONJO until resolution then restart at 50% of the last given dose.
Severe bleeding; transfusion, invasive intervention, or hospitalization indicated	• Hold VONJO until hemorrhage resolves. • Restart VONJO at 50% of the last given dose. • If bleeding recurs, discontinue VONJO.
Life-threatening bleeding; urgent intervention indicated.	• Discontinue VONJO.

Table 4 Dose Modification for Prolonged QT Interval

Toxicity	Action
QTc prolongation >500 msec or >60 msec from baseline	• Hold VONJO. • If QTc prolongation resolves to ≤480 msec or baseline within 1 week, restart VONJO at the same dose. • If time to resolution is greater than 1 week, restart VONJO at a reduced dose.

3 DOSAGE FORMS AND STRENGTHS

Capsule: 100 mg, oblong, size 0 hard gelatin capsule with an opaque scarlet cap printed with "Pacritinib 100 mg" and opaque gray body printed with "C78837".

4 CONTRAINDICATIONS

VONJO is contraindicated in patients concomitantly using strong CYP3A4 inhibitors or inducers as these medications can significantly alter exposure to pacritinib, which may increase the risk of adverse reactions or impair efficacy *[see Warnings and Precautions (5.1, 5.2, 5.3,5.4), Drug Interactions (7.1), and Clinical Pharmacology (12.3)]*.

5 WARNINGS AND PRECAUTIONS

5.1 Hemorrhage

Serious (11%) and fatal (2%) hemorrhages have occurred in VONJO-treated patients with platelet counts <100 x 10^9/L. Serious (13%) and fatal (2%) hemorrhages have occurred in VONJO-treated patients with platelet counts <50 x 10^9/L. Grade ≥3 bleeding events (defined as requiring transfusion or invasive intervention) occurred in 15% of patients treated with VONJO compared to 7% of patients treated on the control arm. Due to hemorrhage, VONJO dose-reductions, dose interruptions, or permanent discontinuations occurred in 3%, 3%, and 5% of patients, respectively.

Avoid use of VONJO in patients with active bleeding and hold VONJO 7 days prior to any planned surgical or invasive procedures.

Assess platelet counts periodically, as clinically indicated *[see Warnings and Precautions (5.2)]*. Manage hemorrhage using treatment interruption and medical intervention *[see Dosage and Administration (2.5)]*.

5.2 Diarrhea

VONJO causes diarrhea in approximately 48% of patients compared to 15% of patients treated on the control arm. The median time to resolution in VONJO-treated patients was 2 weeks. The incidence of reported diarrhea decreased over time with 41% of patients reporting diarrhea in the first 8 weeks of treatment, 15% in Weeks 8 through 16, and 8% in Weeks 16 through 24. Diarrhea resulted in treatment interruption in 3% of VONJO-treated patients. None of the

VONJO-treated patients reported diarrhea that resulted in treatment discontinuation. Serious diarrhea adverse reactions occurred in 2% of patients treated with VONJO compared to no such adverse reactions in patients in the control arm.

Control pre-existing diarrhea before starting VONJO treatment. Manage diarrhea with antidiarrheal medications, fluid replacement, and dose-modification. Treat diarrhea with anti-diarrheal medications promptly at the first onset of symptoms. Interrupt or reduce VONJO dose in patients with significant diarrhea despite optimal supportive care *[see Dosage and Administration (2.5)]*.

5.3 Thrombocytopenia

VONJO can cause worsening thrombocytopenia. VONJO dosing was reduced due to worsening thrombocytopenia in 2% of patients with pre-existing moderate to severe thrombocytopenia (platelet count $<100x10^9$/L). VONJO dosing was reduced due to worsening thrombocytopenia in 2% of patients with pre-existing severe thrombocytopenia (platelet count $<50x10^9$/L).

Monitor platelet count prior to VONJO treatment and as clinically indicated during treatment *[see Dosage and Administration (2.2)]*. Interrupt VONJO in patients with clinically significant worsening of thrombocytopenia that lasts for more than 7 days. Restart VONJO at 50% of the last given dose once the toxicity has resolved. If toxicity recurs hold VONJO. Restart VONJO at 50% of the last given dose once the toxicity has resolved *[see Dosage and Administration (2.5)]*.

5.4 Prolonged QT Interval

VONJO can cause prolongation of the QTc interval. QTc prolongation of >500 msec was higher in VONJO-treated patients than in patients in the control arm (1.4% vs 1%). QTc increase from baseline by 60 msec or higher was greater in VONJO-treated patients than in control arm patients (1.9% vs 1%). Adverse reactions of QTc prolongation were reported for 3.8% of VONJO-treated patients and 2% of control arm patients. No cases of torsades de pointes were reported.

Avoid use of VONJO in patients with a baseline QTc of >480 msec. Avoid use of drugs with significant potential for QTc prolongation in combination with VONJO. Correct hypokalemia prior to and during VONJO treatment.

Manage QTc prolongation using VONJO interruption and electrolyte management *[see Dosage and Administration (2.5)]*.

5.5 Major Adverse Cardiac Events (MACE)

Another Janus associated kinase (JAK)-inhibitor has increased the risk of MACE, including cardiovascular death, myocardial infarction, and stroke (compared to those treated with TNF blockers) in patients with rheumatoid arthritis, a condition for which VONJO is not indicated.

Consider the benefits and risks for the individual patient prior to initiating or continuing therapy with VONJO particularly in patients who are current or past smokers and patients with other cardiovascular risk factors. Patients should be informed about the symptoms of serious cardiovascular events and the steps to take if they occur.

5.6 Thrombosis

Another JAK-inhibitor has increased the risk of thrombosis, including deep venous thrombosis, pulmonary embolism, and arterial thrombosis (compared to those treated with TNF blockers) in patients with rheumatoid arthritis, a condition for which VONJO is not indicated.

Patients with symptoms of thrombosis should be promptly evaluated and treated appropriately.

5.7 Secondary Malignancies

Another JAK-inhibitor has increased the risk of lymphoma and other malignancies excluding non-melanoma skin cancer (NMSC) (compared to those treated with TNF blockers) in patients with rheumatoid arthritis, a condition for which VONJO is not indicated. Patients who are current or past smokers are at additional increased risk.

Consider the benefits and risks for the individual patient prior to initiating or continuing therapy with VONJO, particularly in patients with a known malignancy (other than a successfully treated NMSC), patients who develop a malignancy, and patients who are current or past smokers.

5.8 Risk of Infection

Another JAK-inhibitor increased the risk of serious infections (compared to best available therapy) in patients with myeloproliferative neoplasms. Serious bacterial, mycobacterial, fungal and viral infections may occur in patients treated with VONJO. Delay starting therapy with VONJO until active serious infections have resolved. Observe patients receiving VONJO for signs and symptoms of infection and manage promptly. Use active surveillance and prophylactic antibiotics according to clinical guidelines.

5.9 Interactions With CYP3A4 Inhibitors or Inducers

Co-administration of VONJO with strong CYP3A4 inhibitors or inducers is contraindicated. Avoid concomitant use of VONJO with moderate CYP3A4 inhibitors or inducers *[see Contraindications (4), Drug Interactions (7.1), and Clinical Pharmacology (12.3)]*.

6 ADVERSE REACTIONS

The following clinically significant adverse reactions are described elsewhere in the labeling:

- Hemorrhage *[see Warnings and Precautions (5.1)]*
- Diarrhea *[see Warnings and Precautions (5.2)]*
- Thrombocytopenia *[see Warnings and Precautions (5.3)]*
- Prolonged QT Interval *[see Warnings and Precautions (5.4)]*
- Major Adverse Cardiac Events *[see Warnings and Precautions (5.5)]*
- Thrombosis *[see Warnings and Precautions (5.6)]*
- Secondary Malignancies *[see Warnings and Precautions (5.7)]*
- Risk of Infection *[see Warnings and Precautions (5.8)]*

6.1 Clinical Trials Experience

Because clinical trials are conducted under widely varying conditions, adverse reaction rates observed in the clinical trials of a drug cannot be directly compared to rates in the clinical trials of another drug and may not reflect the rates observed in practice.

PERSIST-2 Trial

The safety of VONJO was evaluated in the randomized, controlled PERSIST-2 trial *[see Clinical Studies (14)]*. In PERSIST-2, key eligibility criteria included adults with intermediate or high-risk primary or secondary (post-polycythemia vera or post-essential thrombocythemia) MF with splenomegaly and a platelet count $\leq 100 \times 10^9$/L. Prior Janus associated kinase (JAK) inhibitor therapy was permitted. Patients received VONJO at 200 mg twice daily (n=106), 400 mg once daily (n=104), or best available therapy (BAT) (n=98). Forty-seven (44%) of the 106 patients treated with VONJO 200 mg twice daily had a baseline platelet count of $<50 \times 10^9$/L The 400 mg once daily dose could not be established to be safe, so further information on this arm is not provided.

In PERSIST-2, among the 106 patients treated with VONJO 200 mg twice daily, the median baseline hemoglobin was 9.7 g/dL and the median drug exposure was 25 weeks. Fifty-four percent of patients were exposed for 6 months, and 18% were exposed for approximately 12 months. Accounting for dose reductions, the average daily dose (mean relative dose intensity) and median daily dose (median relative dose intensity) were 380 mg (95%) and 400 mg (100%), respectively, for patients receiving VONJO twice daily.

The median age of patients who received VONJO 200 mg twice daily was 67 years (range: 39 to 85 years), 59% were male, 86% were White, 3% were Asian, 2% were Native Hawaiian or Other Pacific Islander, 0% were Black, 9% did not report race, and 87% had an Eastern Cooperative Oncology Group performance status of 0 to 1.

Serious adverse reactions occurred in 47% of patients treated with VONJO 200 mg twice daily and in 31% of patients treated with BAT. The most frequent serious adverse reactions occurring in ≥3% patients receiving VONJO 200 mg twice daily were anemia (8%), thrombocytopenia (6%), pneumonia (6%), cardiac failure (4%), disease progression (3%), pyrexia (3%), and squamous cell carcinoma of skin (3%). Fatal adverse reactions occurred in 8% of patients receiving VONJO 200 mg twice daily and in 9% of patients treated with BAT. The fatal adverse reactions among patients treated with VONJO 200 mg twice daily included events of disease progression (3%), and multiorgan failure, cerebral hemorrhage, meningorrhagia, and acute myeloid leukemia in <1% of patients each, respectively.

Permanent discontinuation due to an adverse reaction occurred in 15% of patients receiving VONJO 200 mg twice daily compared to 12% of patients treated with BAT. The most frequent reasons for permanent discontinuation in ≥2% of patients receiving VONJO 200 mg twice daily included anemia (3%) and thrombocytopenia (2%).

Drug interruptions due to an adverse reaction occurred in 27% of patients who received VONJO 200 mg twice daily compared to 10% of patients treated with BAT. The most frequent reasons for drug interruption in ≥2% of patients receiving VONJO 200 mg twice daily were anemia (5%), thrombocytopenia (4%), diarrhea (3%), nausea (3%), cardiac failure (3%), neutropenia (2%), and pneumonia (2%).

Dosage reductions due to an adverse reaction occurred in 12% of patients who received VONJO 200 mg twice daily compared to 7% of patients treated with BAT. Adverse reactions requiring dosage reduction in ≥2% of patients who received VONJO 200 mg twice daily included thrombocytopenia (2%), neutropenia (2%), conjunctival hemorrhage (2%), and epistaxis (2%).

The most common adverse reactions in ≥20% of patients (N=106) were diarrhea, thrombocytopenia, nausea, anemia, and peripheral edema.

Table 5 summarizes the common adverse reactions in PERSIST-2 during randomized treatment.

7 DRUG INTERACTIONS

7.1 Effect of Other Drugs on VONJO

Strong and Moderate CYP3A4 inhibitors

VONJO is predominantly metabolized by CYP3A4. In a clinical drug interaction study, a single-dose of VONJO 400 mg was administered following treatment with clarithromycin, a strong CYP3A4 inhibitor. Clarithromycin was administered as 500 mg twice daily for 5 days, which is a submaximal regimen for CYP3A4 inhibition. Compared to VONJO administered alone, the area under the concentration curve (AUC) and maximal concentration (C_{max}) of pacritinib increased by 80% and 30%, respectively, upon coadministration with clarithromycin *[see Clinical Pharmacology (12.3)]*. The increase in exposure to pacritinib may be even higher when tested following a longer treatment with clarithromycin that results in maximal CYP3A4

inhibition. The impact of moderate CYP3A4 inhibitors on the pharmacokinetics of VONJO has not been investigated in clinical studies. Co-administration of VONJO with strong CYP3A4 inhibitors is contraindicated. Avoid concomitant use of VONJO with moderate CYP3A4 inhibitors *[see Contraindications (4), Warnings and Precautions (5.4), and Clinical Pharmacology (12.3)]*.

Strong and Moderate CYP3A4 inducers

In a clinical drug interaction study, a single-dose of VONJO 400 mg was administered following treatment with rifampin, a strong CYP3A4 inducer, at 600 mg once daily for 10 days. Compared to VONJO administered alone, the AUC and C_{max} of pacritinib decreased by 87% and 51%, respectively, upon coadministration with rifampin *[see Clinical Pharmacology (12.3)]*. The impact of moderate CYP3A4 inducers on the pharmacokinetics of VONJO has not been investigated in clinical studies. Co-administration of VONJO with strong CYP3A4 inducers is contraindicated. Avoid concomitant use of VONJO with moderate CYP3A4 inducers *[see Contraindications (4), Warnings and Precautions (5.4), and Clinical Pharmacology (12.3)]*.

7.2 Effect of VONJO on Other Drugs

CYP1A2 or CYP3A4 substrates

VONJO is an inhibitor of CYP1A2 and CYP3A4 in vitro. Concomitant administration of VONJO with CYP1A2 or CYP3A4 substrates may increase the plasma concentrations of these substrates. Avoid co-administration of VONJO with drugs that are sensitive substrates of CYP1A2 or CYP3A4 *[see Clinical Pharmacology (12.3)]*.

P-gp, BCRP, or OCT1 Substrates

VONJO is an inhibitor of P-glycoprotein (P-gp), breast cancer resistance protein (BCRP), and organic cation transporter 1 (OCT1) in vitro. Concomitant administration of VONJO with P-gp, BCRP, or OCT1 substrates may increase the plasma concentrations of these substrates. Avoid co-administration of VONJO with drugs that are sensitive substrates of P-gp, BCRP, or OCT1 *[see Clinical Pharmacology (12.3)]*.

8 USE IN SPECIFIC POPULATIONS

8.1 Pregnancy

Risk Summary

There are no available data on VONJO use in pregnant women to evaluate for a drug-associated risk of major birth defects, miscarriage, or adverse maternal or fetal outcomes. In animal reproduction studies, administration of pacritinib to pregnant mice or rabbits at exposures that were considerably lower than those observed at the recommended human dose were associated with maternal toxicity and embryonic and fetal loss *(see Data)*. Advise pregnant women of the potential risk to a fetus. Consider the benefits and risks of VONJO for the mother and possible risks to the fetus when prescribing VONJO to a pregnant woman.

The estimated background risk of major birth defects and miscarriage for the indicated population(s) is unknown. All pregnancies have a background risk of birth defect, loss, or other adverse outcomes. In the U.S. general population, the estimated background risk of major birth

defects and miscarriage in clinically recognized pregnancies is 2% to 4% and 15% to 20%, respectively.

Data

Animal Data

Pacritinib was administered orally to pregnant mice at doses of 30, 100, or 250 mg/kg/day from gestation day 6 to gestation day 15. Pacritinib was also administered orally to pregnant rabbits at doses of 15, 30, or 60 mg/kg/day from gestation day 7 until gestation day 20. In both species, pacritinib was associated with maternal toxicity, which resulted in post-implantation loss in mice, abortions in rabbits, and reduced fetal body weights in mice and rabbits at exposures 0.1 times (mice) and 0.3 times (rabbits) the exposure at the recommended human dose (AUC-based). In mice, the high dose was associated with an increased incidence of an external malformation (cleft palate) in the presence of maternal toxicity.

In a pre- and post-natal development study in mice, pregnant animals were dosed with pacritinib from implantation through lactation at 30, 100, or 250 mg/kg/day. Maternal toxicity was noted at 250 mg/kg and associated with increased gestation length and dystocia, lowered mean birth weights and neonatal survival, and transiently delayed startle response, learning, and memory development at weaning.

8.2 Lactation

Risk Summary

There are no data on the presence of pacritinib in either human or animal milk, the effects on the breastfed child, or the effects on milk production. It is not known whether VONJO is excreted in human milk. Because of the potential for serious adverse reactions in the breastfed child, advise patients that breastfeeding is not recommended during treatment with VONJO, and for 2 weeks after the last dose.

8.3 Females and Males of Reproductive Potential

Infertility

Males

Pacritinib reduced male mating and fertility indices in BALB/c mice *[see Nonclinical Toxicology (13.1)]*. Pacritinib may impair male fertility in humans.

8.4 Pediatric Use

Safety and effectiveness in pediatric patients have not been established.

8.5 Geriatric Use

Clinical studies of VONJO did not include sufficient numbers of subjects aged 65 years and over to determine whether they respond differently from younger subjects.

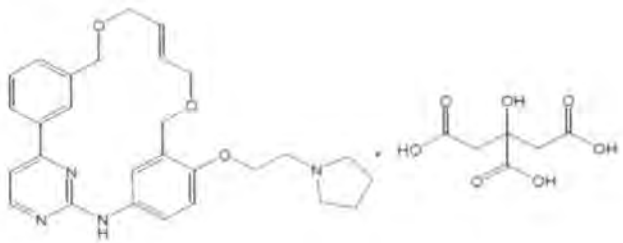
8.6 Hepatic Impairment

Administration of a single dose of VONJO 400 mg to subjects with hepatic impairment resulted in a decrease in the geometric mean AUC of pacritinib by 8.5%, 36%, and 45% in subjects with

mild [Child-Pugh A], moderate [Child-Pugh B], or severe hepatic impairment [Child-Pugh C], respectively, compared to subjects with normal hepatic function.

Avoid use of VONJO in patients with moderate [Child-Pugh B] or severe hepatic impairment [Child-Pugh C] *[see Clinical Pharmacology (12.3)]*.

8.7 Renal Impairment



Administration of a single dose of VONJO 400 mg to subjects with renal impairment resulted in approximately 30% increase in C_{max} and AUC of pacritinib in subjects with eGFR 15 to 29 mL/min and eGFR <15 mL/min on hemodialysis compared to subjects with normal renal function (eGFR ≥90 mL/min). Avoid use of VONJO in patients with eGFR <30 mL/min *[see Clinical Pharmacology (12.3)]*.

10 OVERDOSAGE

Overdosage may lead to gastrointestinal toxicities, myelosuppression, blurred vision, dizziness, worsening performance status, and sepsis. There is no known antidote for overdose with VONJO. Hemodialysis is not expected to enhance the elimination of VONJO.

11 DESCRIPTION

VONJO contains pacritinib citrate, a kinase inhibitor with the chemical name (2E,16E)-11-[2-(pyrrolidin-1-yl)ethoxy]-14,19-dioxa-5,7,27-triazatetracyclo[19.3.1.1(2,6).1(8,12)]heptacosa-1(25),2,4,6,8,10,12(26),16,21,23-decaene citrate and a molecular weight of 664.7 as citrate salt and 472.59 as a free base. The molecular formula is $C_{28}H_{32}N_4O_3 \cdot C_6H_8O_7$ and the structural formula is:

VONJO capsule is for oral administration. Each capsule contains 100 mg of pacritinib equivalent to 140.65 mg of pacritinib citrate and the inactive ingredients are microcrystalline cellulose NF, polyethylene glycol 8000 (PEG 8000) NF, and magnesium stearate NF. The gelatin capsule is bovine derived. The capsule shell contains gelatin, titanium dioxide, black iron oxide, erythrosine, red iron oxide, and printing ink containing shellac, propylene glycol, titanium dioxide, sodium hydroxide, and povidone.

12 CLINICAL PHARMACOLOGY

12.1 Mechanism of Action

Pacritinib is an oral kinase inhibitor with activity against wild type Janus associated kinase 2 (JAK2), mutant $JAK2^{V617F}$, and FMS-like tyrosine kinase 3 (FLT3), which contribute to signaling of a number of cytokines and growth factors that are important for hematopoiesis and immune function. MF is often associated with dysregulated JAK2 signaling. Pacritinib has higher inhibitory activity for JAK2 compared to JAK3 and TYK2. At clinically relevant concentrations, pacritinib does not inhibit JAK1. Pacritinib exhibits inhibitory activity against additional cellular kinases (such as CSF1R and IRAK1) the clinical relevance of which is unknown.

12.2 Pharmacodynamics

Pacritinib inhibited the phosphorylation of signal transducer and activator of transcription 5 (STAT5) protein in a dose-dependent manner (ex vivo) in expanded erythroid progenitor cells derived from healthy subjects. Administration of single doses of 400 mg pacritinib resulted in modest inhibition of interleukin-6-induced STAT3 phosphorylation in whole blood derived from healthy subjects.

Cardiac Electrophysiology

In a 24-week study of 54 patients with MF treated with VONJO 200 mg twice daily, the maximum mean (90% confidence interval) change in QTcF from baseline was 11 (90% CI: 5-17) msec.

12.3 Pharmacokinetics

Pacritinib steady-state mean (CV%) C_{max} is 8.4 mg/L (32.4%) and AUC_{0-12} is 95.6 mg×h/L (33.1%) following administration of VONJO 200 mg twice daily in patients with MF. Pharmacokinetics of pacritinib increases in a less than dose-proportional manner. VONJO 200 mg twice daily accumulates 386% and reaches steady-state within a week.

Absorption

Pacritinib achieves C_{max} within approximately 4 to 5 hours post-dose.

Effect of Food

There was no significant effect of food on the pharmacokinetics of pacritinib following oral administration of VONJO 200 mg with a high-fat meal.

Distribution

The median (range) apparent volume of distribution of pacritinib at steady state is 229 L (156 to 591 L) in patients with MF taking 200 mg twice daily. Plasma protein binding of pacritinib is approximately 98.8%.

Metabolism

Pacritinib is predominantly metabolized by the CYP3A4 isozyme. Pacritinib is the major circulating component and the pharmacologic activity is mainly attributed to the parent

Reference ID: 4944746

molecule. Two major metabolites, M1 and M2, in human whole plasma represent 9.6% and 10.5% of parent drug exposure, respectively.

Elimination

The mean apparent clearance at steady-state (CV%) of pacritinib is 2.09 L/h (33.1%), and mean effective half-life (CV%) is 27.7 hours (17.0%).

Excretion

Following a single oral administration of radiolabeled pacritinib 400 mg in healthy adult subjects, 87% of the radioactivity was recovered in feces, and 6% was recovered in urine. No unchanged drug was excreted in feces and 0.12% of unchanged drug was excreted in urine.

Specific Populations

No clinically significant differences in the pharmacokinetics of pacritinib were observed based on age, sex, body weight, or race.

Patients With Renal Impairment

Pacritinib C_{max} and AUC were similar in subjects with eGFR 30 to 89 mL/min, as estimated by the MDRD study equation, compared to subjects with eGFR ≥90 mL/min. The C_{max} and AUC increased approximately 30% in subjects with eGFR 15 to 29 mL/min and eGFR <15 mL/min on hemodialysis.

Patients With Hepatic Impairment

The effect of hepatic impairment on the pharmacokinetics of pacritinib was studied in 28 healthy subjects with normal or impaired hepatic function after a single VONJO 400 mg dose. Compared to subjects with normal hepatic function, the geometric mean AUC of pacritinib decreased by 8.5%, 36%, and 45% in subjects with mild [Child-Pugh A], moderate [Child-Pugh B], or severe hepatic impairment [Child-Pugh C], respectively. The geometric mean C_{max} to pacritinib decreased by 22%, 47%, and 57% in subjects with mild [Child-Pugh A], moderate [Child-Pugh B], or severe hepatic impairment [Child-Pugh C], respectively, compared to subjects with normal hepatic function.

Drug Interactions

Effects of Other Drugs on the Pharmacokinetics of VONJO

The effect of co-administered drugs on the exposure of pacritinib is shown in Table 6.

Table 6 Change in Pharmacokinetics of Pacritinib Following Administration of a Single 400 mg Dose VONJO in the Presence of Co-administered Drugs

Co-administered Drug	Regimen of Co-administered Drug	Ratio (90% CI)[1]	
		C_{max}	AUC
Clarithromycin (strong CYP3A4 inhibitor)	500 mg every 12 hours for 5 days	1.30 (1.22, 1.39)	1.80 (1.67, 1.94)
Rifampin (strong CYP3A4 inducer)	600 mg once daily for 10 days	0.49 (0.43, 0.55)	0.13 (0.11, 0.15)

Notes: CI = Confidence interval; CYP = Cytochrome P450

[1] Ratios for C_{max} and AUC compare co-administration of the medication with VONJO vs. administration of single-dose 400 mg VONJO alone

In Vitro Studies

Cytochrome P450 (CYP) Enzymes: Pacritinib is a time-dependent inhibitor of CYP1A2 and CYP3A4, and a reversible inhibitor of CYP3A4 and CYP2C19 ($K_i \leq 10$ μM). Pacritinib shows less direct inhibition towards CYP1A2, CYP2B6, CYP2C8, CYP2C9, and CYP2D6 (K_i >10 μM). Pacritinib is an inducer of CYP1A2 and CYP3A4.

Transporter Systems: Pacritinib is not a substrate of BCRP, MRP2, OAT1, OAT3, OATP1B1, OATP1B3, OCT1, OCT2, or P-gp. Pacritinib is an inhibitor of BCRP, OCT1, OCT2, and P-gp. Pacritinib is not an inhibitor of BSEP, MRP2, OAT1, or OAT3.

13 NONCLINICAL TOXICOLOGY

13.1 Carcinogenesis, Mutagenesis, and Impairment of Fertility

Pacritinib was not carcinogenic in the 6-month Tg.rasH2 transgenic mouse model. Pacritinib was not carcinogenic in a 2-year carcinogenicity study in rats at 0.004 times and 0.014 times, in males and females, respectively, the recommended human dose (AUC-based). Pacritinib exposures achieved in mice and rats during the carcinogenicity assessments were considerably lower than the exposure observed at the recommended human dose.

Pacritinib was not mutagenic in a bacterial mutagenicity assay (Ames test) or clastogenic in vitro in a chromosomal aberration assay (Chinese hamster ovary cells) or in vivo in a micronucleus test in mice.

In a fertility study in male BALB/c mice, pacritinib was administered for at least 70 days prior to cohabitation with untreated partners. Pacritinib had no effects at any dose level on uterine implantation, macroscopic findings, reproductive organ weights, and sperm evaluations. At 213.4 mg/kg/day (3.0 times, the recommended human dose, based on body surface area), reduced mating and fertility indices were observed in male BALB/c mice. In a fertility and early embryonic development study in CD-1 mice, no effects on male or female reproductive performance, including assessments of mating, fertility, estrous cyclicity, and intrauterine survival, were observed at doses up to 250 mg/kg/day (3.0 times, the recommended human dose, based on body surface area).

14 CLINICAL STUDIES

PERSIST-2

The efficacy of VONJO in the treatment of patients with intermediate or high-risk primary or secondary (post-polycythemia vera or post-essential thrombocythemia) MF was established in the PERSIST-2 trial.

PERSIST-2 enrolled patients with intermediate or high-risk primary or secondary (post-polycythemia vera or post-essential thrombocythemia) MF with splenomegaly and a platelet count $\leq 100 \times 10^9$/L. Both JAK2 naïve patients and patients with prior JAK2 inhibitor therapy were included. Patients were randomized 1:1:1 to receive VONJO 400 mg once daily, VONJO 200 mg twice daily, or best available therapy (BAT). BAT agents could be used alone, in combinations, sequentially, and intermittently, as clinically indicated by standards of care. BAT included any physician-selected treatment for MF and may have included ruxolitinib,

hydroxyurea, glucocorticoids, erythropoietic agents, immunomodulatory agents, mercaptopurine, danazol, interferons, cytarabine, melphalan. BAT also included no treatment ("watch and wait") or symptom-directed treatment without MF-specific treatment.

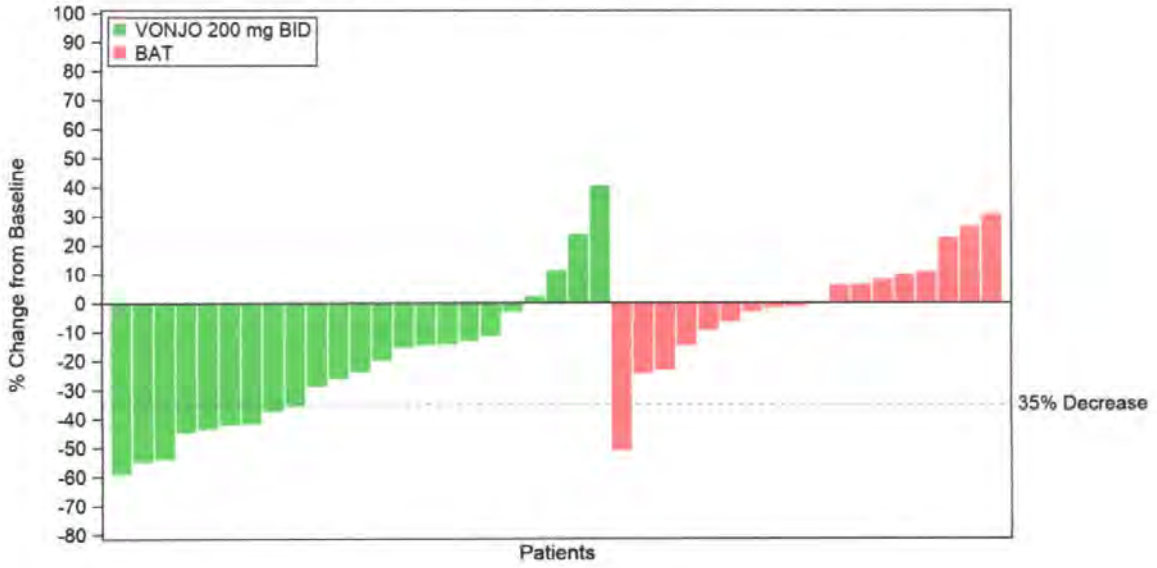
In this trial, 311 patients were randomized to receive VONJO 400 mg once daily (n=104), VONJO 200 mg twice daily (n=107), or BAT (n=100). The VONJO dose of 400 mg once daily was not established as safe and is not an approved dosage regimen.

The demographic characteristics of the efficacy population were median age of 68 years (range 32 to 91), 55% male, 86% Caucasian, and 14% non-Caucasian. The VONJO and BAT treatment arms were well balanced with respect to age, gender, race, ethnicity, body mass index, and geographic region. Sixty-eight percent of patients had primary MF, 20% had post-polycythemia vera MF, and 12% had post-essential thrombocythemia MF. Forty-six percent and 51% of patients in the VONJO and BAT treatment arms, respectively, had received prior ruxolitinib therapy. The median baseline hemoglobin level was 9.5 g/dL and 23% of patients were red blood cell (RBC) transfusion dependent at study entry. The median baseline platelet count was 55×10^9/L; 45% of patients had a platelet count $<50 \times 10^9$/L. Patients had a baseline median spleen length of 14 cm assessed by magnetic resonance imaging (MRI) or computerized axial tomography (CAT).

Efficacy was established in patients who received VONJO 200 mg twice daily and had a platelet count $<50 \times 10^9$ (N=31).

The most common agents used in the BAT treatment arm in patients with baseline platelet counts $<50 \times 10^9$/L (N=32) were ruxolitinib (39%), watchful waiting (32%), and hydroxyurea (26%).

Spleen Volume Reduction



The efficacy of VONJO in the treatment of patients with primary or secondary MF was established based upon the proportion of patients in the efficacy population receiving VONJO 200 mg twice daily or BAT achieving ≥35% spleen volume reduction from baseline to Week 24 as measured by magnetic resonance imaging or computed tomography. Efficacy results for spleen volume reduction in patients with a platelet count $<50 \times 10^9$/L are presented in Table 7.

Table 7 Percentage of Patients Achieving ≥35% Reduction in Spleen Volume From Baseline to Week 24 in the Phase 3 Study, PERSIST-2 (Efficacy Population)

Patient Population	VONJO 200mg Twice Daily N=31	Best Available Therapy N=32
Baseline Platelets $<50 \times 10^9$/L	9 (29.0%)	1 (3.1%)
95% Confidence Interval (CI)	14.2, 48.0	0.1, 16.2
Difference (VONJO-BAT) 95% CI	25.9 (4.3,44.5)	

A waterfall plot of the percentage of change in spleen volume from baseline to Week 24 is presented in Figure 1 for the PERSIST-2 patients with baseline platelet counts <50 × 10^9/L. The median reduction in spleen volume for patients with a platelet count <50 × 10^9/L was 27.3% for patients in the VONJO 200 mg twice daily group compared to 0.9% in the BAT group.

Figure 1 Waterfall Plot of Median Percent Change From Baseline in Spleen Volume at Week 24 in Patients With <50 × 10^9/L Platelet Counts in PERSIST-2[a]

[a]Dropout rates in VONJO and BAT arms were 26% and 44%, respectively.

16 HOW SUPPLIED/STORAGE AND HANDLING

16.1 How Supplied

VONJO is supplied in the following strength and package configuration:

Strength	NDC Number	Description	Capsules per Bottle
100 mg	72482-100-12	Hard, oblong, opaque, gelatin capsule with scarlet cap and gray body, printed with "Pacritinib 100 mg" on the cap and "C78837" on the body	120

16.2 Storage

Store at room temperature, below 30°C (86°F). Keep the bottle tightly closed and protect from light. Store in original package. Dispense in original package or in a light-resistant container.

17 PATIENT COUNSELING INFORMATION

See FDA approved patient labeling (Patient Information).

Discuss the following with the patient prior to and during treatment with VONJO:

Current therapy with another kinase inhibitor

Advise patients who are currently taking a kinase inhibitor that they must taper or discontinue their current kinase inhibitor therapy according to the package insert for that drug prior to starting VONJO.

Hemorrhage

Advise patients that VONJO can cause hemorrhage and instruct them to consult their healthcare provider right away if bleeding occurs. Advise patients about how to recognize bleeding and of the urgent need to report any unusual bleeding to their physician. Patients should urgently seek emergency medical attention for any bleeding that cannot be stopped *[see Warnings and Precautions (5.1)]*.

Diarrhea

Advise patients that VONJO can cause diarrhea. Advise patients to stay hydrated while taking VONJO and to inform their physician if they experience diarrhea. Instruct patients to initiate anti-diarrheal medications (e.g., loperamide) if diarrhea occurs. Advise patients to urgently seek emergency medical attention if diarrhea becomes severe *[see Warnings and Precautions (5.5.21)]*.

Thrombocytopenia

Advise patients that VONJO can cause thrombocytopenia, and of the need to monitor complete blood counts before and during treatment *[see Warnings and Precautions (5.3)]*.

Prolonged QT Interval

Advise patients to consult their healthcare provider immediately if they feel faint, lose consciousness, or have signs or symptoms suggestive of arrhythmia. Advise patients with a history of hypokalemia of the importance of monitoring their electrolytes *[see Warnings and Precautions (5.4)]*.

Major Adverse Cardiac Events (MACE)

Advise patients that events of major adverse cardiac events (MACE) including myocardial infarction, stroke, and cardiovascular death, have been reported in clinical studies with another JAK-inhibitor used to treat rheumatoid arthritis, a condition for which VONJO is not indicated. Advise patients, especially current or past smokers or patients with other cardiovascular risk

factors, to be alert for the development of signs and symptoms of cardiovascular events *[see Warnings and Precautions (5.5)]*.

Thrombosis

Advise patients that events of deep vein thrombosis and pulmonary embolism have been reported in clinical studies with another JAK-inhibitor used to treat rheumatoid arthritis, a condition for which VONJO is not indicated. Advise patients to tell their healthcare provider if they develop any signs or symptoms of a DVT or PE *[see Warnings and Precautions (5.6)]*.

Secondary Malignancies

Advise patients, especially current or past smokers and patients with a known secondary malignancy (other than a successfully treated NMSC), that lymphoma and other malignancies (excluding NMSC) have been reported in clinical studies with another JAK-inhibitor used to treat rheumatoid arthritis, a condition for which VONJO is not indicated *[see Warnings and Precautions (5.7)]*.

Infections

Advise patients that treatment with another JAK-inhibitor has increased the risk of serious infections in patients with myeloproliferative neoplasms and that serious bacterial, mycobacterial, fungal and viral infections may occur in patients treated with VONJO. Inform patients of the signs and symptoms of infection and to report any such signs and symptoms promptly *[see Warnings and Precautions (5.8)]*.

Nausea and Vomiting

Advise patients that nausea and vomiting may occur during treatment with VONJO. Instruct them on how to manage nausea and vomiting and to immediately inform their healthcare provider if nausea/vomiting become severe.

Drug–Drug Interactions

Advise patients to inform their healthcare providers of all medications they are taking, including prescription and over-the-counter medications, vitamins, herbal products, and dietary supplements *[see Drug Interactions (7)]*.

Dosing

Advise patients to take VONJO twice a day, with or without food or drink. VONJO should be taken at similar times each day. Instruct patients to swallow the VONJO capsules whole and not to open, break, or chew the capsules *[see Dosage and Administration (2.1)]*.

Instruct patients that if they miss a dose of VONJO, to skip the dose and take the next dose when it is due and return to the normal schedule *[see Dosage and Administration (2.1)]*. Warn patients not to take 2 doses to make up for the missed dose.

Instruct patients to discontinue VONJO 7 days prior to any surgery or invasive procedures (such as cardiac catheterization, coronary stenting or varicose vein ablation) due to the risk of bleeding and to only restart VONJO on the instruction of their healthcare provider.

Patients should not change or stop taking VONJO without first consulting their physician.

Lactation

Advise patients to avoid breastfeeding while taking VONJO and for 2 weeks after the final dose *[see Use in Specific Populations (8.2)]*.

PATIENT INFORMATION
VONJO (VON-joh)
(pacritinib)
capsules

What is VONJO?

VONJO is a prescription medicine used to treat adults with certain types of myelofibrosis who have a platelet count below 50 x 10^9/L.

It is not known if VONJO is safe and effective in children.

Before taking VONJO, tell your healthcare provider about all of your medical conditions, including if you:

- smoke or were a smoker in the past
- have had any other cancers. See "Possible increased risk of new (secondary) cancers" in the section "**What are the possible side effects of VONJO?**"
- have had a blood clot, heart attack, other heart problems, or stroke
- have an infection. See "**Risk of infection" in the section "What are the possible side effects of VONJO?**"
- have diarrhea or commonly have loose stools
- have nausea or vomiting
- have active bleeding, have had severe bleeding, or plan to have surgery. You should stop taking VONJO 7 days before any planned surgery or invasive procedures (such as a heart catheterization, stent placement in a coronary artery in your heart, or a procedure for varicose veins). See **"What are the possible side effects of VONJO?"**
- have liver or kidney problems
- are pregnant or plan to become pregnant. It is not known if VONJO will harm your unborn baby
- are breastfeeding or plan to breastfeed. It is not known if VONJO passes into your breast milk. You should not breastfeed during treatment and for 2 weeks after your last dose of VONJO. Talk to your healthcare provider about the best way to feed your baby during this time.

Tell your healthcare provider about all the medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements. Taking VONJO with certain other medicines may affect the amount of VONJO in your blood, and may increase your risk of side effects or affect how well VONJO works.

Know the medicines you take. Keep a list of the medicines you take to show your healthcare provider and pharmacist when you get a new medicine.

How should I take VONJO?

- Take VONJO exactly as your healthcare provider tells you to take it.
- Do not change your dose or stop taking VONJO without first talking to your healthcare provider.
- If you take other kinase inhibitors, carefully follow your healthcare provider's instructions about how to slowly decrease (taper) your dose or stop the other kinase inhibitor medicines before you begin taking VONJO.
- VONJO is usually taken by mouth 2 times each day.
- Swallow VONJO capsules whole. Do not open, break, or chew capsules.
- You can take VONJO with or without food.
- Take your VONJO doses at about the same time every day.
- If you notice any change in how often you have bowel movements, if they become softer or you have diarrhea, start taking an antidiarrheal medicine (for example, loperamide) as soon as you notice changes, as directed by your healthcare provider.
- If you take too much VONJO, call your healthcare provider or go to the nearest emergency room right away and take your bottle of VONJO with you.

- If you miss a dose of VONJO, skip the dose and just take your next dose at your regularly scheduled time. Do not take 2 doses at the same time to make up for the missed dose.
- Your healthcare provider will do blood tests before you start taking VONJO and as needed during treatment.
- Your healthcare provider may change your dose or how often you take VONJO, temporarily stop or permanently stop treatment with VONJO if you have certain side effects.

What are the possible side effects of VONJO?

VONJO can cause serious side effects including:

- **Bleeding.** VONJO may cause severe bleeding, which can be serious and in some cases may lead to death. Avoid taking VONJO if you are bleeding. If you develop bleeding, stop VONJO and call your healthcare provider.
  Your healthcare provider will do a blood test to check your blood cell counts before you start VONJO and regularly during your treatment with VONJO. Tell your healthcare provider right away if you develop any of these symptoms: unusual bleeding, bruising, and fever. You will need to stop taking VONJO 7 days before any planned surgery or invasive procedure (such as a heart caterterization, stent placement in a coronary artery in your heart, or a procedure for varicose veins). Your healthcare provider should tell you when you can start taking VONJO again.
- **Diarrhea.** Diarrhea is common with VONJO, but can also be severe, and cause loss of too much body fluid (dehydration). Tell your healthcare provider if you have diarrhea and follow instructions for what to do to help treat diarrhea. Drink plenty of fluids to help prevent dehydration. Your healthcare provider may change your dose of VONJO if you have severe diarrhea.
- **Worsening low platelet counts**.Your healthcare provider will do blood tests to check your blood counts before you start taking and during treatment with VONJO.
- **Changes in the electrical activity of your heart called QTc prolongation**. QTc prolongation can cause irregular heartbeats that can be life-threatening. Your healthcare provider will check the electrical activity of your heart with a test called an electrocardiogram (ECG) before you start VONJO and during treatment with VONJO, as needed. If you have a history of low blood potassium, it is important that you get your blood tests done as ordered by your healthcare provider to monitor your body salts (electrolytes) in your blood. **Tell your healthcare provider right away if you feel dizzy, lightheaded, or faint.**
- **Increased risk of major cardiovascular events such as heart attack, stroke, or death in people who have cardiovascular risk factors and who are current or past smokers** have happened in some people taking another JAK inhibitor to treat rheumatoid arthritis.

  Get emergency help right away if you have any symptoms of a heart attack or stroke while taking VONJO, including:
  - discomfort in the center of your chest that lasts for more than a few minutes, or that goes awayand comes back
  - severe tightness, pain, pressure, or heaviness in your chest, throat, neck, or jaw
  - pain or discomfort in your arms, back, neck, jaw, or stomach
  - shortness of breath with or without chest discomfort
  - breaking out in a cold sweat
  - nausea or vomiting
  - feeling lightheaded
  - weakness in one part or on one side of your body
  - slurred speech

- **Increased risk of blood clots.** Blood clots in the veins of your legs (deep vein thrombosis, DVT) or lungs (pulmonary embolism, PE) have happened in some people taking another JAK inhibitor, and may be life-threatening. Tell your healthcare provider if you have had blood clots in the veins of your legs or lungs in the past.

  Tell your healthcare provider right away if you have any signs and symptoms of blood clots during treatment with VONJO, including:

  - swelling, pain, or tenderness in one or both legs
  - sudden, unexplained chest pain
  - shortness of breath or difficulty breathing

- **Possible increased risk of new (secondary) cancers.** People who take another JAK inhibitor for rheumatoid arthritis have an increased risk of new (secondary) cancers, including lymphoma and other cancers, except non-melanoma skin cancer. The risk of new cancers is further increased in people who smoke or who smoked in the past.
- **Risk of Infection.** People who have certain blood cancers and take another JAK inhibitor have an increased risk of serious infections. Infections are common with VONJO, but people who take VONJO may also develop serious infections, including bacterial, mycobacterial, fungal, and viral infections. If you have a serious infection, your healthcare provider may not start you on VONJO until your infection is gone. Your healthcare provider will monitor you and treat you for any infections that you get during treatment with VONJO.

  Tell your healthcare provider right away if you develop any of the following symptoms of infection:

  - chills
  - aches
  - fever
  - nausea
  - vomiting
  - weakness
  - painful skin rash or blisters

The most common side effects of VONJO include:

- nausea and vomiting
- low red blood cell count (anemia)
- swelling of your ankles, legs, and feet

VONJO may affect fertility in males. You may have problems fathering a child. Talk to your healthcare provider if this is a concern for you.

These are not all of the possible side effects with VONJO.
Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.

How should I store VONJO?

- Store VONJO at room temperature, below 86°F (30°C).
- Store VONJO in the original package.
- Keep the bottle tightly closed to protect VONJO from light.

Keep VONJO and all medicines out of the reach of children.

General information about the safe and effective use of VONJO.

Medicines are sometimes prescribed for purposes other than those listed in a Patient Information leaflet. Do not use VONJO for a condition for which it was not prescribed. Do not give VONJO to other people, even if they have the same symptoms that you have. It may harm them.
You can ask your pharmacist or healthcare provider for information about VONJO that is written for health professionals.

What are the ingredients in VONJO?

Active ingredient: pacritinib

Inactive ingredients: microcrystalline cellulose, polyethylene glycol 8000 (PEG 8000), and magnesium stearate. The capsule shell contains gelatin, titanium dioxide, black iron oxide, erythrosine, red iron oxide and printing ink containing shellac, titanium dioxide, propylene glycol, sodium hydroxide, and povidone.

WHILE A CONTINUANCE IS NOT AUTOMATIC, ANY REQUEST FOR ONE MUST BE FILED AND RECEIVED BY THE BOARD'S HEARING OFFICER THIRTY (30) DAYS PRIOR TO YOUR SCHEDULED HEARING DATE.

ALABAMA STATE BOARD OF PHARMACY

SCHEDULING ORDER

In order to administer the matter, set for hearing in a manner fair to the Respondent and the Alabama State Board of Pharmacy and consistent with the interest in completing this matter in the shortest possible time, this Order is issued. Read carefully; failure to comply with the below listed requirements may result in sanctions.

IT IS ORDERED that the Respondent and the Board are directed to comply with each of the following directives:

(1) DISCOVERY

All Requests for Production and other discovery requests must be submitted to be received by the Administrative Hearing Officer and a copy to the Board's counsel or Respondent's counsel if request by the Board, no later than forty (40) days before the scheduled hearing at:

James F. Hampton
Administrative Hearing Officer
Alabama Board of Pharmacy
4267 Lomac Street
Montgomery, Alabama 36106
E-mail: jfh@jamesfhampton.com

With a copy to the Respondent and Board's Counsel

E-mail: jennifermuroneumann@gmail.com

(2) REQUESTS FOR CONTINUANCE

All requests for continuances of the matter shall be submitted to be received by the Administrative Hearing Officer no later than thirty (30) days before the scheduled hearing with a copy to the Board's counsel or Respondent and if not, unless there are emergency circumstances, the hearing WILL NOT be continued.

(3) PLEADINGS

All other pleadings shall be submitted to be received by the Administrative Hearing Officer no later than fifteen (15) days before the scheduled hearing with a copy to the Board's counsel or Respondent if submitted by the Board. Pleadings shall be submitted with the style, case number and containing a certificate of service.

(4) CONSENT ORDER/SETTLEMENT PROPOSALS

If you are interested in a settled proposal from the Board, you must inform Board's counsel seven days in advance of the Board meeting in the month prior to the scheduled hearing. For the attached Statement of Charges and Notice of Hearing the prior Board meeting is 4-18-23. Unless emergency circumstances exist, proposals submitted after the above date will not be considered.

(5) COPIES

Prior to the hearing the parties shall prepare a sufficient number of copies of documents which are proposed to be introduced into evidence at the administrative hearing. With the exception of the Statement of Charges and Notice of Hearing, documents which are proposed to be introduced into evidence at the administrative hearing shall not be presented to the Administrative Hearing Officer prior to the hearing unless otherwise ordered.

(7) REPRESENTATION

Individuals may represent themselves before the Board. Legal entities such as corporations, LLCs and partnerships must be represented by an attorney licensed to practice in the State of Alabama. Attorneys representing Respondents in administrative hearings before the Board shall file a Notice of Appearance with the Administrative Hearing Officer with a copy to the Board's counsel. Attorney should compare their calendar to the scheduled hearing date before accepting representation to avoid conflict. In the event, an attorney who is not a member of the Alabama Bar, is representing a Respondent in a matter to be heard in an administrative hearing, the attorney shall make Application for Admission Pro Hac Vice To Practice Under Rule VII of The Rules Governing Admission To The Alabama State Bar.

DONE and ORDERED this the 24 day of Feb, 2023.

DEFERRAL AGREEMENT

This Agreement is entered into by and between the Alabama State Board of Pharmacy (Board) and Dechra Veterinary Products, LLC.

WHEREAS, Dechra Veterinary Products, LLC filed a Designated Representative Change/Update Form with the Alabama State Board of Pharmacy pursuant to 680-X-2.23(2)(h)(1)(ii) on June 23, 2022.

WHEREAS, on February 24, 2023, Dechra Veterinary Products, LLC was served with a Statement of Charges and Notice of Hearing (Pending Charges), dated July 19, 2022, alleging violations of the Alabama Pharmacy Practice Act. A copy of the Pending Charges is attached hereto as Exhibit "A".

WHEREAS, the parties, through counsel, have engaged in discussions concerning an informal resolution of the Pending Charges.

WHEREAS, the parties have agreed to resolve this matter pursuant to Code of Alabama (1975) 41-22-12(f) by their approval of the following terms:

IT IS THE THEREFORE UNDERSTOOD AND AGREED BY THE PARTIES AS FOLLOWS:

1. The Pending Charges against Dechra Veterinary Products, LLC shall be deferred until December 31, 2023 (Deferral Period).

2. As a condition to the Deferral described above, Dechra Veterinary Products, LLC shall pay costs in the amount of five thousand dollars ($5,000) within thirty (30) days of the effective date of this Agreement, that being the date it is signed on behalf of the Board. Failure to pay this amount shall be considered a probable cause violation by Dechra Veterinary Products, LLC as defined below. This payment shall not be subject to discharge in bankruptcy nor shall Dechra Veterinary Products, LLC attempt to discharge the same. Payments shall be made payable to Alabama State Board of Pharmacy and mailed to 111 Village Street, Birmingham, Alabama 35242.

3. In the event there are no probable cause violations of the Alabama Pharmacy Practice Act involving Dechra Veterinary Products, LLC during the Deferral Period set forth above, the Pending Charges shall be dismissed.

4. In the event there is a probable cause violation of the Alabama Pharmacy Practice Act involving Dechra Veterinary Products, LLC during the Deferral Period set forth above, both the Pending Charges and any new charges shall be noticed and scheduled for a hearing.

5. Neither the Pending Charges nor this Agreement shall be reported as discipline, during the Deferral Period or thereafter, as long as Dechra Veterinary Products, LLC complies with the conditions of Paragraphs Two and Three of this Agreement.

6. That Dechra Veterinary Products, LLC expressly waives its right pursuant to the Alabama Pharmacy Practice Act, and the Alabama Administrative Procedures Act and the Alabama Uniform Controlled Substances Act, including but not limited to Code of Alabama (1975), §34-23-92(12), Code of Alabama (1975), §41-22-12 and §41-22-20, and including but not limited to the opportunity for a hearing before the Board in connection with the Pending Charges against it and any judicial review. Dechra Veterinary Products, LLC further waives any objection to the attorney for the Board preparing, drafting or making this Deferral Agreement, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

7. By execution of this Deferral Agreement, Dechra Veterinary Products, LLC hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Deferral Agreement and Pending Charges.

8. Dechra Veterinary Products, LLC acknowledges and agrees that it has read this Deferral Agreement and that it fully understands the terms, conditions and contents of the same. Dechra Veterinary Products, LLC acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Deferral Agreement and is signing this Deferral Agreement on the advice of its attorney.

DONE this the 16th day of May, 2023.

Hello,

In doing state registrations, the state of Nevada has requested proof of the assignment of our labeler code. Dechra Veterinary Products was assigned the labeler code 17033 around 2008, and I do not have access to the original request or the granting of that code. I looked in my CDER direct portal but did not find anything that could provide proof. Is there something you could provide?

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 1103919

Application/License No. WHO 3566

Dechra Veterinary Products, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 7015 College Blvd, Suite 5425, Overland Park, KS 66211 (Address of Applicant/Principal), as PRINCIPAL, and The Hanover Insurance Company (Surety Company), a corporation organized under the laws of the state of New Hampshire (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 440 Lincoln Street, Worcester, MA 01653-0002 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on October 12, 2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 12th day of October, 2023.

WHILE A CONTINUANCE IS NOT AUTOMATIC, ANY REQUEST FOR ONE MUST BE FILED AND RECEIVED BY THE BOARD'S HEARING OFFICER THIRTY (30) DAYS PRIOR TO YOUR SCHEDULED HEARING DATE.

ALABAMA STATE BOARD OF PHARMACY

SCHEDULING ORDER

In order to administer the matter, set for hearing in a manner fair to the Respondent and the Alabama State Board of Pharmacy and consistent with the interest in completing this matter in the shortest possible time, this Order is issued. Read carefully; failure to comply with the below listed requirements may result in sanctions.

IT IS ORDERED that the Respondent and the Board are directed to comply with each of the following directives:

(1) DISCOVERY

All Requests for Production and other discovery requests must be submitted to be received by the Administrative Hearing Officer and a copy to the Board's counsel or Respondent's counsel if request by the Board, no later than forty (40) days before the scheduled hearing at:

James F. Hampton
Administrative Hearing Officer
Alabama Board of Pharmacy
4267 Lomac Street
Montgomery, Alabama 36106
E-mail: jfh@jamesfhampton.com

With a copy to the Respondent and Board's Counsel

Jennifer Muro Neumann, Esquire
Post Office Box 381082
Birmingham, AL, 35238
E-mail: jennifermuroneumann@gmail.com

(2) REQUESTS FOR CONTINUANCE

All requests for continuances of the matter shall be submitted to be received by the Administrative Hearing Officer no later than thirty (30) days before the scheduled hearing with a copy to the Board's counsel or Respondent and if not, unless there are emergency circumstances, the hearing WILL NOT be continued.

(3) PLEADINGS

All other pleadings shall be submitted to be received by the Administrative Hearing Officer no later than fifteen (15) days before the scheduled hearing with a copy to the Board's counsel or Respondent if submitted by the Board. Pleadings shall be submitted with the style, case number and containing a certificate of service.

(4) CONSENT ORDER/SETTLEMENT PROPOSALS

If you are interested in a settled proposal from the Board, you must inform Board's counsel seven days in advance of the Board meeting in the month prior to the scheduled hearing. For the attached Statement of Charges and Notice of Hearing the prior Board meeting is 4-18-23. Unless emergency circumstances exist, proposals submitted after the above date will not be considered.

(5) COPIES

Prior to the hearing the parties shall prepare a sufficient number of copies of documents which are proposed to be introduced into evidence at the administrative hearing. With the exception of the Statement of Charges and Notice of Hearing, documents which are proposed to be introduced into evidence at the administrative hearing shall not be presented to the Administrative Hearing Officer prior to the hearing unless otherwise ordered.

(7) REPRESENTATION

Individuals may represent themselves before the Board. Legal entities such as corporations, LLCs and partnerships must be represented by an attorney licensed to practice in the State of Alabama. Attorneys representing Respondents in administrative hearings before the Board shall file a Notice of Appearance with the Administrative Hearing Officer with a copy to the Board's counsel. Attorney should compare their calendar to the scheduled hearing date before accepting representation to avoid conflict. In the event, an attorney who is not a member of the Alabama Bar, is representing a Respondent in a matter to be heard in an administrative hearing, the attorney shall make Application for Admission Pro Hac Vice To Practice Under Rule VII of The Rules Governing Admission To The Alabama State Bar.

DONE and ORDERED this the 24 day of Feb, 2023.

DEFERRAL AGREEMENT

This Agreement is entered into by and between the Alabama State Board of Pharmacy (Board) and Dechra Veterinary Products, LLC.

WHEREAS, Dechra Veterinary Products, LLC filed a Designated Representative Change/Update Form with the Alabama State Board of Pharmacy pursuant to 680-X-2.23(2)(h)(1)(ii) on June 23, 2022.

WHEREAS, on February 24, 2023, Dechra Veterinary Products, LLC was served with a Statement of Charges and Notice of Hearing (Pending Charges), dated July 19, 2022, alleging violations of the Alabama Pharmacy Practice Act. A copy of the Pending Charges is attached hereto as Exhibit "A".

WHEREAS, the parties, through counsel, have engaged in discussions concerning an informal resolution of the Pending Charges.

WHEREAS, the parties have agreed to resolve this matter pursuant to Code of Alabama (1975) 41-22-12(f) by their approval of the following terms:

IT IS THE THEREFORE UNDERSTOOD AND AGREED BY THE PARTIES AS FOLLOWS:

1. The Pending Charges against Dechra Veterinary Products, LLC shall be deferred until December 31, 2023 (Deferral Period).

2. As a condition to the Deferral described above, Dechra Veterinary Products, LLC shall pay costs in the amount of five thousand dollars ($5,000) within thirty (30) days of the effective date of this Agreement, that being the date it is signed on behalf of the Board. Failure to pay this amount shall be considered a probable cause violation by Dechra Veterinary Products, LLC as defined below. This payment shall not be subject to discharge in bankruptcy nor shall Dechra Veterinary Products, LLC attempt to discharge the same. Payments shall be made payable to Alabama State Board of Pharmacy and mailed to 111 Village Street, Birmingham, Alabama 35242.

3. In the event there are no probable cause violations of the Alabama Pharmacy Practice Act involving Dechra Veterinary Products, LLC during the Deferral Period set forth above, the Pending Charges shall be dismissed.

4. In the event there is a probable cause violation of the Alabama Pharmacy Practice Act involving Dechra Veterinary Products, LLC during the Deferral Period set forth above, both the Pending Charges and any new charges shall be noticed and scheduled for a hearing.

5. Neither the Pending Charges nor this Agreement shall be reported as discipline, during the Deferral Period or thereafter, as long as Dechra Veterinary Products, LLC complies with the conditions of Paragraphs Two and Three of this Agreement.

6. That Dechra Veterinary Products, LLC expressly waives its right pursuant to the Alabama Pharmacy Practice Act, and the Alabama Administrative Procedures Act and the Alabama Uniform Controlled Substances Act, including but not limited to Code of Alabama (1975), §34-23-92(12), Code of Alabama (1975), §41-22-12 and §41-22-20, and including but not limited to the opportunity for a hearing before the Board in connection with the Pending Charges against it and any judicial review. Dechra Veterinary Products, LLC further waives any objection to the attorney for the Board preparing, drafting or making this Deferral Agreement, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

7. By execution of this Deferral Agreement, Dechra Veterinary Products, LLC hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Deferral Agreement and Pending Charges.

8. Dechra Veterinary Products, LLC acknowledges and agrees that it has read this Deferral Agreement and that it fully understands the terms, conditions and contents of the same. Dechra Veterinary Products, LLC acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Deferral Agreement and is signing this Deferral Agreement on the advice of its attorney.

DONE this the 16th day of May, 2023.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. B150026786

Application/License No. WH01534

Laurie Peterson Diamond Animal House (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 2538 SE 43rd St, Des Moines, IA 50327-1538 (Address of Applicant/Principal), as PRINCIPAL, and Old Republic Surety Company (Surety Company), a corporation organized under the laws of the state of Wisconsin (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 18500 W Corporate Dr, Ste 170, Brookfield, WI 53045 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 7/11/2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 11th day of July, 20 23.

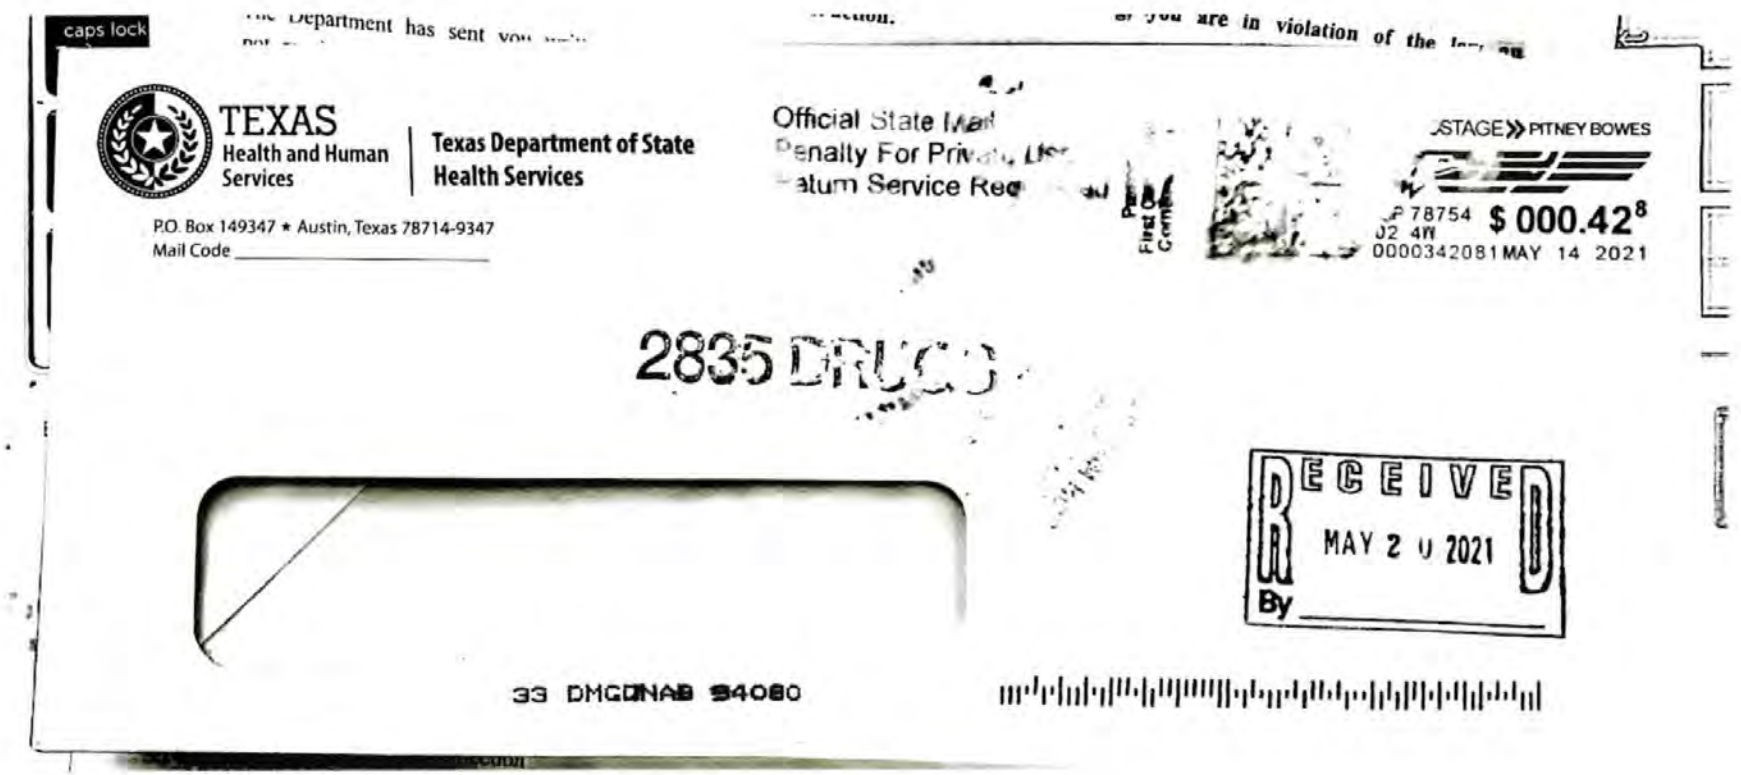
RE: GENENTECH INC 1 DNA WAY S SAN FRANCISCO, CA 94080

Your license expired on 03/25/2021 and is no longer valid. If you are operating, you are in violation of the law and must obtain a valid license immediately to avoid enforcement action.

The Department has sent you written notice informing you that you must obtain a current license. To date, the Department has not received your application and licensure fee or written notice that your business has closed or is not required to license with the Department.

If you do not obtain a valid license within 30 days from the date of this letter, the Department will refer your case for enforcement action. Operating without a license is punishable by a penalty of up to $25,000 per day, per violation, or referral to the Attorney General for an injunction, which will be an order from the court prohibiting you from operating without a license, plus assessing civil penalties, attorney's fees, and costs.

You may obtain a renewal application at www.dshs.texas.gov/fdlicense/default.aspx. You must submit all license fees and late fees before the Department will issue a license.



If you are no longer in business or are not required to hold a license with the Department, please fax (512) 834-6741, email Drugs-foodsafety@dshs.texas.gov or mail: Texas Department of State Health Services, Food and Drug Licensing Group - MC 2835, PO Box 149347, Austin TX 78714-9347: a written statement on this delinquent notice (see next page), informing the Department you are no longer in business. After the Department receives your written notice stating that you are out of business, your record will be updated, and no further action will be necessary.

If you need additional information, you may contact the Drugs and Food Safety Licensing Group at (512) 834-6727.

STATE OF COLORADO

Case No. 2019-1831

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF DISCIPLINARY PROCEEDINGS REGARDING THE OUT-OF-STATE PRESCRIPTION DRUG WHOLESALER REGISTRATION IN THE STATE OF COLORADO OF GENENTECH INC., REGISTRATION NO. WHO 7079,

Respondent Outlet.

IT IS HEREBY STIPULATED AND AGREED by and between the Colorado State Board of Pharmacy ("Board") and Genentech Inc., ("Respondent Outlet") to resolve all matters pertaining to Board Case Number 2019-1831, as follows:

FINDINGS AND CONCLUSIONS

1. The Board has jurisdiction over Respondent Outlet, its registration as an out-of-state prescription drug wholesaler, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act at Title 12, Article 42.5, C.R.S. (2018).

2. Respondent Outlet was originally registered in the State of Colorado on or about December 22, 2006, being issued registration #WHO 7079, and has been so registered at all times relevant to this disciplinary action.

3. Respondent Outlet's address of record with the Board and current location is 1 DNA Way MS 241A in South San Francisco, California.

4. Respondent Outlet admits these findings and hereby waives any further proof in this proceeding before the Board regarding the following facts.

5. Respondent Outlet failed to timely submit to the Board an application detailing a change in designated representative and fee. In this case, 182 days transpired between August 15, 2018, the date the previous designated representative ceased the position, and February 13, 2019, the date the application and fee were received.

6. On or about March 14, 2019, the Board initiated a complaint against Respondent Outlet because of the delay of 182 days in submitting an application detailing a change in designated representative and fee.

7. Respondent Outlet's conduct, as set forth above, constitutes violations of the following sections of the Colorado Revised Statutes and Board Regulations:

Colorado Revised Statutes

12-42.5-123. Unprofessional conduct - grounds for discipline.

(1) The board may suspend, revoke, refuse to renew, or otherwise discipline any license or registration issued by it, after a hearing held in accordance with the provisions of this section, upon proof that the licensee or registrant:

(c) Has violated:

(II) The lawful rules of the board.

* * *

Pharmacy Board Rules and Regulations

15.01.14 Change of name, location, or ownership, or designated representative.

c. Any change in the designated representative of a wholesaler shall be reported to the Board on a form supplied by the Board within thirty calendar days of such change. The incoming designated representative must undergo the required background check.

TERMS OF DISCIPLINE

8. **Fine with Surcharge**. Pursuant to section 12-42.5-124(5)(a)(I), C.R.S., Respondent Outlet shall pay a fine of One Thousand Dollars and No Cents ($1,000.00). Respondent Outlet understands and acknowledges that, pursuant to section 24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies may impose an additional surcharge of 15% of this fine. Respondent Outlet shall therefore pay a total amount of **One Thousand One Hundred Fifty Dollars and No Cents ($1,150.00)**. The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Outlet submits this signed Final Agency Order to the Board.

9. **Compliance**. Respondent Outlet shall submit all future applications and appropriate fees to the Board detailing changes in designated representative

within the required time frame specified by Board rule or statute in effect at the time of such designated representative change.

10. **Other Requirements.** Respondent Outlet acknowledges and agrees that, as a condition of this Final Agency Order, Respondent Outlet shall:

    a. promptly pay all Respondent Outlet's own fees and costs associated with this Final Agency Order;

    b. comply fully with this Final Agency Order; and

    c. comply fully with the Pharmacists, Pharmacy Businesses and Pharmaceuticals Act, all Board rules and regulations, and any other state and federal laws and regulations related to pharmacists and pharmaceuticals in the State of Colorado.

11. **Advisements and Waivers.** Through its undersigned Authorized Representative, Respondent Outlet enters into this Final Agency Order freely and voluntarily, after having the opportunity to consult with legal counsel and/or choosing not to do so. Respondent Outlet acknowledges its understanding that it has the following rights:

    a. to have formal notice of hearing and charges served upon it;

    b. to respond to said formal notice of charges;

    c. to have a formal disciplinary hearing pursuant to sections 12-42.5-123 and 12-42.5-124, C.R.S.; and

    d. to appeal this Final Agency Order.

    Respondent Outlet freely waives these rights, and acknowledges that such waiver is made voluntarily in consideration for the Board's limiting the action taken against Respondent Outlet to the sanctions imposed herein.

12. **Acknowledgments.** The undersigned Authorized Representative of Respondent Outlet has read this Final Agency Order in its entirety and acknowledges, after having the opportunity to consult with legal counsel and/or choosing not to do so, that Respondent Outlet understands the legal consequences and agrees that none of the terms or conditions herein is unconscionable. Respondent Outlet is not relying on any statements, promises or representations from the Board other than as may be contained in this Final Agency Order. Respondent Outlet further acknowledges that it is not entering into this Final Agency Order under any duress.

13. **Violations.** Time is of the essence in this Final Agency Order. It is the responsibility of Respondent Outlet to take all appropriate steps to comply fully with this Final Agency Order. Respondent Outlet acknowledges and agrees that any violation of this Final Agency Order shall constitute a willful violation of a lawful

Board order, may be sanctioned as provided under section 12-42.5-124(4), C.R.S., and may be sufficient grounds for additional discipline, including but not limited to revocation of Respondent Outlet's registration. The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Outlet to comply with all terms and conditions of this Final Agency Order.

14. **Integration and Severability**. Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

15. **Public Record**. Upon execution by all parties, this Stipulation and Final Agency Order shall be a public record, maintained in the custody of the Board.

16. **Effective Date**. This Final Agency Order shall become effective upon (a) mailing by first-class mail to Respondent Outlet at Respondent Outlet's address of record with the Board, or (b) service by electronic means on Respondent Outlet at Respondent Outlet's electronic address of record. Respondent Outlet hereby consents to service by electronic means if Respondent Outlet has an electronic address on file with the Board.

RE: License #800071

Dear Mr. Sabale:

On January 17, 2019 the Missouri Board of Pharmacy received a Manager-in-Charge application for the above license number. The effective date on this form was September 1, 2018. This is more than four months after the change occurred.

This is not in compliance with Missouri pharmacy regulation 20 CSR 2220-5.030 (2) (E), which states in part "...When the person who is manager-in-charge resigns or is terminated from the position, the holder of the license shall **immediately** notify the board office of the resignation or termination of the manager-in-charge and by notarized affidavit of the new manager-in-charge."

Please respond to this office in writing within (15) days of the date of this letter, providing an explanation for the delayed notification of the change and noting steps being taken to insure your future compliance with Board of Pharmacy rules and regulations. If you do not comply timely, disciplinary action may be imposed on your license.

Sincerely,

Laura Henke

Good afternoon, Ms. Maria!

We are currently still searching for any documentation that indicates a suite number but in summary, the OR home state license covers the whole campus address. Likewise, the FDA registration also covers the campus address as the whole campus and/or random buildings inside the campus is inspected.

We would also like to ask for guidance regarding the labeler code/ FDA labeler approval letter.

Thank you very much for your time and guidance on this!

(Applicant/Principal)
pharmaceutical wholesaler, whose address for purposes of service is
4625 NE Brookwood Parkway, Building 20 Hillsboro, OR 97124, as
(Address of Applicant/Principal)
PRINCIPAL, and Travelers Casualty and Surety Company of America, a
(Surety Company)
corporation organized under the laws of the state of Connecticut
(State of Incorporation)
and authorized to transact a general surety business in the State of

Nevada, whose address for purposes of service is
One Tower Square, Hartford, CT 06183 as
(Address of Surety)
SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on October 3, 2023.
(Effective Date)

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this ~~3rd~~ 11th day of October, 2023.

Re: **ADVISORY LETTER INVOLVING COMPLAINT NUMBER 23-0049**

Dear Permit Holder,

At its August 2023, public meeting, the Board considered complaint number 23-0049 regarding concerns that Intercept Pharmaceuticals was shipping product into Arizona in violation of the Board's regulations.

Intercept had an Arizona nonresident permit for its New York location (M001692) but on May 10, 2022, the Board office received a notice of relocation, stating that the business moved its operations to New Jersey effective April 11, 2022. On or about July 6, 2022, Intercept was issued a permit from the State of New Jersey. Intercept was subsequently issued a non-resident virtual manufacturer permit (M002046) from the Board in or about February 2023 for its New Jersey location. On or about September 26, 2022, Intercept's New York permit expired. Between April 11, 2022, the date it moved to New Jersey, and February 3, 2023, the date that it received an Arizona permit for its New Jersey facility, Intercept shipped 1029 units of Ocaliva 10 mg tablets and 1295 units of Ocaliva 5mg tablets into Arizona. After careful consideration and discussion of this matter, the Board voted to issue you, the Permittee involved in the complaint, an Advisory Letter.

Pursuant to A.R.S. §32-1901 (3), an "Advisory Letter" is defined as a non-disciplinary letter to notify a licensee or permittee that either:

(a) While there is insufficient evidence to support disciplinary action, the board believes that continuation of the activities that led to the investigation may result in further board action against the licensee or permittee.
(b) The violation is a minor or technical violation that is not of sufficient merit to warrant disciplinary action.
(c) While the licensee or permittee has demonstrated substantial compliance through rehabilitation, remediation or reeducation that has mitigated the need for disciplinary action, the board believes the repetition of the activities that led to the investigation may result in further board action against the licensee or permittee.

The Board expressed concern that Intercept violated A.A.C. R4-23-607(A) between April 11, 2023 and July 6, 2022, when is shipped 624 units of product into Arizona from its New Jersey facility without possessing a New Jersey permit. Pursuant to A.A.C. R4-23-607(A), in order for a nonresident permittee to sell or distribute product into Arizona, they must possess BOTH, a Board-issued nonresident permit AND a current permit issued by the jurisdiction where they reside. Although Intercept held an Arizona nonresident permit and a New York permit between April 11, 2023 and July 6, 2022, they were prohibited from selling or distributing product into Arizona under A.A.C. R4-23-607(A), as they did not hold a permit from their jurisdiction of residence (New Jersey).

Despite the fact that Intercept improperly distributed product into Arizona between April 11, 2023 and July 6, 2022, the Board took into account, Intercept's need to be located in New Jersey before it could apply for a New Jersey permit; its communications with the Board regarding its relocation; and the fact that no one was injured by the conduct, in its determination to resolve this matter through an Advisory Letter.

Pursuant to A.R.S. § 32-1927.02(F)(2), you may file a written response with the board within thirty days after receiving this advisory letter.

Sincerely,

Kamlesh Gandhi, PharmD
Executive Director

Re: Intercept Pharmaceuticals – Virtual Manufacturer (M002046)
August 2023 Board Meeting – Conference Presentation

Dear Deputy Director Keonavong and Executive Assistant Mitchell:

The purpose of this letter is twofold. First, Intercept will have a conference with the Board at its August 2023 meeting and submits the attached powerpoint slide for the Board's materials.

Second, Intercept renews its request under A.R.S. § 39-121.01 and A.R.S. § 32-3206 for copies of the Board's public records in this matter. If the Board excludes any record from its production, we request under A.R.S. § 32-121.01(D) that it furnish a list or index noting the basis for withholding any records.

Sincerely,

Michael Raine

Re: **ADVISORY LETTER INVOLVING COMPLAINT NUMBER 23-0049**

Dear Permit Holder,

At its August 2023, public meeting, the Board considered complaint number 23-0049 regarding concerns that Intercept Pharmaceuticals was shipping product into Arizona in violation of the Board's regulations.

Intercept had an Arizona nonresident permit for its New York location (M001692) but on May 10, 2022, the Board office received a notice of relocation, stating that the business moved its operations to New Jersey effective April 11, 2022. On or about July 6, 2022, Intercept was issued a permit from the State of New Jersey. Intercept was subsequently issued a non-resident virtual manufacturer permit (M002046) from the Board in or about February 2023 for its New Jersey location. On or about September 26, 2022, Intercept's New York permit expired. Between April 11, 2022, the date it moved to New Jersey, and February 3, 2023, the date that it received an Arizona permit for its New Jersey facility, Intercept shipped 1029 units of Ocaliva 10 mg tablets and 1295 units of Ocaliva 5mg tablets into Arizona. After careful consideration and discussion of this matter, the Board voted to issue you, the Permittee involved in the complaint, an Advisory Letter.

Pursuant to A.R.S. §32-1901 (3), an "Advisory Letter" is defined as a non-disciplinary letter to notify a licensee or permittee that either:

(a) While there is insufficient evidence to support disciplinary action, the board believes that continuation of the activities that led to the investigation may result in further board action against the licensee or permittee.
(b) The violation is a minor or technical violation that is not of sufficient merit to warrant disciplinary action.
(c) While the licensee or permittee has demonstrated substantial compliance through rehabilitation, remediation or reeducation that has mitigated the need for disciplinary action, the board believes the repetition of the activities that led to the investigation may result in further board action against the licensee or permittee.

The Board expressed concern that Intercept violated A.A.C. R4-23-607(A) between April 11, 2023 and July 6, 2022, when is shipped 624 units of product into Arizona from its New Jersey facility without possessing a New Jersey permit. Pursuant to A.A.C. R4-23-607(A), in order for a nonresident permittee to sell or distribute product into Arizona, they must possess BOTH, a Board-issued nonresident permit AND a current permit issued by the jurisdiction where they reside. Although Intercept held an Arizona nonresident permit and a New York permit between April 11, 2023 and July 6, 2022, they were prohibited from selling or distributing product into Arizona under A.A.C. R4-23-607(A), as they did not hold a permit from their jurisdiction of residence (New Jersey).

Despite the fact that Intercept improperly distributed product into Arizona between April 11, 2023 and July 6, 2022, the Board took into account, Intercept's need to be located in New Jersey before it could apply for a New Jersey permit; its communications with the Board regarding its relocation; and the fact that no one was injured by the conduct, in its determination to resolve this matter through an Advisory Letter.

Pursuant to A.R.S. § 32-1927.02(F)(2), you may file a written response with the board within thirty days after receiving this advisory letter.

BEFORE THE

OFFICE OF STATEWIDE HEALTH PLANNING AND DEVELOPMENT

THE STATE OF CALIFORNIA

In the Matter of the Penalty Appeal of: **INTERCEPT PHARMACEUTICALS, INC.** Appellant.	OSHPD No. 20-020-Q2 **SETTLEMENT AGREEMENT**

This Settlement Agreement ("Agreement") is made and entered into by Intercept Pharmaceuticals, Inc. ("Appellant") and the State of California, Office of Statewide Health Planning and Development ("OSHPD").

WHEREAS, pursuant to Health and Safety Code §127679, OSHPD assessed civil penalties against Appellant in the total amount of $530,000 regarding reports that OSHPD alleges Appellant was required to file with OSHPD by October 31, 2019, and in a manner otherwise consistent with the requirements of Chapter 9.5 of Title 22 of the California Code of Regulations;

WHEREAS, OSHPD notified Appellant of the penalty assessments in a letter to Appellant dated July 24, 2020;

WHEREAS, Appellant has filed an appeal of the penalty assessments pursuant to Health and Safety Code §127679; and

WHEREAS, the parties to the appeal now pending desire to settle this matter; and

WHEREAS, the parties have agreed upon a settlement of this matter;

NOW, THEREFORE, the parties agree as follows:

Background and Specific Agreements:

1. Appellant has taken or will immediately undertake remedial measures as follows:
    a. Engagement of an expert third-party vendor to assist the Appellant in its efforts to ensure compliance with applicable California state transparency requirements;
    b. Establishment of new internal standard operating procedures designed to ensure compliance with applicable California state transparency requirements; and

   c. Training of relevant personnel to assist the Appellant in its efforts to ensure compliance with applicable California state price transparency requirements.
2. OSHPD agrees to, and hereby does, reduce the assessed penalties of $530,000 for the reports that were due October 31, 2019 to an amount of $132,500.
3. Appellant agrees that Appellant's failure to submit timely those Wholesale Acquisition Cost Increase Reports for quarters ended September 30, 2020 through December 31, 2021 shall constitute a breach of this Agreement. In the event of such breach of this Agreement, Appellant will pay OSHPD the sum of $397,500 within thirty (30) calendar days of any of the following:
   a. Issuance of a final written decision of the Director of the Office upholding a penalty for failure to submit timely a Wholesale Acquisition Cost Increase Report for a quarter ended September 30, 2020 through December 31, 2021, in the event that Appellant appeals such a penalty.
   b. The 31st calendar day after the issuance of notice of a penalty for failure to submit timely a Wholesale Acquisition Cost Increase Report for a quarter ended September 30, 2020 through December 31, 2021, in the event that Appellant does not appeal such a penalty.
   c. The date of Appellant's withdrawal of an appeal of a penalty for failure to submit timely a Wholesale Acquisition Cost Increase Report for a quarter ended September 30, 2020 through December 31, 2021, in the event that Appellant appeals such a penalty.

   Appellant shall have no right to appeal such breach and the resulting amount due under this Agreement.
4. Appellant agrees to, and hereby does, withdraw its appeal with prejudice, assigned OSHPD No. 20-020-Q2.

General Agreements:

1. This Agreement constitutes a full and final settlement of all claims related to this matter except as necessary for OSHPD to enforce Section 3 of Background and Specific Agreements of this Agreement.
2. This Agreement is entered into for settlement purposes only and does not constitute an admission of fault or wrongdoing by either party.
3. The adoption of this Agreement shall not be considered precedential or binding upon either OSHPD or Appellant regarding similar issues that may arise with this or any other entity.
4. The parties agree that this Agreement contains the entire understanding of the parties and that there are no representations or agreements other than those expressly set forth in this Agreement.
5. No amendment to this Agreement shall be effective unless it is in writing and signed by both parties to this Agreement.
6. The parties to this Agreement have been advised or have had the opportunity to be advised by legal counsel with respect to the terms of the Agreement and understand and acknowledge its significance and consequences. The parties acknowledge and agree that each had full opportunity to consult with attorneys or legal or other advisors of their choice.

7. By signing this Agreement, the parties certify that they have read this Agreement in its entirety, have understood the terms of this Agreement, and fully agree to the terms and conditions in it.
8. The undersigned warrant that they have authority to agree to the terms of the Agreement and that the Agreement was entered into without threat or coercion. The parties enter into this Agreement freely, knowingly, and voluntarily.
9. The parties agree that copies of signature pages and multiple signature pages are acceptable and have the same force and effect as though all signatures were original and executed on one document.
10. This Agreement represents a full and complete resolution of the matters described herein, in this or any other forum or court of competent jurisdiction, except as necessary for OSHPD to enforce Section 3 of Background and Specific Agreements of this Agreement.
11. This Agreement is entered into, and shall be construed and interpreted, in accordance with the laws of the State of California including all matters of construction, validity, performance, and enforcement without giving effect to the principles of conflict of laws. The courts of the State of California shall be the exclusive courts of jurisdiction and venue for any litigation or other civil proceeding as between the parties that may be brought, or arise out of, in connection with, or by reason of this Agreement. The parties hereby consent to the jurisdiction of such courts.
12. This Agreement shall be binding upon and inure to the benefit of the parties and their respective successors in interest, licensees, heirs, representatives, agents, and assigns.

Re: Case # BOP- 22-027: Change of Address Violation

Dear Intercept Pharmaceuticals Inc. Representative,

On August 15, 2022, the staff of the Idaho State Board of Pharmacy (Board) reviewed records that suggest your facility may have violated one or more of the rules or laws the Board is responsible for enforcing.

On May 23, 2022, the Board received an application, App# 375550 for change of address from Intercept Pharmaceuticals Inc. On July 18, 2022, Intercept Pharmaceuticals Inc, 305 Madison Avenue, Suite 100 Morristown NJ 07960 was advised that the application for change of address was deficient with a requirement to submit requested information by August 21, 2022. Required documents have not been received by board staff so on November 18, 2022, application will expire.

Pursuant to IDAPA 24.36.01.230.04, drug outlet licenses and registrations are address-specific and are nontransferable as to person or place. *"The registrant must notify the Board of a drug outlet's change of ownership or location at least ten (10) days prior to the event on a Board form, the completion of which shall be treated as an application for a new license or registration. When a licensee or registrant has made a* ***timely and complete*** *application for a new license or registration as stated in this rule, the existing license does not expire until the application has been finally determined by the Board, and, in case the application is denied or the terms of the new license limited, until the last day for seeking review of the Board order. This does not preclude the Board from taking immediate action to protect the public interest."*

In light that the application for address change was incomplete, could be a violation of IDAPA 24.36.01.230.02. The Board is concerned that the address of Intercept Pharmaceuticals Inc, 10 Hudson Yards 37th Fl New York NY 10001 has changed and that the current registration,

#M51184, issued to the Intercept Pharmaceuticals Inc, 10 Hudson Yards 37th Fl New York NY 10001 on October 17, 2018, is no longer valid. If true the Board may take disciplinary action including a monetary penalty of $2000.00 per occurrence of shipped product on behalf of Intercept Pharmaceuticals Inc and, up to revocation of registration.

Board staff is conducting an investigation to determine whether to take disciplinary action. Please state whether you agree with the Board staff's review of the records discussed above. If you disagree, describe all facts and circumstances that support your position. In addition, if you have taken any action to correct this concern, describe that action in detail. **As part of your response please include all shipments made on behalf of Intercept Pharmaceuticals Inc by date into Idaho from May 23, 2022 to present.**

We ask that you provide your written response to this letter no later than **September 10, 2022**. You should include any documentation that supports your response.

While disciplinary proceedings have not begun, Board rules require your cooperation with Board staff investigations. See IDAPA 24.36.01.103.05. We encourage you to provide the requested information to assist Board staff in its review of this matter.

Sincerely,

Berkeley Fraser RPh

Subject: Investigatory Letter-Case #BOP 23-027 Intercept Pharmaceuticals Inc M51184.pdf

Dear Mr. Fraser,

My name is Ilona Hriczo, and I am contacting you on behalf of Intercept Pharmaceuticals, Inc. regarding the subject case and license.

First and foremost, I truly apologize on behalf of our organization for the delay in responding sufficiently to the deficiency mentioned attached, by August 21st. We have been working on the deficiency, but to satisfy, the 3PL we are contracted with needed to investigate internally how to add our new address to their invoice as per the Boards latest request quote below. Such investigation took a bit longer than expected.

"Thank you for the explanation regarding the invoice, however, we do need to have an invoice that contains the facility name and address as listed on the application. You had submitted an invoice previously that we could have accepted, but it listed the old facility address at the bottom - I have attached that for your reference. Please submit an invoice that has the facility name and the new address".

Following my request of such change to the 3PL, I have received a response from them on August 19th, indicating they have found a way to include our new address on the invoice. This did not allow me to respond to your request timely by the 21st of August since the 3PL needed to proceed with a particular set-up to enable the function. Unfortunately, they need to keep Intercept's previous address in the main section of the invoice, since the filing of such new address is still pending with a few states. They do not have the capability to include 2 addresses. Once all state filings are completed, then they can proceed and include only our new address on the 3PL generated invoices.

As a result, we had to find a way to address your requirement. Please find attached, our new address is temporarily contained under the "Terms & Conditions" section of the invoice on the 2nd page. We are hopeful that the attached will satisfy the deficiency related to our case.

Also, you have requested Intercept to provide the Board with all shipments between the dates of **5/23/2022 – 8/24/2022**. Intercept Pharmaceuticals, Inc. currently does not have any customers within the state of Idaho; hence no shipments have been sent between such dates. We are holding the Idaho license in case we obtain patients within the state later.

Should you need anything else related to the subject case, kindly reach out to us and we will address as soon as possible. On behalf of Intercept, I truly appreciate your time, help and assistance and wish you a very nice day!

Thank you and kindest regards,

Dear Mr. Fraser,

While closing out the case on our end, we have realized that even though the attached documents (*1st and 2nd attachment*) indicate in the name as **BOP 23-027**, the body of the document indicates

BOP 22-027. The 3rd attachment closure letter does indicate BOP-23-027. This is probably a clerical error, but we just want to make sure that the closure is for Intercept Pharmaceuticals. May I ask you to kindly reconfirm for me. Thank you so very much in advance!

PHARMACEUTICAL WHOLESALER CASH DEPOSIT IN LIEU OF BOND

Name of Applicant/ INTERCEPT PHARMACEUTICALS, INC.

Licensee: Address: 305 MADISON AVENUE, SUITE 100

City: MORRISTOWN State: NEW JERSEY Zip: 07960

The above named applicant/licensee (hereinafter referred to as Assignor), does hereby assign and set over to the Nevada State Board of Pharmacy (the Board) all right, title and interest of any kind whatsoever owned or held by Assignor in the cash sum of $ 25,000.00 which was delivered simultaneously with this form. Assignor provides the cash sum as security pursuant to NRS 639.515(2). This assignment is binding on Assignor, his/hers heirs, administrators, successors, and assigns, jointly or severally, and is conditioned that Assignor has made, or is about to make, application to the Board for a pharmaceutical wholesaler's license.

Assignor understands, acknowledges, and agrees that:

1. The Board is not authorized to refund the cash deposit until sixty days beyond the date upon which the Assignor ceases to be licensed by the Board.

2. The cash deposit will not draw interest and will be kept in a segregated fund within the Board's accounts.

3. The Board is authorized to remove from the cash deposit money to satisfy fines or costs assessed against the Assignor pursuant to NRS 639.515, and that if the Board removes any money from the cash deposit, Assignor shall replenish the cash deposit or shall deposit other security pursuant to NRS 639.515 sufficient to retain the total amount of the cash deposit or else Assignor's license may not be renewed.

Executed in Morristown, NJ (City and State) on 06FEB2024 (Date).

Regarding the Resident State License

The resident state licensing agency, the Indiana Board of Pharmacy, does not license FDA registered manufacturers. Enclosed is the applicable exemption section of the Indiana Code.

IC 25-26-14-1 Application of chapter

Sec. 1. (a) This chapter applies to any individual, partnership, limited liability company, corporation, or business firm:

(1) located in or outside Indiana; and (2) engaging in the wholesale distribution of legend drugs in Indiana.

(b) Except as required by federal law or regulation, the requirements of this chapter do not apply to a manufacturer that is approved by the federal Food and Drug Administration. However, the board may adopt rules concerning manufacturers that the board considers appropriate and necessary.

(c) The requirements of this chapter do not apply to a medical gas manufacturer or distributor that only manufactures or distributes medical gases.

As added by P.L.182-1991, SEC.3. Amended by P.L.8-1993, SEC.394; P.L.212-2005, SEC.23; P.L.98-2006, SEC.12.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 019089033

Application/License No. _____

NOVARTIS MANUFACTURING LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 8520 Challenger Drive, Indianapolis, IN 46241 (Address of Applicant/Principal), as PRINCIPAL, and LIBERTY MUTUAL INSURANCE COMPANY (Surety Company), a corporation organized under the laws of the ~~state of~~ Commonwealth of Massachusetts (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 1001 4th Avenue, Suite 1700, Seattle, WA 98154 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on November 10, 2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

DocuSign Envelope ID: C02063B4-F1D1-4ECF-8C1E-203FE015A669

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 14th day of November, 20 23.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C.
