The MedWatch-to-Manufacturer Program provides manufacturers with copies of serious adverse event reports that are received directly by the FDA. New molecular entities and important new biologics qualify for inclusion for three years after approval. Your firm is eligible to receive copies of reports for this product. To participate in the program, please see the enrollment instructions and program description details at FDA.gov.[7]

POST APPROVAL FEEDBACK MEETING

New molecular entities and new biological products qualify for a post approval feedback meeting. Such meetings are used to discuss the quality of the application and to evaluate the communication process during drug development and marketing application review. The purpose is to learn from successful aspects of the review process and to identify areas that could benefit from improvement. If you would like to have such a meeting with us, call the Regulatory Project Manager for this application.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. S-980383

Application/License No. Not available yet

Amivas (US), LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 100 Tuscanney Dr Frederick, MD 21702 (Address of Applicant/Principal), as PRINCIPAL, and NGM Insurance Company (Surety Company), a corporation organized under the laws of the state of Florida (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 55 West Street Keene NH 03431-7000 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 5/22/2025 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 27th day of May, 2025.

NEVADA BOARD OF PHARMACY
WHOLESALER INITIAL APPLICATION FOR TOP QUALITY MANFUACTURING, LLC
DBA AMTOUCH DENTAL SUPPLY
EXPLANATION FOR SECTION 3: HISTORY OF COMPANY QUESTION 3:

Question 3:

Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been subject of an administrative action or proceeding relating to the pharmaceutical industry?

Response: Yes.

Based on currently available records/information, and although not necessarily responsive or applicable to the question, Henry Schein, Inc. discloses the following information:

In May 2008, Henry Schein, Inc. resolved a matter with the Florida Department of Health ("DOH") (Case No. 2008-08770; prescription drug wholesaler permit # 22:1315) in connection with a Notice of Violation, alleging that Henry Schein, Inc. sold and/or shipped prescription drugs to an unauthorized recipient, in violation of Chapter 499, Florida Statutes. Henry Schein, Inc. entered into a settlement agreement which resolved the matter without any admission of liability and agreed to make a payment of $5,000. The matter was closed by order dated May 15, 2008.

In July 2011, Henry Schein, Inc. resolved a matter with the Colorado Board of Pharmacy ("BOP") which alleged that Henry Schein, Inc. did not timely submit an application for a change of designated representative in violation of Colorado state statutes and BOP rules (Case No. 2011-1806; non-resident prescription drug wholesaler registration # WHO 7115). Henry Schein, Inc. made a payment of $5,000 to resolve the matter plus a $500 surcharge.

In November 2011, the Iowa Board of Pharmacy alleged that Henry Schein, Inc. violated Iowa state statutes and regulations in connection with the sale of controlled substances to Des Moines University, whose Iowa Controlled Substances Registration had expired at the time of shipment. (Case No. 2010-35; Wholesale Drug License No. 5328) Henry Schein, Inc. denied the allegations. Henry Schein, Inc. agreed to a Citation and Warning, resolving the matter in April 2012 without any admission of liability and agreed to make a payment of $5,000.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes Nathan J. Zangerle, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

This bond term shall become effective on January 17, 2024 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

Posted February 20, 2020

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 28th day of February, 2024.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 108462959

Application/License No. _____

Atland Pharmaceuticals LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 1600 Parkwood Circle SE, Suite 500, Room A, Atlanta, GA 30339 (Address of Applicant/Principal), as PRINCIPAL, and Travelers Casualty and Surety Company of America (Surety Company), a corporation organized under the laws of the state of Connecticut (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One Tower Square, Hartford, CT 06183 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on March 31, 2026 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 31st day of March, 2026.

Hi Maria,

Thank you for reviewing our application!

Wade Smith, the Designated Representative for Atland Pharmaceuticals, does have a home address in Alabama. However, every week he commutes to Atlanta. He is present at the facility for operational hours.

Please let me know if any additional clarification or documentation is requested.

Best,

ATLAND PHARMACEUTICALS

Subject: Nevada Out-of-State Wholesaler Application-Atland Pharmaceuticals, LLC

The Nevada State Board of Pharmacy received an Out-of-State Wholesaler application from Atland Pharmaceuticals, LLC. The application is incomplete due to the following missing item(s).

- Based on the DR application, the Designated Representative resides in Alabama please clarify how they meet the following;

3. The Board may, based upon any of the grounds set forth in NRS 639.210, refuse to approve a natural person for service as the representative of a wholesaler, regardless of whether the person is otherwise qualified.

4. A representative of a wholesaler designated pursuant to this section:

(a) Must be actively involved in and aware of the actual daily operation of the wholesaler;

(b) Must be employed full-time in a managerial level position with the wholesaler;

(c) Must be physically present at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leave, vacation leave and other authorized absences;

(d) May serve in this representative capacity for **only one** wholesaler at a time;

All documents can be sent to me by email for quicker processing.

All items must be received to move forward with processing your application

Please let me know if you have any questions.

Thank you,

Maria Herrera

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 0844750

Application/License No. _____

Avedro, Inc. dba Avedro a Glaukos Company (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 30 North Avenue, Burlington, MA 01803 (Address of Applicant/Principal), as PRINCIPAL, and Harco National Insurance Company (Surety Company), a corporation organized under the laws of the state of Illinois (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 4200 Six Forks Road, Suite 1400, Raleigh, NC 27609 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 02/02/2024 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 5th day of February, 20 24.

The Board is unable to provide legal advice. General information about facility licenses issued by the Board is available on the Board's website at https://www.pharmacy.ca.gov/applicants/apply_facility.shtml as well as the Pharmacy Law Book.
Provided below are the statutes and regulations that most likely pertain to the questions you are asking along with the link to the Pharmacy Law book.

A Wholesaler License is required before any firm or organization may distribute, broker or transact the sale or return of dangerous drugs or dangerous devices in California. Wholesalers sell and distribute dangerous drugs and dangerous devices (also called "legend" items or prescription-required drugs and devices) to other business entities who are authorized by law to purchase the items or to licensed health care providers who are authorized by law to possess the dangerous drugs and dangerous devices. Wholesalers are not authorized to sell or distribute these items directly to patients unless the wholesaler is delivering dialysis drugs and devices to home dialysis patients in case(s) or full shelf package lots (see section 4054 of the California Business & Professions Code).

A Wholesaler License is also required of customs brokers who sell for resale or negotiate for distribution any dangerous drug or device included in section 4022 of the Business and Professions Code. A wholesaler permit is also required for reverse distributors who arrange for the destruction of outdated or damaged dangerous drugs or devices.

Additionally, Per **BPC *4160*** *(h) A drug manufacturer premises licensed by the Food and Drug Administration or licensed pursuant to Section 111615 of the Health and Safety Code that* ***only*** *distributes dangerous drugs and dangerous devices* ***of its own manufacture*** *is exempt from this section and Section 4161.*

Wholesaler/Nonresident Wholesaler Requirements

- Section 4022 Definition of Dangerous Drugs and Dangerous Devices
- Section 4043 Definition of Wholesaler
- Section 4160 Requirements for a Wholesaler License
- Section 4161 Requirements for a Nonresident Wholesaler License
- Section 4162 Surety Bond Requirements
- Section 4053 Requirements for a Designated Representative License
- Section 4022.5 Designated Representative, Designated Representative-in-Charge
- Section 1780 Minimum Standard for wholesale

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good day,

Please find the below email regarding the attached request for proof of exemption from licensure in California for Cepheid's distribution facility. Cepheid is manufacturing its own products at their Lodi, CA location, which holds the appropriate CA Manufacturing permit required (previously supplied copy of the Lodi, CA license); their products are then distributed from their Fremont, CA location. Since Cepheid is manufacturing its own products, as the owner of those products and both facilities related to the manufacture and distribution of those products, no license is required by CA for the distribution facility in Fremont, CA according to the exemption highlighted in the email communication below. Please let us know if this is satisfactory for proof of exemption for Cepheid.

Subject: RE: California Resident Medical Device Private Label Distributor Licensure

[External]

Hello,

Good day,

I am reaching out today on behalf of Cepheid, a California-based Private Label Distributor located in Fremont, CA. Cepheid's products, medical devices with no drugs or drug components, are manufactured in Lodi, CA at their second location which currently holds a CA DOH Manufacturer Permit as required. Cepheid's devices are transferred from their Lodi, CA facility to their Fremont, CA facility for warehousing and distribution. No actual manufacture occurs onsite at Cepheid's Fremont, CA location and all products are products owned and labeled by Cepheid. These products are distributed to hospital pharmacies for use in laboratories.

Given this information, can you confirm if a license is required for Cepheid's Fremont, CA location?

Thank you for your time.

Respectfully,

Nichole Frame

RESIDENT STATE EXEMPTION

4155. Corporate Form Not Required

Nothing in this article shall be construed as requiring the applicant or holder of a pharmacy permit pursuant to Section 4110 to be a pharmacy corporation.

4156. Unprofessional Conduct by Corporation

A pharmacy corporation shall not do, or fail to do, any act where doing or failing to do the act would constitute unprofessional conduct under any statute or regulation. In the conduct of its practice, a pharmacy corporation shall observe and be bound by the laws and regulations that apply to a person licensed under this chapter.

Article 11. Wholesalers, Third-Party Logistics Providers and Manufacturers

4160. Wholesaler or Third-Party Logistics Provider: License Required

(a) A person shall not act as a wholesaler or third-party logistics provider of any dangerous drug or dangerous device unless he or she has obtained a license from the board.

(b) Upon approval by the board and the payment of the required fee, the board shall issue a license to the applicant.

(c) (1) A separate license shall be required for each place of business owned or operated by a wholesaler or third-party logistics provider. Each place of business may only be issued a single license by the board, except as provided in paragraph (2). Each license shall be renewed annually and shall not be transferable. At all times during which a place of business is open for business, at least one designated representative, in the case of a wholesaler, or designated representative-3PL in the case of a third-party logistics provider, shall be present. A wholesaler that only acts as a reverse distributor may use either a designated representative or a designated representative-reverse distributor to fulfill this requirement.

(2) A wholesaler and a third-party logistics provider under common ownership may be licensed at the same place of business provided that all of the following requirements are satisfied:

(A) The wholesaler and the third-party logistics provider each separately maintain the records required under Section 4081.

(B) Dangerous drugs and dangerous devices owned by the wholesaler are not commingled with the dangerous drugs and dangerous devices handled by the third-party logistics provider.

(C) Any individual acting as a designated representative for the wholesaler is not concurrently acting as a designated representative-3PL on behalf of the third-party logistics provider. Nothing in this subparagraph shall be construed to prohibit an individual from concurrently holding a license to act as a designated representative and to act as a designated representative-3PL.

(D) The wholesaler has its own designated representative-in-charge responsible for the operations of the wholesaler and the third-party logistics provider has its own responsible manager responsible for the operations of the third-party logistics provider. The same individual shall not concurrently serve as the responsible manager and the designated representative-in-charge for a wholesaler and a third-party logistics provider licensed at the same place of business.

(E) The third-party logistics provider does not handle the prescription drugs or prescription devices owned by a prescriber.

(F) The third-party logistics provider is not a reverse third-party logistics provider.

(G) The wholesaler is not acting as a reverse distributor.

(d) Every wholesaler shall be supervised or managed by a designated representative-in-charge. The designated representative-in-charge shall be responsible for the wholesaler's compliance with state and federal laws governing wholesalers. As part of its initial application for a license, and for each renewal, each wholesaler shall, on a form designed by the board, provide identifying information and the California license number for a

designated representative or pharmacist proposed to serve as the designated representative-in-charge. The proposed designated representative-in-charge shall be subject to approval by the board. The board shall not issue or renew a wholesaler license without identification of an approved designated representative-in-charge for the wholesaler. The designated representative-in-charge shall maintain an active license as a designated representative with the board at all times during which he or she is designated as the designated representative-in-charge. A wholesaler that only acts as a reverse distributor may identify and allow a designated representative-reverse distributor to perform in this capacity. That individual shall maintain an active license as a designated representative-reverse distributor.

(e) Each place of business of a third-party logistics provider shall be supervised and managed by a responsible manager. The responsible manager shall be responsible for the compliance of the place of business with state and federal laws governing third-party logistics providers and with the third-party logistics provider's customer specifications, except where the customer's specifications conflict with state or federal laws. As part of its initial application for a license, and for each renewal, each third-party logistics provider shall, on a form designated by the board, provide identifying information and the California license number for a designated representative-3PL proposed to serve as the responsible manager. The proposed responsible manager shall be subject to approval by the board. The board shall not issue or renew a third-party logistics provider license without identification of an approved responsible manager for the third-party logistics provider. The responsible manager shall maintain an active license as a designated representative-3PL with the board at all times during which he or she is designated as the responsible manager.

(f) A wholesaler shall notify the board in writing, on a form designed by the board, within 30 days of the date when a designated representative-in-charge ceases to act as the

designated representative-in-charge, and shall on the same form propose another authorized licensee to take over as the designated representative-in-charge. The proposed replacement designated representative-in-charge shall be subject to approval by the board. If disapproved, the wholesaler shall propose another replacement within 15 days of the date of disapproval, and shall continue to name proposed replacements until a designated representative-in-charge is approved by the board.

(g) A third-party logistics provider shall notify the board in writing, on a form designed by the board, within 30 days of the date when a responsible manager ceases to act as the responsible manager, and shall on the same form propose another designated representative-3PL to take over as the responsible manager. The proposed replacement responsible manager shall be subject to approval by the board. If disapproved, the third-party logistics provider shall propose another replacement within 15 days of the date of disapproval, and shall continue to name proposed replacements until a responsible manager is approved by the board.

(h) A drug manufacturer premises licensed by the Food and Drug Administration or licensed pursuant to Section 111615 of the Health and Safety Code that only distributes dangerous drugs and dangerous devices of its own manufacture is exempt from this section and Section 4161.

(i) The board may issue a temporary license, upon conditions and for periods of time as the board determines to be in the public interest. A temporary license fee shall be required in an amount established by the board as specified in subdivision (f) of Section 4400. When needed to protect public safety, a temporary license may be issued for a period not to exceed 180 days, subject to terms and conditions that the board deems necessary. If the board determines that a temporary license was issued by mistake or denies the application for a permanent license, the temporary license shall terminate upon either personal service of the notice of termination upon the licenseholder or service by certified mail, return receipt requested, at the licenseholder's

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 20th day of September, 2024.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 108462960

Application/License No. _____

Galt Pharmaceuticals LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 1600 Parkwood Circle SE, Suite 500, Room D, Atlanta, GA 30339 (Address of Applicant/Principal), as PRINCIPAL, and Travelers Casualty and Surety Company of America (Surety Company), a corporation organized under the laws of the state of Connecticut (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One Tower Square, Hartford, CT 06183 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on March 31, 2026 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 31st day of March, 2026.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 604-101933-9

Application/License No. _____

Pharvaris Pharmaceuticals, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is One Cranberry Hill, Lexington, MA 02421 (Address of Applicant/Principal), as PRINCIPAL, and United States Fire Insurance Company (Surety Company), a corporation organized under the laws of the state of Delaware (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 305 Madison Ave., Morristown, NJ 07960 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on April 2, 2026 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 13th day of April, 2026.

POWER OF ATTORNEY
UNITED STATES FIRE INSURANCE COMPANY
PRINCIPAL OFFICE - MORRISTOWN, NEW JERSEY

04517

KNOW ALL MEN BY THESE PRESENTS: That United States Fire Insurance Company, a corporation duly organized and existing under the laws of the state of Delaware, has made, constituted and appointed, and does hereby make, constitute and appoint:

William G. Franey, Brenda L. Patterson, Eamonn T. Long, Victoria L. Ernest

each, its true and lawful Attorney(s)-In-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver: Any and all bonds and undertakings of surety and other documents that the ordinary course of surety business may require, and to bind United States Fire Insurance Company thereby as fully and to the same extent as if such bonds or undertakings had been duly executed and acknowledged by the regularly elected officers of United States Fire Insurance Company at its principal office, in amounts or penalties: **Unlimited**

This Power of Attorney limits the act of those named therein to the bonds and undertakings specifically named therein, and they have no authority to bind United States Fire Insurance Company except in the manner and to the extent therein stated.

This Power of Attorney is granted pursuant to Article IV of the By-Laws of United States Fire Insurance Company as now in full force and effect, and consistent with Article III thereof, which Articles provide, in pertinent part:

> Article IV, Execution of Instruments - Except as the Board of Directors may authorize by resolution, the Chairman of the Board, President, any Vice-President, any Assistant Vice President, the Secretary, or any Assistant Secretary shall have power on behalf of the Corporation:
>
> (a) to execute, affix the corporate seal manually or by facsimile to, acknowledge, verify and deliver any contracts, obligations, instruments and documents whatsoever in connection with its business including, without limiting the foregoing, any bonds, guarantees, undertakings, recognizances, powers of attorney or revocations of any powers of attorney, stipulations, policies of insurance, deeds, leases, mortgages, releases, satisfactions and agency agreements;
> (b) to appoint, in writing, one or more persons for any or all of the purposes mentioned in the preceding paragraph (a), including affixing the seal of the Corporation.
>
> Article III, Officers, Section 3.11, Facsimile Signatures. The signature of any officer authorized by the Corporation to sign any bonds, guarantees, undertakings, recognizances, stipulations, powers of attorney or revocations of any powers of attorney and policies of insurance issued by the Corporation may be printed, facsimile, lithographed or otherwise produced. In addition, if and as authorized by the Board of Directors, dividend warrants or checks, or other numerous instruments similar to one another in form, may be signed by the facsimile signature or signatures, lithographed or otherwise produced, of such officer or officers of the Corporation as from time to time may be authorized to sign such instruments on behalf of the Corporation. The Corporation may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Corporation, notwithstanding the fact that he may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, United States Fire Insurance Company has caused these presents to be signed and attested by its appropriate officer and its corporate seal hereunto affixed this 28th day of September, 2021.

This bond term shall become effective on March 2, 2026 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 4th day of March, 2026.

Current Date: 06-NOV-2025
Labeler DUNS: 118314358
Labeler Name: Priovant Therapeutics, Inc.
Labeler Code Assigned: 87211

The Food and Drug Administration (FDA) has assigned the above Labeler Code to the firm. However, the Labeler Code cannot be used in any drug listing submission until you have confirmed the assignment. To complete this process, open the previous Labeler Code Request SPL file and fill in the new information (your assigned Labeler Code) without changing the other existing information. Fill in a new root ID and new version number with the original set ID and the appropriate effective time.
For CDER Direct Users: Open the previously submitted and accepted Labeler Code Request, click Create New Version, enter the Labeler Code assigned in the field for "Labeler Code", and Submit SPL.
Once you have confirmed the assignment, this Labeler Code shall be used to propose the National Drug Code (NDC) for assignment to all drugs you manufacture or distribute for U.S. commercial distribution. The requirements regarding the assignment of an NDC is extensively discussed in Part 207.33 of Title 21 of the Code of Federal Regulations (CFR). The NDC for each drug must be submitted as part of drug listing information submitted to FDA.
Per section 510(j)(1) of the Federal Food, Drug, and Cosmetic Act (FD&C Act) and 21 CFR Part 207 registrants that are required to register their establishment with FDA (or Private Label Distributors (PLD) acting as their authorized agent) must list each drug that it manufactures, repacks, relabels, or salvages for commercial distribution, including the appropriate NDC, no later than 3 calendar days after the initial registration of the establishment. Labeler name, physical address, email address and other contact information, type(s) of activities, and type(s) of drug(s) must be updated within 30 calendar days after any change to that information, § 207.33(c)(2). FDA uses this information for official communication regarding listing.
Labeler Codes are assigned by FDA and may be inactivated at any time upon violation of the FD&C Act or other applicable FDA regulations.
Note that receipt of this letter and assignment of an NDC does not denote approval of the establishment or the drug or any other drugs of the establishment, nor does it mean that the drug may be legally marketed.
For additional information please visit Drug Registration and Listing System or reply to this email (edrls@fda.hhs.gov).

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 800220839

Application/License No. _____

Priovant Therapeutics, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 1 Lincoln St., Office 30-125, Boston, MA 02111 (Address of Applicant/Principal), as PRINCIPAL, and Atlantic Specialty Insurance Company (Surety Company), a corporation organized under the laws of the state of New York (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 605 Highway 169 North, Suite 800, Plymouth, MN 55441 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on March 1, 2026 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

Posted Februarv 20. 2020

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 2 day of March, 20 26.

PROFESSIONAL EXPERIENCE

Priovant Therapeutics, Boston, MA
SENIOR DIRECTOR – COMMERCIAL SUPPLY - 10/2025 to Present
Prepare the commercial supply chain for launch and ensuring robust inventories on an ongoing basis. Directly manage all activities and relationships required to ensure timely and compliant production and distribution through contract manufacturing organizations and distribution partners. Travel to manufacturing and distribution sites to ensure operational success.

- Oversees the commercial supply chain for all products and formulates supply strategies that ensure readiness for product launch. Directly manages packaging, labeling, and distribution at external manufacturing and logistics partners, driving engagement to meet overall program goals.
- Works with the Chief Operating Officer and other stakeholders to develop demand plans and an end-to-end commercial forecast for all manufacturing stages. Collaborates with commercial manufacturing organizations and regulatory partners to establish appropriate label content and packaging designs.
- Manages drug movements and assists in understanding and fulfilling worldwide import and export requirements, while minimizing any associated tax burden.
- Spearheads 3PL implementation to enable product launch, serving as primary liaison and strategic lead, and maintains relationship post-launch to ensure seamless distribution and uninterrupted patient access.
- Leads DSCSA compliance strategy across commercial supply chains, ensuring full alignment with FDA and state-level regulations.
- Manages state-level pharmaceutical licensing, serving as designated company representative and coordinating with the state licensing partner to ensure full compliance with jurisdictional regulations across all states.
- Partners with QA to create relevant policies and operating procedures, monitor gaps, and establish appropriate mitigation strategies to ensure global compliance.

Supply Chain Global LLC, Braintree, MA
Principle Consultant - 07/2024 to 10/2025
Seasoned professional with a strong background in managing import/export activities for GMP and Non-GMP materials, including raw materials, drug substance/API, drug product, diluent, and placebo. Demonstrated expertise in establishing trade compliance

databases to meticulously track tariff classification codes, valuation, and material types by clinical program. Skilled in drafting new shipping procedures and trade compliance policies to ensure smooth and efficient operations.

CARMOT THERAPEUTICS (FORMERLY IPSEN BIOPHARMACEUTICALS, INC.), BERKELEY, CA

SENIOR DIRECTOR – SUPPLY CHAIN OPERATIONS & LOGISTICS, 08/2023 TO 06/2024

Guide and oversee global storage, distribution, packaging, labeling, cold chain, and transportation of DS, DP, and combination clinical trial products for patients with obesity and type one and two diabetes. Select/evaluate logistic providers, audit logistic activities, coordinate deliveries between manufacturing sites and 3PL providers, manage imports/exports and licensing, develop communication processes in collaboration with clinical operations team, design SOPs, and communicate with all stakeholders.

Key Accomplishments:

- Ensure unwavering compliance with internal and external regulations by coordinating review and approval of labeling.
- Position organization to meet strategic goals by supporting the development/implementation of ERP systems and developing inventory/planning reports, including inventory reconciliation at 3PL provider.
- Resolve problems and strengthen relationships as internal lead for triage of clinical site product complaints, including investigating deviations and implementing corrections.

IPSEN BIOPHARMACEUTICALS, INC. (FORMALLY EPIZYME INC.), CAMBRIDGE, MA

SENIOR DIRECTOR / DIRECTOR – SUPPLY CHAIN OPERATIONS, 04/2019 TO 07/2023

Spearheaded logistics, international/domestic shipping, compliance, SOP development, inventory management, and other supply chain operations for virtual biopharmaceutical company dedicated to combating cancer through commercial effectiveness. Develop and manage $5.2M supply chain budget that includes offsite storage, freight costs, customs duties / VAT, state license applications and renewals, and 3PL storage/distribution activities. Guided project management/planning, production, and scheduling, including managing PO for drug substance/product manufacturing and overseeing manufacturing production meeting. Prevented loss by reconciling commercial inventory and sales weekly. *Key Accomplishments:*

- Oversaw full life cycle of all shipments – from export to customs clearance to final-mile US delivery.
- Managed drug substance outbound/inbound shipping schedules, import/export documents, domestic/international replenishments lanes, ground transportation, global airfreight lanes, ocean lanes, sample shipments, and clinical drug **JOHN** substance/RD material shipments.
- Ensured compliance by working with TwoLabs to submit, file, and manage State Board of Pharmacy Licenses for 35 states.
- Launched company's first commercial product, Tazverik. Drove completion of ICS (3PL) contract, statement of work, and quality agreement prior to launch readiness date. Supported trade and distribution teams for launch activities across specialty pharmacies and distributors. Managed shipment to first Tazverik customer.
- Streamlined operations by assuming Master Planner role in 2021. Aligned master schedule with manufacturing partner production schedules for commercial/clinical drug products, drug substances, and registered starting materials. Led production schedules, maintained inventory levels, and coordinated raw material availability.
- Directed improvements to Oracle Supply Chain Management & Manufacturing (SCM) system implemented in 2020 by leading team to add and update reason codes for intercompany transfers, modernize rules and quarantine settings, improve invoice payment process, and create new work instructions.
- Improved communication and document review/approval process with drug substance manufacturer, Sterling, by designing Smart Sheets, an innovative tool that tracked substances through manufacturing process.
- Enabled Epizyme to defer significant customs import duties by designing and implementing foreign trade zone (FTZ), which allowed for additional API storage and mitigated risk by separating inventory amongst sites.
- Executed FDA 2023 Drug Supply Chain Security Act (DSCSA), which allowed company to track all outbound sales orders and individual sterilized bottles until delivery to customers in US via Tracklink – Epizyme's digital track/trace tool.
- Implemented Tracelink system. Collaborated with QA to design outbound specialized validation plan and work instructions, and spearheaded user acceptance testing protocol.
- Drafted and put into effect validation project plan for domestic/international shipping systems.

SHIRE, LEXINGTON, MA, 06/2007 TO 04/2019

ASSOCIATE DIRECTOR – GLOBAL TRANSPORTATION, 08/2016 TO 04/2019

Directed 200+ global shipping lanes, managing eight direct reports and ~$120M in the completion of temperature-controlled shipping activities across multiple product franchises, including internal medicine, genetic disease, hematology, immunology, and neuroscience. Managed site-to-site shipments throughout the manufacturing process, as well as domestic and international replenishment lanes. Oversaw export documentation, North American ground transportation, global airfreight lanes, ocean lanes, sample shipments, and clinical drug substance and RD material shipments. *Key Accomplishments:*

- Optimized logistics services and costs after Baxalta acquisition by fostering and overseeing complex relationships across Shire logistics network, driving cost savings and process improvement opportunities.
- Served as Supply Chain Lead for US/US to ROW product launches, ensuring timelines and providing supply chain visibility.
- Spearheaded implementation of Transaver's Supply Chain Management Services across all Shire business units and partners for temperature-controlled ground transport services within North America.
- Directed transition to strategic partner Kuehne & Nagel within North America, moving 35+ lanes and securing significant cost savings as part of phased project.
- Drove non-commercial/sample shipments to meet ~90% efficiency/cycle time goals and ~98% right first/quality metric while reducing costs by consolidating freight partners.
- Slashed time required to develop export documents by partnering with Global Trade Compliance to identify and select a global trade management company and web-based, enterprise-wide solution, OCR-Global EASETM.
- Reduced freight cost by 50% by leading transition from active solution (C-Safe) to passive pallet solution (EF8100) for shipments from continental US to Puerto Rico.
- Fostered decrease in temperature excursions by investing in robust shipping system technology and strengthening relationships with core freight forwarders, lane risk assessment approach, and SOP generation/review process.

ASSOCIATE DIRECTOR – COLD CHAIN & TRANSPORTATION, 03/2013 TO 08/2016

Managed international cold chain shipments and tracked product movement globally, directing 6 direct reports and managing $25M budget. Supported commercial operations in the completion of existing launches by determining routes and lanes for marketed products. Led temperature-controlled shipments covering internal medicine, genetic disease, and neuroscience. Fostered environment focused on optimization, quality, cost reduction, and process improvements. *Key Accomplishment:*

NORTH AMERICAN COMMERCIAL SUPPLY MANAGER, 06/2009 TO 03/2012

Ensured by-deadline processing and delivery of US commercial drug products and substances. Achieved 95% Right First Time/Quality rating by monitoring to ensure that all orders were shipped by the requested ship date and reviewing processes to identify and remedy problems, often working cross functionally.

SENIOR SUPPLY CHAIN ANALYST, 06/2007 TO 06/2009

Managed ~6 commercial lanes from manufacture through distribution while leading clinical domestic/international studies, including packaging and labeling. Met timelines while managing packaging and shipping schedule, working with QA to promote quality.

UNIVERSITY OF MASSACHUSETTS – BIOLOGIC LABORATORIES, JAMAICA PLAIN, MA

SENIOR SUPPLY CHAIN MANAGER / DISTRIBUTION MANAGER, 09/2001 TO 06/2007

Directed operations across warehouses, customer service, and distribution departments, building strong relationships with internal and external stakeholders. Promoted to Senior Supply Chain Manager based on performance and cost achievements. Saved company ~$270K by negotiating purchase of Alpha's Albumin product on behalf of Fractionation Department.

(Address of Applicant/Principal)
PRINCIPAL, and Hartford Fire Insurance Company, a
(Surety Company)
corporation organized under the laws of the state of Connecticut
(State of Incorporation)
and authorized to transact a general surety business in the State of

Nevada, whose address for purposes of service is
One Hartford Plaza, Hartford, CT 06155 as
(Address of Surety)
SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on December 1, 2025.
(Effective Date)

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 29 day of November, 20 25.

[redacted]

memorandum

TO: **File** **DATE: January 12, 2026**

FROM: Andrew Herre **RE: Designated Representative Position Regarding Dustin Dreith**

Background

This memorandum addresses UroNova Pharmaceuticals, Inc.'s position regarding the designation of Dustin Dreith as a "Designated Representative" under state wholesale licensing regulations. While Nevada is used as an example in this memorandum, this analysis applies to any state with similar designated representative requirements.

Two key considerations are outlined below.

1. Employment Relationship and Shared Services Model

Although Dustin is formally employed by Tolmar, Inc., Tolmar and UroNova are sister companies operating under a shared services model. Under this arrangement:

- Dustin performs designated representative functions exclusively for UroNova's wholesale licensing compliance.
- In executing these responsibilities, Dustin is required to act in the best interest of UroNova, consistent with regulatory expectations for designated representatives.
- Given the integrated nature of the shared services model and Dustin's functional alignment with UroNova's compliance obligations, UroNova appropriately characterizes Dustin as an employee for purposes of wholesale licensing requirements.

This interpretation aligns with the intent of Nevada Administrative Code (NAC) §639.5935[1], which requires that a designated representative be employed full-time in a managerial-level position with the wholesaler and actively involved in daily operations.

2. Facility Location and Campus Proximity

[1] Nevada Administrative Code (NAC) §639.5935(4). A representative of a wholesaler designated pursuant to this section:

(a) Must be actively involved in and aware of the actual daily operation of the wholesaler;
(b) Must be employed full-time in a managerial level position with the wholesaler;
(c) Must be physically present at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leave, vacation leave and other authorized absences;
(d) May serve in this representative capacity for only one wholesaler at a time; and
(e) May serve as an administrator of a medical products provider pursuant to NAC 639.694

Dustin's primary work location is at Tolmar's Cornerstone Drive facility[2], while UroNova's licensed premises are at the Eastman Park Drive facility[3]. UroNova asserts that:

- The Cornerstone Drive and Eastman Park Drive facilities are in close geographic proximity, functioning effectively as a single operational campus.
- Dustin maintains a permanent workspace at the Eastman Park Drive facility, ensuring physical presence at the licensed location as required by NAC §639.5935(4)(c), which mandates that the designated representative be physically present at the wholesaler's facility during regular business hours.

Conclusion

Based on the above, UroNova maintains that:

- Dustin's designation as a representative is fully compliant with state wholesale licensing regulations, including but not limited to, Nevada.
- His employment under a shared services model and physical presence across the Tolmar Windsor campus meet all statutory and regulatory requirements.

[2] 1201 Cornerstone Dr, Windsor, CO 80550
[3] 9351 Eastman Park Dr, Windsor, CO 80550

Section 7: A designated representative must provide proof that he or she has been employed for at least 6,000 hours in pharmacies (NAC 639.5005) or wholesalers (NAC 639.5935) in a capacity related to the dispensing and distribution of, and record keeping related to, prescription drugs. Beginning with the most current, list your hours of employment related to the above.

DHL Supply Chain
Regulatory Affairs

360 Westar Boulevard, Westerville, OH 43082

January 24, 2025

To Whom It May Concern,

Exel Inc. d/b/a DHL Supply Chain (USA) ("DHL") submits this correspondence in connection with its Initial application and as the detailed explanation required when the question pertaining to disciplinary action is answered "Yes."

Exel Inc. d/b/a DHL Supply Chain (USA) ("DHL") is a part of Deutsche Post DHL Group, the world's leading contract logistics provider, and has tens of thousands of employees across North America. At any given time, DHL is a named defendant in civil matters, including employment cases. Based on knowledge and belief of the respondent completing this application after reasonable inquiry, DHL is not involved in any pending criminal proceedings. Nor is DHL part of any pending malpractice claims, civil claims, or lawsuits in connection with drugs/devices.

Attached are notices from the State Board for the following items:

1. April 12, 2023: DHL received a notice from the California State Board of Pharmacy indicating that the Board issued a fine against DHL for its failure to notify the Board of a change in its Designated Representative. Please note that the issuance of a fine by the Board is not considered a disciplinary action or reportable and the fine was paid in full within the allotted time.

2. November 30, 2023: The Alabama Board of Pharmacy issued a complaint alleging that DHL's renewal applications failed to disclose a Stipulation and Final Agency Order DHL received from the Colorado Board of Pharmacy in 2019. The Colorado Board of Pharmacy's Stipulation and Final Agency Order alleged DHL had provided a late notice of change in its Designated Representative. Upon further review, it was discovered that DHL had made the proper disclosure to the Alabama Board of Pharmacy and the parties entered into a Deferral Agreement which is not considered a discipline.

DHL timely responded to all notices and has not received any response from the applicable Boards.

Please be assured that DHL takes these matters very seriously and has implemented corrective actions to prevent similar issues from occurring in the future. If you have any concerns regarding the matters set forth in this notice, please do not hesitate to contact DHL Regulatory Affairs at regulatory@dhl.com.

Respectfully,

John Kropczynski, BSE, MBA

DEFERRAL AGREEMENT

This Agreement is entered into by and between the Alabama State Board of Pharmacy (Board) and EXEL, Inc. d/b/a DHL Supply Chain (USA).

WHEREAS, EXEL, Inc. d/b/a DHL Supply Chain (USA) was timely served with a Statement of Charges and Notice of Hearing (Pending Charges) alleging violations of the Alabama Pharmacy Practice Act. A copy of the Pending Charges is attached hereto as Exhibit "A".

WHEREAS, the parties, through counsel, have engaged in discussions concerning an informal resolution of the Pending Charges.

WHEREAS, the parties have agreed to resolve this matter pursuant to Code of Alabama (1975) 41-22-12(f) by their approval of the following terms:

IT IS THE THEREFORE UNDERSTOOD AND AGREED BY THE PARTIES AS FOLLOWS:

1. The Pending Charges against EXEL, Inc. d/b/a DHL Supply Chain (USA) shall be deferred until December 31, 2024 (Deferral Period).

2. As a condition to the Deferral described above, EXEL, Inc. d/b/a DHL Supply Chain (USA) shall pay costs in the amount of One Thousand Dollars ($1,000.00) within thirty (30) days of the effective date of this Agreement, that being the date it is signed on behalf of the Board. Failure to pay this amount shall be considered a probable cause violation by EXEL, Inc. d/b/a DHL Supply Chain (USA) as defined below. Payments shall be made payable to Alabama State Board of Pharmacy and mailed to 111 Village Street, Birmingham, Alabama 35242.

3. In the event there are no probable cause violations of the Alabama Pharmacy Practice Act involving EXEL, Inc. d/b/a DHL Supply Chain (USA) during the Deferral Period set forth above, the Pending Charges shall be dismissed.

4. In the event there is a probable cause violation of the Alabama Pharmacy Practice Act involving EXEL, Inc. d/b/a DHL Supply Chain (USA) during the Deferral Period set forth above, both the Pending Charges and any new charges shall be noticed and scheduled for a hearing.

5. Neither the Pending Charges nor this Agreement shall be reported as discipline as long as EXEL, Inc. d/b/a DHL Supply Chain (USA) complies with the conditions of Paragraphs Two and Three of this Agreement.

NOTICE OF HEARING

TO: EXEL, INC. d/b/a DHL SUPPLY CHAIN (USA)
1635 Stone Ridge Drive
Stone Mountain, GA 30083

Pursuant to the provisions of Code of Alabama (1975), § 34-23-34, § 34-23-52, § 34-23-92(12), § 34-23-132 and § 41-22-12, you are hereby notified and requested to appear before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on Feb 20, 2024 at 8:00 a.m., at the State Board of Pharmacy Hearing Room, 111 Village Street, Birmingham, Alabama 35242, and from time to time thereafter as may be required by the Board for the purpose of a hearing to determine why your permit should not be revoked, suspended, or otherwise disciplined based upon your failure to comply with all applicable laws and regulations of the State of Alabama. Disciplinary action may include administrative fines not to exceed $1,000 per violation; and/or revocation, suspension, or denial of your license(s); and/or such other discipline as may be ordered by the Board. Code of Alabama (1975), § 34-23-33. You have the right to be represented by counsel at your own expense, to respond and present evidence and argument on all material issues, to cross-examine all witnesses who testify against you, and to request that witnesses and/or documents be subpoenaed on your behalf. Please refer to the enclosed Standard Scheduling Order for further information regarding responding to the charges, witnesses, exhibits, and prehearing matters.

STATEMENT OF CHARGES

COMES NOW Complainant Donna C. Yeatman, as Executive Secretary of the Alabama State Board of Pharmacy and, on behalf of the Board, charges Respondent EXEL, INC. d/b/a DHL SUPPLY CHAIN (USA) of as follows:

On October 30, 2019, on December 13, 2020, and on November 19, 2021, you submitted renewal applications and failed to disclose, when required to do so, that, on April 29, 2019, you entered into a Stipulation and Final Agency Order with the Colorado Board of Pharmacy after it was alleged that you submitted a late notice of change of representative in violation of Colorado law. This discipline was not reported to the Board until you submitted your renewal application on November 23, 2022. Said Stipulation and Final Agency Order is attached hereto as Exhibit A.

On October 18, 2022, you entered into a Deferral Agreement in a matter with this Board in case number 21-L-0277. The above-referenced matter constitutes a violation of the said Deferral Agreement. Said Deferral Agreement is attached hereto as Exhibit B.

VIOLATIONS

If proven true, you will be in violation of the following:

Code of Alabama (1975), §34-23-32(a) and Ala. Admin. Code r. 680-X-2-.25(a): by failing to submit applications that contain information as required by the Board and that conform with the requirements of all applicable laws and regulations.

Code of Alabama (1975), §34-23-32(a) and Ala. Admin. Code r. 680-X-2-.23(l)(3): by failing to comply with all applicable state laws and regulations.

PRAYER FOR RELIEF

WHEREFORE, Complainant, in her capacity as the Executive Secretary of the Alabama State Board of Pharmacy, requests that, upon hearing and proof, Respondent be found guilty of the aforementioned violations and that the Alabama State Board of Pharmacy take such disciplinary actions as it deems necessary.

Dated this the 30th day of Nov., 2023.

ALABAMA STATE BOARD OF PHARMACY

EXHIBIT A

BEFORE THE STATE BOARD OF PHARMACY

STATE OF COLORADO

Case No. 2019-844

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF DISCIPLINARY PROCEEDINGS REGARDING THE OUT-OF-STATE PRESCRIPTION DRUG WHOLESALER REGISTRATION IN THE STATE OF COLORADO OF EXEL INC., DBA DHL SUPPLY CHAIN (USA), REGISTRATION NO. WHO 8288,

Respondent Outlet.

IT IS HEREBY STIPULATED AND AGREED by and between the Colorado State Board of Pharmacy ("Board") and Exel Inc., dba DHL Supply Chain (USA)("Respondent Outlet") to resolve all matters pertaining to Board Case Number 2019-844, as follows:

FINDINGS AND CONCLUSIONS

1. The Board has jurisdiction over Respondent Outlet, its registration as an out-of-state prescription drug wholesaler, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act at Title 12, Article 42.5, C.R.S. (2018).

2. Respondent Outlet was originally registered in the State of Colorado on or about November 19, 2010, being issued registration #WHO 8288, and has been so registered at all times relevant to this disciplinary action.

3. Respondent Outlet's address of record with the Board and current location is 1635 Stone Ridge Drive, Stone Mountain, Georgia.

4. Respondent Outlet admits these findings and hereby waives any further proof in this proceeding before the Board regarding the following facts.

5. Respondent Outlet failed to timely submit to the Board an application detailing a change in designated representative and fee. In this case, 320 days transpired between March 9, 2018, the date the previous designated representative ceased the position, and January 23, 2019, the date the application and fee were received.

6. On or about February 4, 2019, the Board initiated a complaint against Respondent Outlet because of the delay of 320 days in submitting an application detailing a change in designated representative and fee.

7. Respondent Outlet's conduct, as set forth above, constitutes violations of the following sections of the Colorado Revised Statutes and Board Regulations:

Colorado Revised Statutes

12-42.5-123. Unprofessional conduct - grounds for discipline.

(1) The board may suspend, revoke, refuse to renew, or otherwise discipline any license or registration issued by it, after a hearing held in accordance with the provisions of this section, upon proof that the licensee or registrant:

(c) Has violated:

(II) The lawful rules of the board.

12-42.5-303. Wholesaler license requirements.

(3)(a) An applicant for a wholesaler license shall provide to the board the following information, and any other information deemed appropriate by the board on a form provided by the board:

(I) The name, full business address, and telephone number of the applicant;

(II) The trade and business names used by the applicant;

(III) The addresses, telephone numbers, and names of the contact persons for all facilities used by the applicant for the storage, handling, and distribution of prescription drugs;

(IV) The type of ownership or operation of the applicant;

(V) The names of the owner and the operator of the applicant, including:
(A) The name of each partner if the applicant is a partnership;
(B) The name and title of each officer and director, the name of the corporation, and the state of incorporation, if the applicant is a corporation;
(C) The name of the limited liability company, if the applicant is a limited liability company, and the name of the parent company, if any, and the state of incorporation or formation of both; or

(D) The name of the sole proprietor and the business entity if the applicant is a sole proprietorship;

(VI) A list of the licenses and permits issued to the applicant by any other state that authorizes the applicant to purchase or possess prescription drugs; and

(VII) The name of the applicant's designated representative for the facility, the fingerprints of the designated representative, and a personal information statement for the designated representative that includes information as required by the board, including but not limited to the information in subsection (5) of this section.

(b) A licensee shall complete and return a form approved by the board at each renewal period. The board may suspend or revoke the license of a wholesaler if the board determines that the wholesaler no longer qualifies for a license.

* * *

Pharmacy Board Rules and Regulations

15.01.14 Change of name, location, or ownership, or designated representative.

c. Any change in the designated representative of a wholesaler shall be reported to the Board on a form supplied by the Board within thirty calendar days of such change. The incoming designated representative must undergo the required background check.

TERMS OF DISCIPLINE

8. Fine with Surcharge. Pursuant to section 12-42.5-124(5)(a)(I), C.R.S., Respondent Outlet shall pay a fine of One Thousand Dollars and No Cents ($1,000.00). Respondent Outlet understands and acknowledges that, pursuant to section24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies may impose an additional surcharge of 15% of this fine. Respondent Outlet shall therefore pay a total amount of One Thousand One Hundred Fifty Dollars and No Cents ($1,150.00). The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Outlet submits this signed Final Agency Order to the Board.

9. Compliance. Respondent Outlet shall submit all future applications and appropriate fees to the Board detailing changes in designated representative within the required time frame specified by Board rule or statute in effect at the time of such designated representative change.

10. Other Requirements. Respondent Outlet acknowledges and agrees that, as a condition of this Final Agency Order, Respondent Outlet shall:

    a. promptly pay all Respondent Outlet's own fees and costs associated with this Final Agency Order;

    b. comply fully with this Final Agency Order; and

    c. comply fully with the Pharmacists, Pharmacy Businesses and Pharmaceuticals Act, all Board rules and regulations, and any other state and federal laws and regulations related to pharmacists and pharmaceuticals in the State of Colorado.

11. Advisements and Waivers. Through its undersigned Authorized Representative, Respondent Outlet enters into this Final Agency Order freely and voluntarily, after having the opportunity to consult with legal counsel and/or choosing not to do so. Respondent Outlet acknowledges its understanding that it has the following rights:

    a. to have formal notice of hearing and charges served upon it;

    b. to respond to said formal notice of charges;

    c. to have a formal disciplinary hearing pursuant to sections 12-42.5-123 and 12-42.5-124, C.R.S.; and

    d. to appeal this Final Agency Order.

    Respondent Outlet freely waives these rights, and acknowledges that such waiver is made voluntarily in consideration for the Board's limiting the action taken against Respondent Outlet to the sanctions imposed herein.

12. Acknowledgments. The undersigned Authorized Representative of Respondent Outlet has read this Final Agency Order in its entirety and acknowledges, after having the opportunity to consult with legal counsel and/or choosing not to do so, that Respondent Outlet understands the legal consequences and agrees that none of the terms or conditions herein is unconscionable. Respondent Outlet is not relying on any statements, promises or representations from the Board other than as may be contained in this Final Agency Order. Respondent Outlet further acknowledges that it is not entering into this Final Agency Order under any duress.

13. Violations. Time is of the essence in this Final Agency Order. It is the responsibility of Respondent Outlet to take all appropriate steps to comply fully with this Final Agency Order. Respondent Outlet acknowledges and agrees that any violation of this Final Agency Order shall constitute a willful violation of a lawful Board order, may be sanctioned as provided under section 12-42.5-124(4), C.R.S., and may be sufficient grounds for additional discipline, including but not limited to revocation of Respondent Outlet's registration. The pendency of any suspension

or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Outlet to comply with all terms and conditions of this Final Agency Order.

14. Integration and Severability. Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

15. Public Record. Upon execution by all parties, this Stipulation and Final Agency Order shall be a public record, maintained in the custody of the Board.

16. Effective Date. This Final Agency Order shall become effective upon (a) mailing by first-class mail to Respondent Outlet at Respondent Outlet's address of record with the Board, or (b) service by electronic means on Respondent Outlet at Respondent Outlet's electronic address of record. Respondent Outlet hereby consents to service by electronic means if Respondent Outlet has an electronic address on file with the Board.

ACCEPTED AND AGREED BY

Respondent Outlet

	)	
EXEL INC. dba DHL SUPPLY CHAIN (USA)	)	**BOARD OF PHARMACY**
	)	
THIRD PARTY LOGISTICS	)	**CASE NO: 21-L-0277**
Permit No. 195360	)	

DEFERRAL AGREEMENT

This Agreement is entered into by and between the Alabama State Board of Pharmacy (Board) and Exel Inc. dba DHL Supply Chain (USA).

WHEREAS, Exel Inc. dba DHL Supply Chain (USA) was timely served with a Statement of Charges and Notice of Hearing (Pending Charges) alleging violations of the Alabama Pharmacy Practice Act. A copy of the Pending Charges is attached hereto as Exhibit "A".

WHEREAS, the parties, through counsel, have engaged in discussions concerning an informal resolution of the Pending Charges.

WHEREAS, the parties have agreed to resolve this matter pursuant to Code of Alabama (1975) 41-22-12(f) by their approval of the following terms:

IT IS THE THEREFORE UNDERSTOOD AND AGREED BY THE PARTIES AS FOLLOWS:

1. The Pending Charges against Exel Inc. dba DHL Supply Chain (USA) shall be deferred until December 31, 2023 (Deferral Period).

2. As a condition to the Deferral described above, Exel Inc. dba DHL Supply Chain (USA) shall pay costs in the amount of Two Thousand Five Hundred Dollars ($2,500.00) within thirty (30) days of the effective date of this Agreement, that being the date it is signed on behalf of the Board. Failure to pay this amount shall be considered a probable cause violation by Exel Inc. dba DHL Supply Chain (USA) as defined below.

3. In the event there are no probable cause violations of the Alabama Pharmacy Practice Act involving Exel Inc. dba DHL Supply Chain (USA) during the Deferral Period set forth above, the Pending Charges shall be dismissed.

4. In the event there is a probable cause violation of the Alabama Pharmacy Practice Act involving Exel Inc. dba DHL Supply Chain (USA) during the Deferral Period set forth above, both the Pending Charges and any new charges shall be noticed and scheduled for a hearing.

5. Neither the Pending Charges nor this Agreement shall be reported as discipline as long as Exel Inc. dba DHL Supply Chain (USA) complies with the conditions of Paragraphs Two and Three of this Agreement.

6. That Exel Inc. dba DHL Supply Chain (USA) expressly waives its rights pursuant to the Alabama Pharmacy Practice Act, and the Alabama Administrative Procedures Act and the Alabama Uniform Controlled Substances Act, including but not limited to Code of Alabama (1975), §34-23-92(12), Code of Alabama (1975), §41-22-12 and §41-22-20, and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. Exel Inc. dba DHL Supply Chain (USA) further waives any objection to the attorney for the Board preparing, drafting or making this Deferral Agreement, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

7. By execution of this Deferral Agreement, Exel Inc. dba DHL Supply Chain (USA) hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Deferral Agreement and Pending Charges.

8. Exel Inc. dba DHL Supply Chain (USA) acknowledges and agrees that it has read this Deferral Agreement and that it fully understand the terms, conditions and contents of the same. Exel Inc. dba DHL Supply Chain (USA) acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Deferral Agreement and is signing this Deferral Agreement on the advice of its attorney.

To whom it may concern,

Exel Inc. d/b/a DHL Supply Chain (USA) ("DHL") is submitting this letter in reference to the question on the application regarding pending complaint, investigation, or disciplinary actions.

Exel Inc. d/b/a DHL Supply Chain (USA) ("DHL") is a part of Deutsche Post DHL Group, the world's leading contract logistics provider, and has tens of thousands of employees across North America. At any given time, DHL is a named defendant in civil matters, including employment cases. Based on knowledge and belief of the respondent completing this application after reasonable inquiry, DHL is not involved in any pending criminal proceedings. Nor is DHL part of any pending malpractice claims, civil claims, or lawsuits in connection with drugs/devices.

Attached is a letter from the State Board for the following item:

On April 23, 2023, DHL received a notice from the California State Board of Pharmacy indicating that the Board issued a fine against DHL for its failure to notify the Board of a change in its Designated Representative for the site located at 5920 Corporate Drive, St. Joseph, MO 64507. Please note that the issuance of a fine by the Board is not considered a disciplinary action or reportable and the fine was paid for in full within the allotted time.

Please be assured that DHL takes these matters very seriously and has implemented corrective actions to prevent similar issues from occurring in the future. If you have any concerns regarding the matters set forth in this notice, please do not hesitate to contact DHL Regulatory Affairs at regulatory@dhl.com.

The attached Citation and Fine, ("Citation") is being issued pursuant to Business and Professions Code section 125.9 and California Code of Regulations, title 16, section 1775 et. seq., for violations of the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the Board's web site, at www.pharmacy.ca.gov, under Pharmacy Law and Regulation).

The attached Citation references the specific statutes and regulations violated, defines each violation charged and specifies any fine(s) assessed. The attached Citation details the conduct that resulted in the issuance of the Citation.

IT IS YOUR RESPONSIBILITY TO READ THE ENTIRE CITATION AND INSTRUCTIONS, TO UNDERSTAND THE PROCESS FOR CONTESTING THE CITATION AND TO RESPOND TO THE CITATION WITHIN THE FOLLOWING TIME FRAMES:

- May 12, 2023: Unless the Citation is contested payment of fine(s) must be received by the Board.
- April 26, 2023: Any contest of the Citation by request for an informal Office Conference must be received by the Board.
- May 12, 2023: Any contest of the Citation by request for a formal Appeal must be received by the Board.

The issuance of a Citation by the Board of Pharmacy is considered an administrative action and substantiated resolution of a complaint and/or investigation. If a hearing is not requested to contest the Citation(s), payment of any fine(s) shall not constitute an admission of the violation(s) charged. Payment in full of the fine(s) assessed shall be represented as a satisfactory resolution of the matter in any public disclosure. (Business and Professions Code section 125.9; California Code of Regulations section 1775).

Additionally, if, at the time of license renewal, the Board has not received full payment of assessed fine(s) and a request to contest the Citation has not been received within the time frames specified, the license shall not be renewed until the assessed fine(s) and renewal fee/s are paid in full.

If you have any questions regarding this Citation please contact Suelynn Yee, Citation and Fine Analyst at (916) 518-3013.

INSTRUCTION

Read the Following Carefully and Thoroughly

You are hereby served with a Citation issued by the Executive Officer of the California State Board of Pharmacy or her designee. The following instructions are provided to assist you in your timely completion of the Citation process.

PAYMENT OF FINE

- Payment must be made by **May 12, 2023.**
- Make check or money order payable to the Board of Pharmacy. Do not submit cash.
- Attach the enclosed "copy" of your Citation

Mail payment to: State Board of Pharmacy
Attn: Cashier
2720 Gateway Oaks Drive, Suite 100
Sacramento, CA 95833

Unless contested, Citations are final 30 days from the date of service. Payment of a fine is not an admission of the violation charged. A Citation becomes part of your record, and remains there for five years. It can be used as an aggravating factor for future violations. Citations are public information and as such may be released to the public in accordance with the Public Records Act and Information Practices Act.

CONTESTING THE CITATION (CCR §1775.4)

If you wish to contest all or part of your Citation you may request an informal office conference or an appeal before an administrative law judge, or both. If you wish to request both you must submit both forms. If you prevail at the office conference your request for an appeal shall be deemed withdrawn. Please note that the time frames that allow you to request an office conference and an appeal run concurrently. You must submit your request(s) according to the following instructions:

REQUEST FOR OFFICE CONFERENCE (CCR §1775.4 subd. (b))

- Complete attached "Request for Office Conference".
- Mail form to arrive at the Board office no later than April 26, 2023 to the address at the bottom of the form.
- You will be advised by the Board in writing as to the date and time of your appearance.
- You are allowed one postponement.

An office conference is not a hearing. It is an informal discussion of the events that took place, and an opportunity for you to present information and mitigating factors pertaining to the Citation that you would like considered. The Executive Officer and or her designee represent the Board of Pharmacy at this meeting. One other individual of your choice may accompany you to this meeting. Office conferences are not open to the public. There is no discovery available in this process. You will not be allowed to present or question witnesses. However, you may present any written statements or documents that you believe are relevant.

After your office conference, the Citation may be affirmed, modified or dismissed. You will be advised of the decision in writing within 14 calendar days from the date of the conference. If the Citation is affirmed you will have 30 days from the date of the decision letter to comply with the conditions of your Citation. If the Citation is modified, the Citation originally issued shall be considered withdrawn and a new Citation will be issued. The decision issued after the office conference shall be deemed to be a final order with regard to the Citation issued, including the administrative fine levied, and/or an order of abatement.

REQUEST FOR APPEAL (CCR § 1775.4 subd. (a))

- Complete attached "Request for Hearing".
- Mail form to arrive at the Board office no later than May 12, 2023 to the address at the bottom of the form.
- You will be advised in writing as to the date and time of your hearing.

An appeal is a formal adjudicative hearing before an Administrative Law Judge. A Deputy Attorney General will represent the Board of Pharmacy at this hearing. These proceedings shall be conducted in accordance with the provisions of Chapter 5, commencing with Section 11500 of Part 1 of Division 3 of Title 2 of the Government Code.

If you have any questions regarding any documents enclosed please contact Suelynn Yee, Citation and Fine Analyst at (916) 518-3013.

CONDUCT:

Business and Professions Code section 4160(g) requires a third-party logistics provider to notify the Board in writing, on a form designed by the Board, within 30 days of the date when a responsible manager ceases to act as the responsible manager and shall on the same form propose another designated representative-3PL to take over as the responsible manager. Specifically, on February 3, 2023, the Board received an Application for Change of Responsible Manger from Exel INC DBA DHL Supply Chain (USA), which had been signed under penalty of perjury by a corporate officer and the newly designated responsible manager-in-charge (RMG). The form indicated that the prior RMG, Donald Kragel (DRL 40449), dissociated on June 30, 2021 and that Ryan Stocking (DRL 40676) was designated as the new RMG the following day. Exel INC DBA DHL Supply Chain (USA) failed to notify the Board of their dissociated RMG for 583 days (June 30, 2021 – February 3, 2023). Similarly, Exel INC DBA DHL Supply Chain (USA) failed to notify the Board of their new RMG for 582 days (July 1, 2021 – February 3, 2023).

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes Nathan J. Zangerle, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 28th day of August, 2025.

Barricade Overview			
Facility utilizes a physical barricade to secure drugs, devices, and records	Yes	Facility uses an electronic barricade to secure drugs, devices, and records	Yes
Facility has processes in place in case physical barricade fails. Describe.	The DR mentioned that during a severe crisis, they can transfer their inventory to another nearby DHL warehouse. He also explained that for less serious issues, like a damaged bay door, they would secure it and contact one of DHL's contracted vendors for repairs.	Facility has processes in place in case electronic barricade fails. Describe.	The DR stated that there will be hard metal keys for the facility. He added that he and three other employees will have the keys.
Facility has processes in place for supervision of employees. Describe.	The DR stated that the facility currently has 22 security cameras and more will be added once the racking is installed. He then added that there is a manager for every 10 employees.	Facility has processes in place for supervision and handling of guests, visitors, maintenance personnel, and nonemployee services personnel. Describe.	The DR explained that once fully operational, a guest will need to be buzzed in by a GardaWorld security staff member, who will then require them to manually sign in. This process involves recording their name, arrival time, the organization they represent, and the person they are visiting. He emphasized that all guests must be escorted at all times. Additionally, guests are required to sign out when leaving.

Regulatory Affairs

360 Westar Boulevard, Westerville, OH 43082

January 24, 2025

To Whom It May Concern,

Exel Inc. d/b/a DHL Supply Chain (USA) ("DHL") submits this correspondence in connection with its Initial application and as the detailed explanation required when the question pertaining to disciplinary action is answered "Yes."

Exel Inc. d/b/a DHL Supply Chain (USA) ("DHL") is a part of Deutsche Post DHL Group, the world's leading contract logistics provider, and has tens of thousands of employees across North America. At any given time, DHL is a named defendant in civil matters, including employment cases. Based on knowledge and belief of the respondent completing this application after reasonable inquiry, DHL is not involved in any pending criminal proceedings. Nor is DHL part of any pending malpractice claims, civil claims, or lawsuits in connection with drugs/devices.

Attached are notices from the State Board for the following items:

1. April 12, 2023: DHL received a notice from the California State Board of Pharmacy indicating that the Board issued a fine against DHL for its failure to notify the Board of a change in its Designated Representative. Please note that the issuance of a fine by the Board is not considered a disciplinary action or reportable and the fine was paid in full within the allotted time.

2. November 30, 2023: The Alabama Board of Pharmacy issued a complaint alleging that DHL's renewal applications failed to disclose a Stipulation and Final Agency Order DHL received from the Colorado Board of Pharmacy in 2019. The Colorado Board of Pharmacy's Stipulation and Final Agency Order alleged DHL had provided a late notice of change in its Designated Representative. Upon further review, it was discovered that DHL had made the proper disclosure to the Alabama Board of Pharmacy and the parties entered into a Deferral Agreement which is not considered a discipline.

DHL timely responded to all notices and has not received any response from the applicable Boards.

Please be assured that DHL takes these matters very seriously and has implemented corrective actions to prevent similar issues from occurring in the future. If you have any concerns regarding the matters set forth in this notice, please do not hesitate to contact DHL Regulatory Affairs at regulatory@dhl.com.

Respectfully,

John Kropczynski, BSE, MBA

NOTICE OF HEARING

TO: EXEL, INC. d/b/a DHL SUPPLY CHAIN (USA)
1635 Stone Ridge Drive
Stone Mountain, GA 30083

Pursuant to the provisions of Code of Alabama (1975), § 34-23-34, § 34-23-52, § 34-23-92(12), § 34-23-132 and § 41-22-12, you are hereby notified and requested to appear before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on Feb 20, 2024 at 8:00 a.m., at the State Board of Pharmacy Hearing Room, 111 Village Street, Birmingham, Alabama 35242, and from time to time thereafter as may be required by the Board for the purpose of a hearing to determine why your permit should not be revoked, suspended, or otherwise disciplined based upon your failure to comply with all applicable laws and regulations of the State of Alabama. Disciplinary action may include administrative fines not to exceed $1,000 per violation; and/or revocation, suspension, or denial of your license(s); and/or such other discipline as may be ordered by the Board. Code of Alabama (1975), § 34-23-33. You have the right to be represented by counsel at your own expense, to respond and present evidence and argument on all material issues, to cross-examine all witnesses who testify against you, and to request that witnesses and/or documents be subpoenaed on your behalf. Please refer to the enclosed Standard Scheduling Order for further information regarding responding to the charges, witnesses, exhibits, and prehearing matters.

STATEMENT OF CHARGES

COMES NOW Complainant Donna C. Yeatman, as Executive Secretary of the Alabama State Board of Pharmacy and, on behalf of the Board, charges Respondent EXEL, INC. d/b/a DHL SUPPLY CHAIN (USA) of as follows:

On October 30, 2019, on December 13, 2020, and on November 19, 2021, you submitted renewal applications and failed to disclose, when required to do so, that, on April 29, 2019, you entered into a Stipulation and Final Agency Order with the Colorado Board of Pharmacy after it was alleged that you submitted a late notice of change of representative in violation of Colorado law. This discipline was not reported to the Board until you submitted your renewal application on November 23, 2022. Said Stipulation and Final Agency Order is attached hereto as Exhibit A.

On October 18, 2022, you entered into a Deferral Agreement in a matter with this Board in case number 21-L-0277. The above-referenced matter constitutes a violation of the said Deferral Agreement. Said Deferral Agreement is attached hereto as Exhibit B.

VIOLATIONS

If proven true, you will be in violation of the following:

Code of Alabama (1975), §34-23-32(a) and Ala. Admin. Code r. 680-X-2-.25(a): by failing to submit applications that contain information as required by the Board and that conform with the requirements of all applicable laws and regulations.

STATE OF COLORADO

Case No. 2019-844

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF DISCIPLINARY PROCEEDINGS REGARDING THE OUT-OF-STATE PRESCRIPTION DRUG WHOLESALER REGISTRATION IN THE STATE OF COLORADO OF EXEL INC., DBA DHL SUPPLY CHAIN (USA), REGISTRATION NO. WHO 8288,

Respondent Outlet.

IT IS HEREBY STIPULATED AND AGREED by and between the Colorado State Board of Pharmacy ("Board") and Exel Inc., dba DHL Supply Chain (USA)("Respondent Outlet") to resolve all matters pertaining to Board Case Number 2019-844, as follows:

FINDINGS AND CONCLUSIONS

1. The Board has jurisdiction over Respondent Outlet, its registration as an out-of-state prescription drug wholesaler, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act at Title 12, Article 42.5, C.R.S. (2018).

2. Respondent Outlet was originally registered in the State of Colorado on or about November 19, 2010, being issued registration #WHO 8288, and has been so registered at all times relevant to this disciplinary action.

3. Respondent Outlet's address of record with the Board and current location is 1635 Stone Ridge Drive, Stone Mountain, Georgia.

4. Respondent Outlet admits these findings and hereby waives any further proof in this proceeding before the Board regarding the following facts.

5. Respondent Outlet failed to timely submit to the Board an application detailing a change in designated representative and fee. In this case, 320 days transpired between March 9, 2018, the date the previous designated representative ceased the position, and January 23, 2019, the date the application and fee were received.

6. On or about February 4, 2019, the Board initiated a complaint against Respondent Outlet because of the delay of 320 days in submitting an application detailing a change in designated representative and fee.

7. Respondent Outlet's conduct, as set forth above, constitutes violations of the following sections of the Colorado Revised Statutes and Board Regulations:

Colorado Revised Statutes

12-42.5-123. Unprofessional conduct - grounds for discipline.

(1) The board may suspend, revoke, refuse to renew, or otherwise discipline any license or registration issued by it, after a hearing held in accordance with the provisions of this section, upon proof that the licensee or registrant:

(c) Has violated:

(II) The lawful rules of the board.

12-42.5-303. Wholesaler license requirements.

(3)(a) An applicant for a wholesaler license shall provide to the board the following information, and any other information deemed appropriate by the board on a form provided by the board:

(I) The name, full business address, and telephone number of the applicant;

(II) The trade and business names used by the applicant;

(III) The addresses, telephone numbers, and names of the contact persons for all facilities used by the applicant for the storage, handling, and distribution of prescription drugs;

(IV) The type of ownership or operation of the applicant;

(V) The names of the owner and the operator of the applicant, including:
(A) The name of each partner if the applicant is a partnership;
(B) The name and title of each officer and director, the name of the corporation, and the state of incorporation, if the applicant is a corporation;
(C) The name of the limited liability company, if the applicant is a limited liability company, and the name of the parent company, if any, and the state of incorporation or formation of both; or

(D) The name of the sole proprietor and the business entity if the applicant is a sole proprietorship;

(VI) A list of the licenses and permits issued to the applicant by any other state that authorizes the applicant to purchase or possess prescription drugs; and

(VII) The name of the applicant's designated representative for the facility, the fingerprints of the designated representative, and a personal information statement for the designated representative that includes information as required by the board, including but not limited to the information in subsection (5) of this section.

(b) A licensee shall complete and return a form approved by the board at each renewal period. The board may suspend or revoke the license of a wholesaler if the board determines that the wholesaler no longer qualifies for a license.

Pharmacy Board Rules and Regulations

15.01.14 Change of name, location, or ownership, or designated representative.

c. Any change in the designated representative of a wholesaler shall be reported to the Board on a form supplied by the Board within thirty calendar days of such change. The incoming designated representative must undergo the required background check.

TERMS OF DISCIPLINE

8. Fine with Surcharge. Pursuant to section 12-42.5-124(5)(a)(I), C.R.S., Respondent Outlet shall pay a fine of One Thousand Dollars and No Cents ($1,000.00). Respondent Outlet understands and acknowledges that, pursuant to section24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies may impose an additional surcharge of 15% of this fine. Respondent Outlet shall therefore pay a total amount of **One Thousand One Hundred Fifty Dollars and No Cents ($1,150.00)**. The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Outlet submits this signed Final Agency Order to the Board.

9. Compliance. Respondent Outlet shall submit all future applications and appropriate fees to the Board detailing changes in designated representative within the required time frame specified by Board rule or statute in effect at the time of such designated representative change.

10. Other Requirements. Respondent Outlet acknowledges and agrees that, as a condition of this Final Agency Order, Respondent Outlet shall:

a. promptly pay all Respondent Outlet's own fees and costs associated with this Final Agency Order;

b. comply fully with this Final Agency Order; and

c. comply fully with the Pharmacists, Pharmacy Businesses and Pharmaceuticals Act, all Board rules and regulations, and any other state and federal laws and regulations related to pharmacists and pharmaceuticals in the State of Colorado.

11. Advisements and Waivers. Through its undersigned Authorized Representative, Respondent Outlet enters into this Final Agency Order freely and voluntarily, after having the opportunity to consult with legal counsel and/or choosing not to do so. Respondent Outlet acknowledges its understanding that it has the following rights:

a. to have formal notice of hearing and charges served upon it;

b. to respond to said formal notice of charges;

c. to have a formal disciplinary hearing pursuant to sections 12-42.5-123 and 12-42.5-124, C.R.S.; and

d. to appeal this Final Agency Order.

Respondent Outlet freely waives these rights, and acknowledges that such waiver is made voluntarily in consideration for the Board's limiting the action taken against Respondent Outlet to the sanctions imposed herein.

12. Acknowledgments. The undersigned Authorized Representative of Respondent Outlet has read this Final Agency Order in its entirety and acknowledges, after having the opportunity to consult with legal counsel and/or choosing not to do so, that Respondent Outlet understands the legal consequences and agrees that none of the terms or conditions herein is unconscionable. Respondent Outlet is not relying on any statements, promises or representations from the Board other than as may be contained in this Final Agency Order. Respondent Outlet further acknowledges that it is not entering into this Final Agency Order under any duress.

13. Violations. Time is of the essence in this Final Agency Order. It is the responsibility of Respondent Outlet to take all appropriate steps to comply fully with this Final Agency Order. Respondent Outlet acknowledges and agrees that any violation of this Final Agency Order shall constitute a willful violation of a lawful Board order, may be sanctioned as provided under section 12-42.5-124(4), C.R.S., and may be sufficient grounds for additional discipline, including but not limited to revocation of Respondent Outlet's registration. The pendency of any suspension

or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Outlet to comply with all terms and conditions of this Final Agency Order.

14. Integration and Severability. Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

15. Public Record. Upon execution by all parties, this Stipulation and Final Agency Order shall be a public record, maintained in the custody of the Board.

16. Effective Date. This Final Agency Order shall become effective upon (a) mailing by first-class mail to Respondent Outlet at Respondent Outlet's address of record with the Board, or (b) service by electronic means on Respondent Outlet at Respondent Outlet's electronic address of record. Respondent Outlet hereby consents to service by electronic means if Respondent Outlet has an electronic address on file with the Board.

DEFERRAL AGREEMENT

This Agreement is entered into by and between the Alabama State Board of Pharmacy (Board) and Exel Inc. dba DHL Supply Chain (USA).

WHEREAS, Exel Inc. dba DHL Supply Chain (USA) was timely served with a Statement of Charges and Notice of Hearing (Pending Charges) alleging violations of the Alabama Pharmacy Practice Act. A copy of the Pending Charges is attached hereto as Exhibit "A".

WHEREAS, the parties, through counsel, have engaged in discussions concerning an informal resolution of the Pending Charges.

WHEREAS, the parties have agreed to resolve this matter pursuant to Code of Alabama (1975) 41-22-12(f) by their approval of the following terms:

IT IS THE THEREFORE UNDERSTOOD AND AGREED BY THE PARTIES AS FOLLOWS:

1. The Pending Charges against Exel Inc. dba DHL Supply Chain (USA) shall be deferred until December 31, 2023 (Deferral Period).

2. As a condition to the Deferral described above, Exel Inc. dba DHL Supply Chain (USA) shall pay costs in the amount of Two Thousand Five Hundred Dollars ($2,500.00) within thirty (30) days of the effective date of this Agreement, that being the date it is signed on behalf of the Board. Failure to pay this amount shall be considered a probable cause violation by Exel Inc. dba DHL Supply Chain (USA) as defined below.

3. In the event there are no probable cause violations of the Alabama Pharmacy Practice Act involving Exel Inc. dba DHL Supply Chain (USA) during the Deferral Period set forth above, the Pending Charges shall be dismissed.

4. In the event there is a probable cause violation of the Alabama Pharmacy Practice Act involving Exel Inc. dba DHL Supply Chain (USA) during the Deferral Period set forth above, both the Pending Charges and any new charges shall be noticed and scheduled for a hearing.

5. Neither the Pending Charges nor this Agreement shall be reported as discipline as long as Exel Inc. dba DHL Supply Chain (USA) complies with the conditions of Paragraphs Two and Three of this Agreement.

6. That Exel Inc. dba DHL Supply Chain (USA) expressly waives its rights pursuant to the Alabama Pharmacy Practice Act, and the Alabama Administrative Procedures Act and the Alabama Uniform Controlled Substances Act, including but not limited to Code of Alabama (1975), §34-23-92(12), Code of Alabama (1975), §41-22-12 and §41-22-20, and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. Exel Inc. dba DHL Supply Chain (USA) further waives any objection to the attorney for the Board preparing, drafting or making this Deferral Agreement, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

7. By execution of this Deferral Agreement, Exel Inc. dba DHL Supply Chain (USA) hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Deferral Agreement and Pending Charges.

8. Exel Inc. dba DHL Supply Chain (USA) acknowledges and agrees that it has read this Deferral Agreement and that it fully understand the terms, conditions and contents of the same. Exel Inc. dba DHL Supply Chain (USA) acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Deferral Agreement and is signing this Deferral Agreement on the advice of its attorney.

To whom it may concern,

Exel Inc. d/b/a DHL Supply Chain (USA) ("DHL") is submitting this letter in reference to the question on the application regarding pending complaint, investigation, or disciplinary actions.

Exel Inc. d/b/a DHL Supply Chain (USA) ("DHL") is a part of Deutsche Post DHL Group, the world's leading contract logistics provider, and has tens of thousands of employees across North America. At any given time, DHL is a named defendant in civil matters, including employment cases. Based on knowledge and belief of the respondent completing this application after reasonable inquiry, DHL is not involved in any pending criminal proceedings. Nor is DHL part of any pending malpractice claims, civil claims, or lawsuits in connection with drugs/devices.

Attached is a letter from the State Board for the following item:

On April 23, 2023, DHL received a notice from the California State Board of Pharmacy indicating that the Board issued a fine against DHL for its failure to notify the Board of a change in its Designated Representative for the site located at 5920 Corporate Drive, St. Joseph, MO 64507. Please note that the issuance of a fine by the Board is not considered a disciplinary action or reportable and the fine was paid for in full within the allotted time.

Please be assured that DHL takes these matters very seriously and has implemented corrective actions to prevent similar issues from occurring in the future. If you have any concerns regarding the matters set forth in this notice, please do not hesitate to contact DHL Regulatory Affairs at regulatory@dhl.com.

The attached Citation and Fine, ("Citation") is being issued pursuant to Business and Professions Code section 125.9 and California Code of Regulations, title 16, section 1775 et. seq., for violations of the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the Board's web site, at www.pharmacy.ca.gov, under Pharmacy Law and Regulation).

The attached Citation references the specific statutes and regulations violated, defines each violation charged and specifies any fine(s) assessed. The attached Citation details the conduct that resulted in the issuance of the Citation.

IT IS YOUR RESPONSIBILITY TO READ THE ENTIRE CITATION AND INSTRUCTIONS, TO UNDERSTAND THE PROCESS FOR CONTESTING THE CITATION AND TO RESPOND TO THE CITATION WITHIN THE FOLLOWING TIME FRAMES:

- May 12, 2023: Unless the Citation is contested payment of fine(s) must be received by the Board.
- April 26, 2023: Any contest of the Citation by request for an informal Office Conference must be received by the Board.
- May 12, 2023: Any contest of the Citation by request for a formal Appeal must be received by the Board.

The issuance of a Citation by the Board of Pharmacy is considered an administrative action and substantiated resolution of a complaint and/or investigation. If a hearing is not requested to contest the Citation(s), payment of any fine(s) shall not constitute an admission of the violation(s) charged. Payment in full of the fine(s) assessed shall be represented as a satisfactory resolution of the matter in any public disclosure. (Business and Professions Code section 125.9; California Code of Regulations section 1775).

Additionally, if, at the time of license renewal, the Board has not received full payment of assessed fine(s) and a request to contest the Citation has not been received within the time frames specified, the license shall not be renewed until the assessed fine(s) and renewal fee/s are paid in full.

If you have any questions regarding this Citation please contact Suelynn Yee, Citation and Fine Analyst at (916) 518-3013.

INSTRUCTION

Read the Following Carefully and Thoroughly

You are hereby served with a Citation issued by the Executive Officer of the California State Board of Pharmacy or her designee. The following instructions are provided to assist you in your timely completion of the Citation process.

PAYMENT OF FINE

- Payment must be made by **May 12, 2023.**
- Make check or money order payable to the Board of Pharmacy. Do not submit cash.
- Attach the enclosed "copy" of your Citation

Mail payment to: State Board of Pharmacy
Attn: Cashier
2720 Gateway Oaks Drive, Suite 100
Sacramento, CA 95833

Unless contested, Citations are final 30 days from the date of service. Payment of a fine is not an admission of the violation charged. A Citation becomes part of your record, and remains there for five years. It can be used as an aggravating factor for future violations. Citations are public information and as such may be released to the public in accordance with the Public Records Act and Information Practices Act.

CONTESTING THE CITATION (CCR §1775.4)

If you wish to contest all or part of your Citation you may request an informal office conference or an appeal before an administrative law judge, or both. If you wish to request both you must submit both forms. If you prevail at the office conference your request for an appeal shall be deemed withdrawn. Please note that the time frames that allow you to request an office conference and an appeal run concurrently. You must submit your request(s) according to the following instructions:

REQUEST FOR OFFICE CONFERENCE (CCR §1775.4 subd. (b))

- Complete attached "Request for Office Conference".
- Mail form to arrive at the Board office no later than April 26, 2023 to the address at the bottom of the form.
- You will be advised by the Board in writing as to the date and time of your appearance.
- You are allowed one postponement.

An office conference is not a hearing. It is an informal discussion of the events that took place, and an opportunity for you to present information and mitigating factors pertaining to the Citation that you would like considered. The Executive Officer and or her designee represent the Board of Pharmacy at this meeting. One other individual of your choice may accompany you to this meeting. Office conferences are not open to the public. There is no discovery available in this process. You will not be allowed to present or question witnesses. However, you may present any written statements or documents that you believe are relevant.

After your office conference, the Citation may be affirmed, modified or dismissed. You will be advised of the decision in writing within 14 calendar days from the date of the conference. If the Citation is affirmed you will have 30 days from the date of the decision letter to comply with the conditions of your Citation. If the Citation is modified, the Citation originally issued shall be considered withdrawn and a new Citation will be issued. The decision issued after the office conference shall be deemed to be a final order with regard to the Citation issued, including the administrative fine levied, and/or an order of abatement.

REQUEST FOR APPEAL (CCR § 1775.4 subd. (a))

- Complete attached "Request for Hearing".
- Mail form to arrive at the Board office no later than May 12, 2023 to the address at the bottom of the form.
- You will be advised in writing as to the date and time of your hearing.

An appeal is a formal adjudicative hearing before an Administrative Law Judge. A Deputy Attorney General will represent the Board of Pharmacy at this hearing. These proceedings shall be conducted in accordance with the provisions of Chapter 5, commencing with Section 11500 of Part 1 of Division 3 of Title 2 of the Government Code.

If you have any questions regarding any documents enclosed please contact Suelynn Yee, Citation and Fine Analyst at (916) 518-3013.

CONDUCT:

Business and Professions Code section 4160(g) requires a third-party logistics provider to notify the Board in writing, on a form designed by the Board, within 30 days of the date when a responsible manager ceases to act as the responsible manager and shall on the same form propose another designated representative-3PL to take over as the responsible manager. Specifically, on February 3, 2023, the Board received an Application for Change of Responsible Manger from Exel INC DBA DHL Supply Chain (USA), which had been signed under penalty of perjury by a corporate officer and the newly designated responsible manager-in-charge (RMG). The form indicated that the prior RMG, Donald Kragel (DRL 40449), dissociated on June 30, 2021 and that Ryan Stocking (DRL 40676) was designated as the new RMG the following day. Exel INC DBA DHL Supply Chain (USA) failed to notify the Board of their dissociated RMG for 583 days (June 30, 2021 – February 3, 2023). Similarly, Exel INC DBA DHL Supply Chain (USA) failed to notify the Board of their new RMG for 582 days (July 1, 2021 – February 3, 2023).

Exel Inc. D/B/A DHL Supply Chain (USA)
360 Westar Blvd
Westerville, Ohio 43082

To: Jurisdictional Regulator

This letter is to inform you that, in December 2025, Exel Inc. d/b/a DHL Supply Chain (USA) ("DHL") voluntarily surrendered Drug Enforcement Administration ("DEA") registration 007693EXY for its site located at 2020 E Vine Ave., Fresno, CA 93706 (the "Facility") because the Facility had not previously obtained a California Department of Justice (" California DOJ") Controlled Chemical Substance Program ("CCSP") permit. The Facility handles over-the counter ("OTC") drugs including certain pseudoephedrine products which, per federal and state law, are regulated as List 1 Chemicals. DHL has reapplied for the CCSP permit and intends to reapply for a DEA registration upon receiving approval of its California DOJ CCSP permit.

Detailed Explanation:

This facility operates as a Third-Party Logistics (3PL) provider who by federal definition:

> "is an entity that provides or coordinates warehousing or other logistics services on behalf of a manufacturer, wholesale distributor, or dispenser of a product. A 3PL provider does not take ownership of any product. Neither do they have the responsibility to direct the sale or disposition of the product."

In mid-2020, DHL applied for a DEA chemical distributor registration to receive, store and distribute OTC PSE products at the site. DHL was unaware that a California CCSP permit was also required. The site had not obtained a California Board of Pharmacy license because the California BOP does not regulate 3PL's for OTC products. Thereafter, DEA issued a chemical distributor registration for the Facility without this state license in place, and no mention was made of it being a prerequisite.

In late 2023, DEA inspected the Facility and informed DHL that the site needed a CCSP permit issued by the California DOJ. The DHL licensing team immediately submitted an application to the California DOJ. As part of its review of the application, the California DOJ stated that it required purchase and sales data to complete its review of the application. The licensing team notified the California DOJ that it could not provide that data because, as a 3PL, it does not purchase or sell products and only provides distribution services at the direction of suppliers who retain title to the product. Despite several exchanges of information over several months, DHL was unable to satisfy the California DOJ request. Based on the explanation from the California DOJ, the initial and recurring submission of purchasing and sales data is a key part CCSP's permitting process.

Most recently, in October 2025, the DEA audited the Facility and asked whether the Facility had obtained the CCSP permit. DHL informed the DEA of the actions it had taken including its communication with California DOJ regarding its efforts obtain the permit. Specifically, DHL explained that because as a 3PL, it was unable to provide the List 1 purchase and sales data the California DOJ requested. The DEA investigator then contacted the California DOJ, who indicated the site should have a CCSP permit. DHL submitted a new CCSP application to California DOJ in December 2025. The California DOJ communicated to the DEA that it would take between 120-180 days to process DHL's application.

Given that it appeared that DHL would not be able to obtain the permit for 6 months, DHL and the DEA mutually agreed the best path forward was for DHL to voluntarily surrender the DEA registration until DHL obtains the CCSP permit.

DHL removed all List 1 inventory from the Facility on December 19, 2025, formally requested the DEA registration be surrendered and, communicated to the California DOJ that List 1 product is no longer being stored at the Facility.

Next Steps:

DHL continues to work with the California DOJ and its customer to satisfy the purchase and sales application requirements. DHL has agreement from the DEA that the Facility can reapply for a DEA permit once the CCSP permit is issued.

Please be assured that DHL takes these matters seriously and implements policies and procedures at its sites to ensure compliance with state and federal laws.

Please contact me if you have any questions or require additional information regarding this matter.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes Nathan J. Zangerle, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. History of Business

Exel, Inc., a wholly owned subsidiary was acquired by DHL Supply Chain in 2016. Exel, Inc. was incorporated in the state of Massachusetts in December of 19191. It intends to operate as a 3PL to support manufacturers in Raleigh and Concord, North Carolina. DHL is a global leader in supply chain management and Exel is known for warehousing and distribution as well as transportation management.

Person(s) Interviewed and Individual Responsibility

Credentials were presented to and the Notice of Inspection issued to Ms. Keri Kjellin, Director of Quality Assurance. Ms. Mayury Chhoeing, Quality Supervisor and Mr. Nathan Ross, General Manager accompanied me throughout the inspection and provided procedures and other information requested. Ms. Francerta Huntley, Office Supervisor was also presented with NCDA&CS credentials and contributed to the inspection process.

Background

The past visit was the initial inspection of this facility following receipt of an application for a Rx Third Party Logistic Provider license. The purpose of this inspection was to verify compliance with NCGS §106 Article 12A (Wholesale Prescription Drug Distributors).

There were no significant objectionable conditions noted during this inspection, and the Third Party Logistics Provider license was approved for release.

Operations

DHL Supply Chain intends to use this facility for offices and storage of prescription pharmaceuticals, components and packaging as demand dictates. These products may be distributed to supportive manufacturers, such as Eli Lilly & Company located in North Carolina. A weight loss drug, (Mounjaro) and Zepbound may be some of the first products.

The facility is located in an industrial metal building and covers approximately 200,000 square feet. Of that, 20,000 square feet will be for administrative offices and 180,000 sq ft. will be cold storage space. It is secured against unauthorized entry by means of a security system, cameras and door fobs. Storage for products will be on racks in the warehouse with barcodes and stickers segregating different products. Storage conditions will be monitored by sensors (Cool stream by Sensitech) throughout the warehouse and cooler.

Written procedures have been established that provide the requirements for the receipt, storage and distribution of prescription drugs, and there is a defined area in the warehouse for quarantined/ reject products.

Product cycle counting is completed according to designations of A,B, or C and quarterly, bi-annual and annual respectively. Firm intends to operate 24/7, Monday thru Saturday with approximately 50 employees.

Observations

There were no significant objectionable conditions noted during this inspection, and the Third Party Logistic Provider license was approved for release.

Compliance

Future inspections of this facility by NCDA&CS will be conducted on a routine annual or as needed basis.

National Drug Wholesales, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 3233 De La Cruz Boulevard, Suite E SANTA CLARA CA 95054 (Address of Applicant/Principal), as PRINCIPAL, and Arch Insurance Company (Surety Company), a corporation organized under the laws of the state of Missouri (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is Harborside 3, 210 Hudson Street, Suite 300, Jersey City NJ 07311 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 01/06/2026 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 8th day of January, 2026.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. K41982627

Application/License No. _____

Perfero Pharma, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 3 Becker Farm Road, Suite 404, Roseland, NJ 07068 (Address of Applicant/Principal), as PRINCIPAL, and Westchester Fire Insurance Company (Surety Company), a corporation organized under the laws of the state of Pennsylvania (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 436 Walnut St, WA10H, Philadelphia, PA 19106-3703 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 04/13/2026 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 14th day of April, 2020.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. B150092026

Application/License No. 031856

Pine Plains Pharmacy Inc (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 2965 Church St, Pine Plains, NY 12567-5547 (Address of Applicant/Principal), as PRINCIPAL, and Old Republic Surety Company (Surety Company), a corporation organized under the laws of the state of Wisconsin (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 18500 W Corporate Dr, Ste 170, Brookfield, WI 53045 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 2/3/2026 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 3rd day of February, 20 26

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the President & CEO (title) for Carson Tahoe Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Michelle Joy hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the President & CEO (title) for Carson Tahoe Regional Healthcare (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Graham Brown Pharmacist Registration #: 19803

Pharmacy Name: Carson Tahoe Pharmacy

Initial each statement below to indicate you have read and agree with the following:

GB I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

GB I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

GB I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

GB I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

GB I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

1. I am the Director of Pharmacy (title) for ER at Inspirada (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. Initial each statement below to indicate you have read and agree with the following:

BT I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

BT I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

BT I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

BT I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

BT I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

When the correct identity, purity, strength, and sterility of ingredients and components cannot be confirmed (in cases of, for example, unlabeled syringes, opened ampoules, punctured stoppers of vials and bags, and containers of ingredients with incomplete labeling) or when the ingredients and components do not possess the expected appearance, aroma, and texture, they must be removed from stock and isolated for return, reclamation, or destruction.	Yes
24.36.01.700.05.c. Non-Patient Specific Records. Except for drug products that are being compounded or sterile prepackaged for direct administration, a production record of drug products compounded or sterile prepackaged in anticipation of receiving prescription drug orders or distributed in the absence of a patient specific prescription drug order ("office use") solely as permitted in these rules, must be prepared and kept for each drug product prepared, including: i. Production date; ii. Beyond use date; iii. List and quantity of each ingredient; iv. Internal control or serial number; and v. Initials or unique identifier of all persons involved in the process or the compounder responsible for the accuracy of these processes.	Yes
24.36.01.700.04.c. Anticipatory Compounding. Limited quantities of a drug product may be compounded or sterile prepackaged prior to receiving a valid prescription drug order based on a history of receiving valid prescription drug orders for the compounded or sterile prepackaged drug product.	Yes
24.36.01.700.05. Drug Compounding Controls. a. Policies and Procedures. In consideration of the applicable provisions of USP Chapter 795 concerning pharmacy compounding of non-sterile preparations, USP Chapter 797 concerning sterile preparations, Chapter 1075 of the USP-NF concerning good compounding practices, and Chapter 1160 of the USP-NF concerning pharmaceutical calculations, policies and procedures for the compounding or sterile prepackaging of drug products must ensure the safety, identity, strength, quality, and purity of the finished product, and must include any of the following that are applicable to the scope of compounding practice being performed: i. Appropriate packaging, handling, transport, and storage requirements; ii. Accuracy and precision of calculations, measurements, and weighing; iii. Determining ingredient identity, quality, and purity; iv. Labeling accuracy and completeness; v. Beyond use dating; vi. Auditing for deficiencies, including routine environmental sampling, quality and accuracy testing, and maintaining inspection and testing records; vii. Maintaining environmental quality control; and viii. Safe limits and ranges for strength of ingredients, pH, bacterial endotoxins, and particulate matter.	Yes
24.36.01.230.08. Sterile Preparation Endorsement. A drug outlet engaged in sterile preparation must obtain a single endorsement for one (1) or more hood or aseptic environmental control devices.	Yes
24.36.01.701.03. Compounder Responsibilities. i. Opened or entered (such as needle-punctured) single-dose containers, such as bags, bottles, syringes, and vials of sterile products and compounded sterile preparations are to be used within one (1) hour if opened in non-sterile conditions, and any remaining contents must be discarded; ii. Single-dose vials needle-punctured in a sterile environment may be used up to six (6) hours after initial needle puncture; iii. Opened single-dose ampules may not be stored for any time period; and iv. Multiple-dose containers (for example, vials) that are formulated for removal of portions on multiple occasions because they contain antimicrobial preservatives, may be used for up to twenty-eight (28) days after initial	Yes

opening or entering, unless otherwise specified by the manufacturer;	
24.36.01.701.03.b. Water-containing compounded sterile products that are non-sterile during any phase of the compounding procedure must be sterilized within six (6) hours after completing the preparation in order to minimize the generation of bacterial endotoxins.	
24.36.01.701.04. Environmental Controls. Except when prepared for immediate administration, the environment for the preparation of sterile preparations in a drug outlet must be in an isolated area, designed to avoid unnecessary traffic and airflow disturbances, and equipped to accommodate aseptic techniques and conditions. a. Hoods and aseptic environmental control devices must be certified for operational efficiency as often as recommended by the manufacturer or at least every six (6) months or if relocated.	Yes
24.36.01.701.05. Sterile Preparation Equipment. A drug outlet in which sterile preparations are prepared must be equipped with at least the following: a. Protective apparel including gowns, masks, and sterile (or the ability to sterilize) non-vinyl gloves, unless written documentation can be provided from the aseptic isolator manufacturer that any component of garbing is not necessary; b. A sink; c. A refrigerator for proper storage of additives and finished sterile preparations prior to delivery when necessary; and d. An appropriate laminar airflow hood or other aseptic environmental control device such as a laminar flow biological safety cabinet, or a comparable compounding area when authorized by USP Chapter 797.	Yes
24.36.01.701.06. Documentation Requirements. The following documentation must also be maintained by a drug outlet in which sterile preparations are prepared: a. Justification of beyond use dates assigned, pursuant to direct testing or extrapolation from reliable literature sources; b. Training records, evidencing that personnel are trained on a routine basis and are adequately skilled, educated, and instructed; d. Temperature, logged daily; e. Beyond use date and accuracy testing, when appropriate; and f. Measuring, mixing, sterilizing, and purification equipment inspection, monitoring, cleaning, and maintenance to ensure accuracy and effectiveness for their intended use.	Yes
24.36.01.701.07. Policies and Procedures. Policies and procedures appropriate to the practice setting must be adopted by a drug outlet preparing sterile pharmaceutical preparations and must include a continuous quality improvement program for monitoring personnel qualifications and training in sterile technique, including: a. Antiseptic hand cleansing; b. Disinfection of non-sterile compounding surfaces; c. Selecting and appropriately donning protective garb; d. Maintaining or achieving sterility of sterile preparations while maintaining the labeled strength of active ingredients; e. Manipulating sterile preparations aseptically, including mixing, diluting, purifying, and sterilizing in the proper sequence; f. Choosing the sterilization method, pursuant to the risk of a contamination of particular compounded sterile preparation; and g. Inspecting for quality standards before dispensing or distributing.	Yes
24.36.01.702.01. Ventilation. Ensure the storage and compounding areas have sufficient general exhaust ventilation to dilute and remove any airborne contaminants.	Yes
24.36.01.702.02. Ventilated Cabinet. Utilize a ventilated cabinet designed to reduce worker exposures while preparing hazardous drugs.	Yes
24.36.01.702.05. Protective Equipment and Supplies. Provide and maintain appropriate personal protective equipment and supplies necessary for handling hazardous drugs, spills and disposal.	Yes
24.36.01.702.06. Contamination Prevention. Unpack, store, prepackage, and compound hazardous drugs separately from other inventory in a restricted	

area in a manner to prevent contamination and personnel exposure until hazardous drugs exist in their final unit-of-use packaging.

24.36.01.702.07. Compliance With Laws. Comply with applicable local, state, and federal laws including for the disposal of hazardous waste.

24.36.01.702.09. Policy and Procedures Manual. Maintain a policy and procedures manual to ensure compliance with this rule.

24.36.01.103.04. Inspection Reports. Inspection reports must be reviewed with the Board inspector and signed by an agent of the drug outlet upon completion of the exit interview.

Clarification or Further Explanation	13	15.00	The licenses will be posted in view of the public in a manner that addresses the safety concerns for staff (e.g., addresses may be hidden from view) while informing the public of staff licensure	12/01/2024		
Clarification or Further Explanation	13	17.00	Compounding and Pharmacy aggressively pursued correcting all deficiencies before the enforceable date of November 25, 2025 for the new USP 797 standards in the State of Florida. It was decided to utilize the NABP VPP inspection as a means of determining the success of those efforts. The VPP inspection has allowed us to see that we have 3 deficiencies to quickly address: (1) Goggles will be incorporated into the garbing process for all sterile compounding (2) Media Fill simulations will be done every 3 months for compounding personnel (3) Performing (1) and (2) will provide the means to meet Category 3 BUDs. The VPP report refers to sporicidal disinfectants being used monthly versus weekly for all surfaces when East Coast Compounding and Pharmacy uses sterile Peridox RTU daily on all surfaces as part of all deactivating, decontaminating, cleaning and disinfecting processes which also has	12/02/2024		
Clarification or Further Explanation	16	37.03	A Reverse Distributor has been and will continue to be utilized when there is a need for the destruction of medications (e.g. expired, damaged, recalled)	Currently utilized and will continue		
Clarification or Further Explanation	17	39.01	Daily min/max temperatures were and are being used for detection of excursions and records maintained indefinitely in 797Tools documenting software. Continuous monitoring of the freezer temperatures will begin January 2025 using Safety Culture software and services	1/1/2025		
Clarification or Further Explanation	17	44.00	The NABP inspector explained that garbing procedures did not include goggles for Category 3 compounding. All other parameters for media-fill testing was appropriate. The lack of goggles was considered an element that could potentially affect the sterility of the CSP.	12/2/2024		
Clarification or Further Explanation	30	91.00	No adverse effects have been reported in quality event reports. When such events occur, they will be reported to the appropriate agency (e.g. State Board of Pharmacy, MedWatch, FDA, VAERS)	No Action Required		

Clarification or Further Explanation	30	93.00	A consumer survey will be developed using industry standards for a compounding pharmacy. This will include determining the best format (e.g. web based, paper, etc), the method of sampling, the process for providing notice and receiving information, the collating of results and the interpretation of the results against anticipated benchmarks.	3/1/2025		
Clarification or Further Explanation	143	43.0	Sufficient quantities of goggles ans sterile garb to be incorporated for all sterile compounding.	12/2/2024		
Clarification or Further Explanation	144	43.8	The use of goggles in the garbing process will be implemented no later than Monday, December 2, 2024 to ensure no skin is exposed during sterile compounding	12/2/2024		
Clarification or Further Explanation	153	48.00	DAILY sporicidal agents are applied to PECs, the equipment inside PECs, Pass Throughs, Work Surfaces outside the PEC and floors which exceeds the required weekly application for Category 3 sterile compounding. This was done to simplify the cleaning processes and concern for patient safety. Documentation in 797Tools, recorded daily	No Action Required		
Clarification or Further Explanation	154	48.1	Sporicidal disinfectant is applied DAILY to all interior surfaces of the PEC which exceeds the requirement of weekly appplication for Category 3 sterile compounding. Documentation in 797Tools, recorded daily	No Action Required

Clarification or Further Explanation	172	58.0	The NABP inspector observed the lack of goggles being used. Wearing goggles for all sterile compounding will be included in the policy and procedures, teaching, and assessments for Proper Garbing for Sterile Non Hazardous Compounding and Proper Garbing for Sterile Hazardous Compounding	12/2/2024		
Clarification or Further Explanation	174	58.6	NABP inspector noted the reason for the no was the lack of goggles being used. Personnel were compounding in the DCA, not interrupting first air during compounding, properly set up equipment, supplies, and components while not interupting first air, handles syringess in a manner not to introduce contaminants, proper entry and exit of materials into the PEC, and frequient sanitation of gloves. Wearing goggles for all sterile compounding will be included in the policy and procedures, teaching, and assessments for Proper Garbing for Sterile Non Hazardous Compounding and Proper Garbing for Sterile Hazardous Compounding	12/2/2024		
Clarification or Further Explanation	178	62.0	The NABP inspector had stated that the weekly use of sporicial disinfectant was being used monthly instead of weekly for the PEC, equipment inside the PEC, work surfaces outside the PEC, Pass-throughs, and the floor. In fact, a sporicidal disinfectant is being applied daily to those areas which is more frequently than required. Walls, Ceilings, Storage Shelves, Bins and equipment outside the PEC are done monthly. Documentation is in 797Tools.	No Action Required		
Clarification or Further Explanation	179	62.1	NABP inspector noted that goggles were not worn for cleaning and disinfecting. Nonsterile Compounding Inspection for USP <795>

Facility Name: East Coast Compounding and Pharmacy, LLC

e-Profile ID: 1637241

Inspection Date: 10/28/2024, 10/29/2024 & 10/30/2024

		Observation	Inspector Notes	USP Reference(s)
18.5	Equipment and devices are verified for accuracy as recommended by the manufacturer (at the frequency recommended by the manufacturer or at least every 12 months, whichever is more frequent). ***If the pharmacy does not compound CNSPs that require equipment or devices that must be calibrated for accuracy (such as ones needed for weighing or measuring), the inspector should answer this statement as N/A.***	Yes		6.1
18.6	If a CVE or BSC is used by the pharmacy, it is certified at least every 12 months, according to the manufacturer specifications or regulations of the applicable regulatory jurisdiction. ***If the pharmacy does not have the record or documentation of the certification and maintenance of the CVE/BSC, the inspector should answer this statement as no. If the pharmacy does not have a CVE or BSC, the inspector should answer this statement as N/A.***	N/A		6.1
19.0	Does the pharmacy compounding CNSPs use APIs?	Yes		6.2
20.0	Does the pharmacy select APIs that comply with the requirements in USP <795> standards? ***Verify by selecting products from the shelf from different suppliers and ask to see the COAs for those products.*** ***If no, go to compliance statements.***	Yes		6.2.1
20.1	APIs comply with criteria in the USP-NF monograph, if one exists. ***If the pharmacy does not compound any CSPs that have an available USP monograph, the inspector should answer this statement as N/A.***	Yes		6.2.1

e-Profile ID: 1637241

Inspection Date: 10/28/2024, 10/29/2024 & 10/30/2024

		Observation	Inspector Notes	USP Reference(s)
20.2	All APIs used have a COA that includes the specifications (eg, compendial requirements for quality) and that the test results for the component show the API meets expected quality. ***Inspector note: Per USP, the API should be checked to ensure it is pharmaceutical grade and meets the requirements in the chemical monograph. COA will report an assay has been performed and will include water content (so any corrections/calculations can be performed).***	Yes		6.2.1
20.3	All APIs used are manufactured by an FDA-registered facility. ***Inspector note: This is a Federal Food, Drug, and Cosmetic Act, Section 503A, requirement as well. Inspector should verify the pharmacy looks up the name of the manufacturer listed on the COA to determine if they are registered as an FDA drug establishment https://dps.fda.gov/decrs.***	Yes		6.2.1
21.0	When formulations indicate the inclusion of water, is purified water or better quality (eg, sterile water for irrigation) used in compliance with USP <795> standards?	Yes		6.2.1
22.0	What type(s) of water is used for compounding CNSP? ***List the type(s) in the Inspector Notes.***		Sterile water for irrigation	6.2.1
23.0	Do the pharmacy's component receipt processes comply with the requirements in USP <795> standards? ***If no, go to compliance statements.***	Yes		6.2.2

Inspection Date: 10/28/2024, 10/29/2024 & 10/30/2024

		Observation	Inspector Notes	USP Reference(s)
23.1	For non-conventionally manufactured components, the COA is reviewed upon receipt. ***Inspector note: Per USP, "the COA must be reviewed to ensure that the component has met the acceptance criteria in an appropriate USP–NF monograph, if one exists." Pharmacy's review should be documented. Alternatively, the pharmacy can demonstrate how it's been reviewed (for example, there are notes to show a water content calculation back to 100% based on the specific COA). Inspector can verify the COA is retrievable.***	Yes		6.2.2
23.2	The pharmacy documents specific information according to the facility's SOP, including: receipt date, quantity received, supplier name, lot number, expiration date, and the results of any testing performed (whether performed in-house or through a third-party).	Yes		6.2.2, 14
23.3	For all components that lack a vendor expiration date, the pharmacy clearly and indelibly marks on each packaging system received the date the component must no longer be used by the pharmacy. ***Inspector note: Per USP, "Packaging systems of components (i.e., API and added substances) that lack a vendor's expiration date must not be used by the compounding facility after 3 years from the date of receipt. A shorter expiration date must be assigned according to Pharmaceutical Compounding—Sterile Preparations 797 , 9.3.2 Component receipt if the same component container is also used in sterile compounding or if the ingredient is known to be susceptible to degradation."***	Yes		6.2.2
23.4	Any component found to be of unacceptable quality upon receipt or reinspection prior to use is promptly rejected, clearly labeled as rejected, and segregated from active stock to prevent use before appropriate disposal.	Yes		6.2.2

23.5	Any other lots of that (rejected) component from that vendor are examined to determine whether other lots have the same defect.	Yes		6.2.2
24.0	Does the pharmacy re-inspect all components before use and handle them in compliance with USP <795> standards? ***If no, go to compliance statements.***	Yes		6.2.3, 6.2.4
24.1	Compounding personnel visually re-inspect each component, including packaging system (any evidence of container breakage, looseness of cap or closure) and deviation from the expected appearance or texture of the contents (that might have changed during storage).	Yes		6.2.3
24.2	Compounding personnel ascertain before use that components are the correct identity based on labeling, that they have been stored under required conditions, and there is no evidence of deterioration or other aspects of unacceptable quality before use of component.	Yes		6.2.3
24.3	Components where correct identity, strength, purity, and quality cannot be confirmed (eg, containers with damaged or incomplete labeling), are immediately rejected and if not immediately discarded, labeled as rejected and segregated from active stock.	Yes		6.2.3
24.4	Compounding personnel handle all components following facility SOPs, manufacturer's instructions/labeling, and laws/regulations of the applicable regulatory jurisdiction.	Yes		1.1.3, 6.2.4
24.5	All components are handled in a manner that minimizes the risk of contamination, mix-ups, and deterioration.	Yes		6.2.4

25.0	When components are removed from the original container and not used in compounding (eg, excess after weighing), are they discarded and not returned to the original container (to minimize risk of contamination of the original component container)? ***Inspector note: This is a USP recommendation.***	Yes		6.2.4
26.0	Does the pharmacy maintain a chemical hazard, spill management, and disposal information program in compliance with USP <795> standards? ***If no, go to compliance statements.***	Yes		6.2.5
26.1	Pharmacy staff have access to safety data sheets (SDS).	Yes		6.2.5
26.2	Pharmacy staff have documented, annual training for those who might have to clean up a spill.	Yes		6.2.5, 14
26.3	The pharmacy has a readily accessible spill kit in the compounding area.	Yes		6.2.5
26.4	The pharmacy has a process to manage and document any nonhazardous spills and disposal.	Yes		6.2.5

		Observation	Inspector Notes	USP Reference(s)
	Master Formulation Records (MFR) and Compounding Records (CR) **Inspector should review a minimum of five (5) MFRs and five (5) CRs.**			
27.0	Is an MFR created for each unique formulation of a CNSP in compliance with USP <795> standards? ***Inspector note: Per USP, an MFR is a detailed record of procedures that describes how the CNSP is to be prepared.*** ***If no, go to compliance statements.***	Yes		7.1
27.1	An MFR is created for each unique formulation.	Yes		7.1 Box2
27.2	Any changes or alterations to the MFR are approved and documented.	Yes		7.1
27.3	Does the designated person(s) or designee evaluate CNSP's characteristics when considering the assigned BUD for an MFR? ***Inspector note: Per USP, "When establishing a BUD for a CNSP, compounders must consider parameters that may affect quality, including but not limited to the following:*** ***- Chemical and physical stability properties of the API and any added substances in the preparation (e.g., if the API and added substances in the preparation are known to rapidly degrade over time and/or under certain storage conditions, reduce the strength of the preparation, or produce harmful impurities)*** ***- Compatibility of the container closure system with the finished preparation (e.g., leachables, interactions, adsorption, and storage conditions)*** ***- Degradation of the container closure system, which can lead to a reduction in integrity of the CNSP*** ***- Potential for microbial proliferation in the CNSP (and)*** ***- Significant deviations from essential compounding steps and procedures; changes to essential compounding steps may have an impact on the stability of the formulation."***	Yes		7.1, 10.2 Table 4

		Observation	Inspector Notes	USP Reference(s)
28.0	Does the pharmacy's MFRs contain all requirements in compliance with USP <795> standards? ***If no, go to compliance statements. Additionally, collect a copy of the MFR and include as an attachment.***	Yes		7.1
28.1	MFR includes the name, strength or activity, and dosage form of the CNSP.	Yes		7.1
28.2	MFR identifies the identities and amounts of all components and, if applicable, relevant characteristics of components (eg, particle size, salt form, purity grade, solubility).	Yes		7.1
28.3	MFR includes the type of container–closure system(s).	Yes		7.1
28.4	MFR has complete instructions for preparing the CNSP, including equipment, supplies, and a description of the compounding steps. ***Inspector note: Per USP, the MFR will also include, "Other information needed to describe the compounding process and ensure repeatability (e.g., adjusting pH, temperature)." MFRs will include the detailed instructions necessary for an experienced compounder. Some examples of other details to ensure repeatability include, but are not limited to: speed duration, settings on equipment, and specific order of mixing (if applicable).*** ***Inspector should review several MFRs for completeness of instructions.***	Yes		7.1
28.5	MFR has a physical description of the final CNSP.	Yes		7.1
28.6	MFR includes the assigned beyond-use date (BUD) and storage requirements.	Yes		7.1
28.7	MFR contains the reference source to support the assigned BUD.	Yes		7.1

		Observation	Inspector Notes	USP Reference(s)
28.8	Labeling requirements (eg, shake well) are described on the MFR.	Yes		7.1
28.9	If applicable, the MFR contains the calculations to determine and verify quantities and/or concentrations of components and strength or activity of APIs.	Yes		7.1
28.10	An MFR has QC procedures (eg, pH testing, visual inspection) and expected results.	Yes		7.1
29.0	Does the pharmacy complete a Compounding Record (CR) for all CNSPs in compliance with USP <795> standards? ***If no, go to compliance statements. Additionally, collect a copy of the MFR and the CR (no PHI or PII is to be collected).***	Yes		7.2, 14
29.1	A CR is completed for each CNSP prepared.	Yes		7.2, 14
29.2	The CR includes the name, strength or activity, and dosage form of the CNSP.	Yes		7.2, 14
29.3	The CR includes the date (or date and time) the CNSP was prepared.	Yes		7.2, 14
29.4	The CR includes the assigned internal identification number (eg, prescription, order, or lot number).	Yes		7.2, 14
29.5	The CR has a method to identify the individuals involved in the compounding process of the CNSP.	Yes		7.2, 14
29.6	The CR has a method to identify the individual who completed the review and verified the final CNSP.	Yes		7.2, 14

		Observation	Inspector Notes	USP Reference(s)
29.8	The CR includes the weight or measurement of each component.	Yes		7.2, 14
29.9	The CR identifies the total quantity compounded.	Yes		7.2, 14
29.10	The CR lists the assigned BUD and storage requirements.	Yes		7.2, 14
29.11	If applicable, the CR contains the calculations to determine and verify quantities and/or concentrations of components and strength or activity of API.	Yes		7.2, 14
29.12	The CR has a physical description of the final CNSP.	Yes		7.2, 14
29.13	The CR includes the results of quality control procedures (eg, pH testing, visual inspection).	Yes		7.2, 14
29.14	The CR contains a MFR reference for the CNSP.	Yes		7.2, 14
29.15	Each CR is reviewed for completeness before the CNSP is released.	Yes		7.2, 8
29.16	The CR shows traceability of all components in the case of a recall or known quality issue.	Yes		7.2, 12.1, 14
30.0	Are there procedures for in-process checks performed by a pharmacist? ***Inspector note: In-process checks are safety steps for complex, multi-step compounding processes. These checks indicate that appropriate procedures for measuring/mixing are followed for each step, including pharmacist verification of steps performed by non-pharmacists and visual inspection of preparation.*** ***Inspector should describe their observations in the Inspector Notes.***	Yes		2, 7.2, 8

	Labeling			
31.0	Are the pharmacy's labels for CNSPs in compliance with USP <795> standards? ***If no, go to compliance statements.***	Yes		9
31.1	Information on the label is prominently and legibly displayed. ***Inspector note: Per USP, labeling includes other accompanying materials along with the CSP, which is defined as "All labels and other written, printed, or graphic matter on the immediate container or on or inside any packaging system or wrapper in which the article is enclosed, except for any outer shipping container."***	Yes		9
31.2	The labeling meets any state or federal regulatory requirements.	Yes		1.1.3, 9
31.3	The label on the immediate container includes an assigned internal identification number (eg, barcode, prescription, order, or lot number).	Yes		9
31.4	The label on the immediate container includes the active ingredients and their amount(s), activity(ies), or concentration(s).	Yes		9
31.5	The label on the immediate container includes the storage conditions, if other than controlled room temperature.	Yes		9
31.6	The label on the immediate container includes the BUD. ***If no, please describe whether the pharmacy instead used the term "expiration date" or similar language or if this information was not included on the label.***	Yes		9
31.7	The label on the immediate container includes the dosage form.	Yes		9

		Observation	Inspector Notes	USP Reference(s)
32.0	Does the labeling on the dispensed CNSP include the route of administration? ***Inspector note: This is a USP recommendation.***	Yes		9
33.0	Does the labeling contain information identifying the CNSP as a compounded preparation? ***Inspector note: Per USP, this is a recommendation.***	Yes		9 USP <7>
34.0	Does the labeling on the dispensed CNSP display any applicable special handling instructions or warning statements? ***Inspector note: This is a USP recommendation.***	Yes		9
35.0	Does the labeling on the dispensed CNSP display the name of the compounding facility and contact information if the CNSP was to be sent outside of the facility or health care system? ***Inspector note: This is a USP recommendation.*** ***If the pharmacy only compounds CNSPs for patient use onsite (eg, a health care facility), inspector should answer this question as N/A.***	Yes		9
	Establishing Beyond Use Dating (BUDs)			
36.0	Is each CNSP assigned and labeled with a BUD in compliance with USP <795> standards? ***Inspector note: Per USP, the BUD is defined as, "The date, or hour and date, after which a CNSP must not be used, stored, or transported. The date is determined from the date or time the preparation is compounded." This is not the same term as "expiration date." If no, go to compliance statements.***	Yes		10 USP <7>
36.1	CNSP label has a BUD that specifies the date, or the hour and date, beyond which the preparation cannot be used and must be discarded.	Yes		10.1

36.3	BUDs are assigned from the date (and time) of preparation.	Yes		10.1
36.4	BUDs are assigned based on dispensing in tight, light resistant containers/overpacks. ***Inspector note: Per USP, the Table 4 maximum limits for BUD are, "based on the ability of the CNSP to maintain chemical and physical stability and to suppress microbial growth. These BUDs represent the limit for CNSPs that are packaged in tight, light-resistant containers unless conditions in 10.4 CNSPs Requiring Shorter BUDs or 10.5 Extending BUDs for CNSPs apply."***	Yes		10.3
36.5	The BUD assigned to the CNSP does not exceed the shortest remaining expiration date of any of the commercially available starting components.	Yes		10.4
37.0	Does the pharmacy ensure the assigned BUD does not exceed the shortest BUD of any individual compounded components? ***Inspector note: Per USP, "For CNSPs prepared from one or more compounded components, the BUD should generally not exceed the shortest BUD of any of the individual compounded components. However, there may be acceptable instances when the BUD of the final CNSP exceeds the BUD assigned to compounded components (e.g., pH-altering solutions). If the assigned BUD of the final CNSP exceeds the BUD of the compounded components, the physical, chemical, and microbiological quality of the final CNSP must not be negatively impacted." Another example of these "acceptable instances" (similar to pH-altering components mentioned above) inspectors may see are stock solutions (and other formulas within a formula) such as methocel 1%.*** ***If no, inspector should describe the observations, including the name of the component whose BUD was shorter than the assigned BUD of the final CSP.***	Yes		10.4

42.0	Does the pharmacy adhere to the BUD (maximum) limits established in Table 4 for CNSPs in compliance with USP <795> standards? ***Inspector note: This question is for the CNSPs compounded that are <u>not</u> following a USP monograph or those CNSPs where extending BUD requirements were applied (where pharmacy has completed or has access to CNSP-Specific Stability Information). Per USP, the pharmacy is not required to measure water activity (A_w) for a CNSP.*** ***If no, go to compliance statements.*** ***If <u>all</u> CNSPs compounded at the pharmacy are following a USP monograph or the pharmacy is following a stability study that used a stability-indicating assay analytical method for the API, CNSP formulation, and material of composition of the container closure system, then the inspector should answer this question as N/A.***	Yes		10.4
42.1	**Non-preserved, Aqueous Dosage Forms:** The non-preserved, aqueous dosage form CNSP is labeled with a BUD that does not exceed 14 days with refrigerated storage temperature. ***Inspector note: Per USP <795>, Aqueous dosage forms are ones that have a Aw > 0.6, eg, emulsions, gels, creams, solutions, sprays, or suspensions.*** ***If pharmacy does not compound non-preserved aqueous dosage forms, inspector should answer statement as N/A.*** ***If no, describe your observations including but not limited to: the name of the compounded preparation, the labeled BUD, and the storage environment. Additionally, collect a copy of the master formulation record, the compounding record, and a copy of a label without PHI.***	Yes		10.4 Table 4 USP <659>

44.5	The cited stability study (which uses a stability-indicating analytical method for extending BUDs) describes the API(s), CNSP formulation, and material composition of the container closure used. ***If pharmacy only conducts their own stability studies (does not use published or unpublished study performed by another entity) for extending BUDs, inspector should answer this question as N/A.*** ***If no, please describe the inspector observations.***	N/A		10.5
44.6	If the cited stability study (which uses a stability-indicating analytical method for extending BUDs) is bracketed, the pharmacy's CNSP formulation is at or within the low and high concentration of each active ingredient within the stability study. ***If no, describe the concentrations cited in the stability study and the concentration of the CNSP compounded by the pharmacy.*** ***If pharmacy only conducts their own stability studies (does not use published or unpublished study performed by another entity) for extending BUDs, inspector should answer this question as N/A.***	N/A		10.5
44.7	Aqueous CNSPs whose labeled BUDs are extended beyond Table 4, have: - been tested for antimicrobial effectiveness at least once for each formulation in the type of (with the same material composition of the) container closure system that will be used; - received study results from an FDA-registered facility (for the same CNSP formulation using the same material composition of the container closure system); or - a study published from peer-reviewed literature (for the same CNSP formulation using the same material composition of the container closure system). ***Inspector note: Pharmacy may rely on a bracketed study from the above options as long as the bracketed study information includes the low and high concentration of each active ingredient in the formulation. Per USP, this is "to establish preservative effectiveness across various strengths of the same formulation (e.g., bracketing). The concentration of all other ingredients (including preservatives) must fall within the bracketed range.***	N/A		10.5

59.3	CNSP label was verified against the prescription or medication order.	Yes		8, 8.1, 9
59.4	CNSP label was verified against the MFR.	Yes		8, 8.1, 9
59.5	CNSP label was verified against the CR.	Yes		8, 8.1, 9
59.6	If a CNSP will not be released or dispensed on the day the preparation was made, a visual inspection was conducted immediately before it is released or dispensed to make sure the CNSP did not develop any defects during storage.	Yes		8, 8.1
59.7	All checks and inspection that are performed are properly documented.	Yes		8.1, 14
59.8	CNSP that do not meet requirements, are promptly rejected, clearly labeled as rejected, and segregated from active stock to prevent use before disposal	Yes		8.1
60.0	Inspect several different finished compounded nonsterile preparations. Are all the finished compounded preparations free from any evidence of signs of contamination? ***Inspector note: If found, request the compounded preparation to be quarantined and notify NABP immediately.*** ***Additionally, list the name(s) of the compounded preparation(s) observed; description of type of contamination suspected (eg, particulates, dirt/debris/(suspected) mold within container closure); number of preparations affected (eg, two of the five containers on the shelf); lot or batch information; BUD assigned; and collect photographs, copy of MFR, and CR.***	Yes		12

Nonsterile <795> Employee File Records Review

Select the PIC, designated person, a staff pharmacist that checks compounded preparations, and two to three compounding pharmacy technicians. *Do not record the employee name, list only their title or position.
From the drop-down List:
*Mark as "Yes" if the document is present in the records and the competency evaluation was conducted in compliance with USP <795> requirements.
*Mark as "No" if the document is present in the records but is not in compliance with USP <795> requirements.
*Mark as "Missing" if any part of the record is missing and explain in Notes column.
*Mark as "N/A" if the training does not apply (eg, long-term employee may not have initial training available). Document further in the Notes column.

Glossary & References	USP <795>
Active Pharmaceutical Ingredient (API)	Any substance or mixture of substances intended to be used in the compounding of a preparation, thereby becoming the active ingredient in that preparation and furnishing pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or animals or affecting the structure and function of the body. Also referred to as a bulk drug substance. A conventionally manufactured drug product is not an API but is typically manufactured from an API(s).
Added Substance	An ingredient that is necessary to compound a preparation but is not intended or expected to cause a pharmacologic response if administered alone in the amount or concentration contained in a single dose of the compounded preparation. The term is used synonymously with inactive ingredient, excipient, and pharmaceutical ingredient.
Administration	The preparation of a nonsterile pharmacologic or other therapeutic agent for ingesting, inserting, applying, or otherwise providing a nonsterile medication in its final form to a single patient. This includes crushing a tablet(s) or opening a capsule(s) to mix with food or liquids to facilitate patient dosing.
Alcohol-based hand rub	An alcohol-containing preparation (liquid, gel, or foam) designed for application to the hands of health care personnel to inactivate microorganisms and/or temporarily suppress their growth. Such preparations may contain one or more types of alcohol, other active ingredients, excipients, and humectants.
Assigned trainer	One or more individuals assigned by the designated person(s) to be responsible and accountable for directly providing the training, observation, and/or evaluation of personnel for the preparation of CNSPs.
Beyond-use date (BUD)	The date, or hour and date, after which a CNSP must not be used, stored, or transported. The date is determined from the date or time the preparation is compounded.
Biological Safety Cabinet (BSC)	A ventilated cabinet that may be used for compounding. These cabinets are divided into three general classes (Class I, Class II, and Class III). Class II BSCs are further divided into types (Type A1, Type A2, Type B1, Type B2, and Type C1).
Bulk drug substance	See the entry for Active Pharmaceutical Ingredient.
Certificate of analysis (COA)	A report from the supplier of a component, container, or closure that accompanies the supplier's material and contains the specifications and results of all analyses and a description of the material.
Cleaning	The process of removing substances (eg, organic and inorganic material) from objects and surfaces, normally accomplished by manually or mechanically using water with detergents or enzymatic products.
Cleaning agent	An agent, usually containing a surfactant, used for the removal of substances (eg, dirt, debris, microbes, and residual drugs or chemicals) from surfaces.
Closed-system processing device	A device designed to reduce the potential exposure to personnel or contamination of the facility or CNSPs. Examples include CVEs, BSCs, or single-use containment glove bags.

Glossary & References	USP <795>
Component	Any ingredient used in the compounding of a preparation, including any API, added substance, or conventionally manufactured product.
Compounded nonsterile preparation (CNSP)	A preparation not intended to be sterile that is created by combining, admixing, diluting, pooling, reconstituting other than as provided in the manufacturer's labeling, or otherwise altering a drug product or bulk drug substance.
Compounding	The process of combining, admixing, diluting, pooling, reconstituting other than as provided in the manufacturer's labeling, or otherwise altering a drug product or bulk drug substance to create a nonsterile preparation.
Compounding area	An area that is specifically designated for nonsterile compounding.
Compounding personnel	Personnel trained to compound or oversee compounding of preparations.
Compounding record (CR)	Documents the compounding of each CNSP.
Container closure system	Packaging system components that together contain and protect the dosage form. This includes primary packaging system components and secondary packaging system components if the latter are intended to provide additional protection.
Containment glove bag	A single-use disposable glove bag that is capable of containing airborne chemical particles.
Containment ventilated enclosure (CVE)	A full or partial enclosure that uses ventilation principles to capture, contain, and remove airborne contaminants through high-efficiency particulate air (HEPA) filtration and to prevent their release into the work environment.
Conventionally manufactured product	A pharmaceutical dosage form, usually the subject of an application approved by the applicable national regulatory agency, that is manufactured under current good manufacturing practice conditions.
Designated person(s)	One or more individuals assigned to be responsible and accountable for the performance and operation of the facility and personnel as related to the preparation of CNSPs.
FDA	US Food and Drug Administration
Formulation	The specific qualitative and quantitative composition of the final CNSP.
Hazardous Drug (HD)	Any drug identified by at least one of the following criteria: carcinogenicity, teratogenicity or developmental toxicity; reproductive toxicity in humans; organ toxicity at low dose in humans or animals; genotoxicity or new drugs that mimic existing HDs in structure or toxicity. See <800>.
Label	The part of the labeling on the immediate container.
Labeling	All labels and other written, printed, or graphic matter on the immediate container or on or inside any packaging system or wrapper in which the article is enclosed, except for any outer shipping container.

Glossary & References	USP <795>
Master formulation record (MFR)	A detailed record of procedures that describes how the CNSP is to be prepared.
Monograph	A quality documentary standard within USP–NF that articulates the quality expectations for a medicine including for its identity, strength, purity, and performance. It also describes the tests to validate that a medicine and its ingredients meet these criteria.
Oversight	The review, monitoring, and supervision of actions taken by personnel, bearing responsibility for those actions, and being available if and when needed for consultation, even if not physically present.
Preservative	A substance added to inhibit microbial growth.
Purified water	The minimal quality of source water for the production of Purified Water is drinking water whose attributes are prescribed by the US Environmental Protection Agency (EPA), the European Union, Japan, or the World Health Organization (WHO). This source water may be purified using unit operations that include deionization, distillation, ion exchange, reverse osmosis, filtration, or other suitable purification procedures. (See <1231>, 3.1.1 Purified Water.)
Quality Assurance (QA)	A system of procedures, activities, and oversight that ensures that the compounding process consistently meets quality standards.
Quality Control (QC)	The sampling, testing, and documentation of results that, taken together, ensure that specifications have been met for the CNSP.
Reconstitution	The process of adding a diluent to a conventionally manufactured product to prepare a solution or suspension.
Release inspection and testing	Visual inspection and testing performed to ensure that a preparation meets appropriate quality characteristics.
Sanitizing agent	An agent for reducing, on inanimate surfaces, the number of microorganisms (eg, 70% isopropyl alcohol).
SDS	Safety data sheet.
SOP	Standard operating procedure.
Specification	The tests, analytical methods, and acceptance criteria to which any components, CNSP, container closure system, equipment, or other material used in the compounding of CNSPs must conform to be considered acceptable for its intended use.
Stability	The extent to which a product or preparation retains physical and chemical properties and characteristics within specified limits throughout its expiration or BUD.
Verify	To confirm that a method, process, system, or equipment will perform as expected under the conditions of actual use.
Water activity (a_w)	A measure of the fraction of total water that is unbound and freely available to participate in chemical, biochemical, or physicochemical reactions or provide an environment that can support microbial growth. Note that a_w is not water content.

9.3	The SCA is located away from unsealed windows, doors that connect to outdoors, and traffic flow. ***Inspector note: Per USP, "strong air currents from opened doors, personnel traffic, or air streams from the HVAC system can disrupt the unidirectional airflow of an open-faced PEC."***	N/A		4.2.1
9.4	The SCA is located away from environmental control challenges and separate from areas not related to compounding (ie, restrooms, warehouses, food preparation areas).	N/A		4.2.1
9.5	A visible perimeter establishes the boundaries of the SCA. ***Inspector note: Per USP, the SCA is defined as "a designated space, area, or room that is not required to be classified and is defined with a visible perimeter. The SCA must contain a PEC and is suitable for preparation of Category 1 CSPs only." USP further defines a perimeter as "a visible demarcation (such as a door, walls, or visible marking on the floor) that defines the SCA or AECA." The perimeter will be defined in the pharmacy's SOPs. Tape or an alternative method may be used to define this visible perimeter, since this is not a classified space.***	N/A		4.2.1 Glossary

Inspection Date: 10/28/2024, 10/29/2024 & 10/30/2024

		Observation	Inspector Notes	USP Reference(s)
33.1	The certification report includes information about the equipment used for performing each test including last calibration date (or date when next calibration is due). ***Inspector note: Per USP, "total particle count testing must be performed under dynamic operating conditions using calibrated electronic equipment" and "all impaction air samplers must be serviced and calibrated as recommended by the manufacturer."***	Yes		5.1, 6.1, 20
33.2	The certification report includes the name of the certifier. ***Inspector note: Per USP <797>, a qualified certifier may have received training and education from professional organizations such as the American Society of Heating, Refrigerating, and Air-Conditioning Engineers (ASHRAE) and Controlled Environment Testing Association (CETA). Both organizations provide certification (Registered Certification Professional – Sterile Compounding Facilities), education, and resources.***	Yes		5
33.3	The certification report describes the "dynamic conditions" including the number of personnel in the cleanroom suite. ***Inspector note: Compounders can perform mock compounding activities and/or performing media-fill while the certifier is conducting testing. Number of personnel present in the SEC must be documented.***	Yes		5, 20

		Observation	Inspector Notes	USP Reference(s)
41.3	The pharmacy uses an appropriate microbiological growth media for sampling. ***Inspector note: An appropriate microbiological growth media means a surface sampling device with a raised convex surface for sampling flat surfaces is used that contain general microbial growth media that supports the growth of bacteria and fungi (eg, TSA supplemented with additives that neutralize effects of any disinfecting agent, eg, lecithin and polysorbate 80), accompanied by a COA that verifies that the media meets expected growth promotion, pH, and sterilization requirements. Per USP, "sterile swabs wetted with sterile water or a sterile neutralizing buffer may be used when sampling irregular surfaces and difficult-to-reach locations such as crevices, corners, and spaces between surfaces."***	Yes		6.3.2 Box 6
41.4	The pharmacy incubates all surface samples in compliance with USP <797> following the one media device method. ***Inspector notes: Per USP <797>, when using the one media device method, sampling media is to be covered, inverted, and incubated at 30°C-35°C for no less than 48 hours. Then, after examination and recording of results, further incubated at 20°C-25°C for no less than five additional days.*** ***If the pharmacy does not utilize this method or sends offsite, inspector should answer statement as N/A.***	Yes		6.3.2 Box 6

Inspection Date: 10/28/2024, 10/29/2024 & 10/30/2024

		Observation	Inspector Notes	USP Reference(s)
41.5	The pharmacy incubates all surface samples in compliance with USP <797> following the alternative two media device method. ***Inspector note: Per USP <797>, two samples may be collected for each sample location and incubated concurrently to shorten the overall incubation period. Both samples are TSA, or one sample is TSA and the other fungal media (eg, MEA or SDA). Media must be supplemented with neutralizing additives (eg, lecithin and polysorbate 80). Each sample is incubated in a separate incubator, one sample at 30°C-35°C for no less than 48 hours the other sample at 20°C-25°C for no less than five days. If fungal media is used, incubate at 20°C-25°C for no less than five days. If the pharmacy does not utilize this method or sends offsite, inspector should answer statement as N/A.***	Yes		6.3.2 Box 7
41.6	Results for all plates are recorded for each sample and did not exceed USP <797> Table 8 action levels (or internal action levels if more restrictive). **ISO Class 5: >3 cfu/media device** **ISO Class 7: >5 cfu/media device** **ISO Class 8: > 50 cfu/media device** ***Inspector note: Per USP <797>, if two sampling media devices are collected at a single location, all recovered growth on each must be documented and action levels applied to each sampling media device separately.***	Yes		6.3.3 Table 8

41.7	For any surface sample locations exceeding action levels, pharmacy works with the assistance of a microbiologist to identify any microorganisms recovered to the genus level. ***Inspector note: Per USP <797>, an attempt must be made (meaning the lab attempted to identify the microorganisms and was unsuccessful).***	Yes		6.3.3
41.8	For any areas that exceed action levels, an investigation is conducted to determine cause, and a corrective action plan is implemented.	Yes		6.3.3
	Compounding Personal Hygiene and Garbing			
42.0	Does the pharmacy have a process to ensure all personnel entering the compounding area adhere to restrictions intended to minimize the risk of contamination in compliance with USP <797> standards? ***If no, go to compliance statements.***	Yes		3.1
42.1	Compounding personnel are required to report conditions that may contaminate the sterile preparation and environment to the designated person(s). ***Inspector note: Per USP <797>, examples of conditions that have a higher risk of contaminating the CSP and sterile environment includes: rashes, recent tattoos, oozing sores, conjunctivitis, or active respiratory infections.***	Yes		3, 3.1

e-Profile ID: 1637241

Inspection Date: 10/28/2024, 10/29/2024 & 10/30/2024

		Observation	Inspector Notes	USP Reference(s)
58.5	Before any item is introduced into the PEC, it is wiped with sterile 70% IPA using sterile low-lint wipers and allowed to dry before use. ***Inspector note: Per USP, "When sterile items are received in sealed containers designed to keep them sterile until opening, the sterile items may be removed from the covering as the supplies are introduced into the ISO Class 5 PEC without the need to wipe the individual sterile supply items with sterile 70% IPA. The wiping procedure must not render the product label unreadable."***	Yes		8.2
58.6	Aseptic processes and manipulations are performed in a manner intended to minimize the risk of contamination. ***Inspector note: Observe the compounder's technique to ensure proper aseptic technique is utilized such as: preparation occurs in the direct compounding area (DCA); the compounder does not interrupt first air during the compounding process; proper set up of equipment, supplies, and components that ensure first air is not interrupted; the compounder handles the syringe in a manner that does not introduce contaminates (touch contamination on the plunger rod); proper entry and exit of materials in ISO Class 5 PEC; and frequent sanitization of gloves.***	No	Personnel were not wearing goggles and were compounding preparations with category 3 BUDs.	2.3
58.7	All critical sites (eg, vial stoppers, ampule necks, and IV bag septums) are wiped with sterile 70% IPA in the PEC and allowed to dry before puncturing.	Yes		7, 8.3

68.0	**Dry Heat Depyrogenation:** Is the appropriate depyrogenation method used and documented in compliance with USP <797> standards? ***View documentation records of items depyrogenated to confirm.*** ***If the pharmacy does not use this method, inspector should answer question as N/A.***	Yes		10.1 USP <1228.1>
68.1	Glassware, metal, and other thermostable containers are exposed to dry heat for the length of time necessary for all items to be rendered pyrogen free.	Yes		10.1
68.2	The effectiveness of the dry heat depyrogenation cycle is established and documented. ***Inspector note: Per USP <797>, this must be done initially, re-established any time there are changes made to the cycle (eg, load conditions, duration, temperature), and verified at least annually by using endotoxin challenge vials (ECVs) to demonstrate that the cycle is capable of achieving a ≥ 3-log reduction in endotoxins (see Bacterial Endotoxins Test USP <85>). The verification must be documented.***	Yes		10.1 USP <1228.1> USP <85>
68.3	Items that are not thermostable are depyrogenated by multiple rinses with sterile, nonpyrogenic water (eg, sterile water for injection or sterile water for irrigation) and then thoroughly drained or dried immediately before use in compounding. ***Inspector note: USP <1228.4> Depyrogenation by Rinsing also applies.***	Yes		10.1 USP <1228.4>

74.0	Does the pharmacy ensure the assigned BUD does not exceed the shortest beyond use date of any individual compounded components? ***Inspector note: Per USP, "the BUD should generally not exceed the shortest BUD of any of the individual compounded components. However, there may be acceptable instances when the BUD of the final CSP exceeds the BUD assigned to compounded components (eg, pH-altering solutions). If the assigned BUD of the final CSP exceeds the BUD of the compounded components, the physical, chemical, and microbiological quality of the final CSP must not be negatively impacted." Other examples where this may occur: formula within a formula, preservative-free compounded component used in a preserved final CSP, "in-use" times for pharmacy bulk packages, and cyclosporine ophthalmic stock solution.*** ***If no, inspector should describe the observations, including the name of the component whose BUD was shorter than the assigned BUD of the final CSP.***	Yes		14.3

Sterile Compounding Personnel Records Review

Select personnel with compounding responsibilities for your records review; preferably select staff performing compounding duties at time of inspection or staff identified during CR review.

- Recommend also pulling supervising personnel file.
- Inspector can consider pulling non-compounder employee file ("Other") who cleans and stocks compounding area but who does not compound.

(Note: frequency of competency assessment will be defined by pharmacy SOPs).

Review log of personnel files and document your observations. (For applicants seeking a Class 7 or Non-Resident Sterile Compounding inspection (mail sampling), review a total of 10 personnel records.)

- Note: long-term employees may not have initial training evidence. If that is the case, you may select an alternate file if an alternate file is not available, recommend length of service of long-term employee, supervisor check, positive current aligned medium and expectation may attach on the case details.

Inspector Instructions

1. Use the drop-down list and make the appropriate selection for the Employee Title, Personnel Function, and CSP Category Type for the files reviewed. Do not record the employee name, only the title or position.
2. Review the selected files to verify that the required training and competency records are present in the personnel file and comply with state and/or standard for training and demonstrated competency.
3. Select the appropriate response for each item reviewed:
-Select "Yes" if the document is present in the records and the competency evaluation was conducted in compliance USP <797> standards.
-Select "No" if the document is present but is not compliant with USP <797> standards (eg, incorrect frequency of test, SOP and perform sample was not considered play media-fill, failed media did not include a corrective action, etc.). Document the details of non-compliance in the notes column.
-Select "Missing" if the document is not present in the file.
-Select "N/A" if the training item not apply, eg, low-risk personnel may not have initial training evaluation. Document further in the notes column.
4. Use the notes column to document any pertinent information.

Demonstrating Knowledge and Competency of Core Skills (Section 3.1)

USP requirements:
1. Personnel who perform or oversee compounding or aseptic activities must be trained in the SOPs and trained on maintaining the quality of the environment (see Table 2).
2. Compounding personnel and supervising personnel must complete training periods to demonstrate knowledge of principles and competency of skills for performing sterile manipulations and achieving and maintaining appropriate environmental conditions (See Table 2 and Table 3). This must be completed initially and every 12 months or at least the following areas:
-Hand hygiene
-Gowning
-Cleaning and disinfection
-Calculations, measuring, and mixing
-Aseptic technique
-Achieving and maintaining sterility (and appropriately if compounding with terminally compromised)
-Use of equipment
-Documentation of the compounding process (eg, media-fill simulation and compounding records)
-Principles of applicable key components of USP<71>/Pharmacopoeial performance for ISO Class 5 area
-Proper use of PECs
-Principles of movement of materials and personnel within the compounding area
3. Personnel who only perform restocking or cleaning and disinfecting duties outside of the primary engineering control (PEC) must complete ongoing training as required by the facility's SOPs (See Table 3).
4. Personnel compounding only beyond-use-date (BUD) must complete training as required by the facility's SOPs (See Table 3).
5. All training and evaluations must be documented.

Inspector Instructions	Hand Hygiene and Garbing Competency Evaluation (Section 2.2)
1. Use the drop-down list and make the appropriate selection for the Employee Title, Personnel Function, and CSP Category Type for the files reviewed. *Do not record the employee name, only the title or position. 2. Review the selected files to verify that the required training and competency records are present in the personnel file and comply with USP <797> standards for training and demonstrated competency. 3. Select the appropriate response for each item reviewed. -Select "Yes" if the document is present in the records and the competency evaluation was conducted in compliance USP <797> standards. -Select "No" if the document is present but is not compliant with USP <797> standards (eg, incorrect frequency of test, GFT and surface sample was not conducted after media-fill, failed tests did not include a corrective action, etc). Document the area(s) of non-compliance in the notes column. -Select "Missing" if the document is not present in the file. -Select "N/A" if the training does not apply, eg, long-term employees may not have initial training available. Document further in the notes column. 4. Use the notes column to document any pertinent information.	USP requirements: 1. The garbing and hand hygiene competency evaluation consists of a visual observation and gloved fingertip and thumb sampling (GFT) of both hands. 2. The initial competency evaluation consists of three (3) separate and complete hand hygiene observation, followed by a full garbing procedure and a GFT after garbing. The initial three (3) successful completions must be in succession—failure of any of the three (3) initial garbing competency evaluations requires repeat testing until personnel successfully complete three (3) evaluations in a row. 3. The pharmacy uses a microbiological growth media device (eg, plates, paddles, or slides) containing general microbial growth agar (eg, trypticase soy agar [TSA]) supplemented with neutralizing additives (eg, lecithin and polysorbate 80) that supports both bacterial and fungal growth. 4. The media device is incubated at 30°C-35°C for no less than 48h and then at 20°C-25°C for no less than an additional five days. 5. Failure is indicated by visual observation of improper hand hygiene and garbing procedures and/or GFT results that exceed the defined action levels. Action level after garbing: >0 cfu/total from both hands. 6. Documentation includes, at minimum: -Name of the person evaluated -Evaluation date and time -Media and components used including manufacturer, expiration date, and lot number -Starting temperature for each interval of incubation -Dates of incubation -Results (the number of cfu per hand must be recorded; microbial identification of the cfu is not required by the chapter for GFT) -Results of the evaluation and any corrective actions -Name of the observer and personnel reading and documenting the results

Inspector Instructions

1. Use the drop-down list and make the appropriate selection for the Employee Title, Personnel Function, and CSP Category Type for the files reviewed. *Do not record the employee name, only the title or position.
2. Review the selected files to verify that the required training and competency records are present in the personnel file and comply with USP <797> standards for training and demonstrated competency.
3. Select the appropriate response for each item reviewed.
-Select "Yes" if the document is present in the records and the competency evaluation was conducted in compliance USP <797> standards.
-Select "No" if the document is present but is not compliant with USP <797> standards (eg, incorrect frequency of test, GFT and surface sample was not conducted after media-fill, failed tests did not include a corrective action, etc). Document the area(s) of non-compliance in the notes column.
-Select "Missing" if the document is not present in the file.
-Select "N/A" if the training does not apply, eg, long-term employees may not have initial training available. Document further in the notes column.
4. Use the notes column to document any pertinent information.
5. Document in notes if initial aseptic manipulation competencies are present in files (*unless long-term employee).

Aseptic Manipulation Competency (Section 2.3)

USP requirements:
1. Media-fill testing procedures simulate the most difficult compounding procedures encountered by personnel.
2. The pharmacy conducts media-fill testing as described in Box 2.
3. The final containers are incubated at 20°C-25°C and 30°C-35°C for a minimum of seven days at each temperature band.
4. Failure is indicated by visible turbidity or other visual manifestations of growth in the media in one or more container closure unit(s) on or before 14 days.
5. Immediately following the media-fill test, GFT is performed on both hands and inside of an ISO Class 5 PEC. Failure is indicated by visual observation of GFT results that exceed defined action levels. Action level after media-fill testing: >3 cfu/total from both hands.
6. Immediately following the GFT, a surface sample of the direct compounding area inside the PEC is performed in accordance with USP standards for surface sample monitoring and action levels. Action level ISO Class 5: >3 cfu/media device.
7. Failure in the media fill, GFT, or surface sampling constitutes an overall failure of the aseptic manipulation competency.
8. Documentation includes, at minimum:
-Name of the person evaluated
-Evaluation date and time
-Media and components used including manufacturer, expiration date, and lot number
-Starting temperature for each interval of incubation
-Dates of incubation
-Results (for GFT, the number of cfu per hand must be recorded and for surface samples, the number of cfu per sample must be recorded. Note: microbial identification of the cfu is not required for media-fill testing)
-Results of the evaluation and any corrective actions
-Name of the observer and personnel reading and documenting the results

GLOSSARY USP <797>
ACD: Automated compounding device.
ACPH: Air changes per hour.
Active pharmaceutical ingredient (API): Any substance or mixture of substances intended to be used in the compounding of a preparation, thereby becoming the active ingredient in that preparation and furnishing pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans and animals or affecting the structure and function of the body. Also referred to as *Bulk drug substance*. A conventionally manufactured drug product is not an API but is typically manufactured from an API(s).
Added substance: An ingredient that is necessary to compound a preparation but is not intended or expected to cause a pharmacologic response if administered alone in the amount or concentration contained in a single dose of the compounded preparation. The term is used synonymously with the terms *inactive ingredient, excipient, and pharmaceutical ingredient.*
Administration: The direct application of a sterile product or preparation to a single patient by injecting, infusing, or otherwise providing a sterile product or preparation in its final form.
Airlock: A space with interlocked doors, constructed to maintain air pressure control when items move between two adjoining areas (generally with different air cleanliness standards). The intent of an airlock is to prevent ingress of particulate matter and microbial contamination from a lesser-controlled area.
Alcohol-based hand rub: An alcohol-containing preparation (liquid, gel, or foam) designed for application to the hands of health care personnel to inactivate microorganisms and/or temporarily suppress their growth. Such preparations may contain one or more types of alcohol, other active ingredients, excipients, and humectants.
Allergenic extract compounding area (AECA): A designated space, area, or room that is not required to be classified, with a visible perimeter that is suitable for preparation of allergenic extract prescription sets.
Allergenic extract prescription set: Combinations of licensed allergenic extracts that would be mixed and diluted to provide subcutaneous immunotherapy to an individual patient, even though these allergenic extract combinations are not specified in the approved BLAs for the licensed biological products.
Allergenic extract: A biological substance used for the diagnosis and/or treatment of allergic diseases such as allergic rhinitis, allergic sinusitis, allergic conjunctivitis, bee venom allergy, and food allergy.
Anteroom: An ISO Class 8 or cleaner room with fixed walls and doors where personnel hand hygiene, garbing procedures, and other activities that generate high particulate levels may be performed. The anteroom is the transition room between the unclassified area of the facility and the buffer room.
Aseptic processing: A method by which separate, sterile components (eg, drugs, containers, or closures) are brought together under conditions that maintain their sterility. The components can either be purchased as sterile or, when starting with nonsterile components, can be separately sterilized prior to combining (eg, by membrane filtration or by autoclave).

GLOSSARY USP <797>
Aseptic technique: A set of methods used to keep objects and areas free of microorganisms and thereby minimize infection risk to the patient. It is accomplished through practices that maintain the microbe count at an irreducible minimum.
Assigned trainer: One or more individuals assigned by the designated person(s) to be responsible and accountable for directly providing the training, observation, and/or evaluation of personnel for the preparation of CSPs.
Batch: More than one CSP prepared as described in the MFR in a single, discrete process, and expected to have uniform character and quality, within specified limits.
Beyond-use date (BUD): The date, or the hour and date, after which a CSP must not be used, stored, or transported. The date is determined from the date and time the preparation is compounded.
Biological safety cabinet (BSC), Class II: A ventilated cabinet with an open front and inward and downward unidirectional HEPA-filtered airflow and HEPA-filtered exhaust. A BSC used to prepare a CSP must be capable of providing an ISO Class 5 or better environment for preparation of the CSPs.
Biological safety cabinet (BSC): A ventilated cabinet that may be used for compounding. These cabinets are divided into three general classes (Class I, Class II, and Class III). Class II BSCs are further divided into types (Type A1, Type A2, Type B1, Type B2, and Type C1).
BLA: Biological license application.
Blood components: Any therapeutic constituent of blood separated by physical or mechanical means (eg, white cells, red cells, platelets, plasma, serum). It is not intended to include plasma-derived products (eg, albumin, coagulation factors, immunoglobulins) manufactured under an approved BLA or equivalent.
BMBL: Biosafety in Microbiological and Biomedical Laboratories.
Buffer room: An ISO Class 7 or cleaner room with fixed walls and doors where PEC(s) that generate and maintain an ISO Class 5 environment are physically located. The buffer room may only be accessed through the anteroom or another buffer room.
Bulk drug substance: See the entry for *Active pharmaceutical ingredient*.
Category 1 CSP: A CSP that is assigned a BUD of 12 hours or less at controlled room temperature or 24 hours or less refrigerated that is compounded in accordance with all applicable requirements for Category 1 CSPs in this chapter.
Category 2 CSP: A CSP that may be assigned a BUD of greater than 12 hours at controlled room temperature or greater than 24 hours refrigerated that is compounded in accordance with all applicable requirements for Category 2 CSPs in this chapter.

GLOSSARY USP <797>
Category 3 CSP: A CSP that may be assigned a BUD exceeding the limits in *Table 13* for Category 2 CSPs and is compounded in accordance with all applicable requirements for Category 3 CSPs in this chapter.
CDC: Centers for Disease Control and Prevention.
Certificate of analysis (COA): A report from the supplier of a component, container, or closure that accompanies the supplier's material and contains the specifications and results of all analyses and a description of the material.
CFU: Colony-forming units.
Classified area: An area that maintains an air quality classification based on the ISO standards required in this chapter (see also the definition for *ISO class).*
Cleaning agent: An agent, usually containing a surfactant, used for the removal of substances (eg, dirt, debris, microbes, and residual drugs or chemicals) from surfaces.
Cleaning: The process of removing substances (eg, organic and inorganic material) from objects and surfaces, normally accomplished by manually or mechanically using water with detergents or enzymatic products.
Cleanroom suite: A classified area that consists of both an anteroom and buffer room.
Component: Any ingredient used in the compounding of a preparation, including any active ingredient, added substance, or conventionally manufactured product.
Compounded sterile preparation (CSP): A preparation intended to be sterile that is created by combining, admixing, diluting, pooling, reconstituting, repackaging, or otherwise altering a drug product or bulk drug substance.
Compounded stock solution: A sterile mixture of components that is used to compound additional CSPs.
Compounding area: The area where compounding is occurring (ie, a cleanroom suite, inside the perimeter of the SCA, or AECA).
Compounding aseptic containment isolator (CACI): A type of RABS that uses HEPA filtration to provide an ISO Class 5 unidirectional air environment designed for the compounding of sterile HDs.
Compounding aseptic isolator (CAI): A type of RABS that uses HEPA filtration to provide an ISO Class 5 unidirectional air environment designed for compounding of sterile non-HDs.

GLOSSARY USP <797>
Compounding record (CR): Documents the compounding of each CSP.
Compounding: The process of combining, admixing, diluting, pooling, reconstituting, repackaging, or otherwise altering a drug product or bulk drug substance to create a sterile preparation.
Container closure system: Packaging components that together contain and protect the dosage form. This includes primary packaging components and secondary packaging components, if the latter are intended to provide additional protection.
Containment glove bag: A single-use disposable glove bag that is capable of containing airborne chemical particles.
Containment ventilated enclosure (CVE): A non-ISO classified full or partial enclosure that uses ventilation principles to capture, contain, and remove airborne contaminants through HEPA filtration and prevent their release into the work environment.
Conventionally manufactured product: A pharmaceutical dosage form, usually the subject of an application approved by the applicable national regulatory agency, that is manufactured under current good manufacturing practice conditions.
Critical site: A location that includes any component or fluid pathway surfaces (eg, vial septa, injection ports, and beakers) or openings (eg, opened ampules and needle hubs) that are exposed and at risk of direct contact with air (eg, ambient room or HEPA filtered), moisture (eg, oral and mucosal secretions), or touch contamination.
Designated person(s): One or more individuals assigned to be responsible and accountable for the performance and operation of the facility and personnel as related to the preparation of CSPs.
Direct compounding area (DCA): A critical area within the ISO Class 5 PEC where critical sites are exposed to unidirectional HEPA-filtered air, also known as first air.
Disinfectant: A chemical or physical agent used on inanimate surfaces and objects to destroy fungi, viruses, and bacteria. Sporicidal disinfectants are considered a special class of disinfectants that also are effective against bacterial and fungal spores.
Dynamic airflow smoke pattern test: A PEC test in which a visible source of smoke, which is neutrally buoyant, is used to observe air patterns within the unidirectional space (i.e., the DCA) under dynamic operating conditions (see the entry for *Dynamic operating conditions).* This test is not appropriate for ISO Class 7 or ISO Class 8 cleanrooms that do not have unidirectional airflow (see the entry for *Visual smoke study).*
Dynamic operating conditions: Conditions in the compounding area in which operating personnel are present and simulating or performing compounding. The conditions should reflect the largest number of personnel and highest complexity of compounding expected during routine operations as determined by the designated person(s).

GLOSSARY USP <797>
ECV: Endotoxin challenge vial.
EPA: US Environmental Protection Agency.
Excipient: See the entry for *Added substance.*
FDA: US Food and Drug Administration.
Filter integrity test: A test (eg, bubble point test) of the integrity of a sterilizing-grade filter performed after the filtration process to detect whether the integrity of the filter has been compromised.
Final yield: The total number of containers prepared at the end of the compounding process prior to release testing.
First air: The air exiting the HEPA filter in a unidirectional air stream.
Formulation: The specific qualitative and quantitative composition of the final CSP.
Garb: Items such as gloves, garments (eg, gowns), shoe covers, head and facial hair covers, masks, and other items designed to reduce particle shedding from personnel and minimize the risk of contamination of CSP(s).
GFT: Gloved fingertip and thumb testing.
Hazardous drug (HD): Any drug identified by at least one of the following six criteria: carcinogenicity, teratogenicity or developmental toxicity, reproductive toxicity in humans, organ toxicity at low dose in humans or animals, genotoxicity, or new drugs that mimic existing HDs in structure or toxicity.
High-efficiency particulate air (HEPA) filtration: Being, using, or containing a filter designed to remove 99.97% of airborne particles measuring 0.3-micron or greater in diameter passing through it.
HVAC: Heating, ventilation, and air conditioning.
Integrated vertical laminar flow zone (IVLFZ): A designated ISO Class 5 area serving as the PEC within an ISO Class 7 or cleaner buffer room. In the IVLFZ, unidirectional airflow is created by placing HEPA filters over the entire surface of the worktables and by effective placement of air returns.
IPA: Isopropyl alcohol.

GLOSSARY USP <797>
ISO class: An air-quality classification from the International Organization for Standardization.
ISO: International Organization for Standardization.
Label: The part of the labeling on the immediate container.
Labeling: All labels and other written, printed, or graphic matter on the immediate container or on or inside any packaging system or wrapper in which the article is enclosed, except any outer shipping container.
Laminar airflow system (LAFS): A device or zone within a buffer room that provides an ISO Class 5 or better air quality environment for sterile compounding. The system provides a unidirectional HEPA-filtered airflow.
Laminar airflow workbench (LAFW): A device that is a type of LAFS that provides an ISO Class 5 or better air quality environment for sterile compounding. The device provides a unidirectional HEPA-filtered airflow.
Line of demarcation: A visible line on the floor that separates the clean and dirty sides of the anteroom.
Low-lint wiper: A wiper exhibiting few, if any, fibers or other contamination, visible without magnification, which is separate from or easily removed from the wiper material in a dry condition.
Master formulation record (MFR): A detailed record of procedures that describes how the CSP is to be prepared.
MEA: Malt extract agar.
Media-fill test: A simulation used to qualify processes and personnel engaged in sterile compounding to ensure that the processes and personnel are able to prepare CSPs without contamination.
Monograph: A quality documentary standard within *USP–NF* that articulates the quality expectations for a medicine including for its identity, strength, purity, and performance. It also describes the tests to validate that a medicine and its ingredients meet these criteria.
Multiple-dose container: A container of sterile product for parenteral administration (eg, injection or infusion) that is designed to contain more than one dose of the sterile product. A multiple-dose container is usually required to meet the antimicrobial effectiveness testing criteria. See <659>Injection Packaging Systems, Multiple-dose container.

GLOSSARY USP <797>
One-step disinfectant cleaner: A product with an EPA-registered (or equivalent) claim that it can clean and disinfect a nonporous surface in the presence of light to moderate organic soiling without a separate cleaning step.
Oversight: The review, monitoring, and supervision of actions taken by personnel, bearing responsibility for those actions, and being available for consultation if and when needed, even if not physically present.
Pass-through chamber: An enclosure with sealed doors on both sides that should be interlocked. The pass-through chamber is positioned between two spaces for the purpose of minimizing particulate transfer while moving materials from one space to another.
Perimeter: A visible demarcation (such as a door, walls, or visible marking on the floor) that defines the SCA or AECA.
Pharmaceutical isolator: An enclosure that provides HEPA-filtered ISO Class 5 unidirectional air operated at a continuously higher pressure than its surrounding environment and is decontaminated using an automated system. It uses only decontaminated interfaces or rapid transfer ports for materials transfer. [Note—A CAI or CACI is not a pharmaceutical isolator.]
Pharmacy bulk package: A conventionally manufactured sterile product for parenteral use that contains many single doses intended for use in a pharmacy admixture program. A pharmacy bulk package may either be used to prepare admixtures for infusion or, through a sterile transfer device, for filling sterile containers. See <659>*Injection Packaging Systems, Pharmacy bulk package.*
Positive-pressure room: A room that is maintained at higher pressure than the adjacent spaces, and therefore the net airflow is out of the room.
PPE: Personal protective equipment.
Preservative: A substance added to inhibit microbial growth.
Primary engineering control (PEC): A device or zone that provides an ISO Class 5 air quality environment for sterile compounding.
Probability of a nonsterile unit (PNSU): The probability of an item being nonsterile after it has been exposed to a verified sterilization process. A PNSU value can only be applied to terminal sterilization. [Note—This is also called the sterility assurance level (SAL).]
Pyrogen: A substance that induces a febrile reaction in a patient.
Quality assurance (QA): A system of procedures, activities, and oversight that ensures that the compounding process consistently meets quality standards.

GLOSSARY USP <797>
Quality control (QC): The sampling, testing, and documentation of results that, taken together, ensure that specifications have been met before release of the CSP.
Reconstitution: The process of adding a diluent to a conventionally manufactured product to prepare a sterile solution or suspension.
Release inspection and testing: Visual inspection and testing performed to ensure that a preparation meets appropriate quality characteristics.
Repackaging: The act of removing a sterile product or preparation from its original primary container and placing it into another primary container, usually of smaller size without further manipulation.
Restricted-access barrier system (RABS): An enclosure that provides HEPA-filtered ISO Class 5 unidirectional air that allows for the ingress and/or egress of materials through defined openings that have been designed and validated to preclude the transfer of contamination, and that generally are not to be opened during operations. Examples of RABS include CAIs and CACIs.
SDA: Sabouraud dextrose agar.
Secondary engineering control (SEC): The area where the PEC is placed (eg, a cleanroom suite or an SCA). It incorporates specific design and operational parameters required to minimize the risk of contamination within the compounding area.
Segregated compounding area (SCA): A designated space, area, or room that is not required to be classified and is defined with a visible perimeter. The SCA must contain a PEC and is suitable for preparation of Category 1 CSPs only.
Single-dose containers: A container of sterile product for parenteral administration (eg, injection or infusion) that is designed for use with a single patient as a single injection/infusion. A single-dose container usually does not contain a preservative. See <659> Injection Packaging Systems, Single-dose container.
SOP: Standard operating procedure.
Specification: The tests, analytical methods, and acceptance criteria to which any component, CSP, container closure system, equipment, or other material used in compounding CSPs must conform to be considered acceptable for its intended use.
Sporicidal disinfectant: A chemical or physical agent that destroys bacterial and fungal spores when used in sufficient concentration for a specified contact time. It is expected to kill all vegetative microorganisms.

GLOSSARY USP <797>
Stability: The extent to which a product or preparation retains physical and chemical properties and characteristics within specified limits throughout its expiration or BUD.
Sterility assurance level (SAL): See the entry for *Probability of a nonsterile unit* (PNSU).
Sterility: The absence of viable microorganisms.
Sterilization by filtration: Passage of a gas or liquid through a sterilizing-grade membrane to yield filtrates that are sterile.
Sterilizing-grade filter: Filter membranes that are documented to retain 100% of a culture of 10^7 microorganisms of a strain of *Brevundimonas diminuta* per square centimeters of membrane surface under a pressure of not less than 30 psi. Such filter membranes are nominally 0.22- or 0.2-µm pore size.
Terminal sterilization: The application of a lethal process (eg, steam, dry heat, irradiation) to sealed containers for the purpose of achieving a predetermined PNSU of greater than 10−6 or a probability of less than one in one million of a nonsterile unit.
TSA: Trypticase soy agar.
Unclassified space: A space not required to meet any air cleanliness classification based on the ISO.
Unidirectional airflow: Air within a PEC moving in a single direction in a uniform manner and at sufficient velocity to sweep particles away from the DCA.
Verify: To confirm that a method, process, system, or equipment will perform as expected under the conditions of actual use.
Visual smoke study: A test, used in ISO Class 7 and ISO Class 8 rooms that do not have unidirectional airflow, in which a visible source of smoke, which is neutrally buoyant, is used to verify an absence of stagnant airflow. This test does not need to be performed under dynamic operating conditions and is not appropriate for PECs (see the entry for *Dynamic airflow smoke pattern test*).
Workflow management system: Technology comprised of hardware and/or software that allows for automation to assist in the verification of components of, and preparation of, CSPs and to document components and processes.

Inspection Date: 10/28/2024, 10/29/2024 & 10/30/2024

		Observation	Notes
General Information and Scope:			
1.00	Does the pharmacy handle any drugs on the National Institute for Occupational Safety and Health (NIOSH) list that **require** all the containment requirements of USP <800>?	Yes	
1.01	Does the pharmacy handle any ***hazardous drug*** active pharmaceutical ingredients (HD API)? *If yes, please list.*	Yes	Testosterone, estriol, estradiol, progesterone, finasteride, methimazole, oxytocin, medroxyprogesterone, spironolactone, tretinoic acid
1.02	Does the pharmacy handle any antineoplastic requiring manipulations (which can produce particles, aerosols, or gasses)? *If yes, please list.*	No	
2.00	Does the pharmacy handle any drugs on the NIOSH list that **do not** require all containment requirements of <800>?	Yes	
2.01	Does the pharmacy handle any final dosage forms of HDs (either compounded or manufactured unless required by the manufacturer) that do not require further manipulation other than counting and repackaging? *If yes, please list.*	Yes

Provide explanation below:

From on or about September 26, 2014, through January 26, 2015, Justin Timothy Swanberg, while acting as an employee (pharmacist-in-charge) of Stonegate Pharmacy, 2501 West William Cannon, Suite 203, Austin, Texas 78745, allowed Stonegate Pharmacy to unlawfully compound and dispense sterile preparations when it did not possess a Class A-S license. Stonegate Pharmacy failed to file an application for Class A-S license with the Texas State Board of Pharmacy (Board) to continue as a pharmacy compounding sterile preparations after August 31, 2014. As evidenced by pharmacy records, Stonegate Pharmacy compounded and dispensed sterile preparations without a Class A-S license during the time period previously described. This violation was discovered during a Board inspection on April 8, 2015.

Board Order Explanations:

I was involved in a theft case at a compounding pharmacy I worked at in 2014, the theft occurred over a 4-5 year period and involved 3 pharmacists in charge. At this particular time we were using manual perpetual inventory down to the prescription with end of day counts on c2 prescriptions daily. This was above and beyond most procedures to track c2 counts. In addition, our change in pic inventory and yearly controlled inventories per Texas law all checked out accurately with counts that we had available. Unfortunately, the theft and manipulation of on hand counts were done outside of business hours by someone who had access to the pharmacy. All of this was brought up in the hearing and no wrong doing was found by any of the pharmacists and no penalty was given. This event along with other questionable business practices led me to leave this pharmacy shortly after. In addition, I have been a pharmacy manager for 20 years, I've had multiple routine audits by the board of pharmacy, dea/dps(Texas), wholesalers, third party insurers and have had zero issues. This was unfortunately the wrong time and wrong place.

My other order was a clerical error, our head of licensing did not renew our compounding license (separate from a pharmacy license) in a timely manner. Since this was submitted late I had to pay a 1000 dollar fine as pharmacist in charge at the time. The board granted us a exception to continue compounding while the license was renewed.

RE: IN THE MATTER OF
JUSTIN TIMOTHY SWANBERG
(PHARMACIST LICENSE #46396)

BEFORE THE TEXAS STATE
BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy (Board) the matter of pharmacist license number 46396 issued to Justin Timothy Swanberg (Respondent).

By letter dated October 27, 2017, the Board gave preliminary notice to Respondent of its intent to take disciplinary action. This action was taken as a result of an investigation which produced evidence indicating that Respondent may have violated:

Sections 565.001(a)(1), (2), (8), (9)(A), (12), (13) and (20) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Title 3, Subtitle J (2015);

Sections 281.2(8); 281.7(a)(6), (13) and (23)(A); 291.32(a)(2)(E), (F), (G) and (H); 291.32(c)(1)(E); and 291.33(b)(2)(A) of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2016);

Section 481.067 of the Texas Controlled Substances Act, TEX. HEALTH & SAFETY CODE ANN. (2015); and

Sections 13.182(a); and 13.202(c) of the Texas Controlled Substances Rules, 37 TEX. ADMIN. CODE ANN. Part 1 (2016), in that allegedly:

PREVIOUS HISTORY

On or about November 3, 2015, the Texas State Board of Pharmacy entered Agreed Board Order #K-15-015 in the matter of Justin Timothy Swanberg. The Order was based on evidence that while acting as pharmacist-in-charge of Stonegate Pharmacy, Mr. Swanberg allowed the pharmacy to compound and dispense sterile preparations without a Class A-S license. The Order imposed a $1,000 penalty.

COUNTS

(1) On or about December 27, 2014, through on or about August 17, 2015, Justin Timothy Swanberg, while acting as an employee (pharmacist-in-charge) of Stonegate Pharmacy, 2501 West William Cannon, Suite 203, Austin, Texas 78745, failed to keep and maintain complete and accurate records of purchases and disposals of 48,746 hydrocodone/APAP 10/325 mg tablets (-39.56%), a controlled substance listed in the Texas Controlled Substances Act: Hydrocodone.

As evidenced by pharmacy records, Stonegate Pharmacy compounded and dispensed sterile preparations without a Class A-S license during the time period previously described. This violation was discovered during a Board inspection on April 8, 2015.

On April 15, 2015, Stonegate Pharmacy became licensed with the Board as a Class A-S pharmacy.

An informal conference was held in the Board's office on September 2, 2015, with Respondent and Megan Hudgeons, Legal Counsel for Respondent, in attendance. The informal conference was heard by a Board panel comprised of: Jeanne D. Waggener, R.Ph., Board Member; Gay Dodson, R.Ph., Executive Director/Secretary; and Carol Fisher, R.Ph., M.P.A., Director of Enforcement; with Caroline Hotchkiss, Assistant General Counsel. Ginger Shuffer, Staff Attorney, was also in attendance.

By appearing at the informal conference and by signing this Order, Respondent and Respondent's counsel neither admit nor deny the truth of the matters previously set out in this Order, and agree that the Board has jurisdiction in this matter and waive the right to notice of hearing, formal administrative hearing, and judicial review of this Order.

The parties acknowledge that this Order resolves the allegations set forth herein, and agree to the terms and conditions set forth in the ORDER OF THE BOARD below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the Board does hereby ORDER that:

(1) Respondent shall pay an administrative penalty of one thousand dollars ($1,000) due one hundred twenty (120) days after the entry of this Order.

(2) Respondent shall allow Board staff to directly contact Respondent on any matter regarding the enforcement of this Order.

(3) Failure to comply with any of the requirements in this Order constitutes a violation and shall be grounds for further disciplinary action. The requirements of this Order are subject to the Texas Pharmacy Act, TEX. OCC. CODE ANN., Title 3, Subtitle J (2015), and Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2015).

And it is so ORDERED.

THIS ORDER IS A PUBLIC RECORD.

54-1767(2) Utilize a ventilated cabinet designed to reduce worker exposures while preparing hazardous drugs. Sterile hazardous drugs shall be prepared in a dedicated class II biological safety cabinet or a barrier isolator of appropriate design to meet the personnel exposure limits described in product material safety data sheets. When asepsis is not required, a class I biological safety cabinet, powder containment hood or an isolator intended for containment applications may be sufficient. A ventilated cabinet that re-circulates air inside the cabinet or exhausts air back into the room environment is prohibited unless: (a) The hazardous drugs in use will not volatilize while they are being handled; or (b) Written documentation from the manufacturer is provided attesting to the safety of such ventilation.	Yes
54-1767(5) Provide and maintain appropriate personal protective equipment and supplies necessary for handling hazardous drugs, spills, and disposal.	Yes
54-1767(6) Unpack, store, prepackage, and compound hazardous drugs separately from other inventory in a restricted area in a manner to prevent contamination and personnel exposure until hazardous drugs exist in their final unity-of-use packaging.	Yes
