The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Pharmacy to comply with all terms and conditions of this Final Agency Order.

13. **Integration and Severability.** Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties in this case. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

This document is a Consent Agreement regarding disciplinary action against the mail order pharmacy license of ICORE Healthcare, LLC in the State of Maine. The parties to this Consent Agreement are: ICORE Healthcare, LLC ("ICORE"), the State of Maine Board of Pharmacy ("the Board"), and the Maine Office of the Attorney General ("the Attorney General"). This Consent Agreement is entered into pursuant to 10 M.R.S. § 8003(5-A).

FACTS

1. At all times relevant to this matter, ICORE was licensed by the Board as a mail order pharmacy, license no. MO40001469, located at 6870 Shadowridge Drive, Suite 111, Orlando, Florida.
2. The Board received a change in Pharmacist in Charge application from ICORE on December 2, 2014, which indicated that on November 19, 2014, Scott Richard Grigas took over as the Pharmacist in Charge of ICORE.

4. In its response dated January 23, 2015, ICORE explained that there were extenuating circumstances that led to the delay in notification including a termination of the prior pharmacist in charge due to a compliance concern, the need for the forms to be transmitted between Florida and Maryland for signature, the need to send the application back to Mr. Grigas so that he could initial each page as required, and the Thanksgiving holiday. ICORE apologized and stated that it takes compliance seriously and strives to comply with all rules of pharmacy.
5. Title 32 M.R.S. § 13753(I)(C) provides that change of a Pharmacist in Charge requires notice to the Board no later than seven (7) days after the change. In addition, upon a change in Pharmacist in Charge, a mail order pharmacy shall file a new application with the Board no later than seven (7) days after the change. Board Rule Chapter 11, § 3.
6. On March 5, 2015, following a presentation of the complaint, the Board voted to offer ICORE this Consent Agreement in order to finally resolve Complaint No. 2015 PHA 10772.
7. Absent acceptance of this Consent Agreement by signing and dating it and returning it to Kelly McLaughlin, Senior Consumer Assistance Specialist, 35 State House Station, Augusta, Maine 04333-0035 by April 20, 2015, the Board will resolve this matter by holding an adjudicatory hearing.

Docusign Envelope ID: 65F5CE54-0E5C-4BB4-B5B3-81A38C9F219C

9. ICORE agrees to accept the following discipline:

    a. A REPRIMAND; and

    b. A CIVIL PENALTY in the amount of five hundred dollars ($500.00), payment which shall be made by certified check or money order payable to the "Treasurer, State of Maine" and delivered to Kelly McLaughlin, Senior Consumer Assistance Specialist, Maine Department of Professional and Financial Regulation, 35 State House Station, Augusta, Maine 04333, within thirty (30) days of the execution of this Consent Agreement.

10. This Consent Agreement is not appealable and is effective until modified or rescinded by the parties hereto.

11. Violation of any of the terms or conditions of this Consent Agreement by ICORE shall constitute grounds for discipline, including but not limited to modification, suspension, or revocation of licensure or the denial of licensure or re-licensure.

12. The Board and the Office of the Attorney General may communicate and cooperate regarding any matter related to this Consent Agreement.

13. This Consent Agreement is a public record within the meaning of 1 M.R.S. § 402 and will be available for inspection and copying by the public pursuant to 1 M.R.S. § 408.

IT IS HEREBY STIPULATED by and between the Colorado State Board of Pharmacy ("Board") and Icore Healthcare, LLC ("Respondent Pharmacy"), to resolve all matters pertaining to Board Case Number 2011-000747 as follows:

1. On July 12, 2004, Respondent Pharmacy became registered by the Board as a non-resident prescription drug outlet in the State of Colorado and was issued Registration No. OSP 5519 ("Colorado Registration").

2. The Board has jurisdiction over Respondent Pharmacy, its Colorado Registration, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the provisions of title 12, article 22, C.R.S. (2009), otherwise known as the Pharmaceuticals and Pharmacists Act.

6. Respondent Pharmacy subsequently failed to submit the required data to the PDMP reporting dispensing transactions of controlled substances in the State of Colorado for the reporting period(s) of August 16 through August 25, 2010, and did not submit a "zero" report indicating no dispensing transactions for said reporting period(s) as required by Board rule.

EXHIBIT "1"

Docusign Envelope ID: 65F5CE54-0E5C-4BB4-B5B3-81A38C9F219C

7. Respondent Pharmacy admits that the conduct described above constitutes a violation of §§12-22-125(1)(c) and 12-22-708, C.R.S. and that such conduct provides grounds for disciplinary action against Respondent Pharmacy's Colorado Registration pursuant to Board Policy 30-8.

DISPOSITION

$5,000.00 Fine with 10% Surcharge and Terms

8. **Fine with Surcharge.** Respondent Pharmacy accepts the following discipline: Pursuant to §12-22-125.2(5), C.R.S. Respondent Pharmacy shall pay a fine of **Five Thousand Dollars and No Cents ($5,000.00).** Respondent Pharmacy understands and acknowledges that, pursuant to §24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies shall impose an additional surcharge of 10% of this fine. Respondent Pharmacy shall therefore pay a total amount of **Five Thousand, Five Hundred Dollars and No Cents ($5,500.00).** The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Pharmacy submits this signed Final Agency Order to the Board.

9. **Compliance with PDMP.** At all times Respondent Pharmacy is registered with the Colorado State Board of Pharmacy, it shall comply with the data submission requirements of the PDMP. Respondent Pharmacy understands and acknowledges that future violations of PDMP reporting requirements, including failure to submit a "zero" report in the event of no dispensing transactions in Colorado during the relevant reporting period, shall lead to additional penalties pursuant to Board Policy 30-8.

10. **Advisements and Waivers.** Respondent Pharmacy enters into this Final Agency Order freely and voluntarily, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so. Respondent Pharmacy acknowledges its understanding that it has the following rights:

    c. To have a formal disciplinary hearing pursuant to §12-22-125, C.R.S.; and

    d. To appeal this Board order.

Respondent Pharmacy freely **waives** these rights, and acknowledges that such waiver is made voluntarily in consideration for the Board's limiting the action taken against it to the sanctions imposed herein.

11. **Acknowledgments.** The undersigned authorized agent of Respondent Pharmacy has read this Final Agency Order in its entirety and acknowledges, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so, that Respondent Pharmacy understands the legal consequences and agrees that none of the terms or conditions herein is unconscionable. Respondent Pharmacy acknowledges and agrees that any violation of this Final Agency Order may be sanctioned as provided under §12-22-125.2(4), C.R.S., and may be sufficient grounds for additional discipline, including but not limited to revocation of its registration. The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Pharmacy to comply with all terms and conditions of this Final Agency Order.

13. **Integration and Severability.** Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties in this case. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF THE DISCIPLINARY PROCEEDING REGARDING THE NON-RESIDENT PRESCRIPTION DRUG OUTLET REGISTRATION OF ICORE HEALTHCARE, LLC, REGISTRATION NO. OSP 5519,

RESPONDENT PHARMACY.

IT IS HEREBY STIPULATED by and between the Colorado State Board of Pharmacy ("Board") and Icore Healthcare, LLC ("Respondent Pharmacy"), to resolve all matters pertaining to Board Case Number 2011-000747 as follows:

1. On July 12, 2004, Respondent Pharmacy became registered by the Board as a non-resident prescription drug outlet in the State of Colorado and was issued Registration No. OSP 5519 ("Colorado Registration").

2. The Board has jurisdiction over Respondent Pharmacy, its Colorado Registration, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the provisions of title 12, article 22, C.R.S. (2009), otherwise known as the Pharmaceuticals and Pharmacists Act.

3. Respondent Pharmacy's address of record with the Board and current location is 855 SW 78th Ave., Ste.110, Plantation, FL 33324.

4. Respondent Pharmacy admits these findings and hereby waives any further proof in this or any other proceeding before the Board regarding the following facts.

6. Respondent Pharmacy subsequently failed to submit the required data to the PDMP reporting dispensing transactions of controlled substances in the State of Colorado for the reporting period(s) of August 16 through August 25, 2010, and did not submit a "zero" report indicating no dispensing transactions for said reporting period(s) as required by Board rule.

7. Respondent Pharmacy admits that the conduct described above constitutes a violation of §§12-22-125(1)(c) and 12-22-708, C.R.S. and that such conduct provides grounds for disciplinary action against Respondent Pharmacy's Colorado Registration pursuant to Board Policy 30-8.

DISPOSITION

$5,000.00 Fine with 10% Surcharge and Terms

8. **Fine with Surcharge.** Respondent Pharmacy accepts the following discipline: Pursuant to §12-22-125.2(5), C.R.S. Respondent Pharmacy shall pay a fine of **Five Thousand Dollars and No Cents ($5,000.00).** Respondent Pharmacy understands and acknowledges that, pursuant to §24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies shall impose an additional surcharge of 10% of this fine. Respondent Pharmacy shall therefore pay a total amount of **Five Thousand, Five Hundred Dollars and No Cents ($5,500.00).** The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Pharmacy submits this signed Final Agency Order to the Board.

9. **Compliance with PDMP.** At all times Respondent Pharmacy is registered with the Colorado State Board of Pharmacy, it shall comply with the data submission requirements of the PDMP. Respondent Pharmacy understands and acknowledges that future violations of PDMP reporting requirements, including failure to submit a "zero" report in the event of no dispensing transactions in Colorado during the relevant reporting period, shall lead to additional penalties pursuant to Board Policy 30-8.

10. **Advisements and Waivers.** Respondent Pharmacy enters into this Final Agency Order freely and voluntarily, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so. Respondent Pharmacy acknowledges its understanding that it has the following rights:

    b. To respond to said formal notice of charges;

    c. To have a formal disciplinary hearing pursuant to §12-22-125, C.R.S.; and

    d. To appeal this Board order.

    Respondent Pharmacy freely **waives** these rights, and acknowledges that such waiver is made voluntarily in consideration for the Board's limiting the action taken against it to the sanctions imposed herein.

11. **Acknowledgments.** The undersigned authorized agent of Respondent Pharmacy has read this Final Agency Order in its entirety and acknowledges, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so, that Respondent Pharmacy understands the legal consequences and agrees that none of the terms or conditions herein is unconscionable. Respondent Pharmacy further acknowledges that it is not entering into this Final Agency Order under any duress.

12. **Violations.** Time is of the essence to this Final Agency Order. It is the responsibility of Respondent Pharmacy to take all appropriate steps to comply fully with this Final Agency Order. Respondent Pharmacy acknowledges and agrees that any violation of this Final Agency Order may be sanctioned as provided under §12-22-125.2(4), C.R.S., and may be sufficient grounds for additional discipline, including but not limited to revocation of its registration. The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Pharmacy to comply with all terms and conditions of this Final Agency Order.

13. **Integration and Severability.** Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties in this case. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

14. **Public Record.** Upon execution by all parties, this Final Agency Order shall be a public record, maintained in the custody of the Board.

15. **Effective Date.** This Final Agency Order shall become effective upon signature of a Board member or representative.

PARTIES

This document is a Consent Agreement regarding disciplinary action against the mail order pharmacy license of ICORE Healthcare, LLC in the State of Maine. The parties to this Consent Agreement are: ICORE Healthcare, LLC ("ICORE"), the State of Maine Board of Pharmacy ("the Board"), and the Maine Office of the Attorney General ("the Attorney General"). This Consent Agreement is entered into pursuant to 10 M.R.S. § 8003(5-A).

FACTS

1. At all times relevant to this matter, ICORE was licensed by the Board as a mail order pharmacy, license no. MO40001469, located at 6870 Shadowridge Drive, Suite 111, Orlando, Florida.
2. The Board received a change in Pharmacist in Charge application from ICORE on December 2, 2014, which indicated that on November 19, 2014, Scott Richard Grigas took over as the Pharmacist in Charge of ICORE.
3. Board Investigator Thomas Avery filed a complaint with the Board alleging that ICORE had failed to timely notify the Board of the change in the Pharmacist in Charge as required, which the Board docketed as Complaint No. 2015 PHA 10772.

Docusign Envelope ID: 65F5CE54-0E5C-4BB4-B5B3-81A38C9F219C

4. In its response dated January 23, 2015, ICORE explained that there were extenuating circumstances that led to the delay in notification including a termination of the prior pharmacist in charge due to a compliance concern, the need for the forms to be transmitted between Florida and Maryland for signature, the need to send the application back to Mr. Grigas so that he could initial each page as required, and the Thanksgiving holiday. ICORE apologized and stated that it takes compliance seriously and strives to comply with all rules of pharmacy.
5. Title 32 M.R.S. § 13753(1)(C) provides that change of a Pharmacist in Charge requires notice to the Board no later than seven (7) days after the change. In addition, upon a change in Pharmacist in Charge, a mail order pharmacy shall file a new application with the Board no later than seven (7) days after the change. Board Rule Chapter 11, § 3.
6. On March 5, 2015, following a presentation of the complaint, the Board voted to offer ICORE this Consent Agreement in order to finally resolve Complaint No. 2015 PHA 10772.
7. Absent acceptance of this Consent Agreement by signing and dating it and returning it to Kelly McLaughlin, Senior Consumer Assistance Specialist, 35 State House Station, Augusta, Maine 04333-0035 by April 20, 2015, the Board will resolve this matter by holding an adjudicatory hearing.

COVENANTS

8. ICORE admits the facts stated above and that such conduct constitutes grounds for discipline pursuant to 10 M.R.S. §§ 8003(5-A)(A)(4),(5), 32 M.R.S. § 13753(1)(C), and Board Rule Chapter 11, § 3, for its failure to notify the Board of the change in Pharmacist in Charge and file the required application within seven (7) days of the change.

Docusign Envelope ID: 65F5CE54-0E5C-4BB4-B5B3-81A38C9F219C

    a. A REPRIMAND; and

    b. A CIVIL PENALTY in the amount of five hundred dollars ($500.00), payment which shall be made by certified check or money order payable to the "Treasurer, State of Maine" and delivered to Kelly McLaughlin, Senior Consumer Assistance Specialist, Maine Department of Professional and Financial Regulation, 35 State House Station, Augusta, Maine 04333, within thirty (30) days of the execution of this Consent Agreement.

10. This Consent Agreement is not appealable and is effective until modified or rescinded by the parties hereto.

11. Violation of any of the terms or conditions of this Consent Agreement by ICORE shall constitute grounds for discipline, including but not limited to modification, suspension, or revocation of licensure or the denial of licensure or re-licensure.

12. The Board and the Office of the Attorney General may communicate and cooperate regarding any matter related to this Consent Agreement.

13. This Consent Agreement is a public record within the meaning of 1 M.R.S. § 402 and will be available for inspection and copying by the public pursuant to 1 M.R.S. § 408.

Case No. 2011-000747

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF THE DISCIPLINARY PROCEEDING REGARDING THE NON-RESIDENT PRESCRIPTION DRUG OUTLET REGISTRATION OF ICORE HEALTHCARE, LLC, REGISTRATION NO. OSP 5519,

RESPONDENT PHARMACY.

IT IS HEREBY STIPULATED by and between the Colorado State Board of Pharmacy ("Board") and Icore Healthcare, LLC ("Respondent Pharmacy"), to resolve all matters pertaining to Board Case Number 2011-000747 as follows:

1. On July 12, 2004, Respondent Pharmacy became registered by the Board as a non-resident prescription drug outlet in the State of Colorado and was issued Registration No. OSP 5519 ("Colorado Registration").

2. The Board has jurisdiction over Respondent Pharmacy, its Colorado Registration, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the provisions of title 12, article 22, C.R.S. (2009), otherwise known as the Pharmaceuticals and Pharmacists Act.

3. Respondent Pharmacy's address of record with the Board and current location is 855 SW 78th Ave., Ste.110, Plantation, FL 33324.

4. Respondent Pharmacy admits these findings and hereby waives any further proof in this or any other proceeding before the Board regarding the following facts.

5. On April 14, 2010, Board staff initiated a Complaint against Respondent Pharmacy because it failed to comply with the data submission requirements of Colorado's Electronic Prescription Drug Monitoring Program ("PDMP") for the reporting period(s) of April 1 through April 10, 2010.

6. Respondent Pharmacy subsequently failed to submit the required data to the PDMP reporting dispensing transactions of controlled substances in the State of Colorado for the reporting period(s) of August 16 through August 25, 2010, and did not submit a "zero" report indicating no dispensing transactions for said reporting period(s) as required by Board rule.

EXHIBIT "1"

Docusign Envelope ID: 65F5CE54-0E5C-4BB4-B5B3-81A38C9F219C

7. Respondent Pharmacy admits that the conduct described above constitutes a violation of §§12-22-125(1)(c) and 12-22-708, C.R.S. and that such conduct provides grounds for disciplinary action against Respondent Pharmacy's Colorado Registration pursuant to Board Policy 30-8.

DISPOSITION

$5,000.00 Fine with 10% Surcharge and Terms

8. **Fine with Surcharge.** Respondent Pharmacy accepts the following discipline: Pursuant to §12-22-125.2(5), C.R.S. Respondent Pharmacy shall pay a fine of **Five Thousand Dollars and No Cents ($5,000.00).** Respondent Pharmacy understands and acknowledges that, pursuant to §24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies shall impose an additional surcharge of 10% of this fine. Respondent Pharmacy shall therefore pay a total amount of **Five Thousand, Five Hundred Dollars and No Cents ($5,500.00).** The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Pharmacy submits this signed Final Agency Order to the Board.

9. **Compliance with PDMP.** At all times Respondent Pharmacy is registered with the Colorado State Board of Pharmacy, it shall comply with the data submission requirements of the PDMP. Respondent Pharmacy understands and acknowledges that future violations of PDMP reporting requirements, including failure to submit a "zero" report in the event of no dispensing transactions in Colorado during the relevant reporting period, shall lead to additional penalties pursuant to Board Policy 30-8.

10. **Advisements and Waivers.** Respondeht Pharmacy enters into this Final Agency Order freely and voluntarily, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so. Respondent Pharmacy acknowledges its understanding that it has the following rights:

    a. To have a formal notice of hearing and charges served upon it;

    b. To respond to said formal notice of charges;

    c. To have a formal disciplinary hearing pursuant to §12-22-125, C.R.S.; and

    d. To appeal this Board order.

Respondent Pharmacy freely **waives** these rights, and acknowledges that such waiver is made voluntarily in consideration for the Board's limiting the action taken against it to the sanctions imposed herein.

11. **Acknowledgments.** The undersigned authorized agent of Respondent Pharmacy has read this Final Agency Order in its entirety and acknowledges, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so, that Respondent Pharmacy understands the legal consequences and agrees that none of the terms or conditions herein is unconscionable. Respondent Pharmacy is not relying on any statements, promises or representations from the Board other than as may be contained in this Final Agency Order. Respondent Pharmacy further acknowledges that it is not entering into this Final Agency Order under any duress.

12. **Violations.** Time is of the essence to this Final Agency Order. It is the responsibility of Respondent Pharmacy to take all appropriate steps to comply fully with this Final Agency Order. Respondent Pharmacy acknowledges and agrees that any violation of this Final Agency Order may be sanctioned as provided under §12-22-125.2(4), C.R.S., and may be sufficient grounds for additional discipline, including but not limited to revocation of its registration. The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Pharmacy to comply with all terms and conditions of this Final Agency Order.

13. **Integration and Severability.** Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties in this case. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

14. **Public Record.** Upon execution by all parties, this Final Agency Order shall be a public record, maintained in the custody of the Board.

15. **Effective Date.** This Final Agency Order shall become effective upon signature of a Board member or representative.

Depyrongenation/Sterilization and Testing for Extended BUDs	**COMPLIANT**	**NON COMPLIANT**	**N/A**	**NOT INSPECTED**
Sterilization method is appropriate for of the component(s), their physical and chemical properties, and the intended container closure system. *(USP 797 10)*			X	
The sterilization method used must sterilize the CSP without degrading its physical and chemical stability (e.g., affecting its strength, purity, or quality) or the packaging integrity. (See USP 1229) *(USP 797 10)*			X	
CSPs that are terminally sterilized (e.g., steam, dry heat, or irradiation) must use a process intended to achieve a probability of a nonsterile unit (PNSU) of 10–6. *(USP 797 10)*			X	
Injectable compounded preparations that contain nonsterile components or that come into contact with nonsterile devices (e.g., containers, tubing) during any phase of the compounding procedure must be sterilized within 6 h after completing the preparation to minimize the generation of bacterial endotoxins in CSPs. *(USP 797 10)*			X	
A description of the terminal sterilization and depyrogenation process, including the temperature, pressure (if applicable), duration, permissible load conditions for each cycle, and the use of biological indicators and endotoxin challenge vials (ECVs) must be included in the facility's SOPs. *(USP 797 10)*			X	
SOPs must include training and competency of personnel on all sterilization methods and equipment used by the facility. *(USP 797 10)*			X	
SOPs must include a schedule and method for establishing and verifying the effectiveness of the terminal sterilization and depyrogenation methods selected. *(USP 797 10)*			X	
SOPs must include the methods for maintaining and cleaning the sterilizing and depyrogenation equipment. *(USP 797 10)*			X	
Dry heat depyrogenation must be used to render glassware, metal, and other thermostable containers and components pyrogen free. *(USP 797 10.1)*			X	
Depyrogenation processes typically operate at a range of temperatures, from approximately 170°–400°, depending on the exposure time (e.g., a cycle might hold the items at 250° for 30 min to achieve sterility and depyrogenation). *(USP 797 10.1)*			X	
The items must remain at the depyrogenation temperature for the duration of the depyrogenation period. *(USP 797 10.1)*			X	
The effectiveness of the dry heat depyrogenation cycle must be established initially and verified annually using ECVs to demonstrate that the cycle is capable of achieving a ≥3-log reduction in endotoxins (see *Bacterial Endotoxins Test 85*). *(USP 797 10.1)*			X	
The effectiveness of the depyrogenation cycle must be re-established if there are changes to the depyrogenation cycle described in SOPs (e.g., changes in load conditions, duration, or temperature). *(USP 797 10.1)*			X	
This verification must be documented. *(USP 797 10.1)*			X	
Items that are not thermostable must be depyrogenated by multiple rinses with sterile, nonpyrogenic water (e.g., Sterile Water for			X	

Injection or Sterile Water for Irrigation) and then thoroughly drained or dried immediately before use in compounding (see Depyrogenation by Rinsing 1228.4). *(USP 797 10.1)*				
Sterilization by Filtration: Sterilizing filters must be sterile, depyrogenated, have a nominal pore size of 0.22 µm or smaller, and be appropriate for pharmaceutical use. *(USP 797 10.2)*			X	
Sterilization by Filtration: Sterilizing filters with labeling that states "for laboratory use only" or a similar statement must not be used for compounding CSPs. *(USP 797 10.2)*			X	
Sterilization by Filtration: Sterilizing filters must be certified by the manufacturer to retain at least 107 microorganisms of a strain of *Brevundimonas diminuta* per square centimeter of upstream filter surface area under conditions similar to those in which the CSPs will be filtered (i.e., pressure, flow rate, and volume filtered). *(USP 797 10.2)*			X	
Sterilization by Filtration: The designated person(s) must ensure—from available published information, from supplier documentation, or through direct challenge (e.g., filtering the CSP)—that the filters: 1) are chemically and physically compatible with all ingredients in the CSP (e.g., water-miscible alcohols may damage filter integrity); 2) are chemically stable at the pressure and temperature conditions that will be used; and 3) have enough capacity to filter the required volumes. *(USP 797 10.2)*			X	
Sterilization by Filtration: ***Recommended:*** The filter dimensions and the CSP to be sterilized by filtration ***should*** permit the sterilization process to be completed without the need for replacement of the filter during the process. *(USP 797 10.2)*			X	
Sterilization by Filtration: Filter units used to sterilize CSPs must be subjected to the manufacturers' recommended integrity testing, such as a post-use bubble point test. *(USP 797 10.2)*			X	
Sterilization by Filtration: If multiple filters are required for the compounding process, each of the filters must pass a filter-integrity test. *(USP 797 10.2)*			X	
Sterilization by Filtration: A prefiltration step must be performed using a filter of larger nominal pore size (e.g., 1.2 µm) or a separate filter of larger nominal pore size should be placed upstream of (i.e., prior to) the sterilizing filter to remove gross particulate contaminants before the CSP is passed through the sterilizing-grade filter. *(USP 797 10.2)*			X	
Sterilization by Filtration: ***Recommended:*** Excessive particulate matter requiring a prefiltration step could potentially be a signal of an inappropriate formulation and the process ***should*** be assessed and modified if necessary. *(USP 797 10.2)*			X	
Sterilization by Filtration: CSPs that were prepared using a filter that failed integrity tests must be discarded or, after investigating the cause of the failure and selection of an appropriate filter, refiltered for sterilization not more than one additional time. *(USP 797 10.2)*			X	
Sterilization by Steam Heat: To achieve sterility, all materials must be directly exposed to steam under adequate pressure for the length of time necessary, as determined by use of appropriate biological indicators, to render the items sterile (e.g., 20–60 min at 121° saturated steam under a pressure of 15 psi, depending on the volume or size of the CSP being sterilized). *(USP 797 10.3)*			X	
Sterilization by Steam Heat: The duration of the exposure period must include sufficient time for the entire contents of the CSP and other items to reach the sterilizing temperature. *(USP 797 10.3)*			X	
Sterilization by Steam Heat: The CSP and other items must remain at the sterilizing temperature for the duration of the sterilization period. *(USP 797 10.3)*			X	
Sterilization by Steam Heat: CSPs must be placed in the autoclave to allow steam to reach the CSPs without entrapment of air. *(USP 797 10.3)*			X	
Sterilization by Steam Heat: When preparing items that must be wrapped for steam sterilization, wrap them in low-lint protective fabric or paper or seal in envelopes that will permit steam penetration and are designed to minimize the risk of post-sterilization microbial contamination. *(USP 797 10.3)*			X	
Sterilization by Steam Heat: Immediately before filling containers that will be steam sterilized, solutions must be passed through a filter with a nominal pore size of not larger than 1.2 µm for removal of particulate matter. *(USP 797 10.3)*			X	
Sterilization by Steam Heat: Sealed containers must be able to generate steam internally. *(USP 797 10.3)*			X	
Sterilization by Steam Heat: Stoppered and crimped empty vials must contain a small amount of sterile water to generate steam. *(USP 797 10.3)*			X	

Sterilization by Steam Heat: The effectiveness of steam sterilization must be verified and documented with each sterilization run or load by using appropriate biological indicators. *(USP 797 10.3)*			X	
Sterilization by Steam Heat: The steam supplied must be generated using water per the manufacturer's recommendation. *(USP 797 10.3)*			X	
Sterilization by Steam Heat: A calibrated data recorder or chart must be used to monitor each cycle and to examine for cycle irregularities (e.g., deviations in temperature or pressure). *(USP 797 10.3)*			X	
Sterilization by Steam Heat: The date, run, and load numbers of the steam sterilizer used to sterilize a CSP must be documented in the CR. *(USP 797 10.3)*			X	
Sterilization by Dry Heat: The duration of the exposure period must include sufficient time for the entire contents of CSPs and other items to reach the sterilizing temperature. *(USP 797 10.4)*			X	
Sterilization by Dry Heat: The CSP and other items must remain at the sterilizing temperature for the duration of the sterilization period. *(USP 797 10.4)*			X

Sterilization by Dry Heat: Heated air must be evenly distributed throughout the chamber, which is typically accomplished by an air blower. *(USP 797 10.4)*			X	
Sterilization by Dry Heat: The calibrated oven must be equipped with temperature controls and a timer. *(USP 797 10.4)*			X	
Sterilization by Dry Heat: During sterilization, sufficient space must be left between materials to allow for circulation of the hot air. *(USP 797 10.4)*			X	
Sterilization by Dry Heat: A calibrated data recorder or chart must be used to monitor each cycle and the data must be reviewed to identify cycle irregularities (e.g., deviations in temperature or exposure time). *(USP 797 10.4)*			X	
Sterilization by Dry Heat: The effectiveness of the dry heat sterilization method must be verified and documented with each sterilization run or load using appropriate biological indicators such as spores of *Bacillus atrophaeus* and other confirmation methods (e.g., temperature-sensing devices). *(USP 797 10.4)*			X

Sterility Testing: For Category 2 CSPs assigned a BUD that requires sterility testing and all Category 3 CSPs, the testing must be performed according to USP 71 or a validated alternative method (see 1223) that is noninferior to 71 testing. *(USP 797 12.2)*			X	
Sterility Testing: If sterility testing is performed, the minimum quantity of each container is tested for each media as specified in 71, *Table 2*, and the required number of containers is tested in relation to the batch size as specified in 71, *Table 3*. *(USP 797 12.2)*			X	
Sterility Testing: The maximum batch size for all CSPs requiring sterility testing must be limited to 250 final yield units. *(USP 797 12.2)*			X	
Sterility Testing: If the number of CSPs to be compounded in a single batch is less than the number of CSPs needed for testing as specified in 71, *Table 3*, additional units must be compounded to perform sterility testing as follows: • If 1–39 CSPs are compounded in a single batch, the sterility testing must be performed on a number of units equal to 10% of the number of CSPs prepared, rounded up to the next whole number. • If more than 40 CSPs are prepared in a single batch, the sample sizes specified in 71, *Table 3* must be used. *(USP 797 12.2)*			X	
Sterility Testing: If sterility testing is performed according to 71, the *Method Suitability Test* from that chapter must be performed to ensure that contamination can be recovered. *(USP 797 12.2)*			X	
Sterility Testing: If performing sterility testing according to 71, the *Membrane Filtration* method from that chapter is the method of choice when the CSP formulation permits. *(USP 797 12.2)*			X	
Sterility Testing: If an alternative method is used for sterility testing, the method must be validated (see 1223) and demonstrated to be suitable for that CSP formulation. *(USP 797 12.2)*			X	
Sterility Testing: Sterility tests resulting in failures must prompt an investigation into the possible causes and must include identification			X	

of the microorganism, as well as an evaluation of the sterility testing procedure, compounding facility, process, and/or personnel that may have contributed to the failure. *(USP 797 12.2)*				
Sterility Testing: The source(s) of the contamination, if identified, must be corrected, and the facility must determine whether the conditions causing the sterility failure affect other CSPs. *(USP 797 12.2)*			X	
Sterility Testing: The investigation and resulting corrective actions must be documented. *(USP 797 12.2)*			X

The Board heard the case and, based on the evidence presented, the Board makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

The Board finds that probative evidence exists in the record to establish each of the following facts by a preponderance of the evidence:

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Ajumobi Charles Agu, MD, held a Nevada controlled substance registration, Certificate of Registration No. CS21324, issued by the Board.

2. Respondent last reviewed his MyRx prescriber activity in the Nevada Prescription Monitoring Program database on November 23, 2021.

4. On or about July 14, 2023, Board staff served Respondent with notice that the suspension of his NSBME License No. 8857 operated as an immediate suspension of his Certificate of Registration No. CS21324 with the Board pursuant to NRS 639.2107, and that Respondent must immediately cease and desist possessing, administering and/or prescribing controlled substances for Nevada patients.

5. Respondent issued multiple electronic prescriptions for controlled substances after the suspension of his Certificate of Registration No. CS21324.

9. Board staff incurred at least $4,065.51 in attorney's fees and recoverable costs investigating and prosecuting this administrative action. The attorney's fees are reasonable based upon legal counsel's professional qualities, the nature of this administrative enforcement action, the work performed, and the result as evidenced by this Order.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Paula Lynne Santos, RPh (Santos), Certificate of Registration No. 20578, and Respondent Nazokat Nigmatova, RPh (Nigmatova), Certificate of Registration No. 20601, were pharmacists registered with the Board, and Respondent Evergreen Pharmacy (Evergreen), Pharmacy License No. PH04174, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Nigmatova was employed as managing pharmacist of Evergreen from January 12, 2022, to October 24, 2022, and Santos was employed as managing pharmacist of Evergreen from October 24, 2022, to August 25, 2023.

3. On January 5, 2023, a Board inspector conducting an annual inspection of Evergreen found multiple violations of law:

A. The biennial controlled substance inventory dated 12/31/21 contained white-out on both the CII and CIII-V sections, in violation of 21 CFR 1304.11.

B. There was no pharmacist signature on the CII invoices acknowledging receipt of the product, in violation of NRS 453.251, NAC 639.487 and NAC 639.523.

G. The pharmaceutical technician in training logs for Karen Gonzalez, Certificate of Registration No. PT29263, and Arleth Valencia, Certificate of Registration No. PT28486, did not identify the year that training was done, only had the name of the technician on the first page, and had no signature or log by the pharmacist or technician, in violation of NAC 639.240(1) and NAC 639.247(1)(b).

H. During the inspection, 2 pharmacists and 7 technicians were observed working, in violation of the pharmacist/technician ration set forth in NAC 639.250(1).

I. Two refrigerators containing dispensed medications were outside the appropriate temperature range at the time of inspection: 49.3 and 48.2 degrees F; there was no temperature log to determine how long the refrigerators had been outside the temperature range; and the refrigerator storing inventory medications was reported to have an electronic temperature

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **vs.** **EVERGREEN PHARMACY, INC.** **Pharmacy License No. PH04174,** **Respondent.**	**Case No. 23-007-PH-S** **ANSWER AND NOTICE OF DEFENSE**

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-entitled matter before the Nevada State Board of Pharmacy, declares:

1. That Evergreen Pharmacy, Inc. objects to the Notice of Intended Action and Accusation as being incomplete or failing to state clearly the charges, on the following grounds:

The allegations are not properly substantiated with reference materials and/or exhibits. The Notice of Intended Action and Accusation (the "NIAA") makes reference to various documents, including but not limited to:

A) Annual Inspection Report dated January 5, 2023;

B) Biennial Controlled Substance Inventory dated December 12, 2021; and

C) Manual CII Log dated June 2022;

but fails to provide copies of said documents as reference for verification.

Given the lack of reference provided in the NIAA, Evergreen Pharmacy, in preparation for the scheduled hearing on this matter, requests that all documents referenced in this NIAA, along with all previous communication from Evergreen sent to the Board of Pharmacy in response to said documents be sent to Evergreen at the following address:

c/o Paradise Law LLC; PO Box 96537, Las Vegas, NV 89193; EPI@paradiselaw.com

2. That, in answer to the Notice of Intended Action and Accusation, Evergreen Pharmacy, Inc. admits, denies, and alleges as follows:

A. Pamela Kalyan was employed as managing pharmacist of Evergreen from opening day until January 12, 2022 but remained employed as a pharmacist at Evergreen until she terminated her position at the close of business on Friday, December 30, 2022.

B. Nazokat Nigmatova was employed as managing pharmacist of Evergreen from January 12, 2022 to October 24, 2022 but, due to personal reasons, moved to New York in May of 2022. Between May – October 2022, Ms. Nigmatova traveled intermittently to Nevada to work with Ms. Kalyan performing her inventory and reporting duties as managing pharmacist while Evergreen sought out an alternate managing pharmacist.

C. Paula Santos was employed as managing pharmacist of Evergreen from on or about October 24, 2022 until around August 2023. During the first couple months of her employment as managing pharmacist, Ms. Santos also worked with Ms. Kalyan to learn and perform her inventory and reporting duties.

D. On or about January 3, 2023 (not January 5 as noted in the NIAA), the next business day after pharmacist Ms. Kalyan departed the company,[1] a Board inspector conducted an annual inspection of Evergreen. Following this inspection, a telephone call between the Board inspector and Mr. Molokhia (the President of Evergreen Pharmacy, Inc.), and subsequent inspection report, Evergreen submitted a response to the Board of Pharmacy (the "Response") that provided resolution to all matters that were raised during this inspection.

E. Biennial reports were performed by Ms. Kalyan, Ms. Nigmatova, and Ms. Santos, during their employment, as required. A biennial controlled substance inventory was performed annually,

[1] Ms. Kalyan terminated her position at the close of business on Friday, December 30, 2022; Evergreen Pharmacy was closed over the New Year weekend, and reopened on Tuesday, January 3, 2023. The Board inspector arrived at Evergreen at about 10am that day... the next business day after Ms. Kalyan's departure.

at the transition date from one managing pharmacist to the next, and there was an additional inventory taken in June 2022 by Ms. Nigmatova. During the inspection, however, due to Ms. Kalyan's recent and unexpected departure, some of these documents were not readily found. At the time of the inspection, Ms. Santos was in the process of finding and organizing the files and reports that Ms. Kalyan was previously responsible for maintaining. It is my understanding and belief that this information was later provided in the Response.

F. All CII products were recorded electronically. If, during the inspection, Ms. Santos was unable to access the electronic records, it is my understanding and belief that this information was later provided in the Response.

G. As noted in (E) above, at the time of the referenced inspection, due to Ms. Kalyan's recent and unexpected departure, Ms. Santos was in the process of finding and organizing the files and reports that Ms. Kalyan was previously responsible for maintaining. If the sign-in log information was not accessible at the time of the inspection, it is my understanding and belief that this information was later provided in the Response.

H. Valeria Tafoya was already licensed by the Board of Pharmacy as pharmaceutical technician—with no training requirement.

I. In regard to Karen Gonzalez and Arleth Valencia, adequate training logs were maintained in accordance with NAC 639.247(1)(b)("*Maintain a written record that includes: (1) Documentation of the completion of the orientation and training required for each pharmaceutical technician that demonstrates the competency of the pharmaceutical technician to perform the tasks assigned to him or her. (2) Evidence that each pharmaceutical technician has read and is familiar with the written policies of the pharmacy and state and federal laws relating to the practice of pharmacy.*"). The deficiencies alleged in the NIAA are not specific requirements under NAC 639.247(1)(b).

J. As noted in (A) above, Ms. Kalyan terminated her position the previous business day prior to the referenced inspection. On the morning of January 3, 2023, Ms. Kalyan was scheduled to work. Had she not terminated her position, there would have been a 3:7 ratio of pharmacists to technicians—well above the requirements; and 4:7 ratio by the afternoon when the next pharmacist was scheduled. Due to Ms. Kalyan's absence, however, the next scheduled pharmacist was asked to come to work earlier than planned, and even arrived prior to the completion of the inspection. In fact, upon arrival, the third pharmacist met with and spoke to the Board inspector.

K. Pursuant to NAC 639.527(3)(c), all medications that were expired due to the refrigeration failure were properly disposed and recorded. It is my understanding and belief that this information was provided to the Board of Pharmacy in the Response.

3. Respondent concludes that:

In regard to COUNT ONE, Ms. Nigmatova and Ms. Santos neither violated, attempted to violate, assisted, or abetted in the violation of nor conspired to violate 21 CFR 1304.04; 1304.11. All inventory reporting requirements, during the times of their employment, were completed more often than that required. Due to Ms. Kalyan's sudden and unexpected departure from Evergreen, these documents were not readily accessible at the time of the noted inspection but were provided to the BOP in Evergreen's subsequent Response. Furthermore, Ms. Nigmatova was not responsible for any pharmacy activity or record keeping after her October 2022 termination. As such, this COUNT should not reflect negatively on either Ms. Nigmatova or Ms. Santos.

In regard to COUNT TWO, Ms. Nigmatova and Ms. Santos neither violated, attempted to violate, assisted, or abetted in the violation of nor conspired to violate **NRS 453.235**[2]; 251; **475**[3];

[2] Ms. Nigmatova and Ms. Santos did not violate NRS 453.235 specifically, as it does not appear to exist.
[3] Ms. Nigmatova and Ms. Santos did not violate NRS 453.475 specifically, as it does not appear to exist.

NAC 639.240(1); 245(1); 247(1)(b); 250(1); 254(2); 485; 487; 523; and/or 527. All actions performed during their employment were conducted in compliance with all regulations and codes. Furthermore, Ms. Nigmatova was not responsible for any pharmacy activity or record keeping after her October 2022 termination. As such, this COUNT should be dismissed.

In regard to COUNT THREE, Ms. Nigmatova and Ms. Santos have performed all of their duties as managing pharmacists in a competent, skillful, and professional manner. If any associate of Evergreen failed to perform in this manner, this would not be tolerated and the associate would have immediately been terminated. Furthermore, Ms. Nigmatova was not responsible for any pharmacy activity or record keeping after her October 2022 termination. As such, this COUNT should be dismissed.

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to the best of my knowledge.

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Paula Lynne Santos, RPh (Santos), Certificate of Registration No. 20578, and Respondent Nazokat Nigmatova, RPh (Nigmatova), Certificate of Registration No. 20601, were pharmacists registered with the Board, and Respondent Evergreen Pharmacy (Evergreen), Pharmacy License No. PH04174, was a pharmacy licensed by the Board.

3. On January 5, 2023, a Board inspector conducting an annual inspection of Evergreen found multiple violations of law:

A. The biennial controlled substance inventory dated 12/31/21 contained white-out on both the CII and CIII-V sections, in violation of 21 CFR 1304.11.

B. There was no pharmacist signature on the CII invoices acknowledging receipt of the product, in violation of NRS 453.251, NAC 639.487 and NAC 639.523.

C. Santos was unable to electronically retrieve a record of on hand quantities for CII products; the manual CII log had not been updated since 6/2022; and the pharmacy had not performed back-counting on CII products, in violation of 21 CFR 1304.04, 21 CFR 1304.11, NRS 453.246 and NAC 639.485.

G. The pharmaceutical technician in training logs for Karen Gonzalez, Certificate of Registration No. PT29263, and Arleth Valencia, Certificate of Registration No. PT28486, did not identify the year that training was done, only had the name of the technician on the first page, and had no signature or log by the pharmacist or technician, in violation of NAC 639.240(1) and NAC 639.247(1)(b).

H. During the inspection, 2 pharmacists and 7 technicians were observed working, in violation of the pharmacist/technician ration set forth in NAC 639.250(1).

I. Two refrigerators containing dispensed medications were outside the appropriate temperature range at the time of inspection: 49.3 and 48.2 degrees F; there was no temperature log to determine how long the refrigerators had been outside the temperature range; and the refrigerator storing inventory medications was reported to have an electronic temperature

NEVADA STATE BOARD OF PHARMACY, Petitioner, vs. PAULA LYNNE SANTOS, RPH Certificate of Registration No. 20578, Respondent.	Case No. 23-007-RPH-A-S ANSWER AND NOTICE OF DEFENSE

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-entitled matter before the Nevada State Board of Pharmacy, declares:

1. **That her objection to the Notice of Intended Action and Accusation as being incomplete or failing to state clearly the charges against her, is hereby interposed on the following grounds:**

The allegations are vague and overbroad. There are three (3) Respondents and approximately ten (10) allegations listed on the Notice of Intended Action and Accusation (the "Notice"). The Notice, however, does not specify which allegations apply to which Respondent. The Notice does not clearly state which allegations pertain to me and, subsequently, without clear understanding of the allegations, the listed violations ("counts") do not clearly demonstrate how any of these apply to me. Regardless, I am providing answers below, to the best of my knowledge, as to those allegations that might pertain to my employment Evergreen Pharmacy.

2. That, in answer to the Notice of Intended Action and Accusation, she admits, denies, and alleges as follows:

A. I respectfully submit this Answer and Notice of Defense within 20 days or receipt of the Notice of Intended Action and Accusation (the "Notice"). I personally received the Notice on or around May 16, 2025.

B. I was employed as the managing pharmacist of Evergreen from October 24, 2022. During the first couple of months of my employment as managing pharmacist, I worked with Pamela Kalyan (one of the previous managing pharmacists who was, at that time, still employed at Evergreen) to learn and perform my inventory and reporting duties… until Pamela's sudden and unexpected termination on the last business day of 2022.

C. During my first couple of months as managing pharmacist, Pamela was showing/training me on every step of the reporting process. Only one or two business days after Pamela left the company, a Board inspector conducted an annual inspection. Following this inspection, discussion with the inspector, and subsequent inspection report, I reviewed all of the inspector's comments and suggestions and, within another day or two, submitted a response to the Board resolving all of the issues raised in the inspection.

D. On the day of the inspection, I could not access some of the electronic records but, while working with the inspector, didn't have time to contact the software support desk for help. Following the inspection, however, I compiled these records along with a full CII report—all the way back to the initial opening of the pharmacy—confirming complete inventory accuracy. This information was submitted to the Board in response to the inspection.

E. Although I don't specifically recall, I might not have been able to access some electronic personnel records as requested by the inspector. Following the inspection, however, all of this information would have been submitted to the Board within our response.

F. A biennial inventory was performed when I began as managing pharmacist. Since this was almost three years ago, I do not remember if the inventory information was provided to the inspector and I do not have a copy of this inventory. ALL inventory accuracy, however, was verified and provided to the Board within our inspection response. Specifically, I know that I went out of my way to make a FULL AUDIT of the controls to submit to the Board in our reply.

G. As the inspection occurred so long ago, I don't recall the training requirements or schedule of the pharmacists listed in the Notice but, if any records were required to be maintained as advised by the inspector, I began maintaining those records.

H. During the inspection, we were short one pharmacist because Pamela was scheduled to work that day. I recall that there were some technicians working only as clerks—so, the inspectors ratio calculations were a bit skewed. I also called in an additional pharmacist to come to work early to make up for this offset. This issue was quickly resolved that same day because the additional pharmacist arrived during the inspection, and the additional pharmacist even spoke with the inspector prior to the completion of his report.

I. On the day of the inspection, I remember that there was a fault with the refrigeration. The affected medications, however, were properly disposed of and recorded in compliance with regulations. This information was also included in our post-inspection response.

3. Respondent concludes that:

In summary, most of the pharmacy records were sorted and filed by Pamela Kalyan, a previous managing pharmacist. Since Pamela terminated her employment at Evergreen—within only one or two business days before the inspection, I was not readily able to find some documents that were requested by the inspector. Following the inspection, however, all this information was provided to the Board in response.

These allegations also occurred almost three years ago. Following my departure from Evergreen Pharmacy in 2023, I have had no control over the pharmacy's record keeping.

As such, in regard to COUNT ONE, I have neither violated, attempted to violate, assisted, or abetted in the violation of nor conspired to violate 21 CFR 1304.04; 1304.11 and, therefore, I must NOT be "subject to discipline pursuant to NRS 639.210(11), (12) and (15), NRS 639.220(1) and/or NAC 639.702."

In regard to COUNT TWO, I have neither violated, attempted to violate, assisted, or abetted in the violation of nor conspired to violate NRS 453.235; 251; 475; NAC 639.240(1); 245(1); 247(1)(b); 250(1); 254(2); 485; 487; 523; and/or 527 and, therefore, I must NOT be "subject to discipline pursuant to NRS 639.210(12); (15), NRS 639.220(1) and/or NAC 639.702."

In regard to COUNT THREE, the violations alleged in the Notice of Intended Action and Accusation demonstrate no justification to allege that I am "incompetent, unskillful or negligent" or "engaged in unprofessional conduct" during my employment as managing pharmacist of Evergreen. Therefore, I must NOT be "subject to discipline pursuant to NRS 639.210(4)."

Any attempt to penalize me based on these allegations must be denied and/or rejected.

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to the best of my knowledge.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Paula Lynne Santos, RPh (Santos), Certificate of Registration No. 20578, and Respondent Nazokat Nigmatova, RPh (Nigmatova), Certificate of Registration No. 20601, were pharmacists registered with the Board, and Respondent Evergreen Pharmacy (Evergreen), Pharmacy License No. PH04174, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Nigmatova was employed as managing pharmacist of Evergreen from January 12, 2022, to October 24, 2022, and Santos was employed as managing pharmacist of Evergreen from October 24, 2022, to August 25, 2023.

3. On January 5, 2023, a Board inspector conducting an annual inspection of Evergreen found multiple violations of law:

A. The biennial controlled substance inventory dated 12/31/21 contained white-out on both the CII and CIII-V sections, in violation of 21 CFR 1304.11.

B. There was no pharmacist signature on the CII invoices acknowledging receipt of the product, in violation of NRS 453.251, NAC 639.487 and NAC 639.523.

C. Santos was unable to electronically retrieve a record of on hand quantities for CII products; the manual CII log had not been updated since 6/2022; and the pharmacy had not performed back-counting on CII products, in violation of 21 CFR 1304.04, 21 CFR 1304.11, NRS 453.246 and NAC 639.485.

D. There was no manual sign-in log showing pharmacy personnel on duty nor an electronic log or records, in violation of NAC 639.245(1).

E. There was no change in managing pharmacist controlled substance inventory conducted on either January 12, 2022, or October 24, 2022, in violation of NAC 453.475.

F. In-service training records for pharmaceutical technician Valeria Tafoya, Certificate of Registration No. PT19598, were unavailable at the time of inspection, in violation of NAC 639.254(2).

G. The pharmaceutical technician in training logs for Karen Gonzalez, Certificate of Registration No. PT29263, and Arleth Valencia, Certificate of Registration No. PT28486, did not identify the year that training was done, only had the name of the technician on the first page, and had no signature or log by the pharmacist or technician, in violation of NAC 639.240(1) and NAC 639.247(1)(b).

H. During the inspection, 2 pharmacists and 7 technicians were observed working, in violation of the pharmacist/technician ration set forth in NAC 639.250(1).

I. Two refrigerators containing dispensed medications were outside the appropriate temperature range at the time of inspection: 49.3 and 48.2 degrees F; there was no temperature log to determine how long the refrigerators had been outside the temperature range; and the refrigerator storing inventory medications was reported to have an electronic temperature

monitoring system, yet staff were unable to provide an electronic history nor was there a manual log, constituting multiple violations of NAC 639.527.

8. Any violation of any of the provisions of NRS Chapter 639 or NAC Chapter 639 by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **vs.** **NAZOKAT NIGMATOVA, RPH** **Certificate of Registration No. 20601,** **Respondent.**	**Case No. 23-007-RPH-B-S** **ANSWER AND NOTICE OF DEFENSE**

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-entitled matter before the Nevada State Board of Pharmacy, declares:

1. **That her objection to the Notice of Intended Action and Accusation as being incomplete or failing to state clearly the charges against her, is hereby interposed on the following grounds:**

The allegations are vague and overbroad. There are three (3) Respondents and approximately ten (10) allegations listed on the Notice of Intended Action and Accusation (the "NIAA"). The NIAA, however, does not specify which allegations apply to which Respondent. The NIAA does not clearly state which allegations pertain to me and, subsequently, without clear understanding of the allegations, the listed violations ("counts") do not clearly demonstrate why any of these apply to me.

The allegations listed in the NIAA appear to be the result of an annual inspection of Evergreen Pharmacy that was conducted on January 5, 2023, well beyond the time of my employment with Evergreen Pharmacy, and well beyond the time of my responsibility and control of the ongoing operations of Evergreen Pharmacy. As such, any attempt to penalize me based on these allegations must be denied and/or rejected.

2. **That, in answer to the Notice of Intended Action and Accusation, she admits, denies, and alleges as follows:**

A. I was employed as the PIC of Evergreen from January 12, 2022 until October 24, 2022. Prior to my employment, Evergreen's PCI was Pamela Kalyan. Following my employment, Pamela still remained as a pharmacist at Evergreen. In May 2022, however, due to significant personal matters, I moved to New York to live with my Mother. Between May and October 2022, I traveled back and forth to Evergreen to perform my responsibilities while they sought out a new PIC. All the while, Pamela helped to maintain all required records and documentation. As of October 24, 2022, my responsibilities as PIC of Evergreen Pharmacy had ended.

B. On January 5, 2023, I was neither employed by Evergreen Pharmacy, nor was I present at the annual inspection described in the Notice of Intended Action and Accusation.

C. I performed a biennial controlled substance inventory when I first began as PIC, in June 2022, and again in October 2022 upon my termination as PIC. After October 2022, I had no control over the maintenance and record keeping of these inventories. I also have no knowledge of how or when "white-out" appeared in any of the sections.

D. I maintained a manual CII log and electronic CII records during my employment as PIC of Evergreen. Following my termination, I have no knowledge of how or where these records were kept and/or maintained.

E. While employed as PIC, I maintained a log of pharmacy personnel on duty. Following my termination, I have no knowledge of how or where these records were kept and/or maintained.

F. As noted in (C) above, I performed a biennial controlled substance inventory when I first began as PIC, in June 2022, and again in October 2022 upon my termination as PIC. Following my termination, I have no knowledge of how or where these records were kept and/or maintained.

G. Following my October 2022 termination from Evergreen Pharmacy, I have no knowledge of how or where training records were kept and/or maintained.

H. As noted in (B) above, on January 5, 2023, I was neither employed by Evergreen Pharmacy, nor was I present at the annual inspection described in the Notice of Intended Action and Accusation. As such, I can neither admit nor deny as to the number of pharmacists to technicians working that day.

I. I monitored and maintained proper refrigeration temperatures while employed as PIC. As noted in (B) and (H) above, on January 5, 2023, I was neither employed by Evergreen Pharmacy, nor was I present at the annual inspection described in the Notice of Intended Action and Accusation. As such, I can neither admit nor deny as to the temperature and/or log of the medication refrigerators at Evergreen Pharmacy, and I have no knowledge of how or where these records were kept and/or maintained.

3. Respondent concludes that:

In regard to COUNT ONE, I have neither violated, attempted to violate, assisted, or abetted in the violation of nor conspired to violate 21 CFR 1304.04; 1304.11. The violations alleged in the Notice of Intended Action and Accusation are in January 2023—NOT while I was "a managing pharmacist of Evergreen" and, therefore, I must NOT be "subject to discipline pursuant to NRS 639.210(11), (12) and (15), NRS 639.220(1) and/or NAC 639.702."

In regard to COUNT TWO, I have neither violated, attempted to violate, assisted, or abetted in the violation of nor conspired to violate NRS 453.235; 251; 475; NAC 639.240(1); 245(1); 247(1)(b); 250(1); 254(2); 485; 487; 523; and/or 527. The violations alleged in the Notice of Intended Action and Accusation are in January 2023—NOT while I was "a managing

pharmacist of Evergreen" and, therefore, I must NOT be "subject to discipline pursuant to NRS 639.210(12) and (15), NRS 639.220(1) and/or NAC 639.702."

In regard to COUNT THREE, the violations alleged in the Notice of Intended Action and Accusation are in January 2023—NOT while I was performing my "duties as managing pharmacist[]" and, therefore, no justification to allege that I am "incompetent, unskillful or negligent" or "engaged in unprofessional conduct" during my employment as PIC of Evergreen. Therefore, I must NOT be "subject to discipline pursuant to NRS 639.210(4)."

Following my termination from Evergreen Pharmacy, my move to New York, and my subsequent return to Nevada, I have requested, been responsible for, and passed several pharmacy inspections without any noted violations of law. There is absolutely no evidence that any of these allegations pertain to me, or that they existed during my employment at Evergreen Pharmacy. As such, any attempt to penalize me based on these allegations must be denied and/or rejected.

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to the best of my knowledge.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **WELLS PHARMACY NETWORK, LLC, Pharmacy License No. PH01589,** **Respondent.**	**CASE NO. 23-050-PH-O** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Wells Pharmacy Network, LLC, Pharmacy License No. PH01589, located in Ocala, Florida, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. From January 1, 2002, to February 9, 2023, Respondent compounded and dispensed at least twenty-eight (28) prescriptions to Nevada patients for Progesterone 100mg and 200 mg capsules in olive oil without a "statement of significant difference" for each prescription documenting a medical need specific to the patient for the compounded product.

3. On or about January 20, 2023, Respondent entered into a settlement agreement with the Missouri Board of Pharmacy in Case No. 2020-003145 imposing discipline on Respondent's Pharmacy Permit No. 2012040933, for numerous violations of federal and Missouri state law related to compounding drug products and dispensing controlled substances, including, without limitation, various provisions of 21 U.S.C. § 841(a)(1), 21 CFR § 1306.04, Missouri 20 CRS 2220-2.400(9) and 20 CRS 2220- 2.020(2) and (11) (SEE EXHBIT A HERETO).

APPLICABLE LAW

4. A pharmacy engaged in the practice of compounding drug products and dispensing compounded drug products in Nevada shall comply with the provisions of NAC 639.661 -.690, *inclusive*, and related federal law, 21 U.S.C. § 353a, establishing national standards for compounding medications.

5. Pursuant to section 503A(b)(2) of the FD&C Act, codified at 21 U.S.C. § 353a, a compounded drug product is not essentially a copy of a commercially available drug product if a change is made for an identified individual patient, and the prescribing practitioner has determined that the change will produce a significant difference for that patient. If a compounder intends to rely on such a determination to establish that a compounded drug is not essentially a copy of a commercially available drug product, the compounder should ensure that the determination is documented on the prescription in a "statement of significant difference."

6. Performing any duties as the holder of a registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(4).

7. The Board may suspend or revoke a license if the holder has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

8. The Board may suspend or revoke a license if the holder has violated any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

9. Any violation of any of the provisions of NRS Chapter 639 or NAC Chapter 639 by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(3).

COUNT ONE

Violation of Federal and State Compounding Law/Unprofessional Conduct

10. Respondent, Respondent's owner(s), and/or their personnel engaged in unprofessional conduct as defined in NAC 639.945(1)(i) and violated various provisions of 21 U.S.C. § 353a and related provisions of state law as alleged in paragraphs 2-3 herein and further detailed in the settlement agreement with the Missouri Board of Pharmacy in Case No. 2020-003145. Respondent is responsible for those violations, including all errors and omissions of pharmacy personnel, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(3) and therefore subject to discipline pursuant to NRS 639.210(4), (11) and/or (12).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the license of this Respondent.

Signed this 21st day of April 2025.

Nevada State Board of Pharmacy

MISSOURI BOARD OF PHARMACY

MISSOURI BOARD OF PHARMACY, Petitioner, v. WELLS PHARMACY NETWORK, LLC, Respondent.	Case No. 2020-003145

SETTLEMENT AGREEMENT

Respondent Wells Pharmacy Network, LLC ("Wells Pharmacy"), and the Missouri Board of Pharmacy ("Board") enter into this Settlement Agreement for the purpose of resolving the question of whether Respondent's permit to operate a pharmacy will be subject to additional discipline.

Pursuant to the terms of Section 536.060, RSMo, the parties hereto waive the right to a hearing before the Board, and stipulate and agree that a final disposition of this matter may be effectuated as described below.

Respondent acknowledges that it understands the various rights and privileges afforded it by law, including the right to a hearing before the Board of the charges against it; the right to appear and be represented by counsel; the right to have all charges against it proven upon the record by competent and substantial evidence; the right to cross-examine any witnesses appearing at the hearing against it; the right to a decision upon the record concerning the charges pending against it; and the right to recover attorney's fees incurred in defending this action against its permit. Being aware of these rights provided by operation of law, Respondent knowingly and voluntarily waives each and every one of these rights and freely enters into this Settlement Agreement and agrees to abide by the terms of this document as they pertain to it.

Respondent acknowledges that it has received a copy of the Violation Complaint filed against it with the Board. For the purpose of settling this dispute, Respondent stipulates that the factual allegations contained in this Settlement Agreement are true and stipulates with the Board that Respondent's pharmacy permit, numbered 2012040933, is subject to additional disciplinary action by the Board in accordance with the provisions of Chapters 324 and 338, RSMo.

JOINT STIPULATION OF FACTS AND CONCLUSIONS OF LAW

1. The Board is an agency of the State of Missouri created and established pursuant to Section 338.110, RSMo,[1] for the purpose of executing and enforcing the provisions of Chapter 338, RSMo.

2. Wells Pharmacy Network, LLC, 1210 SW 33 Avenue, Ocala, FL 34474, is permitted by the Board, Permit Number 2012040933. The Pharmacy's permit was current and active at all times relevant herein.

3. Respondent and the Board executed a Settlement Agreement stipulating that Respondent's pharmacy permit is subject to discipline as a result of the Pharmacy's failure to verify valid patient-prescriber relationships prior to dispensing controlled substances and the Pharmacy's dispensing of controlled substance prescriptions based on invalid patient-practitioner relationships.

4. Pursuant to the Joint Agreed Disciplinary Order in the Settlement Agreement, ("Settlement Agreement" or "Order") Respondent's pharmacy permit is subject to probation for a period of three (3) years.

5. Respondent's three-year probationary term began on July 3, 2019 and expired on July 2, 2022.

[1] All statutory references are to the 2016 Revised Statutes of Missouri, unless otherwise stated.

6. The Settlement Agreement requires that Respondent "comply with all applicable provisions of Chapter 338, Chapter 195, and all applicable federal and state drug laws, rules and regulations and with all federal and state criminal laws" during the probationary term. "State" includes the State of Missouri and all other states and territories of the United States. *See* Order, Section 1.B, p. 7.

7. The Settlement Agreement also requires the following:

> Respondent shall provide the Board with copies of all facility inspection reports by the F.D.A., the Florida Board of Pharmacy, the United States Drug Enforcement Administration, the Missouri Bureau of Narcotics and Dangerous Drugs, any state/federal controlled substance licensing or regulatory entity or any State or federal agency which is inspecting the facility to determine proper procedures. The Report will be provided to the Board, within 30 days of receipt of a report by Respondent.

See Order, Section 1.F, pp. 7-8.

8. Respondent's "failure to comply with any condition of discipline set forth herein constitutes a violation of this disciplinary Agreement." *See* Order, Section 1.H, p. 8.

9. If a violation of the Settlement Agreement occurs during the disciplinary period, "the Board may choose to conduct a hearing before it either during the disciplinary period, or as soon thereafter as a hearing can be held to determine whether a violation occurred and, if so, it may impose further discipline." *See* Order, Section 4, p. 9.

10. Section 338.055.3, RSMo, also authorizes the Board to impose additional discipline against Respondent's permit for violating terms of discipline, to -wit:

> The Board may impose additional discipline on a licensee, registrant or permittee found to have violated any disciplinary terms previously imposed under this section or by agreement. The additional discipline may include, singly or in combination, censure, placing the licensee, registrant, or permittee named in the complaint on additional probation on such terms and conditions as the board deems appropriate, which additional probation shall not exceed five years, or suspension for a period not to exceed three years, or revocation of the license, certificate, or permit.

Violations of Missouri law

A. Compounding essential copies of FDA-approved, commercially available products for Missouri patients

11. The Pharmacy dispensed compounded progesterone capsules 100mg and 200mg to Missouri patients between April 1, 2020 and June 30, 2020 which were essential copies of FDA-approved commercially available products.

12. Seven of the compounded products were prescribed as "progesterone in olive oil" or "progesterone (olive oil)" 100mg or 200mg capsules.

13. Those seven prescriptions did not contain documentation on the prescription record of a medical need specific to that patient for the compounded product at the time the prescription was dispensed.

14. The Board issued a Letter of Warning to Respondent on April 16, 2021 as a result of this activity.

15. The Pharmacy dispensed compounded progesterone capsules 100mg and 200mg to Missouri patients between July 1, 2021 and September 30, 2021 which were essential copies of FDA-approved commercially available products.

16. Four of the compounded products were prescribed as "progesterone in olive oil" or "progesterone (olive oil)" 100mg or 200mg capsules.

17. Respondent acknowledged that these four prescriptions "did not have the details documented properly" in that they did not contain documentation on the prescription record of a medical need specific to that patient for the compounded product at the time the prescription was dispensed.

18. Missouri law prohibits the compounding of essential copies of commercially available products without a documented patient need on the prescription record, to-wit:

(9) Compounding of drug products that are commercially available in the marketplace or that are essentially copies of commercially available Federal Drug Administration (FDA) approved drug products is prohibited. There shall be sufficient documentation within the prescription record of the pharmacy of the specific medical need for a particular variation of a commercially available compound. 20 CSR 2220-2.400(9)

19. Respondent violated 20 CSR 2220-2.400(9) by compounding essential copies of commercially available products without documenting the medical need for compounded product specific to the patient at the time the prescription was dispensed to Missouri patients.

B. Invalid controlled substance prescription

20. On September 27, 2021, Respondent dispensed prescription no. 4397252 containing testosterone 100mg/ml cream written by a Florida prescriber for a Missouri patient.

21. Testosterone is a controlled substance.

22. The Missouri patient reported having a telephone visit with an unlicensed individual, but had no contact with the actual prescriber.

23. Missouri regulation 20 CSR 2220-2.020(11) provides:

(11) Prescriptions processed by any classification of licensed pharmacy must be provided by a practitioner licensed in the United States, authorized by law to prescribe drugs, and who has performed a medical evaluation of the patient as required by law. A pharmacist shall not dispense a prescription drug if the pharmacist has knowledge, or reasonably should know under the circumstances, that the prescription order for such drug was issued on the basis of an Internet-based questionnaire or without a valid pre-existing patient-practitioner relationship.

24. Respondent's staff's dispensing and shipment of controlled substance prescriptions to a patient in the State of Missouri prescribed by a Florida practitioner who had not performed any medical examination of the Missouri patient is in violation of 20 CSR 2220-2.020(11).

25. Missouri regulation 20 CSR 2220-2.020(2) also provides:

(2) If a pharmacist knows or has reason to believe that a person for whom a prescription has been written is not under the prescribers care or treatment

> at the time the prescription is presented for filling or refilling, the pharmacist shall consult with their prescriber and ascertain that the prescriber intends for the person to receive the drugs or medicines. The pharmacist shall do this no matter when the prescription originally was written and even if the prescription authorizes refills PRN.

26. Respondent and its staff had reason to believe that the Missouri patient was not under the care of a Florida prescriber and failed to verify the prescription with the prescriber in violation of 20 CSR 2220-2.020(2).

27. Federal law also imposes a duty on pharmacists who fills prescriptions to verify their legitimacy, to-wit;

> (a) Unlawful acts
> Except as authorized by this subchapter, it shall be unlawful for any person knowingly or intentionally--
> (1) to manufacture, distribute, or dispense, or possess with intent to manufacture, distribute, or dispense, a controlled substance. . . .
> 21 U.S.C. § 841(a)(1).

28. 21 CFR 1306.4(a) provides that a prescription for a controlled substance:

> to be effective must be issued for a legitimate medical purpose by an individual practitioner acting in the usual course of his professional practice. The responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, but a corresponding responsibility rests with the pharmacist who fills the prescription. An order purporting to be a prescription issued not in the usual course of professional treatment or in legitimate and authorized research is not a prescription within the meaning and intent of section 309 of the Act (21 U.S.C. 829) and the person knowingly filling such a purported prescription, as well as the person issuing it, shall be subject to the penalties provided for violations of the provisions of law relating to controlled substances.

29. Respondent and its staff violated 21 U.S.C. § 841(a)(1) by dispensing controlled substances to a Missouri patient under a prescription written by Florida practitioner outside of the usual course of professional treatment.

Violation of Settlement Agreement with Missouri Board of Pharmacy

30. Respondent underwent four regulatory inspections during its probation in Missouri: Respondent was inspected on October 13, 2020 and December 14, 2021 by the Florida Board of Pharmacy and Respondent was inspected on July 21, 2020 and June 15, 2021 by the California Board of Pharmacy.

31. Respondent did not provide Petitioner with the inspection reports from the aforementioned inspections within 30 days of the date of receipt of the reports.

32. Respondent violated Section 1.F of the Order by failing to provide Petitioner with copies of the Florida and California inspection reports within 30 days of receipt.

JOINT CONCLUSIONS OF LAW

33. Respondent's failure to comply with the conditions of discipline set forth herein constitutes a violation of the Settlement Agreement.

34. Since Respondent violated the disciplinary terms of the Settlement Agreement, the Board is authorized under the terms of the Agreement to impose further discipline on Respondent's permit.

35. Since Respondent violated the disciplinary terms of the Settlement Agreement, the Board is authorized under §338.055.3, RSMo, to impose additional discipline on Respondent's permit.

CALIFORNIA CHARGES

36. The Board has dismissed allegations relating to violations resulting from California Board of Pharmacy inspections in 2020 and 2021, but reserves the right to purse any of these allegations or take action as a result of any factual findings by the California Board or reviewing court, or disciplinary action taken by or agreed to with the California Board in the future.

JOINT AGREED DISCIPLINARY ORDER

Based upon the foregoing, the parties mutually agree and stipulate that the following shall constitute the disciplinary order entered by the Board in this matter under the authority of Section 621.045.3, RSMo, to settle and resolve all charges and claims contained in the Violation Complaint in case number 2020-003145 except as expressly reserved herein:

1. Respondent's pharmacy permit number 2012040933 shall be placed on **PROBATION** for a period of **THREE (3) YEARS.** The period of probation shall constitute the disciplinary period. The terms of discipline shall be as follows:

A. Respondent shall pay all required fees for licensing to the Board and shall renew its pharmacy license prior to October 31 of each licensing year.

B. Respondent shall comply with all provisions of Chapter 338, Chapter 195, and all applicable federal and state drug laws, rules and regulations and with all federal and state criminal laws. "State" here includes the State of Missouri, and all other states and territories of the United States.

C. If requested, Respondent shall provide the Board a list of all licensed pharmacists employed by Respondent, and the individuals' current home addresses and telephone numbers.

D. If, after disciplinary sanctions have been imposed, Respondent fails to keep its pharmacy license current, the period of unlicensed status shall not be deemed or taken as any part of the time of discipline so imposed.

E. Respondent shall report to the Board, on a preprinted form supplied by the Board office, once every six (6) months (due by each January 1 and July 1), beginning with

whichever date occurs first after this Agreement becomes effective, stating truthfully whether or not it has complied with all terms and conditions of its disciplinary order.

F. Respondent shall provide the Board with copies of all facility inspection reports by the F.D.A., the Florida Board of Pharmacy, the United States Drug Enforcement Administration, the Missouri Bureau of Narcotic and Dangerous Drugs, any state/federal controlled substance licensing or regulatory entity or any State or federal agency which is inspecting the facility to determine proper procedures. The report will be provided to the Board, within 30 days of receipt of a report by Respondent.

G. Respondent shall make a representative of the pharmacy available for personal interviews to be conducted by a member of the Board or the Board of Pharmacy staff. Said meetings will be at the Board's discretion and may occur periodically during the disciplinary period. Respondent will be notified and given sufficient time to arrange these meetings.

H. Respondent's failure to comply with any condition of discipline set forth herein constitutes a violation of this disciplinary Agreement.

I. The parties to this Agreement understand that the Board of Pharmacy will maintain this Agreement as an open record of the Board as provided in Chapters 324, 338, 610, RSMo.

J. Respondent shall provide the Board a listing of all prescriptions provided to Missouri residents for each calendar year. The listing is due by December 31 of each year during the disciplinary period. The listing should include the patient's name and address, prescriber's name and address, prescription number and date, drug name/strength, and quantity dispensed.

K. Respondent agrees that it will make itself available for inspection by inspectors employed by the Missouri Board of Pharmacy between January 1 and December 31 of each year it is under discipline. This also includes the beginning and ending years of the discipline. The Respondent shall reimburse the Board for travel expenses and meals incurred to facilitate these inspections including, but not limited to, airfare, lodging, shuttle, and transportation expenses within seven (7) days of being provided a notice and valid receipts for said expenses. Travel expenses and meals shall be governed by the recognized Missouri Office of Administration guidelines for state employee travel.

L. Respondent shall not serve as an intern training facility for Missouri interns.

2. Upon the expiration of said discipline, Respondent's permit as a pharmacy in Missouri shall be fully restored if all other requirements of law have been satisfied; provided, however, that in the event the Board determines that the Respondent has violated any term or condition of this Settlement Agreement, the Board may, in its discretion, after an evidentiary hearing, vacate and set aside the discipline imposed herein and may suspend, revoke, or otherwise lawfully discipline the Respondent.

3. No order shall be entered by the Board pursuant to the preceding paragraph of this Settlement Agreement without notice and an opportunity for hearing before the Board in accordance with the provisions of Chapter 536, RSMo.

4. If the Board determines that Respondent has violated a term or condition of this Settlement Agreement, which violation would also be actionable in a proceeding before the Administrative Hearing Commission or the circuit court, the Board may elect to pursue any lawful remedies or procedures afforded it and is not bound by this Settlement Agreement in its determination of appropriate legal actions concerning that violation. If any alleged violation of

this Settlement Agreement occurred during the disciplinary period, the Board may choose to conduct a hearing before it either during the disciplinary period, or as soon thereafter as a hearing can be held to determine whether a violation occurred and, if so, it may impose further discipline. The Board retains jurisdiction to hold a hearing to determine if a violation of this Settlement Agreement has occurred.

5. The terms of this Settlement Agreement are contractual, legally enforceable, binding, and not merely recitals. Except as otherwise contained herein, neither this Settlement Agreement nor any of its provisions may be changed, waived, discharged, or terminated, except by an instrument in writing signed by the party against whom the enforcement of the change, waiver, discharge, or termination is sought.

6. Respondent hereby waives and releases the Board, its members and any of its employees, agents, or attorneys, including any former board members, employees, agents, and attorneys, of, or from, any liability, claim, actions, causes of action, fees, costs, and expenses, and compensation, including, but not limited to, any claims for attorney's fees and expenses, including any claims pursuant to Section 536.087, RSMo, or any claim arising under 42 U.S.C. §1983, which may be based upon, arise out of, or relate to any of the matters raised in this litigation, or from the negotiation or execution of this Settlement Agreement. The parties acknowledge that this paragraph is severable from the remaining portions of this Settlement Agreement in that it survives in perpetuity even in the event that any court of law deems this Settlement Agreement or any portion thereof void or unenforceable.

The Settlement Agreement goes into effect on the date it is signed by the Board's Executive Director.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

In the Matter of: NEVADA STATE BOARD OF PHARMACY, Petitioner, v. WELLS PHARMACY NETWORK, LLC Pharmacy License No. PH01589 Respondent.	Case No.: 23-050-PH-O **RESPONDENT WELLS PHARMACY NETWORK LLC'S ANSWER AND NOTICE OF DEFENSE**

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-entitled matter before the Nevada State board of Pharmacy, declares:

OBJECTIONS

1. That Respondent's objection to the Notice of Intended Action and Accusation ("Accusation") as being incomplete or failing to state clearly the charges against Respondent, is hereby interposed on the following grounds:

   a. Respondent objects to the Accusation because it does not state acts or omissions upon which the Board may proceed.

   b. Respondent further objects to the form of the Accusation on the ground that it is so

indefinite or uncertain that the Respondent cannot identify the transaction or prepare a defense.

c. The Accusation is incomplete, vague and ambiguous because it does not specifically identify by name the Nevada patients who received 28 prescriptions for Progesterone 100mg and 200mg capsules allegedly dispensed between January 1, 2022 and February 9, 2023 that are the subject of the Accusation.

d. The Accusation is incomplete, vague and ambiguous because it does not inform Respondent of the legal basis for requiring a "statement of significant difference" for each of the 28 prescriptions at issue.

e. The Accusation is incomplete, vague and ambiguous because it does not inform Respondent of the factual basis for finding that Respondent is compounding essential copies of commercially available drugs.

f. Respondent objects to the Accusation's use of the 2023 Settlement Agreement with Missouri as a basis for discipline because such discipline would constitute multiple punishments for the same offense.

ANSWER

2. That, in answer to the Notice of Intended Action and Accusation, Respondent admits, denies and alleges as follows:

a. Respondent alleges that it has complied and continues to comply with all applicable federal and state laws applicable to compounding pharmacies.

b. Respondent denies that it compounds essential copies of commercially available drug products.

c. Respondent admits that it entered into a Settlement Agreement with the Missouri Board of Pharmacy in 2023 as described in paragraph 3 and Exhibit A of the Accusation.

d. With the exception of paragraph 3 and Exhibit "A" of the Accusation, Respondent denies each and every, all and singular, generally and specifically, the allegations contained in the Accusation , and each violation, cause of discipline and cause of denial alleged therein, and further denies that the Board is entitled to recover costs from Respondent for the

investigation and enforcement of the matters alleged in the Accusation.

3. Respondent asserts the following as new matters by way of defense:

FIRST AFFIRMATIVE DEFENSE

(Failure to State a Cause of Action)

As its first, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that the Accusation does not state facts sufficient to state a cause of action against Respondent.

SECOND AFFIRMATIVE DEFENSE

(Fault of Others)

As its second, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that the violations of which the Board complains, if any there were, were proximately caused by the negligence and fault of other persons, firms, corporations, including the Board, the Board's employees, agents, officers, directors and representatives.

THIRD AFFIRMATIVE DEFENSE

(In Pari Delicto)

As its third, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that the Board's claims against Respondent are barred, in whole or in part, by the doctrine of *in pari delicto*.

FOURTH AFFIRMATIVE DEFENSE

(Indemnification for Cost Recovery)

As its fourth, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that if it should be established that it is in any manner legally responsible for the Board's alleged costs for investigating and enforcing this matter, which is denied, then this Respondent is entitled to indemnity and/or contribution from the Board, in direct proportion to the negligence or other actionable conduct which proximately caused or contributed to the costs sought to be recovered by the Board herein, if any.

FIFTH AFFIRMATIVE DEFENSE

(Comparative Fault)

As its fifth, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that the Board was itself partially, if not wholly, negligent on its respective part and, pursuant to the doctrine of comparative negligence, should be barred from (1) disciplining Respondent, (2) denying renewal of Respondent's license and (3) recovering costs of investigating and enforcing the matters alleged in the Accusation in proportion to its negligence.

SIXTH AFFIRMATIVE DEFENSE

(Board's Own Negligence)

As its sixth, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that at the time and place of the happening or matters set forth in the Accusation on file herein, the Board was careless, negligent, or otherwise at fault in and about the matters and things set forth in said Accusation, and that if the Board sustained any costs in investigating and enforcing the matters alleged in the Accusation, the same was proximately caused by the Board's carelessness, recklessness, or negligence, thereby barring the Board from (1) disciplining Respondent, (2) denying renewal of Respondent's license and (3) recovering costs of investigating and enforcing the matters alleged in the Accusation.

SEVENTH AFFIRMATIVE DEFENSE

(Apportionment of Fault)

As its seventh, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that persons, firms, or entities other than this Respondent caused or contributed to the damages the Board claims to have suffered, and thus any award of costs made in the Board's favor in this action must be divided between such persons, firms, or entities, so that each pays only his, her, or its fair share in relationship to his, her, or its amount of fault.

EIGHTH AFFIRMATIVE DEFENSE

(Ratification)

As its eighth, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that the Board assisted, consulted, and/or approved the actions of this Respondent, thereby estopping the Board from (I) disciplining Respondent, (2) denying renewal of Respondent's license and (3) recovering costs of investigating and enforcing the matters alleged in the Accusation.

NINTH AFFIRMATIVE DEFENSE

(Doctrine of Waiver)

As its ninth, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that the Board has waived its right to discipline Respondent for such matters and is barred from (1) disciplining Respondent, (2) denying renewal of Respondent's license and (3) recovering costs of investigating and enforcing the matters alleged in the Accusation.

TENTH AFFIRMATIVE DEFENSE

(Entrapment)

As its tenth, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that the Board induced Respondent to commit the violations set forth in the Accusation, and that said inducement was a proximate cause of the violations which form the causes for discipline and license denial alleged by the Board in the Accusation thereby barring the Board from (1) disciplining Respondent, (2) denying renewal of Respondent's license and (3) recovering costs of investigating and enforcing the matters alleged in the Accusation.

ELEVENTH AFFIRMATIVE DEFENSE

(Failure to Mitigate)

As its eleventh, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that the Board failed to mitigate its costs in investigating and enforcing the matters contained in the Accusation and is

therefore barred from recovering the costs therefore from Respondent.

TWELFTH AFFIRMATIVE DEFENSE

(Statute of Limitations)

As its twelfth, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that the Accusation, and each and every violation and cause for discipline and/or denial contained therein, are barred by the applicable statute of limitations.

THIRTEENTH AFFIRMATIVE DEFENSE

(Doctrine of Laches)

As its thirteenth, separate and affirmative defense to the Accusation, and each and every violation and cause for discipline and/or denial contained therein, are barred by the doctrine of laches.

FOURTEENTH AFFIRMATIVE DEFENSE

(Doctrine of Unclean Hands)

As its fourteenth, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that the Accusation, and each and every violation and cause for discipline and/or denial contained therein, are barred by the doctrine of unclean hands.

FIFTEENTH AFFIRMATIVE DEFENSE

(Doctrine of Estoppel)

As a fifteenth, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent responds that the Accusation, and each and every violation and cause for discipline and/or denial contained therein, is barred by the doctrine of estoppel.

SIXTEENTH AFFIRMATIVE DEFENSE

(Uncertainty)

As a sixteenth, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that the Accusation is uncertain.

SEVENTEENTH AFFIRMATIVE DEFENSE

(Intervening Acts)

As a seventeenth, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that the Accusation, and each and every violation and cause for discipline and/or denial contained therein, were the result of the intervening actions of others and were not proximately caused by the actions or omissions of this Respondent.

EIGHTEENTH AFFIRMATIVE DEFENSE

(Standing)

As an eighteenth, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that the Accusation, and each and every violation and cause for discipline and/or denial contained therein, are barred to the extent that the Board lacks standing to assert the claims set forth in the Accusation.

NINETEENTH AFFIRMATIVE DEFENSE

(Good Faith)

As a nineteenth, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that all of Respondent's actions with respect to the matters contained in the Accusation were done in good faith.

TWENTIETH AFFIRMATIVE DEFENSE

(Consent)

As a twentieth, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that the Board knowingly and voluntarily agreed to, and participated in, those actions which the Board claims to have caused the violations, causes for discipline and causes for denial alleged in the Accusation.

TWENTY-FIRST AFFIRMATIVE DEFENSE

(Superseding Cause)

As a twenty-first, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent asserts that some or all of the

violations alleged by the Board in the Accusation were caused by an event that occurred after any alleged actions of this Respondent, thus Respondent is not responsible for some or all of the violations alleged in the Accusation.

TWENTY-SECOND AFFIRMATIVE DEFENSE

(Reservation of Rights to Amend Notice of Defense)

As a twenty third, separate and affirmative defense to the Accusation, and each violation, cause for discipline and cause for denial alleged therein, this Respondent reserves the right to amend this Notice of Defense within the statutory time allowed to assert any additional matters relevant to this action.

WHEREFORE, Respondent WELLS PHARMACY NETWORK LLC denies that the Board is entitled to any relief whatsoever in this action, either as prayed for in the Accusation or otherwise, and prays for: (1) an administrative determination in favor of Respondent and against the Board on the Accusation and each and every Cause for Discipline and Cause for Denial contained therein; (2) award Respondent his costs and expenses, including attorneys' fees, for the defense of this action; and (3) award Respondent such further and additional relief as just and proper.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these Respondents because at the time of the events alleged herein, Respondent Kimberly Kersten, née Sandoval, RPh (Kersten), Certificate of Registration No. 20889, was a pharmacist registered with the Board, and Respondent CVS Pharmacy #17244, Pharmacy License No. PH02188, was a pharmacy licensed by the Board.

2. Kersten was employed as managing pharmacist by CVS Pharmacy #17244 at the time of the events alleged herein.

3. On or about May 10, 2023, practitioner J.W. issued a prescription for 3-year-old patient A.R. for Cefdinir 250 mg/ml suspension for reconstitute with directions to take 1.8ml (oral) 2 times per day for 10 days.

4. The prescription was submitted to CVS Pharmacy #17244, where pharmaceutical technician Emalyn Bustos performed data entry, erroneously entering directions to take 18ml twice

a day, and the CVS computer system designated this prescription no. 241056. Bustos printed the label and performed the multipackage accuracy scan.

5. Kersten performed the DUR override, data entry verification activity, warning verification activity, and final product verification for prescription no. 241056 and failed to detect the erroneous direction to take 18ml twice a day.

6. Prescription no. 241056 was dispensed to A.R.'s father on May 10, 2023; at that time patient counseling was offered not by Kersten, but by pharmaceutical technician Emalyn Bustos, and refused.

7. A.R. received a 18 ml dosage on the first day before the error was detected.

8. On May 11, 2023, in the course of correcting the error, pharmaceutical technician Shelly Weber deleted the records for prescription no. 241056 from the CVS computer system.

8. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent #17244, Pharmacy License No. PH02188, stipulate to the following penalties:

10. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on July 17, 2025. JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these Respondents because at the time of the events alleged herein, Respondent Kimberly Kersten, née Sandoval, RPh (Kersten), Certificate of Registration No. 20889, was a pharmacist registered with the Board, and Respondent CVS Pharmacy #17244, Pharmacy License No. PH02188, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Kersten was employed as managing pharmacist by CVS Pharmacy #17244 at the time of the events alleged herein.

3. On or about May 10, 2023, practitioner J.W. issued a prescription for 3-year-old patient A.R. for Cefdinir 250 mg/ml suspension for reconstitute with directions to take 1.8ml (oral) 2 times per day for 10 days.

4. The prescription was submitted to CVS Pharmacy #17244, where pharmaceutical technician Emalyn Bustos performed data entry, erroneously entering directions to take 18ml twice

a day, and the CVS computer system designated this prescription no. 241056. Bustos printed the label and performed the multipackage accuracy scan.

5. Kersten performed the DUR override, data entry verification activity, warning verification activity, and final product verification for prescription no. 241056 and failed to detect the erroneous direction to take 18ml twice a day.

6. Prescription no. 241056 was dispensed to A.R.'s father on May 10, 2023; at that time patient counseling was offered not by Kersten, but by pharmaceutical technician Emalyn Bustos, and refused.

7. A.R. received a 18 ml dosage on the first day before the error was detected.

8. On May 11, 2023, in the course of correcting the error, pharmaceutical technician Shelly Weber deleted the records for prescription no. 241056 from the CVS computer system.

15. Prescription records must be maintained by a pharmacy in conformance with NRS 639.236 and NAC 639.706.

16. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, CVS Pharmacy #17244 is responsible for those violations, including all errors and omissions of Kersten and any other pharmacy personnel in erroneously filling and dispensing prescription no. 241056 as alleged in Paragraphs 4-6, 11 and 13, and the deletion of the records for prescription no. 241056 from the CVS computer system as alleged in Paragraph 8, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(3).

RE: GE Medical Systems Response to Notice of Intended Action and Accusation (Case No: 24-211-WH-O)

Dear Mr. Kandt:

This firm represents GE Medical Systems Information and Technologies, Inc. ("GE Medical") in response to the above-referenced matter and in response to the Notice of Intended Action and Accusation (the "Accusation") filed by the Nevada State Board of Pharmacy (the "Board") on or about April 21, 2025. The Accusation alleges that GE Medical failed to an October 10, 2024 cease and desist letter and failed to pay the associated administrative fine of $5,000. As explained herein, GE Medical never received the cease and desist letter. Accordingly, we are respectfully requesting dismissal of the Accusation.

As noted in the Accusation, GE Medical is currently licensed and in good standing in Nevada as a nonresident wholesale distributor (License # WH03740). GE Medical's current license is issued to 465 Pan American Dr., ***Suite 10***, El Paso, Texas 79907.[1] See GE Medical License, attached hereto as **Attachment 1**. The business has maintained this address since 2021. The cease and desist letter attached to the Accusation was sent to the address above. However, it did not contain a suite number. *See* October 10, 2024 Cease and Desist Letter, attached hereto as **Attachment 2**. The corporate complex at 465 Pan American Drive is occupied by multiple business, unaffiliated with GE Medical.[2]

[1] Note also, GE Medical also maintains Suite 11 at this location. However, this is maintained as a visitor entrance.
[2] An unaffiliated company, Sceli Logistics occupies 465 Pan American Dr., El Paso, Texas 79907, having no suite number. It is likely the cease and desist was delivered to this location.

Consequently, GE Medical did not intentionally disregard the Board's correspondence because the cease and desist letter was not delivered to the appropriate personnel due to the addressing error. As a result, the letter was never received by the individuals responsible for handling and responding to regulatory matters. Furthermore, we understand that the Board sends such notices exclusively by mail and does not issue them via email. Therefore, there was no alternative method by which GE Medical could have become aware of the letter or its contents until the Accusation was received.

GE Medical takes its regulatory obligations seriously and is committed to full cooperation with the Board. We respectfully request that the Board consider these circumstances in its review of the allegations at hand and dismiss this matter. Please let us know if any further information is needed to assist in resolving this matter.

Very truly yours,

Nicholas H. Meza

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **HILL-ROM COMPANY, INC.,** **License No. MP00038,** **Respondent.**	**CASE NOS. 24-500-MP-S** **RESPONDENT'S ANSWER AND NOTICE OF DEFENSE**

Respondent Hill-Rom Company, Inc., by and through its counsel William J. Stilling, of and for Stilling & Harrison, PLLC, files this Answer and Notice of Defense in response to the Notice of Intended Action and Accusation in the above-captioned case ("Notice").

REQUEST FOR HEARING

Respondent requests a hearing on the Notice.

RESPONSES TO ALLEGATIONS AND CAUSES OF ACTION

In answer to the Notice, Respondent admits, denies, and alleges as follows. Each reference to a "paragraph" is reference to a paragraph in the Notice.

JURISDICTION

1. Respondent admits the allegations in paragraph 1.

FACTUAL ALLEGATIONS

2. Respondent is without sufficient information with which to form a basis as to the truth of the allegations asserted in paragraph 2 and therefore denies the same. On November 8, 2023, Respondent possessed a Nevada MDEG license.

3. Respondent is without sufficient information with which to form a basis as to the truth of the allegations asserted in paragraph 3 and therefore denies the same. On November 26, 2024, Respondent possessed a Nevada MDEG license.

4. Respondent admits that it received a cease-and-desist order with the terms described in paragraph 4. Respondent has ceased distributing any prescription medical devices to hospitals and any licensed facilities.

APPLICABLE LAW

5. Paragraph 5 is a statement of law and is not susceptible to admission or denial

6. Paragraph 6 is a statement of law and is not susceptible to admission or denial.

7. Paragraph 7 is a statement of law and is not susceptible to admission or denial.

8. Paragraph 8 is a statement of law and is not susceptible to admission or denial.

9. Paragraph 9 is a statement of law and is not susceptible to admission or denial.

10. Paragraph 10 is a statement of law and is not susceptible to admission or denial.

COUNT ONE

MITIGATION

16. Hill-Rom is in compliance with the cease-and-desist order to cease distributing prescription medical devices in Nevada.

17. Hill-Rom sells hospital beds to hospitals, which accounts for the vast majority of its operations in Nevada. The hospital beds themselves are not prescription medical devices but the sensors that can be attached to the beds are prescription medical devices. Hillrom is not currently supplying the prescription medical device sensors into Nevada.

18. On March 4, 2025, Hill-Rom submitted an application to become licensed as a Nevada wholesaler. After being informed that the license application had a deficiency that needed correction, Hill-Rom resubmitted on May 7, 2025. OTHER

19. To the extent Respondent has not expressly admitted a factual allegation, it denies all such allegations.

PRAYER FOR RELIEF

20. Respondent asks that the Board:

a. Dismiss all Causes of Acton in the Notice or that the Board finds that the allegations in the Notice and all evidence presented to the Board do not support imposing discipline on the Respondent.

21. That the Board provide further relief to Respondent as it finds just and proper.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **HILL-ROM COMPANY, INC.,** **License No. MP00038,** **Respondent.**	**CASE NOS. 24-500-MP-S** **STIPULATION AND ORDER**

J. 6. Respondent does not admit or contest the allegations in the Accusation, but acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit,* that by engaging in the business of selling, leasing, supplying and/or distributing prescription medical devices to hospitals and other licensed care facilities in this State while licensed as a a medical products provider but without a license to engage in business as a wholesaler, Respondent, Respondent's owner(s), and/or Respondent's personnel violated NRS 639.100(1), NRS 639.233 and/or NAC 639.593, and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.6941(1)(a), NAC 639.945(1)(i) and/or NAC 639.945(1)(k), and Respondent therefore subject to discipline pursuant to NAC 639.6941(2), NAC 639.945(3) and NRS 639.210(4) and (12).

8. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Hill-Rom Company, Inc., License No. MP00038, stipulate to the following penalties:

A. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Respondent shall pay a fine of Two Thousand Five Hundred Dollars ($2,500.00) for the violations by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by September 1, 2025; and

9. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon that Respondent not inconsistent with the provisions of NRS Chapter 639.

10. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on July 16, 2025. Respondent will appear in person or through counsel at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent or counsel are not present at the meeting.

11. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 USC § 1396r–2 and 45 CFR Part 60, and shall be further reported pursuant to NAC 639.960.

12. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board at a later date. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

13. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release one another from any and all additional claims arising from the facts set forth in

the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and have knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

ORDER OF SUMMARY SUSPENSION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy (Board), has determined that the certificate of registration of Respondent Alyssa Garcia, PT, Certificate of Registration No. PT20499, is subject to summary suspension pursuant to Nevada Revised Statute (NRS) 233B.127(3), based upon the following preliminary findings:

8. An Order was filed June 12, 2024, scheduling the ECC for the pending matter in Case No. 24-22461-4. This Order was served upon Respondent's counsel by U.S. Mail and email. The ECC was held at the scheduled time wherein all parties appeared telephonically. As a result of the ECC, the pending matters in Case Nos. 24-22461-1, 24-22461-2, 24-22461-3 and 24-22461-4 were consolidated and new dates for Prehearing and Hearing were set.

9. An Amended Scheduling Order was filed on June 28, 2024, scheduling the Prehearing Conference for the pending matters for August 21, 2024. This Order was served upon Respondent's counsel by email and certified U.S. Mail. A hearing date was set for October 21, 2024, through October 24, 2024. At the time fixed for the Prehearing Conference, legal counsel for the Investigative Committee, Sarah A. Bradley, Deputy Executive Director, appeared, as well as the Hearing Officer, Patricia Halstead, Esq., and counsel for Respondent, Liborius Agwara, Esq. At the Prehearing Conference, counsel for the Investigative Committee provided the Hearing Officer with the mandated Prehearing Conference Disclosures and had copies of both the Prehearing Conference Statement and the mandated Prehearing Disclosures available for the parties. Respondent was timely and properly served with the Prehearing Conference Statement and the mandated Prehearing Disclosures in accord with NRS and NAC Chapters 630, NRS Chapters 241, 622A, and 233B, and the requirements of due process.

10. On October 21, 2024, through October 24, 2024, hearings were held before the Hearing Officer to receive evidence and to hear arguments on each of the four (4) cases. The Hearing Officer received the complete Record of Proceedings, including the transcript of the testimony received and the exhibits admitted. Upon receipt of the Record of Proceedings, the hearings were closed. The Hearing Officer filed the Findings and Recommendations on May 19, 2025.' The matters were scheduled for final adjudication on June 6, 2025, at a regularly scheduled Board meeting. The notice of the adjudication was mailed to Respondent on May 7, 2025, via U.S. Certified Mail, with a copy by email as well. On May 19, 2025, Respondent was sent a copy of the Hearing Officer's Findings and Recommendations via U.S.

II.

Pursuant to NRS 622A.300(5)(a), the Findings and Recommendations of the Hearing Officer are hereby approved by the Board in their entirety and are hereby specifically incorporated and made part of this Order by reference. *See* **Exhibit 1**.

3. In Case No. 24-22461-3, the Board found all seven (7) Counts set forth in the First-Amended Complaint were proven.

4. In Case No. 24-22461-4, Count II, one (1) violation of NRS 630.3062(1)(a); Count IV, one (1) violation of NRS 630.254(3); Count V, one (1) violation of NRS 630.254(1); and Count VI, one (1) violation of NAC 630.230(2) were proven.

The above-referenced matters came for hearing on October 21, 2024 through October 24, 2024. The hearings were held by video conferencing between the State of Nevada Board of Medical Examiners' Reno and Las Vegas offices, with counsel for the Investigative Committee of the State of Nevada Board of Medical Examiners (the "IC"), Sarah A. Bradley, and the undersigned hearing officer appearing in Reno, and Respondent Dr. Matthew Obim Okeke ("Respondent") appearing from Las Vegas along with his counsel Liborius Agwara, Esq. The matters were presented out of sequence commencing with Matter 4. For purposes of ease for drafting this Findings and Recommendations, the matters will be addressed in the same order.

Matter 4

Matter 4 is premised upon a Complaint for seven claims for relief. Count I is Malpractice, a violation of NRS 630.301(4), premised upon the allegation, in summary, that is was improper for Respondent to prescribe a benzodiazepine (specifically alprazolam, the brand name of which

is Xanax) when he knew or should have known that the patient was also taking opioids; and/or that Respondent failed to consider outside medical records regarding the patient's use of opioids; and/or by failing to properly document the patient's treatment.

Count II alleges a violation of NRS 630.3062(1)(a), Failure to Maintain Complete Medical Records, and is premised upon the allegations that the patent records at issue were copied and pasted with data from other patients; and/or backdated; and/or failed to document review or discussion of the patient's Prescription Monitoring Program ("PMP") report; and/or failed to ensure the patient medications were updated and accurate each visit; and/or failed to document any attempt to obtain outside medical records related to the patient's use of opioids as prescribed be any other provider.

Count III is a charge of Engaging in Conduct that is Intended to Deceive, a violation of NRS 630.306(2)(b)(1), and is premised upon the allegation that Respondent was not forthright when representing to the Investigative Committee of the Nevada Board of Medical Examiners (the "IC") that he had only seen the subject patient twice.

Count IV alleges a violation of NRS 630.254(3), Failure to Notify the Board Regarding Office Closure and Location of Patient Records as related to Respondent's closing of his office referred to as "Grand Desert."

Count V, Failure to Notify the Board Regarding Change of Mailing Address, a violation of NRS 630.254(1), is self-explanatory and relates to the closing of Respondent's office.

Count VI is for Failure to Provide Patient Records to Patient Upon Request, a violation of NAC 630.230(2), and is premised upon the allegation that requested patient records had not been timely provided and that the location of the records remains unknown.

The final charge, Count VII, is for Knowing or Willful Failure to Comply with a Provision of NRS Chapter 630, a violation of NRS 630.3065(2)(c), and is premised upon Respondent's alleged knowingly and willful failure to have provided contact information upon the closure of his office and his failure to disclose the location of the patient records that are the subject of Count VI.

Throughout the course of the hearing, IC Exhibits 1 through 10 were admitted.

The IC's first witness was the IC's Chief Investigator Ernesto Diaz, who authenticated exhibits and through whom Exhibits 1-5 were admitted. Mr. Diaz also supported Count III, Engaging in Conduct that is Intended to Deceive, a violation of NRS 630.306(2)(b)(1), by testifying that medical records contradict Respondent's response to IC inquiries regarding having only seen Patient A twice.

The IC's next witness was Bryan Czerniski, M.D., a licensed Nevada psychiatrist, who testified to his credentials (*see* Exhibits 9-10, which were admitted), and opined that Respondent fell below the standard of care by prescribing a benzodiazepine, specifically alprazolam, to a patient who was on opioids and by further failing to document related risk factors. Transcript pp. 47-50 (abbreviated hereafter as "T" with page numbers following). According to Dr. Czerniski, Respondent should have checked the patient's PMP report before prescribing any controlled substance. T 50. Dr. Czerniski further testified that the combination of a benzodiazepine with an opioid can lead to respiratory distress and increase the chances of "mortality by tenfold," (T 53-54), and that alprazolam (a benzodiazepine) should not be utilized long-term for someone with anxiety due to the state of withdrawal causing more anxiety, especially if there is a history of alcohol use disorder because the withdrawal can induce alcohol cravings. T 56-57, 63-65, 86. Dr. Czerniski expressed concern about the alprazolam prescription due to a history of seizures and the withdrawal increasing the chance of seizures. T 57-58. Based upon these risks, Dr. Czerniski testified that the alprazolam should have been tapered off. T 59.

According to Dr. Czerniski, Respondent's records indicate that after Respondent checked the PMP report, he did decrease the alprazolam dosage but did so too abruptly without proper titration and then inexplicably bumped the dosage back up. T 60-61, 107. Dr. Czerniski further testified that there is no indication that Respondent collaborated to establish a shared treatment program with the patient's other provider(s) in light of the alprazolam he had prescribed and opioid prescription another provider had prescribed, nor did Respondent document the basis for his alprazolam prescription and dosage changes. T 62, 99.

As to Respondent's medical records, Dr. Czerniski noted concerns about notations being cloned, meaning copied and pasted from other records. T 66, 71-3. He also expressed that the medication list was unclear due to duplication and dosages, and that date entries were either auto-populated after the visit or subject to having been changed, which is contrary to records being required to be maintained as they were made after they are finalized. T 67-68, 71.

Adverse reactions as a result of the benzodiazepine prescription of alprazolam with the opioids as specific to Patient A was brought out in cross-examination, as to which Dr. Czerniski testified that the adverse reactions resulted in twelve emergency department visits, with ten of those during times the PMP report was kept, and eight of those having followed within two days of the Xanax prescription (alprazolam, which again, is a benzodiazepine). T 78-79. Notes related thereto provide "[p]rofound sedation due to medication of substances" but there is no way of knowing if the patient was compliant with medication instructions; although, the description is consistent with an overdose of alprazolam or a mixture of alprazolam and opiates, which Dr. Czerniski opined was the cause. T 79-83.

It was established on cross-examination that the patient had already been prescribed benzodiazepines by another provider, Dr. Kroegel, in 2019, and that when Respondent saw the patient three years later in September 2021 and October 2021, according to Dr. Czerniski, Respondent should have taken the patient off the alprazolam in consultation with the patient's other providers by tapering the patient off in consideration of the patient's seizure disorder and "rebound anxiety." T 89-96, 99-100.

The IC's next witness was Darla Zarley who is the Prescription Monitoring Program Administrator for the Nevada State Board of Pharmacy. T 120. Relevant to the charges, Ms. Zarley testified that the PMP records indicate that Respondent first ran a PMP inquiry for the patient on September 16, 2021, at which time Respondent prescribed the patient alprazolam (a benzodiazepine) despite the patient already being prescribed oxycodone (an opioid). T 123.

The next to testify was Johnna LaRue, the Deputy Chief of Investigations and Compliance Officer for the Nevada State Board of Medical Examiners. T 131. Ms. LaRue testified that Respondent's license was moved from active to inactive on June 9, 2023 in accordance with

admitted Exhibit 6, which is an email from Respondent's counsel requesting that Respondent's license be moved to inactive. Exhibit 7, which is an allegation letter regarding Respondent's failure to provide Patient B his or her records, was also admitted through Ms. LaRue. T 136-38. Exhibit 8, which is an envelope marked undeliverable to Respondent's address on file with the Board was also admitted. T 138-39. Ms. LaRue further testified that Patient B's records were never provided despite having been requested. T 140. On cross-examination, Ms. LaRue indicated that she did not follow up on the returned mail with Respondent by calling him but that she had tried to email him with no response. T 142-43.

Respondent for his case presented only his testimony, by which he testified that it is not his practice to prescribe benzodiazepines but will continue such prescriptions for existing users (T 146); Respondent lowered the patient's benzodiazepine prescription because he was not comfortable with the amount currently prescribed (T 148-49); the patient was not prescribed the benzodiazepine by him originally (T 149); that the reduction he gave was drastic so he increased it again to help the patient cope (T 150); and that he still maintains the address where his practice was located and that the Board has on file but there was no one there to sign for the mail the Board sent that was returned (T 150).

On cross-examination, Respondent acknowledged that he did not note any reasoning for the changes to the benzodiazepine prescription dosages. T 151. Then on re-direct, Respondent testified that the two times he saw the patient in 2021 and 2022 he was just covering and, therefore, did not want to make drastic changes to the patient's prescriptions. T 153.

Counts I and II

As to whether Respondent committed malpractice by prescribing benzodiazepines while he knew or should have known that the patient was taking opioids, the rub is that the patient was already prescribed benzodiazepines when the patient was seen by Respondent, who testified he was covering for another provider. Per the IC's expert, although it was inappropriate to allow the benzodiazepine prescription to continue, that being Xanax in particular, it also was not appropriate to cease the prescription altogether. Given the foregoing, I cannot recommend a finding that Respondent committed malpractice by continuing to prescribe the benzodiazepine.

However, it remains that Respondent's records are not appropriately reflective of the basis for his actions with respect to the continuing prescription, its increase and decrease, and there is no indication that he took care to address the problems that arise with the prescription in consideration of concurrent opioid use. The records also have cloned entries. The manner by which the records tracked prescriptions is also problematic in that, as testified to by Dr. Czerniski, the medication list was unclear due to duplication and dosages, and that date entries were either auto-populated after the visit or subject to having been changed, which is contrary to records being required to be maintained as they were made after they are finalized. T 6-68, 71. The failure to make and maintain appropriate medical records is pleaded as the basis for malpractice claim as well as the failure to maintain complete medical records claim. Given the duplicity, I recommend finding a violation on Count II.

Count III

Count III is engaging in conduct that is meant to deceive and is premised upon Respondent's written response to the IC's investigation whereby Respondent indicates that he only saw the patient at issue twice, which was not accurate. Respondent actually saw the patient eight times - twice in 2021 and six times in 2018. T 102; Exhibit 3.

The letter upon which Count II is based was written by Respondent's counsel but was adopted by Respondent and his signature appears on it. *See* Exhibit 2. The letter from the IC that the Respondent was answering referenced treatment of the patient "for years" and was focused on the prescription of narcotics to the identified patient. *See* Exhibit 1. The times that Respondent saw the patient and prescribed narcotics were the two visits in 2021.

In reviewing the statute, NRS 630.306, it is focused on actions that are the basis for initiating an investigation and, if warranted, disciplinary proceedings, and is not tailored to responding to the IC once an investigation is underway; but, even assuming the statute could be applied in such an instance, given the context of the inquiry and the timeframe Respondent could assume was at issue, I cannot find that Respondent referencing the two recent visits rises to the level of an intentional deception, particularly when Respondent provided all the records that included the visits from 2018. T 37-38.

Counts IV, V, and VI

Counts IV, V, and VI are for failure to notify the Board about the office closure and location of records; failure to notify the Board regarding a change of address; and failure to provide patient records to a patient upon request. Respondent did not defend his failure to provide patient records. As to the office closure and change of address, Respondent testified that he maintains that address although he closed his practice.

Given Respondent closed his practice, mail sent by the Board was returned, and the patient records remain unaccounted for, I submit that Respondent should be held accountable for each of these three counts. If a practitioner closes an office and cannot be reached by the Board by certified mailing, that is a problem and is the exact problem the mandates outlined in the counts are meant to address. It is particularly unacceptable that the patient records at issue in Count VI remain unaccounted for.

Matter 1

Matter 1 commenced upon the amendment of the Complaint as provided for on the record. A true and correct copy of the Complaint as amended was filed on October 29, 2024. The exhibits were also addressed and updated on the record. The parties stipulated that Respondent was out of the country from February 26, 2017 through March 11, 2017; September 27, 2017 through October 2, 2017; and June 30, 2018 through July 7, 2018; and November 9, 2018 through November 23, 2018, as stated in paragraph two of the Complaint as amended.

Counts 1-66 are for malpractice, a violation of NRS 630.301(4), as alleged with regard to patients A through NNN, and is premised upon the allegation that Respondent failed to use the reasonable care, skill, or knowledge ordinarily used under similar circumstances when rendering medical services because he billed for services not rendered, prescribed controlled substances via paper prescriptions when he was out of the country, failed to check the PMP as required by Nevada law, and failed to examine patients prior to writing prescriptions for controlled substances.

Counts 67 through 79 relate to patients A through M and are for failure to maintain complete medical records, a violation of NRS 630.3062(1)(a), premised upon Respondent's

alleged failure to completely and correctly document medical care and treatment and/or by over-reliance on templated material in the records, causing the same to be untimely, illegible, inaccurate, and incomplete.

Counts 80 through 136 relate to patients C, E, and J through NNN excluding L and M, and are premised upon alleged violations of statutes and regulations of the Nevada State Board of Pharmacy, a violation of NRS 630.306(1)(b)(3), specifically Respondent's alleged failure to run PMP reports as required to prescribe controlled substances.

Counts 137 through counts 197 plead violations of NRS 630.3062(1)(b)(3), Fraudulent, Illegal, Unauthorized, or Otherwise Inappropriate Prescribing of Controlled Substances Listed in Schedule II, III, or IV, in relation to patients C, E, G, and I through NNN, alleging that Respondent pre-signed prescription pads for his staff or other practitioners to utilize while he was out of the country.

Counts 198 to 204 are premised upon alleged violations of Engaging in Conduct that is Intended to Deceive, a violation of NRS 630.306(2)(b)(1), in relation to patients A, B, D, E, F, G, and H based upon providing services under his name and NPI number that he did not provide, which is deceptive.

Counts 205 through 211, relate to alleged violations of NRS 630.305(1)(d), Charging for Services Not Rendered, for allegedly charging patients A, B, D, E, F, G, and H for services that were not rendered.

The parties stipulated to numerous exhibits as identified on the record and removed others based upon Respondent's stipulation to not running PMP's for 57 patients as is relevant to Counts 80-136.

The IC's first witness was Ernesto Diaz, the Board's Chief Investigator, who testified as to Respondent's National Provider Identification number and to patient visit records of November 12-14, 2018 and November 20-21, 2018 – dates Respondent was out of the country. Transcript of October 22, 2024, pp. 50-56. The same testimony was given for the dates of February 28, 2017; September 27, 2017; November 24, 2018; November 9-10, 2018; November 16-19, 2018, in

addition to some overlap of prior dates. T 57-59. On cross-examination, Respondent implied the visits were by "telemed." T 60-62.

The IC then called Dr. Jayleen Chen, a psychiatrist, who testified as to her qualifications and that Respondent did not meet the standard of care by failing to have established a "bona fide patient/prescriber relationship" when having purportedly seen patients and prescribing controlled substances while out of the country, as well as failing to write progress notes to support the prescriptions. T 62, 67-71.

Per Dr. Chen, billing records indicate that the visits were office visits, that being that the place of service was the office; and, if the visits were by telehealth, that should have been noted. T 75-79. Dr. Chen also testified that electronic prescriptions, versus paper, are now the norm for prescribing controlled substances but, in relation to this matter, Respondent purported to have issued paper prescriptions while out of the country. T 80. It was surmised by Dr. Chen that the paper prescriptions were dated in such a manner as to be issued while Respondent was out of the country (T 81-86) as opposed to being filled out with "do not fill" until a certain date, which is the proper manner to issue future prescriptions. T 83. Dr. Chen also testified that it is not allowed for someone other than Respondent to have given the paper prescriptions to the patients. T 87. Dr. Chen further testified that Respondent's records contained copying and pasting and duplicate medication listings with differing dosages. T 89-91, 107. Dr. Chen also confirmed that a check of the PMP database was not undertaken when it should have been. T 93. On cross-examination, Dr. Chen was questioned about other care workers who are part of a treatment team billing under Respondent's Medicare billing code, which was referenced as "14." T 102-103. On redirect Dr. Chen testified that compromised prescribing credentials must be reported. T 110.

Respondent testified and addressed his experience (T 118-19); that he did not run the required PMP inquiries based upon his electronic medical record program giving the same information (T 119-21, 123-26, 138); and that, at the time at issue, it was acceptable to "postdate" written prescriptions (that being to write a future date), which is what Respondent did so that his patients would not run out of their prescriptions and face withdrawal symptoms (T 121, 126, 140-42). Respondent also testified that he was on the telephone with the provider seeing his patients

on unidentified occasions when the provider treating the patient had questions (T 122-23), and that other levels of providers would bill Medicaid under a general billing number that was also reflective of the number he used and, therefore, the usage of that number was not necessarily identifying as to him (T 126-131). On cross-examination, Respondent testified that a billing code "20" as opposed to a "14" would be the other psychiatrist affiliated with the office or the nurse practitioner but likely the nurse practitioner because the other psychiatrist would have put their name (T 136-37).

After Respondent's testimony, Darla Zarley of the Nevada State Board of Pharmacy was recalled as a witness by the IC, and testified that Respondent's EMR system was not integrated with the PMP system until July of 2020 (T of October 23, 2024, pp. 6-7) and reiterated that a PMP report was required to be run as of January 1, 2018. T 9.

Counts I – LXVI

Counts I-LXVI are for malpractice, defined by NAC 630.040 as "the failure of a physician . . . in treating a patient to use reasonable care, skill, or knowledge ordinarily used for similar circumstances," and are premised upon billing for services not rendered, prescribing controlled substances via paper prescriptions while out of the country, failing to run PMP reports as required by law, and failing to examine patients prior to writing prescriptions for controlled substances.

Respondent stipulated to being out of the country for the dates at issue and, therefore, did not examine the patients (and only conferring by phone with providers who did see them on occasion per his own testimony); admitted to not running the PMP reports as required by law; postdated prescriptions without complying with NAC 453.450(4), which applies to Schedule II substances, and otherwise postdated written prescriptions for controlled substances outside of Schedule II substances; and billed for treatment of the identified patients as demonstrated by billing records that, regardless of the PT code (which Respondent referred to as a Medicaid code that could apply to other levels of providers), reference Respondent as the provider by and

through his name, electronic signature, and NPI Code. As such, I recommend finding against Respondent for these counts.[1]

Counts LXVII - LXXIX

These counts allege that Respondent failed to maintain timely, eligible, accurate and complete medical records relating to the diagnosis, treatment and care of the identified patients by failing to completely and correctly document his care and treatment for each of the patients at issue and/or over-relying on templated material. The only direct testimony regarding the same came from Dr. Chen who substantiated the allegations and, therefore, I suggest finding against Respondent on these counts.

Counts LXXX – CXXXVI

These counts are for violation of statutes and regulations of the Nevada State Board of Pharmacy and is premised upon failure to run the PMP reports as addressed in counts I – LXVI. Based upon Respondent's admission to failing to run the PMP reports, Respondent should be found to have violated these counts.

Counts CXXXVII – CXCVII

These counts are for fraudulent, illegal, unauthorized, or otherwise inappropriate prescribing of controlled substances listed in Schedule II, III, or IV and are based upon the postdating of the prescriptions as was addressed in counts I – LXVI; however, the premise is that Respondent postdated the prescriptions and then provided them to office staff or other practitioners to hand out while he was out of the office. There is no testimony that was proffered to substantiate that and, contrary thereto, Respondent indicates that he postdated the prescriptions and himself provided them during previous appointments. October 22, 2024 T 139-40. This was not refuted by the IC and, therefore, I cannot recommend that Respondent be held in violation of these counts as pleaded.

///

[1] There are numerous patients at issue and, given the parties treated them as a block to which all allegations and defenses apply, the undersigned hearing officer likewise did so and, therefore, did not address each patient individually in making the above findings. This applies to all of the counts addressed with respect to Matter 1.

Counts CXCVIII – CCIV and Counts CCV - CCXI

These counts are in relation to seven identified patients who Respondent purported to provide services to while he was out of the country and are premised upon engaging in conduct intended to deceive and charging for services not rendered.[2] As set forth herein, I find that services were purportedly rendered and billed for that did not take place. To the extent that is deceptive, I recommend a finding that Respondent violated these counts.

Matter 2

This matter is similar to Matter 1 in that it alleges malpractice based upon prescribing an identified patent benzodiazepines when the patient was taking opioids and also prescribing five patients controlled substances by paper prescription when he was out of the country; failing to run each patient's PMP report; and failing to examine the patients prior to writing the prescriptions. The complaint also alleges counts for failure to maintain complete medical records in the same manner as addressed in Matter 1, that being over reliance upon templated material and/or cutting and pasting; counts premised upon violation of statutes and regulations of the Nevada State Board of Pharmacy for the failure to run the PMP reports; counts for fraudulent, illegal, unauthorized, or otherwise inappropriate prescribing of controlled substances listed in Schedule II, III, or IV by pre-signing paper prescriptions and providing them to staff and/or other practitioners to provide to patients while he was out of the country; and counsel for engaging in conduot that is intended to deceive by making misleading statements in response to the IC investigation. Matter 2 was heard on October 23, 2024 and continued through October 24, 2024 and is summarized as follows.

The IC's first witness was its Chief Investigator Ernesto Diaz who authenticated records and addressed Respondent's response to the IC investigation letter whereby Respondent indicated that he never authorized Dr. Victor Bruce to write any prescriptions. October 23, 2024 Transcript, pp. 20-41. Mr. Diaz also testified that as of his time at the IC, since March 2020, he had not received any information about Respondent's prescribing credentials being compromised. T 43.

[2] The IC's statutory citation at to counts CXCVIII - CCIV is "NRS 630.306(2)(b)(1)" but is apparently meant to be NRS 630.306(1)(b)(1).

On cross-examination Mr. Diaz was asked about the scope of any investigation he personally performed. T 46-49.

The IC next called Darla Zarley, the Prescription Monitoring Program Administrator with the Nevada State Board of Pharmacy who testified that the PMP reports run for the patients at issue were not run within the time period at issue as required by law. T 51-54. Ms. Zarley also testified that she was not notified of Respondent's prescribing credentials having become compromised. T 55. On cross-examination, Ms. Zarley testified that the PMP report showed that Respondent prescribed controlled substances to the patients subject to the complaint (T 57), and that the prescription should have been called in by the prescriber who saw the patient (T 59). As to Exhibit 20 in particular, Ms. Zarley testified that it looked like a person named "Mary" called the prescription in on behalf of Respondent. T 59-60. In response to questioning from the undersigned hearing officer, Ms. Zarley further testified that the prescribing credentials would come from whoever called in the prescription and, as to Exhibit 20, the number given was not Respondent's but could have been written down wrong. T 61-64. Respondent's prescribing credentials were then identified for the record. T 64-65. It was then established that a prescriber would not necessarily know if his or her credentials were being improperly used, which is why prescribers are required to run their related reports every six months to ensure their credentials are related solely to prescriptions they have issued. T 65-66. In follow up it was established that Exhibit 17 contains Respondent's credentials, as is the case for Exhibit 25, and a query for Respondent attributes Exhibit 20 to him. T 67-70. As for each of the prescriptions in Exhibits 17, 20, and 25, they were called in and would have been written down by the pharmacist. T 71.

The IC's next witness was Jayleen Chen, M.D., a psychiatrist who testified to her credentials and experience. Dr. Chen then testified that she opined that Respondent fell below the standard of care by prescribing benzodiazepines to Patient A who has been receiving opioids from another provider as well as having failed to run the PMP and took issue with the clarity and accuracy, by way of copying and pasting, of Patient A's records. T 79-91, 97-98, 101, 109-10, 126-27. Dr. Chen then addressed Respondent prescribing a controlled substance to Patient B on a date Respondent should have seen the patient to properly do so but was out of the country and for

which no PMP inquiry was made. T 113-15. Moving to Patient C, Dr. Chen testified that Patient C was prescribed a controlled substance on a date when Respondent was out of the country and, therefore, undertook the prescription without having seen the patient and for which no PMP report was run. T 115-18. The same testimony was also given for Patient D and Patient E, each action testified to by Dr. Chen having been deemed by her to fall below the appropriate standard of care. T 118-23. Dr. Chen then expressed ongoing concern about the clarity of the records and cutting and pasting versus providing tailored notations for different visits. T 124-26.

On cross-examination, Respondent represented that Sana Behavior Health is a treatment facility or hospital of which he was the medical director and, therefore, his role was to oversee treatment of all patients. T 130-31, 134. It was also established that three of the five patients at issue were Respondent's patients. T 132-33; October 24, 2024 T 5. As to Patient D in particular, by reference to Exhibit 21, Dr. Chen testified that she attributed that patient's care to Respondent because Respondent was listed as the psychiatrist on the record and a prescription was written under Respondent's name (which patients were Respondent's was never sorted on the record). T 133-36. Dr. Chen testified that when the prescription for Patient D that is part of the record as Exhibit 20 was written, Respondent was out of the country and, therefore, someone else wrote the prescription and Dr. Chen assumes it was authorized by Respondent; however, under questioning she acknowledged that the pharmacist writes the physician's name and could have put the primary doctor as opposed to the physician that ordered the prescription. T 138-41. Dr. Chen then testified that she was assuming Respondent was the attending physician for Patient D and that if that was not the case and was the medical director then she "could see that being ok," referring to Respondent not being present to provide care given his role of overseeing patient care. October 24, 2024 T 6. With Respondent not having left to go out of the country until the evening of November 8, 2019, Dr. Chen also testified that the prescription for Patient B could have been issued by Respondent that day (T 7-8), and that her main concern with Patient A was Respondent's failure to run a PMP report and lack of appropriate record documentation but agreed that it was not appropriate for Respondent to run a PMP for a patient that was not his (T 9-10).

On redirect, Dr. Chen reiterated that to prescribe a controlled substance, a PMP report must be run by the prescriber and that the prescriber must see the patient. T 12-13. As to Patient B, looking at Exhibit 14, the attending physician for October 10, 2019 was Respondent and for November 8, 2019 was Debra Perkins and it was surmised that Respondent provided the prescription dated for November 8, 2019 on October 10, 2019, which is inconsistent with Respondent's statement in Exhibit 4 that he did not postdate the November 8, 2019 prescription. T 13-15.

On recross, Respondent established that Exhibit 17 was a written prescription that was undertaken while Respondent was out of the country and, therefore "had nothing to do with [Respondent]" and that Dr. Chen did not "have a problem with whatever role, if any, that [Respondent] played with respect to these exhibits [17, 20, and 25]," which Dr. Chen agreed with. T 17-18.

On final redirect, Dr. Chen reiterated the requirement for post-dating prescriptions at the time, that being that they had to have the date of the day they were undertaken and had to provide "do no fill" until a certain date with no more than three prescriptions from the same issuing date. T 19-20.

When the undersigned hearing officer attempted to clarify Dr. Chen's testimony with respect to whether it was appropriate that the called in prescriptions were attributed to Respondent even though he was out of the country when they were issued, Dr. Chen stated that it was appropriate because Respondent was the medical director. T 20-22.

Counts I-V

These are malpractice claims based upon several allegations, the first of which is that Respondent prescribed Patient A benzodiazepines while she was taking opioids. This was attributed to Respondent having failed, admittedly, to run a PMP report.

Exhibit 7 contains Patient A's medical records and Respondent is consistently listed as her attending physician from 2013 to 2019. As such, Patient A does not present a scenario where Respondent was covering for another provider or was unfamiliar with her prescription history. Thus, to the extent it was not refuted that Patient A should not have been prescribed

benzodiazepines while taking opioids, I recommend that Respondent be held accountable for this portion of this count.

The remaining basis of the malpractice claim is that Respondent prescribed controlled substances to Patients A through E while he was out of the country, without checking a PMP report, and without conducting corresponding examinations. As to Patient A, the record does not reflect, so far as undersigned has been able to determine, that Patient A was prescribed any controlled substances while Respondent was out of the country and without conducting corresponding examinations, although he did not run PMP reports in conjunction with prescribing controlled substances for other dates and should be held accountable for that reason. With respect to Patient B, it was determined that Respondent could have personally seen that patient to facilitate the prescription but, again, did not run the PMP report, for which he should be held accountable. As to Patients C, D, and E, those were Sana Behavioral Health patients and, per testimony, their prescriptions could have been appropriately linked to Respondent as the Medical Director and not necessarily as the attending physician, which Dr. Chen testified was not problematic.[3] The fact that the burden was not met as to those patients as to each of the counts (not just the malpractice counts) was somewhat conceded by the IC on the record. T 31-32. To the extent that what remains of this count is duplicative of what remains of counts XI-XVI as to Patients A and B, undersigned recommends that these violations be accounted for in the latter counts and not encompassed in allegations of malpractice.

Counts VI-X

These counts relate to patients A through E and are premised upon Respondent's failure to maintain complete medical records in that such records were lacking in relevant notations, reflected copying and pasting, etc. This was a consistent concern throughout each of the hearings and the state of the records was no different in relation to this matter. As such, Respondent should

[3] Undersigned was surprised to hear Dr. Chen testify, and even clarify when queried by undersigned, that prescriptions could be called in under Respondent's name as the facility Medical Director when he was not the physician who saw the patient or directed the prescription. I do not believe this to actually be accurate but that is what the record bore out and I have rendered this recommendation in accordance with the record and the testimony provided.

be held accountable for these counts in relation to Patients A and B (with the counts as to Patients C, D, and E being excluded for the reasons set forth above).

Counts XI-XVI

These counts are for violation of pharmacy regulations related to Respondent's admitted failure to run PMP reports in relation to Patients A through E. To the extent Respondent is responsible therefore in relation to Patients A and B, Respondent should be held accountable.

Counts XVII-XX

These counts are for fraudulent, illegal, unauthorized, or otherwise inappropriate prescribing of controlled substances for allegedly pre-signing prescriptions and would be relevant as to Patients C, D, and E. For the reasons set forth above, the burden of proof for these counts have not been satisfied.

Counts XXI-XXIV

These counts are based upon Respondent's statements in response to investigative inquires by the IC that he checks "the PMP regularly" and in relation to what he guessed may have taken place with regard to Patients C, D, and E. As noted elsewhere herein, undersigned does not interpret the conduct complained of as a violation of NRS 630.306(1)(b)(3), but which is presumably meant to refer to NRS 630.306(1)(b)(1), because undersigned does not interpret the statute to include conduct or statements made in response to an already pending IC investigation. The statute states that deceitful conduct "constitutes grounds for initiating disciplinary action." Given disciplinary action had already commenced by way of an opened investigation, I do not find that this conduct is actionable as pleaded. How I interpret that statute is that deceitful conduct can be the basis to open an investigation and subject a physician to subsequent consequences. That being said, there is no doubt that such misrepresentations support a lack of credibility and support related culpability.

Matter 3

This matter involves a patient with whom Respondent admittedly had a personal/sexual relationship and entails counts for malpractice; failure to maintain complete medical records; violation of statutes and regulations regarding the Nevada State Board of Pharmacy; unsafe or

unprofessional conduct; disreputable conduct; violation of a patient's trust and exploitation of physician/patient relationship for financial or personal gain; and fraudulent, illegal, unauthorized, or otherwise inappropriate prescribing of controlled substances.

The parties stipulated to the admission of exhibits 1-6, 10, and 11.

The IC's first witness was Ernesto Diaz, the Chief of Investigations for the IC who testified to having reviewed text messages between Respondent and the Patient dated February 2021 through June 2021.

The IC next called Darla Zarley, the administrator of the Prescription Monitoring Program, who testified that a prescribing physician is required to run a PMP report each time a controlled substance is prescribed and every 90 days thereafter. October 24, 2024 transcript, p. 29. Ms. Zarley also testified to Exhibits 4 and 5, which demonstrated that Respondent ran two PMP reports in relation to the Patient on March 18, 2022 as reflected in Exhibit 4 despite having prescribed controlled substances to her on several other occasions (Exhibit 5). T 27-29.

The IC then called Jayleen Chen, M.D., a psychiatrist who testified to her credentials and who further testified to the impropriety of having a romantic relationship with a patient. T 32-37. Dr. Chen expressed concern regarding medications being prescribed with no premise therefore being documented, high dosages, and failure to run PMP reports, as well as concern about Respondent's romantic relationship with the patient and incomplete records that were, at times, hard to follow and included inapplicable diagnosis and cutting and pasting. T 38-48.

Respondent testified that he was already dating the Patient when he began to treat her and admitted it was wrong for him to do so, indicating that the Patient then began to threaten and extort him, including threatening to report him to the Nevada States Board of Medical Examiners, and that he had been negatively financially impacted as a result of his relationship and the Patient's demands upon him. T 53-57.

Count I

This is a count for malpractice, a violation of NRS 630.301(4) and is based upon Respondent having treated the Patient while having a personal relationship with her; prescribing controlled substances without running corresponding PMP reports; and failing to justify in his

medical records a prescription for Ambien and a prescription for Adderall, which was overprescribed. These allegations have been substantiated and Respondent should be held accountable.

Count II

This count is premised upon failure to maintain accurate and complete medical records, a violation of NRS 630.3062(1)(a). Dr. Chen's testimony was that the records kept were insufficient and her testimony was not disputed. Respondent should be held accountable for such.

Count III

Count III is for violation of statutes and regulations of the Nevada State Pharmacy Board, a violation of NRS 630.306(1)(b)(3), and is premised upon Respondent's failure to run PMP reports, which was established and for which Respondent should be held accountable.

Count IV

This count is for unsafe or unprofessional conduct, a violation of NRS 630.306(1)(p), and is based upon the overprescribing of Adderall and engaging in a personal relationship with the Patient and/or prescribing her controlled substances. This conduct was established and unrefuted. Respondent should be held accountable accordingly.

Count V

Disreputable conduct as set forth in NRS 630.301(9) is conduct that brings the medical profession into disrepute, including, without limitation, conduct that violates any provision of a code of ethics adopted by the Board by regulation based on a national code of ethics. Having a sexual relationship with a patient is patently unethical and is a violation of the same statute, subsection (5), "engaging by a practitioner in any sexual activity with a patient who is currently being treated by the practitioner." While not charged under section 5, which is exactly on point, it remains that the same conduct brings the medical profession into disrepute and is a violation for which Respondent should be held accountable.

Count VI

Count VI is for violation of patient trust and exploitation of the physician and patient relationship for financial or personal gain, a violation of NRS 630.301(7). Respondent's position

was that he was the victim of exploitation at the hands of the Patient in that the Patient utilized their relationship to exploit Respondent for financial gain; however, it cannot be overlooked that it was Respondent that put himself into that position for personal gain – that being the benefits of an ongoing personal/sexual relationship. Regardless of the fact that Respondent may have already been dating the Patient when he started treating her, her reliance upon him for medications and/or treatment that then becomes tied to an ongoing sexual relationship is exploitive, cannot be condoned, and was unequivocally a breach of trust regardless of any unfavorable actions the Patient may have responded with.

Count VII

The final count is for the fraudulent, illegal, unauthorized or otherwise inappropriate prescribing of controlled substances, a violation of NRS 630.3062(1)(h). Prescribing controlled substances to a patient without whom Respondent was personally involved was inappropriate and Respondent should be held accountable accordingly.

Matter 5

Matter 5 was dismissed by and through an Order for Dismissal With Prejudice, filed on October 29, 2024, and signed by Brett W. Frey, M.D., Chair of the IC.

BASED UPON THE FOREGOING, in summary, it is recommended that Respondent be held accountable for the following:

Matter 1: Counts I-LXVI;
Counts LXVII-LXXIX;
Counts LXXX-CXXXVI;
Counts CXCVIII-CCIV; and
Counts CCV-CCXI

Matter 2: One count of Counts I-V for prescribing benzodiazepines to Patient A while she was prescribed opioids;
Two counts of Counts VI-X for the medical records related to Patients A and B;

Two counts of Counts XI-XVI for failing to run PMP reports as to Patients A and B;

Matter 3: All Counts

Matter 4: Counts II, IV, V, and VI;

Matter 5: Dismissed

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. MATTHEW OKEKE, M.D., Certificate of Registration No. CS10935, Respondent.	Case No. 19-013-CS-S FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

This matter came before the Nevada State Board of Pharmacy at its regularly scheduled meeting on Wednesday, January 17, 2024. Gregory L. Zunino, Senior General Counsel, prosecuted the case before the Board. Respondent Matthew Okeke, M.D., Certificate of Registration No. CS10935, failed to appear after being properly served notice of the time, date, and place of the hearing. Pursuant to NRS 622A.350(2) and NRS 638.244(2), the Board adopted, as its Findings of Fact and Conclusions of Law, the allegations, averments, and legal conclusions stated in the Notice of Intended Action and Accusation on file herein. Those allegations, averments, and legal conclusions are restated below with minor conforming changes, as appropriate, to reflect the Board's determination to impose professional discipline in this case.

FINDINGS OF FACT

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over Respondent Matthew Okeke, M.D. (Respondent), because Respondent, at the time of the violations alleged herein, held a Nevada controlled substance registration, Certificate of Registration No. CS10935.

2. Respondent is a physician licensed by the Nevada State Board of Medical Examiners to practice psychiatry in Nevada. During the time periods discussed herein, Respondent was a "practitioner" as that term is defined at NRS 453.126.

3. Between February 28, 2017, and November 21, 2018, Respondent maintained a psychiatric practice in Las Vegas, Nevada. During that time frame, while engaged at various times in overseas travel, Respondent issued or caused to be issued at least one hundred twenty (120)

prescriptions for controlled substances. These included prescriptions for alprazolam, clonazepam, diazepam, lacosamide, pregabalin, lisdexamfetamine, and buprenorphine.

4. Respondent was located outside of the United States during the periods from: 1) February 26 to March 11, 2017; 2) September 27 to October 2, 2017; 3) June 30 to July 17, 2018; and 4) November 9 to November 23, 2018.

5. While engaged in overseas travel as stated above, Respondent employed the following methods of issuing prescriptions for controlled substances: 1) Respondent pre-signed certain of the prescriptions and supplied then to persons under his supervision or control for subsequent distribution to consumers; 2) Respondent authorized or directed one or more persons under his supervision or control to issue prescriptions to consumers by affixing Respondent's signature to those prescriptions via a rubber stamp imprinted with Respondent's signature; and 3) Respondent authorized or directed one or more persons under his supervision or control to telephonically issue prescriptions for consumers using Respondent's name and controlled substances registration number.

6. During the periods described herein, Respondent intentionally failed to maintain patient treatment charts and/or records from which a person could reasonably determine whether Respondent had a bona fide therapeutic relationship with the persons to whom prescriptions for controlled substances were issued under Respondent's name and controlled substances registration number.

7. Respondent caused, directed, or permitted one or more persons under his supervision or control to issue prescriptions for controlled substances even though such person(s) were not licensed or registered under state or federal law to prescribe controlled substances. Respondent knew or should have known that such person(s) was not licensed or registered under state or federal law to prescribe controlled substances.

8. On or about March 9, 2020, the Nevada State Board of Medical Examiners disciplined Respondent for malpractice and for failure to maintain proper medical records.

9. On or about September 7, 2022, Respondent entered a guilty plea pursuant to a plea agreement of committing the offense of intentional failure to maintain adequate records, a gross misdemeanor violation of NRS 422.510(1).

10. On or about September 7, 2022, Discovery Mind Center Ltd. (Discovery Mind Center), a Nevada limited-liability company, entered a guilty plea pursuant to a plea agreement of submitting false claims to defraud Medicaid, a felony violation of NRS 422.540; and of using the identifying information of an older person for unlawful purposes, a felony violation of NRS 205.463.

11. At the time of the offenses described in paragraph 10 above, Respondent owned, controlled, and/or managed Discovery Mind Center. Respondent entered guilty pleas on behalf of Discovery Mind Center.

12. On or about December 8, 2022, the Nevada State Board of Medical Examiners disciplined Respondent for failure to maintain proper medical records.

13. On or about January 17, 2023, Respondent and Discovery Mind Center were sentenced for the criminal offenses described in paragraph 10 above. Discovery Mind Center was ordered to pay $330,000 in restitution, and Respondent was sentenced to probation and ordered to pay $300,000 in costs and penalties.

14. On or about February 21, 2023, Matthew Okeke, M.D., Ltd., a Nevada limited-liability company, was convicted pursuant to a plea agreement of one count of submitting false claims: Medicaid fraud, a category D felony in violation of NRS 422.540(1)(a) and NRS 422.540(2)(a), and one count of obtaining and using personal identifying information of an older person for unlawful purposes, a category D felony in violation of NRS 205.463(1) and NRS 205.463(3)(a).

15. At the time of the offenses described in paragraph 14 above, Respondent owned, controlled, and/or managed Matthew Okeke, M.D., Ltd., a Nevada limited-liability company. Respondent entered guilty pleas on behalf of the company.

16. On or about February 21, 2023, Matthew Okeke, M.D., Ltd., a Nevada limited-liability company, was sentenced for the offenses described in paragraph 14 above. The company was ordered to pay a fine of $100,000.00, among other fees and assessments.

17. Respondent was charged individually with the offenses described in paragraphs 9, 10, and 14 above. As noted above, Respondent entered into plea agreements whereby he avoided individual convictions for all offenses except the gross misdemeanor offense described in paragraph 9 above.

18. On or about October 25, 2022, Respondent submitted to the Board his application to renew his certificate of registration to prescribe controlled substances. The application specifically directed Respondent to disclose any charges, arrests, or convictions. Respondent disclosed the conviction described in paragraph 9 above, referring to it as a "misdemeanor for record keeping," but he omitted to disclose the individual charges and/or arrests related to the more serious offenses described in paragraphs 10 and 14 above.

CONCLUSIONS OF LAW

FACTUAL ALLEGATIONS

3. Between February 28, 2017, and November 21, 2018, Respondent maintained a psychiatric practice in Las Vegas, Nevada. During that time frame, while engaged at various times in overseas travel, Respondent issued or caused to be issued at least one hundred twenty (120) prescriptions for controlled substances. These included prescriptions for alprazolam, clonazepam, diazepam, lacosamide, pregabalin, lisdexamfetamine, and buprenorphine.

While engaged in overseas travel as alleged above, Respondent employed the following methods of issuing prescriptions for controlled substances: 1) Respondent pre-signed certain of the prescriptions and supplied then to persons under his supervision or control for subsequent distribution to consumers; 2) Respondent authorized or directed one or more persons under his supervision or control to issue prescriptions to consumers by affixing Respondent's signature to those prescriptions via a rubber stamp imprinted with Respondent's signature; and 3) Respondent authorized or directed one or more persons under his supervision or control to telephonically issue prescriptions for consumers using Respondent's name and controlled substances registration number.

6. During the periods described herein, Respondent failed to maintain patient treatment charts and/or records from which a person could reasonably determine whether Respondent had a bona fide therapeutic relationship with the persons to whom prescriptions for controlled substances were issued under Respondent's name and controlled substances registration number.

7. Respondent caused, directed, or permitted one or more persons under his supervision or control to issue prescriptions for controlled substances even though such person(s) were not licensed or registered under state or federal law to prescribe controlled substances. Respondent knew or should have known that such person(s) were not licensed or registered under state or federal law to prescribe controlled substances.

27. By causing prescriptions to be issued in the manner described herein, Respondent violated NRS 639.2353 by issuing presigned prescriptions. with a Provision in NRS Chapter 630 (Count VII). Respondent did not file an answer in response to the allegations set forth in the Complaint.

8. An Order was filed June 12, 2024, scheduling the ECC for the pending matter in Case No. 24-22461-4. This Order was served upon Respondent's counsel by U.S. Mail and email. The ECC was held at the scheduled time wherein all parties appeared telephonically. As a result of the ECC, the pending matters in Case Nos. 24-22461-1, 24-22461-2, 24-22461-3 and 24-22461-4 were consolidated and new dates for Prehearing and Hearing were set.

At the time fixed for the Prehearing Conference, legal counsel for the Investigative Committee, Sarah A. At the Prehearing Conference, counsel for the Investigative Committee provided the Hearing Officer with the mandated Prehearing Conference Disclosures and had copies of both the Prehearing Conference Statement and the mandated Prehearing Disclosures available for the parties. Respondent was timely and properly served with the Prehearing Conference Statement and the mandated Prehearing Disclosures in accord with NRS and NAC Chapters 630, NRS Chapters 241, 622A, and 233B, and the requirements of due process.

10. On October 21, 2024, through October 24, 2024, hearings were held before the Hearing Officer to receive evidence and to hear arguments on each of the four (4) cases. The Hearing Officer received the complete Record of Proceedings, including the transcript of the testimony received and the exhibits admitted. Upon receipt of the Record of Proceedings, the hearings were closed. The Hearing Officer filed the Findings and Recommendations on May 19, 2025.' The matters were scheduled for final adjudication on June 6, 2025, at a regularly scheduled Board meeting. The notice of the adjudication was mailed to Respondent on May 7, 2025, via U.S. Certified Mail, with a copy by email as well. The above-referenced matters came for hearing on October 21, 2024 through October 24, 2024. The hearings were held by video conferencing between the State of Nevada Board of Medical Examiners' Reno and Las Vegas offices, with counsel for the Investigative Committee of the State of Nevada Board of Medical Examiners (the "IC"), Sarah A. Bradley, and the undersigned hearing officer appearing in Reno, and Respondent Dr. Matthew Obim Okeke ("Respondent") appearing from Las Vegas along with his counsel Liborius Agwara, Esq. The matters were presented out of sequence commencing with Matter 4. For purposes of ease for drafting this Findings and Recommendations, the matters will be addressed in the same order.

Matter 4

Matter 4 is premised upon a Complaint for seven claims for relief. Count I is Malpractice, a violation of NRS 630.301(4), premised upon the allegation, in summary, that is was improper for Respondent to prescribe a benzodiazepine (specifically alprazolam, the brand name of which

is Xanax) when he knew or should have known that the patient was also taking opioids; and/or that Respondent failed to consider outside medical records regarding the patient's use of opioids; and/or by failing to properly document the patient's treatment.

Count II alleges a violation of NRS 630.3062(1)(a), Failure to Maintain Complete Medical Records, and is premised upon the allegations that the patent records at issue were copied and pasted with data from other patients; and/or backdated; and/or failed to document review or discussion of the patient's Prescription Monitoring Program ("PMP") report; and/or failed to ensure the patient medications were updated and accurate each visit; and/or failed to document any attempt to obtain outside medical records related to the patient's use of opioids as prescribed be any other provider.

Count III is a charge of Engaging in Conduct that is Intended to Deceive, a violation of NRS 630.306(2)(b)(1), and is premised upon the allegation that Respondent was not forthright when representing to the Investigative Committee of the Nevada Board of Medical Examiners (the "IC") that he had only seen the subject patient twice.

Count IV alleges a violation of NRS 630.254(3), Failure to Notify the Board Regarding Office Closure and Location of Patient Records as related to Respondent's closing of his office referred to as "Grand Desert."

Count V, Failure to Notify the Board Regarding Change of Mailing Address, a violation of NRS 630.254(1), is self-explanatory and relates to the closing of Respondent's office.

Count VI is for Failure to Provide Patient Records to Patient Upon Request, a violation of NAC 630.230(2), and is premised upon the allegation that requested patient records had not been timely provided and that the location of the records remains unknown.

The final charge, Count VII, is for Knowing or Willful Failure to Comply with a Provision of NRS Chapter 630, a violation of NRS 630.3065(2)(c), and is premised upon Respondent's alleged knowingly and willful failure to have provided contact information upon the closure of his office and his failure to disclose the location of the patient records that are the subject of Count VI.

Throughout the course of the hearing, IC Exhibits 1 through 10 were admitted.

The IC's first witness was the IC's Chief Investigator Ernesto Diaz, who authenticated exhibits and through whom Exhibits 1-5 were admitted. Mr. Diaz also supported Count III, Engaging in Conduct that is Intended to Deceive, a violation of NRS 630.306(2)(b)(1), by testifying that medical records contradict Respondent's response to IC inquiries regarding having only seen Patient A twice.

The IC's next witness was Bryan Czerniski, M.D., a licensed Nevada psychiatrist, who testified to his credentials (*see* Exhibits 9-10, which were admitted), and opined that Respondent fell below the standard of care by prescribing a benzodiazepine, specifically alprazolam, to a patient who was on opioids and by further failing to document related risk factors. Transcript pp. 47-50 (abbreviated hereafter as "T" with page numbers following). According to Dr. Czerniski, Respondent should have checked the patient's PMP report before prescribing any controlled substance. T 50. Dr. Czerniski further testified that the combination of a benzodiazepine with an opioid can lead to respiratory distress and increase the chances of "mortality by tenfold," (T 53-54), and that alprazolam (a benzodiazepine) should not be utilized long-term for someone with anxiety due to the state of withdrawal causing more anxiety, especially if there is a history of alcohol use disorder because the withdrawal can induce alcohol cravings. T 56-57, 63-65, 86. Dr. Czerniski expressed concern about the alprazolam prescription due to a history of seizures and the withdrawal increasing the chance of seizures. T 57-58. Based upon these risks, Dr. Czerniski testified that the alprazolam should have been tapered off. T 59.

According to Dr. Czerniski, Respondent's records indicate that after Respondent checked the PMP report, he did decrease the alprazolam dosage but did so too abruptly without proper titration and then inexplicably bumped the dosage back up. T 60-61, 107. Dr. Czerniski further testified that there is no indication that Respondent collaborated to establish a shared treatment program with the patient's other provider(s) in light of the alprazolam he had prescribed and opioid prescription another provider had prescribed, nor did Respondent document the basis for his alprazolam prescription and dosage changes. T 62, 99.

As to Respondent's medical records, Dr. Czerniski noted concerns about notations being cloned, meaning copied and pasted from other records. T 66, 71-3. He also expressed that the medication list was unclear due to duplication and dosages, and that date entries were either auto-populated after the visit or subject to having been changed, which is contrary to records being required to be maintained as they were made after they are finalized. T 67-68, 71.

Adverse reactions as a result of the benzodiazepine prescription of alprazolam with the opioids as specific to Patient A was brought out in cross-examination, as to which Dr. Czerniski testified that the adverse reactions resulted in twelve emergency department visits, with ten of those during times the PMP report was kept, and eight of those having followed within two days of the Xanax prescription (alprazolam, which again, is a benzodiazepine). T 78-79. Notes related thereto provide "[p]rofound sedation due to medication of substances" but there is no way of knowing if the patient was compliant with medication instructions; although, the description is consistent with an overdose of alprazolam or a mixture of alprazolam and opiates, which Dr. Czerniski opined was the cause. T 79-83.

It was established on cross-examination that the patient had already been prescribed benzodiazepines by another provider, Dr. Kroegel, in 2019, and that when Respondent saw the patient three years later in September 2021 and October 2021, according to Dr. Czerniski, Respondent should have taken the patient off the alprazolam in consultation with the patient's other providers by tapering the patient off in consideration of the patient's seizure disorder and "rebound anxiety." T 89-96, 99-100.

The IC's next witness was Darla Zarley who is the Prescription Monitoring Program Administrator for the Nevada State Board of Pharmacy. T 120. Relevant to the charges, Ms. Zarley testified that the PMP records indicate that Respondent first ran a PMP inquiry for the patient on September 16, 2021, at which time Respondent prescribed the patient alprazolam (a benzodiazepine) despite the patient already being prescribed oxycodone (an opioid). T 123.

The next to testify was Johnna LaRue, the Deputy Chief of Investigations and Compliance Officer for the Nevada State Board of Medical Examiners. T 131. Ms. LaRue testified that Respondent's license was moved from active to inactive on June 9, 2023 in accordance with

admitted Exhibit 6, which is an email from Respondent's counsel requesting that Respondent's license be moved to inactive. Exhibit 7, which is an allegation letter regarding Respondent's failure to provide Patient B his or her records, was also admitted through Ms. LaRue. T 136-38. Exhibit 8, which is an envelope marked undeliverable to Respondent's address on file with the Board was also admitted. T 138-39. Ms. LaRue further testified that Patient B's records were never provided despite having been requested. T 140. On cross-examination, Ms. LaRue indicated that she did not follow up on the returned mail with Respondent by calling him but that she had tried to email him with no response. T 142-43.

Respondent for his case presented only his testimony, by which he testified that it is not his practice to prescribe benzodiazepines but will continue such prescriptions for existing users (T 146); Respondent lowered the patient's benzodiazepine prescription because he was not comfortable with the amount currently prescribed (T 148-49); the patient was not prescribed the benzodiazepine by him originally (T 149); that the reduction he gave was drastic so he increased it again to help the patient cope (T 150); and that he still maintains the address where his practice was located and that the Board has on file but there was no one there to sign for the mail the Board sent that was returned (T 150).

On cross-examination, Respondent acknowledged that he did not note any reasoning for the changes to the benzodiazepine prescription dosages. T 151. Then on re-direct, Respondent testified that the two times he saw the patient in 2021 and 2022 he was just covering and, therefore, did not want to make drastic changes to the patient's prescriptions. T 153.

Counts I and II

As to whether Respondent committed malpractice by prescribing benzodiazepines while he knew or should have known that the patient was taking opioids, the rub is that the patient was already prescribed benzodiazepines when the patient was seen by Respondent, who testified he was covering for another provider. Per the IC's expert, although it was inappropriate to allow the benzodiazepine prescription to continue, that being Xanax in particular, it also was not appropriate to cease the prescription altogether. Given the foregoing, I cannot recommend a finding that Respondent committed malpractice by continuing to prescribe the benzodiazepine.

However, it remains that Respondent's records are not appropriately reflective of the basis for his actions with respect to the continuing prescription, its increase and decrease, and there is no indication that he took care to address the problems that arise with the prescription in consideration of concurrent opioid use. The records also have cloned entries. The manner by which the records tracked prescriptions is also problematic in that, as testified to by Dr. Czerniski, the medication list was unclear due to duplication and dosages, and that date entries were either auto-populated after the visit or subject to having been changed, which is contrary to records being required to be maintained as they were made after they are finalized. T 6-68, 71. The failure to make and maintain appropriate medical records is pleaded as the basis for malpractice claim as well as the failure to maintain complete medical records claim. Given the duplicity, I recommend finding a violation on Count II.

Count III

Count III is engaging in conduct that is meant to deceive and is premised upon Respondent's written response to the IC's investigation whereby Respondent indicates that he only saw the patient at issue twice, which was not accurate. Respondent actually saw the patient eight times - twice in 2021 and six times in 2018. T 102; Exhibit 3.

The letter upon which Count II is based was written by Respondent's counsel but was adopted by Respondent and his signature appears on it. *See* Exhibit 2. The letter from the IC that the Respondent was answering referenced treatment of the patient "for years" and was focused on the prescription of narcotics to the identified patient. *See* Exhibit 1. The times that Respondent saw the patient and prescribed narcotics were the two visits in 2021.

In reviewing the statute, NRS 630.306, it is focused on actions that are the basis for initiating an investigation and, if warranted, disciplinary proceedings, and is not tailored to responding to the IC once an investigation is underway; but, even assuming the statute could be applied in such an instance, given the context of the inquiry and the timeframe Respondent could assume was at issue, I cannot find that Respondent referencing the two recent visits rises to the level of an intentional deception, particularly when Respondent provided all the records that included the visits from 2018. T 37-38.

Counts IV, V, and VI

Counts IV, V, and VI are for failure to notify the Board about the office closure and location of records; failure to notify the Board regarding a change of address; and failure to provide patient records to a patient upon request. Respondent did not defend his failure to provide patient records. As to the office closure and change of address, Respondent testified that he maintains that address although he closed his practice.

Given Respondent closed his practice, mail sent by the Board was returned, and the patient records remain unaccounted for, I submit that Respondent should be held accountable for each of these three counts. If a practitioner closes an office and cannot be reached by the Board by certified mailing, that is a problem and is the exact problem the mandates outlined in the counts are meant to address. It is particularly unacceptable that the patient records at issue in Count VI remain unaccounted for.

Matter 1

Matter 1 commenced upon the amendment of the Complaint as provided for on the record. A true and correct copy of the Complaint as amended was filed on October 29, 2024. The exhibits were also addressed and updated on the record. The parties stipulated that Respondent was out of the country from February 26, 2017 through March 11, 2017; September 27, 2017 through October 2, 2017; and June 30, 2018 through July 7, 2018; and November 9, 2018 through November 23, 2018, as stated in paragraph two of the Complaint as amended.

Counts 1-66 are for malpractice, a violation of NRS 630.301(4), as alleged with regard to patients A through NNN, and is premised upon the allegation that Respondent failed to use the reasonable care, skill, or knowledge ordinarily used under similar circumstances when rendering medical services because he billed for services not rendered, prescribed controlled substances via paper prescriptions when he was out of the country, failed to check the PMP as required by Nevada law, and failed to examine patients prior to writing prescriptions for controlled substances.

Counts 67 through 79 relate to patients A through M and are for failure to maintain complete medical records, a violation of NRS 630.3062(1)(a), premised upon Respondent's

alleged failure to completely and correctly document medical care and treatment and/or by over-reliance on templated material in the records, causing the same to be untimely, illegible, inaccurate, and incomplete.

Counts 80 through 136 relate to patients C, E, and J through NNN excluding L and M, and are premised upon alleged violations of statutes and regulations of the Nevada State Board of Pharmacy, a violation of NRS 630.306(1)(b)(3), specifically Respondent's alleged failure to run PMP reports as required to prescribe controlled substances.

Counts 137 through counts 197 plead violations of NRS 630.3062(1)(b)(3), Fraudulent, Illegal, Unauthorized, or Otherwise Inappropriate Prescribing of Controlled Substances Listed in Schedule II, III, or IV, in relation to patients C, E, G, and I through NNN, alleging that Respondent pre-signed prescription pads for his staff or other practitioners to utilize while he was out of the country.

Counts 198 to 204 are premised upon alleged violations of Engaging in Conduct that is Intended to Deceive, a violation of NRS 630.306(2)(b)(1), in relation to patients A, B, D, E, F, G, and H based upon providing services under his name and NPI number that he did not provide, which is deceptive.

Counts 205 through 211, relate to alleged violations of NRS 630.305(1)(d), Charging for Services Not Rendered, for allegedly charging patients A, B, D, E, F, G, and H for services that were not rendered.

The parties stipulated to numerous exhibits as identified on the record and removed others based upon Respondent's stipulation to not running PMP's for 57 patients as is relevant to Counts 80-136.

The IC's first witness was Ernesto Diaz, the Board's Chief Investigator, who testified as to Respondent's National Provider Identification number and to patient visit records of November 12-14, 2018 and November 20-21, 2018 – dates Respondent was out of the country. Transcript of October 22, 2024, pp. 50-56. The same testimony was given for the dates of February 28, 2017; September 27, 2017; November 24, 2018; November 9-10, 2018; November 16-19, 2018, in

addition to some overlap of prior dates. T 57-59. On cross-examination, Respondent implied the visits were by "telemed." T 60-62.

The IC then called Dr. Jayleen Chen, a psychiatrist, who testified as to her qualifications and that Respondent did not meet the standard of care by failing to have established a "bona fide patient/prescriber relationship" when having purportedly seen patients and prescribing controlled substances while out of the country, as well as failing to write progress notes to support the prescriptions. T 62, 67-71.

Per Dr. Chen, billing records indicate that the visits were office visits, that being that the place of service was the office; and, if the visits were by telehealth, that should have been noted. T 75-79. Dr. Chen also testified that electronic prescriptions, versus paper, are now the norm for prescribing controlled substances but, in relation to this matter, Respondent purported to have issued paper prescriptions while out of the country. T 80. It was surmised by Dr. Chen that the paper prescriptions were dated in such a manner as to be issued while Respondent was out of the country (T 81-86) as opposed to being filled out with "do not fill" until a certain date, which is the proper manner to issue future prescriptions. T 83. Dr. Chen also testified that it is not allowed for someone other than Respondent to have given the paper prescriptions to the patients. T 87. Dr. Chen further testified that Respondent's records contained copying and pasting and duplicate medication listings with differing dosages. T 89-91, 107. Dr. Chen also confirmed that a check of the PMP database was not undertaken when it should have been. T 93. On cross-examination, Dr. Chen was questioned about other care workers who are part of a treatment team billing under Respondent's Medicare billing code, which was referenced as "14." T 102-103. On redirect Dr. Chen testified that compromised prescribing credentials must be reported. T 110.

Respondent testified and addressed his experience (T 118-19); that he did not run the required PMP inquiries based upon his electronic medical record program giving the same information (T 119-21, 123-26, 138); and that, at the time at issue, it was acceptable to "postdate" written prescriptions (that being to write a future date), which is what Respondent did so that his patients would not run out of their prescriptions and face withdrawal symptoms (T 121, 126, 140-42). Respondent also testified that he was on the telephone with the provider seeing his patients

on unidentified occasions when the provider treating the patient had questions (T 122-23), and that other levels of providers would bill Medicaid under a general billing number that was also reflective of the number he used and, therefore, the usage of that number was not necessarily identifying as to him (T 126-131). On cross-examination, Respondent testified that a billing code "20" as opposed to a "14" would be the other psychiatrist affiliated with the office or the nurse practitioner but likely the nurse practitioner because the other psychiatrist would have put their name (T 136-37).

After Respondent's testimony, Darla Zarley of the Nevada State Board of Pharmacy was recalled as a witness by the IC, and testified that Respondent's EMR system was not integrated with the PMP system until July of 2020 (T of October 23, 2024, pp. 6-7) and reiterated that a PMP report was required to be run as of January 1, 2018. T 9.

Counts I – LXVI

Counts I-LXVI are for malpractice, defined by NAC 630.040 as "the failure of a physician . . . in treating a patient to use reasonable care, skill, or knowledge ordinarily used for similar circumstances," and are premised upon billing for services not rendered, prescribing controlled substances via paper prescriptions while out of the country, failing to run PMP reports as required by law, and failing to examine patients prior to writing prescriptions for controlled substances.

Respondent stipulated to being out of the country for the dates at issue and, therefore, did not examine the patients (and only conferring by phone with providers who did see them on occasion per his own testimony); admitted to not running the PMP reports as required by law; postdated prescriptions without complying with NAC 453.450(4), which applies to Schedule II substances, and otherwise postdated written prescriptions for controlled substances outside of Schedule II substances; and billed for treatment of the identified patients as demonstrated by billing records that, regardless of the PT code (which Respondent referred to as a Medicaid code that could apply to other levels of providers), reference Respondent as the provider by and

through his name, electronic signature, and NPI Code. As such, I recommend finding against Respondent for these counts.[1]

Counts LXVII - LXXIX

These counts allege that Respondent failed to maintain timely, eligible, accurate and complete medical records relating to the diagnosis, treatment and care of the identified patients by failing to completely and correctly document his care and treatment for each of the patients at issue and/or over-relying on templated material. The only direct testimony regarding the same came from Dr. Chen who substantiated the allegations and, therefore, I suggest finding against Respondent on these counts.

Counts LXXX – CXXXVI

These counts are for violation of statutes and regulations of the Nevada State Board of Pharmacy and is premised upon failure to run the PMP reports as addressed in counts I – LXVI. Based upon Respondent's admission to failing to run the PMP reports, Respondent should be found to have violated these counts.

Counts CXXXVII – CXCVII

These counts are for fraudulent, illegal, unauthorized, or otherwise inappropriate prescribing of controlled substances listed in Schedule II, III, or IV and are based upon the postdating of the prescriptions as was addressed in counts I – LXVI; however, the premise is that Respondent postdated the prescriptions and then provided them to office staff or other practitioners to hand out while he was out of the office. There is no testimony that was proffered to substantiate that and, contrary thereto, Respondent indicates that he postdated the prescriptions and himself provided them during previous appointments. October 22, 2024 T 139-40. This was not refuted by the IC and, therefore, I cannot recommend that Respondent be held in violation of these counts as pleaded.

///

[1] There are numerous patients at issue and, given the parties treated them as a block to which all allegations and defenses apply, the undersigned hearing officer likewise did so and, therefore, did not address each patient individually in making the above findings. This applies to all of the counts addressed with respect to Matter I.

Counts CXCVIII – CCIV and Counts CCV - CCXI

These counts are in relation to seven identified patients who Respondent purported to provide services to while he was out of the country and are premised upon engaging in conduct intended to deceive and charging for services not rendered.[2] As set forth herein, I find that services were purportedly rendered and billed for that did not take place. To the extent that is deceptive, I recommend a finding that Respondent violated these counts.

Matter 2

This matter is similar to Matter 1 in that it alleges malpractice based upon prescribing an identified patent benzodiazepines when the patient was taking opioids and also prescribing five patients controlled substances by paper prescription when he was out of the country; failing to run each patient's PMP report; and failing to examine the patients prior to writing the prescriptions. The complaint also alleges counts for failure to maintain complete medical records in the same manner as addressed in Matter 1, that being over reliance upon templated material and/or cutting and pasting; counts premised upon violation of statutes and regulations of the Nevada State Board of Pharmacy for the failure to run the PMP reports; counts for fraudulent, illegal, unauthorized, or otherwise inappropriate prescribing of controlled substances listed in Schedule II, III, or IV by pre-signing paper prescriptions and providing them to staff and/or other practitioners to provide to patients while he was out of the country; and counsel for engaging in conduot that is intended to deceive by making misleading statements in response to the IC investigation. Matter 2 was heard on October 23, 2024 and continued through October 24, 2024 and is summarized as follows.

The IC's first witness was its Chief Investigator Ernesto Diaz who authenticated records and addressed Respondent's response to the IC investigation letter whereby Respondent indicated that he never authorized Dr. Victor Bruce to write any prescriptions. October 23, 2024 Transcript, pp. 20-41. Mr. Diaz also testified that as of his time at the IC, since March 2020, he had not received any information about Respondent's prescribing credentials being compromised. T 43.

[2] The IC's statutory citation at to counts CXCVIII - CCIV is "NRS 630.306(2)(b)(1)" but is apparently meant to be NRS 630.306(1)(b)(1).

On cross-examination Mr. Diaz was asked about the scope of any investigation he personally performed. T 46-49.

The IC next called Darla Zarley, the Prescription Monitoring Program Administrator with the Nevada State Board of Pharmacy who testified that the PMP reports run for the patients at issue were not run within the time period at issue as required by law. T 51-54. Ms. Zarley also testified that she was not notified of Respondent's prescribing credentials having become compromised. T 55. On cross-examination, Ms. Zarley testified that the PMP report showed that Respondent prescribed controlled substances to the patients subject to the complaint (T 57), and that the prescription should have been called in by the prescriber who saw the patient (T 59). As to Exhibit 20 in particular, Ms. Zarley testified that it looked like a person named "Mary" called the prescription in on behalf of Respondent. T 59-60. In response to questioning from the undersigned hearing officer, Ms. Zarley further testified that the prescribing credentials would come from whoever called in the prescription and, as to Exhibit 20, the number given was not Respondent's but could have been written down wrong. T 61-64. Respondent's prescribing credentials were then identified for the record. T 64-65. It was then established that a prescriber would not necessarily know if his or her credentials were being improperly used, which is why prescribers are required to run their related reports every six months to ensure their credentials are related solely to prescriptions they have issued. T 65-66. In follow up it was established that Exhibit 17 contains Respondent's credentials, as is the case for Exhibit 25, and a query for Respondent attributes Exhibit 20 to him. T 67-70. As for each of the prescriptions in Exhibits 17, 20, and 25, they were called in and would have been written down by the pharmacist. T 71.

The IC's next witness was Jayleen Chen, M.D., a psychiatrist who testified to her credentials and experience. Dr. Chen then testified that she opined that Respondent fell below the standard of care by prescribing benzodiazepines to Patient A who has been receiving opioids from another provider as well as having failed to run the PMP and took issue with the clarity and accuracy, by way of copying and pasting, of Patient A's records. T 79-91, 97-98, 101, 109-10, 126-27. Dr. Chen then addressed Respondent prescribing a controlled substance to Patient B on a date Respondent should have seen the patient to properly do so but was out of the country and for

which no PMP inquiry was made. T 113-15. Moving to Patient C, Dr. Chen testified that Patient C was prescribed a controlled substance on a date when Respondent was out of the country and, therefore, undertook the prescription without having seen the patient and for which no PMP report was run. T 115-18. The same testimony was also given for Patient D and Patient E, each action testified to by Dr. Chen having been deemed by her to fall below the appropriate standard of care. T 118-23. Dr. Chen then expressed ongoing concern about the clarity of the records and cutting and pasting versus providing tailored notations for different visits. T 124-26.

On cross-examination, Respondent represented that Sana Behavior Health is a treatment facility or hospital of which he was the medical director and, therefore, his role was to oversee treatment of all patients. T 130-31, 134. It was also established that three of the five patients at issue were Respondent's patients. T 132-33; October 24, 2024 T 5. As to Patient D in particular, by reference to Exhibit 21, Dr. Chen testified that she attributed that patient's care to Respondent because Respondent was listed as the psychiatrist on the record and a prescription was written under Respondent's name (which patients were Respondent's was never sorted on the record). T 133-36. Dr. Chen testified that when the prescription for Patient D that is part of the record as Exhibit 20 was written, Respondent was out of the country and, therefore, someone else wrote the prescription and Dr. Chen assumes it was authorized by Respondent; however, under questioning she acknowledged that the pharmacist writes the physician's name and could have put the primary doctor as opposed to the physician that ordered the prescription. T 138-41. Dr. Chen then testified that she was assuming Respondent was the attending physician for Patient D and that if that was not the case and was the medical director then she "could see that being ok," referring to Respondent not being present to provide care given his role of overseeing patient care. October 24, 2024 T 6. With Respondent not having left to go out of the country until the evening of November 8, 2019, Dr. Chen also testified that the prescription for Patient B could have been issued by Respondent that day (T 7-8), and that her main concern with Patient A was Respondent's failure to run a PMP report and lack of appropriate record documentation but agreed that it was not appropriate for Respondent to run a PMP for a patient that was not his (T 9-10).

On redirect, Dr. Chen reiterated that to prescribe a controlled substance, a PMP report must be run by the prescriber and that the prescriber must see the patient. T 12-13. As to Patient B, looking at Exhibit 14, the attending physician for October 10, 2019 was Respondent and for November 8, 2019 was Debra Perkins and it was surmised that Respondent provided the prescription dated for November 8, 2019 on October 10, 2019, which is inconsistent with Respondent's statement in Exhibit 4 that he did not postdate the November 8, 2019 prescription. T 13-15.

On recross, Respondent established that Exhibit 17 was a written prescription that was undertaken while Respondent was out of the country and, therefore "had nothing to do with [Respondent]" and that Dr. Chen did not "have a problem with whatever role, if any, that [Respondent] played with respect to these exhibits [17, 20, and 25]," which Dr. Chen agreed with. T 17-18.

On final redirect, Dr. Chen reiterated the requirement for post-dating prescriptions at the time, that being that they had to have the date of the day they were undertaken and had to provide "do no fill" until a certain date with no more than three prescriptions from the same issuing date. T 19-20.

When the undersigned hearing officer attempted to clarify Dr. Chen's testimony with respect to whether it was appropriate that the called in prescriptions were attributed to Respondent even though he was out of the country when they were issued, Dr. Chen stated that it was appropriate because Respondent was the medical director. T 20-22.

Counts I-V

These are malpractice claims based upon several allegations, the first of which is that Respondent prescribed Patient A benzodiazepines while she was taking opioids. This was attributed to Respondent having failed, admittedly, to run a PMP report.

Exhibit 7 contains Patient A's medical records and Respondent is consistently listed as her attending physician from 2013 to 2019. As such, Patient A does not present a scenario where Respondent was covering for another provider or was unfamiliar with her prescription history. Thus, to the extent it was not refuted that Patient A should not have been prescribed

benzodiazepines while taking opioids, I recommend that Respondent be held accountable for this portion of this count.

The remaining basis of the malpractice claim is that Respondent prescribed controlled substances to Patients A through E while he was out of the country, without checking a PMP report, and without conducting corresponding examinations. As to Patient A, the record does not reflect, so far as undersigned has been able to determine, that Patient A was prescribed any controlled substances while Respondent was out of the country and without conducting corresponding examinations, although he did not run PMP reports in conjunction with prescribing controlled substances for other dates and should be held accountable for that reason. With respect to Patient B, it was determined that Respondent could have personally seen that patient to facilitate the prescription but, again, did not run the PMP report, for which he should be held accountable. As to Patients C, D, and E, those were Sana Behavioral Health patients and, per testimony, their prescriptions could have been appropriately linked to Respondent as the Medical Director and not necessarily as the attending physician, which Dr. Chen testified was not problematic.[3] The fact that the burden was not met as to those patients as to each of the counts (not just the malpractice counts) was somewhat conceded by the IC on the record. T 31-32. To the extent that what remains of this count is duplicative of what remains of counts XI-XVI as to Patients A and B, undersigned recommends that these violations be accounted for in the latter counts and not encompassed in allegations of malpractice.

Counts VI-X

These counts relate to patients A through E and are premised upon Respondent's failure to maintain complete medical records in that such records were lacking in relevant notations, reflected copying and pasting, etc. This was a consistent concern throughout each of the hearings and the state of the records was no different in relation to this matter. As such, Respondent should

[3] Undersigned was surprised to hear Dr. Chen testify, and even clarify when queried by undersigned, that prescriptions could be called in under Respondent's name as the facility Medical Director when he was not the physician who saw the patient or directed the prescription. I do not believe this to actually be accurate but that is what the record bore out and I have rendered this recommendation in accordance with the record and the testimony provided.

be held accountable for these counts in relation to Patients A and B (with the counts as to Patients C, D, and E being excluded for the reasons set forth above).

Counts XI-XVI

These counts are for violation of pharmacy regulations related to Respondent's admitted failure to run PMP reports in relation to Patients A through E. To the extent Respondent is responsible therefore in relation to Patients A and B, Respondent should be held accountable.

Counts XVII-XX

These counts are for fraudulent, illegal, unauthorized, or otherwise inappropriate prescribing of controlled substances for allegedly pre-signing prescriptions and would be relevant as to Patients C, D, and E. For the reasons set forth above, the burden of proof for these counts have not been satisfied.

Counts XXI-XXIV

These counts are based upon Respondent's statements in response to investigative inquires by the IC that he checks "the PMP regularly" and in relation to what he guessed may have taken place with regard to Patients C, D, and E. As noted elsewhere herein, undersigned does not interpret the conduct complained of as a violation of NRS 630.306(1)(b)(3), but which is presumably meant to refer to NRS 630.306(1)(b)(1), because undersigned does not interpret the statute to include conduct or statements made in response to an already pending IC investigation. The statute states that deceitful conduct "constitutes grounds for initiating disciplinary action." Given disciplinary action had already commenced by way of an opened investigation, I do not find that this conduct is actionable as pleaded. How I interpret that statute is that deceitful conduct can be the basis to open an investigation and subject a physician to subsequent consequences. That being said, there is no doubt that such misrepresentations support a lack of credibility and support related culpability.

Matter 3

This matter involves a patient with whom Respondent admittedly had a personal/sexual relationship and entails counts for malpractice; failure to maintain complete medical records; violation of statutes and regulations regarding the Nevada State Board of Pharmacy; unsafe or

unprofessional conduct; disreputable conduct; violation of a patient's trust and exploitation of physician/patient relationship for financial or personal gain; and fraudulent, illegal, unauthorized, or otherwise inappropriate prescribing of controlled substances.

The parties stipulated to the admission of exhibits 1-6, 10, and 11.

The IC's first witness was Ernesto Diaz, the Chief of Investigations for the IC who testified to having reviewed text messages between Respondent and the Patient dated February 2021 through June 2021.

The IC next called Darla Zarley, the administrator of the Prescription Monitoring Program, who testified that a prescribing physician is required to run a PMP report each time a controlled substance is prescribed and every 90 days thereafter. October 24, 2024 transcript, p. 29. Ms. Zarley also testified to Exhibits 4 and 5, which demonstrated that Respondent ran two PMP reports in relation to the Patient on March 18, 2022 as reflected in Exhibit 4 despite having prescribed controlled substances to her on several other occasions (Exhibit 5). T 27-29.

The IC then called Jayleen Chen, M.D., a psychiatrist who testified to her credentials and who further testified to the impropriety of having a romantic relationship with a patient. T 32-37. Dr. Chen expressed concern regarding medications being prescribed with no premise therefore being documented, high dosages, and failure to run PMP reports, as well as concern about Respondent's romantic relationship with the patient and incomplete records that were, at times, hard to follow and included inapplicable diagnosis and cutting and pasting. T 38-48.

Respondent testified that he was already dating the Patient when he began to treat her and admitted it was wrong for him to do so, indicating that the Patient then began to threaten and extort him, including threatening to report him to the Nevada States Board of Medical Examiners, and that he had been negatively financially impacted as a result of his relationship and the Patient's demands upon him. T 53-57.

Count I

This is a count for malpractice, a violation of NRS 630.301(4) and is based upon Respondent having treated the Patient while having a personal relationship with her; prescribing controlled substances without running corresponding PMP reports; and failing to justify in his

medical records a prescription for Ambien and a prescription for Adderall, which was overprescribed. These allegations have been substantiated and Respondent should be held accountable.

Count II

This count is premised upon failure to maintain accurate and complete medical records, a violation of NRS 630.3062(1)(a). Dr. Chen's testimony was that the records kept were insufficient and her testimony was not disputed. Respondent should be held accountable for such.

Count III

Count III is for violation of statutes and regulations of the Nevada State Pharmacy Board, a violation of NRS 630.306(1)(b)(3), and is premised upon Respondent's failure to run PMP reports, which was established and for which Respondent should be held accountable.

Count IV

This count is for unsafe or unprofessional conduct, a violation of NRS 630.306(1)(p), and is based upon the overprescribing of Adderall and engaging in a personal relationship with the Patient and/or prescribing her controlled substances. This conduct was established and unrefuted. Respondent should be held accountable accordingly.

Count V

Disreputable conduct as set forth in NRS 630.301(9) is conduct that brings the medical profession into disrepute, including, without limitation, conduct that violates any provision of a code of ethics adopted by the Board by regulation based on a national code of ethics. Having a sexual relationship with a patient is patently unethical and is a violation of the same statute, subsection (5), "engaging by a practitioner in any sexual activity with a patient who is currently being treated by the practitioner." While not charged under section 5, which is exactly on point, it remains that the same conduct brings the medical profession into disrepute and is a violation for which Respondent should be held accountable.

Count VI

Count VI is for violation of patient trust and exploitation of the physician and patient relationship for financial or personal gain, a violation of NRS 630.301(7). Respondent's position

was that he was the victim of exploitation at the hands of the Patient in that the Patient utilized their relationship to exploit Respondent for financial gain; however, it cannot be overlooked that it was Respondent that put himself into that position for personal gain – that being the benefits of an ongoing personal/sexual relationship. Regardless of the fact that Respondent may have already been dating the Patient when he started treating her, her reliance upon him for medications and/or treatment that then becomes tied to an ongoing sexual relationship is exploitive, cannot be condoned, and was unequivocally a breach of trust regardless of any unfavorable actions the Patient may have responded with.

Count VII

The final count is for the fraudulent, illegal, unauthorized or otherwise inappropriate prescribing of controlled substances, a violation of NRS 630.3062(1)(h). Prescribing controlled substances to a patient without whom Respondent was personally involved was inappropriate and Respondent should be held accountable accordingly.

Matter 5

Matter 5 was dismissed by and through an Order for Dismissal With Prejudice, filed on October 29, 2024, and signed by Brett W. Frey, M.D., Chair of the IC.

BASED UPON THE FOREGOING, in summary, it is recommended that Respondent be held accountable for the following:

Matter 1: Counts I-LXVI;
Counts LXVII-LXXIX;
Counts LXXX-CXXXVI;
Counts CXCVIII-CCIV; and
Counts CCV-CCXI

Matter 2: One count of Counts I-V for prescribing benzodiazepines to Patient A while she was prescribed opioids;
Two counts of Counts VI-X for the medical records related to Patients A and B;

Two counts of Counts XI-XVI for failing to run PMP reports as to Patients A and B;

Matter 3: All Counts

Matter 4: Counts II, IV, V, and VI;

Matter 5: Dismissed

RESPECTFULLY SUBMITTED this 19th day of May 2025.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (the "Board") has jurisdiction over Respondent Matthew Okeke, M.D. ("Respondent"), because Respondent holds certificate of registration no. CS10935 issued by the Board pursuant to NRS 453.231.

FACTUAL ALLEGATIONS

2. Respondent was a physician formerly licensed by the Nevada State Board of Medical Examiners (the "NSBME") to practice medicine in Nevada.

3. Based upon numerous findings of professional misconduct, the NSBME revoked Respondent's license to practice medicine. The NSBME's decision is memorialized in its Findings of Fact, Conclusions of Law, and Order dated June 13, 2025 (the "Order").

4. The NSBME found, among other things, that Respondent routinely and inappropriately prescribed controlled substances for a patient with whom he was having a sexual relationship. The nature and details of that misconduct are more particularly described in the NSBME's complaint in case no. 24-22461-3.

5. In addition to its findings in case no. 24-22461-3, the NSBME issued findings in case nos. 24-22461-1, 24-22461-2 and 24-22461-4. Those findings overlap with and resolve the Board's allegations in case no. 19-013-CS-S.

APPLICABLE LAW

6. Every practitioner who prescribes controlled substances in Nevada must secure and maintain a certificate of registration issued by the Board. NRS 453.226(1)(a); NRS 453.231(3).

7. The Board may revoke or suspend the registration of any practitioner who has violated, attempted to violate, assisted, or abetted in the violation of, or conspired to violate any of the provisions of NRS chapter 639 or any state or federal law or regulation relating to drugs, the manufacture or distribution of drugs, or the practice of pharmacy. NRS 639.210(12); NRS 453.231(1)(b); NRS 453.236(1)(e).

8. The Board may revoke or suspend the registration of any practitioner who demonstrates an inability to maintain effective controls against diversion of controlled substances into other than legitimate medical, scientific, research or industrial channels. NRS 639.210(4); NRS 453.231(1)(a); NRS 453.236(1)(e).

COUNT ONE
Violations of State Law Relating to Drugs

9. As detailed in the Order, Respondent violated numerous state laws relating to drugs and/or the distribution of drugs.

10. Based upon the Order, the Board may revoke Respondent's certificate of registration and impose such other discipline as is authorized by law. NRS 639.210(12); NRS 453.231(1)(b); NRS 453.236(1)(e).

COUNT TWO
Failure to Maintain Effective Controls Against Diversion

11. As detailed in the Order, Respondent repeatedly demonstrated an inability to maintain effective controls against diversion of controlled substances into other than legitimate medical, scientific, research or industrial channels.

12. Based upon the Order, the Board may revoke Respondent's certificate of registration and impose such other discipline as is authorized by law. NRS 639.210(4); NRS 453.231(1)(a); NRS 453.236(1)(e).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to Respondent's certificate of registration to prescribe controlled substances.

DATED this 18th day of June 2025.

Yenh Long, Pharm.D.,
Deputy Executive Secretary of the Nevada State Board of Pharmacy, for and on behalf of J. David Wuest, R.Ph.,

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **PULMONARY SOLUTIONS, LLC,** **License No. MP02951,** **Respondent.**	**CASE NO. 22-357-MP-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Pulmonary Solutions, LLC (Respondent), because Respondent holds a license issued by the Board pursuant to NRS 639.233 and NAC 639.6942.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve retail sales and/or consumer leases of medical devices, equipment, and gases.

FACTUAL ALLEGATIONS

3. Respondent is currently licensed by the Board to sell medical products from its business location at 7660 West Sahara Avenue in Las Vegas, Nevada. Respondent was previously licensed to sell medical products from a second Nevada business location at 50 Freeport Boulevard #24 in Sparks, Nevada.

4. As a licensed medical products provider, Respondent is authorized to sell and/or lease respiratory equipment and related supplies to Nevada consumers.

5. In March 2024, Respondent closed its business location at 50 Freeport Boulevard #24 in Sparks, Nevada. Respondent continues to conduct business from its location on Sahara Avenue in Las Vegas, Nevada.

6. The allegations below concern the operation of Respondent's business location in Sparks, Nevada. Until March 2024, Respondent operated the Sparks location under license no. MP02951. Respondent operates the Las Vegas location under license no. MP00687. Respondent did not renew its license for the Sparks location.

7. In August 2020, Respondent entered into a contract with patient J.E., an 88-year-old male who was suffering from chronic obstructive pulmonary disease (COPD). As directed by J.E.'s physician, Respondent supplied J.E. with a home oxygen concentrator for nocturnal use, a portable oxygen concentrator for daytime use, and associated oxygen supplies. Medicare reimbursed Respondent for the cost of the equipment and supplies.

8. Under Medicare rules, J.E. was obligated to contract with Respondent for a 5-year term of duration. Pursuant to the terms of the contract, Medicare had no obligation to pay for equipment or supplies acquired by J.E. from any source other than Respondent.

9. In 2022, as discussed in greater detail below, Respondent was largely unresponsive to J.E.'s requests for service, maintenance, and oxygen supplies. This unresponsive behavior forced J.E. to acquire oxygen supplies from Amazon at his own expense.

10. In November and December 2021, J.E.'s respiratory distress became more severe. J.E.'s physician issued an order dated December 17, 2021, directing Respondent to service J.E.'s home oxygen concentrator, to supply J.E. with an oximeter, and to provide him with a small volume nebulizer and related supplies.

11. Although Respondent received the physician's order as described above, Respondent did not service or otherwise address the problems with J.E.'s home oxygen concentrator until May 9, 2022. On that date, Respondent replaced the existing oxygen concentrator with an entirely new unit. Respondent did not document the reasons why the existing unit had failed.

12. Between December 2021 and April 2022, Respondent billed Medicare for a home oxygen concentrator and a battery that it had reportedly delivered to J.E. pursuant to his physician's

order. Respondent had not actually delivered these items to J.E. despite representing to Medicare that it had delivered the items.

13. Between December 2021 and May 9, 2022, J.E.'s various caregivers reportedly telephoned Respondent on more than 100 occasions to request service to J.E.'s home oxygen concentrator and/or to request the prescribed oximeter, the nebulizer, a battery for the portable oxygen concentrator, and much needed oxygen supplies such as masks and tubing. According to the caregivers, Respondent's employees typically complained that they were overworked, understaffed, and/or generally unable to promptly address J.E.'s medical needs.

14. Respondent did not document any of the telephone calls described above, nor did it document Respondent's responses, if any, to the calls.

15. In April 2022, Respondent dispatched a technician to examine J.E.'s home oxygen concentrator. The technician removed a piece from the home oxygen concentrator and left J.E.'s home without repairing or otherwise improving the operation or function of the home oxygen concentrator. Respondent did not make a record of this visit by the technician.

16. As noted above, on May 9, 2022, Respondent replaced J.E.'s home oxygen concentrator with an entirely new unit. Respondent's administrator has represented that Respondent's standard operating procedure is to replace rather than repair an inoperable or poorly functioning oxygen concentrator.

17. On May 10, 2022, J.E.'s caregiver telephoned Respondent to explain that J.E.'s new home oxygen concentrator was missing a part. Sometime thereafter, a technician arrived at J.E.'s home to examine the unit. According to the caregiver, the technician removed a second part from the unit and left with it. The technician never returned to repair and/or reassemble the unit. Respondent did not document the visit by the technician or the reasons why the technician had partially dissembled the unit.

18. In July and August 2022, J.E.'s caregivers telephoned Respondent on three or more occasions to inform Respondent that J.E.'s home oxygen concentrator was missing a part or parts. On

August 16, 2022, after receiving several telephone calls from J.E.'s caregivers, Respondent repaired J.E.'s home oxygen concentrator.

19. On or about November 1, 2022, Board Investigator Monica Segedy transmitted to Respondent a demand for records concerning the events described above. The demand included a request for "[a]ny and all notes documenting visits and/or communication with [J.E.] and or his caretaker." The records produced by Respondent in response to the demand letter contain very few entries documenting visits and communications with J.E. after December 2020. Respondent produced no record of ever having delivered an oximeter or a small volume nebulizer to J.E. or his caregivers as ordered by J.E.'s physician.

20. J.E. passed away on January 19, 2023.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MIGUEL VARGAS-LAGUNAS, M.D.,** **Certificate of Registration No. CS15547,** **Respondent.**	**Case No. 22-490-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Miguel Vargas-Lagunas, M.D., ("Respondent"), because Respondent holds a certificate of registration issued by the Board authorizing him to prescribe controlled substances in Nevada.

2. The Board has jurisdiction over the subject matter of this accusation because it alleges violations involving the receipt, storage, possession, and/or dispensing of dangerous drugs. As used herein, "dangerous drug" has the meaning ascribed to it in NRS 454.201.

FACTUAL ALLEGATIONS

3. Respondent is a physician licensed by the Nevada State Board of Medical Examiners to practice medicine in Nevada.

4. Respondent holds certificate of registration no. CS15547, which was issued by the Board pursuant to NRS 453.226 and 453.231.

5. At all times alleged herein, Respondent was a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

6. In 2022 and 2023, Respondent served as the medical director for Imagen Med Spa ("Imagen"), located at 2605 South Decatur Boulevard, Suite 218, in Las Vegas, Nevada.

7. In 2022 and 2023, Imagen was owned and managed by Liliana Ramos.

8. Liliana Ramos was not a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

9. As the medical director for Imagen, Respondent had a duty to familiarize himself with Imagen's patient records and medical practices.

10. As the medical director for Imagen, Respondent had a duty to understand Nevada law as it governs the receipt, possession, storage, and distribution of dangerous drugs, and to advise Ms. Ramos accordingly.

11. In 2022 and 2023, Imagen provided various cosmetic and wellness treatments to its customers. These included cosmetic treatments using botulinum toxin type A and dermal fillers, and wellness treatments using injectable vitamins.

12. In 2022 and 2023, Imagen stored and possessed botulinum toxin type A, dermal fillers, and injectable vitamins, all dangerous drugs

13. In 2022 and 2023, Imagen did not lock or otherwise secure the above dangerous drugs.

14. Aside from Respondent, Imagen did not employ any practitioners in 2022 and 2023.

15. In 2022 and 2023, Respondent was only occasionally present at Imagen's facility at 2605 South Decatur Boulevard, Suite 218, in Las Vegas, Nevada.

16. In 2022 and 2023, in Respondent's absence, Liliana Ramos received, stored, possessed and/or administered dangerous drugs at Imagen's facility at 2605 South Decatur Boulevard, Suite 218, in Las Vegas, Nevada.

17. Based upon his knowledge of Imagen's records and medical practices, Respondent knew or should have known that Liliana Ramos received, stored, possessed and/or administered dangerous drugs outside of Respondent's presence.

18. As Imagen's medical director, Respondent had a duty to lock or otherwise secure the dangerous drugs in Imagen's possession and to take reasonable steps to prevent Liliana Ramos and other non-practitioners from receiving, storing, possessing, and/or administering those dangerous drugs in Respondent's absence.

APPLICABLE LAW

19. The Board may revoke or suspend the registration of any practitioner who has violated, attempted to violate, assisted, or abetted in the violation of, or conspired to violate any of the provisions of NRS chapters 453, 454, 639, or any state or federal law or regulation relating to drugs, the manufacture or distribution of drugs, or the practice of pharmacy. NAC 639.945(1)(i) and (j).

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these respondents because at the time of the events alleged herein, Respondent Robert Seik (Seik), Certificate of Registration No. 13574, and Respondent David Whitehouse (Whitehouse), Certificate of Registration No. 13635, were pharmacists registered with the Board, and Respondent Partell Pharmacy (Partell Pharmacy), Pharmacy License No. PH02028, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Seik owns Partell Pharmacy and served as the managing pharmacist of Partell Pharmacy from August 21, 2023, to September 19, 2023, and from January 6, 2024, to present.

5. One product was an "Emergency Kit" including: 1) Amoxicillin-Clavulanate 875-125mg (28 tablets); 2) Azithromycin 250mg (12 tablets); 3) Bactrim DS 800mg-160mg (28 tablets); 4) Doxycycline Hyclate 100mg (60 capsules); 5) Fluconazole 150mg (2 tablets); 6) Ivermectin 18mg (7 capsules); 7) Metronidazole 500mg (30 tablets); and 8) Ondansetron 4mg (6 tablets).

8. When a practitioner associated with TWC prescribed either of the two kits, Partell Pharmacy staff used a mutually agreed upon "pharmacy script" template that specified the drugs to be included in each kit.

9. Partell Pharmacy dispensed at least 512 prescriptions issued for an "Emergency Kit" or "COVID Kit" under this scheme.

10. Partell Pharmacy regularly substituted Budesonide in the "COVID Kit" with a Medrol DosePak and Albuterol without consulting the prescribing practitioner, and continued billing TWC for the cost of Budesonide while substituting cheaper medications.

11. None of the counseling materials for each kit included any information on Medrol DosePaks or Albuterol. No further action was taken by Partell Pharmacy, Seik or Whitehouse to correct the counseling materials or provide any information regarding the substituted medications.

NRS 639.210(4).

16. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **QUI THAI, MD,** **Certificate of Registration No. CS13843,** **Respondent.**	**Case No. 22-476-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Qui Thai, MD ("Respondent") held a registration issued by the Board, Certificate of Registration No. CS13843.

FACTUAL ALLEGATIONS

2. Respondent is licensed by the Nevada State Board of Medical Examiners to practice medicine. At the time of the violations alleged herein, Respondent was a "practitioner" as that term is defined at NRS 453.126(1) and 639.0125(1).

3. Since September 25, 2016, through present, Respondent has held a certificate of registration issued by the Board pursuant to NRS 453.226. This certificate of registration authorized Respondent to prescribe controlled substances. Respondent's current certificate of registration was renewed November 1, 2024, and is set to expire October 31, 2026.

4. On February 21, 2017, Respondent established an account with Nevada's Prescription Monitoring Program (PMP). The account provided Respondent with individual access

to the PMP database, a confidential source of information concerning all prescriptions written in Nevada for controlled substances.

5. According to the Board's records, between February 21, 2017, through the present, Respondent never accessed the PMP database to review his own prescribing activity. Also, according to the Board's records, between February 21, 2017, and November 15, 2022, Respondent never accessed the PMP database to evaluate the prescription histories of the patients for whom he prescribed controlled substances.

6. Between February 21, 2017, and March 20, 2025, Respondent wrote 14,051 prescriptions for controlled substances, including refills for 1,295 unique patients. Of those, between February 21, 2017, and November 15, 2022, Respondent wrote prescriptions for controlled substances for 1,075 unique patients.

APPLICABLE LAW

7. In Nevada, it is unlawful to dispense a controlled substance except as authorized by NRS Chapter 453. NRS 453.321(1)(a). "Dispense" is defined to include the act of prescribing a controlled substance. NRS 453.056.

8. Every practitioner who intends to prescribe controlled substances in Nevada must first apply for and obtain a certificate of registration from the Board. NRS 453.226(1); NRS 453.231(3). The practitioner must renew the certificate of registration on a biennial basis. *Id.* A practitioner who fails to register or renew may be subject to criminal and/or civil penalties for prescribing controlled substances without a certificate of registration. NRS 453.232; NRS 453.553; NRS 453.5531.

9. When a practitioner first obtains a certificate of registration to prescribe controlled substances, the practitioner must enroll in the PMP and complete a course of instruction concerning the use of the PMP database. NRS 453.164(5) & (6); NAC 453.065.

10. A practitioner shall, before issuing an initial prescription for a controlled substance, and at least once every 90 days thereafter for the duration of the course of treatment using the

controlled substance, obtain a patient utilization report regarding the patient from the PMP. NRS 639.23507.

11. A practitioner registered with the Board to write prescriptions for controlled substances must access his or her prescriber activity in the PMP at least once every 6 months to review prescriptions issued by the practitioner and to verify for the Board that he or she continues to have access to the PMP. NRS 453.164(7).

12. The Board may revoke or suspend the registration of any practitioner who has violated any Nevada statute or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

13. The Board may revoke or suspend the existing registration of any practitioner who has been guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4).

14. A practitioner's conduct is deemed unprofessional and/or contrary to the public interest if the practitioner performs his or her duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

15. In addition to or in lieu of revoking or suspending a practitioner's certificate of registration due to any violation described herein, the Board may impose an administrative fine upon the practitioner. The fine may not exceed $10,000 for each offense. NRS 639.255(1)(f) and (3).

COUNT ONE

Noncompliance with Prescription Monitoring Program

16. As alleged above, between February 21, 2017, and November 15, 2022, Respondent failed to query the PMP database regarding his patients' histories of using controlled substances. The PMP database compiles a controlled substance utilization report for any practitioner who makes such a query. The controlled substance utilization report provides the

practitioner with evidence as to whether a patient is doctor-shopping and/or abusing controlled substances.

17. As alleged above, between February 21, 2017, through the present, Respondent failed to query the PMP database regarding his own prescriber activity. The PMP database compiles a report of prescribing activity for any practitioner who makes such a query. This allows the practitioner to evaluate whether anyone has fraudulently used the practitioner's credentials to prescribe controlled substances.

18. As alleged above, between February 21, 2017, and March 20, 2025, Respondent wrote 14,051 prescriptions for controlled substances, including refills, for 1,295 unique patients. Of those, between February 21, 2017, and November 15, 2022, Respondent wrote prescriptions for controlled substances for 1,075 unique patients.

19. By failing to query the PMP database to review his patients' utilization report prior to issuing a prescription for a controlled substance, and by failing to review his own prescriber activity on a semi-annual basis, Respondent violated NRS 453.164(7) and NRS 639.23507. These are violations of state law and acts that render Respondent's Nevada controlled substance registration inconsistent with the public interest. Therefore, the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 639.255(3), NRS 453.236(1)(d) and (e), and NRS 453.241(1).

COUNT TWO

Unprofessional Conduct by a Practitioner

20. As alleged above, between February 21, 2017, and November 15, 2022, Respondent failed to query the PMP database regarding his patients' histories of using controlled substances.

21. As alleged above, between February 21, 2017, through the present, Respondent failed to query the PMP database regarding his own prescriber activity.

22. As alleged above, between February 21, 2017, and March 20, 2025, Respondent wrote 14,051 prescriptions for controlled substances, including refills, for 1,295 unique patients.

23. As alleged above, between February 21, 2017, and November 15, 2022, Respondent wrote prescriptions for controlled substances for 1,075 unique patients.

24. By failing to query the PMP database to review his patients' utilization report prior to issuing a prescription for a controlled substance, and by failing to review his own prescriber activity on a semi-annual basis, Respondent performed his duties as the holder of a certificate issued by the Board in an incompetent, unskillful or negligent manner.

25. As alleged above, Respondent's conduct constitutes unprofessional conduct for which the Board may impose administrative discipline. NRS 639.210(4); NAC 639.945(1)(i).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent Qui Thai.

DATED this 9th day of June 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **KAVEH KASHANI, DO,** **Certificate of Registration No. CS25528,** **Respondent.**	**Case No. 23-104-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Kaveh Kashani, DO ("Respondent") held a registration issued by the Board, Certificate of Registration No. CS25528.

FACTUAL ALLEGATIONS

2. Respondent is licensed by the Nevada State Board of Osteopathic Medicine ("Osteopathic Board') to practice family medicine. At the time of the violations alleged herein, Respondent was a "practitioner" as that term is defined at NRS 453.126(1) and 639.0125(1).

3. Since February 2, 2017 through present, Respondent has held a certificate of registration issued by the Board pursuant to NRS 453.226. This certificate of registration authorized Respondent to prescribe controlled substances. Since then, Respondent has renewed his certification with the Board biennially, and he holds current active certification.

4. On February 19, 2021, Respondent entered into a signed settlement agreement with the Osteopathic Board to resolve an administrative action it had brought against Respondent for

violating the terms and conditions of a previously agreed-upon consent decree. The Osteopathic Board finalized the settlement agreement through a signed order on March 9, 2021.

5. According to Board records, on September 1, 2022, Respondent renewed his certificate of registration with the Board for the licensing period of November 1, 2022 to October 31, 2024. The renewal period is the first time Respondent would have had to renew his registration since the resolution of his administrative action with the Osteopathic Board.

6. The renewal form requires applicants to answer a series of questions to complete the application, including a set of questions entitled "Legal Information." Question 3 reads: "Since your last renewal or recent licensure have you been the subject of a board citation or an administrative action whether completed or pending in any state?" Respondent selected the answer "No" and failed to disclose his administrative action before the Osteopathic Board.

7. The renewal form requires applicants to certify that the statements made are true and correct and that it is a "violation of Nevada Statute to falsify this application and sanctions will be imposed for misrepresentation." Respondent signed and dated the application, acknowledging that his application was true and correct.

8. The Board's staff approved Respondent's certificate of registration authorizing Respondent to dispense controlled substances based upon his representations in the application.

9. On March 17, 2023, Respondent submitted his Dispensing Practitioner application for a new location with the Board. In his application, Respondent disclosed that he had been subject to a board citation or administrative action since his last renewal or licensure. At the time, the Board became aware of Respondent's settlement with the Osteopathic Board.

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

ROBERT H. INGHAM, MD,
Certificate of Registration No. CS04554,

Respondent.

Case No. 23-489-CS-S

NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Robert H. Ingham, MD ("Respondent") held a registration issued by the Board, Certificate of Registration No. CS04554.

FACTUAL ALLEGATIONS

2. Respondent is licensed by the Nevada State Board of Medical Examiners to practice medicine. At the time of the violations alleged herein, Respondent was a "practitioner" as that term is defined at NRS 453.126(1) and 639.0125(1).

3. From November 12, 1998 until October 31, 2024, Respondent held a certificate of registration issued by the Board pursuant to NRS 453.226. This certificate of registration authorized Respondent to prescribe controlled substances. Respondent did not renew his registration after October 2024.

4. In March 2023, Respondent sold his practice, located at 2940 S. Jones Boulevard, Suite E in Las Vegas, Nevada to a company named WeKare, LLC. Respondent left the practice on or about March 20, 2023.

5. In December 2023, Respondent contacted the Board and stated that he believed someone was using his electronic credentials to authorize controlled substance prescriptions. He stated that after he left practice on March 20, 2023, he did not authorize any controlled substance prescriptions.

6. According to Board records, between March 20, 2023 and October 13, 2023, Respondent authorized 259 prescriptions for controlled substances. Respondent denied having authorized any of the prescriptions and claimed his credentials had been compromised.

7. Respondent admitted that, while he was practicing, he never electronically issued prescriptions for any patients, and that he always permitted his medical assistants to use his credentials to issue prescriptions for controlled substances. Respondent further admitted that he never set up a secondary authenticator for his credentials.

8. Respondent admitted that he never accessed the PMP database to review his own prescribing activity or evaluate the prescription records of his patients. According to the Board's records, Respondent never accessed the PMP database to review his own prescribing activity from the date he received access until October 24, 2023. Also according to the Board's records, Respondent accessed the PMP database only two times to evaluate the prescription histories of the patients for whom he prescribed controlled substances, on September 21, 2018 and October 23, 2019.

APPLICABLE LAW

9. In Nevada, it is unlawful to dispense a controlled substance except as authorized by NRS Chapter 453. NRS 453.321(1)(a). "Dispense" is defined to include the act of prescribing a controlled substance. NRS 453.056.

10. Every practitioner who intends to prescribe controlled substances in Nevada must first apply for and obtain a certificate of registration from the Board. NRS 453.226(1); NRS 453.231(3). The practitioner must renew the certificate of registration on a biennial basis. *Id.* A practitioner who fails to register or renew may be subject to criminal and/or civil penalties for

prescribing controlled substances without a certificate of registration. NRS 453.232; NRS 453.553; NRS 453.5531.

11. When a practitioner first obtains a certificate of registration to prescribe controlled substances, the practitioner must enroll in the PMP and complete a course of instruction concerning the use of the PMP database. NRS 453.164(5) & (6); NAC 453.065.

12. A practitioner shall, before issuing an initial prescription for a controlled substance, and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, obtain a patient utilization report regarding the patient from the PMP. NRS 639.23507.

13. A practitioner registered with the Board to write prescriptions for controlled substances must access his or her prescriber activity in the PMP at least once every 6 months to review prescriptions issued by the practitioner and to verify for the Board that he or she continues to have access to the PMP. NRS 453.164(7).

14. A practitioner must retain sole possession of the hard token, where applicable, and must not share the password or other knowledge factor, or biometric information, with any other person. The practitioner must not allow any other person to use the token or enter the knowledge factor or other identification means to sign prescriptions for controlled substances. 21 CFR § 1311.102 and NAC 639.7105(2)(b).

15. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1)(e) and NRS 639.210(4).

16. Performing any duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

17. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

18. In addition to or in lieu of revoking or suspending a practitioner's certificate of registration due to any violation described herein, the Board may impose an administrative fine upon the practitioner. The fine may not exceed $10,000 for each offense. NRS 639.255(1)(f) and (3).

COUNT ONE

Unprofessional Conduct -Party to Fraudulent or Deceitful Practice or Transaction by Permitting Use of Credentials

19. As alleged above, by permitting medical assistants to use his credentials and act under his authority to fraudulently issue prescriptions for controlled substances, Respondent was party to a fraudulent or deceitful practice or transaction and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(h), and is subject to discipline pursuant to NRS 453.236(l)(e), NRS 453.241(1) and/or NRS 639.210(4).

COUNT TWO

Unprofessional Conduct -Incompetent, Unskillful or Negligent Performance of Duties by Allowing Prescribing Credentials to be Compromised

20. As alleged above, to the extent Respondent's electronic prescribing credentials were compromised and resulted in the unlawful issuance of fraudulent controlled substance prescriptions by a third party, Respondent failed to comply with 21 CFR § 1311.102, NRS 453.164(7) and NAC 639.7105(2)(b), performed his duties as the holder of a Nevada controlled substance registration in an incompetent, unskillful or negligent manner, and engaged in unprofessional conduct as defined in NAC 639.945(1)(i), committed acts that render his registration inconsistent with the public interest, and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(4), (11) and (12).

COUNT THREE

Noncompliance with Prescription Monitoring Program

21. As alleged above, Respondent queried the PMP database regarding his patients' histories of using controlled substances only two times, on September 21, 2018 and October 23, 2019. The PMP database compiles a controlled substance utilization report for any practitioner who makes such a query. The controlled substance utilization report provides the practitioner with evidence as to whether a patient is doctor-shopping and/or abusing controlled substances.

22. As alleged above, Respondent failed to query the PMP database regarding his own prescriber activity until October 24, 2023, after he was no longer in practice. The PMP database compiles a report of prescribing activity for any practitioner who makes such a query. This allows the practitioner to evaluate whether anyone has fraudulently used the practitioner's credentials to prescribe controlled substances.

23. By failing to query the PMP database to review his patients' utilization report prior to issuing a prescription for a controlled substance, and by failing to review his own prescriber activity on a semi-annual basis, Respondent violated NRS 453.164(7) and NRS 639.23507. These are violations of state law and acts that render Respondent's Nevada controlled substance registration inconsistent with the public interest. Therefore, the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 639.255(3), NRS 453.236(1)(d) and (e), and NRS 453.241(1).

COUNT FOUR

Unprofessional Conduct by a Practitioner – Failure to Query PMP Database

24. As alleged above, Respondent queried the PMP database regarding his patients' histories of using controlled substances only two times, on September 21, 2018 and October 23, 2019.

25. As alleged above, Respondent failed to query the PMP database regarding his own prescriber activity until October 24, 2023, after he was no longer in practice.

26. By failing to query the PMP database to review his patients' utilization report prior to issuing a prescription for a controlled substance, and by failing to review his own prescriber

activity on a semi-annual basis, Respondent performed his duties as the holder of a certificate issued by the Board in an incompetent, unskillful or negligent manner.

27. As alleged above, Respondent's conduct constitutes unprofessional conduct for which the Board may impose administrative discipline. NRS 639.210(4); NAC 639.945(1)(i).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Robert Ingham.

DATED this 4th day of June 2025.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MICHAEL J. STELLMACHER, PA,** **Certificate of Registration No. CS21884,** **Respondent.**	**Case No. 24-364-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Michael J. Stellmacher, PA ("Respondent") held a registration issued by the Board, Certificate of Registration No. CS21884.

FACTUAL ALLEGATIONS

2. At all times relevant to this accusation, Respondent has been employed as the medical director of Premier Beauty, LLC, also known as Channel Pro, (Premier Beauty), located at 4555 S. Fort Apache Road, Suite 104, in Las Vegas, Nevada.

3. Since at least December 28, 2023 until present, Joseph Gillis ("Gillis") owned and/or operated Premier Beauty. Since at least May 9, 2024 until present, Betty Dare ("Dare") was listed as the director of Premier Beauty. Gillis and Dare are not Nevada-licensed practitioners as that term is defined in NRS 639.0125 and NRS 453.126.

4. A Board investigation on August 29, 2024 revealed that Respondent permitted Gillis and Dare to have independent access to the medication storage containing dangerous drugs, and to access those medications outside Respondent's presence without Respondent's supervision.

5. Respondent admitted that he was the medical director of Premier Beauty, but that he rarely was on site and stated that he had no patient records. Respondent was not physically on-site at Premier Beauty while Board investigators were there.

6. Respondent permitted Dare to independently access, possess, furnish, and administer dangerous drugs to patients, to provide on-site medical treatment, including the administration of dangerous drugs through injection, specifically tirzepatide, semaglutide powders, and nicotinamide adenine dinucleotide (NAD), without direct practitioner supervision, to patients with whom Respondent had not established a bona fide therapeutic relationship, and for whom Respondent had neither diagnosed nor determined that a dangerous drug was medically necessary.

7. Furthermore, the investigation revealed that these dangerous drugs were purchased from OUISA Pharmacy Corp. (OUISA), located in Spring Hill, Florida; OUISA not licensed as a wholesaler by the Board. The dangerous drugs were labeled as not for patient use.

8. Respondent permitted Gillis to purchase the drug products using the National Provider Identifier (NPI) number of Dr. Jayendrakumar Amin (Amin) and had the products shipped to California. Amin is located in California and does not hold any license or registration with the Board.

9. Premier Beauty's inventory included multiple vials of various injectable drugs intended for distribution in foreign markets and not approved for distribution or use in the United States, including medytox and other forms of botulinum toxins, multivitamin injections, and glutathione injections.

10. In at least one instance, Respondent's failure to supervise Dare while she administered tirzepatide to a patient resulted in patient harm. On June 7, 2024, Dare injected patient D.S. with tirzepatide and gave D.S. three more shots to take home with her. D.S. went to the emergency room with injuries from the injection. Respondent was not on site during the injection.

11. On or about February 19, 2025, the Board issued a cease-and-desist order with a citation and fine against Premier Beauty, Gillis, and Dare for unlicensed activity. On or about February 25, 2025, the Board issued a cease-and-desist order with a citation and fine against Amin for unlicensed wholesale activity.

Re: Corrective Action Plan
Smart Choice Medical, LLC d/b/a A1 Med
DCN: 8233539175

Following an on-site inspection on October 2, 2023, Smart Choice Medical, LLC d/b/a A1 Med ("Smart Choice"), was notified that it was purportedly not in compliance with certain supplier standards.

As background, Smart Choice is a durable medical equipment provider that exclusively provides diabetic testing supplies including continuous glucose monitors and related items. Please note, Smart Choice only dispenses the G7 CGM. As discussed more fully below, Smart Choice is currently in compliance with all supplier standards and has proactively implemented the following corrective actions in order to address the deficiencies identified in the inspection report.

I. Violation of 42 CFR §424.57(c)(2)

According to the deficiency notice, Smart Choice was allegedly in violation of this regulation because it was billing Medicare for surgical dressings. A material component of the CGM is the sensor(s) which send glucose readings to the display device every five minutes. An overpatch is applied to the sensor(s) to keep them in place and attached to the patient's body. In some cases, the overpatch dispensed with the CGM does not adhere to the skin and as a result, the sensor(s) did not always remain in place resulting in skewed and/or incorrected glucose readings. Following several patient calls regarding this issue, Smart Choice dispensed adhesive sticker(s) to patients to use in place of the overpatch which corrected this problem. Since these add-on supplies were dispensed in connection with the CGM, they were billed by Smart Choice. Smart Choice, however, was not aware that the HCPCS code affiliated with these add-on supplies was for a surgical dressing, which unbeknownst to Smart Choice, it could not bill.

Smart Choice believed in good faith it was providing a valuable service to Medicare beneficiaries by providing replacement overpatches to ensure the sensor(s) were affixed to the skin appropriately. It was wholly unaware that its enrollment did not allow it to bill for those supplies. Since being notified of this, Smart Choice has quantified the total reimbursement received in connection with the replacement (and better quality) overpatches and has initiated voluntary refunds to the appropriate Medicare contractors in connection with the universe of those claims. While Smart Choice will still offer these supplies to its patients as a courtesy and free of charge and will no longer bill Medicare for same.

II. Violation of 42 CFR §424.57(c)(4)

According to the deficiency notice, Smart Choice was allegedly in violation of this regulation because its revalidation application indicated Smart Choice filled orders or fit items

from its own inventory but there was no inventory present on site during the inspection. Due to an inadvertent oversight on its revalidation application, Smart Choice indicated that it filled orders from its own inventory. In fact, Smart Choice exclusively uses third parties to package and ship supplies and does not maintain any inventory (except the infrequent return sent directly to the office) on site. Attached as Exhibit 1 please find an amended CMS-855S which reflects that Smart Choice does not fill orders from its own inventory and instead contracts with another company for the purchase of items necessary to fill orders. Smart Choice can provide, upon request, copies of contracts or other documentation showing full compliance with this standard.

III. Violation of 42 CFR §424.57(c)(5)

According to the deficiency notice, Smart Choice was allegedly in violation of this regulation because it purportedly failed to provide proof that it advises Medicare beneficiaries that they may either rent or purchase inexpensive or routinely purchased durable medical equipment, and of the purchase option for capped rental durable medical equipment. As noted above, Smart Choice exclusively provides diabetic testing supplies including continuous glucose monitors and related items. It does not dispense any items that may be rented.[1] That being said, Medicare beneficiaries will be advised and provided with a written notification regarding Medicare capped rental and inexpensive or routinely purchased items. A copy of the "Medicare Capped Rental and Inexpensive or Routinely Purchased Items Notification for Services on or after January 1, 2006," is attached as Exhibit 2. This document will be included in the patient documentation accompanying the supplies mailed out by a contracted company. Smart Choice maintains a copy of this notice on-site, which can be provided during any future inspection.

Said differently, Smart Choice provides Medicare beneficiaries that they may either rent or purchase inexpensive or routinely purchased durable medical equipment, and of the purchase option for capped rental durable medical equipment as required by 42 CFR §424.57(c)(5).

IV. Violation of 42 CFR §424.57(c)(6)

According to the deficiency notice, Smart Choice was allegedly in violation of this regulation because it purportedly failed to provide documentation that it provides Medicare beneficiaries with information about Medicare covered items, including for example the G7 CGM, covered under warranty in the form of documentation to the Medicare beneficiary with the dispensed supplies. Medicare beneficiaries are advised and provided with a written notification regarding Medicare covered items covered under warranty. A copy of the "Patient Packet" that accompanies each package dispensed by Smart Choice (via its contracted company) is attached as Exhibit 3. This document is included in the patient documentation accompanying the supplies mailed out by a contracted company. As reflected on page one of this packet, Medicare beneficiaries are informed of any applicable warranty associated with their dispensed supplies. Additionally, Dexcom and Abbott, both manufacturers of the CGMs dispensed by Smart Choice, include warranty information in the packaging with the CGM. Smart Choice maintains a copy of the Patient Package as well as the warranty information from the manufacturers on-site which can be provided during any future inspection.

[1] Due to an inadvertent oversight, Smart Choice's enrollment currently reflects supplies that it no longer dispenses. Attached as Exhibit 1 please find an amended CMS-855S which reflects the current list of supplies dispended by Smart Choice.

Said differently, Smart Choice provides Medicare beneficiaries with information about Medicare covered items, including the G7 CGM, covered under warranty in the form of documentation (Patient Packet and from the manufacturer directly) to the Medicare beneficiary with the dispensed supplies as required by 42 CFR §424.57(c)(6).

V. Violation of 42 CFR §424.57(c)(7)

According to the deficiency notice, Smart Choice was allegedly in violation of this regulation because it purportedly did not have a permanent visible sign in plain view and the posted hours of operation did not match the hours of operation submitted in its revalidation application. This, however, is not the case. Relevant here, Smart Choice recently moved into its new location which was disclosed in a Change of Information submitted immediately prior to the revalidation. In connection with that application, Smart Choice also updated its hours of operation. A copy of the response submitted in connection with DCN 1232360954 which includes the correct hours of operation is attached as Exhibit 4. These hours match those posted on the sign affixed to Smart Choice's door. A picture of the door and sign is attached as Exhibit 5. Also, Smart Choice posted additional signage in and around the building with its name and Suite number identified. A picture of this sign is attached as Exhibit 6.

Please also note, Smart Choice was just recently notified by the property management company that the ordered signage will be installed in the next few days. Attached as Exhibit 7 please find an email from the property management company.

Smart Choice maintains a visible sign in plain view and posts hours of operation as required by 42 CFR §424.57(c)(7). Having just relocated to this space, the management company had not yet received the additional signage for Smart Choice, however, that signage has since been received and has been installed.

VI. Violation of 42 CFR §424.57(c)(12)

According to the deficiency notice, Smart Choice was allegedly in violation of this regulation because it purportedly failed to provide proof that it provides Medicare beneficiaries with written information and instructions on how to use the CGM, a Medicare covered item, safely and effectively, as well as contact information. Accompanying the supplies dispensed to Medicare beneficiaries are instructions on the set-up and use of the device as well as contact information for Smart Choice (found in the Patient Packet) and the manufacturer. By way of example, attached as Exhibit 8 are the instructions provided by Smart Choice to each Medicare beneficiary to whom a G7 CGM is dispensed. This document is included in the patient documentation accompanying the supplies mailed out by a contracted company. Smart Choice maintains a copy of the Patient Packet as well as the instructions for the CGM on-site which can be provided during any future inspection.

Said differently, Smart Choice provides Medicare beneficiaries with written information and instructions on how to use the CGM, a Medicare covered item, safely and effectively, as well as contact information for both Smart Choice and the manufacturer as required by 42 CFR §424.57(c)(12).

VII. Violation of 42 CFR §424.57(c)(15)

According to the deficiency notice, Smart Choice was allegedly in violation of this regulation because it purportedly does not accept returns. Smart Choice accepts returns from Medicare beneficiaries, a fact that was communicated during the site visit and which can be confirmed by reviewing records of voluntary overpayments made by Smart Choice in connection with returned supplies. There were, however, no returns at the Smart Choice office at the time of the visit because returns are sent directly to the entity contracted by Smart Choice to fill and dispense orders.

Please note, on rare occasions, a Medicare beneficiary will return supplies to the Smart Choice office. In the event that were to happen (which is infrequent) Smart Choice maintains a quarantine area where those supplies are stored.

VIII. Violation of 42 CFR §424.57(c)(25)

According to the deficiency notice, Smart Choice was allegedly in violation of this regulation because it's not accredited for providing surgical dressings. As mentioned above, a material component of the CGM is the sensor(s) which send glucose readings to the display device every five minutes. An overpatch is applied to the sensor(s) to keep them in place and attached to the patient's body. In some cases, the overpatch dispensed with the CGM does not adhere to the skin and as a result, the sensor(s) did not always remain in place resulting in skewed and/or incorrected glucose readings. Following several patient calls regarding this issue, Smart Choice dispensed adhesive sticker(s) to patients to use in place of the overpatch which corrected this problem. Since these add-on supplies were dispensed in connection with the CGM, they were billed by Smart Choice. Smart Choice, however, was not aware that the HCPCS code affiliated with these add-on supplies was for a surgical dressing, which unbeknownst to Smart Choice, it could not bill.

Smart Choice believed in good faith it was providing a valuable service to Medicare beneficiaries by providing replacement overpatches to ensure the sensor(s) were affixed to the skin appropriately. It was wholly unaware that its enrollment did not allow it to bill for those supplies. Since being notified of this, Smart Choice has quantified the total reimbursement received in connection with the replacement (and better quality) overpatches which and has initiated voluntary refunds to the appropriate Medicare contractors in connection with the universe of those claims. While Smart Choice will still offer these supplies to its patients as a courtesy and free of charge and will no longer bill Medicare for same.

I have read this Corrective Action Plan and affirm that the information given herein is true and correct to the best of my knowledge.

BACKGROUND:

C-HIT reviewed the documentation related to the matter for Smart Choice and made the decision in accordance with the applicable Medicare rules, policies and program instructions.

On August 31, 2023, NPE East mailed a letter notifying Smart Choice of the three-year requirement to revalidate its Medicare enrollment record. Smart Choice was further notified that failure to respond by November 30, 2023 (90 calendar days) may result in the NPE East stopping Smart Choice's Medicare billing privileges (see Exhibit 1). Smart Choice subsequently, on September 7, 2023, submitted a CMS-855S Medicare enrollment application to revalidate its enrollment (see Exhibit 2). Thereafter, on September 22, 2023, NPE East notified Smart Choice that it received its Medicare enrollment application and requested corrections and additional documentation (see Exhibit 4). NPE East specifically instructed Smart Choice to provide a current/valid copy of its accreditation, its organization structure diagram/flowchart, a copy of its certificate of liability insurance or evidence of self-insurance, a copy of its surety bond and a receipt as proof of payment. Finally, Smart Choice was informed that an unannounced site visit would be performed (see Exhibit 3).

A site-visit was conducted on October 2, 2023, at Smart Choice's Knoxville location. The site inspection revealed that: (1) Smart Choice's records do not include proof of inventory; (2)the supplier advises beneficiaries that they may rent or purchase inexpensive or routinely purchased equipment, and of the capped rental policy; (3) a permanent visible sign in plain view was not posted; (4) the supplier provides beneficiaries with written information and instructions on how to use Medicare covered items safely and effectively; (5) a copy of supplier standards is provided to all Medicare patients; (6) the supplier furnishes contact information to beneficiaries at the time of delivery; and (7) the supplier accepts returns of substandard or unsuitable items from beneficiaries and supplier is not accredited for providing surgical dressing (see Exhibits 4 and 6). In addition to the site inspection results, a billing report revealed that Smart Choice failed to notify NPE East regarding changes in rendering products and services and accreditation status (see Exhibit 6).

Subsequently, on December 20, 2023, NPE East notified Smart Choice that its application to enroll in Medicare was revoked because it was not in compliance with Medicare requirements set forth in § 424.535(a)(1) (see Exhibit 6). In response, Smart Choice submitted a CAP and reconsideration request to C-HIT to appeal the revocation of its Medicare enrollment (see Exhibit 7).

CORRECTIVE ACTION PLAN ANALYSIS:

Under § 424.535(a)(1), CMS may revoke a supplier's enrollment in the Medicare program if the supplier is determined to not be in compliance with the enrollment requirements applicable for its supplier type. As a DMEPOS supplier, Smart Choice is required to comply with the supplier standards in § 424.57(c). Here, the NPE East found that Smart Choice was not in compliance with the supplier standards under § 424.57(c)(2), 424.57(c)(4), 424.57(c)(5), 424.57(c)(6), 424.57(c)(7), 424.57(c)(12) 424.57(c)(15) and 424.57(c)(25) (see Exhibit 6). In its CAP submission, Smart Choice submitted specific assertions in response to each supplier standard that NPE East determined Smart Choice failed to comply with. Each supplier standard will be discussed in detail below.

42 C.F.R. § 424.57(c)(2):

Under § 424.57(c)(2) a supplier must not make, or cause to be made, any false statement or misrepresentation of a material fact on its application for billing privileges. (The supplier must provide complete and accurate information in response to questions on its application for billing privileges. The supplier must report to CMS any changes in information supplied on the application within 30 days of the change.) NPE East found that Smart Choice was not in compliance with this supplier standard because a billing report revealed that Smart Choice was billing Medicare for surgical dressings, to which it did not notify Medicare of. In its CAP, Smart Choice asserted that a material component of their continuous glucose monitors is a sensor(s) that helps display glucose readings. The over patch applied to the sensor does not keep it in place, thereby affecting the glucose readings. As a result, they started dispensing adhesive stickers to use in place of the over patch. Smart Choice, however, was not aware that these add-on adhesive stickers were categorized as surgical dressings, which unbeknownst to Smart Choice, it could not bill. Smart Choice claims that it was unaware that its enrollment did not allow it to bill those supplies. Since being notified of the violation, Smart Choice asserts that is has quantified the total reimbursement received in connection with the replacement over patches and has initiated voluntary refunds to the appropriate Medicare contractors in connection with the universe of those claims. Smart Choice further asserts that it will continue offering these supplies to its patients as a courtesy and free of charge and will no longer bill Medicare for it. C-HIT finds that this demonstrates compliance with the supplier standard set forth in § 424.57(c)(2) (see Exhibit 7). Therefore, the CAP is accepted and the revocation under this basis is overturned.

42 C.F.R. § 424.57(c)(4):

Under § 424.57(c)(4), a supplier must fill orders, fabricate, or fit items from its own inventory or by contracting with other companies for the purchase of items necessary to fill the order. If it does, it must provide, upon request, copies of contracts or other documentation showing compliance

with this standard. A supplier may not contract with any entity that is currently excluded from the Medicare program, any State health care programs, or from any other Federal Government Executive Branch procurement or nonprocurement program or activity. NPE East found that Smart Choice was not in compliance with this supplier standard because Smart Choice did not fill orders, fabricate or fit items from their own inventory as stated in their revalidation application. In its CAP, Smart Choice asserts that it inadvertently filled out the revalidation application incorrectly stating that Smart choice filled orders from its own inventory but in fact, Smart Choice exclusively uses third parties to package and ship supplies and does not maintain any inventory (except the infrequent return sent directly to the office) on site. Smart choice attached an amended CMS-855S which reflects that Smart Choice does not fill orders from its own inventory and instead contracts with another company for the purchase of items necessary to fill orders. C-HIT finds that this demonstrates compliance with the supplier standard set forth in § 424.57(c)(4) (see Exhibit 7). Therefore, the CAP is accepted and the revocation under this basis is overturned.

42 C.F.R. § 424.57(c)(5):

Under § 424.57(c)(5), a supplier must advise beneficiaries that they may either rent or purchase inexpensive or routinely purchased durable medical equipment, and of the purchase option for capped rental durable medical equipment as defined in § 414.220(a) this chapter. Section 414.220(a) provides in pertinent part:

> Inexpensive equipment is equipment wherein the average purchase price did not exceed $150 during the period July 1986 through June 1987.
>
> Routinely purchased equipment means equipment that was acquired by purchase on a national basis at least 75 percent of the time during the period July 1986 through June 1987.
>
> Accessories. Effective January 1, 1994, accessories used in conjunction with a nebulizer, aspirator, or ventilator excluded from § 414.222 meet the definitions of "inexpensive equipment" and "routinely purchased equipment" in paragraphs (a)(1) and (a)(2) of this section, respectively.
>
> (The supplier must provide, upon request, documentation that it has provided beneficiaries with this information, in the form of copies of letters, logs, or signed notices.)

Based on the results of the October 2, 2023 site visit, the inspector found that Smart Choice was not advising beneficiaries that they may rent or purchase inexpensive or routinely purchased equipment, and of the capped rental policy. Therefore, NPE East determined that Smart Choice was not compliant with this supplier standard (see Exhibit 6). In its CAP, Smart Choice states that it exclusively provides diabetic testing supplies including continuous glucose monitors and related items. Smart Choice further provided a copy of the written notification regarding Medicare capped rental and inexpensive or routinely purchased items that will be included in the patient documentation accompanying the supplies mailed out by a contracted company. Smart Choice asserts that it maintains a copy of the notice on-site, which can be provided during any future inspections (see Exhibit 7). C-HIT finds that this demonstrates compliance with the supplier

standard set forth in § 424.57(c)(5). Therefore, the CAP is accepted and the revocation under this basis is overturned.

42 C.F.R. § 424.57(c)(6):

Pursuant to § 424.57(c)(6), a supplier must honor all warranties expressed and implied under applicable State law. A supplier must not charge the beneficiary or the Medicare program for the repair or replacement of Medicare covered items or for services covered under warranty. This standard applies to all purchased and rented items, including capped rental items. The supplier must provide, upon request, documentation that it has provided beneficiaries with information about Medicare covered items covered under warranty, in the form of copies of letters, logs, or signed notices. NPE East found that Smart Choice was not in compliance with this supplier standard because Smart Choice did not provide the site inspector with documentation indicating that it provides warranty information to the beneficiaries (see Exhibit 6). In its CAP, Smart Choice asserts that it provides forms to the beneficiaries and advised them of Medicare covered items covered under warranty. Smart Choice further provided a copy of the "Patient Packet" in its CAP (see Exhibit 7). C-HIT finds that this demonstrates compliance with the supplier standard set forth in § 424.57(c)(6). Therefore, the CAP is accepted and the revocation under this basis is overturned.

42 C.F.R. § 424.57(c)(7):

Pursuant to § 424.57(c)(7)(i)(D), suppliers must maintain a physical facility on an appropriate site. An appropriate site must meet all of the following:

> Maintains a permanent visible sign in plain view and posts hours of operation. If the supplier's place of business is located within a building complex, the sign must be visible at the main entrance of the building, or the hours can be posted at the entrance of the supplier.

During the site visit on October 2, 2023, the site inspector found that Smart Choice did not have a permanent sign visible at its location and the hours of operations did not match the hours of operations listed on its revalidation application (see Exhibit 6). In its CAP, Smart Choice states that the information is incorrect, and that Smart Choice recently moved into its new location which was disclosed in a Change of Information submitted immediately prior to submitting its revalidation application. The corrected hours of operation are attached with the picture of the door and sign. Smart Choice also posted additional signage in and around the building with its name and suite number identified. Smart Choice further attached proof that the property management company has ordered signage that will be installed in the next few days (see Exhibit 7). C-HIT finds that this demonstrates compliance with the supplier standard set forth in § 424.57(c)(7). Therefore, the CAP is accepted and the revocation under this basis is overturned.

42 C.F.R. § 424.57(c)(12):

Pursuant to § 424.57(c)(12), a supplier must be responsible for the delivery of Medicare covered items to beneficiaries and maintain proof of delivery. (The supplier must document that it or another qualified party has at an appropriate time, provided beneficiaries with necessary

information and instructions on how to use Medicare-covered items safely and effectively). NPE East found that Smart Choice was not compliant with this supplier standard because the site inspector's report indicated that Smart Choice's records did not include proof that it provides beneficiaries with written information and instructions on how to use Medicare covered items safely and effectively and proof that Smart Choice furnishes contact information to beneficiaries at the time of delivery (see Exhibit 6). In its CAP, Smart choice asserts that it has provided Medicare beneficiaries instructions on the set-up and use of the device as well as contact information for Smart Choice and the manufacturer. Smart Choice provided a copy of its Patient Packet to verify this assertion (see Exhibit 7). C-HIT finds that this demonstrates compliance with the supplier standard set forth in § 424.57(c)(12). Therefore, the CAP is accepted and the revocation under this basis is overturned.

42 C.F.R. § 424.57(c)(15):

Pursuant to § 424.57(c)(15) a supplier must accept returns from beneficiaries of substandard quality (less than full quality for the particular item or unsuitable items, inappropriate for the beneficiary at the time it was fitted and rented or sold). During the site visit on October 2, 2023, it was found that Smart Choice did not accept returns from beneficiaries and was found to be non-compliant with § 424.57(c)(15). In its CAP, Smart Choice stated that it accepts returns from Medicare beneficiaries. There were, however, no returns at the Smart Choice office at the time of the visit because returns are sent directly to the entity contracted by Smart Choice to fill and dispense orders. Smart Choice also noted that on rare occasions, a Medicare beneficiary will return supplies to the Smart Choice office. If there is a return to Smart Choice's office, it maintains a quarantine area where those supplies are stored. C-HIT finds that this demonstrates compliance with the supplier standard set forth in § 424.57(c)(15). Therefore, the CAP is accepted and the revocation under this basis is overturned.

42 C.F.R. § 424.57(c)(25):

Pursuant to § 424.57(c)(25) all DMEPOS suppliers must disclose upon enrollment all products and services, including the addition of new product lines for which they are seeking accreditation. If a new product line is added after enrollment, the DMEPOS supplier will be responsible for notifying the accrediting body of the new product so that the DMEPOS supplier can be re-surveyed and accredited for these new products. Here, the NPE East discovered that Smart Choice submitted claims for surgical dressings without being properly accredited. In its CAP, Smart Choice asserts that due to the defect with the over patch failing to properly secure the glucose monitors sensor(s) to patients' skin, Smart Choice started dispensing adhesive stickers to patients to rectify the problem.

Smart Choice further asserts that it was not aware that these add-on supplies were classified as surgical dressings. Smart Choice further asserts that it was unaware that it was prohibited by Medicare from billing for these add-on supplies. Since being notified of the violation, Smart Choice asserts that it has quantified the total reimbursement received in connection with the replacement over patches and has initiated voluntary refunds to the appropriate Medicare contractors in connection with the claims at issue. Smart Choice asserts that it will continue offering these supplies to its patients as a courtesy and free of charge and will no longer bill

Medicare for it. C-HIT finds that this demonstrates compliance with the supplier standard set forth in § 424.57(c)(25) (see Exhibit 7). Therefore, the CAP is accepted and the revocation under this basis is overturned.

42 C.F.R. § 424.535(c):

Pursuant to § 424.535(c), in addition to the revocation of Smart Choice's Medicare billing privileges, CMS established a one-year re-enrollment bar, effective 30 days after the postmarked date of the revocation notice. However, based on Smart Choice's CAP, C-HIT overturned the revocation of Smart Choice's enrollment. Therefore, C-HIT also overturns the corresponding re-enrollment bar.

RECONSIDERATION REQUEST ANALYSIS:

C-HIT accepts the CAP submitted by Smart Choice. Therefore, there are no remaining issues to reconsider.

DECISION:

C-HIT finds that Smart Choice has corrected the non-compliance with §§ 424.57(c)(2), (c)(4), (c)(5), (c)(6), (c)(7), (c)(12), (c)(15), and (c)(25) that led to the revocation of its Medicare billing privileges pursuant to 424.535(a)(1). As a result, C-HIT accepts the CAP and overturns the revocation of Smart Choice's Medicare billing privileges under § 424.535(a)(1).

This is a **FAVORABLE DECISION**. To effectuate this decision, CMS instructs NPE East to reinstate Smart Choice's Medicare enrollment, effective December 20, 2023, with no gap in billing privileges.

B. Respondent Walgreens is responsible for the violations as the pharmacy where the violations alleged herein occurred pursuant to NAC 639.945(2).

8. These violations are plead with particularity in the Accusation, and are grounds for disciplinary action pursuant to NRS 639.210 and/or NRS 639.255.

B. Respondent Walgreens shall pay One-Thousand Dollars ($1,000.00) to partially reimburse the Board for recoverable attorney's fees and investigative costs.

11. Any failure by any Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing the non-compliant Respondent(s) to appear before the Board at the next regularly-scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by any Respondent, the Board may impose additional discipline upon the non-compliant Respondent(s) consistent with the provisions of NRS Chapter 639.

12. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on October 12, 2022. J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because at the time of the events alleged herein, Respondent Walgreens Pharmacy #4854 ("Walgreens") held a Nevada Pharmacy License No. PH01293, and Respondent Soyoung Eom, RPh, ("Eom"), last name also known as Cho, held a Nevada Pharmacist Certificate of Registration No. 18126, both issued by the Board.

FACTUAL ALLEGATIONS

2. Respondent Walgreens is located at 4771 West Craig Road in North Las Vegas, Nevada.

3. Respondent Eom was employed as a staff pharmacist of Walgreens during the alleged and relevant timeframes.

4. On or about May 31, 2016, practitioner Dr. A.D. prescribed for patient Z.B., Singulair 10mg tablets, quantity ninety (90) with directions to take one tablet per day, with one refill. The prescription was presented to Walgreens on May 31, 2016.

5. On July 12, 2017, Walgreens system sent an electronic request for refill authorization/renewed prescription for Singulair 10 mg (generic name is montelukast), quantity ninety (90) with three (3) refills, designated prescription number 1824608. Singulair is a drug used to improve symptoms of asthma and inflammation of the lining of the nose.

6. A refill was generated on May 22, 2018, designated prescription number 1923276. Respondent Eom performed the data entry review.

7. PTT J.H. filled the prescription. During the filling process, PTT J.H. retrieved three (3) bottles of what she thought was montelukast 10 mg, quantity thirty (30). PTT J.H. retrieved two (2) bottles of montelukast 10 mg and accidentally grabbed one (1) bottle of sildenafil 20 mg (generic of Viagra). Sildenafil is used to treat erectile dysfunction. The size and label on the bottle of sildenafil is similar to the bottle of montelukast. According to policy and procedure, PTT J.H. should have scanned each of the bottles prior to labeling, but she appeared to scan one bottle of the montelukast three times.

8. The bottles were presented to Respondent Eom for final verification with the lids off so the pharmacist could verify the sealed bottles. Respondent Eom performed the final product review, but failed to discover the error.

9. Prescription number 1923276 was sold with counseling marked as completed by RPh M.C.

10. Patient Z.B. took the medication as directed. She ingested approximately twenty-seven (27) tablets of sildenafil 20 mg (1 per day) before the mistake was discovered by her practitioner.

11. Patient Z.B. reported nerve pain, edema, pneumonia, and asthma due to ingestion of sildenafil.

APPLICABLE LAW

12. A licensee/registrant commits unprofessional conduct when he or she fails to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d).

13. Unprofessional conduct also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

14. A pharmacy owner is responsible for violations committed by the pharmacy's employees. NAC 639.945(2).

15. Respondents are subject to discipline for violations pursuant to NRS 639.210 and/or NRS 639.255.

FIRST COUNT

Unprofessional Conduct - Failure to Strictly Follow the Prescriber's Instructions (Respondent Eom)

16. Respondent Eom violated NAC 639.252(2) and engaged in unprofessional conduct in violation of NAC 639.945(1)(d) and (i) when she failed to strictly follow the practitioner's order and filled the prescription for montelukast 10 mg with the wrong prescription drug, sildenafil. Respondent further violated NAC 639.252(2) and engaged in unprofessional conduct in violation of NAC 639.945(1)(d) and (i) when she verified data entry as accurate and the final product on prescription # 1923276 as accurate when it was not, which resulted in Walgreens dispensing ***sildenafil*** 20 mg tablets instead of the ***montelukast*** 10 mg tablets as

prescribed. Eom is therefore subject to discipline pursuant to NRS 639.210(4), (11), (15) and/or NRS 639.255.

SECOND COUNT
Pharmacy/Pharmacy Owner Responsibility
(Respondent Walgreens)

17. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Walgreens is responsible for those violations, including those of the pharmacy's employees, pursuant NAC 639.945(2) and is therefore subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of license(s)/registration(s) of these Respondents.

Signed this 31st day of August 2022.

If you have questions about the forms or the due dates shown, you can call us at the phone number or write to us at the address shown at the top of this notice. If you need help in determining your annual accounting period (tax year), see Publication 538, *Accounting Periods and Methods*.

We assigned you a tax classification (corporation, partnership, estate, trust, EPMF, etc.) based on information obtained from you or your representative. It is not a legal determination of your tax classification, and is not binding on the IRS. If you want a legal determination of your tax classification, you may request a private letter ruling from the IRS under the guidelines in Revenue Procedure 2020-1, 2020-1 I.R.B. 1 (or superseding Revenue Procedure for the year at issue). Note: Certain tax classification elections can be requested by filing Form 8832, *Entity Classification Election*. See Form 8832 and its instructions for additional information.

To whom it may concern,

The intent of this letter is to explain the disciplinary action that Carefree Pharmacy LLC (dba Precision Fulfillment Pharmacy) received from the Colorado Board of Pharmacy.

On April 26, 2024 the Colorado Board of Pharmacy issued a disciplinary action against Precision Fulfillment Pharmacy for failing to report a change of Pharmacist-in-Charge within the allotted time deemed in the state's pharmacy laws. This was finalized on June 20, 2024. The pharmacy was released on July 16, 2024.

The pharmacy was in the process of changing our Pharmacist-in-Charge for the licenses that the pharmacy has. Precision Fulfillment Pharmacy is located in Florida. However, the pharmacy holds multiple non-resident licenses, in addition to its license in its resident state of Florida. A clerical error by a new employee caused the form for the change in Pharmacist-in-Charge for Colorado to reflect the date that the change of Pharmacist-in-Charge happened for the pharmacy's resident Florida address. The date used was longer than the time allowed for notification of a change in Pharmacist-in-Charge by the Colorado Board of Pharmacy. However, our Pharmacist-in-Charge was still active during the time in question. They remained as our Pharmacist-in-Charge for the state of Colorado but were no longer our Pharmacist-in-Charge for the state of Florida. When the time came to change our Pharmacist-in-Charge for the state of Colorado, the wrong date was utilized in error, making it seem that the pharmacy neglected to properly notify the Colorado Board of Pharmacy of a change in our Pharmacist-in-Charge.

This was explained in detail to the Colorado Board of Pharmacy, along with supporting documentation showing that this Pharmacist-in-Charge was only removed as the pharmacies Pharmacist-in-Charge for Florida and remained as the current and active Pharmacist-in-Charge for other states that the pharmacy held non-resident licenses in. However, the board decided to impose disciplinary action against the pharmacy.

Precision Fulfillment Pharmacy has learned from this error. Employees in training are no longer permitted to fill you, even partially, or submit forms to the board without prior approval from the Pharmacist-in Charge leaving, entering, or both. Furthermore, employees in training are to be instructed of this during training and after on boarding. Better processes are in place to validate any work being done and to ensure an error like this won't occur again. Precision Fulfillment Pharmacy understands that the liability lies with the Pharmacist-in-Charge signing the forms to ensure that all forms are complete and accurate. This is the reason why the pharmacy decided to accept responsibility and pay the Colorado Board of Pharmacy the fines set forth and accept the disciplinary action.

Thank you for your time and consideration,

Written Notice of Final Consent Agreement from the Louisiana Board of Pharmacy

Dear Members of the Board,

I am writing to formally provide notice regarding a final consent agreement that our pharmacy has received from the Louisiana Board of Pharmacy.

The Louisiana Board of Pharmacy requested records from Precision Compounding Pharmacy of all compounded sterile preparations into Louisiana to cover a timespan of two years. From this request, another request followed to provide records for all prescriptions dispensed into Louisiana regardless of the time period. From these records, the Louisiana Board of Pharmacy sent an official notice of alleged violations against the pharmacy.

The alleged violations were of medications being dispensed into the state of Louisiana without a Louisiana permit authorizing the pharmacy to do as well as the pharmacy's original "Application for New Louisiana Pharmacy Permit for Nonresident Pharmacy" that was submitted had an incorrect answer. The application asked the question if the pharmacy had already dispensed prescription medications to Louisiana residents, to which the pharmacy had incorrectly answered "No."

The Board issued this consent agreement to the pharmacy along with a fine, constituting a formal disciplinary action. A copy of the final consent agreement is enclosed with this notice.

This notice serves to inform the Board of this matter as well as to assure the Board that Precision takes these matters seriously and has taken steps to ensure better and more efficient compliance, and continues to monitor and update its compliance program and efforts.

Thank you for your attention to this matter.

Sincerely,

Precision Compounding Pharmacy

It has recently come to the attention of Precision Compounding Pharmacy & Wellness Inc. that a disciplinary action was taken against us by the Colorado Board of Pharmacy on December 21, 2023. The disciplinary action was in the form of a letter of admonition. The letter of admonition was due to our, "Failing to come into compliance and maintain compliance for one consecutive week following the due date of the complaint response, as well as failing to correct error records submitted to the Colorado Prescription Drug Monitoring Program (PDMP)."

Due to it being a letter of warning, Precision mistakenly believed that this was not a formal disciplinary action. Since discovering our mistake, we have drafted this letter to submit to the Boards of Pharmacy to report the Colorado letter of admonition and to explain our error in not reporting this disciplinary action in a more timely manner. Precision deeply apologizes for this misunderstanding and hopes to show its willingness to be compliant by drafting this letter.

With regards to the cause of the disciplinary action, since receiving this letter of admonition, Precision has taken many steps to ensure all our PMP reporting is accurate, up to date, correct, and monitored on a regular basis. Our PMP reporting is checked every morning Monday-Friday and errors are now corrected immediately. This is to ensure future compliance with all State Boards of Pharmacy and their prospective timeline allotted to correct PMP errors.

Thank you for your time and understanding,
Precision Compounding Pharmacy & Wellness Inc.

(2009), otherwise known as the Pharmaceuticals and Pharmacists Act.

2. Respondent Pharmacy has been registered by the Board as a non-resident prescription drug outlet in the State of Colorado at all times relevant to this disciplinary action.

3. Respondent Pharmacy's address of record with the Board and current location is 1143 Highland Dr., Ste. D, Ann Arbor, MI 42108.

7. Respondent Pharmacy does not contest that the conduct described above may constitute a violation of section 12-22-125(1)(c)(I), (II) and (III) and 12-22-708,

C.R.S., and that such conduct may provide grounds for disciplinary action against Respondent Pharmacy's non-resident prescription drug outlet registration.

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF THE DISCIPLINARY PROCEEDING REGARDING THE NON-RESIDENT PRESCRIPTION DRUG OUTLET REGISTRATION OF WALGREENS SPECIALTY PHARMACY, LLC, REGISTRATION NO. OSP 5737,

RESPONDENT PHARMACY.

IT IS HEREBY STIPULATED by and between the Colorado State Board of Pharmacy ("Board") and Walgreen Specialty Pharmacy, LLC ("Respondent Pharmacy"), to resolve all matters pertaining to Board Case Number 2011-000522 as follows:

1. On February 19, 2008, Respondent Pharmacy became registered by the Board as a non-resident prescription drug outlet in the State of Colorado and was issued Registration No. OSP 5737 ("Colorado Registration").

2. The Board has jurisdiction over Respondent Pharmacy, its Colorado Registration, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the provisions of title 12, article 22, C.R.S. (2009), otherwise known as the Pharmaceuticals and Pharmacists Act.

3. Respondent Pharmacy's address of record with the Board and current location is 9775 SW Gemini Dr., Ste. 1, Beaverton, OR 97008.

4. Respondent Pharmacy neither admits nor denies these findings, but does not contest that the Board alleges these findings. Respondent Pharmacy hereby waives any further proof in this proceeding before the Board regarding the following facts.

5. On April 14, 2010, Board staff initiated a Complaint against Respondent Pharmacy because it failed to comply with the data submission requirements of Colorado's Electronic Prescription Drug Monitoring Program ("PDMP") for the reporting period(s) of April 1 through April 10, 2010.

6. Respondent Pharmacy subsequently failed to submit the required data to the PDMP reporting dispensing transactions of controlled substances in the State of Colorado for the reporting period(s) of July 1 through July 10, 2010, and did not submit a "zero" report indicating no dispensing transactions for said reporting period(s) as required by Board rule.

EXHIBIT 4

7. Respondent Pharmacy does not contest that the conduct described above may constitute a violation of §§12-22-125(1)(c) and 12-22-708, C.R.S. and that such conduct provides grounds for disciplinary action against Respondent Pharmacy's Colorado Registration pursuant to Board Policy 30-8.

DISPOSITION

$5,000.00 Fine with 10% Surcharge and Terms

8. **Fine with Surcharge.** Respondent Pharmacy accepts the following discipline: Pursuant to §12-22-125.2(5), C.R.S. Respondent Pharmacy shall pay a fine of **Five Thousand Dollars and No Cents ($5,000.00).** Respondent Pharmacy understands and acknowledges that, pursuant to §24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies shall impose an additional surcharge of 10% of this fine. Respondent Pharmacy shall therefore pay a total amount of **Five Thousand, Five Hundred Dollars and No Cents ($5,500.00).** The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Pharmacy submits this signed Final Agency Order to the Board.

9. **Compliance with PDMP.** At all times Respondent Pharmacy is registered with the Colorado State Board of Pharmacy, it shall comply with the data submission requirements of the PDMP. Respondent Pharmacy understands and acknowledges that future violations of PDMP reporting requirements, including failure to submit a "zero" report in the event of no dispensing transactions in Colorado during the relevant reporting period, shall lead to additional penalties pursuant to Board Policy 30-8.

CONDUCT:

Unprofessional Conduct-Obstructing a Patient from Obtaining Prescription: Business and Professions Code Section 4301 as it related to Business and Professions Code Section 733(a). Business and Professions Code Section 4301 states the board shall take action against any holder of a license who is guilty of unprofessional conduct or whose license has been issued by mistake. Business and Professions Code Section 733 (a) states a licentiate shall not obstruct a patient in obtaining a prescription drug or device that has been legally prescribed or ordered for that patient. A violation of this section constitutes unprofessional conduct by the licentiate and shall subject the licentiate to disciplinary or administrative action by his or her licensing agency. Specifically, between 10/29/2021 and 11/10/2021, AllianceRx Walgreens Prime # 15443 (NRP1589) located at 10530 John W Elliot Dr Ste 100, Frisco, TX 75033 obstructed patient CS from obtaining her prescription for Verzenio 150mg which caused a delay in therapy for the following reasons:

- AllianceRx employee misinterpreted the billing directions and kept billing incorrectly which resulted in the claim rejection.
- Each time the pharmacy got a rejected insurance claim, the pharmacy did not contact the prescriber nor the patient regarding the rejected claim.
- When the prescriber's office called the pharmacy for the status of the prescription several times, the pharmacy staff noted to call them back with the status however no one from the pharmacy called back.
- The timeline provided by AllianceRx showed a consistent pattern of the prescriber's office contacting the pharmacy for the status of CS's Verzenio.

Obstructing a patient from obtaining a prescription was a violation of Business and Professions Code Section 4301 as it related to 733(a).

Case Number: 203205

CONSENT ORDER

JURISDICTION AND PROCEDURAL HISTORY

The Virginia Board of Pharmacy ("Board") and Thomas J. Matthews, Pharmacist-in-Charge of Walgreens Specialty Pharmacy, LLC DBA AllianceRX Walgreens Prime #15443 ("AllianceRX"), Frisco, Texas, as evidenced by their signatures hereto, in lieu of proceeding to informal conference, enter into the following Consent Order affecting AllianceRX's permit to conduct a non-resident pharmacy delivering in the Commonwealth of Virginia.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

1. On July 16, 1998, the Board issued Permit Number 0214-000307 to AllianceRX to conduct a non-resident pharmacy delivering in the Commonwealth of Virginia. Said permit is scheduled to expire on July 31, 2021. At all times relevant hereto, said permit was in full force and effect.

2. AllianceRX violated Virginia Code § 54.1-3316(1) and (13) in that it failed to provide Patient A's physician with a prescription for a life-saving medication, Revlimid, on or before April 10, 2019, as requested by Patient A on April 2, 2019. When Patient A requested shipment of a prescription for Revlimid to his physician's office for April 10, 2019 administration, a hold, which had previously been placed on the prescription due to side effects reported by Patient A, was not removed from the prescription, causing the prescription not to be processed.

3. AllianceRX reported that it has changed the process for placing these types of prescriptions on hold to prevent this situation from happening again.

CONSENT

AllianceRX, by affixing the signature of a representative hereon to this Order, agrees to the following:

1. AllianceRX has been advised to seek advice of counsel prior to signing this document.

2. AllianceRX is fully aware that without its consent, no legal action can be taken against it or its permit except pursuant to the Virginia Administrative Process Act, Virginia Code § 2.2-4000 *et seq.*;

3. AllianceRX acknowledges that it has the following rights, among others: the right to an informal fact-finding conference before the Board; and the right to representation by counsel;

4. AllianceRX waives its right to an informal conference;

5. AllianceRX admits to the Findings of Fact and Conclusions of Law contained herein and waives its right to contest such Findings of Fact and Conclusions of Law and any sanction imposed hereunder in any future judicial or administrative proceeding in which the Board is a party;

6. AllianceRX consents to the entry of the following Order affecting its right to conduct a non-resident pharmacy delivering in the Commonwealth of Virginia.

ORDER

Based on the foregoing Findings of Fact and Conclusions of Law, the Virginia Board of Pharmacy hereby ORDERS as follows:

1. AllianceRX is assessed a MONETARY PENALTY of $500.00. This penalty shall be paid to the Board by certified check or money order made payable to the Treasurer of Virginia within 60 days from the date of entry of this Order. Failure to pay the full monetary penalty by the due date may cause the matter to be sent for collection and constitutes grounds for an administrative proceeding and further discipline.

2. AllianceRX shall comply with all laws and regulations governing the practice of non-resident pharmacies delivering in the Commonwealth of Virginia.

3. Any violation of the foregoing terms and conditions of this Order or any statute or regulation governing the practice of non-resident pharmacies delivering in the Commonwealth of Virginia shall constitute grounds for further disciplinary action.

Pursuant to Virginia Code §§ 2.2-4023 and 54.1-2400.2, the signed original of this Order shall remain in the custody of the Department of Health Professions as a public record, and shall be made available for public inspection and copying upon request.

3. Respondent Pharmacy's address of record with the Board and current location is 7164 Technology Dr., #100, Frisco, TX 75034.

4. Respondent Pharmacy neither admits nor denies these findings, but does not contest that the Board alleges these findings. Respondent Pharmacy hereby waives any further proof in this proceeding before the Board regarding the following facts.

5. On April 14, 2010, Board staff initiated a Complaint against Respondent Pharmacy because it failed to comply with the data submission requirements of Colorado's Electronic Prescription Drug Monitoring Program ("PDMP") for the reporting period(s) of April 1 through April 10, 2010.

6. Respondent Pharmacy subsequently failed to submit the required data to the PDMP reporting dispensing transactions of controlled substances in the State of Colorado for the reporting period(s) of July 1 through July 10, 2010, and did not submit a

"zero" report indicating no dispensing transactions for said reporting period(s) as required by Board rule.

7. Respondent Pharmacy does not contest that the conduct described above may constitute a violation of §§12-22-125(1)(c) and 12-22-708, C.R.S. and that such conduct provides grounds for disciplinary action against Respondent Pharmacy's Colorado Registration pursuant to Board Policy 30-8.

DISPOSITION

$5,000.00 Fine with 10% Surcharge and Terms

8. **Fine with Surcharge.** Respondent Pharmacy accepts the following discipline: Pursuant to §12-22-125.2(5), C.R.S. Respondent Pharmacy shall therefore pay a total amount of **Five Thousand, Five Hundred Dollars and No Cents ($5,500.00).** The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Pharmacy submits this signed Final Agency Order to the Board.

9. **Compliance with PDMP.** At all times Respondent Pharmacy is registered with the Colorado State Board of Pharmacy, it shall comply with the data submission requirements of the PDMP. Respondent Pharmacy understands and acknowledges that future violations of PDMP reporting requirements, including failure to submit a "zero" report in the event of no dispensing transactions in Colorado during the relevant reporting period, shall lead to additional penalties pursuant to Board Policy 30-8.

    d. To appeal this Board order.

11. **Acknowledgments.** The undersigned authorized agent of Respondent Pharmacy has read this Final Agency Order in its entirety and acknowledges, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so, that Respondent Pharmacy understands the legal consequences and agrees that none of the terms or conditions herein is unconscionable. Respondent Pharmacy is not relying on any statements, promises or representations from the Board other than as may be contained in this Final Agency Order. Respondent Pharmacy further acknowledges that it is not entering into this Final Agency Order under any duress.

12. **Violations.** Time is of the essence to this Final Agency Order. It is the responsibility of Respondent Pharmacy to take all appropriate steps to comply fully with this Final Agency Order. Respondent Pharmacy acknowledges and agrees that any violation of this Final Agency Order may be sanctioned as provided under §12-22-125.2(4), C.R.S., and may be sufficient grounds for additional discipline, including but not limited to revocation of its registration. The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Pharmacy to comply with all terms and conditions of this Final Agency Order.

13. **Integration and Severability.** Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties in this case. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

14. **Public Record.** Upon execution by all parties, this Final Agency Order shall be a public record, maintained in the custody of the Board.

15. **Effective Date.** This Final Agency Order shall become effective upon signature of a Board member or representative.

SENSITIVE INFORMATION ENCLOSED

To: CEO or President
WALGREENS SPECIALTY PHARMACY, LLC
7164 TECHNOLOGY DR #100

FRISCO, TX 75034

From: The Healthcare Integrity and Protection Data Bank
Re: Notification of a Report in the Data Bank(s)

This notice is to inform you that the enclosed report of an action taken against you was recently submitted to the Healthcare Integrity and Protection Data Bank (HIPDB).

What is the HIPDB? Section 1128E of the Social Security Act as added by Section 221(a) of the Health Insurance Portability and Accountability Act of 1996, established the HIPDB. Section 1128E mandates that information on certain final adverse actions (e.g., licensure, civil judgment and criminal convictions related to health care, exclusions from Federal or State health care programs and certain other adjudicated actions and decisions) taken against health care practitioners, providers and suppliers be reported to the HIPDB. Federal and State government agencies and health plans are authorized to query the HIPDB.

Confidentiality.

All information in the HIPDB is considered confidential and is disclosed only to legally authorized queriers for specified uses. Disclosure or use of confidential information for other purposes is a violation of Federal law. Health care practitioners, providers and suppliers may query the Data Bank about themselves (self-query) and may share their self-query results with anyone they choose. Information in the Data Bank is NOT available to the public.

What does the report mean to you?

The enclosed report summarizes an action taken against you. The HIPDB may contain more than one report on a particular incident, if two or more actions were taken that related to that one incident, e.g., an adverse licensure action and an exclusion from the Medicare and Medicaid programs. A report in the Data Bank does not necessarily reflect adversely on your professional competence or conduct. Those entities authorized to access the HIPDB use the information in conjunction with information from other sources, including you, when granting clinical privileges or making employment, affiliation or licensure decisions. This report is being sent to you so that you can check its accuracy. This is important because the Data Bank is a clearinghouse for reports, which are maintained exactly as submitted.

>> **If the report is accurate**, you need not respond to this mailing. The report will be available to authorized queriers exactly as submitted.
>> **If the mailing address in this report is incorrect**, you may update your mailing address as maintained by the Data Banks using the on-line Report Response Service, available at http://www.npdb-hipdb.hrsa.gov. Future correspondence from the Data Banks will be mailed to you at the address specified. Please be advised that this does not change your address as reflected in the report. Only the entity that originally submitted the report can modify or correct information provided in the report.
>> **You may add a statement** expressing your view of the events described in the report using the on-line Report Response Service, available at http://www.npdb-hipdb.hrsa.gov.
>> **You may dispute the report** using the on-line Report Response Service, available at http://www.npdb-hipdb.hrsa.gov. You may NOT dispute the reported action itself or the appropriateness of any finding or judgment.

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against Walgreens Mail Service, LLC ("Walgreens") which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975) §41-22-12(f), the Board through its counsel and Walgreens through its counsel engaged in negotiations and as a result the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds that Walgreens has violated the provisions of law based upon the conduct set out in all Counts of the Statement.

2. Walgreens shall pay an administrative fine in the amount of Five Thousand Dollars ($5,000.00) within thirty (30) days of the effective date of this consent order that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall Walgreens attempt to discharge the same.

3. Walgreens expressly waives its rights pursuant to the Alabama Pharmacy Practice Act, the Alabama Administrative Procedure Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975), §34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and

Walgreens further waives any objection to the attorney for the Board preparing, drafting or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, Walgreens hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. Walgreens acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against Walgreens' permit, including, but not limited to revocation. The Board shall take no action based on another state imposing any discipline based upon the actions set out in Counts 3, 5, 6, 7 and 8 of the Statement of Charges; provided, however the Board can initiate disciplinary proceedings in the event Walgreens is disciplined for its failure to disclose/report the discipline set out in the aforementioned Counts when required to do so.

6. Walgreens acknowledges and agrees that it has read this Consent Order and that it fully understand the terms, conditions and contents of the same. Walgreens acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and is signing this Consent Order on the advice of

BEFORE THE ARIZONA STATE BOARD OF PHARMACY

In the Matter of **WALGREENS MAIL SERVICE, INC.** Holder of Permit No. Y002628 As a Pharmacy In the State of Arizona	Board Case No. 16-0023 (aka 4469) **CONSENT AGREEMENT FOR CIVIL PENALTY**

In the interest of a prompt and judicious settlement of this case, consistent with the public interest, statutory requirements and the responsibilities of the Arizona State Board of Pharmacy ("Board") under A.R.S. § 32-1901, *et. seq.*, Walgreens Mail Service, Inc. ("Respondent"), holder of permit no. Y002628 in the State of Arizona, and the Board enter into the following Recitals, Findings of Fact, Conclusions of Law and Order ("Consent Agreement") as a final disposition of this matter.

RECITALS

1. Respondent has read and understands this Consent Agreement and has had the opportunity to discuss this Consent Agreement with an attorney, or has waived the opportunity to discuss this Consent Agreement with an attorney.

2. Respondent understands that it has a right to a public administrative hearing concerning this matter at which hearing it could present evidence and cross examine witnesses. By entering into this Consent Agreement, Respondent knowingly and voluntarily relinquishes all right to such an administrative hearing, as well as rights of rehearing, review, reconsideration, appeal, judicial review or any other administrative and/or judicial action, concerning the matters set forth herein.

3. Respondent affirmatively agrees that this Consent Agreement shall be irrevocable.

4. Respondent understands that this Consent Agreement or any part of the agreement may be considered in any future disciplinary action by the Board against it.

5. Respondent understands this Consent Agreement deals with Board complaint number 16-0023 (aka 4469) involving allegations of unprofessional conduct against Respondent. The investigation into these allegations against Respondent shall be concluded upon the Board's adoption of this Consent Agreement and Respondent's compliance with the same.

6. Respondent understands that this Consent Agreement does not constitute a dismissal or resolution of any other matters currently pending before the Board, if any, and does not constitute any waiver, express or implied, of the Board's statutory authority or jurisdiction regarding any other pending or future investigation, action or proceeding.

7. Respondent also understands that acceptance of this Consent Agreement does not preclude any other agency, subdivision, or officer of this State from instituting any other civil or criminal proceedings with respect to the conduct that is the subject of this Consent Agreement.

8. Respondent acknowledges and agrees that, upon signing this Consent Agreement and returning this document to the Board's Executive Director, it may not

revoke its acceptance of the Consent Agreement or make any modifications to the document regardless of whether the Consent Agreement has been signed by the Executive Director. Any modification to this original document is ineffective and void unless mutually agreed to by the parties in writing.

9. This Consent Agreement is subject to the approval of the Board and is effective only when accepted by the Board and signed by the Executive Director. In the event that the Board does not approve this Consent Agreement, it is withdrawn and shall be of no evidentiary value and shall not be relied upon nor introduced in any action by any party, except that the parties agree that should the Board reject this Consent Agreement and this case proceeds to hearing, Respondent shall assert no claim that the Board was prejudiced by its review and discussion of this document or any records relating thereto.

10. If a court of competent jurisdiction rules that any part of this Consent Agreement is void or otherwise unenforceable, the remainder of the Consent Agreement shall remain in full force and effect.

11. Respondent understands that this Consent Agreement is a public record that may be publicly disseminated as a formal action of the Board and may be reported as required by law to the National Practitioner Data Bank and the Healthcare Integrity and Protection Data Bank.

12. Respondent understands that any violation of this Consent Agreement constitutes unprofessional conduct and may result in disciplinary action. A.R.S. §§ 32-1901.01(A)(19), -1927.02(A) (1).

13. Respondent agrees that the Board will adopt the following Findings of Fact, Conclusions of Law and Order.

ACCEPTED AND AGREED BY RESPONDENT

On behalf of Walgreens Mail Service, Inc. Dated: 10/29/18

FINDINGS OF FACT

1. The Board is the duly constituted authority for licensing and regulating the practice of pharmacy in the State of Arizona.

2. Respondent is the holder of pharmacy permit number S002628 in the State of Arizona for the operation of Walgreens Mail Service located 8350 S. River Parkway, Tempe, AZ.

4. The complaint was filed by Melodie Moore, Investigation Specialist II for the Florida Board of Pharmacy, concerning patient R.T., a Florida resident.

5. On or about October 22, 2014, R.T. was dispensed Morphine Sulfate with a label that read "**Take 5 to 10ml by mouth every 4 hours as needed**." However, the prescription was written for **Roxanol (Morphine) 20mg/ml, take 5-10mg by mouth every 4 hours as needed**. Walgreens pharmacist, Marilyn Myers PharmD, who was a work-at-home pharmacist for Walgreens Mail Service, provided the incorrect dosing instructions.

6. On or about October 24, 2014, R.T. expired with a cause of death determined to be morphine overdose. Had this matter proceeded to formal hearing it is Walgreens' position that it would offer evidence that R.T.'s death was due to something other than a morphine overdose.

7. The prescription was scanned at Walgreens Drug #6263 in Lake City, FL.

8. The prescription was data entered by CA, a technician at Walgreens Drug #6263.

9. Prescription drug utilization review was completed by L.H., a pharmacist located at Walgreens' central operation in Orlando, FL during which time L.H. discovered the error (i.e. the incorrect dosing on the label). L.H. immediately called the pharmacy but there was no answer so she deleted the prescription in an effort to keep the prescription from being sold. L.H. also sent an email advising of the labeling error.

10. According to Walgreens' records, the deletion of the prescription and the sale of the medication occurred simultaneously; the deletion of the prescription did not prevent the sale of the medication. The patient received the medication with the incorrect dosing directions.

11. During the complaint investigation at Walgreens Mail Service on December 15, 2015, records of order verification for this transaction were not available for review at that location because the prescription had been closed.

CONCLUSIONS OF LAW

1. The Board possesses jurisdiction over the subject matter and over Respondent pursuant to A.R.S. § 32-1901 *et seq.*

2. The Board may discipline a permittee that has engaged in unprofessional conduct. A.R.S. § 32-1927.02(A) (1).

3. The conduct and circumstances described above constitute a violation of A.R.S. §32-1901.01(A)(5), which is violating a federal or state law or administrative rule relating to the manufacture, sale or distribution of drugs, narcotics, dangerous drugs,

controlled substances or precursor chemicals and Arizona Administrative Code R4-23-621(D)(1), which requires that a pharmacy permittee engaged in shared services shall: (1) maintain manual or electronic records that identify, individually for each order processed, the name, initials, or identification code of each pharmacist, graduate intern, pharmacy intern, pharmacy technician, and pharmacy technician trainee who took part in the order interpretation, order entry verification, drug utilization review, drug compatibility and drug allergy review, final order verification, therapeutic intervention or refill authorization functions performed at that pharmacy.

ORDER

Based upon the above Findings of Fact and Conclusions of Law, IT IS HEREBY ORDERED THAT Respondent shall pay a civil penalty to the Board in the amount of **$1,000.00** within **30 days** of the effective date of this Order.

If Respondent violates this Order in any way or fails to fulfill the requirements of this Order, the Board, after giving the Respondent notice and the opportunity to be heard, may revoke, suspend or take other disciplinary actions against Respondent's permit. The issue at such a hearing will be limited solely to whether this Order has been violated.

CONDUCT:

Business and Professions Code Section 4073 (c) states in pertinent part, In no case shall the pharmacist select a drug product pursuant to this section unless the drug product selected costs the patient less that the prescribed drug product. PUBLIC CONSENT ORDER

By agreement of the Georgia State Board of Pharmacy ("Board") and ALLIANCERX WALGREENS PRIME #03397 ("Respondent"), the following disposition of this matter is entered pursuant to the provisions of O.C.G.A. § 50-13-13(a)(4).

FINDINGS OF FACT

1.

Respondent is licensed to operate as a non-resident pharmacy in the State of Georgia. The license was issued March 1, 2017, and expires June 30, 2019.

2.

On or about October 23, 2017, Patient J.M.B. sent a refill request for Metoprolol to Respondent. On or about October 25, 2017, Respondent shipped the medication. On November 6, 2017, the patient informed Respondent that she had not received the Metoprolol prescription. The pharmacy technician who processed the inquiry failed to follow Respondent's standard operating procedure and failed to comply with Board Rule 480-48.-02(4)(d) to ensure that the patient received a replacement via next-day delivery or by immediate arranging for a seven-day supply of the medication through a licensed pharmacy of the patient's choice.

3.

On or about November 20, 2017, Respondent again called to report that she still did not receive the Metoprolol prescription. On or about November 21, 2017, Respondent shipped out the Metoprolol prescription using standard shipping, again violating Respondent's standard operating procedure and the Board rule.

4.

Respondent waives any further findings of fact with respect to this matter.

CONCLUSIONS OF LAW

ORDER

The Board having considered the particular facts and circumstances of this case, it is hereby ORDERED, and the Respondent hereby AGREES, that Respondent's license shall be disciplined as follows:

1.

The Respondent shall submit to the Board a fine in the amount of $1,600.00 for failure to follow the requirements in Rule 480-48-02(d), on two separate occasions. In addition to and in conjunction with any other sanction contained herein, this Consent Order and dissemination thereof shall serve as a public reprimand to the Respondent.

3.

Approval of this Consent Order by the Georgia State Board of Pharmacy shall in no way be construed as condoning the Respondent's alleged conduct, and shall not

be construed as a waiver of any of the lawful rights possessed by the Board. This Consent Order shall not become effective until approved and docketed by the Georgia State Board of Pharmacy.

4.

Agent of Respondent, AllianceRx Walgreens Prime #03397, acknowledges that Respondent has read this Consent Order and understands its contents. NOTICE OF VIOLATION

To whom it may concern;

The Board received notification from the Prescription Drug Monitoring Program that Walgreens Mail Service, LLC, 8350 S. River Parkway, Tempe, Arizona, holding a New Hampshire non-resident pharmacy permit NR0029 had updated the DEA number associated with this facility. New Hampshire rules state any change to original application must notify the Board within 15 days of change. I refer to the following rule:

> Ph 306.02 Reporting Changes. The person to whom a permit to operate a pharmacy in New Hampshire has been issued shall, within 15 days of that person's discovery of a change in any of the data contained in the application for an original or renewal permit, report that change to the board in writing.

Under RSA 318:29 and RSA 318:55, the Board may impose civil penalties "not to exceed $5,000 per violation upon any person who willfully or repeatedly violates any provision of this chapter." It appears that by engaging in the conduct described above, you may have violated both Ph306.02 and Ph704.12 by not notifying the Board within 15 days that you ceased performing the duties of Pharmacist –In-Charge.

The Board sees fit to use its discretion to propose an administrative fine of **$500.00**. You have the following two options upon receipt of this Notice. First, you can waive the right to a hearing and pay the proposed fine. If you choose to do so, please pay $500.00 within thirty (30) days of the receipt of this Notice, and remit payment to Treasurer, State of New Hampshire. Second, you may request a hearing on the matter. If you do so, your request for a hearing must be received within 30 days of receipt of this Notice. The Board will thereafter schedule a hearing on the matter.

If you have any questions, please don't hesitate to contact this office at (603)-271-2350.

Case No. 2014-255

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF DISCIPLINARY PROCEEDINGS REGARDING THE NON-RESIDENT PRESCRIPTION DRUG OUTLET REGISTRATION IN THE STATE OF COLORADO OF WALGREENS MAIL SERVICE, INC., REGISTRATION NO. OSP 5062,

Respondent Pharmacy.

IT IS HEREBY STIPULATED AND AGREED by and between the Colorado State Board of Pharmacy ("Board") and Walgreens Mail Service, Inc. ("Respondent Pharmacy") to resolve all matters pertaining to Board Case Number 2014-255, as follows:

FINDINGS AND CONCLUSIONS

1. The Board has jurisdiction over Respondent Pharmacy, its registration as a non-resident prescription drug outlet, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to provisions of the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act at Title 12, Article 42.5, C.R.S. (2013).

2. Respondent Pharmacy was originally registered in the State of Colorado on or about August 10, 1998, being issued registration number OSP 5062, and has been so registered at all times relevant to this disciplinary action.

3. Respondent Pharmacy's address of record with the Board and current location is 8350 South River Parkway, Tempe, Arizona 85284.

4. Respondent Pharmacy admits these findings and hereby waives any further proof in this or any other proceeding before the Board regarding the following facts.

5. In or about December 2012, the Board mailed an affidavit to Respondent Pharmacy and requested that Respondent Pharmacy sign the affidavit to confirm that Respondent Pharmacy is aware of Colorado law and that it will not distribute prescription drugs into Colorado without valid, patient-specific prescription orders. The affidavit was signed by Respondent Pharmacy on December 27, 2012.

6. Respondent Pharmacy distributed a prescription drug into Colorado without a valid, patient-specific prescription order.

7. Respondent Pharmacy admits that its conduct, as set forth above, constitutes violations of the following sections of the Colorado Revised Statutes and Board Rules and provides grounds for disciplinary action against Respondent Pharmacy's Colorado registration as a prescription drug outlet:

Colorado Revised Statutes

12-42.5-123. Unprofessional conduct - grounds for discipline.

(1) The board may suspend, revoke, refuse to renew, or otherwise discipline any license or registration issued by it, after a hearing held in accordance with the provisions of this section, upon proof that the licensee or registrant:

(c) Has violated:

(I) Any of the provisions of this Article, including commission of an act declared unlawful in section 12-42.5-126;

(II) The lawful rules of the board; or

(III) Any state or federal law pertaining to drugs.

(k) Has failed to meet generally accepted standards of pharmacy practice.

12-42.5-124. Disciplinary actions. (1) The board may deny or discipline an applicant, licensee, or registrant when the board determines that the applicant, licensee, or registrant has engaged in activities that are grounds for discipline.

12-42.5-130. Nonresident prescription drug outlet--registration

(2) The registration requirements of this section apply only to a nonresident prescription drug outlet that only ships, mails, or delivers, in any manner, drugs and devices into this state pursuant to a prescription order.

8. The Board finds and concludes, and Respondent Pharmacy agrees, that based upon Respondent Pharmacy's above-described violations of the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act and relevant rules and regulations, the following discipline is just and appropriate under the circumstances.

DISPOSITION

9. **Fine with Surcharge.** Pursuant to §12-42.5-124(5)(a)(I), C.R.S., Respondent Pharmacy shall pay a fine of One Thousand Dollars and No Cents ($1,000.00) Respondent Pharmacy understands and acknowledges that, pursuant to §24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies shall impose an additional surcharge of 10% of this fine. Respondent Pharmacy shall therefore pay a total amount of One Thousand One Hundred Dollars and No Cents ($1,100.00). The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Pharmacy submits this signed Final Agency Order to the Board.

The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Pharmacy to comply with all terms and conditions of this Final Agency Order.

13. **Advisements and Waivers.** Through its undersigned Authorized Representative, Respondent Pharmacy enters into this Final Agency Order freely and voluntarily, after having the opportunity to consult with legal counsel and/or choosing not to do so. 7. On November 30, 2023, Board sent a complaint notice and a subpoena to Respondent at his address of record (by electronic, certified and regular mail), notifying him that the Board had received the DPS notification, opened a complaint, and requested that he respond and provide a written explanation of the criminal charge, as well as copies of police and court records by December 6, 2023. Respondent did not respond until December 13, 2023.

9. Additional information reported by Respondent regarding his marijuana use is contained within the Board's files and for privacy reasons will not be detailed in this pleading, however, the information detailed in the records raised concerns about

Respondent's ability to safely practice, and serves, in part, as a basis for the issuance of an Interim Order.

10. On his September 2023 license renewal application, Respondent answered "No" to the question whether he had been arrested, charged, pled guilty or convicted of a felony or misdemeanor offense since his last renewal. He did not disclose his December 3, 2022 arrest.

Re: Complaint [redacted]
33909

Dear Ms. Arafat:

This letter is to advise you that the New Jersey State Board of Pharmacy (the "Board") has had an opportunity to review information concerning your practice of pharmacy following an investigation that uncovered the following infractions of the law and regulations:

The Board determined to fine you, the dispensing pharmacist, $200.00, for the medication error. In addition, you must complete two (2) Board approved continuing education modules on medication errors. The completion of these modules will not be considered as part of the biennial continuing education requirment.

The Board has determined that it will first offer you an opportunity to settle this matter and thereby avoid the initiation of formal disciplinary proceedings. Should you wish to avail yourself of this opportunity, you should sign the acknowledgment below and agree to the following:

pay a penalty in the amount of $200.00 (to be paid immediately upon your signing of the acknowledgment at the bottom of this letter), and Letter of Correction.

Alternatively, you may waive your right to a hearing and submit a written statement or explanation to the Board. The Board will then consider your submission and render a final decision, which may include any of the terms set forth above. Any disposition by way a settlement will be a public record, and will have the same effect as an order of the Board. Any failure to comply with the terms to which you agree will be deemed a violation.

If you do not wish to settle this matter, you may request a hearing. In that event, this letter will serve as notice of the charges against you and a hearing will be scheduled before the Board. At that hearing you either personally or with the assistance of an attorney will have an opportunity to respond to the charges and submit evidence and present testimony as may be necessary in order for the Board to make a final determination concerning the charges of unlawful activity.

You should be aware that in making its final decision, the Board may, if unlawful activity has been proven, assess civil penalties in an amount greater than that offered in this letter. Additionally, the Board may, if the facts are found to so warrant, enter an order requiring you to pay costs incurred in the matter.

Should you have any questions concerning this letter or the settlement offer herein, I suggest that you contact The Board of Pharmacy, at (973) 504-6450.

The enclosed certification should be completed and returned to the Board within fifteen (15) days following your receipt of this letter. In the event that the Board receives no response from you within fifteen (15) days, the Board's settlement offer will be withdrawn, and you will be deemed in default. The allegations against you will be deemed uncontested. The Board will then proceed to schedule the matter for final review and will enter an appropriate order. Once an order has been entered, your failure to pay any penalties may result in further action to suspend or revoke your license.

REMEDIAL PLAN #H-17-047-A

RE: IN THE MATTER OF
PHONGPHU ALEX DANG
(PHARMACIST LICENSE #49465)

BEFORE THE TEXAS STATE
BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy (Board) the matter of pharmacist license number 49465 issued to Phongphu Alex Dang (Respondent).

By letter dated April 18, 2018, the Board gave preliminary notice to Respondent of its intent to take disciplinary action. This action was taken as a result of an investigation which produced evidence indicating that Respondent may have violated the applicable law set forth below. An informal conference was held in the Board's office on June 5, 2018, with Respondent, and Dan Lype, Legal Counsel for Respondent, in attendance. The informal conference was heard by Board Member: Dennis F. Wiesner, R.Ph.; with Kerstin Arnold, General Counsel. Bhavesh Modi, Staff Attorney, was also in attendance.

BOARD HISTORY

Respondent has not previously been offered a Remedial Plan and has not been the subject of disciplinary action with the Board.

FINDINGS

1. On or about July 7, 2017, Phongphu Alex Dang, while acting as an employee (staff pharmacist) of Walgreens #7592, 802 East Pioneer Parkway, Grand Prairie, Texas 75051, dispensed memantine 5mg tablets to patient A.C., a 17-year-old with Down syndrome and Graves' disease, on a refill of a prescription calling for methimazole 5mg tablets. The prescription was dispensed in the manufacturer's stock bottle labeled as memantine 5mg tablets, but the prescription label that was affixed to the bottle indicated that 60 methimazole 5mg tablets had been dispensed. The prescription label instructed patient A.C. to "take 1 tablet by mouth twice daily." Patient A.C. was administered the wrong drug for approximately 20 days before the error was identified by patient A.C.'s physician and experienced adverse effects, including elevated thyroid levels, weight loss, and restlessness. The prescription was assigned prescription number 1252850.

2. Respondent does not admit or deny the Finding(s) and Applicable Law contained herein but, rather, has agreed to settle in good faith to avoid the cost, expense, and uncertainty of litigation.

MITIGATING FACTOR

Respondent cooperated in the investigation of the allegations that resulted in this Remedial Plan.

2. Respondent is the holder of certificate number T009712 as a Pharmacy Technician.

5. Pharmacy technicians are required to maintain records that verify the continuing education activities that the technician participated in during the preceding five years; attest to the number of CEUs the technician participated in during the renewal period on the biennial renewal form; and submit proof of the continuing education participation to the Board within 20 days of request. A.A.C. R4-23-1106(C).

6. The Board shall deem the failure to comply with the continuing education requirements as unprofessional conduct and grounds for disciplinary action. A.A.C. R4-23-1106(D).

8. On or about October 12, 2021, the Board staff conducted a continuing education audit that included Respondent (licensees are selected at random).

9. Prior to reaching out to Respondent, the Board staff reviewed the CPE Monitor and discovered that Respondent had completed zero (0) of the required 20 hours of continuing education during the audit time period.

10. Board staff sent Respondent an email on October 12, 20201, asking that he provide information showing completion of the required CE by November 1, 2021. No response was received.

RE: In the Matter of James Kyle Cooley

Dear Mr. Cooley:

Enclosed is a copy of Agreed Board Order (ABO) #T-04-382 that was entered by the Texas State Board of Pharmacy (TSBP) concerning the above-referenced matter. TSBP entered this Order on September 24, 2004. The requirements and conditions of the enclosed Order and matters relating to the Order are discussed below.

GRANTING OF TEXAS PHARMACY TECHNICIAN REGISTRATION

Under the terms of ABO #T-04-382, Texas Pharmacy Technician Registration (#119555) was granted to you because you:

(1) successfully completed the requirements of registration as set forth in the Texas Pharmacy Act, TEX. OCC. CODE ANN. Subtitle J (Vernon 2003) and the Texas Pharmacy Rules of Procedure, 22 TEX. ADMIN. CODE (2004); and

With regard to the documentation described in (2) above, TSBP received this documentation on October 5, 2004, from Jan K. McCutchin, NCACII, LCDC. Subsequently, pharmacy technician registration #119555 was issued to you on October 20, 2004.

AGREED BOARD ORDER #T-04-382

RE: IN THE MATTER OF
JAMES KYLE COOLEY
(APPLICANT FOR PHARMACY
TECHNICIAN REGISTRATION #119555)

BEFORE THE TEXAS STATE
BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy (hereinafter referred to as "TSBP") the matter of pharmacy technician registration number 119555 issued to James Kyle Cooley, (hereinafter referred to as "Applicant").

The TSBP gave preliminary notice to Applicant of its intent to take disciplinary action with respect to Applicant's pharmacy technician registration as a result of information received by the TSBP which produced evidence indicating that Applicant may have violated:

(1) Section 568.003(a)(5) of the Texas Pharmacy Act, TEX. OCC CODE ANN. Subtitle J (2003), in that, allegedly, on or about April 8, 1998, Applicant was convicted of the misdemeanor offense of Driving While Intoxicated.

(2) Section 568.003(a)(5) of the Texas Pharmacy Act, TEX. OCC CODE ANN. Subtitle J (2003), in that, allegedly, on or about November 30, 1999, Applicant was convicted of the misdemeanor offense of Driving While Intoxicated.

An informal conference was held in the office of the Texas State Board of Pharmacy on September 15, 2004, with Applicant in attendance. The informal conference was heard by a Board panel.

At the aforementioned conference, Applicant waived Applicant's right to be represented by legal counsel. By Applicant's appearance at the informal conference and by

Applicant's signature on this Order, Applicant agrees that the Texas State Board of Pharmacy has jurisdiction in this matter and does hereby waive Applicant's right to legal counsel, to notice of hearing, to a formal administrative hearing, and to judicial review of this Order.

After discussion of the matters previously outlined in this Order, and subsequent communications, Applicant agreed to the entry of an Order disposing of the need for further disciplinary action in this matter. By Applicant's signature on this Order, Applicant neither admits nor denies the truth of the matters previously set out in this Order with respect to the above alleged violations.

Applicant understands that any failure to comply with the terms of this Order is a basis for discipline under the Texas Pharmacy Act.

Should this Order not be accepted by the TSBP, it is agreed that neither the presentation of the Order to the TSBP nor the TSBP's consideration of the Order, will be deemed to have unfairly or illegally prejudiced the TSBP or its individual members and, therefore, will not be grounds for precluding the TSBP or any individual member of the TSBP from further participation in proceedings related to the matters set forth in the Order.

At the conclusion of the aforementioned conference, and subsequent communications, the parties agreed to the entry of the ORDER OF THE BOARD set forth below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the TSBP does hereby ORDER that a Texas pharmacy technician registration shall be granted after Applicant successfully

completes the requirements of registration as set forth in the Texas Pharmacy Act, TEX. OCC. CODE ANN. Subtitle J (Vernon 2003) and the Texas Pharmacy Rules of Procedure, 22 TEX. ADMIN. CODE (2004), and after written documentation is provided by a mutually acceptable mental health professional which states that Applicant is not physiologically or psychologically alcohol or drug dependent, does not have an incapacity of a nature that would prevent Applicant from practicing as a pharmacy technician with reasonable skill, competence and safety to the public, and is able to practice as a pharmacy technician without posing a threat to Applicant or the public. If Applicant has not completed the requirements within ninety (90) days after the entry of this Order, the pharmacy technician registration application shall be DENIED.

It is finally ORDERED that failure to comply with any of the terms and conditions in this Order constitutes a violation and shall be grounds for further disciplinary action against the Texas technician registration held by Applicant.

And it is so Ordered.

THIS ORDER IS A PUBLIC RECORD.

enc: Summary Order

BEFORE THE KANSAS STATE BOARD OF PHARMACY

In the Matter of the Renewal Application of Ojas Sampat License No. 1-14844	)	Case No. 22-341

SUMMARY ORDER

NOW on December 19, 2022, comes before the Kansas State Board of Pharmacy through its Executive Secretary (hereinafter referred to as the "Board") the matter of the pharmacist license renewal application of Ojas Sampat (hereinafter referred to as "Respondent") to engage in the practice of pharmacy in the state of Kansas.

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the provisions of the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board enters this Summary Order in the above-captioned matter. After reviewing the renewal materials and being otherwise duly advised in the premises, the Board makes the following findings, conclusions, and order:

FINDINGS OF FACT

1. On or around 6/19/2022, Respondent submitted a pharmacist license renewal application to engage in the practice of pharmacy in the State of Kansas.

2. In the renewal application, Respondent requested to renew the license on active status.

3. At the end of the renewal application, Respondent agreed to the following statement prior to submitting the completed renewal application: "I hereby attest that I have completed all continuing education hours required by law to renew my license."

4. Respondent's renewal application was selected for an audit to provide proof of Respondent's continuing education certificates or a transcript of completion of required hours.

5. Respondent provided proof of 27.75 hours of continuing education to renew Respondent's pharmacist license.

CONCLUSIONS OF LAW

6. Pursuant to K.S.A. 65-1627(a)(9), the Board may deny, revoke, suspend, or place on probation any pharmacist license upon a finding that Respondent failed to comply with the continuing education requirements of the Board for license renewal.

7. Pursuant to K.A.R. 68-1-1b, 30 hours of continuing education shall be required for renewal of a pharmacist license during each licensure period, which must be obtained in the two-year licensure period ending on the June 30 expiration date of each license.

8. Pursuant to K.S.A. 65-1627(a)(1), the Board may deny, revoke, suspend, or place on probation any pharmacist license upon a finding that Respondent renewed or attempted to renew a license by false means, including misrepresentation.

9. Pursuant to K.S.A. 65-1658, in addition to any other penalty imposed by the Pharmacy Practice Act, the Board may assess a civil fine for a violation of K.S.A. 65-1627(a), in an amount not to exceed $5,000 for each violation.

10. Respondent was required to provide proof of completion of 30 hours of continuing education earned between July 1, 2020 and June 30, 2022.

11. By only providing proof of completion of 27.75 hours of continuing education, Respondent failed to complete the required 30 hours of continuing education for renewal of Respondent's license, in violation of K.S.A. 65-1627(a)(9).

12. Respondent falsely attested on the renewal application that Respondent had completed all continuing education hours required by law to renew Respondent's license, in violation

of K.S.A. 65-1627(a)(1). Though material, the Board makes no finding about whether Respondent's misrepresentation was intentional.

13. The role of the Board is to protect the citizens of Kansas. The Board regards the failure to comply with the continuing education requirements for licensure as a serious issue. Given the number of home-study, web-based, and live programs available, achieving the 30 hours required each biennial renewal period cannot be viewed as a burden. Without continued investment in pharmacy education, the vision of quality pharmacy providers in Kansas will not be met. In order to provide safe, effective, and high quality healthcare for Kansas patients, the practice of pharmacy requires lifelong improvement and education.

ORDER

Based on the foregoing findings of fact and conclusions of law, the Board orders the following:

For Respondent's violation of K.S.A. 65-1627(a)(1) and (9), a fine is assessed in the amount of $100 for each hour of missing or falsified continuing education, with a minimum of $500. **Respondent is ordered to pay the $500 fine by check or money order within 30 days of the date of this Order.**

Furthermore, an additional four hours of continuing education will be required for each hour of missing or falsified continuing education. **Respondent shall complete 9 hours of additional ACPE-approved continuing education and provide proof of completion to the Board within 30 days of the date of this Order**. If Respondent is not already signed up for the NABP CPE monitor (free version), Respondent shall create an NABP CPE monitor profile and shall ensure that proof of completion of these penalty hours and all future required continuing education appears in the CPE monitor. Completion of penalty hours shall not count toward Respondent's next continuing education renewal requirement.

NOTICES

Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

Notes

1. The "initial date of registration as an outsourcing facility" is the date the facility was first registered (i.e., the date FDA determined that the initial registration information submitted for the facility was complete, and the establishment fee was paid in full).

   Under section 503B(b) of the FD&C Act, after the initial registration, a facility that elects to continue to be registered with FDA as an outsourcing facility must re-register annually. A facility that elects to register (or re-register) with FDA as an outsourcing facility must pay an annual establishment fee. The "date of most recent registration as an outsourcing facility" reflects the date FDA determined the most recently submitted registration information was complete and the annual establishment fee for that fiscal year paid in full.

   Unless a previously registered outsourcing facility re-registers and pays the annual establishment fee in full during the registration period (between October 1 and December 31 of each calendar year), the facility will be removed from the list of registered outsourcing facilities on January 1 of the next calendar year.

2. Once an outsourcing facility is registered, the facility will be added to the list of facilities FDA intends to inspect according to a risk-based schedule. FDA plans to inspect outsourcing facilities within a reasonable period of time following initial registration, once it is confirmed that the facility has initiated drug production and distribution. However, the exact timing of the inspections can be affected by a number of variables, including the number of outsourcing facility registrants, other inspection priorities, and the operational status of the newly registered outsourcing facility.

   Inspections identified in this table are associated with the facility at the listed address. A company may own or operate more than one registered outsourcing facility. FDA's web page Compounding: Inspections, Recalls, and other Actions (/drugs/human-drug-compounding/compounding-inspections-recalls-and-other-actions) may contain information about compounding facilities under the same ownership as the listed registered outsourcing facility.

Inspections may take place over several days, weeks or longer. The date of the inspection is the date a Form FDA 483 listing the investigators' observations was issued. If no FDA Form 483 was issued, the date is the last day of the inspection.

3. A Form FDA 483 is issued when investigators observe any significant objectionable conditions. It does not constitute a final agency determination of whether any condition is in violation of the FD&C Act or any relevant regulations.
4. This table does not include State Board of Pharmacy actions, if any. To determine whether a registered outsourcing facility has been the subject of a state enforcement action, check with the State Board of Pharmacy for the state in which the facility is located. Some states post disciplinary or other actions on their web sites.
5. "Closed" means the inspection has been closed without further action. "Open" means FDA has not determined whether further action will be taken. If an action has been taken, it will be listed. Possible FDA actions include warning letter, seizure or injunction.
6. The information in this column was provided by the registered outsourcing facility at the time of registration and has not been verified by FDA. "N/A" indicates the registered outsourcing facility has not provided this information.
7. This outsourcing facility was the subject of at least one previous inspection relating to compounding that resulted in a Form FDA 483, warning letter or other action. For information about such inspections and resulting actions, visit Compounding: Inspections, Recalls, and other Actions (/drugs/human-drug-compounding/compounding-inspections-recalls-and-other-actions).
8. A remote regulatory assessment (RRA) is an examination of an FDA-regulated establishment and/or its records, conducted remotely, to evaluate compliance with applicable FDA requirements. These assessments assist in protecting human and animal health, inform regulatory decisions and verify certain information submitted to the agency.
9. Based on inspectional findings, the inspection revealed significant issues. As a result, the outsourcing facility may have either initiated a recall on their own following conversation(s) with the FDA investigator or FDA recommended a recall at the conclusion of the inspection or both. Additionally, the outsourcing facility may have conducted multiple recalls or recalled multiple drugs.

DURING AN INSPECTION OF YOUR FIRM WE OBSERVED:

OBSERVATION 1

Procedures designed to prevent microbiological contamination of drug products purporting to be sterile are not established.

Specifically,

A. Your firm's sterile filling technicians was observed entering and leaving different ISO 7 classified areas (storage closet, hallway, Sampling/Weighing/Dispensing Room, Formulation, and Filling Rooms which contain the ISO 5 VanRx Filling along with C4 isolators performing tasks without adequately disinfecting their sterile gloves adequate frequency to prevent potential contamination as written in your firm's procedure, Aseptic Sterile Drug Processing (Aseptic Technique), DAL-SOP-0227, Rev. 1.0, section Glove Management, sub-sections 8.14 - 8.19.

B. Your firm sterile filling technician was observed utilizing poor technique putting on sterile gloves overtop the isolator gloves within ISO 5 C4 Isolator prior to the preparation of the RCA environmental monitoring strip into the holder during the production of Epinephrine Injection, USP 5mg/5mL (1mg/1mL), Lot # 10000081, Actual Qty. 1726 vials.

C. Your firm's procedure, DAL-SOP-0237, Cleaning and Disinfection of Cleanroom Areas, failed to ensure sporicidal agent, DeconSpore, which require 15 minute contact time is achieved during the cleaning and deactivation method of production equipment used for weighing of drug components within ISO 7 Formulation Room (RM 033).

D. Your firm sterile drug product technician failed to adequately disinfect sterile 70% IPA spray bottle prior to transfer from ISO 7 Filling Room into ISO 5 C4 Isolator for use in setup of RCA stripe into the rotary centrifugal air sampler (RCS) unit for air sampling inside the VanRx

Automated Filling System while in operation.

OBSERVATION 2

Buildings used in the manufacture, processing, packing, or holding of a drug product do not have the suitable construction to facilitate cleaning, maintenance, and proper operations.

Specifically, your firm's ISO 7 Filling Room (RM 034) containing your ISO 5 VanRx Automated Fill Isolator is designed with exposed sprinkler heads within the room ceiling preventing adequate cleaning and can be a source of contamination.

OBSERVATION 3

Equipment and utensils are not cleaned and sanitized at appropriate intervals to prevent contamination that would alter the safety, identity, strength, quality or purity of the drug product.

Specifically, your firm fail to clean and disinfect laptop computers and desktop computer keyboards used in the production of sterile drug products within your firm's ISO 7 classified cleanroom areas (Sampling/Weighing/Dispensing Room (RM 039); Formulation Room (RM 033); and Filling Room (RM 034)) to prevent possible contamination of drug products.

OBSERVATION 4

The responsibilities and procedures applicable to the quality control unit are not fully followed.

Specifically, your firm's quality unit fail to adequately implement your firm's procedure, DAL-SOP-0032, Deviation Procedure. For example, on 8/26/2024, after becoming aware of a power failure within your facility, your firm failed to initiate a deviation to document the event and conduct an impact assessment of facility equipment and finished drug products along with components: For example, during a review of the firm's BMS system data that control and monitors temperature, relate humidity, and differential pressure, we found differential pressures within the ISO 7 cleanrooms (Sampling/

The differential pressure was below the minimum of 0.02 wc for greater than 10 minutes. Your firm management reported an action limit specification of 10 minutes sustained below the documented specification. Your firm was unaware of this impact prior to this inspection.

OBSERVATION 5

Aseptic processing areas are deficient regarding the system for monitoring environmental conditions.

Specifically, your firm's environmental monitoring program fail to include viable air and surface monitoring sampling in areas of operations most prone to contamination within the ISO 7 Filling Room (RM 0034) that contain the ISO 5 VanRx Isolator. For example, firm fail to monitor ISO 5 C4 Isolator handles, table surface used to hold components for VanRx System, and 2 stainless-steel racks used to hold logbooks and VanRx/C4 Isolator components.

OBSERVATION 6

Labeling

1. The container of your outsourcing facility's miglustat suspension drug product did not include information required by section 503B(a)(10)(B). Specifically, your container did not include the following information:

    a. Information to facilitate adverse event reporting: ---www.fda.gov/medwatch and 1800FDA1088 <http://www.fda.gov/medwatch%20and%201800FDA1088>;

MCCPMC Response

Commitment: MCCPMC recognizes the importance of ensuring effective procedures are in place to prevent microbiological contamination of drug products to ensure patient safety. MCCPMC appreciates the auditor feedback and intends to implement the corrective actions listed below to further mitigate the risk of viable particulate presence in ISO 5 and ISO 7 areas.
 	
Note A Commentary:
Background and Root Cause: MCCPMC invested in a fully enclosed robotic Isolator that utilizes VHP decontamination and robust engineering controls. MCCPMC also utilizes sterile gowning in all Grade C rooms to ensure particulate presence adjacent to critical areas is minimized. Based on the engineering and gowning precautions taken, the frequency of glove disinfection specified was less than what is normally prescribed in 503b facilities with lower engineering controls in place. The Environmental Monitoring Performance Qualification, and initial Aseptic Processing Simulations (media), demonstrated the environment was in a state of control prior to the start of commercial manufacturing.
 	
Corrective (and Preventive) Actions taken:
DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) was updated with additional glove disinfection best practices, for not only the processes observed but all MCCPMC processes that require sterile gloves:
• An operator must re-sanitize gloves with 70% IPA DIRECTLY BEFORE:
  • Making Grade C product pathway connections.
  • Handling components.
  • Placing gloves into the isolator sleeves.

Observation 1 Continued:

- Any operator using an electronic device shall, at minimum, re-sanitize gloves with 70% IPA before returning to processing operations.
- Entering from Grade C to Grade A environment.

- An operator must re-sanitize gloves with 70% IPA DIRECTLY AFTER:
  - Entering a Grade C room where manufacturing activities will occur unless sterile gloves are donned as part of the normal garbing process. Note: IPA addition is not required when exiting the room.
  - Completing documentation.
  - Work on Grade C work surfaces.

Reference Attachment 1-1: DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) extract.

Note B (and D) Commentary:
Background and Root Cause: MCCPMC purchased a dedicated ISO 5 Isolator to prepare the VanRx Isolator filler environmental monitoring assembly (RCS). Utilization of the isolator reduces the risk of accidental environmental monitoring contamination during the handling process. Due to the isolators use (not used to conduct any preparation processing steps) the applicable procedures did not initially require the same frequency/technique of glove sanitization as an aseptic filling environment in a 503b Facility. It also did not require the operator to perform an exterior disinfection step with a sporicidal agent on the 70% IPA bottle prior to introduction.

Corrective (and Preventive) Action Taken:
While the Isolator is not used for aseptic processing MCCPMC recognizes using an exterior disinfection of the IPA bottle with a sporicidal agent, including a 15-minute dwell time, prior to transfer will enhance our compliance posture and further mitigate the risk of contamination of the environmental monitoring media or any downstream process. ***Reference Attachment 1-2: DAL-SOP-0297: Operation SOP for C4 Isolator extract.***

Furthermore, the enhanced glove management procedure steps listed in Note A will also apply to utilization of the C4, and any Isolator installed in the future, for consistency and to further mitigate any potential risk.

Note C Commentary:
Background and Root Cause: MCCPMC developed a robust cleaning and disinfectant program per DAL-SOP-0237 *Cleaning* and Disinfection *of Cleanroom Areas*. It utilizes proven cleaning agents, DeconSpore and DeconQuat, with a 15-minute dwell time. A disinfectant efficacy study was performed to ensure the cleaning agents selected were effective for the cleanroom materials of construction. The cleaning start and end times are included on the weekly and monthly cleaning logs for both DeconSpore and DeconQuat 200C. The cleaning and disinfectant program efficacy was confirmed in The Environmental Monitoring Performance Qualification, and initial Aseptic Processing Simulations (media).
Reference Attachment 1-3: DAL-FRM-0090: Daily/Weekly Non-HD Classified Area Cleaning Log extract.
and ***Attachment 1-4. DAL-FRM-0112: Monthly Cleanroom Area Cleaning Log extract***.

Observation 1 Continued:

While a location to document the start and end times was included in the Daily, and Monthly cleaning logs, DAL-SOP-0237 *Cleaning* and Disinfection *of Cleanroom Areas* did not mandate inclusion of the start and end times for all cleanroom activities as the 15 minutes requirement was included in the SOP and associates were trained on the requirement. The document reviewed in the audit was specific to a weighing process, and the start and times were not included in the document to minimize documentation handling while performing weighing operations.

Corrective Action Taken:

- The documents which did not include the start and end time documentation location, DAL-MMR-0004: Epinephrine Injection, USP 5 mg/5 mL (1 mg/1 mL) was updated to include the requirement. ***Reference Attachment 1-5: DAL-MMR-0004: Epinephrine Injection, USP 5 mg/5 mL (1 mg/1) extract.*** *And* ***Attachment 1-6: DAL-MMR-0003: Norepinephrine Bitartrate Injection, USP 8 mg/8 mL (1 mg/mL) 8 mL extract.***

Preventive Action Taken:

- DAL-SOP-0237: Cleaning and Disinfection of Cleanroom Areas was updated to require inclusion of the start and end time for any cleaning process which requires a dwell time. ***Reference Attachment 1-7: DAL-SOP-0237: Cleaning and Disinfection of Cleanroom Areas extract.***

Effectiveness Plan:

The routine environmental monitoring program will continue to evaluate environmental monitoring trends and propose CAPAs if required.

Impact Assessment:

MCCPMC is confident that the observations noted did not pose any significant risk to manufacturer product for the following reasons:

- Utilization of a fully enclosed isolator with VHP decontamination.
- Completed Environmental Monitoring Performance Qualification and Aseptic Processing Simulations which met acceptance criteria
- Routine environmental testing which demonstrated the cleanrooms were in a state of control.
- finished product testing results which met release criteria, including sterility testing.

MCCPMC Overall Conclusion:

The procedural changes will prevent recurrence of the audit observations. Furthermore, the actions taken are applicable to all controlled environments, thus they will prevent future occurrences as well.

Observation 2: Description and Response

Description/Notes
Buildings used in the manufacture, processing, packing, or holding of a drug product do not have the suitable construction to facilitate cleaning, maintenance, and proper operations. Specifically, your firm's ISO 7 Filling Room (RM 034) containing your ISO 5 VanRx Automated Fill Isolator is designed with exposed sprinkler heads within the room ceiling preventing adequate cleaning and can be a source of contamination.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of selecting appropriate equipment and installing it in a manner to ensure patient safety. MCCPMC will implement the corrective action indicated below to ensure the VanRx filler resides in an environment that is not in close proximity to a water source. **Background and Root Cause:** MCCPMC invested in a fully enclosed robotic Isolator located in a greenfield site designed specifically for pharmaceutical manufacturing. While all facilities must include a fire protection system per local building codes, a different fire sprinkler head solution was not selected due to the purchasing of the fully enclosed isolator as opposed to an open processing environment. **Immediate Correction:** • A pre-filling check of the fire sprinkler head above the VanRx was added to ensure that no signs of water leaks are present. This check was added to the Batch Records as well. ***Reference Attachment 2-1: DAL-SOP-0132: Operation of the VanRx SA25 Cytiva Sterile Fill-Finish Workcell extract and Attachments 1-5 and 1-6: Epinephrine and Norepinephrine Batch Record extracts with the in-process check noted on the 2nd page of the attachments.*** **Corrective Action Completed:** • Purchase order #15221 was issued on 08/28/2024 to GFS Texas Fire Protection Contractors to modify and change out all exposed fire sprinkler heads with new recessed head fire sprinklers (approved cleanroom seals & covers) in the VanRx Fill suite. Furthermore, the purchase **also includes replacing any other exposed sprinkler head in the cleanroom environment, regardless of location.** Change Control DAL-CC-0016: Exposed fire sprinkler head replacement, will track the implementation. Due to the scope of work the replacement is scheduled to be completed during a planned shutdown period in early November with full turnover by 22NOV2024. **Preventive Action Completed:** • DAL-SOP-0081: General Facility Design and Construction was updated to require that sources of water must be designed and installed in a manner to prevent contamination of the aseptic processing environment. This includes utilizing cleanroom appropriate fire systems where required in areas where aseptic processing steps are conducted. ***Reference Attachment 2-2: DAL-SOP-0081: General Facility Design and Construction extract.***

Observation 2 Continued:

Effectiveness Plan:
Installation will be tracked via DAL-CC-0016 to ensure the risk of a leak is eliminated. No additional effectiveness check is required as the existing sprinkler heads will be removed.

Impact Assessment:
To date no fire sprinkler leaks have been observed at any cleanroom location and MCCPMC already completed the first pre-filling inspection for leaks during Epinephrine Batch 1000081 with no leaks present. Furthermore, the isolator is fully enclosed and compatible with a clean in place cycle (fully sealed in operation). Based on these factors this observation does not pose a product risk, however remediation will prevent future risks as the critical utility systems age.

MCCPMC Pending Actions and Conclusion:
MCCPMC will ensure the fire sprinkler head replacement corrective action is completed. In the interim the additional pre-startup check will ensure any leak, should one occur, is detected prior to filler use and filling will not proceed if presence of a leak is detected.

Observation 3: Description and Response

Description/Notes
Equipment and utensils are not cleaned and sanitized at appropriate intervals to prevent contamination that would alter the safety, identity, strength, quality or purity of the drug product. Specifically, your firm fail to clean and disinfect laptop computers and desktop computer keyboards used in the production of sterile drug products within your firm's ISO 7 classified cleanroom areas (Sampling/Weighing/Dispensing Room (RM 039); Formulation Room (RM 033); and Filling Room (RM 034)) to prevent possible contamination of drug products.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of ensuring controlled environments are appropriately cleaned and disinfected, including all equipment, utensils and supporting electronics. MCCPMC will implement the corrective actions indicated below to ensure aseptic environments remain fit for use and any items which reside in ISO 7 areas are appropriate for the environment. **Background and Root Cause:** MCCPMC invested in a fully enclosed robotic Isolator that utilizes VHP decontamination and robust engineering controls. MCCPMC also utilizes sterile gowning in all Grade C rooms to ensure particulate presence adjacent to critical areas is minimized. Based on the engineering and gowning precautions taken the cleaning and disinfectant process only required an exterior disinfection of electronic devices with 70% IPA if they could not reside inside an enclosed bag. **Correction Completed:** • Work Orders GWO-000077-2024-DE and GWO-000077-2024-DE were completed to remove the computers from the clean room environment. **Corrective (and Preventive) Action Completed:** DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) was updated with specific guidance for the use of electronic devices per the following: • When electronic devices are required for batch manufacturing, they must be easy to clean, or placed in an easy to clean sealed pouch, and cleaned appropriately per the Grade and transition. • Electronic devices with fans, open keyboards, difficult to clean area, etc. are not allowed in and Grade A or C environment. ***Reference Attachment 3-1: DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) extract.*** These requirements eliminate recurrence of the observation noted but also remove the potential occurrence in future scenarios as well. **Effectiveness Plan:** The routine environmental monitoring program will continue to evaluate environmental monitoring trends and propose CAPAs if required.

Observation 3 Continued:

Impact Assessment:

MCCPMC is confident that the observations noted did not pose any significant risk to manufacturer product for the following reasons:

- Utilization of a fully enclosed isolator with VHP decontamination.
- Utilization of non-particulate generating sterile garb in all ISO 7 environments.
- Completed Environmental Monitoring Performance Qualification and Aseptic Processing Simulations which met acceptance criteria
- Routine environmental testing which demonstrated the cleanrooms were in a state of control.
- Finished product testing results which met release criteria, including sterility testing.

MCCPMC Conclusion:

The corrective actions completed have removed the potential risk of electronic devices introducing contamination in the MCCPMC ISO 7 environments. The actions will also ensure easy to clean electronic devices are used moving forward, regardless of the filling technology utilized.

Observation 4: Description and Response

Description/Notes
The responsibilities and procedures applicable to the quality control unit are not fully followed. Specifically, your firm's quality unit fail to adequately implement your firm's procedure, DAL-SOP-0032, Deviation Procedure. For example, on 8/26/2024, after becoming aware of a power failure within your facility, your firm failed to initiate a deviation to document the event and conduct an impact assessment of facility equipment and finished drug products along with components. For example, during a review of the firm's BMS system data that control and monitors temperature, relate humidity, and differential pressure, we found differential pressures within the ISO 7 cleanrooms (Sampling/ Weighing/ Dispensing Room, Formulation, and Filling Room) were impacted on the 8/26/2024 date between 7:58 am - 8:11 am. The differential pressure was below the minimum of 0.02 wc for greater than 10 minutes. Your firm management reported an action limit specification of 10 minutes sustained below the documented specification. Your firm was unaware of this impact prior to this inspection.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of responding to unplanned events to ensure appropriate action is taken, even if no manufacturing activities are in progress. MCCPMC has implemented procedural updates to its Facility deviation handling process to ensure a holistic review is completed, including raising a deviation if required. **Background and Root Cause:** The MCCPMC 503b Outsourcing Facility utilizes both a Building Monitoring System (BMS) and Environmental Monitoring System (EMS) to ensure timely detection, and notification, of departures from the expected conditions in the facility. MCCPMC also utilizes DAL-SOP-0032: *Deviation Procedure* to ensure unplanned events which had a product/process impact are investigated with appropriate corrective action taken. MCCPMC began commercial manufacturing in March of 2024. In 2024 facility activities were primarily commissioning and qualification activities with minimal commercial operations. In 2024 during each BMS and EMS event the management team was notified. Upon notification each event was discussed with Engineering, Operations and Quality Assurance to assess if a deviation was required per DAL-SOP-0032. However, the scope of DAL-SOP-0032 did not include facility disruptions when no manufacturing activities were in progress, and there was no impact to the controlled environments. Regarding the power outage on 26AUG2024 a power outage due to inclement weather was detected by the Facilities Engineering team via the BMS system. Operations and Quality Management were notified immediately to assess the impact on the facility and determine if there was any product/process impact. The assessment determined there was no product impact as no commercial operations were in progress. However a deviation was not immediately raised to document the assessment. **Correction Competed:** Deviation DAL-DEV-0008 was raised on 27AUG2024 to document the inclement weather power outage assessment.

Observation 4 Continued:

Corrective (and Preventive) Action Completed:
DAL-SOP-0032: *Deviation Procedure* scope was updated to include following: *"Unplanned facility/infrastructure events, **regardless of if manufacturing is occurring during the outage**, as the events may affect the critical utilities, classified environments and controlled storage areas."*

- *Reference DAL-SOP-0088, Utilities Service Emergency Plan, for additional information regarding unplanned events that may warrant a deviation per this procedure.*
- *Reference DAL-SOP-0271, BPCS Alarm Management Standard Operating Procedure, for additional information regarding notifications through the Building Management System that may require a deviation per this procedure.*
- *Reference DAL-SOP-0315, Disaster Recovery Standard Operating Procedure, for additional information regarding disasters which may require a deviation per this procedure."*

Reference Attachment 4-1: **DAL-SOP-0032: *Deviation Procedure extract.***

These requirements eliminate recurrence of the observation noted specific to a power outage and eliminate potential future occurrences in other facility disruption scenarios as well.

Impact Assessment:
MCCPMC is confident that the observation noted did not pose any significant risk to manufacturer product for the following reasons:

- No commercial activities were in progress at the time of the event.
- A review of controlled environments and critical utilities by Facilities Engineering determined there was no impact to other controlled environments and critical utilities.
- MCCPMC has a dedicated generator to provide backup power which activated as expected.
- A holistic review of power outage event which occurred in 2024 was performed during the audit which demonstrated there was no product impact from previous events as well.

Effectiveness Plan:
By utilizing the BMS and EMS systems in place, and responding per the revised procedure, MCCPMC will prevent recurrence.

Conclusion:
While the power outage event did not have any product impact, the procedural update will ensure that the assessment after an unplanned facility event is documented, even when no commercial activities are in progress.

Observation 5: Description and Response

Description/Notes
Aseptic processing areas are deficient regarding the system for monitoring environmental conditions. Specifically, your firm's environmental monitoring program fail to include viable air and surface monitoring sampling in areas of operations most prone to contamination within the ISO 7 Filling Room (RM 0034) that contain the ISO 5 VanRx Isolator. For example, firm fail to monitor ISO 5 C4 Isolator handles, table surface used to hold components for VanRx System, and 2 stainless-steel racks used to hold logbooks and VanRx/C4 Isolator components.
Response
Commitment: MCCPMC recognizes the importance of ensuring controlled environments are appropriately cleaned and disinfected, and that critical sites are routinely sampled to detect departures from the validated state. MCCPMC will implement the corrective actions indicated below to ensure aseptic environments remain fit for use and departures from the validated state are detected. **Background and Root Cause:** MCCPMC executed a robust Environmental Monitoring Performance Qualification prior to the start of commercial manufacturing with a multi-factorial risk assessment to ensure critical areas were sampled. The EMPQ results, and initial Aseptic Processing Simulations (media), demonstrated the environment was in a state of control prior to the start of commercial manufacturing. After completion of the EMPQ, sampling of all EMPQ sites continued to gather additional data and characterize recovered flora. After routine environmental data reviews were completed, some surface sample sites were removed if they demonstrated consistently low growth recovery for the sample site and room classification. While the data supported the sample site revision, MCCPMC recognizes that additional sampling would provide valuable information to further reinforce the robust state of control at the facility. **Corrective Action Completed**: • The facility environmental sampling program per DAL-SOP-0047: Environmental Monitoring Program was revised to include increased sampling at high-risk locations. The locations noted in the observation were added as well as additional sites where data collection will further demonstrate the facilities state of control. **Preventive Action Completed**: • The established environmental monitoring review per DAL-SOP-0047: Environmental Monitoring Program was updated to include additional considerations for adding and removing sites to ensure it is risk-based and includes considerations for sites that pose the highest risk for product contamination. ***Reference Attachment 5-1: DAL-SOP-0047: Environmental Monitoring Program extract.*** **Effectiveness Plan:** The routine environmental monitoring program will continue to evaluate environmental monitoring trends and propose CAPAs if required.

Observation 5 Continued:

Impact Assessment:
MCCPMC is confident that rooms utilized for aseptic manufacturing were appropriate even though the locations noted in the observation were not sampled.

- Utilization of a fully enclosed isolator with VHP decontamination.
- Utilization of non-particulate generating sterile garb in all ISO 7 environments.
- Completed Environmental Monitoring Performance Qualification and Aseptic Processing Simulations which met acceptance criteria.
- Routine environmental testing which demonstrated the cleanrooms were in a state of control.
- Finished product testing results which met release criteria, including sterility testing.

Conclusion:
MCCPMC is confident that the Facility cleanroom environments will continue to operate in a manner which ensures patient safety, and that the increased environmental monitoring sites will provide additional data to demonstrate the state of control.

Observation 6: Description and Response

Description/Notes
Labeling: 1. The container of your outsourcing facility's miglustat suspension drug product did not include information required by section 503B(a)(10)(B). Specifically, your container did not include the following information: a. Information to facilitate adverse event reporting: ---www.fda.gov/medwatch and 1800FDA1088 <http://www.fda.gov/medwatch%20and%201800FDA1088>; b. Directions for use, including, as appropriate, dosage and administration. 2. The label of your outsourcing facility's miglustat suspension drug product does not include information required by section 503B(a)(10)(A). Specifically, the following information is not found on your miglustat suspension bottle label: a. A list of active and inactive ingredients, identified by established name and the quantity or proportion of each ingredient. Specifically, the Miglustat 100 mg/mL suspension bottle label is missing the "quantity or proportion" of the following ingredients: glyceryl distearate, polyglyceryl-3 oleate, medium-chain triglycerides.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of including appropriate information on drug product labeling and has taken appropriate corrective action to improve the clarity and comprehensiveness of the Miglustat label. **Background and Root Cause:** The MCCPMC 503b Outsourcing Facility utilizes DAL-SOP-0012 to provide 503b labeling guidance to the Pharmacist in Charge when creating new labeling. The requirements listed align with the Text of Compounding Quality Act labeling requirements. MCCPMC was notified of a specific clinical need for a 100mg/ml Miglustat non-sterile oral suspension preparation. The product was planned for dispensation by a pharmacy who in conjunction with the physician would provide prescribing information for the patient. For the oral suspension component of the preparation an industry standard oral suspension was selected from an industry standard supplier. Along with the order the supplier provided their technical information. The supplier indicated the suspension exact concentrations was proprietary. Thus, MCCPMC utilized the technical literature provided by the oral suspension supplier to create the product label. As the frequency and quantity of dosing was at the discretion of the prescribing physician MCCPMC included the Directions for Use: "See Prescribing information". However, the label also included the product was "For Oral Use: 150mL multiple Dose Bottle" and "Miglustat Suspension 100mg/mL" to clearly indicate the strength and method of administration (Oral). Also, "To report suspected adverse events, contact MCCPMC or FDA at www.fda.gov/medwatch and 1-800-FDA-1088." was present on the label as well. ***Reference Attachment 6-1: DAL-LBL-0008 Miglustat Oral Suspension 100 mg/mL - 150 mL Original Bottle Label with adverse event contact information.*** Based on the background information noted above the label was approved for use for a single order of three units.

Observation 6 Continued:

Correction Competed:
The oral suspension manufacturer was notified that specificity regarding the ingredients was required to continue use per audit feedback. Based on the communicated need they agreed to provide additional information provided the manufacturer name was not supplied. The additional information was included in a new version of the label that also reformatted the content to provide additional clarity. ***Reference Attachment 6-2: DAL-LBL-0008 Miglustat Oral Suspension 100 mg/mL - 150 mL Bottle Label.***

Corrective (and Preventive) Actions Competed:
DAL-SOP-0012: Required Labeling of 503B Compounded Drug Preparations was updated to include If the provided technical literature from a drug component supplier lacks ingredient specificity, then appropriate follow up action must be taken to ensure labeling information is comprehensive. This action applies to not only the Miglustat label, but all future product labels. ***Reference Attachment 6-3: DAL-SOP-0012 Required Labeling of 503B Compounded Drug Preparations extract.***

Effectiveness Plan:
Each new label must meet the updated requirements of DAL-SOP-0012. Each label is reviewed and approved by the Pharmacist in Charge and the Quality Unit to ensure it meets the requirements. The procedure update, in conjunction with the required review and approval of each future label, will ensure the action taken is effective.

Impact Assessment:
As the product was prescribed by a physician for a specific patient, dispensed by a licensed pharmacy, and included contact information for adverse events, there is no impact due to the lack of inactive ingredient specificity and initial label formatting.

Conclusion:
The procedural update will ensure any future labels produced include the specificity of ingredients, even if the original information provided is insufficient. The Miglustat label was also updated per FDA and CDER feedback.

Observation 7: Description and Response

Description/Notes
PRODUCT REPORTING 1. Your outsourcing facility did not submit a report to FDA at the time of initial registration on November 2, 2022, as required for an outsourcing facility that registers with FDA under section 503b.
Response
Commitment: MCCPMC recognizes the importance of timely reporting to the FDA under section 503b and intends to fulfill its obligations for timely reporting as a 503b Outsourcing Facility. **Background and Root Cause:** The MCCPMC 503b Outsourcing Facility is a greenfield site that was undergoing commissioning in 2022. A certificate of occupancy by the City of Dallas was granted on 5/22/2023. However, as a proactive measure the Site Leadership submitted their initial 503b Registration which was approved on 11/2/2022. As the Facility was still undergoing commissioning, The Facility did not have an occupancy permit, and no batches were compounded in 2022, the associate responsible for reporting incorrectly did not submit an initial report. ***Reference Attachment 7-1: City of Dallas Certificate of Occupancy.*** MCCPMC submitted the required FDA 503b Outsourcing Facility Bi-Annual reports for both 2023 reporting periods after Facility occupancy was granted and the first 2024 reporting period. **Correction Note:** As the observation was from 2022, prior to building occupancy, there were no unreported batches to add to the MCCPMC 503b Facility compounded drug history. After commissioning was complete MCCPMC began bi-annual Reporting through the CDER portal in 2023. **Corrective (and Preventive) Action Completed**: • *The governing procedure DAL-SOP-0281: Biannual Product Reporting to the FDA* was updated to clearly state If the outsourcing facility has not compounded any drug products during the previous six-month period (including any initial report after registration), it is still required to submit a report to FDA indicating that it has not compounded any drug products during the period. ***Reference Attachment 7-2: DAL-SOP-0281: Biannual Product Reporting to the FDA extract.*** This action will apply not only to the existing MCCPMC Facility but any expansions as well. **Effectiveness Plan:** As bi-annual reports are required by the FDA and per MCCPMC procedures, and failure to complete the report will be detected, no additional effectiveness plan is required. **Impact Assessment:** As the facility was not occupied, and no drugs were compounded prior to the initial report, there is no risk of an absence of Facility history being accurately reported. Furthermore, there is no product risk as the observation was for report submittal only. **Conclusion:** The procedural update will ensure that future reports are submitted when no saleable drug products are manufactured, even if it is an Initial FDA Report at a new MCCPMC facility.

Observation 1: Description and Response

Description/Notes
The firm is not in conformance with 21 CFR, Part 205, Guidelines for State Licensing of Wholesale Prescription Drug Distributors. Notes: Specifically, the firm is in receipt of active pharmaceutical ingredients (API) from entities not licensed with the Texas Department of State Health Services as an Out-of-State Prescription Drug Wholesaler. Receiving records for API (epinephrine, norepinephrine, miglustat) were reviewed during the inspection. The receiving records show that the API was distributed by the unlicensed firm listed below: a.Gyma Laboratories of America, Inc. 210 Crossways Park Drive, Suite 100, Woodbury, NY 11797

MCCPMC Response

Commitment: MCCPMC recognizes the importance of meeting all Texas Department of State Health Services requirements and intends to comply with the requirement for API distributors to be licensed as Out-of-State Prescription Drug Wholesaler distributors in the State of Texas.

Background and Root Cause: MCCPMC has a thorough API supplier qualification program as defined in DAL-SOP-0194, Supplier Qualification Program for all APIs and Distributors of APIs for commercial manufacturing. The MCCPMC API distributor, GYMA, used to supply APIs for the launch products met the requirements for "Conditionally Approved". Specifically, they completed a supplier questionnaire, are FDA registered, provided DEA registration as a Distributor, provided products which met specifications and received a paper-based audit with an overall rating of "Satisfactory". GYMA also provided a State of New York Registered Wholesaler License. However, DAL-SOP-0194 did not specify that a specific State of Texas license as Out-of-State Prescription Drug Distributor was required when the procedure was drafted in 2023.

Corrective Actions Taken:

- DAL-SOP-0194, Supplier Qualification Program, was updated to clearly state that the API Distributors must be licensed in the state of Texas. ***Reference Attachment 1-1: DAL-SOP-0194 extract.***
- MCCPMC requested for GYMA to obtain licensure in the State of Texas, as an Out-of-State Wholesale Distributor of Prescription Drugs, in accordance with TAC Title 25, Part I, Chapter 229, Subchapter W. as of 18SEP2024 GYMA communicated the application was in process. ***Reference Attachment 1-2: GYMA Commitment.***

Interim Controls in Place:

- While the GYMA application is in process the following interim actions were taken to ensure no APIs are purchased by GYMA for commercial manufacturing:
  - GYMA was placed in a "Blocked" status in the MCCPMC ERP, SAP. ***Reference Attachment 1-3: SAP Supplier Status.***
  - GYMA status in the MCCPMC Quality Management System (ACE) was changed to "Not Approved". ***Reference Attachment 1-4: ACE QMS Supplier Status.***

MCCPMC Pending Actions and Conclusion:
Upon successfully obtaining a license in the State of Texas, as an Out-of-State Wholesale Distributor of Prescription Drugs utilization of GYMA for commercial purposes may resume. MCCPMC is confident that the actions identified will eliminate recurrence.

Observation 2: Description and Response

Description/Notes
Production personnel were not practicing good sanitation and health habits required by 21 CFR 211.28(b). Notes: Specifically, within the ISO7 fill room, personnel were observed touching various surfaces and objects but failed to re-sanitize gloves at adequate intervals. This occurred during pre-production preparation for aseptic fill operations. Personnel were also observed entering the ISO7 fill room and immediately performing tasks and touching surfaces, without first re-sanitizing their gloves.

Response

Commitment: MCCPMC recognizes the importance of practicing good sanitization and health habits to ensure patient safety. MCCPMC appreciates the auditor feedback and intends to implement the corrective actions listed below to further mitigate the risk of viable and non-viable particulate presence in ISO7 areas.

Background and Root Cause: MCCPMC invested in a fully enclosed robotic Isolator that utilizes VHP decontamination and robust engineering controls. MCCPMC also utilizes sterile gowning in all Grade C rooms to ensure particulate presence adjacent to critical areas is minimized. Based on the engineering and gowning precautions taken the frequency of glove disinfection specified was less than what is normally prescribed in 503b facilities with lower engineering controls in place. The Environmental Monitoring Performance Qualification, and initial Aseptic Processing Simulations (media), demonstrated the environment was in a state of control prior to the start of commercial manufacturing.

Corrective Actions Taken:

- DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) was updated with additional glove disinfection best practices, regardless of the equipment utilized, including but limited to:
  - An operator must re-sanitize gloves with 70% IPA DIRECTLY BEFORE:
    - Making Grade C product pathway connections.
    - Handling components.
    - Placing gloves into the isolator sleeves.
    - Any operator using an electronic device shall, at minimum, re-sanitize gloves with 70% IPA before returning to processing operations.
    - Entering from Grade C to Grade A environment.
  - An operator must re-sanitize gloves with 70% IPA DIRECTLY AFTER:
    - Entering a Grade C room where manufacturing activities will occur unless sterile gloves are donned as part of the normal garbing process. Note: IPA addition is not required when exiting the room.
    - Completing documentation.
    - Work on Grade C work surfaces.

Reference Attachment 2-1: DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) extract.

MCCPMC Pending Actions and Conclusion:
MCCPMC will continue to monitor the controlled environments after the addition of the aseptic best practices to ensure they remain appropriate for compounding preparations. MCCPMC is confident that the utilization of robust engineering controls and best practices, will continue to ensure patient

safety while compounding sterile preparations.

Observation 3: Description and Response

Description/Notes

The production or holding areas are not sufficiently separated or defined or implemented with control systems in place as necessary to prevent contamination or mix-ups as required by 21 CFR 211.42(c).

Notes:

1) Aseptic processing areas are deficient regarding the system for cleaning and disinfecting the room and equipment to produce aseptic conditions. Specifically, on 08/30/2024, the firm initiated aseptic fill operations within the ISO5 VanRx (Isolator) for a sterile drug product, Epinephrine (Lot #10000081). A pre-batch cleaning/wipe-down with IPA was not performed prior to starting (Step 8.4.3 of Batch Record states this should be performed).
2) Aseptic processing areas are deficient regarding the system for monitoring environmental conditions. Specifically, the firm is not adequately sampling the environment within the ISO7 fill room, where the ISO5 isolator is located and where aseptic fill operations occurs. Surface sampling is being performed but does not include areas that technicians are frequently contacting.
3) Personnel did not perform adequate sterile garbing technique within the ISO5 Isolator. 4) Introducing a non-sterile item that is difficult to clean into the ISO5 isolator (removing bag from Sterile IPA in the ISO7 then placing in the ISO5)

Response

Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of ensuring controlled environments are appropriately cleaned and disinfected, and that critical sites are routinely sampled to detect departures from the validated state. MCCPMC will implement the corrective actions indicated below to ensure aseptic environments remain fit for use and departures from the validated state are detected.

Note 1 Commentary: Due to the differential pressure deviation which occurred during batch manufacturing an additional pre-batch cleaning/wipe-down with IPA was performed. Both the first, and second, batch wipe downs were included as attachments in the Batch Production Record. ***Reference Attachment 3-1: Lot #10000081 pre-batch wipe down initial and repeat cleaning.***

Note 2 Commentary:

Background and Root Cause: MCCPMC executed a robust Environmental Monitoring Performance Qualification prior to the start of commercial manufacturing with a multi-factorial risk assessment to ensure critical areas were sampled. The EMPQ results, and initial Aseptic Processing Simulations (media), demonstrated the environment was in a state of control prior to the start of commercial manufacturing. After completion of the EMPQ, sampling of all EMPQ sites continued to gather additional data and characterize recovered flora. After routine environmental data reviews were completed, some surface sample sites were removed if they demonstrated consistently low growth recovery for the sample site and room classification. While the data supported the sample site revision, MCCPMC recognizes that additional sampling would provide valuable information to further reinforce the robust state of control at the facility.

Observation 3 Continued:

Corrective Action Taken:

- After auditor feedback a holistic review of surface sampling sites was performed by Quality and Operations personnel. The review resulted in an update to the routine surface samples site at the facility per the following:
  - Addition of worst-case location surface sample sites in the ISO5 isolator which is used for adding the environmental monitoring strip to the RCS air sampler assembly.
  - Additional surface sampling in critical ISO7 processing areas that are frequently contacted.

  Reference Attachment 3-2: DAL-SOP-0047: Environmental Monitoring Program extract.

Note 3 Commentary:
Background and Root Cause: MCCPMC purchased a dedicated ISO5 Isolator to prepare the VanRx Isolator filler environmental monitoring assembly (RCS). Utilization of the isolator reduces the risk of accidental environmental monitoring contamination during the handling process. As the isolator is not used to conduct any preparation processing steps the procedure to utilize it did not require exterior sanitization with a sporicidal agent, or a no touch transfer, of the 70% IPA disinfectant used during assembly of the RCS unit. While the Isolator is not used for aseptic processing MCCPMC recognizes using an exterior disinfection of the IPA bottle with a sporicidal agent, including a 15-minute dwell time, prior to transfer will enhance our compliance posture and further mitigate the risk of contamination of the environmental monitoring media. ***Reference Attachment 3-3: DAL-SOP-0297: Operation SOP for C4 Isolator extract.***

MCCPMC Pending Actions and Conclusion:
MCCPMC will continue to monitor the controlled environments after the revision to the sampling sites. MCCPMC is confident that the combination of best practices and robust engineering controls will continue to ensure patient safety.

Observation 4: Description and Response

Description/Notes
Equipment used in the manufacture, processing, packing or holding of drug products does not comply with the requirements in 21 CFR 211.63, Equipment design, size and location. Notes: Specifically, the firm's ISO5 isolator (VanRx), is positioned directly beneath a ceiling fire sprinkler. A water source should not be located in close proximity to an ISO5 area.

Response

Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of selecting appropriate equipment and installing it in a manner to ensure patient safety. MCCPMC will implement the corrective action indicated below to ensure the VanRx filler resides in an environment that is not in close proximity to a water source.

Background and Root Cause: MCCPMC invested in a fully enclosed robotic Isolator located in a greenfield site designed specifically for pharmaceutical manufacturing. Due to the selection of a fully enclosed, positively pressured and clean in place compatible Isolator the engineering firm specified an open sprinkler design which was subsequently installed. While all facilities must include a fire protection system per local building codes, a different solution was not selected due to the equipment selection.

Corrective Action Taken:

- Purchase order #15221 was issued on 08/28/2024 to GFS Texas Fire Protection Contractors to modify and change out all exposed fire sprinkler heads with new recessed head fire sprinklers (approved cleanroom seals & covers) in the VanRx Fill suite. Furthermore, the purchase also includes replacing any other exposed sprinkler head in the cleanroom environment, regardless of location. Change Control DAL-CC-0016: Exposed fire sprinkler head replacement, will track the implementation. Due to the scope of work the replacement is scheduled to be completed during a planned shutdown period in early November with full turnover by 22NOV2024. ***Reference Attachment 4-1: Change Control DAL-CC-0016: Exposed fire sprinkler head replacement extract.***

Interim Controls in Place:

- While the materials are procured, and prior to the completion of the fire sprinkler head replacement, a pre-filling check of the fire sprinkler head above the VanRx was added to ensure there are no signs of leaks prior to filling. ***Reference Attachment 4-2: DAL-SOP-0132: Operation of the VanRx SA25 Cytiva Sterile Fill-Finish Workcell extract for procedure update. Note:*** Attachment 5-4 and Attachment 5-5 include the applicable Batch Record page which documents confirmation of completion.

MCCPMC Pending Actions and Conclusion:
MCCPMC will ensure the fire sprinkler head replacement corrective action is completed. In the interim the additional pre-startup check will ensure any leak, should one occur, is detected prior to filler use and filling will not proceed if presence of a leak is detected. Furthermore, as the VanRx is a fully enclosed/sealed isolator in use there is no product/patient risk in the interim until the corrective action is implemented.

Observation 5: Description and Response

Description/Notes
Written procedures for equipment cleaning and maintenance are inadequate and do not conform to the requirements in 21 CFR 211.67(b). Notes: Specifically, the firm is using DeconQuat 200C as a deactivating, disinfecting, and cleaning solution, with an established dwell time of 15 minutes. Cleaning logs were reviewed during the inspection and it was noted that the firm is not documenting start and end times after applying the cleaning solution.
Response

Commitment: MCCPMC recognizes the importance of ensuring controlled environments are appropriately cleaned and disinfected. While our cleanroom procedure, DAL-SOP-0237 *Cleaning* and Disinfection *of Cleanroom Areas,* already includes the 15-minute dwell time requirement we have updated it to require documentation of start and end times when cleaning and disinfecting Cleanroom Areas.

Background and Root Cause: MCCPMC developed a robust cleaning and disinfectant program per DAL-SOP-0237 *Cleaning* and Disinfection *of Cleanroom Areas.* It utilizes proven cleaning agents, DeconSpore and DeconQuat, with a 15-minute dwell time. A disinfectant efficacy study was performed to ensure the cleaning agents selected were effective for the cleanroom materials of construction. The cleaning start and end times are included on the weekly and monthly cleaning logs for both DeconSpore and DeconQuat 200C. The cleaning and disinfectant program efficacy was confirmed in The Environmental Monitoring Performance Qualification, and initial Aseptic Processing Simulations (media).
Reference Attachment 5-1: DAL-FRM-0090: Daily/Weekly Non-HD Classified Area Cleaning Log extract.
and ***Attachment 5-2. DAL-FRM-0112: Monthly Cleanroom Area Cleaning Log extract***.

While a location to document the start and end times was included in the Daily, and Monthly cleaning logs, DAL-SOP-0237 *Cleaning* and Disinfection *of Cleanroom Areas* did not mandate inclusion of the start and end times for all cleanroom activities as the 15 minutes requirement was include in the SOP and associates were trained on the requirement. The document reviewed in the audit was specific to a weighing process, and the start and times were not included in the document to minimize documentation entries prior to entering the weighing station.

Corrective Actions Taken:

- DAL-SOP-0237: Cleaning and Disinfection of Cleanroom Areas was updated to require inclusion of the start and end time for any cleaning process which requires a dwell time. ***Reference Attachment 5-3: DAL-SOP-0237: Cleaning and Disinfection of Cleanroom Areas extract.***
- The documents which did not include the start and end time documentation location, DAL-MMR-0004: Epinephrine Injection, USP 5 mg/5 mL (1 mg/1 mL) was updated to include the requirement. ***Reference Attachment 5-4: DAL-MMR-0004: Epinephrine Injection, USP 5 mg/5 mL (1 mg/1) extract.*** *And* ***Attachment 5-5: DAL-MMR-0003: Norepinephrine Bitartrate Injection, USP 8 mg/8 mL (1 mg/mL) 8 mL extract.***

Conclusion:
The procedural update will ensure that future controlled area cleaning processes will include a location to document the cleaning start and end time if a dwell is required. While the existing cleaning regimen has proven effective, and the procedural requirement is in place, documenting

the times will improve visibility and our compliance posture.

Observation 6: Description and Response

Description/Notes

Records of the calibration checks and inspections of automatic, mechanical or electronic equipment, including computers or related systems are not maintained as required by 21 CFR 211.68(a). Notes: Specifically, the firm experienced a power outage early on 08/26/24, which caused the firm's laboratory incubators to incorrectly display time (by around 7 hours). There was no deviation or OOS investigation opened until after it was noted during the inspection.

Response

Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of responding to unplanned events to ensure appropriate action is taken, even if no manufacturing activities are in progress. MCCPMC has implemented procedural updates to its Facility deviation handling process to ensure a holistic review is completed, including raising a deviation if required.

Background and Root Cause: The MCCPMC 503b Outsourcing Facility utilizes both a Building Monitoring System (BMS) and Environmental Monitoring System (EMS) to ensure timely detection, and notification, of departures from the expected conditions in the facility. MCCPMC also utilizes DAL-SOP-0032: *Deviation Procedure* to ensure unplanned events which had a product/process impact are investigated with appropriate corrective action taken.

MCCPMC began commercial manufacturing in March of 2024. In 2024 facility activities were primarily commissioning and qualification activities with minimal commercial operations. In 2024 during each BMS and EMS event the management team was notified. Upon notification each event was discussed with Engineering, Operations and Quality Assurance to assess if a deviation was required per DAL-SOP-0032. However, the scope of DAL-SOP-0032 did not include facility disruptions when no manufacturing activities were in progress, and there was no impact to the controlled environments.

Note: The start time and end time (incubation duration) for media stored in the incubator was recorded using the internal Facility time system. The local display was not utilized to make any cGMP decisions.

Corrective Actions Taken:

- DAL-SOP-0032: *Deviation Procedure* scope was updated to include following: *"Unplanned facility/infrastructure events,* ***regardless of if manufacturing is occurring during the outage****, as the events may affect the critical utilities, classified environments and controlled storage areas.*
  - *Reference DAL-SOP-0088, Utilities Service Emergency Plan, for additional information regarding unplanned events that may warrant a deviation per this procedure.*
  - *Reference DAL-SOP-0271, BPCS Alarm Management Standard Operating Procedure, for additional information regarding notifications through the Building Management System that may require a deviation per this procedure.*
  - *Reference DAL-SOP-0315, Disaster Recovery Standard Operating Procedure, for additional information regarding disasters which may require a deviation per this procedure."*

Reference Attachment 6-1:* DAL-SOP-0032: *Deviation Procedure extract.

Observation 6 Continued:

- DAL-SOP-0269: *General Incubation Procedure* was updated to include a daily check to verify the date and time are correct as an enhancement to ensure the data is correct if it is needed. ***Reference Attachment 6-2:* DAL-SOP-0269: *General Incubation Procedure extract.***

Conclusion:
While the previous events did not have any product impact, the procedural update will ensure that the assessment after an unplanned facility event is documented, even when no commercial activities are in progress. By utilizing the BMS and EMS systems in place, and responding per the revised procedure, MCCPMC will prevent recurrence.

Observation 1: Description and Response

Description/Notes
Procedures designed to prevent microbiological contamination of drug products purporting to be sterile are not established. Specifically, A. Your firm's sterile filling technicians was observed entering and leaving different ISO 7 classified areas (storage closet, hallway, Sampling/Weighing/Dispensing Room, Formulation, and Filling Rooms which contain the ISO 5 VanRx Filling along with C4 isolators performing tasks without adequately disinfecting their sterile gloves adequate frequency to prevent potential contamination as written in your firm's procedure, Aseptic Sterile Drug Processing (Aseptic Technique), DAL-SOP-0227, Rev. 1.0, section Glove Management, sub-sections 8.14 - 8.19. B. Your firm sterile filling technician was observed utilizing poor technique putting on sterile gloves overtop the isolator gloves within ISO 5 C4 Isolator prior to the preparation of the RCA environmental monitoring strip into the holder during the production of Epinephrine Injection, USP 5mg/5mL (1mg/1mL), Lot # 10000081, Actual Qty. 1726 vials. C. Your firm's procedure, DAL-SOP-0237, Cleaning and Disinfection of Cleanroom Areas, failed to ensure sporicidal agent, DeconSpore, which require 15-minute contact time is achieved during the cleaning and deactivation method of production equipment used for weighing of drug components within ISO 7 Formulation Room (RM 033). D. Your firm sterile drug product technician failed to adequately disinfect sterile 70% IPA spray bottle prior to transfer from ISO 7 Filling Room into ISO 5 C4 Isolator for use in setup of RCA stripe into the rotary centrifugal air sampler (RCS) unit for air sampling inside the VanRx.
MCCPMC Response

Commitment: MCCPMC recognizes the importance of ensuring effective procedures are in place to prevent microbiological contamination of drug products to ensure patient safety. MCCPMC appreciates the auditor feedback and intends to implement the corrective actions listed below to further mitigate the risk of viable particulate presence in ISO 5 and ISO 7 areas.
 	
Note A Commentary:
Background and Root Cause: MCCPMC invested in a fully enclosed robotic Isolator that utilizes VHP decontamination and robust engineering controls. MCCPMC also utilizes sterile gowning in all Grade C rooms to ensure particulate presence adjacent to critical areas is minimized. Based on the engineering and gowning precautions taken, the frequency of glove disinfection specified was less than what is normally prescribed in 503b facilities with lower engineering controls in place. The Environmental Monitoring Performance Qualification, and initial Aseptic Processing Simulations (media), demonstrated the environment was in a state of control prior to the start of commercial manufacturing.
 	
Corrective (and Preventive) Actions taken:
DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) was updated with additional glove disinfection best practices, for not only the processes observed but all MCCPMC processes that require sterile gloves:
• An operator must re-sanitize gloves with 70% IPA DIRECTLY BEFORE:
  • Making Grade C product pathway connections.
  • Handling components.
  • Placing gloves into the isolator sleeves.

Observation 1 Continued:

- Any operator using an electronic device shall, at minimum, re-sanitize gloves with 70% IPA before returning to processing operations.
- Entering from Grade C to Grade A environment.

- An operator must re-sanitize gloves with 70% IPA DIRECTLY AFTER:
  - Entering a Grade C room where manufacturing activities will occur unless sterile gloves are donned as part of the normal garbing process. Note: IPA addition is not required when exiting the room.
  - Completing documentation.
  - Work on Grade C work surfaces.

Reference Attachment 1-1: DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) extract.

Note B (and D) Commentary:

Background and Root Cause: MCCPMC purchased a dedicated ISO 5 Isolator to prepare the VanRx Isolator filler environmental monitoring assembly (RCS). Utilization of the isolator reduces the risk of accidental environmental monitoring contamination during the handling process. Due to the isolators use (not used to conduct any preparation processing steps) the applicable procedures did not initially require the same frequency/technique of glove sanitization as an aseptic filling environment in a 503b Facility. It also did not require the operator to perform an exterior disinfection step with a sporicidal agent on the 70% IPA bottle prior to introduction.

Corrective (and Preventive) Action Taken:

While the Isolator is not used for aseptic processing MCCPMC recognizes using an exterior disinfection of the IPA bottle with a sporicidal agent, including a 15-minute dwell time, prior to transfer will enhance our compliance posture and further mitigate the risk of contamination of the environmental monitoring media or any downstream process. ***Reference Attachment 1-2: DAL-SOP-0297: Operation SOP for C4 Isolator extract.***

Furthermore, the enhanced glove management procedure steps listed in Note A will also apply to utilization of the C4, and any Isolator installed in the future, for consistency and to further mitigate any potential risk.

Note C Commentary:

Background and Root Cause: MCCPMC developed a robust cleaning and disinfectant program per DAL-SOP-0237 *Cleaning* and Disinfection *of Cleanroom Areas*. It utilizes proven cleaning agents, DeconSpore and DeconQuat, with a 15-minute dwell time. A disinfectant efficacy study was performed to ensure the cleaning agents selected were effective for the cleanroom materials of construction. The cleaning start and end times are included on the weekly and monthly cleaning logs for both DeconSpore and DeconQuat 200C. The cleaning and disinfectant program efficacy was confirmed in The Environmental Monitoring Performance Qualification, and initial Aseptic Processing Simulations (media).

Reference Attachment 1-3: DAL-FRM-0090: Daily/Weekly Non-HD Classified Area Cleaning Log extract.
and ***Attachment 1-4. DAL-FRM-0112: Monthly Cleanroom Area Cleaning Log extract***.

Observation 1 Continued:

While a location to document the start and end times was included in the Daily, and Monthly cleaning logs, DAL-SOP-0237 *Cleaning* and Disinfection *of Cleanroom Areas* did not mandate inclusion of the start and end times for all cleanroom activities as the 15 minutes requirement was included in the SOP and associates were trained on the requirement. The document reviewed in the audit was specific to a weighing process, and the start and times were not included in the document to minimize documentation handling while performing weighing operations.

Corrective Action Taken:

- The documents which did not include the start and end time documentation location, DAL-MMR-0004: Epinephrine Injection, USP 5 mg/5 mL (1 mg/1 mL) was updated to include the requirement. ***Reference Attachment 1-5: DAL-MMR-0004: Epinephrine Injection, USP 5 mg/5 mL (1 mg/1) extract.*** *And* ***Attachment 1-6: DAL-MMR-0003: Norepinephrine Bitartrate Injection, USP 8 mg/8 mL (1 mg/mL) 8 mL extract.***

Preventive Action Taken:

- DAL-SOP-0237: Cleaning and Disinfection of Cleanroom Areas was updated to require inclusion of the start and end time for any cleaning process which requires a dwell time. ***Reference Attachment 1-7: DAL-SOP-0237: Cleaning and Disinfection of Cleanroom Areas extract.***

Effectiveness Plan:

The routine environmental monitoring program will continue to evaluate environmental monitoring trends and propose CAPAs if required.

Impact Assessment:

MCCPMC is confident that the observations noted did not pose any significant risk to manufacturer product for the following reasons:

- Utilization of a fully enclosed isolator with VHP decontamination.
- Completed Environmental Monitoring Performance Qualification and Aseptic Processing Simulations which met acceptance criteria
- Routine environmental testing which demonstrated the cleanrooms were in a state of control.
- finished product testing results which met release criteria, including sterility testing.

MCCPMC Overall Conclusion:

The procedural changes will prevent recurrence of the audit observations. Furthermore, the actions taken are applicable to all controlled environments, thus they will prevent future occurrences as well.

Observation 2: Description and Response

Description/Notes
Buildings used in the manufacture, processing, packing, or holding of a drug product do not have the suitable construction to facilitate cleaning, maintenance, and proper operations. Specifically, your firm's ISO 7 Filling Room (RM 034) containing your ISO 5 VanRx Automated Fill Isolator is designed with exposed sprinkler heads within the room ceiling preventing adequate cleaning and can be a source of contamination.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of selecting appropriate equipment and installing it in a manner to ensure patient safety. MCCPMC will implement the corrective action indicated below to ensure the VanRx filler resides in an environment that is not in close proximity to a water source. **Background and Root Cause:** MCCPMC invested in a fully enclosed robotic Isolator located in a greenfield site designed specifically for pharmaceutical manufacturing. While all facilities must include a fire protection system per local building codes, a different fire sprinkler head solution was not selected due to the purchasing of the fully enclosed isolator as opposed to an open processing environment. Immediate Correction: • A pre-filling check of the fire sprinkler head above the VanRx was added to ensure that no signs of water leaks are present. This check was added to the Batch Records as well. ***Reference Attachment 2-1: DAL-SOP-0132: Operation of the VanRx SA25 Cytiva Sterile Fill-Finish Workcell extract and Attachments 1-5 and 1-6: Epinephrine and Norepinephrine Batch Record extracts with the in-process check noted on the 2nd page of the attachments.*** Corrective Action Completed: • Purchase order #15221 was issued on 08/28/2024 to GFS Texas Fire Protection Contractors to modify and change out all exposed fire sprinkler heads with new recessed head fire sprinklers (approved cleanroom seals & covers) in the VanRx Fill suite. Furthermore, the purchase **also includes replacing any other exposed sprinkler head in the cleanroom environment, regardless of location.** Change Control DAL-CC-0016: Exposed fire sprinkler head replacement, will track the implementation. Due to the scope of work the replacement is scheduled to be completed during a planned shutdown period in early November with full turnover by 22NOV2024. Preventive Action Completed: • DAL-SOP-0081: General Facility Design and Construction was updated to require that sources of water must be designed and installed in a manner to prevent contamination of the aseptic processing environment. This includes utilizing cleanroom appropriate fire systems where required in areas where aseptic processing steps are conducted. ***Reference Attachment 2-2: DAL-SOP-0081: General Facility Design and Construction extract.***

Observation 2 Continued:

Effectiveness Plan:
Installation will be tracked via DAL-CC-0016 to ensure the risk of a leak is eliminated. No additional effectiveness check is required as the existing sprinkler heads will be removed.

Impact Assessment:
To date no fire sprinkler leaks have been observed at any cleanroom location and MCCPMC already completed the first pre-filling inspection for leaks during Epinephrine Batch 1000081 with no leaks present. Furthermore, the isolator is fully enclosed and compatible with a clean in place cycle (fully sealed in operation). Based on these factors this observation does not pose a product risk, however remediation will prevent future risks as the critical utility systems age.

MCCPMC Pending Actions and Conclusion:
MCCPMC will ensure the fire sprinkler head replacement corrective action is completed. In the interim the additional pre-startup check will ensure any leak, should one occur, is detected prior to filler use and filling will not proceed if presence of a leak is detected.

Observation 3: Description and Response

Description/Notes
Equipment and utensils are not cleaned and sanitized at appropriate intervals to prevent contamination that would alter the safety, identity, strength, quality or purity of the drug product. Specifically, your firm fail to clean and disinfect laptop computers and desktop computer keyboards used in the production of sterile drug products within your firm's ISO 7 classified cleanroom areas (Sampling/Weighing/Dispensing Room (RM 039); Formulation Room (RM 033); and Filling Room (RM 034)) to prevent possible contamination of drug products.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of ensuring controlled environments are appropriately cleaned and disinfected, including all equipment, utensils and supporting electronics. MCCPMC will implement the corrective actions indicated below to ensure aseptic environments remain fit for use and any items which reside in ISO 7 areas are appropriate for the environment. **Background and Root Cause:** MCCPMC invested in a fully enclosed robotic Isolator that utilizes VHP decontamination and robust engineering controls. MCCPMC also utilizes sterile gowning in all Grade C rooms to ensure particulate presence adjacent to critical areas is minimized. Based on the engineering and gowning precautions taken the cleaning and disinfectant process only required an exterior disinfection of electronic devices with 70% IPA if they could not reside inside an enclosed bag. **Correction Completed:** • Work Orders GWO-000077-2024-DE and GWO-000077-2024-DE were completed to remove the computers from the clean room environment. **Corrective (and Preventive) Action Completed:** DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) was updated with specific guidance for the use of electronic devices per the following: • When electronic devices are required for batch manufacturing, they must be easy to clean, or placed in an easy to clean sealed pouch, and cleaned appropriately per the Grade and transition. • Electronic devices with fans, open keyboards, difficult to clean area, etc. are not allowed in and Grade A or C environment. ***Reference Attachment 3-1: DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) extract.*** These requirements eliminate recurrence of the observation noted but also remove the potential occurrence in future scenarios as well. **Effectiveness Plan:** The routine environmental monitoring program will continue to evaluate environmental monitoring trends and propose CAPAs if required.

Observation 3 Continued:

Impact Assessment:
MCCPMC is confident that the observations noted did not pose any significant risk to manufacturer product for the following reasons:

- Utilization of a fully enclosed isolator with VHP decontamination.
- Utilization of non-particulate generating sterile garb in all ISO 7 environments.
- Completed Environmental Monitoring Performance Qualification and Aseptic Processing Simulations which met acceptance criteria
- Routine environmental testing which demonstrated the cleanrooms were in a state of control.
- Finished product testing results which met release criteria, including sterility testing.

MCCPMC Conclusion:
The corrective actions completed have removed the potential risk of electronic devices introducing contamination in the MCCPMC ISO 7 environments. The actions will also ensure easy to clean electronic devices are used moving forward, regardless of the filling technology utilized.

Observation 4: Description and Response

Description/Notes
The responsibilities and procedures applicable to the quality control unit are not fully followed. Specifically, your firm's quality unit fail to adequately implement your firm's procedure, DAL-SOP-0032, Deviation Procedure. For example, on 8/26/2024, after becoming aware of a power failure within your facility, your firm failed to initiate a deviation to document the event and conduct an impact assessment of facility equipment and finished drug products along with components. For example, during a review of the firm's BMS system data that control and monitors temperature, relate humidity, and differential pressure, we found differential pressures within the ISO 7 cleanrooms (Sampling/ Weighing/ Dispensing Room, Formulation, and Filling Room) were impacted on the 8/26/2024 date between 7:58 am - 8:11 am. The differential pressure was below the minimum of 0.02 wc for greater than 10 minutes. Your firm management reported an action limit specification of 10 minutes sustained below the documented specification. Your firm was unaware of this impact prior to this inspection.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of responding to unplanned events to ensure appropriate action is taken, even if no manufacturing activities are in progress. MCCPMC has implemented procedural updates to its Facility deviation handling process to ensure a holistic review is completed, including raising a deviation if required. **Background and Root Cause:** The MCCPMC 503b Outsourcing Facility utilizes both a Building Monitoring System (BMS) and Environmental Monitoring System (EMS) to ensure timely detection, and notification, of departures from the expected conditions in the facility. MCCPMC also utilizes DAL-SOP-0032: *Deviation Procedure* to ensure unplanned events which had a product/process impact are investigated with appropriate corrective action taken. MCCPMC began commercial manufacturing in March of 2024. In 2024 facility activities were primarily commissioning and qualification activities with minimal commercial operations. In 2024 during each BMS and EMS event the management team was notified. Upon notification each event was discussed with Engineering, Operations and Quality Assurance to assess if a deviation was required per DAL-SOP-0032. However, the scope of DAL-SOP-0032 did not include facility disruptions when no manufacturing activities were in progress, and there was no impact to the controlled environments. Regarding the power outage on 26AUG2024 a power outage due to inclement weather was detected by the Facilities Engineering team via the BMS system. Operations and Quality Management were notified immediately to assess the impact on the facility and determine if there was any product/process impact. The assessment determined there was no product impact as no commercial operations were in progress. However a deviation was not immediately raised to document the assessment. **Correction Competed:** Deviation DAL-DEV-0008 was raised on 27AUG2024 to document the inclement weather power outage assessment.

Observation 4 Continued:

Corrective (and Preventive) Action Completed:
DAL-SOP-0032: *Deviation Procedure* scope was updated to include following: *"Unplanned facility/infrastructure events, **regardless of if manufacturing is occurring during the outage**, as the events may affect the critical utilities, classified environments and controlled storage areas."*

- *Reference DAL-SOP-0088, Utilities Service Emergency Plan, for additional information regarding unplanned events that may warrant a deviation per this procedure.*
- *Reference DAL-SOP-0271, BPCS Alarm Management Standard Operating Procedure, for additional information regarding notifications through the Building Management System that may require a deviation per this procedure.*
- *Reference DAL-SOP-0315, Disaster Recovery Standard Operating Procedure, for additional information regarding disasters which may require a deviation per this procedure."*

Reference Attachment 4-1: DAL-SOP-0032: ***Deviation Procedure extract.***

These requirements eliminate recurrence of the observation noted specific to a power outage and eliminate potential future occurrences in other facility disruption scenarios as well.

Impact Assessment:
MCCPMC is confident that the observation noted did not pose any significant risk to manufacturer product for the following reasons:

- No commercial activities were in progress at the time of the event.
- A review of controlled environments and critical utilities by Facilities Engineering determined there was no impact to other controlled environments and critical utilities.
- MCCPMC has a dedicated generator to provide backup power which activated as expected.
- A holistic review of power outage event which occurred in 2024 was performed during the audit which demonstrated there was no product impact from previous events as well.

Effectiveness Plan:
By utilizing the BMS and EMS systems in place, and responding per the revised procedure, MCCPMC will prevent recurrence.

Conclusion:
While the power outage event did not have any product impact, the procedural update will ensure that the assessment after an unplanned facility event is documented, even when no commercial activities are in progress.

Observation 5: Description and Response

Description/Notes
Aseptic processing areas are deficient regarding the system for monitoring environmental conditions. Specifically, your firm's environmental monitoring program fail to include viable air and surface monitoring sampling in areas of operations most prone to contamination within the ISO 7 Filling Room (RM 0034) that contain the ISO 5 VanRx Isolator. For example, firm fail to monitor ISO 5 C4 Isolator handles, table surface used to hold components for VanRx System, and 2 stainless-steel racks used to hold logbooks and VanRx/C4 Isolator components.
Response
Commitment: MCCPMC recognizes the importance of ensuring controlled environments are appropriately cleaned and disinfected, and that critical sites are routinely sampled to detect departures from the validated state. MCCPMC will implement the corrective actions indicated below to ensure aseptic environments remain fit for use and departures from the validated state are detected. **Background and Root Cause:** MCCPMC executed a robust Environmental Monitoring Performance Qualification prior to the start of commercial manufacturing with a multi-factorial risk assessment to ensure critical areas were sampled. The EMPQ results, and initial Aseptic Processing Simulations (media), demonstrated the environment was in a state of control prior to the start of commercial manufacturing. After completion of the EMPQ, sampling of all EMPQ sites continued to gather additional data and characterize recovered flora. After routine environmental data reviews were completed, some surface sample sites were removed if they demonstrated consistently low growth recovery for the sample site and room classification. While the data supported the sample site revision, MCCPMC recognizes that additional sampling would provide valuable information to further reinforce the robust state of control at the facility. **Corrective Action Completed**: • The facility environmental sampling program per DAL-SOP-0047: Environmental Monitoring Program was revised to include increased sampling at high-risk locations. The locations noted in the observation were added as well as additional sites where data collection will further demonstrate the facilities state of control. **Preventive Action Completed**: • The established environmental monitoring review per DAL-SOP-0047: Environmental Monitoring Program was updated to include additional considerations for adding and removing sites to ensure it is risk-based and includes considerations for sites that pose the highest risk for product contamination. ***Reference Attachment 5-1: DAL-SOP-0047: Environmental Monitoring Program extract.*** **Effectiveness Plan:** The routine environmental monitoring program will continue to evaluate environmental monitoring trends and propose CAPAs if required.

Observation 5 Continued:

Impact Assessment:
MCCPMC is confident that rooms utilized for aseptic manufacturing were appropriate even though the locations noted in the observation were not sampled.

- Utilization of a fully enclosed isolator with VHP decontamination.
- Utilization of non-particulate generating sterile garb in all ISO 7 environments.
- Completed Environmental Monitoring Performance Qualification and Aseptic Processing Simulations which met acceptance criteria.
- Routine environmental testing which demonstrated the cleanrooms were in a state of control.
- Finished product testing results which met release criteria, including sterility testing.

Conclusion:
MCCPMC is confident that the Facility cleanroom environments will continue to operate in a manner which ensures patient safety, and that the increased environmental monitoring sites will provide additional data to demonstrate the state of control.

Observation 6: Description and Response

Description/Notes
Labeling: 1. The container of your outsourcing facility's miglustat suspension drug product did not include information required by section 503B(a)(10)(B). Specifically, your container did not include the following information: a. Information to facilitate adverse event reporting: ---www.fda.gov/medwatch and 1800FDA1088 <http://www.fda.gov/medwatch%20and%201800FDA1088>; b. Directions for use, including, as appropriate, dosage and administration. 2. The label of your outsourcing facility's miglustat suspension drug product does not include information required by section 503B(a)(10)(A). Specifically, the following information is not found on your miglustat suspension bottle label: a. A list of active and inactive ingredients, identified by established name and the quantity or proportion of each ingredient. Specifically, the Miglustat 100 mg/mL suspension bottle label is missing the "quantity or proportion" of the following ingredients: glyceryl distearate, polyglyceryl-3 oleate, medium-chain triglycerides.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of including appropriate information on drug product labeling and has taken appropriate corrective action to improve the clarity and comprehensiveness of the Miglustat label. **Background and Root Cause:** The MCCPMC 503b Outsourcing Facility utilizes DAL-SOP-0012 to provide 503b labeling guidance to the Pharmacist in Charge when creating new labeling. The requirements listed align with the Text of Compounding Quality Act labeling requirements. MCCPMC was notified of a specific clinical need for a 100mg/ml Miglustat non-sterile oral suspension preparation. The product was planned for dispensation by a pharmacy who in conjunction with the physician would provide prescribing information for the patient. For the oral suspension component of the preparation an industry standard oral suspension was selected from an industry standard supplier. Along with the order the supplier provided their technical information. The supplier indicated the suspension exact concentrations was proprietary. Thus, MCCPMC utilized the technical literature provided by the oral suspension supplier to create the product label. As the frequency and quantity of dosing was at the discretion of the prescribing physician MCCPMC included the Directions for Use: "See Prescribing information". However, the label also included the product was "For Oral Use: 150mL multiple Dose Bottle" and "Miglustat Suspension 100mg/mL" to clearly indicate the strength and method of administration (Oral). Also, "To report suspected adverse events, contact MCCPMC or FDA at www.fda.gov/medwatch and 1-800-FDA-1088." was present on the label as well. ***Reference Attachment 6-1: DAL-LBL-0008 Miglustat Oral Suspension 100 mg/mL - 150 mL Original Bottle Label with adverse event contact information.*** Based on the background information noted above the label was approved for use for a single order of three units.

Observation 6 Continued:

Correction Competed:
The oral suspension manufacturer was notified that specificity regarding the ingredients was required to continue use per audit feedback. Based on the communicated need they agreed to provide additional information provided the manufacturer name was not supplied. The additional information was included in a new version of the label that also reformatted the content to provide additional clarity. ***Reference Attachment 6-2: DAL-LBL-0008 Miglustat Oral Suspension 100 mg/mL - 150 mL Bottle Label.***

Corrective (and Preventive) Actions Competed:
DAL-SOP-0012: Required Labeling of 503B Compounded Drug Preparations was updated to include If the provided technical literature from a drug component supplier lacks ingredient specificity, then appropriate follow up action must be taken to ensure labeling information is comprehensive. This action applies to not only the Miglustat label, but all future product labels. ***Reference Attachment 6-3: DAL-SOP-0012 Required Labeling of 503B Compounded Drug Preparations extract.***

Effectiveness Plan:
Each new label must meet the updated requirements of DAL-SOP-0012. Each label is reviewed and approved by the Pharmacist in Charge and the Quality Unit to ensure it meets the requirements. The procedure update, in conjunction with the required review and approval of each future label, will ensure the action taken is effective.

Impact Assessment:
As the product was prescribed by a physician for a specific patient, dispensed by a licensed pharmacy, and included contact information for adverse events, there is no impact due to the lack of inactive ingredient specificity and initial label formatting.

Conclusion:
The procedural update will ensure any future labels produced include the specificity of ingredients, even if the original information provided is insufficient. The Miglustat label was also updated per FDA and CDER feedback.

Observation 7: Description and Response

Description/Notes
PRODUCT REPORTING 1. Your outsourcing facility did not submit a report to FDA at the time of initial registration on November 2, 2022, as required for an outsourcing facility that registers with FDA under section 503b.
Response
Commitment: MCCPMC recognizes the importance of timely reporting to the FDA under section 503b and intends to fulfill its obligations for timely reporting as a 503b Outsourcing Facility. **Background and Root Cause:** The MCCPMC 503b Outsourcing Facility is a greenfield site that was undergoing commissioning in 2022. A certificate of occupancy by the City of Dallas was granted on 5/22/2023. However, as a proactive measure the Site Leadership submitted their initial 503b Registration which was approved on 11/2/2022. As the Facility was still undergoing commissioning, The Facility did not have an occupancy permit, and no batches were compounded in 2022, the associate responsible for reporting incorrectly did not submit an initial report. ***Reference Attachment 7-1: City of Dallas Certificate of Occupancy.*** MCCPMC submitted the required FDA 503b Outsourcing Facility Bi-Annual reports for both 2023 reporting periods after Facility occupancy was granted and the first 2024 reporting period. **Correction Note:** As the observation was from 2022, prior to building occupancy, there were no unreported batches to add to the MCCPMC 503b Facility compounded drug history. After commissioning was complete MCCPMC began bi-annual Reporting through the CDER portal in 2023. **Corrective (and Preventive) Action Completed**: • *The governing procedure DAL-SOP-0281: Biannual Product Reporting to the FDA* was updated to clearly state If the outsourcing facility has not compounded any drug products during the previous six-month period (including any initial report after registration), it is still required to submit a report to FDA indicating that it has not compounded any drug products during the period. ***Reference Attachment 7-2: DAL-SOP-0281: Biannual Product Reporting to the FDA extract.*** This action will apply not only to the existing MCCPMC Facility but any expansions as well. **Effectiveness Plan:** As bi-annual reports are required by the FDA and per MCCPMC procedures, and failure to complete the report will be detected, no additional effectiveness plan is required. **Impact Assessment:** As the facility was not occupied, and no drugs were compounded prior to the initial report, there is no risk of an absence of Facility history being accurately reported. Furthermore, there is no product risk as the observation was for report submittal only. **Conclusion:** The procedural update will ensure that future reports are submitted when no saleable drug products are manufactured, even if it is an Initial FDA Report at a new MCCPMC facility.

Looking for a Certificate of Good Standing? – TEXAS

Although the comptroller's office no longer uses the term, "certificate of good standing" is sometimes used to refer to a certificate issued by the Texas Comptroller of Public Accounts regarding an entity's franchise tax account status. The comptroller's office now refers to these certificates as "certificates of account status." Information about certificates of account status is available from the comptroller. You may contact the comptroller at (800) 252-1381 for assistance as well.

Certificates of account status are often confused with *certificates of fact - status* issued by the Secretary of State. A "certificate of fact - status" is a certificate issued by the Secretary of State that serves as official evidence of an entity's existence or authority to transact business in Texas. A certificate of fact - status provides a statement of an entity's status, as well as the entity's current legal name and date of formation or registration.

Specifically, New Solutions Functional Wellness Pharmacy received notice that approximately sixteen patients experienced adverse effects potentially attributable to batch sterile preparations of nicotinamide adenine dinucleotide 100 mg/ml and 200 mg/ml solution for infusion/injection compounded by the pharmacy for office use, and subsequently failed to notify the Board.

The parties acknowledge that this Order resolves the allegations set forth herein, and agree to the terms and conditions set forth in the ORDER OF THE BOARD below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the Board does hereby ORDER that:

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

IN THE MATTER OF AN ENFORCEMENT ACTION CONCERNING OGRE, INC. DBA MUR-TEX RN100216340	§ § § § §	BEFORE THE TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

AGREED ORDER
DOCKET NO. 2010-1355-AIR-E

I. JURISDICTION AND STIPULATIONS

At its APR 06 2011 agenda, the Texas Commission on Environmental Quality ("the Commission" or "TCEQ") considered this agreement of the parties, resolving an enforcement action regarding OGRE, Inc. dba Mur-Tex ("the Respondent") under the authority of TEX. HEALTH & SAFETY CODE ch. 382 and TEX. WATER CODE ch. 7. The Executive Director of the TCEQ, through the Enforcement Division, and the Respondent appear before the Commission and together stipulate that:

1. The Respondent owns and operates a fiberglass tank manufacturing plant at 511 Southwest 48th Avenue in Amarillo, Randall County, Texas (the "Plant").

2. The Plant consists of one or more sources as defined in TEX. HEALTH & SAFETY CODE § 382.003(12).

3. The Commission and the Respondent agree that the Commission has jurisdiction to enter this Agreed Order, and that the Respondent is subject to the Commission's jurisdiction.

4. The Respondent received notice of the violations alleged in Section II ("Allegations") on or about August 4, 2010.

5. The occurrence of any violation is in dispute and the entry of this Agreed Order shall not constitute an admission by the Respondent of any violation alleged in Section II ("Allegations"), nor of any statute or rule.

6. An administrative penalty in the amount of Eighteen Thousand Dollars ($18,000) is assessed by the Commission in settlement of the violations alleged in Section II ("Allegations"). The Respondent has paid Four Hundred Dollars ($400) of the

Exhibit B

administrative penalty and Three Thousand Six Hundred Dollars ($3,600) is deferred contingent upon the Respondent's timely and satisfactory compliance with all the terms of this Agreed Order. If the Respondent fails to timely and satisfactorily comply with all requirements of this Agreed Order, including the payment schedule, the Executive Director may require the Respondent to pay all or part of the deferred penalty.

The remaining amount of Fourteen Thousand Dollars ($14,000) of the administrative penalty shall be payable in 35 monthly payments of Four Hundred Dollars ($400) each. The next monthly payment shall be paid within 30 days after the effective date of this Agreed Order. The subsequent payments shall each be paid not later than 30 days following the due date of the previous payment until paid in full. If the Respondent fails to timely and satisfactorily comply with the payment requirements of this Agreed Order, the Executive Director may, at the Executive Director's option, accelerate the maturity of the remaining installments, in which event the unpaid balance shall become immediately due and payable without demand or notice. In addition, the failure of the Respondent to meet the payment schedule of this Agreed Order constitutes the failure by the Respondent to timely and satisfactorily comply with all the terms of this Agreed Order.

7. Any notice and procedures, which might otherwise be authorized or required in this action, are waived in the interest of a more timely resolution of the matter.

8. The Executive Director of the TCEQ and the Respondent have agreed on a settlement of the matters alleged in this enforcement action, subject to the approval of the Commission.

9. The Executive Director recognizes that the Respondent has implemented the following corrective measures at the Plant:

   a. On October 16, 2009, added all annual compliance certification and semi-annual deviation report due dates to the master company calendar and personal smart phone calendars, with reminders set seven days prior to the end of each reporting period to ensure timely and complete submittal of deviation reports and annual certification reports;

   b. On October 19, 2009, submitted the missing semi-annual compliance status reports; and

   c. By August 6, 2010, reported deviations for the failure to submit the semi-annual compliance status reports.

10. The Executive Director may, without further notice or hearing, refer this matter to the Office of the Attorney General of the State of Texas ("OAG") for further enforcement proceedings if the Executive Director determines that the Respondent has not complied with one or more of the terms or conditions in this Agreed Order.

11. This Agreed Order shall terminate five years from its effective date or upon compliance with all the terms and conditions set forth in this Agreed Order, whichever is later.

12. The provisions of this Agreed Order are deemed severable and, if a court of competent jurisdiction or other appropriate authority deems any provision of this Agreed Order unenforceable, the remaining provisions shall be valid and enforceable.

II. ALLEGATIONS

As owner and operator of the Plant, the Respondent is alleged to have:

1. Failed to submit semi-annual compliance status reports for the July 1, 2006 through December 31, 2006, January 1, 2007 through June 30, 2007, July 1, 2007 through December 31, 2007, January 1, 2008 through June 30, 2008, July 1, 2008 through December 31, 2008 and January 1, 2009 through June 30, 2009 reporting periods, in violation of 30 TEX. ADMIN. CODE §§ 101.20(2) and 122.143(4), 40 CODE OF FEDERAL REGULATIONS §§ 63.9(h) and 63.5910(b), TEX. HEALTH & SAFETY CODE § 382.085(b) and Federal Operating Permit ("FOP") No. O-2664 Special Terms and Conditions No. 1(D), as documented during a record review conducted on July 3, 2010.

2. Failed to submit a complete and accurate Annual Compliance Certification and associated semi-annual deviation reports for the reporting period of September 8, 2008 through September 7, 2009, in violation of 30 TEX. ADMIN. CODE §§ 122.143(4), 122.145(2)(B) and 122.146, TEX. HEALTH & SAFETY CODE § 382.085(b) and FOP O-2664 General Terms and Conditions, as documented during a record review conducted on July 3, 2010. Specifically, the annual compliance certification did not include all deviations and the corrected semi-annual deviation reports had incorrect start and end dates.

III. DENIALS

The Respondent generally denies each allegation in Section II ("Allegations").

IV. ORDERING PROVISIONS

1. It is, therefore, ordered by the TCEQ that the Respondent pay an administrative penalty as set forth in Section I, Paragraph 6 above. The payment of this administrative penalty and the Respondent's compliance with all the terms and conditions set forth in this Agreed Order resolve only the allegations in Section II. The Commission shall not be constrained in any manner from requiring corrective action or penalties for violations which are not raised here. Administrative penalty payments shall be made payable to "TCEQ" and shall be sent with the notation "Re: OGRE Inc. dba Mur-Tex, Docket No. 2010-1355-AIR-E" to:

Financial Administration Division, Revenues Section
Attention: Cashier's Office, MC 214
Texas Commission on Environmental Quality
P.O. Box 13088
Austin, Texas 78711-3088

2. The provisions of this Agreed Order shall apply to and be binding upon the Respondent. The Respondent is ordered to give notice of the Agreed Order to personnel who maintain day-to-day control over the Facility operations referenced in this Agreed Order.

3. If the Respondent fails to comply with any of the Ordering Provisions in this Agreed Order within the prescribed schedules, and that failure is caused solely by an act of God, war, strike, riot, or other catastrophe, the Respondent's failure to comply is not a violation of this Agreed Order. The Respondent shall have the burden of establishing to the Executive Director's satisfaction that such an event has occurred. The Respondent shall notify the Executive Director within seven days after the Respondent becomes aware of a delaying event and shall take all reasonable measures to mitigate and minimize any delay.

4. The Executive Director may grant an extension of any deadline in this Agreed Order or in any plan, report, or other document submitted pursuant to this Agreed Order, upon a written and substantiated showing of good cause. All requests for extensions by the Respondent shall be made in writing to the Executive Director. Extensions are not effective until the Respondent receives written approval from the Executive Director. The determination of what constitutes good cause rests solely with the Executive Director.

5. This Agreed Order, issued by the Commission, shall not be admissible against the Respondent in a civil proceeding, unless the proceeding is brought by the OAG to: (1) enforce the terms of this Agreed Order; or (2) pursue violations of a statute within the Commission's jurisdiction, or of a rule adopted or an order or permit issued by the Commission under such a statute.

6. This Agreed Order may be executed in separate and multiple counterparts, which together shall constitute a single instrument. Any page of this Agreed Order may be copied, scanned, digitized, converted to electronic portable document format ("pdf"), or otherwise reproduced and may be transmitted by digital or electronic transmission, including but not limited to facsimile transmission and electronic mail. Any signature affixed to this Agreed Order shall constitute an original signature for all purposes and may be used, filed, substituted, or issued for any purpose for which an original signature could be used. The term "signature" shall include manual signatures and true and accurate reproductions of manual signatures created, executed, endorsed, adopted, or authorized by the person or persons to whom the signatures are attributable. Signatures may be copied or reproduced digitally, electronically, by photocopying, engraving, imprinting, lithographing, electronic mail, facsimile transmission, stamping, or any other means or process which the Executive Director deems acceptable. In this paragraph exclusively, the terms "electronic transmission", "owner", "person", "writing", and "written" shall have the meanings assigned to them under TEX. BUS. ORG. CODE § 1.002.

7. Under 30 TEX. ADMIN. CODE § 70.10(b), the effective date is the date of hand-delivery of the Order to the Respondent, or three days after the date on which the Commission mails notice of the Order to the Respondent, whichever is earlier. The Chief Clerk shall provide a copy of this Agreed Order to each of the parties.

AGREED BOARD ORDER #2023-03258

RE:	IN THE MATTER OF NEW SOLUTIONS FUNCTIONAL WELLNESS PHARMACY (PHARMACY LICENSE #27600)	BEFORE THE TEXAS STATE BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy (Board) the matter of pharmacy license number 27600 issued to New Solutions Functional Wellness Pharmacy (Respondent), 1901 Medi Park Drive, Suite 120, Amarillo, Texas 79106.

By letter dated July 26, 2023, the Board gave preliminary notice to Respondent of its intent to take disciplinary action. This action was taken as a result of an investigation which produced evidence indicating that Respondent may have violated:

Sections 562.153(4); 562.156; 565.001(a)(1), (2), (12) and (13); and 565.002(a)(3), of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Title 3, Subtitle J (2021); and

Sections 281.7(a)(13); 291.32(a)(2)(H); 291.32(c)(1)(E); 291.133(a); 291.133(b)(33); 291.133(g); and 295.3 of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2023), in that allegedly:

COUNTS

(1) On various unknown dates in mid-February 2023, Mikala Jill Conatser, while acting as an employee (pharmacist-in-charge) of New Solutions Functional Wellness Pharmacy, 1901 Medi Park Drive, Suite 120, Amarillo, Texas 79106, failed to legally operate New Solutions Functional Wellness Pharmacy, in that that the pharmacy failed to immediately notify the Texas State Board of Pharmacy (Board) of adverse effects reported to the pharmacy or that were known to be potentially attributable to sterile preparation compounded by the pharmacy. Specifically, New Solutions Functional Wellness Pharmacy received notice that approximately sixteen patients experienced adverse effects potentially attributable to batch sterile preparations of nicotinamide adenine dinucleotide 100 mg/ml and 200 mg/ml solution for infusion/injection compounded by the pharmacy for office use, and subsequently failed to notify the Board.

(2) On or about an unknown date in mid-February 2023, Mikala Jill Conatser, while acting as an employee (pharmacist-in-charge) of New Solutions Functional Wellness Pharmacy, 1901 Medi Park Drive, Suite 120, Amarillo, Texas 79106, failed to ensure that the pharmacy initiated a written recall of the sterile compounded preparations described above in Count (1) upon identification of potential or confirmed harm to a patient. Specifically, following notification of adverse effects experienced by patients administered batch sterile preparations of nicotinamide adenine dinucleotide 100 mg/ml and 200 mg/ml solution for infusion/injection compounded by the pharmacy, the pharmacy failed to initiate a written

recall in accordance with Texas State Board of Pharmacy (Board) Rules, to include written notification of the recall to the Board.

An informal conference was held via videoconference on September 19, 2023, with Mikala Jill Conatser, R.Ph., Pharmacist-in-Charge; and Taylor Fyfe, Managing Officer, Signa Pharmacy Group, LLC, on behalf of Respondent, in attendance. The informal conference was heard by Board Members: Suzette Tijerina, R.Ph.; and Bradley A. Miller, Ph.T.R.; with Megan G. Holloway, General Counsel. Mary Moretti, Staff Attorney, was also in attendance.

At the aforementioned conference, Taylor Fyfe, on behalf of Respondent, waived the right to be represented by legal counsel. By signing this Order, Taylor Fyfe, on behalf of Respondent, neither admits nor denies the truth of the matters previously set out in this Order, and agrees that the Board has jurisdiction in this matter and waives the right to notice of hearing, formal administrative hearing, and judicial review of this Order.

The parties acknowledge that this Order resolves the allegations set forth herein, and agree to the terms and conditions set forth in the ORDER OF THE BOARD below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the Board does hereby ORDER that:

(1) Respondent's license is reprimanded.

(2) Respondent shall pay an administrative penalty of one thousand dollars ($1,000) due one hundred twenty (120) days after the entry of this Order.

(3) Respondent shall develop and implement policies and procedures to be used by pharmacy personnel to ensure compliance with Board laws and rules regarding reporting of adverse effects potentially attributable to compounded sterile preparations and the recall of compounded preparations. A written report of such policies and procedures shall be submitted to Board staff within one hundred twenty (120) days after the entry of this Order.

(4) Respondent shall be responsible for all costs relating to compliance with the requirements of this Order.

(5) Failure to comply with any of the requirements in this Order constitutes a violation and shall be grounds for further disciplinary action. The requirements of this Order are subject to the Texas Pharmacy Act, TEX. OCC. CODE ANN., Title 3, Subtitle J (2023), and Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2023).

And it is so ORDERED.

THIS ORDER IS A PUBLIC RECORD.

In May of 2007 I was arrested for DWI. Most of what we do at New Solutions is to help people live a healthier lifestyle and that is in part influenced by the decision I made way back then to commit to making good mental and physical life choices.

Telephone: (405) 271-1144

13. What is your procedure for visual inspection of compounded sterile products?
Every finished CSP (compounded sterile product) in every batch is examined for particulates; unexpected color or odor; gas formation; and signs of defect, damage, leaking, or tampering prior to release to patients. This process happens during the final check of the CSP, either by a pharmacy technician or pharmacist trained to complete this task. The CSP is also visually inspected to confirm it matches the prescription or medication order, compounding documentation, and label. Personnel performing this task have received training on what to look for during inspection and the steps to perform when inspection turns up an article that is not essentially free from particulate matter. The final release visual inspection is documented on the compounding record.

14. How often do you perform glove fingertip and medial fill testing?
Every 6 months

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:
We provide new personnel with a comprehensive orientation to the company and their specific job role. Orientation consists of didactic training experiences (written information) and hands-on practical training and mentorship by qualified evaluator. A qualified evaluator observes all newly acquired skills or procedures, and staff are evaluated for their ability to demonstrate the skill/knowledge independently (without prompting). As part of the competency assessments, the staff member must verbalize knowledge in and demonstrate ability to perform psychomotor skills related to- hand hygiene and garbing, cleaning, disinfection, media-fill testing, use of primary and secondary engineering controls, and more. Ongoing competency evaluation of garbing and hand hygiene and aseptic technique, at a minimum, are completed every 6 months.

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
Cleaning of our laminar airflow workbenches, (LAFWs) and biological safety cabinets (BSCs) occurs generally from the cleanest to the dirtiest, top to bottom, farthest to closest. When performing cleaning, horizontally wiping begins at the top of the surface moving left to right or back to front in unidirectional, overlapping strokes so that the surface is thoroughly wetted but not dripping. The cleaning agent is not directly sprayed on the surface, rather it is sprayed on low-lint wipes until generously wet, then the wipe is used to clean the surface. Cleaning of controlled environments occurs at the end of compounding day. Daily cleaning is conducted with Preempt RTU. Any items in the controlled environments are removed prior to cleaning. Monthly cleaning is conducted at the end of each month using Peridox RTU. After cleaning, the area is sanitized with sterile 70% isopropyl alcohol (IPA). Additionally, the area is sanitized with IPA on a regular basis, which includes the following: 1) beginning of the compounding day; and, in this instance, IPA must be wiped on all interior surfaces, 2) between patient preps or at the start of each batch to the deck; 3) at least every 30 minutes throughout the compounding shift unless a specific compounding process takes longer than 30 minutes; in which case, compounding must not be interrupted to wipe deck with sterile IPA 4) to the deck of the direct compounding area (DCA), prior to beginning critical manipulations 4) after spills (after decontamination and/or cleaning), 5) when microbial contamination is known to have been or is suspected of having been introduced. All cleaning is documented in our cleaning logs.

17. Who performs the sterile compounding process at your facility?

Pharmacy technicians with sterile certification and proper training.

18. Who is responsible and accountable for the sterile compounding process at your facility?
The Pharmacist in Charge and our lead sterile compounding technician who is the designated agent.

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
All products are shipped in packaging material that protects the CSPs from damage, leakage, & degradation. For refrigerated items, ice blocks and insulated thermal liners are used. A SpotSee temperature monitor is included to ensure all items are kept at temperatures within the acceptable range. All packages are shipped Priority overnight with Fedex.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)

1. What type of primary engineering controls will you be using in your facility?
Our hazardous ISO 5 BSC is externally ventilated, located in a negative air pressure ISO 7 buffer room. Our non-hazardous ISO 5 LAFW is located in a positive pressure ISO 7 buffer room. Both are attached to a ISO 7 ante room.

2. Are you complying with all USP 800 guidelines?	■ Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	■ Yes	No
4. Is your BSC or CACI vented 100% to the outside?	■ Yes	No
5. Do you have a negative pressure buffer room at your facility?	■ Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	Yes	■ No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	Yes	No
8. Will you be utilizing a closed system transfer device?	Yes	■ No

9. If yes, list the name of the device:
N/A

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?
Each of our hazardous products are dispensed with an auxiliary label identifying the product as hazardous. Each of these compounds is accompanied with a written notice outlining how to handle and dispose of hazardous medications. The notice states to properly handle hazardous prescription medications, patients should:always follow their doctor's instructions carefully, wash their hands thoroughly before and after handling the medication, wear disposable gloves when necessary, use a designated pill container to avoid spills, store the medication in a safe, out-of-reach location, and dispose of unused medication appropriately. To dispose of the hazardous medications, we recommend one of four solutions.

1. Periodic drug take-back events hosted by the DEA
   A. Temporary drug take-back locations are set up in communities nationwide. Go to https://www.dea.gov/takebackday to find location and dates.
2. Drug take-back locations
   A. Some facilities and business are registered with the DEA to collect unused or expired medicines
   B. Search for year-round locations at https://apps.deadiversion.usdoj.gov/pubdispsearch/spring/main?execution=e1s1
3. Pre-paid drug mail-back envelope
   A. Drug mail-back envelopes are available to purchase from multiple places including some retail pharmacies or online websites.
      1. Fill the envelope with your unused or expired medicines.
      2. Seal the envelope.
      3. Mail the envelope using the U.S. Postal Service
4. Combine with undesirable substances and throw away

A. Remove the medication from its original container
B. Mix it with an undesirable substance- cat litter, used coffee grounds, dirt, sawdust
C. Put the mixture in a sealable container and seal so it cannot easily be entered
D. Remove personal information from the container
E. Throw the container in the trash
F. Dispose of the empty original container in the trash or recycling

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

Before hazardous drug (HD) training, compounding employees must complete at least the training, competency verification, and testing required by USP Chapter 797 and those added as required. We provide new personnel with a comprehensive orientation to the company and their specific job role. Orientation consists of didactic training experiences (written information) and hands-on practical training and mentorship by qualified evaluator. A qualified evaluator observes all newly acquired skills or procedures, and staff are evaluated for their ability to demonstrate the skill/knowledge independently (without prompting). As part of the competency assessments, the staff member must verbalize knowledge in and demonstrate ability to perform psychomotor skills related to- hand hygiene and garbing, cleaning, disinfection, media-fill testing, use of primary and secondary engineering controls, and more. Ongoing competency evaluation of garbing and hand hygiene and aseptic technique, at a minimum, are completed every 6 months.

All employees who handle HDs who may be responsible for daily and monthly cleaning of the sterile hazardous environment must complete training that includes the following: 1) Overview of HDs, including the NIOSH properties and categories of HDs 2) Review of the SOPs that apply to the employee' s job classification 3) Disposal procedures 4) Spill management procedures 5) HD waste disposal SOPs 6) SOPs related to the treatment of personnel who experience exposures 7) General compounding practices that are different from or in addition to the compounding of nonhazardous drugs 8) Negative-pressure compounding techniques to be used inside a C-PEC. HD training, testing, and competency verification are completed before employees handle HDs and tested annually thereafter.

After HD training, testing, and competency verification but before performing any HD handling activities (includes activities such as receiving, storing, compounding, labeling, packaging, transporting, cleaning HD areas, and disposal of HD wastes), employees of reproductive age read and sign the Hazardous Drug Acknowledgement of Risk.

"Red Flags" Checklist for Pharmacies

YOU MIGHT BE A PILL MILL IF...

Check all that apply:

	(1) Your pharmacy fills a discernable pattern of prescriptions for prescribers who write essentially the same prescriptions for numerous persons, indicating a lack of individual drug therapy
	(2) Your pharmacy operates with limited hours of operation or closes after a certain threshold of controlled substance prescriptions are dispensed, and has overall low prescription dispensing volume.
	(3) Prescriptions presented to the pharmacy are for controlled substances with popularity as street drugs, such as opiates, benzodiazepines, muscle relaxants, psychostimulants, and/or cough syrups, or any combination of these drugs.
	(4) The prescriptions for controlled substances contain nonspecific or no diagnoses.
	(5) The prescriptions are commonly for the highest strength of the drug and/or for large quantities.
	(6) Dangerous drugs or OTC products (such as multi-vitamins or laxatives) are added to the controlled substance prescriptions, maintaining relatively consistent 1:1 ratio of controlled substances to dangerous drugs and/or OTC products dispensed as prescriptions.
	(7) Prescriptions are authorized by the same prescriber with what appears to be different handwriting on the hardcopy prescription drug order forms.
	(8) Upon contact with the prescriber's office, you are unable to engage in comprehensive discussion with the actual prescriber, or he/she is unconcemed about your apprehensions regarding his/her prescribing practices or unwilling to provide additional information, such as treatment goals and/or prognosis with prescribed drug therapy.
	(9) You rely solely on the prescriber's representation, or on the representation of the individual answering the phone at the number on the prescription, that prescriptions are legitimate.
	(10) The prescriber's clinic is not registered as a pain management clinic by the Texas Medical Board, despite routinely receiving prescriptions from the prescriber foropiates, benzodiazepines, and/or muscle relaxants.
	(11) Drugs prescribed are inconsistent with the prescriber's area of practice.
	(12) The prescriber of the drugs is located a significant distance from your pharmacy.
	(13) The prescriber has been subject to disciplinary action by the licensing board, had his/her DEA registration removed, or been subject to criminal action.
	(14) The Texas PMP system indicates that persons are obtaining prescriptions for the same drugs from multiple prescribers or that persons are filling prescriptions for the same drugs at multiple pharmacies.
	(15) The person's address is a significant distance from your pharmacy and/or from the prescriber's office.
	(16) Multiple persons with the same address present prescriptions from the same prescriber.
	(17) Persons pay with cash or credit card more often than through insurance.
	(18) Persons presenting controlled substance prescriptions are doing so in such a manner that varies from seeking routine pharmacy services (e.g., willing to wait in long lines to receive drugs, persons arrive in the same vehicle with prescriptions from same prescriber, one person presents to pick up prescriptions for multiple others, persons refer to drugs by "street names" and/or comment on drug's color, persons seek early refills, persons travel from outside reasonable trade area of pharmacy).
	(19) Your pharmacy charges and persons are willing to pay more for controlled substances than they would at nearby pharmacies.
	(20) Your pharmacy routinely orders controlled substances from more than one drug supplier, or your pharmacy has been discontinued by a drug supplier related to controlled substance orders.
	(21) Sporadic and non-consistent dispensing volume (including zero dispensing) varies from day to day and week to week, and your pharmacy does not maintain operational hours each week on Monday through Friday.
	(22) Your pharmacy employs or contracts security personnel during operational hours to prevent problems.
	(23) Your pharmacy has been previously warned or disciplined by the Texas State Board of Pharmacy for inappropriate dispensing of controlled substances (i.e., corresponding responsibility).

If you checked any of the above items, you should review the laws and rules regarding corresponding responsibility and non-therapeutic dispensing, especially Board rule §291.29, in the law book or on our website: www.pharmacy.texas.gov (click on Texas Pharmacy Rules and Laws). Additional educational material is available at: http://www.pharmacy.texas.gov/Nontherapeutic.asp. Failure of pharmacies and pharmacists to detect patterns of inappropriate dispensing of prescription drugs is unprofessional practice and constitutes grounds for disciplinary action.

AGREED BOARD ORDER #2023-03258

RE: IN THE MATTER OF NEW SOLUTIONS FUNCTIONAL WELLNESS PHARMACY (PHARMACY LICENSE #27600)

BEFORE THE TEXAS STATE BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy (Board) the matter of pharmacy license number 27600 issued to New Solutions Functional Wellness Pharmacy (Respondent), 1901 Medi Park Drive, Suite 120, Amarillo, Texas 79106.

By letter dated July 26, 2023, the Board gave preliminary notice to Respondent of its intent to take disciplinary action. This action was taken as a result of an investigation which produced evidence indicating that Respondent may have violated:

Sections 562.153(4); 562.156; 565.001(a)(1), (2), (12) and (13); and 565.002(a)(3) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Title 3, Subtitle J (2021); and

Sections 281.7(a)(13); 291.32(a)(2)(H); 291.32(c)(1)(E); 291.133(a); 291.133(b)(33); 291.133(g); and 295.3 of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2023), in that allegedly:

COUNTS

(1) On various unknown dates in mid-February 2023, Mikala Jill Conatser, while acting as an employee (pharmacist-in-charge) of New Solutions Functional Wellness Pharmacy, 1901 Medi Park Drive, Suite 120, Amarillo, Texas 79106, failed to legally operate New Solutions Functional Wellness Pharmacy, in that that the pharmacy failed to immediately notify the Texas State Board of Pharmacy (Board) of adverse effects reported to the pharmacy or that were known to be potentially attributable to sterile preparation compounded by the pharmacy. Specifically, New Solutions Functional Wellness Pharmacy received notice that approximately sixteen patients experienced adverse effects potentially attributable to batch sterile preparations of nicotinamide adenine dinucleotide 100 mg/ml and 200 mg/ml solution for infusion/injection compounded by the pharmacy for office use, and subsequently failed to notify the Board.

(2) On or about an unknown date in mid-February 2023, Mikala Jill Conatser, while acting as an employee (pharmacist-in-charge) of New Solutions Functional Wellness Pharmacy, 1901 Medi Park Drive, Suite 120, Amarillo, Texas 79106, failed to ensure that the pharmacy initiated a written recall of the sterile compounded preparations described above in Count (1) upon identification of potential or confirmed harm to a patient. Specifically, following notification of adverse effects experienced by patients administered batch sterile preparations of nicotinamide adenine dinucleotide 100 mg/ml and 200 mg/ml solution for infusion/injection compounded by the pharmacy, the pharmacy failed to initiate a written

recall in accordance with Texas State Board of Pharmacy (Board) Rules, to include written notification of the recall to the Board.

An informal conference was held via videoconference on September 19, 2023, with Mikala Jill Conatser, R.Ph., Pharmacist-in-Charge; and Taylor Fyfe, Managing Officer, Signa Pharmacy Group, LLC, on behalf of Respondent, in attendance. The informal conference was heard by Board Members: Suzette Tijerina, R.Ph.; and Bradley A. Miller, Ph.T.R.; with Megan G. Holloway, General Counsel. Mary Moretti, Staff Attorney, was also in attendance.

At the aforementioned conference, Taylor Fyfe, on behalf of Respondent, waived the right to be represented by legal counsel. By signing this Order, Taylor Fyfe, on behalf of Respondent, neither admits nor denies the truth of the matters previously set out in this Order, and agrees that the Board has jurisdiction in this matter and waives the right to notice of hearing, formal administrative hearing, and judicial review of this Order.

The parties acknowledge that this Order resolves the allegations set forth herein, and agree to the terms and conditions set forth in the ORDER OF THE BOARD below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the Board does hereby ORDER that:

(1) Respondent's license is reprimanded.

(2) Respondent shall pay an administrative penalty of one thousand dollars ($1,000) due one hundred twenty (120) days after the entry of this Order.

(3) Respondent shall develop and implement policies and procedures to be used by pharmacy personnel to ensure compliance with Board laws and rules regarding reporting of adverse effects potentially attributable to compounded sterile preparations and the recall of compounded preparations. A written report of such policies and procedures shall be submitted to Board staff within one hundred twenty (120) days after the entry of this Order.

(4) Respondent shall be responsible for all costs relating to compliance with the requirements of this Order.

(5) Failure to comply with any of the requirements in this Order constitutes a violation and shall be grounds for further disciplinary action. The requirements of this Order are subject to the Texas Pharmacy Act, TEX. OCC. CODE ANN., Title 3, Subtitle J (2023), and Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2023).

And it is so ORDERED.

THIS ORDER IS A PUBLIC RECORD.

To whom it may concern:

Regulatory questions 1,2 and 10, on the Alabama License Application were erroneously marked as "No" when they should have been marked a "Yes". Below is follow-up information to address the "Yes" for each of those questions.

For questions 1 and 2, I, Erik Lazarich, was arrested in the mid-1990's for a DUI offense and later found guilty. It was a one-time offense with the penalty of having to attend a two-day seminar on the dangers of driving while intoxicated. No other offences have occurred in the ~30 years since then.

For question 10, our Contract Manufacturer (CMO), Sovereign Pharmaceuticals,the manufacturer of our Pyridostigmine Oral Solution, ANDA 212405, received a 483 and a Warning Letter.

1. 483 (Inspection dates April 13 – 22, 2022) observations including stability temperature excursion observations.

2. Warning Letter related to the April 2022 483 (Dated 10/05/22)

3. 483 dated Aug 02, 2023 (Inspection dates July 18 – 28, 2023) related to 1) failure to document deviations and/or rejected lots in validation technical reports 2) Laboratory controls without scientifically sound and appropriate specifications and test procedures 3) Component testing is deficient (not tested for conformity with all appropriate specifications for purity, strength, and quality)

4. The situation was addressed directly to the FDA with the following communication and the FDA did not object to our launch with the product currently on the market, please see below.

Pyridostigmine Bromide Oral Solution is manufactured by CMO, Sovereign Pharmaceuticals, LLC (Sovereign), Fort Worth, TX. Sovereign received an FDA warning letter on Oct 05, 2022. Milla Pharmaceuticals met with the Sovereign team from 11/14/22 to 11/18/22 after they had the opportunity to address outstanding quality issue identified in the warning letter. Upon careful review of the impact on Milla's Pyridostigmine Bromide Oral Solution product by the Head of Quality of Alter Pharma (parent company of Milla Pharmaceuticals, Inc.) and an independent US Quality Consultant, Milla Pharmaceuticals informed OGD and Orange Book team of its intention to commercially market the product from January 15, 2023.

Sovereign was subsequently inspected byFDA in July 2023 to verify the status of the Warning Letter remediation plan. A 483 Form was issued with some observations and the majority of CAPA implemented to respond to such observations are now closed.

Pyridostigmine Bromide Oral solution USP 60 mg/5 mL, Batch 22ZYA1, was manufactured at Sovereign facilities on Nov 15, 2022, according to a Master Batch Record reviewed and approved by Alter Pharma Group, following the instructions contained in the ANDA (as supported by a Process Validation exercise). The manufacturing operations (preparation of the bulk solution, filling into 16 oz. HDPE bottles, packaging and labelling) were conducted in the presence of Alter Pharma's Head of Quality, visiting the site, supported by an independent US Quality consultant on site. The batch was completed successfully, meeting all in-process specifications. The executed batch records, approval of starting materials and any associated change controls or deviations were also reviewed by Alter Pharma QA. Based on the available information, any potential impact of the Warning Letter content on this product was excluded. After full release testing, review and approval of any deviation occurred and compliance check with the current registered specifications, the batch is now ready for release and distribution to the US market.

Additional supporting information will also be provided with this correspondence.

I would be happy to address any additional questions.

PRIOR APPROVAL SUPPLEMENT
APPROVAL - NEW STRENGTH

Milla Pharmaceuticals, Inc.
601 Carlson Parkway, Suite 1050
Minnetonka, MN 55305
Attention: Madan Chilakuri
Head of Regulatory Affairs - US

Dear Madan Chilakuri:

This letter is in reference to your supplemental abbreviated new drug application (sANDA) received for review on November 8, 2023, submitted pursuant to section 505(j) of the Federal Food, Drug, and Cosmetic Act (FD&C Act) for Sodium Acetate Injection USP, 100 mEq/50 mL (2 mEq/mL), 200 mEq/100 mL (2 mEq/mL), and 400 mEq/100 mL (4 mEq/mL) Pharmacy Bulk Packaging Vials.

Reference is also made to any amendments submitted prior to the issuance of this letter.

The sANDA, submitted as a "Prior Approval Supplement," provides for:

> Additional of a new strength, Sodium Acetate Injection USP, 40 mEq/20 mL (2 mEq/mL) Single-Dose Vials.

We have completed the review of this sANDA and have concluded that adequate information has been presented to demonstrate that the drug meets the requirements for approval under the FD&C Act. Accordingly, the sANDA is **approved**, effective on the date of this letter. We have determined your Sodium Acetate Injection USP, 40 mEq/20 mL (2 mEq/mL) Single-Dose Vials, to be bioequivalent and therapeutically equivalent to the reference listed drug (RLD), Sodium Acetate Injection, 2 mEq/mL, of Hospira Inc.

Please note that if FDA requires a Risk Evaluation and Mitigation Strategy (REMS) for a listed drug, an ANDA referencing that listed drug also will be required to have a REMS. See section 505-1(i) of the FD&C Act.

COMPENDIAL STANDARDS

A drug with a name recognized in the official United States Pharmacopeia or official National Formulary (USP-NF) generally must comply with the compendial standard for strength, quality, and purity, unless the difference in strength, quality, or purity is plainly stated on its label (see FD&C Act § 501(b), 21 USC 351(b)). FDA typically cannot share

application-specific information contained in submitted regulatory filings with third parties, which includes USP-NF. To help ensure that a drug continues to comply with compendial standards, application holders may work directly with USP-NF to revise official USP monographs. More information on the USP-NF is available on USP's website as https://www.uspnf.com/.

REQUIREMENTS AND RECOMMENDATIONS POST APPROVAL

Under applicable statutes, regulations, and guidances, your ANDA may be subject to certain requirements and recommendations post approval, including requirements regarding changes to approved ANDAs, postmarketing reporting, promotional materials, and annual facility fees, among others. For information on post-approval requirements and recommendations for ANDAs and a list of resources for ANDA holders, we refer you to https://www.fda.gov/drugs/abbreviated-new-drug-application-anda/requirements-and-resources-approved-andas.

ANDA APPROVAL

Milla Pharmaceuticals, Inc.
601 Carlson Parkway, Suite 1050
Minnetonka, MN 55305
Attention: Madan Chilakuri
Head of Regulatory Affairs - US

Dear Madan Chilakuri:

This letter is in reference to your abbreviated new drug application (ANDA) received for review on July 11, 2019, submitted pursuant to section 505(j) of the Federal Food, Drug, and Cosmetic Act (FD&C Act) for Tromethamine Injection, 3.6 g/100 mL in 500 mL Single-Dose Container.

Reference is also made to the complete response letter issued by this office on June 16, 2023, and to any amendments thereafter.

We have completed the review of this ANDA and have concluded that adequate information has been presented to demonstrate that the drug meets the requirements for approval under the FD&C Act. Accordingly the ANDA is **approved**, effective on the date of this letter. We have determined your Tromethamine Injection, 3.6 g/100 mL in 500 mL Single-Dose Container to be bioequivalent and therapeutically equivalent to the reference listed drug (RLD), Tham 3.6 g/100 mL in 500 mL, of Hospira Inc. NDA - 013025.

Reference is also made to FDA's Competitive Generic Therapy Designation – Grant letter dated September 10, 2019.

We note that Milla Pharmaceuticals, Inc. (Milla) was granted a Competitive Generic Therapy (CGT) designation for Tromethamine Injection, 3.6 g/100 mL in 500 mL Single-Dose Container. Milla is the "first approved applicant" for Tromethamine Injection, 3.6 g/100 mL in 500 mL Single-Dose Container, as defined in section 505(j)(5)(B)(v)(III) of the FD&C Act. Therefore, with this approval, Milla is eligible for 180 days of CGT exclusivity for Tromethamine Injection, 3.6 g/100 mL in 500 mL Single-Dose Container, under section 505(j)(5)(B)(v) of the FD&C Act. This exclusivity begins to run from the date of the first commercial marketing of the CGT (including the commercial marketing of the listed drug) by Milla, as specified in section 505(j)(5)(B)(v) of the FD&C Act. Furthermore, in accordance with section 505(j)(5)(B)(v)(I) of the FD&C Act, this 180-day CGT exclusivity will not block approval of other applications until Milla has commenced commercial marketing. Please submit a correspondence to this ANDA informing the

Agency of the date you begin commercial marketing. Please also submit notice of first commercial marketing via e-mail to the Patent and Exclusivity Team at CDER-OGDPET@fda.hhs.gov. This e-mail should be sent the same day you commence commercial marketing. Reference is also made to the Special Forfeiture Rule for Competitive Generic Therapy in section 505(j)(5)(D)(iv) of the FD&C Act. Please be aware that, pursuant to this forfeiture rule, you will forfeit your eligibility for the 180-day CGT exclusivity period for Tromethamine Injection, 3.6 g/100 mL in 500 mL Single-Dose Container, if you fail to market this CGT within 75 days after the date on which the approval of this application is made effective.

Please note that if FDA requires a Risk Evaluation and Mitigation Strategy (REMS) for a listed drug, an ANDA referencing that listed drug also will be required to have a REMS. See section 505-1(i) of the FD&C Act.

COMPENDIAL STANDARDS

Designated Representative & MDEG Administrator Work Experience

I wanted to expand on my work experience and how it relates to wound care products.

As a Registered Nurse with over 7 years of experience in a high-acuity emergency room setting, I was routinely responsible for the assessment, treatment, and ongoing care of a wide range of wounds, including lacerations, burns, pressure ulcers, diabetic wounds, and traumatic injuries.

My responsibilities included performing wound assessments, initiating proper wound care protocols, collaborating with physicians on advanced treatments, educating patients on wound management, and ensuring strict adherence to sterile technique and infection control standards.

This hands-on experience has given me a deep understanding of wound healing processes and medical devices used in wound care, which directly translates to the responsibilities of an MDEG Administrator and Designated Representative.

Designated Representative & MDEG Administrator Work Experience

I wanted to expand on my work experience and how it relates to wound care products.

As a Registered Nurse with over 7 years of experience in a high-acuity emergency room setting, I was routinely responsible for the assessment, treatment, and ongoing care of a wide range of wounds, including lacerations, burns, pressure ulcers, diabetic wounds, and traumatic injuries.

My responsibilities included performing wound assessments, initiating proper wound care protocols, collaborating with physicians on advanced treatments, educating patients on wound management, and ensuring strict adherence to sterile technique and infection control standards.

This hands-on experience has given me a deep understanding of wound healing processes and medical devices used in wound care, which directly translates to the responsibilities of an MDEG Administrator and Designated Representative.

Provide explanation below:

During the COVID shut downs my small family business was struggling to stay afloat. I moved to re-open our doors against the Governors wishes and was harrassed by Metro Police and threatened by Governor Sisolak to remain closed. I filed a lawsuit in attempt to motivate the Governor and Metro to stop enforcing business closures so that I may financially support my employees, their families, my wife, and my newborn son at home.

BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

By

Seung W. Oh, Pharm.D.
Board President

To Nevada Board of Pharmacy,

In November 2021 (the day after Thanksgiving) I made a very bad choice. I had been on medical leave from my job at the veteran's hospital because of my COPD. In September of 2021 I had to resign my position because my doctor would not release me back to work. At that time, I did not qualify for unemployment because federal employees could not file a claim. The week of Thanksgiving I lost a couple friends and a family member to covid. I went a couple blocks away from my house and had a couple drinks with a friend. I decided to drive home and ended up getting a flat tire. I pulled over and called my husband. Since I was in the country an officer pulled over to help. He ended up taking me in.

I ended up with a Wet & Reckless. I paid my fines, did the 6 weeks of classes and 80 hours of community service at a cognitive behavior therapy center. I ended up staying on for a year helping at the facility with groups and helping with client drug testing.

I did not realize I had to report to the board in California within 30 days. After being notified by the board I did a 3-hour comprehensive assessment (which showed I did not have a problem), and I did put a breathalyzer in my car for a year on my own. My lawyer and I went back and forth with the board about my stipulations. In the end the board wanted me to call in every day for 5 years (even if I was on vacation, out of state or country) to see if it was a test day for me. I was also to notify them if I was out of my area for more than 24 hours! In the end I decided to self-surrender my California License after 27 years.

I do have my PTCB (since 2000), New Hampshire and Maine Pharmacy Technician License. I made them all aware, and they all renewed my license. and New Mexico

Thank you very much for your time and consideration. If you have any further questions, please feel free to reach out.

Value. Trust. Performance.

March 2024

To whom it may concern,

Trina Colby has been my employee since Dec 2021.

PharMerica is a Long-Term Care pharmacy that provides medication delivery for patients living in Skilled Nursing, Assisted Living, Group Home, Residential Care and Mental Health Rehab centers.

Trina is a pharmacy technician responsible for multiple tasks within our organization including training on the floor and in the office. She is also assigned to organizing our Control Substance perpetual inventory and occasional travel to support another pharmacy.

Our Long-Term Care patients rely on our prompt delivery and Trina plays a big role ensuring that orders are processed timely. Delays in starting a new therapy can be detrimental to the population we service and timing is critical. Trina is reliable and has an excellent attendance history. She is my go-to when we have a need as I know she will go above and beyond to get the job done.

Trina is a pleasure to be around. She gets along well with others and we enjoy having her as a part of our team. We value Trina and can say with confidence that she would be an asset to any pharmacy.

Patient reports things are going well. Their brother recently moved to Seattle for work. She is sad because she felt that her brother made her feel safer. She is hoping to get prompted at CVS. Overall she feels like her mental health is about the same. She has noticed pain has increased because she has been working more. She is will occasionally take the clonidine when she is unable to sleep but this does not happen often. Does not feel like medications need to be changed at this time.

NEVADA STATE BOARD OF PHARMACY

POLICY MANUAL 2025

INTRODUCTION

Board members and employees have a duty to carry out and enforce the provisions of Nevada law to protect the health, safety and welfare of the public. *See* NRS 622.080, NRS 639.070(1)(a), NRS 639.213 and NRS 639.2171(1).

General Purpose and Scope

These policies and procedures apply to all Board members and employees. They are not intended to be exhaustive and do not override the specific provisions of law as applied to a particular set of facts. To the extent possible, these policies and procedures are intended to supplement statutes, regulations and executive orders governing the Board, together with the State Administrative Manual and other statewide policies and procedures that apply to all State Executive Branch agencies. If there is a conflict between such other provisions and the provisions of this manual, the other provisions control. In some instances, certain statewide policies and procedures are incorporated by reference in this manual. The Executive Secretary may implement additional policies and procedures not inconsistent with this manual and applicable law.

Employee Input and Improvements

Throughout the Board's history, its employees have been the best source of innovation and improvement of the Board's operations. All employees are encouraged to comment to the Executive Secretary or the General Counsel upon these policies and procedures at any time. These policies and procedures should accurately reflect the actual operations of the Board and lead to greater efficiency in our service to the public.

Review and Changes to the Policies and Procedures

The Board may require changes to these policies and procedures whenever the Board deems necessary. The Executive Secretary and the General Counsel shall review these policies and procedures at least once biennially and make any recommendations for changes to the Board.

No Third-Party Rights

This manual is intended to guide the internal operations of the Board and its staff and is not intended to create any rights, duties, or obligations regarding any person who is a not Board member or employee.

EMPLOYMENT POLICIES

Board employment policies and practices will conform to the requirements of NRS Chapter 281 and Chapter 613.

Employment At Will

Each employee of the Board is employed at will, meaning that the employee may be terminated for any reason or no given reason and with or without any previous disciplinary action or notice. The Executive Secretary serves at the will of the Board. All other employees serve at the will of the Executive Secretary. The Executive Secretary may enlist the assistance of one or more Board members or the entire Board to review applications, interview candidates, or ratify hiring or termination decisions, but the Executive Secretary may also make any employment decisions without the assistance of the Board, as the Executive Secretary deems in his or her discretion to be appropriate or necessary.

Work Hours

An employee is considered full-time if he or she is expected to regularly work 40 or more hours per week. An employee is considered part-time if he or she is expected to regularly work less than 40 hours but more than 20 hours per week. An employee is considered occasional if he or she is expected to regularly work less than 20 hours per week. Occasional employees receive no benefits unless otherwise provided in these policies and procedures. Unless otherwise allowed by the Executive Secretary, every full-time employee is expected to work 40 hours per week.

Compensatory Time

If an employee works 15 or more minutes beyond his or her regular workday or on a weekend or holiday, he or she may record that time as compensatory time. Compensatory time is kept and used in quarter-hour increments. Each employee is responsible for recording his or her own compensatory time. The Executive Secretary shall review each employee's total compensatory time at the end of the calendar year.

An employee may use his or her compensatory time flexibly as long as the use of the compensatory time does not affect pending assignments. An employee needs prior approval from the Executive Secretary or the General Counsel to use compensatory time. Las Vegas employees must also notify the Las Vegas Office Manager of any leave requested before taking any such leave.

An employee may carry forward from one calendar year to the next a maximum amount of compensatory time equal to three times the maximum amount of annual leave he or she is allowed to carry forward from one calendar year to the next. All compensatory time in excess of the allowable maximum will be forfeited on January 1 of each year.

Upon termination of employment, an employee is entitled to be paid for unused compensatory time at his or her regular hourly rate up to the allowable maximum amount, which shall correspondence to the maxim amount for annual leave set forth in the table below. Unlike sick leave and annual leave, compensatory time may not be donated to other employees.

Annual Leave

Annual leave for full-time employees shall accrue and may be accumulated based upon the length of time that the employee has worked for the Board according to the following schedule:

Time Employed	Hrs./Pay Period	Max. Accumulation
10 years or less	5 hrs./pay period	320hours
10 to 15 years	6. hrs./pay period	320 hours
More than 15 years	7 hrs./pay period	320 hours

A part-time employee shall accrue annual leave at a rate proportionate to their percentage of full-time employment compared to the rate that would be allowed to a full-time employee with the same number of years of employment. For example, a part time employee working a 50% schedule would accrue leave equal to 50% of the accrual that would be allowed to a full-time employee with the same number of years of employment.

An employee should notify the Executive Secretary or the General Counsel and schedule his or her use of annual leave upon the Board's master calendar as soon in advance of the use of the leave as possible (and in the usual case no later than three weeks before the leave) so that the Executive Director and the General Counsel can schedule coverage. Las Vegas employees must also notify the Las Vegas Office Manager of any leave requested before taking any such leave. Reasonable leave requests will be granted unless, at the discretion of the Executive Secretary or the General Counsel, such leave would compromise the efficiency or work of the Board. Employees are encouraged not to seek leave during dates of Board meetings or from September 1 through November 15 of each year. The Executive Secretary may grant leave without prior notice to an employee for unforeseen or unanticipated circumstances of personal misfortune (such as a death of a family member or friend).

At the end of each calendar year, an employee will forfeit any annual leave he or she has accumulated that exceeds the maximum accumulation for that particular employee. An employee with 6 months of employment or more will be paid for their accumulated annual leave upon any termination of his or her employment with the Board at his or her most recent hourly rate up to a maximum of the number of annual hours he or she could accumulate.

Annual leave must be taken in half-hour increments. An employee must use compensatory time in excess of 20 hours for any absence from the office before he or she

may use annual leave. Employees are encouraged to use their leave throughout the year rather than using it all in the last quarter of the calendar year.

An employee may donate accumulated annual leave to another employee. The terms of the donation, including a determination of whether and how the leave will be repaid, must be made in writing between the two employees and must be approved in writing by the Executive Secretary. A copy of the written agreement must be provided to the Administrative Assistant so that the terms of the agreement can be accommodated by the payroll service. The donor employee will be without recourse if the doner employee terminates his or her employment before he or she has repaid the donated leave.

Sick Leave

Full-time employees accrue sick leave at the rate of 5.0 hours per pay period. Part-time employees accrue sick leave at a rate proportionate to their percentage of full-time employment. There is no limit to the number of hours of sick leave that may be accrued by an employee. An employee whose employment is terminated by reason of retirement or death may receive payment for his or her accrued sick leave in excess of 240 hours at his or her most recent hourly pay based upon the number of years of employment by the Board according to the following schedule:

Time Employed	Maximum Paid
Less than 10 years	None
10 to 15 years	$2,500
15 to 20 years	$4,000
20 to 25 years	$6,000
More than 25 years	$8,000

Whenever possible, an employee should notify the Executive Secretary or the General Counsel (and the Las Vegas Office Manager if the employee is a Las Vegas employee) when he or she intends to use sick leave. Sick leave is only to be used if:

- The employee is unable to perform the duties of his or her position because he or she is sick, injured, or physically incapacitated due to a *bona fide* medical condition.
- The employee is quarantined.
- The employee is receiving medical, psychological, optometric, or dental service or examination.
- A member of the employee's family is sick, injured, physically incapacitated, quarantined, or receiving treatment or examination for a *bona fide* medical condition and the employee is needed to minister, transport, or otherwise assist the family member.

An employee may be asked to provide evidence of the reason given for the use of sick leave by the Executive Secretary or the General Counsel. Misuse of sick leave is a cause for discipline up to and including termination.

Extraordinary Leave

An employee may seek from the Executive Secretary or the General Counsel extraordinary leave under such conditions and for such time as the employee deems needed when:

- The employee is unable to perform his or her duties because of his or her own serious, *bona fide* illness or accident which is life threatening, or which will require convalescence exceeding ten working days.
- The employee is unable to perform his or her duties because of the serious, *bona fide* illness or accident which is life threatening, or which will require convalescence exceeding ten working days for a member of the employee's family or other person who will rely upon the employee's presence.
- The death of a member of the employee's family or close friend that may require the absence of the employee for more than three working days.
- Any other unforeseen or unfortunate personal circumstance that will require the absence of the employee for more than three working days.

The Executive Secretary or the General Counsel will attempt, as much as possible, to accommodate the employee's request for extraordinary leave. Las Vegas employees must also notify the Las Vegas Office Manager of any leave requested before taking any such leave. An employee will use his or her accrued sick leave (when appropriate), compensatory time, and annual leave for extraordinary leave. If the extraordinary leave will continue beyond all such accrued leave, other employees may donate their accrued leave of any type to assist the employee on extraordinary leave. Throughout the period of extraordinary leave, the employee on extraordinary leave shall call the Executive Secretary or the General Counsel to notify him or her of any significant change of circumstances regarding the leave and when the employee might be able to return to work.

If the extraordinary leave will continue beyond all the employee's accrued leave and the other employees' donations of leave are inadequate to cover the employee's extraordinary leave with pay, the employee and the Executive Secretary shall discuss whether the employee will be allowed to go on leave without pay or whether other arrangements, including termination of the employee's employment, are appropriate.

Miscellaneous Special Leave

Administrative Leave – Administrative leave is leave with pay that is not deducted from the employee's annual or compensatory leave amounts. Administrative leave will be granted an employee under the following circumstances:

- Blood Donation – An employee may take leave with pay for the time necessary to donate blood or blood products (such as platelets) as long as the Executive Secretary or the General Counsel has approved the leave in advance.

- Jury or Witness Duty – An employee will be granted administrative leave for the actual time he or she is required to serve as a juror or as a witness in a court or administrative proceeding other than a hearing or meeting with the Board. Any jury or witness fees must be paid to the Board.

Military Service Leave – An employee who is a member of the National Guard or a Reserve unit of the military will be granted leave for training under the same conditions as would apply to any other request for annual or compensatory leave except that such leave can only be denied by the Executive Secretary if the employee's absence would substantially impair the necessary work of the Board.

Holidays

The Board will observe legal holidays as specified in NRS 236.015, for which all employees will be paid based upon their current salary. If a legal holiday falls on a day within the workweek that is not a regular workday for an employee, that employee shall claim 25% of their regular hours per workweek as compensatory time.

Continuity of Service

Assembly Bill 522 of the 2023 Legislative Session (AB 522) reinstates a plan, administered by the Division of Human Resource Management (DHRM), to encourage continuity of service for State employees, also known as "longevity pay". The following guidance has been established to aid Departments/Divisions in navigating the new longevity program.

Dates of Payment, Eligibility, and Responsibility for Longevity Payments

Non-classified full-time employees, unclassified employees, and classified employees not in a Bargaining Unit covered under a collective bargaining agreement (CBA), are eligible for longevity pay pursuant to Section 32 of AB 522 (2023). Employees covered under a CBA should reference their respective agreement for applicable longevity payments.

Employees are eligible for longevity payments after eight (8) years of continuous service, as defined by the Human Resources Commission in NAC 284.0525 and NAC 284.598, and if they have received a rating of "standard" or "exceeds standards" on their most recent report on performance.

For FY 24, employees eligible for longevity payments will receive the first disbursement for the period of July 1, 2023, through December 31, 2023, on December 15, 2023, and the second disbursement for the period of January 1, 2024, through June 30, 2024, on June 14, 2024.

Departments/Divisions are responsible for the payment of longevity pay to an employee if that employee is employed by the Department/Division on the date on which the employee becomes eligible for the longevity payment. Employees that have separated from State service as of these dates will not receive longevity pay. Departments/Division pay clerks have received preliminary longevity reports from the DHRM requiring appointing authority approval. These forms should be returned to Central Payroll as soon as possible, if not done so already. If these approved memos have not been received back by DHRM, payments will still be processed but corrections could be required

PERS Consideration

Section 32 of AB 522 (2023) requires that if an employee "has elected to have their contribution for the Public Employees' Retirement System (PERS) paid by [their] employer, any payment made to the employee pursuant to this section must be counterbalanced by an equivalent reduction in the employee's salary for the employee's portion of the contribution in the same manner as prescribed in NRS 286.421."

Calculation of Longevity Payment

Employees that meet the eligibility criteria above are entitled to receive a semiannual payment of one hundred dollars ($100.00), plus:

A) An annual increase of twenty-five dollars ($25.00) in the semiannual payment for each year of the employee's ninth (9th) through fourteenth (14th) years of continuous service;
B) An annual increase of fifty dollars ($50.00) in the semiannual payment for each year of the employee's fifteenth (15th) through twenty-fourth (24th) years of continuous service; and
C) An annual increase of seventy-five dollars ($75.00) in the semiannual payment for each additional year of continuous service after the employee's twenty-fourth (24th) year, up to a maximum payment of thirty (30) years of continuous State service.

- Account receivable items and account payable items must be segregated. No single staff member can have access to both at the same time.

Grants Management

The Board shall comply with the applicable Grants Management Common Rule for any federal grant funds, including, without limitation, 2 CFR Part 200.

Board Member Per Diem

Board Members receive a payment of $80, NRS 639.050, each day they attend a Board meeting.

LEGAL AND ADMINISTRATIVE ACTIONS

Defense and Indemnification

Generally, the State will defend and indemnify Board members and employees for actions taken in good faith within the scope of their statutory duties. The Board pays premiums into the State Tort Claims Fund pursuant to NRS 622.215. However, Board members and employees must comply with the requirements of NRS Chapter 41 and Chapter 2900 of the State Administrative Manual for defense and indemnification.

Service of Process

Board members and employees shall immediately notify the Chief General Counsel and the Office of the Nevada Attorney General whenever served with a complaint in federal or state court, or a petition for judicial review, or if otherwise presented with legal documents, since service must be effected in strict compliance with FRCP 4(j)(2), NRS 41.031(2) or NRS 233B.130(2), which includes service upon the Office of the Nevada Attorney General.

Documentation of Attorney's Fees and Costs

The Board may recover reasonable attorney's fees and costs that are incurred as part of its investigative, administrative and disciplinary proceedings pursuant to NRS 622.400. In any matter that results in disciplinary action, whether by stipulated settlement or by Board order following a hearing, the Board may order reimbursement for expenses necessarily incurred in protecting the public. This may include, without limitation, time and travel costs incurred by Investigators and Board Coordinators in the investigation of the matter, General Counsel in the prosecution of the matter, witnesses and expert witness fees and the Office of the Nevada Attorney General in serving as Board counsel.

The Board may also recover reasonable attorney's fees and costs that are incurred as a prevailing party in judicial actions related to the Board's enforcement authority pursuant to NRS 622.410.

The Board must document that attorney's fees and costs are both reasonable and actual; therefore, Investigators, the General Counsel and the Board Coordinators will document their time on the investigation and prosecution of any disciplinary matter, or on any litigation related to the Board's enforcement authority, using a timekeeping system approved by the Chief General Counsel.

COMPLAINT INVESTIGATION PROCEDURES

The investigation procedures determined by the Chief Investigator along with the following procedures for the investigation of complaints should be followed by Investigators in the usual course. Deviation from the procedures may occur from time to time as situations and circumstances require, but such deviations should be approved in advance by the Executive Secretary whenever practicable.

1. **The Chief Investigator will conduct an initial review of all complaints submitted.** The review will include an initial screening consistent with the Policies & Procedures for Screening of Staff to Avoid Conflicts of Interest set forth in Appendix F. The review will also include a determination of whether the complaint is against licensee(s), whether the matter is within the Board's jurisdiction or the jurisdiction of another board, and whether the complaint states a claim. If the complaint is within the Board's jurisdiction and warrants investigation, the matter will be referred to the Board Coordinators. If the complaint appears within the jurisdiction of another board, it will be referred to the appropriate board. If the complaint does not warrant an investigation and/or fails to state a claim, the Chief of Investigations will respond in writing as necessary.
2. **Board Coordinators log in complaints, assign them a number, and route them to Chief Investigator.** The Board Coordinator should process the complaint within one working day of receipt.
3. **The Investigator contacts the complainant within two working days after receiving the complaint.** Unless the Investigator feels that early contact with the complainant would impair the investigation, the Investigator should make initial contact with the complainant as soon as possible.
4. **The complaint is investigated in a timely manner.** The Board staff has broad legal authority to access and inspect premises and records. Investigators should request that the Executive Secretary issue subpoenas for the production of witnesses, documents or papers to the extent necessary. As questions or tactical decisions arise, Investigators should consult the Executive Secretary, Deputy Executive Secretary, Chief Investigator or assigned General Counsel.
5. **The Investigator submits a report.** Investigators should prepare a detailed narrative report on the standard form. The report should attach copies or references to the evidence collected in the investigation, including written or recorded statements of witnesses. The factual assertions that form the basis for the findings and conclusions in the report and any allegations of violations of law should not be based solely on uncorroborated hearsay but must be supported by direct evidence. The report should also document the time expended by the Investigator on the case.
6. **The Investigative Committee will review the report and determine how to proceed.** The Investigative Committee will be comprised of the Executive Secretary or Deputy Executive Secretary, the Chief Investigator, the assigned General Counsel, and the assigned Investigator. If necessary, a

cease-and desist order will be issued prior to filing an accusation.

INSPECTION PROCEDURES

The Board staff has broad legal authority to access and inspect premises and records. The following inspection procedures should be followed by Inspectors in the usual course. Deviation from the procedures may occur from time to time as situations and circumstances require, but such deviations should be approved in advance by the Executive Secretary whenever practicable. Following should be the usual steps in the inspection process:

1. **The Administrative Assistant notifies the pharmacies and facilities to be inspected in the first week of the month preceding the month in which the inspection will occur.** The notification will consist of a form letter, a pre-inspection form, and a workplace assessment tool with instructions that the pharmacy would need to have the forms completed and all materials available for a random inspection one month later. (For example, the materials would be provided in the first week of January for facilities that would be inspected in February.)
2. **The Administrative Assistant notifies the Inspector of the pharmacies and facilities to be inspected one week before the inspections will occur.** On a monthly basis, the Administrative Assistant will schedule pharmacies and facilities to be inspected based upon locale and will notify the Inspectors of their upcoming inspections one week before the actual inspections are to occur. The Administrative Assistant shall also notify the General Counsel and the Las Vegas Office Manager of the weekly assignments so that questions of rescheduling or efficiency can be addressed to them.
3. **The Inspector conducts the assigned inspections unannounced.** The Inspector will visit the assigned inspections in such order as he or she deems efficient, as long as the weekly assignments are completed. The managing pharmacist is not required to be present at an inspection, nor are appointments to be made. Inspectors should minimize disruption of the pharmacy's operations by doing inspections as unobtrusively as possible. Inspectors should request the production of any records necessary for an inspection and must note all deficiencies to be addressed and corrected. Inspectors shall immediately notify the General Counsel if issuance of an administrative warrant is needed pursuant to NRS 453.261 & .266.
4. **The Inspector sends the completed inspection forms to the Administrative Assistant.** The Administrative Assistant will log in the date of completion of all inspection forms.
5. **The Administrative Assistant responds appropriately to all notes on the inspection forms.** If the Inspector has noted deficiencies, the Administrative Assistant will prepare a letter for the Executive Secretary's signature to the pharmacy or facility informing the pharmacy or facility of the time within which the deficiency must be addressed and corrected. The Administrative Assistant will also log and schedule the follow-up visit (when appropriate) by putting the follow-up visit on the appropriate schedule for the Inspector.

6. **The Administrative Assistant will follow-up on deficiencies.** Where a letter has been sent regarding deficiencies and the deficiencies have not been timely addressed and corrected, the Administrative Assistant will notify the Board Coordinator of the failure to remedy the deficiencies so that the Board Coordinator can open a complaint matter against the pharmacy or facility.
7. **The Administrative Assistant will prepare reports.** The Administrative Assistant will enter the workplace assessment tool data into the Board's computer system within five business days of receipt of the reports from the Inspector. The Administrative Assistant will prepare and provide to the General Counsel at least quarterly a status report of the inspections completed by each Investigator.

ELECTION OF BOARD OFFICERS

NRS 639.040(1) requires the Board to elect a President and a Treasurer from among its members. The election of Board officers will be conducted under the following procedure:

1. The Board will hold an election for the offices of President and Treasurer at the regularly-scheduled meeting in June of even-numbered years.
2. The term of office will commence at the next Board meeting for a period of two years.
3. The outcome of the election will be determined by majority vote.
4. There will be no term limits.
5. In the event of the termination of an officer's tenure on the Board, an election will be held at the next regularly-scheduled Board meeting to fill the vacancy.

WHISTLEBLOWER PROTECTIONS

All Board members and employees are subject to the State of Nevada Executive Whistleblower Provisions set forth in Appendix H. Each Board member and employee shall provide their certificate of completion of the Whistleblower Training for retention in the individual's personnel file that he or she has read and understands the Whistleblower Provision in conformance with NRS 281.661.
