Certificate of Registration No: PT03749 — **Case No. 02-047C-PT-S**

Respondents.

COMES NOW Keith W. Macdonald, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Peter A. Riso and Peter M. Kambiss are pharmacists licensed with the Board and John M. Quinn was a pharmaceutical technician in training licensed with the Board.

II.

Prior to Saturday, March 30, 2002, Patient A was traveling in California and realized that she would be out of her maintenance medication for her heart, Inderal 10

mg. tablets, by the weekend when she planned to returned home to Las Vegas. Patient A telephoned Walgreen's #03844 and spoke with managing pharmacist Peter Riso to have her Inderal prescription refilled. Mr. Riso advised Patient A that her refills had run out, but he would contact her physician to get refill authorization. Mr. Riso advised Patient A that if contact with her physician was not made prior to her return, she could pick up 15 tablets to hold her over for the weekend.

III.

Patient A returned home and went to Walgreens #03844 to pick up her Inderal on Saturday, March 30, 2002. Patient A's physician had not yet called the pharmacy to approve refilling her Inderal. Patient A then requested from pharmaceutical technician John Quinn the 15 tablets Mr. Riso had promised her.

IV.

Mr. Quinn questioned the pharmacist on duty, Peter Kimbiss, if he could give Patient A 15 tablets of Inderal for the weekend. Mr. Kimbiss gave Mr. Quinn permission to dispense an emergency amount of Inderal until her physician contacted the pharmacy to refill her prescription. At that time, Mr. Quinn obtained a stock bottle of Inderal 10 mg. tablets and poured a quantity of tablets in his hand, counted the tablets, and placed them in Patient A's prescription vial. Patient A questioned why Mr. Quinn was handling her medication with his hand. Mr. Quinn replied that it was common practice and Patient A did not know pharmacy law. Patient A left the pharmacy with the medication.

V.

Patient A returned with her husband and a member of the store management staff. Patient A asked Mr. Kambiss to replace the Inderal tablets given to her by Mr. Quinn. While Mr. Kambiss was replacing the Inderal tablets, Patient A and Mr. Quinn began to argue again. Patient A and her husband asked to see Mr. Quinn's pharmacy technician registration. Mr. Kambiss went to locate the certificate, however it was not in the frame where pharmacy staff licenses were kept. At a later time Mr. Quinn brought a copy of his certificate to the pharmacy.

VI.

Patient A asked for a telephone number for a pharmacy supervisor and was given Marcie Ranick's telephone number. Prior to speaking with Ms. Ranick, Patient A telephoned the Board office and checked to see if Mr. Quinn was registered. Patient A was advised that Mr. Quinn had been registered as a pharmaceutical technician-in-training at a Sav-On pharmacy, but he left his employment where he was registered, and his registration was closed. Mr. Quinn did not have a pharmaceutical technician's registration and was not registered as a technician-in-training at Walgreens #03844 or at any other Walgreens pharmacy. Patient A spoke with Ms. Ranick and found her to be unconcerned about Mr. Quinn's practice of filling prescriptions from the palm of his hand. Ms. Ranick also told Patient A that Mr. Quinn was a registered pharmaceutical technician and that Board staff must have been mistaken. Mr. Quinn had been working at Walgreens #03844 since February 15, 2001 without a valid pharmacy technician registration certificate.

VII.

As of the date of this Accusation, Mr. Quinn continues to be employed by Walgreens at Walgreens Pharmacy #03845. Board staff has notified Walgreens Pharmacy #03845 to cease to employ or use Mr. Quinn in the capacity of a pharmaceutical technician or technician-in-training until Mr. Quinn applies to be and is granted registration.

FIRST CAUSE OF ACTION

VII.

By working at Walgreens #03844 as the managing pharmacist and being responsible for all activities in the pharmacy, Mr. Riso violated Nevada Revised Statute (NRS) 639.210(4) and (15) and Nevada Administrative Code (NAC) 639.945(1)(i).

SECOND CAUSE OF ACTION

VIII.

By allowing Mr. Quinn to fill a prescription for Patient A by pouring tablets in his hand and placing them in a prescription vial, Mr. Kambiss, the staff pharmacist on duty, violated NRS 639.210(4) and NAC 639.945(1)(i).

THIRD CAUSE OF ACTION

IX.

By not intervening as the staff pharmacist on duty while Mr. Quinn and Patient A were arguing, Mr. Kambiss violated NRS 639.210(4) and NAC 639.945(1)(i).

FOURTH CAUSE OF ACTION

X.

By working at Walgreens #03844 without a current active pharmaceutical technician license for 18 days, Mr. Quinn violated NRS 639.210(4) and 639.284(2) and NAC 639.945(1)(i) and (k).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the licenses or registrations of the Respondents.

Signed this 25th day of June, 2002.

Respondents.	

THIS MATTER was heard by the Board at its regular meeting on July 24, 2002, in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All of the Respondent Walgreen's pharmacies, Walgreens Co., and Respondents Carl M. Heuer, Peter A. Riso, Jr., Peter M. Kambiss, Jonathan C. Box, Scott L. Trinh, Robin M. Bonga, Michele L. Ito, and Stephen C. Lessard were represented by Graham, Wilde, Harker & Boggess and Robert C. Graham. Respondent Jessica Nguyen was represented by Thomas J. Tanksley. Respondent Michael Triolo was represented by Kathleen A. Murphy. Respondent John M. Quinn appeared and represented himself.

Prior to the hearing, Mr. Ling and Mr. Graham stipulated to bifurcate the matter involving Walgreen's Pharmacy #03843 and Carl M. Heuer (Case No. 02-065) from the remaining matters. Mr. Ling and Mr. Graham further agreed that Case No. 02-065

would be heard at the Board's regular meeting on October 16, 2002 in Las Vegas. The Board accepted the stipulation proposed by Mr. Ling and Mr. Graham and ordered that Case No. 02-065 be heard separately on October 16, 2002.

As a result of the stipulation to bifurcate approved by the Board, the Board heard the remaining matters at its hearing on July 24, 2002. Based upon the testimony and evidence presented and the public records in the possession of the Board, the Board issues the following findings of fact, conclusions of law, and order resolving as a final order all matters except Case No. 02-065.

FINDINGS OF FACT

1. The Board and the various Respondents' counsels presented the testimony of numerous witnesses and introduced several exhibits into evidence. Because the testimonies of most of the witnesses served primarily for individual matters and for the sake of administrative convenience, the Board will state the facts for each matter on a matter-by-matter basis.

Walgreens #3871 & Jonathan Box (Case No. 02-038)

2. Counsel for Walgreens and Mr. Box and the General Counsel agreed that the facts as plead in the Notice of Intended Action and Accusation were true and correct regarding this matter. The General Counsel stated that the complainant in this matter was unavailable for medical reasons, but because of the agreement reached between the parties, his testimony would be unnecessary. Counsel for Walgreens and Mr. Box presented the testimony of Mr. Box.

3. On January 7, 2002, Patient M's physician prescribed Singulair 5mg. tablets for him to help with his breathing difficulty. Patient M's physician telephoned the prescription to Walgreen's #03871 to be filled. Patient M is a five-year-old male with an asthmatic condition.

4. Patient M took the medication for four days before telling his father that the "medicine tasted funny." Patient M's father checked the prescription bottle and it was labeled correctly. Upon closer observation Patient M's father found that the label had been placed on a stock bottle of Proscar 5 mg. tablets. After checking the tablets in the Proscar stock bottle it was determined that the medication was not Singulair as prescribed, but Proscar tablets.

5. Mr. Box was the pharmacist who filled Patient M's prescription. Mr. Box stated that he doubted that he had counseled Ms. M when she picked up the prescription for Patient M as he believed Patient M had taken Singulair in the past. The counseling log was inconclusive as there were no initials on the log. At hearing, Mr. Box stated that he could not explain how he had mistakenly filled a Singulair prescription with Proscar 5 mg.

Walgreens #05014 & Michelle Ito (Case No. 02-032)

6. Board staff presented the testimony of Aubrey Alexander. According to Ms. Alexander, on February 6, 2002, she took two new prescriptions from her physician to Walgreen's #05014 to be filled. One prescription was for Ambien for her sleeping difficulties and the other was for Ultram for persistent pain. Ms. Alexander dropped the prescriptions off in the morning and was advised she could pick them up in the afternoon. Ms. Alexander inquired if she could use the drive-through to pick up her prescriptions and was told that she could pick them up at that location.

7. Ms. Alexander returned to Walgreen's #05014 at approximately 4:00 p.m. to pick up her medication at the drive-through window. Ms. Alexander recalls having to wait for a period of time as there were two cars ahead of her in line. When she arrived at the drive-through window, Ms. Alexander was told by a pharmacy technician that her prescriptions were not ready. Ms. Alexander asked the pharmacy technician to check again as she was told the prescriptions would be ready at 3:00 p.m. After a few minutes' wait, the pharmacy technician returned with her prescriptions. Ms. Alexander was asked if she had taken these medications before. Ms. Alexander indicated that she had taken both medications before. Other than the question asked by the pharmacy technician, Ms. Alexander was not counseled by a pharmacist on her prescriptions even though both prescriptions were new to her profile at this pharmacy.

8. While in her vehicle, Ms. Alexander took one tablet from the Ultram vial for the pain she was experiencing and left the pharmacy to run errands. After an hour had passed and her pain had not diminished, Ms. Alexander took a second tablet from the Ultram vial. After taking the second tablet Ms. Alexander began feeling disoriented and sick to her stomach. Ms. Alexander cancelled her plans to run errands, went home and fell asleep sitting up in a chair. Ms. Alexander explained at hearing that it was

extremely unusual and out of character for her to sleep in a chair. Several hours later she was awakened by her telephone ringing.

9. Ms. Alexander realized that something was wrong with the medication she had taken and reviewed the prescription bottles she picked up from Walgreens #05014 earlier in the day. After looking inside the bottles, Ms. Alexander discovered the Ambien medication was in the prescription bottle labeled Ultram and the Ultram medication was in the prescription bottle labeled Ambien.

10. The Board's investigation showed that there were two labels on each bottle. The underneath labels were for the correct medication, but the instructions for taking the medications were incomplete.

11. At hearing, Ms. Ito explained that when she was verifying prescriptions filled by the pharmaceutical technicians at Walgreens #05014 she discovered that the label for one of Ms. Alexander's prescriptions contained an incomplete direction for use, so she sent the prescriptions back to the pharmaceutical technician to have the label corrected. The two vials would have been sent back together since they were for the same patient. Ms. Ito explained that she would have checked the new labels and that she could not explain why she did not discover that the new labels had been improperly placed upon the wrong vials.

12. Ms. Ito also explained that the pharmacy's computer system showed that Ms. Alexander picked up her prescription at 4:07 p.m. Ms. Ito claimed that she was off shift at 4:00 p.m. and that she would have left precisely at 4:00 p.m. Thus, Ms. Ito claimed that she could not have been the pharmacist who failed to counsel Ms. Alexander and that the pharmacist who replaced Ms. Ito would have been responsible to counsel Ms. Alexander.

Walgreens #06310 and Stephen Lessard (Case No. 01-019)

13. Board staff presented the testimony of Rebecca Gang. According to Ms. Gang, on February 7, 2002, she took two new prescriptions from her physician to Walgreen's #06310 to be filled. One prescription was for Ambien 5mg. #20 and the other was for Synthroid 0.075mg. #90. Ms. Gang dropped the prescriptions off at approximately 9:30 a.m.

14. Ms. Gang returned to Walgreen's #06310 at approximately 12:30 p.m. to pick up her medication at the drive-through window. Ms. Gang was told by a Walgreen's pharmacy clerk that they owed her 85 pills on her prescription. Ms. Gang questioned the clerk and the clerk advised her that they had run out of Levothyroxine. Ms. Gang advised the clerk that she was taking Synthroid, not Levothyroxine, and asked to speak to the pharmacist. Ms. Gang asked the clerk to speak to the pharmacist several times, but the pharmacist did not respond to Ms. Gang's requests.

15. Ms. Gang was advised that her prescription for Synthroid would be ready in approximately 15 minutes. Ms. Gang requested her prescription for Ambien and indicated she would return later for the Synthroid prescription. Ms. Gang was not counseled for her new prescription for Ambien.

16. Ms. Gang returned to the drive-through window of Walgreen's #06310 later in the evening of February 7th to pick up her prescription for Synthroid. Ms. Gang was not counseled for her new prescription for Synthroid by the pharmacist on duty, Stephen Lessard.

17. At hearing, Mr. Lessard explained that it was Walgreens' routine and policy to substitute levothyroxine for Synthroid, even though he admitted that the two are not AB rated. Mr. Lessard explained that he did not speak to Ms. Lessard because his pharmaceutical technician relayed Ms. Gang's questions to him while he was filling Ms. Gang's Synthroid prescription. He further explained that he was on his way over to counsel Ms. Gang, but the pharmaceutical technician had already given Ms. Gang the Ambien prescription and so Ms. Gang left before he could speak with her.

Walgreens #05015 & Jessica Nguyen (Case No. 02-031)

18. Board staff presented the testimony of Robbie Ierley. Ms. Ierley testified that on February 25, 2002, she took a new prescription from her dentist for Decadron Dosepak to Walgreen's #05015 to be filled. Ms. Ierley stated that she was quite familiar with the Decadron Dosepak because it was an older medication that she had dispensed when she worked at retail pharmacies and because it was manufactured by Merck, and she was presently employed as a pharmacist by the Merck-Medco pharmacy facility in Las Vegas.

19. The pharmacy was busy and Ms. Ierley waited for approximately an hour for her prescription to be filled. When Ms. Ierley finally picked up her prescription, a clerk brought Ms. Ierley her prescription and said to her, "I know you're a pharmacist", to which Ms. Ierley replied that she was. The clerk told Ms. Ierley that her prescription would be $10.00 and concluded the transaction. Ms. Ierley was not counseled regarding her prescription even though Medrol Dosepak was new to Ms. Ierley's profile at the pharmacy.

20. When the prescription was ready Ms. Ierley noticed that her prescription had been filled with Methylpredisolone 4mg. Dosepak. Ms. Ierley is a pharmacist and knew that the strength of the drug she was given was not as strong as the drug her dentist prescribed. Ms. Ierley questioned a pharmacist on duty, Jessica Nguyen, regarding the difference in strength. Ms. Nguyen told Ms. Ierley that she did not have Decadron Dosepak and argued that the drug she was given was exactly the same as the drug her dentist prescribed. Because of the way Ms. Nguyen addressed Ms. Ierley's concerns and because Ms. Ierley could not conceive that a pharmacist would change a drug on a prescription without first contacting the prescribing practitioner, Ms. Ierley assumed Ms. Nguyen had contacted her dentist to change the medication.

21. Ms. Ierley reluctantly took the medication home and began taking the medication given to her as directed because she was in considerable dental pain. Ms. Ierley tried to contact her dentist to verify the change in medication, but she was not able to make contact with him for four days. When Ms. Ierley finally spoke with her dentist, he informed her that he had not spoken to anyone from Walgreen's #05015 and that he did not authorize a change in medication.

22. Ms. Ierley related that the lower strength Methylpredisolone Dosepak failed her treatment. Her dentist gave Ms. Ierley another prescription for Decadron Dosepak that she had filled elsewhere, and fortunately her condition improved.

23. At hearing, Ms. Nguyen testified that Walgreens #05015 was extremely busy and, in her opinion, poorly staffed. Ms. Nguyen described one of her pharmaceutical technicians as 70 years old and incapable of keeping up with the accelerated pace of Walgreens #05015. Ms. Nguyen also indicated that Walgreens' computer system had a gauge that monitored how quickly various tasks were being completed, including how

quickly prescriptions were being filled. Ms. Nguyen's understanding of the gauges were that it was her responsibility to keep any of the three gauges from "going red."

24. Ms. Nguyen also testified that the policy for counseling at Walgreens was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the their request. X's or other marks would be placed on the counseling log by the clerk or pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time later.

Walgreens #04197 & Robin Bonga (Case No. 02-050)

25. Board staff presented the testimony of Darwin Albrecht. Mr. Albrecht testified that on March 27, 2002, he took a new prescription from his physician for Clomiphene Citrate 50 mg. #30 to Walgreen's #04197 to be filled. Mr. Albrecht dropped the prescription off late in the afternoon. Mr. Albrecht was aware from discussions with his physician that Clomiphene Citrate 50 mg. was an unusual drug to be prescribed for a male, and as a result of the unusual nature of the prescription, Mr. Albrecht wanted to speak with a pharmacist about the prescription.

26. Mr. Albrecht returned to Walgreen's #04197 between 7:00 and 8:00 p.m. to pick up his medication at the drive through window. He was given his new prescription by a Walgreen's pharmacy clerk, and he paid for his medication and departed through the drive through lanes.

27. Mr. Albrecht was not counseled for his prescription for Clomiphene Citrate 50 mg., even though the prescription was new to his profile and was for an unusual drug for a male.

28. At hearing, Ms. Bonga testified that she was aware that the prescription was unusual for a male patient, but she was not the pharmacist on duty at the time that Mr. Albrecht picked up the prescription. Ms. Bonga also testified that the policy for counseling at Walgreens was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the patients' request. X's or other marks would sometimes be placed on the counseling log by the clerk or

pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time later.

Walgreens #03844, Peter Riso, Peter Kambiss, & John Quinn
(Case No. 02-047)

29. Board staff presented the testimony of Serena Allen. Ms. Allen testified that prior to Saturday, March 30, 2002, she was traveling in California and realized that she would be out of her maintenance medication for her heart, Inderal 10 mg. tablets, by the weekend when she planned to returned home to Las Vegas. Ms. Allen telephoned Walgreen's #03844 and spoke with managing pharmacist Peter Riso to have her Inderal prescription refilled. Mr. Riso advised Ms. Allen that her refills had run out, but he would contact her physician to get refill authorization. Mr. Riso advised Ms. Allen that if contact with her physician was not made prior to her return, she could pick up 15 tablets to hold her over for the weekend.

30. Ms. Allen returned home and went to Walgreens #03844 to pick up her Inderal on Saturday, March 30, 2002. Ms. Allen's physician had not yet called the pharmacy to approve refilling her Inderal. Ms. Allen then requested from pharmaceutical technician John Quinn the 15 tablets Mr. Riso had promised her.

31. Mr. Quinn questioned the pharmacist on duty, Peter Kambiss, if he could give Ms. Allen 15 tablets of Inderal for the weekend. Mr. Kambiss gave Mr. Quinn permission to dispense an emergency amount of Inderal until her physician contacted the pharmacy to refill her prescription. At that time, Mr. Quinn obtained a stock bottle of Inderal 10 mg. tablets and poured a quantity of tablets in his hand, counted the tablets, and placed them in Ms. Allen's prescription vial. Ms. Allen questioned why Mr. Quinn was handling her medication with his hand. Mr. Quinn replied that it was common practice and Ms. Allen did not know pharmacy law. According to Ms. Allen, Mr. Quinn was abusive and rude, and all of the conversation between Mr. Quinn and herself occurred within the sight and hearing of Mr. Kambiss. Ms. Allen left the pharmacy with the medication.

32. A few minutes later, Ms. Allen returned with her husband and a member of the store management staff. Ms. Allen asked Mr. Kambiss to replace the Inderal tablets given to her by Mr. Quinn. According to Mr. Kambiss, up to this time, he was unaware

that Mr. Quinn had handled Ms. Allen's tablets with his hands. While Mr. Kambiss was replacing the Inderal tablets, Ms. Allen and Mr. Quinn began to argue again. Unfortunately, the argument grew increasingly heated with Mr. Quinn, Ms. Allen, and Mr. Allen all speaking loudly. All of this occurred in the sight and hearing of Mr. Kambiss, but according to Mr. Kambiss' testimony, he took no action with Mr. Quinn to stop the argument except to say Mr. Quinn's first name. Ms. Allen and her husband asked to see Mr. Quinn's pharmacy technician registration. Mr. Kambiss went to locate the certificate, however it was not in the frame where pharmacy staff licenses were kept.

33. Ms. Allen asked for a telephone number for a pharmacy supervisor and was given Marcie Ranick's telephone number. Ms. Allen thought to call Walgreens' management because she had dealt with Walgreens' management, specifically George Flaherty and Joe Daniels, regarding an earlier incident that had been satisfactorily managed by Mr. Flaherty and Mr. Daniels.

34. Prior to speaking with Ms. Ranick, Ms. Allen telephoned the Board office and checked to see if Mr. Quinn was registered. Ms. Allen was advised that Mr. Quinn had been registered as a pharmaceutical technician-in-training at a Sav-On pharmacy, but he left his employment where he was registered, and his registration was closed. Mr. Quinn did not have a pharmaceutical technician's registration and was not registered as a technician-in-training at Walgreens #03844 or at any other Walgreens pharmacy. Ms. Allen spoke with Ms. Ranick and found her to be unconcerned about Mr. Quinn's practice of filling prescriptions from the palm of his hand. Ms. Ranick also told Ms. Allen that Mr. Quinn was a registered pharmaceutical technician and that Board staff must have been mistaken.

35. The evidence showed that Mr. Quinn had been working at Walgreens #03844 since February 15, 2001 without a valid pharmacy technician registration certificate. During that time, Mr. Quinn worked a total of 18 days as a pharmaceutical technician without a proper registration.

36. After the incident with the Allens, Mr. Quinn brought a copy of his certificate to the pharmacy. Mr. Quinn explained that he had "whited-out" the employer on the copy of the certificate that he gave to Walgreens #03844 because it contained the

address of his previous and only authorized employer, Sav-on Pharmacy. Mr. Quinn "whited-out" Sav-on's name and address because he still worked occasionally at Sav-on on good terms and did not want his problems at Walgreens #03844 to become known to Sav-on.

37. After the incident with the Allens, Mr. Quinn was transferred to Walgreens Pharmacy #03845 where he continued to be employed. Board staff had notified Walgreens #03845 to cease to employ or use Mr. Quinn in the capacity of a pharmaceutical technician or technician-in-training until Mr. Quinn applied to be and was granted registration as a pharmaceutical technician-in-training at that pharmacy.

38. At hearing, Mr. Riso testified that he took responsibility for not checking Mr. Quinn's registration certificate closely. Mr. Riso said that once he discovered that Mr. Quinn was not properly registered as a technician-in-training at Walgreens #03844, Mr. Riso assigned Mr. Quinn only to clerk tasks and did not allow Mr. Quinn to perform any pharmaceutical technician tasks.

Walgreens #03872 & Michael Triolo (Case No. 02-062)

39. Board staff presented the testimony of Linda Owens. Ms. Owens testified that on April 10, 2002, she took five new prescriptions from her physician to Walgreen's #03872 to be filled. Ms. Owens decided she only wanted four of the prescriptions filled at that time. The pharmacy technician explained the pharmacy would keep the fifth prescription at the pharmacy in case Ms. Owens changed her mind and wanted to have it filled.

40. Ms. Owens noted that the pharmacy was extremely busy while she was waiting for her prescriptions to be filled. She testified that the pharmaceutical technician and the pharmacist were the only two employees and that the pharmaceutical technician was constantly in motion between the drive-up window, the telephone, the pharmacy counter, and the front counter.

41. When the prescriptions were ready Ms. Owens was given five prescriptions, four in one bag and one in a separate bag. Ms. Owens questioned the pharmaceutical technician and explained she should only have four prescriptions. The technician stated that there were five. Since Ms. Owens was not feeling well, she paid for all five prescriptions and left Walgreens #03872. Though the prescriptions were new to Ms.

Owens and her profile at this pharmacy, Ms. Owens was not counseled by a pharmacist.

42. Ms. Owens took the medication home and began taking the medication given to her as directed that evening and the following day. Ms. Owens received a telephone call on the evening of April 11, 2002 from a female pharmacist from Walgreens #03872 asking if she had been in the previous day to pick up any prescriptions. Ms. Owens stated she had picked up her prescriptions the previous day and had been taking them as directed. Ms. Owens was advised that one of the prescriptions she picked up was for another patient with the same name. Ms. Owens examined the prescriptions she had obtained the previous day and found one that had a doctor's name that was unknown to her on the label although the patient's name on the vial was also Linda Owens. In this way, Ms. Owens discovered that she had taken Metronidazole 500 mg. tablets that were not prescribed for her.

43. Ms. Owens explained that she filed the complaint because of her dealings with pharmacist Ledrue Ware after the error had been discovered. Ms. Owens testified that Mr. Ware seemed uninterested in her and her concerns and seemed mostly concerned about informing her that he was not the pharmacist who had dispensed the erroneous prescription to her.

44. At hearing, Mr. Triolo explained that the Walgreens verification computer system did not contain any specific information regarding a patient, such as the patient's birth date or address, at the time of the verification. Thus, as Mr. Triolo explained, it was possible and foreseeable that errors such as occurred in this matter would not be caught by the verifying pharmacist because there would be no way to tell at the verification screen which "Linda Owens" the prescriptions were for. From Walgreens' records, Mr. Triolo could not identify who had filled the Metronidazole prescription for the Linda Owens who was not the complainant in this matter. Mr. Triolo also explained that he was not the pharmacist on duty at the time Ms. Owens picked up her prescriptions and that Mr. Ware was the pharmacist on duty at that time.

Walgreens #03873 & Scott Trinh (Case No. 02-060)

45. Board staff presented the testimony of Daniel Garcia, Investigator for the Board. Mr. Garcia testified that on May 2, 2002, he and Investigator/Supervisor Fred

Ackermann went to Walgreens #03873 to acquire information and evidence on an investigation of a consumer complaint. That consumer complaint was ultimately closed without action.

46. While they were present at the pharmacy, they observed staff pharmacist Scott L. Trinh speaking with a pharmaceutical technician at one end of the pharmacy counter. Mr. Garcia did not observe any patient at the pharmacy's counter to whom Mr. Trinh may have been speaking. At the same time, Mr. Garcia and Mr. Ackermann observed another pharmacy technician at the drive-through window serving a patient.

47. Kelly Moczynski was identified as the pharmaceutical technician at the drive-through window. She had given a male patient a prescription and returned his identification. As Ms. Moczynski concluded the register transaction with this patient, Mr. Garcia and Mr. Ackermann observed her mark on the "Refused" section of the counseling log that the patient had refused counseling. At no time during this transaction did Mr. Garcia observe Mr. Trinh come to the drive-through window.

48. Mr. Ackermann asked Ms. Moczynski if the prescription she had just dispensed was a new prescription, to which she said it was. Mr. Ackermann asked Ms. Moczynski to retrieve the prescription she had dispensed to the patient at the drive-through window. Supervisor Ackermann then advised Mr. Trinh that he needed to come to the drive-through window and counsel the patient regarding his new prescription. Only after Mr. Ackermann required Mr. Trinh to counsel the patient did Mr. Trinh cease speaking with the other employee and counsel the patient regarding the patient's new prescription.

49. Mr. Garcia testified that he had personally investigated several of the cases involved in this matter and that he had consulted with Mr. Ackermann regarding other of the cases that Mr. Ackermann had investigated. Mr. Garcia explained that Walgreens' counseling policy was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the patients' request. X's or other marks would sometimes be placed on the counseling log by the clerk or pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time

later. In some cases, the pharmacist would not initial next to the X's or other mark until the end of the pharmacist's shift.

50. Mr. Trinh testified that he was very careful to assure that patients were counseled at his pharmacy. Mr. Trinh explained that he was counseling a patient at the time that Mr. Ackermann asked him to counsel the patient at the drive-through window, but he could not explain why Mr. Ackermann and Mr. Garcia had not seen the patient at the pharmacy counter that he was counseling. Mr. Trinh admitted that he changed the counseling log regarding the patient the he counseled at Mr. Ackermann's request to show that counseling had been accepted, and he also admitted that the patient would have left Walgreens #03873 had Mr. Ackermann not requested that he counsel the patient.

Respondent Michael Triolo was represented by Kathleen A. Murphy. Respondent John M. Quinn appeared and represented himself.

Prior to the hearing, Mr. Ling and Mr. Graham stipulated to bifurcate the matter involving Walgreen's Pharmacy #03843 and Carl M. Heuer (Case No. 02-065) from the remaining matters. Mr. Ling and Mr. Graham further agreed that Case No. 02-065

would be heard at the Board's regular meeting on October 16, 2002 in Las Vegas. The Board accepted the stipulation proposed by Mr. Ling and Mr. Graham and ordered that Case No. 02-065 be heard separately on October 16, 2002.

As a result of the stipulation to bifurcate approved by the Board, the Board heard the remaining matters at its hearing on July 24, 2002. Based upon the testimony and evidence presented and the public records in the possession of the Board, the Board issues the following findings of fact, conclusions of law, and order resolving as a final order all matters except Case No. 02-065.

FINDINGS OF FACT

1. The Board and the various Respondents' counsels presented the testimony of numerous witnesses and introduced several exhibits into evidence. Because the testimonies of most of the witnesses served primarily for individual matters and for the sake of administrative convenience, the Board will state the facts for each matter on a matter-by-matter basis.

Walgreens #3871 & Jonathan Box (Case No. 02-038)

2. Counsel for Walgreens and Mr. Box and the General Counsel agreed that the facts as plead in the Notice of Intended Action and Accusation were true and correct regarding this matter. The General Counsel stated that the complainant in this matter was unavailable for medical reasons, but because of the agreement reached between the parties, his testimony would be unnecessary. Counsel for Walgreens and Mr. Box presented the testimony of Mr. Box.

3. On January 7, 2002, Patient M's physician prescribed Singulair 5mg. tablets for him to help with his breathing difficulty. Patient M's physician telephoned the prescription to Walgreen's #03871 to be filled. Patient M is a five-year-old male with an asthmatic condition.

4. Patient M took the medication for four days before telling his father that the "medicine tasted funny." Patient M's father checked the prescription bottle and it was labeled correctly. Upon closer observation Patient M's father found that the label had been placed on a stock bottle of Proscar 5 mg. tablets. After checking the tablets in the Proscar stock bottle it was determined that the medication was not Singulair as prescribed, but Proscar tablets.

5. Mr. Box was the pharmacist who filled Patient M's prescription. Mr. Box stated that he doubted that he had counseled Ms. M when she picked up the prescription for Patient M as he believed Patient M had taken Singulair in the past. The counseling log was inconclusive as there were no initials on the log. At hearing, Mr. Box stated that he could not explain how he had mistakenly filled a Singulair prescription with Proscar 5 mg.

Walgreens #05014 & Michelle Ito (Case No. 02-032)

6. Board staff presented the testimony of Aubrey Alexander. According to Ms. Alexander, on February 6, 2002, she took two new prescriptions from her physician to Walgreen's #05014 to be filled. One prescription was for Ambien for her sleeping difficulties and the other was for Ultram for persistent pain. Ms. Alexander dropped the prescriptions off in the morning and was advised she could pick them up in the afternoon. Ms. Alexander inquired if she could use the drive-through to pick up her prescriptions and was told that she could pick them up at that location.

7. Ms. Alexander returned to Walgreen's #05014 at approximately 4:00 p.m. to pick up her medication at the drive-through window. Ms. Alexander recalls having to wait for a period of time as there were two cars ahead of her in line. When she arrived at the drive-through window, Ms. Alexander was told by a pharmacy technician that her prescriptions were not ready. Ms. Alexander asked the pharmacy technician to check again as she was told the prescriptions would be ready at 3:00 p.m. After a few minutes' wait, the pharmacy technician returned with her prescriptions. Ms. Alexander was asked if she had taken these medications before. Ms. Alexander indicated that she had taken both medications before. Other than the question asked by the pharmacy technician, Ms. Alexander was not counseled by a pharmacist on her prescriptions even though both prescriptions were new to her profile at this pharmacy.

8. While in her vehicle, Ms. Alexander took one tablet from the Ultram vial for the pain she was experiencing and left the pharmacy to run errands. After an hour had passed and her pain had not diminished, Ms. Alexander took a second tablet from the Ultram vial. After taking the second tablet Ms. Alexander began feeling disoriented and sick to her stomach. Ms. Alexander cancelled her plans to run errands, went home and fell asleep sitting up in a chair. Ms. Alexander explained at hearing that it was

extremely unusual and out of character for her to sleep in a chair. Several hours later she was awakened by her telephone ringing.

9. Ms. Alexander realized that something was wrong with the medication she had taken and reviewed the prescription bottles she picked up from Walgreens #05014 earlier in the day. After looking inside the bottles, Ms. Alexander discovered the Ambien medication was in the prescription bottle labeled Ultram and the Ultram medication was in the prescription bottle labeled Ambien.

10. The Board's investigation showed that there were two labels on each bottle. The underneath labels were for the correct medication, but the instructions for taking the medications were incomplete.

11. At hearing, Ms. Ito explained that when she was verifying prescriptions filled by the pharmaceutical technicians at Walgreens #05014 she discovered that the label for one of Ms. Alexander's prescriptions contained an incomplete direction for use, so she sent the prescriptions back to the pharmaceutical technician to have the label corrected. The two vials would have been sent back together since they were for the same patient. Ms. Ito explained that she would have checked the new labels and that she could not explain why she did not discover that the new labels had been improperly placed upon the wrong vials.

12. Ms. Ito also explained that the pharmacy's computer system showed that Ms. Alexander picked up her prescription at 4:07 p.m. Ms. Ito claimed that she was off shift at 4:00 p.m. and that she would have left precisely at 4:00 p.m. Thus, Ms. Ito claimed that she could not have been the pharmacist who failed to counsel Ms. Alexander and that the pharmacist who replaced Ms. Ito would have been responsible to counsel Ms. Alexander.

Walgreens #06310 and Stephen Lessard (Case No. 01-019)

13. Board staff presented the testimony of Rebecca Gang. According to Ms. Gang, on February 7, 2002, she took two new prescriptions from her physician to Walgreen's #06310 to be filled. One prescription was for Ambien 5mg. #20 and the other was for Synthroid 0.075mg. #90. Ms. Gang dropped the prescriptions off at approximately 9:30 a.m.

14. Ms. Gang returned to Walgreen's #06310 at approximately 12:30 p.m. to pick up her medication at the drive-through window. Ms. Gang was told by a Walgreen's pharmacy clerk that they owed her 85 pills on her prescription. Ms. Gang questioned the clerk and the clerk advised her that they had run out of Levothyroxine. Ms. Gang advised the clerk that she was taking Synthroid, not Levothyroxine, and asked to speak to the pharmacist. Ms. Gang asked the clerk to speak to the pharmacist several times, but the pharmacist did not respond to Ms. Gang's requests.

15. Ms. Gang was advised that her prescription for Synthroid would be ready in approximately 15 minutes. Ms. Gang requested her prescription for Ambien and indicated she would return later for the Synthroid prescription. Ms. Gang was not counseled for her new prescription for Ambien.

16. Ms. Gang returned to the drive-through window of Walgreen's #06310 later in the evening of February 7th to pick up her prescription for Synthroid. Ms. Gang was not counseled for her new prescription for Synthroid by the pharmacist on duty, Stephen Lessard.

17. At hearing, Mr. Lessard explained that it was Walgreens' routine and policy to substitute levothyroxine for Synthroid, even though he admitted that the two are not AB rated. Mr. Lessard explained that he did not speak to Ms. Lessard because his pharmaceutical technician relayed Ms. Gang's questions to him while he was filling Ms. Gang's Synthroid prescription. He further explained that he was on his way over to counsel Ms. Gang, but the pharmaceutical technician had already given Ms. Gang the Ambien prescription and so Ms. Gang left before he could speak with her.

Walgreens #05015 & Jessica Nguyen (Case No. 02-031)

18. Board staff presented the testimony of Robbie Ierley. Ms. Ierley testified that on February 25, 2002, she took a new prescription from her dentist for Decadron Dosepak to Walgreen's #05015 to be filled. Ms. Ierley stated that she was quite familiar with the Decadron Dosepak because it was an older medication that she had dispensed when she worked at retail pharmacies and because it was manufactured by Merck, and she was presently employed as a pharmacist by the Merck-Medco pharmacy facility in Las Vegas.

19. The pharmacy was busy and Ms. Ierley waited for approximately an hour for her prescription to be filled. When Ms. Ierley finally picked up her prescription, a clerk brought Ms. Ierley her prescription and said to her, "I know you're a pharmacist", to which Ms. Ierley replied that she was. The clerk told Ms. Ierley that her prescription would be $10.00 and concluded the transaction. Ms. Ierley was not counseled regarding her prescription even though Medrol Dosepak was new to Ms. Ierley's profile at the pharmacy.

20. When the prescription was ready Ms. Ierley noticed that her prescription had been filled with Methylpredisolone 4mg. Dosepak. Ms. Ierley is a pharmacist and knew that the strength of the drug she was given was not as strong as the drug her dentist prescribed. Ms. Ierley questioned a pharmacist on duty, Jessica Nguyen, regarding the difference in strength. Ms. Nguyen told Ms. Ierley that she did not have Decadron Dosepak and argued that the drug she was given was exactly the same as the drug her dentist prescribed. Because of the way Ms. Nguyen addressed Ms. Ierley's concerns and because Ms. Ierley could not conceive that a pharmacist would change a drug on a prescription without first contacting the prescribing practitioner, Ms. Ierley assumed Ms. Nguyen had contacted her dentist to change the medication.

21. Ms. Ierley reluctantly took the medication home and began taking the medication given to her as directed because she was in considerable dental pain. Ms. Ierley tried to contact her dentist to verify the change in medication, but she was not able to make contact with him for four days. When Ms. Ierley finally spoke with her dentist, he informed her that he had not spoken to anyone from Walgreen's #05015 and that he did not authorize a change in medication.

22. Ms. Ierley related that the lower strength Methylpredisolone Dosepak failed her treatment. Her dentist gave Ms. Ierley another prescription for Decadron Dosepak that she had filled elsewhere, and fortunately her condition improved.

23. At hearing, Ms. Nguyen testified that Walgreens #05015 was extremely busy and, in her opinion, poorly staffed. Ms. Nguyen described one of her pharmaceutical technicians as 70 years old and incapable of keeping up with the accelerated pace of Walgreens #05015. Ms. Nguyen also indicated that Walgreens' computer system had a gauge that monitored how quickly various tasks were being completed, including how

quickly prescriptions were being filled. Ms. Nguyen's understanding of the gauges were that it was her responsibility to keep any of the three gauges from "going red."

24. Ms. Nguyen also testified that the policy for counseling at Walgreens was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the their request. X's or other marks would be placed on the counseling log by the clerk or pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time later.

Walgreens #04197 & Robin Bonga (Case No. 02-050)

25. Board staff presented the testimony of Darwin Albrecht. Mr. Albrecht testified that on March 27, 2002, he took a new prescription from his physician for Clomiphene Citrate 50 mg. #30 to Walgreen's #04197 to be filled. Mr. Albrecht dropped the prescription off late in the afternoon. Mr. Albrecht was aware from discussions with his physician that Clomiphene Citrate 50 mg. was an unusual drug to be prescribed for a male, and as a result of the unusual nature of the prescription, Mr. Albrecht wanted to speak with a pharmacist about the prescription.

26. Mr. Albrecht returned to Walgreen's #04197 between 7:00 and 8:00 p.m. to pick up his medication at the drive through window. He was given his new prescription by a Walgreen's pharmacy clerk, and he paid for his medication and departed through the drive through lanes.

27. Mr. Albrecht was not counseled for his prescription for Clomiphene Citrate 50 mg., even though the prescription was new to his profile and was for an unusual drug for a male.

28. At hearing, Ms. Bonga testified that she was aware that the prescription was unusual for a male patient, but she was not the pharmacist on duty at the time that Mr. Albrecht picked up the prescription. Ms. Bonga also testified that the policy for counseling at Walgreens was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the patients' request. X's or other marks would sometimes be placed on the counseling log by the clerk or

pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time later.

Walgreens #03844, Peter Riso, Peter Kambiss, & John Quinn
(Case No. 02-047)

29. Board staff presented the testimony of Serena Allen. Ms. Allen testified that prior to Saturday, March 30, 2002, she was traveling in California and realized that she would be out of her maintenance medication for her heart, Inderal 10 mg. tablets, by the weekend when she planned to returned home to Las Vegas. Ms. Allen telephoned Walgreen's #03844 and spoke with managing pharmacist Peter Riso to have her Inderal prescription refilled. Mr. Riso advised Ms. Allen that her refills had run out, but he would contact her physician to get refill authorization. Mr. Riso advised Ms. Allen that if contact with her physician was not made prior to her return, she could pick up 15 tablets to hold her over for the weekend.

30. Ms. Allen returned home and went to Walgreens #03844 to pick up her Inderal on Saturday, March 30, 2002. Ms. Allen's physician had not yet called the pharmacy to approve refilling her Inderal. Ms. Allen then requested from pharmaceutical technician John Quinn the 15 tablets Mr. Riso had promised her.

31. Mr. Quinn questioned the pharmacist on duty, Peter Kambiss, if he could give Ms. Allen 15 tablets of Inderal for the weekend. Mr. Kambiss gave Mr. Quinn permission to dispense an emergency amount of Inderal until her physician contacted the pharmacy to refill her prescription. At that time, Mr. Quinn obtained a stock bottle of Inderal 10 mg. tablets and poured a quantity of tablets in his hand, counted the tablets, and placed them in Ms. Allen's prescription vial. Ms. Allen questioned why Mr. Quinn was handling her medication with his hand. Mr. Quinn replied that it was common practice and Ms. Allen did not know pharmacy law. According to Ms. Allen, Mr. Quinn was abusive and rude, and all of the conversation between Mr. Quinn and herself occurred within the sight and hearing of Mr. Kambiss. Ms. Allen left the pharmacy with the medication.

32. A few minutes later, Ms. Allen returned with her husband and a member of the store management staff. Ms. Allen asked Mr. Kambiss to replace the Inderal tablets given to her by Mr. Quinn. According to Mr. Kambiss, up to this time, he was unaware

that Mr. Quinn had handled Ms. Allen's tablets with his hands. While Mr. Kambiss was replacing the Inderal tablets, Ms. Allen and Mr. Quinn began to argue again. Unfortunately, the argument grew increasingly heated with Mr. Quinn, Ms. Allen, and Mr. Allen all speaking loudly. All of this occurred in the sight and hearing of Mr. Kambiss, but according to Mr. Kambiss' testimony, he took no action with Mr. Quinn to stop the argument except to say Mr. Quinn's first name. Ms. Allen and her husband asked to see Mr. Quinn's pharmacy technician registration. Mr. Kambiss went to locate the certificate, however it was not in the frame where pharmacy staff licenses were kept.

33. Ms. Allen asked for a telephone number for a pharmacy supervisor and was given Marcie Ranick's telephone number. Ms. Allen thought to call Walgreens' management because she had dealt with Walgreens' management, specifically George Flaherty and Joe Daniels, regarding an earlier incident that had been satisfactorily managed by Mr. Flaherty and Mr. Daniels.

34. Prior to speaking with Ms. Ranick, Ms. Allen telephoned the Board office and checked to see if Mr. Quinn was registered. Ms. Allen was advised that Mr. Quinn had been registered as a pharmaceutical technician-in-training at a Sav-On pharmacy, but he left his employment where he was registered, and his registration was closed. Mr. Quinn did not have a pharmaceutical technician's registration and was not registered as a technician-in-training at Walgreens #03844 or at any other Walgreens pharmacy. Ms. Allen spoke with Ms. Ranick and found her to be unconcerned about Mr. Quinn's practice of filling prescriptions from the palm of his hand. Ms. Ranick also told Ms. Allen that Mr. Quinn was a registered pharmaceutical technician and that Board staff must have been mistaken.

35. The evidence showed that Mr. Quinn had been working at Walgreens #03844 since February 15, 2001 without a valid pharmacy technician registration certificate. During that time, Mr. Quinn worked a total of 18 days as a pharmaceutical technician without a proper registration.

36. After the incident with the Allens, Mr. Quinn brought a copy of his certificate to the pharmacy. Mr. Quinn explained that he had "whited-out" the employer on the copy of the certificate that he gave to Walgreens #03844 because it contained the

address of his previous and only authorized employer, Sav-on Pharmacy. Mr. Quinn "whited-out" Sav-on's name and address because he still worked occasionally at Sav-on on good terms and did not want his problems at Walgreens #03844 to become known to Sav-on.

37. After the incident with the Allens, Mr. Quinn was transferred to Walgreens Pharmacy #03845 where he continued to be employed. Board staff had notified Walgreens #03845 to cease to employ or use Mr. Quinn in the capacity of a pharmaceutical technician or technician-in-training until Mr. Quinn applied to be and was granted registration as a pharmaceutical technician-in-training at that pharmacy.

38. At hearing, Mr. Riso testified that he took responsibility for not checking Mr. Quinn's registration certificate closely. Mr. Riso said that once he discovered that Mr. Quinn was not properly registered as a technician-in-training at Walgreens #03844, Mr. Riso assigned Mr. Quinn only to clerk tasks and did not allow Mr. Quinn to perform any pharmaceutical technician tasks.

Walgreens #03872 & Michael Triolo (Case No. 02-062)

39. Board staff presented the testimony of Linda Owens. Ms. Owens testified that on April 10, 2002, she took five new prescriptions from her physician to Walgreen's #03872 to be filled. Ms. Owens decided she only wanted four of the prescriptions filled at that time. The pharmacy technician explained the pharmacy would keep the fifth prescription at the pharmacy in case Ms. Owens changed her mind and wanted to have it filled.

40. Ms. Owens noted that the pharmacy was extremely busy while she was waiting for her prescriptions to be filled. She testified that the pharmaceutical technician and the pharmacist were the only two employees and that the pharmaceutical technician was constantly in motion between the drive-up window, the telephone, the pharmacy counter, and the front counter.

41. When the prescriptions were ready Ms. Owens was given five prescriptions, four in one bag and one in a separate bag. Ms. Owens questioned the pharmaceutical technician and explained she should only have four prescriptions. The technician stated that there were five. Since Ms. Owens was not feeling well, she paid for all five prescriptions and left Walgreens #03872. Though the prescriptions were new to Ms.

Owens and her profile at this pharmacy, Ms. Owens was not counseled by a pharmacist.

42. Ms. Owens took the medication home and began taking the medication given to her as directed that evening and the following day. Ms. Owens received a telephone call on the evening of April 11, 2002 from a female pharmacist from Walgreens #03872 asking if she had been in the previous day to pick up any prescriptions. Ms. Owens stated she had picked up her prescriptions the previous day and had been taking them as directed. Ms. Owens was advised that one of the prescriptions she picked up was for another patient with the same name. Ms. Owens examined the prescriptions she had obtained the previous day and found one that had a doctor's name that was unknown to her on the label although the patient's name on the vial was also Linda Owens. In this way, Ms. Owens discovered that she had taken Metronidazole 500 mg. tablets that were not prescribed for her.

43. Ms. Owens explained that she filed the complaint because of her dealings with pharmacist Ledrue Ware after the error had been discovered. Ms. Owens testified that Mr. Ware seemed uninterested in her and her concerns and seemed mostly concerned about informing her that he was not the pharmacist who had dispensed the erroneous prescription to her.

44. At hearing, Mr. Triolo explained that the Walgreens verification computer system did not contain any specific information regarding a patient, such as the patient's birth date or address, at the time of the verification. Thus, as Mr. Triolo explained, it was possible and foreseeable that errors such as occurred in this matter would not be caught by the verifying pharmacist because there would be no way to tell at the verification screen which "Linda Owens" the prescriptions were for. From Walgreens' records, Mr. Triolo could not identify who had filled the Metronidazole prescription for the Linda Owens who was not the complainant in this matter. Mr. Triolo also explained that he was not the pharmacist on duty at the time Ms. Owens picked up her prescriptions and that Mr. Ware was the pharmacist on duty at that time.

Walgreens #03873 & Scott Trinh (Case No. 02-060)

45. Board staff presented the testimony of Daniel Garcia, Investigator for the Board. Mr. Garcia testified that on May 2, 2002, he and Investigator/Supervisor Fred

Ackermann went to Walgreens #03873 to acquire information and evidence on an investigation of a consumer complaint. That consumer complaint was ultimately closed without action.

46. While they were present at the pharmacy, they observed staff pharmacist Scott L. Trinh speaking with a pharmaceutical technician at one end of the pharmacy counter. Mr. Garcia did not observe any patient at the pharmacy's counter to whom Mr. Trinh may have been speaking. At the same time, Mr. Garcia and Mr. Ackermann observed another pharmacy technician at the drive-through window serving a patient.

47. Kelly Moczynski was identified as the pharmaceutical technician at the drive-through window. She had given a male patient a prescription and returned his identification. As Ms. Moczynski concluded the register transaction with this patient, Mr. Garcia and Mr. Ackermann observed her mark on the "Refused" section of the counseling log that the patient had refused counseling. At no time during this transaction did Mr. Garcia observe Mr. Trinh come to the drive-through window.

48. Mr. Ackermann asked Ms. Moczynski if the prescription she had just dispensed was a new prescription, to which she said it was. Mr. Ackermann asked Ms. Moczynski to retrieve the prescription she had dispensed to the patient at the drive-through window. Supervisor Ackermann then advised Mr. Trinh that he needed to come to the drive-through window and counsel the patient regarding his new prescription. Only after Mr. Ackermann required Mr. Trinh to counsel the patient did Mr. Trinh cease speaking with the other employee and counsel the patient regarding the patient's new prescription.

49. Mr. Garcia testified that he had personally investigated several of the cases involved in this matter and that he had consulted with Mr. Ackermann regarding other of the cases that Mr. Ackermann had investigated. Mr. Garcia explained that Walgreens' counseling policy was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the patients' request. X's or other marks would sometimes be placed on the counseling log by the clerk or pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time

later. In some cases, the pharmacist would not initial next to the X's or other mark until the end of the pharmacist's shift.

50. Mr. Trinh testified that he was very careful to assure that patients were counseled at his pharmacy. Mr. Trinh explained that he was counseling a patient at the time that Mr. Ackermann asked him to counsel the patient at the drive-through window, but he could not explain why Mr. Ackermann and Mr. Garcia had not seen the patient at the pharmacy counter that he was counseling. Mr. Trinh admitted that he changed the counseling log regarding the patient the he counseled at Mr. Ackermann's request to show that counseling had been accepted, and he also admitted that the patient would have left Walgreens #03873 had Mr. Ackermann not requested that he counsel the patient.

HEREBY STIPULATE AND AGREE THAT

1. Board has jurisdiction over these parties and this matter.

2. The Board properly served a *Notice of Intended Action and Accusation* (Accusation) on the Respondents, and each of them, on or about August 9, 2018.

3. Respondents filed *All Respondents' Answer and Notice of Defense* on or about September 10, 2018.

4. Respondents, and each of them, are fully aware of their right to seek the advice of counsel in this matter and have either obtained the advice of counsel, or hereby waive that right to seek the advice of counsel by signing this Stipulation below.

5. Respondents, and each of them, are aware of their right to a hearing on the matters alleged in the Accusation, their right to reconsideration, their right to appeal, and any other rights which may be accorded to them pursuant to the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that any one, or all, of them have failed to comply with the provisions of Paragraph 26 below, Respondents hereby freely and voluntarily waive their right to a hearing, reconsideration, appeal, and any and all other rights related to this action that may be accorded to them by the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

7. Respondents neither admit nor deny the allegations in the Accusation. Respondents and each of them agree that if this case were to proceed to a hearing, evidence could be presented by the prosecution that would allow the Board to make factual findings consistent with the allegations in the Accusation and that would support the following legal conclusions:[1]

a. As to the **First Cause of Action**, there is no documentation that Mr. Meyers reviewed the work of a technician after she performed the product review of Prescription

[1] Walgreens does not admit that Walgreens #03397 is located in Chandler, Arizona, or that it was not registered with the Board at the time of the events alleged in the Accusation. Rather, Walgreens #03397 is located in Tempe, Arizona and was registered with the Board as Alliance Rx Walgreens Prime #03397.

No. 3261261-03922. As such, Mr. Myers is subject to discipline under NAC 639.252(2, NAC 639.945(1)(i), NRS 639.210(4) and (12), and NRS 639.255.

b. As to the **Second Cause of Action**, Mr. Meyers allowed Prescription No. 3261261-03922 to be dispensed without an expiration date or with an incorrect expiration date, which resulted in patient M.B. ingesting nine (9) days of expired medication. As such, Mr. Meyers is subject to discipline under NRS 639.2801(7) and as defined in NAC 639.945(1)(i).

c. As to the **Third Cause of Action**, by failing to adequately counsel M.B.'s caregiver regarding new prescription No. 3261261-03922 for Amoxicillin 125mg/5ml suspension, Mr. Meyers is subject to discipline under NRS 639.266, NAC 639.707(1) and (2), NAC 639.945(1)(i), NRS 639.210(4) and (12), and NRS 639.255.

d. As to the **Fourth Cause of Action**, by not providing readily retrievable records to confirm the expiration date on Prescription No. 3261261-03922, Walgreens #03922 is subject to discipline under NRS 454.286; NRS 639.326, NRS 639.328, NAC 639.910, NAC 639.930 and NAC 639.935, NRS 639.210(4), (12) and (17) and NRS 639.255, and NAC 639.945(1)(m).

8. As to the **Fifth Cause of Action**, as the managing pharmacist/pharmacist in charge of Walgreens Pharmacy #03922 at the time of each of the violations alleged above, Ms. Nguyen is responsible for those violations pursuant to NRS 639.210(15) NRS 639.220(3)(c), NAC 639.702 and NAC 639.910(2) and is subject to discipline under NAC 639.945(1)(m) and NRS 639.210(4), (12), (15) and (17) and NRS 639.255.

9. The allegations set forth in the **Sixth Cause of Action** are hereby dismissed.

10. As to the **Seventh Cause of Action,** the pharmacy/pharmacy at which the violations of law alleged above occurred, Walgreens #03922 and Walgreen Co., as the owner, are responsible for those violations, including those of its employees pursuant to NRS 639.230(5), NAC 639.260, NAC 639.702 and NAC 639.945(2). Walgreens #03922 and Walgreen Co. are therefore subject to discipline pursuant to NRS 639.210(4) and (12) and NRS 639.255.

11. Based upon the Accusation and the foregoing admissions, the Board and Respondents stipulate to the following penalties:

Respondent Lucas Meyers, R.Ph.

12. For the **First Cause of Action,** Failure to Verify Technician's Work, Mr. Meyers shall:

a. Pay a fine of one thousand dollars ($1,000.00),

c. Pay an administrative fee of five hundred dollars ($500.00) to partially offset the costs of Board Staff's investigation and prosecution of this case.

17. The CEUs ordered herein shall be in addition to the CEUs Ms. Nguyen must complete for the biennial renewal of her pharmacist registration and shall be completed within thirty (30) days of the effective date of the Board's Order.

Walgreens #3922 and Walgreen Co.

18. For the **Fourth and Seventh Causes of Action,** Failure to Maintain and Produce Prescription Records and Pharmacy Owner Responsibility, Walgreens #03922 and Walgreen Co. shall:

a. Pay a fine of:

19. Additionally, Walgreen Co. will provide Board Staff its policies and procedures, consistent with Nevada law, regarding the maintenance of accurate and readily retrievable prescription records that are available for production to or review by Board Staff upon request as required by Nevada law. Walgreen Co. will further distribute a copy of those policies and procedures to each Nevada-licensed pharmacist and conduct training to educate each pharmacist on the requirements of the law and Walgreens policies and procedures.

20. Board Counsel will present this Stipulation to the Board Members for approval at the Board's regularly scheduled meeting on October 10, 2018, in Las Vegas, Nevada. Respondents, including a representative of Walgreens #3922 and Walgreen Co., will appear at the meeting. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondents are not present at the meeting.

21. The Board has discretion to accept this Stipulation, but it is not obligated to do so.

22. If the Board rejects any part or all of this Stipulation, the parties agree that a full hearing on the merits of this matter may be heard by the Board, and that the hearing shall occur at the Board's next scheduled meeting in Las Vegas, Nevada or other such time as agreed by Board Staff and Respondents. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

23. Upon approval of this Stipulation by the Board, Respondents shall pay the fines agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 431 W. Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3), and as an accusation under NRS 639.241.

JURISDICTION

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these respondents because at the time of the events alleged herein, respondents Lucas Meyers (Meyers), Certificate of Registration No. 16064, and Thy Thai Nguyen (Nguyen), Certificate of Registration No. 15730, were pharmacists registered by the Board. Additionally, respondent Walgreens Pharmacy #03922 (Walgreens #03922), Certificate of Registration No. PHN01127, located in Las Vegas, Nevada, was a pharmacy registered by the Board at the time of the events

alleged herein. Respondent Walgreens Co. is an Illinois corporation that is the owner of each of the individual Walgreens facilities named herein at the time of the events alleged.

II.

Walgreens #03397, located in Chandler, Arizona, was not registered with the Board at the time of the events alleged herein. Walgreens Mail Service Pharmacy #02445 (Walgreens Mail Service), Certificate of Registration No. PH01964, located in Orlando, Florida, was a pharmacy registered by the Board at the time of the events alleged herein. Both pharmacies are work shifting operations designed to provide support to Walgreens retail pharmacies in Nevada.

III.

Korakot Sayangbarp (Sayangbarp) is a pharmacist licensed in Florida and an employee of Walgreens Mail Service. Sayangbarp is not licensed to practice pharmacy in Nevada.

DISCIPLINARY HISTORY

IV.

In January 2016, the Board entered a Stipulation and Order in the case of *Board of Pharmacy v. Walgreens Pharmacy #03922, Case 15-028-PH-S* finding Walgreens #03922 responsible for violations resulting from a dispensing error. The Board ordered Walgreens to distribute a copy of the Accusation and Order(s) in that case to all of its pharmacists involved in filling prescriptions for Nevada residents and to review and educate each pharmacist as to a pharmacist's responsibilities under Nevada law.

V.

In March 2016, the Board entered an Amended Findings of Fact, Conclusions of Law and Order in the case of *Board of Pharmacy v. Respondent Lucas Meyers, Case No. 15-028-RPH-B-S* finding Meyers responsible as the pharmacist on duty for violations resulting from a dispensing error. The Board ordered Meyers to complete two additional one-hour CE units, one each on the topics of pharmacy recordkeeping and error prevention.

FACTUAL ALLEGATIONS

VI.

On February 29, 2016, eight-week-old patient M.B. received a new prescription from her physician for Amoxicillin 125mg/5ml oral suspension with instructions to "take 5ml (125mg) once a day for 30 days after completing [an] Omnicef 10-day course." The prescription allowed for one refill.

VII.

M.B.'s mother, A.C., tendered the prescription to Walgreens #03922 in Nevada on February 29, 2016, where pharmaceutical technician Jonathan Diego (Diego) entered the prescription data into Walgreens' computer system, designated as Prescription No. 3261261-03922.

VIII.

Diego submitted the prescription data into a data entry verification queue for pharmacist approval.

IX.

On March 1, 2016, at Walgreens #03397 in Arizona, a pharmacist retrieved the data for Prescription No. 3261261-03922 from the queue and performed data verification.

X.

At Walgreens Mail Service in Florida, Sayangbarp later received six (6) drug utilization review (DUR) alerts for Prescription No. 3261261-03922. Sayangbarp overrode all six (6) DUR alerts simultaneously and sent the prescription to the queue for filling.

XI.

After data verification and the DUR review, pharmaceutical technician Ava Ghayour-Najafabadi at Walgreens #03922 in Nevada filled the prescription and performed the final product review.

XII.

On March 8, 2016, A.C. picked up Prescription No. 3261261-03922 from Walgreens #03922 in Nevada. At the point of sale, pharmaceutical technician Brenda Facunla reconstituted two 100ml bottles of Amoxicillin 125mg/5ml suspension, constituting a total dosage for thirty (30) days, and dispensed them to A.C.

XIII.

The instructions on the label for Prescription No. 3261261-03922 appeared as follows:

> AMOXICILIN 125MG/5ML SUSP 100ML
> QTY 200 1 REFILL BEFORE 02/28/17
> SHAKE LIQUID WELL AND GIVE ...5 ML BY MOUTH ONCE DAILY FOR 30 DAYS ATER COMPLETING OMNICEF 10 DAY COURSE. DISCARD REMAINDER

XIV.

There was no expiration date indicated on the label of either of the 100ml bottles of reconstituted Amoxicillin for Prescription No. 3261261-03922.[1]

XV.

Meyers was the pharmacist of record for Prescription No. 3261261-03922. Meyers did not verify the final product before sale and dispensing to the patient.

XVI.

The counseling pharmacist of record was Meyers. Meyers failed to offer or provide counseling to A.C. on Prescription No. 3261261-03922.

XVII.

On or about March 11, 2016, A.C. began administering the Amoxicillin from Prescription No. 3261261-03922 to M.B. as directed on the prescription label.

---

[1] The manufacturer's guidelines state that any unused portion of reconstituted Amoxicillin Suspension for oral use should be discarded after 14 days. Walgreens dispensed 2 100ml bottles of reconstituted Amoxicillin Suspension on March 8, 2016. Based on the manufacturer's guidelines, the dispensed medication expired on March 22, 2016.

XVIII.

Throughout the course of administration, A.C. noticed the Amoxicillin Suspension turning from its original pink color to a yellow color.

XIX.

On March 30, 2016, A.C. returned the Amoxicillin bottles to Walgreens #03922 in Nevada.

XX.

A pharmacist at Walgreens #03922 confirmed that the Amoxicillin Suspension had expired and Walgreens discarded both bottles of the medication.

XXI.

M.B. ingested the expired Amoxicillin for approximately nine (9) days.

XXII.

Walgreens failed to produce a duplicate label or any documentation of the expiration date for Prescription No. 3261261-03922 upon request from the Board's investigator.

XXIII.

Walgreens altered the records for Prescription No. 3261261-03922 during the course of the Board's investigation. Walgreens initially provided an Audit/Board of Pharmacy Inspection Report (Audit Report) that identified "59610" as the identification number for the Walgreens location where the pharmacists from the facilities in Arizona and Florida performed data review and DUR alert overrides. Walgreens was unable to explain what "59610" represents, and later gave the Board Investigator an altered Audit Report that no longer included "59610" and instead indicates that data review was performed at location number "3397", the Arizona facility, and DUR review was performed at "2445", the Walgreens Mail Service in Florida.

FIRST CAUSE OF ACTION

Failure to Verify Pharmaceutical Technician's Work

(Respondent Meyers)

XXIV.

NAC 639.252(2) provides:

> If a pharmaceutical technician performs one or more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the filled prescription, including, but not limited to, verifying:
> (a) The selection and strength of the drug;
> (b) The dosage form; and
> (c) The labeling of the prescription.

NAC 639.945(i) defines unprofessional conduct and conduct contrary to the public interest to include performing duties in an "incompetent, unskillful or negligent manner."

Meyers violated NAC 639.252(2) and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i) by allowing a pharmaceutical technician under his supervision to perform the final product review and verification of Prescription No. 3261261-03922 without subsequently reviewing the technician's work to verify the selection and strength of the drug, the dosage form and the labeling of the prescription. For that conduct Meyers is subject to discipline pursuant to NRS 639.210(4) and (12), and NRS 639.255.

SECOND CAUSE OF ACTION

Failure to Document Expiration Date on Prescription Label

(Respondent Meyers)

XXV.

NRS 639.2801 sets forth the requirements for prescription labeling and states in relevant part:

> Unless specified to the contrary in writing on the prescription by the prescribing practitioner, all prescriptions filled by any practitioner must be dispensed in a container to which is affixed a label or other device which clearly shows:

. . . .

7. The expiration date of the effectiveness of the drug or medicine dispensed, if that information is included on the original label of the manufacturer of that drug or medicine. If the expiration date specified by the manufacturer is not less than 1 year after the date of dispensing, the practitioner may use a date that is 1 year after the date of dispensing as the expiration date.

Meyers violated NRS 639.2801(7) and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i) by failing to properly document the expiration date on the label or bottle for Prescription No. 3261261-03922, which resulted in M.B. ingesting nine (9) days of expired medication. For that conduct Meyers is subject to discipline pursuant to NRS 639.210(4) and (12), and NRS 639.255.

THIRD CAUSE OF ACTION

Failure to Adequately Counsel

(Respondent Meyers)

XXVI.

NRS 639.266 requires a pharmacist, on receipt of a prescription and after review of the patient's record, to communicate with the patient, or a person caring for the patient, matters that will enhance the patient's therapy through drugs. NAC 639.707(1) and (2) require that counseling to include, among other things, the name of the drug, dosage and administration instructions, the intended use of the drug, common side effects, and other information that is necessary for the safe and effective use of the drug.

Meyers violated NRS 639.266, NAC 639.707(1) and (2) and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i) by failing to adequately counsel M.B.'s caregiver regarding the new prescription for Amoxicillin 125mg/5ml suspension. For that conduct, Meyers is subject to discipline pursuant to NRS 639.210(4) and (12), and NRS 639.255.

FOURTH CAUSE OF ACTION

Failure to Maintain and Produce Prescription Records
(Respondent Walgreens #03922)

XXVII.

Prescription records must be readily retrievable and maintained and produced in conformance with NRS 454.286; NRS 639.326, NRS 639.328, NAC 639.910, NAC 639.930 and NAC 639.935. By failing to timely produce records to Board Staff upon request and to maintain an accurate recordkeeping system that would produce readily retrievable prescription records, specifically, a duplicate label and/or record indicating the expiration date for Prescription No. 3261261-03922, Walgreens #03922 violated NRS 454.286; NRS 639.326, NRS 639.328, NAC 639.910, NAC 639.930 and NAC 639.935 and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(m). For that conduct, Walgreens #03922 is subject to discipline pursuant to NRS 639.210(4), (12) and (17) and NRS 639.255.

FIFTH CAUSE OF ACTION

Managing Pharmacist Responsibilities
(Respondent Nguyen)

XXVIII.

NRS 639.0087 defines "managing pharmacist" as "a registered pharmacist who is responsible for the operation of a pharmacy." A managing pharmacist is responsible for the acts and omissions of pharmaceutical technicians and other personnel. NAC 639.702. A managing pharmacist is also responsible for ensuring that a pharmacy's computer system retains prescription and patient information. NAC 639.910(2). Whenever a managing pharmacist designates another pharmacist to assume the managing pharmacist's duties in his or her absence "[t]he managing pharmacist is responsible for the activities of the designee." NRS 639.220(3)(c).

The Board may suspend or revoke a registration pursuant to NRS 639.210(15) when a person has "as a managing pharmacist, violated any provision of law or regulation concerning recordkeeping or inventory in a store over which he or she presides, or has knowingly allowed a violation of any provision of this chapter or other state or federal laws or regulations relating to the practice of pharmacy by personnel of the pharmacy under his or her supervision."

As the managing pharmacist/pharmacist in charge of Walgreens Pharmacy #03922 at the time of each of the violations alleged above, Nguyen is responsible for those violations pursuant to NRS 639.210(15) NRS 639.220(3)(c), NAC 639.702 and NAC 639.910(2). Nguyen has also engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(m). Nguyen is therefore subject to discipline pursuant to NRS 639.210(4), (12), (15) and (17) and NRS 639.255.

SIXTH CAUSE OF ACTION
Altering Prescription Records
(Respondent Walgreens #03922 and Walgreens Co.)

XXIX.

NAC 639.751(1)(b) and (2), and NAC 639.930(3) require a pharmacy computer system to have adequate safeguards to identify whether information in the system concerning a prescription has been modified or manipulated, and, where information was modified or manipulated, identify the manner, date and person who modified or manipulated the information. NAC 639.930(4) and (5) require the pharmacy's computer system to maintain the information identified per NAC 639.930(3) and to prevent the removal of that information and the record of a prescription once the system assigns a number to the prescription. *See also* NAC 639.935(3)(g)(3) (computer system must produce printed records of history of each modification or manipulation of information concerning the prescription). By altering the Audit/Board of Pharmacy Inspection Report for Prescription No. 3261261-03922, specifically, by altering the store number from

"59610" in the data review field to "3397" and changed the DUR review field to "2445", Walgreens #03922 and Walgreens Co. violated NAC 639.751(1)(b) and (2), NAC 639.930(3), (4) and (5), and NAC 639.935(3)(g)(3). For that conduct, Walgreens #03922 and Walgreens Co. are subject to discipline pursuant to NRS 639.210(12) and NRS 639.255.

SEVENTH CAUSE OF ACTION

Pharmacy/Pharmacy Owner Responsibility

(Respondent Walgreens #03922 and Walgreens Co.)

XXX.

NRS 639.230(5) provides: "Any violation of any of the provisions of this chapter by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for the suspension or revocation of the license of the pharmacy by the Board." A pharmacy that requires or allows a pharmacist to use the services of a pharmaceutical technician in violation of law is subject to disciplinary action. NAC 639.260. The owner of a pharmacy is responsible for the acts and omissions of pharmaceutical technicians and other personnel. NAC 639.702. It is unprofessional conduct and conduct contrary to the public interest to operate a pharmacy at a location other than the location at which the pharmacy is licensed to operate (NAC 639.945(1)(f)) and to perform any act, task or operation for which licensure, certification or registration is required without the required license, certificate or registration. (NAC 639.945(1)(k)). The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

As the pharmacy/pharmacy at which the violations of law alleged above occurred, Walgreens #03922 and Walgreens Co. are responsible for those violations, including those of its employees pursuant to NRS 639.230(5), NAC 639.260, NAC 639.702 and NAC 639.945(2). Walgreens #03922 and Walgreens Co. also engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(f) and (k) by performing data verification of Prescription No. 3261261-03922 at Walgreens #03397 in Arizona, which was not

registered with the Board at the time of the violations alleged herein. Walgreens #03922 and Walgreens Co. are therefore subject to discipline pursuant to NRS 639.210(4) and (12) and NRS 639.255.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

Signed this 9th day of August, 2018.

J. David Wuest, Deputy Executive Secretary
Nevada State Board of Pharmacy on behalf of
Larry L. Pinson, Executive Secretary

This matter came before the Nevada State Board of Pharmacy (Board) at its regularly scheduled meeting on Wednesday, January 13, 2016, in Las Vegas, Nevada. S. Paul Edwards, Esq., represented the Board in his capacity as its General Counsel. William J. Stilling, Esq., of Parsons Behle & Latimer, filed an Answer and Notice of Defense and appeared at the hearing on behalf of Respondents Tina Rizzolo, RPh., Certificate of Registration No. 17665; Lucas Meyers, RPh., Certificate of Registration No. 16064; Walgreens Pharmacy #3922, Certificate of Registration No. PHN01127 (Walgreens Retail); and Walgreens Mail Service, Inc., Certificate of Registration No. PH01964 (Walgreens Mail Service).

Prior to the hearing, the Parties agreed to and entered into a written *Stipulated Facts*, a copy of which was filed and made part of the record in this action at the beginning of the hearing. Based on the Stipulated Facts, the Parties further entered into a *Stipulation and Order* resolving the Second, Third and Fifth Causes of Action in their entirety. The Stipulation and Order also partially resolved the Fourth Cause of Action as to Walgreen Retail's responsibility for Ms. Rizzolo's counselling error (Third Cause of Action).

With written stipulations in the record as to the facts and a majority of the causes of action, only two issues remained open for decision by the Board during the hearing:

(1) Whether a pharmacist who participates in a segmented prescription filling process is responsible for an error that a previous pharmacist in that process failed to detect and subsequently approved as accurate; and

(2) Whether a pharmacy that dispenses an incorrect medication under the circumstances described in issue one above is responsible for that dispensing error.

RELEVANT FACTS

Walgreens Mail Service is a Nevada-licensed mail service pharmacy located in Orlando, Florida. In May 2015, it was providing data verification support for Walgreens Retail located in Las Vegas, Nevada. Respondent Mr. Meyers worked for Walgreens Retail in Las Vegas at the time of the events alleged in the Accusation.

Those events began in May 2015, when a Nevada patient delivered to Walgreens Retail a prescription for thirty (30) Zoloft 200 mg. tablets with instructions to take 200 mg. by mouth daily. A pharmacy technician at Walgreens Retail performed data entry for the prescription and, rather than entering the medication prescribed, inadvertently entered Zocor 20 mg. tablets. The technician sent that erroneous prescription data into a data entry verification queue for pharmacist approval.

A pharmacist at Walgreens Mail Service in Florida, who was not licensed to practice pharmacy in Nevada, retrieved the data from the queue and verified it as accurate. That pharmacist did not detect the technician's error in entering Zocor, rather than Zoloft. The Florida pharmacist then put the prescription back into a queue for retrieval and filling by Walgreens Retail in Nevada.

Back in Nevada, another pharmaceutical technician retrieved the prescription information from the queue and filled the prescription with simvastatin (generic for Zocor). The technician staged the prescription for a pharmacist to conduct product verification. The verifying pharmacist, Respondent Mr. Meyers, purported to verify the product as accurate by comparing the label, the leaflet and the product in the prescription bottle to see that they matched. Mr. Meyers *did not review the original prescription or a*

copy of the prescription as part of the product verification process, and failed to detect that the prescription called for Zoloft, rather than the simvastatin he approved for dispensing. After completing product verification, Mr. Meyers placed the prescription bottle in Will Call for customer pickup.

Respondent Ms. Rizzolo, R.Ph., subsequently retrieved the prescription from Will Call and sold it to the patient. Neither she nor the patient detected the error.

ADDITIONAL FINDINGS

1. Mr. Meyers was the pharmacist on duty and had direct supervisory responsibility over the pharmaceutical technician who erred by entering Zocor rather than Zoloft as prescribed.

2. Mr. Meyers was the pharmacist on duty when the prescription returned to Walgreens Retail in Nevada and proceeded through the filling process.

3. Mr. Meyers performed product verification and personally failed to detect that the pharmacy was preparing to dispense the wrong medication.

4. The written prescription has a preprinted heading indicating that it was written by psychiatrist at a psychiatric practice.

5. Both the written prescription and a scanned copy of the prescription were available for Mr. Meyers to review at the time of product verification. Mr. Meyers did not review the prescription as part of the product verification process.

6. The foregoing findings are supported by the Answer(s) filed by the Respondents, the Stipulated Facts previously entered into the record, and testimony presented to the Board during the hearing.

CONCLUSIONS OF LAW

7. The Board has jurisdiction over this matter because, at the time of the conduct at issue, Respondent Mr. Meyers was a pharmacist licensed by the Board, and Respondent Walgreens Retail was a pharmacy licensed by the Board to operate in Nevada.

8. The Board is charged with protecting the health and safety of the public. NRS 639.070(1)(a). Pursuant to that charge, the Board has declared any "[failure to] strictly . . . follow the instructions of

[a] person writing, making or ordering a prescription or chart order as to its filling or refilling, the content of the label of the prescription or giving a copy of the prescription or chart order to any person...." to be "unprofessional conduct and conduct contrary to the public interest . . . ." NAC 639.945(1) (d).

9. The Board does not dictate a specific process that a pharmacy or its pharmacists must follow to comply with NAC 639.945(1) (d), nor does it prohibit pharmacies and pharmacists from segmenting the filling process such that it is completed by more than one pharmacist. However, where licensees opt to segment the filling process, they are still expected to develop and maintain policies and procedures that ensure that medication is dispensed correctly. A comparison of the original prescription, the label, the leaflet and the product to be dispensed would be a prudent element of that process.

10. Regardless of the process a pharmacy elects, if an error does occur, the Board's long-standing position has been to hold responsible, at a minimum, the pharmacist who made the error and the pharmacist who performed the product verification and approved the product for dispensing.

11. The Board's practice of holding pharmacies and pharmacists responsible for the actions of others is not foreign to Nevada pharmacy law. NRS 639.220, for example, states that a "managing pharmacist is responsible for the activities of [his or her] designee," where a staff pharmacist is left in charge of a pharmacy in the manager's absence.

Similarly, NAC 639.252 states that a "pharmacist supervising [a] pharmaceutical technician is responsible for the filled prescription," including verification of the "selection and strength of the drug . . . [t]he dosage form; and . . . [t]he labeling of the prescription." That is true, even where the pharmacist did not personally make the error. A pharmacist's responsibility over the actions of others in his or her charge is further set forth in NAC 639.702, which states:

> The owner of a pharmacy, the managing pharmacist of the pharmacy and the *registered pharmacist on duty at the pharmacy* are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission.

(Emphasis added.)

Moreover, NAC 639.268 makes a pharmacist responsible for the acts of any pharmaceutical technician under his/her supervision; NAC 639.945(2) makes a supervising pharmacist responsible for the acts of any intern pharmacist under his/her supervision; and NAC 639.467 states that "a staff pharmacist [in a medical facility] is responsible for any delegated act performed by pharmaceutical technicians under his or her supervision."

12. Consistent with those authorities and the Board's long-standing position that a final verifying pharmacist can be held responsible for approving an error, even if it was previously approved and passed along by other pharmacists in the filling process, the Board concludes here that Respondent Mr. Meyers violated NAC 639.945(1)(d) and (i) by unskillfully failing to strictly follow the instructions of patient A.P.'s physician and verifying as accurate simvastatin 20 mg. tablets, instead of the Zoloft 200 mg. tablets the patient's physician prescribed.

13. Mr. Meyers is responsible for that error on multiple levels. He was the pharmacist on duty and had direct supervisory responsibility over the pharmaceutical technician who erred during data entry.

14. Mr. Meyers, as the pharmacist on duty, is likewise responsible for the error of Walgreens Mail Service employee Ms. Wagner—who, due to her unlicensed status in Nevada, the Board deems to be "other personnel who are not pharmacists working in or for the pharmacy." Ms. Wagner failed to detect the technician's data entry error during data verification.

15. Mr. Meyers was still the pharmacist on duty when the prescription returned to Walgreens Retail in Nevada and proceeded through the filling process. Mr. Meyers performed product verification and *personally* failed to detect the error. He approved simvastatin, a medication indicated for high cholesterol, when the patient's physician prescribed Zoloft, a medication indicated for depression. In doing so, the Board concludes that Mr. Meyers failed to strictly follow the instructions of the patient's physician as alleged in the First Cause of Action.

16. Those violations are grounds for discipline pursuant to NRS 639.255.

17. During the hearing, Respondents argued that Mr. Meyers should not be held responsible due to the Board's findings and conclusions in *Nevada State Board of Pharmacy v. Doan et al.*, Case No.

14-076-RPH. The Board concludes that the *Doan* case is factually distinguishable from the instant matter. In *Doan*, the prescription required a prior authorization. The pharmacy prepared the authorization, but input the wrong medication and sent it to the prescriber for approval. The prescriber did not detect the error, authorized the fill, and returned the authorization, which the pharmacy scanned into its computer system as the prescription. Since the authorization indicated the wrong medication, the Board found that even if the pharmacist had reviewed the original document during product verification, that document contained no information that would have alerted the pharmacist to the error.

18. The facts in *Doan* are distinguishable from the facts here. Here, Walgreens Retail had the original prescription. It was available for Mr. Meyers to review. Looking at the prescription to verify that it matched the label, leaflet and product could have alerted Mr. Meyer to the error. In any event, the findings and conclusion in *Doan* are not necessarily binding on the Board here, and do not bar it from finding against Mr. Meyers in this action.

19. Based upon the forgoing finding of guilt, Mr. Meyers shall, related to the violations alleged in the First Cause of Action, (i) pay a fine of $250.00, and (ii) complete two one-hour CE units on the topics of pharmacy record keeping (1 CE) and proper error prevention techniques (1 CE).

20. During the hearing, the Board made no findings or conclusions regarding Walgreens Retail's responsibility for Mr. Meyer's error. The Board hereby dismisses the Fourth Cause of Action as to that issue only.

21. Each party is to bear its own costs and attorney fees.

22. The two (2) CEs ordered in the foregoing paragraph are in lieu of the two (2) addition CEs Mr. Meyer's agreed to in the Stipulation and Order, are in addition to the CEs Mr. Meyer is ordinarily required to complete for maintenance of licensure, and must be completed within ninety (90) days of entry of this order.

23. Respondents shall pay the fines set forth herein by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within thirty (30) days of the effective date of this Order. If circumstances so merit, Board Staff

has the discretion and authority to establish a payment plan under which any of these Respondents may pay the fine(s) set forth herein through installments without further action or vote by the Board.

24. Respondents shall pay the administrative fees set forth herein by cashier's or certified check of money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office within thirty (30) days of the effective date of this Order.

25. Any failure by any Respondent to comply with any term in this Order may result in additional discipline, up to and including suspension or revocation of that respondent's registrations/licenses until all terms have been satisfied. Furthermore, any failure to pay any fine, fee, or cost ordered herein may result in such legal action as Board Staff determines to be necessary to collect the unpaid fine, fee, or cost.

26. This Amended Order supersedes the original order entered February 4, 2016.

IT IS SO ORDERED.

Signed and effective this 2 day of March, 2016.

This matter came before the Nevada State Board of Pharmacy (Board) at its regularly scheduled meeting on Wednesday, January 13, 2016, in Las Vegas, Nevada. S. Paul Edwards, Esq., represented the Board in his capacity as its General Counsel. William J. Stilling, Esq., of Parsons Behle & Latimer, filed an Answer and Notice of Defense and appeared at the hearing on behalf of Respondents Tina Rizzolo, RPh., Certificate of Registration No. 17665; Lucas Meyers, RPh., Certificate of Registration No. 16064; Walgreens Pharmacy #3922, Certificate of Registration No. PHN01127 (Walgreens Retail); and Walgreens Mail Service, Inc., Certificate of Registration No. PH01964 (Walgreens Mail Service).

Prior to the hearing, the Parties agreed to and entered into a written *Stipulated Facts*, a copy of which was filed and made part of the record in this action at the beginning of the hearing. Based on the Stipulated Facts, the Parties further entered into a *Stipulation and Order* resolving the Second, Third and Fifth Causes of Action in their entirety. The Stipulation and Order also partially resolved the Fourth Cause of Action as to Walgreen Retail's responsibility for Ms. Rizzolo's counselling error (Third Cause of Action).

With written stipulations in the record as to the facts and a majority of the causes of action, only two issues remained open for decision by the Board during the hearing:

(1) Whether a pharmacist who participates in a segmented prescription filling process is responsible for an error that a previous pharmacist in that process failed to detect and subsequently approved as accurate; and

(2) Whether a pharmacy that dispenses an incorrect medication under the circumstances described in issue one above is responsible for that dispensing error.

RELEVANT FACTS

Walgreens Mail Service is a Nevada-licensed mail service pharmacy located in Orlando, Florida. In May 2015, it was providing data verification support for Walgreens Retail located in Las Vegas, Nevada. Respondent Mr. Meyers worked for Walgreens Retail in Las Vegas at the time of the events alleged in the Accusation.

Those events began in May 2015, when a Nevada patient delivered to Walgreens Retail a prescription for thirty (30) Zoloft 200 mg. tablets with instructions to take 200 mg. by mouth daily. A pharmacy technician at Walgreens Retail performed data entry for the prescription and, rather than entering the medication prescribed, inadvertently entered Zocor 20 mg. tablets. The technician sent that erroneous prescription data into a data entry verification queue for pharmacist approval.

A pharmacist at Walgreens Mail Service in Florida, who was not licensed to practice pharmacy in Nevada, retrieved the data from the queue and verified it as accurate. That pharmacist did not detect the technician's error in entering Zocor, rather than Zoloft. The Florida pharmacist then put the prescription back into a queue for retrieval and filling by Walgreens Retail in Nevada.

Back in Nevada, another pharmaceutical technician retrieved the prescription information from the queue and filled the prescription with simvastatin (generic for Zocor). The technician staged the prescription for a pharmacist to conduct product verification. The verifying pharmacist, Respondent Mr. Meyers, purported to verify the product as accurate by comparing the label, the leaflet and the product in the prescription bottle to see that they matched. Mr. Meyers *did not review the original prescription or a*

copy of the prescription as part of the product verification process, and failed to detect that the prescription called for Zoloft, rather than the simvastatin he approved for dispensing. After completing product verification, Mr. Meyers placed the prescription bottle in Will Call for customer pickup.

Respondent Ms. Rizzolo, R.Ph., subsequently retrieved the prescription from Will Call and sold it to the patient. Neither she nor the patient detected the error.

ADDITIONAL FINDINGS

1. Mr. Meyers was the pharmacist on duty and had direct supervisory responsibility over the pharmaceutical technician who erred by entering Zocor rather than Zoloft as prescribed.

2. Mr. Meyers was the pharmacist on duty when the prescription returned to Walgreens Retail in Nevada and proceeded through the filling process.

3. Mr. Meyers performed product verification and personally failed to detect that the pharmacy was preparing to dispense the wrong medication.

4. The written prescription has a preprinted heading indicating that it was written by psychiatrist at a psychiatric practice.

5. Both the written prescription and a scanned copy of the prescription were available for Mr. Meyers to review at the time of product verification. Mr. Meyers did not review the prescription as part of the product verification process.

6. The foregoing findings are supported by the Answer(s) filed by the Respondents, the Stipulated Facts previously entered into the record, and testimony presented to the Board during the hearing.

CONCLUSIONS OF LAW

7. The Board has jurisdiction over this matter because, at the time of the conduct at issue, Respondent Mr. Meyers was a pharmacist licensed by the Board, and Respondent Walgreens Retail was a pharmacy licensed by the Board to operate in Nevada.

8. The Board is charged with protecting the health and safety of the public. NRS 639.070(1)(a). Pursuant to that charge, the Board has declared any "[failure to] strictly . . . follow the instructions of

[a] person writing, making or ordering a prescription or chart order as to its filling or refilling, the content of the label of the prescription or giving a copy of the prescription or chart order to any person...." to be "unprofessional conduct and conduct contrary to the public interest . . . ." NAC 639.945(1) (d).

9. The Board does not dictate a specific process that a pharmacy or its pharmacists must follow to comply with NAC 639.945(1) (d), nor does it prohibit pharmacies and pharmacists from segmenting the filling process such that it is completed by more than one pharmacist. However, where licensees opt to segment the filling process, they are still expected to develop and maintain policies and procedures that ensure that medication is dispensed correctly. A comparison of the original prescription, the label, the leaflet and the product to be dispensed would be a prudent element of that process.

10. Regardless of the process a pharmacy elects, if an error does occur, the Board's long-standing position has been to hold responsible, at a minimum, the pharmacist who made the error and the pharmacist who performed the product verification and approved the product for dispensing.

11. The Board's practice of holding pharmacies and pharmacists responsible for the actions of others is not foreign to Nevada pharmacy law. NRS 639.220, for example, states that a "managing pharmacist is responsible for the activities of [his or her] designee," where a staff pharmacist is left in charge of a pharmacy in the manager's absence.

Similarly, NAC 639.252 states that a "pharmacist supervising [a] pharmaceutical technician is responsible for the filled prescription," including verification of the "selection and strength of the drug . . . [t]he dosage form; and . . . [t]he labeling of the prescription." That is true, even where the pharmacist did not personally make the error. A pharmacist's responsibility over the actions of others in his or her charge is further set forth in NAC 639.702, which states:

> The owner of a pharmacy, the managing pharmacist of the pharmacy and the *registered pharmacist on duty at the pharmacy* are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission.

(Emphasis added.)

Moreover, NAC 639.268 makes a pharmacist responsible for the acts of any pharmaceutical technician under his/her supervision; NAC 639.945(2) makes a supervising pharmacist responsible for the acts of any intern pharmacist under his/her supervision; and NAC 639.467 states that "a staff pharmacist [in a medical facility] is responsible for any delegated act performed by pharmaceutical technicians under his or her supervision."

12. Consistent with those authorities and the Board's long-standing position that a final verifying pharmacist can be held responsible for approving an error, even if it was previously approved and passed along by other pharmacists in the filling process, the Board concludes here that Respondent Mr. Meyers violated NAC 639.945(1)(d) and (i) by unskillfully failing to strictly follow the instructions of patient A.P.'s physician and verifying as accurate simvastatin 20 mg. tablets, instead of the Zoloft 200 mg. tablets the patient's physician prescribed.

13. Mr. Meyers is responsible for that error on multiple levels. He was the pharmacist on duty and had direct supervisory responsibility over the pharmaceutical technician who erred during data entry.

14. Mr. Meyers, as the pharmacist on duty, is likewise responsible for the error of Walgreens Mail Service employee Ms. Wagner—who, due to her unlicensed status in Nevada, the Board deems to be "other personnel who are not pharmacists working in or for the pharmacy." Ms. Wagner failed to detect the technician's data entry error during data verification.

15. Mr. Meyers was still the pharmacist on duty when the prescription returned to Walgreens Retail in Nevada and proceeded through the filling process. Mr. Meyers performed product verification and *personally* failed to detect the error. He approved simvastatin, a medication indicated for high cholesterol, when the patient's physician prescribed Zoloft, a medication indicated for depression. In doing so, the Board concludes that Mr. Meyers failed to strictly follow the instructions of the patient's physician as alleged in the First Cause of Action.

16. Those violations are grounds for discipline pursuant to NRS 639.255.

17. During the hearing, Respondents argued that Mr. Meyers should not be held responsible due to the Board's findings and conclusions in *Nevada State Board of Pharmacy v. Doan et al.*, Case No.

14-076-RPH. The Board concludes that the *Doan* case is factually distinguishable from the instant matter. In *Doan*, the prescription required a prior authorization. The pharmacy prepared the authorization, but input the wrong medication and sent it to the prescriber for approval. The prescriber did not detect the error, authorized the fill, and returned the authorization, which the pharmacy scanned into its computer system as the prescription. Since the authorization indicated the wrong medication, the Board found that even if the pharmacist had reviewed the original document during product verification, that document contained no information that would have alerted the pharmacist to the error.

18. The facts in *Doan* are distinguishable from the facts here. Here, Walgreens Retail had the original prescription. It was available for Mr. Meyers to review. Looking at the prescription to verify that it matched the label, leaflet and product could have alerted Mr. Meyer to the error. In any event, the findings and conclusion in *Doan* are not necessarily binding on the Board here, and do not bar it from finding against Mr. Meyers in this action.

19. Based upon the forgoing finding of guilt, Mr. Meyers shall, related to the violations alleged in the First Cause of Action, (i) pay a fine of $250.00, and (ii) complete two one-hour CE units on the topics of pharmacy record keeping (1 CE) and proper error prevention techniques (1 CE).

20. During the hearing, the Board made no findings or conclusions regarding Walgreens Retail's responsibility for Mr. Meyer's error. The Board hereby dismisses the Fourth Cause of Action as to that issue only.

21. Each party is to bear its own costs and attorney fees.

22. The two (2) CEs ordered in the foregoing paragraph are in lieu of the two (2) addition CEs Mr. Meyer's agreed to in the Stipulation and Order, are in addition to the CEs Mr. Meyer is ordinarily required to complete for maintenance of licensure, and must be completed within thirty (30) days of entry of this order.

23. Respondents shall pay the fines set forth herein by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within thirty (30) days of the effective date of this Order. If circumstances so merit, Board Staff

has the discretion and authority to establish a payment plan under which any of these Respondents may pay the fine(s) set forth herein through installments without further action or vote by the Board.

24. Respondents shall pay the administrative fees set forth herein by cashier's or certified check of money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office within thirty (30) days of the effective date of this Order.

25. Any failure by any Respondent to comply with any term in this Order may result in additional discipline, up to and including suspension or revocation of that respondent's registrations/licenses until all terms have been satisfied. Furthermore, any failure to pay any fine, fee, or cost ordered herein may result in such legal action as Board Staff determines to be necessary to collect the unpaid fine, fee, or cost.

IT IS SO ORDERED.

Signed and effective this 4 day of February, 2016.

Stilling of Parsons Behle & Latimer,

HEREBY STIPULATE AND AGREE THAT:

1. The Board has jurisdiction over these matters.

2. The Board served a Notice of Intended Action and Accusation (Accusation) on each of the

Respondents on or about December 10, 2015, which each Respondent received.

3. Respondents, and each of them, are fully aware of their right to seek the advice of counsel in this matter, and obtained the advice of counsel prior to entering into this Stipulation.

4. Respondents, and each of them, are fully aware of their right to a hearing on the matters alleged in the Accusation, their right to reconsideration, their right to appeal, and any and all other rights which may be accorded to them pursuant to the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

5. Conditioned on the Board's acceptance of this Stipulation, and with the exception of the right to challenge any determination that any Respondent failed to comply with the provisions of this Stipulation, Respondents, and each of them, hereby freely and voluntarily waive their rights to a hearing, reconsideration, appeal, and any and all other rights that may be accorded to them by the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

6. Respondents, and each of them, admit that evidence exists, and that such evidence could be presented at a hearing, to establish a factual basis for the violations alleged in the Accusation, *to wit*, that:

a. In failing to maintain a recordkeeping system and/or records that would allow for readily retrievable prescription records for patient A.P.'s prescription, Mr. Meyers violated NRS 639.210(4) and (17), NRS 639.236, NAC 639.482, NAC 639.706 and NAC 639.945(1)(i), which violations are grounds for action pursuant to NRS 639.255.

b. In failing to provide adequate counseling on the patient's new prescription, Respondent Tina Rizzolo violated NRS 639.266(1) and NAC 639.707(1) and (2), as well as NAC 639.945(1)(i), which

violations are grounds for action pursuant to NRS 639.255.

c. As the pharmacy in which Florida pharmacist Ellen Wagner, R.Ph. failed to strictly follow the instructions of A.P.'s physician and verified *simvastatin 20 mg. tablets (generic Zocor)* as the correct medication, instead of the *Zoloft 200 mg. tablets* the physician prescribed, Walgreens Mail Service, Inc. is responsible, pursuant to NAC 639.945(2), for the unprofessional conduct of its employee, and is therefore subject to discipline under NRS 639.255.

7. The foregoing admissions are for the purposes of this proceeding only, and shall have no force or effect in any other case or proceeding before the Board.

8. Based upon the Accusation and the foregoing admissions, Respondents, and each of them, stipulate to the following penalties, which will become binding and enforceable upon approval of this Stipulation by the Board:

a. Board Staff and Respondents have not reached an agreement as to ~~a penalty, if any, related to~~ the First Cause of Action.

b. Lucas Meyer.: Related to the record keeping violations alleged in the Second Cause of Action, Mr. Meyer shall: (i) pay a fine of $500.00, and (ii) complete two one-hour CE units on the topics of pharmacy record keeping requirements (1 CE) and ethics (1 CE).

c. Tina Rizzolo, R.Ph.: Related to the violations alleged in the Third Cause of Action, Ms. Rizzolo shall: (i) pay a fine of $750.00, and (ii) complete two one-hour CE units on the topics of error prevention (1 CE) and elements of proper counseling (1 CE).

d. Walgreens #3922: Related to the Fourth Cause of Action, which relates back to the violations of Walgreens #3922's employees in the Second Cause of Action (Meyer - Record Keeping) and Third Cause of Action (Rizzolo - Counseling), Walgreens #3922 shall: (i), distribute a copy of the Accusation and Order(s) from this case, with the individual Respondents' names redacted, to all of its pharmacists who participate in filling prescriptions for Nevada residents, for their review and education as to pharmacists' responsibilities under Nevada law, and (ii) pay an administrative fee of $495.00.

e. Walgreens Mail Service: Related to the violations alleged in the Fifth Cause of Action, Walgreens Mail Service shall: (i) pay a fine of $1,000 for the violations of Ms. Wagner while working at its facility, and (ii) pay an administrative fee of $495.00.

9. The CE units agreed to above are in addition to the CE units each pharmacist is ordinarily required to complete to maintain a pharmacist license.

10. Board Counsel will present this Stipulation to the Board for approval at its meeting on January 13, 2016, in Las Vegas, Nevada. Respondents, and each of them, will appear at that meeting to answer questions put to them by members of the Board and Board Staff. The Board may discuss and deliberate regarding the Stipulation even if one or more Respondent is absent. The Board has discretion to approve this Stipulation, but it has no obligation to do so.

11. Except as to the allegations relating to the First Cause of Action, which remain unresolved, if the Board adopts the recommendations set forth above, Respondents and the Board each agree to release the other from any and all claims arising from the facts set forth in the Accusation, whether known or unknown, which might otherwise have existed on or before the effective date of the Board's Order in this matter.

12. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

13. Respondents shall pay the *fines* agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office located at 431 W. Plumb Lane, Reno, NV 89509, within 90 days of the effective date of the Board's Order.

14. Respondents shall pay the *administrative fees* agreed to herein by *cashier's check*, *certified check* or *money order* made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 431 W. Plumb Lane, Reno, NV 89509, within ninety (90) days of the effective date of the Board's Order.

S. PAUL EDWARDS, General Counsel for Petitioner the Nevada State Board of Pharmacy (Board), and Respondents Tina Rizzolo (Ms. Rizzolo), Certificate of Registration No. 17665, Walgreens Pharmacy #3922 (Walgreens #3922), Certification of Registration No. PHN01127, and Walgreens Mail Service, Inc., Certificate of Registration No. PH01964, (collectively Respondents), represented by William J. Stilling of Parsons Behle & Latimer,

HEREBY STIPULATE AND AGREE TO THE FOLLOWING FACTS:

1. Walgreens Mail Service, Inc. is a Nevada licensed mail service pharmacy (certificate of registration PH01964) located in Orlando, Florida. The facility provides support to Walgreens' retail pharmacies in Nevada by shifting work load.

2. At the time of the events alleged herein (May 5, 2015 through May 8, 2015), Walgreens Mail Service, Inc. provided data verification support to five Walgreens' pharmacies in Las Vegas, Nevada, including Respondent Walgreens Pharmacy #3922.

3. On May 5, ~~205~~ 2015, Walgreens #3922 accepted a prescription through its drive-thru window for patient AP for thirty (30) Zoloft 200 mg. tablets with instructions to take 200 mg. by mouth daily.

4. Walgreens Pharmacy #3922 filled AP's prescription with Zocor 20 mg. instead of Zoloft 200 mg.

5. AP's prescription was filled as follows.

   a. Pharmaceutical technician Noelle Mallari (Ms. Mallari) performed the data entry for AP's prescription (Rx #3094107-3922) at Walgreens #3922. Ms. Mallari incorrectly entered the prescription as Zocor 20 mg. tablets, rather than Zoloft 200 mg. tablets prescribed by PA's physician.

   b. Ms. Mallari sent the prescription data into the data entry verification queue for approval by a pharmacist.

   c. Ellen Wagner (Ms. Wagner) is a pharmacist licensed in Florida and an employee of Walgreens Mail Service, Inc. Ms. Wagner retrieved the data for Rx #3094107-3922 from the queue to perform data verification. Ms. Wagner failed to detect the data entry error and verified Zocor 20 mg. tablets as accurate. After verifying the data as accurate, Ms. Wagner sent the prescription to the queue for filling in Nevada by Walgreens #3922.

d. At Walgreens #3922, pharmaceutical technician Courtney Watkins retrieved Rx #3094 I 07-3922 from the queue. She filled the prescription with simvastatin (generic for Zocor) 20 mg. tablets and staged it for the pharmacist to conduct the final product verification.

e. Pharmacist Lucas Meyers performed the final product verification at Walgreens #3922 to verify the label, leaflet, and product match. He staged the final product for customer pickup.[1]

f. On May, 7, 2015, AP picked up his prescription at Walgreens #3922 drive-thru window. Pharmacist Tina Rizzolo documented that she completed patient consultation for AP's prescription.

6. AP received simvastatin 20 mg. (Zocor generic) tablets.

7. AP ingested one tablet of the dispensed medication on May 8, 2015, per his doctor's instructions. After he discovered that the label on the prescription bottle indicated Zocor 20 mg. rather than Zoloft 200 mg., AP telephoned Walgreens and verified that the wrong medication was dispensed. Walgreens personnel then dispensed Zoloft 200 mg. to AP.

[1] In a written statement, Mr. Meyers explained: "My duties for product verification are to match the label, leaflet and product to each other . . . ." All parties agree that Mr. Myers did not write "even if they do not match the prescription" as alleged in Paragraph XIV of the Notice of Intended Action and Accusation.

8. AP reported no negative impact from ingesting Zocor 20 mg.

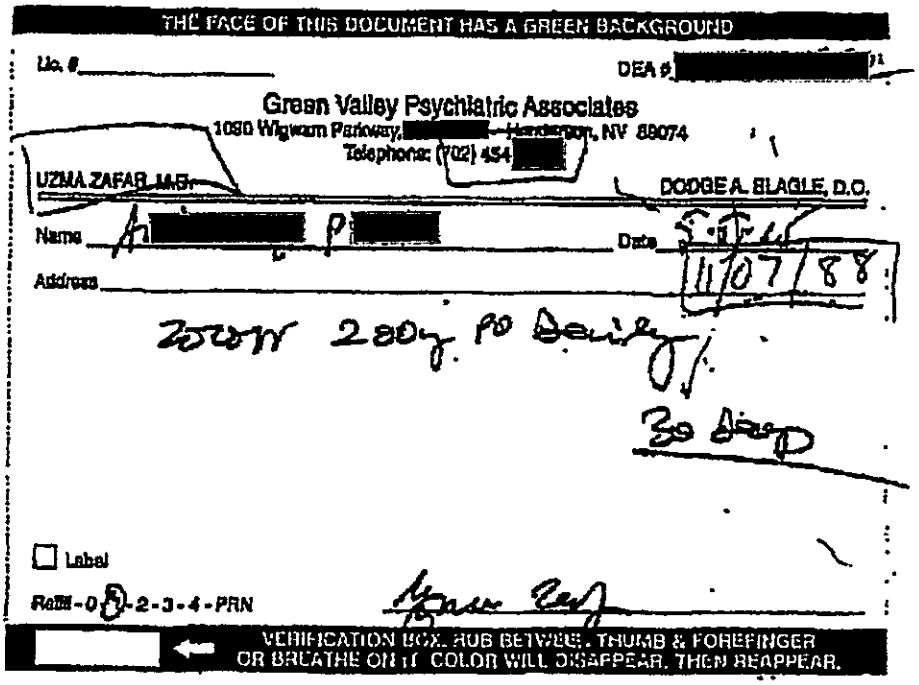
Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3), and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondents Tina Rizzolo (Ms. Rizzolo), Certificate of Registration No. 17665, and Lucas Meyers (Mr. Meyers), Certificate of Registration No. 16064, were pharmacists licensed with the Board, and Respondents Walgreens Pharmacy #3922 (Walgreens), Certification of Registration No. PHN01127, and Walgreens Mail Service, Inc., Certificate of Registration No. PH01964, were pharmacies licensed with the Board.



II.

Walgreens Mail Service, Inc. is a work shifting operation located in Orlando, Florida. The facility provides support to Walgreens' retail pharmacies in Nevada. At the time of the

events alleged herein, it provided data verification support to five Walgreens' pharmacies in Las Vegas, Nevada, including Respondent Walgreens Pharmacy #3922.

III.

On May 5, 2015, patient A.P. saw his physician, who prescribed a quantity of thirty (30) Zoloft tablets with instructions to take 200 mg. by mouth daily. The prescription appears as follows:

IV.

Walgreens #3922 accepted the prescription at the pharmacy drive-thru window on May 5, 2015. It filled the prescription that day, and dispensed it to A.P. through the drive through on May 7, 2015.

V.

A.P. ingested one tablet of the dispensed medication on May 8, 2015, per his doctor's instructions. He later discovered that the label on the prescription bottle indicated *Zocor* 20 mg. tablets, rather than the *Zoloft 200 mg.* tablets his physician prescribed.

VI.

A.P. telephoned Walgreens and verified that it dispensed the wrong medication. He returned the medication to Walgreens, which replaced it with the correct medication. A.P. reported no negative impact from ingesting the medication Walgreens initially dispensed.

VII.

According to pharmacy records, the filling error originated with pharmaceutical technician Noelle Mallari (Ms. Mallari), who performed the data entry for A.P.'s prescription (Rx #3094107-3922) at Walgreens #3922.[1]

VIII.

During data entry, Ms. Mallari read the prescription as calling for *Zocor 200 mg.* tablets, rather than the *Zoloft 200 mg.* tablets P.A.'s doctor prescribed. Zocor does not come in 200 mg. tablets, so Ms. Mallari instead selected Zocor 20 mg. tablets.

IX.

Ms. Mallari sent the prescription data into the data entry verification queue for approval by a pharmacist.

X.

Ellen Wagner (Ms. Wagner) is a registered pharmacist in Florida. She is not licensed to practice pharmacy in Nevada. She is employed by Respondent Walgreens Mail Service, Inc. in Florida.

XI.

At the facility in Florida, Ms. Wagner retrieved the data for Rx #3094107-3922 from the queue to perform data verification. Ms. Wagner failed to detect the data entry error and verified Zocor 20 mg. tablets as accurate in lieu of the Zoloft 200 mg. tablets that P.A.'s

[1] The *Audit/Board of Pharmacy Inspection Report Fill History Entered By* field records E. Wagner (Ellen Wagner) for Rx #3094107-2. Walgreens' transactional data indicates that E. Wagner updated the prescriber field subsequent to Ms. Mallari performing data entry. The system records the name of the last individual who adjusted the field.

physician prescribed. After verifying the data as accurate, Ms. Wagner sent the prescription to the queue for filling in Nevada by Walgreens #3922.

XII.

Back at Walgreens #3822, pharmaceutical technician Courtney Watkins retrieved Rx #3094107-3922 from the queue. She filled the prescription with simvastatin (generic for Zocor) 20 mg. tablets, and staged it for the pharmacist's final product review.

XIII.

Pharmacist Lucas Meyers performed the final product verification at Walgreens #3922. He did not detect that the prescription bottle contained simvastatin 20 mg. tablets, instead of the Zoloft 200 mg. tablets P.A.'s doctor prescribed. Without looking at the original prescription or image of the prescription available to him, Mr. Meyers verified and approved the prescription as accurate and complete. He staged the final product for customer pickup.

XIV.

In a written statement, Mr. Meyers explained that under Walgreen's model, his duty is limited to verifying that the product in the vial matches the information on the label and leaflet, even if they do not match the prescription. In this case, the label and leaflet do not match the prescription, as they were generated based on the incorrect data verified by Ms. Wagner at the Florida facility.

XV.

Walgreens #3922 has no mandatory procedure to detect a data entry or verification error by the Florida work shifting facility and/or an out-of-state pharmacist after data verification is complete.

XVI.

Pharmacist Tina Rizzolo's initials are recorded on the Audit/Board of Pharmacy Inspection Report documenting that patient consultation was completed. Ms. Rizzolo did not detect the medication error during counseling.

XVII.

A.P. alleges that counseling was not provided at the pharmacy drive-thru window for Rx #3094107-3922. He informed the Board Investigator that he never receives counseling when he utilizes Walgreens pharmacy drive-thru window.

XVIII.

Walgreens was not able to produce a record of the errant prescription label because Mr. Meyers deleted the errant prescription from A.P.'s patient profile, rather than closing the prescription. The counseling log was also electronically removed from the store level view when the prescription was deleted.

FIRST CAUSE OF ACTION
(Respondent Lucas Meyers)

XIX.

In failing to strictly follow the instructions of A.P.'s physician by verifying and dispensing a prescription for *simvastatin 20 mg. tablets (generic Zocor)*, rather than the *Zoloft 200 mg. tablets* the patient's doctor prescribed, Mr. Meyers violated NAC 639.945(1)(d) and/or (i), which violations are grounds for action pursuant to NRS 639.210(4), (11), and/or (12), and NRS 639.255.

SECOND CAUSE OF ACTION
(Respondent Lucas Meyers)

XX.

In failing to maintain a recordkeeping system that would allow for readily retrievable prescription records for patient A.P.'s prescription, Mr. Meyers violated NRS 639.210(4) and/or (17), NRS 639.236, NAC 639.482, NAC 639.706 and/or NAC 639.945(1)(h) and/or (i), which violations are grounds for action pursuant to NRS 639.210(4) and (17) and/or NRS 639.255.

THIRD CAUSE OF ACTION
(Respondent Tina Rizzolo)

XXI.

In failing to provide adequate counseling for A.P.'s new prescription, which may have detected the medication error, Ms. Rizzolo violated NRS 639.266(1) and NAC 639.707(1) and (2), as well as NAC 639.945(1)(i), which violations are grounds for action pursuant to NRS 639.210(4), (11) and/or (12), and under NRS 639.255.

FOURTH CAUSE OF ACTION
(Respondent Walgreens Pharmacy #3922)

XXII.

As the pharmacy in which the foregoing alleged violations occurred, Walgreens Pharmacy #3922 is responsible for the actions of its employees, Respondents Lucas Meyers and Tina Rizzolo, as alleged herein, pursuant to NAC 639.945(2), which is grounds for discipline pursuant to NRS 639.210(4), (11) and/or (12), and NRS 639.255.

FIFTH CAUSE OF ACTION
(Respondent Walgreens Mail Service, Inc.)

XXIII.

As the pharmacy in which the violations alleged herein occurred, Walgreens Mail Service, Inc. is responsible, pursuant to NAC 639.945(2), for the unprofessional conduct of its employee, Ellen Wagner. That conduct includes Ms. Wagner's:

(1) failure to strictly follow the instructions of the prescriber and verifying *simvastatin 20 mg. tablets (generic Zocor)* as the correct medication, instead of the *Zoloft 200 mg. tablets* the physician prescribed, (*see* NAC 639.945(1)(d) and/or (i)); and

(2) failure to confer with A.P.'s physician to verify the medication name and strength, which are illegible and subject to question here. *See* (NAC 639.945(1)(e). This respondent is therefore subject to discipline under NRS 639.210(4), (11) and (12), and NRS 639.255.

Therefore, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the licenses and/or certificates of registration of these respondents.

Signed this 9th day of December, 2015.

Larry L. Pinson, Pharm.D., Executive Secretary
Nevada State Board of Pharmacy

The Nevada State Board of Pharmacy (Board) heard this matter at its regularly scheduled meeting on Wednesday, July 19, 2017, in Las Vegas, Nevada. S. Paul Edwards, Esq., prosecuted the case on behalf of Board Staff. William J. Stilling, Esq., of Kimball Legal, appeared on behalf of Respondents Shelley Verma (Ms. Verma), Certificate of Registration No. 17761; Rachael McDonald (Ms. McDonald), Certificate of Registration No. 18416; Suzette Jacobs (Ms. Jacobs), Certificate of Registration 17642; Walgreens Pharmacy #03845 (Walgreens #03845), Certificate of Registration No. PHN01064; Walgreens Pharmacy #04086 (Walgreens #04086),

Certificate of Registration PH01248; Walgreens Pharmacy #15035 (Walgreens #115035), Certificate of Registration PH02742 and Walgreen Co.

Based on the evidence presented during the hearing, including testimonial and documentary evidence, the Board finds that evidence exists to support each of the factual allegations in the Accusation and enters Findings of Fact, Conclusions of Law, and Orders as follows:

FINDINGS OF FACT

On July 19, 2017, Respondents, through their counsel, entered into a set of *Stipulated Facts*, a copy of which is attached hereto as **Exhibit 1** and incorporated herein by reference. The facts to which Respondents, and each of them, admitted in the *Stipulated Facts* are as follows:

1. The Board has jurisdiction over this matter because at the time of the events described herein Respondents Ms. Verma, Ms. McDonald and Ms. Jacobs were each registered as pharmacists with the Board.

2. Similarly, the Board has jurisdiction over this matter because at the time of the events described herein, Respondents Walgreens #03845, Walgreens #04086 and Walgreens #15035 (collectively the Walgreens Pharmacies) were each registered with the Board.

3. The Board has jurisdiction over Walgreen Co., an Illinois corporation, because it owns and operates each of the Walgreens Pharmacies in Nevada, which pharmacies employed each of the other Respondents at the time of the events described herein.

4. In January 2016, the Board issued Pharmaceutical Technician Trainee Certificate of Registration No. PT17763 to Respondent Hakeem Sanchez-Bravo.

5. Certificate of Registration No. PT17763 was registered to and valid only at Walgreens Pharmacy #4790.

6. Certificate of Registration No. PT17763 expired on October 31, 2016.

7. In November 2016, Mr. Sanchez-Bravo telephoned the Board Office regarding the renewal of his registration. During his discussion with Board Staff, Mr. Sanchez-Bravo disclosed that he had been working at Walgreens Pharmacy #03845.

8. Board Staff determined at that time that Mr. Sanchez-Bravo did not have a valid pharmaceutical technician in training registration at Walgreens Pharmacy #03845.

9. The Board Investigator requested Mr. Sanchez-Bravo's work schedule from April 2016, through October 2016, from Jaclyn Latteri, a Walgreens District Manager.

10. From the records Walgreens provided, Board Staff ascertained that Mr. Sanchez-Bravo had worked at the three Walgreens Pharmacies for a combined total of one-hundred and forty (140) days, from April 2016, through November 2016, without a valid pharmaceutical technician in training registration.

11. Board Staff ascertained that Mr. Sanchez-Bravo had worked:

- 1 day at Walgreens #15035 for pharmacist manager Ms. Jacobs without a valid registration,
- 4 days at Walgreens #04086 for pharmacist manager Ms. McDonald without a valid registration, and
- 135 days at Walgreens #03845 for pharmacist manager Ms. Verma without a valid registration.

12. Ms. Latteri confirmed in a written statement that Mr. Sanchez-Bravo worked unregistered as a pharmaceutical technician in training during the 140 day time period.

13. The records Walgreens provided also indicate that Mr. Sanchez-Bravo did not consistently record the hours that he worked at any of the Walgreens' locations.

14. Mr. Sanchez-Bravo failed to log his hours on duty during the 140 day period at issue in this matter as follows:

- Walgreens #15035 – 1 day
- Walgreens #04086 – 3 days
- Walgreens #03845 – 84 days

15. In a separate Order on file in this matter, the Board found that

> By working at Walgreens #03845, Walgreens #04086 and Walgreens #15035 for a combined total of approximately 140 days

between April 2016, and November 2016, when he did not have a current pharmaceutical technician in training registration at those locations, Hakeem Sanchez-Bravo violated Nevada Administrative Code (NAC) 639.240(1).

See Findings of Fact, Conclusions of Order and Order (Respondent Hakeem Sanchez Bravo), Case No. 16-080PPT-S (2017), attached hereto as **Exhibit 2**, and incorporated herein by reference.

16. Additionally, during the hearing the Board heard testimony and accepted into evidence Exhibit 1, along with certain written evidence, including the prosecution's Hearing Exhibits 1 through 4, Respondents' Hearing Exhibits A and B.

Based on the evidence presented during the hearing, the Board finds that evidence exists to support each of the factual allegations stated in the Accusation.

CONCLUSIONS OF LAW

From the forgoing findings of fact, the Board concludes as a matter of law:

17. The Board has jurisdiction over this matter and these respondents because at the time of the events alleged herein, Respondents Ms. Verma, Ms. McDonald, and Ms. Jacobs, were registered pharmacists with the Board.

18. Similarly, Respondents Walgreens Pharmacy #03845, Walgreens Pharmacy #04086, and Walgreens Pharmacy #15035, were pharmacies registered with the Board.

19. As the managing pharmacist during the period of April 2016, through November 2016, for the pharmacy in which Mr. Sanchez-Bravo worked without a PTT registration for one-hundred and thirty-five (135) days, and in failing to verify that Mr. Sanchez-Bravo had a valid registration for the pharmacy she managed during that time, Respondent Ms. Verma violated Nevada Revised Statute (NRS) 639.220(1) and Nevada Administrative Code (NAC) 639.945(1)(i), which violations are grounds for discipline pursuant to NRS 639.210(4), (12) and (15), or alternatively, under NRS 639.255.

20. As the managing pharmacist during the period of August 2016, through September 2016, for the pharmacy in which Mr. Sanchez-Bravo worked without a PTT

registration for four (4) days, and in failing to verify that Mr. Sanchez-Bravo had a valid registration for the pharmacy she managed during that time, Respondent Rachael McDonald violated NRS 639.220(1) and NAC 639.945(1)(i), which violations are grounds for discipline pursuant to NRS 639.210(4), (12) and (15), or alternatively, under NRS 639.255.

21. As the managing pharmacist during the period of October 2016, for the pharmacy in which Mr. Sanchez-Bravo worked without a PTT registration for one (1) day, and in failing to verify that Mr. Sanchez-Bravo had a valid registration for the pharmacy she managed at that time, Respondent Suzette Jacobs violated NRS 639.220(1) and NAC 639.945(1)(i), which violations are grounds for discipline pursuant to NRS 639.210(4), (12) and (15), or alternatively, under NRS 639.255.

22. By failing to keep and provide Board Staff with a written record showing the days and hours that Mr. Sanchez-Bravo was on duty as a pharmaceutical technician in training during the hours of business at each of their respective pharmacies, Respondents Ms. Verma, Ms. McDonald and Ms. Jacobs each violated NAC 639.245(1) and NAC 639.945(1)(i) and (m). Those violations are grounds for discipline pursuant to NRS 639.210(4) and (15), and under NRS 639.255.

23. NAC 639.945(2) states that "[t]he owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ". At the time of the violations alleged herein, Respondents Ms. Verma, Ms. McDonald, and Ms. Jacobs were each employees of one of the Walgreens Pharmacies. As such, that Walgreens Pharmacies are responsible for each of the violations alleged herein.

Having received no pleading and no response from Mr. Sanchez-Bravo, the Board hereby enters default against him as follows:

5. Board Staff determined at that time that Mr. Sanchez-Bravo did not have a valid pharmaceutical technician in training registration at Walgreens Pharmacy #03845.

6. A Board Investigator requested Mr. Sanchez-Bravo's work schedule from April 2016, through October 2016, from Jaclyn Latteri, a Walgreens District Manager.

7. From the records Walgreens provided, Board Staff ascertained that Mr. Sanchez-Bravo had worked at three Walgreens pharmacies for a combined total of one-hundred and forty (140) days, from April 2016, through November 2016, without a valid pharmaceutical technician in training registration.

8. Board Staff ascertained that Mr. Sanchez-Bravo had worked:

- 1 day at Walgreens #15035 for pharmacist manager Ms. Jacobs without a valid registration,
- 4 days at Walgreens #04086 for pharmacist manager Ms. McDonald without a valid registration, and

- 135 days at Walgreens #03845 for pharmacist manager Ms. Verma without a valid registration.

9. Ms. Latteri confirmed in a written statement that Mr. Sanchez-Bravo worked unregistered as a pharmaceutical technician in training during the 140 day time period.

10. The records Walgreens provided also indicate that Mr. Sanchez-Bravo did not consistently record the hours that he worked at any of the Walgreens' locations.

11. Mr. Sanchez-Bravo failed to log his hours on duty during the 140 day period at issue in this matter as follows:

- Walgreens #15035 – 1 day
- Walgreens #04086 – 3 days
- Walgreens #03845 – 84 days

12. During the hearing, the Board admitted into the record, among other evidence, the prosecution's Exhibit 4, which is a written statement from Mr. Sanchez-Bravo supporting the allegations that Board Staff eventually filed against him by way of the Accusation.

13. Additionally, on May 5, 2017, Board Staff served the Accusation in this matter on Mr. Sanchez-Bravo by certified mail, return receipt requested, using the address Mr. Sanchez-Bravo most recently provided to the Board.

14. Based on evidence and testimony presented during the hearing, the Board finds that Board Staff satisfied the service requirements of NRS 639.242.

CONCLUSIONS OF LAW

Based upon the forgoing findings of fact, the Board concludes as a matter of law:

15. The Board has jurisdiction over this matter because at the time of the events alleged herein, Respondent Mr. Sanchez-Bravo was a registered pharmaceutical technician in training with the Board.

16. A pharmaceutical technician in training may be employed at multiple pharmacies, but the trainee is required to register at each location. NAC 639.242(5).

17. Nevada Administrative Code (NAC) 639.242(3) states that "[u]pon receipt of an application and the required fee, the Executive Secretary shall, unless he or she has good cause to deny the registration, issue a registration certificate for a pharmaceutical technician in training to the managing pharmacist of the pharmacy where the trainee will be employed."

18. By working at Walgreens #03845, Walgreens #04086 and Walgreens #15035 for a combined total of approximately 140 days between April 2016, and November 2016, when he did not have a current pharmaceutical technician in training registration at those locations, Hakeem Sanchez-Bravo violated Nevada Administrative Code (NAC) 639.240(1).

For the violations described above, Respondent Mr. Sanchez-Bravo shall (1) receive a *letter of reprimand* from the Board's Executive Secretary regarding his obligations as a pharmaceutical technician in training, (2) *pay a fine of two hundred dollars* ($200.00), and (3), *complete 2 hours of continuing education* (CE) on the topics of *ethics* and *Nevada law*. Those extra hours of CE are in addition to any continuing education hours Mr. Sanchez-Bravo must otherwise complete to maintain or renew his registration.

21. Mr. Sanchez-Bravo shall pay the fine ordered herein by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office located at 431 W. Plumb Lane, Reno, NV 89509, within 30 days of the effective date of the Board's Order.

22. Any failure by Mr. Sanchez-Bravo to satisfy the obligations stated herein may result in additional discipline, up to and including suspension or revocation of his registration, or be grounds for the denial of any application by him for registration or licensure with the Board, until all terms have been satisfied.

23. Mr. Sanchez-Bravo may not work in any facility licensed by the Board, including a pharmacy, in any capacity unless and until he has a valid registration.

24. In the event Mr. Sanchez-Bravo applies for reinstatement, or for any other registration or certificate with the Board, he shall appear before the Board to answer questions and give testimony regarding his application, his compliance with this Order, and the facts and circumstances underlying this matter.

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Hakeem Sanchez-Bravo (Mr. Sanchez-Bravo), Certificate of Registration PT17763, was a registered pharmaceutical technician in training with the Board; Respondents Shelley Verma (Ms. Verma), Certificate of Registration No. 17761; Rachael McDonald (Ms. McDonald), Certificate of Registration No. 18416; and Suzette Jacobs

(Ms. Jacobs), Certificate of Registration 17642, were registered pharmacists with the Board. Similarly, Respondent Walgreens Pharmacy #03845, Certificate of Registration No. PHN01064; Walgreens Pharmacy #04086, Certificate of Registration PH01248; and Walgreens Pharmacy #15035, Certificate of Registration PH02742, were pharmacies registered with the Board. Walgreen Co. is an Illinois corporation that is the owner of each of the individual Walgreens pharmacies named in this matter.

II.

Nevada Administrative Code (NAC) 639.242(3) states that "[u]pon receipt of an application and the required fee, the Executive Secretary shall, unless he or she has good cause to deny the registration, issue a registration certificate for a pharmaceutical technician in training to the managing pharmacist of the pharmacy where the trainee will be employed."

III.

Additionally, a trainee may be employed as a technician in training at multiple pharmacies, but the trainee is required to register at each location. NAC 639.242(5). If a pharmaceutical technician in training changes pharmacy locations (even within the same chain), the trainee must submit a new application and become registered for the new site. *Id.* Termination of employment at a pharmacy voids the trainee's registration and the trainee must reapply for registration before working at any other pharmacy.

FACTUAL ALLEGATIONS

IV.

On or about January 8, 2016, the Board issued Pharmaceutical Technician Trainee Certificate of Registration No. PT17763 to Hakeem Sanchez-Bravo (Mr. Sanchez-Bravo).

V.

Certificate of Registration No. PT17763 was valid at Walgreens Pharmacy #4790.

VI.

Certificate of Registration No. PT17763 expired on October 31, 2016.

VII.

On November 7, 2016, Mr. Sanchez-Bravo telephoned the Board Office regarding the renewal of his registration. During that discussion with Board Staff, Mr. Sanchez-Bravo indicated that he has been working at Walgreens Pharmacy #03845 for the prior four months.

VIII.

Board Staff learned that Mr. Sanchez-Bravo did not have a valid pharmaceutical technician in training registration at Walgreens Pharmacy #03845.

IX.

Records provided to the Board Investigator by Walgreens' District Manager Jaclyn Latteri show that from April 2016, through November 2016, Mr. Sanchez-Bravo worked as a technician in training at three separate Walgreens' where he did not have a registration. Those records show that he worked unregistered at those locations for a combined total of approximately one-hundred and forty (140) days.

X.

Ms. Latteri, Walgreens' District Manager, confirmed in a written statement that Mr. Sanchez-Bravo worked unlicensed as a pharmaceutical technician in training during the 140 day time period.

XII.

The Board Investigator also requested Walgreens' records documenting the hours Mr. Sanchez-Bravo was on duty during the pharmacies' hours of business. The records Walgreens

provided indicate that Mr. Sanchez-Bravo did not consistently record the hours that he worked at any of the Walgreens' locations.

XIII.

The following summarizes the number of days Mr. Sanchez-Bravo worked but failed to log his hours on duty during the 140-day period:

- Walgreens #03845 – 84 days
- Walgreens #04086 – 3 days
- Walgreens #15035 – 1 day

XIV.

Walgreens Co. has a history of allowing employees to work unlicensed in its stores, as evidenced by a number of prior disciplinary actions taken by the Board against various Walgreens' pharmacies for unlicensed activity. Those cases include each of the following:

Mr. Sanchez-Bravo had a valid registration for the pharmacy she managed at that time, Respondent Suzette Jacobs violated NRS 639.220(1) and NAC 639.945(1)(i) and/or (j), which violations are grounds for discipline pursuant to NRS 639.210(4), (11), (12) and/or (15), or alternatively, under NRS 639.255.

FIFTH CAUSE OF ACTION

(Respondents Ms. Verma, Ms. McDonald and Ms. Jacobs)

XX.

NAC 639.245(1) requires that "[a] written record must be kept available for inspection showing the pharmacists, pharmaceutical technicians and pharmaceutical technicians in training on duty during the hours of business." The record must be "[r]eadily retrievable" and "[r]etained for 2 years. *Id.* NAC 639.945(m) defines unprofessional conduct to include "failing to provide any document, data or information that is required to be made and maintained...to a member of the Board or member of the staff of the Board . . ." upon request.

By failing to keep and provide Board Staff with a written record showing the days and hours that Mr. Sanchez-Bravo was on duty as a pharmaceutical technician in training during the hours of business at each of their respective pharmacies, Respondents Ms. Verma, Ms. McDonald and Ms. Jacobs each violated NAC 639.245(1) and NAC 639.945(1)(i) and (m). Those violations are grounds for discipline pursuant to NRS 639.210(4) and/or (15), or alternatively, under NRS 639.255.

At the time of the violations alleged herein, Respondents Ms. Verma, Ms. McDonald, and Ms. Jacobs were each Walgreens' employees. As such, Walgreens is responsible for each of the violations alleged herein.

The violations alleged above, including in causes of action one through five, are grounds

for discipline against the licenses of Ms. Verma, Mr. McDonald, Ms. Jacobs, as well as Walgreens #03845, Walgreens #04086 and Walgreens #15035 pursuant to NRS 639.210(4), (11), (12), (15) and/or (17) as well as NRS 639.255.

SEVENTH CAUSE OF ACTION
(Respondent Walgreens Co.)

XXII.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on October 24, 2007 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert Graham of Rob Graham and Associates. The parties entered an oral stipulation which was presented to the Board at the hearing of the matter by Mr. Ling. Based upon the agreements and presentations of the parties, the Board finds the following to be the facts of the matter.

FINDINGS OF FACT

1. The parties orally stipulated to the presentation of this matter by Mr. Ling and that appearances would not be expected from any of the Respondents or Mr. Graham. Mr. Ling explained that the three individual Respondents had already attended a continuing education session regarding Nevada jurisprudence and that all Respondents were agreeable to the presentation made by Mr. Ling.

2. All registrations of pharmaceutical technicians and pharmaceutical technicians in training were required to be renewed by October 31, 2006, and any such registration that was not renewed by October 31, 2006 expired. No pharmaceutical technician or pharmaceutical technician in training may lawfully be employed as a pharmaceutical technician or pharmaceutical technician in training on an expired registration.

2. All of the Respondent pharmaceutical technicians and pharmaceutical technicians in training in this matter failed to renew their respective registrations by October 31, 2006, and all were employed by the various Respondent Walgreen pharmacies as pharmaceutical technicians or pharmaceutical technicians in training on expired registrations. Following is a table of the Respondents and the number of hours and estimated workdays (based upon an assumed eight-hour workday) worked by each Respondent on expired registrations:

Respondents	Hours Worked	Estimated Days Worked
McCulloch/Walgreens #05646	1,440	180
DeRosia/ Walgreens #05646	1,384	173
Romero/ Walgreens #03844	1,312	164
TOTALS	**4,136**	**517**

3. At hearing, Board Staff explained that Walgreens has had a good recent history regarding assuring that its employees have properly and timely renewed their

registrations. Two of the three matters in this case arose from one pharmacy, and the issues regarding that pharmacy have been addressed. Board Staff also explained that the Board's efforts to gain compliance with the renewal and registration laws have been largely successful and that the few instances, such as those in this case, are aberrations.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondents DeRosia, and Romero are pharmaceutical technicians registered by the Board, Respondent McCulloch is a pharmaceutical technician in training registered by the Board, and Respondents Walgreens ##05646 and 03844 are pharmacies licensed by the Board.

2. In working as a pharmaceutical technician or pharmaceutical technician in training on expired registrations, Respondents DeRosia, Romero, and McCulloch each violated NRS 639.210(4) and (13) and NAC 639.945(1)(k).

3. In employing the individual Respondents, Walgreens ##05646 and 03844 violated NRS 639.210(4) and (13) and NAC 639.945(1)(k) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Each Respondent Walgreens pharmacy shall pay a fine of $250.00 for each of the pharmaceutical technicians or pharmaceutical technicians in training employed with expired registrations. Walgreens may choose to pay by a single cashier's or certified check or money order made payable to "State of Nevada, Office of the

Treasurer" in a total amount of $750.00 to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Each Respondent technician or technician in training shall pay a fine of $250.00 by a cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Respondents DeRosia, Romero, and McCulloch shall each attend and successfully complete a Nevada jurisprudence continuing education course presented by Board Staff at such time and place as is set by Board Staff, which attendance may already have been completed before the effective date of this Order and shall be deemed compliance with this Order.

4. The failure by any individual Respondent to comply with any term in this Order shall result in the immediate suspension of her registration and will also result in further discipline, up to and including revocation of the registration. The failure by any Respondent Walgreens pharmacy to comply with any term in this Order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

Signed and effective this 20th day of November, 2007.

_____/

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on June 6, 2007 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. Respondent Amanda L. Weaver appeared and represented herself. Mr. Ling represented to the Board that Board Staff had entered into an oral stipulation with Robert Graham, counsel for Walgreens #06310, pursuant to which the parties had agreed that Mr. Ling would present the terms of the oral stipulation and that Mr. Graham or representatives of Walgreens were excused from appearing in the matter. Based upon the agreements and presentations of the parties, the Board finds the following to be the facts of the matter.

FINDINGS OF FACT

1. At hearing, Ms. Weaver appeared, testified, and represented herself. Because of the oral stipulation between Mr. Ling and Mr. Graham, Board Staff presented no witnesses or evidence. Instead, Board Staff represented the terms of the

oral stipulation between himself and Mr. Graham, namely that Walgreens #06310 admitted that it had employed Ms. Weaver for 16 days while Ms. Weaver's pharmaceutical technician's registration was expired and that Walgreens #06310 was willing to pay whatever fine and fees and costs as might be assessed by the Board up to but not to exceed the regulatorily established amount of $100.00 per day for each day that Ms. Weaver was employed on an expired registration. Board Staff further explained that Walgreens #06310's employment of Ms. Weaver appeared to be an isolated incident because other similar incidences were not noted after November 1, 2007 in any other Walgreens pharmacy. Based upon the presentations and testimony of the parties, the Board finds the following to be the facts in this matter.

2. All registrations of pharmaceutical technicians were required to be renewed by October 31, 2006, and any such registration that was not renewed by October 31, 2006 expired. No pharmaceutical technician may lawfully be employed as a pharmaceutical technician on an expired registration.

3. On March 9, 2007, Board Staff learned that Ms. Weaver had failed to renew her pharmaceutical technician's registration and that she had worked at Walgreens #06310 while her registration was expired. Subsequent investigation showed that Mr. Weaver had been employed as a pharmaceutical technician a total of 16 days between November 1, 2006 and March 7, 2007.

4. At hearing, Ms. Weaver explained that prior to November 1, 2006, she had accepted temporary employment as an intern at Walt Disney World in Orlando, Florida and that during her internship she had inadvertently forgotten to renew her registration. When she returned to Nevada, she recommenced employment at Walgreens #06310.

After working for a few weeks, Ms. Weaver and Walgreens #06310 discovered that she had failed to renew her registration. Ms. Weaver apologized to the Board for her actions.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Weaver is a pharmaceutical technician registered by the Board and Respondent Walgreens #06310 is a pharmacy licensed by the Board.

2. In working as a pharmaceutical technician on and expired registration, Respondents Weaver violated NRS 639.210(4) and (13) and NAC 639.945(1)(i) and (k).

3. In owning and operating the pharmacy that employed Ms. Weaver as a pharmaceutical technician while her registration was expired, Walgreens #06310 violated NRS 639.210(4) and NAC 639.260 and 639.945(1)(i) and (k) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Respondent Walgreens #06310 shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Respondent Walgreens #06310 shall pay the Board's costs and attorney's fees of $210.00 and the Board's administrative fee of $290.00, for a total of $500.00 by cashier's or certified check or money order made payable to "Nevada State Board of

Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Respondent Weaver shall pay a fine of $125.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

4. Respondent Weaver shall attend and successfully complete a Nevada jurisprudence continuing education course presented by Board Staff at such time and place as is set by Board Staff. Additionally, Respondent Weaver shall complete three hours of continuing education regarding legal issues related to her practice as a pharmaceutical technician, which hours must be completed before October 31, 2008.

5. The failure by Respondent Weaver to comply with any term in this order shall result in the immediate suspension of her registration and will also result in further discipline, up to and including revocation of the registration. The failure by Respondent Walgreens #06310 to comply with any term in this order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

Case No. 10-007-PT-S

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on July 14, 2010, in Las Vegas, Nevada. The Board was represented by Carolyn J. Cramer, General Counsel for the Board, and Ms. Heathcock was not present because of a family emergency and her matter was continued until the October, 2010 Board meeting. Walgreens #12646 (Walgreens) was represented by Robert Graham, Esq. Based on the presentations of the parties, the parties' admissions, and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties agreed that the facts as plead in the Notice of Intended Action and Accusation were essentially true and correct regarding the issues related to Ms. Heathcock working for Walgreens for 205 days without having renewed her registration as a pharmaceutical technician with the Board. Mr. Graham advised that Walgreens did check to ensure all of their staff had renewed their licenses and that their computer system was working properly, however Walgreens staff was given false

information from Ms. Heathcock. Mr. Graham submitted an exhibit, a copy of license verification with part of the expiration date missing that Ms. Heathcock had written in "2011" and had submitted as her proof to Walgreens that she had renewed her registration. Ms. Heathcock claimed she had not received her registration. Mr. Graham admitted that the managing pharmacist did not following through to make sure that Ms. Heathcock was registered, but ultimately the responsibility was Ms. Heathcock's. Mr. Graham advised that Ms. Heathcock may have been experiencing financial problems because she was borrowing money from store personnel and even requested reimbursement from Walgreens for renewing her registration with the Board of Pharmacy when she had not done so. Based upon the stipulations of the parties and the testimony and evidence presented, the Board finds the following to be the facts of the matter.

2. Ms. Heathcock had worked 1,644 hours or approximately 205 days, between November 1, 2008 and December 14, 2009, the date of her termination of employment, without a valid registration.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter because Ms. Heathcock is a pharmaceutical technician registered by the Board and Walgreens #12646 is a pharmacy licensed with the Board.

2. In owning and operating the pharmacy in which Ms. Heathcock worked without a registration and in failing to verify that Ms. Heathcock had timely and validly renewed her registration, Walgreens #12646 violated NRS 639.210(4) and/or NAC 639.260, 639.945(1)(i) and/or (k) and/or (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Walgreens #12646 shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order.

2. Walgreens #12646 shall pay the Board's administrative fee of $295.00, by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 60 days of the effective date of this Order.

3. Walgreen's shall do a presentation to Board Staff of its computer system that tracks the licensure of employees to make sure the problem is corrected within 60 days of the signing of this Order.

4. Ms. Heathcock's appearance before the Board is continued until the October 2010 meeting in Las Vegas, Nevada.

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

WENDELL C. WEEKS, R.Ph.,
Certificate of Registration #13944,

WALGREENS #04137
Certificate of Registration No. PH01132

Respondents.

NOTICE OF INTENDED ACTION AND ACCUSATION

Case No. 06-044-RPH-S

Case No. 06-044-PH-S

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Wendell C. Weeks is a pharmacist licensed by the Board and Walgreens #04137 is a pharmacy licensed by the Board, located at 9415 West Desert Inn Road, Las Vegas, Nevada.

II.

On or about July 24, 2006, Mr. K picked up a refill prescription (Rx 0809534) for Ambien 10 mg. #30 for his wife. Patient K began taking the medication on July 25, 2006, and she took the medication for thirteen days but was not receiving the desired sleeping results she normally got from taking Ambien. During that period of time, Patient K was experiencing lack of sleep, heart tremors/fluttering, cold sweats, shakiness, and a lack of concentration and energy. Patient K examined the medication

she had been taking more closely and noticed that the label was correct but the medication contained in the prescription container were white oblong tablets and the surface was not smooth like previous Ambien tablets she had taken were. Patient K noted that the tablets had the number "50" on one side and "266" on the other.

III.

Patient K contacted Walgreens #04137 and described the tablets she had been taking. At that time it was discovered that Patient K received Levothyrixine 50 mcg. tablets that were for the treatment of a thyroid condition. It was also determined that Mr. Weeks was the pharmacist that filled the prescription. Patient K was already being treated for a thyroid condition and was taking Levoxyl 100 mcg. tablets. Thus, Patient K had been ingesting twice the prescribed thyroid medication. Fortunately, Patient K suffered no harm beyond her discomfort previously described.

FIRST CAUSE OF ACTION

IV.

In failing to follow the order of Patient K's physician, namely by filling Patient K's prescription with Levothyrixine 50 mcg. tablets rather than Ambien 10 mg. tablets that had been ordered, Mr. Weeks violated NRS 639.210(4) and NAC 639.945(1)(d) and (i).

SECOND CAUSE OF ACTION

V.

In owning and operating the pharmacy in which Mr. Weeks's violation occurred and from which Patient K's prescription was dispensed incorrectly, Walgreens #04137 violated NRS 639.210(4) and NAC 639.945(1)(d) and (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Signed this 20th day of June, 2007.

Larry L. Pinson, Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements regarding your certificate of registration. To do so, you must mail to the Board within 15 days of your receipt of this Notice of Intended Action and Accusation a written statement showing your compliance.

E. 8. These violations are plead with particularity in the Accusation, and are grounds for disciplinary action pursuant to NRS 639.210 and/or NRS 639.255.

9. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Tran, Certificate of Registration No. 17091, stipulate to the following penalties and/or conditions:

A. Respondent Tran shall pay a fine of One-Thousand Dollars ($1,000.00) for the violations; and

B. Respondent Tran shall pay Five-Hundred Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and investigative costs.

10. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Wongse-Sanit, Certificate of Registration No. 16891, stipulate to the following penalties and/or conditions:

B. Respondent Walgreens shall pay One-Thousand Dollars ($1,000.00) to partially reimburse the Board for recoverable attorney's fees and investigative costs.

12. Any failure by any Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing the non-compliant Respondent(s) to appear before the Board at the next regularly-scheduled meeting for a show cause hearing. NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Walgreens Pharmacy #4137 ("Walgreens"), Pharmacy License No. PH01132, Respondent Hiep Tran, RPH ("Tran"), Certificate of Registration No. 17091, and Respondent Thuthaporn Wongse-Sanit, RPH ("Wongse-Sanit"), Certificate of Registration No. 16891 were licensed/registered with the Board.

FACTUAL ALLEGATIONS

1. Respondent Walgreens is located at 9415 W. Desert Inn, in Las Vegas, Nevada.

2. Respondent Tran was a staff pharmacist at Walgreens during the alleged and relevant timeframes.

3. Respondent Wongse-Sanit was a staff pharmacist at Walgreens during the alleged and relevant timeframes.

4. On April 5, 2018, practitioner M.H. wrote patient K.J. a prescription for Morphine Sulfate 15 mg Immediate Release, quantity 120, which was designated prescription number 2844442 by Walgreens.

5. Walgreens' records showed that pharmaceutical technician ("PT") S.V. scanned the prescription on April 5, 2018.

6. Drug utilization review ("DUR") flag(s) were overridden by Respondent Wongse-Sanit on April 5, 2018.

7. It was later discovered that PT S.V. was not the PT who scanned and entered the prescription information incorrectly for prescription number 2844442 on April 5, 2018. PT C.S. entered the information incorrectly as Morphine Sulfate 15 mg **Extended Release** instead of Immediate Release. PT S.V. forgot to sign out of his computer terminal, and PT C.S. failed to sign in, resulting in the recording of data entry under the wrong PT's name. Respondent Tran discovered the PT's data entry mistake and attempted to correct from **Extended Release** to the prescribed Immediate Release, but in attempting to correct the prescription, Tran selected the wrong dosage **30 mg**, instead of the prescribed 15 mg.

8. The final product review was performed by Respondent Tran on April 5, 2018 for the prescription, Morphine Sulfate at a higher dosage of **30 mg** than prescribed. This prescription was dispensed on April 10, 2018.

9. In addition, although Respondent Tran did not work on April 10, 2018, the date of dispensed prescription number 2844442, his name was kept on the dispensing record because Respondent Tran was the last recorded pharmacist who performed final review. A Walgreens' representative explained that a "MSC exception" was utilized instead of a "TPR exception", and that only a rebilling to a different insurance occurred, so that the original entry user was still responsible for the data entered.

10. Patient K.J. ingested all 120 tablets. Patient K.J. initially experienced dizziness and nausea when she took the increased and incorrect prescribed dosage of Morphine Sulfate, prescription number 2844442. The error was discovered upon a follow-up visit with practitioner M.H. on May 1, 2018.

APPLICABLE LAW

11. A licensee/registrant commits unprofessional conduct when he fails to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d).

16. "The owner of a pharmacy, the managing pharmacist of the pharmacy and the registered pharmacist on duty at the pharmacy are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission." NAC 639.702.

17. A pharmacy owner is responsible for violations committed by the pharmacy's employees. NAC 639.945(2).

18. Respondents are subject to discipline for violations pursuant to NRS 639.210 and/or NRS 639.255.

COUNT ONE
Unprofessional Conduct – Failure to Strictly Follow Directions of Prescriber
(Respondent Tran)

conduct as defined in NAC 639.945(1)(i), and is therefore subject to discipline pursuant to NRS 639.210 and/or NRS 639.255.

21. Respondent Wongse-Sanit performed her duties in an incompetent, unskillful or negligent manner when she overrode DUR flag(s) for prescription number 2844442, and engaged in unprofessional conduct as defined in NAC 639.945(1)(i), and is therefore subject to discipline pursuant to NRS 639.210 and/or NRS 639.255.

COUNT THREE

As the pharmacy where Respondent Tran, Respondent Wongse-Sanit, and PT C.S. violated the laws as alleged herein, Walgreens is responsible for those violations pursuant to NAC 639.702, and NAC 639.945(2). Respondent Walgreens is therefore subject to discipline pursuant to NRS 639.210 and/or NRS 639.255.

23. By failing to keep complete, accurate, and readily retrievable records of all controlled substances dispensed, failing to record the correct pharmacy personnel who performed each step of data entry, verification and dispensing, Walgreens violated NRS 453.246; NRS 453.326; NAC 453.480; NAC 639.245; NAC 639.482; NAC 639.485; NAC 639.487; 21 CFR § 1304.21, and is subject to discipline pursuant to NRS 639.210, and/or NRS 639.255.

Certificate of Registration #PH01132,

Respondents.

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Jennifer Chan is a pharmacist licensed by the Board and Walgreens #04137 is a pharmacy licensed by the Board, located at 9415 West Desert Inn Road, Las Vegas, Nevada.

FIRST CAUSE OF ACTION

II.

On or about February 14, 2010 Edward Eckels was released from St. Rose Hospital San Martin Campus after having double bypass surgery. Mr. Eckels was given a prescription blank with three medications written on it. The medication in question is for metoprolol tartrate 12.5 mg. with directions to take one tablet twice daily. Janice Eckles, Mr. Eckels wife, took Mr. Eckels home and had her son take the prescriptions to Walgreens #04137 to be filled. Mr. Eckels son waited for the prescriptions to be filled and brought them home for Mr. Eckels to continue his therapy after his bypass surgery.

III.

Mr. Eckels began taking his medication that evening. On February 22, 2010 a home health care nurse was attending to Mr. Eckels and commented that the metoprolol 125 mg. tablets taken twice daily seemed like a high dosage and she suggested that Mr. Eckels discuss the dosage with his cardiologist. Mr. Eckels saw his cardiologist on February 25, 2010 and he, also, thought that was an unusually high dosage and reduced the dose to 50 mg. per day to be taken twice daily – 25 mg. in the morning and 25 mg. at night. Mr. and Mrs. Eckels returned to Walgreens #4137 and asked to see the original prescription their son had filled on February 14th, 2010. Mrs. Eckels asked various pharmacy staff to read the metoprolol dosage and each of them read it as 12.5 mg. and was surprised that the original prescription was filled to take 125 mg. Mr. Eckels had been taking 10 times the amount of metoprolol than prescribed.

IV.

During the investigation of this matter it was learned that Jennifer Chan was the pharmacist responsible for this error. In a written statement Ms. Chan indicated that she checked the dosage several times during the filling of the prescription and stated that she did not see a decimal point between the 2 and the 5. Ms. Chan apologized to the Eckles' and advised that they were short staffed that evening and that probably contributed to making the error since she input, filled and verified the prescription for metoprolol for Mr. Eckels. Ms. Chan has changed her pharmacy practice since this incident to never solely type the label and fill the prescription as there would not be a second set of eyes to verify that the prescription was filled correctly.

V.

In failing to strictly follow the instructions of Mr. Eckels' physician by filling his prescription with incorrect dosing directions that ultimately caused him to ingest 10 times the amount of metoprolol than was prescribed , Ms. Chan violated Nevada

Revised Statutes (NRS) 639.210(4) and/or Nevada Administrative Code (NAC) 639.945(1)(d) and/or (i).

SECOND CAUSE OF ACTION

VI.

At its regularly scheduled Board meeting on January 11, 2011 in Las Vegas, Nevada, the Board heard another matter (Case No. 09-102-RPH-S) which involved Jennifer Chan. Ms. Chan did not contest that she dispensed twenty-one methylprednisolone 4 mg. tablets instead of ten dosage units of medroxyprogesterone acetate 10 mg. tablets to a patient that was trying to regulate her menstrual cycle. The patient in this matter claimed to experience dizziness, headaches and an unbalanced feeling. Ms. Chan was Ordered to pay the Board's investigation, attorney's fees and an administrative fee totaling $1,394.19 in this matter.

VII.

In being repeatedly negligent for having misfilled a prescription in Case No. 09-102-RPH-S that was heard at the January 11, 2011 Board meeting, Ms. Chan violated NRS 639.210(4) and (16) and/or NAC 639.945(1)(d) and/or (i).

THIRD CAUSE OF ACTION

VIII.

In owning and operating the pharmacy in which Ms. Chan failed to notice that she filled Mr. Eckels' prescription with the wrong dosage, namely metoprolol 125 mg. rather than the prescribed metoprolol 12.5 mg., Walgreens #04137 violated NRS 639.210(4) and or NAC 639.945(1)(d) and/or (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Signed this 28th day of April, 2011.

Nevada State Board of Pharmacy

10. Board Staff and Respondent Walgreens #04137 recommend that the Board impose discipline that it receive a letter of reprimand issued by the Executive Secretary.

If the Board rejects any part or all of this stipulation, the parties agree that a full hearing on the merits of this matter may be heard by the Board and that the Board would hear this matter at its meeting on October 12, 2011. The terms and admissions in this stipulation may not be used or referred to in the full hearing on the merits of this matter.

_____/

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter and these Respondents because Respondent Chanice Newcomer (Certificate Number 17439) is a registered pharmacist with the Board and Respondent Walgreen's Pharmacy (Walgreen's #04197) is a pharmacy licensed by the Board, located at 8500 West Cheyenne Avenue, Las Vegas, Nevada.

II.

On or about November 9, 2011, Board staff received a complaint from Jennifer Buitrago, Certified Pediatric Nurse Practitioner with the Children Specialty Center, on behalf of her patient, seven year old KP, and the patient's parents. On October 12, 2011, Ms. Buitrago wrote a prescription for patient KP for Methotrexate 2.5 mg. with directions to take 7.5 tablets weekly. Ms. Buitrago claimed that the prescription which was dispensed to the patient was labeled Methotrexate 2.5 mg. with instructions to take 3 tablets weekly, which was less than half of the dosage that was originally prescribed. Ms. Buitrago discovered the error when patient KP's Methotrexate levels were not within the normal range for the dosage written. On or about November 2, 2011,

Ms. Buitrago contacted Walgreen's Pharmacy to verify the prescription and it was discovered that the dosing instructions were entered incorrectly. Ms. Buitrago alleged that the mislabeling of the dosing instructions resulted in a delay in therapy for the patient.

III.

During the investigation of this matter, it was learned that the original prescription was input into the pharmacy computer system by a pharmaceutical technician. During input, the pharmaceutical technician entered the incorrect dosing instructions as "take 3 tablets weekly". Chanice Newcomer was the verifying pharmacist. Ms. Newcomer failed to catch the dosing instruction error during verification and the medication was approved and dispensed.

FIRST CAUSE OF ACTION

IV.

In failing to strictly follow the directions of KP's nurse practitioner by mislabeling her prescription for Methotrexate 2.5 mg. with incorrect dosing instructions, namely "3 tablets by mouth every week" rather than 7.5 tablets every week, Ms. Newcomer violated Nevada Revised Statutes (NRS) 639.210(4) and/or Nevada Administrative Code (NAC) 639.945(1)(d) and/or (i).

SECOND CAUSE OF ACTION

V.

In owning and operating the pharmacy in which Ms. Newcomer committed the above violations, Walgreen's #04197 violated NRS 639.210(4) and/or NAC and/or 639.945(1)(d) and/or (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Chetankumar Patel is a pharmacist licensed by the Board and Respondent Walgreens #04197 is a pharmacy licensed by the Board, located at 2125 West Cheyenne Avenue, Las Vegas, Nevada.

II.

On or about December 27, 2010 Board staff received a complaint from Terry Hirni regarding four refills he requested from Walgreens #04197. Mr. Hirni was refilling his prescriptions for Simvastatin 20 mg. tablets, metropolol tartrate 25 mg. tablets,

amiodarone 200 mg. tablets and aspirin 325 mg. EC tablets. Since these refills needed approval from Mr. Hirni's physician, he was given a three day supply by the pharmacy and called his physician's office and asked that his refills be approved. Mr. Hirni returned to the pharmacy a few days later to pick up his prescriptions. He was given Simvastatin 20 mg. tablets, metoprolol tartrate 50 mg. tablets and amiodarone 200 mg. tablets. Mr. Hirni was advised that his physician had changed the dosage of his metoprolol tartrate from 25 mg. tablets to 50 mg. tablets. When he asked about the aspirin 325 mg. EC tablets he was told he could purchase that over the counter.

III.

That evening Mr. Hirni took one of the 50 mg. tablets of metoprolol tartrate. Since Mr. Hirni did not discuss the change in medication with his physician, he telephoned the physician's office and spoke with Maria who called in Mr. Hirni's refills to Walgreens #04197. Maria assured him that his metoprolol tartrate had not been changed and that the doctor still wanted Mr. Hirni to take the prescribed aspirin 325 mg. EC tablets.

IV.

Mr. Hirni returned to Walgreens #04197 and spoke with Mr. Patel. Mr. Hirni indicated that Maria from his physician's office called to correct the metoprolol tartrate prescription. Mr. Patel checked the computer system and realized that a mistake had been made and refilled Mr. Hirni's prescription with the correct metoprolol tartrate 25 mg. tablets. The following day, Mr. Hirni received a telephone call from Maria and she told Mr. Hirni there was no record of him being dispensed 50 mg. metoprolol tartrate

tablets at Walgreens #04197. Again, Mr. Hirni returned to Walgreens #04197, however Mr. Patel was not in the pharmacy that day. Mr. Hirni spoke with a woman pharmacist who confirmed that Maria was correct and there was no record in the Walgreens #04197 computer records to indicate that 50 mg. metoprolol tartrate tablets were ever filled or dispensed to Mr. Hirni. Mr. Hirni asked if the error had been reported however considering there was no record of the misfilled prescription, Mr. Hirni believed Mr. Patel was trying to cover up his error.

V.

During the investigation of this matter, it was learned that when Mr. Patel had corrected the error, he completely deleted prescription number 1655905 for 50 mg. metoprolol tartrate and the only record in Walgreens #04197 computer system for Mr. Hirni was for prescription number 1656846 which was the corrected prescription. Board staff contacted Holly Prievo, the district pharmacy supervisor for Walgreens #04197, and requested information regarding prescription number 1655905. Ms. Prievo provided Board staff with information from Walgreens IT department that detailed that the deletion occurred at 2:42 PM pacific time, however there were three pharmacists on duty at that time and they could not identify who deleted the prescription. No STARS report was completed by anyone for this error as required by Walgreens. It was determined from his written statement that Mr. Patel was the filling pharmacist that made the error and since he was the pharmacist that corrected the error he assumes he was the pharmacist that inadvertently deleted the erred prescription. It was also learned that a STARS report cannot be made if a prescription had been deleted.

Considering that Mr. Patel was the managing pharmacist for Walgreens #04197 and a Walgreens trainer for new pharmacists to Walgreens, interns and pharmaceutical technicians, Board staff found this troubling.

VI.

After review of the Walgreens prescription taken from the voice mail left by Maria for refilling Mr. Hirni's four prescriptions, the pharmacist transcribed the aspirin 325 mg. EC tablets as Afrin and noted that it was OTC. Eventually, Mr. Hirni's aspirin prescription was filled for him.

FIRST CAUSE OF ACTION

VII.

By filling and dispensing Mr. Hirni's prescription for metoprolol tartrate 25 mg. tablets with metoprolol tartrate 50 mg. tablets, Mr. Patel violated Nevada Revised Statute (NRS) 639.210(4) and/or Nevada Administrative Code (NAC) 639.945 (1)(i).

SECOND CAUSE OF ACTION

VIII.

By failing to maintain a record of the misfilled metoprolol tartrate 50 mg. prescription in the pharmacy computer records by deleting the prescription from the pharmacy computer, Mr. Patel violated NRS 639.210(4) and/or NAC 639.930(3)(d) and/or 639.935 and/or 639.945(1)(i).

THIRD CAUSE OF ACTION

IX.

By failing to maintain a record of the misfilled metoprolol tartrate 50 mg.

prescription in the pharmacy computer records and being unable to positively identify the person who deleted the metoprolol tartrate 50 mg. prescription from the pharmacy computer, Walgreens #04197 violated NRS 639.210(4) and/or NAC 639.930(3)(d) and/or 639.935 and/or 639.945(1)(i) and 2.

FOURTH CAUSE OF ACTION

IX.

In owning and operating the pharmacy in which these errors took place, Walgreens #04197 violated NRS 639.210(4) and NAC 639.945 (1)(i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the licenses or registrations of the Respondents.

_____/

COMES NOW Keith W. Macdonald, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter and this Respondent because Respondent George E. Moore, R.Ph, (Certificate Number 14703) is a registered pharmacist with the Board and Respondent Walgreens #04197 (Certificate Number PH01142) is a pharmacy licensed with the Board.

II.

Patient Z was given two prescriptions by his physician. One prescription was for Halcion 0.125 mg tablets #40 with directions to take one tablet by mouth every night at bedtime, for helping Patient Z sleep. Patient Z's physician advised Patient Z that he could take two Halcion tablets, if needed, for sleep. The other prescription was for DDAVP 0.2 mg. tablets #30 with directions to take two tablets by mouth every night at bedtime, for a urinary problem. These prescriptions were transferred to Walgreens #04197 from two other Walgreens pharmacies.

III.

A pharmaceutical technician pulled the drugs and printed the labels for the

Halcion and the DDAVP. Walgreens #04197 only had three bottles of #10 Halcion and had to order the fourth bottle. Halcion is dispensed in stock bottles of 10 and patient labels are adhered to the stock bottles. In the meantime, the pharmaceutical technician labeled the three stock bottles of Halcion however inadvertently put the label for DDAVP on one of the Halcion stock bottles. Mr. Moore reviewed the pharmaceutical technicians' work and did not notice the mislabeled bottle of Halcion.

IV.

Patient Z and his daughter picked up Patient Z's prescriptions at the drive through window. Even though these were new prescriptions for Patient Z at Walgreens #04197, neither Patient Z nor his daughter spoke to a pharmacist during this transaction and they were not counseled regarding the transferred prescriptions. Patient Z began taking his medication that evening before bed and took two tablets from one of the prescription bottles labeled Halcion and two tablets from the bottle labeled DDAVP. Patient Z's wife noticed after Patient Z had taken his medication that he had ingested four Halcion tablets and actually had not taken any DDAVP.

FIRST CAUSE OF ACTION

V.

In failing to strictly follow the prescription written for Patient Z by mislabeling his DDAVP 0.2 mg. prescription and with a Halcion 0.125 mg. tablets label, Mr. Moore violated Nevada Revised Statutes (NRS) 639.210(4) and Nevada Administrative Code (NAC) 639.945(1)(d) and (i).

SECOND CAUSE OF ACTION

VI.

In owning and operating the pharmacy in which the above acts and violations were committed by Mr. Moore, Walgreens #04197 violated NRS 639.210(4) and NAC 639.945(1)(d) and (i) and (2).

THIRD CAUSE OF ACTION

VII.

On August 23, 2002, the Board entered a Findings of Fact, Conclusions of Law and Order regarding Walgreens #04197. The facts of the matter were that a patient

dropped off a new prescription for Clomiphene Citrate at Walgreens #04197. The patient returned later to pick up his prescription at the drive through window and was not counseled. The Board ordered Walgreens #04197, along with six other Walgreens pharmacies, to pay a fine of $5,600.

IX.

On May 23, 2003, the Board entered a Findings of Fact, Conclusions of Law and Order regarding Walgreens #04197. The facts were that the pharmacist of Walgreens #04197 filled a prescription for morphine sulfate with directions to take 5 ml. (1 teaspoon) by mouth every 4 hours as needed. The patient received 20 times more morphine sulfate than the physician had ordered. The Board ordered Walgreens #04197 to pay a fine of $6,000 plus costs and fees totaling $5,444.14. Walgreens #04197 was on probation for one year with conditions including completion of the ISMP Self Assessment.

X.

In being repeatedly negligent as evidenced by the Board's Orders in Case Nos. 02-050-PH-S and 03-011-PH-S, Walgreens #04197 violated NRS 639.210(4) and (16).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

_____/

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on October 13, 2004 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. Respondents George E. Moore and Walgreens #04197 were represented by Robert C. Graham. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties stipulated and agreed that the facts as plead in the Notice of Intended Action and Accusation were true and correct. Based upon this agreement, Board Staff presented no testimony or evidence. The parties stipulated to the entry into evidence of one exhibit that was thereafter accepted into evidence. Respondents presented the testimony of Mr. Moore, Michael Scowalski and Samina Sam. Based on the presentations of the parties and the public records in the

possession and control of the Board, the Board finds the following to be the facts of this matter.

2. Patient Z received two prescriptions from his physician. One prescription was for Halcion 0.125 mg. tablets #40 with directions for use to take one tablet by mouth every night at bedtime. Patient Z's physician advised Patient Z that he could take two Halcion tablets if needed for sleep. The second prescription was for DDAVP 0.2 mg. tablets #30 with directions for use to take two tablets by mouth every night at bedtime. Patient Z had the two prescriptions transferred from a different Walgreens to Walgreens #04197 to have them filled.

3. At Walgreens #04197, a pharmaceutical technician generated the prescription label and obtained the drugs to fill the prescription from the pharmacy's shelves. Halcion is dispensed in stock bottles that each contains 10 dosage units. At the time that Walgreens #04197 filled Patient Z's prescriptions, it only had 3 stock bottles of Halcion #10 and, therefore, had to order the fourth bottle. In the course of placing the labels upon the stock bottles of Halcion, the pharmaceutical technician inadvertently placed the DDAVP label on one of the three Halcion stock bottles. Mr. Moore reviewed the prescriptions filled by the pharmaceutical technician, but, unfortunately, did not notice the Halcion stock bottle that had been mistakenly labeled with the DDAVP label.

4. Patient Z and his daughter picked up Patient Z's prescriptions at the drive-through window at Walgreens #04197. Even though these were new prescriptions for Patient Z at Walgreens #04197, neither Patient Z nor his daughter spoke to a pharmacist during the transaction at the drive-through window and they were not

counseled, therefore, regarding these prescriptions. Patient Z began taking tablets from the prescriptions that evening before bed and took two tablets from one of the prescription bottles labeled Halcion and two tablets from the bottle labeled DDAVP (which was also Halcion). Patient Z's wife noticed after Patient Z had taken the drugs that he had actually ingested four Halcion tablets and had not taken any DDAVP.

5. At hearing, Mr. Moore and Mr. Scowalski testified that the scan-verification software installed at the time of the filling of Patient Z's prescriptions was not functioning properly, and, therefore, the scan-verification system was not in use. Mr. Moore admitted that he should have caught the erroneous placement of the DDAVP label upon the Halcion stock bottle, and he could not explain why he had not. Mr. Moore and Mr. Scowalski believed that the new, revised scan-verification software would have prevented the error that occurred with Patient Z because the new software prohibits the operation of the cash register for any prescription that has not been scan-verified.

6. At hearing, the parties discussed with the Board the past disciplinary history of Walgreens #04197, namely Case Nos. 02-050-PH-S and 03-011-PH-S. Commonalities between those cases and the present case were noted, including that Case No. 02-050-PH-S involved a failure to counsel a patient at the drive-through window and Case No. 03-011-PH-S involved the mislabeling of a prescription that was ultimately dispensed to and used by a patient. None of the Respondents could explain why this particular Walgreens pharmacy had been subject to three consumer complaints that resulted in disciplinary action.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Moore is a pharmacist licensed by the Board and Walgreens #04197 is a pharmacy licensed by the Board.

2. By incorrectly labeling Patient Z's Halcion stock bottle with a DDAVP label, Mr. Moore violated NRS 639.210(4) and NAC 639.945(1)(d) and (i).

3. In owning and operating the pharmacy in which Mr. Moore's violations occurred, Walgreens #04197 violated NRS 639.210(4) and NAC 639.945(1)(i) and (2).

4. In being repeatedly negligent as evidenced by the Board's Orders in Case Nos. 02-050-PH-S and 03-011-PH-S, Walgreens #04197 violated NRS 639.210(4) and (16).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Mr. Moore shall pay a fine of $150.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 30 days of the effective date of this Order.

2. Mr. Moore shall pay one-half of the Board's costs and attorney's fees of $1,080.00 and one-half of the Board's administrative fee of $250.00, for a total of $665.00 ($1,080.00 + $250.00 / 2 = $665.00) by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 30 days of the effective date of this Order.

3. Mr. Moore shall take and successfully complete three hours of continuing education regarding prescription errors. The continuing education credits to satisfy this

paragraph must be submitted to the Board's Reno office within 30 days of the effective date of this Order and will be in addition to and will not be counted toward the 30 hours of continuing education required to be verified by the time Mr. Moore submits his renewal application. Board staff shall review the continuing education submitted to satisfy this paragraph. If the continuing education is appropriate to satisfy this paragraph and is from an ACPE-approved provider, it will immediately be counted toward satisfying the requirements of this paragraph. If the continuing education is appropriate to satisfy this paragraph and is not from an ACPE-approved provider, then Board staff will submit the continuing education to the Board's continuing education committee, and if the continuing education committee approves the continuing education, then it will be counted toward satisfying the requirements of this paragraph.

4. Walgreens #04197 shall pay a fine of $2,500.00 in cash, cashier's or certified check, or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

5. Walgreens #04197 shall pay one-half of the Board's costs and attorney's fees of $1,080.00 and one-half of the Board's administrative fee of $250.00, for a total of $665.00 ($1,080.00 + $250.00 / 2 = $665.00) by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 30 days of the effective date of this Order.

6. Walgreens #04197 shall be on probation for a period of one year from the effective date of this Order according to the following terms and conditions:

a. For a period of six months commencing with the effective date of this Order, Walgreens #04197 shall integrate into its operating policies and procedures a

requirement that for all prescriptions for which counseling is mandated by Nevada law or for which a patient requests counseling, the pharmacist shall include in his or her counseling the opening of each of the prescription containers and the showing a sample of the contents of the containers to the patient ("show-and-tell" counseling).

b. For the period during which the pharmacist is engaged in "show-and-tell" counseling, the pharmacist shall record on the pharmacy's counseling log or a separate document that he or she has provided the "show-and-tell" counseling.

c. If the pharmacist discovers preparatory to or during "show-and-tell" counseling any variance from what was ordered by the physician, the pharmacist shall correct the variance and shall note on the counseling log or a separate document (1) the name of the pharmacist, (2) the date the variance was discovered, (3) the variance noted, and (4) the remediation made as a result of the variance.

d. At the end of the period during which the pharmacists at Walgreens #04197 are engaged in "show-and-tell" counseling, Walgreens #04197 shall compile all of the records made and kept as directed by this Order and make a written report to the Board of the compiled results. The report shall provide detail regarding the number of patients who received "show-and-tell" counseling, the number of variances noted and a generic description of the variances noted (e.g. wrong drug, wrong strength, wrong directions, etc.). The report

shall be sent to the Board's Reno office within two weeks of the end of the six-month period during which "show-and-tell" counseling is required.

e. Upon receiving the report required in the preceding paragraph, Board Staff shall schedule an appearance before the Board at its next following regularly scheduled meeting in Las Vegas. At the meeting, Walgreens shall appear and shall have present the managing pharmacist at Walgreens #04197 to discuss with the Board the results contained in the report.

f. The records made in compliance with this Order shall be considered proprietary information and shall only be available to staff of Walgreens as Walgreens so directs and to Board Staff as Board Staff deems necessary to review, verify, and understand the report submitted by Walgreens #04197. The report provided by Walgreens #04197 shall be a public record, but the underlying logs and data shall not be.

g. Walgreens #04197's operations shall conform with all applicable laws, whether federal or state and whether statutory or regulatory.

5. The failure by Mr. Moore to comply with any term in this order shall result in the immediate suspension of his license and will also result in further discipline, up to and including revocation of his license. The failure by Walgreens #04197 to comply with any term in this order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of its license.

THIS MATTER was heard by the Board at its regular meeting on July 24, 2002, in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All of the Respondent Walgreen's pharmacies, Walgreens Co., and Respondents Carl M. Heuer, Peter A. Riso, Jr., Peter M. Kambiss, Jonathan C. Box, Scott L. Trinh, Robin M. Bonga, Michele L. Ito, and Stephen C. Lessard were represented by Graham, Wilde, Harker & Boggess and Robert C. Graham. Respondent Jessica Nguyen was represented by Thomas J. Tanksley. Respondent Michael Triolo was represented by Kathleen A. Murphy. Respondent John M. Quinn appeared and represented himself.

Prior to the hearing, Mr. Ling and Mr. Graham stipulated to bifurcate the matter involving Walgreen's Pharmacy #03843 and Carl M. Heuer (Case No. 02-065) from the remaining matters. Mr. Ling and Mr. Graham further agreed that Case No. 02-065

would be heard at the Board's regular meeting on October 16, 2002 in Las Vegas. The Board accepted the stipulation proposed by Mr. Ling and Mr. Graham and ordered that Case No. 02-065 be heard separately on October 16, 2002.

As a result of the stipulation to bifurcate approved by the Board, the Board heard the remaining matters at its hearing on July 24, 2002. Based upon the testimony and evidence presented and the public records in the possession of the Board, the Board issues the following findings of fact, conclusions of law, and order resolving as a final order all matters except Case No. 02-065.

FINDINGS OF FACT

1. The Board and the various Respondents' counsels presented the testimony of numerous witnesses and introduced several exhibits into evidence. Because the testimonies of most of the witnesses served primarily for individual matters and for the sake of administrative convenience, the Board will state the facts for each matter on a matter-by-matter basis.

Walgreens #3871 & Jonathan Box (Case No. 02-038)

2. Counsel for Walgreens and Mr. Box and the General Counsel agreed that the facts as plead in the Notice of Intended Action and Accusation were true and correct regarding this matter. The General Counsel stated that the complainant in this matter was unavailable for medical reasons, but because of the agreement reached between the parties, his testimony would be unnecessary. Counsel for Walgreens and Mr. Box presented the testimony of Mr. Box.

3. On January 7, 2002, Patient M's physician prescribed Singulair 5mg. tablets for him to help with his breathing difficulty. Patient M's physician telephoned the prescription to Walgreen's #03871 to be filled. Patient M is a five-year-old male with an asthmatic condition.

4. Patient M took the medication for four days before telling his father that the "medicine tasted funny." Patient M's father checked the prescription bottle and it was labeled correctly. Upon closer observation Patient M's father found that the label had been placed on a stock bottle of Proscar 5 mg. tablets. After checking the tablets in the Proscar stock bottle it was determined that the medication was not Singulair as prescribed, but Proscar tablets.

5. Mr. Box was the pharmacist who filled Patient M's prescription. Mr. Box stated that he doubted that he had counseled Ms. M when she picked up the prescription for Patient M as he believed Patient M had taken Singulair in the past. The counseling log was inconclusive as there were no initials on the log. At hearing, Mr. Box stated that he could not explain how he had mistakenly filled a Singulair prescription with Proscar 5 mg.

Walgreens #05014 & Michelle Ito (Case No. 02-032)

6. Board staff presented the testimony of Aubrey Alexander. According to Ms. Alexander, on February 6, 2002, she took two new prescriptions from her physician to Walgreen's #05014 to be filled. One prescription was for Ambien for her sleeping difficulties and the other was for Ultram for persistent pain. Ms. Alexander dropped the prescriptions off in the morning and was advised she could pick them up in the afternoon. Ms. Alexander inquired if she could use the drive-through to pick up her prescriptions and was told that she could pick them up at that location.

7. Ms. Alexander returned to Walgreen's #05014 at approximately 4:00 p.m. to pick up her medication at the drive-through window. Ms. Alexander recalls having to wait for a period of time as there were two cars ahead of her in line. When she arrived at the drive-through window, Ms. Alexander was told by a pharmacy technician that her prescriptions were not ready. Ms. Alexander asked the pharmacy technician to check again as she was told the prescriptions would be ready at 3:00 p.m. After a few minutes' wait, the pharmacy technician returned with her prescriptions. Ms. Alexander was asked if she had taken these medications before. Ms. Alexander indicated that she had taken both medications before. Other than the question asked by the pharmacy technician, Ms. Alexander was not counseled by a pharmacist on her prescriptions even though both prescriptions were new to her profile at this pharmacy.

8. While in her vehicle, Ms. Alexander took one tablet from the Ultram vial for the pain she was experiencing and left the pharmacy to run errands. After an hour had passed and her pain had not diminished, Ms. Alexander took a second tablet from the Ultram vial. After taking the second tablet Ms. Alexander began feeling disoriented and sick to her stomach. Ms. Alexander cancelled her plans to run errands, went home and fell asleep sitting up in a chair. Ms. Alexander explained at hearing that it was

extremely unusual and out of character for her to sleep in a chair. Several hours later she was awakened by her telephone ringing.

9. Ms. Alexander realized that something was wrong with the medication she had taken and reviewed the prescription bottles she picked up from Walgreens #05014 earlier in the day. After looking inside the bottles, Ms. Alexander discovered the Ambien medication was in the prescription bottle labeled Ultram and the Ultram medication was in the prescription bottle labeled Ambien.

10. The Board's investigation showed that there were two labels on each bottle. The underneath labels were for the correct medication, but the instructions for taking the medications were incomplete.

11. At hearing, Ms. Ito explained that when she was verifying prescriptions filled by the pharmaceutical technicians at Walgreens #05014 she discovered that the label for one of Ms. Alexander's prescriptions contained an incomplete direction for use, so she sent the prescriptions back to the pharmaceutical technician to have the label corrected. The two vials would have been sent back together since they were for the same patient. Ms. Ito explained that she would have checked the new labels and that she could not explain why she did not discover that the new labels had been improperly placed upon the wrong vials.

12. Ms. Ito also explained that the pharmacy's computer system showed that Ms. Alexander picked up her prescription at 4:07 p.m. Ms. Ito claimed that she was off shift at 4:00 p.m. and that she would have left precisely at 4:00 p.m. Thus, Ms. Ito claimed that she could not have been the pharmacist who failed to counsel Ms. Alexander and that the pharmacist who replaced Ms. Ito would have been responsible to counsel Ms. Alexander.

Walgreens #06310 and Stephen Lessard (Case No. 01-019)

13. Board staff presented the testimony of Rebecca Gang. According to Ms. Gang, on February 7, 2002, she took two new prescriptions from her physician to Walgreen's #06310 to be filled. One prescription was for Ambien 5mg. #20 and the other was for Synthroid 0.075mg. #90. Ms. Gang dropped the prescriptions off at approximately 9:30 a.m.

14. Ms. Gang returned to Walgreen's #06310 at approximately 12:30 p.m. to pick up her medication at the drive-through window. Ms. Gang was told by a Walgreen's pharmacy clerk that they owed her 85 pills on her prescription. Ms. Gang questioned the clerk and the clerk advised her that they had run out of Levothyroxine. Ms. Gang advised the clerk that she was taking Synthroid, not Levothyroxine, and asked to speak to the pharmacist. Ms. Gang asked the clerk to speak to the pharmacist several times, but the pharmacist did not respond to Ms. Gang's requests.

15. Ms. Gang was advised that her prescription for Synthroid would be ready in approximately 15 minutes. Ms. Gang requested her prescription for Ambien and indicated she would return later for the Synthroid prescription. Ms. Gang was not counseled for her new prescription for Ambien.

16. Ms. Gang returned to the drive-through window of Walgreen's #06310 later in the evening of February 7th to pick up her prescription for Synthroid. Ms. Gang was not counseled for her new prescription for Synthroid by the pharmacist on duty, Stephen Lessard.

17. At hearing, Mr. Lessard explained that it was Walgreens' routine and policy to substitute levothyroxine for Synthroid, even though he admitted that the two are not AB rated. Mr. Lessard explained that he did not speak to Ms. Lessard because his pharmaceutical technician relayed Ms. Gang's questions to him while he was filling Ms. Gang's Synthroid prescription. He further explained that he was on his way over to counsel Ms. Gang, but the pharmaceutical technician had already given Ms. Gang the Ambien prescription and so Ms. Gang left before he could speak with her.

Walgreens #05015 & Jessica Nguyen (Case No. 02-031)

18. Board staff presented the testimony of Robbie Ierley. Ms. Ierley testified that on February 25, 2002, she took a new prescription from her dentist for Decadron Dosepak to Walgreen's #05015 to be filled. Ms. Ierley stated that she was quite familiar with the Decadron Dosepak because it was an older medication that she had dispensed when she worked at retail pharmacies and because it was manufactured by Merck, and she was presently employed as a pharmacist by the Merck-Medco pharmacy facility in Las Vegas.

19. The pharmacy was busy and Ms. Ierley waited for approximately an hour for her prescription to be filled. When Ms. Ierley finally picked up her prescription, a clerk brought Ms. Ierley her prescription and said to her, "I know you're a pharmacist", to which Ms. Ierley replied that she was. The clerk told Ms. Ierley that her prescription would be $10.00 and concluded the transaction. Ms. Ierley was not counseled regarding her prescription even though Medrol Dosepak was new to Ms. Ierley's profile at the pharmacy.

20. When the prescription was ready Ms. Ierley noticed that her prescription had been filled with Methylpredisolone 4mg. Dosepak. Ms. Ierley is a pharmacist and knew that the strength of the drug she was given was not as strong as the drug her dentist prescribed. Ms. Ierley questioned a pharmacist on duty, Jessica Nguyen, regarding the difference in strength. Ms. Nguyen told Ms. Ierley that she did not have Decadron Dosepak and argued that the drug she was given was exactly the same as the drug her dentist prescribed. Because of the way Ms. Nguyen addressed Ms. Ierley's concerns and because Ms. Ierley could not conceive that a pharmacist would change a drug on a prescription without first contacting the prescribing practitioner, Ms. Ierley assumed Ms. Nguyen had contacted her dentist to change the medication.

21. Ms. Ierley reluctantly took the medication home and began taking the medication given to her as directed because she was in considerable dental pain. Ms. Ierley tried to contact her dentist to verify the change in medication, but she was not able to make contact with him for four days. When Ms. Ierley finally spoke with her dentist, he informed her that he had not spoken to anyone from Walgreen's #05015 and that he did not authorize a change in medication.

22. Ms. Ierley related that the lower strength Methylpredisolone Dosepak failed her treatment. Her dentist gave Ms. Ierley another prescription for Decadron Dosepak that she had filled elsewhere, and fortunately her condition improved.

23. At hearing, Ms. Nguyen testified that Walgreens #05015 was extremely busy and, in her opinion, poorly staffed. Ms. Nguyen described one of her pharmaceutical technicians as 70 years old and incapable of keeping up with the accelerated pace of Walgreens #05015. Ms. Nguyen also indicated that Walgreens' computer system had a gauge that monitored how quickly various tasks were being completed, including how

quickly prescriptions were being filled. Ms. Nguyen's understanding of the gauges were that it was her responsibility to keep any of the three gauges from "going red."

24. Ms. Nguyen also testified that the policy for counseling at Walgreens was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the their request. X's or other marks would be placed on the counseling log by the clerk or pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time later.

Walgreens #04197 & Robin Bonga (Case No. 02-050)

25. Board staff presented the testimony of Darwin Albrecht. Mr. Albrecht testified that on March 27, 2002, he took a new prescription from his physician for Clomiphene Citrate 50 mg. #30 to Walgreen's #04197 to be filled. Mr. Albrecht dropped the prescription off late in the afternoon. Mr. Albrecht was aware from discussions with his physician that Clomiphene Citrate 50 mg. was an unusual drug to be prescribed for a male, and as a result of the unusual nature of the prescription, Mr. Albrecht wanted to speak with a pharmacist about the prescription.

26. Mr. Albrecht returned to Walgreen's #04197 between 7:00 and 8:00 p.m. to pick up his medication at the drive through window. He was given his new prescription by a Walgreen's pharmacy clerk, and he paid for his medication and departed through the drive through lanes.

27. Mr. Albrecht was not counseled for his prescription for Clomiphene Citrate 50 mg., even though the prescription was new to his profile and was for an unusual drug for a male.

28. At hearing, Ms. Bonga testified that she was aware that the prescription was unusual for a male patient, but she was not the pharmacist on duty at the time that Mr. Albrecht picked up the prescription. Ms. Bonga also testified that the policy for counseling at Walgreens was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the patients' request. X's or other marks would sometimes be placed on the counseling log by the clerk or

pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time later.

Walgreens #03844, Peter Riso, Peter Kambiss, & John Quinn
(Case No. 02-047)

29. Board staff presented the testimony of Serena Allen. Ms. Allen testified that prior to Saturday, March 30, 2002, she was traveling in California and realized that she would be out of her maintenance medication for her heart, Inderal 10 mg. tablets, by the weekend when she planned to returned home to Las Vegas. Ms. Allen telephoned Walgreen's #03844 and spoke with managing pharmacist Peter Riso to have her Inderal prescription refilled. Mr. Riso advised Ms. Allen that her refills had run out, but he would contact her physician to get refill authorization. Mr. Riso advised Ms. Allen that if contact with her physician was not made prior to her return, she could pick up 15 tablets to hold her over for the weekend.

30. Ms. Allen returned home and went to Walgreens #03844 to pick up her Inderal on Saturday, March 30, 2002. Ms. Allen's physician had not yet called the pharmacy to approve refilling her Inderal. Ms. Allen then requested from pharmaceutical technician John Quinn the 15 tablets Mr. Riso had promised her.

31. Mr. Quinn questioned the pharmacist on duty, Peter Kambiss, if he could give Ms. Allen 15 tablets of Inderal for the weekend. Mr. Kambiss gave Mr. Quinn permission to dispense an emergency amount of Inderal until her physician contacted the pharmacy to refill her prescription. At that time, Mr. Quinn obtained a stock bottle of Inderal 10 mg. tablets and poured a quantity of tablets in his hand, counted the tablets, and placed them in Ms. Allen's prescription vial. Ms. Allen questioned why Mr. Quinn was handling her medication with his hand. Mr. Quinn replied that it was common practice and Ms. Allen did not know pharmacy law. According to Ms. Allen, Mr. Quinn was abusive and rude, and all of the conversation between Mr. Quinn and herself occurred within the sight and hearing of Mr. Kambiss. Ms. Allen left the pharmacy with the medication.

32. A few minutes later, Ms. Allen returned with her husband and a member of the store management staff. Ms. Allen asked Mr. Kambiss to replace the Inderal tablets given to her by Mr. Quinn. According to Mr. Kambiss, up to this time, he was unaware

that Mr. Quinn had handled Ms. Allen's tablets with his hands. While Mr. Kambiss was replacing the Inderal tablets, Ms. Allen and Mr. Quinn began to argue again. Unfortunately, the argument grew increasingly heated with Mr. Quinn, Ms. Allen, and Mr. Allen all speaking loudly. All of this occurred in the sight and hearing of Mr. Kambiss, but according to Mr. Kambiss' testimony, he took no action with Mr. Quinn to stop the argument except to say Mr. Quinn's first name. Ms. Allen and her husband asked to see Mr. Quinn's pharmacy technician registration. Mr. Kambiss went to locate the certificate, however it was not in the frame where pharmacy staff licenses were kept.

33. Ms. Allen asked for a telephone number for a pharmacy supervisor and was given Marcie Ranick's telephone number. Ms. Allen thought to call Walgreens' management because she had dealt with Walgreens' management, specifically George Flaherty and Joe Daniels, regarding an earlier incident that had been satisfactorily managed by Mr. Flaherty and Mr. Daniels.

34. Prior to speaking with Ms. Ranick, Ms. Allen telephoned the Board office and checked to see if Mr. Quinn was registered. Ms. Allen was advised that Mr. Quinn had been registered as a pharmaceutical technician-in-training at a Sav-On pharmacy, but he left his employment where he was registered, and his registration was closed. Mr. Quinn did not have a pharmaceutical technician's registration and was not registered as a technician-in-training at Walgreens #03844 or at any other Walgreens pharmacy. Ms. Allen spoke with Ms. Ranick and found her to be unconcerned about Mr. Quinn's practice of filling prescriptions from the palm of his hand. Ms. Ranick also told Ms. Allen that Mr. Quinn was a registered pharmaceutical technician and that Board staff must have been mistaken.

35. The evidence showed that Mr. Quinn had been working at Walgreens #03844 since February 15, 2001 without a valid pharmacy technician registration certificate. During that time, Mr. Quinn worked a total of 18 days as a pharmaceutical technician without a proper registration.

36. After the incident with the Allens, Mr. Quinn brought a copy of his certificate to the pharmacy. Mr. Quinn explained that he had "whited-out" the employer on the copy of the certificate that he gave to Walgreens #03844 because it contained the

address of his previous and only authorized employer, Sav-on Pharmacy. Mr. Quinn "whited-out" Sav-on's name and address because he still worked occasionally at Sav-on on good terms and did not want his problems at Walgreens #03844 to become known to Sav-on.

37. After the incident with the Allens, Mr. Quinn was transferred to Walgreens Pharmacy #03845 where he continued to be employed. Board staff had notified Walgreens #03845 to cease to employ or use Mr. Quinn in the capacity of a pharmaceutical technician or technician-in-training until Mr. Quinn applied to be and was granted registration as a pharmaceutical technician-in-training at that pharmacy.

38. At hearing, Mr. Riso testified that he took responsibility for not checking Mr. Quinn's registration certificate closely. Mr. Riso said that once he discovered that Mr. Quinn was not properly registered as a technician-in-training at Walgreens #03844, Mr. Riso assigned Mr. Quinn only to clerk tasks and did not allow Mr. Quinn to perform any pharmaceutical technician tasks.

Walgreens #03872 & Michael Triolo (Case No. 02-062)

39. Board staff presented the testimony of Linda Owens. Ms. Owens testified that on April 10, 2002, she took five new prescriptions from her physician to Walgreen's #03872 to be filled. Ms. Owens decided she only wanted four of the prescriptions filled at that time. The pharmacy technician explained the pharmacy would keep the fifth prescription at the pharmacy in case Ms. Owens changed her mind and wanted to have it filled.

40. Ms. Owens noted that the pharmacy was extremely busy while she was waiting for her prescriptions to be filled. She testified that the pharmaceutical technician and the pharmacist were the only two employees and that the pharmaceutical technician was constantly in motion between the drive-up window, the telephone, the pharmacy counter, and the front counter.

41. When the prescriptions were ready Ms. Owens was given five prescriptions, four in one bag and one in a separate bag. Ms. Owens questioned the pharmaceutical technician and explained she should only have four prescriptions. The technician stated that there were five. Since Ms. Owens was not feeling well, she paid for all five prescriptions and left Walgreens #03872. Though the prescriptions were new to Ms.

Owens and her profile at this pharmacy, Ms. Owens was not counseled by a pharmacist.

42. Ms. Owens took the medication home and began taking the medication given to her as directed that evening and the following day. Ms. Owens received a telephone call on the evening of April 11, 2002 from a female pharmacist from Walgreens #03872 asking if she had been in the previous day to pick up any prescriptions. Ms. Owens stated she had picked up her prescriptions the previous day and had been taking them as directed. Ms. Owens was advised that one of the prescriptions she picked up was for another patient with the same name. Ms. Owens examined the prescriptions she had obtained the previous day and found one that had a doctor's name that was unknown to her on the label although the patient's name on the vial was also Linda Owens. In this way, Ms. Owens discovered that she had taken Metronidazole 500 mg. tablets that were not prescribed for her.

43. Ms. Owens explained that she filed the complaint because of her dealings with pharmacist Ledrue Ware after the error had been discovered. Ms. Owens testified that Mr. Ware seemed uninterested in her and her concerns and seemed mostly concerned about informing her that he was not the pharmacist who had dispensed the erroneous prescription to her.

44. At hearing, Mr. Triolo explained that the Walgreens verification computer system did not contain any specific information regarding a patient, such as the patient's birth date or address, at the time of the verification. Thus, as Mr. Triolo explained, it was possible and foreseeable that errors such as occurred in this matter would not be caught by the verifying pharmacist because there would be no way to tell at the verification screen which "Linda Owens" the prescriptions were for. From Walgreens' records, Mr. Triolo could not identify who had filled the Metronidazole prescription for the Linda Owens who was not the complainant in this matter. Mr. Triolo also explained that he was not the pharmacist on duty at the time Ms. Owens picked up her prescriptions and that Mr. Ware was the pharmacist on duty at that time.

Walgreens #03873 & Scott Trinh (Case No. 02-060)

45. Board staff presented the testimony of Daniel Garcia, Investigator for the Board. Mr. Garcia testified that on May 2, 2002, he and Investigator/Supervisor Fred

Ackermann went to Walgreens #03873 to acquire information and evidence on an investigation of a consumer complaint. That consumer complaint was ultimately closed without action.

46. While they were present at the pharmacy, they observed staff pharmacist Scott L. Trinh speaking with a pharmaceutical technician at one end of the pharmacy counter. Mr. Garcia did not observe any patient at the pharmacy's counter to whom Mr. Trinh may have been speaking. At the same time, Mr. Garcia and Mr. Ackermann observed another pharmacy technician at the drive-through window serving a patient.

47. Kelly Moczynski was identified as the pharmaceutical technician at the drive-through window. She had given a male patient a prescription and returned his identification. As Ms. Moczynski concluded the register transaction with this patient, Mr. Garcia and Mr. Ackermann observed her mark on the "Refused" section of the counseling log that the patient had refused counseling. At no time during this transaction did Mr. Garcia observe Mr. Trinh come to the drive-through window.

48. Mr. Ackermann asked Ms. Moczynski if the prescription she had just dispensed was a new prescription, to which she said it was. Mr. Ackermann asked Ms. Moczynski to retrieve the prescription she had dispensed to the patient at the drive-through window. Supervisor Ackermann then advised Mr. Trinh that he needed to come to the drive-through window and counsel the patient regarding his new prescription. Only after Mr. Ackermann required Mr. Trinh to counsel the patient did Mr. Trinh cease speaking with the other employee and counsel the patient regarding the patient's new prescription.

49. Mr. Garcia testified that he had personally investigated several of the cases involved in this matter and that he had consulted with Mr. Ackermann regarding other of the cases that Mr. Ackermann had investigated. Mr. Garcia explained that Walgreens' counseling policy was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the patients' request. X's or other marks would sometimes be placed on the counseling log by the clerk or pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time

later. In some cases, the pharmacist would not initial next to the X's or other mark until the end of the pharmacist's shift.

50. Mr. Trinh testified that he was very careful to assure that patients were counseled at his pharmacy. Mr. Trinh explained that he was counseling a patient at the time that Mr. Ackermann asked him to counsel the patient at the drive-through window, but he could not explain why Mr. Ackermann and Mr. Garcia had not seen the patient at the pharmacy counter that he was counseling. Mr. Trinh admitted that he changed the counseling log regarding the patient the he counseled at Mr. Ackermann's request to show that counseling had been accepted, and he also admitted that the patient would have left Walgreens #03873 had Mr. Ackermann not requested that he counsel the patient.

_____/

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on April 23, 2003 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. Respondents Peter S. Trinh and Walgreens #04197 were represented by Robert C. Graham and Graham & Wilde, P.C. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, Board staff presented the testimony of Carol Passos, Robin Shoemaker, Gail Shoemaker, and Fred Ackermann. The parties stipulated to and jointly introduced nine documents that were accepted into evidence. Respondents presented the testimony of Mr. Trinh and Duane Pinon. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board finds the following to be the facts of this matter.

2. Phanetta Shoemaker was a 79-year-old female who had been treated for colon cancer. According to her daughter, Ms. Passos, Mrs. Shoemaker's medical and mental condition declined after the treatment for the colon cancer. At some point, the family members could no longer care for Mrs. Shoemaker themselves, so they arranged for Ms. Shoemaker to stay at "As Time Goes By" group home.

3. On January 1, 2003, Mrs. Shoemaker was transported from "As Time Goes By" to Mountain View Hospital where she was admitted with symptoms of a possible heart attack. On January 2, 2003, the physician who admitted Mrs. Shoemaker into the hospital ordered that Mrs. Shoemaker be discharged back to "As Time Goes By" on noon of the next day, January 3, 2003.

4. On the morning of January 3, 2003, various members of Mrs. Shoemaker's family met with a hospice representative to discuss Mrs. Shoemaker's transfer back to "As Time Goes By." One of the results of the meeting was that Mrs. Shoemaker's physician wrote a prescription for Roxanol 20 mg./ml. #120 cc with directions for use of "5 mg. po q 4° prn." The Roxanol prescription was intended to allow the group home to provide pain relief for Mrs. Shoemaker.

5. According to family members who were with Mrs. Shoemaker on January 3, 2003, Mrs. Shoemaker was eating normally in her hospital bed and could converse with them.

6. Because there were problems with the travel arrangements to get Mrs. Shoemaker from the hospital to "As Time Goes By," and because Mrs. Shoemaker seemed to be suffering some pain, Robin Shoemaker, Mrs. Shoemaker's daughter, took the Roxanol prescription to Walgreens #04197 to have it filled. Mrs. Shoemaker's

Roxanol prescription was a new prescription to Mrs. Shoemaker's profile as Mrs. Shoemaker had not taken any morphine products before. Robin Shoemaker arrived at the pharmacy at approximately 11:15 a.m., and she described the pharmacy as not being busy. Robin Shoemaker was told that the prescription would be filled while she waited, so she waited at the pharmacy for approximately fifteen minutes.

7. Mrs. Shoemaker's Roxanol prescription was filled by a pharmaceutical technician with generic morphine sulfate and was verified by Mr. Trinh. The directions for use reviewed and approved by Mr. Trinh were: "Take 5 ml. (1 teaspoon) by mouth every 4 hours as needed."

8. When the prescription was ready, Robin Shoemaker was given the prescription by Mr. Trinh. Robin Shoemaker testified that Mr. Trinh spoke to her for only a few seconds and that he did not mention anything about the dose of the morphine sulfate.

9. Robin Shoemaker returned to the hospital with the morphine sulfate prescription. Because Mrs. Shoemaker appeared to be having pain, Robin Shoemaker administered one dose to Mrs. Shoemaker according to the directions for use sometime between 1:00 p.m. and 2:00 p.m. At hearing, Robin Shoemaker explained that she took a plastic teaspoon from Mrs. Shoemaker's lunch tray, filled the teaspoon with the morphine sulfate, and administered the teaspoon of morphine sulfate to Mrs. Shoemaker.

10. The family members who were with Mrs. Shoemaker after the dose of morphine sulfate was administered described Mrs. Shoemaker as being clammy and cold, with her eyes rolled back into her head so that all that could be seen were the

whites of her eyes. They described Mrs. Shoemaker's breathing as difficult and labored, and they feared that she was having a heart attack.

11. Because the family had executed a do-not-resuscitate order for Mrs. Shoemaker, the transport took Mrs. Shoemaker to "As Time Goes By," even though Mrs. Shoemaker's condition was very poor.

12. Gail Shoemaker, Mrs. Shoemaker's daughter-in-law, stated that she discovered that Mrs. Shoemaker had been given an overdose of the morphine sulfate when Gail Shoemaker conversed with a caregiver at "As Time Goes By" about the dose. The caregiver had indicated that the dose seemed very high. After some additional inquiry, it was determined that the dose on the prescription label was 5 ml., not the 5 mg. ordered by the physician. Thus, Mrs. Shoemaker received 20 times more morphine sulfate than the physician had ordered.

13. According to the family members who testified, after Mrs. Shoemaker received the overdose of morphine sulfate, Mrs. Shoemaker was never the same as she was before the overdose. Mrs. Shoemaker could only eat infrequently, and when she did eat she could only eat soft foods. Mrs. Shoemaker could no longer converse with the family members. Most of the time, Mrs. Shoemaker seemed to be comatose or was incapable of communication.

14. On January 12, 2003, Mrs. Shoemaker died. Though the cause of death shown on the death certificate was colon cancer, Mrs. Passos testified that the family disagreed with the cause of death as shown on the death certificate. No medical testimony was taken regarding the actual or proximate cause of Mrs. Shoemaker's death.

15. At hearing, Mr. Trinh testified that when he reviewed Mrs. Shoemaker's prescription, he believed that it said 5 ml. instead of 5 mg. Mr. Trinh said he was aware that the 5 ml. dosage of morphine sulfate was very high, but he also admitted that he did not contact the physician, Robin Shoemaker, or anybody or any reference in the pharmacy about his concerns regarding the dosage. Mr. Trinh explained that the pharmacy's computer system did provide a high-dose warning that he personally bypassed. Mr. Trinh said that he does not check a patient's profile unless he is prompted to do so by the pharmacy's computer, so the only drug utilization review concerns addressed by Mr. Trinh are those raised by the pharmacy's computer, not by Mr. Trinh's independent examination of the patient's prescription record. Mr. Trinh also explained that when he counseled a patient, he merely imparted information to the patient and did not ask the patient questions to assure that the drug was correct or to assure that the patient understood the information given by Mr. Trinh. Mr. Trinh related that when he counseled Robin Shoemaker he was so concerned about the dosage that he checked the prescription again as he was talking with Robin Shoemaker, but he yet again saw 5 ml. instead of 5 mg. Mr. Trinh testified that he warned Robin Shoemaker that the dose was high. Mr. Trinh could not explain how every time he looked at the prescription – a prescription that clearly states "5 mg.," not "5 ml." on its face – he saw the incorrect, extremely high dose of 5 ml.

16. Because Robin Shoemaker testified that she received essentially no counseling and because Mr. Trinh testified that he did counsel Robin Shoemaker, including explaining to her that the dose was high, we must resolve the conflicting testimony. We find that Mr. Trinh either did not counsel Robin Shoemaker (just as she

testified) or that if he did, he did not do so adequately to assure that Robin Shoemaker was apprised of the potential threat and harm that could result from the 5 ml. dose of morphine sulfate. We find that many factors should have alerted Mr. Trinh to the severity of the dosing error, such as Mrs. Shoemaker's age, Mrs. Shoemaker's previous lack of history with opiate or morphine products, the product's inclusion of 1 ml. dropper that would have required five dropper's full for a single dose, and the general knowledge of the increased dangers of the use of morphine sulfate in elderly patients because of morphine sulfate's CNS depressive effects. Mr. Trinh's explanations regarding his actions, none of which were witnessed or testified to by Robin Shoemaker, seem inconsistent with his profession that he had spotted and was concerned about the high dosage he was dispensing. Our view of the evidence is that either Mr. Trinh did not actually catch the high dose or that if he did, he did not act professionally and reasonably to resolve what should have been very obvious concerns with the dose.

17. Board staff raised a concern with the number of disciplinary cases that have recently been brought against Walgreens pharmacies operated throughout the Las Vegas area. We share this concern. The particular Walgreens pharmacy at issue in this matter, Walgreens #04197, was already on probation for a failure to counsel that was found as part of a disciplinary proceeding in which nine different matters were heard and determined. Several of the prescription errors in the combined proceeding were serious and caused harm to the patients involved. Most of the cases in the combined proceeding involved unacceptable violations of the patient counseling laws. At the same Board meeting at which the hearing in this matter occurred, another

prescription error was also resolved by this Board by stipulation of the parties. The cluster of patient complaints that has produced eleven disciplinary actions since August 2002 concerns both Walgreens and this Board. We must agree with Board staff that these disciplinary actions must be viewed as a totality, not as isolated incidents, because the incidents show a systemic dysfunction that seems to underlie these matters. We must find, therefore, that Walgreens #04197 was guilty of repeated negligence, the negligence being a failure to counsel or adequately counsel patients being served by Walgreens #04197, especially while Walgreens #04197 was on probation for its previous violation of the same patient counseling laws.

18. Board staff was concerned regarding the staffing, recordkeeping and prescription volume at Walgreens #04197. Walgreens disagreed with Board staff. Once the records were explained by Mr. Pinon, they seem not to indicate any actionable concern regarding the staffing of Walgreens #04197 at the time that Mr. Trinh made the error regarding Mrs. Shoemaker's Roxanol prescription. In support of this finding is Robin Shoemaker's testimony that the pharmacy was not busy at approximately 11:15 a.m. when she brought the prescription to the pharmacy. We find, therefore, that the evidence did not support Board staff's assertion that the pharmacy was inadequately or improperly staffed for the prescription volume processed by the pharmacy.

19. This Board's findings of fact regarding Mrs. Shoemaker's medical condition and treatment are intended for the purpose of determining the basis for and extent of disciplinary action in this matter. This Board's findings of fact regarding Mrs. Shoemaker's medical condition and treatment are not intended to preclude or

determine issues outside the scope of this Board's authority such as whether and how damages should be assessed in a court of competent jurisdiction.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Peter S. Trinh is a pharmacist licensed by the Board and Walgreens #04197 is a pharmacy licensed by the Board.

2. By incorrectly labeling Mrs. Shoemaker's prescription for morphine sulfate with incorrect dosing directions, Mr. Trinh violated NRS 639.210(4) and NAC 639.700(6) and 639.945(1)(d) and (i).

3. By inadequately counseling Robin Shoemaker regarding Mrs. Shoemaker's morphine sulfate prescription, Mr. Trinh violated NRS 639.210(4) and NAC 639.707(1) and (3) and 639.945(1)(i).

4. In having a second disciplinary action regarding negligent patient counseling and while it was on probation for a previous disciplinary action, Walgreens #04197 violated NRS 639.210(4) and (16).

5. In owning and operating the pharmacy in which the violations noted in Conclusions of Law #2, 3, and 4 occurred, Walgreens #04197 violated NRS 639.210(4) and NAC 639.945(1)(i) and (2).

6. The Fourth Cause of Action regarding Walgreens #04197's maintaining a pharmacy with inadequate staffing to safely and effectively serve the public is dismissed.

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Mr. Trinh shall pay a fine of $3,250.00 ($2,500 for the First Cause of Action and $750 for the Second Cause of Action) by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Mr. Trinh shall take eight hours of APCE approved continuing education regarding pain management and four hours of continuing education regarding patient counseling. The continuing education credits to satisfy this paragraph must be submitted to the Board's Reno office within six months of the effective date of this Order and will be in addition to and will not be counted toward the 30 hours of continuing education required to be verified by the time Mr. Trinh submits his renewal application. Board staff shall review the continuing education submitted to satisfy this paragraph.

3. Walgreens #04197 shall pay a fine of $6,000.00 ($1,000.00 for the Third Cause of Action and $5000.00 for the Fifth Cause of Action) in cash, cashier's or certified check, or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order. Walgreens #04197 shall pay the Board's costs and attorney's fees of $5,194.14 and the Board's administrative fee of $250.00, for a total of $5,444.14 by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

4. Walgreens #04197 shall be on probation for a period of one year from September 10, 2003 according to the following terms and conditions:

a. Staff for Walgreens #04197 shall obtain and complete the ISMP Medication Safety Self Assessment for Community/Ambulatory Pharmacy (ISMP Self Assessment) available from the Institution on Safe Medication Practices at www.ismp.org under the "Self Assessment" tab. After completing the ISMP Self Assessment, the managing pharmacist for Walgreens #04197 shall submit the information from the ISMP Self Assessment to ISMP through the process available on ISMP's website. The managing pharmacist shall obtain and print from the ISMP's website the preliminary aggregate results available only after the ISMP Self Assessment information has been submitted to ISMP.

b. The managing pharmacist shall provide the preliminary aggregate results to the Board's Reno office and Walgreens' district management no later than July 23, 2003. The Board's staff shall assure that the preliminary aggregate results are included in the Board's materials provided in advance of the Board's meeting scheduled for August 6 and 7, 2003.

c. The staff of Walgreens #04197 shall obtain, prepare, and complete the tasks in the preceding subparagraphs 4(a) and 4(b) without any the assistance, oversight, interference, or other involvement of Walgreens' regional, district, or national management. The Board intends that the information provided by the staff of Walgreens #04197 to be honest, truthful, accurate, complete, and free from any real or perceived concern about adverse employment consequences because the ISMP process can only work to the pharmacy's, the Board's, and the public's benefit if the information used in the process is

trustworthy and accurate. The Board may provide oversight of the completion of the ISMP Self Assessment process if requested by the staff of Walgreens #04197 or if the Board's staff deems such oversight necessary to maintain the integrity of the process.

d. The Board will review the results of the ISMP process, including the preliminary aggregate results provided under subparagraph 4(b) above, at the Board meeting on August 6 and 7, 2003. Walgreens #04197 shall assure that the managing pharmacist and other management personnel shall be available when the ISMP results are discussed.

e. The Board reserves the right and ability in its discretion to add other terms and conditions to Walgreens #04197's probation as the Board deems necessary or appropriate in view of the ISMP results and the discussion of those results with Walgreens' personnel.

f. Walgreens #04197's operations shall conform with all applicable laws, whether federal or state and whether statutory or regulatory.

5. The failure by Mr. Trinh to comply with any term in this order shall result in the immediate suspension of his license and will also result in further discipline, up to and including revocation of his license. The failure by Walgreens #04197 to comply with any term in this order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

WALGREENS #04197,
Certificate of Registration No. PH01142;

Case No. 03-011-PH-S

Respondents.

/

COMES NOW Keith W. Macdonald, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter and these Respondents for the following reasons:

A. Respondent Peter S. Trinh, R.Ph, (certificate number 12898) is a pharmacist licensed by the Board.

B. Respondent Walgreens #04197 is a pharmacy licensed by the Board located at 8500 West Cheyenne Avenue, Las Vegas, Nevada.

II.

Patient S was a 79-year-old female with metastasizing colon cancer who resided in a group home. On January 1, 2003, Patient S was transported from the group home

to the emergency room of Mountain View Hospital where she was admitted with symptoms of a possible heart attack. On January 2, 2003, the physician who admitted Patient S into the hospital ordered her discharge for noon on January 3, 2003.

III.

The morning of January 3, 2003, Patient S' family members were meeting with a hospice facility representative where Patient S was being transferred to from the hospital. The hospice representative asked Patient S's physician for a prescription for Roxanol (morphine sulfate). The hospice representative explained that Roxanol was standard procedure for terminal patients to ensure they were comfortable during their illness. Patient S' daughter, Ms. RS, was given a prescription for Patient S to be filled prior to her release from the hospital. The prescription was written for Roxanol 20 mg./ml. #120 cc with directions for use of 5 mg by mouth every four hours as needed.

IV.

Ms. RS took the prescription to Walgreens #04197 to be filled. By noon, the discharge papers were complete for Patient S and she and various family members were waiting for transport to the group home. While waiting, Patient S was sitting up in bed, eating her lunch and conversing with family members.

V.

Mr. Trinh was the pharmacist responsible for checking Patient S's Roxanol prescription. The directions for use approved by Mr. Trinh were: "Take 5 ml. (1 teaspoon) by mouth every 4 hours as needed."

VI.

When Ms. RS picked up Patient S's prescription, Mr. Trinh spoke to Ms. RS for a few seconds. Based on this translation of a few seconds' duration, Mr. Trinh indicated that he had provided counseling to Ms. RS.

VII.

Mr. Trinh indicated that he knew at the time that he dispensed Patient S's Roxanol prescription to Ms. RS that 5 ml. of Roxanol was a high dose. Nonetheless, Mr. Trinh dispensed Patient S's Roxanol prescription without taking any action to verify or clarify the high dosage except, according to Mr. Trinh, to review the prescription.

VIII.

Ms. RS returned to the hospital, noted her mother was becoming agitated and appeared to be experiencing some pain, so Ms. RS administered the medication to Patient S between 1:00 and 2:00 p.m. according to the directions on the label of the bottle of Roxanol, meaning that Ms. RS gave Patient S one teaspoon (approximately 5 ml.) of Roxanol.

IX.

By approximately 4:00 p.m. after ingesting the medication, Ms. RS reported that Patient S became very cold and clammy, had difficulty breathing, her eyes rolled back in her head and she began twitching and shaking. When the transport arrived at approximately 7:00 p.m., they were cautious about transporting her to the hospice. Transport employees went to the nursing station and obtained a copy of the "do no resuscitate" (DNR) form that was on file for Patient S and transported her to the hospice.

X.

After Patient S was settled into her room, her family members gave Patient S's medication to the night caregiver. The caregiver questioned the family regarding the unusually high dosage of morphine sulphate. It was at this juncture that the incorrect directions for use were discovered. Because of the incorrect directions for use, Patient S received 100 mg. of Roxanol liquid, 20 times the amount of morphine sulphate than she was prescribed.

XI.

As the days past, Patient S became more and more unresponsive. Patient S died on January 12, 2003. Patient S was a terminally ill person and none of her health care professionals could attribute the overdose of the morphine sulphate as the cause for her death.

FIRST CAUSE OF ACTION

XII.

By incorrectly labeling Patient S's prescription for morphine sulphate with incorrect dosing directions, Mr. Trinh violated Nevada Revised Statutes (NRS) 639.210(4) and Nevada Administrative Code (NAC) 639.700(6) and 639.945 (1) (d) and (i).

SECOND CAUSE OF ACTION

XIII.

In inadequately counseling Ms. RS regarding Patient S's Roxanol prescription, Mr. Trinh violated NRS 639.210(4) and NAC 639.707(1) and (3) and 639.945(1)(i).

THIRD CAUSE OF ACTION

XIV.

On July 24, 2002, Walgreens #04197 was one of nine Walgreens pharmacies that had a disciplinary hearing. During the course of those administrative hearings, it was determined that Walgreens #04197 was guilty of owning and operating a pharmacy that failed to properly counsel patients. Walgreens #04197 was placed on one-year probation with conditions.

XV.

In having a second disciplinary matter at Walgreens #04197 while that pharmacy is on probation constituting repeated negligence, Respondent Walgreens #04197 violated NRS 639.210(4) and (16).

FOURTH CAUSE OF ACTION

XVI.

The time records and prescription volume of Walgreens #04197 indicate that Walgreens #04197 was inadequately staffed to safely and effectively serve the public.

XVII.

In maintaining a pharmacy with inadequate staffing to safely and effectively serve the public, Walgreens #04197 violated NRS 639.210(4) and NAC 639.945(1)(l).

FIFTH CAUSE OF ACTION

XVIII.

In owning and operating the pharmacy in which the above acts and violations occurred, Respondent Walgreens #04197 violated NRS 639.210(4) and NAC 639.945 (1) (d) and (l) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Respondents.	/	

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the alleged conduct, Respondent Nazida Zebari, Certificate of Registration No. 17786 (Ms. Zebari), was a registered pharmacist with the Board, and Respondent Walgreens Pharmacy #04242, Certificate of Registration No. PH01165 (Walgreens), was a pharmacy registered with the Board.

II.

On April 28, 2013, Dr. Ellen Martin of Southwest Medical Associates Urgent Care prescribed to ten-year-old patient JF ondansetron 4 mg. tablets with instructions to take 2 mg. (half a tablet) every four hours as needed. Dr. Martin transmitted the prescription electronically to Walgreens #04242. JF's mother, S. Hakes (Ms. Hakes), picked up the prescription from Walgreens the same day.

III.

The prescription, designated as prescription number 431719 (ondansetron 4 mg. tablets), was a new prescription for JF.

IV.

Ms. Hakes stated in the complaint, and again during an interview with a Board Investigator, that Respondent Ms. Zebari offered no counseling regarding JF's new medication. Respondent Ms. Zebari wrote in her written statement dated June 23, 2014, that counseling was offered and declined. Ms. Zebari disclosed during an interview with the Board investigator that she asked Ms. Zebari: "Do you have any questions?"

V.

On April 29, 2013, Ms. Hakes started to give JF a dose of the ondansetron that Walgreens dispensed. Ms. Hakes noticed that the dose directed on the label was significantly more than the dose that JF received during her visit with Dr. Martin. The instructions on the electronic prescription read: "Ondansetron 4 MG Oral Tablet Dispersible *TAKE 2 mg every 4 hours PRN*" (as needed). The label reads: "ONDANSETRON ODT 4MG TABLETS GIVE "J" 2 TABLETS BY MOUTH EVERY 4 HOURS AS NEEDED", which is approximately four times the prescribed dose.

VI.

Ms. Hakes contacted Walgreens pharmacy manager, Joseph Henderson, who confirmed that the instructions on the prescription label were not correct.

VII.

Respondent Ms. Zebari was the pharmacist who initiated the processing of JF's prescription. During data entry, Ms. Zebari input the incorrect dosing instructions to take 2 tablets (8 mg.) every four hours as needed, rather than the prescribed 2 mg. (one-half tablet) every four hours as needed.

VIII.

The dosing instructions entered into the computer by Ms. Zebari prompted two Drug Utilization Review (DUR) warnings to appear on the screen: 1) "6 EA OF ONDANSETRON ODT 4MG TABLETS EXCEEDS THE RECOMMENDED PEDIATRIC DOSAGE: 1 – 3 EA PER DAY"; and, 2) "HD-DOSE TOO HIGH." Ms. Zebari overrode both DUR warnings.

IX.

Ms. Zebari filled and verified the prescription as accurate. When interviewed by the Board Investigator, Ms. Zebari said that she did not verify what she had typed against the scanned image in the pharmacy computer or the original electronic prescription. She only verified the drug.

FIRST CAUSE OF ACTION

X.

By filling and dispensing a prescription for ondansetron 4 mg. tablets with instructions to take 2 tablets (8 mg.) every four hours as needed, rather than the prescribed 2 mg. (one-half tablet) every four hours as needed, Nazida Zebari violated Nevada Administrative Code (NAC) 639.945(1)(d), and/or (i), which violations are grounds for action pursuant to Nevada Revised Statute NRS 639.255.

SECOND CAUSE OF ACTION

XI.

In failing to provide adequate counseling for JF's new prescription, Nazida Zebari violated NRS 639.266(1), NAC 639.707(1) and/or 639.945(1)(i), which violations are grounds for action pursuant to NRS 639.255.

THIRD CAUSE OF ACTION

XII.

As the owner of the pharmacy in which the foregoing violations, or any one of them,

occurred, Walgreens Pharmacy #04242 is responsible for the actions of its employees, and therefore subject to discipline pursuant to NAC 639.945(2), which is grounds for action pursuant to NRS 639.255.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Signed this 16th day of September, 2014.

David Wuest, Pharm.D., Deputy Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENTS

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements regarding your certificate of registration. To do so, you must mail to the Board within 15 days of your receipt of this Notice of Intended Action and Accusation a written statement showing your compliance.

Peter Keegan, General Counsel for Petitioner the Nevada State Board of Pharmacy ("Board"), Respondent Nazida Zebari ("Zebari"), Certificate of Registration No. 17786, through her counsel, Lyn Beggs, Esq., and Respondent Walgreens Pharmacy #4242 ("Walgreens"), Pharmacy License No. PH 01165, by and through its counsel, William Stilling, Esq., **HEREBY STIPULATE AND AGREE THAT**:

1. The Board has jurisdiction over Respondents and this matter.

2. On or about February 16, 2022, Board Staff properly served Zebari and Walgreens with the Notice of Intended Action and Accusation ("Accusation") on file in this matter together with the Statement to Respondent and Notice of Hearing.

3. On or about March 9, 2022, Zebari filed an Answer and Notice of Defense to the Accusation.

4. Zebari and Walgreens are fully aware of their right to seek the advice of counsel in this matter and have obtained the advice of counsel prior to entering into this Stipulation.

5. Zebari and Walgreens are aware of their right to a hearing on the matters alleged in the Accusation, their right to reconsideration, their right to appeal and any and all other rights

which may be accorded to them pursuant to NRS Chapter 233B ("Nevada Administrative Procedure Act"), NRS Chapter 622A ("Administrative Procedure Before Certain Regulatory Bodies"), and NRS Chapter 639 ("Nevada Pharmacy Act").

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondents, or any of them, have failed to comply with the provisions below, Zebari and Walgreens hereby freely and voluntarily waive their rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to them by NRS Chapter 233B ("Nevada Administrative Procedure Act"), NRS Chapter 622A ("Administrative Procedure Before Certain Regulatory Bodies"), and NRS Chapter 639 ("Nevada Pharmacy Act").

7. Respondents, and each of them, admit that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit,* that:

A. Zebari engaged in unprofessional conduct as defined in NAC 639.945(1)(d) and NAC 639.945(1)(i) by failing to strictly follow the instructions of a practitioner to discontinue a prescription for Lisinopril 10 mg, which caused the erroneous dispensing of said prescription via auto-refill on four (4) occasions. Respondent Zebari is therefore subject to discipline pursuant to NRS 639.210(4).

B. Walgreens, as the pharmacy at which the violations of law alleged herein occurred, is responsible for any violations of law by Zebari pursuant to NRS 639.230(5) and NAC 639.945(2).

8. The above cited violations of law are plead with particularity in the Accusation and are grounds for action pursuant to NRS 639.210, NRS 639.230(5), and NRS 639.255.

B. Pay Five Hundred Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

11. Any failure by any Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing that Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by that Respondent, the Board may impose additional discipline upon that Respondent not inconsistent with the provisions of NRS Chapter 639.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **NAZIDA ZEBARI, RPh.** **Certificate of Registration No. 17786,** **and** **WALGREENS PHARMACY #4242** **Certificate of Registration No. PH01165,** **Respondents.**	**Case No. 17-076-RPH-S** **17-076-PH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Nazida Zebari, RPh. ("Zebari"), Certificate of Registration No. 17786 was a pharmacist registered with the Board and Respondent Walgreens Pharmacy #4242 ("Walgreens #4242"), License No. PH01165, was a pharmacy licensed by the Board.

DISCIPLINARY HISTORY

2. On October 15, 2014, the Board approved a Stipulation and Order in Case No. 13-024-RPH-S, wherein Respondent agreed to discipline on the basis that evidence existed to establish a factual basis that she had violated NAC 639.945(1)(d), and/or (i) by providing incorrect instructions on a dispensed prescription, as well as NRS 639.266(1), NAC 639.707(1), and/or NAC 639.945(1)(i) by failing to provide adequate patient counseling.

FACTUAL ALLEGATIONS

3. Respondent Zebari was employed by Walgreens #4242 at the time of the events alleged herein.

4. On July 18, 2016, a prescription for Lisinopril 10 mg tablets was processed by Walgreens #4242 for patient L.I. and designated as prescription no. 1783706 by Walgreen's computer system. Prescription no. 1783706 was placed on auto-refill.

5. On December 6, 2016, a prescription for Terazosin HCL 2 mg issued to patient L.I. was entered into the Walgreen's #4242 computer system by Respondent Zebari. The prescription was designated prescription no. 1829306 by Walgreen's computer system. Respondent Zebari typed "DISCONTINUE LISINOPRIL (ACE: ALLERGY; COUGH)" in Walgreen's computer system under the drug directions for prescription no. 1829306; however, no notifications were placed into patient L.I.'s profile in the Walgreen's computer system.

6. On December 6, 2016, Respondent Zebari performed the prescription review, overrode the Drug Utilization Review ("DUR") checks for therapeutic duplication, filled prescription no. 1829306, and conducted the product verification. Walgreen's records for prescription no. 1829306 reflect that patient L.I. declined the patient consultation.

7. Respondent Zebari failed to follow the prescribing practitioner's orders to "Discontinue Lisinopril" as written on the Terazosin HCL 2mg prescription which caused four (4) erroneous prescriptions for a dangerous drug to be dispensed to patient L.I. after December 6, 2016.

8. On December 24, 2016, an automatic refill entry in the Walgreens Pharmacy #4242 computer system was initiated for prescription no. 1783706 for Lisinopril 10 mg tablets. The product review was performed by Dominic Ortega, RPh. ("Ortega"), Certificate of Registration No. 16810, the managing pharmacist for Walgreens #4242 and pharmacist of record. The refill of prescription no. 1783706 was sold to patient L.I. on December 26, 2016.

9. On January 22, 2017, an automatic re-fill entry in the Walgreens Pharmacy #4242 computer system was initiated for prescription no. 1783706 for Lisinopril 10 mg tablets. The product review was performed by Pharmacist Brijesh Patel, RPh. ("Patel"), Certificate of Registration No. 18040, the pharmacist of record, and the prescription refill was sold to patient L.I. on January 24, 2017.

10. On February 20, 2017, an automatic re-fill entry in the Walgreens Pharmacy #4242 computer system was initiated for prescription no. 1783706 for Lisinopril 10 mg tablets. The product review was performed by Respondent Zebari, the pharmacist of record, and the prescription refill was sold to patient L.I. on February 28, 2017.

11. On March 27, 2017, an automatic re-fill entry in the Walgreens Pharmacy #4242 computer system was initiated for prescription no. 1783706 for Lisinopril 10 mg tablets. The product review was performed by Respondent Zebari, the pharmacist of record, and the prescription refill was sold to patient L.I. on March 30, 2017.

12. Patient L.I. complained to Walgreens #4242 about the erroneous Lisinopril prescriptions she was dispensed; however, patient L.I. did not report taking any of the erroneously dispensed Lisinopril or suffering any harm.

COUNT ONE

Unprofessional Conduct
(Respondent Zebari)

13. Unprofessional conduct includes the failure by a licensee to strictly follow the instructions of a practitioner when labeling and dispensing a prescription. NAC 639.945(1)(d). It also includes a licensee performing his or her duties in an "incompetent, unskillful or negligent manner." NAC 639.945(1)(i).

14. Respondent Zebari engaged in unprofessional conduct as defined in NAC 639.945(1)(d) and (i) when she failed to strictly follow the instructions of a practitioner by not discontinuing the Lisinopril 10 mg prescription, which caused the erroneous dispensing of said

prescription via auto-refill on four (4) occasions. Respondent Zebari is therefore subject to discipline pursuant to NRS 639.210(4).

COUNT TWO

Pharmacy/Pharmacy Owner Responsibility
(Respondent Walgreens Pharmacy #4242)

15. NRS 639.230(5) provides: "Any violation of any of the provisions of this chapter [NRS Chapter 639] by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for the suspension or revocation of the license of the pharmacy by the Board." Further, the owner of any business of facility licensed, certified, or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

16. To the extent the erroneous dispensing errors were attributable to Respondent Zebari, Walgreens #4242 is responsible for those violations pursuant to NRS 639.230(5) and NAC 639.945(2).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

Signed this 21st day of January 2022.

Nevada State Board of Pharmacy

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. MONA MATAR, RPH, Certificate of Registration No. 20104, and, WALGREENS #04755, Pharmacy License No. PH01383, Respondents.	Case No. 22-370-RPH-S 22-370-PH-S NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Mona Matar, RPH (Matar), because Matar, at the time of the violations alleged herein, held a certificate of registration issued by the Board pursuant to NRS 639.127, authorizing her to engage in the practice of pharmacy within the state of Nevada.

2. The Board has personal jurisdiction over Respondent Walgreens #04755 (Walgreens) because Walgreens, at the time of the violations alleged herein, held a license issued by the Board pursuant to NRS 639.230, authorizing Walgreens to operate a pharmacy located at 3480 S. Jones Boulevard in Las Vegas, Nevada.

3. The Board has jurisdiction over the subject matter of this accusation because, at the time of the violations alleged herein, Matar was the pharmacist on duty at the Walgreens pharmacy located at 3480 S. Jones Boulevard in Las Vegas, Nevada, where she engaged in unprofessional conduct by a pharmacist.

FACTUAL ALLEGATIONS

4. Matar is a registered pharmacist authorized by the Board to engage in the practice of pharmacy.

5. On or about September 14, 2022, Matar was the pharmacist on duty at the Walgreens pharmacy located on South Jones Boulevard in Las Vegas, Nevada. While on duty, Matar fielded an adult customer's request to be vaccinated against hepatitis B.

6. Matar prepared a 10 mcg/0.5 ml dose of the Engerix B vaccine for administration by a pharmacy technician. Matar removed this pediatric dose from a refrigerator where it was stored as part of lot number YM444. Lot number YM444 consisted entirely of pediatric doses. At that time, lot number YM444 was the only Energix B remaining in Walgreens' inventory.

7. Matar placed the pediatric dose of Energix B in a bin for administration by a pharmacy technician. The technician subsequently removed the pediatric dose from the bin and injected it into the adult customer.

8. On or about September 15, 2022, a second adult customer requested to be vaccinated against hepatitis B. When a pharmacy employee advised the customer that the pharmacy had run out of adult doses of the hepatitis B vaccine, another Walgreens employee mentioned that an adult dose had been administrated to a customer one day prior. Following that conversation, the employees checked the refrigerator only to discover that lot number YM444 was the only supply of Energix B remaining in inventory.

9. After confirming that the Walgreens pharmacy had exhausted its supply of 20 mcg/ml doses of Energix B, the employees notified the pharmacy manager, Elaine Santiago, who then checked pharmacy records to identify the adult customer who had been vaccinated with the pediatric dose of Energix B. Ms. Santiago quickly identified the customer based upon the informed consent form that Matar had prepared in connection with the vaccination. Matar had noted on the form that the customer received a vaccine dose from lot number YM444.

10. Ms. Santiago telephoned the customer to advise her that she had a received a pediatric dose of the vaccine, advising her that she could return to the pharmacy for the correct dose. The customer later contacted the Board to make a complaint.

11. In response to an inquiry by Board Investigator Kenneth Scheuber, Matar explained in a written statement dated November 21, 2022, that the day of the incident had been a busy workday for her, with many patients waiting for vaccines. Mater stated that she regretted her mistake.

12. Matar was the subject of an unrelated complaint involving a similar allegation that she misfilled a prescription for Levothyroxine while employed at the QHR Pharmacy in Las Vegas, Nevada. This alleged misfill occurred on or about April 20, 2022. Pursuant to NRS 639.2895(3), Matar was separately cited for the April 20 incident.

APPLICABLE LAW

13. The Board may revoke or suspend the registration of any pharmacist who has been guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4). In lieu of revoking or suspending such a pharmacist's registration, the Board may impose fines as a disciplinary measure. *See* NRS 639.255; NAC 639.955.

14. A pharmacist's conduct is deemed unprofessional if the pharmacist fails to strictly follow the instructions of the person writing, making, or ordering a prescription as to its filling or refilling. *See* NAC 639.945(1)(i). Additionally, a pharmacist's conduct is deemed unprofessional if the pharmacist performs his or her duties in an incompetent, unskillful or negligent manner. *See* NAC 639.945(1)(i).

15. Pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2), pharmacies, pharmacy managers, and/or pharmacists are responsible for the acts and omissions of the pharmacy employees under their supervision.

COUNT ONE
Failure to Follow Instructions of Person Ordering Prescription

16. On or about September 14, 2022, as alleged above, Matar failed to strictly follow the instructions of an adult customer who requested to be vaccinated against hepatitis B. This constitutes unprofessional conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4); NRS 639.255; NAC 639.945(1)(h); NAC 639.955.

17. As the owner/operator of the pharmacy at which Matar was employed on September 14, 2022, Walgreens is responsible for Matar's unprofessional conduct as alleged above. NRS 639.230(5), NRS 639.255; NAC 639.702; NAC 639.945(2); and NAC 639.955.

COUNT TWO
Performing Duties in a Negligent Manner

18. On or about September 14, 2022, as alleged above, Matar caused an adult customer to be injected with a pediatric dose of Energix B, thus necessitating a second vaccination resulting in unnecessary discomfort to the customer.

19. Matar knew or should have known that she had prepared an incorrect dose of Energix B for the adult customer. Accordingly, Matar performed her duties as a pharmacist in an incompetent, unskillful, or negligent manner. This constitutes unprofessional conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4), NRS 639.255, NAC 639.945(1)(i), and NAC 639.955.

20. As alleged above, the incident on September 14, 2022, was the second of two incidents involving an alleged mistake by Matar in filling a prescription. Accordingly, the incident on September 14, 2022, warrants administrative disciplinary action and/or the imposition of a fine pursuant to NAC 639.955(1)(c).

21. As the owner/operator of the pharmacy at which Matar was employed on September 14, 2022, Walgreens is responsible for Matar's unprofessional conduct as alleged above. NRS 639.230(5), NRS 639.255; NAC 639.702; NAC 639.945(2); and NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent Mona Matar and the pharmacy license of Respondent Walgreens #04755.

DATED this 28th day of July 2023.

Patient L took her prescriptions to Walgreens #04755 to be filled on January 15, 2004 and picked them up on January 16, 2004.

III.

When Patient L picked up her Mexiletine prescription, she was not counseled by a pharmacist at Walgreens #04755. The Board's investigation showed that there was no record or entry on Walgreens #04755's counseling log at all regarding Patient L's Mexiletine prescription.

IV.

When Patient L arrived home she began ingesting her medication, including Mexiletine 150 mg., according to the instructions on the labels and realized that she had never taken Mexiletine in the past. Patient L contacted Walgreens #04755 and asked what Mexiletine was used for and was advised that it was for an irregular heartbeat. Patient L contacted her physician and asked why she had been prescribed Mexiletine and was told it was to be used in conjunction with her other medications to subside sharp pains.

V.

After discovering what the medication was to be used for and discussing the long term effects of using Mexiletine, Patient L determined she would not continue using this product. Patient L claimed that if she had been counseled when she picked up her medication she would not have accepted it for her drug therapy.

VI.

Mr. Rustman did not remember any specifics of this prescription in particular for Patient L, however after examining his counseling log at Walgreens #04755 he determined that her prescription number for Mexiletine was not on the counseling long and, in probability, Patient L had not been counseled.

FIRST CAUSE OF ACTION

VII.

In failing to counsel Patient L on her new prescription for Mexiletine and in failing to have any record regarding the prescription in the pharmacy's counseling log, Walgreens #04755 violated NRS 639.210(4) and 639.266(1) and NAC 639.707(1) and (6) and 639.945(1)(i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

SOTHY HIM, R.Ph.,

WALGREENS PHARMACY #4755,
Certificate of Registration #PH01383,

Case No. 02-101-PH-S

Respondents.
_____/

COMES NOW Keith W. Macdonald, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Sothy Him is a pharmacist licensed by the Board and Walgreens Pharmacy #4755 (Walgreens #4755) is a pharmacy licensed by the Board, located at 3480 South Jones Boulevard, Las Vegas, Nevada.

II.

Patient W went to her physician prior to having eye surgery and received two prescriptions for eye drops and a sheet of pre-surgery instructions. Patient W took the prescriptions to Walgreens #4755 to have them filled on or about October 15, 2002.

III.

The first prescription for Patient W was for Acular 5 ml. solution with directions to put one drop in the right eye four times a day starting four days prior to surgery. The directions on the label prepared by Mr. Him and dispensed by Walgreens #4755 were, "Instill 1 drop right eye six times daily (start 6 days before surgery)." The second prescription for Patient W was for Ocuflox 5 ml. solution with directions to put one drop in right eye four times a day starting four days prior to surgery. The directions on the label prepared by Mr. Him and dispensed by Walgreens #4755 were, "Instill 4 drops into right eye daily (start four days before surgery)." Mr. Him was the pharmacist who filled these prescriptions.

IV.

Patient W's daughter administered the medication to Patient W as directed on the labels and discovered the incorrect directions on both prescriptions while making copies of Patient W's pre-surgery medical information.

V.

Patient W had her eye surgery and no harm resulted from using the medication once as directed on the incorrect labels of her two eye drop prescriptions.

FIRST CAUSE OF ACTION

VI.

In failing to follow the order of Patient W's physician, namely by filling Patient W's prescriptions with the wrong directions, Mr. Him violated NRS 639.210(4) and NAC 639.945(1) (b), (d), and (i).

SECOND CAUSE OF ACTION

VII.

In owning and operating the pharmacy in which Mr. Him's violation occurred, Walgreens Pharmacy #4755 violated NRS 639.210(4) and NAC 639.945(1) (b), (d), and (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Signed this 16th day of December, 2002.

Case No. 09-102-PH-S

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on January 11, 2011 in Las Vegas, Nevada. The Board was represented by Carolyn J. Cramer, General Counsel to the Board. All Respondents were represented by Robert C. Graham. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties stipulated to the admission to all exhibits. The Respondents did not contest that Leilani Chang got twenty-one methylprednisolone 4 mg tablets instead of ten dosage units of medroxyprogesterone acetate 10 mg tablets as prescribed by her doctor. Board Staff presented the testimony of Leilani Chang and Fred Ackermann, Board investigator.

2. Ms. Chang testified that her physician prescribed 10 dosage units of medroxyprogesterone acetate 10 mg tablets, the generic for Provera, to regulate her menstrual cycle. The prescription as called into Walgreens #04855 by her doctor and

she picked it up on or about August 28, 2010. Ms. Chang testified she took all of the medication but did not get her menstrual cycle but instead experienced dizziness, headaches and a feeling of being unbalanced. Ms. Chang testified that she returned to the pharmacy to report the symptoms, showed the pharmacist on duty the medication vial, and asked if the medication was generic for Provera. That is when the pharmacist on duty informed her that she had taken 21 dosage units of generic prednisone, not Provera.

3. Respondents presented the testimony of Ms. Chan. Ms. Chan apologized to the Board and to Ms. Chang for making this error and causing Ms. Chang to experience the adverse effects from her taking prednisone. Ms. Chan testified to the changes that she has made to her practice as a result of the incident and the continuing education courses she has taken on error prevention. Ms. Chan testified that she reviews each segment of a word at input to ensure correct processing and it has helped her focus more closely on filling prescriptions.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Chan is a pharmacist licensed by the Board and Walgreens #04855 is a pharmacy licensed by the Board.

2. By failing to strictly follow the instructions of Ms. Chang's physician by filling her prescription for #10 medroxyprogesterone acetate 10 mg tablets with #21 methylprednisolone 4 mg tablets, Ms. Chan violated NRS 639.210(4) and NAC 639.945(1) (d) and/or (i).

3. In owning and operating the pharmacy in which Ms. Chan failed to notice that she filled Ms. Chang's prescription with the wrong medication, namely

methylprednisolone 4 mg rather than the prescribed medroxyprogesterone acetate 10 mg, and failed to notice that the dosage was also incorrect, namely dispensing 21 dosage units of methylprednisolone rather than the prescribed 10 dosage units of medroxyprogesterone acetate, Walgreens #04855 violated NRS 639.210(4) and NAC 639.945(1)(d) and/or(i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Ms. Chan shall pay the Boards investigation and attorney's fees of $1,099.19 and the Board's administrative fee of $295.00, for a total of $1,394.19 by cashier's check or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 60 days of the effective date of this Order.

2. Walgreens #004855 shall receive a letter of reprimand

3. The failure by Ms. Chan to comply with any term in this order shall result in the immediate suspension of her license and will also result in further discipline, up to and including revocation of the her license.

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Jennifer Chan is a pharmacist licensed by the Board and Walgreens #04855 is a pharmacy licensed by the Board, located at 6001 West Cheyenne Avenue, Las Vegas, Nevada.

FIRST CAUSE OF ACTION

II.

On or about August 28, 2009 Leilani Chang was prescribed 10 dosage units of medroxyprogesterone acetate 10 mg. tablets with directions to take one tablet daily as directed by Dr. Karen Navarro of Southwest Medical Associates. Ms. Chang was trying to get pregnant and Dr. Navarro prescribed the medroxyprogesterone acetate then instructed Ms. Chang to get some blood work after her menstrual cycle. Dr. Navarro faxed the prescription to Walgreens #04855 to be filled.

III.

Ms. Chang picked up her prescription from Walgreens #04855 and began taking her medication immediately. Ms. Chang took all of the medication that she obtained from Walgreens #04855, however she did not have a menstrual cycle. Ms. Chang indicated that she was having dizziness, headaches, a spinning sensation and a general feeling of being unbalanced. Ms. Chang went back to the pharmacy to discuss the problem with the pharmacist and showed the pharmacist what she had taken for 21 days and asked if that was the generic for Provera. The pharmacist that she was speaking with told her that the medication that she had been taking was the generic for prednisone, not Provera.

IV.

During the investigation of this matter it was learned that Jennifer Chan was the pharmacist responsible for this error. Ms. Chan admitted that she had selected the wrong medication and indicated that they had similar spellings, started with the same letter, they sounded similar and had similar directions. Ms. Chan has changed her pharmacy practice since this incident to triple check each step of the filling process for all similar sounding medications.

FIRST CAUSE OF ACTION

V.

In failing to strictly follow the instructions of Ms. Chang's physician by filling her prescription for #10 medroxyprogesterone acetate 10 mg. tablets with #21 methylprednisolone 4 mg. tablets, Ms. Chan violated Nevada Revised Statutes (NRS) 639.210(4) and/or Nevada Administrative Code (NAC) 639.945(1)(d) and/or (l).

SECOND CAUSE OF ACTION

VII.

In owning and operating the pharmacy in which Ms. Chan failed to notice that she filled Ms. Chang's prescription with the wrong medication, namely

methylprednisolone 4 mg. rather than the prescribed medroxyprogesterone acetate 10 mg., and failed to notice that the dosage was also incorrect, namely dispensing 21 dosage units of methylprednisolone rather than the prescribed 10 dosage units of medroxyprogesterone acetate, Walgreens #04855 violated NRS 639.210(4) and or NAC 639.945(1)(d) and/or (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Signed this 7th day of September, 2010.

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Yvonne Jett is a registered pharmaceutical technician with the Board, Walgreens #04855 is a registered pharmacy with the Board and Walgreens Co. is the corporate owner of Walgreens #04855.

II.

On or about April 11, 2011, Ray Seidlinger, the Board's inspector, inspected Walgreens #04855 and during the inspection it was learned that Yvonne Jett had not renewed her pharmaceutical technician registration. Mr. Seidlinger verified this with Board staff and it was determined that Ms. Jett had not completed her renewal application appropriately and it was returned to her for correction. Ms. Jett did not return the renewal application and her registration was not renewed.

III.

Mr. Seidlinger requested Walgreens staff to provide him with the hours that Ms. Jett worked from November 1, 2010 to April 14, 2011, the date the Board received Ms. Jett's renewal application. Stanley Wong, the managing pharmacist for Walgreens #04855, reported to Board staff that Ms. Jett worked for 108 days without a valid registration.

FIRST CAUSE OF ACTION

IV.

By working without having renewed her pharmaceutical technician registration for 108 days, Ms. Jett violated NRS 639.210(4) and (13) and NAC 639.945(1)(k).

SECOND CAUSE OF ACTION

V.

By employing Ms. Jett and allowing Ms. Jett to work for 108 days without being registered with the Board, Walgreens #04855 violated NRS 639.210(4) and (13) and NAC 639.945(1)(k) and (2).

THIRD CAUSE OF ACTION

VI.

At the Board's regularly scheduled meeting on October 24, 2007 in Las Vegas, Nevada, the Board heard a consolidation of three cases regarding pharmaceutical technicians that worked unregistered in two Walgreens pharmacies. On November 20th, 2007, the Board filed Findings of Fact, Conclusions of Law and Order for Walgreens #03844 (Case No. 07-063-PH-S), and two for Walgreens #05646 (Case No. 07-062-PH-S and Case No. 07-064-PH-S) penalizing them for allowing pharmaceutical technicians to work without being registered.

VII.

At the Board's regularly scheduled meeting on July 14, 2010 in Las Vegas, Nevada, the Board heard one case regarding a pharmaceutical technician that worked

unregistered. On August 9, 2010, the Board filed Findings of Fact, Conclusions of Law and Order for Walgreens #12646 (Case No. 10-007-PH-S) penalizing them for allowing a pharmaceutical technician to work without being registered.

VIII.

In being repeatedly negligent as the common owner of Walgreens #04855, in which repeated disciplinary actions occurred for the same violations in the above referenced Case Numbers in averment VI and VII, Walgreens Co. violated NRS 639.210(4) and (16) and/or NAC 639.945(1)(k) and/or (2)

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Signed this 28th day of April, 2011.

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

Case No. 98-027A-RPH-S

Case No. 98-027B-PH-S

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on July 29, 1998, in Las Vegas. The Board was represented by Louis Ling, Deputy Attorney General, Respondent David J. Sidor appeared and represented himself, and Respondent Walgreens Pharmacy #03871 appeared and was represented by George Flaherty. Based on Respondents' admissions and testimony and documents presented as well as the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. Staff presented the testimony of Fred Ackerman and two exhibits which were accepted into evidence. Respondent Sidor and Walgreens Pharmacy #03871 (Walgreens) testified. Based upon the admissions and testimony at hearing, the following are found to be the facts of this case.

2. On March 30, 1998, a patient took a prescription for Lamisil, prescribed by

her physician for a fingernail fungus, to the drive-through window of Walgreens. The prescription was filled by Mr. Sidor.

3. The patient took the medication in the prescription filled by Mr. Sidor for 21 days. The patient complained of experiencing nightmares, terrible headaches, and a general feeling of not being well. She telephoned Walgreens to inquire what kind of side effects she should experience by taking Lamisil. At this time, she was informed that she had been given the wrong medication because instead of Lamisil, she was given Lamictal, an anti-seizure medication.

4. Walgreens counseling log did not contain the patients' signature indicating whether she had or had not been counseled. Instead, the initials "DT" were on the counseling log, denoting that the prescription had been picked up at the drive-through window.

5. In his Answer and Notice of Defense and at hearing, Mr. Sidor conceded that he had committed the filling error and that Lamictal had been dispensed incorrectly instead of Lamisil.

6. Because of the unavailability of the complainant, the second cause of action that charged Mr. Sidor and Walgreens with failure to counsel the patient, was dismissed. Nonetheless, Walgreens' policies regarding patient counseling were explored during the hearing. While the policies appeared to be proper, there did seem to be some lapses in the implementation of the policies. In particular, the Prescription Claim Log, which Walgreens also uses as its counseling log, showed an entire page in which the blanks for whether a patient had accepted or refused counseling and for the pharmacist's or pharmacy technician's initials were not filled in at all. The evidence at hearing showed that many pages of the counseling log were similarly left blank. Furthermore, Mr. Sidor and Mr. Flaherty conceded at hearing that counseling likely did not take place regarding the prescription involved in this matter because the

Lamisil/Lamictal error was so obvious that had any counseling occurred, the error would have been discovered.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Walgreens is a pharmacy registered with the Board and Respondent Sidor is a pharmacist licensed by the Board.

2. In incorrectly filling a Lamisil prescription with Lamictal, Mr. Sidor violated Nevada Revised Statutes (NRS) 639.210(4) and Nevada Administrative Code (NAC) 639.945(1)(d) and (i).

3. In employing Mr. Sidor, who incorrectly dispensed the Lamisil prescription, Walgreens violated NRS 639.210(4) and 639.945(1)(i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Respondent Sidor shall pay a fine of $150.00 in cash, cashier's or certified check, or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 30 days of the effective date of this Order.

2. Respondent Walgreens shall pay to the Board its costs of $104.50 and its administrative costs of $100.00, for a total of $204.50 in cash, money order, or cashier's or certified check made payable to "Nevada State Board of Pharmacy" that must be received by the Board office within 30 days of the effective date of this Order.

3. Within 10 days of the effective date of this Order, an inspector or investigator for the Board shall visit Walgreens #03871 to assure that every patient for whom counseling is legally required is receiving counseling and that the counseling log is being fully and correctly used. Furthermore, Walgreens shall issue a written statement (in the form of a letter, memorandum, or other form as it deems appropriate) to all of its

managing pharmacists employed in Nevada explaining Walgreens' procedures and Nevada's legal requirements regarding patient counseling and documenting of the counseling, and the managing pharmacists shall assure that all of their pharmacists have read and are aware of the written statement. Walgreens shall provide evidence to the Board's Reno office within 30 days of the effective date of this order that it has notified its managing pharmacists as required in this paragraph.

4. The failure by any Respondent to comply with any term in this order shall result in a fine of $1,000 per day for every day that the term is not complied with, up to a maximum of $30,000, and will also result in further discipline, up to and including revocation of the Respondent's license.

Signed and effective this 28th day of August, 1998.

Case No. 98-027B-PH-S

Respondents.

COMES NOW Keith W. Macdonald, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

A. Respondent David J. Sidor, is a registered pharmacist with the Board (Certificate of Registration Number 11282).

B. Respondent Walgreens Pharmacy (Walgreens #03871) is a registered pharmacy with the Board (Certificate of Registration Number PH1080), located at 1701 Green Valley Parkway, Henderson, Nevada.

II.

On or about March 30, 1998 Patient L took a prescription for Lamisil, prescribed by her physician for a fingernail fungus, to the drive through window of Walgreens #03871. The prescription was filled by Respondent Sidor.

III.

Patient L began taking the medication when she arrived home and continued to do so for the next 21 days. She began experiencing horrible nightmares, terrible headaches and in general was not feeling well. Patient L telephoned Walgreens #03871 to inquire what kind of side effects she should experience by taking Lamisil. At this time she was informed she had the wrong medication. Her prescription for Lamisil was filled with Lamictal, which is a seizure medication.

IV.

The counseling log does not contain Patient L's signature for having been counseled upon receiving a new prescription. Instead the initials "DT" were in its place; Respondent Sidor explained to Board investigator that "DT" stood for "Drive Through" and admitted that Patient L was not counseled.

FIRST CAUSE OF ACTION

V.

In incorrectly labeling and dispensing a prescription drug, Respondent Sidor violated Nevada revised Statutes (NRS) 639.210(4) and Nevada Administrative Code (NAC) 639.945 (1) (d) and (l).

SECOND CAUSE OF ACTION

VI.

In failing to counsel, Respondents Sidor and Walgreen's #3871 violated NRS 639.210(4) and 639.266 and NAC 639.707(1)(a) and 639.945(1)(i).

SECOND CAUSE OF ACTION

VII.

In owning and operating the pharmacy in which the above acts and violations occurred, Respondent Walgreens #03871 violated NRS 639.210(4) and NAC 639.702 and 639.945 (1) (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Respondents.	

THIS MATTER was heard by the Board at its regular meeting on July 24, 2002, in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All of the Respondent Walgreen's pharmacies, Walgreens Co., and Respondents Carl M. Heuer, Peter A. Riso, Jr., Peter M. Kambiss, Jonathan C. Box, Scott L. Trinh, Robin M. Bonga, Michele L. Ito, and Stephen C. Lessard were represented by Graham, Wilde, Harker & Boggess and Robert C. Graham. Respondent Jessica Nguyen was represented by Thomas J. Tanksley. Respondent Michael Triolo was represented by Kathleen A. Murphy. Respondent John M. Quinn appeared and represented himself.

Prior to the hearing, Mr. Ling and Mr. Graham stipulated to bifurcate the matter involving Walgreen's Pharmacy #03843 and Carl M. Heuer (Case No. 02-065) from the remaining matters. Mr. Ling and Mr. Graham further agreed that Case No. 02-065

would be heard at the Board's regular meeting on October 16, 2002 in Las Vegas. The Board accepted the stipulation proposed by Mr. Ling and Mr. Graham and ordered that Case No. 02-065 be heard separately on October 16, 2002.

As a result of the stipulation to bifurcate approved by the Board, the Board heard the remaining matters at its hearing on July 24, 2002. Based upon the testimony and evidence presented and the public records in the possession of the Board, the Board issues the following findings of fact, conclusions of law, and order resolving as a final order all matters except Case No. 02-065.

FINDINGS OF FACT

1. The Board and the various Respondents' counsels presented the testimony of numerous witnesses and introduced several exhibits into evidence. Because the testimonies of most of the witnesses served primarily for individual matters and for the sake of administrative convenience, the Board will state the facts for each matter on a matter-by-matter basis.

Walgreens #3871 & Jonathan Box (Case No. 02-038)

2. Counsel for Walgreens and Mr. Box and the General Counsel agreed that the facts as plead in the Notice of Intended Action and Accusation were true and correct regarding this matter. The General Counsel stated that the complainant in this matter was unavailable for medical reasons, but because of the agreement reached between the parties, his testimony would be unnecessary. Counsel for Walgreens and Mr. Box presented the testimony of Mr. Box.

3. On January 7, 2002, Patient M's physician prescribed Singulair 5mg. tablets for him to help with his breathing difficulty. Patient M's physician telephoned the prescription to Walgreen's #03871 to be filled. Patient M is a five-year-old male with an asthmatic condition.

4. Patient M took the medication for four days before telling his father that the "medicine tasted funny." Patient M's father checked the prescription bottle and it was labeled correctly. Upon closer observation Patient M's father found that the label had been placed on a stock bottle of Proscar 5 mg. tablets. After checking the tablets in the Proscar stock bottle it was determined that the medication was not Singulair as prescribed, but Proscar tablets.

5. Mr. Box was the pharmacist who filled Patient M's prescription. Mr. Box stated that he doubted that he had counseled Ms. M when she picked up the prescription for Patient M as he believed Patient M had taken Singulair in the past. The counseling log was inconclusive as there were no initials on the log. At hearing, Mr. Box stated that he could not explain how he had mistakenly filled a Singulair prescription with Proscar 5 mg.

Walgreens #05014 & Michelle Ito (Case No. 02-032)

6. Board staff presented the testimony of Aubrey Alexander. According to Ms. Alexander, on February 6, 2002, she took two new prescriptions from her physician to Walgreen's #05014 to be filled. One prescription was for Ambien for her sleeping difficulties and the other was for Ultram for persistent pain. Ms. Alexander dropped the prescriptions off in the morning and was advised she could pick them up in the afternoon. Ms. Alexander inquired if she could use the drive-through to pick up her prescriptions and was told that she could pick them up at that location.

7. Ms. Alexander returned to Walgreen's #05014 at approximately 4:00 p.m. to pick up her medication at the drive-through window. Ms. Alexander recalls having to wait for a period of time as there were two cars ahead of her in line. When she arrived at the drive-through window, Ms. Alexander was told by a pharmacy technician that her prescriptions were not ready. Ms. Alexander asked the pharmacy technician to check again as she was told the prescriptions would be ready at 3:00 p.m. After a few minutes' wait, the pharmacy technician returned with her prescriptions. Ms. Alexander was asked if she had taken these medications before. Ms. Alexander indicated that she had taken both medications before. Other than the question asked by the pharmacy technician, Ms. Alexander was not counseled by a pharmacist on her prescriptions even though both prescriptions were new to her profile at this pharmacy.

8. While in her vehicle, Ms. Alexander took one tablet from the Ultram vial for the pain she was experiencing and left the pharmacy to run errands. After an hour had passed and her pain had not diminished, Ms. Alexander took a second tablet from the Ultram vial. After taking the second tablet Ms. Alexander began feeling disoriented and sick to her stomach. Ms. Alexander cancelled her plans to run errands, went home and fell asleep sitting up in a chair. Ms. Alexander explained at hearing that it was

extremely unusual and out of character for her to sleep in a chair. Several hours later she was awakened by her telephone ringing.

9. Ms. Alexander realized that something was wrong with the medication she had taken and reviewed the prescription bottles she picked up from Walgreens #05014 earlier in the day. After looking inside the bottles, Ms. Alexander discovered the Ambien medication was in the prescription bottle labeled Ultram and the Ultram medication was in the prescription bottle labeled Ambien.

10. The Board's investigation showed that there were two labels on each bottle. The underneath labels were for the correct medication, but the instructions for taking the medications were incomplete.

11. At hearing, Ms. Ito explained that when she was verifying prescriptions filled by the pharmaceutical technicians at Walgreens #05014 she discovered that the label for one of Ms. Alexander's prescriptions contained an incomplete direction for use, so she sent the prescriptions back to the pharmaceutical technician to have the label corrected. The two vials would have been sent back together since they were for the same patient. Ms. Ito explained that she would have checked the new labels and that she could not explain why she did not discover that the new labels had been improperly placed upon the wrong vials.

12. Ms. Ito also explained that the pharmacy's computer system showed that Ms. Alexander picked up her prescription at 4:07 p.m. Ms. Ito claimed that she was off shift at 4:00 p.m. and that she would have left precisely at 4:00 p.m. Thus, Ms. Ito claimed that she could not have been the pharmacist who failed to counsel Ms. Alexander and that the pharmacist who replaced Ms. Ito would have been responsible to counsel Ms. Alexander.

Walgreens #06310 and Stephen Lessard (Case No. 01-019)

13. Board staff presented the testimony of Rebecca Gang. According to Ms. Gang, on February 7, 2002, she took two new prescriptions from her physician to Walgreen's #06310 to be filled. One prescription was for Ambien 5mg. #20 and the other was for Synthroid 0.075mg. #90. Ms. Gang dropped the prescriptions off at approximately 9:30 a.m.

14. Ms. Gang returned to Walgreen's #06310 at approximately 12:30 p.m. to pick up her medication at the drive-through window. Ms. Gang was told by a Walgreen's pharmacy clerk that they owed her 85 pills on her prescription. Ms. Gang questioned the clerk and the clerk advised her that they had run out of Levothyroxine. Ms. Gang advised the clerk that she was taking Synthroid, not Levothyroxine, and asked to speak to the pharmacist. Ms. Gang asked the clerk to speak to the pharmacist several times, but the pharmacist did not respond to Ms. Gang's requests.

15. Ms. Gang was advised that her prescription for Synthroid would be ready in approximately 15 minutes. Ms. Gang requested her prescription for Ambien and indicated she would return later for the Synthroid prescription. Ms. Gang was not counseled for her new prescription for Ambien.

16. Ms. Gang returned to the drive-through window of Walgreen's #06310 later in the evening of February 7th to pick up her prescription for Synthroid. Ms. Gang was not counseled for her new prescription for Synthroid by the pharmacist on duty, Stephen Lessard.

17. At hearing, Mr. Lessard explained that it was Walgreens' routine and policy to substitute levothyroxine for Synthroid, even though he admitted that the two are not AB rated. Mr. Lessard explained that he did not speak to Ms. Lessard because his pharmaceutical technician relayed Ms. Gang's questions to him while he was filling Ms. Gang's Synthroid prescription. He further explained that he was on his way over to counsel Ms. Gang, but the pharmaceutical technician had already given Ms. Gang the Ambien prescription and so Ms. Gang left before he could speak with her.

Walgreens #05015 & Jessica Nguyen (Case No. 02-031)

18. Board staff presented the testimony of Robbie Ierley. Ms. Ierley testified that on February 25, 2002, she took a new prescription from her dentist for Decadron Dosepak to Walgreen's #05015 to be filled. Ms. Ierley stated that she was quite familiar with the Decadron Dosepak because it was an older medication that she had dispensed when she worked at retail pharmacies and because it was manufactured by Merck, and she was presently employed as a pharmacist by the Merck-Medco pharmacy facility in Las Vegas.

19. The pharmacy was busy and Ms. Ierley waited for approximately an hour for her prescription to be filled. When Ms. Ierley finally picked up her prescription, a clerk brought Ms. Ierley her prescription and said to her, "I know you're a pharmacist", to which Ms. Ierley replied that she was. The clerk told Ms. Ierley that her prescription would be $10.00 and concluded the transaction. Ms. Ierley was not counseled regarding her prescription even though Medrol Dosepak was new to Ms. Ierley's profile at the pharmacy.

20. When the prescription was ready Ms. Ierley noticed that her prescription had been filled with Methylpredisolone 4mg. Dosepak. Ms. Ierley is a pharmacist and knew that the strength of the drug she was given was not as strong as the drug her dentist prescribed. Ms. Ierley questioned a pharmacist on duty, Jessica Nguyen, regarding the difference in strength. Ms. Nguyen told Ms. Ierley that she did not have Decadron Dosepak and argued that the drug she was given was exactly the same as the drug her dentist prescribed. Because of the way Ms. Nguyen addressed Ms. Ierley's concerns and because Ms. Ierley could not conceive that a pharmacist would change a drug on a prescription without first contacting the prescribing practitioner, Ms. Ierley assumed Ms. Nguyen had contacted her dentist to change the medication.

21. Ms. Ierley reluctantly took the medication home and began taking the medication given to her as directed because she was in considerable dental pain. Ms. Ierley tried to contact her dentist to verify the change in medication, but she was not able to make contact with him for four days. When Ms. Ierley finally spoke with her dentist, he informed her that he had not spoken to anyone from Walgreen's #05015 and that he did not authorize a change in medication.

22. Ms. Ierley related that the lower strength Methylpredisolone Dosepak failed her treatment. Her dentist gave Ms. Ierley another prescription for Decadron Dosepak that she had filled elsewhere, and fortunately her condition improved.

23. At hearing, Ms. Nguyen testified that Walgreens #05015 was extremely busy and, in her opinion, poorly staffed. Ms. Nguyen described one of her pharmaceutical technicians as 70 years old and incapable of keeping up with the accelerated pace of Walgreens #05015. Ms. Nguyen also indicated that Walgreens' computer system had a gauge that monitored how quickly various tasks were being completed, including how

quickly prescriptions were being filled. Ms. Nguyen's understanding of the gauges were that it was her responsibility to keep any of the three gauges from "going red."

24. Ms. Nguyen also testified that the policy for counseling at Walgreens was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the their request. X's or other marks would be placed on the counseling log by the clerk or pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time later.

Walgreens #04197 & Robin Bonga (Case No. 02-050)

25. Board staff presented the testimony of Darwin Albrecht. Mr. Albrecht testified that on March 27, 2002, he took a new prescription from his physician for Clomiphene Citrate 50 mg. #30 to Walgreen's #04197 to be filled. Mr. Albrecht dropped the prescription off late in the afternoon. Mr. Albrecht was aware from discussions with his physician that Clomiphene Citrate 50 mg. was an unusual drug to be prescribed for a male, and as a result of the unusual nature of the prescription, Mr. Albrecht wanted to speak with a pharmacist about the prescription.

26. Mr. Albrecht returned to Walgreen's #04197 between 7:00 and 8:00 p.m. to pick up his medication at the drive through window. He was given his new prescription by a Walgreen's pharmacy clerk, and he paid for his medication and departed through the drive through lanes.

27. Mr. Albrecht was not counseled for his prescription for Clomiphene Citrate 50 mg., even though the prescription was new to his profile and was for an unusual drug for a male.

28. At hearing, Ms. Bonga testified that she was aware that the prescription was unusual for a male patient, but she was not the pharmacist on duty at the time that Mr. Albrecht picked up the prescription. Ms. Bonga also testified that the policy for counseling at Walgreens was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the patients' request. X's or other marks would sometimes be placed on the counseling log by the clerk or

pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time later.

Walgreens #03844, Peter Riso, Peter Kambiss, & John Quinn
(Case No. 02-047)

29. Board staff presented the testimony of Serena Allen. Ms. Allen testified that prior to Saturday, March 30, 2002, she was traveling in California and realized that she would be out of her maintenance medication for her heart, Inderal 10 mg. tablets, by the weekend when she planned to returned home to Las Vegas. Ms. Allen telephoned Walgreen's #03844 and spoke with managing pharmacist Peter Riso to have her Inderal prescription refilled. Mr. Riso advised Ms. Allen that her refills had run out, but he would contact her physician to get refill authorization. Mr. Riso advised Ms. Allen that if contact with her physician was not made prior to her return, she could pick up 15 tablets to hold her over for the weekend.

30. Ms. Allen returned home and went to Walgreens #03844 to pick up her Inderal on Saturday, March 30, 2002. Ms. Allen's physician had not yet called the pharmacy to approve refilling her Inderal. Ms. Allen then requested from pharmaceutical technician John Quinn the 15 tablets Mr. Riso had promised her.

31. Mr. Quinn questioned the pharmacist on duty, Peter Kambiss, if he could give Ms. Allen 15 tablets of Inderal for the weekend. Mr. Kambiss gave Mr. Quinn permission to dispense an emergency amount of Inderal until her physician contacted the pharmacy to refill her prescription. At that time, Mr. Quinn obtained a stock bottle of Inderal 10 mg. tablets and poured a quantity of tablets in his hand, counted the tablets, and placed them in Ms. Allen's prescription vial. Ms. Allen questioned why Mr. Quinn was handling her medication with his hand. Mr. Quinn replied that it was common practice and Ms. Allen did not know pharmacy law. According to Ms. Allen, Mr. Quinn was abusive and rude, and all of the conversation between Mr. Quinn and herself occurred within the sight and hearing of Mr. Kambiss. Ms. Allen left the pharmacy with the medication.

32. A few minutes later, Ms. Allen returned with her husband and a member of the store management staff. Ms. Allen asked Mr. Kambiss to replace the Inderal tablets given to her by Mr. Quinn. According to Mr. Kambiss, up to this time, he was unaware

that Mr. Quinn had handled Ms. Allen's tablets with his hands. While Mr. Kambiss was replacing the Inderal tablets, Ms. Allen and Mr. Quinn began to argue again. Unfortunately, the argument grew increasingly heated with Mr. Quinn, Ms. Allen, and Mr. Allen all speaking loudly. All of this occurred in the sight and hearing of Mr. Kambiss, but according to Mr. Kambiss' testimony, he took no action with Mr. Quinn to stop the argument except to say Mr. Quinn's first name. Ms. Allen and her husband asked to see Mr. Quinn's pharmacy technician registration. Mr. Kambiss went to locate the certificate, however it was not in the frame where pharmacy staff licenses were kept.

33. Ms. Allen asked for a telephone number for a pharmacy supervisor and was given Marcie Ranick's telephone number. Ms. Allen thought to call Walgreens' management because she had dealt with Walgreens' management, specifically George Flaherty and Joe Daniels, regarding an earlier incident that had been satisfactorily managed by Mr. Flaherty and Mr. Daniels.

34. Prior to speaking with Ms. Ranick, Ms. Allen telephoned the Board office and checked to see if Mr. Quinn was registered. Ms. Allen was advised that Mr. Quinn had been registered as a pharmaceutical technician-in-training at a Sav-On pharmacy, but he left his employment where he was registered, and his registration was closed. Mr. Quinn did not have a pharmaceutical technician's registration and was not registered as a technician-in-training at Walgreens #03844 or at any other Walgreens pharmacy. Ms. Allen spoke with Ms. Ranick and found her to be unconcerned about Mr. Quinn's practice of filling prescriptions from the palm of his hand. Ms. Ranick also told Ms. Allen that Mr. Quinn was a registered pharmaceutical technician and that Board staff must have been mistaken.

35. The evidence showed that Mr. Quinn had been working at Walgreens #03844 since February 15, 2001 without a valid pharmacy technician registration certificate. During that time, Mr. Quinn worked a total of 18 days as a pharmaceutical technician without a proper registration.

36. After the incident with the Allens, Mr. Quinn brought a copy of his certificate to the pharmacy. Mr. Quinn explained that he had "whited-out" the employer on the copy of the certificate that he gave to Walgreens #03844 because it contained the

address of his previous and only authorized employer, Sav-on Pharmacy. Mr. Quinn "whited-out" Sav-on's name and address because he still worked occasionally at Sav-on on good terms and did not want his problems at Walgreens #03844 to become known to Sav-on.

37. After the incident with the Allens, Mr. Quinn was transferred to Walgreens Pharmacy #03845 where he continued to be employed. Board staff had notified Walgreens #03845 to cease to employ or use Mr. Quinn in the capacity of a pharmaceutical technician or technician-in-training until Mr. Quinn applied to be and was granted registration as a pharmaceutical technician-in-training at that pharmacy.

38. At hearing, Mr. Riso testified that he took responsibility for not checking Mr. Quinn's registration certificate closely. Mr. Riso said that once he discovered that Mr. Quinn was not properly registered as a technician-in-training at Walgreens #03844, Mr. Riso assigned Mr. Quinn only to clerk tasks and did not allow Mr. Quinn to perform any pharmaceutical technician tasks.

Walgreens #03872 & Michael Triolo (Case No. 02-062)

39. Board staff presented the testimony of Linda Owens. Ms. Owens testified that on April 10, 2002, she took five new prescriptions from her physician to Walgreen's #03872 to be filled. Ms. Owens decided she only wanted four of the prescriptions filled at that time. The pharmacy technician explained the pharmacy would keep the fifth prescription at the pharmacy in case Ms. Owens changed her mind and wanted to have it filled.

40. Ms. Owens noted that the pharmacy was extremely busy while she was waiting for her prescriptions to be filled. She testified that the pharmaceutical technician and the pharmacist were the only two employees and that the pharmaceutical technician was constantly in motion between the drive-up window, the telephone, the pharmacy counter, and the front counter.

41. When the prescriptions were ready Ms. Owens was given five prescriptions, four in one bag and one in a separate bag. Ms. Owens questioned the pharmaceutical technician and explained she should only have four prescriptions. The technician stated that there were five. Since Ms. Owens was not feeling well, she paid for all five prescriptions and left Walgreens #03872. Though the prescriptions were new to Ms.

Owens and her profile at this pharmacy, Ms. Owens was not counseled by a pharmacist.

42. Ms. Owens took the medication home and began taking the medication given to her as directed that evening and the following day. Ms. Owens received a telephone call on the evening of April 11, 2002 from a female pharmacist from Walgreens #03872 asking if she had been in the previous day to pick up any prescriptions. Ms. Owens stated she had picked up her prescriptions the previous day and had been taking them as directed. Ms. Owens was advised that one of the prescriptions she picked up was for another patient with the same name. Ms. Owens examined the prescriptions she had obtained the previous day and found one that had a doctor's name that was unknown to her on the label although the patient's name on the vial was also Linda Owens. In this way, Ms. Owens discovered that she had taken Metronidazole 500 mg. tablets that were not prescribed for her.

43. Ms. Owens explained that she filed the complaint because of her dealings with pharmacist Ledrue Ware after the error had been discovered. Ms. Owens testified that Mr. Ware seemed uninterested in her and her concerns and seemed mostly concerned about informing her that he was not the pharmacist who had dispensed the erroneous prescription to her.

44. At hearing, Mr. Triolo explained that the Walgreens verification computer system did not contain any specific information regarding a patient, such as the patient's birth date or address, at the time of the verification. Thus, as Mr. Triolo explained, it was possible and foreseeable that errors such as occurred in this matter would not be caught by the verifying pharmacist because there would be no way to tell at the verification screen which "Linda Owens" the prescriptions were for. From Walgreens' records, Mr. Triolo could not identify who had filled the Metronidazole prescription for the Linda Owens who was not the complainant in this matter. Mr. Triolo also explained that he was not the pharmacist on duty at the time Ms. Owens picked up her prescriptions and that Mr. Ware was the pharmacist on duty at that time.

Walgreens #03873 & Scott Trinh (Case No. 02-060)

45. Board staff presented the testimony of Daniel Garcia, Investigator for the Board. Mr. Garcia testified that on May 2, 2002, he and Investigator/Supervisor Fred

Ackermann went to Walgreens #03873 to acquire information and evidence on an investigation of a consumer complaint. That consumer complaint was ultimately closed without action.

46. While they were present at the pharmacy, they observed staff pharmacist Scott L. Trinh speaking with a pharmaceutical technician at one end of the pharmacy counter. Mr. Garcia did not observe any patient at the pharmacy's counter to whom Mr. Trinh may have been speaking. At the same time, Mr. Garcia and Mr. Ackermann observed another pharmacy technician at the drive-through window serving a patient.

47. Kelly Moczynski was identified as the pharmaceutical technician at the drive-through window. She had given a male patient a prescription and returned his identification. As Ms. Moczynski concluded the register transaction with this patient, Mr. Garcia and Mr. Ackermann observed her mark on the "Refused" section of the counseling log that the patient had refused counseling. At no time during this transaction did Mr. Garcia observe Mr. Trinh come to the drive-through window.

48. Mr. Ackermann asked Ms. Moczynski if the prescription she had just dispensed was a new prescription, to which she said it was. Mr. Ackermann asked Ms. Moczynski to retrieve the prescription she had dispensed to the patient at the drive-through window. Supervisor Ackermann then advised Mr. Trinh that he needed to come to the drive-through window and counsel the patient regarding his new prescription. Only after Mr. Ackermann required Mr. Trinh to counsel the patient did Mr. Trinh cease speaking with the other employee and counsel the patient regarding the patient's new prescription.

49. Mr. Garcia testified that he had personally investigated several of the cases involved in this matter and that he had consulted with Mr. Ackermann regarding other of the cases that Mr. Ackermann had investigated. Mr. Garcia explained that Walgreens' counseling policy was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the patients' request. X's or other marks would sometimes be placed on the counseling log by the clerk or pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time

later. In some cases, the pharmacist would not initial next to the X's or other mark until the end of the pharmacist's shift.

50. Mr. Trinh testified that he was very careful to assure that patients were counseled at his pharmacy. Mr. Trinh explained that he was counseling a patient at the time that Mr. Ackermann asked him to counsel the patient at the drive-through window, but he could not explain why Mr. Ackermann and Mr. Garcia had not seen the patient at the pharmacy counter that he was counseling. Mr. Trinh admitted that he changed the counseling log regarding the patient the he counseled at Mr. Ackermann's request to show that counseling had been accepted, and he also admitted that the patient would have left Walgreens #03873 had Mr. Ackermann not requested that he counsel the patient.

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

AMANDA L. WEAVER, P.T.,
Certificate of Registration No. PT06996,

Case No. 07-021-PT-S

WALGREENS #06310,
Certificate of Registration No. PH01549,

Case No. 07-021-PH-S

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter, Board) at its regular meeting on June 6, 2007 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. Respondent Amanda L. Weaver appeared and represented herself. Mr. Ling represented to the Board that Board Staff had entered into an oral stipulation with Robert Graham, counsel for Walgreens #06310, pursuant to which the parties had agreed that Mr. Ling would present the terms of the oral stipulation and that Mr. Graham or representatives of Walgreens were excused from appearing in the matter. Based upon the agreements and presentations of the parties, the Board finds the following to be the facts of the matter.

FINDINGS OF FACT

1. At hearing, Ms. Weaver appeared, testified, and represented herself. Because of the oral stipulation between Mr. Ling and Mr. Graham, Board Staff presented no witnesses or evidence. Instead, Board Staff represented the terms of the

oral stipulation between himself and Mr. Graham, namely that Walgreens #06310 admitted that it had employed Ms. Weaver for 16 days while Ms. Weaver's pharmaceutical technician's registration was expired and that Walgreens #06310 was willing to pay whatever fine and fees and costs as might be assessed by the Board up to but not to exceed the regulatorily established amount of $100.00 per day for each day that Ms. Weaver was employed on an expired registration. Board Staff further explained that Walgreens #06310's employment of Ms. Weaver appeared to be an isolated incident because other similar incidences were not noted after November 1, 2007 in any other Walgreens pharmacy. Based upon the presentations and testimony of the parties, the Board finds the following to be the facts in this matter.

2. All registrations of pharmaceutical technicians were required to be renewed by October 31, 2006, and any such registration that was not renewed by October 31, 2006 expired. No pharmaceutical technician may lawfully be employed as a pharmaceutical technician on an expired registration.

3. On March 9, 2007, Board Staff learned that Ms. Weaver had failed to renew her pharmaceutical technician's registration and that she had worked at Walgreens #06310 while her registration was expired. Subsequent investigation showed that Mr. Weaver had been employed as a pharmaceutical technician a total of 16 days between November 1, 2006 and March 7, 2007.

4. At hearing, Ms. Weaver explained that prior to November 1, 2006, she had accepted temporary employment as an intern at Walt Disney World in Orlando, Florida and that during her internship she had inadvertently forgotten to renew her registration. When she returned to Nevada, she recommenced employment at Walgreens #06310.

After working for a few weeks, Ms. Weaver and Walgreens #06310 discovered that she had failed to renew her registration. Ms. Weaver apologized to the Board for her actions.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Weaver is a pharmaceutical technician registered by the Board and Respondent Walgreens #06310 is a pharmacy licensed by the Board.

2. In working as a pharmaceutical technician on and expired registration, Respondents Weaver violated NRS 639.210(4) and (13) and NAC 639.945(1)(i) and (k).

3. In owning and operating the pharmacy that employed Ms. Weaver as a pharmaceutical technician while her registration was expired, Walgreens #06310 violated NRS 639.210(4) and NAC 639.260 and 639.945(1)(l) and (k) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Respondent Walgreens #06310 shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Respondent Walgreens #06310 shall pay the Board's costs and attorney's fees of $210.00 and the Board's administrative fee of $290.00, for a total of $500.00 by cashier's or certified check or money order made payable to "Nevada State Board of

Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Respondent Weaver shall pay a fine of $125.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

4. Respondent Weaver shall attend and successfully complete a Nevada jurisprudence continuing education course presented by Board Staff at such time and place as is set by Board Staff. Additionally, Respondent Weaver shall complete three hours of continuing education regarding legal issues related to her practice as a pharmaceutical technician, which hours must be completed before October 31, 2008.

5. The failure by Respondent Weaver to comply with any term in this order shall result in the immediate suspension of her registration and will also result in further discipline, up to and including revocation of the registration. The failure by Respondent Walgreens #06310 to comply with any term in this order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

Signed and effective this 28th day of June, 2007.

Case No. 07-021-PT-S

WALGREENS #06310
Certificate of Registration No.:PH01549

Case No. 07-021-PH-S

Respondents.

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Weaver is a registered pharmaceutical technician with the Board and Respondent Walgreens #06310 is a registered pharmacy with the Board located at 6820 West Ann Road, Las Vegas, Nevada.

II.

On or about March 9, 2007 it came to the Board's attention that Ms. Weaver had not renewed her pharmaceutical technician registration. Board staff requested Ms. Weaver's work hours from November 1, 2006 through March 9, 2007 from the district pharmacy supervisor for Walgreens #06310, the pharmacy at which Ms. Weaver was employed. It was determined that Ms. Weaver had worked for 16 days between November 1, 2006 and March 7, 2007 without a valid registration.

FIRST CAUSE OF ACTION

III.

By working at Walgreens #06310 for 16 days between November 1, 2006 to March 7, 2007 when she had not renewed her pharmaceutical technician registration, Ms. Weaver violated NRS 639.210(4) and (13) and (NAC) 639.945 (1)(i) and (k).

SECOND CAUSE OF ACTION

IV.

In owning and operating the pharmacy in which Ms. Weaver worked without a license and in failing to verify that Ms. Weaver had timely and validly renewed her registration, Walgreens #06310 violated NRS 639.210(4) and NAC 639.260 and 639.945(1)(i) and (k) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Signed this 27th day of March, 2007.

Larry L. Pinson, Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements regarding your certificate of registration. To do so, you must mail to the Board within 15 days of your receipt of this Notice of Intended Action and Accusation a written statement showing your compliance.

THIS MATTER was heard by the Board at its regular meeting on July 24, 2002, in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All of the Respondent Walgreen's pharmacies, Walgreens Co., and Respondents Carl M. Heuer, Peter A. Riso, Jr., Peter M. Kambiss, Jonathan C. Box, Scott L. Trinh, Robin M. Bonga, Michele L. Ito, and Stephen C. Lessard were represented by Graham, Wilde, Harker & Boggess and Robert C. Graham. Respondent Jessica Nguyen was represented by Thomas J. Tanksley. Respondent Michael Triolo was represented by Kathleen A. Murphy. Respondent John M. Quinn appeared and represented himself.

Prior to the hearing, Mr. Ling and Mr. Graham stipulated to bifurcate the matter involving Walgreen's Pharmacy #03843 and Carl M. Heuer (Case No. 02-065) from the remaining matters. Mr. Ling and Mr. Graham further agreed that Case No. 02-065

would be heard at the Board's regular meeting on October 16, 2002 in Las Vegas. The Board accepted the stipulation proposed by Mr. Ling and Mr. Graham and ordered that Case No. 02-065 be heard separately on October 16, 2002.

As a result of the stipulation to bifurcate approved by the Board, the Board heard the remaining matters at its hearing on July 24, 2002. Based upon the testimony and evidence presented and the public records in the possession of the Board, the Board issues the following findings of fact, conclusions of law, and order resolving as a final order all matters except Case No. 02-065.

FINDINGS OF FACT

1. The Board and the various Respondents' counsels presented the testimony of numerous witnesses and introduced several exhibits into evidence. Because the testimonies of most of the witnesses served primarily for individual matters and for the sake of administrative convenience, the Board will state the facts for each matter on a matter-by-matter basis.

Walgreens #3871 & Jonathan Box (Case No. 02-038)

2. Counsel for Walgreens and Mr. Box and the General Counsel agreed that the facts as plead in the Notice of Intended Action and Accusation were true and correct regarding this matter. The General Counsel stated that the complainant in this matter was unavailable for medical reasons, but because of the agreement reached between the parties, his testimony would be unnecessary. Counsel for Walgreens and Mr. Box presented the testimony of Mr. Box.

3. On January 7, 2002, Patient M's physician prescribed Singulair 5mg. tablets for him to help with his breathing difficulty. Patient M's physician telephoned the prescription to Walgreen's #03871 to be filled. Patient M is a five-year-old male with an asthmatic condition.

4. Patient M took the medication for four days before telling his father that the "medicine tasted funny." Patient M's father checked the prescription bottle and it was labeled correctly. Upon closer observation Patient M's father found that the label had been placed on a stock bottle of Proscar 5 mg. tablets. After checking the tablets in the Proscar stock bottle it was determined that the medication was not Singulair as prescribed, but Proscar tablets.

5. Mr. Box was the pharmacist who filled Patient M's prescription. Mr. Box stated that he doubted that he had counseled Ms. M when she picked up the prescription for Patient M as he believed Patient M had taken Singulair in the past. The counseling log was inconclusive as there were no initials on the log. At hearing, Mr. Box stated that he could not explain how he had mistakenly filled a Singulair prescription with Proscar 5 mg.

Walgreens #05014 & Michelle Ito (Case No. 02-032)

6. Board staff presented the testimony of Aubrey Alexander. According to Ms. Alexander, on February 6, 2002, she took two new prescriptions from her physician to Walgreen's #05014 to be filled. One prescription was for Ambien for her sleeping difficulties and the other was for Ultram for persistent pain. Ms. Alexander dropped the prescriptions off in the morning and was advised she could pick them up in the afternoon. Ms. Alexander inquired if she could use the drive-through to pick up her prescriptions and was told that she could pick them up at that location.

7. Ms. Alexander returned to Walgreen's #05014 at approximately 4:00 p.m. to pick up her medication at the drive-through window. Ms. Alexander recalls having to wait for a period of time as there were two cars ahead of her in line. When she arrived at the drive-through window, Ms. Alexander was told by a pharmacy technician that her prescriptions were not ready. Ms. Alexander asked the pharmacy technician to check again as she was told the prescriptions would be ready at 3:00 p.m. After a few minutes' wait, the pharmacy technician returned with her prescriptions. Ms. Alexander was asked if she had taken these medications before. Ms. Alexander indicated that she had taken both medications before. Other than the question asked by the pharmacy technician, Ms. Alexander was not counseled by a pharmacist on her prescriptions even though both prescriptions were new to her profile at this pharmacy.

8. While in her vehicle, Ms. Alexander took one tablet from the Ultram vial for the pain she was experiencing and left the pharmacy to run errands. After an hour had passed and her pain had not diminished, Ms. Alexander took a second tablet from the Ultram vial. After taking the second tablet Ms. Alexander began feeling disoriented and sick to her stomach. Ms. Alexander cancelled her plans to run errands, went home and fell asleep sitting up in a chair. Ms. Alexander explained at hearing that it was

extremely unusual and out of character for her to sleep in a chair. Several hours later she was awakened by her telephone ringing.

9. Ms. Alexander realized that something was wrong with the medication she had taken and reviewed the prescription bottles she picked up from Walgreens #05014 earlier in the day. After looking inside the bottles, Ms. Alexander discovered the Ambien medication was in the prescription bottle labeled Ultram and the Ultram medication was in the prescription bottle labeled Ambien.

10. The Board's investigation showed that there were two labels on each bottle. The underneath labels were for the correct medication, but the instructions for taking the medications were incomplete.

11. At hearing, Ms. Ito explained that when she was verifying prescriptions filled by the pharmaceutical technicians at Walgreens #05014 she discovered that the label for one of Ms. Alexander's prescriptions contained an incomplete direction for use, so she sent the prescriptions back to the pharmaceutical technician to have the label corrected. The two vials would have been sent back together since they were for the same patient. Ms. Ito explained that she would have checked the new labels and that she could not explain why she did not discover that the new labels had been improperly placed upon the wrong vials.

12. Ms. Ito also explained that the pharmacy's computer system showed that Ms. Alexander picked up her prescription at 4:07 p.m. Ms. Ito claimed that she was off shift at 4:00 p.m. and that she would have left precisely at 4:00 p.m. Thus, Ms. Ito claimed that she could not have been the pharmacist who failed to counsel Ms. Alexander and that the pharmacist who replaced Ms. Ito would have been responsible to counsel Ms. Alexander.

Walgreens #06310 and Stephen Lessard (Case No. 01-019)

13. Board staff presented the testimony of Rebecca Gang. According to Ms. Gang, on February 7, 2002, she took two new prescriptions from her physician to Walgreen's #06310 to be filled. One prescription was for Ambien 5mg. #20 and the other was for Synthroid 0.075mg. #90. Ms. Gang dropped the prescriptions off at approximately 9:30 a.m.

14. Ms. Gang returned to Walgreen's #06310 at approximately 12:30 p.m. to pick up her medication at the drive-through window. Ms. Gang was told by a Walgreen's pharmacy clerk that they owed her 85 pills on her prescription. Ms. Gang questioned the clerk and the clerk advised her that they had run out of Levothyroxine. Ms. Gang advised the clerk that she was taking Synthroid, not Levothyroxine, and asked to speak to the pharmacist. Ms. Gang asked the clerk to speak to the pharmacist several times, but the pharmacist did not respond to Ms. Gang's requests.

15. Ms. Gang was advised that her prescription for Synthroid would be ready in approximately 15 minutes. Ms. Gang requested her prescription for Ambien and indicated she would return later for the Synthroid prescription. Ms. Gang was not counseled for her new prescription for Ambien.

16. Ms. Gang returned to the drive-through window of Walgreen's #06310 later in the evening of February 7th to pick up her prescription for Synthroid. Ms. Gang was not counseled for her new prescription for Synthroid by the pharmacist on duty, Stephen Lessard.

17. At hearing, Mr. Lessard explained that it was Walgreens' routine and policy to substitute levothyroxine for Synthroid, even though he admitted that the two are not AB rated. Mr. Lessard explained that he did not speak to Ms. Lessard because his pharmaceutical technician relayed Ms. Gang's questions to him while he was filling Ms. Gang's Synthroid prescription. He further explained that he was on his way over to counsel Ms. Gang, but the pharmaceutical technician had already given Ms. Gang the Ambien prescription and so Ms. Gang left before he could speak with her.

Walgreens #05015 & Jessica Nguyen (Case No. 02-031)

18. Board staff presented the testimony of Robbie Ierley. Ms. Ierley testified that on February 25, 2002, she took a new prescription from her dentist for Decadron Dosepak to Walgreen's #05015 to be filled. Ms. Ierley stated that she was quite familiar with the Decadron Dosepak because it was an older medication that she had dispensed when she worked at retail pharmacies and because it was manufactured by Merck, and she was presently employed as a pharmacist by the Merck-Medco pharmacy facility in Las Vegas.

19. The pharmacy was busy and Ms. Ierley waited for approximately an hour for her prescription to be filled. When Ms. Ierley finally picked up her prescription, a clerk brought Ms. Ierley her prescription and said to her, "I know you're a pharmacist", to which Ms. Ierley replied that she was. The clerk told Ms. Ierley that her prescription would be $10.00 and concluded the transaction. Ms. Ierley was not counseled regarding her prescription even though Medrol Dosepak was new to Ms. Ierley's profile at the pharmacy.

20. When the prescription was ready Ms. Ierley noticed that her prescription had been filled with Methylpredisolone 4mg. Dosepak. Ms. Ierley is a pharmacist and knew that the strength of the drug she was given was not as strong as the drug her dentist prescribed. Ms. Ierley questioned a pharmacist on duty, Jessica Nguyen, regarding the difference in strength. Ms. Nguyen told Ms. Ierley that she did not have Decadron Dosepak and argued that the drug she was given was exactly the same as the drug her dentist prescribed. Because of the way Ms. Nguyen addressed Ms. Ierley's concerns and because Ms. Ierley could not conceive that a pharmacist would change a drug on a prescription without first contacting the prescribing practitioner, Ms. Ierley assumed Ms. Nguyen had contacted her dentist to change the medication.

21. Ms. Ierley reluctantly took the medication home and began taking the medication given to her as directed because she was in considerable dental pain. Ms. Ierley tried to contact her dentist to verify the change in medication, but she was not able to make contact with him for four days. When Ms. Ierley finally spoke with her dentist, he informed her that he had not spoken to anyone from Walgreen's #05015 and that he did not authorize a change in medication.

22. Ms. Ierley related that the lower strength Methylpredisolone Dosepak failed her treatment. Her dentist gave Ms. Ierley another prescription for Decadron Dosepak that she had filled elsewhere, and fortunately her condition improved.

23. At hearing, Ms. Nguyen testified that Walgreens #05015 was extremely busy and, in her opinion, poorly staffed. Ms. Nguyen described one of her pharmaceutical technicians as 70 years old and incapable of keeping up with the accelerated pace of Walgreens #05015. Ms. Nguyen also indicated that Walgreens' computer system had a gauge that monitored how quickly various tasks were being completed, including how

quickly prescriptions were being filled. Ms. Nguyen's understanding of the gauges were that it was her responsibility to keep any of the three gauges from "going red."

24. Ms. Nguyen also testified that the policy for counseling at Walgreens was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the their request. X's or other marks would be placed on the counseling log by the clerk or pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time later.

Walgreens #04197 & Robin Bonga (Case No. 02-050)

25. Board staff presented the testimony of Darwin Albrecht. Mr. Albrecht testified that on March 27, 2002, he took a new prescription from his physician for Clomiphene Citrate 50 mg. #30 to Walgreen's #04197 to be filled. Mr. Albrecht dropped the prescription off late in the afternoon. Mr. Albrecht was aware from discussions with his physician that Clomiphene Citrate 50 mg. was an unusual drug to be prescribed for a male, and as a result of the unusual nature of the prescription, Mr. Albrecht wanted to speak with a pharmacist about the prescription.

26. Mr. Albrecht returned to Walgreen's #04197 between 7:00 and 8:00 p.m. to pick up his medication at the drive through window. He was given his new prescription by a Walgreen's pharmacy clerk, and he paid for his medication and departed through the drive through lanes.

27. Mr. Albrecht was not counseled for his prescription for Clomiphene Citrate 50 mg., even though the prescription was new to his profile and was for an unusual drug for a male.

28. At hearing, Ms. Bonga testified that she was aware that the prescription was unusual for a male patient, but she was not the pharmacist on duty at the time that Mr. Albrecht picked up the prescription. Ms. Bonga also testified that the policy for counseling at Walgreens was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the patients' request. X's or other marks would sometimes be placed on the counseling log by the clerk or

pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time later.

Walgreens #03844, Peter Riso, Peter Kambiss, & John Quinn
(Case No. 02-047)

29. Board staff presented the testimony of Serena Allen. Ms. Allen testified that prior to Saturday, March 30, 2002, she was traveling in California and realized that she would be out of her maintenance medication for her heart, Inderal 10 mg. tablets, by the weekend when she planned to returned home to Las Vegas. Ms. Allen telephoned Walgreen's #03844 and spoke with managing pharmacist Peter Riso to have her Inderal prescription refilled. Mr. Riso advised Ms. Allen that her refills had run out, but he would contact her physician to get refill authorization. Mr. Riso advised Ms. Allen that if contact with her physician was not made prior to her return, she could pick up 15 tablets to hold her over for the weekend.

30. Ms. Allen returned home and went to Walgreens #03844 to pick up her Inderal on Saturday, March 30, 2002. Ms. Allen's physician had not yet called the pharmacy to approve refilling her Inderal. Ms. Allen then requested from pharmaceutical technician John Quinn the 15 tablets Mr. Riso had promised her.

31. Mr. Quinn questioned the pharmacist on duty, Peter Kambiss, if he could give Ms. Allen 15 tablets of Inderal for the weekend. Mr. Kambiss gave Mr. Quinn permission to dispense an emergency amount of Inderal until her physician contacted the pharmacy to refill her prescription. At that time, Mr. Quinn obtained a stock bottle of Inderal 10 mg. tablets and poured a quantity of tablets in his hand, counted the tablets, and placed them in Ms. Allen's prescription vial. Ms. Allen questioned why Mr. Quinn was handling her medication with his hand. Mr. Quinn replied that it was common practice and Ms. Allen did not know pharmacy law. According to Ms. Allen, Mr. Quinn was abusive and rude, and all of the conversation between Mr. Quinn and herself occurred within the sight and hearing of Mr. Kambiss. Ms. Allen left the pharmacy with the medication.

32. A few minutes later, Ms. Allen returned with her husband and a member of the store management staff. Ms. Allen asked Mr. Kambiss to replace the Inderal tablets given to her by Mr. Quinn. According to Mr. Kambiss, up to this time, he was unaware

that Mr. Quinn had handled Ms. Allen's tablets with his hands. While Mr. Kambiss was replacing the Inderal tablets, Ms. Allen and Mr. Quinn began to argue again. Unfortunately, the argument grew increasingly heated with Mr. Quinn, Ms. Allen, and Mr. Allen all speaking loudly. All of this occurred in the sight and hearing of Mr. Kambiss, but according to Mr. Kambiss' testimony, he took no action with Mr. Quinn to stop the argument except to say Mr. Quinn's first name. Ms. Allen and her husband asked to see Mr. Quinn's pharmacy technician registration. Mr. Kambiss went to locate the certificate, however it was not in the frame where pharmacy staff licenses were kept.

33. Ms. Allen asked for a telephone number for a pharmacy supervisor and was given Marcie Ranick's telephone number. Ms. Allen thought to call Walgreens' management because she had dealt with Walgreens' management, specifically George Flaherty and Joe Daniels, regarding an earlier incident that had been satisfactorily managed by Mr. Flaherty and Mr. Daniels.

34. Prior to speaking with Ms. Ranick, Ms. Allen telephoned the Board office and checked to see if Mr. Quinn was registered. Ms. Allen was advised that Mr. Quinn had been registered as a pharmaceutical technician-in-training at a Sav-On pharmacy, but he left his employment where he was registered, and his registration was closed. Mr. Quinn did not have a pharmaceutical technician's registration and was not registered as a technician-in-training at Walgreens #03844 or at any other Walgreens pharmacy. Ms. Allen spoke with Ms. Ranick and found her to be unconcerned about Mr. Quinn's practice of filling prescriptions from the palm of his hand. Ms. Ranick also told Ms. Allen that Mr. Quinn was a registered pharmaceutical technician and that Board staff must have been mistaken.

35. The evidence showed that Mr. Quinn had been working at Walgreens #03844 since February 15, 2001 without a valid pharmacy technician registration certificate. During that time, Mr. Quinn worked a total of 18 days as a pharmaceutical technician without a proper registration.

36. After the incident with the Allens, Mr. Quinn brought a copy of his certificate to the pharmacy. Mr. Quinn explained that he had "whited-out" the employer on the copy of the certificate that he gave to Walgreens #03844 because it contained the

address of his previous and only authorized employer, Sav-on Pharmacy. Mr. Quinn "whited-out" Sav-on's name and address because he still worked occasionally at Sav-on on good terms and did not want his problems at Walgreens #03844 to become known to Sav-on.

37. After the incident with the Allens, Mr. Quinn was transferred to Walgreens Pharmacy #03845 where he continued to be employed. Board staff had notified Walgreens #03845 to cease to employ or use Mr. Quinn in the capacity of a pharmaceutical technician or technician-in-training until Mr. Quinn applied to be and was granted registration as a pharmaceutical technician-in-training at that pharmacy.

38. At hearing, Mr. Riso testified that he took responsibility for not checking Mr. Quinn's registration certificate closely. Mr. Riso said that once he discovered that Mr. Quinn was not properly registered as a technician-in-training at Walgreens #03844, Mr. Riso assigned Mr. Quinn only to clerk tasks and did not allow Mr. Quinn to perform any pharmaceutical technician tasks.

Walgreens #03872 & Michael Triolo (Case No. 02-062)

39. Board staff presented the testimony of Linda Owens. Ms. Owens testified that on April 10, 2002, she took five new prescriptions from her physician to Walgreen's #03872 to be filled. Ms. Owens decided she only wanted four of the prescriptions filled at that time. The pharmacy technician explained the pharmacy would keep the fifth prescription at the pharmacy in case Ms. Owens changed her mind and wanted to have it filled.

40. Ms. Owens noted that the pharmacy was extremely busy while she was waiting for her prescriptions to be filled. She testified that the pharmaceutical technician and the pharmacist were the only two employees and that the pharmaceutical technician was constantly in motion between the drive-up window, the telephone, the pharmacy counter, and the front counter.

41. When the prescriptions were ready Ms. Owens was given five prescriptions, four in one bag and one in a separate bag. Ms. Owens questioned the pharmaceutical technician and explained she should only have four prescriptions. The technician stated that there were five. Since Ms. Owens was not feeling well, she paid for all five prescriptions and left Walgreens #03872. Though the prescriptions were new to Ms.

Owens and her profile at this pharmacy, Ms. Owens was not counseled by a pharmacist.

42. Ms. Owens took the medication home and began taking the medication given to her as directed that evening and the following day. Ms. Owens received a telephone call on the evening of April 11, 2002 from a female pharmacist from Walgreens #03872 asking if she had been in the previous day to pick up any prescriptions. Ms. Owens stated she had picked up her prescriptions the previous day and had been taking them as directed. Ms. Owens was advised that one of the prescriptions she picked up was for another patient with the same name. Ms. Owens examined the prescriptions she had obtained the previous day and found one that had a doctor's name that was unknown to her on the label although the patient's name on the vial was also Linda Owens. In this way, Ms. Owens discovered that she had taken Metronidazole 500 mg. tablets that were not prescribed for her.

43. Ms. Owens explained that she filed the complaint because of her dealings with pharmacist Ledrue Ware after the error had been discovered. Ms. Owens testified that Mr. Ware seemed uninterested in her and her concerns and seemed mostly concerned about informing her that he was not the pharmacist who had dispensed the erroneous prescription to her.

44. At hearing, Mr. Triolo explained that the Walgreens verification computer system did not contain any specific information regarding a patient, such as the patient's birth date or address, at the time of the verification. Thus, as Mr. Triolo explained, it was possible and foreseeable that errors such as occurred in this matter would not be caught by the verifying pharmacist because there would be no way to tell at the verification screen which "Linda Owens" the prescriptions were for. From Walgreens' records, Mr. Triolo could not identify who had filled the Metronidazole prescription for the Linda Owens who was not the complainant in this matter. Mr. Triolo also explained that he was not the pharmacist on duty at the time Ms. Owens picked up her prescriptions and that Mr. Ware was the pharmacist on duty at that time.

Walgreens #03873 & Scott Trinh (Case No. 02-060)

45. Board staff presented the testimony of Daniel Garcia, Investigator for the Board. Mr. Garcia testified that on May 2, 2002, he and Investigator/Supervisor Fred

Ackermann went to Walgreens #03873 to acquire information and evidence on an investigation of a consumer complaint. That consumer complaint was ultimately closed without action.

46. While they were present at the pharmacy, they observed staff pharmacist Scott L. Trinh speaking with a pharmaceutical technician at one end of the pharmacy counter. Mr. Garcia did not observe any patient at the pharmacy's counter to whom Mr. Trinh may have been speaking. At the same time, Mr. Garcia and Mr. Ackermann observed another pharmacy technician at the drive-through window serving a patient.

47. Kelly Moczynski was identified as the pharmaceutical technician at the drive-through window. She had given a male patient a prescription and returned his identification. As Ms. Moczynski concluded the register transaction with this patient, Mr. Garcia and Mr. Ackermann observed her mark on the "Refused" section of the counseling log that the patient had refused counseling. At no time during this transaction did Mr. Garcia observe Mr. Trinh come to the drive-through window.

48. Mr. Ackermann asked Ms. Moczynski if the prescription she had just dispensed was a new prescription, to which she said it was. Mr. Ackermann asked Ms. Moczynski to retrieve the prescription she had dispensed to the patient at the drive-through window. Supervisor Ackermann then advised Mr. Trinh that he needed to come to the drive-through window and counsel the patient regarding his new prescription. Only after Mr. Ackermann required Mr. Trinh to counsel the patient did Mr. Trinh cease speaking with the other employee and counsel the patient regarding the patient's new prescription.

49. Mr. Garcia testified that he had personally investigated several of the cases involved in this matter and that he had consulted with Mr. Ackermann regarding other of the cases that Mr. Ackermann had investigated. Mr. Garcia explained that Walgreens' counseling policy was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the patients' request. X's or other marks would sometimes be placed on the counseling log by the clerk or pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time

later. In some cases, the pharmacist would not initial next to the X's or other mark until the end of the pharmacist's shift.

50. Mr. Trinh testified that he was very careful to assure that patients were counseled at his pharmacy. Mr. Trinh explained that he was counseling a patient at the time that Mr. Ackermann asked him to counsel the patient at the drive-through window, but he could not explain why Mr. Ackermann and Mr. Garcia had not seen the patient at the pharmacy counter that he was counseling. Mr. Trinh admitted that he changed the counseling log regarding the patient the he counseled at Mr. Ackermann's request to show that counseling had been accepted, and he also admitted that the patient would have left Walgreens #03873 had Mr. Ackermann not requested that he counsel the patient.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

CAMERINA N. GAMBOA, R.Ph.,
Certificate of Registration #16995,

Respondent.

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

Case No. 11-107-RPH-S

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on April 18, 2012, in Las Vegas, Nevada. The Board was represented by Carolyn J. Cramer, General Counsel for the Board. Respondent Camerina N. Gamboa appeared and was represented by Rob Graham, Esq. of Rob Graham and Associates. Based on the presentations of the parties, the testimony presented, and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, all exhibits were stipulated into evidence and the allegations were not being contested as Respondent Gamboa realized she had made errors in judgment. Board Staff presented the testimony of Ms. Jody Lewis, District Pharmacy Supervisor for CVS #3172. Respondent Gamboa presented the testimony of Larry Espedero, Executive Director of PRN-PRN, and she testified on her own behalf. Based upon the presentation of the parties, testimony presented and the exhibits, the Board finds the following to be the facts of this matter regarding Ms. Gamboa.

2. Ms. Lewis testified that she had participated in an investigation based on information of irregularities that had occurred regarding Respondent Gamboa's

processing of prescriptions. The first irregularity that Ms. Lewis testified to was regarding an early fill of an outdated prescription. She refilled the outdated prescription twice within two days without justification or authorization of the practitioner. Ms. Lewis testified that the computer system would have blocked the fill of this prescription but Ms. Gamboa used the date the patient came into the pharmacy as the original fill date and not the date that the original prescription was input into the CVS computer system. The second irregularity Ms. Lewis testified to was the overfilling of Respondent Gamboa's mother's prescription. Ms. Lewis testified that Respondent Gamboa admitted that she over-filled a prescription for hydrocodone for her mother because she was personally having pain and thought she would take some of her mother's medication but changed her mind and did not purchase the medication but instead let be returned to stock. The irregularity was discovered when the employee who was returning the hydrocodone to stock counted the pills and discovered that Respondent Gamboa, who had filled the prescription, added more pills to her mother's prescription vial than was prescribed by the practitioner. The third irregularity Ms. Lewis testified to was that Ms. Gamboa had charged a patient for a prescription at a lower price than was the actual price. Ms. Lewis testified that if a CVS employee was to give a lower price than the actual price the policy of CVS was that the employee was to contact the District Pharmacy Supervisor to get prior approval before the price was given at the time of sale. Finally, Ms. Lewis testified that Ms. Gamboa had picked up several prescriptions for her mother and paid for some of the prescriptions but failed to pay for two prescriptions Ms. Gamboa had put in the bag but the clerk had failed to ring up. Ms. Lewis testified that Ms. Gamboa paid for the two prescriptions when she was asked to do so at a later date.

3. Mr. Espadero of PRN-PRN, testified on behalf of Ms. Gamboa stating Ms. Gamboa came to him for an evaluation in November, 2011. Mr. Espadero testified that Ms. Gamboa showed a low propensity for substance abuse from the tests that he performed in his evaluation. Mr. Espadero stated that it is his practice to monitor someone he evaluates for six months to ensure that there are no problems.

4. Respondent Gamboa testified that she had torn her ACL and had surgery to repair it. Ms. Gamboa testified after she returned from surgery she was in pain but could not take any more time off to see the doctor and the medication she had been prescribed after surgery was too strong to take while she was working. She believed that the hydrocodone that her mother had been prescribed would work better for her which is why she over-filled her mother's expired prescription with the intent that she would take some of the medication for her personal use. Ms. Gamboa testified that she knew it was wrong and decided to let the prescription return to stock and not pick it up. Ms. Gamboa testified that based on her experience with pain she became more empathetic toward her patients. Ms. Gamboa knew the patient that she quoted a lower price to and processed a price match for a lower price than her pharmacy sold the medication for. She testified that the patient she price matched for was an old acquaintance from high school, and that they only had a professional pharmacy relationship. Ms. Gamboa explained that when she realized that she had paid for only three of her mother's five prescriptions because a mistake had been made by the cashier, she paid for the medication the next time she went to work.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter and this respondent because Ms. Gamboa is a pharmacist licensed by the Board.

2. In filling a prescription for a CVS patient twice for a controlled substance which Ms. Gamboa knew to be expired and without obtaining physician authorization, Ms. Gamboa violated NRS 453.331(1)(d), 453.336(1), 639.210(1),(4), and/or (12) and/or NAC 639.945(1)(h) and/or (i).

3. In filling a controlled substance prescription that had expired for her mother and refilling it with more medication than was initially prescribed without obtaining a new prescription from her mother's physician, Ms. Gamboa violated NRS 453.331(1)(d), 453.336(1) and/or 639.210(1),(4) and/or (12) and/or NAC 639.945(1)(h) and/or (i).

4. Ms. Gamboa was found not guilty of the Third Cause of Action.

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Ms. Gamboa's pharmacist registration (No. 16995) shall be suspended for six months from the effective date of this order.

2. Ms. Gamboa shall be on probation for two years after the suspension is lifted and take a CE course on ethics that is pre-approved by Board staff.

Signed and effective this 16th day of May, 2012.

Petitioner,

v.

NOTICE OF INTENDED ACTION AND ACCUSATION

CAMERINA N. GAMBOA, RPH.
Certificate of Registration No. 16995

Case No. 11-107-RPH-S

Respondent.

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and make the following that will serve as both a Notice of Intended Action under Nevada Revised Statutes (NRS) 233B.127(3) and as an Accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Camerina N. Gamboa is a registered pharmacist with the Board.

II.

On or about September 28, 2011, the Nevada State Board of Pharmacy received notification from Richard Mazzoni, Director of Regulatory Compliance for CVS Caremark, that Respondent Gamboa had been terminated from employment from CVS #3172, located at 4391 East Washington Avenue in Las Vegas, Nevada.

III.

On September 20, 2011, CVS District Pharmacy Supervisor Jody Lewis and Candace Garvey, CVS Loss Prevention, interviewed Ms. Gamboa regarding two early refills of Soma for a CVS pharmacy patient. Ms. Gamboa admitted in her written statement that she refilled a prescription early because the patient indicated that he would not have the money when the prescription would normally be filled. Ms. Gamboa

not only filled the prescription once, but filled it a second time two days later. Ms. Gamboa refilled this prescription twice, knowing that the prescription had expired and that she had not contacted the prescriber for authorization to refill. In her written statement, Ms. Gamboa attributed the fills to not paying enough attention.

IV.

On September 28, 2011, Ms. Lewis and Ms. Garvey again interviewed Ms. Gamboa. At this meeting, Ms. Gamboa admitted to reducing the price of the controlled substance for the CVS patient that she filled and dispensed the expired prescriptions to because she had misquoted the price to the patient. She then charged him a price closer to the price she had quoted rather than the actual store price for the medication.

V.

During this interview, Ms. Gamboa was asked if she had filled a controlled substance prescription for hydrocodone 10/500 tablets for her mother that was also expired. Ms. Gamboa admitted that she had, but that her mother had given her prescriptions for medications which she put in her purse and forgot about. She did not think to call her mother's physician to get a new prescription for the hydrocodone. Ms. Gamboa also admitted that she had re-filled her mother's hydrocodone 10/500 expired prescription with more tablets than were prescribed. Ms. Gamboa admitted that she had taken two prescriptions out of the store without paying for them. She indicated in her written statement that she picked up four or five medications for her mother, however did not realize that two more non-controlled substance medications were in the bag that she had not paid for. Ms. Gamboa stated that she intended to pay for them when she returned to work after she discovered that she had more prescriptions than she had paid for.

FIRST CAUSE OF ACTION

VI.

In filling a prescription for a CVS patient twice for a controlled substance which Ms. Gamboa knew to be expired and without obtaining physician authorization, Ms. Gamboa violated Nevada Revised Statutes (NRS) 453.331(1)(d), 453.336(1) 639.210(1), (4), and/or (12) and/or Nevada Administrative Code (NAC) 639.945(1)(h) and/or (i).

SECOND CAUSE OF ACTION

VII.

In filling a controlled substance prescription that had expired for her mother and refilling it with more medication than was initially prescribed without obtaining a new prescription from her mother's physician, Ms. Gamboa violated NRS 453.331(1)(d), 453.336(1) and/or 639.210(1), (4) and/or (12) and/or NAC 639.945(1)(h) and/or (i).

THIRD CAUSE OF ACTION

VIII.

In removing two prescriptions for dangerous drugs from the pharmacy for her mother that she did not pay for, Ms. Gamboa violated NRS 639.210(1), (4) and/or (12) and/or NAC 639.945(1)(h) and/or (i).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Signed this 1ST day of December, 2011.

Certificate of Registration No. 17474

Case No. 10-048B-RPH-S

WALGREENS #07841
Certificate of Registration No. PH01942

Case No. 10-048-PH-S

Respondents.

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter and these Respondents because Respondent Sothy Him, RPh, (Certificate Number 15426) and Jason Williamson, RPh, (Certificate Number 17474) are registered pharmacists with the Board and Respondent Walgreens #07841 is a pharmacy licensed by the Board, located at 10510 Southern Highlands Parkway, Las Vegas, Nevada.

II.

On or about May 3rd, 2010 Ms. W picked up a prescription from Walgreens #07841 for her daughter, Patient H. Approximately two months previous to May 3rd, 2010, Patient H was diagnosed with depression and anxiety and was prescribed fluoxetine. Ms. W took the medication she received from the pharmacy home to her daughter and Patient H continued her therapy as directed by her physician.

III.

After taking the medication she was given, Patient H became lethargic and had difficulty focusing to the point that her grades began to suffer. Ms. W made an appointment to visit Patient H's psychiatrist on May 18th, 2010 to discuss the side effects of her medication.

IV.

On May 16th, 2010 a message was left on Ms. W's telephone recorder from the pharmacy indicating that there had been an error made on Patient H's prescription. Since the pharmacy was closed by the time Ms. W received the message, she contacted the pharmacy the following day and was advised that her daughter's medication had been mixed with temazepam, a sedative/hypnotic.

V.

During the investigation of this matter it was learned that Jason Williamson was the responsible pharmacist for verification of Patient H's prescription. It was determined that this was a Baker Cell filling error and that two different drugs were put in the same Cell, Baker Cell #27. Until this error was brought to Mr. Williamson's attention, prescriptions were still being filled from Baker Cell #27. Mr. Williamson immediately went to Cell #27 and found temazepam 30 mg. capsules mixed in with fluoxetine 20 mg. capsules. Mr. Williamson tried to determine the number of prescriptions that had the potential to be contaminated and identified 20 such patients. He contacted pharmacy manager Sothy Him. Mr. Williamson was not satisfied with Mr. Him's direction in dealing with this serious matter, so Mr. Williamson made telephone calls to the patients that he identified as having contaminated medication advising them to stop taking their fluoxetine capsules and return their prescriptions to the pharmacy as soon as possible. He also completed incident reports for every patient that had received contaminated fluoxetine 20 mg. capsules, notified their physicians of the error and quarantined all returned medication. Mr. Williamson also contacted Walgreens District Pharmacy Supervisor, Holly Prievo advising her of the mass mis-fill.

VI.

At the time of this error Sothy Him was responsible for filling the Baker Cells. There was no log maintained in the pharmacy indicating lot numbers or expiration dates

for the medications put into the Baker Cells. Labeling of the Baker Cells was not up to date with the trade name, manufacturer, strength, expiration date, lot number and the initials of the pharmacist who placed or verified the medication placed into the device. Stock bottles of fluoxetine 20 mg. capsules and temazepam 30 mg. capsules are both manufactured by Sandoz and the stock containers look identical. It was found that the temazepam 30 mg. capsules may have been stored in the wrong location and unintentionally placed in Baker Cell #27 where fluoxetine 20 mg. capsules were stored.

VII.

In written statements by several pharmacy staff members it was indicated that Sothy Him was the person responsible for filling the Baker Cell device. Only in his absence was another pharmacist allowed to complete that task and never a pharmaceutical technician. Mr. Him was overheard telling patients returning their medications to the pharmacy that one of the technicians filled the Baker Cell and just did not pay attention, and since this error occurred he would not allow technicians to fill the Baker Cells to avoid this from happening again. In Mr. Him's written statement, he regretted the error happened, however he did not take responsibility for the incident.

VIII.

When interviewed by Board Staff Mr. Him indicated that he removed the card/label of information from the contaminated Baker Cell #27 and did not save it. He could not explain why he would throw out the one piece of information that would identify who filled the Baker Cell in error. Mr. Him said he did not know who made the error in filling Baker Cell #27 nor did he investigate who was responsible for contaminating Baker Cell #27. It was Mr. Him's position that any pharmacist or pharmaceutical technician could have filled Baker Cell #27.

FIRST CAUSE OF ACTION

IX.

By verifying and dispensing temazepam 30 mg. capsules that were not prescribed for Patient H among her fluoxetine 20 mg. capsules, Mr. Williamson violated Nevada Revised Statutes (NRS) 639.210(4) and/or Nevada Administrative Code (NAC) 639.945(1)(i).

SECOND CAUSE OF ACTION

X.

By failing to maintain a log or labeling the Baker Cell device drawers with the required information or have Policies and Procedures in place to address these requirements, Mr. Him violated NRS 639.210(4) and/or NAC 639.725 and/or 639.945(1)(i).

THIRD CAUSE OF ACTION

XI.

By destroying the card/label for Baker Cell #27 that would contain the identity of the pharmacist who was responsible for filling Baker Cell #27, Mr. Him violated NRS 639.210(4) and/or NAC 639.945(1)(m).

FOURTH CAUSE OF ACTION

XII.

In owning and operating the pharmacy in which Mr. Him and Mr. Williamson committed the above violations, Walgreens #07841 violated NRS 639.210(4) and/or NAC 639.945(1)(i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Signed this 25th day of May, 2012.

1. The Board has jurisdiction over Respondents and this matter.

2. On or about February 6, 2020, Board Staff properly served each Respondent with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.

3. On or about March 10, 2020, Respondents jointly filed an Answer and Notice of Defense to the Accusation.

5. Respondents are aware of the right to a hearing on the matters alleged in the Accusation, their right to reconsideration, their right to appeal and any and all other rights which may be accorded to them pursuant to NRS Chapter 233B (Nevada Administrative Procedure

Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondents, or any of them, have failed to comply with the provisions of Paragraphs 9, 10, 11, 16 and 17 below, Respondents hereby freely and voluntarily waive their rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to them by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

7. Respondents do not contest the allegations in the Accusation, but acknowledge that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit,* that:

A. Respondent Torres violated NAC 639.252(2) and NAC 639.945(1)(d) when she verified the data and final product on Prescription No. 1593346 as accurate when it was not, which resulted in Walgreens dispensing losartan potassium ***25 mg***. tablets rather than losartan potassium ***50 mg***. tablets as prescribed, and is subject to discipline pursuant to NRS 639.210(4) and (12).

B. Respondent Torres violated NRS 639.266(1), NAC 639.707(1), (2) and/or (4), and/or NAC 639.945(1)(i) by failing to discuss the medication sufficiently with the patient to detect that she was dispensing a wrong medication, and is subject to discipline pursuant to NRS 639.210(4) and/or (12); and

C. As the pharmacy at which the violations of law alleged herein occurred, Walgreens Pharmacy #7864 is responsible for any violations of law by Torres pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

8. Those violations are plead with particularity in the Accusation, and are grounds for action pursuant to NRS 639.210 and NRS 639.255.

9. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, and without Respondent Torres admitting to the allegations in the Accusation, the Board and Respondent Torres stipulate to the following penalties. Respondent Silvia Torres, Certificate of Registration No. 18575, shall:

A. Receive a letter of reprimand from Board Staff regarding her duties and responsibilities as a pharmacist;

B. Pay a fine of One-Thousand Dollars ($1,000.00) for the alleged violations;

C. Pay One-Thousand Dollars ($1,000.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter; and

D. Complete two (2) extra hours of continuing education (CE) on error prevention, in addition to the CE hours she must otherwise complete to maintain licensure. Respondent must provide certificates demonstrating that she completed those additional CEs within sixty (60) days of the effective date of this Order.

10. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, and without Respondent Pharmacy #7864 admitting to the allegations in the Accusation, the Board and Respondent Walgreens Pharmacy ##7864 stipulate to the following penalties. Respondent Pharmacy #7864 (Walgreens), Pharmacy License No. PH01977, shall:

A. Pay a fine of One-Thousand Dollars ($1,000.00) for the alleged violations; and

B. Pay One-Thousand Dollars ($1,000.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

11. Any failure by any Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing that Respondent to appear before the Board at the next regularly-scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by that Respondent, the Board may impose additional discipline upon that Respondent not inconsistent with the provisions of NRS Chapter 639.

12. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on June 3, 2020. Respondents and their authorized representative(s) will appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondents or their counsel are not present at the meeting.

13. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board it shall be a public record pursuant to NRS 622.330.

14. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **SILVIA TORRES, RPH,** **Certificate of Registration No. 18575,** **WALGREENS PHARMACY #7864,** **License No. PH01977.** **Respondents.**	**CASE NOS. 17-081-RPH-S** **17-081-PH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, respondent Silvia Torres (Torres), Certificate of Registration No. 18575, was a pharmacist registered with the Board and respondent Walgreens Pharmacy #7864 (Walgreens), License No. PH01977, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

II.

Torres was employed by Walgreens #7864 at the time of the events alleged herein.

III.

On August 14, 2017, D.O. saw his physician and received a prescription for losartan potassium oral tablet ***50 mg***. with directions to take one tablet daily. The prescription allowed for four (4) refills.

IV.

D.O. tendered the prescription to Walgreens where pharmaceutical technician Xochitl Coin (Coin)[i] performed data entry in Walgreens's computer system. The computer system designated the prescription as no. 1593346.

V.

During data entry, Coin mistakenly selected losartan potassium oral tablet ***25 mg.*** with directions to take one tablet daily, half the dosage amount prescribed.

VI.

Torres is on record as the verifying pharmacist for prescription no. 1593346. She failed to detect the medication error when she verified data entry as accurate and performed the final product review.

VII.

The change in strength from 50 mg. to 25 mg. required the pharmacist to counsel the patient.

VIII.

Walgreens's computer patient "Consultation Required" field indicated "Y" for prescription no. 1593346. Torres documented that the patient declined counseling.

IX.

D.O. was not offered counseling.

X.

D.O. discovered the error prior to ingesting the medication.

FIRST CAUSE OF ACTION

(Respondent Torres)

XI.

Unprofessional conduct includes the failure by a licensee to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d). It also includes a licensee performing his or her duties in an "incompetent,

[i] At the time of the alleged events, Xochitl Coin's last name was Dominquez.

unskillful, or negligent manner." NAC 639.945(1)(i). Additionally, NAC 639.252 states in relevant part:

> If a pharmaceutical technician performs one or more of the functions necessary to prepare a prescription, ***the pharmacist supervising the pharmaceutical technician*** is responsible for the filled prescription, including, but not limited to, verifying:
> (a) The selection and strength of the drug;
> (b) The dosage form; and
> (c) The labeling of the prescription.

NAC 639.252(2) (emphasis added.)

Respondent Torres violated NAC 639.252(2) and engaged in unprofessional conduct in violation of NAC 639.945(1)(d) and (i) when she verified the data and final product on prescription no. 1593346 as accurate when it was not, which resulted in Walgreens dispensing losartan potassium ***25 mg***. tablets rather than losartan potassium ***50 mg***. tablets as prescribed. Torres is therefore subject to discipline pursuant to NRS 639.210(4) and (12).

SECOND CAUSE OF ACTION
(Respondent Torres)

XII.

NRS 639.266(1) requires a pharmacist to "communicate matters which will enhance therapy through drugs with the patient or a person caring for the patient." NAC 639.707(1), (2) and/or (4) further require counseling for all new prescriptions and provide a list of elements to be included as part of proper counseling, including, but not limited to, dose, intended use, expected response and precautions. Additionally, NAC 639.707(6) requires the pharmacist to create a record regarding counseling "at the time that counseling is provided or refused." A pharmacist who performs those duties in an "incompetent, unskillful or negligent manner" engages in unprofessional conduct in violation of NAC 639.945(1)(i).

Respondent Torres violated NRS 639.266(1), NAC 639.707(1),(2) and/or (4) and engaged in unprofessional conduct in violation of NAC 639.945(1)(i) by failing to adequately counsel D.O. regarding prescription no. 1593346. That error, combined with other errors within the pharmacy, caused Walgreens to dispense losartan potassium ***25 mg***. tablets rather than

losartan potassium ***50 mg***. tablets as prescribed. Torres is therefore subject to discipline pursuant to NRS 639.210(4) and (12).

THIRD CAUSE OF ACTION
(Respondent Walgreens #7864)

XIII.

NRS 639.230(5) provides: "Any violation of any of the provisions of this chapter [NRS Chapter 639] by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for the suspension or revocation of the license of the pharmacy by the Board."

Additionally, "[t]he owner of a pharmacy, the managing pharmacist of the pharmacy and the registered pharmacist on duty at the pharmacy are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission." NAC 639.702.

Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Walgreens Pharmacy #7864 is responsible for any violations of law by Torres pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, respondent Silvia Torres (Torres), Certificate of Registration No. 18575, was a pharmacist registered with the Board and respondent Walgreens Pharmacy #7864 (Walgreens), License No. PH01977, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

II.

Torres was employed by Walgreens #7864 at the time of the events alleged herein.

III.

On August 14, 2017, D.O. saw his physician and received a prescription for losartan potassium oral tablet ***50 mg***. with directions to take one tablet daily. The prescription allowed for four (4) refills.

IV.

D.O. tendered the prescription to Walgreens where pharmaceutical technician Xochitl Coin (Coin)[i] performed data entry in Walgreens's computer system. The computer system designated the prescription as no. 1593346.

V.

During data entry, Coin mistakenly selected losartan potassium oral tablet ***25 mg.*** with directions to take one tablet daily, half the dosage amount prescribed.

VI.

Torres is on record as the verifying pharmacist for prescription no. 1593346. She failed to detect the medication error when she verified data entry as accurate and performed the final product review.

VII.

The change in strength from 50 mg. to 25 mg. required the pharmacist to counsel the patient.

VIII.

Walgreens's computer patient "Consultation Required" field indicated "Y" for prescription no. 1593346. Torres documented that the patient declined counseling.

IX.

D.O. was not offered counseling.

X.

D.O. discovered the error prior to ingesting the medication.

FIRST CAUSE OF ACTION

(Respondent Torres)

XI.

Unprofessional conduct includes the failure by a licensee to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d). It also includes a licensee performing his or her duties in an "incompetent,

[i] At the time of the alleged events, Xochitl Coin's last name was Dominquez.

unskillful, or negligent manner." NAC 639.945(1)(i). Additionally, NAC 639.252 states in relevant part:

> If a pharmaceutical technician performs one or more of the functions necessary to prepare a prescription, ***the pharmacist supervising the pharmaceutical technician*** is responsible for the filled prescription, including, but not limited to, verifying:
>
> (a) The selection and strength of the drug;
> (b) The dosage form; and
> (c) The labeling of the prescription.

NAC 639.252(2) (emphasis added.)

Respondent Torres violated NAC 639.252(2) and engaged in unprofessional conduct in violation of NAC 639.945(1)(d) and (i) when she verified the data and final product on prescription no. 1593346 as accurate when it was not, which resulted in Walgreens dispensing losartan potassium ***25 mg***. tablets rather than losartan potassium ***50 mg***. tablets as prescribed. Torres is therefore subject to discipline pursuant to NRS 639.210(4) and (12).

SECOND CAUSE OF ACTION
(Respondent Torres)

XII.

NRS 639.266(1) requires a pharmacist to "communicate matters which will enhance therapy through drugs with the patient or a person caring for the patient." NAC 639.707(1), (2) and/or (4) further require counseling for all new prescriptions and provide a list of elements to be included as part of proper counseling, including, but not limited to, dose, intended use, expected response and precautions. Additionally, NAC 639.707(6) requires the pharmacist to create a record regarding counseling "at the time that counseling is provided or refused." A pharmacist who performs those duties in an "incompetent, unskillful or negligent manner" engages in unprofessional conduct in violation of NAC 639.945(1)(i).

Respondent Torres violated NRS 639.266(1), NAC 639.707(1),(2) and/or (4) and engaged in unprofessional conduct in violation of NAC 639.945(1)(i) by failing to adequately counsel D.O. regarding prescription no. 1593346. That error, combined with other errors within the pharmacy, caused Walgreens to dispense losartan potassium ***25 mg***. tablets rather than

losartan potassium ***50 mg***. tablets as prescribed. Torres is therefore subject to discipline pursuant to NRS 639.210(4) and (12).

THIRD CAUSE OF ACTION
(Respondent Walgreens #7864)

XIII.

NRS 639.230(5) provides: "Any violation of any of the provisions of this chapter [NRS Chapter 639] by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for the suspension or revocation of the license of the pharmacy by the Board."

Additionally, "[t]he owner of a pharmacy, the managing pharmacist of the pharmacy and the registered pharmacist on duty at the pharmacy are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission." NAC 639.702.

Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Walgreens Pharmacy #7864 is responsible for any violations of law by Torres pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Walgreens Pharmacy #4854 ("Walgreens #4854"), Pharmacy License No. PH01293, Respondent Walgreens Pharmacy #7864 ("Walgreens #7864"), Pharmacy License No. PH01977, Respondent Minquang Nguyen, RPH ("Nguyen"), Certificate of Registration No. 15913, Maria Cruz, RPH ("Cruz"), Certificate of Registration No. 18166, and Respondent Tina Rizzolo, RPH ("Rizzolo"), Certificate of Registration No. 17665, were licensed/registered with the Board.

FACTUAL ALLEGATIONS

1. Respondent Walgreens #4854 is located at 4771 W. Craig Road, North Las Vegas, Nevada.

2. Respondent Walgreens #7864 is located at 7755 N. Durango Drive, Las Vegas, Nevada.

3. Respondent Nguyen was the managing pharmacist at Walgreens #4854 at the time of the events alleged herein.

4. Respondent Cruz was employed by Walgreens #4854 as a staff pharmacist at the time of the events alleged herein.

5. Respondent Rizzolo was employed by Walgreens #7864 as a staff pharmacist at the time of the events alleged herein.

6. Respondent Nguyen had past discipline in case no. 13-006-RPH-S where he stipulated to receive a public letter of reprimand for his failure to verify the status of a pharmaceutical technician in training. The pharmaceutical technician in training application was not on file with the Board and Respondent Nguyen allowed pharmaceutical technician in training to work ninety-three (93) days without a license.

7. Respondent Rizzolo had past discipline in case no. 15-028-RPH-A-S where she documented patient counseling but failed to detect a medication error during counseling.

8. On or about June 14, 2018, patient T.C. dropped off three (3) prescriptions to Walgreens #4854, one (1) prescription for himself and two (2) prescriptions for his mother, patient G.S.

9. T.C.'s prescription was for hydrocodone-acetaminophen 7.5/325, quantity 150, from Dr. A.A, and designated prescription no. 1929977. This prescription no. 1929977 was filled and dispensed for patient T.C. with no errors. Patient G.S.'s first prescription was for triamcinolone 0.1% cream from Dr. K.K., and designated prescription no. 1929983. This prescription no.

1929983 was filled and dispensed for patient G.S. with no errors. The second prescription for G.S. was for **tramadol HCl 50 mg**, quantity 90, from Dr. A.A., designated prescription no. **1929979.** This prescription no. 1929979 was filled and dispensed for wrong patient T.C. and with the wrong prescriber information, Dr. K.K. instead of Dr. A.A. The tramadol prescription was later duplicated and rescanned by Respondent Nguyen for reasons unknown, and designated prescription no. 1930079. Prescription no. 1930079 was filled and dispensed for patient G.S. correctly.

10. The misfilled tramadol prescription was scanned by pharmaceutical technician A.M. at 9:31 a.m. on June 14, 2018, and designated prescription no. 1929979 by Walgreen's system.

11. The initial data entry for the prescription no. 1929979 was performed by Respondent Rizzolo at Walgreens Pharmacy #7864 (a different location) at 2:14 p.m. on June 14, 2018.

12. The patient's name for prescription no. 1929979 was incorrectly entered or changed to reflect T.C. instead of the correct patient, T.C.'s mother – patient G.S. In addition, the incorrect prescriber information was entered as Dr. K.K. when the correct prescriber was Dr. A.A.

13. Respondent Nguyen performed a data entry review of prescription no. 1929979 at 2:16 p.m. and performed a DUR override for duplicate therapy because patient T.C. was already prescribed a pain medication hydrocodone-acetaminophen, and the tramadol is also used to treat pain.

14. Respondent Nguyen filled prescription no. 1929979 at 2:20 p.m.

15. Respondent Cruz performed the final product verification for prescription no. 1929979 at 2:25 p.m., which was misfilled.

16. Patient T.C. received four (4) total prescription medications instead of three (3), which included the misfilled and duplicate prescription of **tramadol**, prescription no. **1929979** for himself (which was prescribed for his mother, patient G.S., and filled by prescription no. 1930079).

Patient T.C. did not ingest any of the tramadol and the entire contents of the prescription were returned to Walgreens.

FIRST COUNT

Unprofessional Conduct – Failure to Strictly Follow Instructions of Prescriber(s)

The Nevada State Board of Pharmacy (Board) heard this matter at its regular meeting on October 18, 2017, in Las Vegas, Nevada. Attorney S. Paul Edwards represented the Board in his capacity as its General Counsel. Attorney William J. Stilling of and for Kimball Legal represented respondents Willie Bawarski, RPH, Certificate of Registration No. 17952 (Bawarski), and Walgreens Pharmacy #07864, Certificate of Registration #PH01977 (Walgreens).

Based on the evidence, including testimony and public records, presented at the hearing, the Board enters the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

On October 18, 2017, Respondents, through their counsel, entered into a set of *Stipulated Facts*, a copy of which is attached hereto as **Exhibit 1** and incorporated herein by reference. The facts to which Respondents, and each of them, stipulated are as follows:

1. The Board has jurisdiction over this matter and each of the above-named Respondents because at the time of the alleged events, Bawarski was a pharmacist registered by the Board and Walgreens was a pharmacy licensed by the Board.

2. Bawarski was the managing pharmacist, or pharmacist in charge (PIC), of Walgreens at the time of the events set forth herein.

3. In May 2015, patient J.C. received a prescription from her physician calling for Tegretol (generic is carbamazepine) 100 mg. tablets with instructions to take one tablet every day for seven (7) days, then take one tablet every twelve (12) hours as needed.

4. On May 20, 2015, the prescription was tendered to Walgreens, where pharmaceutical technician N.H. entered the data into Walgreens' computer system. The computer system designated the prescription as no. 1230834.

5. During data entry, N.H. substituted generic carbamazepine 200 mg. tablets for the Tegretol 100 mg. tablets prescribed.

6. The substitution of carbamazepine 200 mg. tablets required N.H. to convert the dosage to equate the strength prescribed for the 100 mg. Tegretol tablets.

7. N.H. entered erroneous instructions for use during the data entry of carbamazepine 200 mg. tablets.

8. The following table lists the drug names with the directions for use prescribed and the incorrect directions for use included on the prescription label dispensed to J.C.

Medication	Directions for Use
Prescribed: Tegretol 100 mg. tablets	take 1 tablet each day for 7 days then take 1 tablet every 12 hours as needed and continue
Dispensed: Carbamazepine 200 mg. tablets	take ½ tablet each day for 7 days then take 1 tablet every 12 hours as needed and continue

9. The label on the dispensed carbamazepine included the correct dosage strength for the initial seven-day course of treatment (i.e., 100 mg). The dosing instructions for the subsequent days was double the strength prescribed (i.e., 400 mg instead of 200 mg).

10. Bawarski was the verifying pharmacist for prescription no. 1230834. He failed to detect the dosing error when he verified data entry and the final product as accurate.

11. In his written statement to the Board, Bawarski noted that he "did not realize the dosage issue" during verification.

12. Pharmacy records show that patient counseling was declined. The counseling pharmacist of record was Ms. Chan.

13. J.C.'s husband picked up the medication from Walgreens.

14. J.C. ingested carbamazepine at two times the prescribed dose for twelve (12) days.

15. J.C. experienced adverse physical effects because of the error.

16. Pharmacist R.K. detected the error during the data review process when refilling J.C.'s prescription on June 7, 2015.

17. R.K. closed prescription no. 1230834 in the pharmacy computer system.

18. R.K. created a new prescription for carbamazepine 200 mg. tablets with the correct directions for use. The computer designated the prescription as no. 1237552.

CONCLUSIONS OF LAW

19. The Board has jurisdiction over this matter and over Respondents Bawarski and Walgreens, as stated in paragraph 1 above.

20. Bawarski violated NRS 639.210(4) when he engaged in unprofessional conduct, as that term is defined in NAC 639.945(1)(d) and/or (i). Bawarski acted unprofessionally by verifying as accurate erroneous data entered in Walgreens computer system and approving the prescription label as accurate when it was not, resulting in a dosing error for the patient.

21. As the pharmacy in which Bawarski's violations occurred, Walgreens is responsible for those actions pursuant to NAC 639.945(2).

22. During the hearing, Board Staff withdrew the Second and Third Causes of Action.

ORDER

Based upon the foregoing, the BOARD HEREBY ORDERS:

23. Respondent Bawarski shall pay a fine of one thousand dollars ($1,000.00). He shall pay the fine by cashier's or certified check or money order made payable to "*State of Nevada, Office of the Treasurer,*" to be received by the Board's Reno office within 60 days of the effective date of this Order.

24. Additionally, Bawarski shall, in addition to the continuing education requirements he must ordinarily complete to maintain his pharmacist registration, and within six (6) months of the execution date of this Order, take four (4) one-hour continuing education courses on topics relating to error prevention and/or managing pharmacist responsibilities.

25. Respondent Walgreens shall pay an administrative fee of one thousand five hundred dollars ($1,500.00) to partially reimburse the Board for its costs and expenses associated with investigating and prosecuting this action.

26. It shall pay that administrative fee by cashier's or certified check or money order made payable to the "*Nevada State Board of Pharmacy,*" to be received by the Board's Reno office within 60 days of the effective date of this Order.

27. Any failure by Bawarski to comply with any term in this Order may result in additional discipline, including the possible suspension or revocation of his license until he has complied with all of the terms. Furthermore, any failure to pay any fine, fee, or cost ordered herein will also result in such legal action as Board Staff determines to be necessary to collect the unpaid fine, fee, or cost.

IT IS SO ORDERED.

Signed and effective this 17 day of November, 2017.

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. WILLIE EDWARD BAWARSKI, RPH Certificate of Registration No. 17952, JENNIFER T. CHAN, RPH Certificate of Registration No. 14660, and WALGREENS PHARMACY #07864 Certificate of Registration No. PH01977, Respondents.	)	CASE NO. 15-043-RPH-A-S 15-043-RPH-B-S 15-043-PH-S NOTICE OF INTENDED ACTION AND ACCUSATION

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3), and as an accusation under NRS 639.241.

JURISDICTION

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these respondents because at the time of the alleged events, Respondent Willie Edward Bawarski, Certificate of Registration No. 17952 (Mr. Bawarski), and Respondent Jennifer T. Chan, Certificate of Registration No. 14660 (Ms. Chan) were pharmacists registered by the Board; and Respondent Walgreens Pharmacy #07864, Certificate of Registration No. PH01977 (Walgreens) was a pharmacy registered by the Board.

FACTUAL ALLEGATIONS

II.

On or about May 20, 2015, Patient J.C. saw her physician and received a prescription for Tegretol 100 mg. tablets with instructions to take one tablet every day for seven (7) days, then

take one tablet every twelve (12) hours as needed.

III.

J.C. tendered the prescription to Walgreens on May 20, 2015, where pharmaceutical technician N.H. entered the data into Walgreens' computer system. The computer system designated the prescription as no. 1230834.

IV.

Walgreens did not have the name brand product Tegretol (generic name carbamazepine) in stock.

V.

During data entry, N.H. substituted generic ***carbamazepine 200 mg.*** tablets for the ***Tegretol 100 mg.*** tablets prescribed.

VI.

The substitution of carbamazepine 200 mg. tablets required N.H. to convert the dosage to equate the strength prescribed for the 100 mg. Tegretol tablets.

VII.

N.H. entered erroneous instructions for use during the data entry of carbamazepine 200 mg. tablets.

VIII.

The following table lists the drug names with the directions for use prescribed and the incorrect directions for use included on the prescription label dispensed to J.C.:

Medication	Directions for Use
Prescribed: Tegretol 100 mg. tablets	take 1 tablet each day for 7 days (100 mg/day) then take 1 tablet every 12 hours (***200 mg/day***)
Dispensed: Carbamazepine 200 mg. tablets	take ½ tablet each day for 7 days (100 mg/day) then take 1 tablet every 12 hours as needed (***400 mg/day***)

IX.

The label on the dispensed carbamazepine included the correct dosage strength for the initial seven-day course of treatment. The dosing instructions for the subsequent days was double the strength prescribed.

X.

Mr. Bawarski was the verifying pharmacist for prescription no. 1230834. Mr. Bawarski failed to detect the dosing error when he verified data entry and the final product as accurate.

XI.

Mr. Bawarski admits that he "did not realize the dosage issue" during verification and does not look at the prescription image unless he has a question or concern regarding the medication.

XII.

Pharmacy records show that patient counseling was declined. The counseling pharmacist of record was Ms. Chan.

XIII.

J.C.'s husband picked up the medication from Walgreens and maintains that counseling was not provided or offered.

XIV.

J.C. ingested carbamazepine at two times the prescribed dose for twelve (12) days, which caused her to experience adverse effects including migraines, nausea, lightheadedness, and extreme fatigue for approximately one month.

XV.

Pharmacist R.K. detected the error during the data review process when refilling J.C.'s prescription on June 7, 2015. R.K. closed prescription no. 1230834 in the pharmacy computer system. R.K. created a new prescription for carbamazepine 200 mg. tablets with the correct directions for use. The computer designated the prescription as no. 1237552.

FIRST CAUSE OF ACTION

(Respondent Bawarski)

XVI.

Nevada Administrative Code (NAC) 639.945(1)(d) defines unprofessional conduct to include the failure by a licensee to follow strictly the instructions of a prescriber when filling, labeling and dispensing a prescription. Unprofessional conduct also includes performing duties in an "incompetent, unskillful or negligent manner". *See* NAC 639.945(1)(i).

Mr. Bawarski violated NAC 639.945(1)(d) and/or (i) by verifying the data entry and final product of prescription no. 1237552, in which a technician's erroneous data entry of the directions for use resulted in the patient ingesting two times the prescribed dose. Mr. Bawarski verified as accurate carbamazepine 200 mg. tablets with instructions to take ½ tablet each day for 7 days (100 mg/day) then take 1 tablet every 12 hours (***400 mg/day***); rather than the prescribed carbamazepine 100 mg. tablets with instructions to take tablet 1 each day for 7 days (100 mg/day) then take 1 tablet every 12 hours (***200 mg/day***).

SECOND CAUSE OF ACTION

(Respondent Chan)

XVII.

NRS 639.266 requires a pharmacist, on receipt of a prescription and after review of the patient's record, to communicate with the patient, or a person caring for the patient, matters that will enhance the patient's therapy through drugs. NAC 639.707(1) and (2) require that discussion to include, among other things, the name of the drug, dosage and administration instructions, the intended use of the drug, common side effects, and other information that is necessary for the safe and effective use of the drug. Further, NAC 639.945(1)(i) defines unprofessional conduct as performing duties in an "incompetent, unskillful or negligent manner".

Ms. Chan violated NRS 639.266, NAC 639.707(1) and (2), and NAC 639.945(1)(i), when

she failed to adequately counsel J.C's husband regarding the new prescription for carbamazepine 200 mg tablets (prescription no. 1230834) . That error, combined with other errors within the pharmacy, caused the pharmacy to dispense the medication with the incorrect directions for use.

THIRD CAUSE OF ACTION

(Respondent Bawarski)

XVIII.

As the managing pharmacist/pharmacist in charge of Walgreens Pharmacy #07864 at the time of each of the violations alleged herein. Respondent Bawarski is responsible for those violations, including those of his employees. *See* NRS 639.0087, NRS 639.210(15), NRS 639.220(3)(c), NAC 639.702 and NAC 639.910(2).

FOURTH CAUSE OF ACTION

(Respondent Walgreens #07864)

XIX.

As the pharmacy in which the violations alleged above occurred, Walgreens is responsible for the actions of respondents Willie Edward Bawarski and Jennifer T. Chan, as alleged herein, pursuant to NAC 639.945(2).

For the forgoing error and violations, the license(s)/registration(s) of Respondents, and each of them, are subject to discipline, suspension, or revocation pursuant to the previously cited statutes and regulations, including, but not limited to, NRS 639.210(4), (11), (12), and/or (15), as well as NRS 639.230(5) and/or NRS 639.255.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

Signed this 13th day of September, 2017.

Respondents	/	

The Nevada State Board of Pharmacy (Board) heard this matter at its regular meeting on April 17, 2013, in Las Vegas, Nevada. Attorney S. Paul Edwards represented the Board in his capacity as its General Counsel. Attorney Rob Graham, of Rob Graham and Associates, represented respondents Willie Bawarski, RPH and Walgreens Pharmacy #07864 (Walgreens). Based on the evidence, including testimony and public records, presented at the hearing, the Board enters the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

1. Respondent Willie Bawarski, RPH was a pharmacist licensed by the Board when the events at issue in this matter occurred.

2. Respondent Walgreens, located at 7755 North Durango Drive, Las Vegas, Nevada, was a pharmacy licensed by the Board when the events at issue in this matter occurred.

3. In December 2011, a physician's assistant saw ten-year-old patient A.G., and prescribed to her erythromycin 250 mg. tablets, with instructions to take one tablet twice daily.

4. A.G.'s mother presented the prescription to Walgreens, and picked up A.G.'s medication the same day.

5. Walgreens routinely fills patient AG's prescriptions.

6. The drug allergy profile Walgreens maintains for patient A.G. includes a warning that A.G. is severely allergic to erythromycin, and brand name Zithromax (azithromycin), a derivative from erythromycin.

7. As part of the filling process, a Walgreens pharmaceutical technician input the original data for A.G.'s prescription into Walgreens's computer system. During the input, a Drug Utilization Review (DUR) warning appeared on the screen indicating that A.G. has a severe allergy to erythromycin.

8. Respondent Bawarski overrode the DUR warning within three seconds of its appearance, without taking action to contact the prescriber or prevent A.G. from receiving the medication.

9. The Walgreens pharmaceutical technician who was on duty at the time filled the prescription, which Respondent Bawarski subsequently verified.

10. Patient A.G. took the erythromycin as prescribed for seventeen days.

11. Patient A.G. experienced a rash over her entire body, which worsened over time, causing severe pain, swelling, loss of hair and fingernails.

12. Patient A.G. went to the University Medical Center (UMC), where physicians diagnosed her condition as an allergic reaction to erythromycin.

13. Patient A.G. was hospitalized for eight days in the UMC Intensive Care Unit and the UMC Burn Unit.

14. Prior to, and at the hearing, Respondent Bawarski and an authorized representative of Respondent Walgreens admitted to the allegations in the Accusation on file in this matter, which are set forth above.

15. Separate and apart from the discipline ordered below against Mr. Bawarski, at the hearing, Walgreens, by and through its counsel, offered to stipulate to a procedure under which Walgreens will demonstrate to Board Staff within thirty days of this Order that each of its

pharmacists and pharmaceutical technicians working in Nevada have read, and have agreed to comply with, Walgreen's policies and procedures regarding the resolution of drug utilization review warnings.

16. During the hearing, the Board accepted Walgreen's offer to stipulate.

CONCLUSIONS OF LAW

17. The Board has jurisdiction over this matter, and over respondents Mr. Bawarski and Walgreens Pharmacy #07864.

18. By overriding the DUR warning and filling patient A.G.'s prescription for erythromycin without taking proper steps to address the DUR warning, Respondent Bawarski is guilty of unprofessional conduct in violation of NRS 639.210(4).

19. Respondent Bawarski is guilty of performing his duties as a pharmacist in an incompetent, unskillful or negligent manner, as set forth herein, in violation of NAC 639.945(1)(i).

20. Respondent Walgreens #07864 is not guilty of the violations set forth in the Accusation on file in this matter.

ORDER

Based upon the foregoing, the BOARD HEREBY ORDERS:

21. Respondent Willie Bawarski, RPH shall, in addition to the continuing education requirements set forth by regulation, take a one-hour continuing education course on ethics, and an additional one-hour continuing education course on error prevention, both of which must be pre-approved by the Board Staff.

22. Respondent Bawarski shall pay a fine of $1,000.00.

23. Respondent Bawarski's registration shall be placed on probation for a period of twelve months, beginning on the date of this Order. During the probationary period, Respondent

Bawarski shall self-report any errors that result from any failure to follow procedures by him, or within the pharmacy over which he has responsibility as a pharmacist in charge (PIC).

24. Respondent Bawarski shall pay the fines set forth herein by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order.

25. The failure by Respondent Bawarski to comply with any term in this Order shall result in the immediate suspension of his license until all terms have been complied with and will result in further discipline, up to, and including revocation of his license. Furthermore, any failure to pay any fine, fee, or cost ordered herein will also result in such legal action as Board Staff determines to be necessary to collect the unpaid fine, fee, or cost.

Signed and effective this 13 day of May 2013.

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. WILLIE BAWARSKI, RPH Certificate of Registration No. 17952 WALGREENS PHARMACY #07864 Certificate of Registration No. PH01977 Respondents	)	CASE NO. 12-062-RPH-S CASE NO. 12-062-PH-S NOTICE OF INTENDED ACTION AND ACCUSATION

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these Respondents because Respondent Willie Bawarski is a pharmacist licensed by the Board. Respondent Walgreens Pharmacy #07864, located at 7755 North Durango Drive, Las Vegas, Nevada, is a pharmacy licensed by the Board.

II.

On or about December 29, 2011, ten year old Patient AG was treated by physician assistant, TD (PA). PA prescribed to Patient AG erythromycin 250 mg. tablets with instructions to take one tablet twice daily. The prescription was presented to Walgreens Pharmacy #07864, filled and picked up the same day.

III.

Patient AG took the erythromycin as prescribed for seventeen days. She began to experience a rash over her entire body, which worsened causing severe pain, swelling, loss of hair and fingernails. Patient AG went to the University Medical Center (UMC), where her condition was diagnosed as an allergic reaction to erythromycin. Patient AG was hospitalized for eight days in the UMC Intensive Care Unit and the UMC Burn Unit.

IV.

Walgreens Pharmacy #07864 routinely fills Patient AG's prescriptions. Medications listed on Patient AG's drug allergy profile in Walgreens' computer system include erythromycin and brand name Zithromax (azithromycin), a derivative from erythromycin.

V.

During the investigation of this matter, the Board Investigator learned that a pharmaceutical technician input the original prescription data into the computer system. During input at 3:50:33 p.m., a Drug Utilization Review (DUR) warning appeared on the screen for Drug/Allergy, Severity Level: Major. A DUR warning prevents the technician from further processing until a pharmacist reviews and overrides the warning. At 3:50:36 p.m., Pharmacist Bawarski overrode the DUR warning. The prescription was filled by a pharmaceutical technician and verified by Pharmacist Bawarski. The pharmacy system-generated consultation message indicates that patient counseling was declined.

VI.

When interviewed by the Board Investigator, Pharmacist Bawarski said he did override the DUR warning three seconds after the appearance of the DUR alert. He admitted that he could not have checked the patient profile, contact the patient, and call the physician within three seconds. He acknowledged that he could have prevented the allergic reaction experienced by Patient AG by following the proper protocol for the severity level of the DUR warning. In his written statement, pharmacist Bawarski indicated that Patient AG had a previous allergy to azithromycin documented in her profile, but he failed to recognize this and consult the patient's parents or the prescriber.

FIRST CAUSE OF ACTION

VII.

In dispensing a prescription to Patient AG for erythromycin where Walgreens #07864's computer system contained documentation and warned of an allergy to erythromycin in her medication profile, and in failing to act upon the DUR allergy warning, Willie Bawarski violated NRS 639.210(4) and/or NAC 639.945(1)(i).

SECOND CAUSE OF ACTION

VIII.

In owning and operating the pharmacy in which the alleged violations occurred, Walgreens Pharmacy #07864 violated NRS 639.210(4) and/or NAC 639.945(1)(i) and/or (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Signed this 8th day of March, 2013.

The Nevada State Board of Pharmacy (Board) heard this matter at its regularly scheduled meeting on Wednesday, July 19, 2017, in Las Vegas, Nevada. S. Paul Edwards, Esq., prosecuted the case on behalf of Board Staff. William J. Stilling, Esq., of Kimball Legal, appeared on behalf of Respondent Manuelita Pavon-Penalosa (Ms. Pavon-Penalosa), Certificate of Registration No. 16396; Respondent Gary Kinsey (Mr. Kinsey), Certificate of Registration No. PT17463, and Respondent Walgreens Pharmacy #10783, Certificate of Registration No. PH02334.

Based on the evidence presented during the hearing, including testimonial and documentary evidence, the Board issues the following Findings of Fact, Conclusions of Law, and Order.

FINDINGS OF FACT

On July 19, 2017, Respondents, through their counsel, entered into a set of *Stipulated Facts*, a copy of which is attached hereto as **Exhibit 1** and incorporated herein by reference. The facts to which Respondents, and each of them, admitted in the *Stipulated Facts* are as follows:

1. In September 2016, complainant S.R. filed a complaint with the Board Office on behalf of his twelve-year-old daughter M.R.

2. S.R. alleges that Walgreens filled and dispensed the incorrect strength of Fentanyl patches for his daughter's prescription.

3. S.R. discovered the error before applying one of the errant Fentanyl patches to his daughter's skin, such that M.R. suffered no negative impact from the error.

4. The error occurred after M.R. saw her physician and received a prescription for ten Fentanyl Patches 12 mcg/hour with instructions to apply one patch every seventy-two (72) hours.

5. M.R.'s aunt, G.H., tendered the prescription to Walgreens on September 16, 2016, where Respondent Ms. Pavon-Penalosa entered the data into Walgreens' computer system.

6. The computer system designated the prescription as No. 533253.

7. During data entry, Ms. Pavon-Penalosa typed the prescription as Fentanyl Patch 100 mcg/hour, rather than Fentanyl Patch 12 mcg/hour as prescribed.

8. Ms. Pavon-Penalosa performed Data Entry Verification and Data Product Review at 14:52:56.

9. During the process, three Drug Utilization Review (DUR) warnings appeared on the computer screen in front of Ms. Pavon-Penalosa. Those warnings were indicated as follows:

a. DUR Type: DRUG/HLTH COND
DUR Description: RESPIRATORY PROBLEMS IS A POTENTIAL CONTRAINDICATION FOR FENTANYL 100MCG/HR PATCH

b. DUR Type: DRUG/HLTH COND
DUR Description: ASTHMA IS A POTENTIAL CONTRAINDICATION FOR FENTANYL 100MCG/HR PATCH

c. DUR Type: DRUG DOSAGE CONDITION ENCOUNTERED
DUR Description: 60 DAYS OF FENTANYL 100MCG/HR PATCH AND PREVIOUS PRESCRIPTIONS FOR THE GENERIC ENTITY(IES) MAY EXCEED THE RECOMMENDED PEDIATRIC DURATION: 3 – 30 DAYS

10. Walgreens' records show that Ms. Pavon-Penalosa overrode all three DUR warnings at 14:52:57, one second after performing data verification.

11. Ms. Pavon-Penalosa admitted to the Board Investigator that she could not have reviewed the DURs in one second.

12. Ms. Pavon-Penalosa acknowledged that she may have discovered the error by reviewing the DUR warnings.

13. In a subsequent written statement, Ms. Pavon-Penalosa indicated that in reviewing the patient medication profile, M.R. had the same medication filled at a different Walgreens Pharmacy the prior month.

14. Ms. Pavon-Penalosa admitted that during the review, she did not take into account the patient's age.

15. Walgreen's "Audit/Board of Pharmacy Inspection Report" indicates that Ms. Pavon-Penalosa filled the prescription. That report is not correct. Pharmaceutical technician Gary Kinsey actually filled the prescription.

16. In Walgreens' computer system, employees are not authorized to sign in and fill prescriptions under another employee's initials/sign on.

17. In his written statement, Mr. Kinsey admits to filling the prescription under Ms. Pavon-Penalosa's initials even though he knew that practice violated Walgreens' policy.

18. Ms. Pavon-Penalosa verified the final product as accurate. She failed to detect the error when verifying the final product.

19. In Walgreens' system, the original hard-copy of the prescription accompanies the Schedule II medication.

20. At final product verification, the verifying pharmacist can compare the hard-copy of the prescription to the prescription label and the final product.

21. Ms. Pavon-Penalosa did not compare the hard-copy of the prescription to the label and the final product.

22. Ms. Pavon-Penalosa trusted that the Data Entry Verification step in Walgreens' system was accurate and therefore did not verify that the prescription was accurate during product verification at the end of the filling process.

23. G.H. picked up M.R.'s medication from Walgreens. Respondent Mr. Kinsey performed the sales transaction for prescription No. 533253.

24. At the point of sale, Mr. Kinsey did not request a current and valid form of identification from G.H.

25. Jaclyn Latteri, Walgreens District Pharmacy Supervisor, informed the Board Investigator that a review of pharmacy records indicates that no information was recorded referencing G.H.'s identification when she picked up M.R.'s medication.

26. In a written statement, Mr. Kinsey indicated that he was unsure if he requested identification. Ms. Pavon-Penalosa told the Board Investigator that she thought the request for identification was for insurance purposes.

27. During the hearing, the Board admitted into the record, among other evidence, Exhibit 1.

28. Based on the evidence and testimony presented during the hearing, the Board finds that evidence exists to support each factual allegation set forth in the Accusation on file in this matter.

CONCLUSIONS OF LAW

Based upon the forgoing findings of fact, the Board concludes as a matter of law:

29. The Board has jurisdiction over this matter and these Respondents because at the time of the alleged events, Respondent Ms. Pavon-Penalosa was a pharmacist registered by the Board; Respondent Mr. Kinsey was a pharmaceutical technician in training registered by the Board; and Respondent Walgreens Pharmacy #10783 was a pharmacy licensed by the Board.

30. Ms. Pavon-Penalosa acted in an unprofessional manner as defined in NAC 639.945(1)(d) and (i) by committing an error during data entry and verifying that data as accurate when it was not, which resulted in Walgreens dispensing *Fentanyl Patch 100 mcg/hour*, rather than *Fentanyl Patch 12 mcg/hour*, as prescribed.

31. Ms. Pavon-Penalosa acted in an unprofessional manner as defined in NAC 639.945(1)(i) by failing to act upon the DUR alerts displayed on the computer screen for Fentanyl 100mcg/hour patch.

32. Respondents stipulated during the hearing that Ms. Pavon-Penalosa and Mr. Kinsey each acted in an unprofessional manner as defined in NAC 639.945(1)(i) when Mr. Kinsey was allowed to and did sign into Walgreen Pharmacy #10783's computer system under Ms. Pavon-Penalosa log-in credentials.

33. As the managing pharmacist/pharmacist in charge of Walgreens Pharmacy #10783 at the time of each of the violations alleged herein, Respondent Pavon-Penalosa is responsible for the violations identified above, including those of her employees. *See* NRS 639.0087, NRS 639.210(15), and NAC 639.702.

34. As the pharmacy in which the violations cited above occurred, Walgreens Pharmacy #10783 is responsible for the actions of Respondents Manuelita Pavon-Penalosa and Gary Kinsey pursuant to NAC 639.945(2).

35. For the forgoing error and violations, the license(s)/registration(s) of Respondents, and each of them, are subject to discipline, suspension, or revocation pursuant to the previously cited statutes and regulations, including, but not limited to, NRS 639.210(4), (12), and (15), as well as NRS 639.230(5) and NRS 639.255.

ORDER

36. The suspension is stayed, and Ms. Pavon-Penalosa's registration is placed on probation for a minimum of one (1) year with the following terms. Ms. Pavon-Penalosa:

d. During the probationary period, must not violate any Federal or state statute or regulation related to dangerous drugs, controlled substances, or the practice of pharmacy.

a. Receive a letter of reprimand from the Board's Executive Secretary regarding his duties and obligations as a managing pharmacist,

b. Attend the disciplinary portion of two of the next 3 Las Vegas Board Meetings, and

c. Re-due all training modules required by Walgreens Co. for newly-hired pharmaceutical technicians in training within the next thirty (30) days, and shall report to the Board in writing once he completes that review.

38. For its responsibility for the violations found herein, as alleged in the Seventh Cause of Action, Walgreens Pharmacy #10783 shall:

a. Certify in writing to Board Staff that Mr. Kinsey has completed his review of the training modules referenced in paragraph 37(c) above,

b. Create a training module, subject to Board Staff approval, for all Nevada Walgreens Pharmacy pharmacists and pharmaceutical technicians detailing the facts and conclusions set forth herein with a particular emphasis on patient safety over prescription filling speed and efficiency,

c. Require all Nevada Walgreens Pharmacy pharmacists and pharmaceutical technicians to complete within thirty (30) days the training module referenced in paragraph 38(b) above, and

d. Pay an administrative fee of one thousand five hundred dollars ($1,500.00) to partially reimburse the Board for its costs and expenses associated with investigating and prosecuting this action.

39. During the hearing the prosecution withdrew the Fourth and Fifth Causes of Action.

40. Respondents, and each of them, shall pay the fines ordered herein when due, and by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office located at 431 W. Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3), and as an accusation under NRS 639.241.

JURISDICTION

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these respondents because at the time of the alleged events, Respondent Manuelita Pavon-Penalosa, Certificate of Registration No. 16396, (Ms. Pavon-Penalosa) was a pharmacist licensed by the Board; Respondent Gary Kinsey, Certificate of Registration No. PT17463, (Mr. Kinsey) was a pharmaceutical technician in training licensed by the Board; and Respondent Walgreens Pharmacy #10783, Certificate of Registration No. PH02334, (Walgreens) was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

II.

On or about September 29, 2016, S.R. filed a complaint with the Board Office on behalf of his twelve-year-old daughter M.R. In the complaint, S.R. alleges that Walgreens filled and dispensed the incorrect strength of Fentanyl patches for his daughter's prescription. S.R. discovered the error in the strength as he was preparing to apply a patch to his daughter's skin.

III.

The error occurred after M.R. saw her physician and received a prescription for ten Fentanyl Patches 12 mcg/hour with instructions to apply one patch every seventy-two (72) hours.

IV.

M.R.'s aunt, G.H., tendered the prescription to Walgreens on September 16, 2016, where Respondent Ms. Pavon-Penalosa, R.Ph., entered the data into Walgreens' computer system. The computer system designated the prescription as No. 533253.

V.

During data entry, Ms. Pavon-Penalosa inadvertently selected ***Fentanyl Patch 100 mcg/hour***, rather than ***Fentanyl Patch 12 mcg/hour*** as prescribed.

VI.

Ms. Pavon-Penalosa performed data entry verification and data product review at 14:52:56.

VII.

During data input, three Drug Utilization Review (DUR) warnings appeared on the computer screen. Those warnings were indicated as follows:

- DUR Type: DRUG/HLTH COND
  DUR Description: RESPIRATORY PROBLEMS IS A POTENTIAL CONTRAINDICATION FOR FENTANYL 100MCG/HR PATCH

- DUR Type: DRUG/HLTH COND
  DUR Description: ASTHMA IS A POTENTIAL CONTRAINDICATION FOR FENTANYL 100MCG/HR PATCH

- DUR Type: DRUG DOSAGE CONDITION ENCOUNTERED
  DUR Description: 60 DAYS OF FENTANYL 100MCG/HR PATCH AND PREVIOUS PRESCRIPTIONS FOR THE GENERIC ENTITY(IES) MAY EXCEED THE RECOMMENDED PEDIATRIC DURATION: 3 – 30 DAYS

VIII.

Per Walgreens' records, Ms. Pavon-Penalosa overrode all three DUR warnings at 14:52:57, one second after performing data verification.

IX.

Ms. Pavon-Penalosa admitted to the Board Investigator that she could not have reviewed the DURs in one second.

X.

Ms. Pavon-Penalosa acknowledged that she may have discovered the error by reviewing the DUR warnings.

XI.

In a subsequent written statement, Ms. Pavon-Penalosa indicated that in reviewing the patient medication profile, M.R. had the same medication filled at a different Walgreens Pharmacy the prior month. Ms. Pavon-Penalosa admitted that during the review, she did not take into account the patient's age.

XII.

The "Audit/Board of Pharmacy Inspection Report" indicates that Ms. Pavon-Penalosa filled the prescription. That report is incorrect. Pharmaceutical technician Gary Kinsey actually filled the prescription.

XIII.

Ms. Pavon-Penalosa allowed Mr. Kinsey to document the fill under Ms. Pavon-Penalosa's computer credentials. In a written statement, Mr. Kinsey admits to filling the prescription under the pharmacist's initials even though he is aware that is against Walgreens' policy.

XIV.

Ms. Pavon-Penalosa verified the final product as accurate. She failed to detect the error when verifying the final product.

XV.

In Walgreens' system, the original hard-copy of the prescription accompanies the Schedule II medication. At final product verification, the verifying pharmacist can compare the hard-copy of the prescription to the prescription label and the final product.

XVI.

Ms. Pavon-Penalosa did not compare the hard-copy of the prescription to the label and the final product.

XVII.

She trusted the Data Entry Verification step in Walgreens' system and did not verify that the prescription was accurate when she verified it at the end of the filling process.

XVIII.

G.H. picked up M.R.'s medication from Walgreens. Respondent Mr. Kinsey performed the sales transaction for prescription No. 533253. At the point of sale, Mr. Kinsey did not request a current and valid form of identification from G.H.

XIX.

Jaclyn Latteri, Walgreens District Pharmacy Supervisor, informed the Board Investigator that a review of pharmacy records indicates that no information was recorded referencing G.H.'s identification when she picked up M.R.'s medication. In a written statement, Mr. Kinsey indicated that he was unsure if he requested identification. Ms. Pavon-Penalosa told the Board Investigator that she thought the request for identification was for insurance purposes.

FIRST CAUSE OF ACTION
(Respondent Pavon-Penalosa)

XX.

Nevada Administrative Code (NAC) 639.945(1)(d) defines unprofessional conduct to

include the failure by a licensee to follow strictly the instructions of a prescriber when filling, labeling and dispensing a prescription. Unprofessional conduct also includes performing duties in an "incompetent, unskillful or negligent manner". *See* NAC 639.945(1)(i).

Ms. Pavon-Penalosa violated NAC 639.945(1)(d) and/or (i) by committing an error during data entry that resulted in Walgreens dispensing the incorrect strength of the prescribed drug to 12-year-old M.R. During data entry, Pavon-Penalosa selected ***Fentanyl Patch 100 mcg/hour***, rather than ***Fentanyl Patch 12 mcg/hour*** as prescribed. Ms. Pavon-Penalosa verified, labeled and caused Walgreens to dispense the wrong medication.

SECOND CAUSE OF ACTION
(Respondent Pavon-Penalosa)

XXI.

NAC 639.945(1)(i) defines unprofessional conduct to include a licensee performing any of his or her duties in an "incompetent, unskillful or negligent manner."

Ms. Pavon-Penalosa violated NAC 639.945(1)(i) by failing to act upon the DUR alerts displayed on the computer screen for Fentanyl 100mcg/hour patch. The alerts indicated the potential for (1) respiratory contraindication; (2) asthma contraindication; and (3) drug dosage condition which may exceed the recommended pediatric duration.

THIRD CAUSE OF ACTION
(Respondent Pavon-Penalosa)

XXII.

NAC 639.945(1)(h) defines unprofessional conduct to include a licensee performing "any fraudulent or deceitful practice or transaction." By willfully and knowingly permitting Mr. Kinsey to falsely document the "filled by" record of prescription No. 53323 under her computer credentials, Ms. Pavon-Penalosa is guilty of unprofessional conduct, as that term is defined in NAC 639.945(1)(h).

FOURTH CAUSE OF ACTION
(Respondent Kinsey)

XXIII.

NAC 639.748 requires that an employee of a pharmacy shall, before dispensing a controlled substance, request the person who picks up the controlled substance to present a current and valid form of identification. Unprofessional conduct includes a licensee performing his or her duties in an "incompetent, unskillful or negligent manner" *See* NAC 639.945(1)(i).

Mr. Kinsey violated NAC 639.748 and/or NAC 639.945(1)(i) by failing to request identification from M.R.'s aunt at the point of sale for the Fentanyl patches, which are classified as a Schedule II narcotic.

FIFTH CAUSE OF ACTION
(Respondents Pavon-Penalosa and Kinsey)

XXIV.

NAC 639.930(1) and (2) require a pharmacy computer system to have adequate safeguards to "[p]revent access by a person who is not authorized to obtain information from the system" and "who is not authorized to modify or manipulate information in the system." When information in the pharmacy's system is modified or manipulated, the system must identify "the person who modified or manipulated the information in the system." *See* NAC 639.930(3). NAC 639.751 similarly requires that a pharmacy's computer system "accurately depict the identity of the person entering [a] signature or initials" or other required information into the computer system.

NRS 639.210 states that grounds for suspension or revocation of a license or registration issued by the Board includes instances where a licensee/registrant:

> Has violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy, or has knowingly permitted, allowed, condoned or failed to report a violation of any of the provisions of this chapter or any law or

regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy committed by the holder of a certificate, license, registration or permit.

Walgreens #10783 has a computerized system that has safeguards in place pursuant to NAC 639.751 and NAC 639.930. In that system, employees are not authorized to sign in and fill prescriptions under another employee's initials/sign on. When Respondent Kinsey filled Prescription No. 533253 under Respondent Pavon-Penalosa's initials, and when Respondent Pavon-Penalosa allowed Respondent Kinsey to fill Prescription No. 533253 under her initials, each of them circumvented Walgreen's safeguards in violation of NAC 639.751 and NAC 639.930. They each subjected their respective license or registration to discipline pursuant to NRS 639.210(12), as well as NRS 639.255.

SIXTH CAUSE OF ACTION
(Respondent Pavon-Penalosa)

XXV.

As the managing pharmacist/pharmacist in charge of Walgreens Pharmacy #10783 at the time of each of the violations alleged herein, Respondent Pavon-Penalosa is responsible for those violations, including those of her employees. *See* Nevada Revised Statute (NRS) 639.0087, NRS 639.210(15), NRS 639.220(3)(c), and NAC 639.702.

SEVENTH CAUSE OF ACTION
(Walgreens Pharmacy #10783)

XXVI.

As the pharmacy in which the violations alleged above occurred, Walgreens is statutorily responsible for the actions of respondents Manuelita Pavon-Penalosa and Gary Kinsey, as alleged herein, pursuant to NAC 639.945(2).

For the forgoing error and violations, the license(s)/registration(s) of Respondents, and each of them, are subject to discipline, suspension, or revocation pursuant to the previously cited statutes and regulations, including, but not limited to, NRS 639.210(4), (11), (12), and/or (15), as well as NRS 639.230(5) and/or NRS 639.255.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

Signed this 7th day of June, 2017.

Larry L. Pinson, Pharm.D.,
Executive Secretary
Nevada State Board of Pharmacy

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. KARA BALDUZZI, RPH Certificate of Registration No. 18074, and WALGREENS PHARMACY #15035 Certificate of Registration No. PHN02742, Respondents.	CASE NO. 18-071-RPH-S 18-071-PH-S STIPULATION AND ORDER

S. PAUL EDWARDS, ESQ., prosecuting for the State of Nevada, Nevada State Board of Pharmacy ("Board") and Respondents KARA BALDUZZI, RPh., Certificate of Registration No. 18074 ("Balduzzi") and WALGREENS PHARMACY #15035, Certificate of Registration No. PHN02724 ("Walgreens"), represented by WILLIAM J. STILLING, ESQ., of Stilling & Harrison Health Care Law,

HEREBY STIPULATE AND AGREE THAT

1. The Board has jurisdiction over these parties and this matter.

2. The Board properly served a *Notice of Intended Action and Accusation* (Accusation) on Walgreens on or about February 14, 2019.

3. Respondents filed a joint *Answer and Notice of Defense* in this case on March 19, 2019.

4. Respondents are fully aware of their right to seek the advice of counsel in this matter and either obtained the advice of counsel or hereby waive the right to seek the advice of counsel by signing this Stipulation below.

5. Respondents are aware of their right to a hearing on the matters alleged in the Accusation, their right to reconsideration, their right to appeal and any other rights which may be accorded to them pursuant to the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that they have failed to comply with the provisions of Paragraph 10 below, Respondents, and each of them, hereby freely and voluntarily waive their right to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to them by the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

7. Respondents admit that if this case were to proceed to a hearing, evidence exists and could be presented by the prosecutor to establish the following factual allegations as set forth in the Accusation.

a. On August 6, 2018, Mountainview Hospital in Las Vegas discharged 75-year-old patient A.C. following heart surgery.

b. Prior to discharge, A.C.'s physician wrote a prescription for Deltasone (name brand Prednisone) 5 mg. tablets, quantity forty-five (45) with directions to take 8 tablets daily for 3 days (40 mg.), then 4 tablets daily for 3 days (20 mg.), then 2 tablets daily for 3 days (10 mg.), then 1 tablet daily for 3 days (5 mg.).

c. Walgreens received the prescription and delivered the medication to A.C. in his hospital room.

d. Pharmaceutical technician Rhodora Galang scanned the prescription at 4:38 p.m. Walgreens system designated it as Prescription No. 191694.

e. Managing pharmacist, Balduzzi, entered the prescription data into Walgreens' system at 4:42 p.m. She mistakenly chose 50 mg. prednisone tablets instead of the 5 mg. tablets called for in the prescription.

f. Balduzzi performed data entry review at 4:48:17 p.m. She did not detect the dosing error.

g. One second later, at 4:48:18 p.m., Balduzzi overrode three Drug Utilization Review (DUR) warnings related to the excessive nature of the dosing error without responding appropriately to them.

h. Pharmaceutical technician Eva Vergara filled the medication based on the erroneous information on the prescription label printed from Walgreens' computer system.

i. Balduzzi performed the final product verification. She again failed to detect that Walgreens was dispensing 50 mg. tablets instead of the 5 mg. tablets called for by the prescription.

j. Walgreens sold the prescription and Balduzzi marked that she completed counseling for the prescription.

k. Patient A.C. ingested forty-four tablets of the dispensed medication as directed, resulting in the ingestion of ten times the intended dose.

l. A.C. experienced a temporary negative physical outcome as a result of the prescription error.

8. Respondents further admit that the facts alleged in the Accusation support the legal conclusions set forth in the First, Second and Fourth Causes of Action in the Accusation, including that:

a. Respondent Balduzzi violated NAC 639.945(1)(d) and (i) when she (1) verified the data entered on Prescription No. 191694 as accurate when it was not, and/or (2)

verified the 50 mg. tablets in the prescription bottle as the correct product when Walgreens should have dispensed 5 mg. tablets.

b. Balduzzi violated NAC 639.945(1)(i) by failing to act upon the DUR alerts displayed on the computer screen for the 50 mg. prednisone tablets being prepared to dispense to A.C., including by overriding the DUR alerts within one second of verifying the incorrect data for the prescription as being correct.

c. For each of the forgoing violations, Respondents, and each of them, are subject to discipline pursuant to NRS 639.210(4) and (12) and NRS 639.255.

d. As the owner of the pharmacy in which the foregoing violations occurred, and as Balduzzi's employer, Walgreens bears responsibility pursuant to NAC 639.945(2).

9. Board Staff hereby withdraws the third cause of action related to insufficient counselling and all related alleged violations of NRS 639.266(1), NAC 639.707(1), (2), (4) and/or (6), and/or NAC 639.945(1)(i).

10. Based upon the Accusation and the foregoing admissions, the Board and Respondents, and each of them, stipulate to the following penalties:

a. For the First Cause of Action, Balduzzi shall pay a fine of five hundred dollars ($500.00) and complete two continuing education units ("CEU") on topics related to prescription verification/error prevention.

b. For the Second Cause of Action, Balduzzi shall pay a fine of five hundred dollars ($500.00) and complete two CEUs related to the proper responses to Drug Utilization Review ("DUR") warnings.

c. Additionally, Balduzzi shall pay an administrative fee of five hundred dollars ($500.00) to partially offset the costs the Board incurred to investigate and prosecute this matter.

d. For the Fourth Cause of Action, Walgreens shall pay an administrative fee of one thousand dollars ($1000.00) to partially offset the costs the Board incurred to investigate and prosecute this matter.

11. The CEUs agreed to above are in addition to the number of CEUs Balduzzi must complete to renew her license during the current renewal period, ARE and will be completed within 60 days of the effective date of this Order.

12. Counsel will present this Stipulation to the Board Members for approval at the Board's regularly scheduled meeting on April 10, 2019, in Las Vegas, Nevada. Respondents, and each of them, will appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Walgreens is not present at the meeting.

13. The Board has discretion to accept this Stipulation, but it is not obligated to do so.

14. If the Board rejects any part or all of this Stipulation, the parties agree that a full hearing on the merits of this matter may be heard by the Board, and that the hearing shall occur at the Board's June 2019 meeting in Reno, Nevada. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

15. Upon approval of this Stipulation by the Board, Balduzzi shall pay the fine(s) agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Pkwy Ste 206, Reno Nevada 89521, within thirty (30) days of the effective date of the Board's Order.

and	
WALGREENS PHARMACY #15035, **Certificate of Registration No. PH02742,**	
Respondents. /	

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

JURISDICTION

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these respondents because Kara Balduzzi, Certificate of Registration No. 18074 ("Ms. Balduzzi"), is a pharmacist registered with the Board and Walgreens Pharmacy #15035, Certificate of Registration No. PH02742 ("Walgreens"), is a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

II.

On August 6, 2018, Mountainview Hospital in Las Vegas discharged 75-year-old patient A.C. following heart surgery. The instructions in A.C.'s discharge summary called for Prednisone tapering from 40 mg. daily for 3 days to 20 mg. daily for 3 days to 10 mg. daily for 3 days, then to 5 mg. daily for 3 days.

III.

Consistent with the discharge summary, A.C.'s physician wrote a prescription for Deltasone (name brand Prednisone) 5 mg. tablets, quantity forty-five (45) with directions to take 8 tablets daily for 3 days (40 mg.), then 4 tablets daily for 3 days (20 mg.), then 2 tablets daily for 3 days (10 mg.), then 1 tablet daily for 3 days (5 mg.).

IV.

A.C. presented the prescription to Walgreens on August 6, 2018, which filled and sold the medication the same day.

V.

Pharmaceutical technician Rhodora Galang scanned the prescription at 4:38 p.m. Walgreens system designated it as Prescription No. 191694.

VI.

Managing pharmacist, Ms. Balduzzi, entered the prescription data into Walgreens' system at 4:42 p.m. She mistakenly chose **50** mg. prednisone tablets instead of the **5** mg. tablets called for in the prescription.

VII.

Ms. Balduzzi performed data entry review at 4:48:17 p.m. She did not detect the dosing error.

VIII.

One second later, at 4:48:18 p.m., Ms. Balduzzi overrode three Drug Utilization Review (DUR) warnings. Those warnings indicated:

- "HYPERTENSION INDICATES USING CAUTION WITH PREDNISONE 50MG (FIFTY) TABLETS",
- "DIABETES MELLITUS INDICATES USING CAUTION WITH PREDNISONE 50 MG (FIFTY MG) TABLETS", and

- "3.75 TAB(S) OF PREDISONE 50MG (FIFTY MG) TABLETS EXCEEDS THE RECOMMENDED GERIATRIC DOSAGE: 0.02 – 1.20 TAB(S) PER DAY."

IX.

Pharmaceutical technician Eva Vergara filled the medication based on the erroneous information on the prescription label printed from Walgreens' computer system.

X.

Ms. Balduzzi performed the final product verification at 5:09 p.m. She again failed to detect that Walgreens was dispensing 50 mg. tablets instead of the 5 mg. tablets called for by the prescription.

XI.

Walgreens sold Prescription No. 191694 at 6:20 p.m.

XII.

At 7:10 p.m., Ms. Balduzzi marked that she completed counseling for the prescription.

XIII.

Patient A.C. ingested forty-four (44) tablets of the dispensed medication as directed. As a result, he ingested ten times the intended dose, or 400 mg. of Prednisone daily for 3 days, instead of the 40 mg. he was prescribed. He then ingested 200 mg. daily for 3 days, instead of the 20 mg. as prescribed. He then tapered to 100 mg. daily, instead of 10 mg. as prescribed, and finally, to 50 mg. daily, instead of 5 mg. as prescribed.

XIV.

A.C.'s physician discovered Walgreens' dosing error on August 17, 2018, during a follow-up examination of A.C. at the doctor's office.

XV.

As a result of Walgreens' error, A.C.'s blood sugar levels were elevated to 300-500 and were uncontrollable by insulin. A.C. also experienced edema in his legs, and Walgreens' error may have caused delays in the healing of A.C.'s wounds.

XVI.

A.C.'s physician gave A.C. a subsequent prescription for prednisone to safely taper off the high dose Walgreens provided.

FIRST CAUSE OF ACTION
Unprofessional Conduct, Failure to Verify the Dispensed Medication
(Respondent Kara Balduzzi)

XVII.

Unprofessional conduct includes the failure by a licensee to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. *See* NAC 639.945(1)(d). It also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner". *See* NAC 639.945(1)(i).

Respondent Kara Balduzzi violated NAC 639.945(1)(d) and (i) when she (1) verified the data entered on Prescription No. 191694 as accurate when it was not, and/or (2) verified the 50 mg. tablets in the prescription bottle as the correct product when Walgreens should have dispensed 5 mg. tablets. Ms. Balduzzi's registration is therefore subject to discipline pursuant to NRS 639.210(4) and (12) and/or NRS 639.255.

SECOND CAUSE OF ACTION
Failure to Act on Drug Utilization Review (DUR) Warnings
(Respondent Kara Balduzzi)

XVIII.

NAC 639.945(1)(i) defines unprofessional conduct to include a licensee performing any of his or her duties in an "incompetent, unskillful or negligent manner." Ms. Balduzzi violated NAC 639.945(1)(i) by failing to act upon the DUR alerts displayed on the computer screen for the 50 mg. prednisone tablets being prepared to dispense to A.C., including by overriding the DUR alerts within one second of verifying the incorrect data for the prescription as being correct. That violation is grounds for action pursuant to NRS 639.210(4) and/or (12), and under NRS 639.255.

THIRD CAUSE OF ACTION
Failure to Adequately Counsel
(Respondent Kara Balduzzi)

XIX.

NRS 639.266(1) requires a pharmacist to "communicate matters which will enhance therapy through drugs with the patient or a person caring for the patient." NAC 639.707(1), (2) and/or (4) further require counseling for all new prescriptions and provide a list of elements to be included as part of proper counseling, including, but not limited to, dose, intended use, expected response and precautions. Additionally, NAC 639.707(6) requires the pharmacist to create a record regarding counseling "at the time that counseling is provided or refused."

By marking that counseling was completed at 7:10 PM, nearly an hour after Walgreens sold the medication, and, to the extent any counseling actually occurred, by failing to discuss the medication sufficiently to detect that she was dispensing an inaccurate dose of prednisone that was ten (10) times the dose prescribed, Ms. Balduzzi violated NRS 639.266(1), NAC 639.707(1), (2), (4) and/or (6), and/or NAC 639.945(1)(i). Those violations are grounds for action pursuant to NRS 639.210(4) and/or (12), and under NRS 639.255.

FOURTH CAUSE OF ACTION
Pharmacy/Pharmacy Owner Responsibility
(Respondent Walgreens Pharmacy #15035)

XX.

NAC 639.945(2) states that "[t]he owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ". At the time of the violations alleged herein, Walgreens was Respondent Kara Balduzzi's employer. As such, Walgreens Pharmacy is responsible for each of the violations alleged herein.

XXI.

The violations alleged above are grounds for discipline against the pharmacist registration of Kara Balduzzi, as well as Walgreens #15035, pursuant to NRS 639.210(4) and (12), and/or NRS 639.255.

XXII.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration and/or license of these respondents.

Signed this 14th day of February 2019.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements regarding your certificate of registration. To do so, you must mail to the Board within 20 days of your receipt of this Notice of Intended Action and Accusation a written statement showing your compliance.

The Nevada State Board of Pharmacy (Board) heard this matter at its regularly scheduled meeting on Wednesday, July 19, 2017, in Las Vegas, Nevada. S. Paul Edwards, Esq., prosecuted the case on behalf of Board Staff. William J. Stilling, Esq., of Kimball Legal, appeared on behalf of Respondents Shelley Verma (Ms. Verma), Certificate of Registration No. 17761; Rachael McDonald (Ms. McDonald), Certificate of Registration No. 18416; Suzette Jacobs (Ms. Jacobs), Certificate of Registration 17642; Walgreens Pharmacy #03845 (Walgreens #03845), Certificate of Registration No. PHN01064; Walgreens Pharmacy #04086 (Walgreens #04086),

Certificate of Registration PH01248; Walgreens Pharmacy #15035 (Walgreens #115035), Certificate of Registration PH02742 and Walgreen Co.

Based on the evidence presented during the hearing, including testimonial and documentary evidence, the Board finds that evidence exists to support each of the factual allegations in the Accusation and enters Findings of Fact, Conclusions of Law, and Orders as follows:

FINDINGS OF FACT

On July 19, 2017, Respondents, through their counsel, entered into a set of *Stipulated Facts*, a copy of which is attached hereto as **Exhibit 1** and incorporated herein by reference. The facts to which Respondents, and each of them, admitted in the *Stipulated Facts* are as follows:

1. The Board has jurisdiction over this matter because at the time of the events described herein Respondents Ms. Verma, Ms. McDonald and Ms. Jacobs were each registered as pharmacists with the Board.

2. Similarly, the Board has jurisdiction over this matter because at the time of the events described herein, Respondents Walgreens #03845, Walgreens #04086 and Walgreens #15035 (collectively the Walgreens Pharmacies) were each registered with the Board.

3. The Board has jurisdiction over Walgreen Co., an Illinois corporation, because it owns and operates each of the Walgreens Pharmacies in Nevada, which pharmacies employed each of the other Respondents at the time of the events described herein.

4. In January 2016, the Board issued Pharmaceutical Technician Trainee Certificate of Registration No. PT17763 to Respondent Hakeem Sanchez-Bravo.

5. Certificate of Registration No. PT17763 was registered to and valid only at Walgreens Pharmacy #4790.

6. Certificate of Registration No. PT17763 expired on October 31, 2016.

7. In November 2016, Mr. Sanchez-Bravo telephoned the Board Office regarding the renewal of his registration. During his discussion with Board Staff, Mr. Sanchez-Bravo disclosed that he had been working at Walgreens Pharmacy #03845.

8. Board Staff determined at that time that Mr. Sanchez-Bravo did not have a valid pharmaceutical technician in training registration at Walgreens Pharmacy #03845.

9. The Board Investigator requested Mr. Sanchez-Bravo's work schedule from April 2016, through October 2016, from Jaclyn Latteri, a Walgreens District Manager.

10. From the records Walgreens provided, Board Staff ascertained that Mr. Sanchez-Bravo had worked at the three Walgreens Pharmacies for a combined total of one-hundred and forty (140) days, from April 2016, through November 2016, without a valid pharmaceutical technician in training registration.

11. Board Staff ascertained that Mr. Sanchez-Bravo had worked:

- 1 day at Walgreens #15035 for pharmacist manager Ms. Jacobs without a valid registration,
- 4 days at Walgreens #04086 for pharmacist manager Ms. McDonald without a valid registration, and
- 135 days at Walgreens #03845 for pharmacist manager Ms. Verma without a valid registration.

12. Ms. Latteri confirmed in a written statement that Mr. Sanchez-Bravo worked unregistered as a pharmaceutical technician in training during the 140 day time period.

13. The records Walgreens provided also indicate that Mr. Sanchez-Bravo did not consistently record the hours that he worked at any of the Walgreens' locations.

14. Mr. Sanchez-Bravo failed to log his hours on duty during the 140 day period at issue in this matter as follows:

- Walgreens #15035 – 1 day
- Walgreens #04086 – 3 days
- Walgreens #03845 – 84 days

15. In a separate Order on file in this matter, the Board found that

> By working at Walgreens #03845, Walgreens #04086 and Walgreens #15035 for a combined total of approximately 140 days

between April 2016, and November 2016, when he did not have a current pharmaceutical technician in training registration at those locations, Hakeem Sanchez-Bravo violated Nevada Administrative Code (NAC) 639.240(1).

See Findings of Fact, Conclusions of Order and Order (Respondent Hakeem Sanchez Bravo), Case No. 16-080PPT-S (2017), attached hereto as **Exhibit 2**, and incorporated herein by reference.

16. Additionally, during the hearing the Board heard testimony and accepted into evidence Exhibit 1, along with certain written evidence, including the prosecution's Hearing Exhibits 1 through 4, Respondents' Hearing Exhibits A and B.

Based on the evidence presented during the hearing, the Board finds that evidence exists to support each of the factual allegations stated in the Accusation.

CONCLUSIONS OF LAW

From the forgoing findings of fact, the Board concludes as a matter of law:

17. The Board has jurisdiction over this matter and these respondents because at the time of the events alleged herein, Respondents Ms. Verma, Ms. McDonald, and Ms. Jacobs, were registered pharmacists with the Board.

18. Similarly, Respondents Walgreens Pharmacy #03845, Walgreens Pharmacy #04086, and Walgreens Pharmacy #15035, were pharmacies registered with the Board.

19. As the managing pharmacist during the period of April 2016, through November 2016, for the pharmacy in which Mr. Sanchez-Bravo worked without a PTT registration for one-hundred and thirty-five (135) days, and in failing to verify that Mr. Sanchez-Bravo had a valid registration for the pharmacy she managed during that time, Respondent Ms. Verma violated Nevada Revised Statute (NRS) 639.220(1) and Nevada Administrative Code (NAC) 639.945(1)(i), which violations are grounds for discipline pursuant to NRS 639.210(4), (12) and (15), or alternatively, under NRS 639.255.

20. As the managing pharmacist during the period of August 2016, through September 2016, for the pharmacy in which Mr. Sanchez-Bravo worked without a PTT

registration for four (4) days, and in failing to verify that Mr. Sanchez-Bravo had a valid registration for the pharmacy she managed during that time, Respondent Rachael McDonald violated NRS 639.220(1) and NAC 639.945(1)(i), which violations are grounds for discipline pursuant to NRS 639.210(4), (12) and (15), or alternatively, under NRS 639.255.

21. As the managing pharmacist during the period of October 2016, for the pharmacy in which Mr. Sanchez-Bravo worked without a PTT registration for one (1) day, and in failing to verify that Mr. Sanchez-Bravo had a valid registration for the pharmacy she managed at that time, Respondent Suzette Jacobs violated NRS 639.220(1) and NAC 639.945(1)(i), which violations are grounds for discipline pursuant to NRS 639.210(4), (12) and (15), or alternatively, under NRS 639.255.

22. By failing to keep and provide Board Staff with a written record showing the days and hours that Mr. Sanchez-Bravo was on duty as a pharmaceutical technician in training during the hours of business at each of their respective pharmacies, Respondents Ms. Verma, Ms. McDonald and Ms. Jacobs each violated NAC 639.245(1) and NAC 639.945(1)(i) and (m). Those violations are grounds for discipline pursuant to NRS 639.210(4) and (15), and under NRS 639.255.

23. NAC 639.945(2) states that "[t]he owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ". At the time of the violations alleged herein, Respondents Ms. Verma, Ms. McDonald, and Ms. Jacobs were each employees of one of the Walgreens Pharmacies. As such, that Walgreens Pharmacies are responsible for each of the violations alleged herein.

The Nevada State Board of Pharmacy (Board) heard this matter at its regularly scheduled meeting on Wednesday, July 19, 2017, in Las Vegas, Nevada. S. He did not respond to the Accusation in any way, and failed to appear at the hearing.

Having received no pleading and no response from Mr. Sanchez-Bravo, the Board hereby enters default against him as follows:

FINDINGS OF FACT

The allegations in the Accusation and on which the Board enters default against Mr. Sanchez-Bravo are as follows:

1. In January 2016, the Board issued Pharmaceutical Technician Trainee Certificate of Registration No. PT17763 to Respondent Hakeem Sanchez-Bravo.

2. Certificate of Registration No. PT17763 was registered to and valid only at Walgreens Pharmacy #4790.

3. Certificate of Registration No. PT17763 expired on October 31, 2016.

4. In November 2016, Mr. Sanchez-Bravo telephoned the Board Office regarding the renewal of his registration. During his discussion with Board Staff, Mr. Sanchez-Bravo disclosed that he had been working at Walgreens Pharmacy #03845.

5. Board Staff determined at that time that Mr. Sanchez-Bravo did not have a valid pharmaceutical technician in training registration at Walgreens Pharmacy #03845.

6. A Board Investigator requested Mr. Sanchez-Bravo's work schedule from April 2016, through October 2016, from Jaclyn Latteri, a Walgreens District Manager.

7. From the records Walgreens provided, Board Staff ascertained that Mr. Sanchez-Bravo had worked at three Walgreens pharmacies for a combined total of one-hundred and forty (140) days, from April 2016, through November 2016, without a valid pharmaceutical technician in training registration.

8. Board Staff ascertained that Mr. Sanchez-Bravo had worked:

- 1 day at Walgreens #15035 for pharmacist manager Ms. Jacobs without a valid registration,
- 4 days at Walgreens #04086 for pharmacist manager Ms. McDonald without a valid registration, and

- 135 days at Walgreens #03845 for pharmacist manager Ms. Verma without a valid registration.

9. Ms. Latteri confirmed in a written statement that Mr. Sanchez-Bravo worked unregistered as a pharmaceutical technician in training during the 140 day time period.

10. The records Walgreens provided also indicate that Mr. Sanchez-Bravo did not consistently record the hours that he worked at any of the Walgreens' locations.

11. Mr. Sanchez-Bravo failed to log his hours on duty during the 140 day period at issue in this matter as follows:

- Walgreens #15035 – 1 day
- Walgreens #04086 – 3 days
- Walgreens #03845 – 84 days

12. During the hearing, the Board admitted into the record, among other evidence, the prosecution's Exhibit 4, which is a written statement from Mr. Sanchez-Bravo supporting the allegations that Board Staff eventually filed against him by way of the Accusation.

13. Additionally, on May 5, 2017, Board Staff served the Accusation in this matter on Mr. Sanchez-Bravo by certified mail, return receipt requested, using the address Mr. Sanchez-Bravo most recently provided to the Board.

14. Based on evidence and testimony presented during the hearing, the Board finds that Board Staff satisfied the service requirements of NRS 639.242.

CONCLUSIONS OF LAW

Based upon the forgoing findings of fact, the Board concludes as a matter of law:

15. The Board has jurisdiction over this matter because at the time of the events alleged herein, Respondent Mr. Sanchez-Bravo was a registered pharmaceutical technician in training with the Board.

16. A pharmaceutical technician in training may be employed at multiple pharmacies, but the trainee is required to register at each location. NAC 639.242(5).

17. Nevada Administrative Code (NAC) 639.242(3) states that "[u]pon receipt of an application and the required fee, the Executive Secretary shall, unless he or she has good cause to deny the registration, issue a registration certificate for a pharmaceutical technician in training to the managing pharmacist of the pharmacy where the trainee will be employed."

18. By working at Walgreens #03845, Walgreens #04086 and Walgreens #15035 for a combined total of approximately 140 days between April 2016, and November 2016, when he did not have a current pharmaceutical technician in training registration at those locations, Hakeem Sanchez-Bravo violated Nevada Administrative Code (NAC) 639.240(1).

19. Those violations are grounds for discipline pursuant to NRS 639.210(4), and (13), as well as NRS 639.255.

ORDER

20. For the violations described above, Respondent Mr. Sanchez-Bravo shall (1) receive a *letter of reprimand* from the Board's Executive Secretary regarding his obligations as a pharmaceutical technician in training, (2) *pay a fine of two hundred dollars* ($200.00), and (3), *complete 2 hours of continuing education* (CE) on the topics of *ethics* and *Nevada law*. Those extra hours of CE are in addition to any continuing education hours Mr. Sanchez-Bravo must otherwise complete to maintain or renew his registration.

21. Mr. Sanchez-Bravo shall pay the fine ordered herein by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office located at 431 W. Plumb Lane, Reno, NV 89509, within 30 days of the effective date of the Board's Order.

22. Any failure by Mr. Sanchez-Bravo to satisfy the obligations stated herein may result in additional discipline, up to and including suspension or revocation of his registration, or be grounds for the denial of any application by him for registration or licensure with the Board, until all terms have been satisfied.

23. Mr. Sanchez-Bravo may not work in any facility licensed by the Board, including a pharmacy, in any capacity unless and until he has a valid registration.

24. In the event Mr. Sanchez-Bravo applies for reinstatement, or for any other registration or certificate with the Board, he shall appear before the Board to answer questions and give testimony regarding his application, his compliance with this Order, and the facts and circumstances underlying this matter.

IT IS SO ORDERED.

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Hakeem Sanchez-Bravo (Mr. Sanchez-Bravo), Certificate of Registration PT17763, was a registered pharmaceutical technician in training with the Board; Respondents Shelley Verma (Ms. Verma), Certificate of Registration No. 17761; Rachael McDonald (Ms. McDonald), Certificate of Registration No. 18416; and Suzette Jacobs

(Ms. Jacobs), Certificate of Registration 17642, were registered pharmacists with the Board. Similarly, Respondent Walgreens Pharmacy #03845, Certificate of Registration No. PHN01064; Walgreens Pharmacy #04086, Certificate of Registration PH01248; and Walgreens Pharmacy #15035, Certificate of Registration PH02742, were pharmacies registered with the Board. Walgreen Co. is an Illinois corporation that is the owner of each of the individual Walgreens pharmacies named in this matter.

II.

Nevada Administrative Code (NAC) 639.242(3) states that "[u]pon receipt of an application and the required fee, the Executive Secretary shall, unless he or she has good cause to deny the registration, issue a registration certificate for a pharmaceutical technician in training to the managing pharmacist of the pharmacy where the trainee will be employed."

III.

Additionally, a trainee may be employed as a technician in training at multiple pharmacies, but the trainee is required to register at each location. NAC 639.242(5). If a pharmaceutical technician in training changes pharmacy locations (even within the same chain), the trainee must submit a new application and become registered for the new site. *Id.* Termination of employment at a pharmacy voids the trainee's registration and the trainee must reapply for registration before working at any other pharmacy.

FACTUAL ALLEGATIONS

IV.

On or about January 8, 2016, the Board issued Pharmaceutical Technician Trainee Certificate of Registration No. PT17763 to Hakeem Sanchez-Bravo (Mr. Sanchez-Bravo).

V.

Certificate of Registration No. PT17763 was valid at Walgreens Pharmacy #4790.

VI.

Certificate of Registration No. PT17763 expired on October 31, 2016.

VII.

On November 7, 2016, Mr. Sanchez-Bravo telephoned the Board Office regarding the renewal of his registration. During that discussion with Board Staff, Mr. Sanchez-Bravo indicated that he has been working at Walgreens Pharmacy #03845 for the prior four months.

VIII.

Board Staff learned that Mr. Sanchez-Bravo did not have a valid pharmaceutical technician in training registration at Walgreens Pharmacy #03845.

IX.

Records provided to the Board Investigator by Walgreens' District Manager Jaclyn Latteri show that from April 2016, through November 2016, Mr. Sanchez-Bravo worked as a technician in training at three separate Walgreens' where he did not have a registration. Those records show that he worked unregistered at those locations for a combined total of approximately one-hundred and forty (140) days.

X.

Table 1 below shows the number of hours and the pharmacy manager at each location where Mr. Sanchez-Bravo worked without a registration.

Walgreens Store #	Number of Days Sanchez-Bravo Worked Unregistered	Pharmacy Manager at Each Walgreens Location
03845	135	Shelley Verma
04086	4	Rachael McDonald
15035	1	Suzette Jacobs
Total	**140**	

XI.

Ms. Latteri, Walgreens' District Manager, confirmed in a written statement that Mr. Sanchez-Bravo worked unlicensed as a pharmaceutical technician in training during the 140 day time period.

XII.

The Board Investigator also requested Walgreens' records documenting the hours Mr. Sanchez-Bravo was on duty during the pharmacies' hours of business. The records Walgreens

provided indicate that Mr. Sanchez-Bravo did not consistently record the hours that he worked at any of the Walgreens' locations.

XIII.

SECOND CAUSE OF ACTION
(Respondent Shelley Verma)

XVII.

As the managing pharmacist during the period of April 2016, through November 2016, for the pharmacy in which Mr. Sanchez-Bravo worked without a license for one-hundred and thirty-five (135) days, and in failing to verify that Mr. Sanchez-Bravo had a valid registration for the pharmacy she managed during that time, Respondent Ms. Verma violated Nevada Revised Statute (NRS) 639.220(1) and Nevada Administrative Code (NAC) 639.945(1)(i) and/or (j), which violations are grounds for discipline pursuant to NRS 639.210(4), (11), (12) and/or (15), or alternatively, under NRS 639.255.

THIRD CAUSE OF ACTION
(Respondent Rachael McDonald)

XVIII.

FOURTH CAUSE OF ACTION
(Respondent Suzette Jacobs)

XIX.

As the managing pharmacist during the period of October 2016, for the pharmacy in which Mr. Sanchez-Bravo worked without a license for one (1) day, and in failing to verify that

FIFTH CAUSE OF ACTION

(Respondents Ms. Verma, Ms. McDonald and Ms. Jacobs)

XX.

NAC 639.245(1) requires that "[a] written record must be kept available for inspection showing the pharmacists, pharmaceutical technicians and pharmaceutical technicians in training on duty during the hours of business." The record must be "[r]eadily retrievable" and "[r]etained for 2 years. *Id.* NAC 639.945(m) defines unprofessional conduct to include "failing to provide any document, data or information that is required to be made and maintained...to a member of the Board or member of the staff of the Board . . ." upon request.

By failing to keep and provide Board Staff with a written record showing the days and hours that Mr. Sanchez-Bravo was on duty as a pharmaceutical technician in training during the hours of business at each of their respective pharmacies, Respondents Ms. Verma, Ms. McDonald and Ms. Jacobs each violated NAC 639.245(1) and NAC 639.945(1)(i) and (m). Those violations are grounds for discipline pursuant to NRS 639.210(4) and/or (15), or alternatively, under NRS 639.255.

SIXTH CAUSE OF ACTION

(Respondents Walgreens #03845, Walgreens #04086, and Walgreens #15035)

As such, Walgreens is responsible for each of the violations alleged herein.

The violations alleged above, including in causes of action one through five, are grounds

for discipline against the licenses of Ms. Verma, Mr. McDonald, Ms. Jacobs, as well as Walgreens #03845, Walgreens #04086 and Walgreens #15035 pursuant to NRS 639.210(4), (11), (12), (15) and/or (17) as well as NRS 639.255.

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on October 24, 2007 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert Graham of Rob Graham and Associates. The parties entered an oral stipulation which was presented to the Board at the hearing of the matter by Mr. Ling. Based upon the agreements and presentations of the parties, the Board finds the following to be the facts of the matter.

FINDINGS OF FACT

1. The parties orally stipulated to the presentation of this matter by Mr. Ling and that appearances would not be expected from any of the Respondents or Mr. Graham. Mr. Ling explained that the three individual Respondents had already attended a continuing education session regarding Nevada jurisprudence and that all Respondents were agreeable to the presentation made by Mr. Ling.

2. All registrations of pharmaceutical technicians and pharmaceutical technicians in training were required to be renewed by October 31, 2006, and any such registration that was not renewed by October 31, 2006 expired. No pharmaceutical technician or pharmaceutical technician in training may lawfully be employed as a pharmaceutical technician or pharmaceutical technician in training on an expired registration.

2. All of the Respondent pharmaceutical technicians and pharmaceutical technicians in training in this matter failed to renew their respective registrations by October 31, 2006, and all were employed by the various Respondent Walgreen pharmacies as pharmaceutical technicians or pharmaceutical technicians in training on expired registrations. Following is a table of the Respondents and the number of hours and estimated workdays (based upon an assumed eight-hour workday) worked by each Respondent on expired registrations:

Respondents	Hours Worked	Estimated Days Worked
McCulloch/Walgreens #05646	1,440	180
DeRosia/ Walgreens #05646	1,384	173
Romero/ Walgreens #03844	1,312	164
TOTALS	**4,136**	**517**

3. At hearing, Board Staff explained that Walgreens has had a good recent history regarding assuring that its employees have properly and timely renewed their

registrations. Two of the three matters in this case arose from one pharmacy, and the issues regarding that pharmacy have been addressed. Board Staff also explained that the Board's efforts to gain compliance with the renewal and registration laws have been largely successful and that the few instances, such as those in this case, are aberrations.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondents DeRosia, and Romero are pharmaceutical technicians registered by the Board, Respondent McCulloch is a pharmaceutical technician in training registered by the Board, and Respondents Walgreens ##05646 and 03844 are pharmacies licensed by the Board.

2. In working as a pharmaceutical technician or pharmaceutical technician in training on expired registrations, Respondents DeRosia, Romero, and McCulloch each violated NRS 639.210(4) and (13) and NAC 639.945(1)(k).

3. In employing the individual Respondents, Walgreens ##05646 and 03844 violated NRS 639.210(4) and (13) and NAC 639.945(1)(k) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Each Respondent Walgreens pharmacy shall pay a fine of $250.00 for each of the pharmaceutical technicians or pharmaceutical technicians in training employed with expired registrations. Walgreens may choose to pay by a single cashier's or certified check or money order made payable to "State of Nevada, Office of the

Treasurer" in a total amount of $750.00 to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Each Respondent technician or technician in training shall pay a fine of $250.00 by a cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Respondents DeRosia, Romero, and McCulloch shall each attend and successfully complete a Nevada jurisprudence continuing education course presented by Board Staff at such time and place as is set by Board Staff, which attendance may already have been completed before the effective date of this Order and shall be deemed compliance with this Order.

4. The failure by any individual Respondent to comply with any term in this Order shall result in the immediate suspension of her registration and will also result in further discipline, up to and including revocation of the registration. The failure by any Respondent Walgreens pharmacy to comply with any term in this Order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

Signed and effective this 20th day of November, 2007.

_____/

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on June 6, 2007 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. Respondent Amanda L. Weaver appeared and represented herself. Mr. Ling represented to the Board that Board Staff had entered into an oral stipulation with Robert Graham, counsel for Walgreens #06310, pursuant to which the parties had agreed that Mr. Ling would present the terms of the oral stipulation and that Mr. Graham or representatives of Walgreens were excused from appearing in the matter. Based upon the agreements and presentations of the parties, the Board finds the following to be the facts of the matter.

FINDINGS OF FACT

1. At hearing, Ms. Weaver appeared, testified, and represented herself. Because of the oral stipulation between Mr. Ling and Mr. Graham, Board Staff presented no witnesses or evidence. Instead, Board Staff represented the terms of the

oral stipulation between himself and Mr. Graham, namely that Walgreens #06310 admitted that it had employed Ms. Weaver for 16 days while Ms. Weaver's pharmaceutical technician's registration was expired and that Walgreens #06310 was willing to pay whatever fine and fees and costs as might be assessed by the Board up to but not to exceed the regulatorily established amount of $100.00 per day for each day that Ms. Weaver was employed on an expired registration. Board Staff further explained that Walgreens #06310's employment of Ms. Weaver appeared to be an isolated incident because other similar incidences were not noted after November 1, 2007 in any other Walgreens pharmacy. Based upon the presentations and testimony of the parties, the Board finds the following to be the facts in this matter.

2. All registrations of pharmaceutical technicians were required to be renewed by October 31, 2006, and any such registration that was not renewed by October 31, 2006 expired. No pharmaceutical technician may lawfully be employed as a pharmaceutical technician on an expired registration.

3. On March 9, 2007, Board Staff learned that Ms. Weaver had failed to renew her pharmaceutical technician's registration and that she had worked at Walgreens #06310 while her registration was expired. Subsequent investigation showed that Mr. Weaver had been employed as a pharmaceutical technician a total of 16 days between November 1, 2006 and March 7, 2007.

4. At hearing, Ms. Weaver explained that prior to November 1, 2006, she had accepted temporary employment as an intern at Walt Disney World in Orlando, Florida and that during her internship she had inadvertently forgotten to renew her registration. When she returned to Nevada, she recommenced employment at Walgreens #06310.

After working for a few weeks, Ms. Weaver and Walgreens #06310 discovered that she had failed to renew her registration. Ms. Weaver apologized to the Board for her actions.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Weaver is a pharmaceutical technician registered by the Board and Respondent Walgreens #06310 is a pharmacy licensed by the Board.

2. In working as a pharmaceutical technician on and expired registration, Respondents Weaver violated NRS 639.210(4) and (13) and NAC 639.945(1)(i) and (k).

3. In owning and operating the pharmacy that employed Ms. Weaver as a pharmaceutical technician while her registration was expired, Walgreens #06310 violated NRS 639.210(4) and NAC 639.260 and 639.945(1)(i) and (k) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Respondent Walgreens #06310 shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Respondent Walgreens #06310 shall pay the Board's costs and attorney's fees of $210.00 and the Board's administrative fee of $290.00, for a total of $500.00 by cashier's or certified check or money order made payable to "Nevada State Board of

Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Respondent Weaver shall pay a fine of $125.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

4. Respondent Weaver shall attend and successfully complete a Nevada jurisprudence continuing education course presented by Board Staff at such time and place as is set by Board Staff. Additionally, Respondent Weaver shall complete three hours of continuing education regarding legal issues related to her practice as a pharmaceutical technician, which hours must be completed before October 31, 2008.

5. The failure by Respondent Weaver to comply with any term in this order shall result in the immediate suspension of her registration and will also result in further discipline, up to and including revocation of the registration. The failure by Respondent Walgreens #06310 to comply with any term in this order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on July 14, 2010, in Las Vegas, Nevada. The Board was represented by Carolyn J. Cramer, General Counsel for the Board, and Ms. Heathcock was not present because of a family emergency and her matter was continued until the October, 2010 Board meeting. Walgreens #12646 (Walgreens) was represented by Robert Graham, Esq. Based on the presentations of the parties, the parties' admissions, and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties agreed that the facts as plead in the Notice of Intended Action and Accusation were essentially true and correct regarding the issues related to Ms. Heathcock working for Walgreens for 205 days without having renewed her registration as a pharmaceutical technician with the Board. Mr. Graham advised that Walgreens did check to ensure all of their staff had renewed their licenses and that their computer system was working properly, however Walgreens staff was given false

information from Ms. Heathcock. Mr. Graham submitted an exhibit, a copy of license verification with part of the expiration date missing that Ms. Heathcock had written in "2011" and had submitted as her proof to Walgreens that she had renewed her registration. Ms. Heathcock claimed she had not received her registration. Mr. Graham admitted that the managing pharmacist did not following through to make sure that Ms. Heathcock was registered, but ultimately the responsibility was Ms. Heathcock's. Mr. Graham advised that Ms. Heathcock may have been experiencing financial problems because she was borrowing money from store personnel and even requested reimbursement from Walgreens for renewing her registration with the Board of Pharmacy when she had not done so. Based upon the stipulations of the parties and the testimony and evidence presented, the Board finds the following to be the facts of the matter.

2. Ms. Heathcock had worked 1,644 hours or approximately 205 days, between November 1, 2008 and December 14, 2009, the date of her termination of employment, without a valid registration.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter because Ms. Heathcock is a pharmaceutical technician registered by the Board and Walgreens #12646 is a pharmacy licensed with the Board.

2. In owning and operating the pharmacy in which Ms. Heathcock worked without a registration and in failing to verify that Ms. Heathcock had timely and validly renewed her registration, Walgreens #12646 violated NRS 639.210(4) and/or NAC 639.260, 639.945(1)(i) and/or (k) and/or (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Walgreens #12646 shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order.

2. Walgreens #12646 shall pay the Board's administrative fee of $295.00, by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 60 days of the effective date of this Order.

3. Walgreen's shall do a presentation to Board Staff of its computer system that tracks the licensure of employees to make sure the problem is corrected within 60 days of the signing of this Order.

4. Ms. Heathcock's appearance before the Board is continued until the October 2010 meeting in Las Vegas, Nevada.

CITATION-AND-FINE ORDER: Walgreens Specialty Pharmacy #15312, Case No. 24-089-PH-S, Dispensing Without Valid Prescriber Authorization

Dear Walgreens Colleagues:

The Nevada State Board of Pharmacy ("Board") has determined that on March 18, 2024, your managing pharmacist, Andrew Romand, dispensed a dangerous drug without valid authorization from the prescribing practitioner, in violation of Nevada law. The incident occurred at Walgreens Specialty Pharmacy #15312 located at 901 S. Rancho Drive in Las Vegas, Nevada.

On that date, Dr. Roman filled a prescription for deferasirox 180mg for patient C.D. by reassigning the prescription from the original prescriber, Dr. Nik Rashid—who had since passed away—to Advanced Practice Registered Nurse ("APRN") Jessica Casey, without her authorization. The reassignment was made in response to technical adjudication limitations and based on communication with the caregiver that there had been no change in therapy. However, no response or approval had been received from APRN Casey at the time of dispensing. The prescription was shipped under her name without her consent. After the fact, APRN Casey confirmed that she had reduced the patient's dosage to 720mg daily and would not have authorized the additional 180mg.

Under NRS 454.221(1), dangerous drugs may only be dispensed upon the order of a valid practitioner. The term "practitioner," as defined in NRS 454.00958, includes licensed professionals such as physicians and APRNs who are acting within their legal authority and have issued a valid prescription. At the time the prescription was filled, no such valid order existed: Dr. Rashid was deceased, and APRN Casey—whose name appeared on the dispensing record—had not authorized the prescription. Reassigning the prescription to her without her knowledge or consent did not satisfy the statutory requirement.

Pursuant to NAC 639.945(3), a pharmacy is responsible for the acts of its personnel, including pharmacists. As the permit holder, Walgreens is accountable for ensuring that all dispensing activity complies with state law. Therefore, pursuant to NRS 639.2895(3), the Board

has assessed an administrative fine against Walgreens Specialty Pharmacy #15312 for permitting the dispensing of a dangerous drug without valid prescriber authorization. The administrative fine is **Five Hundred and 00/100 Dollars ($500).**

If you do not intend to contest the above fine, please pay the fine within 30 days of receipt of this citation or otherwise contact Board staff to request an extension for good cause shown. Payment must be made by *certified check, cashier's check,* or *money order* payable to **"State of Nevada, Office of the Treasurer,"** and it must be received at the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521.

You may appeal this citation by submitting a notice of appeal requesting a public hearing before the Board. You must submit any such notice of appeal not later than 30 days after receipt of this citation. NRS 639.2895(2). Please mail or personally deliver any notice of appeal to the Reno address listed on the letterhead. If you have any questions, please contact the Board's Senior General Counsel, Gregory Zunino, at 775-850-1440, ext. 124, or *via* email at zunino@pharmacy.nv.gov.

Sincerely,

Nevada State Board of Pharmacy

Re: NV Board Pharmacy Investigative case no. 24-089

Dear Investigator Dena McClish,

My name is Andrew Romand, Pharmacy Manager of Community Walgreens #15312. I was personally responsible for the fill error which occurred on March 18, 2024 for deferasirox.

This patient has been under our care since my arrival to Community Walgreens in 2021 and had been established with Dr. Nik Abdul Rashid with Hemostasis and Thrombosis Center of Nevada. As noted by fill history, this patient was maintained for the entirety of this time on deferasirox 900mg daily (2 x 360mg + 1 x 180mg) with Dr. Rashid. This dosage is within weight-based dosing guidelines for prescribed/approved indication. Due to lack of continuity of care with Dr. Rashid's medical absence, provider staffing and ultimate passing, care was re-established with Cure4Kids in late February 2024 under Jessica Casey APRN. It was our understanding during routine refill calls with caregiver that there were no changes in therapy during this transition of care.

Events leading to and following dispensing error:

- On March 13, 2024 my technician spoke with mother of patient, Vanessa, who accepted refills for deferasirox 360mg under Jessica Casey from Rx dated 2/22/2024 in addition to deferasirox 180mg under Dr. Rashid, which had refill remaining at the time of processing. Caregiver had indicated refills needed for both 360mg and 180mg deferasirox and reported no changes at this time. Order was scheduled for shipment out March 18, 2024 to patients home.
- On March 18, 2024 in attempting to adjudicate the 180mg deferasirox prescription under Dr. Rashid for shipment, this was brought to my attention for resolution. As Dr. Rashid had recently passed away and care had been transferred to Ms. Casey, I closed this Rx and generated a fax for renewal under Jessica Casey at Cure4Kids notifying office that patient had previously been maintained at 900mg daily under Dr. Rashid and that caregiver had indicated no changes to medications.
- Attempt was made to outreach to caregiver to notify but was unsuccessful in establishing contact. As we did not receive response, shipment pickup time was approaching and my understanding of treatment plan that this was to be continued - refill for 180mg was added and dispensed under Jessica Casey and shipped to patient home.
- In discussion with Ms. Casey in the following days, the dispensing error was realized on shipment arrival, caregiver had been appropriately instructed of a dosage change to 720mg daily between scheduling delivery and receipt of shipment.
- Patient did not utilize the additional 180mg (or total 900mg daily dose)
- Informed Ms. Casey of previous fill history, caregiver requesting both strengths during refill encounter and what lead to confusion surrounding the initial fills following transition of care. I have as a result of this discussion closed out Rx for 180mg under Ms. Casey, appropriately documented dose reduction to 720mg in patient profile. I have ensured caregiver is aware of current dosage and that we would not dispense additional 180mg Rx

in the future, unless pursuant to valid Rx indicating therapy change. We have also subsequently reversed insurance billing as Ms. Casey did not authorize this refill and did intend to decrease dosage to 720mg total – consistent with valid Rx already on file with valid refills.

We take any event that may impact patient safety extremely seriously. Thankfully in this instance, patient harm was not the outcome of my error in judgement but understand that this could have not been the case in a different scenario. In addition to corrective actions to this patient profile outlined above, I have taken the following steps to address this in both my personal practice and with staff under my supervision to ensure avoidance of similar events in the future:

- Discussed with our pharmacy staff during April Peer Review:
  - Full recap of events that led to dispensing error including corrective actions taken
  - Appropriate medication reconciliation performed during transition of care with new prescriber/office
  - Appropriate documentation, clarification and resolution of similar discrepancies in patient reported dosing vs valid prescription approval on file including prescriber contact, date, time, initials when clarifications are required
  - Handling of similar patients/Rx of Dr. Rashid to ensure appropriate transition of care
  - Proper resolution of claims billing prior to confirming shipment
  - Obligation to delay fulfillment in the event that we are missing appropriate clarification and refill approval as required by prescriber
- Discussed with Cure4Kids internal Pharmacy Manager:
  - Perform medication reconciliation with pharmacy staff directly on transition of care for previously established patients to ensure patient, provider and pharmacy are aligned on treatment plan prior to dispensing

Andrew Romand PharmD

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

LISA A. HEATHCOCK, PT,
Certificate of Registration No.: PT02628,

Case No. 10-007-PT-S

WALGREENS #12646,
Certificate of Registration No.: PH02353,

Case No. 10-007-PH-S

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on July 14, 2010, in Las Vegas, Nevada. The Board was represented by Carolyn J. Cramer, General Counsel for the Board, and Ms. Heathcock was not present because of a family emergency and her matter was continued until the October, 2010 Board meeting. Walgreens #12646 (Walgreens) was represented by Robert Graham, Esq. Based on the presentations of the parties, the parties' admissions, and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties agreed that the facts as plead in the Notice of Intended Action and Accusation were essentially true and correct regarding the issues related to Ms. Heathcock working for Walgreens for 205 days without having renewed her registration as a pharmaceutical technician with the Board. Mr. Graham advised that Walgreens did check to ensure all of their staff had renewed their licenses and that their computer system was working properly, however Walgreens staff was given false

information from Ms. Heathcock. Mr. Graham submitted an exhibit, a copy of license verification with part of the expiration date missing that Ms. Heathcock had written in "2011" and had submitted as her proof to Walgreens that she had renewed her registration. Ms. Heathcock claimed she had not received her registration. Mr. Graham admitted that the managing pharmacist did not following through to make sure that Ms. Heathcock was registered, but ultimately the responsibility was Ms. Heathcock's. Mr. Graham advised that Ms. Heathcock may have been experiencing financial problems because she was borrowing money from store personnel and even requested reimbursement from Walgreens for renewing her registration with the Board of Pharmacy when she had not done so. Based upon the stipulations of the parties and the testimony and evidence presented, the Board finds the following to be the facts of the matter.

2. Ms. Heathcock had worked 1,644 hours or approximately 205 days, between November 1, 2008 and December 14, 2009, the date of her termination of employment, without a valid registration.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter because Ms. Heathcock is a pharmaceutical technician registered by the Board and Walgreens #12646 is a pharmacy licensed with the Board.

2. In owning and operating the pharmacy in which Ms. Heathcock worked without a registration and in failing to verify that Ms. Heathcock had timely and validly renewed her registration, Walgreens #12646 violated NRS 639.210(4) and/or NAC 639.260, 639.945(1)(i) and/or (k) and/or (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Walgreens #12646 shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order.

2. Walgreens #12646 shall pay the Board's administrative fee of $295.00, by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 60 days of the effective date of this Order.

3. Walgreen's shall do a presentation to Board Staff of its computer system that tracks the licensure of employees to make sure the problem is corrected within 60 days of the signing of this Order.

4. Ms. Heathcock's appearance before the Board is continued until the October 2010 meeting in Las Vegas, Nevada.

Signed and effective this 9th day of August, 2010.

NOTICE OF INTENDED ACTION AND ACCUSATION

Case No. 10-007-PT-S

Case No. 10-007-PH-S

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Heathcock is a registered pharmaceutical technician with the Board and Respondent Walgreens #12646 is a registered pharmacy with the Board located at 329 North Sandhill Boulevard, Mesquite, Nevada.

II.

On or about December 21, 2009 it came to the Board's attention that Ms. Heathcock had not renewed her pharmaceutical technician registration. Board staff requested Ms. Heathcock's work hours from November 1, 2008 through December 11, 2009 from the district pharmacy supervisor for Walgreens #12646, the pharmacy at which Ms. Heathcock was employed. It was determined that Ms. Heathcock had worked for 1,644 hours, or approximately 205 days, between November 1, 2008 and December 14, 2009, the date of her termination of employment, without a valid registration.

FIRST CAUSE OF ACTION

III.

By working at Walgreens #12646 for approximately 205 days between November 1, 2008 to December 14, 2009 when she had not renewed her pharmaceutical technician registration, Ms. Heathcock violated NRS 639.210(4) and/or (13) and (NAC) 639.945 (1)(i) and/or (k).

SECOND CAUSE OF ACTION

IV.

In owning and operating the pharmacy in which Ms. Heathcock worked without a license and in failing to verify that Ms. Heathcock had timely and validly renewed her registration, Walgreens #12646 violated NRS 639.210(4) and/or NAC 639.260 and 639.945(1)(i) and/or (k) and/or (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Signed this 4th day of February, 2010.

Larry L. Pinson, Executive Secretary
Nevada State Board of Pharmacy

The Nevada State Board of Pharmacy (Board) heard this matter at its regularly scheduled meeting on Wednesday, July 19, 2017, in Las Vegas, Nevada. S. Paul Edwards, Esq., prosecuted the case on behalf of Board Staff. William J. Stilling, Esq., of Kimball Legal, appeared on behalf of Respondents Shelley Verma (Ms. Verma), Certificate of Registration No. 17761; Rachael McDonald (Ms. McDonald), Certificate of Registration No. 18416; Suzette Jacobs (Ms. Jacobs), Certificate of Registration 17642; Walgreens Pharmacy #03845 (Walgreens #03845), Certificate of Registration No. PHN01064; Walgreens Pharmacy #04086 (Walgreens #04086),

Certificate of Registration PH01248; Walgreens Pharmacy #15035 (Walgreens #115035), Certificate of Registration PH02742 and Walgreen Co.

Based on the evidence presented during the hearing, including testimonial and documentary evidence, the Board finds that evidence exists to support each of the factual allegations in the Accusation and enters Findings of Fact, Conclusions of Law, and Orders as follows:

FINDINGS OF FACT

On July 19, 2017, Respondents, through their counsel, entered into a set of *Stipulated Facts*, a copy of which is attached hereto as **Exhibit 1** and incorporated herein by reference. The facts to which Respondents, and each of them, admitted in the *Stipulated Facts* are as follows:

1. The Board has jurisdiction over this matter because at the time of the events described herein Respondents Ms. Verma, Ms. McDonald and Ms. Jacobs were each registered as pharmacists with the Board.

2. Similarly, the Board has jurisdiction over this matter because at the time of the events described herein, Respondents Walgreens #03845, Walgreens #04086 and Walgreens #15035 (collectively the Walgreens Pharmacies) were each registered with the Board.

3. The Board has jurisdiction over Walgreen Co., an Illinois corporation, because it owns and operates each of the Walgreens Pharmacies in Nevada, which pharmacies employed each of the other Respondents at the time of the events described herein.

4. In January 2016, the Board issued Pharmaceutical Technician Trainee Certificate of Registration No. PT17763 to Respondent Hakeem Sanchez-Bravo.

5. Certificate of Registration No. PT17763 was registered to and valid only at Walgreens Pharmacy #4790.

6. Certificate of Registration No. PT17763 expired on October 31, 2016.

7. In November 2016, Mr. Sanchez-Bravo telephoned the Board Office regarding the renewal of his registration. During his discussion with Board Staff, Mr. Sanchez-Bravo disclosed that he had been working at Walgreens Pharmacy #03845.

8. Board Staff determined at that time that Mr. Sanchez-Bravo did not have a valid pharmaceutical technician in training registration at Walgreens Pharmacy #03845.

9. The Board Investigator requested Mr. Sanchez-Bravo's work schedule from April 2016, through October 2016, from Jaclyn Latteri, a Walgreens District Manager.

10. From the records Walgreens provided, Board Staff ascertained that Mr. Sanchez-Bravo had worked at the three Walgreens Pharmacies for a combined total of one-hundred and forty (140) days, from April 2016, through November 2016, without a valid pharmaceutical technician in training registration.

11. Board Staff ascertained that Mr. Sanchez-Bravo had worked:

- 1 day at Walgreens #15035 for pharmacist manager Ms. Jacobs without a valid registration,
- 4 days at Walgreens #04086 for pharmacist manager Ms. McDonald without a valid registration, and
- 135 days at Walgreens #03845 for pharmacist manager Ms. Verma without a valid registration.

12. Ms. Latteri confirmed in a written statement that Mr. Sanchez-Bravo worked unregistered as a pharmaceutical technician in training during the 140 day time period.

13. The records Walgreens provided also indicate that Mr. Sanchez-Bravo did not consistently record the hours that he worked at any of the Walgreens' locations.

14. Mr. Sanchez-Bravo failed to log his hours on duty during the 140 day period at issue in this matter as follows:

- Walgreens #15035 – 1 day
- Walgreens #04086 – 3 days
- Walgreens #03845 – 84 days

15. In a separate Order on file in this matter, the Board found that

> By working at Walgreens #03845, Walgreens #04086 and Walgreens #15035 for a combined total of approximately 140 days

between April 2016, and November 2016, when he did not have a current pharmaceutical technician in training registration at those locations, Hakeem Sanchez-Bravo violated Nevada Administrative Code (NAC) 639.240(1).

See Findings of Fact, Conclusions of Order and Order (Respondent Hakeem Sanchez Bravo), Case No. 16-080PPT-S (2017), attached hereto as **Exhibit 2**, and incorporated herein by reference.

16. Additionally, during the hearing the Board heard testimony and accepted into evidence Exhibit 1, along with certain written evidence, including the prosecution's Hearing Exhibits 1 through 4, Respondents' Hearing Exhibits A and B.

Based on the evidence presented during the hearing, the Board finds that evidence exists to support each of the factual allegations stated in the Accusation.

CONCLUSIONS OF LAW

From the forgoing findings of fact, the Board concludes as a matter of law:

17. The Board has jurisdiction over this matter and these respondents because at the time of the events alleged herein, Respondents Ms. Verma, Ms. McDonald, and Ms. Jacobs, were registered pharmacists with the Board.

18. Similarly, Respondents Walgreens Pharmacy #03845, Walgreens Pharmacy #04086, and Walgreens Pharmacy #15035, were pharmacies registered with the Board.

19. As the managing pharmacist during the period of April 2016, through November 2016, for the pharmacy in which Mr. Sanchez-Bravo worked without a PTT registration for one-hundred and thirty-five (135) days, and in failing to verify that Mr. Sanchez-Bravo had a valid registration for the pharmacy she managed during that time, Respondent Ms. Verma violated Nevada Revised Statute (NRS) 639.220(1) and Nevada Administrative Code (NAC) 639.945(1)(i), which violations are grounds for discipline pursuant to NRS 639.210(4), (12) and (15), or alternatively, under NRS 639.255.

20. As the managing pharmacist during the period of August 2016, through September 2016, for the pharmacy in which Mr. Sanchez-Bravo worked without a PTT

registration for four (4) days, and in failing to verify that Mr. Sanchez-Bravo had a valid registration for the pharmacy she managed during that time, Respondent Rachael McDonald violated NRS 639.220(1) and NAC 639.945(1)(i), which violations are grounds for discipline pursuant to NRS 639.210(4), (12) and (15), or alternatively, under NRS 639.255.

21. As the managing pharmacist during the period of October 2016, for the pharmacy in which Mr. Sanchez-Bravo worked without a PTT registration for one (1) day, and in failing to verify that Mr. Sanchez-Bravo had a valid registration for the pharmacy she managed at that time, Respondent Suzette Jacobs violated NRS 639.220(1) and NAC 639.945(1)(i), which violations are grounds for discipline pursuant to NRS 639.210(4), (12) and (15), or alternatively, under NRS 639.255.

22. By failing to keep and provide Board Staff with a written record showing the days and hours that Mr. Sanchez-Bravo was on duty as a pharmaceutical technician in training during the hours of business at each of their respective pharmacies, Respondents Ms. Verma, Ms. McDonald and Ms. Jacobs each violated NAC 639.245(1) and NAC 639.945(1)(i) and (m). Those violations are grounds for discipline pursuant to NRS 639.210(4) and (15), and under NRS 639.255.

23. NAC 639.945(2) states that "[t]he owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ". At the time of the violations alleged herein, Respondents Ms. Verma, Ms. McDonald, and Ms. Jacobs were each employees of one of the Walgreens Pharmacies. As such, that Walgreens Pharmacies are responsible for each of the violations alleged herein.

The Nevada State Board of Pharmacy (Board) heard this matter at its regularly scheduled meeting on Wednesday, July 19, 2017, in Las Vegas, Nevada. S. He did not respond to the Accusation in any way, and failed to appear at the hearing.

Having received no pleading and no response from Mr. Sanchez-Bravo, the Board hereby enters default against him as follows:

FINDINGS OF FACT

The allegations in the Accusation and on which the Board enters default against Mr. Sanchez-Bravo are as follows:

1. In January 2016, the Board issued Pharmaceutical Technician Trainee Certificate of Registration No. PT17763 to Respondent Hakeem Sanchez-Bravo.

2. Certificate of Registration No. PT17763 was registered to and valid only at Walgreens Pharmacy #4790.

3. Certificate of Registration No. PT17763 expired on October 31, 2016.

4. In November 2016, Mr. Sanchez-Bravo telephoned the Board Office regarding the renewal of his registration. During his discussion with Board Staff, Mr. Sanchez-Bravo disclosed that he had been working at Walgreens Pharmacy #03845.

5. Board Staff determined at that time that Mr. Sanchez-Bravo did not have a valid pharmaceutical technician in training registration at Walgreens Pharmacy #03845.

6. A Board Investigator requested Mr. Sanchez-Bravo's work schedule from April 2016, through October 2016, from Jaclyn Latteri, a Walgreens District Manager.

7. From the records Walgreens provided, Board Staff ascertained that Mr. Sanchez-Bravo had worked at three Walgreens pharmacies for a combined total of one-hundred and forty (140) days, from April 2016, through November 2016, without a valid pharmaceutical technician in training registration.

8. Board Staff ascertained that Mr. Sanchez-Bravo had worked:

- 1 day at Walgreens #15035 for pharmacist manager Ms. Jacobs without a valid registration,
- 4 days at Walgreens #04086 for pharmacist manager Ms. McDonald without a valid registration, and

- 135 days at Walgreens #03845 for pharmacist manager Ms. Verma without a valid registration.

9. Ms. Latteri confirmed in a written statement that Mr. Sanchez-Bravo worked unregistered as a pharmaceutical technician in training during the 140 day time period.

10. The records Walgreens provided also indicate that Mr. Sanchez-Bravo did not consistently record the hours that he worked at any of the Walgreens' locations.

11. Mr. Sanchez-Bravo failed to log his hours on duty during the 140 day period at issue in this matter as follows:

- Walgreens #15035 – 1 day
- Walgreens #04086 – 3 days
- Walgreens #03845 – 84 days

12. During the hearing, the Board admitted into the record, among other evidence, the prosecution's Exhibit 4, which is a written statement from Mr. Sanchez-Bravo supporting the allegations that Board Staff eventually filed against him by way of the Accusation.

13. Additionally, on May 5, 2017, Board Staff served the Accusation in this matter on Mr. Sanchez-Bravo by certified mail, return receipt requested, using the address Mr. Sanchez-Bravo most recently provided to the Board.

14. Based on evidence and testimony presented during the hearing, the Board finds that Board Staff satisfied the service requirements of NRS 639.242.

CONCLUSIONS OF LAW

Based upon the forgoing findings of fact, the Board concludes as a matter of law:

15. The Board has jurisdiction over this matter because at the time of the events alleged herein, Respondent Mr. Sanchez-Bravo was a registered pharmaceutical technician in training with the Board.

16. A pharmaceutical technician in training may be employed at multiple pharmacies, but the trainee is required to register at each location. NAC 639.242(5).

17. Nevada Administrative Code (NAC) 639.242(3) states that "[u]pon receipt of an application and the required fee, the Executive Secretary shall, unless he or she has good cause to deny the registration, issue a registration certificate for a pharmaceutical technician in training to the managing pharmacist of the pharmacy where the trainee will be employed."

18. By working at Walgreens #03845, Walgreens #04086 and Walgreens #15035 for a combined total of approximately 140 days between April 2016, and November 2016, when he did not have a current pharmaceutical technician in training registration at those locations, Hakeem Sanchez-Bravo violated Nevada Administrative Code (NAC) 639.240(1).

19. Those violations are grounds for discipline pursuant to NRS 639.210(4), and (13), as well as NRS 639.255.

ORDER

20. For the violations described above, Respondent Mr. Sanchez-Bravo shall (1) receive a *letter of reprimand* from the Board's Executive Secretary regarding his obligations as a pharmaceutical technician in training, (2) *pay a fine of two hundred dollars* ($200.00), and (3), *complete 2 hours of continuing education* (CE) on the topics of *ethics* and *Nevada law*. Those extra hours of CE are in addition to any continuing education hours Mr. Sanchez-Bravo must otherwise complete to maintain or renew his registration.

21. Mr. Sanchez-Bravo shall pay the fine ordered herein by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office located at 431 W. Plumb Lane, Reno, NV 89509, within 30 days of the effective date of the Board's Order.

22. Any failure by Mr. Sanchez-Bravo to satisfy the obligations stated herein may result in additional discipline, up to and including suspension or revocation of his registration, or be grounds for the denial of any application by him for registration or licensure with the Board, until all terms have been satisfied.

23. Mr. Sanchez-Bravo may not work in any facility licensed by the Board, including a pharmacy, in any capacity unless and until he has a valid registration.

24. In the event Mr. Sanchez-Bravo applies for reinstatement, or for any other registration or certificate with the Board, he shall appear before the Board to answer questions and give testimony regarding his application, his compliance with this Order, and the facts and circumstances underlying this matter.

IT IS SO ORDERED.

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Hakeem Sanchez-Bravo (Mr. Sanchez-Bravo), Certificate of Registration PT17763, was a registered pharmaceutical technician in training with the Board; Respondents Shelley Verma (Ms. Verma), Certificate of Registration No. 17761; Rachael McDonald (Ms. McDonald), Certificate of Registration No. 18416; and Suzette Jacobs

(Ms. Jacobs), Certificate of Registration 17642, were registered pharmacists with the Board. Similarly, Respondent Walgreens Pharmacy #03845, Certificate of Registration No. PHN01064; Walgreens Pharmacy #04086, Certificate of Registration PH01248; and Walgreens Pharmacy #15035, Certificate of Registration PH02742, were pharmacies registered with the Board. Walgreen Co. is an Illinois corporation that is the owner of each of the individual Walgreens pharmacies named in this matter.

II.

Nevada Administrative Code (NAC) 639.242(3) states that "[u]pon receipt of an application and the required fee, the Executive Secretary shall, unless he or she has good cause to deny the registration, issue a registration certificate for a pharmaceutical technician in training to the managing pharmacist of the pharmacy where the trainee will be employed."

III.

Additionally, a trainee may be employed as a technician in training at multiple pharmacies, but the trainee is required to register at each location. NAC 639.242(5). If a pharmaceutical technician in training changes pharmacy locations (even within the same chain), the trainee must submit a new application and become registered for the new site. *Id.* Termination of employment at a pharmacy voids the trainee's registration and the trainee must reapply for registration before working at any other pharmacy.

FACTUAL ALLEGATIONS

IV.

On or about January 8, 2016, the Board issued Pharmaceutical Technician Trainee Certificate of Registration No. PT17763 to Hakeem Sanchez-Bravo (Mr. Sanchez-Bravo).

V.

Certificate of Registration No. PT17763 was valid at Walgreens Pharmacy #4790.

VI.

Certificate of Registration No. PT17763 expired on October 31, 2016.

VII.

On November 7, 2016, Mr. Sanchez-Bravo telephoned the Board Office regarding the renewal of his registration. During that discussion with Board Staff, Mr. Sanchez-Bravo indicated that he has been working at Walgreens Pharmacy #03845 for the prior four months.

VIII.

Board Staff learned that Mr. Sanchez-Bravo did not have a valid pharmaceutical technician in training registration at Walgreens Pharmacy #03845.

IX.

Records provided to the Board Investigator by Walgreens' District Manager Jaclyn Latteri show that from April 2016, through November 2016, Mr. Sanchez-Bravo worked as a technician in training at three separate Walgreens' where he did not have a registration. Those records show that he worked unregistered at those locations for a combined total of approximately one-hundred and forty (140) days.

X.

Table 1 below shows the number of hours and the pharmacy manager at each location where Mr. Sanchez-Bravo worked without a registration.

XI.

Ms. Latteri, Walgreens' District Manager, confirmed in a written statement that Mr. Sanchez-Bravo worked unlicensed as a pharmaceutical technician in training during the 140 day time period.

XII.

The Board Investigator also requested Walgreens' records documenting the hours Mr. Sanchez-Bravo was on duty during the pharmacies' hours of business. The records Walgreens

provided indicate that Mr. Sanchez-Bravo did not consistently record the hours that he worked at any of the Walgreens' locations.

XIII.

The following summarizes the number of days Mr. Sanchez-Bravo worked but failed to log his hours on duty during the 140-day period:

- Walgreens #03845 – 84 days
- Walgreens #04086 – 3 days
- Walgreens #15035 – 1 day

XIV.

Walgreens Co. has a history of allowing employees to work unlicensed in its stores, as evidenced by a number of prior disciplinary actions taken by the Board against various Walgreens' pharmacies for unlicensed activity. Those cases include each of the following:

XVI.

FIRST CAUSE OF ACTION
(Respondent Hakeem Sanchez-Bravo)

A pharmaceutical technician in training may be employed at multiple pharmacies, but the trainee is required to register at each location. NAC 639.242(5).

By working at Walgreens #03845, Walgreens #04086 and Walgreens #15035 for a combined total of approximately 140 days between April 2016, and November 2016, when he

did not have a current pharmaceutical technician in training registration at those locations, Hakeem Sanchez-Bravo violated Nevada Administrative Code (NAC) 639.240(1), which violations are grounds for discipline pursuant to NRS 639.210(4), and/or (13), or alternatively, under NRS 639.255.

SECOND CAUSE OF ACTION

(Respondent Shelley Verma)

XVII.

As the managing pharmacist during the period of April 2016, through November 2016, for the pharmacy in which Mr. Sanchez-Bravo worked without a license for one-hundred and thirty-five (135) days, and in failing to verify that Mr. Sanchez-Bravo had a valid registration for the pharmacy she managed during that time, Respondent Ms. Verma violated Nevada Revised Statute (NRS) 639.220(1) and Nevada Administrative Code (NAC) 639.945(1)(i) and/or (j), which violations are grounds for discipline pursuant to NRS 639.210(4), (11), (12) and/or (15), or alternatively, under NRS 639.255.

THIRD CAUSE OF ACTION

(Respondent Rachael McDonald)

XVIII.

As the managing pharmacist during the period of August 2016, through September 2016, for the pharmacy in which Mr. Sanchez-Bravo worked without a license for four (4) days, and in failing to verify that Mr. Sanchez-Bravo had a valid registration for the pharmacy she managed during that time, Respondent Rachael McDonald violated NRS 639.220(1) and NAC 639.945(1)(i) and/or (j), which violations are grounds for discipline pursuant to NRS 639.210(4), (11), (12) and/or (15), or alternatively, under NRS 639.255.

FOURTH CAUSE OF ACTION

(Respondent Suzette Jacobs)

XIX.

As the managing pharmacist during the period of October 2016, for the pharmacy in which Mr. Sanchez-Bravo worked without a license for one (1) day, and in failing to verify that

Mr. Sanchez-Bravo had a valid registration for the pharmacy she managed at that time, Respondent Suzette Jacobs violated NRS 639.220(1) and NAC 639.945(1)(i) and/or (j), which violations are grounds for discipline pursuant to NRS 639.210(4), (11), (12) and/or (15), or alternatively, under NRS 639.255.

FIFTH CAUSE OF ACTION

(Respondents Ms. Verma, Ms. McDonald and Ms. Jacobs)

XX.

NAC 639.245(1) requires that "[a] written record must be kept available for inspection showing the pharmacists, pharmaceutical technicians and pharmaceutical technicians in training on duty during the hours of business." The record must be "[r]eadily retrievable" and "[r]etained for 2 years. *Id.* NAC 639.945(m) defines unprofessional conduct to include "failing to provide any document, data or information that is required to be made and maintained...to a member of the Board or member of the staff of the Board . . ." upon request.

By failing to keep and provide Board Staff with a written record showing the days and hours that Mr. Sanchez-Bravo was on duty as a pharmaceutical technician in training during the hours of business at each of their respective pharmacies, Respondents Ms. Verma, Ms. McDonald and Ms. Jacobs each violated NAC 639.245(1) and NAC 639.945(1)(i) and (m). Those violations are grounds for discipline pursuant to NRS 639.210(4) and/or (15), or alternatively, under NRS 639.255.

SIXTH CAUSE OF ACTION

(Respondents Walgreens #03845, Walgreens #04086, and Walgreens #15035)

XXI.

NAC 639.945(2) states that "[t]he owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ". At the time of the violations alleged herein, Respondents Ms. Verma, Ms. McDonald, and Ms. Jacobs were each Walgreens' employees. As such, Walgreens is responsible for each of the violations alleged herein.

The violations alleged above, including in causes of action one through five, are grounds

for discipline against the licenses of Ms. Verma, Mr. McDonald, Ms. Jacobs, as well as Walgreens #03845, Walgreens #04086 and Walgreens #15035 pursuant to NRS 639.210(4), (11), (12), (15) and/or (17) as well as NRS 639.255.

SEVENTH CAUSE OF ACTION
(Respondent Walgreens Co.)

XXII.

In being repeatedly negligent in its registration verification process, as evidenced by the allegations in this action, and the outcome in Case Nos. 07-062-PH-S, 07-063-PH-S, 07-064-PH-S, 07-021-PH-S, 10-007-PH-S, 11-044-PH-S, and 13-016-PH-S, Walgreens Co., through its pharmacies, violated NRS 639.210(4), (12) and/or (16), as well as NAC 639.945(1)(i). Collectively they are responsible for those actions under NAC 639.945(2), and are subject to discipline pursuant to NRS 639.210(4), (11), (12), (15) and (17), as well as NRS 639.255.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

Signed this 12 day of May, 2017.

Nevada State Board of Pharmacy

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on October 24, 2007 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert Graham of Rob Graham and Associates. The parties entered an oral stipulation which was presented to the Board at the hearing of the matter by Mr. Ling. Based upon the agreements and presentations of the parties, the Board finds the following to be the facts of the matter.

FINDINGS OF FACT

1. The parties orally stipulated to the presentation of this matter by Mr. Ling and that appearances would not be expected from any of the Respondents or Mr. Graham. Mr. Ling explained that the three individual Respondents had already attended a continuing education session regarding Nevada jurisprudence and that all Respondents were agreeable to the presentation made by Mr. Ling.

2. All registrations of pharmaceutical technicians and pharmaceutical technicians in training were required to be renewed by October 31, 2006, and any such registration that was not renewed by October 31, 2006 expired. No pharmaceutical technician or pharmaceutical technician in training may lawfully be employed as a pharmaceutical technician or pharmaceutical technician in training on an expired registration.

2. All of the Respondent pharmaceutical technicians and pharmaceutical technicians in training in this matter failed to renew their respective registrations by October 31, 2006, and all were employed by the various Respondent Walgreen pharmacies as pharmaceutical technicians or pharmaceutical technicians in training on expired registrations. Following is a table of the Respondents and the number of hours and estimated workdays (based upon an assumed eight-hour workday) worked by each Respondent on expired registrations:

Respondents	Hours Worked	Estimated Days Worked
McCulloch/Walgreens #05646	1,440	180
DeRosia/ Walgreens #05646	1,384	173
Romero/ Walgreens #03844	1,312	164
TOTALS	**4,136**	**517**

3. At hearing, Board Staff explained that Walgreens has had a good recent history regarding assuring that its employees have properly and timely renewed their

registrations. Two of the three matters in this case arose from one pharmacy, and the issues regarding that pharmacy have been addressed. Board Staff also explained that the Board's efforts to gain compliance with the renewal and registration laws have been largely successful and that the few instances, such as those in this case, are aberrations.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondents DeRosia, and Romero are pharmaceutical technicians registered by the Board, Respondent McCulloch is a pharmaceutical technician in training registered by the Board, and Respondents Walgreens ##05646 and 03844 are pharmacies licensed by the Board.

2. In working as a pharmaceutical technician or pharmaceutical technician in training on expired registrations, Respondents DeRosia, Romero, and McCulloch each violated NRS 639.210(4) and (13) and NAC 639.945(1)(k).

3. In employing the individual Respondents, Walgreens ##05646 and 03844 violated NRS 639.210(4) and (13) and NAC 639.945(1)(k) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Each Respondent Walgreens pharmacy shall pay a fine of $250.00 for each of the pharmaceutical technicians or pharmaceutical technicians in training employed with expired registrations. Walgreens may choose to pay by a single cashier's or certified check or money order made payable to "State of Nevada, Office of the

Treasurer" in a total amount of $750.00 to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Each Respondent technician or technician in training shall pay a fine of $250.00 by a cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Respondents DeRosia, Romero, and McCulloch shall each attend and successfully complete a Nevada jurisprudence continuing education course presented by Board Staff at such time and place as is set by Board Staff, which attendance may already have been completed before the effective date of this Order and shall be deemed compliance with this Order.

4. The failure by any individual Respondent to comply with any term in this Order shall result in the immediate suspension of her registration and will also result in further discipline, up to and including revocation of the registration. The failure by any Respondent Walgreens pharmacy to comply with any term in this Order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

Signed and effective this 20th day of November, 2007.

_____/

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on June 6, 2007 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. Respondent Amanda L. Weaver appeared and represented herself. Mr. Ling represented to the Board that Board Staff had entered into an oral stipulation with Robert Graham, counsel for Walgreens #06310, pursuant to which the parties had agreed that Mr. Ling would present the terms of the oral stipulation and that Mr. Graham or representatives of Walgreens were excused from appearing in the matter. Based upon the agreements and presentations of the parties, the Board finds the following to be the facts of the matter.

FINDINGS OF FACT

1. At hearing, Ms. Weaver appeared, testified, and represented herself.

Because of the oral stipulation between Mr. Ling and Mr. Graham, Board Staff presented no witnesses or evidence. Instead, Board Staff represented the terms of the

oral stipulation between himself and Mr. Graham, namely that Walgreens #06310 admitted that it had employed Ms. Weaver for 16 days while Ms. Weaver's pharmaceutical technician's registration was expired and that Walgreens #06310 was willing to pay whatever fine and fees and costs as might be assessed by the Board up to but not to exceed the regulatorily established amount of $100.00 per day for each day that Ms. Weaver was employed on an expired registration. Board Staff further explained that Walgreens #06310's employment of Ms. Weaver appeared to be an isolated incident because other similar incidences were not noted after November 1, 2007 in any other Walgreens pharmacy. Based upon the presentations and testimony of the parties, the Board finds the following to be the facts in this matter.

2. All registrations of pharmaceutical technicians were required to be renewed by October 31, 2006, and any such registration that was not renewed by October 31, 2006 expired. No pharmaceutical technician may lawfully be employed as a pharmaceutical technician on an expired registration.

3. On March 9, 2007, Board Staff learned that Ms. Weaver had failed to renew her pharmaceutical technician's registration and that she had worked at Walgreens #06310 while her registration was expired. Subsequent investigation showed that Mr. Weaver had been employed as a pharmaceutical technician a total of 16 days between November 1, 2006 and March 7, 2007.

4. At hearing, Ms. Weaver explained that prior to November 1, 2006, she had accepted temporary employment as an intern at Walt Disney World in Orlando, Florida and that during her internship she had inadvertently forgotten to renew her registration. When she returned to Nevada, she recommenced employment at Walgreens #06310.

After working for a few weeks, Ms. Weaver and Walgreens #06310 discovered that she had failed to renew her registration. Ms. Weaver apologized to the Board for her actions.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Weaver is a pharmaceutical technician registered by the Board and Respondent Walgreens #06310 is a pharmacy licensed by the Board.

2. In working as a pharmaceutical technician on and expired registration, Respondents Weaver violated NRS 639.210(4) and (13) and NAC 639.945(1)(i) and (k).

3. In owning and operating the pharmacy that employed Ms. Weaver as a pharmaceutical technician while her registration was expired, Walgreens #06310 violated NRS 639.210(4) and NAC 639.260 and 639.945(1)(i) and (k) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Respondent Walgreens #06310 shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Respondent Walgreens #06310 shall pay the Board's costs and attorney's fees of $210.00 and the Board's administrative fee of $290.00, for a total of $500.00 by cashier's or certified check or money order made payable to "Nevada State Board of

Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Respondent Weaver shall pay a fine of $125.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

4. Respondent Weaver shall attend and successfully complete a Nevada jurisprudence continuing education course presented by Board Staff at such time and place as is set by Board Staff. Additionally, Respondent Weaver shall complete three hours of continuing education regarding legal issues related to her practice as a pharmaceutical technician, which hours must be completed before October 31, 2008.

5. The failure by Respondent Weaver to comply with any term in this order shall result in the immediate suspension of her registration and will also result in further discipline, up to and including revocation of the registration. The failure by Respondent Walgreens #06310 to comply with any term in this order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

Case No. 10-007-PT-S

WALGREENS #12646,

Case No. 10-007-PH-S

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on July 14, 2010, in Las Vegas, Nevada. The Board was represented by Carolyn J. Cramer, General Counsel for the Board, and Ms. Heathcock was not present because of a family emergency and her matter was continued until the October, 2010 Board meeting. Walgreens #12646 (Walgreens) was represented by Robert Graham, Esq. Based on the presentations of the parties, the parties' admissions, and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties agreed that the facts as plead in the Notice of Intended Action and Accusation were essentially true and correct regarding the issues related to Ms. Heathcock working for Walgreens for 205 days without having renewed her registration as a pharmaceutical technician with the Board. Mr. Graham advised that Walgreens did check to ensure all of their staff had renewed their licenses and that their computer system was working properly, however Walgreens staff was given false

information from Ms. Heathcock. Mr. Graham submitted an exhibit, a copy of license verification with part of the expiration date missing that Ms. Heathcock had written in "2011" and had submitted as her proof to Walgreens that she had renewed her registration. Ms. Heathcock claimed she had not received her registration. Mr. Graham admitted that the managing pharmacist did not following through to make sure that Ms. Heathcock was registered, but ultimately the responsibility was Ms. Heathcock's. Mr. Graham advised that Ms. Heathcock may have been experiencing financial problems because she was borrowing money from store personnel and even requested reimbursement from Walgreens for renewing her registration with the Board of Pharmacy when she had not done so. Based upon the stipulations of the parties and the testimony and evidence presented, the Board finds the following to be the facts of the matter.

2. Ms. Heathcock had worked 1,644 hours or approximately 205 days, between November 1, 2008 and December 14, 2009, the date of her termination of employment, without a valid registration.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter because Ms. Heathcock is a pharmaceutical technician registered by the Board and Walgreens #12646 is a pharmacy licensed with the Board.

2. In owning and operating the pharmacy in which Ms. Heathcock worked without a registration and in failing to verify that Ms. Heathcock had timely and validly renewed her registration, Walgreens #12646 violated NRS 639.210(4) and/or NAC 639.260, 639.945(1)(i) and/or (k) and/or (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Walgreens #12646 shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order.

2. Walgreens #12646 shall pay the Board's administrative fee of $295.00, by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 60 days of the effective date of this Order.

3. Walgreen's shall do a presentation to Board Staff of its computer system that tracks the licensure of employees to make sure the problem is corrected within 60 days of the signing of this Order.

4. Ms. Heathcock's appearance before the Board is continued until the October 2010 meeting in Las Vegas, Nevada.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, by and through counsel, Gregory L. Zunino, Esq., and Respondent Walgreens #03845 ("Respondent"), by and through counsel, William J. Stilling, Esq., hereby stipulate and agree as follows:

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over Respondent and this matter.

2. The Board's staff properly served Respondent with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. Respondent acknowledges that its authorized representatives understand the terms of this Stipulation and Proposed Order ("Stipulation"), and that Respondent has executed it knowingly and voluntarily after consulting with counsel.

4. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded to Respondent under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative

Conditioned on the acceptance of this Stipulation by the Board, and excluding the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent voluntarily waives the right to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

6. Respondent does not contest the allegations in Count Two of the Accusation, and further admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violation alleged in Count Two of the Accusation. Upon approval of this Stipulation by the Board, Count One of the Accusation shall be dismissed as it pertains to Respondent. With respect to Count Two of the Accusation, Respondent admits the following:

A. Respondent maintains personally identifiable information pertaining to its patients, including "protected health information" within the meaning of 45 C.F.R. § 160.103.

B. On or about May 20, 2024, while in Respondent's employ, Pharmaceutical Technician Trainee Michael Rhode (PTT Rhode) accessed patient L.G.'s name and personal contact information. PTT Rhode used this information to contact patient L.G. outside of the pharmacy.

E. Respondent immediately terminated PTT Rhode's employment when it became aware that he had breached patient L.G.'s expectation of patient privacy.

F. Respondent acknowledges that PTT Rhode's conduct was deceitful and therefore unprofessional pursuant to NAC 639.945(1)(h).

G. Pursuant to NRS 639.945(3), Respondent is responsible for PTT Rhode's conduct.

8. This Stipulation constitutes a full and final resolution of the Accusation in Case No. 24-228-PH-S. Respondent understands and acknowledges that his failure to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in the finding of a violation by Respondent, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapter 639.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **WALGREENS #03845,** **Pharmacy License No. PH01064,** **-and-** **MICHAEL RHODE, PTT,** **Certificate of Registration No. PT28786,** **Respondents.**	**Case Nos. 24-228-PH-S** **24-228-PTT-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Walgreens #03845 ("Respondent Walgreens") because Respondent Walgreens is licensed by the Board to operate a pharmacy at 2280 North Las Vegas Boulevard in North Las Vegas, Nevada ("Walgreens Pharmacy").

2. The Board has personal jurisdiction over Respondent Michael Rhode ("Respondent Rhode") because Respondent Rhode is registered by the Board to work as a pharmaceutical technician trainee.

\\\

\\\

3. The Board has jurisdiction over the subject matter of this accusation because it alleges violations pertaining to the misuse of confidential information relating to dangerous drugs and controlled substances.

FACTUAL ALLEGATIONS

4. At all times relevant to this accusation, Respondent Rhode was employed by Respondent Walgreens as a pharmaceutical technician trainee.

5. On or about May 20, 2024, patient L.G. picked up prescription medication from Walgreens Pharmacy.

6. Respondent Rhode conversed with patient L.G. as she picked up her prescription medication.

7. Respondent Walgreens maintains an IT system that contains comprehensive information regarding the dangerous drugs and controlled substances that it dispenses to its patients. Respondent Walgreens compiles this information using the prescriptions that are electronically transmitted to Respondent Walgreens by physicians and other prescribing practitioners.

8. As an employee of Respondent Walgreens, Respondent Rhode had access to the system described above, including access to patient L.G.'s prescription drug history and associated individually identifiable health information.

9. On or about May 20, 2024, Respondent Rhode accessed the system described above for the purpose of learning patient L.G.'s name, address, email address, telephone number, and/or other personal identifiers.

10. Respondent Rhode subsequently used the above information in an attempt to befriend patient L.G. on social media platforms. Respondent Rhode had done something similar on at least one prior occasion.

11. Patient L.G. did not consent to the use of her individually identifiable health information by Respondent Rhode in the manner described above.

APPLICABLE LAW

12. The Board may revoke or suspend the registration of a registrant who has violated any provision of state or federal law relating to prescription drugs or controlled substances. NRS 639.210(12).

13. The Board may revoke or suspend the registration of a registrant who has engaged in unprofessional conduct. NRS 639.210(4).

14. "Unprofessional conduct" includes performing or in any way being a party to any fraudulent or deceitful practice or transaction. NAC 639.945(1)(h).

15. "Unprofessional conduct" includes performing one's duties as the holder of a license, certificate or registration issued by the Board in an incompetent, unskillful or negligent manner.

16. The owner of any business or facility licensed, certified or registered by the Board is responsible for the conduct of its employees. NAC 639.945(3).

17. Prescriptions filled and on file in a pharmacy are not a public record. NRS 639.238. Accordingly, pharmacy employees have a legal duty to safeguard and appropriately use the prescription drug information to which they have access.

18. Federal law, specifically the Health Insurance Portability and Accountability Act ("HIPAA") and implementing regulations, generally protects against the unauthorized use and/or disclosure of protected health information. See Pub. L. 104-191, title II, §§ 261, 264(a)–(b), 110 Stat. 1936, 2021, 2033 (1996). *See also* Standards for Privacy of Individually Identifiable Health Information, 65 Fed. Reg. 82,462 (Dec. 28, 2000) (codified at 45 C.F.R. § 164.500 *et seq.*).

19. Because the information described in paragraph 7 above contains personal identifiers that correlate with the prescription drug histories of individual patients, those personal identifiers qualify as "individually identifiable health information" within the meaning of 45 C.F.R. § 160.103. For this reason, a person's prescription drug history as a whole qualifies as "protected health information" within the meaning of 45 C.F.R. § 160.103.

20. As an employee with access to protected health information, Respondent Rhode was a "business associate" of Respondent Walgreens within the meaning of 45 C.F.R. § 160.103.

21. Under federal law, it is unlawful for a business associate to access and use individually identifiable health information for purposes wholly unrelated to health care. *See* 45 C.F.R. § 164.500 *et seq.*

COUNT ONE
Violation of Federal Law—Unlawful Use of Protected Health Information
(Respondents Rhode and Walgreens)

22. On or about May 20, 2024, Respondent Rhode accessed patient L.G.'s protected health information for the purpose of learning personal information about patient L.G.

23. Respondent Rhode thereafter used patient L.G.'s individually identifiable health information in an attempt to befriend patient L.G. on social media platforms.

24. Respondent Rhode's conduct as described above violated federal law, specifically 45 C.F.R. §§ 164.500 and 164.502, because it was wholly unrelated to patient L.G.'s health care.

25. For the violations of federal law as alleged above, Respondent Rhode may be disciplined by the Board pursuant to NRS 639.210(12).

26. As Respondent Rhode's employer at the time of the violation, Respondent Walgreens may be disciplined by the Board pursuant to NAC 639.945(3).

COUNT TWO
Unprofessional Conduct (Respondents Rhode and Walgreens)

27. On or about May 20, 2024, Respondent Rhode accessed patient L.G.'s protected health information for the purpose of learning personal information about patient L.G.

28. Respondent Rhode thereafter used patient L.G.'s individually identifiable health information in an attempt to befriend patient L.G. on social media platforms.

29. Pursuant to NRS 639.238, Respondent Rhode had a legal duty to appropriately safeguard patient L.G.'s individually identifiable health information and/or to refrain from using the information for purposes wholly unrelated to health care.

30. Respondent Rhode's conduct as alleged above was deceitful because it was done without the consent of patient L.G. and for purposes wholly unrelated to patient L.G.'s health care.

31. Respondent Rhode's conduct as alleged above was incompetent because it compromised protected health information and undermined patient L.G.'s trust in her health care provider.

32. For the unprofessional conduct as alleged above, Respondent Rhode may be disciplined by the Board pursuant to NRS 639.210(4).

33. As Respondent Rhode's employer at the time of the unprofessional conduct alleged above, Respondent Walgreens may be disciplined by the Board pursuant to NAC 639.945(3).

WHEREFORE it is requested that the Nevada State Board of Pharmacy impose appropriate discipline with respect to Respondent Rhode's Certificate of Registration No. PT28786 and Respondent Walgreen's License No. PH01064.

5. Respondents admit that evidence exists, and that Board's staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in the Accusation, to wit, that:

A. Respondent Jeong engaged in unprofessional conduct as defined in NAC 639.945(1)(d) and (i) when he erroneously dispensed prescription no. 4147239 to P.C., resulting in patient harm, and is therefore subject to discipline pursuant to NRS 639.210(4); and

A. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Respondent Jeong shall pay a fine of One Thousand Dollars ($1,000.00) for the violations; and

B. Pursuant to NRS 622.400, Respondent Jeong shall pay Five Hundred Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and investigative costs.

B. Pursuant to NRS 622.400, Respondent Walgreens Pharmacy #03845 shall pay One Thousand Dollars ($1,000.00) to partially reimburse the Board for recoverable attorney's fees and investigative costs.

10. Any failure by any Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing the non-compliant Respondent(s) to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by any Respondent, the Board may impose additional discipline upon the non-compliant Respondent(s) consistent with the provisions of NRS Chapter 639.

11. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on September 4, 2024. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

16. Subject to the approval of this Stipulation by the Board, the Board and Respondents agree to release one another from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on January 11, 2006 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert C. Graham. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties agreed that Respondents would not contest the facts as stated in the Notice of Intended Action and Accusation in this matter. Based upon this agreement, Board Staff presented no testimony or evidence. Respondents presented the testimony of Mr. Hawkins and Holly Prievo. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board finds the following to be the facts of this matter.

2. On August 19, 2005, Patient T, a two-year-old girl with a hypothyroid condition, saw her physician, Dr. Alan Rice. Dr. Rice prescribed Levoxyl 125 mcg. tablets with directions for use, "Take ½ tablet by mouth every day."

3. Patient T's prescription had eleven refills. Patient T's parents had the new prescription filled and had two refills filled before Patient T saw Dr. Rice again. It was discovered at Patient T's appointment with Dr. Rice that her prescription had been filled and refilled twice with Levoxyl 25 mcg. tablets rather than the 125 mcg. tablets ordered. Thus, Patient T was receiving only 125 mcg. of Levoxyl per day instead of the 625 mcg. prescribed by Dr. Rice, resulting in a five-times underdosage. Fortunately, Dr. Rice did not believe that Patient T would suffer any long term consequences due to the error.

4. Mr. Hawkins was the pharmacist responsible for verification of the prescription information that had been entered into the pharmacy's computer system by a pharmaceutical technician while both were employed at Walgreens #3845. At hearing, Mr. Hawkins could not explain how or why he did not catch the pharmaceutical technician's erroneous entry of the strength of Patient T's Levoxyl prescription.

5. The Board's records of which the Board took administrative notice show that Walgreens #3845 has two previous disciplinary actions against it (Case Nos. 05-020-S and 04-029-S), making it the most disciplined of Walgreens' pharmacies in Nevada. Mr. Hawkins and Ms. Prievo testified that the Walgreens #3845 pharmacy is unique in Walgreens' Nevada operations because of its patient load and location, making it a store that might be prone to more errors and difficulties because of its volume and the types of prescriptions that make up the volume. Mr. Hawkins and Ms. Prievo explained that Walgreens has discussed and implemented several managerial remediations to attempt to address the special needs of Walgreens #3845. Nonetheless, Ms. Prievo

acknowledged that it is possible that Walgreens #3845 may continue to experience more errors and problems that other Walgreens pharmacies into the foreseeable future.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Hawkins is a pharmacist licensed by the Board and Walgreens #03845 is a pharmacy licensed by the Board.

2. By filling and dispensing a prescription for Patient T that was the wrong strength, namely Levoxyl 25 mcg. rather than the Levoxyl 125 mcg. prescribed by Dr. Rice, Mr. Hawkins violated NRS 639.210(4) and NAC 639.945(1)(d) and (i).

3. In being repeatedly negligent, as is evidenced by the Board's order in Case No 05-020-S, Mr. Hawkins violated NRS 639.210(4) and (16) and NAC 639.945(1)(i).

4. In being repeatedly negligent, as evidenced by the Board's orders in Case Nos. 05-020-S and 04-029-S, Walgreens #03845 violated NRS 639.210(4) and (16) and NAC 639.945(1)(i) and (2).

5. In being repeatedly negligent as the owner of Walgreens #03845, as evidenced by the Board's orders in Case Nos. 05-020-S and 04-029-S, Walgreens Co. violated NRS 639.210(4) and (16) and NAC 639.945(1)(i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Mr. Hawkins shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Mr. Hawkins shall pay one-half of the Board's costs and attorney's fees of $405.00 and the Board's administrative fee of $250.00, for a total of $327.50 ($405.00

+ $250.00 / 2 = $327.50) by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Mr. Hawkins shall be on probation for the period of time necessary to complete the following terms and conditions:

a. Mr. Hawkins shall participate in the Your Success Rx pharmacist's remedial program (hereinafter "the program") according to the terms and conditions imposed by the program. Mr. Hawkins shall contact the program within ten days of the effective date of this Order to arrange for his participation in the program.

b. Mr. Hawkins shall cooperate fully and genuinely with the needs, demands, and requirements of the program.

c. Mr. Hawkins shall inform and assure that his employing pharmacy is made aware of his participation in the program and that his employing pharmacy accommodates the program's needs regarding Mr. Hawkins's time needed to participate in the program and the program's potential need to be present in the employing pharmacy.

d. Mr. Hawkins shall pay one-half of the cost of his participation in the program by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 30 days after being notified by Board Staff what those costs are at the conclusion of the program.

e. When Mr. Hawkins has completed the program, the program shall submit to Board Staff a final report regarding Mr. Hawkins's participation in the program. Board's agenda, Mr. Hawkins may be required by Board Staff to be present for the Board's discussion, which may be held in open or closed session at the discretion of the Board.

4. Walgreens #3845 shall pay one-half the Board's costs and attorney's fees of $405.00 and the Board's administrative fee of $250.00, for a total of $327.50 ($405.00 + $250.00 / 2 = $327.50) by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

5. The probation presently imposed upon Walgreens #3845 in Case Nos. 04-029-PH-S and 05-020-S shall be extended for an additional year, meaning that it shall not expire until February 3, 2008. NOTICE OF INTENDED ACTION AND ACCUSATION

Case No. 05-042-RPH-S

Case No. 05-042-PH-S

Case No. 05-042-PH-S

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Dale E. Hawkins is a pharmacist licensed by the Board, Walgreens #03845 is a pharmacy licensed by the Board, located at 2280 North Las Vegas Boulevard, North Las Vegas, Nevada, and Walgreen Co. is the corporate owner of Walgreens #03845.

II.

On or about August 19, 2005, Patient T, a two-year old child, saw her physician Dr. Alan Rice. Patient T is being treated for a hypo thyroid condition in which it is imperative that the patient's medication therapy be carefully followed. Patient T was

prescribed Levoxyl 125 mcg. tablets with directions to take ½ tablet by mouth every day.

III.

Patient T's prescription had eleven refills. Patient T's parents had the new prescription filled and had two refills filled before Patient T saw Dr. Rice again. It was discovered at Patient T's appointment with Dr. Rice that her prescription was filled with Levoxyl 25 mcg. tablets. Patient T was only receiving 12.5 mcg. of Levoxyl per day rather than the 62.5 mcg. prescribed by Dr. Rice. Fortunately, Dr. Rice did not think Patient T would suffer any long-term harm due to this error.

IV.

Mr. Hawkins was the pharmacist responsible for verification of the prescription that had been entered into the computer by a pharmaceutical technician while both were employed at Walgreens #03845.

FIRST CAUSE OF ACTION

V.

By filling and dispensing a prescription for Patient T that was the wrong strength, namely Levoxyl 25 mcg. tablets rather than the Levoxyl 125 mcg. tablets prescribed by Dr. Rice, Respondent Hawkins violated NRS 639.210(4) and NAC 639.945(1)(d), and (i).

SECOND CAUSE OF ACTION

VI.

On August 18, 2005, the Board entered Findings of Fact, Conclusions of Law, and Order in a case entitled *Nevada State Board of Pharmacy v. Dale E. Hawkins, Vy L. Tran, Walgreens #03845 and Walgreen Co.* (Case No. 05-020-S). The facts of that

case as found by the Board involved Ms. Elsa Mensah's receiving a prescription that was not hers. Ms. Mensah's physician had ordered three prescriptions for Ms. Mensah, one of which was Atenolol 100 mg. tablets. The prescriptions were faxed to Walgreens #03845. At the same time the physician transmitted Ms. Mensah's three prescriptions to Walgreens #03845, he also transmitted a fourth prescription for a different patient for Diltiazem HCL 90 mg. tablets. A pharmaceutical technician processed all four of the prescriptions and did not notice that one of the prescriptions was not for Ms. Mensah. Mr. Hawkins reviewed the four prescriptions and failed to notice that the Diltiazem HCL 90 mg. prescription was not for Ms. Mensah. Ms. Mensah picked up her prescriptions including the Diltiazem HCL 90 mg. prescription that was not actually hers. Mr. Tran was the pharmacist on duty at the time Ms. Mensah picked up the prescriptions. Ms. Mensah claimed she was not counseled and the counseling log made and maintained at Walgreens #03845 contained no record of Ms. Mensah's prescriptions. Ms. Mensah began her medication therapy as directed on her medications. Ms. Mensah began experiencing weakness and spontaneous fainting episodes that resulted in bruising, pain, and some embarrassment resulting from her fainting episodes.

VII.

In being repeatedly negligent, as is evidenced by the Board's Order in Case No. 05-020-S, Mr. Hawkins violated NRS 639.210(4) and (16) and NAC 639.945(1)(i).

THIRD CAUSE OF ACTION

VIII.

On February 3, 2005, the Board entered Findings of Fact, Conclusions of Law, and Order in a case entitled *Nevada State Board of Pharmacy v. Walgreens #03845*

and Walgreen Co. (Case No. 04-029-PH-S). The facts of that case as found by the Board were that Ms. Griego lacerated her index finger while working. Ms. Griego was directed to Walgreens #03845 to handle her industrial accident prescription needs. Ms. Griego was allergic to penicillin. The physician's assistant that treated her for her cut finger wrote a prescription for a product written as "Amox." Walgreen's #03845 did not take any information from Ms. Griego nor was she asked if she had allergies. The prescription was filled and dispensed at the drive-up window at Walgreens #03845, and Ms. Griego did not receive any counseling from a pharmacist, nor was there any record or entry on Walgreens #03845's counseling log regarding Ms. Griego's prescription. The Board found that Walgreens #03845 had failed to counsel the patient and had failed to document the counseling. The Board placed Walgreens #03845 on probation for a period of one year while Walgreens studied how to improve its counseling at its Nevada pharmacies.

IX.

In being repeatedly negligent, as evidenced by the Board's Order in Case Nos. 05-020-S and 04-029-S, Walgreens #03845 has violated NRS 639.210(4) and (16) and 639.945(1)(i) and (2).

X.

In being repeatedly negligent as the common owner of Walgreens #03845, in which repeated disciplinary actions have occurred as evidenced by the Board's Orders in Case Nos. 05-020-S and 04-029-S, Walgreens Company has violated NRS 639.210(4) and (16) and 639.945(1)(i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Signed this 30th day of November, 2005.

NOTICE OF INTENDED ACTION AND ACCUSATION

Case No. 05-020A-RPH-S

Case No. 04-020B-RPH-S

Case No. 05-020-PH-S

Case No. 05-020-PH-S

COMES NOW Keith W. Macdonald, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Dale E. Hawkins and Respondent Vy L. Tran are pharmacists licensed by the Board, Walgreens #03845 is a pharmacy licensed by the Board, located at 2280 North Las Vegas Boulevard, North Las Vegas, Nevada, and Walgreen Co. is the corporate owner of Walgreens #03845.

II.

On or about November 29, 2004, Patient M saw her physician Dr. J. Talley. She was prescribed several new prescriptions that were faxed to Walgreens #03845. One of the prescriptions was for Atenolol 100 mg. tablets. Dr. Talley also faxed prescriptions for another patient (Patient X) to Walgreens #03845 at the same time.

III.

Patient X was prescribed Diltiazem HCL 90 mg. #90 with three refills. Respondent Hawkins filled Patient X's Diltiazem HCL prescription with a label that incorrectly indicated that the prescription was for Patient M. Patient M picked up her prescriptions, including prescription #0955004 on or about December 2, 2004. The Board's investigation showed that Patient M was not counseled regarding her new prescriptions and that there was no record or entry on Walgreens #03845's counseling log at all regarding Patient M's prescriptions.

IV.

Patient M began ingesting her medications, including the incorrect Diltiazem 90 mg., according to the instructions on the labels. Patient M refilled the prescription for Diltiazem on or about January 31, 2005 at Walgreens #03845. Patient M began having tingling sensations in her arms and they would often feel limp. Patient M began having frequent blackouts and would faint. Patient M also fell down several times, but fortunately, she did not seriously injure herself. Patient M went to see Dr. Talley on February 16, 2005 and brought her medications with her for him to review with her. Dr. Talley found the prescription for Diltiazem and immediately understood the reasons for

her symptoms, namely that Patient M should not have been taking Diltiazem since she was already taking Atenolol 100 mg. tablets and Lovastatin 20 mg. tablets for her blood pressure.

V.

After discovering the problem, Dr. Talley contacted Walgreens #03845 and it was determined that Patient M received another patient's prescription for Diltiazem.

VI.

In a statement by Respondent Hawkins, it was determined that a pharmaceutical technician pulled four prescriptions off the fax machine from Dr. Talley and processed them. The pharmaceutical technician did not notice that one of the prescriptions was not for Patient M. Respondent Hawkins reviewed the filled prescriptions and approved them. When Patient M picked up her prescriptions three days later, Patient M picked up her prescriptions at approximately 8:00 p.m. At that time, Respondent Tran was the only pharmacist on duty. After examining the counseling log at Walgreens #03845, it was determined that none of Patient M's prescription numbers appeared on the counseling long and that Patient M had not been counseled by Respondent Tran.

FIRST CAUSE OF ACTION

VII.

By filling and dispensing a prescription for Patient M that was not prescribed for her, namely Diltiazem 90 mg. prescription, Respondent Hawkins violated NRS 639.210(4) and NAC 639.945(1)(b), (d), and (i).

SECOND CAUSE OF ACTION

VIII.

In failing to counsel Patient M on her new prescriptions and in failing to provide any record regarding the prescriptions in the pharmacy's counseling log, Respondent Tran violated NRS 639.210(4) and 639.266(1) and NAC 639.707(1) and (6) and 639.945(1)(i).

THIRD CAUSE OF ACTION

IX.

In failing to counsel Patient M on her new prescriptions and in failing to have any record regarding the prescriptions in the pharmacy's' counseling log, Walgreens #03845 violated NRS 639.210(4) and 639.266(1) and NAC 639.707(1) and (6) and 639.945(1)(i) and (2).

FOURTH CAUSE OF ACTION

X.

On May 23, 2003, the Board entered Findings of Fact, Conclusions of Law and Order in a case entitled *Nevada State Board of Pharmacy v. Peter S. Trinh and Walgreens #04197* (Case No. 03-011-S). The facts of this case involved a prescription for morphine sulfate for an elderly patient on which the directions for use were in teaspoons rather than cc's, resulting in a five-times overdose. One of the conclusions of law was that Mr. Trinh and Walgreens #04197 had failed to counsel the patient as required by Nevada law.

XI.

On July 21, 2004, Board President Larry L. Pinson accepted and signed a

stipulated agreement that was offered and accepted by Walgreens #4755 (*Nevada State Board of Pharmacy v. Walgreens #4755*, Case No. 04-006-S). Walgreens #4755 was charged in case number 04-006-PH-S with failing to counsel on a new prescription for Mexiletine and failing to have any record regarding the prescription in the pharmacy's counseling log.

XII.

On November 2, 2004, the Board entered Findings of Fact, Conclusions of Law and Order in a case entitled *Nevada State Board of Pharmacy v. George E. Moore and Walgreens #04197* (Case No. 04-049-S). The facts of this case involved two prescriptions. One was written for Halcion 0.125 mg. tablets #40 with directions to take one tablet every night at bedtime, however he could take two tablets if needed for sleep. The second prescription was for DDAVP 0.2 mg. tablets #30 with directions to take two tablets every night at bedtime. The pharmacy only had three bottles of #10 Halcion in stock and would have to order a fourth bottle. Inadvertently the label for the DDAVP was placed on one of the stock bottles of Halcion. Patient Z's prescriptions were dispensed at the drive through window of Walgreens #04197 and neither the patient nor his daughter spoke to a pharmacist during the transaction. One of the conclusions of law was that Mr. Moore and Walgreens #04197 failed to counsel the patient at the drive through window as required by Nevada law.

XIII.

On December 21, 2004, the Board entered Findings of Fact, Conclusions of Law, and Order in a case entitled *Nevada State Board of Pharmacy v. Zachary W. Bergan and Walgreens #4788* (Case No. 04-063-N). The facts of that case involved a

twelve-year-old boy who received a prescription for Prednisolone 5mg/5ml liquid from his physician after a tonsillectomy. Mr. Bergen mistakenly filled the prescription with Prednisolone 15mg/5ml. One of the conclusions of law was that Patient B's father picked up the prescription for his son at the drive through window and was not counseled on this new prescription.

XIV.

On February 3, 2005, the Board entered Findings of Fact, Conclusions of Law, and Order in a case entitled *Nevada State Board of Pharmacy v. Walgreens #03845 and Walgreen Co.* (Case No. 04-029-PH-S). The facts of that case were that Ms. Griego lacerated her index finger while working. Ms. Griego was directed to Walgreens #03845 to handle her industrial accident prescription needs. Ms. Griego was allergic to penicillin. The physician's assistant that treated her for her cut finger wrote a prescription for a product written as "Amox." Walgreen's #03845 did not take any information from Ms. Griego nor was she asked if she had allergies. The prescription was filled and dispensed at the drive-up window and Ms. Griego did not receive any counseling from a pharmacist, nor was there any record or entry on Walgreens #03845's counseling log regarding Ms. Griego's prescription. The Board found that Walgreens #03845 had failed to counsel the patient and had failed to document the counseling. The Board placed Walgreens #03845 on probation for a period of one year while Walgreens studied how to improve its counseling at its Nevada pharmacies.

XV.

In being repeatedly negligent as the common owner of Walgreens #04197,

04755, 03845, and 04788 in which repeated failures to counsel and to document counseling occurred, Walgreens Company has violated NRS 639.210(4) and (16) and 639.266(1) and NAC 639.707 and 639.945(1)(i) and (2).

FIFTH CAUSE OF ACTION

XVI.

In being repeatedly negligent as evidenced by the Board's Order in Case No. 04-029-PH-S by failing to provide counseling and to document counseling occurred, Walgreens #03845 violated NRS 639.210(4) and (16) and 639.266(1) and NAC 639.707 and 639.945(1)(i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on July 20, 2005 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert C. Graham. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, Board staff presented the testimony of Elsa Mensah and Jeri Walter, and Respondents presented the testimony of Dale Hawkins, Vy Tran, Matt Forster, and Tasha Polster. The parties stipulated to and jointly introduced 18 documents that were accepted into evidence. Based on the presentations of the

parties and the public records in the possession and control of the Board, the Board finds the following to be the facts of this matter.

2. On November 29, 2004, Ms. Mensah visited her doctor, Dr. Talley. Ms. Mensah had suffered a stroke several years earlier and was on various medications to address her medical conditions. On November 29, 2004, Dr. Talley ordered three prescriptions for Ms. Mensah, one of which was for Atenolol 100 mg. tablets. The prescriptions were transmitted by fax by Dr. Talley to Walgreens #3845.

3. At the same time that Dr. Talley transmitted Ms. Mensah's three prescriptions to Walgreens #3845, Dr. Talley also transmitted a fourth prescription for a different patient for Diltiazem HCL 90 mg. #90.

4. At hearing, Mr. Hawkins explained that the four prescriptions from Dr. Talley were all processed at the same time by a pharmaceutical technician at Walgreens #3845. When Mr. Hawkins reviewed the four prescriptions filled by the pharmaceutical technician, he failed to notice that the Diltiazem HCL 90 mg. prescription was not for Ms. Mensah and was, instead, intended for a different patient. Because Mr. Hawkins failed to notice the pharmaceutical technician's error, the Diltiazem HCL 90 mg. prescription was dispensed with a label on which Mr. Mensah's name appeared as the patient.

5. On December 2, 2004, Ms. Mensah picked up her prescriptions, including the Diltiazem HCL 90 mg. prescription that was not actually hers. Mr. Tran was the only pharmacist on duty at the time Ms. Mensah picked up the prescriptions on December 2, 2004. Ms. Mensah testified that she was not counseled regarding any of the

prescriptions when she picked them up. The counseling log made and maintained at Walgreens #3845 contained no record of Ms. Mensah's prescriptions.

6. After picking up her prescriptions, Ms. Mensah began taking the prescriptions according to the directions for use, including taking the Diltiazem HCL 90 mg. prescription. Ms. Mensah testified that after she began taking the Diltiazem HCL 90 mg. prescriptions along with her other prescriptions, she experienced weakness and spontaneous fainting episodes which Ms. Mensah described as being as if "somebody turned off a switch." The weakness and fainting episodes continued after Ms. Mensah refilled her prescriptions, including the errant Diltiazem CHL 90 mg. prescription, on January 31, 2005. Ms. Mensah expressed that she suffered bruising, pain, and some embarrassment resultant from her fainting episodes.

7. After one fainting episode, on February 16, 2005, Ms. Mensah visited Dr. Talley. At this visit, Dr. Talley discovered that Ms. Mensah had been taking in error the Diltiazem HCL 90 mg. prescription. Dr. Talley brought his discovery to the attention of Walgreens #3845.

8. At hearing, Ms. Mensah described Walgreens #3845 as being a very busy pharmacy, and she expressed sympathy with the pharmacy's employees who seemed to be working very hard to keep up. Ms. Mensah also testified that when the prescription error had been discovered, she contacted Walgreens #3845 and received an unsatisfying response from the person she spoke with.

9. At hearing, Ms. Walter, the Board Coordinator, testified that the Board's investigative and disciplinary process regarding pharmacists and pharmacies commences upon the filing of a complaint by a patient. Ms. Walter explained that she

was the person assigned to receive complaints, to assign those complaints to investigators, and to otherwise deal with disciplinary matters. Ms. Walter explained that the Board's staff could not, in any way, influence or control who the subjects of complaints and investigations were, since the complaints were made by patients and were not generated by the Board's staff.

10. Ms. Walter testified that one of her duties was to make and maintain the Board's records regarding complaints made and discipline imposed. Ms. Walter explained the source of various data that was contained in two of the Board's exhibits. One of the exhibits contained listings of all complaints made in the years 1999 through 2005 showing the disposition of each of the complaints. The compilation of Ms. Walter's records showed that Walgreens had 23 actions in which discipline was imposed upon them and that the next nearest of Walgreens' competitors in terms of discipline imposed were Rite Aid and Albertson/Savon which each had 11 discipline actions during the same time. The compilation also showed that in the Las Vegas market Walgreens had 50 pharmacies, whereas Albertsons/Savon had 57 pharmacies, and that statewide Walgreens had 55 pharmacies, whereas Albertsons/Savon had 72 pharmacies.

11. At hearing, neither Mr. Hawkins nor Mr. Tran could explain why Ms. Mensah had not been counseled and why her prescriptions did not appear on Walgreens #3845's log. Mr. Forster, Regional Manager for Walgreens, explained that language barriers may account for the poor counseling performance at Walgreens #3845. Mr. Hawkins, Mr. Tran, and Mr. Forster all admitted that Walgreens #3845 is a very busy

pharmacy, and Mr. Forster testified that Walgreens #3845 is the chain's highest volume pharmacy in Nevada.

12. At hearing, Ms. Polster provided information regarding Walgreens' new computer system that will provide a "lock-out" for further processing of all prescriptions for which counseling is legally mandated until the pharmacist has provided the counseling.

13. Included in the Board's record were copies of the Board's Orders in five previous cases in which Walgreens Co. was the pharmacies' owners in which the Board found facts, concluded that laws had been violated, and had imposed discipline as the result of the various Walgreens pharmacies' failures to provide legally mandated counseling or to document the counseling as required by law.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondents Hawkins and Tran are pharmacists licensed by the Board and Walgreens #03845 is a pharmacy licensed by the Board.

2. By filling and dispensing to Ms. Mensah the Diltiazem HCL 90 mg. prescription that was not actually for her, Mr. Hawkins violated NRS 639.210(4) and 639.945(1)(b), (d), and (i).

3. In failing to counsel Ms. Mensah regarding her new prescriptions and in failing to make any record regarding her prescription in the pharmacy's counseling log, Mr. Tran violated NRS 639.210(4) and 639.266(1) and NAC 639.707(1) and (6) and 639.945(1)(i).

4. In failing to counsel Ms. Mensah on her new prescriptions and in failing to have any record regarding the prescriptions in the pharmacy's counseling log, Walgreens #3845 violated NRS 639.210(4) and 639.266(1) and NAC 639.707(1) and (6) and 639.945(1)(i) and (2).

5. In being repeatedly negligent as the common owner of Walgreens #3845, 04755, 03845, and 04788 in which repeated failures to counsel and to document counseling occurred, Walgreens Company violated NRS 639.210(4) and (16) and 639.266(1) and NAC 639.707 and 639.945(1)(i) and (2).

6. In being repeatedly negligent as evidenced by the Board's Order in Case No 04-029-PH-S by failing to provide counseling and to document counseling occurred, Walgreens #03845 violated NRS 639.210(4) and (16) and 639.266(1) and NAC 639.707 and 639.945(1)(i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

4. Walgreens #3845 shall pay the Board's costs and attorney's fees of $3,210.00 and the Board's administrative fee of $250.00, for a total of $3,460.00 by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

5. The probation presently imposed upon Walgreens #3845 in Case No. 04-029-PH-S shall be extended for an additional year, meaning that it shall not expire until February 3, 2007. All of the conditions contained in the probation as ordered in Case No. 04-029-PH-S shall remain in effect. After completing the ISMP Self Assessment, the managing pharmacist for Walgreens #3845 shall submit the information from the ISMP Self Assessment to ISMP through the process available on ISMP's website. The managing pharmacist shall obtain and print from the ISMP's website the preliminary aggregate results available only after the ISMP Self Assessment information has been submitted to ISMP.

b. The managing pharmacist shall provide the preliminary aggregate results to the Board's Reno office and Walgreens' district management no later than October 10, 2005. The Board's staff shall assure that the preliminary aggregate results are included in the Board's materials provided in advance of the Board's meeting scheduled for October 26 and 27, 2005.

c. The staff of Walgreens #3845 shall obtain, prepare, and complete the tasks in the preceding subparagraphs 4(a) and 4(b) without any the assistance, oversight, interference, or other involvement of Walgreens' regional, district, or national management. The Board intends that the information provided by the staff of Walgreens #3845 to be honest, truthful, accurate, complete, and free from any real or perceived concern about adverse employment consequences because the ISMP process can only work to the pharmacy's, the Board's, and the public's benefit if the information used in the process is trustworthy and accurate. The Board may provide oversight of the completion of the ISMP Self Assessment process if requested by the staff of Walgreens #3845 or if the Board's staff deems such oversight necessary to maintain the integrity of the process.

d. The Board will review the results of the ISMP process, including the preliminary aggregate results provided under subparagraph 4(b) above, at the Board meeting on October 26 and 27, 2005. NOTICE OF INTENDED ACTION AND ACCUSATION

WALGREENS #03845,
Certificate of Registration No. PH01064

Case No. 04-029-PH-S

WALGREEN CO.,
An Illinois Corporation,

Respondent.

/

COMES NOW Keith W. Macdonald, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Walgreens #03845 is a pharmacy licensed by the Board, located at 2280 North Las Vegas Boulevard, North Las Vegas, Nevada. Walgreen Co. owns a number of pharmacies licensed by the Board throughout the State of Nevada.

II.

On or about April 11, 2004, Patient G saw physician assistant C. Deiuto for a follow-up check of a laceration to Patient G's left index finger. Patient G was advised by physician assistant Deiuto that she would be given a prescription for an antibiotic, however she was not told it was a prescription for Amoxicillin. Patient G was given a

prescription, for Amoxicillin 500 mg. capsules #30. Patient G took her prescription to Walgreens #03845 to be filled on April 14, 2004 (Rx #0877479-03845). The prescription was a new prescription for Patient G at Walgreens #03845.

III.

When Patient G picked up her Amoxicillin prescription at the drive through window, she was not counseled by a pharmacist at Walgreens #03845. The Board's investigation showed that there was no record or entry on Walgreens #03845's counseling log at all regarding Patient G's Amoxicillin prescription.

IV.

Patient G is allergic to penicillin and codeine. At Walgreens #03845, the pharmacy technician who spoke with Patient G and who entered the prescription information into the computer or system at Walgreens #03845 failed to query Patient G regarding her allergies and, thus, did not enter any allergy information into the computer. The pharmacist who reviewed and verified Patient G's prescription found no indicators of allergies to penicillin and filled the prescription.

V.

When Patient G got home, she opened the bag she was given at the drive through window and she discovered that the medication was Amoxicillin, a form of penicillin, and did not take any of the medication. Patient G claimed that if she had been counseled when she picked up her medication, she would not have accepted it for her drug therapy.

FIRST CAUSE OF ACTION

VI.

In failing to obtain Patient G's allergy information, in failing to counsel Patient G on her new prescription for Amoxicillin, and in failing to have any record regarding the prescription in the pharmacy's counseling log, Walgreens #03845 violated NRS 639.210(4) and 639.266(1) and NAC 639.707(1) and (6), NAC 639..708(2)(d) and 639.945(1)(i) and (2).

SECOND CAUSE OF ACTION

VII.

On May 23, 2003, the board entered Findings of Fact, Conclusions of Law and Order in a case entitled *Nevada State Board of Pharmacy v. Peter S. Trinh and Walgreens #04197* (Case No. 03-011-S). The facts of this case involved a prescription for morphine sulfate for an elderly patient on which the directions for use were in teaspoons rather than cc's, resulting in a five-times overdose. One of the conclusions of law was that Mr. Trinh and Walgreens #04197 had failed to counsel the patient as required by Nevada law.

VIII.

On July 21, 2004, Board President Larry L. Pinson accepted and signed a stipulated agreement that was offered and accepted by Walgreens #4755 (*Nevada State Board of Pharmacy v. Walgreens #4755*, Case No. 04-006-S). Walgreens #4755 was charged in case number 04-006-PH-S with failing to counsel on a new prescription for Mexiletine and failing to have any record regarding the prescription in the pharmacy's counseling log.

IX.

On November 2, 2004, the Board entered findings of Fact, Conclusions of Law and Order in a case entitled *Nevada State Board of Pharmacy v. George E. Moore and Walgreens #04197* (Case No. 04-049-S). The facts of this case involved two prescriptions. One was written for Halcion 0.125 mg. tablets #40 with directions to take one tablet every night at bedtime, however he could take two tablets if needed for sleep. The second prescription was for DDAVP 0.2 mg. tablets #30 with directions to take two tablets every night at bedtime. The pharmacy only had three bottles of #10 Halcion in stock and would have to order a fourth bottle. Inadvertently the label for the DDAVP was placed on one of the stock bottles of Halcion. Patient Z's prescriptions were dispensed at the drive through window of Walgreens #04197 and neither the patient nor his daughter spoke to a pharmacist during the transaction. One of the conclusions of law was that Mr. Moore and Walgreens #04197 failed to counsel the patient at the drive through window as required by Nevada law.

X.

On December 1, 2004, the Board heard a case entitled *Nevada State Board of Pharmacy v. Zachary W. Bergan and Walgreens #4788* (Case No. 04/063-N). The facts of that case involved a twelve-year-old boy who received a prescription for prednisolone 5mg/5ml liquid from his physician after a tonsillectomy. Mr. Bergen mistakenly filled the prescription with prednisolone 15mg/5ml. Patient B's father picked up the prescription for his son at the drive through window and was not counseled on this new prescription.

XI.

In being repeatedly negligent as the common owner of Walgreens #04197, 04755, 03845, and 04788 in which repeated failures to counsel and to document counseling occurred, Walgreens Company has violated NRS 639.210(4) and (16) and 639.266(1) and NAC 639.707 and 639.945(1)(i).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Signed this 13th day of December, 2004.

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

Case No. 04-029-PH-S

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on January 12, 2005, in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel for the Board, and Walgreens Pharmacy #03845 (Walgreens #3845) and Walgreen Co. were represented by Robert Graham. Based on the presentations of the parties, the parties' admissions, and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, Board Staff presented the testimony of Diana Griego, the complainant in the matter, and the Respondents presented the testimony of Dwayne Pinon and Jim Schmitt. Based upon the testimony and evidence presented, the Board finds the following to be the facts in this matter.

2. On April 11, 2004, Ms. Griego lacerated her left index finger while working. Because this was an industrial accident, Ms. Griego was sent to a specific practice to

have her injury evaluated and treated. Ms. Griego was seen by C. Deiuto, a Physician's Assistant (PA) who treated the laceration and prescribed an antibiotic for Ms. Griego. Though Ms. Griego had informed PA Deiuto that she was allergic to penicillin, PA Deiuto nonetheless prescribed amoxicillin for Ms. Griego. Ms. Griego testified that she was unaware that PA Deiuto's prescription called for a product containing penicillin because the prescription was written by PA Deiuto for "Amox."

3. Ms. Griego was directed to take her prescription to a Walgreens pharmacy because Walgreens had the contract for patients treating their industrial injuries for her employer.

4. On April 14, 2004, Ms. Griego took her prescription to Walgreens #3845 to be filled. The prescription (Rx #0877479-03845) was a new prescription for Ms. Griego at this Walgreens and, actually, at any Walgreens because Ms. Griego normally used another pharmacy to obtain her prescriptions and pharmaceutical services.

5. When Ms. Griego dropped off the prescription, the woman at the counter did not take any information from Ms. Griego, including her allergy data. At no time in her transaction was Ms. Griego ever asked about her allergies.

6. Ms. Griego picked up the prescription at Walgreens #3845's drive-up window. Though this was a new prescription for Ms. Griego and she was a new patient at Walgreens #3845, Ms. Griego did not receive any counseling from a pharmacist. In fact, the Board's investigation showed, and Walgreens confirmed at hearing, that there was no record or entry on Walgreens #3845's counseling log regarding Ms. Griego's prescription of any type.

7. Ms. Griego testified that she was allergic to penicillin and that the last time she had taken a product containing penicillin, she had been hospitalized for several days as a result of her reaction to the penicillin. Ms. Griego also testified that she takes several medications and that, because of her allergies, she is very careful about what she takes. When Ms. Griego arrived home, she discovered that the medication she had been provided by Walgreens #3845 was amoxicillin, a form of penicillin, so she did not take any of the tablets. Ms. Griego explained that had she been counseled, she would not have accepted the amoxicillin since she would have discovered that it was a penicillin product to which she was allergic.

8. On May 23, 2003, the Board entered Findings of Fact, Conclusions of Law and Order in a case entitled *Nevada State Board of Pharmacy v. Peter S. Trinh and Walgreens #04197* (Case No. 03-011-S). The facts of this case involved a prescription for morphine sulfate for an elderly patient on which the directions for use were in teaspoons rather than cc's, resulting in a five-times overdose. One of the conclusions of law was that Mr. Trinh and Walgreens #04197 had failed to counsel the patient as required by Nevada law.

9. On July 21, 2004, the Board accepted a Stipulated Agreement in a case entitled *Nevada State Board of Pharmacy v. Walgreens #4755* (Case No. 04-006-S). In the Stipulated Agreement, Walgreens #4755 admitted to failing to counsel a patient regarding a new prescription for Mexiletine and to failing to have any record regarding the prescription in the pharmacy's counseling log.

10. On November 2, 2004, the Board entered Findings of Fact, Conclusions of Law and Order in a case entitled *Nevada State Board of Pharmacy v. George E. Moore*

and Walgreens #04197 (Case No. 04-049-S). The facts of this case involved two prescriptions. One prescription was written for Halcion 0.125 mg. tablets #40 with directions to take one (or two) tablet every night at bedtime as needed for sleep. The second prescription was for DDAVP 0.2 mg. tablets #30 with directions to take two tablets every night at bedtime. The label printed by the pharmacy for the DDAVP was placed upon one of the stock bottles of Halcion 0.125 mg. #10. The prescriptions, including the improperly labeled Halcion bottle, were new prescriptions to the patient at Walgreens #04197, but even so, neither the patient nor his adult daughter was counseled by a pharmacist when they picked up the prescriptions at the drive-up window. One of the conclusions of law was that Mr. Moore and Walgreens #04197 failed to counsel the patient at the drive-up window as required by Nevada law.

11. On December 21, 2004, the Board entered Findings of Fact, Conclusions of Law and Order in a case entitled *Nevada State Board of Pharmacy v. Zachary W. Bergan and Walgreens #4788* (Case No. 04-063-N). The facts of that case involved a twelve-year-old boy who received a prescription for prednisolone 5 mg./5 ml. liquid from his physician after a tonsillectomy. Mr. Bergan mistakenly filled the prescription with prednisolone 15 mg./5 ml. When the patient's father picked up the prescription at the drive-up window, none of the pharmacists at Walgreens #4788 counseled the father even though this was a new prescription for the son at the pharmacy. One of the conclusions of law was that Walgreens #4788 had failed to counsel the father at the drive-up window as required by Nevada law.

12. At hearing, the Respondents essentially admitted that Ms. Griego had not been counseled and that they had no record on the counseling log at all regarding her

amoxicillin prescription. The Respondents explained that the pharmaceutical technician who received Ms. Griego's prescription was supposed to obtain the requisite personal history and information, including allergy information, but that the pharmaceutical technician inexplicably did not obtain this information from Ms. Griego regarding her amoxicillin prescription. The Respondents also explained that the pharmacist was supposed to provide counseling to Ms. Griego regarding the amoxicillin prescription, and they could not explain why the requisite counseling had not occurred and that the requisite record had not been made. The Respondents described upcoming upgrades to their pharmacy computer system that will disallow further processing of a prescription record until allergy information and other required personal health and history information is put into the system.

13. The Respondents argued that because Walgreens had a large number of pharmacies in the Las Vegas area, that they should be expected to have more complaints made against them, especially because Walgreens is publicly identified as a "drug store" rather than as a grocery store or variety store that contains a pharmacy. The Respondent also attempted to distinguish between the present case and the four previous cases in which other Walgreens pharmacies had been found to have failed to provide legally required counseling.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter because Walgreens #03845 is a pharmacy licensed with the Board and Walgreens Co. is the corporate owner of all of the Walgreens pharmacies licensed in Nevada.

2. In failing to obtain Ms. Griego's allergy information, in failing to counsel Ms. Griego on her new prescription for amoxicillin, and in failing to have any record regarding Ms. Griego's prescription in the pharmacy's counseling log, Walgreens #03845 violated NRS 639.210(4) and 639.266(1) and NAC 639.707(1) and (6), 639.708(2)(d), and 639.945(1)(i) and (2).

3. In being repeatedly negligent as the common owner of Walgreens ##04197, 04755, 03845, and 04788 in which repeated failures to counsel and to document counseling occurred, Walgreens Co. violated NRS 639.210(4) and (16) and 639.266(1) and NAC 639.707 and 639.945(1)(i).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Walgreens #03845 shall be on probation for one year according to the following terms and conditions of probation:

a. The computer system upgrade described by the Respondents at the hearing shall be installed and operable in all Walgreens pharmacies statewide within six months of the effective date of this Order.

b. The Respondents shall study the operations of Walgreens ## 03845, 04788, 04197, and 04755 to determine why these four pharmacies were not providing counseling as required by Nevada law. The intent of the study is to determine what changes in policy and procedure or internal monitoring and enforcement will assure that each of these four pharmacies provide counseling as required by Nevada law for each and every prescription for which counseling is legally required and regardless of whether the prescription is picked up at the pharmacy counter or through the

pharmacy's drive-up window. The precise means and mechanisms to accomplish the end of 100% counseling shall be left to the Respondents.

c. As part of its study, the Respondents shall select four other pharmacies with similar prescription volume, staffing, and work flow to Walgreens ## 03845, 04788, 04197, and 04755 but which have not been subject to disciplinary action by the Board for counseling violations and which are regularly providing legally mandated counseling. Respondents shall compare the operations of Walgreens ## 03845, 04788, 04197, and 04755 with the four comparator pharmacies to ascertain and improve the counseling at Walgreens ## 03845, 04788, 04197, and 04755.

d. In order to verify that Walgreens ## 03845, 04788, 04197, and 04755 are in compliance with the Order and are improving their counseling, the Respondents shall submit four quarterly reports to the Board's Reno office due every three months commencing with the effective date of this Order. The quarterly reports shall describe those changes, measures, and activities performed to assure compliance with this Order. The quarterly reports shall also show data that will evidence compliance with this Order, which should include the base counseling rate at the time of this Order for each of the eight pharmacies included in the study and shall show the counseling rates on a monthly basis for the three months in that quarter for each of the eight pharmacies included in the study. Included at a minimum in the reports shall be information regarding the total prescription volume, the number of prescriptions for which counseling was legally mandated, the number of prescriptions in that class that actually received counseling, and the number of patients counseled for which counseling was not legally mandated.

e. Throughout the period of probation, Board Staff shall inspect and audit Walgreens ## 03845,04788, 04197, and 04755 at such times and in such manner as Board Staff deems necessary and appropriate to ascertain and verify the pharmacies' compliance with this Order and the counseling and recordkeeping being made by each of the four pharmacies.

f. At the end of the probationary period, the Respondents shall appear before the Board and present a final report to the Board regarding its compliance with this Order.

g. The Respondents shall bear all of the costs of compliance with this Order including the actual costs incurred by the Board in inspecting and auditing Walgreens ## 03845, 04788, 04197, and 04755. Board Staff shall provide the Respondents an accounting for its incurred costs on a quarterly basis, and the Respondents shall pay those costs within 15 days of the date on which Board Staff provided the accounting to the Respondents.

2. The failure by Walgreens #03845 to comply with any term in this order shall result in a fine of $1,000 per day for every day that Walgreens #03845 has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

Signed and effective this 2nd day of February, 2005.

Stilling, of the law firm Parsons Behle & Latimer,

HEREBY STIPULATE AND AGREE THAT:

1. The Board has jurisdiction over these matters.

2. The Board served a Notice of Intended Action and Accusation (Accusation) on each of the Respondents on or about December 11, 2013.

3. Respondents filed a joint written Answer and Notice of Defense with the Board on January 15, 2014.

4. Respondent Jennifer Kay, RPh., Certificate of Registration #16539, is hereby dismissed from this action, and all allegations against Ms. Kay in the Accusation are hereby dismissed with prejudice.

5. The remaining Respondents (Ms. Kiledjian and Walgreens), and each of them, are fully aware of their right to a hearing on the matters alleged in the Accusation, their right to reconsideration, their right to appeal and any and all other rights which may be accorded to them pursuant to the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

6. The remaining Respondents, and each of them, hereby freely and voluntarily waive their rights to a hearing, reconsideration, appeal, and any and all other rights that may be accorded to them by the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

7. The remaining Respondents, and each of them, admit that evidence exists, and could be presented at a hearing, to establish a factual basis for the violations alleged in the Accusation, including:

a. That Walgreens #04854 and Ms. Kiledjian failed to strictly follow the instructions of patient A.A.'s physician by dispensing clomipramine 50 mg. capsules, rather than the clomiphene 50 mg. tablets A.A.'s physician prescribed, and

b. That A.A. did not receive counseling at Walgreens #04854 related to her new prescription.

8. Based on the remaining Respondents' admissions, cause for disciplinary action against Ms. Kiledjian and Walgreens #04854 exists under Nevada Administrative Code (NAC) 639.945(1)(d) and (i), and NAC 639.945(2) respectively, for dispensing to A.A. clomipramine, rather than the prescribed clomiphene.

9. Based on the remaining Respondents' admissions, cause for disciplinary action against Walgreens #04854 exists under NAC 639.945(2) for the failure to provide counseling to A.A.

10. The violations to which the remaining Respondents admit are grounds for discipline against their respective licenses pursuant to NRS 639.255.

11. The foregoing admissions are for the purposes of this proceeding only, and shall have no force or effect in any other case or proceeding before the Board.

12. Based upon the Accusation and the foregoing admissions, the remaining Respondents, and each of them, stipulate to the following penalties, which will become binding and enforceable upon the signature of the Board President:

a. That Walgreens and Ms. Kiledjian, jointly, pay a fine of $2,000.00, and an administrative fee of $295.00, as a penalty for dispensing the incorrect medication to A.A.

b. That Walgreens pay a fine of $750.00, and an administrative fee of $295.00, as a penalty for failing to provide counselling to A.A.

13. Walgreens will determine the cause for its computer system not blocking A.A.'s prescription from being dispensed prior to counseling, as alleged in paragraphs XI and XII of the Accusation, and will report to Board Staff, within a reasonable time not to exceed sixty (60) days after the effective date of the Board's order, explaining the cause of the computer system not blocking the prescription, and the actions taken by Walgreens to address that condition and to prevent future similar reoccurrences.

14. Board Counsel presented a stipulation to the Board for approval at its meeting on January 22, 2014, in Las Vegas, Nevada. Respondents, and each of them, appeared at that

meeting to answer questions put to them by members of the Board and Board Staff. The Board discussed and deliberated regarding that stipulation, declined to accept it, but accepted the revised terms stated herein.

15. Respondents shall pay the fines agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office located at 431 W. NEVADA STATE BOARD OF PHARMACY
DEC 11 2013
FILED

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3), and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, respondent Maree Kiledjian was a registered pharmacist with the Board, respondent Jennifer Kay was a registered pharmacist with the Board, and respondent Walgreens Pharmacy #04854 (Walgreens) was a pharmacy registered with the Board.

II.

On or about July 12, 2011, patient AA tendered a prescription to Walgreens for clomiphene 50 mg. tablets, with instructions to take one tablet twice a day. AA purchased and picked up her medication on July 13, 2013, at Walgreens' drive-thru window. Walgreens did not provide AA counseling regarding the medication.

III.

On July 14, 2013, AA ingested the medication Walgreens dispensed, as instructed by her physician. After taking a second dose, AA began to experience nausea, dizziness, blurred vision and difficulty breathing.

IV.

AA contacted her physician's office. The physician's representative verified the medication the physician prescribed as clomiphene 50 mg. tablets. AA then spelled the name of the medication that Walgreens dispensed (clomipramine 50 mg.), as it read on the Walgreens' label on the prescription bottle. The physician's representative informed AA that Walgreens had dispensed the wrong medication.

V.

Due to the physical symptoms AA was experiencing, she presented to Centennial Hills Hospital's Emergency Department, where she received treatment for an allergic reaction to clomipramine 50 mg.

VI.

On the evening of July 14, 2013, AA contacted Walgreens and spoke with the pharmacist on duty, Alexandra Guru. Ms. Guru confirmed that Walgreens had misfilled the prescription for clomiphene 50 mg. tablets (female fertility medication) with clomipramine 50 mg. capsules (an antidepressant).

VII.

Respondent Maree Kiledjian was the verifying pharmacist at Walgreens for AA's misfilled prescription. In a written statement, Ms. Kiledjian indicated that she input the initial prescription data in the Walgreens' computer system.

VIII.

Walgreens filled AA's prescription through its central fill facility in Arizona, as Walgreens #4854 did not have clomipramine 50 mg. tablets in stock when AA tendered her prescription. Walgreens' central fill facility delivered the medication to Walgreens #4854 the next day.

IX.

Walgreens' pharmacist, respondent Ms. Kiledjian, conducted the data review and verification of AA's medication. Ms. Kiledjian was not on duty at the pharmacy when AA picked up her medication.

X.

Walgreens' records contain no documentation of counseling related to AA's prescription.

XI.

Walgreens pharmacist, respondent Jennifer Kay, was the pharmacist on duty when Walgreens sold the prescription to AA. Ms. Kay indicates in a written statement that in Walgreens' computer system, "certain updates to a prescription may result in the hard-block not activating at the point of sale." Two changes to the prescription are documented in the pharmacy computer system. Per her written statement, Ms. Kay assumes that those changes in Walgreens' system are why "this prescription was never brought" to her for patient counseling.

XII.

The Board Investigator interviewed Matt Forster, Walgreens' District Pharmacy Supervisor regarding this case. Mr. Forster explained that in some Walgreens' pharmacies, the pharmacy software will not allow the "CAPS" system to capture certain information if updates are made to a prescription. In this case, Walgreens' software did not capture the information allowing the system to show that AA's prescription was new and required counseling.

XIII.

Walgreens' error delayed, by approximately one month, AA's treatment of the condition for which her physician originally prescribed clomiphene.

FIRST CAUSE OF ACTION

XIV.

In failing to strictly follow the instructions of AA's physician by verifying and dispensing clomipramine 50 mg. capsules, rather than the clomiphene 50 mg. tablets AA's physician

prescribed, respondent Walgreens and its employee, respondent Maree Kiledjian, violated Nevada Administrative Code (NAC) 639.945(1)(d) and/or (i), which violations are grounds for action pursuant to NRS 639.210(4) and/or (12), or alternatively under NRS 639.255.

SECOND CAUSE OF ACTION

XV.

In failing to provide counseling for AA's new prescription, respondent Walgreens and its employee, respondent Jennifer Kay, violated NAC 639.707(1) (a), NAC 639.945(1)(i) and/or NRS 639.266(1), which violations are grounds for action pursuant to NRS 639.210(4) and/or (12), or alternatively, under NRS 639.255.

THEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

Signed this 11th day of December, 2013.

Larry L. Pinson, Pharm.D., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

STIPULATION AND ORDER

WALGREENS #04854,

Case No. 10-073-PH-S

Respondents.

_____/

Carolyn J. Cramer, General Counsel for the Nevada State Board of Pharmacy, and Respondent, Walgreens #04854 and Rob Graham, Esq. of Rob Graham & Associates., stipulate and agree as follows:

1. Respondent Walgreens #04854 admits the factual allegations made in the First, Second and Third Causes of Action.

2. The Board Staff concluded after investigation that the error in this case was made because the Walgreen's computer system can be overridden to allow a new prescription to be entered into the computer system as counseled and then sold to the patient before the pharmacist has actually counseled the patient. Preventive measures need to be implemented to ensure this does not happen again.

3. Respondent Walgreens #04854 fully recognizes the error that was made and understands that it must take corrective action to avoid such an error in the future.

4. The parties shall present this Stipulation and Agreement to the Board at its meeting on July 13, 2011. The parties agree that the Board may ask questions of the

parties' counsel, may discuss and deliberate regarding the presentations, and shall enter an Order that may impose discipline as recommended by the parties.

5. Board Staff and Respondent Walgreens #04854 will recommend that the Board impose discipline for the First Cause of Action by requiring all Nevada pharmacies to adopt and implement a policy that pharmacists who clear the counseling hard-stop screen are responsible and accountable for any and all processes, procedures and work flow between the clearing of the hard-stop screen up to and including the counseling of a patient from the pharmacist. Such policy must include language that it is the pharmacist's responsibility to evaluate all circumstances that may exist in the pharmacy that may inadvertently interfere with the offering of counseling, including the presence of untrained personnel who may not know or understand the requirements of counseling.

6. Board Staff and Respondent Walgreens #04854 will recommend that the Board impose discipline for the Second Cause of Action by imposing a fine in the amount of $750.00, by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

7. Board Staff and Respondent Walgreens #04854 will recommend that the Board impose discipline for the Third Cause of Action that it receive a letter of reprimand issued by the Executive Secretary.

8. If the Board rejects any part or all of this stipulation, the parties agree that a full hearing on the merits of this matter may be heard by the Board and that the Board would hear this matter at its meeting on October 12, 2011. The terms and admissions

in this stipulation may not be used or referred to in the full hearing on the merits of this matter.

9. The Board and the Respondent shall each agree to release the other from any and all claims, whether known or unknown, that might otherwise have existed on or before the effective date of the Board's Order in this matter.

Petitioner,

v.

NOTICE OF INTENDED ACTION AND ACCUSATION

WALGREENS #04854,
Certificate of Registration #PH01293,
Respondent.

Case No. 10-073-PH-S

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Walgreens #04854 is a pharmacy licensed by the Board located at 4771 West Craig Road, North Las Vegas, Nevada.

II.

On or about September 21, 2010 Kelcie Markle went to Walgreens #04854 to have two prescriptions filled for her son. One of the prescriptions was for Amoxicillin 400 mg./5 ml. Ms. Markle paid for the two prescriptions and left the pharmacy. When she arrived home she noticed that the Amoxicillin had not been reconstituted as it usually is. Ms. Markle telephoned the pharmacy to find out why the Amoxicillin was still in powder form and was told to return to the pharmacy and they would correct the problem. Ms. Markle declined and asked how much water she would need to reconstitute the powder

herself. Ms. Markle claims that she was told two different amounts and found that she needed to use 51.0 ml. to obtain the correct dosage for her son.

III.

Ms. Markle claimed that she was not counseled when she picked up the two new prescriptions for her son. During the investigation of this matter the counseling log Interaction Status showed counseling was "Accepted" for both of the new prescriptions. Maree Kiledjian, the managing pharmacist for Walgreens #04854, indicated that the pharmacy was busy that day and that a clerk from the front of the store was brought back to the pharmacy to assist at the cash register. Ms. Kiledjian explained that they have a "ring and bring" system in place – meaning that the verifying pharmacist clears the counseling screen so the cashier can tender the sale and then the cashier is supposed to bring the prescription to the counseling window for the pharmacist to counsel the patient. Ms. Kiledjian also explained that she would have reconstituted the Amoxicillin had the cashier brought Ms. Markle to the counseling window.

FIRST CAUSE OF ACTION

IV.

In failing to counsel Ms. Markle regarding her son's new Amoxicillin prescription because an untrained cashier sold the prescription before advising the pharmacist that counseling was necessary, Walgreens #04854 violated NRS 639.210(4) and/or NAC 639.707 and/or 639.945(1)(i).

SECOND CAUSE OF ACTION

V.

In failing to maintain accurate counseling records, specifically Ms. Markle's sons Amoxicillin prescription that showed it was counseled when it was dispensed when it was not, Walgreens #04854 violated NRS 639.210(4) and/or NAC 639.708(1)(a) and/or (b) and/or 639.945(1)(i).

THIRD CAUSE OF ACTION

VI.

In owning and operating the pharmacy in which the violations occurred, Walgreens #04854 violated NRS 639.210(4) and/or NAC 639.945(1)(i) and/or (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Signed this 28th day of April, 2011.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because at the time of the events alleged herein, Respondent Walgreens Pharmacy #4854 ("Walgreens") held a Nevada Pharmacy License No. PH01293, Respondent Minhquang D. Nguyen, RPh, ("M. Nguyen") held a Nevada Pharmacist Certificate of Registration No. 15913, all issued by the Board.

FACTUAL ALLEGATIONS

2. Respondent Walgreens is located at 4771 W. Craig Road in North Las Vegas, Nevada.

3. Respondent Nguyen was employed as the pharmacy manager of Walgreens during the alleged and relevant timeframes.

4. On April 15, 2019, Board Inspector Leo Basch ("Basch") found certain violations, or expired drugs/medications.

Probiotic – expiration date 2/2019

Humalog mix 50/50 vial – expiration date 7/2018

Promethazine suppositories – expiration date 12/2018

5. In addition, there was a manufacturer's box of promethazine suppositories with an expiration date of 12/2018, which contained a partial quantity.

6. Eight (8) boxes of Protofoam were in the refrigerator, when the packaging specifically state "do not refrigerate".

7. MMR vaccine, expiration date 5/18/2018, and diluent, expiration date 4/21/2019 were found in the freezer. Even though the MMR box had the letters "EXP" written on it, the MMR was still in the pharmacy's active inventory.

8. In room temperature storage, numerous expired drugs were discovered. Some were in manufacturers' original bottles and some with Walgreens amber vials with patient labels that had apparently been returned to stock.

9. Inspector Basch notified Respondent Nguyen that corrective actions included removing expired refrigerated products within three (3) days and removing expired non-refrigerated products within fourteen (14) days. Further, staff was instructed to review all active inventory to remove expired medications/drugs.

10. On or about April 26, 2019, Respondent Nguyen sent an email to the Board inspector stating that the tasks to review expired drugs in refrigeration and active inventory was completed.

11. However, on May 1, 2019, when Board inspectors returned to re-inspect Walgreens, Board inspectors discovered six (6) expired medications in Walgreens' amber vials, and found an additional violation of unlabeled liquid in an amber bottle on a shelf of active

inventory. Further, it appeared that the same expired medications noted on the original inspection were still on the pharmacy shelves in active inventory.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **WALGREENS PHARMACY #4854, Pharmacy License No. PH01293, and** **SOYOUNG EOM, RPH, Certificate of Registration No. 18126,** **Respondents.**	**CASE NOS. 18-067-PH-S** **18-067-RPH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because at the time of the events alleged herein, Respondent Walgreens Pharmacy #4854 ("Walgreens") held a Nevada Pharmacy License No. PH01293, and Respondent Soyoung Eom, RPh, ("Eom"), last name also known as Cho, held a Nevada Pharmacist Certificate of Registration No. 18126, both issued by the Board.

FACTUAL ALLEGATIONS

2. Respondent Walgreens is located at 4771 West Craig Road in North Las Vegas, Nevada.

3. Respondent Eom was employed as a staff pharmacist of Walgreens during the alleged and relevant timeframes.

4. On or about May 31, 2016, practitioner Dr. A.D. prescribed for patient Z.B., Singulair 10mg tablets, quantity ninety (90) with directions to take one tablet per day, with one refill. The prescription was presented to Walgreens on May 31, 2016.

5. On July 12, 2017, Walgreens system sent an electronic request for refill authorization/renewed prescription for Singulair 10 mg (generic name is montelukast), quantity ninety (90) with three (3) refills, designated prescription number 1824608. Singulair is a drug used to improve symptoms of asthma and inflammation of the lining of the nose.

6. A refill was generated on May 22, 2018, designated prescription number 1923276. Respondent Eom performed the data entry review.

7. PTT J.H. filled the prescription. During the filling process, PTT J.H. retrieved three (3) bottles of what she thought was montelukast 10 mg, quantity thirty (30). PTT J.H. retrieved two (2) bottles of montelukast 10 mg and accidentally grabbed one (1) bottle of sildenafil 20 mg (generic of Viagra). Sildenafil is used to treat erectile dysfunction. The size and label on the bottle of sildenafil is similar to the bottle of montelukast. According to policy and procedure, PTT J.H. should have scanned each of the bottles prior to labeling, but she appeared to scan one bottle of the montelukast three times.

8. The bottles were presented to Respondent Eom for final verification with the lids off so the pharmacist could verify the sealed bottles. Respondent Eom performed the final product review, but failed to discover the error.

9. Prescription number 1923276 was sold with counseling marked as completed by RPh M.C.

10. Patient Z.B. took the medication as directed. She ingested approximately twenty-seven (27) tablets of sildenafil 20 mg (1 per day) before the mistake was discovered by her practitioner.

11. Patient Z.B. reported nerve pain, edema, pneumonia, and asthma due to ingestion of sildenafil.

APPLICABLE LAW

12. A licensee/registrant commits unprofessional conduct when he or she fails to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d).

13. Unprofessional conduct also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

14. A pharmacy owner is responsible for violations committed by the pharmacy's employees. NAC 639.945(2).

15. Respondents are subject to discipline for violations pursuant to NRS 639.210 and/or NRS 639.255.

FIRST COUNT

Unprofessional Conduct - Failure to Strictly Follow the Prescriber's Instructions (Respondent Eom)

16. Respondent Eom violated NAC 639.252(2) and engaged in unprofessional conduct in violation of NAC 639.945(1)(d) and (i) when she failed to strictly follow the practitioner's order and filled the prescription for montelukast 10 mg with the wrong prescription drug, sildenafil. Respondent further violated NAC 639.252(2) and engaged in unprofessional conduct in violation of NAC 639.945(1)(d) and (i) when she verified data entry as accurate and the final product on prescription # 1923276 as accurate when it was not, which resulted in Walgreens dispensing ***sildenafil*** 20 mg tablets instead of the ***montelukast*** 10 mg tablets as

prescribed. Eom is therefore subject to discipline pursuant to NRS 639.210(4), (11), (15) and/or NRS 639.255.

SECOND COUNT
Pharmacy/Pharmacy Owner Responsibility
(Respondent Walgreens)

17. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Walgreens is responsible for those violations, including those of the pharmacy's employees, pursuant NAC 639.945(2) and is therefore subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of license(s)/registration(s) of these Respondents.

Signed this 31st day of August 2022.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Walgreens Pharmacy #4854 ("Walgreens #4854"), Pharmacy License No. PH01293, Respondent Walgreens Pharmacy #7864 ("Walgreens #7864"), Pharmacy License No. PH01977, Respondent Minquang Nguyen, RPH ("Nguyen"), Certificate of Registration No. 15913, Maria Cruz, RPH ("Cruz"), Certificate of Registration No. 18166, and Respondent Tina Rizzolo, RPH ("Rizzolo"), Certificate of Registration No. 17665, were licensed/registered with the Board.

FACTUAL ALLEGATIONS

1. Respondent Walgreens #4854 is located at 4771 W. Craig Road, North Las Vegas, Nevada.

2. Respondent Walgreens #7864 is located at 7755 N. Durango Drive, Las Vegas, Nevada.

3. Respondent Nguyen was the managing pharmacist at Walgreens #4854 at the time of the events alleged herein.

4. Respondent Cruz was employed by Walgreens #4854 as a staff pharmacist at the time of the events alleged herein.

5. Respondent Rizzolo was employed by Walgreens #7864 as a staff pharmacist at the time of the events alleged herein.

6. Respondent Nguyen had past discipline in case no. 13-006-RPH-S where he stipulated to receive a public letter of reprimand for his failure to verify the status of a pharmaceutical technician in training. The pharmaceutical technician in training application was not on file with the Board and Respondent Nguyen allowed pharmaceutical technician in training to work ninety-three (93) days without a license.

7. Respondent Rizzolo had past discipline in case no. 15-028-RPH-A-S where she documented patient counseling but failed to detect a medication error during counseling.

8. On or about June 14, 2018, patient T.C. dropped off three (3) prescriptions to Walgreens #4854, one (1) prescription for himself and two (2) prescriptions for his mother, patient G.S.

9. T.C.'s prescription was for hydrocodone-acetaminophen 7.5/325, quantity 150, from Dr. A.A, and designated prescription no. 1929977. This prescription no. 1929977 was filled and dispensed for patient T.C. with no errors. Patient G.S.'s first prescription was for triamcinolone 0.1% cream from Dr. K.K., and designated prescription no. 1929983. This prescription no.

1929983 was filled and dispensed for patient G.S. with no errors. The second prescription for G.S. was for **tramadol HCl 50 mg**, quantity 90, from Dr. A.A., designated prescription no. **1929979.** This prescription no. 1929979 was filled and dispensed for wrong patient T.C. and with the wrong prescriber information, Dr. K.K. instead of Dr. A.A. The tramadol prescription was later duplicated and rescanned by Respondent Nguyen for reasons unknown, and designated prescription no. 1930079. Prescription no. 1930079 was filled and dispensed for patient G.S. correctly.

10. The misfilled tramadol prescription was scanned by pharmaceutical technician A.M. at 9:31 a.m. on June 14, 2018, and designated prescription no. 1929979 by Walgreen's system.

11. The initial data entry for the prescription no. 1929979 was performed by Respondent Rizzolo at Walgreens Pharmacy #7864 (a different location) at 2:14 p.m. on June 14, 2018.

12. The patient's name for prescription no. 1929979 was incorrectly entered or changed to reflect T.C. instead of the correct patient, T.C.'s mother – patient G.S. In addition, the incorrect prescriber information was entered as Dr. K.K. when the correct prescriber was Dr. A.A.

13. Respondent Nguyen performed a data entry review of prescription no. 1929979 at 2:16 p.m. and performed a DUR override for duplicate therapy because patient T.C. was already prescribed a pain medication hydrocodone-acetaminophen, and the tramadol is also used to treat pain.

14. Respondent Nguyen filled prescription no. 1929979 at 2:20 p.m.

15. Respondent Cruz performed the final product verification for prescription no. 1929979 at 2:25 p.m., which was misfilled.

16. Patient T.C. received four (4) total prescription medications instead of three (3), which included the misfilled and duplicate prescription of **tramadol**, prescription no. **1929979** for himself (which was prescribed for his mother, patient G.S., and filled by prescription no. 1930079).

Patient T.C. did not ingest any of the tramadol and the entire contents of the prescription were returned to Walgreens.

Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondents, or any of them, have failed to comply with the provisions of this Stipulation, Respondents hereby freely and voluntarily waive their rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to them by NRS Chapter 233B, Nevada Administrative Procedure Act, NRS Chapter 622A, Administrative Procedure Before Certain Regulatory Bodies, and NRS Chapter 639, Nevada Pharmacy Act.

7. Respondents admit that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for certain of the violations alleged in the Accusation, that:

A. Respondent Ner discovered the pharmacy did not have oxycodone in stock and returned the prescription to the patient without deleting the existing prescription in the computer system, which left a duplicate prescription in the patient's profile, in violation of NAC 639.945(1)(d) and (i).

B. Respondent Blas-Catacutan mistakenly dispensed a duplicate prescription in violation of NAC 639.945(1)(d) and (i).

C. As the pharmacy at which the violation of law alleged herein occurred, Respondent Walgreens 5814 is responsible for the violations pursuant to NRS 639.230(5) and NAC 639.945(2).

8. Those violations are plead with particularity in the Accusation, and are grounds for action pursuant to NRS 639.210 and/or NRS 639.255.

9. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Walgreens 5814 stipulate to the following penalties:

A. Respondent shall pay a fine of Five-Hundred Dollars ($500.00) for the violation(s);

B. Respondent shall pay Five-Hundred Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter; and

10. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Blas-Catacutan stipulate to the following penalties:

A. Respondent shall pay a fine of Five-Hundred Dollars ($500.00) for the violation(s);

B. Respondent shall pay Five-Hundred Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter; and

C. Respondent shall complete two (2) additional hours of continuing education regarding record keeping and/or error prevention within ninety (90) days of entry of this Order.

11. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Ner stipulate to the following penalties:

A. Respondent shall pay a fine of Five-Hundred Dollars ($500.00) for the violation(s);

B. Respondent shall pay Five-Hundred Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter; and

C. Respondent shall complete two (2) additional hours continuing education regarding record keeping and/or error prevention within ninety (90) days of entry of this Order.

12. Any failure by any Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing the non-compliant Respondent(s) to appear before the Board at the next regularly-scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by any Respondent, the Board may impose additional discipline upon the non-compliant Respondent(s) consistent with the provisions of NRS Chapter 639.

13. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on August 31, 2021. Respondents will appear telephonically or *via* Zoom at the meeting to answer questions from the Board Members and/or Board Staff. 14. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board it shall be a public record pursuant to NRS 622.330.

15. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board at a later date. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

16. Upon approval of this Stipulation by the Board, Respondents shall pay the fines agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "State of

Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of entry of this Order.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **WALGREENS PHARMACY #5814,** **License No. PHN01519,** **SHANELA BLAS-CATACUTAN, RPH,** **Certification of Registration No. 17360, and** **REXEQUIEL NER, RPH,** **Certificate of Registration No. 18472,** **Respondents.**	**CASE NOS. 18-117-PHN-S** **18-117-RPH-A-S** **18-117-RPH-B-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because at the time of the events alleged herein, Respondent Walgreens Pharmacy #5814 ("Walgreens #5814") held a Nevada Pharmacy License No. PHN01519, and Respondent Shanela Blas-Catacutan, RPh, ("Blas-Catacutan") held a Nevada Pharmacist Certificate of Registration No. 17360, and Rexequiel Ner, RPh, ("Ner") held a Nevada Pharmacist Certificate of Registration No. 18472, all issued by the Board.

FACTUAL ALLEGATIONS

2. Blas-Catacutan was employed as the pharmacy manager of Walgreens #5814 and Ner was employed as a staff pharmacist at Walgreens #5814 during the alleged and relevant timeframes.

3. On October 1, 2018, patient B.D. received a prescription for oxycodone 30 mg, for 28 days, quantity 120 tablets, with no refills.

4. On the same day, October 1, 2018, patient B.D. presented her prescription at Walgreens #5814, the prescription information was entered into Walgreens' computer system, and designated as prescription #3246240.

5. During the filling process, it was discovered that Walgreens #5814 was out of stock of oxycodone 30 mg tablets. Ner returned the written prescription to patient B.D without cancelling prescription #3246240 in Walgreens' computer system.

6. On or about October 4, 2018, patient B.D. presented her written prescription for oxycodone at Walgreens #10783 (NOT Respondent Walgreens #5814), which dispensed prescription #738113 for patient B.D. Pharmacy records confirm that patient B.D. picked up her prescription for oxycodone from Walgreens #10783.

7. On or about October 17, 2018, Walgreens' computer system prompted Walgreens #5814 staff to fill the prescription when oxycodone 30 mg tablets were back in stock. A computer-generated text was sent to patient B.D. indicating that her prescription for oxycodone (which was already filled at Walgreens #10783) was available for pick up at Walgreens #5814.

8. Ner overrode the duplication therapy flag drug utilization review (DUR) warning in the computer system, and Blas-Catacutan failed to recognize the duplication error upon verification of the prescription. Pharmacy records confirm that patient B.D. picked up a second fill for her single oxycodone prescription on October 17, 2018.

9. Blas-Catacutan stated that she did not place the fill tag or sticker on the back of the hard copy written prescription at the time she verified the prescription.

10. The error was discovered when the prescribing practitioner A.V.L. reported the duplicate fill for patient B.D. to the Prescription Monitoring Program.

FIRST CAUSE OF ACTION
Failure to Verify Dispensed Medication/Unprofessional Conduct
(Respondent Ner)

11. Unprofessional conduct includes the failure by a licensee to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d). It also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

12. Ner engaged in unprofessional conduct in violation of NAC 639.945(1)(d) and (i) when she failed to cancel the original written prescription returned to patient B.D., failed to act upon the DUR warning in the computer system and overrode the DUR alert for prescription #738113, which resulted in Walgreens #5814 dispensing a duplicate fill for a single oxycodone prescription. Ner is therefore subject to discipline pursuant to NRS 639.210(4).

SECOND CAUSE OF ACTION
Failure to Verify Dispensed Medication/Unprofessional Conduct
(Respondent Blas-Catacutan)

13. Blas-Catacutan engaged in unprofessional conduct in violation of NAC 639.945(1)(d) and (i) when she verified data entry as accurate and the final product on prescription #738113 as accurate when it was not, which resulted in Walgreens #5814 dispensing a duplicate fill for a single oxycodone prescription. Blas-Catacutan is therefore subject to discipline pursuant to NRS 639.210(4).

THIRD CAUSE OF ACTION
Pharmacy/Pharmacy Owner Responsibility
(Respondent Walgreens #5814)

14. NRS 639.230(5) provides: "Any violation of any of the provisions of this chapter [NRS Chapter 639] by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for the suspension or revocation of the license of the pharmacy by the Board." Further, the owner of any business or facility licensed, certified

or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

15. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Walgreens #5814 is responsible for those violations, including those of the pharmacy's employees, pursuant to NRS 639.230(5) and NAC 639.945(2) and is therefore subject to discipline.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of license/registration of these Respondents.

Signed this 14th day of April, 2021.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

Case No. 07-064-PH-S

Respondents.

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Jessica L. McCulloch is a registered pharmaceutical technician-in-training with the Board and Walgreens Pharmacy #05646 is a registered pharmacy with the Board.

II.

On or about July 12, 2007, Ms. McCulloch contacted Board staff to obtain a duplicate copy of her pharmaceutical technician-in-training registration. It was discovered that Ms. McCulloch had not renewed her pharmaceutical technician-in-training registration that was due for renewal by October 31, 2006. Ms. McCulloch indicated that she was working at Walgreens Pharmacy #05646.

III.

On or about July 12, 2007, Board staff contacted Matt Forster, District Pharmacy Supervisor for Walgreens, and requested the hours that Ms. McCulloch worked from November 1, 2006 to June 25, 2007. Ms. Forster reported to Board staff that Ms.

McCulloch worked for 1,440 hours. Assuming Ms. McCulloch worked eight hour shifts, Ms. McCulloch worked unregistered for 180 days.

FIRST CAUSE OF ACTION

IV.

By employing Ms. McCulloch and allowing Ms. McCulloch to work for 180 days without being registered with the Board, Walgreens Pharmacy #05646 violated NRS 639.210(4) and (13) and NAC 639.945(1)(k) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on October 24, 2007 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert Graham of Rob Graham and Associates. The parties entered an oral stipulation which was presented to the Board at the hearing of the matter by Mr. Ling. Based upon the agreements and presentations of the parties, the Board finds the following to be the facts of the matter.

FINDINGS OF FACT

1. The parties orally stipulated to the presentation of this matter by Mr. Ling and that appearances would not be expected from any of the Respondents or Mr. Graham. Mr. Ling explained that the three individual Respondents had already attended a continuing education session regarding Nevada jurisprudence and that all Respondents were agreeable to the presentation made by Mr. Ling.

2. All registrations of pharmaceutical technicians and pharmaceutical technicians in training were required to be renewed by October 31, 2006, and any such registration that was not renewed by October 31, 2006 expired. No pharmaceutical technician or pharmaceutical technician in training may lawfully be employed as a pharmaceutical technician or pharmaceutical technician in training on an expired registration.

2. All of the Respondent pharmaceutical technicians and pharmaceutical technicians in training in this matter failed to renew their respective registrations by October 31, 2006, and all were employed by the various Respondent Walgreen pharmacies as pharmaceutical technicians or pharmaceutical technicians in training on expired registrations. Following is a table of the Respondents and the number of hours and estimated workdays (based upon an assumed eight-hour workday) worked by each Respondent on expired registrations:

Respondents	Hours Worked	Estimated Days Worked
McCulloch/Walgreens #05646	1,440	180
DeRosia/ Walgreens #05646	1,384	173
Romero/ Walgreens #03844	1,312	164
TOTALS	**4,136**	**517**

3. At hearing, Board Staff explained that Walgreens has had a good recent history regarding assuring that its employees have properly and timely renewed their

registrations. Two of the three matters in this case arose from one pharmacy, and the issues regarding that pharmacy have been addressed. Board Staff also explained that the Board's efforts to gain compliance with the renewal and registration laws have been largely successful and that the few instances, such as those in this case, are aberrations.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondents DeRosia, and Romero are pharmaceutical technicians registered by the Board, Respondent McCulloch is a pharmaceutical technician in training registered by the Board, and Respondents Walgreens ##05646 and 03844 are pharmacies licensed by the Board.

2. In working as a pharmaceutical technician or pharmaceutical technician in training on expired registrations, Respondents DeRosia, Romero, and McCulloch each violated NRS 639.210(4) and (13) and NAC 639.945(1)(k).

3. In employing the individual Respondents, Walgreens ##05646 and 03844 violated NRS 639.210(4) and (13) and NAC 639.945(1)(k) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Each Respondent Walgreens pharmacy shall pay a fine of $250.00 for each of the pharmaceutical technicians or pharmaceutical technicians in training employed with expired registrations. Walgreens may choose to pay by a single cashier's or certified check or money order made payable to "State of Nevada, Office of the

Treasurer" in a total amount of $750.00 to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Each Respondent technician or technician in training shall pay a fine of $250.00 by a cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Respondents DeRosia, Romero, and McCulloch shall each attend and successfully complete a Nevada jurisprudence continuing education course presented by Board Staff at such time and place as is set by Board Staff, which attendance may already have been completed before the effective date of this Order and shall be deemed compliance with this Order.

4. The failure by any individual Respondent to comply with any term in this Order shall result in the immediate suspension of her registration and will also result in further discipline, up to and including revocation of the registration. The failure by any Respondent Walgreens pharmacy to comply with any term in this Order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

Signed and effective this 20th day of November, 2007.

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on January 11, 2006 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert C. Graham. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties agreed that Respondents would not contest the facts as plead in the Notice of Intended Action and Accusation. Board Staff presented the testimony of Jowette Padua. Respondents presented the testimony of Ms. Schweizer and Matt Forster. Based upon the presentations of the parties, the Board finds the following to be the facts of this matter.

2. On June 10, 2005, Jowette Padua requested a refill from Walgreens #05646 of her prescription for Novolog 70/30. Novolog 70/30 is a combination of fast and slow releasing insulin. Ms. Padua had been using Novolog 70/30 to treat her diabetes for

years. When Ms. Padua picked up her refill, she was given three boxes of preloaded syringes. The three boxes were taped together.

3. On the evening of July 12, 2005, Ms. Padua was preparing to eat dinner, so she opened a new box of insulin, one of the three boxes that were taped together, removed an insulin flexpen, and injected herself. Ms. Padua then ate her dinner and went to bed. In the middle of the night, Ms. Padua awoke with a sudden onset of cold sweats, chills, shakiness, and weakness. Ms. Padua immediately tested her blood sugar and the test results were 58 where her normal reading should have been 200 or higher. Ms. Padua began looking around her home for something containing sugar so that she could get her blood sugar level up. Ms. Padua found and ate some candy. Ms. Padua then examined the box from which she had removed and used the flexpen, and she then discovered that the box contained Novolog prefilled flexpen syringes, not the 70/30 flexpen syringes ordered by her physician. Thus, Ms. Padua discovered that she had injected herself with a flexpen filled solely with fast acting insulin rather than the usual combination product that she had been long using.

4. At hearing, Ms. Schweizer testified that because the three boxes were taped together, she had only verified the NDC number on one of the boxes rather than verifying the NDC number on each of the boxes. Ms. Schweizer and Mr. Forster both explained that Walgreens' new scanning technology would have prevented the error that occurred with Ms. Padua's prescription because the new scanning system requires that each box be separately and individually scanned when multiple boxes are necessary to fill a prescription. The new scanning system was not installed in or available to Ms. Schweizer at the time Ms. Padua's prescription was refilled. Ms.

Schweizer testified that she now checks each box or container individually when a prescription requires multiple boxes or containers.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Schweizer is a pharmacist licensed by the Board and Walgreens #05646 is a pharmacy licensed by the Board.

2. By filling and dispensing a prescription for Ms. Padua that was the wrong medication, namely by misfiling Ms. Padua's Novolog 70/30 prescription with Novolog, Ms. Schweizer violated NRS 639.210(4) and NAC 639.945(1)(d) and (i).

3. In owning and operating the pharmacy in which Ms. Schweizer committed the error regarding Ms. Padua's Novolog 70/30 prescription, Walgreens #05646 violated NRS 639.210(4) and NAC 639.945(1)(i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Ms. Schweizer shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Ms. Schweizer shall pay one-half of the Board's costs and attorney's fees of $375.00 and the Board's administrative fee of $250.00, for a total of $312.50 ($375.00 + $250.00 / 2 = $312.50) by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Walgreens #05646 shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

4. Walgreens #05646 shall pay one-half of the Board's costs and attorney's fees of $375.00 and the Board's administrative fee of $250.00, for a total of $312.50 ($375.00 + $250.00 / 2 = $312.50) by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

5. The failure by Ms. Schweizer to comply with any term in this order shall result in the immediate suspension of his license and will also result in further discipline, up to and including revocation of the his license. The failure by Walgreens #05646 to comply with any term in this order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

NOTICE OF INTENDED ACTION AND ACCUSATION

Case No. 05-038-RPH-S

Case No. 05-038-PH-S

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Leslie J. Schweizer is a pharmacist licensed by the Board and Walgreens #05646 is a pharmacy licensed by the Board, located at 770 South Nevada Highway 160, Pahrump, Nevada.

II.

On or about June 10, 2005, Patient P had her prescription for insulin refilled at Walgreens #05646. Patient P normally takes Novolog mix 70/30 and receives this medication in prefilled flexpen syringes. Novolog mix 70/30 is a combination of fast and slow release insulin. Patient P received three boxes of syringes when she picked up her refilled insulin prescription.

III.

On or about the evening of July 12, 2005, Patient P was preparing to sit down for dinner. She opened a new box of insulin, removed an insulin flexpen and injected herself. She ate her dinner and retired for the evening. Patient P was awakened by a sudden onset of cold sweats, chills, shakiness, and weakness. Patient P tested her blood sugar and the test results were 58, where normally her reading should have been 200 or higher. Patient P ate some candy to bring her blood sugar level up but was puzzled as to why her body reacted in that manner after taking her insulin and eating. Patient P investigated and found that the box of insulin that she had just opened that evening was not Novolog mix 70/30 prefilled flexpen syringes, but a box of Novolog prefilled flexpen syringes. The insulin that Patient P injected was a fast acting formula that she was not used to taking and that had not been ordered for her.

IV.

Ms. Schweizer was the pharmacist employed at Walgreens #05646 who was responsible for verification of the prescription and identified that two of the three boxes were taped together and only one label was visible. Ms. Schweizer only checked the NDC number on the top box, not on the box on the bottom.

FIRST CAUSE OF ACTION

V.

By filling and dispensing a prescription for Patient P that was the wrong medication, namely Novolog insulin rather than the Novolog 70/30 insulin prescribed by Patient P's physician, Respondent Schweizer violated NRS 639.210(4) and NAC 639.945(1)(d) and (i).

SECOND CAUSE OF ACTION

VI.

In owning and operating the store in which the violations occurred, Walgreens #05646 violated NRS 639.210(4) and NAC 639.945(1)(i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Leha M. DeRosia is a registered pharmaceutical technician with the Board and Walgreens Pharmacy #05646 is a registered pharmacy with the Board.

II.

On or about July 3, 2007, Ms. DeRosia contacted Board staff to obtain a duplicate copy of her pharmaceutical technician registration. It was discovered that Ms. DeRosia had not renewed her pharmaceutical technician registration that was due for renewal by October 31, 2006. By employing Ms. DeRosia and allowing Ms. DeRosia to work for 173 days without being registered with the Board, Walgreens Pharmacy #05646 violated NRS 639.210(4) and (13) and NAC 639.945(1)(k) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on October 24, 2007 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert Graham of Rob Graham and Associates. The parties entered an oral stipulation which was presented to the Board at the hearing of the matter by Mr. Ling. Based upon the agreements and presentations of the parties, the Board finds the following to be the facts of the matter.

FINDINGS OF FACT

1. The parties orally stipulated to the presentation of this matter by Mr. Ling and that appearances would not be expected from any of the Respondents or Mr. Graham. Mr. Ling explained that the three individual Respondents had already attended a continuing education session regarding Nevada jurisprudence and that all Respondents were agreeable to the presentation made by Mr. Ling.

2. All registrations of pharmaceutical technicians and pharmaceutical technicians in training were required to be renewed by October 31, 2006, and any such registration that was not renewed by October 31, 2006 expired. No pharmaceutical technician or pharmaceutical technician in training may lawfully be employed as a pharmaceutical technician or pharmaceutical technician in training on an expired registration.

2. All of the Respondent pharmaceutical technicians and pharmaceutical technicians in training in this matter failed to renew their respective registrations by October 31, 2006, and all were employed by the various Respondent Walgreen pharmacies as pharmaceutical technicians or pharmaceutical technicians in training on expired registrations. Following is a table of the Respondents and the number of hours and estimated workdays (based upon an assumed eight-hour workday) worked by each Respondent on expired registrations:

Respondents	Hours Worked	Estimated Days Worked
McCulloch/Walgreens #05646	1,440	180
DeRosia/ Walgreens #05646	1,384	173
Romero/ Walgreens #03844	1,312	164
TOTALS	**4,136**	**517**

3. At hearing, Board Staff explained that Walgreens has had a good recent history regarding assuring that its employees have properly and timely renewed their

registrations. Two of the three matters in this case arose from one pharmacy, and the issues regarding that pharmacy have been addressed. Board Staff also explained that the Board's efforts to gain compliance with the renewal and registration laws have been largely successful and that the few instances, such as those in this case, are aberrations.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondents DeRosia, and Romero are pharmaceutical technicians registered by the Board, Respondent McCulloch is a pharmaceutical technician in training registered by the Board, and Respondents Walgreens ##05646 and 03844 are pharmacies licensed by the Board.

2. In working as a pharmaceutical technician or pharmaceutical technician in training on expired registrations, Respondents DeRosia, Romero, and McCulloch each violated NRS 639.210(4) and (13) and NAC 639.945(1)(k).

3. In employing the individual Respondents, Walgreens ##05646 and 03844 violated NRS 639.210(4) and (13) and NAC 639.945(1)(k) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Each Respondent Walgreens pharmacy shall pay a fine of $250.00 for each of the pharmaceutical technicians or pharmaceutical technicians in training employed with expired registrations. Walgreens may choose to pay by a single cashier's or certified check or money order made payable to "State of Nevada, Office of the

Treasurer" in a total amount of $750.00 to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Each Respondent technician or technician in training shall pay a fine of $250.00 by a cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Respondents DeRosia, Romero, and McCulloch shall each attend and successfully complete a Nevada jurisprudence continuing education course presented by Board Staff at such time and place as is set by Board Staff, which attendance may already have been completed before the effective date of this Order and shall be deemed compliance with this Order.

4. The failure by any individual Respondent to comply with any term in this Order shall result in the immediate suspension of her registration and will also result in further discipline, up to and including revocation of the registration. The failure by any Respondent Walgreens pharmacy to comply with any term in this Order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

Signed and effective this 20th day of November, 2007.

Stilling, Esq., **HEREBY STIPULATE AND AGREE THAT**:

1. The Board has jurisdiction over these Respondents and this matter.

2. On or about March 1, 2018, Board Staff properly served the Notice of Intended Action and Accusation (Accusation) on file in this matter on Respondents.

3. In lieu of filing Answers to the Accusation, Respondents have entered into this Stipulation.

4. Respondents are fully aware of their right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

5. Respondents are aware of the right to a hearing on the matters alleged in the Accusation, their right to reconsideration, their right to appeal and any and all other rights which may be accorded to them pursuant to NRS Chapter 233B (Nevada Administrative Procedure

Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondents, or any of them, have failed to comply with the provisions of Paragraphs 9, 10, 15 and 16 below, Respondents hereby freely and voluntarily waive their rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to them by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

7. Respondents, and each of them, admit that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in the Accusation, *to wit,* that:

A. Respondent Bowersox engaged in unprofessional conduct in violation of NAC 639.945(1)(d) and (i) by verifying as accurate Phenobarbital ***15 mg.*** tablets with instructions to take one (1) tablet twice daily; rather than the Phenobarbital ***60 mg.*** tablets that patient Maggie Mae's doctor prescribed. That conduct caused Maggie Mae to ingest the wrong medication for approximately six (6) days.

B. As the pharmacy in which the violation occurred, Respondent Walgreens Pharmacy #05646 is responsible for the actions of Respondent Bowersox and pharmaceutical technician-in-training Consellyea pursuant to NAC 639.945(2) and/or NAC 639.702.

8. Those violations are plead with particularity in the Accusation, and are grounds for action pursuant to NRS 639.210 and NRS 639.255.

9. Based upon the Accusation and the foregoing admissions, the Board and Respondent Bowersox stipulate to the following penalties. Respondent Debra Faye Bowersox, Certificate of Registration No. 18371, shall:

A. Receive a letter of reprimand from Board Staff regarding her duties and responsibilities as a pharmacist;

B. Pay a fine of One-Thousand Dollars ($1,000.00) associated with the violations indicated above; and

C. Complete two (2) extra hours of continuing education (CE) on error prevention, in addition to the CE hours she must otherwise complete to maintain her licensure. Respondent Bowersox must provide certificates demonstrating that she completed those additional CEs within sixty (60) days of the effective date of this order.

10. Based upon the Accusation and the foregoing admissions, the Board and Walgreens Pharmacy #05646 stipulate to the following penalties.[1] Respondent Walgreens Pharmacy #05646, Certificate of Registration PH01505, shall pay an administrative fee of One-Thousand Five-Hundred Dollars ($1,500.00) to partially reimburse the Board for the costs and expenses incurred in investigating and prosecuting this matter.

11. Any failure by Respondents to comply with the terms of this Stipulation and Order may result in issuance by the Executive Secretary of an order to show cause directing the Respondents to appear before the Board at the next regularly-scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Stipulation and Order by the Respondents, the Board may impose additional discipline upon Respondents not inconsistent with the provisions of NRS Chapter 639.

12. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on April 11, 2018, in Las Vegas, Nevada. Each Respondent and his or her authorized representative(s) will appear at the

meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondents or their counsel are not present at the meeting.

13. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board it shall be a public record pursuant to NRS 622.330.

14. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

15. Upon approval of this Stipulation by the Board, Respondent Bowersox shall pay the fines agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 431 W. Plumb Lane, Reno, Nevada 89509, within thirty (30) days of the execution of this Order.

16. Upon approval of this Stipulation by the Board, Respondent Walgreens Pharmacy #05646 shall pay the administrative fee agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "Nevada State Board of Pharmacy," to be received by the Board's Reno office located at 431 W. Plumb Lane, Reno, Nevada 89509, within thirty (30) days of the execution of this Order.

17. Subject to the approval of this Stipulation by the Board, the Board and Respondents, and each of them, agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondents, and each of them, have fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and have freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3), and as an accusation under NRS 639.241.

JURISDICTION

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these respondents because at the time of the alleged events, Respondents Debra Faye Bowersox (Bowersox), Certificate of Registration No. 18371, was a pharmacist registered by the Board, and Respondent Walgreens Pharmacy #05646, Certificate of Registration No. PH01505 (Walgreens), was a pharmacy registered by the Board.

FACTUAL ALLEGATIONS

II.

On or about August 13, 2016, Dr. H.'s office called in a prescription to Walgreens for canine patient Maggie Mae. Dr. H. prescribed a quantity of sixty (60) Phenobarbital 60 mg. tablets with instructions to take one (1) tablet twice daily to control seizures.

III.

The prescription allowed for up to three (3) refills.

IV.

Walgreens processed the prescription and designated it as Prescription No. 1439264.

V.

On November 15, 2016, Maggie Mae's owner, S.R., used Walgreens' automated phone system to request the third refill of Prescription No. 1439264.

VI.

Pharmaceutical technician-in-training Olivia Consellyea (Consellyea) began the refill process by pulling the stock medication bottle from the pharmacy shelf. Consellyea inadvertently retrieved Phenobarbital ***15 mg.*** tablets rather than the Phenobarbital ***60 mg.*** tablets as prescribed.

VII.

During the filling process, Consellyea performed a manual override of the NDC for Phenobarbital 60 mg. tablets for Prescription No. 1439264. She manually entered the NDC for Phenobarbital 15 mg. tablets.

VIII.

Respondent Ms. Bowersox was the verifying pharmacist for the third refill of Prescription No. 1439264. During the verification process, Ms. Bowersox failed to detect the medication error and verified the Phenobarbital 15 mg. tablets as correct.

IX.

On November 16, 2016, S.R. picked up the third refill of Maggie Mae's medication and administered the first dose of the incorrect strength of Phenobarbital that evening.

X.

Maggie Mae had a seizure five days later, on November 21, 2016.

XI.

S.R. examined the tablets and noticed that the stamped number on the tablets was *WW 445*. The tablet identifier on the prescription label was *WW 455*.

XII.

S.R. contacted Walgreens where an unidentified pharmacy staff member assured S.R. that the medication dispensed on November 16, 2016, was correct.

XIII.

By November 22, 2016, Maggie Mae experienced seven (7) seizures within a twenty-three and a half-hour period.

XIV.

S.R. again contacted Walgreens. This time pharmacy manager Aimee Zold (Zold) requested that S.R. bring in Maggie Mae's medication.

XV.

Zold identified the medication dispensed on November 16, 2016, as Phenobarbital 15 mg. tablets.

XVI.

Maggie Mae ingested approximately eleven (11) of the wrong medication before the error in the strength was detected.

FIRST CAUSE OF ACTION

(Respondent Bowersox)

XVII.

Nevada Administrative Code (NAC) 639.945(1)(d) defines unprofessional conduct to include the failure by a licensee to follow strictly the instructions of a prescriber when filling, labeling and dispensing a prescription. Unprofessional conduct also includes performing duties in an "incompetent, unskillful or negligent manner". *See* NAC 639.945(1)(i).

Respondent Ms. Bowersox engaged in unprofessional conduct in violation of NAC

639.945(1)(d) and (i) by verifying as accurate Phenobarbital ***15 mg.*** tablets with instructions to take one (1) tablet twice daily; rather than the Phenobarbital ***60 mg.*** tablets that Maggie Mae's doctor prescribed. That conduct caused Maggie Mae to ingest the wrong medication for approximately six (6) days.

SECOND CAUSE OF ACTION

(Respondent Walgreens #05646)

XVIII.

As the pharmacy in which the violations alleged above occurred, Walgreens Pharmacy #05646 is responsible for the actions of Respondent Bowersox and pharmaceutical technician-in-training Consellyea pursuant to NRS 639.230(5), NAC 639.945(2) and/or NAC 639.702.

XIX.

For the errors, misconduct and violations alleged above in the First and Second Causes of Action, Respondents, and each of them, are subject to discipline pursuant NRS 639.210(4), (12) and/or (15), as well as NRS 639.230(5) and/or NRS 639.255.

XX.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

Signed this 30 day of March 2018.

Case No. 07-064-PH-S

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Jessica L. McCulloch is a registered pharmaceutical technician-in-training with the Board and Walgreens Pharmacy #05646 is a registered pharmacy with the Board.

II.

On or about July 12, 2007, Ms. McCulloch contacted Board staff to obtain a duplicate copy of her pharmaceutical technician-in-training registration. It was discovered that Ms. McCulloch had not renewed her pharmaceutical technician-in-training registration that was due for renewal by October 31, 2006. Ms. McCulloch indicated that she was working at Walgreens Pharmacy #05646.

III.

On or about July 12, 2007, Board staff contacted Matt Forster, District Pharmacy Supervisor for Walgreens, and requested the hours that Ms. McCulloch worked from November 1, 2006 to June 25, 2007. Ms. Forster reported to Board staff that Ms.

McCulloch worked for 1,440 hours. Assuming Ms. McCulloch worked eight hour shifts, Ms. McCulloch worked unregistered for 180 days.

FIRST CAUSE OF ACTION

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on October 24, 2007 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert Graham of Rob Graham and Associates. The parties entered an oral stipulation which was presented to the Board at the hearing of the matter by Mr. Ling. Based upon the agreements and presentations of the parties, the Board finds the following to be the facts of the matter.

FINDINGS OF FACT

1. The parties orally stipulated to the presentation of this matter by Mr. Ling and that appearances would not be expected from any of the Respondents or Mr. Graham. Mr. Ling explained that the three individual Respondents had already attended a continuing education session regarding Nevada jurisprudence and that all Respondents were agreeable to the presentation made by Mr. Ling.

2. All registrations of pharmaceutical technicians and pharmaceutical technicians in training were required to be renewed by October 31, 2006, and any such registration that was not renewed by October 31, 2006 expired. No pharmaceutical technician or pharmaceutical technician in training may lawfully be employed as a pharmaceutical technician or pharmaceutical technician in training on an expired registration.

2. All of the Respondent pharmaceutical technicians and pharmaceutical technicians in training in this matter failed to renew their respective registrations by October 31, 2006, and all were employed by the various Respondent Walgreen pharmacies as pharmaceutical technicians or pharmaceutical technicians in training on expired registrations. Following is a table of the Respondents and the number of hours and estimated workdays (based upon an assumed eight-hour workday) worked by each Respondent on expired registrations:

Respondents	Hours Worked	Estimated Days Worked
McCulloch/Walgreens #05646	1,440	180
DeRosia/ Walgreens #05646	1,384	173
Romero/ Walgreens #03844	1,312	164
TOTALS	**4,136**	**517**

3. At hearing, Board Staff explained that Walgreens has had a good recent history regarding assuring that its employees have properly and timely renewed their

registrations. Two of the three matters in this case arose from one pharmacy, and the issues regarding that pharmacy have been addressed. Board Staff also explained that the Board's efforts to gain compliance with the renewal and registration laws have been largely successful and that the few instances, such as those in this case, are aberrations.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondents DeRosia, and Romero are pharmaceutical technicians registered by the Board, Respondent McCulloch is a pharmaceutical technician in training registered by the Board, and Respondents Walgreens ##05646 and 03844 are pharmacies licensed by the Board.

2. In working as a pharmaceutical technician or pharmaceutical technician in training on expired registrations, Respondents DeRosia, Romero, and McCulloch each violated NRS 639.210(4) and (13) and NAC 639.945(1)(k).

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on January 11, 2006 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert C. Graham. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties agreed that Respondents would not contest the facts as plead in the Notice of Intended Action and Accusation. Board Staff presented the testimony of Jowette Padua. Respondents presented the testimony of Ms. Schweizer and Matt Forster. Based upon the presentations of the parties, the Board finds the following to be the facts of this matter.

2. On June 10, 2005, Jowette Padua requested a refill from Walgreens #05646 of her prescription for Novolog 70/30. Novolog 70/30 is a combination of fast and slow releasing insulin. Ms. Padua had been using Novolog 70/30 to treat her diabetes for

years. When Ms. Padua picked up her refill, she was given three boxes of preloaded syringes. The three boxes were taped together.

3. On the evening of July 12, 2005, Ms. Padua was preparing to eat dinner, so she opened a new box of insulin, one of the three boxes that were taped together, removed an insulin flexpen, and injected herself. Ms. Padua then ate her dinner and went to bed. In the middle of the night, Ms. Padua awoke with a sudden onset of cold sweats, chills, shakiness, and weakness. Ms. Padua immediately tested her blood sugar and the test results were 58 where her normal reading should have been 200 or higher. Ms. Padua began looking around her home for something containing sugar so that she could get her blood sugar level up. Ms. Padua found and ate some candy. Ms. Padua then examined the box from which she had removed and used the flexpen, and she then discovered that the box contained Novolog prefilled flexpen syringes, not the 70/30 flexpen syringes ordered by her physician. Thus, Ms. Padua discovered that she had injected herself with a flexpen filled solely with fast acting insulin rather than the usual combination product that she had been long using.

4. At hearing, Ms. Schweizer testified that because the three boxes were taped together, she had only verified the NDC number on one of the boxes rather than verifying the NDC number on each of the boxes. Ms. Schweizer and Mr. Forster both explained that Walgreens' new scanning technology would have prevented the error that occurred with Ms. Padua's prescription because the new scanning system requires that each box be separately and individually scanned when multiple boxes are necessary to fill a prescription. The new scanning system was not installed in or available to Ms. Schweizer at the time Ms. Padua's prescription was refilled. Ms.

Schweizer testified that she now checks each box or container individually when a prescription requires multiple boxes or containers.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Schweizer is a pharmacist licensed by the Board and Walgreens #05646 is a pharmacy licensed by the Board.

2. By filling and dispensing a prescription for Ms. Padua that was the wrong medication, namely by misfiling Ms. Padua's Novolog 70/30 prescription with Novolog, Ms. Schweizer violated NRS 639.210(4) and NAC 639.945(1)(d) and (i).

3. In owning and operating the pharmacy in which Ms. Schweizer committed the error regarding Ms. Padua's Novolog 70/30 prescription, Walgreens #05646 violated NRS 639.210(4) and NAC 639.945(1)(i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Ms. Schweizer shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Ms. Schweizer shall pay one-half of the Board's costs and attorney's fees of $375.00 and the Board's administrative fee of $250.00, for a total of $312.50 ($375.00 + $250.00 / 2 = $312.50) by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Walgreens #05646 shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

4. Walgreens #05646 shall pay one-half of the Board's costs and attorney's fees of $375.00 and the Board's administrative fee of $250.00, for a total of $312.50 ($375.00 + $250.00 / 2 = $312.50) by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

5. The failure by Ms. Schweizer to comply with any term in this order shall result in the immediate suspension of his license and will also result in further discipline, up to and including revocation of the his license. The failure by Walgreens #05646 to comply with any term in this order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

NOTICE OF INTENDED ACTION AND ACCUSATION

Case No. 05-038-RPH-S

Case No. 05-038-PH-S

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Leslie J. Schweizer is a pharmacist licensed by the Board and Walgreens #05646 is a pharmacy licensed by the Board, located at 770 South Nevada Highway 160, Pahrump, Nevada.

II.

On or about June 10, 2005, Patient P had her prescription for insulin refilled at Walgreens #05646. Patient P normally takes Novolog mix 70/30 and receives this medication in prefilled flexpen syringes. Novolog mix 70/30 is a combination of fast and slow release insulin. Patient P received three boxes of syringes when she picked up her refilled insulin prescription.

III.

On or about the evening of July 12, 2005, Patient P was preparing to sit down for dinner. She opened a new box of insulin, removed an insulin flexpen and injected herself. She ate her dinner and retired for the evening. Patient P was awakened by a sudden onset of cold sweats, chills, shakiness, and weakness. Patient P tested her blood sugar and the test results were 58, where normally her reading should have been 200 or higher. Patient P ate some candy to bring her blood sugar level up but was puzzled as to why her body reacted in that manner after taking her insulin and eating. Patient P investigated and found that the box of insulin that she had just opened that evening was not Novolog mix 70/30 prefilled flexpen syringes, but a box of Novolog prefilled flexpen syringes. The insulin that Patient P injected was a fast acting formula that she was not used to taking and that had not been ordered for her.

IV.

Ms. Schweizer was the pharmacist employed at Walgreens #05646 who was responsible for verification of the prescription and identified that two of the three boxes were taped together and only one label was visible. Ms. Schweizer only checked the NDC number on the top box, not on the box on the bottom.

FIRST CAUSE OF ACTION

V.

By filling and dispensing a prescription for Patient P that was the wrong medication, namely Novolog insulin rather than the Novolog 70/30 insulin prescribed by Patient P's physician, Respondent Schweizer violated NRS 639.210(4) and NAC 639.945(1)(d) and (i).

SECOND CAUSE OF ACTION

VI.

In owning and operating the store in which the violations occurred, Walgreens #05646 violated NRS 639.210(4) and NAC 639.945(1)(i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Signed this 30th day of November, 2005.

Nevada State Board of Pharmacy

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Leha M. DeRosia is a registered pharmaceutical technician with the Board and Walgreens Pharmacy #05646 is a registered pharmacy with the Board.

II.

On or about July 3, 2007, Ms. DeRosia contacted Board staff to obtain a duplicate copy of her pharmaceutical technician registration. It was discovered that Ms. DeRosia had not renewed her pharmaceutical technician registration that was due for renewal by October 31, 2006. Ms. DeRosia indicated that she was working at Walgreens Pharmacy #05646.

III.

On or about July 10, 2007, Board staff contacted Matt Forster, District Pharmacy Supervisor for Walgreens, and requested the hours that Ms. DeRosia worked from November 1, 2006 to July 3, 2007. Mr. Forster reported to Board staff that Ms. DeRosia worked for 1,384 hours. Assuming Ms. DeRosia worked eight hour shifts, Ms. DeRosia

worked unregistered for 173 days.

FIRST CAUSE OF ACTION

IV.

By working without having renewed her pharmaceutical technician registration for 173 days, Ms. DeRosia violated NRS 639.210(4) and (13) and NAC 639.945(1)(k).

SECOND CAUSE OF ACTION

By employing Ms. DeRosia and allowing Ms. DeRosia to work for 173 days without being registered with the Board, Walgreens Pharmacy #05646 violated NRS 639.210(4) and (13) and NAC 639.945(1)(k) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

NOTICE OF INTENDED ACTION AND ACCUSATION

ANDREW P. WRIGHT, R.Ph.
Certificate of Registration No. 12439

Case Number 05-051-RPH-N

WALGREENS #02662
Certificate of Registration No: PH01946

Case Number 05-051-PH-N

Respondents.

/

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Andrew P. Wright is a pharmacist licensed by the Board and Respondent Walgreens #02662 is a pharmacy licensed by the Board, located at 12645 South Virginia Street, Reno, Nevada.

II.

On or about November 14, 2005 Patient G telephoned Walgreens #02662 for refills on four prescriptions. (Diclofenac sodium 100 mg. ER tablets, levothyroxine 0.075 mg. tablets, cyclobenzaprine 10 mg. tablets, and hydrocodone/APAP 5 mg./500 mg. tablets.)

III.

Later that same day, Patient G used the drive-up window at Walgreens #02662 to pick up her refill prescriptions. Patient G was given a stapled bag that identified the contents as diclofenac, levothyroxine and cyclobenzaprine. The pharmacist explained to Patient G that her prescription for hydrocodone was not included because the refill request had not yet been approved by her physician.

IV.

When Patient G arrived home she discovered that she did not have the refill for diclofenac as indicated on the bag, however the pharmacy had included the refill that had not yet been approved by her physician for hydrocodone. The hydrocodone refill prescription was approved by Patient G's physician four days after it was dispensed.

FIRST CAUSE OF ACTION

V.

In dispensing Patient G's hydrocodone prescription prior to authorization by her physician and failing to dispense Patient G's diclofenac prescription as authorized, Mr. Wright violated NRS 639.210(4) and Nevada Administrative Code (NAC) 639.945 (1)(i).

SECOND CAUSE OF ACTION

VII.

In owning and operating the pharmacy in which the error took place, Walgreens #02662 violated NRS 639.210(4) and NAC 639.945 (1)(i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the licenses or registrations of the Respondents.

Signed this 5th day of July, 2006.

Larry L. Pinson, Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements regarding your certificate of registration. To do so, you must mail to the Board within 10 days of your receipt of this Notice of Intended Action and Accusation a written statement showing your compliance.

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

ANDREW P. WRIGHT, R.Ph.,
Certificate of Registration #12439,

Case No. 05-051-RPH-N

WALGREENS #02662,
Certificate of Registration #PH01946,

Case No. 05-051-PH-N

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on September 6, 2006 in Reno, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert C. Graham. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties agreed that Respondents would not contest the facts as plead in the Notice of Intended Action and Accusation. Based upon this agreement, Board Staff presented no testimony or evidence. Respondents presented the testimony of Andrew Wright and Robby Jacobs. Based upon the presentations of the parties, the Board finds the following to be the facts of this matter.

2. On November 14, 2005, Patient G telephoned Walgreens #02662 for refills on her four prescriptions (diclofenac sodium 100 mg. ER tablets, levothyroxine 0.075 mg. tablets, cyclobenzaprine 10 mg. tablets, and hydrocodone/APAP 5 mg./500 mg.

tablets). Of the four, only the hydrocodone/APAP prescription required refill authorization from Patient G's physician before it could be refilled.

3. When Patient G picked up the prescriptions at the drive-up window at Walgreens #02662, she was given a stapled bag that identified the contents as the three prescriptions other than the hydrocodone/APAP prescription. The pharmacist at Walgreens #02662 explained to Patient G that the hydrocodone/APAP prescription could not yet be dispensed because the pharmacy was waiting on physician authorization for the refill.

4. When Patient G arrived home, she discovered that she did not have the refill for diclofenac as indicated on the bag, but she did have the refill for the hydrocodone/APAP, which refill had not yet been approved by the physician.

5. At hearing, Mr. Wright and Mr. Jacobs explained that Walgreens' policy is to pre-fill refills that are awaiting physician approval and to keep those pre-filled prescriptions in a "quarantine" area, usually a drawer, until the physician authorization is received. Under questioning from the Board, Mr. Jacobs claimed that pre-filling prescriptions saved the pharmacist time, although the amount of time saved was only the time needed to fill the prescription. In the case of Patient G's prescriptions, this policy was followed, meaning that the hydrocodone/APAP prescription was filled along with Patient G's other three prescriptions and that the hydrocodone/APAP prescription was supposed to have been put into the "quarantine" drawer. The dispensing of the hydrocodone/APAP prescription to Patient G was the result of placing the wrong prescription in the "quarantine" drawer. Walgreens #02662 did not receive authorization from Patient G's physician for the refill of the hydrocodone/APAP prescription until four days after it was erroneously dispensed.

6. Patient G suffered no harm other than inconvenience resultant from the erroneous dispensing of the hydrocodone/APAP prescription before Walgreens #02662 had received physician authorization for the dispensing.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Wright is a pharmacist licensed by the Board and Walgreens #02662 is a pharmacy licensed by the Board.

2. By dispensing to Patient G a refill of a hydrocodone/APAP prescription prior to receiving authorization to do so from her physician and by failing to dispense to Patient G a refill of her diclofenac prescription as was authorized, Mr. Wright violated NRS 639.210(4) and NAC 639.945(1)(i).

3. In owning and operating the pharmacy in which Mr. Wright committed the errors regarding Patient G's prescriptions, Walgreens #02662 violated NRS 639.210(4) and NAC 639.945(1)(i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Mr. Wright and Walgreens #02662 shall each receive a letter of reprimand.

2. Walgreens #02662 shall pay the Board's costs and attorney's fees of $255.00 and the Board's administrative fee of $295.00, for a total of $550.00 by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. The failure by Mr. Wright to comply with any term in this order shall result in the immediate suspension of his license and will also result in further discipline, up to

and including revocation of the his license. The failure by Walgreens #02662 to comply with any term in this order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

Signed this 1st day of October, 2006.

NOTICE OF INTENDED ACTION AND ACCUSATION

WALGREENS #04789
Certificate of Registration No. PH01359, Case No. 06-028A-PH-N

WALGREENS #05295
Certificate of Registration No. PH01687 Case No. 06-028B-PH-N

WALGREENS CO.,
Owner of Walgreens #04789 & #05295, Case No. 06-028C-PH-N

Respondents.
/

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Walgreens #04789 is a pharmacy licensed by the Board, located at 3495 South Virginia Street, Reno, Nevada, Walgreens #05295 is a pharmacy licensed by the Board, located at 750 North Virginia Street, Reno, Nevada, and Walgreens Co. is a publicly-traded corporation that owns and operates Walgreens #04789 and #05295.

II.

On January 26, 2006, Patient B had arthroscopic knee surgery and was discharged the same day with a prescription in the form of a discharge order from

Dr. Digby Preston for Norco 10/325 #40. The prescription clearly stated that there were zero (0) refills. Patient B took his Norco prescription to Walgreens #05295 on January 26, 2006 to have it filled. The prescription was filled that day by pharmacist John Luther as Rx #355481-05295. The prescription label for Rx #355481-05295 created by the computer system of Walgreens #05295 stated: "NO REFILLS – DR. AUTHORIZATION REQUIRED."

III.

On January 30, 2006 an unidentified Walgreens employee generated a new prescription number for Patient B for Norco 10/325 (Rx #356319-05295) and entered it as an "ADD REFILL" into the computer system for Walgreens #05295.

IV.

On February 4, 2006, Walgreens #05295 filled Rx #356319-05295. The prescription label for Rx #356319-05295 generated by the computer system at Walgreens #05295 stated: "5 REFILLS BEFORE 07/31/06." The prescription label also contained a box in which was stated: "Rx info – Rx# 255481-5295 on 01/30/2006 by JWL." Board Staff's investigation showed that there was no knowledge of or authorization by Dr. Preston or any other prescribing practitioner prior to the creation of or filling of Rx #356319-05295. Reportedly, this prescription was never picked up and was eventually returned to stock, though this could not be verified through records maintained at Walgreens #05295.

V.

On February 9, 2006, Mr. Luther entered into the computer system that six refills had been authorized by "MDFAX" for Rx #356319-05295. Board Staff's investigation showed that neither Dr. Preston nor any other prescribing practitioner knew about or

had approved any refills of either Rx #355481-05295 or Rx #356319-05295. Neither Mr. Luther nor any other employee of Walgreens #05295 could produce any proof that Dr. Preston had authorized the six refills for Rx #356319-05295, nor could anybody at Walgreens #05295 explain who placed the "ADD REFILL" notation in the computer system for Walgreens #05295 on January 30, 2006.

VI.

On March 20, 2006, Rx #356319-05295 was transferred to Walgreens #04789. A new prescription number, Rx #582580-04789 was generated at that time. The label generated for Rx #582580-04789 by the computer system at Walgreens #04789 when the prescription was first filled on March 20, 2006 stated: "5 REFILLS BEFORE 07/31/06," and also contained a box in which it stated: "Rx transferred from Rx# 356319-5295 on 03/20/2006; RPh Ints: JWL." Based on Rx #582580-04789, Patient B obtained refills from Walgreens #04789 on March 20, 2006, March 23, 2006, and March 29, 2006.

VII.

On April 1, 2006, Walgreens substituted generic hydrocodone/APAP 10/325 for Norco 10/325 for Patient B, and a new prescription number, Rx #585742-04789, was generated. The label generated for Rx #585742-04789 by the computer system at Walgreens #04789 when the prescription was filled on April 1, 2006 stated: "2 REFILLS BEFORE 07/31/06," and also contained a box in which it stated: "Rx created from Rx# 582580-5295 on 04/01/2006 by PDB." Walgreens #04789 dispensed one filling of Rx #585742-04789 to Patient B on April 1, 2006.

VIII.

On April 4, 2006, a new prescription number for Patient B for hydrocodone/APAP

10/325 was generated (Rx #586445-04789) at Walgreens #04789. The label generated for Rx #586445-04789 by the computer system at Walgreens #04789 when the prescription was first filled on April 4, 2006 stated: "2 REFILLS BEFORE 10/03/06," and also contained a box in which it stated: "Rx created from Rx# 582580-4789 on 04/04/2006 by TEK." Based on Rx #586445-04789, Walgreens #04789 dispensed refills for hydrocodone/APAP 10/325 #40 to Patient B on April 5, 2006 and April 10, 2006.

IX.

During Board Staff's investigation, nobody at Walgreens #04789 could explain (1) why Rx #586445-04789 was created, (2) who created it, (3) by whose authorization it was created, (4) why it referred back to Rx #582580-04789 rather than to Rx #585742-04789, (5) why it contained more refills than would by that time be authorized by law, and (6) why the date by which the refills were to be completed was changed from 7/31/06 to 10/3/06. Board Staff's investigation showed that Dr. Preston was not aware of and did not authorize Rx #586445-04789 or any refills of Patient B's Norco prescription.

X.

On April 17, 2006, Walgreens #04789 created for Patient B a new prescription number, Rx #589417-04789, again for Norco 10/325 #40. The label generated for Rx #589417-04789 by the computer system at Walgreens #04789 when the prescription was filled on April 17, 2006 stated: "NO REFILLS – DR. AUTHORIZATION REQUIRED," and also contained a box in which it stated: "Rx created from Rx# 586445-4789 on 04/17/2006 by SEF." Based on Rx #589417-04789, Walgreens #04789 dispensed one filling of Norco 10/325 #40 to Patient B on April 17, 2006.

XI.

Board Staff's investigation showed that neither Dr. Preston nor any other prescribing practitioner knew about or approved the creation, filling, and dispensing of Rx #589417-04789 for Patient B. Nobody at Walgreens #04789 could explain why Rx #589417-04789 was created or upon whose authorization.

XII.

On the morning of April 21, 2006, an unknown Walgreens employee faxed a "Prescription Request" form to Dr. Preston's office referencing a new prescription number, Rx #590330-04789, for Norco for Patient B. The "Prescription Request" form indicated that the prescription had last been refilled on April 17, 2006. Shortly after receipt of the "Prescription Request" form on or about April 21, 2006, Alissa Gabica, medical assistant to Dr. Digby Preston, called Walgreens #04789 to advise them that Patient B should not have received any refills of Norco and that he was not to receive any further fills without authorization.

XIII.

On an unknown date and time by an unknown person at Walgreens #04789, Rx #590330-04789 and its history were deleted from the computer system at Walgreens #04789. No trace of the prescription input remained in Patient B's profile. The only indication that the number existed was in the faxed "Prescription Request" form sent to the doctor's office and an unhelpful entry in the refill center screen of the TeamRx software at Walgreens #04789.

XIV.

On May 9, 2006, a new prescription number, Rx #594849-04789, was generated for Patient B for Norco 10/325 #40. The label generated for Rx #594849-04789 by the

computer system at Walgreens #04789 when the prescription was first filled on May 9, 2006 stated: "1 REFILL BEFORE 07/31/06," and also contained a box in which it was stated: "Rx created from Rx# 585742-4789 on 05/09/2006 by CJK." Based on Rx #594849-04789, Walgreens #04789 dispensed refills for Norco 10/325 #40 to Patient B on May 9, 2006 and for Norco 10/325 #28 on May 14, 2006.

XV.

Board Staff's investigation showed that neither Dr. Preston nor any other prescribing practitioner knew about or approved the creation, filling, and dispensing of Rx #594849-04789 for Patient B, particularly since the prescription was created by Walgreens #04789 after Ms. Gabica had specifically informed employees at Walgreens #04789 that Patient B was not to receive any new or refilled prescriptions from Norco. Nobody at Walgreens #04789 could explain why Rx #594849-04789 was created or upon whose authorization.

XVI.

On May 17, 2006, Walgreens #04789 generated a new prescription number, Rx #596685-04789, for Patient B for generic hydrocodone/APAP 10/325 #40. The label generated for Rx #596685-04789 by the computer system at Walgreens #04789 when the prescription was filled on May 17, 2006 stated: "NO REFILLS – DR. AUTHORIZATION REQUIRED," and also contained a box in which it stated: "Rx created from Rx# 594849-4789 on 05/09/2006 by CJK." Based on Rx #594849-04789, Walgreens #04789 dispensed hydrocodone 10/325 #40 to Patient B on May 17, 2006.

XVII.

Board Staff's investigation showed that neither Dr. Preston nor any other

prescribing practitioner knew about or approved the creation, filling, and dispensing of Rx #596685-04789 for Patient B. Nobody at Walgreens #04789 could explain why Rx #596685-04789 was created or upon whose authorization.

XIX.

Through the above course of conduct, Walgreens Co, Walgreens #05295 and Walgreens #04789 dispensed to Patient B eleven prescriptions for a total of 428 dosage units of Norco or generic hydrocodone 10/325 through the use of eight different prescription numbers over a four month period where only one fill for Norco 10/325 #40, the first fill on January 26, 2006, was actually authorized by Dr. Preston. Worse, three of the fills, for a total of 108 dosage units, occurred after Dr. Preston's office told Walgreens #04789 that none of the previous refills were authorized and that they were not authorized to create any additional prescriptions or refills.

FIRST CAUSE OF ACTION

XX.

By filling a Norco 10/325 #40 prescription (Rx #356319-05295) for Patient B on February 4, 2006 where the existing prescription (Rx #355481-05295) specifically stated that no refills were authorized and prior to receiving any other authorization from any prescribing practitioner, Walgreens #05295 violated Nevada Revised Statutes (NRS) 639.210(4), 639.2393(3), and 639.2396 and Nevada Administrative Code (NAC) 639.945(1)(d) and (i) and (2).

SECOND CAUSE OF ACTION

XXI.

By creating and adding six total fills to a Norco 10/325 #40 prescription for Patient B (Rx #356319-05295) on February 9, 2006 where the underlying prescription

lacked prescriber authorization and where the additional fills were not authorized by the prescriber (Dr. Preston), Walgreens #05295 violated NRS 639.210(4), 639.2393(3), and 639.2396 and NAC 639.945(1)(d) and (i) and (2).

THIRD CAUSE OF ACTION

XXII.

By failing to keep any record or other evidence regarding the disposition of the prescription it filled for Norco 10/325 #40 for Patient B on February 4, 2006 (Rx #356319-05295), including any record of whether the prescription had been returned to stock, Walgreens #05295 violated NRS 639.210(4) and NAC 639.935(3)(g)(2).

FOURTH CAUSE OF ACTION

XXIII.

By failing to decrement a refill of a prescription in its computer system or otherwise, namely by showing the two refills were still available on Rx #586445-04789 when, in fact, the preceding prescription to which it referred, Rx #585742-04789, had already been filled once and, thus, only one refill remained, thereby creating on additional unauthorized fill, Walgreens #04789 violated NRS 639.210(4), 639.2393(3), and 639.2396 and NAC 639.910(1)(h) and NAC 639.945(1)(d) and (i) and (2).

FIFTH CAUSE OF ACTION

XXIV.

By filling a refill of Rx #586445-04789 for generic hydrocodone/APAP 10/325 #40 for Patient B on April 10, 2006, thus filling the original prescription more than the original fill and five refills, Walgreens #04789 violated NRS 639.210(4) and 639.2393(1) and NAC 639.945(1)(d) and (i) and (2).

SIXTH CAUSE OF ACTION

XXV.

By failing to keep an accurate record in its computer system regarding Rx #586445-04789 – including failing to record who created the prescription, which prescriber authorized the prescription, why the prescription did not refer back to the immediately preceding prescription, why the number of refills exceeded the original putative authorization and Nevada law, and why the date by which the refills were to be provided was changed from 7/31/06 to 10/3/06 – Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(l) and (2).

SEVENTH CAUSE OF ACTION

XXVI.

By failing to keep an accurate record in its computer system regarding Rx #590330-04789 – including failing to record who created the prescription, which prescriber authorized the prescription, and who deleted the prescription from the pharmacy's computer system – Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.914(3), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(l) and (2).

EIGHTH CAUSE OF ACTION

XXVII.

By creating Rx #594849-04789 for Norco 10/325 #40 for Patient B without any authorization from a prescriber and, in fact, after the prescriber had expressly indicated to Walgreens #04789 that no additional fills or refills were authorized, and in filling Rx #594849-04789 twice, on May 9, 2006 (#40) and on May 13, 2006 (#28), Walgreens

#04789 violated NRS 639.210(4), 639.2393(3), 639.2396, and 639.2397 and NAC 639.945(1)(d) and (i) and (2). Each filling of Rx #594849-04789 constitutes a separate violation that may be subject to separate and individual discipline.

NINTH CAUSE OF ACTION

XXVIII.

By failing to keep an accurate record in its computer system regarding Rx #594849-04789 – including failing to record who created the prescription, which prescriber authorized the prescription, and why the prescription refers to a prescription three prescriptions earlier rather than the immediately preceding prescription – Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.914(3), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(i) and (2).

TENTH CAUSE OF ACTION

XXIX.

By creating Rx #596685-04789 for generic hydrocodone 10/325 #40 for Patient B without any authorization from a prescriber and, in fact, after the prescriber had expressly indicated to Walgreens #04789 that no additional fills or refills were authorized, and in filling Rx #596685-04789 on May 17, 2006, Walgreens #04789 violated NRS 639.210(4), 639.2393(3), 639.2396, and 639.2397 and NAC 639.945(1)(d) and (i) and (2).

ELEVENTH CAUSE OF ACTION

XXX.

By failing to decrement a refill of a prescription in its computer system or otherwise, namely by creating Rx #596685-04789 as cross-referenced to Rx #594849-04789 when, in fact, Rx #594849-04789 had already been filled twice and, thus, by its

own terms no refills remained, thereby creating on additional unauthorized fill, Walgreens #04789 violated NRS 639.210(4), 639.2393(3), and 639.2396 and NAC 639.910(1)(h) and NAC 639.945(1)(d) and (i) and (2).

TWELFTH CAUSE OF ACTION

XXXI.

By failing to keep an accurate record in its computer system regarding Rx #596685-04789 – including failing to record who created the prescription, which prescriber authorized the prescription, and why the prescription refers to a prescription as a cross-reference on which no additional fills remained – Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.914(3), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(i) and (2).

THIRTEENTH CAUSE OF ACTION

XXXII.

By operation of the inadequate computer system and inadequate policies and procedures, Patient B obtained eleven prescription fills for Norco or generic hydrocodone 10/325 over a four month period accounting for a total of 428 dosage units – including three fills on two prescriptions for a total of 108 dosage units after Dr. Preston's office expressly informed Walgreens #04789 that no previous refills had been authorized and that no future fills or refills were authorized – where Patient B's prescribing practitioner, Dr. Preston, had only authorized one fill for a total of 40 dosage units, Walgreens Co, Walgreens #05295, and Walgreens #04789 violated NRS 639.210(4) and NAC 639.945(2) and all previous violations cited in the preceding twelve causes of action.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on September 6, 2006 in Reno, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert C. Graham. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, Board Staff presented the testimony of Alissa Gabica and Joseph Depczynski, and Respondents presented the testimony of Eman Gobran and Robby Jacobs. Board Staff presented two exhibits, one that was accepted into evidence and the other that was referred to for demonstrative purposes and Respondents presented one exhibit that was accepted into evidence. Based upon the presentations of the parties, the Board finds the following to be the facts of this matter.

2. On January 26, 2006, Patient B had arthroscopic knee surgery and was discharged the same day with a prescription in the form of a discharge order from Dr. Digby Preston for Norco 10/325 #40. The prescription clearly stated that there were zero (0) refills. Patient B took his Norco prescription to Walgreens #05295 on January 26, 2006 to have it filled. The prescription was filled that day by pharmacist John Luther as Rx #355481-05295. The prescription label for Rx #355481-05295 created by the computer system of Walgreens #05295 stated: "NO REFILLS – DR. AUTHORIZATION REQUIRED."

3. On January 30, 2006 an unidentified Walgreens employee generated a new prescription number for Patient B for Norco 10/325 (Rx #356319-05295) and entered it as an "ADD REFILL" into the computer system for Walgreens #05295.

4. On February 4, 2006, Walgreens #05295 filled Rx #356319-05295. The prescription label for Rx #356319-05295 generated by the computer system at Walgreens #05295 stated: "5 REFILLS BEFORE 07/31/06." The prescription label also contained a box in which was stated: "Rx info – Rx# 255481-5295 on 01/30/2006 by JWL." Board Staff's investigation showed that there was no knowledge of or authorization by Dr. Preston or any other prescribing practitioner prior to the creation of or filling of Rx #356319-05295. Reportedly, this prescription was never picked up and was eventually returned to stock, though this could not be verified through records maintained at Walgreens #05295.

5. On February 9, 2006, Mr. Luther entered into the computer system that six refills had been authorized by "MDFAX" for Rx #356319-05295. Board Staff's investigation showed that neither Dr. Preston nor any other prescribing practitioner knew about or had approved any refills of either Rx #355481-05295 or Rx #356319-

05295. Neither Mr. Luther nor any other employee of Walgreens #05295 could produce any proof that Dr. Preston had authorized the six refills for Rx #356319-05295, nor could anybody at Walgreens #05295 explain who placed the "ADD REFILL" notation in the computer system for Walgreens #05295 on January 30, 2006.

6. At hearing, Ms. Gabica testified that she was the person in Dr. Preston's office who was authorized to call in or otherwise handle prescriptions and prescription refill authorizations and that she always recorded such authorizations in the charts maintained in Dr. Preston's office. Ms. Gabica testified that Dr. Preston did not authorize the six refills that appeared in the Walgreens #05295 computer system. Ms. Gabica further testified that neither she nor Dr. Preston were even aware of the refill authorizations and that that number of refills were never authorized by Dr. Preston for any patients, including Patient B. Regarding Patient B, it was Ms. Gabica's and Dr. Preston's understanding that with the exception of the initial prescription for Norco, the remainder of Patient B's pain medications were to be Lortab 7.5, which prescriptions were, in fact, authorized by and known to Ms. Gabica and Dr. Preston. At all times, we found Ms. Gabica's testimony to be credible, authoritative, and informative.

7. On March 20, 2006, Rx #356319-05295 was transferred to Walgreens #04789. A new prescription number, Rx #582580-04789 was generated at that time. The label generated for Rx #582580-04789 by the computer system at Walgreens #04789 when the prescription was first filled on March 20, 2006 stated: "5 REFILLS BEFORE 07/31/06," and also contained a box in which it stated: "Rx transferred from Rx# 356319-5295 on 03/20/2006; RPh Ints: JWL." Based on Rx #582580-04789, Patient B obtained refills from Walgreens #04789 on March 20, 2006, March 23, 2006, and March 29, 2006.

8. On April 1, 2006, Walgreens substituted generic hydrocodone/APAP 10/325 for Norco 10/325 for Patient B, and a new prescription number, Rx #585742-04789, was generated. The label generated for Rx #585742-04789 by the computer system at Walgreens #04789 when the prescription was filled on April 1, 2006 stated: "2 REFILLS BEFORE 07/31/06," and also contained a box in which it stated: "Rx created from Rx# 582580-5295 on 04/01/2006 by PDB." Walgreens #04789 dispensed one filling of Rx #585742-04789 to Patient B on April 1, 2006.

9. On April 4, 2006, a new prescription number for Patient B for hydrocodone/APAP 10/325 was generated (Rx #586445-04789) at Walgreens #04789. The label generated for Rx #586445-04789 by the computer system at Walgreens #04789 when the prescription was first filled on April 4, 2006 stated: "2 REFILLS BEFORE 10/03/06," and also contained a box in which it stated: "Rx created from Rx# 582580-4789 on 04/04/2006 by TEK." Based on Rx #586445-04789, Walgreens #04789 dispensed refills for hydrocodone/APAP 10/325 #40 to Patient B on April 5, 2006 and April 10, 2006.

10. At hearing, neither Ms. Gobran nor Mr. Jacobs could explain (1) why Rx #586445-04789 was created, (2) who created it, (3) by whose authorization it was created, (4) why it referred back to Rx #582580-04789 rather than to Rx #585742-04789, (5) why it contained more refills than would by that time be authorized by law, and (6) why the date by which the refills were to be completed was changed from 7/31/06 to 10/3/06. Ms. Gabica clearly testified that Dr. Preston was not aware of and did not authorize Rx #586445-04789 or any of the other refills of Patient B's Norco prescription.

11. On April 17, 2006, Walgreens #04789 created for Patient B a new prescription number, Rx #589417-04789, again for Norco 10/325 #40. The label generated for Rx #589417-04789 by the computer system at Walgreens #04789 when the prescription was filled on April 17, 2006 stated: "NO REFILLS – DR. AUTHORIZATION REQUIRED," and also contained a box in which it stated: "Rx created from Rx# 586445-4789 on 04/17/2006 by SEF." Based on Rx #589417-04789, Walgreens #04789 dispensed one filling of Norco 10/325 #40 to Patient B on April 17, 2006. At hearing, neither Ms. Gobran nor Mr. Jacobs could explain why Rx #589417-04789 was created or upon whose authorization.

12. On the morning of April 21, 2006, an unknown Walgreens employee faxed a "Prescription Request" form to Dr. Preston's office referencing a new prescription number, Rx #590330-04789, for Norco for Patient B. The "Prescription Request" form indicated that the prescription had last been refilled on April 17, 2006. Shortly after receipt of the "Prescription Request" form on or about April 21, 2006, Ms. Gabica called Walgreens #04789 to advise them that Patient B should not have received any refills of Norco and that he was not to receive any further fills without authorization. Ms. Gabica testified that she was particularly concerned about the refill request form because it indicated that the last refill had been on April 17, 2006, and she knew that no refills had ever been authorized for Patient B for Norco at any time since the original prescription had been issued. Ms. Gabica also testified that at the time she spoke with employees at Walgreens #04789 she informed them that Dr. Preston would not authorize the refill requested and that the pharmacy was not to fill any additional refills or prescriptions for hydrocodone for Patient B after that date.

13. On an unknown date and time by an unknown person at Walgreens #04789, Rx #590330-04789 and its history were deleted from the computer system at Walgreens #04789. No trace of the prescription input remained in Patient B's profile. The only indication that the number existed was in the faxed "Prescription Request" form sent to the doctor's office and an unhelpful entry in the refill center screen of the TeamRx software at Walgreens #04789.

14. On May 9, 2006, a new prescription number, Rx #594849-04789, was generated for Patient B for Norco 10/325 #40. The label generated for Rx #594849-04789 by the computer system at Walgreens #04789 when the prescription was first filled on May 9, 2006 stated: "1 REFILL BEFORE 07/31/06," and also contained a box in which it was stated: "Rx created from Rx# 585742-4789 on 05/09/2006 by CJK." Based on Rx #594849-04789, Walgreens #04789 dispensed refills for Norco 10/325 #40 to Patient B on May 9, 2006 and for Norco 10/325 #28 on May 14, 2006.

15. Ms. Gabica testified that neither she nor Dr. Preston knew about or approved the creation, filling, and dispensing of Rx #594849-04789 for Patient B, particularly since the prescription was created by Walgreens #04789 after Ms. Gabica had specifically informed employees at Walgreens #04789 that Patient B was not to receive any new or refilled prescriptions from Norco. Nobody at Walgreens #04789 could explain why Rx #594849-04789 was created or upon whose authorization.

16. On May 17, 2006, Walgreens #04789 generated a new prescription number, Rx #596685-04789, for Patient B for generic hydrocodone/APAP 10/325 #40. The label generated for Rx #596685-04789 by the computer system at Walgreens #04789 when the prescription was filled on May 17, 2006 stated: "NO REFILLS – DR. AUTHORIZATION REQUIRED," and also contained a box in which it stated: "Rx

created from Rx# 594849-4789 on 05/09/2006 by CJK." Based on Rx #594849-04789, Walgreens #04789 dispensed hydrocodone 10/325 #40 to Patient B on May 17, 2006.

17. Ms. Gabica testified that neither she nor Dr. Preston knew about or approved the creation, filling, and dispensing of Rx #596685-04789 for Patient B. Neither Ms. Gobran nor Mr. Jacobs could explain why Rx #596685-04789 was created or upon whose authorization.

18. Through the above course of conduct, Walgreens Co, Walgreens #05295 and Walgreens #04789 dispensed to Patient B eleven prescriptions for a total of 428 dosage units of Norco or generic hydrocodone 10/325 through the use of eight different prescription numbers over a four month period where only one fill for Norco 10/325 #40, the first fill on January 26, 2006, was actually authorized by Dr. Preston. Three of the fills, for a total of 108 dosage units, occurred after Ms. Gabica specifically instructed Walgreens #04789 that none of the previous refills were authorized and that they were not authorized to create any additional prescriptions or refills.

19. Ms. Gobran testified that Walgreens policy did not require the keeping of facsimile prescription forms or facsimile refill authorizations. She explained that Walgreens' computer system contained an automated refill authorization protocol by which the computer system would automatedly send a facsimile refill authorization to a practitioner when a refill authorization was deemed necessary by a pharmacist. The automated facsimile refill authorization could be manually overridden by a pharmacist. Ms. Gobran explained that a facsimile authorization that was transmitted back to a pharmacy could easily be scanned into the pharmacy's computer system like any other prescription.

20. Ms. Gobran could not definitively explain any of the course of conduct regarding Patient B's Norco and generic Norco prescriptions discussed in the preceding paragraphs. Ms. Gobran explained that the best she could do was assume that Walgreens' policies and procedures were followed even though Walgreens' own records seemed to demonstrate otherwise. Neither Ms. Gobran nor Mr. Jacobs could explain or produce proof to refute Ms. Gabica's testimony that none of the refills or new prescriptions involved in this matter were known to or were authorized by Dr. Preston.

21. Mr. Jacobs explained that Walgreens' computer system had no capability to identify whether a prescription had been returned to stock. Walgreens' policy allows for the pre-filling of prescriptions while awaiting physician authorization, and such pre-filled prescriptions are kept in a "quarantine" drawer until authorization is received. If authorization is not received for a "quarantined" pre-filled prescription, or if a patient does not pick up a filled prescription, then the prescription is returned to stock, but no record is made, either on paper or in the pharmacy's computer system, that the prescription was returned to stock.

22. Mr. Jacobs also explained that Walgreens' computer system did not record whether an automatedly generated facsimile refill authorization request was actually sent or received. The indication of "MDFAX" in the computer record, therefore, was no actual indicator of whether the facsimile had been sent or been received by the physician's office.

23. Neither Ms. Gobran nor Mr. Jacobs could explain what actually happened regarding Patient B's Norco and generic Norco prescriptions. Both guessed that certain things may have happened or must have happened to explain the course of conduct, but neither could offer any proof.

24. In the end, the Board was left with a clear record of ten refills and new prescriptions for a schedule III controlled substances, Norco and generic Norco, for Patient B that were not authorized by Dr. Preston. Walgreens presented no evidence to refute this clear record. While we appreciate Ms. Gobran's and Mr. Jacob's surmises as to what may have happened, we must base our ruling upon facts, and the facts, mostly Walgreens' own records, show that none of the ten refills or new prescriptions dispensed to Patient B beyond the original prescription were known to or authorized by Dr. Preston. Thus, Patient B received months' worth of duplicative hydrocodone prescriptions (since Patient B was also receiving Lortab 7.5 mg. prescriptions throughout the same time period) about which Patient B's treating physician had no knowledge. Worse yet, even after Dr. Preston's office indicated that the duplicative prescriptions were no longer authorized and must cease, Walgreens #04789 dispensed three more prescriptions totaling 108 dosage units anyway. Though such conduct did not cause any known harm to Patient B in this matter, such loose practices and recordkeeping is ripe for either abuse or harm and cannot continue.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Walgreens #04789 is a pharmacy licensed by the Board, located at 3495 South Virginia Street, Reno, Nevada, Walgreens #05295 is a pharmacy licensed by the Board, located at 750 North Virginia Street, Reno, Nevada, and Walgreens Co. is a publicly-traded corporation that owns and operates Walgreens #04789 and #05295.

2. By filling a Norco 10/325 #40 prescription (Rx #356319-05295) for Patient B on February 4, 2006 where the existing prescription (Rx #355481-05295) specifically

stated that no refills were authorized and prior to receiving any other authorization from any prescribing practitioner, Walgreens #05295 violated NRS 639.210(4), 639.2393(3), and 639.2396 and NAC 639.945(1)(d) and (i) and (2).

3. By creating and adding six total fills to a Norco 10/325 #40 prescription for Patient B (Rx #356319-05295) on February 9, 2006 where the underlying prescription lacked Dr. Preston's authorization and where the additional fills were not authorized by Dr. Preston, Walgreens #05295 violated NRS 639.210(4), 639.2393(3), and 639.2396 and NAC 639.945(1)(d) and (i) and (2).

4. By failing to keep any record or other evidence regarding the disposition of the prescription it filled for Norco 10/325 #40 for Patient B on February 4, 2006 (Rx #356319-05295), including any record of whether the prescription had been returned to stock, Walgreens #05295 violated NRS 639.210(4) and NAC 639.935(3)(g)(2).

5. By failing to decrement a refill of a prescription in its computer system or otherwise, namely by showing the two refills were still available on Rx #586445-04789 when, in fact, the preceding prescription to which it referred, Rx #585742-04789, had already been filled once and, thus, only one refill remained, thereby creating an additional unauthorized fill, Walgreens #04789 violated NRS 639.210(4), 639.2393(3), and 639.2396 and NAC 639.910(1)(h) and NAC 639.945(1)(d) and (i) and (2).

6. By filling a refill of Rx #586445-04789 for generic hydrocodone/APAP 10/325 #40 for Patient B on April 17, 2006, thus filling the original prescription more than the original fill and five refills, Walgreens #04789 violated NRS 639.210(4) and 639.2393(1) and NAC 639.945(1)(d) and (i) and (2).

7. By failing to keep an accurate record in its computer system regarding Rx #586445-04789, Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(i) and (2).

8. By failing to keep an accurate record in its computer system regarding Rx #590330-04789, Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.914(3), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(i) and (2).

9. By creating Rx #594849-04789 for Norco 10/325 #40 for Patient B without any authorization from a prescriber and, in fact, after the prescriber had expressly indicated to Walgreens #04789 that no additional fills or refills were authorized, and in filling Rx #594849-04789 twice, on May 9, 2006 (#40) and on May 13, 2006 (#28), Walgreens #04789 violated NRS 639.210(4), 639.2393(3), 639.2396, and 639.2397 and NAC 639.945(1)(d) and (i) and (2). Each filling of Rx #594849-04789 constitutes a separate violation that may be subject to separate and individual discipline.

10. By failing to keep an accurate record in its computer system regarding Rx #594849-04789, Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.914(3), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(i) and (2).

11. By creating Rx #596685-04789 for generic hydrocodone 10/325 #40 for Patient B without any authorization from a prescriber and, in fact, after the prescriber had expressly indicated to Walgreens #04789 that no additional fills or refills were authorized, and in filling Rx #596685-04789 on May 17, 2006, Walgreens #04789 violated NRS 639.210(4), 639.2393(3), 639.2396, and 639.2397 and NAC 639.945(1)(d) and (i) and (2).

12. By failing to decrement a refill of a prescription in its computer system or otherwise, namely by creating Rx #596685-04789 as cross-referenced to Rx #594849-04789 when, in fact, Rx #594849-04789 had already been filled twice and, thus, by its own terms no refills remained, thereby creating an additional unauthorized fill, Walgreens #04789 violated NRS 639.210(4), 639.2393(3), and 639.2396 and NAC 639.910(1)(h) and NAC 639.945(1)(d) and (i) and (2).

13. By failing to keep an accurate record in its computer system regarding Rx #596685-04789, Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.914(3), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Walgreens #04789 and Walgreens #05295 shall jointly and severally pay a fine of $24,000.00 ($2,000 per cause of action for each of the twelve causes of action for which violations were found) by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order.

2. Walgreens #04789 and Walgreens #05295 shall jointly and severally pay the Board's costs and attorney's fees and the Board's administrative fee of $295.00. Once the total costs and attorney's fees have been determined by Board Staff and approved by the Board's President, Board Staff shall send a notice to Walgreens #04789 and Walgreens #05295 explaining the total amount due under this paragraph. The payment of the fees and costs under this paragraph will thereafter be due by cashier's or certified

check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 60 days of the date of Board Staff's notice.

3. Walgreens #04789 and Walgreens #05295 shall each be on probation for two years commencing on the effective date of this Order according to the following terms and conditions:

a. Walgreens #04789 and Walgreens #05295 shall keep a copy of all facsimiles regarding new prescriptions and refills received by the pharmacies in their respective records. Each pharmacy may satisfy this condition by either keeping a paper copy of the record in the prescription files of the pharmacy or by scanning the facsimile into the pharmacy's computer system as part of the computerized record for that patient and prescription.

b. Walgreens #04789 and Walgreens #05295 shall audit their respective computer systems for the period of January 1, 2006 through the date of the audit. The intent of the audit is to determine if either pharmacy has other prescriptions or chains of prescriptions similar to the prescription and chain of prescriptions in this case where prescriptions have refills added or have their numbers changed so that more of a drug is dispensed than was authorized by a practitioner. In furtherance of the intent of the audit, the Board asked that a report be prepared from each pharmacy's computer system that contains all prescription records where the following elements are common:

(1) The field in which the name of the person to whom the pharmacy staff would have spoken about practitioner authorization for a new prescription or refill of an existing prescription does not contain any data;

(2) The automated facsimile feature has been manually disabled or was never enabled; and

(3) The prescription was terminated and then reactivated.

c. The audit should go beyond the specific report in subparagraphs (3)(b)(1), (2), and (3) for each pharmacy where such additional information is necessary to satisfy the intent of the audit.

d. The audit shall be completed and its findings shall be presented to Board Staff no later than January 2, 2007 so that the audits findings can be presented to and discussed by the Board at its regularly scheduled meeting on January 10 and 11, 2007 in Reno, Nevada. Representatives from Walgreens shall appear at the Board's meeting on January 10 and 11, 2007 at a time and date as later directed by Board Staff to discuss the audits' findings with the Board.

e. Walgreens #04789 and Walgreens #05295 shall comply with all laws related to the practice of pharmacy, whether state or federal and whether statutory or regulatory.

4. The failure by either Walgreens #04789 or Walgreens #05295 to comply with any term in this order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

ANDREW P. WRIGHT, R.Ph.,
Certificate of Registration #12439,

Case No. 01-007A-RPH-N

WALGREENS #04789,
Certificate of Registration #PH01359,

Case No. 01-007B-PH-N

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on March 7, 2001 in Reno, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. Mr. Wright and Walgreens #04789 were represented by Robert Graham. Mr. Wright testified on his own behalf and was accompanied by George Flaherty, Pharmacy Manager for Walgreens. Mr. Wright also presented one document that was accepted into evidence. Based on the admission and presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, Mr. Wright admitted that the facts as plead in the Notice of Intended Action and Accusation were true. Mr. Wright and Mr. Flaherty testified by way of explanation and mitigation. Based upon the admissions and testimony presented by Mr. Wright as well as the documents and public records in the possession of the Board, following are found to be the facts in this matter.

2. On January 2, 2001, Patient B requested a refill for Ditropan XL 10 mg. Patient B was a regular customer of Walgreens #04789 and had this prescription originally filled at this pharmacy. Mr. Wright refilled the prescription.

3. On January 2, 2001, the prescription was dispensed by Walgreens #04789 to Patient B and she began taking the medication as she normally had in the past. Patient B took the medication once per day for four days before being taken to the emergency room at St. Mary's Hospital on January 5th, 2001.

4. At St. Mary's Hospital, it was discovered that Patient B had received and had been taking Glucotrol XL 10 mg., not the Ditropan XL 10 mg. that had been ordered by Patient B's physician and for which the prescription had been labeled. Patient B was not a diabetic and had no medical need for Glucotrol XL 10 mg.

5. Patient B was hospitalized for two days to stabilize the dangerously low blood sugar levels that resulted from her taking Glucotrol XL 10 mg. for four days. It appeared that Patient B suffered no permanent medical harm as a result of her taking of the incorrect medication and subsequent hospitalization.

6. At hearing, Mr. Wright explained that he filled Patient B's prescription incorrectly and that he probably just saw the "XL" on the prescription and grabbed the Glucotrol XL 10 mg. to fill the prescription because that was the "XL" product he most commonly used. Mr. Wright appeared genuinely remorseful for his misfiling of Patient B's prescription.

7. At hearing, Mr. Flaherty explained that in the wake of the error involving Patient B's prescription, he instituted a new policy that will require that pharmacists overlap the final hour of the long shift of the type worked by Mr. Wright on the day that he committed the error regarding Patient B's prescription. This new policy, Mr. Flaherty hoped, would allow the two pharmacists to converse about the day's work and to double-check each other's work.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter because Mr. Wright is a pharmacist licensed by the Board and Walgreens #04789 is a pharmacy licensed by the Board.

2. In dispensing Patient B's prescription incorrectly by labeling the prescription for Ditropan XL 10 mg. but filling the vial with Glucotrol XL 10 mg., Mr. Wright violated NRS 639.210(4) and NAC 639.945(1)(i).

3. In owning and operating the pharmacy in which Mr. Wright was employed and in which the error by Mr. Wright took place, Walgreen #04789 violated NRS 639.210(4) and NAC 639.945(1)(i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Mr. Wright shall pay a fine of $400, in cash, cashier's or certified check, or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order. Mr. Wright shall pay one-half the Board's costs of hearing and investigation ($340.00) plus one-half the Board's administrative fee ($250.00), for a total of $295.00, in cash, cashier's or certified check, or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 60 days of the effective date of this Order.

2. Walgreens #04789 shall pay one-half the Board's costs of hearing and investigation ($340.00) plus one-half the Board's administrative fee ($250.00), for a total of $295.00, in cash, cashier's or certified check, or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 60 days of the effective date of this Order.

3. The failure by Mr. Wright to comply with any term in this order shall result in the immediate suspension of his license and will also result in further discipline, up to and including revocation of the his license. The failure by Walgreens #04789 to comply

with any term in this Order shall result in a fine of $1,000 per day for every day that the term is not complied with, up to a maximum of $30,000, and will also result in further discipline, up to and including revocation of its license. Furthermore, any failure to pay any fine, fee, or cost ordered herein will also result in such legal action as Board staff determines to be necessary to collect the unpaid fine, fee, or cost.

Signed and effective this 6th day of April, 2001.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Andrew P. Wright is a pharmacist licensed by the Board and Respondent Walgreens #04789 is a pharmacy licensed by the Board, located at 3495 South Virginia Street, Reno, Nevada.

II.

On or about January 2, 2001 Patient B requested a refill for Ditropan XL 10 mg. Patient B was a regular customer of Walgreens #04789 and had this prescription originally filled at this pharmacy. Mr. Wright refilled the prescription.

IV.

It was discovered at the hospital that Patient B had received and had been taking Glucotrol XL 10 mg., even though the prescription label indicated Ditropan XL 10 mg.

V.

Patient B was hospitalized for two days to stabilize the dangerously low blood sugar levels that resulted from her taking Glucotrol XL for four days.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the licenses or registrations of the Respondents.

Signed this 2ND day of February, 2001.

NOTICE OF INTENDED ACTION AND ACCUSATION

WALGREENS #04789
Certificate of Registration No. PH01359, Case No. 06-028A-PH-N

WALGREENS #05295
Certificate of Registration No. PH01687 Case No. 06-028B-PH-N

WALGREENS CO.,
Owner of Walgreens #04789 & #05295, Case No. 06-028C-PH-N

Respondents.
_____/

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Walgreens #04789 is a pharmacy licensed by the Board, located at 3495 South Virginia Street, Reno, Nevada, Walgreens #05295 is a pharmacy licensed by the Board, located at 750 North Virginia Street, Reno, Nevada, and Walgreens Co. is a publicly-traded corporation that owns and operates Walgreens #04789 and #05295.

II.

On January 26, 2006, Patient B had arthroscopic knee surgery and was discharged the same day with a prescription in the form of a discharge order from

Dr. Digby Preston for Norco 10/325 #40. The prescription clearly stated that there were zero (0) refills. Patient B took his Norco prescription to Walgreens #05295 on January 26, 2006 to have it filled. The prescription was filled that day by pharmacist John Luther as Rx #355481-05295. The prescription label for Rx #355481-05295 created by the computer system of Walgreens #05295 stated: "NO REFILLS – DR. AUTHORIZATION REQUIRED."

III.

On January 30, 2006 an unidentified Walgreens employee generated a new prescription number for Patient B for Norco 10/325 (Rx #356319-05295) and entered it as an "ADD REFILL" into the computer system for Walgreens #05295.

IV.

On February 4, 2006, Walgreens #05295 filled Rx #356319-05295. The prescription label for Rx #356319-05295 generated by the computer system at Walgreens #05295 stated: "5 REFILLS BEFORE 07/31/06." The prescription label also contained a box in which was stated: "Rx info – Rx# 255481-5295 on 01/30/2006 by JWL." Board Staff's investigation showed that there was no knowledge of or authorization by Dr. Preston or any other prescribing practitioner prior to the creation of or filling of Rx #356319-05295. Reportedly, this prescription was never picked up and was eventually returned to stock, though this could not be verified through records maintained at Walgreens #05295.

V.

On February 9, 2006, Mr. Luther entered into the computer system that six refills had been authorized by "MDFAX" for Rx #356319-05295. Board Staff's investigation showed that neither Dr. Preston nor any other prescribing practitioner knew about or

had approved any refills of either Rx #355481-05295 or Rx #356319-05295. Neither Mr. Luther nor any other employee of Walgreens #05295 could produce any proof that Dr. Preston had authorized the six refills for Rx #356319-05295, nor could anybody at Walgreens #05295 explain who placed the "ADD REFILL" notation in the computer system for Walgreens #05295 on January 30, 2006.

VI.

On March 20, 2006, Rx #356319-05295 was transferred to Walgreens #04789. A new prescription number, Rx #582580-04789 was generated at that time. The label generated for Rx #582580-04789 by the computer system at Walgreens #04789 when the prescription was first filled on March 20, 2006 stated: "5 REFILLS BEFORE 07/31/06," and also contained a box in which it stated: "Rx transferred from Rx# 356319-5295 on 03/20/2006; RPh Ints: JWL." Based on Rx #582580-04789, Patient B obtained refills from Walgreens #04789 on March 20, 2006, March 23, 2006, and March 29, 2006.

VII.

On April 1, 2006, Walgreens substituted generic hydrocodone/APAP 10/325 for Norco 10/325 for Patient B, and a new prescription number, Rx #585742-04789, was generated. The label generated for Rx #585742-04789 by the computer system at Walgreens #04789 when the prescription was filled on April 1, 2006 stated: "2 REFILLS BEFORE 07/31/06," and also contained a box in which it stated: "Rx created from Rx# 582580-5295 on 04/01/2006 by PDB." Walgreens #04789 dispensed one filling of Rx #585742-04789 to Patient B on April 1, 2006.

VIII.

On April 4, 2006, a new prescription number for Patient B for hydrocodone/APAP

10/325 was generated (Rx #586445-04789) at Walgreens #04789. The label generated for Rx #586445-04789 by the computer system at Walgreens #04789 when the prescription was first filled on April 4, 2006 stated: "2 REFILLS BEFORE 10/03/06," and also contained a box in which it stated: "Rx created from Rx# 582580-4789 on 04/04/2006 by TEK." Based on Rx #586445-04789, Walgreens #04789 dispensed refills for hydrocodone/APAP 10/325 #40 to Patient B on April 5, 2006 and April 10, 2006.

IX.

During Board Staff's investigation, nobody at Walgreens #04789 could explain (1) why Rx #586445-04789 was created, (2) who created it, (3) by whose authorization it was created, (4) why it referred back to Rx #582580-04789 rather than to Rx #585742-04789, (5) why it contained more refills than would by that time be authorized by law, and (6) why the date by which the refills were to be completed was changed from 7/31/06 to 10/3/06. Board Staff's investigation showed that Dr. Preston was not aware of and did not authorize Rx #586445-04789 or any refills of Patient B's Norco prescription.

X.

On April 17, 2006, Walgreens #04789 created for Patient B a new prescription number, Rx #589417-04789, again for Norco 10/325 #40. The label generated for Rx #589417-04789 by the computer system at Walgreens #04789 when the prescription was filled on April 17, 2006 stated: "NO REFILLS – DR. AUTHORIZATION REQUIRED," and also contained a box in which it stated: "Rx created from Rx# 586445-4789 on 04/17/2006 by SEF." Based on Rx #589417-04789, Walgreens #04789 dispensed one filling of Norco 10/325 #40 to Patient B on April 17, 2006.

XI.

Board Staff's investigation showed that neither Dr. Preston nor any other prescribing practitioner knew about or approved the creation, filling, and dispensing of Rx #589417-04789 for Patient B. Nobody at Walgreens #04789 could explain why Rx #589417-04789 was created or upon whose authorization.

XII.

On the morning of April 21, 2006, an unknown Walgreens employee faxed a "Prescription Request" form to Dr. Preston's office referencing a new prescription number, Rx #590330-04789, for Norco for Patient B. The "Prescription Request" form indicated that the prescription had last been refilled on April 17, 2006. Shortly after receipt of the "Prescription Request" form on or about April 21, 2006, Alissa Gabica, medical assistant to Dr. Digby Preston, called Walgreens #04789 to advise them that Patient B should not have received any refills of Norco and that he was not to receive any further fills without authorization.

XIII.

On an unknown date and time by an unknown person at Walgreens #04789, Rx #590330-04789 and its history were deleted from the computer system at Walgreens #04789. No trace of the prescription input remained in Patient B's profile. The only indication that the number existed was in the faxed "Prescription Request" form sent to the doctor's office and an unhelpful entry in the refill center screen of the TeamRx software at Walgreens #04789.

XIV.

On May 9, 2006, a new prescription number, Rx #594849-04789, was generated for Patient B for Norco 10/325 #40. The label generated for Rx #594849-04789 by the

computer system at Walgreens #04789 when the prescription was first filled on May 9, 2006 stated: "1 REFILL BEFORE 07/31/06," and also contained a box in which it was stated: "Rx created from Rx# 585742-4789 on 05/09/2006 by CJK." Based on Rx #594849-04789, Walgreens #04789 dispensed refills for Norco 10/325 #40 to Patient B on May 9, 2006 and for Norco 10/325 #28 on May 14, 2006.

XV.

Board Staff's investigation showed that neither Dr. Preston nor any other prescribing practitioner knew about or approved the creation, filling, and dispensing of Rx #594849-04789 for Patient B, particularly since the prescription was created by Walgreens #04789 after Ms. Gabica had specifically informed employees at Walgreens #04789 that Patient B was not to receive any new or refilled prescriptions from Norco. Nobody at Walgreens #04789 could explain why Rx #594849-04789 was created or upon whose authorization.

XVI.

On May 17, 2006, Walgreens #04789 generated a new prescription number, Rx #596685-04789, for Patient B for generic hydrocodone/APAP 10/325 #40. The label generated for Rx #596685-04789 by the computer system at Walgreens #04789 when the prescription was filled on May 17, 2006 stated: "NO REFILLS – DR. AUTHORIZATION REQUIRED," and also contained a box in which it stated: "Rx created from Rx# 594849-4789 on 05/09/2006 by CJK." Based on Rx #594849-04789, Walgreens #04789 dispensed hydrocodone 10/325 #40 to Patient B on May 17, 2006.

XVII.

Board Staff's investigation showed that neither Dr. Preston nor any other

prescribing practitioner knew about or approved the creation, filling, and dispensing of Rx #596685-04789 for Patient B. Nobody at Walgreens #04789 could explain why Rx #596685-04789 was created or upon whose authorization.

XIX.

Through the above course of conduct, Walgreens Co, Walgreens #05295 and Walgreens #04789 dispensed to Patient B eleven prescriptions for a total of 428 dosage units of Norco or generic hydrocodone 10/325 through the use of eight different prescription numbers over a four month period where only one fill for Norco 10/325 #40, the first fill on January 26, 2006, was actually authorized by Dr. Preston. Worse, three of the fills, for a total of 108 dosage units, occurred after Dr. Preston's office told Walgreens #04789 that none of the previous refills were authorized and that they were not authorized to create any additional prescriptions or refills.

FIRST CAUSE OF ACTION

XX.

By filling a Norco 10/325 #40 prescription (Rx #356319-05295) for Patient B on February 4, 2006 where the existing prescription (Rx #355481-05295) specifically stated that no refills were authorized and prior to receiving any other authorization from any prescribing practitioner, Walgreens #05295 violated Nevada Revised Statutes (NRS) 639.210(4), 639.2393(3), and 639.2396 and Nevada Administrative Code (NAC) 639.945(1)(d) and (i) and (2).

SECOND CAUSE OF ACTION

XXI.

By creating and adding six total fills to a Norco 10/325 #40 prescription for Patient B (Rx #356319-05295) on February 9, 2006 where the underlying prescription

lacked prescriber authorization and where the additional fills were not authorized by the prescriber (Dr. Preston), Walgreens #05295 violated NRS 639.210(4), 639.2393(3), and 639.2396 and NAC 639.945(1)(d) and (i) and (2).

THIRD CAUSE OF ACTION

XXII.

By failing to keep any record or other evidence regarding the disposition of the prescription it filled for Norco 10/325 #40 for Patient B on February 4, 2006 (Rx #356319-05295), including any record of whether the prescription had been returned to stock, Walgreens #05295 violated NRS 639.210(4) and NAC 639.935(3)(g)(2).

FOURTH CAUSE OF ACTION

XXIII.

By failing to decrement a refill of a prescription in its computer system or otherwise, namely by showing the two refills were still available on Rx #586445-04789 when, in fact, the preceding prescription to which it referred, Rx #585742-04789, had already been filled once and, thus, only one refill remained, thereby creating on additional unauthorized fill, Walgreens #04789 violated NRS 639.210(4), 639.2393(3), and 639.2396 and NAC 639.910(1)(h) and NAC 639.945(1)(d) and (i) and (2).

FIFTH CAUSE OF ACTION

XXIV.

By filling a refill of Rx #586445-04789 for generic hydrocodone/APAP 10/325 #40 for Patient B on April 10, 2006, thus filling the original prescription more than the original fill and five refills, Walgreens #04789 violated NRS 639.210(4) and 639.2393(1) and NAC 639.945(1)(d) and (i) and (2).

SIXTH CAUSE OF ACTION

XXV.

By failing to keep an accurate record in its computer system regarding Rx #586445-04789 – including failing to record who created the prescription, which prescriber authorized the prescription, why the prescription did not refer back to the immediately preceding prescription, why the number of refills exceeded the original putative authorization and Nevada law, and why the date by which the refills were to be provided was changed from 7/31/06 to 10/3/06 – Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(i) and (2).

SEVENTH CAUSE OF ACTION

XXVI.

By failing to keep an accurate record in its computer system regarding Rx #590330-04789 – including failing to record who created the prescription, which prescriber authorized the prescription, and who deleted the prescription from the pharmacy's computer system – Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.914(3), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(i) and (2).

EIGHTH CAUSE OF ACTION

XXVII.

By creating Rx #594849-04789 for Norco 10/325 #40 for Patient B without any authorization from a prescriber and, in fact, after the prescriber had expressly indicated to Walgreens #04789 that no additional fills or refills were authorized, and in filling Rx #594849-04789 twice, on May 9, 2006 (#40) and on May 13, 2006 (#28), Walgreens

#04789 violated NRS 639.210(4), 639.2393(3), 639.2396, and 639.2397 and NAC 639.945(1)(d) and (i) and (2). Each filling of Rx #594849-04789 constitutes a separate violation that may be subject to separate and individual discipline.

NINTH CAUSE OF ACTION

XXVIII.

By failing to keep an accurate record in its computer system regarding Rx #594849-04789 – including failing to record who created the prescription, which prescriber authorized the prescription, and why the prescription refers to a prescription three prescriptions earlier rather than the immediately preceding prescription – Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.914(3), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(i) and (2).

TENTH CAUSE OF ACTION

XXIX.

By creating Rx #596685-04789 for generic hydrocodone 10/325 #40 for Patient B without any authorization from a prescriber and, in fact, after the prescriber had expressly indicated to Walgreens #04789 that no additional fills or refills were authorized, and in filling Rx #596685-04789 on May 17, 2006, Walgreens #04789 violated NRS 639.210(4), 639.2393(3), 639.2396, and 639.2397 and NAC 639.945(1)(d) and (i) and (2).

ELEVENTH CAUSE OF ACTION

XXX.

By failing to decrement a refill of a prescription in its computer system or otherwise, namely by creating Rx #596685-04789 as cross-referenced to Rx #594849-04789 when, in fact, Rx #594849-04789 had already been filled twice and, thus, by its

own terms no refills remained, thereby creating on additional unauthorized fill, Walgreens #04789 violated NRS 639.210(4), 639.2393(3), and 639.2396 and NAC 639.910(1)(h) and NAC 639.945(1)(d) and (l) and (2).

TWELFTH CAUSE OF ACTION

XXXI.

By failing to keep an accurate record in its computer system regarding Rx #596685-04789 – including failing to record who created the prescription, which prescriber authorized the prescription, and why the prescription refers to a prescription as a cross-reference on which no additional fills remained – Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.914(3), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(l) and (2).

THIRTEENTH CAUSE OF ACTION

XXXII.

By operation of the inadequate computer system and inadequate policies and procedures, Patient B obtained eleven prescription fills for Norco or generic hydrocodone 10/325 over a four month period accounting for a total of 428 dosage units – including three fills on two prescriptions for a total of 108 dosage units after Dr. Preston's office expressly informed Walgreens #04789 that no previous refills had been authorized and that no future fills or refills were authorized – where Patient B's prescribing practitioner, Dr. Preston, had only authorized one fill for a total of 40 dosage units, Walgreens Co, Walgreens #05295, and Walgreens #04789 violated NRS 639.210(4) and NAC 639.945(2) and all previous violations cited in the preceding twelve causes of action.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Signed this 4th day of August, 2006.

Nevada State Board of Pharmacy

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

Case No. 06-028A-PH-N

Case No. 06-028B-PH-N

Case No. 06-028C-PH-N

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on September 6, 2006 in Reno, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert C. Graham. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, Board Staff presented the testimony of Alissa Gabica and Joseph Depczynski, and Respondents presented the testimony of Eman Gobran and Robby Jacobs. Board Staff presented two exhibits, one that was accepted into evidence and the other that was referred to for demonstrative purposes and Respondents presented one exhibit that was accepted into evidence. Based upon the presentations of the parties, the Board finds the following to be the facts of this matter.

2. On January 26, 2006, Patient B had arthroscopic knee surgery and was discharged the same day with a prescription in the form of a discharge order from Dr. Digby Preston for Norco 10/325 #40. The prescription clearly stated that there were zero (0) refills. Patient B took his Norco prescription to Walgreens #05295 on January 26, 2006 to have it filled. The prescription was filled that day by pharmacist John Luther as Rx #355481-05295. The prescription label for Rx #355481-05295 created by the computer system of Walgreens #05295 stated: "NO REFILLS – DR. AUTHORIZATION REQUIRED."

3. On January 30, 2006 an unidentified Walgreens employee generated a new prescription number for Patient B for Norco 10/325 (Rx #356319-05295) and entered it as an "ADD REFILL" into the computer system for Walgreens #05295.

4. On February 4, 2006, Walgreens #05295 filled Rx #356319-05295. The prescription label for Rx #356319-05295 generated by the computer system at Walgreens #05295 stated: "5 REFILLS BEFORE 07/31/06." The prescription label also contained a box in which was stated: "Rx info – Rx# 255481-5295 on 01/30/2006 by JWL." Board Staff's investigation showed that there was no knowledge of or authorization by Dr. Preston or any other prescribing practitioner prior to the creation of or filling of Rx #356319-05295. Reportedly, this prescription was never picked up and was eventually returned to stock, though this could not be verified through records maintained at Walgreens #05295.

5. On February 9, 2006, Mr. Luther entered into the computer system that six refills had been authorized by "MDFAX" for Rx #356319-05295. Board Staff's investigation showed that neither Dr. Preston nor any other prescribing practitioner knew about or had approved any refills of either Rx #355481-05295 or Rx #356319-

05295. Neither Mr. Luther nor any other employee of Walgreens #05295 could produce any proof that Dr. Preston had authorized the six refills for Rx #356319-05295, nor could anybody at Walgreens #05295 explain who placed the "ADD REFILL" notation in the computer system for Walgreens #05295 on January 30, 2006.

6. At hearing, Ms. Gabica testified that she was the person in Dr. Preston's office who was authorized to call in or otherwise handle prescriptions and prescription refill authorizations and that she always recorded such authorizations in the charts maintained in Dr. Preston's office. Ms. Gabica testified that Dr. Preston did not authorize the six refills that appeared in the Walgreens #05295 computer system. Ms. Gabica further testified that neither she nor Dr. Preston were even aware of the refill authorizations and that that number of refills were never authorized by Dr. Preston for any patients, including Patient B. Regarding Patient B, it was Ms. Gabica's and Dr. Preston's understanding that with the exception of the initial prescription for Norco, the remainder of Patient B's pain medications were to be Lortab 7.5, which prescriptions were, in fact, authorized by and known to Ms. Gabica and Dr. Preston. At all times, we found Ms. Gabica's testimony to be credible, authoritative, and informative.

7. On March 20, 2006, Rx #356319-05295 was transferred to Walgreens #04789. A new prescription number, Rx #582580-04789 was generated at that time. The label generated for Rx #582580-04789 by the computer system at Walgreens #04789 when the prescription was first filled on March 20, 2006 stated: "5 REFILLS BEFORE 07/31/06," and also contained a box in which it stated: "Rx transferred from Rx# 356319-5295 on 03/20/2006; RPh Ints: JWL." Based on Rx #582580-04789, Patient B obtained refills from Walgreens #04789 on March 20, 2006, March 23, 2006, and March 29, 2006.

8. On April 1, 2006, Walgreens substituted generic hydrocodone/APAP 10/325 for Norco 10/325 for Patient B, and a new prescription number, Rx #585742-04789, was generated. The label generated for Rx #585742-04789 by the computer system at Walgreens #04789 when the prescription was filled on April 1, 2006 stated: "2 REFILLS BEFORE 07/31/06," and also contained a box in which it stated: "Rx created from Rx# 582580-5295 on 04/01/2006 by PDB." Walgreens #04789 dispensed one filling of Rx #585742-04789 to Patient B on April 1, 2006.

9. On April 4, 2006, a new prescription number for Patient B for hydrocodone/APAP 10/325 was generated (Rx #586445-04789) at Walgreens #04789. The label generated for Rx #586445-04789 by the computer system at Walgreens #04789 when the prescription was first filled on April 4, 2006 stated: "2 REFILLS BEFORE 10/03/06," and also contained a box in which it stated: "Rx created from Rx# 582580-4789 on 04/04/2006 by TEK." Based on Rx #586445-04789, Walgreens #04789 dispensed refills for hydrocodone/APAP 10/325 #40 to Patient B on April 5, 2006 and April 10, 2006.

10. At hearing, neither Ms. Gobran nor Mr. Jacobs could explain (1) why Rx #586445-04789 was created, (2) who created it, (3) by whose authorization it was created, (4) why it referred back to Rx #582580-04789 rather than to Rx #585742-04789, (5) why it contained more refills than would by that time be authorized by law, and (6) why the date by which the refills were to be completed was changed from 7/31/06 to 10/3/06. Ms. Gabica clearly testified that Dr. Preston was not aware of and did not authorize Rx #586445-04789 or any of the other refills of Patient B's Norco prescription.

11. On April 17, 2006, Walgreens #04789 created for Patient B a new prescription number, Rx #589417-04789, again for Norco 10/325 #40. The label generated for Rx #589417-04789 by the computer system at Walgreens #04789 when the prescription was filled on April 17, 2006 stated: "NO REFILLS – DR. AUTHORIZATION REQUIRED," and also contained a box in which it stated: "Rx created from Rx# 586445-4789 on 04/17/2006 by SEF." Based on Rx #589417-04789, Walgreens #04789 dispensed one filling of Norco 10/325 #40 to Patient B on April 17, 2006. At hearing, neither Ms. Gobran nor Mr. Jacobs could explain why Rx #589417-04789 was created or upon whose authorization.

12. On the morning of April 21, 2006, an unknown Walgreens employee faxed a "Prescription Request" form to Dr. Preston's office referencing a new prescription number, Rx #590330-04789, for Norco for Patient B. The "Prescription Request" form indicated that the prescription had last been refilled on April 17, 2006. Shortly after receipt of the "Prescription Request" form on or about April 21, 2006, Ms. Gabica called Walgreens #04789 to advise them that Patient B should not have received any refills of Norco and that he was not to receive any further fills without authorization. Ms. Gabica testified that she was particularly concerned about the refill request form because it indicated that the last refill had been on April 17, 2006, and she knew that no refills had ever been authorized for Patient B for Norco at any time since the original prescription had been issued. Ms. Gabica also testified that at the time she spoke with employees at Walgreens #04789 she informed them that Dr. Preston would not authorize the refill requested and that the pharmacy was not to fill any additional refills or prescriptions for hydrocodone for Patient B after that date.

13. On an unknown date and time by an unknown person at Walgreens #04789, Rx #590330-04789 and its history were deleted from the computer system at Walgreens #04789. No trace of the prescription input remained in Patient B's profile. The only indication that the number existed was in the faxed "Prescription Request" form sent to the doctor's office and an unhelpful entry in the refill center screen of the TeamRx software at Walgreens #04789.

14. On May 9, 2006, a new prescription number, Rx #594849-04789, was generated for Patient B for Norco 10/325 #40. The label generated for Rx #594849-04789 by the computer system at Walgreens #04789 when the prescription was first filled on May 9, 2006 stated: "1 REFILL BEFORE 07/31/06," and also contained a box in which it was stated: "Rx created from Rx# 585742-4789 on 05/09/2006 by CJK." Based on Rx #594849-04789, Walgreens #04789 dispensed refills for Norco 10/325 #40 to Patient B on May 9, 2006 and for Norco 10/325 #28 on May 14, 2006.

15. Ms. Gabica testified that neither she nor Dr. Preston knew about or approved the creation, filling, and dispensing of Rx #594849-04789 for Patient B, particularly since the prescription was created by Walgreens #04789 after Ms. Gabica had specifically informed employees at Walgreens #04789 that Patient B was not to receive any new or refilled prescriptions from Norco. Nobody at Walgreens #04789 could explain why Rx #594849-04789 was created or upon whose authorization.

16. On May 17, 2006, Walgreens #04789 generated a new prescription number, Rx #596685-04789, for Patient B for generic hydrocodone/APAP 10/325 #40. The label generated for Rx #596685-04789 by the computer system at Walgreens #04789 when the prescription was filled on May 17, 2006 stated: "NO REFILLS – DR. AUTHORIZATION REQUIRED," and also contained a box in which it stated: "Rx

created from Rx# 594849-4789 on 05/09/2006 by CJK." Based on Rx #594849-04789, Walgreens #04789 dispensed hydrocodone 10/325 #40 to Patient B on May 17, 2006.

17. Ms. Gabica testified that neither she nor Dr. Preston knew about or approved the creation, filling, and dispensing of Rx #596685-04789 for Patient B. Neither Ms. Gobran nor Mr. Jacobs could explain why Rx #596685-04789 was created or upon whose authorization.

18. Through the above course of conduct, Walgreens Co, Walgreens #05295 and Walgreens #04789 dispensed to Patient B eleven prescriptions for a total of 428 dosage units of Norco or generic hydrocodone 10/325 through the use of eight different prescription numbers over a four month period where only one fill for Norco 10/325 #40, the first fill on January 26, 2006, was actually authorized by Dr. Preston. Three of the fills, for a total of 108 dosage units, occurred after Ms. Gabica specifically instructed Walgreens #04789 that none of the previous refills were authorized and that they were not authorized to create any additional prescriptions or refills.

19. Ms. Gobran testified that Walgreens policy did not require the keeping of facsimile prescription forms or facsimile refill authorizations. She explained that Walgreens' computer system contained an automated refill authorization protocol by which the computer system would automatedly send a facsimile refill authorization to a practitioner when a refill authorization was deemed necessary by a pharmacist. The automated facsimile refill authorization could be manually overridden by a pharmacist. Ms. Gobran explained that a facsimile authorization that was transmitted back to a pharmacy could easily be scanned into the pharmacy's computer system like any other prescription.

20. Ms. Gobran could not definitively explain any of the course of conduct regarding Patient B's Norco and generic Norco prescriptions discussed in the preceding paragraphs. Ms. Gobran explained that the best she could do was assume that Walgreens' policies and procedures were followed even though Walgreens' own records seemed to demonstrate otherwise. Neither Ms. Gobran nor Mr. Jacobs could explain or produce proof to refute Ms. Gabica's testimony that none of the refills or new prescriptions involved in this matter were known to or were authorized by Dr. Preston.

21. Mr. Jacobs explained that Walgreens' computer system had no capability to identify whether a prescription had been returned to stock. Walgreens' policy allows for the pre-filling of prescriptions while awaiting physician authorization, and such pre-filled prescriptions are kept in a "quarantine" drawer until authorization is received. If authorization is not received for a "quarantined" pre-filled prescription, or if a patient does not pick up a filled prescription, then the prescription is returned to stock, but no record is made, either on paper or in the pharmacy's computer system, that the prescription was returned to stock.

22. Mr. Jacobs also explained that Walgreens' computer system did not record whether an automatedly generated facsimile refill authorization request was actually sent or received. The indication of "MDFAX" in the computer record, therefore, was no actual indicator of whether the facsimile had been sent or been received by the physician's office.

23. Neither Ms. Gobran nor Mr. Jacobs could explain what actually happened regarding Patient B's Norco and generic Norco prescriptions. Both guessed that certain things may have happened or must have happened to explain the course of conduct, but neither could offer any proof.

24. In the end, the Board was left with a clear record of ten refills and new prescriptions for a schedule III controlled substances, Norco and generic Norco, for Patient B that were not authorized by Dr. Preston. Walgreens presented no evidence to refute this clear record. While we appreciate Ms. Gobran's and Mr. Jacob's surmises as to what may have happened, we must base our ruling upon facts, and the facts, mostly Walgreens' own records, show that none of the ten refills or new prescriptions dispensed to Patient B beyond the original prescription were known to or authorized by Dr. Preston. Thus, Patient B received months' worth of duplicative hydrocodone prescriptions (since Patient B was also receiving Lortab 7.5 mg. prescriptions throughout the same time period) about which Patient B's treating physician had no knowledge. Worse yet, even after Dr. Preston's office indicated that the duplicative prescriptions were no longer authorized and must cease, Walgreens #04789 dispensed three more prescriptions totaling 108 dosage units anyway. Though such conduct did not cause any known harm to Patient B in this matter, such loose practices and recordkeeping is ripe for either abuse or harm and cannot continue.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Walgreens #04789 is a pharmacy licensed by the Board, located at 3495 South Virginia Street, Reno, Nevada, Walgreens #05295 is a pharmacy licensed by the Board, located at 750 North Virginia Street, Reno, Nevada, and Walgreens Co. is a publicly-traded corporation that owns and operates Walgreens #04789 and #05295.

2. By filling a Norco 10/325 #40 prescription (Rx #356319-05295) for Patient B on February 4, 2006 where the existing prescription (Rx #355481-05295) specifically

stated that no refills were authorized and prior to receiving any other authorization from any prescribing practitioner, Walgreens #05295 violated NRS 639.210(4), 639.2393(3), and 639.2396 and NAC 639.945(1)(d) and (i) and (2).

3. By creating and adding six total fills to a Norco 10/325 #40 prescription for Patient B (Rx #356319-05295) on February 9, 2006 where the underlying prescription lacked Dr. Preston's authorization and where the additional fills were not authorized by Dr. Preston, Walgreens #05295 violated NRS 639.210(4), 639.2393(3), and 639.2396 and NAC 639.945(1)(d) and (i) and (2).

4. By failing to keep any record or other evidence regarding the disposition of the prescription it filled for Norco 10/325 #40 for Patient B on February 4, 2006 (Rx #356319-05295), including any record of whether the prescription had been returned to stock, Walgreens #05295 violated NRS 639.210(4) and NAC 639.935(3)(g)(2).

5. By failing to decrement a refill of a prescription in its computer system or otherwise, namely by showing the two refills were still available on Rx #586445-04789 when, in fact, the preceding prescription to which it referred, Rx #585742-04789, had already been filled once and, thus, only one refill remained, thereby creating an additional unauthorized fill, Walgreens #04789 violated NRS 639.210(4), 639.2393(3), and 639.2396 and NAC 639.910(1)(h) and NAC 639.945(1)(d) and (i) and (2).

6. By filling a refill of Rx #586445-04789 for generic hydrocodone/APAP 10/325 #40 for Patient B on April 17, 2006, thus filling the original prescription more than the original fill and five refills, Walgreens #04789 violated NRS 639.210(4) and 639.2393(1) and NAC 639.945(1)(d) and (i) and (2).

7. By failing to keep an accurate record in its computer system regarding Rx #586445-04789, Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(i) and (2).

8. By failing to keep an accurate record in its computer system regarding Rx #590330-04789, Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.914(3), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(i) and (2).

9. By creating Rx #594849-04789 for Norco 10/325 #40 for Patient B without any authorization from a prescriber and, in fact, after the prescriber had expressly indicated to Walgreens #04789 that no additional fills or refills were authorized, and in filling Rx #594849-04789 twice, on May 9, 2006 (#40) and on May 13, 2006 (#28), Walgreens #04789 violated NRS 639.210(4), 639.2393(3), 639.2396, and 639.2397 and NAC 639.945(1)(d) and (i) and (2). Each filling of Rx #594849-04789 constitutes a separate violation that may be subject to separate and individual discipline.

10. By failing to keep an accurate record in its computer system regarding Rx #594849-04789, Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.914(3), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(i) and (2).

11. By creating Rx #596685-04789 for generic hydrocodone 10/325 #40 for Patient B without any authorization from a prescriber and, in fact, after the prescriber had expressly indicated to Walgreens #04789 that no additional fills or refills were authorized, and in filling Rx #596685-04789 on May 17, 2006, Walgreens #04789 violated NRS 639.210(4), 639.2393(3), 639.2396, and 639.2397 and NAC 639.945(1)(d) and (i) and (2).

12. By failing to decrement a refill of a prescription in its computer system or otherwise, namely by creating Rx #596685-04789 as cross-referenced to Rx #594849-04789 when, in fact, Rx #594849-04789 had already been filled twice and, thus, by its own terms no refills remained, thereby creating an additional unauthorized fill, Walgreens #04789 violated NRS 639.210(4), 639.2393(3), and 639.2396 and NAC 639.910(1)(h) and NAC 639.945(1)(d) and (i) and (2).

13. By failing to keep an accurate record in its computer system regarding Rx #596685-04789, Walgreens #04789 violated NRS 639.210(4) and NAC 639.910(1), 639.914(3), 639.930(3) and (4), 639.935(3)(g)(1), (3), and (4), and NAC 639.945(1)(i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Walgreens #04789 and Walgreens #05295 shall jointly and severally pay a fine of $24,000.00 ($2,000 per cause of action for each of the twelve causes of action for which violations were found) by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order.

2. Walgreens #04789 and Walgreens #05295 shall jointly and severally pay the Board's costs and attorney's fees and the Board's administrative fee of $295.00. Once the total costs and attorney's fees have been determined by Board Staff and approved by the Board's President, Board Staff shall send a notice to Walgreens #04789 and Walgreens #05295 explaining the total amount due under this paragraph. The payment of the fees and costs under this paragraph will thereafter be due by cashier's or certified

check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 60 days of the date of Board Staff's notice.

3. Walgreens #04789 and Walgreens #05295 shall each be on probation for two years commencing on the effective date of this Order according to the following terms and conditions:

a. Walgreens #04789 and Walgreens #05295 shall keep a copy of all facsimiles regarding new prescriptions and refills received by the pharmacies in their respective records. Each pharmacy may satisfy this condition by either keeping a paper copy of the record in the prescription files of the pharmacy or by scanning the facsimile into the pharmacy's computer system as part of the computerized record for that patient and prescription.

b. Walgreens #04789 and Walgreens #05295 shall audit their respective computer systems for the period of January 1, 2006 through the date of the audit. The intent of the audit is to determine if either pharmacy has other prescriptions or chains of prescriptions similar to the prescription and chain of prescriptions in this case where prescriptions have refills added or have their numbers changed so that more of a drug is dispensed than was authorized by a practitioner. In furtherance of the intent of the audit, the Board asked that a report be prepared from each pharmacy's computer system that contains all prescription records where the following elements are common:

(1) The field in which the name of the person to whom the pharmacy staff would have spoken about practitioner authorization for a new prescription or refill of an existing prescription does not contain any data;

(2) The automated facsimile feature has been manually disabled or was never enabled; and

(3) The prescription was terminated and then reactivated.

c. The audit should go beyond the specific report in subparagraphs (3)(b)(1), (2), and (3) for each pharmacy where such additional information is necessary to satisfy the intent of the audit.

d. The audit shall be completed and its findings shall be presented to Board Staff no later than January 2, 2007 so that the audits findings can be presented to and discussed by the Board at its regularly scheduled meeting on January 10 and 11, 2007 in Reno, Nevada. Representatives from Walgreens shall appear at the Board's meeting on January 10 and 11, 2007 at a time and date as later directed by Board Staff to discuss the audits' findings with the Board.

e. Walgreens #04789 and Walgreens #05295 shall comply with all laws related to the practice of pharmacy, whether state or federal and whether statutory or regulatory.

4. The failure by either Walgreens #04789 or Walgreens #05295 to comply with any term in this order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

Signed and effective this 1st day of October, 2006.

Respondents.	

This matter came before the Nevada State Board of Pharmacy (Board) at its regularly scheduled meeting on Wednesday, June 11, 2014, in Reno, Nevada. S. Paul Edwards, Esq., represented the Board in his capacity as its General Counsel. Respondents Andrew F. Mann (Mr. Mann), Certificate of Registration No. 18565, Alexandria W. Park (Ms. Park), Certificate of Registration No. 14825, and Walgreens #2474, Certificate of Registration No. PH01939, located at 3000 Vista Blvd., Sparks, NV (Walgreens), each filed an Answer and Notice of Defense in response to the Accusation in this matter. William J. Stilling, Esq., of Parsons Behle & Latimer, appeared at the hearing on Respondents' behalf. Based on the evidence presented, including testimony, the Board enters the following findings of fact, conclusions of law and order.

FINDINGS OF FACT

1. On October 9, 2013, patient JP-H's physician phoned in a prescription to Walgreens for clomiphene 50 mg tablets. JP-H picked up the prescription from Walgreens the following day.

2. On October 11, 2013, JP-H ingested two capsules per the pharmacist's instructions.

3. Within hours of taking the medication, JP-H experienced adverse physical effects.

4. Upon examining the label on the prescription bottle she received, JP-H discovered that Walgreens had dispensed clomipramine 50 mg. capsules, instead of the prescribed clomiphene 50 mg. tablets.

5. Mr. Mann was the pharmacist who retrieved the telephonic prescription from JP-H's physician. He transcribed the prescription and staged it for data entry.

6. From the transcribed prescription, pharmaceutical technician in training Bree Donnelly (Ms. Donnelly) entered the required data into Walgreens' computerized prescription tracking system. When entering the product name, Ms. Donnelly inadvertently selected clomipramine 50 mg. capsules, instead of the prescribed clomiphene 50 mg. tablets.

7. The prescription data was then ready for review by a pharmacist prior to filling.

8. Ms. Park performed the data entry review. She failed to detect that Ms. Donnelly erroneously selected clomipramine, rather than the prescribed clomiphene. Ms. Park sent the prescription back to the queue to await filling.

9. Ms. Donnelly retrieved and filled the approved prescription the next day.

10. Mr. Mann performed the final review and verification of the prescription. During verification, he did not detect that JP-H's prescription had erroneously been filled with clomipramine, rather than the prescribed clomiphene.

11. On October 10, 2013, JP-H picked up her prescription. During checkout and patient counseling, Mr. Mann again failed to detect that he was dispensing clomipramine 50 mg. capsules, rather than the prescribed clomiphene 50 mg. tablets. He further failed to provide adequately detailed counseling to JP-H, which, if more thorough, may have alerted either Mr. Mann or JP-H, or both, that Mr. Mann was dispensing an antidepressant, rather than the prescribed fertility medication.

12. The foregoing findings are supported by the Answers filed by the Respondents, and are further supported by the evidence, including testimony, presented to the Board during the hearing.

CONCLUSIONS OF LAW

Based on the forgoing findings of fact, the Board concludes on matters of law as follows:

13. The Board has jurisdiction over this matter because at the time of the conduct set forth above, Respondents, and each of them, were either registered pharmacists or a registered pharmacy with the Board.

14. By failing to strictly follow the instructions of JP-H's physician and verifying and dispensing clomipramine 50 mg. capsules, rather than the clomiphene 50 mg. tablets JP-H's physician prescribed, Respondents Andrew Mann and Alexandria Park violated Nevada Administrative Code (NAC) 639.945(1)(d) and (i), which violations are grounds for action against their respective Certificates of Registration pursuant to Nevada Revised Statutes (NRS) 639.255.

15. By providing inadequate counseling to JP-H, respondent Mr. Mann violated NRS 639.266(1), NAC 639.707 and NAC 639.945(1)(i). Those violations are grounds for action against Mr. Mann's Certificate of Registration pursuant to NRS 639.255.

16. As the owner of the pharmacy in which the foregoing violations occurred, Respondent Walgreens Pharmacy #02474 is responsible for those violations pursuant to NAC 639.945(2).[1]

ORDER

Based on the foregoing, **THE BOARD HEREBY ORDERS:**

17. In connection with the First Cause of Action set forth in the Accusation in this matter, Respondents Mr. Mann, RPh., and Ms. Park, RPh., shall each:

a. Pay a fine of $1,000.00,

[1] The Board did not find Walgreens negligent in this matter.

b. Pay an administrative fee of $49.00 to cover the Board's costs for processing fingerprinting cards for each of these respondents, and

c. Complete one (1) unit of continuing education (CE) on error prevention within ninety (90) days of the effective date of this Order.

18. In connection with the Second Cause of Action, Mr. Mann shall:

a. Pay a fine of $750.00,

b. Complete one (1) unit of CE on counseling within ninety (90) days of the effective date of this Order.

19. In connection with the Third Cause of Action, Respondent Walgreens shall:

a. Pay an administrative fee of $500.00,

b. Receive a letter from Board Staff requesting a copy of Walgreens' pharmacy policies and procedures, which Walgreens shall provide, and Board Staff shall review. Board Staff's review will be followed by an informal meeting of Board Staff, the Walgreens' District Manager and the Walgreens' Pharmacy Manager for Walgreens #02474 to discuss issues identified by Board Staff.

20. Respondents shall pay the fines set forth herein by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within ninety (90) days of the effective date of this Order. If circumstances so merit, Board Staff has the discretion and authority to establish a payment plan under which any of these Respondents may pay the fine(s) set forth herein through installments without further action or vote by the Board.

21. Respondents shall pay the administrative fees set forth herein by cashier's or certified check of money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office within sixty (90) days of the effective date of this Order.

22. Any failure by any Respondent to comply with any term in this Order may result in additional discipline, up to and including suspension or revocation of that respondent's registrations/licenses until all terms have been satisfied. Furthermore, any failure to pay any fine, fee, or cost ordered herein may result in such legal action as Board Staff determines to be necessary to collect the unpaid fine, fee, or cost.

Signed and effective this 3 day of July, 2014.

Respondents.	/	

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3), and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Andrew Mann (Mr. Mann), Certificate of Registration No. 18565, was a registered pharmacist with the Board, Respondent Alexandria Park (Ms. Park), Certificate of Registration No. 14825, was a registered pharmacist with the Board, and Respondent Walgreens Pharmacy #02474 (Walgreens), Certificate of Registration No. PH01939, was a pharmacy registered with the Board.

II.

On or about October 9, 2013, patient JP-H's physician phoned in a prescription to Walgreens for clomiphene 50 mg tablets. JP-H picked up the prescription from Walgreens the following day.

III.

On October 11, 2013, JP-H ingested two capsules per the pharmacist's instructions. Within a few hours, she began to experience dizziness, shortness of breath, dilated pupils, nausea, stomach pain, diarrhea and insomnia. JP-H examined the label on the prescription bottle and discovered that clomipramine 50 mg. capsules (an antidepressant) had been dispensed instead of the prescribed clomiphene 50 mg. tablets (fertility medication).

IV.

Mr. Mann was the pharmacist who retrieved the telephonic prescription for JP-H. Mr. Mann transcribed the prescription and staged it for data entry.

V.

Pharmaceutical technician in training Bree Donnelly (Ms. Donnelly) entered the required data into the pharmacy's computerized prescription tracking system. When entering the product name, Ms. Donnelly inadvertently selected clomipramine 50 mg. capsules instead of the prescribed clomiphene 50 mg. tablets. The prescription data was then forwarded to a pharmacist for review prior to filling.

VI.

Ms. Park was the pharmacist who performed the data entry review. Ms. Park failed to detect that clomipramine had been erroneously entered for clomiphene. Ms. Park sent the prescription back to the queue to await filling.

VII.

Ms. Donnelly retrieved and filled the approved prescription the next day.

VIII.

Ms. Donnelly has no independent recollection of this particular fill. Her normal procedure is to print the label set, retrieve the stock bottle, count the product, place the product in a prescription bottle, label the bottle, and stage the final product, stock bottle and any additional labels for pharmacist verification prior to dispensing.

IX.

Mr. Mann performed the final review and verification of the prescription. During verification, Mr. Mann failed to detect that clomipramine had been provided rather than clomiphene.

X.

On October 10, 2013, JP-H picked up her prescription. During patient counseling, Mr. Mann again failed to detect that the prescription for clomiphene 50 mg. tablets had been erroneously filled with clomipramine 50 mg. capsules.

FIRST CAUSE OF ACTION

XI.

In failing to strictly follow the instructions of JP-H's physician by verifying and dispensing clomipramine 50 mg. capsules, rather than the clomiphene 50 mg. tablets that were prescribed, Respondents Andrew Mann, Alexandria Park, and Walgreens Pharmacy #02474 violated Nevada Administrative Code (NAC) 639.945(1)(d) and/or (i), which violations are grounds for action pursuant to NRS 639.210(4), (11) and/or (12), or alternatively under NRS 639.255.

SECOND CAUSE OF ACTION

XII.

By failing to detect during counseling that the prescription was filled with clomipramine 50 mg. capsules rather than clomiphene 50 mg. tablets, Mr. Mann and Walgreens Pharmacy #02474 provided inadequate counseling in violation of NAC 639.707(1) and 639.945(1)(i), which violations are grounds for action pursuant to NRS 639.210(4) and 639.266(1).

THIRD CAUSE OF ACTION

XIII.

As the owner of the pharmacy in which the foregoing violations, or any one of them, occurred, Respondent Walgreens Pharmacy #02474 is responsible and therefore subject to

discipline pursuant to NAC 639.945(1)(d) and (i) and/or (2), which violations are grounds for action pursuant to NRS 639.210(4), (11) and/or (12), and NRS 639.255.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

Signed this 8th day of May, 2014.

Larry L. Pinson, Pharm.D., Executive Secretary
Nevada State Board of Pharmacy

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **SUSAN BLAIR, RPH** **Certificate of Registration No. 17494, and** **WALGREENS PHARMACY #11227** **Certificate of Registration No. PHN02513,** **Respondents.**	**CASE NO. 17-044-RPH-N** **17-044-PH-N** **STIPULATION AND ORDER** **(Walgreens #11227 Only)**

S. PAUL EDWARDS, ESQ., prosecuting for the State of Nevada, Nevada State Board of Pharmacy ("Board"), and Respondent WALGREENS PHARMACY #11227, Certificate of Registration No. PHN02513 ("Walgreens"), represented by WILLIAM J. STILLING, ESQ., of Stilling & Harrison Health Care Law,

HEREBY STIPULATE AND AGREE THAT

1. The Board has jurisdiction over these parties and this matter.

2. The Board properly served a *Notice of Intended Action and Accusation* (Accusation) on the Walgreens on or about October 24, 2018.

3. Walgreens did not file an *Answer and Notice of Defense* in this case.

4. Walgreens is fully aware of its right to seek the advice of counsel in this matter and has either obtained the advice of counsel or hereby waives that right to seek the advice of counsel by signing this Stipulation below.

5. Walgreens is aware of its right to a hearing on the matters alleged in the Accusation, its right to reconsideration, its right to appeal and any other rights which may be

accorded to it pursuant to the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that it has failed to comply with the provisions of Paragraph 9 below, Walgreens hereby freely and voluntarily waives its right to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to it by the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

7. Without admitting or denying the facts below, Walgreens admits that if this case were to proceed to a hearing, evidence exists and could be presented by the prosecution that could establish certain factual allegations as forth in the Accusation, *to wit:*

a. On April 7, 2017, patient T.B. went to Walgreens to refill what had previously been designated as Prescription No. 597217 (75 mg. clopidogrel (Plavix) tablets).

b. The pharmacist on duty, Susan Blair, did not refill Prescription No. 597217.

c. She closed the clopidogrel prescription (Prescription No. 597217) "pending response from the provider."

d. During the course of the Board's investigation, the Board Investigator sought to obtain prescription records to substantiate Walgreens' report that Blair closed Prescription No. 597217.

e. Walgreens produced no records to substantiate that report.

f. Later the same day that Blair purportedly closed Prescription No. 597217—April 7, 2017—Blair initiated another prescription for clopidogrel for T.B., which Walgreens designated Prescription No. 603227.

g. The Board Investigator requested repeatedly an audit of Prescription No. 603227, and pharmacy manager Derek Engebretson sent an audit request for Prescription No. 603227 to Walgreens' Pharmacy Affairs.

h. In response, Walgreens' Pharmacy Affairs responded that Blair created and filled Prescription No. 603227 on April 7, 2017, then deleted that prescription record. The Rx was filled on 4/7/17 @16:26:48. The prescription was not verified or sold."

i. Walgreens did not provide a complete record of that fill.

j. Walgreens provided inconsistent and conflicting information and documents regarding the origin and status of Prescription No. 603227.

k. Information provided by Tom Bui, a Walgreens Healthcare Supervisor for Pharmacy and Retail Operation, to the Board Investigator indicates that:

> . . . for reason unknown, the store closed the clopidogrel rx #597217 and COPY creates an new rx 603227 for the same drug, same directions, same quantity on 04/07/2017 at 2:35 pm. The rx was never filled and subsequently stored.

l. Walgreens provided no records to show that Prescription No. 603227 was "stored".

m. That report that Prescription No. 603227 was "stored" conflicts with other records that indicate that Prescription No. 603227 was ". . . filled, then deleted on 4/7/17 at 16:26:48 (4:26:48 pm). The prescription was not verified or sold."

n. Other records from Walgreens indicate that a third prescription, "Rx 604576 was COPY created from the stored Rx 603227 on 04/13/2017 and dispensed to the patient on 04/13/2017.)" Again, that record that Prescription No. 603227 was stored and used to create Prescription No. 604576 is at odds with Walgreens' records indicating that Prescription No. 603227 was deleted.

o. The Walgreens records indicating that Prescription No. 604576 was created from "deleted" or "stored" Prescription No. 603277 also conflicts with Walgreens' records indicating that Prescription No. 60476 was created by Ms. Blair from the other previously closed Prescription No. 597217 on 04/07/2017.

p. Further, the fill history for Prescription No. 60476 contains entries that are out of sequence.

The records Walgreens provided for Prescription No. 604576 indicate that respondent Blair somehow approved the data entered by K.A. Urrutia six days before Urrutia entered the data and before Mr. Engebretson created that prescription on 04/13/2017. Walgreens' inability to provide records showing a clear history of Prescription Nos. 603227 and 604576 persisted throughout the Board's investigation.

8. Walgreens further admits that the facts alleged in the Accusation, if proven, support the legal conclusions set forth in the Fourth and Fifth Causes of Action in the Accusation on file in this matter, including that:

a. By allowing Prescription No. 603227 to be deleted, Walgreens violated NAC 639.706(2) and (3) by failing to maintain a record that adequately explains or accounts for that serial number (603277) even though it was not filled.

b. By failing to maintain clear records of the origin and status of Prescription Nos. 603227 and 604576 in a readily retrievable manner and by failing to maintain a recordkeeping system that would allow for readily retrievable prescription records for those prescription numbers, Walgreens violated NAC 639.910(1)(a), NAC 639.751(1)(b) and (2), NAC 639.930(3), (4) and (5), and NAC 639.935(3)(g)(3).

c. For each of the forgoing violations, Walgreens is subject to discipline pursuant to NRS 639.210(4) and (12) and NRS 639.255.

9. Based upon the Accusation and the foregoing admissions, the Board and Walgreens stipulates to the following penalties:

a. For the Fourth Cause of Action, Walgreens shall pay a fine of one thousand dollars ($1,000.00) related to Ms. Blair's act of deleting Prescription No. 603227.

b. For the Fifth Cause of Action, Walgreens shall pay an administrative fee to partially offset the costs of Board Staff's investigation and prosecution of this case in the amount of two thousand dollars ($2,000.00).

c. Additionally, Walgreens, through its authorized representatives, shall meet with Board Staff to review its policies and procedures regarding the requirements of Nevada law concerning prescription record retention and the preservation of prescription records in a readily retrievable manner. Based on the outcome of that meeting, Walgreens shall establish and provide for Board Staff's review policies and procedures that are consistent with Nevada law regarding those matters.

d. Once the foregoing policies and procedures are approved by Board Staff as complying with Nevada law, Walgreens shall re-train all of its current pharmacists and train all future pharmacists regarding the same.

10. Board Counsel will present this Stipulation to the Board Members for approval at the Board's regularly scheduled meeting on March 6, 2019, in Reno, Nevada. Walgreens will

appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Walgreens is not present at the meeting.

11. The Board has discretion to accept this Stipulation, but it is not obligated to do so.

12. If the Board rejects any part or all of this Stipulation, the parties agree that a full hearing on the merits of this matter may be heard by the Board, and that the hearing shall occur at the Board's April 2019 meeting in Las Vegas, Nevada. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

13. Upon approval of this Stipulation by the Board, Walgreens shall pay the fine(s) agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Pkwy Ste 206, Reno Nevada 89521, within thirty (30) days of the effective date of the Board's Order.

14. Walgreens shall pay the administrative fee agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "Nevada State Board of Pharmacy," to be received by the Board's Reno office located at 985 Damonte Ranch Pkwy Ste 206, Reno Nevada 89521, within thirty (30) days of the effective date of the Board's Order.

15. Any failure by any Walgreens to satisfy the obligations stated herein may result in additional discipline, up to and including suspension or revocation of that Walgreens's respective registrations, until all terms have been complied with.

[THIS AREA INTENTIALLY LEFT BLANK]

Respondent WALGREENS PHARMACY #11227, Certificate of Registration No. PHN02513, has fully considered the charges and allegations contained in the Notice of Intended Action and Accusation in this matter, and the terms of this Stipulation, and freely and voluntarily agrees to the terms set forth herein, and waived certain rights, as stated herein.

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. SUSAN BLAIR, RPH Certificate of Registration No. 17494, and WALGREENS PHARMACY #11227 Certificate of Registration No. PHN02513, Respondents.	CASE NO. 17-044-RPH-N 17-044-PH-N NOTICE OF INTENDED ACTION AND ACCUSATION

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

JURISDICTION

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these respondents because at the time of the alleged events, respondent SUSAN BLAIR, RPH, Certificate of Registration No. 17494 ("Blair"), was a pharmacist registered by the Board, and respondent WALGREENS PHARMACY #11227, Certificate of Registration No. PHN02513 ("Walgreens"), was a pharmacy registered by the Board.

DISCIPLINARY HISTORY

II.

In March 2014, the Board entered a Stipulation and Order in the case of *Board of Pharmacy v. Respondents Susan Blair, Case No. 13-039-RPH-N and Walgreens Pharmacy #11227, Case No. 13-039-PH-N,* for violations resulting in the filling and dispensing of an

unauthorized prescription and three subsequent unauthorized refills of zolpidem, a Scheduled IV hypnotic. As a penalty, the Board ordered Blair to pay a fine of $1,000.00 and administrative fee of $500.00. The Board ordered Walgreens to provide additional training to its pharmacists and technicians on proper documentation and annotation of prescriptions that are superseded by other prescriptions.

FACTUAL ALLEGATIONS

III.

On March 11, 2017, patient T.B. saw his cardiologist, Dr. Nylk, who prescribed him thirty (30) 75 mg. clopidogrel (Plavix) tablets with instructions to take one tablet by month once a day. The prescription included three refills.

IV.

T.B. tendered the prescription to Walgreens two days later, on March 13. Walgreens dispensed the medication, Prescription No. 597217, the same day.

V.

On March 22, 2017, Dr. Nylk increased the quantity of T.B.'s prescription for 75 mg. clopidogrel (Plavix) tablets from thirty to ninety tablets with instructions to take one tablet by mouth once a day. Walgreens filled that prescription, Prescription No. 599411, the next day.

VI.

At the same time, Dr. Nylk provided T.B. an additional prescription for sixty 5 mg. Eliquis tablets with instructions to take one tablet by mouth twice a day. Dr. Nylk prescribed Eliquis as part of T.B.'s ongoing anti-platelet anticoagulation therapy. Walgreens designated that as Prescription No. 599727.

VII.

On April 7, 2017, T.B. returned to Walgreens to refill Prescription No. 597217 (75 mg. clopidogrel (Plavix) tablets).

VIII.

The pharmacist on duty, respondent Blair, refused to refill Prescription No. 597217, informing T.B. that the combination of clopidogrel and Eliquis posed a risk of increased bleeding. Blair advised T.B. to discontinue Eliquis and clopidogrel until T.B. consulted Dr. Nylk.

IX.

Blair then closed the clopidogrel prescription (Prescription No. 597217) "pending response from the provider."

X.

Blair did not speak with Dr. Nylk to discuss and resolve her concerns regarding Prescription No. 597217 before or after she declined to fill that prescription.

XI.

As a result of Ms. Blair's actions, T.B. went without anticoagulant therapy for about 4 or 5 days.

XII.

During the course of the Board's investigation, the Board Investigator sought to obtain prescription records to substantiate the report he received from Walgreens that Blair closed Prescription No. 597217. Walgreens produced no records to substantiate that report.

XIII.

Later that same day that Blair purportedly closed Prescription No. 597217 (April 7, 2017), Blair initiated another prescription for clopidogrel for T.B., which Walgreens designated Prescription No. 603227.

XIV.

The Board Investigator requested repeatedly an audit of Prescription No. 603227, and pharmacy manager Derek Engebretson sent an audit request for Prescription No. 603227 to Walgreens' Pharmacy Affairs.

XV.

In response, Walgreens' Pharmacy Affairs responded that Blair created and filled Prescription No. 603227 on April 7, 2017, then deleted that prescription record.

XVI.

There is no record of that fill at the Walgreens #11227.

XVII.

Walgreens provided inconsistent and conflicting information and documents regarding the origin and status of Prescription No. 603227. Information provided by Tom Bui, a Walgreens Healthcare Supervisor for Pharmacy and Retail Operation, to the Board Investigator indicates that:

> " . . . for reason unknown, the store closed the clopidogrel rx #597217 and COPY creates an new rx 603227 for the same drug, same directions, same quantity on 04/07/2017 at 2:35 pm. The rx was never filled and subsequently stored."

XVIII.

Walgreens provided no records to show that Prescription No. 603227 was "stored".

XIX.

That report that Prescription No. 603227 was "stored" conflicts with other records that indicate that Prescription No. 603227 was ". . . filled, then ***deleted*** on 4/7/17 at 16:26:48 (4:26:48 pm). The prescription was not verified or sold." (Emphasis added.)

XX.

Other records from Walgreens indicate that a third prescription, "Rx 604576 was COPY created from the ***stored*** Rx 603227 on 04/13/2017 and dispensed to the patient on 04/13/2017.)" (Emphasis added.) Again, that record that Prescription No. 603227 was ***stored*** and used to create Prescription No. 604576 is at odds with Walgreens' records indicating that Prescription No. 603227 was ***deleted***.

XXI.

The Walgreens records indicating that Prescription No. 604576 was created from "deleted" or "stored" Prescription No. 603277 also conflicts with Walgreens' records indicating that Prescription No. 60476 was created by Ms. Blair from the other previously closed Prescription No. 597217 on 04/07/2017.

XXII.

Further, the fill history for Prescription No. 60476 contains entries that are out of sequence.

The records Walgreens provided for Prescription No. 604576 indicate that respondent Blair somehow approved the data entered by K.A. Urrutia six days before Urrutia entered the data and before Mr. Engebretson created that prescription on 04/13/2017.

XXIII.

Walgreens' inability to provide records showing a clear history of Prescription Nos. 603227 and 604576 persisted throughout the Board's investigation.

FIRST CAUSE OF ACTION
Regulatory Violation: Failure to Contact Prescribing Practitioner
(Respondent Blair)

XXIV.

A pharmacist may decline to fill a prescription "only if the pharmacist reasonably believes, in his or her professional judgement" that filling the prescription would be unlawful, imminently harmful to the health of the patient, fraudulent or not for a legitimate medical purpose. *See* NAC 639.753.

The regulation also requires that a pharmacist who declines to fill a prescription "shall speak with the prescribing practitioner in a timely manner to discuss and resolve the concerns of the pharmacist regarding the prescription." NAC 639.753(2) (referencing the requirement that the pharmacist must speak to the prescribing practitioner in order to decline to fill a prescription).

Blair violated NRS 639.753(2)(4) by failing to contact Dr. Nylk to speak with him about T.B.'s concurrent clopidogrel and Eliquis prescriptions before, at the time or after she declined to fill T.B.'s prescription for clopidogrel. For that violation, Blair is subject to discipline pursuant to NRS 639.210(12) (violation of any law or regulation related to drugs or the practice of pharmacy) and NRS 639.255.

SECOND CAUSE OF ACTION
Unprofessional Conduct: Failure to Contact Prescribing Practitioner
(Respondent Blair)

XXV.

"Performing any of [a registrant's] duties as the holder of a license, certificate or registration issued by the Board . . . in an incompetent, unskillful or negligent manner" constitutes "unprofessional conduct and conduct contrary to the public interest." NAC 639.945(1)(i). Unprofessional conduct or conduct contrary to the public interest is grounds for discipline pursuant to NRS 639.210(4). *See also* NRS 639.255.

Blair acted "in an incompetent, unskillful or negligent manner" and thereby engaged in "unprofessional conduct or conduct contrary to the public interest" when she failed to speak to Dr. Nylk before, at the time or after she declined to fill T.B.'s prescription for clopidogrel. *See*

NAC 639.945(1)(i). For that conduct, Blair is subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255.

THIRD CAUSE OF ACTION
Statutory Violation: Failure to Maintain Records
(Respondent Blair)

XXVI.

"Performing any of [a registrant's] duties as the holder of a license, certificate or registration issued by the Board . . . in an incompetent, unskillful or negligent manner" constitutes "unprofessional conduct and conduct contrary to the public interest." NAC 639.945(1)(i). Unprofessional conduct or conduct contrary to the public interest is grounds for discipline pursuant to NRS 639.210(4) and NRS 639.255.

Blair acted "in an incompetent, unskillful or negligent manner" and thereby engaged in "unprofessional conduct or conduct contrary to the public interest" when she closed Prescription No. 597217 without explanation and without creating a record of her contact with patient T.B. *See* NAC 639.945(1)(i). For that conduct, Blair is subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255.

FOURTH CAUSE OF ACTION
Failure to Maintain Records for Prescription No. 603227
(Respondent Walgreens #112277 and Respondent Blair)

XXVII.

> **NAC 639.706 Marking of prescriptions with serial numbers; maintenance of files of prescriptions.**
> 1. A pharmacist who receives a prescription to fill, including a prescription that is written, transcribed from an oral order or transferred to the pharmacy, shall mark on the prescription a unique serial number issued for that prescription.
> 2. A pharmacist shall maintain files of prescriptions in a manner that ensures that every serial number is accounted for pursuant to NAC 453.480. If the prescriptions are not filed in

numerical order, the pharmacist shall file the prescriptions in such a manner that any prescription can be readily retrieved.

3. A pharmacist shall maintain a physical record in the files of prescriptions that accurately explains or accounts for any serial number issued for a prescription that is not filled, including a serial number issued in error or for a prescription that is later rendered void.

By deleting Prescription No. 603227, respondents violated NAC 639.706(2) and (3) by failing to maintain a record that adequately explains or accounts for that serial number (603277) even though it was not filled. For that violation, respondents are subject to discipline pursuant to NRS 639.210(12) (violation of any law or regulation related to drugs or the practice of pharmacy) and NRS 639.255.

FIFTH CAUSE OF ACTION
Failure to Maintain and Produce Prescription Records
(Respondent Walgreens #112277)

XXVIII.

NAC 639.910(1)(a) requires that "[a]ny computerized system used by a pharmacy for recording information concerning prescriptions must be designed in such a manner that it provides: (a) A readily retrievable printed record of the information relating to a prescription or a patient which the pharmacy is required to maintain pursuant to state or federal law, including, without limitation, information relating to the original prescription or the refill or modification of that prescription".

Nevada law requires a pharmacy computer system to have adequate safeguards to identify whether information in the system concerning a prescription has been modified or manipulated, and, where information was modified or manipulated, identify the manner, date and

person who modified or manipulated the information. *See* NAC 639.930(3), *see also* NAC 639.751(1)(b) and (2).

Additionally, NAC 639.930(4) and (5) require the pharmacy's computer system to maintain the information identified per NAC 639.930(3) and to prevent the removal of that information and the record of a prescription once the system assigns a number to the prescription. Further, NAC 639.935(3)(g)(3) states that computer system must produce printed records of history of each modification or manipulation of information concerning the prescription.

In failing to maintain clear records of the origin and status of Prescription Nos. 603227 and 604576 in a readily retrievable manner and by failing to maintain a recordkeeping system that would allow for readily retrievable prescription records for those prescription numbers, Walgreens violated NAC 639.910(1)(a), NAC 639.751(1)(b) and (2), NAC 639.930(3), (4) and (5), and NAC 639.935(3)(g)(3). For that conduct, Walgreens is subject to discipline pursuant to NRS 639.210(12) and NRS 639.255.

SIXTH CAUSE OF ACTION
Pharmacy/Pharmacy Owner Responsibility
(Respondent Walgreens #112277)

XXIX.

NRS 639.230(5) provides: "Any violation of any of the provisions of this chapter [NRS Chapter 639] by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for the suspension or revocation of the license of the pharmacy by the Board."

Additionally, "[t]he owner of a pharmacy, the managing pharmacist of the pharmacy and the registered pharmacist on duty at the pharmacy are responsible for the acts and omissions of

pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission." NAC 639.702.

Further, "the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ." NAC 639.945(2).

As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Walgreens is responsible for the violations alleged herein pursuant to NAC 639.702 and NAC 639.945(2). Walgreens is therefore subject to discipline pursuant to NRS 639.210(4) and (12) and NRS 639.255.

XXX.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

3. Respondents, and each of them, are fully aware of their right to seek the advice of counsel in this matter, and obtained the advice of counsel prior to entering into this Stipulation.

6. Respondents, and each of them, admit that evidence exists, and that such evidence could be presented at a hearing, to establish a factual basis for the violations alleged in the Accusation, *to wit*, that:

a. By failing to detect during data verification that Brintellix 20 mg. tablets were erroneously selected during data entry, rather than the Brintellix 5 mg. tablets prescribed, Respondent Doan, R.Ph. violated Nevada Administrative Code (NAC) 639.945(1)(d) and (i), which are grounds for discipline pursuant to NRS 639.255.

Respondents, and each of them, will appear at that meeting to answer questions put to them by members of the Board and Board Staff. ---

[1] Walgreens Pharmacy #11227 does not stipulate to have acted negligently in this matter.

11. If the Board adopts the recommendations set forth above, Respondents and the Board each agree to release the other from any and all claims arising from the facts set forth in the first cause of action stated in the Accusation, whether known or unknown, which might otherwise have existed on or before the effective date of the Board's Order in this matter.

12. If the Board rejects any part or all of this Stipulation, the parties agree that a full hearing on the merits of this matter may be heard by the Board, and that the hearing shall occur at the Board's September 2-3, 2015 meeting in Reno, Nevada. This matter came before the Nevada State Board of Pharmacy (Board) at its regularly scheduled meeting on Wednesday, June 10, 2015, in Reno, Nevada. S. Paul Edwards, Esq., represented the Board in his capacity as its General Counsel. William J. Stilling, Esq., of Parsons Behle & Latimer, filed an Answer and Notice of Defense and appeared at the hearing on behalf of Respondents Phuong Quynh Doan, RPh., Certificate of Registration No. 18605; Susan Blair, RPh., Certificate of Registration No. 17494; Kenny Hoa Pham, RPh., Certificate of Registration No. 17592; Mailani Espiritu, RPh., Certificate of Registration No. 17117 and Walgreens Pharmacy #11227, Certificate of Registration No. PHC02513 (Walgreens).

Based on the evidence presented, including testimony, the Board enters the following findings of fact, conclusions of law and orders.

FINDINGS OF FACT

1. On October 22, 2014, a nurse with Northern Nevada Adult Mental Health Services (NAMHS) filed a complaint with the Board on behalf of patient K.Z. The nurse alleged that Respondent Walgreens and its pharmacists incorrectly filled a prescription for K.Z. by dispensing Brintellix 20 mg. tablets, instead of the Brintellix 5 mg. tablets K.Z.'s physician prescribed.

2. K.Z.'s physician wrote the subject prescription on or about August 14, 2014, which included an initial fill and four refills.

3. Walgreens accepted the prescription on August 15, 2014, and filled it a week later.

4. On October 10, 2014, K.Z. returned to Walgreens to pick up a refill of her medication. At that time, pharmacy staff informed her that the medication Walgreens dispensed in August was incorrect.

5. By that time, K.Z. had ingested thirty (30) of the erred medication.

6. K.Z. contacted the NAMHS nurse regarding the dispensing error. During a subsequent visit, the nurse noted that K.Z. displayed marked symptoms of agitation and nervousness. The nurse attributed those symptoms to the Brintellix overdose, but provided no evidence to support that suspicion.

7. According to Walgreen's records, the dispensing error occurred as follows:

a. Upon receipt of K.Z.'s prescription (Rx #389857), a pharmaceutical technician scanned it into the pharmacy computer system and entered it into the production queue for processing.

b. Pharmaceutical technician Delmi Zelaya (Ms. Zelaya) retrieved the prescription from the production queue for data entry. During data entry, Ms. Zelaya inadvertently entered the incorrect dosage.

c. Ms. Zelaya sent the prescription data into the data entry verification queue for approval by a pharmacist.

d. Respondent Ms. Doan performed data verification for Rx#389857. She failed to detect the dosage error during the data verification process. She approved the data entry and sent it to the queue for filling.

e. Rx#389857 then went into a holding status pending resolution of insurance issues. The prescription went back into production on August 22, 2014, and was assigned a new prescription number (Rx #391017).

f. Respondent Pham entered a Drug Utilization Review (DUR) override for Rx #391017at 12:07 p.m. The DUR warning related to the patient's insurance plan and indicated a potential drug-drug interaction with buproprion 100 mg. tablets.

g. Mr. Pham did not identify the dosage error during the DUR process.

h. Another pharmaceutical technician retrieved prescription Rx #391017 from the queue at 12:34 p.m. He filled the prescription and staged the labeled prescription bottle and contents, label set and stock bottle for a product review.

i. Respondent Ms. Blair performed the product verification. She did not detect that the prescription bottle contained Brintellix 20 mg. tablets, rather than the Brintellix 5 mg. tablets as prescribed.

j. Ms. Blair approved the prescription as accurate and complete and staged the final product for customer pickup.

k. The Audit/Board of Pharmacy Report indicates that Pharmacist Espiritu sold the medication to KZ. She attempted counseling, but K.Z. declined.

8. The foregoing findings are supported by the Answer(s) filed by the Respondents, and are further supported by the evidence, including testimony, presented to the Board during the hearing.

CONCLUSIONS OF LAW

Based on the forgoing, the Board concludes on matters of law as follows:

9. The Board has jurisdiction over this matter because at the time of the conduct set forth above, Respondents, and each of them, were either registered pharmacists or a registered pharmacy with the Board.

10. Ms. Doan and Walgreens stipulated separately in writing as to the factual and legal allegations relating to the First Cause of Action. The Board accepted that Stipulation and Order, along

with the penalties set forth therein. It makes no additional findings or conclusions regarding those allegations.

11. At Mr. Pham's request, the Board continued the hearing on the Second Cause of Action to the July 22, 2015 Board Meeting in Las Vegas, Nevada.

12. Although evidence exists to support the primary factual allegation underlying the Third Cause of Action—specifically that Respondent Ms. Blair did not detect the dosage error during product verification—the Board concludes that Ms. Blair did not violate the law.

13. As to the Fourth Cause of Action, based on new evidence presented for the first time during the hearing, Board Staff moved to dismiss the allegations against Ms. Espiritu, which request the Board granted.

14. Regarding the allegations in the Fifth Cause of Action, the Board found no violations of law outside of those addressed by Ms. Doan's and Walgreens' separate Stipulation and Order. Walgreens therefore bears no statutorily responsible for the violations alleged in the Second, Third or Fourth Causes of Action.

15. Each party is to bear its own costs and attorney fees.

IT IS SO ORDERED.

Signed and effective this 2 day of July, 2015.

NEVADA STATE BOARD OF PHARMACY
APR 23 2015
FILED

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3), and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because, at the time of the events alleged herein, Respondents Phuong Quynh Doan (Ms. Doan), Certificate of Registration No. 18605; Susan Blair (Ms. Blair), Certificate of Registration No. 17494; Kenny Hoa Pham (Mr. Pham) Certificate of Registration 17592; and Mailani Espiritu (Ms. Espiritu), Certificate of Registration 17117, were pharmacists registered with the Board, and Respondent Walgreens Pharmacy #11227 (Walgreens), Certificate of Registration No. PHC02513, was a pharmacy registered with the Board.

II.

On March 5, 2014, the Board entered a Stipulation and Order (Order) in the case of Respondent Susan Blair (Case No. 13-039-RPH-N), and Respondent Walgreens #11227 (Case No. 13-039-PH-N). In its Order, the Board fined Ms. Blair and Walgreens #11227 for violations related to filling a prescription not in accordance with instructions from the prescriber.

III.

On or about October 22, 2014, Deborah Campanella, RN, Northern Nevada Adult Mental Health Services, filed a complaint with the Board on behalf of patient K.Z. In the complaint, Nurse Campanella alleged that Walgreens filled and dispensed K.Z.'s prescription for Brintellix 5 mg. tablets with Brintellix 20 mg. tablets.

IV.

On August 14, 2014, K.Z. saw her physician who prescribed a quantity of thirty (30) Brintellix 5 mg. tablets with instructions to take one tablet by mouth at bedtime. The physician authorized four refills of the prescription.

V.

Walgreens accepted the prescription on August 15, 2014, and filled it on August 22, 2014. K.Z. picked up the medication on August 25, 2014.

VI.

On October 10, 2014, K.Z. returned to Walgreens to pick up a subsequent refill of Brintellix. At that time, pharmacy staff informed K.Z. that the prescription Walgreens dispensed in August contained Brintellix 20 mg. tablets rather than the Brintellix 5 mg. tablets as prescribed.

VII.

K.Z. had ingested thirty (30) of the erred medication.

VIII.

K.Z. contacted Nurse Campanella regarding the dispensing error. In a subsequent

follow-up examination, Nurse Campanella noted that K.Z. was displaying marked symptoms of agitation and nervousness, possibly attributed to the Brintellix overdose.

IX.

According to pharmacy records, pharmaceutical technician James Wright scanned K.Z.'s Brintellix prescription (prescription number 389857) into the pharmacy computer system on August 15, 2014, and sent it to the production queue for processing.

X.

Pharmaceutical technician Delmi Zelaya (Ms. Zelaya) retrieved the Brintellix prescription from the production queue. During data entry, Ms. Zelaya inadvertently entered the Brintellix strength as 20 mg., rather than the 5 mg. as prescribed.

XI.

Ms. Zelaya sent the prescription data into the data entry verification queue for approval by the pharmacist prior to filling the medication.

XII.

Pharmacist Doan performed data verification for prescription number 389857. Mr. Doan failed to detect the error in the strength of Brintellix during the verification process. He approved the data entry and sent it to the queue for filling.

XIII.

Subsequent to data verification, the prescription went into a holding status pending resolution of insurance issues. Walgreens' prescription holding process is to file the original hard-copy prescription versus placing it in the "hold box."

XIV.

The insurance issues were resolved on August 22, 2014. The Brintellix prescription went back into production and assigned a new prescription number (391017). The Board investigation revealed that the original hard-copy prescription did not have a cancellation on the reverse side nor did it have any reference to the new prescription number. A search of the pharmacy

computer system showed no reference to the original prescription number 389857.

XV.

Per Walgreens' policy, prescriptions brought back into production after an insurance hold will retain the original data entry information, and go through another data entry review and verification by a pharmacist. The Audit/Board of Pharmacy Report (Report) indicates that pharmaceutical technician Zelaya performed another data entry on August 22, 2014, at 12:01 p.m. This is questionable as Ms. Zelaya was not on the schedule to work on August 22, 2014. The Report gave no indication of any other data entry reviews for that date.

XVI.

The Report did indicate that pharmacist Pham entered a Drug Utilization Review (DUR) override at 12:07 p.m., six minutes after the suspect data entry. The DUR warning related to the patient's insurance plan indicating a potential drug-drug interaction with buproprion 100 mg. tablets. Mr. Pham failed to identify the error in the strength of Brintellix during the DUR process.

XVII.

Pharmaceutical technician Mitchell Beardsley (Mr. Beardsley) retrieved prescription number 391017 from the queue at 12:34 p.m. Mr. Beardsley filled the prescription and staged the labeled prescription bottle and contents, label set and stock bottle for the pharmacist's final product review.

XVIII.

Ms. Blair performed the final product verification. Ms. Blair failed to detect that the prescription bottle contained Brintellix 20 mg. tablets rather than the Brintellix 5 mg. tablets as prescribed. Ms. Blair approved the prescription as accurate and complete and staged the final product for customer pickup.

XIX.

The Audit/Board of Pharmacy Report indicates that Pharmacist Espiritu attempted

counseling and that K.Z. declined. This is not consistent with the screenshot of the prescription profile in the pharmacy computer system which indicates that counseling was provided. During counseling, or the attempted counseling, Ms. Espiritu did not detect the error in the strength of Brintellix 20 mg.

FIRST CAUSE OF ACTION
(Respondent Phuong Quynh Doan)

XX.

By failing to detect during data verification that Brintellix 20 mg. tablets was erroneously selected during data entry, rather than the Brintellix 5 mg. tablets prescribed, Ms. Doan violated Nevada Administrative Code (NAC).639.945(1)(d) and/or (i), which violations are grounds for action pursuant to Nevada Revised Statute (NRS) 639.210(4), (11), and/or (12), and NRS 639.255.

SECOND CAUSE OF ACTION
(Respondent Kenny Hoa Pham)

XXI.

In failing to identify during the drug utilization review process that Brintellix 20 mg. tablets had been substituted for the Brintellix 5 mg. tablets prescribed, Mr. Pham violated NAC 639.945(1)(d) and/or (i), which violations are grounds for action pursuant to NRS 639.210(4), (11), and/or (12), and NRS 639.255.

THIRD CAUSE OF ACTION
(Respondent Susan Blair)

XXII.

In failing to strictly follow the instructions of K.Z.'s physician by verifying and dispensing a prescription for Brintellix 20 mg. tablets rather than the Brintellix 5 mg. tablets prescribed, Ms. Blair violated NAC 639.945(1)(d) and/or (i), which violations are grounds for action pursuant to NRS 639.210(4), (11), and/or (12), and NRS 639.255.

FOURTH CAUSE OF ACTION
(Respondent Mailani Espiritu)

XXIII.

In failing to provide adequate counseling on K.Z.'s new prescription, Ms. Espiritu

violated NRS 639.266(1) and NAC 639.707(1) and (2), as well as NAC 639.945(1)(i), which violations are grounds for action pursuant to NRS 639.210(4), (11) and/or (12), and under NRS 639.255.

FOURTH CAUSE OF ACTION
(Respondent Walgreens Pharmacy #11227)

XXVI.

As the pharmacy in which the foregoing violations, or any one of them, occurred, Respondent Walgreens is statutorily responsible for the actions of its employees, and is therefore subject to discipline pursuant to NAC 639.945(1)(d), (i) and (2), and/or NAC 639.707(1) and (2), which violations are grounds for action pursuant to NRS 639.266(1) and/or NRS 639.210(4), (11), and/or (12), and NRS 639.255.

Wherefore, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

Signed this 22nd day of April, 2015.

Nevada State Board of Pharmacy

Stilling, of the law firm Parsons Behle & Latimer,

HEREBY STIPULATE AND AGREE THAT:

1. The Board has jurisdiction over these matters.

2. The Board served a Notice of Intended Action and Accusation (Accusation) on each of the Respondents on or about January 31, 2014.

3. Respondents filed a joint written Answer and Notice of Defense with the Board on February 26, 2014.

4. Respondents, and each of them, are fully aware of their right to a hearing on the matters alleged in the Accusation, their right to reconsideration, their right to appeal and any and all other rights which may be accorded to them pursuant to the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

5. Respondents, and each of them, hereby freely and voluntarily waive their rights to a hearing, reconsideration, appeal, and any and all other rights that may be accorded to them by the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

6. Respondents admit that evidence exists, and could be presented at a hearing, to establish a factual basis for the violations alleged in the Accusation, including:

a. On or about April 10, 2013, patient AJ received a prescription for zolpidem 10 mg and partial refills of that prescription on three subsequent occasions as a result of a Ms. Blair's belief that the scanned prescription on the computer screen when she checked the product for filling was a valid prescription that had been scanned on February 1, 2013. However, the earlier prescription had been superseded by a subsequent prescription for a lower dose and AJ's physician had not authorized refills for the April 10, 2013 prescription.

7. Based on Respondents' admissions and the Board's authority under NRS 639.255, cause for disciplinary action against Susan Blair and Walgreens #11227 exists under: (i) NAC 639.945(1)(d) and NRS 639.210(4) and (12); and (ii) NAC 639.945(2) respectively.

8. The foregoing admissions are for the purposes of this proceeding only, and shall have no force or effect in any other case or proceeding before the Board.

9. Based upon the Accusation and the foregoing admissions, Respondents stipulate to the following penalties, which are subject to approval and adoption by the Board:

a. Walgreens #11227 will pay a fine of $1,000.00 and an administrative fee of $500.00 as a penalty for being the owner of the business where the prescription was dispensed to AJ.

b. Susan Blair will pay a fine of $1,000.00 and an administrative fee of $500.00 as a penalty for filling the prescription for AJ not in accordance with instructions from the prescriber.

10. Walgreens #11227 will provide additional training to its pharmacists and technicians, as applicable, to ensure that they properly document and annotate prescriptions that are superseded by other prescriptions and that they properly close such prescriptions. Walgreens will provide documentation of such additional training upon request from the Nevada Board of Pharmacy.

11. Board Counsel will present this stipulation to the Board for approval at its next scheduled meeting on March 5, 2014 in Reno, Nevada. Respondents, and each of them, agree to appear at that meeting to answer questions put to them by members of the Board and Board Staff. The Board may discuss and deliberate regarding this stipulation, even if Respondents or their counsel are not present. The Board, at its sole discretion, may enter a decision and order accepting this stipulation and imposing discipline as recommended by the parties, but it is under no obligation to do so.

12. If the Board adopts the recommendations set forth above:

a. Respondents shall pay the fines agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office located at 431 W. Plumb Lane, Reno, NV 89509, within 90 days of the effective date of the Board's Order.

b. Respondents shall pay the administrative fees agreed to herein by *cashier's check, certified check* or *money order* made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 431 W. Plumb Lane, Reno, NV 89509, within 90 days of the effective date of the Board's Order.

13. If the Board adopts the recommendations set forth above, any failure by any Respondent to satisfy those obligations may result in additional discipline, up to and including suspension or revocation of her registration/license, until all terms have been complied with.

14. If the Board adopts the recommendations set forth above, the Board and the Respondents agree to release each other from any and all claims arising from the facts set forth in the Accusation on file herein, whether known or unknown, that might otherwise have existed on or before the effective date of the Board's Order in this matter.

15. If the Board rejects any part or all of this stipulation, the parties agree that a full hearing on the merits of this matter may be heard by the Board, and that the hearing shall occur at the Board's June 2014 meeting in Reno, Nevada.

16. If the Board rejects any part, or all, of this stipulation, the terms and admissions herein may not be used or referred to in the full hearing on the merits of this matter.

I have fully considered the charges and allegations contained in the Notice of Intended Action and Accusation in this matter. I understand the rights to a hearing, reconsideration, appeal and any and all other rights accorded by the Nevada Administrative Procedure Act and the Nevada Pharmacy Act, including, if applicable, my right to be represented individually by counsel at my own expense.

NEVADA STATE BOARD OF PHARMACY

FILED

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3), and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, respondent Susan Marie Blair was a registered pharmacist with the Board, and respondent Walgreens Pharmacy #11227 (Walgreens) was a pharmacy registered with the Board.

II.

On or about October 15, 2012, Dr. Z saw patient AJ and prescribed thirty (30) zolpidem 10mg tablets with instructions to take one tablet at bedtime. Dr. Z authorized two refills on the prescription. Walgreens filled and dispensed the medication (Rx 257094).

III.

On February 1, 2013, Dr. Z faxed a new zolpidem 10mg prescription for AJ authorizing one refill to Walgreens (Rx 21996). That same day, Walgreens faxed a return message to Dr. Z informing her that new Federal Drug Administration (FDA) guidelines for women recommended a maximum strength of zolpidem 5mg. Dr. Z concurred and faxed a new prescription for

zolpidem 5mg, quantity thirty, authorizing one refill (Rx 278437). Walgreens subsequently closed the zolpidem 10mg prescription (Rx 21996) without filling it.

IV.

On April 7, 2013, Walgreens faxed Dr. Z's office a request to refill the zolpidem 5mg prescription. Dr. Z denied the request based on a review of AJ's prescription monitoring report which indicated an excessive amount of zolpidem fills.

V.

During the investigation, the Board Investigator reviewed AJ's prescription monitoring report. The review revealed no unauthorized or excessive zolpidem use. AJ had elected to receive fifteen tablets every two weeks versus thirty tablets once a month.

VI.

On April 10, 2013, the closed prescription from February 1, 2013 (Rx 21996 Zolpidem 10mg, quantity 30) was scanned by pharmaceutical technician MT, and issued a new prescription number (Rx 292637). The prescription was partially filled with fifteen (15) Zolpidem 10mg tablets and verified as accurate by Ms. Blair. The prescription was partially filled (15 tablets) again on May 7, 2013, June 5, 2013, and June 30, 2013. Walgreens did not obtain prescriber authorization to fill or refill the 10mg strength of zolpidem.

VII.

In a written statement, Ms. Blair indicated "that the refill authorized from 4/10/13 for 10mg zolpidem was stored rather than closed when authorization was given to change the dosage to 5mg." In a subsequent interview, Ms. Blair admitted to reopening the closed zolpidem prescription and assigning it a new prescription number (292637-11227). She also admitted to not contacting the prescriber for authorization. Ms. Blair could provide no reason for opening and dispensing the closed prescription without prescriber authorization.

FIRST CAUSE OF ACTION

VIII.

In filling an unauthorized prescription (Rx 292637) and three subsequent unauthorized refills for AJ, namely zolpidem 10mg tablets, Respondent Susan Marie Blair, violated Nevada Administrative Code (NAC) 639.945(1)(d) and/or (i), which violations are grounds for action pursuant to Nevada Revised Statute (NRS) 639.210(4) and/or (11) and/or (12), or alternatively under NRS 639.255.

SECOND CAUSE OF ACTION

IX.

As the pharmacy in which the violations alleged above occurred, Walgreens #11227 violated NAC 639.945(1)(d) and/or (i), and is statutorily responsible for respondent Blair's actions pursuant to NAC 639.945(2), which is grounds for discipline pursuant to NRS 639.210(4), (11) and/or (12), and NRS 639.255.

THEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

Signed this 31st day of January, 2014.

Larry L. Pinson, Pharm.D., Executive Secretary
Nevada State Board of Pharmacy

OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **WALGREENS PHARMACY #12540, Pharmacy License No. PH02587,** **Respondent.**	**CASE NO. 23-408-PH-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Walgreens #12540 ("Walgreens") because Walgreens is licensed by the Board to dispense dangerous drugs and controlled substances in Nevada. Walgreens holds pharmacy license number PH02587.

2. The Board has jurisdiction over the subject matter of this accusation because, as alleged below, Walgreens Pharmacy operated a pharmacy without having designated and/or employed a managing pharmacist to manage its pharmacy operations.

FACTUAL ALLEGATIONS

3. At all times relevant to this accusation, Walgreens operated a pharmacy at 9705 Pyramid Way in Sparks, Nevada. Between October 13, 2022, and October 3, 2023, Walgreens employed Bea Garcia, R.Ph. ("RPH Garcia"), as the managing pharmacist for its location on Pyramid Way.

4. On October 3, 2023, RPH Garcia began a period of maternity leave. Between October 3, 2023, and October 6, 2023, Chris Huynh, R.Ph. ("RPH Huynh"), temporarily assumed the duties of

managing pharmacist. Walgreens did not notify the Board that RPH Huynh had assumed these duties in RPH Garcia's absence.

5. RPH Huynh allegedly clashed with his co-employees and patients during his brief tenure as managing pharmacist. On October 6, 2023, these alleged clashes culminated in a disagreement involving RPH Huynh, Pharmacy Technician Deijunae Sandefur ("PT Sandefur"), Assistant Store Manager Ashley Miramontes ("ASM Miramontes"), and a patient who was waiting for a prescription. The patient allegedly left the pharmacy in tears.

6. Immediately after the incident described above, RPH Huynh announced that he was experiencing symptoms of COVID-19. He closed the pharmacy at approximately 3 p.m. that day and never returned to work at Walgreens.

7. In a subsequent complaint to the Board, RPH Huynh alleged that PT Sandefur and ASM Miramontes, both non-pharmacists, pressured him to fill a patient's prescription despite his professional concerns about the practitioner's dosing instructions. In a separate complaint to the Board, PT Sanderfur expressed concerns about alleged erratic behavior on the part of RPH Huynh.

8. Between October 6, 2023, and November 17, 2023, Walgreens conducted business as a pharmacy without having designated and/or employed a managing pharmacist for its pharmacy location on Pyramid Way.

9. On November 17, 2023, in response to the Board's investigation of the complaint(s) noted above, ASM Miramontes informed the Board that Tanya Saura, R.Ph. ("RPH Saura"), had agreed to serve as the managing pharmacist pending RPH Garcia's return from maternity leave in January 2024. Separately, RPH Saura indicated that she was unsure whether she had been selected for the role of managing pharmacist.

10. On or after November 17, 2023, after conferring with ASM Miramontes, RPH Saura confirmed that she had assumed the duties of managing pharmacist for Walgreens. RPH Saura stated that she had assumed the duties of managing pharmacist as of November 3, 2023.

11. Walgreens supplied no contemporaneous documentation to support RPH Saura's claim that she was designated the managing pharmacist for Walgreens effective November 3, 2023. In one conversation with Board staff, RPH Saura stated that she began her employment as a "staff pharmacist" for Walgreens on November 3, 2023.

12. As of November 30, 2023, Walgreens had not submitted a form or written communication reflecting its decision to designate RPH Saura as its managing pharmacist.

APPLICABLE LAW

13. Every pharmacy in Nevada must be licensed by the Board to dispense dangerous drugs and/or controlled substances. NRS 639.230; NRS 639.231.

14. Additionally, every pharmacy must be managed by a registered pharmacist, *approved by the Board*, who is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. NRS 639.220(1).

15. Every pharmacy must notify the Board *before* designating a new managing pharmacist. NRS 639.220(4). The Board supplies licensees with a form for making the appropriate notification. The form may be downloaded from the Board's web site.

16. It is unlawful for any person who is not a registered pharmacist to manage a pharmacy or dispense dangerous drugs or controlled substances. NRS 639.284; NRS 639.100(1). A "registered pharmacist" is a natural person registered by the Board to engage in the practice of pharmacy only as authorized by Nevada law. NRS 639.015; NRS 639.120; NRS 639.127; NAC 639.205–.212.

17. A "managing pharmacist" is a registered pharmacist who is responsible for managing the operation of the pharmacy. NRS 639.0087.

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over Respondent and this matter.

2. The Board's staff properly served Respondent with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. The Board and Respondent agreed to delay the date for submitting a Notice of Answer and Defense as both parties pursued settlement negotiations.

4. Respondent acknowledges that after having consulted with counsel, Respondent understands the terms of this Stipulation and Proposed Order ("Stipulation"), and Respondent has executed it knowingly and voluntarily.

5. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded to Respondent under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

6. Conditioned on the acceptance of this Stipulation by the Board, and excluding the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby freely and voluntarily waives the rights to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

7. Respondent admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in Count One and Count Two of the Accusation.

8. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent agree to the imposition of the following penalties:

A. Respondent shall pay an administrative fine of Two Thousand and 00/100 Dollars ($2000.00). B. Respondent shall pay the sum of Five Hundred and 00/100 Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *cashier's check, certified check* or *money order* written to the "Nevada State Board of Pharmacy." Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before May 31, 2024

9. This Stipulation constitutes a full and final resolution of the Accusation in Case No. 23-408-PH-N. However, any failure by Respondent to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapter 639.

10. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on April 17, 2024, in Reno, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent or its attorney fails to appear for the meeting.

11. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r-2 and 45 CFR Part 60.

12. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

13. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have been asserted by the Board on or before the effective date of this Order.
