Re: **Explanation of prior conviction- Nevada application**

I was convicted of a misdemeanor traffic driving while impaired charge in North Carolina (Wake County) around the date of August 1991. Due to the length of time since this occurred and lost paperwork, I do not recall the exact date and or the exact court cost paid. I do recall having standard fines and conditions for such a conviction and complied with all requirements in the required timelines.

Very truly yours,

Michael Tad Ruble

Re: **Explanation of prior conviction- Nevada application**

I was convicted of a misdemeanor traffic driving while impaired charge in North Carolina (Wake County) around the date of August 1991. Due to the length of time since this occurred and lost paperwork, I do not recall the exact date and or the exact court cost paid. I do recall having standard fines and conditions for such a conviction and complied with all requirements in the required timelines.

Very truly yours,

Michael Tad Ruble

| 8/3/2005 | 1401 N. Universal Ave<br>Kansas City, MO 64120 | **FILE CLOSED 2010**<br>Medline Industries' Kansas City, MO facility (#2003031660) was disciplined for failure to renew on time and for deficient temperature control procedures. Medline was placed on probation for 5 years. The state conducted multiple inspections of the facility throughout the probationary period and found Medline to comply with all requirements. The probationary period closed in August 2010. | Medline's Regulatory Affairs Department was significantly expanded to include a team of 7 Licensing Specialists that monitor and ensure our licenses are renewed on time. A temperature control room was constructed at the facility to ensure product is stored at the appropriate temperature and humidity. These control rooms are now a standard feature at our distribution centers. We worked closely with NABP to ensure that our temperature control facilities and procedures align with industry best practices throughout our distribution network. |
| 12/7/2006 | 9101 Riverside Pkwy<br>Lithia Springs, GA 30122 | **FILE CLOSED 2008**<br>The Florida Certified Designated Representative at the Georgia facility unexpectedly resigned. The state of Florida suspended Medline's Florida Out of State Rx Drug Wholesale Distributor Permit (#23:1470) until a new licensed Florida CDR was hired at the facility. | To prevent this for occurring in the future, all Florida licensed Medline facilities are required to have multiple Florida Certified Designated Representatives on staff. |
| 11/16/2007 | 10601 Southport Dr.<br>Orlando, FL 32824<br>401 Commerce Blvd.<br>Oldsmar, FL 34677<br>4750 118th Ave N<br>Clearwater, FL 33762 | **FILE CLOSED 2008**<br>Medline Industries was cited for several violations. Failure to pass and maintain a Florida compliant pedigree. Maintaining the wrong permit type for the activities performed in the facilities (in addition to a manufacturing permit, Florida required the facility a repackager permit). Distribution of saline to an unauthorized recipient. Additionally an Rx drug item was found at an unlicensed raw materials storage facility. Medline challenged several violations, resulting in most being substantially reduced or removed. Medline was assessed and paid a fine for these violations. All issues were addressed and resolved to the satisfaction of the FL DOH.<br><br>After duly notifying state authorities, as required by law, Medline received a fined from New York for out-of-state professional misconduct. (Cal. No. 27278) | To address the pedigree issues, Medline instituted a Florida specific pedigree system. This program ensured that any pedigree shipments within our distribution network with potential to end up in Florida has the required Florida documentation. (Note - these requirements have since been preempted by federal law). To address the issue of the wrong permit type, Medline secured the repackaging permit. To address the sale of saline to an unauthorized person, Medline instituted a new procedure for obtaining and maintaining customer licenses for all Rx Drug purchases- this procedure generates an automatic block for any Rx Drug order by an unlicensed customer. The Rx Drug item unintentionally stored in the raw materials facility was properly disposed of. Waste disposal procedures were updated to ensure that this mistake would not recur. |
| 11/26/2007 | 2708 NE Waldo Rd.<br>Gainesville, FL 32609 | **FILE CLOSED 2008**<br>Medline Industries' FL license (# 22:1022) was suspended for violations identified during a Florida BOP facility inspection. Medline, through Counsel, addressed the issues raised in the inspection and established that the suspension was unjustified. The suspension was lifted 3 days later on January 22, 2008. In 2010, Medline made an unrelated business decision to close this facility. (Case # 2007-37412) | After this inspection, Medline conducted a thorough review of its policies and procedures. Additionally, Medline implemented an internal auditing program to ensure that all distribution centers comply with internal policies and procedures and state and federal regulations. |
| 3/5/2008 | 149 New Camellia Blvd.<br>Covington, LA 70433 | **FILE CLOSED 2008**<br>Medline Industries (LA #4318) was cited for failure to properly maintain copies of current customer licenses on-site. | 5/9/2008 | 5450 W. Stewart Ave.<br>Wausau, WI 54401 | **FILE CLOSED 2009**<br>Medline Industries (WI # 1116-045) was cited and fined by the Wisconsin Department of Regulation & Licensing following a facility inspection. Medline managed a portion of a Wisconsin hospital's warehouse. The inspector cited Medline for failure to install a dividing fence between the Medline warehouse and the hospital portion of the facility. All of the hospital products were owned by the hospital. Medline was also cited for failure to access policies and procedures during the inspection. Corrections were made and the facility re-inspected, to the satisfaction of the state (Case #08 | Immediately after the inspection, Medline and the owner of the facility erected a locked fence to divide the faculty. Medline also reviewed all of its other facilities to make sure no similar situations existed. In addition, training on where and how to access current policies and procedures was increased for distribution center personnel. This training is in addition to the training they receive on the policies and procedures themselves. |

Medline reviewed the customer licensing policies and procedures and updated internal requirements for the type of license required for customers in Ohio. Efforts were taken by Customer Licensing to research, ensure the proper type, and check license status for a large number of existing Ohio licenses. The Ohio TDDD licenses are reviewed on an annual basis to ensure compliance. |
| 11/1/2022 | 1040 Enterprise Parkway South West Jefferson, OH 43162 | **FILE CLOSURE PENDING**<br><br>Medline Industries, LP (OH License #01-30000190) entered a settlement agreement and agreed to pay a fine of $1,125.00 to the Ohio Board of Pharmacy for alleged sales of dangerous drugs to an unlicensed entity. Medline maintained a physician license on file versus a Terminal Distributor (TDDD) license. The TDDD license was added in May 2022- prior to this investigation. During the period of July 2021 to March 2022, the customer's TDDD license lapsed and Medline was unaware. Medline is in the process of notifying states of this fine. | Medline is committed to following all applicable state and federal statutes and regulations, including customer license requirements. Medline updated customer licensing requirements after the 01/06/2021 fine. This incident occurred while Medline was in the process of updating a large number of Ohio accounts. Medline is implementing additional steps to ensure compliance, including, increasing staffing, training, and resources for the customer licensing team. |

1. What risk level sterile compounding will your facility be performing (check all that apply)? ☑ Low ☑ Medium ☐ High
If you marked "High", you must also complete section 4.

2. Will you be performing sterile hazardous drug compounding? ☐ Yes ☑ No
If you marked "Yes", you must also complete section 3.

3. List the sterile compounded products that you will be compounding for Nevada patients or consumers:
Ampicillin/Sulbactam (Unasyn), Clinimix, Daptomycin, Furosemide, Levetiracetam, Meropenem, Pantoprazole (Protonix), Penicillin G, Vancomycin, and any other non-regular IV sterile compounded products

4. Will you be utilizing beyond use dates in excess of USP-797? ☐ Yes ☑ No

5. If yes, describe the additional testing performed on your products to validate the extended BUD:
N/A

6. What laboratory performs this additional testing?
Name: N/A
Address: _____
City: _____ State: _____ Zip: _____
Telephone: _____

7. What is your procedure for visual inspection of compounded sterile products?
The pharmacist or technician will compound the medication in the IV room. The pharmacist or technician will conduct a visual inspection of the vials prior to compounding for container closure defects, outside visual defects, possible foreign material(s) in the vial powder or solution, and verify dilution strength of the medication. If inspection is satisfactory, the compound will be made and an additional inspection will be done of the final compounded product looking for foreign material(s) or any defects in the final product. Once the inspection is complete, the pharmacist will either approve the compounded product for distribution, or any defects found will be recorded and the product will be disposed of appropriately and this process will be repeated to compound a new product.

8. How often do you perform glove fingertip and medial fill testing?

Upon hire or employee transfer to new site, and every 6 months thereafter to be in compliance the USP 797 update beginning November 1, 2023

9. What is your policy if an employee fails a glove fingertip or media-fill test?

If an employee fails either of these tests, they are retrained on proper procedures and then retested until they pass.

10. Describe your initial and annual training program for all personnel performing sterile compounding:

All pharmacists and technicians must take and pass an electronic educational course specific to USP 797 compounding upon hire and annually thereafter. In addition, all pharmacists and technicians will undergo an observed assessment to ensure proper garbing and hand hygiene, ascetic technique, and cleaning and disinfecting procedures upon initial training and annually thereafter. All pharmacists and technicians also must pass a written assessment for sterile product preparation competency upon initial training and annually thereafter. Lastly, all pharmacists and technicians must perform 3 separate gloved fingertip and media fill tests for the initial training and every 6 months thereafter to be in compliance the USP 797 update beginning November 1, 2023

11. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

Daily: Inspect, wipedown, and clean all materials and tools entering the cleanroom with a 70% isopropyl alcohol solution. Clean and wipe down the IV hood with sterile water, wiping from top down, inside to outside, to ensure any material is removed. Then, Preempt wipes are used to wipe down the hood, from top to the bottom, inside to outside, and left to dry for 3 minutes. Then, 70% sterile isopropyl alcohol is applied to the hood and left to air dry. Once the hood is completely dry, then compounding can begin. This process is repeated at the end of each shift. In addition, the floors of the IV and ante rooms are cleaned at the end of each shift with Peridox RTU and the sink in the ante room is cleaned with Preempt wipes, also at the end of each shift. Batch compounding does not regularly occur at this facility - if it did, cleaning procedures would be repeated after 30 minutes of batch compounding. Also, any spills would be cleaned as above.
Monthly: Once each month the same cleaning procedures outlined above are followed for the IV hood, IV and ante room floors and the ante room sink. In addition, the ceiling, walls, shelving, bins, etc. are all also cleaned. The product used for the monthly cleaning is the Peridox RTU.

Good morning Jessette,

Per my conversation with Mark, no personal history applications are required because the entity is a nonprofit therefore there are owners, stockholders, shareholders, etc.

The certificate was in the package sent but I have included another copy along with the correction on page 3, section 4.

If you are in need of any additional information, please don't hesitate.

Jessette,

I have had this question by the NNCC prison application and I contacted Monterey County Courts and was informed that the Paperwork was not retrievable as so much time has lapsed and it was never computerized/scanned. I requested at that time for a statement of such and was denied. I have been a provider and business owner in Nevada since 2005, working with the Board of Pharmacy and this is the first time that this question has been requested. Let me know if you need anything else from me.

Dear Administrator,

Medical Investment, Inc. DBA Pure Medical Equipment has just lost its leader.
**Fatima Magallanes, the President, had suddenly passed away on February 8, 2023.**

Fatima M. Magallanes was my mother. As the Sole Heir, and designated Vice President during her term, and by virtue of a Board Resolution of this corporation, dated September 20, 2020, adopted during the COVID-19 Pandemic, which provides for Executive Succession and continuity, appointing me as the next chief executive --- I have therefore assumed the responsibility as the new President and CEO of Pure Medical Equipment.

I have been an employee of Pure Medical Equipment since 2018, as the Supply & Warehouse Operations Supervisor.

I assumed as President of the company on February 9, 2023.

I am still new at this job, and have plenty to learn including Licenses and Administrative compliance. I will therefore require the guidance and assistance from your able personnel what steps to take during the transition, in matters of NV State Board of Pharmacy compliance.

Thank you for your assistance.

Sincerely,

Joseph Christian Buban
President & CEO

RE: Permit # MP00496

Attn: DME Licensing Unit

Dear Administrator,

We sent a letter on March 3, 2023 informing your office that this company's president, Fatima Magallanes has suddenly passed away, and we were requesting for guidance on appropriate steps to undertake. (A copy of our mailing is enclosed). We did not get a response. However, we obtained some guidance from Dr. Leo Basch who came to our office last month for annual inspection of our business.

We are therefore submitting this New Application, and have attached the required documents on the checklist.

The undersigned, JOSEPH CHRISTIAN BUBAN, assumed as the new President of Medical Investment, Inc. upon the death of Fatima Magallanes on February 8, 2023, **by virtue of a Board Resolution** in the year 2020 (during the COVID Pandemic) on the issue of succession; and as the only legal heir of Fatima Magallanes, as her only child and inheritor. **No Sale had taken place,** as the business was inherited by me from my mother, who worked tirelessly for 15 years to stay in business and serve Nevada's Medicare and Medicaid beneficiaries.

Thank you for your assistance in this matter.

Sincerely,

Joseph Christian Buban
President & CEO

PHARMACY REIMAGINED

**Mall Pharmacy Inc. Disciplinary History**

**June 15, 2017 – Kansas State Board Case # 17-073**

This discipline was in reference to a change of ownership application that was sent to the Kansas State Board of Pharmacy after the required notification timeline. The actual controlling parties did not change during this time, but the ownership of the pharmacy was incorrectly input on the initial application as Matthew Cunningham as opposed to correct ownership structure, which was correctly input during the annual renewal on February 2, 2017. For absolutely clarity, Mall Pharmacy Inc. (dba Scripts Rx Pharmacy) and Scripts Rx Pharmacy LLC are both owned 100%by Belmont Rx Holdings Inc., and Belmont Rx Holdings Inc. is 100% owned by Matthew Cunningham, which has been the case since October 31, 2016.

**August 31, 2018 - Kansas State Board Case # 18-513**

This discipline occurred due to a technical error with Mall Pharmacy Inc.'s pharmacy system at the time in which the pharmacy system stopped reporting to the Kansas State Board's PMP clearinghouse for a period of 131 days. During that time and throughout the pharmacy's history, Mall Pharmacy Inc. has not and did not dispense any controlled substances outside of the state of Illinois or to any Kansas patients, and the issue was immediately addressed with the pharmacy software vendor once Mall Pharmacy Inc. became aware of the situation. Since the infraction, Mall Pharmacy Inc. has changed pharmacy systems and manages PMP reporting internally instead of relying on an outside technology vendor in order to avoid future infractions.

**July 12, 2021 – Maine State Board of Pharmacy Case # 2021-PHA-17217**

This discipline was a follow on discipline related to Kansas State Board Case #18-513. After this infraction, Mall Pharmacy Inc. sent communications to all pharmacy boards for the states it was licensed in. The Maine State Board did not have evidence of this communication, and at the time, Mall Pharmacy Inc. did not have a formalized process for tracking communications with pharmacy state boards as it does now. As a result, Mall Pharmacy Inc. believed it had disclosed the discipline to Maine when completing the annual renewal on November 27th, 2018, but Maine believed the discipline not to have been disclosed. Ultimately, because Mall Pharmacy Inc. had no definitive evidence of the communication to the Maine Board of Pharmacy regarding Kansas State Board Case #18-513, it entered into a consent agreement with the Maine State Board of Pharmacy to resolve the incident.

**August 4, 2021 – Oregon State Board of Pharmacy Case # 2021-0131**

This discipline is related to clerical error on behalf of Mall Pharmacy Inc. The pharmacy applied for and received licensure in Oregon as a non-resident pharmacy on March 20th, 2017, and under Oregon Pharmacy Law the pharmacy has four months to have one of its pharmacists receive licensure. In June of 2017, Mall Pharmacy Inc.'s Pharmacist-in-Charge at the time, Joe Moore, passed the Oregon law exam. However, due to an oversight, Mr. Moore did not file the appropriate paperwork to officially become licensed in the State of Oregon and did not disclose the error to the management team at the pharmacy. Mall Pharmacy Inc. continued to operate and renew its license with Oregon in 2018 through 2020 under the presumption that it was complying with the pharmacy law in the State of Oregon. Mall Pharmacy Inc. also had two additional pharmacist take and pass the Oregon pharmacy exam during that period so that it had three pharmacists licensed in the state at certain points throughout that time period. In 2021, the State Board of Oregon identified that there was a period between July 20th, 2017 and May 5th, 2019 that Mall Pharmacy Inc. did not have a licensed pharmacist in the state. To reiterate, the pharmacy did have multiple pharmacist that had passed the law exam, but had not officially applied for Pharmacist-in-Charge licensure in the state. During that time from July 2017 to May 2019, the pharmacy filled 20 total prescriptions for 13 different patients, which is what the pharmacy was disciplined for by the Oregon State Board of Pharmacy.

**January 27, 2022 – Alabama State Board of Pharmacy Case 21-L-0174**

Scripts Rx approved a consent agreement for a follow on disciplinary action. The original incident was in regards to the disclosure of a disciplinary action with the Kansas State Board of Pharmacy dating back to 2017, as referenced above case # 17-073. The prior Pharmacist-in-Charge, who is no longer affiliated with Scripts Rx, inappropriately interpreted the 2016-17 Kansas Board of Pharmacy disciplinary action as a monetary fine, which is why it was not disclosed to the Alabama Board of Pharmacy appropriately. The current pharmacy leadership proactively identified this oversight and initiated an effort to correctly inform all state boards of pharmacy through its communication last month. When Scripts Rx Pharmacy became aware of the case from Alabama, the pharmacy immediately took action and started communications with the Alabama Board of Pharmacy to arrive at an agreeable conclusion. This discipline came after the self-imposed implementation of a corrective action plan by Scripts Rx, which has prevented any further incidents.

**July 21, 2022 - Idaho State Board of Pharmacy Case # BOP 21-070**

The infraction is in regards to the pharmacy not correctly filing to have an active pharmacist in charge registered with the pharmacy license in Idaho, an oversight that was inadequately transitioned from a prior pharmacist-in-charge. The pharmacy had a pharmacy license and had a pharmacist licensed in the state of Idaho, but did not file the pharmacist-in-charge paperwork correctly. The pharmacy worked diligently to respond throughout the renewal process, but there were several issues in receiving sufficient and timely communications from the Idaho State Board, which resulted in the pharmacy license expiring without the pharmacy's knowledge and exacerbated the situation. Specifically:

- The incident occurred during the pharmacy's timely filed change of location at the end of 2020, and information regarding the deficiencies was communicated to the wrong pharmacy address, leading the pharmacy to believe its license in "pending" status was still being processed and contained all necessary information
- The pharmacy followed communication rules outlined in the Idaho Board of Pharmacy during initial renewals, but the state board was extremely delayed in responding to the pharmacy's inquiries
- Communications from the Idaho State Board did not clearly outline the deficiencies once a communication was received, but just that there was a deficiency, which required the pharmacy to contact the State Board an additional time for clarification

Scripts Rx now has resolved the issue and has active licenses for the pharmacy and pharmacist-in-charge. The origins of this discipline came after the self-imposed implementation of a corrective action plan by Scripts Rx, which has prevented any further incidents.

**December 15, 2022 - Hawaii State Board of Pharmacy Case # PHA 2022-40-L and PHA 2022-52-L**

Scripts Rx approved a consent agreement for a follow on disciplinary action from the Hawaii State Board of Pharmacy in reference to cases previously outlined. The original incidents were in regards to the timely disclosure of a disciplinary action with the Alabama State Board of Pharmacy dating back to 2021, as referenced above case #21-L-0174, which was in reference to a disciplinary action from the Kansas State Board of Pharmacy dating back to 2017, as referenced above case # 17-073, and the timely disclosure of a disciplinary action with the Idaho State Board, as referenced above case BOP 21-070. There was no new infraction as a part of this discipline, and Scripts Rx responded immediately upon becoming aware of the discipline to the Hawaii State Board of Pharmacy to arrive at an agreeable conclusion. This discipline came after the self-imposed implementation of a corrective action plan by Scripts Rx, which has prevented any further incidents.

**Appendix I-Self Imposed Corrective Action Plan Details (DRAFTED DECEMBER 2020)**

As part of an annual compliance review of Scripts Rx pharmacy operations, the Quality Management Committee at the pharmacy identified several key opportunity areas in the policies and procedures for maintaining compliance to federal and state laws. Specifically, the pharmacy identified the following opportunities:

1. **Formalize a Catalog of Pertinent State Specific Laws:** Accurately cataloging relevant state specific pharmacy laws in an organized and systematic manner with well-defined accountability and ownership
2. **Regularly Updating State Law Databases:** Once a database of these laws is established, our pharmacy needs to ensure that those catalogs, databases, and processes are reviewed regularly for accuracy.

Out of these opportunity areas, the Quality Management Committee developed a corrective action plan designed to improve compliance and awareness of policies and procedures around state or federal law changes, necessary disclosures, and licensing requirements in the states in which it is licensed. The corrective action plan includes the elements outlined below.

**Building a Catalog of State Specific Laws**

This section is intended to highlight efforts made by Scripts Rx to build a comprehensive database of pertinent federal and state specific laws. Additionally, the corrective measures were intended to make referencing these catalogs and databases easily accessible to all pharmacy staff members.

1. **Maintain State Law Specific Reference Guides**
   - Our pharmacy systems run on virtual servers, which allow us to systematically push software and IT updates to all pharmacy staff
   - We have pushed an update so that the Pharmacy Act of each state is included on the main bookmarks bar of pharmacy staff. Our pharmacy system is a cloud-based system, so all pharmacy staff work through a secure web browser most of their day, making these state law reference bookmarks centrally positioned.

2. **Build a Master Database of Relevant State Laws**
   - In order to create easier referencing and management of annual renewal and notification procedures, Scripts Rx built a centralized database of state specific laws to include laws surrounding:
     - Annual renewal timing and process
     - Specific licensing requirements (e.g. requirement for PIC licensure)
     - Change of ownership notification process
     - Change of location notification process
     - Laws regarding updating the state board on other pharmacy operations
     - PMP reporting requirements
     - Prescription label specific requirements
     - Specific laws relating to prescription transfers
     - Specific laws relating to prescription dispensing
     - Specific laws relating to technician duties and responsibilities
     - Controlled substance laws and regulations
   - Database is stored on the pharmacy shared drive and accessible to all staff
   - The pharmacy is used the NABP Survey of Pharmacy Law and the respective state board websites to perform this review and continues to leverage those resources to keep it up to date

3. **Pharmacist Awareness of Law Changes**
   - All pharmacists at each pharmacy location will always have access the state law reference guides and the master database of relevant state laws in the pharmacy
   - Any material changes in state or federal laws that are identified in the State Compliance Committee meetings, outlined below, will be included in weekly all pharmacy training sessions

**Maintaining Database Accuracy**

This section is focused on a set of processes and procedures established to build a culture of accountability in maintaining the accuracy of catalogs, databases, and measures outlined above.

1. **Formation of a State Compliance Committee**
    - This committee is comprised of the Pharmacist-in-Charge at each of our pharmacy locations, Pharmacy Manager, and CEO
    - The Committee meets at least monthly to review the following:
        - Any changes in the state laws over the past month, including corrective action plans necessary to ensure compliance to these laws
            - This includes the review of state pharmacy board newsletters and meeting minutes
            - Corrective action plans should have definitive owners and timelines for delivery
        - Review any communications that have been or need to be sent to any state board of pharmacy (no formal communications should be sent to state boards without the review and acceptance of this committee)
        - Review any state license renewal application
        - Confirm that the state licenses for all states are active and compliant
        - Review of NCPDP and NABP profile for all pharmacy locations
        - Review OIG and SAM exclusion list
        - Review of active status for all pharmacy staff licenses
        - Confirm appropriate registration with Secretary of State and Department of Revenue for applicable state licenses
    - Outcomes from these meetings are reviewed in Quality Management Committee meetings, which occur at least quarterly
    - Any changes or updates to state laws are added to the Master Database and logged to the Regulatory Issues Log

2. **Formalize Tracking of Communications with Pharmacy State Boards**
    - A database will be established on the pharmacy shared drive to track all communications received or sent to each state board
    - This database will be made available to all pharmacist staff to ensure that institutional knowledge is maintain and available to all pharmacist staff

To whom it may concern,

This letter is an explanation of why Scripts Rx Pharmacy was instructed to surrender DEA license # FM6428761. The surrender of the DEA licenses was a requirement of Scripts Rx moving its C-II safe into its dispensing room to increase the security of the medications and allow the pharmacy to create a dividing wall to subdivide its space. By moving the safe, the Illinois State Board of Pharmacy required the pharmacy to surrender its Illinois Controlled Substance licenses until the safe could be reinspected. At the time of moving the C-II safe there were no controlled substances in stock and the safe was empty.

Due to staffing constraints within the Illinois State Board of Pharmacy from the COVID-19 pandemic, the re-inspection was significantly delayed, requiring the pharmacy to move the C-II safe and surrender the DEA and Illinois controlled substance license before the reinspection could occur. Following the reinspection, the pharmacy reapplied for the DEA licenses and completed a DEA inspection to receive a new DEA license. During the period in which the pharmacy didn't have a DEA licenses no controlled substances were held in stock or dispensed.The pharmacy's new DEA license is # FM0233015.

If there are any questions, please email the pharmacy at info@scriptsrxpharmacy.com or me directly at plind@scriptsrxpharmacy.com.

Thank you,

Patricia Lind

**Provide explanation below:**

I don't have documents regarding the incident as it occurred nearly, if not over 20 years ago when I was still in college. I left all unknown details blank as to not give false information unintentionally.

I was a cashier at Walmart during the time and got called into the office one day after my shift and questioned about money missing to which I had no information to give because I had not taken any money nor was I aware of anyone who had. I thought that would be the end of it. Adversely, despite my consistent and unwavering innocence, I was held in the back room for hours and questioned endlessly about things I could have "accidentally taken". Nervous and crying I began agreeing to the officer's "what-if" scenarios and admitted to things that never actually happened. The officer then coached me thru a written statement, telling me what to write and told me I had to complete it before I was able to leave.

Needless to say, once I signed it, I was able to leave however they left out the part where I would be handcuffed and taken to jail. Truly a devastating experience as I had never been in any trouble (before then or since) and thought my life was over.

My devastation turned to disgust when the public defender I was assigned, explained that police officers get false confessions from people all the time, it's common practice. Unfortunately, watching true crime tv, I now know this to be true. During the court proceedings, the public defender did his best to assure me that my life wasn't over. He advised me that moving forward I should answer "no" if ever asked if I had any arrests/criminal background as the case would be expunged/deleted from my record as if it never happened. I've answered "no" ever since, nearly forgetting it happened at all.

The parties agree that restitution is not applicable in this case.

Interest, penalties and fines

Unless otherwise ordered, should the Court impose a fine or restitution of more than $2,500 as part of the sentence, interest will be charged on the unpaid balance of the fine or restitution not paid within 15 days after the judgment date. 18 U.S.C. § 3612(f). Other penalties and fines may be assessed on the unpaid balance of a fine or restitution pursuant to 18 U.S.C. § 3572(h), (*i*) and § 3612(g).

**THE SENTENCING GUIDELINES**

Applicability

The defendant understands that the Court is required to consider any applicable Sentencing Guidelines as well as other factors enumerated in 18 U.S.C. § 3553(a) to tailor an appropriate sentence in this case and is not bound by this plea agreement. The defendant agrees that the Sentencing Guideline determinations will be made by the Court, by a preponderance of the evidence, based upon input from the defendant, the Government, and the United States Probation Office. The defendant further understands that he has no right to withdraw his guilty plea if his sentence or the Guideline application is other than he anticipated, including if the sentence is outside any of the ranges set forth in this agreement.

Acceptance of Responsibility

At this time, the Government agrees to recommend that the Court reduce by two levels the defendant's adjusted offense level under § 3E1.1(a) of the Sentencing Guidelines, based on the defendant's prompt recognition and affirmative acceptance of personal responsibility for the offense. Moreover, should the defendant qualify for a decrease under § 3E1.1(a) and his offense level determined prior to the operation of subsection (a) is level 16 or greater, the Government will file a motion with the Court pursuant to § 3E1.1(b) which recommends that the Court reduce the defendant's Adjusted Offense Level by one additional level based on his prompt notification of his intention to enter a plea of guilty. The defendant understands that the Court is not obligated to accept the Government's recommendations on the reductions.

The above-listed recommendations are conditioned upon the defendant's affirmative demonstration of acceptance of responsibility, by (1) truthfully admitting the conduct comprising the offense(s) of conviction and truthfully admitting or not falsely denying any additional relevant conduct for which the defendant is accountable under § 1B1.3 of the Sentencing Guidelines, and (2) truthfully disclosing to the United States Attorney's Office and the United States Probation Office personal information requested, including the submission of a complete and truthful financial statement detailing the defendant's financial condition. The defendant expressly authorizes the United States Attorney's Office to obtain a credit report concerning the defendant.

In addition, the Government expressly reserves the right to seek denial of the adjustment for acceptance of responsibility if the defendant engages in any acts, unknown to the Government at the time of the signing of this agreement, which (1) indicate that the defendant has not terminated or withdrawn from criminal conduct or associations (§ 3E1.1 of the Sentencing Guidelines); (2) could provide a basis for an adjustment for obstructing or impeding the administration of justice

(§ 3C1.1 of the Sentencing Guidelines); or (3) constitute a violation of any condition of release. Moreover, the Government reserves the right to seek denial of the adjustment for acceptance of responsibility if the defendant seeks to withdraw his guilty plea or takes a position at sentencing, or otherwise, which, in the Government's assessment, is inconsistent with affirmative acceptance of personal responsibility. The defendant understands that he may not withdraw his plea of guilty if, for the reasons explained above, the Government does not make one or both of the recommendations or seeks denial of the adjustment for acceptance of responsibility.

Determination of Drug Quantity

The parties agree and acknowledge that the determination of the quantity of oxycodone and alprazolam which was part of the defendant's relevant and readily foreseeable conduct as to the offense charged in Count One will be determined by the Court at sentencing by a preponderance of the evidence standard.

The parties agree and stipulate that the quantity of oxycodone which was part of the defendant's relevant and readily foreseeable conduct as to the offense charged in Count One was between 448 grams and 940 grams (corresponding to between approximately 3,001 kilograms and 6,298 kilograms of Converted Drug Weight under the Drug Equivalency Tables in the Sentencing Guidelines), and the quantity of alprazolam which was part of the defendant's relevant and readily foreseeable conduct was approximately 4 grams (corresponding to approximately 8 kilograms of Converted Drug Weight).

The defendant waives any right to a jury trial or a sentencing hearing on these issues.

Stipulation

Pursuant to § 6B1.4 of the Sentencing Guidelines, the defendant and the Government have entered into the attached stipulation, which is a part of this plea agreement. The defendant understands that this stipulation does not set forth all of the relevant conduct and characteristics that may be considered by the Court for purposes of sentencing. The defendant understands that this stipulation is not binding on the Court. The defendant also understands that the Government and the United States Probation Office are obligated to advise the Court of any additional relevant facts that subsequently come to their attention.

Guideline Stipulation

The parties agree as follows:

The Guidelines Manual in effect on the date of sentencing is used to determine the applicable Guidelines range.

The defendant's base offense level under U.S.S.G. § 2D1.1 is 32. That level is increased by 2, because the defendant abused a position of trust and/or used a special skill in a manner that significantly facilitated the commission of the offense. U.S.S.G. § 3B1.1. The defendant's level is decreased by 2 under the so-called 'safety valve' provision of U.S.S.G. § 2D1.1(b)(18) and 5C1.2 because the parties agree that the defendant has met the five criteria of U.S.S.G. § 5C1.2. Three levels are subtracted under U.S.S.G. § 3E1.1 for acceptance of responsibility, as noted above, resulting in a total offense level of 29.

Based on an initial assessment, the parties agree that the defendant falls within Criminal History Category I. The parties reserve the right to recalculate the defendant's Criminal History Category and corresponding sentencing ranges if this initial assessment proves inaccurate.

A total offense level of 29, assuming a Criminal History Category I, would result in a range of 87 to 108 months of imprisonment (sentencing table) and a fine range of $30,000 to $300,000, U.S.S.G. § 5E1.2(c)(3). The defendant is also subject to a supervised release term of at least 3 years. U.S.S.G. § 5D1.2.

The Government and the defendant reserve their rights to seek a departure or a non-Guidelines sentence, and both sides reserve their right to object to a departure or a non-Guidelines sentence.

The defendant understands that the Court is not bound by this agreement on the Guideline ranges specified above. The defendant further understands that he will not be permitted to withdraw the guilty plea if the Court imposes a sentence outside any of the ranges set forth in this agreement.

In the event the United States Probation Office or the Court contemplates any sentencing calculations different from those stipulated by the parties, the parties reserve the right to respond to any inquiries and make appropriate legal arguments regarding the proposed alternate calculations. Moreover, the parties reserve the right to defend any sentencing determination, even if it differs from that stipulated by the parties, in any post-sentencing proceeding.

Information to the Court

The Government reserves its right to address the Court with respect to an appropriate sentence to be imposed in this case. Moreover, the Government will discuss the facts of this case, including information regarding the defendant's background and character, 18 U.S.C. § 3661, with the United States Probation Office

and will provide the Probation Officer with access to material in its file, with the exception of grand jury material.

**WAIVER OF RIGHTS**

The defendant acknowledges and agrees that he is knowingly, intelligently, and voluntarily waiving the following rights:

Waiver of Trial Rights and Consequences of Guilty Plea

The defendant understands that he has the right to be represented by an attorney at every stage of the proceeding and, if necessary, one will be appointed to represent him.

The defendant understands that he has the right to plead not guilty or to persist in that plea if it has already been made, the right to a public trial, the right to be tried by a jury with the assistance of counsel, the right to confront and cross-examine the witnesses against him, the right not to be compelled to incriminate himself, the right to testify and present evidence, and the right to compel the attendance of witnesses to testify in his defense. The defendant understands that by pleading guilty he waives those rights and that, if the plea of guilty is accepted by the Court, there will not be a further trial of any kind.

The defendant understands that, if he pleads guilty, the Court may ask him questions about each offense to which he pleads guilty, and if he answers those questions falsely under oath, on the record, and in the presence of counsel, his answers may later be used against him in a prosecution for perjury or making false statements.

Waiver of Statute of Limitations

The defendant agrees that, should the conviction following defendant's guilty plea be vacated for any reason, then any prosecution that is not time-barred by the applicable statute of limitations on the date of the signing of this plea agreement (including any indictment or counts the Government has agreed to dismiss at sentencing pursuant to this plea agreement) may be commenced or reinstated against the defendant, notwithstanding the expiration of the statute of limitations between the signing of this plea agreement and the commencement or reinstatement of such prosecution. The defendant agrees to waive all defenses based on the statute of limitations with respect to any prosecution that is not time-barred on the date the plea agreement is signed.

Waiver of Right to Challenge Conviction

The defendant acknowledges that under certain circumstances he is entitled to challenge his conviction. By pleading guilty, the defendant waives his right to appeal or collaterally attack his conviction in any proceeding, including but not limited to a motion under 28 U.S.C. § 2255 and/or § 2241. In addition to any other claims he might raise, the defendant waives his right to challenge his conviction based on (1) any non-jurisdictional defects in the proceedings before entry of this plea, (2) a claim that the statute(s) to which the defendant is pleading guilty is unconstitutional, and (3) a claim that the admitted conduct does not fall within the scope of the statute. This waiver does not preclude the defendant from raising a claim of ineffective assistance of counsel in an appropriate forum.

Waiver of Right to Appeal or Collaterally Attack Sentence

The parties reserve their respective rights to appeal and to oppose each other's appeal of the sentence imposed as permitted by 18 U.S.C. § 3742.

## ACKNOWLEDGMENT OF GUILT AND VOLUNTARINESS OF PLEA

The defendant acknowledges that he is entering into this agreement and is pleading guilty freely and voluntarily because he is guilty. The defendant further acknowledges that he is entering into this agreement without reliance upon any discussions between the Government and him (other than those described in the plea agreement letter), without promise of benefit of any kind (other than the concessions contained in the plea agreement letter), and without threats, force, intimidation, or coercion of any kind. The defendant further acknowledges his understanding of the nature of the offense to which he is pleading guilty, including the penalties provided by law. The defendant also acknowledges his complete satisfaction with the representation and advice received from his undersigned attorney. The defendant and his undersigned counsel are unaware of any conflict of interest concerning counsel's representation of the defendant in the case.

The defendant acknowledges that he is not a "prevailing party" within the meaning of Public Law 105-119, section 617 ("the Hyde Amendment") with respect to the count of conviction or any other count or charge that may be dismissed pursuant to this agreement. The defendant voluntarily, knowingly, and intelligently waives any rights he may have to seek attorney's fees and other litigation expenses under the Hyde Amendment.

## SCOPE OF THE AGREEMENT

The defendant acknowledges that this agreement is limited to the undersigned parties and cannot bind any other federal authority, or any state or local authority.

The defendant acknowledges that no representations have been made to him with respect to any civil or administrative consequences that may result from this plea of guilty because such matters are solely within the province and discretion of the specific administrative or governmental entity involved. Finally, the defendant acknowledges that this agreement has been reached without regard to any civil tax matters that may be pending or which may arise involving him.

## COLLATERAL CONSEQUENCES

The defendant understands that he will be adjudicated guilty of each offense to which he has pleaded guilty, may thereby be deprived of certain federal benefits as provided in 21 U.S.C. § 862, and will be deprived of certain rights, such as the right to hold public office, to serve on a jury, to possess firearms and ammunition, and in some states, the right to vote. Further, the defendant understands that if he is not a citizen of the United States, a plea of guilty may result in removal from the United States, denial of citizenship, and denial of admission to the United States in the future. The defendant understands that pursuant to section 203(b) of the Justice For All Act, the Federal Bureau of Prisons or the United States Probation Office will collect a DNA sample from the defendant for analysis and indexing. Finally, the defendant understands that the Government reserves the right to notify any state or federal agency by which he is licensed, or with which he does business, as well as any current or future employer of the fact of his conviction.

## SATISFACTION OF FEDERAL CRIMINAL LIABILITY; BREACH

The defendant's guilty plea, if accepted by the Court, will satisfy the federal criminal liability of the defendant in the District of Connecticut as a result of his participation in the conduct which forms the basis of the indictment in this case, as well as any additional conduct described in the Stipulation of Offense Conduct and Relevant Conduct. After sentencing, the Government will move to dismiss Counts Two through Twelve of the indictment, because the conduct underlying the dismissed counts will have been taken into account in determining the appropriate sentence.

The defendant understands that if, before sentencing, he violates any term or condition of this agreement, engages in any criminal activity, or fails to appear for sentencing, the Government may void all or part of this agreement. If the agreement is voided in whole or in part, the defendant will not be permitted to withdraw his guilty plea.

**NO OTHER PROMISES**

The defendant acknowledges that no other promises, agreements, or conditions have been entered into other than those set forth in this plea agreement, and none will be entered into unless set forth in writing, signed by all the parties.

This letter shall be presented to the Court, in open court, and filed in this case.

Very truly yours,

**STIPULATION OF OFFENSE CONDUCT AND RELEVANT CONDUCT**

The defendant and the Government stipulate to the following offense conduct and relevant conduct that give rise to the defendant's agreement to plead guilty to Count One of the indictment:

Between approximately October 2016 and July 2017, the defendant, who was employed at the time as a pharmacist in Norwich, Connecticut, forged prescriptions and falsified pharmacy records to obtain oxycodone and alprazolam from the pharmacy where he was employed.

Between approximately February 2018 and June 2018, the defendant, who was employed at the time as a pharmacist in Las Vegas, Nevada, forged prescriptions and falsified pharmacy records to obtain oxycodone from the pharmacy where he was employed.

In total, between approximately October 2016 and June 2018, the quantity of oxycodone which was part of the defendant's relevant and readily foreseeable conduct was between 448 grams and 940 grams (corresponding to between approximately 3,001 kilograms and 6,298 kilograms of Converted Drug Weight under the Drug Equivalency Tables in the Sentencing Guidelines), and the quantity of alprazolam which was part of the defendant's relevant and readily foreseeable conduct was approximately 4 grams (corresponding to approximately 8 kilograms of Converted Drug Weight).

This written stipulation is part of the plea agreement. The defendant and the Government reserve their right to present additional offense conduct and relevant conduct to the Court in connection with sentencing.

Re: *United States v. Eric Tingley*
Criminal No. 3:18cr130(RNC)

Dear Attorney Near:

This letter confirms the plea agreement between your client, Eric Tingley (the "defendant"), and the United States Attorney's Office for the District of Connecticut (the "Government") in this criminal matter.

**THE PLEA AND OFFENSE**

In consideration for the benefits offered under this agreement, the defendant agrees to plead guilty to Count One of the indictment charging him with possession with intent to distribute oxycodone and alprazolam, in violation of 21 U.S.C. §§ 841(a)(1), 841(b)(1)(C), and 841(b)(2).

The defendant understands that, to be guilty of this offense, the following essential elements must be satisfied:

1. From in or about October 2016 until in or about July 2017, the defendant possessed two controlled substances, namely oxycodone and alprazolam;

2. The defendant knew the substances he possessed were oxycodone and alprazolam

3. The defendant knowingly and intentionally possessed the substances with the intent to distribute it

**THE PENALTIES**

Imprisonment

This offense carries a maximum penalty of 20 years of imprisonment.

Supervised Release

In addition, the Court must impose a term of supervised release of at least 3 years and as much as life to begin after any term of imprisonment.

The defendant understands that, should he violate any condition of supervised release, he may be required to serve a further term of imprisonment of up to 2 years per violation pursuant to 18 U.S.C. § 3583 with no credit for time already spent on supervised release.

Fine

This offense carries a maximum fine of $1,000,000. The defendant is also subject to the alternative fine provision of 18 U.S.C. § 3571. Under this section, the maximum fine that may be imposed on the defendant is the greatest of the following amounts: (1) twice the gross gain to the defendant resulting from the offense; (2) twice the gross loss resulting from the offense; (3) $250,000; or (4) the amount specified in the section defining the offense, which is $1,000,000.

Special Assessment

In addition, the defendant is obligated by 18 U.S.C. § 3013 to pay a special assessment of $100. The defendant agrees to pay the special assessment to the Clerk of the Court on the day the guilty plea is accepted.

Restitution

The parties agree that restitution is not applicable in this case.

Interest, penalties and fines

Unless otherwise ordered, should the Court impose a fine or restitution of more than $2,500 as part of the sentence, interest will be charged on the unpaid balance of the fine or restitution not paid within 15 days after the judgment date. 18 U.S.C. § 3612(f). Other penalties and fines may be assessed on the unpaid balance of a fine or restitution pursuant to 18 U.S.C. § 3572(h), (*i*) and § 3612(g).

**THE SENTENCING GUIDELINES**

Applicability

The defendant understands that the Court is required to consider any applicable Sentencing Guidelines as well as other factors enumerated in 18 U.S.C. § 3553(a) to tailor an appropriate sentence in this case and is not bound by this plea agreement. The defendant agrees that the Sentencing Guideline determinations will be made by the Court, by a preponderance of the evidence, based upon input from the defendant, the Government, and the United States Probation Office. The defendant further understands that he has no right to withdraw his guilty plea if his sentence or the Guideline application is other than he anticipated, including if the sentence is outside any of the ranges set forth in this agreement.

Acceptance of Responsibility

At this time, the Government agrees to recommend that the Court reduce by two levels the defendant's adjusted offense level under § 3E1.1(a) of the Sentencing Guidelines, based on the defendant's prompt recognition and affirmative acceptance of personal responsibility for the offense. Moreover, should the defendant qualify for a decrease under § 3E1.1(a) and his offense level determined prior to the operation of subsection (a) is level 16 or greater, the Government will file a motion with the Court pursuant to § 3E1.1(b) which recommends that the Court reduce the defendant's Adjusted Offense Level by one additional level based on his prompt notification of his intention to enter a plea of guilty. The defendant understands that the Court is not obligated to accept the Government's recommendations on the reductions.

The above-listed recommendations are conditioned upon the defendant's affirmative demonstration of acceptance of responsibility, by (1) truthfully admitting the conduct comprising the offense(s) of conviction and truthfully admitting or not falsely denying any additional relevant conduct for which the defendant is accountable under § 1B1.3 of the Sentencing Guidelines, and (2) truthfully disclosing to the United States Attorney's Office and the United States Probation Office personal information requested, including the submission of a complete and truthful financial statement detailing the defendant's financial condition. The defendant expressly authorizes the United States Attorney's Office to obtain a credit report concerning the defendant.

In addition, the Government expressly reserves the right to seek denial of the adjustment for acceptance of responsibility if the defendant engages in any acts, unknown to the Government at the time of the signing of this agreement, which (1) indicate that the defendant has not terminated or withdrawn from criminal conduct or associations (§ 3E1.1 of the Sentencing Guidelines); (2) could provide a basis for an adjustment for obstructing or impeding the administration of justice

(§ 3C1.1 of the Sentencing Guidelines); or (3) constitute a violation of any condition of release. Moreover, the Government reserves the right to seek denial of the adjustment for acceptance of responsibility if the defendant seeks to withdraw his guilty plea or takes a position at sentencing, or otherwise, which, in the Government's assessment, is inconsistent with affirmative acceptance of personal responsibility. The defendant understands that he may not withdraw his plea of guilty if, for the reasons explained above, the Government does not make one or both of the recommendations or seeks denial of the adjustment for acceptance of responsibility.

Determination of Drug Quantity

The parties agree and acknowledge that the determination of the quantity of oxycodone and alprazolam which was part of the defendant's relevant and readily foreseeable conduct as to the offense charged in Count One will be determined by the Court at sentencing by a preponderance of the evidence standard.

The parties agree and stipulate that the quantity of oxycodone which was part of the defendant's relevant and readily foreseeable conduct as to the offense charged in Count One was between 448 grams and 940 grams (corresponding to between approximately 3,001 kilograms and 6,298 kilograms of Converted Drug Weight under the Drug Equivalency Tables in the Sentencing Guidelines), and the quantity of alprazolam which was part of the defendant's relevant and readily foreseeable conduct was approximately 4 grams (corresponding to approximately 8 kilograms of Converted Drug Weight).

The defendant waives any right to a jury trial or a sentencing hearing on these issues.

Stipulation

Pursuant to § 6B1.4 of the Sentencing Guidelines, the defendant and the Government have entered into the attached stipulation, which is a part of this plea agreement. The defendant understands that this stipulation does not set forth all of the relevant conduct and characteristics that may be considered by the Court for purposes of sentencing. The defendant understands that this stipulation is not binding on the Court. The defendant also understands that the Government and the United States Probation Office are obligated to advise the Court of any additional relevant facts that subsequently come to their attention.

Guideline Stipulation

The parties agree as follows:

The Guidelines Manual in effect on the date of sentencing is used to determine the applicable Guidelines range.

The defendant's base offense level under U.S.S.G. § 2D1.1 is 32. That level is increased by 2, because the defendant abused a position of trust and/or used a special skill in a manner that significantly facilitated the commission of the offense. U.S.S.G. § 3B1.1. The defendant's level is decreased by 2 under the so-called 'safety valve' provision of U.S.S.G. § 2D1.1(b)(18) and 5C1.2 because the parties agree that the defendant has met the five criteria of U.S.S.G. § 5C1.2. Three levels are subtracted under U.S.S.G. § 3E1.1 for acceptance of responsibility, as noted above, resulting in a total offense level of 29.

Based on an initial assessment, the parties agree that the defendant falls within Criminal History Category I. The parties reserve the right to recalculate the defendant's Criminal History Category and corresponding sentencing ranges if this initial assessment proves inaccurate.

A total offense level of 29, assuming a Criminal History Category I, would result in a range of 87 to 108 months of imprisonment (sentencing table) and a fine range of $30,000 to $300,000, U.S.S.G. § 5E1.2(c)(3). The defendant is also subject to a supervised release term of at least 3 years. U.S.S.G. § 5D1.2.

The Government and the defendant reserve their rights to seek a departure or a non-Guidelines sentence, and both sides reserve their right to object to a departure or a non-Guidelines sentence.

The defendant understands that the Court is not bound by this agreement on the Guideline ranges specified above. The defendant further understands that he will not be permitted to withdraw the guilty plea if the Court imposes a sentence outside any of the ranges set forth in this agreement.

In the event the United States Probation Office or the Court contemplates any sentencing calculations different from those stipulated by the parties, the parties reserve the right to respond to any inquiries and make appropriate legal arguments regarding the proposed alternate calculations. Moreover, the parties reserve the right to defend any sentencing determination, even if it differs from that stipulated by the parties, in any post-sentencing proceeding.

Information to the Court

The Government reserves its right to address the Court with respect to an appropriate sentence to be imposed in this case. Moreover, the Government will discuss the facts of this case, including information regarding the defendant's background and character, 18 U.S.C. § 3661, with the United States Probation Office

and will provide the Probation Officer with access to material in its file, with the exception of grand jury material.

**WAIVER OF RIGHTS**

The defendant acknowledges and agrees that he is knowingly, intelligently, and voluntarily waiving the following rights:

Waiver of Trial Rights and Consequences of Guilty Plea

The defendant understands that he has the right to be represented by an attorney at every stage of the proceeding and, if necessary, one will be appointed to represent him.

The defendant understands that he has the right to plead not guilty or to persist in that plea if it has already been made, the right to a public trial, the right to be tried by a jury with the assistance of counsel, the right to confront and cross-examine the witnesses against him, the right not to be compelled to incriminate himself, the right to testify and present evidence, and the right to compel the attendance of witnesses to testify in his defense. The defendant understands that by pleading guilty he waives those rights and that, if the plea of guilty is accepted by the Court, there will not be a further trial of any kind.

The defendant understands that, if he pleads guilty, the Court may ask him questions about each offense to which he pleads guilty, and if he answers those questions falsely under oath, on the record, and in the presence of counsel, his answers may later be used against him in a prosecution for perjury or making false statements.

Waiver of Statute of Limitations

The defendant agrees that, should the conviction following defendant's guilty plea be vacated for any reason, then any prosecution that is not time-barred by the applicable statute of limitations on the date of the signing of this plea agreement (including any indictment or counts the Government has agreed to dismiss at sentencing pursuant to this plea agreement) may be commenced or reinstated against the defendant, notwithstanding the expiration of the statute of limitations between the signing of this plea agreement and the commencement or reinstatement of such prosecution. The defendant agrees to waive all defenses based on the statute of limitations with respect to any prosecution that is not time-barred on the date the plea agreement is signed.

Waiver of Right to Challenge Conviction

The defendant acknowledges that under certain circumstances he is entitled to challenge his conviction. By pleading guilty, the defendant waives his right to appeal or collaterally attack his conviction in any proceeding, including but not limited to a motion under 28 U.S.C. § 2255 and/or § 2241. In addition to any other claims he might raise, the defendant waives his right to challenge his conviction based on (1) any non-jurisdictional defects in the proceedings before entry of this plea, (2) a claim that the statute(s) to which the defendant is pleading guilty is unconstitutional, and (3) a claim that the admitted conduct does not fall within the scope of the statute. This waiver does not preclude the defendant from raising a claim of ineffective assistance of counsel in an appropriate forum.

Waiver of Right to Appeal or Collaterally Attack Sentence

The parties reserve their respective rights to appeal and to oppose each other's appeal of the sentence imposed as permitted by 18 U.S.C. § 3742.

## ACKNOWLEDGMENT OF GUILT AND VOLUNTARINESS OF PLEA

The defendant acknowledges that he is entering into this agreement and is pleading guilty freely and voluntarily because he is guilty. The defendant further acknowledges that he is entering into this agreement without reliance upon any discussions between the Government and him (other than those described in the plea agreement letter), without promise of benefit of any kind (other than the concessions contained in the plea agreement letter), and without threats, force, intimidation, or coercion of any kind. The defendant further acknowledges his understanding of the nature of the offense to which he is pleading guilty, including the penalties provided by law. The defendant also acknowledges his complete satisfaction with the representation and advice received from his undersigned attorney. The defendant and his undersigned counsel are unaware of any conflict of interest concerning counsel's representation of the defendant in the case.

The defendant acknowledges that he is not a "prevailing party" within the meaning of Public Law 105-119, section 617 ("the Hyde Amendment") with respect to the count of conviction or any other count or charge that may be dismissed pursuant to this agreement. The defendant voluntarily, knowingly, and intelligently waives any rights he may have to seek attorney's fees and other litigation expenses under the Hyde Amendment.

## SCOPE OF THE AGREEMENT

The defendant acknowledges that this agreement is limited to the undersigned parties and cannot bind any other federal authority, or any state or local authority.

The defendant acknowledges that no representations have been made to him with respect to any civil or administrative consequences that may result from this plea of guilty because such matters are solely within the province and discretion of the specific administrative or governmental entity involved. Finally, the defendant acknowledges that this agreement has been reached without regard to any civil tax matters that may be pending or which may arise involving him.

**COLLATERAL CONSEQUENCES**

The defendant understands that he will be adjudicated guilty of each offense to which he has pleaded guilty, may thereby be deprived of certain federal benefits as provided in 21 U.S.C. § 862, and will be deprived of certain rights, such as the right to hold public office, to serve on a jury, to possess firearms and ammunition, and in some states, the right to vote. Further, the defendant understands that if he is not a citizen of the United States, a plea of guilty may result in removal from the United States, denial of citizenship, and denial of admission to the United States in the future. The defendant understands that pursuant to section 203(b) of the Justice For All Act, the Federal Bureau of Prisons or the United States Probation Office will collect a DNA sample from the defendant for analysis and indexing. Finally, the defendant understands that the Government reserves the right to notify any state or federal agency by which he is licensed, or with which he does business, as well as any current or future employer of the fact of his conviction.

**SATISFACTION OF FEDERAL CRIMINAL LIABILITY; BREACH**

The defendant's guilty plea, if accepted by the Court, will satisfy the federal criminal liability of the defendant in the District of Connecticut as a result of his participation in the conduct which forms the basis of the indictment in this case, as well as any additional conduct described in the Stipulation of Offense Conduct and Relevant Conduct. After sentencing, the Government will move to dismiss Counts Two through Twelve of the indictment, because the conduct underlying the dismissed counts will have been taken into account in determining the appropriate sentence.

The defendant understands that if, before sentencing, he violates any term or condition of this agreement, engages in any criminal activity, or fails to appear for sentencing, the Government may void all or part of this agreement. If the agreement is voided in whole or in part, the defendant will not be permitted to withdraw his guilty plea.

**NO OTHER PROMISES**

The defendant acknowledges that no other promises, agreements, or conditions have been entered into other than those set forth in this plea agreement, and none will be entered into unless set forth in writing, signed by all the parties.

This letter shall be presented to the Court, in open court, and filed in this case.

Very truly yours,

**STIPULATION OF OFFENSE CONDUCT AND RELEVANT CONDUCT**

The defendant and the Government stipulate to the following offense conduct and relevant conduct that give rise to the defendant's agreement to plead guilty to Count One of the indictment:

Between approximately October 2016 and July 2017, the defendant, who was employed at the time as a pharmacist in Norwich, Connecticut, forged prescriptions and falsified pharmacy records to obtain oxycodone and alprazolam from the pharmacy where he was employed.

Between approximately February 2018 and June 2018, the defendant, who was employed at the time as a pharmacist in Las Vegas, Nevada, forged prescriptions and falsified pharmacy records to obtain oxycodone from the pharmacy where he was employed.

In total, between approximately October 2016 and June 2018, the quantity of oxycodone which was part of the defendant's relevant and readily foreseeable conduct was between 448 grams and 940 grams (corresponding to between approximately 3,001 kilograms and 6,298 kilograms of Converted Drug Weight under the Drug Equivalency Tables in the Sentencing Guidelines), and the quantity of alprazolam which was part of the defendant's relevant and readily foreseeable conduct was approximately 4 grams (corresponding to approximately 8 kilograms of Converted Drug Weight).

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

## JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent D. Mahender Nath ("Nath") because Nath holds a certificate of registration issued by the Board pursuant to NRS 639.127. Certificate of registration no. 09133 authorizes Nath to engage in the practice of pharmacy within Nevada.

2. The Board has personal jurisdiction over Respondent Smith's Pharmacy #348 ("Smith's Pharmacy") because Smith's Pharmacy holds a license issued by the Board pursuant to NRS 639.230. Pharmacy license no. PH01097 authorizes Smith's Pharmacy to operate a pharmacy at 1000 N. Green Valley Parkway in Henderson, Nevada.

3. The Board has jurisdiction over the subject matter of this accusation because, at the time of the violations alleged herein, Nath was a Nevada registered pharmacist engaged in the practice of pharmacy and employed by Smith's Pharmacy as a staff pharmacist and/or a managing pharmacist.

## FACTUAL ALLEGATIONS

*Prescription No. 4529270*

4. Between November 28, 2018, and April 12, 2019, practitioner JT treated patient LW for obesity. As part of the treatment plan, practitioner JT prescribed phentermine for patient LW. The federal Drug Enforcement Administration lists phentermine as a Schedule IV controlled substance. *See* 21 C.F.R. § 1308.14. Pursuant to NRS 453.166, the Board also lists phentermine as a Schedule IV controlled substance. *See* NAC 453.540(5).

5. Practitioner JT ordered phentermine for patient LW on March 19, 2019, issuing an electronic prescription to Smith's Pharmacy in which she instructed the responsible pharmacist to dispense a quantity of thirty tablets (37.5 mg) to be ingested once daily by patient LW for one month.

6. Smith's Pharmacy identified practitioner JT's order as prescription no. 4529270. In that order, practitioner JT authorized two refills for patient LW, each for the same dose and dosage as the initial 30-day supply. Smith's Pharmacy dispensed the initial supply and each of the two refills on March 19, 2019, May 15, 2019, and June 22, 2019, respectively.

*Prescription No. 4530039*

7. On August 16, 2019, someone telephoned Smith's Pharmacy claiming to be "Nikki" from practitioner JT's office. The caller left a voicemail indicating that practitioner JT had issued a prescription to patient LW for more phentermine. The purported dose and dosage were the same as for prescription no. 4529270, but the number of purported refills had increased from two to three.

8. In Nikki's message as described above, the caller neglected to provide the diagnostic code and the DEA registration number for the prescribing practitioner. Smith's Pharmacy records indicate that Nath or someone under Nath's supervision contacted a person named "Jessie" to obtain the diagnostic code for the alleged prescription. Nath and/or the person under Nath's supervision failed to inquire about the prescribing practitioner's DEA registration number.

9. Nath prepared a written record of the prescription allegedly communicated by Nikki and subsequently confirmed by Jessie, including the diagnostic code, but Nath omitted the prescribing

practitioner's DEA registration number. Smith's Pharmacy identified the alleged second order for phentermine as prescription number 4530039.

10. Based upon Nath's written record of prescription number 4530039, Smith's Pharmacy dispensed phentermine to patient LW, and/or to someone claiming to be patient LW, on August 24, 2019, October 18, 2019, November 27, 2019, and February 14, 2020.

*Prescription No. 4531170*

11. On April 7, 2020, someone telephoned Smith's Pharmacy claiming to be "Lorraine" from practitioner JT's office. The caller left a voicemail indicating that practitioner JT had issued a prescription to patient LW for more phentermine. The purported dose and dosage were the same as for prescription number 4529270. As with the call from Nikki on August 16, 2019, the caller named Lorraine requested three refills for patient LW.

12. In Lorraine's message as described above, the caller neglected to provide the diagnostic code and the DEA registration number for the prescribing practitioner. Smith's Pharmacy records indicate that Nath or someone under Nath's supervision contacted "Tyler" to obtain the diagnostic code for the alleged third prescription. Nath and/or the person under Nath's supervision failed to inquire about the prescribing practitioner's DEA registration number.

13. Nath prepared a written record of the prescription allegedly communicated by Lorraine and subsequently confirmed by Tyler, including the diagnostic code, but Nath once again omitted the prescribing practitioner's DEA registration number. Smith's Pharmacy identified the alleged third order for phentermine as prescription no. 4531170.

14. Based upon Nath's written record of prescription no. 4531170, Smith's Pharmacy dispensed phentermine to patient LW, and/or to someone claiming to be patient LW, on April 10, 2020, May 18, 2020, July 7, 2020, and August 20, 2020.

*Summary of Investigation*

15. In an interview with Board Investigator Kenneth Scheuber, practitioner JT stated that she has never employed a person named Nikki, Jessie, Lorraine, or Tyler. She further stated that she

did not issue prescription nos. 4530039 and 4531170. Practitioner JT confirmed that she issued prescription no. 4529270. According to practitioner JT, Smith's Pharmacy first alerted her about suspicious activity on September 24, 2020. Practitioner JT subsequently reviewed the history of her prescribing activity for patient LW and then made a complaint to the Henderson Police Department.

16. Patient LW admitted to Investigator Scheuber that she had acquired the phentermine dispensed by Smith's Pharmacy under prescription nos. 4529270, 4530039, and 4531170. Patient LW offered evasive responses to Investigator Scheuber's questions about who had issued prescription nos. 4530039 and 4531170, and under what circumstances.

17. Nath provided a written statement to Investigator Scheuber in which he acknowledged his role, as described above, in processing prescription nos. 4530039 and 4531170.

18. Smith's Pharmacy provided written records concerning prescription nos. 4529270, 4530039, and 4531170. Those records support the allegations stated above.

## APPLICABLE LAW

19. The Board may revoke or suspend the registration of any pharmacist who has been guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4). Likewise, the Board may revoke or suspend the registration of any pharmacist who has violated any provision of Nevada law relating to prescription drugs. *See* NRS 639.210(12). In lieu of revoking or suspending such a pharmacist's registration, the Board may impose fines as a disciplinary measure. *See* NRS 639.255; NAC 639.955.

20. A pharmacist's conduct is deemed unprofessional if the pharmacist fails to confer with the person writing, making, or ordering a prescription or chart order if there is an error or omission in it which should be questioned. *See* NAC 639.945(1)(e). Additionally, a pharmacist's conduct is deemed unprofessional if the pharmacist performs his or her duties in an incompetent, unskillful or negligent manner. *See* NAC 639.945(1)(i).

21. Pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2), pharmacy owners, managing pharmacists, and pharmacists are responsible for the acts and omissions of the pharmacy employees under their supervision or control.

22. Pursuant to NAC 435.440, a prescription for a controlled substance must include certain details about the prescription and the patient, including the ICD-10 code that corresponds to the diagnosis for which the controlled substance is prescribed, and the prescribing practitioner's DEA registration number. *See* NAC 453.440(1)(i) and (k).

23. If a pharmaceutical technician performs one or more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the filled prescription, including, *but not limited to*, verifying the selection and strength of the drug, the dosage form, and the labeling of the prescription. NRS 639.252(2) (emphasis added).

24. Subject to enumerated exceptions, a prescription for a controlled substance must be given to a pharmacy by electronic transmission in accordance with the regulations adopted by the Board. *See* NRS 639.23535(1). If a pharmacist receives a prescription transmitted via the oral order of a practitioner or the practitioner's agent (as opposed to electronic transmission), the pharmacist must record the name of the person who orally transmitted the prescription. *See* NAC 639.7125.

25. A pharmacist shall not fill a prescription for a controlled substance if the prescription shows evidence of alteration, erasure, or addition, unless the pharmacist obtains approval of the practitioner who issued the prescription. NRS 453.431(3).

## COUNT ONE

**Unprofessional Conduct by a Pharmacist-Failure to Confer**

26. On or about August 16, 2019, Nath engaged in unprofessional conduct because he failed to confer directly with practitioner JT, the person who ostensibly issued prescription no. 4530039, regarding omissions that Nath should reasonably have questioned.

27. Omissions that Nath should reasonably have questioned were: 1) the omission to include practitioner JT's DEA registration number on the alleged prescription; 2) the omission to include the

ICD-10 code corresponding to the diagnosis for which the controlled substance was allegedly prescribed; 3) the omission to include the full first and last name of the agent who allegedly transmitted the prescription on practitioner JT's behalf; and/or 4) the omission to transmit the alleged prescription electronically consistent with prescription no. 4529270.

28. Because Nath failed to confer directly with practitioner JT regarding prescription no. 4530039, Nath and/or Smith's Pharmacy illegally dispensed phentermine to patient LW and/or to one or more persons claiming to be patient LW.

**ANSWER AND NOTICE OF DEFENSE**

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-entitled matter before the Nevada State Board of Pharmacy, declares:

1. That his/her objection to the Notice of Intended Action and Accusation as being incomplete or failing to state clearly the charges against him/her, is hereby interposed on the following grounds: (State specific objections or insert "none").

None

2. That, in answer to the Notice of Intended Action and Accusation, he/she admits, denies and alleges as follows:

Respondent Smith's Pharmacy #348 admits in Counts One through Six that as Respondent D. Mahender Nath's ("Nath") employer, at the time of the incidents described in the Notice of Intended Action and Accusation, that it is responsible for his conduct. Respondent Smith's is not in a position to admit to or deny any counts and/or allegations that relate specifically to Nath.

As previously communicated in a statement from Lisa Hammel, Pharmacy Practice Coordinator, provided to Kenneth Scheuber on 4/12/22, Smith's policies require our pharmacies and pharmacy personnel to comply with all federal and state laws, including the content requirements for controlled substance prescriptions as defined in 21 CFR §1306 and NAC 453.440.
On 3/21/22 Lisa Hammel reviewed NAC 453.440, specifically the requirement of the ICD-10 code, and Smith's Controlled Substance Policy and Procedures, specifically Policy 501.15.1 regarding required information for scheduled prescriptions, including the prescriber's DEA registration number, and Policy 501.15.3 regarding telephone prescriptions, including requiring the agent's first and last name, with Devendranath Mahender Nath. After this discussion with Mr. Nath, Lisa Hammel spoke with the current pharmacy manager at this location, who replaced Mr. Nath in January 2021, who then reviewed these policies and procedures with her pharmacy technicians and staff pharmacist. Devendranath Mahender Nath retired and was separated from Smith's Pharmacy on 10/31/22.

Thank you for the opportunity to respond as it relates to Case No: 20-217-PH-S.
If there are any questions, please feel free to contact Lisa Hammel at lisa.hammel@sfdc.com.

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to the best of my knowledge.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

## JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent D. Mahender Nath ("Nath") because Nath holds a certificate of registration issued by the Board pursuant to NRS 639.127. Certificate of registration no. 09133 authorizes Nath to engage in the practice of pharmacy within Nevada.

2. The Board has personal jurisdiction over Respondent Smith's Pharmacy #348 ("Smith's Pharmacy") because Smith's Pharmacy holds a license issued by the Board pursuant to NRS 639.230. Pharmacy license no. PH01097 authorizes Smith's Pharmacy to operate a pharmacy at 1000 N. Green Valley Parkway in Henderson, Nevada.

3. The Board has jurisdiction over the subject matter of this accusation because, at the time of the violations alleged herein, Nath was a Nevada registered pharmacist engaged in the practice of pharmacy and employed by Smith's Pharmacy as a staff pharmacist and/or a managing pharmacist.

## FACTUAL ALLEGATIONS

*Prescription No. 4529270*

4. Between November 28, 2018, and April 12, 2019, practitioner JT treated patient LW for obesity. As part of the treatment plan, practitioner JT prescribed phentermine for patient LW. The federal Drug Enforcement Administration lists phentermine as a Schedule IV controlled substance. *See* 21 C.F.R. § 1308.14. Pursuant to NRS 453.166, the Board also lists phentermine as a Schedule IV controlled substance. *See* NAC 453.540(5).

5. Practitioner JT ordered phentermine for patient LW on March 19, 2019, issuing an electronic prescription to Smith's Pharmacy in which she instructed the responsible pharmacist to dispense a quantity of thirty tablets (37.5 mg) to be ingested once daily by patient LW for one month.

6. Smith's Pharmacy identified practitioner JT's order as prescription no. 4529270. In that order, practitioner JT authorized two refills for patient LW, each for the same dose and dosage as the initial 30-day supply. Smith's Pharmacy dispensed the initial supply and each of the two refills on March 19, 2019, May 15, 2019, and June 22, 2019, respectively.

*Prescription No. 4530039*

7. On August 16, 2019, someone telephoned Smith's Pharmacy claiming to be "Nikki" from practitioner JT's office. The caller left a voicemail indicating that practitioner JT had issued a prescription to patient LW for more phentermine. The purported dose and dosage were the same as for prescription no. 4529270, but the number of purported refills had increased from two to three.

8. In Nikki's message as described above, the caller neglected to provide the diagnostic code and the DEA registration number for the prescribing practitioner. Smith's Pharmacy records indicate that Nath or someone under Nath's supervision contacted a person named "Jessie" to obtain the diagnostic code for the alleged prescription. Nath and/or the person under Nath's supervision failed to inquire about the prescribing practitioner's DEA registration number.

9. Nath prepared a written record of the prescription allegedly communicated by Nikki and subsequently confirmed by Jessie, including the diagnostic code, but Nath omitted the prescribing

practitioner's DEA registration number. Smith's Pharmacy identified the alleged second order for phentermine as prescription number 4530039.

10. Based upon Nath's written record of prescription number 4530039, Smith's Pharmacy dispensed phentermine to patient LW, and/or to someone claiming to be patient LW, on August 24, 2019, October 18, 2019, November 27, 2019, and February 14, 2020.

*Prescription No. 4531170*

11. On April 7, 2020, someone telephoned Smith's Pharmacy claiming to be "Lorraine" from practitioner JT's office. The caller left a voicemail indicating that practitioner JT had issued a prescription to patient LW for more phentermine. The purported dose and dosage were the same as for prescription number 4529270. As with the call from Nikki on August 16, 2019, the caller named Lorraine requested three refills for patient LW.

12. In Lorraine's message as described above, the caller neglected to provide the diagnostic code and the DEA registration number for the prescribing practitioner. Smith's Pharmacy records indicate that Nath or someone under Nath's supervision contacted "Tyler" to obtain the diagnostic code for the alleged third prescription. Nath and/or the person under Nath's supervision failed to inquire about the prescribing practitioner's DEA registration number.

13. Nath prepared a written record of the prescription allegedly communicated by Lorraine and subsequently confirmed by Tyler, including the diagnostic code, but Nath once again omitted the prescribing practitioner's DEA registration number. Smith's Pharmacy identified the alleged third order for phentermine as prescription no. 4531170.

14. Based upon Nath's written record of prescription no. 4531170, Smith's Pharmacy dispensed phentermine to patient LW, and/or to someone claiming to be patient LW, on April 10, 2020, May 18, 2020, July 7, 2020, and August 20, 2020.

*Summary of Investigation*

15. In an interview with Board Investigator Kenneth Scheuber, practitioner JT stated that she has never employed a person named Nikki, Jessie, Lorraine, or Tyler. She further stated that she

did not issue prescription nos. 4530039 and 4531170. Practitioner JT confirmed that she issued prescription no. 4529270. According to practitioner JT, Smith's Pharmacy first alerted her about suspicious activity on September 24, 2020. Practitioner JT subsequently reviewed the history of her prescribing activity for patient LW and then made a complaint to the Henderson Police Department.

16. Patient LW admitted to Investigator Scheuber that she had acquired the phentermine dispensed by Smith's Pharmacy under prescription nos. 4529270, 4530039, and 4531170. Patient LW offered evasive responses to Investigator Scheuber's questions about who had issued prescription nos. 4530039 and 4531170, and under what circumstances.

17. Nath provided a written statement to Investigator Scheuber in which he acknowledged his role, as described above, in processing prescription nos. 4530039 and 4531170.

18. Smith's Pharmacy provided written records concerning prescription nos. 4529270, 4530039, and 4531170. Those records support the allegations stated above.

## APPLICABLE LAW

19. The Board may revoke or suspend the registration of any pharmacist who has been guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4). Likewise, the Board may revoke or suspend the registration of any pharmacist who has violated any provision of Nevada law relating to prescription drugs. *See* NRS 639.210(12). In lieu of revoking or suspending such a pharmacist's registration, the Board may impose fines as a disciplinary measure. *See* NRS 639.255; NAC 639.955.

20. A pharmacist's conduct is deemed unprofessional if the pharmacist fails to confer with the person writing, making, or ordering a prescription or chart order if there is an error or omission in it which should be questioned. *See* NAC 639.945(1)(e). Additionally, a pharmacist's conduct is deemed unprofessional if the pharmacist performs his or her duties in an incompetent, unskillful or negligent manner. *See* NAC 639.945(1)(i).

21. Pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2), pharmacy owners, managing pharmacists, and pharmacists are responsible for the acts and omissions of the pharmacy employees under their supervision or control.

22. Pursuant to NAC 435.440, a prescription for a controlled substance must include certain details about the prescription and the patient, including the ICD-10 code that corresponds to the diagnosis for which the controlled substance is prescribed, and the prescribing practitioner's DEA registration number. *See* NAC 453.440(1)(i) and (k).

23. If a pharmaceutical technician performs one or more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the filled prescription, including, *but not limited to*, verifying the selection and strength of the drug, the dosage form, and the labeling of the prescription. NRS 639.252(2) (emphasis added).

24. Subject to enumerated exceptions, a prescription for a controlled substance must be given to a pharmacy by electronic transmission in accordance with the regulations adopted by the Board. *See* NRS 639.23535(1). If a pharmacist receives a prescription transmitted via the oral order of a practitioner or the practitioner's agent (as opposed to electronic transmission), the pharmacist must record the name of the person who orally transmitted the prescription. *See* NAC 639.7125.

25. A pharmacist shall not fill a prescription for a controlled substance if the prescription shows evidence of alteration, erasure, or addition, unless the pharmacist obtains approval of the practitioner who issued the prescription. NRS 453.431(3).

## COUNT ONE
## Unprofessional Conduct by a Pharmacist-Failure to Confer

26. On or about August 16, 2019, Nath engaged in unprofessional conduct because he failed to confer directly with practitioner JT, the person who ostensibly issued prescription no. 4530039, regarding omissions that Nath should reasonably have questioned.

27. Omissions that Nath should reasonably have questioned were: 1) the omission to include practitioner JT's DEA registration number on the alleged prescription; 2) the omission to include the

ICD-10 code corresponding to the diagnosis for which the controlled substance was allegedly prescribed; 3) the omission to include the full first and last name of the agent who allegedly transmitted the prescription on practitioner JT's behalf; and/or 4) the omission to transmit the alleged prescription electronically consistent with prescription no. 4529270.

28. Because Nath failed to confer directly with practitioner JT regarding prescription no. 4530039, Nath and/or Smith's Pharmacy illegally dispensed phentermine to patient LW and/or to one or more persons claiming to be patient LW.

29. Nath's conduct as described above amounts to unprofessional conduct for which the Board may discipline him. NRS 639.210(4); NRS 639.255, NAC 639.945(1)(e); NAC 639.955.

30. Smith's Pharmacy is also subject to discipline because Smith's Pharmacy is responsible for Nath's unprofessional conduct as described above. NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

## COUNT TWO
### Unprofessional Conduct by a Pharmacist-Negligence

31. On or about August 16, 2019, Nath engaged in unprofessional conduct because he performed his duties in an incompetent, unskillful or negligent manner. More specifically, given the facts and circumstances surrounding prescription no. 4530039, Nath had a duty: 1) to confer directly with practitioner JT regarding practitioner JT's DEA registration number and the diagnostic code for the prescription; 2) to record the full name of the person(s) with whom Nath and/or his subordinates spoke telephonically regarding prescription no. 4530039; 3) to verify that practitioner JT had in fact issued prescription no. 4530039 for patient LW.

32. Nath breached the duties listed above by delegating them to a subordinate, by failing to adequately supervise the subordinate, and/or by failing to confer directly with practitioner JT after it became apparent that Nath's subordinate had not collected enough information to confirm that practitioner JT had in fact issued prescription no. 4530039.

33. Because Nath performed his duties in an incompetent, unskillful or negligent manner regarding prescription no. 4530039, Nath and/or Smith's Pharmacy illegally dispensed phentermine to patient LW and/or to one or more persons claiming to be patient LW.

34. Nath's conduct as described above amounts to unprofessional conduct for which the Board may discipline him. NRS 639.210(4); NRS 639.255, NAC 639.945(1)(i); NAC 639.955.

35. Smith's Pharmacy is also subject to discipline because Smith's Pharmacy is responsible for Nath's unprofessional conduct as described above. NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

## COUNT THREE
### Violations of State Law

36. On or about August 16, 2019, Nath violated NRS 453.377, NRS 453.381(8), NRS 639.252(2), and/or NRS 453.431(3). Nath violated one or more of these provisions because he filled prescription no. 4530039: 1) without having verified practitioner JT's DEA registration number; 2) without having conferred directly with practitioner JT regarding the relevant details of the prescription; 3) without having obtained a facsimile or written order from practitioner JT; and/or 4) without having recorded the full name of the agent who allegedly transmitted the prescription on behalf of practitioner JT.

37. The Board may discipline Nath for the violations described above. NRS 639.210(12); NRS 639.255, NAC 639.945(1)(i); NAC 639.955.

38. Because Nath violated NRS 453.377, NRS 453.381(8), NRS 639.252(2), and/or NRS 453.431(3) regarding prescription no. 4530039, Nath and/or Smith's Pharmacy illegally dispensed phentermine to patient LW and/or to one or more persons claiming to be patient LW.

39. Smith's Pharmacy is also subject to discipline because Smith's Pharmacy is responsible for Nath's unlawful conduct as described above. NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

## COUNT FOUR
### Unprofessional Conduct by a Pharmacist-Failure to Confer

40. On or about April 7, 2020, Nath engaged in unprofessional conduct because he failed to confer directly with practitioner JT, the person who ostensibly issued prescription no. 4531170, regarding omissions that Nath should reasonably have questioned.

41. Omissions that Nath should reasonably have questioned were: 1) the omission to include practitioner JT's DEA registration number on the alleged prescription; 2) the omission to include the ICD-10 code corresponding to the diagnosis for which the controlled substance was allegedly prescribed; 3) the omission to include the full first and last name of the agent who allegedly transmitted the prescription on practitioner JT's behalf; and/or 4) the omission to transmit the alleged prescription electronically consistent with prescription no. 4529270.

42. Because Nath failed to confer directly with practitioner JT regarding prescription no. 4531170, Nath and/or Smith's Pharmacy illegally dispensed phentermine to patient LW and/or to one or more persons claiming to be patient LW.

43. Nath's conduct as described above amounts to unprofessional conduct for which the Board may discipline him. NRS 639.210(4); NRS 639.255, NAC 639.945(1)(e); NAC 639.955.

44. Smith's Pharmacy is also subject to discipline because Smith's Pharmacy is responsible for Nath's unprofessional conduct as described above. NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

## COUNT FIVE
### Unprofessional Conduct by a Pharmacist-Negligence

45. On or about April 7, 2020, Nath engaged in unprofessional conduct because he performed his duties in an incompetent, unskillful or negligent manner. More specifically, given the facts and circumstances surrounding prescription no. 4531170, Nath had a duty: 1) to confer directly with practitioner JT regarding practitioner JT's DEA registration number and the diagnostic code for the prescription; 2) to record the full name of the person(s) with whom Nath and/or his subordinates

spoke telephonically regarding prescription no. 4531170; 3) to verify that practitioner JT had in fact issued prescription no. 4531170 for patient LW.

46. Nath breached the duties listed above by delegating them to a subordinate, by failing to adequately supervise the subordinate, and/or by failing to confer directly with practitioner JT after it became apparent that Nath's subordinate had not collected enough information to confirm that practitioner JT had in fact issued prescription no. 4531170.

47. Because Nath performed his duties in an incompetent, unskillful or negligent manner regarding prescription no. 4531170, Nath and/or Smith's Pharmacy illegally dispensed phentermine to patient LW and/or to one or more persons claiming to be patient LW.

48. Nath's conduct as described above amounts to unprofessional conduct for which the Board may discipline him. NRS 639.210(4); NRS 639.255, NAC 639.945(1)(e); NAC 639.955.

49. Smith's Pharmacy is also subject to discipline because Smith's Pharmacy is responsible for Nath's unprofessional conduct as described above. NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

**COUNT SIX**
**Unprofessional Conduct by a Pharmacist-Violating State Law**

50. On or about April 7, 2020, Nath violated NRS 453.377, NRS 453.381(8), NRS 639.252(2), and/or NRS 453.431(3). Nath violated one or more of these provisions because he filled prescription no. 4531170: 1) without having verified practitioner JT's DEA registration number; 2) without having conferred directly with practitioner JT regarding the relevant details of the prescription; 3) without having obtained a facsimile or written order from practitioner JT; and/or 4) without having recorded the full name of the agent who allegedly transmitted the prescription on behalf of practitioner JT.

51. The Board may discipline Nath for the violations described above. NRS 639.210(12); NRS 639.255, NAC 639.945(1)(i); NAC 639.955.

52. Because Nath violated NRS 453.377, NRS 453.381(8), NRS 639.252(2), and/or NRS 453.431(3) regarding prescription no. 4531170, Nath and/or Smith's Pharmacy illegally dispensed phentermine to patient LW and/or to one or more persons claiming to be patient LW.

53. Smith's Pharmacy is also subject to discipline because Smith's Pharmacy is responsible for Nath's unlawful conduct as described above. NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent D. Mahender Nath and the pharmacy license of Respondent Smith's Pharmacy #348.

DATED this 30th day of AUGUST 2023.

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-entitled matter before the Nevada State Board of Pharmacy, declares:

1. That his/her objection to the Notice of Intended Action and Accusation as being incomplete or failing to state clearly the charges against him/her, is hereby interposed on the following grounds: (State specific objections or insert "none").

None

2. That, in answer to the Notice of Intended Action and Accusation, he/she admits, denies and alleges as follows:

Respondent Smith's Pharmacy #348 admits in Counts One through Six that as Respondent D. Mahender Nath's ("Nath") employer, at the time of the incidents described in the Notice of Intended Action and Accusation, that it is responsible for his conduct. Respondent Smith's is not in a position to admit to or deny any counts and/or allegations that relate specifically to Nath.

As previously communicated in a statement from Lisa Hammel, Pharmacy Practice Coordinator, provided to Kenneth Scheuber on 4/12/22, Smith's policies require our pharmacies and pharmacy personnel to comply with all federal and state laws, including the content requirements for controlled substance prescriptions as defined in 21 CFR §1306 and NAC 453.440.
On 3/21/22 Lisa Hammel reviewed NAC 453.440, specifically the requirement of the ICD-10 code, and Smith's Controlled Substance Policy and Procedures, specifically Policy 501.15.1 regarding required information for scheduled prescriptions, including the prescriber's DEA registration number, and Policy 501.15.3 regarding telephone prescriptions, including requiring the agent's first and last name, with Devendranath Mahender Nath. After this discussion with Mr. Nath, Lisa Hammel spoke with the current pharmacy manager at this location, who replaced Mr. Nath in January 2021, who then reviewed these policies and procedures with her pharmacy technicians and staff pharmacist. Devendranath Mahender Nath retired and was separated from Smith's Pharmacy on 10/31/22.

Thank you for the opportunity to respond as it relates to Case No: 20-217-PH-S.
If there are any questions, please feel free to contact Lisa Hammel at lisa.hammel@sfdc.com.

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to the best of my knowledge.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

## JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Maninder Herr ("Herr") because Herr holds: 1) a certificate of registration to prescribe controlled substances, specifically certificate of registration no. CS26975; and 2) a certificate of registration to dispense dangerous drugs and controlled substances, specifically DV00698. These were issued by the Board pursuant to NRS 453.226, NRS 453.231, NRS 454.215, and NAC 639.7423.

2. The Board has jurisdiction over the subject matter of this accusation because, at the time of the violations alleged herein, Herr was engaged in the "practice of pharmacy" as that term is defined at NRS 639.0124.

## FACTUAL ALLEGATIONS

3. Herr is a Doctor of Veterinary Medicine licensed by the Nevada Board of Veterinary Medical Examiners ("Veterinary Board"). Since June 1, 2006, the Veterinary Board has disciplined Herr at least eight times for violating various rules and/or standards of practice relating to the practice of veterinary medicine.

4. Most recently, the Veterinary Board indefinitely suspended Herr's license to practice veterinary medicine in Nevada. By operation of NRS 639.2107, Herr's registrations with the Board have also been suspended.

5. At all times relevant to this accusation, Herr practiced veterinary medicine at the Homestead Animal Hospital, a veterinary facility located at 2740 South Homestead Road in Pahrump, Nevada. Herr was and remains a "practitioner" as that term is defined at NRS 639.0125 and NRS 453.126.

6. On or about September 16, 2021, the federal Drug Enforcement Administration notified Board Investigator Dena McClish that Herr had failed to maintain an accurate and complete inventory of controlled substances as required by 21 C.F.R. § 1304.11.

7. On or about July 21, 2022, Investigator McClish conducted a site visit and inspection of Homestead Animal Hospital, where she reviewed Herr's medical records, inventory logs, and dispensing logs. Upon review of the records and/or logs, Investigator McClish determined that Herr's records and/or logs were missing, incomplete, and/or inaccurate in various respects.

8. The entries, omissions and/or inaccuracies in Herr's records and/or logs indicated, among other things, that Herr: 1) allowed his veterinary assistants to prepare dispensed medications; 2) failed to prepare and maintain adequate medical records for the animals that he treated with prescription drugs; 3) failed to verify prescriptions for dangerous drugs and/or controlled substances

before dispensing them; 4) failed to maintain accurate inventory and dispensing logs from which one could reasonably determine the name, strength, and quantity of dangerous drugs and controlled substances in Herr's possession, and the dates upon which dangerous drugs and/or controlled substances were added to, or removed from inventory; 5) failed to supervise veterinary technicians who prepared and/or dispensed dangerous drugs and/or controlled substances; 6) failed to maintain medical records, inventory logs, and dispensing logs for at least four years as required by state law.

9. By letter dated August 30, 2022, Herr informed Investigator McClish that he had implemented various procedures to ensure that he and his employees properly documented the acquisition, possession, storage, preparation, verification, and dispensing of dangerous drugs and controlled substances.

10. By letter dated June 7, 2023, the Veterinary Board notified Herr that it had summarily suspended his license to practice veterinary medicine in Nevada. Proceedings in that matter are ongoing.

## APPLICABLE LAW

11. The Board may revoke or suspend the registration of any practitioner who has violated, attempted to violate, assisted, or abetted in the violation of, or conspired to violate any of the provisions of NRS chapter 639 or any state or federal law or regulation relating to drugs, the manufacture or distribution of drugs, or the practice of pharmacy. *See* NRS 639.210(12); NRS 453.231(1)(b); NRS 453.236(1)(e).

Further, it is unlawful for a veterinary technician to dispense controlled substances except at the direction of his or her supervising veterinarian. *See* NRS 453.375(1)(h).

16. A veterinarian may not allow veterinary assistants to prepare controlled substances for dispensing. *See* NAC 639.7423(2)(b). This function must be performed by the veterinarian or a veterinary technician.

18. A veterinarian must keep controlled substances and dangerous drugs in a secure container and must maintain a log of activity related to the acquisition, possession, storage, administration, and dispensing of the dangerous drugs and controlled substances contained therein. The log must include: 1) the name of the veterinarian or veterinary technician who accessed the secure container and the date that he or she accessed the secure container; 2) the name, strength and quantity of the controlled substance or dangerous drug removed from or placed into the secure container and the total amount of all quantities of that particular controlled substance or dangerous drug remaining inside the secure container; 3) the name and quantity of any controlled substance or dangerous drug

that will be destroyed and the date and time that the controlled substance or dangerous drug will be destroyed. *See* NAC 639.7423(5)(d) and (e).

19. A veterinarian must ensure that all controlled substances and dangerous drugs received by the veterinary facility are verified by a veterinarian or with the knowledge of the veterinarian. *See* NAC 639.7423(5)(g).

20. A veterinarian must maintain records and logs for at least 4 years and make those records and logs available for inspection by the Board or its representative or any authorized federal, state, or local regulatory agency or law enforcement agency. *See* NAC 639.7423(6).

**COUNT ONE**
**Unprofessional Conduct by a Practitioner**

21. Between July 22, 2021, and July 21, 2022, Herr engaged in unprofessional conduct because he performed his duties in an incompetent, unskillful or negligent manner. Herr's duties to his patients and others included those identified below.

22. Herr had a duty to ensure that unauthorized persons including veterinary assistants did not prepare dispensed medications. *See* NAC 639.7423(2)(b).

Such records must include: 1) the name, strength and quantity of the prescription drug; 2) the date the prescription drug was prescribed and dispensed; 3) the directions for use; 4) the name, signature or initials of the veterinarian who prescribed the prescription drug; 5) the name, signature or initials of the veterinarian, veterinary technician or veterinary technician in training who prepared the prescription drug for dispensing; and 6) the name, signature or initials of the veterinarian or veterinary technician who verified the prescription drug before the prescription drug

was dispensed. *See* NAC 639.7423(2)(e). Herr's records failed to satisfy one or more of these requirements.

25. Herr had the duty to maintain accurate inventory and dispensing logs from which one could reasonably determine the name, strength, and quantity of dangerous drugs and controlled substances in Herr's possession, and the dates upon which dangerous drugs and/or controlled substances were added to or removed from inventory. *See* NAC 639.7423(5)(d) and (e). J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy ("Board"), by and through its Senior General Counsel, Gregory L. Zunino, and Respondent Maninder Herr, D.V.M, ("Respondent"), by and through counsel, Tony Abbatangelo, Esq., hereby stipulate and agree as follows:

1. The Board has jurisdiction over Respondent and this matter.

2. The Board's staff properly served Respondent with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. Respondent acknowledges that he understands the terms of this Stipulation, and that he has executed it knowingly and voluntarily.

4. Respondent acknowledges that he is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded Respondent under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

5. Conditioned on the acceptance of this Stipulation by the Board and excluding the right to challenge any determination that Respondent has failed to comply with its provisions, Respondent hereby freely and voluntarily waives the right to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

6. Without admitting to a violation of law, Respondent admits that evidence exists, and that the Board counsel prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in the Accusation.

7. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent agree as follows:

A. Respondent, a veterinarian, holds two certificates of registration issued by the Board: 1) Certificate of Registration No. CS26975, which authorizes Respondent to prescribe controlled substances; and 2) Certificate of Registration DV00698, which authorizes Respondent to dispense dangerous drugs and controlled substances. Further, Respondent shall pay the sum of One Thousand and 00/100 Dollars ($1,000.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

8. Failure by Respondent to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapters 453 and 639.

9. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on December 6, 2023, in Las Vegas, Nevada. J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

## JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Sharron Thompson, M.D. ("Thompson"), because Thompson holds a certificate of registration issued by the Board that authorizes her to prescribe controlled substances in Nevada. Thompson holds certificate of registration no. CS31142, which was issued by the Board pursuant to NRS 453.226 and NRS 453.231.

2. The Board has jurisdiction over the subject matter of this accusation because, at the time of the violations alleged herein, Thompson was engaged in the "practice of pharmacy" as that term is defined at NRS 639.0124.

## FACTUAL ALLEGATIONS

3. Thompson is a physician licensed by the Nevada Board of Medical Examiners to practice medicine in Nevada. In 2021, Thompson practiced medicine at the Las Vegas Comprehensive Pain Management Center ("LVCPMC"), located at 8930 West Sunset Road, Suite 350, in Las Vegas, Nevada.

4. At all times relevant to this accusation, Thompson was a "practitioner" as that term is defined at NRS 639.0125 and NRS 453.126.

5. In 2021, Thompson worked in partnership or association with, or was employed by David James Smith, M.D. ("Smith"), who then identified himself as the "Medical Director" of the LVCPMC.

6. Smith has never held a certificate of registration issued by the Board. Thompson has held her certificate of registration since December 15, 2020.

7. In 2019 and 2020, Smith held a financial interest in Direct Compounding and Outsourcing, LLC ("Direct Compounding"), which owned and operated a compounding pharmacy in Henderson, Nevada. In 2021, the Board revoked Direct Compounding's pharmacy license due to mismanagement and lack of drug security.

8. On information and belief, Smith relied upon Thompson to procure and prescribe any controlled substances that were administered or dispensed to patients of the LVCPMC.

9. On information and belief, Thompson permitted Smith to use Thompson's name and credentials to prescribe and/or dispense controlled substances to patients of the LVCPMC. On information and belief, Thompson did so by signing prescription blanks and then leaving them at the LVCPMC in an area where Smith could access them, complete the necessary information on the blank, and then transmit the completed prescriptions to pharmacies.

10. On information and belief, Thompson knew or should have known that Smith used Thompson's name and credentials to prescribe and/or dispense controlled substances to patients of the LVCPMC.

11. On September 2, 2021, agents from the Federal Bureau of Investigation searched and/or occupied the premises of the LVCPMC based on suspicions that Smith had over-prescribed fentanyl and other controlled substances. On information and belief, Smith has since been indicted by a federal grand jury in California on charges related to his prescribing activity. Smith is also the subject of pending disciplinary action by the Nevada Board of Medical Examiners.

12. Board Investigator Kenneth Scheuber accompanied federal agents as they searched and/or occupied the premises of the LVCPMC on September 2, 2021. While on the premises, Investigator Scheuber discovered prescription blanks that had ostensibly been signed by Thompson. Three signed prescription blanks contained no date, no patient information, and no drug information. A fourth signed prescription was dated and contained patient information, but it contained no drug information.

13. While on the premises of the LVCPMC, Investigator Scheuber photographed the areas where the LVCPMC stored dangerous drugs and controlled substances. Investigator Scheuber later asked Thompson to respond to his written questions about the storage and labeling of the dangerous drugs and controlled substances depicted in the photographs, some of which had been purchased from Direct Compounding.

14. In her written communications with Investigator Scheuber, Thompson admitted to a lack of familiarity with LVCPMC's practices and procedures concerning the procurement, storage, and disposal of dangerous drugs and controlled substances. Thompson stated that questions would be more appropriately directed to Smith.

15. While on the premises of the LVCPMC, Investigator Scheuber observed several vials and containers with labels indicating that their drug contents had been held beyond their expiration

dates. When asked about these expired drugs, Thompson could not explain why the expired drugs were commingled with other non-expired drugs, or why the expired drugs had not been destroyed.

16. According to their labels, the expired drugs at the LVCPMC included fentanyl, clonidine hydrochloride, baclofen, dexamethasone, and injectable vitamin solutions. Fentanyl is classified as a controlled substance under both state and federal law. *See* 21 C.F.R. § 1308.11; NAC 453.520(3). The others are "dangerous drugs" as that term is defined at NRS 454.201.

17. In her written statement dated March 27, 2023, Thompson generally acknowledged that the LVCPMC had improperly stored and/or had failed to label dangerous drugs and controlled substances. Thompson attributed blame to Smith and stated that she had terminated her employment with the LVCPMC.

18. Thompson admitted that she had signed prescription blanks before filling them out.

19. Between January 1, 2021, and September 2, 2021, Thompson commingled or allowed persons under her supervision to commingle expired drugs and controlled substances with non-expired drugs and controlled substances.

20. The expired and non-expired drugs and controlled substances were commingled in an area where LVCPMC maintained its stock of useable drugs and controlled substances.

21. Between January 1, 2021, and September 2, 2021, Thompson stored or allowed persons under her supervision to store unlabeled dangerous drugs and/or controlled substances in an area where LVCPMC maintained its stock of useable drugs and controlled substances. On information and belief, these dangerous drugs and/or controlled substances were "nonsterile compounded drug products" as that term is defined at NAC 639.6665.

22. When asked about the unlabeled drugs and/or controlled substances, Thompson could not identify them or confirm their origin.

23. Between January 1, 2021, and September 2, 2021, Thompson possessed at least 3 prescription blanks that she had signed before filling them out. During the same time frame, Thompson possessed at least 1 signed prescription that contained no drug information. This supports an inference

that Thompson planned to allow other persons at the LVCPMC, including Smith, to use her name and credentials to prescribe controlled substances in her absence.

24. As the holder of a certificate of registration issued by the Board, Thompson had a legal duty to understand and comply with Nevada's statutes and regulations governing the storage, labeling, prescribing, and dispensing of dangerous drugs and controlled substances.

## APPLICABLE LAW

25. The Board may revoke or suspend the registration of any practitioner who has violated, attempted to violate, assisted, or abetted in the violation of, or conspired to violate any of the provisions of NRS chapter 639 or any state or federal law or regulation relating to drugs, the manufacture or distribution of drugs, or the practice of pharmacy. *See* NRS 639.210(12); NRS 453.231(1)(b); NRS 453.236(1)(e).

26. Additionally, the Board may revoke or suspend the registration of any practitioner who is guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4); NRS 453.231(1)(h); NRS 453.236(1)(e).

27. A practitioner's conduct is deemed unprofessional and contrary to the public interest if the person performs his or her duties as the holder of a license issued by the Board in an incompetent, unskillful, or negligent manner, or if the person aids or abets a person not licensed to practice pharmacy in Nevada. NAC 639.945(1)(i) and (j).

28. "'Practice of pharmacy' includes, but is not limited to, the . . . [p]erformance or supervision of activities associated with manufacturing, compounding, labeling, dispensing and distributing of a drug, including the receipt, handling and storage of prescriptions and other confidential information relating to patients." NRS 639.0124(1)(a).

29. It is unlawful for a practitioner to dispense a controlled substance or dangerous drug in violation of any regulation adopted by the Board. *See* NRS 453.381(8); NRS 454.215; NRS 454.301. The term "dispense" includes the prescribing by a practitioner, administering, packaging, labeling, or

compounding necessary to prepare a substance for delivery to a patient. NRS 639.0065; NRS 453.056.

30. In lieu of revoking or suspending a practitioner's registration for violating the law or engaging in unprofessional conduct, the Board may impose fines as a disciplinary measure. *See* NRS 639.255; NAC 639.955.

31. It is unlawful for a practitioner to knowingly or intentionally "[p]ossess prescription blanks which have been signed before being filled out." NRS 453.331(1)(h).

32. It is unlawful for a practitioner to knowingly or intentionally "falsely make, alter, forge, utter, publish or pass, as genuine, any prescription for a controlled substance." NRS 453.331(1)(f).

33. A practitioner who maintains a stock of controlled substances and/or dangerous drugs must not commingle expired substances and unexpired substances in a storage area from which the substances are withdrawn from inventory for administering or dispensing to patients. NAC 639.050(2); NAC 639.473.

34. Any pharmacist who prepares nonsterile compounded drug products must label each product with "[t]he name of the final compounded drug product or the name of each active ingredient present in the nonsterile compounded drug product and, as appropriate, the concentration of each active ingredient in the final compounded drug product." NAC 639.6703(1)(a). A practitioner who procures, stores, administers, or dispenses an unlabeled nonsterile compounded drug product assists or abets in the violation by the pharmacist who failed to label that product.

## COUNT ONE
### Possession/Use of Signed Prescription Blanks

35. Between January 1, 2021, and September 2, 2021, Thompson possessed at least 3 prescription blanks that she had signed before filling them out. During the same time frame, Thompson possessed at least 1 signed prescription that contained no drug information.

36. By knowingly possessing the signed prescription blanks as described above, Thompson violated NRS 453.331(1)(h). This is a violation of law for which the Board may impose administrative discipline. *See* NRS 639.210(12).

37. By possessing the signed prescription blanks as described above, Thompson performed her duties as the holder of a license issued by the Board in an incompetent, unskillful, or negligent manner. This is unprofessional conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4); NAC 639.945(1)(i).

38. The Board may discipline Thompson based upon any one of the grounds stated above.

**COUNT TWO**
**Assisting or Abetting the Unlicensed Practice of Pharmacy**

39. This is a violation of law for which the Board may impose administrative discipline. *See* NRS 453.331(1)(f); NRS 639.210(12).

40. By signing prescription blanks as described above and then leaving them at the LVCPMC where Smith had access to them, Thompson assisted or abetted Smith in the unlicensed practice of pharmacy. 41. By signing prescription blanks as described above and then leaving them at the LVCPMC where Smith had access to them, Thompson performed her duties as the holder of a license issued by the Board in an incompetent, unskillful, or negligent manner. This is unprofessional conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4); NAC 639.945(1)(i).

42. The Board may discipline Thompson based upon any one of the grounds stated above.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

## JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Joanna Reina Reyes, APRN ("Reyes"), because Reyes holds a certificate of registration issued by the Board that authorizes her to prescribe controlled substances in Nevada. Reyes holds certificate of registration no. CS29711, which was issued by the Board pursuant to NRS 453.226 and NRS 453.231.

2. The Board has jurisdiction over the subject matter of this accusation because Reyes has had a certificate, license or permit suspended or revoked in California on grounds which would cause suspension or revocation of her Nevada certificate of registration to prescribe controlled substances.

## FACTUAL ALLEGATIONS

3. Reyes is an advanced practice registered nurse licensed by the Nevada State Board of Nursing to practice advanced nursing in Nevada. Reyes also holds licenses and registrations issued by the California Board of Registered Nursing authorizing her to practice advanced nursing in California.

4. Pursuant to a Stipulated Settlement and Disciplinary Order (the "California Order"), approved on March 15, 2023, the California Board of Registered Nursing revoked Reyes' license and certificates authorizing her to practice advanced nursing in California. Although the revocations

became effective on April 14, 2023, their implementation was stayed subject to Reyes' compliance with the terms and conditions of a three-year period of probation.

5. On or about June 26, 2023, Reyes placed her Nevada nursing license on inactive status.

6. On or about July 21, 2023, after learning that Reyes had placed her Nevada nursing license on inactive status, the Board placed Reyes' certificate of registration to prescribe controlled substances on inactive status. The Board did so pursuant to the Approved Regulation of the Nevada State Board of Pharmacy, LCB File No. R071-19 (February 7, 2020).

7. According to the terms of the California Order, Reyes acknowledged that there was a factual basis for the allegations and disciplinary charges against her. These included allegations that Reyes' "charting lacked sufficient information to ascertain the medical necessity of prescribing psychotropic medications; her quality of care was poor and substandard; and her prescribing history of benzodiazepines was excessive and medically not indicated."

8. Reyes further acknowledged that there was a factual basis to establish that she had commonly prescribed alprazolam for her patients without having properly evaluated the risks and benefits to the patients, and without having considered the possibility of prescribing different medications, lower doses, and/or alternative treatments for her patients. Alprazolam is classified as a Schedule IV controlled substance under both state and federal law. *See* 21 CFR § 1301.14(c)(2); NAC 453.540(3).

9. The California Order was supported by documentation indicating that Reyes regularly prescribed alprazolam for patients between April 19, 2016, and April 24, 2018.

10. According to the California Order, Reyes engaged in unprofessional conduct because she "failed to provide comprehensive evidence-based assessment, treatment, medication management, or provide documentation of such." Reyes was disciplined for several violations of California law, including a violation of Cal. Bus. & Prof. Code § 2761(a)(1), which subjects nurses to

discipline for "[i]ncompetence, or gross negligence in carrying out usual certified or licensed nursing functions."

## APPLICABLE LAW

11. The Board may revoke or suspend the registration of any practitioner who has violated, attempted to violate, assisted, or abetted in the violation of, or conspired to violate any of the provisions of NRS chapter 639 or any state or federal law or regulation relating to drugs, the manufacture or distribution of drugs, or the practice of pharmacy. *See* NRS 639.210(12); NRS 453.231(1)(b); NRS 453.236(1)(e).

12. An advanced practice registered nurse who is authorized to prescribe controlled substances may prescribe a controlled substance only "[f]or a legitimate medical purpose that is within the scope of practice in which the advanced practice registered nurse is trained, qualified and competent and subject to any limitations prescribed by the State Board of Nursing." NAC 639.854(1)(a).

13. The Board may revoke or suspend the registration of any practitioner who is guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4); NRS 453.231(1)(h); NRS 453.236(1)(e).

14. A practitioner's conduct is deemed unprofessional and contrary to the public interest if the practitioner prescribes "a drug as a prescribing practitioner to a patient with whom the prescribing practitioner does not have a bona fide therapeutic relationship." NAC 639.945(1)(o). Additionally, a practitioner's conduct is deemed to be unprofessional and contrary to the public interest if the practitioner performs "any of his or her duties as the holder of a license, certificate or registration issued by the Board . . . in an incompetent, unskillful or negligent manner." NAC 639.945(1)(i).

15. The Board may revoke or suspend the registration of any practitioner who "[h]as had a certificate, license or permit suspended or revoked in another state on grounds which would cause suspension or revocation of a certificate, license or permit in this State." NRS 639.210(14).

## COUNT ONE
### Failure to Establish Bona Fide Therapeutic Relationships

16. Between April 19, 2016, and April 24, 2018, while practicing advanced nursing in California, Reyes prescribed alprazolam for one or more patients with whom she had not established bona fide therapeutic relationships. This amounts to unprofessional conduct for which the Board may discipline Reyes under Nevada law. *See* NAC 639.945(1)(o).

17. That Reyes did not establish bona fide therapeutic relationships with her patients may be inferred from the California Order, including statements that Reyes commonly prescribed alprazolam for her patients without having properly evaluated the risks and benefits to the patients, and without having considered the possibility of prescribing different medications, lower doses, and/or alternative treatments for her patients.

18. That Reyes did not establish bona fide therapeutic relationships with her patients may be inferred from the California Order, including the statement that Reyes "failed to provide comprehensive evidence-based assessment, treatment, medication management, or provide documentation of such."

19. The Board may discipline Reyes because the unprofessional conduct for which she was disciplined in California is grounds to suspend or revoke her certificate of registration to prescribe controlled substances in Nevada. See NRS 639.210(4) & (14); NAC 639.945(1)(o).

## COUNT TWO
### Prescribing Controlled Substances in Violation of NAC 639.854

20. Between April 19, 2016, and April 24, 2018, while practicing advanced nursing in California, Reyes prescribed alprazolam for one or more patients when she did not have a legitimate medical purpose for doing so.

21. Between April 19, 2016, and April 24, 2018, while practicing advanced nursing in California, Reyes prescribed alprazolam for one or more patients even though her prescribing activity was not within the scope of practice in which she was trained, qualified and competent.

22. Given her conduct as described above, Reyes would have violated NAC 639.854(1)(a) had the conduct occurred in Nevada. This may be inferred from the California Order, including the statements detailed in paragraphs 16 and 17 above.

23. The Board may discipline Reyes because the conduct for which she was disciplined in California is grounds to suspend or revoke her certificate of registration to prescribe controlled substances in Nevada. *See* NRS 639.210(12) & (14); NAC 639.854(1)(a).

**COUNT THREE**
**Incompetence**

24. Between April 19, 2016, and April 24, 2018, while practicing advanced nursing in California, Reyes prescribed alprazolam for one or more patients when she did not have a legitimate medical purpose for doing so.

25. Between April 19, 2016, and April 24, 2018, while practicing advanced nursing in California, Reyes prescribed alprazolam for one or more patients even though her prescribing activity was not within the scope of practice in which she was trained, qualified and competent.

26. NAC 639.854(1)(a) imposes the duty upon an advanced practice registered nurse to prescribe a controlled substance only "[f]or a legitimate medical purpose that is within the scope of practice in which the advanced practice registered nurse is trained, qualified and competent and subject to any limitations prescribed by the State Board of Nursing."

27. Reyes performed her duty as described above in an incompetent, unskillful or negligent manner. This amounts to unprofessional conduct for which the Board may discipline Reyes under Nevada law. See NAC 639.945(1)(i).

28. That Reyes engaged in unprofessional conduct may be inferred from the California Order, including the statements detailed in paragraphs 16 and 17 above.

29. The Board may discipline Reyes because the unprofessional conduct for which she was disciplined in California is grounds to suspend or revoke her certificate of registration to prescribe controlled substances in Nevada. *See* NRS 639.210(12) & (14); NAC 639.854(1)(a)

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent Joanna Reina Reyes.

DATED this 30th day of AUGUST 2023.

Nevada State Board of Pharmacy

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

## JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Heidi Wickham, RPh (Wickham), Certificate of Registration No. 16474, and Respondent Adalberto Garza, RPh (Garza), Certificate of Registration No. 18029, were pharmacists registered with the Board, and Respondent CVS Pharmacy #5811, Pharmacy License No. PH01912, was a pharmacy licensed by the Board.

## FACTUAL ALLEGATIONS

2. Wickham was employed as managing pharmacist and Garza was employed as a staff pharmacist by CVS Pharmacy #5811 at the time of the events alleged herein.

3. On or about December 7, 2018, Dr. A.K. submitted an electronic prescription to CVS Pharmacy #5811 for patient N.T. for Clopidogrel Bisulfate 75mg, quantity 90, with directions to take one tablet daily with three (3) refills. CVS computer system designated this prescription no. 584696.

4. On or about January 30, 2019, Dr. A.K. submitted an electronic prescription to CVS Pharmacy #5811 for patient N.T. for Eliquis 5mg, quantity 180, with directions to take 1 tablet twice daily with three (3) refills. CVS computer system designated this prescription no. 591623.

5. In the course of dispensing prescription no. 591623 on January 30, 2019, Garza failed to counsel the patient.

6. On March 11, 2019, the first refill for prescription no. 584696 (Clopidogrel 75mg) was automatically processed by CVS computer system. DUR warnings showed a drug-drug interaction "Eliquis 5mg and Clopidogrel 75 mg may interact" and a warning that Clopidogrel 75mg should be used cautiously in geriatric patients. Wickham performed data entry and DUR verifications, failing to confer with the prescriber on the duplication of therapy, and the medication was dispensed to the patient on or about March 12, 2019.

7. Records of prescriptions dispensed by CVS Pharmacy #5811 from January 29, 2019, through January 31, 2019, reveal that one hundred and eighty-four (184) dispensed prescriptions lacked any documentation of medication counseling to the patient.

## COUNT ONE

**Error in Dispensing Prescription/Unprofessional Conduct**

(Respondent Wickham)

8. Unprofessional conduct includes failing to confer with the person writing or ordering a prescription if there is an error or omission which should be questioned. NAC 639.945(1)(e). Unprofessional conduct also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

9. A pharmacist shall review a patient's record before dispensing a prescription to determine its therapeutic appropriateness, including overutilization, therapeutic duplications, contraindications and interactions. NAC 639.707(4).

10. Wickham violated NAC 639.707(4) and engaged in unprofessional conduct as defined in NAC 639.945(1)(e) and/or (i) when she failed to confer with the prescriber on the duplication of therapy for patient N.T. and overrode DUR alerts, and each is therefore subject to discipline pursuant to NRS 639.210(4) and/or (12).

## COUNT TWO

**Failure to Provide Medication Counseling to Patient**

(Respondent Garza)

11. A pharmacist shall provide medication counseling to a patient when dispensing a prescription and a pharmacy shall maintain documentation of medication counseling in conformance with NRS 639.266, NAC 639.707 and NAC 639.708.

12. Garza violated NRS 639.266 and NAC 639.707 when he failed to provide medication counseling to N.T. for prescription no. 591623 and is subject to discipline pursuant to NRS 639.210(12).

## COUNT THREE

**Managing Pharmacist Responsibility**

(Respondent Wickham)

13. A managing pharmacist is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy, including recordkeeping. NRS 639.210(12) and (15), NRS 639.220(1) and/or NAC 639.702.

14. As the managing pharmacist of CVS Pharmacy #5811 at the time of the violations alleged herein, including the failure to provide medication counseling to patients and maintain documentation of medication counseling in violation of NRS 639.266, NAC 639.707 and NAC

639.708, Wickham is responsible for those violations and subject to discipline pursuant to NRS 639.210(12) and (15), NRS 639.220(1) and/or NAC 639.702.

**COUNT FOUR**

**Pharmacy/Pharmacy Owner Responsibility**

(Respondent CVS Pharmacy #5811)

15. Any violation of any of the provisions of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

16. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent CVS Pharmacy #5811 is responsible for those violations, including all errors and omissions of Wickham and Garza, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the licenses and certificates of registrations of these Respondents.

Signed this 19th day of October, 2023.

## JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over Respondent Matthew Okeke, M.D. (Respondent), because Respondent, at the time of the violations alleged herein, held a Nevada controlled substance registration, Certificate of Registration No. CS10935.

2. Respondent is a physician licensed by the Nevada State Board of Medical Examiners to practice psychiatry in Nevada. During the time periods discussed herein, Respondent was a "practitioner" as that term is defined at NRS 453.126.

## FACTUAL ALLEGATIONS

3. Between February 28, 2017, and November 21, 2018, Respondent maintained a psychiatric practice in Las Vegas, Nevada. During that time frame, while engaged at various times in overseas travel, Respondent issued or caused to be issued at least one hundred twenty (120) prescriptions for controlled substances. These included prescriptions for alprazolam, clonazepam, diazepam, lacosamide, pregabalin, lisdexamfetamine, and buprenorphine.

4. Respondent was located outside of the United States during the periods from: 1) February 26 to March 11, 2017; 2) September 27 to October 2, 2017; 3) June 30 to July 17, 2018; and 4) November 9 to November 23, 2018.

5. While engaged in overseas travel as alleged above, Respondent employed the following methods of issuing prescriptions for controlled substances: 1) Respondent pre-signed certain of the prescriptions and supplied then to persons under his supervision or control for subsequent distribution to consumers; 2) Respondent authorized or directed one or more persons under his supervision or control to issue prescriptions to consumers by affixing Respondent's signature to those prescriptions via a rubber stamp imprinted with Respondent's signature; and 3) Respondent authorized or directed one or more persons under his supervision or control to telephonically issue prescriptions for consumers using Respondent's name and controlled substances registration number.

6. During the periods described herein, Respondent intentionally failed to maintain patient treatment charts and/or records from which a person could reasonably determine whether Respondent had a bona fide therapeutic relationship with the persons to whom prescriptions for controlled substances were issued under Respondent's name and controlled substances registration number.

7. Respondent caused, directed, or permitted one or more persons under his supervision or control to issue prescriptions for controlled substances even though such person(s) were not licensed or registered under state or federal law to prescribe controlled substances. Respondent knew or should have known that such person(s) were not licensed or registered under state or federal law to prescribe controlled substances.

8. On or about March 9, 2020, the Nevada State Board of Medical Examiners disciplined Respondent for malpractice and for failure to maintain proper medical records.

9. On or about September 7, 2022, Respondent entered a guilty plea pursuant to a plea agreement of committing the offense of intentional failure to maintain adequate records, a gross misdemeanor violation of NRS 422.510(1).

10. On or about September 7, 2022, Discovery Mind Center Ltd. (Discovery Mind Center), a Nevada limited-liability company, entered a guilty plea pursuant to a plea agreement of submitting false claims to defraud Medicaid, a felony violation of NRS 422.540; and of using the identifying information of an older person for unlawful purposes, a felony violation of NRS 205.463.

13. On or about January 17, 2023, Respondent and Discovery Mind Center were sentenced for the criminal offenses described in paragraph 10 above. Discovery Mind Center was ordered to pay $330,000 in restitution, and Respondent was sentenced to probation and ordered to pay $300,000 in costs and penalties.

14. On or about February 21, 2023, Matthew Okeke, M.D., Ltd., a Nevada limited-liability company, was convicted pursuant to a plea agreement of one count of submitting false claims: Medicaid fraud, a category D felony in violation of NRS 422.540(1)(a) and NRS 422.540(2)(a), and one count of obtaining and using personal identifying information of an older person for unlawful purposes, a category D felony in violation of NRS 205.463(1) and NRS 205.463(3)(a).

15. At the time of the offenses described in paragraph 14 above, Respondent owned, controlled, and/or managed Matthew Okeke, M.D., Ltd., a Nevada limited-liability company. Respondent entered guilty pleas on behalf of the company.

16. On or about February 21, 2023, Matthew Okeke, M.D., Ltd., a Nevada limited-liability company, was sentenced for the offenses described in paragraph 14 above. The company was ordered to pay a fine of $100,000, among other fees and assessments.

18. On or about October 25, 2022, Respondent submitted to the Board his application to renew his certificate of registration to prescribe controlled substances. The application specifically directed Respondent to disclose any charges, arrests, or convictions. Respondent disclosed the

If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapter 639.

11. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on June 3, 2020. J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

## JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Plus One Pharmacy (Respondent), because Respondent, at the time of the violations alleged herein, held a License issued by the Board pursuant to NRS 639.230, authorizing the business to operate as a pharmacy. Since August 11, 2021, Respondent has held a license to operate a pharmacy issued by the Board pursuant to NRS 639.230.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines and the regulation of the practice of pharmacy. NRS 639.070.

## FACTUAL ALLEGATIONS

3. Respondent has been licensed by the Board to operate as a pharmacy since August 11, 2021. *See* NRS 639.230. Such a license authorizes the holder to conduct a pharmacy and to sell and dispense drugs and poisons and devices and appliances that are restricted by federal law to sale by or on the order of a physician. NRS 639.231.

4. Respondent Plus One Pharmacy, LLC is located at 6545 Fort Apache Road, #140, Las Vegas, NV 89148.

5. The owner of Respondent Plus One Pharmacy, LLC is Anisha Patel (Ms. Patel).

6. Ms. Patel is not herself licensed by the Board.

7. Ms. Patel is not a pharmacist.

8. On or about August 11, 2021, D.S. was listed as the managing pharmacist for Respondent.

9. On or about November 5, 2021, D.S. noticed a large shipment of drugs that had been delivered to Respondent.

10. These drugs were ordered and received without the managing pharmacist's knowledge.

11. None of the drugs were controlled substances; however, some of the drugs required refrigeration but were stored at room temperature. (i.e., insulin).

12. Once managing pharmacist D.S. discovered the drugs that were delivered without his knowledge, he immediately contacted Respondent's owner Ms. Patel and demanded that she turn over her pharmacy key to him.

13. Ms. Patel complied with the managing pharmacist's demand.

14. The drugs were then locked and secured and managing pharmacist D.S. verified that the inventory was accurate as stated on the invoice.

15. Ms. Patel stated that the unsupervised receipt of drugs by Respondent was due to a "miscommunication."

16. After verifying that the shipment of drugs was correctly documented on the accompanying invoices, managing pharmacist D.S. resigned and, being that Respondent did not have a managing pharmacist for the time being, the shipment of drugs was returned to the seller.

## APPLICABLE LAW

17. In Nevada, the Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

18. Conduct contrary to the public interest includes, "performing any duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

19. A pharmacy owner and managing pharmacist in charge of a licensed pharmacy shall maintain a representative stock of dangerous drugs and controlled substances which must be stored properly. NAC 639.510.

20. The security of the prescription department of a pharmacy must be maintained by a pharmacist, including key access. NAC 639.520

21. A pharmacist employed by the pharmacy shall acknowledge on every invoice that drugs shipped to the pharmacy were received at the address where the Board issued a pharmacy license. NAC 639.523.

22. In lieu of a suspension or revocation, the Board may impose a fine of up to $10,000 for each violation committed. NRS 639.255(1)(f) and (3).

## COUNT ONE
### Conduct Contrary to the Public Interest in Receiving Drugs

23. Respondent, acting by and through Ms. Patel, ordered drugs and received them without a pharmacist present. A pharmacy owner and managing pharmacist in charge of a licensed pharmacy must maintain a representative stock of dangerous drugs and controlled substances. NAC 639.510. However, the stock of drugs must be acquired in the manner required by Nevada statutes and regulations.

24. More specifically, when shipments of drugs are received by a pharmacy, a pharmacist employed by the pharmacy must be there to acknowledge on each invoice that the drugs were received at the physical address where the Board issued the pharmacy license. NAC 639.523. Respondent's owner, Ms. Patel, stated that the absence of a pharmacist to receive the drug shipment was a "miscommunication."

25. As the holder of a pharmacy license issued by the Board, Respondent had a duty to receive dangerous drugs and controlled substances in the manner required by NAC 639.523. Acting by

and through Ms. Patel, Respondent performed this duty in an incompetent, unskillful, or negligent manner.

26. Through her actions as described above, Ms. Patel caused Respondent to engage in conduct contrary to the public interest. NRS 639.210(4). Respondent engaged in conduct contrary to the public interest because the pharmacy performed its duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

27. Respondent performed its duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner because it failed to ensure that a pharmacist employed by the pharmacy was present to receive the shipment of drugs. *See* NAC 639.523; and NAC 639.945(1)(i).

28. Having engaged in conduct contrary to the public interest as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

## COUNT TWO
### Conduct Contrary to the Public Interest in Allowing Access to Drugs

29. Respondent's owner Ms. Patel possessed a key to the pharmacy's prescription department despite not being a pharmacist. The security of the pharmacy's prescription department must be maintained by a pharmacist, including key access. NAC 639.520. Additional keys, not being handled by a pharmacist for the time being, must be secured in a manner that is inaccessible to unauthorized persons. NAC 639.520.

30. Because of her actions, Ms. Patel caused Respondent to engage in conduct contrary to the public interest. NRS 639.210(4). Respondent engaged in conduct contrary to the public interest because the pharmacy performed its duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

31. Respondent performed its duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner because the pharmacy allowed other people, besides

registered pharmacists, key access into the pharmacy's prescription department. *See* NAC 639.520; and NAC 639.945(1)(i).

32. Having engaged in conduct contrary to the public interest as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent.

DATED this 16th day of OCTOBER 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

Hi Jessette,

Thank you so much for your quick response, I do apologize beforehand if I have another question for you.

As far as the "List of Officers and Directors" I was looking at the MDEG Application and I am a little confused as to where to exactly fill out

for this. I filled out Section 6: Non-Publicly Traded Corporation and below are Section 7 & 8 for Partnership and Sole Owner, is it here where it should be?

The way the license is setup is me, Juliet Ramos as President with 50% and my husband Robert Ramos as Secretary with 50% ownership.

Again, I apologize for all the questions I just want to be sure before I resubmit to avoid going back and forth to meet the deadline.

Thank you again for your time,

**Provide explanation below:**

Patient D C brought in a written prescription for Sertraline 100mg tablet, sig: 100mg po qhs for quantity #7 on Wednesday 09/23/2020. It was scanned into our system for processing and inputted incorrectly by technician Laura Loya at 2:49pm. Instead of typing Sertraline 100mg 1 po qhs #7, it was typed for Seroquel 100mg 1 po qhs. Technician Laura Loya failed to type in 4 letters of the drug and the strength and as per technician Laura, she only typed in 3 letters and the strength and failed to perform 9 point check. In initial 4-point check completed at 3:22 pm, I, Jubdatul Arefin did not detect the erroneous inputted medication and confirmed verification of initial check. The medication was filled by technician Kamni Dutt at 3:29pm. Patient arrived at drive-thru to pick up around 3:30pm and at 3:33pm a final verification check was performed to make sure the appropriate medication was in the bottle as labeled. Patient was rung out immediately and I counseled the patient at Drive thru window at 3:34pm. I do recall saying the name of the medication (Quetiapine generic of Seroquel) and the strength (100mg) to be taken at bedtime, to which the Patient said that he has been on the medication before it was a dosage increase and it has helped him relax and sleep and did not need further consultation.

On Thursday 09/24/2020, Patient D C called the Pharmacy and spoke with Staff Pharmacist Aldo Rodriguez Luviano. Patient stated that he had taken the medication and slept for several hours and felt very drowsy. This was not normal feeling since he has taken the medication before without this side effect. To which Aldo checked the original copy and determined the wrong medication was dispensed. Aldo informed the patient that he indeed received the wrong medication and to come back to the pharmacy in order for the correct medication to be filled and dispensed. Aldo filled out the appropriate paperwork and provided me an update.

On 09/25/2020 at 09:12 AM the hardcopy patient D C dropped off on 09/23/2020 was reprocessed and filled with the correct medication (Sertraline 100mg) and made ready by 9:36 am for pick up. I called the doctor Yaron Zedek's office morning off 09/25/2020 and spoke to the office manager about the mis-fill and which was acknowledged.

On 09/25/2020 at around 12:20 patient D C arrived at the drive thru. I spoke to him directly and he returned the misfiled medication and bottle. The medication was immediately quarantined in our Haz-waste bin in the proper Haz-waste package. The misfiled prescription was immediately reversed from insurance claim and deactivated so it may not be filled again but the mis-fill data is still available in our system. During my conversation patient D C stated that he had taken 2 doses of the medication and that the medication made him sleep for a lot longer and he felt very fatigued and drowsy but the side effect wore off as the day progressed. I asked him if he had any other issues or concerns and he said no. He mentioned he had an appointment the upcoming Wednesday. The correct medication was dispensed at no charge to the patient and counseled for Clarity.

On 09/25/2020 appropriate paperwork that was initiated by Staff Pharmacist was thoroughly completed with updated facts and we performed a Root Cause analysis of the issue. This is where it was determined that technician Laura Loya did not use 4 letters of the prescription. Laura and I have had a discussion on proper protocol and expectation. She confirmed that she only used 3 letters instead of 4 to type the prescription in to which received a coaching. She was then given the appropriate standard operating procedure to review and acknowledge. A plan of action was created which included all

technicians reviewing the standard operating procedure for inputting prescriptions into our system and data will be pulled weekly to check if technicians are using 4 letters and the strength. I followed up weekly with the report. If the technician fails repeatedly to do so, will lead to further coaching and gradual disciplinary action. This plan of action was continued until 12/31/2020. Our district manager Daniel Kidane assisted and followed up with me in regards to the root cause analysis and plan of action.

**AMENDED SUMMARY ORDER**

NOW on this 20th day of January, 2023, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of PostMeds, Inc dba Truepill ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Amended Summary Order in the above-captioned matter. After reviewing the investigation materials and being otherwise duly advised in the premises, makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board has previously issued Respondent Registration No. 22-104228 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas.

2. On November 6, 2019, the ownership of Respondent's non-resident pharmacy changed.

3. On May 22, 2020, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 3, 2020 with an expiration date of June 30, 2021. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?"

Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

4. On June 1, 2021, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 21, 2021 with an expiration date of June 30, 2022. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?" Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

5. Due to staffing challenges, personnel turnover and administrative oversight resulting from its early, rapid growth and restructuring and the corresponding COVID-19 pandemic, Respondent mistakenly failed to report the 2019 ownership change and related disclosures to the Board in its May 22, 2020 and June 1, 2021 renewal applications.

6. On April 18, 2022, the Board received notification from Respondent of an ownership change and several past disciplinary actions not previously reported to the Board including: North Carolina Board of Pharmacy Consent Order of Discipline dated March 8, 2022; California State Board of Pharmacy Letter of Admonishment dated January 23, 2020; California State Board of Pharmacy Citation and Fine dated June 16, 2020; California State Board of Pharmacy Citation and Fine Order of Abatement dated August 25, 2021; Alabama State Board of Pharmacy Final Order dated October 25, 2021; California State Board of Pharmacy Citation and Fine dated January 24, 2019; and California State Board of Pharmacy Citation dated December 16, 2019.

7. On April 28, 2022, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application ("Respondent's Application"), notifying of the change in ownership effective November 6, 2019, and applying for a new non-resident pharmacy registration under the new ownership.

8. On May 20, 2022, the Board approved Respondent's Application and issued Respondent the new Non-Resident Pharmacy Registration No. of 22-117859 ("Respondent's Registration") under their new ownership.

9. Prior to receiving the ownership change application, registrant provided a letter notifying of the late ownership change, as well as unreported discipline. Ownership change application completed indicating discipline had occurred and providing details of discipline (5 occurrences).

10. In mitigation, Respondent states that it has invested in additional staff, engaged internal and external legal counsel and implemented training efforts to prevent any such reporting oversights in the future.

## CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f), the Board may take action against a registration on any ground that would authorize the board to take action against the registration of a pharmacy under K.S.A. 65-1627, and amendments thereto.

3. Pursuant to K.S.A. 65-1627(e)(1), the Board may take action against the registration of a pharmacy upon a finding that such pharmacy has been operated in such manner

that violations of the provisions of the pharmacy act of the state of Kansas or of the rules and regulations of the board have occurred in connection therewith.

4. Pursuant to K.S.A. 65-1627(e)(4), the Board may take action against the registration of a pharmacy upon a finding that the registrant has had a registration revoked, suspended or limited, has been censured or has had other disciplinary action taken, or an application for registration denied, by the proper registering authority of another state, territory, District of Columbia or other country.

5. Pursuant to K.S.A. 65-1657, no nonresident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

6. Pursuant to K.S.A. 65-1645(f), registrations shall not be transferable.

7. Pursuant to K.A.R. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

8. Pursuant to K.A.R. 68-2-23, each pharmacy owner shall notify the board in writing within 30 days of any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against the pharmacy or the pharmacy owner or any application, license, registration, or permit held by the pharmacy owner.

9. Respondent's registered facility changed ownership on November 6, 2019 but Respondent did not provide notification or file a new application with the Board until April 18 and 28, 2022, respectively.

10. Respondent's failure to submit the complete change of ownership to the Board until April 2022 is a violation pursuant to K.A.R. 68-2-9 and an unlawful transfer of the previous

registration to the new ownership. Respondent's actions are a violation pursuant to K.S.A. 65-1657 and K.S.A. 65-1627(e)(1), and a basis to take action against Respondent's Registration.

11. Respondent failed to notify the Board of the six disciplinary actions by North Carolina, California, and Alabama until April 18, 2022, nearly one to two years after they were effective, is a violation of K.A.R. 68-2-23 and a basis to take action against Respondent's Registration pursuant to K.S.A. 65-1627(e)(1) and (e)(4).

## ORDER

Taking into account the mitigating and corrective actions of Respondent, the Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of $3,500.00. Respondent has 30 days from the date of this order to pay the fine.

## NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

HAYWARD, CA 94545

**RE: CI 2019 84877**
**TRUEPILL**
**PHY 56100**

This LETTER OF ADMONISHMENT is being issued pursuant to Business and Professions Code section 4315 for failure to comply with the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the board's website at www.pharmacy.ca.gov, under Forms and Publications.)

The Board of Pharmacy has completed its investigation in the above referenced matter. All documentation and/or statements relating to the investigation have been accepted and included in an Investigation Report on file in this office. Facts contained in this report lead to the conclusion that the following violations of pharmacy laws or regulations have occurred:

**JURISDICTION: Bus. & Prof. Code § 4315; 1764/56.10(a) - Unauthorized disclosure of prescription and medical information**

Unauthorized disclosure of prescriptions: California Code of Regulations section 1764 states in pertinent part that no pharmacist shall exhibit, discuss, or reveal the contents of any prescription or any medical information furnished by the prescriber with any person other than the patient or his or her authorized representative and Civil Code section 56.10 subdivision (a) states, in pertinent part, no provider of health care shall disclose medical information regarding a patient of the provider of health care without first obtaining an authorization. Truepill Pharmacy was not in compliance with these regulations. Specifically, on 4/17/2019, Truepill Pharmacy (PHY56100) located at 3121 Diablo Avenue in Hayward, CA shipped prescription RX#1186395 to the wrong person. The prescription was intended for AR but was shipped to the address of MS in error. Also, Truepill Pharmacy shipped prescriptions to patients with a shipping label showing the return address of NuRx located at 6838 Ellicott Drive in East Syracuse, NY and from Apostrophe located at 330 2nd Street in Oakland, CA. NuRx and Apostrophe are not licensed pharmacies and prescription packages returned as undeliverable to these locations would cause the disclosure of medical information without authorization.

Shipping prescriptions to an unauthorized person violates California Code of Regulations section 1764 and Civil Code 56.10.

If you wish to contest this Letter of Admonishment, you may do so by submitting, within 30 days of the date of service of this Letter of Admonishment, namely February 22, 2020, the attached "Request for an Office Conference" form. If an office conference is not requested, compliance with the Letter of Admonishment shall not constitute an admission of the violations described in the Letter of Admonishment.

Unless it is dismissed following an office conference or you receive other instructions from the Board in writing, Pharmacy Law requires that you maintain and have readily available for inspection a copy of this Letter of Admonishment and any written corrective action plan, if any, for at least three years from the date of issuance at the top of this letter. The Letter of Admonishment will be considered a public record for purposes of disclosure for three years from issuance. The issuance of this Letter of Admonishment does not limit the board's ability to pursue other disciplinary or administrative action under Business and Professions Code section 4315, subdivision (f).

If you have any questions regarding this Letter of Admonishment, please contact Barbera Schleicher, Public Inquiry Analyst at (916) 518-3081.

**JURISDICTION: Bus. & Prof. Code § 4314; CCR, title 16, § 1775; Bus. & Prof. Code § 4301, subd. (o)**

| VIOLATION CODE SECTION | OFFENSE | AMT OF FINE |
|---|---|---|
| CCR, Title 16, § 1714 subd. (b) | Operational Standards and Security; pharmacy responsible for pharmacy security | $5,000.00 |
| Bus. & Prof. Code § 4169 subd. (a)(2)/Health & Safety Code § 111295 | Prohibited Acts; Purchase, trade, sell, or transfer dangerous drugs to that the person knew or reasonably should have known were adulterated.../It is unlawful for any person to manufacture, sell, deliver, hold, or offer for sale any drug or device that is adulterated | Citation without a fine |

CONDUCT:

California Code of Regulations 1714, section b states, (b) Each pharmacy licensed by the board shall maintain its facilities, space, fixtures, and equipment so that drugs are safely and properly prepared, maintained, secured and distributed. The pharmacy shall be of sufficient size and unobstructed area to accommodate the safe practice of pharmacy. Specifically, Truepill Pharmacy, PHY56100, located at 3121 Diablo Ave, Hayward, CA 94545 was in violation when they failed to keep dangerous drugs stored according to policy and procedure 2001.4, Oversight of Pharmacy Safety, which states: "The Pharmacy will make all attempts at maintaining a room temperature below 85F and ideally between 68-77F". Between 7/1/2020 and 9/14/2020, on numerous occasions, dangerous drug storage temperatures, summarized in Table 2, exceeded the recommended storage temperatures. The most egregious of these temperature spikes were:

a)On 8/13/2020, in the cage area of the warehouse, dangerous drugs were stored approximately 161 hours over 77 F and 47 hours over 85F.
b)On 9/6/2020, in the cage area of the warehouse, dangerous drugs were stored approximately 59 hours over 77 F and 17 hours above 85F.
c)On 8/13/2020, in the Parata Automated dispensing machine located in the warehouse, dangerous drugs were stored for approximately 163 hours above 77 F and 44 hours above 85 F.

Business and Professions Code 4169 section (a), subdivision (2) states, A person or entity shall not do any of the following: (2) Purchase, trade, sell, or transfer dangerous drugs that the person knew or reasonably should have known were adulterated, as set forth in Article 2 (commencing with Section 111250) of Chapter 6 of Part 5 of Division 104 of the Health and Safety Code as it relates to Health and Safety Code 111295 which states, It is unlawful for any person to manufacture, sell, deliver, hold or offer for sale any drug or device that is adulterated. Specifically, Truepill Pharmacy, PHY56100, located at3121 Diablo Ave, Hayward, CA 94545 was in violation when they used the MKT calculation alone instead of in conjunction with manufactures stability data as stated in USP <1079>, which provides guidance for assessing possible adulteration to dangerous drugs stored at the pharmacy due to excessive heat. In particular, USP<1079> states, "Knowing the MKT for an excursion is useful for evaluating the potential impact on product quality. However, it is also essential to know the upper and lower temperature limits of any excursion. If these extreme temperatures are outside available stability data, it may not be possible to predict the quality impact of the excursion with any confidence regardless of the MKT. At higher temperatures the kinetics of degradation may change or new degradation reactions may occur. Truepill Pharmacy did not consider the manufacture's stability data for at least 72 dangerous drugs stored in the cage area of the warehouse which were held and offered for sale when determining if a dangerous drug was adulterated by the extreme heat, summarized in Table 3. For each one of the 72 dangerous drugs, the maximum temperature for storage was listed by the manufacturer as 77F or storage information was not listed. As there was no stability temperature for at least the 72 drugs in question and per USP<1079>, the MKT cannot be without the stability data, these drugs which were held and offered for sale were adulterated.

## ORDER OF ABATEMENT

By the Abatement date/payment date submit to the Board the following:

- Either (1) full payment of the assessed fine(s) in the amount of $5,000.00; or payment in the amount of $1,000.00 and (2) provide proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within ninety (90) days.

COPY

If you choose option (2), within 90 days of this citation, you shall submit proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations. Any failure to do so shall be deemed a failure to meet the abatement requirements of this citation.

If you timely submit proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within 90 days from the date the citation was issued, this citation shall be reduced to $1,000.00 and proof of compliance of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations shall be considered satisfactory abatement of the citation.

If you fail to submit proof of compliance of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within 90 days from the date the citation was issued, the stay shall be lifted and the fine(s) in the amount of $5,000.00 shall be due and owing from you within thirty (30) days of any such failure.

WHEREAS, an informal conference was conducted by the Violations Committee of the Louisiana Board of Pharmacy (hereinafter referred to as the "Board") on March 16, 2022 at the Board office, 3388 Brentwood Drive, Baton Rouge, LA 70809, in the matter of POSTMEDS, INC. WHEREAS, the Board alleges that such actions constitute violations of the following:

A change of ownership of a pharmacy is evident under the following conditions: a 50 percent, or more, change in ownership of a corporation, limited liability company, or association since the issuance of the original permit or the last renewal application.

**LAC, Title 46: LIII §1135(A)(2).** The new owner(s) of the pharmacy shall submit a properly completed pharmacy permit application, with appropriate fee, to the board.

**LAC, Title 46: LIII §1135(A)(4).** Pharmacy permits are not transferable from the original holder(s) of the permit to the new owner(s).

**LAC, Title 46: LIII §2305(A).** The out-of-state pharmacy shall apply for a permit and annual permit renewals on forms provided by the board.

**LAC, Title 46: LIII §2307(C). Authority and Accountability**. The designated pharmacist-in-charge of the pharmacy and the pharmacy owner(s), or partners, or corporate officer(s) of the permit holder, where applicable, shall be responsible for the complete supervision, management, and compliance with all federal and state pharmacy laws and regulations pertaining to the practice of pharmacy of the entire prescription department. This responsibility necessarily includes accountability for any violation involving federal or state laws or regulations occurring within the prescription department supervised by a pharmacist-in-charge.

THIS MATTER came to be considered before a member of the North Carolina Board of Pharmacy (hereinafter, the "Board") pursuant to 21 N.C.A.C. 46 .2008. The Conference was scheduled for Thursday, February 24, 2022, and, after appropriate notice, was heard on that day by Board member Wallace E. Nelson. Respondent PostMeds, Inc. was informed of its right to be present at the pre-hearing conference and declined. The Board's General Counsel, Clinton R. Pinyan, represented the Board.

Respondent has agreed to waive a formal hearing in the above-referenced matter. It stipulates and agrees to the findings of fact and conclusions of law recited herein and to the order of discipline imposed. By its consent, Respondent also stipulates that it waives its right to appeal this Consent Order or challenge in any way the sufficiency of the findings of this Order as a basis for the action taken. Based upon the consent of the parties, the Board hereby enters the following:

## FINDINGS OF FACT

1. On November 20, 2017, the Board issued Permit No. 13413 to Respondent PostMeds, Inc. d/b/a Truepill (Permit No. 13413) ("PostMeds").

2. On PostMeds' initial permit application, its then-pharmacist manager, Mohammad Umar Afridi, submitted an inaccurate statement that he was the sole owner and officer of PostMeds. In fact, PostMeds now acknowledges that Afridi and Siddharth

Viswanathan each owned 47 percent of PostMeds on November 20, 2017, with others owning six percent, and that Viswanathan was also an officer of PostMeds.

3. Viswanathan and the minority owners' interests would not have raised questions about the permit application in this particular case. If PostMeds had disclosed the true ownership and officers of PostMeds, the Board still would have granted PostMeds a permit. However, it was an inaccurate statement that Afridi, as the person who submitted the application, knew was inaccurate. That statement prevented the Board from vetting Viswanathan as the owner of the pharmacy. Because of the inaccuracy of the representations, the initial permit was void ab initio.

4. In November 2019, PostMeds went through a corporate restructuring. During that restructuring, Truepill, Inc. was created as a holding company for PostMeds. At that time, Truepill, Inc. became the sole owner of PostMeds. Afridi, Viswanathan and the other former direct owners of PostMeds became indirect owners with the same ownership interests in the holding company, Truepill, Inc., that they had before the transfer of ownership.

5. This restructuring required PostMeds to submit a transfer of ownership application and have that application granted before the restructuring closed. PostMeds failed to do this. Therefore, even if the initial permit had been valid (which it was not), it would have become invalid upon the corporate restructuring.

6. Insertion of a new holding company between the ultimate owners and PostMeds would not have raised questions about the permit application in this particular case. The ownership interests of the ultimate owners did not change. If PostMeds had disclosed the new holding company, the Board still would have granted the transfer of ownership. However,

PostMeds failed to submit the transfer of ownership application or otherwise disclose the interests of Truepill, Inc.

7. In each of its subsequent renewals, PostMeds failed to correct the ownership information that it had inaccurately submitted on its initial application or to list Truepill, Inc., as the direct owner of the pharmacy.

8. On November 4, 2021, counsel for PostMeds informed the Board that its "current ownership information on file with the North Carolina Board of Pharmacy is out of date." Upon follow-up questioning, the next day, PostMeds disclosed that it should have submitted a transfer of ownership application in November 2019. It further was apparent from the ownership information that PostMeds provided that Afridi made inaccurate representations about ownership and officers on PostMed's initial application that had never been corrected.

9. PostMeds agreed to stop shipping any drugs, devices or medical equipment into the State of North Carolina until the matter was resolved. It further agreed to stop shipping or dispensing any drugs, devices or medical equipment from six other pharmacies under its ownership until the matter was resolved (even though those pharmacies did not receive permits until after the transfer of ownership had occurred, and so did not suffer from the same problem).

10. PostMeds submitted a transfer of ownership application promptly.

11. Although PostMed's disclosure of its inaccuracies was tardy, its remedial actions are a mitigating factor in this matter.

## CONCLUSIONS OF LAW

1. Reporting of correct and complete ownership information on an initial pharmacy permit application or a renewal application is material, indeed essential, to the Board's ability to ensure that a pharmacy will provide services safely and competently to the public.

2. PostMeds made inaccurate statements about its ownership and officers on its initial application, which it failed to correct at any point through its 2022 renewal. That initial permit was therefore void ab initio and violated G.S. § 90-85.38(b).

3. The creation of Truepill, Inc. as a holding company further triggered a requirement to report the ownership change and obtain a successor permit, and to do so before the closing of the transaction that created Truepill, Inc. The transaction "result[ed] in a different person . . . owning more than 50 percent interest in the permit holder . . . ." 21 NCAC 46.1603. Failure to apply for and obtain a successor permit prior to the transaction, and a continuing failure to disclose the ownership interest of Truepill, Inc., violated G.S. § 90-85.38(b).

**IT IS THEREFORE ORDERED**:

PostMeds was in violation of G.S. § 90-85.38(b) in North Carolina from November 20, 2017 until at least November 4, 2021. Respondent PostMed's Permit No. 13413 was **VOID** from the time that it was granted on November 20, 2017. G.S. § 90-85.38(c).

Respondent PostMed's change of ownership application is **APPROVED** as a successor permits to Permit No. 13413 (the "Successor Permit") with the following **CONDITIONS**:

1. PostMeds shall provide timely advance notice of any contemplated change in ownership to the current pharmacist-manager and any future pharmacist-manager(s) of the Successor Permit. PostMeds shall consult with the Successor Permit's pharmacist-manager(s) to determine whether any contemplated transaction triggers the need to obtain new permits. PostMeds shall authorize the Successor Permit's pharmacist-manager(s) to take any necessary action to update that ownership information with the Board or to apply for new permits. If a contemplated transaction triggers the need for new permits, PostMeds shall not complete that

transaction unless and until either the Board issues new permits or PostMeds ceases all practice of pharmacy at the permitted location.

2. The Successor Permit shall violate no laws governing the practice of pharmacy or the distribution of drugs.

3. The Successor Permit shall violate no rules or regulations of the Board.

4. If the Successor Permit fail to comply with any term or condition of this Order, it may be subject to additional disciplinary action by the Board.

## ORDER TO SHOW CAUSE

Telemedicine is an important tool for providing increased access to medical treatment that has been relied upon by hundreds of millions of Americans since the onset of the COVID-19 pandemic in 2020. Unfortunately, this access is being exploited by a subset of medical practitioners and businesses seeking opportunities to profit by wrongfully providing controlled substances without a legitimate medical purpose.

DEA has an obligation to protect the public by ensuring that pharmacists only fill prescriptions for controlled substances which are prescribed for legitimate medical purposes by practitioners acting in the usual course of professional practice. It is critical that entities engaged in the practice of online pharmacy are appropriately registered and subject to reporting, disclosure, and other requirements imposed under law. These requirements allow entities engaged in the legitimate practice of telemedicine to continue safely providing critical services and protect the safety and health of the American public.

The Ryan Haight Online Pharmacy Consumer Protection Act of 2008 (Ryan Haight Act) and its implementing regulations prohibit actors from operating as an "online pharmacy" without the appropriate DEA registration. Truepill does not have the requisite registration to act as an online pharmacy. But since September 2020, it has acted as an online pharmacy, and in a two-year period filled 72,000 controlled substance prescriptions, of which 60% were for stimulants, such as amphetamines used in the treatment of Attention Deficit/Hyperactivity Disorder (ADHD).

Truepill was the pharmacy for telehealth companies, including Cerebral, that marketed ADHD treatments, including Adderall ® and its generic forms, directly to consumers using Internet advertisements and social media. Cerebral arranged for patients to receive prescriptions for ADHD treatments through a telehealth visit, and for Truepill to fill those prescriptions. In numerous instances, Truepill dispensed controlled substances pursuant to prescriptions that were not issued for a legitimate medical purpose in the usual course of professional practice. Many of these prescriptions were written by providers that lacked the requisite state certifications to prescribe and who issued multiple prescriptions for a patient to receive more than a 90-day supply of a

Schedule II controlled substance, including prescriptions for the treatment of ADHD, in violation of federal regulations.

Accordingly,

**PURSUANT** to Sections 303 and 304 of the Controlled Substances Act, Title 21, United States Code, Sections 823 and 824,

**NOTICE** is hereby given to afford Truepill an opportunity to Show Cause before the Drug Enforcement Administration (DEA), at the DEA Hearing Facility, 700 Army Navy Drive, 2nd Floor, Arlington, Virginia 22202, or a location designated by the Administrative Law Judge, on March 21, 2023, or on such a subsequent date designated by the Administrative Law Judge (if Truepill requests such a hearing), as to why DEA should not revoke Truepill's DEA Certificate of Registration (COR or registration), Number FP6189725, pursuant to 21 U.S.C. § 824(a)(4), and deny any applications for any other DEA registrations, because Truepill's registration would be inconsistent with the public interest, as that term is defined in 21 U.S.C. § 823(f).

As detailed below, this Order states DEA's basis to revoke the above-referenced DEA registration, including a ***non-exhaustive summary*** of the matters of fact and law at issue, as well as citations to laws and regulations that Truepill has violated (*see* 21 C.F.R. §§ 1301.36(e) and 1301.37(c), which DEA construes *in pari materia*). In order to preserve Truepill's rights in this proceeding, Truepill may appear in these revocation proceedings by filing a notice of appearance or request for hearing in the manner prescribed by regulations within 30 days from the receipt of this Order. On or before the date of Truepill's appearance, Truepill may submit a corrective action plan that will be considered by DEA in accordance with 21 U.S.C. § 824(c).

## LEGAL REQUIREMENTS

### Entities That Must Register as Online Pharmacies

Federal law proscribes any person from distributing or dispensing a controlled substance except as authorized by the Controlled Substances Act (CSA). *See* 21 U.S.C. §§ 841(a)(1); 842(a)(1). Federal law further explicitly provides that it is unlawful for "any person" to "deliver, distribute, or dispense a controlled substance by means of the Internet, except as authorized" by the CSA. 21 U.S.C. § 841(h)(1).

An "online pharmacy" is "a person, entity, or Internet site . . . that knowingly or intentionally delivers, distributes, or dispenses, or offers or attempts to deliver, distribute, or dispense, a controlled substance by means of the Internet." 21 U.S.C. § 802(52)(A); *see also* 21 C.F.R. § 1300.04(h) (same). Further, the term "'deliver, distribute, or dispense by means of the Internet' refers, respectively, to any delivery, distribution, or dispensing of a controlled substance that is caused or facilitated by means of the Internet." 21 U.S.C. § 802(51). To act as an online pharmacy, a pharmacy must "request that the Administrator modify its registration to authorize the pharmacy to dispense controlled substances by means of the Internet as an online pharmacy." 21 C.F.R. § 1301.19(a); *see* 21 C.F.R. § 1301.11(b).

The CSA instructs that "it is unlawful for any person who falls within the [CSA's] definition of 'online pharmacy' . . . to deliver, distribute, or dispense a controlled substance by means of the

Internet" unless that person is "validly registered with a modification of such registration authorizing such activity." 21 C.F.R. § 1301.11(b). "Accordingly, any pharmacy registered" with DEA "that falls within the definition of an online pharmacy and proposes to dispense controlled substances by means of the Internet must obtain a modification of its registration authorizing such activity." *Id.*; *see also* 21 C.F.R. § 1301.19(f) ("No person . . . required to obtain a modification of a registration . . . authorizing it to operate as an online pharmacy may engage in any activity for which such modification of registration is required until the application for such modified registration is granted and an active Certificate of Registration indicating the modification of the registration has been issued by the Administrator to such person."). The CSA explicitly provides that "delivering, distributing, or dispensing a controlled substance by means of the Internet by an online pharmacy that is not validly registered with a modification authorizing such activity" is a violation of section 841(h)(1). 21 U.S.C. § 841(h)(2)(A).

Requirements Applicable to Online Pharmacies

An online pharmacy is subject to a number of requirements under the CSA. Among other things, an online pharmacy must:

- "[D]isplay in a visible and clear manner on its homepage a statement that it complies with the requirements of this section with respect to the delivery or sale or offer for sale of controlled substances." 21 U.S.C. § 831(a); 21 C.F.R. § 1304.45(a); *see also* 21 U.S.C. § 802(53) ("The term 'homepage' means the opening or main page or screen of the website of an online pharmacy that is viewable on the Internet.").

- Post "in a visible and clear manner" on its homepage or a page clearly linked from its homepage, the following information:

    - "The name, professional degree, and States of licensure of the pharmacist-in-charge, and a telephone number at which the pharmacist-in-charge can be contacted."

    - "A list of the States in which the pharmacy is licensed to dispense controlled substances."

    - "A certification that the pharmacy is registered under" the CSA "to deliver, distribute, or dispense" controlled substances "by means of the Internet."

    - The following statement: "This online pharmacy is obligated to comply fully with the Controlled Substances Act and DEA regulations. As part of this obligation, this online pharmacy has obtained a modified DEA registration authorizing it to operate as an online pharmacy. In addition, this online pharmacy will only dispense a controlled substance to a person who has a valid prescription issued for a legitimate medical purpose based upon a medical relationship with a prescribing practitioner. This includes at least one prior in-person medical evaluation in accordance with section 309 of the Controlled Substances Act (21 U.S.C. 829) or a medical evaluation via telemedicine in

accordance with section 102(54) of the Controlled Substances Act (21 U.S.C. 802(54))."

*See* 21 U.S.C. § 831(c); 21 C.F.R. § 1304.45.

- Notify the DEA Administrator, thirty days before offering a controlled substance for sale, delivery, distribution, or dispensing, of, among other things: the information the online pharmacy is required to post on its Internet site under 21 U.S.C. § 831(c), and 21 C.F.R. § 1304.45; each Internet site address used by the online pharmacy; the DEA registration numbers of every pharmacy that delivers, distributes or dispenses controlled substances pursuant to orders made through each of those identified websites; and a certification that the information provided on its Internet site under 21 U.S.C. § 831(c), and 21 C.F.R. § 1304.45 is true and accurate. *See* 21 U.S.C. § 831(d); 21 C.F.R. § 1304.40(b).

- Display on its homepage a declaration that it has made an appropriate notification to the DEA Administrator. *See* 21 U.S.C. § 831(e); 21 C.F.R. § 1304.40(d).

- Monthly report to the DEA Administrator of the total quantity of controlled substances the online pharmacy has dispensed for each calendar month in which it dispenses either 100 or more controlled substance prescriptions, or 5,000 or more dosage units of controlled substances. If the pharmacy's dispensing does not meet either threshold in a given month, it must report a negative response for that month. *See* 21 C.F.R. § 1304.55.

Requirements Applicable to All Pharmacies

A "prescription for a controlled substance may only be filled by a pharmacist, acting in the usual course of his professional practice." 21 C.F.R. § 1306.06. A pharmacist is only permitted to fill prescriptions "issued for a legitimate medical purpose by an individual practitioner acting in the usual course of his professional practice." 21 C.F.R. § 1306.04(a). Although "[t]he responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, . . . a corresponding responsibility rests with the pharmacist who fills the prescription." *Id.*

"DEA has consistently interpreted this provision as prohibiting a pharmacist from filling a prescription for a controlled substance when [s]he either knows or has reason to know that the prescription was not written for a legitimate medical purpose." *Wheatland Pharmacy*, 78 Fed. Reg. 69,441, 69,445 (2013) (internal quotation marks and citation omitted, alternation in original). Section 1306.04(a) "expressly requires pharmacists to identify and resolve suspicions that a prescription is illegitimate." *Trinity Pharmacy II*, 83 Fed. Reg. 7304, 7331 (2018).

A violation of these regulations is a violation of federal law. *See* 21 U.S.C. § 842(a)(1) (making it unlawful to dispense controlled substances in violation of 21 U.S.C. § 829, whose scope is defined in part by 21 C.F.R. §§ 1306.04, 1306.06). Any attempt to violate these regulations is also a violation of federal law. *See* 21 U.S.C. § 846.

Additionally, DEA may find that a registrant's DEA COR is inconsistent with the public interest if the registrant acted carelessly or negligently in handling controlled substances, even if the registrant did not intend to violate the Controlled Substances Act. *See, e.g., Med. Shoppe*, 79 Fed. Reg. 59,504, 59,506 (2014) ("Careless or negligent handling of controlled substances creates the opportunity for diversion and [can] justify revocation or denial." (quoting *Paul J. Caragine, Jr.*, 63 Fed. Reg. 51,592, 51,601 (1998))).

Pharmacies are also required to keep appropriate records as set forth in the CSA. "Recordkeeping is one of the CSA's principal tools for preventing the diversion of controlled substances." *Wayne Pharmacy*, 85 Fed. Reg. 63,579, 63,582 (2020). Such recordkeeping is one of the central features of the CSA's regulatory regime because "a registrant's accurate and diligent adherence to this obligation is absolutely essential to protect against the diversion of controlled substances." *Superior Pharmacy I & Superior Pharmacy II*, 81 Fed. Reg. 31,310, 31,337 (2016). Thus, a finding that a registrant "failed to maintain complete and accurate records . . . supports the conclusion that [the registrant] has committed such acts as to render its continued registration 'inconsistent with the public interest.'" *Id.* at 31,338 (quoting 21 U.S.C. § 824(a)(4)).

Pharmacies are also required to, among other things, "maintain, on a current basis, a complete and accurate record of each [controlled] substance . . . received, sold, delivered, or otherwise disposed of." 21 U.S.C. § 827(a)(3); 21 C.F.R. § 1304.21(a); *see also* 21 C.F.R. § 1304.22(c) (specific recordkeeping requirements for dispensers).

An individual practitioner is not authorized, on a single occasion, to issue multiple prescriptions for a patient to receive more than a 90-day supply of a Schedule II controlled substance. *See* 21 C.F.R. § 1306.12(b).

State of California Authority to Dispense Controlled Substances

As noted above, a pharmacy may only fill valid prescriptions. *See* 21 U.S.C. § 829; 21 C.F.R. § 1306.06.

California law provides that to practice as a nurse practitioner in California, a nurse practitioner must hold, among other things, a valid and active registered nursing license issued by the Board of Registered Nursing (Nursing Board). Cal. Bus. & Prof. Code § 2835.5. Additionally, for a nurse practitioner licensed in California to prescribe a controlled substance, the Nursing Board must certify that the nurse practitioner satisfactorily completed a course in pharmacology covering the controlled substances to be prescribed and must issue a Furnishing Number to the nurse practitioner. *See id.* §§ 2836.1(g)(1), 2836.2, 2836.3.

To practice as a doctor of naturopathic medicine in California, one must hold a valid and active naturopathic medicine license issued by the California Naturopathic Medicine Committee. *See* Cal. Bus. & Prof. Code §§ 3630, 3633, 3644(d)(2). Schedule III through V controlled substances may only be dispensed by a naturopathic doctor under supervision by a physician or surgeon and pursuant to standardized procedures or protocols established between them. *See* Cal. Bus. & Prof. Code § 3640.5(f).

To practice as a physician assistant in California, one must hold a valid physician assistant license issued by the California Physician Assistant Board. *See* Cal. Bus. & Prof. Code § 3519;

*see also* Cal. Bus. & Prof. Code §§ 3501, 3503, 3516. Schedule II through V controlled substances may only be prescribed by a physician assistant under supervision by a physician or surgeon and pursuant to a practice agreement. *See* Cal. Bus. & Prof. Code §§ 3502.1 and 3516.

Additionally, practitioners licensed outside California may only be authorized to practice within California by the California Director of Emergency Medical Services Authority during a gubernatorially declared state of emergency. *See* Cal. Bus. and Prof. Code § 900.

**BACKGROUND**

1. Truepill is registered as a retail pharmacy under DEA COR Number FP6189725 in Schedules II through V with a registered address of 3121 Diablo Avenue, Hayward, California 94545. Truepill's registration expires by its own terms on November 30, 2025.

2. Truepill is not registered as an online pharmacy with DEA.

3. Truepill is licensed by the State of California as a community pharmacy with license number PHY58585. Truepill's pharmacy license expires by its own terms on March 1, 2023.

4. Between on or about September 14, 2020, and September 13, 2022, of the more than 72,000 controlled substances Truepill filled, nearly 46,000 were stimulants, accounting for more than 60% of the controlled substances Truepill dispensed.

5. Truepill's DEA COR should be revoked, and any applications for registration should be denied, because Truepill has committed such acts as would render its registration inconsistent with the public interest. *See* 21 U.S.C. §§ 823(f), 824(a)(4). Specifically, Truepill has acted as an online pharmacy without obtaining an appropriate DEA registration and without meeting a number of legal requirements applicable to online pharmacies. Truepill has, on numerous occasions, unlawfully filled controlled stimulant prescriptions issued by prescribers with no state authority to issue such prescriptions. Truepill has also repeatedly filled controlled stimulant prescriptions there were for more than a 90-day supply, in violation of 21 C.F.R. § 1306.12(b).

6. Dextroamphetamine-amphetamine, which is often sold under the brand names Adderall® and Adderall XR®, is a Schedule II stimulant.

7. Methylphenidate, which is often sold under the brand name Ritalin®, is a Schedule II stimulant.

**OPERATING AS AN ONLINE PHARMACY WITHOUT DEA REGISTRATION**

8. Truepill provides both pharmacy and technical services to corporate customers, including telehealth companies such as Cerebral. Moreover, Truepill employs a number of customer service representatives to assist its corporate customers.

9. On its Internet site, Truepill describes itself as a "virtual pharmacy," providing "[a]n end-to-end virtual pharmacy experience." Furthermore, Truepill claims that "Truepill's virtual pharmacy enables you to create the convenient experience your customers want."

10. Truepill provides its corporate customers with a software platform containing, among other things, patient information, prescriber information, and prescription information to facilitate the delivery of prescriptions by means of the Internet.

11. Truepill's Internet site also extensively describes how its software programs assist its corporate customers in providing patients with prescriptions. Among other things, the Truepill's Internet site includes the following statements:

    a. Truepill states that it can help companies "[d]eliver medications to your patients using powerful programmatic APIs [Application Programing Interfaces] that give you full control." It further states that these companies can "[p]air our pharmacy fulfillment services with our telehealth solutions to make your programs more accessible to patients who may find it difficult to commute to a doctor's office."

    b. Truepill informs that it provides other software that uses the Internet to facilitate the filling of prescriptions, including, among others, telehealth APIs to help practitioners create and update patient records, and to provide the practitioners' patients with patient health questionnaires, all in "the Truepill ecosystem." Truepill makes clear that its telehealth API customers are "third-party provider networks and physician groups that that can diagnose, treat and prescribe for your patient population. These providers are all part of licensed professional medical corporations who are independently owned and operated."

    c. Truepill explains that it uses a "fulfillment API" to assist providers to "efficiently get medications to your patient's door across all 50 states." Truepill goes on to explain how its software platform uses the Internet to electronically create patient records, obtain prescriptions, and allow practitioners to create fill requests that they submit to Truepill electronically.

    d. Truepill states that it offers a "team of marketers, merchandisers, and fulfillment experts" to help telehealth companies "maximize the value of your e-commerce program."

12. Through these services, Truepill "deliver[ed], distribute[ed], or dispense[ed]" "a controlled substance by means of the Internet," despite not being registered as an online pharmacy, in violation of 21 U.S.C. § 841(h)(1) and 21 C.F.R. §§ 1301.11(b) & 1301.19(f).

**FAILURE TO MAKE AND DISPLAY REQUIRED REPORTS AND NOTIFICATIONS**

13. Despite operating as an online pharmacy, Truepill failed to put on its Internet site information required by the CSA, including:

a. A statement on its homepage that Truepill complies with the requirements of 21 U.S.C. § 831 with respect to the delivery or sale or offer for sale of controlled substances, in violation of 21 U.S.C. § 831(a) and 21 C.F.R. § 1304.45(a).

b. A visible and clear statement on its homepage, or a page clearly linked from its homepage including:

   i. the name, professional degree, and states of licensure of its pharmacist-in-charge;

   ii. a telephone number at which its pharmacist-in-charge can be contacted;

   iii. a list of states in which Truepill is licensed to dispense controlled substances;

   iv. a certification that Truepill is licensed under the CSA to deliver, distribute, or dispense controlled substances by means of the Internet; and

   v. the following statement: "This online pharmacy is obligated to comply fully with the Controlled Substances Act and DEA regulations. As part of this obligation, this online pharmacy has obtained a modified DEA registration authorizing it to operate as an online pharmacy. In addition, this online pharmacy will only dispense a controlled substance to a person who has a valid prescription issued for a legitimate medical purpose based upon a medical relationship with a prescribing practitioner. This includes at least one prior in-person medical evaluation in accordance with section 309 of the Controlled Substances Act (21 U.S.C. 829) or a medical evaluation via telemedicine in accordance with section 102(54) of the Controlled Substances Act (21 U.S.C. 802(54)).";

all in violation of 21 U.S.C. § 831(c) and 21 C.F.R. § 1304.45.

14. Truepill failed to notify the DEA Administrator of the information listed in 13.b., *supra*, through the submission of an application for a modified registration thirty days before offering a controlled substance for sale, delivery, distribution, or dispensing together with a certification that such information is true and accurate, in violation of 21 U.S.C. § 831(d) and 21 C.F.R § 1304.40(a)(1). Truepill also did not notify the DEA Administrator of each Internet site address it used, nor of the DEA registration numbers of every pharmacy that delivers, distributes or dispenses controlled substances pursuant to orders made through each of those identified websites, in violation of 21 U.S.C. § 831(d) and 21 C.F.R. § 1304.40(b)(3) and (4).

15. Truepill failed to display on the homepage of its Internet site that it had made an appropriate notification to the DEA Administrator under 21 U.S.C. § 831(d) and 21 C.F.R. § 1304.40(b), in violation of 21 U.S.C. § 831(e) and 21 C.F.R. § 1304.40(d).

16. Truepill failed to the provide the DEA Administrator with any of the monthly reports required by 21 C.F.R. § 1304.55.

**UNLAWFUL DISPENSING OF SCHEDULE II CONTROLLED SUBSTANCES PURSUANT TO PRESCRIPTIONS FOR GREATER THAN 90-DAY SUPPLY**

17. Between on or about September 13, 2020, and September 13, 2022, in dozens of instances, Truepill dispensed Schedule II controlled substances for prescriptions written on a single date by an individual practitioner to an individual patient for a greater than 90-day supply. A non-exhaustive set of examples is provided below.

18. On August 24, 2020, a practitioner issued **Patient N.S.** five prescriptions amounting to a 150-day supply of dextroamphetamine-amphetamine extended release (ER) 10 mg capsules, which are often sold under the brand name Adderall XR®, a total of 300 capsules, which Truepill dispensed.

19. On January 12, 2021, a practitioner issued **Patient L.H.** four prescriptions amounting to a 120-day supply of methylphenidate 20 mg tablets, which are often sold under the brand name Ritalin®, a total of 120 tablets, which Truepill dispensed.

20. On January 12, 2021, a practitioner issued **Patient L.H.** four prescriptions amounting to a 120-day supply of methylphenidate ER 54 mg tablets, which are often sold under the brand name Ritalin®, a total of 120 tablets, which Truepill dispensed.

21. On February 11, 2021, a practitioner issued **Patient D.K.** two prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine 20 mg tablets, which are often sold under the brand name Adderall®, a total of 120 tablets, which Truepill dispensed.

22. On February 11, 2021, a practitioner issued **Patient D.K.** two prescriptions amounting to a 180-day supply of dextroamphetamine-amphetamine ER 30 mg capsules, which are often sold under the brand name Adderall XR®, a total of 180 capsules, which Truepill dispensed.

23. On March 9, 2021, a practitioner issued **Patient H.M.** three prescriptions amounting to a 210-day supply of dextroamphetamine-amphetamine 10 mg tablets, which are often sold under the brand name Adderall®, a total of 315 tablets, which Truepill dispensed.

24. On November 8, 2021, a practitioner issued **Patient N.B.** four prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine ER 15 mg capsules, which are often sold under the brand name Adderall XR®, a total of 120 capsules, which Truepill dispensed.

25. On November 8, 2021, a practitioner issued **Patient N.B.** four prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine 5 mg tablets, which are often sold under the brand name Adderall®, a total of 120 tablets, which Truepill dispensed.

**UNLAWFUL DISPENSING OF CONTROLLED SUBSTANCES PURSUANT TO PRESCRIPTIONS ISSUED BY PRACTITIONERS WITHOUT STATE AUTHORITY**

26. Between on or about September 13, 2020, and September 13, 2022, Truepill dispensed controlled substances to patients located in California pursuant to prescriptions written by numerous practitioners who were neither sufficiently licensed in California to do so nor holders of an Authorization for Out-of-State Health Care Practitioner issued by the California Emergency Medical Services Authority (Temporary Emergency Authorization). These practitioners included nurse practitioners, physician assistants, and doctors of naturopathic medicine.

27. A non-exhaustive set of insufficiently licensed practitioners who also did not hold a Temporary Emergency Authorization include: **Nurse Practitioner N.B.**; **Nurse Practitioner T.C.**; **Nurse Practitioner D.S.**; **Nurse Practitioner H.M.**; **Nurse Practitioner J.M.**; **Nurse Practitioner A.N.**; **Nurse Practitioner S.O.**; **Nurse Practitioner A.S.**; and **Nurse Practitioner N.S.**

**RECORDKEEPING AND AUDIT FINDINGS**

28. In September and October of 2022, DEA investigators conducted an audit of Truepill's controlled substance records by conducting an inventory of certain controlled substances present at Truepill's registered location and comparing that inventory to the records maintained and provided by Truepill. DEA's audit identified 1,674 missing dosage units of dextroamphetamine-amphetamine ER 20 mg, often sold under the brand name Adderall XR®, for which Truepill was unable to account, in violation of 21 C.F.R. §§ 1304.21(a) and 1304.22(c). *See Bill Lloyd Drug*, 64 Fed. Reg. 1,823, 1,824 (1999) ("The shortages and overages revealed by the accountability audit show that Respondent does not keep complete and accurate records of its controlled substance handling as required by 21 U.S.C. 827 and 21 CFR 1304.21.").

29. This shortage of 1,674 units constituted over two percent of the dextroamphetamine-amphetamine ER 20 mg, often sold under the brand name Adderall XR®, for which Truepill was accountable during the audit period. Truepill's failure to account for a significant number of dosage units of controlled substances not only violated its obligation to maintain accurate records, but also constituted a failure to comply with its obligation to maintain effective controls against the diversion of controlled substances into illicit channels. *See, e.g.*, *Superior Pharmacy*, 81 Fed. Reg. at 31,337.

**THE** following procedures are available to Truepill in this matter:

1. Within 30 days after the date of receipt of this Order to Show Cause, Truepill may file with DEA a written request for a hearing in the form set forth in 21 C.F.R. § 1316.47. *See* 21 C.F.R. § 1301.43(a). If Truepill fails to file such a request, the hearing shall be cancelled in accordance with paragraph 3, below.

2. Within 30 days after the date of receipt of this Order to Show Cause, Truepill may file with DEA a waiver of hearing together with a written statement regarding its position on the matters of fact and law involved. *See* 21 C.F.R. § 1301.43(c).

3. Should Truepill decline to file a request for a hearing, or should Truepill request a hearing and then fail to appear at the designated hearing, Truepill shall be deemed to

have waived the right to a hearing, and DEA may cancel such hearing and may enter a final order in this matter without a hearing based upon the evidence presented. *See* 21 C.F.R. §§ 1301.43(d), 1301.43(e).

Requests for hearing should be filed by email with the Office of Administrative Law Judges at the following address: ECF-DEA@dea.gov, with a copy simultaneously provided to the Government at the following address: DEA.Registration.Litigation@dea.gov. Except as provided below with respect to a corrective action plan, correspondence concerning this matter, including requests referenced in paragraphs 1 and 2 above, should be addressed to the Hearing Clerk, Office of Administrative Law Judges, Drug Enforcement Administration, 8701 Morrissette Drive, Springfield, VA 22152. A copy of the same shall also be served on Government counsel, Edward O. Siclari, and be addressed to the Office of Chief Counsel, Diversion and Regulatory Litigation Section, 8701 Morrissette Drive, Springfield, VA 22152. Matters are deemed filed upon receipt by the Hearing Clerk. *See* 21 C.F.R. § 1316.45.

**OPPORTUNITY TO SUBMIT CORRECTIVE ACTION PLAN**

In addition to the procedural options set forth in paragraphs 1 and 2 above, in accordance with 21 U.S.C. § 824(c)(2)(C), Truepill has the opportunity to submit a corrective action plan, which must be received by the Acting Assistant Administrator, Diversion Control Division, on or before the date of its appearance. Truepill is not required to submit a corrective action plan, nor will any adverse inference be drawn if Truepill chooses not to do so. If Truepill wishes to submit a corrective action plan, it must be submitted directly to the Acting Assistant Administrator, Diversion Control Division, who will decide whether, in view of the plan and the allegations set forth in this Order to Show Cause, the proceedings to revoke Truepill's registration should be discontinued, or deferred for the purposes of modification, amendment, or clarification of such plan. Any corrective action plan should be clearly labeled "Corrective Action Plan" and submitted by email to Thomas W. Prevoznik, Acting Assistant Administrator, Diversion Control Division, at the following address: CAPresponse@usdoj.gov.

A copy of the corrective action plan shall also be served on Government counsel, Edward O. Siclari, and be addressed to the Office of Chief Counsel, Diversion and Regulatory Litigation Section, 8701 Morrissette Drive, Springfield, VA 22152.

In the event Truepill submits a corrective action plan and the Acting Assistant Administrator decides not to discontinue or postpone the proceedings, please note that such a decision is not a final determination by the agency regarding Truepill's corrective action plan or registration. In such circumstances, the Administrator may nonetheless consider the corrective action plan in issuing the final order at the conclusion of the proceedings.

Finally, please be advised that the submission of a corrective action plan shall not constitute a request for a hearing under paragraph 1 above or a written statement regarding Truepill's position on the matters of fact and law involved under paragraph 2 above. As indicated, if Truepill chooses to submit a corrective action plan and also wishes to proceed under paragraph 1 or 2 above, it must separately submit its request for a hearing (paragraph 1) or written statement (paragraph 2) in accordance with the instructions above.

**AMENDED SUMMARY ORDER**

NOW on this 20th day of January, 2023, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of PostMeds, Inc dba Truepill ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Amended Summary Order in the above-captioned matter. After reviewing the investigation materials and being otherwise duly advised in the premises, makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board has previously issued Respondent Registration No. 22-104228 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas.

2. On November 6, 2019, the ownership of Respondent's non-resident pharmacy changed.

3. On May 22, 2020, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 3, 2020 with an expiration date of June 30, 2021. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?"

Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

4. On June 1, 2021, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 21, 2021 with an expiration date of June 30, 2022. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?" Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

5. Due to staffing challenges, personnel turnover and administrative oversight resulting from its early, rapid growth and restructuring and the corresponding COVID-19 pandemic, Respondent mistakenly failed to report the 2019 ownership change and related disclosures to the Board in its May 22, 2020 and June 1, 2021 renewal applications.

6. On April 18, 2022, the Board received notification from Respondent of an ownership change and several past disciplinary actions not previously reported to the Board including: North Carolina Board of Pharmacy Consent Order of Discipline dated March 8, 2022; California State Board of Pharmacy Letter of Admonishment dated January 23, 2020; California State Board of Pharmacy Citation and Fine dated June 16, 2020; California State Board of Pharmacy Citation and Fine Order of Abatement dated August 25, 2021; Alabama State Board of Pharmacy Final Order dated October 25, 2021; California State Board of Pharmacy Citation and Fine dated January 24, 2019; and California State Board of Pharmacy Citation dated December 16, 2019.

7. On April 28, 2022, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application ("Respondent's Application"), notifying of the change in ownership effective November 6, 2019, and applying for a new non-resident pharmacy registration under the new ownership.

8. On May 20, 2022, the Board approved Respondent's Application and issued Respondent the new Non-Resident Pharmacy Registration No. of 22-117859 ("Respondent's Registration") under their new ownership.

9. Prior to receiving the ownership change application, registrant provided a letter notifying of the late ownership change, as well as unreported discipline. Ownership change application completed indicating discipline had occurred and providing details of discipline (5 occurrences).

10. In mitigation, Respondent states that it has invested in additional staff, engaged internal and external legal counsel and implemented training efforts to prevent any such reporting oversights in the future.

## CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f), the Board may take action against a registration on any ground that would authorize the board to take action against the registration of a pharmacy under K.S.A. 65-1627, and amendments thereto.

3. Pursuant to K.S.A. 65-1627(e)(1), the Board may take action against the registration of a pharmacy upon a finding that such pharmacy has been operated in such manner

that violations of the provisions of the pharmacy act of the state of Kansas or of the rules and regulations of the board have occurred in connection therewith.

4. Pursuant to K.S.A. 65-1627(e)(4), the Board may take action against the registration of a pharmacy upon a finding that the registrant has had a registration revoked, suspended or limited, has been censured or has had other disciplinary action taken, or an application for registration denied, by the proper registering authority of another state, territory, District of Columbia or other country.

5. Pursuant to K.S.A. 65-1657, no nonresident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

6. Pursuant to K.S.A. 65-1645(f), registrations shall not be transferable.

7. Pursuant to K.A.R. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

8. Pursuant to K.A.R. 68-2-23, each pharmacy owner shall notify the board in writing within 30 days of any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against the pharmacy or the pharmacy owner or any application, license, registration, or permit held by the pharmacy owner.

9. Respondent's registered facility changed ownership on November 6, 2019 but Respondent did not provide notification or file a new application with the Board until April 18 and 28, 2022, respectively.

10. Respondent's failure to submit the complete change of ownership to the Board until April 2022 is a violation pursuant to K.A.R. 68-2-9 and an unlawful transfer of the previous

registration to the new ownership. Respondent's actions are a violation pursuant to K.S.A. 65-1657 and K.S.A. 65-1627(e)(1), and a basis to take action against Respondent's Registration.

## SETTLEMENT AGREEMENT WITH THE STATE OF OHIO BOARD OF PHARMACY

This Settlement Agreement (Agreement) is entered into by the State of Ohio Board of Pharmacy (Board) and Christopher Spitzer, RPh, for the purpose of resolving all issues between the parties relating to the Board investigation of Christopher Spitzer and CVS Pharmacy #6123 for failing to report a pharmacist for arriving to work his scheduled shift at CVS Pharmacy while impaired and under the influence of alcohol. Together, the Board and Christopher Spitzer are referred to hereinafter as "the parties."

## JURISDICTION

1. Pursuant to Section 4729.16 of the Ohio Revised Code and the rules adopted thereunder, the Board has the authority to suspend, revoke, restrict, limit, or refuse to grant or renew any license issued pursuant to Sections 4729.07 and 4729.08 of the Ohio Revised Code to practice pharmacy in the state of Ohio.

2. Christopher Spitzer is a licensed pharmacist in the state of Ohio under license number 03-236754, who was listed as the District Manager at CVS Pharmacy #6123, located at 7500 Beechmont Avenue, Cincinnati, Ohio, at the time of the Allegations in the Notice of Opportunity for Hearing dated March 9, 2022.

## FACTS

1. The Board initiated an investigation of Christopher Spitzer, pharmacist license number 03-236754, and CVS Pharmacy #6123 for failing to report a pharmacist for arriving to work his scheduled shift at CVS Pharmacy while impaired and under the influence of alcohol.

2. On or about March 9, 2022, the Board sent a Notice of Opportunity for Hearing to Christopher Spitzer, which outlined the allegations and provided notice of his right to a hearing, his rights in such hearing, and his right to submit contentions in writing.

3. On or about March 31, 2022, Christopher Spitzer, timely requested an administrative hearing, which was subsequently scheduled for April 6, 2022. Settlement of this matter was reached prior to hearing.

WHEREFORE, the parties desire to resolve the issues relating to the above-referenced findings without resorting to further administrative proceedings.

**TERMS**

NOW THEREFORE, in consideration of the mutual promises herein expressed, the parties knowingly and voluntarily agree as follows:

1. The recitals set forth above are incorporated in this Settlement Agreement as though fully set forth herein.

2. Christopher Spitzer neither admits nor denies the allegations stated in the Notice of Opportunity for hearing letter dated March 9, 2022; however, the Board has evidence sufficient to sustain the allegations, finds them to violate Ohio's pharmacy law as set forth in the Notice, and hereby adjudicates the same.

3. Christopher Spitzer agrees to pay to the Board a monetary penalty in the amount of $250.00. This fine will be attached to Christopher Spitzer' license record and must be paid no later than 180 days from the effective date of this Order. To pay this fine, login to www.elicense.ohio.gov and process the items in the cart.

4. Christopher Spitzer must obtain five hours of approved continuing pharmacy education (0.5 CEUs) which may not also be used for license renewal. The 0.5 CEUs must be completed within six months from the effective date of this agreement. Copies of completed CEUs must be e-mailed to legal@pharmacy.ohio.gov.

5. The Board hereby imposes a written reprimand on Christopher Spitzer's pharmacist license, number 03-236754.

6. Christopher Spitzer agrees to pay all reasonable costs associated with the collection of any payment, and of the prosecution of any violation of this Agreement.

7. Christopher Spitzer understands that he has the right to be represented by counsel for review and execution of this agreement.

8. Christopher Spitzer agrees and acknowledges that this Board disciplinary action must be disclosed to the proper licensing authority of any state or jurisdiction in which he currently holds a professional license, including to the Board on renewal applications or applications for a new license.

9. Christopher Spitzer explicitly withdraws his request for a hearing, waives an opportunity to be heard pursuant to Chapter 119. of the Ohio Revised Code, and waives any right to an appeal.

10. This Agreement may be executed in counterparts or facsimiles, each of which shall be deemed an original, but all of which shall constitute one and the same instrument.

12. This Agreement contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies the terms of this Agreement.

13. If any of the provisions, terms, or clauses of this Agreement are declared illegal, unenforceable, or ineffective by an authority of competent jurisdiction, those provisions, terms, and clauses shall be deemed severable, such that all other provisions, terms, and clauses of this Agreement shall remain valid and binding upon both Parties.
