46 ☒ ☐ Requirement for annual controlled substances inventory shall be within 12 months following the inventory date of each year and may be taken within four days of the specified inventory date and shall include all stocks including out-of-date drugs and drugs in automated pharmacy systems. [UAC R156-17b-605 (4)]

47 ☐ ☐ Requirements for taking the initial controlled substances inventory shall include the following: all pharmacies shall take an inventory on the opening day of business. Such inventory shall include all controlled substances including any out-of-date drugs and drugs in automated pharmacy systems. In the event a pharmacy commences business with no controlled substances on hand, the pharmacy shall record this fact as the initial inventory. An inventory reporting no Schedule I and II controlled substances shall be listed separately from an inventory reporting no Schedule III, IV, and V controlled substances. The initial inventory shall serve as the pharmacy's inventory until the next completed inventory as specified in Subsection(4) of this section. [UAC R156-17b-605 (3)(a-c)]

N/A

☒ N/A

48 ☒ ☐ General Requirements for inventory of a pharmacy shall include: [UAC R156-17b-605(2)(a)(b)(c)(f)(g)(h)(k)(l)]

☐ the PIC shall be responsible for taking all required inventories, but may delegate the performance of the inventory to another person or persons;

☐ the inventory records shall be maintained for a period of five years and be readily available for inspection

☐ the inventory shall be filed separately from all records

☐ the inventory may be taken either as the opening of the business or the close of business on the inventory date;

☐ the person taking the inventory and the PIC shall indicate the time the inventory was taken and shall sign and date the inventory with the date the inventory was taken. The signature of the PIC and the date of the inventory shall be documented within 72 hours or three working days of the completed initial, annual, change of ownership and closing inventory.

☐ the inventory of Schedule I and II controlled substances shall be listed separately from the inventory of Schedule III, IV and V controlled substances;

☐ if the pharmacy maintains a perpetual inventory of any of the drugs required to be inventories, the perpetual inventory shall be reconciled on the date of the inventory.

49 ☒ ☐ All pharmacies shall maintain a perpetual inventory of all Schedule II controlled substances. [UAC R156-17b-605(6)]

50 ☒ ☐ The pharmacy does reconcile its controlled substance inventory to account for shortages of controlled substances. [UAC R156-17b-603 (3) (k) & R156-37-502(4)]

51 ☒ ☐ Any facility who experiences any theft, including diversion, or significant loss of controlled substances shall immediately file the appropriate forms with the Drug Enforcement Administration, with a copy to the Division directed to the attention of the Investigation Bureau Division; and report the incident to the local law enforcement agency. [UAC R156-37-602 (2)]

52 ☒ ☐ Pharmacists or other responsible individuals do verify that the suppliers' invoices of controlled substances, listed on the invoices were actually received by clearly recording their initials and the actual date of receipt of the controlled substances. [UAC R156-17b-614a (11)]

53 ☒ ☐ The facility does maintain a record of suppliers' credit memos for controlled substances. [UAC R156-17b-614a (12)]

54 ☒ ☐ The facility does maintain a copy 3 of DEA order form (form 222) which has been properly dated, initialed, and filed and all copies of each unaccepted or defective order form and any attached statements or other documents. [UAC R156-17b-614a (9)(a-c)]

CLASS B CLOSED DOOR INSPECTION

55 ☒ ☐ The Division shall implement on a statewide basis, including non-resident pharmacies as defined in Section 58-17b-102, the following two options for a pharmacist to submit information: real-time submission of the information required to be submitted under this part of the controlled substance database; and 24-hour daily or next business day, whichever is later, batch submission of the information required to be submitted under this part to the controlled substance database. [UCA 58-37f-203(1)(a)(i,ii)]

56 ☒ ☐ In accordance with 58-37f-203(6), the pharmacist-in-charge and the pharmacist identified in Subsections 58-37f-203(2) and (3) shall provide the following data fields to the Division: the state that issued identification, type of identification used, identification number used, and first and last name of the individual picking up dispensed drug. [UCA R156-37f-203 (4) (bb-ff)]

57 ☒ ☐ The pharmacy maintains emergency kits in nursing homes, long-term care facilities, or other entities (such as hospice, EMT's, ambulances)? If the answer is "yes", note name(s) of facilities or entities.

58 ☒ ☐ The pharmacy maintains automated prescription dispensing devices outside the pharmacy such as Pyxis in a nursing home? If the answer is "yes", note type and location.

59 ☒ ☐ The pharmacy utilizes an Automated Pharmacy System? If the answer is "yes" to this question, a automation questionnaire must be completed. [UAC R156-17b-620]

60 ☐ ☒ Does the pharmacy purchase any compound products from other entities for dispensing to patients? [UAC 58-17b-102(18)(b)(i)]

61 ☐ ☒ The facility is engaged in compounding with hazardous drugs as defined by USP-NF Chapter 800. If you answer "yes" to this question, a compounding questionnaire must be completed.

62 ☒ ☐ The facility is engaged in simple, medium, or complex compounding activities as defined by USP 35 Chapter 795. If you answer "yes" to this question, a compounding questionnaire must be completed. [(UAC R156-17b-614a (2)]

63 ☒ ☐ The facility is engaged in low, medium, or high risk *sterile* compounding as defined by USP 35 Chapter 797. If you answer "yes" to this question, a compounding questionnaire must be completed. [UAC R156-17b-614a (2)]

COMMENTS

The pharmacy has 3 automated pharmacy systems- inspections were also conducted.

The pharmacy maintains ~~one~~, automated pharmacy systems outside the pharmacy- list of entities ~~was~~ was provided.

The pharmacy maintains emergency kits- list of entities was provided.

CLASS B CLOSED DOOR INSPECTION

- Assisted by PIC Jessica Merchant & Owner Jennifer Merchant.
- A current list of licensed employees was available.
- The pharmacy has support personnel for billing, delivery, stocking, filling, & prescription refills.
- 4 medications were found without lot # and/or expiration dates. 10 out-of-date medications were found in the pharmacy stock.
- Temperature logs are kept manually. Logs are compliant. Advised Jennifer Merchant to clearly document days the pharmacy is closed.
- The pharmacy mails prescription medications. The pharmacy began mailing to Billings Montana in July 2023. Policies & procedures for mailing were not available during inspection. Policies & procedures will be emailed to klsilcox@utah.gov by end of business on 9/7/23.

CLASS B CLOSED DOOR INSPECTION

- Mailed prescriptions do not include statement indicating what should be done if the integrity of the package or drug was compromised during shipment. Statement will be emailed to klsilcox@utah.gov by end of business on 9/7/23.
- All annual controlled substance inventories were readily available & compliant.
- All controlled substance invoices are dated & signed.
- 3 CII medications were counted & verified against the perpetual inventory; all counts ~~were~~ correct.

☑ By checking this box it is indicated that the undersigned Division Investigator has reviewed the above inspection report and comments made with the undersigned "Responsible Party."

8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Section 10: Affidavit for Pharmacies: MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Joseph Cipriani hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Manager (title) for Seven Hills Pharmacy, LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Section II: Managing Pharmacist Acknowledgement and Personal History - REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA-LICENSED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Christopher Spitzer Pharmacist Registration #: 03236754

Pharmacy Name: Seven Hills Pharmacy, LLC

Initial each statement below to indicate you have read and agree with the following:

CH I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

CH I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

CH I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

CH I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

CH I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Alabama Board of Pharmacy

The Alabama Board issued the pharmacy a Consent Order of Discipline dated June 6, 2023. The Pharmacy has resolved alleged violations of the Alabama Pharmacy Practice Act through entry of a Consent Order with the Alabama State Board of Pharmacy on June 8, 2023. As per the terms of the Consent Order, Pharmacy has agreed to pay a $3,000 administrative fine to the Alabama State Board of Pharmacy.

DEA Order to Show Cause
Although the matter remains pending and no discipline has issued, for transparency with the Board and out of an abundance of caution, the Pharmacy wishes to disclose that on December 15, 2022, the federal Drug Enforcement Agency ("DEA") issued the Pharmacy an administrative Order to Show Cause ("OSC") regarding revocation of its DEA registration FP6189725. On January 13, 2023, the Pharmacy answered the OSC.

Kansas Board of Pharmacy
The Kansas Board of Pharmacy issued the pharmacy an amended Summary Order effective February 8, 2023. The pharmacy did not report the change of ownership in a timely manner, and paid a fine. The Kansas Board of Pharmacy approved the change of ownership application, and issued license 22-117859 on May 20, 2022.

IN THE MATTER OF:	)	
	)	**BEFORE THE ALABAMA STATE**
POSTMEDS INC. dba TRUEPILL and/or TRUEPILL f/k/a POSTMEDS INC.	)	**BOARD OF PHARMACY**
	)	
Non-Resident Pharmacy Permit Number: 114861	)	**CASE NO: 22-L-0114**

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975), § 41-22-12(f), the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds that **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** has violated the provisions of law set out in the Statement.

2. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** shall pay an administrative fine in the amount of Three Thousand Dollars ($3,000.00) within thirty (30) days of the effective date of this consent order that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** attempt to discharge the same. Payments shall be made payable to Alabama State Board of Pharmacy and mailed to 111 Village Street, Birmingham, Alabama 35242.

3. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** expressly waives its rights pursuant to the Alabama Pharmacy Practice Act, the Alabama

Administrative Procedure Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975), §34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), §20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** further waives any objection to the attorney for the Board preparing, drafting, or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** hereby releases the Board, its members, agents, representatives, servants, and employees from any and all liability, claims, damages, fees, or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.'s** permit, including, but not limited to revocation.

6. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** acknowledges and agrees that it has read this Consent Order and that it fully understands the terms, conditions, and contents of the same. **PostMeds Inc. dba Truepill and/or**

Truepill f/k/a PostMeds Inc. acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and agrees that it had the right to seek advice of counsel before executing this Consent Order.

DONE this the 6th of June, 2023.

BEFORE THE KANSAS BOARD OF PHARMACY

In the Matter of	)	
	)	Case No. 22-183
PostMeds, Inc dba Truepill	)	
	)	
Registration No. 22-117859	)	

AMENDED SUMMARY ORDER

NOW on this 20th day of January, 2023, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of PostMeds, Inc dba Truepill ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Amended Summary Order in the above-captioned matter. After reviewing the investigation materials and being otherwise duly advised in the premises, makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board has previously issued Respondent Registration No. 22-104228 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas.

2. On November 6, 2019, the ownership of Respondent's non-resident pharmacy changed.

3. On May 22, 2020, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 3, 2020 with an expiration date of June 30, 2021. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?"

Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

4. On June 1, 2021, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 21, 2021 with an expiration date of June 30, 2022. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?" Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

5. Due to staffing challenges, personnel turnover and administrative oversight resulting from its early, rapid growth and restructuring and the corresponding COVID-19 pandemic, Respondent mistakenly failed to report the 2019 ownership change and related disclosures to the Board in its May 22, 2020 and June 1, 2021 renewal applications.

6. On April 18, 2022, the Board received notification from Respondent of an ownership change and several past disciplinary actions not previously reported to the Board including: North Carolina Board of Pharmacy Consent Order of Discipline dated March 8, 2022; California State Board of Pharmacy Letter of Admonishment dated January 23, 2020; California State Board of Pharmacy Citation and Fine dated June 16, 2020; California State Board of Pharmacy Citation and Fine Order of Abatement dated August 25, 2021; Alabama State Board of Pharmacy Final Order dated October 25, 2021; California State Board of Pharmacy Citation and Fine dated January 24, 2019; and California State Board of Pharmacy Citation dated December 16, 2019.

7. On April 28, 2022, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application ("Respondent's Application"), notifying of the change in ownership effective November 6, 2019, and applying for a new non-resident pharmacy registration under the new ownership.

8. On May 20, 2022, the Board approved Respondent's Application and issued Respondent the new Non-Resident Pharmacy Registration No. of 22-117859 ("Respondent's Registration") under their new ownership.

9. Prior to receiving the ownership change application, registrant provided a letter notifying of the late ownership change, as well as unreported discipline. Ownership change application completed indicating discipline had occurred and providing details of discipline (5 occurrences).

10. In mitigation, Respondent states that it has invested in additional staff, engaged internal and external legal counsel and implemented training efforts to prevent any such reporting oversights in the future.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f), the Board may take action against a registration on any ground that would authorize the board to take action against the registration of a pharmacy under K.S.A. 65-1627, and amendments thereto.

3. Pursuant to K.S.A. 65-1627(e)(1), the Board may take action against the registration of a pharmacy upon a finding that such pharmacy has been operated in such manner

that violations of the provisions of the pharmacy act of the state of Kansas or of the rules and regulations of the board have occurred in connection therewith.

4. Pursuant to K.S.A. 65-1627(e)(4), the Board may take action against the registration of a pharmacy upon a finding that the registrant has had a registration revoked, suspended or limited, has been censured or has had other disciplinary action taken, or an application for registration denied, by the proper registering authority of another state, territory, District of Columbia or other country.

5. Pursuant to K.S.A. 65-1657, no nonresident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

6. Pursuant to K.S.A. 65-1645(f), registrations shall not be transferable.

7. Pursuant to K.A.R. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

8. Pursuant to K.A.R. 68-2-23, each pharmacy owner shall notify the board in writing within 30 days of any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against the pharmacy or the pharmacy owner or any application, license, registration, or permit held by the pharmacy owner.

9. Respondent's registered facility changed ownership on November 6, 2019 but Respondent did not provide notification or file a new application with the Board until April 18 and 28, 2022, respectively.

10. Respondent's failure to submit the complete change of ownership to the Board until April 2022 is a violation pursuant to K.A.R. 68-2-9 and an unlawful transfer of the previous

registration to the new ownership. Respondent's actions are a violation pursuant to K.S.A. 65-1657 and K.S.A. 65-1627(e)(1), and a basis to take action against Respondent's Registration.

11. Respondent failed to notify the Board of the six disciplinary actions by North Carolina, California, and Alabama until April 18, 2022, nearly one to two years after they were effective, is a violation of K.A.R. 68-2-23 and a basis to take action against Respondent's Registration pursuant to K.S.A. 65-1627(e)(1) and (e)(4).

ORDER

Taking into account the mitigating and corrective actions of Respondent, the Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of $3,500.00. Respondent has 30 days from the date of this order to pay the fine.

NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

Alexandra Blasi
Executive Secretary
Kansas Board of Pharmacy
800 SW Jackson, Suite 1414
Topeka, KS 66612

IT IS SO ORDERED.

1) Initial Inspection Information

3) What is the name and current version of the dispensing software being used by the pharmacy?

Observation
Pharmacy uses both Pioneer and TruePill operating system. Operating systems are client specific in their use. Pharmacy is phasing out use of Pioneer.

5) Facility description

Observation
Facility is a retail pharmacy servicing the patients of various online prescriber entities. Pharmacy has the ability to serve the community (walk-in patient). Pharmacy does not accept insurance. Pharmacy has limited drug stock. Pharmacy processes approximately 150 prescriptions per day. Pharmacy employs two pharmacists and one certified pharmacy technician. Pharmacy ships prescriptions to patients in Ohio and in other states using USPS, UPS, and FedEx.

2) * Licensing, Responsible Person and DEA Registration

1) Have there been any changes in the facility's ownership, business name or trade name, category, or address without submitting a new application to the Board?

No

2) Does the responsible person match what is indicated in eLicense?

Yes

3) Does the pharmacy have a valid registration issued by the Drug Enforcement Administration?

Yes

Observation
FS1293884 expires 2/28/2025

3) * Minimum Standards

1) Does the pharmacy have internet access to current federal and state laws, regulations, and rules governing the legal distribution of drugs in Ohio?

Yes

2) Does the pharmacy have access to the telephone number of a poison control center?

Yes

3) Are the pharmacy's hours publicly posted?

Yes

4) Are all pharmacy staff wearing name tags/badges that include the employee's job title?

Yes

7) Are the library and equipment housed in a suitable, well-lit and well-ventilated room or department and maintained in a clean, sanitary and orderly condition?

Yes

8) Are areas where drugs and devices are stored and prepared dry, well-lit, well-ventilated, and maintained in a clean, sanitary and orderly condition?

Yes

9) Are storage areas maintained at temperatures and conditions which will ensure the integrity of the drug stock?

Yes

4) Personnel

1) Are staff working at the pharmacy properly licensed/registered with the Board?

Yes

5) Are certified pharmacy technicians working within their applicable scope of practice?

Yes

8) Are pharmacy support personnel working within their permitted scope?

Not Applicable - No support personnel working or employed during inspection.

Observation
List of support personnel responsibilities: www.pharmacy.ohio.gov/supportres

OAC 4729:3-1-01 (Z)
(1) An individual employed or performing contracted services at a location licensed as a terminal distributor of dangerous drugs, trained to perform clerical duties associated with the practice of pharmacy, including pricing, cashiering, drug purchasing, delivering, scheduling deliveries, answering non-professional telephone inquiries, transportation of dispensed medications within a hospital, documenting and processing third-party billing information for reimbursement, or any other activity as determined by the board.

(2) An individual contracted by a terminal distributor of dangerous drugs to perform drug inventories.

(3) Except for those responsible for the delivery of dangerous drugs, support personnel shall not have unsupervised access to dangerous drugs.

(4) Support personnel shall not perform the tasks of a pharmacist, pharmacy intern, certified pharmacy technician, registered pharmacy technician, or pharmacy technician trainee.

(5) Support personnel may have access to or retrieve information from patient records, including a database or patient profile to perform clerical duties associated with the practice of pharmacy. Support personnel shall not enter prescription information into a patient profile.

(6) Support personnel may perform the following:

(a) Transporting dangerous drugs from a loading dock, warehouse or other area that receives shipments from a licensed wholesaler or other person licensed in accordance with section 4729.52 of the Revised Code; and

(b) Stocking and retrieving from inventory non-controlled dangerous drugs that are not dispensed by the pharmacy.

(7) The terminal distributor of dangerous drugs shall be responsible for ensuring all support personnel comply with state and federal requirements to ensure the confidentiality of patient health records.

(8) Stocking of automated drug dispensing units and floor stock with intravenous fluids that are non-controlled dangerous drugs and are not dispensed by an institutional pharmacy.*

(9) Overwrapping/placing in plastic dangerous drugs that have been compounded or dispensed (i.e. appropriately labeled) by a terminal distributor of dangerous drugs.*

(10) Entering demographic and insurance information into a patient's profile.*

10) Drug Purchases

1) Does the licensee maintain complete and accurate records of drugs purchased?

Yes

Observation
Wholesalers:

- McKesson
- TopRx
- Keysource
- Anda

2) Has the licensee performed and documented an annual query of eLicense prior to purchasing drugs at wholesale?

Yes

11) * Security, Control, and Storage of Dangerous Drugs

1) Is a pharmacist providing supervision of the dangerous drugs, hypodermics, D.E.A. controlled substance order forms, and all records relating to the distribution of dangerous drugs in the pharmacy?

Yes

3) Are all dangerous drugs, controlled substances, and hypodermics that are delivered onto the premises of the store or business are immediately placed and secured in the pharmacy under the physical control?

Yes

4) Are there any unauthorized persons present in the pharmacy?

No

7) Can the pharmacy be secured by a physical barrier or alarm system?

Yes

Observation
The only change to the barricade since March 2022 inspection was the replacement of the garage-style door. Door was replaced with a metal roll down bay-style door. Door is secured by the alarm system. No other changes to the barricade have been made since inspection in March 2022. Barricade is adequate.

8) Is a licensed pharmacist the only person with access to keys or other methods for accessing the pharmacy?

Yes

10) Does the pharmacy have a secure area only accessible by pharmacists for customers to deposit new or refill prescription orders when the pharmacy is closed?

No - Not applicable

11) Does the pharmacy maintain dangerous drugs or hypodermics outside of the confines of the pharmacy?

No

12) Does the pharmacy provide services by means of a secured drive-through facility?

No

12) Temperature Controls

1) Are refrigerators and/or freezers used for the storage of drugs maintained at the proper temperature?

Yes

Observation
Pharmacy has one refrigerator for vaccine storage. Pharmacy uses TempAlert to monitor the temperature of the refrigerator. Observed refrigerator to be at appropriate temperature. Pharmacy does not have vaccine stock or any refrigerator/freezer drug stock on site at the time of inspection.

2) Does the pharmacy have a policy to respond to any out of range individual temperature readings or excursions to ensure the integrity of stored drugs?

Yes

3) Are refrigerators and freezers use for the storage of drugs free of food or beverage products?

No

13) *Theft or Significant Loss of Drugs and Drug Documents

1) Has the licensee experienced any theft or significant loss of any dangerous drugs in the past twenty-four months?

No

3) REMINDER: Theft or significant loss of dangerous drugs and drug documents.

Observation
REMINDER

A licensee is required to report to the the Board and law enforcement authorities of any theft or significant loss of dangerous drugs (controlled and non-controlled prescription drugs) immediately upon discovery of the theft or significant loss. This includes dangerous drugs in transit that were either shipped from or to a prescriber, terminal distributor, or drug distributor.

A licensee is required to report, immediately upon discovery, to the Board and law enforcement authorities any theft or loss of uncompleted prescription blank(s) used for writing a prescription, D.E.A. controlled substance order forms (Form 222), written prescription order(s) not yet dispensed, and original prescription order(s) that have been dispensed.

For more information on reporting, visit: www.pharmacy.ohio.gov/theft

14) * Controlled Substance Inventory

1) Does the licensee conduct an annual inventory of controlled substances?

Yes

Observation
Pharmacy does not have any controlled substance drug stock on site at the time of inspection.
OAC 4729:5-3-07
All Category III licensees must complete an annual inventory even if drugs are not on-site (zero balance). Records of inventories must be maintained for at least three years. Inventories must follow the process for conducting a DEA controlled substance inventory.

16) Drug Collection Receptacles

1) Does the pharmacy operate a drug take back program (i.e. collection receptacle)?

No

17) Drug Samples

1) Does the pharmacy have sample drugs as part its inventory?

No

23) Return to Stock

4) Does the pharmacy use delivery agents?

Yes - Compliant

Observation
Pharmacy uses USPS, UPS, and FedEx. Pharmacy does not return any delivered drugs back to stock for redispensing. All drug stock returned from delivery agents are sent to Inmar for destruction.

8) REMINDER: The contents of a prescription vial or container shall not be returned to the manufacturer's stock bottle.

Observation
REMINDER: The contents of a prescription vial or container shall not be returned to the manufacturer's stock bottle.
OAC 4729:5-5-22 (B)(4)

25) Customized Medication Packaging (Adherence Packaging)

1) Does the pharmacy dispense customized patient medication packages (sometimes referred to as adherence packaging)?

No

27) Charitable Pharmacies

1) Is this pharmacy a charitable pharmacy?

No

31) *Expired/Adulterated Drugs

2) Are there expired/adulterated drugs present in the licensee's active drug stock?

No

33) Prescription Pick-Up Station

1) Does the pharmacy accept prescriptions from pick-up stations or other intermediaries?

No

39) Drug Repository Program

1) Does this pharmacy operate a drug repository program?

No

40) Temporary Removal of Drugs

1) Does the licensee engage in the temporary off-site storage of dangerous drugs?

No

46) Substance Abuse and Mental Health Resources for Healthcare Professionals

1) Substance Abuse and Mental Health Resources for Healthcare Professionals

Observation

The healthcare profession is not immune to substance use disorder and mental health conditions. Such medical conditions impair a healthcare professional's competency, ability, and judgment. Substance use disorder and/or mental health conditions that are left untreated may not only cause a healthcare professional to risk their career, but may also endanger the life of a patient.

These medical conditions can be effectively treated, and it is possible for healthcare professionals that are in treatment or recovery to return to practice.

The State of Ohio Boar of Pharmacy encourages all healthcare professionals who may be struggling with substance use disorder or mental health condition to seek help. The following are resources that can assist healthcare professionals in getting help: (the resources listed here are for informational purposes only and do not constitute an endorsement by the State of Ohio Board of Pharmacy. They do not represent a complete list of the resources available)

Ohio Careline 1-800-720-9616, emotional support, with referral to other resources if needed.
Crisis text line, text "4hope" to 741 741 to speak with a crisis counselor.
Treatment Bridge 1-877-275-6364, for addiction and mental health srevices.
National Suicide prevention dial 988, or call 1-800-273-8255.
Ohio Domestic Violence Network 1-800-934-9840
Pharmacist Rehabilitation Organization (www.ohiopro.org) for pharmacists and pharmacy interns.
Ohio Physicians Health Program (www.ophp.org)

50) Inspection Affirmation

1) Inspection Affirmation

Observation

As the person in charge at the time of this inspection, I affirm that I have reviewed this inspection report with the Specialist/Agent/Inspector, and understand its content.

If this inspection report requires a written response, I understand, per OAC 4729:5-3-03, that either of the following must be submitted to the State of Ohio Board of Pharmacy within 30 days of this inspection:

(1) The action(s) the licensee or applicant has taken to correct the violation(s) and the date of implementation of the corrective action(s); or

(2) An explanation disputing the observed violations.

I understand that if I am not the responsible person documented on this site's Ohio terminal distributor of dangerous drugs license, I will ensure the responsible person is provided a complete copy of this inspection report in a timely manner.

I further acknowledge that a written response does not release the licensee listed in this inspection report from potential disciplinary action.

Responses must be either emailed (with a copy of the inspection report) to writtenresponse@pharmacy.ohio.gov or mailed to 77 South High Street, 17th Floor, Columbus, Ohio 43215.

Louisiana Board of Pharmacy

The Louisiana Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated May 11, 2022. The pharmacy did not report the change of ownership in a timely manner. The Louisiana Board of Pharmacy approved the change of ownership application with a new permit number PHY.008479-NR as a successor to permit number PHY.007761-NR.

North Carolina Board of Pharmacy

The North Carolina Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated March 8, 2022. The pharmacy made inaccurate statements about its ownership and officers on its initial application in November 2017 and did not correct this until November 2021. The North Carolina Board of Pharmacy approved the change of ownership application with a new permit number 14900 as a successor to permit number 13413.

Maine Board of Pharmacy

The Maine Board of Pharmacy notified the pharmacy on March 30, 2022 that its non-resident license was terminated effective November 6, 2019 for reporting deficiencies related to its ownership. The pharmacy submitted a change of ownership application for licensure, and has been issued a new pharmacy license on November 2, 2022.

California Board of Pharmacy

The California Board of Pharmacy issued the pharmacy a letter of admonishment CI 2019 84877 dated January 23, 2020, concluding an investigation that found the pharmacy shipped a prescription to the wrong patient and shipped two prescriptions with the wrong return address.

The California Board of Pharmacy issued the pharmacy a modified citation and fine CI 2019 78633 dated June 16, 2020, with the fine amount of $0.00. In 2018, certain prescriptions were issued to the pharmacy by prescribers that were either not yet licensed to prescribe in California or who had not yet entered into an established standardized procedure or protocol developed by a supervising physician.

Also, The California Board of Pharmacy issued the pharmacy a citation and fine order of abatement CI 2020 89223 dated August 25, 2021, with the fine amount of $5,000. The pharmacy was in violation when dangerous drugs were stored in temperatures exceeding the recommended storage temperatures Truepill did not consider the manufacturer's stability data for drugs which may have been adulterated by heat.

VIOLATION CODE SECTION	OFFENSE	AMT OF FINE
Bus. & Prof. Code § 4059 subd. (a)/Bus. & Prof. Code § 4067 subd. (a)	**Furnishing dangerous drugs without a prescription/Internet; Dispensing Dangerous Drugs or Devices without Prescription; No person shall dispense or furnish, or cause to be furnished dangerous drugs...on the internet...without a prescription issued pursuant to a good faith examination**	**Citation without a fine**
Bus. & Prof. Code § 4174	**Dispensing on order of nurse practitioner or person of similar status.**	**Citation without a fine**

CONDUCT:

Furnishing Dangerous Drugs or Devices Prohibited Without Prescription: Business and Professions Code 4059 (a) states in pertinent part a person may not furnish any dangerous drug, except upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7. A person may not furnish any dangerous device, except upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7. In conjunction with Business and Professions Code 4067 (a) which states no person or entity shall dispense or furnish, or cause to be dispensed or furnished, dangerous drugs or dangerous devices, as defined in Section 4022, on the Internet for delivery to any person in this state without a prescription issued pursuant to a good faith prior examination of a human or animal for whom the prescription is meant if the person or entity either knew or reasonably should have known that the prescription was not issued pursuant to a good faith prior examination of a human or animal, or if the person or entity did not act in accordance with Section 1761 of Title 16 of the California Code of Regulations and (f) for the purposes of this section, "good faith prior examination" includes the requirements for a physician and surgeon in Section 2242. In conjunction with Business and Professions Code 2290.5 (a) For purposes of this division, the following definitions shall apply: (3) "Health care provider" means either of the following: (A) a person who is licensed under this division. Between 4/1/2018 to 10/31/2018, Postmeds Inc. (PHY56100) located at 3121 Diablo Ave. Hayward, CA dispensed prescriptions issued by prescribers who were not licensed in California. Specifically, 2 prescriptions were issued by Nurse Practitioner Jenny Ingle; 9 prescriptions were issued by Dr. Brook Randal; 6 prescriptions were issued by Dr. Jessica Rubino and 4 prescriptions were issued by Dr. Sudhi Trye. These prescribers were not licensed in California at the time the prescriptions were initiated and shipped to a California resident. Postmeds pharmacy dispensed the prescriptions issued by unlicensed prescribers to

California residents in violation of Business and Professions Code 4059 (a) and Business and Professions Code 4067 (a).

Dispensing by Pharmacist Upon Order of Nurse Practitioner: Business and Professions Code 4174 states in pertinent part notwithstanding any other law, a pharmacist may dispense drugs or devices upon the drug order of a nurse practitioner functioning pursuant to Section 2836.1 or a certified nurse-midwife functioning pursuant to Section 2746.51, a drug order of a physician assistant functioning pursuant to Section 3502.1 or a naturopathic doctor functioning pursuant to Section 3640.5, or the order of a pharmacist acting under Section 4052.1, 4052.2, 4052.3, or 4052.6. Postmeds Inc. (PHY56100) located at 3121 Diablo Ave. Hayward, CA dispensed prescriptions issued by Nurse Practitioners and Physicians Assistants who had not yet entered into an established standardized procedure or protocol developed by a supervising physician. Between 4/1/2018 and 10/31/2018, the following prescribers issued prescriptions to Postmeds without an established protocol in place: Physician's Assistant Leanne Mays issued 8 prescriptions and Physician's Assistant Susan Owen issued 6 prescriptions. Between 4/1/2018 and 10/31/2018, the following prescribers issued prescriptions to Postmeds entering into a protocol after the prescriptions were issued: Nurse Practitioner Joni Gunzburger issued 4,782 prescriptions; Nurse Practitioner Cristin Hackel issued 10,819 prescriptions and Nurse Practitioner Jessica Horwitz issued 4,711 prescriptions. Postmeds Pharmacy dispensed the prescriptions issued by Nurse Practitioners and Physicians Assistants who had not yet entered into standardized procedures or protocols as required by Business and Professions Code 4174.

TRUEPILL
PHY 56100

This LETTER OF ADMONISHMENT is being issued pursuant to Business and Professions Code section 4315 for failure to comply with the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the board's website at www.pharmacy.ca.gov, under Forms and Publications.)

The Board of Pharmacy has completed its investigation in the above referenced matter. All documentation and/or statements relating to the investigation have been accepted and included in an Investigation Report on file in this office. Facts contained in this report lead to the conclusion that the following violations of pharmacy laws or regulations have occurred:

JURISDICTION: Bus. & Prof. Code § 4315; 1764/56.10(a) - Unauthorized disclosure of prescription and medical information

Unauthorized disclosure of prescriptions: California Code of Regulations section 1764 states in pertinent part that no pharmacist shall exhibit, discuss, or reveal the contents of any prescription or any medical information furnished by the prescriber with any person other than the patient or his or her authorized representative and Civil Code section 56.10 subdivision (a) states, in pertinent part, no provider of health care shall disclose medical information regarding a patient of the provider of health care without first obtaining an authorization. Truepill Pharmacy was not in compliance with these regulations. Specifically, on 4/17/2019, Truepill Pharmacy (PHY56100) located at 3121 Diablo Avenue in Hayward, CA shipped prescription RX#1186395 to the wrong person. The prescription was intended for AR but was shipped to the address of MS in error. Also, Truepill Pharmacy shipped prescriptions to patients with a shipping label showing the return address of NuRx located at 6838 Ellicott Drive in East Syracuse, NY and from Apostrophe located at 330 2nd Street in Oakland, CA. NuRx and Apostrophe are not licensed pharmacies and prescription packages returned as undeliverable to these locations would cause the disclosure of medical information without authorization.

Shipping prescriptions to an unauthorized person violates California Code of Regulations section 1764 and Civil Code 56.10.

If you wish to contest this Letter of Admonishment, you may do so by submitting, within 30 days of the date of service of this Letter of Admonishment, namely February 22, 2020, the attached "Request for an Office Conference" form. If an office conference is not requested, compliance with the Letter of Admonishment shall not constitute an admission of the violations described in the Letter of Admonishment.

Unless it is dismissed following an office conference or you receive other instructions from the Board in writing, Pharmacy Law requires that you maintain and have readily available for inspection a copy of this Letter of Admonishment and any written corrective action plan, if any, for at least three years from the date of issuance at the top of this letter. The Letter of Admonishment will be considered a public record for purposes of disclosure for three years from issuance. The issuance of this Letter of Admonishment does not limit the board's ability to pursue other disciplinary or administrative action under Business and Professions Code section 4315, subdivision (f).

If you have any questions regarding this Letter of Admonishment, please contact Barbera Schleicher, Public Inquiry Analyst at (916) 518-3081.

Sincerely

Virginia Herold

RE: CI 2020 89223
TRUEPILL
PHY 56100

The attached Citation CI 2020 89223, has been issued to TRUEPILL, PHY 56100. A copy has been sent to the pharmacy, and a copy is being sent to the pharmacist-in-charge for informational purposes only. As pharmacist in charge it is your responsibility to insure the pharmacy's compliance with the term(s) and condition(s) of the citation by the date(s) ordered, and to ensure the pharmacy's compliance with all pharmacy laws.

The Citation references the specific statutes and regulations violated, and defines each violation charged. The Citation details the conduct that resulted in the issuance of the citation. In addition the citation may also include information regarding fine(s) assessed. If fine(s) have been assessed, the citation specifies the amount and the specific violation for which the fine was levied.

If you have any questions please contact Joshua Monforte, Citation and Fine Analyst at (916) 518-3014.

Sincerely

Joshua Monforte

BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

CITATION AND FINE
ORDER OF ABATEMENT

COPY

Citation Number	Name, License No
CI 2020 89223	TRUEPILL, PHY 56100

JURISDICTION: Bus. & Prof. Code § 4314; CCR, title 16, § 1775; Bus. & Prof. Code § 4301, subd. (o)

VIOLATION CODE SECTION	OFFENSE	AMT OF FINE
CCR, Title 16, § 1714 subd. (b)	Operational Standards and Security; pharmacy responsible for pharmacy security	$5,000.00
Bus. & Prof. Code § 4169 subd. (a)(2)/Health & Safety Code § 111295	Prohibited Acts; Purchase, trade, sell, or transfer dangerous drugs to that the person knew or reasonably should have known were adulterated.../It is unlawful for any person to manufacture, sell, deliver, hold, or offer for sale any drug or device that is adulterated	Citation without a fine

CONDUCT:

California Code of Regulations 1714, section b states, (b) Each pharmacy licensed by the board shall maintain its facilities, space, fixtures, and equipment so that drugs are safely and properly prepared, maintained, secured and distributed. The pharmacy shall be of sufficient size and unobstructed area to accommodate the safe practice of pharmacy. Specifically, Truepill Pharmacy, PHY56100, located at 3121 Diablo Ave, Hayward, CA 94545 was in violation when they failed to keep dangerous drugs stored according to policy and procedure 2001.4, Oversight of Pharmacy Safety, which states: "The Pharmacy will make all attempts at maintaining a room temperature below 85F and ideally between 68-77F". Between 7/1/2020 and 9/14/2020, on numerous occasions, dangerous drug storage temperatures, summarized in Table 2, exceeded the recommended storage temperatures. The most egregious of these temperature spikes were:

a)On 8/13/2020, in the cage area of the warehouse, dangerous drugs were stored approximately 161 hours over 77 F and 47 hours over 85F.
b)On 9/6/2020, in the cage area of the warehouse, dangerous drugs were stored approximately 59 hours over 77 F and 17 hours above 85F.
c)On 8/13/2020, in the Parata Automated dispensing machine located in the warehouse, dangerous drugs were stored for approximately 163 hours above 77 F and 44 hours above 85 F.

Business and Professions Code 4169 section (a), subdivision (2) states, A person or entity shall not do any of the following: (2) Purchase, trade, sell, or transfer dangerous drugs that the person knew or reasonably should have known were adulterated, as set forth in Article 2 (commencing with Section 111250) of Chapter 6 of Part 5 of Division 104 of the Health and Safety Code as it relates to Health and Safety Code 111295 which states, It is unlawful for any person to manufacture, sell, deliver, hold or offer for sale any drug or device that is adulterated. Specifically, Truepill Pharmacy, PHY56100, located at3121 Diablo Ave, Hayward, CA 94545 was in violation when they used the MKT calculation alone instead of in conjunction with manufactures stability data as stated in USP <1079>, which provides guidance for assessing possible adulteration to dangerous drugs stored at the pharmacy due to excessive heat. In particular, USP<1079> states, "Knowing the MKT for an excursion is useful for evaluating the potential impact on product quality. However, it is also essential to know the upper and lower temperature limits of any excursion. If these extreme temperatures are outside available stability data, it may not be possible to predict the quality impact of the excursion with any confidence regardless of the MKT. At higher temperatures the kinetics of degradation may change or new degradation reactions may occur. Truepill Pharmacy did not consider the manufacture's stability data for at least 72 dangerous drugs stored in the cage area of the warehouse which were held and offered for sale when determining if a dangerous drug was adulterated by the extreme heat, summarized in Table 3. For each one of the 72 dangerous drugs, the maximum temperature for storage was listed by the manufacturer as 77F or storage information was not listed. As there was no stability temperature for at least the 72 drugs in question and per USP<1079>, the MKT cannot be without the stability data, these drugs which were held and offered for sale were adulterated.

ORDER OF ABATEMENT

By the Abatement date/payment date submit to the Board the following:

- Either (1) full payment of the assessed fine(s) in the amount of $5,000.00; or payment in the amount of $1,000.00 and (2) provide proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within ninety (90) days.

COPY

If you choose option (2), within 90 days of this citation, you shall submit proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations. Any failure to do so shall be deemed a failure to meet the abatement requirements of this citation.

If you timely submit proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within 90 days from the date the citation was issued, this citation shall be reduced to $1,000.00 and proof of compliance of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations shall be considered satisfactory abatement of the citation.

If you fail to submit proof of compliance of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within 90 days from the date the citation was issued, the stay shall be lifted and the fine(s) in the amount of $5,000.00 shall be due and owing from you within thirty (30) days of any such failure.

CITATION ISSUED ON: August 25, 2021

TOTAL AMOUNT OF FINE(S): $5,000.00

PROOF OF ABATEMENT AND PAYMENT OF FINE(S) DUE BY: September 24, 2021

COPY

LOUISIANA BOARD OF PHARMACY

BATON ROUGE, LOUISIANA

IN THE MATTER OF: **CONSENT ORDER**

POSTMEDS, INC.

LOUISIANA PHARMACY PERMIT NO. 7761 **Case No. 21-0456**

****

CONSENT AGREEMENT

WHEREAS, an informal conference was conducted by the Violations Committee of the Louisiana Board of Pharmacy (hereinafter referred to as the "Board") on March 16, 2022 at the Board office, 3388 Brentwood Drive, Baton Rouge, LA 70809, in the matter of POSTMEDS, INC. (hereinafter referred to as "Respondent"), holding Louisiana Pharmacy Permit No. 7761, 3121 Diablo Ave., Hayward, CA 94545-2701, with attorney Skip Philips and Postmeds Corporate Counsel Donnie Simkin appearing on behalf of Respondent.

WHEREAS, WHEREAS, on August 27, 2018, the Louisiana Board of Pharmacy issued a non-resident pharmacy permit, PHY.007761-NR, to Postmeds Inc. At that time, Postmeds Inc. was 31.5% owned by Mohammad Umar Afridi, 31.5% owned by Siddharth Viswanathan, 16.5% owned by Initialized III L.P., and 20.5% owned by others with no individual owner holding more than 4%. On December 17, 2021 the Board received an "Application for New Louisiana Pharmacy Permit for Nonresident Pharmacy" from Postmeds, Inc. d/b/a Truepill. Accompanying correspondence and organization chart detailed a 100% change in the ownership structure of Postmeds Inc., effective November 6, 2019. Postmeds Inc. went from being owned 31.5% by Mohammad Umar Afridi, 31.5% by Siddharth Viswanathan, 16.5% by Initialized III L.P., and 20.5% by others with no individual owner holding more than 4%, to being owned 100% by Truepill, Inc.

WHEREAS, the Board alleges that such actions constitute violations of the following:

La. R.S. 37:1241 (A)(1): Practiced or assisted in the practice of pharmacy, or knowingly permitted or has permitted anyone in his employ or under his supervision to practice or assist in the practice of pharmacy, in violation of the provisions of this Chapter and any rules and regulations promulgated thereto in accordance with the Administrative Procedure Act.

La. R.S. 37:1221(B). No out-of-state pharmacy providing pharmacy services to residents of this state shall open, establish, operate, or maintain a pharmacy, located out-of-state, unless the pharmacy is issued a permit by the board.

La. R.S. 37:1222(A). A person applying for a permit to open, establish, operate, or maintain a pharmacy, within or outside of this state, shall complete an application in such form and contain such data as the board may require, and complete such other requirements as deemed necessary by the board, including but not limited to designation and identification of a pharmacist-in-charge.

La. R.S. 37:1222(E). A permit to operate a pharmacy shall not be transferable.

La. R.S. 37:1232(A). A pharmacy located outside this state which does business in this state within the meaning of this Chapter, shall hold a current pharmacy permit as provided in this Chapter. The pharmacy shall be designated a "nonresident pharmacy" and the permit shall be designated a "nonresident pharmacy permit."

LAC, Title 46: LIII §1101(A). Individuals, partnerships, corporations, limited liability companies, or associations desiring to operate a pharmacy in Louisiana, or outside the state where prescriptions drugs/devices are dispensed and delivered to Louisiana residents, shall execute an application for a pharmacy permit for their particular classification of pharmacy.

LAC, Title 46: LIII §1135(A)(1)(e). The holder of a pharmacy permit shall notify the board, in writing, prior to the transfer of ownership, in order for the board to complete an inspection of the pharmacy premises. A change of ownership of a pharmacy is evident under the following conditions: a 50 percent, or more, change in ownership of a corporation, limited liability company, or association since the issuance of the original permit or the last renewal application.

LAC, Title 46: LIII §1135(A)(2). The new owner(s) of the pharmacy shall submit a properly completed pharmacy permit application, with appropriate fee, to the board.

LAC, Title 46: LIII §1135(A)(4). Pharmacy permits are not transferable from the original holder(s) of the permit to the new owner(s).

LAC, Title 46: LIII §2305(A). The out-of-state pharmacy shall apply for a permit and annual permit renewals on forms provided by the board.

LAC, Title 46: LIII §2307(C). Authority and Accountability. The designated pharmacist-in-charge of the pharmacy and the pharmacy owner(s), or partners, or corporate officer(s) of the permit holder, where applicable, shall be responsible for the complete supervision, management, and compliance with all federal and state pharmacy laws and regulations pertaining to the practice of pharmacy of the entire prescription department. This responsibility necessarily includes accountability for any violation involving federal or state laws or regulations occurring within the prescription department supervised by a pharmacist-in-charge.

To facilitate the submission of this Consent Agreement, Respondent does not contest the allegations and agrees that there is sufficient evidence upon which to predicate a finding of those violations.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

In order to avoid further administrative and judicial proceedings, Respondent hereby consents to accept and abide by the following order of the Board:

POSTMEDS, INC., holder of Louisiana Pharmacy Permit No. 7761, is ordered to pay a fine of $10,000.00 and to reimburse the Board $250.00 for administrative costs, and $324.48 for investigative costs with total payment due the Board of $10,574.80, due by *certified check or money order* to be paid simultaneously with the execution of this Consent Agreement by Respondent.

By signing this Consent Agreement, Respondent agrees that the Board has jurisdiction in this matter, waives all rights to informal conference, to Notice of Hearing, to a formal Administrative Hearing and to judicial review of this Consent Agreement. Moreover, at no time shall Respondent request the expungement, rescission or removal of this Consent Agreement.

By signing this Consent Agreement, Respondent agrees that any failure to comply with the terms of this Agreement is a basis for discipline by the Board.

Both Respondent and the Board stipulate that this Consent Order shall not become effective and shall not become binding on the Board unless and until approved by the Board at formal meeting. However, Respondent agrees that this Consent Order shall be effective and binding upon Respondent without recourse upon its authorized representative signing said Order.

Respondent agrees to authorize the Board to report this action to the National Practitioner Data Bank – Healthcare Integrity and Protection Data Bank (NPDB-HIPDB) as required by law.

I, Matt Davis-Ratner, authorized to act on behalf of and acting on behalf of **POSTMEDS, INC.**, understand that this Consent Agreement is effective as a Board Order upon affirmative vote by the Board at formal hearing. It is also understood that, should the Board not approve this Consent Agreement, the agreement therein does not preclude the Louisiana Board of Pharmacy from requiring a formal hearing of this case.

It is further understood that, should this Consent Agreement not be accepted by the Board, the presentation to and consideration by the Board of this Agreement, including presented documentary evidence and information, shall not unfairly or illegally prejudice or preclude the Board or any of its members from further participation in hearings or resolution of these proceedings.

STATE OF NORTH CAROLINA
NORTH CAROLINA BOARD OF PHARMACY

IN THE MATTER OF	)	
	)	
POSTMEDS, INC. d/b/a Truepill,	)	**CONSENT ORDER**
	)	**OF DISCIPLINE**
Permit No. 13413 and Its Successor Permit(s).	)	

THIS MATTER came to be considered before a member of the North Carolina Board of Pharmacy (hereinafter, the "Board") pursuant to 21 N.C.A.C. 46 .2008. The Conference was scheduled for Thursday, February 24, 2022, and, after appropriate notice, was heard on that day by Board member Wallace E. Nelson. Respondent PostMeds, Inc. was informed of its right to be present at the pre-hearing conference and declined. The Board's General Counsel, Clinton R. Pinyan, represented the Board.

Respondent has agreed to waive a formal hearing in the above-referenced matter. It stipulates and agrees to the findings of fact and conclusions of law recited herein and to the order of discipline imposed. By its consent, Respondent also stipulates that it waives its right to appeal this Consent Order or challenge in any way the sufficiency of the findings of this Order as a basis for the action taken. Based upon the consent of the parties, the Board hereby enters the following:

FINDINGS OF FACT

1. On November 20, 2017, the Board issued Permit No. 13413 to Respondent PostMeds, Inc. d/b/a Truepill (Permit No. 13413) ("PostMeds").

2. On PostMeds' initial permit application, its then-pharmacist manager, Mohammad Umar Afridi, submitted an inaccurate statement that he was the sole owner and officer of PostMeds. In fact, PostMeds now acknowledges that Afridi and Siddharth

Viswanathan each owned 47 percent of PostMeds on November 20, 2017, with others owning six percent, and that Viswanathan was also an officer of PostMeds.

3. Viswanathan and the minority owners' interests would not have raised questions about the permit application in this particular case. If PostMeds had disclosed the true ownership and officers of PostMeds, the Board still would have granted PostMeds a permit. However, it was an inaccurate statement that Afridi, as the person who submitted the application, knew was inaccurate. That statement prevented the Board from vetting Viswanathan as the owner of the pharmacy. Because of the inaccuracy of the representations, the initial permit was void ab initio.

4. In November 2019, PostMeds went through a corporate restructuring. During that restructuring, Truepill, Inc. was created as a holding company for PostMeds. At that time, Truepill, Inc. became the sole owner of PostMeds. Afridi, Viswanathan and the other former direct owners of PostMeds became indirect owners with the same ownership interests in the holding company, Truepill, Inc., that they had before the transfer of ownership.

5. This restructuring required PostMeds to submit a transfer of ownership application and have that application granted before the restructuring closed. PostMeds failed to do this. Therefore, even if the initial permit had been valid (which it was not), it would have become invalid upon the corporate restructuring.

6. Insertion of a new holding company between the ultimate owners and PostMeds would not have raised questions about the permit application in this particular case. The ownership interests of the ultimate owners did not change. If PostMeds had disclosed the new holding company, the Board still would have granted the transfer of ownership. However,

PostMeds failed to submit the transfer of ownership application or otherwise disclose the interests of Truepill, Inc.

7. In each of its subsequent renewals, PostMeds failed to correct the ownership information that it had inaccurately submitted on its initial application or to list Truepill, Inc., as the direct owner of the pharmacy.

8. On November 4, 2021, counsel for PostMeds informed the Board that its "current ownership information on file with the North Carolina Board of Pharmacy is out of date." Upon follow-up questioning, the next day, PostMeds disclosed that it should have submitted a transfer of ownership application in November 2019. It further was apparent from the ownership information that PostMeds provided that Afridi made inaccurate representations about ownership and officers on PostMed's initial application that had never been corrected.

9. PostMeds agreed to stop shipping any drugs, devices or medical equipment into the State of North Carolina until the matter was resolved. It further agreed to stop shipping or dispensing any drugs, devices or medical equipment from six other pharmacies under its ownership until the matter was resolved (even though those pharmacies did not receive permits until after the transfer of ownership had occurred, and so did not suffer from the same problem).

10. PostMeds submitted a transfer of ownership application promptly.

11. Although PostMed's disclosure of its inaccuracies was tardy, its remedial actions are a mitigating factor in this matter.

CONCLUSIONS OF LAW

1. Reporting of correct and complete ownership information on an initial pharmacy permit application or a renewal application is material, indeed essential, to the Board's ability to ensure that a pharmacy will provide services safely and competently to the public.

2. PostMeds made inaccurate statements about its ownership and officers on its initial application, which it failed to correct at any point through its 2022 renewal. That initial permit was therefore void ab initio and violated G.S. § 90-85.38(b).

3. The creation of Truepill, Inc. as a holding company further triggered a requirement to report the ownership change and obtain a successor permit, and to do so before the closing of the transaction that created Truepill, Inc. The transaction "result[ed] in a different person . . . owning more than 50 percent interest in the permit holder . . . ." 21 NCAC 46.1603. Failure to apply for and obtain a successor permit prior to the transaction, and a continuing failure to disclose the ownership interest of Truepill, Inc., violated G.S. § 90-85.38(b).

IT IS THEREFORE ORDERED:

PostMeds was in violation of G.S. § 90-85.38(b) in North Carolina from November 20, 2017 until at least November 4, 2021. Respondent PostMed's Permit No. 13413 was **VOID** from the time that it was granted on November 20, 2017. G.S. § 90-85.38(c).

Respondent PostMed's change of ownership application is **APPROVED** as a successor permits to Permit No. 13413 (the "Successor Permit") with the following **CONDITIONS**:

1. PostMeds shall provide timely advance notice of any contemplated change in ownership to the current pharmacist-manager and any future pharmacist-manager(s) of the Successor Permit. PostMeds shall consult with the Successor Permit's pharmacist-manager(s) to determine whether any contemplated transaction triggers the need to obtain new permits. PostMeds shall authorize the Successor Permit's pharmacist-manager(s) to take any necessary action to update that ownership information with the Board or to apply for new permits. If a contemplated transaction triggers the need for new permits, PostMeds shall not complete that

transaction unless and until either the Board issues new permits or PostMeds ceases all practice of pharmacy at the permitted location.

2. The Successor Permit shall violate no laws governing the practice of pharmacy or the distribution of drugs.

3. The Successor Permit shall violate no rules or regulations of the Board.

4. If the Successor Permit fail to comply with any term or condition of this Order, it may be subject to additional disciplinary action by the Board.

This is the 8th day of March, 2022

NORTH CAROLINA BOARD OF PHARMACY

By: /s/ William A. Mixon
William A. Mixon
President

Respondent PostMeds, Inc. has full knowledge that it has the right to a formal hearing, at which it would have the right to be represented at its expense by counsel, in this matter. Respondent freely, knowingly and voluntarily waives its right to such a hearing by entering into this Consent Order.

Respondent understands and agrees that by entering into this Consent Order, it certifies that it has read the foregoing Consent Order and that it voluntarily consents to the terms and conditions set forth therein and relinquishes any right to judicial review of Board actions that may be taken concerning this matter.

Respondent further understands that should it violate the terms and conditions of this Consent Order, the Board may take additional action.

Respondent understands and agrees that this Consent Order will not become effective unless and until approved by the Board.

Respondent understands that it has the right to have counsel of its choice review and advise them with respect to their rights and this Consent Order, and represents that it enters this Consent Order after consultation with counsel or after knowingly and voluntarily choosing not to consult with counsel. Respondent further agrees that the person who is executing this Consent Order has been duly authorized by any required corporation action to execute on behalf of Respondent.

NC old license 13413
LA license PHY.007761-NR
KS license 22-117859
DEA license FP6189725

DEA Order to Show Cause
Although the matter remains pending and no discipline has issued, for transparency with the Board and out of an abundance of caution, the Pharmacy wishes to disclose that on December 15, 2022, the federal Drug Enforcement Agency ("DEA") issued the Pharmacy an administrative Order to Show Cause ("OSC") regarding revocation of its DEA registration FP6189725. On January 13, 2023, the Pharmacy answered the OSC.

Kansas Board of Pharmacy
The Kansas Board of Pharmacy issued the pharmacy an amended Summary Order effective February 8, 2023. The pharmacy did not report the change of ownership in a timely manner, and paid a fine. The Kansas Board of Pharmacy approved the change of ownership application, and issued license 22-117859 on May 20, 2022.

Louisiana Board of Pharmacy
The Louisiana Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated May 11, 2022. The pharmacy did not report the change of ownership in a timely manner. The Louisiana Board of Pharmacy approved the change of ownership application with a new permit number PHY.008479-NR as a successor to permit number PHY.007761-NR.

North Carolina Board of Pharmacy

The North Carolina Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated March 8, 2022. The pharmacy made inaccurate statements about its ownership and officers on its initial application in November 2017 and did not correct this until November 2021. The North Carolina Board of Pharmacy approved the change of ownership application with a new permit number 14900 as a successor to permit number 13413.

Maine Board of Pharmacy

The Maine Board of Pharmacy notified the pharmacy on March 30, 2022 that its non-resident license was terminated effective November 6, 2019 for reporting deficiencies related to its ownership. The pharmacy submitted a change of ownership application for licensure, and has been issued a new pharmacy license on November 2, 2022.

California Board of Pharmacy

The California Board of Pharmacy issued the pharmacy a letter of admonishment CI 2019 84877 dated January 23, 2020, concluding an investigation that found the pharmacy shipped a prescription to the wrong patient and shipped two prescriptions with the wrong return address.

The California Board of Pharmacy issued the pharmacy a modified citation and fine CI 2019 78633 dated June 16, 2020, with the fine amount of $0.00. In 2018, certain prescriptions were issued to the pharmacy

by prescribers that were either not yet licensed to prescribe in California or who had not yet entered into an established standardized procedure or protocol developed by a supervising physician.

Also, The California Board of Pharmacy issued the pharmacy a citation and fine order of abatement CI 2020 89223 dated August 25, 2021, with the fine amount of $5,000. The pharmacy was in violation when dangerous drugs were stored in temperatures exceeding the recommended storage temperatures Truepill did not consider the manufacturer's stability data for drugs which may have been adulterated by heat.

IN THE MATTER OF

Truepill
3121 Diablo Ave
Hayward, CA 94545

DEA Certificate of Registration FP6189725

ORDER TO SHOW CAUSE

Telemedicine is an important tool for providing increased access to medical treatment that has been relied upon by hundreds of millions of Americans since the onset of the COVID-19 pandemic in 2020. Unfortunately, this access is being exploited by a subset of medical practitioners and businesses seeking opportunities to profit by wrongfully providing controlled substances without a legitimate medical purpose.

DEA has an obligation to protect the public by ensuring that pharmacists only fill prescriptions for controlled substances which are prescribed for legitimate medical purposes by practitioners acting in the usual course of professional practice. It is critical that entities engaged in the practice of online pharmacy are appropriately registered and subject to reporting, disclosure, and other requirements imposed under law. These requirements allow entities engaged in the legitimate practice of telemedicine to continue safely providing critical services and protect the safety and health of the American public.

The Ryan Haight Online Pharmacy Consumer Protection Act of 2008 (Ryan Haight Act) and its implementing regulations prohibit actors from operating as an "online pharmacy" without the appropriate DEA registration. Truepill does not have the requisite registration to act as an online pharmacy. But since September 2020, it has acted as an online pharmacy, and in a two-year period filled 72,000 controlled substance prescriptions, of which 60% were for stimulants, such as amphetamines used in the treatment of Attention Deficit/Hyperactivity Disorder (ADHD).

Truepill was the pharmacy for telehealth companies, including Cerebral, that marketed ADHD treatments, including Adderall ® and its generic forms, directly to consumers using Internet advertisements and social media. Cerebral arranged for patients to receive prescriptions for ADHD treatments through a telehealth visit, and for Truepill to fill those prescriptions. In numerous instances, Truepill dispensed controlled substances pursuant to prescriptions that were not issued for a legitimate medical purpose in the usual course of professional practice. Many of these prescriptions were written by providers that lacked the requisite state certifications to prescribe and who issued multiple prescriptions for a patient to receive more than a 90-day supply of a

Schedule II controlled substance, including prescriptions for the treatment of ADHD, in violation of federal regulations.

Accordingly,

PURSUANT to Sections 303 and 304 of the Controlled Substances Act, Title 21, United States Code, Sections 823 and 824,

NOTICE is hereby given to afford Truepill an opportunity to Show Cause before the Drug Enforcement Administration (DEA), at the DEA Hearing Facility, 700 Army Navy Drive, 2nd Floor, Arlington, Virginia 22202, or a location designated by the Administrative Law Judge, on March 21, 2023, or on such a subsequent date designated by the Administrative Law Judge (if Truepill requests such a hearing), as to why DEA should not revoke Truepill's DEA Certificate of Registration (COR or registration), Number FP6189725, pursuant to 21 U.S.C. § 824(a)(4), and deny any applications for any other DEA registrations, because Truepill's registration would be inconsistent with the public interest, as that term is defined in 21 U.S.C. § 823(f).

As detailed below, this Order states DEA's basis to revoke the above-referenced DEA registration, including a ***non-exhaustive summary*** of the matters of fact and law at issue, as well as citations to laws and regulations that Truepill has violated (*see* 21 C.F.R. §§ 1301.36(e) and 1301.37(c), which DEA construes *in pari materia*). In order to preserve Truepill's rights in this proceeding, Truepill may appear in these revocation proceedings by filing a notice of appearance or request for hearing in the manner prescribed by regulations within 30 days from the receipt of this Order. On or before the date of Truepill's appearance, Truepill may submit a corrective action plan that will be considered by DEA in accordance with 21 U.S.C. § 824(c).

LEGAL REQUIREMENTS

Entities That Must Register as Online Pharmacies

Federal law proscribes any person from distributing or dispensing a controlled substance except as authorized by the Controlled Substances Act (CSA). *See* 21 U.S.C. §§ 841(a)(1); 842(a)(1). Federal law further explicitly provides that it is unlawful for "any person" to "deliver, distribute, or dispense a controlled substance by means of the Internet, except as authorized" by the CSA. 21 U.S.C. § 841(h)(1).

An "online pharmacy" is "a person, entity, or Internet site . . . that knowingly or intentionally delivers, distributes, or dispenses, or offers or attempts to deliver, distribute, or dispense, a controlled substance by means of the Internet." 21 U.S.C. § 802(52)(A); *see also* 21 C.F.R. § 1300.04(h) (same). Further, the term "'deliver, distribute, or dispense by means of the Internet' refers, respectively, to any delivery, distribution, or dispensing of a controlled substance that is caused or facilitated by means of the Internet." 21 U.S.C. § 802(51). To act as an online pharmacy, a pharmacy must "request that the Administrator modify its registration to authorize the pharmacy to dispense controlled substances by means of the Internet as an online pharmacy." 21 C.F.R. § 1301.19(a); *see* 21 C.F.R. § 1301.11(b).

The CSA instructs that "it is unlawful for any person who falls within the [CSA's] definition of 'online pharmacy' . . . to deliver, distribute, or dispense a controlled substance by means of the

Internet" unless that person is "validly registered with a modification of such registration authorizing such activity." 21 C.F.R. § 1301.11(b). "Accordingly, any pharmacy registered" with DEA "that falls within the definition of an online pharmacy and proposes to dispense controlled substances by means of the Internet must obtain a modification of its registration authorizing such activity." *Id.*; *see also* 21 C.F.R. § 1301.19(f) ("No person . . . required to obtain a modification of a registration . . . authorizing it to operate as an online pharmacy may engage in any activity for which such modification of registration is required until the application for such modified registration is granted and an active Certificate of Registration indicating the modification of the registration has been issued by the Administrator to such person."). The CSA explicitly provides that "delivering, distributing, or dispensing a controlled substance by means of the Internet by an online pharmacy that is not validly registered with a modification authorizing such activity" is a violation of section 841(h)(1). 21 U.S.C. § 841(h)(2)(A).

Requirements Applicable to Online Pharmacies

An online pharmacy is subject to a number of requirements under the CSA. Among other things, an online pharmacy must:

- "[D]isplay in a visible and clear manner on its homepage a statement that it complies with the requirements of this section with respect to the delivery or sale or offer for sale of controlled substances." 21 U.S.C. § 831(a); 21 C.F.R. § 1304.45(a); *see also* 21 U.S.C. § 802(53) ("The term 'homepage' means the opening or main page or screen of the website of an online pharmacy that is viewable on the Internet.").

- Post "in a visible and clear manner" on its homepage or a page clearly linked from its homepage, the following information:

    - "The name, professional degree, and States of licensure of the pharmacist-in-charge, and a telephone number at which the pharmacist-in-charge can be contacted."

    - "A list of the States in which the pharmacy is licensed to dispense controlled substances."

    - "A certification that the pharmacy is registered under" the CSA "to deliver, distribute, or dispense" controlled substances "by means of the Internet."

    - The following statement: "This online pharmacy is obligated to comply fully with the Controlled Substances Act and DEA regulations. As part of this obligation, this online pharmacy has obtained a modified DEA registration authorizing it to operate as an online pharmacy. In addition, this online pharmacy will only dispense a controlled substance to a person who has a valid prescription issued for a legitimate medical purpose based upon a medical relationship with a prescribing practitioner. This includes at least one prior in-person medical evaluation in accordance with section 309 of the Controlled Substances Act (21 U.S.C. 829) or a medical evaluation via telemedicine in

accordance with section 102(54) of the Controlled Substances Act (21 U.S.C. 802(54))."

See 21 U.S.C. § 831(c); 21 C.F.R. § 1304.45.

- Notify the DEA Administrator, thirty days before offering a controlled substance for sale, delivery, distribution, or dispensing, of, among other things: the information the online pharmacy is required to post on its Internet site under 21 U.S.C. § 831(c), and 21 C.F.R. § 1304.45; each Internet site address used by the online pharmacy; the DEA registration numbers of every pharmacy that delivers, distributes or dispenses controlled substances pursuant to orders made through each of those identified websites; and a certification that the information provided on its Internet site under 21 U.S.C. § 831(c), and 21 C.F.R. § 1304.45 is true and accurate. *See* 21 U.S.C. § 831(d); 21 C.F.R. § 1304.40(b).

- Display on its homepage a declaration that it has made an appropriate notification to the DEA Administrator. *See* 21 U.S.C. § 831(e); 21 C.F.R. § 1304.40(d).

- Monthly report to the DEA Administrator of the total quantity of controlled substances the online pharmacy has dispensed for each calendar month in which it dispenses either 100 or more controlled substance prescriptions, or 5,000 or more dosage units of controlled substances. If the pharmacy's dispensing does not meet either threshold in a given month, it must report a negative response for that month. *See* 21 C.F.R. § 1304.55.

Requirements Applicable to All Pharmacies

A "prescription for a controlled substance may only be filled by a pharmacist, acting in the usual course of his professional practice." 21 C.F.R. § 1306.06. A pharmacist is only permitted to fill prescriptions "issued for a legitimate medical purpose by an individual practitioner acting in the usual course of his professional practice." 21 C.F.R. § 1306.04(a). Although "[t]he responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, . . . a corresponding responsibility rests with the pharmacist who fills the prescription." *Id.*

"DEA has consistently interpreted this provision as prohibiting a pharmacist from filling a prescription for a controlled substance when [s]he either knows or has reason to know that the prescription was not written for a legitimate medical purpose." *Wheatland Pharmacy*, 78 Fed. Reg. 69,441, 69,445 (2013) (internal quotation marks and citation omitted, alternation in original). Section 1306.04(a) "expressly requires pharmacists to identify and resolve suspicions that a prescription is illegitimate." *Trinity Pharmacy II*, 83 Fed. Reg. 7304, 7331 (2018).

A violation of these regulations is a violation of federal law. *See* 21 U.S.C. § 842(a)(1) (making it unlawful to dispense controlled substances in violation of 21 U.S.C. § 829, whose scope is defined in part by 21 C.F.R. §§ 1306.04, 1306.06). Any attempt to violate these regulations is also a violation of federal law. *See* 21 U.S.C. § 846.

Additionally, DEA may find that a registrant's DEA COR is inconsistent with the public interest if the registrant acted carelessly or negligently in handling controlled substances, even if the registrant did not intend to violate the Controlled Substances Act. *See, e.g., Med. Shoppe*, 79 Fed. Reg. 59,504, 59,506 (2014) ("Careless or negligent handling of controlled substances creates the opportunity for diversion and [can] justify revocation or denial." (quoting *Paul J. Caragine, Jr.*, 63 Fed. Reg. 51,592, 51,601 (1998))).

Pharmacies are also required to keep appropriate records as set forth in the CSA. "Recordkeeping is one of the CSA's principal tools for preventing the diversion of controlled substances." *Wayne Pharmacy*, 85 Fed. Reg. 63,579, 63,582 (2020). Such recordkeeping is one of the central features of the CSA's regulatory regime because "a registrant's accurate and diligent adherence to this obligation is absolutely essential to protect against the diversion of controlled substances." *Superior Pharmacy I & Superior Pharmacy II*, 81 Fed. Reg. 31,310, 31,337 (2016). Thus, a finding that a registrant "failed to maintain complete and accurate records . . . supports the conclusion that [the registrant] has committed such acts as to render its continued registration 'inconsistent with the public interest.'" *Id.* at 31,338 (quoting 21 U.S.C. § 824(a)(4)).

Pharmacies are also required to, among other things, "maintain, on a current basis, a complete and accurate record of each [controlled] substance . . . received, sold, delivered, or otherwise disposed of." 21 U.S.C. § 827(a)(3); 21 C.F.R. § 1304.21(a); *see also* 21 C.F.R. § 1304.22(c) (specific recordkeeping requirements for dispensers).

An individual practitioner is not authorized, on a single occasion, to issue multiple prescriptions for a patient to receive more than a 90-day supply of a Schedule II controlled substance. *See* 21 C.F.R. § 1306.12(b).

State of California Authority to Dispense Controlled Substances

As noted above, a pharmacy may only fill valid prescriptions. *See* 21 U.S.C. § 829; 21 C.F.R. § 1306.06.

California law provides that to practice as a nurse practitioner in California, a nurse practitioner must hold, among other things, a valid and active registered nursing license issued by the Board of Registered Nursing (Nursing Board). Cal. Bus. & Prof. Code § 2835.5. Additionally, for a nurse practitioner licensed in California to prescribe a controlled substance, the Nursing Board must certify that the nurse practitioner satisfactorily completed a course in pharmacology covering the controlled substances to be prescribed and must issue a Furnishing Number to the nurse practitioner. *See id.* §§ 2836.1(g)(1), 2836.2, 2836.3.

To practice as a doctor of naturopathic medicine in California, one must hold a valid and active naturopathic medicine license issued by the California Naturopathic Medicine Committee. *See* Cal. Bus. & Prof. Code §§ 3630, 3633, 3644(d)(2). Schedule III through V controlled substances may only be dispensed by a naturopathic doctor under supervision by a physician or surgeon and pursuant to standardized procedures or protocols established between them. *See* Cal. Bus. & Prof. Code § 3640.5(f).

To practice as a physician assistant in California, one must hold a valid physician assistant license issued by the California Physician Assistant Board. *See* Cal. Bus. & Prof. Code § 3519;

see also Cal. Bus. & Prof. Code §§ 3501, 3503, 3516. Schedule II through V controlled substances may only be prescribed by a physician assistant under supervision by a physician or surgeon and pursuant to a practice agreement. *See* Cal. Bus. & Prof. Code §§ 3502.1 and 3516.

Additionally, practitioners licensed outside California may only be authorized to practice within California by the California Director of Emergency Medical Services Authority during a gubernatorially declared state of emergency. *See* Cal. Bus. and Prof. Code § 900.

BACKGROUND

1. Truepill is registered as a retail pharmacy under DEA COR Number FP6189725 in Schedules II through V with a registered address of 3121 Diablo Avenue, Hayward, California 94545. Truepill's registration expires by its own terms on November 30, 2025.

2. Truepill is not registered as an online pharmacy with DEA.

3. Truepill is licensed by the State of California as a community pharmacy with license number PHY58585. Truepill's pharmacy license expires by its own terms on March 1, 2023.

4. Between on or about September 14, 2020, and September 13, 2022, of the more than 72,000 controlled substances Truepill filled, nearly 46,000 were stimulants, accounting for more than 60% of the controlled substances Truepill dispensed.

5. Truepill's DEA COR should be revoked, and any applications for registration should be denied, because Truepill has committed such acts as would render its registration inconsistent with the public interest. *See* 21 U.S.C. §§ 823(f), 824(a)(4). Specifically, Truepill has acted as an online pharmacy without obtaining an appropriate DEA registration and without meeting a number of legal requirements applicable to online pharmacies. Truepill has, on numerous occasions, unlawfully filled controlled stimulant prescriptions issued by prescribers with no state authority to issue such prescriptions. Truepill has also repeatedly filled controlled stimulant prescriptions there were for more than a 90-day supply, in violation of 21 C.F.R. § 1306.12(b).

6. Dextroamphetamine-amphetamine, which is often sold under the brand names Adderall® and Adderall XR®, is a Schedule II stimulant.

7. Methylphenidate, which is often sold under the brand name Ritalin®, is a Schedule II stimulant.

OPERATING AS AN ONLINE PHARMACY WITHOUT DEA REGISTRATION

8. Truepill provides both pharmacy and technical services to corporate customers, including telehealth companies such as Cerebral. Moreover, Truepill employs a number of customer service representatives to assist its corporate customers.

9. On its Internet site, Truepill describes itself as a "virtual pharmacy," providing "[a]n end-to-end virtual pharmacy experience." Furthermore, Truepill claims that "Truepill's virtual pharmacy enables you to create the convenient experience your customers want."

10. Truepill provides its corporate customers with a software platform containing, among other things, patient information, prescriber information, and prescription information to facilitate the delivery of prescriptions by means of the Internet.

11. Truepill's Internet site also extensively describes how its software programs assist its corporate customers in providing patients with prescriptions. Among other things, the Truepill's Internet site includes the following statements:

    a. Truepill states that it can help companies "[d]eliver medications to your patients using powerful programmatic APIs [Application Programing Interfaces] that give you full control." It further states that these companies can "[p]air our pharmacy fulfillment services with our telehealth solutions to make your programs more accessible to patients who may find it difficult to commute to a doctor's office."

    b. Truepill informs that it provides other software that uses the Internet to facilitate the filling of prescriptions, including, among others, telehealth APIs to help practitioners create and update patient records, and to provide the practitioners' patients with patient health questionnaires, all in "the Truepill ecosystem." Truepill makes clear that its telehealth API customers are "third-party provider networks and physician groups that that can diagnose, treat and prescribe for your patient population. These providers are all part of licensed professional medical corporations who are independently owned and operated."

    c. Truepill explains that it uses a "fulfillment API" to assist providers to "efficiently get medications to your patient's door across all 50 states." Truepill goes on to explain how its software platform uses the Internet to electronically create patient records, obtain prescriptions, and allow practitioners to create fill requests that they submit to Truepill electronically.

    d. Truepill states that it offers a "team of marketers, merchandisers, and fulfillment experts" to help telehealth companies "maximize the value of your e-commerce program."

12. Through these services, Truepill "deliver[ed], distribute[ed], or dispense[ed]" "a controlled substance by means of the Internet," despite not being registered as an online pharmacy, in violation of 21 U.S.C. § 841(h)(1) and 21 C.F.R. §§ 1301.11(b) & 1301.19(f).

FAILURE TO MAKE AND DISPLAY REQUIRED REPORTS AND NOTIFICATIONS

13. Despite operating as an online pharmacy, Truepill failed to put on its Internet site information required by the CSA, including:

a. A statement on its homepage that Truepill complies with the requirements of 21 U.S.C. § 831 with respect to the delivery or sale or offer for sale of controlled substances, in violation of 21 U.S.C. § 831(a) and 21 C.F.R. § 1304.45(a).

b. A visible and clear statement on its homepage, or a page clearly linked from its homepage including:

   i. the name, professional degree, and states of licensure of its pharmacist-in-charge;

   ii. a telephone number at which its pharmacist-in-charge can be contacted;

   iii. a list of states in which Truepill is licensed to dispense controlled substances;

   iv. a certification that Truepill is licensed under the CSA to deliver, distribute, or dispense controlled substances by means of the Internet; and

   v. the following statement: "This online pharmacy is obligated to comply fully with the Controlled Substances Act and DEA regulations. As part of this obligation, this online pharmacy has obtained a modified DEA registration authorizing it to operate as an online pharmacy. In addition, this online pharmacy will only dispense a controlled substance to a person who has a valid prescription issued for a legitimate medical purpose based upon a medical relationship with a prescribing practitioner. This includes at least one prior in-person medical evaluation in accordance with section 309 of the Controlled Substances Act (21 U.S.C. 829) or a medical evaluation via telemedicine in accordance with section 102(54) of the Controlled Substances Act (21 U.S.C. 802(54)).";

all in violation of 21 U.S.C. § 831(c) and 21 C.F.R. § 1304.45.

14. Truepill failed to notify the DEA Administrator of the information listed in 13.b., *supra*, through the submission of an application for a modified registration thirty days before offering a controlled substance for sale, delivery, distribution, or dispensing together with a certification that such information is true and accurate, in violation of 21 U.S.C. § 831(d) and 21 C.F.R § 1304.40(a)(1). Truepill also did not notify the DEA Administrator of each Internet site address it used, nor of the DEA registration numbers of every pharmacy that delivers, distributes or dispenses controlled substances pursuant to orders made through each of those identified websites, in violation of 21 U.S.C. § 831(d) and 21 C.F.R. § 1304.40(b)(3) and (4).

15. Truepill failed to display on the homepage of its Internet site that it had made an appropriate notification to the DEA Administrator under 21 U.S.C. § 831(d) and 21 C.F.R. § 1304.40(b), in violation of 21 U.S.C. § 831(e) and 21 C.F.R. § 1304.40(d).

16. Truepill failed to the provide the DEA Administrator with any of the monthly reports required by 21 C.F.R. § 1304.55.

UNLAWFUL DISPENSING OF SCHEDULE II CONTROLLED SUBSTANCES PURSUANT TO PRESCRIPTIONS FOR GREATER THAN 90-DAY SUPPLY

17. Between on or about September 13, 2020, and September 13, 2022, in dozens of instances, Truepill dispensed Schedule II controlled substances for prescriptions written on a single date by an individual practitioner to an individual patient for a greater than 90-day supply. A non-exhaustive set of examples is provided below.

18. On August 24, 2020, a practitioner issued **Patient N.S.** five prescriptions amounting to a 150-day supply of dextroamphetamine-amphetamine extended release (ER) 10 mg capsules, which are often sold under the brand name Adderall XR®, a total of 300 capsules, which Truepill dispensed.

19. On January 12, 2021, a practitioner issued **Patient L.H.** four prescriptions amounting to a 120-day supply of methylphenidate 20 mg tablets, which are often sold under the brand name Ritalin®, a total of 120 tablets, which Truepill dispensed.

20. On January 12, 2021, a practitioner issued **Patient L.H.** four prescriptions amounting to a 120-day supply of methylphenidate ER 54 mg tablets, which are often sold under the brand name Ritalin®, a total of 120 tablets, which Truepill dispensed.

21. On February 11, 2021, a practitioner issued **Patient D.K.** two prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine 20 mg tablets, which are often sold under the brand name Adderall®, a total of 120 tablets, which Truepill dispensed.

22. On February 11, 2021, a practitioner issued **Patient D.K.** two prescriptions amounting to a 180-day supply of dextroamphetamine-amphetamine ER 30 mg capsules, which are often sold under the brand name Adderall XR®, a total of 180 capsules, which Truepill dispensed.

23. On March 9, 2021, a practitioner issued **Patient H.M.** three prescriptions amounting to a 210-day supply of dextroamphetamine-amphetamine 10 mg tablets, which are often sold under the brand name Adderall®, a total of 315 tablets, which Truepill dispensed.

24. On November 8, 2021, a practitioner issued **Patient N.B.** four prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine ER 15 mg capsules, which are often sold under the brand name Adderall XR®, a total of 120 capsules, which Truepill dispensed.

25. On November 8, 2021, a practitioner issued **Patient N.B.** four prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine 5 mg tablets, which are often sold under the brand name Adderall®, a total of 120 tablets, which Truepill dispensed.

UNLAWFUL DISPENSING OF CONTROLLED SUBSTANCES PURSUANT TO PRESCRIPTIONS ISSUED BY PRACTITIONERS WITHOUT STATE AUTHORITY

26. Between on or about September 13, 2020, and September 13, 2022, Truepill dispensed controlled substances to patients located in California pursuant to prescriptions written by numerous practitioners who were neither sufficiently licensed in California to do so nor holders of an Authorization for Out-of-State Health Care Practitioner issued by the California Emergency Medical Services Authority (Temporary Emergency Authorization). These practitioners included nurse practitioners, physician assistants, and doctors of naturopathic medicine.

27. A non-exhaustive set of insufficiently licensed practitioners who also did not hold a Temporary Emergency Authorization include: **Nurse Practitioner N.B.**; **Nurse Practitioner T.C.**; **Nurse Practitioner D.S.**; **Nurse Practitioner H.M.**; **Nurse Practitioner J.M.**; **Nurse Practitioner A.N.**; **Nurse Practitioner S.O.**; **Nurse Practitioner A.S.**; and **Nurse Practitioner N.S.**

RECORDKEEPING AND AUDIT FINDINGS

28. In September and October of 2022, DEA investigators conducted an audit of Truepill's controlled substance records by conducting an inventory of certain controlled substances present at Truepill's registered location and comparing that inventory to the records maintained and provided by Truepill. DEA's audit identified 1,674 missing dosage units of dextroamphetamine-amphetamine ER 20 mg, often sold under the brand name Adderall XR®, for which Truepill was unable to account, in violation of 21 C.F.R. §§ 1304.21(a) and 1304.22(c). *See Bill Lloyd Drug*, 64 Fed. Reg. 1,823, 1,824 (1999) ("The shortages and overages revealed by the accountability audit show that Respondent does not keep complete and accurate records of its controlled substance handling as required by 21 U.S.C. 827 and 21 CFR 1304.21.").

29. This shortage of 1,674 units constituted over two percent of the dextroamphetamine-amphetamine ER 20 mg, often sold under the brand name Adderall XR®, for which Truepill was accountable during the audit period. Truepill's failure to account for a significant number of dosage units of controlled substances not only violated its obligation to maintain accurate records, but also constituted a failure to comply with its obligation to maintain effective controls against the diversion of controlled substances into illicit channels. *See, e.g.*, *Superior Pharmacy*, 81 Fed. Reg. at 31,337.

THE following procedures are available to Truepill in this matter:

1. Within 30 days after the date of receipt of this Order to Show Cause, Truepill may file with DEA a written request for a hearing in the form set forth in 21 C.F.R. § 1316.47. *See* 21 C.F.R. § 1301.43(a). If Truepill fails to file such a request, the hearing shall be cancelled in accordance with paragraph 3, below.

2. Within 30 days after the date of receipt of this Order to Show Cause, Truepill may file with DEA a waiver of hearing together with a written statement regarding its position on the matters of fact and law involved. *See* 21 C.F.R. § 1301.43(c).

3. Should Truepill decline to file a request for a hearing, or should Truepill request a hearing and then fail to appear at the designated hearing, Truepill shall be deemed to

have waived the right to a hearing, and DEA may cancel such hearing and may enter a final order in this matter without a hearing based upon the evidence presented. *See* 21 C.F.R. §§ 1301.43(d), 1301.43(e).

Requests for hearing should be filed by email with the Office of Administrative Law Judges at the following address: ECF-DEA@dea.gov, with a copy simultaneously provided to the Government at the following address: DEA.Registration.Litigation@dea.gov. Except as provided below with respect to a corrective action plan, correspondence concerning this matter, including requests referenced in paragraphs 1 and 2 above, should be addressed to the Hearing Clerk, Office of Administrative Law Judges, Drug Enforcement Administration, 8701 Morrissette Drive, Springfield, VA 22152. A copy of the same shall also be served on Government counsel, Edward O. Siclari, and be addressed to the Office of Chief Counsel, Diversion and Regulatory Litigation Section, 8701 Morrissette Drive, Springfield, VA 22152. Matters are deemed filed upon receipt by the Hearing Clerk. *See* 21 C.F.R. § 1316.45.

OPPORTUNITY TO SUBMIT CORRECTIVE ACTION PLAN

In addition to the procedural options set forth in paragraphs 1 and 2 above, in accordance with 21 U.S.C. § 824(c)(2)(C), Truepill has the opportunity to submit a corrective action plan, which must be received by the Acting Assistant Administrator, Diversion Control Division, on or before the date of its appearance. Truepill is not required to submit a corrective action plan, nor will any adverse inference be drawn if Truepill chooses not to do so. If Truepill wishes to submit a corrective action plan, it must be submitted directly to the Acting Assistant Administrator, Diversion Control Division, who will decide whether, in view of the plan and the allegations set forth in this Order to Show Cause, the proceedings to revoke Truepill's registration should be discontinued, or deferred for the purposes of modification, amendment, or clarification of such plan. Any corrective action plan should be clearly labeled "Corrective Action Plan" and submitted by email to Thomas W. Prevoznik, Acting Assistant Administrator, Diversion Control Division, at the following address: CAPresponse@usdoj.gov.

A copy of the corrective action plan shall also be served on Government counsel, Edward O. Siclari, and be addressed to the Office of Chief Counsel, Diversion and Regulatory Litigation Section, 8701 Morrissette Drive, Springfield, VA 22152.

In the event Truepill submits a corrective action plan and the Acting Assistant Administrator decides not to discontinue or postpone the proceedings, please note that such a decision is not a final determination by the agency regarding Truepill's corrective action plan or registration. In such circumstances, the Administrator may nonetheless consider the corrective action plan in issuing the final order at the conclusion of the proceedings.

Finally, please be advised that the submission of a corrective action plan shall not constitute a request for a hearing under paragraph 1 above or a written statement regarding Truepill's position on the matters of fact and law involved under paragraph 2 above. As indicated, if Truepill chooses to submit a corrective action plan and also wishes to proceed under paragraph 1 or 2 above, it must separately submit its request for a hearing (paragraph 1) or written statement (paragraph 2) in accordance with the instructions above.

In the Matter of	)	
	)	Case No. 22-183
PostMeds, Inc dba Truepill	)	
	)	
Registration No. 22-117859	)	

AMENDED SUMMARY ORDER

NOW on this 20th day of January, 2023, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of PostMeds, Inc dba Truepill ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Amended Summary Order in the above-captioned matter. After reviewing the investigation materials and being otherwise duly advised in the premises, makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board has previously issued Respondent Registration No. 22-104228 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas.

2. On November 6, 2019, the ownership of Respondent's non-resident pharmacy changed.

3. On May 22, 2020, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 3, 2020 with an expiration date of June 30, 2021. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?"

Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

4. On June 1, 2021, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 21, 2021 with an expiration date of June 30, 2022. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?" Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

5. Due to staffing challenges, personnel turnover and administrative oversight resulting from its early, rapid growth and restructuring and the corresponding COVID-19 pandemic, Respondent mistakenly failed to report the 2019 ownership change and related disclosures to the Board in its May 22, 2020 and June 1, 2021 renewal applications.

6. On April 18, 2022, the Board received notification from Respondent of an ownership change and several past disciplinary actions not previously reported to the Board including: North Carolina Board of Pharmacy Consent Order of Discipline dated March 8, 2022; California State Board of Pharmacy Letter of Admonishment dated January 23, 2020; California State Board of Pharmacy Citation and Fine dated June 16, 2020; California State Board of Pharmacy Citation and Fine Order of Abatement dated August 25, 2021; Alabama State Board of Pharmacy Final Order dated October 25, 2021; California State Board of Pharmacy Citation and Fine dated January 24, 2019; and California State Board of Pharmacy Citation dated December 16, 2019.

7. On April 28, 2022, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application ("Respondent's Application"), notifying of the change in ownership effective November 6, 2019, and applying for a new non-resident pharmacy registration under the new ownership.

8. On May 20, 2022, the Board approved Respondent's Application and issued Respondent the new Non-Resident Pharmacy Registration No. of 22-117859 ("Respondent's Registration") under their new ownership.

9. Prior to receiving the ownership change application, registrant provided a letter notifying of the late ownership change, as well as unreported discipline. Ownership change application completed indicating discipline had occurred and providing details of discipline (5 occurrences).

10. In mitigation, Respondent states that it has invested in additional staff, engaged internal and external legal counsel and implemented training efforts to prevent any such reporting oversights in the future.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f), the Board may take action against a registration on any ground that would authorize the board to take action against the registration of a pharmacy under K.S.A. 65-1627, and amendments thereto.

3. Pursuant to K.S.A. 65-1627(e)(1), the Board may take action against the registration of a pharmacy upon a finding that such pharmacy has been operated in such manner

that violations of the provisions of the pharmacy act of the state of Kansas or of the rules and regulations of the board have occurred in connection therewith.

4. Pursuant to K.S.A. 65-1627(e)(4), the Board may take action against the registration of a pharmacy upon a finding that the registrant has had a registration revoked, suspended or limited, has been censured or has had other disciplinary action taken, or an application for registration denied, by the proper registering authority of another state, territory, District of Columbia or other country.

5. Pursuant to K.S.A. 65-1657, no nonresident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

6. Pursuant to K.S.A. 65-1645(f), registrations shall not be transferable.

7. Pursuant to K.A.R. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

8. Pursuant to K.A.R. 68-2-23, each pharmacy owner shall notify the board in writing within 30 days of any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against the pharmacy or the pharmacy owner or any application, license, registration, or permit held by the pharmacy owner.

9. Respondent's registered facility changed ownership on November 6, 2019 but Respondent did not provide notification or file a new application with the Board until April 18 and 28, 2022, respectively.

10. Respondent's failure to submit the complete change of ownership to the Board until April 2022 is a violation pursuant to K.A.R. 68-2-9 and an unlawful transfer of the previous

registration to the new ownership. Respondent's actions are a violation pursuant to K.S.A. 65-1657 and K.S.A. 65-1627(e)(1), and a basis to take action against Respondent's Registration.

11. Respondent failed to notify the Board of the six disciplinary actions by North Carolina, California, and Alabama until April 18, 2022, nearly one to two years after they were effective, is a violation of K.A.R. 68-2-23 and a basis to take action against Respondent's Registration pursuant to K.S.A. 65-1627(e)(1) and (e)(4).

ORDER

Taking into account the mitigating and corrective actions of Respondent, the Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of $3,500.00. Respondent has 30 days from the date of this order to pay the fine.

NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

Alexandra Blasi
Executive Secretary
Kansas Board of Pharmacy
800 SW Jackson, Suite 1414
Topeka, KS 66612

IT IS SO ORDERED.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)	✓	
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?	✓	
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).	✓	
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4 & 6. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
1/24/2019		CA		
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
CI 2017 80030		California Board of Pharmacy		
Reason/Charge				
Failure to provide documentation substantiating completion of continuing education. Unprofessional conduct				
Plaintiff/Defendant/Claimant/Respondent		**Lawsuit/Arbitration/Bankruptcy**		
Name of Business/Industry/Entity				

Provide explanation below:

CI 2017 80030 issued on January 24, 2019
Mr. Afridi received a citation and fine following an audit of the Continuing Education ("CE") requirements imposed on pharmacists by the State of California. California Board of Pharmacy alleges Mr. Afridi had not completed all CE requirements to maintain his California Registered Pharmacist license.

Mr. Afridi has paid the fine imposed by the California Board of Pharmacy. Upon receipt of the fine, the California Board of Pharmacy considered the matter closed and took no further action. Mr. Afridi's California Registered Pharmacist License remains active in good standing.

Mr. Afridi has since registered for the NABP CE Monitor tracking service, enabling him to remain compliant now and in the future.

Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
21-L-0080		Alabama Board of Pharmacy		
Reason/Charge				
Failure to timely notify the Alabama Board of Pharmacy of the California Board of Pharmacy Citation and Fine				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
Name of Business/Industry/Entity				

Provide explanation below:

21-L-0080 issued on October 25, 2021
Alabama Board of Pharmacy issued a Final Order to Mr. Mohammad Afridi, Alabama Registered Pharmacist #20384, regarding the California Board of Pharmacy Citation and Fine described below. Alabama Board of Pharmacy scheduled a reciprocal discipline hearing on the matter. The hearing was to discuss the California Board of Pharmacy Citation and Fine and to issue reciprocal discipline. Alabama Board of Pharmacy fined Mr. Afridi for failure to timely notify the Alabama Board of Pharmacy of the California Board of Pharmacy Citation and Fine. Mr. Afridi paid the fine to the Alabama Board of Pharmacy. Upon receipt of the fine, the Alabama Board of Pharmacy considered the matter closed and took no further action. Mr. Afridi's Alabama Registered Pharmacist License remains active in good standing.

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Christopher Spitzer Pharmacist Registration #: 03236754

Pharmacy Name: Seven Hills Pharmacy, LLC

Initial each statement below to indicate you have read and agree with the following:

CS I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

CS I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

CS I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

CS I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

CS I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in any state?		✔
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state?		✔
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in any state?	✔	

If you marked YES to any questions above, include the following information and provide a signed statement of explanation. Copies of any documents that identify the circumstance or contain an order, agreement or other disposition is required.

SEP 19 2022
NEVADA STATE BOARD
OF PHARMACY

STATE OF OHIO
BOARD OF PHARMACY

IN THE MATTER OF:

CASE NO. A-2021-0336

Christopher Spitzer, RPh
[redacted] Gardenside Lane
Loveland, Ohio 45140

License No. 03-236754

SETTLEMENT AGREEMENT WITH THE STATE OF OHIO BOARD OF PHARMACY

This Settlement Agreement (Agreement) is entered into by the State of Ohio Board of Pharmacy (Board) and Christopher Spitzer, RPh, for the purpose of resolving all issues between the parties relating to the Board investigation of Christopher Spitzer and CVS Pharmacy #6123 for failing to report a pharmacist for arriving to work his scheduled shift at CVS Pharmacy while impaired and under the influence of alcohol. Together, the Board and Christopher Spitzer are referred to hereinafter as "the parties."

JURISDICTION

1. Pursuant to Section 4729.16 of the Ohio Revised Code and the rules adopted thereunder, the Board has the authority to suspend, revoke, restrict, limit, or refuse to grant or renew any license issued pursuant to Sections 4729.07 and 4729.08 of the Ohio Revised Code to practice pharmacy in the state of Ohio.

2. Christopher Spitzer is a licensed pharmacist in the state of Ohio under license number 03-236754, who was listed as the District Manager at CVS Pharmacy #6123, located at 7500 Beechmont Avenue, Cincinnati, Ohio, at the time of the Allegations in the Notice of Opportunity for Hearing dated March 9, 2022.

FACTS

1. The Board initiated an investigation of Christopher Spitzer, pharmacist license number 03-236754, and CVS Pharmacy #6123 for failing to report a pharmacist for arriving to work his scheduled shift at CVS Pharmacy while impaired and under the influence of alcohol.

2. On or about March 9, 2022, the Board sent a Notice of Opportunity for Hearing to Christopher Spitzer, which outlined the allegations and provided notice of his right to a hearing, his rights in such hearing, and his right to submit contentions in writing.

3. On or about March 31, 2022, Christopher Spitzer, timely requested an administrative hearing, which was subsequently scheduled for April 6, 2022. Settlement of this matter was reached prior to hearing.

WHEREFORE, the parties desire to resolve the issues relating to the above-referenced findings without resorting to further administrative proceedings.

TERMS

NOW THEREFORE, in consideration of the mutual promises herein expressed, the parties knowingly and voluntarily agree as follows:

1. The recitals set forth above are incorporated in this Settlement Agreement as though fully set forth herein.

2. Christopher Spitzer neither admits nor denies the allegations stated in the Notice of Opportunity for hearing letter dated March 9, 2022; however, the Board has evidence sufficient to sustain the allegations, finds them to violate Ohio's pharmacy law as set forth in the Notice, and hereby adjudicates the same.

3. Christopher Spitzer agrees to pay to the Board a monetary penalty in the amount of $250.00. This fine will be attached to Christopher Spitzer' license record and must be paid no later than 180 days from the effective date of this Order. To pay this fine, login to www.elicense.ohio.gov and process the items in the cart.

4. Christopher Spitzer must obtain five hours of approved continuing pharmacy education (0.5 CEUs) which may not also be used for license renewal. The 0.5 CEUs must be completed within six months from the effective date of this agreement. Copies of completed CEUs must be e-mailed to legal@pharmacy.ohio.gov.

5. The Board hereby imposes a written reprimand on Christopher Spitzer's pharmacist license, number 03-236754.

6. Christopher Spitzer agrees to pay all reasonable costs associated with the collection of any payment, and of the prosecution of any violation of this Agreement.

7. Christopher Spitzer understands that he has the right to be represented by counsel for review and execution of this agreement.

8. Christopher Spitzer agrees and acknowledges that this Board disciplinary action must be disclosed to the proper licensing authority of any state or jurisdiction in which he currently holds a professional license, including to the Board on renewal applications or applications for a new license.

9. Christopher Spitzer explicitly withdraws his request for a hearing, waives an opportunity to be heard pursuant to Chapter 119. of the Ohio Revised Code, and waives any right to an appeal.

10. This Agreement may be executed in counterparts or facsimiles, each of which shall be deemed an original, but all of which shall constitute one and the same instrument.

11. All parties to this Agreement understand that this document is a public record pursuant to Ohio Revised Code Section 149.43.

12. This Agreement contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies the terms of this Agreement.

13. If any of the provisions, terms, or clauses of this Agreement are declared illegal, unenforceable, or ineffective by an authority of competent jurisdiction, those provisions, terms, and clauses shall be deemed severable, such that all other provisions, terms, and clauses of this Agreement shall remain valid and binding upon both Parties.

14. This Agreement shall become effective upon the date of the Board President's signature below.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the parties to this Agreement have executed it and/or cause it to be executed by their duly authorized representatives.

On January 29, 2013, Manager Daniel Simkin received a misdemeanor alcohol DUI conviction under California Vehicle Code section 23152(b). See Los Angeles Superior Court (2013), Case #3VY002301-01; see also Exhibit A, Misdemeanor Sentencing Memorandum – Vehicle Code. On March 22, 2016, this misdemeanor conviction was dismissed under California Penal Code section 1203.4. See Exhibit B, Order for Dismissal.
On January 11, 2018, Mr. Simkin was admitted to the State Bar of California and remains active and in good standing (State Bar Number: 319806).

MISDEMEANOR COMPLAINT

Case number: 3VY00230

FILED
JOHN A. CLARKE
Executive Officer/Clerk

By_____
Deputy Clerk

Issued by
CARMEN A. TRUTANICH
City Attorney

By_____
KATHLEEN FORD (LT)
Deputy City Attorney

Comes now the undersigned and states that he is informed and believes, and upon such information and belief declares: That on or about 12/25/2012 at and in the City of Los Angeles, in the County of Los Angeles, State of California, a misdemeanor, to wit, violation of Subdivision (a) of Section 23152 of the California Vehicle Code was committed by the above-named defendant(s) (whose true name(s) to affiant is(are) unknown), who at the time and place last aforesaid, did willfully and unlawfully drive a vehicle while being under the influence of an alcoholic beverage and a drug and under the combined influence of an alcoholic beverage and a drug.

MCI 23152(A)/29

COUNT II

For a further, separate and second cause of action being a different offense, belonging to the same class of crimes and offenses set forth in Count I hereof, affiant further alleges that on or about 12/25/2012 at and in the City of Los Angeles, in the County of Los Angeles, State of California, a misdemeanor, to wit, violation of Subdivision (b) of Section 23152 of the California Vehicle Code was committed by the above-named defendant(s) (whose true name(s) to affiant is(are) unknown), who at the time and place last aforesaid, did willfully and unlawfully drive a vehicle with 0.08 percent or more, by weight, of alcohol in his or her blood.

The allegations of prior convictions listed in Count I of this complaint are hereby incorporated by reference as allegations of prior convictions for the purposes of this Count of the complaint.

MCI 23152(B)/29

All of which is contrary to the law and against the peace and dignity of the People of the State of California. Declarant and complainant therefore prays that a warrant may be issued for the arrest of said defendant(s) and that he may be dealt with according to law.

Attached hereto and incorporated by reference as though fully set forth are written statements and reports which constitute the basis upon which I make the within allegations.

A declaration in Support of the Issuance of Such Warrant is Submitted.

Executed at Los Angeles, California, on

I declare under penalty of perjury that the foregoing is true and correct.

A. Martinez
Declarant and Complainant

INFORMAL DISCOVERY NOTICE

TO THE ABOVE-NAMED DEFENDANT(S) AND/OR ATTORNEY(S) FOR DEFENDANT(S):

Plaintiff, the People of the State of California, hereby requests discovery/disclosure from the defendant(s) and his or her attorney(s) in this case pursuant to Penal Code Sections 1054.3 and 1054.5.

YOU ARE HEREBY NOTIFIED that if complete disclosure is not made within 15 days of this request, plaintiff will seek -- on or before the next court date, or as soon as practicable thereafter -- a court order enforcing the provisions of Penal Code Section 1054.1, subdivisions (b) and (c). This is an ongoing request for any of the listed items which become known to the defendant(s) and his or her attorney(s) after the date of compliance.

The written statements and reports attached hereto constitute discoverable materials designated in Penal Code Section 1054.1. Any additional material discoverable pursuant to Penal Code Section 1054.1 that becomes known to plaintiff will be provided to the defense.

If, prior to or during trial, as a result of this request plaintiff obtains additional evidence or material subject to disclosure under a previous defense request or court order pursuant to Penal Code Section 1054.1, plaintiff will disclose the existence of that evidence or material within a reasonable time.

DISCOVERY MATERIALS SHOULD BE DELIVERED TO A DEPUTY CITY ATTORNEY IN TRIAL COURT ON THE FIRST TRIAL DATE.

Exhibit B

CR-181

ATTORNEY OR PARTY WITHOUT ATTORNEY: STATE BAR NO.:	FOR COURT USE ONLY
NAME: Daniel Yitzhak Simkin FIRM NAME: STREET ADDRESS: [redacted]Lucile Avenue APT 1 CITY: Los Angeles STATE: CA ZIP CODE: 90026 TELEPHONE NO.: [redacted] FAX NO.: E-MAIL ADDRESS: [redacted] ATTORNEY FOR (name):	FILED LOS ANGELES SUPERIOR COURT MAR 23 2016 Sherri R. Carter, Executive Officer / Clerk Dep. By Bonnie Leck Bonnie Leck
PEOPLE OF THE STATE OF CALIFORNIA v. DEFENDANT: Daniel Yitzhak Simkin DATE OF BIRTH: [redacted]	
ORDER FOR DISMISSAL **(Pen. Code, §§ 17(b), 17(d)(2), 1203.4, 1203.4a, 1203.41, 1203.49)**	CASE NUMBER: 3VY00230-01

The court finds from the records on file in this case, and from the foregoing petition, that the petitioner *(the defendant in the above-entitled criminal action)* is eligible for the following requested relief:

1. The court **GRANTS** the petition for reduction of a felony to a misdemeanor (maximum punishment of 364 days per Pen. Code, § 18.5) under Penal Code section 17(b) and/or for reduction of a misdemeanor to an infraction under Penal Code section 17(d)(2) and reduces the following convictions:
   - ☐ ALL FELONY CONVICTIONS in the above-entitled action;
   - ☐ ALL MISDEMEANOR CONVICTIONS in the above-entitled action; OR
   - ☐ Only the following convictions in the above-entitled action *(specify charges and date of conviction)*:

2. The court **DENIES** the petition for reduction of a felony to a misdemeanor under Penal Code section 17(b) and/or for reduction of a misdemeanor to an infraction under Penal Code section 17(d)(2) for:
   - ☐ ALL FELONY CONVICTIONS in the above-entitled action;
   - ☐ ALL MISDEMEANOR CONVICTIONS in the above-entitled action; OR
   - ☐ Only the following convictions in the above-entitled action *(specify charges and date of conviction)*:

3. The court **GRANTS** the petition for dismissal regarding the following convictions under Penal Code ☒ § 1203.4, or ☐ § 1203.4a, or ☐ § 1203.41, or ☐ § 1203.49, and it is ordered that the pleas, verdicts, or findings of guilt be set aside and vacated and a plea of not guilty be entered and that the complaint be, and is hereby, dismissed for:
   - ☒ ALL CONVICTIONS in the above-entitled action, or
   - ☐ Only the following convictions in the above-entitled action *(specify charges and date of conviction)*:

4. The court **DENIES** the petition for dismissal regarding the following convictions under Penal Code ☐ § 1203.4, or ☐ § 1203.4a, or ☐ § 1203.41, or ☐ § 1203.49 for:
   - ☐ ALL CONVICTIONS in the above-entitled action; or
   - ☐ Only the following convictions in the above-entitled action *(specify charges and date of conviction)*:

5. In granting this order under the provisions of Penal Code section 1203.49:
   a. The court finds that the petitioner was a victim of human trafficking when he or she committed the crime.
   b. ☐ The court orders the relief described in section 1203.4, or
      ☐ The court orders the relief described in section 1203.4, with the following exceptions *(specify)*:

Form Approved for Optional Use
Judicial Council of California
CR-181 [Rev. January 1, 2016]

ORDER FOR DISMISSAL

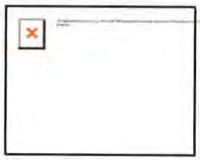
Penal Code, §§ 17(b), 17(d)(2), 1203.4, 1203.4a, 1203.41, and 1203.49
www.courts.ca.gov

CR-181

PEOPLE OF THE STATE OF CALIFORNIA v DEFENDANT:	CASE NUMBER:
DANIEL YITZHAK Simkin	3VY00230-01

6. If this order is granted under the provisions of Penal Code section 1203.4 or 1203.41:
   a. The petitioner is required to disclose the above conviction in response to any direct question contained in any questionnaire or application for public office, or for licensure by any state or local agency, or for contracting with the California State Lottery Commission.
   b. Dismissal of the conviction does not *automatically* relieve petitioner from the requirement to register as a sex offender. (See, e.g., Pen. Code, § 290.5.)

7. If the order is granted under the provisions of Penal Code section 1203.49, the Department of Justice is hereby notified that the petitioner was a victim of human trafficking when he or she committed the crime, and the relief ordered.



8. If the order is granted under the provisions of either Penal Code section 1203.4, 1203.4a, 1203.41, or 1203.49, the petitioner is released from all penalties and disabilities resulting from the offense except as provided in Penal Code sections 29800 and 29900 (formerly sections 12021 and 12021.1) and Vehicle Code section 13555. In any subsequent prosecution of the petitioner for any other offense, the prior conviction may be pleaded and proved and shall have the same effect as if probation had not been granted or the accusation or information dismissed. The dismissal does not permit a person to own, possess, or have in his or her control a firearm if prevented by Penal Code sections 29800 or 29900 (formerly sections 12021 and 12021.1). Dismissal of a conviction does not permit a person prohibited from holding public office as a result of that conviction to hold public office.

9. In addition, as required by Penal Code section 299(f), relief under Penal Code sections 17(b), 17(d)(2), 1203.4, 1203.4a, 1203.41, or 1203.49 does *not* release petitioner from the separate administrative duty to provide specimens, samples, or print impressions under the DNA and Forensic Identification Database and Data Bank Act (Pen. Code, § 295 et seq.) if petitioner was found guilty by a trier of fact, not guilty by reason of insanity, or pled no contest to a qualifying offense as defined in Penal Code section 296(a).

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good Morning Olivia,

Thank you for your patience.

Deficiency items:
1) Personal History application (Daniel Simkin) – need copies of any documents that identify the circumstances or contain an order, agreement, or other disposition. - The Personal History application is attached and the supporting documents are included in the document.

2) Designated Representative app pages 6 & 7 - none of these questions describe the PIC's reprimand. We can't put a "yes" on any of the questions.
The PIC's disciplinary reprimand falls under Section 11 of the Pharmacy Application but not to any questions from Designated Representative app pages 6 & 7

3) We would like to update our application to disclose recent action on the pharmacy's owner, Postmeds. Inc. Please see attached.
Thank you,

Thank you,

Artiom Solovei
Compliance Generalist

CEASE-AND-DESIST and CITATION-AND-FINE ORDER: Case No. 23-080-O, Unlicensed Furnishing of Prescription Medical Devices

Greetings:

The Nevada State Board of Pharmacy (Board) has determined that Rhythm Healthcare LLC (hereafter "Rhythm Healthcare") is engaged in the business of furnishing prescription medical devices in Nevada without having secured a license as required by Nevada Revised Statutes (NRS) 639.233. Pursuant to NRS 639.233, any person, including a wholesaler or manufacturer of prescription medical devices must secure a Nevada license if it receives, stores, or ships such products within or into Nevada.

Under Nevada law, the term "drug" is defined to include "[a]rticles and devices intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in humans." *See* NRS 639.007. The terms "manufacturer" and "wholesaler" are defined at NRS 639.009 and NRS 639.016, respectively. The term "medical products provider" is defined at Nevada Administrative Code (NAC) 639.6936. Nevada licensure is required of any person, *including* a manufacturer, wholesaler, or medical products provider, who sells or ships drugs or medical devices "that are restricted by federal law to sale by or on the order of a physician to any person located within this State." *See* NRS 639.233(1) and (2); NAC 639.6942.

Rhythm Healthcare is engaged in the business of selling "devices" as that term is defined at 21 U.S.C. § 321(h). The product's purpose is for use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment, or prevention of disease, in man or other animals. Accordingly, at least some of the devices are "prescription devices" within the meaning of 21 CFR § 801.109. Federal regulations define one of the devices at issue as a "portable oxygen generator." 21 CFR 868.5440. These devices are listed as Class II devices. 21 CFR 868.5440(b).

9171 9690 0935 0279 1497 04

Because these devices are not safe to use for their intended purpose except under the supervision of a qualified medical practitioner, they must bear a label indicating that they are prescription-only devices. *See* 21 CFR § 801.109(b). The relevant facts are as follows:

- During a routine annual inspection of American A+ Oxygen and DME, located at 940 Matley Ln, Reno, NV 89502, Board Inspector Mui C. Lee discovered an invoice dated January 25th, 2023, showing that Rhythm Healthcare had shipped DME into Nevada without a valid Nevada Wholesaler license. Board Inspector Lee was able to determine after a conversation with A+ Oxygen and DME Assistant Manager Dan Haley that A+ Oxygen and DME received portable oxygen generators from Rhythm Healthcare.

- The federal Food and Drug Administration classifies portable oxygen generators as Class II medical devices. *See* 21 C.F.R. § 868.5440(b). These devices are not safe to use for their intended purpose except under the supervision of a qualified medical practitioner, they must bear a label indicating that they are prescription-only devices. *See* 21 CFR § 801.109(b). This means that portable oxygen generators may not be sold in interstate commerce except upon the order of a qualified practitioner. *See* 21 U.S.C. 360(a)(1)(B); 21 U.S.C. § 360(j)(1)(E); 21 C.F.R § 801.109.

- Under Nevada law, the fact that there is a federal restriction on sale of the drug or device by or on the order of a physician requires any person, wholesaler, or manufacturer to obtain a license with the Nevada State Board of Pharmacy if they 1) solicit or accept orders for drugs or devices whose sale in this State is restricted; or 2) receive, store, or ship such drugs or devices. *See* 21 U.S.C. § 353(b)(1); 21 C.F.R. § 201.100(b)(1); 21 CFR § 801.109; and NRS 639.233.

- During the routine annual inspection of A+ Oxygen and DME, the Board obtained documentary evidence establishing that Rhythm Healthcare sold prescription-only medical devices in the state of Nevada without first having secured a Wholesale license.

Accordingly, the Board hereby orders Rhythm Healthcare to immediately **CEASE and DESIST** furnishing to persons in Nevada any devices that are restricted by federal law to sale by or on the order of a physician. This includes, without limitation, all devices described in 21 C.F.R. Part 868. Further, this notice shall serve as a **CITATION** pursuant to NRS 639.2895(2) for the unlicensed furnishing of medical devices to persons in Nevada. Pursuant to NRS 639.2895(3), the Board has assessed an **administrative fine** against Rhythm Healthcare in the amount of **Five Thousand and 00/100 Dollars ($5,000.00).**

If you do not intend to contest the above fine, please pay the fine within 30 days of receipt of this citation, or otherwise contact Board staff to request an alternative payment plan. Payment must be by *cashier's check, certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received at the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521. Additionally, please be advised that should you fail to comply with the terms of this citation and order, your noncompliance will be reported to the

National Practitioner Data Bank and referred to the Nevada Controller's Office for collection pursuant to NRS 353C.195. *See* 45 C.F.R. §§ 60.3 and 60.5.

You may contest this citation by submitting to the Board, at the Reno address listed above, a written request for a public hearing. You must submit any such request not later than 30 days after receipt of this notice. *See* NRS 639.2895(2). Additionally, please be aware that issuance of the foregoing letter does not preclude the filing of an administrative disciplinary complaint, a civil suit, or criminal charges, if deemed appropriate based upon evidence not currently available to the Board's investigative staff.

If you have any questions, please contact Nevada State Board of Pharmacy General Counsel Peter Keegan by telephone at 775-850-1440, ext. 123, or *via* email at p.keegan@pharmacy.nv.gov.

Best regards,

Nevada State Board of Pharmacy

Section 8: NABP Accreditation/FDA Registration	Yes	No
Is your company Drug Distributor or VAWD Accredited by NABP? If yes, provide:		✓
1. Copy of Certification 2. Copy of a bond in an amount of $25,000 made payable to the state of Nevada. This must be current to maintain a Nevada wholesaler registration. Complete the **Surety Bond form** at http://bop.nv.gov/Services/newapps/Business/.		
Is your company licensed as a Manufacturer by the FDA? If yes, provide:		✓
1. Copy of FDA registration 2. Copy of a bond in an amount of $25,000 made payable to the state of Nevada. This must be current to maintain a Nevada wholesaler registration. Complete the **Surety Bond form** at http://bop.nv.gov/Services/newapps/Business/.

Nationwide Mutual Insurance Company

SEAL

BY: Elizabeth Moore

Elizabeth Moore , Attorney in Fact

Bond Number: 0001160179 2543

Power of Attorney

KNOW ALL MEN BY THESE PRESENTS THAT:

Nationwide Mutual Insurance Company, an Ohio corporation

hereinafter referred to severally as the "Company" and collectively as "the Companies" does hereby make, constitute and appoint:

Elizabeth Moore

each in their individual capacity, its true and lawful attorney-in-fact, with full power and authority to sign, seal, and execute on its behalf any and all bonds and undertakings, and other obligatory instruments of similar nature, in penalties not exceeding the sum of

One Hundred Thousand and no/100 dollars ($100,000.00)

and to bind the Company thereby, as fully and to the same extent as if such instruments were signed by the duly authorized officers of the Company; and all acts of said Attorney pursuant to the authority given are hereby ratified and confirmed.

This power of attorney is made and executed pursuant to and by authority of the following resolution duly adopted by the board of directors of the Company:

"RESOLVED, that the president, or any vice president be, and each hereby is, authorized and empowered to appoint attorneys-in-fact of the Company, and to authorize them to execute and deliver on behalf of the Company any and all bonds, forms, applications, memorandums, undertakings, recognizances, transfers, contracts of indemnity, policies, contracts guaranteeing the fidelity of persons holding positions of public or private trust, and other writings obligatory in nature that the business of the Company may require; and to modify or revoke, with or without cause, any such appointment or authority; provided, however, that the authority granted hereby shall in no way limit the authority of other duly authorized agents to sign and countersign any of said documents on behalf of the Company."

"RESOLVED FURTHER, that such attorneys-in-fact shall have full power and authority to execute and deliver any and all such documents and to bind the Company subject to the terms and limitations of the power of attorney issued to them, and to affix the seal of the Company thereto; provided, however, that said seal shall not be necessary for the validity of any such documents."

This power of attorney is signed and sealed under and by the following bylaws duly adopted by the board of directors of the Company.

Execution of Instruments. Any vice president, any assistant secretary or any assistant treasurer shall have the power and authority to sign or attest all approved documents, instruments, contracts, or other papers in connection with the operation of the business of the company in addition to the chairman of the board, the chief executive officer, president, treasurer or secretary; provided, however, the signature of any of them may be printed, engraved, or stamped on any approved document, contract, instrument, or other papers of the Company.

IN WITNESS WHEREOF, the Company has caused this instrument to be sealed and duly attested by the signature of its officer the 20th day of August, 2021.

Antonio C. Albanese, **Vice President** of Nationwide Mutual Insurance Company

ACKNOWLEDGMENT

STATE OF NEW YORK COUNTY OF NEW YORK: ss
On this 20th day of August, 2021, before me came the above-named officer for the Company aforesaid, to me personally known to be the officer described in and who executed the preceding instrument, and he acknowledged the execution of the same, and being by me duly sworn, deposes and says, that he is the officer of the Company aforesaid, that the seal affixed hereto is the corporate seal of said Company, and the said corporate seal and his signature were duly affixed and subscribed to said instrument by the authority and direction of said Company.

CERTIFICATE

I, Laura B. Guy, Assistant Secretary of the Company, do hereby certify that the foregoing is a full, true and correct copy of the original power of attorney issued by the Company; that the resolution included therein is a true and correct transcript from the minutes of the meetings of the boards of directors and the same has not been revoked or amended in any manner; that said Antonio C. Albanese was on the date of the execution of the foregoing power of attorney the duly elected officer of the Company, and the corporate seal and his signature as officer were duly affixed and subscribed to the said instrument by the authority of said board of directors; and the foregoing power of attorney is still in full force and effect.

IN WITNESS WHEREOF, I have hereunto subscribed my name as Assistant Secretary, and affixed the corporate seal of said Company this 6th day of December, 2023.

Assistant Secretary

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 7901160179

Application/License No. _____

Rhythm Healthcare, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 13577 Feather Sound Drive Suit , Clearwter, FL 33762 (Address of Applicant/Principal), as PRINCIPAL, and Nationwide Mutual Insurance Company (Surety Company), a corporation organized under the laws of the state of OH (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 1100 Locust Street, Department 2006, Des Moines, IA 50391 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on October 12, 2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

Bond Number: 7901160179

Power of Attorney

KNOW ALL MEN BY THESE PRESENTS THAT:

Nationwide Mutual Insurance Company, an Ohio corporation

hereinafter referred to severally as the "Company" and collectively as "the Companies" does hereby make, constitute and appoint:

VALERIE ANN ABER

each in their individual capacity, its true and lawful attorney-in-fact, with full power and authority to sign, seal, and execute on its behalf any and all bonds and undertakings, and other obligatory instruments of similar nature, in penalties not exceeding the sum of

Twenty Five Thousand and no/100 dollars ($25,000.00)

and to bind the Company thereby, as fully and to the same extent as if such instruments were signed by the duly authorized officers of the Company; and all acts of said Attorney pursuant to the authority given are hereby ratified and confirmed.

This power of attorney is made and executed pursuant to and by authority of the following resolution duly adopted by the board of directors of the Company:

"RESOLVED, that the president, or any vice president be, and each hereby is, authorized and empowered to appoint attorneys-in-fact of the Company, and to authorize them to execute and deliver on behalf of the Company any and all bonds, forms, applications, memorandums, undertakings, recognizances, transfers, contracts of indemnity, policies, contracts guaranteeing the fidelity of persons holding positions of public or private trust, and other writings obligatory in nature that the business of the Company may require; and to modify or revoke, with or without cause, any such appointment or authority; provided, however, that the authority granted hereby shall in no way limit the authority of other duly authorized agents to sign and countersign any of said documents on behalf of the Company."

"RESOLVED FURTHER, that such attorneys-in-fact shall have full power and authority to execute and deliver any and all such documents and to bind the Company subject to the terms and limitations of the power of attorney issued to them, and to affix the seal of the Company thereto; provided, however, that said seal shall not be necessary for the validity of any such documents."

This power of attorney is signed and sealed under and by the following bylaws duly adopted by the board of directors of the Company.

Execution of Instruments. Any vice president, any assistant secretary or any assistant treasurer shall have the power and authority to sign or attest all approved documents, instruments, contracts, or other papers in connection with the operation of the business of the company in addition to the chairman of the board, the chief executive officer, president, treasurer or secretary; provided, however, the signature of any of them may be printed, engraved, or stamped on any approved document, contract, instrument, or other papers of the Company.

IN WITNESS WHEREOF, the Company has caused this instrument to be sealed and duly attested by the signature of its officer the 20th day of August, 2021.

Antonio C. Albanese, **Vice President** of Nationwide Mutual Insurance Company

SEAL

ACKNOWLEDGMENT

STATE OF NEW YORK COUNTY OF NEW YORK: ss
On this 20th day of August, 2021, before me came the above-named officer for the Company aforesaid, to me personally known to be the officer described in and who executed the preceding instrument, and he acknowledged the execution of the same, and being by me duly sworn, deposes and says, that he is the officer of the Company aforesaid, that the seal affixed hereto is the corporate seal of said Company, and the said corporate seal and his signature were duly affixed and subscribed to said instrument by the authority and direction of said Company.

IN WITNESS WHEREOF, I have hereunto subscribed my name as Assistant Secretary, and affixed the corporate seal of said Company this 12th day of October, 2023.

Laura B. Guy

Assistant Secretary

BDJ 1(08-21)00

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 12th day of October, 2023.

Attorneys for the Arizona State Board of Pharmacy

BEFORE THE ARIZONA STATE BOARD OF PHARMACY

In the Matter of **RHYTHM HEALTHCARE, LLC, dba LIFESTYLE MOBILITY AIDS** Prospective Applicant for Non-Resident Durable Medical Equipment Distributor Permit In the State of Arizona	Case No. 22-0675 **CONSENT AGREEMENT AND ORDER FOR CIVIL PENALTY**

In the interest of a prompt and judicious settlement of this case, consistent with the public interest, statutory requirements and the responsibilities of the Arizona State Board of Pharmacy ("Board") under A.R.S. § 32-1901, *et. seq.* Rhythm Healthcare, LLC, dba Lifestyle Mobility Aids, ("Prospective Applicant"), prospective applicant for a permit as a non-resident Durable Medical Equipment Distributor in the State of Arizona and the Board enter into the following Recitals, Findings of Fact, Conclusions of Law and Order ("Consent Agreement") as a final disposition of this matter.

RECITALS

1. Prospective Applicant has read and understands this Consent Agreement and has had the opportunity to discuss this Consent Agreement with an attorney, or has waived the opportunity to discuss this Consent Agreement with an attorney.

2. Prospective Applicant understands that it has a right to a public administrative hearing concerning this matter at which hearing it could present evidence and cross examine witnesses. By entering into this Consent Agreement, Prospective Applicant knowingly and voluntarily relinquishes all rights to such an administrative hearing, as well as rights of rehearing, review, reconsideration, appeal, judicial review or any other administrative and/or judicial action, concerning the matters set forth herein.

3. Prospective Applicant affirmatively agrees that this Consent Agreement shall be irrevocable. Prospective Applicant acknowledges and agrees that, upon signing this Consent Agreement and returning this document to the Board's Executive Director, it may not revoke acceptance of the Consent Agreement or make any modifications to the document regardless of whether the Consent Agreement has been signed by the Executive Director. Any modification to this original document is ineffective and void unless mutually agreed by the parties in writing.

4. Prospective Applicant understands that this Consent Agreement or any part of the agreement may be considered in any future disciplinary action by the Board against it.

5. Prospective Applicant understands this Consent Agreement deals with a Board Complaint involving allegations of unpermitted distribution of durable medical equipment against Prospective Applicant. The investigation into these allegations against Prospective Applicant shall be concluded upon the Board's adoption of this Consent Agreement.

6. Prospective Applicant acknowledges and agrees that the acceptance of this Consent Agreement is solely to settle this Board matter and does not preclude the Board from instituting other proceedings as may be appropriate now or in the future.

7. Prospective Applicant understands that this Consent Agreement does not constitute a dismissal or resolution of any other matters currently pending before the Board, if any, and does not constitute any waiver, express or implied, of the Board's statutory authority or jurisdiction regarding any other pending or future investigation, action or proceeding.

8. Furthermore, and notwithstanding any language in this Consent Agreement, this Consent Agreement does not preclude in any way any other state agency or officer or political subdivision of this state from instituting proceedings, investigating claims, or taking legal action as may be appropriate now or in the future relating to this matter other matters concerning Prospective Applicant, including violations of Arizona's Consumer Fraud Act. Prospective Applicant acknowledges that, other than with respect to the Board, this Consent Agreement makes no representations, implied or otherwise, about the views or intended actions of any other state agency or officer or political subdivision of the state relating to this matter or other matters concerning Prospective Applicant. By executing this Agreement, the Board is representing that it is not aware of any proceeding or investigation by any other state agency, officer, or political subdivision of the state.

9. This Consent Agreement is subject to the approval of the Board and is effective only when accepted by the Board and signed by the Executive Director. In the event that the Board does not approve this Consent Agreement, it is withdrawn and shall be of no evidentiary value and shall not be relied upon nor introduced in any action by any party, except that the parties agree that should the Board reject this Consent Agreement and this case proceeds to hearing, Prospective Applicant shall assert no claim

that the Board was prejudiced by its review and discussion of this document or any records relating thereto.

10. If a court of competent jurisdiction rules that any part of this Consent Agreement is void or otherwise unenforceable, the remainder of the Consent Agreement shall remain in full force and effect.

11. Prospective Applicant understands that this Consent Agreement is a public record that may be publicly disseminated as a formal action of the Board and may be reported as required by law to the National Practitioner Data Bank and the Healthcare Integrity and Protection Data Bank.

12. Prospective Applicant understands that any violation of this Consent Agreement constitutes unprofessional conduct and may result in disciplinary action. A.R.S. §§ 32-1901.01(A)(16) and A.R.S. §32 – 1927.02(A) (1).

13. The parties understand and agree that Portable Document Format and facsimile copies of this Consent Agreement including Portable Document Format (PDF) and facsimile signatures thereto, shall have the same force and effect as the originals.

14. Prospective Applicant agrees that the Board will adopt the following Findings of Fact, Conclusions of Law and Order.

ACCEPTED AND AGREED BY PROSPECTIVE APPLICANT

DocuSigned by:
Doug Francis
[illegible]

Dated: 2/6/2023

Doug Francis, President/CEO
Rhythm Healthcare, LLC,
dba Lifestyle Mobility Aids

FINDINGS OF FACT

1. The Board is the duly constituted authority for licensing and regulating the practice of pharmacy in the State of Arizona.

2. Prospective Applicant is an entity operating as a distributor of durable medical equipment in the State of Florida, which does not require Rhythm to be permitted in its home state. At all relevant times, Prospective Applicant's primary business was located at 3200 Tyrone Blvd. N., St. Petersburg, Florida 33710. Prospective Applicant is not currently permitted in the State of Arizona.

3. In or about September 2021, the Board received information that Lifestyle Mobility Aids located in Florida, had been involved in the distribution of prescription-only devices into Arizona without a permit.

4. Upon investigation, the Board determined that Rhythm/Lifestyle distributed portable oxygen concentrators into Arizona for less than a year, and stationary oxygen concentrators for 17 months. Specifically, between June 2021 and May 2022, at the Board's recommendation. Rhythm/Lifestyle shipped 519 portable oxygen concentrators to distributors into Arizona from its warehouse in Florida. From January 2021 to May 2022, it shipped 282 stationary oxygen concentrators to distributors in Arizona from its warehouse in Tennessee.

5. Upon receipt of the Board's September 21, 2021 Cease and Desist Order, Rhythm stopped distributing devices into the State of Arizona, and submitted an application for a Non-Resident Manufacturer permit on or about May 27, 2022. The application is currently pending before the Board.

6. Since the filing of its application, Rhythm has decided not to resume shipment of product from its Florida facility, rendering moot the need for a manufacturer permit. However, Rhythm intends to apply for a Durable Medical Equipment Distributor Permit for each of its distribution facilities in Tennessee and California. The Board did not offer a Durable Medical Equipment Distributor Permit at the time of Rhythm's alleged distribution of stationary oxygen concentrators to distributors in Arizona.

7. The foregoing Findings of Fact do not constitute, nor shall they be construed as, an admission of liability by Rhythm. Rhythm has entered into this Consent Agreement solely for the purpose of avoiding the burden and expense of litigation, which would be imposed on the Parties if the disputes between them remained unsettled. This Consent Agreement does not constitute an admission by Rhythm that it engaged in any unlawful act. Rhythm expressly denies that it has engaged in any unlawful act and denies liability for all claims the Board had, has, or may have against it.

CONCLUSIONS OF LAW

1. The Board possesses jurisdiction over the subject matter and over Prospective Applicant pursuant to A.R.S. § 32-1901 *et seq*.

2. The Board may deny a permit to a Prospective Applicant who has engaged in unethical conduct. A.R.S. § 32-1927.02(P).

3. The conduct and circumstances described above constitute a violation of A.R.S. §32-1901.01(A)(5), which is violating a federal or state law or administrative rule relating to the manufacture, sale or distribution of drugs, devices, poisons, hazardous substances or precursor chemicals; as it relates to Arizona Administrative Code R4-23-601(A)(2) that provides, in part, that a person shall have a current Board permit to sell a narcotic or other controlled substance, prescription only drug or device, nonprescription drug, precursor chemical, or regulated chemical from outside Arizona and ship the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical into Arizona, or device from outside Arizona and ship the prescription-only drug into Arizona; and as it relates to A.R.S. §32-1927.03(A) that provides, in part, that a person that resides in any other jurisdiction and that sells a narcotic or other controlled substance, a prescription-only drug or device, a nonprescription drug, a precursor chemical or a restricted chemical within or into this

state shall hold a valid board-issued permit. If the person does not hold a valid board-issued permit, the person is subject to disciplinary action by the board.

ORDER

Based upon the above Findings of Fact and Conclusions of Law, IT IS HEREBY ORDERED THAT:

1. Prospective Applicant shall pay to the Board as a civil penalty the sum of **Fifteen Thousand Dollars ($15,000.00)** for shipments into Arizona as of the date of the consent agreement from Rhythm's Florida and Tennessee distribution facilities. The civil penalty shall be paid in full to the Board within **Ninety (90) days** of the effective date of this Consent Agreement and Order. The effective date of this Consent Agreement is the date it is signed by the Board's Executive Director.

2. The terms and conditions of this Consent Agreement apply only to the Tennessee and Florida distribution facilities that were shipping into Arizona without a permit. Should the Board become aware of any additional facilities that were shipping into Arizona without a permit, those potential violations will be addressed separately by the Board.

3. Upon timely payment of the civil penalty Rhythm shall be allowed to withdraw its application for permit of its Florida facility. Failure to pay the civil penalty as ordered shall result in the automatic denial of the application, which is a reportable disciplinary action.

4. Prospective Applicant understands that this Consent Agreement is a public record that may be publicly disseminated as a formal action.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # _____. **Provide all the following *where applicable*:**

Nevada State Board of Pharmacy
985 Damonte Ranch Parkway
Suite 206
Reno, NV 89521

Dear Members of the Nevada State Board of Pharmacy,

I hope this letter finds you doing well. I am writing to bring to your attention an urgent matter concerning the healthcare landscape in Nevada, specifically the challenges faced by patients transitioning from the hospital to the home. I urge you to consider granting Rhythm Healthcare a temporary wholesale license to sell medical products in the state of Nevada.

Rhythm Healthcare is a reputable company dedicated to providing essential medical products that assist patients during their transition from hospital care to home-based recovery. Our range of products plays a pivotal role in ensuring a seamless and safe transition, allowing patients to receive the necessary care and support in the comfort of their homes.

Currently, there is a critical shortage of certain products that we supply, creating a significant hurdle for Durable Medical Equipment (DME) providers in facilitating the transition process. This scarcity not only affects the quality of care provided to patients but also puts additional strain on our healthcare system. By granting Rhythm Healthcare a temporary wholesale license, you will be instrumental in mitigating this shortage and ensuring that patients receive the care they need promptly and efficiently.

RHYTHM HEALTHCARE

A: 3200 Tyrone Blvd N
St. Petersburg, FL 33710
E: Contactus@Rhythmhc.com
T: (877) 843-6464

We understand the importance of adhering to the regulations set forth by the Nevada State Board of Pharmacy. Rhythm Healthcare is committed to upholding the highest standards of quality and safety in the products we provide. We assure you that all our products meet or exceed the regulatory requirements, and we are prepared to comply with any additional guidelines or inspections necessary to obtain a permanent wholesaler license.

Granting Rhythm Healthcare a temporary wholesale license will not only address the immediate shortage crisis but also contribute significantly to the well-being of patients in your state. It will empower healthcare providers to fulfill their duties effectively, enhance the overall healthcare experience, and ultimately improve patient outcomes.

I kindly request the Board's prompt attention to this matter, given the urgency of the situation. Your support will not only benefit Rhythm Healthcare but, more importantly, will have a positive impact on the lives of countless patients and their families across Nevada.

Thank you for your time and consideration. I am more than willing to provide any additional information you may require. Please feel free to contact me at 714-269-2777 or by email dfrancis@rhythmhc.com

Sincerely,

Douglas Francis

To Whom It May Concern,

Enclosed is a check for $5,000.00 to pay the fine assessed in the attached notice that we received. We have ceased selling products in the State of Nevada while we endeavor to obtain a temporary and then a permanent license to conduct business in the state. We apologize for taking so long to respond as we are in the midst of relocating our corporate office.

Should you require any additional information or need to make further contact with us, you may contact me at your convenience.

Sincerely,

Gary Colbert

CEASE-AND-DESIST and CITATION-AND-FINE ORDER: Case No. 23-080-O, Unlicensed Furnishing of Prescription Medical Devices

Greetings:

The Nevada State Board of Pharmacy (Board) has determined that Rhythm Healthcare LLC (hereafter "Rhythm Healthcare") is engaged in the business of furnishing prescription medical devices in Nevada without having secured a license as required by Nevada Revised Statutes (NRS) 639.233. Pursuant to NRS 639.233, any person, including a wholesaler or manufacturer of prescription medical devices must secure a Nevada license if it receives, stores, or ships such products within or into Nevada.

Under Nevada law, the term "drug" is defined to include "[a]rticles and devices intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in humans." *See* NRS 639.007. The terms "manufacturer" and "wholesaler" are defined at NRS 639.009 and NRS 639.016, respectively. The term "medical products provider" is defined at Nevada Administrative Code (NAC) 639.6936. Nevada licensure is required of any person, *including* a manufacturer, wholesaler, or medical products provider, who sells or ships drugs or medical devices "that are restricted by federal law to sale by or on the order of a physician to any person located within this State." *See* NRS 639.233(1) and (2); NAC 639.6942.

Rhythm Healthcare is engaged in the business of selling "devices" as that term is defined at 21 U.S.C. § 321(h). The product's purpose is for use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment, or prevention of disease, in man or other animals. Accordingly, at least some of the devices are "prescription devices" within the meaning of 21 CFR § 801.109. Federal regulations define one of the devices at issue as a "portable oxygen generator." 21 CFR 868.5440. These devices are listed as Class II devices. 21 CFR 868.5440(b).

9171 9690 0935 0279 1497 04

Because these devices are not safe to use for their intended purpose except under the supervision of a qualified medical practitioner, they must bear a label indicating that they are prescription-only devices. *See* 21 CFR § 801.109(b). The relevant facts are as follows:

- During a routine annual inspection of American A+ Oxygen and DME, located at 940 Matley Ln, Reno, NV 89502, Board Inspector Mui C. Lee discovered an invoice dated January 25th, 2023, showing that Rhythm Healthcare had shipped DME into Nevada without a valid Nevada Wholesaler license. Board Inspector Lee was able to determine after a conversation with A+ Oxygen and DME Assistant Manager Dan Haley that A+ Oxygen and DME received portable oxygen generators from Rhythm Healthcare.

- The federal Food and Drug Administration classifies portable oxygen generators as Class II medical devices. *See* 21 C.F.R. § 868.5440(b). These devices are not safe to use for their intended purpose except under the supervision of a qualified medical practitioner, they must bear a label indicating that they are prescription-only devices. *See* 21 CFR § 801.109(b). This means that portable oxygen generators may not be sold in interstate commerce except upon the order of a qualified practitioner. *See* 21 U.S.C. 360(a)(1)(B); 21 U.S.C. § 360(j)(1)(E); 21 C.F.R § 801.109.

- Under Nevada law, the fact that there is a federal restriction on sale of the drug or device by or on the order of a physician requires any person, wholesaler, or manufacturer to obtain a license with the Nevada State Board of Pharmacy if they 1) solicit or accept orders for drugs or devices whose sale in this State is restricted; or 2) receive, store, or ship such drugs or devices. *See* 21 U.S.C. § 353(b)(1); 21 C.F.R. § 201.100(b)(1); 21 CFR § 801.109; and NRS 639.233.

- During the routine annual inspection of A+ Oxygen and DME, the Board obtained documentary evidence establishing that Rhythm Healthcare sold prescription-only medical devices in the state of Nevada without first having secured a Wholesale license.

Accordingly, the Board hereby orders Rhythm Healthcare to immediately **CEASE and DESIST** furnishing to persons in Nevada any devices that are restricted by federal law to sale by or on the order of a physician. This includes, without limitation, all devices described in 21 C.F.R. Part 868. Further, this notice shall serve as a **CITATION** pursuant to NRS 639.2895(2) for the unlicensed furnishing of medical devices to persons in Nevada. Pursuant to NRS 639.2895(3), the Board has assessed an **administrative fine** against Rhythm Healthcare in the amount of **Five Thousand and 00/100 Dollars ($5,000.00).**

If you do not intend to contest the above fine, please pay the fine within 30 days of receipt of this citation, or otherwise contact Board staff to request an alternative payment plan. Payment must be by *cashier's check, certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received at the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521. Additionally, please be advised that should you fail to comply with the terms of this citation and order, your noncompliance will be reported to the

National Practitioner Data Bank and referred to the Nevada Controller's Office for collection pursuant to NRS 353C.195. *See* 45 C.F.R. §§ 60.3 and 60.5.

You may contest this citation by submitting to the Board, at the Reno address listed above, a written request for a public hearing. You must submit any such request not later than 30 days after receipt of this notice. *See* NRS 639.2895(2). Additionally, please be aware that issuance of the foregoing letter does not preclude the filing of an administrative disciplinary complaint, a civil suit, or criminal charges, if deemed appropriate based upon evidence not currently available to the Board's investigative staff.

If you have any questions, please contact Nevada State Board of Pharmacy General Counsel Peter Keegan by telephone at 775-850-1440, ext. 123, or *via* email at p.keegan@pharmacy.nv.gov.

Best regards,

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. PB02671702546

Application/License No. _____

Rhythm Healthcare, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 3835 Knight Road, Suites 17-23, Memphis, TN 38118 (Address of Applicant/Principal), as PRINCIPAL, and PHILADELPHIA INDEMNITY INSURANCE COMPANY (Surety Company), a corporation organized under the laws of the state of PA (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is ONE BALA PLAZA SUITE 100 BALA CYNWYD, PA 19004 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 12/01/2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 1ST day of November, 2023.

Nevada State Board of Pharmacy
985 Damonte Ranch Parkway
Suite 206
Reno, NV 89521

Dear Members of the Nevada State Board of Pharmacy,

I am employed full-time and am currently managing the Memphis, TN warehouse operation for Rhythm Healthcare and am actively involved in the daily operations. I am physically present at the Memphis facility during regular business hours. I am serving in this capacity for only this facility until a replacement warehouse manager is hired, which we expect to have completed in January 2024. At that time, we plan to submit new MDEG and DR applications to the Board to designate this new manager as our representative for our Memphis operation.

Should you require any additional information, you may contact me at your convenience.

Hugh Hailey
Vice President, Operations
HHailey@rhythmhc.com
404.403.7060

Section 7: An MDEG Administrator must provide proof that he or she has least 1,500 hours of verifiable work experience relating to the products provided by the medical products provider or medical products wholesaler. Beginning with the most current, list your hours of employment related to the above. (NAC 639.694)

Attorneys for the Arizona State Board of Pharmacy

BEFORE THE ARIZONA STATE BOARD OF PHARMACY

In the Matter of	Case No. 22-0675
RHYTHM HEALTHCARE, LLC, dba LIFESTYLE MOBILITY AIDS Prospective Applicant for Non-Resident Durable Medical Equipment Distributor Permit In the State of Arizona	**CONSENT AGREEMENT AND ORDER FOR CIVIL PENALTY**

In the interest of a prompt and judicious settlement of this case, consistent with the public interest, statutory requirements and the responsibilities of the Arizona State Board of Pharmacy ("Board") under A.R.S. § 32-1901, *et. seq.* Rhythm Healthcare, LLC, dba Lifestyle Mobility Aids, ("Prospective Applicant"), prospective applicant for a permit as a non-resident Durable Medical Equipment Distributor in the State of Arizona and the Board enter into the following Recitals, Findings of Fact, Conclusions of Law and Order ("Consent Agreement") as a final disposition of this matter.

RECITALS

1. Prospective Applicant has read and understands this Consent Agreement and has had the opportunity to discuss this Consent Agreement with an attorney, or has waived the opportunity to discuss this Consent Agreement with an attorney.

2. Prospective Applicant understands that it has a right to a public administrative hearing concerning this matter at which hearing it could present evidence and cross examine witnesses. By entering into this Consent Agreement, Prospective Applicant knowingly and voluntarily relinquishes all rights to such an administrative hearing, as well as rights of rehearing, review, reconsideration, appeal, judicial review or any other administrative and/or judicial action, concerning the matters set forth herein.

3. Prospective Applicant affirmatively agrees that this Consent Agreement shall be irrevocable. Prospective Applicant acknowledges and agrees that, upon signing this Consent Agreement and returning this document to the Board's Executive Director, it may not revoke acceptance of the Consent Agreement or make any modifications to the document regardless of whether the Consent Agreement has been signed by the Executive Director. Any modification to this original document is ineffective and void unless mutually agreed by the parties in writing.

4. Prospective Applicant understands that this Consent Agreement or any part of the agreement may be considered in any future disciplinary action by the Board against it.

5. Prospective Applicant understands this Consent Agreement deals with a Board Complaint involving allegations of unpermitted distribution of durable medical equipment against Prospective Applicant. The investigation into these allegations against Prospective Applicant shall be concluded upon the Board's adoption of this Consent Agreement.

6. Prospective Applicant acknowledges and agrees that the acceptance of this Consent Agreement is solely to settle this Board matter and does not preclude the Board from instituting other proceedings as may be appropriate now or in the future.

7. Prospective Applicant understands that this Consent Agreement does not constitute a dismissal or resolution of any other matters currently pending before the Board, if any, and does not constitute any waiver, express or implied, of the Board's statutory authority or jurisdiction regarding any other pending or future investigation, action or proceeding.

8. Furthermore, and notwithstanding any language in this Consent Agreement, this Consent Agreement does not preclude in any way any other state agency or officer or political subdivision of this state from instituting proceedings, investigating claims, or taking legal action as may be appropriate now or in the future relating to this matter other matters concerning Prospective Applicant, including violations of Arizona's Consumer Fraud Act. Prospective Applicant acknowledges that, other than with respect to the Board, this Consent Agreement makes no representations, implied or otherwise, about the views or intended actions of any other state agency or officer or political subdivision of the state relating to this matter or other matters concerning Prospective Applicant. By executing this Agreement, the Board is representing that it is not aware of any proceeding or investigation by any other state agency, officer, or political subdivision of the state.

9. This Consent Agreement is subject to the approval of the Board and is effective only when accepted by the Board and signed by the Executive Director. In the event that the Board does not approve this Consent Agreement, it is withdrawn and shall be of no evidentiary value and shall not be relied upon nor introduced in any action by any party, except that the parties agree that should the Board reject this Consent Agreement and this case proceeds to hearing, Prospective Applicant shall assert no claim

that the Board was prejudiced by its review and discussion of this document or any records relating thereto.

10. If a court of competent jurisdiction rules that any part of this Consent Agreement is void or otherwise unenforceable, the remainder of the Consent Agreement shall remain in full force and effect.

11. Prospective Applicant understands that this Consent Agreement is a public record that may be publicly disseminated as a formal action of the Board and may be reported as required by law to the National Practitioner Data Bank and the Healthcare Integrity and Protection Data Bank.

12. Prospective Applicant understands that any violation of this Consent Agreement constitutes unprofessional conduct and may result in disciplinary action. A.R.S. §§ 32-1901.01(A)(16) and A.R.S. §32 – 1927.02(A) (1).

13. The parties understand and agree that Portable Document Format and facsimile copies of this Consent Agreement including Portable Document Format (PDF) and facsimile signatures thereto, shall have the same force and effect as the originals.

14. Prospective Applicant agrees that the Board will adopt the following Findings of Fact, Conclusions of Law and Order.

ACCEPTED AND AGREED BY PROSPECTIVE APPLICANT

DocuSigned by:
Doug Francis
Dated: 2/6/2023

Doug Francis, President/CEO
Rhythm Healthcare, LLC,
dba Lifestyle Mobility Aids

FINDINGS OF FACT

1. The Board is the duly constituted authority for licensing and regulating the practice of pharmacy in the State of Arizona.

2. Prospective Applicant is an entity operating as a distributor of durable medical equipment in the State of Florida, which does not require Rhythm to be permitted in its home state. At all relevant times, Prospective Applicant's primary business was located at 3200 Tyrone Blvd. N., St. Petersburg, Florida 33710. Prospective Applicant is not currently permitted in the State of Arizona.

3. In or about September 2021, the Board received information that Lifestyle Mobility Aids located in Florida, had been involved in the distribution of prescription-only devices into Arizona without a permit.

4. Upon investigation, the Board determined that Rhythm/Lifestyle distributed portable oxygen concentrators into Arizona for less than a year, and stationary oxygen concentrators for 17 months. Specifically, between June 2021 and May 2022, at the Board's recommendation. Rhythm/Lifestyle shipped 519 portable oxygen concentrators to distributors into Arizona from its warehouse in Florida. From January 2021 to May 2022, it shipped 282 stationary oxygen concentrators to distributors in Arizona from its warehouse in Tennessee.

5. Upon receipt of the Board's September 21, 2021 Cease and Desist Order, Rhythm stopped distributing devices into the State of Arizona, and submitted an application for a Non-Resident Manufacturer permit on or about May 27, 2022. The application is currently pending before the Board.

6. Since the filing of its application, Rhythm has decided not to resume shipment of product from its Florida facility, rendering moot the need for a manufacturer permit. However, Rhythm intends to apply for a Durable Medical Equipment Distributor Permit for each of its distribution facilities in Tennessee and California. The Board did not offer a Durable Medical Equipment Distributor Permit at the time of Rhythm's alleged distribution of stationary oxygen concentrators to distributors in Arizona.

7. The foregoing Findings of Fact do not constitute, nor shall they be construed as, an admission of liability by Rhythm. Rhythm has entered into this Consent Agreement solely for the purpose of avoiding the burden and expense of litigation, which would be imposed on the Parties if the disputes between them remained unsettled. This Consent Agreement does not constitute an admission by Rhythm that it engaged in any unlawful act. Rhythm expressly denies that it has engaged in any unlawful act and denies liability for all claims the Board had, has, or may have against it.

CONCLUSIONS OF LAW

1. The Board possesses jurisdiction over the subject matter and over Prospective Applicant pursuant to A.R.S. § 32-1901 *et seq*.

2. The Board may deny a permit to a Prospective Applicant who has engaged in unethical conduct. A.R.S. § 32-1927.02(P).

3. The conduct and circumstances described above constitute a violation of A.R.S. §32-1901.01(A)(5), which is violating a federal or state law or administrative rule relating to the manufacture, sale or distribution of drugs, devices, poisons, hazardous substances or precursor chemicals; as it relates to Arizona Administrative Code R4-23-601(A)(2) that provides, in part, that a person shall have a current Board permit to sell a narcotic or other controlled substance, prescription only drug or device, nonprescription drug, precursor chemical, or regulated chemical from outside Arizona and ship the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical into Arizona, or device from outside Arizona and ship the prescription-only drug into Arizona; and as it relates to A.R.S. §32-1927.03(A) that provides, in part, that a person that resides in any other jurisdiction and that sells a narcotic or other controlled substance, a prescription-only drug or device, a nonprescription drug, a precursor chemical or a restricted chemical within or into this

state shall hold a valid board-issued permit. If the person does not hold a valid board-issued permit, the person is subject to disciplinary action by the board.

ORDER

Based upon the above Findings of Fact and Conclusions of Law, IT IS HEREBY ORDERED THAT:

1. Prospective Applicant shall pay to the Board as a civil penalty the sum of **Fifteen Thousand Dollars ($15,000.00)** for shipments into Arizona as of the date of the consent agreement from Rhythm's Florida and Tennessee distribution facilities. The civil penalty shall be paid in full to the Board within **Ninety (90) days** of the effective date of this Consent Agreement and Order. The effective date of this Consent Agreement is the date it is signed by the Board's Executive Director.

2. The terms and conditions of this Consent Agreement apply only to the Tennessee and Florida distribution facilities that were shipping into Arizona without a permit. Should the Board become aware of any additional facilities that were shipping into Arizona without a permit, those potential violations will be addressed separately by the Board.

3. Upon timely payment of the civil penalty Rhythm shall be allowed to withdraw its application for permit of its Florida facility. Failure to pay the civil penalty as ordered shall result in the automatic denial of the application, which is a reportable disciplinary action.

4. Prospective Applicant understands that this Consent Agreement is a public record that may be publicly disseminated as a formal action.

DATED this 16th day of February, 2023.

Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
Name of Business/Industry/Entity				

Provide explanation below:

Please see my personal statement letter included in this application packet for my full explanation. An abridged version is submitted here: To whom it may concern,

My name is Corey Rodas and I am a licensed, practicing pharmacist in Florida. This letter is a self-explanation regarding my health history and positive standing within the Physicians Resource Network, and the Florida Board of Pharmacy, who have been amazing in helping me overcome my own personal obstacles and protecting the honor of my pharmacist oath. While in graduate school, I struggled with student burnout, and with that, my mental health slowly eroded to the point where I chose to give up. For years, I silently suffered from depression and anxiety, and to combat this, self-medicated using marijuana and alcohol - until one day I stopped attending class. Depression had overcome me - I could not eat, nor move from my bed. I could not outrun it any longer. I was completely and utterly lost, so I reached out to my university and the Physicians Resource Network for mental health assistance, and it was the best decision I ever made in my life.

I reported myself to the Physicians Resource Network so that I could obtain the support I desperately wanted to overcome my depression and addiction, and continue my work as a medical professional. I completed three months of inpatient addiction rehabilitation, as well as three months of outpatient therapy. This enabled me to begin treatment with mental health professionals specializing in depression and addiction therapy. These experiences opened my eyes to why I crashed the way I did. Drugs and alcohol were the root of my sadness and worry. I was constantly hiding, emotionally absent, embarrassed by my actions, and ashamed of what I was doing to myself and by extension, my friends and family. When I removed this shame from the equation of my life, it did not take long for me to understand how blessed and privileged I was to be who I am. Though I never practiced pharmacy while under the influence, I shudder at the thought of what could have been if I had not reported myself and obtained the help I required. I found the support groups I needed, and mastered a new skillset that markedly changed my lifestyle and mindset. Situations that would have exacerbated my dysthymia, now do not bother me in the slightest, and I am truly happy to be me, which is all ever desired. With the mentality of inner peace and clarity that sobriety has brought me, I know I will always continue to be not only a better person, but a better friend, son, brother, and pharmacist than I ever could have been before.

I have continued my journey in sobriety for five years. Today, to support my recovery, I continue to see mental health professionals, communicate with counselors in and out of the Physicians Resource Network, and routinely attend multiple sobriety meetings such as AA and NA on a weekly basis, in which I have multiple sponsors that I connect with regularly. I am currently under contract with the Physicians Resource Network of Florida which requires me to check in daily and submit myself to random drug screenings whenever necessary. I pride myself on my recovery and have become an advocate and sponsor for others that struggle with depression and addiction. I am very open about my lifestyle and find true joy in being able to provide support through my own personal experiences. I can relate and empathize with people on a deeper level than I would have ever been able to before. I never want to return to my old state of mind, and for that, you can bet that I will always continue to nurture my recovery: the relationships I have built, and the support system that provides and maintains the happiness I have now. This was all I ever wanted, and I never want to let it go. Thank you.

CARTER PSYCHOLOGY CENTER

6/3/2022

RE: Corey Rodas

My name is Dr. Brendan McCollum and I am a Licensed Psychologist in the State of Florida. I started seeing Mr. Rodas on May 31, 2018. He presented with significant difficulties with depression and anxiety. Throughout his treatment he also revealed a substance abuse disorder concerning marijuana and alcohol. In the middle of his treatment, he was required by PRN to go to a residential treatment program. After this program, Mr. Rodas had significantly less depression and anxiety. He showed consistent improvement in his symptoms of depression and anxiety until his discharge from my services on May 24, 2022. At this time, he does not meet criteria for a mental health diagnosis. He has been able to display an incredible ability to balance his schoolwork, internships, and social and family life throughout his time at LECOM. It is in my opinion that Mr. Rodas is able to work to a full capacity and that his mental health is no longer a barrier to him working in any setting in a full-time basis.

If you require any additional information, please contact me at (941) 753-0064.

Nevada State Board of Pharmacy
985 Damonte Ranch Pkwy Ste 206
Reno, NV 89521

RE: Corey Rodas, Pharmacist

To Whom it May Concern:

Acting as a consultant to the Florida Department of Health and its licensure boards, Professionals Resource Network, Inc. (PRN) operates the State of Florida's impaired practitioner program for pharmacists and many other types of healthcare professionals. The program serves practitioners who have or may have a potentially impairing health condition that is the result of the misuse or abuse of alcohol, drugs, or both, or a mental or physical condition that could affect the practitioner's ability to practice with skill and safety.

The referenced practitioner is an active participant in the program and is, we are pleased to report, in compliance with all requirements of the program including his Participant Contract.

If we can be of further assistance, please do not hesitate to contact our office.

Sincerely,

Amelia Jervis, B.S.W.
Case Manager

Medical Director

Full Personal Statement:

To whom it may concern,

My name is Corey Rodas and I am a licensed, practicing pharmacist in Florida. This letter is a self-explanation regarding my health history and positive standing within the Physicians Resource Network, and the Florida Board of Pharmacy, who have been amazing in helping me overcome my own personal obstacles and protecting the honor of my pharmacist oath.

While in graduate school, I struggled with student burnout, and with that, my mental health slowly eroded to the point where I chose to give up. For years, I silently suffered from depression and anxiety, and to combat this, self-medicated using marijuana and alcohol. Despite this, I remained a star student, which led me to erroneously believe that what I was doing was working for me. I did not realize the selfishness of my supposed self-care, until one day I stopped attending class. Depression had overcome me - I could not eat, nor move from my bed. I could not outrun it any longer. The realization dawned upon me; I was not treating anything by altering my state of mind and burying pain within myself. I was simply delaying the inevitable. I was completely and utterly lost, so I reached out to my university and the Physicians Resource Network for mental health assistance, and it was the best decision I ever made in my life.

I reported myself to the Physicians Resource Network so that I could obtain the support I desperately wanted to overcome my depression and addiction, and continue my work as a medical professional. This marked the beginning of an era of self-discovery and reflection, and it was exactly what I needed. I completed three months of inpatient addiction rehabilitation, as well as three months of outpatient therapy. This enabled me to begin treatment with mental health professionals specializing in depression and addiction therapy. These experiences opened my eyes to why I crashed the way I did. Drugs and alcohol were the root of my sadness and worry. I was constantly hiding, emotionally absent, embarrassed by my actions, and ashamed of what I was doing to myself and by extension, my friends and family. When I removed this shame from the equation of my life, it did not take long for me to understand how blessed and privileged I was to be who I am. I have an amazing life and career, where I can now effortlessly build relationships of trust and honesty to better support those close to me, in addition to patients in my care. Though I never practiced pharmacy while under the influence, I shudder at the thought of what could have been if I had not reported myself and obtained the help I required. Through hard work on myself in rehab and therapy, I found the support groups I needed, and mastered a new skillset that markedly changed my lifestyle and mindset. Situations that would have exacerbated my dysthymia, now do not bother me in the slightest, and I am truly happy to be me, which is all ever desired. With the mentality of inner peace and clarity that sobriety has brought me, I know I will always continue to be not only a better person, but a better friend, son, brother, and pharmacist than I ever could have been before.

To this point, I have continued my journey in sobriety for five years. Today, to support my recovery, I continue to see mental health professionals, communicate with counselors in and out of the Physicians Resource Network, and routinely attend multiple sobriety meetings such as AA and NA on a weekly basis, in which I have multiple sponsors that I connect with regularly. I am also currently under contract with the Physicians Resource Network of Florida which requires me to check in daily and submit myself to random drug screenings whenever necessary. I pride myself on my recovery and have become an advocate and sponsor for others that struggle with depression and addiction. I am very open about my lifestyle and find true joy in being able to provide support through my own personal experiences. I can relate and empathize with people on a deeper level than I would have ever been able to before, and it really is astounding how much easier, and fun, my life is now. I never want to return to my old state of mind, and for that, you can bet that I will always continue to nurture my recovery: the relationships I have built, and the support system that provides and maintains the happiness I have now. This was all I ever wanted, and I never want to let it go.

If any more information is needed, please reach out to me, the Florida Board of Pharmacy, or the Physician's Resource Network, as I have already completed a release of my information for the Nevada Board of Pharmacy. The Physician's Resource Network has also informed me that they should be sending an encrypted email to the Nevada Board of Pharmacy email regarding my current standing as they typically do not send participants letters for their own submission. Thank you.

Sincerely,

Corey Rodas

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

I attest to the knowledge of and compliance with the guidelines of the Centers for Disease Control and Prevention concerning the prevention of transmission of infectious agents through safe and appropriate injection practices. NRS 639.132

I understand that Nevada law requires a registered pharmacist who, in their professional or occupational capacity, knows or has reasonable cause to believe a child has been abused/neglected to report the abuse/neglect to an agency which provides child welfare services or to a local law enforcement agency, and make such a report as soon as reasonably practicable but not later than 24 hours after the person knows or has reasonable cause to believe that the child has been abused/neglected. NRS 432B.220.

Managing Pharmacist Name: MARTIN CHIBUEZE Pharmacist Registration #: 17555

Pharmacy Name: QHR PHARMACY Pharmacy License #: PH04405

Initial each statement below to indicate you have read and agree with the following:

X	I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.
X	I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.
X	I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.
X	I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).
X	I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

To Whom It May Concern,

Re: Statement of Explanation – Nevada Board of Pharmacy Case No. 16-015-RPH-A-S

I am writing to provide a candid explanation in response to the inquiries regarding misdemeanor charges and administrative action by the Nevada Board of Pharmacy. This statement accompanies my application where I answered 'Yes' to having faced felony or misdemeanor charges, and 'Yes' to having been cited for a board or administrative action.

In October 2015, I was involved in a domestic incident with my former spouse, leading to a misdemeanor charge. The circumstances of this case were complex and personal, deeply intertwined with the dissolution of my marriage. Faced with substantial legal expenses, I accepted a plea deal. I have since successfully completed a 36-month probation period and fulfilled all required community service obligations. This period was a profound learning experience for me, fostering a deeper understanding of personal responsibility and the importance of making sound decisions.

Additionally, in relation to Case No. 16-015-RPH-A-S, I was cited by the Nevada Board of Pharmacy for failing to properly document patient counseling. This oversight was unintentional but nevertheless significant. I have taken this incident as a critical learning opportunity to enhance my professional practices, ensuring thorough documentation and adherence to all protocols and regulations. Since this incident, I have undergone additional training and have implemented checks to prevent any recurrence of such an oversight.

These experiences, though challenging, have been instrumental in my personal and professional growth. They have instilled in me a heightened sense of responsibility, both in my personal life and in my professional duties as a pharmacist. I am committed to upholding the highest standards of ethical conduct and ensuring the utmost care and diligence in my practice.

I am applying for a Pharmacy Manager position and am keen to bring my enhanced skills, experience, and learnings to this role. I am dedicated to serving the community with integrity and professionalism.

I appreciate your consideration of my application and am available for any further discussions or clarification you may require.

Sincerely,

Martin Chibueze, PharmD\17555

Re: Victor Bruce, MD
Petition to remove the current restrictions on Dr. Bruce's Nevada controlled substance registration, certificate of registration no. CS33714

David:

As you know, this office represents Victor Bruce, MD ("Dr. Bruce"). Please accept this correspondence as Dr. Bruce's petition seeking an order of the Nevada State Board of Pharmacy (the "Board") removing the current restrictions on his Nevada controlled substance registration, certificate of registration no. CS33714.

Following on email correspondence from February 27 and 28, 2024, with the Brett Kandt, the Board's General Counsel, it was advised this petition would be placed on the agenda for the Board's April 17-18, 2024, meeting in Reno, Nevada,

and that Dr. Bruce and counsel could appear via Zoom. Mr. Kandt requested that the petition be submitted by March 3, 2024. Hence, this petition.

The *Order Granting Petitioner* in case no. 19-242-D-S regarding Dr. Bruce which was filed with the Board on January 13, 2022, provides, in pertinent part:

> The Board granted the petition and approved the issuance of a controlled substance registration to Bruce subject to the following terms, conditions and restrictions:
>
> 1. Bruce may only prescribe the controlled substances listed in the attached Exhibit 1;
>
> 2. Bruce shall access the database of the Prescription Monitoring Program established pursuant to NRS 453.162 at least monthly to review his prescriber activity through the MyRx function and shall timely report any discrepancies or fraudulent activity to Board staff; and
>
> 3. Bruce shall petition the Board for prior authorization to make any amendments to the list of controlled substances he may prescribe.

See **Exhibit 1**, copy of *Order Granting Petition*, at pg. 1.

Consistent with the Board's *Order Granting Petition*, Dr. Bruce, on or about May 17, 2022, executed a *Memorandum of Agreement* with the U.S. Drug Enforcement Administration ("DEA") wherein Dr. Bruce was issued a restricted controlled substance registration no. FB1503792. See **Exhibit 2**, copy of *Memorandum of Agreement*. Paragraph 3 under the "Terms and Conditions" of the *Memorandum of Agreement* provides, in pertinent part:

> 3. The DEA agrees that Doctor Bruce shall be granted a DEA certificate of registration restricted only to schedule IV and schedule V

> controlled substance privileges for a period of 18 months under the stipulations and the restriction contained within the terms and conditions of this in agreement and as permitted by the Nevada State Medical Board of Examiners and the Nevada State Board of Pharmacy..... Further, Dr. Bruce acknowledges and agrees to abide by all record keeping requirements required by Federal and State regulations. After the 18 months restriction, Dr. Bruce may submit a request or a Schedule IIIN and controlled substance modification review by the DEA.

Id., **Exhibit 2**, at pg. 2

It is noted that the minimum 18 months restriction referenced in the *Memorandum of Agreement* ended on November 5, 2023.

On June 15, 2023, the Board and Dr. Bruce entered into a *Stipulation and Order* in case no. 22-228-CS-S wherein Dr. Bruce took responsibility for issuing seven (7) prescriptions for controlled substances prior to submitting proof of his DEA registration to the Board and prior to enrolling in the Prescription Monitoring Program. See **Exhibit 3**, copy of *Stipulation and Order*. Dr. Bruce is in compliance with all of the terms and conditions of the *Stipulation and Order*.

As a result of Dr. Bruce's compliance and the passage of the 18 months minimum restriction with the DEA, Dr. Bruce hereby petitions the Board to remove the current restrictions on Dr. Bruce's Nevada controlled substance registration, certificate of registration no. CS33714.

Should the Board remove the current restrictions on Dr. Bruce's Nevada controlled substance registration, certificate of registration no. CS33714, thereafter Dr. Bruce anticipates seeking approval from the DEA prior to issuing any of the expanded controlled substances, pursuant to the *Memorandum of Agreement* with the DEA.

Re: Victor Bruce, MD
Petition to remove the current restrictions on Dr. Bruce's Nevada controlled substance registration, certificate of registration no. CS33714

If this correspondence and its attached documents should be directed to a different person or department at the Pharmacy Board, please advise at your earliest convenience. We look forward to addressing Dr. Bruce's petition/request with the Board.

Should you have any questions after you have reviewed the above, please do not hesitate to contact me at the above address, phone number, fax number, by email at jhunt@clarkhill.com, or contact Dr. Bruce directly.

Thank you.

Sincerely,

CLARK HILL, PLLC

John A. Hunt, Esq.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

VICTOR BRUCE, MD,	**Case No. 19-242-D-S**
Petitioner.	**ORDER GRANTING PETITION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy (Board), hereby orders as follows:

The Nevada State Board of Pharmacy (Board) on August 31, 2021, denied the application of Victor Bruce, MD (Bruce), for a controlled substance registration pursuant to NRS 453.231(1). Bruce petitioned for reconsideration of denial pursuant to NRS 639.139. On December 2, 2021, and January 13, 2022, Bruce appeared with counsel before the Board to answer questions and give testimony and evidence regarding his petition.

The Board granted the petition and approved the issuance of a controlled substance registration to Bruce subject to the following terms, conditions and restrictions:

1. Bruce may only prescribe the controlled substances listed in the attached Exhibit 1;

2. Bruce shall access the database of the Prescription Monitoring Program established pursuant to NRS 453.162 at least monthly to review his prescriber activity through the MyRx function and shall timely report any discrepancies or fraudulent activity to Board staff; and

3. Bruce shall petition the Board for prior authorization to make any amendments to the list of controlled substances he may prescribe.

Any failure by Bruce to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Bruce to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If

such a hearing results in a finding of a violation of this Order, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapters 453 and 639.

IT IS SO ORDERED.

UNITED STATES DEPARTMENT OF JUSTICE
DRUG ENFORCEMENT ADMINISTRATION

IN THE MATTER OF:	)
Victor Bruce, M.D.	)
Ascension Medical	)
[redacted] W. Charleston Blvd.	)
Las Vegas, Nevada 89102	)
DEA Control Number W22009548C	)

MEMORANDUM OF AGREEMENT

This Memorandum of Agreement, hereinafter "Agreement," by and between the United States Department of Justice, Drug Enforcement Administration, hereinafter "DEA," and Victor Bruce, Medical Doctor, hereinafter "Dr. Bruce," reflects the full and final settlement between the DEA and Dr. Bruce.

BACKGROUND AND FINDINGS OF FACT

On January 27, 2022, Dr. Bruce submitted an Application for Registration, under DEA Control Number W22009548C as a Practitioner, requesting authorization to handle Schedules IIN, IIIN, IV, and V controlled substances. Dr. Bruce requested to be registered at Ascension Medical, 2401 W. Charleston Blvd., Las Vegas, Nevada 89102. Dr. Bruce answered "yes" to the following liability questions when submitting the application:

Question #1 which states: "Has the applicant ever been convicted of a crime in connection with controlled substance(s) under state or federal law, or is any such action pending?"

Question #2 which states: "Has the applicant ever surrendered (for cause) or had a federal controlled substance registration revoked, suspended, restricted, or denied, or is any such action pending?"

Question #3 which states: "Has the applicant ever surrendered (for cause) or had a state professional license or controlled substance registration revoked, suspended, denied, restricted, or placed on probation, or is any such action pending?"

Dr. Bruce previously maintained practice at Swan Lake Medical Center located at 3330 S. Hualapai Way, Las Vegas, Nevada 89117. During that time, Dr. Bruce prescribed large quantities of oxycodone and other highly addictive prescription drugs without medical necessity.

On December 13, 2013, Dr. Bruce was arrested by the DEA pursuant to an arrest warrant issued on December 11, 2013.

On December 17, 2014, Dr. Bruce Voluntarily Surrendered DEA Registration Number BB5726495 for Cause due to his involvement with the unlawful distribution of controlled substances.

Dr. Bruce subsequently plead guilty to count one of the indictment for conspiracy to distribute oxycodone in violation of Title 21 United States Code Section §846, 841 (a)(1) and (b)(1)(C). Dr. Bruce was committed to the custody of the United States Bureau of Prisons to be imprisoned for a total term of 46 months.

An inquiry with the Nevada State Medical Examiners Board revealed Dr. Bruce maintains clear/active state license 18273, expiring on June 30, 2023. Dr. Bruce has a pending controlled substance license 7565, issued by the Nevada State Board of Pharmacy.

In lieu of issuing an Order to Show Cause to deny Dr. Bruce's Application for Registration for a DEA Certificate of Registration as a Practitioner, and based upon the investigation by the DEA, and Dr. Bruce having been fully advised of the Background and Findings of Fact set forth, does concur and agrees to the following Terms and Conditions set forth in this Agreement.

TERMS AND CONDITIONS

1. The DEA and Dr. Bruce, each a "Party," and, collectively, the "Parties" enter into this Agreement voluntarily in order to avoid any future uncertainty and expense of litigation, and in furtherance of the Parties' belief that an Agreement in this administrative matter is in the public interest. This Agreement is acknowledgement by Dr. Bruce that the DEA has informed him to review all regulations under Section 1300-End of Title 21 Code of Federal Regulations (CFR) and all of Section 800-End of Title 21 United States Code (USC) pertaining to practitioners.

2. Dr. Bruce acknowledges and agrees to abide by all Federal, State, and local laws and regulations pertaining to controlled substances. Accordingly, the obligations imposed upon Dr. Bruce pursuant to this Agreement shall be in addition to, and not in replacement of, all requirements imposed upon Dr. Bruce pursuant to applicable Federal, State, and local laws and regulations, without limitation to the requirements set forth in Title 21 USC and the regulations promulgated thereunder. Dr. Bruce acknowledges and agrees that if in violation of applicable Federal, State, or local laws and regulations, this will immediately terminate this Agreement and result in the DEA pursuing administrative procedures as set forth in Title 21 USC, Sections 824, 823 and Title 21 CFR, Part 1300, et seq.

3. The DEA agrees that Dr. Bruce shall be granted a DEA Certificate of Registration RESTRICTED only to Schedule IV and Schedule V controlled substance privileges for a period of 18 months under the stipulations and restrictions contained within the Terms and Conditions of this Agreement, and as permitted by the Nevada State Medical Examiners Board and the Nevada State Board of Pharmacy. Dr. Bruce will ONLY be authorized to prescribe and administer Schedule IV and V controlled substances for a legitimate medical purpose, acting in the usual course of his professional practice; maintaining a valid Nevada State Medical Examiners Board license, a valid Nevada State Board of Pharmacy license, and a valid DEA Certificate of Registration. Further, Dr. Bruce acknowledges and agrees to abide by all record keeping requirements required by Federal and State regulations. After the 18 month restriction, Dr. Bruce may submit

Bruce, Victor M.D.

a request for a Schedule IIIN controlled substance modification for review by the DEA.

4. Dr. Bruce acknowledges and agrees to keep copies of all controlled substance prescriptions Dr. Bruce issues or keep an electronic or clearly legible written log while the Agreement is in effect. The prescriptions for controlled substances shall be dated as of, and signed on, the day when issued and shall bear the full name and address of the patient, the drug name, strength, dosage form, quantity prescribed, directions for use, and the name, address, and registration number of Dr. Bruce. Dr. Bruce agrees to maintain proper medical files on all patients to whom he issues a controlled substance prescription, which will contain the date issued and all controlled substance prescription information required by Title 21 CFR §1306.05. These documents, logs and/or prescription copies shall be made available for inspection and shall be maintained in a readily retrievable manner separate from all other records maintained at the medical practice without the necessity of the DEA presenting a DEA Form-82, Notice of Inspection of Controlled Premises, or by obtaining an Administrative Inspection Warrant, a search warrant, or other means of entry, and without prior notice to Dr. Bruce. The DEA agrees to make any such inspections during normal business operation hours. If Dr. Bruce chooses to withdraw consent for any inspection during the time this Agreement is in effect, this will immediately terminate this Agreement and result in DEA pursuing administrative procedures asset forth in Title 21 USC, Sections 824, 823 and Title 21 CFR, Part 1300, et seq. seeking the immediate suspension or revocation of any DEA Certificate of Registration.

5. Dr. Bruce acknowledges and agrees that he is PROHIBITED from ordering, receiving, purchasing, or possessing any controlled substances, to include controlled substance samples, at his controlled premises or any location to include Dr. Bruce's personal residence or any domicile he inhabits; except by issuance of legitimate controlled substance prescriptions and as prescribed, administered, or dispensed to Dr. Bruce by a duly licensed practitioner for a legitimate medical purpose for the duration of this Agreement. Dr. Bruce agrees and acknowledges that if the DEA should unilaterally find him in violation of this condition, this will immediately terminate this Agreement and result in DEA pursuing administrative procedures asset forth in Title 21 USC, Sections 824, 823 and Title 21 CFR, Part 1300, et seq.

6. Dr. Bruce acknowledges and agrees that he will NOT order, administer, prescribe, or dispense controlled substances to himself, his immediate family, staff members, or his employees (except in a life threatening emergency).

7. Dr. Bruce acknowledges and agrees to allow the DEA consent to inspect controlled substance records, files, prescriptions, inventories, logs, and any other records required to be maintained and kept by a practitioner in order to verify all controlled substance records during the term of the Agreement. If Dr. Bruce chooses to withdraw consent for any inspection during the time this Agreement is in effect, this will immediately terminate this Agreement and result in DEA pursuing administrative procedures as set forth in Title 21 USC, Sections 824, 823 and Title 21 CFR, Part 1300, et seq.

8. Dr. Bruce acknowledges and agrees to immediately report all suspicious patient requests for controlled substances to local law enforcement agencies in the geographic area of his

practice.

9. Dr. Bruce acknowledges and agrees to immediately notify the DEA in writing of any change in the status of his Nevada State Medical Examiners Board Medical license and/or Nevada State Board of Pharmacy license. Dr. Bruce agrees and acknowledges to the immediate termination this Agreement and will result in the immediate termination of any and all DEA Certificates of Registration and all controlled substance privileges in the event that the Board takes action against his state license(s). This action shall include, but not limited to suspension, revocation, non-renewal, denial, extension, termination, or failure to be reinstated by the Board at which time shall be sufficient grounds for the immediate suspension or revocation of any DEA Certificate of Registration and result in DEA pursuing administrative procedures as set forth in Title 21 USC, Sections 824, 823 and Title 21 CFR, Part 1300, et seq. seeking the immediate suspension or revocation of any DEA Certificate of Registration.

10. Dr. Bruce acknowledges and agrees to immediately notify the Nevada State Medical Examiners Board and the Nevada State Board of Pharmacy of this Agreement and forward a copy of this Agreement to these agencies.

11. Dr. Bruce acknowledges and agrees to notify the DEA in writing within thirty (30) days prior to any intent to transfer any DEA Certificate of Registration to another address within the State of Nevada or to any other state, province, or territory of the United States. The DEA must consent to the change of address prior to any move on behalf of Dr. Bruce. Dr. Bruce acknowledges and agrees that if the DEA should find Dr. Bruce in violation of this requirement; this will immediately terminate this Agreement and result in DEA pursuing administrative procedures as set forth in Title 21 USC, Sections 824, 823 and Title 21 CFR, Part 1300, et seq.

12. Dr. Bruce acknowledges and voluntarily agrees to enter into this Agreement. Dr. Bruce acknowledges and agrees to comply with the Terms and Conditions of this Agreement. Dr. Bruce further understands that the DEA is not precluded from introducing the Agreement, violations of the Agreement, and any other relevant allegations whether enumerated herein or not, that preceded or may ensue during or after the effective period of the Agreement, in any future administrative proceedings. The DEA and Dr. Bruce acknowledge that there may be some factual issues in which the Parties are not in agreement, but the DEA and Dr. Bruce agree that neither party is precluded or limited in alleging and proving any fact that would otherwise be admissible in any subsequent DEA administrative hearings pertaining to Dr. Bruce's DEA Certificate of Registration and controlled substance privileges. Dr. Bruce acknowledges and agrees to waive his rights to an administrative hearing and any associated appeals related to entry of this Agreement but preserves hearing and appeal rights related to an alleged violation of this Agreement or unrelated issues not within its scope.

13. By executing this Agreement, Dr. Bruce acknowledges and agrees to waive all rights to seek judicial review or to challenge or contest the validity of any Terms or Conditions of this Agreement. This Agreement may not be modified unless in writing and both Parties agree to such written modification.

14. This Agreement may be executed in multiple original counterparts, each of which shall

constitute an original document, and all of which in the aggregate shall constitute on the sameAgreement as binding. The Parties agree that electronic, scanned, and faxed signatures can be substituted for original signatures.

15. This Agreement shall become effective (i.e., final and binding) on the date of signing by the last signatory (the "Effective Date"), and the Terms and Conditions of this Agreement will commence and remain in effect for a period of three (3) years from the executed Effective Date.

The DEA enters into this Agreement with the understanding that Dr. Bruce will abide by the above listed Terms and Conditions in this Agreement. Dr. Bruce shall at all times proceed in good faith and shall fully and faithfully execute all provisions of this Agreement. This Agreement does not relense the registrant from any civil or criminal liability.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **VICTOR BRUCE, MD** **Certificate of Registration No. CS33714,** **Respondent.**	**Case No. 22-228-CS-S** **STIPULATION AND ORDER**

Brett Kandt, General Counsel for Petitioner the Nevada State Board of Pharmacy (Board), and Respondent, Victor Bruce, MD, Certificate of Registration No. CS33714, by and through counsel, John A. Hunt, Esq., **HEREBY STIPULATE AND AGREE THAT**:

1. The Board has jurisdiction over Respondent and this matter.

2. On or about January 30, 2023, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing, and Respondent filed an Answer and Notice of Defense to the Accusation on February 21, 2023.

3. Respondent is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation and Order (Stipulation).

4. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to him pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

5. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with

the provisions of this Stipulation, Respondent hereby knowingly and voluntarily waives his rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to him by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

6. Respondent's acknowledgement of Reasonable Basis to Proceed. Respondent acknowledges the Board believes it has a reasonable basis to allege that Respondent engaged in conduct that is grounds for discipline as alleged in the Accusation, *to wit*, that:

A. On January 13, 2022, the Board entered an Order Granting Petition (Order) in Case 19-242-D-S which, pertinent part, provides:

> The Board granted the petition and approved the issuance of a controlled substance registration to Bruce subject to the following terms, conditions and restrictions:
>
> 1. Bruce may only prescribe the controlled substances listed in the attached Exhibit 1;
>
> 2. Bruce shall access the database of the Prescription Monitoring Program established pursuant to NRS 453.162 at least monthly to review his prescriber activity through the MyRx function and shall timely report any discrepancies or fraudulent activity to Board staff; and
>
> 3. Bruce shall petition the Board for prior authorization to make any amendments to the list of controlled substances he may prescribe.
>
> Any failure by Bruce to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Bruce to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapters 453 and 639.

Id., pgs. 1-2.

B. Consistent with the Order, on or about May 17, 2022, Respondent executed a Memorandum of Agreement with the U.S. Drug Enforcement Administration (DEA) and was issued a restricted controlled substance registration No. FB1503792. Respondent,

whether unintentionally and/or subject to excusable neglect, failed to submit proof of his DEA registration to the Board until July 14, 2022, and failed to enroll for Prescription Monitoring Program (PMP) database access pursuant to NRS 453.226(1), NRS 639.23507 and NAC 453.065.

C. The Board subsequently issued Respondent Certificate of Registration No. CS33714 on or about July 19, 2022. However, between May 17, 2022 (when Respondent executed a Memorandum of Agreement with the U.S. Drug Enforcement Administration (DEA) and was issued a restricted controlled substance registration No. FB1503792) and July 19, 2022 (when the Board issued Respondent Certificate of Registration No. CS33714), Respondent issued seven (7) controlled substance prescriptions for Nevada patients. The Board does not allege the prescriptions were not issued for a legitimate medical purpose or otherwise violated the Order.

D. Respondent's actions, as addressed herein and above, whether unintentional and/or subject to excusable neglect, are grounds for disciplinary action against Respondent pursuant to NRS 639.219(4), (11) and/or (12) in that said actions violate federal and state law and constitute unprofessional conduct or conduct contrary to the public interest.

The Board acknowledges Respondent is not admitting that the Accusation's allegations have merit. The parties are agreeing to resolve this matter to avoid the costs of a hearing and potential subsequent litigation. Respondent asserts if this matter were to proceed to hearing, he has evidence, witnesses, expert witness(es) and defenses to the allegations alleged in the Accusation, but for the purposes of resolving the matter and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses in order to effectuate this Stipulation.

7. To resolve this matter the Board and Respondent, Victor Bruce, MD, Certificate of Registration No. CS33714, stipulate to the following penalties:

A. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Respondent shall pay a fine of Five Thousand Dollars ($5,000.00) for the violations, by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within sixty (60) days of the effective date of this Order; and

B. Pursuant to NRS 622.400, Respondent shall pay Five Hundred Dollars ($500.00) to partially reimburse the Board for reasonable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter. Payment shall be made by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within sixty (60) days of entry of this Order.

8. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapters 453 and 639.

9. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on June 14, 2023. Respondent will appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting.

10. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

11. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

12. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

AGREED:

Signed this 24th **day of** March **2023**

Provide explanation below:

In residency I had a problem with alcohol, and self reported to our state's monitoring program (Professional resource network or PRN). After evaluation, I was referred to and successfully completed a 3 month partial hospitilzation program. I have been sober since self reporting to PRN in May 2022. I am currently under a 5 year monitoring contract with PRN, that is currently being transferred to nevada's professional monitoring program. I have attached documents pertaining to the partial hospitilization program, including a summary of care recieved, treatment plans, and a signed statement from the lead therapist stating I successfully completed the program. I am also attaching my contract with PRN. Please contact me at my email [redacted] or [redacted] for any questions or requests for further documentation.

Dear Dr. Babcock:

Enclosed for your records please find a copy of your Participant Contract with Professionals Resource Network (PRN).

During monitoring, you are responsible for ensuring that all required reports/updates are received by their deadline. Reports are due quarterly as stated in your contract. The required forms are enclosed for your convenience. Please feel free to duplicate them. Forms can also be printed from the Participant Forms area of our website, www.flprn.org.

If you have any questions or require any assistance, please feel free to contact Amelia Jervis, BSW, Case Manager, (800) 888-8776, Ext. 221 or via e-mail at amelia@flprn.org.

Sincerely,

Amelia Jervis, BSW

Address: 201 N Clyde Morris Blvd

City: Daytona Beach State: FL Zip: 32114

Preferred Mailing Address (circle one): (Home) or Business. Or list other preferred mailing address here: _____

In case of an emergency or if I am unreachable, PRN may contact:

[redacted]

(Home)

Participant agrees to notify PRN within twenty-four (24) hours of any update to the information on this page.

This information has been disclosed to you from records protected by Federal Confidentiality Rules (42CFR Part 2). The Federal Rules prohibit you from making any further disclosure of this information unless further disclosure is expressly permitted by the written consent of the person to whom it pertains or is otherwise permitted by 42CFR Part 2. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The Federal Rules prohibit any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient.

SEP 30 2022

Email sc

This Contract memorializes Participant's enrollment in the impaired practitioner program ("Program") operated by PRN. Participant's failure to comply with this Contract may constitute a violation of sections 456.072(1)(z) and (hh), Florida Statutes or other applicable law.

PRN agrees to advocate on behalf of the Participant before the Participant's licensure board, hospital board, and other applicable entities provided the Participant is in compliance with all provisions of this Contract and the Program.

Regardless of the specific terms of this Contract and regardless of the number of incidents of material non-compliance with this Contract by the Participant, when in PRN's opinion a Participant has not satisfactorily progressed in the Program, PRN may terminate this Contract. Whenever PRN concludes that impairment affects a practitioner's practice and constitutes an immediate, serious danger to the public health, safety, or welfare, PRN is required by Florida law to immediately communicate that conclusion to the Department.

As provided by Florida law, PRN may modify the terms of monitoring as memorialized in the Contract if PRN concluded, through the course of monitoring, that extended, additional, or amended terms of monitoring are required for the protection of the health, safety, and welfare of the public. If the Participant fails to agree to any such modifications, then PRN may may terminate this Contract and report the dismissal to all applicable persons and entities, including but not limited to the Florida Department of Health, Florida Department of Business and Professional Regulations, and the applicable licensure board.

This Contract will become effective on the date signed by Participant and PRN. Regardless of the duration specified below, this Contract will remain in full force and effect until the Participant completes PRN's formal exit process (including an exit evaluation when appropriate) and receives a letter from PRN indicating that the Participant has successfully completed the Program.

Any modifications to this Contract are effective only when made in writing and signed or initialed by both PRN and the Participant.

Participant further understands and agrees to the following specific terms and conditions:

This information has been disclosed to you from records protected by Federal Confidentiality Rules (42CFR Part 2). The Federal Rules prohibit you from making any further disclosure of this information unless further disclosure is expressly permitted by the written consent of the person to whom it pertains or is otherwise permitted by 42CFR Part 2. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The Federal Rules prohibit any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient.

1. I understand that by signing below I am under a Concurrent Illness (Substance Use Disorder/Psychiatric) Participant Contract with PRN as part of the State of Florida's Impaired Practitioner Program. I understand that this Contract is binding on me and that termination from the Program may result in action against me, including disciplinary action against my professional license(s).

2. I understand that PRN endorsement is required to work in any setting and prior to any change in currently approved settings.

3. I agree to enroll and keep my required participant information updated through **Affinity Online Solutions (AOS)**.

4. I agree that I may be required by PRN to provide a urine, hair, breath, nails, saliva, or blood specimen for testing. I agree to provide such specimen(s) on the same day they are requested by PRN, unless otherwise allowed by PRN. I understand that should I be selected for a hair or nail test and I don't have enough head hair or finger nails for the collection, I will contact PRN for approval prior to submitting body hair or toe nails. I agree to release all written results of such screens to PRN.

5. I have reviewed the Participant Manual available on the Affinity website (. I agree to comply with all terms of the Participant Manual, as amended from time to time, unless there is a conflict between the Manual and a specific term of this Contract, in which case the term in this Contract controls.

6. I understand that my PRN Case Manager is:

[redacted]

7. I understand that PRN will contact me by phone, video conferencing, Affinity messaging, and email. I understand I must be available for contact by any of these four means. I understand that Affinity messaging is the preferred method of communication and the most secure.

8. I agree to attend the PRN Orientation Group. I understand that the information regarding the dates and time will be provided by my Case Manager.

9. I have selected the following primary care provider (PCP):

[redacted]

I agree to provide my PCP with a copy of this Contract and will provide them with a copy of the Medication Guide for my records. I understand that if I do not presently have one and have been requested to obtain a PCP, I must obtain a PCP and notify PRN of their contact information within 60 days, or I will be in

information has been disclosed to you from records ...ulations (42CFR Part 2). ...ing any further ...er disclosure is ...t of the person ...mitted by 42CFR Part 2. A general authorization ... sufficient for this purpose. ... Federal Rules prohibit any use of the information to criminally investigate ... alcohol or drug abuse patients.

noncompliance with this Contract.

10. I agree to upload to Affinity copies of all prescriptions written for me within one (1) business day of the time such prescription is written.

11. I agree to seek approval from PRN **prior** to the use of **any** Class B and C medication from the Medication Guide (including over the counter medications that are not Class A) unless used during an emergency. In the case of such emergency, I agree to upload the prescription and/or picture of the full label of such medication to the Affinity website within one (1) business day.

12. I agree to send all medical documentation/records to PRN Testing Coordinator, Jessie Scanlon through Affinity message once they are available to me.

13. I agree that a positive toxicology test following an acute medical event will be handled by PRN as a positive that has no valid or acceptable medical explanation unless and until I provide documentation to PRN from my medical providers or others as required by PRN sufficient for PRN to conclude this Contract was not violated by my actions relating to such acute medical event. I understand this Contract is not violated when my test results indicate my use of a medication that has been approved by PRN. Documentation should be uploaded to the Affinity system by the Participant or their designee.

14. I understand that ungloved administration of anesthesia/sedation can produce positive toxicology results. I therefore agree that I will not administer medications without wearing gloves.

15. I agree not to prescribe scheduled drugs for family members or others who are not legitimate patients within the scope of my practice.

16. I agree not to manage my own medical care and to comply with the treatment plan, including but not limited to complying with recommendations and not self-prescribing or independently discontinuing medications.

17. I understand if I have an opioid use disorder, PRN recommends that I be placed on an opioid antagonist. If I am not, PRN will need written documentation from my physician as to why I cannot/should not take naltrexone orally or injectable. I understand that my past dependence on opioids places me at high risk for an opioid related overdose death. Please make sure that your physician is certain about this course. PRN also recommends that you carry and have in your vicinity at all times the opioid overdose reversal medication, Narcan, which can be purchased at a Florida drug store without a prescription, and that those close to me know how to access it to assist me if that ever becomes necessary. If there is a documented contraindication to taking an opioid antagonist medication, I will speak to my Case Manager about possible alternatives for medication assisted treatment.

This information has been disclosed to you from records protected by Federal confidentiality rules (42 CFR Part 2). The Federal Rules prohibit you from making any further disclosure of this information unless further disclosure is expressly permitted by the written consent of the person to whom it pertains or is otherwise permitted by 42CFR Part 2. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The Federal Rules prohibit any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient.

...affiliated support

18. I understand that PRN may require one or more evaluations of me during the term of this Contract, in addition to any evaluations of me done prior to this Contract. I understand and agree that for an evaluation to be accepted and used by PRN as part of the Program, it must be facilitated in advance by PRN and performed by a PRN and Program-approved evaluator who is on the list (of at least three evaluators) provided to me by PRN at the time the evaluation is required.

19. I agree to notify PRN of any changes in my physical or mental health, contact information, employer or any change in work setting within one (1) business day.

20. I agree to consent to the release to PRN of drug test results, evaluation and treatment records, therapist reports, and other written and verbal information, as requested by PRN.

21. I agree to consent to the release to PRN of verbal information and any and all documentation, including toxicology testing results of visits to emergency treaters, with any third parties such as emergency treaters.

22. I agree to be appropriately courteous and cooperative in all contacts with PRN staff and representatives. I agree to return PRN calls, e-mails, and Affinity messages within one (1) business day.

23. I understand this Contract will be reviewed by PRN for possible modification if I have or develop a chronic illness or disorder that could potentially impact my ability to practice with reasonable skill and safety or could potentially impact my recovery.

24. If I fail to comply with this Contract, it may result in PRN reporting me to the Department of Health ("DOH"), my licensure board, and all other applicable entities, as well as the withdrawal of PRN's advocacy of me before the applicable agencies and entities.

25. I agree to notify PRN immediately if a case or complaint is initiated by DOH involving me. I will obey all local, state, and federal laws and will immediately report to PRN any arrest, conviction, or questioning of me by law enforcement.

26. I understand and agree that actions by my license board may require modifications to the duration and other terms of this Contract.

27. I understand that **I am responsible** for ensuring that all required reports/updates (psychiatrist, psychotherapist, work performance, etc.) are received by PRN by the deadline (reports are due quarterly starting with this Contract's effective date). My reports are due on the 15th day of the month of my quarterly cycle. My quarterly cycle is: December, March, June and September

This information has been disclosed to you from records protected by Federal Confidentiality Rules (42 CFR Part 2). The Federal Rules prohibit you from making any further disclosure of this information unless further disclosure is expressly permitted by the written consent of the person to whom it pertains or is otherwise permitted by 42CFR Part 2. A general authorization for the release of medical NOT sufficient for this purpose. The Federal Rules prohibit any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient.

28. The following PRN Facilitator has been selected for me as my facilitated support group leader:
Name: [redacted]

29. I agree to attend a weekly monitored professional group with my PRN Facilitator. I understand that I must contact my PRN Facilitator upon signing this Contract to obtain the meeting location and time.

30. I agree to the release of information (e.g., evaluations, updates) about me between my PRN Facilitator and PRN.

31. I understand that my PRN Facilitator will send quarterly updates to PRN regarding my status and progress during the term of this Contract and will notify PRN of any concerns regarding my health/mental health condition or my ability to practice safely.

SUBSTANCE ABUSE/DEPENDENCY COMPONENT

32. Monitoring agreements are abstinence-based. This includes avoiding alcohol, in either beverage or food, including kombucha, as well as other food and over the counter items. I understand that I will be tested for multiple substances, and that I should also avoid poppy seeds and cannabis products, including cannabidiol (CBD), and synthetic cannabinoids (K2/Spice), and kratom, all of which may produce positive toxicology tests.

33. I agree that I am responsible for any medication, skin product, (including hemp seeds, hemp oils, CBD oils, etc.) or food that I take, use, or ingest that could result in a positive drug test. Use of ethyl alcohol-based sanitizers should be avoided or minimized when possible. I am responsible for ensuring that my environment is free of all illicit substances. Claims that positive drug tests are due to any of the above remain positive and are considered relapse/non-compliance issues.

34. I agree to participate in PRN's random testing program, which is presently administered through Affinity/U.S. Drug Testing Laboratories. Such provider is subject to change from time to time. I agree to provide specimens on the same day as requested. I understand that any adulteration, substitution, or subversion of the screen process will require evaluation and could lead to dismissal from the Program and referral to the DOH.

35. I agree to attend a mutual aid meeting (e.g. AA/NA/IDAA/other mutual aid meeting approved by PRN) a **minimum** of 3 times per week with Affinity Log.

This information has been disclosed to you from records protected by Federal Confidentiality Rules (42CFR Part 2). The Federal Rules prohibit you from making any further disclosure of it without the specific written consent of the person to whom it pertains, or as otherwise permitted by 42CFR Part 2. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The Federal Rules prohibit any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient.

36. I understand that PRN does not require me to participate in faith-based activities. I agree to contact my PRN Case Manager to discuss alternative mutual aid meetings (e.g., meetings other than AA or NA) acceptable to PRN as needed.

PSYCHIATRIC COMPONENT

37. I agree to obtain psychiatric treatment from the following individual and to consent to the release of all information concerning this psychiatric treatment to PRN.

[redacted]

38. I understand and agree that my psychiatrist named above must send PRN quarterly reports and notify PRN immediately of:

A) change in diagnosis;
B) failure to progress in psychiatric treatment;
C) any change of medication;
D) discontinuation of treatment relationship and why (must be approved by PRN and your psychiatrist);
E) change of treating professional;
F) failure to appear for appointments, continue prescribed medications, or cooperation in the therapeutic process.

39. I agree to obtain psychotherapy treatment from the following therapist and to consent to the release of all information concerning this psychotherapy treatment to PRN.

[redacted]

40. I understand and agree that my therapist named above must send PRN quarterly reports and notify PRN immediately of:

A) failure to progress in therapy;
B) discontinuation of therapy (this must be approved by PRN and your therapist);
C) change of treating professional;
D) failure to appear for appointments, or cooperation in the therapeutic process.

This information has been disclosed to you from records protected by Federal confidentiality rules (42 CFR Part 2). The Federal Rules prohibit you from making any further disclosure of this information unless further disclosure is expressly permitted by the written consent of the person to whom it pertains or is otherwise permitted by 42CFR Part 2. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The Federal Rules prohibit any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient.

41. I understand that I am responsible for ensuring that all required reports/updates (psychiatrist, psychotherapist, etc.) are received by their deadline (reports are due quarterly starting with this Contract's effective date).

STUDENT/INTERN/RESIDENT MONITOR COMPONENT

42. I have selected the following individual to serve as my student/intern/resident monitor:. [redacted]

43. I agree to provide, and allow my student/intern/resident monitor to provide information concerning my progress and participation in school to PRN.

44. I understand the need for and have requested that my student/intern/resident monitor send PRN **quarterly** reports, in addition to any other information that may be necessary or appropriate.

OTHER

45. I understand that for 3 months I'm required to attend psychotherapy weekly after which time the frequency may be adjusted by the provider in consultation with PRN.

46. I understand that I agree to remain refrained from practice until cleared by my providers in consultation with PRN.

TERM AND DURATION

47. I agree that this Contract may be extended or otherwise modified at the discretion of PRN or at the request of my licensing authority or other regulatory agency. I understand that such an extension may be appropriate, among other circumstances, when PRN data, clinical evaluation, or treatment provider recommendations indicate the need for additional monitoring or accountability.

48. I agree that monitoring may be transferred or shared with another appropriate physician health program ("PHP") if I move or hold an active license in another state. I understand that I am eligible for the Florida Program through PRN only if I am licensed or applying for licensure in Florida, or a health profession student at a facility located in Florida.

49. I understand that my Contract will not be complete until I return the Release of Information for each individual I have listed on my Contract.

50. I understand that the failure to sign and return to PRN all applicable Release of Information forms will delay the start date of my Contract.

This information has been disclosed to you from records protected by Federal Confidentiality Rules (42CFR Part 2). The Federal Rules prohibit you from making any further disclosure of it unless further disclosure is expressly permitted by the written consent of the person to whom it pertains or is otherwise permitted by 42CFR Part 2. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The Federal Rules prohibit any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient.

51. This Contract becomes effective on the date it is signed by me and a PRN representative. If I and the PRN representative sign on different dates, the date of the last to sign is the effective date of this Contract.

52. The duration of this Contract is 5 years following the effective date.

[signature page to follow]

This information has been disclosed to you from records protected by Federal Confidentiality Rules (42CFR Part 2). The Federal Rules prohibit you from making any further disclosure of this information unless further disclosure is expressly permitted by the written consent of the person to whom it pertains or is otherwise permitted by 42CFR Part 2. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The Federal Rules prohibit any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient.

By signing below, I affirm that I have read, understand, and agree to this entire Contract. I also affirm that I have read, understand, and agree to the entire Participant Manual.

CONSENT TO DISCLOSE COMPLIANT PROGRAM STATUS TO DOH

I, Luke Babcock, M.D. ("Participant"), authorize Professionals Resource Network, Inc. ("PRN") to disclose to the Florida Department of Health ("DOH") whether I am currently subject to, and in compliance with, a Participant Contract with PRN. I understand this authorization is valid only if PRN receives written notice from DOH that I am being investigated for allegations of impairment.

I understand this information may be used by DOH for any purpose permitted by law, including but not limited to, potential investigation and disciplinary action against my professional license(s). Furthermore, I understand this information may become public as a result of any potential disciplinary action against my professional license.

This Consent will expire one year from the date of my successful completion of my Participant Contract with PRN, and that successful completion will be determined solely by PRN. I understand I can revoke this authorization at any time by writing to PRN, except to the extent that PRN has already taken action in reliance on the authorization. I understand the decision by PRN to report the above information to DOH pursuant to this Consent constitutes action taken in reliance on it.

I understand that federal privacy laws and regulations may no longer apply to information once disclosed to DOH.

By signing below, I release PRN from any and all legal liabilities that may arise from its release of this information to DOH.

I acknowledge that I have read, fully understand, and voluntarily agree to this authorization and all of its contents. A copy of this signed authorization is as valid as an original.

Florida Recovery Center Partial Hospitalization Program
Discharge Instructions/Aftercare Plan

Admit Date:6/23/2022
Discharge Date: 9/22/2022

Primary Therapist: Matt Lebeau

Reason for Admission: Alcohol Use Disorder, Unspecified Stimulant Use Disorder. Patient was referred by PRN

Patient participated in the following activities:
Individual Therapy, Psycho Educational Groups, 12 Step Lectures and Step Work, 12 Step Meetings, Medication Management, Recreational Therapy, Life Skill Activities, Safety Sensitive Groups, Professional Groups and Weekly Physician Appointments

Brief Summary of Treatment: Luke has successfully completed the FRC PHP program for treatment of his Alcohol use disorder, severe; Attention deficit hyperactivity disorder, inattentive type; Unspecified stimulant (MDMA) related disorder. He has participated in individual and group therapy, psycho-educational groups, recreational and life skills groups, 12-step meetings and lectures, personality styling, and neurocognitive testing. He has been compliant with program rules and treatment team recommendations. Toxicology and breathalyzers have been completed routinely with no concerns to report. He has completed all assignments specified on his master treatment plan. While in treatment, he has addressed problem areas of polysubstance use disorder, strained family relationships, and safety sensitive employment issues. He has demonstrated gained insight into how family of origin issues have developed into current strained family relationships and conflict. He has gained insight into his use of substances as a coping mechanism for his internal emotional conflicts. He has grown in awareness of the severity of his polysubstance use disorder and subsequent adverse career, family, and financial consequences resulting from his continued use. He has learned about and demonstrated an ability to effectively utilize coping skills and anger management techniques to help him better regulate his emotions. He has demonstrated a working knowledge of relapse prevention dynamics and has creating a detailed relapse prevention/recovery plan to implement upon discharge. He reports a significant decrease in symptoms of depression and anxiety since his admission to the program. He has made steady progress through the program and is aware of character traits that need continued work along with areas for continued growth in outpatient therapy.

Patients Response to Treatment:
Patient was cooperative during the treatment process. Patient actively participated in the groups and activities. Patient was willing to look at self and accept feedback from others.

Reason for Discharge:

Treatment Goals are completed for this level of care.

Discharge to:
Home with family

After Care Plan: Patient is returning to his home. His parents will be temporarily living with him. Patient will be monitored by the Physicians Health Program.

Follow Up Services:

1. Professional monitoring contract with PRN. Toxicological monitoring, portable breathalyzer, and random PEths.
2. Individual therapist. Recommend weekly therapy for 3 months, then frequency to be determined by provider
3. Psychiatrist, addiction medicine physician, or psychiatric nurse practitioner for medication management.
4. Mutual aid meetings, minimum of three times weekly.

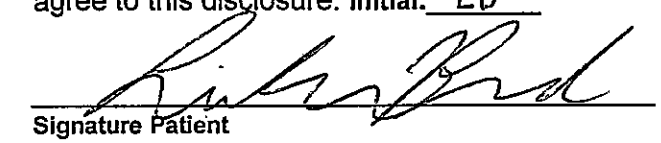
Attention: If you have an opioid use disorder, UF Health strongly recommends that you obtain naloxone (also known as Narcan), for emergency use in the event of an opioid overdose. Naloxone is readily available at any Florida pharmacy without a prescription and can be administered by anyone. If you're discharging to a state other than Florida where naloxone may not be available without a prescription, then please let the treatment team know, so that you can arrange access to an appropriate prescription. Keep this medication available in your home or other easily accessible location. Make your family/friends aware of this medication's location and reason for use. In the event that you or another person experiences an opioid overdose (symptoms may include: unresponsiveness, small pupils, reduced breathing, blue skin), this medication can save the life of the affected person by reversing the overdose. If used, it is imperative to still seek immediate emergency medical care for the affected individual.

Medications:
Patient reports an understanding of the medications that are prescribed and has discussed this with the physician.

Current Outpatient Medications

Medication	Sig	Start Date	End Date	Taking	Authorizing Provider
buPROPion HCl (WELLBUTRIN XL) 150 MG Oral Tablet Extended Release 24 Hour	Take 1 (one) tablet by mouth every morning for 30 days.	9/20/22	10/20/22		[redacted]
naltrexone (DEPADE) 50 MG Oral Tablet	Take 1 (one) tablet by mouth daily for 30 days.	9/20/22	10/20/22		[redacted]

Condition at the time of Discharge:
Patient is alert and cooperative. Patient is able to verbalize an understanding of the discharge instructions/after care plan.



Risk Assessment:

Denies Suicidal thoughts/ideations/gestures. Denies Homicidal thoughts/ideations/gestures. Denies Self Injurious thoughts/ideations/gestures.

Provide explanation below:

In 2008 I was married with two small children and lived in Virginia while I was engaged in a vascular surgery fellowship. In September of 2008 I attempted suicide and sought inpatient treatment. I was diagnosed with major depression and PTSD secondary to rape and sexual abuse from a stepbrother when I was a small child. I was treated with therapy and an SSRI. My depression and PTSD are well controlled. I have not had any change in treatment of these conditions for many years and maintain annual psychiatry visits for treatment with an SSRI. I have never been diagnosed or treated for an alcohol or substance abuse disorder.

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy

Name of Business/Industry/Entity

Provide explanation below:

In 2008 I was married with two small children and lived in Virginia while I was engaged in a vascular surgery fellowship. In September of 2008 I attempted suicide and sought inpatient treatment. I was diagnosed with major depression and PTSD secondary to rape and sexual abuse from a stepbrother when I was a small child. During my hospitalization my then wife separated and left the state with our children moving back to MA. Upon my resigning from fellowship and moving back to MA to where my children now lived, I was charged and arrested for allegedly two counts of rape of a child by force. These counts were alleged to be against my own children. The charges where initially filed before the Pittsfield Distric Court under case numbers 0827CR02254 A and B. They were then dismissed 1/27/2009 and transfered to the Berkshire Superior Court on 1/12/2009. A divorce was finalized 5/22/2009. The charges were then dismissed by the superior court on 11/24/2010.

8/2009	5/16/2012	MA		

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court
2012-14	MA Board of Medicine

Reason/Charge	

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy

Name of Business/Industry/Entity

Provide explanation below:

After I renewed my medical license in MA in 2009 as a result of the arrest referenced above in question 2, I was asked to enter a voluntary agreement not to practice by the board as the charges had not yet been heard or dismissed, I agreed to this voluntary non-pracitce agreement based on advice of counsel. Counsel adviced I surrendered my DEA permit as my license in MA was now voluntarily inactive.

During the period 2009-2012 my MA license remained active but under a voluntary agreement not to practice. In 2010 I no longer lived or worked in MA, having moved to Florida, I voluntarly resigned my MA license in 2012.

Order

On the date referenced below, at a duly convened meeting of the Board of Registration in Medicine (the "Board"), the Board considered the statement of the above-named physician setting forth the terms of resignation attached hereto and pursuant to 243 CMR 1.05(5)(b), during an investigation by the Board.

Having determined that the resignation is in conformity with the requirements of 243 CMR 1.05(5)(b), the Board voted to accept the resignation.

The Respondent shall provide a complete copy of this Resignation and Order within (10) days by certified mail, return receipt requested, or by hand delivery to the following designated entities: any in- or out-of-state hospital, nursing home, clinic, other licensed facility, or municipal, state, or federal facility at which he practices medicine; any in-or out-of-state health maintenance organization with whom he has privileges or any other kind of association; any state agency, in- or out-of-state, with which he has a provider contract; any in- or out-of-state medical employer, whether or not he practices medicine there; and the state licensing boards of all states in which he has any kind of license to practice medicine. The Respondent shall also provide this notification to any such designated entities with which he becomes associated for the duration of this Resignation and Order. The Respondent is further directed to certify to the Board within ten (10) days that he has complied with this directive.

RE: License No.: 0102-202164

Dear Dr. Volchok:

The Virginia Board of Medicine ("Board") has received verification of your compliance with the Board's Order entered January 23, 2015.

Therefore, I have determined that the terms and conditions placed on your license should be TERMINATED effective this date. Our records have been updated to reflect that you have a full and unrestricted license to practice in the Commonwealth of Virginia.

Pursuant to §54.1-2400.2 of the *Code of Virginia*, a signed copy of this letter shall remain in the custody of the Department of Health Professions as a public record, and shall be made available for public inspection and copying upon request.

The Board wishes you well in your future endeavors.

Sincerely,

William L. Harp, M.D.
Executive Director

Board Administrative Action: reinstatemnet of license
State: VA
Date: 1/23/2015
Case #: 0102202164

VIRGINIA:

BEFORE THE BOARD OF MEDICINE

IN RE: JAPA ABRAM VOLCHOK, D.O.
License No.: 0102-202164

ORDER

In accordance with Sections 54.1-2400(10), 2.2-4019 and 2.2-4021 of the Code of Virginia (1950), as amended ("Code"), an informal conference was held with Japa Abram Volchok, D.O. on January 14, 2015, in Henrico, Virginia. Members of the Virginia Board of Medicine ("Board") serving on the Special Conference Committee ("Committee") were: Wayne Reynolds, D.O., Chair, and Siobhan S. Dunnavant, M.D. Dr. Volchok appeared personally and was not represented by legal counsel. Dale Lutke, Adjudication Specialist, was present as a representative for the Administrative Proceedings Division of the Department of Health Professions. The purpose of the informal conference was to receive and act upon Dr. Volchok's Petition for Reinstatement of License to Practice Medicine and Surgery in the Commonwealth of Virginia, and in considering such petition, whether grounds exist to deny the reinstatement. These matters are set forth in the Board's Notice of Informal Conference dated December 10, 2014.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

Now, having properly considered the evidence and statements presented, the Committee makes the following Findings of Fact and Conclusions of Law:

1. Japa Abram Volchok, D.O., was issued license number 0102-202164 by the Board to practice osteopathy and surgery in the Commonwealth of Virginia on February 6, 2008. By

Order of the Board entered August 9, 2010, Dr. Volchok's license was indefinitely suspended.

2. Dr. Volchok violated Section 54.1-2915.A(5) of the Code in that by Order dated May 16, 2013, the Massachusetts Board of Registration in Medicine accepted the voluntary and permanent surrender (resignation) of his license to practice medicine in that jurisdiction. The resignation of license was accepted as a "disciplinary action" and terminated a non-disciplinary August 6, 2009 Voluntary Agreement Not to Practice Medicine in which Dr. Volchok previously had agreed to immediately cease the practice of medicine in Massachusetts.

3. Dr. Volchok is in violation of Section 54.1-2915.A(4) of the Code in that he has not had any "clinical responsibilities" since approximately November 2008 and he has not practiced medicine since August 9, 2010 when his license was suspended by the Board.

4. Dr. Volchok stated to the Committee that he has a history of depression that is well managed with a low dose of medication. He stated he has a history of Post Traumatic Stress Disorder ("PTSD") that became exacerbated in 2008, but that he has not experienced any active PTSD symptoms since at least 2011.

5. Dr. Volchok informed the Committee that he has been employed in the medical field as Director of Operations for a wound care physicians' company since April 2010. He trains other physicians in wound care and is current on all continuing medical education credits.

6. The Committee heard from Carol J. Ball, Ph.D., of New England Forensic Associates in Massachusetts. Dr. Ball stated that she believed, in 2008, Dr. Volchok received improper treatment at an in-patient facility in Pennsylvania. The treatment was focused on a

confrontational and/or confessional model that was designed to help patients break through denial and take responsibility for behaviors, a treatment that was not appropriate for a patient in Dr. Volchok's emotional state. Dr. Ball stated that in order for Dr. Volchok to progress in treatment, he was forced him to admit to things that had not actually occurred. Dr. Ball told the Committee that her therapeutic treatment of Dr. Volchok has moved from regularly scheduled sessions to an "as needed" basis. She saw Dr. Volchok biannually in 2012, and once in 2013. Dr. Ball opined that Dr. Volchok has remained emotionally stable and has resolved the PTSD symptoms that precipitated legal charges and the relinquishing of his medical license. She reported that Dr. Volchok has no active need for ongoing psychotherapy.

7. The Committee heard from Gene G. Abel, M.D., who conducted an evaluation of Dr. Volchok in 2011. Dr. Abel noted that Dr. Volchok submitted to various psychological and polygraph testing, and the conclusion was reached that the hospitalization in 2008 was the result of PTSD and alcohol. Dr. Abel opined that Dr. Volchok is safe and competent to practice medicine.

8. Dr. Volchok submitted to the Committee a report from his treating psychiatrist dated January 7, 2015, clearing him for return to the practice of medicine.

9. Dr. Volchok reported that he plans to return to clinical practice in the area of wound care with his current employer.

ORDER

WHEREFORE, based on the above Findings of Fact and Conclusions of Law, it is hereby ORDERED that the license of Japa Abram Volchok, D.O., is REINSTATED subject to the

following terms and conditions:

1. Within 12 months from entry of this Order, Dr. Volchok shall submit evidence of passing the Special Purpose Examination (SPEX) administered by the Federation of State Medical Boards.

2. Dr. Volchok shall not return to the practice of medicine and surgery until he has complied with Term 1 and shall submit all fees associated with activating the license for the current biennium.

3. Upon receipt of evidence that Dr. Volchok has complied with the requirements of this Order, the Committee authorizes the Executive Director to close this matter, or refer it to a special conference committee for review.

Violation of this Order may constitute grounds for suspension or revocation of Dr. Volchok's license. In the event that Dr. Volchok violates this Order, an administrative proceeding may be convened to determine whether such action is warranted.

Dr. Volchok shall maintain a course of conduct in his practice of medicine commensurate with the requirements of Title 54.1, Chapter 29 of the Code and all laws of the Commonwealth.

Pursuant to Sections 2.2-4023 and 54.1-2400.2 of the Code, the signed original of this Order shall remain in the custody of the Department of Health Professions as a public record, and shall be made available for public inspection and copying upon request.

Pursuant to Section 54.1-2400(10) of the Code, Dr. Volchok may, not later than 5:00 p.m., on February 26, 2015, notify William L. Harp, M.D., Executive Director, Board of Medicine, 9960 Mayland Drive, Suite 300, Henrico, Virginia 23233, in writing that he desires a

formal administrative hearing before the Board. Upon the filing with the Executive Director of a request for the hearing, this Order shall be vacated.

Therefore, this Order shall become final on February 26, 2015, unless a request for a formal administrative hearing is received as described above.

FOR THE BOARD

For William L. Harp, M.D.
Executive Director
Virginia Board of Medicine

Entered: 1/23/2015

VIRGINIA:

BEFORE THE BOARD OF MEDICINE

IN RE: JAPA ABRAM VOLCHOK, D.O.
License No.: 0102-202164

CONSENT ORDER

By letter dated June 16, 2010, the Virginia Board of Medicine ("Board") noticed Dr. Volchok for an informal conference to inquire into allegations that he may have violated certain laws governing the practice of osteopathic medicine in the Commonwealth of Virginia.

In lieu of proceeding to this informal conference, the Board and Dr. Volchok as evidenced by their signatures affixed below, agree to enter into this Consent Order affecting the license of Dr. Volchok to practice osteopathic medicine in the Commonwealth of Virginia.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

The Board adopts the following findings and conclusions in this matter:

1. Dr. Volchok was issued license number 0102-202164 by the Board to practice osteopathic medicine in the Commonwealth of Virginia on February 6, 2008. Said license is currently active, and will expire on August 31, 2010, unless renewed or otherwise restricted.

2. Dr. Volchok violated Sections 54.1-2915.A(5) of the Code of Virginia (1950), as amended ("Code"), in that, on or about August 9, 2009, he entered into a non-disciplinary Voluntary Agreement Not to Practice Medicine ("VANP") with the Commonwealth of Massachusetts Board of Registration in Medicine ("Massachusetts Board"), in which he agreed to cease his practice of medicine in that jurisdiction, effective immediately.

3. Dr. Volchok entered into the VANP based on the fact that in January 2009, he was

indicted on two (2) felony charges under Massachusetts General Laws C265, Sec 22A in the Berkshire Superior Court, Commonwealth of Massachusetts, with judgment in the matter deferred until November 2010. The conduct alleged in the indictments, if committed in Virginia, would constitute a felony, as defined in Sections 18.2-61 and 18.2-67.1 of the Code, and constitutes a violation of Sections 54.1-2915.A(10) and 54.1-2915.B of the Code.

4. Dr. Volchok violated Sections 54.1-2915.A(2), (4) and (14) of the Code, in that he is not competent to practice his profession with safety to his patients and the public due to mental or physical incapacity and/or substance abuse, based upon Axis I discharge diagnoses of major depression, severe, recurrent; sexual disorder; pedophilia; and post traumatic stress disorder following inpatient treatment at a psychiatric facility in Virginia Beach, Virginia, in or about September 2008.

CONSENT

I, Japa Abram Volchok, M.D., by affixing my signature hereto, acknowledge that:

1. I have been advised specifically to seek the advice of counsel prior to signing this document and am represented by Paul R. Cirel, Esquire, and Patrick J. Hurd, Esquire;

2. I am fully aware that without my consent, no legal action can be taken against me, except pursuant to the Virginia Administrative Process Act, § 2.2-4000.A et seq. of the Code of Virginia;

3. I have the following rights, among others:

   a. the right to an informal conference before the Board;

   b. the right to appear in person or by counsel, or other qualified representative before the agency; and

4. I waive all rights to an informal conference;

5. I neither admit nor deny the truth of the above Findings of Fact and Conclusions of Law, but waive my right to contest the foregoing Findings of Fact, Conclusions of Law, and any sanction in any future judicial or administrative proceeding where the Board is a party.

6. I consent to the following Order affecting my license to practice osteopathic medicine in the Commonwealth of Virginia.

ORDER

WHEREFORE, based on the foregoing Findings of Fact and Conclusions of Law, and with the consent of the licensee, it is hereby ORDERED that the Board accept the VOLUNTARY SURRENDER for INDEFINITE SUSPENSION of the license of Japa Abram Volchok, D. O., to practice osteopathic medicine in the Commonwealth of Virginia.

Upon entry of this Consent Order, the license of Japa Abram Volchok, D.O., will be recorded as suspended and no longer current. Dr. Volchok shall not petition the Board for reinstatement of his license for a period of twenty-four (24) months from the date of entry of this Order. Should Dr. Volchok seek reinstatement of his license at that time, he shall be noticed to appear before the Board, in accordance with the Administrative Process Act. As petitioner, Dr. Volchok has the burden of proving his competency and fitness to practice osteopathic medicine in the Commonwealth of Virginia in a safe and competent manner.

Pursuant to Section 54.1-2400.2 of the Code, the signed original of this Consent Order shall remain in the custody of the Department of Health Professions as a public record and shall be made available for public inspection and copying upon request.

FOR THE BOARD:

RE: Nevada Board of Pharmacy

Controlled Substance License Renewal

To Whom it may concern,

Please see the below in regard to Board accusations from the California Medical Board.

Case No 04-2013-234629
Filed August 23, 2016

Explanation: The facts of the accusation, as I understand them, are that I did not keep adequate records regarding 3 patients who were under my care for pain management. At the time I was interviewed by the board, I had already retired and sold my practice in California. My California charts were in the custody of other physicians at the time of my interview and I no longer had access to them. It is my understanding that the CA board obtained the charts they have alleged are insufficient from these medical offices after my retirement and may not have been provided with complete copies.

Respectfully,

Scott M. Martin M.D.

In the Matter of the Accusation Against: **Scott Matthew Martin, M.D.** **2801 Via Tazzoli Court** **Henderson, NV 89052** **Physician's and Surgeon's Certificate No. A94122,** Respondent.	Case No. 04-2013-234629 **ACCUSATION**

Complainant alleges:

PARTIES

1. Kimberly Kirchmeyer (Complainant) brings this Accusation solely in her official capacity as the Executive Director of the Medical Board of California, Department of Consumer Affairs (Board).

2. On or about February 17, 2006, the Medical Board issued Physician's and Surgeon's Certificate Number A94122 to Scott Matthew Martin, M.D. (Respondent). The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought herein and will expire on January 31, 2018, unless renewed.

///

///

JURISDICTION

3. This Accusation is brought before the Medical Board of California (Board), Department of Consumer Affairs, under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

4. Section 2004 of the Code states:

"The board shall have the responsibility for the following:

"(a) The enforcement of the disciplinary and criminal provisions of the Medical Practice Act.

"(b) The administration and hearing of disciplinary actions.

"(c) Carrying out disciplinary actions appropriate to findings made by a panel or an administrative law judge.

"(d) Suspending, revoking, or otherwise limiting certificates after the conclusion of disciplinary actions.

"(e) Reviewing the quality of medical practice carried out by physician and surgeon certificate holders under the jurisdiction of the board.

"(f) Approving undergraduate and graduate medical education programs.

"(g) Approving clinical clerkship and special programs and hospitals for the programs in subdivision (f).

"(h) Issuing licenses and certificates under the board's jurisdiction.

"(i) Administering the board's continuing medical education program."

5. Section 2227 of the Code provides that a licensee who is found guilty under the Medical Practice Act may have his or her license revoked, suspended for a period not to exceed one year, placed on probation and required to pay the costs of probation monitoring, or such other action taken in relation to discipline as the board deems proper.

6. Section 2234 of the Code, states:

"The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

"(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the violation of, or conspiring to violate any provision of this chapter.

"(b) Gross negligence.

"(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or omissions. An initial negligent act or omission followed by a separate and distinct departure from the applicable standard of care shall constitute repeated negligent acts.

"(1) An initial negligent diagnosis followed by an act or omission medically appropriate for that negligent diagnosis of the patient shall constitute a single negligent act.

"(2) When the standard of care requires a change in the diagnosis, act, or omission that constitutes the negligent act described in paragraph (1), including, but not limited to, a reevaluation of the diagnosis or a change in treatment, and the licensee's conduct departs from the applicable standard of care, each departure constitutes a separate and distinct breach of the standard of care.

"(d) Incompetence.

"(e) The commission of any act involving dishonesty or corruption that is substantially related to the qualifications, functions, or duties of a physician and surgeon.

"(f) Any action or conduct which would have warranted the denial of a certificate.

"(g) The practice of medicine from this state into another state or country without meeting the legal requirements of that state or country for the practice of medicine. Section 2314 shall not apply to this subdivision. This subdivision shall become operative upon the implementation of the proposed registration program described in Section 2052.5.

"(h) The repeated failure by a certificate holder, in the absence of good cause, to attend and participate in an interview by the board. This subdivision shall only apply to a certificate holder who is the subject of an investigation by the board."

///

7. Section 2241 of the Code states:

"(a) A physician and surgeon may prescribe, dispense, or administer prescription drugs, including prescription controlled substances, to an addict under his or her treatment for a purpose other than maintenance on, or detoxification from, prescription drugs or controlled substances.

"(b) A physician and surgeon may prescribe, dispense, or administer prescription drugs or prescription controlled substances to an addict for purposes of maintenance on, or detoxification from, prescription drugs or controlled substances only as set forth in subdivision (c) or in Sections 11215, 11217, 11217.5, 11218, 11219, and 11220 of the Health and Safety Code. Nothing in this subdivision shall authorize a physician and surgeon to prescribe, dispense, or administer dangerous drugs or controlled substances to a person he or she knows or reasonably believes is using or will use the drugs or substances for a nonmedical purpose.

"(c) Notwithstanding subdivision (a), prescription drugs or controlled substances may also be administered or applied by a physician and surgeon, or by a registered nurse acting under his or her instruction and supervision, under the following circumstances:

"(1) Emergency treatment of a patient whose addiction is complicated by the presence of incurable disease, acute accident, illness, or injury, or the infirmities attendant upon age.

"(2) Treatment of addicts in state-licensed institutions where the patient is kept under restraint and control, or in city or county jails or state prisons.

"(3) Treatment of addicts as provided for by Section 11217.5 of the Health and Safety Code.

"(d)(1) For purposes of this section and Section 2241.5, "addict" means a person whose actions are characterized by craving in combination with one or more of the following:

"(A) Impaired control over drug use.

"(B) Compulsive use.

"(C) Continued use despite harm.

"(2) Notwithstanding paragraph (1), a person whose drug-seeking behavior is primarily due to the inadequate control of pain is not an addict within the meaning of this section or Section 2241.5."

8. Section 2242 of the Code states:

"(a) Prescribing, dispensing, or furnishing dangerous drugs as defined in Section 4022 without an appropriate prior examination and a medical indication, constitutes unprofessional conduct.

"(b) No licensee shall be found to have committed unprofessional conduct within the meaning of this section if, at the time the drugs were prescribed, dispensed, or furnished, any of the following applies:

"(1) The licensee was a designated physician and surgeon or podiatrist serving in the absence of the patient's physician and surgeon or podiatrist, as the case may be, and if the drugs were prescribed, dispensed, or furnished only as necessary to maintain the patient until the return of his or her practitioner, but in any case no longer than 72 hours.

"(2) The licensee transmitted the order for the drugs to a registered nurse or to a licensed vocational nurse in an inpatient facility, and if both of the following conditions exist:

"(A) The practitioner had consulted with the registered nurse or licensed vocational nurse who had reviewed the patient's records.

"(B) The practitioner was designated as the practitioner to serve in the absence of the patient's physician and surgeon or podiatrist, as the case may be.

"(3) The licensee was a designated practitioner serving in the absence of the patient's physician and surgeon or podiatrist, as the case may be, and was in possession of or had utilized the patient's records and ordered the renewal of a medically indicated prescription for an amount not exceeding the original prescription in strength or amount or for more than one refill.

"(4) The licensee was acting in accordance with Section 120582 of the Health and Safety Code."

9. Section 2266 of the Code states: AThe failure of a physician and surgeon to maintain adequate and accurate records relating to the provision of services to their patients constitutes unprofessional conduct."

///

///

10. Section 725 of the Code states:

"(a) Repeated acts of clearly excessive prescribing, furnishing, dispensing, or administering of drugs or treatment, repeated acts of clearly excessive use of diagnostic procedures, or repeated acts of clearly excessive use of diagnostic or treatment facilities as determined by the standard of the community of licensees is unprofessional conduct for a physician and surgeon, dentist, podiatrist, psychologist, physical therapist, chiropractor, optometrist, speech-language pathologist, or audiologist.

"(b) Any person who engages in repeated acts of clearly excessive prescribing or administering of drugs or treatment is guilty of a misdemeanor and shall be punished by a fine of not less than one hundred dollars ($100) nor more than six hundred dollars ($600), or by imprisonment for a term of not less than 60 days nor more than 180 days, or by both that fine and imprisonment.

"(c) A practitioner who has a medical basis for prescribing, furnishing, dispensing, or administering dangerous drugs or prescription controlled substances shall not be subject to disciplinary action or prosecution under this section.

"(d) No physician and surgeon shall be subject to disciplinary action pursuant to this section for treating intractable pain in compliance with Section 2241.5."

FIRST CAUSE FOR DISCIPLINE

(Gross Negligence- 3 Patients)

11. Respondent is subject to disciplinary action under section 2234, subdivision (b), of the Code for the commission of acts or omissions involving gross negligence in the care and treatment of patients B.S., B.G. and A.D.[1] The circumstances are as follows:

Patient B.S.

12. B.S. (or "patient") was a 29-year-old male who treated with respondent from approximately March 2011 to September 2014.[2] The patient's chief complaint was persistent

[1] The patients are identified by initials to protect their privacy.

[2] Specifically, progress notes from March 7, 2011 through September 12, 2014, for this patient were available for review. However, CURES reports indicate that respondent may have treated this patient earlier, back in 2010 continuing through 2015.

neck pain following cervical fusion, and he also had Type I Diabetes. Per CURES, respondent prescribed to the patient controlled substances, namely Oxycodone, Nucynta, Diazepam, and Fentanyl, all of which are controlled substances with a high potential for addiction.

13. Prescription records indicate that respondent was prescribing controlled substances to this patient at least as early as October 2010, but there are no medical records to document respondent's treatment of the patient until March 2011. There is a one-page "History & Physical Report" dated March 7, 2011, and despite being labeled the first report, this is not an initial evaluation. The note does not contain any detail concerning the nature and extent of the patient's pain, and there is only a limited past history and a limited physical examination. There is no differential diagnosis. Treatment goals are unclear. The medical record is incomplete in regards to determining how respondent evaluated this patient prior to prescribing controlled substances for pain treatment.

14. There are approximately 25 follow-up visits during the time frame from April 28, 2011 through December 23, 2014. The reports are notable for their redundancy and lack of new information. Much information is carried forward and repeated in note after note.[3] There is limited information regarding the nature and extent of the pain, the treatment goals are unclear, and the reasoning for varying dosages of the pain medication is unclear.

15. During the time frame from October 2010 through December 2012, the patient filled 30 prescriptions for Oxycodone from respondent in quantities varying from 90 to 180 with an average of every 27 days. Respondent prescribed the patient Oxycodone in an average daily dose of 150 mg during this time period. The patient filled 22 prescriptions for transdermal Fentanyl from respondent during this period. Respondent also prescribed the patient Valium, and starting on December 2011, respondent prescribed the patient Cymbalta, which is an

[3] For example, the July 21, 2011 note indicates that the patient looked fatigued and "had hypoglycemic episode today." The same information is repeated in the progress notes of September 8, 2011, November 1, 2011, December 15, 2011, January 10, 2012, March 13, 2012, May 3, 2012, June 27, 2012, September 19, 2012, November 13, 2012, January 2, 2014, January 30, 2014, April 24, 2014, and May 20, 2014. If the patient did have a hypoglycemic episode during this time span of nearly three years, there should be records indicating that respondent was contacting the patient's endocrinologist.

antidepressant that has potential benefit in the treatment of chronic pain. However, the treatment goals for these medications are unclear, and the rationale for the dose adjustments is also not adequately described in the medical record.

16. Respondent did not document the patient's pain intensity in his follow-up treatment notes until March 13, 2012, and the functional benefits of the medicinal treatments are also not well documented. Throughout several years of treatment, there was little mention of respondent having checked the patient's blood pressure, despite the patient having diabetes and was being treated with high dose opioid analgesic therapy plus Valium. There was no documentation of laboratory testing within the medical chart, and there was no evidence for kidney or liver function testing to see whether the patient might have organ impairment that might require adjustment in the dosages of the pain medicine being prescribed.

17. Some of the notes are internally inconsistent with respect to the dosages of the medications, and many of the notes are inconsistent in terms of the medication dosages listed in the note and what respondent wrote on the prescription. There was no pain management agreement in the medical record, and no evidence for urine drug testing.

18. Taken altogether, Respondent's treatment of B.S. represents an extreme departure from the standard of care.

Patient B.G.

19. B.G. (or "patient") was a 37-year-old male who treated with respondent from approximately April 2011 to July 2011.[4] The records from this time period show that respondent's treatment of this patient consisted of prescribing to the patient controlled substances, specifically Oxymorphone, Oxycodone, and Alprazolam on a recurring basis plus single prescriptions for Tapentadol and Morphine.[5]

[4] The patient may have treated with respondent longer than this time period. Specifically, the progress notes available for review shows visits on April 6, 2011, May 29, 2011, July 4, 2011, and July 27, 2011. CURES, however, show that the respondent last prescribed controlled substances (Oxymorphone, Oxycodone, and Alprazolam) to the patient on May 18, 2012. The patient also died of a drug overdose on or about May 30, 2012, due to the combined effects of multiple drugs.

[5] Per the coroner's report, the patient had history of heroin abuse/addiction and was abusing his medications and alcohol.

20. On the initial visit which occurred on April 6, 2011, respondent described the patient as having "chronic lumbar back pain" but failed to provide more details regarding the nature and extent of the pain and the impact of the pain upon the patient's functioning except to note "pain all the time."

21. There is limited documentation concerning previous pain treatment efforts apart from listing the patient's medications, which included two opioids (Opana ER and Oxycodone), a benzodiazepine (Xanax), and an antidepressant/pain medication (Amitriptyline). Respondent referenced that the patient had seen other physicians, but there is no indication that respondent checked CURES to see if the other physicians were still prescribing the patient controlled substances.

22. The physical examination is limited, and the initial examination contains inadequate documentation of the nature and extent of the patient's pain. Respondent's documentation of his review of the patient's electrodiagnostic studies were also inconsistent. Respondent prescribed to the patient highly-addictive controlled substances such as Opana, Nucynta, Alprazolam (Xanax), but there is no medical indication relative to the prescription of Alprazolam.[6] The treatment goals are unclear and not well-documented. There is inadequate discussion relative to informed consent and no discussion of potential side effects or warnings associated with the use of controlled substances.

23. The documentation is deficient in regard to follow-up of the patient, and do not address prescription monitoring of the controlled substances. There is no documentation of whether the patient had any side effects from the medications, and no documentation of a treatment plan. None of the reports mention anything about the patient's response to the medications or to refilling the medication for the patient. There are no medical records after the July 27, 2011 visit, even though respondent continued to prescribe this patient controlled

[6] Respondent said in a Board interview that he made an effort to taper the patient's medications at the first visit, reducing the patient's dose of Alprazolam and switching him from Oxycodone to Tapentadol. According to the initial visit note, respondent reduced the patient's dose of Alprazolam from 6 mg daily to 2 mg daily, which is a substantial reduction and placed the patient at risk for having withdrawal symptoms.

substances after this date.[7] There was no urine testing and no reference to CURES in the medical record to indicate that respondent made efforts to ensure that the patient was not abusing drugs.

24. Taken altogether, Respondent's treatment of B.G. represents an extreme departure from the standard of care.

Patient A.D.

25. A.D. (or "patient") was a 35-year-old female who treated with respondent from approximately June 2009 to September 2009 in relation to chronic low back pain. Respondent treated this patient with opioid analgesic medication and a series of three lumbar epidural steroid injections. Due to her persistent pain, respondent made adjustments in her opioid analgesics, ultimately prescribing the patient Fentanyl patches.[8]

26. Respondent's initial examination of the patient was very limited. Documentation of informed consent is inadequate. There is inadequate documentation regarding the patient's history pertaining to the use of alcohol and drugs. Throughout his treatment of this patient, respondent wrote her multiple prescriptions for controlled substances, but the medical record does not reflect the vast majority of these prescriptions.

27. Per the CURES report, the patient filled a prescription from respondent for Darvocet on July 11, 2009, but the medical chart contains no documentation regarding this prescription. The CURES report also shows the patient filled prescriptions from respondent for Hydrocodone/Acetaminophen on July 18, 2009, July 23, 2009, July 27, 2009, and August 18, 2009, but the medical chart contains no documentation regarding these prescriptions. The CURES report also indicates that the patient filled prescriptions from respondent for Alprazolam on July 25, 2009, July 26, 2009, August 17, 2009, and September 1, 2009, but the medical chart contains no documentation regarding these prescriptions. The medical indication for this drug is

[7] Respondent claims that there should be more records for this patient, but that he [respondent] did not have them because he sold his practice in 2014.

[8] The patient died of an accidental drug overdose on September 2, 2009, within a week of starting Fentanyl in combination with Hydrocodone and Alprazolam. Per the coroner's report, the patient, at her death, had a prescription for Fentanyl patches 25 mg quantity 15, dated August 28, 2009, with only three patches remaining, though this was intended to have been a 30-day supply. The patient also had a history of alcohol and prescription medication abuse.

also unclear, because Aprazolam is not even mentioned in the medical chart until after the patient died. On the August 11, 2009 office visit, there is no indication that respondent prescribed to the patient any medications, yet CURES shows that the patient filled a prescription for Oxycodone/Acetaminophen from respondent on said date.

28. The patient had also received a prescription for Lortab on August 3, 2009 from her primary care physician (PCP), but respondent stated that he had not made any contact with the PCP and that he [respondent] was unaware that the patient was getting Lortab from her PCP.[9] In regard to respondent's prescribing to the patient opioid analgesics, respondent failed to adequately document the patient's response to taking the medications. Respondent also failed to adequately document whether the patient had any side effects from the drugs, and he failed to adequately document the treatment goals for the patient.

29. Taken altogether, Respondent's treatment of A.D. represents an extreme departure from the standard of care.

SECOND CAUSE FOR DISCIPLINE

(Repeated Negligent Acts- 3 Patients)

30. Respondent is subject to disciplinary action under section 2234, subdivision (c), of the Code in that he committed repeated negligent acts in his care of patients B.S., B.G., and A.D. The circumstances are as follows:

31. The facts and circumstances alleged in the First Cause for Discipline above, are incorporated by reference as if set forth in full herein.

THIRD CAUSE FOR DISCIPLINE

(Prescribing Without Exam/Indication)

32. By reason of the facts and allegations set forth in the First Cause for Discipline above, Respondent is subject to disciplinary action under section 2242 of the Code, in that Respondent

[9] Respondent affirmed that he had a pain management agreement with this patient stipulating that she would only receive controlled substances from him, though respondent admitted that the agreement is not contained in the patient's file.

prescribed dangerous drugs to patients B.S., B.G., and A.D. without an appropriate prior examination or medical indication therefor.

FOURTH CAUSE FOR DISCIPLINE

(Excessive Prescribing)

33. By reason of the facts and allegations set forth in the First Cause for Discipline above, Respondent is subject to disciplinary action under section 725 of the Code, in that Respondent excessively prescribed dangerous drugs to patients B.S., B.G., and A.D.

FIFTH CAUSE FOR DISCIPLINE

(Inadequate Records)

34. By reason of the facts and allegations set forth in the First Cause for Discipline above, Respondent is subject to disciplinary action under section 2266 of the Code, in that Respondent failed to maintain adequate and accurate records of his care and treatment of patients B.S., B.G., and A.D.

SIXTH CAUSE FOR DISCIPLINE

(Prescribing to an Addict)

35. By reason of the facts and allegations set forth in the First Cause for Discipline above, Respondent is subject to disciplinary action under section 2241 of the Code in that Respondent prescribed controlled substances to patients B.S., B.G., and A.D., who had signs of addiction.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Medical Board of California issue a decision:

1. Revoking or suspending Physician's and Surgeon's Certificate Number A94122, issued to Scott Matthew Martin, M.D.;

2. Revoking, suspending or denying approval of Scott Matthew Martin, M.D.'s authority to supervise physician assistants, pursuant to section 3527 of the Code;

3. Ordering Scott Matthew Martin, M.D., if placed on probation, to pay the Board the costs of probation monitoring; and

///

4. Taking such other and further action as deemed necessary and proper.

MEDICAL BOARD OF CALIFORNIA
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: SCOTT MATTHEW MARTIN, M.D. 10 Isleworth Drive Henderson, NV 89052 Physician's and Surgeon's Certificate No. A94122, Respondent.	Case No. 04-2013-234629 OAH No. 2016110024 **STIPULATED SETTLEMENT AND DISCIPLINARY ORDER**

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Kimberly Kirchmeyer (Complainant) is the Executive Director of the Medical Board of California (Board). She brought this action solely in her official capacity and is represented in this matter by Xavier Becerra, Attorney General of the State of California, by Randall R. Murphy, Deputy Attorney General.

2. Respondent Scott Matthew Martin, M.D. (Respondent) is represented in this proceeding by attorney Michael J. Trotter, whose address is: 111 West Ocean Boulevard, 14th Floor, Long Beach, CA 90802.

3. On or about February 17, 2006, the Board issued Physician's and Surgeon's

Certificate No. A94122 to Scott Matthew Martin, M.D. (Respondent). That Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought in Accusation No. 04-2013-234629, and will expire on January 31, 2018, unless renewed.

JURISDICTION

4. Accusation No. 04-2013-234629 was filed before the Board, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on August 23, 2016. Respondent timely filed his Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 04-2013-234629 is attached as Exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 04-2013-234629. Respondent has also carefully read, fully discussed with counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

9. Respondent does not contest that, at an administrative hearing, complainant could establish a *prima facie* case with respect to the charges and allegations contained in Accusation No. 04-2013-234629 and that he has thereby subjected his license to disciplinary action.

10. Respondent agrees that if he ever petitions for early termination or modification of probation, or if the Board ever petitions for revocation of probation, all of the charges and allegations contained in Accusation No. 04-2013-234629 shall be deemed true, correct and fully admitted by respondent for purposes of that proceeding or any other licensing proceeding involving respondent in the State of California.

11. Respondent agrees that his Physician's and Surgeon's Certificate is subject to discipline and he agrees to be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

CONTINGENCY

12. This stipulation shall be subject to approval by the Medical Board of California. Respondent understands and agrees that counsel for Complainant and the staff of the Medical Board of California may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or his counsel. By signing the stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

13. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

14. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. A94122 issued to Respondent Scott Matthew Martin, M.D. is revoked. However, the revocation is stayed and

Respondent is placed on probation for three (3) years on the following terms and conditions.

1. EDUCATION COURSE. Within 60 calendar days of the effective date of this Decision, and on an annual basis thereafter, Respondent shall submit to the Board or its designee for its prior approval educational program(s) or course(s) which shall not be less than 40 hours per year, for each year of probation. The educational program(s) or course(s) shall be aimed at correcting any areas of deficient practice or knowledge and shall be Category I certified. The educational program(s) or course(s) shall be at Respondent's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure. Following the completion of each course, the Board or its designee may administer an examination to test Respondent's knowledge of the course. Respondent shall provide proof of attendance for 65 hours of CME of which 40 hours were in satisfaction of this condition.

2. PRESCRIBING PRACTICES COURSE. Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a course in prescribing practices approved in advance by the Board or its designee. Respondent shall provide the approved course provider with any information and documents that the approved course provider may deem pertinent. Respondent shall participate in and successfully complete the classroom component of the course not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully complete any other component of the course within one (1) year of enrollment. The prescribing practices course shall be at Respondent's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

A prescribing practices course taken after the acts that gave rise to the charges in the Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the course would have been approved by the Board or its designee had the course been taken after the effective date of this Decision.

Respondent shall submit a certification of successful completion to the Board or its designee not later than 15 calendar days after successfully completing the course, or not later than 15 calendar days after the effective date of the Decision, whichever is later.

3. MEDICAL RECORD KEEPING COURSE. Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a course in medical record keeping approved in advance by the Board or its designee. Respondent shall provide the approved course provider with any information and documents that the approved course provider may deem pertinent. Respondent shall participate in and successfully complete the classroom component of the course not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully complete any other component of the course within one (1) year of enrollment. The medical record keeping course shall be at Respondent's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

A medical record keeping course taken after the acts that gave rise to the charges in the Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the course would have been approved by the Board or its designee had the course been taken after the effective date of this Decision.

Respondent shall submit a certification of successful completion to the Board or its designee not later than 15 calendar days after successfully completing the course, or not later than 15 calendar days after the effective date of the Decision, whichever is later.

4. CLINICAL COMPETENCE ASSESSMENT PROGRAM. Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a clinical competence assessment program approved in advance by the Board or its designee. Respondent shall successfully complete the program not later than six (6) months after Respondent's initial enrollment unless the Board or its designee agrees in writing to an extension of that time.

The program shall consist of a comprehensive assessment of Respondent's physical and mental health and the six general domains of clinical competence as defined by the Accreditation Council on Graduate Medical Education and American Board of Medical Specialties pertaining to Respondent's current or intended area of practice. The program shall take into account data obtained from the pre-assessment, self-report forms and interview, and the Decision(s), Accusation(s), and any other information that the Board or its designee deems relevant. The

program shall require Respondent's on-site participation for a minimum of three (3) and no more than five (5) days as determined by the program for the assessment and clinical education evaluation. Respondent shall pay all expenses associated with the clinical competence assessment program.

At the end of the evaluation, the program will submit a report to the Board or its designee which unequivocally states whether the Respondent has demonstrated the ability to practice safely and independently. Based on Respondent's performance on the clinical competence assessment, the program will advise the Board or its designee of its recommendation(s) for the scope and length of any additional educational or clinical training, evaluation or treatment for any medical condition or psychological condition, or anything else affecting Respondent's practice of medicine. Respondent shall comply with the program's recommendations.

Determination as to whether Respondent successfully completed the clinical competence assessment program is solely within the program's jurisdiction.

If Respondent fails to enroll, participate in, or successfully complete the clinical competence assessment program within the designated time period, Respondent shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. The Respondent shall not resume the practice of medicine until enrollment or participation in the outstanding portions of the clinical competence assessment program have been completed. If the Respondent did not successfully complete the clinical competence assessment program, the Respondent shall not resume the practice of medicine until a final decision has been rendered on the accusation and/or a petition to revoke probation. The cessation of practice shall not apply to the reduction of the probationary time period.

Within 60 days after Respondent has successfully completed the clinical competence assessment program, Respondent shall participate in a professional enhancement program approved in advance by the Board or its designee, which shall include quarterly chart review, semi-annual practice assessment, and semi-annual review of professional growth and education. Respondent shall participate in the professional enhancement program at Respondent's expense during the term of probation, or until the Board or its designee determines that further

participation is no longer necessary.

5. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the Chief Executive Officer at every hospital where privileges or membership are extended to Respondent, at any other facility where Respondent engages in the practice of medicine, including all physician and locum tenens registries or other similar agencies, and to the Chief Executive Officer at every insurance carrier which extends malpractice insurance coverage to Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15 calendar days.

This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

6. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE NURSES. During probation, Respondent is prohibited from supervising physician assistants and advanced practice nurses.

7. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules governing the practice of medicine in California and remain in full compliance with any court ordered criminal probation, payments, and other orders.

8. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations under penalty of perjury on forms provided by the Board, stating whether there has been compliance with all the conditions of probation.

Respondent shall submit quarterly declarations not later than 10 calendar days after the end of the preceding quarter.

9. GENERAL PROBATION REQUIREMENTS.

Compliance with Probation Unit

Respondent shall comply with the Board's probation unit.

Address Changes

Respondent shall, at all times, keep the Board informed of Respondent's business and residence addresses, email address (if available), and telephone number. Changes of such addresses shall be immediately communicated in writing to the Board or its designee. Under no

circumstances shall a post office box serve as an address of record, except as allowed by Business and Professions Code section 2021(b).

Place of Practice

Respondent shall not engage in the practice of medicine in Respondent's or patient's place of residence, unless the patient resides in a skilled nursing facility or other similar licensed facility.

License Renewal

Respondent shall maintain a current and renewed California physician's and surgeon's license.

Travel or Residence Outside California

Respondent shall immediately inform the Board or its designee, in writing, of travel to any areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty (30) calendar days.

In the event Respondent should leave the State of California to reside or to practice, Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of departure and return. It is understood that Respondent is currently residing in Nevada at his address of record on file with the Board, and set forth in the caption of this Stipulated Settlement and Disciplinary Order.

10. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be available in person upon request for interviews either at Respondent's place of business or at the probation unit office, with or without prior notice throughout the term of probation.

11. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or its designee in writing within 15 calendar days of any periods of non-practice lasting more than 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is defined as any period of time Respondent is not practicing medicine as defined in Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as approved by the Board. If Respondent resides in California and is considered to be in non-practice, Respondent shall

comply with all terms and conditions of probation. All time spent in an intensive training program which has been approved by the Board or its designee shall not be considered non-practice and does not relieve Respondent from complying with all the terms and conditions of probation. Practicing medicine in another state of the United States or Federal jurisdiction while on probation with the medical licensing authority of that state or jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall not be considered as a period of non-practice.

In the event Respondent's period of non-practice while on probation exceeds 18 calendar months, Respondent shall successfully complete the Federation of State Medical Boards's Special Purpose Examination, or, at the Board's discretion, a clinical competence assessment program that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

Respondent's period of non-practice while on probation shall not exceed two (2) years.

Periods of non-practice will not apply to the reduction of the probationary term.

Periods of non-practice for a Respondent residing outside of California will relieve Respondent of the responsibility to comply with the probationary terms and conditions with the exception of this condition and the following terms and conditions of probation: Obey All Laws; General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or Controlled Substances; and Biological Fluid Testing.

12. COMPLETION OF PROBATION. Respondent shall comply with all financial obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the completion of probation. Upon successful completion of probation, Respondent's certificate shall be fully restored.

13. VIOLATION OF PROBATION. Failure to fully comply with any term or condition of probation is a violation of probation. If Respondent violates probation in any respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation, the

Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

14. LICENSE SURRENDER. Following the effective date of this Decision, if Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy the terms and conditions of probation, Respondent may request to surrender his or her license. The Board reserves the right to evaluate Respondent's request and to exercise its discretion in determining whether or not to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its designee and Respondent shall no longer practice medicine. Respondent will no longer be subject to the terms and conditions of probation. If Respondent re-applies for a medical license, the application shall be treated as a petition for reinstatement of a revoked certificate.

15. PROBATION MONITORING COSTS. Respondent shall pay the costs associated with probation monitoring each and every year of probation, as designated by the Board, which may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of California and delivered to the Board or its designee no later than January 31 of each calendar year.

ACCEPTANCE

I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully discussed it with my attorney, Michael J. Trotter. I understand the stipulation and the effect it will have on my Physician's and Surgeon's Certificate. I enter into this Stipulated Settlement and Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Medical Board of California.

DATED: _____

SCOTT MATTHEW MARTIN, M.D.
Respondent

I have read and fully discussed with Respondent SCOTT MATTHEW MARTIN, M.D. the terms and conditions and other matters contained in the above Stipulated Settlement and Disciplinary Order. I approve its form and content.

DATED: _____

In the Matter of Charges and Complaint Against SCOTT MATTHEW MARTIN, M.D., Respondent.	**Case No. 18-43110-1**

FILED
JUN - 4 2018
NEVADA STATE BOARD OF MEDICAL EXAMINERS
By:

SETTLEMENT AGREEMENT

The Investigative Committee (IC) of the Nevada State Board of Medical Examiners (Board), by and through Robert Kilroy, Esq., General Counsel for the Board and attorney for the IC, and Scott Matthew Martin, M.D. (Respondent), a licensed Physician in Nevada, hereby enter into this Settlement Agreement (Agreement) based on the following:[1]

A. Background

1. Respondent is a medical doctor currently licensed in active status by the Board pursuant to Chapter 630 of the Nevada Revised Statutes (NRS) and Chapter 630 of the Nevada Administrative Code (NAC) (collectively, the Medical Practice Act), to practice medicine in Nevada since December 29, 2014 (License No. 15671).

2. On May 14, 2018, in Case No. 18-43110-1, the IC filed a formal Complaint (Complaint) charging Respondent with violating the Medical Practice Act. Specifically, this Complaint alleges one (1) violation of NRS 630.301(3), disciplinary action taken by another state (Count I), and one (1) violation NRS 630.306(1)(k), failure by a licensee or applicant to report in writing,

[1] All agreements and admissions made by Respondent are solely for final disposition of this matter and any subsequent related administrative proceedings or civil litigation involving the Board and Respondent. Therefore, Respondent's agreements and admissions are not intended or made for any other use, such as in the context of another state or federal government regulatory agency proceeding, state or federal civil or criminal proceeding, any state or federal court proceeding, or any credentialing or privileges matter.

within 30 days, any disciplinary action taken against the licensee or applicant by another state.

3. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

4. Respondent was properly served with a copy of this Complaint, has reviewed and understands this Complaint, and has had the opportunity to consult with competent counsel concerning the nature and significance of this Complaint.

5. Respondent is hereby advised of his rights regarding this administrative matter, and of his opportunity to defend against the allegations in the Complaint. Specifically, Respondent has certain rights in this administrative matter as set out by the United States Constitution, the Nevada Constitution, the Medical Practice Act, the Nevada Open Meeting Law (OML), which is contained in NRS Chapter 241, and the Nevada Administrative Procedure Act (APA), which is contained in NRS Chapter 233B. These rights include the right to a formal hearing on the allegations in the Complaint, the right to representation by counsel, at his own expense, in the preparation and presentation of his defense, the right to confront and cross-examine the witnesses and evidence against him, the right to written findings of fact, conclusions of law and order reflecting the final decision of the Board, and the right to judicial review of the Board's order, if the decision is adverse to him.

6. Respondent understands that, under the Board's charge to protect the public by regulating the practice of medicine, the Board may take disciplinary action against Respondent's license, including license probation, license suspension, license revocation and imposition of administrative fines, as well as any other reasonable requirement or limitation, if the Board concludes that Respondent violated one or more provisions of the Medical Practice Act.

7. Respondent understands and agrees that this Agreement, by and between Respondent and the IC, is not with the Board, and that the IC will present this Agreement to the Board for consideration in open session at a duly noticed and scheduled meeting. Respondent understands that the IC shall advocate for the Board's approval of this Agreement, but that the Board has the right to decide in its own discretion whether or not to approve this Agreement. Respondent further understands and agrees that if the Board approves this Agreement, then the terms and conditions enumerated below shall be binding and enforceable upon him and the Board.

OFFICE OF THE GENERAL COUNSEL

B. Terms & Conditions

NOW, THEREFORE, in order to resolve the matters addressed herein, i.e., the matters with regard to the Complaint, Respondent and the IC hereby agree to the following terms and conditions:

1. **Jurisdiction**. Respondent is, and at all times relevant to the Complaint has been, a physician licensed to practice medicine in Nevada subject to the jurisdiction of the Board as set forth in the Medical Practice Act.

2. **Representation by Counsel/Knowing, Willing and Intelligent Agreement**. Respondent acknowledges he is represented by counsel, and wishes to resolve the matters addressed herein with counsel. Respondent agrees that if representation by counsel in this matter materially changes prior to entering into this Agreement and for the duration of this Agreement, that counsel for the IC will be timely notified of the material change. Respondent agrees that he knowingly, willingly and intelligently enters into this Agreement after full consultation with and the assistance of legal counsel.

3. **Waiver of Rights**. In connection with this Agreement, and the associated terms and conditions, Respondent knowingly, willingly and intelligently waives all rights in connection with this administrative matter. Respondent hereby knowingly, willingly and intelligently waives all rights arising under the United States Constitution, the Nevada Constitution, the Medical Practice Act, the OML, the APA, and any other legal rights that may be available to him or that may apply to him in connection with the administrative proceedings resulting from the Complaint filed in this matter, including defense of the Complaint, adjudication of the allegations set forth in the Complaint, and imposition of any disciplinary actions or sanctions ordered by the Board. Respondent agrees to settle and resolve the allegations of the Complaint as set out by this Agreement, without a hearing or any further proceedings and without the right to judicial review.

4. **Acknowledgement of Reasonable Basis to Proceed**. Respondent acknowledges that the IC believes it has a reasonable basis to allege that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. The Board acknowledges Respondent is not admitting that the Board's claims/counts as alleged in the Complaint have merit.

Respondent is agreeing to resolve this matter to avoid the costs of hearing and potential subsequent litigation. Respondent asserts if this matter were to proceed to hearing, he has evidence, witnesses, expert witness(es) and defenses to the counts/claims alleged in the Complaint, but for the purposes of resolving the matter and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses in order to effectuate this Agreement.

5. **Consent to Entry of Order**. In order to resolve this Complaint pending against Respondent, Respondent hereby agrees that the Board may issue an order finding that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. Accordingly, the following terms and conditions are hereby agreed upon:

a. Respondent admits to Count I of the Complaint.

b. Respondent will pay the costs and expenses incurred in the investigation and prosecution of the above-referenced matter within sixty (60) days of the Board's acceptance, adoption and approval of this Agreement, the current amount being $490.35, not including any costs that may be necessary to finalize this Agreement.

c. For Count I, Respondent shall pay a fine of $1000.00 within sixty (60) days of the Board's acceptance, adoption and approval of this Agreement.

d. Respondent's license to practice medicine in Nevada shall be placed on probation until November 17, 2020 at the soonest. Thereafter, the probation shall remain in effect until (1) Respondent provides proof of satisfaction of all the terms and conditions imposed on him by that certain Stipulated Settlement and Disciplinary Order filed on or about October 20, 2017, by the California Medical Board in Case No. 04-2013-234629, OAH No. 2016110024 (Settlement and Order), which Settlement and Order is specifically incorporated herein by this reference and which terms and conditions are likewise made the Order of the Board by this Agreement, and (2) the California Medical Board fully releases Respondent from probation, whichever comes later.

e. This Agreement shall be reported to the appropriate entities and parties as required by law, including, but not limited to, the National Practitioner Data Bank.

f. Respondent shall receive a Public Letter of Reprimand.

OFFICE OF THE GENERAL COUNSEL
Nevada State Board of Medical Examiners
9600 Gateway Drive
Reno, Nevada 89521
(775) 688-2559

g. The other count of the Complaint shall be dismissed with prejudice, and this Agreement shall encompass the resolution of the formal disciplinary case currently before the Board.

6. **Release From Liability**. In execution of this Agreement, Respondent understands and agrees that the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents are immune from civil liability for any decision or action taken in good faith in response to information acquired by the Board. NRS 630.364(2)(a). Respondent agrees to release the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents from any and all manner of actions, causes of action, suits, debts, judgments, executions, claims and demands whatsoever, known and unknown, in law or equity, that Respondent ever had, now has, may have or claim to have, against any or all of the persons, government agencies or entities named in this paragraph arising out of, or by reason of, this investigation, this Agreement or the administration of the case referenced herein.

7. **Procedure for Adoption of Agreement**. The IC and counsel for the IC shall recommend approval and adoption of the terms and conditions of this Agreement by the Board in resolution of this Complaint. In the course of seeking Board acceptance, approval and adoption of this Agreement, counsel for the IC may communicate directly with the Board staff and the adjudicating members of the Board.

Respondent acknowledges that such contacts and communications may be made or conducted ex parte, without notice or opportunity to be heard on his part until the public Board meeting where this Agreement is discussed, and that such contacts and communications may include, but may not be limited to, matters concerning this Agreement, the Complaint and any and all information of every nature whatsoever related to this matter. The IC and its counsel agree that Respondent may appear at the Board meeting where this Agreement is discussed and, if requested, respond to any questions that may be addressed to the IC or the IC's counsel.

8. **Effect of Acceptance of Agreement by Board**. In the event the Board accepts, approves and adopts this Agreement, the Board shall issue a final order, making this Agreement an

OFFICE OF THE GENERAL COUNSEL
Nevada State Board of Medical Examiners
9600 Gateway Drive
Reno, Nevada 89521
(775) 688-2559

order of the Board, and, pending full compliance with the terms herein, the case shall be closed and the remaining counts of the Complaint shall be dismissed with prejudice.

9. Effect of Rejection of Agreement by Board. In the event the Board does not accept, approve and adopt this Agreement, this Agreement shall be null, void and of no force and effect except as to the following agreement regarding adjudications: (1) Respondent agrees that, notwithstanding rejection of this Agreement by the Board, nothing contained in this Agreement and nothing that occurs pursuant to efforts of the IC to seek the Board's acceptance of this Agreement shall disqualify any member of the adjudicating panel of the Board from considering this Complaint and from participating in disciplinary proceedings against Respondent, including adjudication of this case; and (2) Respondent further agrees that he shall not seek to disqualify any such member absent evidence of bad faith.

10. Binding Effect. If approved by the Board, Respondent understands that this Agreement is a binding and enforceable contract upon Respondent and the Board.

11. Forum Selection Clause. The parties agree that in the event either party is required to seek enforcement of this Agreement in district court, the parties consent to such jurisdiction and agree that exclusive jurisdiction shall be in the Second Judicial District Court, State of Nevada, Washoe County.

12. Attorneys' Fees and Costs. The parties agree that in the event an action is commenced in district court to enforce any provision of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs.

13. Failure to Comply with Terms. Should Respondent fail to comply with any term or condition of this Agreement once the Agreement has been accepted, approved and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order To Show Cause Hearing, which will be duly noticed. Failure to comply with the terms of this Agreement, including failure to pay any fines, costs, expenses or fees owed to the Board, is a failure to comply with an order of the Board, which may result in additional disciplinary action being taken against Respondent. NRS 630.3065(2)(a). Further, Respondent's failure to remit payment to the Board for monies agreed to be paid as a

In the Matter of Charges and Complaint Against SCOTT MATTHEW MARTIN, M.D., Respondent.	**Case No. 18-43110-1**

SETTLEMENT AGREEMENT

The Investigative Committee (IC) of the Nevada State Board of Medical Examiners (Board), by and through Robert Kilroy, Esq., General Counsel for the Board and attorney for the IC, and Scott Matthew Martin, M.D. (Respondent), a licensed Physician in Nevada, hereby enter into this Settlement Agreement (Agreement) based on the following:[1]

A. Background

1. Respondent is a medical doctor currently licensed in active status by the Board pursuant to Chapter 630 of the Nevada Revised Statutes (NRS) and Chapter 630 of the Nevada Administrative Code (NAC) (collectively, the Medical Practice Act), to practice medicine in Nevada since December 29, 2014 (License No. 15671).

2. On May ____, 2018, in Case No. 18-43110-1, the IC filed a formal Complaint (Complaint) charging Respondent with violating the Medical Practice Act. Specifically, this Complaint alleges one (1) violation of NRS 630.301(3), disciplinary action taken by another state (Count I), and one (1) violation NRS 630.306(1)(k), failure by a licensee or applicant to report in writing,

[1] All agreements and admissions made by Respondent are solely for final disposition of this matter and any subsequent related administrative proceedings or civil litigation involving the Board and Respondent. Therefore, Respondent's agreements and admissions are not intended or made for any other use, such as in the context of another state or federal government regulatory agency proceeding, state or federal civil or criminal proceeding, any state or federal court proceeding, or any credentialing or privileges matter.

within 30 days, any disciplinary action taken against the licensee or applicant by another state.

3. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

4. Respondent was properly served with a copy of this Complaint, has reviewed and understands this Complaint, and has had the opportunity to consult with competent counsel concerning the nature and significance of this Complaint.

5. Respondent is hereby advised of his rights regarding this administrative matter, and of his opportunity to defend against the allegations in the Complaint. Specifically, Respondent has certain rights in this administrative matter as set out by the United States Constitution, the Nevada Constitution, the Medical Practice Act, the Nevada Open Meeting Law (OML), which is contained in NRS Chapter 241, and the Nevada Administrative Procedure Act (APA), which is contained in NRS Chapter 233B. These rights include the right to a formal hearing on the allegations in the Complaint, the right to representation by counsel, at his own expense, in the preparation and presentation of his defense, the right to confront and cross-examine the witnesses and evidence against him, the right to written findings of fact, conclusions of law and order reflecting the final decision of the Board, and the right to judicial review of the Board's order, if the decision is adverse to him.

6. Respondent understands that, under the Board's charge to protect the public by regulating the practice of medicine, the Board may take disciplinary action against Respondent's license, including license probation, license suspension, license revocation and imposition of administrative fines, as well as any other reasonable requirement or limitation, if the Board concludes that Respondent violated one or more provisions of the Medical Practice Act.

7. Respondent understands and agrees that this Agreement, by and between Respondent and the IC, is not with the Board, and that the IC will present this Agreement to the Board for consideration in open session at a duly noticed and scheduled meeting. Respondent understands that the IC shall advocate for the Board's approval of this Agreement, but that the Board has the right to decide in its own discretion whether or not to approve this Agreement. Respondent further understands and agrees that if the Board approves this Agreement, then the terms and conditions enumerated below shall be binding and enforceable upon him and the Board.

OFFICE OF THE GENERAL COUNSEL
Nevada State Board of Medical Examiners

B. Terms & Conditions

NOW, THEREFORE, in order to resolve the matters addressed herein, i.e., the matters with regard to the Complaint, Respondent and the IC hereby agree to the following terms and conditions:

1. **Jurisdiction**. Respondent is, and at all times relevant to the Complaint has been, a physician licensed to practice medicine in Nevada subject to the jurisdiction of the Board as set forth in the Medical Practice Act.

2. **Representation by Counsel/Knowing, Willing and Intelligent Agreement**. Respondent acknowledges he is represented by counsel, and wishes to resolve the matters addressed herein with counsel. Respondent agrees that if representation by counsel in this matter materially changes prior to entering into this Agreement and for the duration of this Agreement, that counsel for the IC will be timely notified of the material change. Respondent agrees that he knowingly, willingly and intelligently enters into this Agreement after full consultation with and the assistance of legal counsel.

3. **Waiver of Rights**. In connection with this Agreement, and the associated terms and conditions, Respondent knowingly, willingly and intelligently waives all rights in connection with this administrative matter. Respondent hereby knowingly, willingly and intelligently waives all rights arising under the United States Constitution, the Nevada Constitution, the Medical Practice Act, the OML, the APA, and any other legal rights that may be available to him or that may apply to him in connection with the administrative proceedings resulting from the Complaint filed in this matter, including defense of the Complaint, adjudication of the allegations set forth in the Complaint, and imposition of any disciplinary actions or sanctions ordered by the Board. Respondent agrees to settle and resolve the allegations of the Complaint as set out by this Agreement, without a hearing or any further proceedings and without the right to judicial review.

4. **Acknowledgement of Reasonable Basis to Proceed**. Respondent acknowledges that the IC believes it has a reasonable basis to allege that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. The Board acknowledges Respondent is not admitting that the Board's claims/counts as alleged in the Complaint have merit.

OFFICE OF THE GENERAL COUNSEL
Nevada State Board of Medical Examiners

Respondent is agreeing to resolve this matter to avoid the costs of hearing and potential subsequent litigation. Respondent asserts if this matter were to proceed to hearing, he has evidence, witnesses, expert witness(es) and defenses to the counts/claims alleged in the Complaint, but for the purposes of resolving the matter and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses in order to effectuate this Agreement.

5. **Consent to Entry of Order**. In order to resolve this Complaint pending against Respondent, Respondent hereby agrees that the Board may issue an order finding that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. Accordingly, the following terms and conditions are hereby agreed upon:

a. Respondent admits to Count I of the Complaint.

b. Respondent will pay the costs and expenses incurred in the investigation and prosecution of the above-referenced matter within sixty (60) days of the Board's acceptance, adoption and approval of this Agreement, the current amount being $490.35, not including any costs that may be necessary to finalize this Agreement.

c. For Count I, Respondent shall pay a fine of $1000.00 within sixty (60) days of the Board's acceptance, adoption and approval of this Agreement.

d. Respondent's license to practice medicine in Nevada shall be placed on probation until November 17, 2020 at the soonest. Thereafter, the probation shall remain in effect until (1) Respondent provides proof of satisfaction of all the terms and conditions imposed on him by that certain Stipulated Settlement and Disciplinary Order filed on or about October 20, 2017, by the California Medical Board in Case No. 04-2013-234629, OAH No. 2016110024 (Settlement and Order), which Settlement and Order is specifically incorporated herein by this reference and which terms and conditions are likewise made the Order of the Board by this Agreement, and (2) the California Medical Board fully releases Respondent from probation, whichever comes later.

e. This Agreement shall be reported to the appropriate entities and parties as required by law, including, but not limited to, the National Practitioner Data Bank.

f. Respondent shall receive a Public Letter of Reprimand.

OFFICE OF THE GENERAL COUNSEL

Reno, Nevada 89521
(775) 688-2559

g. The other count of the Complaint shall be dismissed with prejudice, and this Agreement shall encompass the resolution of the formal disciplinary case currently before the Board.

6. Release From Liability. In execution of this Agreement, Respondent understands and agrees that the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents are immune from civil liability for any decision or action taken in good faith in response to information acquired by the Board. NRS 630.364(2)(a). Respondent agrees to release the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents from any and all manner of actions, causes of action, suits, debts, judgments, executions, claims and demands whatsoever, known and unknown, in law or equity, that Respondent ever had, now has, may have or claim to have, against any or all of the persons, government agencies or entities named in this paragraph arising out of, or by reason of, this investigation, this Agreement or the administration of the case referenced herein.

7. Procedure for Adoption of Agreement. The IC and counsel for the IC shall recommend approval and adoption of the terms and conditions of this Agreement by the Board in resolution of this Complaint. In the course of seeking Board acceptance, approval and adoption of this Agreement, counsel for the IC may communicate directly with the Board staff and the adjudicating members of the Board.

Respondent acknowledges that such contacts and communications may be made or conducted ex parte, without notice or opportunity to be heard on his part until the public Board meeting where this Agreement is discussed, and that such contacts and communications may include, but may not be limited to, matters concerning this Agreement, the Complaint and any and all information of every nature whatsoever related to this matter. The IC and its counsel agree that Respondent may appear at the Board meeting where this Agreement is discussed and, if requested, respond to any questions that may be addressed to the IC or the IC's counsel.

8. Effect of Acceptance of Agreement by Board. In the event the Board accepts, approves and adopts this Agreement, the Board shall issue a final order, making this Agreement an

OFFICE OF THE GENERAL COUNSEL

Reno, Nevada 89521
(775) 688-2559

order of the Board, and, pending full compliance with the terms herein, the case shall be closed and the remaining counts of the Complaint shall be dismissed with prejudice.

9. Effect of Rejection of Agreement by Board. In the event the Board does not accept, approve and adopt this Agreement, this Agreement shall be null, void and of no force and effect except as to the following agreement regarding adjudications: (1) Respondent agrees that, notwithstanding rejection of this Agreement by the Board, nothing contained in this Agreement and nothing that occurs pursuant to efforts of the IC to seek the Board's acceptance of this Agreement shall disqualify any member of the adjudicating panel of the Board from considering this Complaint and from participating in disciplinary proceedings against Respondent, including adjudication of this case; and (2) Respondent further agrees that he shall not seek to disqualify any such member absent evidence of bad faith.

10. Binding Effect. If approved by the Board, Respondent understands that this Agreement is a binding and enforceable contract upon Respondent and the Board.

11. Forum Selection Clause. The parties agree that in the event either party is required to seek enforcement of this Agreement in district court, the parties consent to such jurisdiction and agree that exclusive jurisdiction shall be in the Second Judicial District Court, State of Nevada, Washoe County.

12. Attorneys' Fees and Costs. The parties agree that in the event an action is commenced in district court to enforce any provision of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs.

13. Failure to Comply with Terms. Should Respondent fail to comply with any term or condition of this Agreement once the Agreement has been accepted, approved and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order To Show Cause Hearing, which will be duly noticed. Failure to comply with the terms of this Agreement, including failure to pay any fines, costs, expenses or fees owed to the Board, is a failure to comply with an order of the Board, which may result in additional disciplinary action being taken against Respondent. NRS 630.3065(2)(a). Further, Respondent's failure to remit payment to the Board for monies agreed to be paid as a

COMPLAINT

The Investigative Committee[1] (IC) of the Nevada State Board of Medical Examiners, hereby issues this formal Complaint against Scott Matthew Martin, M.D. (hereinafter referred to as Respondent), a licensed physician in Nevada. After investigating this matter, the IC has a reasonable basis to believe that Respondent has violated provisions of Nevada Revised Statutes (NRS) Chapter 630 and Nevada Administrative Code (NAC) Chapter 630 (collectively, the Medical Practice Act).

The IC alleges the following facts:

1. Respondent is currently licensed in active status (License No. 15671). Respondent was issued his license from the Nevada State Board of Medical Examiners on December 29, 2014, pursuant to the provisions of NRS Chapter 630.

2. On or about October 20, 2017, the Medical Board of California filed a Stipulated Settlement and Disciplinary Order in Case No. 04-2013-234629, OAH No. 2016110024 (Settlement and Order), which became effective November 17, 2018. In said case, Respondent was accused under California law of Gross Negligence, Repeated Negligent Acts, Prescribing Without Exam or Indication, Excessive Prescribing, Inadequate Records, and Prescribing to an Addict. Pursuant to the Settlement and Order, Respondent was disciplined as follows: (1) his

[1] The Investigative Committee of the Nevada State Board of Medical Examiners, at the time the filing of this Complaint was approved, was composed of Wayne Hardwick, M.D., Mr. M. Neil Duxbury, and Aury Nagy, M.D.

California medical license was revoked, with such revocation stayed, and with Respondent placed on probation for three (3) years pending the fulfillment of certain conditions.

3. Respondent did not timely report the Settlement and Order to the Nevada State Board of Medical Examiners.

Count I

(NRS 630.301(3))

4. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

5. NRS 630.301(3) provides that any disciplinary action, including the revocation, suspension, modification or limitation of a license to practice any type of medicine, taken by another state, is grounds for initiating disciplinary action against a licensee.

6. On or about October 20, 2017, the Medical Board of California filed the Settlement and Order, which became effective November 17, 2018.

7. The Settlement and Order was a disciplinary action taken by another state.

8. By reason of the foregoing, Respondent is subject to discipline by the Nevada State Board of Medical Examiners as provided in NRS 630.352.

Count II

(NRS 630.306(1)(k))

9. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

10. NRS 630.306(1)(k) provides that failure by a licensee or applicant to report in writing, within 30 days, any disciplinary action taken against the licensee or applicant by another state, the Federal Government or a foreign country, including, without limitation, the revocation, suspension or surrender of a license to practice medicine in another jurisdiction, is grounds for initiating disciplinary action.

11. Respondent was disciplined by the Medical Board of California as described above.

12. Respondent failed to timely report the disciplinary action taken by the Medical Board of California.

OFFICE OF THE GENERAL COUNSEL
Nevada State Board of Medical Examiners
9600 Gateway Drive
Reno, Nevada 89521
(775) 688-2559

13. Accordingly, Respondent has violated NRS 630.306(1)(k).

14. By reason of the foregoing, Respondent is subject to discipline by the Nevada State Board of Medical Examiners as provided in NRS 630.352.

WHEREFORE, the Investigative Committee prays:

1. That the Nevada State Board of Medical Examiners give Respondent notice of the charges herein against him and give him notice that he may file an answer to the Complaint herein as set forth in NRS 630.339(2) within twenty (20) days of service of the Complaint;

2. That the Nevada State Board of Medical Examiners set a time and place for a formal hearing after holding an Early Case Conference pursuant to NRS 630.339(3);

3. That the Nevada State Board of Medical Examiners determine what sanctions to impose if it determines there has been a violation or violations of the Medical Practice Act committed by Respondent;

4. That the Nevada State Board of Medical Examiners make, issue and serve on Respondent its findings of fact, conclusions of law and order, in writing, that includes the sanctions imposed; and

5. That the Nevada State Board of Medical Examiners take such other and further action as may be just and proper in these premises.

DATED this 14 day of May, 2018.

NEVADA STATE BOARD OF PHARMACY

985 Damonte Ranch Parkway, Suite 206 - Reno, NV 89521 - (775) 850-1440

PHARMACIST - CONTROLLED SUBSTANCE REGISTRATION APPLICATION

Non-Refundable $200 fee

Rev (02/27/2024)

This application cannot be returned by fax or email. An original signature and fee are required to process.

NRS 453.232 A person who dispenses, prescribes, or administers a controlled substance without being registered by the Nevada State Board of Pharmacy (Board) is guilty of a CATEGORY D FELONY and shall be punished as provided in NRS 193.130.

Medication-assisted treatment – means treatment for an opioid use disorder using medication approved by the United States Food and Drug Administration for that purpose.

Please COMPLETE in SEQUENTIAL ORDER the following to obtain a controlled substance registration. Approval of this application and issuance of a controlled substance registration authorizes the applicant to assess a patient to determine whether the patient has an opioid use disorder, and if medication-assisted treatment would be appropriate for the patient, prescribe controlled substances or dangerous drugs for medication-assisted treatment. Failure to complete all the requirements could result in disciplinary action.

Step 1: Obtain your Nevada Prescription Monitoring Program (PMP) account

A. Visit nevada.pmpaware.net, click “Create an Account”, and follow the instructions on the webpage to complete your registration. For assistance contact the PMP at 775-687-5694 or pmp@pharmacy.nv.gov.
B. If your PMP registration is approved, you will receive an automated email confirmation from "No Reply PMP Aware". It is a system-generated email so it may go into your spam or junk file. Once you receive this email proceed to **Step 2**.

Step 2: Submit your Controlled Substance (CS) Application

A. Complete and mail the application that is **attached** to these instructions to the address indicated above with the required **non-refundable fee** of **$200.00**. Fees can be paid for by credit card, debit card, personal check, cashier’s check, or money order made payable to the **Nevada State Board of Pharmacy**. Credit and debit card payments are charged a **5% processing fee**.
B. If your application is approved, you will receive an email with your CS registration. Proceed to **Step 3**.

Step 3: Obtain your Drug Enforcement Administration (DEA) Registration

NOTE: An active CS registration is required to complete this application.

A. Complete the on-line DEA application at deadiversion.usdoj.gov. If you have a DEA number from another state, and want to transfer that DEA number to Nevada, you will need to complete the DEA Registration Change Requests form.
B. If your application or form is approved by the DEA, you will receive your DEA certificate in the mail.
C. You **MUST** email (pharmacylicensing@pharmacy.nv.gov) or fax (775-850-1444) a copy of your DEA certificate to the Board.

You are NOT AUTHORIZED to prescribe controlled substances or dangerous drugs unless you have an active PMP account, an active CS registration, AND an active DEA registration (in which a copy of the certificate has been provided to the Board).

A CS registration expires OCTOBER 31, OF EVEN NUMBERED YEARS, despite when the registration is issued. You MUST notify the Board in writing of any changes to the location of your practice. NAC 453.280.

Provide explanation below:

_____ _____

Original Signature (electronic, copies or stamps not accepted) Date

Section 6: Acknowledgement and Attestation

I _____ (your name) attest that I have read, understand, and agree to the following **(initial each statement below to indicate you have read, understand, and agree with the following):**

_____ I understand that I am not authorized to prescribe any dangerous drugs or controlled substances for medication-assisted treatment unless I have an active PMP account, an active CS registration, AND an active DEA registration (in which a copy of the certificate has been provided to the Board).

_____ I understand that by obtaining a CS registration to prescribe dangerous drugs and controlled substances for medication-assisted treatment, I now fall under the definition of "practitioner" in NRS 453.126, NRS 639.0125, and NRS 454.00958 and must comply with all the statutes and regulations pertaining to the prescribing of dangerous drugs and controlled substances for a "practitioner" in NRS 639, NRS 453, NRS 454, NAC 639, NAC 453, and NAC 454, inclusive.

_____ I understand that, if I am granted a CS registration, I am not authorized to prescribe any dangerous drugs or controlled substances that are not approved by the United States Food and Drug administration for the treatment of opioid use disorder.

_____ I understand that, if I am granted a CS registration, I am only permitted to ***prescribe*** controlled substances and dangerous drugs for medication-assisted treatment, and I am ***NOT permitted*** to ***dispense or administer*** controlled substances and dangerous drugs for medication-assisted treatment.

I understand that, if I am granted a CS registration, before counseling and providing information to a patient concerning evidence-based treatment for opioid use disorders, including, without limitation, medication-assisted treatment; and prescribing a drug for medication-assisted treatment, I must:

1. Assess the patient to determine whether:
    a. The patient has an opioid use disorder; and
    b. Medication-assisted treatment would be appropriate for the patient

_____ 2. Document the assessment in the record of the patient.

I understand that, if I am granted a CS registration, before I offer medication-assisted treatment to a patient, I shall establish a documented treatment plan tailored to the needs of the patient. The documented treatment plan must include, without limitation:

1. A procedure for evaluating the progress or success of the treatment with stated objectives, including, without limitation, improved physical or psychosocial function; and
2. Consideration of pertinent medical history, previous medical records and physical examination and the need for further testing, consultations, referrals, or the use of other treatment modalities.

_____ I further understand that I may only provide medication-assisted treatment in accordance with the documented treatment plan established.

I understand that, if I am granted a CS registration, and provide medication-assisted treatment to a patient, I shall document and conduct periodic reviews of the care of the patient. The periodic reviews must be conducted at reasonable intervals in consideration of the individual circumstances of the patient and include, without limitation:

1. Consideration of the individual circumstances of the patient;
2. Any progress in reaching the objectives of the treatment; and
3. Consideration of the treatment prescribed, ordered, or administered, as well as any new information about the etiology of the opioid use disorder of the patient.

_____

_____ I understand that, if I am granted a CS registration, and provide medication-assisted treatment to a patient, I shall maintain complete and accurate records of the medication-assisted treatment provided to a patient, including, without limitation, any records required pursuant to chapter 639 of NRS and the regulations adopted pursuant thereto. I must make all records maintained available for review upon request of the Board.

_____ I attest I have completed the federally required training to prescribe controlled substances and dangerous drugs for medication-assisted treatment.

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Nevada Pharmacists Workplace and Patient Safety Survey

In 2023, patient safety as it relates to workplace conditions in licensed pharmacies grew to be a primary concern of the Nevada State Board of Pharmacy (Board).

To examine workplace factors and conditions that may be affecting accurate and timely pharmaceutical care, the Board created a 61-question survey known as the **Nevada Pharmacists Workplace and Patient Safety Survey**. The survey was distributed to 2,761 Nevada licensed pharmacists on November 17, 2023, and responses were collected through December 31, 2023. Responses to the survey were optional. Of the 2,761 surveys distributed, the Board received 945 responses. After removing responses not linked to a Nevada pharmacist license number and duplicated responses from the same licensee, 824 responses (30% of surveys distributed) were included in the results of this report.

Survey Questions

Nevada Pharmacists Workplace and Patient Safety Survey

ATTENTION PHARMACISTS

The Nevada State Board of Pharmacy (Board) is concerned about patient safety as it relates to workplace conditions in licensed pharmacies. We are seeking to better understand the safety concerns.

The Board is requesting that you complete the following survey. Your responses will allow the Board to examine workplace factors and conditions that may be affecting accurate and timely pharmaceutical care. Your response to this survey is extremely important and is completely anonymous. Only aggregated, non-identifiable data from the report will be made available to the public. Your responses can change the practice of pharmacy and will directly guide the Board in what new regulations will need to be promulgated to protect and improve patient care. The survey should only take a few minutes to complete. We appreciate your participation.

1. Provide your pharmacist license number. Your responses will not be calculated into the results of the survey if your license number is not provided. Your license number will be used strictly as a means of (1) limiting the population of survey participants to Nevada-registered pharmacists and (2) excluding duplicate surveys. It will not be used to correlate individual responses with an identifiable survey participant. _____

2. How many years have you been in the practice of pharmacy?
    a. 0-10 years
    b. 11-20 years
    c. 21-30 years
    d. 30+ years

3. Which of the following most closely describes your primary practice setting?
    a. Institutional/Hospital Pharmacy
    b. Retail Chain Pharmacy
    c. Independent Pharmacy
    d. Department of Defense or Veterans Affairs Pharmacy
    e. Non-pharmacy practice setting (i.e., a practitioner's office, at home, at a college or university, etc.)
    f. Consultant Pharmacist
    g. None of the above. I am currently unemployed or retired.

4. Are you the owner of the pharmacy where you primarily practice?
    a. Yes
    b. No

5. What is your employment status?
    a. Full-time
    b. Part-time
    c. As needed (PRN)
    d. Unemployed
    e. Retired
    f. Not currently practicing due to my choice

6. How many hours per week do you work at your primary practice setting (please include paid and unpaid hours)?
    a. >60 hours
    b. 51-60 hours
    c. 41-50 hours
    d. 31-40 hours
    e. 20-30 hours
    f. <20 hours
    g. Not applicable

7. To keep up with work related tasks, how often do you continue working after your scheduled/paid shift hours have been completed?
    a. Always
    b. Usually
    c. Sometimes
    d. Rarely
    e. Never
    f. Not applicable

8. What is your role at your primary practice setting?
    a. Pharmacist-in-charge (PIC)
    b. Staff Pharmacist
    c. Consultant Pharmacist
    d. Floater
    e. Not applicable

9. If you are the designated PIC, do you feel you have sufficient autonomy and power to fulfill your duties as the PIC?
    a. Yes
    b. No
    c. Not applicable

10. How long is a typical work shift at your primary practice setting?
    a. < 8 hours
    b. 8 hours
    c. 10 hours
    d. 12 hours
    e. > 12 hours
    f. It varies
    g. Not applicable

11. Which of the following most closely describes the shift you work at your primary practice setting?
    a. First Shift (Begins and ends around 7-9 AM to 4-5 PM)
    b. Second Shift (Begins and ends around 11 AM to 7 PM or 3 PM to 10 PM)
    c. Third Shift (Begins and ends around 10 PM or 12 AM to 7-9 AM)
    d. Rotating shifts
    e. Not applicable

12. Provide the number of pharmacists that work during your shift?
    a. 1
    b. 2

c. 3
d. 4
e. 5
f. >5
g. Not applicable

13. Provide the number of interns that work during your shift?
    a. 0
    b. 1
    c. 2
    d. 3
    e. 4
    f. 5
    g. >5
    h. Not applicable

14. Provide the number of pharmaceutical technicians and pharmaceutical technicians in training that work during your shift?
    a. 0
    b. 1
    c. 2
    d. 3
    e. 4
    f. 5
    g. 6
    h. 7
    i. 8
    j. 9
    k. 10
    l. >10
    m. Not applicable

15. Provide the number of clerks/cashiers that work during your shift.
    a. 0
    b. 1
    c. 2
    d. 3
    e. 4
    f. 5
    g. 6
    h. 7
    i. 8
    j. 9
    k. 10
    l. >10
    m. Not applicable

16. Do you believe your primary practice setting is sufficiently staffed to meet the demands of the pharmacy while meeting patient care and safety standards?
    a. Yes
    b. No

c. Not applicable

17. Do you believe the current staffing in your primary practice setting poses a risk to patient safety?
    a. Yes
    b. No
    c. Not applicable

18. If you could choose to add more staff to assist in the demands of the pharmacy to ensure patient care and safety is prioritized, which would you choose?
    a. Additional pharmacists
    b. Additional pharmaceutical technicians
    c. Additional cashiers or clerks
    d. None. There is sufficient number of staff to meet the demands of the pharmacy.
    e. Not applicable

19. I feel that my work environment has sufficient pharmacy technician staffing that allows for safe patient care.
    a. Strongly disagree
    b. Disagree
    c. Neither agree nor disagree
    d. Agree
    e. Strongly agree
    f. Not applicable

20. I feel that my work environment has sufficient pharmacist staffing that allows for safe patient care.
    a. Strongly disagree
    b. Disagree
    c. Neither agree nor disagree
    d. Agree
    e. Strongly agree
    f. Not applicable

21. I feel that staffing at my pharmacy is adequate to prevent delays in patients receiving medications in a timely manner.
    a. Strongly disagree
    b. Disagree
    c. Neither agree nor disagree
    d. Agree
    e. Strongly agree
    f. Not applicable

22. On average, what number of prescriptions or chart orders do YOU process during your shift?
    a. 1-100
    b. 101-200
    c. 201-300
    d. 301-400
    e. 401-500
    f. 501-600
    g. 601-700
    h. >700
    i. Unsure/Varies

j. Not applicable

23. On average, how many vaccines do YOU administer or supervise the administration of during your shift?
    a. 1-20
    b. 21-40
    c. 41-60
    d. 61-80
    e. 81-100
    f. >100
    g. Unsure/Varies
    h. Not applicable

24. Does your primary practice setting perform sterile or non-sterile compounding?
    a. Yes
    b. No
    c. Not applicable

25. Which of the following services are provided at your primary practice setting?
    a. Immunization
    b. Administration of medications and biologics
    c. CLIA waived tests
    d. Hormonal Contraception
    e. Smoking Cessation
    f. PrEP and PEP prescribing and dispensing
    g. Medication Therapy Management
    h. Other
    i. Not applicable
    j. None of the above

26. Does your employer require you to complete non-dispensing related services, such as medication therapy management, vaccinations, point-of-care testing, chronic disease management, collaborative practice agreements, staff education or quality improvement projects?
    a. Yes
    b. No
    c. Not applicable

27. On average, what percentage of your time is spent on non-dispensing services?
    a. 1-25%
    b. 26-50%
    c. 51-75%
    d. 76-100%
    e. Not applicable

28. In your opinion, how does completing non-dispensing services affect your ability to dispense prescriptions effectively?
    a. It greatly diminishes my ability to dispense prescriptions effectively.
    b. It somewhat diminishes my ability to dispense prescriptions effectively.
    c. It does not affect my ability to dispense prescriptions effectively.
    d. Not applicable

29. In your opinion, how does completing non-dispensing services while also engaged in processing prescriptions affect your ability to practice safely?
    a. It greatly diminishes my ability to practice safely.
    b. It somewhat diminishes my ability to practice safely.
    c. It does not affect my ability to practice safely.
    d. Not applicable

30. In your opinion, how does completing non-dispensing services while also engaged in processing prescriptions affect patients from getting their medications in a timely manner?
    a. It greatly diminishes patients from getting their medications in a timely manner.
    b. It somewhat diminishes patients from getting their medications in a timely manner.
    c. It does not affect patients from getting their medications in a timely manner.
    d. Not applicable

31. Does your employer at your primary practice setting use workload metrics to measure one or more of following areas: number of immunizations, number of refill requests, number of patients enrolled in autofill, number of prescriptions filled, number of MTM services completed, average time to fill a new prescription, average time to fill a refill, average wait time for prescriptions, OR other metrics?
    a. Yes
    b. No
    c. Not applicable

32. Do you feel that you have been pressured by your employer or supervisor to meet standards or metrics that may interfere with safe patient care?
    a. Yes
    b. Somewhat
    c. No
    d. Not applicable

33. On average, how frequently are you interrupted while processing a prescription?
    a. Always
    b. Usually
    c. Sometimes
    d. Rarely
    e. Never
    f. Not applicable

34. Do you fear that interruptions while processing a prescription may lead to a medication error?
    a. Yes
    b. No
    c. Not applicable

35. In your opinion, how do interruptions while processing a prescription affect your ability to practice safely?
    a. It greatly affects my ability to practice safely.
    b. It somewhat affects my ability to practice safely.
    c. It does not affect my ability to practice safely.
    d. Not applicable

According to the National Coordinating Council for Medication Error Reporting and Prevention, a "medication error" is defined as "any preventable event that ***may cause*** or ***lead*** to inappropriate

medication use or patient harm while the medication is in the control of the health care professional, patient, or consumer. Such events may be related to professional practice, health care products, procedures, and systems, including prescribing, order communication, product labeling, packaging, and nomenclature, compounding, dispensing, distribution, administration, education, monitoring and use."

36. What is the average number of medication errors **that leave the pharmacy**, if any, do you believe occur monthly at your primary practice setting?
    a. 1-5
    b. 6-10
    c. 11-15
    d. 16-20
    e. 21-25
    f. 26-30
    g. >30
    h. None
    i. Unknown
    j. Not applicable

37. What is the average number of medication errors **that were caught before it left the pharmacy**, if any, do you believe occur monthly at your primary practice setting?
    a. 1-5
    b. 6-10
    c. 11-15
    d. 16-20
    e. 21-25
    f. 26-30
    g. >30
    h. None
    i. Unknown
    j. Not applicable

38. In your opinion, how would an increase in the number of Pharmaceutical Technicians (PT) and Pharmaceutical Technicians in Training (PTT) you may supervise in your primary practice setting affect *patient safety*?
    a. Improve patient safety
    b. Worsen patient safety
    c. No impact on patient safety
    d. No opinion
    e. Not applicable

39. In your opinion, how would an increase in the number of PTs and PTTs you may supervise in your primary practice setting affect *medication errors*?
    a. Decrease medication errors
    b. Increase medication errors
    c. No effect on the number of medication errors
    d. No opinion
    e. Not applicable

40. In your opinion, how would an increase in the number of pharmacists in your primary practice setting affect *patient safety*?
    a. Improve patient safety

b. Worsen patient safety
c. No impact on patient safety
d. No opinion
e. Not applicable

41. In your opinion, how would an increase in the number of pharmacists in your primary practice setting affect *medication errors*?
    a. Decrease medication errors
    b. Increase medication errors
    c. No effect on the number of medication errors
    d. No opinion
    e. Not applicable

42. In your opinion, is your primary practice setting a safe work environment that prioritizes patient care and safety?
    a. Yes
    b. No
    c. Not applicable

43. Does your pharmacy employer provide you with meal periods and rest periods?
    a. Yes
    b. No
    c. Not applicable

44. Are your meal periods and rest periods uninterrupted?
    a. Yes
    b. No
    c. Not applicable

45. In your opinion, are you able to comfortably take meals and rest periods without feeling like you will fall behind or compromise patient care or safety?
    a. Yes
    b. No
    c. Not applicable

46. Did your employer require you to voluntarily agree to forego any rest period or meal period as a condition of your employment?
    a. Yes
    b. No
    c. Not applicable

47. Please rank the following from 1 to 7 on their impact on patient safety (1 having the most positive impact on patient safety and 7 having the least positive impact on patient safety).
    a. Eliminating workload productivity metrics
    b. Eliminating non-dispensing responsibilities for pharmacists processing prescriptions
    c. Eliminating non-patient related interruptions for pharmacists processing prescriptions
    d. Beginning your workday without a backlog of work from the previous shift or day
    e. Increasing the number of pharmacists staffed
    f. Increasing the number of pharmaceutical technicians staffed
    g. Increasing the number of cashiers staffed

48. My current workload is:
    a. Excessively low
    b. Low
    c. About Right
    d. High
    e. Excessively High
    f. Not applicable

49. Compared to pre-pandemic, my workload has:
    a. Significantly decreased
    b. Decreased
    c. Remained the same
    d. Increased
    e. Significantly increased
    f. Not applicable

50. I feel my employer provides a work environment that allows for safe patient care.
    a. Strongly disagree
    b. Disagree
    c. Neither agree nor disagree
    d. Agree
    e. Strongly agree
    f. Not applicable

51. I feel safe voicing any workplace concerns to my employer.
    a. Strongly disagree
    b. Disagree
    c. Neither agree nor disagree
    d. Agree
    e. Strongly agree
    f. Not applicable

52. Have you quit or left a pharmacy employment due to patient safety concerns?
    a. Yes
    b. No
    c. Not applicable

53. If you answered "yes" to question 52, what pharmacy practice setting did you leave?
    a. Institutional/Hospital Pharmacy
    b. Retail Chain Pharmacy
    c. Independent Pharmacy
    d. Department of Defense or Veterans Affairs Pharmacy
    e. Non-pharmacy practice setting (i.e., a practitioner's office, at home, at a college or university, etc.)
    f. Consultant Pharmacist Position
    g. Not applicable

54. In your opinion, what is the number of prescriptions ***ONE*** pharmacist should be able to **reasonably and safely fill** on a given weekday, working from 9am to 7pm, in a **general retail pharmacy** setting, with the assistance of one to three pharmaceutical technicians or pharmaceutical technicians in training ***IF*** non-dispensing services such as medication therapy management, vaccinations, point-of-

care testing, chronic disease management, collaborative practice agreements, staff education or quality improvement projects **ARE EXCLUDED**?

a. <100 prescriptions
b. 101-200 prescriptions
c. 201-300 prescriptions
d. 301-400 prescriptions
e. 401-500 prescriptions
f. 501-600 prescriptions
g. 601-700 prescriptions
h. >700 prescriptions
i. Unknown
j. Not applicable

55. What workplace conditions, if any, do you believe should be addressed at your primary practice setting to promote patient safety? What suggestions do you have for improving the condition?

56. What other recommendations for changes do you have that you believe would lead to improved patient care or patient safety?

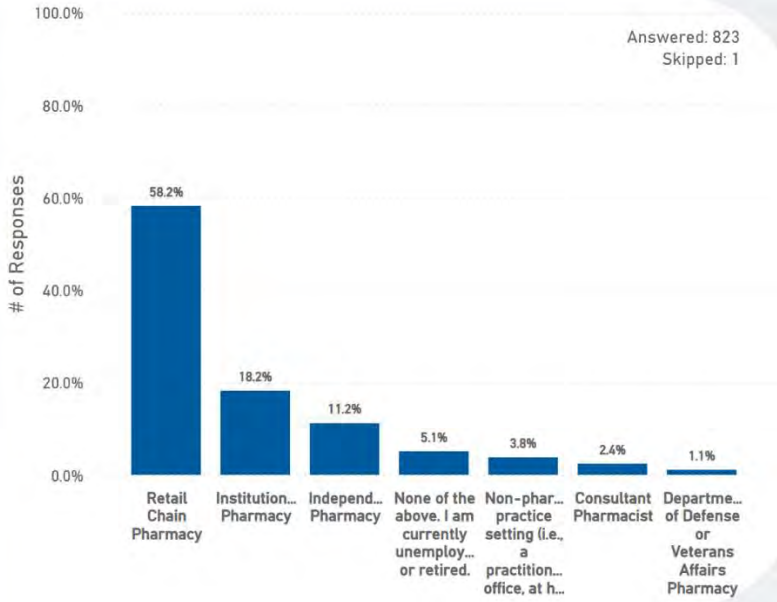
57. Please share any other comments you may have:

Well-Being Index Questions

58. Have you felt burned out from your work?
    a. Yes
    b. Somewhat
    c. No
    d. Not applicable
59. Does your job often negatively affect your mental or physical health?
    e. Yes
    f. Somewhat
    g. No
    h. Not applicable
60. Have you often been bothered by feeling down, anxious, irritable, depressed, or hopeless because of work?
    i. Yes
    j. Somewhat
    k. No
    l. Not applicable
61. Have you felt all things you had to do at work were piling up so high you could not overcome them?
    m. Yes
    n. Somewhat
    o. No
    p. Not applicable

Survey Results

Question 1 of the survey was removed from the results as it is confidential. Question 1 asked the pharmacist completing the survey to provide their Nevada pharmacist license number. The results of Question 1 were used strictly as a means to (1) limit the population of survey participants to Nevada-registered pharmacists and (2) excluding duplicate surveys.



Additionally, with the exception of survey question 3, four statistical results are provided for each survey question depending on how the pharmacist answered question 3 of the survey. The four statistical results represent the following:

1. **All Responses** – is the statistical results from all survey participants
2. **Retail Chain Pharmacists** – is the statistical results from pharmacists that indicated their primary practice setting is in a Retail Chain Pharmacy
3. **Institutional/Hospital Pharmacist** – is the statistical results from pharmacists that indicated their primary practice setting is in an Institutional/Hospital Pharmacy
4. **Other** – is the statistical results from pharmacists from all other practice settings
    - Independent Pharmacy,
    - Consultant Pharmacist,
    - Department of Defense or Veterans Affairs Pharmacy,
    - Non-pharmacy practice setting (i.e., a practitioner's office, at home, at a college or university, etc.), and
    - None of the above. I am currently unemployed or retired.

3. Which of the following most closely describes your primary practice setting?

Survey Responses	# Responses	% Responses
Retail Chain Pharmacy	479	58.2%
Institutional/Hospital Pharmacy	150	18.2%
Independent Pharmacy	92	11.2%
None of the above. I am currently unemployed or retired.	42	5.1%

According to the National Coordinating Council for Medication Error Reporting and Prevention, a “medication error” is defined as “any preventable event that may cause or lead to inappropriate medication use or patient harm while the medication is in the control of the health care professional, patient, or consumer. Such events may be related to professional practice, health care products, procedures, and systems, including prescribing, order communication, product labeling, packaging, and nomenclature, compounding, dispensing, distribution, administration, education, monitoring and use.”

	A
1	**Question 55: What workplace conditions, if any, do you believe should be addressed at your primary practice setting to promote patient safety? What suggestions do you have for improving the condition?**
2	**Question 3: Which of the following most closely describes your primary practice setting? b. Retail Chain Pharmacy**
3	**Responses**
4	1) increase rph and tech help. 2) move testing and vaccinations out of the pharmacy to it's own mini clinic.
5	1. Eliminate workload metrics (hours of tech help are being based on script counts/sales). Our community is primarily retired seniors and the volume/quality of patient care is more demanding/time consuming. Since the pandemic, Vons has "CUT" 10 hours of pharmacist on duty/week....leaving us very short staffed to upkeep the volume and demands which has increased tremendously with overwhelming vaccines, scripts, phone calls. Our location demands for more patient care, more questions, more EVERYTHING and with the cut of pharmacist hours, the entire staff is overwhelmed feeling defeated on the daily. 2. Our layout of the pharmacy is not safe for staff nor does it allow the pharmacy dept to safely and efficiently perform pharmacy tasks. The front counter is jumpable at 3 feet tall and wide open to encourage anyone to jump over at anytime. Majority of staff are females who works the night shift and we do not feel safe. Along with the wide open layout, the pharmacist and techs are widely displayed to welcome "all customers in sight" to stop and interrupt the staff in the middle of processing/dispensing prescriptions to ask where things (bread, cheese, soda, napkins, etc) are in the grocery store and being majority of clients elderly...you have to stop and go escort them to the item in the store. And this is a constant disruption in the pharmacy staff performing pharmacy tasks. Safety concerns of the floor plan has been voiced multiple times with State Board but still no result.
6	1:1 ratio of pharmacist:tech should be the LAW for safety so big companies cannot use shrinking of hours to minimize technician help for to forgo safety and maximize workload for profit
7	13 hours shifts Waived lunch breaks, no time to take breaks and not falling behind work load
8	A legal minimum of pharmacist to technician ratio based on the # of Rx filled on average for that day of the week. Techs in training do not count.
9	Add more technicians
10	Add pharmacist
11	Adding an additional Pharmacy Technician in order for me to not feel rushed in the verification of each prescription and medication dispensed.
12	Addition of staff and elimination of distractions would greatly improve patient safety. A closed room or section in the pharmacy for pharmacists especially in retail would be helpful in decreasing interruptions. A maximum limit of prescriptions processed by a pharmacist in a day would also be beneficial to decrease the pressure in filling prescriptions without further checking their efficacy and safety for the patients' therapies. Business metrics should not pressure pharmacists. Chairs for staff in retail pharmacies can also be helpful in reducing fatigue. There should be assigned staff separately for dispensing and non-dispensing services for the day.
13	Adequate experience technicians
14	Adequate pharmacy staff (cashiers,Pharmacy techs to take care inside store and DRIVE THROUGH Patients. There should be a day set for immunization and a pharmacist to do Immunization so that the verifying pharmacist can concentrate.
15	Allowing more pharmacist overlap
16	Allowing more time to address mild to moderate drug interactions when counseling
17	As a PIC at my current employer we are required to work 9.5 hours per day 5 days per week. This is a long day/week of high pace work and forceful concentration to not make any mistakes. There should be a limit to how many hours a day or how many hours per week a salaried pharmacist can work, 40 MAX! Either four 10 hour shifts or five 8 hour shifts, even as salaried. The employer mandates PIC work 45 hours per week - which is a safety concern in my opinion. By the end of the day I'm finding myself making more errors, and especially by the end of the week.
18	As pharmacists in retail chain, we often find ourselves in a relentless cycle of multitasking and extended work hours due to the demanding nature of our work, which is exacerbated by a shortage of pharmacy technicians. This shortage compels us to undertake additional roles, including technician tasks, administering vaccinations, and handling non-patient related interruptions, all while ensuring patient safety. The pressure to meet efficiency metrics further intensifies this issue, making breaks seem impractical. Consequently, I often forego rest and meal periods, not explicitly required by my employer, but out of necessity to manage the workload. This situation impacts both our well-being and the quality of patient care, underscoring the need for a more balanced and sustainable work environment in pharmacies.
19	Assign extra help
20	At my particular retail pharmacy, we are extremely understaffed and cannot even begin to keep up with the workflow. Corporate only cares about how we can keep up with imposed metrics, patient safety is secondary to everything. Patient safety and concerns are only validated when they start to affect metrics or the bottom dollar.

	A
21	At my workplace there is not enough staff at certain times of the day to support the inflow of prescriptions that come in, answer the calls, ship medication, et . There should a standard minimum number of staff at all times of the day. My company does not allow for sufficient hours for all staff to maintain the pharmacy. Employee hours are held hostage by how well we perform towards metrics (i.e. number of vaccine given, calls to patients get more vaccines, etc).
22	Being able to focus on one task at a time would be the biggest safety improvement. Not sure how to make it happen but better staffing would be a great place to start.
23	Being able to focus without interruption.
24	Being consistently understaffed needs to be addressed by retail chain pharmacies. A legal statute that requires a minimum number of techs on during business hours depending on script volume would make sure the pharmacy is staffed.
25	Better phone systems to deter basic functions that can be done electronically.
26	Better workflow with each patient's meds being grouped together. Little interruptions and distractions. The phone calls are out of control since it rings a lot and not enough bodies to be at many stations from register to drop off to fill and answering the 4 or 5 lines that constantly rings. We in the pharmacy world are burdened by metrics and workload and the lack of breaks. Somedays I work 7am to 8pm and w/o one single break. Prescriptions are lined up everywhere and it's easy to mix up meds among patients. Corporations want more money each yr to satisfy growth and PBM want to pay out less so easiest way for corp to grow each yr is to cut cut cut labor hours. It's sad and I wish I had gone into dentistry instead when I went to college for pharmacy. I am happy to hear enrollments are down and hopefully enrollment will decrease even more.
27	Bottom line is more pharmacist/technician help. or limit number of prescription for pharmacist to verify per 8 hour shift
28	Cap on the number of prescriptions a pharmacy can fill. Cap on the number of calls that can come in. Hundreds of calls come in
29	central phone system-off site phone employees
30	clerk help and phones not ringing every 6 seconds and mgmnt getting upset cause you cannot answer all the phone calls! better phone system easier to use
31	Coaching
32	Companies should not continue to pile up more and more duties on pharmacists and the techs without providing extra help, especially when it comes to higher volume stores. There is already enough work to be done filling 1000+ scripts daily, administering shots, counseling patients, giving OTC recommendations, and then there are more tasks being given as if there is not already enough work to do. The extra tasks are being given or added to a day without extra help. There should be more pharmacists to help, especially at busier stores. Having more technicians will help, but that also gets more stress on the pharmacist having to watch over 3 techs plus the cashiers.
33	Constant interruptions of Pharmacist only tasks along with unreasonable mandatory metric goals
34	constantly adding additional metrics and tasks. excessive pressuring to reach goals. Pushing for excessive amount of vaccines and comparing other stores. Constantly made to feel we are under performing even when doing more than last year with less help. It takes a toll on everyones mental health. Its about profits but pharmacists pay increases are not keeping up with inflation. Does not make any sense these days to take on 225k in student loans and spend 8 years going to school. Return on investment is better becoming a technician with no school, no loans. Techs might get a raise of 5-10%. Pharmacist are lucky to ever see 1%, and that is over a few years.
35	Consultations are not conducted confidently and effectively due to time constraints. A separate window or area should be made available for private consultations.
36	Continue to promote the use a of technology that is being developed and the Board should be more proactive to amend regulations to broadly allow the use of these technologies
37	Corporate and district managers should stop threatening pharmacists to fill all c2 medications without speaking to the prescriber about the patient's pain management therapy plan especially if it is their first time and they are starting off with a 30 day supply. Patient safety is important but corporate tells us not to delay therapy by talking to the prescriber first.
38	Decrease phone calls and patient traffic in the pharmacy so the pharmacy has more uninterrupted time to finish task in a timely and safe manner.
39	Decrease the required paperwork and excessive processing we have to do for all control prescriptions
40	Decrease workload for pharmacists, increase ratio of tech:pharmacist, decrease the interruption while pharmacist is verifying the prescriptions, no vaccination (we are pharmacy, not immunization clinic), increase tech hour (they cut hour so sometime pharmacist has to be alone in the pharmacy or just have 1 tech for 2 hours, or all day)
41	Decreasing or eliminating pharmacist interruptions, decreasing or eliminating the amount of non-dispensing responsibilities pharmacists have.
42	Designate 1 to 2 hours a day where we only do vaccines and then no other vaccines can be administered after that time window.
43	Do not have enough technician help, meeting metrics and provide non-dispensing work are greatly affecting patient safety. If corporation could eliminate metrics including flu shot goal that would help pharmacists have more time to focus on patient safety.

	A
44	Do the math it is simple. There is only one question to be asked and answered all of the previous questions were of no consequence. The only question is how long does it take to safely fill one prescription from data entry to final verification?Do the math genius.
45	Doing or testing that shouldn't be pharmacist like point of care and test to treat for flu , covid and strep throat testing
46	Don't give us the CVS corporate answer. Be honest that there is a problem by acknowledging it. Then fix the issue as opposed to sugar coating the issue with positivity. Workplace conditions that needs addressing are hour cuts, lack of help, & metrics quo
47	Due away with metrics and non-dispensing tasks. Without metrics being used to evaluation my performance, which affects paid rate and raises, I will be able to focus on patient safety and not have to worry about non-patient related tasks or concerns.
48	Eliminatating the need for the pharmacist to be the main person answering calls while doing so many other tasks, constant interruptions by working alone for 3-5 hours while answering every question, consultation, and maintaining workload plus metrics, having 2 or more pharmacists per shift to alleviate the stress and workload .
49	Eliminate all metrics.
50	Eliminate metrics
51	Eliminate mtm tasks, have a mid pharmacist with the volume we fill.
52	Eliminate non dispensing responsibilities for pharmacists and metrics.
53	eliminate phone calls and phone metrics, all phone related items.
54	Eliminate the practice of staffing the pharmacy with 1 pharmacist for a 12 hour shift. Provide adequate staffing (whether pharmacist or technician) to allow staff to take a break/meal period without totally overwhelming remaining staff. Eliminate the
55	Eliminate vaccine targets Script targets Rph overlap More tech hours
56	Eliminating COVID testing, strep testing and flu testing. These tests take up to 45 minutes to an hour
57	Eliminating high metric expectations regarding immunizations, as it creates many disturbances in workflow and encourages mistakes due to limited space within pharmacy; especially at peak hours.
58	Eliminating metrics and increasing pharmacy tech hours
59	Eliminating non-dispensing pharmacy related work
60	eliminating timing of checking and reviewing rxs
61	Eliminating workload metrics
62	Employee Burn out. Need. More techs
63	enough pharmacist and technician staffing
64	enough staff
65	Enough staffs
66	Even though the tech to pharmacist ratio is set by the State Board of Pharmacy, we get around it by saying the techs who are ringing out prescriptions are cashiers, thereby being in compliance with state regulations. The truth is they are techs.
67	Extra help
68	Faster response time with providers
69	For non-dispensing services should be scheduled on weekends ehen an extra pharmacist can give the said services so complete focus and attention can be given to appropriate services
70	Get rid of metric, increase number of pharmacist
71	Get rid of twelve hour shifts. Increase pharmacist hours. Allow for better pharmacist overlap of shifts to make calls, perform daily tasks and counsel patients.
72	Get supervision out of the practice of Pharmacy
73	Getting extra staff for Managing incoming phone calls..managing patients problems..
74	Give extra time to complete the requirements and training for for additional tasks that have been added.
75	Give more time for pharmacist to review and communicate with MD and patient

	A
76	Give pharmacist more power less bosses less accountability from people that are making $ from the pharmacy . There are numerous people that have never worked in a pharmacy , don't know the law or what it takes to fill a rx safely and completely . Many of these corporate executives , district managers , store managers , and assistant managers all make $ and have financial motive to push a pharmacist to fill a rx faster , give more vaccines , do more MTM's , sell more OTC's , get all your paper work done faster and many other duties that are irrelevant to the practice of filling actual rx's . All on the back of the pharmacist license . Why I ask ? What have not all but most of these people done to profit from me going through 6 yrs of pharmacy school ,busting my backside , coming in early ,staying late , and working in a very high stressed environment . At the very least NVBOP should make it law that Pharmacist clock in and out and get overtime pay for anything over 8 hrs/day and 40hrs/week . Salary should be done away with . 30 min for lunch is a joke . Every pharmacist should get a full hr lunch by law plus a 15 min break in AM and eve . No supervisor ,district manager or store manager should have any authority over a pharmacist if they are not licensed and approved by the NVBOP . With that the NVBOP should develop a set of rules and standards said supervisors have to follow. If someone is in charge of a pharmacist they are essentially in control of work load , quotas, and how much a pharmacist is pushed to meet financial goals . As it stands now pharmacist have to meet unreasonable goals or get reprimanded , bonus with held and or terminated . I know nothing will probably get done because this survey is probably just fluff for someone that wants to look good for there supervisor . Again someone thats making $ off of pharmacists . Very ironic .
77	Giving consideration to give enough time to focus and fill prescription
78	Have additional pharmacist working to share the workload of counseling, therefore limiting the times of being interrupted while verifying medication¨s and data verification
79	Have enough Rph and techs depending on how many scripts Pharmacy fills per day
80	Have more technicians trained for immunizations, especially during flu season.
81	Have non-pharmacy staff prohibited from assigning any tasks to PT , PTT and cashiers; also be prohibited to tell Pharmacist to change focus or priorities.
82	Have not worked in a pharmacy for over 10 years.
83	Having additonal help, prohibition of metrics/quotas, pharmacists shouldn't be required perform non dispensing duties that allow the retailer's bank account to grow exponentially without any regard for patient safety.
84	Having more technician hours, our pharmacist shouldn't be working alone at any one time during the day. Law should require a minimum amount of man hours based off of prescriptions filled to help prevent retail pharmacies from creating understaffed condit
85	Having more technicians and giving the PIC enough technician hours to be able to schedule them.
86	Having more technicians or another pharmacist to help process and fill prescriptions and answer phone calls would allow the verifying pharmacist to have more time and not feel œrushed when verifying prescriptions.
87	Having more than 1 pharmacist scheduled during weekdays .
88	Having one pharmacist doing non dispensing duties for a designated amount of time (ex: 10a-3p). Also having patients make appointment to this designated non dispensing clinic time and not accepting walk-ins. There's distractions as soon as someone walks up and requests this shot or that shot.
89	Having sufficient tech hours so that a pharmacist should NOT have to open or close or work any of their shift without at least 2 technician
90	Having the freedom to discharge patients who are abusive to pharmacy staff.
91	hire pharmacists to take care of the mtm tasks and other non-dispensing related services, such as vaccinations, point-of-care testing, chronic disease management, collaborative practice agreements, staff education or quality improvement projects
92	Hours should be based on a yearly calendar. We should be able to utilize hours that are unused from one week to another and hours should be based on productivity. Meaning you should get more hours with newer staff as they cannot prefer at the same level as experienced technicians.
93	How many technicians are allowed per pharmacist.
94	I am answering survey questions based on my experience in retail pharmacy. I am currently at a remote hospital pharmacy where our only need is more pharmacists and uninterrupted breaks. In retail. Testing services should be completely separate from vaccination services (not the same building). Testing should not be allowed to be done through the drive-thru. Testing should be outside or have a separate entrance from all other patients and have a separate staff for all these procedures with appropriate sizes of all PPE necessary.
95	I believe my employer should place the responsibility of their flu/vaccination models on someone else for flu seasons, or it needs to be wildly decreased. For the month of October, we were expected to do up to 150 vaccines per day on top of meeting pharmacy demands
96	I believe patient care calls and prescriber follow-up calls are an over burdensome metric. In my practice setting, we communicate with patients via automated phone calls and text messages. There is redundancy all ready built into the system. We communica

	A
97	I believe that the addition of technician hours would be most beneficial to my practice. Starting this year, the budget was significantly cut, leaving the pharmacist alone most of the time the pharmacy was open.
98	I believe there should be a 1:1 ratio of pharmacist:technician at all times. A lot of times as a pharmacist, I am working alone for 6 out of the 10 hours I am there. It is hard to promote patient safety when I'm being pulled to do 6 different things duri
99	I do not want or think it is a good idea to have patients come into retail stores for disease testing.
100	I feel like most stresses are coming from corporate pushing for us to meet certain goals (metrics) ei, increasing our script count, vaccine goals, Clinical numbers, autorefill, 90 days fills, Medication Therapy Management. I spend most days worrying about meeting metrics rather than focusing what I went to pharmacy school for, taking care of patients, drug interactions and accuracy. Hopefully the board can step in and do something about this issue.
101	I feel that it is important to take breaks and we are not able to do that. My store is busier now than when I first took over the store. Before the pandemic we use to have 3 pharmacist scheduled Monday through Friday, now that I am busier because we even
102	I need one pharmacist just for consulting with all the medications we are expected to consult on, then another pharmacist just for vaccines and phone calls, and then a third pharmacist just for verifying and product review of medications. Sure, technicians can vaccinate but they do not want to without being incentivized as they feel they do not get paid enough for the risks that come with being a vaccinator. I think it should be a requirement for companies to have a cleaning service to clean the pharmacy. There is not enough time in the day for pharmacists and/or technicians to clean and it is also not our job. We are a health care environment that should have a cleanliness standard. My pharmacy has reeked of sewage for months. This smell is so bad that we wear masks and are getting headaches. I have put in ticket after ticket with our fix it center. Plumbers have come by to check on it with no help. Finally someone came to smoke out the pipes to see if there was a leak and the whole pharmacy became so smoky that the staff members could not breathe. Higher up members were upset when the floating pharmacist shut down the pharmacy while the smoke was in there. These conditions are not workable sometimes. I do not know any patient that would want their medications that they ingest to come from a pharmacy that reeks of sewage and has smoke everywhere.
103	I think every chain should have a call center about pt counseling over the phone
104	I think the company that I work at is great and it gives us a huge support.
105	I was a pharmacy manager for 14 years. At first I would have three technicians scheduled throughout the day. Around 2015, I was down to being able to only schedule one pharmacy technician every day and I was doing more prescriptions and more non-dispensing tasks. I feel that I am a very good pharmacist that can multi-task. With one technician, there is no way that I can handle the in-window, out-window, phones, typing prescriptions, filling prescriptions, checking them, and doing vaccinations. I simply can't be in each spot at the same time. When you have a line of patients staring at you and the phone ringing, your stress level goes way up and mistakes are made. I had to quit and move to another pharmacy setting, even though I feel that community pharmacy is my calling. Towards the end of my time as a community pharmacist I started to have panic attacks while driving to the pharmacy. I knew that I would not have enough help and that I would be under stress all day. (Don't forget, I was trying to do all of these things by myself before and after the technicians shift or when they were on break and lunch. Also, the technicians called out a lot because the way that they were treated by the company.) Patient safety was clearly affected by the lack of concern by the company.
106	If additional responsibilities are given to the pharmacists extra overlap and technician help should be given right away not told it will get adjusted in a few months automatically by the system
107	If our PIC/Rxmanager would stop being rude and disrespectful to our patients.
108	If we are going to be expected to be clinicians with our patients and counseling is being required, then an adequate amount of time needs to be given to actually review patient's info, contact doctor's, review guidelines, etc. We should not be held resp
109	If we became hourly then we'd be entitled to our breaks and 30 min lunches right now technicans are allowed but for us no one cares but it doesn't make sense we need them more to catch mistakes , or make mandatory brakes after two hours even as salary, r
110	If we can have 4 techs/ 1 pharmacist ratio
111	illegally be asked by corporate to increase the number of vaccination and metrics, and have nonstop cut technicians hours.
112	Immunization technician on schedule all day to eliminate pharmacist doing all vaccinations 4 or more technicians on schedule or another pharmacist
113	Impossible to meet payroll standards. Front end store using rx payroll dollars and forcing rx to cut help. Minimum staffing requirements enforced by state.
114	Improve staffing levels and allow for proper training of technicians
115	Improve staffing, preferably a midshift pharmacist, and adding at least one more technician to the afternoon/night shift to allow prescriptions to get filled continuously throughout the day and not leave a large load on the following day.
116	Improved staffing will help with the work load. As well as reducing non-dispensing duties like numerous calls that should be replaced with electronic communication.

	A
117	Improved telephone answering system, more automation
118	Improvements to the computer system to help prevent errors
119	in our setting, at our current fill level, we need to have 2 techs (8 hr shifts) per day. I think a single tech on the weekend is sufficient at the fill levels we are at. currently we are at 1 tech per day and 1 pharmacist trying to fill 160 average per day, including all duties. fill, dispense, phone, shots, counseling ect. there is a real question about making so many split second decisions in the course of a day is did i make every one correctly? I sincerely hope so. however the stress on some days due to work load can be overwilling.
120	In the beginning, I would like to discuss the pressure from the pharmacy manager. There is pressure that will lead to better improvement, but there is pressure that will lead to an unsafe environment to work. This exactly happened at the retail pharmacy currently. The pharmacy manager demanded staff pharmacists verify the prescriptions at unusual and inappropriate times. Staff pharmacist had to verify and work faster than normal process, so the pharmacy manager could get the payment bonus from the corporation. This leads to extreme events that can cause medication errors and an unsafe environment to work. The pharmacy manager demanded staff pharmacists counsel prescriptions and give vaccinations as quick as possible in as few seconds. This is not the right way to practice pharmacy, pharmacy manager should understand the importance of the necessary steps to practice pharmacy. In the normal process, the pharmacist needs to take time to discuss with the patient the usage of the medication, side effects, the dosage, drug-drug interaction, allergies, the history of the vaccinations, and so on. The pharmacy manager forced the staff pharmacist to skip most of the steps and work as fast as possible. There is a very high risk for staff pharmacists to practice and work in this condition. Secondly, I would like to mention pharmacy manager did not know how to train a new technician or technician-in-training. As a new hire, technicians will need several months to practice and perform hands-on experience at the pharmacy. The pharmacy manager forced them to work faster and threatened to write them up for any mistakes at the pharmacy. This contributed greatly to the medication errors that can lead to serious events. As a result, I would like to recommend not putting pressure on the new staff and letting them have enough time to practice and get used to the environment. In addition, the pharmacy manager did not know how to divide tasks between the staff. The staff pharmacist had to take on more responsibilities than normal due to the new staff did not have enough train. As a result, the normal process of the pharmacist such as typing the prescriptions, pre-verification of the prescriptions, product dispensing, final verification, and even the insurance process. The staff pharmacist had to do all the steps instead of dividing the tasks among all the staff. This contributed to medication errors as well. Lastly, the pharmacy manager kept track of how many times the staff went to the restroom every day at work. I do not know why the pharmacy manager was doing it as her policy. This is an unusual policy compared to other retail chain pharmacies, and it leads to unexpected pressure on the mentality of all staff at the pharmacy.
121	Increase help in the pharmacy, i.e more staffing. Removal of metrics and non pharmacist related tasks.
122	Increase hours
123	Increase in pharmacist overlap/ hours. Increase in technician hours. Maybe Increase the tech ratio to 4 to 1 but nothing more than that. I believe more would lead to a bottle neck and errors.
124	Increase in technicians and cashiers hours all throughout the day. Not just mornings, but evenings as well
125	Increase in the pharmacist staffed. there should be an opening, mid, and closing pharmacist every day except the weekends to ensure adequate overlap to help ensure more patient safety and better clinical conversations between patient and pharmacist.
126	increase internet speed computer systems/programs, better organization for medication pick up
127	Increase number of pharmacists staffed, allow for budget to do so, bonuses or salary raises that are greater than the cost of living percentage increase
128	Increase number of pharmacy technicians
129	Increase number of technicians, proper training of technicians before engaging in working in the pharmacy, move some of the non prescription dispensing activities to call centers.
130	Increase of immunizing pharmacy technicians.
131	Increase pharmachy technician and add a midshift pharmacist. The other day we did over 800 prescriptions with four technicians and two pharmacist with no overlapping schedule. In addition, we are required to do patient calls for mtms, adherence calls, de
132	Increase pharmacist staffing or overlapping shifts.
133	Increase Pharmacist staffing. CVS Walgreens Walmart need to be accountable
134	Increase staff
135	increase tech help. solve the problem of patients using good rx because their prices dont match pharmacy prices. It disrupts flow and increases chances of mistakes
136	Increase tech ratio. This will support rph in being able to reduce distractions, provide best patient care and practice at the top of your license while still providing essential services for the community.
137	Increase technician and pharmacist hours so that no one has to overwork and get burnt out.

	A
138	INCREASE TECHNICIAN HOURS, PAY THEM A FAIR WAGE, AND STOP INTENTIONALLY AND REGULARLY USING SALARIED PHARMACISTS TO WORK OVER BASE HOURS TO KEEP YOUR PROFITS HIGH.
139	Increase the number of techs who vaccinate. Pay techs more for vaccinating.
140	Increase work hours allocated to the week. Pharmacist, PT and PTT increased. You can have all the PT's in the country, but if you are short on staffing hours you're allowed, makes no difference.
141	Increased amount of technician help, Immunization clinics without designated immunizer should not be allowed
142	Increased pharmacist hours would help to alleviate the interruptions for the dispensing pharmacist.
143	Increased staff across the board to manage point of care services and prescription work load. Technician pay increased to increase retention and quality of work.
144	Increased staffing and directing non-dispensing and non-patient responsibilities away from pharmacists to improve patient safety. Suggest scheduling more shifts or more staff to focus on non-dispensing and non-patient responsibilities.
145	Increased staffing is a must. At the retail pharmacy we need time to call doctors to address interactions and the opioid epidemic. Instead we are making call after call to patients who have already expressed they don't want to be called for pharmacy programs such as MTM or Save a Trip refill. Metrics such as verified by promise time is insane. Time and time again I find myself taking short cuts in order to get the prescriptions done in time rather than prioritizing doing it safely.
146	Increasing pharmacist staffing would reduce interruption during verifying process that would promote patient safety.
147	Increasing ratio of technicians to pharmacists. Decreasing the non dispensing tasks that the dispensing pharmacist should do during the shift
148	Increasing Technician help to schedule every service offered at the pharmacy and manage waiting times accordingly. That will free the pharmacist to focus in patient care.
149	Increasing the pharmacy technicians allowed to work. Currently have 1 technician (maybe 2 if there's one overlap day) and they want us to cut an hour from each of them so the pharmacist is alone for an hour. I'm currently typing RX, verifying, filling co
150	Increasing the tech to rph ratio would be extremely helpful in assisting with removing tasks that technicians can do from the rphs
151	Interruptions by customers wanting to know the location of a product or to check out.
152	Interruptions coupled with excessive workload with added services required to be provided by pharmacists along with supervising technicians who are providing pt. care has dramatically increased the risk for medication errors. Chains insist they have SOPs and technology in place to alleviate the strain of the workload and ensure pt. safety however, they and the Board are well aware that IF these SOPs are followed, there are not enough hours in the day to dispense meds within the time they want with the pharmacist staffing provided. The management pressures the staff into complying with the imposed metrics (which increase year over year with a corresponding need to 'cut hours') with various penalties for non-compliance. Yet they will not hesitate to implicate the pharmacist before a Board hearing as being at fault and 'If they'd only followed our SOPs this wouldn't have happened'. This is true of ALL chains. With that said, pharmacist staffing must be addressed long before any contemplation of increasing the tech/pharmacist ratio as pharmacists are the rate limiting step in this process.
153	It would be great if we had pharmacies with a front of the house and back of the house design. The front of the house could handle interruptions, counseling and questions. The back of the house would just concentrate on verification, dispensing, etc
154	larger pharmacy with today's needs in mind
155	Less emphasis on non-dispensing responsibilities and increase emphasis on dispensing, counseling, and patient care with relation to medication accuracy, ADRs, safety and efficacy. (Which also happens to be what we went to school for).
156	Less focus on metrics
157	Less focus on vaccinations and other ancillary services. They make all the money now since the PBMs take all our profit, but it still doesn't make it right that we need to do them on top of actual pharmacy work. My primary concern is filling prescription
158	Less interruptions and with enough time to finish my IV infusions before I go back to benching
159	Less interruptions while processing prescriptions, less non- dispensing duties (manager likes to delegate her responsibilities to us without taking us out of the work flow to complete them, or not coming forward to take care an angry or difficult patient
160	Less interruptions with vaccines, fixing drug shortages, more staff to answer phone calls or having a call center. Well trained pharmacists, consistent scheduling to lessen burnout.
161	Less interruptions, better technology to help on prescription errors and more staff.
162	Less interruptions. Pharmacists are responsible for everything going on in and around the pharmacy area and keeping an eye out so people don't jump the counter or cut in line or pick fights with other people in line while working on filling prescriptions
163	Less restrictions on payroll.

	A
164	Lessen non prescription filling activities
165	Locked cases getting constant interruption by public about open locked cases
166	Longer lunch break. We usually work 11 hours a day with only 30 minutes lunch. Sometimes patients do show up 1 minute before lunchtime to pick up their medications. In that case we only have 25 minutes left to eat our lunch. That's not enough time.
167	Lunch breaks. Albertsons pharmacy refuses to allow me a lunch break on a 12 hour shift.
168	Mainly just enough staffing and extra pharmacist. Counseling requires time and with just 1 pharmacist, it's hard to not fall back on time.
169	Mainly to have adequate staffing. I believe if a pharmacy is filling over 300 RX's a day it should be mandatory to have to staff another RPH for at least an 8 hour shift.
170	Mandatory brakes for pharmacists . Additional manpower just to answer the phone calls .
171	Mandatory staffing requirements for cashiers in a retail setting and separation of non-dispensing activities from dispensing activities (additional pharmacist staffing specifically for the purpose of completing non-dispensing activities)
172	Metric pushing despite false claims that they are not monitored and stymieing promotion of œextra services to gain more profits and volume of patients that burdens safety due to numbers and workload
173	Metrics
174	Metrics are oppressive and staffing is too low
175	Metrics out of your control should be eliminated because prhs are evaluated on performance ot goal instead of focusing on safe prescription dispensing by continuous measurement for : 1) increased vaccines goals despite vaccine hesitancy after covid 2) increase in number of new patients to the pharmacy 3)number of patients that become rx filling patients that you converted after receiving immunization 4) MTM ratings determined by lost points from patients who do no answer the phone (avoiding spam calls), from patients that refuse to agree to a complete medication review and discuss their private medications from a pharmacist/pharmacy they have never used (cold calls), from not wanting to fill 90 days for adherence under insurance when they cannot afford or when the pharmacy's cash discount offers 30 days for free, from prescribers or patients who decline to add/change prescriptions based on disease state even despite having tried and failed therapy in the past . All of these metrics are used to evaluate performance and raise and are required to be completed within hours allotted to pharmacy in addition to administering vaccines and filling prescriptions
176	More bodies to take care of phones and patients picking up. The techs who fill and the pharmacists who verify should be the ones uninterrupted to focus on their tasks. Getting rid of metrics and timing how long it takes to complete a prescription order would also reduce stress levels and allow more focus on completing the order correctly.
177	More help
178	More help needed
179	More help, from pharmacists and techs. The high stress and low pay is not enough to convince anyone to work retail, and the best way to lower the stress is to have more employees. There should be mandated breaks for pharmacists (there is no period of time I can sit and eat a snack without a counsel or phone call needing me, my company does not let us close for lunch because we have one hour of shift overlap which could be avoided by increasing pharmacist hours) Even the locations that close for lunch do not have a break for the closing shift pharmacist that is still working 8 hours. My managing pharmacist and I are both stressed by the end of our shift and a small break could greatly reduce that and improve attentiveness.
180	More help,dedicated cashier,no metrics
181	More pharmacist help
182	More pharmacist overlap and more technicians
183	More pharmacist overlap, fewer interruptions, breaks, better training
184	More pharmacist overlap, less focus on metrics
185	More pharmacists
186	More pharmacists and pharmacy tech help, eliminate metrics.
187	More pharmacists and technicians
188	More pharmacists on duty to fulfill vital patient consultation function. All pharmacies must have a bilingual staffer on duty during all open hours.
189	More pharmacists to overlook technicians and interns. Better systems that help RPh with verification.
190	More RPH overlap
191	More staff, less focus on numbers more focus on patients
192	More staffing . And if we can actually take our break decency without worrying that we are behind and need to finish our food in a hurry to go back to work
193	More staffing both pharmacists and technicians
194	More staffing. Less daily non- dispensing responsibilities.

	A
195	More tech hours is a must! Or at least a minimum of 1 technician at all time while the pharmacy is open. On most days, in the middle of flu season, we are open for 10 hours and there's only 4 hours with a tech. The other 6 hrs, pharmacist is working alone due to tech hours cut by corporate.
196	More technicians so pharmacists can focus on pre-verifying and verifying prescriptions. The expectation that pharmacists should also be doing technician duties such as filling, insurance issues, and checking out patients at the register while also be able to do vaccines and MTM on top of our regular duties.
197	More techs
198	More techs trained to vaccinate. Offer monetary incentives for training
199	More than 1 pharmacist for at least most of the day because so many tasks are œpharmacist only and it is exhausting when all those go to solely you and lead to massive amounts of interruptions or frustrations without the ability to stop for a minute.
200	More than 1 pharmacist should be on duty when the prescription volume is higher than 400.
201	More than 1 pharmacist. Depending upon the diagram of the pharmacy, such as drive thru, counseling rooms, robotics etc, increase pharmacist overlap.
202	More training for technicians
203	My biggest concern currently is the volume of vaccinations we are performing. This is not year round but has greatly affected my practice from Sept to Dec. I highly recommend/encourage vaccinations but it is not feasible to do 60-100 vaccinations in one day, verify an average of 400 prescriptions, and all the other activities that are needed in a pharmacy when you are the ONLY pharmacist and immunizer. The proposed solution has been to allow technicians to immunize, which I am grateful for to an extent but it does not solve the problem as much as my employer would like to believe. Many of my technicians do not feel comfortable immunizing. They chose their professions for a reason and many of them did not expect to need to perform this task. My opinion is if my technician that day feels comfortable helping me, that is great but I will not pressure someone to do something they are not comfortable with. It is not good for the patient or my technician. For an example, if my technician is not comfortable giving a 5 year old a flu shot, it will result in me spending the next 10-15 min trying to calm the child down. This takes up a lot of time away from dispensing drugs and it all adds up. I wish we had another pharmacist/nurse that would purely do immunizations Sept to Dec.
204	My concern is Performance "meterics" and an insult to the profession. It creates the sense that one must work faster to move on to the next prescription to meet "expectations" from corporate. We have 15 seconds to perform data entry correctness (pt name,DOB, prescriber, Drug name and strength, Directions, qty, day supply and 5 seconds for clinical review which includes history review, drug directions and interactions. Considering some patients have 20+ medications one can consider that an absurd metric!
205	My current workplace, I am very happy with. My prior pharmacy, which was much busier, always felt like we needed more staffing to safely meet patient needs. I was not the PIC at my prior pharmacy and had no control over changing the situation.
206	N
207	N/A
208	Na
209	Need better pharmacist pay and technician pay due to inflation. Better staffing for hours and pay for overtime for pharmacy teams. Cut back on excess ready-fill prescriptions and eliminate more with corporate metric demands. Advocate for more supportive services and provide more technician support if there is a call-out. Provide better pharmacy training for new hires.
210	Need cashiers
211	Need extra tech Or even train clerks to handle constant line at the Rey or answer non stop phone
212	Need more technicians
213	Need to have more than 1 Rph on duty for a good portion of the day to meet duty to counsel requirements.
214	Need to schedule more technician to Help pharmacist to fulfill duty
215	None
216	NOT APPLICABLE; SMALL VOLUME PHARMACY
217	Not enough staff during flu season
218	Not having to do vaccines appointment every 10 minutes and also employer asking to add more vaccines or take walk in patients for immunizations
219	not interupted per phone call
220	Number of days a pharmacist can work in a row before having a day off..
221	Of course we would all benefit from more staffing, whether it be technicians or pharmacists. The pharmacoeconomics of retail pharmacy simply does not allow for the staffing levels that are needed to provide QUALITY patient care which will expand our prac
222	Of course, we need to have enough staffs for a busy store with high volume >300+

	A
223	On my opinion adding more Rphs and technicians would be beneficial. One Rph can't verify, fill, counsel, answer phone, doing immunization, calling patients if they have questions, doing exception counts and other added responsibilities all in just one s
224	On site test and treat services. We do not have appropriate pharmacist staffing available to do that and safely fill prescriptions for patients. We either need more staff or to do less non dispensing activities.
225	Only do prescriptions, eliminate vaccines and MTM to another location.
226	Our volume is increasing and our management is requiring that tech hours be cut. They are using a 15 year old of better labor grid which does not account for all the tasks we are required to do. Also if a tech calls out they office does not find us help. we are expected to work the pharmacy with one RPh and one tech which is completely UNSAFE and the patients cannot be taken care of in my eyes. Plus we have a great deal of failures of the computer system that burn our time. Some can even create errors that we have to address. I constantly ask for fixes but nothing ever gets done.
227	Overlapping hours for pharmacists to have adequate help from other pharmacists. More techs can help but at the end of the day they cannot verify prescriptions and they can make mistakes but not liable for them since pharmacists are still their supervisors. To promote patient safety we have to have pharmacists working and enough coverage for consultations, drug therapy checks, immunizations, calling doctor offices for changes, etc.
228	Periodic breaks for pharmacists where we can sit down and clear our minds. Uninterrupted meal breaks would be nice. More support for answering phone calls would be nice.
229	Pharmacist is too accessible leading to many interruptions
230	Pharmacist overalp
231	Pharmacist should be paid from the point of entry to the pharmacy to exit, including extra hours worked to create a smooth workflow. More pharmacist should be allocated based on rx processed per pharmacy. There is no incentive to work at a pharmacy that processes 600+ or 1000+ per day vs one that has 200 rx per day. Companies need to increase tech pay for better retention and quality candidates.
232	Pharmacist should have a place to work uninterrupted by the public. At my employment this is a constant problem. Non pharmacy questions interrupting my work. People asking where is the peanut butter, etc. The technician can obtain my attention when needed for counseling or a problem. (Not shoppers)
233	Pharmacist should never be in the pharmacy alone. For pharmacist safety and ensuring that there will not be an error bec the pharmacist will have to type the rx, fill the rx and verify everything. The pharmacist working on prescriptions received that day
234	Pharmacist should not be doing point of care testing on top of dispensing responsibility
235	Pharmacist should not have to work alone during operating hours
236	Pharmacist staffing - we regularly have only 1 pharmacist on duty per full day while filling 300+ (commonly close to 400 or more) prescriptions a day on top of non-prescription tasks while trying to man more stations than we have bodies for (ie. drop off, filling, pick up, drive-thru, and pharmacist queues, someone out giving immunizations, etc). Our own metric system for scheduling will suggest 4-5 techs a day with that single pharmacist, which is illegal per the current pharmacist:tech ratio laws. I think the Board should set a law for at what point is when pharmacist overlap is required (ie. certain number of rx's per day, certain number of immunizations in a week, etc) as well as potentially increase pharmacist:tech ration to 1:4.
237	Pharmacist to technician and technician in training ratio is often exceeded therefore more difficult to oversee all dispensing transactions. An additional pharmacist during a staff pharmacist's 12 hour shift will greatly improve workflow and patient care
238	Pharmacist to technician ratio should be reduced to 1:2, and employers should be prohibited from hiring cashiers. Employers should be required to hire 1 pharmacist for every 2 technicians on shift instead of sending more cashiers to help with workload. Supervising too many technicians and cashiers can cause more interruptions for pharmacists especially if not adequately trained, and there are too many tasks that only a pharmacist can complete. More technicians are needed in order to handle current workload however it is not helpful without more pharmacists.
239	Pharmacists are overly accessible. Instead of being seen as a resource for medical advice, we are now seen as the store directory and are interrupted constantly by questions regarding product location, complaints about OTC lockups or stock issues, and we can barely process a single prescription without an interruption. Certain chains are even cutting down on non-pharmacy staff with the expectation that pharmacy pick up the slack.
240	Pharmacists shouldnt be working over 8 hours per day. Due to fatigue more medication errors occur. Pharmacies like Costco, CVS and Walgreens have made it a common practice to require pharmacists to work mandatory 45 + hours every week. That is minumum 9 hours a day
241	Pharmacy has become too metric centered and companies apply pressure by constantly sending reminders of targets. The amount of non dispensing activities are increasing all the time without any addition of time to compete tasks. With the introduction of t

	A
242	Pharmacy tech help and ratio increase. Of course adding a pharmacist would help but I don't think it's realistic that companies could pay. Having any extra help is crucial. Non dispensing tasks need to be deferred to a specific tech/pharmacist. We have n
243	Pharmacy technicians are not compensated for providing vaccinations and putting themselves at risk for needle sticks and significant errors voluntarily without more pay. Technicians need to be compensated for the job they do so turnover is reduced. Turnover directly impacts patient care and more time must be spent to train new technicians, which also affects patients loyalty. More issues can arise it patients do not trust staff and use multiple pharmacies
244	Phone call center
245	Phone calls asking for pharmacist advice should be charged with a fee.
246	Phone calls should be handled by a different team.
247	Please Increase number or technicians and clerks. Please make it a legal requirement for the employer to follow minimum number of techs to at least 2 technicians/clerks per day. There were times we pharmacist working alone or with only 1 tech per day. That was very challenging to ensure patient safety when we had to rush to help eveyone.
248	Please remove non medication services from pharmacy and let pharmacist only focus on patient medication and safety
249	Please require pharmacies staff 2 pharmacists per shift.
250	Post fill audit to do one final check on high risk prescriptions before leaving the pharmacy
251	Prevent a pharmacist from working without a technician and having to receive, transcribe, review, fill, review and dispense prescriptions by themselves.
252	Provide adequate staffing. Smith's needs to increase pay and benefits for technicians to attract more competent applicants. This pharmacy has been working extremely shorthanded for over 3 years. Safety of patients is extremely compromised. Although management says patient safety is the most important, the metrics imposed and pharmacist/ tech hours earned based on metrics show otherwise.
253	Provide enough staffing
254	put more emphasis on doing things correctly the first time an individual works on a prescription
255	Realistic expectations for staffs and Rph's to adhere to: our job can not reflect base on numbers the board should put both the pharmacy staffs health and patient health at their priorities by protecting the healthcare sector equally! Given the pharmacy
256	Recruit and hire more Pharmacists. So , increase the salary and benefits of Pharmacists, which will help in the long run to decrease the turnover rate.
257	Reduce the amount of immunization appointments. Allow us to have at least 1 hour after opening and 2 hours before closing with no appointments to catch up on work or clean up the pharmacy. Reduce the amount of appointments to 1 person per appointment tim
258	Reduce the call volume to pharmacy so staff can concentrate on more urgent or critical tasks.
259	Removal of metrics, more technician help, adequate training
260	Remove corporate metrics
261	Remove metrics especially vaccination requirements. I would love to promote vaccinations without the pressure of a required number.
262	Remove metrics or have extra staff that can complete the needed metrics or items not pertaining to a patient care
263	Remove performance metrics. At least 2 pharmacists each day for locations that fill more than 200 scripts a day
264	removing metrics and increasing pharmacist staffing
265	Removing practice metrics. This is EXTREMELY important with respect to œnon-dispensing services"there should NEVER be time limits/quantity requirements on these direct patient care activities. This only leads directly to patient harm.
266	Removing the metric to answers phone calls in under 60 secs. We have 9 separate phone lines and they ring all the time.
267	Removing value of metrics. Patient safety is more essential than profit.
268	Required that employer provide more pharmacist if they are adding more none dispensing tasks such as immunization, point of care testing, doing diagnostic and prescribing
269	Review number and intensity of government regulations involved in each and every prescription
270	Scheduling overlap and days off
271	Separate area and staff for typing and billing insurance
272	Separate non-dispensing activities from processing prescriptions. Adding more pharmacists would make a huge difference. One could handle prescriptions and the other could handle MTM, vaccines and patient consults and questions. Every hour the pharmacy is open should have a minimum of 2 pharmacists on duty with additional pharmacists added for increasing volume. For example 1 RPh for every 200 Rxs.
273	Set hours to just do non dispensing tasks ...separate from a day of dispensing
274	Sit down station for pharmacists to reduce fatigue
275	Staff Training for new technicians - standardized requirement for training hours Rph overlap with high volume stores to help with counseling and imz

	A
276	Staffing
277	staffing for pharmacists, techs, cashiers
278	Staffing issues. People don't want to work, they know it's going to be a rough shift because of missing coworkers.
279	Staffing of both rph and techs have been anemic for years. Increase staff & find a way to keep good staff.
280	Staffing to meet patient needs. Most of the time you have multiple areas to assist with only a small number of staff.
281	Staffing, Workload,
282	Staffing,backlog of work,additional responsibilities. We have to stop the mindset of doing more with less. Yes, we have robots and tools to simplify and automate processes but they still need staff intervention to maintain and calibrate.
283	Stop all the Covid shots and all of the testing for Covid. Too many shots. PBMs stole all of the money so now pharmacies have no choice but to do all of this nonsense MTMs, infectious disease testing, vaccinations, just to stay in business. The actual work that we need to be doing (filling prescriptions) is falling by the wayside and patients are suffering as a result.
284	Stop basing performance reviews based off of metrics like verify by promised time, number of vaccinations, number of prescriptions sold, MTM engagement etc. the main focus should be of patient safety and engagement. When the company and higher ups are al
285	Supportive personnel metrics are not equal based on Rx volume. While I believe the company I work for is the best out there and is committed to pt safety and care for their associates, pt satisfaction will always be tied to getting their medications in a timely manor. Other stores which do less volume are allotted more supportive personnel hours. Having more cashiers and techs would improve outcomes.
286	Take away the metrics that leads to unrealistic expectations from the pharmacists.The staffing model that the company is implementing is unrealistic . Pharmacy staff should be treated like a human being not like a filling / dispensing machine. We need to
287	Tech hours. It is extremely unsafe to have a pharmacist work solely by themselves.
288	Technician help is a must at my workplace setting
289	The amount of Rx's that are expected to be filled before days end is excessive. There is constant pressure to meet our metrics that focus on Rxs filled, vaccinations, PCCs (so pointless), and patient surveys where the must indicate they would come back t
290	The amount of staffing they provide. Increasing staff would help with the high workload that is given and expected from us.
291	The biggest issue with retail pharmacies in Nevada is staffing issues and unrealistic expectations from corporate.
292	The emphasis on achieving increases on immunizations, travel medications, hormonal contraceptives and OTC sales growth often comes at the expense of dispensing prescriptions. From August to November, my pharmacy becomes an immunization clinic and completing the 3000+ prescriptions weekly in a timely manner becomes extremely challenging. The attitude that my staff and I "have to find a way to do it all" is becoming common place. I have been in pharmacy for over 30 years, am exceptional at finding ways to expand our practice and meet the needs of our community SAFELY AND EFFICIENTLY. I have been a top immunizer for the company. I have been at the top of the leaderboard for many corporate focuses. The current work environment and expectations tied to corporate goals has put me in a position to decide which goal to achieve: their numbers or patient's prescriptions completed in a timely and accurate manner while supporting my staff in efforts to prevent burn out. This year, with absurd goals, I chose my staff's well being. I was harassed for not being competitive, accused of not caring about my job, and threatened with disciplinary action.
293	The expectation of metrics, volume of prescriptions, control paperwork, vaccinations, and giving great service and being a great clinician is unreasonable. I think the first thing to go is outlawing metrics. Second is hiring more pharmacists. Third is changing the expectations of patients that pharmacists are pharmacy machines.
294	The expectations set by my current employer have raised significant red flags, particularly regarding the review of prescription data and drug utilization reviews. As a remote pharmacist, I find myself pressured to review prescription data within an average of 18 seconds per prescription and conduct drug utilization reviews within an average of 7 seconds per prescription. These metrics are not just impractical but pose a serious risk to patient safety. In the course of my daily responsibilities, I come across numerous errors made by technicians and pharmacists that, in my opinion, could be avoided if we were granted more reasonable time to thoroughly review prescriptions and patient profiles. The current metrics create an environment that prioritizes speed over accuracy, a perilous approach in the field of pharmacy. Moreover, the time restraints contribute significantly to a stressful environment, making it mentally draining to constantly operate under such high-pressure conditions. Patient well-being is our top priority, and the strain to adhere to such stringent timeframes not only jeopardizes our ability to ensure the safe dispensing of medications but also takes a toll on our mental well-being.

	A
295	The high amount of various tasks required to be completed daily. There is only one pharmacist who has to review (both data entry and product verification) scripts, take verbal scripts over the phone, sign off of new scripts going out at the register, provide patient consultation, performing MTM and new therapy follow-up patient calls, check-in controlled medication orders, verify vaccines (if not giving them), while also backing up the technicians on all their roles (data entry, production, answering phones, running the register) and any managing duties (PIC). Multitasking is required to work in this environment, but it's multitasking that leads to medication errors. That's a lot of things for one person to be expected to do normally, without patient safety involved. A second rph on duty would be the first thing to help with all of these tasks. It's hard to keep up with all of it normally, but especially when you're constantly falling behind. A call center to screen for calls that actually require pharmacy assistance/a call center to perform the numerous outgoing calls we are required to perform. Onsite testing and vaccines are fine, if there is a dedicated person to do them. Having the technicians be able to give vaccines is nice, but they are usually already busy doing their normal technician duties to really be able to help.
296	The number of pharmacists working at a site should never be 1. There should be at least 2 pharmacist, particularly during busy hours.
297	The pharmacist is the neck of the bottle for all tasks, overseeing technicians, counselling, verifying, immunizations, which leads to constant interruptions and multitasking. There is no time to do it all. Have to do this all while being monitored on everything from wait times, verified by promised, immunization goals, calling patients for PCQ/adherence calls in order to make goals and keep your job. Have to work through lunch to get caught up as the prescriptions are still coming in. and stay late an come in early so don't fall further behind. Technicians can help but are barely educated and trained. Therefore turnover is high. Get constant pressure from above, as more tasks are added no additional pharmacists are given. No overlap in order to get tasks done. Pharmacists should not be allowed work "off the clock" most pharmacists have to come in early (as prescriptions are DUE as early as 15 minutes after opening) and stay late as if they have carry over prescriptions can lead to discipline. this leads to dangerously long shifts. But since most pharmacists/managers are "salaried" it is allowed/expected.
298	The pharmacist verifying accuracy and f the scrips being entered and filled does not do any of the other requirements for patient care calls and or mtm
299	The pharmacy reduced the staff pharmacist hours from 40 to 32 and the pharmacy manager from 40 to 36 hours per week with same volume of prescriptions as before. We never get caught up.. running all day.Pharmacists should only do a certain number of prescriptions per hour. Air traffic controllers , doctors have a limit of workload..otherwise mistakes get made . The pharmacy chain corporations are still ending up with high profits after expenses are paid. Allowing more hours to do my job tasks would promote patient education and safety.The large pharmacy retail chains have made it a stressful environment. Money is the bottom line . Pharmacy career has become a big disappointment compared to 20 years ago. Thank you to the board for listening.
300	The pharmacy should have increased # of pharmacist and technician, with a dedicated phone service
301	The volume and pressure to fill 400 to 500 scripts in 1 day by 1 pharmacist.
302	The workload is so intense. Many technicians do not last because the workload is so intense and it's just not worth the money. Meanwhile the one pharmacist on duty is pulled in 6-12 different directions at any one time. Yesterday I had 6 phone calls all
303	There are too many interruptions when reviewing a patient's profile and new orders coming into the pharmacy. Sometimes I have to come back to the same prescription 3 or 4 times when doing data review (double checking what the technician entered with regards to correct patient, drug, strength, dose, directions and physician) More pharmacist hours would allow one RPh to focus on the data review while the other pharmacist could focus w/ speaking to patients and physicians.
304	There is not enough time to finish everything expected of us. A higher tech ratio or requiring a minimum amount of technicians on duty at any given time depending on script count or other factors.
305	There should be another pharmacist in between a 12.5 hour shift of the main pharmacist to help out with the workload (dispensing, vaccinations, MTM calls, verification)
306	There should be designated person for phone calls and mtm, vaccines . Techs and rph must be sufficiently trained
307	There should not be days where pharmacist is left alone for whole day without any technician help
308	They keep adding tasks only a pharmacist can do, but don't provide extra pharmacist coverage. Requiring two pharmacists at all times should help with this. One can focus on dispensing tasks and another one on counseling and non-dispensing tasks.
309	This surgery is exclusively for Walgreens. I worked as both a floater and a pharmacy manager. We do not have sufficient overlap. Many of us go without bathroom breaks, lunches, and 15 minute breaks because the company wants to save money on pharmacists.
310	Too much work load for 8 shifts for 1 Pharmacist (PIC/Staff duty) Need 3 technicians help OR 2 technicians +1 clerk
311	Understaff issues at chain retail are due to unfair compensation for techs. Their pay rate is so low compare to other industries but was expected to have many responsibilities. Even a fast food restaurant pay their cashier better than a tech that has 3 y

	A
312	Understaffed of pharmacists and technicians, the ridiculous metrics and number of questions at the cash register.
313	Understaffing needs to be addressed. [redacted] pharmacy supervisor for NV, needs to be replaced with someone who will be honest with pharmacists, someone more concerned with hiring pharmacists instead of forcing them into pic positions they don't want, and someone who assists in getting open shifts covered. Technician training programs need to be implemented and pay increased to encourage techs to stay through all the stress of pharmacy. It would be extremely helpful to have more than 1 pharmacist at an open pharmacy so that one may focus on dispensing functions and the other on vaccines/other tasks.
314	Unreasonable metrics/workload. Retaliation. Hostile management / work environment. Erratic schedules lacking work life balance.
315	Until non-dispensing interruptions and non-patient interruptions are eliminated or decreased, NOTHING will change or improve
316	Updated equipment (scanners, computers, filling machines)
317	Utilizing a software system that is completely integrated and not a cobbed array if modules that one must exit and access another portion, obtain an answer, write it down and re-enter is the original field. Simplify.
318	We are not provided with enough consistent technician hours to maintain a proper staff, so technician increase. Removing metrics. Removal of mandatory daily call lists
319	We have a space issue in our pharmacy. Too many bodies filling too many prescriptions combined with an inefficient work flow is cause for errors. Medications are stored in wrong places, too many hands are touching the medications, baskets are falling all over the place, not enough shelving for required documents. Our volume is too high and there's no room to add more technicians, pharmacists, or cashiers.
320	We need breaks, more staffing. Constantly being on œgo go go is mentally, emotionally, and physically exhausting.
321	We need mid shift Pharmacists because 1 pharmacists can't handle 3 cashier, 3 tech, plus phone call from patients with questions concerning their prescriptions.
322	We need more hours provided by the retail pharmacies to staff a pharmacy appropriately. It is unreasonable to have 1 pharmacist 1 technician to hold down a pharmacy doing 200-300+ scripts a day plus vaccinations and all other side tasks including regulatory, and inventory. Retail pharmacy companies need to supply the workforce to have a full functioning pharmacy that meets patient safety needs
323	We need more staffs like pharmacist to help with verify prescriptions and medication, also more technicians to help answer phone calls, ring up customers and help with vaccinations.
324	We need more technician hours and more pharmacist overlap to safely fill all prescriptions for the day. We should be able to schedule as many technicians as it's necessary to fully staff the pharmacy and perform our duties safely. Non-dispensing duties s
325	We need to have our allotted number of pharmacists daily. Most of the time our mid shift pharmacist gets pulled to another pharmacy due to staffing shortages. We also need permanent pharmacists staffing our location. We should have 5.4 pharmacists on staff but we only have 2.
326	Wearing of masks if coughing
327	Well Staffed at all times
328	when i was a pharmacy manager, i voiced my opinion on pharmacy workload was too heavy on annual pharmacy board inspection.
329	While I believe immunization and medication management are essential to patient care, retail pharmacy should not be the primary point of service. Interruptions and increased non-dispensing workload lead to dispensing errors. The level of patient attention is also diminished for non-dispensing tasks because there is not adequate time to spend. Increasing the number of pharmacists on duty when dispensing and non-dispensing tasks are to be performed would greatly decrease medication errors and increase patient care. Allowing Nevada pharmacists to work from home or not within the confines of a retail pharmacy to perform some duties may help reduce workloads.
330	With only one staff pharmacist on duty during a shift during which 400 prescriptions are filled, the expectations are: Clinical Services are discussed and offered to patients; Controlled Substance Stewardship, including detailed reports and contacts with Drs and Pts are documented; Immunizations are given, and we are pressed to do more; the new Test To Treat is being rolled out so that we now perform testing for Flu, Covid and Strep as well and write the prescription for needed medication and dispensing it. This in addition to standard procedures such as verifying Rx's and making sure medications are dispensed accurately.
331	Worked at cvs for a couple years and got burnt out quickly. They don't support pharmacist or technicians. Days at cvs 8819 would at times have one pharmacist fill at least 500-750, some days with one pharmacist and other days overlap for 4 hours. Still s
332	Workload
333	Workload metrics are dangerous, staffing hours need to be increased and [redacted] needs to put people before profits.
334	No response.

	A
1	**Question 55: What workplace conditions, if any, do you believe should be addressed at your primary practice setting to promote patient safety? What suggestions do you have for improving the condition?**
2	**Question 3: Which of the following most closely describes your primary practice setting? a. Institutional/Hospital Pharmacy**
3	**Responses**
4	Adequate breaks for retail folks
5	BETTER ACCESS TO PT EHRS
6	Better communication and training
7	Better communication between management and staff and firm standards that are clear and concise implemented.
8	BETTER EMAR. INCREASED STAFFING. PHARMACIST:PATIENT RATIO REDUCTION (CURRENTLY 1:200+)
9	Better software and computers
10	Better staffing of pharmacists. Less corporate metrics that are not aligned with patient safety, and instead aligned with profitability.
11	Bigger space, consolidating workload on each individual pharmacist, more uninterrupted workflow (the phones!), more staff for the amount of work we do
12	Break time
13	Competant Director who understands the workload and role of staff Rph with experience
14	Compliance with state and federal laws
15	Continue to focus on the work in front of you. Standardizing processes.
16	Decrease patient to pharmacist ratio; have clinical specialists being able to focus on their specialty
17	Decrease phone calls. Have a way to screen non pharmacist questions to technicians
18	Direct involvement of pharmacists in doing medication reconciliation. Provide the necessary hours to perform this function
19	Enough staff to do the work without being constantly rushed.
20	Equally distributing workload, amongst unit base pharmacists
21	Hard to say...the hospital is always trying to reduce safety issues, whether it's pharmacist or technician based concerns (ie, spreading out workload if a job becomes to big for one position, increasing staffing, improving new employee training, etc)
22	Having enough Pharmacists and technicians working. The staffing for the day in the hospital is based off of census. The census for the day is based off of patients admitted by midnight. It does not include the patients that come to the ER(emergency room) and the surgery patients. However, most of the stat medications are from these patients. The staffing should not only be based on census but also on how sick the patients are and requiring stat medications.
23	Having left [redacted] pharmacy at peak of COVID vaccine and testing administration it was difficult to verify prescriptions and maintain safety as the sole vaccinator. Oftentimes I would come into work an hour before my shift was set to begin in order to catch up from the numerous backlog that was left for me the day before. [redacted] notoriously will have one pharmacist work a 12-13 hour shift and expect them to verify 300+ prescriptions while vaccinating, consulting, and clarifying confusing prescriptions from providers. Oftentimes I would work through my lunch and find myself feeling incredibly anxious that I could not provide the level of care or customer service that I wanted to. Having additional pharmacist to complete tasks would have greatly increased work satisfaction and promote patient safety.
24	having managers who actually listen, build quality INTO each process
25	Hiring a cashier/clerk to do the check in and out
26	Hospital corporations should not rely on only the number of patients (œcensus) as the defining factor of how many pharmacist and technicians to staff but they should also account for severity of illness and number of prescription orders requiring veri
27	I think there should be a standard for operating systems. For example, our system is antiquated, it types different directions on the label vs the recording/ checking portion. There should be stricter and more regulated requirements for these systems
28	Improve ease of communications with the Licensed Medical Professional
29	In my previous experience within retail pharmacy, I encountered a multitude of challenges that significantly impacted workplace safety and ethics. The insufficient number of pharmacists and the excessive workload created an environment that compromised safety standards. This situation has led to a collective effort in various states to establish unions, reflecting the growing concern within the industry. One major concern that requires urgent attention is the conflict of interest within the Nevada Board of Pharmacy (NBOP). Members of this board simultaneously serve as representatives for large retail chains while also operating within the Board of Pharmacy. This dual role presents an evident conflict, potentially undermining the impartiality of decisions made. Retail chains are pursuing strategies that prioritize cost-cutting measures over employee welfare and patient safety. There's a concerning trend of advocating for reduced pharmacist wages, increased workloads, and the downsizing of experienced technicians in favor of hiring and training less experienced staff. Regrettably, many initiatives proposed by the Board of Pharmacy seem to align more with maximizing corporate profits rather than prioritizing safer work environments for employees or ensuring optimal patient care

	A
30	Increase in pay for technicians so we can focus on quality and retaining employees instead of constantly training and losing staff to higher paying jobs.
31	Increase in staffing. Overnight I am the only pharmacist responsible for all admitted adult patients of a hospital with nearly 800 beds. Some days I do not have the ability to take a lunch break. On top of verifying all orders, I also must check IVs, cover the pediatric and ED pharmacists lunch breaks, and answer telephones. A technician dedicated to the phone, like the day and swing shift have, has been requested and denied repeatedly. Even just that one technician would alleviate my tasks and help me focus on patient safety. Requests for any extra staffing is repeatedly denied due to budget and currently we are required to flex and attempt to work short staffed during what is typically the busiest time of year.
32	Increase number of pharmacists and remove nursing management over pharmacists
33	Increase number of pharmacists and technicians. Eliminate entirely metric system in Retail Pharmacy. In the retail setting, one pharmacist should not fill more than 200 Rx a day
34	increase staffing
35	Increase the number of staff.
36	Increased local pipeline of qualified pharmacists
37	Increased staffing based on a set minimum staffing grid. Productivity based on census does not appropriately reflect patient acuity or amount of orders being processed daily.
38	Increased staffing, possibly a requirement for a certain number of pharmacists per inpatient per day
39	It's not that we do not have enough employees most of the time. It's that work related duties aren't aligned the best to get the work done that needs to get done in an unfustrating manner.
40	Lack of pharmacy staffing for both pharmacists and technicians should be seriously addressed.
41	Lack of staffing and additional budget for additional pharmacists.
42	Learning environment , better staffed pharmacists and technicians
43	Making sure there is enough staffing and pharmacists and technicians with the specialized knowledge areas. For example, we need a tech who is Med Rec trained to do that in the ED, we need enough residency trained pharmacists to cover all the auditing, medication, patient safety and regulatory requirements. Currently so much is required that it is hard to balance it all while keeping patient's safe and making the needed interventions and follow up with prescribers to optimize patient care.
44	med rec
45	Medication education to staff including nurses, pharmacists, all providers; EHR system modifications
46	Medication History FTE, Oncology FTE, Antibiotic Stewardship FTE
47	More pharmacist to patient ratio on med surge units and ICUs. Right now there is 1 pharmacist to 100+ patients on gen floors, and up to 1 pharmacist to 36 icu patients, including rounding. With such large workloads, detailed work can just not get done.
48	More pharmacists
49	More pharmacists on nursing units.
50	More QUALIFIED staff, not just any staff hired out of desperation. Proper training, less concern for metrics.
51	More staff
52	More staffing
53	More staffing that are trained properly and motivated to work.
54	My new job is great. No issues
55	N/A
56	N/A. Many open positions for pharmacists with sign on bonus and referral bonus, no applicants.
57	Na
58	None
59	none my practice is safe
60	None.
61	Overall medication and order adherence. Multiple bodies of administration are aware of nursing protocols not being followed in terms of medication use and it is very slow moving to fix them, causing potential risk and harm.
62	Pharmacies should be properly staffed with 1 pharmacist and 3 techs for every 100 prescriptions filled per day. Example 400 prescriptions in a day equals 4 pharmacists and 12 techs
63	Pharmacist to patient ratio
64	Physical conditions can be improved by decreasing the amount of noise Provide enough FTE's to cover the hours needed, also to include coverage for vacations ~ the answer is not to just work short to allow for time off. Decrease constant interruptio
65	Prescribers should get popups for duplications , incorrect dose , nonformulary products. Error is allowed into the system because œ we don't want to bother the doctors œ. The pharmacist is to contact prescribers to notify of the error. But Pharmacis
66	provide needed staff, equipment, technology.

	A
67	Reasonable workloads for time allotted, less distractions by adding more pharmacists who will focus on different tasks so that each pharmacist will not be distracted much from their primary duty, doctors being required and held accountable for putting a diagnosis on each prescription for less medical errors, doctors being required and being held accountable for cancelling remaining refills on prescriptions they no longer want the patient to take (i have seen many patients taking duplicate medication or the wrong doses), caps on how many rxs a pharmacist can process a day requiring companies to hire more pharmacists depending on how busy they are and/or how many other non dispensing services they provide
68	Reduce the amount of continuing education required during work
69	Replace the current pharmacy software with more user friendly software
70	Retail pharmacy is a disaster. The chains have too much power and don't treat the pharmacists like health care professionals.
71	Schedule more help during busy times
72	Short staffing of pharmacists and technicians. EPIC is often not updated with correct medication builds and this can lead to serious med errors. Suggestions to improve including hiring more pharmacists and hiring an IT/EPIC pharmacist
73	Staffing of highly skilled clinical pharmacists.
74	Staffing. Training.
75	The amount of orders pharmacist have to process in the inpatient setting along with dispensing duties. More pharmacists in the inpatient setting and not allow manager pharmacist hours to contribute to productivity and technician/intern oversight. A law for minimum pharmacist to patient ratios inside a healthcare institution.
76	The primary goal is to get the meds to the patient safely. If we do not have the staff (due to call out etc), we need to cut back on rounding.
77	The promotion of patient safety will be enhanced by education and knowledge.
78	too much reliance of metrics instead of patient safety
79	Toxic positivity from managers prevents staff from speaking up about staffing concerns. More staff to accommodate increased workload. Need to be allowed to scale back services as staffing allows
80	We need to change to less manual paper work.
81	We need to have separate time to do the disease management and clinical pharmacy consults & infusions, rather than having a laptop open with a computer for reviewing scrips and having to go back and forth between the two in order to complete tasks. We used to have separation and would rotate between the office for patient management and going into workflow.
82	No response.

	A
1	**Question 55: What workplace conditions, if any, do you believe should be addressed at your primary practice setting to promote patient safety? What suggestions do you have for improving the condition?**
2	**Question 3: Which of the following most closely describes your primary practice setting?** **c. Independent Pharmacy** **d. Department of Defense or Veterans Affairs Pharmacy** **e. Non-pharmacy practice setting (i.e., a practitioner's office, at home, at a college or university, etc.)** **f. Consultant Pharmacist** **g. None of the above, I am currently unemployed or retired.** **No Response**
3	**Responses**
4	1st) thank you for conducting this survey. 2nd) the order for question #47 is the correct order as it is listed in my opinion, so I didn't skip it, I left it in the order it was on purpose, 3rd) the attitude that I pay you a lot of money so I can work your ass off & don't complain is part of the causes of all of our misery as pharmacists. No, there is so much more to that is involved in the task of filling prescriptions in a retail pharmacy than what the bean counters do by looking at metrics of just lick, stick, count, & check prescriptions. There has to be a way for the board to use metrics to say enough is enough for abusing pharmacists. I say 200 rx's/day per pharmacist with a couple techs is enough. 4) I am so sick of hearing about metrics & quotas & could just barf! There is no more such thing as patient care in retail pharmacy. That concept is dead!
5	A push to not encourage a "drive-thru" mentality. We (the pharmacy profession) have shot ourselves in the foot because we push the fact that medications can be given to you in 5 mins or less. The pharmacy community in whole needs to encourage marketing pharmacies for safety and precision and less on how fast the pills get to you.
6	All pharmacists should get an uninterrupted lunch break and time to go to the restroom when needed.
7	DIR Reform, Pharmacy Bill of rights, PBM reform, all so that a pharmacist can help patients instead of getting ulcers about negative reimbursements and keeping the lights on.
8	Divide rph pts equally
9	Drop all sales metric measuring pharmacist performance per prescription filed.
10	Electronic prescriptions and transitioning to all electronic. The amount of time wasted on reaching out to the doctors office to clarify poorly hand written prescriptions would be essential to finishing other tasks. Transitioning to an all electronic system, although some clarification would still be needed, would be a great benefit for reduction in errors from look alike sound alike medications as well as time saving within the pharmacy.
11	Eliminate none licensed personel and hire trained and licensed employees.
12	Eliminate pharmacist distractions and interruptions.
13	Eliminate vaccinations
14	Elimination of metrics, avoidance of mandatory unpaid overtime
15	Employer to allow more staffing during open hours " BOP could help by allowing more than 3 techs per RPh , but ultimately the the staffing œmodels that corporate employs are designed by œ bean counters œ and put too much pressure to perform at
16	Have more technicians
17	Having a call center, or adding technicians
18	Having weekly and monthly staff meetings to address patient safety concerns.
19	Hire more pharmacists.
20	I have no issues with my current workplace; however my per-diem retail pharmacy job definitely needs improved work conditions. The staffing and performance metrics seen in retail are ridiculous and do not allow for patient safety.
21	I retired early at 62 years of age because the retail pharmacy I worked for didn't give us lunch break and the previous retail gave us only half hour lunch break and we don't exactly close on time for lunches
22	I think the number one reason for errors in the pharmacy is being understaffed and not having pharmacist overlap and still having to complete prescriptions within a specific timeframe. This leads to errors and pharmacist burnout because they are not being supported. Retail pharmacies need to staff their pharmacies with more pharmacists which in turn would allow more technician help.
23	I work in close door long term care phsrmacy
24	I'm unsure. I'm sure there are areas to be improved, but compared to retail chain, this is the best place I've ever worked. I have TIME to catch errors/typos, I have TIME to call doctors or to call patients regarding questions I have on their meds. I feel much more diligent/thorough here compared to [redacted].
25	Importance of techs paying attention to patient notes
26	In retail, reduce interruptions while doing data entry, prescription checking, echoing call in prescriptions are very important. Maintaining as much quiet in the pharmacy as possible and emphasizing to techs, techs in training & cashiers their importance in maintaining as quiet an environment as possible for accuracy.
27	Increase ratio of pharmacist to technician

	A
28	Increased staffing and not putting all job responsibilities on the pharmacists
29	Less interruptions, or phone calls
30	Make transfers easier
31	More direct patient education.
32	more pharmacist which will lead to less interruptions which leads to less errors
33	More pharmacists. We have so many pharmacist-dependent tasks (many not legally required to be a pharmacist, but employer mandated) at my job that are extremely manual and labor intensive and we frequently have just one pharmacist on duty. Sometimes we have 2 pharmacists, which is much more adequate but can still seem like not enough if there are many phone calls and interruptions and new referrals. Our computer system does not allow scanning of medication, everything enters and leaves the pharmacy with manual entry and check.
34	More Pharmacists. Get rid of work metrics. Spend more time filling out time forms than doing a proper patient care experience.
35	More space
36	More techs
37	My primary practice is good, but when I worked for Walgreens full time as a central utility RPH, I brought out concerns of Pt. Safety constantly, they were ignored. I was pressured to verify under 10seconds, and threatened with termination weekly.
38	My work site and position are not in a retail setting however I have many friends that work in that setting and there is a lot pressure to complete all the tasks as quickly as possible with minimal staff, that breds patient safety situations. I have prior extensive experience in institutional settings and staffing is also highly scrutinized, not so much by pharmacy leadership but by those in C Suite positions. Many times those individuals are not pharmacists and have no frame of reference as to what is needed or appropriate. Staffing models in hospitals cannot be based on same metrics as nursing or other departments. There is no real direct conversion for pharmacy productivity in that setting.
39	N/A
40	Na
41	Need pharmacist double coverage to complete management tasks. Another pharmacy technician to help process prescriptions.
42	no suggestion
43	No suggestions for my current workplace. My current job is very fulfilling and why I chose pharmacy. However, I used to work for a big box retail company. The expectations they have on one pharmacist are absolutely unrealistic. When I used to work fo
44	None
45	None and my current practice
46	None at the moment
47	None at this time
48	none right now
49	None.
50	None. Be able to work at your own pace and not be rushed
51	Non-stop demand for more, faster. Eliminate greed driven mentalities and hiding behind the excuse of: œcost of operations.
52	Not applicable
53	Not enough staff. Hire more staff
54	Provide support structure that enables the pharmacist to provide non-dispensing functions the appropriate time to provide direct patient clinical services without dispensing interruptions.
55	Publishing prescription counseling metrics for all pharmacies. For example, at pharmacy xyz 68% of all new prescriptions were counseled by a pharmacist for the past 3 months.
56	Reduce phone interruptions. Reduce paperwork.
57	reduced pressure to process all waiting prescriptions within 15 minutes
58	The biggest concern is the number of technician working. I believe in my DHA/DOD setting that Active Duty Service Members should not be transferred without a replacement. We have had two civilians change jobs and three active duty members transferred overseas since October of 2022 and have just hired two civilian replacements but no Active Duty Technicians to replace the ones that have left. I have 3 people (myself included) running a 7 staff pharmacy. I am doing more technician duties than pharmacist duties after close of business just to keep up. I left a retail job where the last straw was being the only pharmacist on duty from 8 am to 2pm while administering over 100 COVID vaccines plus flu and pneumonia and zoster vaccines.
59	There is biased against employees and managers will discipline employees of their choosing and not reprimand employees who actually caused patient harm.

	A
60	To improve patient care, companies should conisder overlapping pharmacists for 4 hours or more; another option is to have pharmacists working together; lack of breaks/relief for pharmacist is another big problem which increase fatigue in a pharmacist and that increases the potential for errors reaching the public.
61	Treatment of staff in retail chains
62	Utilizing all employees to their fullest capabilities. Ensuring everyone is held accountable for their responsibilities so others don't have take on more work to ensure patient safety.
63	we need more pharmacist to further assist patients. We need to eliminate metrics as those metrics are not in the patients best interest. Metrics are being used by big companies to add additional pressures to pharmacist forcing them to work faster or else that would lead to coaching metrics. Everyone works at a different level of comfort. And there are circumstances arise during a work day that may interrupt those metrics. We are not pharmacists but we are machines trying to beat the clock each and every prescription. If patient's knew the stress we are under and with medications that they're ingesting and the possible errors that occurring on a daily basis. We are only promoting mortality for them and we are not taking the steps needed to better our profession.
64	working on prescriptions uninterrupted with calls, transfers, new phone rx, insurance calls. manditory electronic prescriptions
65	Workload is too high, targets for pharmacy metrics are too high, as these all compromise patient safety. There should also be a mandatory UNINTERRUPTED lunch break for the Pharmacist.
66	Workload left over from other pharmacists that don't complete task or cherry pick. This puts an extreme strain on the pharmacists that are left to complete tasks.
67	No response.

	A
1	**Question 56: What other recommendations for changes do you have that you believe would lead to improved patient care or patient safety?**
2	**Question 3: Question 3: Which of the following most closely describes your primary practice setting?** **b. Retail Chain Pharmacy**
3	**Reponses**
4	1 hour lunch
5	1. I work multiple locations and practice hours within the same company. I have to address over 800+ scripts during a shift with other services. I work the overnight with heavy emergency room orders. 2. It is harder to help patients in a safe and quality manner the more interactions you have to supervise. (Aka why I am in opposition to increase in ratio) not about extra help. It is the missed opportunities to stop errors and improve patient care. 3. Improved patient care and safety requires the ability to answer patient questions and build confidence. My recommendation is to not change the ratio of technicians to pharmacist in my practice setting. I recommend that no company should demand phone hold time or other metrics/surveys be used in pharmacy as indications. I recommend adequate in store pharmacist staffing by volume. 200 to 250 per pharmacist with minimum of 2 technicians plus 1 if there is a drive thru. I recommend signage to remind patients that we are not a fast food restaurant. I recommend adequate compensation for dispensing presciptions (insurance companies) to afford the necessary staffing. Non-pharmacists should not be supervisor of pharmacists. Zero understanding and training lead to patient safety gaps and decreases in overall patient care needs.
6	1.Ratio rph: tech increase to 4:1. 2. Rx volumes will dictate minimum staffing of : cashiers and tech and rphs that is fair and safe for patients and associates
7	1hr lunch, clocking in and out plus OT pay like California and less Chiefs over the pharmacist . Every boss or supervisor takes time to explain why or why not something can be done . If you cant see that as a distraction then im talking to the wall. If you think I am being overly dramatic you should do a survey asking pharmacy employees 1 question . Have you ever broke down and cried because of work and if so how many times .
8	2 pharmacist minimum per shift
9	2 pharmacists at a site
10	2 technicians to a pharmacist at all times, except within the last 2 hours of the workday where only one may be required
11	A designated employee to give immunizations who is not the dispensing pharmacist. Eliminating metrics that measure productivity verse last year or œplan and constantly leave the pharmacy focused on pushing services instead of safely dispensing medicat
12	A retail pharmacy should be a pharmacy; the pharmacist should not be assigned management of the rest of the store, nor should the store staff have access to the pharmacy at all.
13	A wage minimum for technicians state wide. Clerks at gas stations make more, and techs have peoples lives in their hands. It hard to expect techs to truly care about their profession when the industry doesnt value their role enough to pay them more t
14	œApply online œ doesnt work.
15	Actual private area for counseling. Allowed to close drive-through or lobby service in low staff situations.
16	ACTUALLY FOCUS ON PATIENT CARE INSTEAD OF METRICS AND PROFITS.
17	Added workload=needs more staff.
18	Additional staffing to ease the workload for pharmacy staffs
19	Adequate staff, no increase to the tech ratio (I dont need another person showering me with more work) and 8 hour shifts with adequate breaks. More than 1 pharmacist on duty in any store filling more than 200 prescriptions per day.
20	Adequate staffing. Reasonable expectations. Reasonable and humane pharmacist schedules.
21	Adjust tech ratio to unlimited.
22	Again, I think better staffing is the biggest help.
23	All metric should be removed, they serve no purpose for patient care or patient safety
24	All pharmacies open for more than 10 hours should have three pharmacist scheduled to provide assistance and truly uninterrupted breaks as well as actual time for PICs to handle additional duties required to design, audit, train and implement safety related SOPs.
25	All technicians supposed properly trained to help on any appropriate stations such as RTS, QT, Inventory, cycle counts, not just at the cash register and production. But some technicians are not trained enough on some other stations or do not know how perform particular functions. This raises workload for pharmacist and might impact safety.
26	Allow more staffing and overlapping so that pharmacist can focus on their jobs and avoid interruptions from customers/phone calls.

	A
27	Allow technicians to ask patients if they would like counseling. While I love talking to patients and going over their medication a large percentage refuse the consult. With all the duties and expectations put on us it would be nice to continue working rather than leaving my station and thoughts just to be told they've had the medication before or they're just not interested. My technicians are capable of offering consultation and then bringing those interested down to the pharmacist. When counseling first started it was novel and patients were willing and wanting to listen, however nowadays most just say no.
28	Allow the pharmacists time to truly consult on a new prescription. We have 2 drive thru lanes and 3 walk up counter lanes. Not able to consult all at once.
29	Allow the PIC to decide how many technicians that they can safely supervise based on practice setting...with technology not all pharmacies operate the same so regulations should not have a one size fits all approach like they do today.
30	Allowing ALL staff to take a break/lunch. Also, designating a person(s) to do non-dispensing responsibilities.
31	Allowing for patients to be able to accept or decline counseling to a cashier or technician or even electronically. Or having a better way of making sure we are only requiring counseling on truly new prescriptions versus new prescription numbers that are linked to a drug the patient has been on long term with no changes.
32	any and all phone items, such as MTM, reminders, refills, etc. no phone at all. it is too hard to handle. get a call center. get a pharmacist to give vaccines or a tech only to do the coals and vaccines
33	Appropriate staffing. At least 1 tech hr per 8 scripts filled in 1 hr
34	Aside for more staffing, we need someone to answer the phone ton ensure that the Pharmacists can answer the phone that is needed by the patient or other medical practitioner that only the Pharmacists can do and also someone will be in charge as the cashier rather than the Pharmacist do it and getting behind to our job as a Pharmacist
35	Being constantly interrupted is the and fatigue are the major problems with patient safety. Having additional pharmacist staff per 11-12 hour shift would greatly help. Also, 1 30 minute meal break on an 11-13 hour shift is not enough.
36	Better behavior from patients
37	Better pharmacy software to catch DDIs more accurately
38	Better scheduled hours for the staff throughout the entire work day
39	Better system esp with CAP counseling with Walgreens intercom. Also need faster speed to get things done faster.
40	Better trained pharmacy technicians...better qualified because training them while dispensing is also very distracting
41	Better training for technicians
42	Better training programs for incoming technicians. It's hard to train a new technician hire on site. It actually takes away from the workflow and available technician help to reach and train, which just creates a more unsafe environment.
43	Better work environment
44	Board of pharmacy should implement how rxs can be done by one pharmacist
45	BOP should further regulate and limit the providers' pain prescriptions to solve the opioid epidemic.
46	Break time
47	Chain pharmacies need to focus less on metrics and more on patient safety. Only way to do that is by allowing pharmacies to have enough staff on any given day to safely fill prescriptions. Pharmacists should not feel obligated to come super early, skip l
48	Clean working environment and better health and safety conditions in the pharmacy. There's not time to clean when processing 600 or more prescriptions a day and our clientele are demanding.
49	Clinical/MTM services should be done by non-dispensing pharmacists. Impossible to do both effectively and safely
50	Close on Sundays Close earlier surprising the week No more 12 hour shifts
51	COMPLETE and ABSOLUTE separation of dispensing services and non-dispensing services. Non-dispensing services are great opportunities for patients but MUST be treated/respected as such, not just another number in a metric.
52	Corporate companies giving the appropriate budgeted hours for pharmacists and technicians. For safety the tech/ cashier hours to rph hours should not be 7:1.
53	Corporate to treat as professionals' healthcare not sales to make them rich.
54	Decrease the number of non-dispensing related activities.
55	Decrease workload
56	designate specific staff for specific task during the shift, reduce amount of multitasking like jumping around from stations
57	directly phone call to provider for rx concerned about
58	Do a script volume to RPH to Tech ratio regulation. At 1 location I did 900 a day with 1 RPH for a 11.5 hours shifts. So basically each script I will only have 46 seconds to verify (assuming I dont do anything else in a pharmacy), so to set a limit o
59	Dont allow unrealistic metrics. Allow enough help for Day to day pharmacy practices.
60	Eliminate metric lead mindset completely..
61	Eliminate metrics

	A
62	Eliminate metrics , eliminate flu shots goal or immunization goal, provide more technician help will greatly increase patient safety.
63	Eliminate metrics based on volume of prescriptions
64	Eliminate non dispensing responsibilities and the constant threat of disciplinary action if metrics arent achieved or individualize the responsibilities to realistic expectations.
65	Eliminating COVID testing at pharmacies or having dedicated locations, not approving flu testing, increased staffing during flu shot season, improved training, measures to reduce burnout and turnover in staff
66	Eliminating metrics. Prioritizing pharmacist well being.
67	Eliminating vaccines in the retail setting. Eliminating MTMs and phone calls to patients.
68	Employee training
69	Enforcing practitioners to adhere to gdmt. Especially for opioids.
70	Enforcing the counseling laws.
71	Engaging more pharmacist in upper pharmacy management in the companies as against using non pharmacist who do not know nitty-gritty of processing prescriptions and optimal clinical patients' care services .
72	Extra help at least on counter. so tech do data entry , one tech do counting and answer the phone and Pharmacist can focus on verification and counsel rather that filling , typing verification all to gather in rush ,besides doing vaccination or mtm Staffing model is very unrealistic 1 pharmacist 2 techs w,t,f One tech constantly on counter so one tech and pharmacist work inside to everything from order to typing to answering phone , counting , insurance problems etc. constantly in rush and pressure to finish things in suggested time line
73	Extra help for non dispensing related work load
74	Fewer metrics overall. Also, vaccine "goals" should not trump shared clinical decision making for appropriate vaccines for individual patients. Corporate needs to stop trying to make us do everything for everyone. Flu/COVID vaccines? Sure. But is a stressed out retail pharmacy really the appropriate place for pediatric vaccinations? I don't think so. Also you could mandate a way to make them give us the time, resources and help to let us do our jobs and actually talk to every patient like we want to.
75	Finally, I would like to mention the kindness of a pharmacist during practice. The pharmacy manager demanded all pharmacy staff not give any discount to the patient (without insurance) unless they ask because this will affect the profit and bonus of the
76	Fire the manager
77	Focus on patient safety and production quality rather than metrics and bottom line
78	Get back to filling prescriptions. Reform the PBMs.
79	Get rid of metrics.
80	Get rid of metrics. Pharmacists are forced to buzz through drug interaction warnings because corporate and management wants us to finish a certain amount of prescriptions each day.
81	Get rid of the metrics, make greater staffing levels mandatory to be open for business, and level the playing field so that independent pharmacies can be profitable again and increase the amount of choices patients have for where they can fill their pres
82	Getting rid of metrics that our company requires. Let us just attend to our patients, be staffed enough to have conversations with our patients without feeling rushed.
83	Getting rid of the rxom position a lot of times that technician will try to boss the pharmacist around even the store manager will try to boss the pharmacist around but its our license. No one should be able to boss us around when it comes to us making
84	Give more time for vaccines, 10 minute windows is not enough when some patients are new and getting multiple vaccines, inputing insurance info and drawing up multiple vaccines can easily take more than 10 minutes. Less calls to patients for MTM when we barely have time to help the patients within the pharmacy.
85	Give pharmacist more power to reject and modify medication management. MDs now cooperating with Rp
86	good language translation services are required.
87	Happy employees make happy & safe patients. Something has to change, the big pharmacy's are great at promising change & then slowly pulling them away or never even implementing.
88	Have a pharmacist and technician work an hour before the pharmacy opens PAID and get a head start for the day. This time, there will be no interruptions, focusing on dispensing safely. Again, never allow a pharmacist to be alone. Employers should not pus
89	Having a proper workload set by the pharmacy board would enhance patient safety and care.
90	Having a way for pharmacists to better communicate with patients doctor to clarify, discuss prescriptions
91	Having either an extra RPh or tech or clerk

	A
92	Having more staff to deal with constant phone calls, ringing out / counseling patients, giving vaccines, doing MTMs, all while verifying and processing prescriptions. If retail chains want us to do more, they need to provide more staffing to ensure patient safety and also prevent us from burning out from the workload.
93	Having more than one pharmacist in busy stores
94	Having the PIC have enough time to do PIC workload instead of trying to do PIC workload during a staff pharmacist shift. If PIC is part of the workload for the day but has other tasks, they are constantly getting interrupted which then increases workload for other staff pharmacists.
95	Help with more technician help and reducing non dispensing responsibilities.
96	How long does it take to safely fill 1 prescription ?
97	I believe more help, be it pharmacists or technicians, would have the greatest impact on improving patient care and safety.
98	I believe patient care would be improved if the pharmacist didnt have to administer so many vaccines. There are days when 40-50 vaccines are administered without additional pharmacist help.
99	I believe that there should always be a pharmacist that can just focus on safety, especially for the more complicated patient cases. One that does not run the risk of getting interruptions and has time to thoroughly review a patient and guidelines and m
100	I believe there should be more education on how to maintain health rather than take a pill for everything. Pain management has gotten out of hand especially with the use of narcotics. Doctors need to re evaluate what they are prescribing across the board.
101	I can only think of more labor. Maybe having one or two people that are only focusing on non dispensing activities. I understand the need for these services but they cannot be added to the already overwhelmed dispensing pharmacist.
102	I do not like where these questions were heading with what seems to be leaning toward removing non-dispensing activities from a dispensing pharmacist. Efficiency can be achieved to provide quality patient care but there are fewer practitioners with that capability here. The most effective non-dispensing interventions come from the pharmacists who dispense that patients medications. We have seen a large drop off in the quality of these services when moved to centralized services!
103	I have noticed instances where patients, upon receiving new prescriptions, do not consistently receive the level of counseling that is crucial for their understanding and adherence to prescribed regimens. Patient counseling is a cornerstone of responsible pharmacy practice, serving as a vital means of empowering individuals with the knowledge they need to safely and effectively manage their medications. In the retail setting, where accessibility and patient interaction are paramount, the impact of comprehensive counseling cannot be overstated. Because retail pharmacists often face time constraints and high workload demands, the observed lack of counseling represents a potential gap in patient safety and care. Patients may not be fully informed about their medications, including important details such as usage instructions, potential side effects, and other relevant information that could impact their well-being. By increasing the staffing levels, retail pharmacies can mitigate the impact of time constraints and high workload demands on individual pharmacists. Additional personnel can contribute to a more efficient workflow, allowing pharmacists the necessary time to dedicate to patient counseling without compromising on the overall operational efficiency of the pharmacy.
104	I have to work a whole day shift without a technician. I have to process insurance, Good Rx, give shots, run a cash register and answer the phone¦¦alone! Not safe for patients.
105	I honetsly believe that pharamcists shouldnt be working more than 8 hours in a retail setting. Its go go go like a fast food place from the minute you walk in and creates a perfect environmnet for mistakes to be made. This is also leading to less job satisfaction and pharmacists are just so burnt out that its affecting patient care and their personal lives.
106	I know that you guys have no control over this but if we were able to retain quality technicians in retail it would improve patient safety. But the reality is that they are overworked and underpaid. We are asking them to be immunizers without additional
107	I see multiple filled prescriptions for the same drug on a daily basis and when management is asked about it we are told "yes, but it gets deleted at the end of the day". Any and all prescriptions are entered either by technicians or by an automated system without regard to patient history review. As a clinical review pharmacist we are given seconds to review, fix and/or return Rx's for corrections. It is obvious that Rxs are "pushed out of the queue" just to get rid of it to avoid time spent.
108	I suggest better staffing and advocating support services for the pharmacy team. Cut back on high demands for non-dispensing services (MTM services, immunizations, and point-of-care testing) to focus more on the individual pharmacy teams for better retention. Most people tend to leave due to harsh work conditions (listed above)
109	I think all prescriptions should be electronically from practitioners to pharmacy
110	I think doctors should be required to provide patient's weight, height, and/or lab work that could be relevant to the prescription, especially for children dosing. On inventory day, another pharmacist needs to be scheduled. This is currently not a requirement and we are expected to count all of the inventory while doing our normal duties which is next to impossible so we all end up staying past our paid hours to get it done while the next shift pharmacist is there.

	A
111	I think that having a minimum set number of technician and pharmacist staff per number of prescriptions filled, that could not be decreased by the employer would be beneficial. I also think that the extremely unrealistic expectations with regard to our metrics needs to change. I got into this to help people, not to be a salesman, cold-caller, or any of the many other, non-pharmacist hats that we are required to wear.
112	I think we should discuss/decide what is a safe number of prescriptions/vaccinations ONE pharmacist can safely perform and staff the correct number of pharmacists. I don't always believe increasing the tech:rph ratio will help. It helps a little but it can also lead to more attention diverted to supervising more technicians. In the end, everything funnels down to the pharmacist.
113	I want mandatory longer lunch hours. At least 45 minutes. We work long shifts, give us a break!
114	I would like to recommend All Prescribes should be sending prescriptions now electronically not just for controlled substances. The fax submission should be eliminated because the ink smears letters and numbers. Examples: 5 may look as 6 or the other way. We have to call and verify each time.
115	I would like to see [redacted] work from home division remove their metrics for reviewing prescriptions and assessing DURs. I understand why work from home requires some monitoring to make sure people are actually working, but they are always on us about making sure we are reviewing prescriptions faster. The department goal is to review a prescription in 16.6 seconds or less and complete a DUR in around 6 seconds. I have zero quality events, am a very dedicated worker (no non-work tasks on company time), and cannot meet this expectation. I'm being threatened with write ups, etc to go faster. I'm a great pharmacist and I shouldn't be forced to review a prescription in a certain amount of time or face discipline. I want to make sure the prescription is safe for the patient. [redacted] rushing us and constantly putting pressure on us to go faster is risking patient safety. Patient safety should come above all else.
116	I would recommend less paperwork required to be printed and kept on file. Pharmacy spaces are crammed full of paperwork for vaccines, prescription processing, etc. It makes it very problematic when we are constantly asked to inventory stacks after stacks of paperwork required by all the different corporate regulations on top of DEA and BOP requirements
117	I would say if the company should be required to staff the pharmacy as the pharmacy manager deems. The people sitting in the office only see numbers and not the total experience we are expected to deliver to the patient. Also computer systems should be required to run properly. If the company cannot fix the issues the system should be removed.
118	If retail pharmacies want to provide clinical services to patients, pharmacists should be required do that in a clinical, uninterrupted setting.
119	Immunizations at the pharmacy is important due to it's accessibiliy. I feel that it really requires a dedicated space and a dedicated staff, if we are to continue to focus on this as large source of revenue.
120	Immunizer should not be part of the workflow or limit immunization.
121	Improved relationships with other healthcare professionals and re-establishment of our profession as doctors of pharmacy. We have become a œswap meet of healthcare¦.we need to re-establish our profession as being the medication experts.
122	Improved response time with providers as most calls go to voicemail or have to leave a message
123	Incorporating a separate entity to perform medication treatment management calls.
124	Increase amount of pharmacists on duty during a shift.
125	Increase in pharmacists/decrease in individual workload. More paid time off would lead to more refreshed pharmacists. Nurses that have a high work load have more days off (usually they work three 12 hour days and have 4 days off) We are easily as high paced as the nurses.
126	Increase number of pharmacist and technicians
127	Increase overlap pharmacist hours and increase technician hours
128	Increase paid rate for technician to reduce turn over (keep experienced technician)
129	Increase Pharmacist Staffing
130	Increase pharmacist to technician ratio. Require all pharmacy technicians get nationally certified.
131	Increase reimbursement from insurance companies
132	Increase staffing with fair scheduling, not to use productivity numbers (and how fast you are) to mentally stress us out. So we dont rush to do things.
133	Increase staffing.
134	Increase tech ratio (4/1) is good
135	Increase technician and cashier help
136	Increase technician to pharmacist ratio
137	increase the number of pharmacists per shift
138	Increase the number of pharmacists per shift.
139	increase the number of techs and pharmacists and offer training hours in addition to tech hours
140	Increase the technician to pharmacist ratio
141	Increased in the amount staff both pharmacists and technicians
142	Increased pay to match current inflation rates.

	A
143	Increased staff, especially pharmacists. But we also need better incentives for technicians
144	Increased staffing
145	Increased staffing and adequate training time is most important.
146	Increased staffing and directing non-dispensing and non-patient responsibilities away from pharmacists to improve patient safety. Suggest scheduling more shifts or more staff to focus on non-dispensing and non-patient responsibilities.
147	Increasing staff, have mandatory two 15 minute breaks and 30 min lunch and midshift pharmacist to allow this to happen.
148	Increasing technician pay will help retain and attract more quality applicants, which will lead to improved patient care.
149	injections are stressed by cooperate because of profit margin increases from them. Yet no additional staffing, time, or safety issues are addressed for the increased work load. of course extreme pressure is constantly put on the pharmacy to increase injection numbers because of the greater profitability.
150	It would be nice to have another pharmacist on duty to focus more on patient counselling/immunization counselling, therefore not rushing to keep up with the dispensing workload.
151	Just appropriate staffing levels in the pharmacy and stop pressuring pharmacist with ¨metrics.
152	Just fill prescriptions
153	Keep equipment current and in working order.
154	Keep safety items in stock
155	Legal regulations should be made to make sure that no pharmacist work alone with no help. Also, the pharmacist should be allowed to leave pharmacy during lunch break while the gates are closed. We are still required to stay in the pharmacy or in the store building.
156	Less controlled substance volume. Only allowing certain amounts of opioids/gfds done daily because these are very time consuming prescriptions to handle, verify, fill, and put documentation from the doctors.
157	Less interruption so pharmacist can have time to talk with patients, extending lunch hour for staffs (30 mins not enough to have lunch and rest), less non-dispensing service
158	Less interuption to the pharmacist..more staff ..better training for technicians
159	Less metrics especially for non dispensing activities. We need to be able to focus on safely filling scripts in a timely manner.
160	Less metrics expectations.
161	Less workload to be able to actually verify scripts and minimize errors
162	Limit vaccination schedule ,but if the can schedule more help Like Cashier or tech we can do vaccination
163	Longer breaks, 30 minutes isnt sufficient.
164	Maintaining 3:1 tech to Rph ratio and encouraging staffing to be 1 Rph (8 hour shift) for every 200 prescriptions processed to ensure safety. (Eg. 500 prescriptions = 2.5 pharmacist shifts)
165	Making it mandatory for more than 1 pharmacist per shift for every 300 scripts per day.
166	Mandated breaks
167	Mandatory 1 hour lunch to prevent burnout.
168	Mandatory meal lunch for all pharmacist
169	Maximum # of prescriptions that can be filled by one pharmacist. Metrics that are used to push speed over safety. It is all about the #'s not safety. Retail pharmacy is not set up for safety, but getting the most out of each employee: Each employee at the pharmacy is expected to multitask(answer the phone while typing or filling, ring out customers and run back to fill, or type. Pharmacists are giving immunizations then running(literally in some cases) then verifying prescriptions answering the phone and running to do a new drug consultation. All being monitored and timed.
170	Maximum 8 hour shift for pharmacists and treat anything extra as overtime just like in California, so that retail companies would ensure having two pharmacists present each day. Eliminating metrics would drastically help with patient safety as well becau
171	Maybe starting for, and paying for, shifts that begin before opening. It can allow a good start on the day to not feel like you are starting the day already being behind on workflow and then having things pile up as the day goes on. Emploers could reduce hours that the pharmacy is open, but still have the employees work, closed door, to get good uninterrupted work done which would increase focus and safety.
172	More adequate cleaning of pharmacy interior and exterior and the onboarding of more experienced pharmaceutical technicians.
173	More effective text and messaging capabilities rather than phones
174	-More guidelines/requirements on staffing (ie when multiple pharmacists on required, staffing/labor requirements) -No metrics -Requiring cashier options (ie some companies do not allow cashiers whatsoever and really should be required to create systems that allow for cashiers)
175	More help
176	more help with non pharmaceutical help such call center to help with non stop phone calls

	A
177	more patient understanding md tells patients their script will be done in 20 mins without checking ie if it's in stock if we are at lunch or even not open yet or multiple controls being filled early and we say no after checking pmp and calling Dr back only to leave a message as they are completely unaware 120mme or that is 12 days early.
178	More pharmacist on duty
179	More pharmacists in same shift.
180	More pharmacists per shift in a 24 hour store.
181	More pharmacists required to be staffed
182	More pharmacists should be staffed in pharmacies that have high demands. It is dangerous for one pharmacist to handle >300 prescriptions and supervise > 3 technicians during a shift.
183	More staff
184	More staffing
185	More staffing all around, but must hire 1 pharmacist to every 2 technicians. Safe measures must be taken so that employers cannot find a loophole and just hire more technicians or cashiers without additional pharmacist help. Pharmacists should be able to complete non-dispensing roles without the pressure of meeting metrics for dispensing. Employers should be required to have different pharmacists completing different tasks rather than having one pharmacist complete dispensing roles as well as non-dispensing roles. Employers should have clinical pharmacists on staff to complete non-dispensing roles such as immunizations, patient education (diabetes, smoking cessation, PrEP/PEP, contraception), MTM, and all other tasks that require more than 10 minutes of undivided attention from pharmacist. Employers should be prohibited from requiring dispensing pharmacist to complete any tasks that will take away from processing prescriptions and providing first fill consultations.
186	More staffing that companies must adhere to (provide hours). If we had enough staffing throughout the day, the pharmacist can truly focus on patient care. Increasing the number of techs we can supervise as an rph will not change the problem of the compan
187	More staffing with both pharmacist and technicians. Less metrics and that alone I feel will make huge strides in employee turnover and create less stressful work place environments
188	More staffs
189	More support from pharmacists and technicians
190	More tech help
191	More tech help required, pharmacist should not have to work alone, extend their to fill prescription
192	More tech hours
193	More techs
194	More techs or clerk help at the counter
195	More than 3 technicians per 1 pharmacist should be allowed.
196	More than one pharmacist on duty at a time. Well trained support staff
197	More time for counseling, I feel rushed to get to the next patient
198	More time for patient counseling ergo more pharmacist hours.
199	Move all waiting areas far away from hearing and watching all patient interactions
200	Multiple pharmacist on duty.
201	N
202	N/A
203	Na
204	Needs to remove CLIA services from the pharmacy which is affecting and delaying patient getting medication due to pharmacist is busy providing CLIA services.
205	No metrics or goals
206	No pressuring for metrics
207	Non dispensing activities have to be a dedicated task and should not be required to be completed between processing prescriptions
208	None
209	Not allowing customers to verbally abuse pharmacy staff.
210	Not allowing other store departments (deli, bakery, etc) to use our profits to cover their loss in sales, causing pharmacy to have to cut available tech hours even more.
211	Not doing immunizations
212	Not to focus too much on non pharmacy related tasks and numbers.
213	OTC recommendations from non prescription customers are a nuisance when trying to deal with our own patients prescriptions. Also, because of our relationship in the community, we have patients that come and take up our time counseling on prescriptions th
214	Outlaw metrics

	A
215	Outsource refill calls, delivery orders.Eliminate covid/flu testing at retail pharmacies
216	overlap pharmacists
217	overworked/harassed pharmacists = deadly mistakes
218	Patients getting tested for diseases in a place that can also treat them if they were in fact positive.
219	Patients no longer respect the work we do. Our employers have reduced the profession to a glorified cashier. When people walk up to the counter they don't understand the importance and the magnitude of the work we do. They expect quick service and our employer demands it through metrics and unrealistic expectations. Vaccinations are something we are expected to promote without any consideration for patient safety. Appointments are scheduled at all times of day and night and regardless of staffing levels. Feels like we're just throwing darts when vaccinating and just billing insurance, ringing up people, and listening to complaints.
220	Patients over profit
221	Patients should be more realistic about their expectations we deal with insurance rejection daily and we could not find enough people to help resolve insurance and they want the pharmacy to bring in more scripts make more calls give more immunization! Pl
222	Penalizing pharmacy supervisors and companies harshly
223	Pharmacist overlap Dedicated Rph or tech for vaccines Dedicated Rph for calls and mtm
224	Pharmacists do not have time to drink water. I remember once mentioning to a pharmacy manager that Im trying to remember to drink water more. She said- but how can you drink water? Because then youll have to go to the bathroom and you dont have tim
225	Pharmacists have been forced to stay and work without pay in order to keep up with workflow and keep conditions in the pharmacy "adequate" to care for patient safety. It has been an open secret in the industry for decades. Due to fluctuations in the current economy, pharmacists' pay is now decreasing rather than increasing, leading to a crisis point in the industry.
226	Pharmacists or technicians whose primary job is everything except dispensing.
227	Pharmacy employees need to feel valued by their employers. Taking care of your staff goes a long way for workplace productivity. [redacted] pharmacy was the BEST company I ever worked for. They took care of us and no one ever left. The minute [redacted] bought [redacted] out, everything went downhill.
228	Pharmacy guilds,chains respecting pharmacists,board inspectors surprise visits to problem stores unanounced ti see what really goes on
229	pharmacy need more staff or eliminating metrics
230	Pharmacy staff cannot legally work until they clock-in and receive pay. This will prevent pharmacists from arriving early to work several hours early to catch up while being off the clock. This is often abused by district managers, who knowingly have their employees come in early off the clock. A possibility of how it can be enforced is to make it a legal requirement to clock-in after logging into a computer. I wish there were better ways to enforce this.
231	Pharmacy technician pay needs to be increased,so that the best can be recruited.
232	Please expand technician to pharmacist ratio, Increase number of technicians allowed per day, please add the legal minimum number of 2 technician required per rph as a requirement so that the employer would not allow to cut technician hours too low. Please also increase technician pay. They deserve to get pay $18 minimum with this type of setting.
233	Please require pharmacies staff 2 pharmacists per shift.
234	Pls remove metrics
235	Provide enough hours
236	Pt safety starts with enough help. Having 2 pharmacist on duty is a huge help even if the overlap is only half of the day. There are simply too many questions or situations that need to be resolved by RPh which being alone definitely leads to interruptions and distractions.
237	Putting a cap on how many vaccine appts per hour.
238	Read above
239	Reduce the amount of phone interruptions in and outbound. Allow pharmacists the right to deny disruptive patients like a doctors office will by severing them from the practice.
240	Reduce the metrics or the expectations the company is using to measure performance. It's a lot of pressure to try to get 80% of prescriptions out on time, expecially when your averaging 400 rx a day w/ no pharmacist overlap.
241	Reducing pharmacist to tech/ cashier ratio back to 2 to 1
242	Reducing pressure to immunize and pressure from district managers to speed up workflow while also managing other tasks
243	Refer to question 55.
244	Reform or eliminate third party insurance. The technology is there
245	Regarding to patient care and patient safety, working with a super busy pharmacy, we absolutely need to have at least 2 pharmacist to counseling & answers all the questions related to the therapy.

	A
246	Remote verification should be addressed. My company allows pharmacists in other states to review rxs and I have found countless errors they have approved upon product verification in the store. If I did not look back at the hardcopy for every single rx I physically check at product review, the errors would have been dispensed. And at that point the NV BOP would not be able to discipline the pharmacist that is responsible but licensed in another state. The workload placed on me requires me to use remote verification but if I had more help I would be able to not use it.
247	Removal of pharmacy metrics
248	Remove customer service surveys as a factor of how good a pharmacist is. My employer wants every Rx to be filled in 10 min or less if patient is waiting in store regardless on how many Rx has been dropped off . Fearful of a bad customer service we have to work super fast. Total time to prepare RX under 5 min . We should not be pressured to multi task . Answer the phone , while preparing vaccines and verifying Rx all at the same time
249	Remove metrics from retail pharmacy.
250	Remove metrics or unrealistic metric goals
251	Removing metric based performance review processes would put the focus back on safely dispensing as opposed to dispensing quickly.
252	Removing ridiculous goals
253	Removing the requirement for digital enrollment, auto refills, mtm and specialty refills. Everything we do is a metric and is monitored. This all takes away from patient care and safety.
254	Require at least 1 pharmacy technician be staffed during all open hours
255	Require call centers for patient requests
256	Require more pharmacist overlap Give more tech hours Require certain amount os scripts per rph
257	Respect for Pharmacists and eliminate the chaotic work environment.
258	Retail chains are cutting hours and increasing workload on all staff to the determinant of patient care.
259	Review protective PTO policy for techs, they can call in anytime even right before the shifts and come late too
260	See #55. Substitute insurance for government.
261	See above
262	Significant education and additional training. Gaining experience as a new grad pharmacist should come with less potential for patient harm.
263	Space is an issue--We are currently performing Clinical Services in a makeshift 5'X3' booth next to the bathrooms at the [redacted] Market. Something more accommodating and sterile not to mention more comfortable for Patients would be welcome by all.
264	Spending adequate time counseling patient on new medications. Give patients an option to text or email on questionable use of medications, directions, dosage and side effects.
265	Staffing

271	Take out the metrics, lessen non-dispensing duties for pharmacists.
272	The board should get feedback from rph using their personal email and not the work email. The rph needs to feel free to express themselves.
273	The board should require that those none dispensing tasks should require one pharmacist doing only that particular tasks especially for those pharmacies that are doing more than 200 scripts per day.
274	The design of the pharmacy needs to change. We still need to be accessible but there should also be an area the isn't accessible to everyone so no interruptions
275	The greatest safety concern that should be implemented in all retail pharmacy settings is the minimum number of tech hours employers must be required to give pharmacists based on the number of prescriptions filled in addition to providing services and vaccines. It will not make a difference whether 3 or 4 technicians are allowable under one rph supervision if the amount of technician hours your company allows you to schedule in a day is 10-20 hours. The real issue is not how many technicians you can supervise safely, but how many technician hours are actually given to you to complete the workload and goals that assigned to you. Any workload requires the number of hours to complete the work; the number of people is useless without the hours.

	A
276	The number one thing that would help me was if my company gave me more technician hours. Having one technician per day simply wasn't enough. Also, the stress of having metrics and upper management holding you accountable needs to go away. I would love to have been able to take a break or lunch without fearing falling behind even more. A pharmacist should never be scheduled alone in a pharmacy. If my prescription volume was higher, I would say that having pharmacist overlap needed to happen.
277	The ratio of techs + cashiers to 1 pharmacist should be 4 or less. There are days when my tech to pharmacist ratio is 1:8 for several hours during the day. Many times when I do have a 2nd pharmacist, if they get pulled to work at another store for a sick call out, then I work a 12 hour day with 1 pharmacist 8 techs/cashiers, 4 opening 4 closing. However if I didn't have that many techs the whole operation would be in jeopardy of collapsing. If even 1 tech calls in sick it takes 2 to 3 days to catch back up. That happened this week, one tech called out on Wednesday, another tech came in part of the day to cover, but due to that and high volume of new prescriptions the last few days today (Friday) when I left at 2pm we had 300 prescriptions still to fill from Wed-Fri, not counting the 200+ that the prescribers probably would be sending in before they left for the weekend at 4pm. Then if today was anything like last night, there would be a lot of acute medications coming in from the urgent care and prescribers due to a lot of respiratory illnesses going around the town. It is a recipe for failure, or misfills, or patient harm.
278	The retail chains have too much power over pharmacy. The business metrics are now more important than patient safety.
279	there is no way for a pharmacist to meet corporate standards or metrics when being forced to work solo; MTM phone calls, immunizations, patient dialogue is strictly compromised when forced to answer the vast majority of telephone calls, being forced to f
280	There is not a 'one size fits all' approach that will resolve this problem. The practice at one pharmacy is far different than another. This is true within the same chain as one pharmacy located near a hospital will deal with far greater new and complex Rx's vs. a pharmacy within the same chain located in a suburban residential area, which will primarily deal with well established pt's and primarily refill Rx's. Extrapolate this to closed-door pharmacies, hospital pharmacies, compounding pharmacies, etc. and the 'one size fits all' solution becomes woefully inadequate to address the profound variability of workload and safety issues facing pharmacists and pharmacies. The chains and privately owned pharmacies will give you various cost reasons as to why they cannot accommodate increased pharmacist staffing however, they did not hesitate to jump on the $4 Rx band wagon over a decade ago. Given this fact alone, the argument is without merit. The simple fact is they have calculated what is the acceptable financial risk they are willing to accept to maximize profits at the expense of pt safety. I am in no way saying we should eliminate all the risk. This would be impossible and financially astronomical. But there is however, an ideal place where the risk to the pt is appropriately mitigated and we are currently nowhere near that as of today. Some representatives from both the Retail Association and some chains would like to tell you the simple fix is just eliminating the tech ratio. They provide supposed studies and statistics from other states such as Arizona. Let's address the Arizona study first: it does not exist. [redacted] the former Executive Director admitted this to be the case after he retired. As to the increased ratio, most pharmacies in Nevada are not operating at the current allowed ratio of 3:1. In most cases it is 1:1 or 2:1. Arizona which has no ratio limit sees the exact same. Most pharmacies rarely ever exceed 3:1. The key to remember in all of this is that the pharmacist IS the rate limiting step in the operation of the pharmacy. For good reason. Increasing the number of people they must supervise will funnel more work to the pharmacist further compounding the problem. I have seen it first-hand. This is the profound challenge facing the Board when crafting such regulations. How does one craft a regulation that is broad enough in scope, yet tailored to adequately address the various practice settings? It wasn't until the Colgan Air disaster that the FAA finally addressed a very similar conundrum but unfortunately, the 'wrong' people (politically connected) had to lose their lives in order for this to happen. Commercial air travel in many ways is like operating a pharmacy: airplanes and operations come in many shapes, sizes, and provide a wide range of services with the responsibility for the safe operation ultimately falling on the shoulders of the PIC. In this case, the Pilot In Command; better known to the public as the Captain. In the absence of the Captain, this falls to the first officer. There is very much a direct correlation to the practice of pharmacy and commercial aviation. If an agency such as the FAA could get this done through the creation of the complex regulation known as FAR Part 117, pharmacy Boards should be equally adept in crafting something very similar. The template has already been created and we shouldn't have to wait for the 'wrong' people to lose their lives before something is finally done.
281	There should be 2 Pharmacists on duty overlaping shift at least every Monday and Tuesday. Workload & Productivity metrics and quotas of immunizations is stressful, with 1 or 2 technicians help only. There should have a clek or cashier to avoid too much Interuption in workflow.
282	There should be a limit on number of prescriptions per pharmacist
283	There should be a minimum amount of overlap between pharmacist working per day (not zero)!
284	There should be a minimum number of techs required to work in a practice setting based on volume
285	There should be requirements of how many pharmacist should be staffed, And also technicians according to volume of prescriptions being filled

	A
286	To enhance patient care and safety in pharmacies, addressing several critical issues is imperative. The most pressing concern is the unrealistic metric standards set by corporations, which significantly impact patient safety. These metrics often prioritize speed over accuracy in prescription verification, creating a high-pressure environment that can lead to errors. Revising these metrics to focus more on the quality and accuracy of prescription verification is essential for improving patient care. In addition to adjusting metric standards, streamlining the hiring process and boosting recruitment efforts for pharmacy technicians is crucial. The current complex hiring procedures can be a deterrent, leading to staff shortages. Simplifying these processes and actively recruiting more technicians would help in adequately staffing pharmacies, thus distributing the workload more evenly. Furthermore, providing more technician hours is vital. Many pharmacists currently find themselves multitasking and handling multiple roles due to inadequate staffing. By allocating more hours to pharmacy technicians, pharmacists can focus more on their primary responsibilities, such as patient consultation and medication management, enhancing both patient care and safety. Implementing these changes, starting with the revision of corporate metric standards, followed by improved hiring processes and increased technician hours, would alleviate the pressure on pharmacists. This approach would create a more efficient and safer environment for patients, leading to significant improvements in patient care and safety in the pharmacy sector.
287	Transfers from one pharmacy to another can be a difficult, long process because the out-going pharmacist is too busy to answer the phone to do a transfer. We need an approved electronic or fax request that can be sent from pharmacy to pharmacy. I should not have to wait 45 minutes on hold to speak to a pharmacist to transfer prescriptions or transfer profile
288	Until Pharmacists have more control of pharmacies nothing will change
289	Upgraded software
290	Vaccines, especially travel vaccines and,birth control prescribing require alot of time that take the pharmacist away from dispensing for a good amount of time
291	Very important to provide meal breaks for pharmacists because they have a lot of responsibilities. Working for 7-9 days straight and providing only 1 day rest leaves room for mistakes. Pharmacist is extremely exhausted and needs enough days or rest to recuperate from the straight days of work and Walgreens tries to separate days off to make sure RPhs are working more hours than resting
292	[redacted] uses off site pharmacists to validate rxs, which has become the excuse for eliminating on site help. These pharmacists do not help with the hundreds of consults that may be necessary per day. Many errors have also been found with their verifications. Many errors have also been found from the [redacted] central fill facility, along with pharmacies being unable to keep needed medications in stock and ONLY being able to obtain them from the centralized pharmacy. As a result, proper and timely care is extremely diminished. The call center is also a hot mess. Patients are often given incorrect information and transferred to staff in store without proper introductions or bridges and this leave the patient and staff members frustrated. [redacted] only cares about profit and the level of care over the years has SIGNIFICANTLY diminished. They may say they don't review based on metrics, but in the end it all factors into reviews. Leaders in the front end of the store have been given titles without proper training and have no idea what's happening in pharmacy. Leaders for [redacted] in Las Vegas do not care about staff, which is why many staff members participated in walk outs in October. Due to so many centralized services, pharmacists on site often have no idea what is going on and out of the pharmacy. Corporate employees are extremely disconnected from what happens in store, coming ay employees to preach or discipline them, but have no idea how to put any off what they preach into practice. Several leaders are also backstabbers, talking poorly about employees to others. We also had a store manager who we believed was drinking on the job, but he was never really investigated. It seems these things all get brushed under the rug. More and more is constantly expected from employees, but corporate never gives back.
293	We have been keeping asking for Flex systems back. They only give us 2 months and takeaway. We cant keep up
294	We need a MANDATE to require corporations to staff with a MINIMUM of 3 techs to open/close per day. A MINIMUM OF 3 TECHS AT OPEN AND CLOSING EVERYDAY!!!! We have an IN window, an OUT window, multiple phones constantly ringing, vaccines galore. Vaccines are corporate scheduling of 20 vaccines every 15 minutes NO JOKE during flu season. 20 VACCINES EVERY 15 MINUTES and REQUIRING us TO WALK IN anyone that requests as well. AND NOT TO MENTION THE COPIOUS AMOUNT OF BILLING AND REBILLING TO MULTIPLE DISCOUNT CARDS AKA GOODRX.
295	We need more power to turn away excessive amounts of opioid prescriptions. Must constantly tip toe around conversations and hope a complaint is not submitted. If we accepted every opioid prescription/patient that calls here or comes in daily¦wed be se
296	We need requirements for breaks, a fully staffed team of pharmacists and technicians. If a store is offering other services such as immunizations, we need to always have a second pharmacist there to handle those patients and issues separately. We need da
297	We need security at every pharmacy and we need to have a pharmacist never left alone

	A
298	We should have more paid offstage hours. It is hard to take care of administrative and clinical duties when you are always in need for dispensing responsibilities. We should also be able to be staffed before opening to public and we should have the autonomy to adjust schedules bassed on individual store needs. Patients have different patterns in different neighborhoods. i should be able to make the right business decisions for my team and my patients especially since it is my name and my leagal responsibility.
299	We were given a 30 minute break for lunch and supposed to have 2 breaks in between but never able to take breaks due to the workload . We need extra / enough help fulfill the demand in the retail pharmacy. What happen to the 3 techs to 1 pharmacist ratio?
300	Work hours should be adjusted for pharmacists, like an overlapping schedule or shorter work hours. Additional pharmaceutical technicians but no additional pharmacists may lead to more medication errors. More problems may be caused bh too many staff to supervise
301	You should have 1 pharmacist verifying prescriptions, 1 pharmacist product verifying medications another pharmacist to counsel on prescriptions and making sure lunches and breaks are being followed, 1 pharmacist to handle doctor calls, transfers and other duties that include ordering meds and handling the other functions that are required of the pharmacy (Legal requirements and also Corporate requirements) ex. Inventory, audit and waste.
302	No response.

	A
1	**Question 56: What other recommendations for changes do you have that you believe would lead to improved patient care or patient safety?**
2	**Question 3: Which of the following most closely describes your primary practice setting?** **a. Institutional/Hospital Pharmacy**
3	**Reponses**
4	2 lane drive throughs should be outlawed.
5	Adding clinical activities that complement dispensing, to provide high level of care. For example, having a separate pharmacist to consult and provide flu shots, while one pharmacist focuses on dispensing safely.
6	Adequate reimbursement for non-dispensing pharmacist services. Consideration of limited tech check tech activities to eliminate need for unnecessary pharmacist oversight (cart fill activities)
7	Adequate staffing and better pay will decrease the turnover of staff , hence improving patient care and safety.
8	As someone who has worked in both retail and hospital setting in the past 3 years, the biggest issue I have seen across the board is staffing. Many colleagues are trying to leave the field of pharmacy due to feeling overworked to the point of burnout. It
9	Basically more staffing and mandatory breaks and that is a pipe dream.
10	Better communication between corporate and the pharmacy staff
11	Better communication between management and employees
12	Better physicians
13	Care should be given that
14	Change productivity metrics that reflect pharmacy practice not census
15	De-centralized pharmacy model. Adding a patient safety pharmacist, not using another pharmacies EPIC program or hiring an informatics pharmacist on site. IV team instead of a different person everyday
16	de-emphasis on metrics
17	Duties keep being added without additional staff . Anticoag , electrolyte, renal dosing, med rec , off site emergency depts , etc Limit prescriber drug selection to formulary stock .
18	Eliminate non-dispensing services that can be done in an actual provider setting
19	ELIMINATION OF ANY METRIC NOT DIRECTLY RELATED TO PT CARE, INCLUDING VACCINATIONS
20	Employer would review the daily task and try to estimate the reasonable time required
21	Establishing reasonable staffing levels for pharmacists based on prescription volume is crucial. Implementing thresholds that require additional pharmacists on duty during peak prescription levels can alleviate workload stress and improve patient safety. Increasing technician wages to ensure competitive compensation is essential for fostering long-term commitment and expertise. This step can elevate the quality of service and retain experienced technicians. Revising or eliminating excessive metrics that primarily prioritize profit over patient care is pivotal. Emphasizing quality of care and safety rather than solely focusing on metrics can lead to better outcomes for both patients and staff. Shifting decision-making processes from a top-down approach to a ground-up model is imperative. Allowing input and involvement from frontline pharmacy professionals can lead to more effective and practical solutions that address the actual challenges faced at store levels. Enabling retail pharmacies to have a voice in legislative changes that directly impact their operations is crucial. Providing avenues for retail pharmacy stakeholders to vote or contribute to proposed legal modifications ensures that laws are shaped with consideration for real-world implications rather than abstract intentions.
22	Fewer budgetary constraints with pharmacy.
23	Focus on the patient first instead of the bottom line
24	Hire more pharmacy technicians to help answer phones and complete simpler tasks so pharmacists are not constantly interrupted while processing orders
25	Holding corporations accountable for the mistakes they force their employees to make to keep up with work load.
26	I work in hospital setting¦ our computer system is hosted by a larger facility and we have no autonomy to make changes in this system, which has lead to multiple patient safety issues. This model is a significant contributor to increased errors amd nega
27	If the diabetes management is going to be billed as clinical pharmacy consult, it should be done by a pharmacist, not nurses, who then ask the pharmacist about the billing and refills, as if that is managing or consulting anything.
28	In retail settings that I have worked definitely get rid of matrix. Companies should not tell you how long it should take to get a script out vs patient safety.
29	Increase number of pharmacist per shift and perhaps reduce shifts at high volume stores from 12-13 hours to 8.
30	Increased pharmacist technician ratio for HOSPITALS only
31	INCREASED PHARMACY STAFFING IN BOTH TECHNICIANS AND PHARMACISTS THAT ARE COMPETENTLY TRAINED FOR VARIOUS TASKS THROUGHOUT THE HOSPITAL PHARMACY
32	Increasing the number of pharmacists would lead to improved patient care/patient safety. Pharmacist will focus on one area at a time such as immunizations, MTM, and processing prescriptions. Pharmacist can also focus on clinical activities to help improve patient safety.
33	Inpatient pharmacists to review all discharge medications upon discharge.

	A
34	input from the hourly workers - dont really feel anyone listens to what we say -
35	Less interruptions
36	Less pharmacist involvement with USP 797 and 800 and more involvement with clinical functions
37	Lessening non pharmacist duty while on shift
38	Limiting the amount of techs a pharmacist may supervise at a given time. Supervising more and more technicians without additional pharmacists to help only compiles the problem onto individual staff pharmacist. Interruptions also come from technicians to take care of problems they cannot and should not solve (ex clinical judgement).
39	Making it mandatory for companies to exhaust the pharmacist to tech ratio with every shift is each pharmacist is fully processing over 200 prescriptions. There needs to be increased industry standard base pay for pharmacists and technicians in order for people to stay motivated to be used like mules with no end ever in sight.
40	Meaningful reduction of alerts- Pharmacists get alert fatigue
41	Minimum pharmacist / tech staffing required for hospital bed size - independent of census. There have been times where census is so low, but we could not cut staffing further for fear of patient safety & care.
42	More pharmacists, eliminate metrics. Focus on patient care.
43	More respect and collaboration with physician partners. Less drug shortages.
44	N/A
45	Na
46	New graduates and pharmacists are not receiving a salary or the hours they require to live and pay their student loans. Pharmacist salaries have not kept pace with the work and inflation. It causes pharmacists to work multiple jobs and shifts, compromising their health and preventing them from providing better patient care or acquiring up-to-date knowledge.
47	No metrics. No timed filling of scripts.
48	None
49	Northern Nevada needs more formal pharmacy technician training programs to meet the demand. May be the state board could help in reaching that goal?
50	Not increasing technicians technician to pharmacist ratio and enforce this in institutional pharmacy. Technicians have limited scope with their license and everything they do is the ultimate responsibility of the pharmacist. It is unlikely the amount of oversight for patient safety is optimal with current ratios let alone increasing ratios. With the expectation of pharmacists doing more than dispensing and processing prescription orders and complexity of medical care now there just simply needs to be more pharmacists staffed. Equivalent sized or even smaller institutions outside of Nevada have sometimes twice as many staffing/clinical pharmacists than Nevada institutions.
51	On yearly inspection take closer look at condition pharmacy counter space pharmacist work stations general room in pharmacy also competency of director to be in that postion
52	Our institution absolutely needs to allocate money into hiring more pharmacists. Specialty pharmacists are responsible for orders and clinicals outside their specialties and causes increased work loads.
53	PCC computers from LTC facilities to help assess patients care
54	Pharmacist rounding is good (improve patient safety), but not at the expense of getting the meds to the patients,
55	Pharmacists should not be forced to choose between breaking the law and keeping their job. This is a struggle in all institutional settings due to reporting to non pharmacists. A pharmacist reporting to a nurse is an extreme safety concern
56	Pressure from employer for time spent on counseling calls, after call time, metrics

58	Recognition of the immense value of the pharmacy team from the overall C-suite etc.
59	Reducing the amount of national drug shortages. Continue effects to attract high quality technician candidates.
60	Remove additional MTM responsibilities from the retail pharmacists. Have more staffing for any vaccine seasons or clinics.
61	Remove productivity metrics
62	Review current patient medication profile before dispensing
63	See above
64	Showing your pharmacists that you value them! Leadership
65	Somehow eliminate the "insurance" time suck.
66	Technicians need to answer and triage phone calls and do missing dose queue
67	The board doesn't seem to care about the quality of pharmacies. Seems like no changes have been made nor repercussions to retail pharmacies for understaffing pharmacies. It's a real issue and like it or not the board is our representing body.
68	try to have a limit on work load each pharmacist can do in a shift.
69	Universal use of barcoding within the hospital
70	Unsure. Staffing seems to be the glaring issue. Just numbers of pharmacist:patient doesnt accurately reflect the difficulty of the job or workload. Other things like dealing with residents, new nurses, etc also have a large impact on our ability to
71	We need to be more electronic based: emar, automated filling, ect
72	No response.

	A
1	**Question 56: What other recommendations for changes do you have that you believe would lead to improved patient care or patient safety?**
2	**Question 3: Which of the following most closely describes your primary practice setting?** **c. Independent Pharmacy** **d. Department of Defense or Veterans Affairs Pharmacy** **e. Non-pharmacy practice setting (i.e., a practitioner's office, at home, at a college or university, etc.)** **f. Consultant Pharmacist** **g. None of the above, I am currently unemployed or retired.** **No Response**
3	**Reponses**
4	1 to 4 tech ratio
5	1) if the board can mandate bathrooms for pharmacies surely, they can mandate uninterrupted lunch breaks too & supper breaks. 2) the board should really treat pharmacists a lot easier when they make mistakes. And the employer should be fined & punished much harsher than the pharmacist especially when you look at the working conditions, they make us work. A sliding scale of punishment for the employer should look at the staffing level, the PT, PTT, clerks, # of rx's/hour the pharmacist was working under, how many days straight they were working, whether they were under the weather at the time because they couldn't get relief, how many hours that week they worked and start sending the message to the employer that you treat pharmacist with respect & dignity in this state or you will be fined more & more. The way the courts have pre-sentencing report provided by P&P which looks at the totality of the circumstances in which the crime occurred & the background & history of the convicted, is how the board should be looking at the poor pharmacist & the greedy employer when something goes wrong with a stated goal of reducing the responsibility & punishment to the pharmacist & increasing it on his/her employer for setting up & creating the conditions in which this occurred. I see how the board treats pharmacists & there isn't much sympathy, caring or compassion for us. Gone are the days where a simple mistake is just that. Now the board goes after us for blood & money. Please chill out & treat us with a little pity & mercy for what we have to go through on a daily basis.
6	10 to 15 years ago, if our pharmacy was doing 3000 Rxs/week we would be allowed to have about 160+ hours of RPh/ week" when I left , we were allowed 98 " with the shift to put more of the workload on techs and computer advances that have helped effi
7	Adding patient safety ce for techs and Rph
8	Adequate rest time and uninterrupted meal periods o give time to unwind and rest, increased tech to pharmacist ratio
9	all electronic rx with insurance company interface to eliminate or greatly reduce non covered items
10	An extra pharmacist should be employed with overlapping shifts
11	Better pay
12	Don't have one at the moment
13	Eliminate mtm
14	Eliminating workplace metrics
15	fewer technicians per pharmacist
16	Get rid of performance metrics in retail settings.
17	Getting rid of the drive through option; that additional workflow adds unnecessary burden to the pharmacy staff.
18	Greater PBM regulation
19	Have a separate verification queue pre fill and post fill
20	Have more efficient work flow designs.
21	I have nothing but wonderful feedback regarding my current workplace. However, my previous workplace could use much improvement. I decided to leave it because of the unrealistic expectations they have on the pharmacy staff. Pre covid times were alrea
22	I struggle to keep competent, and well-trained pharmacy technicians in my pharmacy because pharmacies aren't getting reimbursed for the "dispensing" process of medications. Therefore, we are being forced to come up with non-dispensing opportunities to help pay for the technicians and pharmacy staff to do the job they were originally hired to perform.
23	If pharmacists were empowered to counsel all patients/care givers every time a prescription is dispensed. We would decrease errors and increase patient understanding and compliance, but this cannot be done when only one pharmacist is working.

	A
24	In general: chains delegate a certain amount of "tech hours" to their pharmacies based on the PREVIOUS year's amount of prescriptions SOLD (including vaccines). With chains always encouraging bringing in new patients, transfer-in's, and and pushing more vaccines every year, how can they think that providing the previous year's tech hours would suffice for THIS year? It's unfair not only to the employees but the patients as well. Many will wait days to get an antibiotic from an urgent care because these chains are so behind because they're only allocated a certain amount of tech or RPh hours. This is probably one of the worst things (in my opinion) that could have happened to pharmacy. Regional managers need to understand that they need to base their hours off the CURRENT need of the pharmacy - not just a "projected" need. ALSO... Pharmacy metrics (which most chains use) lead to massive amounts of anxiousness and when inadequately staffed lead to a decline in employees' mentality. I myself used to be so anxious in the pharmacy DUE TO METRICS and even was depressed at home thinking about the metrics we COULDN'T meet because WE WERE INADEQUATELY STAFFED, and even felt anxious before and arriving to my pharmacy because I knew we were behind in our day, ever single day.
25	Increase in pharmacists per shift
26	Increased staffing in general.
27	Increasing the number of pharmacist and not continually attempting to increase the number of technicians and technicians in training; for the benefit of for profit companies that lobby the board.
28	Just because a technician is certified does not mean that they can do the job. Personnel is unable to pick capable staff.
29	Less focus on metrics in retail pharmacies
30	Ltc - by fixing consulting hour to asnwer question
31	Making a pharmacist to prescription verification law, that factors both dispensing and non-dispensing duties. The law can have different ratios depending on the type of pharmacy and other workload factors (such as drive thru availability, number of pharmacy phone calls per day, etc.). Also, while eliminating non-dispensing duties for a pharmacist may free up time, sometimes performing those duties can help a pharmacist catch errors and improve patient care as well. Therefore, it would be great if a law could be implemented that focused more on increasing pharmacist staffing instead of focusing on eliminating a pharmacist's tasks. While increasing the number of non-pharmacist staff can help improve workflow, I only see that increasing drug errors since the pharmacist is the final check point.
32	Making sure all staff members have a sense of responsibility to the community they serve to provide the best pharmacy care possible & reminding them when standards are slipping, providing constructive advice to improve pharmacy care, and educate all staff to how important it is for accuracy to maintain the trust & confidence of the community they serve. What may appear as an unimportant detail to a staff member such as a wrong doctors name on a prescription label may alarm a patient because they think the medication in the bottle is for someone else, since they know they never saw the prescriber on the label.
33	Making sure that pharmacists get lunch and breaks regularly, and do not allow the big chains to avoid providing these basic needs
34	Measure patient care outcomes and overall wellness and safety
35	Monitor providers/physician poly pharmacy closely & not be afraid to question their rxs
36	MORE COUNSELING TIME
37	more pharmacist which will lead to less interruptions which leads to less errors
38	More scrutiny on retail chain to treat pharmacist and techs better
39	More staffing
40	More workforce
41	N/A
42	Na
43	NO drive thrus.
44	no metrics hanging over pharmacist and staff
45	No metrics. Totally trained technicians. Do not increase RPh / tech ratio
46	no suggestion
47	None
48	None at this time
49	None in present setting
50	Not applicable
51	Other states have transitioned into giving technicians more duties, such as the ability to check refills for prescriptions. Giving more responsibilities to technicians and having more technicians to help would free up the pharmacist to help in more clinical areas that are needed.
52	Our pharmacy dispensing system would greatly help patient care.
53	Pharmacist consults are important to me as this is my last check for patient safety and some pharmacists I worked with dont do the proper counseling

	A
54	pharmacists should be given the flexibility of their workday to ensure good communication with patients especially since their expertise as a healthcare provider is so valuable
55	Providing overlap pharmacist hours, increasing technician hours and technician ratio to allow the pharmacist to determine the pharmacy staffing needs to ensure safe dispensing practices.
56	Reduce inventory mgt by rph
57	Reduce work load for retail pharmacists
58	Remove the extreme level of micromanaging that exists. I cannot use my professional judgement to improve patient care because my job would be in danger if I chose to do something against employers policy
59	Removing metrics. Retail pharmacies put a lot of emphasis on meeting specific metrics within a timeframe and then get reprimanded for not meeting those metrics and in some cases are unattainable.
60	Separate pharmacist to handle phone calls and interruptions than the one responsible for checking outgoing Rx's. Computer systems that scan barcodes to enter inventory items and to check them as they leave.
61	Sexual education in the school system.
62	Staff that care about the job they perform.
63	target certain interactions between patients and pharmacist and pay a Pharmacist for completing these interactions
64	The adage of doing more with less has got to go. This cannot be what the world needs for proper, safe, effective patient care.
65	the retail chain pharmacists need more help.the pharmacists are over worked. there should be 2 pharmasists on each shift.
66	There should be more pharmacists in retail establishments. The work should not be primarily performed by technicians.
67	Treat human beings with respect. Eliminate non-stop alerts to handle more calls. Alert fatigue is real.
68	Try to complete task before they are due to reduce having to rush to finish work.
69	Unfortunately, we cannot safely multi task. Pharmacists should be assigned a task and then rotate but when I was in retail I was expected to do vaccines, fills, answer calls, pt consults, customer questions, drive thru, communicate with other prescribers, pharmacies, insurance.
70	Walgreens needs to remove metrics. Data verification under 12 seconds and clinical review under 5 seconds is a safety risk to Pt.
71	We could use more space in out dispensing area
72	We need more pharmacist to assist with the work load so we can safely dispense the medications for patients. With added pharmacist during the day can also increase technician staffing. We should have clinics days where we can provide vaccinations and pharmacist can alternate between filling and complete vaccinations at the same time. Large corporations are closing down retail pharmacies and decreasing staff levels so they have more profitability. We need to do better to have more pharmacist during the day (even mid shift) so that we can service our patients more effectively and safely
73	While we are human more staff in general that can have built in safety check processes would reduce patient safety errors.
74	No response.

	A
1	**Question 57: Please share any other comments you may have:**
2	**Question 3: Which of the following most closely describes your primary practice setting?** **b. Retail Chain Pharmacy**
3	**Responses**
4	15 breaks for rph in addition to 30 min lunch when working 10 or more hrs
5	30 minute lunch never is 30 minutes. We always close late and its more of a time to catch up.
6	A direct line of anonymous tips/complaints for pharmacists regarding employers could be helpful. Unfortunately the threat of retaliation and termination does not allow pharmacists/technicians to express their concerns in the current environment.
7	Add one 15 minute break on top of the lunch break which is 30 mins. When I work for 13 hours, starting from 8am, and take a lunch at 1:30-2pm, and it gets busier at 4-7pm.. pharmacist should be allowed a 15 min break in the evening just to breathe, use t
8	Adequate staffing and pay for all pharmacy employees
9	All pharmacies in NV (not only new ones or freshly renovated ones) should have a private bathroom for Pharmacy staff; this would decrease the diversion of drugs, and prolonged unnecessary breaks by PTs, and most of all, it would dignify the Pharmacy Staff, because at pharmacies without bathrooms, Pharmacist and Technicians alike have to use public restrooms that are often unsanitary, with biological hazards such as urine, feces, diapers, and even used hypodermic needles throughout the restroom.
10	Also, pharmacists are given so many responsibilities and are given little leeway to delegate these to other properly trained staff. Doctors and other clinicians are trusted to delegate many of their tasks, yet pharmacists are not treated the same. In a
11	Always have 2 pharmacists on a busy day
12	as a floater, I have witnessed there were many toxic work environments in every store location, low moral, not treating each other as humans, high employee turnaround, lack of training staff
13	Background checks need to be efficient, not taking a month to process.
14	Better training for new grad pharmacists. Disappointed with the amount of follow-up training is required for next gen pharmacists.
15	changing the required number of technicians and pharmacist required to fill a certain # of scripts per day / time frame, would be a big help. I see 2 options that would help with pharmacy to patient safety issues. 1. if pharmacist were to unionize across the state or 2 if the state were to put in restrictions to help. unfortunately, I think it is the nature of large corporations to push for every possibility of increased margins regardless of patient safely and more importantly employee safety. I sincerely hope the state is helpful to not only the public but the people who serve them in this capacity.

17	Competitive pay minimum $60 or more per hour We are salary and sometimes have to come in early or leave late to finish job Not every shift gets a lunch break every day No chairs available
18	Corporate metrics as a priory instead of patient safety should stop
19	Corporate pharmacy is only about the dollar. Making them money to facilitate their bonuses. We need to take it back and focus on whats important and thats building patient relationships and safety. Why do we have to rush and move them along like c
20	[redacted], [redacted], [redacted] want to increase Technicians but the issue is we need more pharmacist staffing.
21	Drs are the cause of drug abuse. They are the ones prescribing the drugs of abuse.
22	During busy hours we need additional cashier/s but often do not have it or front store is unable to provide. To have additional staff for busy hours such as from 11-30-1 pm and 4-6 pm.
23	efficient workload and safety working environment
24	Eliminate metric based practice and let us focus on providing quality and safe patient practice and interaction
25	Employer does not care about patient safety. They only want you to do more with less help.

	A
26	Every single year corporate cuts our hours to bare minimum in the summer saying because the pharmacy is slower in summer However, this year with Covid making a comeback, Covid testing for travel and school starting at the beginning of August, there is no summer slowdown. We suffer through it, then once we get flu vaccines in we get hours restored. This year of course though, the new Covid vaccine (Omicron variant) came out at the same time as the new RSV vaccine along with the seasonal Flu vaccine. So now this year it was a triple whammy. Many people were getting all three at the same time. This is terrific for the public, but a difficult challenge for pharmacies, since instead of just flu vaccines we are the main source for the public to get vaccinated. We also do other vaccines so our work load pre-school starting is extremely high due to school vaccines. Then as soon as school starts, the kids get sick and then the whole family is on antibiotics, steroids, cough medicine and albuterol inhalers. These days pharmacies are a lab, an immunization center, a MTM hub, a training center for new diabetes patients, a walk in medical advice hub, a place where you can get your blood pressure checked for free-so you can send your results in to the Tele-doc, as well as doing more prescriptions than ever. Today I had to apologize to an elderly lady at least 7 times because she had to sit in the waiting room for a while to get a vaccine. I was trained to do all of this, but I can not do it all at the same time, as well as giving good counsel on prescriptions, and verifying them accurately and be polite, kind courteous, helpful and be in a good mood as I am expected to be.
27	Everyone I work with feels burned out all the time. And we have more staff then some of the other chains- it's the fast pace environment and increase in additional duties (vaccinations, BCP prescribing, etc) and LONG daily and weekly hours that is causing this.
28	Front end management shouldn't try to pressure pharmacists to fill narcotic rx just to meet script volume demands.
29	Give employees incentives. Stop asking for more without appreciating what we are already doing
30	Give us a one or two page summary of the changes to pharmacy law each year.
31	Hard to find technicians and cashiers who will stay longer.
32	Have 2 rph on duty or 1 rph and intern to help with counseling and managing techs
33	have one pharmacist or tech be in charge of all calls and vaccines
34	Have the rest period longer than 30 minutes. Have enough staff to answer the phones, give immunizations, put away drugs on truck delivery days.
35	Have to get rid of the metrics , Very high goals and increase labor help . Must have mandatory so many hours of help for said amount of prescriptions, Vaccines and MTM and other Clinical Engagements.
36	Having pharmacy technicians required to be able to give vaccines would greatly help with workflow. When there is a high demand for vaccines it is difficult for me to do all the vaccines , counsel, answer doctor phone calls and check on medications for pa
37	How long does it take to fill one prescription?
38	I actually quit the retail job because of safety. I felt safety is definitely not built into the system and the flow. I don't want to hurt someone unintentionally from work so I had to quit. I want to be able to go to sleep everyday because I don't know what I would do if a wrong dispensing causes great harm or death to a patient.
39	I am concerned about the current corporate focus on PROFITS over PATIENT CARE!! [redacted] IS REPORTING RECORD PROFITS WHILE CUTTING PHARMAIST'S AND TECHNICIAN'S HOURS.
40	I am just filling this as a pharmacist who worked for [redacted] for two years and quit in july,2023 becuase of horrible work conditions. I am doing this in support of my colleagues who work at a chain pharmacy
41	I am personally disappointed with my employer. Today for example was ridiculous. The other pharmacist called in sick, thus making me do the work of 2 pharmacists. I asked scheduler for help she said there is none available. I told her that the pharmacist to tech ratio was off, she told me to send them home.
42	I and my coworkers have been sick often due to unsafe work conditions. We have complained about space issues, tripping over mats/totes/trash bins, and not having clean air vents (filters have not been changed in the 9 years I've worked at my location). Supervisors are told and all they want to do is add another computer here or there to process more orders.
43	I appreciate that the NV board of pharmacy has sent out a survey to evaluate the current sentiments of working pharmacists in the state.
44	I believe there should be a heavier fine for pharmacies that break the law. The $5,000 or $10,000 fines are nothing to these companies that make 20 billion dollars a year in profit. California and Illinois hits pharmacies with heavier fines. I just believe that would help these companies get the memo and make changes for the better.
45	I can see why the world of pharmacy is not a favorable career as before as 15 years ago. Too much student loans, with less pay, and its a high stressful job!
46	I do not support increasing pharmacist to tech ratio, I think it adds risk to my license.
47	I don't feel safe working in retail. The patients should definitely not feel safe either.
48	I enjoy the people I work with Techs and rph work as a team [redacted] was the worst employer I worked for with regards to not being allowed a lunch break and disregarding patient safety
49	I feel All pharmacists should punch a clock. As a previous PIC, I worked an immense number of hours over my scheduled workshift for non dispensing task, paperwork & trying to catch up.

	A
50	I feel that if we have a hard time staffing or finding hires, district leaders and corporate leaders should greatly reduce our metrics or goals. District managers often tell us that the only way we can get more staffing œhours for our store is to sell
51	I feel that patient safety has been put on the back burner and all that is the focus is profits. I refuse to come in early, stay later, or close late and open at regular time for lunch (cutting out 30 min short) especially without pay or proper staffing.
52	I feel unsafe operating a pharmacy by myself without a technician staffed
53	I feel very burnt out and its very sad that it has come to this. If I could I would change my profession. I dont recommend anyone becoming a pharmacist anymore. Its just too much pressure for us to handle. I have had to start antidepressants to get
54	I feel, in recent months, especially with some brave colleagues threatening to walk off the job, things are slowly beginning to improve, but after 10+ years I have never been able to wonder why State Boards and professional pharmacy organizations (APhA)
55	I genuinely believe that the Board of Pharmacy has a responsibility to address these concerns and advocate for standards that prioritize patient safety over productivity goals. Your attention to this matter is crucial in maintaining the integrity of pharmaceutical care and, ultimately, safeguarding the well-being of those we serve. Additionally, I urge the Board to consider the importance of fostering safe work environments for pharmacy staff. The current high-pressure conditions, characterized by unrealistic timeframes for prescription reviews and drug utilization assessments, contribute to a stressful workplace that is mentally draining for pharmacists and support staff alike. Addressing these concerns is not only essential for patient safety but also integral to ensuring the overall health and well-being of the pharmacy workforce.
56	I graduated in 2014. At that time my preceptor, a full professor and chair of the residency program, told me that she left a major retail chain long ago (for her) because a good day was being able to get the correct drug to the correct patient. I relish the opportunities I have to touch a patient's life and treat them like a real patient and not just a script number. But those days are so few and far between while I'm working at a major chain. It's disgusting. I love being a retail pharmacist. It is my calling. I left my first career to become a retail pharmacist. I don't want to regret that decision.
57	i have answered this survey based on my previous employer that i have recently just left 3 months ago. i had stayed with this certain 3 letter chain pharmacy company for about 14 years and was given so much responsibilities with no compensation (ie. raises for 5 years or no acknowledgement of appreciation).. just more work, with the same amount of pay. the turnover of pharmacy technicians were very high because either the company was desperate for help and all these new people did not even go to pharmacy tech school because it became no longer a "requirement" to be a pharmacy technician. we were just hiring people who was willing to work and learn pharmacy. i think thats where BOP's requirements of becoming a technician failed. if an rph have to go to school and learn the foundation of pharmacy, there should be a requirement for technicians to at least learn BASIC pharmacy (ie. sig codes, brand and generic meds, calculations) knowledge. i felt as an rph i was teaching a pharmacy tech how to do pharmacy, instead of checking the accuracy of prescriptions. since i have left that employer and joined another pharmacy that does way more prescriptions with less non-dispensing duties and no metrics to go by, i have felt more at ease and less stressed. the new employer has equipped us pharmacists with better high performing technicians.
58	I hope something changes for the better & SOON. The profession of pharmacy has become a shame over the years. I really hope the board is going to do something that will make a difference & not just slap some lipstick on a pig. Talk is cheap.
59	I need to contact you because my retail chain of 25 years recently terminated me due to not doing enough metrics (even though I was).
60	I recently stepped down from management after 15 years. My answers today are somewhat different than when I was managing earlier this year. My experience and views on how to deal with customers and staff have changed over the years and it has made our jobs in retail more difficult on many different levels. I still love pharmacy and will continue to work as a pharmacist but yes something must be done to make the workplace better for everyone.
61	I think increased staffing would fix almost all the problems. I also believe insurances contracting with certain pharmacies leads to a decrease in patient care. I know patients who want to leave a pharmacy but cant because of insurance preferences and her budget
62	I think our staffing hours should not be based on unattainable scorecards. a cut in man hours lengthens time for pts to get med at right time

	A
63	I think people forget that we are clinicians, not money makers. We have no degree in business. We have a doctorate and a license to dispense. Someone with a bachelors degree and no dispensing license should not have a say in what I do in the pharmacy and should not push any numbers on me. No one with just a high school diploma who is a store manager should be my boss. I don't mean for this to sound condescending. I worked hard for my degree. I want the best for my patients. This is why I went to school. I do not understand how a store manager can have any say about the pharmacy. I do not understand how a district manager can have no pharmacy background but also have a say in my pharmacy. If you are going to be higher up in a corporate retail chain, it should be required for you to have a PharmD or equivalent because they make decisions that are not best for patients but are best for business because they are not clinicians. They should not be able to hold policies and business models over any pharmacist because it is our license that we are using. It is up to us whether we dispense a medication or not and to use our best judgement. If a district manager wants to run a pharmacy a certain way, they can use their dispensing license to do so.
64	I used to work 10 hours a day, but now it is only 8 hours, so much better
65	I will never work retail pharmacy again. Big chain companies care only about the bottom line. I developed anxiety because every day I went to work, I was afraid I was going to harm a patient. I was so overworked, under staffed and spent countless hours working off the clock just to finish my daily work. Retail pharmacy has turned into fast food mentality. There is zero respect for our profession from customers and other health care professionals. Its incredibly sad.
66	I wish I had known what I was getting myself into early on before accumulating hundreds of thousands in debt for education and be forced to work
67	I work consistently 4 or even 7 hours extra for free, on top of my regular 12 hours day shift. Without a slip of water or food or restroom break for those paid 12 hours shift. I cannot keep giving my free time to the company that has priority for profit over patient. Please help the pharmacy professionals. We are so helpless. Please.
68	I work in a high volume retail pharmacy. The processing and filling of prescriptions is essentially like playing an intense video game. For those who understand that, imagine someone constantly chatting in your ear, 5 phone lines ringing, and you need to leave your computer frequently. How successful was your game?
69	I would like 4 tech ratio to accomplish and delegate tasks to increase patient related needs and requests. Also volume related staffing of rphs and supportive personnel. I have been given what I need but I would like more to provide even better care and service for my patients
70	I would like to express my deep concerns regarding the current state of retail chain pharmacy, particularly the impact of corporate practices on staff well-being and patient safety. A significant change is urgently needed in the retail pharmacy sector. The relentless pursuit of profits by corporations is not only detrimental to the health and well-being of the pharmacy staff but also poses a serious risk to patient safety. The intense pressure to meet corporate expectations often leads to a work environment where pharmacists and technicians are stretched to their limits. This situation is not sustainable and is counterproductive to the primary goal of any healthcare profession: ensuring the safety and well-being of patients. The well-being of staff in retail pharmacies should be a top priority. When pharmacists and their teams are adequately supported and have the necessary resources, they are in a better position to provide high-quality care. This includes ensuring reasonable workloads, fair compensation, adequate rest periods, and a supportive work environment, eliminating metrics. By shifting the focus towards taking care of pharmacists and pharmacy technicians, we can create a more positive and productive work environment. This change will not only improve the morale and job satisfaction of the pharmacy staff but will also lead to better patient outcomes. In conclusion, I urge the board to consider the serious implications of the current corporate practices in retail pharmacies. It is imperative to recognize that prioritizing the well-being of pharmacy staff will ultimately lead to improved patient safety and care. A reevaluation of these practices and a commitment to positive change are essential for the future of the pharmacy profession and the health of the communities we serve. I remain dedicated to upholding the oath I took as a pharmacist, prioritizing patient care and safety above all else.
71	I would like to see the NVBOP try and have at least an annual paid high end dinner drinks maybe a well know guest speaker and live band at a decent casino in Vegas. You could even put an optional $100 entry fee for those that wanted to attend when we get licensed every 2 yrs. Pharmacist are hermits mostly and could really use a push in a group organization direction like the AMA .
72	Ive been a pharmacist for 11 years and Im deeply saddened with how retail pharmacy has fallen to these big corporations. I truly hope that nevada law can make the necessary changes to help better protect our patients and pharmacists. Its been a lo
73	Ive only been a pharmacist for 3 years, but Ive changed employment settings 5 times and at all 5 locations, we arent properly staffed. Employers do not care about us and we are constantly undermined and under appreciated. There are so many days wh
74	If I had a skill set that would translate into an income within the same realm of a pharmacist I would have left pharmacy already. However, my skillset is specialized and cannot easily lead into another career path. I have stayed with my company only because I do not want to work for either of the leaders of our industry known as [redacted] and [redacted]. It is my understanding that it is a couple horror show working for them. I was also told during a board visit that at least I do not work for one of them and that the groceries stores were much better.

	A
75	if you have more techs it just adds to the pharmacist having to monitor, check, review, and answer questions.
76	I'm not sure how to fix things, but pharmacy does not appear to be moving in a positive direction for patients or pharmacists or technicians.
77	Immunizations and other non dispensing administrations should be done at times that do not slow or disrupt normal pharmacy dispensing duties
78	In closing, pharmacist base salary and 40K benefits need to be addressed, so that the best Pharmacists can be hired.
79	In the retail setting we have selling, filling, and other services. Let's be clear that adequate staffing should be on entering not sold status.
80	Increase rate of pay
81	Increasing non-pharmacist staff in the pharmacy can actually increase the burden on the pharmacist on duty to provide proper supervision.
82	Increasing staff would greatly help with providing the best patient care so you have time to actually focus on each prescription/patient that comes in without feeling rushed or stressed. There were numerous times I was told I take too long with one patie
83	increasing tech hours at bigger retain chains especially during the winter season and having a second pharmacist on helps with work load and allows for better patient care. patient and pharmacy won't feel rush or stress to meet certain criterias
84	Interruptions effect my accuracy the most.
85	It appears the developers of this survey do not or have not worked in the "trenches" of our profession.
86	It is extremely difficult to find and hire competent cashiers and technicians. The job is very stressful and the pay doesnt encourage qualified and dedicated applicants.
87	It was impossible to get to know my patients medical needs and truly take care of them like pharmacists should. Proper counseling hardly ever happened. Patients and patient safety need to take priority over company profits.
88	It wasn't until I left chain retail that I realized how negative work had made me. After some time away, I no longer believe the worst in everybody and instead believe there is good in people again. I feel like the "public" needs changing. Not just staffing, metrics, etc. And I don't know how to do that.
89	Its a tough work not easy at all but job opportunity for RpH now is very limited so far I dont see any job for me but retail
90	Let pharmacist and technicians focus on filling medications correctly. Phone calls for mtms, delayed picked up should have dedicated additional staff focusing on these tasks as opposed to doing multiple task in verifying prescriptions and doing calls causing increase in error incident.
91	Many pharmacists are burnt out which is leading to a decrease in productivity which then increases the workload for other pharmacists. This creates a viscous, exhausting, cycle of burnout.
92	Miss you guys ;)
93	More adequate RPh and techs and clerks help
94	More help
95	More inspections, questions and requirements on the companies and their metrics/requirements themselves, rather than just the physical pharmacies and their PIC's alone. Corporations should have to answer more directly to the BOP in each state they're operating pharmacies in, considering they set the expectations and requirements on the pharmacists themselves at the threat of job loss/wage loss/bonus loss/etc if those expectations aren't met, no matter how dangerous those working conditions are to the patients and employees themselves.
96	More pharmacists and technicians hours during any given shift, increase pay for our hard working technicians so the experienced technician will stay with us
97	More power to the pharmacist to decide staffing needs, not the company, less money going to corporations and more staying in the community
98	More staffing to help patient care and not rushing. Also better working environment for trainees.
99	More technicians would provide a safer and more calm environment, allowing them to time to focus and not make errors. When our technicians make errors it affects the patient and the pharmacist has to spend time correcting the issues. The technicians face a lot of pressure and are often interrupted too
100	Most employers today use black and white method of using numbers/ metrics to schedule staffs without realizing that pharmacists today have to take on so many non-dispensing services. And that leads to short staffs. Employers always push to improve customer service while trimming down hours.
101	My employer requires us to work 9.5 hrs a day 5 days a week. This in my opinion leads to burnout and an imbalanced work/life balance. No flexibility to work longer hours and have more days off. This would GREATLY improve work satisfaction and less burnout having that option.
102	My priority is always patient safety and care over the number of prescriptions I verify, but as a conscientious employee I cant help but feel stressed at the pharmacist work load.

	A
103	My store is probably one of the better staffed stores, but it wasn't always like that. We've recently been given more hours for staffing, but that was only after issues arose from the increased demand in vaccines/scripts. While we are in a safer position now than other pharmacies, we haven't always been there, and it won't always be like that. And while I don't work as many extra hours now as others, it's because I've given up. I've worked 14 hours days when it was supposed to be only 11 to get all my tasks caught up. I could easily do that now, but I choose to not let work run my life. Just because I don't, doesn't mean that I couldn't, or shouldn't.
104	N
105	N/A
106	NA
107	Needs rule by state like California to increase safety
108	Nevada require much more counseling log than other states that require interrupt pharmacist work too frequently
109	New companies are remotely staffing multiple hospital pharmacies and have already reached levels that rival retail chain pharmacy workloads. I would suggest this be the next area of concern after making sure retail chain pharmacies are appropriately staffed and structured to avoid obvious breaks in the chain of public and patient safety for testing, vaccinations and dispensing.
110	Next thing you know the chains will want to get rid of pharmacists in the pharmacy and have all the checks done remotely or by AI. This profession used to be so great. Why has pharmacy leadership allowed all of this to happen? Plus how can you say this s
111	no comment
112	Non
113	Non Pharmacists (non licensed) personnel should not be allowed to override decisions made by licensed pharmacists regarding the safe operation of the pharmacy at any time.
114	None
115	None at this time.
116	Not having to worry about non-patient/dispensing tasks will improve patient safety.
117	One of the biggest current problems is dealing with the abuse and general time consumption of dealing with drug shortages.
118	Opioid crisis is out of control. We as pharmacists need help in this area.
119	Our industry is evolving rapidly. Especially with fulfillment methods, most of our chains are trying to ease the burden of the balance of dispensing vs nondispensing activities with microfilfillment which is not yet a well oiled machine just yet but at least is being addressed proactively. I really feel the best possible support is anti-PBM legislation and make Nevada open access and drug price transparency.
120	Our profession has become very undesirable leaving high turn over rates of underpaid/overworked techs and testament to our local pharmacy program enrolling "70% less" pharmD candidates than usual. We feel defeated everyday on duty due to understaffing to support the demands of our community safely and efficiently. I see the trend of people leaving the profession due to frustration causing more stress on those who stay. And the last 3 years the ones who stayed are slowly leaving. This cycle is causing unsafe/inefficient patient care across the nation. Please please please help our profession.
121	Our retail chain recently implemented 30 minutes pharmacy lunch break. Due to the workload, I use this time to catch-up because the phones are off and the gates are closed at the pharmacy. I've only actually eaten twice since they started our 30 minute meal break few months ago.
122	Outline the quantity and MME that can be prescribed exclusively for dental purposes and migraines. A lot of patients that take narcotics for chronic pain are using them for migraines. Legislate that post surgical pain prescriptions should be sent to the pharmacy only post surgery. I see people send in and fill prescriptions for post surgical pain management 2-4 weeks before surgery. Some of the surgery might never happen and how do you determine how much medicine to prescribe for a surgery you did not perform?
123	Patient safety is number one priority for me and adding extra tasks all this non medication services CLIA services affecting pharmacist to focus on medication therapy and its increase stress and work load which affect patient safety
124	Patients do not respect pharmacist anymore the amount of verbal abuse, license threatening and corporate threatening in a retail setting is unacceptable. Corporate surveys for patient œretention should be eliminated. Retention is not based on servic
125	Pay the technicians and pharmacist well enough to boost their morale and motivation.
126	People and Patient driven instead of metrics.. Focus on right behaviors and forget metrics completely..
127	People generally and understandably, do not want to wait. Metrics focused on prescriptions but does not count, as this survey has put it, non-dispensing services, phones, customer/patients and other variables does not make sense. I understand metrics, why there is one but not including everything makes it an unfair measure of practice. Customer surveys, metrics, non-dispensing services are all factors, among others, in pharmacy practice now.
128	Pharmaceutical technicians should not give consultation or suggestions to patients just because the pharmacist is too busy attending to non-dispensing services

	A
129	Pharmacies should be required to access Webiz before administering vaccines. Too many times I have seen unnecessary or duplicate vaccines administered.
130	Pharmacists are valuable - stop replacing pharmacists with techs - fight for the profession for adequate reimbursement that allows more than 1 pharmacist serving the public
131	Pharmacists need to be union and have someone protecting their rights. Unfortunately, all the bad practice and illegality is well known by Nevada Bord but they really Do Not Care!
132	Pharmacists should be allowed to sit down. We are not robots . We deserve to sit . Some times we are so pressed we dont even use the bathroom for ours . Fearful that a patient maybe upset waiting for the pharmacist for consultation
133	Pharmacy corporations should not be allowed to pressure pharmacist to verify prescriptions by promised time it is a unnecessary metric, when caring for the patient is more important
134	Pharmacy has become a rat race from the time the pharmacy opens until it closes...it has become a race to finish and fill as many prescriptions as possible. Drive thru services made it like fast food instead of safety. Maybe if there were more pharmacies so all the work wasn't all in one place. More pharmacist working at a time.
135	Pharmacy insurance or discount coupons from manufacturers should be made available to participating pharmacies prior to drop off or pick up to avoid any delay.
136	Pharmacy run score card to compare the all the store every week, Performance measure or time takes for each stage. 56 Seconds to verify? How many mtm ? Vaccination, per week , compare all store increases every week , comparing increases stress, anxiety if you behind then others. ,since all store has different thing to deal .comparison does not help rather than increase stress The time set up by System is very unrealistic ,put pharmacist in rush that cause errors
137	PHARMACY SUPERVISORS AND MANAGEMENT SHOULD NOT BE IN PLACE TO DRIVE PHARMACY PROFITS THROUGH DRIVING METRICS. THEY USED TO BE THERE FOR ACTUAL SUPPORT.
138	Pharmacy Technicians should get salary increase specially if they can help with immunization.
139	Please enforce my mandatory 30 minute break.
140	Please make a legal requirement for each pharmacy to operate safely with at least 2 to 3 technician minimum per 1 pharmacist so that the employer would not cut too many hours leaving us having a few hours of tech per day, 10 hour shift. Due to low number of tech hours budget weekly, we do not have enough number of technicians to assist all customers.
141	Please read through topic discussions on www.reddit.com/r/pharmacy and www.reddit.com/r/pharmacist
142	Please require pharmacies staff 2 pharmacists per shift.
143	Prescribers are difficult to reach when verifying prescriptions. Medical assistants have become an obstacle that impairs the efficient verification of prescriptions.
144	Proper compensation would be nice to avoid burnout of technicians and Pharmacists, though this appears to be an issue with corporate and their stance where patient safety matters only when it doesn't affect their profits.
145	Proper workload balance
146	Pushed too hard to reach unattainable metric/goals and told its all to keep patients healthy when its most about profits. Too much to constantly keep up with as a PIC: Compliance audits/inspections, metrics, BOP inspections, inventory, excessive amounts
147	Really hope the Board of Pharmacy is able to do something about current work conditions as it not only affects the employees but patients. I have been a pharmacist for 25 years and it has been great in the beginning but has become a multi-tasking nightmare. Companies are only looking at the profit and # of patients that can be processed. Not processed safely. If something happens then it is the pharmacist's fault as they shouldn't have rushed.... but they have to in order to hit the "goals". I am actively pursuing goals to get out of the profession that I used to love.
148	Regarding the idea of increasing the number of technicians a pharmacist can supervise, I believe it could suffer from diminishing returns. Time that could be spent doing clinical tasks, such as consultation and communicating with other healthcare providers, may be used to supervise additional staff instead. I don't believe this is where the role of a pharmacist should be going.
149	Respect for pharmacist, some management treat them like a home servant
150	Retail pharmacy has become unbearable. I've left a large chain because of the impossible expectations.
151	Retail pharmacy makes one feel as if they are on the brink of capsizing on a sinking boat. More pharmacists are required to solve issues regarding patient safety (consultations) and all non pharmacy related services like immunizations.
152	Retail Rphs are overworked and under paid. Performance evaluations are just ridiculous and unfair. Even if your manager gave you a good review but the other people involved in giving a raise will mandatory lower your score or since youve been in the c
153	Salaried pharmacists should have overtime pay too since a lot of us stay behind after our shift just to clear it up for the people working the next day. Or just have two pharmacists scheduled in a day so theres no work left behind after shifts.
154	Should be a regulation for the chain pharmacies to always have technician on duty. Im considering going to the state legislature about this concern.

	A
155	Should pay for pharmacist work after hours. Should have all electronic prescriptions, no more handwritten prescriptions. Hand written prescriptions are not safe most of the time.
156	Since COVID I have struggled with mental health and work continues to expect more and more without taking anything off the plate. They say they are helping but they arent. They budget for a skeleton crew at all times and expect you to constantly do the
157	Technicians need to make more than a gas station attendee
158	Technicians should be required to do all vaccinations.
159	Thank you for addressing this issue!
160	Thank you for doing this.
161	Thank you for sending out this survey and listening to our concerns.
162	Thank you from the bottom of my heart for this survey. The questions asked here have been well thought-out and inquired about a variety of topics.
163	Thank you NV BOP for this initiative! I hope there would be changes implemented after this survey as soon as possible. The demands and responsibilities for pharmacists are always increasing. While I am happy to do extra tasks to help serve our patients, additional help is needed from the company and government to ensure the patient's care and safety. I feel that the laws and policies are not fast enough to adapt to the changing landscape of the pharmacy practice. Increase communication from the BOP to pharmacy staff and public would be beneficial; consistent monthly newsletters would be nice; regular open dialogues or public forums would be favorable.
164	Thank you so much for doing this. It really feels good to feel like someone is listening, after feeling like we dont matter. My first job was at a Taco Bell when I was young. I hated it, and determined to never work there again. Pharmacy has become
165	The board of pharmacy needs to protect retail community chain pharmacists unsafe workplace conditions to improve patient safety. In Nevada, community chain pharmacists need to be required to staff the pharmacies to complete workflow daily.
166	The board of pharmacy was slow to implement laws and care about pharmacist to help and prevent errors.
167	The BOP should care more and investigate when a pharmacist files a complaint about working conditions in a pharmacy. The way a company runs its businesses has a direct effect on patient safety. It is discouraging to be told that BOP cannot do anything for us when patient safety is on the line. Our patients deserve better.
168	The disrespect and hostility for doing our job should not be tolerated
169	The metric system and management style mainly contributed the ability to verify the prescription effectively and safely for the patients. In addition, the pharmacy manager puts more pressure on pharmacy staff for the bonus payment, which even puts more burden on the pharmacists to promote patient safety. Therefore, I would recommend the Board of Pharmacy set a guideline for a certain number of prescriptions for pharmacists to verify per day or week. In addition, pharmacists must have enough time to verify and check the prescriptions in the best condition. If any pharmacy manager takes advantage of his or her power to pressure his or her staff to verify faster and provide unsafe working conditions. Please have a phone number or specific forms for the staff pharmacists to express their concerns and present complaints to the Board of Pharmacy about the management. Thank you,
170	The metrics is super stressful
171	The primary practice setting that I listed was with [redacted] retail pharmacy (my previous employer). There were days and weeks when I could not relax even on my days off. I would come to work anxious about the workload and metrics that my employer demanded from us, dealing with multiple situations unprepared by my employer, and constantly worrying whether or not, my mental health is more important than the company's values. Due to my large workload and multiple tasks at the pharmacy, I felt like it was easy to make a medication error, which led to increased stress levels and anxiety at work. My healthcare physicians suggested I quit my job due to poor work conditions at my retail pharmacy company, which led to taking medications for anxiety, depression, and eczema flares due to work stress. I have floated to several different [redacted] locations and the work conditions are the same or worse with less pharmacy support.
172	The safe number per day really depends on the system. At [redacted] you can safely fill more because their computer system is designed to prevent medication errors. Other places, not so much.
173	The solution is simple, but many BoPs refuse to act. Require big companies to ensure adequate help isnt asking a lot when you are dealing with patient safety. Just ask the this question to any other medical professionals: Have you EVER seen another whi
174	The workload that has been put on us is unfair and unsafe on top of tech hours being cut so badly we are working by ourselves. Pharmacy never used to be like this. We have lost so many great techs because of cut hours/wages and lost great pharmacists due

	A
175	There are not enough labor laws to help protect labor rights of pharmacists in Nevada. Salaried pharmacists are expected to complete work/hours outside of work in addition to scheduled pharmacy hours without pay. Pay increases even for the highest performers have barely made it to 2-3% yearly increase which to is not enough to help offset inflation. New graduates or pharmacists changing companies are offered $50-60 hourly with many given less than 25 hours weekly. It is disappointing this is the same offer from 15-20 years ago with significantly more competition entering the workforce, despite school tuition hikes in the last decade. The working conditions, minimal labor protection, and no incentive in pay guarantee to offset the expenses/commitment has plummeted interest in the profession, as seen in the lack of applicants in the pharmacy school. Great candidates are looking into other professions, and sadly pharmacists are discouraging their own family and friends from our profession due to the bleak job outlook and poor working conditions. Our community needs good pharmacists to guarantee their medication safety, and a lot needs to be changed to regain a positive interest in our profession. Our neighboring state California has taken strides in the profession, gaining workforce rights like requiring pharmacists to clock in and out during working hours and during lunch to protect from interruptions so they are adequately paid for their time. They are not allowed to open the pharmacy without a technician present. The Board no longer allows companies to use business metrics and goals to be evaluated because it affects patient safety. The bottom line is that this the safest process that we can do to ensure errors are kept minimal without interruptions and the stress of meeting metrics so that pharmacist can fully focus on preventing errors and identifying safety issues. I truly believe that not allowing quantitative measurements that pharmacists stress to add in addition to dispensing and requiring at least minimal technician hours (not more technicians allowable) will vastly decrease the number of errors and patients hurt so we do not compromise their care.
176	There should always be at least 1 technician working with a pharmacist at all times (like in California) to promote patient safety and safety in the workplace. Its scary to work by yourself in the pharmacy. Sometimes we get a last minute rush, or a fam
177	There should be a Pharmacist assign for MTM and equip so less interuptions in filling, dispensing and verification of Prescription.
178	They do not have hours for sick call. I think mental health is extremely important for pharmacists as well. All pharmacists need mental health breaks
179	Things need to change!! We have to stop big retail chains dictate what we do without regard to patient safety.
180	This is not the same profession that I began 28 years ago. Had I known it would become what it is, I never would have become a pharmacist
181	This survey failed to address the pharmacy profession other than retail. Expectaion to fill Rx's as quickly as possible puts patient safety at risk. For example, I would like to know how patient safety is paramount when doing clinical review and one is only given 6 seconds to perform a proper review.
182	Transfer of prescription must be limited, or needs to go back to the old way of limiting rx to be transferred only if rx has filled at least once in the pharmacy. If Md send rx to wrong pharmacy, they need to resend to the right pharmacy instead having pharmacy to transfer for their mistake.
183	Travel vaccines/meds consultations and immunizations have taken out a lot of time from our work flow. Then we still have to clear the queues for that day. We have to follow companys protocols to accept or deny new patients but sometimes feeling the com
184	Twelve hour shifts with one thirty-minute lunch break are ridiculous. Also, expecting one pharmacist to deal with dispensing prescriptions, vaccines, patient consults, answer customer questions, handle drive-thu issues, ring register, deal with inventory and ordering and everything else we do with no errors is insane. I'm old enough and experienced enough to say "no" if necessary but most pharmacists won't and errors will become more common and more serious it the current situation continues.
185	Ultimately the safety of the patients is our number one priority and secondly the pharmacist and technicians well being & mental sanity need to be addressed due to unrealistic expectations and pressure from the companies metrics! The outrageous workl
186	Unrelated to the board, but the pay scale for pharmacy is also not very good for chain retail pharmacies, which exacerbates staffing issues.
187	Unsafe to voice concerns without feeling that I put my job at risk.
188	Until ALL interruptions are eliminated or decreased and third party is reformed or eliminated, NOTHING will change or improve
189	[redacted] caused me to have psychological damage from the stress, weight gain, lack of rest periods (because of no overlap) lack of bathroom breaks and constantly being berated by patients with no repercussions from corporate when my life was threatened on multiple accounts
190	[redacted]
191	[redacted] greed is excessive . Managers and technicians are incentivized to pushing vaccines
192	[redacted] in Las Vegas is the employer referred to above

	A
193	We get a designated lunch, but no additional rest periods for pharmacists, only technicians get breaks. Employees don't have enough vacation/sick time to take well-deserved breaks and take time off when sick, and we don't have any coverage when we do need time off, which leads to people working when sick, injured, in pain etc and increases stress and burnout. Increasing the number of techs increases my stress and workload in a different way. I work very hard to stay focused so as not to make a mistake, but it is exhausting to keep track of everything going on. And yet I wouldn't be able to fill all those prescriptions without them. Which means we need another pharmacist if we need more technicians. And with staffing where it is, we are almost always "behind."
194	We have a central fill location which is supposed to help us with workload but it cause many problems which includes customer complaints. It also automatically pull in non maintenance medications such as Ibuprofen and other medications and when the customers come in to pick up their medication, we have to pull it back and it takes extra time which could have been avoided
195	We need more breaks or lunch should be longer than 30 minutes
196	We need more specializes pharmacy and pharmacist to offer a better service. We are trying to do to much at one setting
197	While my current employer is not as bad, I had to quit my previous employer Walgreens due to such stressful job environment, more goals/quotas to be met, pressure from store managers and district managers who some dont event have pharmacist degree but di
198	Without enough staffs to accommodate work flow and patient care, there is higher chance to make errors because everyone has to work faster and harder to meet metrics. Besides that limited staff also affected the time patient has to wait in pharmacy to pick up their medications.
199	working less hours per week is the key for my life change
200	Yes, pharmacy is a business but also a means for patients to get life saving medication. This should be taken seriously. Pharmacists should be able to safely evaluate each prescription and not push for completion due to time constraints from the company and deal with constant interruptions that open the door for numerous medication errors.
201	You cannot tell me that a pharmacist being pulled in 6-12 directions at any one time will never make a mistake. You cannot tell me that a technician trying to multitask at the same level wont make a mistake. My company likes to say that some techs act
202	No response.

	A
1	**Question 57: Please share any other comments you may have:**
2	**Question 3: Which of the following most closely describes your primary practice setting?** **a. Institutional/Hospital Pharmacy**
3	**Responses**
4	Allergies!!!
5	Allow pharmacists to make clinical judgements regarding medications. (Ie; 2 lisinopril 2.5mg daily instead of one 5mg tablet
6	Before our current management took over, we had amazing outcomes with our diabetic patients and hypertension patients because we had in person visits with them, the pandemic changed that to telephone visits, which are often no show and not effective. We need to go back to being 50% clinical & 50% retail like we were; this will greatly improve patient safety & outcomes, in addition to eliminating errors. We also need to be less cluttered; our manager focuses on ordering things and overfilling the pharmacy, rather than anything to do with patients; he does not care about the patients at all, sadly. We need a major refocus in our management, but this has been a struggle, he distracts more than he ever helps, unfortunately.
7	better understanding of pharmacist work from physicians and Nurses. Also from general public.
8	[redacted] is a patient safety nightmare. Please do something about it!!! Staff is scared to work here and management doesnt care
9	Dea caps on scheduled rxs dispensed without the pharmacy knowing what that cap is does not help with the opioid crisis but instead compromise patient safety for those in need of these medications for legitimate reasons
10	Even though more tech would be helpful to get things done, if the ratio is too great, it is hard to check everything safely (without rushing which could lead to more errors).
11	Hospital pharmacy is 200% less stressful than retail pharmacy. Workload is about half with more staff.
12	Hospital setting is very different than retain setting for patient safety, but the priority is still number 1.
13	I do other projects for the company I work for outside of pharmacy hours, that can be stressful, but the pharmacy work during business hours is easily accomplished. My biggest stress is the computers going down.
14	I know retail pharmacies are massively overwhelmed, especially during vaccination times. But I wish that the board of pharmacy paid better attention to hospital pharmacies. We are also massively understaffed in Nevada and we are also looking into unionizing.
15	I only work part time currently due to a past pharmacy job of high stress, high workload, and spending 60 hrs a week working, when only being compensated for a 40 hour week. Basically I burnt out
16	I quit retail about 2 years ago. The big companies will never come with more help unless forced. Its as bad as youve heard.
17	I realize that the healthcare system is struggling, in my setting the administration is so far out of touch with the daily needs and struggles of our department ~ we are unseen and unrecognized.
18	I switched careers from [redacted] to [redacted] pharmacy. Both pharmacies processed the same amount of prescriptions, but the biggest difference is that instead of having one pharmacist working an 10+ shift there are sometimes 3-4 pharmacist each working an overlapped 8 hour shift. This allows the pharmacists to spread the amount of consultations, vaccines and other non-dispensing activities amongst themselves. Moreover, the pharmacist is not pressured to spend such little time on prescription verification, but rather can safely analyze DUR and seek clarification without sacrificing on getting patients their medications in timely manner. My work life balance has been greatly increased since making the switch.
19	I want to love where I work, but some days it worries me to be there when I see how little administration cares about us and in turn how little they actually care for patient safety.
20	I would prefer to hire more technicians than less but it could have a positive or negative impact on patient safety and medication errors. Some technicians are not very detail oriented and make a lot of mistakes whereas others are very accurate. Hiring more pharmacists concurrently would help pharmacists spread the workload and not feel overwhelmed with the amount of items to check that techs have prepared. I believe both hiring more pharmacists and more technicians would improve patient safety and reduce med errors
21	It would be so nice to feel like we have a board that cares for us. It feels like it works against us and any time I have called I get an "you're a pharmacist, you should know" attitude.
22	Its not necessarily the number of techs working. Its their work responsibilities that need updated.
23	KEEP IN MIND I WORK IN A HOSPITAL WITH 800+ BEDS ADMITTED ON THE ADULT SIDE. BUT THERE IS ALSO CHILDRENS HOSPITAL AND THE ER PATIENTS TO CONSIDER. ON DAY SHIFT, THERE IS MORE STAFFING, ON SWING SHIFT STAFFING DECREASES, AND ON 3RD SHIFT - WE ARE BARE BONES SKELETON CREW BUT PATIENT VOLUME AND DEMAND DOES NOT CHANGE. AND FREQUENTLY INCREASES.
24	Lots of pharmacists feel they are not supported by their own governing organization and are left to rot. Whereas nursing and physician groups at least try to support their profession. The liabilities of the law, the additional responsibilities, and the ever increasing risk of patient safety that we carry on our broken backs just isn't worth proceeding in this profession anymore. The non-existant pay increases over the past couple of decades does not match up all the additional responsibilities and work we all have to endure.

	A
25	Many of these questions are not applicable for hospital and clinical pharmacists so consider a separate survey for them to address
26	N/A
27	NA
28	NA.
29	Nevada is also behind other states in what pharmacists are able to do within their scope of practice. Many more states have outpatient/inpatient prescribing, more liberal collective practice agreements, etc. As more of these practices (such as COVID immunizations, Paxlovid prescribing, vancomycin AUC/MIC dosing, etc) have been slowly introduced in Nevada the number of pharmacists staffing has stayed the same. And employers and institutions haven't appeared to show any interest in providing more FTEs for the additional work. This will only get worse as other states expand pharmacists scope of practice. And allowing technicians to do pharmacist duties (such as immunize) under pharmacist supervision just allows employers to not staff more pharmacists but carry more of a liability being responsible for the activities an individual without even a 4-year degree which we have to directly supervise anyway.
30	No other comments
31	None
32	not at this time
33	Over my 30+ years in pharmacy I have seen an increased emphasis on patient safety, so much so that I earned a credentialing in patient safety. However, the emphasis on USP 797 and 800 , though extremely important and does add dimensions of patient safety, has created delays in patient care due to the "extra steps" in creating a sterile/accurate dose. These delays add extra stress to an already busy patient care process.
34	Pharmacy has gone downhill, we let employers push us around to much and for too long.
35	Pharmacy has not been what I imagined it would be¦these companies make sooooo much money off the backs of our hard work. Its very easy and quick to lose motivation (I see sooo many pharmacists and especially techs who do the bare minimum) this means
36	Pharmacy has not really changed and retail always drive for profit and under staffing due to management greed and lack of empathy.
37	PROVIDERS NEED TO BE HELD ACCOUNTABLE - THEY DO NOT ANSWER THE PHONES, THEY ALLOW UNEDUCATED MA'S TO GIVE RX'S OVER THE PHONE, AND GIVE MEDICATIONS WITHOUT A PHARMACIST REVIEW AND NO KNOWLEDGE OF THE PT'S OTHER MEDICATIONS LEADING TO ERRORS
38	Receive meal break required by law , but zero additional breaks
39	Reflecting on my entry into retail pharmacy about 15 years ago, the staffing levels were reasonable, enabling us to manage our workload efficiently. I could dedicate time to addressing issues, conducting follow-ups with healthcare providers, and ensuring comprehensive patient care. With my background in hospital and ambulatory care pharmacy, I comfortably balanced the demands of retail until I transitioned to an ambulatory care role in a hospital. However, during my five years in retail pharmacy, I witnessed concerning changes in the work dynamics. There was a persistent push to reduce technician hours and replace experienced technicians with lower-cost hires and minimal training. This restructuring impacted workflow, forcing unreasonable speed expectations on the remaining staff, leading to psychological and physical burnout for both technicians and pharmacists. The high turnover resulted in constant changes within the team, disrupting continuity and patient care. The working conditions deteriorated to a point where the well-being of healthcare staff was compromised. It became evident that caring for patients necessitates a supportive environment that prioritizes the well-being of the healthcare team. Despite being offered roles of higher responsibility based on performance, I chose not to continue in retail pharmacy due to the discordance between the work environment and my personal values, particularly in the treatment of technicians. I firmly believe that a healthy and supportive work environment is essential for delivering quality patient care, and regrettably, the current conditions in retail pharmacy diverge significantly from these principles
40	some of these questions are difficult to answer related to a hospital clinical pharmacy setting, but sometimes noise levels and interruptions while processing medication orders can be an issue. I've grown accustom to this setting and have personal mental checks to keep myself from putting through orders that I haven't evaluated thoroughly due to distractions/interruptions. I feel like there is very little one can do about it in this setting, unfortunately.
41	Some patient safety issues get swept under the carpet by administration
42	Stop increasing the number of techs per pharmacists. Its more stress on the pharmacists to have to be responsible for them.
43	Survey difficult need more explanation boxes to cover questions things like flex schedule due to census without out reguard to patient aquity
44	Thank you
45	Thank you so much for doing this survey. Timely and important!
46	The increased number of pharmaceutical technicians may pose a threat to patient safety as pharmacists are required to supervise more technician duties
47	Time for patient counseling and developing personal professional relationships.

	A
48	We must put into law minimum staffing for pharmacy size and/or workload - orders processed/dispensed. And not based on quantity of patient.
49	We need more advocates for Pharmacists and patient safety in all types of pharmacy settings
50	No response.

	A

Non-pharmacy practice setting (i.e., a practitioner's office, at home, at a college or university, etc.)** **f. Consultant Pharmacist** **g. None of the above, I am currently unemployed or retired.** **No Response**
3	**Responses**
4	1) I am lucky I can work for a small independent retail store. I would change careers overnight (to my other non-pharmacy part time job which I do work once or twice a month) if I had to work for a chain. They make the pharmacists at the other chain retails in town work 12-13+ hours a day & have to fill over 300 rx's/day. I have filled in on emergency for them & would never do it full time. That is absolutely insane. It is chaos all day. It is horrible for your health. We pharmacists (in general) are treated like fast food restaurant workers flipping burgers all day. I have it easy compared to them and am still burned out. You know how hard it is to get a day off? Nearly impossible. You have to work when you are sick & miserable cause there is no coverage for you. No other profession in the USA abuses their employees like pharmacists are abused. And if I had it to do all over again, I would NOT become a pharmacist. 2) we need to start training employers & pharmacists that in the name of patient safety, only those who truly need their prescription filled right this second (mother with sick kid in her arms) gets special treatment. All other customers need to wait their turn in line & we will get to later in the day. If we would start training everyone that this is a major way to reduce chaos (& the subsequent med errors) life would be better. I have started doing that at my pharmacy & the med errors have dropped dramatically. I repeat dramatically. Catering to every patient right here right now does nothing but create chaos & med errors. Patients are not entitled to have everyone stop what they are doing & fill their rx right now. But that is how it is in a lot of pharmacies & that is the attitude of a lot of patients. That is a disservice to everyone, all in the name creating a competitive edge is getting your script volume up so you can make someone else rich. Again. What ever happened to patient care. Lastly, I am grateful in that I don't have to administer vaccines & all that other non-prescription related stuff otherwise I would leave even this job. Listen, we are tied to preparing a product (prescriptions) for sale to a customer. Until that non-sense is no longer our job, all that other stuff they tout as patient care is just window dressing & has no business detracting from the safe & accurate filling of prescriptions.
5	As mentioned above, with the shifting of more workload to the techs, their pay scale should have been elevated more than it has 16 to 20 bucks an hour is in line with fast food , and the last time I checked, we were healthcare ¦ does that mean anything
6	Being professional in a community pharmacy: requires looking, acting, & speaking professionally. Being ready to work and on time when starting a shift. Help other staff members to perform their best and always remember you will never be appreciated by everyone you serve, since many in our current culture resent anyone standing between them and their drugs.
7	Does the patient truly benefit from a corporate mentality that is driven by œnot how but how many? Why is quality sacrificed for the mere sake of productivity?
8	Don't have one at the moment
9	excessive DEA policy against opiates to the extent patients with severe pain are being grossly under treated for fear of the DEA
10	Hopefully in the future - one day: Dramatically decrease dispensing functions of a pharmacist (which probably will be taken over by AI) and emphasize clinical knowledge/ patient consultation and education regarding patient lifestyle changes, nutrition, and possible drug- drug adverse interactions as well as patient discussions utilizing complementary medicine and assist in the development of an integrative health care approach.
11	I am glad this Problem is finally making an impression on the board as they have always preached patient and public safety while neglecting and not supporting pharmacists who are clearly overwhelmed and have asked for their help.
12	I am so grateful our BOP cares enough about patient safety to send this survey. It gives me hope for our pharmacy profession in Nevada.
13	I answered question 58,59, 60, and 61 based on my experience at a retail pharmacy
14	I feel for the community pharmacists who were being abused by the large chains and denied technician help, all in the quest for decreased cost and increased profit. There has to be a way to balance profit with patient safety, and unsafe working conditions is not it. I feel lucky to have escaped that career choice for much of my career, although poorly-managed hospital pharmacies aren't a picnic either. Gone are the days of employer-employee loyalty and fidelity. I'm glad to have landed a job in IT after 37 years as a clerk, tech, intern and pharmacist in various settings.
15	i hope the board will pass some regulations
16	I left retail pharmacy 10 years ago due to the expectations at that time and they have only gotten worse. I believe errors are frequently not caught because patients don't know to ask questions.
17	I left retail the day I was physically and verbally threatened by a patient and will never work in retail again. The company I worked for had such a poor response.

	A
18	I left retail this year after COVID pandemic due to increased pressures for providing vaccinations with no additional support in pharmacy staffing, training, roll-out of vaccination preparedness and then after providing over 5,000 shots in a year, having overlap pharmacists hours cut, technician hours cut, increased demands on non-dispensing patient services and metrics. I no longer felt safe dispensing medications for patient care.
19	I left Walgreens when I was sure that I was going to injure a patient or have a stroke due to the amount of hours I worked off the clock. I am certain that the majority of pharmacists who work at Walgreens and CVS now feel the same way. 58 thru 61 were all yes when I worked chain, and all somewhat when I worked at a grocery store.
20	I love being an Infectious Disease Consultant Pharmacist and Consultant Pharmacist
21	I love my current full time position, but do not see myself ever returning full time to a retail setting due to severe staffing shortages and performance metrics.
22	I support removing any metrics for retail pharmacists.
23	I wish that I did not pick "not applicable" because I am retired. If I were to answer these questions, I would answer them as negative responses. All the places that I have worked, the Chief was more concerned about a bonus than patient care.
24	I wish you had sent this survey out a year ago. My current employer is an independent pharmacy and it is amazing. My previous employer was the 3 letter. I worked for them from the time they took over Target pharmacy in 2016 until I quit in August 2022. From the moment [redacted] became my employer, I always told myself I would stop working for them once I felt like conditions were unsafe. I think I stayed a few years longer than that. Even before the pandemic hit, they were reducing technician hours to unsafe levels/stressful levels. Every single day I was scheduled to work I went in one hour before open just to try and set the pharmacy up for success (try to clear out QT, fridge temps, make sure the computers were up and running for the day, etc) and then many days I'd stay late just to clean thing up (put away the order, clear out QP that was overdue, file hard copies, etc) I know I diminished my value as a pharmacist by working off the clock but even with an experienced pharmacy team we could not physically handle taking care of patients and a business with the amount of help they said we were allotted. The quotas they expected were ridiculous - I remember one year [redacted] gave us a flu shot quota of around 1200. Well we reached that goal around late October so they gave us an "extended goal" - nothing was ever good enough for them. The real craziness started when the covid vaccine became available and we were expected to vaccinate all day long while continuing to dispense prescriptions. Sure, they made some technological upgrades which helped make some things faster. However, when you have a diabetic patient being counseled on how to use supplies for the first time and you want to spend 20 minutes helping them out by giving them that human connection you can't because you have vaccine appointments and a million other things to do. It's disheartening. If you really want to see some interesting things you should get your hands on the colleague survey [redacted] gives their employees every year. I'm sure I'm not the only one that begged for more help every year. I became a pharmacist to help people. By the time I finished with [redacted] in 2022, I felt like the only one I was helping was [redacted] to pad their bottom line. They didn't care about their team or their patients. I was just a number making them X amount of profit.
25	I work at an independent pharmacy with other pharmacists. I feel bad for RPhs who work at chains burdened with a lot of work.
26	I worked 14 years in one retail pharmacy and I quit because they cant find relief pharmacist so I can go on vacation (staffing problems)
27	Ive worked at [redacted] and have felt that I didnt have enough help to fill prescriptions safely. Didnt have enough help to be able to take a break, also couldnt get a break to pump while lactating. [redacted] burnt me out and affected my physical
28	If you increase the tech ratio, you are only worsening the problem. All that work is still falling on the ONE pharmacist. That ONE pharmacist will be the bottle neck and will feel pressured to finish all the tasks as quickly as possible. Someone WILL mak
29	Increasing Pharmacy tech ratio will lead to better patient care and safety. By having more techs they will reduce the busy work a pharmacist is doing allowing RPh to do only Rph duties. Final verification and counseling. Increasing or Eliminating the ratio has been shown to work in other states. Every Pharmacist have different abilities those abilities limit how many they can do safely on a individual basis there should be no quota for what they must get done.
30	Most of these questions do not represent my current conditions. We compound. I feel the survey should include an œother option with space for comment.
31	My pharmacy collaborates with nursing and we also have "on call" hours outside of our regularly scheduled shifts.
32	N/A

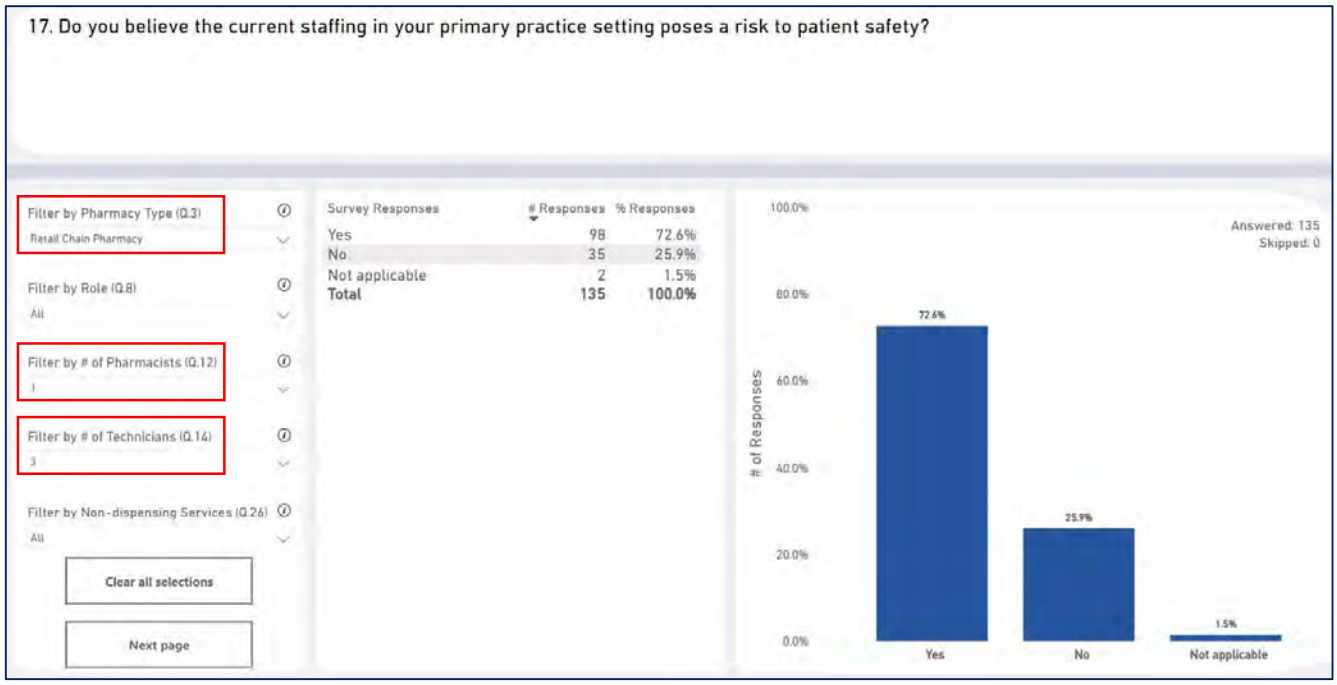
37	None

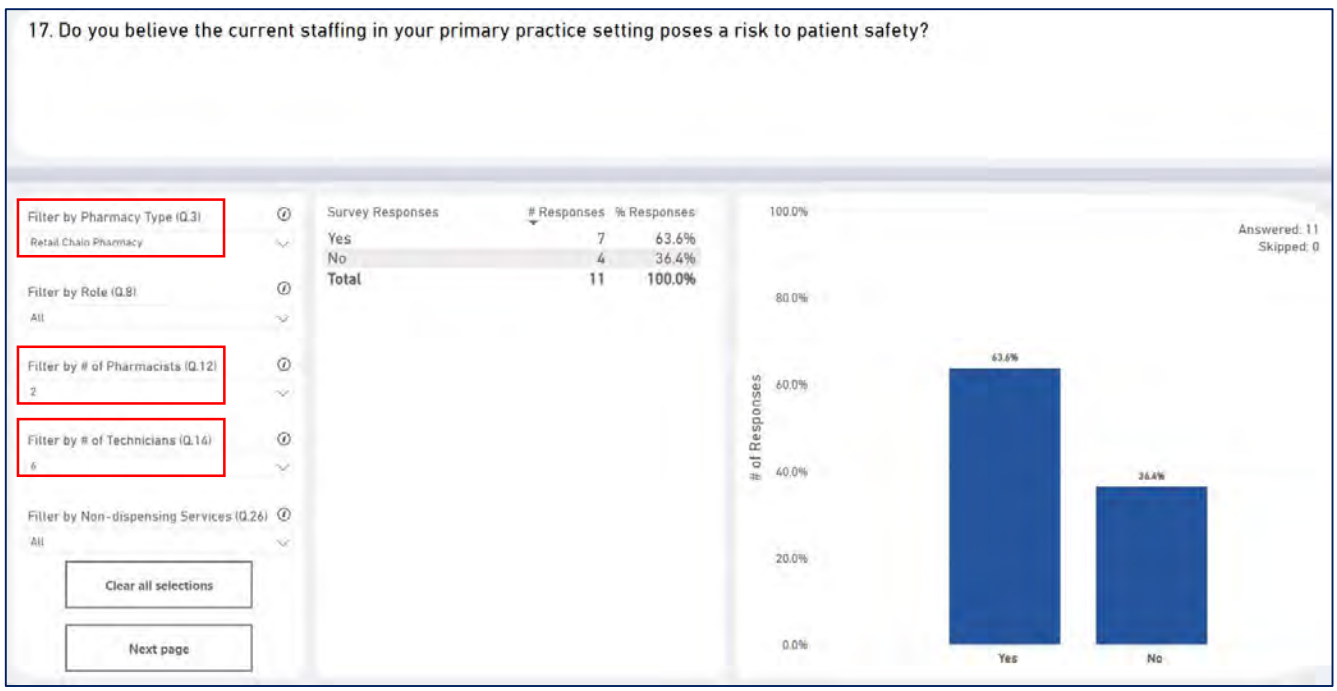
	A
38	Pharmacist and pharmacy personnel have got be more valued by the community, prescribers, and business. Patients of all classes, health status, and financial wellness will wait hours/months if necessary for a doctor appointment but cannot be bothered to wait 5 minutes for their medications???? The pharmacy world is broken by greed of money and time. All medical services were given a great and mighty disservice when they became a business and not healthcare. My position with DHA/DOD is much better that it was in RETAIL, but there is still room for much improvement. My job in retail and here has been reduced to be an editor of my technicians, the doctors, and even the patients. I feel my degree as a pharmacist is being only about 10% of the time, yet I am still paying for a $200,000 education that brings me very little reward other than a pay check.
39	Pharmacy cannot be treated like a fast food situation although some of those business have implemented strong quality check measures to ensure accuracy.
40	Q47. Remove eliminate and use decrease to describe the factors distracting RPh when processing orders in community & hospital RX
41	see the above comments. We need to have more pharmacist to assist our patients. Do NOT increase technician ratio's. A pharmacist cannot have a high metrics, flu shots, patient questions, increase technician & cashier ratio; increase phone calls, consults to better serve our patients. There is a mass exodus of people leaving the pharmacy career.. There is definitely no work and home life balance. We can't say anything because pharmacist are trying to pay off the loans we have incurred to enter this career. Take a survey: not many pharmacist are happy with their career choices.
42	since the vast majority of errors occur at input, this is where the pharmacist should be, not a tech
43	The practice of pharmacy in a chain retail setting is becoming too stressful and leads to a case of burnout for the Pharmacist
44	There is a limit to what one pharmacist, even with competent PharmTech help, can reasonably safely process. That limit can change from day to day or even hour to hour based on multiple factors: health of pharmacist or PharmTech that day, unique prescription problems, temperature in the pharmacy, pressure from waiting patients and the looming workload metrics. Most times, you can only complete what you can get done and if that completion rate leaves unfilled prescriptions, then the next day starts off behind. I have a limit and a safe speed and that speed varies based on some of the above items and the competency of the PharmTechs working with me.
45	There is no shortage of Pharmacists but rather, there is a shortage of good paying pharmacist jobs and also a high shortage of conducive work environment.
46	This is an independent pharmacy whos main emphasis is quality service to our patients. We have a small staff that all work well together to provide a good service to our patients. More important than quantity of staff is the quality of staff.
47	TOO MANY TECHNICIANS FOR TOO FEW PHARMACISTS.
48	Unreasonable metric standards should be discontinued , need more pharmacists to do multiple jobs
49	Vaccinations and mtm have no place in a pharmacy setting. Too distracting. Too many interruptions. Main reason I quit practicing pharmacy. These could be addressed by a separate pharmacist, whose job was to vaccinate or do mtms
50	Vaccinations should not be forced requirement of employment especially Covid boosters that are dangerous. Give RPh discretion to give or not give vaccinations. COVID boosters are dangerous and this is documented.
51	Walgreens metrics are a Pt. Safety risk
52	When I was with CVS (2017-2019), I was so run-down and burned out I almost decided to go BACK to school for a non-healthcare related career. I was depressed. I didn't love pharmacy like I used to. I'm so happy I was able to find a different employer and brought my love for pharmacy back to life.
53	No response.

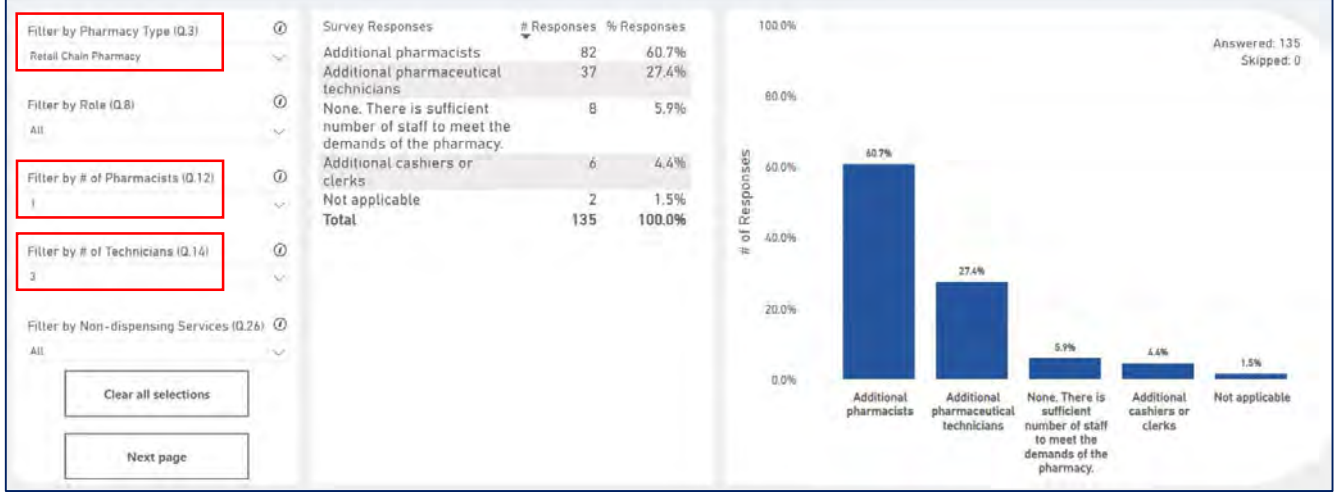
Additional Reports



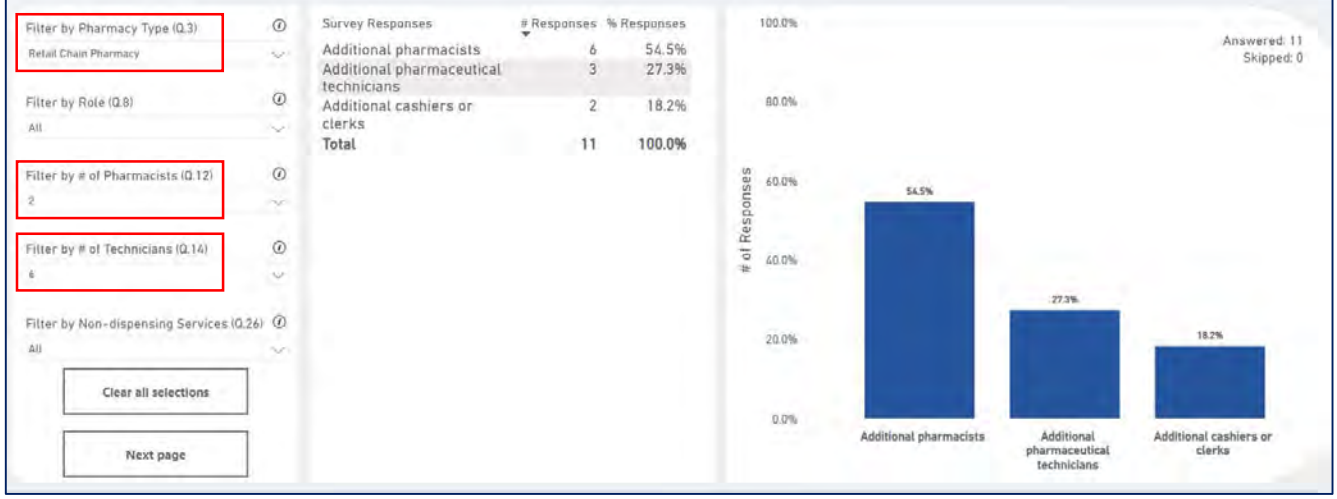
Report 1

This report provides a view to certain survey questions depending on the staffing model in a Retail Chain Pharmacy setting. This report specifically looks at the responses to questions 16, 17, 18 and 47 based on Retain Chain Pharmacies staffed with one (1) pharmacist and three (3) pharmaceutical technicians vs two (2) pharmacists and six (6) pharmaceutical technicians. (As a reminder, the results of **question 12** demonstrated that most Retail Chain Pharmacies staff their pharmacy with one (1) pharmacist per shift (67.2% of responses) or two (2) pharmacists per shift (21.5% of responses) and the results of **question 14** demonstrated that most Retail Chain Pharmacies staff their pharmacy with three (3) pharmaceutical technicians per shift.)

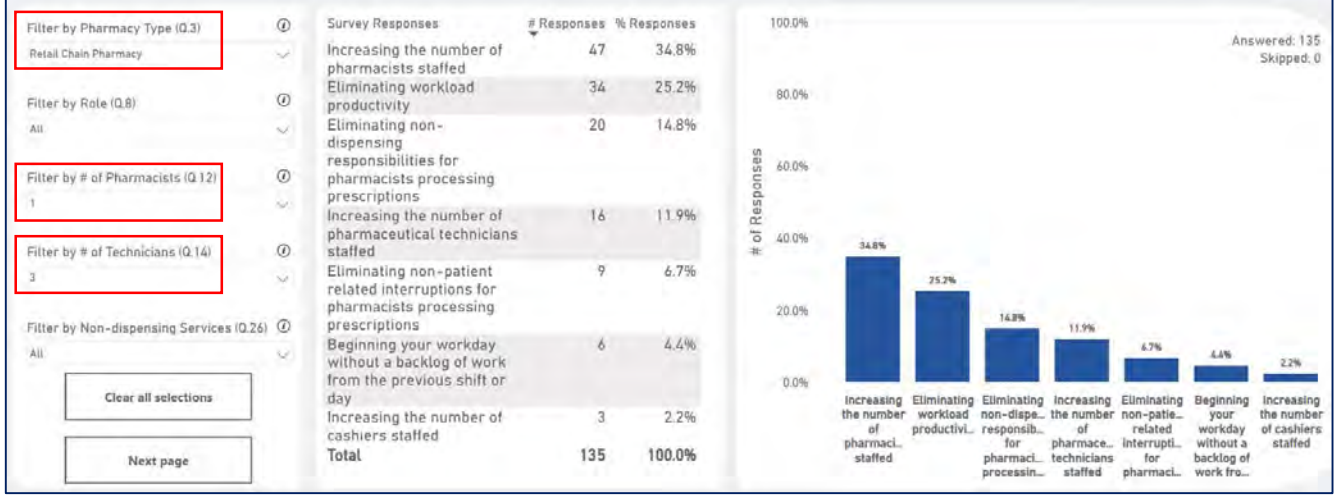




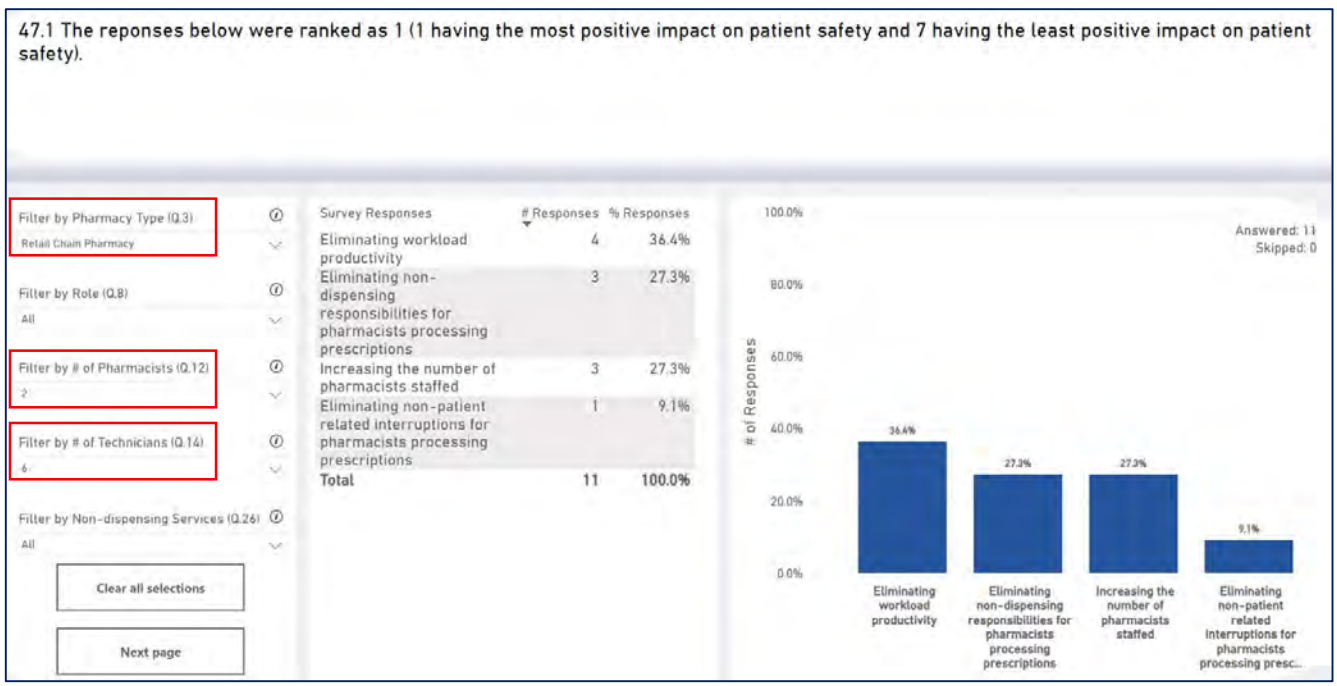
17. Do you believe the current staffing in your primary practice setting poses a risk to patient safety?



17. Do you believe the current staffing in your primary practice setting poses a risk to patient safety?

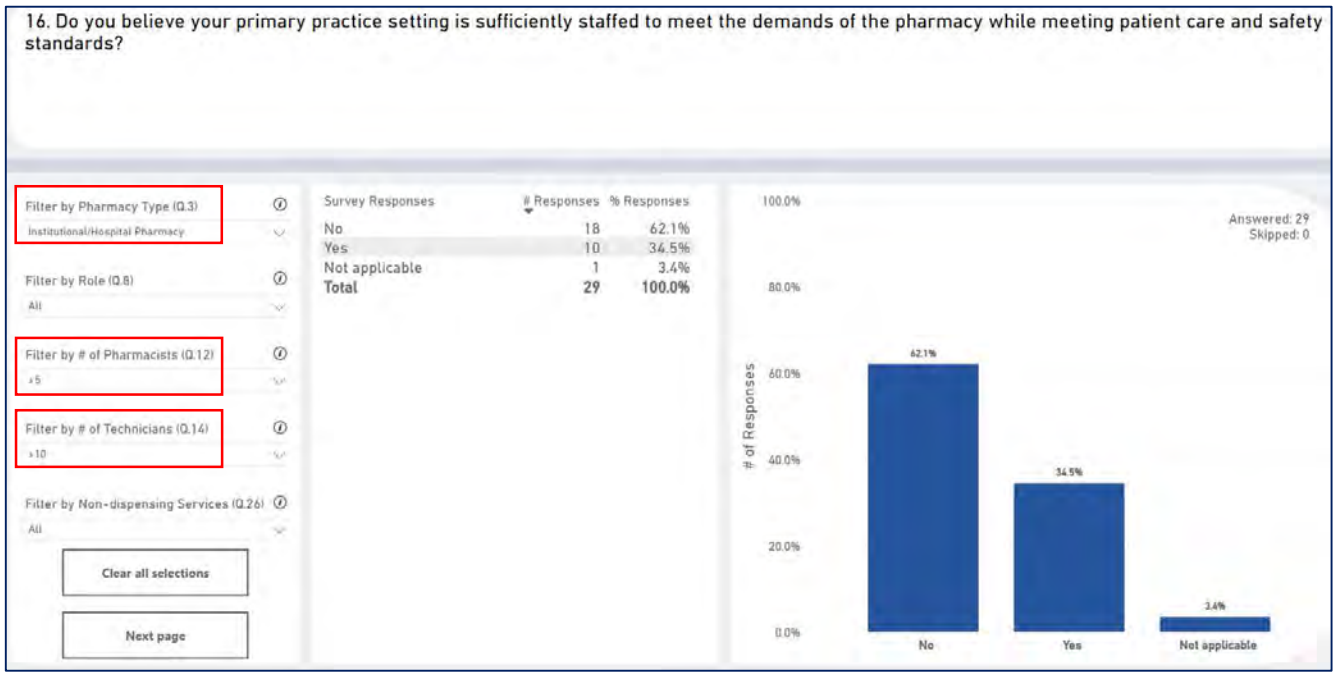


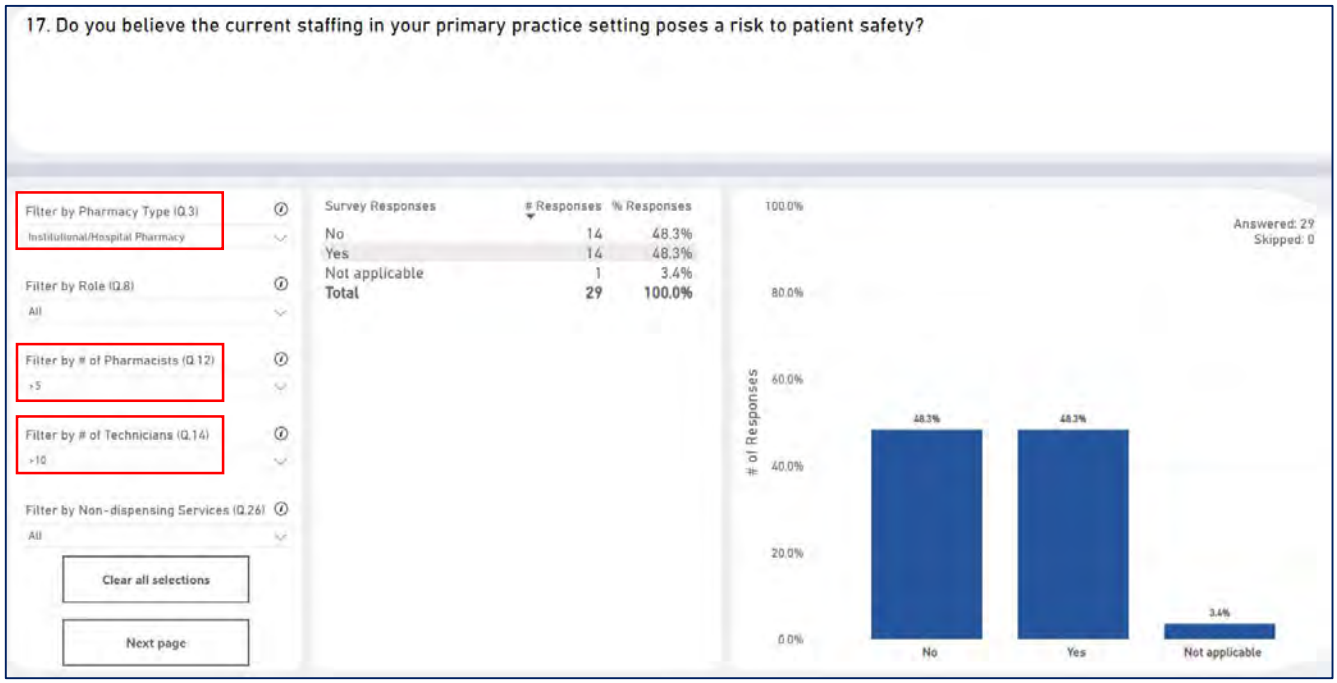
18. If you could choose to add more staff to assist in the demands of the pharmacy to ensure patient care and safety is prioritized, which would you choose?



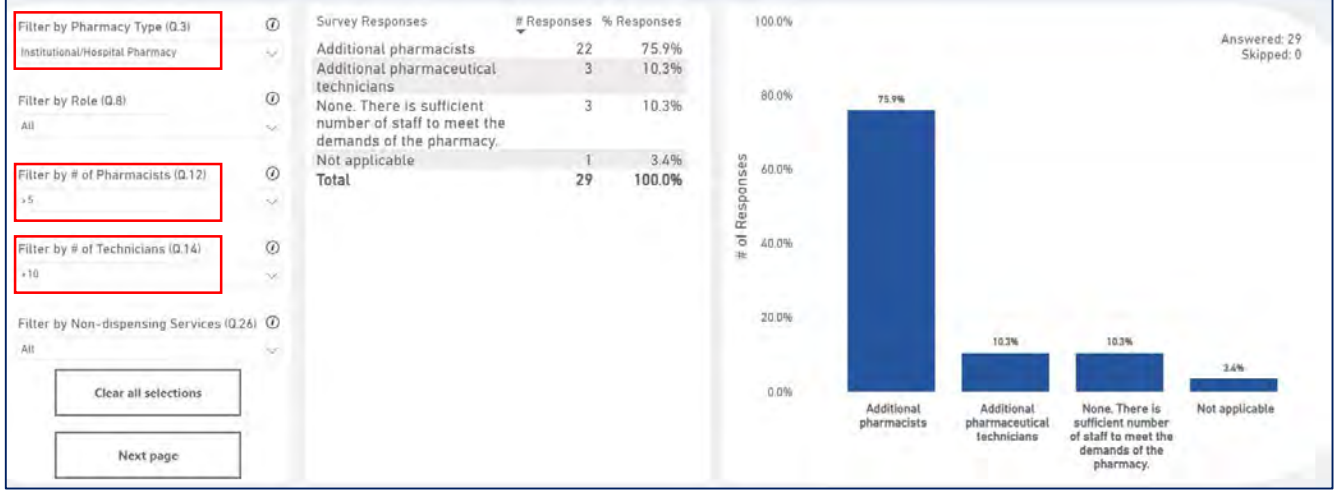
18. If you could choose to add more staff to assist in the demands of the pharmacy to ensure patient care and safety is prioritized, which would you choose?

47.1 The reponses below were ranked as 1 (1 having the most positive impact on patient safety and 7 having the least positive impact on patient safety).



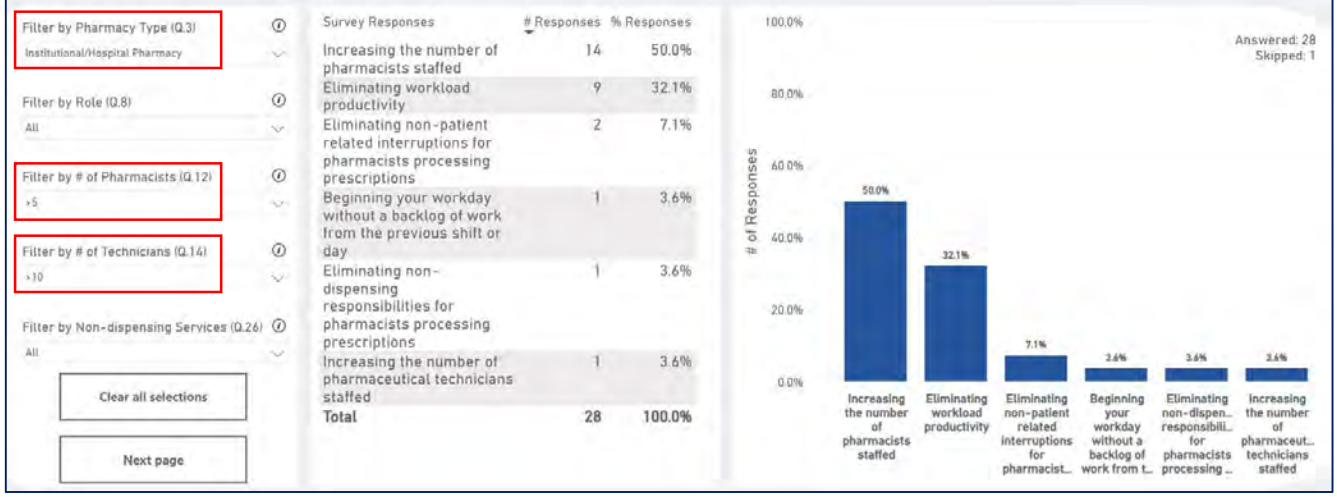


47.1 The reponses below were ranked as 1 (1 having the most positive impact on patient safety and 7 having the least positive impact on patient safety).



Report 2

This report provides a view to certain survey questions depending on the staffing model in an Institutional/Hospital Pharmacy setting. This report specifically looks at the responses to questions 16, 17, 18 and 47 based on Institutional/Hospital Pharmacies staffed with greater than five (5) pharmacists and greater than ten (10) pharmaceutical technicians. (As a reminder, the results of **question 12** demonstrated that most Institutional/Hospital Pharmacies staff their pharmacy with greater than five (5) pharmacists per shift (36.7% of responses) and the results of **question 14** demonstrated that most Institutional/Hospital Pharmacies staff their pharmacy with greater than ten (10) pharmaceutical technicians per shift.)



18. If you could choose to add more staff to assist in the demands of the pharmacy to ensure patient care and safety is prioritized, which would you choose?

47.1 The reponses below were ranked as 1 (1 having the most positive impact on patient safety and 7 having the least positive impact on patient safety).

PROPOSED REGULATION OF THE STATE BOARD OF PHARMACY

Workshop – April 18, 2024

EXPLANATION – Matter in ***italics*** is new; matter in brackets **[**~~omitted material~~**]** is material to be omitted. and language in ***green text*** indicates prior Board-approved amendments that are in the process of being codified.

AUTHORITY: § 1, NRS 639.070, 639.266

A REGULATION relating to pharmacy; clarifying record keeping requirements of counseling by a pharmacy; and providing other matters properly relating thereto.

NAC 639.708 of NAC is hereby amended to read as follows:

NAC 639.708 **Counseling of patients: Duties of pharmacy**. (NRS 639.070, 639.266) To facilitate counseling regarding a prescription, a pharmacy shall:

1. Maintain a record of medication for each patient to whom a prescription has been dispensed by that pharmacy. The record must:
   (a) Be retrievable for use by the pharmacist;
   (b) Be maintained for at least 2 years after the most recent entry;
   (c) List all prescriptions dispensed to the patient at that pharmacy; and
   (d) Include all data required to be placed on the prescription.
2. Make a reasonable effort to obtain and retain in the record of medication the:
   (a) Telephone number or numbers, if any, of the patient;
   (b) Gender of the patient;
   (c) Age or date of birth of the patient;
   (d) History of the patient, including allergies, reactions to particular drugs and any medications or medical devices used by the patient; and
   (e) Any comments relevant to the drug therapy of the patient, including any other information which is specific to the patient or drug.
3. Ensure that a pharmacist is available by telephone during business hours and, if the pharmacy routinely delivers prescriptions outside of the trade area covered by local

telephone service, provide a toll-free telephone number.

4. Include with each prescription container delivered or distributed by a public carrier:
    (a) The local, and if applicable toll-free, telephone numbers of the pharmacy;
    (b) The hours during which the patient may contact the pharmacy by telephone; and
    (c) A written notice in substantially the following form:

Written information about this prescription has been provided for you. Please read this information before you take this medication. If you have questions concerning this prescription, a pharmacist is available between the hours of ..... and ..... to answer your questions.

5. Maintain the confidentiality of each patient's records, including prescriptions, pursuant to NRS 639.238. A pharmacist shall not divulge the contents of a patient's records, except as authorized by NRS 639.238.
6. Make available to a practitioner, upon request, all information relating to a prescription that is provided to a patient of that practitioner by the pharmacist or an intern pharmacist.
7. Ensure that counseling is conducted in a confidential manner to prevent disclosure of information to any person other than the patient or the person caring for the patient.
8. ***Maintain a readily retrievable record of patient counseling for each prescription that is required of a pharmacist or intern pharmacist pursuant to NAC 639.707. In addition to the record requirements pursuant to NAC 639.707 subsection 6, the record must also include:***
    (a) The date and time the prescription was dispensed;
    (b) The prescription number;
    (c) The date and time counseling was provided to or refused by a patient or the person caring for the patient; and
    (d) Whether counseling was given or whether counseling was affirmatively refused by the patient for all new prescriptions or prescriptions that require counseling.
9. ***A pharmacy must keep accurate records of patient counseling.***
10. ***A pharmacy has a duty to staff a pharmacy in a manner that allows for adequate counseling of patients.***

21

21A

PROPOSED REGULATION OF THE

STATE BOARD OF PHARMACY

LCB File No. R101-23

November 8, 2023

EXPLANATION – Matter in ***italics*** is new; matter in brackets **[~~omitted material~~]** is material to be omitted.

AUTHORITY: § 1, NRS 453.146 and 639.070.

A REGULATION relating to controlled substances; revising the list of controlled substances contained in schedule I; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the State Board of Pharmacy to add, delete or reschedule substances listed as controlled substances in schedules I, II, III, IV and V of the Uniform Controlled Substances Act by regulation. (NRS 453.146) Existing regulations set forth the drugs and substances that are enumerated in schedule I. (NAC 453.510) This regulation revises the list of drugs and substances contained in schedule I to include certain synthetic cannabinoids.

Section 1. NAC 453.510 is hereby amended to read as follows:

453.510 1. Schedule I consists of the drugs and other substances listed in this section by whatever official, common, usual, chemical or trade name designated.

2. Unless specifically excepted or unless listed in another schedule, any of the following opiates, including, without limitation, their isomers, esters, ethers, salts and salts of isomers, esters and ethers, whenever the existence of such isomers, esters, ethers and salts is possible within the specific chemical designation:

Acetyl-alpha-methylfentanyl (N-[1-(1-methyl-2-phenethyl)-4-piperidinyl]-N-phenylacetamide);

Acetylmethadol;

Acryl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylacrylamide) (some trade or other names: acryloylfentanyl);

Allylprodine;

Alphacetylmethadol (except levo-alphacetylmethadol, commonly referred to as levo-alpha-acetylmethadol, levomethadyl acetate or "LAAM");

Alphameprodine;

Alphamethadol;

Alphamethylfentanyl (N-[1-(alpha-methyl-beta-phenyl)ethyl-4-piperidyl] propionanilide; 1-(1-methyl-2-phenylethyl)-4-(N-propanilido) piperidine);

Alpha-methylthiofentanyl (N-[1-methyl-2-(2-thienyl)ethyl-4-piperidinyl]-N-phenylpropanamide);

Benzethidine;

Betacetylmethadol;

Beta-hydroxyfentanyl (N-[1-(2-hydroxy-2-phenethyl)-4-piperidinyl]-N-phenylpropanamide);

Beta-hydroxy-3-methylfentanyl (other name: N-[1-(2-hydroxy-2-phenethyl)-3-methyl-4-piperidinyl]-N-phenylpropanamide);

Beta-hydroxythiofentanyl (trade or other names: N-[1-[2-hydroxy-2-(thiophen-2-yl)ethyl]piperidin-4-yl]-N-phenylpropionamide; N-[1-[2-hydroxy-2-(2-thienyl)ethyl]-4-piperidinyl]-N-phenylpropanamide);

Betameprodine;

Betamethadol;

Betaprodine;

Butyryl fentanyl (trade or other names: N-(1-phenethylpiperidin-4-yl)-N-phenylbutyramide; N-(1-phenethylpiperidin-4-yl)-N-phenylbutanamide);

Clonitazene;

Cyclopentyl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylcyclopentanecarboxamide);

Cyclopropyl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylcyclopropanecarboxamide);

Dextromoramide;

Diampromide;

Diethylthiambutene;

Difenoxin;

Dimenoxadol;

Dimepheptanol;

Dimethylthiambutene;

Dioxaphetyl butyrate;

Dipipanone;

Ethylmethylthiambutene;

Etonitazene;

Etoxeridine;

Eutylone (bk-EBDB, 1-(1,3-Benzodioxol-5-yl)-2-(ethylamino)butan-1-one, b-keto-ethylbenzodioxolylbutanamine);

Fentanyl carbamate (Ethyl-(1-phenethylpiperidin-4-yl)(phenyl)carbamate);

Fluoro furanyl fentanyl;

Fluoroacryl fentanyl;

Fluorobutyryl fentanyl;

Fluorofentanyl (N-(4-fluorophenyl)-N-[1-(2-phenethyl)-4-piperidinyl]propanamide);

Fluoroisobutyryl fentanyl (N-(4-fluorophenyl)-N-(1-phenethylpiperidin-4-yl)isobutyramide);

Furanyl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylfuran-2-carboxamide);

Furethidine;

Hydroxypethidine;

Isobutyryl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylisobutyramide);

Isotonitazene;

Ketobemidone;

Levomoramide;

Levophenacylmorphan;

Methoxyacetyl fentanyl;

Methyl acetyl fentanyl;

Methyl methoxyacetyl fentanyl (some trade or other names: 2-methoxy-N-(2-methylphenyl)-N-(1-phenethylpiperidin-4-yl)acetamide (ortho-methyl methoxyacetylfentanyl; 2-methyl methoxyacetyl fentanyl));

Methylfentanyl;

Methylthiofentanyl;

Morpheridine;

MPPP (1-methyl-4-phenyl-4-propionoxypiperidine);

Noracymethadol;

Norlevorphanol;

Normethadone;

N-(1-(2-fluorophenethyl)piperidin-4-yl)-N-(2-fluorophenyl)propionamide (2'-fluoro ortho-fluorofentanyl; 2'-fluro 2'-fluorofentanyl);

Norpipanone;

Ocfentanil (N-(2-fluorophenyl)-2-methoxy-N-(1-phenethylpiperidin-4-yl)acetamide;

Para-chloroisobutyryl fentanyl (N-(4-chlorophenyl)-N-(1-phenethylpiperidin-4-yl)isobutyramide);

Para-fluorobutyryl fentanyl (N-(4-fluorophenyl)-N-(1-phenethylpiperidin-4-yl)butyramide);

Para-methoxybutyryl fentanyl (N-(4-methoxyphenyl)-N-(1-phenethylpiperidin-4-yl)butyramide);

PEPAP (1-(-2-phenethyl)-4-phenyl-4-acetoxypiperidine);

Phenadoxone;

Phenampromide;

Phenomorphan;

Phenoperidine;

Phenyl fentanyl (some trade or other names: benzoyl fentanyl);

Phenylpropanoyl fentanyl;

Piritramide;

Proheptazine;

Properidine;

Propiram;

Racemoramide;

Tetrahydrofuranyl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenyltetrahydrofuran-2-carboxamide);

Thiofentanyl (N-phenyl-N-[1-(2-thienyl)ethyl-4-piperidinyl]-propanamide);

Thiofuranyl fentanyl (some trade or other names: thiophene fentanyl);

Tilidine;

Trimeperidine; or

Valeryl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylpentanamide).

3. Unless specifically excepted or unless listed in another schedule, any of the following opium derivatives, including, without limitation, their salts, isomers and salts of isomers, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation:

Acetorphine;

Acetyl fentanyl;

Acetyldihydrocodeine;

Benzylmorphine;

Codeine methylbromide;

Codeine-N-Oxide;

Cyprenorphine;

Desomorphine;

Dihydromorphine;

Drotebanol;

Etorphine (except hydrochloride salt);

Heroin;

Hydromorphinol;

Methyldesorphine;

Methyldihydromorphine;

Morphine methylbromide;

Morphine methylsulfonate;

Morphine-N-Oxide;

Myrophine;

Nicocodeine;

Nicomorphine;

Normorphine;

Pholcodine; or

Thebacon.

4. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of the following hallucinogenic substances, including, without limitation, their salts, isomers and salts of isomers, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation:

ADB-4en-PINACA (some trade or other names: N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-(pent-4-en-1-yl)-1H-indazole-3-carboxamide);

Adinazolam (some trade or other names: 8-chloro-1-((dimethylamino)methyl)-6-phenyl-4H-s-triazolo(4,3-a)(1,4)benzodiazepine; adinazolamum; Deracyn);

Alpha-ethyltryptamine (some trade or other names: ET, Trip);

Alpha-methyltryptamine (some trade or other names: AMT);

Bromazolam (some trade or other names: 8-bromo-1-methyl-6-phenyl-4H[1,2,4]triazolo[4,3-a][1,4]benzodiazepine; XLI-268);

1,4-Butanediol (some trade or other names: 1,4-butyleneglycol, dihydroxybutane, tetramethylene glycol, butane 1,4-diol, SomatoPro, Soma Solutions, Zen);

4-bromo-2,5-dimethoxyamphetamine (some trade or other names: 4-bromo-2,5-dimethoxy-alpha-methylphenethylamine; 4-bromo-2,5-DMA);

4-bromo-2,5-dimethoxyphenethylamine (some trade or other names: Nexus, 2C-B);

1-Butyl-3-(1-naphthoyl)indole-7173 (some trade or other names: JWH-073);

2-(4-Chloro-2,5-dimethoxyphenyl)ethanamine (some trade or other names: 2C-C);

4-(2-chlorophenyl)-2-ethyl-9-methyl-6H-thieno[3,2-f][1,2,4]triazolo[4,3-a][1,4]diazepine (some trade or other names: Etizolam);

Clonazolam (some trade or other names: 6-(2-chlorophenyl)-1-methyl-8-nitro-4H-[1,2,4]triazolo[4,3-a][1,4]benzodiazepine; clonitrazolam);

CUMYL-PEGACLONE (some trade or other names: SGT-151; 5-Pentyl-2-(2-phenylpropan-2-yl)pyrido[4,3-b]indol-1-one; 2,5-dihydro-2-(1-methyl-1-phenylethyl)-5-pentyl-1H-pyrido[4,3-b]indol-1-one);

1-cyclohexylethyl-3-(2-methoxyphenylacetyl)indole (some trade or other names: SR-18; BTM-8; RCS-8);

Diclazepam (some trade or other names: 7-chloro-5-(2-chlorophenyl)-1,3-dihydro-1-methyl-2H-1,4-benzodiazepin-2-one; 7-chloro-5-(2-chlorophenyl)-1-methyl-1,3-dihydro-2H-benzo[e][1,4]diazepin-2-one; 2'-chlorodiazepam; Chlorodiazepam; Ro 5-3448);

2,5-dimethoxyamphetamine (some trade or other names: 2,5-dimethoxy-alpha-methylphenethylamine; 2,5-DMA);

2,5-dimethoxy-4-ethylamphet-amine (some trade or other names: DOET);

2-(2,5-Dimethoxy-4-ethylphenyl)ethanamine (some trade or other names: 2C-E);

2-(2,5-Dimethoxy-4-methylphenyl)ethanamine (some trade or other names: 2C-D);

2-(2,5-Dimethoxy-4-nitro-phenyl)ethanamine (some trade or other names: 2C-N);

2,5-Dimethoxy-N-(2-methoxybenzyl) phenethylamine (NBOMe) and any derivative thereof (some trade or other names: 2C-X-NBOMe; N-benzylated phenethylamines; N-o-methoxybenzyl analogs; NBOMe; 25H-NBOMe; 25B-NBOMe; 25C-NBOMe; 25D-NBOMe; 25E-NBOMe; 25I-NBOMe; 25N-NBOMe; 25P-NBOMe; 25T2-NBOMe; 25T4-NBOMe; 25T7-NBOMe);

2-(2,5-Dimethoxy-4-(n)-propylphenyl)ethanamine (some trade or other names: 2C-P);

2,5-dimethoxy-4-(n)-propylthiophenethylamine (some trade or other names: 2C-T-7);

2-(2,5-Dimethoxyphenyl)ethanamine (some trade or other names: 2C-H);

3-[(2-Dimethylamino)ethyl]-1H-indol-4-yl acetate (some trade or other names: 4-acetoxy-N, N-dimethyltryptamine;4-AcO-DMT; psilacetin; O-acetylpsilocin; 4-acetoxy-DMT);

5-(1,1-Dimethylheptyl)-2-[(1R,3S)-3-hydroxycyclohexyl]-phenol-7297 (some trade or other names: CP-47,497);

5-(1,1-Dimethyloctyl)-2-[(1R,3S)-3-hydroxycyclohexyl]-phenol-7298 (some trade or other names: cannabicyclohexanol; CP-47,497 C8 homologue);

Ethyl 2-(1-(5-fluoropentyl)-1H-indazole-3-carboxamido)-3,3-dimethylbutanoate (some trade or other names: 5F-EDMB-PINACA);

4-ethylnaphthalen-1-yl-(1-pentylindol-3-yl)methanone (some trade or other names: (4-ethyl-1-naphthalenyl)(1-pentyl-1H-indol-3-yl)-methanone; JWH-210);

2-[4-(Ethylthio)-2,5-dimethoxyphenyl]ethanamine (some trade or other names: 2C-T-2);

5F-EDMB-PICA (some trade or other names: 5F-EDMB-2201; Ethyl 2-[[1-(5-fluoropentyl)indole-3-carbonyl]amino]-3,3-dimethyl-butanoate; N-[[1-(5-fluoropentyl)-1H-indol-3-yl]carbonyl]-3-methyl-L-valine, ethyl ester);

4F-MDMB-BUTICA (some trade or other names: 4F-MDMB-BICA; Methyl 2-[[1-(4-fluorobutyl)indole-3-carbonyl]amino]-3,3-dimethyl-butanoate; N-[[1-(4-fluorobutyl)-1H-indol-3-yl]carbonyl]-3-methyl-L-valine, methyl);

Flualprazolam (some trade or other names: 8-chloro-6-(2-fluorophenyl)-1-methyl-4H-[1,2,4]triazolo[4,3-a][1,4]benzodiazepine; 8-chloro-6-(2-fluoro-phenyl)-1-methyl-4h-

benzo[f][1,2,4]triazolo[4,3-a][1,4]diazepine; 2'-fluoro alprazolam; ortho-fluoro alprazolam);

Flubromazepam (some trade or other names: 7-bromo-5-(2-fluorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one; 7-Bromo-5-(2-fluorophenyl)-1H-benzo[e][1,4]diazepin-2(3H)-one; 7-bromo-5-(2-fluorophenyl)-1,3-dihydro-1,4-benzodiazepin-2-one);

Flubromazolam (some trade or other names: 8-bromo-6-(2-fluorophenyl)-1-methyl-4H-(1,2,4)triazolo(4,3-a)(1,4)benzodiazepine);

Flunitrazolam (some trade or other names: 6-(2-fluorophenyl)-1-methyl-8-nitro-4H-benzo[f][1,2,4]triazolo[4,3-a][1,4]diazepine);

(1-(4-fluorobenzyl)-1H-indol-3-yl)(2,2,3,3-tetramethylcyclopropyl)methanone (some trade or other names: FUB-144);

2-(1-(4-fluorobenzyl)-1H-indazole-3-carboxamido)-3-methylbutanoate (Some trade or other names: FUB-AMB; MMB-FUBINACA);

[1-(5-fluoropentyl)-1H-indazol-3-yl](naphthalen-1-yl)methanone (some trade or other names: THJ-2201; 5-fluoro THJ 018; AM2201 indazole analog; fluorpentyl JWH-018 indazole);

[1-(5-fluoropentyl)-1H-indol-3-yl]-1-naphthalenyl-methanone (some trade or other names: 1-(5-fluoropentyl)-3-(1-naphthoyl)indole; AM-2201);

[1-(5-fluoropentyl)-1H-indol-3-yl]-(2-iodophyenyl)-methanone (some trade or other names: 1-(5-fluoropentyl)-3-(2-iodobenzoyl)indole; AM-694);

(1-(5-fluoropentyl)-1H-indol-3-yl)(2,2,3,3-tetramethylcyclopropyl)methanone (some trade or other names: XLR-11);

1-(5-fluoropentyl)-N-(2-phenylpropan-2-yl)-1H-indazole-3-carboxamide (some trade or other names: 5F-CUMYL-PINACA; SGT-25);

1-(5-fluoropentyl)-N-(tricyclo[3.3.1.13,7]dec-1-yl)-1H-indazole-3-carboxamide (some trade or other names: N-((3s,5s,7s)-adamantan-1-yl)-1-(5-fluoropentyl)-1H-indazole-3-carboxamide; APINACA 5-fluoropentyl analog; 5F-AKB48; 5-Fluoro-AKB48; 5F-APINACA; 5-Fluoro-APINACA;

1-(5-fluoropentyl)-8-quinolinyl ester-1H-indole-3-carboxylic acid (some trade or other names: 1-(5-fluoropentyl)-1H-indole-3-carboxylic acid 8-quinolinyl ester; 5-Fluoro-PB-22; 5F-PB-22);

Flutoprazepam (some trade or other names: 7-chloro-1-(cyclopropylmethyl)-5-(2-fluorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one);

2-(4-Iodo-2,5-dimethoxyphenyl)ethanamine (some trade or other names: 2C-I);

2-[4-(Isopropylthio)-2,5-dimethoxyphenyl]ethanamine (some trade or other names: 2C-T-4);

1-hexyl-3-(1-naphthoyl)indole (some trade or other names: JWH-019);

MDMB-4en-PINACA (some trade or other names: Methyl 3,3-dimethyl-2-(1-(pent-4-en-1-yl)-1H-indazole-3-carboxamido)butanoate);

Meclonazepam (some trade or other names: (3S)-5-(2-chlorophenyl)-1,3-dihydro-3-methyl-7-nitro-2H-1,4-benzodiazepin-2-one; Ro 11-3128);

Methoxetamine (some trade or other names: MXE; 2-(3-methoxyphenyl)-2-(ethylamino)cyclohexanone)

4-methoxyamphetamine (some trade or other names: 4-methoxy-alpha-methylphenethylamine; para-methoxyamphetamine; PMA);

(4-methoxy-1-naphthalenyl)(1-pentyl-1H-indol-3-yl)-methanone (some trade or other names: JWH-081);

5-methoxy-3,4-methylenedioxyamphetamine (some trade or other names: MMDA);

5-methoxy-N, N-diisopropyltryptamine (some trade or other names: 5-meO-DIPT);

4-methyl-2,5-dimethoxyamphetamine (some trade or other names: 4-methyl-2,5-dimethoxy-alpha-methylphenethylamine; “DOM”; “STP”);

(4-methyl-1-naphthalenyl)(1-pentyl-1H-indol-3-yl)-methanone (some trade or other names: JWH-122);

Methyl 2-(1-(5-fluoropentyl)-1H-indazole-3-carboxamido)-3,3-dimethylbutanoate (some trade or other names: 5F-ADB; 5F-MDMB-PINACA);

Methyl 2-(1-(5-fluoropentyl)-1H-indole-3-carboxamido)-3,3-dimethylbutanoate (some trade or other names: 5F-MDMB-PICA);

Methylenedioxyamphetamine (some trade or other names: MDA);

Methylenedioxymethamphetamine (MDMA);

Methylenedioxy-N-ethylamphetamine (commonly referred to as N-ethyl-alpha-methyl-3,4(methylenedioxy) phenethylamine, N-ethyl MDA, MDE, MDEA);

MMB-FUBICA ester (some trade or other names: Methyl 2-(1-(4-fluorobenzyl)-1H-indole-3-carboxamido)-3-methyl butanoate; N-[[1-[(4-fluorophenyl)methyl]-1H-indol-3-yl]carbonyl]-L-valine, methyl ester);

1-[2-(4-Morpholinyl)ethyl]-3-(1-naphthoyl)indole-7200 (some trade or other names: JWH-200);

N-(adamantan-1-yl)-1-(4-fluorobenzyl)-1H-indazole-3-carboxamide (some trade or other names: FUB-AKB48; FUB-APINACA; AKB48 N-(4-fluorobenzyl);

N-(1-adamantyl)-1-pentyl-1H-indazole-3-carboxamide (some trade or other names: 1-pentyl-N-tricyclo[3.3.1.13,7]dec-1-yl-1H-indazole-3-carboxamide; APINACA; AKB48);

N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-(cyclohexylmethyl)-1H-indazole-3-carboxamide (trade or other names: ADB-CHMINACA; MAB-CHMINACA);

N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-pentyl-1H-indazole-3-carboxamide (trade or other name: ADB-PINACA);

N-(1-amino-3-methyl-1-oxobutan-2-yl)-1-pentyl-1H-indazole-3-carboxamide (some trade or other names: AB-PINACA);

N-(1-amino-3-methyl-1-oxobutan-2-yl)-1-(4-fluorobenzyl)-1H-indazole-3-carboxamide (trade or other name: AB-FUBINACA);

N-[(1S)-1-(aminocarbonyl)-2-methylpropyl]-1-(cyclohexylmethyl)-1H-indazole-3-carboxamide (trade or other name: AB-CHMINACA);

N-hydroxy-3,4-methylenedioxyamphetamine (commonly referred to as N-hydroxy-alpha-methyl-3,4(methylenedioxy) phenethylamine, N-hydroxy MDA);

2-(2-methoxyphenyl)-1-(1-pentylindol-3-yl)ethanone (some trade or other names: 1-(1-pentyl-1H-indol-3-yl)-2-(2-methoxyphenyl)-ethanone; 1-pentyl-3-(2-methoxyphenylacetyl)indole; JWH-250);

Nifoxipam (some trade or other names: 5-(2-fluorophenyl)-1,3-dihydro-3-hydroxy-7-nitro-2H-1,4-benzodiazepin-2-one; 1,3-Dihydro-5-(2-fluorophenyl)-3-hydroxy-7-nitro-2H-1,4-benzodiazepin-2-one; 3-hydroxydesmethylflunitrazepam; DP 370);

Nitrazolam (some trade or other names: 1-methyl-8-nitro-6-phenyl-4H-[1,2,4]triazolo[4,3-a][1,4]benzodiazepine);

Norflurazepam (some trade or other names: 7-chloro-5-(2-fluorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one; nor-Flurazepam; N-Desalkylflurazepam; Desalkylflurazepam; Ro 5-3367);

1-Pentyl-3-(2-chlorophenylacetyl)indole (some trade or other names: JWH-203);

1-Pentyl-3-(4-cholor-1-naphthoyl)indole (some trade or other names: JWH-398);

1-Pentyl-3-[(4-methoxy)-benzoyl]indole (some trade or other names: SR-19; BTM-4; RCS-4);

1-Pentyl-3-(1-naphthoyl)indole-7118 (some trade or other names: JWH-018; AM678);

(1-pentylindol-3-yl)-(2,2,3,3-tetramethylcyclopropyl)methanone (some trade or other names: UR-144);

1-pentyl-N-(tricyclo[3.3.1.$1^{3,7}$]dec-1-yl-1H-indole-3 carboxamide (some trade or other names: APICA; JWH-018 adamantyl carboxamide; 2NE1; SDB-001);

1-pentyl-8-quinolinyl ester-1H-indole-3-carboxylic acid (some trade or other names: 1-pentyl-1H-indole-3-carboxylic acid 8-quinolinyl ester; PB-22; QUPIC);

Phenazepam (some trade or other names: 7-bromo-5-(2-chlorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one; 7-bromo-5-(2-chlorophenyl)-1,2-dihydro-3H-1,4-benzodiazepin-2-one; BD 98; Fenazepam; Elzepam; Phezipam; Phenorelaxan; Phenzitat);

Pyrazolam (some trade or other names: 8-bromo-1-methyl-6-(2-pyridinyl)-4H-(1,2,4)triazolo(4,3-a)(1,4)benzodiazepine; 8-bromo-1-methyl-6-(pyridin-2-yl)-4H-benzo[f][1,2,4]triazolo[4,3-a][1,4]diazepine; Pirazolam);

3,4,5-trimethoxyamphetamine;

Bufotenine (some trade or other names: 3-(beta-dimethylaminoethyl)-5-hydroxyindole; 3-(2-dimethyl-aminoethyl)-5-indolol; N, N-dimethylserotonin; 5-hydroxy-N, N-dimethyltryptamine; mappine);

Diethyltryptamine (some trade or other names: DET; N,N-Diethyltryptamine);

Dimethyltryptamine (some trade or other names: DMT; N,N-DMT; N,N-Dimethyltryptamine);

Fluorophenylpiperazine (some trade or other names: FPP, pFPP, 2-fluorophenylpiperazine, 3-fluorophenylpiperazine, 4-fluorophenylpiperazine);

Gamma butyrolactone (some trade or other names: GBL, Gamma Buty Lactone, 4-butyrolactone, dihydro-2(3H)-furanone, tetrahydro-2-furanone, Gamma G, GH Gold);

Gamma hydroxy butyric acid (some trade or other names: GHB);

Ibogaine (some trade or other names: 7-ethyl-6, 6 beta, 7, 8, 9, 10, 12, 13-octahydro-2-methoxy-6, 9-methano-5H-pyrido (1',2':1,2) azepino (5,4-b) indole; *Tabernanthe iboga*);

Lysergic acid diethylamide;

Marijuana;

Mescaline;

Methoxyphenylpiperazine (some trade or other names: MeOPP, pMPP, 4-MPP, 2-MeOPP, 3-MeOPP, 4-MeOPP);

Parahexyl (some trade or other names: 3-Hexyl-1-hydroxy-7, 8, 9, 10-tetrahydro-6,6,9-trimethyl-6H-dibenzo[b,d]pyran; Synhexyl);

Peyote (meaning all parts of the plant presently classified botanically as *Lophophora williamsii Lemaire*, whether growing or not, the seeds thereof, any extract from any part of such plant, and every compound, manufacture, salts, derivative, mixture, or preparation of such plant, its seeds or extracts);

N-benzylpiperazine (some trade or other names: BZP, 1-benzylpiperazine);

N-ethyl-3-piperidyl benzilate;

N-methyl-3-piperidyl benzilate;

Psilocybin;

Psilocin;

Salvinorin A (some trade or other names: Divinorin A; Methyl (2S,4aR,6aR,7R,9S,10aS,10bR)-9-(acetyloxy)-2-(furan-3-yl)-6a,10b-dimethyl-4,10-dioxododecahydro-2H-benzo[f]isochromene-7-carboxylate);

Ethylamine analog of phencyclidine (some trade or other names: N-ethyl-1-phenylcyclohexylamine; (1-phenylcyclohexyl) ethylamine; N-(1-phenylcyclohexyl) ethylamine; cyclohexamine; PCE);

Pyrrolidine analog of phencyclidine (some trade or other names: 1-(1-phenylcyclohexyl)-pyrrolidine; PCPy; PHP);

1-(1-(2-thienyl)-cyclohexyl)-pyrrolidine (some trade or other names: TCPy);

Thiophene analog of phencyclidine (some trade or other names: 1-(1-(2-thienyl)-cyclohexyl)-piperidine; 2-thienyl analog of phencyclidine; TPCP; TCP); or

Trifluoromethylphenylpiperazine (some trade or other names: 1-(3-trifluoromethylphenyl)piperazine; 3-trifluoromethylphenylpiperazine; TFMPP).

For the purposes of this subsection, "isomer" includes, without limitation, the optical, position or geometric isomer.

5. All parts of the plant presently classified botanically as *Datura*, whether growing or not, the seeds thereof, any extract from any part of such plant or plants, and every compound, manufacture, salt derivative, mixture or preparation of such plant or plants, its seeds or extracts, unless substances consistent with those found in such plants are present in formulations that the Food and Drug Administration of the United States Department of Health and Human Services has approved for distribution.

6. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of phencyclidine, mecloqualone or methaqualone having a depressant effect on the central nervous system, including, without limitation, their salts, isomers and salts of isomers, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation.

7. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system, including, without limitation, their salts, isomers and salts of isomers:

Alpha-PBP (some trade or other names: 1-phenyl-2-(pyrrolidin-1-yl)butan-1-one, alpha-pyrrolidinobutiophenone);

Alpha-PVP (some trade or other names: 1-phenyl-2-(1-pyrrolidinyl)-1-pentanone, alpha-pyrrolidinopentiophenone, alpha-pyrrolidinovalerophenone, O-2387);

Alpha-pyrrolidinoheptaphenone (some trade or other names: PV8);

Alpha-pyrrolidinohexanophenone (some trade or other names: alpha-PHP);

Aminorex;

Butylone (some trade or other names: 1-(1,3-benzodioxol-5-yl)-2-(methylamino)butan-1-one, β-keto-N-methylbenzodioxolylpropylamine, bk-MBDB);

Cathinone (some trade or other names: 2-amino-1-phenyl-1-propanone; alpha-aminopropiophenone; 2-aminopropiophenone; norephedrone);

4-chloro-alpha-pyrrolidinovalerophenone (some trade or other names: 4-chloro-a-PVP);

Dimethylone (some trade or other names: 3,4-methylenedioxy-N,Ndimethylcathinone; N,N-dimethyl MDCATH; N,N-dimethyl-3,4- methylenedioxycathinone; N,N-dimethyl-β-keto-3,4-methylenedioxyamphetamine; 1-(1,3-benzodioxol-5-yl)-2-(dimethylamino)propan-1-one; bk-MDDMA);

N-ethylhexedrone;

Ethylone (some trade or other names: N-ethyl-3,4-methylenedioxycathinone; 1-(1,3-benzodioxol-5-yl)-2-(ethylamino)propan-1-one; MDEC; bk-MDEA);

N-ethylpentylone (1-(1,3-benzodioxol-5-yl)-2-ethylamino)-pentan-1-one) (some trade or other names: ephylone);

Fenethylline;

Fluoroamphetamine (some trade or other names: 2-fluoroamphetamine, 3-fluoroamphetamine, 4-fluoroamphetamine, 2-FA, 3-FA, 4-FA, PFA);

Fluoromethcathinone (some trade or other names: 4-Fluoro-N-methylcathinone, 1-(4-fluorophenyl)-2-(methylamino)propan-1-one, 4-Fluoromethcathinone (Flephedrone), 4-FMC, 3-Fluoro-N-methylcathinone, 1-(3-fluorophenyl)-2-2(methylamino)propan-1-one, 3-Fluoromethcathinone, 3-FMC, 2-Fluoro-N-methylcathinone, 1-(2-fluorophenyl)-2-(methylamino)propan-1-one, 2-FMC);

Mephedrone (some trade or other names: Methylmethcathinone, 4-Methylmethcathinone, 4-MMC, 4-Methylephedrone);

Methamphetamine;

Methcathinone (some trade or other names: N-Methylcathinone, cat);

Methedrone (some trade or other names: Methoxymethcathinone, 4-Methoxymethcathinone, bk-PMMA, methoxyphedrine);

4-methyl-alpha-ethylaminopentiophenone (some trade or other names: 4-MEAP);

4'-methyl-alpha-pyrrolidinohexiophenone (some trade or other names: MPHP);

4-methyl-alpha-pyrrolidinopropiophenone (some trade or other names: 1-(4-methylphenyl)-2-(pyrrolidin-1-yl)-propan-1-one, 4-MePPP);

(±)cis-4-methylaminorex ((+)cis-4,5-dihydro-4-methyl-5-phenyl-2-oxazolamine);

Methylenedioxypyrovalerone (some trade or other names: 3,4-Methylenedioxypyrovalerone, MDPV);

Methylethcathinone (some trade or other names: 2-(ethylamino)-1-(4-methylphenyl)propan-1-one, 4-MEC, 4-methyl-N-ethylcathinone);

Methylone (some trade or other names: Methylenedioxy-N-methylcathinone, Methylenedioxymethcathinone, 3,4-Methylenedioxy-N-methylcathinone, bk-MDMA);

N,N-dimethylamphetamine (commonly referred to as N,N-alpha-trimethyl-benzeneethanamine; N,N-alpha-trimethylphenethylamine);

N-ethylamphetamine;

Naphyrone (some trade or other names: 1-(naphthalen-2-yl)-2(pyrrolidin-1-yl)pentan-1-one, naphthylpyrovalerone, naphpyrovalerone, NRG-1, O-2482);

Pentedrone (some trade or other names: 2-(methylamino)-1-phenylpentan-1-one, α-methylaminovalerophenone); or

Pentylone (trade or other names: 1-(1,3-benzodioxol-5-yl)-2-(methylamino)pentan-1-one; beta-keto-methylbenzodioxolylpentanamine; bk-MBDP; bk-methyl-K).

8. Unless specifically listed in another schedule, coca leaves, cocaine base or free base, or a salt, compound, derivative, isomer or preparation thereof which is chemically equivalent or identical to such substances, and any quantity of material, compound, mixture or preparation which contains coca leaves, cocaine base or cocaine free base or its isomers or any of the salts of cocaine, except decocainized coca leaves or extractions which do not contain cocaine or ecgonine.

9. Unless specifically listed in another schedule, Tetrahydrocannabinols (natural or synthetic equivalents of substances contained in the plant, or in the resinous extractives of Cannabis, sp. or synthetic substances, derivatives and their isomers with similar chemical structure and pharmacological activity such as the following:

Delta 9 cis or trans tetrahydrocannabinol, and their optical isomers, also known as Delta 1 cis or trans tetrahydrocannabinol, and their optical isomers;

Delta 8 cis or trans tetrahydrocannabinol, and their optical isomers, also known as Delta 6 cis or trans tetrahydrocannabinol, and their optical isomers;

Delta 3, 4 cis or trans tetrahydrocannabinol, and its optical isomers;

Tetrahydrocannabinols contained in the genus Cannabis or in the resinous extractives of the genus Cannabis;

Synthetic equivalents of tetrahydrocannabinol substances or synthetic substances, derivatives and their isomers with a similar chemical structure; and

Since nomenclature of these substances is not internationally standardized, compounds of these structures, regardless of numerical designation of atomic positions covered).

10. Unless specifically listed in another schedule and except as otherwise provided in subsection 11, any material, compound, mixture or preparation which contains any quantity of CBD (natural or synthetic equivalents of the substances contained in the plant or in the resinous extractives of Cannabis sp. or synthetic substances, derivatives and their isomers with similar chemical structure and pharmacological activity).

11. A drug product which:

(a) Has been approved by the United States Food and Drug Administration;

(b) Contains CBD derived from any plant in the genus Cannabis or the resinous extractives thereof; and

(c) Contains not more than 0.1 percent residual THC by weight,

➥ is not a controlled substance.

Executive Secretary Report

April 17-18, 2024

A. Financial Report

B. Issuance of Temporary Licenses and Registrations

C. Change of Address Business List

D. Meetings with Other Health Care Regulatory Boards

E. Licensing Activities Report

F. Citations & Fines issued pursuant to NRS 632.2895

G. Legislative update

April 2024 Temporary License since last Board Meeting

Name	License Type
Christine Leduc	Pharmacist
Leon Lai	Pharmacist
Blossom Padikkala	Pharmacist
Jasmine Nurse	Pharmacist
Vincent Vu	Pharmacist
Adam Mates	Pharmacist

Out-of-State Business Temporary License

Business Name	License Number	License Type	Address	City, State and Zip
Coloplast Corp.	WH03604	Wholesaler	4008 Heritage Dr	Brookshire, TX 77423

April 2024 – NV Business Address Change Only

Application Received	Business Name	License Number	New Location	City, State and Zip
3/19/2024	Genoa Healthcare LLC	PH03981	610 Belrose St, Suite 150	Las Vegas, NV 89107

Citations & Fines issued pursuant to NRS 639.2895 (Since last Board Meeting)
