Certificate of Registration No: PH02055, **Case No. 09-029-PH-S**

QUAN HADUONG, M.D.,
Controlled Substance Registration No: CS08110, **Case No. 09-029-CS-S**

Respondents.
_____/

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Sean H. Tran is a pharmacist licensed by the Board, Respondent Evergreens Drug (Evergreens) is a pharmacy licensed by the Board, located at 10001 South Eastern Avenue #105, Henderson Nevada, and Respondent Quan Haduong has a controlled substance registration issued by the Board.

II.

In April 2009, the Board received a complaint and supporting documentation from Eleanor Fodell seeking an investigation into the death of her husband, Gregory Fodell. Eleanor Fodell claimed that her husband Gregory Fodell was issued

prescriptions for Methadone and Oxycodone on September 15, 2008 by Respondent Quan Haduong, M.D., that were filled at Walgreens Pharmacy #6545. Mrs. Fodell claimed that her husband had the exact same prescriptions that were filled at Walgreens Pharmacy #6545 on September 15, 2008, also filled at Evergreens Drug on November 6, 2008. Mrs. Fodell concluded that her husband, Gregory, died on November 11, 2008 as a result of opiate intoxication.

III.

On August 24, 2009, the Board was provided by the staff of Respondent Evergreens Drug copies of the front of the two prescriptions that were filled on November 6, 2008 as well as the patient profile of Gregory Fodell from its computer system. These documents were provided by the staff of Respondent Evergreens Drug at Respondent Tran's direction. These prescriptions were faxed and the fax showed a time and date stamp of August 24, 2009. The prescriptions that were faxed to the Board on August 24, 2009 were issued by Respondent Haduong and showed an issue date of November 6, 2008.

IV.

On September 2, 2009, Board staff contacted Walgreens Pharmacy #6545 and requested patient records for Gregory Fodell. Walgreens #6545 provided Gregory Fodell's patient profile as well as copies of the Methadone and Oxycodone prescriptions that were filled on September 15, 2008.

V.

On September 4, 2009, Respondent Tran, who is the owner of and pharmacy manager for Respondent Evergreens Drug, stated that on November 6, 2008 he had received a telephone call from Jennifer Palmer, a medical assistant from Respondent

Haduong's office, advising him that she had a patient (Gregory Fodell) for whom Respondent Haduong had approved a one week emergency fill for Methadone and Oxycodone, but because Respondent Haduong was performing a procedure, he was unable to write the prescriptions at that time. Respondent Tran stated that Ms. Palmer told him that Gregory Fodell had an appointment to be seen by Respondent Haduong the following week but was not able to come to the office at this time. Ms. Palmer faxed Respondent Tran a copy of the prescriptions that had been written by Respondent Haduong on September 15, 2008. Respondent Tran said that he told Ms. Palmer that the original prescriptions would need to be mailed within 72 hours. Respondent Tran stated that on November 6, 2008 he filled the prescriptions for the Methadone and Oxycodone off of the faxed copies of the September 15, 2008 prescriptions and then dispensed the medication to Gregory Fodell. Both Methadone and Oxycodone are CII controlled substances.

VI.

On September 8, 2009, in her oral interview, Eleanor Fodell stated that her husband had suffered a back injury and was referred to pain management physician Respondent Haduong. Eleanor Fodell stated that on September 15, 2008, her husband Gregory Fodell was seen by Respondent Haduong and was issued a prescription for Methadone 10 mg. #140 and for Oxycodone 30 mg. immediate release #28. Mrs. Fodell stated that these prescriptions were filled at Walgreens that same day. Mrs. Fodell stated that her husband died on November 11, 2008 and it was determined by the Clark County Coroner's Office that he died as a result of coronary atherosclerosis and a significant contributing condition was opiate intoxication. Mrs. Fodell explained that when she was going through her husband's things after his death,

she found two prescription bottles that were filled by Evergreens Drug on November 6, 2008. One bottle was for Methadone 10 mg. # 140 and the other was for Oxycodone 30 mg. immediate release #28. Mrs. Fodell counted the pills and found that 29 of the Methadone were missing and eight and-a-half of the Oxycodone tablets were missing. Mrs. Fodell was unaware that her husband had the prescriptions filled at Evergreens Drug. Mrs. Fodell believed that Mr. Fodell had consumed the medication he received from Evergreens Drug and he was hiding them from her. Mrs. Fodell went to Walgreens and was given her husband's prescription records without problem. But when she tried to obtain her husband's information from Respondent Evergreens Drug, she was initially refused. When Mrs. Fodell returned one week later, she was given a copy of the prescriptions on file and his patient profile. Mrs. Fodell reviewed the Walgreen's prescriptions and the Evergreens Drug prescriptions and found that they were exactly the same. Additionally, Mrs. Fodell reviewed a copy of the Nevada Controlled Substances Task Force patient profile for her husband and found that the prescriptions that had been filled by Respondent Evergreens Drugs were not listed on the report.

VII.

On October 1, 2009, Respondent Tran was interviewed and admitted that he had provided Mrs. Fodell a copy of the prescriptions on April 7, 2009 that had been faxed to him by Respondent Haduong's office on November 6, 2008. When questioned about why the prescriptions that had been faxed to the Board of Pharmacy on August 24, 2009 were dated November 6, 2008, Respondent Tran admitted that he could not find the original prescriptions and as a result of this investigation contacted Respondent Haduong's office to have the original prescriptions re-written and that is what was

provided to the Board for its investigation. Respondent Tran did not have an explanation as to why he did not contact Respondent Haduong for the prescriptions when Mrs. Fodell first contacted him. Respondent Tran admitted that he was aware that only a physician may call in an emergency prescription fill. When asked why Respondent Tran would fill a prescription for two CII prescriptions based on a fax that was written three months earlier and then not follow-up with a hard copy prescription, Respondent Tran stated that he filled the prescriptions in good faith but now realizes that his actions did not comply with Nevada law.

VIII.

On November 9, 2009, Respondent Haduong stated in his oral interview that he had seen Gregory Fodell one time, on September 15, 2008, and after examining him had issued him a prescription for Methadone 10 mg. #140 and Oxycodone 30 mg. immediate release #28. Both prescriptions were for a seven-day supply. Respondent Haduong stated that Gregory Fodell was to follow up in one week but failed to make his appointment. Respondent Haduong maintains that he only had contact with Gregory Fodell that one time and that his medical assistant Jennifer Palmer, who left his practice in January 2009, was the one who made contact with Respondent Tran at Evergreens Drug and faxed the copy of the September 15, 2008 prescriptions to Evergreens Drug to be filled for Gregory Fodell. Respondent Haduong stated and maintained that he did not authorize the prescriptions for Gregory Fodell that were filled by Respondent Tran at Evergreens Drug. He did admit that he has on occasion authorized his staff to call in prescriptions for patients, but again stated he did not believe he authorized the prescriptions for Gregory Fodell on November 6, 2008. Respondent Haduong stated that his office had been contacted by Respondent Tran in August of 2009 to have the

prescriptions re-written for November 6, 2008. Respondent Haduong admitted that he rewrote the prescriptions without looking at Gregory Fodell's chart, believing that Respondent Tran must have lost or misplaced the prescriptions. When asked why Respondent Haduong had rewritten prescriptions ten months later for prescriptions he claimed he never issued in the first place, Respondent Haduong stated he did it in good faith.

IX.

On November 24, 2009, Respondent Haduong submitted a written response to the Board in which he stated in part:

> "The investigation I undertook after you contacted me, has lead me to conclude that on November 6, 2008, my office staff contacted Walgreens and approved the transfer of the September 15, 2008 prescription Mr. Fodell had filled at the pharmacy to Evergreen Pharmacy; that my staff authorized the pharmacist at Evergreen Pharmacy to refill the prescriptions and told him that a hard copy would follow. In addition, my office staff made a follow-up appointment for Mr. Fodell for November 11, 2008. I later learned that the patient died on the date he was to have come and see me."

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

PHILLIP W. BUSH, R.Ph.,
Certificate of Registration No. 13623,

GOLDEN HEALTH PHARMACY,
Certificate of Registration No. PH01455,

Respondents.

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

Case No. 02-082-RPH-N

Case No. 02-082-PH-N

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on September 11, 2002, in Reno, Nevada. The Board was represented by Louis Ling, General Counsel for the Board. Respondent Phillip W. Bush appeared and represented himself, and Respondent Golden Health Pharmacy appeared through its representative Renee Meldrum. Board staff presented the testimony of Lora Vance. Based on the presentations of the parties, the admissions of the Respondents, and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. On January 22, 2002, Ms. Vance's physician prescribed two medications for her. Both of the prescriptions were called in to Golden Health and were for Vivelle 0.05 mg. with three refills and Prometrium 100 mg. #90 with three refills.

2. Mr. Bush was the pharmacist at Golden Health who filled Ms. Vance's prescriptions. By the time of the hearing, Mr. Bush was no longer employed at Golden Health.

3. Ms. Vance testified that she had taken Prometrium before, so she had noticed that the tablets in the Prometrium vial dispensed by Mr. Bush and Golden Health were a different shape and color than the ones she had previously taken. Ms.

Vance explained that the Vivelle prescription had been changed to a generic, so she assumed that the Prometrium prescription had similarly been switched to a generic by her insurance. Ms. Vance testified that she took the medication out of the Prometrium vial for 40 days. During this period of time, Ms. Vance experienced weight gain, menstrual cycles, cramping, spotting, and noticeable, negative mood changes. Ms. Vance initially attributed the symptoms to the change in her Vivelle prescription, but she eventually concluded that the symptoms were attributable to the medications in the Prometrium vial.

4. On April 19, 2002, Ms. Vance telephone Golden Health to check on the difference between the pills she had previously taken and the new tablets she was given in the Prometrium prescription. During this conversation, Ms. Vance discovered that she had been given and had been taking Prometrium 200 mg. tablets, twice the strength of the Prometrium 100 mg. tablets ordered for her by her physician.

5. At hearing, Mr. Bush confirmed that the pharmacy's records showed that he was the pharmacist responsible for filling Ms. Vance's Prometrium prescription. Ms. Meldrum explained to the Board the policies and operational procedures in place at Golden Health that were intended to assure the accuracy of prescriptions filled by Golden Health. Under questioning, both Mr. Bush and Ms. Vance explained that Golden Health was adequately staffed for the considerable prescription volume filled by Golden Health.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Bush is a pharmacist licensed by the Board and Golden Health is a pharmacy licensed by the Board.

2. In filling and dispensing Ms. Vance's Prometrium 100 mg. prescription with Prometrium 200 mg. tablets, Mr. Bush violated NRS 639.210(4) and NAC 639.945(1)(b), (d), and (i).

3. In owning and operating the pharmacy in which Mr. Bush committed the error regarding Ms. Vance's Prometrium prescription, Golden Health violated NRS 639.210(4) and NAC 639.945(1)(b), (d), and (i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Mr. Bush shall pay a fine of $500.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order. Also, Mr. Bush shall pay $125.00, which is one-half the Board's administrative fee of $250.00 by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 60 days of the effective date of this Order.

2. Golden Health shall pay a fine of $500.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order. Also, Golden Health shall pay $125.00, which is one-half the Board's administrative fee of $250.00 by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 60 days of the effective date of this Order.

3. The failure by Mr. Bush to comply with any term in this order shall result in the immediate suspension of his license and will also result in further discipline, up to and including revocation of the his license. The failure by Golden Health to comply with any term in this order shall result in a fine of $1,000 per day to a maximum of $30,000 for

every day until the term is fully complied with and will also result in further discipline, up to and including revocation of its license.

Signed and effective this 25th day of September, 2002.

NOTICE OF INTENDED ACTION AND ACCUSATION

PHILLIP W. BUSH, R.Ph.
Certificate of Registration No. 13623 — **Case Number 02-082-RPH-N**

GOLDEN HEALTH PHARMACY
Certificate of Registration No: PH01455 — **Case Number 02-082-PH-N**

Respondents.

COMES NOW Keith W. Macdonald, in his official capacity as Executive Secretary of the Nevada State board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Phillip W. Bush is a pharmacist licensed by the Board and Respondent Golden Health Pharmacy is a pharmacy licensed by the Board, located at 247 Bluffs Avenue, Building #1, Elko, Nevada.

II.

On or about January 22, 2002, Patient V's physician prescribed two medications for her. Both of the prescriptions were called to the pharmacy by Patient V's physician or his staff. The prescriptions were for a three month supply 0.05 mg. of Vivelle with

three refills and 100 mg. of Prometrium #90 with three refills.

III.

Mr. Bush filled Patient V's prescriptions. Patient V had taken Prometrium before and noticed the contents of the prescription vial were a different shape and color than the ones she had previously taken, but assumed the prescription was filled with a generic or another product required by her insurance. Patient V noted that the prescription bottle was labeled correctly. Patient V was not counseled when she picked up the prescriptions, but Patient V had had these drugs dispensed by Golden Health Pharmacy to her before.

IV.

Patient V took the medication for 40 days. During this time Patient V experienced weight gain, three or four menstrual cycles, cramping, spotting, breast tenderness and her family noticed mood change, describing her as "crabby". On or about April 19, 2002, Patient V telephoned Golden Health Pharmacy to check on the difference between the pills she had taken previously and the new pills she was given in January. It was discovered that Patient V was given 200 mg. Prometrium tablets rather than the 100 mg. tablets her physician had prescribed.

FIRST CAUSE OF ACTION

V.

By filling and dispensing Patient V's prescription for 100 mg. Prometrium tablets incorrectly by dispensing Prometrium 200 mg. tablets, Mr. Bush violated NRS 639.210(4) and Nevada Administrative Code (NAC) 639.945 (1)(b), (d) and (i).

SECOND CAUSE OF ACTION

VI.

In owning and operating the pharmacy in which the error took place, Golden Health Pharmacy violated NRS 639.210(4) and NAC 639.945(1)(b), (d) and (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the licenses or registrations of the Respondents.

Signed this 7th day of August, 2002.

Re: Inspection Report # **8-8108-10-1445**

Dear Mr. Molokie:

This letter is to advise you that the New Jersey State Board of Pharmacy (the "Board") has had an opportunity to review information concerning the above inspection report.

Upon review of all available information, the board has preliminarily found that you are responsible for the violations noted on **Attachment A.**

The Board has determined that it will first offer you an opportunity to settle this matter and thereby avoid the initiation of formal disciplinary proceedings. Should you wish to avail yourself of this opportunity, you should sign the acknowledgment below and agree to the following:

1. **Cease and desist** in engaging in the conduct alleged and pay a penalty in the amount of **$50.00** (to be paid upon signing of this certification).
2. Provide to the Board a **Letter of Correction.**

Alternatively you may waive your right to a hearing and submit a written statement or explanation to the Board. The Board will then consider your submission and render a final decision, which may include any of the terms set forth above. Any disposition by way of a settlement will be a public record, and will have the same effect as an order of the Board. Any failure to comply with the terms to which you agree will be deemed a violation.

If you do not wish to settle this matter, you may request a hearing. In that event, this letter will serve as notice of the charges against you and a hearing will be scheduled before the Board. At that hearing you either personally or with the assistance of an attorney will have an opportunity to respond to the charges and submit evidence and present testimony as may be necessary in order for the Board to make a final determination concerning the charges of unlawful activity.

DIVISION OF CONSUMER AFFAIRS
BOARD OF PHARMACY
124 HALSEY ST., 6TH FL., P.O. BOX 45013
NEWARK, NJ 07101

You should be aware that in making its final decision, the Board may, if unlawful activity has been proven, assess civil penalties in an amount greater than that offered in this letter. Additionally, the Board may, if the facts are found to so warrant, enter an order requiring you to reimburse certain monies, directing you to cease and desist from engaging in unlawful acts and/or requiring you to pay costs incurred in the matter.

Should you have any questions concerning this letter or the settlement offer herein, I suggest that you contact The Board of Pharmacy, at (973) 504-6450.

The enclosed certification should be completed and returned to the Board within fifteen (15) days following your receipt of this letter. In the event that the Board receives no response from you within fifteen (15) days, the Board's settlement offer will be withdrawn, and you will be deemed in default. The allegations against you will be deemed uncontested. The Board will then proceed to schedule the matter for final review and will enter an appropriate order. Once an order has been entered, your failure to pay any penalties may result in further action to suspend or revoke your license.

Such waiver ceases if this Non-Disciplinary Consent Order is rejected by the Board of Pharmacy ("Board") or Director. Respondent acknowledges that Respondent has entered into this Non-Disciplinary Consent Order freely and of Respondent's own will without threat or coercion by the Department or any person and has not relied upon any representation made by or on behalf of the Department other than those specifically included herein. A copy of any original signature(s) shall be given the full force and effect of an original signature(s) affixed to this Non-Disciplinary Consent Order.

Respondent and the Department agree, in order to resolve this matter, that Respondent be permitted to enter into a Non-Disciplinary Consent Order with the Department, providing for the imposition of measures which are fair and equitable in the circumstances and which are consistent with the best interests of the people of the State of Illinois.

Topic IV **Applications:**
1. Kabafusion DS89700 **Relocation** **Time: 8:06 AM**

Represented by: John Leary MOR, Attorney Paul Garbarini

Recusal: None

Discussion: Pharmacy desires to relocate from Shrewsbury to Lexington. It is a 7,000 sq. ft. design, with 400 sq. ft. for the clean room. This is a home infusion pharmacy that specializes in IG therapy. Mr. Leary has had MOR experience at several other pharmacies, but he started with Kabafusion in April, 2020. Leary has limited experience with sterile compounding, as he has more regulatory background. Kabafusion has a robust training program including videos, online courses and modules, and didactic learning. On his own, Leary has also been taking courses through ASHP and on USP. Fran McAteer has

had a role in training on environmental monitoring. Leary and the previous MOR, Fidelis Fynn did a self-inspection together. Now, Mr. Fynn has passed the MOR role onto Leary, and Fynn has become the director of operations for Kabafusion. Kabafusion is open Monday – Friday. They plan to be moving everything on the weekend, although all the new equipment will be already in the Lexington location. When they are closed, Kabafusion has 24-hour access to an on call pharmacist and nurse, and other facilities as backup.

Action: Motion by L. GIAMBARRESI, seconded by S. HAMILTON, and voted unanimously by roll call by those present to approve the relocation pending successful inspection.

---

2. St. Mary's Pharmacy **New Community Pharmacy** **Time: 8:15 AM**

Represented by: Bakheet Shenoda, MOR

Recusal: None

Discussion: Bakheet and the owner will open a new retail pharmacy in North Andover. It is located in a plaza on the end, with one neighbor to the left, a beauty salon. There is no access from the neighboring store and no access from above tenants. Points of entry are limited to a front door and back door, but Bakheet assured the back door will always be closed. Bakheet was previously MOR at NPH Pharmacare pharmacy for 4 months in Whitinsville and was a floater pharmacist for CVS. This pharmacy will be providing vaccinations, with a privacy room area surrounded by curtains. They will be reaching out to nearby nursing homes to assess the need for compliance packaging. They will perform simple compounding, such as oral suspensions. Staffing will be 1 pharmacist and 1 technician to start. They have an after-hours voicemail with access to a pharmacist on call. Training for non-sterile compounding for the pharmacist will be reassessed every 6 months, to inspect compounding area and add safety precautions.

Action: Motion by L. GIAMBARRESI, seconded by S. HAMILTON, and voted unanimously by roll call by those present to approve the relocation pending successful inspection.

---

3. BIDMC Pharmacy **New Community Pharmacy/Relocation Time: 8:29 AM**

Represented by: David Young, Luca Cattaneo, Kim Nguyen

Recusal: J. LANZA and H. ENGMAN recused and were not present for the discussion or vote in this matter.

Discussion: Beth Israel Deaconess Medical Center (BIDMC) is looking to operate 2 separate, licensed pharmacies without a physical barrier and with a shared production area. One pharmacy will be designated as a specialty pharmacy while the other will be a retail pharmacy focusing on central fill for their Boston location. There will be designated areas with signage specific to each pickup. The representatives answered questions from the Board members regarding security measures, including that there will be 73 security cameras in use and 37 of those cameras focused on the production area. Each pharmacy will have its own inventory, physically separated by lines of demarcation and routinely

reconciled. Specifically, cycle counts will occur every Friday for the specialty pharmacy. They do not plan to have any of the same medications in each pharmacy. The specialty side will just keep specialty medications. Each pharmacy will have its own phone number, labels, and signage. There will be 2 DEA numbers and 2 separate MORs. The representatives assured members of the Board that they will not be sharing staff between the 2 spaces. Concerns were raised about accountability and who would be held responsible for this pilot project because this model is unprecedented. Pharmacists Chirag, David Young, and Luca Cattaneo will all be responsible and dedicated to running this project, rather than BIDMC. This facility allows them to expand services and provide a high touch with patients. They can enhance patient management by focusing more efforts on high risk patients. Separate licenses operating in the same pharmacy space is requested because accreditation efforts and costs for the specialty pharmacy are labor intensive, as well as creating opportunity for contracts that are typically restricted to specialty pharmacies.

Action: Motion by L. GIAMBARRESI, seconded by K. THORNELL, and voted unanimously by roll call by those present to approve the central fill petition.

Action: Motion by L. GIAMBARRESI, seconded by P. GANNON, and voted unanimously by roll call by those present to approve the pilot project contingent upon the following conditions:

- Approval of the DEA
- Specific metrics and reporting schedule to be determined in conjunction with Board staff
- Pilot project to begin 6 months from the date both pharmacies are open and operational

Action: Motion by L. GIAMBARRESI, seconded by P. GANNON, and voted unanimously by roll call by those present to approve the relocation of BIDMC Specialty Pharmacy pending a successful inspection.

Action: Motion by L. GIAMBARRESI, seconded by P. GANNON, and voted unanimously by roll call by those present to approve a new retail license for BILH Pharmacy Direct pending a successful inspection.

TOPIC V **Flex:** **Time: 9:11 AM**
Pharmacy Issues related to COVID-19 and the state of emergency:

Dave notes no updates this week.

Kim Tanzer announces the general session will be ending and the Board will be going into private session. The Board will not cover any other general session items today.

Topic VI: **M.G.L. 65 C #1** **Time: 9:15 AM**

Regarding Massachusetts Board of Pharmacy Complaint No. PHA-2019-0071 and Non-Disiplinary Consent Agreement for Stayed Probation for KabaFusion, Inc. (Shrewsbury)

Complaint No. PHA-2019-0071 was regarding a failure to report an above action level regarding the 2/20/2019 environmental monitoring.

KabaFusion, Inc. was party to a non-disciplinary condition agreement dated 8/12/2020 with the Massachusetts Board of Pharmacy. The pharmacy was inspected on 6/20/2019 and passed the inspection. After the inspection, KabaFusion and the Massachusetts Board of Pharmacy continued to review and discuss the pharmacy's environmental monitoring procedures and determined that monthly samples would receive routine testing and reporting by a third-party lab. A new pharmacist-in-charge/manager of record took over day to day management of the pharmacy on 6/22/2020 and KabaFusion also completed and passed additional routine inspections by the Board on 12/09/2019, 12/04/2020, 2/24/2021 and 11/10/2021.

On 10/01/2021 the pharmacy received notice from the Massachusetts Board of Pharmacy that all requirements of the agreement were satisfied.

A copy of the Non-Disiplinary Consent Agreement and Notice of Restoration are enclosed.

PHA-2019-0071

NON-DISCIPLINARY CONSENT AGREEMENT FOR STAYED PROBATION

The Massachusetts Board of Registration in Pharmacy ("Board") and Kabafusion ("Licensee" or "Pharmacy"), a pharmacy licensed by the Board, DS89700, do hereby stipulate and agree that the following information shall be entered into and become a permanent part of the Pharmacy's record maintained by the Board:

1. The Pharmacy acknowledges the Board opened a complaint against its pharmacy license related to the conduct set forth in Paragraph 2, identified as Docket No. PHA-2019-0071 ("the Complaint").[1]

One surface sample grew two colony forming units (CFUs) of a gram negative, rod-shaped bacteria identified as Serratia macescens, which is a highly pathogenic microorganism. As such, this sample was above USP 797 action levels.

   c. The Pharmacy failed to immediately remedy the February 20, 2019 above action level environmental monitoring result, in violation of USP 797 and 247 CMR 9.01(3).

[1] The term "License" applies to both a current license and the right to renew an expired license.

d. The Pharmacy failed to report the February 20, 2019 above action level environmental monitoring result to the Board, in violation of 247 CMR 6.15(7).

e. Another environmental monitoring sample taken on or about March 18, 2019 contained microbial growth. This sample was not sent to a credentialed laboratory for identification, in violation of in violation of USP 797 and 247 CMR 9.01(3).

f. During the June 20, 2019 inspection, Board investigators also observed the following violations of USP 797 and 247 CMR 9.01(3):

   i. fungal media plates incubated at incorrect temperatures;

   ii. use of expired sterile isopropyl alcohol; and

   iii. unsealed ceiling tiles.

g. The foregoing facts warrant action by the Board under M.G.L. c. 112, §§ 42A and 61 and 247 CMR 10.03(1)(a), (v), and (bb).

3. The Pharmacy agrees that its pharmacy license shall be placed on PROBATION for one (1) year, and that the probation shall be STAYED for no more than one (1) year ("Stayed Probationary Period"), commencing with the date on which the Board signs this Agreement ("Effective Date").       ii. the Board and the Pharmacy sign a subsequent agreement; or

---

[2] In all instances where this Agreement specifies written notice to the Licensee from the Board, such notice shall be sent to the Licensee's address of record.

[3] The term "Subsequent Complaint" applies to a complaint opened after the Effective Date concerning acts, omissions, or events occurring after the Effective Date, which (1) alleges that the Pharmacy engaged in conduct that violates Board statutes or regulations, and (2) is substantiated by evidence, as determined following the complaint investigation during which the Pharmacy shall have an opportunity to respond.

The Pharmacy further understands that by executing this Agreement it is knowingly and voluntarily waiving its right to a formal adjudication of the Complaints.

10. The Pharmacy acknowledges that it has been at all times free to seek and use legal counsel in connection with the Complaint and this Agreement.

11. The Pharmacy acknowledges that after the Effective Date, the Agreement constitutes a public record. The Board may forward a copy of this Agreement to other licensing boards, law enforcement entities, and other individuals or entities as required or permitted by law.

An alert has been placed on the Board's homepage with this information and the website license verification function can be used to confirm this extension for an individual. Permit holders are reminded to ensure those individuals also have an "active" pharmacy technician registration in place.

During the state of emergency resulting from the COVID-19 pandemic, pharmacists may fill prescriptions written by Advanced Practice Nurses (APNs), to include prescriptions that do not include the name of a collaborating physician. Pursuant to Governor Murphy's Executive Order 112 and pursuant to the Division of Consumer Affairs' Administrative Order 2020-02 , statutory and regulatory requirements that would otherwise mandate that an APN maintain a joint protocol with a collaborating physician, and that the collaborating physician's name, address and telephone number be included on prescriptions written by the APN, have been waived. Although the public health emergency originally declared in Executive Order 112 has ended, the state of emergency remains in effect. Additionally, pursuant to Executive Order 292, the cited provisions of both EO 112 and AO 2020-02 remain in full force and effect presently.

The Board offered congratulations to Board President Mitch Sobel on winning the Beverly Wilt Service Award. The nominee must be an active member of NJSHP with at

least 10 years of membership and embodies the following core values:

Therefore, for applications filed on or after the effective date of the relevant portions of PC 557 (10/1/2021), a simple motion to approve an application will suffice, and a motion to deny must include an explanation of the factual and legal basis as to why one or more of the criteria have not been met.

Please note consumer advantage language was added as the third criterion necessary for a Certificate of Need to be granted, effective October 1, 2021.

Commission members made this decision after full consideration of all the information provided to them including but not limited to the original application and supplemental responses; staff summary and licensing Commission comments, if applicable; support and opposition letters, if applicable; consideration of the criteria and standards. Commission Rules; and all additional evidence gathered during the presentation of the application. The HFC maintains a publicly available detailed written record that fully documents the factual and legal basis for this decision.

In accordance with T.C.A. § 68-11-1609(g)(1) (as amended by Public Chapter 780, Acts of 2002), the applicant may petition the Commission in writing for a hearing. Re: Inspection Report # **8-5108-10-1445**

Dear Mr. Molokie:

This letter is to advise you that the New Jersey State Board of Pharmacy (the "Board") has had an opportunity to review information concerning the above inspection report.

Upon review of all available information, the board has preliminarily found that you are responsible for the violations noted on **Attachment A.**

The Board has determined that it will first offer you an opportunity to settle this matter and thereby avoid the initiation of formal disciplinary proceedings. Should you wish to avail yourself of this opportunity, you should sign the acknowledgment below and agree to the following:

1. **Cease and desist** in engaging in the conduct alleged and pay a penalty in the amount of **$60.00** (to be paid upon signing of this certification).
2. Provide to the Board a **Letter of Correction.**

Alternatively you may waive your right to a hearing and submit a written statement or explanation to the Board. The Board will then consider your submission and render a final decision, which may include any of the terms set forth above. Any disposition by way of a settlement will be a public record, and will have the same effect as an order of the Board. Any failure to comply with the terms to which you agree will be deemed a violation.

If you do not wish to settle this matter, you may request a hearing. In that event, this letter will serve as notice of the charges against you and a hearing will be scheduled before the Board. At that hearing you either personally or with the assistance of an attorney will have an opportunity to respond to the charges and submit evidence and present testimony as may be necessary in order for the Board to make a final determination concerning the charges of unlawful activity.

You should be aware that in making its final decision, the Board may, if unlawful activity has been proven, assess civil penalties in an amount greater than that offered in this letter. Additionally, the Board may, if the facts are found to so warrant, enter an order requiring you to reimburse certain monies, directing you to cease and desist from engaging in unlawful acts and/or requiring you to pay costs incurred in the matter.

Should you have any questions concerning this letter or the settlement offer herein, I suggest that you contact The Board of Pharmacy, at (973) 504-6450.

The enclosed certification should be completed and returned to the Board within fifteen (15) days following your receipt of this letter. In the event that the Board receives no response from you within fifteen (15) days, the Board's settlement offer will be withdrawn, and you will be deemed in default. The allegations against you will be deemed uncontested. The Board will then proceed to schedule the matter for final review and will enter an appropriate order. Once an order has been entered, your failure to pay any penalties may result in further action to suspend or revoke your license.

Such waiver ceases if this Non-Disciplinary Consent Order is rejected by the Board of Pharmacy ("Board") or Director. Respondent acknowledges that Respondent has entered into this Non-Disciplinary Consent Order freely and of Respondent's own will without threat or coercion by the Department or any person and has not relied upon any representation made by or on behalf of the Department other than those specifically included herein. Respondent acknowledges that the Department attorney may be requested to communicate with the Board or Director in furtherance of the approval of this Non-Disciplinary Consent Order. Respondent has been informed that this Non-Disciplinary Consent Order will be presented to the Director. If this Non-Disciplinary Consent Order is not approved, Respondent waives any right to raise any prejudice resulting from the Director's consideration of this Non-Disciplinary Consent Order. A copy of any original signature(s) shall be given the full force and effect of an original signature(s) affixed to this Non-Disciplinary Consent Order.

Respondent and the Department agree, in order to resolve this matter, that Respondent be permitted to enter into a Non-Disciplinary Consent Order with the Department, providing for the imposition of measures which are fair and equitable in the circumstances and which are consistent with the best interests of the people of the State of Illinois.

Topic IV **Applications:**
1. Kabafusion DS89700 **Relocation** **Time: 8:06 AM**

Represented by: John Leary MOR, Attorney Paul Garbarini

Recusal: None

Discussion: Pharmacy desires to relocate from Shrewsbury to Lexington. It is a 7,000 sq. ft. design, with 400 sq. ft. for the clean room. This is a home infusion pharmacy that specializes in IG therapy. Mr. Leary has had MOR experience at several other pharmacies, but he started with Kabafusion in April, 2020. Leary has limited experience with sterile compounding, as he has more regulatory background. Kabafusion has a robust training program including videos, online courses and modules, and didactic learning. On his own, Leary has also been taking courses through ASHP and on USP. Fran McAteer has

had a role in training on environmental monitoring. Leary and the previous MOR, Fidelis Fynn did a self-inspection together. Now, Mr. Fynn has passed the MOR role onto Leary, and Fynn has become the director of operations for Kabafusion. Kabafusion is open Monday – Friday. They plan to be moving everything on the weekend, although all the new equipment will be already in the Lexington location. When they are closed, Kabafusion has 24-hour access to an on call pharmacist and nurse, and other facilities as backup.

Action: Motion by L. GIAMBARRESI, seconded by S. HAMILTON, and voted unanimously by roll call by those present to approve the relocation pending successful inspection.

2. St. Mary's Pharmacy **New Community Pharmacy** **Time: 8:15 AM**

Represented by: Bakheet Shenoda, MOR

Recusal: None

Discussion: Bakheet and the owner will open a new retail pharmacy in North Andover. It is located in a plaza on the end, with one neighbor to the left, a beauty salon. There is no access from the neighboring store and no access from above tenants. Points of entry are limited to a front door and back door, but Bakheet assured the back door will always be closed. Bakheet was previously MOR at NPH Pharmacare pharmacy for 4 months in Whitinsville and was a floater pharmacist for CVS. This pharmacy will be providing vaccinations, with a privacy room area surrounded by curtains. They will be reaching out to nearby nursing homes to assess the need for compliance packaging. They will perform simple compounding, such as oral suspensions. Staffing will be 1 pharmacist and 1 technician to start. They have an after-hours voicemail with access to a pharmacist on call. Training for non-sterile compounding for the pharmacist will be reassessed every 6 months, to inspect compounding area and add safety precautions.

Action: Motion by L. GIAMBARRESI, seconded by S. HAMILTON, and voted unanimously by roll call by those present to approve the relocation pending successful inspection.

3. BIDMC Pharmacy **New Community Pharmacy/Relocation Time: 8:29 AM**

Represented by: David Young, Luca Cattaneo, Kim Nguyen

Recusal: J. LANZA and H. ENGMAN recused and were not present for the discussion or vote in this matter.

Discussion: Beth Israel Deaconess Medical Center (BIDMC) is looking to operate 2 separate, licensed pharmacies without a physical barrier and with a shared production area. One pharmacy will be designated as a specialty pharmacy while the other will be a retail pharmacy focusing on central fill for their Boston location. There will be designated areas with signage specific to each pickup. The representatives answered questions from the Board members regarding security measures, including that there will be 73 security cameras in use and 37 of those cameras focused on the production area. Each pharmacy will have its own inventory, physically separated by lines of demarcation and routinely

reconciled. Specifically, cycle counts will occur every Friday for the specialty pharmacy. They do not plan to have any of the same medications in each pharmacy. The specialty side will just keep specialty medications. Each pharmacy will have its own phone number, labels, and signage. There will be 2 DEA numbers and 2 separate MORs. The representatives assured members of the Board that they will not be sharing staff between the 2 spaces. Concerns were raised about accountability and who would be held responsible for this pilot project because this model is unprecedented. Pharmacists Chirag, David Young, and Luca Cattaneo will all be responsible and dedicated to running this project, rather than BIDMC. This facility allows them to expand services and provide a high touch with patients. They can enhance patient management by focusing more efforts on high risk patients. Separate licenses operating in the same pharmacy space is requested because accreditation efforts and costs for the specialty pharmacy are labor intensive, as well as creating opportunity for contracts that are typically restricted to specialty pharmacies.

Action: Motion by L. GIAMBARRESI, seconded by K. THORNELL, and voted unanimously by roll call by those present to approve the central fill petition.

Action: Motion by L. GIAMBARRESI, seconded by P. GANNON, and voted unanimously by roll call by those present to approve the pilot project contingent upon the following conditions:

- Approval of the DEA
- Specific metrics and reporting schedule to be determined in conjunction with Board staff
- Pilot project to begin 6 months from the date both pharmacies are open and operational

Action: Motion by L. GIAMBARRESI, seconded by P. GANNON, and voted unanimously by roll call by those present to approve the relocation of BIDMC Specialty Pharmacy pending a successful inspection.

Action: Motion by L. GIAMBARRESI, seconded by P. GANNON, and voted unanimously by roll call by those present to approve a new retail license for BILH Pharmacy Direct pending a successful inspection.

Regarding Massachusetts Board of Pharmacy Complaint No. PHA-2019-0071 and Non-Disiplinary Consent Agreement for Stayed Probation for KabaFusion, Inc. (Shrewsbury)

Complaint No. PHA-2019-0071 was regarding a failure to report an above action level regarding the 2/20/2019 environmental monitoring.

KabaFusion, Inc. was party to a non-disciplinary condition agreement dated 8/12/2020 with the Massachusetts Board of Pharmacy. The pharmacy was inspected on 6/20/2019 and passed the inspection. After the inspection, KabaFusion and the Massachusetts Board of Pharmacy continued to review and discuss the pharmacy's environmental monitoring procedures and determined that monthly samples would receive routine testing and reporting by a third-party lab. A new pharmacist-in-charge/manager of record took over day to day management of the pharmacy on 6/22/2020 and KabaFusion also completed and passed additional routine inspections by the Board on 12/09/2019, 12/04/2020, 2/24/2021 and 11/10/2021.

On 10/01/2021 the pharmacy received notice from the Massachusetts Board of Pharmacy that all requirements of the agreement were satisfied.

A copy of the Non-Disiplinary Consent Agreement and Notice of Restoration are enclosed.

The Massachusetts Board of Registration in Pharmacy ("Board") and Kabafusion ("Licensee" or "Pharmacy"), a pharmacy licensed by the Board, DS89700, do hereby stipulate and agree that the following information shall be entered into and become a permanent part of the Pharmacy's record maintained by the Board:

3. The Pharmacy agrees that its pharmacy license shall be placed on PROBATION for one (1) year, and that the probation shall be STAYED for no more than one (1) year ("Stayed Probationary Period"), commencing with the date on which the Board signs this Agreement ("Effective Date"). ---

[2] In all instances where this Agreement specifies written notice to the Licensee from the Board, such notice shall be sent to the Licensee's address of record.

[3] The term "Subsequent Complaint" applies to a complaint opened after the Effective Date concerning acts, omissions, or events occurring after the Effective Date, which (1) alleges that the Pharmacy engaged in conduct that violates Board statutes or regulations, and (2) is substantiated by evidence, as determined following the complaint investigation during which the Pharmacy shall have an opportunity to respond.

Dear Ms. Acord,

This letter is to advise you that the New Jersey State Board of Pharmacy has had an opportunity to review information concerning the above inspection report.

Upon review of all available information, the Board has preliminarily found that you have violated those items listed on Attachment A.

The Board has determined that it will offer you an opportunity to settle this matter and thereby avoid the initiation of further disciplinary proceedings. Should you wish to avail yourself of this opportunity, you **MUST SIGN THE ATTACHED CERTIFICATION** and agree to the following:

> **PAY A PENALTY IN THE AMOUNT OF $750.00 and PROVIDE TO THE BOARD A LETTER OF CORRECTIVE ACTION.** (To be paid immediately upon your signing of the attached acknowledgment.)

Please take notice that if the Board determines that the initial inspection findings require a re-inspection to ensure that cited deficiencies have been properly addressed, you may be subject to any costs associated with the re-inspection.

If you do not wish to settle this matter, you may request a hearing. In that event, this letter will serve as notice of the charges against you and a hearing will be scheduled before the Board. At that hearing you may, either personally or with the assistance of an attorney, submit determination concerning the charges of unlawful activity. You should be aware that in making

its final decision, the Board may, if unlawful activity has been proven, assess civil penalties in an amount greater than that herein offered in this letter. Additionally, the Board may, if the facts are found to so warrant, enter an order, requiring you to reimburse certain monies, direction you to cease and desist from engaging in unlawful acts and/or requiring you to pay costs incurred by the Board. Dear Ms. Acord,

This letter is to advise you that the New Jersey State Board of Pharmacy has had an opportunity to review information concerning the above inspection report.

Upon review of all available information, the Board has preliminarily found that you have violated those items listed on Attachment A.

The Board has determined that it will offer you an opportunity to settle this matter and thereby avoid the initiation of further disciplinary proceedings. Should you wish to avail yourself of this opportunity, you **MUST SIGN THE ATTACHED CERTIFICATION** and agree to the following:

Please take notice that if the Board determines that the initial inspection findings require a re-inspection to ensure that cited deficiencies have been properly addressed, you may be subject to any costs associated with the re-inspection.

If you do not wish to settle this matter, you may request a hearing. In that event, this letter will serve as notice of the charges against you and a hearing will be scheduled before the Board. At that hearing you may, either personally or with the assistance of an attorney, submit determination concerning the charges of unlawful activity. You should be aware that in making

its final decision, the Board may, if unlawful activity has been proven, assess civil penalties in an amount greater than that herein offered in this letter. Additionally, the Board may, if the facts are found to so warrant, enter an order, requiring you to reimburse certain monies, direction you to cease and desist from engaging in unlawful acts and/or requiring you to pay costs incurred by the Board. Should you have any questions concerning this letter or the settlement offer herein, I suggest that you contact the Board at (973) 504-6450.

The enclosed Certification MUST be completed and returned to the Board within fifteen (15) days following your receipt of this letter. In the event that the Board receives no response from you within this time, the Board's settlement offer will be withdrawn, and the allegations contained herein shall be deemed admitted, and the Board will proceed to finally review that matter and enter an appropriate order.

Pursuant to Governor Murphy's Executive Order 112 and pursuant to the Division of Consumer Affairs' Administrative Order 2020-02 , statutory and regulatory requirements that would otherwise mandate that an APN maintain a joint protocol with a collaborating physician, and that the collaborating physician's name, address and telephone number be included on prescriptions written by the APN, have been waived. Although the public health emergency originally declared in Executive Order 112 has ended, the state of emergency remains in effect. Additionally, pursuant to Executive Order 292, the cited provisions of both EO 112 and AO 2020-02 remain in full force and effect presently.

The Board offered congratulations to Board President Mitch Sobel on winning the Beverly Wilt Service Award. The nominee must be an active member of NJSHP with at

CERTIFICATE OF NEED APPLICATIONS

PC 557 eliminated TCA § 68-11-1616, which had provided that "each decision rendered by the Health Facilities Commission shall include written documentation and explanation of the factual and legal basis upon which the commission grants or denies the Certificate of Need." PC 557 only requires this for applications that are denied.

Therefore, for applications filed on or after the effective date of the relevant portions of PC 557 (10/1/2021), a simple motion to approve an application will suffice, and a motion to deny must include an explanation of the factual and legal basis as to why one or more of the criteria have not been met.

Re: Inspection Report # **8-8108-10-1445**

Dear Mr. Molokie:

This letter is to advise you that the New Jersey State Board of Pharmacy (the "Board") has had an opportunity to review information concerning the above inspection report.

Upon review of all available information, the board has preliminarily found that you are responsible for the violations noted on **Attachment A.**

The Board has determined that it will first offer you an opportunity to settle this matter and thereby avoid the initiation of formal disciplinary proceedings. Should you wish to avail yourself of this opportunity, you should sign the acknowledgment below and agree to the following:

1. **Cease and desist** in engaging in the conduct alleged and pay a penalty in the amount of **$50.00** (to be paid upon signing of this certification).
2. Provide to the Board a **Letter of Correction.**

Alternatively you may waive your right to a hearing and submit a written statement or explanation to the Board. The Board will then consider your submission and render a final decision, which may include any of the terms set forth above. Any disposition by way of a settlement will be a public record, and will have the same effect as an order of the Board. Any failure to comply with the terms to which you agree will be deemed a violation.

If you do not wish to settle this matter, you may request a hearing. In that event, this letter will serve as notice of the charges against you and a hearing will be scheduled before the Board. At that hearing you either personally or with the assistance of an attorney will have an opportunity to respond to the charges and submit evidence and present testimony as may be necessary in order for the Board to make a final determination concerning the charges of unlawful activity.

You should be aware that in making its final decision, the Board may, if unlawful activity has been proven, assess civil penalties in an amount greater than that offered in this letter. Additionally, the Board may, if the facts are found to so warrant, enter an order requiring you to reimburse certain monies, directing you to cease and desist from engaging in unlawful acts and/or requiring you to pay costs incurred in the matter.

Should you have any questions concerning this letter or the settlement offer herein, I suggest that you contact The Board of Pharmacy, at (973) 504-6450.

The enclosed certification should be completed and returned to the Board within fifteen (15) days following your receipt of this letter. In the event that the Board receives no response from you within fifteen (15) days, the Board's settlement offer will be withdrawn, and you will be deemed in default. The allegations against you will be deemed uncontested. The Board will then proceed to schedule the matter for final review and will enter an appropriate order. Once an order has been entered, your failure to pay any penalties may result in further action to suspend or revoke your license.

NON-DISCIPLINARY CONSENT ORDER

The Division of Professional Regulation of the Illinois Department of Financial and Professional Regulation ("Department"), by attorney Paula McGee, and Respondent Kabafusion, Inc., ("Respondent"), by attorney Alex Cooper of Quarles & Brady, LLP, agree to the following:

STIPULATIONS

Respondent holds Illinois pharmacy license no. 054.018814 pursuant to the Pharmacy Practice Act, 225 ILCS 85/et seq. ("Act"), which is presently in active status. On or about April 2, 2018, the Maine State Board of Pharmacy issued a public Consent Agreement whereby Respondent agreed to pay an administrative fine of one thousand five hundred dollars ($1,500.00) due to Respondent's failure to file a change of pharmacist-in-charge ("PIC") application with the Maine Board of Pharmacy by registered mail within seven (7) days after a change of PIC. Respondent filed its PIC application with the Maine Board of Pharmacy approximately nine (9) months after a change of PIC. For the purposes of this Non-Disciplinary Consent Order, Respondent admits that an adverse action was taken against Respondent in the State of Maine. Respondent's actions and/or omissions constitute grounds for discipline under the Act, 225 ILCS 85/30(a)(8).

At all times material to the matter set forth in this Non-Disciplinary Consent Order, the Department had jurisdiction over the subject matter and the parties herein. Respondent has been advised of the right to have any allegation(s) reduced to written charges, to a hearing where the Department bears the burden to prove its allegations by clear and convincing evidence, the right to contest any charges brought and present mitigating evidence, and the right to administrative review of any order resulting from a hearing. Respondent knowingly waives each of these rights, as well as any right to administrative review of this Non-Disciplinary Consent Order.

Such waiver ceases if this Non-Disciplinary Consent Order is rejected by the Board of Pharmacy ("Board") or Director. Respondent acknowledges that Respondent has entered into this Non-Disciplinary Consent Order freely and of Respondent's own will without threat or coercion by the Department or any person and has not relied upon any representation made by or on behalf of the Department other than those specifically included herein. Respondent acknowledges that the Department attorney may be requested to communicate with the Board or Director in furtherance of the approval of this Non-Disciplinary Consent Order. Respondent has been informed that this Non-Disciplinary Consent Order will be presented to the Director. If this Non-Disciplinary Consent Order is not approved, Respondent waives any right to raise any prejudice resulting from the Director's consideration of this Non-Disciplinary Consent Order. Respondent understands that this Non-Disciplinary Consent Order is not effective unless and until it is adopted by the Director. A copy of any original signature(s) shall be given the full force and effect of an original signature(s) affixed to this Non-Disciplinary Consent Order.

Respondent and the Department agree, in order to resolve this matter, that Respondent be permitted to enter into a Non-Disciplinary Consent Order with the Department, providing for the imposition of measures which are fair and equitable in the circumstances and which are consistent with the best interests of the people of the State of Illinois.

CONDITIONS

Wherefore, the Department, by attorney Paula McGee, and Respondent, by attorney Alex Cooper of Quarles & Brady, LLP, agree:

A. Respondent shall permanently voluntarily surrender Respondent's Illinois pharmacy license no. 054.018814 to the Department.

Topic IV **Applications:**
1. Kabafusion DS89700 **Relocation** **Time: 8:06 AM**

Represented by: John Leary MOR, Attorney Paul Garbarini

Recusal: None

Discussion: Pharmacy desires to relocate from Shrewsbury to Lexington. It is a 7,000 sq. ft. design, with 400 sq. ft. for the clean room. This is a home infusion pharmacy that specializes in IG therapy. Mr. Leary has had MOR experience at several other pharmacies, but he started with Kabafusion in April, 2020. Leary has limited experience with sterile compounding, as he has more regulatory background. Kabafusion has a robust training program including videos, online courses and modules, and didactic learning. On his own, Leary has also been taking courses through ASHP and on USP. Fran McAteer has

had a role in training on environmental monitoring. Leary and the previous MOR, Fidelis Fynn did a self-inspection together. Now, Mr. Fynn has passed the MOR role onto Leary, and Fynn has become the director of operations for Kabafusion. Kabafusion is open Monday – Friday. They plan to be moving everything on the weekend, although all the new equipment will be already in the Lexington location. When they are closed, Kabafusion has 24-hour access to an on call pharmacist and nurse, and other facilities as backup.

Action: Motion by L. GIAMBARRESI, seconded by S. HAMILTON, and voted unanimously by roll call by those present to approve the relocation pending successful inspection.

---

2. St. Mary's Pharmacy **New Community Pharmacy** **Time: 8:15 AM**

Represented by: Bakheet Shenoda, MOR

Recusal: None

Discussion: Bakheet and the owner will open a new retail pharmacy in North Andover. It is located in a plaza on the end, with one neighbor to the left, a beauty salon. There is no access from the neighboring store and no access from above tenants. Points of entry are limited to a front door and back door, but Bakheet assured the back door will always be closed. Bakheet was previously MOR at NPH Pharmacare pharmacy for 4 months in Whitinsville and was a floater pharmacist for CVS. This pharmacy will be providing vaccinations, with a privacy room area surrounded by curtains. They will be reaching out to nearby nursing homes to assess the need for compliance packaging. They will perform simple compounding, such as oral suspensions. Staffing will be 1 pharmacist and 1 technician to start. They have an after-hours voicemail with access to a pharmacist on call. Training for non-sterile compounding for the pharmacist will be reassessed every 6 months, to inspect compounding area and add safety precautions.

Action: Motion by L. GIAMBARRESI, seconded by S. HAMILTON, and voted unanimously by roll call by those present to approve the relocation pending successful inspection.

---

3. BIDMC Pharmacy **New Community Pharmacy/Relocation Time: 8:29 AM**

Represented by: David Young, Luca Cattaneo, Kim Nguyen

Recusal: J. LANZA and H. ENGMAN recused and were not present for the discussion or vote in this matter.

Discussion: Beth Israel Deaconess Medical Center (BIDMC) is looking to operate 2 separate, licensed pharmacies without a physical barrier and with a shared production area. One pharmacy will be designated as a specialty pharmacy while the other will be a retail pharmacy focusing on central fill for their Boston location. There will be designated areas with signage specific to each pickup. The representatives answered questions from the Board members regarding security measures, including that there will be 73 security cameras in use and 37 of those cameras focused on the production area. Each pharmacy will have its own inventory, physically separated by lines of demarcation and routinely

reconciled. Specifically, cycle counts will occur every Friday for the specialty pharmacy. They do not plan to have any of the same medications in each pharmacy. The specialty side will just keep specialty medications. Each pharmacy will have its own phone number, labels, and signage. There will be 2 DEA numbers and 2 separate MORs. The representatives assured members of the Board that they will not be sharing staff between the 2 spaces. Concerns were raised about accountability and who would be held responsible for this pilot project because this model is unprecedented. Pharmacists Chirag, David Young, and Luca Cattaneo will all be responsible and dedicated to running this project, rather than BIDMC. This facility allows them to expand services and provide a high touch with patients. They can enhance patient management by focusing more efforts on high risk patients. Separate licenses operating in the same pharmacy space is requested because accreditation efforts and costs for the specialty pharmacy are labor intensive, as well as creating opportunity for contracts that are typically restricted to specialty pharmacies.

Action: Motion by L. GIAMBARRESI, seconded by K. THORNELL, and voted unanimously by roll call by those present to approve the central fill petition.

Action: Motion by L. GIAMBARRESI, seconded by P. GANNON, and voted unanimously by roll call by those present to approve the pilot project contingent upon the following conditions:

- Approval of the DEA
- Specific metrics and reporting schedule to be determined in conjunction with Board staff
- Pilot project to begin 6 months from the date both pharmacies are open and operational

Action: Motion by L. GIAMBARRESI, seconded by P. GANNON, and voted unanimously by roll call by those present to approve the relocation of BIDMC Specialty Pharmacy pending a successful inspection.

Action: Motion by L. GIAMBARRESI, seconded by P. GANNON, and voted unanimously by roll call by those present to approve a new retail license for BILH Pharmacy Direct pending a successful inspection.

Regarding Massachusetts Board of Pharmacy Complaint No. PHA-2019-0071 and Non-Disiplinary Consent Agreement for Stayed Probation for KabaFusion, Inc. (Shrewsbury)

Complaint No. PHA-2019-0071 was regarding a failure to report an above action level regarding the 2/20/2019 environmental monitoring.

KabaFusion, Inc. was party to a non-disciplinary condition agreement dated 8/12/2020 with the Massachusetts Board of Pharmacy. The pharmacy was inspected on 6/20/2019 and passed the inspection. After the inspection, KabaFusion and the Massachusetts Board of Pharmacy continued to review and discuss the pharmacy's environmental monitoring procedures and determined that monthly samples would receive routine testing and reporting by a third-party lab. A new pharmacist-in-charge/manager of record took over day to day management of the pharmacy on 6/22/2020 and KabaFusion also completed and passed additional routine inspections by the Board on 12/09/2019, 12/04/2020, 2/24/2021 and 11/10/2021.

On 10/01/2021 the pharmacy received notice from the Massachusetts Board of Pharmacy that all requirements of the agreement were satisfied.

A copy of the Non-Disiplinary Consent Agreement and Notice of Restoration are enclosed.

Dear Ms. Acord,

This letter is to advise you that the New Jersey State Board of Pharmacy has had an opportunity to review information concerning the above inspection report.

Upon review of all available information, the Board has preliminarily found that you have violated those items listed on Attachment A.

The Board has determined that it will offer you an opportunity to settle this matter and thereby avoid the initiation of further disciplinary proceedings. Should you wish to avail yourself of this opportunity, you **MUST SIGN THE ATTACHED CERTIFICATION** and agree to the following:

> **PAY A PENALTY IN THE AMOUNT OF $750.00** and **PROVIDE TO THE BOARD A LETTER OF CORRECTIVE ACTION.** (To be paid immediately upon your signing of the attached acknowledgment.)

The Board will then consider your submission and render a final decision, which may include any of the terms set forth above. This disposition will be a public record. Please take notice that if the Board determines that the initial inspection findings require a re-inspection to ensure that cited deficiencies have been properly addressed, you may be subject to any costs associated with the re-inspection.

If you do not wish to settle this matter, you may request a hearing. In that event, this letter will serve as notice of the charges against you and a hearing will be scheduled before the Board. At that hearing you may, either personally or with the assistance of an attorney, submit determination concerning the charges of unlawful activity. You should be aware that in making

its final decision, the Board may, if unlawful activity has been proven, assess civil penalties in an amount greater than that herein offered in this letter. Additionally, the Board may, if the facts are found to so warrant, enter an order, requiring you to reimburse certain monies, direction you to cease and desist from engaging in unlawful acts and/or requiring you to pay costs incurred by the Board. This letter is to advise you that the New Jersey State Board of Pharmacy has had an opportunity to review information concerning the above inspection report.

Upon review of all available information, the Board has preliminarily found that you have violated those items listed on Attachment A.

The Board has determined that it will offer you an opportunity to settle this matter and thereby avoid the initiation of further disciplinary proceedings. Should you wish to avail yourself of this opportunity, you **MUST SIGN THE ATTACHED CERTIFICATION** and agree to the following:

PAY A PENALTY IN THE AMOUNT OF $1,600.00 and **PROVIDE TO THE BOARD A LETTER OF CORRECTIVE ACTION.** (To be paid immediately upon your signing of the attached acknowledgment).

The Board will then consider your submission and render a final decision, which may include any of the terms set forth above. This disposition will be a public record. Please take notice that if the Board determines that the initial inspection findings require a re-inspection to ensure that cited deficiencies have been properly addressed, you may be subject to any costs associated with the re-inspection.

If you do not wish to settle this matter, you may request a hearing. In that event, this letter will serve as notice of the charges against you and a hearing will be scheduled before the Board. At that hearing you may, either personally or with the assistance of an attorney, submit determination concerning the charges of unlawful activity. You should be aware that in making

its final decision, the Board may, if unlawful activity has been proven, assess civil penalties in an amount greater than that herein offered in this letter. Additionally, the Board may, if the facts are found to so warrant, enter an order, requiring you to reimburse certain monies, direction you to cease and desist from engaging in unlawful acts and/or requiring you to pay costs incurred by the Board. Should you have any questions concerning this letter or the settlement offer herein, I suggest that you contact the Board at (973) 504-6450.

The enclosed Certification **MUST** be completed and returned to the Board within fifteen (15) days following your receipt of this letter. Permit holders are reminded to ensure those individuals also have an "active" pharmacy technician registration in place.

During the state of emergency resulting from the COVID-19 pandemic, pharmacists may fill prescriptions written by Advanced Practice Nurses (APNs), to include prescriptions that do not include the name of a collaborating physician. Pursuant to Governor Murphy's Executive Order 112 and pursuant to the Division of Consumer Affairs' Administrative Order 2020-02 , statutory and regulatory requirements that would otherwise mandate that an APN maintain a joint protocol with a collaborating physician, and that the collaborating physician's name, address and telephone number be included on prescriptions written by the APN, have been waived. Although the public health emergency originally declared in Executive Order 112 has ended, the state of emergency remains in effect. Additionally, pursuant to Executive Order 292, the cited provisions of both EO 112 and AO 2020-02 remain in full force and effect presently.

The Board offered congratulations to Board President Mitch Sobel on winning the Beverly Wilt Service Award. The nominee must be an active member of NJSHP with at

least 10 years of membership and embodies the following core values:

Dear Ms. Acord,

This letter is to advise you that the New Jersey State Board of Pharmacy has had an opportunity to review information concerning the above inspection report.

Upon review of all available information, the Board has preliminarily found that you have violated those items listed on Attachment A.

The Board has determined that it will offer you an opportunity to settle this matter and thereby avoid the initiation of further disciplinary proceedings. Should you wish to avail yourself of this opportunity, you **MUST SIGN THE ATTACHED CERTIFICATION** and agree to the following:

> **PAY A PENALTY IN THE AMOUNT OF $750.00** and **PROVIDE TO THE BOARD A LETTER OF CORRECTIVE ACTION.** (To be paid immediately upon your signing of the attached acknowledgment.)

The Board will then consider your submission and render a final decision, which may include any of the terms set forth above. This disposition will be a public record. Please take notice that if the Board determines that the initial inspection findings require a re-inspection to ensure that cited deficiencies have been properly addressed, you may be subject to any costs associated with the re-inspection.

If you do not wish to settle this matter, you may request a hearing. In that event, this letter will serve as notice of the charges against you and a hearing will be scheduled before the Board. At that hearing you may, either personally or with the assistance of an attorney, submit determination concerning the charges of unlawful activity. You should be aware that in making

its final decision, the Board may, if unlawful activity has been proven, assess civil penalties in an amount greater than that herein offered in this letter. Additionally, the Board may, if the facts are found to so warrant, enter an order, requiring you to reimburse certain monies, direction you to cease and desist from engaging in unlawful acts and/or requiring you to pay costs incurred by the Board. Dear Ms. Acord,

This letter is to advise you that the New Jersey State Board of Pharmacy has had an opportunity to review information concerning the above inspection report.

Upon review of all available information, the Board has preliminarily found that you have violated those items listed on Attachment A.

The Board has determined that it will offer you an opportunity to settle this matter and thereby avoid the initiation of further disciplinary proceedings. Should you wish to avail yourself of this opportunity, you **MUST SIGN THE ATTACHED CERTIFICATION** and agree to the following:

The Board will then consider your submission and render a final decision, which may include any of the terms set forth above. This disposition will be a public record. Please take notice that if the Board determines that the initial inspection findings require a re-inspection to ensure that cited deficiencies have been properly addressed, you may be subject to any costs associated with the re-inspection.

If you do not wish to settle this matter, you may request a hearing. In that event, this letter will serve as notice of the charges against you and a hearing will be scheduled before the Board. At that hearing you may, either personally or with the assistance of an attorney, submit determination concerning the charges of unlawful activity. You should be aware that in making

its final decision, the Board may, if unlawful activity has been proven, assess civil penalties in an amount greater than that herein offered in this letter. Additionally, the Board may, if the facts are found to so warrant, enter an order, requiring you to reimburse certain monies, direction you to cease and desist from engaging in unlawful acts and/or requiring you to pay costs incurred by the Board. Should you have any questions concerning this letter or the settlement offer herein, I suggest that you contact the Board at (973) 504-6450.

The enclosed Certification MUST be completed and returned to the Board within fifteen (15) days following your receipt of this letter. In the event that the Board receives no response from you within this time, the Board's settlement offer will be withdrawn, and the allegations contained herein shall be deemed admitted, and the Board will proceed to finally review that matter and enter an appropriate order.

Permit holders are reminded to ensure those individuals also have an "active" pharmacy technician registration in place.

During the state of emergency resulting from the COVID-19 pandemic, pharmacists may fill prescriptions written by Advanced Practice Nurses (APNs), to include prescriptions that do not include the name of a collaborating physician. Pursuant to Governor Murphy's Executive Order 112 and pursuant to the Division of Consumer Affairs' Administrative Order 2020-02 , statutory and regulatory requirements that would otherwise mandate that an APN maintain a joint protocol with a collaborating physician, and that the collaborating physician's name, address and telephone number be included on prescriptions written by the APN, have been waived. Although the public health emergency originally declared in Executive Order 112 has ended, the state of emergency remains in effect. Additionally, pursuant to Executive Order 292, the cited provisions of both EO 112 and AO 2020-02 remain in full force and effect presently.

The Board offered congratulations to Board President Mitch Sobel on winning the Beverly Wilt Service Award. The nominee must be an active member of NJSHP with at

least 10 years of membership and embodies the following core values:

To Whom it may concern,

I have enclosed the pharmacy application for the Lovelock Pharmacy to change it from a regular pharmacy to a remote site pharmacy. The Pharmacist in Charge will change from Inna Edwards to Matthew Christensen (Lic 17632). I have consulted with the staff at the Board of Pharmacy on multiple occasions about this change and the pharmacy qualifies under the current laws and regulations to be a remote site. I am having to make this change because of the small numbers of prescriptions filled at the site due to small size of the city of Lovelock. I do want to keep the pharmacy open and serving the people of Lovelock and the remote site designation will allow me to do this. Please contact me by email at bountifulpharmacy@gmail.com or on my cell phone, [redacted] if you have any questions.

Thank you for your assistance in this change.

Provide explanation below:

In 2010, I was involved in mis-filling a prescription for a patient. As a result of the errors made in filling this prescription, on June 1, 2011, the Nevada State Board of Pharmacy ordered me to successfully complete a continuing education program approved by the Board called "Your Success Rx." I successfully completed this program during the time frame required by the Nevada Board of Pharmacy.

DATED

Kam Gandhi, President

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **RUSSELL E. SMITH, RPH** **Certificate of Registration No. 16233** **WALGREENS #04788** **Certificate of Registration No. PH01306** **Respondents** /	)	**CASE NOS. 13-001-RPH-N** **13-001-PH-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these Respondents because Respondent Russell E. Smith is a pharmacist licensed by the Board. Respondent Walgreens #04788 is a pharmacy licensed by the Board, located at 1465 East Williams Street, Carson City, Nevada.

II.

On or about September 4, 2012, Patient BT was seen by Pamela Hassler, Physician's Assistant-Certified (PAC), and prescribed methadone 5 mg. tablets, to take one tablet by mouth every eight hours as needed. The prescription had a "Do Not Fill Until" date of October 2, 2012. On September 6, 2012, Patient BT presented the prescription to Walgreens #04788, at which time it was date-stamped and placed on hold. On October 2, 2012, Patient BT returned to the pharmacy and had the prescription filled.

III.

During a routine follow-up with PAC Hassler on October 31, 2012, Patient BT reported that the strength of the methadone dispensed to him was 10 mg. tablets, not

the 5 mg. strength prescribed. On or about October 29, 2012, he discarded the bottle after taking the last dose. Patient BT ingested ninety of the methadone 10 mg. tablets before the error was discovered. No ill effects were claimed or reported. PAC Hassler generated Patient BT's profile from the Prescription Monitoring Program (PMP) and verified that Walgreens had dispensed methadone 10 mg. tablets and not the 5 mg. strength which was prescribed.

IV.

During the investigation of this matter, the Board's Investigator learned that a pharmaceutical technician entered the original prescription into the pharmacy computer system. When entering the prescription data, the pharmaceutical technician selected methadone 10 mg., instead of methadone 5 mg. tablets as prescribed. The data was entered and sent to the pharmacist for Product Data Review. During Product Data Review, pharmacist Russell Smith failed to note the error in the strength. Pharmacist Smith filled, labeled, and verified the prescription and staged it for customer pick up. Pharmacist Smith failed to note the error in strength throughout the production sequence of the prescription, and he did not identify the error during patient counseling. In his written statement, Pharmacist Smith indicated that in reviewing the prescription, the image on the pharmacy computer screen was difficult to read and he verified the medication as methadone 10 mg.

V.

At its regularly scheduled Board meeting on June 4, 2008, in Reno, Nevada, the Board heard another matter (Case No. 08-017A-RPH-N) which involved Mr. Smith. Mr. Smith did not contest that he was responsible for verifying a prescription for Ortho-Cyclen that was filled with Ortho-Tri-Cyclen. The patient ingested the wrong medication for twenty-eight days. The error was discovered when the prescription was refilled.

VI.

At its regularly scheduled Board meeting on September 14, 2011, in Reno, Nevada, the Board heard another matter (Case No. 11-060-RPH-N) which involved Mr. Smith. Mr. Smith did not contest that he was responsible for not requiring positive identification from the person picking up a controlled substance prescription which resulted in the releasing of that medication to the wrong person. Walgreens' computer

system showed that the person who was dispensed the medication was counseled, but counseling did not transpire as Mr. Smith had overridden the computer system to allow the purchase. Mr. Smith was placed on probation for two years effective September 14, 2011.

FIRST CAUSE OF ACTION

VII.

By filling and dispensing Patient BT's prescription for methadone 5 mg. tablets with methadone 10 mg. tablets, Respondent Smith violated NRS 639.210(4) and/or NAC 639.945(1)(d) and/or (i).

SECOND CAUSE OF ACTION

VIII.

In being repeatedly negligent in Case 08-017A-RPH-N and in Case 11-060-RPH-N, Mr. Smith violated NRS 639.210(4) and/or (12) and/or (16) and/or NAC 639.945(1)(i) and/or (l).

THIRD CAUSE OF ACTION

IX.

In owning and operating the pharmacy in which Mr. Smith committed the above violations, Walgreens #04788 violated NRS 639.210(4) and/or (12) and/or (16) and NAC 639.945(1)(i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Signed this 21ST day of February, 2013.

_____/

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on December 1, 2004, in Reno, Nevada. The Board was represented by Louis Ling, General Counsel for the Board, and Mr. Bergan and Walgreens Pharmacy #04788 (Walgreens #4788) were represented by Robert Graham. Based on the presentations of the parties, the parties' admissions, and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties agreed that facts as plead in the Notice of Intended Action and Accusation were essentially true and correct. Based upon this understanding, Board staff presented no testimony or evidence.

2. Patient B was a twelve-year-old male who had had a tonsillectomy. Patient B's physician had prescribed Prednisolone 5 mg./5 ml. liquid for him to help with the

healing process. Patient B's mother, Ms. G, took the prescription to Walgreens #4788 on or about September 7, 2004 to be filled.

3. Patient B's father picked up the medication at the drive-through window at Walgreens #4788. Mr. G was not counseled for this new prescription. Ms. G began administering the medication to Patient B as directed on the label. Patient B took the first dose at approximately 5:30 p.m. and a second dose at approximately 10:45 p.m. At that time, Patient B told his mother that the medication burned his throat, made him feel sick, and numbed his mouth.

4. The next morning, Ms. G telephoned the pharmacy and questioned why the medication she received from Walgreens #4788 the previous day was pink and not clear as it had been in the past. Ms. G also telephoned Patient B's physician and was advised to take Patient B to the emergency room to determine what Patient B had ingested. The emergency room report indicated that Patient B had, in all probability, received Prednisolone 15 mg./5 ml. liquid. Board Staff subsequently tested the medication Patient B had taken, and it was determined that Patient B had received Prednisolone 15 mg./5 ml. liquid rather than the prescribed Prednisolone 5 mg./5 ml. liquid.

5. At hearing, Mr. Bergan testified that he was the pharmacist who was the "verifying" pharmacist on duty at the time that Patient B's prescription was filled. Being the "verifying" pharmacist meant that Mr. Bergan was responsible for the final verification of all prescriptions that were filled by other pharmacists and pharmaceutical technicians on duty at the time. Mr. Bergan stated that there were three pharmacists on duty at the time that Patient B's prescription was filled. Mr. Bergan explained that he

usually performs a "sniff test" on liquids to verify the correctness of the liquid, but he did not perform a "sniff test" regarding Patient B's prescription.

6. Mr. Bergan explained that Walgreens #4788 did not have any type of bar code scanning software or hardware: rather, verification of prescriptions at Walgreens #4788 was done by manual and visual means by double-checking the NDC code on the stock bottle with the NDC code on the prescription label. Mr. Bergan explained that it appeared from Patient B's prescription that he had, in fact, done the NDC code comparison, but that still did not reveal to him that the stock bottle and the prescription label did not match. Mr. Bergan could not explain why he did not catch the difference between the two NDC numbers when he verified Patient B's prescription.

7. Mr. Bergan explained that had Walgreens #4788 had the latest version of Walgreens' hardware and software system, the prescription could not have been "rung up" on the cash register until the prescription had been scanned, so the error regarding Patient B's prescription would have been discovered at the time of verification because the bar code scans of the stock bottle and the prescription label would not have matched.

8. Mr. Bergan testified that counseling was the responsibility for all pharmacists on duty when a new prescription is picked up. Mr. Bergan explained that the pharmacy's pharmaceutical technicians and clerks are trained to examine a filled prescription to determine whether it is new or a refill, and when it is new, the staff member is supposed to call a pharmacist for counseling before the prescription is dispensed. Mr. Bergan stated that he did not know which pharmacist would have been the one responsible for counseling Mr. G regarding Patient B's prescription, so he could

not state which pharmacist specifically was responsible for failing to counsel Mr. G. The pharmacy's counseling log contained no entry regarding Patient B's prescription, and the prescription should have been counseled because it was a new prescription.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter because Mr. Bergan is a pharmacist licensed by the Board and Walgreens #4788 is a pharmacy licensed with the Board.

2. In failing to strictly follow the prescription written for Patient B by filling his Prednisolone 5 mg./5 ml. prescription with Prednisolone 15 mg./5ml., Mr. Bergan violated NRS 639.210(4) and NAC 639.945(1)(d) and (i).

3. In owning and operating the pharmacy in which Mr. Bergan's misfilling of Patient B's prescription occurred and in which Patient B's father was not counseled regarding Patient B's prescription, Walgreens #4788 violated NRS 639.210(4) and NAC 639.707 and 639.945(1)(d) and (i) and (2).

4. The Second Cause of Action against Mr. Bergan is dismissed.

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Mr. Bergan shall pay a fine of $150.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order.

2. Mr. Bergan shall successfully complete three hours of ACPE-approved continuing education regarding prescription errors and their prevention. Evidence of

the completion of the continuing education must be presented to the Board's office within 60 days of the effective date of this Order. The three hours of continuing education ordered in this paragraph shall be in addition to the 30 hours required of Mr. Bergan for the renewal of his license.

3. Walgreens #4788 shall pay a fine of $900.00 ($150.00 for the misfill and $750.00 for the failure to counsel) by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order.

4. Walgreens #4788 shall pay the costs incurred in the investigation and prosecution of this matter of $1,751.80 plus the Board's administrative fee of $250.00, for a total of $2,001.80 by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 60 days of the effective date of this Order.

5. Walgreens #4788 and other Walgreens personnel shall present to the Board at its regularly schedule meeting on January 12 and 13, 2005 a plan by which it will implement in all of its pharmacies statewide an enhancement to its computer system by which a pharmacy's cash register will be unable to process a prescription transaction until a pharmacist has made an indication on the pharmacy's signature pad or in the pharmacy's computer at the counseling area that the pharmacist has counseled the patient or that the patient has declined to be counseled. The Board and personnel from Walgreens shall discuss the plan proposed by Walgreens #4788 and other Walgreens personnel at the meeting on January 12 and 13, 2005 to assure that the plan proposed

by Walgreens adequately addresses the Board's concerns raised at the hearing of this matter and that the time period proposed for implementation is reasonable.

6. The failure by Mr. Bergan to comply with any term in this order shall result in the immediate suspension of his license and will also result in further discipline, up to and including revocation of the license. The failure by Walgreens #4788 to comply with any term in this order shall result in a fine of $1,000 per day for every day that Walgreens #4788 has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

NOTICE OF INTENDED ACTION AND ACCUSATION

v.

ZACHARY W. BERGAN, R.PH
Certificate of Registration No. 15889

Case No. 04-063-RPH-N

WALGREENS #4788
Certificate of Registration No. PH01306

Case No. 04-063-PH-N

Respondents.

/

COMES NOW Keith W. Macdonald, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter and these Respondents because Respondent Zachary W. Bergan, R.Ph, (Certificate Number 15889) is a registered pharmacist with the Board and Respondent Walgreens #4788 is a pharmacy licensed by the Board, located at 1465 East Williams Street, Carson City, Nevada.

II.

Patient B is a twelve-year-old male who had a tonsillectomy. Patient B's physician prescribed Prednisolone 5 mg./5ml. liquid for him to help with the healing process. Patient B's mother, Ms. G, took the prescription to Walgreen's #4788 on or about September 7, 2004 to be filled.

III.

Patient B's father picked up the medication at the drive through window. Mr. G was not counseled for this new prescription. Ms. G began administering it to Patient B.

Patient B took the first dose at approximately 5:30 p.m. and a second dose at approximately 10:45 p.m. At that time Patient B told his mother that the medication burned his throat, made him feel sick, and numbed his mouth.

IV.

The following morning, Ms. G telephoned the pharmacy and questioned why the medication she received from Walgreens #4788 the previous day was pink and not clear as it had been in the past. Ms. G also telephoned Patient B's physician and was advised to take Patient B to the emergency room to determine what Patient B had ingested. The emergency room report indicated that Patient B had, in all probability, received Prednisolone 15 mg./5 ml. The medication was tested and it was determined that Patient B received Prednisolone 15 mg./5 ml. rather that the prescribed Prednisolone 5 mg./5 ml.

FIRST CAUSE OF ACTION

V.

In failing to strictly follow the prescription written for Patient B by filling his Prednisolone 5 mg./5 ml. prescription with Prednisolone 15 mg./5 ml, Mr. Bergan violated Nevada Revised Statutes (NRS) 639.210(4) and Nevada Administrative Code (NAC) 639.945(1)(d) and (i).

SECOND CAUSE OF ACTION

VI.

In failing to counsel Patient B's father on his new prescription, even though Patient B had taken Prednisolone before, Mr. Bergan violated NRS 639.210(4) and 639.266(1) and NAC 639.707 and 639.945(1)(i).

THIRD CAUSE OF ACTION

VII.

In owning and operating the pharmacy in which Mr. Bergan committed the above violations, in particular in which Patient B's prescription was misfilled and in which Patient B;s parents were not counseled regarding Patient B's prescription, Walgreens #4788 violated NRS 639.210(4) and NAC 639.707 and 639.945(1)(d) and (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

3. Respondents filed their Answer and Notice of Defense (Answer) on or about May 28, 2015.

4. Respondents, and each of them, are fully aware of their right to seek the advice of counsel in this matter, and obtained the advice of counsel prior to entering into this Stipulation.

7. Respondents, and each of them, admit that evidence exists, and that such evidence could be presented at a hearing, to establish a factual basis for the violations alleged in the Accusation, *to wit*, that:

a. By failing to detect during counseling that the dosing instructions for the prescription for Focalin XR 10 mg. capsules was incorrectly labeled with instructions to take *four (4)* capsules by mouth daily, rather than *one (1)* capsule by mouth daily as prescribed, Ms. Hubkey provided inadequate counseling in violation of NRS 639.266(1) and NAC 639.707(1) and (2), as well as NAC 639.945(1)(i), which are grounds for discipline pursuant to Nevada Revised Statutes NRS 639.255.

b. As the owner of the pharmacy in which the foregoing violation(s), or any one of them, occurred, Respondent Walgreens #4788 is statutorily responsible for the actions of

10. Board Counsel will present this Stipulation to the Board for approval at its meeting on June 10, 2015, in Reno, Nevada. Respondents, and each of them, will appear at that meeting to answer questions put to them by members of the Board and Board Staff. The Board

[1] Walgreens Pharmacy #4788 does not stipulate to have acted negligently in this matter.

may discuss and deliberate regarding the Stipulation even if one or more Respondent is absent. The Board has discretion to approve this Stipulation, but it has no obligation to do so.

11. If the Board adopts the recommendations set forth above, Respondents and the Board each agree to release the other from any and all claims arising from the facts set forth in the Accusation, whether known or unknown, which might otherwise have existed on or before the effective date of the Board's Order in this matter.

12. If the Board rejects any part or all of this Stipulation, the parties agree that a full hearing on the merits of this matter may be heard by the Board, and that the hearing shall occur at the Board's September 2-3, 2015 meeting in Reno, Nevada. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

Plumb Lane, Reno, NV 89509, within 90 days of the effective date of the Board's Order.

14. Respondents shall pay the *administrative fees* agreed to herein by *cashier's check, certified check* or *money order* made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 431 W. Plumb Lane, Reno, NV 89509, within ninety (90) days of the effective date of the Board's Order.

15. Any failure by any Respondent to satisfy the obligations stated herein may result in additional discipline, up to and including suspension or revocation of each Respondent's respective registration/license, until all terms have been satisfied.

NEVADA STATE BOARD OF PHARMACY
APR 23 2015
FILED

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3), and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Jenae Jeppson Schroder (Ms. Schroder), Certificate of Registration No. 18541, and Respondent Belinda E. Hubkey (Ms. Hubkey), Certificate of Registration No. 15310, were pharmacists registered with the Board, and Respondent Walgreens Pharmacy #04788 (Walgreens), Certificate of Registration No. PH01306, was a pharmacy registered with the Board.

II.

On or about August 29, 2014, Jacob Vernon (Mr. Vernon) filed a complaint with the Board on behalf of his stepchild, thirteen-year-old S.G. In the complaint, Mr. Vernon alleged that Walgreens filled and dispensed a prescription for S.G. with the incorrect dosing instructions.

III.

On July 2, 2014, S.G. saw her physician who prescribed a quantity of thirty (30) Focalin XR 10 mg. capsules with instructions to take one capsule by mouth every day.

IV.

The prescription was tendered to Walgreens later that day. The following day, July 3, 2014, Walgreens filled the prescription and dispensed the medication to S.G.'s mother.

V.

During the subsequent administration of the Focalin XR to their daughter, the parents felt that the frequency of administration stated on the prescription label (one capsule four times per day) was excessive. They therefore modified the administration to one capsule two times daily.

VI.

S.G. ingested twenty-four (24) Focalin XR 10 mg. capsules over a fourteen (14) day period. Within days of the initial administration of the Focalin XR, SG became withdrawn and emotionally distraught.

VII.

On July 17, 2014, S.G.'s parents contacted the prescriber and learned that the dosing instructions on the prescription label generated by Walgreens were incorrect.

VIII.

According to pharmacy records, pharmaceutical technician Katherine Urrutia (Ms. Urrutia) scanned S.G.'s Focalin XR prescription (prescription number 1206263) into the pharmacy computer system on July 2, 2014, and sent it to a production queue for processing the next day.

IX.

On July 3, 2014, Ms. Urrutia retrieved the Focalin XR prescription from the production queue. During data entry, Ms. Urrutia inadvertently entered "QID" (four times per day) in the patient instructions rather than "QD" (once per day) as written by the prescriber.

X.

Ms. Urrutia sent the prescription data into the data entry verification queue for approval by the pharmacist prior to filling the medication.

XI.

Pharmacist Schroder performed data verification and filled the prescription. She approved the data entry, prescription label and contents of the bottle as accurate, and staged the final product for a pharmacist's final review. Ms. Schroder failed to detect the error in the patient dosing instructions throughout the entire filling and verification process.

XII.

Ms. Schroder performed the final product verification. At the final verification, a drug utilization review (DUR) alert displayed on the computer screen indicating that the dosage entered exceeds the recommended pediatric dosage. Ms. Schroder entered an override for the DUR within (1) second after performing data verification, and approved the final product as accurate and complete. Again, Ms. Schroder failed to identify the error in the patient dosing instructions.

XIII.

On July 3, 2014, S.G.'s mother picked up the prescription from Walgreens. Pharmacist Hubkey provided counseling to S.G.'s mother. Ms. Hubkey did not detect the error in the patient dosing instructions during counseling.

FIRST CAUSE OF ACTION

XIV.

In failing to strictly follow the instructions of S.G.'s physician by verifying and dispensing a prescription for Focalin XR 10 mg. capsules with instructions to take four (4) capsules by mouth daily rather than take one (1) capsule by mouth daily as prescribed by S.G.'s physician, Ms. Schroder violated NAC 639.945(1)(d) and/or (i), which violations are grounds for action pursuant to NRS 639.210(4), (11), and/or (12), and NRS 639.255.

SECOND CAUSE OF ACTION

XV.

By failing to act upon the DUR alert displayed on the computer screen indicating that the

dosage entered exceeds the recommended pediatric dosage, Ms. Schroder violated NRS 639.210(4) and/or NAC 639.945(1)(i), which is grounds for action under NRS 639.255.

THIRD CAUSE OF ACTION

XVI.

By failing to detect during counseling that the dosing instructions for the prescription for Focalin XR 10 mg. capsules was incorrectly labeled with instructions to take four (4) capsules by mouth daily rather than to take one (1) capsule by mouth daily as prescribed, Ms. Hubkey provided inadequate counseling in violation of NRS 639.266(1) and NAC 639.707(1) and (2), as well as NAC 639.945(1)(i), which violations are grounds for action pursuant to NRS 639.210(4), (11) and/or (12), and under NRS 639.255.

FOURTH CAUSE OF ACTION

XVII.

As the pharmacy in which the violations alleged above occurred, Walgreens is statutorily responsible for the actions of respondents Jenae Jeppson Schroder and Belinda E. Hubkey, as alleged herein, pursuant to NAC 639.945(2), which is grounds for discipline pursuant to NRS 639.210(4), (11) and/or (12), and NRS 639.255.

Wherefore, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

Signed this 22nd day of April, 2015.

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. MOSTAQUL HUQ, RPH Certificate of Registration No. 18974, and WALGREENS PHARMACY #12488 Certificate of Registration No. PH02741, Respondents.	CASE NO. 16-041-RPH-N 16-041-PH-N STIPULATION

S. PAUL EDWARDS, General Counsel for Petitioner, the Nevada State Board of Pharmacy ("Board"), and Respondents Mostaqul Huq ("Mr. Huq"), Certificate of Registration No. 18974, and Walgreens Pharmacy #12488 ("Walgreens #12488"), Certificate of Registration No. PH02741 (collectively "Respondents"), represented by William J. Stilling of Parsons Behle & Latimer,

HEREBY STIPULATE AND AGREE THAT:

1. The Board has jurisdiction over these matters.

2. The Board served a Notice of Intended Action and Accusation ("Notice") on each of the Respondents on or about January 20, 2017, which each Respondent received.

3. Respondents' and Board's counsel agreed to attempt negotiating a resolution in lieu of a written Answer and Notice of Defense, and this Stipulation embodies their agreement for resolving this case.

4. Respondents, and each of them, are fully aware of their right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

5. Respondents, and each of them, are aware of their right to a hearing on the matters alleged in the Notice, their right to a rehearing, their right to appeal, and any and all other rights that may be accorded to them pursuant to the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that any one, or all, of them have failed to comply with the provisions of Paragraph 8 below, Respondents hereby freely and voluntarily waive their right to a hearing, rehearing, appeal and any and all other rights related to this action that may be accorded to them by the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

7. Respondents admit, to the best of their knowledge and belief, that the following factual allegations are true and accurate.

a. Walgreens #12488 is a pharmacy licensed by the Board.

b. Mr. Huq is a pharmacist licensed by the Board.

c. Mr. Huq has been a practicing pharmacist in Nevada and other states since 2008 and has never had any actions or complaints related to his pharmacist license.

d. On April 16, 2016, a prescription for Patient W. R. ("W. R.") was presented to Walgreens #12488 for sixty (60) niacinamide 500 mg. tablets with instructions to take one tablet by mouth twice a day.

e. That same day, Mr. Huq, a pharmacist who worked at Walgreens #12488 filled and dispensed niacin 500 mg. instead of niacinamide.

f. Mr. Huq dispensed niacin because niacinamide was not in stock at the pharmacy and because he believed niacin to be the pharmacological equivalent of niacinamide and entered niacin in the data field.

g. Mr. Huq's belief was based on the following facts among others:

i. Niacin and niacinamide are both forms of vitamin B3.

ii. Niacin and niacinamide are both available without a prescription in 500 mg. dosages.

iii. Niacin is readily converted to niacinamide in the body.

iv. Niacinamide and niacin have similar side effects and niacinamide can produce, among other effects, headaches, nausea, cardiovascular changes, and muscle cramps.

8. Mr. Huq counseled W. R.'s friend, R. C., who picked up the prescription and explained that niacin and niacinamide are available without a prescription, he was dispensing niacin, and in the future a written prescription would not be needed to purchase either product.

9. Respondents, and each of them, admit that evidence exists, and that such evidence could be presented at a hearing, to establish a factual basis for the violations alleged in the Notice, *to wit*, that:

a. By filling and dispensing a prescription for niacin on April 16, 2016, rather than niacinamide, Mr. Huq violated Nevada Administrative Code (NAC) 639.945(1) (d), which violation is a ground for action pursuant to Nevada Revised Statute NRS 639.255.

b. As the owner of the pharmacy in which the foregoing violation occurred, Walgreens Pharmacy #12488 is responsible for the actions of its employees, and therefore subject to discipline pursuant to NAC 639.945(2), which is a ground for action pursuant to NRS 639.255.

10. Based on Respondents' admissions, cause for disciplinary action against Mr. Huq exists under the statutes and regulations cited above in paragraph 9.a.

11. Based on Respondents' admissions, Walgreens Pharmacy #12488 is responsible for the acts of its employees under NAC 639.945(2).[1]

12. Said responsibility as owner of the pharmacy is a ground for discipline pursuant to Nevada Revised Statutes NRS 639.255.

13. The contents of the foregoing paragraphs are for the purposes of this proceeding only and shall have no force or effect in any other case or proceeding before the Board or otherwise.

14. Based upon the Notice and the foregoing admissions, Respondents, and each of them, stipulate to the following penalties, which will become binding and enforceable upon approval of this Stipulation by the Board:

a. Related to the violation alleged in the First Cause of Action, Mr. Huq shall: (i) pay a fine of $500 (five hundred dollars), and (ii), complete a 1 hour continuing education course on the topic of Nevada law, in addition to the continuing education hours he must otherwise complete to maintain his licensure.

b. Related to the allegations in the Third Cause of Action, Walgreens' Pharmacy #12488 will pay an administrative fee of $495.

15. Board Counsel will present this stipulation to the Board for approval at its meeting on March 1, 2017 in Reno, Nevada. Respondents, and each of them, will appear at that meeting to answer questions put to them by members of the Board and Board Staff. The Board may discuss

[1] The Board has not alleged and Walgreens Pharmacy #12488 does not stipulate that Walgreens #12488 acted negligently in this matter.

and deliberate regarding the stipulation even if a Respondent or both of them are absent. The Board has discretion to approve this Stipulation, but it has no obligation to do so.

16. If the Board adopts the recommendations set forth above, Respondents and the Board each agree to release the other from any and all claims arising from the facts set forth in the Notice, whether known or unknown, that might otherwise have existed on or before the effective date of the Board's Order in this matter.

17. If the Board rejects any part or all of this Stipulation and Order, the parties agree that a full hearing on the merits of this matter may be heard by the Board, and that the hearing will occur at the Board's May 31, 2017 meeting in Reno, Nevada. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

18. Mr. Huq shall pay the fines agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office located at 431 W. Plumb Lane, Reno, NV 89509, within 90 days of the effective date of the Board's Order.

19. Walgreens Pharmacy #12488 shall pay the administrative fees agreed to herein by *cashier's check, certified check* or *money order* made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 431 W. Plumb Lane, Reno, NV 89509, within thirty (30) days of the effective date of the Board's Order.

20. Any failure by any Respondent to satisfy the obligations stated herein may result in additional discipline, up to and including suspension or revocation of each Respondent's respective registration/license, until all terms have been satisfied.

Respondents.	/	

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3), and as an accusation under NRS 639.241.

JURISDICTION

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these respondents because at the time of the alleged events, Respondent Mostaqul Huq (Mr. Huq) was a pharmacist licensed by the Board, and Respondent Walgreens Pharmacy #12488 (Walgreens) was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

II.

Patient W.R. filed a complaint with the Board Office alleging that on or about April 16 2016, Walgreens filled and dispensed niacin 500 mg. tablets instead of the niacinamide 500 mg. tablets prescribed by his physician.

III.

On April 11, 2016, W.R. saw his physician for the treatment of recurring skin cancers, and subsequently prescribed sixty (60) niacinamide 500 mg. tablets with instructions to take one tablet by mouth twice a day.

IV.

W.R. presented the prescription to Walgreens on April 16, 2016, which filled and dispensed it that same day. A pharmaceutical technician scanned the prescription into the pharmacy's computer system in preparation for data entry.

V.

Mr. Huq retrieved the scanned prescription and began the data entry process. During data entry, Mr. Huq discovered that the niacinamide tablets prescribed were not in stock.

VI.

Mr. Huq assumed the niacinamide was prescribed as a vitamin supplement. He was not aware that the doctor prescribed it to reduce the incidence of nonmelanoma skin cancers.

VII.

Mr. Huq believed that niacin is the pharmacological equivalent of niacinadmide and entered niacin in the data field.

VIII.

Mr. Huq approved the data entry and forwarded it to the fill queue. Mr. Huq did not contact the prescriber regarding the change to niacin.

IX.

Pharmaceutical technician Meghan Tolley retrieved the prescription and filled it with #60 500 mg. niacin tablets. She staged the prescription for product verification.

X.

Mr. Huq performed the final product verification and staged the prescription for customer pick-up.

XI.

At 4:55 p.m., W.R.'s friend R.C. arrived at the pharmacy to pick up the prescription. During counseling, Mr. Huq advised R.C. that in the future, a written prescription is not needed

to purchase over-the-counter drugs.[1] He did not inform R.C. that he dispensed niacin instead of niacinimide as prescribed.

XII.

On June 13, 2016, W.R. had a follow-up examination with his physician. W.C. reported that he was experiencing headaches, nausea, elevated blood pressure and muscle cramps.

XIII.

During that examination, the physician discovered that the pharmacy misfilled W.R.'s niacinimide prescription with niacin.

XIV.

At the time the error was discovered, W.C. had ingested fifty-six (56) of the wrong medication.

FIRST CAUSE OF ACTION

XV.

NAC 639.945(1)(d) defines unprofessional conduct to include the failure by a licensee to follow strictly the instructions of a prescriber when filling, labeling and dispensing a prescription. Unprofessional conduct also includes performing duties in an "incompetent, unskillful or negligent manner" *See* NAC 639.945(1)(i). Mr. Mostaqul Huq violated NAC 639.945(1)(d) and/or (i) by verifying, labeling and dispensing niacin 500 mg. tablets to W.R., when his prescriber prescribed niacinamide 500 mg. tablets.

SECOND CAUSE OF ACTION

XVI.

NRS 639.266 requires a pharmacist, on receipt of a prescription and after review of the patient's record, to communicate with the patient, or a person caring for the patient, matters that will enhance the patient's therapy through drugs. NAC 639.707(1) and (2) require that discussion to include, among other things, the name of the drug, dosage and administration instructions, the intended use of the drug, common side effects, and other information that is

[1] Niacin and/or niacinimide are available as over-the-counter products that do not require a prescripton.

necessary for the safe and effective use of the drug. Further, NAC 639.945(1)(i) defines unprofessional conduct to include performing duties in an "incompetent, unskillful or negligent manner" See NAC 639.945(1)(i).

Here, Mr. Mostaqul Huq violated NRS 639.266, NAC 639.707(1) and (2), and NAC 639.945(1)(i), when he failed to adequately counsel by not informing W.R.'s friend R.C. at the time R.C. picked up the medication, that he dispensed niacin instead of niacinimide as prescribed.

THIRD CAUSE OF ACTION

XVII.

NAC 639.945(2) states that "[t]he owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ". Repondent Mr. Mostaqul Huq is Walgreens's employee. As such, Walgreens is responsible for each of the violations alleged herein.

XVIII.

The violations alleged above, including in each cause of action, are grounds for discipline against the licenses of Mostaqul Huq and/or Walgreens #3680 pursuant to NRS 639.210(4), (11) and/or (12), as well as NRS 639.255.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

Signed this 19th day of January, 2017.

Nevada State Board of Pharmacy

WALGREENS #05369
Certificate of Registration PH01485 Case No. 11-030-PH-S

Respondents.
_____/

Carolyn J. Cramer, General Counsel for the Nevada State Board of Pharmacy, and Respondent, Heidi Wickham and Walgreens #05369 and Rob Graham, Esq. of Rob Graham & Associates, stipulate and agree as follows:

1. Respondent Walgreens #05369 admits the factual allegations made in the Second Cause of Action in the Notice of Intended Action and Accusation.

2. Respondent Wickham shall be dismissed ~~missed~~ from the First Cause of Action in the Notice of Intended Action and Accusation.

3. The Board Staff concluded after investigation that the error in this case was made because a Walgreen's employee returned to stock a bottle that was labeled metaxalone but was originally misfiled with Metformin but was placed on the shelf behind the metaxalone and was used to fill [redacted] metaxalone prescription. Preventive measures need to be implemented to ensure this does not happen again.

4. Respondent Walgreens #05369 fully recognizes the error that was made and understands that it must take corrective action to avoid such an error in the future.

5. The parties shall present this Stipulation and Agreement to the Board at its meeting on October 12, 2011. The parties agree that the Board may ask questions of the parties' counsel, may discuss and deliberate regarding the presentations, and shall enter an Order that may impose discipline as recommended by the parties.

6. Board Staff and Respondent Walgreens #05369 will recommend that the Board impose discipline for the Second Cause of Action by requiring Walgreens #05369 to successfully complete the Your Success Rx program to be paid for by Respondent Walgreens #05369 with the managing pharmacist Heidi Wickham participating in the review on behalf of Respondent Walgreens #05369. The Your Success Rx program will emphasize the return to stock of medications that were not dispensed to patients and a review of any policies or procedures that could be implemented to prevent a return to stock error in the future. Additionally the program will include the following:

a. That Respondent Walgreens #05369 shall cooperate fully and genuinely with the needs, demands, and requirements of the program and contact the program within 10 days of the acceptance of the Stipulation and Order by the Board.

b. When Respondent Walgreens #05369 has completed the program, the program shall submit to Board Staff a final report regarding Respondent Walgreens #05369 participation in the program. Board Staff will set a meeting with Respondent Walgreens #05369 managing pharmacist, Heidi Wickham and Respondent Walgreens #05369 district manager and the program administrator to review and to discuss the report and whether any policies or changes could be adopted to address return to stock issues by Respondent Walgreens #05369.

7. Board Staff and Respondent Walgreens #05369 will recommend that the Board impose discipline for the Second Cause of Action by imposing a fine in the amount of $1,000.00, by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

8. If the Board rejects any part or all of this stipulation, the parties agree that a full hearing on the merits of this matter may be heard by the Board and that the Board would hear this matter at its meeting on January 18, 2012. The terms and admissions in this stipulation may not be used or referred to in the full hearing on the merits of this matter.

9. The Board and the Respondent shall each agree to release the other from any and all claims, whether known or unknown, that might otherwise have existed on or before the effective date of the Board's Order in this matter.

NOTICE OF INTENDED ACTION AND ACCUSATION

HEIDI WICKHAM, R.Ph.,
Certificate of Registration #16474,

Case No. 11-030-RPH-S

WALGREENS #05369
Certificate of Registration PH01485

Case No. 11-030-PH-S

Respondents.

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Heidi Wickham is a pharmacist licensed by the Board and Respondent Walgreens #05369 is licensed by the Board, located at 1500 South Boulder Highway, Henderson, Nevada.

II.

On or about March 16, 2011, [redacted] had a prescription filled for metaxalone 800 mg. tablets. Ms. [redacted]'s husband picked up the prescription that evening. When he arrived home and gave his wife the medication that was dispensed to him, Ms. [redacted] noticed that there were two different pink tablets in the bottle. Mr. [redacted] returned

to the pharmacy and spoke with Heidi Wickham regarding the two different tablets in the prescription bottle. Ms. Wickham checked the Clinical Pharmacology program in the pharmacy's computer and could not identify the second tablets. Ms. Wickham then went to the shelf where metaxalone is stocked to see if there were different manufacturers. The only bottle present at the time was a previously deleted patient's bottle labeled metaxalone. Ms. Wickham checked the contents of the bottle and found the same pink tablets in question that she could not identify and presumed it was a different manufacturer and advised Mr. [redacted] that it was safe for his wife to take.

III.

Ms. [redacted] began taking the tablets that she was familiar with first for several days. Ms. [redacted] began taking the tablets that she was not familiar with and she became light headed, nauseous, had diarrhea and a headache for three days. On or about March 22, 2011 Mr. [redacted] received a telephone call from Heidi Wickham asking to speak with Ms. [redacted]. Ms. [redacted] was not available to come to the telephone and Ms. Wickham told Mr. [redacted] that the pink tablets in question in Ms. [redacted]'s prescription bottle were not metaxalone as previously thought, and that they were Metformin, a prescription medication used to treat diabetes. Ms. Wickham advised Mr. [redacted] to have Ms. [redacted] stop taking the medication dispensed to him and return it to the pharmacy for replacement.

IV.

During the investigation of this matter, it was learned that the prescription bottle that was returned to stock and was labeled metaxalone was originally misfilled with

Metformin but was placed on the shelf behind the metaxalone and was used to fill Ms. [redacted]'s prescription.

FIRST CAUSE OF ACTION

V.

In verifying and dispensing a combination of 800 mg. metaxalone tablets and Metformin tablets to Ms. [redacted] instead of only metaxalone tablets as prescribed, Ms. Wickham violated Nevada Revised Statutes (NRS) 639.210(4) and/or Nevada Administrative Code (NAC) 639.945(1)(d) and/or (i).

SECOND CAUSE OF ACTION

VI.

In owning and operating the pharmacy in which an unidentified employee misshelved the mislabeled returned to stock bottle of Metformin directly behind the metaxalone stock bottle and where Ms. Wickham misfiled Ms. [redacted]'s prescription with a combination of metaxalone tablets and Metformin tablets, Walgreens #05369 violated NRS 639.210(4) and/or NAC 639.945(1)(d) and/or (l) and/or (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Signed this 8th day of September, 2011.

Larry L. Pinson, Executive Secretary
Nevada State Board of Pharmacy

_____/

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on January 11, 2006 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert C. Graham. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties agreed that Respondents would not contest the facts as plead in the Notice of Intended Action and Accusation. Because of the agreement of the parties, Board Staff presented no testimony or evidence. Respondents presented the testimony of Ms. Greeley and Holly Prievo. Based upon the presentations of the parties, the Board finds the following to be the facts of this matter.

2. On August 11, 2005, Patient MSG visited her physician, Dr. DeBelen. Based upon the visit, Dr. DeBelen telephoned a prescription for Amoxicillin 500 mg. tablets for Patient MSG to Walgreens #05862. Ms. Greeley filled and verified Patient MSG's

Amoxicillin prescription. Though Patient MSG's penicillin allergy was contained in Walgreens #05862's computer system, Ms. Greeley failed to notice or act upon Patient MSG's penicillin allergy. At hearing, Ms. Greeley admitted that Walgreens #05862's computer system contained the penicillin allergy and would have alerted her to the allergy, she could not explain how or why she did not notice or act upon Ms. Greeley's penicillin allergy.

3. Patient MSG's boyfriend picked up the prescription on August 11, 2005 and took it to Patient MSG's house where she began taking the Amoxicillin as directed. Patient MSG ingested one capsule and thereafter broke out in a rash. Patient MSG contacted Dr. DeBelen in the afternoon of August 11, 2005, and Dr. DeBelen told her to come to his office the following Monday (August 15). Patient MSG's rash became worse, and she went to the emergency room at St. Rose where it was determined that she had been given Amoxicillin even though she had an allergy to penicillin. Patient MSG attributes her rash to taking one dosage unit of Amoxicillin.

4. At hearing, Ms. Greeley testified that she did not remember any specific facts regarding the incident involving Patient MSG. She testified that generally she counsels all new prescriptions, which Patient MSG's prescription was, and that she always reviews with the patient the name of the medication, what it is used for, how to take it, and possible side effects.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Greeley is a pharmacist licensed by the Board and Walgreens #05862 is a pharmacy licensed by the Board.

2. In dispensing a prescription to Patient MSG for Amoxicillin where Walgreens #05862's computer system contained Patient MSG's allergy to penicillin and in counseling inadequately regarding the allergy, Ms. Greeley violated NRS 639.210(4) and NAC 639.707(4)(d)(3) and 639.945(1)(i).

3. In owning and operating the pharmacy in which Ms. Greeley's violations occurred, Walgreens #05862 violated NRS 639.210(4) and NAC 639.945(1)(i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Ms. Greeley shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Ms. Greeley shall pay one-half of the Board's costs and attorney's fees of $270.00 and the Board's administrative fee of $250.00, for a total of $260.00 ($270.00 + $250.00 / 2 = $260.00) by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Walgreens #05862 shall pay a fine of $250.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

4. Walgreens #05862 shall pay one-half of the Board's costs and attorney's fees of $270.00 and the Board's administrative fee of $250.00, for a total of $260.00 ($270.00 + $250.00 / 2 = $260.00) by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

5. The failure by Ms. Greeley to comply with any term in this order shall result in the immediate suspension of her license and will also result in further discipline, up to and including revocation of the her license. The failure by Walgreens #05862 to comply with any term in this order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Eliry A. Greeley is a pharmacist licensed by the Board and Walgreens #05862 (Walgreens #05862) is a pharmacy licensed by the Board, located at 401 North Arroyo Grande, Henderson, Nevada.

II.

On or about August 11, 2005 Patient MSG visited her physician, Dr. DeBelen. Dr. DeBelen telephoned a prescription for Amoxicillin 500 mg. tablets for Patient MSG to Walgreens #05862 to be filled. Ms. Greeley filled and verified the prescription for Amoxicillin 500 mg. Though Patient MSG's penicillin allergy was contained in Walgreens

#05862's computer system, Ms. Greeley failed to notice or act upon Patient MSG's penicillin allergy.

III.

Patient MSG's boyfriend picked up the prescription on August 11, 2005 and took it to Patient MSG's house where she began her medication therapy. Patient MSG ingested one capsule and broke out in a rash. Patient MSG contacted her doctor the afternoon of Thursday, August 11, 2005, and Dr. DeBelen told Patient MSG to come to his office the following Monday. Patient MSG's rash became worse and she went to the emergency room at St. Rose where it was determined that she had been given Amoxicillin even though she had an allergy to penicillin. Patient MSG attributes her rash to taking one dosage unit of Amoxicillin.

IV.

Ms. Greeley admits that she filled Patient MSG's prescription, however she does not recall seeing an allergy warning on her computer. Ms. Greeley stated that she would have called the prescribing physician had she seen the warning for confirmation and clarification.

V.

Ms. Greeley does not specifically remember counseling Patient MSG's boyfriend, however the counseling log indicates that she did counsel because her initials are on the counseling log. Ms. Greeley stated that during counseling on a new prescription she always reviews the name of the medication, what it is used for, how to take the medication, and possible side effects. Patient MSG's boyfriend does not recall being counseled.

FIRST CAUSE OF ACTION

VI.

In dispensing a prescription to Patient MSG for amoxicillin where Walgreens #05862's computer system contained Patient MSG's allergy to penicillin and in counseling inadequately, Ms. Greeley violated NRS 639.210(4) and NAC 639.707(4)(d)(3) and 639.945(1)(i).

SECOND CAUSE OF ACTION

VII.

In owning and operating the pharmacy in which Ms. Greeley's violation occurred, Walgreens #05862 violated NRS 639.210(4) and NAC 639.945(1)(i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

COMES NOW Keith W. Macdonald, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Geoffrey S. Sheinin is a pharmacist licensed by the Board and Walgreens #05862 is a pharmacy licensed by the Board, located at 401 North Arroyo Grande, Henderson, Nevada.

II.

Patient H was being treated for glaucoma by her physician and had been taking methazolamide 50 mg. tablets. Patient H had her prescription for methazolamide tablets filled on or about June 25, 2003. Patient H received the medication from Walgreens #05862 and mentioned to her husband that they looked different and he told her that medications change all the time. Patient H ingested 19 or 20 tablets and

noticed that her eyes were irritated and had begun burning and tearing.

III.

Patient H contacted Walgreens #05862 and was asked to describe the tablets she had been taking. At that time it was discovered that Patient H had been dispensed methimazole 5 mg. tablets that were for the treatment of a thyroid condition. It was also determined that Mr. Sheinin was the pharmacist that filled the prescription. Fortunately, Patient H suffered no harm beyond her discomfort previously described.

FIRST CAUSE OF ACTION

IV.

In failing to follow the order of Patient H's physician, namely by filling Patient H's prescription with methimazole 50 mg. tablets rather than mathazolamide 50 mg. tablets that had been ordered, Mr. Sheinin violated NRS 639.210(4) and NAC 639.945(1)(d) and (i).

SECOND CAUSE OF ACTION

V.

In owning and operating the pharmacy in which Mr. Sheinin's violation occurred and from which Patient H's prescription was dispensed incorrectly, Walgreens #05862 violated NRS 639.210(4) and NAC 639.945(1)(d) and (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Case No. 06-020-RPH-S

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on October 25, 2006, in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board, and Respondents Trac T. Nguyen and Walgreens #05862 were represented by Rob Graham of Rob Graham & Associates. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties agreed that the facts as plead in the Notice of Intended Action and Accusation were true and correct. Consequently, Board Staff presented no evidence or testimony. Mr. Nguyen appeared and testified on his behalf. Based upon the presentation of Board Staff, the Board finds the following to be the facts of this matter.

2. On March 27, 2006, James M. took a prescription for HalfLytely to Walgreens #5862 to be filled. Mr. Nguyen called "James" to the counter when Mr. Nguyen believed the prescription to be filled. Mr. M went to the counter, purchased the prescription, and went home. Approximately five hours later, Mr. M. decided to begin

taking the medication he had been provided by Mr. Nguyen and Walgreens #05862. When Mr. M. examined the prescription, he discovered that it was for a drug called NuLYTELY and that the patient's name on the prescription was James H., not James M.

3. Mr. M. telephoned Walgreens #05862 and advised the pharmacy of the mistake. Mr. M. traveled back to the pharmacy and obtained the correct prescription and returned Mr. H.'s prescription. Mr. M. was told that the pharmacy had tried to reach him to advise him of the mistake, but the attempted contact was by means of paging him on the store intercom to return to the pharmacy after Mr. M. had already left.

4. At hearing, Mr. Nguyen explained that he had discovered the error approximately an hour after Mr. M. had picked up Mr. H.'s prescription when Mr. H. called to check on his prescription and Mr. Nguyen discovered that Mr. H.'s prescription had already been sold. Because Mr. Nguyen could not locate the pertinent information regarding Mr. M., he could not call him to inform him of the error, so he did all he could, which was to page Mr. M. in the hope that Mr. M. had not yet left the store.

5. Mr. Nguyen admitted that when he dispensed Mr. H.'s prescription to Mr. M., he did not ask Mr. M. for his last name. Mr. Nguyen explained to the Board that he has changed his practice at time of counseling so that he now always ascertains the patients full name when he commences counseling. Mr. Nguyen also stated that he would accept the Board's recommendations that he also get a birth date or address from the patient as an additional check to assure that he was providing the proper prescription to the proper patient.

6. At hearing, Mr. Nguyen admitted that he had failed to notify the Board when he had moved to Nevada to begin working as a pharmacist. He explained that he has now properly notified the Board of his present address in Nevada.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter because Mr. Nguyen is a pharmacist licensed by the Board and because Walgreens #05862 is a pharmacy licensed by the Board.

2. In dispensing Mr. H.'s prescription to Mr. M. so that Mr. M. received a drug not prescribed for him, Mr. Nguyen violated NRS 639.210(4) and NAC 639.945(1)(i).

3. In failing to adequately counsel Mr. M. regarding his new prescription by failing to ascertain Mr. M.'s identity and thereby dispensing to Mr. M. a prescription for another patient with the same first name of James, Mr. Nguyen violated NRS 639.210(4) and NAC 639.707(1) and 639.945(1)(i).

4. In failing to notify the Board's office of his change of address when he moved and began working in Nevada, Mr. Nguyen violated NRS 639.210(4) and NAC 639.225 and 639.945(1)(i).

5. In owning and operating the pharmacy in which Mr. Nguyen's violations occurred, Walgreens #05862 violated NRS 639.210(4) and NAC 639.945(1)(i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Mr. Nguyen shall pay a fine of $500.00 by certified or cashier's check or money order made payable to "State of Nevada, Office of Treasurer" to be received by the Board's Reno office within 60 days from the effective date of this Order.

2. Mr. Nguyen shall pay the Board's administrative fee of $295.00 by certified or cashier's check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 60 days of the effective date of this Order.

3. Mr. Nguyen shall obtain one hour of continuing education in Nevada jurisprudence within 60 days of the effective date of this Order. The additional hour of continuing education in Nevada jurisprudence shall be in addition to and may not be

counted towards the mandatory continuing education hours needed by Mr. Nguyen to renew his license in 2007.

4. Walgreens #05862 shall be on probation for a period of two years from the effective date of this Order. During the period of probation, Walgreens #05862 shall comply with all laws related to the practice and operation of a pharmacy, whether state or federal and whether statutory or regulatory.

5. The failure by Mr. Nguyen to comply with any term in this order shall result in the immediate suspension of his license and will also result in further discipline, up to and including revocation of the license. The failure by Walgreens #05862 to comply with any term in this order shall result in a fine of $1,000 per day for every day that Walgreens #05862 has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **WALGREENS PHARMACY #06424, Pharmacy License No. PH01628, and** **SANETTE SEVERANCE, RPH, Certificate of Registration No. 20772,** **Respondents.**	**Case Nos. 23-310-PH-S** **23-310-RPH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Pharmacist Sanette Severance (RPH Severance) because RPH Severance is registered by the Board to practice pharmacy in Nevada. RPH Severance has held Certificate of Registration No. 20772 since January 20, 2021. RPH Severance has not previously been disciplined by the Board.

2. The Board has personal jurisdiction over Walgreens Pharmacy #06424 (Walgreens), because Walgreens holds Pharmacy License No. PH01628, issued by the Board pursuant to NRS 639.230. Walgreens has held Pharmacy License No. PH01628 since August 21, 2001. On March 12, 2024, the Board issued a citation to Walgreens concerning a dispensing error committed by a pharmacist other than RPH Severance. Walgreens paid the applicable $500 fine.

3. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of dangerous drugs and the regulation of the practice of pharmacy. NRS 639.070.

FACTUAL ALLEGATIONS

4. Walgreens operates a pharmacy on West Horizon Ridge Parkway in Henderson, Nevada. In August 2023, Walgreens employed RPH Severance as a staff pharmacist at that pharmacy location.

5. On or about August 8, 2023, patient G.J. arrived at the pharmacy before his prescription was ready for pick-up. RPH Severance filled the prescription for patient G.J. while he waited.

6. Patient G.J.'s health care provider had prescribed cough syrup with codeine, specifically codeine-guaifenesin. This was a new prescription for patient G.J., such that it required patient G.J. to be counseled by a pharmacist before the sale.

7. As she began to fill the prescription, RPH Severance noted that the prescription called for 560ml of cough syrup. This was too large of a quantity to be dispensed in a single store bottle.

8. To save time while patient G.J waited for his prescription, RPH Severance dispensed a portion of the codeine syrup in the manufacturer's stock bottle and poured the balance of the prescription into a store bottle.

9. RPH Severance affixed a label with instructions to each of the bottles. The stock bottle was also labeled with the manufacturer's instructions for use. The two bottles were enclosed in a bag before being delivered to patient G.J.

10. Before delivering the bag to patient G.J., RPH Severance asked patient G.J. whether he had any questions about his new prescription. Patient G.J. stated that he had no questions, and he left the pharmacy with the bag containing two bottles of codeine cough syrup.

11. Aside from asking whether patient G.J. had any questions, RPH Severance communicated no information to patient G.J. concerning his prescription for codeine-guaifenesin, its use, possible side effects, drug interactions, or contraindications.

12. After patient G.J. left the pharmacy, RPH Severance made an entry in pharmacy records indicating that she had counseled patient G.J. concerning his prescription for codeine-guaifenesin.

13. When, at home, patient G.J. opened his prescription bag and discovered two bottles of medication, he mistakenly concluded that he had received two different kinds of medication. Patient G.J. found it confusing that one of the bottles was labeled with two sets of instructions.

14. Concerned by an apparent lack of professionalism by Walgreens and/or RPH Severance, patient G.J.'s spouse made a complaint to the Board.

APPLICABLE LAW

15. The Board may discipline the holder of a license or registration issued by the Board if the holder engages in unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

16. Unprofessional conduct includes performing one's duties as the holder of a certificate or registration issued by the Board in an "incompetent, unskillful or negligent manner." NAC 639.945(1)(i).

17. A pharmacist is required to communicate with the patient or a person caring for the patient all matters that will enhance therapy through drugs. NRS 639.266(1). The communication must include appropriate elements of counseling for the patient, as established by the Board. NRS 639.266(1).

18. A pharmacist has a duty to counsel patients and supply all information required by the Board pursuant to NAC 639.707. The information may include, among other things, the name and a description of the drug, the form of dosage, dose, route of administration and duration of drug therapy, the intended use of the drug or device and expected responses from that use, and any common severe side effects, interactions and contraindications that may occur, and recommendations to avoid these side effects, interactions or contraindications, and the action required if they occur. *Id.*

19. A pharmacist has a duty to keep accurate records of whether counseling was given to or refused by a patient. *See* NAC 639.707(6).

20. The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of its employees. NRS 639.230(5), NAC 639.702 and NAC 639.945(3).

COUNT ONE
Failure by Pharmacist to Counsel
(RPH Severance and Walgreens)

21. Although RPH Severance asked patient G.J. if he had any questions about his medication, RPH Severance failed to communicate matters which would enhance therapy through drugs. Nevada law requires a pharmacist to affirmatively counsel a patient by communicating all matters which will enhance therapy through drugs. Nevada law explicitly lists many of the subjects that a pharmacist should address when counseling a patient. *See* NRS 639.266(1) and NAC 639.707(2). RPH Severance did not discuss a single relevant topic with patient G.J.

22. Having neglected to counsel patient G.J. in a manner that enhances drug therapy, RPH Severance performed her duties in an incompetent, unskillful or negligent manner. This constitutes unprofessional conduct for which RPH Severance may be disciplined. NRS 639.210(4); NAC 639.945(1)(i).

23. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Walgreens is responsible for those violations, including all errors and omissions of RPH Severance. NRS 639.230(5), NAC 639.702, and NAC 639.945(2).

\\\

\\\

\\\

\\\

COUNT TWO

Failure to Make an Accurate Record of Counseling
(RPH Severance and Walgreens)

24. RPH Severance made an entry in pharmacy records indicating that patient G.J. had been counseled even though she did not properly counsel him. Counseling records should only indicate that a patient has been counseled if the patient was counseled properly. *See* NAC 639.707(6). In this case, patient G.J. was not properly counseled.

25. Having made a false, misleading, or incomplete record of counseling, RPH Severance performed her duties in an incompetent, unskillful or negligent manner. This constitutes unprofessional conduct for which RPH Severance may be disciplined. NRS 639.210(4); NAC 639.945(1)(i).

26. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Walgreens is responsible for those violations, including all errors and omissions of RPH Severance. NRS 639.230(5), NAC 639.702, and NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent Sanette Severance and the pharmacy license of Respondent Walgreens Pharmacy #06424.

DATED this 24th day of JULY 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

POORVA M. PARIKH, R.Ph.,
Certificate of Registration #13182,

Case No. 05-037-RPH-S

WALGREENS #06545,
Certificate of Registration #PH01627,

Case No. 05-037-PH-S

WALGREEN CO.,
An Illinois Corporation,

Case No. 05-037-PH-S

Respondents.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on January 11, 2006 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert C. Graham. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties agreed that Respondents would not contest the facts as plead in the Notice of Intended Action and Accusation. Because of the agreement of the parties, Board Staff presented no testimony or evidence. Respondents presented the testimony of Ms. Parikh and Matt Forster. Based upon the presentations of the parties, the Board finds the following to be the facts of this matter.

2. On May 17, 2005, Patient O had her prescription for hydromorphone 2 mg./ml. injectable, 20 ml. qty. #32 vials filled at Walgreens #6545. Ms. Parikh filled the prescription. Patient O picked up the prescription and took it home. When Patient O arrived home, she received a telephone call from Ms. Parikh advising Patient O that Ms. Parikh had mislabeled her prescription with the wrong directions for use. Ms. Parikh indicated to Patient O that Patient O's physician had written the wrong directions for use on the prescription. Patient O examined the prescription she had received from Walgreens #6545 and discovered that the directions for use on the label were, "Use 2-6 vials every 2-4 hours as needed as directed."

3. Patient O was a nurse and was, therefore, medically knowledgeable, so she did not inject any of the hydromorphone according to the incorrect directions for use.

4. At hearing, Ms. Parikh explained that she bypassed a high dosage warning that was created by Walgreens #6545's computer system. Ms. Parikh offered as an explanation for bypassing the warning that Patient O had been taking hydromorphone for some time and that she believed that such a high dose (2-6 vials), even though very high, might be correct.

5. At hearing, Ms. Parikh testified that she spoke with Patient O for 30-40 minutes when Patient O picked up the hyrdromorphone prescription at issue. Though the records maintained by Walgreens #6545 showed that Ms. Parikh generally kept good records regarding her counseling of patients, in this matter of Patient O's hydromorphone prescription Ms. Parikh made no record of having counseled Patient O. Mr. Forster testified that new technological advances in Walgreens' computer systems would have required and captured all counseling transactions, including the transaction

with Patient O, so that in the near future a failure to counsel as occurred in this matter would not occur again.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Parikh is a pharmacist licensed by the Board and Walgreens #06545 is a pharmacy licensed by the Board.

2. By filling and dispensing Patient O's prescription for hydromorphone injectable with incorrect directions for use, Ms. Parikh violated NRS 649.210(4) and NAC 639.945(1)(d) and (i).

3. In failing to make or provide any record regarding the prescription for Patient O in the pharmacy's counseling log, Ms. Parikh violated NRS 639.210(4) and NAC 639.707(6) and 639.945(1)(i).

4. In failing to have any record regarding the prescription for Patient O in the pharmacy's counseling log, Walgreens #6545 violated NRS 639.210(4) and NAC 639.707(6) and 639.945(1)(i) and (2).

5. In owning and operating pharmacies that are repeatedly negligent as evidenced by the Board's orders in Case Nos. 04-006-S, 04-029-S, and 05-020-S by repeatedly failing to document patient counseling, Walgreens Co. violated NRS 639.210(4) and (16) and 639.266(1) and NAC 639.707 and 639.945(1)(i) and (2).

6. The Fourth Cause of Action is dismissed.

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Ms. Parikh shall receive a letter of admonition.

2. Walgreens #06545 shall pay the Board's costs and attorney's fees of $360.00 and the Board's administrative fee of $250.00, for a total of $610.00 by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. The Fourth Cause of Action is dismissed.

4. The failure by Walgreens #06545 to comply with any term in this order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

NOTICE OF INTENDED ACTION AND ACCUSATION

Case No. 05-037-RPH-S

Case No. 05-037-PH-S

Case No. 05-037-PH-S

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Poorva M. Parikh is a pharmacist licensed by the Board, Walgreens #06545 is a pharmacy licensed by the Board, located at 11001 South Eastern Avenue, Henderson, Nevada.

II.

On or about May 17, 2005, Patient O had her prescription for hydromorphone 2 mg./ml. injectable, 20 ml. qty. #32 vials from filled at Walgreens #6545. Walgreens #6545 and Ms. Parikh filled the prescription, and Patient O picked up her prescription

and took it home. When she arrived home, Patient O received a telephone call from Ms. Parikh advising Patient O that she had mislabeled her prescription with the wrong directions for use. Ms. Parikh indicated to Patient O that Patient O's physician had written the wrong directions for use on the prescription. Patient O examined the medication she had been given at Walgreens #6545 and discovered the directions for use on the label was "Use 2-6 vials every 2-4 hours as needed as directed."

III.

Patient O contacted Mike Eastman, the physician's assistant who had written the prescription and advised him that the prescription she had received for her Dilaudid injectable was written with incorrect directions. PA Eastman obtained a copy of the prescription from Walgreens #6545 and found the directions for use were written correctly. PA Eastman told the pharmacist he spoke with at Walgreens #6545 that had Patient O followed the directions on the prescription label by injecting 2-6 vials rather than mls., Patient O could have been severely harmed or that a dosage that high could possibly have caused death. It was determined that Ms. Parikh had not followed the directions of the physician's assistant and had mislabeled Patient O's prescription.

IV.

Ms. Parikh admitted in a written statement that she bypassed a high dosage warning so she could complete the processing of the prescription. Ms. Parikh also stated that she had spoken with Patient O for approximately 30 to 40 minutes regarding her health, her prescription use, her weight gain issues, and had even reviewed her patient profile to discuss her medication usage. It was found during the investigation of

this matter that Ms. Parikh had failed to enter the prescription for Patient O on the counseling log.

FIRST CAUSE OF ACTION

V.

By filling and dispensing Patient O's prescription for Dilaudid injectable with incorrect directions for use, Respondent Parikh violated NRS 639.210(4) and NAC 639.945(1)(d) and (i).

SECOND CAUSE OF ACTION

VI.

In failing to make or provide any record regarding the prescription for Patient O in the pharmacy's counseling log, Respondent Parikh violated NRS 639.210(4) and NAC 639.707(6) and 639.945(1)(i).

THIRD CAUSE OF ACTION

VII.

In failing to have any record regarding the prescription for Patient O in the pharmacy's counseling log, Walgreens #6545 violated NRS 639.210(4) and NAC 639.707(6) and 639.945(1)(i) and (2).

FOURTH CAUSE OF ACTION

VIII.

On July 21, 2004, Board President Larry L. Pinson accepted and signed a stipulated agreement that was offered and accepted by Walgreens #4755 (*Nevada State Board of Pharmacy v. Walgreens #4755*, Case No. 04-006-S). Walgreens #4755 was charged in case number 04-006-PH-S with failing to counsel on a new prescription

for Mexiletine and failing to have any record regarding the prescription in the pharmacy's counseling log.

X.

On February 3, 2005, the Board entered Findings of Fact, Conclusions of Law, and Order in a case entitled *Nevada State Board of Pharmacy v. Walgreens #03845 and Walgreen Co.* (Case No. 04-029-PH-S). The facts of that case were that Ms. Griego lacerated her index finger while working. Ms. Griego was directed to Walgreens #03845 to handle her industrial accident prescription needs. Ms. Griego was allergic to penicillin. The physician's assistant that treated her for her cut finger wrote a prescription for a product written as "Amox." Walgreen's #03845 did not take any information from Ms. Griego nor was she asked if she had allergies. The prescription was filled and dispensed at the drive-up window and Ms. Griego did not receive any counseling from a pharmacist, nor was there any record or entry on Walgreens #03845's counseling log regarding Ms. Griego's prescription. The Board found that Walgreens #03845 had failed to counsel the patient and had failed to document the counseling. The Board placed Walgreens #03845 on probation for a period of one year while Walgreens studied how to improve its counseling at its Nevada pharmacies.

XI.

On August 18, 2005, the Board entered Findings of Fact, Conclusions of Law, and Order in a case entitled *Nevada State Board of Pharmacy v. Walgreens #03845 and Walgreen Co.* (Case No. 05-020-PH-S). Ms. Mensah appeared at hearing and described the spontaneous fainting episodes she experienced after receiving a prescription for Diltiazem HCL 90 mg. tablets that was not prescribed for her. She

ingested Diltiazem HCL 90 mg. tablets for approximately two months before it was discovered that she had been taking this medication in error. The prescription was filled and dispensed to Ms. Mensah at Walgreens #03845. The Board found that Walgreens #03845 had failed to counsel Ms. Mensah and had failed to document the counseling.

XII.

In being repeatedly negligent as evidenced by the Board's Orders in Case No. 04-006-S, Case No. 04-029-PH-S and Case No. 05-020-PH-S by failing to provide counseling and to document counseling, Walgreens #6545 violated NRS 639.210(4) and (16) and 639.266(1) and NAC 639.707 and 639.945(1)(i) and (2).

FIFTH CAUSE OF ACTION

XIII.

In owning pharmacies that are repeatedly negligent as evidenced by the Board's Orders in Case No. 04-006-S, Case No. 04-029-PH-S and Case No. 05-020-PH-S by failing to document patient counseling, Walgreens Co. violated NRS 639.210(4) and (16) and 639.266(1) and NAC 639.707 and 639.945(1)(i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Signed this 14th day of October, 2005.

Respondents.	/	

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3), and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these respondents because at the time of the alleged events, Respondent Nancy Quach (Ms. Quach) was a pharmacist licensed by the Board, and Respondent Walgreens Pharmacy #06615 (Walgreens) was a pharmacy licensed by the Board.

II.

This Case involves two prescriptions, both for seventy-three-year-old patient J.H. J.H.'s physician, Beth Goldman, M.D. (Dr. Goldman), filed a complaint with the Board on behalf of J.H. In the complaint, Dr. Goldman alleged that Walgreens filled and dispensed two (2) prescriptions for J.H. with the wrong medication within a six month period.

1. **PRESCRIPTION NO. 580970 – OXYCODONE-ACETAMINOPHEN 7.5-325 MG. TABLETS**

III.

On July 29, 2014, J.H. saw Dr. Goldman, who prescribed a quantity of ninety (90) oxycodone acetaminophen 7.5-325 mg. oral tablets with instructions to take one tablet twice to three times daily.

IV.

Walgreens accepted the prescription and dispensed J.H.'s medication later that day.

V.

On August 27, 2014, J.H. returned to Walgreens to pick up a subsequent prescription for oxycodone-acetaminophen 7.5-325 mg. tablets. At that time, pharmacy staff discovered that Walgreens filled and dispensed J.H.'s July 29, 2014 prescription incorrectly. Rather than dispensing the oxycodone-acetaminophen 7.5-325 mg. tablets J.H.'s doctor prescribed, it dispensed oxycodone-acetaminophen 10-325 mg. tablets.

VI.

J.H. ingested ninety (90) of the erred medication with no reported adverse effects.

VII.

Pharmacist Ms. Quach performed the data entry of prescription number 580970. During data entry, Ms. Quach inadvertently selected oxycodone-acetaminophen 10-325 mg. tablets, rather than the oxycodone-acetaminophen 7.5-325 mg. tablets as prescribed.

VIII.

Ms. Quach performed data entry verification by reviewing the pharmacy computer screens to validate patient, prescriber and drug/product information at 09:10:53 a.m.

IX.

During data input, five Drug Utilization Review (DUR) warnings appeared on the computer screen. Two DUR warnings related to the patient's insurance plan. The other three DUR warnings identified potential drug related problems, including; caution in elderly use, therapeutic duplication

and drugs that interact or are affected by previously dispensed medications. Those warnings were indicated as follows:

- DUR Type: DRUG/HLTH COND
  DUR Description: ELDERLY INDICATES USING CAUTION WITH OXYCODONE/ ACETAMINOPHEN 10-325MG TB

- DUR Type: DUPLICATE THERAPY
  DUR Description: SIGNIFICANCE: ABUSE/DEPENDENCY POTENTIAL
  DUPLICATION ALLOWANCE: 0
  OXYCODONE/ACETAMINOPHEN 10-325MG TB AND OXYCODONE/ ACETAMINOPHEN 7.5-325MG TB ARE MEMBERS OF THE SHORT ACTING NARCOTIC ANALGESICS CLASS AND MAY REPRESENT DUPLICATE THERAPY

- DUR Type: DRUG DOSAGE CONDITION ENCOUNTERED
  DUR Description: 181 DAYS OF OXYCODONE/ACETAMINOPHEN 10-325MG TB AND PREVIOUS PRESCRIPTIONS FOR THIS GENERIC ENTITY(IES) MAY EXCEED THE RECOMMENDED GERIATRIC DURATION: 1-30 DAYS

X.

Per Walgreens' records, Ms. Quach overrode all five DUR warnings at 09:10:54 a.m., one second after performing data verification. During the investigation, Jaclyn Latteri, Walgreens District Pharmacy Supervisor, explained to the Board Investigator that the pharmacist has the option of overriding each DUR warning individually or to override multiple DUR warnings simultaneously.

XI.

Ms. Quach failed to detect the error in the strength of the oxycodone-acetaminophen tablets throughout the data entry and data verification process.

XII.

Ms. Quach was the verifying and dispensing pharmacist for J.H.'s prescription. Ms. Quach failed to detect the error when verifying the final product.

XIII.

Ms. Quach explained to the Board Investigator that when she performs the final product review, she does not always view the scanned image of the hard-copy of the prescription. That process is performed at data entry. Ms. Quach indicated that at the final verification, she validates the color, shape and makings on the drug against the image of the drug on the computer screen.

XIV.

Prescription No. 580970 was a new prescription. Pharmacy records indicate that counseling was declined as J.H. had received the same medication in the past.

2. PRESCRIPTION NO. 603948 – OXYCODONE-ACETAMINOPHEN 7.5-325 MG. TABLETS

XV.

On December 22, 2014, J.H. again saw Dr. Goldman, who prescribed a quantity of ninety (90) oxycodone-acetaminophen 7.5-325 mg. oral tablets, with instructions to take one tablet twice to three times daily.

XVI.

Walgreens accepted the prescription and dispensed the medication the same day.

XVII.

After ingesting eighteen (18) doses of the dispensed medication, J.H. contacted Dr. Goldman indicating that the medication was not working. During that call, J.H. identified the medication dispensed by Walgreens as hydrocodone-acetaminophen 7.5-325 mg. tablets, rather than the oxycodone-acetaminophen 7.5-325 mg. tablets the doctor prescribed.

XVIII.

Pharmaceutical technician Lena Roybal (Ms. Roybal) performed the data entry of prescription number 603948. During data entry, Ms. Roybal inadvertently selected hydrocodone-acetaminophen 7.5-325 mg. tablets.

XIX.

Ms. Quach performed data entry verification by reviewing three pharmacy computer screens to validate patient, prescriber and drug/product information. Ms. Quach failed to identify the error during data entry verification.

XX.

Pharmacy records indicate that Ms. Quach did not sufficiently review the screens as the documented time of review for each individual screen was 02:59:47 p.m. There was no time lapse between the screens reviewed. During data input, a DUR alert displayed on the computer screen as

follows: DUR Type: DRUG/HLTH COND
DUR Description: ELDERLY INDICATES USING CAUTION WITH HYDRODCODONE/ACETAMINOPHEN 7.5-325 T

XXI.

According to pharmacy records, Ms. Quach entered an override for the DUR warnings at 02:59:48 p.m., a one second time lapse between data entry verification and the DUR override.

XXII.

Ms. Quach was the pharmacist who filled, verified and dispensed J.H.'s prescription. She failed to detect the error during the entire filling and verification process.

XXIII.

Ms. Quach stated during the investigation that she recalls focusing on the strength of the medication (7.5-325 mg.) because of the past error that she made on a prescription for the same patient. In doing so, she glanced at the drug name on the prescription and saw "acetaminophen" and thought she was dispensing the correct medication.

XXIV.

During the final product review, Ms. Quach does not always view the scanned image of the hard-copy of the prescription.

XXV.

Prescription number 603948 was a new prescription. Pharmacy records indicate that counseling was declined, as J.H. had received the same medication previously.

FIRST CAUSE OF ACTION
(Prescription No. 580970 – Oxycodone-Acetaminophen 7.5-325 Mg. Tablets)

XXVI.

In failing to strictly follow the instructions of J.H.'s physician by verifying and dispensing oxycodone-acetaminophen 10-325 mg. tablets, rather than the oxycodone-acetaminophen 7.5-325 mg. tablets that were prescribed, Ms. Quach violated Nevada Administrative Code (NAC) 639.945(1)(d) and/or (i), which violations are grounds for action pursuant to NRS 639.210(4), (11), and/or (12), and NRS 639.255.

SECOND CAUSE OF ACTION
(Prescription No. 603948 – Oxycodone-Acetaminophen 7.5-325 mg. Tablets)

XXVII.

In failing to strictly follow the instructions of J.H.'s physician by verifying and dispensing hydrocodone-acetaminophen 7.5-325 mg. tablets, rather than the oxycodone-acetaminophen 7.5-325 mg. tablets Dr. Goldman prescribed, Ms. Quach violated NAC 639.945(1)(d) and/or (i), which violations are grounds for action pursuant to NRS 639.210(4), (11), and/or (12), and NRS 639.255.

THIRD CAUSE OF ACTION
(Prescription Nos. 580970 and 603948 – Oxycodone-Acetaminophen 7.5-325 Mg. Tablets)

B. Respondent shall pay the sum of **Five Hundred and 00/100 Dollars ($500.00)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. 9. This Stipulation constitutes a full and final resolution of the Accusation in Case No. 24-083-RPH-A-S. Failure by Respondent to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent

to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in the finding of a violation by Respondent, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapter 639.

10. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 5, 2025, in Las Vegas, Nevada. 12. If the Board rejects any part or all of this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

13. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have been asserted by the Board on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over Respondent Walgreens Pharmacy #7032 (Walgreens) because the Board has licensed Walgreens to operate a pharmacy at 2541 Hampton Road in Henderson, Nevada.

2. The Board has jurisdiction over Respondent Jennifer Englehaupt (RPH Englehaupt) because the Board has registered RPH Englehaupt to practice pharmacy in Nevada.

3. The Board has jurisdiction over Respondent Cathy Quach (RPH Quach) because the Board has registered RPH Quach to practice pharmacy in Nevada.

FACTUAL ALLEGATIONS

4. Walgreens owns and operates a pharmacy at 2541 Hampton Road in Henderson, Nevada. Walgreens is the holder of Pharmacy License No. PH01747, originally issued by the Board in 2002.

5. RPH Englehaupt is the holder of Certificate of Registration No. 15287, originally issued by the Board in 2001.

6. RPH Quach is the holder of Certificate of Registration No. 16344, originally issued by the Board in 2004.

7. In 2023 and 2024, Walgreens employed RPH Englehaupt and RPH Quach at its pharmacy on Hampton Road in Henderson, Nevada.

8. In November 2023, Walgreens sold patient P.L. a prescription for amlodipine besylate, written by P.L.'s practitioner for 5mg tablets. The pharmacist on duty correctly filled the prescription according to the prescribing practitioner's instructions.

9. On or about January 31, 2024, patient P.L. returned to Walgreens to purchase a refill of the prescription for amlodipine besylate tablets. Pharmacy technician Daniel W. Walters, Jr. (PT Walters), mistakenly refilled the prescription with 10mg tablets instead of 5mg tablets.

10. PT Walters refilled patient P.L.'s prescription with tablets poured from a bottle containing 10mg tablets that had been returned to stock. PT Walters poured the tablets into an amber vial bearing a label indicating that the vial contained patient P.L.'s prescription for 5mg tablets.

11. On or about January 31, 2024, RPH Quach verified patient P.L.'s refilled prescription for amlodipine besylate tablets. RPH Quach failed to notice that the amber vial contained 10mg tablets instead of 5mg tablets as indicated on the label.

12. Having verified patient P.L.'s prescription, RPH Quach caused 10mg tablets to be dispensed to patient P.L. in contravention of the prescribing practitioner's instructions for patient P.L. to take 5mg tablets.

13. Having verified patient P.L.'s prescription, RPH Quach caused patient P.L.'s prescription for amlodipine besylate to be dispensed in a container with an incorrect label.

14. Patient P.L. purchased the tablets from Walgreens and took one tablet per day, as instructed by her prescribing practitioner, for 35 days until she discovered that the dose was too high.

15. With assistance from her practitioner, patient P.L. discovered that she had received an incorrect dose only after she had suffered from joint pain, fatigue, shortness of breath, hypertension, and pitting edema in both legs.

16. After receiving a complaint from patient P.L., Board Investigator Dena McClish investigated the incident as detailed above. During the investigation, Investigator McClish discovered that PT Walters had not signed the pharmacy logbook on January 31, 2024.

17. In an effort to reconcile the logbook discrepancy noted above, Investigator McClish requested payroll records for the pharmacy technicians who were on duty on January 31, 2024.

18. Walgreens' payroll records for January 31, 2024, revealed that seven technicians, including PT Walter and one technician in training, had worked at the pharmacy on that day.

19. The pharmacy logbook, by contrast, showed that only three pharmacy technicians had worked at the pharmacy on January 31, 2024. The other four technicians on duty on January 31, 2024, did not sign into the pharmacy logbook.

20. When questioned about the logbook discrepancy, PT Walters stated that he was unaware of any requirement to sign into the pharmacy logbook. On information and belief, other technicians were also unaware of any requirement to sign into the pharmacy logbook.

21. In January 2024, RPH Englehaupt was employed as Walgreens' managing pharmacist. As the managing pharmacist, RPH Englehaupt had a duty to maintain a written record showing the pharmacists, pharmaceutical technicians and pharmaceutical technicians in training on duty during the hours of business. *See* NRS 639.220; NAC 639.245.

APPLICABLE LAW

22. The Board may discipline the holder of a license or registration issued by the Board if the holder engages in unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

23. A pharmacist's conduct is deemed unprofessional if the pharmacist fails to strictly follow the instructions of the person writing, making, or ordering a prescription as to its filling or refilling. NAC 639.945(1)(d). Additionally, a pharmacist's conduct is deemed unprofessional if the pharmacist performs his or her duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

24. "[E]ach pharmacy must be managed by a registered pharmacist, approved by the Board, who is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy." NRS 639.220.

25. If a pharmaceutical technician performs one or more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the filled prescription, including, but not limited to verifying the selection and strength of the drug, the dosage form, and the labeling of the prescription. NAC 639.252.

26. A managing pharmacist is responsible for training pharmaceutical technicians to ensure their continuing competence. NAC 639.254.

27. A pharmacy must maintain a written record showing the pharmacists, pharmaceutical technicians and pharmaceutical technicians in training on duty during the hours of business. NAC 639.245. The record must be readily retrievable and retained for 2 years. *Id.*

28. "The owner of a pharmacy, the managing pharmacist of the pharmacy and the registered pharmacist on duty at the pharmacy are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission." NAC 639.702.

29. The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of its employees. NRS 639.230(5), NAC 639.702 and NAC 639.945(3).

COUNT ONE

Failure by Pharmacist to Follow Practitioner's Instructions
(RPH Quach and Walgreens)

30. On or about January 31, 2024, as alleged above, RPH Quach verified patient P.L.'s refilled prescription for amlodipine besylate tablets. RPH Quach failed to notice that the amber vial contained 10mg tablets instead of 5mg tablets as indicated on the label.

31. As the pharmacist who verified patient P.L.'s refilled prescription for amlodipine besylate tablets, RPH Quach was responsible for the acts and/or omissions of PT Walters.

32. RPH Quach knew or should have known that PT Walters incorrectly prepared the refill with 10mg tablets instead of 5mg tablets.

33. RPH Quach caused the incorrect dose to be dispensed to patient P.L. in contravention of the prescribing practitioner's instructions.

34. RPH Quach caused patient P.L.'s prescription to be dispensed to patient P.L. in an incorrectly labeled container.

35. By causing the incorrect dose to be dispensed to patient P.L. in contravention of the prescribing practitioner's instructions, and/or by causing the prescription to be dispensed in an incorrectly labeled container, RPH Quach performed her duties in an incompetent, unskillful or negligent manner.

36. RPH Quach is subject to discipline for having engaged in unprofessional conduct as described above. NRS 639.210(4); NAC 639.945(1)(d) and (i).

37. As the owner/operator of the pharmacy at which RPH Quach was employed, Walgreens is liable for RPH Quach's conduct as described above. Accordingly, the Board may discipline Walgreens pursuant to NRS 639.230(5) and NAC 639.945(3).

COUNT TWO
Failure to Maintain Pharmacy Logbook
(RPH Englehaupt and Walgreens)

38. Pursuant to NAC 639.245, Walgreens had a duty to maintain a written record showing the pharmacists, pharmaceutical technicians and pharmaceutical technicians in training on duty during the hours of business on January 31, 2024. Walgreens maintained a pharmacy logbook for this purpose.

39. Pursuant to NRS 639.220, RPH Englehaupt had a duty as Walgreens' managing pharmacist to ensure that the pharmacy logbook was accurate and complete.

40. In January 2024, as alleged above, RPH Englehaupt was the managing pharmacist responsible for training pharmaceutical technicians and pharmaceutical technicians in training regarding their duty to sign into the pharmacy logbook.

41. RPH Englehaupt knew or should have known that certain pharmaceutical technicians and/or pharmaceutical technicians in training were unaware of any requirement to sign into the pharmacy logbook.

42. By failing to properly train pharmacy personnel regarding their duty to sign into the pharmacy logbook, RPH Englehaupt performed her duties in an incompetent, unskillful or negligent manner.

43. By failing to ensure that the pharmacy logbook contained an accurate and complete record of the pharmaceutical technicians and pharmaceutical technicians in training on duty during the hours of business on January 31, 2024, RPH Englehaupt performed her duties in an incompetent, unskillful or negligent manner.

44. As the owner/operator of the pharmacy at which RPH Englehaupt was employed, Walgreens is liable for RPH Englehaupt's conduct as described above. Accordingly, the Board may discipline Walgreens pursuant to NRS 639.230(5) and NAC 639.945(3).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of Respondents Jennifer Englehaupt and Cathy Quach and the pharmacy license of Respondent Walgreens Pharmacy #7032.

Brett Kandt, General Counsel for Petitioner the Nevada State Board of Pharmacy (Board), Respondent CATHY QUACH, RPH (Quach), Certificate of Registration No. 16344, and Respondent WALGREENS PHARMACY #7032, Pharmacy License No. PH01747 (collectively "Respondents"), by and through their counsel, William J. Stilling, Esq., **HEREBY STIPULATE AND AGREE THAT**:

1. The Board has jurisdiction over Respondents and this matter.

2. On or about November 15, 2019, Board Staff properly served each Respondent with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.

3. On or about December 20, 2019, Respondents jointly filed an Answer and Notice of Defense to the Accusation.

4. Respondents are fully aware of their right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

5. Respondents are aware of the right to a hearing on the matters alleged in the Accusation, their right to reconsideration, their right to appeal and any and all other rights which

may be accorded to them pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondents, or any of them, have failed to comply with the provisions of Paragraphs 10, 11, 16 and 17 below, Respondents hereby freely and voluntarily waive their rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to them by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

8. Respondents do not contest the remaining allegations in the Accusation, but acknowledge that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit,* that:

A. Prescription Rx #1070713 for Metolazone 2.5 mg 30 tablets was processed at Respondent Walgreens Pharmacy #7032;

B. The patient was given a partial fill of 10 tablets properly labeled Sandoz, and a separate fill of the remaining 20 that were Mylan brand tablets; the manufacturer name "Sandoz" and the quantity of tablets were lined out and the name "Mylan" and the quantity of 20 tablets were hand written on the second label. Both labels identified the tablet as "Oval Purple Tablet" when in fact the Mylan tablet is a "Small Round White Tablet" in violation of NRS 585.410;

C. Respondent Quach violated NAC 639.945(1)(d) and (i) when she verified the data entered on Prescription Rx #1070713 as accurate when it was not and failed to identify the misbranding error; and

D. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred and where Quach was employed, Respondent Walgreens Pharmacy ##7032 is responsible for any violations of law by Quach pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

9. Those violations are plead with particularity in the Accusation, and are grounds for action pursuant to NRS 639.210 and NRS 639.255.

10. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, and without Respondent Quach admitting to the allegations in the Accusation, the Board and Respondent Quach stipulate to the following penalties. Respondent Cathy Quach, R.Ph., Certificate of Registration No. 16344, shall:

A. Pay a fine of Two-Hundred and Fifty Dollars ($250.00) for the alleged violations;

B. Pay Two-Hundred Fifty Dollars ($250.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter; and

C. Complete two (2) extra hours of continuing education (CE) on error prevention, in addition to the CE hours she must otherwise complete to maintain licensure. Respondent must provide certificates demonstrating that she completed those additional CEs within sixty (60) days of the effective date of this Order.

11. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, and without Respondent Walgreens Pharmacy ##7032 admitting to the allegations in the Accusation, the Board and Respondent Walgreens Pharmacy ##7032 stipulate

to the following penalties. Respondent Walgreens Pharmacy ##7032, Pharmacy License No. PH01747, shall:

A. Pay a fine of Three-Thousand Dollars ($3000.00) for the alleged violations; and

12. If such a hearing results in a finding of a violation of this Order by that Respondent, the Board may impose additional discipline upon that Respondent not inconsistent with the provisions of NRS Chapter 639.

13. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on January 15, 2020, in Las Vegas, Nevada. Respondents and their authorized representative(s) will appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondents or their counsel are not present at the meeting.

14. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board it shall be a public record pursuant to NRS 622.330.

15. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

16. J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, respondents Cathy Quach (Quach), Certificate of Registration No. 16344, and Jennifer Englehaupt (Englehaupt), Certificate of Registration No. 15287, were pharmacists registered by the Board, respondent Walgreens Pharmacy #7032, Certificate of Registration No. PH01747, was a pharmacy registered by the Board, and Quach and Englehaupt were employed by Walgreens Pharmacy #7032.

FACTUAL ALLEGATIONS

II.

On October 20, 2017, an electronic prescription was sent to Walgreens Pharmacy #7032 for patient D.C. The prescription was for Metolazone 2.5 mg 30 tablets.

III.

The prescription was processed on October 21, 2017, and the computer system designated the prescription as Rx #1070713.

IV.

The patient was given a partial fill of 10 tablets properly labeled Sandoz, and a separate fill of the remaining 20 that were Mylan brand tablets; the manufacturer name "Sandoz" and the quantity of tablets were lined out and the name "Mylan" and the quantity of 20 tablets were hand written on the second label. Both labels identified the tablet as "Oval Purple Tablet" when in fact the Mylan tablet is a "Small Round White Tablet".

V.

Quach was the verifying pharmacist for Prescription Rx #1070713. She failed to detect the misbranding error on the second label when she verified data entry, verified the final product as accurate, and filled the prescription.

VI.

Walgreen's Retail computer patient counseling field documents that patient consultation was completed. Englehaupt was the counseling pharmacist of record. Englehaupt documented that counseling was declined on October 23, 2017, by D.C. The Metolazone 2.5mg was a new prescription requiring mandatory counseling.

FIRST CAUSE OF ACTION
Unprofessional Conduct, Failure to Verify the Dispensed Medication
(Respondent Quach)

VII.

A drug shall be deemed to be misbranded if its labeling is false or misleading in any particular. NRS 585.410. Unprofessional conduct includes the failure by a licensee to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d). It also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i). Quach violated NAC 639.945(1)(d) and

(i) when she verified the data entered on Prescription Rx #1070713 as accurate when it was not and failed to identify the misbranding error. Quach is therefore subject to discipline pursuant to NRS 639.210(4) and (12).

SECOND CAUSE OF ACTION
Failure to Adequately Counsel
(Respondent Englehaupt)

VIII.

NRS 639.266(1) requires a pharmacist to "communicate matters which will enhance therapy through drugs with the patient or a person caring for the patient." NAC 639.707(1), (2) and/or (4) further require counseling for all new prescriptions and provide a list of elements to be included as part of proper counseling, including, but not limited to, dose, intended use, expected response and precautions. Additionally, NAC 639.707(6) requires the pharmacist to create a record regarding counseling "at the time that counseling is provided or refused."

By marking that counseling was completed, and, to the extent any counseling actually occurred, by failing to discuss the medication sufficiently to detect the misbranding, Englehaupt violated NRS 639.266(1), NAC 639.707(1), (2), (4) and/or (6), and/or NAC 639.945(1)(i), and is therefore subject to discipline pursuant to NRS 639.210(4) and (12).

THIRD CAUSE OF ACTION
Pharmacy/Pharmacy Owner Responsibility
(Respondent Walgreens Pharmacy #7032)

IX.

NRS 639.230(5) provides: "Any violation of any of the provisions of this chapter [NRS Chapter 639] by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for the suspension or revocation of the license of the pharmacy by the Board."

Additionally, "[t]he owner of a pharmacy, the managing pharmacist of the pharmacy and the registered pharmacist on duty at the pharmacy are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the

pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission." NAC 639.702.

Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Walgreens Pharmacy #7032 is responsible for any violations of law by Quach and Englehaupt pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

3. The Board and Respondent agreed to delay the date for submitting a Notice of Answer and Defense as the parties pursued settlement negotiations.

4. Respondent acknowledges that its authorized representatives understand the terms of this Stipulation and Proposed Order ("Stipulation"), and they have executed it knowingly and voluntarily.

5. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded to Respondent under NRS Chapter

7. Respondent admits that evidence exists, and that the Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in Count One and Count Two of the Accusation.

8. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent agree to the imposition of the following penalties:

A. J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over Respondent Walgreens Pharmacy #7032 (Walgreens) because the Board has licensed Walgreens to operate a pharmacy at 2541 Hampton Road in Henderson, Nevada.

2. The Board has jurisdiction over Respondent Jennifer Englehaupt (RPH Englehaupt) because the Board has registered RPH Englehaupt to practice pharmacy in Nevada.

3. The Board has jurisdiction over Respondent Cathy Quach (RPH Quach) because the Board has registered RPH Quach to practice pharmacy in Nevada.

FACTUAL ALLEGATIONS

4. Walgreens owns and operates a pharmacy at 2541 Hampton Road in Henderson, Nevada. Walgreens is the holder of Pharmacy License No. PH01747, originally issued by the Board in 2002.

5. RPH Englehaupt is the holder of Certificate of Registration No. 15287, originally issued by the Board in 2001.

6. RPH Quach is the holder of Certificate of Registration No. 16344, originally issued by the Board in 2004.

7. In 2023 and 2024, Walgreens employed RPH Englehaupt and RPH Quach at its pharmacy on Hampton Road in Henderson, Nevada.

8. In November 2023, Walgreens sold patient P.L. a prescription for amlodipine besylate, written by P.L.'s practitioner for 5mg tablets. The pharmacist on duty correctly filled the prescription according to the prescribing practitioner's instructions.

9. On or about January 31, 2024, patient P.L. returned to Walgreens to purchase a refill of the prescription for amlodipine besylate tablets. Pharmacy technician Daniel W. Walters, Jr. (PT Walters), mistakenly refilled the prescription with 10mg tablets instead of 5mg tablets.

10. PT Walters refilled patient P.L.'s prescription with tablets poured from a bottle containing 10mg tablets that had been returned to stock. PT Walters poured the tablets into an amber vial bearing a label indicating that the vial contained patient P.L.'s prescription for 5mg tablets.

11. On or about January 31, 2024, RPH Quach verified patient P.L.'s refilled prescription for amlodipine besylate tablets. RPH Quach failed to notice that the amber vial contained 10mg tablets instead of 5mg tablets as indicated on the label.

12. Having verified patient P.L.'s prescription, RPH Quach caused 10mg tablets to be dispensed to patient P.L. in contravention of the prescribing practitioner's instructions for patient P.L. to take 5mg tablets.

13. Having verified patient P.L.'s prescription, RPH Quach caused patient P.L.'s prescription for amlodipine besylate to be dispensed in a container with an incorrect label.

14. Patient P.L. purchased the tablets from Walgreens and took one tablet per day, as instructed by her prescribing practitioner, for 35 days until she discovered that the dose was too high.

15. With assistance from her practitioner, patient P.L. discovered that she had received an incorrect dose only after she had suffered from joint pain, fatigue, shortness of breath, hypertension, and pitting edema in both legs.

16. After receiving a complaint from patient P.L., Board Investigator Dena McClish investigated the incident as detailed above. During the investigation, Investigator McClish discovered that PT Walters had not signed the pharmacy logbook on January 31, 2024.

17. In an effort to reconcile the logbook discrepancy noted above, Investigator McClish requested payroll records for the pharmacy technicians who were on duty on January 31, 2024.

18. Walgreens' payroll records for January 31, 2024, revealed that seven technicians, including PT Walter and one technician in training, had worked at the pharmacy on that day.

19. The pharmacy logbook, by contrast, showed that only three pharmacy technicians had worked at the pharmacy on January 31, 2024. The other four technicians on duty on January 31, 2024, did not sign into the pharmacy logbook.

20. When questioned about the logbook discrepancy, PT Walters stated that he was unaware of any requirement to sign into the pharmacy logbook. On information and belief, other technicians were also unaware of any requirement to sign into the pharmacy logbook.

21. In January 2024, RPH Englehaupt was employed as Walgreens' managing pharmacist. As the managing pharmacist, RPH Englehaupt had a duty to maintain a written record showing the pharmacists, pharmaceutical technicians and pharmaceutical technicians in training on duty during the hours of business. *See* NRS 639.220; NAC 639.245.

APPLICABLE LAW

22. The Board may discipline the holder of a license or registration issued by the Board if the holder engages in unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

23. A pharmacist's conduct is deemed unprofessional if the pharmacist fails to strictly follow the instructions of the person writing, making, or ordering a prescription as to its filling or refilling. NAC 639.945(1)(d). Additionally, a pharmacist's conduct is deemed unprofessional if the pharmacist performs his or her duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

24. "[E]ach pharmacy must be managed by a registered pharmacist, approved by the Board, who is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy." NRS 639.220.

25. If a pharmaceutical technician performs one or more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the filled prescription, including, but not limited to verifying the selection and strength of the drug, the dosage form, and the labeling of the prescription. NAC 639.252.

26. A managing pharmacist is responsible for training pharmaceutical technicians to ensure their continuing competence. NAC 639.254.

27. A pharmacy must maintain a written record showing the pharmacists, pharmaceutical technicians and pharmaceutical technicians in training on duty during the hours of business. NAC 639.245. The record must be readily retrievable and retained for 2 years. *Id.*

28. "The owner of a pharmacy, the managing pharmacist of the pharmacy and the registered pharmacist on duty at the pharmacy are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission." NAC 639.702.

29. The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of its employees. NRS 639.230(5), NAC 639.702 and NAC 639.945(3).

COUNT ONE

Failure by Pharmacist to Follow Practitioner's Instructions
(RPH Quach and Walgreens)

30. On or about January 31, 2024, as alleged above, RPH Quach verified patient P.L.'s refilled prescription for amlodipine besylate tablets. RPH Quach failed to notice that the amber vial contained 10mg tablets instead of 5mg tablets as indicated on the label.

31. As the pharmacist who verified patient P.L.'s refilled prescription for amlodipine besylate tablets, RPH Quach was responsible for the acts and/or omissions of PT Walters.

32. RPH Quach knew or should have known that PT Walters incorrectly prepared the refill with 10mg tablets instead of 5mg tablets.

33. RPH Quach caused the incorrect dose to be dispensed to patient P.L. in contravention of the prescribing practitioner's instructions.

34. RPH Quach caused patient P.L.'s prescription to be dispensed to patient P.L. in an incorrectly labeled container.

35. By causing the incorrect dose to be dispensed to patient P.L. in contravention of the prescribing practitioner's instructions, and/or by causing the prescription to be dispensed in an incorrectly labeled container, RPH Quach performed her duties in an incompetent, unskillful or negligent manner.

36. RPH Quach is subject to discipline for having engaged in unprofessional conduct as described above. NRS 639.210(4); NAC 639.945(1)(d) and (i).

37. As the owner/operator of the pharmacy at which RPH Quach was employed, Walgreens is liable for RPH Quach's conduct as described above. Accordingly, the Board may discipline Walgreens pursuant to NRS 639.230(5) and NAC 639.945(3).

COUNT TWO
Failure to Maintain Pharmacy Logbook
(RPH Englehaupt and Walgreens)

38. Pursuant to NAC 639.245, Walgreens had a duty to maintain a written record showing the pharmacists, pharmaceutical technicians and pharmaceutical technicians in training on duty during the hours of business on January 31, 2024. Walgreens maintained a pharmacy logbook for this purpose.

39. Pursuant to NRS 639.220, RPH Englehaupt had a duty as Walgreens' managing pharmacist to ensure that the pharmacy logbook was accurate and complete.

40. In January 2024, as alleged above, RPH Englehaupt was the managing pharmacist responsible for training pharmaceutical technicians and pharmaceutical technicians in training regarding their duty to sign into the pharmacy logbook.

41. RPH Englehaupt knew or should have known that certain pharmaceutical technicians and/or pharmaceutical technicians in training were unaware of any requirement to sign into the pharmacy logbook.

42. By failing to properly train pharmacy personnel regarding their duty to sign into the pharmacy logbook, RPH Englehaupt performed her duties in an incompetent, unskillful or negligent manner.

43. By failing to ensure that the pharmacy logbook contained an accurate and complete record of the pharmaceutical technicians and pharmaceutical technicians in training on duty during the hours of business on January 31, 2024, RPH Englehaupt performed her duties in an incompetent, unskillful or negligent manner.

44. As the owner/operator of the pharmacy at which RPH Englehaupt was employed, Walgreens is liable for RPH Englehaupt's conduct as described above. Accordingly, the Board may discipline Walgreens pursuant to NRS 639.230(5) and NAC 639.945(3).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of Respondents Jennifer Englehaupt and Cathy Quach and the pharmacy license of Respondent Walgreens Pharmacy #7032.

DATED this 3 day of FEBRUARY 2025.

S. PAUL EDWARDS, General Counsel for Petitioner the Nevada State Board of Pharmacy (Board), and Respondents MICHAEL LESSER, RPH, Certificate of Registration No. 15213 (Mr. Lesser); STEPHAN CHO, RPH, Certificate of Registration No. 18193 (Mr. Cho); and WALGREENS PHARMACY #07164, Certificate of Registration No. PH01919 (Walgreens), (collectively Respondents), represented by William J. Stilling of Parsons Behle & Latimer,

HEREBY STIPULATE AND AGREE THAT

1. The Board has jurisdiction over these parties and this matter.

2. The Board properly served a *Notice of Intended Action and Accusation* (Accusation) on the Respondents, and each of them, on or about September 6, 2016.

3. Respondents did not file a written answer in this matter, however, they have been in contact with Board Staff by and through their counsel, Mr. Stilling.

4. Respondents, and each of them, are fully aware of their right to seek the advice of counsel in this matter and have either obtained the advice of counsel, or hereby waive that right to seek the advice of counsel by signing this Stipulation below.

5. Respondents, and each of them, are aware of their right to a hearing on the matters alleged in the Accusation, their right to reconsideration, their right to appeal and any and all other rights which may be accorded to them pursuant to the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that any one, or all, of them have failed to comply with the provisions of Paragraph 9 below, Respondents hereby freely and voluntarily waive their right to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to them by the Nevada Administrative Procedure Act and the Nevada Pharmacy Act.

7. Respondents admit, to the best of their knowledge and belief, that the factual allegations in the Accusation are true and accurate, including, but not limited to, as follows:

a. PRESCRIPTION NO. 1428538

i. In July 2015, patient J.C.'s pediatrician prescribed a quantity of thirty (30) montelukast 4 mg. chewable tablets with instructions to take one tablet by mouth every day.

ii. The prescription included authorization for six refills.

iii. The pediatrician's office electronically transmitted the prescription to Walgreens, which assigned prescription number 1428538 and filled the prescription.

iv. On February 24, 2016, approximately seven (7) months later, Walgreens processed an automatic refill of Prescription No. 1428538.

v. Walgreens' system generated a prescription label that contained the correct drug, strength, and dosing instructions as prescribed.

vi. The prescription label was applied to a stock bottle of montelukast chewable tablets.

vii. After purchasing the medication, the patient's mother discovered that the tablets were square rather than the rectangular tablets she was accustomed to for her son's montelukast 4 mg. chewable tablets.

viii. Under the prescription label applied by Walgreens, the label on the stock bottle read montelukast 5 mg. chewable tablets.

ix. After the error was reported to Walgreens, it verified that it had dispensed the incorrect strength of medication.

x. J.C. and his twin brother each ingested two (2) tablets of the erred medication with no reported adverse effects.[1]

xi. Pharmacy records indicate that an Automatic Refill of Prescription No. 1428538 entered Walgreens' pharmacy computer system queue on February 24, 2016.

xii. Respondent Mr. Lesser filled the prescription and performed product verification for the medication.

xiii. He failed to detect that the bottle contained montelukast 5 mg. chewable tablets rather than the montelukast 4 mg. chewable tablets as prescribed.

xiv. In a written statement, Mr. Lesser explained that bottles of the 4 mg. and 5 mg. montelukast chewable tablets are stored next to each other on the pharmacy's fast rack. The manufacturer uses the same size stock bottle for both strengths.

b. PRESCRIPTION NO. 1516165

i. In March 2016, J.C.'s pediatrician wrote a new prescription for J.C. for thirty (30) montelukast 4 mg. chewable tablets with instructions to take one tablet by mouth every day.

ii. The prescription included authorization for six refills.

[1] J.C. and his twin brother are both prescribed montelukast 4 mg. chewable tablets. The parents take the tablets from one brother's montelukast 4 mg. medication bottle at a time for administration to each brother.

iii. J.C.'s parents tendered the prescription to Walgreens, which processed the first fill of the prescription (Prescription No. 1516165) and dispensed it on March 22, 2016.

iv. After purchasing the medication, J.C.'s mother opened the medication bottle and again discovered that the tablets were square rather than rectangular.

v. Walgreens had again dispensed montelukast 5 mg. chewable tablets rather than the montelukast 4 mg. chewable tablets as prescribed.

vi. Pharmacy records indicate that pharmaceutical technician Nicole Cramer (Ms. Cramer) performed the data entry of Prescription No. 1516165. Ms. Cramer entered the correct drug, strength, and dosing instructions.

vii. Pharmacy records indicate that the error occurred when Ms. Cramer filled the prescription with the incorrect 5 mg. dosage.

viii. Pharmacy security video shows Ms. Cramer manually entering the NDC when the stock bottle failed to scan. It is unknown from where Ms. Cramer obtained the NDC that she entered.

ix. Pharmacist Stephan Cho performed the product verification of Prescription No. 1516165.

x. Mr. Cho failed to detect the error when verifying the final product.

xi. According to pharmacy records, [redacted] (Treatment) accepted counseling, which Mr. Cho provided.

xii. Mr. Cho did not detect the medication error during counseling.

8. Respondents further admit that the evidence here supports the conclusions that:

a. By dispensing montelukast 5 mg. chewable tablets rather than the montelukast 4 mg. chewable tablets that were prescribed, Mr. Lesser acted unskillfully in failing to strictly follow the instructions of C.J.'s prescriber when filling, labeling and dispensing prescription number 1428538. Those actions fall within the definition of unprofessional conduct,

as described at NAC 639.945(1)(d) and (i). That conduct is subject to discipline pursuant to NRS 639.255.

b. By dispensing montelukast 5 mg. chewable tablets rather than the montelukast 4 mg. chewable tablets that were prescribed, Mr. Cho acted unskillfully in failing to strictly follow the instructions of C.J.'s prescriber when filling, labeling and dispensing prescription number 1516165. Those actions fall within the definition of unprofessional conduct, as described at NAC 639.945(1)(d) and (i). That conduct is subject to discipline pursuant to NRS 639.255.

c. As the owner of the pharmacy in which the errors described above occurred, Walgreens is responsible for those errors. NAC 639.945(2).

9. Based upon the Accusation and the foregoing admissions, the Board and Respondents stipulate to the following penalties:

Prescription No. 1428535

Mr. Lesser shall: (i) pay a total fine of one thousand dollars ($1,000.00) associated with the violations indicated above; and (ii) complete two (2) continuing education credits (CEUs) on the topic of error prevention and/or correct product verification. Those CEUs shall be in addition to the CEU's Mr. Lesser is ordinarily required to complete to maintain his license.

Walgreens shall pay an administrative fee of four hundred and ninety five dollars ($495.00), and meaningfully investigate the cause of the repeat errors at issue in the instant action. Within 30 days of the Board's acceptance of this Order, Walgreens will report to Board Staff the cause of the errors and its proposed plan to prevent this error from occurring in the future. Within 30 days of Board Staff's approval of Walgreens plan, Walgreens shall implement that plan in all Nevada stores, and report back to the Board that all pharmacists and pharmacy personnel have been trained on the new policy and procedure.

Prescription No. 1516165

Mr. Cho shall: (i) pay a total fine of one thousand dollars ($1,000.00) associated with the violations indicated above; and (ii) complete two (2) continuing education credits (CEUs) on the

topic of error prevention and/or correct product verification. Those CEUs shall be in addition to the CEU's Mr. Cho is ordinarily required to complete to maintain his license.

Walgreens shall pay a second administrative fee of four hundred and ninety five dollars ($495.00), and complete the process described above for identifying the cause and implementing a remedy for the repeat errors at issue in this action.

10. The Board recognizes the facts in this Stipulation reflect the first time that Respondent Lesser and Respondent Cho has had to appear before the Board for any errors in practice. Nonetheless, the Board reminds and cautions each Respondent that checking prescriptions for accuracy is an essential part of pharmacy practice and that any lapse in concentration can result in an error and potential harm. Accordingly, Respondents each need to take steps to prevent the type of error described in this Stipulation from occurring in the future.

11. Board Counsel will present this Stipulation to the Board Members for approval at the Board's regularly scheduled meeting on October 12, 2016, in Las Vegas, Nevada. Respondents, including a representative of Walgreens, will appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondents are not present at the meeting.

12. The Board has discretion to accept this Stipulation, but it is not obligated to do so.

13. If the Board rejects any part or all of this Stipulation, the parties agree that a full hearing on the merits of this matter may be heard by the Board, and that the hearing shall occur at the Board's December 2016 meeting in Reno, Nevada. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

14. Upon approval of this Stipulation by the Board, Mr. Lesser and Mr. Cho shall pay the fines agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 431 W. Plumb Lane, Reno, Nevada 89509, within thirty (30) days of the effective date of the Board's Order.

15. Respondent Walgreens shall pay the administrative fee agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "Nevada State Board of Pharmacy," to be received by the Board's Reno office located at 431 W. Plumb Lane, Reno, Nevada 89509, within thirty (30) days of the effective date of the Board's Order;

16. Any failure by any Respondent to satisfy the obligations stated herein may result in additional discipline, up to and including suspension or revocation of that Respondent's respective registrations, until all terms have been complied with.

Respondents MICHAEL LESSER, RPH, Certificate of Registration No. 15213, STEPHAN CHO, RPH, Certificate of Registration No. 18193, and WALGREENS PHARMACY #07164, Certificate of Registration No. PH01919, have each fully considered the charges and allegations contained in the Notice of Intended Action and Accusation in this matter, and the terms of this Stipulation, and each freely and voluntarily agrees to the terms set forth herein, and waived certain rights, as stated herein.

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3), and as an accusation under NRS 639.241.

JURISDICTION

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these respondents because, at the time of the alleged events, Respondent Michael Lesser (Mr. Lesser), Certificate of Registration No. 15213, was a pharmacist licensed by the Board, Respondent Stephan Cho (Mr. Cho), Certificate of Registration No. 18193, was a pharmacist licensed by the Board, and Respondent Walgreens Pharmacy #07164 (Walgreens), Certificate of Registration No. PH01919, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

II.

This case involves two prescriptions for four-year-old patient J.C.

III.

On or about March 31, 2016, Gina Christensen (Ms. Christensen) filed a complaint with

the Board Office on behalf of her four-year-old son J.C. In the complaint, Ms. Christensen alleges that Walgreens filled and dispensed two prescriptions within a two month period for J.C. In both cases, the Respondents dispensed the wrong strength of the medication.

1. **PRESCRIPTION NO. 1428538 – MONTELUKAST (SINGULAIR®) 4 MG. TABLETS**

IV.

On July 23, 2015, patient J.C.'s pediatrician prescribed a quantity of thirty (30) montelukast 4 mg. chewable tablets with instructions to take one tablet by mouth every day. The prescription included authorization for six refills. The pediatrician's office electronically transmitted the prescription to Walgreens, which assigned prescription number 1428538 and filled the prescription.

V.

On February 24, 2016, approximately seven (7) months later, Walgreens processed an automatic refill of Prescription No. 1428538.

VI.

Walgreens' system generated a prescription label that contained the correct drug, strength, and dosing instructions as prescribed. The prescription label was applied to a stock bottle of montelukast chewable tablets.

VII.

When Ms. Christensen opened the medication bottle, she noticed that the tablets were square rather than the rectangular tablets she was accustomed to for her son's montelukast **4 mg.** chewable tablets.

VIII.

Ms. Christensen peeled back the prescription label from the stock bottle of the montelukast tablets. The label read montelukast **5 mg.** chewable tablets.

IX.

Ms. Christensen contacted Walgreens and reported the error. Walgreens verified the

strength on the written prescription as **4 mg.**, and verified that Walgreens dispensed the incorrect strength of **5 mg.** tablets.

X.

J.C. and his twin brother each ingested two (2) tablets of the erred medication with no reported adverse effects.[1]

XI.

Pharmacy records indicate that an Automatic Refill of Prescription No. 1428538 entered Walgreens' pharmacy computer system queue on February 24, 2016.

XII.

Mr. Lesser filled the prescription and performed the final verification of the product.[2] He failed to detect that the bottle contained montelukast **5 mg.** chewable tablets rather than the montelukast **4 mg.** chewable tablets as prescribed.

XIII.

In a written statement, Mr. Lesser indicates that bottles of the 4 mg. and 5 mg. montelukast chewable tablets are stored next to each other on the pharmacy's fast rack. The manufacturer uses the same size stock bottle for both strengths.

XIV.

Mr. Lesser thinks that he may have retrieved a return-to-stock bottle that contained the 5 mg. strength and was not able to scan the National Drug Code (NDC). If he had been able to scan the 5 mg. NDC code from the bottle, the pharmacy system's scale would have alerted him to the error in the strength.

XV.

Mr. Lesser assumes that he manually entered the NDC from either a 4 mg. strength bottle or the leaflet which reflected the correct strength.

[1] J.C. and his twin brother are both prescribed montelukast 4 mg. chewable tablets. The parents take the tablets from one brother's montelukast 4 mg. medication bottle at a time for administration to each brother.

[2] Walgreens' Audit/Board of Pharmacy Inspection Report documents pharmaceutical technician K.M. Nasife filled the prescription. Technician Nasife failed to log off of the system at the end of her shift. Mr. Lesser was the only one on duty during the filling process of this prescription.

2. PRESCRIPTION NO. 1516165 – MONTELUKAST (SINGULAIR®) 4 MG. TABLETS

XVI.

On March 15, 2016, J.C.'s pediatrician wrote a new prescription for J.C. for thirty (30) montelukast 4 mg. chewable tablets with instructions to take one tablet by mouth every day. The prescription included authorization for six refills.

XVII.

The prescription was tendered to Walgreens, which processed the first fill of the prescription (Prescription No. 1516165) and dispensed it on March 22, 2016.

XVIII.

Ms. Christensen opened the medication bottle and again discovered that the tablets were square rather than rectangular. Walgreens again dispensed montelukast **5 mg.** chewable tablets rather than the montelukast **4 mg.** chewable tablets as prescribed.

XIX.

Pharmacy records indicate that pharmaceutical technician Nicole Cramer (Ms. Cramer) performed the data entry of Prescription No. 1516165. Ms. Cramer entered the correct drug, strength, and dosing instructions.

XX.

Pharmacist M.R. performed data entry verification remotely at Walgreens' Central Facility in Orlando, Florida.

XXI.

Pharmacy records indicate that the error occurred when Ms. Cramer filled the prescription with the incorrect 5 mg. dosage. Pharmacy security video shows Ms. Cramer manually entering the NDC when the stock bottle failed to scan. It is unknown where Ms. Cramer obtained the NDC that she scanned. Ms. Cramer has no recollection of the incident.

XXII.

Pharmacist Stephan Cho performed the product verification of Prescription No. 1516165.

Mr. Cho failed to detect the error when verifying the final product.

XXIII.

According to pharmacy records, Ms. Christensen accepted counseling, which Mr. Cho provided. Mr. Cho did not detect the medication error during counseling.

FIRST CAUSE OF ACTION
(Prescription No. 1428538 – Montelukast (Singulair®) 4 mg. tablets)
(Michael Lesser)

XXIV.

NAC 639.945(1)(d) defines unprofessional conduct to include the failure by a licensee to follow strictly the instructions of a prescriber when filling, labeling and dispensing a prescription. Unprofessional conduct also includes performing duties in an "incompetent, unskillful or negligent manner". *See* NAC 639.945(1)(i). Mr. Lesser acted unprofessionally per NAC 639.945(1)(d) and/or (i) by filling, verifying, and dispensing montelukast **5 mg.** chewable tablets rather than the montelukast **4 mg.** chewable tablets that were prescribed.

SECOND CAUSE OF ACTION
(Prescription No. 1428538 – Montelukast (Singulair®) 4 mg. tablets)
(Walgreens Pharmacy #07164)

XXV.

NAC 639.945(2) states that "[t]he owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ". Respondent Mr. Lesser is Walgreens' employee. As such, Walgreens is responsible for each of the violations alleged herein.

XXVI.

The violations alleged above, including in each cause of action, are grounds for discipline against the licenses of Michael Lesser and/or Walgreens #07164 pursuant to NRS 639.210(4), (11) and/or (12), as well as NRS 639.255.

THIRD CAUSE OF ACTION
(Prescription No. 1516165 – Montelukast (Singulair®) 5 mg. tablets)
(Stephan Cho)

XXVII.

Unprofessional conduct also includes performing duties in an "incompetent, unskillful or negligent manner". *See* NAC 639.945(1)(i). Mr. Cho acted unprofessionally per NAC 639.945(1)(d) and/or (i) by filling, verifying, and dispensing montelukast **5 mg.** chewable tablets rather than the montelukast **4 mg.** chewable tablets that were prescribed.

(Prescription No. 1516165 – Montelukast (Singulair®) 5 mg. tablets)
(Walgreens #07164)

XXVIII.

NAC 639.945(2) states that "[t]he owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ". Respondent Mr. Cho is Walgreens' employee. As such, Walgreens is responsible for each of the violations alleged herein.

XXIX.

The violations alleged above, including in each cause of action, are grounds for discipline against the licenses of Stephan Cho and/or Walgreens #07164 pursuant to NRS 639.210(4), (11) and/or (12), as well as NRS 639.255.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of these respondents.

Signed this 2nd day of September, 2016.

Larry Pinson, Pharm.D., Executive Secretary
Nevada State Board of Pharmacy

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

Case No. 98-006A-RPH-S

Case No. 98-006B-PH-S

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on July 29, 1998, in Las Vegas. The Board was represented by Louis Ling, Deputy Attorney General, Respondent Stephen C. Lessard appeared and represented himself, and Respondent Walgreens Pharmacy #03841 appeared and was represented by George Flaherty. Based on Respondents' admissions and testimony and documents presented as well as the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. Staff presented the testimony of Gayle Angulo and John Angulo and introduced seven exhibits which were accepted into evidence. Respondent Lessard and Walgreens Pharmacy #03841 (Walgreens) testified. Based upon the admissions and testimony at hearing, the following are found to be the facts of this case.

2. On the evening of January 20, 1998, the Angulos took their five-month-old son to University Medical Center's children's hospital. The infant was diagnosed to

have pneumonia and was administered a steroid and an antibiotic. The Angulos were told to see their regular pediatrician as soon as they could. The Angulos left UMC with their son at 4:00 a.m. on January 21, 1998.

3. Later the morning of January 21, 1998, the Angulos took their five-month-old son to Dr. Naiman. Dr. Naiman confirmed the diagnosis as pneumonia and wrote for the infant two prescriptions, one for albuterol for breathing treatments with a nebulizer, and the other for Prelone syrup 15 mg./5ml. The directions for use written by Dr. Naiman were "7.5 mg. po BID" for three days.

4. The Angulos delivered both prescriptions to Walgreens at about 11:00 a.m. on January 21, 1998 by dropping them off at the drive-through window. They were told to return later that afternoon to pick up the prescriptions.

5. Another pharmacist originally entered the Prelone syrup prescription into the pharmacy's computer correctly so that the directions for use read "Take 1/2 teaspoon (2.5 ml.) by mouth twice daily." Although the prescription as written by Dr. Naiman clearly states "7.5 mg. po BID," Mr. Lessard changed the prescription in the pharmacy's computer so that the directions for use read "Take one and 1/2 teaspoons (7.5 ml.) by mouth twice daily" without consulting Dr. Naiman. Mr. Lessard filled the Prelone syrup prescription according to his incorrect directions.

6. Because someone needed to stay home with the infant and to wait for the delivery of the nebulizer, Mrs. Angulo stayed home while Mr. Angulo went to Walgreens in the afternoon of January 21, 1998 to pick up the prescriptions. Because Mr. Angulo was unsure of what kind of saline to purchase for the proper use of the Albuterol, a male pharmacist assisted Mr. Angulo in finding the saline. The pharmacist explained to Mr. Angulo the proper way to use the nebulizer. At no time did any pharmacist at Walgreens counsel Mr. Angulo regarding the Prelone syrup prescription.

7. The evening of January 21, 1998, Mrs. Angulo administered a 1/2 teaspoon dose to her son based upon what she had remembered the directions for use to be that Dr. Naiman had orally told her.

8. The morning of January 22, 1998, Mrs. Angulo reviewed the directions for use on the Prelone syrup prescription and noticed that the directions said to administer one and one-half teaspoon, so Mrs. Angulo administered one dose to her son at the one and one-half teaspoon amount. The infant threw up the medication.

9. The same morning of January 22, 1998, Mrs. Angulo took her son to another appointment with Dr. Naiman. At this appointment, it was discovered that the directions for use on the Prelone syrup prescription were incorrect and that the dosage was three times that ordered by Dr. Naiman.

10. At hearing, Mr. Lessard and Mr. Flaherty argued that Mr. Lessard had changed the Prelone syrup prescription's directions for use based upon Mr. Lessard's professional judgment and that he did not need to contact the physician in the exercise of that judgment. Mr. Lessard also claimed that he had counseled Mrs. Angulo regarding the proper use of the Prelone syrup. We find the claims raised by Mr. Lessard and Mr. Flaherty not to be credible because they seem at odds with the other credible testimony and evidence in this matter. The timing of the events related by the Angulos was borne out consistently by Walgreens' documents and by documents produced by the Angulos. Walgreens' own counseling log cannot be used to prove that any Angulo was counseled regarding the Prelone syrup, and if the log proves anything it is that the Prelone syrup was picked up by Mr. Angulo, just as the Angulos had testified. Finally, if Mr. Lessard had any reason to question the directions for use (which he must have had, since he changed the directions from the correct directions to incorrect directions), Mr. Lessard should have contacted Dr. Naiman, which Mr. Lessard failed to do.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Walgreens is a pharmacy registered with the Board and Respondent Lessard is a pharmacist licensed by the Board.

2. In dispensing the Prelone syrup prescription incorrectly by labeling the prescription with incorrect directions for use, Mr. Lessard violated Nevada Revised Statutes (NRS) 639.210(4) and Nevada Administrative Code (NAC) 639.945(1)(d) and (i).

3. In employing Mr. Lessard, who incorrectly dispensed the Prelone syrup prescription, Walgreens violated NRS 639.210(4) and 639.945(1)(d) and (i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Respondent Lessard shall pay a fine of $150.00 in cash, cashier's or certified check, or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 30 days of the effective date of this Order.

2. Respondent Walgreens shall pay to the Board its costs of $203.50 and its administrative costs of $100.00, for a total of $303.50 in cash, money order, or cashier's or certified check made payable to "Nevada State Board of Pharmacy" that must be received by the Board office within 30 days of the effective date of this Order.

3. The failure by any Respondent to comply with any term in this order shall result in a fine of $1,000 per day for every day that the term is not complied with, up to a maximum of $30,000, and will also result in further discipline, up to and including revocation of the Respondent's license.

COMES NOW Keith W. Macdonald, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter and these Respondents for the following reasons:

A. Respondent Stephen C. Lessard, is a registered pharmacist with the Board (Certificate of Registration Number 13632).

B. Respondent Walgreens Pharmacy (Walgreens #03841) is a registered pharmacy with the Board (Certificate of Registration Number PH1063), located at 6101 West Lake Mead Boulevard, Las Vegas, Nevada.

II.

On or about January 21, 1998 Ms. A took her 5 month old son to the doctor. The physician prescribed Prelone syrup, 7.5 mg. and advised Ms. A to give the baby 1/2 teaspoon of Prelone syrup 2 times per day for three days.

III.

Ms. A took her prescription for Prelone syrup 7.5 mg. to Walgreens #03841 to be filled after she left the physician's office. When she got home she glanced at the directions on the bottle of Prelone syrup, noticed it said "1/2" and gave the baby 1/2 teaspoonful. The following morning when she went to administer the medication to the baby she looked more closely at the directions for use. It read, "...one and 1/2 teaspoonfuls by mouth twice daily." Ms. A then administered her son's medication according to the directions on the lable. Upon giving her son the first teaspoonful, he immediately threw up.

IV.

Ms. A took her son to the doctor for a scheduled appointment and related to him that the baby threw up the first teaspoonful of the Prelone syrup. The doctor informed her that his instructions were to take only 1/2 teaspoon of the medication.

FIRST CAUSE OF ACTION

In owning and operating the pharmacy in which the above acts and violations occurred, Respondent Walgreens #03841 violated NRS 639.210(4) and NAC 639.945 (1) (d) and (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

The Nevada State Board of Pharmacy (Board) heard this matter at its regular meeting on Wednesday, July 24, 2013, in Las Vegas, Nevada. Attorney S. Paul Edwards represented the Board in his capacity as its General Counsel. Respondents Eman Helmi Gobran, Certificate of Registration No. 15284 and Walgreens Pharmacy #03841, Certificate of Registration No. PH01063 (collectively Respondents), appeared with their counsel, William J. Stilling of the law firm Parsons Behle & Latimer. Based on the evidence, the testimony presented and the public records in the Board's possession and control, the Board issues the following Findings of Fact, Conclusions of Law and Order.

I. FINDINGS OF FACT

1. On January 8, 2013, four-month-old PT was treated at the University Medical Center Quick Care (UMC) in Las Vegas, Nevada.

2. The treating physician at UMC wrote a prescription for PT for brand name acetaminophen 160mg/5ml liquid, with directions to take 2.5 mls every 4-6 hours as needed for fever greater than 101°.

3. PT's mother tendered the prescription to Walgreens Pharmacy #03841 on January 9, 2013. Walgreen's filled the prescription, and PT's mother picked up the medication the same day.

4. PT's mother administered the medication to PT approximately every three hours for four days.

5. PT returned to UMC on January 12, 2013, for a follow-up visit concerning the same condition, where he was seen by Dr. Kami Larsen.

6. PT's mother informed Dr. Larsen of PT's January 8, 2013 visit to UMC, and of his prescription for acetaminophen.

7. PT's mother further reported that PT's fever was not coming down and that he was sleeping more than usual.

8. PT's mother showed the prescription bottle filled by Walgreens #03841 to Dr. Larsen.

9. Dr. Larsen observed that the prescription had been filled with acetaminophen with codeine elixir.

10. Dr. Larsen reviewed the prescribing physician's paperwork and noted that the physician had prescribed brand name acetaminophen 160mg/5ml liquid (plain), not the acetaminophen elixir containing codeine that Walgreens #03841 dispensed.

11. Dr. Larsen contacted Walgreens #03841. Pharmacist Cuong Ung, the pharmacist on duty, took Dr. Larsen's call and confirmed that the prescription was filled with the wrong medication.

12. Pharmaceutical Technician in Training Alexis Hernandez scanned and input the original prescription data into the computer system.

13. Respondent Ms. Gobran was the verifying pharmacist.

14. During verification of PT's prescription, Respondent Ms. Gobran did not detect that the prescription had been filled with the wrong medication.

15. During verification of PT's prescription, Respondent Ms. Gobran also overrode, without appropriately responding to, a Drug Utilization Review (DUR) warning: "PEDIATRICS

0-3 YEARS INDICATES USING CAUTION WITH ACETAMINOPHEN/CODEINE 120-12MG SOL."

16. Additionally, the label on the medication dispensed to PT did not contain the complete directions as prescribed by the physician. The label on the erred prescription omitted the instruction to give the medication for fever greater than 101°.

II. CONCLUSIONS OF LAW

Based on the forgoing findings of fact, the Board concludes on matters of law as follows:

17. The Board has jurisdiction over this matter because at the time of the conduct set forth above, Respondent Ms. Gobran was a pharmacist licensed by the Board, and Respondent Walgreens Pharmacy #03841 was a pharmacy licensed by the Board.

18. By failing to strictly follow the instructions of the prescriber and dispensing acetaminophen with codeine elixir, instead of the prescribed acetaminophen elixir, Respondent Ms. Gobran violated NAC 639.945(1)(b), (d) and (i), and is guilty of unprofessional conduct, which is grounds for discipline pursuant to NRS 639.255.

19. By failing to act appropriately on a DUR warning, Respondent Ms. Gobran violated NAC 639.945(1)(i), which is grounds for discipline pursuant to NRS 639.255.

20. By failing to detect that the medication dispensed for patient P.T. was mislabeled to exclude a portion of the physician's instructions, Respondent Ms. Gobran violated NAC 639.945(1)(d) and (i), which is grounds for discipline pursuant to NRS 639.255.

21. Pursuant to NAC 639.945(2), by owning and operating the pharmacy in which the violations set forth above occurred, respondent Walgreens Pharmacy #03841 is guilty of unprofessional conduct as defined in NAC 639.945(1)(b) and (d), which is grounds for action against its license pursuant to NRS 639.255.

\\

\\

Based on the foregoing, **THE BOARD HEREBY ORDERS**:

22. Respondent Ms. Gobran shall:

a. Pay a fine of $1,000.00 in association with her dispensing of the wrong medication to patient P.T.;

b. Complete one (1) hour of continuing education (CE) related to the topic of error prevention, in addition to the regularly required CE courses Ms. Gobran must attend; and

c. Complete Walgreens's internal training regarding the proper response to a DUR warning.

Ms. Gobran shall report to Board Staff within 10 days of completing these CE requirements.

23. Respondent Walgreens #03841 shall:

a. Pay an administrative fee of $295.00 in association with this matter; and

b. Complete its internal DUR training with all pharmacists and pharmaceutical technicians working in its Nevada-licensed pharmacies.

Walgreens #03841 shall complete said training and report to Board Staff within 60 days of this Order.

24. Respondent Ms. Gobran shall pay the fine set forth herein by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order.

25. Respondent Walgreens #03841 shall pay the administrative fee set forth herein by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 60 days of the effective date of this Order.

26. If circumstances so merit, Board Staff has the discretion and authority to establish a payment plan under which Respondents may pay the fee or fine set forth herein through installments without further action or vote by the Board.

27. Any failure by either Respondent to comply with any term in this Order may result in additional discipline, up to and including suspension or revocation of Respondents'

registrations/licenses until all terms have been complied with. Furthermore, any failure to pay any fine, fee, or cost ordered herein may result in such legal action as Board staff determines to be necessary to collect the unpaid fine, fee, or cost.

Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because Respondent Eman Gobran is a pharmacist licensed by the Board, and Respondent Walgreens Pharmacy #03841, located at 6101 West Lake Mead Boulevard, Las Vegas, Nevada, is a pharmacy licensed by the Board.

II.

On or about January 8, 2013, four month old PT (PT) was treated at the University Medical Center (UMC) Quick Care, and prescribed brand name acetaminophen 160mg/5ml liquid with directions to take 2.5 mls every 4-6 hours as needed for fever greater than 101°. PT's mother presented the prescription to Walgreens Pharmacy #03841 on January 9, 2013, where it was filled and picked up the same day.

III.

On or about January 12, 2013, PT was seen again at the UMC Quick Care for a follow-up visit. Dr. Kami Larsen examined him. PT's mother informed Dr. Larsen that her son was seen on January 8, 2013, and was given a prescription for cough and fever. PT's mother administered the medication to him every four hours for three days. PT's mother reported that his fever was not coming down and all he did was sleep.

IV.

When asked, PT's mother showed the prescription bottle filled by Walgreens #03841 to Dr. Larsen. Dr. Larsen observed that the prescription had been filled with acetaminophen with codeine elixir. Dr. Larsen reviewed the prescribing physician's paperwork and noted that the physician had prescribed brand name acetaminophen 160mg/5ml liquid (plain) not the acetaminophen elixir containing codeine that Walgreens dispensed. Dr. Larsen contacted Walgreens #03841. Pharmacist Cuong Ung, the pharmacist on duty, confirmed that the prescription was filled incorrectly.

V.

Pharmaceutical Technician in Training Alexis Hernandez scanned and input the original prescription data into the computer system. Respondent Eman Gobran was the verifying pharmacist.

VI.

During verification of PT's prescription, Respondent Gobran entered an override for a Drug Utilization Review (DUR) warning: "PEDIATRICS 0-3 YEARS INDICATES USING CAUTION WITH ACETAMINOPHEN/CODEINE 120-12MG SOL." When interviewed by the Board Investigator, Respondent Gobran maintained that she did not know how or why she did not catch the error at the time of verifying the information input into the computer, nor could she explain why she overrode the DUR warning. She admitted that the label on the misfilled medication did not contain the complete directions as prescribed by the physician to give 2.5 mls. every 4 to 6 hours for fever higher than 101°. The label on the erred prescription (acetaminophen with codeine elixir), which was dispensed and administered, stated "Give "P" 2.5 mls by mouth every 4 to 6 hours as needed."

FIRST CAUSE OF ACTION

VII.

In failing to strictly follow the instructions of patient PT's physician by verifying and dispensing acetaminophen elixir containing codeine rather than acetaminophen 160mg/5ml liquid, Eman Gobran violated Nevada Revised Statute (NRS) 639.210(4) and/or (12) and/or Nevada Administrative Code (NAC) 639.945(1)(d) and/or (i).

SECOND CAUSE OF ACTION

VIII.

In failing to act upon the DUR warning, Eman Gobran violated NRS 639.210(4) and/or (12) and/or Nevada Administrative Code (NAC) 639.945(1)(i).

THIRD CAUSE OF ACTION

IX.

By mislabeling the misfilled medication to give 2.5 mls by mouth every 4 to 6 hours as needed rather than the prescribed instructions to give 2.5 mls every 4 to 6 hours for fever higher than 101°, Emma Gobran violated NRS 639.210(4) and/or NAC 639.945(1)(d) and/or (i).

FOURTH CAUSE OF ACTION

X.

In owning and operating the pharmacy in which the alleged violations occurred, Walgreens Pharmacy #03841 violated NRS 639.210(4) and/or (12) and/or NAC 639.945(1)(d) and/or (i) and/or (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Signed this 11th day of June, 2013.

NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Kristi Nguyen, RPH (Nguyen), Certificate of Registration No. 18861, Respondent Cheryl Mettus, RPH (Mettus), Certificate of Registration No. 17225, and Respondent Thuy TranDac, RPH (TranDac), Certificate of Registration No. 17658, were pharmacists registered with the Board, and Respondent Walgreens Pharmacy #3842, Pharmacy License No. PH01249, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Respondents Nguyen, Mettus and TranDac were employed by Walgreens Pharmacy #3842 at the time of the events alleged herein.

3. Patient T.M. was being treated by several different providers for memory issues, pain, and other health conditions. B.H. was assisting T.M. with his medications because of T.M.'s memory issues.

4. On or about August 13, 2017, an electronic prescription from practitioner M.S. was transmitted to Walgreens Pharmacy #3842 for gabapentin 600 mg tablets for T.M., designated prescription no. 2933151, and dispensed to the patient.

5. On or about August 16, 2017, T.M. tendered a written prescription from practitioner E.S. for gabapentin 300 mg capsules for T.M to Walgreens Pharmacy #3842; this was designated prescription no. 2933209. On or about August 18, 2017, Respondent Mettus overrode a drug utilization review (DUR) alert for prescription no. 2933209 and dispensed to the patient. Respondent Mettus failed to contact the prescriber(s) to clarify the potential duplication error prior to overriding the DUR alerts. Therefore, both gabapentin prescriptions nos. 2933151 and 2933209 were dispensed, duplicating the same medication in different dosages within days.

6. On or about August 29, 2017, T.M. tendered two (2) written prescriptions from practitioner Z.G. for T.M to Walgreens Pharmacy #3842: 1) Aricept (generic donepezil) 5 mg, designated prescription no. 2939936; and 2) Seroquel (generic quetiapine) 100 mg, designated prescription no. 2939938. Prescription no. 2939936 included an order to discontinue Zaleplon 5 mg capsules previously prescribed by practitioner W.T. and designated prescription no. 2933781. However, Respondent Nguyen failed to discontinue the Zaleplon 5 mg prescription no. 2933781 as directed.

7. On or about September 13, 2017, T.M. tendered a written prescription from practitioner Z.G. for Zyprexa (generic olanzapine) 10 mg tablets for T.M. to Walgreens Pharmacy #3842; this was designated prescription no. 2948045. The prescription also had an order to discontinue Seroquel (generic quetiapine). However, Respondent Nguyen failed to discontinue the Seroquel (generic quetiapine) 100mg prescription no. 2939938 as directed,

overrode a DUR alert that olanzapine and quetiapine are similar therapies, and refilled prescription no. 2939938 for quetiapine 100 mg tablets.

8. On or about September 24, 2017, Respondent TranDac refilled prescription no. 2939936. However, Respondent TranDac failed to discontinue the Zaleplon 5 mg prescription no. 2933781 as previously directed and overrode a DUR alert.

9. On or about September 27, 2017, Respondent Mettus performed final product review and dispensed Seroquel (generic quetiapine) 200 mg tablets for prescription no. 2942008, in violation of the prior order from practitioner Z.G. on prescription no. 2948045 to discontinue Seroquel (generic quetiapine). Respondent Mettus also refilled prescription no. 2939938 for quetiapine 100 mg tablets on the same day and failed to contact the prescribing practitioner(s) to confer about the potential error/duplication. DUR alerts were overridden by an out-of-state pharmacist.[1]

10. On or about September 27, 2017, Respondent Mettus overrode a DUR alert and refilled prescription no. 2933781 for Zaleplone 5 mg, in violation of the prior order from practitioner Z.G. on prescription no. 2939936 to discontinue the Zaleplon 5 mg prescription no. 2933781.

COUNT ONE
Failure to Verify Dispensed Medication/Unprofessional Conduct
(Respondents Nguyen, Mettus, TranDac)

11. Unprofessional conduct includes the failure by a registrant to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d). Unprofessional conduct also includes failing to confer with the person writing or ordering a prescription if there is an error or omission which should be questioned. NAC

[1] The DUR alerts for prescription no. 2939938 were overridden by a Walgreens' pharmacist located in an out-of-state central fill facility, who was not licensed by the Board.

639.945(1)(e). Unprofessional conduct also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

12. A pharmacist shall review a patient's record before dispensing a prescription to determine its therapeutic appropriateness, including overutilization, therapeutic duplications, contraindications and interactions. NAC 639.707(4).

13. As alleged in paragraphs 4 through 10 herein, Nguyen, Mettus and TranDac each violated NAC 639.707(4) and engaged in unprofessional conduct as defined in NAC 639.945(1)(d), (e) and/or (i) when they verified the final product as accurate, failed to contact the prescriber(s) to clarify potential duplication errors, overrode DUR alerts and/or erroneously dispensed medication, and each is therefore subject to discipline pursuant to NRS 639.210(4) and/or (12).

COUNT TWO
Pharmacy/Pharmacy Owner Responsibility
(Respondent Walgreens Pharmacy #3842)

14. NRS 639.230(5) provides: "Any violation of any of the provisions of this chapter [NRS Chapter 639] by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for the suspension or revocation of the license of the pharmacy by the Board." *See also* NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

15. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, including the acts and omissions of Respondents Nguyen, Mettus and TranDac, Walgreens Pharmacy #3842 is responsible for those violations pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the pharmacy license, and certificates of registrations of these Respondents.

Signed this 6th day of February 2023.

This matter came before the Nevada State Board of Pharmacy (Board) at its regularly scheduled meeting on Wednesday, June 14, 2023. Brett Kandt, Esq., prosecuted the case before the Board. Respondent Kristi Nguyen, RPH (Nguyen), Certificate of Registration No. 18861, Respondent Cheryl Meatus, RPH (Mettus), Certificate of Registration No. 17225, and Respondent Thuy TranDac, RPH (TranDac), Certificate of Registration No. 17658, and Respondent Walgreens Pharmacy #3842, Pharmacy License No. PH01249, were represented by William Stilling, Esq. of Stilling & Harrison. The Board heard the case and, based on the evidence presented, the Board makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

The Board finds that probative evidence exists in the record to establish each of the following facts by a preponderance of the evidence:

1. The Board has jurisdiction over this matter because at the time of the events herein, Respondent Nguyen, Certificate of Registration No. 18861, Respondent Mettus, Certificate of Registration No. 17225, and Respondent TranDac, Certificate of Registration No. 17658, were pharmacists registered with the Board, and Respondent Walgreens Pharmacy #3842, Pharmacy License No. PH01249, was a pharmacy licensed by the Board.

2. Respondents Nguyen, Mettus and TranDac were employed by Walgreens Pharmacy #3842 at the time of the events herein.

3. On or about August 13, 2017, an electronic prescription from practitioner M.S. was transmitted to Walgreens Pharmacy #3842 for gabapentin 600 mg tablets for patient T.M., designated prescription no. 2931510, and dispensed to the patient.

4. On or about August 16, 2017, T.M. tendered a written prescription from practitioner E.S. for gabapentin 300 mg capsules for T.M to Walgreens Pharmacy #3842; this was designated prescription no. 2933209. Data review for prescription no. 2933209 was performed by a Walgreens pharmacist located in an out-of-state Central Pharmacy Operation Center (CPO), who was not registered with the Board; during data review DUR alerts were overridden. On or about August 18, 2017, Respondent Mettus dispensed prescription no. 2933209 to the patient.

5. On or about August 29, 2017, T.M. tendered two (2) written prescriptions from practitioner Z.G. for T.M to Walgreens Pharmacy #3842: 1) Aricept (generic donepezil) 5 mg, designated prescription no. 2939936; and 2) Seroquel (generic quetiapine) 100 mg, designated prescription no. 2939938. Prescription no. 2939936 included an order to discontinue Zaleplon 5 mg capsules previously prescribed by practitioner W.T. and designated prescription no. 2933781. Data review for prescription no. 2939936 was performed by a Walgreens pharmacist located in an out-of-state CPO, who was not registered with the Board. Respondent Nguyen performed

product review on prescription no. 2939936. The Zaleplon 5 mg prescription no. 2933781 was not discontinued.

6. On or about September 13, 2017, T.M. tendered a written prescription from practitioner Z.G. for Zyprexa (generic olanzapine) 10 mg tablets for T.M. to Walgreens Pharmacy #3842; this was designated prescription no. 2948045. The prescription also had an order to discontinue Seroquel (generic quetiapine). Data review for prescription no. 2948045 was performed by a Walgreens pharmacist located in an out-of-state CPO, who was not registered with the Board. Respondent Nguyen overrode a DUR alert that olanzapine and quetiapine are similar therapies.

7. On or about September 24, 2017, Respondent TranDac overrode DUR alerts and refilled prescription no. 2939936.

8. On or about September 27, 2017, Respondent Mettus performed product review and dispensed Seroquel (generic quetiapine) 200 mg tablets for prescription no. 2942008, and refilled prescription no. 2939938 for quetiapine 100 mg tablets. DUR alerts for both prescriptions were overridden by a Walgreens pharmacist located in an out-of-state CPO, who was not registered with the Board.

9. On or about September 27, 2017, Respondent Mettus performed product review and refilled prescription no. 2933781 for Zaleplone 5 mg; in the process Mettus overrode a DUR alert on the belief that the prescribing practitioner had determined it medically appropriate for T.M. to take the medication for longer than the recommended duration of 35 days.

10. Board staff incurred at least $5.137.45 in attorney's fees and recoverable costs investigating and prosecuting this administrative action. The attorney's fees are reasonable based upon legal counsel's professional qualities, the nature of this administrative enforcement action, the work performed, and the result as evidenced by this Order.

CONCLUSIONS OF LAW

Based on the forgoing findings of fact, the Board concludes as a matter of law:

1. The Board has jurisdiction over this matter and these Respondents, because at the time of the events herein, Respondents held registrations and licenses issued by the Board.

2. The applicable law in this matter is as follows:

A. Unprofessional conduct includes the failure by a registrant to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d). Unprofessional conduct also includes failing to confer with the person writing or ordering a prescription if there is an error or omission which should be questioned. NAC 639.945(1)(e). Unprofessional conduct also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

B. A pharmacist shall review a patient's record before dispensing a prescription to determine its therapeutic appropriateness, including overutilization, therapeutic duplications, contraindications and interactions. NAC 639.707(4).

C. Any violation of any of the provisions of this chapter [NRS Chapter 639] by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5).

D. The owner of a pharmacy, the managing pharmacist of the pharmacy and the registered pharmacist on duty at the pharmacy are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission. NAC 639.702.

E. The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

3. Nguyen, Mettus and TranDac each violated NAC 639.707(4) and engaged in unprofessional conduct as defined in NAC 639.945(1)(d), (e) and/or (i) when they verified the final product as accurate, failed to contact the prescriber(s) to clarify potential duplication errors, overrode DUR alerts and/or erroneously dispensed medication, and each is therefore subject to discipline pursuant to NRS 639.210(4) and/or (12).

4. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, including the acts and omissions of Respondents Nguyen, Mettus and TranDac, Walgreens Pharmacy #3842 is responsible for those violations pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on July 15, 2009 in Las Vegas, Nevada. The Board was represented by Carolyn J. Cramer, General Counsel to the Board. All Respondents were represented by Robert C. Graham. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties stipulated to the admission to all exhibits. The Respondents did not contest that Heidi Almase got generic levothyroxine instead of brand name Synthroid as prescribed by her doctor but did question the symptoms that Ms. Almase experienced. Board Staff presented the testimony of Heidi Almase and Danny Garcia. Respondents presented the testimony of Ms. Duong. Based upon the presentations of the parties, the Board finds the following to be the facts of this matter.

2. On February 21, 2008, Heidi Almase was prescribed Synthroid 75 mcg. tablets with five refills by physician assistant, Kevin Thorn. On the prescription P.A.

Thorn had written "Dispense As Written", in his own handwriting. Heidi Almase had been given some samples for Synthroid and began taking the samples until April 12, 2008 when she took the Synthroid 75 mcg. prescription to Walgreens #03842 to be filled. Ms. Duong testified that she was the pharmacist who was responsible for filling the Synthroid 75 mcg. prescription. Ms. Duong testified that she did not notice the "Dispense As Written" placed on the prescription by P.A. Thorn and dispensed generic levothyroxine not Synthroid 75 mcg.

3. Ms. Almase testified that she began taking the medication and started to notice that her hair was falling out, her throat felt constricted and she was experiencing chest pains. Ms. Almase made another appointment with her doctor who increased the dosage of Synthroid from 75 mcg. to 88 mcg. but her doctor neglected to write on the prescription "Dispense As Written" and only checked the box with the words, "Dispense As Written, Brand Medically Necessary". On June 5, 2008, Ms. Almase took this prescription to Walgreens # 03842 and Pharmacist Aimee Cheng dispensed generic levothyroxine because Ms. Almase had previously been dispensed levothyroxine and the prescribing practitioner, Dr. Litchfield had not correctly ordered brand name Synthroid be dispensed to Ms. Almase pursuant to NRS 639.2583(5)(b).

4. At hearing, Ms. Almase testified that she continued taking the drug but then went to the emergency room on June 23, 2008 with extreme chest pain, dizziness and numbness in her extremities. During her emergency room visit Ms. Almase learned that she had been taking generic levothyroxine, not brand name Synthroid, as prescribed by P.A. Thorn on February 21, 2008.

5. Mr. Garcia testified as to the investigation he conducted and the evidence that he collected in this investigation.

6. Ms. Duong testified that she made the mistake and filled the prescription with generic levothyroxine instead of brand name Synthroid as directed by the practitioner. Ms. Duong also apologized to Ms. Almase for her mistake and answered questions from the Board.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Duong is a pharmacist licensed by the Board and Walgreens #03842 is a pharmacy licensed by the Board.

2. By filling and dispensing a prescription for Ms. Almase that was the wrong medication, namely by misfiling Ms. Almase's Synthroid prescription with generic levothyroxine, Ms. Duong violated NRS 639.210(4) and NAC 639.945(1)(d) and (i).

3. In owning and operating the pharmacy in which Ms. Duong committed the error regarding Ms. Almase's Synthroid prescription, Walgreens #03842 violated NRS 639.210(4) and NAC 639.945(1)(i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Ms. Duong shall pay a fine of $500.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Walgreens #03842 shall receive a letter of concern.

3. The failure by Ms. Duong to comply with any term in this order shall result in the immediate suspension of her license and will also result in further discipline, up to and including revocation of the her license.

Signed this 12th day of August, 2009.

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on January 11, 2006 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert C. Graham. Based on the presentations of the parties and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, the parties agreed that Respondents would not contest the facts as plead in the Notice of Intended Action and Accusation. The parties also agreed to dismiss the Second Cause of Action against Mr. Larsen. Because of the agreement of the parties, Board Staff did not present any witnesses or evidence. Respondents presented the testimony of Mr. Larsen, Holly Prievo and Matt Forster. Based upon the presentations of the parties, the Board finds the following to be the facts of this matter.

2. On January 23, 2005, Patient T was not feeling well and went to Sunrise Hospital's emergency room at approximately 6:00 p.m. Patient T was seen by Dr.

James Fenner. Based upon his diagnosis that Patient T suffered from a mild upper respiratory tract infection, Dr. Fenner prescribed for Patient T two prescriptions, one for Zithromax and one for Flumadine.

3. On January 24, 2005, Patient T's godmother, Ms. P, took Patient T's prescriptions to Walgreens #03842 to have them filled. After the prescriptions were filled, Ms. P gave the prescriptions to Patient T. Shortly thereafter, Patient T ate some food and took her medications from the prescriptions as directed. Thereafter, Patient T noticed that her heart began beating very fast and she experienced shortness of breath. Patient T attributed these symptoms to the flu and immediately went to bed.

4. On January 25, 2005, Patient T awoke at approximately 8:30 a.m., ate breakfast, and again took her medications as directed. Patient T is a college student, and so she went to class. By mid-morning, Patient T experienced the same symptoms she had experienced the previous evening. Patient T associated both instances with the taking of her medication, so she took her prescriptions back to Walgreens #03842 and spoke with Mr. Larsen about the concerns and symptoms after she took her medication. Mr. Larsen acknowledged that there had been an error with the Flumadine prescription and that she had received flecainide in error. Flumadine is an antiviral drug, whereas flecainide is an antiarrhythmic drug. Patient T felt that Mr. Larsen was uncaring that she had ingested the wrong medication, however he took the misfiled prescription container from her, refilled the prescription with the correct medication, and sent her home.

5. Patient T was very concerned regarding her condition, so she returned to Sunrise Hospital's emergency room. Patient T was later admitted to the hospital at approximately 2:30 p.m. for observation. A cardiologist at Sunrise Hospital began

testing Patient T by giving her a stress test, echocardiogram, and electrocardiogram. Patient T remained in the hospital for two days. Fortunately the prognosis indicated that at the time she had not suffered any damage to her heart but that there was uncertainty if she would suffer any adverse effects in the future.

6. The Board's investigation determined, and Mr. Larsen at hearing admitted, that Mr. Larsen was the pharmacist responsible for the misfiling of Patient T's Flumadine prescription with flecainide.

7. At hearing, Mr. Larsen explained that he was responsible for the error regarding Patient T's Flumadine prescription. He also testified that after Patient T brought the error to his attention, he immediately filled the prescription correctly and dispensed the corrected prescription to Patient T. Mr. Larsen and Mr. Forster both testified that technological advances presently in place or presently in the works would have potentially prevented the error that occurred regarding Patient T's Flumadine prescription.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Larsen is a pharmacist licensed by the Board and Walgreens #03842 is a pharmacy licensed by the Board.

2. By filling and dispensing a prescription for Patient T that was not prescribed for her, namely by misfilling Patient T's Flumadine prescription with flecainide, Mr. Larsen violated NRS 639.210(4) and NAC 639.945(1)(b), (d), and (i).

3. In owning and operating the pharmacy in which Mr. Larsen committed the error regarding Patient T's Flumadine prescription, Walgreens #03842 violated NRS 639.210(4) and NAC 639.945(1)(b), (d) and (i) and (2).

4. The Second Cause of Action against Mr. Larsen is dismissed with prejudice.

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Mr. Larsen shall pay a fine of $500.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Mr. Larsen shall pay one-half of the Board's costs and attorney's fees of $480.00 and the Board's administrative fee of $250.00, for a total of $365.00 ($480.00 + $250.00 / 2 = $365.00) by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Walgreens #03842 shall pay a fine of $500.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

4. Walgreens #03842 shall pay one-half of the Board's costs and attorney's fees of $480.00 and the Board's administrative fee of $250.00, for a total of $365.00 ($480.00 + $250.00 / 2 = $365.00) by cashier's or certified check or money order made payable to "Nevada State Board of Pharmacy" to be received by the Board's Reno office within 90 days of the effective date of this Order.

5. The Second Cause of Action in the Notice of Intended Action and Accusation is dismissed with prejudice against Mr. Larsen.

6. The failure by Mr. Larsen to comply with any term in this order shall result in the immediate suspension of his license and will also result in further discipline, up to and including revocation of the his license. The failure by Walgreens #3842 to comply

with any term in this order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

NOTICE OF INTENDED ACTION AND ACCUSATION

Case No. 05-034-RPH-S

Case No. 05-034-PH-S

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Scott T. Larsen is a pharmacist licensed by the Board and Walgreens #03842 is a pharmacy licensed by the Board, located at 2389 East Windmill Lane, Las Vegas, Nevada.

II.

On or about January 23, 2005, Patient T was not feeling well and went to Sunrise Hospital emergency room at approximately 6:00 p.m. Patient T saw Dr. James Fenner and was examined and prescribed two medications. Patient T left Sunrise Hospital with a written prescription for Zithromax and a second prescription for Flumadine for a mild upper respiratory tract infection.

III.

On January 24, 2005, Patient T asked her Godmother, Ms. P, to have her prescriptions filled for her. Ms. P took the prescriptions to be filled to Walgreens #03842. Ms. P delivered the medications to Patient T and left. Patient T ate something and began her medication therapy. Patient T noticed that her heart was beating very fast and she experienced shortness of breath. Patient T attributed these symptoms to the flu and immediately went to bed.

IV.

On January 25, 2005, Patient T awoke at approximately 8:30, ate breakfast and took her medication. Patient T is a student and went to class. By mid-morning Patient T was experiencing the same symptoms she had experienced the previous evening. Patient T associated both instances with the taking of her medication, so she took her medication back to Walgreens #03842 and spoke with Mr. Larsen about her concerns and symptoms after ingesting her medication. Mr. Larsen acknowledged that there had been an error with her Flumadine prescription and that she had received flecainide in error. Flumadine is an antiviral drug, whereas flecainide is an antiarrhythmic drug. Patient T felt that Mr. Larsen was uncaring that she had ingested the wrong medication, however he took the misfilled prescription container from her, refilled the prescription with the correct medication and sent her on her way.

V.

Patient T was very concerned regarding her condition so she returned to Sunrise Hospital emergency room. Patient T was admitted to the hospital at approximately 2:30 p.m. for observation. A cardiologist at Sunrise Hospital began testing Patient T by

giving her a stress test, echocardiogram, and electrocardiogram. Patient T remained in the hospital for two days. Fortunately her prognosis indicated that at the time she had not suffered any damage to her heart but there was uncertainty if she would suffer any adverse effects in the future.

VI.

The Board's investigation determined that Mr. Larsen was the pharmacist responsible for the misfilling of Patient T's Flumadine prescription with flecainide.

VII.

During the Board investigation of this matter, Ms. P was questioned regarding counseling on the two new prescriptions she had submitted for filling at Walgreens #03842. Ms. P stated that an unknown female pharmacist advised Ms. P how to use the medications she received for Patient T. Even though Ms. P was counseled, the counseling log indicated that Ms. P had refused counseling and this entry was initialed by Mr. Larsen.

FIRST CAUSE OF ACTION

VIII.

By filling and dispensing a prescription for Patient T that was not prescribed for her, namely by misfilling Patient T's Flumadine prescription with flecainide, Respondent Larsen violated NRS 639.210(4) and NAC 639.945(1)(b), (d), and (i).

SECOND CAUSE OF ACTION

IX.

In failing to keep accurate records regarding patient counseling, namely that Ms. P was counseled by an unknown female pharmacist and the documentation in the

counseling log initialed by Mr. Larsen indicated that she had refused counseling, Mr. Larsen violated NRS 639.210(4) and NAC 639.707(6) and 639.945(1)(i).

THIRD CAUSE OF ACTION

X.

In owning and operating the pharmacy in which the error took place, Walgreens #03871 violated NRS 639.210(4) and NAC 639.945(1)(b), (d) and (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Signed this 13th day of October, 2005.

Nevada State Board of Pharmacy

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

TOU G. MOUA, R.Ph,
Certificate of Registration No. 13992

WALGREEN'S #03843,
Certificate of Registration No. PH1062;

Respondents.

NOTICE OF INTENDED ACTION AND ACCUSATION
Case No. 00-016A-RPH-S

Case No. 00-016B-PH-S

COMES NOW Keith W. Macdonald, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter and these Respondents for the following reasons:

A. Respondent Tou G. Moua, is a registered pharmacist with the Board (Certificate of Registration No. 13662).

B. Respondent Walgreen's #03843, is a registered pharmacy with the Board (Certificate of Registration No. PH1062), located at 2995 East Flamingo Road, Las Vegas, Nevada.

II.

Mr. Moua's pharmacist license was due to be renewed on October 31, 1999. Mr. Moua's application for renewal was hand carried to the Board office on November 24, 1999. Mr. Moua worked at Walgreen's #03843, for nine days, November 1st through the 3rd, and November 11th through the 16th, 1999 without a valid pharmacy license.

Five notices were sent as renewal reminders: 1) A fax broadcast went to all pharmacies in the state of Nevada on February 3, 1999 advising them that unlicensed personnel was a serious concern and disciplinary action would result against pharmacy ownership if they employed unlicensed personnel; 2) A fair warning notice to pharmacists was published in an article in the July 1999 Newsletter advising of the consequences of pharmacists who do not renew their licenses in a timely manner; 3) A postcard dated August 2, 1999 was sent to all pharmacists advising them that their renewals were due on October 31, 1999, renewal applications would be mailed mid-September, and formal disciplinary action would be exercised for persons that practiced pharmacy with an expired license; 4) The renewal applications were sent to each pharmacist licensed in Nevada on September 15, 1999 allowing them six weeks to return the completed applications post-marked no later than October 31, 1999; 5) The October 1999 Newsletter again had a "Last Reminder" for pharmacists and the consequences of not renewing their licenses.

FIRST CAUSE OF ACTION

III.

By failing to renew his license by the October 31, 1999 deadline date, Mr. Moua violated NRS 639.210(4) and (13) and NAC 639.945(1)(i).

SECOND CAUSE OF ACTION

IV.

By working at Walgreen's #03843 without a current active pharmacist license, Mr. Moua violated NRS 639.210(4) and 639.284(2) and NAC 639.945(1)(i).

THIRD CAUSE OF ACTION

V.

By employing an unlicensed pharmacist who worked a without a current license, Respondent Walgreen's #03843 violated NRS 639.210(4) and (13) and 639.284(1) and NAC 639.945(1)(i) and (j) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Signed this 16th day of February, 2000.

NOTICE OF INTENDED ACTION AND ACCUSATION

JOSEPH A. DANIELS, R.PH,
Certificate of Registration No. 13726,

Case No. 98-052A-RPH-S

WALGREENS #03844,
Certificate of Registration No. PH1123;

Case No. 98-052B-PH-S

Respondents.

COMES NOW Keith W. Macdonald, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter and these Respondents for the following reasons:

A. Respondent Joseph A. Daniels, is a registered pharmacist with the Board (Certificate of Registration Number 13726).

B. Respondent Walgreens (Walgreens #03844) is a registered pharmacy with the Board (Certificate of Registration Number PH1123), located at 5011 East Sahara Avenue, Las Vegas, Nevada.

II.

On or about April 20, 1998, Respondent Walgreens #03844 received a prescription for 30 dosage units of Amoxicillin 50 mg. Respondent Daniels filled the prescription correctly according to Patient S's dentist's orders; however, Mr. Daniels failed to notice the reference in the Walgreens computer that Patient S was allergic to penicillin.

III.

Patient S, unaware that amoxicillin is a form of penicillin, took the medication for two days before he broke out in a rash on his thighs. Respondent Daniels admits that Patient S's computer file flagged Patient S's allergy to penicillin and that this error should have been caught.

IV.

Walgreen's #03844 counseling log indicated counseling was refused. Patient S stated he dropped off two new prescriptions issued from his dentist, Dr. Samuel Kim, one for Percocet and one for amoxicillin. Patient S picked the filled prescriptions up at the drive through window of the pharmacy and stated he was not counseled or given the option for counseling for either medication.

FIRST CAUSE OF ACTION

V.

In dispensing a prescription drug that Mr. Daniels should have known would cause harm to the patient, Respondent Daniels violated Nevada revised Statutes (NRS) 639.210(4) and Nevada Administrative Code (NAC) 639.945 (1) (i).

SECOND CAUSE OF ACTION

VI.

In failing to counsel Patient S, Mr. Daniels violated NRS 639.266 and NAC 639.945(1)(i) and 639.707 (1) (a).

THIRD CAUSE OF ACTION

VII.

In owning and operating the pharmacy in which the above acts and violations occurred, Respondent Walgreens #03844 violated NRS 639.210(4) and 639.945 (1) (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Signed this 15th day of December, 1998.

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

Case No. 98-052A-RPH-S

Case No. 98-052B-PH-S

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on January 20, 1999 in Las Vegas. The Board was represented by Louis Ling, Senior Deputy Attorney General. Respondent Joseph A. Daniels appeared and represented himself, and George Flaherty appeared on behalf of and represented Respondent Walgreens #03844. Staff and the Respondents stipulated to the entry into evidence of five exhibits, and Respondents admitted the truth of the averments made in the Accusation and Notice of Intended Action. Mr. Daniels and Mr. Flaherty testified. Based on the admissions, testimony, and documents presented as well as the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. On April 20, 1998, Terry Sackett took a prescription to be filled to Walgreens

#03844. The prescription was for amoxicillin 50 mg. #30. Mr. Daniels filled the prescription correctly. In the course of filling the prescription, the pharmacy's computer issued a warning that Mr. Sackett was allergic to penicillin. Mr. Daniels overrode the computer's warning and dispensed the prescription to Mr. Sackett.

2. Mr. Sackett was unaware that amoxicillin is a form of penicillin, so he took the amoxicillin for two days before he broke out in a rash on his thighs.

3. When Mr. Sackett picked up the prescription, he did so at the drive-through window. The logs of the counseling window from the time around which Mr. Sackett's prescription was dispensed showed that every patient refused counseling. In fact, the way the log was filled out, in most cases it would have been impossible to have indicated on the log that counseling had been accepted. At hearing, Mr. Flaherty admitted that at the time of Mr. Sackett's prescription, no counseling was occurring at the drive-through window. Mr. Flaherty explained that now counseling was occurring with about 50% of the people using the drive-through window. Based upon Mr. Flaherty's testimony, we find that Mr. Sackett was not counseled regarding his amoxicillin prescription, even though the prescription was a new prescription, the prescription was for a drug to which Mr. Sackett was allergic, and the pharmacy and Mr. Daniels knew of Mr. Sackett's allergy at the time the prescription was filled and dispensed.

4. At hearing, Mr. Daniels admitted that the pharmacy's computer had worked correctly and had warned him about Mr. Sackett's penicillin allergy. The pharmacy's computer had a safety feature that only a pharmacist could override such a warning

and that the override required several keystrokes within two separate warning screens before the prescription could be further processed. Mr. Daniels could not and did not explain at hearing why he overrode the warning screens or why he did not bring the allergy warnings to Mr. Sackett's attention.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Daniels is a pharmacist licensed by the Board and Respondent Walgreens #03844 is a pharmacy licensed by the Board.

2. In dispensing a prescription drug that Mr. Daniels knew of should have known would cause harm to a patient, namely in dispensing amoxicillin to a patient with a known penicillin allergy, Mr. Daniels violated NRS 639.210(4) and NAC 639.945(1)(i).

3. In failing to counsel Mr. Sackett, especially in failing to counsel Mr. Sackett about potential problems amoxicillin might have as a result of Mr. Sackett's allergies, Mr. Daniels violated NRS 639.266 and NAC 639.945(1)(i) and 639.707(1)(a).

4. In owning and operating the pharmacy in which Mr. Daniels committed the above violations and in employing Mr. Daniels, Walgreens #03844 violated NRS 639.210(4) and NAC 639.945(1)(i) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Mr. Daniels shall pay a fine of $350.00 ($200.00 for dispensing a harmful

drug and $150.00 for failing to counsel a patient) in cash, cashier's or certified check, or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Walgreens #03844 shall receive no discipline.

4. The failure by Mr. Daniels to comply with any term in this order shall result in a fine of $1,000 per day for every day that the term is not complied with, up to a maximum of $30,000, and will also result in further discipline, up to and including revocation of his license. Furthermore, any failure to pay any fine, fee, or cost ordered herein will also result in such legal action as Board staff determines to be necessary to collect the unpaid fine, fee, or cost.

Signed and effective this 18th day of February, 1999.

Case No. 07-063-PH-S

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Christina M. Romero is a registered pharmaceutical technician with the Board and Walgreens Pharmacy #03844 is a registered pharmacy with the Board.

II.

On or about June 25, 2007, Ms. Romero contacted Board staff to obtain a duplicate copy of her pharmaceutical technician registration. It was discovered that Ms. Romero had not renewed her pharmaceutical technician registration that was due for renewal by October 31, 2006. Ms. Romero indicated that she was working at Walgreens Pharmacy #03844.

III.

On or about June 26, 2007, Board staff contacted Holly Prievo, District Pharmacy Supervisor for Walgreens, and requested the hours that Ms. Romero worked from November 1, 2006 to June 25, 2007. Ms. Prievo reported to Board staff that Ms. Romero worked for 1,312 hours. Assuming Ms. Romero worked eight hour shifts,

Ms. Romero worked unregistered for 164 days.

FIRST CAUSE OF ACTION

IV.

By working without having renewed her pharmaceutical technician registration for 164 days, Ms. Romero violated NRS 639.210(4) and (13) and NAC 639.945(1)(k).

SECOND CAUSE OF ACTION

By employing Ms. Romero and allowing Ms. Romero to work for 164 days without being registered with the Board, Walgreens Pharmacy #03844 violated NRS 639.210(4) and (13) and NAC 639.945(1)(k) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

_____/

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on October 24, 2007 in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All Respondents were represented by Robert Graham of Rob Graham and Associates. The parties entered an oral stipulation which was presented to the Board at the hearing of the matter by Mr. Ling. Based upon the agreements and presentations of the parties, the Board finds the following to be the facts of the matter.

FINDINGS OF FACT

1. The parties orally stipulated to the presentation of this matter by Mr. Ling and that appearances would not be expected from any of the Respondents or Mr. Graham. Mr. Ling explained that the three individual Respondents had already attended a continuing education session regarding Nevada jurisprudence and that all Respondents were agreeable to the presentation made by Mr. Ling.

2. All registrations of pharmaceutical technicians and pharmaceutical technicians in training were required to be renewed by October 31, 2006, and any such registration that was not renewed by October 31, 2006 expired. No pharmaceutical technician or pharmaceutical technician in training may lawfully be employed as a pharmaceutical technician or pharmaceutical technician in training on an expired registration.

2. All of the Respondent pharmaceutical technicians and pharmaceutical technicians in training in this matter failed to renew their respective registrations by October 31, 2006, and all were employed by the various Respondent Walgreen pharmacies as pharmaceutical technicians or pharmaceutical technicians in training on expired registrations. Following is a table of the Respondents and the number of hours and estimated workdays (based upon an assumed eight-hour workday) worked by each Respondent on expired registrations:

Respondents	Hours Worked	Estimated Days Worked
McCulloch/Walgreens #05646	1,440	180
DeRosia/ Walgreens #05646	1,384	173
Romero/ Walgreens #03844	1,312	164
TOTALS	**4,136**	**517**

3. At hearing, Board Staff explained that Walgreens has had a good recent history regarding assuring that its employees have properly and timely renewed their

registrations. Two of the three matters in this case arose from one pharmacy, and the issues regarding that pharmacy have been addressed. Board Staff also explained that the Board's efforts to gain compliance with the renewal and registration laws have been largely successful and that the few instances, such as those in this case, are aberrations.

CONCLUSIONS OF LAW

1. The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondents DeRosia, and Romero are pharmaceutical technicians registered by the Board, Respondent McCulloch is a pharmaceutical technician in training registered by the Board, and Respondents Walgreens ##05646 and 03844 are pharmacies licensed by the Board.

2. In working as a pharmaceutical technician or pharmaceutical technician in training on expired registrations, Respondents DeRosia, Romero, and McCulloch each violated NRS 639.210(4) and (13) and NAC 639.945(1)(k).

3. In employing the individual Respondents, Walgreens ##05646 and 03844 violated NRS 639.210(4) and (13) and NAC 639.945(1)(k) and (2).

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. Each Respondent Walgreens pharmacy shall pay a fine of $250.00 for each of the pharmaceutical technicians or pharmaceutical technicians in training employed with expired registrations. Walgreens may choose to pay by a single cashier's or certified check or money order made payable to "State of Nevada, Office of the

Treasurer" in a total amount of $750.00 to be received by the Board's Reno office within 90 days of the effective date of this Order.

2. Each Respondent technician or technician in training shall pay a fine of $250.00 by a cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 90 days of the effective date of this Order.

3. Respondents DeRosia, Romero, and McCulloch shall each attend and successfully complete a Nevada jurisprudence continuing education course presented by Board Staff at such time and place as is set by Board Staff, which attendance may already have been completed before the effective date of this Order and shall be deemed compliance with this Order.

4. The failure by any individual Respondent to comply with any term in this Order shall result in the immediate suspension of her registration and will also result in further discipline, up to and including revocation of the registration. The failure by any Respondent Walgreens pharmacy to comply with any term in this Order shall result in a fine of $1,000 per day for every day that it has failed to comply with the Order until the Order is fully complied with, up to a total fine not to exceed $30,000, and will also result in further discipline, up to and including revocation of the its license.

Signed and effective this 20th day of November, 2007.

Respondents.	

THIS MATTER was heard by the Board at its regular meeting on July 24, 2002, in Las Vegas, Nevada. The Board was represented by Louis Ling, General Counsel to the Board. All of the Respondent Walgreen's pharmacies, Walgreens Co., and Respondents Carl M. Heuer, Peter A. Riso, Jr., Peter M. Kambiss, Jonathan C. Box, Scott L. Trinh, Robin M. Bonga, Michele L. Ito, and Stephen C. Lessard were represented by Graham, Wilde, Harker & Boggess and Robert C. Graham. Respondent Jessica Nguyen was represented by Thomas J. Tanksley. Respondent Michael Triolo was represented by Kathleen A. Murphy. Respondent John M. Quinn appeared and represented himself.

Prior to the hearing, Mr. Ling and Mr. Graham stipulated to bifurcate the matter involving Walgreen's Pharmacy #03843 and Carl M. Heuer (Case No. 02-065) from the remaining matters. Mr. Ling and Mr. Graham further agreed that Case No. 02-065

would be heard at the Board's regular meeting on October 16, 2002 in Las Vegas. The Board accepted the stipulation proposed by Mr. Ling and Mr. Graham and ordered that Case No. 02-065 be heard separately on October 16, 2002.

As a result of the stipulation to bifurcate approved by the Board, the Board heard the remaining matters at its hearing on July 24, 2002. Based upon the testimony and evidence presented and the public records in the possession of the Board, the Board issues the following findings of fact, conclusions of law, and order resolving as a final order all matters except Case No. 02-065.

FINDINGS OF FACT

1. The Board and the various Respondents' counsels presented the testimony of numerous witnesses and introduced several exhibits into evidence. Because the testimonies of most of the witnesses served primarily for individual matters and for the sake of administrative convenience, the Board will state the facts for each matter on a matter-by-matter basis.

Walgreens #3871 & Jonathan Box (Case No. 02-038)

2. Counsel for Walgreens and Mr. Box and the General Counsel agreed that the facts as plead in the Notice of Intended Action and Accusation were true and correct regarding this matter. The General Counsel stated that the complainant in this matter was unavailable for medical reasons, but because of the agreement reached between the parties, his testimony would be unnecessary. Counsel for Walgreens and Mr. Box presented the testimony of Mr. Box.

3. On January 7, 2002, Patient M's physician prescribed Singulair 5mg. tablets for him to help with his breathing difficulty. Patient M's physician telephoned the prescription to Walgreen's #03871 to be filled. Patient M is a five-year-old male with an asthmatic condition.

4. Patient M took the medication for four days before telling his father that the "medicine tasted funny." Patient M's father checked the prescription bottle and it was labeled correctly. Upon closer observation Patient M's father found that the label had been placed on a stock bottle of Proscar 5 mg. tablets. After checking the tablets in the Proscar stock bottle it was determined that the medication was not Singulair as prescribed, but Proscar tablets.

5. Mr. Box was the pharmacist who filled Patient M's prescription. Mr. Box stated that he doubted that he had counseled Ms. M when she picked up the prescription for Patient M as he believed Patient M had taken Singulair in the past. The counseling log was inconclusive as there were no initials on the log. At hearing, Mr. Box stated that he could not explain how he had mistakenly filled a Singulair prescription with Proscar 5 mg.

Walgreens #05014 & Michelle Ito (Case No. 02-032)

6. Board staff presented the testimony of Aubrey Alexander. According to Ms. Alexander, on February 6, 2002, she took two new prescriptions from her physician to Walgreen's #05014 to be filled. One prescription was for Ambien for her sleeping difficulties and the other was for Ultram for persistent pain. Ms. Alexander dropped the prescriptions off in the morning and was advised she could pick them up in the afternoon. Ms. Alexander inquired if she could use the drive-through to pick up her prescriptions and was told that she could pick them up at that location.

7. Ms. Alexander returned to Walgreen's #05014 at approximately 4:00 p.m. to pick up her medication at the drive-through window. Ms. Alexander recalls having to wait for a period of time as there were two cars ahead of her in line. When she arrived at the drive-through window, Ms. Alexander was told by a pharmacy technician that her prescriptions were not ready. Ms. Alexander asked the pharmacy technician to check again as she was told the prescriptions would be ready at 3:00 p.m. After a few minutes' wait, the pharmacy technician returned with her prescriptions. Ms. Alexander was asked if she had taken these medications before. Ms. Alexander indicated that she had taken both medications before. Other than the question asked by the pharmacy technician, Ms. Alexander was not counseled by a pharmacist on her prescriptions even though both prescriptions were new to her profile at this pharmacy.

8. While in her vehicle, Ms. Alexander took one tablet from the Ultram vial for the pain she was experiencing and left the pharmacy to run errands. After an hour had passed and her pain had not diminished, Ms. Alexander took a second tablet from the Ultram vial. After taking the second tablet Ms. Alexander began feeling disoriented and sick to her stomach. Ms. Alexander cancelled her plans to run errands, went home and fell asleep sitting up in a chair. Ms. Alexander explained at hearing that it was

extremely unusual and out of character for her to sleep in a chair. Several hours later she was awakened by her telephone ringing.

9. Ms. Alexander realized that something was wrong with the medication she had taken and reviewed the prescription bottles she picked up from Walgreens #05014 earlier in the day. After looking inside the bottles, Ms. Alexander discovered the Ambien medication was in the prescription bottle labeled Ultram and the Ultram medication was in the prescription bottle labeled Ambien.

10. The Board's investigation showed that there were two labels on each bottle. The underneath labels were for the correct medication, but the instructions for taking the medications were incomplete.

11. At hearing, Ms. Ito explained that when she was verifying prescriptions filled by the pharmaceutical technicians at Walgreens #05014 she discovered that the label for one of Ms. Alexander's prescriptions contained an incomplete direction for use, so she sent the prescriptions back to the pharmaceutical technician to have the label corrected. The two vials would have been sent back together since they were for the same patient. Ms. Ito explained that she would have checked the new labels and that she could not explain why she did not discover that the new labels had been improperly placed upon the wrong vials.

12. Ms. Ito also explained that the pharmacy's computer system showed that Ms. Alexander picked up her prescription at 4:07 p.m. Ms. Ito claimed that she was off shift at 4:00 p.m. and that she would have left precisely at 4:00 p.m. Thus, Ms. Ito claimed that she could not have been the pharmacist who failed to counsel Ms. Alexander and that the pharmacist who replaced Ms. Ito would have been responsible to counsel Ms. Alexander.

Walgreens #06310 and Stephen Lessard (Case No. 01-019)

13. Board staff presented the testimony of Rebecca Gang. According to Ms. Gang, on February 7, 2002, she took two new prescriptions from her physician to Walgreen's #06310 to be filled. One prescription was for Ambien 5mg. #20 and the other was for Synthroid 0.075mg. #90. Ms. Gang dropped the prescriptions off at approximately 9:30 a.m.

14. Ms. Gang returned to Walgreen's #06310 at approximately 12:30 p.m. to pick up her medication at the drive-through window. Ms. Gang was told by a Walgreen's pharmacy clerk that they owed her 85 pills on her prescription. Ms. Gang questioned the clerk and the clerk advised her that they had run out of Levothyroxine. Ms. Gang advised the clerk that she was taking Synthroid, not Levothyroxine, and asked to speak to the pharmacist. Ms. Gang asked the clerk to speak to the pharmacist several times, but the pharmacist did not respond to Ms. Gang's requests.

15. Ms. Gang was advised that her prescription for Synthroid would be ready in approximately 15 minutes. Ms. Gang requested her prescription for Ambien and indicated she would return later for the Synthroid prescription. Ms. Gang was not counseled for her new prescription for Ambien.

16. Ms. Gang returned to the drive-through window of Walgreen's #06310 later in the evening of February 7th to pick up her prescription for Synthroid. Ms. Gang was not counseled for her new prescription for Synthroid by the pharmacist on duty, Stephen Lessard.

17. At hearing, Mr. Lessard explained that it was Walgreens' routine and policy to substitute levothyroxine for Synthroid, even though he admitted that the two are not AB rated. Mr. Lessard explained that he did not speak to Ms. Lessard because his pharmaceutical technician relayed Ms. Gang's questions to him while he was filling Ms. Gang's Synthroid prescription. He further explained that he was on his way over to counsel Ms. Gang, but the pharmaceutical technician had already given Ms. Gang the Ambien prescription and so Ms. Gang left before he could speak with her.

Walgreens #05015 & Jessica Nguyen (Case No. 02-031)

18. Board staff presented the testimony of Robbie Ierley. Ms. Ierley testified that on February 25, 2002, she took a new prescription from her dentist for Decadron Dosepak to Walgreen's #05015 to be filled. Ms. Ierley stated that she was quite familiar with the Decadron Dosepak because it was an older medication that she had dispensed when she worked at retail pharmacies and because it was manufactured by Merck, and she was presently employed as a pharmacist by the Merck-Medco pharmacy facility in Las Vegas.

19. The pharmacy was busy and Ms. Ierley waited for approximately an hour for her prescription to be filled. When Ms. Ierley finally picked up her prescription, a clerk brought Ms. Ierley her prescription and said to her, "I know you're a pharmacist", to which Ms. Ierley replied that she was. The clerk told Ms. Ierley that her prescription would be $10.00 and concluded the transaction. Ms. Ierley was not counseled regarding her prescription even though Medrol Dosepak was new to Ms. Ierley's profile at the pharmacy.

20. When the prescription was ready Ms. Ierley noticed that her prescription had been filled with Methylpredisolone 4mg. Dosepak. Ms. Ierley is a pharmacist and knew that the strength of the drug she was given was not as strong as the drug her dentist prescribed. Ms. Ierley questioned a pharmacist on duty, Jessica Nguyen, regarding the difference in strength. Ms. Nguyen told Ms. Ierley that she did not have Decadron Dosepak and argued that the drug she was given was exactly the same as the drug her dentist prescribed. Because of the way Ms. Nguyen addressed Ms. Ierley's concerns and because Ms. Ierley could not conceive that a pharmacist would change a drug on a prescription without first contacting the prescribing practitioner, Ms. Ierley assumed Ms. Nguyen had contacted her dentist to change the medication.

21. Ms. Ierley reluctantly took the medication home and began taking the medication given to her as directed because she was in considerable dental pain. Ms. Ierley tried to contact her dentist to verify the change in medication, but she was not able to make contact with him for four days. When Ms. Ierley finally spoke with her dentist, he informed her that he had not spoken to anyone from Walgreen's #05015 and that he did not authorize a change in medication.

22. Ms. Ierley related that the lower strength Methylpredisolone Dosepak failed her treatment. Her dentist gave Ms. Ierley another prescription for Decadron Dosepak that she had filled elsewhere, and fortunately her condition improved.

23. At hearing, Ms. Nguyen testified that Walgreens #05015 was extremely busy and, in her opinion, poorly staffed. Ms. Nguyen described one of her pharmaceutical technicians as 70 years old and incapable of keeping up with the accelerated pace of Walgreens #05015. Ms. Nguyen also indicated that Walgreens' computer system had a gauge that monitored how quickly various tasks were being completed, including how

quickly prescriptions were being filled. Ms. Nguyen's understanding of the gauges were that it was her responsibility to keep any of the three gauges from "going red."

24. Ms. Nguyen also testified that the policy for counseling at Walgreens was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the their request. X's or other marks would be placed on the counseling log by the clerk or pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time later.

Walgreens #04197 & Robin Bonga (Case No. 02-050)

25. Board staff presented the testimony of Darwin Albrecht. Mr. Albrecht testified that on March 27, 2002, he took a new prescription from his physician for Clomiphene Citrate 50 mg. #30 to Walgreen's #04197 to be filled. Mr. Albrecht dropped the prescription off late in the afternoon. Mr. Albrecht was aware from discussions with his physician that Clomiphene Citrate 50 mg. was an unusual drug to be prescribed for a male, and as a result of the unusual nature of the prescription, Mr. Albrecht wanted to speak with a pharmacist about the prescription.

26. Mr. Albrecht returned to Walgreen's #04197 between 7:00 and 8:00 p.m. to pick up his medication at the drive through window. He was given his new prescription by a Walgreen's pharmacy clerk, and he paid for his medication and departed through the drive through lanes.

27. Mr. Albrecht was not counseled for his prescription for Clomiphene Citrate 50 mg., even though the prescription was new to his profile and was for an unusual drug for a male.

28. At hearing, Ms. Bonga testified that she was aware that the prescription was unusual for a male patient, but she was not the pharmacist on duty at the time that Mr. Albrecht picked up the prescription. Ms. Bonga also testified that the policy for counseling at Walgreens was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the patients' request. X's or other marks would sometimes be placed on the counseling log by the clerk or

pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time later.

Walgreens #03844, Peter Riso, Peter Kambiss, & John Quinn
(Case No. 02-047)

29. Board staff presented the testimony of Serena Allen. Ms. Allen testified that prior to Saturday, March 30, 2002, she was traveling in California and realized that she would be out of her maintenance medication for her heart, Inderal 10 mg. tablets, by the weekend when she planned to returned home to Las Vegas. Ms. Allen telephoned Walgreen's #03844 and spoke with managing pharmacist Peter Riso to have her Inderal prescription refilled. Mr. Riso advised Ms. Allen that her refills had run out, but he would contact her physician to get refill authorization. Mr. Riso advised Ms. Allen that if contact with her physician was not made prior to her return, she could pick up 15 tablets to hold her over for the weekend.

30. Ms. Allen returned home and went to Walgreens #03844 to pick up her Inderal on Saturday, March 30, 2002. Ms. Allen's physician had not yet called the pharmacy to approve refilling her Inderal. Ms. Allen then requested from pharmaceutical technician John Quinn the 15 tablets Mr. Riso had promised her.

31. Mr. Quinn questioned the pharmacist on duty, Peter Kambiss, if he could give Ms. Allen 15 tablets of Inderal for the weekend. Mr. Kambiss gave Mr. Quinn permission to dispense an emergency amount of Inderal until her physician contacted the pharmacy to refill her prescription. At that time, Mr. Quinn obtained a stock bottle of Inderal 10 mg. tablets and poured a quantity of tablets in his hand, counted the tablets, and placed them in Ms. Allen's prescription vial. Ms. Allen questioned why Mr. Quinn was handling her medication with his hand. Mr. Quinn replied that it was common practice and Ms. Allen did not know pharmacy law. According to Ms. Allen, Mr. Quinn was abusive and rude, and all of the conversation between Mr. Quinn and herself occurred within the sight and hearing of Mr. Kambiss. Ms. Allen left the pharmacy with the medication.

32. A few minutes later, Ms. Allen returned with her husband and a member of the store management staff. Ms. Allen asked Mr. Kambiss to replace the Inderal tablets given to her by Mr. Quinn. According to Mr. Kambiss, up to this time, he was unaware

that Mr. Quinn had handled Ms. Allen's tablets with his hands. While Mr. Kambiss was replacing the Inderal tablets, Ms. Allen and Mr. Quinn began to argue again. Unfortunately, the argument grew increasingly heated with Mr. Quinn, Ms. Allen, and Mr. Allen all speaking loudly. All of this occurred in the sight and hearing of Mr. Kambiss, but according to Mr. Kambiss' testimony, he took no action with Mr. Quinn to stop the argument except to say Mr. Quinn's first name. Ms. Allen and her husband asked to see Mr. Quinn's pharmacy technician registration. Mr. Kambiss went to locate the certificate, however it was not in the frame where pharmacy staff licenses were kept.

33. Ms. Allen asked for a telephone number for a pharmacy supervisor and was given Marcie Ranick's telephone number. Ms. Allen thought to call Walgreens' management because she had dealt with Walgreens' management, specifically George Flaherty and Joe Daniels, regarding an earlier incident that had been satisfactorily managed by Mr. Flaherty and Mr. Daniels.

34. Prior to speaking with Ms. Ranick, Ms. Allen telephoned the Board office and checked to see if Mr. Quinn was registered. Ms. Allen was advised that Mr. Quinn had been registered as a pharmaceutical technician-in-training at a Sav-On pharmacy, but he left his employment where he was registered, and his registration was closed. Mr. Quinn did not have a pharmaceutical technician's registration and was not registered as a technician-in-training at Walgreens #03844 or at any other Walgreens pharmacy. Ms. Allen spoke with Ms. Ranick and found her to be unconcerned about Mr. Quinn's practice of filling prescriptions from the palm of his hand. Ms. Ranick also told Ms. Allen that Mr. Quinn was a registered pharmaceutical technician and that Board staff must have been mistaken.

35. The evidence showed that Mr. Quinn had been working at Walgreens #03844 since February 15, 2001 without a valid pharmacy technician registration certificate. During that time, Mr. Quinn worked a total of 18 days as a pharmaceutical technician without a proper registration.

36. After the incident with the Allens, Mr. Quinn brought a copy of his certificate to the pharmacy. Mr. Quinn explained that he had "whited-out" the employer on the copy of the certificate that he gave to Walgreens #03844 because it contained the

address of his previous and only authorized employer, Sav-on Pharmacy. Mr. Quinn "whited-out" Sav-on's name and address because he still worked occasionally at Sav-on on good terms and did not want his problems at Walgreens #03844 to become known to Sav-on.

37. After the incident with the Allens, Mr. Quinn was transferred to Walgreens Pharmacy #03845 where he continued to be employed. Board staff had notified Walgreens #03845 to cease to employ or use Mr. Quinn in the capacity of a pharmaceutical technician or technician-in-training until Mr. Quinn applied to be and was granted registration as a pharmaceutical technician-in-training at that pharmacy.

38. At hearing, Mr. Riso testified that he took responsibility for not checking Mr. Quinn's registration certificate closely. Mr. Riso said that once he discovered that Mr. Quinn was not properly registered as a technician-in-training at Walgreens #03844, Mr. Riso assigned Mr. Quinn only to clerk tasks and did not allow Mr. Quinn to perform any pharmaceutical technician tasks.

Walgreens #03872 & Michael Triolo (Case No. 02-062)

39. Board staff presented the testimony of Linda Owens. Ms. Owens testified that on April 10, 2002, she took five new prescriptions from her physician to Walgreen's #03872 to be filled. Ms. Owens decided she only wanted four of the prescriptions filled at that time. The pharmacy technician explained the pharmacy would keep the fifth prescription at the pharmacy in case Ms. Owens changed her mind and wanted to have it filled.

40. Ms. Owens noted that the pharmacy was extremely busy while she was waiting for her prescriptions to be filled. She testified that the pharmaceutical technician and the pharmacist were the only two employees and that the pharmaceutical technician was constantly in motion between the drive-up window, the telephone, the pharmacy counter, and the front counter.

41. When the prescriptions were ready Ms. Owens was given five prescriptions, four in one bag and one in a separate bag. Ms. Owens questioned the pharmaceutical technician and explained she should only have four prescriptions. The technician stated that there were five. Since Ms. Owens was not feeling well, she paid for all five prescriptions and left Walgreens #03872. Though the prescriptions were new to Ms.

Owens and her profile at this pharmacy, Ms. Owens was not counseled by a pharmacist.

42. Ms. Owens took the medication home and began taking the medication given to her as directed that evening and the following day. Ms. Owens received a telephone call on the evening of April 11, 2002 from a female pharmacist from Walgreens #03872 asking if she had been in the previous day to pick up any prescriptions. Ms. Owens stated she had picked up her prescriptions the previous day and had been taking them as directed. Ms. Owens was advised that one of the prescriptions she picked up was for another patient with the same name. Ms. Owens examined the prescriptions she had obtained the previous day and found one that had a doctor's name that was unknown to her on the label although the patient's name on the vial was also Linda Owens. In this way, Ms. Owens discovered that she had taken Metronidazole 500 mg. tablets that were not prescribed for her.

43. Ms. Owens explained that she filed the complaint because of her dealings with pharmacist Ledrue Ware after the error had been discovered. Ms. Owens testified that Mr. Ware seemed uninterested in her and her concerns and seemed mostly concerned about informing her that he was not the pharmacist who had dispensed the erroneous prescription to her.

44. At hearing, Mr. Triolo explained that the Walgreens verification computer system did not contain any specific information regarding a patient, such as the patient's birth date or address, at the time of the verification. Thus, as Mr. Triolo explained, it was possible and foreseeable that errors such as occurred in this matter would not be caught by the verifying pharmacist because there would be no way to tell at the verification screen which "Linda Owens" the prescriptions were for. From Walgreens' records, Mr. Triolo could not identify who had filled the Metronidazole prescription for the Linda Owens who was not the complainant in this matter. Mr. Triolo also explained that he was not the pharmacist on duty at the time Ms. Owens picked up her prescriptions and that Mr. Ware was the pharmacist on duty at that time.

Walgreens #03873 & Scott Trinh (Case No. 02-060)

45. Board staff presented the testimony of Daniel Garcia, Investigator for the Board. Mr. Garcia testified that on May 2, 2002, he and Investigator/Supervisor Fred

Ackermann went to Walgreens #03873 to acquire information and evidence on an investigation of a consumer complaint. That consumer complaint was ultimately closed without action.

46. While they were present at the pharmacy, they observed staff pharmacist Scott L. Trinh speaking with a pharmaceutical technician at one end of the pharmacy counter. Mr. Garcia did not observe any patient at the pharmacy's counter to whom Mr. Trinh may have been speaking. At the same time, Mr. Garcia and Mr. Ackermann observed another pharmacy technician at the drive-through window serving a patient.

47. Kelly Moczynski was identified as the pharmaceutical technician at the drive-through window. She had given a male patient a prescription and returned his identification. As Ms. Moczynski concluded the register transaction with this patient, Mr. Garcia and Mr. Ackermann observed her mark on the "Refused" section of the counseling log that the patient had refused counseling. At no time during this transaction did Mr. Garcia observe Mr. Trinh come to the drive-through window.

48. Mr. Ackermann asked Ms. Moczynski if the prescription she had just dispensed was a new prescription, to which she said it was. Mr. Ackermann asked Ms. Moczynski to retrieve the prescription she had dispensed to the patient at the drive-through window. Supervisor Ackermann then advised Mr. Trinh that he needed to come to the drive-through window and counsel the patient regarding his new prescription. Only after Mr. Ackermann required Mr. Trinh to counsel the patient did Mr. Trinh cease speaking with the other employee and counsel the patient regarding the patient's new prescription.

49. Mr. Garcia testified that he had personally investigated several of the cases involved in this matter and that he had consulted with Mr. Ackermann regarding other of the cases that Mr. Ackermann had investigated. Mr. Garcia explained that Walgreens' counseling policy was to allow the clerk or pharmaceutical technician to ask the patient questions such as, "Would you like to speak to the pharmacist?" or "Have you taken this drug before?" Pharmacists only spoke to patients at the patients' request. X's or other marks would sometimes be placed on the counseling log by the clerk or pharmaceutical technician, and the pharmacist would sign next to the X or other mark at some time

later. In some cases, the pharmacist would not initial next to the X's or other mark until the end of the pharmacist's shift.

50. Mr. Trinh testified that he was very careful to assure that patients were counseled at his pharmacy. Mr. Trinh explained that he was counseling a patient at the time that Mr. Ackermann asked him to counsel the patient at the drive-through window, but he could not explain why Mr. Ackermann and Mr. Garcia had not seen the patient at the pharmacy counter that he was counseling. Mr. Trinh admitted that he changed the counseling log regarding the patient the he counseled at Mr. Ackermann's request to show that counseling had been accepted, and he also admitted that the patient would have left Walgreens #03873 had Mr. Ackermann not requested that he counsel the patient.
